

1963 SALES CONFERENCE — The 1963 Sales Conference meeting for Conoco wholesalers and dealers in the Top O' Texas area was held last night at the Coronado Inn. Pictured left to right are O. G. Keatts, District Sales Representative of Pampa, Jack Stalsby, District Sales Manager of Lubbock, Van Mayhall, District Manager of Lubbock and Harold Teeters, District Sales Representative of Childress.

Virginia Clemm was the wife of Edgar Allan Poe.

Why "Good-Time" Charlie Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations — making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exercising, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills.

Americans Are Attacked On Streets Of Madrid

MADRID (UPI)—A mob attacked three Americans yesterday as they were making photographs for a magazine story on hot dogs in downtown Madrid.

One of the three, his face swollen from beatings, asked for medical attention. He was Larry Shaw, an assignment photographer for Argosy magazine. Milt Macklin, managing editor of the magazine, was also among those attacked.

It was not clear what motivated the attack or the ensuing free-for-all in which an estimated 200 persons took part for 10 minutes.

The other American who was knocked down during the brawl was identified as public relations counselor Don Graham of Chicago, representing the National Hot Dog Council.

Two American airline hostesses also were caught in the fray but they were reported not hurt. They were Judy Gilbertson of Park Forest, Ill., and Bernadette Zola of New Kensington, Pa.

The battle began when Shaw was photographing one of the airline hostesses, giving out free hot dogs. A bystander attacked him.

According to Macklin, someone shouted "capitalist press!" and knocked Shaw down. Macklin said, "The cops seemed to do nothing to stop the people. The people were shouting something."

A bystander, Dominic de Leon, said:

"It was very confusing. I think they must have gotten the idea somehow that the photographs were going to be unfavorable to Spain."

Screwworm Drive Near \$1 Million

By United Press International
A drive to raise \$1 million to continue the screwworm eradication program in the southwest was reported nearing its goal.

The Southwest Animal Health Research Foundation, in Austin, Tex., said county committees in the four-state area had collected \$804,000 leaving about \$200,000 which was expected to be raised within a month.

New Mexico, Texas, Louisiana and Oklahoma have joined in the project to wipe out the screwworm to protect livestock.

Authorities reported a decline in screwworms, apparently through the eradication program combined with cold weather.

A Freeport, Tex., laboratory sterilizes the male screwworm fly under the eradication program, then airdrops them across the area.

Because the fly mates only once, eggs in the female are sterilized, reducing the annual hatch. A similar program worked well in Florida earlier.

Screwworms cost the livestock industry millions of dollars in damage each year.

Europe Will Begin Firing Rockets

By ALVIN B. WEBB JR.
United Press International
CAPE CANAVERAL (UPI)—Europe has served notice by way of a pair of surprise emissaries to "Spaceport U.S.A." that it will start firing rockets next year in a bid to become the world's third space-launching power.

It could mean that European-built and launched satellites weighing as much as one ton will orbit Earth alongside U. S. and Soviet moonlets by 1966.

Meanwhile, scientists here unveiled detailed plans for America's first manned shot to the moon, and Dr. Wernher von Braun told the keepers of the purses in Washington that he would have to have money, and plenty of it, if the United States is to beat Russia to the punch.

Robert Hume and British Air Commodore F. W. Thompson of the De Havilland Co. revealed Monday that the British-built Blue Streak rocket, the booster for the European team's forthcoming space efforts, will be launched for the first time in 1964.

Audience of Experts
Hume and Thompson gained an unexpected audience — some 600 of America's top scientists and engineers, all attending the three-day space flight testing conference of the American Institute of Aeronautics and Astronautics.

It was a two-way surprise. Hume and Thompson, visiting U. S. space launching facilities at Cape Canaveral, did not know the conference was under way, and the AIAA group did not know the Britishers were coming.

The delegates were centering their attention on America's own big manned spaceflight programs, the two-man Gemini spaceships and the moon-bound Apollo, when Thompson and Hume — filling for a paper that was not presented — were invited to take the stage.

Hume said a firing center designated as "6-A" will be completed at Woomera, Australia, this year and that static tests will follow on the 62-foot Blue

Streak boosters. It later will be fitted with a French-built second stage, a third stage constructed by West Germany and Italian-made satellites.

Cost is High
Meanwhile, Von Braun was telling Congress the United States could lose the moon race to Russia if his \$1.8 billion space budget were cut.

He said that from the standpoint of money, "we are down to the lean-meat now" — and that the man-to-the-moon program "most definitely cannot stand" a 5 to 10 per cent cut.

The unofficial goal for the U. S. manned lunar landing is early 1968, and experts have estimated it will take more than \$20 billion to meet that schedule.

Patients Escape Flaming School

BELCHERTOWN, Mass. (UPI)—Forty-three female patients, including teen-age girls, fled safely today when fire broke out in a dormitory basement at the Belchertown state mental school. The fire was believed set by two girl patients.

Five attendants in the two-story brick building helped the patients from the structure. The fire was confined to a basement recreation room.

Dr. Lawrence Bowser, school superintendent, said the blaze was apparently set by two patients who fled the school grounds.

Now You Know
By United Press International
Advocatus diaboli, Latin for the devil's advocate, is the name given to the person appointed to state objections to a proposed canonization in the Roman Catholic Church according to the Universal Standard Encyclopedia.

Zina Bethune of "The Nurses" made her stage debut at 6 in "Monday's Heroes," her film debut at 9 in "Tuesday's Child."

Moving
NEW YORK (UPI)—It costs \$5,000 to cross West 45th Street — that is if you're moving a theatrical production from one side of the thoroughfare to a house directly opposite the one where the attraction has been playing. "The Beauty Part" paid such a transfer bill in February.

U.S. Troops Insure JFK's Tour Safety

WASHINGTON (UPI)—Hundreds of hand-picked American troops have been spotted strategically in the Central American area to insure President Kennedy's safety during his visit to Costa Rica, informed sources said today.

At any sign of trouble, these soldiers and Marines could rush by air to the President's protection from nearby land and sea bases.

