## Minister To Germany For Conference

**Chamberlain, Trying To Avert War, Will Talk With Hitler**  
LONDON, Sept. 14 (AP)—It was officially announced tonight that Prime Minister Chamberlain would fly to Germany tomorrow to see Reichsfuehrer Hitler in an effort to assure peace.  
The prime minister himself drastically announced he intended to see Hitler and "try to find a peaceful solution to the crisis" which is menacing world peace.  
The German chancellor notified Chamberlain he would "gladly receive" him on Sept. 15 at Berchtesgaden, his retreat in the Bavarian mountains.  
According to a German radio announcement, Chamberlain was expected to arrive at Obersalzberg, near Berchtesgaden, tomorrow afternoon.  
Chamberlain's appeal for a peace-seeking interview was conveyed to Hitler through Sir Neville Henderson, British ambassador at Berlin.  
The prime minister will take a plane at 8:30 a. m. tomorrow, it was announced.  
He sent this message to the fuhrer:  
"In view of the increasingly critical situation I propose to come over at once to see you with a view of trying to find a peaceful solution."  
"I propose to come across by air and am ready to start tomorrow. Please indicate the earliest time at which you can see me and suggest the place of meeting."  
Agrees To Conference  
Hitler quickly replied he would see the British leader at Berchtesgaden tomorrow.  
Chamberlain will be accompanied by Sir Horace Wilson and William Strang of the foreign office.  
Chamberlain's plane is expected to reach Munich about 1 p. m. (7 a. m., EST). There is to be a short halt there and the plane then will proceed to Berchtesgaden for the momentous conference.  
Chamberlain's startling move was decided upon at an emergency full meeting of the cabinet earlier in the day.  
But it was not until shortly after 9 p. m. (3 p. m., EST) that an announcement came from 10 Downing street, the prime minister's office.  
It was a decision without precedent on the part of any world statesman—taken in the face of an unprecedented situation, the threat of war over the Sudeten German issue in Czechoslovakia.  
It was believed that this would be Chamberlain's first airplane flight since he became prime minister, May 28, 1937.

## TANKS RUMBLE INTO ACTION

Czechoslovakia sent the newest in tanks, made in her own Skoda plant, into the Sudeten area of the nation in backing up martial law, declared in the danger zone following outbreaks of violence after Hitler's Nurnberg speech. This is a line of the 10-ton tanks in maneuvers in preparation for any event.

## O'Daniel Shouted Down, But Demos Adopt His Platform

**Flood Control Plan Approved**  
Commissioners Agree To Purchase Land For Project  
City commissioners Tuesday evening completed arrangements for purchase of land in the southern part of the city for a flood control project.  
The officials agreed to a \$380 settlement with Jess Slaughter for part of block 12, McDowell Heights, where a channel carrying southwestern Big Spring drainage cuts deeply between two hills. The space will be dammed, and two pipes allowed to drain off the surplus drainage slowly.  
Two-hour parking limit on Main street between First and Second streets was lifted by commissioners at the request of all but a few merchants along the street affected.  
The mayor was authorized to sign a quit claim deed in favor of L. E. Coleman on the abandoned street which was formerly the old Highway No. 1 east. Rerouting of the road made the old road useless.

## Garner Endorsed As Presidential Timber In 1940

**BEAUMONT, Sept. 14 (AP)—**The 1938 Texas Democratic convention was history today but the memory of the wild, uproarious night session which concluded it lingered on in the memory of thousands of delegates and visitors.  
In that session which ended long after midnight the new democratic choice for governor, W. Lee O'Daniel, Fort Worth flour broker nominated in a sensational campaign last summer, was shouted down when he offered to address the meeting.  
Delegates yelled and stamped and hurrahs. Speakers who were recognized by the presiding officer were unable to make themselves heard. City police were summoned to assist in maintaining order.  
With the smoke rising, however, these facts stood out:  
O'Daniel, who campaigned for the governorship with an orchestra which played "mountain music," had obtained adoption of a party platform almost exactly as he wanted it except for one plank calling for abolition of the state poll tax as a prerequisite to voting.  
One of the planks approved declared for paying pensions to all persons over 65 years old the maximum in old age assistance within limits of the state and United States constitutions and federal laws.  
The convention had gone on record against legalization of hard liquor sales by drink and a committee had killed a proposal to declare again re-legalization of wagering on horse racing, banned in Texas as two years ago.  
Vice President John N. Garner had been endorsed for president in 1940 and administrations of President Roosevelt and Jesse Jones, chairman of the Reconstruction Finance Corporation, had been praised.  
The controversy over abolishing the poll tax was even more vitriolic than that over old age assistance but O'Daniel, who could not vote for himself because he had not paid his poll tax, had no part in it.  
Resolutions adopted included one favoring a state appropriation in an attempt to bring the authorized federal cotton research laboratory to Texas and another proposing that democratic precinct conventions be held on the run-off primary date instead of the first primary date.  
E. E. Germany of Highland Park was chosen chairman of the new executive committee, and Mrs. Frances Haskell Edmondson of San Antonio co-chairman. Germany succeeded Myron Blalock of Marshall. The new committee is composed of 31 men and 31 women.

## City Prepares For Officials

**County Judges And Commissioners To Meet Thursday**  
Big Spring prepared Wednesday to hang out the "welcome" sign Thursday for first of more than 900 county judges and commissioners from over West Texas.  
The autumn meeting of the West Texas association for the official will begin Thursday with registration and entertainment at the night spots for registrants.  
Friday and Saturday business sessions will be mixed with fun interludes.  
Among those scheduled to address the convention are Robert Lee Bobbitt, chairman of the state highway commission, Julian Montgomery, state highway engineer, H. E. Robinson, deputy state superintendent, George Mahon, congressman from the 19th district, G. H. Nelson, state senator, and Charles L. Klapproth, district judge.  
In addition there will be several minor speeches by county officials in discussion of associational programs.

## Message Tells Of Finding Of Clipper Parts

**MANILA, P. I., Sept. 14 (AP)—**A garbled message indicating pieces of the wreckage from the Hawaii Clipper had been found in the eastern Philippines were ordered investigated by government officials today.  
No authenticated trace has been found of the giant transpacific flying boat since it disappeared July 29 with 15 men on a flight from Guam to Manila.  
Post office officials said a vague telegram received from Malaga, on Samoa Island, indicated wreckage of the Pan American clipper had been found near Malaga between two small isolated islands west of Samar.

## Explain Network To Lions Clubs

In joining the Mutual Broadcasting system and the Texas State Network, radio station KBST has only one aim in mind—that of offering programs of higher quality—Jack Maynard, staff announcer, told the Lions club at the luncheon Wednesday.  
The program was broadcast over the facilities of KBST.  
Maynard said it was probable that the World Series and some of the southwestern football games would be broadcast over the station after it becomes a part of the hook-up Thursday. Major dance bands may be heard later on.  
Joining in the network with 23 Texas stations add 105 others over the nation. KBST will not surrender its individual identity. It will continue local programs by local sponsors, but will do away with transcription programs almost entirely.  
Maynard reviewed the history of radio from 1840 when experiments were made as a foundation to the radio industry. However, he recalled, it has been only recently that rapid strides have been made in radio, until now it is one of the major industries. He pointed to the necessity of radio in the present day society.  
Other guests for the day was Hal Kemper, also on the KBST staff. Burke Summers was in charge of the program.

## GEORGIANS CASTING SENATE BALLOTS

By The Associated Press  
Good weather brought out thousands of Georgians today to ballot on the question:  
Shall Walter F. George be returned to the senate over President Roosevelt's opposition?  
Early reports said voters were turning out in fairly heavy numbers to decide in the Georgia democratic primary among George; Lawrence S. Camp, federal district attorney at Atlanta and Mr. Roosevelt's choice; and Eugene Tallmadge, a former governor, who the president predicted would "contribute little to practical government."  
In another political contest—in Connecticut—Senator Augustine Lonergan was renominated overwhelmingly in his campaign after Archibald McNeil, former national committee man, withdrew from the democratic state convention from the race for Lonergan's seat and threw his support to the senator.  
They did not enter to any marked degree, however, into the seven senatorial selections made yesterday. In four states, the democratic incumbents were unopposed. They were Senators Fred

## ARIZONA SCHOOL CRASH INJURES 15 STUDENTS

**CLARKDALE, Ariz., Sept. 14 (AP)—**The roof of the Clarkdale high school study auditorium collapsed on 20 pupils shortly before noon today, injuring at least 15.  
The steel and sheet metal roof fell without warning, trapping more than a score in the heavy debris.  
Pupils at the edge of the big room, said the teacher, at the front, escaped injury.  
Two children, both girls, were reported critically injured.  
The 15 injured were taken in ambulances to the Jerome hospital, a few miles distant.

## SCHOOL GIRL HURT WHEN HIT BY CAR

Lula Barlow, 8, suffered a fracture to her left leg and lacerations when she was struck at the corner of 10th and Scurry streets Wednesday noon.  
Harris Crossnos, driver of the car, stopped and rendered aid. The child, according to reports, apparently did not see the approaching car. Crossnos took the Barlow girl to the Bivings hospital for treatment.

