

If Liberty is to be saved, it will not be by the doubters, the men of science or by the materialists; it will be by religious convictions, by the faith of individuals who believe that God will men to be free but also pure. —Henri-Frederic Amiel

**WEATHER**  
(Direct From Amarillo Weather Bureau.)

**PAMPA AND VICINITY** — Chance of scattered showers tonight. Considerable cloudiness and a little warmer through Friday. Low tonight near 30. High Friday in low 70s.

**EVER SEE THEM?** — City Manager Harold Schmitzer today identified Edward J. Bezek, shown here with his wife, as the man he failed to pay in City Hall the day that Pampa tax officer was robbed. Police Chief Jim Connor says perhaps someone else saw Bezek or his wife here that day. If you saw this man or woman, call the Pampa police at MO 4-2515.

## Troop Removal Request Couched In Polite Terms

### Police Try To Break Pair's Alibi

**TRENTON, N.J. (UPI)** — A legislative committee investigating aid to dependent children reported Wednesday on the case of a missing father, \$2,810 arrears in family support payments, who was found earning about \$55 a week in Bloomfield.

"Circumstances indicate this father still retains some devotion towards his wife and children," the report said, "as he continues to claim them as dependents for income tax purposes even though they are being supported at public expense."

**Retains Tax Devotion**

**WASHINGTON (UPI)** — President Kennedy was understood today to be trying to make it as easy as possible for Premier Nikita Khrushchev to withdraw more Russian troops from Cuba without losing face.

The President told his news conference Wednesday "we hope" Russia would recall the estimated 12,000 to 13,000 military personnel she still has on the island. But he avoided couching his statement in strong terms which would give it the flavor of a demand.

**Raids Furnish Excuse**

Kennedy emphasized that one of the reasons the United States cracked down on refugee and anti-rain raids on Cuba and Soviet territory was to guard against the possibility any additional excuse to keep his troops in the area.

Administration sources said that if Khrushchev's quiet attack on some Communist parties for his Cuban retreat, really wanted to pull out more forces, he probably could do so more easily if the United States did not make too great an issue of the matter at this time.

Kennedy said at his news conference that "we will continue to observe very closely in the next days, the immediate weeks ahead whether there are going to be further withdrawals, which, of course, we wish to."

**Departures Total 9,000**

The President said intelligence estimates were that 4,000 Russian military personnel left Cuba out (See **RUSSIANS**, Page 8)

Pampa police today were taking steps in an attempt to break the alibi of 27-year-old Edward Bezek of Fort Wayne, Ind., set up to prove he was not in Pampa on March 13, the day of the burglary of the City Hall tax office.

Bezek and his wife now are in jail at Jasper, Texas, charged with the burglary of the county tax office there. Bezek also has confessed to being a burglar tax officers in Memphis, Canadian, Meridian and Bosque in Texas but denied that he had anything to do with the Pampa job.

Pampa police renewed their efforts to connect Bezek with the local burglary when City Manager Harold Schmitzer yesterday identified a photograph of Bezek as a man he met and talked with in the City Hall lobby about 1 1/2 hours before the tax office was robbed.

"I started out the door of my office," Schmitzer said, "just as the man was at the top of the stairs from the main entrance. I asked him if I could be of any help."

Schmitzer said the man started looking for the social security office.

"I asked him to come in and I would find out the location for me," Schmitzer said, "and we walked into the office of City Secretary and discussed the matter. He was directed to the Department of Public Welfare in the court house."

The man then left City Hall by the front door, Schmitzer stated.

A check of the court house office revealed that the man did not appear there.

"I am sure it was the same man in the photograph," Schmitzer said.

The picture of Bezek and one of his wife were brought back to Pampa yesterday by Patrolman Don Aycock who with Texas Ranger Bill Barlow and Sheriff Walter Bell of Anaheim spent Sunday morning with the new evidence of the pair. Bezek was arrested in Jasper last Friday and three witnesses identified him as the man they saw coming out of the court house after a tax robbery there on Feb. 24.

Bezek has admitted the burglary of five tax offices in Texas. Police Chief Jim Connor said, but still holds out that he did not stage the one in Pampa.

Bezek probably will be questioned, police stated, and confronted with the new evidence of identification as being in Pampa on the day of the local tax office burglary.

Although Bezek's wife, whom he met in a hotel in Tyler on March 14, is charged jointly in the Jasper burglary, the confessed burglar said she had nothing to do with any of the thefts.

The couple is being held under \$5,000 bond each in the Jasper County jail.

## President Seems To Have Found Slugging Ground

**WASHINGTON (UPI)** — President Kennedy today seemed to have found a happy slugging ground with the Republicans in the domestic economy of today as compared with later years of the Eisenhower administration.

Barring an economic downturn, the President apparently intends to stay on the same track for months to come and possibly into the sensitive 1964 election year. The track is simple for those who would follow Ford: argue to cut the new frontier budget for fiscal 1964, cast a backward look at the economy of 1950-52.

The Chief Executive at his conference Wednesday but sparks over an overseas route meeting with reporters when asked about budget cuts proposed by former President Dwight D. Eisenhower.

**Says Recession Would Result**

Kennedy relieved his counter-attack to some extent by pointing the Eisenhower recommendations as echoes from a Republican budget director, Maurice Stans. But since Eisenhower stood by the Stans figures, Kennedy said the proposed cuts would pitch America into a recession and slow efforts to overtake Russia in space.

Eisenhower recently supported the Stans theory that \$13 billion could be cut from the new Kennedy budget. Asked by reporters for his reaction, Kennedy said the Stans theory was budget director and in plan interference, while Eisenhower was president, the country had two recessions, a high unemployment rate, largest peacetime deficit and largest outflow of gold.

That is not a record we plan to duplicate if we can help it," the President said to reporters.

## Negroes Plan To Continue Civil Rights Marches

**GREENWOOD, Miss. (UPI)** — Negro voter registrars, led by Chicago comedian Dick Gregory, planned to march again today in a civil rights battle described as "almost won."

At the same time the Justice Department gave out a federal court at Greenville about 80 miles away, seeking an injunction barring interference with Negro voter registration drives.

Gregory, who had his own arrested by police here two days ago in a voter registration drive, said he would lead a march Wednesday in which 15 Negro town but police left Gregory alone.

The Negroes were charged with disorderly conduct and refusing to obey an officer.

Gregory, who said he feels so strongly about the plight of Negroes in Mississippi that he has cancelled profitable night club engagements to lead demonstrations here, told a meeting of Negroes in a church Wednesday night that the civil rights battle is "almost won."

"We can end this mess this week if enough of you decide to do it," he said. "With the salaries you're making, you can't get nothing to lose. Half of you would be eating better in jail."

**Seek Smaller Groups**

Greenwood authorities said they have no objection to Negroes seeking applications to register as voters as long as they show up at the court house as individuals or in small groups.

Negro leaders said however, they were fearful to apply in such a manner and organized the demonstration marches that have been going on for a week.

Police have broken up at the most daily demonstrations.

## Prime Minister Charged With 'Demagoguery'

**MONTREAL (UPI)** — Liberal leader J. P. Pean on Wednesday night accused Prime Minister John Diefenbaker of supplying fodder for Communist propaganda in his election campaign against a Canadian defense force with US nuclear warheads.

Diefenbaker said Pean was trying to "box" the Canadian people into believing the war lords were necessary.

Peon addressing about 4,500 (See **MINISTER**, Page 8)

## JFK Trying To Allow Soviets To Save Face

**WASHINGTON (UPI)** — President Kennedy was understood today to be trying to make it as easy as possible for Premier Nikita Khrushchev to withdraw more Russian troops from Cuba without losing face.

The President told his news conference Wednesday "we hope" Russia would recall the estimated 12,000 to 13,000 military personnel she still has on the island. But he avoided couching his statement in strong terms which would give it the flavor of a demand.

**Raids Furnish Excuse**

## Crackdown Is Ordered On Illicit Drugs

**WASHINGTON (UPI)** — A presidential commission called today for a nationwide crackdown on illegal drug traffic through a "massive" attack on legitimate drug growers and peddlers.

An interim report to President Kennedy by his advisory commission on narcotics and drug abuse also recommended a federal ban on production, sale and distribution of all habit-forming hypnotic and stimulant drugs which are subject to abuse.

Among other things the report called for the destruction of the ampullaries, the ampullaries, and the so-called tranquilizers.

The report said that long-term prison sentences for peddlers of all drug addicts, with no chance for parole or probation, should be imposed for small-time peddlers and persons caught in possession of drugs but not selling them.

Kennedy said the report "deserves to be read, discussed and considered by those interested in our nation's drug and narcotic problems."

It began to open the door to anti-landlord assets of narcotics and smokers of the law and suggests foretells the dangers which confront the American people in this difficult area," he said.

## E. Germans Say U.S. Is Misusing Air Corridors

**BERLIN (UPI)** — East German officials today charged that the United States is misusing Western commercial flight "missions" air corridors over its territory.

It demanded the right to control all air traffic over East Germany. Such demands always have been rejected in the past.

This one was contained in "Foreign Political Correspondence," the official bulletin of the East German Foreign Ministry. The text was released by the Communist news service ADN.

Russian jets tried to force a small private plane flying one of the air lines to land last Tuesday. The new developments contributed to fears that the long fall in the East-West cold war over Berlin may be coming to an end.

Today's statement claimed again that no agreements existed covering Western use of land and air routes through the Soviet Union to Berlin. It said explosives are flown in aboard Western commercial flights because they are not controlled by East Germany.

"The transport of explosives shows that exercise of control by the German Democratic Republic (GDR) on the traffic routes to and from Berlin is necessary," the bulletin said.

A period of comparative quiet followed as the British war about the same time the Cuban missile crisis came to a head last fall. It extended to the three air corridors between West Berlin and West Germany over Communist East Germany.

## Negroes Plan To Continue Civil Rights Marches

**GREENWOOD, Miss. (UPI)** — Negro voter registrars, led by Chicago comedian Dick Gregory, planned to march again today in a civil rights battle described as "almost won."

At the same time the Justice Department gave out a federal court at Greenville about 80 miles away, seeking an injunction barring interference with Negro voter registration drives.

Gregory, who had his own arrested by police here two days ago in a voter registration drive, said he would lead a march Wednesday in which 15 Negro town but police left Gregory alone.

The Negroes were charged with disorderly conduct and refusing to obey an officer.

Gregory, who said he feels so strongly about the plight of Negroes in Mississippi that he has cancelled profitable night club engagements to lead demonstrations here, told a meeting of Negroes in a church Wednesday night that the civil rights battle is "almost won."

"We can end this mess this week if enough of you decide to do it," he said. "With the salaries you're making, you can't get nothing to lose. Half of you would be eating better in jail."

## Rebels Vow To Fight In Spite Of Defeat

**BUENOS AIRES (UPI)** — A rebel radio vowed early today that it would fight on in spite of President Juan Peron's "fight on" despite the apparent collapse of their effort to overthrow the government.

The rebel threat was broadcast early as Rear Adm. Eladio Valquez, commander of the high seas fleet, held peace talks with leaders of the army and air force.

At least 25 men had been killed and 50 wounded in two days of scattered fighting limited for the most part to air attacks.

A broadcast from a hidden radio station spoke of continued resistance by the "Patagonian Revolutionary Command," suggesting the rebels and anti-Peronist might set up on the bleak southern territory of Patagonia.

**Tank Column Rolls**

A tank led rebel troop column numbering about 700 men left the city of Comodoro Rivadavia tonight for an unannounced destination.

A score of rebel officers had fled to Uruguay or Chile, and it appeared that effective resistance had ceased. Some rebellious army units were still holding out, however, and anti-Peronist gunmen rained the streets of Buenos Aires Wednesday night.

Two valleys of gunfire were heard during the night near the Argentine "border zone." There (See **REBELS VOW**, Page 8)

## Nickel, Dime Phone Hike Starts Today

**WASHINGTON (UPI)** — Starting today, you will have to pay an extra nickel or dime for person-to-person telephone calls of less than 800 miles.

A new rate schedule for long distance calls went into effect at 12:01 a.m.

Under the schedule all long distance stations — station-to-station, placed between 9 p.m. and 4:30 a.m. at the point of origin will cost a maximum of \$1 for the first three minutes, no matter what point in the United States is called.

The American Telephone & Telegraph Co. estimated that this would result in a loss of about \$50 million in telephone revenues.

To partially offset this loss, the AT&T approved increases in the rates charged for person-to-person calls of less than 800 miles.

## Tass Denies Somali Bases

**MOSCOW (UPI)** — The Soviet news agency Tass, in a special authorized statement, denied Wednesday the Soviet Union is seeking bases in Somali for naval ships and submarines.

The Tass statement followed a report the Russians were after such bases published in the London Daily Express April 1.

## Brooklyn Mobsters Held On Bail

**NEW YORK (UPI)** — Four Brooklyn mobsters accused of kidnaping and murdering an FBI agent at a gangland funeral were held today in \$100,000 bail each on charges of assaulting a government officer of assaulting a government officer.

John P. Foley, 41, one of several federal agents who had been assigned to the funeral of Carmelo Lombardozzi, Wednesday, was reported in satisfactory condition. He was believed to have suffered a fractured skull and kidney injuries.

One of those arrested was a son of the dead man — John J. Lombardozzi, 37, currently free on bail in connection with a slaying of a security guard from the Wall Street firm of Barthe & Co.

The other grandsons of the deceased were identified as Camillo C. Lombardozzi, 27, Daniel J. Macone, 22, and Michael J. Zampello, 23.

Scene of the assault was the Immaculate Heart of Mary church in Brooklyn, where family and mourners had gathered for a solemn requiem Mass.

If it comes from a hardware store we have it. Lewis Hove. Adv.

## Cleveland Strike End In Sight

**By United Press International**

The second of the nation's long newspaper strikes appeared near an end in Cleveland today. President Kennedy delayed a threatened nationwide rail strike for at least 30 days.

Kennedy appointed a special fact-finding board that will seek to work out a compromise in the long dispute with the rail industry over freight-hedging. His action was cheered at once by operating higher heads, which had threatened to strike because of the railroads' intention of making vast work rule changes Monday.

## Big Spending Spree Called To Halt

**SAN FRANCISCO (UPI)** — Not many 12-year-old boys know the wonders of trading of sudden and boundless wealth. But then no many 12-year-old boys had \$2,000 wrapped in a diaper in their basement.

The bonanza lasted exactly five days and came to an end when the big spender was betrayed by a woman, his 15-year-old sister.

Police said the boy's name had not been revealed.

The grandmother was worried about her money, and her son-in-law, the 12-year-old's father, wrapped it in a diaper and tucked it away on a radiator in the basement.

Enter the boy and a 15-year-old friend playing in the basement "look what I found," exclaims one, and away they go.

First they took \$80 and high tailed it to play town at the beach for a day of tanning out all the rides and filling up on popcorn.

Then they tapped the mine street.

## Terrorists Blow Second Pipeline

**BUENOS AIRES (UPI)** — Terrorists blew up the second pipeline today in the oil pipeline company's installations at Lake Maraton with its refinery in Tucuman state.

Oil cuts said the terrorists belonged to the Armed Forces of National Liberation (FALN), whose guerrillas are known to have been operating in this area.

FALN and Communist terrorists have been active in recent months in activities against American oil companies and domestic installations in their efforts to topple the government of President Raulon Ribonoforo.

Many of the terrorists are believed to be financed and encouraged by the regime of Cuban Premier Fidel Castro.

