

THREE HURT - Patrolman Lawrence Macha inspects the 1951 convertible that he said flew 126 feet through the air in a one-car mishap that occurred on Highway 152 near Pampa early today. The driver of the car, Billy Belt of Ozark, Ark., and his wife were listed in fair condition in Highland General Hospital late this forenoon. Their infant son was reported in good condition. Macha said the car left the road, traveled 747 feet and rolled four times before coming to a rest. (Daily News Photo)

Family Injured in One Car Mishap Near Here

Billy V. Belt, 19, and his wife Ruby Loreen, 21, of Ozark, Ark., were listed in fair condition in Highland General Hospital late this forenoon following a one-car crash about 6:40 a. m. today, 12 miles east of Pampa on Highway 152.

The couple's three-month-old son, William Belt, was listed in good condition.

According to investigating officer Lawrence Macha, the Belt auto left the pavement and traveled 201 feet to a point where it struck a railroad track crossing the highway. After striking the track, the car flew 60 feet through the air before striking the ground again.

The automobile then continued traveling in the ditch along the road for 220 feet, struck an embankment, and took to the air again, Macha said.

The car sailed through the air 66 feet farther and struck the ground turning over four times, according to the officer.

The accelerator apparently stuck and the brakes were faulty, Macha said. "It also looks possible that the hood of the automobile flew up when he (Belt) struck the tracks," he explained.

The driver of the 1951 convertible said he remembered nothing of the accident, but that he had fallen asleep, Macha said.

The occupants of the car were thrown approximately 20 feet from the car as it flipped over the last time, the officer said. The father was holding the baby close to him when they were thrown free.

Macha said the car traveled 747 feet from the point where it left the pavement until it came to a rest.

Proposed Charter Changes Explained

Explanation of two of the four proposed amendments to Pampa's City Charter to be voted on in the July 9 special election was made today by City Secretary Edwin Vicars.

Vicars said there had been questions about the two proposed amendments which his statement today was aimed to clarify.

Major interest, Vicars said, centered on an amendment that would permit all qualified voters to elect each of four City Commissioners.

This issue has caused major controversy, with battle lines drawn between those who want to retain and those who would change the present voting system. Under present charter provisions, only those who live in each ward may vote for the commissioner from that ward.

In the heat of that major debate, little attention has been given to the other three amendments on the ballot, Vicars said. In his explanation, the city secretary said "the amendment to provide for election of all members of the Commission by voters at large is Proposition One on the ballot. Proposition Two establishes a standard procedure in selecting a Mayor Pro Tempore. Under its provisions, if adopted, each Commissioner would be designated Mayor Pro Tempore for a period of six months, in turn. Propositions 3 and 4 are the two that have been little noticed. They would delete Sections 6 and 7 of Article VIII of the charter. These sections related only to a city election held in 1946. It was then the present 5-man city Commission system was adopted to replace the original 3-man team.

"The 1946 election established the practice of each Ward electing its own Commissioner by majority vote of the qualified voters in the Ward. Section 6 of Article VIII stipulated that within 10 days following adoption of the Ward system, a special election would be held to select the five-man Commission. The Amendments were adopted, and the special election was held as provided. Proposition 3 in the upcoming election would delete this section.

"Section 7, Article VIII, established the term of office for the first 5-man Commission as being from the date of election to the

Sweden Stunned by Most Serious Espionage Case

Graduated Speed Zones Are Near Completion Here

Installation of graduated speed zone signs on state highway approaches to Pampa and inside the city limits is expected to be completed within a few days, according to R. B. Cooke, public works director.

Thirty-five of the signs are being installed inside the city on Highways 152, 70, 60, and 283 designating graduated speeds from the state limit of 60 miles an hour down through 50, 45, 40, 35 and 30 miles an hour zones, depending on traffic areas.

The signs were authorized by the city commission following complaints that the speed dropped suddenly and without warning from 60 miles outside the city limits to 30 miles an hour across the city boundary line.

Officials said the graduated reduction in speed will promote safer driving and give motorists warning of speed zones.

CHANGES HANDS - The traditional president's gavel changed hands at last night's installation of the Pampa Rotary Club. Cameron Marsh, incoming president, right, accepts the symbol of his office from R. D. Wilkerson, outgoing president and new vice president of the group. The installation was held at the Coronado Inn. SUPPORTS COFFEE PACT - WASHINGTON (UPI) - The United States intends to ratify the international coffee agreement which is designed to stabilize declining coffee prices.

The United States imports 51.7 per cent of the world's coffee, and Monday's formal announcement to the United Nations meant that 11 countries representing 78.5 per cent of world imports have declared their support of the agreement.

If it comes from a hardware store we have it. Lewis Hdw. Adv.

Air Force Officer Admits 15 Years of Spying for Soviets

STOCKHOLM (UPI) - Premier Tage Erlander, cutting short his vacation, called in his top government advisers today to discuss the most serious case of espionage in Swedish history.

Erlander rushed back from Italy after the Foreign Ministry announced that Col. Erik Wennerstrom, 56, a trusted, respected former air force officer and one-time attaché in Washington, had confessed to having spied for the Soviet Union for 15 years.

The premier went to his office early this morning to get a first-hand report from Foreign Minister Torsten Nilsson before going into the government meeting. A spokesman for the Foreign Ministry said Wennerstrom admitted selling American and Swedish defense secrets to the Communists.

Some newspapers demanded a complete overhaul of the nation's security system following the spectacular disclosure. Others attacked Russia for indulging in espionage against Sweden.

Sweden traditionally is neutral, but it has close ties to Norway, Denmark, the United States and other members of the North Atlantic Treaty Organization.

Foreign Minister Torsten Nilsson informed the Soviet charge d'affaires that the first secretary at the Soviet Embassy, Georgi Baranovski, and the military attaché, Maj. Gen. Vitali Mukolski, were persona non grata. Reports said both Russians left the country hurriedly.

Nilsson charged that the staff of the Soviet diplomatic mission had been actively violating Swedish law as well as international law.

"This case is a deeply shocking one," said Defense Minister Sven Andersson. "Col. Wennerstrom has caused his country serious damage."

Security officials did not disclose how much information Wennerstrom relayed to the Kremlin over the years, but there were indications he had received large sums of money.

The former colonel, who has an attractive wife and two children, lived in a luxurious villa in the plush Stockholm suburb of Djursholm. He was known as a genial host who entertained lavishly.

Integrationists Call for Boston 'Evers Day' Strike

By United Press International

Integrationist leaders urged Boston's 68,000 Negroes to stage a one-day strike today protesting alleged segregation in the city.

The protest was called in conjunction with memorial services to be held on Boston's historic Common for slain Mississippi integrationist Medgar Evers.

Massachusetts Gov. Endicott Peabody officially declared today as Evers Memorial Day and urged citizens to "give due and fitting recognition to the observance."

He said he considered the meeting a success and that the governor "got our message first hand." But he added that demonstrations are "the best way to serve our purpose."

At such a meeting in Savannah, Ga., Tuesday night, Negro and white leaders said "real progress" was made in ironing out racial difficulties in the Georgia port city. "As long as we have such progress as was made in today's meeting, peace and tranquility will continue to prevail," said Negro leader Hosea Williams.

More than 1,000 racial demonstrators marched to the Denver city hall Tuesday night to present their demands for racial equality to the city council. Police arrested 34 Negroes on trespass charges at Charleston, S.C., Tuesday for attempting to sit in segregated restaurants and attend white theaters.

In the South, the first state level meeting between a governor and Negro leaders to discuss racial problems failed to produce an agreement by the Negroes to end civil rights demonstrations.

Gov. Terry Sanford of North Carolina called upon Negroes in a meeting at Raleigh, N.C., Tuesday to settle their grievances through "deliberation" rather than "demonstration."

Rotarians Install New Officers, Board

Cameron Marsh became the new president of the Pampa Rotary Club at their annual installation banquet last night in the Coronado Inn. Immediate past president R. D. "Jimmy" Wilkerson will serve as vice president and Bill Atkinson is the new secretary-treasurer.

Featured speaker for the evening was Delbert Downing, of Midland, who mixed humor with homespun philosophy.

