

Assassination Biggest Story Since WW II

NEW YORK (UPI) — The assassination of President Kennedy — one of the top stories of the century — completely dominated a news year that ranked highest in drama and import of any year since World War II.

U. S. A. was the overwhelming choice for second place on the list announced Wednesday night. The annual poll of editors represents hundreds of UPI subscribers in the United States and Canada.

Here is the 1963 list:
1. Kennedy assassination.
2. Integration, U.S.A.
3. John XXIII dies, Paul VI succeeds.
4. Cooper space flight.
5. U. S. A.-British-Russian nuclear ban.
6. Assassination of Premier Diem and brother in Viet Nam.
7. Atomic submarine Thresher lost.
8. Profumo sex scandal in Britain.

9. Supreme Court rules against reciting Lord's Prayer in schools.
10. Fischer Quintuplets.
The ban by the major powers on nuclear testing in the air held steady in fifth place throughout the balloting.

Fairly close to the quintuplets of Aberdeen, S. D., as runners-up but not quite big enough to make the list, were two stories of widely dissimilar news import: The 14-day ordeal and rescue of two buried coal miners at Shepppton, Pa.; and the widening split between Red China and Russia.

Many editors remarked that 1963 seemed the newswiest year since the war. Some said the list might have better included the 15, or perhaps 20, "biggest."

UPI submitted ballots containing 32 major events of the year for the consideration of editors. They usually base their judgments on significance, public impact, shock value, human interest, readability, and the amount of space the story occupied in the newspapers.

The "ten biggest news stories of 1963" list as voted by editors of UPI subscribers in Europe:
1. Kennedy assassination.
2. Pope John-Pope Paul.
3. Nuclear test ban treaty.
4. The Profumo affair.
5. French veto of British Common Market entry.
6. The German mine disaster and rescues.
7. Vaiont Dam collapse kills thousands.
8. and 9. (tie) Adenauer resigns, Erhard takes over; and Skopje Earthquake.
10. Macmillan resigns; Lord Home takes over.
Edged by narrow margins were the first woman in space, Kennedy's European tour, Diem assassination, Britain's train robbery, Soviet grain purchases, integration in the U. S. A., didn't place.

"The most sublime thing in the universe, except its Creator, is a great and free people governing itself by a law higher than its own desire."

—Senator Hoar

LBJ Signs Bill on Job Training

Schoolboy Wounds 2 Teachers

GROVES, Tex. (UPI) — A 15-year-old schoolboy, angry because he was dressed down for causing a disturbance at a school Christmas assembly Wednesday shot and wounded two teachers with a .410 shotgun.

One of the teachers, Carlos Rojo, 33, a part-time instructor at the Woodlawn Junior High School, took a full charge of buckshot in the right arm and abdomen. Doctors said the stomach wound was slight but that Rojos may lose some fingers of his right hand.

The other teacher, David Garrett, 34, of Beaumont, was treated and released.

The incident began at the school's morning Christmas assembly when a teacher ordered the youth to go to the office of principal Lyndell Grigg for creating a disturbance.

Leaves School
The boy angrily refused and stalked out of the school.

He dashed to his home, about a mile away, and told his mother he was going to shoot Griggs. He grabbed up the shotgun and nine shells, despite his mother's attempts to stop him.

The frightened woman called police as soon as the boy left. Still carrying the gun, the youth charged into the school's deserted hallway, where he slipped and fell. The gun discharged, and the youth fled outside, crouching behind a parked school bus.

Shot Hits Garrett
Griggs, Garrett and school counselor Earl Jeffery came out to see what had happened but scurried back inside when a charge of buckshot hit Garrett.

The youth ran around the school and went in a back door. Rojo was standing in the hall and saw the shotgun.
"Don't do it," he yelled and tried to wrestle the gun from the youth. It discharged, hitting Rojo.

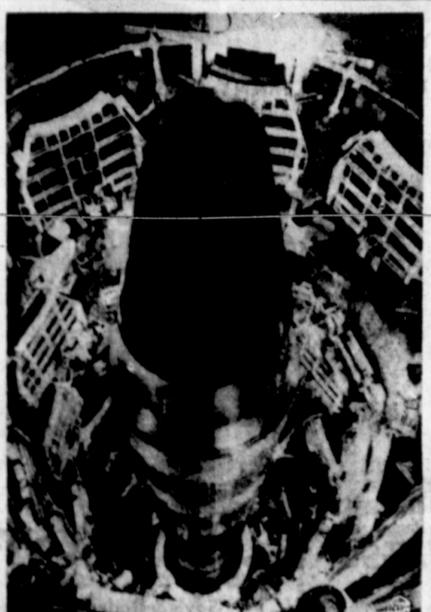

By then police had arrived. They took the youth to the sheriff's office at nearby Beaumont and later to the Beaumont juvenile home. Dist. Atty. W. C. Lindsey said the boy has made a statement, but Lindsey did not know what action would be taken in the case.

Congress Rejects Cut in Aid Issue

WASHINGTON (UPI) — The Senate today rejected attempts to trim its \$3.3 billion foreign aid money bill and moved toward a final vote on the measure late today and possible adjournment Friday.

The Senate first rejected 55 to 28 an amendment by Sen. Wayne L. Morse, D-Ore., to cut \$60 million from "supporting assistance," which backs up military aid.

It then voted down 53 to 34 a follow-up move to slash \$30 million from the same item. The Senate Appropriations Committee recommended \$380 million for supporting assistance and the House voted only \$300 million — the figure Morse sought.

READY FOR LAUNCHING — This 10-story-tall Titan II intercontinental-range missile, one of 18 turned over to the Strategic Air Command in Wichita, Kan., is shown ready for launching on its 150-foot deep pad. A version of this missile is under development as a launch vehicle for the forthcoming Gemini two-man space flight. (NEA Telephoto)

Soviet Guards Shove Ghanaians in Snow

MOSCOW (UPI) — Soviet militiamen guarding the Ghanaian Embassy today shoved several African students back into the snow when they tried to force their way into the building.

A group of 30 Ghanaian students had tried to enter the embassy in search of more information on the death of fellow-student Edmund Asare-Addo, whose body was found frozen in the snow alongside a railroad track north of Moscow last Thursday.

His death had caused a demonstration in Red Square Wednesday, in which an estimated 400 Ghanaian students paraded with banners protesting alleged Soviet mistreatment of Africans.

The Soviets denied the charge and high Soviet officials conferred in the Kremlin with some of the demonstrators. The Russians promised a further report on Asare-Addo's death, which the Ghanaians attributed to foul play but which the Russians said was due to natural causes.

Ex-Envoy Charged In Waste

WASHINGTON (UPI) — A House committee staff report charged today that a former U.S. ambassador may have wasted more than \$200,000 in foreign aid funds by ordering a road built in Panama without detailed engineering studies.

Staff investigators of the House Foreign Affairs Committee, who looked at the road first hand, said they bogged down in a mudhole less than a mile from the start.

They said the 20-mile road, designed to link the central provinces of Panama with the Atlantic Ocean, is "now largely a trail" and impassable for the most part to motor vehicles.

The ambassador, who the report said ordered its construction against the advice of U.S. aid experts, was Joseph S. Farland.

He resigned in a huff last August.

Farland has said that one reason he quit was a controversy with aid agency officials in Washington over the handling of a U.S.-insured private housing project for Panama. Farland said he thought the project "stinks."

The congressional investigators also reported on that matter. They said the plan to build low-cost housing for low-income families changed somehow over a period of 20 months into a \$10 million project for upper middle income homes, much to the consternation of many Panamanians.

The project calls for the construction of 1,200 single-family houses which would be sold for \$9,333 each on a 174-acre site in Panama City.

The Gilbane Construction Co. of Rhode Island was set to be the prime contractor. A loan of \$8,750,000 at 5 1/2 per cent interest was to be made by two U. S. labor organizations — the Bakery and Confectionery Union and Amalgamated Lithographers of America. The aid agency's guarantee would cover \$8.1 million of the loan.

The committee investigators said other applications for guarantees on housing projects in Panama have been excluded from consideration.

The report said Panama withdrew a commitment to also secure the loan with government bonds after the "turnaround" on the project, which is now being reviewed by the aid agency.

DEMOLISHED — Shown is the pickup belonging to Ray H. Parrish, 1115 Duncan, which reportedly was struck by a car driven by B. A. Organ, 1300 Duncan, according to investigating officer J. B. Goad. Organ was charged with leaving the scene of an accident. Goad said, Damage to Organ's car was estimated at \$2,000 and Parrish's at \$300. The collision occurred in front of Parrish's house around midnight. (Daily News Photo)

Oil Allowable Gets Boost For January

AUSTIN, Tex. (UPI) — The Texas Railroad Commission today gave the state's oil producers a 28,565 barrels daily increase in their January allowable for crude oil.

The commission set the daily allowable at 2,856,818 barrels daily, based on 28.5 per cent of potential production. The December allowable was based on 28 per cent.

The commission estimated the January allowable would result in actual production of 2,534,604 barrels daily after allowing for underproduction factors.

Eight of the 13 companies making purchase nominations today recommended an allowable based on less than 28 per cent. Two wanted a 28 per cent factor, and three wanted 29 per cent.

The half per cent increase amounts to a boost of 28,565 barrels daily for Texas oil producers next month over current allowable.

Desegregation Moves Made

BIRMINGHAM, Ala. (UPI) — Two separate legal moves were taken Wednesday to step up desegregation in Alabama's public school systems.

Federal Judge H. H. Grooms ordered the Gadsden school board to drop racial restrictions for students in all of its schools by September, and Negroes filed suits in the same federal court here seeking complete desegregation of public schools in Huntsville and Madison County.

Several public schools in Birmingham, Mobile, Huntsville and Tuskegee were desegregated under federal court order last fall. Several months earlier, Negro students were admitted to the University of Alabama at Tuscaloosa and its extension center at Huntsville.

Crackdown Set on Salt Water Dumpers

(See Photo on Page 3)

The Carson County sheriff's office, State Highway patrolmen and officials of Ground Water Conservation District 3 today began an intensive campaign to crack down on haulers who are dumping salt water loads along highways in the White Deer and Panhandle areas.

Felix Ryals, manager of the ground conservation district at White Deer, said today there have been at least a dozen violations within the past two weeks.

The violations, Ryals said, are being made along FM Road 2385 eight miles northwest of White Deer, a Carson County road southeast of White Deer and a county road south of Cargray Lake Rd. off U.S. Hwy. 60.

According to Ryals, some of the independent haulers are not taking their loads to injection wells or lined pits.