## World Expects Hitler To Act On Situation

**Trouble In Czechoslovakia Overshadows Other Worries**  
By The Associated Press  
Efforts to solve the bitter dispute over the Sudeten Germans' demand for self-rule broke down completely today when the Sudeten negotiating committee was dissolved.  
Sudeten Leader Konrad Henlein told the British Runciman mediation commission that in view of disorders in Czechoslovakia he felt the proper atmosphere for negotiations no longer existed.  
The Czechoslovak government, ignoring a Sudeten ultimatum, sent new troops into the Sudeten areas to strengthen martial law.  
France was reported to have completed plans for speedy mobilization of 2,000,000 more men in case a new grave turn in the crisis makes it necessary.  
The German government remained silent on the latest developments in Czechoslovakia. Chancellor Adolf Hitler, however, left his Bavarian retreat near Berchtesgaden for a conference with Foreign Minister Joachim von Ribbentrop at Munich.  
Expect Some Move  
Germans generally expected Hitler to make some move, if only a public statement, in view of his defiant warnings to Czechoslovakia in his Nurnberg speech, in which he proclaimed his will to protect the Sudeten Germans.  
The German press railed angrily at the Prague government for the stern measures it took to suppress disorders, in which at least 12 were killed, following Adolf Hitler's Nurnberg speech Monday night, and declared:  
"No one can imagine that Sudeten Germans are inclined to remain in such a state."  
A person close to the Berlin government said, however, that Germany's policy was one of "watchful waiting," an attitude which may change any minute.  
To Fight Reds  
A Japanese foreign office spokesman said communist activities were responsible for the Czechoslovak crisis and that Japan was prepared to join Germany and Italy, her allies under an anti-communist pact, in "fighting against red operations." He expressed "admiration and sympathy" for Hitler's demands on the Sudeten problem.  
Meanwhile, Japan reported her armies in China had made new gains in the Chinese conflict, and in Spain the insurgents were said to have strengthened their positions on the Ebro front. Developments in the two wars, however, were completely overshadowed by the European crisis.

## 22 Arabs Killed In Outbreak In Holy Land

**JERUSALEM, Sept. 14 (AP)—**Twenty-two Arabs were killed last night and today in a battle with British troops and a new outbreak of guerrilla warfare.  
Twelve were killed fighting soldiers between Bethlehem and Hebron last night and 10 were blasted to death today when a land mine exploded under a bus on the northern frontier road.  
Troops and an armed band fought all night after a raid on Bethlehem, where a postoffice and police station were burned.

## ON INCREASE

**WASHINGTON, Sept. 14 (AP)—**The census bureau reported today cotton consumed during August totaled 561,406 bales of lint and 70,218 of linters, compared with 449,511 and 61,805 during July this year, and 603,617 and 72,988 during August last year.

## CONFLICT CENTERS IN BORDER TOWN, 40 ARE KILLED

**Police Flee Station When 2,000 Sudeten Attack From German Soil, Rifles, Machine Guns Brought Into Play**  
**PRAGUE, Sept. 14 (AP)—**Fighting between Czechoslovak gendarmes and Sudeten Germans armed with machine-guns, rifles and hand grenades at various towns in the Sudeten region near the German frontier today resulted in at least 40 deaths.  
Bloody clashes were reported continuing tonight.  
The Prague foreign office reported that eight gendarmes were killed in a battle with 2,000 Sudetens at the frontier town of Schwaderbach, where the Sudetens occupied the Czechoslovak gendarmerie station.  
Schwaderbach is a Sudeten village directly across the border from the German town of Sachsenberg.  
When the Sudetens started a demonstration the gendarmerie received orders not to fire, lest shots crossing the border hit Germans and create a still more serious incident. Dispatches to Prague said the Sudetens began their attack from German territory and finally occupied the gendarmerie station.  
Sudeten party headquarters in Prague said that fighting which started last night was continuing at Haberspirk, near Falkenan, and that from 10 to 15 Czech gendarmes had been killed in that clash.  
Sudeten leaders said probably a similar number of their own men had been killed. Nearly 2,000 Sudetens joined in the Haberspirk battle, in which heavy tanks were used to aid the police.  
Sudeten headquarters charged in a statement that the Haberspirk clash resulted from "communistic provocation."  
Reports of the Schwaderbach clash said the gendarmes after battling to control the Sudeten demonstrators, finally replied to their fire.  
Other scattered fighting added to the outbreak of disorder. Police and Sudetens fought in a building at Tauschnau, and there were clashes also at Groskau and other places in Sudeten German territory.  
Virtual mobilization of Czechoslovak troops in Sudeten territory appeared to be under way.  
Thousands of troops were seen being transported by railway trains and by highway to the troubled centers.  
There was no confirmation in Prague of reports of troop mobilization in the Sudeten country, and foreign office spokesmen denied that numerous reservists had been called to duty.  
One report said two Czechoslovaks were killed in a clash at Komotau, but there was no immediate confirmation.  
Martial law was extended to that district today.  
The foreign office early this afternoon reported the affair at Schwaderbach was only a Sudeten German demonstration, but later it corrected its report to say that at least eight of the Czech gendarmerie were killed and said that the death list probably would be higher.  
A government source emphasized that there was no special troop movements toward the tense Czechoslovak-German frontier but said the motorized units were reinforcing soldiers and civil authorities in eight Sudeten German districts where 12 were killed and many injured in clashes following Adolf Hitler's Nurnberg attack on Czechoslovakia Monday.  
Soldiers in automobiles patrolled highways leading to the Sudeten German cities. Many residents left their homes there and fled to Prague.  
The government, facing possible rebellion that could endanger European war, early today ignored a Sudeten German ultimatum against the martial law orders and instead concentrated troops in the troubled Sudeten towns near the western frontier.  
The city of Prague launched a drive for a public subscription to raise national defense funds as the nation awaited the next move and

## League Meet Clouded By War Threat

**French Prepare For Mobilization Of Two Millions**  
**GENEVA, Sept. 14 (AP)—**European developments tonight resulted in a sudden exodus of leading statesmen gathered here for the league of nations assembly meeting.  
Stanley Bruce of Australia hurried off to London and former Premier Edouard Herriot of France rushed back to France.  
Earl De La Warr, head of the British delegation to the league, who had been expected in Geneva after London's cabinet meeting today, remained in the British capital, Bruce, after receiving telephoned instructions from London, took De La Warr's place at talks among British dominion delegates.  
Herriot arrived this afternoon, only to find a request from Premier Edouard Daladier to return to Paris immediately. He talked briefly with Foreign Commissar Maxim Litvinoff of Russia and then left for Paris.  
PARIS, Sept. 14 (AP)—The French government was reported in informed quarters today to have completed plans for speedy mobilization of 2,000,000 more men, or eight classes of army reserves, in case a new grave turn in the European situation makes it necessary.  
It is estimated there already are about 2,000,000 men under arms in the French empire, hence such mobilization would swell the total to 4,000,000.  
It was said that the question of mobilization of more men was one of the main matters considered by Premier Daladier last night and then was held in abeyance until this morning, when a postponement of proposed mobilization was decided upon.  
Mobilization, it was pointed out, would be a natural move if the situation took a sudden, acute turn. Thus it was not considered surprising that plans were completed for its orderly execution. Whether these plans will be put into effect depends upon developments.  
BERLIN, Sept. 14 (AP)—Chancellor Adolf Hitler today called for Foreign Minister Joachim von Ribbentrop to meet him at Munich to discuss what Germany might do in the face of what Nazis called the "new situation" in Czechoslovakia.  
Germans generally expected Hitler to make some move, if only a public statement, in view of his defiant warnings to Czechoslovakia in Monday night's speech at Nurnberg, in which he proclaimed his will to protect the Sudeten Germans.  
The German government has maintained complete silence so far on new disorders in the Sudeten area and the Prague government's emergency measures to suppress them.  
ROCHESTER, Minn., Sept. 14 (AP)—President Roosevelt declared today "conditions in other parts of the world are extremely serious."  
In a brief talk at the station before leaving Rochester where his son, James, Sunday underwent an operation for a gastric ulcer, the president said he was going "straight to Washington."  
BERLIN, Sept. 14 (AP)—American travelers have been advised "unofficially and informally" by the United States consulate here to return home "if they could conveniently alter their European travel plans," officials said today.

## BRITISH CABINET IN MEETING

**LONDON, Sept. 14 (AP)—**King George prepared to return to London from Balmoral, Scotland, tonight because of the international crisis while the British cabinet met in its second emergency session in three days.  
The king, who was proposing to travel south on Thursday night for the funeral of H.R.H. Prince Arthur of Connaught, has decided to proceed to London tonight to have further time for discussion on the international situation with his ministers.  
The cabinet meeting lasted two and one-half hours. No further meeting was called, but the ministers were standing by.  
Joseph P. Kennedy, United States ambassador, went to 10 Downing street during the session, waited 20 minutes for it to end, then conferred with Prime Minister Chamberlain for ten minutes immediately after the ministers left.  
The second emergency meeting followed highly important ministerial conferences last night at 10 Downing street with the active chiefs of the navy, war office and air force to consider precautionary defense measures.  
The last time a British king broke a holiday in Scotland because of an emergency situation was when the late George V hurried to London in 1931 in the midst of an economic crisis.

## MARKET BREAKS ON SCARE

**NEW YORK, Sept. 14 (AP)—**Fresh news of selling swept over the stock market today, sending prices into another swift decline, on reports of clashes between Sudeten German and Czech soldiers.  
As the news of "incidents" in troubled Czechoslovakia came in over financial tickers, Wall street seemed to relinquish an early show of hope for a peaceful settlement of the issue and markets gave up a struggle to recover from the staggering selling blow they suffered in the final hour yesterday.  
Gains of 1 to 3 points scored by representative issues in the first half hour of trading were converted into losses ranging to around 3 points before the selling lightened late in the session.  
Liquidation was the heaviest since last autumn, with transactions approximating 2,800,000 shares.  
The ticker frenziedly was behind the market, sometimes as much as 5 or six minutes, on the crest of successive selling waves but proceedings generally were orderly.  
Wide losses were recorded in a few stocks. Allied Chemical at one time was off more than 3, Philip Morris 6 and American Telephone more than 5.  
Other conspicuous losers included Dome Mines, Johns Manville, Monsanto Chemical, Goodrich, Electric Auto Lite, Southern Pacific, Owens Illinois Glass and Cuyahoga & Ohio.  
Aided by reports of brisk export demand for the metal, copper shares fared better than most groups as the market's tone improved toward the finish. Numerous issues were off only fractionally on the day and a few show to part of the early gains including Kennecott, Briggs and International Nickel.

