WINTRY TOUCH — Trees and shrubs in Pampa's Central Park took on an Arctic look Saturday when an icy blast of cold air brought ice and snow to the Panhandle and South Plains. No damage was reported in Pampa.

Frigid Temperatures Add to Holiday Spirit

Ice-laden trees, snow and frigid temperatures pushed Pampans deep into the Christmas holiday spirit Saturday. The yuletide atmosphere was polished off Saturday night with a full-fledged snow that set in about 7:15 p.m. after the entire Top O' Texas area had been enveloped in a foggy haze all day. Late last night the weatherman was predicting the snow would continue through the night with a total fall of from three to five inches by noon today. The snow should end by noon, the fore-caster said. After hitting a high of 20 for the day, the mercury slid back to 17 degrees at 7 o'clock last night. By midnight it was 15 degrees. Low temperature this morning was expected to drop to around 13 to 15 degrees with a high in the low 20s this afternoon. While refusing to stick out his neck entirely for a Christmas Day forecast, the weatherman did say there was a possibility of more snow or cold enough

Angry Congress Scuttles Plans On Adjournment

WASHINGTON (UPI) — The 88th Congress — in a shouting mad temper — scuttled plans to adjourn for the year Saturday night and ordered sessions next week in an effort to end a bitter deadlock over the foreign aid spending bill.

A White House source and a top Democratic House leader accused Republicans of waging a legislative "sit down strike" against the \$3 billion aid appropriation.

Red Troops Hit Heavily In Viet Nam

SAIGON, South Viet Nam (UPI) — The South Vietnamese army inflicted heavy losses Saturday on a Communist Viet Cong unit in what was believed to be the first Communist-style nighttime ambush staged by government troops.

The Communists have been the masters of the nighttime ambush in the strange and dirty little war through South Viet Nam's jungles and swamps but until Saturday American military advisers had been unable to convince the South Vietnamese of the value of this strategy.

The ambush was planned and executed in flawless fashion and an American military spokesman said 20 to 30 guerrillas were killed and three captured in the action and that the government lost only two wounded. Some enemy equipment was captured.

American advisers, particularly pleased because they have long advocated such action, said they felt Saturday's action would help convince Vietnamese military commanders to use the technique more often.

Tiros Eye Sees Ice Over U.S.

CAPE KENNEDY (UPI) — America orbited a sophisticated new weather satellite Saturday that quickly flashed back vivid pictures of a massive cloud and ice layer around the Great Lakes and a spectacular view of the Eastern Seaboard. "This is really coming through great — much better than we had expected," said one scientist who viewed some of the initial pictures.

The Tiros-8 satellite is equipped with a new photographic system capable of sending "instant" weather pictures to forecasters around the world.

The new equipment eliminates the time-consuming job earlier satellites had of sending their pictures to a few elaborate ground stations for processing. With the new system, called "APT" for automatic picture transmission, weather stations using receiving facilities costing as little as \$32,000 can get a quick look at their weather as seen from more than 400 miles in space.

The first three-frame series of pictures from the new equipment was received at three stations in the mid-Atlantic coastal area. It showed the eastern coastline, its cloud cover and a frontal system moving into the area.

On the next pass over the U.S., three pictures were received here from 1:13 p.m. EST to 1:25 p.m.

One of these was the frame showing the massive cloud and ice layer around the Great Lakes.

Water Plant On City Slate

Proposed purchase of a site for a water treating plant for Pampa will be discussed at Tuesday's regular meeting of the Pampa city commission. City Manager Harold Schmitzer said the treatment plant discussion will top the agenda of an otherwise routine Christmas Eve day council meeting.

Only other matters on the agenda, the city manager stated, will be approval of the annual audit of city books, consideration of the annual city-county school district tax service agreement, and reports from the city manager.

Effect of Cutback Due Panel Study

BenJack Linked To Brazil Fraud By Ex-Associate

Land Investor Cites Sucker Bait Used in Multi-Million Dollar Scheme

SAO PAULO, Brazil (UPI) — One American who fled to Brazil under U. S. indictments Saturday accused another who fled here to escape a Texas prison sentence of selling \$3 million worth of Brazilian land to 2,700 Americans without giving them proper deeds.

George A. Mellen, formerly of Houston, charged that convicted swindler BenJack Cage of Dallas had him on a sucker list in one of the numerous deals Cage has cooked up since he fled to Brazil in 1957.

Mellen is under indictment in the United States for the violation of the securities and exchange law. He lives in Sao Paulo.

Cage headed an empire of 74 companies in Texas. He was convicted of embezzling \$100,000 while head of the ICT Corporation, which collapsed. Sentenced to a prison term of from 2 to 10 years, Cage fled to Brazil. He has lived a life of luxury with his wife in Sao Paulo and Rio de Janeiro.

Last week, fellow-financier Earle Belle of Pittsburgh, accused of fraud, returned home to face the music. He and Cage had helped each other in Brazilian deals.

No Treaty
There is no extradition treaty between Brazil and the United States.

Mellen angrily said, "I was No. 1 on BenJack's sucker list. I invested \$170,000 and other assets to buy stock of Brazilian land companies controlled by Cage. I never got a nickel out of it."

Mellen said he was a former secretary-treasurer of Cage's Pan-American Land Development Co. He said he has complained about Cage's operations to the U. S. consulate.

There was no comment from Cage. He has refused to discuss anything with newsmen on the grounds he has a deal with a New York publishing outfit and any interview with a newsmen would cost \$400.

Mellen said a "well known Houston industrialist" invested \$285,000 in the Pan-American Land Co. deal involving virgin prairie in Brazil's Matto Grosso state.

Mellen charged that his own stock was sold without his knowledge.

Have No Deeds
"Some 2,700 Americans have bought \$3 million worth of land in Brazil from Pan-American Land Co. and related outfits without receiving proper deeds for it," Mellen said.

"The buyers will lose the land unless something is done. Sufficient land is owned by these companies to fill all their commitments if prompt action is taken."

Pulse of Economy Sought by Johnson

WASHINGTON (UPI) — President Johnson Saturday ordered the heads of nine government departments and agencies to establish a high-level committee to study the impact of changes in defense spending and disarmament on the nation's economy.

His proposal was an outgrowth of informal work begun June 10 by Chairman Walter W. Heller of the Council of Economic Advisers. A member of the council will serve as chairman of the new committee.

The Defense Department already has ordered 26 domestic military installations closed as no longer necessary.

In a memorandum to the government leaders, Johnson said the committee should try to improve "understanding of the economic impact of defense expenditures and of changes either in the composition or in the total level of such expenditures."

"Federal outlays for defense are of such magnitude that they inevitably have major economic significance," the memorandum said. "In certain regions of the nation and in certain communities they provide

a significant share of total employment and income. "It is therefore important that we improve our knowledge of the economic impacts of such spending, so that appropriate actions can be taken — in cooperation with state and local governments private industrial disturbances which may arise from changes in the level and pattern of defense outlays."

In a separate statement, the President said he was confident that the U.S. economy could adjust to changes in defense spending or arms reduction.

The President said the committee's job would be to evaluate and coordinate the work of various government agencies, rather than to undertake studies of its own.

His memorandum went to Heller, Defense Secretary Robert S. McNamara, Commerce Secretary Luther H. Hodges, Labor Secretary W. Willard Wirtz, Chairman Glenn T. Seaborg of the Atomic Energy Commission (AEC), administrator James E. Webb of the National Aeronautics and Space Administration (NASA), Director William C. Foster of the arms control and disarmament agency, Director Edward McDermott of the office of emergency planning, and to Budget Director Kermit Gordon.

High on the administration economy agenda is a plan to cut back operations of the Navy's 11 shipyards. The problem is now being studied but final action will be delayed for perhaps a year or more.

News Offers Kennedy Book

Four Days That Shook the World

(See Picture on Page 8)
A record of the assassination of John F. Kennedy is available in book form to readers of The Daily News.

A volume tracing the history of four days that shook the world, from the President's arrival in Dallas to his burial in Arlington, can be ordered through this newspaper's Public Relation Service Bureau.

The hard-cover edition is entitled "Four Days—The Historical Record of President Kennedy's Death." It contains a written and photographic history of the fateful days, Friday, Nov. 22, through Monday, Nov. 25, 1963.

Bruce Catton, historian and senior editor of American Heritage Magazine, wrote the preface. The magazine and United Press International conceived the book and prepared it for publication in two weeks — a near-record publishing feat.

IT WILL BE READY for delivery the first week in January. The Daily News urges readers to place orders immediately to allow time for processing re-

quests. A check or money order for \$2 should be mailed to: Kennedy Book, Pampa Daily News, P.O. Box 2198, Pampa, Texas

This permanent record of the assassination will not be available in retail book stores until February.

On the cover is a color photo of President Kennedy in triumph, seated in his open limousine and responding to the cheers of thousands as his motorcade passes through Dallas. The camera captured a spray of flowers on the seat next to the President.

Then, for 128 pages, the volume traces the tragedy of assassination, the intensity of personal and national grief, the somber pageantry of a President's funeral.

IT IS DESIGNED to provide the public a permanent record of the weekend in which the world changed and to give scholars a reference work drawn from the immediacy of daily journalism.

The content is based on the (See WORLD, Page 4)

NEW BUSINESS — Pampa will begin the new year with a new business, it was announced Friday. Grant Supply Company, an industrial supply specialty firm announced their company would open its first branch office and warehouse on Price Rd. early in January. Here Charles B. Grant, center, is showing Frank Culbertson, chairman of the chamber industrial committee, pictures of their operation in Tulsa. Thomas F. Casey Jr., manager of the company, is looking on. (Daily News Photo)

Gemini Landing Tests Get O.K.

HOUSTON (UPI)—A series of recent tests revealed that the astronauts should have no trouble in guiding their Gemini spacecraft to safe landings.

The tests were held at the space guidance center of the International Business Machine Corp. at Rockville, Md., and the results were released today by the Manned Spacecraft Center in Houston.

The four astronauts "flew" the mockup during simulated descents through the earth's atmosphere.

The simulated runs were the first astronaut checkouts of the simulation of the Gemini guidance system.

The astronauts, seated in the mockup spacecraft, made several eight-minute runs in which they manually "guided" the spacecraft from the time it entered the earth's atmosphere.

At 50,000 feet a small drogue parachute opens in the simulated flight to stabilize the descent of the vehicle. The small parachute is then followed by a larger parachute, which lowers the spacecraft slowly to the splash-down.

FOUR CAR SMASHUP

DALLAS (UPI)—Mrs. Elsie Van Hook, 66, Noel, Mo., was killed Friday night in a car wreck on a rain-slick Dallas street. Her husband escaped serious injury in the four-car smashup.

COMPLETING PLANS — Committee members of the Key Club annual Pilgrimage committee are shown completing plans for the event which will take place at 5 p.m. today. Left to right are, Richard Fatheree, speakers committee; Barry Peterson, public relations; Doug Altom, chairman of routes and marches, and John Mann, chairman of church relations. (Daily News Photo)

TEENAGER KILLED — A teen-ager was killed Friday night in a two-car wreck that injured five other persons.

DATE PALMS — Date palms are very susceptible to foliage disease in South Texas.

SHIN OAK — Shin oak is a true oak growing high on the sandy high plains of Texas.

STUDENTS MISS PARTY — About 400 pupils at the Meachen School eagerly looked forward to the Christmas holiday vacation but were quite unhappy Friday when it began a day early.

A six-inch water main broke in the basement of the school here, forcing officials to send the pupils home before they could hold their scheduled afternoon Christmas party.

ZALE'S JEWELERS

YULE PARTY — City officers were among the many in Pampa to have Christmas parties this week. The city Hall employees also honored City Manager Harold Schmitzer on his birthday which was Friday. Left to right, are Mayor Raeburn Thompson, Clara McQuary, serving, and Mr. and Mrs. Harold Schmitzer. (Daily News Photo)

Theft, Vandalism Reported in City

Pampa police Saturday were investigating one reported theft and a case of vandalism, both of which occurred Friday.

A Norelco Transistor Tape recorder, valued at \$99.95, was reported taken since noon Thursday from White's Stores Inc., 109 S. Cuyler.

The recorder was in a white carrying case. It was reported missing at 10:45 a.m. Friday by telephone to police headquarters.

The vandalism was reported at the W. R. Parker Greenhouse, 200 N. Ward, at 10:10 p.m. Friday.

Police said a beer bottle was tossed through a large plate glass window at the greenhouse, smashing the window, but causing no other damage to the greenhouse.

"Hot" Shivers

Shivering is nature's way of generating heat. A tiny section at the rear of the brain stimulates shivering when the body is cold and it simultaneously constricts surface blood vessels to hold body heat.

Funeral Set for McLean Rancher

McLEAN (Spl) — Funeral services will be held at 2 p.m. Sunday at McLean Methodist Church for Jake L. Hess, 73, prominent McLean rancher, who died Friday in McLean Hospital and Clinic. Rev. J. B. Stewart will officiate and burial will be in Hillcrest Cemetery.

Mr. Hess had lived in McLean since 1912 and was president of American National Bank. He operated the 30,000-acre Sitter Ranch and was past president of the Panhandle Hereford Breeders Association.

He also was a member of the Methodist Church and served as trustee on the church board.

The family has requested in lieu of flowers, that donations be made to Boys' Ranch, the Methodist Home in Waco or to the donor's favorite charity.

Survivors are his wife; one son, Jake F. Hess of McLean; three daughters, Mrs. Jesse Coleman and Mrs. Clyde Magee of McLean and Mrs. John Dwyer of Samnorwood; a brother, Charles Hess of Anna, Ill., 12 grandchildren and two great-grandchildren.

Resident Fined on Disturbing Peace

A Pampa resident was fined Saturday in Corporation Court on a charge of disturbing the peace after he allegedly fired three pistol shots in a private residence.

E. Jay O'Neal Jr., of 420 Elm St. was ordered to pay a \$50 fine for the disturbance charge. Pampa police arrested the man at 12:35 a.m. Saturday in a private residence. Officers said the man discharged an automatic pistol three times, but no one was injured.

Spirit Distortion Claimed In Rusk-Otepka Case

(Continued From Page 1) took as much time to help a child select a 50-cent toy as they would if the child had a million dollars to spend," he said. "This was really a fine thing to watch."

Earlier in the week, the children had been guests of the Veterans of Foreign Wars Post at an informal dinner party.

The Salvation Army will distribute baskets of toys, candy and Christmas dinners to some 150 men, women and children in 35 needy families.

Envoy Hugh C. Seago said the baskets will be given out at Salvation Army headquarters, 817 S. Cuyler, at 10 a.m. Tuesday. Baskets will be delivered to other families unable to come to Salvation Army Headquarters.

The Army held a party for children Friday night. Ninety persons were in attendance and sacks of candy, fruit and toys were handed out.

A party was held at S.A. headquarters Wednesday night for Girl Guards and Sunbeam troops.

Women of the Army's Home League delivered Christmas gifts Wednesday afternoon to convalescents at Twilight Acres and to several homes.

At 7:30 p.m. today a pageant, "The Gift Divine" will be presented at the Salvation Army hall.

Envoy Seago said Christmas kettles collections will continue on downtown street corners until Christmas Eve. He said approximately \$2,000 of the 1963 goal of \$2,500 had been collected up until mid-afternoon Saturday.

Many other civic organizations and church groups also plan to distribute Christmas gifts and baskets to families which have been assigned to them.

All in all, officials in charge of charitable assistance indicated none would go without a cheerful Christmas in the way of toys, food and clothing.

WASHINGTON (UPI) — The State Department Saturday accused Rep. William C. Cramer, R-Fla., of issuing "distortions, inaccuracies and misleading references" about its security division and the activities of Secretary Dean Rusk.

The department said Cramer used "distorted information" from irresponsible sources when he charged that Rusk short-circuited proper administrative procedure to secure the recent ouster of security officer Otto Otepka. Otepka was charged with passing confidential information to unauthorized persons.

It also denied Cramer's assertion that department security officers were engaged in investigating members of the staff of the Senate internal security subcommittee, to whom Otepka is alleged to have given the information.

The statement, read to newsmen by department Press Officer Ben Thirkield, said: "It is regrettable that the congressman did not come to the department for verification of the information passed to him by a source he has not identified."

"Confidential Memo"

The department was replying to charges made Thursday by Cramer. He released what he said was a "confidential memorandum" from an "unimpeachable source" describing the Nov. 19 meeting of security officers with William J. Crockett, deputy undersecretary of state for administration.

The meeting took place, the State Department said, but the discussion there was not as reported in the Cramer "memorandum."

The department said this affair "underlines the problem presented when misleading and distorted information is passed by sources acting irresponsibly." It described as "absolutely false" any suggestion that Rusk "has interfered in the normal administrative procedure" in the Otepka case.

Otepka has appealed his dismissal and his case may eventually go to Rusk for review.

World

(Continued From Page 1) thousands of words and hundreds of photos filed by United Press International during those four days. It captures, simply and dramatically, the men and women who made or were involved in the history of that tragic weekend.