While on a serious note, he urged Rotarians to lead the way down the path to world peace through the practice of honesty and high ethical standards in their businesses and professions.

"We must be honest in our dealings with our fellow man before peace will come," he said.

The new board members, who were installed by E. E. Shelham, are Loyd Davies, Art Holland, Arthur Smalley, Jimmie E. Thompson, Gordon Lyons and Lee Fraser.

Jack Foster paid tribute to the wives of club members who had perfect attendance during the past year and Floyd Watson welcomed the Rotary Anna.

Pampa Will Join Nation To 'Make Freedom Really Ring'

Pampans will join in a national celebration on July 4th to "Make Freedom Really Ring."

Plans were finalized at a breakfast meeting of a Chamber of Commerce committee in Coronado Inn this morning to ring every available bell in Pampa at 12 o'clock noon on Independence Day.

Rev. Donald S. Hauck, committee chairman, said the freedom reminder movement would be joined by Pampa churches, radio stations, newspaper, Chamber of Commerce, Jaycees, school officials, civic clubs and the Pampa Key Club.

The plan is part of a national program to turn Independence Day into a stirring national celebration by ringing bells and reciting the Declaration of Independence at the same moment in all 50 states.

Here in Pampa the Freedom observance planners are asking every available bell to be joined in ringing at the 12 o'clock noon hour on July 4th. All three radio stations will broadcast the sound of bells for two minutes, followed by reading of the Declaration of Independence by Cameron Marsh, high school principal.

On a nationwide scale there will be a special radio and television broadcast at that hour from Philadelphia, in front of the Liberty Bell in Independence Hall, while the bells ring out from every possible place across the nation.

Pampa Jaycees will be out on the morning of the Fourth to broadcast a loud speaker reminder to Pampans to ring bells and join in the celebration by listening to their car or home radios.

"We have many freedoms over which we should rejoice," Rev. Hauck said, "and there are other freedoms which need to be attained. These are the things every American should be thinking about (See CITY, Page 3)

Atty. General Pleads for Civil Rights

WASHINGTON (UPI) - Atty. Gen. Robert F. Kennedy urged Congress today to enact civil rights laws that would deal with racial problems in the courts and "not in the streets, amid potential violence."

The President's brother opened the battle on Capitol Hill for the administration's seven-point program that is almost certain to face a filibuster from southern members of his own Democratic party.

Kennedy, leadoff witness at the first congressional hearings on the President's strong civil rights bill, said laws alone would not end racial discrimination overnight.

But they are a vital part of a broad national attack on a problem that the administration cannot solve through voluntary action, he told the House Judiciary Committee.

Refers To Hazards

In an apparent reference to the hazards of mass protests, Kennedy said the proposed legislation would "deal with the problem not in the streets, amid potential violence, but in the courts, under law."

"If we fail to act promptly and wisely at this crucial point in our history, grave doubts will be

thrown on the very premise of American democracy," he said.

"If we enact a program that presents a reasonable opportunity for the Negroes to resolve their legitimate grievances—only then will this nation be living up to its ideals."

Committee Chairman Emanuel Celler, D-N.Y., said the proposed ban on discrimination in public facilities might have to be modified to get the bill through Congress.

Celler said local boarding houses and small restaurants might have to be excluded from coverage in order to get the necessary votes to pass the legislation this year.

Kennedy said that Negro protest marches in Birmingham and other cities made it clear the attack on discrimination in public places, schools, voting and employment must be accelerated.

"The demonstrations of the past few months have only served to point up what thinking Americans have known for years: that this country can no longer abide the moral outrage of racial discrimination," he said.

Up To Congress

The attorney general said the courts and the administration already had taken important steps to lower racial barriers. He added: "Now it is clearly up to Congress to bring its strength to bear."

The American people, Kennedy said, expect the House and Senate to "correct a wrong that has been allowed to exist too long in our society."

JFK Takes First 'Close Look' at Communist World

BERLIN (UPI) - President Kennedy peered across the wall into the East German stronghold of communism today and told cheering West Berliners that the "winds of change are blowing across the Iron Curtain."

The President got his first close-up look at the Communist world when he visited the Brandenburg Gate and Checkpoint Charlie on the Berlin wall the Communists built two years ago to halt the flow of refugees to the West.

After his sober gaze at the shadowy world of East Berlin, the President went on to tell wildly enthusiastic West Berliners in a speech that he was proud to stand with them on the ramparts of freedom, declaring in German: "I am a Berliner."

The acclaim from a million Berliners in his eight-hour tour of this divided city 110 miles deep inside Communist territory was overwhelming in its size, its obvious spontaneity and its emotional impact.

Kennedy's Greatest Reception

"This is the greatest reception the President has received anywhere in the world," said White House Press Secretary Pierre Salinger.

Capped by his speech at city hall, the reception began the moment he landed at Tegel Airport and started a 38-mile drive through the city's western sectors.

A crowd of almost a quarter million persons jammed into the vast square before the city hall to greet Kennedy with the greatest mass ovation in the history of this split city.

Some said it was greater than any ovation Adolf Hitler had been able to whip up for himself with all the resources of his massive propaganda machine.

There, he told the vast throng that "I am proud" to be here. Twice he used German sentences to underscore his empathy with the Berliners.

"All free men, wherever they may live, are citizens of Berlin and therefore as a free man I take pride in the words: Ich bin ein Berliner."

His statements brought tremendous roars of approval from the crowd.

Main Speech

Then he went on to the free University of Berlin for his main speech of the day, where he noted that not even the Communist world can remain static.

Kennedy said "winds of change are blowing across the Iron Curtain as well as in the rest of the world" and "the people of Eastern Europe even after 18 years of oppression are not immune to change."

Where, Where Did Nikki Go?

MOSCOW (UPI) - The big question making the rounds in Moscow's diplomatic circles today was "where is the wandering Nikita Khrushchev?"

In the wake of unconfirmed and denied rumors the Soviet leader had paid a surprise visit to Bucharest.

The apparent mystery deepened Tuesday night when reliable sources reported that he had left Moscow for an undisclosed destination.

The rumors spread rapidly Tuesday among foreigners but not among Russians at the Kremlin Palace of Congresses where the International Women's Congress was being held.

Such rumors often originate with one person but promptly become the common domain of foreign reporters and diplomats.

Sometimes they turn out to be founded on fact but more often they are not. There is no foolproof way of checking.

The press office of the Foreign Ministry seldom provides any illuminating information and confines itself to what has become a classic formula - "we know nothing."

Clear And Uncluttered Makes For Easy Living

Neat and uncluttered look of this tiny room is carefully planned around a black and white color scheme.

By KAY SHERWOOD
Newspaper Enterprise Assn.
A few lucky homemakers who moves from old houses to modern ones, where bedrooms and dens head into more spacious houses, shrink in direct proportion to expanding dimensions of living-din- ing rooms.

Take it from me: it is a mistake to try to shift all the furniture from a larger bedroom to a smaller one. An overstuffed room looks as though it is waiting for an auctioneer to step up and clear it. Cleaning around closely packed chests, chairs, beds is a back-breaking chore.

To face the situation realistically, first throw out, sell or store every piece you don't absolutely need or can't part with. Second, look critically at what's left. Can you move your spouse's chest of drawers into the hall? Third, keep an eye out for small-room arrangements planned by professionals; they often contain adaptable ideas.

I am at point 2, and a most ready for point 3. (It was a tight squeeze, but we got his chest into the hall.) Let me call the attention of fellow travelers to a small model room designed by Norman Shepherd, A.I.D., N.S.I.D.

For a space 9 by 12 feet, he suggests several good points.

Each wall has a special function: bed on one, study desk on two, practice piano and books on three, stereo console and records on four. Shepherd understands the convenience of space-conserving built-ins.

Narrow bookcases, for example, beside the windows go from floor to ceiling. A portable television, mounted on a swivel shelf and anchored with piano hinges, swings out for viewing.

The desk is built-in at typewriter table height, with ample drawer storage underneath. In another type of room, this might be clothes storage combined with dressing table.

The furniture and accessories are light-scaled. A finely carved Spanish laybed is covered with a boldly checked black and white fabric which is repeated in Roman-type shades at the windows. These decorative sliding shades save wall space, no drapes are needed.

