## Succession Due Talk In Senate

WASHINGTON (UPI) - Senate Democratic leaders today endorsed plans for January public hearings on the problem of presidential succession, but carefully reserved judgment on what form it should take.

The main point at issue now is how to deal with a vacancy in the vice presidency.

Senate Democratic Leader Mike Mansfield, Mont., told a reporter that hearings on two constitutional amendments introduced Thursday will "get the subject out in the open" for a determination of whether changes are needed.

Democratic Whip Hubert H. Humphrey, Minn., said he is asking about 50 top members of the American Political Science Association to "give us their views as guidelines" for any action. He is a former officer of the association.

"By looking to the scholars we can get some very helpful guidance for the hearings," Humphrey said.

Humphrey told UPI he feels that the "appropriate form" for any change is the constitutional amendment, rather than legislation. But he added, "I'm not yet prepared to say which route by amendment is better."

Sen. Jacob K. Javits, R-N.Y., proposed an amendment to provide for the immediate congressional election of a vice president when that office becomes vacant for any reason Two US Army Craft in this "split-second nuclear age." This would be done in ing one vote.

WM. F. BLAKELY, PASTOR BETHAL ASSEMBLY OF GOD

### THE LAST COMMANDMENT

Christ's last commandment to His Followers is given in Acts 1:4, 5 and, being assembled together with them, commanded them that they should not depart from Jerusalem, but wait for the promise of the Father, which, saith he, ye have heard of me. For John truly baptised with water: but ye shall be baptised with the Holy Ghost not many days

The purposes of this baptism with the Holy Ghost are given in Acts 1:8 (1) But ye shall receive power, after that the Holy Ghost is come upon you: (2) and ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth.

Records of five such events are given in Acts 2:4 And they were all filled with the Holy Ghost, and began to speak with other tongues, as the Spirit gave them utterance. Acts 8:17 And they laid their hands on them, and they received the Holy Ghost. Acts 9:17 And Ananias went his way, and entered into the house; and putting his hands on him said, Brother Saul, the Lord, even Jesus, that appeared unto thee in the way as thou camest, hath sent me, that thou mightest receive thy sight, and be filled with the Holy Ghost. Acts 10:44, 46 While Peter yet spake these words, the Holy Ghost fell on all them which heard the word, For they heard them speak with tongues, and magnify God. Acts 19:6 And when Paul laid his hands upon them, the Holy Ghost came on them; and they spake with tongues, and prophesied.

On the day of Pentecost Peter exhorted the amazed onlookers, Acts 3:39 For the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call.

This gripping story was unfolded dramatically. She skillfully created the image of the depraved humanity which Eich-

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

And it may be a help to readers tackling the growing annual problem of what to get for whom.

What is it that makes the bike so appealing? Why is it such an enchanting vehicle to practically all ages? There have got to be reasons.

Fitness? That's surely one reason. Dr. Paul Dudley White continues to prescribe bikeriding for adults as preventive medicine against heart attacks - and in his mid-seventies continues to take his own medicine regularly. The Council on Physical Fitness recommends cycling in its adult fitness program, and the American Association for Health, Physical Education and Recreation pulls out all the stops in urging school kids to ride.

Transportation? In many countries the bicycle remains the principal means — other han walking - of getting from bere to there. Here, too, it is a the guickest way - as the easiest and cheap-- anyone who has ever wheeled through a traffic