Ryals said violations by the independent haulers did not necessarily place guilt on oil or gas producers from whose wells the salt water is taken.

"These are independent haulers," Ryals said, "and the producers contract to have the salt water hauled away and disposed of legally."

"In order to save distance and payment for dumping the salt water loads in injection wells," Ryals said, "they are dumping the salt water and oil mixture at roadsides."

Ryals said this creates not only a traffic hazard, but it eats away black top pavement, kills vegetation and grass and also sets up the probability of rains washing the salt water into lake beds.

Judge Outlaws Cameras, Radio For Ruby's Trial

DALLAS (UPI) — State Dist. Judge Joe B. Brown announced today that no television cameras, no radio recording equipment and no still cameras will be permitted in his courtroom during the trial of Jack Ruby.

Ruby is charged with murdering Lee Harvey Oswald, accused assassin of President Kennedy.

Brown's statement ended the possibility that the trial might go on coast-to-coast live television.

Brown issued a prepared statement saying: "Throughout the trial of Jack Ruby, due process of law will prevail in my court, and the decorum will be maintained at all times by those participating in the trial, by the press, and by the public-witnessing the trial. No television equipment, no radio recording equipment, no cameras for still photographs will be permitted in the courtroom while the court is in session."

Russians Launch Space Satellite

MOSCOW (UPI) — The Soviet Union today launched another unmanned satellite.

The official Soviet news agency Tass said "Cosmos 24" carries scientific instruments which will continue space research in accordance with the program announced last March 16.

It was the 16th satellite launched by the Soviets this year, including two manned space ships.

New Cash Becomes Available

By ALVIN SPIVAK
WASHINGTON (UPI) — President Johnson today approved a bill establishing new programs to train unskilled youths and unschooled adults as part of the fight against unemployment.

The President signed legislation amending the Manpower Training Act of 1962 to pour \$527 million in new federal spending into new job training courses.

Johnson signed the bill in a cabinet room ceremony before a large group of representatives and senators. He said the measure was a major step in facing "a manpower revolution that may have more far-reaching effects than the industrial revolution of the last century."

He had particular praise for Sen. Joseph S. Clark, (D-Pa.), and Rep. Elmer J. Holland, (D-Pa.), for piloting the bill through the House and Senate.

Johnson also called an afternoon meeting with two advisers whom the late President Kennedy had appointed to study the financing of a program to develop a supersonic jet transport plane.

Scheduled to meet with Johnson were Eugene R. Black, former president of the World Bank, and Stanley Osborne, chairman of the board of Olin Mathieson Chemical Co.

Working On Compromise
Black and Osborne were named to study the plan calling for the government to put up 75 per cent and private industry 25 per cent of the estimated \$1 billion needed to develop a prototype plane. The industry feels its 25 per cent share is too high and Black and Osborne were reported to be working on a compromise.

The manpower legislation will set up new job training courses for jobless youths aged 17 through 19 and provide basic education for older workers whose inability to read and write makes retraining for jobs impossible.

It also would give states an extra year to start paying part of the cost of retraining courses (See LBJ, Page 3)

Pampa Warms as Nation Shivers

With a major portion of the nation shivering in unusually cold weather, Pampa enjoyed a warmup.

Forecasters had said that a 5 degree low was due for the area, but they missed it as the cold front failed to appear.

The highest temperature during the last 24-hour report by Bill Bowen at the amateur weather station was 28 degrees at 7 a.m. this morning. The lowest was 12 degrees at 7 a.m. yesterday.

No moisture is reported in the area, and the warmup is expected to continue through Friday, said forecasters.

Deadline Given On Tax Payment

Noonday on Dec. 31 will be the deadline for paying taxes for the first half of 1963 without penalty, City Tax Collector Aubrey Jones said today.

Persons wishing to pay half taxes can save the 8 per cent penalty and 6 per cent per annum interest on late payments if they make the payments before noon Tuesday, Dec. 31, Jones stated.

The tax collector said this applies only to those wishing to make half payments.

Beginning Jan. 1 the penalty and interest becomes effective on half-year payments of 1963 taxes.

Stamp Sales Near Record

WASHINGTON (UPI)—A spot check in seven cities showed Wednesday that Christmas postage stamps may have record sales this year, the Post Office Department said.

The postmasters in the cities — Seattle, Indianapolis, Minneapolis, New York, Philadelphia, Richmond and Memphis — estimated that sales of the holiday stamps will be 50 per cent higher this year than last.

The postmasters reported they have ordered almost 152 million stamps, compared with the 109 million they requisitioned in 1962 when the first Christmas postage stamp was issued.

LIFE OR DEATH

AUSTIN (Sp) — The Christmas season is a good time for a bit of soul-searching on the question: "Am I my brother's keeper?" The Texas Safety Association reminds drivers: When you are behind-the-wheel, life or death is in your hands.

Richardson Mayor Heads State Unit

AUSTIN, (Sp) — W. B. Richardson, mayor pro tem of Richardson, was elected president of the Texas Municipal League, effective Jan. 1, in action Tuesday by TML directors. Mayor Earle Cabell of Dallas was elected second vice president to fill the vacancy left by the elevation of Richardson. Both men will serve through Oct. 6, final day of the 1964 TML conference in Dallas.

The rare elevation of Richardson from the rank of second vice president to the presidency came after first Vice President Hank Avery, mayor of Midland, requested exception to the usual order of succession because of personal business already scheduled which might conflict with his service as president.

Strange will succeed Lewis Cutler, whose term as mayor of Houston and as League president expires at the end of this year.

Lefors Prepares For Santa Visit

LEFORS (Sp) — Santa Claus is coming to Lefors, tomorrow immediately after school. The parade will form at the high school at 2:30 p.m. It will be headed by the Lefors P. R. A. Band. Santa will be in the fire truck.

There will be a guinea scramble on the square, guineas will have money tied to their legs.

Friday morning at 9:30, the Pirate Band and the Junior High School and second grade choirs will present a Christmas concert in the high school auditorium.

Friday noon Christmas dinner and all the trimming will be served in the school cafeteria. The public is invited.

Breeding, stocking and managing game fish requires the expenditure of \$40 million annually in the United States.

Court News

CORPORATION COURT
James F. Head, 1104 Sandelwood, disobeying stop sign, guilty, fined \$5.

Hoyt L. Hudspeth, Midland, speeding, guilty, fined \$11.

Katie Chase, 1121 S. Christy, disobeying traffic signal, guilty, fined \$18.

Edward McGuire, 1920 N. Christy, disobeying stop sign, nolo contendere, fined \$11.

Gordon B. Maddox, Memphis, Texas, speeding, guilty, fined \$10.

William R. Bowen, 1124 Seneca Ln., speeding, nolo contendere, fined \$15.

Mrs. Edna Fannon, Pampa, speeding, guilty, fined \$10.

COUNTY COURT
Lenroyel Bowie, 532 Harlem, pleaded not guilty to a DWI charge before Judge Bill Craig today. Bond was set at \$500.

DISTRICT COURT
Leonard D. Blanton, 51, Star Route 4, was arraigned in Justice of Peace Court today on a DWI charge. Bond was set at \$1,000.

Rotarians Hear A Cappella Choir

The 70 voice A Cappella Choir of Pampa High School presented a Christmas program at the Pampa Rotary Club luncheon meeting yesterday in Coronado Inn.

Under direction of Hugh Sanders, the choir sang several numbers from the "Music Man" as well as Christmas hymns and carols. Warren Hasse was narrator.

Jack Edmondson introduced the program.

Pampa Key Club member Keith Griffith urged Rotarians to take part in the fifth annual Pampa Pilgrimage Sunday. The Pilgrimage is a march to all Pampa churches from five gathering points over the city.

Fireworks Start Blaze at School
CENTER, Tex. (UPI) — Fireworks triggered a blaze Wednesday that destroyed the two-story Center High School. The 450 students and faculty made it to safety.

The fire department said someone tossed a firecracker or cherry bomb into the school auditorium. Curtains caught fire and soon spread to the ceiling. Fire trucks from three towns — St. Augustine, Nacogdoches and Carthage, Tex., were dispatched to the scene.

The high school is located in the northern sector of this community.

LBJ
(Continued From Page 1)

and extend the entire program, originally three years, through June 30, 1966.

The 1962 act, first attempt by Congress to deal with growing joblessness due to automation and other basic economic changes, set a target of 400,000 trainees in three years. Officials believe the expanded, extended program will be able to handle 700,000 persons, about a quarter of them in the 17-22 age class.

Lower Age Limit
The original manpower law limited youth training sharply and placed a lower age limit of 19 on the trainees. But new attention on high school dropout and youth unemployment statistics persuaded sponsors to shift the emphasis.

The 1962 law made no provision for teaching academic subjects to trainees, but one of the first lessons of its application was that modern industry demands literate workers. The new law would permit up to 20 weeks of training in basic education in addition to the skill courses.

Up to 93,000 youths and adults a year will be benefitted by the new programs, which add \$100 million annually to the federal-state cost.

Assassination Book Orders Triple Before First Run

RECEIVES AWARD — Buddy Francis, right, is shown receiving a trophy for leading the entire company in production for issued and paid business for the year of 1963 from Bob Hudson, president of Independence Insurance. The award was presented at the annual Christmas Banquet held at the Pampa Country Club.

NEW YORK (UPI) — Production of the United Press International-American Heritage hard cover book on the assassination of President Kennedy was placed on an round-the-clock basis Tuesday with a first press run of three-quarter of a million copies.

Forms for the 144-page illustrated volume were locked up this week, and the printing started at two plants.

Two binderies, with a total capacity for handling 60,000 copies a day, will begin shipping orders to UPI subscribers shortly after the first of the year. All copies are scheduled to be shipped in the first week of January.

When the joint project was announced on Dec. 2, plans were made for a press run of 250,000. A flood of orders by UPI subscribing newspapers and broadcasters for resale to readers and listeners increased the run to 750,000.

The book, "Four Days — The Historical Record of the Death of President Kennedy," contains 130 photographs, including 14 in color. All of the photos and text were selected from thousands of pictures and words produced by UPI cameramen and writers, beginning on Nov. 22 when Kennedy was killed in Dallas, Texas, and ending on

Nov. 25 when he was buried in Arlington National Cemetery.

Stanley Thompson, vice president in charge of production for American Heritage, said preparation of the copy for the presses was completed in 15 days, a remarkably short time for a book of such quality and permanence.

Military Rule Ends in Korea

SEOUL, Korea (UPI) — Gen. Park Chung Hee was sworn in Tuesday as president of the Republic of Korea, formally ending nearly three years of rule by the military junta he had headed.