Records are stored in an open-work brass holder beside the console. The single chair is a lightweight, black-and-white director's model. Off-white walls and floor tiles are a visual aid to enlarging apparent room size. To avoid austerity, a jolly, colorful arrangement of bric-a-brac is hung over the console.

Manners Make Friends

If something interferes with your plans, let the hostess know as soon as possible you will not attend.

Dear Abby.... Tell Him That He Just Dreamed It

By ABIGAIL VAN BUREN

DEAR ABBY: I have an uncle who is absolutely nutty. He's not bad enough to be locked up, but he embarrasses me every time I see him. About a year ago he told me he dreamed I borrowed \$200 from him. We both laughed about it and took it as a joke. Every time I see him now he asks me when I am going to pay something on that \$200 I owe him. He actually believes I owe him \$200. And I am NOT kidding.

PLEMENIK
DEAR PLEMIENIK: The next time he brings it up, tell him you DREAMED you paid it back.

DEAR ABBY: I've been married 40 years and have four married children. Eight years ago I took a job to keep busy and earn a little extra money. Every cent I have made has gone into our home. I work seven hours a day, five days a week, but I'm home every evening before my husband gets there. My housekeeping hasn't suffered and my meals are all well prepared. My husband told me that beginning August 1st, either I'll pay \$100 a month room and board or I can get out. What should I do?

BOSTONIAN
DEAR BOSTONIAN: If you've lived with this man for 40 years, you don't need me to tell you how to live with him. He obviously resents your working. So quit your job, let him support you and you won't have to worry about getting the Gate.

DEAR ABBY: Several years ago, twelve to be exact, I arranged some flowers from my own garden in one of my prettiest vases and took it to my neighbor.

(Her mother, who was living with her at the time, had suffered a stroke and was very ill.) Well, the mother died that summer and my vase was never returned to me. I have seen it used in my neighbor's house many times. I'm sure she knows it's mine. Should I ask her for it? Or do you suppose she is under the impression that I gave her the vase along with the flowers?

MRS.-A.
DEAR MRS. A.: Your neighbor probably assumes you gave her the vase along with the flowers. Unless the vase is an heirloom or has great sentimental value, pretend you gave it to her and forget it.

DEAR ABBY: "Arthur's Idiot" is not alone. I, too, have broken up with laughter at some very solemn moments. Once, at the funeral of a loved one, it suddenly struck me that the minister who was reciting the eulogy looked like a frog. I exploded into laughter and couldn't stop. Everyone looked at me with contempt and disgust. Believe me, Abby, my love and respect for the deceased were deep and my grief was very real, but I couldn't control this unfortunate fit of laughter. Many years later a doctor explained it to me, and I understood.

Panhandle Chapter Installs Officers In Open Ceremonies In Masonic Hall

PANHANDLE (Spl) — Mrs. Almeda Crist was installed worthy matron of Panhandle Chapter of the Order of the Eastern Star in open ceremonies Monday evening in Masonic Hall.

Other officers installed were Audie Morgan, worthy patron; Mrs. Geraldine Davis, associate patron; Mrs. Alice Richardson, secretary; Miss Martha Gr-i-p-p, treasurer; Mrs. Ruby Pemberton, conductress, and Mrs. Martha Castleberry, associate conductress.

Installed to appointive stations were Mrs. Virginia Farrell, chaplain; Mrs. Essie Weatherly, marshal; Mrs. Opal Lewellen, organist; Mrs. Clementine Morgan, Adah; Mrs. Ann Mills, Ruth; Mrs. Grace Bulla, Esther; Mrs. Evelyn Brannon, Electa; Mrs. Betty Hooten, warder; and H. L. Hooten, sentinel; Mrs. Coleen Butler, who had been appointed Martha was unable to attend.

Installing officers were Mrs. Geraldine Nunn, worthy matron; W. E. Dart, worthy patron; Mrs. Thelma Hood, secretary; Mrs. Nannete Padget, marshal; Mrs.

Wanda Dale, organist, and Mrs. Dart, chaplain.

Candlelighters were Mary Alice Crist, daughter of the worthy matron-elect, and Paula Richardson, daughter of the secretary-elect. Another daughter of Mrs. Crist, Mrs. Bertha Mae Algo of Groom, was soloist, singing "Down From His Glory" and "He".

Following the installation, the past matron's jewel was presented to Mrs. Bulla from the chapter by Mrs. Crist. In the closed meeting preceding the installation, gifts had been presented to Mrs. Bulla and Mr. Dart, retiring matron and patron, by their officers.

In the customary supper, hosted by the past matrons and patrons, Mrs. Pansy Cox, junior past matron, was chairman, with sixty persons attending.

Guests for the meeting were present from Buenos Aires, Argentina; Marshall Mo., Miami and Groom Chapters.

Program On Park Presented At Club

An informative program on "Six Flags Over Texas" was presented by Mrs. Bill Tidwell, a special guest, at the Friday morning meeting of the Worthwhile Home Demonstration Club held at 9:30 a.m. in the home of Mrs. N. L. Welton, east of the city.

During the business meeting conducted by Mrs. Roy-Tinsley, president, Mrs. J. C. Payne was reported ill in Worley Hospital. Refreshments were served by the hostess during the social hour. Members attending were Meses. Lester Reynolds, Odie Skinner, W. G. Kinzer, Boyd Brown, Stella Wagner, N. B. Cude, and J. L. Carlton.

It was announced that the July 5 meeting will be held in the home of Mrs. Stella Wagner, 616 N. Sumner.

Miss Davidson Is Honored At Party

WHEELER (Spl) — Miss Georgiana Davidson, bride-elect of Don Nafzger of Olton was honored with a wedding shower recently in the Kelton Cafeteria.

The ladies of the Kelton Women's Society of Christian Service of the Methodist Church were the hostesses. Miss Sherry Burrell, registered the guests.

Mrs. Rachel Moore presided at the serving table. The table was covered with a lace cloth with a rose center piece. The bride-elect's chosen color of pink was used through the room.

Miss Davidson, her mother, Mrs. George Davidson, and grandmothers, Mrs. L. W. Davidson of Shamrock and Mrs. J. D. Ruthford assisted with the opening of the gifts.

Just developed as a shaper for bras built into swimsuits is an improved latex foam rubber coated fabric that's almost completely resistant to the staining effects of copper and copper salts, frequently found in water. (According to industry estimates, one woman out of every three wears a swimsuit lined with foam rubber.)

Pampans Given Scholarships From Cabot

Three Pampa youths are among six winners of scholarships awarded annually by Cabot Corporation, Western Region, company representatives announced today.

They are Rose Marie Webb, daughter of Mr. and Mrs. Frances E. Webb, 428 N. Wells; Sally June Paden, daughter of Mr. and Mrs. Lloyd B. Paden, 509 N. Starkweather; and Eric C. Edwards, Jr., son of Mr. and Mrs. Eric C. Edwards, 533 N. Nelson.

Miss Webb will enter Texas Technological College in the fall and begin preparing for a career of teaching in the mathematics field.

Miss Paden will study Elementary Education at the University of Texas.

Eric C. Edwards, Jr., plans to study Chemical Engineering at the University of New Mexico.

Two vacancy scholarships were also awarded to Richard E. Batson, son of Mr. and Mrs. R. E. Batson, 2117 Mary Ellen, and Tom H. Ayres, son of Mr. and Mrs. H. S. Ayres, 1212 21st Street, both of Pampa.

The purpose of the Cabot Scholarship Plan is to encourage and assist sons and daughters of the Cabot Corporation employees in securing a college education by providing financial assistance.

Each year the six scholarships of \$500 each are awarded on a competitive basis to applicants chosen by the Scholarship Committee which includes a representative from the University of Texas, Texas Technological College, Louisiana State University, and the University of Oklahoma.

The Scholarship committee for 1963 consisted of Dr. J. R. Morris, Assistant Dean, University of Oklahoma; Dr. S. M. Kennedy, Dean, College of Arts and Science, Texas Technological College; Dr. Lorrin G. Kennamer, College of Arts and Sciences, University of Texas; and Dr. William Bonify, Executive Assistant to the President, Louisiana State University.