It will be printed on coated paper stock, 8 1/2-by-11 inches in size, and will follow the established format of the bi-monthly American Heritage magazine.

Supervising editorial content of the book were Earl J. Johnson, editor and vice president of UPI; Joseph J. Thorndike, editorial director of American Heritage; Harold Blumenfeld, executive editor of UPI newspapers, and Richard M. Ketchum, associate editor of the magazine.

The joint project was ordered by Mims Thomason, UPI president, and James Parton, publisher of the American Heritage Co.

NEW SHIPMENT JUST RECEIVED PANELING

by PAVCO

to bring you the—
Natural Beauty of Real Wood

- Cherry
- Walnut
- Birch
- Knotty Cedar
- Oak
- Knotty Pine
- Elm
- Pecan
- And Others

These beautiful panels have a tough 5-coat finish. The 2 top coats are baked on for lasting beauty and durability. The panel with its Permacoat finish will neither support fire nor allow flames to spread. The finish has been tested for resistance to:

Alcohol, butter, crayon, detergents, lipstick, soap and water, and others.

Obituaries

Miss Beulah Gaston
Miss Beulah Clo Gaston, 54, a resident of White Deer, died Saturday night at a Pampa hospital.

She was born in Kansas City, Kan., and had lived in White Deer since 1917. She was employed by Ellen's Cafe in White Deer.

Survivors include her father, W. T. Gaston, of White Deer, a brother, Wayne R. Gaston of Los Angeles.

Funeral arrangements are pending at the Duenkel-Carmichael funeral home.

Mrs. Myrta Wariner
Mrs. Myrta Augusta Wariner, 72, died Saturday at her home, 435 N. Ballard, where she had been living for the past 10 months.

Mrs. Wariner was born in Pottsville. She was a member of the Church of Latter Day Saints.

Mrs. Wariner had lived in Texas most of her life, except for a 27-year period when she resided in California. She had moved to Pampa from there 10 months ago.

Funeral services will be held at 2 p.m. Monday at the Church of Jesus Christ Latter Day Saints with Elder James Waldorf officiating. Burial will follow in Fairview Cemetery with Duenkel - Carmichael Funeral Home in charge of arrangements.

She is survived by her husband, Newton L. Wariner; four sons, Alvah Wariner of Dover, N.J., Leo Wariner of Las Vegas, Nev.; N. J. Wariner of Lufkin, and Cecil of Castle Rock, Colo. Five daughters, Mrs. E. B. Brown of Odessa, Mrs. Ed Lark of Fort Worth, Mrs. Olin Chadwell of Santa Ana, Calif., Mrs. Byrel Smith of Anaheim, Calif., and Mrs. Clayton Pearson of Pampa; three sisters, Mrs. Bessie Nelson and Mrs. Josie Wright of Plainview, and Mrs. Ella Harper of Hereford. One brother, Gus Hogue of California; 45 grandchildren and 28 great grandchildren.

VETERAN DID YOU DROP YOUR GI INSURANCE? HERE IS GOOD NEWS.

You can now buy up to \$10,000 insurance at the same basic low rates used by the VA under the GI Insurance Program of World War II.

- Policy is the same basic plan issued to millions of servicemen during World War II

Political Boss Dies in Hospital

PHILADELPHIA (UPI) — Rep. William J. Green Jr., 53, the political boss of Philadelphia who delivered the Pennsylvania vote to the late John F. Kennedy during the last presidential election, died Saturday at Graduate Hospital after a 13-day illness.

President Johnson was among the many notables who expressed bereavement at the death of Green, who traded Army PFC stripes for a congressional seat during World War II.

JUDGE LOSES WALLET

ALBUQUERQUE, N.M. (UPI) — A pickpocket got brave or desperate or both Friday and picked the pocket of a federal judge.

U.S. District Judge H. Vearle Fayne said he missed his wallet and could not find it.

A custodian in a downtown building found the judge's wallet — minus \$25 — in a restroom the judge had not entered.

BIG IDOL—The tourists you see on this rather weird looking hunk of stone are taking liberties with a mighty god named Tlaloc, a pre-Aztec rain god. He is destined to be the centerpiece of a reflecting pool in a Museum of Anthropology in Mexico City. It'll be quite a job getting Tlaloc there, however. He weighs 180 tons.

New Tests Due In Slaying Case

HOUSTON (UPI)—Authorities ordered new tests today on the body of a prominent divorcee who was found slain in her home. Preliminary reports indicated no irregularity.

Mrs. Andrea Baker, 36, former wife of John H. Baker, president of Architectural Specialties Inc., was found nude except for a blouse. Police said her home was a shambles from overturned furniture and broken Christmas tree ornaments.

But police reported no sign of a break-in.

Police said the woman's doctor said she had tried previously to take her own life.

The woman's former husband, John Baker, is the son of Rex G. Baker, retired vice president of Humble Oil and Refining Co.

RAISE PULP PRICES

MONTREAL (UPI)—Canadian International Paper Co. Ltd. announced Thursday it is raising the prices of various grades of bleached sulfite pulp 15 a ton Jan. 1.

Center Wrap-Up

George Smith, Director
Pampa Youth and Community Center

The center will be open Monday, Thursday, Friday and Saturdays at 9 a.m. during the holidays. Closing time will be 10 p.m. except Saturdays and Sundays when it closes at 5 p.m. There will be a lunch break from 12-1 p.m. and a supper break from 5-6 p.m.

Persons desiring to come to the center and do not have memberships may purchase one at the front office or pay a charge good for all activities for one day. This charge is 35 cents for persons under 12; 50 cents for persons 12 and above in school and 75 cents for adults. It is cheaper to buy memberships for they are for a longer period of time and the number of times they may be used is unlimited. Memberships for individuals are \$5 for six months and \$8 per year while family memberships are \$12 and \$20 respectively. The center has sold a number of memberships to be given for Christmas presents.

In conjunction with the holiday schedule the Dolphin Swim Team and the youngsters taking the intermediate and swimmer lessons will not meet again until Jan. 2. This corresponds with the days that school is out.

Several new activities have been scheduled during the past few weeks. The new weightlifting and body building course is meeting on Monday, Wednesday, and Friday of each week at 5:30 p.m. Several boys and men are participating and interested parties can still join. The instructor is Bob Bequet.

Also forming is a basketball league for high and junior high school students who do not participate on any varsity team. Those people who are interested should form teams of at least five and notify the center. All team members must be center members. The league can start as soon as there are four teams entered.

The center now has another pool table in operation.

The center is sponsoring a New Year's Eve dance. This will be a dress up affair where the young people can put on their finest and attend a well-chaperoned dance. Hours will be from 7:30 to 11 p.m. Music will be furnished by the Starsfires. All young people are invited to attend and bring their guests over the holidays.

The center basketball league has completed its fourth week of competition and is breaking off one week for the Christmas holidays. In the women's division the La Bonita Beauty Salon is still undefeated with a record of 4-0, followed by Malcolm Hinkle, Inc. (3-1), Citizens Bank (1-3), and Pampa Independents (0-4).

In the men's division it has developed into a two team dog race with the others trying to catch up. Tied for first with 4-0 records are Pampa Jaycees and Motor Supply of Texas. This tie will be broken Jan. 4 when these two teams meet at 1:30 p.m. They are followed by First National Bank (3-1), Panhandle Packing (2-2), Montgomery Wards (1-3), White Deer Jaycees (1-3), S. W. Public Service (1-3) and Celanese (0-4).

TWIG WAS BENT—New York City probation officer John Carros tells reporters that Lee H. Oswald, slain accused assassin of President Kennedy, was diagnosed as potentially dangerous at the age of 13 when he was a student in the city's schools and was recommended for psychiatric care. For various reasons, the care was never given.

Alleged Spy Posing As Priest Exposed

NEW YORK (UPI)—An alleged Soviet spy who used the name of a Roman Catholic priest was stripped of his false identity, but his female co-conspirator today remained hidden this week behind her mystery mask.

A new indictment handed up in Brooklyn federal court Tuesday said the alleged Russian spy who took the name of Robert K. Balth really is Alexander Sokolov, 44, of Tiflis, Russia.

The true identity of his alleged accomplice, using the name of Joy Ann Garber Balth, remained a mystery.

Both have refused to talk. They were being held without bail on espionage charges that could result in the death penalty for both. No trial date has been set.

Garber is now Mrs. Robert Seskin, 33, of Norwalk, Conn. Why their names were used by the accused spies also remained a mystery in the case which broke open last July 2.

The FBI seized the "Balth" couple in Washington. The same day federal agents in New York City arrested Ivan D. Egorov, a Russian employe at the U.N., and his wife, Aleksandra. The Soviet couple was arrested on charges of attempting to pass to Russia U.S. defense secrets, including data on atomic weapons and missile launching sites.

The Egorovs were allowed to return to Moscow in exchange for two Americans imprisoned in Russian jails. Rev. Walter Ciszek, a Catholic priest and Marvin W. Makinen of Asburnham, Mass.

The real Robert K. Balth is a Catholic priest in Amsterdam, N.Y., and the real Joy Ann Sabine National Forest with 183,832 acres is the largest national forest in Texas.

FOUR FATEFUL DAYS — This is a photo of the cover of the United Press International-American Heritage book on the assassination of President Kennedy. The cover photo, in color, shows Kennedy riding through the streets of Dallas minutes before he was mortally wounded by gun shots. The 144-page book will be made available to readers of the Pampa Daily News in January. It contains 128 pages of text, plus a 16-page appendix. It has 130 photos, 14 of which are in color. The price is \$2. To order, mail your check or money order to the Pampa News, P.O. Box 2198, Pampa, Texas. (See story on Page One)

Increased Wheat Production Estimated for Next Year

WASHINGTON (UPI)—The Agriculture Department estimated the 1964 winter wheat crop, planted this fall for harvest next summer, will total 959,056,000 bushels.

The prospective crop next year compares with 904,828,000 bushels of winter wheat produced in 1963 and a 1958-62 average production of 1,019,570,000.

If the spring wheat crop reaches 290 million bushels, the total 1964 wheat crop will be about 1,309,570,000 bushels. Combined winter-spring wheat production in 1963 was 1,137,641,000 bushels.

Under present farm law, the 1964 wheat crop will be grown under a program calling for price support of 50 per cent of parity, or about \$1.25 per bushel. That amount will be paid only to those growers who stay within their acreage allotments. Otherwise, there are no acreage restrictions on the 1964 crop.

President Johnson has asked Secretary of Agriculture Orville L. Freeman to work out some sort of wheat legislation which would apply to the 1964 crop. Whether the legislation will be adopted by Congress is problematical.

The 1963 crop was grown under a voluntary acreage diversion program.

Estimated winter production, in bushels, based on Dec. 1 conditions, and compared with 1963 production included:

1964 Estimate	1963 Crop	
Kansas	223,461,000	185,480,000
Oklahoma	82,195,000	75,411,000
Missouri	41,553,000	38,708,000
Texas	44,869,000	40,618,000
Colorado	46,937,000	21,438,000

Automotive Chiefs Expect Continuation of Record Pace

DETROIT (UPI)—Top automotive executives voiced unanimous confidence this week that the automotive industry will continue its record pace in 1964.

General Motors Corp. President John F. Gordon estimated the industry would finish the current year with record sales of 7.7 million cars, including imports.

Ford Motor Co. Chairman Henry Ford II said in his year-end statement Monday, "We estimate that Americans will buy an estimated 7.7 million automobiles, including imports, in 1964... a new truck sales record of more than 1.250 million units will exceed by 120,000 units the previous record year of 1950."

Chrysler Corp. Vice President Clare E. Briggs last week estimated that more than seven million cars would be sold in the United States during 1964.

The spokesmen for the big three—General Motors, Ford and Chrysler—all saw the largest increase in the automotive market overseas.

ONE TOO MANY

COLORADO SPRINGS, Colo. (UPI)—Virginia Goodrich, 32, and Victoria Trujillo, 18, both of Pueblo, Colo., were arrested when police found them both driving the same car—one of them steering and the other operating the foot pedals.

Municipal Judge Allen Asher fined them each \$25 for careless driving. "Two poor drivers do not make a good one," Asher said.

U.S. Experts Study Effect Of Berlin Wall Season Gift

WASHINGTON (UPI)—U.S. officials believe the Christmas season in the Berlin wall may turn out to have long-range political significance.

The grim grey barrier, breached for the first time since August 1961 to permit Berliners to visit their kin in the Red-held Eastern sector, can never have the same psychological significance of permanence again, they said.

The fact that the Soviet-controlled East German officials attempted in vain to extract political concessions before opening the wall is proof, in the view of officials here, that there was real significance in the decision to take this action.

It goes without saying, they added, that the Russians approved the East German action if they did not, in fact, order it. While admittedly a smaller matter in the broad scope of the cold war, the temporary opening in the wall was considered to be particularly revealing when considered along with Russian actions to ease the rigidity of their grip in other areas of the East European satellites.

Secretary of State Dean Rusk Friday referred briefly to the holiday action of the East Ger-

Viet Nam War Plans Hopeful

WASHINGTON (UPI)—Defense Secretary Robert S. McNamara returned from South Viet Nam Saturday and said the new government in Saigon has detailed plans for "bringing the war to the Communists in 1964 and prosecuting it successfully."

In a pre-dawn planeside talk with newsmen, McNamara said he was "optimistic that the plans, when carried out, would blunt the Communist drive of subversion against the people of Viet Nam."

McNamara landed here at 5:45 a.m. EST, completing a week-long business trip around the world. During that time he attended the annual NATO ministerial meeting in Paris and proceeded to Saigon at President Johnson's direction to review the situation there.

The secretary said there had been "dramatic" decline in attacks by Communist Viet Cong guerrillas during the last 10 days.

Central Intelligence Agency Director John A. McCone returned from Viet Nam with McNamara. He and the Pentagon chief were to confer with President Johnson later today.

After McNamara told how he had discussed plans for prosecuting the war and expressed optimism, he was asked whether intentions to reduce number of the U.S. troops still stood.

"Not another word," McNamara said, cutting off the interview.

Prof Honored By Foundation

AUSTIN (Sp) — Dr. Norris G. Davis, University of Texas Journalism professor, has been honored by the Minnie Stevens Piper Foundation of San Antonio as one of 10 Piper Professors of 1963.

Piper Professors are chosen for "outstanding academic, scientific and scholarly achievement." Each receives a cash award of \$1,000.

Dr. Davis has taught at the University since 1947 and is well known to newspapermen for his book "The Press and the Law in Texas." He has bachelor's and master's degrees in journalism from The University of Texas and a Ph. D. from the University of Minnesota.

Texas is the leading agricultural state in the nation.

Big Welcome Awaits Germany's Chancellor

WASHINGTON (UPI)—West German Chancellor Ludwig Erhard will get a real Texas welcome on his visit to President Johnson's LBJ ranch shortly after Christmas.

Erhard and Johnson will have four working meetings during the Dec. 28-29 visit.

Erhard will fly from Bonn, Germany to Ellington Air Force Base at Houston Dec. 27 and spend the night at the Shamrock Hilton, flying to Bergstrom Air Force Base the next morning.

The president and Secretary of State Dean Rusk will meet the chancellor with a formal welcome and 30-minute ceremony, whereupon Johnson and Erhard will fly by helicopter to the Johnson ranch near the village of Stonewall, Tex. and a business conference in the living room of the Johnson home.

The two leaders will meet alone Saturday morning, lunch with a few advisors, then have a full-dress afternoon business session.

That night Johnson will entertain Erhard at a dinner attended by about 30 persons.

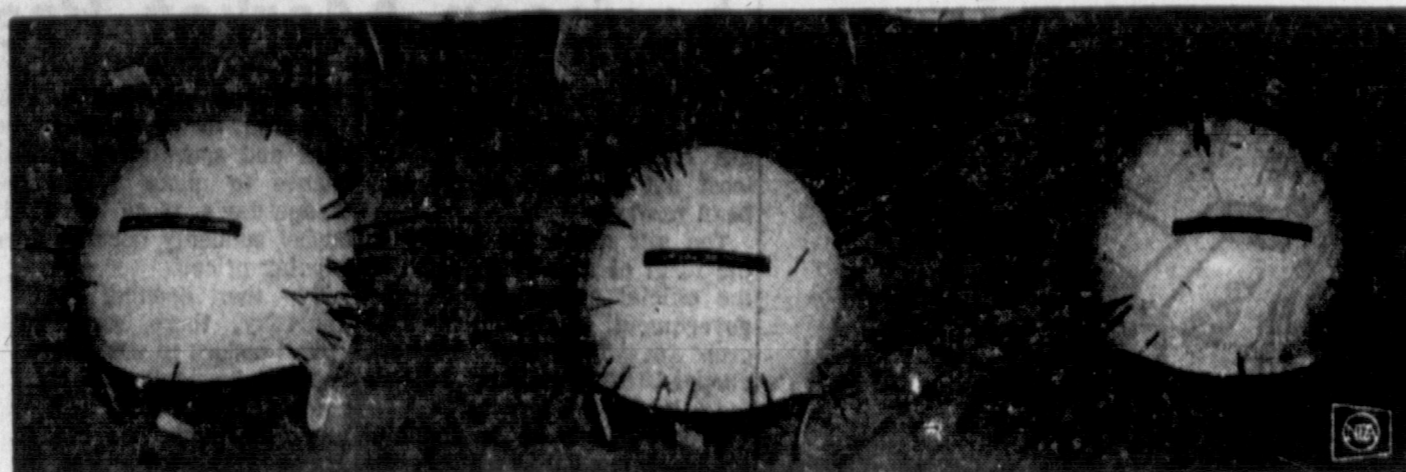

Sunday, Dec. 29, the two will go by helicopter to Fredericksburg, a town of about 5,000 in the heart of a community settled by Germans about a century ago.