Sources said the aircraft carrier Thetis Bay, converted into a helicopter carrier for the Marines, was steaming off the Pacific coast of the little country.

Aboard the ship were more than 100 Marines alerted for immediate helicopter movement if needed.

On the Caribbean side of Costa Rica, the carrier Wasp was standing by. With a full complement of planes, it serves normally as an antisubmarine warfare carrier of the Atlantic Fleet.

Two companies of paratroopers and a special forces unit of guerrilla fighters were posted at Howard Air Force Base, Canal Zone, with six Hercules turboprop transports ready for takeoff on short notice, if needed.

Eight P2V patrol planes and a number of carrier-based aircraft kept the seas on both Pacific and Caribbean sides of Costa Rica under continuous surveillance.

The cruiser Northampton, a special command ship crammed with communications equipment, was steaming in the Caribbean and special Army and Air Force facilities were close at hand.

Quirks In The News

UNIQUE HONOR
PHILADELPHIA (UPI)—Miss Mildred Custin, president of the Bonwit Teller Store, Monday was named "Man of the Year" by the Chestnut Street Association.

ROBERTS FINES ROBERTS
LOS ANGELES (UPI)—Judge Roberts Monday fined Judge Roberts \$22 for running a red light. Judge Roberts, 34, was fined by Municipal Court Judge Raymond R. Roberts.

NO LAUGHING MATTER
NEWARK, N.J. (UPI)—Gigging is no laughing matter as far as police director Dominick Spina is concerned.

Spina started an investigation to find out just who were the two women heard giggling over a patrol car radio early Monday.

NO HANGOVER CURE
CONCORD, N.H. (UPI)—Blue Cross and Blue Shield have muddied the reputation of black coffee as a hangover remedy.

"Recent studies indicate that coffee tends to prolong the effects of alcohol rather than curb them,"

the organizations said Monday in their monthly bulletin.

FOUR'S THE LIMIT
LOS ANGELES (UPI)—Four-cat families will be a thing of the past here after July 1. The city animal regulation commission Monday passed a regulation prohibiting residents, except kennels and breeders, from owning more than four felines.

"Fifth Column"

In international law, the right of asylum designates the protection granted by a state to a foreign citizen against his own government. The person for whom asylum is granted has no legal right to demand it and the state is under no legal obligation to grant it, according to the Encyclopaedia Britannica.

Couple Found Dead In Home

LUBBOCK (UPI)—Billy Dean Thetford, 33, and his estranged wife, Alice, 32, were found lying on the floor of a utility room in their home today with bullet wounds in their heads.

Thetford died a few hours later in a Lubbock hospital. His wife, with a bullet wound over her right eye, was in critical condition.

Hockley county officers said there was a .32-caliber automatic on the floor of the utility room five inches from Thetford's right hand.

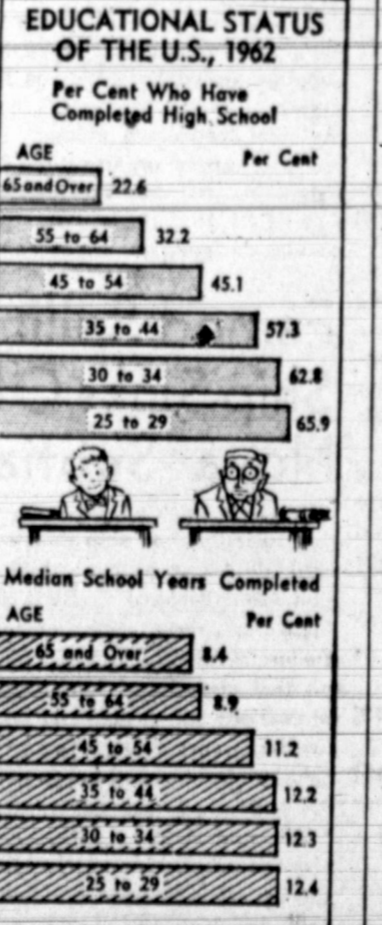

Sheriff Weir Clem of Levelland said there was no sign of a struggle. Clem was in charge of the investigation because the Thetfords lived in Hockley County, though their home was 15 miles southwest of Lubbock.

The Thetfords' three sons were asleep when their parents were shot. Clem said William, an 11-year-old son, heard the shots and telephoned authorities in Lubbock.

Thetford had been staying in Lubbock with his mother but got up early today and left his mother's home about 6 a.m.

SHERIFF FOR A DAY — 'Sheriff', Eugene Eads takes the holster and gunbelt from Sheriff R. H. 'Rufe' Jordan as he prepares to take over the office for the day. The deputies looking on are Bill Riggins and Wilson Ryals, the Sheriff and his deputies were 'Sworn In', fingerprinted and fitted with the western hats, that all Texas lawmen must wear. The boys are members of the DeMolays, who took part in running the County government yesterday. (Daily News Photo)

DeMolay Boys Study Their Local Government

Boys from the Top O' Texas chapter of DeMolay busied themselves yesterday studying the operation of city and county offices as part of an annual observance. The young men in the photograph accompanying this story are part of the Order of DeMolay which is an international organization dedicated to the principles of building better citizens out of teenage boys.

And, as they explained yesterday, as they took over most of the county offices in the Court House for several hours, that's just what they were doing — learning more about the operation of local government. The Top O' Texas chapter is made up of boys from Pampa and surrounding communities and now is in the process of building its membership.

Resolution

(Continued From Page 1) properties for the purpose of calculating depletion. This would have the effect of reducing the amount of the depletion allowance and destroy the incentive for conservation; and WHEREAS, the other proposals would repeal the provisions permitting properties to be aggregated for tax purposes; tax as ordinary income a part of what is now treated as capital gain in the sale of properties; and limit the application of foreign development expenditures; and WHEREAS, the changes are designed to affect directly the mining and petroleum industries. These industries can ill afford an increase in their tax load; and WHEREAS, in our opinion, if the proposed tax change is enacted it would result in a seriously damaging blow being levied on two already economically ill industries; and WHEREAS, the proposed changes affecting the oil industry will have dire consequences upon the economic life of many citizens throughout the Pampa area and the United States of America including our schools, churches, charities, home owners, wage earners and many businesses, large and small;

Students' Letter Is Heard By City Traffic Commission

City Traffic Commission chairman Jack Miller read a letter from the Safety Committee of Pampa Junior High's student council at the Monday meeting of the Commission asking for help in solving the pedestrian traffic problem at the school. The Traffic Commission agreed to work with the school commission in an attempt to solve the problem. The school commission includes Rick Maxey, Lane Hooten and Kent Banners.

