Twin Twisters Hit Oklahoma City

By United Press International
Flood-building thunderstorms followed a rash of destructive tornadoes into the South today. At least 15 homes in Oklahoma City, Okla., lay in shambles.

Thunderstorms and lightning streaked across morning skies in Oklahoma, Kansas, Arkansas, Missouri, Alabama and Mississippi. Severe storm warnings were up for Arkansas and Oklahoma.

Tornadoes ripped through Oklahoma, Missouri and Kansas Sunday. The hardest hit was Oklahoma City where one witness said twin twisters split, then fused back together.

Advance warning was credited with saving hundreds of persons from injury and possible death. As it was, at least three persons were injured, one critically.

The twin twisters cut a path of destruction two miles wide and seven miles long in a rural area of eastern Oklahoma City. A 26-year-old woman was critically hurt when her mobile home was ripped apart.

Elderly Woman Injured
A 93-year-old woman was seriously injured when her mobile home was struck near Luther, Okla.

The town of Bowlegs, Okla., received heavy damage, although no injuries were reported. The

Oklahoma National Guard was called out to control traffic and prevent looting.

Three-inch hailstones fell at Del City and baseball sized hail fell at Midwest City, both in the general area of Oklahoma City. Tornadoes also touched at Lake Canton, Edmond, Jefferson, Tecumseh, Wewoka, Holdenville, Roscoe, Harjo, Bethel and Panama.

In Missouri, the sheriff's office spotted a twister in the air near Highlandsville, but it did not touch down. However, heavy rains sent rivers in Missouri racing, and roads near Walnut Shade, Mo., and Tolla, Mo., were closed.

Lightning hit and toppled the steeple of a church in Joplin, Mo., some cars were stranded on a nearby highway by water 8 to 10 inches deep. About two inches of rain fell in the Joplin area in two hours.

Heavy Rains Recorded
In Kansas, a twister damaged three houses at Radley, and smashed outbuildings. One twister (See TWISTERS, Page 3)

Six Killed in Auto, Trucks Chain Crash

NEWARK, N.J. (UPI)—A massive chain reaction collision of cargo trucks and passenger cars on the fog-shrouded New Jersey Turnpike early today killed at least six persons.

Police still were cutting through tangled wreckage in search of bodies. They said at least 10 other persons were injured, two critically.

The accident involved 14 trucks and three autos. Several hours after the crash state troopers found another truck buried under the other vehicles.

The crash scene was in the northbound lane of the high speed highway between interchanges 13 and 14 near Newark Airport.

"It was truck on top of truck on top of truck," said State Trooper Robert Behnke.

The dead and injured were taken to St. James Hospital in Newark and Elizabeth General and Alexian Brothers Hospitals in nearby Elizabeth.

State police identified the six dead, all truck drivers, as Charles L. Hatch, 32, of the B&I Diner, Richmond Hills, Ga.; Ronald Pike, Butler, Pa.; George Francis Smith, 30, 1425 Hogton Ave., Haurdale, Md.; George J. Anderson, 47, 107 Studer Dr., Grass Lake, Mich.; Vincent Sensei, Maiden Choice Lane, Baltimore, Md.; and Blake Saint-Marie, 34, 184 Cedar Crescent, Sarnia, Ont.

The crash scene was strewn with potatoes, produce, steel pipe, frozen fish, sheets of steel and mixed with oil.

Texas Sun Sends Temperatures Up

By United Press International
A blazing sun sent temperatures soaring in Texas again today.

It was hazy and hot in eastern, central and panhandle sections of the state. Skies were far elsewhere. Humidity made the weather sticky in the southern half of the state.

At dawn, temperatures were near the 80s in some areas. The mercury ranged from 56 at Amarillo to 78 at Corpus Christi.

Sunday, President in far Southwest Texas, had the nation's high temperature with 104 degrees. It was hot all over the state with Wichita Falls reporting only two degrees less than the Presidio mark.

Dalhart was the coolest spot in the state with a high of 84.

Most of the rest of the state had temperatures in the 90s.

Vandals Busy Over Week End

Three reports of vandalism were filed with police over the week end.

Mrs. Sally Rogers, 710 N. West, reported that late Saturday night someone twisted the knobs of her car radio, bent the directional light lever, broke a rearview mirror, and then unscrewed the electric bulbs from lights on the front porch of her home.

Police Sgt. Don Aycock said he discovered on his rounds early today that someone had jerked the receiver from a telephone in a public phone booth on the First National Bank lot, in the 100-block of W. Foster St. The receiver was carried off by the vandals.

Mrs. J. J. Crutchfield, 1003 Christine, reported that someone pulled up tomato plants in her garden and turned on the water and let it run at her home late Sunday afternoon.

Police said today they had taken into custody two boys, 11 and 13 years old, who admitted breaking into the home of Tom Phillips, 313 Perry St., and stealing a hunting knife and 50 pennies. The youths were turned over to juvenile authorities.

Top Rural Town Given \$550 Award

COLLEGE STATION (UPI)—Telephone, Tex., in Fannin County, today was named winner of the 1963 Texas Agricultural Extension Service Community Improvement award.

Reagan Brown, sociologist for the extension service, said Telephone will receive a check for \$550 for being named top rural community in Texas.

If it comes from a hardware store we have it, Lewis Hdwe. Adv.

Demonstrations Waiting Result of Meeting Today

JACKSON, Miss. (UPI)—City officials scheduled a meeting with Negro leaders today in a grievance session that may determine whether massive racial demonstrations will be staged in the Mississippi capital.

Antisegregation demonstrations had been planned for this past weekend, but were held in abeyance pending today's meeting at 4 p.m. EDT.

Medgar Evers, state field secretary for the National Association for the Advancement of Colored People (NAACP), said Negroes would hold a "mass meeting" Tuesday night, apparently to hear a report on the results of the grievance session.

Mayor Allen Thompson, who has vowed that segregation will be preserved here, invited 14 Negroes to the meeting and asked the city's two Negro ministerial groups to send two representatives each. Four of the 14 were chosen by Negroes at a civil rights rally last Tuesday.

Ministers Confer
A group of top Negro and white ministers also have begun conferring on the racial situation, but Thompson said the city administration has not sanctioned these conferences.

Evers also said he had not been advised of any conclusions reached by the ministers.

At Greensboro, N.C., Negroes halted their daily demonstrations over the weekend but told Mayor David Schenk they would be resumed this afternoon unless "some concrete, tangible, positive action on desegregation is taken." Schenk last week appointed a special "goodwill committee" to seek a solution to Greensboro's racial problems.

Other Developments
Elsewhere, there were these developments:

—A group of Negro organizations at Clarksdale, Miss., asked city officials for an audience to discuss racial problems. The Negroes threatened mass demonstrations if their request went unheeded.

—North Carolina Gov. Terry Sanford told Negro college graduates at Elizabeth City, N.C., that "racial intolerance cannot be ordered—no proclamation can do away with prejudices and discrimination."

—The Southern Regional Council in Atlanta called upon the south to end segregation in governmental facilities and businesses serving the general public.

Negroes planned a meeting in Richmond, Va., tonight to lay strategies for more antisegregation demonstrations against downtown theaters.

—The Montgomery Advertiser-Journal, starting today, will carry news of interests to Negroes in all editions instead of in separate editions.

Proposed Mid-East Union Wavers in Face of Doubts

'Only Miracle' Can Save Merger Plans

By RAY MOLONEY
United Press International

BEIRUT, Lebanon (UPI)—Syria and Iraq's apparent second thoughts on Arab federation today placed their proposed union with Egypt in serious doubt.

Both nations' ruling Baath socialist parties have given clear indications in recent weeks they are having misgivings about implementing the union plan reached in Cairo April 17.

An abortive attempt during the weekend to overthrow the Baghdad regime has heightened the difficulties.

Anti-Baath sources here said they believed "only a miracle" can now save the ambitious union plans which were to go into effect by September.

Fear Domination
Observers believe the Baath leadership is delaying movements toward union because of fears they would fall under the domination of Egyptian President Gamal Abdel Nasser, who would be the president of the new United Arab Republic (UAR).

They believe the Egyptian leader's demand that they form national front governments is only a cover for the eventual easing out of their party.

In recent tests between Baath and Nasser supporters in Iraq and Syria, the Baathists have won new strength.

Reports from Baghdad have said the weekend trouble was engineered by groups supporting Nasser. Earlier this month, serious rioting between Nasserites and Baath supporters broke out in Syria.

Nasser still enjoys strong support in his two potential partners, according to observers here, and the struggle is by no means considered over.

Cairo's semi-official Middle East News Agency (MENA) said Saturday night that 60 army officers and 120 civilians were arrested in Baghdad after they tried to overthrow Premier Maj. Gen. Ahmed Hassan Bakr.

MENA announced Sunday night from Baghdad that 10 retired army officers and two civilians were executed Sunday for resisting last February's revolution, which brought Bakr to power.

Engineers Ask To Continue With Urban Planning

Fowler & Grafe, Inc., Dallas consulting engineers, want to pick up where they left off nearly two years ago on Pampa's Urban Planning project.

In a letter to Mayor H. R. Thompson, Fowler & Grafe has asked permission to send a representative to Pampa to discuss the matter with the mayor and city commission members at their earliest convenience.

The Dallas consulting engineers were awarded a contract in March of 1960 to prepare a "Comprehensive City Plan" for projecting Pampa's growth and development needs for the next 20 years.

Work on projecting the city's needs as far as 1980 started in November of 1960.

The first of what was to be nine interim reports was submitted to the city on March 21, 1961. Subsequent reports were submitted June 20, 1961, and August 29, 1961.

The City Commission cancelled the contract without prejudice on August 29, 1961. Commissioners objected to a federal grant which would have paid half the cost of the project.

In the letter to Mayor Thompson, Richard C. Pierce, chief engineer for Fowler & Grafe, stated that he thought "the minutes of the August 29, 1961 and November 14, 1961 commission meetings will show that it was the intention of the last administration to complete Pampa's City Plan."

Pierce stated that he thought this should be done since "little can be gained from half a plan."

Pierce also asked the present city commission to take action on the balance of \$2,019.53, which he says the City still owes the State Health Department for work done (See ENGINEERS, Page 3)

SIGNING UP FOR SUMMER EMPLOYMENT—Kenneth Johnson, left, and Barbara Johnson, center, are shown instructing Linda Francis as to what should be filled in on the application blank for summer youth employment. Approximately 75 youths were at the Youth Center when the program opened this morning. The office will be open from 8 a.m. till noon, and from 1 p.m. to 4 p.m. each day for those wishing to take advantage of the employment service. (Daily News Photo)

Parties Eyeing Possible 1964 Convention Sites

WASHINGTON (UPI)—Both political parties are reported eyeing San Francisco as a strong contender for their 1964 presidential conventions, but neither will make its choice until next month.

The Democrats were said to be leaning toward San Francisco and Atlantic City, although party leaders still are awaiting a firm offer from Chicago.

Chicago already appears to be the strongest rival of San Francisco for the Republican meeting.

Neither party has ruled out any bidding cities, however. Detroit, Philadelphia and Miami Beach are still in the running for both conventions, while Baltimore has made a bid to the Democrats and

Dallas is seeking the GOP meeting.

Meet in June
The Republican decision will be made by the party's national committee when it meets June 21 in Denver. The Democrats plan to meet in Washington June 25 to make their site selection.

Cooling of relations between the Kennedy administration and the Cuban refugee groups in Florida was reported to have caused the Democrats to lose interest in Miami Beach. Racial tension in the South also discouraged them.

Atlantic City has transportation problems because its airport is unable to handle jet planes. The Democrats have found, however, that a nearby jetport could accommodate special flights.

The Republicans expect to hold their convention well ahead of the Democrats because the GOP is not renominating an incumbent president and will need more time to build up its candidate. GOP leaders want their convention to start July 13, 1964, or July 20, 1964.

The Democrats, who undoubtedly will renominate President Kennedy, plan a mid-August convention.

A Republican leader said Sunday that Sen. Barry Goldwater of Arizona had "more hard support than anybody" for the GOP presidential nomination but no contender had it sewed up.

Singer Weds In Surprise Ceremony

REDLANDS, Calif. (UPI)—Television star Dinah Shore was married Sunday to Palm Springs, Calif., contractor Maurice F. Smith—only two days after the blonde singer picked up the final divorce papers from her first marriage.

The wedding, attended by Miss Shore's two children, was as much a surprise to her friends in Hollywood as her separation from actor George Montgomery in December of 1961.

The couple refused to say where they would honeymoon, but Smith said they probably would spend a week driving through northern California.

The quiet civil ceremony was performed at the home of Superior Judge Joseph Ciano here. Besides Miss Shore's children, Melissa Ann, 15, and John David, 10, others attending were Smith's two sons, Dexter, 12, and Dana, 5.

Melissa Ann was maid of honor and Dexter was the best man.

"I hadn't thought of getting married this soon," the 45-year-old singer said, "but it was a woman's prerogative to change her mind."

Senators Urge Partial Ban Agreement

WASHINGTON (UPI)—Thirty senators joined today in a proposed resolution urging that the United States seek an agreement with Russia to ban all atmospheric and underwater nuclear tests.

The group included some lawmakers with differing views on the U.S. proposal at Geneva for a comprehensive nuclear test ban treaty, which also would cover underground testing.

Sen. Thomas J. Dodd, D-Conn., offered the proposal. He has been a critic of the U.S. proposal. Listed as principal co-sponsor was Senate Democratic Whip Hubert H. Humphrey, Minn., a champion of the administration's proposal.

In separate statements prepared for Senate delivery, Dodd and Humphrey said a proposal to ban atmospheric and underwater nuclear tests would avoid the controversy over detection of underground tests and the right of on-site inspection since underwater and atmospheric tests could be readily detected.

The case was appealed to the Supreme Court by a group of Negroes.

The city relied on a 1955 Supreme Court school decree, which said Negroes should be admitted to white schools "with all deliberate speed." They said this "gradual desegregation" could apply to the city's parks.

Today's ruling was applied only in the Memphis case.

Goldberg said Boyd had "undoubted discretion" in the fashioning and timing of "equitable relief" but declared that under the facts of the Memphis case this discretion was not "called in to play."

"Rather, affirmative judicial action was required to vindicate plain and present constitutional rights," the opinion asserted. "Today, no less than 50 years ago, the solution to the problems growing out of race relations cannot be promoted by depriving citizens of their constitutional rights and privileges."

Oilman Found Dead in Home

MIDLAND (UPI)—Byron L. (Barney) Francis, 44, prominent West Texas oilman, was found dead in the bathroom of his home Sunday by his wife.

He had been shot through the left chest with a 30.06 rifle.

Francis was assistant division manager of Texaco for a large part of West Texas and New Mexico. He was the father of three children.

Peace Justice David M. Ellis withheld a verdict pending an investigation.

Emmy Awards Go to Veterans

HOLLYWOOD (UPI)—Shirley Booth and E. G. Marshall, two old pros from Broadway, shared television's top awards today as the best actress and actor of the 1962-63 season.

Miss Booth and Marshall both won Emmys at Sunday night's 15th annual awards presentations as the best performers in regular series. It was the second year in a row for both stars.

The middle-aged actress won her golden statuette for her role as the dutiful housemaid in "Hazel." She won a motion picture Oscar in 1952 for her performance in "Come Back, Little Sheba."

Marshall's second straight triumph resulted from his portrayal as the straight-laced defense attorney in the highly rated "The Defenders" series.

Best Performers
Another Broadway veteran, Kim Stanley, won the best single performance Emmy for her role as a drug-addicted lawyer in a two-part segment of the "Ben Casey" series titled "A Cardinal Act of Mercy."

English star Trevor Howard was voted the Emmy for best single performance by an actor for his title role in "The Invincible Mr. Disraeli" which was beamed as a segment of "The Hallmark Hall of Fame."

But it was a documentary, "The Tunnel," which carried away the best program of the year award—as well as best documentary laurels.

A grim and true account of the digging of an escape-tunnel from East to West Berlin beneath the

infamous wall, "The Tunnel" actually was filmed during the event itself. The controversial show was delayed in being televised for two months because of the Berlin crisis.

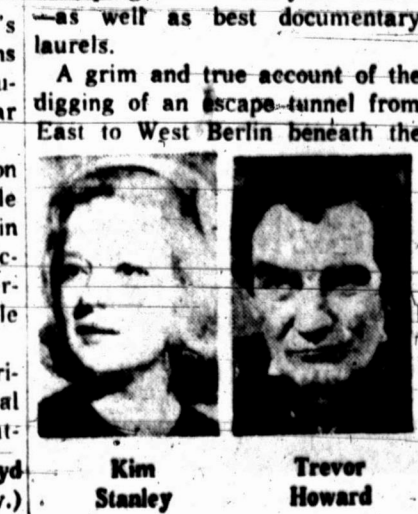

Sunday night's awards were presented to star-studded audiences in New York's Hotel Americana with Arthur Godfrey as host, in Hollywood's Palladium with Joey Bishop in charge, and in the Sheraton-Park Hotel in Washington, D.C., with Chet Huntley at the helm.

One of the most popular awards was to Carol Burnett, who was voted the best performer in a variety or musical program for her appearance in "Julie and Carol at Carnegie Hall."

"The Dick Van Dyke" show was voted best comedy program (See AWARDS, Page 3)

Court Rules Against Gradual Integration

WASHINGTON (UPI)—The Supreme Court today ruled against a gradual desegregation plan for parks, libraries and museums in Memphis, Tenn.

Confining itself to the Memphis case, the court held that the city should desegregate its facilities promptly.

Justice Arthur J. Goldberg made the decision for a unanimous court. The federal courts in the past have approved gradual desegregation programs for schools.

Federal District Judge Marion Boyd approved the Memphis recreational plan on June 20, 1961. A year later, the 6th U.S. Circuit Court of Appeals upheld him.

The city said it developed its plan to avoid violence and general disruption of playground programs. The 6th Circuit noted that the chief of police said his men could not control the situation if all facilities were desegregated at one time.

City Criticized
But Goldberg said "Since the city has completely failed to demonstrate any compelling or convincing reason requiring further delay in implementing the constitutional proscription of segregation of pub-

Television In Review

By RICK DU BROW

HOLLYWOOD (UPI) — Sunday night's Emmy awards show on NBC-TV, despite its flatness, offered one gorgeous moment of justice. Out came three of "The Beverly Hillbillies" cast, tastelessly in costume, to take part in handing out the prizes for best comedy—and none of the awards went to their series.

The Dick Van Dyke Show, instead, captured the Emmys for top comedy program, writing and direction. And there was high irony in the fact that the "Hillbillies," whose series is built around the way they outskicker city folks, were by all odds the ones who appeared the most ludicrous when faced by the real-life situation. "Hillbillies" executives already have adopted the posture that "nobody likes us but the people," and you know the intelligence level of that argument.

Sunday night's audience of industry people seemed rather embarrassed when the "Hillbillies" came out, and it is significant that there should be such a feeling toward television's most commercially successful new show. Unwittingly, in fact, the awards turned out to be a severe indictment of the quality of the new series shows that were offered by the networks in the entertainment field this season. For instance:

The top comedy program, the Dick Van Dyke Show, and the choice for best drama, "The Defenders," are not newcomers. Nor are those chosen as best actor and actress in a series, E. G. Marshall of "The Defenders" and Shirley Booth of "Hazel."

It was nonsense that the Andy Williams show should be selected as best variety program; it should have been that good, but never was. And it is equal nonsense that the Carol Burnett-Julie Andrews special, "Julie and Carol at Carnegie Hall," was named best music show; the way to get ballots of New York Television Academy members is to give them a chance to vote for something smacking of prestige, and nuts to the content—or the fact that the commercials sold tea from a box in Carnegie Hall. It is snob voting by those lacking the qualifications of snobs.

Incidentally, the Emmy show started with brief, charming, pre-empted remarks from a British Broadcasting Corp. (BBC) man via a satellite. After that, it was all downhill. The BBC should have handled the whole thing.

The Channel Swim: Oscar winners Broderick Crawford and Ed Begley appear with Jack Kelly in the return of NBC-TV's summer "Mystery Theatre" June 19 in an insurance drama... Same network's "Show of the Week" offers a June 16 documentary about San Francisco police work. CBS-TV's summer replacement series for Garry Moore, a musical variety show starring Keefe Braselle, kicks off June 25... Regulars on the program include ex-

Among Baylor University students who received their Bachelor of Business Administration degree at spring commencement Friday was Jimmie Warren Horner, son of Mr. and Mrs. C. J. Horner of Skellytown. Horner majored in Management and minored in general business.

Kay Layne, daughter of Mr. and Mrs. E. L. Layne 1610 Coffee, is a candidate for a Bachelor of Arts degree in Architecture from Rice University where she is on the President's Honor Roll. Commencement exercises are to be held Saturday, June 1. Miss Layne will return to Rice in the fall for a year of graduate work.

Mr. and Mrs. J. T. Crawford Jr. and their daughters Diana and Jamie of Bay City are visiting with Mrs. Crawford's parents, Mr. and Mrs. Jack Prather of Pampa. Jack W. Prather, son of the Prathers, is also visiting his parents. The Crawfords plan to visit his parents in Skellytown.

The Democratic Club of Gray County will meet at 7:30 p.m. tomorrow in the Gray County Courtroom for a planning session. The teenage democratic organization has been invited to meet with the adult group.

Irven Worden of 703 S. Ballard, has been transferred to the Dallas Veterans Administration hospital from Amarillo, where he has been since Dec. 4, 1962.

MANY GET VACCINE
DALLAS (UPI)—Type III polio vaccine was administered to 616,000 Dallas County residents Sunday in the second and last week end of the type III vaccine drive.

Obituaries

Glen Culverhouse
Word has been received of the death of Glen Culverhouse, former Pampa resident and employe of Sinclair Oil Co.
Mr. Culverhouse died Tuesday, May 21 at his home in Richland, Washington.