**REVOLT AFTERMATH** — A jeep, top, burns outside rebel-held Radio Argentina in Buenos Aires after a bombardment by loyalist Air Force units. Argentine troops, bottom, are shown in a hospital in Mar del Plata after being hit by a Navy tank regiment. Navy officers and retired Army generals proclaimed an anti-Communist revolt to block a Peronist-Communist comeback in Argentina. (NWA Radiophoto)

### Television In Review

By RICK DU BROW  
**HOLLYWOOD (UPI)** — Whenever a certain friend of mine is asked, "What's wrong with Hollywood?" he always answers, "I'm not entirely sure. When did you stop beating your wife?"  
 There is a certain amount of legitimate assumption in both the above questions, thus network television, under the generally fraudulent guise of "probing" Hollywood, is grasping more and more at any excuse to put movies and movie stars on the home tube. The message is clear, and an awesome self-judgment by video. So long as there are Hollywood movie stars, television will never run short of fodder for shows. On the other hand, how many movies do you think will ever be made about television stars?  
 Last Sunday, ABC-TV's Howard K. Smith offered another "what's wrong with Hollywood?" show. He has a sequel this Sunday. Last week we had specials on Marilyn Monroe and Gary Cooper. Two nights ago, there was an hour on Darryl Zanuck, his old movies and "Cleopatra." Each week we have two prime-time movies on NBC-TV. Each week we have Walt Disney for an hour; many of his shows are old movie reruns; his program was renewed for two years. More.  
 In the recent past, ABC aired three one-hour specials about Hollywood. NBC liked the idea so much that it apparently has signed the producer, David Wolper, to a weekly half-hour series next season along the same lines. To kick on its Monday night movie on April 15, "David Brinkley's Journal" looks at the legend of Wyatt Earp, with the help of old movies. On April 21, "The Twentieth Century" studies the evolution of the western, with the same aid.  
 One could go on and on. But the fact about most television documentaries on Hollywood is that they promise insight, yet really are little about this, and are mainly vulture-like endeavors. Foodstucking the clips they cannot equal.  
 What's wrong with Hollywood? On the human level, the answer perhaps is summed up thus: Almost everything you hear about it is true. But the facts of business life are these:  
 Despite premature, almost hopeful television obituaries about the movies, this assessment is outdated. Hollywood isn't what it used to be, few things are. And the remaining giants are still lingering. But those here who've pulled through have survived the toughest television years, and we learned how to compete successfully—while many of the overseas production centers that sprang into prominence have yet to feel the full impact of television in their nations, and will be affected accordingly when they do.  
 I have yet to see a major network documentary that seems to know, or care about, what's really going on here now. Dramatic stereotypes are easier. Zanuck, on his special, was referred to as "the last of the Hollywood tycoons." Yes, and so was Cecil B. DeMille when he died, and Harry Cohn when he died, and Joe Schenck and Louis B. Mayer. But Sam Goldwyn is still around, and Jack Warner, and Zanuck, and others. And Clark Gable was the last of the male superstars, and so was Gary Cooper. And where does that leave John Wayne and Cary Grant and Spencer Tracy and Fred Astaire and Jimmy Stewart and Edward G. Robinson and James Cagney and...?  
 The Channel Swim: Marcel Duchamp, whose radically modern painting, "Nude Descending a Staircase," created furor 50 years ago, appears Friday on NBC-TV's "Today" show. Friday night's guests on same network's Jack Paar program include Peter Ustinov, Nat (King) Cole, Bob Newhart and Robert Morse.  
 A half-hour comedy-mystery series, "Careful, My Love," starring Glynis Johns as the buttin wife of an attorney, aired out "Car 54, Where Are You?" as CBS-TV's replacement for "The Real McCoy" next fall.

CARRIER LOAD—Troops line the deck of the British carrier Albion in Singapore. The Albion returned them from Brunei, British Borneo, recently torn by fighting.

# U.S. Rejects Charges Of Encouraging Raids

WASHINGTON (UPI)—The United States has "categorically" rejected Russian charges that it has encouraged exile raids against Cuba. It also reiterated its opposition to "Soviet military involvement" on the island.

A U.S. note delivered in Moscow contained a pointed, though un-specific, demand for further removal of Russian forces from Cuba.

The note was in reply to two Russian protests which contended the United States was responsible for Cuban exile raids March 17 and March 26 in which the Soviet freighters Logov and Baku were attacked at Cuban ports.

The U. S. note said the United States was taking "every step necessary" to insure that such attacks are not "launched, manned or equipped from U. S. territory."

It added, "In taking vigorous action to prevent misuse of its territory, the government of the United States trusts that the government of the Union of Soviet Socialist Republics will not misinterpret such action as indicating any change in United States opposition to Soviet military involvement in Cuba."

**NEW AMBASSADOR**—The new Japanese ambassador to the United States is Ryuji Takeuchi, 60, an expert on trade and economics who has a reputation for getting things done. Takeuchi is conversant in six languages. Although he has served in diplomatic posts in Peking and Moscow, he is a staunch supporter of free world policies.

# Guard Called Out To Help The Ducks

ST. PAUL, Minn. (UPI)—The assistant Minnesota adjutant general has been called out to help the ducks.

An engineering company of the Minnesota National Guard began ordering out the engineer company from Northfield, Minn., which consists of about 40 men, to help remove oil slicks from the Mississippi River.

An estimated 8,000 to 10,000 ducks have been killed or injured because they got soaked with a gooey combination of soybean oil and petroleum.

The soybean oil oozed into the river at Mankato in January when two million gallons of the oil burst from a storage tank. The petroleum leaked from a cold-cracked pipeline near Savage, Minn., and an estimated million gallons escaped before the rupture was discovered.

Gov. Karl Rolvaag Wednesday ordered Col. Leon H. Hagen, assistant adjutant general, to take command of rescue operations and authorized him to call out troops if needed. Hagen ordered out the engineer company from Northfield, Minn., which consists of about 40 men, to help remove oil slicks from the Mississippi River.

Hagen said he ordered a field office set up at Hastings to coordinate rescue activities. He said officers have been ordered out to man the field office.

The troops will string nets filled with hay across the river in an effort to soak up the oil. The oil-soaked hay then will be dumped on the river banks.

It has been estimated that only 1 per cent of all songs copyrighted and published in the U.S. ever Encyclopaedia Britannica.

# Speed Limit Hike Under Discussion

AUSTIN (UPI)—The House agreed Wednesday to concur in amendments by the Senate to a bill to raise speed limit to 70 miles an hour in Texas.

But House members were on the verge of reconsidering their vote after Rep. James Cotten of Weatherford charged the bill would outlaw the use of radar for speed detection in Texas.

Cotten made a motion to reconsider the vote, beat down an attempt to table his motion, then laid the motion "on the journal," meaning it is withheld until he can confirm the bill would outlaw radar. He immediately telephoned the Department of Public Safety to discuss the matter.

The bill sponsor, Rep. Forrest Harding of San Angelo, said he would agree to sending the bill to a conference committee if assured by the DPS that its use of radar is in jeopardy.

The bill approves maximum speeds of 70 in day and 65 at night on all state and federal highways. The speed limit would be 60 miles per hour on county and "country" roads.

It also limits the speed of school buses to 50 miles per hour, and the speed limits of vehicles other than passenger cars to 60 miles per hour.

# Foundation Sets Dallas Programs

Programs on petroleum economics and juvenile delinquency will be given by the Southwestern Legal Foundation in Dallas during April, according to Boyd Taylor, Pampa attorney.

Taylor, Foundation resident representative, announced that the petroleum economics institute will be held April 18-19, and juvenile delinquency on April 22-23.

New ideas, methods and developments will be the theme for the program on economics of the petroleum industry. Speakers will be D. H. Clewell, general manager, Research and Engineering, Socony Mobil Oil Co., New York City; Cecil H. Green, vice president, Texas Instruments Inc., Dallas, among others.

Topics to be reviewed at the juvenile delinquency institute will be: How much juvenile delinquency can we prevent?; police authority under juvenile law; interstate aspects of youth crime; role of narcotics, pornography and sex offenses in juvenile crime.

# Oil Tax Cut Bill Proposed

AUSTIN (UPI)—Small oil producers would get a tax cut and 17 major producers would pay increased taxes under a bill presented Tuesday by Rep. Bob Eckhardt of Houston.

The bill would provide for a sliding tax scale as follows:

- Up to 50,000 barrels: 3 per cent
- Up to 75,000 barrels: 4 per cent
- 75,000 to 700,000 barrels: 4.6 per cent
- An increase would be computed up to one million barrels, then a top of 7.6 per cent would be taxed for production over 1.3 million barrels.

Ben Atwell, chairman of the House Revenue and Taxation Committee postponed action on the bill until next week.

# Redevelopment Group Tells Of \$42,250 Loan

WASHINGTON (UPI)—The Area Redevelopment Administration announced today through the office of Sen. Ralph Yarborough, D-Tex., a \$42,250 loan to the Red River County Industrial Foundation, Clarksville, Tex.

Yarborough said the foundation will use the money, along with \$9,750 of its own funds, to help finance construction of a factory. The Republic National Bank of Dallas will put up \$13,000 toward the building costs.

The foundation will then lease agreed to hire 100 persons to the building to the Brooks Contracting Corporation, which has manufacture women's uniforms.

**Thrifty Tip**  
NEW YORK (UPI)—To get more mileage out of each tankful of gas, warm up the engine by idling it for a few seconds, and then driving it gently for a few miles; adopt slow and easy acceleration and steady driving speeds; avoid starting the engine only to run the car a few minutes.

Martin J. Tustin, a designer of economy cars and president of Standard-Triumph Motor Co., said the woman who follows these tips will save the cost of several tankfuls of gas in a year and keep her car's maintenance bills down.

# Roast Juicy Turkey For Easter

ECONOMICAL and good to eat, turkey has become a popular Easter dinner choice. Try it with fruit bread stuffing.

By GAYNOR MADDOX  
Newspaper Enterprise Assn.  
Because turkey is good to eat and an economy buy, it has be-

## Wild Rice Stuffing Welcome Choice For Easter Dinner

A brace of plump chickens, each weighing about 4 pounds, and with a wild rice stuffing, makes a welcome choice for Easter dinner.

Prepare wild rice stuffing. Stuff and truss the chickens. Place breast side up on a rack in open, shallow pan. Spoon melted butter over chickens. Cover loosely with foil and roast in slow oven (325 degrees).

The chickens, weighing about 4 pounds each, will take about 3 1/2 hours to roast. However, check for doneness with the following tests. The drumstick can be moved up and down easily. The meat feels very soft when the thickest part of the drumstick is pressed between the fingers protected with cloth or paper.

**WILD RICE STUFFING**  
(Yield: about 1 1/2 cups—enough for 4-pound chicken)  
1-3 cup uncooked wild rice  
2 tablespoons butter or margarine  
1/2 cup chopped celery  
3 tablespoons chopped onion  
2-ounce can mushrooms, chopped  
1/4 teaspoon salt  
1/4 teaspoon poultry seasoning  
Dash of pepper  
Prepare wild rice as indicated

Turkeys should be roasted at a constant low temperature of 325 degrees. This insures juicy, evenly cooked meat and flavorful drippings for gravy. Roast uncovered on a rack in a shallow baking pan. Poultry is done when the leg joint moves freely in a firm grasp. The wings of turkeys should be skewered into place, with the tips slipped in back of the bird. The legs should be skewered, or trussed, so that they will remain in the same position throughout the cooking process. The vent openings of stuffed turkey should be closed by sewing, or by lacing string around poultry pins or toothpicks which have been inserted from one side of the opening to the other.

## Good Food Buys For April Tables

Q—Can you tell me what foods will be good buys in April?  
A—According to U.S. Department of Agriculture reports, the following foods will be plentiful in April and therefore should offer good nutrition and eating pleasure at reasonable prices:

**FRUIT BREAD STUFFING**  
3/4 cup chopped celery  
1 cup butter  
3 cups chopped apple  
3/4 cup plumped raisins  
1 envelope onion salad dressing mix  
1/4 cup water  
12 cups bread cubes  
Sauté celery in butter until tender. Meanwhile, blend onion

## Ground Meat Takes On Oriental Air When Turned Into Epicurean Dish

Ground meats needn't take a back seat any day when they can be turned into an epicurean delight such as Oriental Beef Dinner.

**ORIENTAL BEEF DINNER**  
1 pound ground beef  
1/2 pound ground pork  
2 cups coarsely chopped onion  
2 tablespoons lard or drippings  
1/2 teaspoon salt  
1/2 teaspoon pepper  
1-3 cup soy sauce  
2-3 cup rice  
1 can (4 ounces) water chestnuts  
1 can (4 ounces) mushroom stems and pieces  
Water  
Grease a 2-quart casserole. Cook beef, pork, onion and celery in lard or drippings until meat is lightly browned. Pour off drippings on the package. Melt butter in a skillet. Sauté celery, onion, and mushrooms. Add wild rice, salt, poultry seasoning, and pepper. Fill neck and body cavities of chicken with stuffing just before roasting.

## Clean Bread Box

Q—What is the best way to keep a bread box clean?  
A—All storage containers should be thoroughly washed, weekly. Baking soda dissolved in warm water is the preferred agent for odorless cleaning. The unit should be dried well, including all joinings and it should be free of crumbs. Any remaining moisture or crumbs may activate mold growth.

**CLASSIFIED ADS GET RESULTS**

## Iron Rich Liver Provides Energy

By GAYNOR MADDOX  
Newspaper Enterprise Assn.

Q—A nurse I know tells me beef liver is important, that I should serve it more often to my family. Is she right?

A—Yes, she is. A 2-ounce serving of cooked beef liver, the most familiar of the variety meats and one of the richest sources of nutrients, provides 125 per cent of the recommended daily allowance of riboflavin, almost half of the iron, and five times the vitamin A for a normally active man.

Q—Should I throw away the dark leaves of lettuce?  
A—The dark green outside leaves have as much as 30 times more vitamin A than the inner bleached leaves, yet the darker leaves may make up only 10 per cent of the weight of a head. So discard only discolored and damaged outer leaves. Although trimming of vegetables may be necessary to remove damaged leaves or inedible material, it should be held to a minimum.

As a general principle, outer leaves, if good, should be used because they generally are dark green and contain more nutrients than inner leaves. Fibrous parts of leaves such as stems and ribs generally are not only less palatable but have less nutrients than the leaf blade. It is reasonable, therefore, to discard these parts if desired. The leaf blades of collard greens, for instance, have 30 times as much vitamin A as an equal weight of the midrib.

## How Many Loaves?

Q—How can I estimate the number of bread loaves needed to make party sandwiches for a crowd?

A—It depends somewhat upon your guests and their appetites, but those who have made scores of sandwiches say this: "First, divide the number of invited guests by 6. The answer is the number of loaves of 1-pound, sliced, bakers' bread needed. If sandwich loaves are to be used, multiply the guest list by 3, then divide by 32."

# Special Sponge Cake Flavored With Bananas

SPONGE CAKE, with sliced bananas between layers, is popular Passover dessert. Serve after the Seder supper.

By GAYNOR MADDOX  
Newspaper Enterprise Assn.

This special sponge cake, with sliced bananas between layers, is a popular Passover dessert. Serve as a festive-sweet a little while after the Seder supper. The spiced wine cake is another favorite Passover treat.

**PASSOVER BANANA SPONGE CAKE**  
(8 to 10 servings)  
6 large eggs, separated  
1 large whole egg  
1 1/2 cups sugar  
1 1/2 tablespoons fresh lemon juice  
1 teaspoon grated lemon rind  
1 cup sifted potato starch  
1 teaspoon salt  
1 teaspoon ground mace or nutmeg  
3 large bananas  
Confectioners' sugar  
Beat 6 egg yolks and the 1 whole egg together in a rotary or electric beater until frothy. Gradually beat in sugar, lemon juice and rind. Sift together potato starch, salt and nutmeg or mace. Gradually blend into the egg and sugar mixture. Beat egg whites until stiff, but not dry. Gently fold into the batter.  
Rinse 3 ungreased 9-inch round layer cake pans with cold water. Line bottoms with waxed paper cut to fit them. Divide the batter equally between the 3 pans. Bake in a preheated moderate oven (350 degrees) 30 minutes or until cake is firm in center. Cool in pans to prevent too much shrinkage.  
Turn out onto wire racks, having top sides up. Put layers to-

gether with sliced bananas. Dust top with confectioners' sugar. NOTE: In a household where the strict Seder laws are followed, cake may be topped with whipped cream if cake is not served as dessert for a meal in which meat or chicken is featured.

## WINE PASSOVER CAKE

(A 10 x 4-inch tube cake)  
1 1/4 cups matza cake meal  
1/2 teaspoon salt  
1 teaspoon ground cinnamon  
6 tablespoons finely ground almonds  
3 large eggs, separated  
1 1/2 cups sugar  
1-3 cup sweet red wine  
1-3 cup fresh orange juice  
1 1/2 tablespoons grated orange rind  
1 teaspoon grated lemon rind  
Mix the first 4 ingredients together. Set aside. Beat egg yolks until they are thick and lemon colored. Gradually beat in sugar and continue beating until thick and light. Add wine, orange juice, orange and lemon rinds and beat with an electric mixer set at medium speed for four minutes. Fold in dry ingredients. Beat egg whites until they stand in soft, stiff peaks and fold into the batter. Turn into a 10 x 4-inch spring form pan or into a 10 x 4-inch round tube cake pan. Bake in a preheated slow oven (325 degrees) 1 1/2 hours or until done. Invert cake on a wire rack to cool. Remove from pan when cold.

## Cut A Jelly Roll?

Q—Is there a preferred method for cutting a jelly roll?  
A—Forego a knife and use a heavy white thread to slice cake rolls. Place a 15-inch piece under the cake roll where you want to slice it. Bring ends together up over top, cross thread and pull it down quickly to cut through cake roll.

it's raining SAVINGS!

**CONFLICT OVER BORNEO**—Top candidate for the world's next trouble spot is the Pacific island of Borneo. It is divided into four sections: Indonesian Borneo and the British crown colonies of Sarawak and North Borneo and the protectorate of the Sultanate of Brunei. Indonesia has been sympathetic to rebel nationalists in Brunei who recently attempted armed takeover. Both Britain and Indonesia are reported increasing their military forces. Added complications are the Philippines' claim to North Borneo and the plan to include the three dependencies in a Greater Malaysia Federation.