In his inaugural address, Park pledged to strive for responsible democracy, friendship with the nations of the free world, and eventual reunion with North Korea now under Communist domination.

PREPARE FOR WEATHER

AUSTIN (SpI) — The Texas Safety Association urges motorists to be prepared for weather conditions which make driving hazardous. Check your tires for traction and remember, on ice, reinforced tire chains, give up to five times as much traction as regular tires.

Buffet Calls for Unfancy Dish

NEW YEAR'S buffet needs sturdy hot dishes.

By GAYNOR MADDOX
Newspaper Enterprise Assn.
New Year's Eve revelers develop lusty appetites. So let's face it. Provide a buffet with at least one sturdy hot casserole, unlimited amounts of coffee and a parade of tempting cold cuts, cheeses and relishes and warm rolls. Keep your fancy dishes for a time of lesser gaiety.

Use your electric warming tray to act as your buffet hostess. There is a new deluxe model in satin aluminum finish, with a "keep warm" drawer for rolls, hot hors d'oeuvres or plates. Has adjustable temperature control. Size 25 1/2 x 12 1/2 x 4 inches.

We have a practical and handsome new deluxe percolator that makes 12 to 30 cups of coffee and keeps it hot until used. Its recessed base makes it easy to slide cup and saucer under the spout for pouring. A big party advantage. For the hearty dishes serve

either kidney bean, bacon and onion casserole or this particularly delicious recipe for macaroni and cheese:

MACARONI AND CHEESE
1 package (1 lb.) elbow macaroni
2 cans (10 1/2 oz. each) condensed cream of mushroom soup
1 can (6 oz.) sliced broiled mushrooms
1 pound sharp processed American cheese
2 ounces Parmesan cheese
Cook macaroni according to package directions until just tender and drain well. Combine soup and mushrooms, including broth, in a saucepan and place over low heat until thoroughly hot. Stir in diced cheese and heat, stirring constantly until cheese melts. Combine with macaroni and place in a well greased 2 1/2-quart casserole, sprinkle with Parmesan cheese and bake in a preheated 350-degree oven until thoroughly hot

and cheese is slightly browned, about 30 minutes. Makes 12 servings.

Although this recipe makes 12 servings it can easily be adjusted to make 6, 18, or 24.

For six servings: Use 1 package (7-8 oz.) macaroni, 1 can condensed soup, a 3-ounce can sliced broiled mushrooms, 1/2 pound processed American cheese, and 1 ounce of Parmesan cheese. Bake in a 1 1/2-quart casserole.

For 18 servings: Use 3 packages (7-8 oz. each) macaroni, 3 cans condensed soup, a 6-ounce and a 3-ounce can sliced broiled mushrooms, 1 1/2 pounds processed American cheese, and 3 ounces Parmesan cheese. Bake in two 1 1/2-quart casseroles.

For 24 servings: Use 2 packages (1 lb. each) macaroni, 4 cans condensed soup, two 6-ounce cans sliced broiled mushrooms, 2 pounds processed American cheese, 4 ounces Parmesan cheese. Bake in two 2 1/2-quart casseroles.

Two shrubs, both excellent sources of honey, are called huajillo in the West Texas brush country.

Old-Time Veal Goes Modern

By GAYNOR MADDOX
Newspaper Enterprise Assn.
This veal savory is a delicious dish that has been popular for a long time. It is almost old-fashioned. But the recipe given here is made with a canned dry onion soup mix that cuts down time and kitchen labor. In other words, the old-fashioned recipe goes modern convenience.

The second recipe for broccoli and tuna is perfect for a meatless dinner.

VEAL SAVORY
(6 servings)
1 1/4 pounds thinly sliced veal cutlet
2 tablespoons butter or margarine

1 can (1 1/2 ounces) onion dry soup mix
1 teaspoon paprika
1 1/4 cups water
1/4 cup Bordeaux or other dry red wine
1 tablespoon flour
1/4 cup sour cream
Cooked noodles

Cut veal into serving-size pieces. Pound with meat hammer or edge of heavy saucer. In skillet, brown meat in butter. Add soup mix and paprika; gradually stir in water and wine. Cover; cook over low heat 15 minutes or until tender, stirring now and then. Gradually blend 2 tablespoons water into flour; slowly stir into sauce.

Cook until thickened, stirring often. Blend in sour cream. Serve over noodles. Makes 6 servings.

FRESH BROCCOLI AND TUNA AU GRATIN
(6 servings)
1 pound fresh broccoli
1 teaspoon salt
6 1/2 ounce can tuna fish
2 cups soft bread crumbs
1 1/2 tablespoons butter or margarine

Wash broccoli, cut off tough portion of stalk and place in a saucepan containing 1-inch boiling water and 1 teaspoon salt. Bring to boiling point, uncovered and boil 5 minutes. Cover and cook until tender, 5 to 10 minutes. Place half the broccoli in a 9x5x3-inch baking dish. Top in alternating layers with tuna fish and 1 cup of the cheese sauce. Cover with remaining broccoli and pour an additional 1 1/2 cups cheese sauce over all. Mix bread crumbs with melted butter or margarine and sprinkle over top. Bake in a moderate oven (350 degrees) 25 minutes or until crumbs are brown. **CHEESE SAUCE**
Melt 1/4 cup butter or margarine in a saucepan. Blend in 1/4

cup flour. Gradually stir in 2 1/2 cups milk. Cook until medium thick, stirring constantly. Stir in 1/2 teaspoon ground black pepper, 1 teaspoon salt and 1/4 cup grated sharp Cheddar cheese. YIELD: 2 1/4 cups.

Postmaster Has Hints on Mail

"The time has passed to talk about mailing early for Christmas," Postmaster O. K. Gaylor said today, "but you can still help us avoid a tremendous last-minute pile-up of Christmas mail if you'll send your gift packages and Christmas cards right now."

To the inevitable last-minute mailers he suggests that you use air mail for every Christmas card or gift going to distant places. He points out that even a few hours delay at this critical time may mean disappointment for your friends and loved ones on Christmas Day.

The postmaster says that he expects the 1963 Christmas mails will break all records, and that the mail load will undoubtedly hit its peak within the next few days. The flood of outgoing Christmas cards and gifts is being matched by a like torrent of incoming mail that is becoming greater every day.

Postal employees are digging in harder than ever. There's still time for local deliveries, but all Christmas cards should be sent first class mail. Be sure to include your return address on all Christmas card envelopes and package labels.

The postmaster expressed his thanks for the fine cooperation from the public so far, and asks your continued help so that all gift packages and Christmas cards can be delivered before Christmas Eve.

Phillips Makes Office Changes

BARTLESVILLE, Okla. (SpI) Phillips Petroleum Co. has announced it will discontinue its regional offices in the exploration and production department's headquarters at Bartlesville, Okla., and delegate more authority to its district offices at Oklahoma City, Denver, and Houston, Borger and Odessa, Tex.

D. A. Miller, formerly manager of the southern region, has been named manager of the Oklahoma district which includes area offices at Oklahoma City, Shidler and Pauls Valley, Okla.; Wichita Falls, Tex.; Eureka, Kan., and all district plant operations.

F. F. Lovering, formerly central region manager, will head the newly created Denver district including offices at Cortez, Colo.; Casper, Wyo.; Cut Bank, Mont.; Santa Barbara, Calif., and Great Bend, Kan.

C. A. Daniels, formerly Western region manager, will become special assistant to the manager of the production division of the exploration and production department, headquartered at Bartlesville.

The company also said its Gulf Coast production district will be enlarged to include the present Smackover, La., district as well as offices located at Morgan City, La., and Houston, Corpus Christi and Alvin, Tex.

The Panhandle district will continue to direct area offices and plant operations at Guyton, Okla., and Pampa and Borger and the Western district will continue to supervise the Odessa and Big Spring, and Hobbs, N. M., offices and plant operations.

Berliners Get Yule-Passes To Visit East

BERLIN (UPI)—Thousands of West Berliners waited for hours in bitter cold Wednesday to obtain passes for Christmas visits to Communist East Berlin for the first time in three years.

Arrangements to permit an estimated 800,000 West Berliners with relatives in the Communist-controlled Eastern sector to cross the Red-built anti-refugee wall for Christmas were completed Tuesday.

The East Germans opened 12 offices in West Berlin today to process applications for the passes, being issued for the first time since the wall was built in August, 1961.

When the Communist pass offices opened at 1 p.m. (7 a.m. EST), an estimated 5,000 persons were in line.

Each pass will be good for a one-day visit on any day from 7 a.m. to midnight, starting Thursday and ending Jan. 5. The visiting deadline is extended to 5 a.m. on New Year's Eve.

West Berlin, West German and Western Allied authorities said the arrangement had changed nothing in their view that the East German and East Berlin regimes are legally nonexistent.

INSIDE-OUT BUILDING—One of the most unusual buildings going up in Pittsburgh, Pa., in its "renaissance" development called Gateway Center, is the new IBM building pictured above. The honeycombed exterior is actually the building's structural steel framework. The outside shell is constructed of four giant trusses, one for each side. Each truss rests on two concrete pillars. A vertical core in the center of the building adds additional support and is the only interior column.

Mexican Wheat Goes to Europe

MEXICO CITY (UPI) — The first shipload to Europe of a total planned delivery of 500,000 tons of wheat has left Guaymas, Gulf of California port, the government price control agency "Conasupo" said today.

A spokesman said three more ships are being loaded. The spokesman said the 500,000 will be delivered within six months, but did not name buying countries. However, when the sale was originally announced several weeks ago, there was much speculation that at least some of the grain, grown in the north-west wheat belt, would find its way behind the Iron Curtain.

Elephant Butte Reservoir, largest in New Mexico, is on the Rio Grande 120 miles above El Paso.

COTTON EGG HEADS—Under the assumption that some kids never grow up, a New York firm has come out this year with dolls for adults. The dolls—called Greatniks—measure 18 inches in length and are dressed in clothes to suit their periods in history. In the front row are, from left, Beethoven, Shakespeare, Van Gogh and Freud. In the back row, standing, are Einstein and Lincoln.

YOUTH FINDS FORTUNE — ISTANBUL, Turkey (UPI) — Ahmet Kahramanklar, 18, left the Anatolian village of Canikiri to seek his fortune in Istanbul but lost his job as a dentist's valet when the dentist's wife missed \$4,000 worth of jewelry and police locked him up pending trial.

The other prisoners got him interested in the Turkish soccer pools and Kahramanklar won \$31,000 by picking winners 13 weeks in a row.

SITTER INSTRUCTIONS — AUSTIN (Spl) — The Texas Safety Association reminds party-goers to give baby sitters full instructions on what to do in case of an emergency, such as a fire. Let the sitter know where to contact you.