Jeffrey Cohane, acting as president of the Pampa Track Club, told the Jaycees that Randy Matson, whom the Jaycees had sponsored to the AAU championships, was definitely competing in the International Games with Russia, England, Poland and Germany in July and August. It was reported that the name of Pampa had been in every major newspaper in the state and most of the nation due to Randy's performances in the USITF and AAU national championships.

Guests included Dr. Jim Alexander and Gage Robertson, who filled out new membership cards. Wes Simpson of Amarillo and Bob Erwin.

For the best steaks in town visit your IGA Food Liner, 600 S. Cuyler.

Miss Wanda Jean Prater, daughter of Mr. and Mrs. V. L. Prater, of Skellytown, has been admitted to the Texas Elks Crippled Children Hospital at Luling, Tex., to have surgery on her foot. Since she may be there a year, anyone

wishing to write to her, may send mail to Miss Wanda Jean Prater, Texas Elks Crippled Childrens Hospital, Drawer 550, Luling, Tex.

Personal Rummage Sale this Thursday, 321 S. Cuyler

Girls from Skellytown returned home Thursday from Houston where they attended the Texas Grand Assembly for the Order of Rainbow Girls. Those attending were Misses Judy McKernan, Myrna Shubring, Carol Sanger, Sandra Biggers, Beverly Harlan, Mrs. Tommie Atkins and Mrs. Emmett Saxon, mother advisor.

Obituaries

Mrs. Matilda Williamson

Funeral services for Mrs. Matilda Williamson, 512 N. Starkweather, who died yesterday in the Wichita Falls Hospital, will be at 10 a.m. Friday in the First Methodist Chapel here, with Dr. Hubert Bratcher, pastor of First Methodist Church, officiating.

Mrs. Williamson was born Dec. 17, 1881.

Survivors include one sister, Mrs. A. E. Dowler, Neosho, Mo.; two granddaughters and four great grandchildren.

Palbearers will be Bill Wright, Rod McDonald, Ed Anderson, Joe Shelton, Travis Lively and J. C. McWilliams.

Arrangements are under the direction of Duenkle-Carmichael Funeral Home.

Prowler Reported

A noise at the back door aroused Mrs. Michael Canada, 2207 Hamilton, at 3:20 a.m. today.

She called police and notified them that when she turned on the light and investigated, she saw a man run out of the yard through a rear gate.

Officers scoured the neighborhood but were unable to find any trace of the prowler.

Pampa Hit by Vendor Thefts, Shoplifting

Ice-vending machine thieves went into operation again last night and stole 13 sacks of ice from two locations: at the Furr Food parking lot on N. Hobart and at the corner of Ballard and Browning Sts.

The machines, owned by Malcolm Hinkle, have been broken into a half dozen times within the past two or three months, police said. The ice is valued at 35 cents a sack.

Two youngsters, 14 and 15 years old, were picked up in Mitchell's Grocery, 638 S. Cuyler, yesterday afternoon when they were caught shoplifting.

The two boys were turned over to Juvenile Officer Bill Leonard who released them on probation in custody of their parents.

Falls: He is an ex-Marine and has had 10 years experience in oil field sales, having worked with National Supply Co., Southwell Supply Co., and Beacon Supply Co. Tucker and his wife, Janice, have lived in Pampa for the past nine years. They have a 4-year-old daughter, Kelly.

CC Decides On Christmas Decorations

The Merchants Activities Committee of the Pampa Chamber of Commerce met in the Court House Cafe this morning and accepted a bid from the L. C. Williams Co., of Houston, for new Christmas street decorations.

The cost of the new decorations will be \$8,320, but the Williams Co. will allow approximately \$1,655 trade-in allowance for the fixtures that have been used here for the past five years.

The Committee plans to pay for the new decorations over a three year period. Contributions are solicited each year from business and professional firms to pay for the Christmas activities.

A sample of the new decorations is now on display in the 100 block of N. Cuyler.

In other business the Committee voted to hold the second annual Pampa "Lucky Days" sales promotion on July 19 and 20. Hundreds of dollars worth of free merchandise will be given away to lucky shoppers during the two days.

Tentative plans were also made for a "back-to-school" promotion in August.

Dear Ethel,
I was tired of washing floors every week so I tried Seal Glass. It gives my floors a long lasting shine without weekly care. Why don't you try it? You can get Seal Glass at: PAMPA HARDWARE CO. 120 N. Cuyler MO 4-2451

Four-Way Battle For NL Hit Title

By FRED DOWN
UPI Sports Writer

Forget the National League's pennant race for a moment and take a gander at its race for the batting championship.

It's a tournament of champions involving 1960 champ Dick Groat of the St. Louis Cardinals, 1961 titlist Roberto Clemente of the Pittsburgh Pirates and 1962 king Tommy Davis, of the Los Angeles Dodgers.

And there's even an uninvited fourth hopeful — the Cardinals' Bill White, who has challenged in the past but never quite made it.

The race today shows Davis and Clemente tied for the lead at .335 each and Groat and White tied for second at .333 each.

Davis moved up three points Tuesday night when he contributed two singles to an 11-hit attack that helped Sandy Koufax and the Dodgers down the Cincinnati Reds, 4-1. White had three hits and Groat a key double, meanwhile, as the Cardinals topped the San Francisco Giants, 6-5, and moved back into first place. The Cardinals hold a half-game lead over both their chief rivals, with the Dodgers second by six percentage points and the Giants third by eight.

Phils Whip Pirates.

The Philadelphia Phillies defeated the Pirates, 5-4, in 10 innings despite two hits by Clemente; the Milwaukee Braves beat the Houston Colts, 4-0, and the Chicago Cubs topped the New York Mets, 4-1, in other NL action.

The second of Davis' two hits capped a two-run, tie-breaking

eight-inning Dodger rally spearheaded by Maury Wills' safe bunt and Jim Gilliam's double. Koufax pitched a six-hitter and struck out nine batters for his fifth straight win and 12th of the season while Cincinnati's Jim O'Toole suffered his fourth loss against 13 triumphs. He had won seven in a row.

Win On Error

The Cardinals, given an early lead with the help of slugging by Groat and White, won out in the ninth when Orlando Cepeda bunted wildly to third base, on a bunt, permitting Tim McCarver to score. Willie McCovey's two-run homer and a two-run triple by Felipe Alou produced four runs for the Giants and a 5-5 tie in the eighth. Ron Taylor was the winner and Bob Bolin the loser. The Phillies pulled out their 10-inning win over the Pirates when Don Demeter led off the frame with a homer, his 13th of the year. Johnny Klippstein, who pitched the last two innings, won his third game for the Phillies while Harvey Haddix suffered the loss.

Tony Cloninger pitched a four-hitter as the Braves dealt the Colts their 10th consecutive loss. Lee Maye had a homer and a double to pace the Braves' eight-hit attack. The Colts have scored only one run in their last 66 innings and have been scoreless in the last 25.

Ron Santo had three hits, including a two-run seventh-inning single, as the Cubs beat the Mets behind Larry Jackson's four hits. Duke Snider homered for the Mets' only run off Jackson, who scored his ninth win against six losses.

HI-LAND PHARMACY—Optimist Youth Baseball contenders for Hi-Land are (front row, left to right): Doug Thompson, Ronnie Gray, Terry Ward, John Doucette, Kip Parker. Back row: manager Marvin Holman, Edwin Hughes, Ted Knight, Bobby Jeffers, Dennis Hickey, Berry Kinneman, Eddie Hopkins, Kevin Parker, Ross Holman, Lee Waters, assistant manager J. B. Parker. Photo by Dave Redus)

Strongarm Dick Radatz Bosox MVP Candidate

By MILTON RICHMAN
UPI Sports Writer

The gag around the American League is that Dick Radatz may win the MVP award but that his arm will be sore by then that he won't be able to comb his hair for the occasion.

Actually, the Boston strongboy's chances of winning the most valuable player award are looking less and less like a gag.

And even though he has appeared in 40 per cent of the Red Sox' games so far, including six of their last eight games, he doesn't seem to be worried about arm trouble.

"I don't see any cause for concern," he says. "My pitching motion is smooth. I'm not one of those jerky-jerky guys."