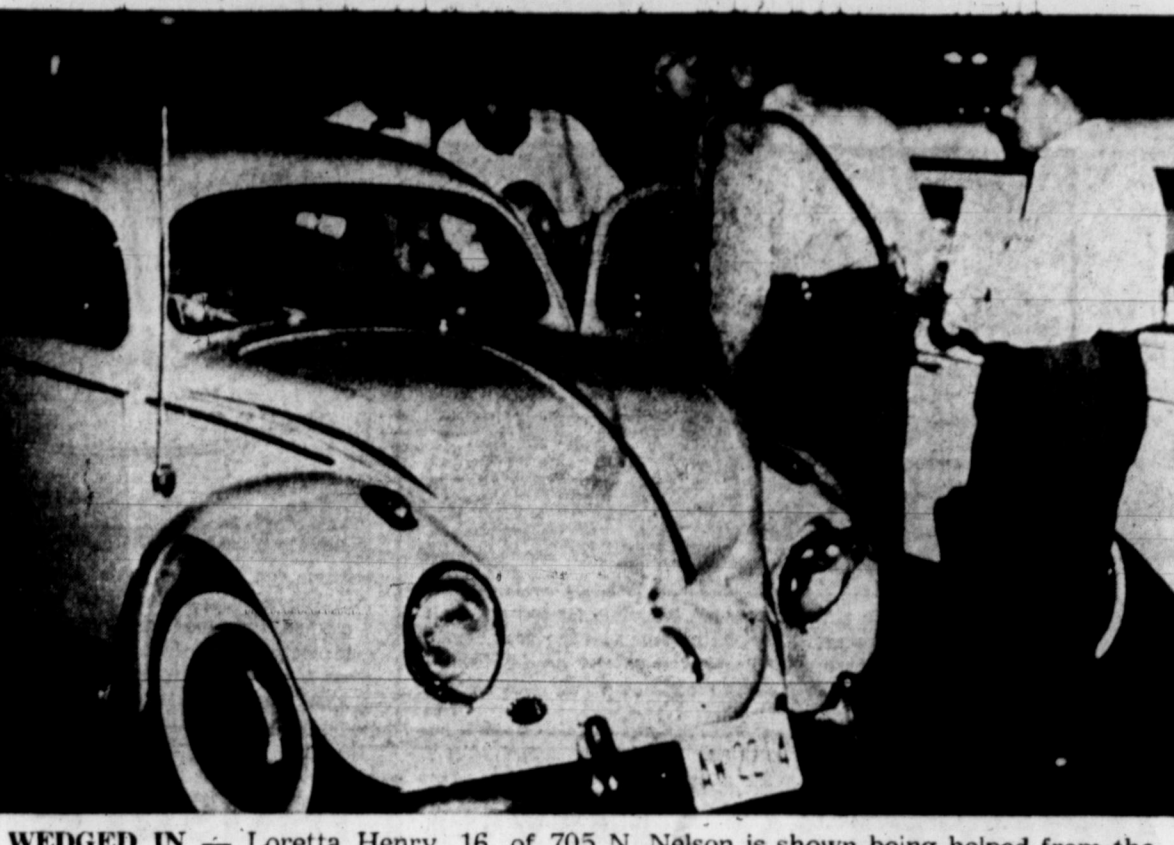

William Hansford Cooper
William Hansford Cooper, resident of Pampa since 1937, died suddenly at his home at 6:30 p.m. Sunday.

Mr. Cooper was born Aug. 2, 1887 in Tennessee. He was a member of the First Baptist Church.
Survivors include six sons; Eugene, who is in the Armed Forces in Berlin; Billy Ed, Weisbaden, Germany; Oren, and William Jr., both of Dallas; Theodore of San Antonio; Marvin of Pampa; two daughters, Mrs. Ruby McCalley and Mrs. Lucille Hill, both of Plano; three sisters, Mrs. Dora Watson, Mrs. Ona McCormick and Mrs. Carrie Watson, all of Mansfield; three brothers, Cambelle of Otis of Lake Jackson; twelve grandchildren and five great-grandchildren.

Funeral services are pending the arrival of the sons from Germany, with Duenkel - Carmichael.

Lottie S. Ochiltree
Funeral Services for Mrs. Lottie S. Ochiltree, 615 N. Gray were scheduled at 3 p.m. today in the Duenkel - Carmichael Funeral Chapel with the Rev. Glyn Adair officiating.

Mrs. Ochiltree died at 8:25 a.m. Sunday in Worley Hospital.
She was born July 9, 1889 in Arkansas City, Kansas, and has lived in Pampa since 1933.
Mrs. Ochiltree was a member of the First Christian Church of Pampa.
Survivors include two nieces, Barbara Zigler of Pampa and Mrs. L. A. Gilles of Abilene.
Funeral services will be held at 3 p.m. today for Frank Keehn, former Pampa business man, who died this weekend.
The Keehn's home address is 105 Alamo Drive, McGregor.

WEDGED IN — Loretta Henry, 16, of 705 N. Nelson is shown being helped from the car she was driving in a collision that occurred at 800 W. Foster about 8 p.m. Saturday. Miss Henry was pinned under the steering wheel of her car after the brackets holding the seat were severed from the frame.

Damage Caused By Boxcar Blaze

The Pampa Fire Department was called out yesterday at 3:25 p.m. to extinguish a fire behind the Food Center, 400 S. Russell. The fire took place in a boxcar which is used as a storage place. Firemen reported heavy damage to the wall of the car, but no damage reported to anything stored in the car. The cause of the blaze was unknown.

Cemetery under the direction of Duenkel - Carmichael Funeral Home.
Frank Keehn
Services were planned in McGregor today for 3 p.m. for Frank Keehn, former Pampa business man, who died this weekend.
The Keehn's home address is 105 Alamo Drive, McGregor.

Twisters

(Continued From Page 1)
chopped along the ground south of the Hutchinson airport, and others were sighted near Harvey, Newtop and Whitewater.
Scattered showers fell early today from Montana to Iowa into the Ohio Valley and Florida. Lightning illuminated the skies in Colorado, Florida and Montana.
The temperature rose to 102 at Wichita Falls, Tex., Sunday, breaking the old record of 99 set in 1953.

During the weekend, nearly five inches of rain drenched parts of Arkansas in 24 hours. About three inches fell at Jackson, Tenn., Tupelo, Miss. and Wichita, Kan.
A tornado swooped down on Rose Hill 12 miles southeast of Wichita and injured three persons when it smashed a trailer court.

Three Girls Hurt In Auto Accident

Three girls suffered slight injuries in an automobile collision in the 800-block of W. Foster St., shortly after 8 p.m. Saturday.
In the collision were cars driven by George R. Shelton, 16, of 1108 Terrace, and Loretta Carol Henry, 16, of 705 N. Nelson.

Police said Shelton's car was hit from the rear when he attempted a left turn into Purviance St. Miss Henry was driving a Volkswagen which collided with Shelton's car, police stated.
The Henry girl and Viki Lash, 1124 S. Sumner, and Donna Petty, 1032 Huff Rd. passengers in the Volkswagen, suffered slight bruises and cuts, according to the police report.
Miss Henry was given a ticket for following another car too closely. Damage to both cars was estimated at \$225.

Jury Returns 11 Indictments

Eleven indictments were returned Friday as the grand jury completed the business for this session.
The following indictments were returned: Earle Foster Jr., theft; Joe David Newman, DWI, second offense; Peggy Capitola Bird, DWI, second offense; William R. Hughes, DWI, second offense; Lester George Austin, forgery and passing; William Garnett Morse Jr. and Gerald Wayne Morse, acting together on a burglary; Jerald Douglas Lester, DWI second offense; Chester L. Johnson, DWI, second offense; Odie Steve Boles, DWI, second offense; L. D. Thompson, DWI, second offense and L. J. Armstrong, William Joel Hunnicutt and Carter Bobo Hunnicutt, acting together on the burglary of a coin operated machine.
The jury was adjourned at 1 p.m. Friday by 31st District Court Judge Lewis Goodrich.

Municipal Court Docket

James D. Ray, Box 1643, Pampa, improper passing at street intersection, guilty, fined \$200.
William T. Pierce, 214 E. Tuke, intoxication, guilty, fined \$25.
W. L. Robertson, Pampa, intoxication, guilty, fined \$30.
Abundio Moncha, 601 S. Gray, disturbing peace, guilty, fined \$10.

Oil and natural gas rank first in value of all mineral production in 13 states of the Union.

Commission Meeting Site To Be Moved

Pampa's City Commission will return tomorrow to its old meeting place on the first floor of City Hall.
City officials have decided to hold the meetings in the smaller room and move to the larger meeting place on the third floor only when overflow crowds are on hand, City Manager Harold Schmitzer said.
The large commission room on the second floor, accessible only by climbing a flight of stairs, was made available by the last city commission at an approximate cost of \$8,000. It is central, air-conditioned and has a public address system with individual microphones.
Workers were busy today readying the old commission room. A window air-conditioner was to be installed to cut down on the summertime heat in the room.

FATAL STAB WOUND

DALLAS (UPI)—Joe Louis Day, 27, died in Parkland Hospital Sunday night from a stab wound in the heart. Police questioned the man's wife about his death. Both are Negroes.

Awards

(Continued From Page 1)
and collected the best comedy writing and directing Emmys, too.
But the over-all winner of the evening was "The Defenders" with five awards, including the best dramatic show of the year. Other multiple winners were Walt Disney's "Wonderful World of Color," "The Tunnel" and "A Cardinal Act of Mercy."
Newsman David Brinkley was a double winner for his "David Brinkley's Journal" (best news commentary) and for the Huntley-Brinkley news report (best news program).

Engineers

(Continued From Page 1)
pleted up to the time of the contract cancellation.
The engineering firm says until the city pays this bill Fowler & Grafe cannot receive payment of \$5,930 from the state.
"However," Pierce wrote, "my purpose in writing to you is to urge you to allow us to complete the plan so that the City of Pampa may derive full future benefit from its guidance and value for money already spent."
The city commission will consider the Fowler & Grafe letter at its meeting at 8:30 a.m. tomorrow in City Hall.
The Conestoga wagon of pioneer days was named for the place where it first was made in Pennsylvania.

Relatives of Foreign Student Visiting Pampa

Mr. and Mrs. Carlos Prieto of Mexico City, uncle and aunt of Luisa Prieto, foreign exchange student from Spain, arrived in Pampa this weekend and will attend graduation ceremonies for Luisa and her classmates tonight.
Following the graduation, the Prietos will take Luisa for a 10-day stay in Mexico, after which she will return here to go back home with the other American Field Service students in the U.S. in a group.
W. A. Morgan, with whom Luisa has been staying for her year here, spent the morning showing Mr. Prieto around the Celanese Plant where he is employed, while Mrs. Morgan took Mrs. Prieto on a shopping trip.

Pampa Child Killed In Auto Crash Sunday

Robert King, 14-month-old son of Mr. and Mrs. Hilton King of 1311 N. Coffee, was killed in a two-car collision on U. S. Highway 181 about ten miles south of San Antonio at 7:20 a.m. yesterday.
The child and his parents were passengers in a car driven by Bobby Houchin, 33, of 1542 Williston.
Mrs. King was listed in critical condition this morning in a San Antonio hospital. King and Houchin sustained only minor cuts and bruises from the collision.
The driver of the second car failed to stop at the accident after forcing the Pampa vehicle into a ditch.
Sheriff's officers arrested a suspect shortly after the accident. They said he would be charged with failure to stop and render aid and driving while intoxicated.
Funeral arrangements are pending with Duenkel - Carmichael Funeral Home of Pampa. Survivors besides the parents include the grandparents, Mr. and Mrs. Floyd King of 809 N. Dwight.

Pontiff

(Continued From Page 1)
him day and night and forced to cancel Sunday's public benediction from his window. His doctors gave him blood transfusions and drugs to clot his blood.
Asks for Prayers
The Vatican appealed for prayers "that the Holy Father may soon be well" and issued relatively optimistic reports of his condition.

Engineers Set May Meeting For Today

The regular May meeting of the Panhandle Section of the National Association of Corrosion Engineers will be held today at Suphens' Barbecue in Phillips. There will be a social period at 6:30 p.m. followed by a barbecue dinner at 7. The charge will be \$2.75 per person.

W. C. Koger, with Cities Service Oil Company, will be the speaker for this meeting. He will give a talk on "Design of Water Systems for Corrosion Control" which will deal generally with the selection and installation of all the equipment normally required in a waterflood system. The talk will cover the tankage, water distribution lines and high pressure pumping.

Koger was graduated from the University of Arkansas in 1944 with a B.S. degree in chemical engineering. He joined Cities Service Oil Co. immediately after graduation and is currently chief corrosion engineer in the production department. He is active in technical committees of both the NACE and API, and is currently serving as chairman of the South Central region of the NACE.

Cary Grant Can't Explain Durability

HOLLYWOOD (UPI)—Cary Grant has had one of the longest records of movie stardom in Hollywood history and even he doesn't know why.

Grant has been in Hollywood 32 years. He wasn't a star all that time, but his record as a leading man is almost unmatched.

Many actors who were top-lined in movie theaters in his time have long since been sent down to movieland's minor league's.

That's not so with Grant. He still is a top-box office draw and attracts leading performers to work with him. In his last picture, "Charade," shot in Paris, Grant co-starred with Audrey Hepburn.

Grant recently returned from Paris. During lunch in the commissary at Revue Studios, a movie lot where he maintains an office, he discussed what some film folk call an actor's "durability," his ability to sustain popularity.

Nothing. And money has nothing to do with my pleasures. You can't buy pleasures.

"It took me a while to learn, but I've found out that all the cliches about kindness and tenderness winning out are true. That's why they've lasted so long—they're true."

He now applies that truth to himself and suggests that a change may come to the movie image of Cary Grant.

"Obviously I am now going past the romantic leading man as he is accepted," he said. "I must graduate to other forms of expression."

nothing. And money has nothing to do with my pleasures. You can't buy pleasures.

Hints for Happy Holidays

Some of the most striking scenery, photogenic views and best loafing sites on a vacation trip can be found on the back roads. But they can also be dangerous for the unwary driver. There's only one safe way to drive these roads—as if you were blazing a new trail.

(4) Blazing New Trails

Roads can be rough, high-crowned, sometimes rugged. Go slowly and keep a sharp eye out for hazards. Sharp turns often are unmarked. Crossroads and bridges appear without warning. Be alert for bicyclists, pedestrians, slow-moving vehicles, hidden driveways. If you find yourself in a parade of cars, pull off the road when you can and let the others pass.

CHECKLIST

- ✓ Drive as though you're blazing a new trail—slowly and carefully.
- ✓ Expect the unexpected: sharp turns, crossroads, obstructions.
- ✓ Watch for the slow-moving vehicles that use these roads heavily.
- ✓ Keep an eye on your fuel, oil and water supply. Don't depend on a service station being just around the next bend.

Safety Hints from the National Safety Council

Air Taxis Adding to Travel Pleasure

By MURRAY J. BROWN
United Press International

NEW YORK (UPI)—Jet planes span the continent in about six hours. Then the traveler often spends an hour or more—particularly in and around big cities—Last year members of the National Air Taxi Conference, based in 180 airports, flew 131,000 passengers more than 15 million miles on nearly 60,000 "calls"—or more than 150 flights per day.

Air taxi volume has increased steadily since 1954 when NATC organized individual operators into a single group that would uphold flight operational procedures and standards to the satisfaction of the Federal Aviation Agency and the scheduled airlines.

The principal reason for the steady growth in popularity, believes NATC President James Loeb, is two-fold:

"Passengers today are time-conscious as never before and if they can save an hour here or there, it makes traveling that much more pleasant."

"In addition, there are about 6,000 airports in this country, only one-tenth of which are utilized by the scheduled airlines. Air taxi op-

erators can make use of all and take passengers to the "off-line" locations that are not serviced by the major airlines."

Loeb, who is also president of the Air Taxi Company of Red Bank, N.J., is an ex-Navy pilot who spent 20 years flying both military and commercial aircraft.

His own fleet, operating in the New York Metropolitan area, has grown from 6 to 12 aircraft in five years and he is decidedly optimistic about the future of the air taxi services, especially since the advent of the jet age.

Rates for air taxi services are pretty much standardized across the country: 50 cents a round-trip mile for single-engine aircraft that carry three passengers, 80 cents a round-trip mile for twin-engine planes that carry four passengers. Most operators also offer special rates for heavily-traveled routes.

(For instance, Loeb's ATC charges \$18 per plane for shuttle service between Newark, LaGuardia and Idlewild airports. The cost for three passengers therefore comes to only \$6 per person.)

Air taxi services use the latest types of small aircraft, including Beech Bonanzas, Piper Apaches and Aztecs, and Twin-Boeches. Many also provide helicopter services.

Among the biggest boosters of the flying taxi service are the scheduled air carriers and travel agencies. Many air taxi operators have ticketing agreements with the airlines who will suggest the service when a passenger requests travel arrangements to an area 50 miles or more away.

Travel agencies see the air taxi as added convenience for vaca-

tioners eager to spend as much time "on the spot" and as little time as possible getting to and from their destinations.

And more and more travelers on pleasure and business trips are taking advantage of the air-age public transportation service.

There is a way to beat the crush-flying taxis.

Air taxi services are available in all 48 continental states, Hawaii and Alaska at major air terminals and suburban and rural airports.

And more and more travelers on pleasure and business trips are taking advantage of the air-age public transportation service.

There is a way to beat the crush-flying taxis.

U.S., Britain Plan Letter To Khrushchev

WASHINGTON (UPI)—The United States and Britain were working Saturday on a letter to Soviet Premier Nikita Khrushchev proposing a series of high level meetings in Moscow in an attempt to break the Geneva nuclear test ban deadlock.

There was no question of a summit meeting, but rather a series of conferences among Western and Soviet scientists and top diplomats.

The object is to convince Khrushchev that more important than the number of on-site check-proof inspections is the way in which the inspectors would be allowed to carry out their work.

Authoritative sources said Khrushchev recently had written President Kennedy and British Prime Minister Harold Macmillan rejecting U.S. and British efforts at Geneva to drop for the same being the question of the number of on-site inspections. Instead they wish to concentrate upon the rules and regulations that would govern the carrying out of the inspections.

Both Kennedy and Macmillan are understood to feel that the Geneva negotiations are stalling largely because their point of view is not being adequately explained to Khrushchev and the Soviet hierarchy as a whole. Hence, they are planning to propose the Moscow meetings.

Just when the letter will be sent is uncertain. There is a feeling that Khrushchev is preoccupied with other matters and is unlikely to be prepared to consider the new approach until his meeting with the Red Chinese in Moscow July 5.

The problem therefore is for Britain and the United States to keep the test ban door open, at least until that meeting is out of the way.

There is some urgency about getting the meetings under way shortly, however, as Britain and the United States are anxious to try to reach an agreement before the Russians resume nuclear testing in the atmosphere. There have been suggestions recently that Russia is likely to resume tests in August.

Slacks in Many Hues Feature Golf Clothes

By WALTER LOGAN
NEW YORK (UPI) — One of our more leisured friends who has been spending some time on the winter-golf circuit is back in town with a report on what the pros have been up to in the way of setting fashions for next summer's duffers.

First and foremost, he noted, is the use of increasingly brighter colors in golf slacks with red becoming almost as popular as the sand color of yesteryear, followed by a rainbow burst of pastels with "high visibility."

Many golfers stuck to one-pleat slacks to give a little more freedom but the trend was toward pleatless slacks which were slimmer and narrower and without cuffs. Most were self-belted and a few galleries wore black in the Gary Player tradition.

Another noticeable trend was toward the increased use of golf shoes with kilties or ghillies, the fringed flaps which fall down over the front of the shoes. Player, in his usual basic black, wore a spectacular black and white pair with pointed toes and a ghillie so long it flapped in the breeze.

In the galleries the loafer-type shoe was by far the most popular with new variations. Some had ghillies but the most noticeable trend was toward large perforations for decoration. Moccasin type with tassels again were a favorite. There were some black and white and solid whites.

The alpaca high button cardigan, sometimes fastening cadet-style at the neck, has become a sort of uniform, supplanting the traditional cashmere V-neck pullover which for many years was the mark of the well-dressed golfer. The alpaca cardigans were made with very full sleeves and ordinated — or contrasted — in color and design with an action-knit knitted shirt.

More players appeared to be wearing solid color knitted shirts than the spectators who stuck to what the clothing industry calls "cut and sewn" sports shirts in soft colors, neat prints and light shades, often in a dacron and cotton blend known as Decton.

the dacron and cotton blend on a hot summer day was so popular that one firm, Arrow, used it for its entire line of sports shirts and knitted jackets in its tournament collection.

The knit shirts mostly were designed specifically for golfers with inserts and gussets and what have you built in to give plenty of room for a full swing. Many were sharply tapered to fit snug around the waist with looseness around the shoulders. Colors ran the gamut. Madras plaids apparently regained a lot of their faded popularity and turned up in sports shirts, sports jackets, walking shorts and slacks.

Rainwear lacked the brilliant colors of the yachtsmen but they were enough to show what's wrong with the average raincoat. It was often a combination of a light-weight, wet-proof action-cut and well-ventilated golf jacket with wet-proof pants that kept the legs dry.

And our informant? We asked what he was wearing when he pulled out of Augusta and he replied: "It sounds more like a meal. I had on oyster pants, olive shirt and mustard cardigan."

Merger Plans Are Cancelled

OKLAHOMA CITY — D. A. McGee, president of Kerr-McGee Oil Industries, Inc., and J. H. Dunn, president of Chicago Mill and Lumber Company, today announced that the directors of the two companies had determined that the proposed merger of the two companies could not be timely accomplished and therefore voted to terminate and abandon the proposed merger.

WASHINGTON (UPI) — The Commerce Department estimated Friday that retail sales for the week ending May 18 totaled \$4.7 billion — about 3 per cent lower than the previous week's level. Sales are still running about 2 per cent higher than for the same week in 1962, the department said.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

Dear Abby....

Kennedy-Look For Summer Is Burlap

By ABIGAIL VAN BUREN

DEAR ABBY: Could you please tell me what is the matter with the fashion world today? I am planning to be married this summer. I have been all over town trying to find a dressy fitted suit in which to be married and there is not one to be had. Everything I have seen has a short boxy jacket, which is too sporty. Now I am not criticizing Mrs. Jackie Kennedy, because she looks good in short boxy jackets, but why does every woman in the country have to dress like Jackie Kennedy? I am sure I am not the only woman who feels this way. I admire her, but I don't want to dress like her. I will get married in a burlap dress before I buy one of those boxy suits. Please, Dear Abby, come to our rescue and get the fashion world on the ball so we can have a variety of styles to choose from.

