

Pendergast Aide Is Missing, Trial Opens

Suicide Note Left, Police Drag River

Schneider Had Testified Before Federal Jury
KANSAS CITY, Kan., May 1 (AP)—A suicide note was found today in the automobile of Edward L. Schneider, secretary-treasurer of seven corporations headed by Boss T. J. Pendergast.

Schneider testified four days last week before a federal grand jury which is investigating business affairs of the political boss.

An income tax evasion indictment, to which Pendergast pleaded innocent today in federal court in Kansas City, Mo., charges some of the money received by the boss from his business interests was paid through Schneider in an effort to evade income tax payment.

KANSAS CITY, May 1 (AP)—Tom J. Pendergast, Kansas City's democratic political dictator, pleaded innocent today to a federal income tax evasion indictment when arraigned before Judge Merrill E. Otis.

He pleaded innocent to both counts of the indictment, charging he evaded the tax on \$445,500 in 1935 and 1936. The first count concerns his income for 1935 and the second his income for 1936.

On the 1936 count he pleaded with leave to withdraw the plea within two weeks if he should decide to attack the indictment which was returned last Saturday, taking the place of a previous bill.

E. E. O'Malley, former state insurance superintendent, and a Pendergast lieutenant, also pleaded innocent with the reservation he would withdraw his plea within two weeks. He was charged with evading income taxes on \$62,500 in 1935 and 1936.

The \$10,000 bonds of both were continued and trial was set for June 12 before Judge Otis.

GIRL IS FREED AFTER BEING KIDNAPPED

AN ANTONIO, May 1 (AP)—The 12-year-old Rosalee Drenon was freed after being kidnapped and released by her abductors without further ado. She was being held in a hotel after the child had been taken from the porch of a neighbor's home this morning in a dazed condition.

Little girl was unable to tell her father what happened. She was taken from 2 o'clock Sunday afternoon when she left home to go to the town theater, and the time she was found.

She mumbled something about getting into a car with someone and her mother, Mrs. James Drenon, told officers. The girl failed to recognize either her parents or neighbors.

Mrs. Drenon said her daughter only had to walk a short distance to board a bus to go to town. Police believe she was picked up in an automobile while waiting for the bus and doped.

She was under care of a physician today and was in a deep sleep.

What Is Your News I. Q. ?

Each question counts 20; each part of a two-part question, 10. A score of 60 is fair, 80 good. Answers on editorial page.
1. Who is this couple. What had they to be happy about?
2. Why was "Rock-a-Bye Baby" brought up in congress?
3. What two men, both famous for their mistakes, were born just four days apart?
4. Who threw out the first ball to open the season at Washington, D. C.?

LOCAL MEN INVITE FARLEY

Two Big Spring, Texas, boosters are shown in the office in Washington of Ambrose O'Connell, center, assistant postmaster general, with their novel invitation. Engraved on a miniature cowboy was a bid for Postmaster General James Farley to attend the state postmaster's convention at Big Spring, June 23-24. Bidders were Cal Boykin, left, and J. H. Greene, right.

WOMAN DISRUPTS BUND MEET, ASKS KUHN TO TELL "TRUTH"

LA CECENTA, Calif., May 1 (AP)—Mrs. Elizabeth Barber, who identified herself as an "insignificant American housewife," almost disrupted a German-American Bund meeting of 1,500 leaders here yesterday when she demanded that New York Bund leader Fritz Kuhn tell "the truth."

When angry bund members and sympathetic listeners crowded around her to tell her to "go back to Moscow," the woman calmly quoted the Declaration of Independence and the constitution to back up her charge that Kuhn, principal speaker at the gathering, was not advocating "true Americanism."

Mrs. Barber disclaimed connection with any organization. "Give us the truth," she shouted in the middle of Kuhn's anti-Jewish speech from the flag-draped rostrum in Hesperburg park.

Early in the meeting, the speeches were disrupted when a light monoplane made two "attacks" on the gathering, "bombing" the bund members with thousands of anti-Hitler leaflets.

Suggests Program To Boost Income

Business Leader Lists 5-Points For Purposes
WASHINGTON, May 1 (AP)—Organized business heard one of its leaders, John W. O'Leary, call on the administration and congress today to translate words of business encouragement into action and bring about a national income of "at least" \$80,000,000,000 a year by adopting this five-point program:

1. Remove uncertainties of the future due to government controls beyond those needed to correct abuses.

2. Revise those laws which create strife and separate labor and management so as to restore again the mutual regard and recognition of joint interests.

3. Revise tax laws so as to follow the rule of revenue purposes rather than reform.

4. Stop unnecessary government spending and lessen government expenditures so as to bring approach to a balanced budget with resultant confidence.

5. So modify our restrictive laws as to restore the flow of capital.

SENATOR URGES BRITAIN TO NEGOTIATE FOR PEACE

WASHINGTON, May 1 (AP)—Declaring President Roosevelt could accomplish little by a reply to Adolf Hitler, Senators George (D-Ga.) and Nye (R-ND) suggested today that Great Britain take up negotiations for European peace within the framework of Hitler's Reichstag speech.

They offered this proposal in advance of the expiration at midnight of the "cash and carry" neutrality provisions, which regulate American trade with warring nations.

Contrary to the opinion held by George and Nye, some legislators believe Mr. Roosevelt may discuss Hitler's address in a "firside chat" to the nation.

The German chancellor, in response to the president's appeal for a 100-day non-aggression pledge, said Friday he was willing to give

Military Dept. Established In Caribbean Sea

Reservation To Be Located In Puerto Rico
WASHINGTON, May 1 (AP)—The war department created a new first line of defense for the Panama Canal today by establishing a military department in the Caribbean sea.

Secretary Woodring said headquarters of the new department would be located at the military reservation of San Juan, Puerto Rico.