The six-foot-six 240-pounder was plenty smooth Tuesday night as he worked both ends of a twilight doubleheader against the Cleveland Indians and preserved 4-1 and 3-2 victories that boosted the Red Sox within 2½ games of first place.

The overpowering Radatz faced a total of 10 men and struck out seven of them. He saved Bill Monbouquette's 11th victory in the opener although tagged for a ninth-inning homer by Max Alvis and then came back to nail down Earl Wilson's seventh triumph. Radatz has appeared in 28

games so far and has a shot at Mike Fornieles' AL record of 70 set in 1960, particularly in view of manager Johnny Pesky's announced intention of using him "any time I think it's vital."

Things have reached such a pass now that Fenway Park fans begin chanting "We want Radatz" as early as the fifth inning.

The Red Sox clinched Tuesday night's opener with three runs in the eighth inning and rode to victory in the nightcap when Radatz' roommate, Dick Stuart, drove in two runs on a pair of singles and Lou Clinton belted his ninth homer.

The Chicago White Sox climbed within nine percentage points of the first-place New York Yankees by beating them for the fourth straight time this season, 2-1, and in other AL games Minnesota defeated Detroit, 1-0, Kansas City wallowed—Washington, 8-4, and Baltimore blasted Los Angeles, 10-0.

Floyd Robinson's eighth-inning homer off Joser Ralph Terry broke up a 1-1 tie between the White Sox and Yankees as Juan Pizarro struck out 11 batters and gave up five hits in gaining his ninth victory. Terry was charged with his eighth defeat in 15 decisions although he held the White Sox hitless until the sixth inning and yielded only three hits all

Youth Baseball

One Bull Ranch edged Hoover, 5-4, and Hargon & Roth topped Radcliff, 8-5, in Optimist Youth Baseball last night.

In a tight, well-fielded ball game, Ricky Redus, who walked 11ly two batters, hurled One Bull to victory as his team came from behind with two runs in their last at-bat. Braley was the losing pitcher, giving up only five hits, while his teammates got seven.

League leading H&R took their fourth win against one loss, Danny Harris striking out nine, walking four and giving up four hits, while his teammates garnered 18 safe blows off the slants of Kirk Kelley, Rickey Frye, C. Jackson, R. Gee and L. Washington all went 3-for-3 with J. Irvin and Brumfield each getting two hits.

A correction on a recent game reports that B&B beat Crall, 11-3. Jim Hollis was the winning pitcher for B&B and Gary Parrish took the loss for Crall.

Parnelli Jones Puts Blast On Ford Cars In '500'

DETROIT (UPI)—Racing driver Parnelli Jones said Tuesday that Ford Motor Co.'s entry into racing at Indianapolis could be the death knell of the sport in America.

"Who has the money to compete with Ford?" the crewcut speedster asked.

Jones took exception to reports that the entry and second and seventh place finishes of the rear-engined cars heralded a new era at the Indianapolis 500. Jones won the Indy classic this year in record time.

"If they were to come back to Indy with the same cars they ran this year we'd wipe them off the track," he said.

"People don't understand what we did to let them come to-race. Their cars are not up to our standards. They have parts made from aluminum and we have to have the same parts made from steel.

"We want them back but next year we want them up to our standards," he said.

Ford announced Tuesday it has under development a double overhead camshaft engine that will run at Indy next year. The new

engine, Ford said, will produce substantially more horsepower than the regular push-rod version used in this year's race.

"Meyer-Drake certainly needs to have some financial support behind it, if it intends to compete with Ford," Jones said.

The Meyer-Drake engineering firm builds the famed Offenhauser engine that has dominated Indianapolis through the modern era.

"There are ways they could make the Offy lighter but that takes money," he said.

And money is just what Ford poured into its effort, Jones added.

Lessons learned over here

Babe Ruth League

Kist topped Ideal, 6-2, and Cree smashed the Lions, 20-5, in last night's Babe Ruth League games at Optimist Park.

Bud Hammons scattered three hits in the opener, striking out 10 and walking five. Larry Daniels took a tough loss, giving up five hits, walking five and striking out seven.

Hammons led his own cause with two-for-two, while Barry Price had two of Ideal's three hits.

Underdog Cree rose up and exploded for 15 hits, aided by Lion errors. Mike Pursley took the win, giving up five hits, striking out five and walking six. Bartley McLean took the loss, with Dickie Henley in relief.

Gary Crossland led the attack with three hits. Henley had two for the losers.

Enco vs. Bank and Fannon vs. Hardware are tonight's twin bill. Kist 0 3 0 0 3 — 6 5
Ideal 0 0 0 0 1 — 2 3

Hammons and Foster, Daniels and Harper.

Cree 1 2 9 8 0 — 20 15
Lions 1 5 0 0 0 — 6 5
Pursley and Adsit; McLean, Henley (3) and Raines.

Raymond McKinney struck out Dave Sublette with the tying run on third base in the top of the seventh inning to give the Panhandle Packers a 4-3 Industrial Softball League victory over Cabot at Lions Park last night.

McKinney and Ray Howard hooked up in a pitchers' duel, each allowing five hits, McKinney striking out 10 and walking one, Howard striking out seven and also walking just one.

Clyde Steele homered for the Packers, who took a 4-2 lead in the early innings and then held off the Clowns in the seventh. With two out, P. D. James belted a triple to score one run, but Mac got the final out for the resurgent Packers' third straight win.

McKinney was aided by outstanding fielding by young Tim Wood at shortstop. Howard was hurt by five errors.

Nicklaus Determined To Regain Top Spot

By LEO H. PETERSEN UPI Sports Editor CLEVELAND (UPI) — Jack Nicklaus, still smarting over his sorry showing in the U.S. Open, is determined to atone for it—and regain the top spot on golf's money-winning list — when he tees off Thursday in the \$110,000 Cleveland Open.

Nicklaus, who failed to make the cut at Brookline, Mass., last week, has vowed to friends he will make up for that disappointment, and he can get back on top of the money winning list by capturing the \$22,000 first prize in this event.

Right now he trails Arnold Palmer and Julius Boros, the new U.S. Open king, who between them have picked up most of the loot in the richest five weeks of tournament play in golfing history.

In the five tournaments starting at Indianapolis and winding up here, a total of \$402,000—not counting a lot of rich side benefits — have been at stake. And of the total \$81,000 allotted for first place money in the five events, Palmer and Boros between them have picked up \$60,470 during this "gold dust stretch."

Palmer Skips Two Palmer made \$32,000 although he competed in only two of the four tournaments preceding this one, while Boros, who played in all four, won \$28,740. Palmer took the \$25,000 jackpot in the \$100,000 Thunderbird and picked up \$9,000 in the U.S. Open, which he lost in a playoff with Boros and young Jack Cupit.

Boros won \$3,400 in the \$50,000 Indianapolis Open, the \$9,000 first place money in the \$50,000 Buick Open, only \$345 in the Thunderbird but then came back to win the \$16,000 top gold in the Open. Those earnings put Palmer at

By OSCAR FRALEY UPI Sports Writer

NEW YORK (UPI) — The manager of the year in the major leagues, it seems possible today, well may turn out to be a coach. At least that's the unheralded designation which is applied to Bob Kennedy by the Chicago Cubs even though he is running the ball club. And operating it with such efficiency that the lowly Cubs have roared up from the gloomy National League basement to become a contender.

The Cubs still adhere stubbornly to their policy of the last couple of seasons of having a number of "coaches" who took turns handling the reins, like 10 drivers on a 10-mule team.

It is the only team in baseball which doesn't have a manager's contract on file with the commissioner's office. But, after fruitless experimentation, they finally settled on Kennedy as what might be termed the head coach.

If they take him out of the top spot now and retrogress to their old system of alternating coaches at the head of the bench it is entirely possible that every Cub in the land will issue a family ban on chewing gum.

War Fighter Pilot For Kennedy, a World War II Marine fighter pilot, has accomplished seeming miracles with what was expected to be a little more than an eighth place club at best.

The itchy-switchy "managerial" policy of the Cubs has had to contribute vastly to their ineffectiveness over the last few seasons. Because almost every year the team's farm system has produced one or more outstanding rookies.