Warning

(Continued From Page 1) and gas property, but the resulting amount is not permitted to exceed 50 per cent of the net income from the property. The proposed change provides that to the extent deductions taken with respect to a property exceed the gross income from the property in any taxable year, the amount of the excess would be carried forward to reduce for the purpose of applying the 50 per cent limitation the taxpayer's net income from the property in subsequent taxable years. The amount of the carryover that is to be used to reduce net income in any subsequent taxable year would be limited to that amount which reduces the taxpayer's percentage depletion otherwise allowable for the taxable year by 50 per cent. This is the major oil and gas proposal and is expected to return around 200 million of additional revenue.

Three Fires Reported

Washing your car motor with gasoline while an open stove fire is keeping your garage warm can be dangerous, as Stanley Mitchell of 1405 S. Barnes found out last night at 7:33. The Pampa Fire Department said that the gasoline, set afire by the stove, caused no damage to the motor or garage, but Mitchell suffered first degree burns of the arm and leg. He was treated at Highland General Hospital and is confined to a wheelchair, reported firemen.

Delhi Sold

DALLAS (UPI) — Delhi Pipeline Corp. was sold Tuesday for \$6.3 million to Texas-Star Oil & Gas Corp. of Dallas, it was announced. Delhi Pipeline Corp.'s major assets consist of two gas gathering systems in South Texas. They are the Blessing-Victoria system in Matagorda, Jackson and Victoria counties and the Laredo-Lopeno system in Zapata and Webb counties.

Obituaries

Mrs. Margaret Welch Funeral services for Mrs. Margaret Welch of Eastland, mother of Malcolm S. McDaniel of Pampa, will be held at 4 p.m. Thursday in the Eastland First Methodist Church.

Mrs. Willie Mae Callahan (Spl) — Services for Mrs. Willie Mae Callahan, 203 N. Gray, were planned for 3:30 p.m. today in the First Baptist Church in McLean with the Rev. Dan Beliz, pastor, officiating assisted by the Rev. J. B. Stewart, pastor of the McLean Methodist Church. Mrs. Callahan died at 7:20 a.m. Tuesday in the Shamrock General Hospital.

Pampa Officials Confer In Amarillo

City Manager Harold Schmitzer and Wayland Merriman, acting city engineer, were in Amarillo this afternoon attending a conference at the U.S. Bureau of Reclamation Office to discuss planning and engineering on the Berger-Pampa aqueduct of the Canadian River Municipal Water Project.

Cases Heard In County Court

County Judge Bill Craig heard three cases yesterday afternoon, the district attorney's office reported. Clarence Jordan of 515 S. Ash, changed a plea of not guilty to guilty on a charge of aggravated assault with serious bodily injury. He was fined \$25 and costs.

Cat-Killing Not Illegal

PHILADELPHIA (UPI) — A \$100 fine imposed on Ernest Massini for killing his neighbor's cat in Lanark Manor, near Allentown, Pa., was nullified Tuesday by the State Superior Court. The court found that state laws decree a man cannot shoot another's horse, cow, sheep, goat, pig or bull but neglect to mention his cat. The fine was levied on Massini in Lehigh County Court after a jury convicted him of shooting a cat owned by Mrs. Olga Ollogio in his own patch four years ago. The Superior Court said its ruling was not to be construed as condoning cat-killing. The fault lies with the legislature, the judges said.

COSMONAUTS TO BRAZIL. MOSCOW (UPI) — Tass news agency reported that cosmonauts Andrian Nikolayev and Pavel Popovich flew to Brazil with a Soviet delegation Tuesday to attend the International Exhibition on Aeronautics and Cosmonautics in Sao Paulo.

Commission Gives First Reading OK To Barnes Paving

The City Commission last night passed on first reading an ordinance levying assessments and closing the hearing on the S. Barnes St. paving project. The commission postponed until next Tuesday awarding of the contract for the paving work.

American Literature Topic For TC Culture

"From its very beginnings, American literature was a colonial literature, because it carried over with it the seeds of English culture, in language, in spirit and in tradition," Mrs. V. L. Hobbs said in her opening statements of a report on American Literature as a Milestone to American Literature. She continued, "A short while before the Revolutionary War, our authors became aware of the need to be American. As the War effected political separation of the colonies, so a national consciousness was strongly felt in the literature. But as late as 1869, James Russell Lowell defended Americanism with these words, 'We are worth nothing except so far as we have dissected ourselves of Anglicism.'" So we see that the dominance of the mother culture persisted long after its political and economic tentacles had been severed.

Mrs. Hobbs related that, "James Fenimore Cooper placed in to American themes to escape the English influence. Edwin Forrest tried to found an American theatre, giving prizes to encourage native playwrights. Henry Wadsworth Longfellow turned toward the Indian for his material to create genuine American characters. John Greenleaf Whittier gave New England farm life a poetic setting, and Nathaniel Hawthorne revived the Puritan spirit."

Mrs. Hobbs chose the interesting story of Captain John Smith as one early writer of Virginia to tell about. "His greatest achievement in literary history was to give the Indian to literature. He's well known for the story of Pocahontas, but should receive much credit for saving the Virginia colony." The speaker told that the greatest lesson taught through colonial literature by men like John Winthrop, Cotton Mather and Johnathan Edwards was moral heroism.

The speaker concluded with this:

Pampa Office Supply Co.
"EVERYTHING FOR THE OFFICE"
211 N. Cuyler — MO 4-3353

sumation, "During the 19th century, we see a fuller development of American literature, with these writers being most famous: Ralph Waldo Emerson, noted for his essays in tradition; Henry Thoreau, said in her opening statements of post-naturalist; Henry W. Longfellow, most widely read poet of American poets; John Greenleaf Whittier, a poet of the common things of life; William Prescott and Francis Parkman, historians; and Walt Whitman, America's greatest poet of democracy."