The war department's action, taken under direction of President Roosevelt, will bring under control of the new department beginning July 1 the islands of Puerto Rico, including all adjacent keys and islands, together with the Virgin Islands, belonging to the United States.

In addition to defending the canal, the Puerto Rican department will direct defense of the Gulf of Mexico and the gulf states. American military forces in the area would be charged with the duty of preventing any hostile foreign powers from establishing bases within striking distance of the American continent.

Woodring said the department would be under the command of Brig. Gen. Edmund L. Daley.

The department was established after President Roosevelt had pledged support of the United States in defending the western hemisphere from invasion and after he had personally observed the navy's war games in the Caribbean.

Military affairs of the Caribbean have hitherto been administered from the second corps area with headquarters at Governors Island, New York.

Uncle Sam's defense bill for the year beginning July 1 appeared likely today to reach the unprecedented peacetime total of \$1,304,458,552.

Even that amount, which will be increased by \$277,000,000 if additional locks are approved for the Panama Canal, is far less than England's defense fund of nearly \$3,000,000,000.

DEMONSTRATORS STONE GERMAN BUILDING

MEXICO CITY, May 1 (AP)—The offices of the German Electric company were stoned and the Nazi flag pulled down today by a group of demonstrators participating in a May Day parade of 60,000 Mexican workers.

Caricatures of Adolf Hitler were held aloft by some of the paraders. The demonstration at the German Electric company, which has built up a large business in Mexico, was the only such incident recorded.

SNOW WHITE PICTURE SETS INCOME RECORD

HOLLYWOOD, May 1 (AP)—"Snow White and the Seven Dwarfs" has out-grossed any picture ever made.

The Walt Disney studio revealed today that the first feature length cartoon, released 15 months ago, has grossed approximately \$6,740,000.

The figure exceeds by \$1,740,000 the former record, held by 1933's "The Singing Fool," one of the first all-talkies.

COURT REFUSES TO REVIEW NEGRO CASE

WASHINGTON, May 1 (AP)—The supreme court refused today to pass upon a decision which rejected pleas of four negroes that members of their race were excluded from jury duty in San Jacinto county, Texas.

The negroes were convicted in the San Jacinto county district court on cattle theft charges.

Odessan Dies Beneath Train

Body of Bill Kelley, 30, formerly of Odessa, was being held here today pending arrival of his brother, J. A. Kelley, of Houston.

The mutilated body of Kelley was discovered in the T. & P. yards about 4 a. m. Sunday by R. M. Corcoran, switchman, as he left his switch engine post to throw a switch.

Kelley's legs, right arm and the top of his head had been severed beneath the wheels of a train, possibly at about 1 a. m.

He had been in Odessa working for the past few months and apparently was en route to Houston where his brother lived. The body was at Eberley's funeral home pending completion of arrangements. Justice of Peace J. H. Hefley returned a verdict of death by train wheels.

Warsaw Paper Hints Poland Seeking Control Of Danzig

MOSCOW'S MAY DAY MILITARY PARADE EMPHASIZES SOVIET PREPAREDNESS FOR WAR

Roper Named Minister To Canada

WASHINGTON, May 1 (AP)—President Roosevelt sent to the senate today the name of Daniel C. Roper, former secretary of commerce, to be minister to Canada. Roper has been out of office

DANIEL ROPER

since the middle of last December. His nomination to the diplomatic post brought him into a new field of service, although he has been in government work almost continuously since 1904.

When he left the commerce department post, later filled by Harry Hopkins, the South Carolinian explained he had to give "needed attention" to his personal affairs.

Norman Armour, who was appointed ambassador to Chile in 1928, was this country's last minister to Canada.

President Roosevelt hastened Roper's appointment so as to get him to Canada in time for ceremonies this month in the reception of King George and Queen Elizabeth of England.

REPORT NAZI-ITALIAN PLAN IS IN MAKING

ROME, May 1 (AP)—Virgino Gayda, authoritative fascist editor, indicated today Germany and Italy were working out a joint military plan to counter what he charged was an Anglo-French attempt at "encirclement."

The visit to Italy of Colonel-General Walther von Brauchitsch, chief of staff of the German army, Gayda said, was for that purpose.

The German came to Rome for staff talks with Italian army leaders and was received yesterday by Vittorio Emanuele and Premier Mussolini.

Italo-German staff talks, together with the recently announced expansion of the Italian army were a "necessary response to the Franco-British policy of encirclement," Gayda declared in the newspaper Il Giornale d'Italia.

He asserted it was "evident that the two great western empires had intended to pass to the offensive to halt and disperse the natural movement of younger nations through an armed coalition."

Greatest Display In Nation's History

MOSCOW, May 1 (AP)—The biggest military display ever seen on Moscow's Red Square stretched Soviet Russia's preparedness today as Moscow celebrated the 50th anniversary of international May Day.

Six hundred warplanes—including 300 massed two-engine bombers, 44 combat planes and a number of new types such as a four-engine flying "battleship" and various light bombers and pursuit types—roared over the Kremlin.

Artillery and tanks thundered across Red Square in numbers hitherto unqualed here and bayonets of tens of thousands of Red soldiers flashed in bright sunlight.

The hundreds of tanks included 38 which mounted four machine-guns and one two-inch gun, and 12 enormous, heavily armored tanks, which mounted a one-inch gun front and rear, one two-inch gun and six machine-guns.

Several fast tanks raced across the square at 40 miles an hour.

Joseph Stalin, according to Soviet officials, reviewed the parade of arm might from the top of Lenin's tomb.

Defense Commissar Klement E. Voroshiloff opened the celebration with a speech emphasizing Soviet preparedness for war.

"A Tangled Web"
The present international situation, he said, "is like a tangled web of bloody intrigue and cowardice of rulers."