**The Lighter Side**

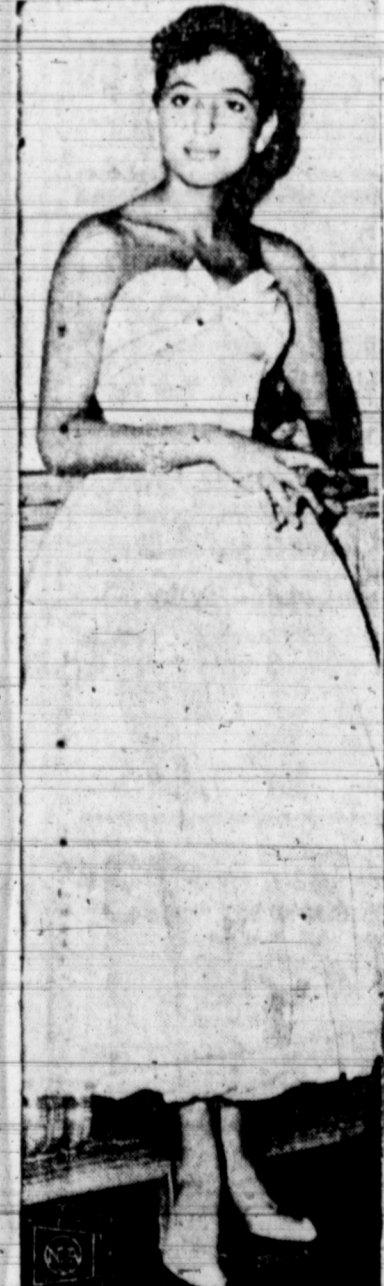

**Office Like A Fortress**

By DICK WEST  
United Press International  
WASHINGTON (UPI)—Rising like a medieval fortress from the foot of Capitol Hill, and stretching almost to the summit, is the new \$82.9 million Rayburn House Office Building and playpen.  
High walls of granite command its western approaches, including the botanic gardens and other nearby hotbeds.  
Based on my experience as a non-commissioned non-combatant in World War II, I would estimate that its ramparts could be defended by a single cannon, provided it were Chairman Clarence Cannon of the House Appropriations Committee.  
I mention these military potentials only to show that the premises are secure from siege by hostile taxpayers. There is nothing Spartan about the building.  
Will Rival Senate Buildings  
When construction is completed next year, its appointments will match those of the new Senate Office Building, which has been described to choose one of the milder adjectives, as "a marble palace."  
Until this week, my acquaintance with the Rayburn building—named in honor of the late Speaker Sam Rayburn, who deserved a better fate—was limited to external appraisal.  
On Wednesday, however, arrangements were made to give newsmen a peek at a couple of the 169 three-room suites contained therein.  
Newsmen being notoriously nosy, our inspection party was provided with an escort who restricted our movements to the exhibit suites.  
I am therefore unable to file a progress report on the gymnasium, swimming pool and other off-limit areas.  
Contrary to what you might expect for \$82.9 million the suites are not outfitted in Oriental splendor. Any congressman who might want to live like a sultan will have to supply his own dancing girls.

**Comfort Is Possible**  
Nevertheless, I feel certain that even the most delicate lawgivers will be able to make themselves comfy.  
The basic decor is what I would classify as "Madison Avenue Renaissance." Each suite has a kitchenette with built-in refrigerator, a clock with signal lights linked to the House chamber, two lavatories, about 75 built-in file drawers and a built-in safe.  
Some have picture windows overlooking a freeway. On a clear day, you can see a traffic jam. They also have several skeleton-size closets and a large lobby. I did not, however, see any built-in lobbyists.  
Regardless of how little influence he may have, no lawgiver occupying the new building need fear a power shortage. Every suite has 61 electric wall plugs. Seeing that made me wish I had a few built-in shares of utilities stock.

**Foreign News Commentary**

By K. C. THALER  
United Press International  
LONDON (UPI)—Recent shifts to the political left have conjured up the specter of a "Socialist front" in Western Europe that might act in solidarity, as did the Catholic Christian Democrats in the years after the war.  
In Britain where the Conservative government of Prime Minister Harold Macmillan is hard pressed, the Laborites have been gaining ground steadily and are at present confident they can win the next general election.  
In West Germany—Chancellor Konrad Adenauer's Christian Democrats have suffered losses to the Socialists in West Berlin and, more recently, in the Rhineland, one of their strongholds.  
In Italy leftist advances are predicted in the forthcoming elections.  
**Swing Toward Left**  
Nowhere in the major Western European countries have the Socialists so far taken over power, but political observers see an orientation of Europe towards the left in the near future.  
This prospect, has set off speculation that a Socialist front might be welded in Western Europe.  
Such a front, it is said, would align Labor in Britain with Socialists in Germany, Italy, the Scandinavian countries, Belgium and the Netherlands—comparable to the post-war alignment of Catholic leaders of Germany, France and Italy.  
Past experience has shown, however, that labor leaders in Europe appear more closely in tune when out of power than when in government.  
**British Reluctance**  
Ernest Bevin, Britain's one-time foreign secretary and a formidable figure in the Labor government of the 1950s, was reluctant to lead Britain into Europe when Socialists on the continent were clamoring for a united Europe.  
Nevertheless, there are strong common factors which auger well for an alignment. On some major issues they agree, as on the important and currently highly-controversial problem of defense.  
Britain's Labor leader Harold Wilson is closer to Kennedy on nuclear strategy than is Macmillan. Wilson is advocating that Britain abandon an independent deterrent and leave the moopily in the West to the United States.  
Some political observers hold Labor's defense policy might have been "tailor-made" to fit the American concept of the future of NATO.

**MOROCCAN PRINCESS**—King Hassan II of Morocco was accompanied on his official visit to the United States by his younger sister, the Princess Lalla Mouzha, above.

# Area Students Apply For Degrees At WTSC

A total of 29 persons from Pampa and vicinity are listed among the 397 candidates who will be seeking degrees at West Texas State College's spring convocation May 25 in Canyon.

From Pampa are Michael Zane Williams, Bachelor of Arts; Kenneth Yager, Bachelor of Business Administration. Seeking Bachelor of Science degrees are Bernice Beuselink, Patricia Beuselink, David E. Butcher, Julia Jane Henderson and Virginia Taylor.

Canadian students seeking degrees are Donald Austin Longhofer, Bachelor of Science; Linda Adams, Bachelor of Music Education; Judith Jackson, Janice Kendall, and Sharon Rife, Bachelor of Business Administration.

Shamrock students are Jan-Karen Prichard-Pakan, Bachelor of Arts; Leslie H. Oldham and Dennis Simpson, Bachelor of Science. From LeFors are Margaret Rogers (Nichols) and Augusta McCarley, Bachelor of Science. Groom students are Harry Haiduk, Bachelor of Business Administration; Wilfred Smith and Donald W. Willis, Bachelor of Science.

Phyllis Yarbrough of White Deer, is seeking a Bachelor of Science degree. Lawrence H. Bussard Jr., a candidate for the Bachelor of Arts degree, is from Glazier.

Seeking a Bachelor of Business Administration are Mary-Elmore Williams, Allison; John S. Pakan, McLean; and Bette Richards, Panhandle. Marjohard Apel, Panhandle, is a candidate for the Bachelor of Music Education. Saundra Judith Meek, Briscoe, is seeking a Bachelor of Science.

From Keiton are Georgana Davidson, Bachelor of Business Administration, and Reba Nell Whiteley, Bachelor of Science. Williams, son of Mr. and Mrs. Cecil Williams, is a math major

and a member of the Math Club. Yager is the son of Mr. and Mrs. Lewis Yager of 209 Tignor St. Twin daughters of Mr. and Mrs. A. G. Beuselink of Pampa, both Misses Beuselink are mathematics majors and members of Alpha Chi, national honor society; Student Education Association; Kappa Delta Pi, educational fraternity; Math Club. They both received the Freshman Math Award and were named to "Who's Who Among Students in American Universities and Colleges."

Butcher, an industrial arts major is the son of Mr. and Mrs. Butcher of 1245 S. Wilcox. He is a member of the Industrial Arts Club and the West Texas State College Concert Choir.

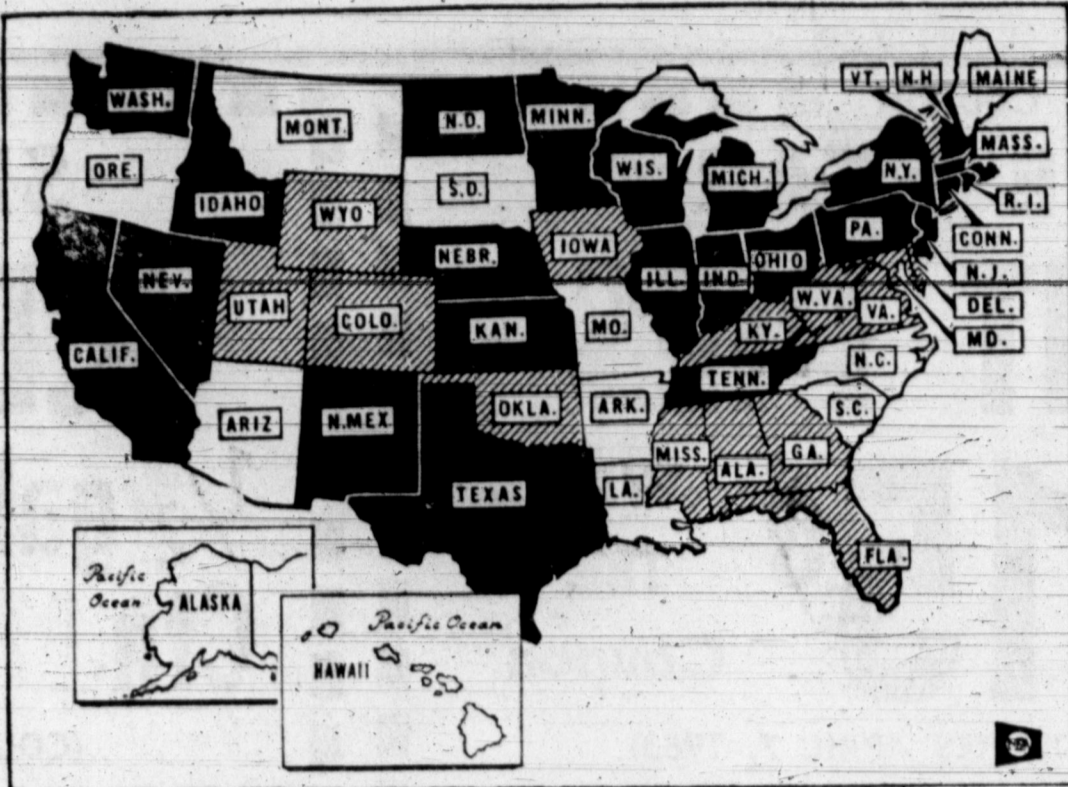

Mrs. Henderson, an elementary education major, is the daughter of Mr. and Mrs. Beaver of Kansas. Daughter of Mr. and Mrs. J. H. Taylor of 1142 S. Dwight, Miss Taylor is an elementary education major.

## Birth Control Is Discussed

LOS ANGELES (UPI) — New oral drugs for birth control were discussed today at the American Chemical Society convention, including a male-contraceptive pill that is effective — but turns the user's eyeballs a bright red if he consumes any alcohol.

Dr. Carl G. Heller of the Pacific Northwest Research Foundation at Seattle, Wash., described the pill that not only changes the eyeball color but also makes a man violently ill if he has even a small amount of alcohol in his system.

Heller told a news conference that the pill, a diamine compound, was as cheap as aspirin.

NEWSMAP indicates state by state action on reapportionment since March 26, 1962 decision by the Supreme Court. Cross-hatching shows 15 states which have reapportioned one or two houses. Court action has been started in the 23 states shown in black. Neither reapportionment nor court action has taken place in the remaining 12.

## Student Teacher Is Asked Not To Hold Darwin Debate

MEMPHIS (UPI) — A 21-year-old student teacher said Wednesday she had been ordered to cancel a scheduled classroom debate on the theory of evolution.

Tennessee law forbids the teaching of any theory that man descended from lower animals. This was the law tested in the famed 1925 Scopes trial in Dayton, Tenn. Several attempts to repeal it have failed.

Miss Martha Powell, a Memphis State University senior doing her student teaching at a Memphis high school, said the question came up in a biology class. A student asked her about monkeys and their descendants. She said she explained the Darwin theory to him.

"I was so happy to see that the subject provided the first real spark of interest the students had shown," said Miss Powell. She and another student teacher began to plan a debate of the topic later in the week.

Rosebrough said later no parents had complained, but that school policy is to avoid things of a controversial nature.

PRINCE OF A TRY — Sweden's Prince Bertil faces a man's problem as he struggles with gift wrappings at Fort Christina Park, Del. Gift was from the state of Delaware. Wrappings were the familiar, Jacey, won't come off without a demolition-crew type so dear to package-wrappers.

### Spirits Report

NEW YORK (UPI) — Domestic whisky is losing markets to imports, vodka and gin. Consumption of domestic whisky declined to 69 per cent of the total for all spirits in 1962 from 73.3 per cent five years ago.

Miss Powell said before the debate could be arranged, she and the other teacher were advised by their supervisor that parents sometimes object to such discussions and, she said, Principal Radford W. Rosebrough Jr. ordered the discussion stopped.

LUCIE'S DEBUT—Lucie Arnaz, 11, Lucille Ball's daughter, meets Lucy for the first time professionally in her acting debut on a forthcoming television show from Hollywood.

Thin Americans  
WASHINGTON (UPI) — Fat Americans aside, there still are many people who'd like to gain weight.  
For anyone wanting to put on pounds, Dr. Hazel M. Hauck, emeritus professor of food and nutrition at Cornell University, suggests adding 500 to 1,000 calories a day to gain one or two pounds a week. Tuck an extra pat of butter into a baked potato, add cream to milk. Eat until you feel satisfied — then eat a little more.

# Tall Tankful Of Undersea Learning

Navy's submarine escape training tank has been a fixture at Pearl Harbor for over 30 years.

Instructors give immediate assistance, when needed.

Submariner makes a successful surfacing.

Pacific Fleet submariners have made more than a half-million trips up through the Navy's submarine escape tower at Pearl Harbor, learning and requalifying in submarine escape procedures. It's one of but three such facilities known to be in use worldwide. Sister tower at New London, Conn., and the Pearl tower are patterned after the original tank at Gosport, England.

# Money May Become Outdated In Future

CHICAGO (UPI)—A leading aircraft and missile components maker Wednesday told the National Association of Broadcasters that money may be outdated.

Simon Ramo, vice board chairman of Thompson Ramo Woolridge Inc., said "virtually instantaneous" data processing and transmission "wherever needed by man or machine, on the surface of the earth or in the sky," will be only one feature of the coming world of "intellectronics."

"Money may become an out-of-date item, used only in rural areas. . . . Our thumbprint in front of an electronic scanner will identify us to the central intellectronics system, which will subtract the amount from our account and add it to the seller's, the government meanwhile taking its cut."

"A transistor failure in Kansas City may accidentally wipe out a fortune in Nevada. The future will have new risks," he said.

He predicted that industries will be connected through national accounting networks and it will become "less and less sensible to interchange little pieces of paper . . . in fact, accounting as we know it now will cease to exist."

# Cantata To Be Presented At Canadian

CANADIAN (Sp) — An Easter Cantata, "The Seven Last Words of Christ" by Theodore Dubois, will be presented Friday, at 7:30 p.m. in the sanctuary of the First Baptist Church. Directing the seasonal sacred cantata will be Mrs. James Morgan, choir director of the First Baptist Church.

Mrs. David McPhail, a graduate of Juilliard School of Music, will play the organ accompaniment.

Soloists are Mrs. Bill Popham, soprano, Frank Carver, tenor, James Jackson, baritone and Carl Ward, baritone.

The choir of 34 voices is composed of members of several church choirs. Soprano voices include Mrs. Pees Anderson, Mrs. Erbin Crowell, Mrs. Marie Smith, Jennie Flagg, Jennie Lee Hodges, Dana Dempsey, Mrs. Gordon Hill, Mrs. Tom Hobby, Mrs. Ben Henning, Janie Jackson, Deena Shahan, Mrs. Keith Rudy, Mrs. Bill Varnell and Vickie Flowers.

Also are Mrs. W. A. Kessie, Jr., Mrs. Bud Hoobler, Mrs. George Henderson, Mrs. Charles Cole, Mrs. Ben Ezell, Mrs. Ned Jolly, Dixie Flowers, Mary Alice Robbins, Janette Stone, Marty Rutledge, Janis Wilson, Sandra Henderson and Linda Moon.