They will return to the Johnson ranch after attending services at Bethany Lutheran Church in Fredericksburg and hold another late morning business session.

That afternoon, President and Mrs. Johnson will entertain Erhard and his party at a barbecue served in the gymnasium of Stonewall High School about three miles from the ranch. From 225 to 250 persons are expected at the barbecue.

Erhard and Johnson will have one more business session at the ranch before Erhard leaves late Sunday afternoon. The German chancellor will hold a press conference at Bergstrom before departing.

Rusk was scheduled to preside at formal farewell ceremonies at the Air base.

WIRED FOR KNOWLEDGE—Porcupine quill-like wires protruding from football helmets mark spot and intensity of head blows absorbed by a Northwestern University fullback during separate games this season. Lengths of quills indicate intensity of blows. Data, radioed from electronic gear in the helmets to a location in the press box, is being used in medical research.

Wall Street In Review

NEW YORK (UPI)—Forbes Investgraphs, Inc., says "this is a strange and disturbing market."

"The Dow-Jones industrial average is strong but nine out of ten investors must be thinking, 'Why aren't my stocks as strong as the average?' The answer, of course, is that most stocks are lagging far behind. Meanwhile, the rail, are strong and many technicians are probably getting buy signals according to their various systems. Therefore, though we consider this market a rather confusing one, we continue quite bullish for the short term."

The monthly economic letter of the First National City Bank says that "with widespread confidence in the future, and with a blend of fiscal and monetary policies dedicated to achieving economic growth without inflation, the economy can advance to new heights in the months ahead. In our opinion, the economic and technical backgrounds can support a substantial extension of the year-old bull market."

Jack Coleman of Bregman, Cummings & Co. says he does not believe the Dow-Jones industrial average will drop below 750 in the next six to eight weeks.

Standard & Poor's says that "Improved prospects for a tax cut reinforce views that 1964 will be even more prosperous than the current year, justifying a constructive but highly selective investment policy."

56TH
YEAR

Weather Slows Down Cotton Crop Harvest

Weather kept farmers from harvesting the last 30 per cent of their cotton crop. This gave the Memphis Cotton Division of the Agriculture Marketing Service a chance to reduce the back-log of samples but at week's end they still carried over about 15,000 samples, representing about three and one half days of classing with eight tables in operation.

Through Friday, Dec. 13, the Memphis Division classed a season's total of 131,000 samples compared with 88,000 as of the same date last year. Although the harvesting of this year's crop had been slow because of various reasons, 43,000 more samples than a year ago were classed.

Wheat Measurement Card Anticipated

It is anticipated by the Gray County ASC office that a card will be sent to all wheat producers asking if they want their wheat measured this year.

If the card is returned, the wheat will be measured without charge to the producer. If the card is not returned, it will be assumed that the wheat is overplanted for history purposes in the county office.

Any overplanted wheat for 1964 will affect the future wheat allotments and will reduce them by about 6 to 7 per cent.

Last week, based on statistical estimates, was lower than those the week before. White grades represented 19 per cent of the total with 12 per cent strict low middling. Over two per cent of the samples classed were reduced in grade because of bark, grass, oil and preparation.

Micronaire tests showed only a slightly lower reading over the week before.

The fiber strength of cotton as tested by the Pressley instrument continued to show high readings, ranging from fair to very strong.

The volume of cotton moving into trade channels was about three times more than the week before. Average prices paid to farmers on some grades based on uncompressed, mixed lots, in warehouses were ranging from 28.50 to 30.85.

Cottonseed prices at gin points were generally \$50.00 per ton.

Farm News

By ARNEAL SCOTT
Soil Conservation Service

Charlie West has started constructing a dam on the Duncan Estate north of Pampa. Floyd Bull is constructing a dam on his ranch west of Lefors. Landowners interested in more livestock water should make plans now to construct ponds and drill wells. Since rainfall is below normal, livestock water could be a problem next year.

Brush Control
The past two years have been too dry for much success in controlling competitive brush in most areas of Gray County. A more reasonable year is due and those interested in brush control should make arrangements to get the work started.

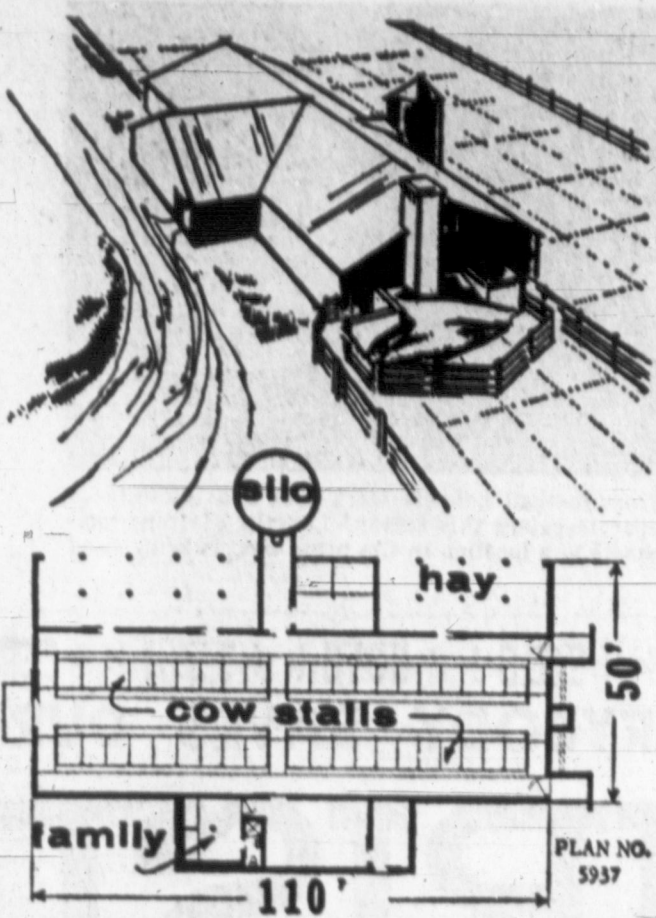

Mrs. J. B. Noel said that the brush spraying and deferred grazing on her ranch north of McLean produced enough extra forage in one year to more than pay for the work. She said that the deferred pastures provided excellent winter grazing.

Farmstead and Feedlot Windbreaks

The Gray County Soil Conservation District has Ponderosa pine and Red Cedar seedlings available at Bruce Nursery for farmstead and feedlot windbreaks. These seedlings are potted and ready for planting. They will be provided at a low cost to farmers and ranchers in Gray County. The tree seedlings should be planted during February and March.

Christmas Party

The Gray County SCD held their Christmas party last Friday at the Courthouse Annex east of Pampa. Refreshments were served by Mr. and Mrs. Curtis Schaffer. Those attending were: Mr. and Mrs. Milton Carpenter, Mr. and Mrs. Curtis Schaffer, Mr. Stan Friend, Mr. and Mrs. James Cliett, Mr. and

THE FORTY AND SIX—Architects and engineers of the U.S. Department of Agriculture have designed a dairy barn to provide fallout protection for 40 cows and a family of six people. Details of plan No. 5937 (available from most state agricultural colleges) call for windowless masonry walls a foot thick as well as two feet of sand above the ceiling over the stall area to reduce fallout radiation to 1/70 of that outdoors. The barn would have its own standby electrical generator.

Second Man Charged In President Threats

DALLAS (UPI)—Federal authorities, reflecting the anxiety of a troubled and mourning nation, dealt harshly with presidential threats Saturday to create a greater psychological aura of safety from assassin bullets.

Robert Beaty Finnell, 29, was charged Friday at Oakland, Calif., for carrying a note that threatened the life of President Johnson. Russell Wence McLarry, 21, was charged Thursday at Fort Worth for threatening President Kennedy the day before the assassination.

Secret Service men who guard presidents know there is armor-piercing ammunition on the market that could be fired from a pistol and penetrate any bullet-proof glass that could shield the President.

An awakened conscience for responsible citizens and deft handling of the deranged and conspirators was an alternative. Presidential guards have warned there is little defense from a telescopic-sighted sniper's rifle, like the one used to kill President Kennedy here 29 days ago.

Both Finnell and McLarry were charged under a federal statute that prohibits threats against the President. Punishment calls for a \$1,000 fine, five years in prison or both. There is no federal law concerning actual assassinations.

Finnell, a self-styled "social psychiatrist" and former member of the Black Panther Party, was charged with threatening the life of President Johnson. McLarry, a part-time college freshman who was employed across the street from where Kennedy was shot, said he "was joking" when he said he would be waiting with a gun for the President.

Federal officers seriously doubted if there was any connection between the two young men accused of the threats and Lee Harvey Oswald, the late 24-year-old man accused of fatally wounding Kennedy.

Humble Honors Odessa Employee

HOUSTON (UPI)—William C. Campbell of Odessa was honored in Odessa at a barbecue dinner marking his retirement from Humble Pipe Line Company after more than 29 years service with the company.

Friends and company associates joined with Campbell for the occasion. He was presented a retirement plaque and emblem and a watch by D. C. Lamm, Manager of the Midland Area for Humble Pipe Line Company.

Campbell was born in Bremond, Texas and attended school in Moran, Texas. He served with the U.S. Army Medical Corps in Europe during World War I.

He joined Humble Pipe Line in 1934 in connection work at Wink, Texas, and the following year was assigned to office work at Wink.

Area Youth Sent To Florida Base

HOMESTEAD AFB, Fla. (UPI)—Airman First Class Francisco Estrada of Canadian has arrived here for duty following a tour of service in Korea. Estrada, an administrative specialist, has been assigned to the Tactical Air Command's 207th Tactical Fighter Squadron.

Pampan Serving Aboard Destroyer

USS WILTSIE (Spl) — Marvel E. Rake Jr., Navy seaman, son of Mr. and Mrs. Marvel E. Rake of 712 North Wells, Pampa, is serving aboard the destroyer USS Wiltzie operating out of San Diego, Calif.

Wiltzie, a unit of Destroyer Squadron Seven and flagship for Destroyer Division 72 has completed a six-month cruise in the Orient.

Soybean Market Presents 'Bullish' Present

By United Press International
The bulls aren't looking a gift horse in the mouth — at least not the bulls in the soybean market. The gift came Wednesday in the form of a surprise slash in the official crop estimate. The government, in placing the 1963 crop at 701,365,000 bushels, chopped 16.7 million bushels from its Nov. 1 forecast.

Orders to buy began accumulating immediately after the report was released — shorts clamored to cover their positions and speculators spotted a chance to make a fast buck. Wednesday's close of \$1.81 a bushel suddenly became a very popular price.

By the opening bell on Thursday, there were enough "buy" orders to push most soybean contracts the 10-cent daily trading limit. And with offerings nowhere to be found, prices stuck at the peak for the remainder of the session.

At the bottom of the enthusiastic demand for soybeans is a very simple matter of supply and demand. Supplies on hand at the beginning of the season, Oct. 1, totaled 716 million bushels (15 million bushel carryover plus the 701 million bushel crop). But, the government forecast for total 1964 usage is 732 million bushels.

At first glance, it looks like we might be running short on soybeans next year, but one trade expert points out that soybeans will reach a certain point and then price themselves right out of the market. Vern Halberstadt of Walston & Co. suggested that prices may push right through the previous highs and soar as high as \$3.50.

However, he said, livestock feeders, already taking losses for their animals, aren't going to buy at that level, foreign countries will look for soybean substitutes, and it certainly won't pay for processors to crush beans at such a costly conversion ratio.

The general boycott that would occur when prices hit a certain towering level, not only would knock soybeans back down to more palatable levels, but would also chop bushels from estimated usage and even out supply and demand.

Lower Chicago prices were the only sore spot this week in

TO THE PEOPLE WHOSE OPINION WE VALUE THE MOST — OUR CUSTOMERS

How fortunate we are to have such wonderful folks like you as customers!

THANK YOU FOR YOUR LOYAL PATRONAGE.

Without you our pharmacy could not long exist. We know this to be true and gratefully make every effort to please.

YOU NEVER ASK FOR THE IMPOSSIBLE.

You always co-operate and are tolerant and understanding about our problems.

WE GLADLY SERVE YOU COURTEOUSLY.

We will continuously try our best to give you the dependable service and reasonable prices you rightfully deserve.

ONCE AGAIN THE CHRISTMAS SEASON IS HERE.

It again gives us the looked for opportunity to sincerely wish that you, your family and friends will have a —

MERRY CHRISTMAS AND HAPPY NEW YEAR.

We appreciate being your pharmacy. We hope we may serve you for many more years. Thank you for preferring us.

Jehovah's Witnesses To Meet Here Friday

More than 500 Jehovah's Witnesses are expected to arrive in Pampa Dec. 27 to attend the semi-annual circuit assembly to be held through the 29th in the Pampa Junior High School auditorium.

Delegates to the convention will be from 15 congregations in the Panhandles of Texas and Oklahoma and Western Kansas.

Principal speaker for the convention will be Peter D'Mura, district supervisor for a seven-state area including Colorado.

Five Paintings By Picasso Burn in Fire

DETROIT (UPI) — Thirty-five Picasso paintings went up in flames Wednesday night in a downtown fire which caused an estimated \$500,000 damage. The paintings by the famed 82-year-old Spanish artist, Pablo Picasso, were being shown in the Arwin Gallery on the second floor of the Robinson Furniture Co. building. Damage to the furniture store was estimated at \$100,000.

Lester B. Arwin, owner of the Arwin Gallery, said the ruined Picassos included "Man in Front of a Cabin," valued at \$36,000, and "Picador," valued at \$9,500.

Arwin said the gallery, built by Robinson Furniture three months ago for \$20,000, is fully insured.

The Picasso exhibit came from New York and was to be shown here until Jan. 4.

GET NAVY CONTRACT
MINNEAPOLIS (UPI) — Minneapolis Honeywell Regulator Co. has obtained a \$5.2 million Navy contract to make gyroscope for use on Polaris A3 missiles.

Nebraska, Kansas, Oklahoma, Iowa and Texas. He has been traveling for the world headquarters of the Watchtower Society since 1949. The main public talk by D'Mura will be "The Bible Triumphs in a Scientific World."

Clarence Newcomb, circuit supervisor for the 15 congregations in Texas Circuit 10 will speak on "Skillfully Feeding the Sheeplike Ones."

Delbert Harris of Woodward, Okla., is the assembly chairman and Al Milanesi of Dalhart is the music director.

The program for the three-day convention: The convention will officially begin Friday at 6:45 p.m. The first day will close following the 9:15 p.m. services.

The first full day will open at 9 a.m. and close at 9 p.m. with a song and prayer session.

The services Sunday will open at 9 a.m. and the convention will be officially closed following the session at 6 p.m. Sunday.

200 Deaths Seen In 10-Day Period

AUSTIN (UPI)—Death Watch—Texas.

The Department of Public Safety, handling the grim aspect of the holidays, has predicted 200 persons would die violently in Texas in the 10-day period starting Dec. 23.

The prediction calls for 96 deaths on Texas streets and highways, 40 homicides and suicides and 44 accidental deaths other than in traffic.

The DPS will have extra personnel on duty in an effort to help keep the traffic death toll in Texas from soaring to a new all-time record.

The highest traffic death toll ever recorded in Texas was in 1956 when 2,611 persons were killed. With the current toll approaching the 2,500 mark this week end, DPS experts expect the 1956 figure to be topped unless the trend is reversed.

Common Market Countries Seek Farm Price Solution

BRUSSELS (UPI)—The European Common Market's six foreign ministers arrived in Brussels this week to seek a solution to a farm price deadlock that could wreck the Western economic bloc.

The foreign ministers, who planned to join the bloc's six agriculture ministers, were scheduled to meet for three days. But there were reports they were willing to keep talking until Christmas Eve if necessary to solve the deadlock.

The crux of the problem lies in a dispute over farming between France and West Germany. Italy and the Benelux countries are the other members of the common market.

France, which wants to sell its surplus farm products in Germany, hopes to achieve this through a unified farm price and subsidy agreement. But

Germany opposes any plan that would make it dependent on France for farm products and cut it off from buying from the United States and other customers for German industrial goods.

President Charles de Gaulle has demanded the agreement be reached by the end of the year. He has hinted he will destroy the market by pulling France out of it if the deadline is not met.

Germany has defied the ultimatum. It has demanded that the common market define its policy toward global tariff talks scheduled in Geneva next May before it gets down to agriculture.