Approaching Marriage Of Couple Announced

Minnie Belle Williamson And Frederick W. H. Wehner, Jr., To Be Married Oct. 9 At St. Mary's Episcopal Church

Announcement of the approaching marriage of Minnie Belle Williamson to Frederick W. H. Wehner, Jr., was cleverly disclosed at a seated tea Tuesday afternoon through the columns of an extra edition of the Cupid's Messenger, a miniature newspaper, when Mrs. M. M. Edwards, Mrs. Ebb Hatch and Nell Hatch entertained from 5 o'clock to 6 o'clock at the Settles Hotel.

Miss Williamson, daughter of Mr. and Mrs. Harvey Williamson of Big Spring, and Wehner, son of Mr. and Mrs. Frederick W. H. Wehner of Del Rio, are to be married Oct. 9 in a candle light ceremony at St. Mary's Episcopal church by the Rev. P. Walter Henckel, pastor.

In the receiving line were Nell Hatch, Mrs. M. M. Edwards, Mrs. Ebb Hatch, Mrs. Harvey Williamson, Minnie Belle Williamson, Mrs. J. Y. Robb, Mary Nell Edwards, Winifred Piner, Mrs. M. H. Bennett, and Mrs. Bob Packs.

Jimmie Lou Goldman, who wore a black afternoon frock, presided at the bride's book which was showered with tiny blossoms. An attractive arrangement of gladioluses was on the registration table.

Frances Stamper and Cleo Lane presided at the punch bowl which was placed on a table laid with handsome handmaiden lace cloth. Centering the table was an oblong tray of large dabbias from the garden of Mrs. Roy Carter. Miss Stamper was attractive in a black lace Jazebel frock and Miss Lane wore a blue moire dress with maroon trim.

Other House Party Other members of the house party were Mrs. Roy Bruce who wore a satin frock and a corsage of roses, and Mary Louise Inkman who was attired in a blue lace.

The honoree was lovely in a black chiffon velvet Jazebel frock adorned with a large gardenia on the waist and one on the hoop skirt. She wore a white gardenia in her hair.

Nell Hatch wore a black satin with a corsage of white gladioluses at the neckline and Mrs. Edwards was outstanding in a black velvet accented with gladioluses nose-gay. A black chiffon velvet of Elizabethan style was worn by Mrs. Hatch and she had a corsage of salmon gladioluses.

Attractively Attired An off-white slipper satin gown was worn by the bride-elect's mother and Miss Edwards was attired in a blue taffeta and wore a corsage of pink gladioluses. Miss Piner wore a pink silk net and lace over taffeta and Mrs. Bennett was attractive in a taffeta and net frock.

For the occasion, Mrs. Parks chose a black crepe with sequin jacket. Mrs. Robb wore a wine velvet with a band of gold circling the full skirt.

Reta Debenport and Mary Vance Keneaster played piano selections throughout the tea hour. Huge baskets of gladioluses and sinibis formed the floral background for the tea room.

"Bobo" Hardy, small son of Dr. and Mrs. W. B. Hardy, was the newsboy and distributed the extra to the guests. The edition contained an announcement of the approaching marriage and a group of clever classified ads.

Miss Williamson is employed in the business department of the Big Spring Daily Herald and Wehner works at the Texas Electric Service company.

The hostesses presented the honoree with a set of breakfast pottery.

Guest List Invited guest list other than the house party were Mrs. Monroe Johnson, Mrs. C. L. Williamson, Mrs. Lloyd Stamper, Mrs. George Mims, Mrs. George Oldham, Mrs. Shine Phillips, Mrs. Gordon Phillips, Mrs. Joe Pickle, Mrs. R. T. Piner, Mrs. Thomas E. Lingerie To Be Shown At Store Here Thursday

Women Of Town Invited In To See The Newest

Miss Marguerite Pierce, stylist for Barbison tailored lingerie, will spend Thursday at Albert Fisher company where she will display the latest in lingerie fashions.

She will show smart new gowns of Empire lines and pajamas and slips hot from fashion's griddle.

Miss Pierce says lingerie has more fashion significance now than ever before, both in line and color. Slips are important, too. Eminent French designers never permit one of their creations to be shown without a perfect fitting slip for an ill-fitting slip can ruin the most beautiful gown.

American women are becoming more and more clothes-conscious and are demanding lingerie that is tailored with feminine smartness.

Miss Pierce will be glad to advise you about your lingerie problems at Albert Fisher company any time Thursday.

YOU LIKE YOUR FRYING PAN SORT OF OIL-PLATED. I mean some of the butter, lard or cooking-oil gets to be a regular part of the pan. You could hardly scrub all of it off if you wanted to, and it keeps things from sticking. In a way, that's like OIL-PLATING, only not as good and slippery as the OIL-PLATING already attached to every part in your engine, now that you've changed to Conoco Germ Processed oil. There's a patent on it. They invented something special to put in this oil so that it gets drawn on to the cylinders and so forth like a regular plating which can't let loose. You can stop all you want for shopping and visits, but the same as any other plating, your OIL-PLATING can't go draining down. So you can start up a million times and it doesn't hurt the way it did before you had OIL-PLATING. All the while you keep to Germ Processed oil your engine stays OIL-PLATED instead of turning into an oil-eater. You won't be scared of needing a lot more Germ Processed oil all the time. The distance it takes you will make you say I've got a right to the name Your Mileage Merchant.

### Identifies Car s Brother's

#### Kansas Says Evidence Points To Foul Play

OKLA., Sept. 14 (AP)—A found in a used car lot here identified today by E. E. Vaughn, automobile man of Baldwin, Kas., as the machine which his brother, Virgil, 37, was driving May 8 when he left Baldwin Long Beach, Calif.

E. E. Vaughn said he believed his brother had met with foul play at Albuquerque, N. M., for about July 15.

Vaughn said he had been working with federal agents, Texas, Oklahoma and Louisiana police in an attempt to solve the mystery of his brother's disappearance. He said evidence turned up by federal agents during the investigation indicated his brother's personal effects had been used by another man closely resembling him.

The man closely resembling him was young Vaughn's car and buy his machine.

Vaughn said the investigation showed the car discovered here was August 4 to a used car dealer Lake Providence, La., by a man represented himself to be Virgil Vaughn. The next day it was taken to a Shreveport dealer and it was again before it was sold by a Tulsa dealer.

Vaughn said foul play was suspected when the Lake Providence dealer E. E. Vaughn to check the bill of sale were not similar to copy Virgil's signature been done poorly.

### COURT VERDICT FAVORS WORKERS

MEXICO CITY, Sept. 14 (AP)—An attachment verdict for 250,000 pesos (\$50,000) against 17 British and American oil companies whose properties were expropriated last March was given today by the Mexican labor board.

The amount, to be deducted from indemnities the government is to pay for the expropriated properties, was held due workers as part wages for days they were idle during the strike preceding the expropriation.

### ZEPELIN TAKES TRIAL FLIGHT

FRIEDRICHSHAFEN, Germany, Sept. 14 (AP)—The new German air giant, the LZ130, had its first trial flight today, filled with hydrogen instead of helium, the non-explosive gas that Germany has been unable to obtain from the United States.

The veteran Dr. Hugo Eckener, commander, christened the airship "Graf Zeppelin" by smashing a bottle of liquid air over its prow. The Zeppelin carried 74 persons, of whom 29 were crew members and the others air ministry and other officials.

Checks Report Of Drownings

SAN LUIS OBISPO, Calif., Sept. 14 (AP)—The Norwegian motorship Elg, minus more than a half million feet of its lumber, was afloat today, but San Luis Obispo authorities were still checking reports seven persons drowned while attempting to salvage the lumber from the shore.

One body was recovered and one man was reported missing. The Elg ran ashore six miles south of here last Friday night. Part of the lumber cargo was jettisoned to lighten the ship, planking being scattered for two miles along the ocean beach.

A rush for the lumber by residents using every sort of conveyance brought a protest from Captain Gustav Romland that the lumber belonged to him as a bailee of cargo.

### READING AND WRITING

#### "MARCH OF THE IRON MEN," by Roger Burlingame; (Scribner; \$3.75).

New ideas in the field of history writing are as rare as new concepts of the history itself. Roger Burlingame, who inhabits a Connecticut farm in the midst of the literary belt, has had both. He calls the book that inevitably grew out of them "March of the Iron Men," and subtitles it "a social history of union through invention."

Probably most readers will accuse Mr. Burlingame of over-simplification (if not of deliberate distortion) to make his points. The chances are, however, that having done so they will find themselves disarmed by the charm and erudition of the writing, and the freshness of both the material and the use thereof.

"This book is the history of the evolution of that social pattern which produced a nation from the United States," runs the first paragraph of the preface. "It is told in terms of the factor which I believe was of first importance in that evolution, the factor of technological invention."

Though Mr. Burlingame makes an excellent case for his idea, it is impossible to overlook the fact that geography and the heterogeneous population of the colonies were, possibly and paradoxically, greater factors. The country is still an assemblage of units, however it may appear on the surface, which came together for mutual protection largely because of their differences.

But back to Burlingame. Practically speaking the book begins with the invention of the printing press. Certain concepts such as indentures and the stock company chimed in. The rifle was behind the fight for existence as well as the fight against Britain. The steamboat, the railroad, the telegraph, the cotton gin, and the various inventions which made mass production possible in buildings especially designed for the purpose followed.

Later inventions, in Mr. Burlingame's mind, finished the process. Which is at least a new ladder to stand on while painting the progress of a country. It is employed shrewdly; there is a lot of gentle looniness in the book. In addition, the book is fun to read.

# THE SPORTS PARADE

By HANK HART  
It's A Habit

Some people were born with silver spoons in their respective mouths. A minority of those spoons evidently were filled with a bit of lemon flavoring. That may have been the case of Abilene high school's Dewey Mayhew who is still moping around in the dark over the strange case of eligibility and ineligibility and what those things do to one's football team.