Redistricting Will Make News in 1964

By CARLTON WILSON
AUSTIN (UPI) — A 1963 political issue which promises to make news in Texas in 1964 is what and when to do something about the variance in size of the state's congressional districts.

Many admit the present line-up of areas served by the 23 Texas congressmen needs to be changed. Some districts are too large and some too small, according to a federal court in Houston, which ordered a redistricting on the basis of population.

And a UPI survey of members of the state legislature shows general concern on the part of voters all over Texas. Great concern in their areas was reported by 18 members of the state House of Representatives, some interest by 16 members and little concern by 13 members.

State Must Act
What state legislators think about the importance of the congressional district issue is in one way more important than how the congressmen themselves feel. For it is going to be up to the state senators and representatives to make the changes.

Several bills were considered in 1963 but legislators couldn't agree on a plan. Two years earlier, when Texas got an additional congressman on the basis of the 1960 census, the state legislature also refused to make changes in congressional districts and provided instead for the at-large election of the

new member. He is U. S. Rep. Joe Pool, D-Tex., the only member of the U. S. House from Texas elected by all voters in the state.

The federal court suit to force redistricting was brought this year by Houston Republicans after the state legislature failed to act. Ruling that population difference up to 700,000 in the constituencies make the present alignment unfair, the federal judges ordered on Oct. 19 an immediate redistricting or else the at-large election of all congressmen in 1964.

Appeal Pending

Gov. John Connally decided to appeal the federal court order rather than call a 30-day special session of the state legislative districts.

Atty. Gen. Waggoner Carr filed that appeal with the U. S. Supreme Court on Dec. 12, contending the Houston court overstepped its authority. Carr also contended that the 1963 regular session of the legislature should properly be given time to redistrict.

He said the consequences of an at-large election "are so grossly unfair to the citizens of this state that the granting of this form of relief amounts to an abuse of discretion."

The Supreme Court is expected to take some time to rule on the Texas appeal and companion cases, leaving the issue of congressional redistricting a prime campaign plank in next year's state races.

Foreign News Commentary

By PHIL NEWSOM
UPI Foreign News Analyst

In Seoul, South Korea, lines of tattered, hungry men form for a morning handout of food from a Catholic missionary relief kitchen.

Factories stand half completed.

In the last year the price of rice has doubled. Rents and consumer goods prices have risen steadily. It is estimated that about one-fourth of the country's labor force is unemployed.

This is some measure of the economic crisis facing the new Third Republic of Korea which came into being on Dec. 17 when Gen. Park Chung Hee, leader of Korea's ruling military junta, switched hats and became the nation's freely elected president.

The junta had ruled South Korea for a little more than two and a half years and the economic problems it passed along to the new Third Republic were being inherited by the same men who helped create them.

Park ran as the candidate of the junta-backed Democratic Republican party, and he was accompanied into his new office by many another military man who hastily slucked his army uniform to campaign as a civilian.

Honest And Orderly

But there was an important difference. Even Park's political opponents agreed that Korea's elections had been the most orderly and honest in Korean history, and, politically, a good start had been made toward democracy.

Economically, the future must depend on whether Park and his associates have learned from past mistakes.

For the last two years Korea has been on a spending spree. U. S. aid money intended to produce goods for export went instead into a government-owned television station and imported television receivers, into a government-built automobile assembly plant and into lipstick, stocking and other factories producing luxury goods strictly for the home market.

Phillips Lists Office Changes

SANTA FE, N.M. (UPI)—The highest sealed bid on a per-acre basis in the state's monthly oil and gas lease sale Tuesday was by the Phillips Petroleum Co. of Midland, Tex., with a bid of \$80.91 per acre for 320 acres about 36 miles east of Carlsbad, N.M.

The sale, including the Phillips bid, brought the state's total lease sales for the year up to \$4.82 million, a half million dollars more than sales last year at this date.

At Tuesday's sale, 22,319 acres averaged \$21.15 per acre, bid by various oil companies and individuals, with a total of \$472,221 taken in by the state.

Highest sealed bid was for \$61,559 for 786.30 acres in Lea County, N.M. by the Richfield Oil Co. of Los Angeles. The land was located near the Phillips lease.

The highest sealed bid went to the Phillips Petroleum Co.

The highest oral bid went to Ralph Lowe of Midland, Tex., for 320 acres 12 miles north of Tatum, N.M. The oral bid was \$37,000. Lowe also had the highest oral bid per acre in the sale.

Right-to-Work Petition Valid

OKLAHOMA CITY (UPI)—The Oklahoma Supreme Court, in a unanimous opinion, today declared the right-to-work petition valid both as to form and number of signatures.

This did not clear the petition at this time, however, for Gov. Henry Bellmon to call an election. Organized labor, which opposed the petition, has 15 days to seek a rehearing. Labor attorneys also have laid the groundwork for a possible appeal to the U.S. supreme court.

The petition seeks a vote of the people to ban the closed shop, union shop and agency shop in Oklahoma.

Labor challenged the petition on two points, alleging that it did not have the required number of valid signatures and that petitioners unfairly used red, white and blue colors on the petition.

The Smithsonian Institution was founded through a gift made by James Smithson, an Englishman who never even visited the United States.

MEMPHIS, Tenn. (UPI)—Singer-actor Elvis Presley wished 58 Memphis charities a Merry Christmas Tuesday and threw in a \$50,000 gift to the groups.

Presley gave checks to the charities at a presentation ceremony in the mayor's office. The singer said he was nervous, then quipped, "this is the first time I've been before a crowd in a long time."

Pretty Scientist Has Radio Star Theory

By PRESTON MCGRAW DALLAS (UPI) — Prof. E. Margaret Burbidge, who may be the country's prettiest scientist, believes that exploding stars may set off chain reactions that create the radio stars now intriguing astronomers.

The radio stars generate tremendous amounts of radio frequency over the whole spectrum. Radio astronomers on earth can pick up the radio frequency with sensitive radio apparatus from stars billions of light years away.

Prof. Burbidge told about 300 scientists at a symposium on the radio stars Tuesday that the first explosion may be in a star that is dying. As it expires, it acts like a falling electric light bulb. It gives one last brilliant flash.

The flash, as powerful as it is, sets off a nuclear reaction in a nearby star or stars. Whatever the reaction, it makes the sounds that radio astronomers listen for.

The symposium, sponsored by the Southwest Center for Advanced Study of Dallas, and Yeshiva University of New York, ends today. Prof. Burbidge prepared a paper on "Theories on the Origin of Radio Sources" with her husband, Prof. Geoffrey R. Burbidge.

She read the paper alone, however; her husband was not able to attend. They both teach at the University of California at La Jolla. Mrs. Burbidge is a youngish, pretty woman, with prematurely gray hair.

State Closing Law Upheld by Court

AUSTIN (UPI) — The State Court of Criminal Appeals today upheld the Texas Sunday closing law in a test case brought by a Houston used auto dealer. The court upheld the conviction and \$70 fine given Charles R. Wilson, manager of the Mike Persia Chevrolet Co. used auto lot (at 2121 North Main) in Houston on two counts of selling on the Sabbath.

Twenty-two other defendants in similar cases were awaiting the outcome of Wilson's appeal before receiving their fines, and at least 100 other Sunday-closing law complaints are pending in Houston courts-at-law.

Harris County court-at-law Judge George E. Miller turned down Wilson's appeal Oct. 25, and Wilson's lawyers went to the criminal appeals court, contending that blue laws are a matter for civil, not criminal, proceedings.

Ex-Highway Patrolman Heads A & M Security

COLLEGE STATION (UPI)—Ed E. Powell, former highway patrolman, has been named director of Texas A&M's security office. Powell succeeded Fred Hlickman, who now lives in Gainesville.

The Star Spangled Banner flies 24 hours a day over the grave of Francis Scott Key in Frederick, Md.

99-Year-Old International Incident Finally Settled

EL PASO (UPI) — The lazy old Rio Grande went on a rampage in 1864 and created an international incident. Now, 99 years later, all may be sweet again between Mexico and the United States.

Officers Elected At Holiday Party

GROOM (Spl) — The Thimble Needle Club held its annual Christmas dinner party and election of officers, recently in the home of Mrs. Rudolph Tucker. Mrs. John Reed, Mrs. Roy Clark and Mrs. Charley Fields served as assistant hostesses.

After dinner games were played and gifts were exchanged. Officers elected for the coming year are as follows: president, Mrs. Meredith Kendrick; vice president, Mrs. John Reed; secretary and treasurer, Mrs. Velma Evans; reporter, Mrs. Bill Hammers.

Those present were Mrs. Bill Hammers, Bill Cornett, E. S. Craig, C. L. Culver, George Eschle, Velma Evans, Crim Goodlett, Nath Helton, Leldon Hudson, Louie Jones, Meredith Kendrick, Turner Kirby, Allan Knopp, Bob Newton, Ross Nix and the hostesses.

Palmetto palms are native to most of southern Texas.

Senior Center Corner

By MRS. O. A. WAGNER
Senior Citizens Center

Christmas is just around the corner, with the snow and sleet of the past few days; and the lovely party given by Altrusans at the CENTER Thursday afternoon; close to one hundred persons were present, including Altrusans and Gray Ladies. A program of piano music was given by Mrs. Fidelia Yoder, and Christmas songs were given by Gray Ladies. Movies of winter scenes, sports and racing were shown by Earl McConnell. Presents were given to all the Seniors. Guests were a group from Lefors, brought over by Mrs. O. O. Bishop, Red Cross Gray Lady in that community. The group included Mmes. Sally Hughes, Fannie Meredith, Mary Johnson and Mildred Kimsey. Mr. and Mrs. F. M. Heaston, Mrs. Pearl Erwin and Mrs. W. R. Ewing were also there. H. M. Norris would like for the person who took his brown felt hat by mistake to please return it to the CENTER.

Was glad to see Mr. and Mrs.

Lewis Henderson out after his bout in the hospital recently. Mrs. Hattie Harmon's mother was reportedly ill. Mrs. Junalia Adams and husband, Herberville visited Mr. and Mrs. C. L. Adams this week and brought a quarter of a deer from Colorado. (Good eating; I recall the old Wyoming days with deer and elk steaks.)

Mr. and Mrs. Bill Bramer, Abilene, also visited Mrs. Bramer's parents, Mr. and Mrs. C. L. Adams, Tuesday through Thursday.

Mr. and Mrs. Norris spent Thanksgiving with Mrs. Norris' son, J. T. Richardson, and family, 1616 Hamilton. They were served deer instead of the traditional turkey. Mrs. Myrtle Enloe spent the Thanksgiving holidays in Tullia with her son, Doyle Enloe and family.