This was the first part of the program at the Tuesday afternoon meeting of the Twentieth Century Culture Club held in the home of Mrs. Jeff Bearden. Mrs. W. L. Hasse was co-hostess.

Continuing with the program on American Literature, Mrs. Doyle Osborne told about the leading literary movement of the 20th century. She said, "Romanticism of the Victorian age was replaced by realism and naturalism, which is the chief characteristic to the present day. The two World Wars in the 20th century left young writers bitter and disillusioned, thus flooding the literature with cynicism and immorality. Biographies appeared showing weaknesses of men whom we had formerly admired. Fiction of the 20th century has been compounded of pain and poverty, frustration and failure,

ToT Garden Club With Mrs. Rutledge

Mrs. Joe Rutledge was hostess to the Top o' Texas Garden Club on Tuesday afternoon in her home, 602 E. Kingsmill.

For the program, Mrs. Tom Patton discussed "Jewels of the Garden" as related to birds. She brought out that "birds, traced as far back as 190 million years ago, have influenced art, architecture, as well as a means of travel. She briefly mentioned the 487 species common to Texas; those which are helpful, and the best way to attract birds by use of water and shade trees.

Mrs. Myron Dorman, vice president of the Pampa Garden Club, as a guest discussed the Spring Flower Show, which will be co-sponsored by the garden clubs in Pampa.

A St. Patrick's theme was carried out in table appointments and refreshments.

and sordidness. Now there is a trend known as the 'New Humanism' which emphasizes the human as distinct from the animal qualities of man."

The speaker summed up literature in this century making these points, "A beneficial effect of the wars was the increase of interest in and knowledge of other lands. The thirties saw a rise of social and historical literature such as 'Gone With The Wind'. Poetry was less sentimental and more commonplace. Regular rhyme gave way to free verse. For the first time in history a book of poetry became a best seller, the 'Spoon River Anthology' by Edgar Lee Masters. More recently there is a tendency which shows a return to regular stanza forms."

Mrs. Osborne discussed the Nobel and Pulitzer prizes given for literature. Using the winners of these prizes as a guide post to decide who is important in 20th century literature, she concluded with a thumbnail sketch of Carl Sandburg, the folk singer of America; Edna St. Vincent Millay, the sonnet and lyric poet; Robert Frost, a realist poet writing of simple things; Sinclair Lewis, the first American to receive the Nobel prize; and other famous writers.

A short business meeting was conducted by Mrs. R. E. Dobbin, president. An announcement was made of the next meeting to be held on March 26 in the home of Mrs. N. D. Steele at 1901 Dogwood.

Members attending were Mmes. Robert Allen, Ross Buzzard, J. L. Chase, J. R. Donaldson, L. H. Hart, E. L. Henderson, Rufe Jordan, and L. J. Zachry.

4-6955
is the number to call at Pampa Community Center Headquarters in the Southwest Public Service Co. for any questions concerning membership subscriptions for the 1963-64 season. Adult membership are \$10; students are \$5.

The concert board has announced that Ronold Turini, pianist, will appear in a bonus concert at 2 p.m. on May 5. Current and new members will be admitted free.

SIGMA DELTA SUB DEBS — New officers for the Sigma Delta Sub Deb Club, teenage girls' social and civic club, are pictured back row, left to right, Mary Martin, vice president; Gay Arndt, historian; Pat Collett, parliamentarian; Kerrick Warner, chaplain; Cecilia McDonald, reporter; front row, left to right, Carole Enlow, president and Karen Warner, treasurer. Officers, not pictured, are Helen Reed, secretary; Betty Brown, reporter; Teresa Mack, Becky Walsh, parliamentarians and Linda Holt, vice president. Arrangements for the club's annual Ship Wreck Dance in the near future and the rushing season in early summer will be directed by the officers pictured above.

Dear Abby... Ask Husband... To Come Clean

By ABIGAIL VAN BUREN

DEAR ABBY: Last year my husband started carrying on with another woman. He confessed and promised he'd make it up to me. I wanted to believe him because we have five children. Well, last August he came home with lipstick on his lips and behind his ear. I blew my top, but he begged for one more chance so I forgave him. He was fine until a few weeks ago. I started to see lipstick on his pillow case. (I stopped wearing lipstick to be sure it wasn't mine.) I've been putting these lipstick marked pillow cases aside. Should I show them to him and let him lie his way out of it? Or should I just see a lawyer? Answer soon as I am running out of pillow cases.

HURT

DEAR HURT: Show your husband the pillow cases. Then laundery them, and ask your HUSBAND to come clean—and to stay clean this time.

DEAR ABBY: I took some money from the place my mother had hid. I had to pay a boy for doing some biology drawings for me. I intended to work and put it back before my mother missed it, but she missed it first. She took my driver's license away from me and says she is going to

tell my father. She thinks I am a liar and a thief. What to do?

WORRIED

DEAR WORRIED: You will have to rebuild your mother's trust in you. This may take a long time. You can succeed by being 100 per cent honest in all things. And what's this about "paying" a boy to do your biology drawings for you? If it was done without the knowledge of your teacher, you might have to rebuild "trust" at school, too.

DEAR ABBY: Whatever happened to soft, silky hair? I spent several years in the service and fought my way through several barbed wire entanglements, but I never thought I'd be sleeping by one. Any advice for a puzzled husband?

BIG JOHN

DEAR JOHN: Soft, silky hair went out when ratted, sprayed-stiff hair-dos came in. But I have some good news for you. The soft, silky, natural look is coming back.

Stop worrying. Write to Abby. For a personal reply enclose a self-addressed, stamped envelope.

BSP Chapters See Spring Hat Show

Rho Eta and Upsilon Chapters of Beta Sigma Phi Sorority entertained Nu Phi Mu rushees with a salad supper on Friday evening in Lovett Memorial Library.

