Communist Policy May Turn Harder After Meet

WASHINGTON (UPI) — U.S. authorities said today Russia's internal and foreign policies may well turn tougher after the forthcoming Moscow session of the Communist party Central Committee.

The meeting, beginning May 25, is to deal with ideological problems. It is expected to ratify Premier Nikita Khrushchev's recent crackdown on the revolt of the intellectuals in the Soviet Union.

There also are signs, Russian affairs experts said, that a general tightening of internal controls will be ordered, although there is no prospect of a return to anything even approaching the terror of Stalin's time.

U.S. Director to Speak to Oilmen Meeting Thursday

The 33rd annual meeting of the Panhandle Producers and Royalty Owners Association is expected to draw some 200 oilmen to Pampa next Thursday.

Featured speaker for the meeting will be Jerome J. O'Brien, director of the Office of Oil Conservation, U.S. Department of the Interior.

Meetings covering oil, gas and legislation will be held Thursday afternoon. Heading the day's separate sessions will be J. W. Conner, Frank Storm Jr. and L. R. Hays, all prominent Panhandle producers.

Gov. Romney Not Insisting Too Strongly

WASHINGTON (UPI) — Michigan Gov. George Romney insists he is not a candidate for the 1964 Republican presidential nomination, but he is careful not to insist too hard.

"I do not see why the future holds," Romney said to some reporters after telling a news conference several times that "I am not a candidate and I am not going to become a candidate for the 1964 nomination."

Romney passed up a chance at the news conference to make his stand irrevocable. Political speculation centered around a reception given for the former automotive executive Thursday night by a Republican national committee member, Mrs. J. Willard Marriott.

Heroes Seem Impressed by Ceremonies

WASHINGTON (UPI) — President Kennedy called them "our most distinguished American citizens" standing in the White House rose garden, forming a semi-circle of massive human courage, the Medal of Honor winners seemed pleased at the compliment.

A total of 293 of them are still alive and 234 were present at the annual reception given by the President Thursday to honor U.S. military forces.

"There are more square yards of courage here than you'll ever again see in your lifetime," someone said.

Many of them were just ordinary appearing souls like the man next door, who rose in heights of unbelievable valor in moments of incredible strain. They had come to Washington to be honored by the President.

200 Racial Fighters To March

BIRMINGHAM, Ala. (UPI) — Negro leaders said they may send at least 200 demonstrators into the city's streets today to protest segregation. One source said the Negroes also planned to accept negotiations with some white merchants.

"If we march today, we'll try to keep the demonstrators out of the city's streets today to protest segregation. One source said the Negroes also planned to accept negotiations with some white merchants."

The Negro leaders said four or five groups planned to confront white store managers and discuss segregation of those stores. Birmingham's racial discrimination laws have also a quota law, which Negroes claim the city will not enforce.

Walker, who is public relations director for the Southern Christian Leadership Conference, denied a claim by Public Eye that James Bevel, a 1960 Negroes would march to a Negro leader wanted him to lead a march on Saturday.

The action Thursday involving mostly teenagers, was the largest demonstration protesting segregation ever held in the United States.

Boeing Offers Challenge to TFX Builders

WASHINGTON (UPI) — The Boeing Co. held out a challenge to its chief rival today to stage a "candid" competition to see which can build the best TFX fighter plane.

Prospects were remote, however, that the present contract, won by General Dynamics Corp., would be upset and a new contract awarded.

General Dynamics already has a five-month start under an initial \$25 million research and design contract to build about 20 test models of the two-service jet fighter.

The dramatic challenge was issued by Boeing President William Allen Thursday during closed-door hearings of the Senate investigations subcommittee. Transcripts of the testimony were made public later.

Allen also directly contradicted Defense Secretary Robert S. McNamara over the issues of cost and design involved in Boeing's losing bid.

McNamara selected General Dynamics to build the plane. He reported a Boeing design favored by military advisers on the ground that Air Force cost estimates were so unreliable they were useless.

Allen insisted that Boeing offered a superior plane at a lower cost.

He said Boeing was ready to build two prototypes of the TFX for \$105 million. This would mean a plane that would fly, but stripped of such equipment as radar and electronic armament.

Allen said such a stripped-down TFX would permit a "direct comparison and evaluation" with the rival General Dynamics plane "of actual aircraft built by the two companies."

Dominican Republic Tells OAS It Will Invade Haiti

'Tiger' Says He'll Start No Wars; Trying Peace

EDITOR'S NOTE: Moise Tshombe was a central figure in the Congo crisis caused in part by the secession of his Katanga Province. Since Katanga was forced back into the Congo republic by United Nations action, he has dropped out of the limelight but still is considered one of Africa's leading statesmen. In the following interview with a UPI correspondent, Tshombe gives his views on his and the Congo's future.

By TIM KNIGHT

ELIZABETHTOWN, Katanga Province, The Congo (UPI) — Moise Tshombe, once the "tiger" of Katanga, said today he would start no more wars but might try to take over the central Congo government peacefully.

The 42-year-old Katanga Province leader said he was optimistic about the future of the Congo and the African continent if the great powers kept the cold war out of the Congo.

He said he had no personal ambitions and "would do nothing" toward the United Nations which forced the end of Katanga's secession earlier this year. He said he had no personal ambitions and "would do nothing" toward the United Nations which forced the end of Katanga's secession earlier this year.

Tshombe was a central figure in the Congo crisis which erupted after the country became independent of Belgium in mid-1960. He took his mineral-rich province out of the republic and maintained the secession for nearly three years despite economic pressures and three "wars" against U.N. forces.

The moon-faced businessman, politician said today he had ended his secessionist movement but he indicated he might adopt a "if you can't beat them, join them" policy, rising to power in the central government.

Tshombe, once president of Katanga, now is reduced to Katanga's provincial leader under the central government in Leopoldville.

But he is still one of the most important statesmen in Africa. He could try rise as the only man capable of leading the Congo without U.N. protection.

American Mission Education spending programs. He said he was educated in an American mission and he later traveled through the world.

(See TSHOMBE, Page 3)

Meows Have It

SACRAMENTO, Calif. (UPI) — The Senate Thursday passed a bill making it illegal to abandon a cat.

A response of "meow" during the roll call was interpreted as "aye."

School Program Is Up After Tax Increase Passage

AUSTIN (UPI) — The House returns for its second Friday meeting of the session today to complete action on a school program and Pan American cruises to the state highway system.

The Senate passed the \$23 million tax increase bill and sent it to the governor to execute Thursday before adjourning for the weekend.

Both of the college bills, due to approval today, a state law approved by the Senate. The tax schools would join the state system in September, 1965.

Final passage will send the proposals to Gov. John Connally. He has expected approval of the school program and Pan American cruises to the state highway system.

The big fight actually was over the San Angelo College bill since it was on the House calendar first in the Edinburg school district. The House gave tentative approval by a 78-62 margin in the San Angelo bill, opposition melted and members expressed the Pan American bill by voice vote.

Amendments Revised

The tax increase bill, necessary to meet increased state needs, passed (See PROGRAM, Page 3)

Congolese Put Down Mutiny By Policemen

LEOPOLDVILLE, The Congo (UPI) — Congolese soldiers and gendarmes today put down a short-lived mutiny by 2,000 Leopoldville policemen who were demanding more pay.

Soldiers in combat dress and armed with automatic weapons surrounded the main police camp, Longfongu, where most of the mutineers had gathered.

Jeep loads of officers and men entered through the main gate, disarmed the policemen and loaded a Harvard 18 fighter-trainer of the Congo air force, flown by a Cuban ex-pat, swept low over the camp to impress the mutineers with the futility of a fight.

Landmines were laid in City Hall and arrested policemen who had taken over the building. Other disident policemen quickly got out of the police stations they had occupied.

The policemen had arrested the communications and bank, some African employees from City Hall as hostages. Some of these were reported to have been beaten when they resisted.

The rebellious policemen did not resist when they were asked they politely to go home.

Americans Are Praised for Their Earliest Success

RAJAMANDU, Nepal (UPI) — Members of an American mountain-climbing expedition today attributed their success in scaling Mt. Everest to thorough organization, good teamwork and favorable weather.

A two-man assault team became the first Americans to reach the 29,248-foot summit of the world's tallest peak Wednesday afternoon.

Bad weather conditions at lower altitudes disrupted communication (See EXPEDITION, Page 3)

Action Sought Against 'Mentally Sick Man'

SANTO DOMINGO, Dominican Republic (UPI) — President Juan Bosch, threatening to invade Haiti if it commits any "new aggression" against the Dominican Republic, today sought collective inter-American action against Haitian President Francois Duvalier.

Bosch called Duvalier "a mentally sick man" Thursday night and cited a statement Wednesday by the Haitian president that only God could remove him from power.

A fact-finding team of the Organization of American States (OAS) flew to Santo Domingo from the Haitian capital of Port Au Prince Thursday, leaving behind a country gripped by fear that Duvalier would impose a violent campaign against his enemies.

May Not Wait

Bosch told foreign correspondents in his presidential radio address Thursday night that the Dominican Republic would not wait for OAS action in the event of renewed Haitian aggression.

"The next time Haiti commits aggression against us we will tell the OAS what our course of action has been, not from the Dominican capital but from the capital of a neighboring nation," he said.

And the Dominican Republic share the Caribbean island of Hispaniola.

Bosch's statement indicated Dominican forces would invade Haiti and try to crush Duvalier's autocratic regime.

Warns Against Aggression

The Dominican president said he would act if Haiti committed "an aggression against any Dominican citizen, interest or place, a plot against our government—any activity dedicated to prejudice the Dominican Republic, its interests or its nationals."