The government in Bonn has said it will make no farm concessions unless France agrees to participate in the tariff talks.

Pentagon Group to Study Closing 11 Navy Shipyards

WASHINGTON (UPI)—A Pentagon study group is going to explore the possibility of closing some of the government's 11 naval shipyards employing nearly 100,000 persons.

The Defense Department announced establishment of the

survey board, headed by Navy Secretary Paul H. Nitze, Wednesday, less than a week after Secretary Robert S. McNamara's decision to shut down or reduce 33 military bases—26 in the United States and 7 abroad. That action eliminated 16,300 civilian and military jobs.

The survey could presage massive shift of the Navy's overhaul and repair work from government to private shipyards. The cost of such work presently runs close to \$1 billion a year.

The shipyards run by the government are located at Brooklyn, N.Y.; Portsmouth, N.H.; Kittery, Maine; Bremerton, Wash.; San Francisco; Long Beach, Calif.; Philadelphia; Boston; Charleston, S.C.; Norfolk, Va.; Mare Island, Calif.; and Pearl Harbor, Hawaii. Their replacement cost is estimated at about \$3.5 billion.

Students Urged To Drive Safely

AUSTIN (Spl) — The Texas Safety Association today called on students to "set-the-pace" for safety during the Christmas - New Year holiday period.

"Each year thousands of lives are lost needlessly during the holiday period," Dr. Milo E. Kearney, TSA Vice President for School and College safety, said. "However, I believe the high toll anticipated for this season can be drastically reduced if the thousands of students in our state join individually in the campaign for holiday safety."

Dr. Kearney, who also is Director, Division of Teacher Education and Certification for the Texas Education Agency, praised high school and college students for their interest in safety. He also pointed out that the youthful driver is among the best equipped driver in the world.

"Tests show that young drivers are well - equipped physically for driving. The young driver reacts much faster in an emergency situation, and his vision is better than that of older drivers," he explained.

"In addition, most young drivers have a better knowledge of their motor vehicle and its performance."

While Dr. Kearney urged all student drivers to put "courtesy" in their driving and "caution" in other holiday activities, he has a special message for college students traveling home for the holidays.

"Make sure your vehicle is in good condition for driving and that you do not overload it with passengers or packages. Don't pile packages so high in the back seat of your car that the rear-view window is blocked," he said.

"And, watch your speed. Highway traffic will be heavy, so be patient. You won't be the only driver on the road."

Banker Pleads Guilty On Cash Manipulating

HOUSTON (UPI) — A guilty plea was entered Friday by a bank executive on two charges of manipulating bank accounts to invest in the stock market.

Merl Glenn Kerns, 40, assistant vice president of the National Bank of Commerce, was charged with manipulating \$51,007 in bank accounts.

Kerns pleaded guilty to two counts of the six-count indictment. The two charges Kerns admitted involved \$29,308. The government dropped four other counts totaling another \$21,788.

Kerns could be sentenced to a maximum of 10 years and a \$10,000 fine.

Asst. U.S. Atty. Scott T. Cook said Kerns embezzled the money from the foreign correspondent bank accounts. All of the money has been paid back to the bank, Cook said.

Cook said Kern made \$11,000 on the stock market with the embezzled funds. Cook said Kerns could keep the profits unless the bank decides to sue.

Cook said the shortage was discovered in a bank audit and

the FBI was notified. Kerns immediately repaid the money after talking with the FBI.

Judge Allen B. Hannay ordered a pre-sentence investigation by the probation office and set sentencing for Jan. 6.

University Sets Journalism Course

AUSTIN (Spl) — The University of Texas will conduct a three-week summer seminar for high school journalism teachers under a new Newspaper Fund grant, Dr. DeWitt C. Reddick, Journalism School director, announced.

The seminar will be held in June, Dr. Reddick said. It will be the fourth such course sponsored at the University by the newspaper fund of the Wall Street Journal.

Any teacher who has had one or more years of experience teaching high school journalism

and who has a bachelor's degree may apply. The Newspaper Fund will provide housing and food at the University, tuition and textbooks, and transportation to and from Austin for about 25 teachers.

Additional information may be obtained from Director, School of Journalism, University of Texas, Austin, Texas — 78712.

Two distinct varieties of lupine bear the name of Texas Bluebonnet.

Owls Blank Miller, 17-0 For 4-A Title

AUSTIN, Tex. (UPI) — Ralph Weaver's explosive running set off a second-half Garland surge Saturday to give the Owls a 17-0 victory over Corpus Christi Miller and the Texas Schoolboy Class AAAA football championship.

The championship was the second in as many years for Owl Coach Chuck Curtis. He won the Texas Class AA title last year as head coach at Jacksboro.

The Owls were in command throughout the game, but held only a 3-0 edge at halftime on the 31-yard field goal by Danny Sims. Weaver ran the margin to 10-0 in the third period with a 12-yard touchdown run and halfback Gary Bridges got the final touchdown on a 9-yard sprint around end.

Sims added both conversions to give him a record of 36 kicks in 39 attempts for the season.

Miller was never able to untrack its offense against the stingy Owl defenders. The Buccaneers penetrated only to the Garland 26 in the first half and were never able to push past the Owl 27 in the final two quarters.

Garland	3	0	7	17
Corpus Miller	0	0	0	0

Scoring:
Gar—FG Sims 31
Gar—Weaver 12 run (Sims kick)
Gar—Bridges 9 run (Sims kick)
Attendance—8,000.

64-Yard Pass Defeats Dulles

WACO, Tex. (UPI) — Rockwall quarterback Kenny Terry completed a 64-yard desperation pass for a touchdown with 23 seconds to play Saturday to give the Yellow Jackets a 7-6 victory over John Foster Dulles and the 1963 Texas Schoolboy Class AA football title.

Dulles seemed to have sewed up the game when Rockwall got the ball on its own 31-yard line with just a minute left.

The Yellow Jackets managed only five yards in three tries. That used up all but 35 seconds left on the clock.

Then Terry drifted back and lofted a long pass down the right sidelines. Noel raced in with two Dulles defenders hounding him.

But Noel leaped high and made a spectacular catch. He nearly fell to the turf when the Dulles defenders bounced off him.

Palo Duro Edges PHS, 60-58

Storrs Hits Charity Shot in Last Seconds

By JEFF COHANE
Pampa News Sports Editor

A pair of successful free throws with seven seconds left in the ball game by Palo Duro's Gene Storrs gave the Dons a wild 60-58 victory over the Pampa Harvesters Friday night in a district 3-AAAA clash at Harvesters Field House.

The hair-raising game had the fans standing in their feet most of the way as the score was tied 15 times and the lead changed hands 19 times, with Palo Duro taking the lead for good with two minutes left to play in the third stanza.

The shot that broke the Harvesters' backs was a 50-foot desperation toss at the third quarter buzzer by PD's Terry Simpson, which swished through cleanly before the eyes of the awe-struck crowd, to give the Dons a 48-41 lead which the Harvesters could never overcome.

Both teams hit well, the Harvesters, with Charlie Price, Ropes Roper and Danny Heil dominating the backboards, hitting 43 percent on close-in shots, while Palo Duro's fantastic outside shooting by Storrs, Simpson

Mira Throws South Past North, 23-14

By OSCAR FRALEY
UPI Sports Writer

MIAMI (UPI) — George Mira, the passing wizard of Miami, hurled his Dixie comrades behind a two-touchdown deficit Saturday to lead the South to a 23-14 victory in the 16th annual North-South College All-Star game.

Mira, voted the South's most valuable player, thrilled a sparse crowd of 19,120 in the Orange Bowl as he pitched for two touchdowns, passed for a pair of two-point conversions and set up the clinching touchdown in the final quarter.

Mira's touchdown tosses were to Clem Dellenger of Tulane and teammate Nick Spinelli, while his two-point conversion passes were gathered in by Spinelli and Duke's Stan Crisson with Florida's Frank Lasky contributing the other point by placement. Dave Casinelli of Memphis State plunged over from the two for the final quarter score.

Jack Concannon of Boston College, voted the outstanding North star, seemed bent on breaking the game open in the first period when he scored once and passed 26 yards to Cloyd Webb of Iowa for another touchdown. Gary Fletcher of Iowa kicking both points. But from then on, Mira took over and the North never dented the goal line again.

and Mike Echols, netted 45 percent, with one basket being the difference.

The first quarter switched back and forth with Stewart driving and Ropes dunking rebounds for the Green n' Gold and Storrs and Tommy Cook connecting for the visitors, who took their third district win against a single loss. Kenny Hebert hit a 35-footer just before the buzzer for a 17-15 Pampa lead.

The second quarter went back and forth as Hebert matched shots with Storrs, but PD stole the ball in the final seconds of the half and Henry Hawley hit with a jumper to give PD a 25-21 lead, the biggest margin of the ball game.

Stubborn Pampa tied it up again in the third frame and the rest of the period would see the Dons make a bucket to go two points ahead and the hustling Harvesters tie it up once more, but the Dons took the edge in the final minutes, with Simpson's fantastic shot wrapping it up.

The Harvesters came slicing back and Palo Duro went into a stall with three minutes left and a four-point lead. Pampa fouled, PD missed the charity toss and lost the ball, and the Flying Frenchman came driving through with a basket to tie the edge to 58-56 with 1:51 left.

Again the Dons went into the freezer and with 23 seconds left, Price and Roper dove in to knock a pass loose and Pampa recovered. The Harvesters worked in for one tying shot and Storrs snatched a pass, being fouled as he recovered the ball. Stepping calmly to the line, the former Pampian, who hit his last seven charity tosses in a row, calmly laid the two tries up and in. Stewart drove the length of the floor for a Pampa basket, but too late.

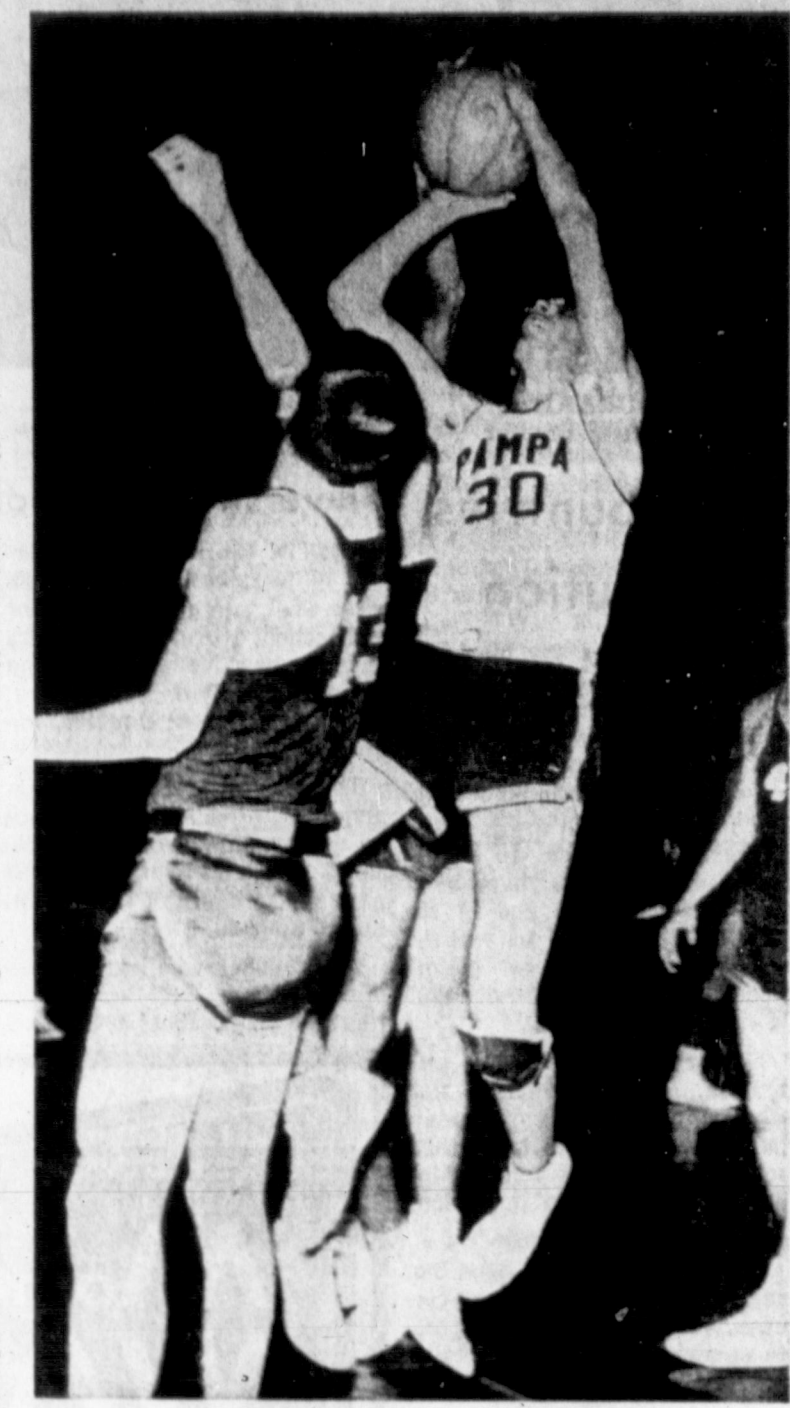

Pampa goes back into action tomorrow night, hosting Perryton in a non-conference game.

In the preliminary contest the Shockers stretched their winning skein to 10 without defeat by whipping the Chicots 56-48.

The Shockers led all the way and survived a fourth quarter rally to climax the victory.

Ronald Curlee bucketed 14 points to lead the Shockers, while Mac McWilliams hit 10, and Mike Wise hooped 13.

Pampa	fg	ft	pf	tp

GOOD FOR TWO — Ropes Roper (30) is shown sinking a field goal for two points while Mike Echols (13) attempts to block the shot. Roper hit 7 points in the Pampa-Palo Duro game. (Daily News Photo)

Mississippi State Scores Liberty Win

PHILADELPHIA (UPI) — A tough Mississippi State carried its late season impetus into the Liberty Bowl Saturday and snapped up two first period kicking breaks to defeat North Carolina State, 16-12, before 8,300 semi-frozen fans shivering in 22-degree temperature.

The Bulldogs, Cinderella team of the Southeast conference, turned a blocked kick into a first period touchdown, took advantage of a short punt to roll 47 for another in the same quarter and put it on ice literally when guard Justin Canale booted a 43-yard field goal against a 17-mile an hour wind in the second period.

North Carolina State, co-champion of the Atlantic Coast Conference, rallied from the jolt of the early scores to march 69 yards for a touchdown in the second period.

Wolfpack Threatens
Then the underdog Wolfpack put on a threat when they scored on a five-yard pass from quarter

back Jim Rossi, voted the outstanding back of the game, to Ray Barlow late in the fourth period and had possession of the ball on the Mississippi State 44 when the game ended.

The nationally-televised game which could be the last Liberty Bowl clash in Philadelphia was only five minutes old when an exchange of fumbles gave North Carolina State the ball on its 19.

Kicker Dave Houtz, back to punt on fourth down, got a high pass from center and end Bill McGuire crashed through to block it. Tommy Inman picked up the ball on the 11 scooted in for the score with Canale converted.

That was the first punt blocked on NCS all season and the shock carried over to the next kick. A quick kick by Houtz carried only 24 yards to the Wolfpack 47.

Old Man Tittle Eyes Bears Defense in Playoff Fight

CHICAGO (UPI) — The New York Giants pit the passing wizardry of Y.A. Tittle against the Chicago Bears' unyielding football league's championship playoff.

The Eastern Division champions were slight 11-10 favorites over the Bears, surprise winners of the Western Conference, for the title game to be played at Wrigley Field.

The remarkable defensive record compiled by the Bears this season and the equally impressive offensive might shown by the Giants make this playoff game a "natural."

Chicago held its 14 opponents to an average of a fraction more than 10 points per game. New York's scoring average of 32 points is the fifth highest ever recorded in NFL history.

Although defense is the Bears' forte and offense the Giants', each team also is strong in the other phase of football. The Bears managed to score points when they needed them in the defensively tougher Western half of the league. And the Giants had the best defensive record among the teams in their offensive-minded Eastern Division.

The contrast in quarterbacks points up the difference in offensive styles of these playoff rivals.

Chicago's Billy Wade, who at 32 is playing his 10th pro season, has a reputation as a "safe" passer. Wade had a respectable 53.9 pass completion percentage but he threw for only 15 touchdowns and his 6.5-yard average gain per pass is the lowest in the league among regular quarterbacks.

Although the Giants' Phil King and Joe Morrison are not rated outstanding running backs, they still appear to pose more of a threat than the Bears'.

King has gained 613 yards and Morrison 568. Behind them is 32-year-old Alex Webster, who has been troubled by back and leg injuries and may play only sparingly against Chicago. The Bears' top rusher is Joe Marconi with 446 yards, followed by Ron Bull with 404 and Willie Fallimore with 321.

Defensively, both teams are outstanding.

Pro football men rate the Giants' front four of Jim Kattcavage, Dick Modzelewski, John Lovetere and Andy Rustell an edge over the Bears' Bob Kilcullen, Stan Jones, Fred Williams and Doug Atkins.