Three years ago the Cubs came up with a good one in third baseman Ron Santo. In 1961 they produced two outstanding freshmen in catcher Dick Bertell and outfielder Billy Williams who was voted rookie of the year. Again last year they had the rookie of

and Baltimore which ended Monday.

Edge On Power Versalles had the edge on Aparicio in power, although most of their play was pretty even.

The Twins' young Cuban hit a pair of homers to help win Saturday's game and his triple contributed to Monday's 4-1 Minnesota victory. Both shortstops made spectacular plays during the series.

"I'd have to say Versalles and Aparicio were equal in the field," Twins manager Sam Mele said. "But Zoilo was better with the bat. He drove in some big runs."

Mele said Aparicio "still makes the plays look easier. He has more polish than the kid."

"Versalles has improved a great deal," Mele continued. "He gets more on his throws and he keeps checking the dugout to see if I want to move him around. I think he should definitely be the All-Star shortstop."

Plugs Battey Mele also plugged catcher Earl Battey, outfielder Bob Allison and relief pitcher Bill Dailey for the All-Star team.

Battey, who was the starting American League catcher last season, was described as a "much better catcher this season" by Mele.

the year in second baseman Ken Hubbs and an outstanding first year man in outfielder Lou Brock.

When you continue to produce good young major leaguers and still remain at or near the bottom of the heap it is obvious that all of the potential horsepower isn't being generated. In this case you have to take a close look at the guy who's pushing the buttons.

Done Good Job Without handing Kennedy the whole portfolio, the Cubs obviously came to the conclusion as long last that he was the man for the job. And he's done a good one, jelling the whole operation.

Andre Rodgers, at shortstop, was a Giant castoff. Don Landrum, the regular centerfielder, was obtained from the Cardinals as was pitcher Larry Jackson. Patching and fitting everything together was a major problem.

Kennedy, who wandered for years through the American League before winding up with the Dodgers in 1957 and had only one term of managerial experience at Salt Lake City last year, made two big moves.

He switched Ernie Banks from shortstop to first base without effecting his hitting ability and he established a rigid rotation for his pitchers. The latter step hasn't produced any big winners but with regular work most of his hurlers are on the profit side of the ledger and that's good enough to crowd the leaders in the dog-eat-dog National League race.

You might think the Cubs would finally give Kennedy a vote of confidence for having kept the team in the first division and name him manager. But Phil Wrigley doesn't change his mind easily.

It makes you wonder whether he'd even permit Kennedy to accept "manager of the year" honors if he won them.

Zoilo Versalles Slated To Be All-Star Starter

By BOB MARTEL United Press International

ST. PAUL, MINNEAPOLIS (UPI) — The 1963 annual major league All-Star game will be held at Cleveland two weeks from Tuesday and many baseball observers believe this will be the year for young Zoilo Versalles to be among the starters.

Versalles, only 22, is in his third full season with the Twins and seems headed for a banner year. The man he'll have to beat out for the starting shortstop assignment in the All-Star game is his idol, Luis Aparicio of Baltimore.

Minnesota fans have just had the opportunity to evaluate Versalles and Aparicio during a five-game series between the Twins

Ralston Plays Krishnan In Wimbledon

WIMBLEDON, Eng. (UPI) — Dennis Ralston, the recently-crowned U.S. national collegiate champion, drew the toughest assignment among the 11 American survivors today in the men's singles of the Wimbledon tennis championships.

The 20-year-old University of Southern California junior was pitted against Ramanathan Krishnan of India, a veteran Davis Cup player, in a featured second round match.

Ralston, although unseeded, was made the fifth choice at 8-1 in the pre-tournament odds on the strength of his triumph last weekend in the NCAA championships at Princeton, N.J. He posted a straight set victory over Austria's Ladislav Legenstein in his opener Monday but could run into trouble against the more experienced Krishnan.

Chuck McKinley of San Antonio, Tex., America's No. 1 player and the only seeded Yank in the men's division, drew Alan Lane of Australia, as his second

round opponent. There were two other U.S.-Aussie battles on today's program. Lanky Frank Froehling of Coral Gables, Fla., meets Barry Geraghty and Arthur Ashe of Richmond, Va., the first American Negro male to play at Wimbledon, faces John Hillebrand.

Dwight Dell of Bethesda, Md., Cliff Buchholz of St. Louis and Eugene Scott of St. James, N.Y., were eliminated Tuesday during another damp, chilly day at the All-England Club.

Froehling, ranked second behind McKinley in the U.S. turped back Dell, 1-6, 8-6, 6-1, 3-6, 6-3. Buchholz was eliminated by Italian Davis Cupper Nichola Pietrangeli, 6-3, 3-6, 4-6, 6-3, 6-3, and Scott bowed to Owen David-

son of Australia, in three bitterly-contested sets, 9-7, 6-4, 9-7.

Colts Play At Fritch

Royce Harnsberger will try to match his younger brother's victory string tonight when he goes after the Pampa Colts' fifth straight win in a Tri-State League game at Fritch tonight at 8.

The Colts, after dropping their first three league contests, came back with a rush to take four consecutive wins, with "Ol' Harnsberger" taking two of them. Harnsberger's brother, Carl, has won three straight in American Legion competition, and if the senior Harny wins tonight, some new kind of record for winning pitchers in one Pampa family will undoubtedly be set.

Pampa collided with the Fritch Rattlers Saturday night and rolled them over for a 29-4 victory.

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the gift of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others. Freedom is self-control, no more, no less.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands Freedom and is free to control himself and all he produces, can he develop to his utmost capabilities in harmony with the above moral principles.

Take Away The Enemy's Crutch

A question which has been bothering Americans is: Why do we continue to provide aid to the Communists?

An answer to that question should also provide a clue to why our Government takes no constructive action toward eliminating Cuba as a Communist threat to this hemisphere.

To those who maintain that the United States has "no foreign policy," we are forced to sadly admit that there definitely is a foreign policy — one of aid and comfort to the Communist conspiracy. In spite of what our State Department and others in the Administration say to the contrary, actions speak louder than words.

The record speaks for itself. It is a sorry record of billions of your dollars to bolster Tito of Yugoslavia, Gomulka of Poland, Sukarno of Indonesia, and now it appears that even Fidel Castro is to receive handouts from your pocket via the back door of the United Nations.

Always the answer is the same. We must attempt to woo those nations to our side who are not totally within the "Communist bloc." The eternal verity that you can't buy friendship is ignored, as is the hard fact that men like Tito repeatedly and outspokenly pledge their allegiance to Communism. Meanwhile, American taxpayers are being "taken" along the road to financial ruin — all in the name of "Fighting Communism."

The Reds have made no secret of their intention to include the United States in their overall plans for world conquest. They constantly re-state this aim, and their establishment of Cuba as a bustling military base should help to confirm their intentions to the very fuzziest of Washington's planners.

Editor's Temperature Soars

"News dispatches originating in Washington during recent weeks," writes Editor and Publisher J. B. Chism, Jr., of The Pelham (Ga.) Journal, "have started my blood boiling, and the more I read about the proposals coming out of the White House, the more cold is added to the fire that is sending my temperature soaring."

It has been my policy for the 518 columns ("Down the Chism Trail") that have appeared under the above heading to stick strictly to local matters, leaving national affairs to the "big wheels." But lately, the executive department of our government is aiming

the gun-sights close to home, and unless some block is placed in front of some of these proposals we are going to wake up and find ourselves in a mess of a predicament.

"I have stood by with tongue in cheek long enough, as too many editors throughout the nation have done, until things have gone too far to be curtailed."

Editor Chism observes that there may not be a single reader who will agree with him, "but thank God, not agreeing is one privilege Americans have long enjoyed." He warns, however, that the right to an opinion will be lost, too, if things keep on the way they are going, and hastens to sound off while he can:

"The news articles of late have clearly and distinctly stated that it is the President's desire to put every business purchasing articles manufactured out of state under interstate commerce, thus giving him the power to dictate the policies of said business."

"In other words, a restaurant serving a bowl of soup canned out of state would be considered doing business in interstate commerce, and the owner, not obeying certain policies set up for him, could have his doors closed and he and his family could just starve to death."

"The ballot-box is still the strongest weapon we have to combat this sort of thing," says Editor Chism, and he urges his readers to register, to vote and to "vote your convictions, not vote just because your grandfather voted that way."