Dewey, we suspect, is a person who never looks on the bright side of life.

The War Bird pilot at this moment is probably scanning a list of Oil Belt records for a possible crevice in the "non bonafide transfer" rule or centering his attentions on the Big Spring situation. We fear he is barking up the wrong tree.

But Mayhew could well sympathize with Big Spring's Pat Murphy. Both of Dewey's men that must watch the Eagles' games from the sidelines this fall, Rueli Snell of Moran and Lakeview's Bill Reeves, were of Class B material and certainly hadn't proved their worth in Class A ball whereas the Longhorns lost their only letterman back when Lefty Bethell quit on doctor's orders. Lefty received honorable mention as an all-conference back in 1937.

Discussion arose during the advisory council meeting of the recreation department Tuesday night at the city hall on the possibility of development of a city park on the old Birdwell property in the east central section of the city. It would undoubtedly be one of the best sites in this vicinity, would take care of hundreds of the youngsters that the recreation department is worrying over a place to put.

Part of those grounds are school property and sometime in the distant future the football stadium, now situated a bit clumsily in respect to the town, will be moved to the site. It would be an appropriate location in that it is near the high school and close to the center of the city.

Need of a suitable practice field for the high school grid team is continually being stressed. The grass at the stadium is continually being worn away by the constant tramping of the city's numerous football teams and has reached such a point that no more games other than those played by the high school team will be allowed this fall.

H. F. Malone, city recreational director, is planning a big football program among the smaller boys this fall, similar to that undertaken last fall, and the teams must have a place to play.

School leaders do not yet know when the new gymnasium will be available for use although the program has long since been completed. The structure has not yet been passed on and accepted by officials.

The chief product of Slam is rice. Other exports are tin and tin ore and rubber.

## Cunningham Is Garden City Leader

Coach Wheeler May Have Surprise Aggregation

GARDEN CITY, Sept. 14—The combination of Philip Cunningham, Robert Lee Cox and Alvin Ray Cox in the Garden City high school football team's secondary raised the hopes of Mentor Hershell Wheeler for the opening game with Foran in Foran Friday afternoon.

Cunningham has adapted himself readily to the six-man game. The 135-pound quarterback is expected to figure largely in the Farmers' running show against the powerful Buffaloes.

Robert Lee Cox, 150 pounds, is expected to do most of the team's passing with his brother, Alvin Ray, who weighs 135, taking care of those duties when Robert is out of the game.

From all indications E. C. Bell, Lee Swindall and Dan Houston will open the game in the forward wall for Wheeler. Bell is the heaviest member of the squad at 185 pounds.

Other members of the squad expected to see service are Lester Ratliff, George Ratliff, Earl Baker, Belton Cox, Charles Lake, Thomas Dickson, Vernon Cox, Norris McWilliams, Ernie McWilliams, George Baker and David Hays.

Wheeler has run the team through but one scrimmage but indicated that he would allow the squad to open up once again before they leave for Foran.

## Tigers Play Alpine Twice

Julian Vega and his Mexican Tigers, local baseball nine, will leave for Alpine Thursday morning where they will open a two-game series Thursday afternoon with the Alpine All-Stars. The two teams will meet again Friday.

The games are a part of that city's annual Mexican Independence Day celebrations.

## ADAMICK VIES WITH LEWIS THURSDAY

PHILADELPHIA, Sept. 14 (AP)—Herman Taylor, veteran Philadelphia promoter, lined up six top-notch prizefighters today for a series of elimination bouts he hopes will develop a challenger to heavyweight Champion Joe Louis.

The first of the bouts—a 10-round non-title encounter between light heavyweight Champion John Henry Lewis of Phoenix, Ariz., and Jimmy Adamick, of Midland, Mich.—is scheduled for tomorrow night at Convention hall.

Taylor said Jack Kearns, manager of Adamick, and Gus Greenlee, Lewis' pilot, were among the managers who had agreed to back the series and to let their boys fight exclusively under his promotion.

The others, he said, were Joe Jacobs, who manages Tony Galento, of Orange, N. J., and former heavyweight Champion Max Schmeling, of Germany, and Joe Gould, pilot of Tommy Farr, of Wales, and former heavyweight champion, Jimmy Braddock.

## NANCE, ROSS CALLAHAN COME BACK TO LONGHORN CAMP

### Rain Handicap To Eleven's Workout

Intermittent showers Tuesday afternoon kept the high school football squad from scrimmaging at Steer stadium and handicapped the locals' chances for victory in their Friday night invasion of Lamesa.

Mentor Pat Murphy indicated that the H's would not scrimmage any this week due to possibility of injury, instead would center their attentions on offensive drills.

Winsett Nance, counted upon as the first string center, and Ross Callahan, who is to be moved into the secondary from his guard slot this year, were back in uniform Tuesday and went through the strenuous workout on the Birdwell grounds.

Nance was running with the first string but it is doubtful whether he will be in shape to open against the Tornados. Paul Kasch, 150-pound junior, will probably draw that assignment.

Due To Play However, Nance may see plenty of action and Callahan is said to be in shape to go the limit although he is wearing a rubber cast over his injured left hand. Ross weighs in at around 170 pounds this fall and is shining on the defense and in blocking.

The Longhorns' starting lineup should outweigh the Lamesans considerably. Heaviest men in the Tornado forward wall are Eugene Tyre and LeRoy Holladay, tackles, who each weigh 170 pounds.

On the other hand Big Spring's tackles carry quite a bit more beef around. Clyde Smith tipping the scales at around 200 pounds while Durwood Dearing should come in at 185 or thereabout.

"Toar" Wheat, by far, is the largest fellow in the Steer forward wall. The big guard should total about 220 pounds and will have as a running mate, Bill Fletcher, who has

### Malone Will Go To State Meet

Recreation Director Leaves For Kerrville Monday

Chairman Pat Murphy, W. C. Blankenship, H. F. Malone and Hank Hart were in attendance at the advisory council meeting of the city's recreation department at the city hall Tuesday evening.

Murphy took the lead in discussion of the school's football program while Malone, city recreation director stressed the need of a centrally located park that would fit into his program.

Malone will attend a state wide meeting of district supervisors in Kerrville next week where all project superintendents will give reports on their various projects.

The meeting was called by Houston Crump, state leader, with the idea of promoting closer relationship between the councils of the

state.

## Southwest Squads Plagued With Injuries

Aerial Combination Of Texas Pair Has Railbirds Talking

By The Associated Press There was no rest for the weary today as Southwest conference football squads drove into the midst of the most intensive training period of the season.

One prospect was lost and another may be put out of commission because of an operation. Melbourne Counts of Fort Worth, a leading reserve tackle, dropped from the Texas A. and M. squad.

Jim McWhorter, 225-pound reserve tackle, left the Texas Christian university squad for his Olney home when his appendix began to give him trouble.

Coach Homer Norton of A. and M., shifted Henry Hauser, former Kerrville high school all-star, from center to tackle because of the loss of Counts.

Bryan Finches At Texas university the railbirds began to talk about an aerial attack featuring Beetus Bryan, 160-pound Richmond halfback, and John Peterson, senior end from Amarillo, when these boys showed plenty of ability at completing distance-eating passes.

Coach Morley Jennings praised the defensive work of his line at Baylor university. Bob Foster, sophomore backfield candidate, joined Ted Lowellen, another back, on the sifting list. He developed a sore throat. Both will be out of the line-up for the remainder of the week.

Coach Matty Bell of Southern Methodist university continued to show enthusiasm over the work of his Mustangs, expressing satisfaction with the ability of his first and second squads. Backfielder Charlie Busacker was the latest to show up with an injury, but it was only a minor back bruise.

Rain Affords Rest Rain gave the Arkansas Razorbacks a rest from afternoon practice but they got in a good workout in the morning.

Coach Jimmy Kitts of the Rice Owls announced new plans for his star passer and punger, Ernie Lakin. Last season, big Ernie didn't get into the line-up at the start, Kitts waiting to get a line on the opposing defense before giving Lakin his chance. This year, Kitts said, Ernie would probably get the nod as a starter in several games.

## Padres, Ships Win Openers

By The Associated Press Right-handers drew all the pitching assignments today as the four surviving Texas league clubs paired at Beaumont and San Antonio for second games of the opening round in the Shaugnessy playoff.

Beaumont's Exporters, full season leaders and favorites to come through the elimination series with the pennant, relied on Schoolboy Rowe, former Detroit Tiger ace, to give them their second victory over the Tulsa Oilers, nosed out, 6-5, in 11 innings yesterday.

The San Antonio Missions planned to put Bill Trotter on the firing line against the Oklahoma City Indians, defeated last night by the Rockers in a thrilling 5-1 game.

Rowe lunged up 12 victories against two defeats during the regular season. Facing him today was Irv Stein, who showed 15 wins against the same number of losses for the campaign.

Clay Touchstone was ready for mound duty against San Antonio tonight. Touchstone has a record of 16 victories and 11 defeats in a 30 game schedule that fairly sparkles with names of top-flight football eleven from every section of the United States.

## Two Great Ends To Lead SMU Eleven

Combination Of Bill Dewell And Charlie Sprague Boosts Hopes

By FELIX R. McKNIGHT DALLAS, Sept. 14 (AP)—Signs point to a rousing revival of Southern Methodist's fallen aerial circus this fall. The equipment for baffling air raids is there—and Coach Matty Bell doesn't mind many words in talking about it.

Two of the Southwest Conference's finest ends, Bill Dewell and Charlie Sprague, the latter a great performer who has never played end but has played plenty of football, form the nucleus for Bell's anticipated passing spree.

Powerful, rangy and better than 300-pounders, Dewell, a 1936 all-conference choice, and Sprague, a 1937 all-conference choice at tackle, make Bell comment:

"I don't believe there's much room to question the claim that our two first-string ends constitute the best team of wings in this section."