DEAR ABBY: I am 18 and have been going with this guy four years. We planned to be married in June but he got his papers to take a physical and, after 21 days, they can draft him any time. I want to get married, stay home and work until he's out of boot camp, save the allotment checks and then join him when he gets stationed. He wants to wait two years and then get married. I say if he loves me as much as I love him, he'll marry me now. It's not a money problem. He has a big sum in the bank. What do you advise me to do? Please print this. Many of my friends are having the same trouble.

DEAR ABBY: I am the treasurer of the 11th grade at my school and I sort of lost \$42.69 and I don't know what to do. Could you please give me some advice?

Worthwhile Home Demonstration Club Has Luncheon In Home of Mrs. Smith

Worthwhile Home Demonstration Club met Tuesday morning in the home of Mrs. O. G. Smith, 1904 Oklahoma, during which members made 18 pillows for Twilight Acres.

Mrs. Roy Tinsley, president, presided during the business meeting, which opened with roll call answered with "My Favorite Flower Arrangement."

Mrs. O. B. Smith was nominated as Worthwhile Club's nominee delegate to attend the Texas Home Demonstration Association's convention in September. The County HD Council will make the final delegate selection.

Mrs. Boyd Brown was elected to fill the vacancy of the office of secretary following the resignation of Mrs. C. B. Rogers.

A gift of a money corsage was presented to Mrs. Monty Cotter, who has moved to Borger.

Luncheon was served during the noon hour.

Attending were Mmes. Boyd Brown, Lester Reynolds, J. L. Carlton, N. L. Welton, Roy Tinsley, Pearl Ferguson, W. G. Kinzer. Guests were Miss Lou Ella Patterson, Gray County Home Demonstration agent, Mrs. Monty Cotter, Mrs. Ray Robinson and Mrs. Nat Lunsford.

The next meeting will be June 7 at 9:30 a.m. in the home of Mrs. Roy Tinsley, 2901 Christine.

GETTING READY to dive into next year's Pampa Garden Club work are the new officers pictured beside the Coronado Inn pool following an installation luncheon. Seated right to left, Mmes. Myron Dorman, president; Milo Carlson, first vice president; Floyd Watson, second vice president; A. J. Mitchell, corresponding secretary; W. E. Hinton, parliamentarian; standing left to right, Miss Lou Ella Patterson, installing officer, Mrs. Joe Griffin, historian and Mrs. Lee Harrah, treasurer.

Mrs. Dorman Installed President At Pampa Garden Club's Luncheon

The Pampa Garden Club held its annual spring luncheon and installation of officers in the Starlight Room of the Coronado Inn on Monday.

Miss Lou Ella Patterson, Gray County home demonstration agent, installed the eight new officers briefly on the values of cooperation.

Officers installed were Mmes. Myron Dorman, president; Milo Carlson, first vice president; Floyd Watson, second vice president; Lee Harrah, treasurer; Owen Gee, recording secretary; A. J. Mitchell, corresponding secretary; Joe Griffin, historian and W. E. Hinton, parliamentarian.

Mrs. James McCune was presented with the Garden Clubber of the Year Award for her outstanding work on the beautification and service to the club with special recognition for her landscape design of the shelter in Aspen Park.

Mrs. Kenneth Osborn, president of the Pampa Council of Garden Club and president of the Top of Texas Garden Club and Mrs. Doris E. Wilson, Pampa Daily News Women's editor, were honored as guests. Mrs. Wilson was presented with a Rex Begonia plant in appreciation for the many courtesies she has extended the Garden Club in past years.

Luncheon tables were appointed with sprays of Honeysuckle, Tussy Musseys of Sweet William and Colombine alternated with arrangements of Bells of Ireland and Red Snapdragons.

Luncheon hostesses were Mmes. W. R. Campbell, W. E. Hinton, E. W. Hogan, Walter Purviance, Bob Miller and Floyd Watson.

MATURE PARENT

Are you the outdoor type who just can't wait till your family can find healthy togetherness around the barbecue grill in the back yard?

Then your season of the year is descending upon us. And it's being heralded, as usual, by enticing articles and beautiful pictures in all the home magazines — and even in other magazines.

What the enthusiastic authors fail to mention in their eulogies to fresh air and the rustic cuisine are such things as:

- The neighbors' children. An outdoor party, in the average neighborhood, attracts kids like a display of fireworks. There goes that wonderful privacy that, according to the home magazines, is so easily achieved in outdoor living.
- Uninvited guests from the insect world. In the tempting articles about outdoor living, there is never any mention of flies, mosquitos, chiggers and the like.
- The little chore of getting food outdoors, and all the equipment back in.
- The hosts' and hostesses' own children. There seems to be something about outdoor entertaining that brings out the Tarzan in even the best-behaved children.
- The weather. Plan a party too big for your living room in the fond hope that you'll be able to have it in the yard, and you've done your utmost to break a drought.

And if there is ever a more harried hostess than the planner of a would-be lawn party, trying to have an indoor picnic for a hungry hoard, you should nominate her for Harried - Hostess - of - the - Month.

Mrs. Whatley's Students In Spring Recital

Mrs. Calvin Whatley presented piano students in Spring Recital on Sunday afternoon at two o'clock in the First Baptist Church.

Solos and ensemble numbers were presented by the following students: Chris Kouri, Sherry Kouri, Marsha Robertson, Stanley Channell, Harvey Channell, Frank Henderson, Debbie Weidler, Karen Gikas, Burton Turner, Duane Cox, Judy Cox, Lark Doley, Daryl Nensiel, Janis Arndt, Steve McDaniel, Kay Fort, Brad Snell, Viki Robertson, Nancy Holt, Debbie Allen, Renee Allen, Gay Allen, Craig Snell, Randy Land and Ricky Land.

Jewel Service For New KA Pledges

The Kappa Alpha Chapter of Epsilon Sigma Alpha Sorority conducted the Ceremony of the Jewels for the pledges and installation of officers Sunday afternoon in the Citizens' Hospitality Room.

Mrs. James Frazier, president, was in charge of the ceremony for pledges, Mmes. Lewis Epps, J. L. Bain, Dale Haynes, Sid Harrison and Bill Stephens.

New officers, installed by Mrs. Bob Miller, were Mmes. Wayne Rogers, president; Charles Beard, vice president; Dale Haynes and Felix Fisher, corresponding and recording secretaries; T. B. Rogers, treasurer and Howard Cruise, educational director.

The serving table was appointed with a Royal Blue cloth centered with a gold candelabra and a cake made in the shape of an open book with "ESA" inscribed in gold across the pages.

Hostesses were Mmes. T. B. Rogers and Ira Bewley.

Mrs. James Goodnight was welcomed as a guest by the 18 members attending.

May Dinner Meet Held By Auxiliary

DMF Auxiliary of Cities Service Gas Co. entertained with a Mothers' Day dinner on Tuesday evening in the dining room of the Pampa Hotel with Mmes. R. E. Paxson, J. W. Gambill, and Homer Scherer as hostesses.

Each guest was presented with a rose corsage. Arrangements of roses centered the dining tables.

It was announced that the auxiliary will serve as hostess at Senior Center in October.

Mrs. Joe Hood was welcomed as a new member.

During the evening, musical selections were provided by Cheryl and Chris Brandon; Karol and Kirk Vann, Matt Satterwhite and Marilyn Giblin.

Attending were Mmes. Ray Sutton, Sam Goodan, L. C. Wassell, Hupp Clark, Bob Brandon, M. A. Vann, C. L. Satterwhite, Jack Becker, James Bowen, Leo Casey, Ed Wiens, Charles Tate, Leon Brown, Ernie Mesneak, Glenn Giblin, and Dave Kerns.

Pioneer Club Has Morning Brunch

The Pioneer Club of White Deer met Thursday for a nine o'clock brunch in the White Deer Methodist Church dining room with 14 members attending.

Hostesses were Mmes. Mae Coffey, E. F. Tubbs, Byron Hodge and Fannie Skaggs.

Mrs. Hodge was welcomed as a new member.

Table appointments were floral arrangements of garden flowers.

Mrs. R. A. Thompson presided during a brief business meeting. The club has adjourned its activities until Aug. 15.

Membership in the Electoral College is determined by each state choosing as many electors as the total number of its senators and representatives.

CLASSIFIED ADS GET RESULTS

Senior Center Corner

By MRS. O. A. WAGNER Senior Citizens Center

When I asked for news for this column, everyone mentioned the rain and hoped more would come. Most of the folks were wearing sweaters and enjoying them at the Center Thursday. We never turn the furnace off until the middle of June; have seen it this cold in June many times. That is one nice thing about the Panhandle, it never stays hot for long.

Was good to see Mr. Patton out Thursday. He does not get out to the Center often any more.

Mr. and Mrs. Demoss spent the weekend with their son, J. C. Demoss and family, in Holiday, Tex. and also visited a brother and family, W. G. Demoss at Possum Kingdom.

Mrs. Myrtle Enloe is co-chairman of the flower committee and will be glad to see that no one misses flowers or cards when ill, while Mrs. Norris is recuperating from her recent illness. If each one is asked to consider it their duty to notify her when some member is ill.

Mrs. Lida Ramsay spent last week in Amarillo her daughters, Miss Ruth Ramsay and Mrs. Sam Hassell and family.

Mrs. Ollie Daniel brought her daughter, Mrs. Bodey this week come often Mrs. Bodey!

Mrs. A. McClendon brought her sister, Mrs. D. M. Thomas of Albuquerque, N.M. with her this week. This was Mrs. McClendon's first visit to the Center, and we hope she will become a regular.

J. Flanagan announced that since next Thursday is Memorial day, there will be no meeting until the first Thursday in June, which will be the 6th.

Here is a message from Uncle Billy Frost: "Uncle Billy Frost is lost, trying to escape J. Edgar Hoover." (Editor's Note: Mrs. W., think this needs to be decoded a bit).

Mrs. Catherine Osborne, 405 N. Lefors, has as her house-guest this week her sister, Mrs. J. D. Lowe of Weatherford. Mrs. Osborne brought her to the Center this week.

STOP IN POLAND

LONDON (UPI)—Labor party leader Harold Wilson and Patrick Gordon Walker, a labor official who would be defense minister in a Labor government, will visit Polish Communist leader Wladyslaw Gomulka in Warsaw next week on their return from a June visit to Moscow, it was announced Saturday.

A new member this week is Robert Sims. Always glad to see new members coming out.

Mrs. Lillian Brunelle was with us after a short illness.

Mrs. Cora Yates was back with us after a visit over Mothers' Day with her son, Frank Yates and family, in Cheyenne, Wyo.

Mrs. W. Roane of Amarillo came with her son-in-law, Jerry Torvie, to the Center this week. Always glad to have her with us.

Man describing his wife's cooking: "She's the fastest thaw in the East."

Mrs. Mollie Hethcock is visiting her niece, Mrs. Winnifred Morris in Turpin, Okla. and will remain for the graduation from high school of Mrs. Morris' son, Mrs. Morris drove to Pampa Tuesday to pick up her aunt.

Mr. and Mrs. J. C. Mosley spent last week end in Amarillo with their daughter and husband, Mr. and Mrs. Cleo Vaughn.

Epsilon Sigma Alpha Sorority were hostess at the Center on Thursday, represented by Mmes. Roy Maulé, Wilma Caldwell, Jay Crouch, Ruth Hogan, Welby Parish, who served sandwiches, cookies and coffee.

Altrusans assisting were J. A. Flanagan, Mable Hukill, Lena Pearl Hobbs and Louise Sewell.

Gray Ladies providing transportation were Mmes. O. F. Kreimeyer, A. D. Hills and Marguerite Nash.

Door prizes went to Mrs. Cora Yates and M. Appleton.

Our shrinking globe can now be girded with a credit card and a drip dry shirt. Adios, Mrs. Wagner.

WHAT AND WHERE? A New News game for readers

In each of the numbered spots marked on this map a newsworthy event occurred recently. As a newspaper reader, check your memory and your knowledge by identifying the event through the news. The accompanying box will help you do it.

MATCH 'EM UP

| | |
|--|---|
| <input type="checkbox"/> Coalition | <input type="checkbox"/> Southern hospitality |
| <input type="checkbox"/> Out of Wastland | <input type="checkbox"/> Jolt to the South |
| <input type="checkbox"/> Leukemia victim | <input type="checkbox"/> Leaders to meet |
| <input type="checkbox"/> Sweet victory | <input type="checkbox"/> Bullet in head |
| <input type="checkbox"/> Faith in space | <input type="checkbox"/> Diplomatic pressure |

What occurred where? Look at the map and match up the numbers with the events listed in the box at the left. Then turn to the answers on this page and see how well you did. Score yourself 10 points for each correct answer. A score of 20 or less indicates you'd better start reading the papers a bit more. A score of 50—you're fairly hep. A score of 75—you're pretty sharp. A score of 90 or more—congratulations to a real news hawk!

Texas Drivers Declared Unsafe

AUSTIN — "Texas drivers have nothing to brag about," J. O. Musick, General Manager of the Texas Safety Association, declared today.

"They run off roadways, collide head-on with each other and just 'plain' drive into fixed objects," he said.

Texas drivers also violate our state's traffic laws.

"They drive too fast for existing conditions, drive while under the influence of intoxicating beverages and drive on the wrong side of the road," he added.

The safety director based his statements about Texas drivers on accident reports and traffic statistics for 1962.

"Accident reports for last year show that more than one-fourth of the fatal traffic accidents on our state's highways involved a driver running his vehicle off the roadway," Musick explained.

"About 20 per cent of the fatal accidents involved head-on collisions and about 15 per cent involved a collision with a fixed object."

Musick said the major law violation involved in all accidents, fatal and non-fatal, last year was excessive speed.

"Over 50 per cent of the fatal accidents on highways involved in a large percentage of highway accidents: In 37 per cent of the fatal accidents, drivers were under the influence of intoxicating beverages. Twenty per cent of the non-fatal accidents involved drinking drivers.

In 17 per cent of the fatal accidents, drivers were on the wrong side of the road.

Musick warned that if Texas drivers are ever going to have

"These figures are alarming and it's going to take Texas-size thinking and action on the part of each driver to stop the needless loss of lives, the human suffering and the economic waste caused by accidents on our streets and highways," Musick concluded.

Caribbean More Popular As Summer Resort Area

By FREDERICK M. WINSHIP
United Press International

Summer vacations in the Caribbean, once considered intolerably torrid at that season, are becoming more and more popular as American vacationists discover that the weather can be wonderful. Cooling trade winds provide natural air conditioning for many of the Caribbean islands. The North coast of Jamaica is particularly fortunate in this respect.

The 40-mile strip of Jamaica's coast from Runaway Bay to Port Maria, loosely called the Ocho Rios area, is a summering spot par excellence until the rains come in late September. Between April 16 and Dec. 15 rates at most hotels, guest houses and rental cottages are down about 30-40 per cent. Combine this saving with the new 33 per cent reduction in British West Indian Airways fares from Miami to Jamaica, and you've got a real travel bargain.

Ocho Rios, with 17 hotels, four guest houses and 70 cottages, is less crowded than the perennially popular Montego Bay area. Its vegetation is lush, its beaches more spectacular and the pace is definitely slower. This is no place for the swig-and-swing crowd, although there are several glorified modernistic hotels that attempt to simulate the excitements of Miami Beach.

Other medium size hotels emphasize family pleasures such as generous international cuisine with emphasis on spicy Jamaican dishes and exotic fruits; sports, including swimming, sailing, water skiing, skin-diving and tennis; and occasional diversions by Jamaican entertainers who specialize in calypso, limbo, stilt and crab dancing.

The sea and its denizens are always the greatest attraction. The coral reefs off Ocho Rios are exceptionally beautiful and glass-bottom boating is a major pastime. The many rivers in the Ocho Rios area provide freshwater fishing for mountain mullet, tarpon, snook and drummer in addition to the sea's complement of kingfish, wahoo, bonito and dolphin.

The jasmine-scented land has its attractions, too. By rental car you can take in the picturesque village of Ocho Rios; Dunn's River Falls, a staircase cascade that tumbles directly into the sea; the underground Green Grotto; Fern Gully, a jungle of ferns in a prehistoric river gorge; and further afield — Port Antonio with its exciting downriver raft ride through foaming rapids. Everywhere the landscape is dominated by buttressed cottonwoods, palms, polished breadfruits, bamboo groves, and red-blooming tulip trees.

Ocho Rios has its quota of free port shops with the usual outlay of English fabrics, Swiss watches, French perfumes, imported liquors and Jamaica rums. Art collectors should visit the White River Gallery, the only art gallery on Jamaica's gold coast, to see the work of Jamaican painters, sculptors and ceramists. Off the beaten shopping track can be found mahogany occasional furniture and woven cloth made by the Rastafari, Jamaica's eccentric, dissident religious sect.

Era Will End With Last Ship Of Ransom Goods

WASHINGTON (UPI)—A somber era in U.S. relations with Cuba will end—perhaps within the next week—when the last American ship carrying Bay of Pigs ransom goods sails to Havana.

Communist Cuban Premier Fidel Castro then will have been "paid off" with \$23 million worth of aspirin, baby food and heart valves to tongue depressors medical supplies ranging from heart valves to tongue depressor—for releasing 1,113 Cuban invasion prisoners last December.

Red Cross officials said Saturday they have now shipped \$50.6 million in ransom cargoes on eight ships. They hope to send the next ship out within a week. It may be the last, depending on how much cargo can be crammed into it. Or, there could be one more.

The ransom price was negotiated by New York lawyer James Donovan on behalf of the Cuban Families Committee and with More than 200 U.S. firms donated the goods, with the President's brother, Atty. Gen. Robert F. Kennedy, playing a key role in the negotiations.

As each cargo was shipped, its value was checked off against a \$53 million letter of credit in the Royal Bank of Canada, Montreal.

When the bank's ledger reads zero, the debt will have been paid.

One immediate effect, U.S. officials said Saturday, will be a sharp cutback in the flow of refugees out of Cuba. The eight Red Cross ships have brought out some 7,000 refugees on their return trips from Cuba, a "bonus" to the ransom arrangement.

With commercial air service between Cuba and the U.S. shut down since the October Soviet missile crisis, and with U.S. ships, except for the ransom vessels, barred from Cuban travel, refugees now will have to fall back on three commercial air flights a week to Mexico City and to Madrid, plus the risky business of escape by small boat.

State Department officials said the expected cut in refugee traffic is "a problem" to which they have so far found no solution.

KILLED BY FISH

BALLINGHAM, England (UPI)—Police said witnesses testified George Nicholls, 66, was dragged to his death in the River Wye Thursday by a 19-pound salmon.

The fisherman was found dead in the stream still clutching his rod with the salmon on the end of the line.

U.S., British Swap New Shirt Styles

By WALTER LOGAN
United Press International
NEW YORK (UPI) — British shirt designs have a decided influence on American styles but it usually takes at least a year for their full effect to be felt. However, it's a safe bet that in a year or so you will see a return to the 1930s.

A big feature of the spring shirt showings in London was something called a "penny round" collar—a collar reminiscent of the '30s in that they were the same height all the way round. Some were not quite as high and were called "slim penny round."

In almost every case there was a hint of Prussian uniform with collars which no longer flared but hugged the throat through the use of tab collars, pinned collars and short points. Often worn with them was the very small necktie knot of the '30s.

With bold British striped shirts now a fad in the United States the British went off on another tangent. Shirtmaker Ivan Young emphasized such pastel colors as what he called "spring dew," "orchid pink and bamboo."

By far and large the emphasis

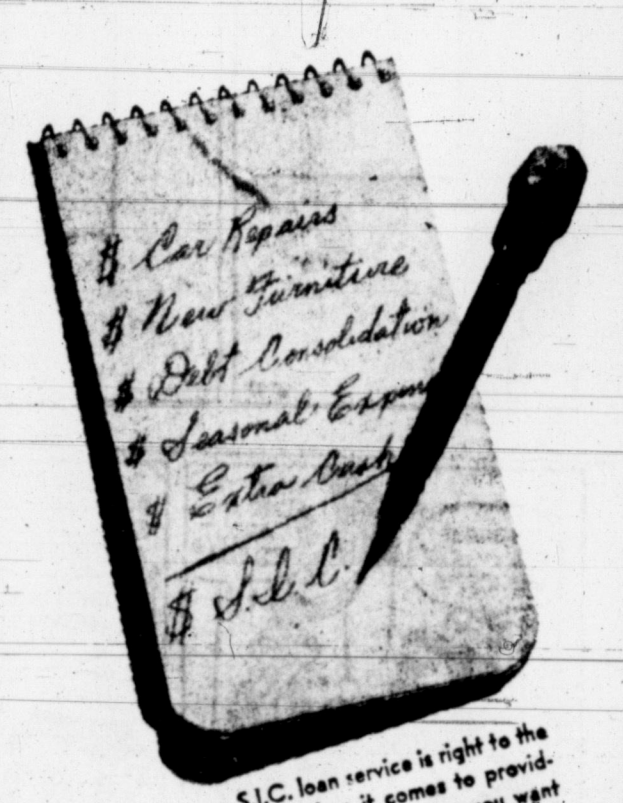

American teen-agers—shirts worn outside the rousers come to a point fore and aft!

And what's new in this count One idea so revolutionary won't be on the market until fall is Manhattan's new "V-M Collar" which does away with second top button on a shirt so that neckband can be adjusted a size for comfort merely by loosening the necktie knot.

The collar band is cut in a "V" shape in front and the width and opening is adjusted by moving the tie knot below the "V" holds the shirt closed. In the morning you also start out with a narrow "V" notch. After a heavy meal a hard day at the office you make the "V" wider by loosening the tie — and no one will know.

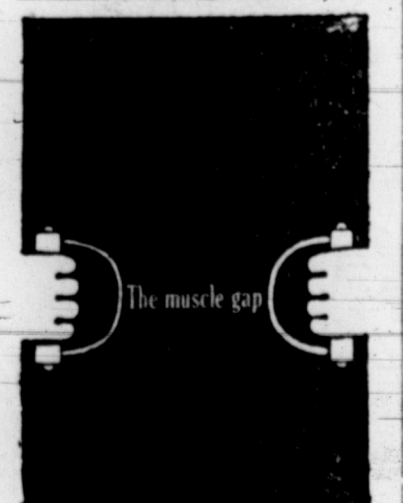

New but not quite as revolutionary is Gant's Button Tab which is nothing more than a button placed right on the tab which it can be got at quickly. It is the third mer that the snap tab widely used now and won Esquire Magazine's 1963 Fashion Design Award.