The mens voices will include Erbin Crowell and Charles Kessie, tenors, and Tom Hobby, Max Scott, Charles Cole, Bob Dillman, and Ned Jolly, baritones.

"Mrs. William Jackson will assist the organist.

A nursery for small children will be provided.

# Insure Trip

NEW YORK (UPI) — Before you begin an interstate motor trip, be sure your automobile liability insurance meets with the laws of the states you plan to visit, the Insurance Information Institute suggests.

Such a check is particularly advisable if your itinerary includes Canada or Mexico.

# Lubbock Man Dies In Crash

GUTHRIE, Tex. (UPI)—The body of Lubbock businessman N. C. Byrd, 40, was found Wednesday lying some 130 feet from the wreckage of his light plane.

King County Sheriff Dub Hollar said the plane crashed, apparently while trying to make an emergency landing, just across the King County line in Dickens County, some 19 miles northwest of Guthrie.

Byrd had been missing since he left Lubbock en route to Dallas Monday night in his Piper Comanche plane. Hollar said he identified the body from papers in the plane.

A business associate of Byrd's spotted the wreckage from the air.

Deepest Canyon  
BAKER, Ore. (UPI)—The deepest canyon in the world is Hells Canyon, dividing Oregon and Idaho. It plunges 7,900 feet from Devil Mountain to the Snake River.

55TH YEAR  
NOW YOU KNOW  
By United Press International  
The phrase "entangling alliances with none" was not coined by George Washington. It was Thomas Jefferson who used the phrase in his inaugural address, according to the Concise Dictionary of American History.

LONG TERM LEASE  
NEW YORK (UPI)—The Delmonica International Division of Thompson-Starrett Co., Inc. has entered into a long-term lease on a 140,000-square-foot plant in Maspeth, L.I. The newly acquired plant will house electronic assembly, storage and cabinet-making facilities.

# Khrushchev Insists Peace Talks With China Be In Moscow

MOSCOW (UPI)—Soviet Premier Nikita S. Khrushchev regained the initiative in his dispute with Red China yesterday, by insisting that any peace talks between the two Communist giants should take place in Moscow.

A Soviet letter to the Chinese Communists indicated that the deep rift still is far from a solution despite overtures from both sides for consultations.

Khrushchev Tuesday rejected an invitation from Chinese Communist chief Mao Tze-tung to pay a peace call to Peking, and suggested that Mao should come to Moscow instead. He proposed May 15 as a date.

Though the 10,000-word letter was couched in polite terms, it made clear that the Kremlin intends to stand pat on the major issue dividing the Communist world.

The letter defended Khrushchev's peaceful coexistence policy, reaffirmed support for the regime in Yugoslavia, and said the Russians would continue to support "wars of national liberation." All of these positions are contrary to Red China's views.

Western observers considered Khrushchev's refusal of the invitation a foregone conclusion because of the humiliating terms in which it was posed. They pointed out that an acceptance by Russia, which considers itself the leader of the Communist world, would create the impression of giving in to the Chinese.

# TB Not Licked

NEW YORK (UPI) — Despite progress in the fight against tuberculosis, "over 30 million individuals are currently infected with living virulent tubercle bacilli" in the United States, Dr. James E. Perkins of the National Tuberculosis Association, reports. He told doctors attending a New York Academy of Science conference that there are more than 10,000 deaths from tuberculosis and 50,000 new cases every year.

ROUNDUP TIME—THE HARD WAY—Western cattle drive, old style, was hard on the men, hard on the cattle, and hard on the teeth of the consumers, who had to grind away on steaks toughened by the long, long trek from range to market or railroad. Pictured, above, is a range drive near Pitchfork, Wyo., typical of turn-of-the-century operations.

### Foreign Students Speak To Rotary

Foreign exchange students Luisa Pietro and Turan Solemmez spoke at the Pampa Rotary Club's weekly luncheon meeting yesterday at the Coronado Inn.

Both Luisa, of Madrid, Spain, and Turan, of Istanbul, Turkey, told club members about their native countries and compared their educational systems with those of the United States.

The students said the exchange program was one of the best ways of fostering peace and better understanding of nations throughout the world.

"We get to know your customs and problems, and you get to know ours," they said.

Aubrey Steele, treasurer of the local chapter of the American Field Service, introduced the speakers.

Dr. Ed Williams was in charge of the program.

### Pampa Man Pleads Not Guilty On DWI Charge

E. S. Snell Jr. of Pampa entered a plea of not guilty on a charge of driving while intoxicated. The case was heard in county court this morning with county Judge Bill Craig presiding.

Bond was set at \$500 by Judge Craig.

Snell posted bond later this morning and was released, according to officials.

### Rebels Vow

(Continued From Page 1)

was no report of casualties.

Maj. Gen. Juan C. Ongania, the army commander, declared Wednesday night that continued resistance by his men will be "absolutely repressed."

Cease Fire Ignored

Ongania said a motorized infantry regiment, an artillery group and two motorized engineer battalions had ignored orders to lay down their arms. The rebel units were in widely separated areas, however, and there appeared to be little likelihood of their offering concerted resistance.

The back of the revolt was broken Wednesday, when the navy ordered rebels in its ranks to cease fire. The revolt was led by retired army generals, but most of their supporters were sailors or marines.

Vasquez conferred for hours Wednesday night with leaders of the army and air force. He was reported resisting demands for reductions in the size of the marine corps and the navy's air arm and the retirement of a number of admirals.

### Russians

(Continued From Page 1)

ing March. Added to the 5,000 pulled out last November when the missiles and bombers left, this brought total departures to roughly 9,000 since the height of the Cuban crisis. The President said there were thought to be 21,000 to 22,000 there at that time. This would leave 12,000 to 13,000 still on the island.

Administration officials said so far as could be determined, those withdrawn during March were technicians and training personnel. This left in Cuba the 5,000 combat troops organized in regular battalions.

### Kennedy Calls For Safety Talks

WASHINGTON (UPI) — President Kennedy is "deeply concerned" that job accidents caused by strikes in 1962 and has ordered a conference here June 23 on occupational safety.

Reed O. Hunt, president of the Crown Zellerbach Corp., and Leo Toplow, assistant vice president of the American Iron and Steel Institute, were asked Wednesday by Kennedy to help the Labor Department organize the session to be called the President's Conference on Occupational Safety.

### Moon Flights Will Be Routine

TUSCALOOSA, Ala. (UPI) — A space agency official said Wednesday the 1970s will bring flights to the moon on a "routine" basis and Mars will become the new threshold for astronauts.

Dr. Ernst Stuhlinger, director of research projects for the Marshall Space Flight Center at Huntsville, said he had no doubt that some of the members of his audience—University of Alabama students—would "set foot on the moon and on the planet Mars."

### Chemical Plant Explodes, Burns

PLAQUEMINE, La. (UPI) — A hydrocarbon unit in the \$100 million Dow Chemical Co. complex exploded and burned Wednesday night, leaving six persons hospitalized in a night of terror and confusion.

The most seriously injured was Guy Comeaux, who received first and second degree burns. The others were treated for minor cuts and burns.

The explosion rattled windows in the 24-story Capital at Baton Rouge, 15 miles to the north.

### TB Not Licked

NEW YORK (UPI) — Despite progress in the fight against tuberculosis, "over 30 million individuals are currently infected with living virulent tubercle bacilli" in the United States, Dr. James E. Perkins, of the National Tuberculosis Association, reports.

He told doctors attending a New York Academy of Science conference that there are more than 10,000 deaths from tuberculosis and 50,000 new cases every year in the United States.

## Obituaries

### Otto Wade Stanford

Funeral services are pending for Otto Wade Stanford of Miami, who died unexpectedly at 7:20 a.m. today in his home.

Mr. Stanford, a real estate broker, had been a Miami resident for 16 years. He was born Sept. 2, 1900, in Nocoma.

He is survived by his wife, Pearl of the home; five children; two brothers, the Rev. E. Lee Stanford of Dimmitt, and Leonard Stanford of Wichita Falls.

Arrangements will be announced by Duenkel - Carmichael Funeral Home.

### Dimmitt Youth

#### Receives Award

Roy Battles of Dimmitt was given the American Institute of Chemical Engineers award at the recent Regional Science Fair in Amarillo.

Roy is a senior at Dimmitt High School. His exhibit described the process of paper production from grain sorghum stalks.

The A. I. C. E. give a \$25 award each year at the regional fair for the exhibit showing outstanding promise in the field of chemical engineering.

### More Fishing

#### Gear Is Stolen

Another fishing gear theft was reported to police yesterday.

Elmon Carson, 1004 E. Jordan, told police someone entered his garage Monday night and stole fishing equipment valued at \$125.

The stolen articles included six reels, 40 to 50 trout flies, a half dozen plugs, minnow seine and a tackle box.

### Minister

(Continued From Page 1)

persons in Montreal, Canada's largest city, accused Diefenbaker of "irresponsibility and demagoguery" on the nuclear issue.

"Mr. Diefenbaker's words on this subject will be quoted with glowing approval in all the Communist papers of the world," Pearson said. "Only our friends will regret them."

Pearson has said Canada is committed to accept U.S. nuclear warheads for its North American Air Defense (NORAD) and its NATO forces. He has pledged to do so at once if he is elected April 5.

Diefenbaker has said a decision on the NATO forces should be put off until after the NATO meeting in Ottawa next month, and in his campaign speeches appears to have ruled out accepting warheads for forces on Canadian soil.

"We have cooperated and we intend to cooperate," Diefenbaker said during a whistle-stop in Ontario Wednesday. "But is there anything cowardly in not cooperating in those things which are not helpful to the defense of this country?"

### CELEBRATES ANNIVERSARY

GENEVA, (UPI) — The World Health Organization (WHO) will dedicate its 16th anniversary April 7 to the U.N. Freedom from Hunger campaign; it was announced Wednesday.

North Carolina, widest of the eastern states, spans 500 miles from the Appalachian Mountains to the Outer Banks on the Atlantic.

TFX INNOVATIONS:

- Variable shape wings.
- First plane used by both Air Force and Navy.
- Carry crew of two and be heaviest fighter ever built (Navy 30 tons, AF 35 tons).
- Take off from aircraft carrier-deck or jungle sod strip.
- Most expensive (\$6 billion) single defense item in peacetime history.

**NEW GENERATION FIGHTER**—Known now as the TFX (Tactical Fighter Experimental) and eventually to be called the F-111 when it rolls off the production line in 1965, airplane shown in drawing above is unusual in a number of ways. Most outstanding characteristic will be its ability to change the shape of its wings: extended back for high lift on take-off; partly retracted for cruising at moderate speed; and folded back like those of a diving bird of prey for high-speed flight. That high speed will be 1,650 miles an hour, both at high altitude and treetop level. The TFX, or F-111, will be able to carry nuclear bombs anywhere in the world in one day with mid-air refueling. The TFX became the center of a controversy in Congress when Defense Department civilian chiefs overruled decisions of the military in awarding the huge contract.

# Oil And Gas Committee Is Sharply Criticized

Leadership of the Texas House of Representatives has come in for sharp criticism by natural gas producers for resorting to an unusual legislative maneuver to get a bill approved from a sub-committee and then to head off the Railroad Commission's movement toward the protection of correlative rights by gradually requiring more ratable taking of natural gas in Texas. There is simply no question that the bill as drawn would further the privilege of natural gas pipeline companies to violate correlative rights of producers at will. It would make ratable taking of gas, even within the same reservoir virtually impossible in a great many instances.

As a matter of fact, its proponents, by refusing even to negotiate good-faith amendments to limit the measure to its declared objective, have in effect served notice that its real purpose is to block any conservation progress toward more ratable taking of gas in this State. We're frankly shocked at the tactics employed to rush this bill through committee in time to stop a good-faith effort on the part of the majority of the subcommittee to work out an acceptable amendment. We had asked only that any such bill be limited to the purpose claimed by proponents of this legislation. When it appeared that this might be the result of a subcommittee study, pressure was apparently brought to force through the bill in a form which is totally unacceptable to independent producers and royalty owners.

We are convinced that neither the House of Representatives nor the Senate will go along with any such naked attempt to advance the selfish interests of a gas pipeline company at tremendous cost to the conservation system of our Railroad Commission and the correlative rights of gas producers large and small. This brazen attempt to pressure through unsound legislation, which so clearly contradicts our long-standing conservation principle relating to the protection of correlative rights, is bound to fail.

## Oil Lifting Short Course Set At Tech

LUBBOCK — The 10th annual West Texas Oil Lifting Short Course has been scheduled for April 18-19 at Texas Tech.

The program is sponsored by the Petroleum Industry of West Texas in cooperation with the department of petroleum engineering at Tech.

Registration beginning at 8 a.m. Thursday (April 18) will be in the Student Union Building, where opening sessions will be held. C. L. Kay, vice-president of public services at Lubbock Christian College, will speak at a luncheon in the Union ballroom. The rest of the two-day meeting will be held in classrooms of the East and West Engineering Buildings. Abstracts of papers in various fields of oil and gas production will be given from 10 a.m. to noon and from 2 p.m. to 5 p.m. Thursday and 8 a.m. to noon on Friday.

A panel discussion on the operation and control of water-injection projects will be held from 1:30 to 3:30 p.m. Friday in the Student Union ballroom.

Thirty-four topics will be open for attending members. Each class will be held twice.

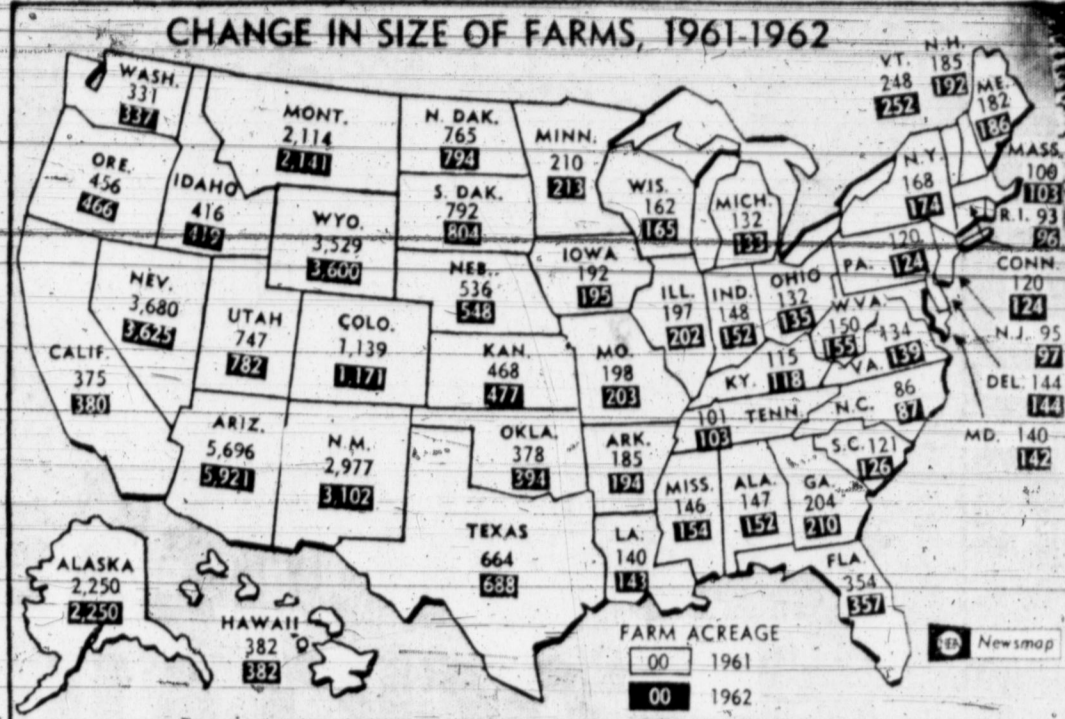

Abstracts will be presented in the fields of production handling, rod pumping — surface and subsurface; lift systems other than rod types; reservoir operations; gas production problems; corrosion, scale and paraffin control and others.

Two two-hour demonstration lectures on "The Magic of Fire," will be presented by Paul Witt of the U.S. Bureau of Mines. Witt explains how and why fires and explosions occur. Actual fires and explosions are reproduced on a laboratory basis to emphasize the dangers involved. The safety devices and practices also are explained.

Moderator of the panel discussion will be Marshall W. Keathley, manager of secondary recovery operations, Forest Oil Co. William E. Fickert, a petroleum engineer with Ryder Scott Co., will discuss preparation of wells. Frank Darden of Newmont Oil Co. will discuss reservoir operation and control, and Ray W. Amstutz of Earls Engineering Co. will discuss operating problems.

The panel discussion will cover preparation of producing and injection wells, the reworking of old wells, selection of injection patterns, data collection and use, corrosion control and training of personnel.