Who will contact them? That problem has been solved also in Ray Mallouf, a jumping 175-pound Assyrian lad of Sayre, Okla., who may bloom as the league's outstanding sophomore.

"He's a fine boy," said Bell. "He can kick, pass and run. He was a great freshman player—but you know sophomores have a tough time in this league."

Right behind Mallouf in the important tailback slot is Johnny Clement, still another sophomore who carries the triple-threat tag; Red Ewing, the knock-kneed passing and kicking sensation of 1937 and Zeke Everheart, a powerful kicker.

Reserves Weak Only thing bothering Bell at the present time is lack of reserves—all the way across his line. Sophomores must fill several of the important replacement roles. But Bell has one worry lifted by the presence of two outstanding guards in Cliff Matthews and George Saunders, a pair who played 475 of a possible 600 minutes in conference competition last fall and held up their heads with the best of them.

One reason Bell worries little about the left side of his line is the appearance of a "brother combination." Alongside George Saunders will be Brother Jack, a hulking defensive giant who was out of play last year because of scholastic ineligibility.

"What a pair those two brothers should make in there," beamed Bell.

On the other tackle will be Willie Curik, 205-pound junior who earned his letter last year. Sophomore replacements include Joe Pasqua and Fred Harris, who hustle and weigh 205 and 215, respectively.

Harlow Figures Sophomores Ray Pope, 180 pounds of that Bell describes as "a smart, speedy and aggressive ball player," looks like the nominee for center, with veteran Wilburn Echols and Arthur Hawn choosing him for a job they divided last year.

Tackle busting John Harlow, senior veteran, looks set at quarterback with Dan Patterson, rough line blocker and blocker, due for considerable alternating.

General Nolan Jackson, one of the hardest running backs on the squad, has been getting the early call at right half with Letterman Chelsea Crouch and sophomore Gerald Geise, a great prospect from San Antonio temporarily out of action with an injury, fine replacements.

The fullback slot will see a fight between Wally Bearden and Bob Belsley. Two veteran lettermen, High flash of two years ago, and Will Mullenweg, Houston sophomore. Injured again after being out last year with an infected jaw, Bill Bailey, still rates a fine chance to break in also.

The term Czechoslovakia refers to two national groups of inhabitants, the Czechs and the Slovaks, both distinct branches of Slav origin.

The vatican at Rome is the largest residence in the world. It contains several thousand rooms.

## WRESTLING SHOW IS RAINED OUT

The three bout wrestling card at the Big Spring Athletic club, scheduled Tuesday evening, was called off due to sudden showers.

The card, on which George Hartay and Gust Johnson were billed as the main events, may be rearranged for next week, according to Promoter Herman Fuhrer.

OAKMONT COUNTRY CLUB, OAKMONT, Pa., Sept. 14 (AP)—Johnny Goodman of Omaha opened his defense of his national amateur golf championship today by crushing Sid Richardson, Big Ten champion from Chicago, 4 and 3, in the first round.

Goodman, making spectacular recoveries all along the soggy Oakmont layout, scored an even par on the front nine to take a 4-up advantage and played safe, leisurely golf thereafter to win. The champion was joined by his Walker cup mate, Freddie Haas, Jr., New Orleans, who polished off Ed Flowers, Grand Rapids, Mich., 5 and 4.

OAKMONT, Pa., Sept. 14 (AP)—"Needling" began today at the ordeal of Oakmont as 64 survivors of qualifying play in the national amateur golf championship gave up trying to break through the invincible fortress of par and started slicing their own number.

With two quick death rounds of 18-hole match play programmed, the field will quarter itself to 16 by nightfall.

The golfing gang which uncovered only two scores of less than par 72 in two days of blasting—one 70 and one 71 yesterday—had new problems in the psychological factors of man against man and the hard bitten veterans of match play set a grim grin of determination.

A sleeper in the person of Gus Moreland, a Texan transplanted to Peoria, Ill., led the qualifying parade with a 76-70-148 while the gallery and other contestants were busy watching the first day's mushroom here.

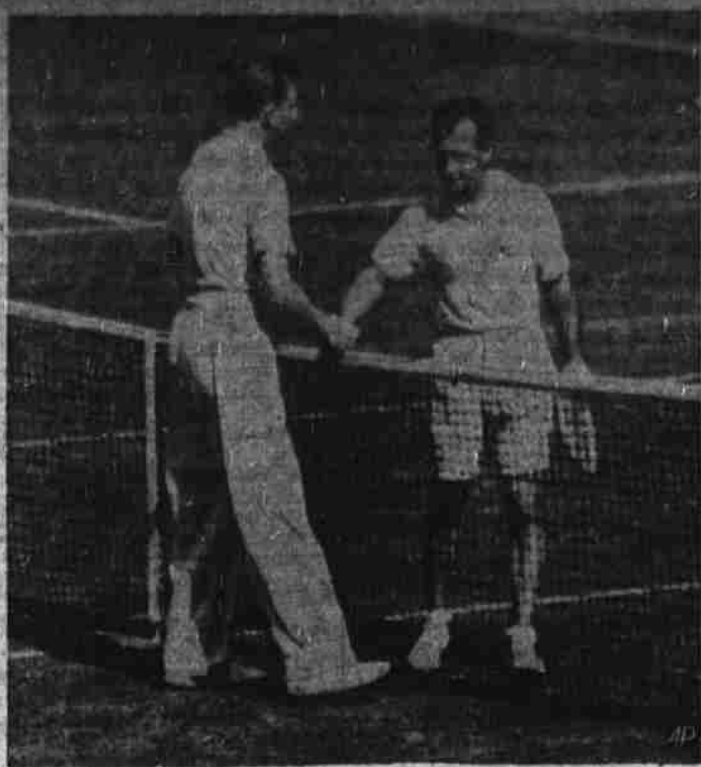

Trailing him home was little Willie Turnesa of New York City, as familiar with Oakmont's intricacies as anyone in the tournament. He had a 71 and failed by two throws to tie for medalist honors because of the burden of a 77 chalked up in Monday's literally storm session.

Pairings cast them today against opponents who squeezed into the match play 11 and 12 strokes off the pace—little Bobby Dunkelberger, the North Carolinian in the one case and Johnny Burke, Georgetown's intercollegiate champion, in the other.

**OILERS NEED ONE VICTORY**  
HENDERSON, Sept. 14 (AP)—The Henderson Oilers, who finished third in the regular East Texas league season, were within a game of the pennant today.

Henderson tonight can clinch the pennant with a victory over Tyler. Henderson made the count three to two in games won last night by downing the Trojans, 7-6.

### CONGRATS AFTER CUP VICTORY

Adrian Quist (right) congratulates Donald Budge after the American had defeated the Australian in a Davis cup singles match at Germantown, Pa., thereby retaining for the United States the international tennis trophy.

### DEFEAT OF RIGGS MAY FORCE BUDGE TO REMAIN AMATEUR

FOREST HILLS, N. Y., Sept. 14 (AP)—The double defeat of Bobby Riggs within a week's time makes it doubtful now that Donald Budge will turn professional this winter.

Sentiment around the clubhouse today, as the national singles championships resumed after a day's loss to rain, was that the amateur nabors would be able to induce their meal ticket to continue with the old firm.

Up to the time Riggs began getting smacked around, first by Jack Bromwich of Australia and then by Gilbert Hunt, the feeling had been that Budge had done his full duty in bringing the Davis cup back home, and that he could become an outright professional with a free conscience.

Now, though, it is painfully obvious that Don's departure would leave the United States without a hope of beating Australia in the next Davis cup challenge round, and, even worse, would deprive the great tennis citadel here and at Wimbledon of their only real drawing card.

It is whispered that the English officials have told their American confederates to promise Budge practically anything his simple heart might desire, up to and including a guest suite at Buckingham Palace next summer, if he only will remain true.

The all-England tennis club at Wimbledon, it might be explained, is big business, with debenture holders and everything. The profits have been very satisfying for many years. With both Budge and Mrs. Helen Willis Moody missing next summer, there would be little laughter in the board room.

### YANKEES NEED WIN TODAY TO ELIMINATE TRIBE IN CHASE

Associated Press Sports Writer  
The New York Yankees, who, as everybody knows, are about to win the American league championship for the third straight year and the tenth time in their history, should reach the clinching point this week unless too many games are rained out.

Nothing but rain, apparently, can stop them. They made the task of pushing the Cleveland Indians further out of the picture look ridiculously easy yesterday when they walloped the Tribe 7 to 1 to open their final western tour. At the same time, the Detroit Tigers knocked off the second-place Boston Red Sox, 5-3, to place the Yanks within five games of the flag.

New York now is 16 full games in front of Boston and has 19 games to play against 21 for the Red Sox. Cleveland trails by another half game.

If the Yanks whip the Tribe again today, the best Cleveland can get is a tie for first. If Boston also should lose again, New York would need to win only three of its last 13 contests to make it a certainty.

Yesterday's notable Yankee achievement was Red Ruffing's eight-hit flinging for his 21st victory of the season. It marked the first time in his 13 major league seasons he has won more than 20 games.

Play Giants Twice  
Pittsburgh's task in the National League was made easier in one respect and harder in another by yesterday's developments. The New York Giants decided it was raining hard enough to warrant postponing their first engagement with the Bucs and scheduling a double-header today. That puts a bit more strain on Pittsburgh's uncertain pitching staff.

The Boston Bees, however, came to the rescue by beating the second-place Chicago Cubs, 5-3 as Jim Turner gave up only four singles and Elbie Fletcher rapped out two singles, a double and triple. The defeat left the Cubs four games behind the leaders.

Washington and the Chicago White Sox broke even in a double-header that completed yesterday's doings. Ken Chase, giving six hits and eight walks, pitched the Sena-

boys to a 7-1 opening victory but Thornton Lee bested Pete Appleton in the closing mound duel and Chicago won 5-3.

The Cincinnati-Brooklyn and St. Louis-Philadelphia National league games and Philadelphia and St. Louis in the American were rained out.