Forces Being Gathered for Ceiling Hike

WASHINGTON (UPI) — Administration forces began today to line up votes needed to raise the ceiling on the national debt to a record \$300 billion.

Although the outcome of the vote Thursday probably will be close, some new debt limit legislation is certain to pass. If the debt limit is not raised, the government would soon have to stop paying its bills.

The debt now stands at \$207 billion and rising. Under existing law, the temporary legal limit it may reach will drop well below the present size of the debt.

If the House approves the measure, the ceiling would be boosted to \$107 billion through June 30 and raise it during July and August to \$300 billion.

(See FORCES, Page 3)

Air Service Expansion Set

ROSWELL (UPI) — Bison Airline's president, Richard Barber, said Thursday the company will expand its services in eastern New Mexico and western Texas in about 10 days.

Barber said Carlshad will become one of Bison's terminals, and flights from El Paso, Tex., north to Midland-Odessa, Tex., Roswell, Albuquerque and Santa Fe will be increased to two a day.

He said an announcement Wednesday by White and Shuford of El Paso, a public firm for Barber, to the effect that service to Hobbs, N.M., would be increased to five flights a day was incorrect.

Hobbs is served by four Bison flights daily, arriving from Albuquerque at 11:15 a.m. and 4:30 p.m., and leaving for Midland-Odessa at 2:25 p.m. and 6:05 p.m.

Deck the Halls In May??

There are only 188 more shopping days until Christmas, but the Merchants Activities Committee of the Chamber of Commerce already is planning for the holiday season.

John Wortman, committee chairman, has called a meeting for 10 a.m. Tuesday in the Court House Cafe to discuss Christmas decorating plans and promotions for the holidays.

Several other promotional ideas also are in the mill for consideration at the Tuesday session, Wortman stated.

Wheat Referendum Vote Could Result In New Farm Philosophy

WASHINGTON (UPI) — The nation's wheat farmers will vote May 21 in a referendum which could result in a new government philosophy for agriculture.

The specific question will concern what kind of 1964 wheat program the farmers want from the government. The implications are far-reaching.

Agriculture Secretary Orville L. Freeman has said the choice facing the growers is whether they want \$2 a bushel for their wheat or \$1. "It's as simple as that," he has declared.

The American Farm Bureau Federation sees the referendum from a different viewpoint.

"The real issue, the real choice," it has said, "is going to be the future of life for the American farmer." Who will manage our farms—farmers or the federal government?

The farmers will be voting on a plan which was proposed by the government to an effort to guarantee wheat production to demand; to reduce the huge surplus (now equal to a year's harvest) to provide stable prices to consumers and to maintain farm income.

Before it can become effective, two-thirds of the farmers voting in the May 21 referendum must approve it. This kind of majority has been required for approval of farm programs ever since the price supports concept was born in the depressed thirties.

Issues Defined

Defeat of the administration plan for the 1964 wheat crop could endanger the entire government price support program. Opponents argue that approval of the proposal could mean a strictly regulated agriculture and a gradual shift for the administration's concept of supply management for all commodities that are in surplus.

In money terms, the Agriculture Department estimates the 1964 wheat crop will be worth about \$2.3 billion if the proposal is approved. If it is not, the department declares, it will be worth

200 Racial Fighters To March

Nuclear Satellites Suggested as U.S. War Deterrents

WASHINGTON (UPI) — Rep. James C. Fulton, R-Pa., said today that the United States should put a series of nuclear-boosted satellites in orbit around the earth to act as a deterrent to war.

Fulton, ranking Republican member of the House Space Committee, said the satellites would serve the same purpose as present land-based missiles — to act as a deterrent and to be fired if the nation were ever attacked.

"I know in some circles," he said in an interview, "you would find a Negro leader wanted him to lead a march on Saturday."

Fulton said testimony of defense officials at closed hearings had convinced him that the United States was being outwitted by a military race in space.

Says Realities Ignored

Fulton accused civilian Defense Department officials of ignoring the realities of the space race and overlooking the advice of the military chiefs.

"The Defense Department's not space-minded," Fulton said. "It comes to the edge of space and then its projects die on the way."

For example, he said, the Pentagon was phasing out the X-13 rocket plane program and the Deke-Sloan space glider program.

Fulton said the United States should move quickly to develop offensive and defensive weapons in space. He said there were indications that the Russians already were doing so.

Inspect Soviet Satellites

As one defensive space weapon, Fulton suggested the United States should put manned satellites in space to inspect Soviet satellites in orbit to see if they contained bombs.

Fulton believed the surface-to-surface missile concept soon will be outdated. He contends that the Defense Department has not recognized this.

"They're still thinking about artillery and planes," he said.

Fulton discounted a Pentagon claim that it already was fulfilling a mission in space.

"They list their mission as being composed of communication satellites, weather satellites, CBM's and IRBMs," he said. "These aren't missions, they're satellites."

If it comes from a hardware store we have it, Lewis Halsey, Adv.

Boxcar Taking Supplies to Famine-Stricken

MCALEEN, Tex. (UPI) — A C119 "Flying Boxcar" was scheduled to fly on a load of supplies today for residents of a famine-stricken area in northern Mexico.

The plane was to fly to the head of the Valley from Carlwell Air Force Base in Fort Worth.

A small amount of relief supplies was to be airdropped at Houston Air Force Base in Houston for air shipment to the plane was sent assembled at El-Doughnut station area where state residents have eaten coarse meat for weeks.

The drought began three years ago in the area around Alazan, 35 miles south of Reynosa. However, reports from Mexico heavy rains in the stretch area have raised some doubt whether emergency supplies could be quickly delivered.

Sunny Weather Follows Showers

By United Press International

Warm sunny weather blanketed most of Texas today.

Showers arrived which dampened many sections of the state Thursday gave to clearing skies and rising temperatures.

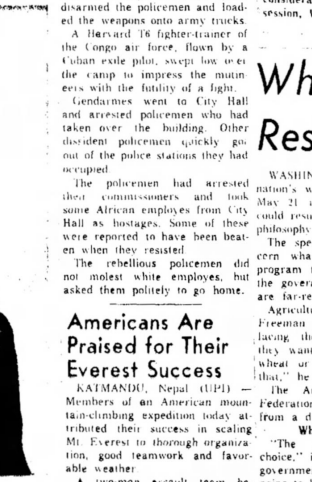

The U.S. Weather Bureau said early morning cloudiness in South and Central Texas would burn off during the morning.

Overnight minimum temperatures ranged between 42 degrees at Alpine and 74 at Corpus Christi.

Readings were in the 50s in the Panhandle, South Plains and West. Highs in the 60s elsewhere, quickly delivered.

REIGNING QUEEN—Kay Kolosha, daughter of Mr. and Mrs. Troy Trol of Pampa, reigned today as Queen of the Three-Day Festival at the University of Iowa campus Thursday from the queen's school year's campus queens by popular student vote. She is a home economics senior and a member of Kappa Alpha Theta sorority.

Old Battleship Meets
"Well," said Abraham DeSomer to Henry N. Nickerson "did you talk to the man who puts your checks?" Nickerson, with his leg missing, nodded an assent. "I've been present at the annual lawn of the White House, passing now and then to gaze up to the second floor balcony where Carle and John F. Kennedy I watched the proceedings. They met old friends and recounted old tales."

GOP Whip Says Birchers Are 'Fright Peddling'

WASHINGTON (UPI)— Senate Republican whip Thomas H. Kuchel charged Thursday that "fright peddlers" of the John Birch Society and similar groups were defiling the philosophy of conservatism.

The Californian, in a speech prepared for Senate delivery, urged that "cruelly swindled Americans" be persuaded to "rejoin the ranks again of sensible and decent anti-Communist, pro-Americans."

Kuchel told the Senate that perhaps 10 per cent of 60,000 letters he receives each month "fall into the category of fright mail."

He said thousands of Californians had been terrified to the point of hysteria by "hoaxes" such as claims that:

The United Nations was training thousands of foreign troops including "barefooted Africans," in Georgia as a prelude to a takeover of the United States.

Under the act that created the U. S. arms control and disarmament agency, a Russian colonel in the United Nations would always control American armed forces.

Thousands of Chinese Communist troops were "poised on the Mexican border for an attack on California."

EQUESTRIAN TAYLOR

HOLLYWOOD (UPI) — Robert Taylor, one of Hollywood's most accomplished horsemen, will portray a Spanish riding school master in Walt Disney's film, "Miracle of the White Stallions."

The picture is based on the famous Viennese riding school and its director, Col. Alois Podhajsky. The colonel rescued the school's irreplaceable white Lipizzans from Russian capture and probable extinction during the closing weeks of World War II in Austria.

MONARCH'S TO GIVE BENEFIT DANCE—A newly formed Dance Combo called the "Monarchs" will give a benefit dance at the Catholic Youth Hall at Ward and Buckler Saturday from 7:30 to 11:30 p.m. All proceeds for the dance will go to the American Cancer Society to be used in Cancer research. The group consists of, left to right, Kennedy Jones, rhythm, lead-guitar; Ronnie Brown, drummer; and Jerry Mathney rhythm and lead guitar. (Daily News Photo)

The Lighter Side

Guaranteed Guest Removers

By DICK WEST

WASHINGTON (UPI) — Every good host and hostess need to have a few gags they can use in emergencies to make certain their guests leave on time.

Following are a few gags that I have picked up recently and that I will now pass along for the benefit of any readers who might be entertaining soon.

They are practically guaranteed to start your guests moving toward the door. Let us begin with Mrs. Kennedy's delicate condition.

Radio, television commentator Joseph McCaffrey views the current air of expectancy at the White House as a political omen.