"This editor is right, of course — and has pointed out one pitfall that may lie ahead. But there are many others. He is right that every editor, daily and weekly, city and small town, should keep his readers posted. But there are many issues that will be decided in Congress, not at the ballot-box. Voters must first impress upon their congressman and senators what they want — then reward these men or retire them — at polls."

"The more I think of it," concludes Editor Chism, the more I am coming to share that feeling of Patrick Henry, who stood to his feet and shouted: 'Give me liberty or give me death.'"

Pull Up A Chair

By Frank J. Markey

More than 136 million Americans are covered in 1963 by voluntary health insurance and prepayment plans and 763 new hospitals have been built in the United States since 1950. A number of European countries with government medicine have opened about a dozen new healing institutions in the last decade, and last reports from England show that only two new hospitals have been constructed since 1945, when socialized medicine went into operation.

Country editor speaking: "Let's keep our American medicine, the finest in the world, out of the hands of politicians, otherwise we'll learn to our sorrow it's a bad mixture."

Strawberries that grow in profusion on the southern slopes of Japan are long, pointed and sweet and are in season almost nine months a year. As this is written, only Los Angeles of the nation's top ten cities, has not adopted a fluoridation water program. Fluorides will be added to the water supply of New York City by the end of this year and will cost each resident 11 cents annually.

The warm Gulf Stream, 40 miles wide and 3,000 feet deep, sweeps up the Florida East Coast to Hatteras and then bends and heads for Europe. On our last trip to Chile and Peru we observed the cold Humboldt Current, which keeps the west coast of South America healthy and arid. The sea covers 70.8 per cent of the surface of the globe. Modern day physicians, unlike their fellow healers of yesteryear, carry heavy disability insurance.

At the great universities of Oxford and Cambridge in England, bicycles are the favorite form of transportation as the morning lectures are often held in widely-separated colleges. It's a colorful scene to watch the students glide by in their short black gowns, which are essential for attending lectures or dining in college.

The most unique golf course ever played was a nine-hole layout, built around the old fortress of El Morro in San Juan, P. R. In addition to sand traps and water holes, there were other obstacles such as bridges, tunnels and fortress walls.

Today's smile: Waiter: "Mr. Brown left his umbrella again. He is so absent-minded, he'd leave his head here if it were loose." Manager: "I believe you're right. Only yesterday I heard him say he was going to Arizona for his lungs." The sweetest and most luscious tangerines we ever tasted were in Formosa, which we visited a few years ago. The Chinese on this beautiful island, however, call them Mandarin oranges.

The chef in a small French restaurant on New York's East Side, specializing in light puffy omelets, always prepares them with a tablespoon of hot water for each egg used. He insists that mild or cold water only produce a mediocre omelet.

Question Box

We invite questions on economics and the proper functions of government which will not injure anyone.

Question: "Is the right of association limited or unlimited?"

Answer: We hear much about the right of association. Association is necessary if man is to progress. The question really is, are there associations that are not necessary and harm or smother progress? Associations to gain understanding, to produce wealth, and to exchange goods and services are always good and desirable and right.

On the other hand, associations to INTERFERE with other people's natural rights to help establish values, to produce anything that anybody else has a right to produce, to compete with anyone, to move where his services are needed the most, and thus, will be rewarded the most, are invariably harmful. Associations based on initiated force are always harmful, or even on the threats of initiated force. And the government that gets wealth by initiating force is harmful. Let the government render services so valuable that people voluntarily want to buy them.

The labor unions that limit apprentices, featherbed, and set minimum and maximum wages which interfere with other people's having a right to help establish values are always harmful.

Each person must have the right to associate with those he thinks will benefit him the most. He also must have a right not to associate with those he believes will not benefit him as much as other associates would benefit him. Associations must always be voluntary on the part of both parties. Yes, association can be good or it can be very harmful.

Edson In Washington HST in Rare Form at Warm-up for His 80th

By PETER EDSON

WASHINGTON (NEA) — Plans to make former President Harry S. Truman's 80th birthday, May 8, 1964, a real wingding are already under way. This came out, along with a lot of inside political stories, at the 22nd anniversary reunion of the Senate's World War II Investigating Committee on National Defense. Truman was in Washington for the affair as guest of honor since he was the committee's first chairman. He made the committee famous, and it made him vice president.

Charles Patrick Clark, associate counsel on the original committee, hosted this year's black-tie dinner for 40 old Truman cronies, and was its master of ceremonies. It was Clark who announced that the committee's 23rd anniversary dinner next year will celebrate Truman's 80th.

Vice President Lyndon Johnson, at this year's dinner, gave Truman a large measure of credit for the Democratic victory in 1960. After the Los Angeles nominating convention, Johnson revealed, Sen. Kennedy told his running mate, "Go see Harry Truman and ask him how to run for vice president."

"Get as far away from home as you can," Truman advised Johnson. "Go to Boston. That's where I opened my campaign. The Irish will receive you with open arms. Then get Jack to go to Texas. They won't be as afraid of a Catholic if they see one."

"John McCormack (Speaker of the House) got some fellows out," Johnson told the Truman guests. "He hired enough to fill the hall and he even had a horse out in front."

Johnson riding a horse in Texas wouldn't be news. But Johnson doing a Paul Revere in Boston was news. Every paper in Texas carried the pictures. And that helped Kennedy and Johnson carry Texas as well as nine other states, where Johnson made 108 speeches on his way back home.

THE AMERICAN WAY

We Can't Wait!

It's Up To You

by HOWARD KERSHNER L. H. D.

Lenin accepted Marxist theory and concentrated his efforts on how to bring about revolution. He saw that the political authority of that time must be destroyed and that the existing political units must be broken up. His thinking and his procedure may be seen from the following quotation from "What Is To Be Done," which he wrote in 1902:

"We must not forget that there is not, nor can there be at the present time, any other means of bringing socialism nearer to complete political liberty, than a democratic republic."

Lenin believed that extending the franchise to all, regardless of education or competence, would result in irresponsible government making possible the Communist revolution. That is the thinking behind the demands for government by free elections even in countries where the masses of the people have no education and cannot read or write.

Another principle taught by Lenin was that of peaceful coexistence and collaboration with the enemies of communism until they could be lured into a false sense of security making possible their destruction. Meanwhile there were to be no peace campaigns in the Communist countries themselves, but the young people in those countries were to be taught patriotism and to endure hardships until they could subdue all capitalist societies.

This same line of thought was developed further by Stalin in "Marxism and the National Question," published in 1913. The following quotation will illustrate:

"Protesting against the oppression of the church and defending the right of any faith, at the same time we are against the church altogether, fighting for the victory of a new conception of the world."

It is the same with the self-determination of the nation. Recognizing their right and fighting for it, we are at the same time fighting against all rights of the nations which are not in harmony with the interest of the proletariat."

The Communists teach peaceful coexistence only until such time as the enemy can be destroyed. Khrushchev's plea for that policy is nothing more nor less than the application of Stalin's doctrine. There is nothing new about it—it is the old trap—an axiom of communism from the beginning.

HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

Sen. Grady Hazelwood, State Senate Bldg., Austin, Texas.

ROBERT ALLEN and PAUL SCOTT

Allen-Scott Report

President Considering Dismantling Nuclear Plants As Part of New Offer for Test Ban Agreement

WASHINGTON—President Kennedy may soon announce the dismantling of one or more of the government's plants producing the fissionable material for nuclear weapons.

Under intense consideration by the President and his top foreign affairs advisers, this dramatic unilateral disarmament plan is a key part of his elaborate program to persuade Premier Khrushchev to accept a nuclear test ban agreement.

The timing and method of making this offer to Khrushchev is under deliberation in the President's inner council.

One group of these policy advisers favors proclaiming the dramatic proposal in a speech during the President's European tour. Another group wants Undersecretary of State Averell Harriman, who is going to Moscow in mid-July as a special test ban negotiator, to submit the plan directly to Khrushchev.

As revealed by this column last week, the 71-year-old diplomat will also sound out Khrushchev on the establishment of a new agency to conduct discussions for easing the cold war.