### DUROCHER MAY HOOK UP WITH BROOKLYN

By EDDIE BRIETZ  
NEW YORK, Sept. 14 (AP)—They say now that Leo Durocher and Jimmy Wilson have the inside track for the Brooklyn managerial job, with Charlie Dressen of Nashville not yet out of the picture....

Frankie Frisch, who is sitting on his porch at New Rochelle and eating fresh corn for supper, probably will hook up with the Giants—where he belongs.... Tony Galento has kicked pneumonia sufficiently to take a turn behind the bat at his job over at Orange.... Young Jack Sharkey, who shows a lot of promise as a featherweight, has placed himself under the wing of Max Waxman, who doubles as business manager for Jack Dempsey.  
Gil Hunt, who bowled over

Bobby Riggs in the tennis nationals, is making a rep as the Dixie Dean of big time tennis.... Early on the morning of the day he was to meet Riggs, a tennis official found him prowling the streets.... "I need the exercise," said Gil, and let it go at that.... P.S. So did the Forest Hills official.... Recession note: Junior colleges on the Minnesota Iron ranges report record football turnouts.... No work in the mines, so the boys are going to play a bit.... Hibbing, alone, has 80 candidates out.... Forty-four

per cent of all aerials attempted were completed in the opening week's play in the National Football league.  
Maj. Frank Wandie, Yale's famous football trainer, is being treated for a stroke in New Orleans and is doing fine.... The major is right at home down there where you get that swell coffee.... He was traifor for Biff Jones at Louisiana State when Huey Long used to try to run the team from the bench.... Biff got the well known air and the major went right along with him.... P.S.: Both wound up with better jobs.

### NAVY RECRUITING OFFICER TO BE HERE

The navy recruiting officer from Abilene, John J. Mockbee, will be in Big Spring on Sept. 20, it has been announced, in the interest of navy recruiting. He may be contacted on that day at the post-office.  
Harvard astronomers announce that they have found a temperature drop of 1,500 degrees net over the surface of the sun and its overlying atmosphere.

### Plans Laid For Wild Life Unit

Although no organization resulted, a large crowd of ranchers and farmers of this area met in a called meeting at the courthouse Tuesday afternoon in the interest of wild life preservation in this sector and laid plans toward a game commission for this county.  
E. B. McElroy, Borden county agent, spoke briefly along with T. A. Hays, Lamesa, district game warden; and Charles E. Friley, regional director of the Texas Game, Fish and Oyster Commission.  
Friley pointed out the benefits that could be derived from such an organization while McElroy discussed the success of the venture in his county.  
O. P. Griffin, Howard county agent, was in charge of the program.

### Tijuana Swept By Most Disastrous Fire In Years

TIJUANA, Mex. Sept. 14 (AP)—Firemen still played streams of water today on the smoldering ruins of more than a score of business establishments swept by Tijuana's most disastrous fire in years.  
The fire, believed to have started at the rear of a dry goods store, spread with such rapidity that five stores had burned before the Tijuana municipal fire truck could bring its hoses into play. California sent fire fighting equipment from San Ysidro, Chula Vista and the La Mesa state forestry fire truck.  
Lack of water pressure hampered the firemen who stopped the march of the flames at the wall of the huge Maya brewery plant.

### Public Invited To Grid Show Thursday

Members of the Big Spring high school football team will put on their annual "dress parade" for the benefit of the paying patrons Thursday night at Steer stadium.  
As has been the custom in years past the fans will be allowed to "interview" the players as the team goes through its first night drill of the season in preparation for the Friday evening encounter with Lamesa on the Lamesa field.  
A loud speaker will be on hand for the occasion and Coach Pat Murphy will introduce each of the players, giving their positions, experience and weights.  
Music will be supplied by Dan Conley and the high school band while the pep squad will lend enthusiasm with several yells.  
The affair gets underway at 8 o'clock.

# As Dreams Come True We Move Into The Future

Twenty-one months ago KBST came into existence. Looking backward, we realize that, pretentious though it might have seemed at the time, it really was an humble beginning. KBST opened with one transcription service, a untried staff—a radio station in an unproven field. But even in its humble beginning, KBST had dreams — dreams that some day it would give to the people of Big Spring the best to be had in the way of radio entertainment. Its National Broadcasting Company Transcription Service was augmented shortly by the service of Standard Radio, Inc.; then recently by the MacGregor service. There is not space here to recount the development of KBST over that span of twenty-one months. But the dream that possessed KBST when it opened has at last been realized—much sooner than actually had been anticipated.

## Your Radio Station KBST ON SEPTEMBER 15TH WILL BECOME A MEMBER OF THE Mutual Broadcasting System AND Texas State Network

That you might know the why of the Mutual Broadcasting System, we give you this brief history. On September 15, 1934, WLW, Cincinnati; WOR, Newark; WGN, Chicago, and WXYZ, Detroit, believing that stations should run the network instead of the network dictating to the stations, formed Mutual, a non-profit-making network. A few months later Mutual arranged an interchange of programs with the Canadian Broadcasting Corporation which, incidentally, will supply an occasional program to be heard over KBST in future. Originally designed to serve only four major markets in the United States, Mutual in June, 1936, changed its policy—decided to go coast-to-coast. At that time the Don Lee Network on the Pacific Coast affiliated with Mutual. In December, 1936, the Iowa Network and the Central States Broadcasting System of Nebraska joined Mutual. Shortly after power WSM, Nashville; KWK, St. Louis, and WHB, Kansas City came into the fold. Since that time the expansion has been steady. With the addition of KBST and more than twenty other Texas stations Thursday, Mutual will consist of 107 stations coast-to-coast. While other policies have been changed, two had remained permanent—two that are vital. Mutual still is just what its name implies — a mutual and non-profit-making. All of its programs originate in its member stations instead of in central studios.

### Legionnaire Is Accident Victim

SAN ANTONIO, Sept. 14 (AP)—Ralph W. Van Dollah, 40, who received compound fractures of both legs in a traffic accident near Schulenburg which injured eight other American Legionnaires from Mississippi in varying degrees, underwent an operation at the station hospital, Fort Sam Houston, where he is confined.  
Army surgeons operated on Dollah's left leg, and planned to operate on his right leg in one week, it was stated. Barring complications, officials said he has a good chance to recover.  
Three others less seriously injured who also are in the hospital are L. J. Lemieux, 42, H. A. Allen, 42, and J. S. Cabibi, 40, all of Gulfport. Dollah also is from Gulfport.

### FARMER CRUSHED

BATESVILLE, Ark., Sept. 14 (AP)—G. W. Smith, 55-year-old Izard county farmer, died yesterday from injuries suffered Saturday when a truck in which he was riding overturned four miles northwest of here.

### BORGER DOCTOR DEATH VICTIM

LITTLE ROCK, Ark., Sept. 14 (AP)—Dr. William T. McRae, 57, physician at Borger, Tex., since 1926, died at North Little Rock Veterans' administration facility yesterday.  
Funeral services will be held here tomorrow afternoon at 1 o'clock with burial in the National cemetery.

### Thursday Day Buy Hats

Merchants To Offer Latest Styles In Headgear Here

For a woman or child—it makes a difference—It's time to change your hat, and Thursday is the day to do it.

Thursday is Hat Day. Every Big Spring merchant who is in clothes will be offering the latest styles in headgear.

The Sales Crusade moves on to the end of its first week. Maybe you want a saucy number perched on your head at present angle, maybe it is something servative, or even a roughish beau with a brightly colored hair—whatever it is, you can get it here Thursday.

Wednesday automotive dealers are pushing the sale of rust and poison inhibitors. A procedure for the day was going to rival Soap Day, the opening special day of the week, in its success.

Mrs. Harry Williamson, crusade cutive, said that drug firms retling to her Wednesday morning wred a total of little less than 20 bars of soap sold Tuesday. In the grocery stores took advantage of the day to sell several aded cakes additional.

Friday and Saturday the house- appliance group will bend effort to sell percolators and file irons.

Five additional firms joined in port of the Sales Crusade Wed- day morning. Mrs. Williamson orted. They were T. E. Jordan Co., Grand Leader, Suzanne's Shop, Douglass hotel, and Tate Bristow.

The superficial area of the earth 186,950,000 square miles, nearly e-quarters of which is covered water.

### GRANT UPSETS ADRIAN QUIST

FOREST HILLS, N. Y., Sept. 14 (AP)—Bryan (Blitz) Grant of Atlanta, Ga., placed eighth and last on the U. S. seeded list, today completely confounded the ranking committee by upsetting the second-seeded foreigner, Adrian Quist of Australia, 6-1, 4-6, 6-1, 7-5, to gain the quarter-final round of the men's national singles tennis championships.

Kay Stammers, English left-hander, opened today's play by reaching the quarter-final round in the women's division with a 6-0, 6-2 defeat of Barbara Winslow, sixth-seeded U. S. entry from Hollywood, Calif.

Today's program was to complete the quarter-final brackets in both men's and women's play.

### SATIN COCKTAIL FROCK

Satin and snavity combine in a fall cocktail frock trimmed with two cut-steel suns. A Paris plateau hat of black velvet, designed by Rose Valois, perches on top of the high coiffure. Excessions of the cyclamen pink velvet bow on top are passed through slits and prolonged to band the back of the head.

### Crop Prospects Above Average

AUSTIN, Sept. 14 (AP)—Texas major field crops declined in August because of high temperatures, lack of rain and insect damage but with the exception of cotton entered September with prospective yields above average, the department of agriculture reported today.

Indicated corn production in Sept. I was 60,876,000 bushels, compared with 72,084,000 produced last year and an average of 78,002,000 for the previous 10 years.

Grain sorghum prospects declined sharply with production for all purposes estimated at 84,777,000 bushels, compared with an August 1 forecast of 63,612,000.

Rice production was estimated at 13,500,000 bushels, about 10 per cent above last year's crop and more than 50 per cent above the 10-year average.