"The President," said McCaf-

freys, "is prepared to carry the art of baby-kissing to the ultimate degree of perfection. He is even supplying the babies."

Then They Exit

Exit the first wave of guests. Sen. George D. Aiken, R-Vt., also detects political overtones in the fact that three Kennedy wives are anticipating.

He suggests that the next campaign may shape up along the lines of the classic race between the hares and the hounds. At some point one hare turns to another and says, "Shall we run some more or stop and outnumber them?"

Exit second wave. Now let us switch to Congress.

As everyone knows, the House of Representatives is spending

upwards of \$100 million on a fancy new office building for its members.

The "Tax Mahal"

Bob Loftus, a local public relations man, recommends that it be called the "Tax Mahal."

The Loftus gag will break up a party faster than anything I know of, except maybe an air raid.

Next we have a congressional gag by Oscar Johnson of the Capitol Hill weekly Roll Call. It concerns charges that Congress has been dawdling this year.

According to Johnson, the charges are baseless. He contends that our lawmakers haven't had a chance yet "for any really serious dawdling because of all the recesses."

If there are any guests still hanging on, tell him this: "You know what scientists produced by crossing a politician with a gorilla? A retarded gorilla."

Washington Window

By LYLE C. WILSON
United Press International

President Kennedy is not likely to become publicly involved in any effort to drive conservative Southern Democrats out of Congress unless the conservative Southerners offend him in some way he cannot forgive.

Franklin D. Roosevelt was offended that way 25 years ago when he undertook to purge a dozen or so senators and congressmen in the 1938 Democratic primaries.

FDR at first had upward of a dozen Democrats on his 1938 blacklist. But as he moved against them the going became very tough, indeed. Actually, and openly, FDR finally opposed only four Democrats in the party primaries. They were Rep. John J. O'Connor of New York, Sen. Millard Tydings of Maryland, Sen. Walter George of Georgia and Sen. Ellison D. (Cotton Ed) Smith of South Carolina.

Three and One

FDR was able to "kick" O'Connor, the chairman of the House Rules Committee, who opposed FDR's New Deal as Chairman Hoard W. Smith, D-Va., now opposes the Kennedy New Frontier. But Tydings, Smith and George were re-elected.

Roosevelt undertook that party purge in the heat of anger at Senate Democrats who had combined to defeat his bill to reorganize the Supreme Court. That was the most painful legislative licking FDR ever had to endure.

Kennedy is under no such pressure of anger at this time. There have been repeated reports that usually unidentified Democrats with vaguely persuasive White House and national committee connections are planning to oppose some conservative Demo-

crats in the 1964 primaries. Atty. Gen. Robert F. Kennedy has been named as an advocate of this strategy.

Background on FDR

On Sept. 3, 1938, Stephen T. Early, then White House press secretary, explained FDR's purge program. The files describe this as a background explanation.

Steve was not to be quoted.

Here's what he said:

"FDR's long-range concern is control of the Democratic party by the liberal elements in preparation for the 1940 campaign. His intense interest and active participation in the primary battles between now and November comprise an educational campaign to acquaint the people with the issues of liberalism versus conservatism."

Steve went on to explain that this didn't mean that FDR was winding up for a third term effort in 1940. We didn't have to believe it and some of us didn't.

The facts were, however, that FDR was maneuvering to have himself drafted for a third term as well as maneuvering to knock off some members of Congress whom he didn't like. Kennedy isn't that mad at anybody and he does not need to maneuver for his own renomination.

VISITOR

HOLLYWOOD (UPI) — Young French producer, Stach de Rola is in Hollywood making a lengthy study of American film techniques.

Rola is associated with producer Mark Allen and with him will make "Rhapsody in Troubled Water," possibly with Alain Delon.

Rola is the son of noted painter Baithus de Rola, director of the Villa Medici, French-supported art center in Rome.

REPAIRING SIDEWALKS

Sub-grade failure under sidewalks, freezing, or poorly proportioned job-mixed concrete are three common causes of cracked, broken, or scaling sidewalks and driveways. Repairing of cracks or replacement of full sections at an early stage is desirable. In addition to being unsightly, they cause accidents for which the property owner is liable. Law suits are not pleasant and they're costly.

free water and while still damp, tamp in a stiff mixture of mortar. Sakrete is an excellent and well-known material for this use. Finish in one hour with wood float or steel trowel.

To replace full sections, remove concrete and break up for use as base. Frame sides with 2 x 4's. Fill with Sakrete-Concrete Mix and trowel with a straight edged board long enough to extend across the form. In about one hour, smooth the surface with a wood float. Move float over the surface with light pressure in a half arc motion. Finish with a steel trowel if smooth finish is desired. As trowel is moved over surface, hold the edge up slightly. If surface becomes too dry for easy troweling, sprinkle lightly with water. Finish the job by rounding off edges with edging tool.

History, Purpose Of Desk & Derrick Club Is Stressed

The purpose of Desk and Derrick Clubs throughout the nation was stressed in an address by Mrs. Lee W. Dunham, Borger D & D club president, at the annual Industry Appreciation Night banquet of the Pampa club last night in the Starlight Room of Coronado Inn.

A brief history of the organization since its founding in New Orleans in 1949 was outlined by Mrs. Dunham, showing its growth in 14 years to some 110 branch clubs and 6,500 members throughout the United States.

Mrs. Dunham said two clubs patterned after Desk and Derrick have been formed in Venezuela and if they become affiliated as is expected, the organization then will become international.

"Desk and Derrick has a single purpose," Mrs. Dunham said, "and that is to promote educational programs among women of the petroleum industry so that they may have a better understanding of and become of greater service to it."

Mrs. Selma Heard, president of Pampa Desk and Derrick, welcomed guests comprised of bosses of club members.

An entertainment program was introduced by Mrs. Betty Cooper. Bob Meredith, manager of the Pampa Club, presented a night club act, accompanied at the piano by Mrs. Bernice Hatcher.

The speaker was introduced by Mrs. June Allen.

Tshombe

(Continued From Page 1) in Europe. He speaks French, Portuguese, English and nine African languages.

I spoke to him and this was the exchange: Question—What are the chances of another war in Katanga?

Answer — I gave my word to end secession and I meant it. But trouble could still be caused by the lack of cooperation from M. Ileo. (Joseph Ileo, the central government minister, resident in Elisabethville).

Q. It has been forecast that you are planning to take over leadership of the central government. Is this so?

A. — If the Congolese parliament asked me to take over, I would go. But I am not going to impose myself.

Q. — Do you think the Communists can take over Africa?

A. — Africa changes too rapidly for me to forecast. There are two separate power blocs fighting over this continent, the East and the West. I don't believe the Americans will have much success, mainly because of their lack of experience here. As for communism, of course, a few heads of state do follow it for their own interests.

Q. — Do you feel any bitterness against the United Nations?

A. — The United Nations are innocent of it. They wouldn't have done what they did, if they hadn't been pushed into it. Now I feel we must forget the past, and I don't feel bitterness against anyone.

John H. McDonald. Funeral services for John H. McDonald, a retired Phillips Petroleum Co. employe, will be held at 10 a.m. Saturday in the Harvest-Mary Ellen Church of Christ with Jay Channel, minister of McLean Church of Christ, officiating. Mr. McDonald, born Dec. 13, 1888 in West Fork, Ark., died at 10:45 p.m. Thursday in Highland General Hospital.

Mr. McDonald, an engineer, had worked for Phillips Petroleum for 25 years before retirement in 1953. He moved to Pampa from Borger in 1929 and was a member of the Harvest-Mary Ellen Church of Christ. Survivors are one daughter.

Mrs. Clifford Everhart of Pampa, two sons, O. O. of Andrews, W. J. of Huntsville, three brothers, Carl and Kale, both of Spokane, Wash., T. P. of Fresno, Calif.; three grandchildren and four great-grandchildren.

Pallbearers will be R. B. Brummett, Harold Bacr, Vernon Hall, Roy Sullivan, John Killian and Therman Stapleton. Interment will be in the Fairview Cemetery beside his wife, Nona, who died Sept. 15, 1961.

Linda Kay Stanton. Funeral rites for Linda Kay Stanton, two-year-old daughter of Mr. and Mrs. Jimmy Stanton of Lefors, will be held at 2:30 p.m. Saturday in the Lefors Methodist Church with the Rev. Carl Nunn, pastor, officiating.

The youngster died at 6:45 a.m. Thursday in Highland General Hospital after a brief illness. Burial will be in the McLean cemetery, under the direction of Duenkel-Carmichael Funeral Home.

W. O. Todd, R. C. McPherson, Jack Thacher and Joe Watson will be pallbearers.

\$2.50 A NOSE. BOSTON, England (UPI) — Seal noses are worth \$2.50 each to fishermen here.

A seal schnozzle must be produced as evidence before a fisherman collects his bounty.

WAVE Recruiter To Be in Pampa

Miss Mary Vaughn, WAVE recruiter from the Seventh Naval District recruiting office, will be in Pampa Tuesday, May 7, at the post office building.

Young women 18 to 26 years of age with a high school diploma who are interested in the WAVES are invited to talk with Miss Vaughn.

Miss Vaughn was one of the first women in the country to join the WAVES and this summer will complete 20 years active service and retire.

Municipal Court Docket

James M. Bilyeu, 921 E. Malone, speeding, guilty, fined \$15.

Eby Lynn, 522 Oklahoma, failure to report accident on public street, guilty, fined \$5.

Woodville K. Lawrence, 1316 E. Francis, intoxication, guilty, fined \$15.

FLUNKS FIRST TEST

SWINDON, England (UPI) — George Kitching, 19, who said he wanted to be a sword-swallower, flunked his first test Thursday when he gulped down a three-inch pen knife.