Spring Bonnet Fashion Show narrated by Mrs. Dora Thomason comprised the program. Models were members of the Upsilon Chapter, Mmes. Ernest B. Fletcher, Gary Frasier, J. P. Adams, O. V. Bailey, and Bill Jenkins.

Mrs. Haldane Suttle, president, impersonating Hedda Hopper, welcomed guests and introduced Mrs. Frank Heare and Mrs. Howard Lee, who gave brief resumes of the work of Beta Sigma Phi.

Salads were served from a table appointed with a Mint Green cloth a St. Patrick's lassie encircled with shamrocks flanked by white tapers. Shamrocks holding white tapers placed on white lace doilies centered the individual tables. Door prize was won by Miss Donna Johnson.

Guests were Miss Johnson, Linda Smith, Dana Cantrell, Marcia Stout, Myke Brown, Ann Chambers, Evelyn Edwards, Nancy Nidiffer, Linda Moore, Juanel Matthews, Carol Johnson, Ruby Capps, Retha Jordan and Dora Thomason.

Rho Eta members attending Mmes. Bob Brunner, Doyle Beckham, Jack Chisum, Bobby Turnbo, Jack Gilpatrick, Howard Lee, Haldane Suttle, Frank Heare, Darrell Spoonmore, Dick Wilson and Jerry Davis.

Upsilon members present were Mmes. Bill Garrett, Gary Frasier, J. P. Adams, O. V. Bailey, Jay Leath, George Massie, Russell West, Ernest B. Fletcher, Bill Ellis, Bill Jenkins and Miss Norma Briden.

National Legislation Topic For Houston

Mrs. James Lewis, chairman of the state Budget and Finance Committee, as guest speaker at the Thursday afternoon meeting of Sam Houston PTA, presented an informative discussion of the legislative ballot, which has been sent to all public schools by the State Congress of PTA.

The legislative ballot relates to Federal Aid to schools and the continuation of the United Nations and its attending agencies relating to child welfare.

Following an introduction by Mrs. Nathan Turnbo, leader for the day, Mrs. Lewis explained that the state board of managers for PTA has always taken a stand against federal aid to education, but is, at this time, distributing ballots to all state PTA organizations so that each local unit may cast a vote expressing views on the proposed legislative program of the National Congress of PTA.

"After each local unit has filled out a ballot, the ballots will be tabulated and the desire of the PTA organizations of Texas will determine the stand taken by the state board of managers of Texas PTA concerning the proposed legislative program.

Mrs. Turnbo, legislative chairman, announced tentative plans for Sam Houston action on the proposed ballot consists of sending a ball to each home accompanied by a letter of explanation so that each parent may study the ballot before voting on April 18th, the next scheduled PTA meeting.

Mrs. Kenneth Royce, unit president, announced that ballots will be cast upon arrival at the April 18 meeting and that only 1962-63 members may cast ballots. "However, membership will be open at the April meeting for anyone who wishes to join."

Mrs. Royce announced there will be a public legislative meeting at Travis School on April 4 at 7:30 p.m. to study and discuss the legislative program of the National Congress of PTA. She urged all parents to attend.

The room count was won by Mrs. C. W. Stowell's 4th grade room. The door prize, Chocolate Brownies, was won by Mrs. James Kennedy.

To open the meeting, Brownie Troop 19, 28 and 126 from Sam Houston presented flags for honor. Mrs. Kay Fancher gave the devotion for the day, which included excerpts from one of Peter Marshall's sermons, "Keeper of the Springs."

During the business meeting, the following slate of officers for next year were elected: Mmes. Roberti Karr, president; Buddy Cockrell, vice president; Bill Stevens, secretary; J. T. Winborne, treasurer; Warren Jackson, parliamentarian; Edward Williams, historian; Harry Paul and Stan Friend, City Council representatives.

Mrs. Eugene Turner, City Council representative, reported that Sam Houston was represented by two persons in the City Council roster for next year: Mrs. Melvin Watkins as City Council president and Mrs. Herschal Wilks, vice president.

Mrs. Royce announced that due to the Easter Holidays, the next meeting has been changed from

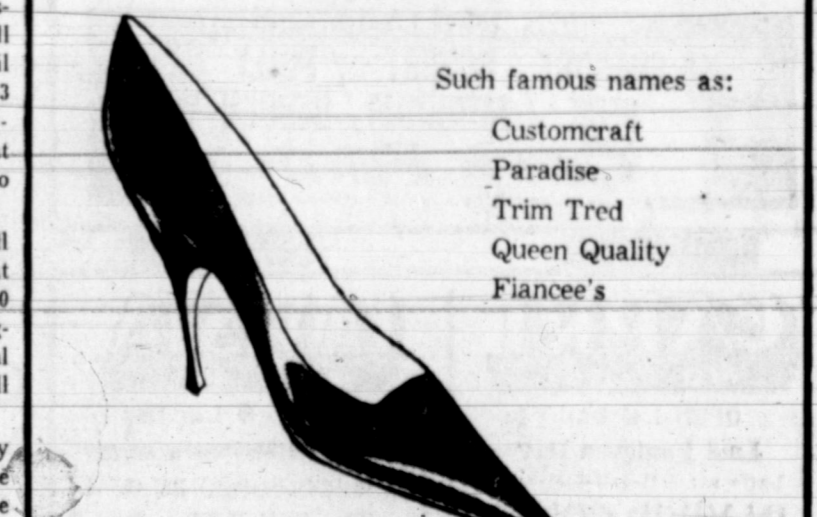

April 11 to April 18. This meeting will be Fathers' Night at which time a musical program will be presented by the Sam Houston Pampa School band under the direction of Charles Meech. The meeting will open with a banquet in the Starlight Room of the Coronado Inn at 7 p.m.

Don't Let the Machine Catch You!