Are we closing it?

It's good news to know that many of our schools are stepping up their physical education programs. But the so-called "muscle gap" is still too big. Far too many of our children still aren't getting the daily, vigorous exercise needed to put and keep them in good physical condition. You owe it to yourself—and your children—to support a vigorous school activity program. Make your interest known where it will count. With your local school officials. For more information, write to The President's Council on Physical Fitness, Washington 25, D.C.

'All-American Out' Wins Twin Bill For Baltimore

The league-leading Baltimore Orioles call Wes Stock "the All-American out" and that applies not only to his abysmal hitting but also to his incredible pitching.

As a hitter, Stock is strictly an out man and a formidable threat to Hank Aguirre's title as the worst in the American League.

Stock still is looking for his first major league hit even though this is his fifth season with the Orioles.

As a relief pitcher, the 29-year-old right-hander also is an out man, but of a completely different variety.

He won both ends of a double-header in Sunday's 10-6 and 6-1 sweep over the Cleveland Indians and ran his season record to 5-0 as the Orioles increased their league lead to 2½ games by winning their seventh and eighth straight games.

Remarkable Form

Stock, who went nearly two full years without a defeat before Boston finally beat him last June 21, displayed the same remarkable form Sunday that enabled him to go unscored upon in 40 of his 53 relief appearances last season.

In the opener he hurled two hitless innings and struck out two of the four Cleveland batters he faced after the Indians had hit starter Steve Barber for nine hits and six runs in 3 1-3 innings.

Summoned from the bullpen again in the nightcap, Stock shut out Cleveland on one hit over the last three innings as teammate Boog Powell broke a 1-1 tie with an eighth-inning single off loser Jim (Mudcat) Grant. Jackie Brandt tripled home two more runs in the same frame.

Jim Gentile's two-run single capped a three-run seventh-inning rally that decided the opener. Gentile also belted a two-run homer in the fourth that helped Dick Donovan suffer his third loss in five decisions. Brooks Robinson

also homered for Baltimore.

Senators Win One

Elsewhere in the American circuit, the Washington Senators won their first game under new manager Gil Hodges and ended an eight-game losing streak with a 7-6 nightcap victory after the New York Yankees won their sixth in a row, 7-1, in the opener.

The Detroit Tigers beat the Boston Red Sox, 12-3, in the first of two, but dropped the nightcap, 6-5; the Minnesota Twins made it seven in a row with a 5-2 decision over the Chicago White Sox, and the Los Angeles Angels beat the Kansas City A's, 6-4.

Errors Hurt Yanks

Errors by Bobby Richardson and Cleo Boyer in the seventh inning of the nightcap enabled the Senators to score what was to be the winning run against the Yankees. Rookie Jim Duckworth held the Yanks to two runs on six hits over the last six innings to gain his first major league win. Jim Bouton posted his sixth victory with a seven-hitter in the opener as Elston Howard and Mickey Mantle tagged loser Don Rudolph for home runs.

Although rapped for two homers by Russ Nixon and one by Gary Geiger, Jim Bunning registered his second victory for the Tigers with an eight-hitter in the opener. Bunning struck out 10 batters and was aided by Al Kaline's two-run homer and a three-run blast by Dick McAuliffe. Eighth-inning homers by Ed Bresnold and Geiger powered the Red Sox to victory in the second game.

The Twins also employed home run muscle to beat the White Sox. Zoilo Versalles, Harmon Killebrew and Earl Battey each connected as Jim Perry scored his third victory with help from Bill Dailey in the eighth.

Jim Fregosi and Billy Moran each singled home two runs in the sixth inning to break a 2-all tie between the Angels and the Athletics.

Colts Tryouts Tuesday Night

All graduating high school seniors, college students and any other boys and men who are interested in playing semi-pro baseball for the Pampa Colts this season are asked to meet tomorrow night at 6 at the Pampa High School field.

Anyone interested in playing who cannot make the first workout is asked to contact Tom Glover at MO 4-6378.

The Colts will open their season June 2 when they host Sanford-Fritch in a Sunday afternoon game to kick off action in the eight team Tri-State League.

Final Round At Memphis Set Today

MEMPHIS, Tenn. (UPI)—The final round of the \$50,000 Memphis Open was due to get under way this afternoon after two reschedulings in as many days due to heavy rains.

Eighty-nine golfers—81 pros and 8 amateurs—remained in the field after Sunday's slated final round was washed out by thunderstorms.

PGA officials moved qualifications for the U.S. Open, which had been set for today, up to Tuesday. Pros who were signed to qualify at other courses will be allowed to qualify at Memphis, according to Mark Thomas, tournament supervisor.

More rain was forecast for today, but optimistic officials went ahead and scheduled 36 holes of play. Saturday's 18 holes were rained out also.

"A rainout today would just move everything up a day," said Dock Giffin, PGA representative. Open qualifications would be moved to Wednesday, and the pro-am for the Indianapolis Open would be moved from Wednesday to Thursday. The Indianapolis event is slated to begin Friday.

Tony Lema led the field after Friday's competition with a six-under-par 67-67-134. Close behind at 136 were George Knudson, Jerry Edwards, Harold Kneec and Tommy Aaron.

Pampa Queens Host Stinnett

The Pampa Queens girls softball team will open their season tonight by hosting Stinnett at the Hobart Street softball park at 8 p.m. Tomorrow night the Queens will host Skellytown, also at the same park.

Coaches of "area girls softball teams will hold a meeting Wednesday night at 7:30 at Johnson's Cafe in Panhandle for the purpose of organizing the girls' teams into a league and playing a regular schedule. Any teams who have not been contacted and would be interested in discussing the plan are invited to attend.

Bo Pitching For LA Angel Team No Mo'

LOS ANGELES (UPI)—Woe is Bo.

Minor-league bound Robert (Bo) Belinsky no longer is with the Los Angeles Angels with whom he made a flashy start last year by running off a string of victories and hurling a no-hit game.

He was told before Saturday's game that he would be sent down to the Hawaii Islanders of the Pacific Coast League, after compiling a whopping 6.39 earned run average and a 1-7 record this season.

Belinsky amazed sports writers and fans with his comments in his rookie season and drew headlines during his major-league tenure by keeping late hours and nightclubbing with Hollywood personalities.

During spring training this year (Bo was the last player to report)

the southpaw became engaged to blonde actress Mamie Van Doren. But the American League may not have seen the last of the 26-year-old hurler.

Angel manager Bill Rigney said, "It isn't the end of the world to be sent to Hawaii. In a few weeks we could take another look at the situation and might make other decisions."

"Belinsky ran into a little bad luck and then started fighting himself," Rigney said. "We know he can pitch, and if he would quit worrying and start throwing like he did at the start of the season he could help us."

Belinsky, who complained loudly in the spring of his rookie year that he wasn't getting paid well enough, was apparently consoled to his relegation to the minors.

"I guess I'm going to get me a good sun tan," he said.

His fiancée, Mamie Van Doren, after learning of Bo's fate, chimed in, "Hawaii is one of my favorite spots." She said she is going to be in New York City working on a play, so they would have trouble seeing much of each other even if he were still with the Angels.

Fifteen Top Cowboys In Rodeo Tonight

FORT SMITH, Ark. (UPI)—Fifteen of the 20 top-ranked cowboys on the championship rodeo circuit were expected to perform in the 30th annual Arkansas-Oklahoma rodeo opening tonight in Fort Smith, according to Chester Crosby, secretary of the Rodeo Cowboys Association.

Crosby also said he expected the largest group of cowboys in the history of the Fort Smith rodeo to compete for the more than \$14,000 prize money.

The rodeo, in the 10,000-seat Harper Stadium, drew more than 50,000 fans in six nights last year. It will end Saturday.

A parade stretching three miles through downtown Fort Smith opened festivities today. The main attraction in the parade was Miss Rodeo of America, Joyce Shelley of Silver City, N.M. The parade also consisted of 150 horses and several high school bands.

Featured attractions entertaining at the rodeo are Charley Wooster and Bill Hawks, stars of television's Wagon Train series.

JOHANSSON RETIRES

STOCKHOLM, Sweden (UPI)—Ingemar Johansson claims he has fought his last fight—and this time he insists "I won't change my mind."

The former heavyweight champ said in a television interview Sunday night he has made enough money and has had all the "glamour and honor" he wants.

SIGNS WITH BILLS

BUFFALO, N.Y. (UPI)—Veteran linebacker Marv Matuzak signed his 1963 contract Sunday with the Buffalo Bills, raising the American Football League club's list of satisfied returnees to 21.

Fumble-Fingered Fielders Mess Up NL Flag Race

By MILTON RICHMAN UPI Sports Writer

Three butter-fingered ballplayers sure messed up the National League race on Sunday.

The culprits were shortstop Jose Pagan of the San Francisco Giants and outfielder Duke Carmel and pitcher Bob Gibson of the St. Louis Cardinals, but before climbing all over them or suggesting they seal their gloves, he advised they ordinarily do a fine job on defense.

Not Sunday, though. Pagan committed three errors and his last one in the 10th inning enabled the second-place Los Angeles Dodgers to beat the first-

place Giants, 4-3, and slice their league lead to two games.

Carmel and Gibson each made errors during the 11th inning of a nightcap against the New York Mets, helping Casey Stengel's crew snap a seven-game losing streak and defeat the third-place Cardinals for the first time this season, 3-2. The Cards won the opener, 7-4.

It was a miserable day all around for Pagan, who went hitless at the plate, "set up" one Dodger run with a wild throw in the fourth inning and let in the tying run with another bad peg in the seventh.

With Don Larsen pitching in the 10th, Jim Gilliam bounced a routine grounder to Pagan, who then threw wild again, allowing Gilliam to go all the way to second from where he scored the winning run on Tommy Davis' single.

Winner Don Drysdale (6-4) gave up eight hits, including solo homers by Jim Davenport and Felipe Alou.

In the Mets-Cards nightcap, Carmel, who had replaced left-fielder Stan Musial in the 10th, muffed Charley Neal's 11th inning fly for a two-base error. Chico Fernandez then bunted toward the mound and Gibson fired wildly past first base for another two-base error that scored Neal with the winning run.

The defeat cost the Cardinals a chance to move within 3½ games of first place after they beat the Mets in the opener on a three-run homer by pinch hitter Charlie James in the eighth inning. St. Louis bombed four of five Met pitchers for 16 hits, including five by Ken Boyer and four by Bill White.

In other National League games the Philadelphia Phillies swept a twin-bill from the Cincinnati Reds, 10-4 and 3-0; the Pittsburgh Pirates defeated the Milwaukee Braves, 5-2, in 11 innings; and the Chicago Cubs downed the Houston Colts, 5-1.

Ray Culp, a 21-year-old bonus rookie pitcher who received \$100,000 for signing, and 36-year-old veteran Roy Sievers, who was given only a new pair of baseball shoes for signing his first major league contract, were the standouts in the Phillies' sweep of the Reds.

Culp struck out 12 batters and set down the Reds on three hits in recording his fifth victory in the nightcap while Sievers delivered a pinch grand slam homer in the eighth inning to clinch the opener. The grand slam was the 10th of Sievers' career, trying him with Cleveland's Joe Adcock for top spot among the active players. Joey Jay suffered his eighth loss

against one victory in the second game.

Bob Bailey's three-run homer off loser Frank Funk in the 11th inning powered the Pirates to their victory over the Braves after Bill Mazeroski's ninth inning homer had tied the score at 2 all. Al McBean, fourth of five Pirate pitchers, was credited with his fifth victory. Bob Clemente also homered for Pittsburgh.

Home runs by Ron Santo and Ken Hubbs paced the Cubs to victory over the Colts. Santo's sixth homer in the fifth inning with one man on sent loser Dick Drott to the showers and Hubbs belted his fourth homer in the seventh off Don McMahon. Bob Buhl allowed eight hits in recording his third victory and first since April 28.

Sports Parade

By OSCAR FRALEY UPI Sports Writer

NEW YORK (UPI)—Bo Belinsky, the playboy Angel with the "Joisey" accent, was incarcerated today in what has to be regarded as baseball's nicest doghouse.

The Los Angeles Angels, disturbed over his 1-7 record this season, picked Saturday night—long noted as swing time—to option him to their Hawaii farm club on 24-hour recall. It seemed particularly fitting considering the left handed pitcher's penchant for pleasant living.

"Just as soon as this left-hander plays the way he can," said manager Bill Rigney, "he'll be back with our club."

Whether Bo will want to come

Babe Ruth Tonight

Pampa Babe Ruth league play starts again tonight after a week's layoff for final exams. Kist meets Cree at 5:30, with Ideal and Enco playing the nightcap.

Plainsmen In Playoffs

Texas schoolboy baseball decides its teams for the two-division state tournament this week end. Half of them may be determined by Monday night but it will be Wednesday before all are in the fold.

Defending champion Houston Bellaire of Class AAAA meets Galveston Tuesday for the right to play in the state tournament at Austin next week. The teams are even in their series at one victory each.

Lubbock Monterey holds a victory over El Paso Jefferson with the second game Tuesday night at El Paso and a third at El Paso Wednesday night if needed.

Fort Worth Arlington Heights has Lufkin one down and the teams clash at Lufkin Wednesday in a double-header if necessary.

Corpus Christi Carroll beat San Antonio-Lee in their season opener. They clash at Corpus Christi Monday and at Victoria Wednesday if necessary to decide the issue.

In class AAA, Dumas leads Snyder 1-0. Fort Worth Castleberry tops Kilgore 1-0. Jasper holds a victory over Alvin and South San Antonio is one-up on La Vega.

Dumas and Snyder play at Dumas Tuesday in a double-header. Castleberry and Kilgore clash at Fort Worth Monday in a double bill. Jasper and Alvin meet at Alvin Monday and play at Huntsville Tuesday if a third game is necessary. South San Antonio and La Vega play at Waco Monday.

The Pampa Daily News

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the gift of freedom...

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings...

We Still Sacrifice To False Gods

Primitive peoples were prone to accept the idea that some victim could be found who would be sacrificed on a stone altar...

Germany and Gaul practiced human sacrifice at first under the same impulse, which practice gradually was modified in favor of animal immolation rather than human.

Evidences of human sacrifice have come down to us from almost all ancient peoples.

One of the peculiar lines of thought to develop out of this practice was the concept that the human or animal who was sacrificed was particularly blessed by reason of his murder.

We are not at all certain but what modern socialism carries with it the same general taint of human sacrifice...

The theory is that a "scapegoat" can be found who will alleviate the sufferings or the wants of the multitude.

In the near and middle east, human sacrifice was common in early days.

Human kind took a great step forward when it put aside pagan deities and pagan-type sacrifices.

Altars sacred to Ishtar, Baal, Anu, Horus, Anubis and scores of other pagan deities were often red with the blood of sacrificial victims.

Human kind took a great step forward when it put aside pagan deities and pagan-type sacrifices.

In old testament days, a modification of human sacrifice occurred in some quarters where it was then interpreted that by sacrificing an animal, the same result could be obtained.

In a real sense it is superstition relating to the magic power of the state which still captivates our senses and causes us to believe in a whole series of myths and legends regarding political efficacy.

A Quality of Rights

The 1960 platform of one of the two major political parties contained a number of high-sounding planks dealing with the "rights" of Americans.

higher education? Is the individual entitled to an education, or is he entitled to the right to work for this education?

For instance, the platform told how it is every American's "right" to have a good education, to be provided with a good living and, if in business, to make a profit.

What is this "right" to a college or university education? Does the intellectually unqualified person have the "right" to impose upon professors and students who are paying for valuable instruction time?

Now, on the surface, these principles appear to be the essence of Americanism. But let's examine them a little closer.

Suppose government controls become so restrictive and destructive that the national economy is unable to provide anything resembling full employment.

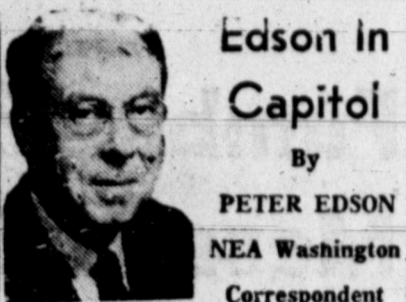

Is this a "right," then? Shouldn't the true right be in a person's freedom to pursue a livelihood in an economy, unhampered by government manipulation?

In the last analysis, the "rights" advocated by the vote-seekers are nothing more than financial guarantees which would remove all element of risk-taking and freedom of enterprise on the part of the people.

LITTLE LIZ

When you pay your tax you know where the term "cheap politics" come from.

Edson in Capitol By PETER EDSON NEA Washington Correspondent

WASHINGTON (NEA) — The \$1,000-a-plate Republican dinner honoring Arizona Sen. Barry Goldwater for his past services as GOP Senate Campaign Committee Chairman did just that. They gave him a silver coffee urn — but otherwise the affair was a political dud.

Nobody's presidential candidacy balloons rocketed off the launching pads even an inch. There was so much party unity and peaceful coexistence displayed that the proceedings were a bit dull.

Nobody could have cared less that the honeymooning Gov. Nelson Rockefeller of New York and his bride weren't there.

Gov. George Romney of Michigan confessed that the "unexpected developments he ran into" after his Chamber of Commerce speech in Washington the week before — the launching of a presidential boom for him, which he repudiated — had almost caused him to cancel plans to attend the dinner.

Goldwater didn't even mention the 1964 presidential race.

So the party was an exclusive social affair, a financial success — and that's all.

Wit and humor from the big list of speakers who paid their tributes to Goldwater evoked polite laughter and applause but did not rock the rafters or send the Republicans out into the night looking for Democrats to draw and quarter.

Sen. Thurston Morton of Kentucky was toastmaster in his role as chairman of the Senate Campaign Committee. He got off a few good cracks in introducing about half — it seemed — of the 500 guests present. Liked:

"Uncle Billy Young (Sen. Milton R. Young of North Dakota) hasn't been up this late in years." And —

"I regret that I have to present a flaming liberal to this audience — the ranking Republican of the House Rules Committee — Clarence Brown of Ohio." Or —

"I've been trying to keep these speeches short, but I don't know what we can do to cut down on the next speaker, because he's my leader — Sen. Everett Dirksen of Illinois."

Dirksen related that in August 1952 he was told of an Arizona businessman who ought to be in politics. He went out to Phoenix, visited the Goldwaters and "that night, under a starry sky, I persuaded Barry Goldwater to run for the Senate. I take some credit for being the midwife who brought him into political life."

Responding later, Goldwater observed, "I guess I didn't realize what happened on that penthouse roof. I guess I'd better get a hot line to Margaret Sanger."

Expressing regret that President Eisenhower could not attend the memorable dinner, Goldwater confessed, "I rode into office on Ike's coattails."

The senator also read a telegram from his daughter Peggy. "Sorry I can't be there, but my allowance won't stretch."

Goldwater paid tribute to Romney as, "a man who felt there was something more important to do for America than just live in it."

Romney, for his part, delivered a condensed version of the same speech he had made to the Chamber of Commerce the week before. With a different audience, it didn't go over so well. His most inspiring line was a quotation from Henry Ford the First who, after listening to three and a half hours of oratory at the dedication of Willow Run Airport, hobbled to the mike and said, "I can't talk, but I'll do all I can."

Rep. Bob Wilson of California, chairman of the House Republican Campaign Committee, related that, "Every so often, Senator Goldwater comes over to California and cries about the water we rightfully take from the Colorado River. So I ask all the House members present to rise and toast our guest of honor with a glass of water."

Responding to that toast later, Goldwater observed that, "Bob Wilson is a living example of what good Arizona water will do for you. I was 21 years old before I knew you could put it in whisky."

HOW TO ADDRESS OUR LAW MAKERS You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

(FEDERAL) Rep. Walter Rogers, House Office Bldg., Washington 25, D. C. Sen. Ralph Yarborough, Senate Sen. John Tower, Senate Office Bldg., Washington 25, D. C. (STATE) Rep. Greiner McElhenny, House of Representatives, Austin, Texas. Sen. Grady Hazelwood, State Senate Bldg., Austin, Texas.

MONEY, MONEY, MONEY

Some Seldom-Heard Facts Disclosed

By GEORGE BOARDMAN, Ph. D.

Most people like money but don't like to think about it in a reasonable and logical manner.

Well, if I had a few dollars to buy silver dollars with that's what I would do. To avoid discrimination against our prime precious metal, I would also buy some placer gold or nuggets and I'm sure I could find some at from \$10 to \$25 above the set price of about \$35 an ounce.

I believe the readers of this column may want to know about a few facts which are not commonly known; Federal Dist. Judge William C. Mathes of California, has ruled that ownership of gold by American citizens is no longer a criminal offense.

Question Box (We invite questions on economics and the proper functions of government which will not injure anyone.) Question: "Does the welfare state or the New Frontier or one world start with ideas in local government?"

And when each community believes that the majority has a right to force the minority, or even one person, to pay for something it does not want or need, according to its opinion, we are adopting some form of the welfare state.

There's a nice note in this connection and that is that when the socialist conglomerate gets into trouble, politicians will begin running away from socialism just as if they had not been bosom pals with it for so many years.

The Doctor Says:

Doctor Helps You Skirt Hazards of Pregnancy By DR. WAYNE BRANDSTADT

Pregnancy is a normal physical condition, but fraught with complications if the mother suffers from conditions such as diabetes, tuberculosis or endocarditis.

If a woman with a chronic disease becomes pregnant, it is the pregnancy that complicates the disease, rather than the other way around.

The pregnancy may make the disease worse, and if it causes sufficient impairment of the mother's health, the result may be miscarriage or even death of the mother.

This is not to say that, should such a woman become pregnant, skillful obstetrical care could not bring both her and the baby through safely.

On the other hand, a pregnant woman runs the same risk as any other woman of getting any disease in the course of her pregnancy. Of this type of complication the worst, considering her condition, is German measles.

For that reason a pregnant woman should avoid any contact with a known case of German measles, even if she believes she had the disease as a child.