Paint and Body Shop Destroyed

PANHANDLE (Sp) — A fire gutted the Panhandle Paint and Body Shop early this morning, causing an estimated \$10,000 damage to the building, in addition to the loss of most of the contents, according to W. T. Bush, building owner.

The blaze was reported to the fire department by Jimmy Hernandez, foreman of the Santa Fe section crew, about 7:15 a.m.

Allen Ray Kirk, owner of the business had left the shop about 15 minutes before the fire was discovered.

Cause of the fire was not immediately determined.

Program

(Continued From Page 1) over the next two years, won 28-1 approval after Sen. George Parkhouse of Dallas fought off all attempts to change it on the Senate floor.

Speaker Byron Tunnell said after hearing of the Senate action that as far as he knew, this was the first tax bill ever to pass the legislature without having to be fought out in conference committee.

The tax bill revises the 2 percent sales tax to take out exemptions on clothing under \$10, changes several other exemption clauses and extends the temporary corporate franchise tax increase for another year.

The sales tax revision portion will bring in an additional \$22 million in revenue over the next two years and the franchise tax extension will provide about \$11 million more.

Brings Wide Split. The House squabble over the San Angelo bill brought the widest split in that chamber of the 58th session. Opponents used every parliamentary maneuver as did supporters—in the day-long scrap.

Working primarily against the bill on the House floor were Reps. James Cotten of Weatherford, Bill Hollowell of Grand Saline, James Slider of Naples, Miss Maude Isaacks of El Paso, Ben Jarvis of Tyler and others.

Expedition

(Continued From Page 1) tions and delayed announcement of the successful climb until Thursday.

Names of the two men have not been disclosed.

President Kennedy said in Washington, "I am most pleased to learn of the success of the American expedition on Mt. Everest."

These American climbers, pushing human endurance and experience to their farthest frontiers, joined the distinguished group of British and Swiss mountaineers who have performed this feat. I know that all Americans will join me in saluting our gallant countrymen."

ton-delegation, and others. Passage of the bill was a personal triumph for Harding, who handled the proposal in the House. He stood at the podium throughout the day and succeeded in fighting off all attempts to change it. Sen. Dorsey Hardeman of San Angelo authored the bill.

"Approval of this bill and the next one (Pan American) will give us a state college within 100 miles of every student in the state," Harding said.

Forces

(Continued From Page 1) would give the Treasury borrowing authority it said is needed to accommodate red-ink spending immediately in prospect.

Other congressional news: Education: Congress may be asked this year to provide \$15 million to a proposed solution of the bitter church-state dispute over federal aid to schools.

Chairman Adam C. Powell, D-N.Y., of the House Education and Labor Committee is preparing a bill to permit federal help in building classrooms for science, mathematics and foreign language instruction of public, private and parochial school students alike. He said this "shared time" concept already was in successful operation in a number of areas, notably Allegheny County (Pittsburgh, Pa.) and in Connecticut.

Rangers Accused of 'Pistol Government'

DALLAS (UPI) — U.S. Sen. Ralph Yarborough Thursday accused Texas Rangers of enforcing "pistol government" in the politically torn South Texas town of Crystal City.

The mayor and a majority of the new all-Latin American city council have accused Rangers of "harassment." Mayor Juan Cornejo also charged Ranger Capt. Alfreed Allee with roughing him up. Allee called the mayor "a liar."

Cornejo met with the Federal Bureau of Investigation Wednesday night. He said he expected the FBI to "end the harassment."

Yarborough, meeting with Dallas Democrats, said he had a report that a Texas Ranger seized the keys to the Crystal City municipal building.

'Usurpation of Power'
"This is the most flagrant and extraordinary usurpation of power I have heard of since the oil boom days in Borger and before that since reconstruction," Yarborough said.

Rangers moved into Crystal City after the Latin Americans swept all five places in the city council election April 2 for the first time

in history. Political and racial uneasiness have gripped the town ever since.

After the mayor's meeting with the FBI, a masked man pulled up in front of Cornejo's home, blared the horn on his car and shouted: "Remember the Alamo!" He then sped away.

Post Office Needs \$64-Million for Saturday Service

WASHINGTON (UPI) — The Post Office Department said Thursday it would be able to continue Saturday mail deliveries if it gets \$64 million of the \$52 million cut from its 1964 fiscal budget by the House.

A Senate appropriations subcommittee voted late Wednesday to restore all but \$28 million of the House cut. The full appropriations committee is scheduled to meet Friday to take up the subcommittee action.

Postmaster General J. Edward Day had said that mail deliveries to new buildings, Saturday deliveries and other services would have to be cut beginning July 1 if the slash voted by the House was not restored.

In a statement Thursday the Post Office Department said it was "most appreciative of the understanding of the seriousness of our budget situation and the potential consequences of the cut in mail service which is reflected in the subcommittee's action."

However, a spokesman said, the action does not effect an order already sent out to the nation's 68 largest post offices to halt all new hiring until July 1. This order went out after the House approved a cut of \$8 million in the department's supplemental appropriations requested for the current year through June 30.

Because of the "freeze" on hiring until July 1, postmasters in the nation's largest cities are expected to curtail all service to new buildings until they are 90 per cent occupied.

A spokesman said there has been no such curtailment yet but this action would take place as soon as the post offices begin to feel the squeeze of the manpower shortage resulting from the hiring ban.

Better Baking Show Planned By 4H Saturday In Annex

The Gray County 4-H Club will have a Better Baking Contest, Saturday, in the Court House Annex, Mrs. Jaunita Channell, assistant county home demonstration agent, announced. Foods for the contest will include a plain butter cake using the whole egg and Whole Wheat rolls made with yeast and at least 50 per cent whole wheat flour.

Entries are to be made by 9 a.m. Immediately following the registration of entries, Mrs. Dyora Jones, home demonstration agent of Moore County, and Mrs. Kathryn Barjenbruch, home demonstration agent of Collingsworth County, will judge entries. At 2 p.m., the contestants may judge the products to compare scores with the officials—Ribbons will be given in judging as well as the baked products.

The winners of the Better Baking Show Saturday will be eligible to enter the Better Baking Show at the Tri-State Fair in the Fall.

Mrs. Jaunita Channell is expecting a good response for the Saturday show.

Treble Clef Goes To District Meet

District I, Texas Federation of Music Clubs, held its annual Pandle-board meeting recently in the Holiday Inn, Amarillo.

Representing the Treble Clef Club at the meeting were Mrs. Bruce W. Riehart, Treble Clef president; Miss Rosemary Lawlor, vice president, program chairman, and district chairman of American Folk Music; Mrs. Lonnie Richardson, Grass Roots Opera chairman; Mrs. John Gill, vice chairman of the program committee and club accompanist.

The meeting was conducted by Mrs. John Yows of Berger, president of the First District.

Luncheon was served during the noon hour with adjournment at 2:30 p.m. Approximately 25 board members attended.

The man may carry your packages while shopping. Don't expect him to open the door, too!

witch hazel for a skin freshener. Pat this on after washing your face or after removing make-up

This teen-ager plans her beauty on a budget. She uses baby oil to add luster to her lids and brows and as a skin cleanser and lubricant.

Teenager Can Budget Beauty Dollars By Choosing Only Basic Essentials

By ALICIA HART
Beauty Editor
Newspaper Enterprise Assn.

A teen-ager taking her first stab at make-up is faced with a bewildering array of beauty preparations. You can budget beauty dollars by selecting the basics and by eliminating nonessentials.

Starting from scratch, you should be able to put together your beauty chest for about \$7.50. Mistakes can be costly if a wrong choice is made; so shop. Take advantage of free counseling at beauty counters.

Regardless of how good your

complexion may be, a make-up base is an asset. Young skins can attractively wear liquid make-up indoors and out. Set aside a good portion of your budget for this important item. A fine textured creamy base is best for dry and normal skins, while a medicated or water-base foundation is best for oily types. One powder shade is all you will need.

You will need two lipsticks—one in a pale pink and one in a deeper coral. Use separately or apply one over the other for a range of lip colors that will go with all your clothes. Invest in a lip brush to give you neatly outlined lips.

As for eye make-up, a natural, unmade-up look is the most becoming. Invest in an eyebrow pencil from the five-and-dime if you have light eyebrows. A bottle of baby oil is the only other eye make-up you will need now. The oil will add sheen to your eyelids and eyebrows.

Also use the baby oil as a lubricant to keep your skin smooth and supple, and as part of a simple weekly facial. To round out your basic beauty wardrobe, select

Dear Abby...

Baby Bottles Will Go... Eventually!

By ARIGAIL VAN BUREN

DEAR ABBY: My children are 6, 4, 3 and seven months old. They are all still on the bottle. It started when I was trying to get my 1-year-old to drink milk out of a glass, and when he saw his little sister drink from a bottle, he cried and when I gave him one, too. The same thing happened to all the others. The two older ones like their bottles when company comes because they are ashamed, so I hope they will give it up soon.

DEAR OLD-FASHIONED: The doctors I have consulted say, "Let them have the bottle as long as they want it." No child has ever been known to pack a bottle and piddle in his lunch bucket.

DEAR ABBY: My husband died two years ago. While introducing his sister to a friend of mine last week, out of habit I introduced her as "my sister-in-law." Afterwards she told me that since her brother's death we were no longer related, and I should not introduce her as my sister-in-law. Is she right?

STUNNED

DEAR STUNNED: Technically you are no longer related, but when introducing any of your deceased husband's relatives, it certainly is proper to identify them as such. ("This is Hilda, my late husband's sister.")