Some months ago, the government opened a new data processing center in West Virginia—the first of a series of such centers to be located across the nation. With them, the government will be able to check every federal income tax return in the country automatically. If anything looks fishy, the giant computers will toss out a return for additional checking. All of which means that your tax return had better be accurate—right down to such things as drug deductions. It can be, when you purchase from us, because all of our customers receive absolutely free of charge our special DrugTax service. When you buy from us, all of your purchases are recorded on "memory" tapes, which are later fed into giant electronic computers. At the end of the year, we send you a DrugTax statement which tells you how much you spent for drugs of a deductible nature. No guesswork. No cost to you. You may actually save money—because you get the benefit of every single drug deduction to which you are entitled. (You might be surprised at how many things are of a deductible nature—and you might be surprised, too, at how many millions of dollars the American taxpayer loses each year because he doesn't claim them.) Come in today and take advantage of our free DrugTax service. It's our way of saying "thank you" for your patronage.

CAROLINA CHARTER — Postage stamp commemorating the 300th anniversary of the Carolina Charter will be issued April 6 in Edenton, N.C. As reward for helping him regain England's throne, Charles II gave to his supporters the Carolina Charter—a strip of land extending roughly from Virginia to Florida and coast to coast. Original charter is displayed in Raleigh, N.C.

Victory Oddity
Only major victory that the American forces won on land during the War of 1812 was fought two weeks after the peace treaty was signed.

Taste Tells
NEW YORK (UPI) — Forget the expert lingo and enjoy tasting until you find wine that, indeed, satisfies you, advises J. Wechsberg in a report in the "Canadian Food Journal."
The advice — try, and decide for yourself — stems from the fact that there seem to be more experts than vintages. If you need a benchmark, the author suggests you consider the words of the late King Edward VII of England, a connoisseur.
"Not only does one drink wine, but one inhales it, one looks at it, one tastes it, one swallows it — and one talks about it," he said.

Apollo Awards
The Apollos are similar to the Oscars, Emmys and Tonys and are presented to the top performers in the music and recording field. First Apollo presentations were in 1955.

Employment Act Is Approved

WASHINGTON (UPI)—A Senate Labor subcommittee today approved a liberalized version of the administration's youth employment act.
Under the bill, 75,000 youths would be put to work in conservation projects or in home-town programs during the first year of the act. However, the subcommittee bill left room for unlimited expansion of the youth quota.
Designed to cut unemployment among the young, the program has been given a top priority by the administration. Democratic leaders are hopeful of winning Senate approval before Easter.

Insure Trip
NEW YORK (UPI) — Before you begin an interstate motor trip, be sure your automobile liability insurance meets with the laws of the states you plan to visit, the Insurance Information Institute suggests.
Such a check is particularly advisable if your itinerary includes Canada or Mexico.

Arthur Pitches Shutout Win Over Hereford, 1-0

JIM ARTHUR

Pampa got one more threat, in the sixth inning, when Kenny Hebert, with one out, got the second Harvester hit as he beat out a grounder between short and third. Hebert promptly stole second and third as Glover struck out, and Ramirez issued four wide ones to Arthur, but Ramirez got Ricky Maynard for the third out to kill the only other scoring chance of the game.

The win makes Pampa 3-1 and Hereford 0-3 on the season. The Harvesters pay a return visit to Hereford this Friday at 4 p.m.

Amarillo In NJC

HUTCHINSON, Kan. (UPI)—The Amarillo College Badgers attempted to rebuild Texas prestige today in the National Junior College Basketball Tournament.

The only other Texas team in the tournament, South Texas College of Houston, lost to the Moberly, Mo., Greyhounds Tuesday 75-61. Rowland Brewer paced South Texas with 17 points.

Amarillo faced Hibbing, Minn., today in the final game of the first round of the 16-team tournament.

The tournament ends Saturday night.

Sophomore Jim Arthur of Pampa bested Hereford's Gary Kendrick in a terrific pitching duel to give the Harvesters a 1-0 win at Optimist Field yesterday.

Arthur, whose high school pitching career had been limited to one inning in each of the two practice games with Berger, went the route, striking out 10 batters, giving up four hits, and showing perfect control as he failed to walk a man.

A triple by Jerry Glover brought in the only run of the game and a perfect strike from center field by Kenny Hebert killed Hereford's chances of tying the game as Gary Kendrick of the Whitefaces also pitched beautiful ball. Kendrick went six innings, being relieved by portly Lupe Ramirez in the final frame. Kendrick gave up only one hit, Glover's triple, struck out eight and walked two men, while Ramirez gave up one hit, walked one and struck out one in his one-inning stint.

The alert Harvesters also stole four bases. The two teams played near-perfect ball, committing two errors each, but the first Hereford error set up the only run of the game. Kyle Vann took over for the injured Ricky Stewart at third base. Ricky Maynard shifted to first base in place of also-injured Steve Molberg, and Glover went to third base for Archer, with both infield and outfield coming up with spectacular fielding gems.

The only run of the game came in the first inning as Larry Gregory was safe at first on a wild throw by the second baseman. Gregory promptly stole second and then with two out, waltzed

home as Glover belted a drive almost to the left-center field wall. Third baseman Ronny Duncan made a nice play on Arthur's sharp grounder and threw him out to retire the side.

Eugene Green opened the top of the second with a Texas Leaguer that dropped in for a single, and when Gregory tried to pick him off first base, scurried to third on a high throw. With a runner on third and nobody out, Arthur proceeded to work out of his troubles by striking out the next three batters.

Neither team threatened until the fourth inning when defensive strategy set up by coach Ray Howard the previous inning paid off in spades. Howard, seeing that the game was strictly a defensive battle, had shifted his three fastest men into the outfield, moving Hebert from left field to center, C. E. Cantrell from center to right, and sprinter Eugene Madrid to left field.

The first Hereford batter of the inning went down swinging, but Green again timed one of Archer's curves and sent it deep into left field for a double. Joe Coffman, with a 1-1 count, promptly poled a clean single into left center field and Green headed for home. Hebert came in on the dead run, backhanded the ball and threw a perfect strike to Gregory at home plate, some 275 feet away, to nip Green for the out. Coffman took second on the play and moved to third as Ken Collins bobbled Charles Mareno's sharp grounder. With runners on first and third, Arthur again rose to the occasion, striking out the next batter and then coaxing the following hitter into an easy grounder for the final out.

Hereford never got a ball out of the infield after that, as Arthur retired the last nine batters in a row, three of them via the strike-out route.