B. C. Robinson is still confined to Highland General Hospital.

We missed Mrs. Mattie Fountain. She was not feeling well enough to come.

Comments: Uncle Billy Frost said, "Senior Center is just next to Heaven today and we are grateful to the Altrusans who make this possible."

Paul Campbell said, "This party for Christmas is the Golden Spread."

Everyone seemed to enjoy it immensely.

Jay Evans was reportedly ill in Highland General.

The Altrusans hosted the party; and serving were Emily Coston, chairman; Charlene Yeager, Fidelia Yoder, Mary McDaniel, Evelyn Mason, Lora Dunn, Marian Osborne, Louise Sewell, Lena Pearl Hobbs, Lorene Locke, Libby Shotwell, Lalar Wilkerson and Mary Martin.

Gray Ladies serving with transportation were Mmes. Jess Hatcher, O. F. Kreimeyer, O. O. Bishop, Fitzgerald and A. D. Hills.

The lovely Christmas tree was white, decorated with red and gold ornaments and red lights. Mrs. Santa sat on one side and Mr. Santa sat on the other, dressed in Texas style. The hall was decorated with Christmas cards, real cute!

Refreshments of finger sandwiches, homemade candy and coffee were served during the refreshment hour.

The next meeting will be Jan. 2 with a birthday party for those celebrating birthdays in January.

See you next year. May all of you have a Happy Christmas and Happy and Prosperous Year; which also includes the staff down at the Pampa News. May God's richest blessing be with you all the coming year. So long! Mrs. Wagner

Dear Abby.... You Kicked the Wrong 'Dog' Out, Maybe!

By ABIGAIL VAN BUREN

DEAR ABBY: I recently had to get rid of our dog (she was only a puppy) because my husband abused her so terribly. If anything happened at the shop, or if he became upset around the house, he'd kick that poor little dog within an inch of her life. He says it's better to take it out on a dog than on a person. Is that a good enough excuse? He is 33 years old and in good health, but I can't understand such cruel actions. Do you think something could be the matter with him? Mentally, I mean.

DEAR ABBY: I am 15 and I've got a problem. His name is Paul and he doesn't even know I'm alive. Every girl in school has flipped for him, including me. Some of the kids I hang around with have tried to find out if he likes me, but he does not say anything. I am not bad-looking. In fact some people think I am cute. I have long blonde hair (natural) and large blue eyes. I've got everything but a good figure. (No curves.) I don't expect you to work miracles, Abby. I just want a little help in getting this guy to notice me.

DEAR ABBY: I wish my in-laws would stop sending us gifts! They are so one-sided in their giving. I don't mean to sound like an ingrate, but at Christmastime and on birthdays they give us so much that I feel like a piker because we can't give them anything to match it. How can this be handled?

DEAR "THAT": Your signature revealed more information than your letter. You never have felt "accepted" by your in-laws. And if they gave you less, you'd probably complain more.

DEAR "THAT GIRL OUR SON MARRIED": Your signature revealed more information than your letter. You never have felt "accepted" by your in-laws. And if they gave you less, you'd probably complain more.

DEAR "THAT GIRL OUR SON MARRIED": Your signature revealed more information than your letter. You never have felt "accepted" by your in-laws. And if they gave you less, you'd probably complain more.

Town and Country 4-H Has Party

GROOM (Spl) — The annual Town and Country 4-H Christmas party and business meeting was held recently in the Community Club House. The program was a film showing "How to Wrap Gifts". Gifts were exchanged by members of the club and refreshments were served by the hostesses, Mmes. Page Blackwell, Guy Blackwell, Floyd Everson, Bill West and Jack West.

Several new members were welcomed into the club, including Mary Cleere, Patti Ashford, Lanna Blackwell, Carmen Cornett, Debbie Atkins and Jackie Pair.

The following members received congratulations for outstanding work in 1963. Those receiving achievement pins were: Janice Britten, Diane Lee Britton, Lyn Hunt, Karen Ollinger, Pam Ollinger, Bille Ruth West and Margaret West; clothing: Sandra Kotara, food: Jane Hudson, poultry; and Carl Hudson, leadership.

Homemakers Submit State Constitution

CANADIAN (Spl) — The Young Homemakers Club met recently at the high school and approved a constitution to be presented to the state organization. Demonstrations were given on making candy and party sandwiches. Those present were Mrs. Bill Varnel, Mrs. Arden Ranson, Mrs. Danny Urschel, Mrs. Sid Parnell and Mrs. J. A. Ullom.

Mrs. Helen Swetman was presented with farewell gifts as she is soon moving. The group presented Mrs. Trout with a surprise gift in appreciation for her services as leader.

No meeting will be held Dec. 23. The next meeting is scheduled for Dec. 30 at 2:30 p.m.

Dear Kathy

By KATHY PTERSON
Newspaper Enterprise Assn.
Dear Kathy: I have a friend, 13, who finds fault with everything and everyone and she tells me all her "troubles." I liked her at first but she takes all the fun out of things. Who can help? —Upset.
Dear Upset: Thirteen is early for your friend to be relishing such a woeful state. We all have our sad moments and don't get everything we want. But she is going to be a miserable adult if she doesn't change her present attitude.

There is little you can do except suggest she take her problems to an adult—a teacher, minister, priest, or a sympathetic relative. You should not be her wailing wall.

GILBERT'S

Genealogical Society Has Meeting, Christmas Party

The Pampa Genealogical and Historical Society observed the Christmas season with a party at the home of Mrs. Harry Guill, 1718 Williston St., Monday evening.

During a short business session conducted by the president, Tracy Cary, it was announced that approximately \$100 had been raised through various projects for the purchase of additional genealogical books and periodicals to be added to the society's Pioneer Heritage Collection at Lovett Memorial Library.

It was announced that directors had approved a request by Senior Girl Scout Troop No. 5 to assist in the restoration of the Pioneer Cottage Museum.

Miss Lon Ella Patterson, chairman of the landscape committee for the Cottage notified the members that Gene Holar, local landscape architect was preparing plans for beautification of the park area.

Mr. and Mrs. Walter Polk of Borger presented to the society the records of the Gruver Cemetery, which they had compiled. New members accepted were Mrs. Bert Robinson, Mrs. Ber-

Texan Endorsed For Committee

WASHINGTON (UPI)—Members of the Texas delegation have endorsed Rep. Ray Roberts of McKinney for a vacancy on the House Public Works Committee.

The vacancy occurred when Rep. John Young, D-Tex., recently was appointed to the Rules Committee.

Roberts is currently a member of the Interior and Insular Affairs committees. He would have to give up at least one, and maybe both, those posts to accept the public works post.

More than 50 species of oak are natives of Texas.

Letters to Santa Claus

Dear Santa, I am four years old and I have been a good boy. Please bring me a typewriter, a train and cars and electric airplane. My stocking will be in the living room. Please fill it with candy and nuts. I will be at grandma's house in McLean. Jim Lee Shullytown

Dear Santa Claus, My name is Patsy. I am 8 and in the third grade. I want a game and other surprises. Patsy Kelley

Dear Santa, I want a broken leg doll, roller skates, a black board, chalk, eraser, some doll clothes. I have been pretty nice this year. I will leave you a snack. Debbie Welch 305 Doucette

Dear Santa, Mother said I have been a good girl and this Christmas I want a tiny Chatty Baby and my little sister, Lisa wants a new bicycle and a little stuffed puppy. Don't forget my friends. Lisa and Leslie Demery 2136 N. Russell

Dear Santa, I want a Chatty Baby doll, and roller skate, a black board, chalk and eraser. I will leave you a snack. I have tried to be nice. Pamela Welch 305 Doucette

Dear Santa, I want Ken and Tammy and her family and Beauty Vandy, Torkel and that is all. Karen Suapp 2060 Rosewood

Dear Santa, I am three years old. I have been pretty good this year. For Christmas I would like a tricycle and a jumping horse. If you have enough, I'd also like a car. Claude Lee Parks Shullytown

Dear Santa, I have been very good this past year. In return I would like a red cowboy hat, a cowboy gun, and a horse. If you could, I would like a super-man suit. My little sister would like a haton. Mother will leave some cookies and milk on the front table. Michael Shullytown

Dear Santa, My name is Gary Lee and I'm 7 years old and I would like to have race cars and drifters books and toy soldiers. My sister Wanda says she wants a big doll and buggie and so does Janet & Belinda, they are 4 & 3 years old. & My baby sister cant say what she wants so send Elzabe anything she is 12 mos old. From the Wilcox childrens Gary Lee, Wanda Sue, Janet, Belinda, Elaine 1116 Terrace

Dear Santa Claus, I am a little girl 2 1/2 years old. I would like to have a baby doll, a gun, a truck and a table and chairs. I have a little sister that can't talk yet, but she would like to have a baby doll too. She would also like some rattles, and little things she can hold. We've both been good girls and will have some cookies and milk for you when you stop at our house. Love Misti and Debi Lueddecke

Dear Santa, I want a paratrooper set and a little rubber knife. I've been a good boy this year. Love Rick Leverick

Dear Santa Claus, My name is David. I want a microscope, a baseball game, a world globe, a book, a pass and a baseball book. My sister's name is Debbie. She wants a Ken Doll, and clothes. I want a house, Bride Dress and a Ken Case and Jewel Box. Thank you David and Debbie Fortin

Dear Santa Claus, My name is Mike Shepherd and I am six years old. I have been a good boy this year. I want a harpoon, a toy rocket and a battleship also a tiger Joe. Please bring my little sister Kimberly a tricycle and a baby doll. Thank you Santa, Mike Shepherd

Dear Santa, I'm a little boy almost two years old and I've tried real hard to be good. Please bring me a tricycle, choochoo train and some trucks and cars. Oh yes, don't forget that we'll have a new baby before Christmas. I love you Jamie McCarthy

Dear Santa, I'm a little boy almost two years old and I've tried real hard to be good. Please bring me a tricycle, choochoo train and some trucks and cars. Oh yes, don't forget that we'll have a new baby before Christmas. I love you Jamie McCarthy

Odessan Plans On Senate Race

AUSTIN (UPI) — State Rep. George Cook of Odessa plans to seek the Democratic nomination for Republican Ed Foreman's 16th District congressional seat. At a dinner in Brownwood, honoring state representative Ben Barnes Tuesday night, the 37-year-old Cook indicated he would delay his formal announcement until after January 1. But Cook told friends he has decided to run.