However, the same experts rate the Bears superior in line-backing and in the defensive backfield. The linebacking trio of Joe Fortunato, Bill George and Larry Morris and the backfield quartet of Rich Petitbon, Roosevelt Taylor, Bennie McRae and Dave Whitsett intercepted a league high of 36 passes this season.

Trull Leaves LSU Dizzy; Bears Bluebonnet Champ

HOUSTON (UPI) — Baylor quarterback Don Trull passed Louisiana State dizzy Saturday, hitting on 26 of 37 passes to give the Bears a 14-7 victory in the fifth annual Bluebonnet Bowl.

A crowd of 50,000 saw LSU score early in the first quarter, then hang on for dear life as Trull filled the air with footballs.

Trull hit end James Ingram with 7 and 13-yard scoring passes in the fourth quarter to bring the Bears from behind.

The game was a lot more one-sided than the score indicated, however, as the Bears had four long drives run out deep in LSU territory.

A 10-yard touchdown run by Baylor halfback Henry Pickett was called back in the third quarter on a personal foul penalty, and two plays later LSU back Buddy Soefker intercepted a Trull pass ending the Baylor threat.

It was just a matter of time, however, as the Tigers' heralded drive on its own 32-yard line as Trull mixed his plays beautifully, running draws to tighten up the defense, then hitting on passes. The big play was a 31-yard toss to Ingram on a sideline pattern. That took the Bears down to the LSU 31.

After Baylor kicked off and held LSU on downs, the Bears started another drive, this time from their own 30.

It took Trull 12 plays to drive them in for the score as he again hit Ingram for the touchdown with a little more than 5 minutes left.

On the following kickoff, LSU halfback Joe Labruzzo gave Tiger fans something to cheer about for the first time in three quarters, as he returned the kick 72 yards to the Baylor 24 before being brought down from behind by Lawrence Elkins.

The Tigers could gain only one yard in four plays, however, and Baylor took over to run out the clock.

LSU managed to score after an exchange of punts in the first quarter. The Tigers drove 43 yards in seven plays, mainly on the passing and running of quarterback Billy Ezell. Soefker took it over from the eight.

Baylor had three drives in the first half. The Bears reached

the LSU 19 and 7 yard lines only to lose the ball on downs, and the 26 where a fumble stopped them.

Trull's 26 completions more than doubled the old bowl record for passing, which was 11. Ingram caught 11 of them for 166 yards, while star flanker Lawrence Elkins grabbed seven for 66 yards.

Trull was voted the game's outstanding back and Ingram was named the outstanding lineman.

The Tigers, acclaimed for their running game, gained only 95 yards on the ground to Baylor's 139. Mavor made 27 first downs and 225 yards passing to LSU's four first downs and 13 yards passing.

Baylor fullback Dalton Hoffman, running mostly draw plays, was the top ball carrier for both teams with 70 yards in 15 attempts.

Baylor	0	0	14	14
LSU	7	0	0	7

Scoring:
LSU—Soefker 8 run (Moreau kick)
Bay—Ingram 7 pass from Trull (Davies kick)
Bay—Ingram 13 pass from Trull (Davies kick)
Attendance: 50,000 (Est.).

Fry Pleased With Ponies

DALLAS (UPI) — Coach Hayden Fry put his Southern Methodist Mustangs through another stiff workout Saturday, then dismissed the Sun Bowl-bound squad until 4 p.m. Dec. 26 when they resume practice for the game against Oregon.

Fry said he was pleased with the week's workout, which included two scrimmages, and said he felt the team's main problem was building a defense for Oregon's total offense star, Bob Berry.

Tackle John Knee, bothered by a dislocated elbow, was the only probable casualty, but Fry said Knee might be able to play in the Dec. 31 game at El Paso. The SMU team flies to the border city Saturday, Dec. 28 after a workout on their own field.

Corsicana Fakes Way To Crown

VICTORIA, Tex. (UPI) — Corsicana faked a field goal and converted it into an 18-yard touchdown pass Saturday to beat Pharr-San Juan-Alamo, 7-0 and win the Texas Class AAA football championship.

The Tigers fooled the Rio Grande Valley team when they sent in their field goal team of quarterback Rankin Koch and Ricky Libal on a fourth and one situation on the Pharr 18 yard line.

Koch, instead of placing the ball down for Libal to boot jumped and hurled a pass to fullback Jim Hagle who was all alone.

Hagle trotted into the end zone for the only score of the game.

It was Corsicana's first state championship in 31 years, although Coach Jim Acree's Tigers have entered the playoffs for four consecutive years since he took over as head coach in 1959.

The Corsicana touchdown was set up when the Tigers' Ron Ivie blocked a Pharr punt by Jeff Champion on the Bear 26. Ivie fell on the ball and four plays later the fake field goal attempt that won the game took place.

Hall of Fame Program Ready

DALLAS (UPI) — The Texas Sports Hall of Fame, which includes four more famous athletes into its ranks on New Year's Eve, will be formally dedicated New Year's Day shortly before the Cotton Bowl game between Texas and Navy.

There is a possibility that Gov. John Connally will make the dedicatory address in perhaps his first public appearance since he was seriously wounded, in Dallas Nov. 22 during the assassination of the late President Kennedy.

Doctors have not yet given clearance for the governor to make the trip, but Connally's office said that he had expressed a desire to be in Dallas for the dedication and the bowl game.

Bowling

By MAXINE HAWKINS
 Jim Adkins continues to be the man of the hour, as he has been turning in some fantastic scores. Bowling for Ray's Electric, he has a 189 game. The second game he started with eight strikes in a row. The nine in the tenth for a 263 game and a 629 series.

John Gray (average 156) rolled games of 171, 246, and 165 for a 582 series. John lacked only ten pins having 100 pins over his average. Ted Erickson also bowled a 246 game.

Other highs were Travis Beck, 237; M. J. Kihneman, 234; Ray Chastain, 224; George Galsback, 236 and 226 for a 444; Charles Warminski, 234; B. Jameson, 223 for a 544; Ted Pryor, 210 twice in a row; W. B. Steward, 221; Dick Wilson, 207; Gil Burkund, 201; and Mike Canada, 198.

Blantie Wilson had his first 300 game. After rolling 112 twice, he posted a 235. On a 23 average, Carl Chambers had a 529 series. Wesley Keelin rolled a 542 and Ray Schultz had a 533. Cliff Deboss had his highest series this week—a 578. On a 134 average, Bill Hammer had a 221, 154, and 161. Others above were Max Webb, 203 and

The Playmore Music team set high game for a four man team, a 847. Jim Herring was low with a 532. Lonnie Harman had a 533. John Snuggs, 559, and Leonard Cable a 579 with a 243 game. Ronnie Havens lead the Panhandle Plumbing and Heating team two games. He had a 200 and 221 for a 586.

The Pampa Glass and Paint team one point from United Mud by three pins. The next game, the competition was between the members of the Mud team. The scores were Hazel Mulanax, 179; Keitha Clifton, 224; and Dorothy Osborne, 223. Keitha had a 566 series.

In the mixed league Dorothy Osborne and Travis Beck had the same race going. They each posted a 213 game—Dot with a 570.

Kyle's Shoes won four as they rolled some good games. Joyce Cantrel had a 174 and a 167 for a 486; Paulette Gilbert, 180 for a 495; and Billie Gray, 182.

The Halliburton took four as three members rolled high. Jim Butcher was Bowler of the Week with games of 210, 183, and 201 for a 706 handicapped series. (Jim had a 225 in another league.) G. W. Rutledge (142) rolled a 173, 177, and 182, and Ray Browning (158), rolled 197, 178, and 175.

Bowling on the same team, Betty had 108, 171, and 105. Iris had 181, 172, and 122.

Seba Hollis (95), rolled a 175 for a 377 series. Edna Sackett (107) and Lola Alvey (102), each rolled 149. Jackie Evans posted a 490. Cleda Black just bowled up a storm in all three of her leagues. Mary Clark (116), rolled a 149, 141, and a 145 for a 435. Jacque Jouett (117), had a 183 and 168 for a 454.

Allene Coker got her first 200 game for Christmas. With a 118 average, Allene rolled a 126, 160, and 218 for a 504—100 pins over her average. Nice rolling, Allene. Ave Gene Berry got her first 500 with games of 166, 152, and 190 for a 508.

Kathy Richardson has bowled only two months and has a 100 average. Last week she rolled a 148 for a 376 series.

Nadine Fletcher made Bowler of the Week with games of 164, 201, and 199 for a 692 handicapped series. Mary Ray had a 213 for a 575. Oleta Werlev was well over her average with games of 166 and 164. Erma Henson (128), rolled a 192. Other highs were Kathy Parsley, 215; Penny Penley, 222 for a 514; Minnie Cehle, 504; Janice Webb, 202 for a 516; Ruby Donnell, 513; Eileen Greer, 206; Sheila Rutledge, 214 for a 544; Marjorie Fry, 190; and Mary Mvatt, 204.

Sorry I missed Bill Fadd's triple score last week. This week Bob Bonsal posted his triplicate. Both were above their averages.

Paulette Gilbert nipped up the big four snit. Jim Clifton converted a double split—the 4-7-9-10.

When David Crossman seemed pleased that I hadn't seen what he bowled the night before, I got him to tell me by promising him I wouldn't tell—that was about his 191 and 105. I didn't promise George Bernson and the rest, so—I will tell. George rolled a 226 and a 117. Glenn Cox had a 198 and a 115. Clara Achord had a 172, 182, and 119. Rich Rivali recovered nicely from his 102 as he got his 200.

Earl Edwards and Tony Smith ran out of steam before the series was ended. Earl's scores were 208, 170, and 129. Tony's were 185, 138, and 108. Eva

Boyd placed a 134 between a 176 and a 172. R. J. Moore rolled a 174, 105, and 181. H. W. Caldwell dropped from 218 to 124. Carl Lawrence was not so consistent. He had games of 181, 128, and 182. Bob Rumsey had a 118, 105, and 187. Art Ziebarth failed to get his average twice then rolled a 203.

Bowlers do beat all! Lucky Snider recommends that everyone have their broken leg set in a cast with the knee slightly bent so they can continue to bowl. Lucky carried a 160 plus average with his broken leg. The average came down a little when the cast came off, but is now picking up again. He rolled a 210 this week.

Glenn Sanders tried to sell me an item for this column, but I didn't buy. I was afraid it would be like the time he told me he had just rolled a 289 game. When I called him a falsehood teller—he excused himself by only saying that it was because he fished so much.

Joy Urbanczyk has had a motto that expresses the desires of many of us. It is "Out of the gutters by Christmas".

We hope that many of you will receive a gift that scores for a very Merry Christmas.

See ya' at the lanes—

Denver Broncos Hold Title Key

By RAYMOND C. MEANS
 United Press International
 The lowly Denver Broncos, winners of only two games and plagued with nine injuries, are all that stand between the San Diego Chargers and the American Football League Western Division title Sunday. But the Chargers could not be more worried.

The Broncos have handed the Chargers four straight defeats, the last by a 50-34 margin, since ex-Charger assistant Jack Faulkner took over the head coaching reins. The Chargers are 14-point favorites to win at home.

In other games the Oakland Raiders entertain the Houston Oilers and are six-point favorites to win their eighth straight. The New York Jets visit Kansas City, where the Chiefs are 9½ point favorites to avenge a 17-0 setback handed them by the Jets earlier this month.

Backs Injured
 Denver, which suffered most of its injuries in last week's 35-31 loss to Oakland, promises to come up with an equalizer. The regular backfield of quarterback Mickey Slaughter, halfback Hewitt Dixon and fullback Billy Joe will not start because of injuries.

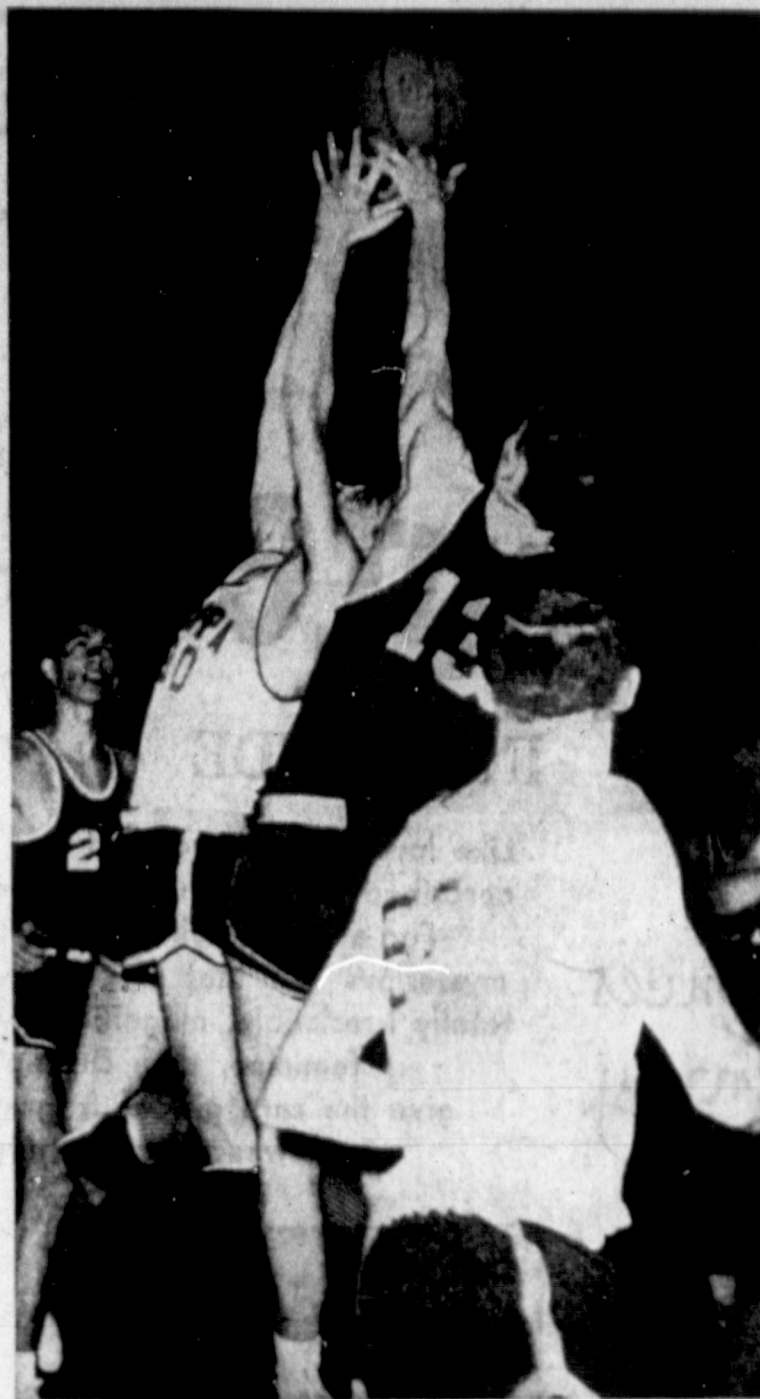

Oakland and Houston appear to be in relatively good physical condition for their match. Jackie Lee is expected to replace Blanda at quarterback for Houston, but the affair figures to feature running because Oakland and Houston rank one-two respectively in league passing defense.

Oakland halfback Clemon Daniels may be the difference. He needs only 40 yards to win the league rushing title.

Longhorns End Pre-Yule Work

AUSTIN (UPI)—Classes dismissed at the University of Texas Saturday for the Christmas holidays and coach Darrell Royal sent his football team home with a warning not to eat too much turkey.

"Check out sweatsuits and shoes before you leave," Royal said. "You should run at least 15 minutes a day—and don't stuff yourself," he added. "Let's all report back in shape."

GOING UP—Kenney Hebert (20) is shown trying to out-jump Palo Duro's Mike Echols after a tie-ball. Danny Heil (52) is in foreground. Palo Duro won 60-58. (Daily News Photo)

White Tail Deer To East Texas

AUSTIN (UPI)— Operation "White Tail-East Texas" will move 1,000 deer from King Ranch in Kleberg County to a new game reserve in Sabine County, the Sportsmen's Clubs of Texas announced Friday.

Henry LeBlanc Sr. of Port Arthur, president of the clubs, said marked progress is being made in clearing fence lines on the 10,000-acre spread with bulldozers. He said the first of four groups of deer to be transferred from the ranch will be moved in about 30 days.

The low-cost hunting project will be in full operation next season, LeBlanc said. All deer will be moved under state permit from the Parks and Wildlife Commission.

Houston Signs First Schoolboy

HOUSTON (UPI)—The University of Houston has laid claim to signing the first schoolboy of the football season.

The school said it signed halfback Wayne Rains of Pearland Friday to a letter of intent. Rains was an all-district selection and led Pearland in rushing with 988 yards and an 8.1 rushing average.

He will be in full operation next season, LeBlanc said. All deer will be moved under state permit from the Parks and Wildlife Commission.