If the German measles occurs in one of her own children or if she finds she has otherwise been exposed, she should be given gamma globulin at once. This will protect her, but it will not be effective unless it is given within a week after exposure.

There are certain hazards or complications inherent in the pregnancy itself. These are referred to as the toxemias of pregnancy, and it is because they must be recognized and treated at their very onset that a pregnant woman should have a series of checkups of her urine and blood pressure throughout pregnancy.

"Toxemia" means poison in the blood. The poisons responsible are derived from protein metabolism in the mother and the developing embryo. These metabolic products are always present, but in the woman with toxemia, the power of the liver to neutralize the poisons and of the kidneys to excrete them is impaired.

This may set up a vicious cycle. The more poison, the greater the damage to the kidneys and liver. Therefore, if a woman who has had any previous disease of these organs becomes pregnant, she must be watched closely for signs of toxemia.

If such signs appear, she should stay in bed and take a meatless, eggless diet consisting of bread, milk, vegetables and fruit until the condition is brought under control. As improvement occurs, activity can be gradually increased and dietary restrictions cautiously lifted.

Allen-Scott Report Keep Surplus U.S. Cargo Planes from Castro, McNamara Told by Congress After Suspect Deal

WASHINGTON—Defense Secretary McNamara is under stern congressional demand that he take immediate and forceful measures to prevent surplus Air Force cargo planes from getting into Castro hands.

Already the Senate Investigating Committee, headed by Senator John McClellan, D-Ark., which is probing the hotly controversial TFX plane contract, has blocked the sale of seven C-124 Globemasters that apparently were surreptitiously destined for Cuba.

Several hundred Air Force cargo planes are in process of being declared surplus. The Senate Committee wants to make certain that none of them wind up in Communist hands.

Senator McClellan has requested Secretary McNamara to submit in writing the policy that has been formulated for the disposal of these planes.

The Senate investigators have been told no such policy exists. This information comes from an authoritative Pentagon source — which tipped off the senators about the proposed sale of the seven surplus Globemasters to highly suspicious buyers.

The would-be purchasers were a Canadian syndicate in which U.S. gamblers had a considerable interest.

These underworld elements operated gambling casinos in Havana before Castro came into power. The McClellan Committee has a reason to believe they still have "business" ties there.

The Canadian syndicate sought to buy the Globemasters at approximately \$210,000 each. Their original cost was about ten times that amount.

The Canadian group told Defense authorities the planes were wanted as private air cargo transports. But the Senate investigators, after digging into the matter, strongly suspected the real intent was to turn over some of the C-124s to Castro and use the others to fly cargo between Canada and Cuba.

On the basis of this secret information, Senator McClellan asked Secretary McNamara for a full report on this contemplated deal.

It was after this that the Defense Department called it off. The Senate investigation is still underway. The probes particularly want to question a certain Washington lawyer-lobbyist who had a hand in the affair. But they have been unable to find him, and his whereabouts are unknown.

Also uncovered by the investigators was information that the gamblers involved in the surplus plane deal planned to set up one or more casinos in Panama.

That information has been transmitted to the Panama government. Senator McClellan is discussing with members of his committee the advisability of making a Senate speech summing up the findings of the TFX contract investigation. Privately, McClellan is highly critical of Secretary McNamara's course in this matter.

particularly in disregarding the views of top Air Force and Navy officers. Virtually all of them opposed McNamara's decision to award the contract to General Dynamics.

CUBAN FLASHES — Senator Kenneth Keating, R-N.Y., whose disclosures on Cuba have been very provoking to the Kennedy Administration, is telling colleagues he is encountering increasing difficulty obtaining authoritative information. His administration-embarrassing reports have come from friendly officials who have access to reliable data. But Pentagon authorities are vigorously tightening the screws in intelligence and other informed quarters, with the result that Keating's channels are drying up.

Cuban refugees have told Keating and other congressional leaders that the "Russians are building permanent installations and digging in in a manner that indicates they intend to stay a long time." . . . In the past month 20 free world freighters and tankers totaling more than 150,000 gross tons discharged cargoes in Cuba. Britain heads the list with 77,953 tons. In the past two weeks, five freighters flying the Lebanese flag unloaded cargoes in Cuba. Significantly, the first Swedish freighter, the 6,400-ton Dagmar, appeared in the Cuban waters.

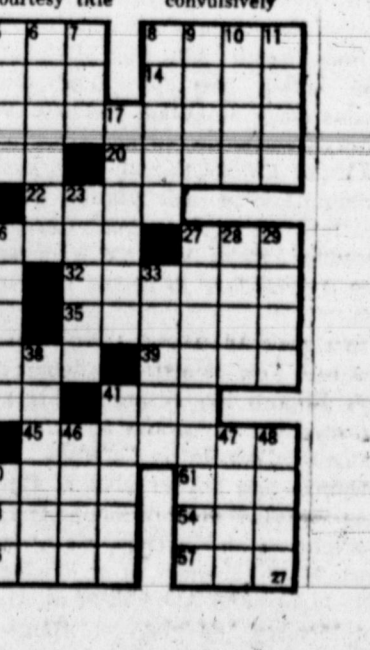

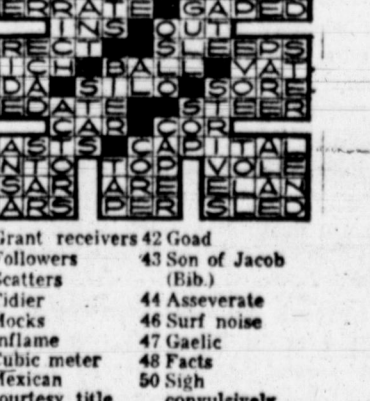

SOCIAL WHIRL — President and Mrs. Kennedy have rented their new country house in Virginia, but the First Lady's parents are getting ready to move into their new home in historic Georgetown. It's an old mansion at the corner of 31st and O Streets, not far from where the Kennedys lived when he was a Senator, which Mr. and Mrs. Hugh Auchincloss have extensively rebuilt and enlarged. The President and First Lady will attend a housewarming on May 28. It will be an informal cocktail party to which some 100 guests have been invited. . . . Star of a big reception that Philippine Ambassador and Mrs. Amelito Mutuc gave for national officers of the Junior Chamber of Commerce was their eight-year-old daughter Vicky, wearing a blue ribbon in her dark hair and attired in a lovely spring dress. She captivated everyone and was a big hit.

Numerous judges, diplomats and other officials thronged the annual spring reception of retired Supreme Court Justice and Mrs. Harold Burton. Honor guests were Chief Justice Earl Warren and a Burton's retired colleague, Justice Stanley Reed. The two one-time jurists, Reed 78 and Burton 74, are still active on the bench. They sit on circuit and other courts. They don't have to do that, but volunteer. Under the law, a federal judge never actually retires; he goes on the inactive list. Former members of the Supreme Court can sit on any federal bench except the Supreme Court. . . . The annual meeting of the Society of Sponsors, women who have christened fighting ships of the Navy, brought members from all over the country. Present was Mrs. Keith Somerville, Cleveland, who organized this unusual society with 13 other women in 1908. The daughter of the late Senator James Frazier, she christened the first USS Tennessee, newest member of the association is Mrs. Claude Ricketts, wife of the Vice Chief of Naval Operations, who launched the USS Turner, a guided missile frigate, in Philadelphia last month.

The Lighter Side

An Unsung Hero is Sung

By DICK WEST
WASHINGTON (UPI) — In addition to having the astronauts to cheer about, we also can be proud of the dedicated young men who operated the elevators in the U.S. Capitol.

If such statistics were available, I believe they would show that your chances of getting where you want to go in a Capitol elevator are almost as good as they are in a space capsule.

When astronaut L. Gordon Cooper visited the Capitol this week to address a joint meeting of Congress, elaborate precautions were taken to make certain the elevator he rode in was functioning properly.

You can imagine the embarrassment it would have caused if his spectacular 22-orbit mission into space had been climaxed by Cooper getting stalled in an elevator.

The Russians would never have let us forget it.

Countdown Begins
The elevator countdown began several hours before Cooper was scheduled to arrive. Technicians carefully checked over the engine room equipment and then stood by in case trouble developed.

At approximately T-minus-20, an inspector from the elevator company rode up and down several times to make certain that everything was shipshape in the capsule.

The mission of lifting Cooper from the street level to the sec-

ond floor, a vertical distance of some 15 feet, was carried out by David Muchow, 18, of Winter Haven, Fla.

David runs an elevator to help pay his expenses at Georgetown University here. He has only been in training since last August, but it is generally agreed that he is one of the most skilled and reliable operators at the Capitol.

"I wanted to take him up," Muchow told me in an exclusive interview, so Gene let me substitute for him.

Back-up Operator
Eugene Buccelli, who normally runs the elevator at that hour, handed over the controls to Muchow and assumed the role of back-up operator.

At about T-minus-5, a Secret Service man told Muchow to "freeze" the elevator on the street level and cut off the buzzer and signal lights. When the lift-up finally came, Muchow was ready.

"It was a real smooth ride," he said. "There wasn't a hitch at all."

"Were you nervous?" I asked. "Not really," he said. "The Secret Service had thoroughly briefed me on the procedure. I never had any doubts that the mission would be a success."

Muchow, I might add, ran the elevator on the manual control system. Had he become flustered and pushed the handle to the right instead of the left, the elevator would have gone down instead of up.

HUP, TWO-OUCH — It's a long, tight-lipped march for baton twirler Janet Barry in Monroe, Wis. (Note the bandaged knee.)

**"EVEN
OUR
WATER
COMES
IN BY DODGE
TRUCK"**

With no telephone and the nearest neighbor 25 miles away, our daily existence depends on trucks. This part of New Mexico is really tough truck country. That's why we use only Dodges, nine of them to operate our 66,000-acre ranch. Our nearest water comes from 15 miles away. The closest town is 85 miles away, 40 of them over dusty, twisting, rocky, washboard road. Everything, including water, moves by truck. Our Dodges are always ready to go. They certainly live up to the word 'Dependable.' Sam A. Hughes, Queen Route, Carlsbad, New Mexico. Typical of the way Dodge trucks live up to the word 'Dependable,' Mr. Hughes' oldest Dodge, a 1950, performs the ranch's key job, carrying the water. It's a daily chore. Dodge trucks being built today are even better in many ways. Some improvements you can see, some you can't. Talk to your Dodge truck dealer. He'll give you the whole story. See him soon. And ask about his liberal new truck finance plan.

AN EXCITING JOURNEY — 251 students completed their Pampa High School careers last night with the presentation of long-awaited diplomas. With honor students (in right foreground) looking on, school Supt. Jack Edmondson hands out the diplomas. Assisting in the cere-

monies were High School principal Cameron Marsh, standing next to Edmondson, and Billy C. Cooper, assistant principal, far left. Commencement ceremonies were held in the Harvester Fieldhouse. (Daily News Photo)

Demonstrations Planned In Jackson, Miss. After Grievance Talks Collapse

JACKSON, Miss. (UPI)—Negro leaders said today the city's "rather strong statements" that broke up a grievance session on civil rights left them no alternative but to begin racial demonstrations.

"There will be some demonstrations," said Medgar Evers, state field secretary of the National Association for the Advancement of Colored People (NAACP).

Evers declined to say when the demonstrations would begin. A mass meeting of Negroes was scheduled for tonight to lay further plans in an integration campaign.

Negroes walked out of a meeting Monday with Mayor Allen Thompson and city officials to discuss racial problems in the Mississippi capital. Evers said it became obvious that no agree-

ment could be reached after Thompson opened the meeting with a statement repeating his refusal to appoint a biracial committee to tackle racial problems.

Civil rights leaders had said the meeting's outcome would largely determine whether a series of massive anti-segregation demonstrations would be staged here.

Efforts by top white clergymen to prevent demonstrations apparently were unsuccessful. A delegation of ministers called on the chamber of commerce Monday to request that action be taken to keep "the line of communications" open between the races. However, the chamber's directors voted to take no action on the request.

Any demonstration here is sure to be broken up by police. On previous occasions, they have

(See JACKSON, Page 3)

Fleet Police Win Track Meet

LOS ANGELES (UPI)—Richard Battles, who claimed he ran the 100 in 9.6 as a high school track star, won a race Monday but the police department won the meet.

Battles had just been arrested for burglary when he broke loose and darted away with three officers after him. But Battles' fleet feet couldn't save him. He was captured under an apartment house where he had hidden.

Pontiff Is in Critical Condition with Cancer

VATICAN CITY (UPI)—The Vatican announced today that Pope John XXIII was suffering from an "abnormal growth." Sources said his condition was "critical" and there were fears for his life.

Medical sources said he undoubtedly had cancer, a condition which has been reported unofficially on numerous occasions.

An official communique said the 81-year-old Pope is continuing to suffer severe internal hemorrhages. It said he was suffering from "teroplasia gastrica." Etropiasia is a Greek word which literally means "abnormal growth."

The already critically ill pontiff suffered the new hemorrhages but remained conscious, the sources said.

An official Vatican communique said the internal bleeding which has sapped the 81-year-old Pope's strength was continuing.

Vatican sources said at the same time that Pope John had suffered a particularly severe hemorrhage today and that his condition had become "critical."

Ready For God's Will

The Pope himself was aware of his condition and said he was prepared for God's will, be it life or death.

According to the Vatican announcement, the Pope said he was prepared "if God wants the sacrifice of the life of the pontiff, that this be valuable to obtain copious favors for the Ecumenical Council, the most holy church and humanity that aspires to peace."

Medical sources said it undoubtedly was cancer, as has been reported numerous times but which never had been confirmed or denied by the Vatican.

Vatican sources said the Pope received Holy Communion in bed and listened while his private

secretary, Msgr. Loris Capovilla, said mass in an adjoining room.

The pope's nephew, Msgr. Battista Roncalli, left his parish in Bergamo, northern Italy, to visit the pontiff. Pope John's three brothers and one sister remained in their home village, Sotto il Monte.

Pope John is suffering from what many claim is cancer. But the Vatican officially describes his illness only as "stomach trouble" and says the bleeding has caused acute anemia.

A Milan newspaper said Monday the Pope told a recent visitor "I know very well what I have. And I know also that only three or four weeks of life remain to me."

The newspaper, Corriere Della Sera, also quoted a papal doctor, Piero Mazzoni, as having said Sunday that "we are more in the hands of God than in the hands of science."

Since the latest crisis Sunday morning, when the severe hemorrhaging returned and the Pope had to be given blood transfusions and drugs to clot his blood, he appears to have gained strength.

But despite optimistic official pronouncements, Vatican sources were worried about the Pope's progress.

They said the improvement was real but slight, and appeared to be only an "up" in a series of ups and downs that his condition would cause.

Hearings Held on School, City Taxes

The old City Commission room at City Hall was jammed to standing room only capacity this forenoon as taxpayers arrived to question city and school tax boards of equalization about increased property valuations.

Both the city and school tax boards were holding their meetings at the same time with separate consideration of property owners' questions about valuations.

Today's hearing was scheduled on real property and another session will be held tomorrow on personal property.

The school tax board probably was the busiest of the two groups, due to recent one-third increase in school property valuations and a 12 1/2 per cent increase in school taxes.

standing about school valuations and how they were figured.

Some 40 to 50 persons were jammed into the small commission room when the hearings opened at 9 a.m. today. They kept filing in and out all morning and there still was a standing crowd on hand shortly before noon.

Members of the city tax board are George Scott, R. M. Samples and James B. Dailey.

On the school tax equalization board are Hugh Burdette, Elmer Fisher and Lee Fraser.

TOO MUCH COLOR

FORT WORTH, Tex. (UPI)—Mrs. Royce Cochran sued a beauty shop Monday for \$5,000, charging a "frost" treatment left her shoulder-length tresses "several shades of orange, yellow, pink and white."

New Telephone Rates Will Begin June 15

Reduced long distance telephone rates for most evening station-to-station calls after 9 p.m. within Texas will be introduced by Southwestern Bell Telephone Company on June 15, George Newberry, manager of the company announced today.

The new rates will provide a maximum charge of 80 cents for a three-minute call anywhere within the state, he said.

Reductions of up to 50 cents on the longest calls within Texas will result from the new schedule.

Along with this reduction there will be a slight increase in most person-to-person calls within the state, Newberry explained. This will amount to five cents in the basic person-to-person rates on most day and evening calls.

The new reduced station-to-station rates for three-minute calls will fall into three brackets, according to Newberry.

Calls of 83 to 202 miles will cost 50 cents, a reduction ranging from five to 25 cents under present rates.

Calls of 203 to 360 miles will cost 60 cents, a reduction of 20 to 40 cents.

Calls of 361 miles or more will cost 80 cents, a reduction of 20 to 50 cents.

Station-to-station rates will not be reduced on calls made between 5 p.m. and 9 p.m., nor will the reductions apply on collect calls

or on calls charged to a third telephone.

Here are several typical three-minute calls between Texas cities as examples of the reductions for "after 9" station-to-station telephoning, with night and Sunday rates listed first, followed by new "after 9" rate.

| | | |
|---------------------|--------|-----|
| Dallas-Brownsville | \$1.10 | .80 |
| Houston-Amarillo | \$1.20 | .80 |
| Lubbock-San Antonio | \$1.00 | .60 |
| Tyler-Dallas | .55 | .50 |

Interstate rates on station-to-station calls after 9 p.m. were announced early in April.

While school property valuations were raised across the board for every taxpayer in the Pampa Independent School District, city property valuations, both personal and real, were increased in some instances and reduced in others.

Only property owners who received a change in their city valuations were sent notices.

Both city and school officials said the sessions today and tomorrow were for the purpose of hearing any protests. Cases that need further study were to be taken under advisement and the property owners notified of the decision by mail.

It was a rough guess of one official that 90 per cent of the questions from property owners today were the result of a misunderstanding.

El Paso Judge Replacement for William Murray

AUSTIN (UPI)—Gov. John Connally today ended his six weeks search and named Judge Jim C. Langdon of El Paso to replace resigned commissioner William J. Murray Jr. on the Texas Railroad Commission.

Connally indicated he took plenty of time in his search for the third member of the powerful commission to find a man who met the standards which he had listed for the appointment.

"I believe we have in Judge Langdon the right man," Connally said.

Murray resigned from the commission April 10 after it was revealed he made substantial profits in oil investments. The commission's main function is to regulate the oil industry.

Long Search

Connally said he had for several weeks "been attempting to find a man I consider to have outstanding ability, integrity and honor to fill the Railroad Commission vacancy."

"The qualities which I laid down were that the man should be under 50 years old, if I could find one knowledgeable tempera-

Texas Shudders Under Hail, Lightning Storms

First African Prime Minister To Be Named

NAIROBI, Kenya (UPI)—Jomo Kenyatta, grandson of a witch doctor, today was expected to be named the first African prime minister of this British colony.

Kenyatta, once jailed and exiled as the leader of the Mau Mau terrorist organization, led his Kenya African National Union (KANU) to victory in Monday's general elections.

With at least 63 of the 112 seats in the House of Representatives, KANU will dominate the government that will rule Kenya in its closing stage as a British crown colony and when it becomes independent.

'Cool' Theft

If neighbors of the Arthur Altergut family saw anyone in the vicinity of their home at 1815 Williston yesterday afternoon with frost-bitten fingers and a well-fed expression, they are requested to report it to the Pampa Police Department, immediately.

Police chief Jim Conner said today that someone had broken into Mrs. Altergut's garage deep freeze yesterday, using hedge shears to break the lock, and made off with enough provisions for a long feast, including six fryers, 18 t-bone steaks, two cans of orange juice and a quantity of ice cream for dessert.

Havoc Wreaked Across Entire State

By United Press International

Violent electrical storms crackled across thousands of square miles of Texas Monday night and early today. Hail the size of lemons battered the earth, lightning sniped at homes and field workers and at least five tornadoes churned harmlessly across the ground.

Thunderstorms covered most of East Texas today. The violent weather extended westward through Central Texas. The Weather Bureau said the storms were decreasing in intensity.

Rains in the hill country flooded the Pedernales River isolating the ranch home of Vice President Lyndon B. Johnson. Nearby peach orchards were hit hard by hail and wind. Trees were uprooted and peaches were stripped from limbs.

Many Turkeys Killed

Martin Lindig of Albert said the storm killed 1,000 turkeys at his farm.

Although Pampans saw some of the lightning displays late yesterday, about a half-hour of strong winds was as much of the violent weather as hit this city. No rain was reported in the immediate area.

He said wind and hail struck and some oak trees were blown down. Lee Danz of Albert lost 250 turkeys. His peach orchard was uprooted and hail broke windows at his home.

Telephones were knocked out at Stonewall, near Johnson's ranch, and the town of Albert was without electricity and telephone service during the night. Winds caused (See WEATHER, Page 3)

Commission Will Pay Final Bill on Cancelled Plan

The Pampa City Commission voted this forenoon to pay Fowler & Grafe, Dallas planning engineers, \$2,019.53, as final installment on their cancelled contract for Pampa's ill-fated urban renewal plan.

The former city commission cancelled the contract in August of 1961 after the planning engineers had completed about one-third of their work on a projected city plan for Pampa up to 1980.

The former commission took the action at the time because of the federal grant attached to it.

Fowler and Grafe has asked the current city commission to pick up the contract and finish the work without federal or state aid.

City Commissioner L. P. Fort made a motion that the bill be paid but said he was opposed to re-entering a contract with Fowler & Grafe.

The motion was passed and the bill ordered paid. No action was taken on the Fowler & Grafe request to renew the contract.

Former Mayor E. C. Sidwell arrived in the commission room shortly before 9 a.m., just a few minutes before the meeting was adjourned.

When adjournment was called, Sidwell asked to be heard and said he had come to discuss payment of the Fowler & Grafe bill.

Mayor H. R. Thompson said the matter already had been disposed of by the commission. Sidwell said he thought the meeting started at 9 a.m. and was told that the time had been changed to 8:30 a.m.

The commission also voted today to abandon the room on the third floor of City Hall and return per-

Dim Future Held For New Program Of Feed Grains

WASHINGTON (UPI)—Senate Democratic Whip Hubert H. Humphrey, Minn., today predicted a "very dim future" for a new attempt to replace present wheat and feed grains laws with a new program.

The new bill, introduced Monday by two Republican and two Democratic senators, apparently faced slow going in the Senate Agriculture Committee.