He added: "The world's toilers really realize that the Soviet Union is the only country whose government is fighting for peace throughout the world."

"Everyone knows except those who do not want to admit it that the Red army is a great power which does not fear any menace from outside."

"Whoever dares to step on the thresholds of our homes will be destroyed."

"A bloody spectacle is taking place in the east and west. The U.S.S.R., however, foresaw all this and created a strong army and navy."

"No small affairs can frighten us but if a big war comes we are

See SOVIET, Page 5, Col. 2

INTEREST INCREASES IN SPONSOR CONTEST

Interest was up Monday in the contest to name a local sponsor to be Miss Big Spring at the West Texas Chamber of Commerce convention in Abilene May 15-17.

Four more concerns disclosed the names of young women who will represent them in the contest to be staged here prior to convention time.

Bobby Taylor will represent the Hollywood, Janice Slaughter the Fashion, Dora Shroyer, Collins Bros. Drugs, and Margaret Garrett the Settlers Hotel. Joyce Noina, Empire Southern Services representative, and Mary Nell Edwards, sponsor for Albert M. Fisher Co., previously had been entered in the contest.

NEW SCOUT OFFICIAL INTRODUCED HERE

At Still, area scout executive, stopped here briefly Monday afternoon to introduce Stanley A. Mata, new field executive for the west end of the council, to local scouters.

Mata will be stationed at Odessa to supervise scouting activities in the western end of the council, Jack Penrose, field executive at Big Spring, will continue to make his headquarters here.

Strickland To Accept Call To Beaumont

Rev. J. J. Strickland, Big Spring, Monday announced his acceptance of a call to be pastor of the South Park Baptist church in Beaumont. He was advised of a unanimous call by the church in a message

REV. J. J. STRICKLAND

from I. D. Addison, Beaumont, chairman of the pulpit committee. Rev. and Mrs. Strickland plan to leave here next Monday so that he will be able to assume his pastorate on May 10.

For the past two and a half years Rev. Strickland has served as missionary of Baptist District No. 8, coming here from Luling where he had served as pastor of that church for eight and a half years.

His new church, with a membership of 1,100, is second largest in Beaumont.

Showers Fall In Small Area

Thundershowers Sunday evening brought high wind, dust and rain to separated sections of the county.

A strip about eight miles wide through the center of the north half of the county received another soaking downpour, but on either side it was light and in the south part of the county there was nothing more than a heavy dust storm and light sprinkle.

From Knott to a point south of Highway the fall ranged from one to two inches. About a half inch fell around Fairview, but toward Center Point the intensity increased to as much as two inches.

The rain belt was the same area touched by a freak shower a month ago.

Ackerly reported a light shower and Coahoma had a sprinkle and dust. A similar condition prevailed at Vincent, in the northeast corner of the county. Lomax, in the western part of the county, had nothing but wind and dust. Big Spring had extremely light showers on the heels of a thick flurry of dust.

With water still standing in middles of many fields and flowing in the draws Monday morning, most farmers in the rain belt were ready to do some planting.

600,000 ON HAND AS NEW YORK WORLD FAIR OFFICIALLY OPENS

NEW YORK, May 1 (AP)—New York's \$160,000,000 World's Fair, which took three years to build, is here at last.

The greatest international exposition in history—two square miles of Long Island embracing 300 gleaming buildings, 50 miles of roads and 35,000 employees—opened its gates yesterday to several hundred thousand visitors.

President Roosevelt headed the program of inaugural ceremonies proclaiming the fair a token of America's spirit of friendship and peace toward all the world.

He spoke before about 40,000 special guests from a huge wooden stand on the steps of the \$2,000,000 federal building which

Nazi Violation Of Rights Is Stressed

League Could Invest Poland With Police Power In City
WARSAW, May 1 (AP)—Possibility Poland might seek control of Danzig Free City to forestall any German action toward forcible annexation was raised today by the official Gazetta Polska.

The newspaper, pointing to what it termed German violation of international agreements, said "the policy of Berlin creates a situation which will cause the Polish government to further its demands concerning establishment of new guarantees for Polish rights and Polish property in Danzig."

Gazetta Polska's article was interpreted as meaning Poland might ask the league of nations—nominally the highest authority in Danzig—to transfer certain of its rights to Poland.

The league could invest Poland with police power in the free city which already lies within the Polish customs administration.

It was reliably reported Reich-Chancellor Hitler had followed up his demands with more details of what he wants, including setting the width of a proposed trans-corrider German highway to no less than 13.5 miles.

By the Associated Press
Guns and allies were Europe's May Day keynote as the issue between Germany and Poland over the free city of Danzig and the Polish Corridor apparently drew closer to a solution.

In Berlin, Reich-Chancellor Hitler proclaimed Germany one of the "most-heavily armed nations of the world" and Nazi diplomats pressed efforts to isolate Poland to make her ripe for yielding to German demands.

Soviet Russia staged her annual May Day show in Moscow with emphasis on her military preparedness.

"Whoever dares to step on the thresholds of our home will be destroyed," declared Soviet Commissar Klement E. Voroshiloff.

In Paris, an authoritative source said Premier Daladier and Air Minister Guy La Chambre had mapped plans to strengthen France's air force as a counterweight to Britain's expansion of her army.

In London, Foreign Secretary Vicount Halifax was reported to have said British negotiations to bring Soviet Russia into the Anglo-French front were "making excellent progress."

The possibility was raised in Warsaw that Poland might seek control of Danzig to block any German action toward forcible annexation.

Elks Unit To Be Organized

Under the direction of Mark A. Perry, secretary of the Amarillo Elks club, an attempt is to be made here this week to organize a local unit of the B.P.O.E.

Perry was here Monday contacting men who were among the 107 to sign a petition asking the grand lodge to grant a charter for a Big Spring lodge.