Briscoe Hits 96 Against Canadian, Kittens Cop

CANADIAN (Sp1)—The high-scoring Briscoe Broncos just missed their second straight century score Friday night as they swarmed over the Canadian Wildcats, 96-54, with the Wildkittens winning the girls game in overtime, 41-39.

Briscoe rolled up a 105-point score against Wheeler earlier this week, and indicated that it will be a powerful threat in the forthcoming Canadian Tournament as it tried to duplicate the score against the Class A Wildcats, running the starting team in almost all the way, and scoring 21 points in the last 2½ minutes.

Canadian tried to beat Briscoe at their own fast-break game in the opening quarter and failed badly, with Ronnie and Tommy Hayes and Gordon Puryear hitting on drives and 6-6½ sophomore Orville Atherton dunking the rebounds for a 31-10 margin.

Canadian slowed it down in the second quarter and started to pull up on the shooting of Butcherby Eckles and Tony Steine, aided by Ken Willis and Mike Henderson, and it was 49-23 at the half.

The Cats kept it up in the third frame with Eckles hitting consistently, backed by Steine, and it was 54-42 going into the final frame.

With two-and-one-half minutes to go and a 21-point lead, the

Broncos suddenly went wild as the Cats started fouling out and passing wildly, and Briscoe slammed in 21 points in the final minutes.

All five Briscoe starters hit in double figures, with Tommy Hayes heading the way with 25. Eckles had 21 and Steine 11 for Canadian.

Dixie Petree hit a 10-foot jump shot with 25 seconds left in overtime to give the Kittens the girls win.

The game switched back and forth in the first half, Canadian holding a 9-7 quarter lead and Briscoe a 16-15 halftime edge. The Kittens came out for

the second half breathing smoke. With Sue George aiding Dixie while Marie Williams was hawking the ball and Joyce Thorne and Eva Williams swarming over high-scoring Mickie Fulks, the Kittens opened a 30-25 lead going into the final frame.

Both teams are off until the Canadian Tournament Jan. 2.

all of a sudden, it's Christmas

AFTER THANKSGIVING, all thoughts turn to Christmas, the streets are suddenly gaily lighted, shop windows crammed full of so many tempting pretties, spirits perk up and young and old can hardly wait for "The Day". Pens and paper are found and letters quickly jotted down to remind Old St. Nick that "I've ben good and I want ..."

Everything and everbody seems brighter and more gay just at the thoughts of the magic Christmas lends to life and atmosphere. Then suddenly, IT'S HERE.

PARTIES, PARTIES, PARTIES — (Upper left) Everything is in high gear as Christmas draws near. Restrained from their gifts for awhile, children attending the Jaycee-Ette Christmas party are twisting and turning in their chairs. Young party-goers from left to right are, Carol and Julie Jackson, Wes Hayes, John Hollar and Leann Hall. Seated, left to right, are, Ken Cooke, Scott Alexander and Jay Osborne.

TIME OUT FOR CAROLS — (Upper right) Connie McBroom, daughter of Mr. and Mrs. Lowell McBroom, 1708 Coffee, and Wayne Bruce, son of Mr. and Mrs. Wallace Bruce, 1128 Seneca, take just a "little" time out from music lessons to sing a carol. It's just too much to ask youngsters to study at this time of year. . . . **'AND HE COMES DOWN THE CHIMNEY'** — (Center page) Ricky Seitz, 5, tells little brother, Tracy, 8 months, that he has seen all of five Christmases come and go. The young voice of experience lets his buddy in on all the intricate details of Santa Claus. They are the sons of Bobby and Darla Seitz, 2112 N. Nelson.

PILGRIMAGE — (Lower right) Del and Jerry Davis and their children, Suzan, Lynette and Glen, 407 Red Deer, are almost ready (Suzie's coat is unbuttoned again) to set off on the annual walk to church today, marking the importance of the true meaning of Christmas.

DEAR SANTA, PLEASE BRING ME . . . "Just didn't get around to a letter, so I guess I'll tell him now" are the thoughts that seem to be running through the head of little Chris Orth as he gets ready to talk to St. Nick. Chris is the son of Mr. and Mrs. Arthur Orth, 417 Yeager.

Couple Exchange Vows

Miss Martha Marsh became the bride of Lt. Hugh D. Campbell in a double ring ceremony read by Dr. E. Douglas Carver in the First Baptist Church last evening. The wedding took place before a background formed of a large tree candelabra flanked by small trees and adorned with spruce rope. Jerry Whitten presided organ selections which included "I Love Thee" and "Through the Years" the professional. "Solemn Procession" by Jeremiah Clark; recessional, "Trumpet Time" by Henry Purcell accompanied and "The Benediction Prayer" sung by Joe Whitten.

Parents of the couple are Mrs. Leona Marsh, 1304 Duncan and Mr. and Mrs. L. F. Campbell of Tulia.

ATTENDANTS

Mrs. Linda Love, matron of honor; and Miss Sandra Dodd, Amrillo, bridesmaid; wore identical dresses of Christmas green embroidered peau de soie fashioned with scooped necklines and long sleeves. They wore headpieces made from dyed Malibu feathers and carried single long-stemmed white roses.

Best man was Bill Chandler Jr., Tulia; groomsman, Alex R. Fitzhager, Dallas; and ushers, William C. Koons, Dallas; Kelly Atchley, Tulia; Pat George, Canyon and Jarry Merriam, Austin.

BRIDE

Given in marriage by her cousin, Bill Stepp, Oklahoma City, the bride chose a gown of

Mrs. Hugh D. Campbell (Photo by Call)

white silk peau de soie fashioned with a scoop neckline and a floor length bell-shaped skirt. The bodice was overlaid with a white Italian lace jacket featuring long fitted sleeves. Her veil of bridal illusion fell from a pearl encrusted tiara. She wore a strand of pearls and matching earrings which were a gift from the bridegroom, and carried a cascade bouquet of stephanotis centered with a large orchid.

Mrs. Marsh chose a three-piece gold knit suit for her daughter's wedding. Her accessories were of butterscotch alligator and her corsage was fashioned from brown tone orchids. Mrs. Campbell wore a black wool two-piece suit with pink trim and matching accessories and chose a corsage of pink orchids.

RECEPTION

Miss Mary Rutledge, cousin of the bride, registered guests at the reception which followed the ceremony.

Mrs. Jane Stepp, sister of the bride, served the cake and Mrs. Sue George, sister of the bridegroom, presided at the punch bowl.

For a honeymoon trip to Red River, N.M., the bride wore a royal blue knit suit accented with champagne accessories and the orchid from her bouquet.

The couple will be at home at 131 20th Ave., Apt. 7 in San

Francisco. Mrs. Campbell graduated from Pampa High School in 1960 and attended Eastern New Mexico University. She graduated from American Airlines Stewardess College in 1962 and flew with American Airlines from Dallas for a time before being employed with Cabot in Pampa.

Lt. Campbell graduated from Tulia High School in 1959. He is a graduate of S.M.U. School of Law where he was on the Dean's List in 1962. He is commissioned Lt. Jg. in the United States Navy and an honor graduate of the Naval School of Law. He is currently on duty as appellate counsel in the office of the judge advocate General in San Bruno, Calif.

Altrusa Club Views Slides

The Altrusa Club of Pampa met for a dinner at Coronado Inn Monday evening.

Mrs. Lorene Locke, president, presided at the brief business meeting which preceded a program of slides photographed at the recent Mighty Nine Round-up held in October here.

Plans for a Christmas basket to be given a needy family were completed.

Mrs. Fidelia Yoder provided dinner music at the organ before the dinner which was served from white covered tables centered with Christmas candles nestled in green bases of evergreen. A large red-flocked Christmas tree completed decorations in the room.

WEDDING PLANS TOLD

Miss Roselle Baggerman (Smith's Studio Photo)

Mr. and Mrs. John Baggerman, south of Pampa, announce the engagement and approaching marriage of their daughter, Roselle, to George B. Collingsworth, son of Mr. and Mrs. Wayne Collingsworth, Salem, Ore. and nephew of Mr. and Mrs. W. A. York, 1236 Hamilton. The wedding is planned for January 19 and will be held in Groom Methodist Church. Friends of the couple are invited to attend.

Description of Holy Land Tour Presented to Baker School P-TA

The program given at the December meeting of B. M. Baker P-TA was courtesy of Rev. James S. McMullen, pastor of Assembly of God Church.

Beginning his program with prayer and a devotional, Rev. McMullen presented a series of slides taken when he and his wife traveled throughout the Holy Land in 1959. A descriptive narrative accompanied the pictures. He gave meanings of Biblical names, places and towns including Shepherd's Cave, Church of the Nativity, Fields of Moab, Racheael's Tomb, Garden of Gethsemane, The Mount of Olives, River Jordan, the Sea of Gallilee, Nazareth, Bethlehem, Capernaum and Jerusalem.

Mrs. Troy Bennett presided at the business meeting following the program. Reports were given by the officers after which a special report on the State Convention was given by Miss Mary McKamey. Pictures of the convention were shown along with her report. Mrs. Lois Watkins, president of City Council of P-TA's was introduced. Mrs. Bennett announced that the Mothers' March of Dimes would be held Jan. 20, and that Baker School P-TA would not meet during January. Room count was won by Mrs. Aubrey Jones' class and the door prize was awarded Mrs. Austin Ruddick.

A meeting of the executive board preceded the general

meeting. Christmas favors and cards were given to each member of the board by Mrs. Troy Bennett, president. Attending were Mmes. L. D. Martin, Lawton Branscum, J. T. Lambright, O. G. Ferguson, H. L. Engle, J. C. Hyatt, L. L. Allam, Troy Bennett, Charlie Pipes and Bill Anderson and Mr. Carl Jones.

That recommendation was vetoed for dogged reasons. Our 55-pound poodle wouldn't sit still for such a ritual in our living room.

So, birds in the back seat, we

meeting. Christmas favors and cards were given to each member of the board by Mrs. Troy Bennett, president. Attending were Mmes. L. D. Martin, Lawton Branscum, J. T. Lambright, O. G. Ferguson, H. L. Engle, J. C. Hyatt, L. L. Allam, Troy Bennett, Charlie Pipes and Bill Anderson and Mr. Carl Jones.

Fowl Report, This Game Story, Pheasants Are Not for Peasants

By PATRICIA McCORMACK United Press International NEW YORK (UPI) — Listen to one woman's tale of two birds—a game story. Or is it a fowl report?

The subtitle, at any rate, only can be "Pheasant isn't for Peasants."

This peasant recently was presented with a brace of pheasant—one male, one female. Both dead, the happy hunter assured.

Whatever their condition, the birds travel well. They were shot on Long Island, brought to New York and transported home to Westport, Conn., on the New Haven Railroad. In a shopping bag.

The dilemma stemmed from the undressed condition of the game. Each had to be defeathered.

Calls to several New York butchers forecast troubles. Seems that fowl defeathering isn't the lot of a New York butcher.

The bagged birds were admired and the feathers plucked by all in the bridge game on the New Haven during the 47-mile ride to Westport.

Butchers Won't Pluck "How lucky can you get," one man said.

That's exactly what I was wondering when he said it.

The first Westport butcher asked to dress and pluck the pheasants just laughed.

"We stopped doing that years ago," he assured me. But he had a suggestion.

"Give one to your husband and you take one tonight," he said. "While you're watching television, pluck."

That recommendation was vetoed for dogged reasons. Our 55-pound poodle wouldn't sit still for such a ritual in our living room.

So, birds in the back seat, we

meeting. Christmas favors and cards were given to each member of the board by Mrs. Troy Bennett, president. Attending were Mmes. L. D. Martin, Lawton Branscum, J. T. Lambright, O. G. Ferguson, H. L. Engle, J. C. Hyatt, L. L. Allam, Troy Bennett, Charlie Pipes and Bill Anderson and Mr. Carl Jones.

Room count was won by Mrs. Aubrey Jones' class and the door prize was awarded Mrs. Austin Ruddick.

A meeting of the executive board preceded the general

Seventh Birthday Marked by Party

PLEDGES RECEIVE RITES — New pledges of Phi Epsilon Beta recently welcomed into the group are left to right; Miss Carol Frazer, Mmes. Woody Stewart, Kent Mitchell, Fred Brown, Sam Condo, Charles Thompson, Jerry Porter, and Miss Carole Brooks.

Phi Epsilon Beta Hold Pledge Rites

Mrs. Ann Bybee read the pledge ritual for new pledges of Phi Epsilon Beta recently as the group gathered for a business session and program at the Southwestern Public Service Building.

Taking the pledge rites were Mmes. Woody Stewart, Charles Thompson, Kent Mitchell, Fred Brown, Jerry Porter, and Miss Carol Frazer and Carole Brooks.

Following the rites, a short business meeting was held and a Christmas basket for a needy family was discussed.

Plans for the Christmas party which was held Dec. 19 were also completed during this session.

Mrs. Joe Tynes presented a program on skin care and make-up.

Refreshments of cake and punch were served and a display table holding a collection of handmade Christmas items was presented by Mrs. Benny Stout.

Pampa Rose Society Observes Christmas Season With Party

Mr. and Mrs. David Caldwell, 2208 Aspen, hosted members and guests of Pampa Rose Society during a meeting and Christmas party Tuesday night in their home. Co-hosts were Mr. and Mrs. Garner Altman.

David Caldwell, president, presided during the brief business meeting during which minutes were read by Mrs. Caldwell and approved by members.

Mrs. E. E. Shelhamer installed new officers who are Cecil Collum, president; W. A. Benick; vice-president Garner Altman, secretary - treasurer and Mrs. A. B. Carruth, reporter.

historian. Mrs. Cecil Collum, program chairman introduced the program for the night. Mrs. H. H. Boynton gave a Christmas story, "Mr. Jones Goes to Bethlehem" and Mrs. Weldon Adair gave a reading, "The Night Before Christmas in Texas".

Members exchanged gifts and refreshments were served to the 23 members and two guests.

The next meeting will be held in the home of Mr. and Mrs. Milo Carlson, 2211 Charles, Jan. 21 at 7:30 p.m.

T O' T Garden Club Holds Christmas Party

Top O' Texas Garden Club met recently in the home of Mrs. W. R. Gabelman for a Christmas party and gift exchange.

A program of Christmas legends: "Why the Christmas Tree Wears Tinsel" "Story of the Sand Dollar" and "How to Keep Christmas", were given along with anecdotes and games.

Mrs. Gabelman served refreshments from a Christmas

PLAN FLOOR CARE

Plan for a thorough floor cleaning only when you expect several hours of no kitchen traffic. Floors need thorough cleaning, thorough drying, then waxing, and again thorough drying. And this takes time even in the best drying weather.

decorated table highlighting the gaily decorated room.

Those attending were Mmes. Kenneth Osborn, J. A. Knox, Fred Hinkley, Margary Mack, A. H. Kouri, Kay Fancher, and the hostess.

The next meeting, set for Jan. 14, will be held in the home of Mrs. J. A. Knox, 2228 Hamilton, at 1:30 p.m.

INDEX MEDICINES

One way to prevent accidental poisonings in the home is to store the internal and external medicines on different shelves of the medicine cabinet. Paste a sign on the inside of the door indicating which shelf holds each.

Twentieth Century Forum Club Hears Life of Mary, Mother of Christ, Read

Twentieth Century Forum Study Club members were entertained with a Christmas party in the home of Mrs. William Ellis recently. Mrs. James Harris was co-hostess.

Christmas green and red carnations made a lovely background for the impressive program presented by Mrs. John Sweeney. In keeping with the Holy Season and the theme for the year, "She walks in beauty..." Mrs. Sweeney used the beautiful poem in blank verse, "A Woman Wrapped in Silence" by John W. Lynch.

This is the story of a woman of great heart and the consuming devotion that burned in her life. It is the touching and human portrait of the woman who was the Mother of Christ, drawn with reverence and dignity.

Reading excerpts from this profoundly dramatic poem, Mrs. Sweeney told the story that began quietly in the spring before the night in Bethlehem; unfolding through the first confusion in the mind of Joseph to

the momentous scenes at the Birth. The destiny of Mary, traced through the sorrow, then the peace of her Son's childhood. The great moments in the hidden years and the swift deep meaning for her in His public career are revealed, always from the inner planes of a woman's heart.

Mrs. Sweeney quoted St. Paul: "All that commands reverence, all that makes for right, all that is lovely, all that is gracious in the telling — let this be the argument of your thoughts". These words, she felt, applied to the study of Mary.

Holiday refreshments were served to the following members: Mmes. M. McDaniel, Joe Franklin, Calvin Jones, E. J. Dunigan, Roy Bourland, Arthur Teed, Aubrey Steele, Frank Kelley, Felix Vendrell, C. V. Wilkinson, Homer Johnson, Joe Daniels, Holt Barber, John Sweeney, Russell Holoway and John McCrery.

A BLANKET RULE

When you launder fine wool blankets, use the wool setting or the fine fabric setting on your automatic washer. Wash and air woolens often to help protect them from damage by insects and dust.