DEAR ABBY: I am a 48-year-old barber who is looking for a wife. I have never been married, am passable in looks and am not lazy. I want a girl between 45 and 75 who owns her own house and has some money of her own. I don't care what she looks like and religion is no barrier. I love music and play the harmonica.

Yours truly,
TONY

DEAR TONY: When it comes to marriage, be a little more selective or YOU'LL take the trimming.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

HEY, YOU!

Rev. James M. Bryant Will Be at First Baptist Sunday

The Rev. James M. Bryant, Pastor of the First Baptist Church, Higgins, Texas will be guest preacher for both services of worship in the First Baptist Church, Sunday.

At the 11 a.m. worship a male quartet will sing, "Lead Me Gently Home" and Miss Eloise Lane, Organist will play "Melody in G" by Guimant for the offertory.

At the 5 p.m. worship, Joe Whitten, Minister of Music, will direct the Chapel Choir in singing "No Turning Back" and the organ-offertory will be "Supplication" by Dexter.

Rev. Gene Buchanan Will Fill Pulpit in Absence of Rex. Adsit

John Gill will be at the organ.

Theme of this year's School of World Outreach is, "Disciple Decision and God's Mission." Closing worship is held at 6:45 p.m. in the sanctuary at which time those not able to receive communion in the morning are given an opportunity to do so. Rev. Buchanan will lead the group in a meditation this week entitled, "Are We Caught In A Crossfire?"

Saturday morning beginning at seven o'clock the CYF will hold a work session at their new classroom house located at 500 East Foster. They will be doing general house cleaning, hanging of curtains, and beautifying the yard by digging flower beds and planting flowers that members and friends have donated, according to Danny Laramore and Tim Adsit, service chairman and vice-chairman respectively.

Rev. Allison Will Hold Services at Highland Church

Services at Highland Baptist Church, 1301 N. Banks begin Sunday at 9:45 a.m. with Sunday School, followed by the 11 a.m. worship hour. "When the Lion Roars" taken from Amos 3:1-8 will be Rev. Joe Allison's sermon topic. Adults will be studying from Psalms 32 in Sunday School "The Remedy for Guilt."

The Church Choir under the direction of Roy Harper will sing "Hail Immanuel" accompanied by Mrs. Edith Beigle at the organ and Ann Winegart at the piano.

At the 6:45 p.m. Training Union Hour we will be discussing the problem of early marriage. What has caused the current trend toward early marriage, and how we can develop constructive attitudes toward young couples who face the problems of early marriage? For the evening worship service, beginning at 7:30 Rev. Allison has chosen "Patience, How Much Do We Have," taken from I Thessalonians the first chapter as his text.

Wednesday services May 8 begin with officers & teachers meeting. This will be our regular business meeting night beginning at 7:30 p.m.

All men and boys interested in softball be at the Higbert Street Park Saturday, May 4, at 7:30 p.m. for an organizational meeting of Highland Baptist Church Softball Team.

Dr. Hubert Bratcher, pastor of the First Methodist Church, will be conducting the two morning services. The 8:45 a.m. service is broadcast over radio station KPDM; and the 11 a.m. service is broadcast over radio station KEMF-FM.

The special music for the 8:30 a.m. service will be offertory anthems, "We Thank Thee, Lord" by Burtiniak sung by the Youth and Junior High Choirs. At the second service the Sanctuary Singers will present the anthem, "Prayer" by Guion.

Sunday evening fellowship will begin at 6:00 p.m. with a light supper for the entire family in Fellowship Hall. At 6:30 p.m. children, youth, and Adults will separate for one hour of Fellowship Group activities according to interest and needs. The Adult Fellowship will meet in the church parlor.

The Sunday night worship service at 7:30 p.m. will be conducted by Rev. Rodney Williams, Associate Pastor.

The Educational Stewardship Campaign mass meeting Monday, May 6, will have two very important guest speakers: George Zollars, Principal of the Perryton High School, Perryton, and Harold Hudson, Editor of the Ogilvie Herald, Perryton. This will be one of the most important meetings of the Stewardship Campaign which will be at 7:30 p.m. in the Sanctuary of the Church.

Rev. L. V. Ratliff will lecture at Central Church. At the 8:45 p.m. worship hour Sunday, the Pastor, Rev. T. O. Upshaw, will be preaching at Central Baptist Church. He will return to Fairview Baptist Church in Amarillo to conclude a revival there at 11 p.m. Rev. L. V. Ratliff will bring the message at the 11:00 hour of worship at Central. The pastor will return for the evening worship services at 7 p.m. This will be concluded by a Baptismal service.

At the Sunday School hour the lesson is "Repentance and Forgiveness," taken from the 32nd and 51st Psalms. The emphasis in Training Union which meets at 6 p.m. is on the Christian Home and problems which are faced in family life.

At the Wednesday evening service, May 8, the W.M.U. will present a GA Coronation service for the Junior and Intermediate Girls Auxiliary. This is a very impressive service and one that means much to those who participate in

it. To be honored in this year's coronation are the following: Maidens: Mechele Ainsworth, Wanda Caldwell, Vickie Cobb, Marsha Wells, Lou Ann Fulcher, Susan Forbes, Paulette Howard, Jan Liles, and Susan Parrish; Lady-in-Waiting: Janice Duncan, Donna LaMar, Jeanette Pool, Kay Ray, Delores Rudnick, Lyette Wing; Princess: Sherry Fulcher, Becky Johnson, and Helen Jean McClendon; Queen: Debbie Harris.

Those who work with these girls are as follows: the Director of GA's is Mrs. John Adams; the W.M.U. President is Mrs. R. C. Brown; Counselors for 9 and 10 year girls, Mrs. Ed Harris, Mrs. S. C. Strickland, and Mrs. Darrell Bozarth; 11 and 12 year girls, Mrs. Don Rosenbach, and Mrs. J. M. Thompson; 13 and 14 year, Mrs. Charles Reeves, Mrs. Travis Taylor, and the 15 year girls Mrs. George Thompson.

Dr. Bratcher To Conduct Sunday Service

Dr. Hubert Bratcher, pastor of the First Methodist Church, will be conducting the two morning services. The 8:45 a.m. service is broadcast over radio station KPDM; and the 11 a.m. service is broadcast over radio station KEMF-FM.

The special music for the 8:30 a.m. service will be offertory anthems, "We Thank Thee, Lord" by Burtiniak sung by the Youth and Junior High Choirs. At the second service the Sanctuary Singers will present the anthem, "Prayer" by Guion.

The Weekly Message Of Inspiration

Attend The Church Of Your Choice

JACK RILEY, MINISTER
ST. PAUL METHODIST CHURCH

WHAT ABOUT IT?

My car was being serviced at a station while I was on a trip and I was visiting with the attendants. One asked, "Are you an insurance salesman?" After a moment's thought I replied, "In one sense of the word, I'm a Methodist minister."

Many people are fearful of the judgement of God. This may be due to the enlightenment of the word of God where we read, "And this is the judgement, that light has come into the world, and men loved darkness rather than light, BECAUSE THEIR DEEDS WERE EVIL. For everyone who does evil hates the light, and does not come to the light, lest his deeds should be exposed." John 3:19-20. We are no longer shining examples and our lives are no longer an open book. There is too much light and too many readers today! Jesus said, "If I bear witness to myself, my testimony is not true." John 5:31.

An insurance salesman came to my office to show me a policy from his company. He made the remark you must have either a 'super policy' or a supersalesman in order to make a sale. He spent the next two hours trying to convince me he had a "super policy". Needless to say the witness failed to impress me sufficiently to make a purchase of his product. But one must be careful! "Judge not, that you be not judged." Matt. 7:1 — Translated by J. B. Phillips "Don't criticize people, and you will not be criticised, for you will be judged by the way you criticize others, and the measure you give will be the measure you get." Believe me, we are called upon to LOVE, not condemn. "For God sent the son into the world, not to condemn the world, but that the world might be saved through Him." And not that the world might live in the afterglow of a conversion experience and think they are in the light.

I think it is a poor investment of time and thought to be afraid of the future judgement of God: We can turn to the words of Jesus and read, "As I hear, I judge; and my judgement is just because I seek not my own will but the will of Him who sent me." John 5:30. Gentlemen, the phrase, "My judgement is just," ought to put the fear of God in us! It is the present judgement that challenges me.

We can overcome this fear. Live in the light. There is real hope in Jesus Christ. "Do not marvel at this, for the hour is coming when all who are in the tombs will hear his voice and come forth, THOSE WHO HAVE DONE GOOD, to the resurrection of life, and those who have done evil, to the resurrection of the judgement." John 5:28

Let us not witness to our own self, or become "super salesmen", lest our witness be untrue! "You search the scriptures, because you think that in them you have eternal life; and it is they that bear witness to me; yet you refuse to come to me that you may have life." John 5:39-40.

Stan the Man Leads St. Louis to Win Over Cubs

By FRED DOWN
UPI Sports Writer

Old man Musial ain't what he used to be but he's not yet ready to throw aside his bat in favor of a rocking chair in the sun.

Stan the Man, now 42, got off to a slow start with the St. Louis Cardinals this season after no less an authority than Branch Rickey had suggested he might be excess baggage for the team to carry.

Manager Johnny Keane, however, closed his ears to the advice and waited for Musial to supply his own answer.

That the Man did Thursday night with a three-run, seventh-inning double that lifted the Cardinals to a 4-3 victory over the

Chicago Cubs and increased their National League lead to two games. The double enabled Musial to tie Babe Ruth's major league record of 1,356 extra base hits and also raised his career RBI total to 1,901.

"He was a .250-hitter (10 hits in 40 tries this season) when he went to the plate," remarked Keane in the dressing room. "I figured he was just the .250-hitter we needed in that spot."