Sundown Girl Tops All-Cage

AUSTIN (UPI)—Sue Janes, who led Sundown to its second straight girls' Class A basketball crown, was the only repeater chosen on the 1953 all-state tournament team.

The complete teams, announced by the Texas Sports Writers Association Tuesday:

Conference AA—forwards, Jo Ann Sparks, West; Linda Brown, Little Cypress; Janet Buckley, Friona; guards, Kay Burleson, Friona; Barbara Jaska, West; and Brenda Sweezy, Little Cypress.

Conference A—forwards, Sue Janes, Sundown; Eileen Raabe, Moulton; Linda Ice, Glen Rose; guards, Charlotte Janes, Sundown; Mildred McHam, Sundown; Carol Schilhab, Moulton.

Conference B—forwards, Lana Sue Crawford, Wells; Mary Beth Ashley, Slidell; Judy Ballard, Friendswood; Shirley Oles, Claude; guards, Billie Joe Thomas, Friendswood; Kay Clark, Slidell; Linda Thomas, Weatherford; Brock and Sylvia Ann Hathorn, Wells.

Three Of Nation's Top Four In NCAA

LOUISVILLE, Ky. (UPI)—Officials of the NCAA pointed with more than a little pride today to the national collegiate basketball finals coming up here this week end, with a four-team field for the silver anniversary tournament that might be the best yet.

In defending champion Cincinnati, Duke, Loyola of Chicago and

Skellytown Wins Lefors Junior Meet

LEFORS (Sp) — Every record but one was broken or tied in the Lefors Junior High Track Meet yesterday as Wheeler edged Skellytown for first place, 50 points to 44. Host Lefors was third with 18 points and Groom finished with nine points.

Randy Elliott of Skellytown, an eighth-grader, posted times that were almost equal to a high school runner as he won five first places, breaking the meet record in four of them and tying the fifth. Vanpool of Wheeler led his team with two first places, with Wheeler sacking up the meet as they placed either second or third in every event and also won the 440 relays to clinch the win.

Elliott pole-vaulted 9'6", broad-jumped 17'7", did 5'1" in the high jump and 12.6 in the 100-yard low hurdles, all new records, and tied the 75-yard dash, with a timing of 8.6.

Vannool ran 5.9 to win the 50-yard dash and 10.6 to win the 100, which would place in many high school meets. Marlen of Skellytown won the 60-yard high hurdles in 9.5; Joad of Wheeler did 18 pull-ups, and the Wheeler 440-relay team missed tying the old record by a tenth of a second as they ran 51.9.

James Todd and Tony Pitman led Lefors to third as the duo placed in almost every event they were entered in.

Earl Young Invited

ABILENE, Tex. (UPI)—Earl Young, former Olympic sprinter, now taking graduate courses at Abilene Christian College, has been invited to run in the Compton Invitational 440-yard dash at Compton, Calif., June 7.

Netters Beat Berger, Host Memphis

Although two of their regular starters were missing, the Pampa tennis team rose to the occasion yesterday as they downed visiting Berger, five sets to one. Pampa had finished third and Berger fourth in the Phillips Invitational Tournament last weekend.

Although Joe Fischer, one of the boys doubles team, was unable to play, and Jerry Edmondson, top girls' singlist, was ill, Ronald Thompson teamed with Charles

Ashby to give Pampa a doubles win and Mary Roberts took over to win the girls' singles match.

Pampa ace Jerry Thomas was never headed as he easily downed Marion Baxter in boys' singles, 6-1, 6-2. Bob Abel and Ronnie Whittington, who had defeated Pampa at Phillips, went down before the rackets of Ashby and Thompson, 6-3, 7-5.

Mary Roberts and Ginger Hestand dropped the girls doubles,

READY TO RETURN — Ginger Hestand (foreground) and Mary Roberts get ready to return a service in yesterday's Pampa-Berger tennis match. The Harvesters won the match, 5-1, but host a strong Memphis team at 4 p.m. this afternoon. (Daily News Photo)

PRETTY TRICKY — David Enloe and pretty wife Pat practice trick water skiing. Members of the Pampa Boat-Ski Club, they will be among those featured at the annual Pampa Boat Show this weekend. (Daily News Photo)

Sharman's Protege Leads NIT Friars

NEW YORK (UPI)—Ray Flynn, a protege of former pro star Bill Sharman, has advanced Providence College into the semifinals of the National Invitation Basketball Tournament against Marquette and bolstered the Friars' chances of winning the classic for the second time in three years.

"This is a better team than our team that won the NIT in 1961," said the 6-2, 180-pound Flynn, who scored 38 points in second-seeded Providence's 106-96 victory over Miami of Florida Tuesday night.

"We're better this year," chimed in little Vinnie Ernst, who contributed 11 assists. "We're better balanced. Everybody can do everything."

Marquette routed St. Louis Third-seeded Marquette shot 51 per cent from the field and routed St. Louis, 84-49, in Tuesday night's other quarter-final game before 15,589 fans at Madison Square Garden. After Providence meets Marquette Thursday night, Villanova takes on Canisius in the other semifinal.

"I used to watch Bill Sharman all the time as a ball boy with the Boston Celtics," Flynn said. "I don't think Red Auerbach (Celtics' coach) even knew who I was. But Sharman perfected my shooting and told me my mistakes. Since I'm not so tall he showed me how to get those quick shots off."

"It also took a lot of hard work," he added.

Jim Stone scored 26 points and grabbed 12 rebounds while Jim Thompson had 17 points and Bob Kovalski added 14 for the free-wheeling Friars from Rhode Island.

Glaser Scores 23
Ron Glaser, who shot 7 of 10 from the field in the first half, finished with 23 points in pacing Eddie Hickey's Marquette team to victory. He connected on 11 of 15 field goal attempts all told.

"This club is equal to any team

The game was tied 21 times before the Royals broke to an 80-72 lead early in the third period. Cincinnati nursed its advantage into the final quarter before Greer and Schayes rallied the Nats ahead for good. Greer finished with a game high of 32 points and Schayes added 17 in addition to some key assists and interceptions.