Pecans suffered from excessively hot weather, shedding and insect damage and a yield of 17,010,000

pounds was indicated, 2,800,000 pounds below the August 1 forecast. Drenching rains in the citrus region boosted prospects for oranges and grapefruit, the department said. The condition of both crops was slightly better than a month ago and considerably higher than a year ago. Some fruit may be available by the latter part of September but solid carlot shipments were not expected until Oct. 1.

### POOL MAY CLOSE AFTER SUNDAY

Unless there is unusually heavy patronage, the municipal swimming pool will close Sunday evening for the season.

Harold Akey, manager, said Wednesday that during September the number of patrons had declined steadily and that unless there was a marked increase by Sunday the amount of business would not justify operation of the pool until next spring.

The pool has been open since the last of May.

### Seversky Claims Flight Record

CHICAGO, Sept. 14 (AP)—An unofficial speed record was claimed today for Major Alex P. De Seversky after a two hour and 48 minute flight from New York to Chicago.

The airplane designer and manufacturer averaged 262 miles an hour, 22 miles an hour faster than the previous record established on the New York-Chicago run by a commercial transport plane.

### Bad Business Hurts Meet's Attendance

PITTSBURGH, Sept. 14 (AP)—The National Small Businessmen's association considered a batch of resolutions at its first convention business session today ranging all the way from war and taxes to "government interference in business."

Convention leaders, expressing disappointment at the small turnout, said 219 delegates had registered. J. Raymond Tiffany, general counsel, waved a sheaf of telegrams from members which read, in substance, he said: "Business is punk. No loose money for conventions."

Thunder, which is the loudest common noise, never has been heard unmistakably more than about 20 miles from the flash.

### AGENT ARRANGES A SCHEDULE OF CLUB MEETINGS

After visiting poultry demonstrators Monday, Lora Farnsworth, county home-demonstration agent, turned Tuesday to a schedule of club meetings.

She was to meet with the R-Bar club Tuesday afternoon, the Highway group Wednesday, Fairview Thursday and Coahoma Friday. All the meetings feature testing of pressure cooker gauges and demonstrations on bedroom accessories.

On Saturday Miss Farnsworth will be hostess to Miss Ruth Thompson, district agent.

National Representative: Texas Daily Press League, Dallas, Texas. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation...

O'Daniel Goes to the Point: W. Lee O'Daniel isn't beating around the stump with those issues he conceives to be of first importance to Texas, and for his direct method he is deserving of commendation, particularly from those who accepted his views in the July primary.

Man About Manhattan: NEW YORK—Until Now I have been extremely chary about mentioning the New York World's Fair. There is a reason for this. But a railroad man in Oklahoma has taken me to task regarding this matter, and I can no longer look the other way.

Gene Autry On KBST Program: Gene Autry, well known cowboy singer and motion picture star, has been added to the list of outstanding personalities who will appear on the dedication program of the Texas State Network, which will be held from the Casa Manana stage, Fort Worth, Thursday evening, Sept. 15, 6:30 to 7:30 p. m.

Wilson's Diagnosis: This man called attention to a statement President Woodrow Wilson once made: "Politics in this country does not depend any longer upon the regular members of either party. There are not enough regular republicans in this country to take and hold national power; and I must immediately add there are not enough regular democrats in this country to do it either. This country is guided by the policy it determines by itself, independent voter."

Strike Fight Fatal to One: CORPUS CHRISTI, Sept. 14 (AP)—One boatman was killed, another wounded and Christopher Clarish, 42, president of the Aransas Pass local of the United Cannery, Agricultural, Packing and Allied Workers of America, a CIO affiliate, was severely beaten this morning in a fight between striking shrimp cannery workers and boatmen at Aransas Pass.

NEWS I. Q. ANSWERS: 1. Don Dudge, star of the winning American team. 2. Development of religion in the Old Testament. 3. No, although Secretary Perkins declined immediate action as demanded by Rep. Dies.

Gene Autry On KBST Program (continued): I can't say that I'm not a fan of Gene Autry, but I can say that I'm a fan of the cowboy singer and motion picture star. He has been added to the list of outstanding personalities who will appear on the dedication program of the Texas State Network, which will be held from the Casa Manana stage, Fort Worth, Thursday evening, Sept. 15, 6:30 to 7:30 p. m.

Wilson's Diagnosis (continued): What interests at least one of the practical politicians here, however, is how possibly to distinguish a republican in such a state. Perhaps these Idaho voters were independent voters.

Strike Fight Fatal to One (continued): The difficulty between the two factions at the Rice Brothers cannery cropped out following a strike yesterday of approximately 250 shrimp peelers. Higher pay is demanded. The boatmen had gathered this morning to prevent picketing. The strikers disbanded following the shooting and beating of their leader.

NEWS I. Q. ANSWERS (continued): 4. For a French general and a legendary Teutonic hero. They are the French and German border fortifications. 5. The British and German battleships for North Sea naval maneuvers.

Washington Daybook

By Preston Grover. By MILO M. THOMPSON, Chief of the Washington Bureau of The Associated Press (Guest Columnist for Preston Grover).

WASHINGTON—If John M. Hamilton, the republican national chairman, was wrought up over what he called the "strange argument of President Roosevelt," head of the democratic party, in behalf of political morality at the primaries, what of the typical practical politicians of either party who are not party leaders?

Sanctity Of The Booth: They argue that by whatever means they accomplish their ends, all is made moral by the fact that when the voter is alone in the voting booth, he can do what he pleases without let, hindrance or anybody's knowledge in the matter. But the president questioned that. He said at Hyde Park that the situation is probably not moral if the voter happens to be a republican voter in a democratic voting booth.

Welcome Stranger: The practical politicians are not unhappy about that. If they are looking a man for nomination, they want to get any legitimate voter they can interest into the primaries to help nominate him. And if they can interest a republican in a democratic contest and bring him into the party at primary time, they like it. They figure the republican may follow through for the man he likes in the general election. But whether he does or not, he will have helped build up a significantly larger party primary vote, which is supposed to be a potent influence in a campaign.

Wilson's Diagnosis (continued): The president based his comment about morality on the situation in Idaho. He had been informed that republicans marked democratic ballots in sufficient number to defeat Senator Pope. That, of course, is unprovable because the marking of ballots was secret. Furthermore, Idaho has the open type of primary and invites voters to enter what primary he pleases by giving him the ballots of all parties in one.

Strike Fight Fatal to One (continued): The difficulty between the two factions at the Rice Brothers cannery cropped out following a strike yesterday of approximately 250 shrimp peelers. Higher pay is demanded. The boatmen had gathered this morning to prevent picketing. The strikers disbanded following the shooting and beating of their leader.

Man About Manhattan

NEW YORK—Until Now I have been extremely chary about mentioning the New York World's Fair. There is a reason for this. But a railroad man in Oklahoma has taken me to task regarding this matter, and I can no longer look the other way.

When I think of fairs I instinctively begin to nurse a grudge against the men responsible for them. And that is silly. It is unreasonable and unjust. But it is my nature to regard things in this light, and so I may as well admit that I am a bit of a grudge-bearer.

Mr. Whalen is an important man in New York. He is a courteous and affable gentleman. But in unthinking moments I feel a resentment against his name because the fair is taking about that. He is the fair, and I think it will be a howling success. I will be howling myself, every time I have to go out there, but I think it will still be big stuff for those who enjoy fairs.

Once in Tennessee I attended a fair and had my pockets picked off. It was all the money I had. Sometimes later, as a cub reporter in Columbus, Ohio, I attended another fair, and my pocket was picked of a week's salary—\$30 this time. On another occasion my best friend attended a fair and got so much dust in his eyes, ears, nose and throat that he developed sinus trouble.

And so I hope you get a whale of a kick out of the New York World's Fair. It's going to be a whizz. The only adjective worth a hoot in this town is "biggest." Everything here is the "biggest" you ever saw. And I'm sure the fair will measure up.

Hollywood Sights And Sounds

Chapter 25 TOOTHPICKERS FOR TWO: The cafe was a vast sea of crowded tables, set out under a canopy of trees. Hugo was sitting at a table on the outer fringe.

"Well," I said, as I dropped into the vacant chair beside him "I've had a quiet day, but the evening promises to be livelier. If one can judge by the advance samples I've just had."

"For answer he kicked me sharply on the ankle, motioning impatiently towards a man seated with his back to us at the next table. I bit back an exclamation, for the fellow had raised his glass to his lips, and I saw that the index finger of the hand that held it was missing from the first joint.

Hugo's eyes met mine, but neither spoke a word, and so for a matter of twenty minutes we sat there, exchanging the most ultra-banal of small talk. Then, suddenly, things began to shift.

I noticed, gliding through the throng on the pavement, a tall Negro in a crisp, white cotton dress, with a snowy muslin turban. She was a splendid-looking creature, moving with a free untrammeled grace. But there was a purpose in her movements, for as I looked, she turned sharp left, threading her way among the tables, and with a murmured word of apology passed into the vacant seat opposite my neighbor.

He glanced up at her without the slightest sign of recognition. "The Negro settled herself at the table, reached forward and helped herself to one of the little paper-wrapped toothpicks from the china container before her.

"Come on," I said to Hugo. "I've had enough of this." He glanced up sharply, caught the look in my eye, and rose to his feet. "What's the trouble?" he whispered as he followed me down the narrow aisle to the pavement.

"The trouble," said I, "is walking just ahead, and in half a dozen words I told him and gave him her order. At the same moment the man opposite her threw a couple of coins on the table, yawned ostentatiously, and got to his feet; but as he did so, he stooped and in his turn, with an absent-minded air, extracted a toothpick from the container. Then he turned and slowly sauntered away in the direction of the harbor.

"Catch him in some dark spot and take the toothpick off him, answered blithely. "That coming out into the open with a vengeance! If it could be arranged, I'd prefer something more subtle." And even as he spoke, Providence itself answered him.