He said he knows of no other Democrat seeking the 1964 nomination. Cook, an insurance man and contractor, is chairman of the House Interim Oil and Gas Committee, which has been investigating price cuts by major Texas oil buyers. He was chairman of the Oil, Gas and Mining Committee in the 58th session and served on the Banking, Insurance Labor and Revenue and Taxation committees.

Cook is serving his third term in the legislature. Foreman was elected in 1962 in the wake of the Billie Sol Estes scandal. He defeated incumbent Democrat J. T. Rutherford, who had received a campaign contribution from Estes.

White House Tex. Gets Telephones

AUSTIN (UPI) — Swarms of telephone linemen worked this week to complete an electronic link between White House, U.S. A. and White House, Texas. Presidential press secretary Pierre Salinger said the installation of telephone lines to President Johnson's Central Texas ranch was a routine procedure. He said the same was done at Hyannis Port for the late President Kennedy and at Gettysburg for former President Eisenhower.

Salinger visited the LBJ Ranch, 65 miles west of Austin, Monday to survey press needs for the upcoming visit of West German Chancellor Ludwig Erhard shortly after Christmas. He indicated the phone lines would be installed by that time.

Dumas Man Plans Appeal

HOUSTON (UPI) — Attorney Louis W. Graves said Wednesday he will appeal the decision of Federal Dist. Judge Joe Ingraham turning down a petition by a convicted Dumas forger to reverse his life sentence.

Graves contended the original lawyers for Thomas Lorenzo Williams did not even do the routine things any man can expect from his lawyers. Williams was given a life term for forgery with previous convictions at his Dumas trial April 12, 1961. He filed a petition with federal court for a habeas corpus writ to free him. He said his court-appointed lawyers at the trial were no help.

Graves said the trial lawyers did not make a motion for continuance, or any objection to testimony, or objection to the charge. He said they did not move for a new trial or move for instructed verdict.

Ingraham turned down Williams' petition Dec. 12. Graves said today he will ask for a rehearing of the decision "for additional findings of fact."

LSU'S Problem Is Bear Offense

HOUSTON (UPI) — Louisiana State's biggest problem in Saturday's Bluebonnet Bowl game against Baylor will be stopping an offense that many coaches say "can't possibly work in college football."

At least they were saying this until Coach John Bridgers Bears won seven of 10 games this season against topflight competition and came within a hair of beating the nation's number one team, Texas.

Bridgers did it with a pro-style offense that has quarterback Don Trull passing out of protective pocket, flankers scurrying hither and yon and a genuine two-platoon system.

Becomes Top Passer
Trull went on to become the nation's top passer, breaking several conference and national records.

Bridgers, who once toiled as a coach with the Baltimore Colts in the National Football League, is weary of being regarded as some sort of freak. He is also tired of being told that college boys aren't ready for the intricacies of pro-type ball. This strikes Bridgers as odd logic since college students master such items as calculus, chemistry and other complicated subjects. Is football more difficult?

Bridgers offense even makes the recruiting easier. Trull says he came to Baylor to study how to be a professional quarterback.

When some Southwest Conference schools announced recently that they probably would integrate their teams next year, recruiters made a mad dash for a San Antonio schoolboy, a Negro, who is one of the hottest prospects to come out of Texas in a decade. He indicated he liked Baylor because of its offense.

Plays Make Offense
Off-course, an offense is only as good as the players using it. In Trull, the Bears have an exceptional quarterback who has called as many as 25 audibles in a game and can throw cross field with extreme accuracy.

In Lawrence Elkins, the Bears have a receiver who made some "all-teams" as a back and others as an end. He is actually a flankerback, which falls into limbo as far as college football positions are concerned.

LSU, with an identical 7-3 record, is expected to play a ball control and defensive game against the pass-happy Bears. Baylor is a two-point favorite.

Six Harvesters On All-District

AMARILLO (Spl) — Kenny Hebert made the offensive first team, Ricky Goodwin made the defensive first team and four other Pampa Harvesters received mention on the 1963 All-District 3-AAAA Football Team.

The official team, selected by the district coaches, and released by the district executive committee following Tascosa's state semifinals game, solves the problem of what to do with the three outstanding quarterbacks in the district by putting Pat Harkins of champion Tascosa at the signal-calling slot and placing Kenny Hebert and Greg Lott at halfbacks. Both played at that position during their careers. Hebert having played right halfback and tailback as well as end and quarterback in his final season.

Actually, the coaches named five running backs without differentiating between halfbacks, tailbacks, wingbacks and fullbacks.

The only other change from regular positions was on defense, where the coaches named only one guard due to most of the district teams using a five-man line with linebackers and cornerbacks.

Hebert, one of the most-sought after college prospects in the state, led the district in punting and was among the top-ranked offensive players in every statistical department. As

a junior, he led the district in punting and in total offense. Goodwin was the mainstay of the Pampa line, the leading blocker at offensive right tackle and a tackling demon, who led the team in tackles almost every game, at middle linebacker, despite his comparative lack of weight. The 185-pounder is also a college prize.

Receiving honorable mention on the defensive team was the tri-captain of the team, Rick Stewart; one of the leading defensive players, heading the secondary, and was also a consistent ground-gainer. Like Hebert, this is the second sport Stewart has been named to an All-District team in this year, having made the coaches' all-district baseball team earlier this season. All three captains are seniors.

Three Pampa juniors also made honorable mention. Jerry Garrison at wingback was the second-leading scorer to Hebert on the team and is expected to carry a large share of the offensive load next year. Terry Criss, rated as potentially the "finest end I ever coached" by head coach Otis Holladay was a tremendous blocker and defensive player, with a pair of good pass-receiving hands. Carl Johnson started the first game of the season and played in every Pampa tilt, and is slated to head next year's line.

SWC Roundup

By United Press International

The Vanderbilt Commodores romped over Texas Christian 113-56 Wednesday night, knocking the Southwest Conference basketball team to a 2-4 record. Vanderbilt's six straight victories have included four SWC squads.

Texas Western pounded Tennessee Tech nearly as relentlessly for a 101-62 triumph. St. Edward's defeated Austin College 87-67.

Dayton beat Lamar Tech 85-73 and Midwestern stopped Hardin - Simmons 81-68.

Emporia (Kan.) State relieved Georgetown (Ky.) of an accidental double schedule and whipped past Texas Lutheran 65-63. Georgetown fell 66-65 before McNeese (La.) State.

Texas Southern won 88-78 over Bishop College and the Kilgore Junior College squad defeated Centenary Freshmen 105-84. Southern Methodist's frosh won 93-92 over Tyler Juco.

The Houston classic basketball meet opened Thursday with Texas A&M against Oklahoma City and Houston vs Mississippi State. Auburn invades Texas Tech, Texas Western hosts Tennessee Tech, William Jewell at North Texas, Austin College at Corpus Christi, Sul Ross at Eastern New Mexico and East Texas vs. Nicholls State at Lake Charles, La. Wayland is in the San Diego tournament.

Steelers Swap Buddy for Scott

PITTSBURGH (UPI)—Buddy Parker feels defense cost the Pittsburgh Steelers the National Football League's Eastern Division crown this year and he has taken a calculated risk intended to put his club in the winner's circle next season.

Parker dealt Buddy Dial, the Steelers' star pass catcher, to the Dallas Cowboys Wednesday in exchange for rights to the Cowboys' No. 1 draft choice—All-America tackle Scott Appleton of the University of Texas.

Dial, who spent all of his five years in the NFL with the Steelers, holds club records for most touchdown passes caught in a season (12), most yardage gained in a season (1,295), longest touchdown pass (88 yards) and most yards gained in one game (235).

"He's a fine receiver," Parker said of Dial, "but we need defensive strength. We've got to build our defense up if we're going to stay in contention next year. If we had a stronger line we might have made it this year."

Appleton, 6-foot-3, 235-pounder, was voted the outstanding college lineman of the year this season and was drafted No. 1 by the Cowboys. He also was drafted by the Houston Oilers of the rival American Football League but Parker believes "we'll be able to sign him."

Appleton will be free to sign as a pro after Texas, the nation's top-ranked team, plays Navy in the Cotton Bowl New

Year's Day.

Dial, a graduate of Rice University, was gratified by the trade. He said it was "the greatest break an athlete could have." He was especially pleased that once again he would be "playing before the home folks."

High-Rated NYU Falls To Wagner

By United Press International

A national reputation works its magic in various ways.

For New York University, one of the largest schools in the world, it is proving a disastrous weapon. For Davidson, which has a male enrollment of only 1,000, it's a spur for further fame. And for Cincinnati, long accustomed to a place in the limelight, it's a matter of accepted routine.

NYU, rated seventh among the country's college basketball teams and considered a good shot in pre-season polls for the national championship, fell victim to little Wagner College, 77-76, in overtime Wednesday night in one of the major shocks of the campaign.

It was merely supposed to be a tuneup for the Violets for next week's big Los Angeles Classic. It may well mark their finish as a power.

Davidson, for many years an also-ran in the Southern Conference until a second-place finish last season, continued its resurgence by routing Furman, 89-63. It was the sixth victory in as many starts for the Wildcats, who squeezed into a tie for 10th place in the latest UPI ratings.

Cincinnati is an old story as far as success is concerned and well-used to the pressure that goes hand-in-hand with recognition. The Bearcats, currently ranked No. 5, ran over Colorado, 82-64, Wednesday night to end the Buffaloes' home court winning streak at 28 games.

In other major games, ninth-ranked Vanderbilt overwhelmed Texas Christian, 113-56; Villanova upended tenth-ranked Toledo, 63-59; Tulsa handed Michigan State its first loss of the season, 89-68; Kansas State whipped Denver, 72-65; North Carolina State routed Tulane, 104-88; and Miami of Ohio surprised Purdue, 67-61.

Elsewhere, Army upended Ohio University, 58-45; St. Bonaventure trounced Western Ontario, 109-55; West Virginia beat William & Mary, 78-73; Dayton defeated Lamar Tech, 85-73; Arizona turned back California, 64-58; and Texas Western downed Tennessee Tech, 101-62.

Pro Basketball

By United Press International

The National Basketball Association's Western Division race is turning into a three-team dogfight, while it's Boston all the way in the Eastern Division.

The San Francisco Warriors won their third straight game Wednesday night at Sacramento, Calif., with a 104-96 defeat of St. Louis. That moved the Warriors to within a game and a half of the Hawks.

The division-leading Los Angeles Lakers meanwhile disposed of Philadelphia, 116-96, to stay three games up on the Warriors.

Baltimore pushed Detroit further into the cellar in more Western Division action as Gus Johnson hit his first 10 shots to lead the Bullets past the Pistons, 124-107.