Musial's big hit canceled out a three-run ninth-inning homer by Ron Santo and gave Ray Washburn his fifth straight win. A single by Curt Flood and walks to George Altman, and Ken Boyer lifted the bases and set the stage for Musial's winning hit off ex-teammate Larry Jackson.

LL Registration Starts Tonight

Little League registration begins at 5 p.m. today at the Optimist Boys Club Building, and also will be held tomorrow from 1 p.m. to 5 p.m.

All boys, including those who have played before, must register, and bring \$2 for insurance. All boys who have not played before, or have only played in the farm league, must bring their birth certificates. Anyone not registering today or tomorrow will not be eligible to play this season.

Hillcrest, Fort Stockton Are Team Favorites

By JOHN KNAGGS
United Press International

AUSTIN (UPI)—More than 700 of the best high school athletes in Texas opened an assault today on the record books in preliminaries of the annual University Interscholastic League state track meet.

If weather leaves the University of Texas Memorial Stadium turf alone, the track stars here hope to set new marks in many of the 14 track and field events. Some of the athletes had hoped to rewrite the records in the recent Texas Relays, but rain and wind held them back.

Final events in conferences AAA and AA will be held today and finals in the AAA, and B events will be Saturday afternoon.

Fort Stockton Favored

A school with growing pains, Fort Stockton, is favored in the relay events of Class AAA. The West Texas high school won the AA championship last year and is back with a strong baton contingent this year in the larger-school class.

Team favorites in other conferences of track include Dallas Hillcrest in Class AAAA, Denver City in AA, Merkel in A and Bartlett in B.

Much of the crowd interest will be on a Pampa giant, Randy

Matson, one of the state's most promising tracksters. Matson, who stands 6-7 and weighs 220, has a discus throw of 199 feet, four inches to his credit and a shot put of 66 feet, seven inches. The discus hurl was the longest in schoolboy history, but will not be allowed as a record because of an uneven field two weeks ago, when he made the whooping throw.

One Serious Contender

Toby Belt of Houston's Westbury High School is a serious contender in the weight events. Belt has made 62-5 in the shot put and won the Texas Relays with a 60-9½ toss.

Baytown will be back for attempts at sprint records. In the Texas Relays, sprinter Don Parkhurst, who holds the 100-yard dash mark at 9.4 seconds, hurt a leg muscle and could not qualify.

A halfback for San Antonio Brackenridge who helped it to the state Class AAAA crown, will be running also in the Class AAAA century. He is Warren McVea, who has run 9.5 with a wind assist.

The 100-yard dash in Class AA may be a contest between Dallas Hillcrest sprinter Charles Mitchell and Riley Dunn of Coleman. Mitchell has clocked a 9.5, Dunn a

Matson, Coleman, Flowers Choices

The state track meet got underway this morning at Austin with Jimmy Flowers of Miami competing in the preliminaries of the Class B high jump at 9 a.m.

Wayne "Lightning" Coleman of Leiors and Tommy Elliott of White Deer were slated to pole vault this afternoon at 1 p.m. as the finals of both Class A and AA would be held at that time.

Randy Matson was to throw the discus in the 4-A finals at 3:15 this afternoon.

Tomorrow at 1 p.m. Flowers will compete in the B finals, and at 1:30 p.m. Matson will compete in the shot put finals. Mark Arrington of Miami will run in the 200-yard hurdles at 2:35 tomorrow and Ralph Palmer will close out the Greater Pampa area contestants' events when he runs the 440-yard dash at 3:05 p.m.

Of the six area contestants, three are good bets to take four crowns, with Matson, of course, expected to continue his streak of 11 straight meets, starting with last year's state competition, in which he has set or broken a record in the shot put and discus.

The Pampa Giant set new heights last year with a shot put throw of 64'7" and a discus heave of 185'9". This year Matson has broken his own shot mark six times, going over 65 feet twice at the Amarillo Relays, then putting the 12-pound ball 66'7" in regional.

In the discus, the "Pampa Monster" has shattered his own record to smithereens. Starting with a throw of 188'7½" early in the season, Matson progressed to 199'4" at regional—the longest throw in high school history, which was nullified as a record due to a slope of the ground. Matson threw the disc 193'13½" at Corpus Christi, the second highest mark ever recorded.

Next best bet for a state record in his class is Coleman, one of

three Class A pole vaulters who have gone over 12 feet this year. The lanky junior has improved with every try, doing 12'2½" inches at regional, and then 12-6 at the Red Raider Relays, although finishing fourth behind three Class 4-A vaulters, Joe Mosley of Joshua and Johnny Higgins of Baird as the only Class A vaulters who have matched that mark this year, each with 12'6".

Jimmy Flowers of Miami is expected to set a Class B record in the high jump. Flowers finished fourth in state last year, and this year has three jumps of 6'3" and two 6-2s to his credit, while no other Class B leaper has gone higher than 6-1, except Kenneth Coffee of Roosevelt, whose 6-2 was second to Flowers in regional.

Tommy Elliott of White Deer is expected to place in the AA pole vault, although he will have to go higher than his 12'0" in regional to take a win, as his class features four 12-foot leapers, plus the great defending champ, Tommy Marshall of Yoakum, who has a 13-8½ jump this year.

Mark Arrington has a good chance of placing in the B high hurdles, he qualified in regional with a 15.8, and an earlier 15.7 was the fastest time in Region One this year in his class, but he will be running into some stiff competition from South Texas hurdlers, with Donny Bell of High Island having a 15 flat.

Ralph Palmer is expected to place in the 4-A 440, but will have to exceed his 48.9 mark by nearly a second to win. Palmer has been running record to Mark Yarbrough of Tascosa all year, as Yarbrough has posted a 48.5, and at Corpus Christi, Ralph's 49.7 was fourth to a rugged field of both South and North Central Texas runners. Fastest regional time was a 48.1 by Steve Langham of Dallas Jefferson.

Ford Feels Fine, NY Smells Flag

By MARTIN LADER
UPI Sports Writer

It won't require any kind of medical knowledge to establish that all is well with Whitey Ford's left arm.

It's also just as basic to baseball fans that they'll have to find another excuse if they expect the New York Yankees to lose the pennant.

Ford, a clever lefthander with a pixieish sense of humor, was bothered by arm trouble part of last season and he still wasn't feeling right when the current campaign started as he lost his first two games. Yankee batters were quick to point out that a broken-down Ford would cause the world champions to run out of gas.

The Yankees were rolling on a full tank Thursday when Ford threw a four-hit shutout at the Los Angeles Angels in a 7-0 victory. Ford, who after the game said his arm felt stronger than at any time since the 1951 World Series, now has a string of 16 scoreless innings during which he has yielded just six hits.

Indians Shellack A's

The Kansas City Athletics fell from first place in the American League after taking a 15-6 shellacking from the Cleveland Indians; the Washington Senators outslug the Detroit Tigers, 9-4; the Baltimore Orioles beat the Chicago White Sox, 4-7, in a night game, and a scheduled day contest at Minnesota between the Twins and Boston Red Sox was postponed by rain.

Ford's victory was an important one for the Yankees, who had

lost two straight in Los Angeles and were threatened with a drop to the second division. After five scoreless innings, New York broke the game wide open in the sixth on a bases-loaded walk and a grand-slam homer by Joe Pepitone. Two more runs followed in the seventh, one of which came in on a Pepitone single.

Pepitone's homer was his fifth of the season, a club high, and the young first baseman also tops the Yankees in runs-batted-in with 11.

Held Hits Grand Slam

Woody Held cracked a grand slam homer to pace the Indian assault and rookie Vic Davalillo contributed a homer and a double. Cleveland bombarded four Kansas City pitchers for 18 hits, including four by Tito Francona, to overcome an early 4-1 deficit. Reliever Barry Latman gained his first victory of the season and Dave Wickersham was charged with his first loss against one win.

First baseman Pobo Osborne, sold by the Tigers to Washington earlier this year, came back to haunt his old teammates with a pair of home runs as Detroit veteran Frank Lary could last only four innings in another comeback attempt. The Tigers got 14 hits off Claude Osteen and Jim Bronstad but stranded 12 runners. It was Bronstad's first success in three decisions and Lary now is 0-2.

Brooks Robinson broke a bad batting slump with a bases-loaded single in the ninth inning as the Orioles erupted for three runs to edge the White Sox.

56TH YEAR FRIDAY, MAY 3, 1963 9

Yanks Add to Victories

SAO PAULO, Brazil (UPI)—United States athletes, who are making a shambles of the Pan-American Games with an avalanche of gold medals, get a chance to add to the pile today in track and field, basketball and boxing.

The Yanks picked up 11 gold medals Thursday in sweeping the modern pentathlon, the men's and women's gymnastics and the team title in epee fencing. That boosted their gold medal collection to 87 and with anticipated victories in today's events, the United States should be within striking distance of the record 120 gold medals won at the last Pan-American Games four years ago in Chicago.

Tennis Clinic, Track Meet Tomorrow

All youngsters between 12 and 18, especially beginners, are invited to the second annual Jaycee Tennis Clinic, which begins tomorrow at 9 a.m. The clinic will be held on four consecutive Saturdays, under the instruction of John Bird, former college tennis star. The clinic will be held at the high school tennis courts.

Youngsters entered in tomorrow's Jaycee Junior Champ track meet are reminded that the events start promptly at 9 a.m. tomorrow. Meet director George Smith reports that 363 youngsters are entered in the 42 events. The Jaycees would also appreciate the services of interested parents to help officiate the meet.

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the gift of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others. Freedom is self-control, no more, no less.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands Freedom and is free to control himself and all he produces, can he develop to his utmost capabilities in harmony with the above moral principles.