## School Rolls Up 267 From Last Year

### Pupil Load Being Changed To Remedy Crowded Conditions

A sharp gain in school enrollment at the end of the first week was reflected today in the report by Superintendent W. C. Blankenship.

The margin over the same period a year ago amounted to 267, the report showed. The high school alone had an increase of 84 students, jumping from 728 to 812.

The enrollment gain was even more pronounced than the report should indicate, for a year ago the negro school figures were included, whereas this year they were not added. The enrollment in this school is estimated around 45.

Unexpected gain in different areas and the heavy elementary school load have created crowded conditions which necessitate a gradual shifting of the load to adjust the situation.

The load in the elementary grades is shown by the figures compiled by Blankenship, which show 373 in the first grade, 388 in the second, 313 in the third, 354 in the fourth, 242 in the fifth and 306 in the sixth.

A comparative chart for the first week enrollment during the last three years follows:

School—	1932	1933	1934
South W. ....	182	194	300
College H. ....	208	208	208
Central .....	313	303	303
East W. ....	221	199	241
North W. ....	151	122	120
West W. ....	442	361	395
Kate Mor. ....	238	212	238
7th Grade ....	244	244	244
Jr. High ....	675	675	675
Sen. High ....	812	728	861
Negro .....	45	60	60
Total .....	2831	2564	2686

Note—College Heights is a new school; Central Ward has been operated as such only for two years and does not include the seventh grade as it did last year; the seventh grade is carried separately for the first time this year; Junior High is new Central Ward; and the negro enrollment is unreported this year.

## Patrons Unaware Of Death Fight

### NEW YORK, Sept. 14 (AP)—Two film operators fought a death battle in a locked projection booth last night while 500 movie patrons below them sat watching a screen murder.

Clashed by a fire extinguisher, Nathan Klein, 33, was killed during the hand-to-hand fight in the tiny cubicle. Sol Schulman, 38, the other projectionist, was seriously injured.

Patrolman Wesley McClelland said Schulman told him he wrestled the fire extinguisher from Klein when the latter attacked him after an argument. Schulman was charged with homicide.

The film being shown was "The Devil's Party" in which a night club owner is slain by gangland guns.

## NLRB Recommends Non-Recognition

### FORT WORTH, Sept. 14 (AP)—The national labor relations board examiner who heard a complaint against the Continental Oil company has recommended the company withdraw all recognition from the employees' union in the Ponca City, Okla., area, Edwin A. Elliott, regional NLRB director, said here today.

The recommendation was made by E. R. Stempel, who conducted a hearing from June 15 to June 21, after a complaint had been based on charges brought by the Oil Workers International Union No. 231, at Ponca City.

Stempel recommended the company post a notice that it will desist from interference with the employees' right to organize and that it is withdrawing recognition of the company union.

The company won on one point in the charges. It had been alleged that Ira G. Potts had been discharged because of union activity. Stempel held that Potts' discharge was "for cause."

Amarillo, with an estimated 50,000 population and founded as a cow town in the plains country, celebrates its 50th anniversary this year.

**ATLANTA, Sept. 14 (AP) —** The first precinct to report complete returns in today's Georgia democratic primary gave Senator Walter F. George, seeking renomination, a slight lead over Lawrence S. Camp, endorsed by President Roosevelt, and former Governor Eugene Talmadge.

Returns from Smyrna, a village in Cobb county, gave the following unofficial vote: George 109; Camp 133; Talmadge 77.

democratic nomination for governor. Gov. Francis P. Murphy, wealthy industrialist, won a close republican contest. Attorney General Thomas F. Cheney, Rep. Charles W. Tobey defeated two rivals in New Hampshire's republican senatorial race.

**Wide Victory**  
In Vermont, Gov. George D. Alken, republican, won renomination by a wide margin. Democratic aspirants to Vermont's state and national offices had no opposition.

Michigan republicans called on former Governor Frank D. Fitzgerald to battle Frank Murphy, democratic incumbent, for the governorship in November. Murphy was unopposed in the primary.

Partial returns from Colorado gave Gov. Teller Ammons, democrat, a long lead over George J. Knapp. Archibald A. Lee and Ralph L. Carr had no contests for the republican senatorial and gubernatorial nominations, respectively.

Other republican senatorial nominees in the west were: Utah, Dr. Franklin S. Harris, president of Brigham Young University; Washington, Ewing D. Colvin, Seattle attorney, and Arizona, Burt L. Clingan, unopposed.

A four-man contest for Arizona's democratic gubernatorial nomination developed into a tight race, with State Senator E. T. Jones and Secretary of State James H. Kerby out in front. Jerrie W. Lee had no opposition for the republican nomination.

himself might present a demand for a plebiscite to the government as widespread agitation for such action continued in Sudeten German territory.

The Czech government took no official notice of the Sudeten ultimatum but gave a clear indication that while the demands would be considered if presented in Prague there was no intention at present of revoking martial law.

Czechs generally admitted the gravity of the situation and foresaw a continuing threat to peace, perhaps of all Europe, for the next 24 hours. They declined to predict the course of events for that critical period.

## JURY RECEIVES BROOKE CASE

COLUMBUS, Ga., Sept. 14 (AP)—A federal court jury received today the case against Major John R. Brooke, Jr., accused of murdering his wife at their Fort Benning home June 8.

Before Judge Bascom S. Deaver charged the jury which had heard evidence for nine days, District Attorney T. Hoyt Davis handed to the 12 men a close-up photograph of the battered face of Mrs. Brooke and asked them to return a verdict of guilty.

Mrs. J. E. Gardner of Fortson has been dismissed from Bivings hospital where she underwent a tonsillectomy.

## Gain Shown In City's Funds

Expenditures Exceed Appropriations For August

Although budget appropriation for the month of August was exceeded slightly, the city finished the month with a slight increase in balance of the general fund, regular monthly report of H. W. Whitney, city comptroller, showed Wednesday.

Balance at the end of the month had risen to \$5,692, a gain of \$273 for the month. General fund receipts for August were \$17,954, including \$1,217 delinquent taxes and a \$1,387 transfer from the interest and sinking fund. Expenditures for the month totaled \$17,680, an excess over appropriations for the period of \$295. The excess for the fiscal year stood at \$3,241 as of Aug. 31, due largely to the heavy disbursements on the WPA airport project.

Water revenues for August were \$10,758, or \$751 less than for July and \$1,868 less than for August a year ago.

## Burglaries Net Only Small Loot

Three burglaries occurred here and at Coahoma Tuesday night, officers reported Wednesday.

Entered here were the Auditorium and the Hilltop cafes. Floyd Thompson's place was burglarized at Coahoma.

Loss was comparatively small in all the places although two pistols were taken in the loot from Thompson's cafe and the Auditorium cafe. Likewise, the same two places missed radios.

Cigarettes, smoking tobacco, hair oil, handkerchiefs, etc., were missed in all the places. Entrance in each instance apparently was forced through a window.

## Is-Accused In Three Deaths

LITTLE ROCK, Ark., Sept. 14 (AP)—Two kidnap slayings were added today to a long criminal record which has kept 37-year-old Joseph E. (Smoley) Anderson in jails and prisons throughout the country during the past 14 years.

Detective Fremont Lemer of the Indiana state police reported Anderson had confessed the killing last month of John Colla, 41, Gary, Ind., taxicab operator, and George W. Hovey, 37, driver for a transit company at Detroit, Mich.

Arkansas authorities are holding Anderson for the robbery slaying last week at Hot Springs of Eldon Cooley, 26, grocery chain executive.

## RAINY DAY TREAT

AUSTIN, Tex., Sept. 14 (AP)—The University of Texas bureau of visual instruction announces a rainy day treat for school pupils.

Supplementing the agency's catalogue of educational motion pictures this year are films featuring "Flip the Frog," Aesop's Fables," and "Alice in Wonderland"—available to public schools for showing when inclement weather spoils outdoor recesses.

## YOUNGEST PLAINTIFF

AUSTIN, Tex., Sept. 14 (AP)—District court records here today listed the youngest plaintiff ever to appear in civil litigation in Travis county—a three months old infant.

The child, daughter of Mr. and Mrs. E. B. Davis of Austin, was a joint plaintiff with three other minor children in a suit growing out of an automobile collision. Each was awarded \$20 damages by agreed judgment.

## PRODUCTION DROPS

NEW YORK, Sept. 14 (AP)—Production of electric power in the United States for the week ended September 10 totaled 2,048,360,000 kilowatt hours, a drop of 4.7 per cent from 2,148,954,000 in the preceding week and 4.9 per cent under 2,154,276,000 in the comparable 1932 week, the Edison Electric Institute reported today.

## DIES OF HEART ATTACK

DEVINE, Sept. 14 (AP)—G. H. "Hammer" Johnson, 63, investigator for the state liquor control board and veteran Texas law officer, died of a sudden heart attack here Tuesday.

Johnson, son of the late George Johnson, pioneer Sabinal resident, was sheriff of Uvalde county for 20 years, until 1926, and also had served as a state game warden.

## Report Is Received On Water Survey

Possibility that city commissioners would be convoked into a special session Wednesday evening was seen with the arrival of a report from the U. S. G. S. covering the water problem study made by Penn Livingston and Robert Bennett.

The volume, some 400 pages of data, pictures, graphs, charts and records, is considered very exhaustive and especially comprehensive as concerns the underground water situation.

Persons interested in obtaining factual information, heretofore not known to local sources, were invited to inspect the record at the city hall.

## Suspended Sentence Is Recommended In Trial Of Short

W. J. Short, charged with murder while in commission of a felony, was found guilty by a 70th district court jury Tuesday evening.

The jury recommended that the five-year sentence imposed be suspended.

Short was billed in connection with the death of a Mexican near Coahoma on Nov. 28, 1932. The state charged that he was driving his car while drunk, a condition which resulted in a crash that killed the Mexican.