Boston's only battle this year may be with the record book. The Celtics swelled their season mark to 22-3 with a 133-111 slaughter over New York Wednesday night. Idle Cincinnati thus fell five and a half games off Boston's torrid pace.

San Francisco had won two straight games on four different occasions this year, but never seemed able to make it three.

The jinx appeared about to descend on them again when St. Louis grabbed a 61-57 lead in the third quarter, but stubby Guy Rodgers sparked San Francisco to 10 straight points and the Warriors never looked back.

Wilt Chamberlain hooped 27 for the Warriors and grabbed 27 rebounds. Bob Pettit of St. Louis led everybody with 29 markers.

Jerry West led Los Angeles in its win over Philadelphia by scoring 30 points, but the big Christmas present for Laker fans was the return to form of Elgin Baylor.

Baylor has been battling a leg injury and a run of colds all season and has not played up to his usual dazzling standard. He looked sharp hitting 28 against Philadelphia, however, and may be ready to perform in his usual style.

Johnson, a rangy rookie from Idaho, wound up the evening at Detroit with 38 points to edge the usual Baltimore mainstay, Walt Bellamy, by two points. Bailey Howell and Eddie Miles had 22 and 20 for Detroit.

Boston's great defense, is, of course, anchored by center Bill Russell. But when it comes to scoring, everybody gets into the act for the Celtics.

REAPERS SPLIT

Pampa Junior High split with Borger Houston Tuesday, the Reapers dropping the duke, 43-32, while the 8th grade took a 25-19 win.

Larry Stephens had 14 points for the Reapers while David Martindale pulled down 13 rebounds. Alvin Achord led the 8th grade with nine markers.

P.J.H. hosts Perryton this evening.

Liberty Bowl Teams Get Cold Reception

PHILADELPHIA (UPI)—North Carolina State and Mississippi State were scheduled to arrive here today for Saturday's fifth annual Liberty Bowl football game and a wintry reception awaited the two Southern teams.

Snow fell in the area Wednesday and temperatures were expected to remain in the middle 20's today as the teams arrived to begin workouts for the clash in Philadelphia Stadium.

Mississippi State wound up training sessions in Starkville, Miss., Wednesday prior to leaving today by bus for Birmingham, Ala. and the flight north.

North Carolina State also held its last home drill Wednesday before flying to Philadelphia.

North Carolina State was the co-champion of the Atlantic Coast Conference this year while Mississippi State lost only to Alabama in the Southeastern Conference race.

The game will benefit the Delaware Valley Hospital Council and 61 hospitals in the area.

Sputnik Monroe Defends Friday

In a special challenge match at the Top O' Texas Arena Friday night, wrestling champion Sputnik Monroe will meet challenger Dale Lewis of Norman, Okla. in a best two-out-of-three falls 60-minute main event.

In a 45-minute, two-of-three semifinal, British tag team champs Sir Nelson Royal and Sir Rodney Shane will take on Luis Martinez of Mexico and Bill Graham.

In a 20-minute, one-fall preliminary match, Pat Kelly of Los Angeles will take on the Great Dane of Denmark.

SPUTNIK MONROE ... challenged

LOST FOR SEASON

TAMPA, Fla. (UPI)—Senior guard George Shary, just 57 points short of the school scoring record at the University of Tampa, has played his last collegiate basketball game.

The 5-10 Little All-America candidate broke both bones in his left arm and dislocated several bones in his left hand during a game against Tennessee Wesleyan Tuesday night and will be lost for the rest of the season.

Weather Slows Cotton Workouts

By United Press International

The Texas Longhorns took the day off Wednesday because of cold weather, and their New Year's Day opponent, the Midshipmen from Navy had to move indoors in preparation for the Cotton Bowl game.

Coach Darrell Royal had planned an extensive scrimmage for his undefeated Longhorns, but when the mercury dipped near the freezing mark, the Southwest Conference champions ran 30 minutes worth of wind sprints and then went home.

Navy coach Wayne Hardin was plagued by the cold weather too.

He sent his No. 2 ranked Midshipmen through a workout in the field house. It was the third straight day that the Midshipmen donned Lacrosse shoes and worked out in the gym. Frozen ground and snow have kept Navy from going outside, but Hardin said his squad is willing to do anything necessary to get ready for Texas.

He said his club would continue workouts until Christmas

vacation.

Navy will arrive in Dallas Dec. 26. Hardin said he would send his team through two workouts on the 27th and 28th, and then switch to one a day.

While the principles were preparing for the struggle, Cotton Bowl officials named the six men who will work the game.

Cotton Bowl secretary Howard Grubbs named: David H. Buchanan, referee; Maco Stewart, umpire; J. Walter Coffey, linesman; Lee O. Rogers, field judge; Stanley W. Peffle and P. Barney Welch, both back judges.

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Let's Get Back on Course

The FBI, which surely is one of the finest investigative bodies in the world, has concluded that Lee Oswald was the villain of November 22nd in Dallas; that he operated alone; that he was a turncoat and a self-appointed communist; that he was something of a pathological case; that there is no reason to link Oswald to any political or ideological group either "left" or "right."

We are not, therefore, overly sympathetic to views which today come from both "left" and "right" organizations which seek somehow, in spite of the evidence, to the Oswald into some kind of a conspiracy. Admitting that the FBI hires only human beings and that humans are subject to error, does not cause us to condemn the findings of the organization. We concede that all political organizations, including the FBI, are prone to adopt political motivation. In the instant case, however, the only discernible political motivation the FBI can have, we believe, is to report the truth as they found it.

Must every action taken be the product of committee effort? Are we so far gone in our ability to reason, that EVERYTHING is tied to some kind of group conspiracy? Or is Mr. Warren going to conduct a monstrous psychoanalysis upon the body politic of the nation in an effort to establish some kind of subliminal psychosis capable of gripping the consciousness of Lee Oswald thus making him a puppet in the hands of a gigantic group id? We'll be practicing voodoo blood rites and examining the entrails of goats if we're not careful. How about cutting out this nonsense? We are all of us deeply shocked and grieved. And we've all said so. An investigation has turned up the facts. We all know what they are. Suppose we get back on course, realize that we have a life to live, freedom to preserve, a future to prepare for, and one whale of a lot of jobs to do and problems to solve.

How about cutting out this nonsense? We are all of us deeply shocked and grieved. And we've all said so. An investigation has turned up the facts. We all know what they are. Suppose we get back on course, realize that we have a life to live, freedom to preserve, a future to prepare for, and one whale of a lot of jobs to do and problems to solve.

There is only one conceivable reason for the Warren inquiry. That will be to try, regardless of the evidence, to show that Oswald was linked up somewhere with some kind of conspiracy. If this cannot be shown, and we suspect that it cannot, then the effort will obviously be made to deduce a collective guilt, to find persons who didn't like Mr. Kennedy or his poli-

tics, somehow responsible for his demise, and it appears likely that the nation is to experience a further emotional orgy amidst a welter of political self-serving accusations. Quite frankly, we think this is losing sight of the target. If we are going to wallow in a morbid re-living of that tragic hour for weeks and weeks, we are giving some pretty good evidence that we haven't yet grown up.

Certainly, murder is always reprehensible, tragic, immoral and vicious. The murder of Mr. Kennedy is not the first one that has occurred in this country and it will certainly not be the last, unfortunately. But must we immerse ourselves in this event and conduct a witch hunt, either "left" or "right," in an effort to unearth persons who perhaps didn't approve of Mr. Kennedy's policies? To what end? The FBI says the job was done by one, lone man.

Are we so bemused by emphasis upon group activity that we can't accept that? Must every action taken be the product of committee effort? Are we so far gone in our ability to reason, that EVERYTHING is tied to some kind of group conspiracy? Or is Mr. Warren going to conduct a monstrous psychoanalysis upon the body politic of the nation in an effort to establish some kind of subliminal psychosis capable of gripping the consciousness of Lee Oswald thus making him a puppet in the hands of a gigantic group id? We'll be practicing voodoo blood rites and examining the entrails of goats if we're not careful.

Edson In Capitol

By PETER EDSON NEA Washington Correspondent

WASHINGTON (NEA)—All hope for study of congressional reorganization and reform have been knocked for this session and probably the next, after two short, dull rounds of debate. On successive days, Senators Joe Clark, D-Pa., and Clifford Case, R-N. J.—co-sponsors with 30 other senators of a resolution to set up a joint committee on organization of Congress—asked unanimous consent to consider an amendment which would permit six senators and six representatives to study the antiquated Senate and House rules.

Two words—"I object!"—were enough to kill the unanimous consent request under existing rule. Sponsors of the reform movement had no stomach for a knock-down, drag-out fight which might lead to a filibuster. So they threw in the towel. And modernization of congressional procedures to speed them up is dead.

Many senators and representatives are pretty sensitive these days to criticism that this session has been a "do-nothing" Congress. Their contention is that long sessions and apathy in Congress are not new. The same criticisms of every Congress have been made for the last 50 or 100 years.

Back any intelligent member of Congress into a corner for his private opinions, however, and he will deliver a far worse indictment of the present legislative inaction than anything that has been said or written by outside critics.

What it all adds up to is that Congress is not adequately organized to handle its present problems, to say nothing of the increasing workload in the next 25 years.

What's needed is said to be a change in structure of Congress as well as a change in its members' attitudes.

On the latter, "We don't have time to think out the answers to our problems," says one member. "We're lucky if we can just identify them. I barely know what's going on."

On the structural reorganization of Congress, 50 per cent of the delays are now said to be caused by jurisdictional disputes between committees.

Who is responsible for the foreign trade issue which is becoming increasingly important, for instance? Is it the Foreign Relations or Commerce Committee? Or is it Finance Committee business because tariff rates are involved? Or Agriculture, for farm product exports and imports? Or Interior, for minerals? How can they all get into the act?

The fact that both Senate and House committees have to hold separate hearings on every issue is another great time-consuming. Joint Senate-House subcommittee hearings have been suggested to eliminate this duplication of effort.

It is generally agreed that congressional committees still do not have adequate staffing for policy planning to deal with modern, increasingly complex problems.

One major deficiency cited is on national security issues that involve both international relations and military affairs. Another inadequacy is in the field of international finance.

The majority party which controls all committees is in far better position on staffing than the minority. Rep. Fred Schwengel, R-Iowa, has headed a House Republican Policy subcommittee that has worked diligently on this issue. It has put out a lot of publicity, but it hasn't solved its problem and probably won't till there is general reorganization.

The increasing work load of Congress during the next quarter century is bound to make present organization and procedure seem even more inadequate. Reform has to be effected for the future, it is felt, even if not for the present.