The yellowish-brown Kodak bear may weigh up to 1,600 pounds, measure 9 feet in length and stand 4 feet 6 inches at the shoulder.

**SIZE OF FARMS INCREASES**—Newsmap shows the average size of farms has crept slowly upward. In 1961 the national average was 307 acres as contrasted to the 1962 average of 324. Back in 1950, when there were many more farms, the average was only 213 acres. (Source: U.S. Department of Agriculture.)

There are no strings tied to this performance of "Madame Butterfly." All members of cast and orchestra are puppets.

Men beneath the scene as the opera is performed manipulate puppets from below stage.

### 'Unique' Is Word For This Opera

For a quarter-century, music lovers have been visiting a famous Chicago restaurant, to dine and then to delight in performances of the Kungsholm Miniature Grand Opera. The opera began as a hobby of the late founder of the Kungsholm Restaurant. Now numbering some 1,700 "individuals," all musicians and performers are puppets, each 12 inches tall. Scenery is modeled after La Scala and Metropolitan sets. Operas and musicals are performed on a 12½ x 20½-foot stage in a 206-seat theater adjacent to the restaurant.

### Stamps Taking Millions From Texas Yearly

AUSTIN (UPI) — Rep. Jim Segrest of San Antonio said Tuesday that trading stamp companies are taking millions of dollars out of Texas each year, tax exempt.

Segrest argued before the House Taxation and Revenue Committee in support of his bill to put a 10 per cent gross receipts tax on the companies. Service station owners appeared in support of the bill with Segrest.

Fred Williams, president of the Texas Gold Stamp Co. of Corpus Christi said the tax might put his company out of business. He called it "oppressive" and said stamps were a part of merchandising promotion that has been used in the United States for 100 years.

### "Jerkwater Towns"

In railroading's early days, the engine stopped at streams along the way to take on water carried in leather buckets. This was known as "jerkwater" and the name now is applied to small towns where trains stop.

### Pilot Describes His Brush With Red Jets

BERLIN (UPI) — "They were so close I could see the pilot's mustache."

That's how Hughie Green, a Canadian wartime flier and British television star, described his brush with armed Soviet fighter planes in one of the Berlin air corridors over East Germany.

The apparent attempt Tuesday by two Russian jets to force Green's private plane down aroused fears of new Communist pressures on Western access rights to Berlin.

One of the jets fired several bursts close to Green's British-registered plane in an attempt to intimidate him into landing in Communist territory.

The Soviet planes flew "only a

wing's breadth away," the television star said.

When gestures failed, the Soviet pilots dipped under the twin-engine plane and popped up ahead of its nose in "one of the most dangerous flights I've had in 20 years flying," Green said.

Finally one of the Soviet jets fired "five or six bursts—the last when we were only five miles from Gatow."

Gatow is the Royal Air Force airfield on the western edge of Berlin where Green and his two companions landed shaken but safe.

The Soviets apparently took the action to back their claim that the Allies are allowed to send only military aircraft on official business through the three 20-mile-wide air corridors to Berlin

### Gas Company Drops Plans

HOUSTON (UPI) — Monterey Gas Transmission Co. has abandoned plans to sell 6.2 trillion cubic feet of natural gas from the King Ranch because of unfavorable decisions by the Federal Power Commission, according to company president John R. McMillan.

McMillan said the firm is withdrawing its application from the commission. The application sought permission to make available 6.2 trillion feet of gas over a 20-year period to United Fuel Co., a Columbia Gas Co. subsidiary.

The Monterey project involved the purchase by Monterey from Humble Oil & Refining Co. the leaseholds from which Monterey would produce gas for sale to United. McMillan said contracts between the firms are being terminated. He said the agreements all hinged upon FPC decisions.

### Possible Suspect Checked About Socialite Slaying

BROWNSVILLE (UPI) — A Cameron County deputy sheriff said Wednesday a 25-year-old man being held for Dallas and Fort Smith, Ark., authorities was being checked as a possible suspect in the Arizona slaying of Fort Worth socialite Jane Langdon.

Deputy Sheriff Charlie Escobedo said a woman's blouse was found in a Brownsville motel room where the suspect had registered. The blouse was torn and a witness told authorities he had seen the suspect wash it. The blouse will be turned over to Dallas police.

Miss Langdon, daughter of a state appeals court judge, was found dead in an abandoned mine shaft near Phoenix March 22. She had been shot and apparently raped.

Mexican police arrested the suspect at Matamoros Tuesday and turned him over to the FBI and local officers at Brownsville. He was wanted in Dallas for theft of a rented car and in Fort Smith for defrauding an innkeeper.

The suspect, who gave a Dallas address, first claimed to be a Baylor University medical student. But Escobedo said a check showed the claim to be false.

### Texan Dies Of Exposure After Crash On Slopes

BAKERSFIELD, Calif. (UPI) — A Texas woman who survived a plane crash on the rugged, snow-covered slopes of Tejon Canyon died of exposure after waiting 24 hours for her frost-bitten husband and nephew to return with help.

The Kern County sheriff's office reported that rescue attempts were being made Wednesday for Sgt. Art Cross, who became stranded on a ledge above sheer cliffs of Cummings Mountain. Temperatures were below freezing.

Cross was dropped from a helicopter Tuesday afternoon to conduct a search for the woman. He radioed that he could not

continue down the slope because of hazardous terrain.

A sheriff's search party found the body of Mrs. Francine McKinney, 38, of Olney, Tex., at about the 4,000-foot level of the canyon, the midway point of the nearly 8,000-foot Tehachapi mountains.

Her nephew, Robert Clark McKinney, 20, Alexandria, La., worked his way down the slopes for nearly eight hours. He stumbled into the Tejon Ranch headquarters, bleeding and almost incoherent.

Young McKinney told ranch hands of the crash Monday and joined rescuers in directing them to the site of the light plane. He said his uncle, Robert D. McKinney, 39, and aunt were injured and unable to walk down the slopes.

All three wore light clothing and had no provisions.

The two McKinneys said they were en route to Olney to visit young Robert's father, who was hospitalized with a broken back. They had been visiting relatives in Woodland, Calif.

AROUND THE WORLD

**TAPE RECORDER THERAPY**—Betty Furness and Bud Collyer coach a patient at New York's Veterans Administration hospital as part of the Bedside Network activities. With the help of professional entertainers, patients produce their own tape recorded shows and exchange them with some 115 hospitals throughout the country.

**PHYSICAL APPROACH TO COMEDY**—Steve Allen will do virtually anything if it comes off humorously, and this is just one of many situations. In doing so, Allen comes closest to Harold Lloyd, comedian of the past, famous for his physical antics in movies.

**DRAMATIC SCENE**—Michael O'Sullivan (rear) watches as Jacqueline Brookes and Richard Dysart go through a dramatic exchange in a scene from Pirandello's "Six Characters in Search of An Author," in New York.

**GREEK ACCENT**—The lines of the long, clinging garments worn by Grecian women in ancient times are pronounced in this sheath gown designed by West Germany's Heinz Schulze-Varell. It is done in ab-sinthe-green crepe de Chine.

**CENTURIES-OLD ART**—The women of Japan have tea-making down to a fine art. Here a young girl prepares tea under the watchful eye of an instructor during tea making lessons in the Juisenji Temple gardens. They are spending more time studying Japanese etiquette, arts and crafts.

**THE NATION'S YOUNGEST?**—Jerry Adam Freeman, 9 weeks old, of Montgomery, Ala., finds it hard to stay awake on the job but he's got a Social Security card to prove he's earning money. He got the card when 6 weeks old, after his parents opened a savings account in his name.

**PHANTOM BALLET**—This phantom-like effect was seen during rehearsals of Robert Helpmann's new ballet, "Elektra." It is his first work since "Adam Zero" in 1946. The world premiere was held at the Royal Opera House in London. Leading principal Nadia Nerina is seen airborne.

**FAMOUS INSTRUMENT**—Mrs. Grace Skillman of Shelbyville, Ind., has this violin for sale. She says it has been in her late husband's family for many years and has markings indicating it was made in 1730 by Antonious Stradivarius.

**THE BIG GYP**—Comic Charlie Manna believes his way is the best way to open this toy safe at New York's annual Toy Fair. After checking with Ben Casey, he says he's doing it scientifically.

**KING-SIZED BUNNIES**—Little Julie Nawn of Holden, Mass., stands with carrot in hand, seemingly attempting to feed the rabbits. The oversized bunnies are made of fibreglass in her father's plant and scheduled to be used as Easter decorations. Julie finds it difficult to feed them as they stand 11 feet high and four feet wide.

# Field Of Fine Arts Is Extremely Overcrowded

**CHARLES BOYER ILL**  
NEW YORK (UPI) — Charles Boyer, star of the Broadway play "Lordango," became ill during the second act Tuesday night and the rest of the performance had to be canceled.

Karl Bernstein, press representative for the play, said Boyer had an attack of nausea apparently as a result of something he had eaten for dinner; he was expected to be back Wednesday night.

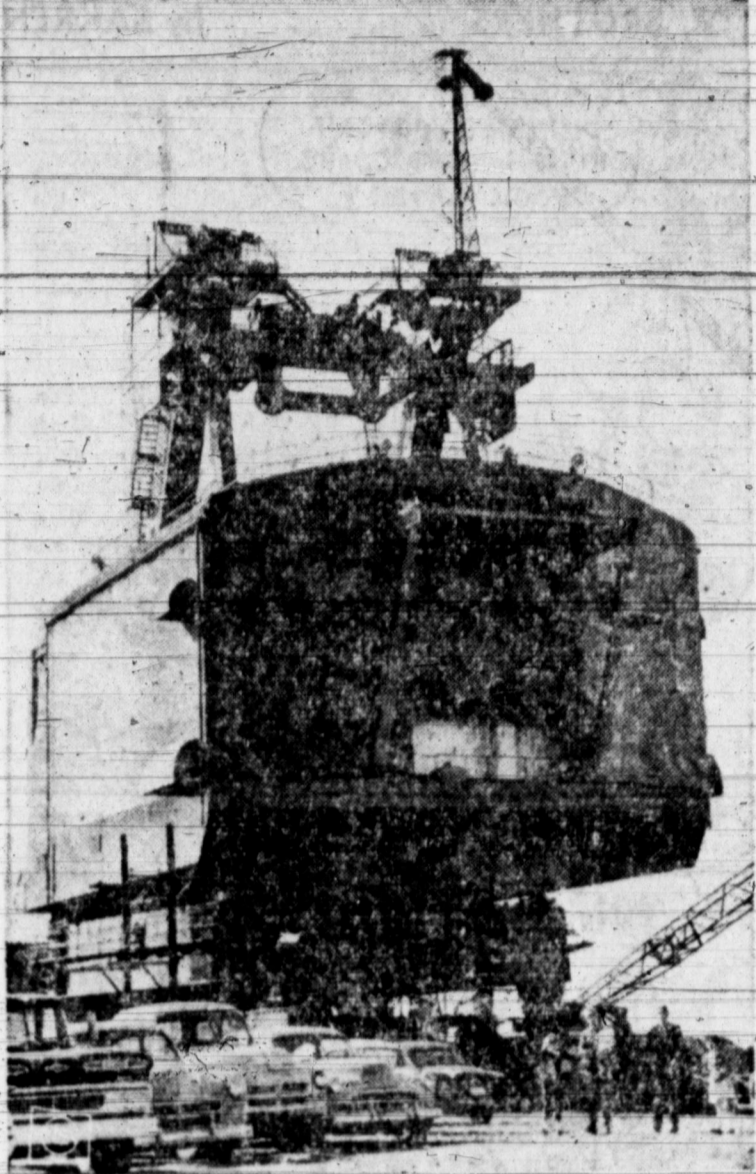

Inhabitants of Guam call themselves Chamorros.

**55TH YEAR**  
**SCORES RED PROPAGANDA**  
COLUMBIA, S.C. (UPI)—Allen W. Dulles, former director of the Central Intelligence Agency (CIA), said Tuesday that Communist propaganda from Cuba to Latin American countries was "just as dangerous" as arms shipments.

"I think we ought to advertise it (the spread of propaganda from Cuba) even more than we do," Dulles said.

**SOMALI ENVOY LEAVES**  
LONDON (UPI)—Somali Ambassador Mahmoud Abdi Arraleh left London by air Tuesday for Addis Ababa following the severing of diplomatic relations between Britain and Somalia.

Somalia broke relations over the disputed northern frontier area of Kenya, a British territory. Britain has refused to turn the area over to Somalia while Kenya achieves full independence.

**BIG BOY**—They call it a shovel but it's as big as a hill. This mechanical plant to be used in strip mining is 11 stories high now and, when completed, will be 17 stories. The 11-million-pound machine is being assembled near Hallowell, Kan.

## McNamara Called Defense Paradox

**By CHARLES W. CORDRY**  
WASHINGTON (UPI)—Robert S. McNamara is the biggest military spender ever to run the Defense Department and, paradoxically, the executioner of huge weapons projects that would cost many billions.

This situation owes partly to the gigantic price tag on modern defense and partly to McNamara's philosophy of defense in the age of terror.

As a result, he is praised as America's greatest defense secretary and condemned as a dictator—Sometimes by the same appraisers—in Congress, the armed forces and elsewhere.

Right now he is being mauled—and praised—of course—in the House and Senate as he has never been before.

In the House, he is accused of overriding military views on military matters and refusing to gear the RS70 warplane for production in the Senate, investigators are having at him for his decision in the TFX fighter airplane case.

new grief, may be just the start. A crystal-ball gazer would see the Navy's aircraft carriers as new vulnerable targets and would have given even money that manpower cutbacks are inevitable. The forces have about 200,000 more men than they did when President Kennedy took office, and experience shows nothing offers greater promise for quick savings than manpower cuts.

Under McNamara, defense spending has risen from the \$43 billion proposed by the Eisenhower administration for fiscal 1962, to the \$51 billion proposed for fiscal 1964 which starts next July 1.

That has been brought about by rapid increases in missile forces, expansion of Army weapons purchases, more sea and air-lift and the manpower expansion. Out of next year's \$51 billion the de-

**Fourth of Five**  
**By HARRY FERGUSON**  
United Press International  
WASHINGTON (UPI)—It is difficult to convince young actors, singers and dancers that there has been a cultural explosion in the United States because an overwhelming number of them can't get jobs.

The field of the arts is so overcrowded that the U.S. Labor Department urges young people to read its reference guide on the subject before choosing their careers.

Having talent is not enough. You have to have luck, too. George London, the noted operatic singer, says he became so discouraged about his prospects in the United States that he went to Europe and within a week was hired by the Vienna State Opera.

"Since then," he added, "close to 200 American singers have been engaged by European opera houses. They were forced to go abroad because they lacked opportunities in their own country."

**Acting Jobs Scarce**  
There are about 6,000 members of Actors Equity union seeking jobs on the Broadway stage. No more than 750 of them find engagements each year and unless they are in a hit they can be out of a job within a week.

"The modern dance field is a terribly overcrowded profession," says Miriam Rosen, instructor at the University of Maryland. "In New York you can throw a penny

up in the air anywhere and hit ten dancers. Your only hope is to be in the right place at the right time and from then on it's luck."

More books are being published than ever before and the paperbacks have opened up a wide field, but the odds against an unknown writer making a living at his profession are almost prohibitive. To attain the best-seller lists he must sell 70,000 copies and the law of averages dictates his book will not sell 1,000.

**Worse For Poets**  
Poets are in even a worse position than writers of books. Robert Frost worked as a cobbler, farmer and school teacher. William Carlos Williams practiced medicine in Rutherford, N.J., to earn a living.

Cassius Marcellus Clay has the right idea. A poet must have a sideline.

There are about 6,000 plays registered in the Copyright Bureau here each year. The measure of the long odds against the playwright is that this season only 50 plays were produced on Broadway.

**Prices Too High**  
The Broadway theater has been

**YORK RETURNS HOME**  
NASHVILLE, Tenn. (UPI)—World War I hero Sgt. Alvin York Tuesday returned to his mountain farm home from St. Thomas Hospital where he apparently recovered from a slight heart irregularity and chest bruises suffered in a fall from bed.

Doctors said the 75-year-old former soldier who killed 25 Germans and took 132 prisoners in 1915 was in "fine" condition.

Jense military and civilian payroll alone will top \$19 billion.

The twin McNamara aims have been to build an invulnerable nuclear deterrent force and to expand the conventional forces so that more threats could be dealt with without resorting to nuclear weapons.

**TEMP METER**—Resembling a film exposure meter in appearance, new thermometer tested in Frankfurt, West Germany, indicates body temperature by means of probe applied to the skin. Quick registration—within seconds—is said to be a feature in its favor.

# Scouting Scoops

Public relations is a familiar word in today's world. And as the old saying goes, "everybody's doing it" so the Girl Scouts are jumping on the bandwagon too!