Chairman Allen J. Ellender, D-La., was due back today from Louisiana but there were no indications he would support the bipartisan bill which is backed strongly by the American Farm Bureau Federation.

The measure was introduced by Sen. Bourke B. Hickenlooper, R-Iowa, with Sens. George D. Aiken, R-Vt., Clinton P. Anderson, D-N.M., and Spessard L. Holland, D-Fla., as cosponsors.

Humphrey said "to repeal the present feed grain law would be unfortunate... it is a good piece of legislation."

Methodists Grow, Says Conference

ABILENE (UPI)—The Northwest Texas annual conference of the Methodist Church showed an increase of 732 members for the past year and has 107,161 members, a district superintendent report showed today.

Delegates to the annual conference began voting today on delegates to the South Central jurisdictional conference and the general conference of the Methodist Church.

The conference opened Monday with communion and worship.

Bishop Paul V. Galloway is presiding bishop and Bishop Kenneth Copeland of the Nebraska area of the church is conference preacher.

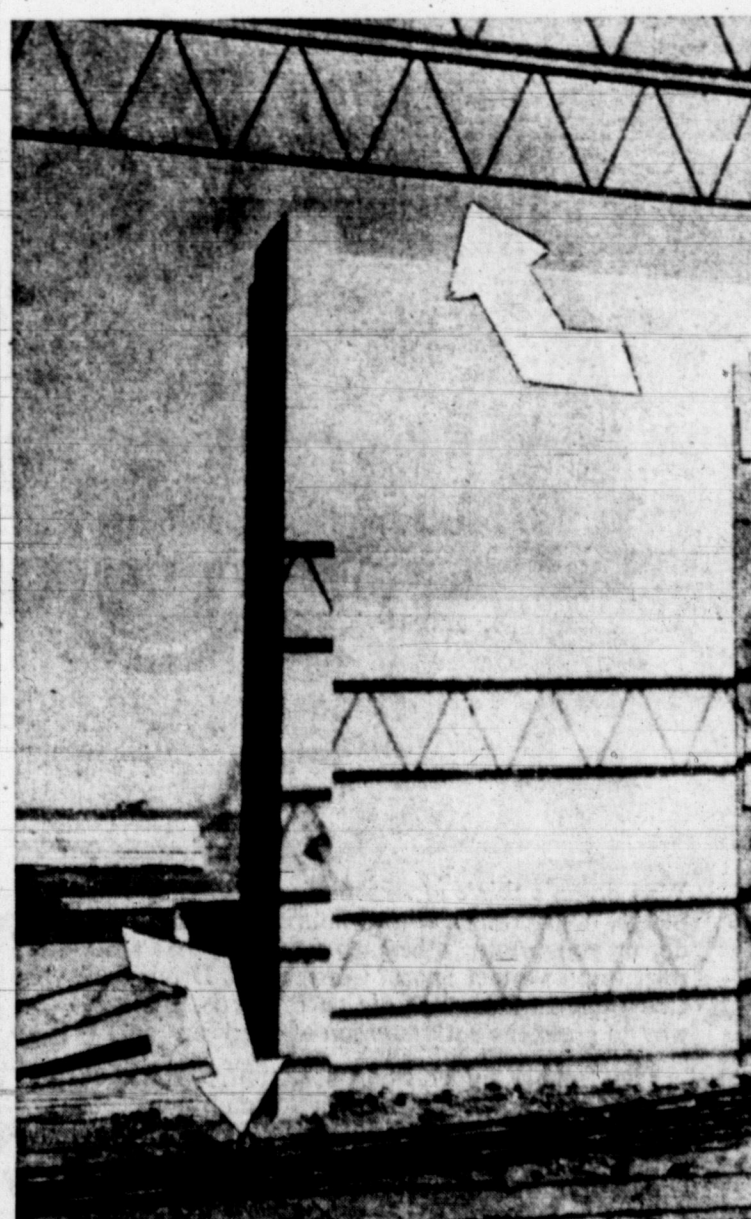

Dr. Marvin Boyd, superintendent of the Lubbock district, read the superintendent's report. He said per capita giving amounted to \$74.26 per member for the past year, with total finances amounting to \$7,957,741.

Senate Trying To Raise Limit

WASHINGTON (UPI)—The Senate worked swiftly today to get the national debt limit raised before it is broken.

Senators were expected to pass a bill hiking the debt ceiling to a record \$309 billion, and then rush into conferences with the House to work out a final product.

Treasury officials watched with concern as the debt climbed inexorably to the present legal limit of \$305 billion. They said the debt would climb past this mark late Wednesday.

STEEL WORKER FALLS — Cecil Graham, 44, an Amarillo steel worker, fell approximately 35 feet today at the site of the new Montgomery Ward building now under construction at Coronado Center. The accident occurred about 8:15 a.m. Graham was climbing up on the steel beam (indicated with arrow at top) to begin work for the morning, when he lost his balance and fell to the ground. The steel beam (pointed out by bottom arrow) fell and struck him on the head. Graham was listed in good condition in Highland General Hospital late this forenoon. (Daily News Photo)

Racial Problem Causing Injury in Foreign Affairs

WASHINGTON (UPI)—Secretary of State Dean Rusk says U.S. racial conflicts force U.S. diplomats to conduct foreign policy like sprinters with one leg in a cast.

Rusk called for solution of race problems which he said are causing "deep injury" to the United States abroad.

The secretary, a native of Georgia, spoke out on racial problems at a foreign policy briefing for about 300 representatives of private organizations.

His remarks, first made on a "background only" basis, were released for publication later at the request of newsmen.

ART OFFICERS — Installed as officers for the Pampa Art Club, following a luncheon Tuesday in the home of Mrs. Ann Heskew, 1120 Somerville, are left to right, Mrs. Dewey Palminter, president; Mrs. John Parker, secretary-treasurer; and Mrs. C. P. Pursley, vice president. Not pictured is Mrs. Gerald Doggett, reporter. Mrs. Gordon Lyons was welcomed as a new member. (Daily News Photo)

New Idea In Vacations: Home Exchange Club

By PATRICIA MCCORMACK
NEW YORK (UPI) — Be it ever so humble—or posh—there's no place like somebody else's home for a vacation.

On that premise the vacation exchange club publishes a teeny-tiny directory each spring full of descriptions of homes owners wish to trade just for the summer.

The psychology behind it: A change of scenery's good for ma, pa, the children. It's easy on the family budget if you simply exchange your home for one elsewhere during the vacation.

Members of the club simply file descriptions of their homes and

then await a letter from one or more families anxious to keep their home fires burning—on a reciprocal basis.

Through the years, the club has helped people on the West Coast have a low-cost vacation, complete with friends, on the east coast—and vice versa.

Farm to City
Urban families have exchanged hearthsides with those living on farms. Mountain dwellers have traded with families living on the shore.

What's different about the vacation exchange club: It is not a real estate or rental agency. There's no agency relationship es-

tablished with members. Membership doesn't guarantee that an exchange arrangement will be realized.

It's sort of an exercise in hope. Letters on file at the club list extra details about each exchange family and property.

Sample:
"My wife, age a secret, is a graduate of the University of New Hampshire. We're not the world's best housekeepers, but we are civilized, educated people who know how to take care of property and would give any place we used the same care we would expect others to give ours."

"Our children are O.K."

SLUMBER (?) PARTY — Miss Pam Mitchell and Miss Kim Cooper were hostesses for an "end-of-school slumber party" recently in the home of Miss Cooper's grandparents, Mr. and Mrs. W. H. Cooper, 610 N. Gray. Games were played and refreshments were served all night long, and the next morning each guest's favorite breakfast was prepared by Mrs. Cooper and Mrs. Cletus Mitchell, assisting hostesses. Pausing briefly to have their picture taken are the guests and hostesses pictured above, left to right in the semi-circle, Pam Mitchell, Pat Garrett, Dixie Bond, Janice Garrett, Marsha Walters, Marleya Deaton, Evelyn Cash and Kim Cooper. Dear Abby....

Don't Trigger A Tantrum For Hubby

By ABIGAIL VAN BUREN

DEAR ABBY: I have one of those husbands with a dual personality. One day he's an angel and the next day he has horns. I call him "Dr. Jekyll and Mr. Hyde." I am a nervous person with four children who are all live wires, so between the five of them it's a wonder I'm not in a mental institution. His biggest fault is his loud mouth. When he gets angry, he shouts. It's not bad in the winter because we keep our windows closed, but I dread summer because when he yells the windows are wide open and the whole neighborhood can hear him. We live in a subdivision and the houses are on top of each other. I've threatened to have the whole house air-conditioned and seal the windows. Only I can't afford it this summer. Can you tell me how to control this loud-mouthed man of mine?

GOING TO PIECES

DEAR GOING: You're lucky. Some women are married to men who have only ONE personality. And it's always "Mr. Hyde." Catch him when he's "Dr. Jekyll" and tell how his shouting embarrasses you. Promise to try hard not to provoke him into such outbursts. Every wife knows which subjects trigger a tantrum in her man. You need only to keep him happy to keep him quiet.

DEAR ABBY: We have recently moved into a new home where we have new friends and neighbors. They keep asking me, "When are you going to give your housewarming?" I was brought up in Canada, and have always thought it was improper to do this. Isn't it like giving yourself a "shower"? Is it really considered good manners to invite people to your home for the purpose of collecting gifts from them?

CONFUSED

DEAR CONFUSED: (And you ARE confused.) A housewarming party is given by the new homeowners for the purpose of "showing" their home to friends and neighbors. Nothing need be said about a gift. A "shower," on the other hand, IS given for the express purpose of "collecting" gifts for the honored one.

DEAR ABBY: It's not the ANIMALS that go around naked that confuse our young people. It's the WOMEN who go around 99 per cent naked who confuse them. A father forbids his daughter to wear a bikini bathing suit. Then she goes to the beach and sees them by the dozens on females who are exposing themselves like dancers in a burlesque house. What is a daughter supposed to think?

CONFUSED FATHER

CONFIDENTIAL TO MRS. A.: And about the time you catch up with "The Joneses" — they've refinanced.

For a personal, unpublished answer to your letter, write to Abby, Box 3365, Beverly Hills, Calif.

Don't put off writing letters. Send one dollar to Abby for her booklet, "How To Write Letters For All Occasions."

The amateur horseman wonders how anything full of hay could be as hard as a horse.

Jaycee-Ette Honors Are Announced At Meeting

Honors accorded the Pampa Jaycee-Ettes at the recent state convention were announced at the organization's meeting held Thursday evening in the City Club Room.

At the convention held May 8-10 in San Antonio, the Pampa Jaycee-Ettes took the award for having the Most Outstanding Club in its division; first place award in "Aid To Local Jaycees" division; second place in "social and other Jaycee-Ettes activities"; third place in "money-making" projects.

Mrs. Gene Hollar of Pampa was elected State Area I Jaycee-Ette vice president.

Attending the convention from Pampa were Messrs. and Mmes.

Mrs. Joe Foster's Students In Recital

Mrs. Joe R. Foster presented piano students in Spring Recital on Friday at 2:30 p.m. in the Central Baptist Church auditorium.

Each pew was marked with pink nosegays centered with musical notes and tied with Lime Green streamers.

Nosegays also outlined the pathway down the center aisle the platform setting, pianos and organ.

Gandelabra holding tall pink tapers lighted the recital stage. Candles were lighted by Linda Kay Harris and Sandra Gann.

The procession was led by Charles LaFever, who carried a motto of "Happy To Have You" as the selection was played on a grand piano.

Guests were presented with pastel printed programs attached to a miniature sheet of music. Approximately 100 guests attended.

Duggan Smith, Jim Osborne, Eddie Chattin, Richard Cooke, Lynn Thames, Gary Frasher, Jake Webb, R. F. MacDonald, Gene Hollar, A. J. Carubbi, John Warner, Howard Anderson and Doyle Greene.

The Pampa Club also received \$25 for having extended the most Jaycee-Ette Clubs last year. The clubs extended by Pampa were Perryton, Dumas, White Deer and Clarendon.

During the Thursday night business meeting, the resignation of Mrs. Jim Christy was accepted with regret and the office of vice president was filled with the election of Mrs. Jim Osborne.

Correspondence was read from George Smith, director of the Pampa Youth and Community Center, expressing appreciation for the Jaycee-Ette assistance during the Junior Champ Meet.

An invitation was read from the Junior Jaycees to attend its Ladies' Night Dinner on June 4 in the First Methodist Church.

Plans were discussed for a rummage sale to be held June 3.

An award was presented to Mrs. Jake Webb for her outstanding service as Ways and Means Chairman and to Mrs. Doyle Green for her outstanding decorations for the installation banquet.

Attending the meeting were five Jaycee-Ettes from the Clarendon club.

Hostesses during the social hour were Mrs. Eddie Polnac and Mrs. Howard Anderson.

CAMPAIGN CALLED OFF — Pictured here are Tom Veale, Stan Friend and Paul Bowers standing left to right, by a truck they were planning to use in their Gray and Roberts Counties C.R.O.P. canvass.

Mainly - - About People - -

The News invites readers to phone in or mail items about the comings and goings of themselves or friends for inclusion in this column.

The Girls Scout office will be closed Thursday and Friday for the Memorial Day weekend, according to Mrs. Marian Osborne, Quivira Girl Scout Council director.

Senior Center will not meet this week due to the Memorial holiday, but meetings will be resumed on June 6 with the monthly birthday party, according to Jay Flanagan, Altrusa Club Senior Center chairman.

Buffet lunch now being served every day, Black Gold Restaurant, 1100 E. Frederic, MO 9-9118.

Mr. and Mrs. Bill Autry of the Soil Conservation Service, Pampa, have been transferred to Ephrata, Wash. Autry was promoted to the position of area engineer. He has served as engineer for the past six years in the Perryton, Spearman, Follett, Clarendon, Miami, Stinnett, and Pampa work units. He is a graduate of Texas Tech. College in Lubbock.

Miss Marilyn Ann Fite, daughter of Mr. and Mrs. Elmer E. Fite, 1911 Grape, was awarded a Bachelor of Business Administration in Office Administration Monday, in the Forty-Eighth Annual Convocation of Southern Methodist University. At SMU she was a member of Delta Delta Delta sorority.

CoC Planning For Fireworks Display July 4

Plans for Pampa's annual Fourth of July celebration were announced at a meeting of the Chamber of Commerce board of directors yesterday in the Banquet Room of the Pampa Hotel.

There will be a free fireworks display at Recreation Park starting at 8:45 p.m. on the night of the Fourth.

Concession rights for the park were given to the Pampa Jaycees and arrangements were made for the parking of thousands of cars and the handling of traffic on highways leading to and from the park.

The fireworks program will be supported by public subscription from Pampa business and professional people. Approximately 15,000 persons witnessed last year's program.

Announcement also was made at yesterday's meeting that a tentative date has been set on June 14 for open house ceremonies at the new Chamber of Commerce headquarters in the Hughes Bldg. Reports were read on the recent Skelly Appreciation Day, the membership drive for the Pampa Highway Association, and the recent U. S. Hwy. 60 meeting held in Socorro, N. M.

Board members voted to sponsor a tour of the Canadian River Dam construction site at Sanford. The tour is expected to be held following the regular July membership luncheon.

A resolution was passed by the board thanking Pampa persons and firms for assistance in providing the new chamber headquarters with various furnishings.

The board named Wynne Veale to serve as chairman of the chamber's public relations committee for the remainder of the fiscal year to finish the unexpired term of Melvin Jayroe, who has moved from the city.

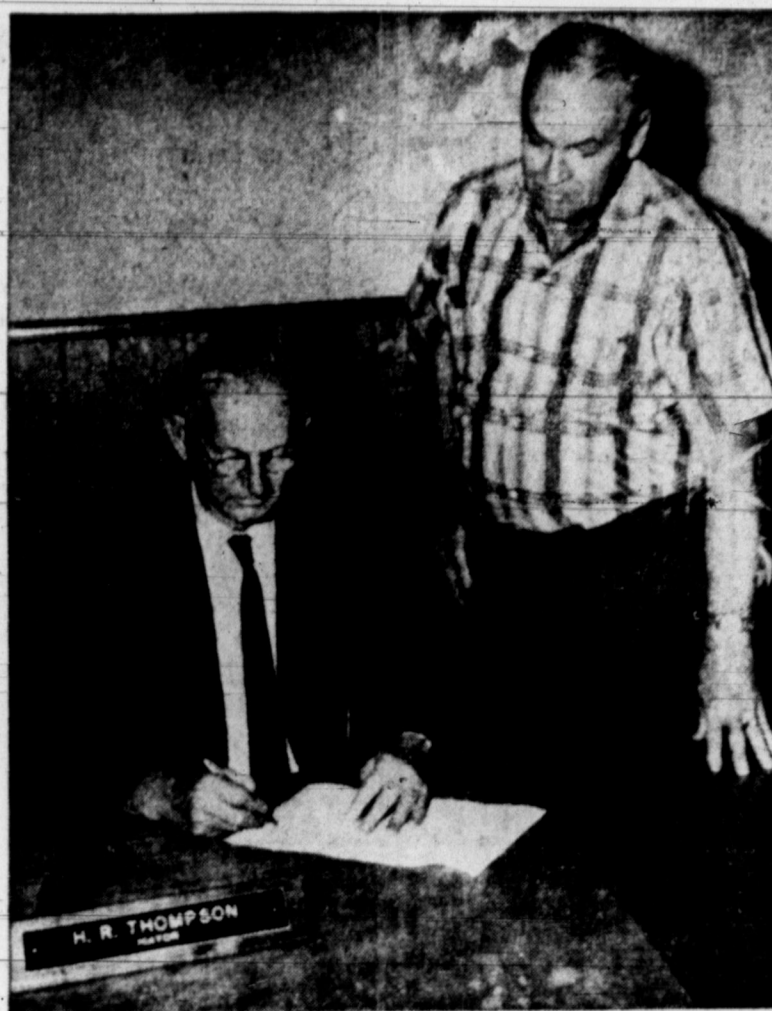

Commission

(Continued From Page 1) maunently to the smaller room on the second floor. All future meetings will be held there, starting each Tuesday at 8:30 a.m. The commission announced plans to join with the Chamber of Commerce in a tour of the Canadian River dam site at Sanford on Monday, June 24.

An ordinance establishing graduated speed zones on state highways leading into the city was passed on third and final reading. Mayor Thompson said one of the vital city problems to be given early study by the commission is the method of paying Pampa's share of the Canadian River Municipal Water Authority.

Commissioner Fort said every day that the city delayed on the CRMWA financing plan was costing taxpayers some \$827 a day in interest that they would have to pay if a bond issue becomes necessary to foot the bill.

Today's meeting was one of the shortest in the last two or three years. The commission had to vacate the room to make way for hearings scheduled at 9 a.m. by the city and school tax equalization boards.

HIGHWAY WEEK PROCLAIMED — Looking on as Mayor H. R. Thompson signs an official proclamation recognizing this week as National Highway Week, is G. K. Reading, resident engineer for the Texas Highway Department.

National Highway Week To Be Observed

G. K. Reading, Pampa's resident highway engineer, today asked Mayor H. R. Thompson to give official recognition to National Highway Week which is being observed through Saturday.

Mayor Thompson signed a proclamation calling attention to the importance of the development of local, state and national highway arteries to the overall economy.

The mayor's proclamation follows: "WHEREAS, the growth and future economic potential of the State of Texas is linked inextricably to its fine system of highways which stimulate both business and recreation by making travel safe and pleasurable; and

"WHEREAS, the Texas Highway Department through a concentrated program of highway construction and modernization has in the past several years helped bring about a reduction of more than 25 per cent in the fatality rate of all Federal and State highways in Texas; and

"WHEREAS, during the past six years the Texas Highway Department has built more miles of highways than any other state; but

"WHEREAS, heavy increases in traffic now jeopardize the advances in highway safety and the contribution to the economy made on the Texas highway system, since the state now has more than five million registered motor vehicles and the miles traveled by these vehicles now totals well over 40 billion miles a year; and

"WHEREAS, due to this traffic many miles of Texas' 25,000-mile system of U.S. and State-numbered highways are already obsolete for the traffic they presently carry;

Swimming Pools Open Thursday

City Manager Harold Schmitzer announced today that Pampa's two public swimming pools will open at 1 p.m. on Memorial Day.

Original plans had called for the opening on June 1, but the fact that schools are out this week called for a change in the opening date, the city manager said.

Municipal Court Docket

Leo K. Meyers, Perryton, speeding, guilty, \$30.

Pat Estinbaum, 401 N. Wells, no operator's license, guilty \$5.

John P. Bowers, Star Route 5, speeding, guilty, \$10.

Alfred C. Oxley, 918 S. Sumner, speeding, guilty, \$10.

Four youths pleaded guilty to possession of alcoholic beverages by minors after being picked up in a car drinking beer. Johnny R. Arnold, 18, 1035 S. Barnes, was fined \$25; and Charles E. Harper, 18, 846 E. Campbell; Gerald L. Scaibeiry, 19, 1401 E. Francis; and Gene C. Davis, 18, 939 E. Dewey, \$15 each.

Gary Lee Smiley, 407 Lefors, intoxication, guilty, \$25.

Woodrow L. Robertson, 430 N. Sumner, disturbing the peace, guilty, \$40.

Thelma Ann Proctor, 512 Maple, disturbing the peace, guilty, \$15.

Pampa Girl Wins Top Press Honors

CANYON (Sp) — Lynda Wilhelm Queen of Pampa edited the West Texas State University's campus newspapers which won first place in the top newspaper division at the Texas Intercollegiate Press Association held recently at Sul Ross College in Alpine.

Mrs. Queen also took first place for editorials at the state-wide meet.

She is the daughter of Mr. and Mrs. Ollie F. Wilhelm, formerly of Pampa. She and her husband are now residing at 1033 Huff Road.

Kiwanis Charters Clubs in Europe

Three new Kiwanis clubs, one in Vienna, Austria, one in Basel, Switzerland, and one in Brussels, Belgium were chartered early this month, to mark the entry of the 48-year old service organization into cities of the European continent, according to Malcolm Douglass, president of the Pampa Kiwanis Club.

Prior to this year, Kiwanis served only in the U.S., Canada, Mexico, and the Bahamas. The latter two countries were entered in 1962.