A meeting of those who signed the petition, together with those who were formerly members of the active chapter here and others interested in the formation of a Big Spring Elks lodge was called for 7:30 p. m. Tuesday in the Crawford hall.

At the turn of the 20's Big Spring had one of the most active Elks organizations in the state. About the middle of the decade, the chapter was voluntarily surrendered. In 1930 an attempt was made to reorganize but was never consummated.

Perry had with him Monday a charter granted for the Big Spring unit and said that grand lodge paraphernalia had been received.

Absent Jurors Are Fined By Judge

Seventieth District court opened its third week of the current term Monday morning with the case of Harold Allen versus the Texas and Pacific Railway Co., damages, called for trial.

District Judge Cecil Collins ordered five absent jurors fined \$5 each, but remitted the fine to two who made subsequent appearances.

Monday morning was spent in examination of prospective jurors by counsel for plaintiff and the

The Timid Soul

THE FATEFUL DECISION OF GREAT BRITAIN
It is impossible to grasp, on first thought, the full significance of that happened in Great Britain. It amounts to hardly less than a social revolution.

THOMPSON
The British government is adopting conscription and establishing a Ministry of Supply, which together mean nothing less than the total mobilization of the nation's resources—its man power, its industries, its capital and its labor.

BETTER TAKE IT EASY AND BE ON SAFE SIDE
It is just as well that the war department has determined to follow up the air force and training young pilots. Safety will be emphasized, the department has announced; only young men in the best physical condition will be accepted; none of the strict rules will be relaxed in the least.

This is just as well, because the public is thoroughly sold on the idea that this country should develop an air force equal to the best.

In Germany and Italy there have been appalling losses as a result of forced methods of training pilots. The German planes, in particular, contain many inferior materials and substitutions. Nearly all of them are built for a short life. It is said the German planes would last as long as they are good for only 15 to 20 hours. After that the engines must be overhauled or junked whereas the average American built motor is good for hundreds of hours in many cases.

The Germans and Italians can get away with appalling accidents because they are not reported in the public prints, the newspapers being under absolute censorship. It is different in this country and in England, where a free press prevails. England has had heavy losses in the last two years, due to hasty training methods.

The war department is wise in its determination to maintain safe standards. In actual wartime the public would perform under more than average loads in training operations, but not in peacetime. We haven't any young lives to waste unnecessarily, even in building up our defenses. The policy should be to take it easy and play safe.

O'Daniel Invited To Air Program From Chamber

AUSTIN, May 1 (AP)—Governor W. Lee O'Daniel was invited today by the house of representatives to broadcast his Mother's Day program May 14 from the house chamber.

The governor speaks over the radio each Sunday from the executive mansion. The resolution asking him to use the hall of the house for a program May 14 "dedicated to the mothers of Texas and the United States" was by Rep. Joe Ed Winfree of Houston. It was adopted without dissent.

Members of the senate, as well as the house, were invited to attend the program.

In 1938 there were 157 cities of between 5,000 and 10,000 population which had no traffic fatalities.

Constipated?

"For 30 years I had constipation, awful gas, bloating, headaches and back pain. Adlerika helped me. I feel like a new man. Never felt better." Mrs. Mabel Schott.

Industry Would Veto War, Says Head of Texas Manufacturers

FORT WORTH, May 1 (AP)—"Industry would vote down war tomorrow if it had the opportunity," was the declaration today of Albert Clifton, of Waco, president of the Texas State Manufacturers' association and Texas industrial chairman of the Reconstruction Finance Corporation.

Clifton is one of the manufacturing and industrial leaders in Fort Worth to attend a one-day institute by the National Association of Manufacturers in co-operation with the Texas association and the Fort Worth chamber of commerce.

"Manufacturers have pledged every effort for peace," Clifton said. "Whispering which declare manufacturers want war because of the profits are first class tommyrot."

Welschberger explained that the reason the war is being made is because recovery is a matter of local leadership which industry is trying to stimulate.

"Texas and the south have set examples for the rest of the country in the way the cities are competing to attract industry," he said. "They are re-awakening America to the fact that industry is the nation's life blood."

Emery said the association favors amendment of the national labor relations act to apply equally to employer and employee alike, Bolivia.

AERIAL ACT IS SHOW ATTRACTION

Working 94 and 142 feet in the air without the aid of nets or safety devices, the Geyer brothers stage regularly act free to those on the Midway at the T. J. Tidwell Shows this week on W. 2nd street.

30,000 Expected At Athens Festival

ATHENS, May 1—An attendance of 30,000 is expected in Athens on Friday, May 26th, on the occasion of the eighth annual Fiddlers Contest and Reunion, the most widely known event of its kind in the United States. Last year's attendance was estimated at 25,000 persons.

Elliott Roosevelt, Fort Worth, son of President Franklin D. Roosevelt, has accepted an invitation to be the principal speaker at this year's event. Other honor guests will include Judge James V. Alfred, former governor; and J. E. McDonald, state commissioner of agriculture, both of whom have been principal speakers on former programs.

COSTLY ASSISTANCE

CHICAGO, May 1 (AP)—Sam Campagna, a grocer, and his wife, Anne, stepped up to two well-dressed men in The Loop and asked what elevated train they should take to reach the home of friends.

The men led the couple to the platform of a nearby station and put them on the right train.

As the train began to move, Campagna looked out the window and waved at the men. One waved back with Campagna's billfold containing \$22.

On The Record

By Dorothy Thompson

Chapter Three
UNINVITED GUESTS
The beauty of the March afternoon was unprecedented, even for Southern California. The mercury hovered, above eighty. A few clouds, resembling smoky puffs from a giant's pipe, frolicked across the very blue sky.