Business Tax Restricts Progress

In his annual report of 1962 A. G. McNeese Jr., president of the Bank of the Southwest in Houston, went into the matter of the government's role in the lives of its subjects.

Here is what Mr. McNeese had to say:

"There is a dedication among government-policy-makers — local state and national — perhaps sincere but nonetheless unproductive, to direct the lives and fortunes of individual Americans far beyond authorized limits.

"As a consequence, a giant share of the profits generated by our investment in this — or any other — corporation is absorbed through taxation. You are aware of many of these taxes; you are not aware of a great many more which seriously deplete your profits. Further, and less recognized, is the rapidly increasing depletion of net profits occasioned by enormous bookkeeping and clerical costs which must be sustained to meet government requirements.

"Regrettably, these expenses necessarily rise in proportion to the success of your operation. As your bank grows, the number of qualified employees must grow also. For example, effective Jan. 1, 1963, your corporation was required to start paying to the government from net profits, an additional amount equal to one-half of one percent or a total of 3% per cent — over every \$4,800 in payroll.

"This means, of course, that for every \$4,800 or higher salary paid in 1963, your net profit will be reduced by \$24. Similarly, each employee in this pay range will take home \$24 less wages. This amount equals the current dividend paid to you in 13.33 shares of bank stock. For the employee, it equals the premium on a sizeable amount of life insurance.

"At these staggering rates, one might assume a thoroughly solvent reserve from which adequate old-age benefits are to be paid. In fact, unlike procedures demanded of private insurance companies by laws of both man and economics, the Social Security agency — has mushroomed without economic restrictions and faces deficits in the tens-of-millions-of-dollars.

"It is ironic that much of our profits must be paid to finance the increased regulations under which we perform our duties. There is consequently a usurpation of the judgment and evaluation rights of private business managers just as

Faith To Produce

Are you afraid of capitalism? If we had a sudden resurgence of faith in it all that could possibly result would be more jobs, more products and more full dinner pails!

The Vanishing (?) Breed

For reasons still unclear, TV producers seem to feel a compulsion to present small-town and rural America in bilious tones. One more example was the Bell & Howell show over ABC-TV the other night, which purported to give the nation an intimate picture of Calhoun, Ky., the surrounding McLean County, and more pointedly, the impact of Editor London Willis and the McLean County News on the community.

The title of the show, "This Vanishing Breed" is the pay-off. It examined Editor Willis as a specimen of the all-but-extinct genus country editor, who called his shots as he saw them, and whose readers (as one of them said) "often wanted to beat the hell out of him" but admitted they'd miss him if he weren't around. Other comments were (mostly) less honest — and less flattering.

ABC's cameras presented McLean County from a sad angle — despite its obvious physical attractiveness. Much was made of the fact that Mrs. Willis taught school because the paper provided less income than the family needed. (Know any working wives?) And of the editor's bad taste (according to those interviewed) in reporting on the main street of a McLean County town.

In announcing the show in the News of the previous week, Editor Willis referred to it as "a moment of truth" for himself, the paper and the county. But he evidently had his misgivings, for he also said: "Personally, I have a bad case of stage fright, I am not sure whether to hope that everyone in McLean County will see the program, or hope that none of them will."

It is all to the good, however, if all of them did see what is bed in their county — to the fairly complete exclusion of all the things that must be good. There will now, we suspect, be new support for the ideas and programs this editor has been fighting for. And it will be good for his readers to realize that, despite all efforts at disparagement, Editor Willis comes through as the hero and the News as the sparkplug of the county.

The McLean County story refused to follow the script. "This Vanishing Breed" is not vanishing — any more than Mr. Willis is pulling his punches. It is growing in stature and exciting the increasing admiration and envy of Big City editors, and — by and large — is reported to be doing very well economically, thank you.

There is no need to pass around the ABC-TV crying towel.

Pull Up A Chair

By Frank J. Markey

Now going into production for nationwide use is the Touch-Tone telephone, which has 10 push buttons replacing the conventional dial. Touch-Tone calling is faster than dialing, and the instrument gets its name from the musical tones which are generated — and which the telephone user hears — as a call is originated. These tones "tell" the telephone switching equipment how to respond, just as the electrical impulses carry the customer's instructions to the switching equipment when a call is dialed. This new operation was given a successful trial in Greensburg, Penna., and Findlay, Ohio, but it will be many years before it will be available everywhere as modifications of central office equipment must be made. However, Touch-Tone service will be introduced in other selected areas late this fall.

The size of automobile license plates has varied over the years from state to state. At one time there were 34 different tag lengths and 15 different heights. Today all plates are standard at 12 by 6 inches and most of the plates are made of steel. The AAA reports that by manufacturing the tags at state prisons, the plates can be turned out within a price range of from 15 to 30 cents each. County Editor speaking: "The best way to keep a small baby quiet is not to have any company in the evening. . . . Don't ask us why, but a nail driven into a tree, say five feet above ground, will remain at that height regardless of how tall the tree subsequently grows. And the same thing goes for initials carved on trees by sentimental lovers.

"Of even more direct concern to you, the stockholder, is the tightening of tax collections from corporate dividend payments. Every publicly owned corporation in America must report in detail all dividends of \$10 or more paid to all stockholders. This is despite the fact that stockholders are required by law to report such dividends and are subject to prosecution for failure to do so. The costs of accounting, bookkeeping, printing, records-keeping, added equipment and space, and postage involved in this new regulation are monumental. Yet since they benefit no one, since they take from rather than contribute to productivity, these costs represent a net loss to every stockholder.

"In short, many Americans may conclude that it costs more than it is worth to invest in business. Rather than increasing tax revenues by closing so-called loopholes, the total revenue more probably will decrease — advancing still further the monumental national debt.

"Unless you, as a taxpayer, citizen, parent, and stockholder, exert your intellect and your energy to develop sound government policies through rational, effective political activity, you may find precious few profits returning from your corporate and business investments.

"Too many of us seem to have forgotten that you and I and our neighbors compose the government of the United States. Those who write, adjudicate, and execute the laws governing our lives and fortunes are our servants not our masters. To preserve this relationship, we will do well to select these servants with careful evaluation of their abilities to serve us loyally and capably — and to dismiss those whose performance does not meet reasonable standards of competence and integrity."

The great naturalist, John Burroughs, wrote: "Nature teaches more than she preaches. There are no sermons in stones. It is easier to get a spark out of a stone than a moral." Here are two examples of why National Defense is expensive:

Between the Bookends

AMERICANS TALK TOO MUCH

One of the weakest links in our nation's security is a national trait which, to a foreigner, is ironically also one of the country's most charming assets — the yearning friendliness of our people.

In his book, "Spy In The U.S." (Published by Harper & Row, 49 E. 33rd St., New York City; \$3.95), Pawel Monat tells in detail of the years he spent spying while holding the official diplomatic position of military attaché at the Polish Embassy in Washington. (Actually, he was a Colonel in the Polish army, a Communist, and highly-trained in the art of espionage.)

Monat's instructions were: "You must travel everywhere. You must listen. You must dig deep under the surface to find the secrets. You must steal them if necessary. Do not stop at anything to carry out your orders."

Soon after his arrival in the United States — and much to his amazement — Monat discovered that the United States is not a difficult country to spy on at all.

Secrets On Display

For one thing, the United States is rather ingenious about keeping its secrets. To give but one dangerous example: We put most of our Grade-A military eggs in one basket — the Pentagon. We then allow almost anyone, including Communist intelligence officers, to go prowling through the basket at will, searching for cracked shells and broken secrets.

At one point Monat even had a foolproof plan for a "drop" (hiding place for information to be exchanged) within the Pentagon itself. Polish Intelligence headquarters disallowed the drop, refusing to believe that it was possible to exchange military secrets under the very noses of the military brass without being discovered. Yet that was exactly what agents were doing all the time.

Even though our State Department: It costs the Air Force as much as \$75,000 to train an enlisted man to be an expert electronic technician and the overall expense of training a jet pilot may run as high as \$200,000.

ment likes to think of Poland as an "independent" Communist nation that is worthy of our foreign aid. Monat discloses that he worked directly for Soviet intelligence, even though he was a Polish military attaché.

Diplomacy A Weapon

We think of diplomatic relations as an aid to better understanding and communications between nations. To the Communists, however, it is just one more weapon with which to drain the capitalist system of its wealth and knowledge.

Pawel Monat is no longer involved in it, for his exposure to freedom convinced him of the evils of communism. Yet the deadly game which he describes so graphically in "Spy In The U.S." still goes on, for the Communists are determined to conquer the United States. Spying is only one of their tools, but this book shows just how sharp and effective a tool it is.

Question Box

(We invite questions on economic and proper functions of government which will not injure anyone.)

Question: "When I enlisted in the U.S. Navy (before the present peacetime draft), I was asked to defend our constitutional way of life against any enemy, foreign or domestic.

"Isn't it evident that we no longer have a Constitution to defend and that we are subjects of the State? In essence, haven't we become a slave state governed by masters? Who are our masters?" W.S.S.

Answer: It is true that government officials — federal, state and local, have attempted to usurp rights of individuals to be responsible for their own acts, and that many of the acts of government are not in conformance with constitutional principles.

When approximately 40 per cent of earnings of all individuals is taken by governments of all levels for its own purposes and when individuals are prohibited from exercising rights of ownership of their own lives and property, a condition of slavery is approached.

However, no man is a slave who will not accept slavery as a necessary condition. The individual who refuses to help enslave others by participating in the aggressive acts against his fellowman is more nearly free than he who accepts a government handout or subsidy.