When there are combinations of public relation-minded Girl Scouts, an advisor like Mrs. Jane Radinger, a newspaper, like The Pampa Daily News, which will generously contribute its space, and all sorts of news to be told about Girl Scout activities, the inevitable result is a column in the paper written by Senior Scouts Pat Ludeman and Susan Davis of Troop 38 and Miss Linda Moore of Troop 5.

In order to learn more about writing and public relations, the Senior Scouts will take a "cook's tour" of the Pampa Daily News on Saturday. After 50-hours of public relations work, which will include speaking, drawing, photography, writing, the scouts will receive Public Relations Aide bars.

The aide program is designed to provide Senior Scouts with vocational experience and the public with service.

Although Intermediate Scouts cannot participate in the aide program, local troops will contribute bits of laughter and learning to the scouting column.

Adventuring into a world of tents and camping, Troops 20 and 34 spent last Friday night at Camp Mel Davis.

After the tents were up, supper was finished and a visit had been made to the nearby river, one member exclaimed, "We don't have any running water!"

"Hurried trips to Pampa and back were made before the water supply was once again normal. . . at 2 a. m.," said Mrs. Newt Secrest, leader of Troop 34.

To top it all, once the water supply was taken care of, the group received an additional supply in the form of a light sprinkle of rain.

Primitive camping or not, at least there was food. Noon-day menus consisted of hamburger patties, salad, and Pineapple Upside-Down Cake for Troop 34. Stew and Cherry Cobbler was the menu for Troop 20. Not even a sprinkled-blessed ground daunted

## Manners Make Friends

Complaints are twice as effective if you don't appear rude or angry.

the charcoal and trench fires built by hungry campers.

Supervising the chefs were Mrs. E. E. Shelhamer and Mrs. Secrest of Troop 34; Mrs. Brantly Hudson and Mrs. Claude Ferrel, both of Troop 20.

Scouts attending the outing were Debra Howard, Debby Shelton, Debbie Pritchard, Deborah Ferrel, Cindy Hudson, Cindy Scott, Mary Powell, Marsha Ellis, Wayanetta Bayless, Jeanne Harmes, Sherrel Land and Sharlet-Cout, all of Troop 20.

Troop 34 members, camping out, were Pam Shelhamer, Debbie Martin, Judy Fugate, Rene Secrest, Cheryl Porter, Judy Utzman, Patti West.

Speaking of eating, fathers of scouts belonging to Troop 20 were honored at a good, old-fashioned Box Supper recently.

Greeted by Cindy Hudson and Debby Shelton, the proud "papas" first joined in a game of Get-Acquainted Bingo. Winner was Gordon Bayless, father of Wayanetta, who received a cake baked by Debby Shelton.

Other fathers attending were W. E. Coutts and Sharlet, Claude Ferrel and Deborah, Brantly Hudson and Cindy, Robert Shelton and Debby; Clifford Scott and Cindy; Charlie Howard and Debra.

Each year Girl Scouts sell cookies (as Pampanians are undoubtedly aware). Ever wondered how all of the fifty cents for cookies are spent? To begin with, the troops keep only five cents for the messes. The rest of the profit goes into the camping fund. Here it is used to buy camping equipment and to provide camps for scouts.

And with this food for thought, I close—Pat Ludeman of Senior Troop 38.

## Mrs. Weems Named Teacher Of Year At District Meeting

WHEELER (Spl) — Announcement was made this week that Mrs. George Weems, local first grade teacher, has been named teacher of the year at the Top of Texas District of Federated Women's Clubs convention.

Notification of the award was given Mrs. Fred Wood, president of the 54 Study Club, the organization of which Mrs. Weems is a member, by Mrs. Peggie Bush of Hedley.

Mrs. Weems was presented at the spring convention of Women's Federated Clubs held April 3rd in Amarillo.

A teacher with 31 years of experience, Mrs. Weems was chosen from entries over 90 clubs.

Mrs. Weems is the wife of County Superintendent George Weems; they have two daughters.

# Eating But No Sleeping Important At PJ Party

By KAY-SHERWOOD  
Newspaper Enterprise Assn.

Do you ever wonder how youthful fads and fancies reappear each generation? I can't recall ever telling my youngsters about my youthful escapades at that wildly misnamed diversion, the "slumber party." But as little girls reach a certain age, they talk knowingly of all the fun at these sleepless affairs and agitate for the privilege of giving one.

As a parent, I am sure that slumber parties (or did you call them "pajama parties?") are not very healthful. Inevitably, little or no sleep leads to a crabby disposition the next day. The gooey food which is an indispensable accompaniment to the party often leads to an even crabrier disposition. My sensible attitude, however, cuts absolutely no ice with the eager pre-adolescent. Well, once in a great while such hectic business is okayed.

I do have a few ground rules: no slumber parties before age 11; no eating uncooked pizzas (experience teaches); no shouting after 11 p. m.; each guest brings

Chocolate-covered igloos—pajama party treat—are easy to make, delightful to eat, say the girls.

own pillow and extra blanket. Stirring up refreshments is part of the fun, but I do expect the kitchen to be cleaned.

A mother's suggestion for a treat which could be made in advance by a couple of the girls appeared to our group, because it is easy and tasty. This is the chocolate covered igloo:

Scoop-ice cream onto tray and freeze hard. Melt chocolate bars in heavy saucepan with a small amount of butter and water, stirring until smooth. Bring mixture to a boil. Cool slightly and pour over the hard-frozen balls of ice cream. For 12 ice cream balls, figure six 1-ounce chocolate bars, two tablespoons of butter, and a quarter cup of water. Another treat, just remembered, is to frost graham crackers with melted chocolate.

## Mrs. Laflin Honored At Friendship Coffee

WHEELER (Spl) — Mrs. Carl Laflin was complimented with a get acquainted coffee at the home of Mrs. J. C. Moore Jr. Saturday morning.

Guests included neighbors of Mrs. Laflin. Those who attended were Glenna Hefley, Wilmy Hefley, Jerri Moore, and Mmes. Albert Marshall, Fred Farmer, Shelby Petit, Paul Green, George Hefley, Bill Owen, Carroll Killingsworth, Ray Miller and the honoree, Mrs. Carl Laflin.

## Mothers Honored By Brownie Troop

Girls of Brownie Scout Troop 209 honored their mothers recently in the Methodist Church with a Mother-and-Daughter Tea.

The program began with pledge to the flag, Girl Scout promise, and "My Country 'Tis of Thee."

A play entitled "Dizzy Decorators," was presented by Karen Haiduk as narrator, Virginia Mooney, Paula Jones, Ila Grayson, Gate Herridge, Leanna Mashburn, Janice Ryals, Becky Urbanczyk and Kay Ballard.

Refreshments of lime sherbert punch and cookies were prepared and served by the girls from a table laid with a white linen cloth. The centerpiece was a Brownie cap filled with yellow jonquils backed with a yellow Brownie emblem.

Hostesses were Jennie Urbanczyk, Beverly Bentley, Vicki Bates, Vickie Houston, Twila Jackson, Linda Corfetti, Deborah McLaughlin and Florence Bittie.

## Dear Abby... This Old Story Has New Twist

By ABIGAIL VAN BUREN

DEAR ABBY: I need some advice about a very touchy problem. I'm married to a man who has been in the service since 1959. We have a four-year-old son. Every month I get an allotment check for me and my son. Two years ago I met a man and we started going together. I have had two children by this other man. Since the birth of my last child (in November) I found out I no longer love this other man. I'd like to get rid of him. Can I get him to support his two children? I don't want to lose the allotment check from my husband. Can this other man cause me trouble? Sign me "B."

DEAR "B": The laws on child support differ in various states. Your local Legal Aid Society can advise you concerning your own case. For you to accept an allotment check amid such deceit takes plenty of gall. Whether this "other man" can cause you more trouble than he has already caused you is anybody's guess. He might be just as glad to get rid of you as you are to get rid of him.

DEAR ABBY: I would like to know what you think of a priest who plays cards for money. I didn't actually SEE him, playing cards, but the person who told me was in the game, so I know it's true.

CHURCH-GOER DEAR GOER: If card playing is contrary to the rules of his church, shame on the priest. Otherwise, what's good for the flock is good for the leader.

DEAR ABBY: My husband has a very good-looking young woman

## FHA Girls Feted With Silver Tea

WHEELER (Spl) — "Hitch Your Rocket to a Star" was the theme portrayed at the annual style show given by the Wheeler Future Homemakers Thursday evening in the grade school auditorium.

The girls modeled the dresses and aprons made in the class. The Progressive Study Club honored FHA girls and their mothers with a silver tea at the Home-making Cottage immediately following the show.

Mrs. Wilma Talkington is the FHA instructor.

## CLASSIFIED ADS GET RESULTS

### FAT OVERWEIGHT

Available to you without a doctor's prescription, our drug called ODRINEX. You must lose ugly fat in 7 days or your money back. No strenuous exercise, laxatives, massage or taking of so-called "fasting" tablets—crackers or cookies or chewing gum. ODRINEX is a tiny tablet and easily swallowed. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions, because ODRINEX depresses your appetite and decreases your desire for food. Your weight must come down because as your own doctor will tell you, when you eat less, you weigh less. ODRINEX costs \$3.00 and is sold on the GUARANTEE. If not satisfied for any reason just return the package to your druggist and get your full money back. No questions asked. ODRINEX is sold with this guarantee by Richard's Drug Store, 111 N. # The 'Cooz' Leads Celtics To Win Over Cincinnati

By United Press International  
Leave it to Bob Cousy to bow out a winner.  
Cousy, regaining the scoring touch that made him the toast of the National Basketball Association for more than a decade, got 15 first-period points Wednesday night to lead the Boston Celtics to a 128-116 victory over the Cincinnati Royals that tied their Eastern Division playoff series at two-all.

Destined to retire from pro ball after the post-season games to become head coach at Boston College, Cousy said: "I was up for this game as much as I've ever been up for a game in recent years."  
Cousy wanted this one and so did the Celtics. The Celtic band for a loss would have given Cincinnati a 3-1 lead in the best-of-seven set. Instead, the series now is squared away and the match moves to Boston for a Saturday night game.

The winner of the Boston-Cincinnati playoff goes on to meet

the Los Angeles-St. Louis victor in a best-of-seven title series. The Los Angeles Lakers hold a 2-0 lead over the Hawks, with that series resuming in St. Louis tonight.

The oddity in the Eastern finals is that the home team has been unable to win a game.

The Celtics stormed back from a 17-11 deficit in the opening minutes to take a 34-25 first period lead on the charge led by Cousy.

Big Bill Russell, the game's top scorer with 26 points and 21 rebounds, took over the Boston attack in the second period with a 14-point outburst that led the Celtics to a 70-55 halftime margin.

Cincinnati cut the advantage to 83-84 going into the fourth period, but the Royal rally fell short as Boston regained command at 122-100 with three minutes remaining.

Cousy and Sam Jones each had 20 points for Boston. Oscar Robertson was Cincinnati's top scorer with 25.

# Ernie Banks Thinks Cubs Can Win Flag

MESA, Ariz. (UPI) — Ernie Banks murmurs loyally, "The Chicago Cubs can win the pennant." Athletic Director Robert Whittle, the latest in a series of innovations by the Whigley empire, bubbles, "barring injuries, we could take all the marbles."

Head coach Bob Kennedy, a former White Sox star, grunts, "I make no predictions."

And the ninth place Cubs lost eight of their first 10 exhibition games. So what else is new? "Mainly, the arrival of pitchers Larry Jackson and Lindy McDaniel from St. Louis. The pair were acquired in a six-man deal that sent slugger George Altman and pitcher Don Cardwell to the Cardinals. Cardwell then was dealt off to Pittsburgh.

"We gave up good players," Vice President Charley Grimm says of Altman and Cardwell. "But we weren't winning with them."

**Sees Pitching Potential**  
The trade was designed to bring some much-needed leadership to a hurling staff that is long on potential but short on victories.

"I'll be disappointed if I don't win 15 games this year," says Jackson, who had a 16-11 mark at St. Louis and has only known one losing season in the eight he

spent with the Redbirds.

In addition to Jackson, Kennedy has such other right-handed starters as Bob Buhl (12-14), Glen Hobbie (5-14), Cal Koonce (10-10) and lefty Dick Ellsworth (9-20).

McDaniel, one time star relief pitcher for the Cards, had a 3-10 mark in 1962 but expects to make a comeback as does Don Elston who had been one of the 400 best firemen until he had a 4-8 record for Chicago last season.

**Pitching Seems Stronger**

All told, the Cubs now figure to have a stronger pitching staff backed by last season's infield of first baseman Banks, second baseman Ken Hubbs, shortstop Andre Rodgers and Ron Santo or Steve Boros — a Detroit acquisition — at third.

"The catching could also be better now that Dick Bertell is out of the Army. The Cubs landed another backstop, Jimmy Schaffer, from St. Louis in the Jackson deal.

The outfield does not appear set aside from Billy Williams in left. Kennedy also has been using Boros in the outfield. Rookie Nelson Mathews, Kennedy says, has a "good shot" for the center field post but there also is Don Landrum, a proven .282 hitter, and Lou Brock. In right it could be Landrum, Brock or Boros.

# Zuleta-Rodriguez Match Highlights Tennis Meet

ST. PETERSBURG, Fla. (UPI) — A match between two top-ranked Latin Americans highlights today's round of the St. Petersburg Masters Tennis tournament.

Top ranked Eduardo Zuleta of Ecuador was scheduled to go against second ranked Patricio Rodriguez of Chile. Neither was seeded in the masters tourney.

Other pairings in the men's division had top-seeded Roy Emerson of Australia playing Nicola Pietrangeli of Yugoslavia; Bob Hewitt of Australia against second-seeded Manuel Santana of Spain, and fourth-seeded Fred Stolle against Boro Javanovich of Yugoslavia.

Karen Susman of Trinity College, third-seeded in the women's division, was to make her first bourny appearance today against Helga Schultz of West Germany. The winner of that match was paired against Edda Buding of West Germany.

Other women's pairings today had top-seeded Maria Bueno of Brazil against Carol Hanks of St. Louis; second-seeded Darlene Hard against Alice Tym of the University of Florida; and fourth-seeded Leslie Turner against Elizabeth Starkie of England.

Rodriguez pulled the biggest upset of the tourney Wednesday when he defeated third-seeded Harry Mulligan of Australia 6-3, 1-3. In another upset, Zuleta upended fifth-seeded Mike Sangster of England 6-8, 6-3, 6-2.

Defending champions Emerson and Miss Bueno each won two matches Wednesday. Emerson beat Dave Bonner of the University of Florida 6-3, 6-0 and John Hunter of Pan American College, Edinburg, Tex., 6-4, 6-4. Miss Bueno beat Jane Feise of California 6-2, 6-2, and Betty Pratt of Jamaica 6-0, 6-1.

In other men's matches, Stolle beat King Lambert of Miami, and Bill Tym of the University of Florida and Ed Rube-

noff of Miami, and Pili beat Bobby Wilson of England.

In women's play, Miss Hanks beat Connie Ball of Daytona Beach, Fla. Miss Buding beat Judy Alvarez of Tampa, Fla. Miss Starkie beat Justine Bricks of St. Louis, Mrs. Tym beat Tory Fretz of Harrisburg, Pa. Miss Hard beat Mary Arlaras of Tarpon Springs, Fla., and Miss Turner beat Sarah Mae Tuber of Evansville, Ind.

# Hall Of Fame Chooses Ten

NEW YORK (UPI) — Two legendary figures from the past, seven modern wonders and an inventive coach today were elected to the Football Hall of Fame. Representing the pre-1900 era were Thomas Lee (Bung) McClung, recognized as the highest scoring back of all time and a member of Yale's famed undefeated team of 1888; Buck Wharton of Pennsylvania, one of the great guards of old-time football; and George Woodruff, who brought big-time football to Penn as a coach and is credited with such innovations as the delayed buck, the six-man defensive line with the center back, the smashing end, the quick kick and the on-side kick.

The seven modern-era stars include Alex Agase, a lineman who made the All-American team at both Purdue and Illinois; George Connor, a tackle who played for Holy Cross and Notre Dame; half-back Edwin (Goat) Hale of Mississippi College; end Ken Kavanaugh of Louisiana State; quarterback Cliff Montgomery of Columbia; center Peter Pund of Georgia Tech; and back Eddie Tryon of Colgate.

The new members will be officially inducted into the Hall of Fame at the annual awards dinner of the foundation Dec. 10.

# Defending Champ Carver Favored

Pampa Carver will be heavy favorites in the District 1-B Negro Interscholastic League track meet at Shamrock Saturday.

The Wildcats will be gunning for their fourth straight district title and a chance for revenge on Crane, who edged them out of first place in state meet last year.

Coach Joe Snell has little fear of anyone except possibly Memphis upsetting the Wildcats' plan for another trip to state, as Pampa returns 11 men and one girl from last year's state finalists.