It is impossible to grasp, on first thought, the full significance of that happened in Great Britain. It amounts to hardly less than a social revolution. And it is difficult to believe that whether there is actual armed conflict or its only alternative—a prolonged crisis looking to a negotiated international settlement—the social order will ever again be quite what it was in the birthplace of political freedom and the home of the Mother of Parliaments.

The proposed budget is staggering. It amounts to 1,222,000,000 pounds or about \$2,000,000,000. Considering that the British population is about one-third of ours this is the equivalent of a \$19,000,000,000 American budget. It represents a full third of the total British national income.

Furthermore, it is to be raised chiefly by taxation—by increased rates on motor cars, tobacco, sugar; and by higher death duties and surtaxes. The Athens of Europe is subjecting itself to Spartan measures. The tax on automobiles jumps by 26-28 per cent. It means that the owner of a Ford will pay \$185 yearly. It may discourage the manufacture of automobiles in favor of armaments.

There are several reasons for this. One is necessity. International capitalism is in no such blooming condition as it was in 1914. There are no such sources of savings and international credit, no expectation of great international loans.

The moral force behind Hitler inside and outside of Germany was opposition to the Versailles treaty. It is spent the moment the victim becomes the victimizer. The spirit of revenge in Germany has long since been stamped on the persecution of German dissenters and Jews.

Thoughtful Germans know this. In German universities selected groups of students are being told by their teachers that the taking of Czechoslovakia was contrary to National Socialist policy, and was a crime that history will have to make good to clear the name of the German people.

The strongest part of President Roosevelt's plea to Hitler and Mussolini are the words: "I refuse to believe that the world, of necessity, a prisoner of destiny." He made a clear, constructive proposal that if the governments now mobilized in their totality lay aside their guns to arbitrate their differences, the government of the United States will take part in the discussions looking toward a more practical manner of opening up the trade channels of the world and reorganizing its economy.

Hitler has not yet made his speech as these lines are written. But if, with every channel open for the obtaining of justice for Germany for everybody else, including Czechoslovakia, and but one concession asked—the abandonment by every one of aggression or the threat of aggression—if with this alternative Hitler moves toward war, he will have lost his mind.

It would be better for his place in history if he should lose his life. (Copyright, 1939, New York Tribune, Inc.)

TWO AGAINST LOVE

by Frances Hanna

Linking strains of a robust, still... Grandma Jocelyn had liked modern music. "She was a swell old girl!" he thought. He shrugged and went on into the house.

Jocelyn nodded in satisfaction at the haunting island songs. Everything was perfect—the day; the sun; the party; the people; her brother; and even Geoff. Afternoon parties were nicest. People behaved better in daylight.

But suddenly, with shrill exclamation, Sandy began to bark, then raced on his rummy short legs around the left side of the house. At the same moment a car backed from the direction of the drive. Sandy's barking became more insistent, more furious, as an apparition materialized before the astounded eyes of the guests.

Humphreys, wrapped in austere dignity, marched toward the offending contraption. Jocelyn saw a tall young man in laborer's clothes get out of the driver's seat and speak to the butler. For several minutes they held a conversation, at the end of which the young man stared defiantly in her direction; and Humphreys, forgetting dignity, almost ran toward her, an expression of horror and distaste on his usually imperturbable face.

"What is it, Humphreys?" she demanded, conscious that everyone within earshot was listening.

"It... it's them, Miss. Oh, this is terrible. Terrible!" "For goodness' sake, Humphreys, who is them? And what is terrible?" "Those Texas people, Miss Jocelyn. That Mack family... they have come here to stay... they want to know where to put their belongings... shall I get Mister Thorndyke?"

Jocelyn, instantly deciding it was not do to faint at her own party, clutched her hands and said: "Never mind, Humphreys. I'll talk to them. You might serve more hors d'oeuvres and see that the Hawaiians keep playing."

She lifted her trailing skirts in one hand and advanced toward the invaders, her facial muscles frozen into a vexed frown. Why hadn't they let her know they were coming instead of embarrassing her before all these people? And what would she do with them? She didn't need a second look to know they were socially quite impossible. Texas farmers. Barging in where they must know they were not wanted.

"How do you do," she said frigidly, reaching for the car and the tall young farmer beside it. For one moment her cool blue eyes clashed with his bold black ones, then hers wavered to the car's other passengers. "I am Jocelyn Russell," she stated. "I understand you are the Mack family."

"Yep," replied old Mack, shifting the squirming Betsy and writing Tex from his knees to Della's commanding eye. He clambered out of the back seat to the stony ground. His shrewd old eyes twinkled at Jocelyn. "So you're Josie's grand-daddy," he cackled. "Jehoshaphat! If you ain't the spittin' image of your grandpa when she and I was keepin' company nigh onto sixty years ago. That was before she run off with your grandpa."

Young Talbot touched his shoulder. "Tell her about it later, Gram," he advised gently. "Right now we've got to find out where to dig in."

The old man subsided while Talbot introduced her to Gretchen, his mother, and Betsy. Jocelyn's eyes rested on the huge white cat with horrified fascination. "That's Tex, our cat," he offered. "Jocelyn felt something pushing at her legs and looked down to see Sandy attempting to get into the car. As she moved he sprang to the running-board and poked his black muzzle inside the door. Tex's tail swelled to the size of an ostrich plume and he let out a blood-curdling yowl that sent Sandy scampering toward the house with his stubby tail as far between his legs as it would reach.

"Your cat looks like a vicious animal," Jocelyn observed coldly. "Some people always judge by first appearances," Talbot retorted, his black eyes challenging. "I reckon you might be one of them." Jocelyn's indignant glance swept him from black head to dusty boots.

"I'm not concerned with your 'reckonings,' Mr. Mack. If you must see, I am giving a party and I'll have to return to my guests. If you will be so kind as to move your car to the rear of the house, I will instruct the butler to settle you, temporarily, in the unused left wing."