Coffee Prepared By Southwesterners

Mrs. Jim Morris, 1928 N. Wells, entertained members of the Southwesterners Monday with a Christmas buffet dinner at her home. Christmas decorations set the scene for this seasonal meeting. Tables were covered in red and green and tiny candles secured by gumdrops were given as favors. The members sat around the beautifully decorated Christmas tree as they wrapped gifts to be given to a less fortunate family at Christmas. These gifts, along with a food basket will be delivered to the adopted family on Monday.

Coffee and punch were served during the social hour that followed the buffet and scheduled activities.

Those attending were Mmes. Jim Morris, Jim Wilson, Clyde Wofford, Larry Anderson, Norman Flaherty, Scott Langford, Herman Topper, Ferrell Baird, Robert Elliott, Bennie Woods, Eldon Maxwell, Robert Henderson, Brooks Hubbard and Evert Revard.

The next meeting, scheduled for Jan. 6 at 7:30 p.m., will be held at the home of Mrs. Carl Loflin, 2113 N. Nelson.

ADD EFFECT

Always wear your hair short or in an upsweep when you wear drop earrings for evening. This adds a more dramatic effect.

Kill two birds with one stone at home. Why not put some simple beauty aids to work while doing housework? Elbows, especially, show constant neglect. Smooth a lotion (left) of olive or baby oil mixed with thick suds and lemon juice on elbows. Cover with elbow caps. To protect hands and nails from grime while dusting, (center) work with dusting mitts. Mitts on both hands speeds the work. A relaxing foot bath helps soak away housework aches and also gives a homemaker (right) time to shape her eyebrows and touch up her manicure.

Pretty Up While You Work

By ALICIA HART
Newspaper Enterprise
Beauty Editor

A British hair stylist recently said that American women take better care of themselves than any other women in the world. But occasionally we do neglect a few areas — our elbows and necks, for example — and their unattractive conditions mar the over-all image.

With that day of well-intentioned resolutions just a head, perhaps it is time to take a good look in the mirror. Give yourself a quiz. Add up your cleanliness quotient and start the New Year with a new grooming schedule. Check your hairline, neck, elbows, hands, knees and feet. Are these hard-to-keep-clean areas showing signs of too little care? If they are, put their care at the top of your New Year's list.

Scrub your hairline with a brush when shampooing to chase away dull flaky skin. You also will find that your neck will soon take on a more healthful glow if you scrub it along with your face sometime during the day.

Woman's work is never done.

The largest orange trees in America are found in the Red River Valley.

but you can save time by including some of your beauty routine as part of your household duties.

Protect your hands from dirt and grime by using a dusting mitt. Or you can speed this part of your housework if you wear a mitt on each hand. This also protects your nails.

Another two-at-a-time trick is to treat your problem elbows while doing your chores. Mix some olive or baby oil in a

bowl of thick soapsuds and add some lemon juice. Daub this mixture liberally over the elbows. Then cover them by wrapping with strips of plastic. Or use special elbow caps.

These are of washable cotton lined with plastic and they fasten with adjustable straps. The softening and cleansing action can do its work while you keep busy around the house.

The hands and the elbows are just two areas that can detract

from an otherwise well-groomed look. Daily care keeps you a jump ahead of skin and grooming problems that we all face.

Yule Dinner Held By C.W.F. Groups

The Christian Women's Fellowship of Lamar Christian Church held a joint meeting of the morning and evening groups at the home of Mrs. B. F. Smith, 1160 Huff Rd., Monday evening for a fried chicken and salad supper.

The serving table was covered with red linen and centered with a Christmas centerpiece.

Mrs. Loren Williams gave a book review on "Raphael, The Herald Angel". The missionary offering was dedicated by Mrs. G. B. Hogan, president of the C.W.F. She also announced the Service Gift project for January, which will be adult clothing for Yakima Indian Christian Mission at White Swan, Wash.

Gifts were exchanged. Those attending were Meses. Ray Boswell, Gene Pittman, Joe Wilson, John S. Hatcher, N. L. Nicholl, George Gray, John King, Dick Sierman, Casey Brown, M. E. Huff, Ralph Converse, Loren Williams, G. B. Hogan and B. F. Smith.

The next meeting of the groups will be a general meeting at the church on Jan. 6 at 7:30 p.m. with Mrs. Ralph Converse as hostess.

Dear Kathy

By KATHY PETERSON
Newspaper Enterprise Ass'n
Dear Kathy: I find it difficult to talk with boys. I don't know much about sports or cars or other interests they seem to have. My grades are good and I'm fairly attractive, but I sure sound like a dummy on a date.

—Jeanne.
Dear Jeanne: The mark of a good conversationalist is being able to juggle many topics. But, this takes a lot of reading, listening and practice. So, start now. Fortunately, the fellows are easy targets because the male ego is unbelievable. Many also are shy and need priming. Just ask them to share their superior knowledge with you. And listen.

Circle Program Heard By WMU

Betty Tension W.M.U. Circle met in the home of Mrs. John Dyer, 1044 S. Sumner, Wednesday for a circle program based on the book, "M. Theron Rankin, Apostle of Advance". Mrs. Delmer Barefoot was in charge of the program. Plans were made to take Christmas gifts to a needy family as a project of community missions in December. Mrs. Glen Watson, chairman, was in charge of the business. Members present were Meses. E. J. Moxley, Melvin Heidebrecht, Ferrell Yearwood, Warren Thomas, Frank Barnett, Delmer Barefoot, Jack Alexander, Glen Watson and John Dyer.

Refreshments were served by the hostess during the social hour.

The next meeting, to be held at the church, is set for Jan. 8.

Christmas Numbers Presented At Sam Houston P-TA By School Choir

"The Family: Does Our Love Show" was the program theme for the December meeting of Sam Houston P-TA which met Thursday, Brownie Troop 10, led by Mrs. Joel Plunk, presented the flag ceremony.

Mrs. Buddy Cockrell introduced the Sam Houston Choir, accompanied by Miss Eloise Lane, director.

A selection of Christmas carols were presented under the direction of Patricia Folsom, Donnie Walberg and Charlotte Carpenter.

Following the program, Mrs. J. H. Reeves gave the devotional, reflecting on the true spirit

of Christmas. During the business meeting, Mrs. R. W. Karr announced that the Mothers' March would be held Jan. 20.

Room count was won by the sixth grade room of Mr. Penick. Mrs. Tommy Cox won the door prize, a cake baked by Mrs. Pete Bond.

Mrs. LeRoy Kretzmeier gave a report on the State Convention held recently in San Antonio.

The next general meeting, Father's Night, is set for Feb. 13 at 7:30 p.m. in Sam Houston Auditorium.

ENGAGED

Miss Lynda Cornett
(Photo, Koen's Studio)

Mr. and Mrs. W. A. Cornett Groom, announce the engagement and approaching marriage of their daughter, Lynda, to Max Summers, son of Mr. and Mrs. F. M. Summers, Esko, Minn. The wedding is planned for December 23 and will be held in the First Baptist Church of Groom.

Gifts, to be forwarded to hospitalize mentally ill patients, were brought by each member attending.

Mmes. Bennie Shackelford, L. B. Penick, Ray Harrah, Elbert Walker, Kenneth Walters, Pampa; G. L. Pounds, Canadian.

Dear Abby.... Couples Don't 'Fall' In Love - They Walk Into It

By ABIGAIL VAN BUREN

DEAR ABBY: You have no idea how much courage it takes to write this, but I have to tell somebody. I have, probably, one of the best husbands on earth. We've been married 23 years and have three children of whom we are very proud. We have a home in the suburbs. My husband is an average wage-earner. We have two cars. We neither smoke nor drink nor spend foolishly. I've always let my husband be the head of the family. He is loving and good, but a strict disciplinarian with the children. He has always been a little on the jealous side, so not wishing to provoke him, I have never gone in for any out side activities. No volunteer work. Not even a PTA meeting without him. I once read that a cake decorating class was starting and I said I'd like to go. He was so violently opposed that I never mentioned it again. The only people we see are his business friends and their wives. I am a friendly person and not unattractive. Now, the problem: Last year, while grocery shopping, I became friendly with a widower (neighbor) and I soon looked forward to "running into him" at the store. He asked to buy me coffee, once, then again, and before long it was a standing date. I hate to admit it, but this was the high point of my day. We did nothing wrong, even though I know how much I could care for this charming man if I let myself. I know he feels the same for me. I would never do anything to hurt my family. But I can see how a respectable married woman can "fall in love" with another man. If this could happen to me, it could happen to anyone. I keep asking myself, why?

profit a woman to preserve peace if she loses the marriage?

DEAR ABBY: My mother recently bought my husband and me a vase for our wedding anniversary. It cost her \$200 and the thing is hideous. It is the wrong shape, color and size for our house. My husband is an interior decorator and he says we can't possibly use it. We can't stash it in the attic because if mother doesn't see it around, she'll be hurt. The rest of our home is furnished in impeccable taste. What can we do? My husband has kiddingly suggested "accidentally" breaking it.

STUCK
DEAR STUCK: Keep the vase out where your mother can see it. If the rest of your home is furnished in "impeccable" taste, one vase won't matter.

CONFIDENTIAL TO MITZI:
If you want a place in the sun, prepare to nurse a few blisters.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Hate to write letters? Send one dollar to Abby, Box 3365, Beverly Hills, Calif. for Abby's new booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS".

In 1910 there were only 348,000 employees in the U. S. Civil Service.

Manners Make Friends

It's easier to say "I can't afford it" than to sweat through payments for something you can't afford.

FIGHTING IT
DEAR "FIGHTING IT": Keep fighting it. Couples don't "fall" in love. They walk into it with their eyes wide open. Mutual interest must be cultivated to become love. Then finally all reason is drained away and the rationalizations take over. When a husband first shows signs of unreasonable possessiveness, he should be straightened out - not yielded to. What does it

Plans for Year Made at HD Meet

LEFORS (Sp) - Mrs. Ben Diehl was hostess for a meeting of the Lefors Home Demonstration Club recently.

The Christmas party was held following the business meeting which was conducted by Mrs. Pauline Cox.

The club voted to donate five dollars toward candy sacks to be distributed at the Santa Parade and to sponsor the Senior Citizens month party next year. Mrs. Vera Dial Dickey donated \$10 to the club treasury.

Members present were: Mmes. Ben Vaughn, Jesse Ring, W. F. Melton, R. W. Beck, T. D. Pfiel, O. C. Fowler, F. M. Cox, Everett Brobst, and hostess, Mrs. Diehl. One guest, Mrs. R. A. Hughes, St. Louis, attended.

The center piece of the refreshment table consisted of large candle set with holly and colored beads.

Favors of holly flowers set in a gum-drop and candy canes were on refreshment plates with confetti, jello and cookies.

Gifts were exchanged.

Couple Married Fifty Years Honored Today

Mr. and Mrs. W. R. Whitsell, 1812 N. Faulkner are being honored on their Golden Wedding Anniversary this afternoon by their children. Friends of the couple are invited to call between 2 p.m. and 4 p.m.

Hosts are William Whitsell, Opal Pugh, Vernon; Dorothy Moore, Dumas; and Lt. Col. W. R. Whitsell, Jr., Plattsburg, N.Y.

Mr. and Mrs. Whitsell have made their home in Pampa since 1926. Mr. Whitsell is a retired employee of Humble Oil Co.

The couple exchanged wedding vows in Bolivar, Mo. on Dec. 24, 1913.

REROUTE HOME 'TRAFFIC'
Do you have regular "traffic lanes" in your home? Most homes do—and changing these from time to time will distribute wear evenly on carpets. Shifting the furniture within the room will create a new traffic pattern.

Ball moss growing on trees in Texas is related to the pine-apple.

Mr. and Mrs. W. R. Whitsell

NECKLACES SHAPE UP
The shift dress has brought with it two distinct necklace lengths—the long one that is attractive on a high or round collar and the choker that adds so much to the boat shape neckline.

PORTRAIT DONATED — Mrs. Lillian Snow, Librarian of Lovett Memorial Library, views an oil portrait of the late Mrs. C. P. Buckler, for many years president of Pampa Library Board. C. P. Buckler donated the painting to be displayed in the library.

(Photo, Koen's Studio)

Portrait Donated To Lovett Library

C. P. Buckler, at the request of the Pampa Library Board, has presented the library with a reproduction of a portrait of his late wife.

Mrs. Buckler was elected president of the Pampa Library Board in 1932 and was re-elected to that office every year until her death in 1957.

Mrs. Buckler had at one time stated that the Lovett Memorial Library was a "dream come true." A close friend of the late Mrs. Fannie Lovett, Mrs. Buckler had witnessed the library be moved four times and undergo several expansion programs.

She, in her lifetime, gave many hours of her time to di-

recting the Board and urging citizens, friends and visitors to donate books, money and furniture to the library. Many articles in the old library were direct contributions of Mrs. Buckler.

BACK TO BACK

Few take the time to give much care to the back. But, with fashion designers baring backs and exposing more shoulders, it is essential that these areas get a fair share of beauty treatment. When bathing, use a back brush or a stimulating loofah sponge. Smooth a cream or lotion over your shoulders to rid them of any rough spots.

Mr. and Mrs. Clarence Jones (Smith's Studio Photo)

Doris Halley, Clarence Jones Wed In Informal Ceremony at Lefors

Miss Doris Halley, daughter of Mr. and Mrs. J. D. Halley, Lefors, became the bride of Clarence Jones, son of Mr. and Mrs. O. H. Jones, Burbank, Calif., in a double ring ceremony read in the Lefors First Baptist Church December 14.

Rev. Ed Spivey read the ceremony before a background of white gladioli and carnations flanking a white candelabra. Organist was Mrs. J. M. McPherson who accompanied the vocalist, Mrs. Ed Spivey, as she sang "Lord's Prayer" and "Whither Thou Goest".

BRIDE

Given in marriage by her father with "her mother and I avowal," the bride wore a street-length dress of white lace over taffeta featuring a scalloped neckline and short cupped sleeves. She wore gauntlets of white lace trimmed with seed pearls and sequins. Her veil of silk bridal illusion was secured by a tiara of seed pearls. Her bouquet of white roses was carried on a white Bible.

4-H Girls Make Christmas Gifts

Food subject matter group of the Top O' Texas 4-H Club met recently in the home of Mrs. H. B. Taylor Jr., north of Pampa with leaders, Mrs. Taylor and Mrs. Robert Sailor, in charge of the program.

Mrs. Taylor gave a demonstration on quick breads. The leaders helped girls make Christmas gifts for their mothers.

Refreshments were served to Cathy Taylor, Honey Jo Bond, Jan Crossman, Jen Snell, and Marylin Sailor.

Medical Auxiliary Holds Dinner Meet

The Top O' Texas Medical Auxiliary met Tuesday night in the Borger Hotel for a dinner at which the members' husbands were guests.

A short business meeting preceded the dinner. Following the meal, members and guests joined in singing Christmas carols, accompanied at the piano by Mrs. M. E. Ingram of Borger.

Those attending from Borger were Mmes. W. C. Barksdale, Fred Elston, Harvey Hays, R. L. Hollis, Ivan Hull, M. E. Ingham, W. W. Massad, Paul Powell and W. G. Stevens. Those attending from Pampa included Mmes. J. R. Donaldson, Joe Gates, Frank Kelley, Julian Key and Raymond Laycock.

The tables in the dining room were gaily appointed with Christmas ornaments featuring pine boughs, red candles and a Christmas tree.

ABET NATURE

Your lips and the delicate skin around your eyes need special attention. Nature, it seems, did not provide as much protective lubrication for these areas as she did for the rest of our skin. Many firms have special lubricating eye creams for use at night and during the day under make-up. One firm has introduced an eye oil stick and lip emollient stick. These are to be applied under make-up and before going to bed. For best results, use these emollient-rich aids with every touch-up.

Wilted Mistletoe Is A Past Worry

By PATRICIA McCORMACK United Press International NEW YORK (UPI) — Kissin' cousins and other affectionate types needn't smooch under wilted or moldy mistletoe this yule.

Sprigs of the kissin' twig, dipped in a hormone solution, remain fresh and green for as long as 18 days. Berries stay white and firm.

The treatment, reported by U.S. Department of Agriculture marketing specialists, is intended for use by wholesale distributors before the mistletoe is sold at retail.

If you're in doubt about your mistletoe having been subjected to the life-lengthening hormone therapy, use the following American Society of Florists (ASF) suggestion for keeping the twig green and berries unshriveled:

—Dip the stem in melted wax and spray the rest with plastic.

Here's additional ASF help for all decking the halls, doorways, windows, mantels, lights, staircases and other homefront fixtures subject to Christmas trimming:

—Make an attractive yule wreath from a circle of coat-hanger wire. Wire evergreen sprays against the frame around the entire circle, turning one group inward and the next outward. When the end is reached, the last spray should be carried under the first one. Add roses, carnations, gladioli, mums, pompons, cones or berries and ribbon.

—An easier to make door ornament takes shape when you wire three or four branches of evergreens together. Fan out ends of the branches. Add a bow, tree ornaments, bells or pine cones.