Population growth means a greater concentration of people in cities. Constantly improving farm technology means that more food will be produced by far fewer people. Automation makes achievement of full employment more difficult.

Congress has to gear up to deal with more complex human problems as well as political, economic or international affairs. And it has to gear up to make decisions faster.

es to be right or wrong, the search for truth must be abandoned.

HO-HO-HO!

Allen-Scott Report

Feighan Committee Demands End to U.S.-U.S.S.R. Cultural Exchanges

ROBERT ALLEN

PAUL SCOTT

WASHINGTON—A House Judiciary Subcommittee is demanding that extension of the cultural exchange program with Russia be held up pending a thorough investigation.

By unanimous bipartisan action, the subcommittee vigorously called on Secretary Dean Rusk not to engage in negotiations for a new round of cultural exchanges on the ground. "The benefits are so heavily weighted in favor of Russia as to make further U.S. participation ridiculous and decidedly not in the national interest of our country."

The group exploded this bombshell in the form of a letter signed by every member—Representatives Michael Feighan, D-O., chairman; Frank Chelf, D-Ky.; Peter Rodino, D-N.J.; Arch Moore, R-W.Va., and Richard Poff, R-Va.

This backstage crackdown came as the U.S. and the Soviet are preparing to resume discussions on an extension and broadening of the existing exchange program that expires at the end of this month. Negotiations were suspended in November in retaliation for the arrest of Yale Professor Frederick Barghoorn on espionage charges while in Russia in connection with the exchange program.

Strikingly illustrative of their contention that the Soviet is deriving a great deal more from the cultural exchanges than the U.S., the Judiciary committee cited the following: "During the period since 1960, Russian graduate students in the U.S. have studied: Theoretical principles for computing and designing machinery and technology of metallurgical production; perforation and percussion drilling; rigs with pneumatic bits; mechanism-interaction of synthetic filaments with surface of mineral particles in suspension; bending and vibration of beam spans and spans as a complex plate; study of electrical transmissions of mobile agricultural machines; low temperature processes; electrical deposition of alloys; computations and specifications of thermodynamic functions of solutions of ions in various solvents; high polymers."

"In comparison, U.S. graduate students in Russia are taking the following courses: Comparison of works of Maxim Gorky and Gerhart Hauptmann; teaching of Russian language; life and works of P.I. Pestel (Decembrist leader); history of Russian and Soviet science; Russian intellectual history in 19th century; Central Asian history; old Russian; works of Isaac Babei; Russian activities in Mediterranean, 1796-1807; Soviet wage policy; influence of Russian revolutionary democrats and of Marxism on South Slavs in period 1855-75."

In the blunt opinion of the Judiciary committee, the cultural exchange program has "provided legal cover for a

type of Russian scientific espionage in the U.S. Soviet students and scholarly studies are penetrating into the vitals of our scientific life while studies pursued by legitimate American students in the USSR border on boondoggling."

LOOKING IT OVER—That the Feighan committee means business is evidenced by the fact that it already is investigating the cultural exchange program.

Professor Barghoorn and other participants have been questioned at length at closed-door sessions, and this probing will be continued. Barghoorn particularly is due for further grilling.

The Yale expert on Soviet affairs has disclosed to the committee that on all of his six "cultural" trips to Russia, he was under surveillance. He stated he learned this during his interrogation while in custody on the trumped-up espionage charges.

The committee's emphatic demand that negotiations for a new exchange program be halted has created a furor in inner State Department circles.

It is understood some top officials favor taking this explosive problem directly to President Johnson with a request that he intervene with the committee to moderate its stand. He has long known some of the committee members, and the idea is he would appeal to them on a personal basis "to ease up."

How far this proposal will get remains to be seen. Feighan and other committee members are adamant in their position.

They make this very clear in the unanimous bipartisan letter to Secretary Rusk. They stress that they are acting on the basis of authoritative information already obtained, and feel it warrants a full scrutiny of the exchange program before anything more is done about it.

"Based on testimony taken to date by this subcommittee," the committee wrote Rusk, "and other information available on this subject, we have decided to recommend to you that no further cultural exchange agreements be entered into with the USSR when the present agreements terminate on December 31, 1963. In any case, it is our reasonable expectation that no further agreements of this character with the USSR will be entered into until our subcommittee has completed its inquiry and responsible officers of our government have had the opportunity to review and evaluate our findings."

"Our inquiry to date reveals glaring examples of imbalance in subjects being presently studied under the exchange program, and that the benefits are so heavily weighted in favor of Soviet Russia as to make continued U.S. participation in this program ridiculous and distinctly not in the national interest of our country. The essential ingredient of reciprocity on which

The moon is approaching its first quarter.

The evening stars are Saturn, Jupiter and Venus.

On this day in history: In 1732, Benjamin Franklin began publication of his "Poor Richard's" Almanac.

In 1777 George Washington and his Continental Army troops began their winter encampment at Valley Forge, Pa.

In 1924, members of the American Federation of Labor elected William Green as their president to succeed Samuel Gompers.

In 1950, Gen. Dwight Eisenhower was appointed commander of military forces operation under the North Atlantic Treaty Organization.

this program has sought justification is completely lacking in matters of substance."

ANOTHER KIND OF EXCHANGE—Russia has agreed to provide Cuba with a factory for the production of prefabricated housing units with a "capacity of 2,300 apartments a month." This plant is reputedly a "gift" to the Caribbean satellite. In addition, the Soviet will supply technical personnel to build the factory and to train Cubans to run and operate it—

if and when it is ever built!... In the first six months of this year Venezuela supplied the U.S. with 2,738,778 tons of iron ore—approximately 42 percent of this country's requirements.

TRUTH FORUM

German Paper Tells of 'Terror Reign'

By ED DELANEY

Pages of praise inundate the nation's press about the self-sacrificing ambassadors of good will in President Kennedy's pet family project, the Peace Corps. If we are to put credence in the volumes of verbiage that get into print, the Peace Corps emissaries, at the cost of a niggardly \$40 million a year, have contributed more to the moral and material benefit of mankind than anything since the Stone Age. Their impact on the world, according to the administration publicists, is comparable to the moral influence of the Sermon on the Mount and the material riches that followed the discovery of America. Tremendous, incredible and unprecedented, if we believe the news hand-outs.

But apparently the same news media that go overboard in lauding the Peace Corps "soldiers" for their efforts in far corners of the globe, have no space to report on deeds or misdeeds of other U.S. soldiers in foreign lands. For instance: a three-column heading in bold black type of a Frankfurt, Germany, newspaper reads: "Terror reigns in Gelnhausen! 25 Criminal Attacks in 6 Weeks." The date of the newspaper is Oct. 25, 1963.

Then in somewhat smaller type we read: (as translated) "More than 25 outrages by American soldiers stationed in Gelnhausen in the past six weeks have caused great alarm. The citizens are preparing to defend themselves. Rape, assault, molestation of girls, women and taxi drivers, robbery and deliberate destruction of taverns, public places and traffic facilities, are of daily occurrence. The local authorities have appealed to the inland minister of the German Federal Republic to put a stop to the criminal and bestial acts of violence by personnel of the U. S. Army on German territory."

The city of Gelnhausen has a population of 8,000 and 4,000 U.S. soldiers. There appears to be complete lack of discipline and no effective effort on the part of the American military commanders to end the disgraceful conduct of the troops stationed there. A high point among the many acts of violence committed by them, was on an evening less than a week before this report. In the central and best part of the city, a 37-year-old wife and mother was brutally raped by two colored U.S. soldiers.

Two weeks previously the local authorities had made sharp protests to the American commander in the area, a Col. Terry, without there being any noticeable improvement in the anti-American feelings on the situation. This is causing bitter anti-American feelings on the part of the Germans. Taxi drivers are fearful of accepting U. S. soldiers as passengers. They have argued about fares and in instances have used gangster tactics on the drivers.

People in the city, whether in the post office, on street corners, in buses or shops, talk of nothing but the outrages of U.S. soldiers, wondering what they can do about it. The burgmaster, Hans George Kuz, filed a written protest with Col. Terry, following a verbal com-

plaint of a month before. He also made known that invitations to German-American gatherings in the city have been withdrawn. There are but two local police to contend with these problems, which is ridiculous. The American commander said he would do what he could to remedy the situation, but the citizens have heard that before. The molestations, assaults and rowdiness continued. A city of 8,000 with 4,000 soldiers garrisoned there.

Why is it the news media here, which has been so zealous in reporting on some trifling racial disturbance in Mississippi, Alabama or Georgia, and demanding action by the federal authorities, has not had reports of far more serious acts of violence by U. S. troops abroad who are supposed to be ambassadors of good will?

Recently Sen. Barry Goldwater and others referred to instances of managed news, or perhaps the suppression of news by the Kennedy administration. Some of our communication media, it appears, may find it expedient to present the news in a way it will not conflict with the administration's views. The difference between that and the government-controlled press in communist countries, is but a matter of degree.

Clearing House

Articles for this column are preferred to be 300 words or less in length. However, longer articles may be printed. All letters must be signed.

Editor: Thanks for reporting Tuesday's city commission meeting accurately. It would be comforting if all news media reported factually all happenings.

The city attorney's prepared statement did not read that the gas rate petition was invalid. It stated that it was insufficient. An election could have been set, with or without a petition. The petition did not ask that the voters take part in setting a gas rate.

The petition did ask that the commission put to a vote of the people the matter of resisting the rate raise. The intent of this would be to have qualified people examine the gas company's claims and to come up with some facts of our own.

There was expressed fear on the part of some that if the request of the company was questioned, then a greater rate would be imposed. This we can never know.

A majority of the commission claims that their study proved to their satisfaction that the gas company needed and deserved the raise. Such conclusive proof eluded me.

It is our hope that voters can largely be relied upon and are capable of helping shape their own destinies.

This privilege was all that the petition asked. It was denied.

L. P. Fort
Ward 4 Commissioner.

HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senators and representatives in Washington, D. C. their addresses: (FEDERAL)

Rep. Walter Rogers, House Office Bldg., Washington 25, D. C.
Sen. Ralph Yarborough, Senate Bldg., Washington 25, D. C.
Sen. John Tower, Senate Office Office Bldg., Washington 25, D. C.

(STATE)

Rep. Granger McWhaney, House of Representatives, Austin, Texas
Sen. Grady Hestwood, State Senate Bldg., Austin, Texas.

Factor

The Rosetta Stone, which later served as the key to deciphering Egyptian hieroglyphics, was, in effect, an example of the public relations efforts by the priests of ancient Egypt. The inscription, decreed by law in 176 B.C., informs the reader that the young King Ptolemy V has been generous and just and his policies conducive to prosperity.