"Your hospitality overwhelms me!" he said. (Copyright, 1939.) Continued tomorrow.

Services For Glaser Held
STANTON, April 30 (Sp)—Funeral for George Adolph (Dolt) Glaser was held Sunday afternoon at 8:30 p. m. from the Church of Christ in Stanton. Rev. Virgil Jackson was in charge of funeral services at the church and graveside.

Mr. Glaser died Saturday morning at 9 a. m. after an illness of only a week. Born Sept. 24, 1882, in Mississippi, he came to Bell County, Texas, in 1894, moving from there to Martin county in 1906. He had made his home and near Stanton since that time, having served as county judge for four years, from 1927 to 1931.

He is survived by two sons, Amel, 19, of Big Spring, and Cecil, 16, of Pasadena, California, both of whom were here for the funeral. Also surviving are two sisters, Mrs. John R. Joyner, and Mrs. R. L. Henson, and one half-brother, F. W. Henson, all of Stanton.

Rix Funeral Home of Odessa and Burnam Funeral Home of Stanton were in charge of funeral directions, and burial was in Evergreen cemetery here. Active pallbearers were T. W. Haynie, Mill Yater, Vin Cheatham, A. W. Kealing, Forrest King, and Poe Woodard.

RUSSIANS REST AT CONSULATE

AUSTIN, May 1—Thirty-three Texas business establishments met their economic Waterloo during March, an increase of 22.2 per cent over February commercial failures and an increase of 7.7 per cent over March last year, the University of Texas Bureau of Business Research reported today.

Total liabilities of bankruptcies in March was \$488,000, an increase of 89.3 per cent over the preceding month and 22.7 per cent over March of last year.

Failures for the first three months of 1939 totaled 62.5 per cent above the first quarter of last year, and total liabilities exceeded those of last year by 144.8 per cent.

Seventy-two per cent of all persons killed in traffic at night are pedestrians.

The North Carolina strawberry belt reported 1 '9 production conditions were almost ideal.

The Sports Parade

By HANK HART

On his first tour of the new WT-NM league, Milton E. Price of Dallas, circuit president, stopped here over the weekend to witness the Apache-Baron series before returning home. Price is bubbling enthusiasm at the new setup, expresses his belief that attendance records will be broken throughout the league.

"The league will cease to become an experiment this year," he told your reporter Sunday, "we can look forward to the establishment of one of the best 'D' leagues in the country."

When queried of the relative strength of the members of the family the chief pilot indicated he believed that there was not a standout club, hinted that the great Lubbock team of 1938 has crumbled.

As much had long been suspected since if a man's teeth have been taken his bite has lost its effectiveness. The Lubbock team lost its teeth when its great pitching staff composed of Tom Fleming, Ernest Terry, Ralph Marshall, Marvin Gramly and Jerry Blanchard, marched away to better things.

It is apparent, disclosed the president, that Lamesa won the trophy emblematic of the record attendance for opening day. No less than 1,400 paid admissions sat in on the Lobos' opener with Abilene last week.

Fincher Withers hasn't won his battle in Abilene in trying to sell the proposition to that city's fans but he expresses faith in their awakening. Tat has had trouble in meeting expenses on revenue realized but he's going ahead preparing for night play, will soon be equipped to turn on the lights. The Apache skipper said he was confident that a city which drew 72,000 paid admissions to softball games last season would back him up.

Tony Rego, grateful of the fact that Big Spring will support well a team up in the running, has had his troubles, by no means has an established lineup. He needs first and most of all, at least two pitchers who can go the route. Of the present crop it appears that only Johnny Soden is capable of lasting the distance and the Washington team is troubled with a sore arm. That's the reason he didn't go to bat in Sunday's game.

John Marek has been overworked and hasn't been training long enough to go nine innings. The same holds true with Charley Morgan. Rego is counting on both boys. The skipper also feels that Herb Flynn and Elson Bahr, the two new right-handers, will produce. Both boys displayed a world of stuff in their Saturday night assignment and are sure to be heard from later.

Least of Rego's worries is at third base where Billy Capps apparently intends to end his stretch in this league for once and for all. Through Sunday's game the Comanche kid had collected 12 hits in 34 trips to the plate for an average of .353. He has batted in 11 runs, scored eight times. Of his 12 hits half of them have gone for extra bases, including four home runs, a triple and a double. He has been retired on strikes but once.

George Neal established some sort of golf endurance record here Sunday when he played through 54 holes, setting up his unique record on both local courses.

FIRST IN HISTORY

CARLISLE, Pa., May 1 (AP)—Presty Alice Abbott, of Philadelphia, has won a place on the Dickinson college varsity tennis team—first girl in the history of the college to accomplish the feat. Coach Hays, Dickinson coach, believes she has "fine possibilities of developing into a classy intercollegiate player."

IN THE INNING HOMER DEFEATS BARONS, 9-7

Black Cats And Mineola Play Here Tuesday

Locals Feature 'Rocking Chair' Catcher

Featuring what is said to be the only catcher who employs a rocking chair while working behind the plate, the Big Spring Black Cats, colored baseball nine, will meet the strong Mineola Black Panthers in a 4 p. m. exhibition in Baron park Tuesday.

The dusky one who snags 'em sitting down is Charley Merrick. His lateness doesn't effect his ability, however. The locals are expected to rely upon the good right arm of Smitty Smith, a San Angelo boy, to work on the hill for them. Smith played several games with the Big Springers last year.

Admission for the fracas has been established at 25 cents. The Black Cats went to Wink Sunday to absorb a 5-4 licking at the hands of an independent team of that city.

Steers Face SMU Ponies

If the boys don't sidetrack the University of Texas Longhorns this week, they can pack up their squirrel guns and save their sniping for some other season.