All district teams except Memphis - Childress, Wellington, Shamrock, Paducah and Quanah competed in the Amarillo Carver Invitational, and the Cats swept through the meet, placing second only to their higher-class hosts.

**Memphis Strong**

"Memphis will be strong," said Snell, "but I believe our boys can handle them. They have finished second in district to us for three straight years. Childress will probably win the girls division however, as they are very strong in that department. Our only track girl, Ovie Jackson, should get a in win the discus and the baseball throw, having won both events in district for three straight years and placing second in state in those two events all three years. Childress will probably provide the rest of the girls' competition from this area while we will lead the boys teams into state."

Snell has good reason for confidence as he returns the state champion 100-yard dash man, the state champion mile, and his entire state tri-ist sprint relay team.

**Murray Dash Champ**

Heading the Wildcats will be junior Tommy Murray, who won the state title as an eighth grader and has capped it three straight years, running a 9.2 to win last year, the second fastest time in Class B-NIL history.

Murray, Charlie Walker, Terry Holt and James Mathis return intact from the sprint relay team that posted a 47.0. Jesse Washington is also the state mile champion. Holt and Mathis are the only seniors on the squad.

Derrell Cash will run the 440 and the low hurdles, Ronald Wood's 440 and Mathis in the low hurdles. James Tucker will be in the high hurdles, high jump and broad jump, and run a leg on the mile relay team.

**Field Events**

Washington will be in the high hurdles and pole vault. Ronald Dunn, Cash and Tim Woods will round out the mile relay squad, with Dunn and Cash also entering the 880.

In field events Mathis will put the shot, Robert Melton will throw the shot and discus and Bobby Woodard will be in the broad jump.

# Junior Highs To Borger Invitation

Pampa and Robert E. Lee Junior Highs have accepted invitations to a Junior High School Invitational Track Meet at Borger Saturday, reported athletic director Weldon Trice.

The meet will actually be a warmup for the district meet late this month, as all district teams are attending as well as all Amarillo junior highs.

Attending the meet will be S. F. Austin and Sam Houston of Borger, Perryton, Dumas and Phillips, in addition to Lee and Pampa and the Amarillo schools.

**DEFENDING CHAMPS** — The Carver Wildcats, defending district champions and second in state, are heavy favorites to win the District 1-B crown again. Kneeling, from left: Ronald Woods, Terry Holt, Ovie Jackson, Tommy Murray, Ronald Dunn, Charles Walker. Standing: coach Joe Snell, James Tucker, Darrell Cash, Bobby Woodard, Jesse Washington, Curtis Eastmon, James Mathis. Not in picture is Robert Melton. (Daily News Photo)

# Yankees Choice Of UPI Experts

NEW YORK (UPI) — The New York Yankees are the choice of the UPI board of baseball experts to make it three world championships in a row under the leadership of manager Ralph Houk.

The 24-man board, including four UPI sports writers and two writers or broadcasters, traveling with each of the 20 major league teams, foresees a coast-to-coast World Series between the Yankees and the Los Angeles Dodgers. The Yankees were tabbed as shoo-ins in the American League while the Dodgers were picked to win a three-cornered battle also.

# Ned Jolly Scores In Alumni Game

CANYON (Sp) — The West Texas State Buffs smashed the Alumni, 41-15 last night, in their annual game at Buffalo Bowl. The Buffs were led by the passing of Hoop Gibson as the Alumni held Pistol Pete Pedro, one of the leading ground-gainers in the nation, to only 100 yards in 13 carries.

Canadian head coach Ned Jolly was one of the top offensive stars for the alumni, catching a 42-yard pass for the first touchdown and picking up 33 yards in five carries.

Strung out in order, behind the top three in the NL were the St. Louis Cardinals, Pittsburgh Pirates, Philadelphia Phillies, Milwaukee Braves, Chicago Cubs, Houston Colts and New York Mets.

# Colts Trade Mota

FORT MEYERS, Fla. (UPI) — The Houston Colts gave outfielder Manny Mota and cash Tuesday to the Pittsburgh Pirates in exchange for outfielder Howie Goss. Goss, the Pirates leading batter this spring with a .364 average, has been with the Pittsburgh organization for 10 years. This is his first year in the majors. Mota was assigned to the Pirates Columbus, Ohio farm club.

# Colts Make Cuts

HOUSTON (UPI) — The Houston Colts have been cutting, snipping and transferring players to get their major league roster down to 25, the maximum allowed in the first month of season play.

Pitcher Gene Zachary, catcher Dave Adlesh and outfielder Brock Davis, all first year men, were assigned to the home team.

Outfielder Ellis Burton was sold to Cleveland at the waiver price and infielder George Williams was optioned to Oklahoma City of the Pacific Coast League.

# Grapefruit League

By United Press International  
Don't think for a moment that the Los Angeles Dodgers and San Francisco Giants have a monopoly on youth and speed in the National League.

The Cincinnati Reds rate high in those departments, too — especially when you consider pitcher Jim Maloney and infielder Peter Rose.

Maloney, 9-7 last season after a fast start, looks like he is going to fit in as the Reds' No. 4 or No. 5 starter this season while Rose may be the team's second baseman when next Monday's opening-day lineup is announced.

Maloney, 22, yielded only one hit in seven innings while Rose, 21, had two singles, a walk, a steal and scored three runs as the Reds scored a 5-0 victory over the New York Mets Wednesday.

Jim Brosnan pitched the last two innings for the Reds and allowed one other hit.

Vada Pinson rapped out two singles and a double to share hitting honors with Rose.

**Phillips Continues Skein**  
Bubba Phillips, one of the hottest hitters in the south, raised his spring average to .411 with three singles in the Detroit Tigers' 5-4 decision over the Minnesota Twins. Rookie Bill Faul was tagged for four runs in the first three innings but rookies Dick Egan and Bob Dostal then shut out the Twins the remainder of the way.

The Milwaukee Braves went over the 500 mark for the first time this spring when they beat the Baltimore Orioles, 3-2. Denny Lemaster and Tony Cloninger led the Orioles to four hits, Lemaster yielding only three over the first seven innings.

The largest local crowd of recent springs, 3,724, turned out at Ft. Myers, Fla., where the Pittsburgh Pirates closed their spring win over the New York Yankees, exhibition schedule with a 6-4 win over the New York Yankees. The Yankees gave Stan Williams a three-run lead but Roberto Clemente hit two triples to lead the Pirate comeback.

Cuban right-hander Diego Segui pitched eight innings and also completed for a single, double and triple to lead the Kansas City Athletics to a 10-5 triumph over the Chicago White Sox. Rookie Pete Ward hit his third homer of the spring for the White Sox.

**Boxer Upend Dodgers**  
Roman Mejias had a double and triple and had a hand in all three runs as the Boston Red Sox downed the Los Angeles Dodgers, 3-2. Bill Monbouquette and Earl Wilson, the Red Sox' no-hit pitchers of 1962, each went four innings and allowed one hit. Carl Yastrzemski saved the game for the Red Sox with a fine catch in the eighth.

Left-fielder Walt Bond dropped Willie Mays' ninth-inning fly to let in the run that gave the San Francisco Giants a 4-3 win over the Cleveland Indians. Mays had two doubles and a single to lift his spring batting average to .344.

The St. Louis Cardinals broke a four-game losing streak by defeating the Washington Senators, 6-4. Julian Javier, Gene Oliver and Ken Boyer paced the Cardinal attack with triples.

Pete Runnels and Rusty Staub hit homers as the Houston Colts beat the Los Angeles Angels, 5-2. Dick Drott, Dick Farrell and Jim Golden combined to limit the Angels to four hits. The homers by Runnels and Staub came off Eli Grba.

# Injury Jinx Strikes Harvester Outfield

The Pampa Harvesters will play their first home district baseball game tomorrow as they host Plainview at 4 p.m. at Optimist Park. The Harvesters and Bulldogs both lost their district openers in tight pitching duels, Pampa dropping a 4-1 decision at Amarillo and Plainview losing a 1-0 decision as Lubbock scored the only run of the game in the seventh inning.

Plainview carried a 5-2 record into district play, splitting a pair of games with Dumas, 0-4 and 5-1, also with Hereford, 7-5 and 2-4, and sweeping three games from Class B Nazareth.

The Bulldogs, also lowly-rated in pre-season predictions, proved stronger than expected on the mound and defensively against Lubbock, who has been the highest-scoring team in the loop in pre-district play.

**Pitching Duel**  
Billy Carthel allowed only five hits, one a double by Johnny Barnett which drove in the only run of the game. His hurling opponent however, Western ace Danny Davis, pitched a one-hitter against the Dogs.

Carthel was not rated among the top pitchers when the season started as the Bulldogs had senior Ray Newton and juniors Phil Stephenson and Ronnie Peret slated to be their top hurlers, along with left-hander David Ritter, Carthel, Bob Lloyd and Ray Newton came up from the sophomore ranks to lead the Plainview pitching.

Carthel downed Hereford and Dumas, and Newton dropping Nazareth 8-2, while Lloyd pitched a 4-0 shutout against Nazareth last week.

Big sticks for the Bulldogs, who have not been especially strong at the plate, have been catcher Tom Sawyer, and pitcher-third baseman Carthel.

Newton, Stephenson or possibly Ritter could be tomorrow's starting pitcher, Pampa coach Ray Howard said that he would go with Tuesday's starting lineup again unless the left-handed Ritter took the mound.

**Cantrill Out**  
Howard also reported that the injury jinx had struck again. Recently first baseman Steve Molberg, originally thought to have a jammed thumb, turned out to have a broken bone in his hand and is lost for the season. Howard announced that X-rays of C. E. Cantrill's supposedly sprained ankle had revealed a hairline fracture, which will keep Cantrill out of the lineup for at least one week, possibly two, although he might see some pinch-hitting action.

Without Cantrill, the Harvesters will be all right Friday as Eugene "The Bandit" Madrid, Kenny Hebert and Jerry Garrison will be the starting outfield, but the Harvesters will be in desperate straits Saturday, when they play at Tascosa. Hebert and Madrid, the two top fielders and hitters will be in the district track meet as will utility infielder and outfielder Larry Johnson. With Cantrill out and

Larry Stroud having dropped off the team, Howard will have to do some tricky juggling as Garrison will be the only outfielder with any experience, except Ricky Maynard, who has taken over first base to replace the injured Molberg.

**Arthur To Pitch**  
Sophomore ace Jim Arthur will take the mound as the Harvesters try to get back on the winning path. Arthur won two pre-district games and had an earned-run average of 1.17 in 20 innings. Givver should be rested and ready to come back Saturday. If the big right-hander is off, the Pampa will be in even worse difficulties as Garrison is also their number-one reliever.

Probable starting lineup for Plainview will be Tom Sawyer behind the plate, Tommy Thomas at first base, Tom Jurcak at second, Carthel at third base, Ritter in left field, Roger Grant in center field and Mike Thomas in right field.

Eddie Piercy is the relief catcher and Roland Fagan the top utility man in case Ritter or Carthel get the pitching call.

**Trackmen Might Play**  
Coach Howard said this morning that he would try to have the Tascosa game moved up to 4 p.m. Saturday, after the preliminary events and some of the finals were over at the district track meet, in hopes that one or more of the three outfielders could make it from the track meet to the game. If the time could be arranged, Johnson would almost certainly be able to make it as he is a pole vaulter and field events will be over, early. Madrid, who runs the dashes, might also be able to play if he doesn't qualify for finals, but Hebert, who runs the dashes, hurdles and on the relay team, would be a doubtful starter as the relays are usually the last event run off, although he might be able to get over to Tascosa Field before the game is over.

# Noose Tightens Around Coaches

ATLANTA (UPI) — Football coach Johnny Griffith told state investigators, transcribed testimony showed today, that films of Alabama's 35-0 conquest of his Georgia team gave him "a feeling" Alabama had advanced knowledge of Georgia strategy.

Griffith said, however, he got the feeling only after viewing movies of the 1962 game which former Georgia Athletic Director Wallace Butts and Alabama coach Paul (Bear) Bryant have been accused of conspiring to rig.

Butts and Bryant emphatically deny the allegation contained in a national magazine.

Griffith said that during the game last Sept. 22 at Birmingham, Ala., neither he nor his coaches saw anything unusual. Some of his coaches, Griffith said, had had choice vantage spots on top of the Birmingham Stadium.

Statements of the Georgia coach who succeeded Butts were included in a report by State Atty. Gen. Eugene Cook on his investigation of the accusation in the March 23rd issue of the Saturday Evening Post. The report was submitted to Gov. Carl Sanders who released it Tuesday.

Cook said his investigation indicated that Butts gave vital information on Georgia football plans to Bryant prior to the game.

**EIGHTH GRADERS** — Competing for Pampa Junior High in track are, from left, bottom row: Lane Hooton, Lew Engel, Philip Savage, Larry Stephens, Larry Keiper, Billy Scribner, L. D. # Memphis Takes 2A Tennis Wins

WELLINGTON (Sp) — Favored Memphis won both the senior boys singles and doubles in the district 2-A tennis meet here yesterday, but were upset by Wellington in girls singles and Clarendon in girls doubles.

Memphis also took junior division honors with wins in girls singles and doubles, with Canadian and Wellington winning the junior boys matches. McLean and Lefors failed to win a match, with the Tigers taking three third places and one fourth and the Panthers a second, two thirds and a fourth place.

**Senior Girls**  
Sophomore Betty Courtney of Wellington took an easy upset over favored Carol Smith of Memphis in the girls singles, 6-1, 6-1. Jan Bailey of McLean was third and Cheryl Frederick of Clarendon fourth. Cheryl defeated Sharon Brock of Lefors in her opening match.

Sue Watson and C. J. Goodnight of Memphis, who had battled 4-A Pampa on even terms, went down before the rackets of Melinda Moore and Melissa McCulley of Clarendon, 6-3, 6-4. Cheryl Grimley and Barbara Smith of McLean were third and Wellington fourth. Memphis won their opener from Frances Clarke and Glenda Shirley of Lefors.

**Senior Boys**  
Bill Pounds pounded his way to the boys singles title with a 6-0, 6-1, 6-2 over Bill Spillman of Wellington. Clarendon was third and Richard Bell of Canadian fourth. Bobby Call of Lefors lost an all-out battle to Spillman in the opener, 7-5, 6-4. Don Woods of McLean lost to Bell.

In boys doubles, Billy Foster and Ronald Pate of Memphis downed Jerry Elmore and David McBrayer of Clarendon, 6-1, 6-0, 6-3. Dave Roberts and Larry Pruitt of Lefors were third and Gary Graham and Jim McCarty of McLean fourth.

**Juniors**  
In the junior division, Linda Alewine of Memphis swept a love match from Jackie Barton of Wellington. Clarendon was third and Charley Gustin of Lefors fourth. Charley took her opening match from Canadian, but dropped her semifinal match to Miss Barton.

Glinda Bruce and Elmonette Brangan won junior girls doubles. David Whitefield of Canadian won junior boys singles, 6-3, 6-2, 6-1 over Terry Sanders of Lefors. Robert McCabe of McLean was third and Memphis fourth.

All seniors winners will go to the regional meet in Lubbock April 19-20.

**NINTH GRADERS** — Pampa JHS ninth graders who will compete in the Berger Meet Saturday are from left, bottom row: Travis Winegart, Jim Conner, Robbie Robinson, Mark Elmore, Leroy Tate, Dale Sprinkle, Kent Bowers. Kneeling are Phillip Elsheimer, Marc Gregory, Charles Hammons, Tim Adsit, Vic Koontz, Dave Harmon. Standing are manager Earl Middleton, Davis Blackmon, Johnny Guidry, Tommy Williams, Ronnie Valentine, Drew Killough, manager Larry Bradshaw. In rear is coach Harold Moore. (Daily News Photo)

# Booker, Miami District Choices

**BOOKER (Sp)** — Most Booker fans will be the favorite in Saturday's 10-team track meet, with Miami the only real contender and Wheeler, Darrouzett, Mobeetie and Allison the dark horses.

Booker has seen action in four track meets this season, and on the record, must be rated favorite as they finished fourth at both the Greyhound Relays in Gruver and the Lefors Relays, placing well at the Panhandle Relays, although slipping to 14th in a field of 17 at the Amarillo Relays last weekend.

**Miami Experienced**  
Miami finished ninth at both Lefors and Amarillo, and scored well at Panhandle also.

Wheeler has competed at Gruver, placing fourth in the 440-yard relay; at Lefors and Panhandle where they failed to scratch, and at Amarillo, where Don Burke tied for sixth in the 440-yard dash.

**Slovacek Ace**  
Booker will be led by Sloane Slovacek, their ace dash man, who won the 100-yard dash at both Gruver and Panhandle in '64, each time running into a strong wind, and placed second in the event in the other two meets, won the 220-yard dash at Panhandle in '62, and was second in the 220 at Amarillo.