That extraordinary proposal, under closely-guarded consideration for several months, calls for setting up a special East-West commission "to reduce tensions, promote stability, dampen military crises, and reduce the risk of war."

SPLIT DECISION — A proposal to dismantle nuclear plants, which is strongly opposed by the Joint Chiefs of Staff, has the vigorous support of Secretary of State Rusk, Defense Secretary McNamara, Atomic Energy Commission Chairman Seaborg and Dr. Walt Rostow, head of the State Department Policy Planning Council.

They are advocating this far-reaching move on the ground that concessions have to be made to Khrushchev to induce him to agree to a nuclear test ban and thus avert another round of Soviet tests.

Main basis of the Joint Chiefs' opposition is that any unilateral disarmament proposal by the U.S. would be interpreted by the Kremlin as a sign of weakness. The military chiefs contend that the Soviet does not intend to agree to a test ban at this time, regardless of what we do.

The Joint Chiefs stress that Russia is behind the U.S. in nuclear weapons development, knows that, and is determined to do everything possible to catch up. For this reason, there is no likelihood of Khrushchev agreeing to a test ban.

The nuclear plant proposal, which has not been disclosed to congressional leaders, is certain to stir a storm of dissent in the Joint Atomic Commission.

Already, Senator Henry Jackson, D-Wash., ranking member, has bluntly warned the President he is "walking straight into a Soviet trap" in sending Harriman to

Quotes In The News

By United Press International
 BONN, Germany — West Berlin Mayor Willy Brandt, after a breakfast conversation with President Kennedy:
 "We had a good exchange of views on many subjects."

NEW YORK — The Rev. Martin Luther King Jr., urging immediate solution to this nation's racial problems:
 "Time is running out, and the Negro is making palpably clear that he wants all of his rights."

that he wants them here and he wants them now."

JACKSON, Miss. — Dist. Atty. William Waller, speaking of Byron De La Beckwith, who is accused as the slayer of Negro civil rights leader Medgar Evers:
 "I will ask for the death penalty if, and when, he (Beckwith) is indicted and tried."

AUSTIN, Tex. — Price Ashton, attorney for a group of Negroes appealing a court order for gradual integration of public schools in Georgetown, Tex.:
 "Thirteen years is just too long to give them to desegregate the schools."

GENERAL PULL RANK
 HYTHE, England (UPI)—Farmer Ray Edwards said Monday he had to move his cows from an army training ground because "generals didn't like being stared at by cows."
 He said his cattle were friendly but no respecters of rank. "I have seen them walk up to high-ranking officers and look over their shoulders," he said.

CAB CUTS SUBSIDIES
 WASHINGTON (UPI) — The Civil Aeronautics Board (CAB) says a plan to reduce federal government subsidies to U.S. commercial airlines will be completed by June 30.
 Alan S. Boyd, CAB chairman, told a Senate appropriations subcommittee Monday that the program contemplates a substantial and continuing reduction in subsidy for the carriers.

HEADS AWARDS EVENT
 NEW YORK (UPI) — William A. Shea, who played a major part in helping National League baseball return to New York, has been named chairman of the first annual awards dinner of the Academy of Sports Editors. The dinner, for the benefit of the March of Dimes, will be held here Jan. 12, 1964, with honors going to athletes in 26 categories.

Television In Review

By RICK DU BROW
HOLLYWOOD (UPI) — Keefe Brasselle, who Tuesday night began an hour variety show replacing Garry Moore this summer on CBS-TV, had a 1962 special in which we were privileged to see Libera dance.
 Ah, that was a sight. This job has its unexpected rewards.

Tuesday night Brasselle, who is hoping for a year-round spot on CBS, helped initiate his premiere by bringing on Miss Zsa Zsa Gabor for some musical banter, some costumed strutting and some of her remarks about finance. And while we wish to be remembered for our gallantry, it must be admitted that Libera suddenly seemed an almost amiable memory.

So much for gallantry. What is important is that Miss Gabor was followed by Miss Barbra Streisand, whose appearance is sufficient reason to justify the existence of any show. Not long ago on Dinah Shore's final program of the season, Miss Streisand's talents exploded through the home screen, with her astounding singing style in which her acting ability and satiric power amount to relevant commentaries. She did it again Tuesday night, though mostly she merely sang beautifully, chillingly, bringing unrestrained cheers from those on hand.

In short, she was a one-woman recovery operation. And in song, she is without question the most impressive stylist of modern songs that this viewer has ever seen on television—so far, the superior of any of her competitors that there is really no one even in her league.

As for the show, the parlay of Miss Gabor and then Miss Streisand was a tipoff to the imbalance of the evening. It must be rated a so-so first outing, but not without promise. Though Brasselle is no powerhouse singer, dancer or actor, the background of his parents in vaudeville and his feel for this type of entertainment give indication of a good pinwheel host. But the visiting talent and the material, also up and down, must be pruned and cut specifically to his directions.
 Among his regulars is Ann B. Davis, formerly Bob Cummings' television sidekick, and she is solid support as a comic singer and actress, though Tuesday night's material gave her only a part chance. With Fred Gwynne, late of the "Car 54, Where Are You?" series, she did a short laughing song that was a gasser. Another regular is ex-boxer Rocky Graziano, who also had some sad jokes at first but wound up with a soulful version of the song "When A Gypsy Makes His Violin Cry," which left this viewer in a state of total collapse. It was marvelous.

Jerry Van Dyke, brother of Dick Van Dyke and a regular on Judy Garland's new fall video series, bowed in Tuesday night as host of his own game show, "Picture This," which is replacing Jack Benny on CBS-TV this summer.
 The program is the usual quiz idiocy; this time, contestants give their partners hints to draw pictures. But J. Van Dyke gives one the sneaking suspicion that if he is not a very large popular success before next year is out, it will be a big, big surprise. Dic is the sophisticated smoothie. But his brother is a good-time-Charlie type, collegiate-looking, the kind of comedian who is fun at a party, plugging his banjo. He is a "folk" smoothie. That is potent stuff on video.

The Channel Swim: CBS-TV tonight offers a one-hour special about President Kennedy at the Berlin "wall," put by the Communists. ABC-TV is planning a one-hour weekly dramatic anthology series based on the Bible for the 1964-65 season.
 An hour-long color special about Vatican events from the death of Pope John to his succession by the new Pope Paul will air on NBC-TV July 4. Same network has a half-hour program this Sunday about the coronation of Pope Paul.

Jason Robards Jr. will star in the title role of NBC-TV's "One Day in the Life of Ivan Denisovich," adapted from the well-known novel about Russian labor camps during the reign of Stalin. The drama will be part of next season's new Bob Hope weekly anthology series.
BUSINESS FAILURES DROP
 NEW YORK (UPI) — Business failures across the country last week dropped to 274 from 304 the prior week and compared with 265 in the like week last year. Dun & Bradstreet reported Tuesday.

Wall Street Chatter

NEW YORK (UPI) — Investment advisor James Dines says it's best to ignore predictions of a "summer rally."
 "This could happen," he says, "but the few declines that have started in summertime have been unusually serious and steep. In other words, if you expect a summer rally, use a reason other than seasonal pattern."

The Alexander Hamilton Institute notes that the market continues increasingly selective and appears to be undergoing a further period of consolidation. "A moderate decline from present levels cannot be ruled out," the institute warns.

Although International Statistical Bureau, Inc., does not advise wide scale selling, it does recommend some profit-taking at this point. The bureau points out that "the market's ability to hold at around current levels, despite the high levels—and the low yields on a great number of stocks, can be considered favorable."

NEW YORK (UPI) — Bradbury K. Thurlow of Winslow, Cohn and Staton questions whether there is enough aggressive buying interest in cyclical stocks to offset the profit-taking going on in the blue chips.
 Thurlow's advice is to take profits in the better grade stocks that have lost their forward momentum and buy some of the better acting cyclical issues in hopes of a mild summer rally. He believes the next stock market movement of consequence will be

a decline, but that is not due for some time yet.

Martin Gilbert of Van Alstyne, Noel and Go says it may require a period of consolidation before the Dow-Jones industrials hit new all-time highs.

Pike's Peak is not a volcano.

Neither as a colony nor as a state did Pennsylvania ever strike any coins of its own.