The Texans are strictly on the spot this week, a four-game schedule on their hands, some of the best pitchers in the Southwest conference firing at them and their own hurling staff preparing for an open violation of the wages and hours law.

Uncle Billy Diech, worried by the lack of pitchers but still able to win ten straight games with the talent on hand, must juggle his elbowers around for four games in five days against Southern Methodist and Baylor, two capable foes. The Methodists, who play Texas in Austin today and tomorrow, planned to use big ERL Dowell in an effort to slow down the Longhorns in the opener. Uncle Billy Diech fingered through his list of pitchers and got little further than Melvin Deutch, his ace, and Rodriguez, a sophomore who pitched well his only time out. Bob Meitzen is sure to start one of the games.

After the SMU series, the Longhorns must step right up against Tommy Fine's crew, and the Baylor hurler is decidedly on the tough side. Sherman Barnes is the other Baylor bomber likely to start in the two-game series Thursday and Friday at Austin.

Texas nipped Rice Institute, 5-2, in the first game last week then came back to cool off the Texas Aggies, 18-6, in a Saturday game at Austin.

Baylor's Bruins, seen-sawing with the Aggies for the runnerup position, muffed a chance to edge past the Farmers by bowing to Texas Christian, 7-1, Saturday, after dusting Southern Methodist, 8-2, in a Friday game.

Rice, which roused itself to play Texas a good game last week, moved into College Station today for a game with the Aggies. The sixth game of the week will be at Dallas, Southern Methodist and Texas Christian playing off a game rained out in early season.

Earl Overman, who has been nursing an ankle injury here, was ordered to report to the team in San Antonio today. Schepps announced also that the contract of Ernie Sulik, outfielder, had been reassigned to the Jersey City club of the International League, from which Dallas bought him conditionally through the New York Giants.

FIRE DAMAGE
Fire, apparently originating from defective wiring, caused considerable damage to a residence at 701 E. 17th street early Monday morning.

Portsider Again Tames Yanks As DiMag Rests; Red Sox Tame A's

Associated Press Staff
It's going out of the way to find trouble for anyone to predict in the first month of baseball season that a player who now is injured will win a major league most valuable player award come autumn.

Yet Joe DiMaggio, cooped up in his New York hotel room today with a leg tightly bandaged, ought to be the choice of baseball writers when next they ballot. The records show that as DiMag goes, so go the Yanks.

He tore some muscles in his right leg in a fall Saturday and the world champions lost two games to the Washington Senators, yesterday's by a 2-2 score.

Lefties ineffective
In both games left-handed pitching triumphed, yet with the right-handed DiMaggio in the lineup New York did not lose to a southpaw any time during the exhibition campaign nor in league games where they faced three portlanders.

This was the first time in the four seasons DiMaggio had been with the Yankees that they have started right out winning. In 1936 when he was a rookie he burned a foot at training camp and didn't break into the lineup until May 1. The club, which had been beating itself that week, scored into first seven days later and never straggled back. In 1937 he was sidelined until May 1 by a torn operation. Last year

Locals Go To Abilene For Two Games

Pitching Help Is Needed; Return Here Wednesday

Unsuccessful in their opening series with the Abilene club here the Big Spring Barons moved to Abilene today where they were to oppose the Apaches in a pair of games before returning home Wednesday night to mix with Clovis.

Fincher Withers seemingly held all the face cards in today's duel since Pilot Tony Rego of the locals did not have a pitcher able to go the route. His ace, Johnny Soden, is troubled with a sore arm and will not be available for duty for several days.

The Apaches turned almost certain defeat to a 9-7 victory in their Sunday assignment with the Barons here before 1,000 fans. The invaders were never ahead until the ninth frame when Don Sternberg's homer in that stanza settled the issue for once and for all.

Jodie Marek tried a turn at the mound for the third time in five days but he showed signs of over-swing and lasted but four innings. Charley Morgan and Clarence Trantham also worked but were ineffective.

Franklin "Hot"
Don Stewart started on the hill for the victors but Benny Franklin earned credit for the victory by taking over in the third frame and holding the Baron gunners in check.

The Big Springers broke loose in the second round to post Marek to a two run lead when Billy Capps and Richard Hobson tallied on a sacrifice by Al Berndt and Marek's single and returned in the third for two other runs as Curdell Lloyd doubled. Marshall gained first when Schuessler made an unsuccessful try for Lloyd at third base on Van's ground ball and Capps doubled but the invaders tied the count in the fourth and chased Marek from the mound with a four run, five hit attack, featured by Bob Evans' two run single.

The Barons tediously went to work again but were held scoreless until the seventh when Berndt, Lloyd and Marshall tallied in the midst of a wild inning which saw Franklin give up two bases on balls and his defense crack wide open.

Schuessler batted across Guinn for Abilene's first run in the eighth frame and Morris came up to smack out a home run with Focur up front to even the tally at seven all.

After Sternberg had clouted his homer off Trantham in the ninth Schuessler again produced, batting See BARONS, Page 4, Col. 2

Blames Stout For Loss At Jamaica

LOUISVILLE, Ky., May 1 (AP)—Trainer Matt Brady today blamed Jockey Jimmy Stout, aboard the victorious Johnstown, for the mix-up in last Saturday's Wood Memorial which caused William Ziegler, Jr.'s El Chico to wind up in sixth place.

Still rankled at the turn of events at Jamaica, the ordinarily genial Irishman was anything but that as he arrived here with the Ziegler entry in Saturday's Kentucky Derby.

"Why," he insisted, "Chico and maybe other horses might have been injured. Stout shouldn't have crossed from the outside and barged through like that. We're lucky it wasn't worse."

The incident occurred as the field headed into the first turn in the mile-and-70 yard "derby prep." El Chico broke with the leaders, but was badly bumped at the turn, half stumbled and never recovered enough to be a contender. Johnstown waltzed in by six lengths.