## Flowers Leads

Leading Miami will be their most valuable athlete; Jimmy Flowers, who holds the second highest high jump mark in the state, 6'3", and was a state finalist last year. Also heading the warriors, who finished second in last year's district, are two regional finalists, Mark Arrington, who won the 440-yard dash, the high hurdles and the shotput in district, and Mickey Kivlehen, who won the discus title in district and was fourth in the shot in regional. Roy Bean, who has consistently placed in the high jump this year, and Jerry Lister, who has placed in the 880. Miami will send three of them—Flowers, Arrington and Lewis "Little-On" Holland in four events.

Wheeler, district titlist in last year's 3-B track loop, will send 15 men to the meet, led by sophomore Burke in the 440, their only point-getter this year, and six returnees from last year's winner led by Dunk Porter and Mendell Hunter.

Mobeetie, who finished third in district last year, will send their five-man "family" team, cousins, Ray and Rayburn Corcoran and brothers Robert and Joe Kellly, plus Gerald Gudgeal. Ray Corcoran was their top point-getter in district last year as he finished third in the 220 and ran on the second place sprint and mile relay teams.

# Unhappy Arnold Palmer Favored To Win Masters Championship

By MILTON RICHMAN  
UPI Sports Writer  
AUGUSTA (UPI) — Arnold Palmer, still unhappy about his wayward driver, was favored nonetheless today as he teed off against 81 other competitors in a bid to become the first golfer ever to win the Masters championship four times.

The 33-year-old Palmer, generally rated the finest golfer of the past decade, also will be attempting to become the first man in history ever to win a pair of Masters' titles back-to-back.

Clear, windless weather was predicted for the opening round. The temperature is expected to be in the 80's and a crowd of at least 25,000 will watch the cream of the nation's golfers start on the four-day 72-hole test.

Most of the galleries will follow Palmer, as they always do here over the delicately manicured 6,900-yard Masters course. He was to tee off along with amateur ace Charlie Coe of Oklahoma City, Okla., at 12:30 p.m.

**Nicklaus Second Choice**  
A rush of last-minute support for U.S. Open champion Jack Nicklaus made him second choice in the star studded field, with Gary Player, the 1961 Masters' titlist, the third choice.

Others who are expected to provide ample competition for Palmer are former U.S. Open champions Billy Casper and Gene Littler; young Johnny Pott, who has turned in some fantastic

**Cleve Williams Is Okay For Fight**  
PHILADELPHIA (UPI) — A promoter for the Cleveland Williams-Earnest Terrell fight April 13 said Wednesday Williams' manager, Hugh Benbow, told him Williams will be in top shape for the bout.

Herman Taylor said there had been reports Williams injured both hands in his Houston knock-out victory over Young Jack Johnson Tuesday night.

practice rounds, former PGA champion Dow Finsterwald; long-bail hitting Bill Collins and 51-year-old Sammy Snead, a three-time winner of this event who appears to be back on his game despite a spur on his left foot.

The field begins teeing off at 10 a.m. today with all 17 of the Masters' champions present except Ralph Guldahl and Ben Hogan.

The players will go out in twosomes this year instead of threesomes as last year. Fifty United States professionals, 18 foreigners and 14 American amateurs comprise the field which will be cut to the 44 leading players and ties after Friday's second round. Any player within 10 strokes of the leader, however, also will qualify.

**TCU Whips Ags**  
FORT WORTH (UPI) — Texas Christian jumped to the head of the Southwest Conference baseball class Wednesday with a 4-2 victory over Texas A&M.

The Horned Frogs will have to beat the Aggies again today to keep their lead.

Sophomore Pat Peebles allowed Texas A&M only five hits. TCU now has a 4-1 conference record. A&M is 3-1.

TCU jumped to a quick 2-0 lead in the first inning when the Horned Frogs got to Aggie starter Johnny Crain for four hits. A&M tied it at 2-2 in the third on three hits.

The Horned Frogs wrapped it up in the seventh when Ron McLain tripled home one run and scored on a single by catcher Freddy Jones. Crain was the loser.

**LIONS SIGN GIBBS**  
VANCOUVER, B.C. (UPI) — Gene Gibbs, a former Mississippi State defensive end, signed with the British Columbia Lions of the Canadian Football League Wednesday.

**Swim Competition Begins At YCC**  
The Pampa Youth and Community Center announces a change in their schedule. Swim competition will take over the Date Time swim period on Friday nights from 8:00-9:30 p.m.

All young people who are interested should come out on Friday evenings and compete. Age divisions will be as follows: 10 and under; 11-12; 13-15; and 16-18. Girls and boys will compete separately. Events will be the 100 and 50 yd. freestyle; 50 yd. back and breaststroke; and 10 and under will have only the 25 yd. freestyle.

Those who win April 5 will be reigning champions. They must defend their crown against all comers on successive Friday nights. If a person wins an event 3 nights in succession a ribbon will be awarded. 6 wins in succession a cup will be awarded. You do not have to be a member to compete. Persons who are not members may pay the pool fee and compete.

Presenting for you... Our ...

The Pampa Daily News

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the gift of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings.

SUBSCRIPTION RATES

By carrier in Pampa, 36c per week, \$1.50 per 3 months, \$3.00 per 6 months, \$11.00 per year. By mail paid in advance at office, \$10.00 per year. In total trading zone, \$11.00 per year outside 15-cd trading zone, \$1.25 per month.

Mixing Up The Archeologists

Figures, it has been said, don't lie, but liars may figure.

Worse than that, figures — or to use their more important-sounding name, statistics — can be entirely accurate and yet create an entirely false picture when taken out of their proper context.

Consider the impression historians of the 30th century would receive should they unearth a 20th-century document bearing this strange-but-true statistic.

There are more outdoor gas lights in use today (750,000) than at the peak of the "gaslight era," according to the American Gas Association.

If our historians were also aware of the fact that at the same time more candles were be-

Some Recognition, At Last

One of the fundamental postulates of Western life will receive long overdue acknowledgement at the New York World's Fair of 1964-65.

A Hall of Free Enterprise will contain the first popular presentation of the principles of private competitive capitalism.

The endeavor is being sponsored by the American Economic Foundation and co-sponsored by the National Small Business Ass'n, with numerous other organizations.

TRUTH FORUM

Cuban Failures Nettle Kennedy and Counselors

By ED DELANEY

Repercussions over the lamentable failures to end the Soviet hold on Cuba are netting Mr. Kennedy and his counselors. Effort is being made to shift the blame by saying that the present administration "inherited" the Cuban problem.

Dwight D. Eisenhower, as the indisputable record proves, was often the dupe of the communist contingent, when he was in military service, when he was president of Columbia University, when later in Europe and when in the White House.

It is not the first time that problems of the present are blamed on a president of the past. For example: in the Congressional Record of Feb. 21, 1949, are these words.

"Over these past few days we have learned the extent of the disasters befalling China and the United States. Our policy in China has reaped the whirlwind. The continued insistence that aid would not be forthcoming unless a coalition with the communists was formed was a crippling blow to the Nationalist government.

Mr. Kennedy "inherited" not only the Cuban problem but the solution for it. He did not avail himself of the ready-made solution. Due to the pernicious influence of certain ones in whom the President seems to have inordinate confidence, he made the fatal decision which resulted in the Bay of Pigs fiasco.

Down South

By THURMAN SENSING Nashville, Tenn.

A BIG BROTHER CORPS

In some quarters, the Kennedy administration's plan to have a Domestic Peace Corps is looked on as an example of idealism in action.

Well, there is a great deal that's wrong with such a proposal. In the first place, Americans who grew up in the era of Nazi tyranny will remember the photographs of German youths marching along with shovels and picks on their shoulders.

No one is saying that the Kennedy administration has any intention of establishing a Nazi-like tyranny in America. But the fact remains that all governmental youth corps of this sort represent a totalitarian approach to national problems.

Well, you win some and you lose some and ever so often we find the expression "private enterprise" being kicked around.

He owns cameras and lenses and lights and props and accessories and the cost and brand names and condition of all of these items and many more are his private business.

Unlike America, the world's best opera may be seen and heard in practically all European cities but to do this many countries and cities subsidize the performances.

More than ten million tickets were sold to the Seattle World's Fair but 268,113 of tickets sold in advance went unused.

Most foreign airlines flying the Atlantic have sustained heavy losses over the past few years but two small carriers, Irish International and El Israel continue to make increasing profits.

Like many folks we used the words sick and ill on an interchangeable basis until our doctor pointed out that sick usually means nauseated.

Today's favorite gag: MOTORIST — "Say, this used car you sold me can't climb a hill, and you swore up and down it was a good car."

Wedding description in the Buffalo Courier-Express: "She completed her ensemble with a corsage and white crushed gloves."

Wonder why so many big league baseball teams have been named after birds? Currently, there are the St. Louis Cardinals and Baltimore Orioles.

Good luck and good health to you in Freedom.

Allen-Scott Report. Nehru Wants \$200 Million Military Aid Without U.S. Supervision of Use; Guarantees; Repayment Plan. Includes photos of Robert Allen and Paul Scott.

WASHINGTON — Prime Minister Nehru wants to have his cake and eat it too. Despite the badly mauled Indian army's urgent need of modern weapons, Nehru is insisting that the \$200 million in military aid he is seeking from the U.S. be granted on his own highly suspicious terms.

These exceptional conditions, as expanded to State and Defense Department authorities by Biju Patnaik, personal emissary of Nehru, are:

Permission for the U.S. to send some military advisers to accompany the new weapons to India, but they will be barred from "operational areas"; that is, the disputed Chinese border regions for which the arms presumably are intended.

Flat refusal to sign an agreement that U.S. military aid will not be employed against Pakistan — so payment for these weapons to be made until after settlement of the Chinese border controversy — if ever. Even then, the question of payment is to be negotiated, thus in effect, putting this \$200 million in military aid in a "lend-lease" category.

Particularly desired by India are large numbers of tanks, rifles, anti-tank weapons, ground-to-air and air-to-ground missiles, and radar and other communications equipment.

These arms would be in addition to the \$40 million rushed to India last year after the Chinese Communists' aggression. Much of this "hardware" was taken from depots in West Germany, which have not yet been replenished.

U.S. commanders in Europe are much concerned about this delay. Patnaik, 47, a wealthy business man, is a friend of leftist former Defense Minister Krishna Menon, who was forced out after the Indian army's rout. Patnaik makes no secret that he financed a socialist magazine strongly favorable to Menon.

OLD STORY — As is frequently the case, Secretary of State Rusk and the Joint Chiefs of Staff differed squarely on what to do about Nehru's terms.

Rusk, supported by McGeorge Bundy, powerful special assistant to the President on foreign affairs, favors bowing to the Indian leader on the ground his still-gravely-threatened army is sorely in need of modern weapons.

The Joint Chiefs of Staff don't dispute the urgent necessity for these arms. But they contend the U.S. should get absolute guarantees regarding their use. The Joint Chiefs see no reason why Nehru is opposed to U.S. officers going into "operational areas" for that purpose.

This contention is particularly stressed by the Joint Chiefs in view of Nehru's plea for U.S. aid in developing counter-insurgency forces to resist similar Red Chinese elements. The Joint Chiefs must accompany such units to ensure their effectiveness.

Pentagon authorities are frankly critical of India's continued massive mobilization of military strength on its Pakistan borders. Notwithstanding the serious situation on the Chinese border, where new attacks are threatened, India still has more than 70 per cent of its army and airforce stationed on the Pakistan borders. That country has been a strong ally, and the Joint Chiefs hold full precautions must be taken to ensure that the massive military aid Nehru wants is not used against Pakistan.

The Joint Chiefs argue there can be no valid reason for Nehru's opposing that. Patnaik has told Assistant Defense Secretary Paul Nitze that Peiping is preparing new aggressions in the disputed border regions. According to Patnaik, the Communists are pushing a vast military build-up in Tibet with much road and airfield construction. Chinese forces also are massing on India's northern and eastern borders for obvious attack purposes.

"There can be little doubt Red China is getting ready to strike again," said Patnaik. "The only question is when. We have nothing definite on that."

The issue of Nehru's terms unquestionably will be put up to President Kennedy. His decision is conjectural. But it's being closely watched by congressional leaders, particularly those critical of his \$4.9 billion foreign aid budget.

His action on the backstage Indian controversy could importantly affect what Congress does about more large-scale foreign aid spending.

SPREADING IT AROUND — India is adding six divisions, from 12 to 18. Uniforms for these new units are being bought in Canada and Australia. Patnaik was picked for the crucial U.S. military aid mission by Defense Minister Y. B. Chavan, 47, who succeeded Krishna Menon. Chavan is playing an increasingly important role in Indian affairs, and is a strong possibility as the next Prime Minister.

PLUGGING UP THE HOLES — Defense Secretary McNamara admittedly is having his troubles trying to "manage the news."

His bombastic press chief, Assistant Secretary Arthur Sylvester, might like to do that — despite spiteful disavowals by White House secretary Pierre Salinger. But McNamara and his lieutenants have their hands full getting away with such a restrictive policy.

The Pentagon boss ruefully admitted that at a private meeting with the House Armed Services Committee.

Representative Francis Becker, R-N.Y., sharply challenged McNamara on his plans to drastically revise Navy districts in the country. Becker particularly resented changes being made without first informing members of Congress.

"Why was this information given out publicly before our committee was notified?" demanded Becker. "I have received hundreds of letters asking why the Navy is going to disband the naval district in my area. If that is to be done, why wasn't this committee notified about it first?"

Officially released, explained McNamara. "It was leaked. How and why that occurred I don't know. All I know is that such leaks are frequent. That is something we are trying to stop. I've asked the Secretary of the Navy to put an end to leaks. They are very disturbing."

"Do you think you will get anywhere?" said Becker. "I hope so," replied McNamara, "but I can't say."

**By LYLE C. WILSON**  
**United Press International**  
 WASHINGTON (UPI) — Americans would be surprised and alarmed to learn that the solvency of the United States depends now—and has for some time—on the forbearance of foreigners who are this nation's short-term creditors.

Solvency means an ability to pay all legal debts. It is calculated by the American Institute for Economic Research that short-term claims against the United States now exceed the U. S. gold available to meet them. The institute calculated net foreign short term claims at \$20 billion. U. S. gold holdings have shrunk to less than \$16 billion.

The Citizens Foreign Aid Committee calculates the situation somewhat more ominously. CFAC fixes foreign held short-term dollar credits at \$24.98 billion, redeemable on demand in gold. CFAC estimates other claims on the U. S. gold reserve at about \$15 billion.

These claims include \$12.06 billion in federal reserve notes, deposit liabilities and U. S. notes outstanding which, by law, are partly backed by gold.

**Reason for Unease**  
 It follows that if all foreign creditors demanded gold today, there would not be enough gold to pay the legal bills. The United States would not be solvent. If that tends to give Americans an uneasy feeling, there is more.

"The U. S. gold stock," explains the institute, "can be likened to a \$16,000 house that is subject to a \$20,000 mortgage that becomes due and payable whenever the mortgage holder decides to demand payment."

The institute and CFAC agree on what hit the U. S. gold reserve: "The answer is simple," said the institute. "For many years the United States has disbursed abroad more U. S. currency and credits than it has received from abroad. Through its vast foreign aid program and through large military expenditures in other countries it has placed these claims in the hands of foreign governments, central banks and individuals."

**International Balance**  
 What the institute was describing was the situation that produces annually a balance of international payments unfavorable to the United States. That is, the

The principal creditors on whose forbearance depends the solvency of the United States are central banks of Western Europe. As the years of unfavorable trade balances continue and U. S. gold reserves shrink, there inevitably comes speculation about the future of the U. S. dollar.

CFAC concludes that foreign aid spending should be halved to obtain a favorable trade balance. The institute demands reduced foreign aid and a balanced budget at home to protect the dollar.

**LAZY BONES**—Five-year-old James Brownstein decided to rush the fishing season at Daffin Park Lake in Savannah, but he developed premature spring fever with this result.

## Quotes In The News

**By United Press International**  
**CHICAGO** — Republican Benjamin S. Adamowski, after losing the Chicago mayoralty to incumbent Mayor Richard J. Daley by about 150,000 votes.  
 "Here was this great machine that was going to annihilate me with 500,000 votes and it came squeaking up to the finish line and barely made it."

**GREENWOOD, Miss.** — Negro comic Dick Gregory, who recently arrived in this racially tense community:  
 "If I had my way I would send (Gov. Ross) Barnett to Harlem and make a shoe shine boy out of

him. There would be a line for 10 miles just to rub his head for luck."

**MOSCOW** — Yuri Gagarin, Russia's first cosmonaut, on a new Soviet probe (unmanned) speeding toward the moon:  
 "I envy in advance the first moon explorer. But this, apparently, is still a long way off."