The Vienna club was chartered May 4, the Basel club on May 9, and the Brussels club on May 13. Present at each of the charter ceremonies were 147 Americans, Canadian, and Bahama Islanders, all members of the Kiwanis European Mission. The Mission is undertaken to permit Kiwanis leaders and members to become acquainted with the nations in Europe into which Kiwanis is now extending, and to be on hand to provide proper send-offs for the fledgling European clubs. The Kiwanis European Mission represented 29 states, 2 Canadian provinces, and the Bahamas. Some 52 occupational groups were represented, making a true cross section of business and professional life in The New World.

Police are searching for the thief who literally "magicked" two guns out of a locked gun case and made off with them under the noses of employees and customers at Montgomery Ward Saturday.

Jack Coole, Ward employee, reported to police that a routine check had disclosed the theft of two .22 calibre nine-shot revolvers from a locked gun case sometime Saturday afternoon. The guns were Harrington & Richardson "Sentinels," valued at \$19.95 each. Police investigation reports that the daring thief or thieves apparently spotted where the key to the always-locked gun case was kept, stole the key, walked up to and calmly unlocked the case, took out the guns and then returned the key to its hiding place.

Guns Stolen from Locked Cabinet

Blithe Spirit to be Production at PLT

June 13, 14, and 15 have been selected as production dates for the early summer presentation of the Pampa Little Theatre.

Director Jim Terrell has chosen "Blithe Spirit," a comedy in three acts by Noel Coward, for the production. The play is presented by special arrangements with Samuel French Inc.

The play, which has been said to be Coward's greatest success, is the story of spirits, ghosts and psychic phenomenon.

Set in England in the early '60s, it concerns the return to life of a former wife and the complications she causes in the life of her past husband and his newly-acquired second wife.

Featured in the cast will be Jim Daughton as the husband; Barbara Turbo, the living wife; Nancy Imel, the "spirit"; Jim Terrell, Dr. Bradman; Carolyn Smith, Mrs. Bradman; Pat Ludeman, the maid; Marie Jones, Mme. Arcati.

Tickets may be purchased through any member of the Little Theatre, or by calling MO 5-5634. Admission will be \$1 for adults

Weather

(Continued From Page 1)

ed damage to roofs at Albert some 60 miles west of Austin.

Heavy rains soaked North Texas. Farmersville, northeast of Dallas, reported 3.55 inches. At McKinney, near some of the twister activity, 3.40 inches fell. Two inches of rain fell unofficially at Saint Jo in North Texas where law enforcement officers searched for two prisoners who escaped Monday night from the Dallas County jail.

Temperatures Nosedive

The rains lowered temperatures sharply in northern sections of the state. Texas again had the highest temperature readings in the nation Monday. Presidio recorded 104 degrees and the mercury climbed to 103 at Laredo.

The rains hampered a posse using dogs to search for the two fugitives. They are Jerry Mack Dorough and Gerald Roy Johnson, who escaped holding a razor blade at the throat of jailer Sam Macaluso. They kidnaped Macaluso, but he escaped when they wrecked a stolen pickup truck at Saint Jo.

More than one inch of rain was officially recorded at Fort Worth, Texarkana, Celina, Corsicana, Gunter, Pilot Point, Valley View, Richland, Trenton, Winkler, Waco, Duenkel - Carmichael, Funeral home until 10 p.m. today; and will be taken to Arlington Wednesday morning.

Good rains were reported at Amarillo, Dallas, Antelope, Bowie, Little Elm, Longview, Tyler, Lufkin, Mineral Wells, Childress, Denton, Ferris, Kaufman, Slidell, Dimmitt and Hereford.

Connally

(Continued From Page 1)

ment—a man aggressive and who would complement commissioners Ernest O. Thompson and Ben Ramsey on the commission.

"I am happy that we have now found that man—Judge Jim Langdon of El Paso."

When Langdon was district judge, Connally said he had 90 per cent of his cases in the oil and gas field. Connally described him as "a general practitioner in oil and gas."

No Oil-Gas Interests

The governor said, however, Langdon has "no oil and gas interests."

Langdon and his brothers, Charlie and Jack, were all schoolmates of the governor at the University of Texas.

"When we were in school and he was protecting me now and then, I used to call him 'Big Jim,'" Connally said.

Cooking equipment and heating head the list of causes of farm fires.

Schools Close For Summer

Pampa's public and parochial schools closed today for the summer vacation.

Pupils in the public schools attended a short morning session to get report cards.

Graduation exercises for eighth grade students were held Sunday night at St. Vincent de Paul school and closing exercises were conducted this morning.

Pampa High School commencement exercises were held last night and other high school and elementary students finished up today.

Registration for summer school is scheduled at the High School Friday morning and the summer class sessions will begin next Monday and run through July 26.

Obituaries

William Hansford Cooper

Funeral services for William Hansford Cooper are planned for 10 a.m. Thursday in the First Baptist Church in Mansfield. Interment will be in the Moore Memorial Gardens in Arlington.

Mr. Cooper, who resided at 610 N. Gray died unexpectedly in his home at 6:30 p.m. Sunday.

Since retirement from the Southwest Public Service Co., Mr. Cooper had been a rural carrier for the Pampa Daily News for the past eight years.

The body will lie in state in the Duenkel - Carmichael Funeral home until 10 p.m. today; and will be taken to Arlington Wednesday morning.

Kiwanis Heals Rabies Talk

The Top O' Texas Evening Kiwanis Club heard a discussion of the "causes, symptoms and effect of rabies" at their meeting last night.

Pampa veterinarian, Dr. Jim Bailey was the guest speaker.

Two new members, Walter Colwell and Gabe Crossman, were inducted by president John McCausland.

Guests from the Downtown Pampa club were Malcolm Denson, Malcolm Hinkle, Joe Wills, Reuben Hilton, Arthur Rankin, Jay Leath, Melvin Munn and Herman Whitley. Tom Darby was the guest of George Darby.

Jackson

(Continued From Page 1)

used German Shepherd dogs and clubs to halt marches.

Only four Negroes remained to meet with Thompson and the two city commissioners following the walkout.

Thompson, a staunch segregationist, had invited the Negro leaders to meet with him and the commissioners after civil rights advocates threatened marches, pickets and sit-ins unless he appointed a biracial committee to negotiate their demands for integration.

Charges Intimidation

Thompson told the Negroes that creation of a biracial committee under "threat of intimidation from pressure groups" would result "in the city being run by such pressure groups."

He said demonstrations would likely lead to "more misunderstandings, more ill will, and eventually to disorder and possibly violence."

He promised to appoint Negroes as policemen and school crossing guards in Negro sections if the policies of "agitators" were rejected by Jackson Negroes.

Champagne Tony Lema Wins Memphis Open

MEMPHIS, Tenn. (UPI) — Champagne Tony Lema lived up to his name and his promise Monday and ordered three bottles of "the best you've got" for newsmen after he won the \$50,000 Memphis Open.

The tall, unassuming California pro nabbed the \$9,000 first prize from Tommy Aaron in a sudden-death 13rd hole playoff. Both ended 72 holes with 270.

The victory was the first of the season on the PGA circuit for Lema, who has placed well in money in every tourney he has entered. He now ranks second on the tour money list with more than \$44,000.

"I'm satisfied with my playing," grinned Lema. He finished the 36-hole finale over the 6,500-yard course with 68-68 for a total 270. "I thought I had a good chance all the way through," he added.

Aaron In Trouble

Lema's first drive in the playoff landed on the right of the fairway, where he chipped up to about 40 feet. Aaron's smash ended in the rough to the left, and the 26-year-old South Carolina pro knocked the ball from the rough across the green and into a sand trap.

Aaron knocked a flyer across the green again, then came up

onto the green about 10 feet from the trap. Aaron knocked again into the cup, but Lema — two strokes behind — cupped his putt from three feet and took the crown.

Tied in the third slot were Bruce Crampton and Harold Kneese, both with 274. Kneese had taken a slim one-stroke lead on the field at the end of the morning round.

Gary Player, seasonal top ranker, overcame his mediocre score and finished in fourth place with 275. Behind the South African ace came Dow Finsterwald, George Bayer and Gene Littler with 276. Littler had stolen the show earlier in the day with a record-tying seven-below-par 63 for 18 holes, tying the tournament record set in 1959 by Tommy Beech.

Unlucky In Playoffs

Aaron said he thought he "played good all day. But I've never won a sudden death—not as an amateur or anything."

Masters and U.S. Open champ Jack Nicklaus ended the round with a 278 total after a spectacular hole-in-one on the first day of the four-day tourney. It was the first ace of his professional career.

Cary Middlecoff, one-time dentist who lives in Memphis, ended with 279. Middlecoff set the tourney record with his 1961 victory of 268.

NEW YORK (UPI) — The stature achieved by professional football is clearly illustrated today by the cameras trained on Lynn Griffing even before he gets his first whack at playing for pay.

Bill George Places At A-O Rodeo

FORT SMITH, Ark. (UPI) — Guy Weeks of Abilene, Tex., one of the leading candidates for the 1963 all-round cowboy championship, Monday night placed in the top three in two events in the opening performance of the 30th annual Arkansas-Oklahoma Rodeo.

Weeks, a four-event performer, was second in the bareback bronc riding and tied for third in the saddle bronc riding with Bill Feddersen of El Reno, Okla.

Weeks, the No. 1 saddle bronc rider on the Rodeo Cowboys' Association circuit, was two points behind leader Lee Roberts of Phoenix in his specialty, Marty Woods of Downess, Alberta, Canada, the No. 2 saddle bronc rider, finished in second spot.

Dickey Cox of McKinney, Tex., the nation's top Brahma bull rider, was second in that event. Neal Samuels of Fort Crook, Neb., took third in the Brahma riding before being injured when he came off his bull head first. He was the only person injured and the injuries were not believed to be severe.

Don Mayo of Denver, the top bareback bronc rider, was third in his event and Paul Mayo of Grinnell, Iowa, who ranks No. 4, was first.

Results:
Bareback bronc riding—1. Paul Mayo, Grinnell, Iowa, 175. 2. Guy Weeks, Abilene, Tex., 171. 3. Don Mayo, Denver, 170. 4. Bill George, Canadian, Tex., 168. 5. Bill Williams, Clarksville, Tex., 166.
Calf roping—1. Tom Neasmith, Bethel, Okla., 12.7 seconds. 2. Paul Hardin, Pine Bluff, Ark., 17.1 seconds. 3. Sonny Worrell, Fredonia, Kan., 19.2 seconds. 4. Norman Gatlin, Oregon City, Tex., 22.8 seconds.

Colts Tryouts Held Tonight

All candidates for the Pampa Colts baseball team are requested to be at the high school baseball field at 8 p.m. tonight. The Colts open Tri-State semipro league action this Sunday when they host Sanford-Fritch. Anyone wishing to play who cannot make tonight's workout is requested to contact Tom Glover at MO 4-6378.

Top row: coach Gene Rogers, Betty Kirklun, Billie Coble, Mary Wright, Charleen Pierce, coach Dick Kastein.

Yankees, Dodgers Expected To Show Muscles In Stretch Run

By TIM MORIARTY
UPI Sports Writer

Now is the time for the New York Yankees and the Los Angeles Dodgers to show their muscles in the major league pennant races.

The Yankees trailed the Baltimore Orioles by 2½ games and the Dodgers were 2 games back of the San Francisco Giants when all the teams took time out Monday to catch their collective breaths.

Both the Yankees and the Dodgers will be on the road for the next two weeks, making their immediate tasks all the more difficult.

The Dodgers have won 18 of 25 games at home thus far this season but are 8-11 on the road. The Yankees completed a 9-2 home stand Sunday to bring their season record at Yankee Stadium to 13-6. However, they are only 10-8 on the road.

Starting with a night game at Boston tonight, the Yankees will play 15 road engagements in the next 14 days. Their most important stop will be at Baltimore next week, when they square off against the Orioles in three straight night games.

Orioles Are Hot
The Orioles, winners of eight straight and 13 of their last 14 games, play three-game sets at Kansas City and Los Angeles this week before returning home for their scraps with the world champions.

The Dodgers launched a 15-game road trip last weekend at San Francisco, losing two of three games to the Giants. They move on to Milwaukee for the start of another three-game series tonight then have stops at Cincinnati, Houston and Chicago before resuming their war with the Giants at Los Angeles June 10.

The events, with a purse of \$400 in each, include saddle bronc riding, bareback bronc riding, bull riding, calf roping, heading and heeling and bulldogging.

There also will be a girls barrel race. Contestants will vie for a \$15 jackpot, plus awards to the three top riders.

Stock contractor for the rodeo is Ratjen Brothers Rodeo Co. of Happy, Texas. Rodeo announcer will be Nat Flemming of Wichita Falls, and the clown will be Richard Walters of Amarillo.

An AQHA-approved horse show and cutting horse contest are scheduled for 9 a.m. Saturday, June 8, and an old fiddlers' contest will be held at 2 p.m. the same day.

Dancing is planned in the American Legion Hall all four nights.

'133' is Mark In Open Golf

NEW YORK (UPI)—The magic number is "133" for another army of golfers seeking 117 berths today in the next round of qualifying tests for the U.S. Open championship.

Lanky Kansas City pro Stan Thirk, playing in his home town Monday, set up the magic number with a record seven-under-par 67-66-133 for the nationwide lead among more than 2,900 swingers who fought it out for 328 qualifying spots in local trials.

Maury Wills wasn't with the Dodgers when they headed east, remaining in Los Angeles for X-ray treatment of a foot injury. If the calcium deposit on the second toe of Wills' left foot doesn't respond to treatment he may require surgery. That would knock the base-stealing champion out of action for another three weeks.

Houk Optimistic
While the Dodgers were having their share of troubles, manager Ralph Houk of the Yankees was extremely optimistic when he left for Boston.

"We've got good reason to feel pretty good as we start on this long trip," he said. "We've just finished a fine home stand, the lineup is solid for the first time and the pitching has been looking up."

When it comes to pitching, though, you can't beat that Baltimore staff—Milt Pappas, unbeaten in four decisions, is pacing

Muggsy Named Top Manager

BOSTON (UPI)—John (Muggsy) McGraw, who guided the New York Giants to 10 National League pennants and three world championships, was hailed today as the top major league baseball manager of all time by the Academy of Sports Editors.

McGraw, a member of baseball's Hall of Fame, was named on 83 per cent of the ballots cast by the academy, which is made up of 100 of the nation's leading sports editors.

Joe McCarthy, who managed the Chicago Cubs to one pennant and the New York Yankees to eight—thus becoming the only man to win pennants in both major leagues, was second in the voting with 64 per cent. Connie Mack, whose Philadelphia A's won nine pennants, was third, also with 64 per cent but just missing second place.

Casey Stengel, present manager of the New York Mets who piloted the Yankees to 10 pennants and seven world championships, was fourth with 61 per cent. Miller Huggins, whose Yankees won six pennants, was fifth with 49 per cent.

Dumas Takes On Snyder For Title
DUMAS (UPI) — Seeking their first state baseball tournament berth, the Dumas-Demons host Snyder at 3 p.m. today in the second of a best two of three game series.

The Demons edged past Snyder, 2-0, Saturday in the first game of the state Class AAA quarterfinal series.

Sophomore Vernon Stafford, who beat Snyder Saturday will probably pitch for the Demons.

Dumas has a 15-11 season mark. In bi-district, Dumas defeated Pecos in two straight. If a third game is necessary, it will be played at 3 p.m. Wednesday.

all American League pitchers with a 1.59 earned run average. Teammate Steve Barber (8-3) is third with a 2.27 ERA mark and Robin Roberts, another Bird, is sixth with a 2.65 average.

Is it any wonder that Baltimore fans are talking pennant so early in the season?

Three events — the 440-yard relay, the 100-yard dash and the 50-meter low hurdles — will be held in the women's division.

Junior division events will be conducted according to high school rules with the addition of the triple jump. Distance of races, heights of hurdles and weight of field event instruments will be identical to high school rules.

The senior division will be run by standard collegiate rules. Events will include the sprints, 440, 880, mile, two-mile, 440-yard relay, one-mile relay, 120-yard high hurdles, 400-meter intermediate hurdles, high jump, pole vault, broad jump, triple jump, shot put, discus throw and javelin throw.

Top Distance Runners at Houston Track
HOUSTON (UPI) — Two of America's top distance runners, John Camien and Ireland Sloan, have entered the U.S. Federation Track and Field Meet to be held in Houston June 7-8.

Camien, ranked fourth in the nation among milers, won the mile at this year's Texas relays with a time of 4:02.6.

Sloan, eighth ranked two-miler, took third in the NCAA College Division cross-country run last fall. He is a student at Kansas State Teachers College.

Other stars already entered in the meet are C. K. Yang of UCLA, world's decathlon record holder, and the mile relay team from Arizona State.

Skins Sign Sanders
WASHINGTON (UPI) — The Washington Redskins today signed second draft choice, Lonnie Sanders of Michigan State and opened an all-out campaign to garner their first pick—end Pat Richter of Wisconsin.

Dead Man's Dream May Win Speedway

INDIANAPOLIS, Ind. (UPI) — The dream of a dead man might be the biggest story of the 300-mile race this year.

The late Bud Winfield had the dream: he built two cars to go after auto racing's biggest prize. He called them the Novi Governor Specials when they were built some 2 years ago.

Twice his supercharged babies, turning out almost 750 horsepower, won the pole position as the fastest qualifier for the race on the first day of time trials. Twice, the speedsters had the highest overall qualifying speed.

But they never won the race. Two veteran race pilots, Ralph Hepburn and Chet Miller, were killed in them.

Hepburn died when his Novi bolted like a runaway horse into the wall three times, only days after he declared "I've got the best race car ever built and it's the one that'll win the '500' for me."

Rarely Finish
The Novis rarely finished the race. Once Duke Nalon wound up third in 1948, the best performance. The complicated cars required such fine tuning that the roughness of a 500-mile high speed dash defeated the best mechanical talent.

Okay Given For Federation Meet This Weekend

ABILENE (SpI) — Requests for entry blanks to the Texas Track and Field Federation Championships to be run June 1 at Dallas should be directed to Cleburne Price of Dallas, state federation president Oliver Jackson announced.

Price, meet director for the sponsoring Dallas Coaches Association, may be contacted by writing to him at Kimball High School or by calling FE 9-9341 or WH 2-9641.

According to Jackson, approval for competition by high school athletes has been given by Rhea Williams, athletic director of the Texas Interscholastic League. "Participation in a federation meet will in no way impair a Texas high school boy's future competition in international meets or the Olympics," says Jackson.

The Texas Federation Championships will be held at P. C. Cobb Stadium in Dallas with preliminaries scheduled to begin at 10 a.m. and finals in the late afternoon. Three divisions of competition will be run—senior for the collegiate, junior for high school boys, and women's.

Three events — the 440-yard relay, the 100-yard dash and the 50-meter low hurdles — will be held in the women's division.

Junior division events will be conducted according to high school rules with the addition of the triple jump. Distance of races, heights of hurdles and weight of field event instruments will be identical to high school rules.

The senior division will be run by standard collegiate rules. Events will include the sprints, 440, 880, mile, two-mile, 440-yard relay, one-mile relay, 120-yard high hurdles, 400-meter intermediate hurdles, high jump, pole vault, broad jump, triple jump, shot put, discus throw and javelin throw.

Monterey Meets Silver Foxes
EL PASO — Holding a 1-0 edge in the best of three game series, Monterey plays El Paso Jefferson at 8:30 p.m. tonight.

The Plainsmen beat Jefferson, 3-0, Saturday in Lubbock. A third game, if necessary, will be played at 8:30 p.m. Wednesday in El Paso.

The winner of the quarterfinal Class AAAA baseball series will advance to the state baseball tournament in Austin.

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the gift of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others. Freedom is self-control, no more, no less.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands Freedom and is free to control himself and all he produces, can he develop to his utmost capabilities in harmony with the above moral principles.

Subscription Rates: By carrier in Pampa, 35¢ per week, \$1.50 per 2 months, \$2.00 per 3 months, \$3.00 per 6 months, \$5.00 per year. By mail paid in advance at office, \$10.00 per year in retail trading zone, \$15.00 per year outside retail trading zone, \$12.50 per month.

Take Away 'Rights'—What Is Left?

The 1960 platform of one of the two major political parties contained a number of high-sounding planks dealing with the "rights" of Americans. There were few, indeed, who could find themselves in disagreement with these so-called "rights." That is, until each was examined and judged according to its relationship with our God-given rights.

For instance, the platform told how it is every American's "right" to have a good education, to be provided with a good living and, if in business, to make a profit.

Now, on the surface, these principles appear to be the essence of Americanism. But let's examine them a little closer.

Suppose government controls become so restrictive and destructive that the national economy is unable to provide anything resembling full employment. Who is going to provide the individual with the good living to which this platform says he is entitled?

Is this a "right," then? Shouldn't the true right be in a person's freedom to pursue a livelihood in an economy unhampered by government manipulation? And shouldn't he also have the right to sell his product (labor) to the highest bidder in the area which he chooses—without being forced to join an organization to do his bargaining for him?

What about the "right" to a higher education? Is the individual entitled to an education, or is he entitled to the right to work for this education?

What is this "right" to a college or university education? Does the intellectually unqualified person have the "right" to impose upon professors and students who are paying for valuable instruction time? Does the financially impoverished individual have the "right" to an education at the expense of the taxpayers?

Money Crisis Coming

The last bit of stability to the United States currency is about to be eliminated.

Apparently the U. S. Senate will approve the House-passed bill to remove the silver backing for silver certificates and replace them with federal reserve notes.

The price of silver in the United States has climbed to \$1.28 an ounce in New York, having risen nearly a cent in the past week. When it reaches \$1.29, the amount of silver in a silver dollar will be worth a dollar, and if government inaction continues, the supply of silver dollars will be at the vanishing point.

Administration and congressional supporters of the bill eliminate silver backing for money are contending that they need the silver now held to make dimes, quarters and halves. They bemoan the fact that silver is rapidly disappearing on the scene, but have done nothing to eliminate the cause of the disappearance—deflation, which is caused largely by government spending in excess of income.