HARRISON IS THROUGH WITH ATHLETICS

PHILADELPHIA, May 1 (AP)—Don Harrison, who as director of athletics at the University of Pittsburgh helped put the Panthers at the top in football, is through with athletics.

A spectator at the Penn relay carnival last Friday and Saturday, Harrison declared: "Ten years of high pressure athletics is enough for me. I have no intention of returning."

Harrison, now head of the English department of the Pitt extension center at Erie, Pa., resigned as director of athletics two years ago following differences with Dr. John Bain "Jock" Sutherland, then head football coach. Sutherland resigned two months ago.

Harrison, 45 years old, succeeded Karl Davis as director of athletics at Pitt 12 years ago. It was during his regime that the Panthers gained national football recognition and made four appearances in the annual Rose Bowl game.

"I decided to retire," he explained. "Because we couldn't have the two leaders in the athletic department fighting."

Big Spring Tennis Club To Hear C. D. Brown Tonight

Woodruff In Wrong Race, Says Coach

NEW YORK, May 1 (AP)—Long John Woodruff has just run a 47.4-second quarter-mile to give Pittsburgh its fourth championship of the 48th Penn relay carnival. Earlier that day he had done better than 21.4 for 220 yards, and the day before he had run a 1:51.2 half-mile.

Each of those times is within hailing distance of a new world record. Yet Lawson Robertson, veteran coach of U. S. Olympic teams, was oddly reserved in his enthusiasm.

"That boy should have been the world's first four-minute miler," said Robbia. "With proper training, he would have been. But it's too late now. He's been running the wrong distances, and can't change over any more. It's too bad."

The four-minute mile, of course, has been every track man's dream since Glenn Cunningham and Jack Lovelock first started hauling the time down around 4:07. In view of that, Robertson's pessimistic reaction is understandable.

But looking only at Woodruff's performance, without regard for perhaps wasted potentialities, the 6-foot-4-inch Olympic champion is a phenomenal figure. Ever since 1936, when he won the 800-meter title at Berlin, the experts have been waiting for the day when Long John really would be pushed.

They're still waiting. When other runners start working their legs like frantic pistons, Woodruff merely stretches what is already a space-devouring stride.

If Long John should be extended to his limit some day, Robertson thinks he could run a half mile in 1:48, one and two-tenths seconds under Sydney Wooderson's still unofficial world record.

VITTER IN NEW FIELDING MARK

DALLAS, May 1 (AP)—Joe Vitter of the Shreveport Sports set a new Texas League record at Shreveport April 28 when he made 11 putouts at second base in a game against Dallas.

George Meyer, playing for Dallas, set the old mark of 10 last year, coincidentally in a Dallas-Shreveport game.

The Texas League office also announced Vitter had tied, in April 28 contest, the record number—15—of total chances accepted at second base in a single game. Meyer set that mark last year.

All Enthusiasts Invited To Enter Club

The Big Spring tennis club will hold its first regular session tonight, 8 o'clock, at the city hall. C. D. Brown, past president of the Fort Worth Tennis club, will be featured on the program. He will speak on the proper functions of a tennis organization and give suggestions on how such an organization can be improved.

Harold Harvey, who was named president of the unit in last week's meeting, urges that every one interested in tennis be in attendance tonight.

Admission to the club has been established at 50 cents. Primary objective behind the organization is the improvement of playing conditions here.

The city announced last week that work had begun on two new hard surfaced courts at the city park.

Houston Spurts To Texas League Lead With Twin Win Over Dallas

By the Associated Press
Tulsa and San Antonio climaxed the season's first full double-header bill in the Texas league by starting a game in April and ending it in May.

Successive singles by Johnny Lucadello, Bob Swift, Tony Criscola and Fred Strobs in the 11th gave the Mission the two-and-half hour opener 10-9; then the clubs tallied from 10:50 p. m. until 12:50 a. m. Monday before Tulsa took the seven-inning second game 8-4.

Meanwhile Houston displayed power in crushing Dallas 8-6 and 12-0, spurring into the league leadership as Fort Worth beat Shreveport 2-2 before losing to the Sports 7-6. Beaumont climbed into a tie with Dallas for fifth place by nipping Oklahoma City 4-3 and 6-2.

Houston batmen hammered Jerry Sorelle for eight runs in six innings in the opener, then really got under way in the second game, slapping Touchstone for six runs, Demoran for another, and Morse for five.

Hal Manders outduelled Al Shealy and Wiloy Moore to win the teninning opener for Beaumont and John Corvick bested Leo Moon in the second game.

Vernon Washington's single to score Jerry Moore in the fifth inning of the shortened second game gave Shreveport its even break for the afternoon. Fort Worth rallied in the last two innings to win the first game.

Payne Blanks Knott, 7-0, For Tigers

Pop Payne lamed the Knott Howboys with three hits to pace the Mexican Tigers to a 7-0 victory here Sunday afternoon.

The Tigers gave the veterans good support, getting to Des Froman for a tally in the second round when he came across on Tony Fierro's single and again in the third when Parras and Mendosa crossed into pay dirt on Gamboa's double.

After Popeye Cruz had counted in the fourth on Tiny Fierro's base hit, Froman tightened until the seventh when Mendosa scored after doubling. In the eighth the Tigers finished up with two runs when Cruz walked, Tony Fierro hit and Tiny Fierro drove them both across. Score by innings: Knott000 000 000-0 3 2 Tigers012 100 125-7 9 1 Froman and Buck; Payne and Cruz.

STRAIGHT SHOOTERS
CLEMSON, N. C., May 1 (AP)—Batters did some neat side-stepping and fancy ducking in the Clemson-Presbyterian college baseball game here—but not enough. The Presbyterian pitcher hit three and the Clemson hurler, two.