Oscar Robertson, who played the entire 48 minutes, paced the Royals with 29 points.

The second game of the Eastern Division series will be staged Thursday night at Cincinnati with the teams returning to Syracuse on Saturday. The winner then qualifies to meet the Boston Celtics for the division title.

Miami Sports Fete Mar. 28

MIAMI (Sp) — The 15th annual All-Sports banquet will be held here March 28, reported basketball coach Lawrence Overcast of Miami today.

The banquet, sponsored annually by the Miami American Legion Post, will be held at Legion Hall, beginning at 7 p.m. Athletes, coaches and school officials will be the guests. A trophy for the most outstanding Miami athlete of the year will be presented in his name to the school.

Overcast said that the speaker has not yet been definitely selected.

Miami High's annual awards banquet will be held early in April, shortly after the Legion banquet.

FIRST-HAND TESTIMONIAL—Miss Luisa Prieto, American Field Service Student of Madrid, Spain, and Mrs. J. B. McCrery, 2101 Mary Ellen, who have had the opportunity of seeing and hearing the Royal Philharmonic Orchestra of London, while they were in residence there, are

pictured here telling the high school band director, Fred Stockdale and band students, Don Nichols, Earl Scott and Robert DeWeese, (left to right) what a concert treat is in store for Pampans next fall when the noted orchestra plays and engages here. (Daily News Photo)

Coming To Pampa

Royal Philharmonic Receives Praise

The Royal Philharmonic Orchestra of London is the "hold" number for the 1963-64 concert season, it has been announced by the Pampa Community Concert Association, currently in its 20th annual membership drive. A minimum of three other concerts in varied musical fields will be included in the membership subscribed to during the drive and will be announced later, according to Ted Gikas and Mrs. S. Gene Hall, membership drive chairmen.

The Queen Mother, will make its first coast-to-coast tour of the United States' tour will be the winter of the 1963-64 season. Conducting on the tour will be shared by the eminent Sir Malcolm Sargent and the internationally rising George Preter.

Founded only 16 years ago, by the late Sir Thomas Beecham, the Royal Philharmonic is now considered one of the best orchestras in the world. The forthcoming United States' tour will be the Royal Philharmonic's second. It was last heard here during the 1951-52 season.

It is regularly heard in concert at the Royal Festival Hall and the Royal Albert Hall but the major portion of its activities is comprised of BBC broadcasts, telecasts and lengthy tours of Britain and abroad. During the current season, the orchestra is scheduled for a two-month tour of Germany, Poland, Czechoslovakia and the Soviet Union, where it has been engaged for four concerts in Moscow, three in Leningrad and three

in Kiev. The announcement of the "hold" number for the approaching concert series has come as welcomed news for those who have had the privilege and opportunity of hearing it before.

Miss Luisa Prieto, who is the American Field Service Student residing here this winter in the home of Mr. and Mrs. W. A. Morgan, 1928 Evergreen, attended concerts given by the orchestra while

she was living in London one winter.

Mrs. J. B. McCrery, 2101 Mary Ellen, complimented the local board upon its selection since she had heard the Royal Philharmonic in concert while she and her husband were living in London, where he was associated with Cabot, Inc. John McCausland, a local insurance man and native of London, England, has given the orchestra praise and endorsement.

Television Programs

Table listing television programs for Channel 4 (KGNC-TV), Channel 7 (KVII-TV), Channel 16 (KFDA-TV), and Channel 10 (THURSDAY). Includes program names, times, and networks.

French Franc
The name of "franc" first was applied to a French gold coin in 1630 by King John II because of its Latin legend: Johannes Dei Gracia Francorum Rex (John, by the grace of God, King of the Franks), according to the Encyclopedia Britannica.

Declaration Copies
Only 15 of the original printed copies of the Declaration of Independence are known to exist. No trace remains of the long-hand draft of the Declaration approved by Congress and the printed text hurriedly printed the night of July 4, 1776, has been accepted as official.

The iron lung was invented by Prof. Phillip Drinker of Harvard University.

Islanders Leave Civilization To Return To Normal

LONDON (UPI) — An advance party of Tristan da Cunha islanders today turned their backs on the luxuries and headaches of modern civilization and headed back to the rugged life a volcanic eruption forced them to leave. The 31 men, women and children left England aboard the royal mail ship Amazon to prepare the scorched island group in the Atlantic for the return of the remaining 200 islanders in October. Their leader, 61-year-old Willie Repetto, summed up the islanders' feelings before the ship sailed Sunday:

"When we put foot back on Tristan, none of us will ever want to leave again. I do not think we will miss much in England. We have seen all we want to see. Money, money, money. Worry, worry, worry, all the time. On Tristan, a man can be content and a woman need not be afraid for her children. These are the important things." The three barren islands of British-ruled Tristan da Cunha lie midway between Africa and South America. Tristan, the largest, measures only 40 square miles. The islanders are descendants of 19th century settlers, including shipwrecked sailors. Their remote location kept them isolated from the modern world and dedicated to a hard struggle for existence. Thomas Alva Edison patented more than 11,000 inventions.

American Socialite Weds Crown Prince

By A. K. DAS
United Press International
GANGTOK, Sikkim (UPI)—Hope Cooke, a 22-year-old American girl just out of college, today became crown princess of this exotic Himalayan principality

in a solemn Buddhist wedding performed by 14 lamas. The bridegroom, Crown Prince Palden Thondup Namgyal, smiled as he leaned over from his throne to help his diminutive brunette bride unwind a long white silk scarf from around her neck to complete the ancient ceremony in the royal palace.

He thus transformed Miss Cooke into Her Highness Princess Hope of Sikkim, "consort of the deities."

Princess Hope, an Episcopalian, watched with a faint smile as her second-cousin, John H. Humpstone of New York, sealed the match by placing a similar white scarf around the neck of the 39-year-old crown prince.

Rates Yellow Umbrella
The young New York socialite, who graduated from Sarah Lawrence College (Bronxville, N.Y.) last month, is the first U.S. citizen to marry into Asian royalty. She now rates the yellow-topped umbrella of Oriental royalty wherever she goes.