We do not believe any man, who maintains the spirit of freedom within him can be completely enslaved, even though he may be physically chained.

HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senators and representatives in Washington, here are their addresses:

(FEDERAL)

Sen. Walter Rogers, House Office Bldg., Washington 25, D. C.
Sen. Ralph Yarborough, Senate Office Bldg., Washington 25, D. C.
Sen. John Tower, Senate Office Bldg., Washington 25, D. C.

(STATE)

Rep. Grainger McIlhenny, House of Representatives, Austin, Texas.
Sen. Brady Hazelwood, State Senate Bldg., Austin, Texas.

The American Way

LET'S START A FREEDOM MOVEMENT
By Harry Browne
Editor, American Progress Magazine

Instead of trying to prevent communism or socialism, let's start promoting freedom.

"It's the same thing," you say? Not by a long shot. Here's the difference: Practically everyone feels that change is needed in America today. The communists and socialists feel that there's not enough government. Freedom-lovers insist that we have too much government. Even the self-styled "moderates" believe that we must increase the powers of the federal government — but at a "moderate" rate, of course!

All of this means that America is ripe for change. Something is going to be done — but the question is "What?"

Socialism On Offense

The socialists speak out for more government. Those of us who want less government then rush out to stop them.

"They say, 'We need more government — in order to help the aged.' We say, 'We don't need more government to help the aged.'"

"They say, 'We need more government to fight communism.' (In fact, even the Communists say that.) We say, 'We don't need more government to fight communism.'"

So what's happened as a result of all this? The socialists are promoting more government. And we are trying to stop them. And, in the process, we find ourselves defending the status quo.

We're On Defensive

So instead of promoting freedom, we are confining ourselves to preventing socialism.

What ever happened to our plans to bring about less government? They've been sidetracked while we consume ourselves trying to prevent the plans for more government.

What a sweet position for the socialist. In every battle that comes up, he has everything to gain and nothing to lose. We, on the other hand, find ourselves in the position of trying to prevent a loss — with no hope of ever gaining anything from these battles.

Isn't it time we started a freedom movement? Isn't it time we started promoting freedom — so the socialist will have to waste his time stopping us?

We should be advancing the Liberty Amendment in every possible way — instead of trying to prevent medicare, federal aid to education and all the rest of the big-government proposals.

Actually, by promoting the Liberty Amendment, we are automatically defeating medicare, and companion proposals — at the same time that we improve the conditions those proposals were designed to help.

Let's Promote Freedom

But, most important, the Liberty Amendment will not freeze the status quo — it will provide more freedom and less government. For it will restrict our federal government to the powers specified in the Constitution while repealing the income tax.

By furthering the Liberty Amendment, we strike our best blow against socialism — because we will be promoting freedom.

So let's get busy and start a freedom movement!

NAOMI JOHNSON
She would not want the ones she loves to Grieve for her today. . . .
We must not say that she is dead, for she is just away. . . .
Away upon a journey. . . .
To a land that is bright and fair, and though we all miss her here. . . .
We know she is happy there. . . .
And memories of her will bring new comfort every day. . . .
Now comfort ever day. . . .
For she is just away!

We wish to express our sincere thanks and appreciation to our many friends who were so kind to us during our recent bereavement and to express our gratitude for the beautiful floral offerings. . . .
A Family of Gordon Johnson Family of Mrs. Roy Barrett Family of Charles Grayson.

LITTLE LIZ
A successful company president is one who has a worried look on all the vice-presidents' faces.

Wall Street Chatter

NEW YORK (UPI) —Richard T. Leahy of J. W. Sparks & Co. says the long uninterrupted advance, which pushed the average about 60 points higher in eight weeks, coupled with the deterioration of quality leadership, suggests the likelihood of a modest correction.

He says he is now adopting a policy of caution regarding the course of near term share prices.

Lawrence Bleiberg of Bache & Co. feels that now is the time to take advantage of any dips in the market to make commitments since the over-all trend appears to be upward.

Walt McKibben, editor of the Investograph Stock Survey, says he remains bullish, but decreasingly so as the market rises. He feels the market will probably shoot past the 740 level in the industrial average but he is "deliberately laying the groundwork for a future about-face when and if the market weakens and begins to show signs of topping out."

Graham Loving Jr. of Equity Research Associates sees no reason to doubt the current business upswing nor any reason to expect a serious economic decline.

BORGNIANE'S PLANS

NEW YORK (UPI) — Ernie Borgnine, star of the "McHale's Navy" television series, hopes to go on a summer stock tour when his series winds up.

Borgnine is considering bids from Drury Lane outside of Chicago, the Paramus Playhouse in New Jersey and the Barter Theater in Abingdon, Va., to star in their silo productions.

A.A. GETS MUSICAL

HOLLYWOOD (UPI) — Distribution rights in the United States for the musical, "Play It Cool," have been acquired by Allied Artists.

The film stars Billy Fury, Helen Shapiro and Bobby Vee. The music was written by Norrie Paramour.

STANWYCK IN CHILLER

HOLLYWOOD (UPI) — Barbara Stanwyck has been signed to play a leading role in the suspense chiller "Evil Wish." The producers hope to line up Ralph Richardson and Joan Fontaine for the other top two roles in the movie version of the Jean Potts novel about a doctor and his odd relationship with two daughters who viciously turn against him after they learn he is to marry his nurse.

LYNDE IN COMEDY

HOLLYWOOD (UPI) — Paul Lynde, who appears in the movie version of "Bye Bye Birdie," will have a leading role in another stage play gone Hollywood—"Under the Yum Yum Tree." Lynde will be teamed with Imogene Coca in the comedy costarring Jack Lemmon, Carol Lynley, Dean Jones, Edie Adams and Miss Coo.

Television In Review

By RICK DU BROW

United Press International
HOLLYWOOD (UPI) — President Kennedy's politically astute open-door policy with television continued Thursday night as NBC-TV, from the White House lawn, aired a special reception for Congressional Medal of Honor winners.

Though this hour-long offering was one White House tour for which the first lady was not present, the President very definitely was, being the center of attraction, though his ratings potential without Mrs. Kennedy is questionable. However, the first children were also on view, being filmed as they informally watched the proceedings with their nurse from a conspicuous balcony.

Are you interested in White House receptions? I do not raise the question disrespectfully. I would not dare. It is simply that your decision in this matter may determine whether we are privileged to see future ones. According to the show business weekly paper, "Variety," Thursday night's exercise was in the nature of a test program to feel out public reaction. If it is favorable, we may see more "specials" of White House receptions, the newspaper indicates.

More "Federal" Entertainment

With the networks also planning on more entertainment series oriented to the federal government, our luck knows no bounds.

A shameless journalist once observed, "Bureaucracy is like sin: We all know something about it, but only those who practice it enjoy it." Thanks to more programs like Thursday night's, the serious and beneficial fact is that many citizens will have a chance to become more acquainted at first-hand with ceremonies of national tradition and pride, and that is something that is highly worthwhile.

This is not to say Thursday night's effort was superlative, it was not, because human beings have their limits. The program was shot only briefly before it went on the air, which is something like trying to punch out a first-draft novel at a linotype.

There were shots of the setting, and of the President making brief remarks, then personally greeting — as they passed in line — the heroes, young and old, walking and in wheelchairs, there were 236 of them, not all shown of course. Thankfully, the microphones did not pick up the conversations between the President and his guests, who were entitled to privacy with the man they came to see.

Long Eventless Gaps

The Revolutionary War-garbed file and drum corps provided pageantry, the Marine Band provided music. There was a short pictorial history of some medal winners — Sgt. York, "Pappy" Boyington and Audie Murphy among them. And there were interviews with others about their experiences. But the ad-lib nature of the hour left long eventless gaps, for which solid filler material should be provided in the future.

Reporters Sander Vanocur, Ray Scherer and Nancy Dickerson did quite well in filling the gaps, with human lapses. But it might have been wiser not to have had Mrs. Dickerson, with her natural feminine desire to be pleasant and upbeat, interview some of the medal-winners, with their grim and grisly war memories; the two basic ingredients were at odds. She was fine, however, pointing out colorful stuff, like the buffet with alcoholic and non-alcoholic drinks; that is to say, bipartisan.

The Channel Swim: Arthur Godfrey, who does not have a television contract with CBS any more, is reported a possible vacation replacement for Johnny Carson on NBC-TV's "Tonight" show. Godfrey's former contract prevented him from being emcee of "Tonight" last summer.

Recommended reading: Thomas Meehan's dandy and riotous article in the May issue of Cosmopolitan magazine about television's faceless non-personalities, in which he polishes off just about everyone, from Johnny Carson to Hugh Downs...and tells why sponsors prefer "look-alike, think-alike" men who don't interfere with product focus.

GREENVILLE, Miss. — Attorney Charles S. Tindall, in a Law Day speech, commenting on the University of Mississippi crisis: "We courted violence, some of our people advocated it, and we got it."

NEW FACET—Robert Horton turned his back on stereotyped western roles to take on the more challenging theater media of drama and musical comedy. He will tour the country this summer in musicals, priming himself for the singing star role of "I Picked a Daisy" on Broadway in the fall.

TRIES AGAIN

HOLLYWOOD (UPI) — Adoree Evans, who quit the movies because of her striking resemblance to Elizabeth Taylor, is having another go at a film career under the name of Rachel Roman.

In her first role since "Marines, Let's Go," Miss Roman will play a bit part in "The Long Corridor." Incidentally, Marie Devereux — Miss Taylor's acting double in "Cleopatra" — also will have a bit part in the same scene of "The Long Corridor."

Only trip outside British Colonial America made by George Washington was a voyage to the West Indies in 1751. Copra is the chief product of American Samoa.