If the Senate approves the House-passed measure, the Treasury will start retiring the silver certificates and replace them with federal reserve notes, which theoretically are backed by gold. The only problem is that what gold is held in the treasury is subject to foreign demands in excess of the amount of gold. So to all intents and purposes there will be no real backing for U. S. paper money at all.

Elimination of any precious metal backing the nation's currency puts the United States back in the state it was in the years after the Civil War when there was no gold backing for paper money and people were unwilling to accept the green backs.

The United States Treasury gold stock today is less than \$16 billion. According to the American Institute for Economic Research, net foreign short-term claims for gold are more than \$4 billion more than the total amount of gold in the Treasury stock.

And the Northern Miner of Toronto, Ont., Canada, comments: "The American store of freely available gold has shrunk so badly that a concerted rush could develop into a gold crisis, not in months or years, but in days."

But the politicians refuse to look at the clear warning signs ahead. And once again, history appears due to repeat.

HOW TO ADDRESS OUR LAW MAKERS

Grady Hazelwood, Senate Office Bldg., Washington 25, D. C. (STATE) Rep. Grainger McIlhenny, House of Representatives, Austin, Texas. Sen. Grady Hazelwood, State Senate Bldg., Austin, Texas.

The Doctor Says:

Prime Rule in Pregnancy: See Your Doctor Regularly

By DR. WAYNE BRANDSTADT

Years ago they used to debate whether pregnancy was a disease or a normal physiologic state. Now it is agreed that it is a normal state, but one that is fraught with possible complications.

No one can lay down a set of rules that will carry all women through their pregnancy in the best of health. So it is essential for the pregnant woman to visit her doctor periodically for a checkup.

The early weeks of pregnancy are especially important in the development of the infant. During this period, the growing embryo is most susceptible to infectious diseases suffered by the mother, drugs taken by her, and any exposure she may have to X-rays.

The pregnant woman should eat a well-balanced diet of familiar foods, but she should not try to justify overeating with the old adage that she must "eat for two."

Obstetricians are now stressing the fact that a woman should not gain more than 20 pounds during pregnancy, with 25 pounds set as the absolute limit compatible with a safe delivery. She should not gain more than 2 1/2 pounds in any one month.

She should be sure to take one helping of red meat, fish, or fowl and one egg daily, a pint of milk, 3 or 4 slices of bread with margarine or butter, 3 to 5 helpings of vegetable or fruit. One helping of liver a week helps her to keep up the constituents of the blood.

These foods should give the pregnant woman enough vitamins and minerals that she will not need to take supplementary doses of these.

But if there is any doubt about the adequacy of the diet, iron, calcium, vitamin B complex, and vitamin D may be needed. This may be especially true if she has an allergy to milk.

Women who do not engage in sports regularly should not take them up during pregnancy. But an experienced swimmer, bowler, or skater may continue with these sports, provided she avoids undue fatigue. A woman accustomed to horseback riding may ride, but must avoid jumping. The pregnant tennis player should avoid playing singles but may play doubles. Dancing may be enjoyed, but any of the modern dances that require sudden gyrations and frequent bumping into other dancers on a crowded floor must be avoided.

In the last two or three months, it is best to taper off on all forms of exercise except walking. Even in walking it is well to avoid steep inclines.

It is safe for a woman who is pregnant to use a seat belt when riding in an automobile? It is not only safe, but highly desirable.

A properly adjusted seat belt fixes the pelvis firmly in position without making undue pressure on the abdomen. In case of accident, there would be far less danger of injury to both mother and fetus if the mother were using a seat belt.

The employer of a working woman may feel justified in asking her to take maternity leave after the sixth calendar month of her pregnancy. But with her doctor's approval, if the woman is an office worker and if there is a suitable place for her to rest, she may be allowed to work until about six weeks prior to expected date of delivery.

"The Time to Fight Is Now, Au Revoir!"

Socialist Fallacies Persist

(Christian Economics)

One need not read far in current religious or secular literature to become aware of the crying demand for economic education. On Page 17 of the Adult Student, Sept. 1962, The Methodist Publishing House, Nashville, Tenn., we find a critical statement of "... capitalism around the world today—that owners and managers have withheld a disproportionate amount of profit from the workers." It is unfortunately true that only a few people in our country and much fewer in other countries know that of the funds available for distribution between the owners and workers of all American corporations, the workers receive eight-ninths and the owners one-ninth.

Neither is it generally known that machines, made possible by the savings of the owners, supply 95 per cent of the energy used in production and that workers supply only 5 per cent of the required energy. If owners are to receive less than one-ninth of the sums available for owners and workers, will there be a sufficient incentive to induce the saving necessary to keep our corporations equipped with efficient productive machinery?

Socialism continues to grow on the gigantic error that workers get only about one-fifth of the wealth they create and that four-fifths accrue to owners. If there were some way to make the public aware of the fact that owners get one-ninth and labor eight-ninths, socialism would vanish.

On Page 23 of the same publication we find another critical statement: "We condemn a Communist foothold" 90 miles from Florida, yet support a military outpost five miles from Red China." Ignored is the fact that Communist aggression established by force the foothold in Cuba while Quemoy and Matsu are two small fragments remaining to the legitimate government of China in its long fight against Communist aggression in that country. To accept the situation in Cuba and surrender the offshore islands in China would be, in both cases, a surrender to Communist aggression. We see no reason why people who want to be free should accede to these Communist demands in either case.

On Page 27 of the same number of The Adult Student, we find the following: "Thus we withhold understanding and help from underdeveloped nations which find some Socialist type of government essential. Certainly in its ideal form, a system which stresses equality and cooperation should come nearer Christian principles than one which is frankly based on competition and the survival of the fittest."

Has any underdeveloped nation found a "socialist" type of government essential? or is it rather that the tyrannical rulers use socialism as a means of enhancing their power and control? The above quotation implies that socialism "stresses equality and cooperation" and that these values are "nearer Christian principles than one which is frankly based on competition and the survival of the fittest." The writer of the above quotation does not seem to understand that in competitive capitalism the competition is to see who can render the best services or produce goods that are cheaper or of better quality. He does not understand that "the survival of the fittest" means that those who serve the best are the ones that survive. In free market capitalism the one who does the most for people is the one who grows and prospers. Those who render less service by producing inferior or higher-priced goods must give place to more efficient producers who find ways of serving the people at lower costs. Competition in service is not reprehensible. It is good and it serves the welfare of the people.

On the same page of the same publication we find the following statement with reference to communism: "Let us therefore believe the best until we are shown the worst. Let us realize that the Iron Curtain faces two ways..." Haven't we seen the worst in the murder of Tibbet, the imposition of Hungary, false promises, violation of treaties and the slaughter of millions of innocent victims?

What is meant by Iron Curtain facing two ways? The West did not take part in erecting the Iron Curtain. We have not used no-man's lands, barbed wire, police dogs and machine gun towers to prevent people from crossing borders. We do not share the responsibility for the Berlin Wall, nor the savagery perpetrated upon all who seek to leave any of the Communist countries. What is the meaning of this implication that we share responsibility for the Iron Curtain?

We need to examine our position and to rethink carefully our motivation. We need to realize humbly that our conduct as Christians does not too closely represent our ideals. But to go overboard in self-depreciation to the point of upholding the vast accomplishments of our Western, Christian civilization in ministering to the material and spiritual needs of mankind is to be delirious in our duty and to furnish aid and comfort to the enemy that would impose upon mankind an unspeakable degree of tyranny and degradation.

By pushing for withdrawal from the UN, you automatically make a stronger case for any defensive issue connected with the UN—without even referring to that issue by name. A good offense is automatically a good defense.

Pass Liberty Amendment This same principle applies to other legislative matters. If you want to stop the King-Anderson bill then push for passage of the Liberty Amendment. If you want to prevent a new giveaway to Communist nations, then push for an end to all relations with Communist countries.

On any issue that comes up, take the offensive. Ask for a reduction in government, not for a retention of the status quo.

As soon as enough of us take the offensive, the bureaucrats will be so busy trying to stop us, that they'll have no time to promote their new pet projects.

Then freedom will be the "wave of the future."

The capybara, an animal that reaches over four feet in length at maturity, is the largest rodent in existence, according to the Encyclopedia Britannica.

Edson In Washington Hassles Sprout in Wake Of Wheat Referendum

By PETER EDSON

WASHINGTON (NEA)—Political implications of the farmer's referendum rejecting the Kennedy administration 1964 wheat program may not be clarified much before next year's presidential and congressional elections. Of perhaps even more importance, the wheat vote muddies the whole farm legislation picture, greatly impairing needed new cotton and dairy programs.

Republican leaders had defeat of the administration wheat program as a repudiation of all farm control policies advocated by Secretary of Agriculture Orville S. Freeman. They call for his resignation, even though the President expresses confidence in Freeman and gives him credit for working to increase United States farm income to the highest levels since 1953.

At the same time, Republican farm belt congressmen are rushing in with new wheat legislation they want passed this year to raise support prices well above the levels of \$1.25 a bushel, which will be in effect under existing law.

Sen. Karl Mundt, R-S.D., is introducing a bill to continue the 1963 wheat program, which would mean a government support price of \$2 a bushel. GOP Reps. Albert H. Quie of Minnesota, Bob Dole of Kansas, Don Short of North Dakota and others are sponsoring new wheat legislation which would reduce the support price to between 65 and 90 per cent of parity, which would be \$1.62 to \$2.25 a bushel.

Department of Agriculture experts admit that as a result of the farm vote rejecting stricter controls, government wheat program costs may be reduced on the 1964 crop.

But if the prospect of lower wheat prices causes farmers to put more 1963 wheat under government loan—and if the removal of strict controls of planting causes a 25 to 30 per cent increase in planting for 1965—the government wheat program costs may rise by \$2 billion to \$3 billion a year. And it will take longer to get production back under control.

If the situation should develop in this way, the Republicans are proposing a program that will wipe out about all the economy cuts they now hope to make in the Kennedy budget.

Republican farm leaders under Rep. Charles B. Hoeven of Iowa nevertheless hope to sell a new wheat program to the GOP leadership and make it party policy. The pitch seems to be to blame the Democrats if a new wheat bill is not passed.

Department of Agriculture officials concede that if new wheat legislation can be passed before the end of August it will be in time to control 1964 winter wheat crop planting. If only Republicans vote for it, however, it is almost sure to be defeated because of the 3-to-2 Democratic majority in the House and the 2-to-1 Democratic majority in the Senate.

Democratic congressional leaders are all insisting that there will be no new wheat legislation passed this session. This is based on the fact that defeat of the proposed controls in the wheat referendum does not mean that there is no wheat program at all for 1964.

Congress last year adopted permanent wheat legislation with a minimum 50 per cent of parity price supports for farmers who comply with limited production controls. This point is said to be not well understood generally.

Furthermore, there will be another referendum on wheat marketing quotas and acreage allotments prior to June 13, 1964, to govern 1965 wheat crop planting. This offers a chance to correct any

faults which develop before election day.

While the 1963 referendum result is hailed as a great victory for the American Farm Bureau Federation which campaigned heavily against Freeman's program, it is notable that no one in this dispute advocates a completely free market with all government controls, price support and conservation payments removed.

Desirable as such a development might be from the viewpoint of government economy, it is conceded that a completely free agriculture, suddenly imposed, would produce only chaos.

The drop in wheat prices after the referendum result became known is considered indicative.

LOS ANGELES—Integration leader Martin Luther King Jr., at a "Freedom Rally for Birmingham" Sunday during a radio-television interview with Sen. Kenneth B. Keating, R-N.Y., that the Kennedy administration was using the Air Force and Navy to block Cuban exile attacks on the island.

"Segregation is nothing but a new form of slavery covered up with niceties. We have an ideal of freedom and human dignity. We want to be free whether we're in Birmingham or Los Angeles."

Question Box

(We invite questions on economics and the proper functions of government which will not injure anyone.)

Question: "Isn't the following definition of a socialist for a practicing Godly man of any religion logical and absolute according to your oft-repeated declaration that there are absolutes—Socialism is applied Christianity. And for Anarchy, isn't the logical definition, every person for himself and the devil takes the hindmost; your absolute creed as expressed in the thousands of words you argue with every day?"

Answer: This unsigned message appears to be by the same individual who has sent in other questions and criticized us because we refuse to publish Clearing House letters without name and address.

The answer to the first part of the question is an emphatic "no." State socialism advocates the use of compulsion to force others to conform to the socialists' ideas of what is "good." Christianity relies on attempting to persuade others to be good because it will be to their own benefit, either in the present or in the future.

Anarchy would use force to eliminate government. We do not advocate forcing anyone to adopt our ideas. We do not advocate elimination of government. We do advocate that our readers attempt in every way to avoid use of government services, and that if government services are used that the user pay all the costs. We object to persons like the writers of this question having the right to try to force us to pay for what he thinks is good. We would not seek to force him to pay for what we think is good.

And when we suggest that charity can be voluntary, as were the acts of the Good Samaritan, we are not saying, "Every person for himself and the devil take the hindmost." The Good Samaritan provided his own substance to take care of the injured man; he did not say, "Let the welfare department or the county take care of this poor man, so I can force others to help me with my charity."

We do have prof readers, who catch many errors. We have more errors in our paper than we would prefer, and we are constantly striving to improve the product for our readers. We have not yet solved the problem, but will continue to try to improve. We would not say this critic had done a perfect job on the letter he mailed to us.

We do not know what he means by "managed" news editorial policy." Because we are responsible for what we publish, we must have control of what we publish. We do not control the news, and frequently are criticized by our friends because the news accounts are not slanted to our editorial policy. Opinions are published on the editorial page, and to the best of our ability we will keep them there and try to have straight news accounts in our news page.

As a result of this many believe news accounts are "slanted" contrary to our editorial policy. It is mechanically impossible to remove the slant which is given to news accounts by wire service reporters, whose writing necessarily reflects their own training and backgrounds.

We will continue to insist that writers of opinion letters to our Clearing House give us a name and address; otherwise we must conclude they are like this writer who admits he is "afraid."

Actress Answer to Previous Puzzle. A crossword puzzle grid with clues for Across and Down. Clues include: 1 Actress, 2 Legal term, 3 Saliard, 4 Routes (ab.), 5 Hound cries, 6 Deviation, 7 False god, 8 Dower property, 9 Heroical, 10 Musteline mammals, 11 Then (Fr.), 12 National, 13 Uncluse (poet.), 14 Standards of, 15 Saratoga, for instance, 16 Harass, 17 Desert region, 18 Interpret, 19 Half-em, 20 Measures of cloth, 21 Bitter vetch, 22 Lettuce, 23 Kra, 24 Dine, 25 Unit of reluctance, 26 Symbol for natrium, 27 Textile fabric, 28 Places, 29 Babylonian moon-god, 30 Dinner course, 31 Indian timber tree, 32 Body part, 33 Surrender by deed, 34 Characteristic of old age, 35 Males info law, 36 P. mo. ss., 37 Wilbers.

The Scandinavian civilizations never became part of the Roman Empire but did carry on lively trade with the Romans. Many objects of Roman manufacture were imported. After the collapse of the Roman Empire in the fifth century, the Scandinavians developed in harmony with the Teutonic civilizations to the south and in Britain.

Television In Review

By RICK DU BROW

HOLLYWOOD (UPI)—You may have noticed that Newton Minow, the most valuable player on the Federal Communications Commission for the past two years, did not appear on Sunday night's Emmy awards show.

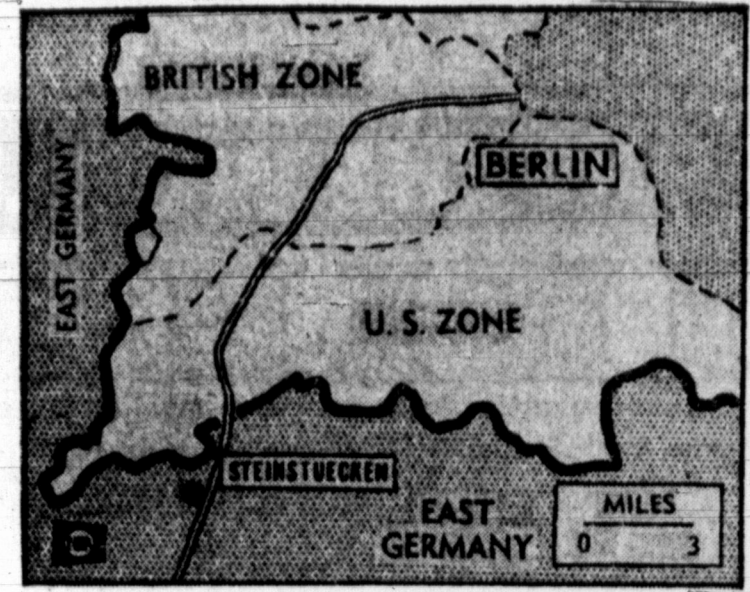

You may also have remembered that he was on last year's program. Last year, of course, the renowned orator of the famous "vast wasteland" speech about television was still firmly entrenched as chairman of the FCC. Recently, however, we all learned that he is resigning. Now, all of these facts are by no means to suggest that there was any connection between his sudden lack of power and his non-appearance. Any number of reasons are possible, just as there are any number of reasons why he did not get one of the television academy's special Emmy awards. But with all the constructivism going on, it seems a shame not to create a little distrust and suspicion whenever the opportunity arises.

At any rate, the gadfly chairman did turn up on television Monday night, a day late for the big shindig but at least on a better show, NBC-TV's "David Brinkley's Journal," and he reiterated some of the ideas he will take with him when his prominence expires later this week.

One of these ideas is that there should be more controversy and opinion on television. And though the word "irony" is overworked, it was piercingly apt Monday night because Minow made this statement on one of the key commentary programs that is being cancelled this season—and which, in fact, got an Emmy. As has been pointed out before, "CBS Reports" is the only regularly scheduled current events network show that will appear in prime time next season, and even it does not air every week.

Another of Minow's concerns was—as always—with children's programming, which, like public affairs shows on a regular basis, seem to be fizzling again coincident with his quitting. ABC's new "Discovery" is switching from a daily to a weekly format, in the Sunday afternoon no-man's-land. NBC's new "Exploring" and CBS' "Reading Room" take immensely long vacations, and "Exploring" may do fewer shows next season. Minow said most of his mail from televisioners complains about commercials, and he thinks commercials are too loud.

The Channel Swim: Robert Taylor became a vice president of the late Dick Powell's Four Star television firm. Other top stockholders now include the Powell estate, Charles Boyer and David Niven, both of whom started Four Star with Powell; and two non-actors. American Broadcasting - Paramount Theatres Inc., parent firm of ABC-TV, will invest in three Broadway musicals this fall, one of them starring CBS-TV's Carol Burnett. ABC-TV signed Leonard Stern, producer of "I'm Dickens... He's Fenster," to develop more comedy shows. Syracuse University students talk about higher education in America on NBC-TV's "Chet Huntley Reporting" tonight.

POCKET PROTECTION — U.S. and West Berlin fear a new Communist threat to isolate a tiny pocket of American-protected territory in East Germany. East Germany has built new barriers on the mile-long road to the 26-acre hamlet of Steinstuecken, shown in approximate location on Newsmap.

Center Wrap-Up
George Smith Director
Pampa Youth and Community Center

School is out and vacation time is here. If parents haven't planned summer recreation for their children, why not buy a membership to the Center and let them enjoy a summer of swimming, gym activities and other entertaining events? Memberships are \$5 and \$8 for individuals and for families \$12 and \$20. Center officials are eagerly awaiting the finishing of the gym. It will have glass backboards and a regular high school basketball court enclosed. Shuffleboard, horseshoes, tether ball, punching bags and other equipment are also located around the center.

The Center announces a baton twirling class beginning June 17. The class will meet Monday through Friday at 2 p.m. and for six weeks. Donna Rath, high school band twirler, will conduct the classes. Enrollment must be made with the Center before June 14. There also will be bridge lessons for teenagers at the Center providing there are enough people interested. These classes will be on Tuesdays at 10 a.m. Mrs. Jim Nation will be the instructor. Those interested must enroll at the Center before June 1.

Beginning Wednesday the Center will be open from 9 to 12, 1 to 5, and 6 to 10. All Ages swim will be held at all hours until June 10 when mornings will be turned over to Red Cross swim lessons. The gym and recreation hall will be open at all hours. Another Red Cross enrollment period will be held Wednesday, May 29, from 3 to 5 p.m. Parents who did not get to enroll children during the last period may do so at this time. Classes still are open for the advanced beginner, intermediate, swimmer, Junior Life Saving, Senior Life Saving, Adult beginner, and advanced swimmer. Polyog and beginner classes are filled but new classes will be held in these divisions beginning July 22. At a recent meeting of the finance committee, price regulations for use of the Center to non-members were set. There will be one fee charged at the door. The fee will entitle one to swim and enjoy all facilities of the Center. Fees will be 50 cents for school age children and 75 cents for adults. The Calico Capers Square Dance Club will have its graduation dance at the Center on Wednesday night. For several weeks now the Club has been giving lessons to prospective new members so that they may participate in Saturday night club dances. Johnny Morrison, president of the Capers, is expecting a fine graduation dance. The public is invited to watch.

Movie Theatres Are Ordered to Desegregate

WASHINGTON (UPI) — Atty. Gen. Robert F. Kennedy today urged Southern theater owners to desegregate their movie houses voluntarily to avoid demonstrations by Negro groups that could erupt into violence.

Kennedy told about 40 members of the Theater Owners of America to anticipate demands by Negroes for lowering of racial bars and solve their problems "at the local level."

The President's brother was reported to have warned the theater owners to expect Negro protests and demonstrations if they continue existing racial restrictions.

A Justice Department spokesman said the attorney general would meet with other groups facing racial trouble in the future. It was learned he met last week with hotel owners in New York.

John H. Stember, spokesman for the theater owners, declined to comment after the 90-minute conference in Kennedy's office. His group represents about 80 per cent of the movie houses in the South.

Meredith, who later flew back to Jackson, Miss., was invited to confer with the attorney general after his appearance on the "Meet The Press" show Sunday.

The beehive, signifying industry, is the emblem of U'ah.

Do FALSE TEETH Rock, Slide or Slip?

FASTRETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No curing, no sticky, taste or feeling. FASTRETH is alkaline (non-acid). Does not sour. Checks "plate odor" breath. Get FASTRETH at drug counters everywhere.