—Fashion a Santa face for the mantel. Use red and white carnations for the cap, peppermint carnations for the face and three big white football mums in florist's foam to make the beard. Use two small red Christmas balls for the eyes. Bend white pipe cleaners for the mouth. Place in a bowl and add sprays of holly at the sides.

—Give the kitchen a holiday touch. Tuck red flowers and green foliage in candy containers.

—In modern homes with low-slung furniture, hang yuletide floral arrangements against walls.

Recent Wedding Held in Groom

Wedding vows were exchanged November 22 in St. Mary's Catholic Church, Groom, by Ann Marie Hermesmeier and Ted Jay Rush Jr. The double ring ceremony was read by Rev. Arnold J. Carlson, pastor.

Parents of the bride are Mr. and Mrs. J. W. Hermesmeier of Groom and parents of the bridegroom are Mr. and Mrs. Ted J. Rush of Amarillo.

ATTENDANTS

Miss Betty Hermesmeier, sister of the bride, was maid of honor. Bridesmaid was Miss Sue Neal and brides-matron was Mrs. Bob Taylor. Dan Rush was best man and groomsmen were Max Scarborough and George Kuehler. Ushers were Russell Durham and Bob Taylor.

BRIDE

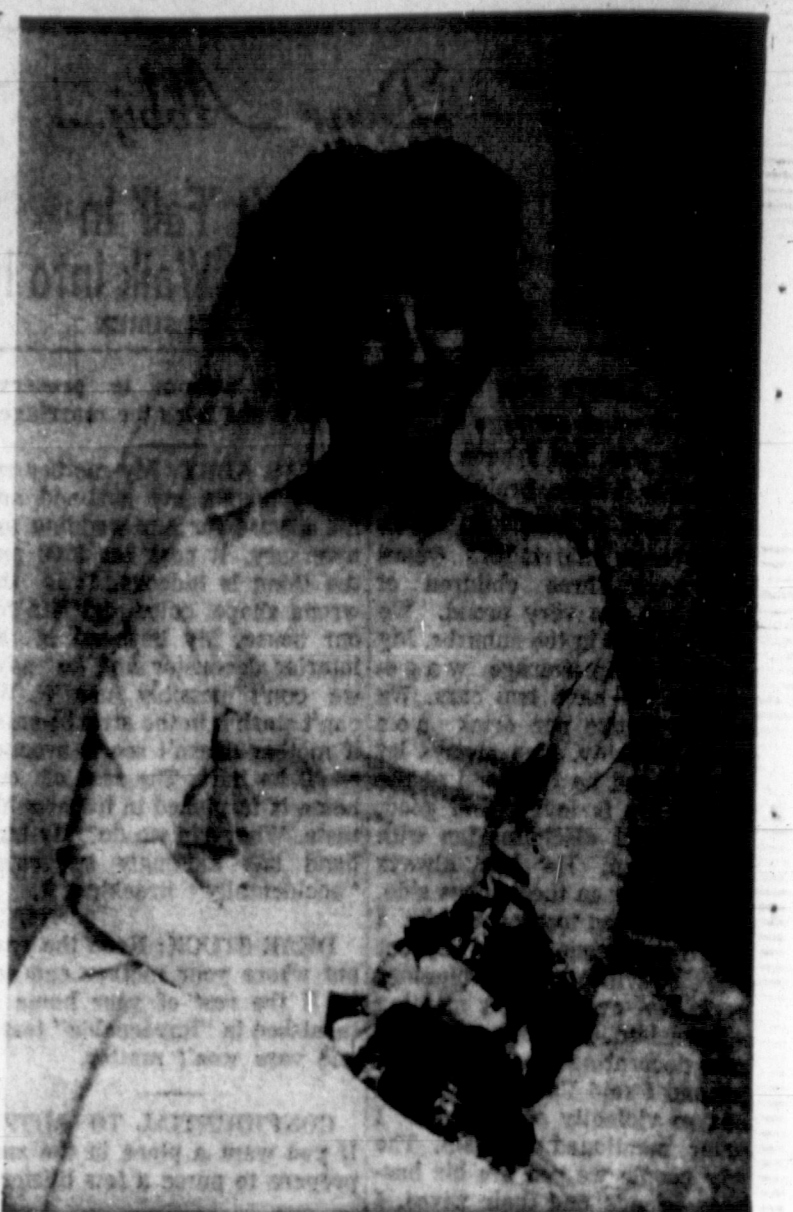

The bride wore a white crystalline formal gown designed with sculptured neckline and a belted skirt extending into a chanel train. Appliqued lace, pearls and iridescent sequins enhanced the gown. A crown of pearls held her veil of French silk illusion. Her father gave her in marriage.

Traditional wedding music was presented at the organ by Mrs. Jimm King.

RECEPTION

A reception in the home of the bride's parents followed the ceremony.

A Groom High School graduate, the bride attended the Space and Form School of Hair Design and is presently employ-

Top Yule Evenings With Frippery

Dazzling Hat Adds Allure

By HELEN HENNESSY
Women's Editor
Newspaper Enterprise Assn.
NEW YORK (NEA) — It you want to make a man sit up and take notice during the festive holiday evenings, top your glamorous ensemble with a hat — an alluring, eye-catching hat that makes you look beautiful.

There's variety in evening hats is dazzling. There are delicate, drifting mists of ostrich feathers in a myriad of pale colors for elegant occasions.

A turban of handsome brocade is chic with a slim, black dinner dress. And a pert flowery wiglet adds charm to any evening costume.

A filmy black feather spray, sparkling with jet and sequins is sure-fire holiday man-bait. It will practically insure that second date.

Since the return of the soft, natural hairdo, hats are becoming more and more popular for all occasions. And you can don a frivolous evening chapeau without fear of harming a hair on your head.

Treat yourself to that extra touch of glamor for the holiday party season. These outrageously flattering bits of feminine frippery will make you feel that you're off on an exciting adventure.

Evening hats are holiday eye-catchers this season. For the most elegant occasions (upper left), a cascade of the softest white ostrich feathers atop a white satin crown by Lilly Dache. The softest of pink and white netting, shaped in accordion-like sections creates the sheer glamorous look (upper right), by John Fredericks. A sliver of pink bow adds

a finishing touch. Elegantly sophisticated, gold puffed brocade turban (lower left) has side drapes and sprinkling of fine rhinestones. Designed to turn heads, chic silver feathered turban (lower right) frames the face with a delicate softness ordinarily hard to achieve. These designs are the fall creation hits by Sally Victor.

High Fashion is For Small-Fry

By HELEN HENNESSY
Women's Editor
NEW YORK (NEA) — Santa will visit a well-dressed crew this Christmas. Fashions for the small fry are as cute as the youngsters themselves.

The A-line dress, because it is comfortable as well as attractive, continues to be the most popular silhouette. But for parties, there are long (or as long as you can get from the shoulders to hips in size 3) velveteen bodices, with eyelet or organdy flouncing out from hip to hem.

Fireside fashions for the nursery set are as smart as mom's at-home wear.

Long shifts in printed cotton or corduroy transform the sauciest tomlin into a gracious miniature "hostess."

For play hours around the Christmas tree there are stretch or quilted pants, teamed with colorful A-line tops of no-iron cotton for easy care.

And when it's time to dream of sugar plums, that, too, can be done in sleepwear that's brighter and prettier than ever. Even those comfortable brushed knit cotton sleepers have been dressed up with smocking and ruffles.

Chicken Pie Is New Year Hit

By GAYNOR MADDOX
Newspaper Enterprise Assn.
We tested these unusual fruitcake bonbons on our son at Dartmouth College. Sent him 60. He and his roommate ate them ALL in two days. He reports they were the best ever and begged for another box long before Christmas.

Made of an especially light, fresh tasting fruitcake recipe, they are baked in individual paper cups, removed from the cups after baking and wrapped in clear plastic. They can be hung on the Christmas Goodie Tree and distributed to holiday visitors. Or made in advance, they can be mailed to ravenous sons and daughters at college as a pre-Christmas surprise.

FRUITCAKE BONBON GOODIE TREE
(60 fruit cake bonbons)
1/2 cup unsulphured molasses
1 can (6 ounces) frozen

orange juice concentrate, thawed, divided
1 package (15 ounces) seedless raisins
1 jar (1 pound) mixed candied fruits, divided
1/2 cup (1 stick) butter or margarine
2-3 cup sugar
3 eggs
1 1/4 cups sifted all-purpose flour
1/4 teaspoon baking soda
1/4 teaspoon cinnamon
1/4 teaspoon nutmeg
1/4 teaspoon allspice
1/4 teaspoon ground cloves
1/2 cup chopped nuts
17 yards ribbon, 1/4 inch wide
Small tree

Blend together unsulphured molasses and half of the orange juice concentrate in a saucepan. Place over low heat, stirring constantly, until mixture comes to a boil. Add raisins; bring to a boil again. Reduce heat and simmer 5 minutes; remove from heat. Reserve approximately a fourth of candied fruit for garnish; stir remaining fruit into molasses mixture and reserve. Cream together butter and sugar. Blend in eggs, one at a time. Sift together flour, soda, and spices; add to creamed mixture alternately with re-

FRUITCAKE bonbons cling to Goodie Tree branches.

Pioneer Women Of Telephone Co. Hold Party

Telephone Pioneer Women's Activities Club enjoyed a Christmas party held in the Telephone Building recently.

Fruit-cake and coffee were served to those attending.

Mrs. Velma Sutton surprised the members and guests with Christmas corsages.

A meeting was scheduled for Jan. 7.

Those attending were Velma Sutton, Cora Mae Hood, Mrs. Clyde Willis, Wilma Dixon, Katie McConnell, Lillie Mae Fowler, Monnie Gill, Mable Cross, Elizabeth Marshall, Corene McKay, Opal George and a guest, Mrs. El Wanda Stiles, Lubbock.

Gifts were exchanged by the group with the membership presenting Mrs. Sutton with an appreciation gift. She organized the Pampa Pioneer Club.

Lefors Group Attends Party

LEFORS (Spl) — Mrs. O. O. Bishop, Gray Lady, provided transportation for four Lefors residents that attended the recent Christmas party for Senior Citizens, held at Lovett Memorial Library by the Altrusa Club of Pampa. They included Mmes. Mary Johnston, Sally Hughes, Fanny Merideth and Mildred Kimsley.

Each was presented with a holiday scarf and corsage and a gift.

The program at the Center consisted of winter sports scenes in the mountains and comedy sketches.

GAIN COMPLIMENTS

Sleeveless dresses are a popular holiday fashion. But if your upper arms are heavy, avoid the bare-arm look and choose a long-sleeved dress. You'll rate more compliments.

Spice Does Nicely When Goodies Need Special Christmas Touch

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Spiced cookies add to the sweet smell of Christmas. Jars of them about the house, or gaily wrapped as gifts for visitors, seem to make the holidays even more delightful for all concerned.

These recipes, delicately spiced, have good keeping qualities and are perfect for holiday entertaining. Keep the cookies in airtight containers.

RICH SPICED COOKIES
(3 dozen)

1 1/2 c. sifted all-purpose flour
1/2 t. salt
1/2 t. ground cinnamon
1/4 t. ground ginger
1/2 t. nutmeg
1/2 c. butter or margarine
1/2 c. sugar
1 large egg

Sift the first 5 ingredients together and set aside. Stir butter or margarine until soft and fluffy. Gradually blend in sugar. Beat in egg. Gradually stir in dry ingredients. Mix well. Press dough through a cookie press onto an ungreased cookie sheet, using any desired plate to make assorted shapes. Decorate with colored sugar, glazed cherries, citron or nuts. Bake in a preheated hot oven (400 degrees) 8 to 10 minutes or until done. Cool on wire racks and store in a tightly closed jar or tin box.

1 1/4 c. moist, shredded coconut
nut
Preheat oven to moderate (350 degrees). Sift together first 4 ingredients. Add melted butter or margarine, honey, nutmeg, egg whites and milk. Mix well but do not overbeat. Stir in coconut. Pour into two well-greased, waxed paper lined 8x8- by 2-inch pans. Bake 35 minutes or until top is firm when pressed lightly with the fingers. Turn out onto wire racks. Remove paper at once. Cool. Cut each into 24 squares. Store in a tightly closed container. Make 2 to 3 days before serving since the flavor of these squares improve with age.

SHOP TALK

When you shop for clothes, keep in mind the facts that they should fit well and feel comfortable. If a skirt is skintight, it's not only restraining, but it's not even fashionable.

Groom HD Club Plans Luncheon

GROOM (Spl) — The Groom Country Neighbors Home Demonstration Club met recently at the home of Mrs. Jim Hermes-meyer, Mrs. Sybil Stringer, Home Demonstration Agent, had charge of the program, "Keeping Young by the 'Way You Work'." Eight members and two guests were present.

Mrs. Harry Britten, vice-president, conducted the business meeting. The club voted to send \$10 to the Garrison Senior Citizen Center in Panhandle. The next meeting will be a covered dish luncheon at the Community Club House. Mmes. Guy Blackwell, Thelma Pool, Jim Carney and Bill Dalton will be hostesses.

The hostess gift was won by Mrs. R. A. Snyder.

But she hugged them to her bosom, and at length she was able to look up with dim eyes and a smile and say, "My hair grows so fast, Jim!"

And then Della leaped up like a little singed cat and cried, "Oh, oh!"

There lay the comb—pure tortoise shell, with jeweled rims—just the shade to wear in the beautiful vanished hair! Now they were hers, but the tresses they were to have adorned were gone.

'Scientific Breakthrough' Leads To New Lightweight Power Plant

BALTIMORE (UPI) — The Martin Co. this week claimed a "scientific breakthrough" which may lead to revolutionary lightweight power plants for ships, spacecraft, moon bases, and cities.

generate electricity by means of steam or water driven turbo-generators. Gas Produces Electricity An MPD generator, Martin said, produces electricity by shooting an ionized gas — a gas that conducts electricity — through a magnetic field. The only moving parts are in the pumps which drive the gas. Eventually even these pumps may be eliminated.

current is extracted as the ionized gas interacts with the field of a powerful electromagnet. The result is "a large amount of power in a small package." The magnets will be light and cheap because they make use of "superconductivity." When certain metals are cooled to hundreds of degrees below zero, they conduct electricity without resistance and make possible magnetic fields nearly 100 per cent efficient.

Lawmakers Set For Holidays WASHINGTON (UPI) — Congress was set to adjourn today with or without a foreign aid money bill. There was a growing possibility that it would be without one.

generate electricity by means of steam or water driven turbo-generators. Gas Produces Electricity An MPD generator, Martin said, produces electricity by shooting an ionized gas — a gas that conducts electricity — through a magnetic field. The only moving parts are in the pumps which drive the gas. Eventually even these pumps may be eliminated.

Quotes From The News

By United Press International AUSTIN, Tex. — J. J. (Jake) Pickle, commenting on his victory over a conservative Republican in a special congressional election:

"This vote is one for unity, a vote of confidence. By the people of this district in the Democratic party and in President Johnson's administration."

NEW YORK — Richard Judy, a faculty member of the Air Force Institute of Technology who studied in Moscow, reporting that Communist leaders face severe internal discontent unless they boost crop production: "A hungry population is a discontented population, and such discontent may generate political opposition and even counter-revolution."

CHICAGO — Director Peter Rossi of the National Opinion Research Center, discussing a series of interviews made shortly after President Kennedy's assassination:

"People reacted quite differently. A sizeable minority weren't touched by it at all. Their notion was one of two things — he had it coming to him (for his civil rights views) ... or, he was just a man like anyone else."

EL CENTRO, Calif. — Air Force Capt. Charles J. Corey, describing his free-fall jump of almost eight miles with 12 other parachutists:

"Your body starts falling faster than 200 miles an hour. You're on the ground in a little over three minutes, so you don't have much time to think."

FUTURE IS BLEAK LANCING, England (UPI)—Railwaymen at the Lancing roundhouse Wednesday angrily ripped up Christmas greetings from British Railway czar Dr. Richard Beeching wishing them a Happy New Year and a "Brighter Future."

Foreign Commentary

By PHIL NEWSOM UPI Foreign News Analyst The United States 7th Fleet, which has proved an effective barrier against Red Chinese attack on Formosa, is extending its protective arm to India.

departure from his stand of non-alignment. "How can you object to anyone going wherever they like on high seas?" was his somewhat lame rejoinder to a question whether India objected to the fleet visits.

Official statements have been guarded but from the first moment that it was learned limited units of the powerful 7th would visit Indian Ocean waters it was apparent that the threat of U.S. naval action was being added to the air arm in the event of massive attack upon India.

It was not the Nehru of old. Natural Follow-Up Taylor's visit which also is being extended to Pakistan, is a natural follow-up to last month's air exercises over India in which 18 U.S. F100 fighter bombers participated along with aircraft of the Indian and British air forces.

Reports of such fleet movements have aroused controversy in India and the curiosity of Pakistan, which as a U.S. ally in SEATO, demands the right to know of changes in U.S. strategy.

The exercises provided the U.S. Air Force with valuable information of what the requirements would be in the event of a Chinese attack and a subsequent Indian call for aid.

Nehru said that so far as he knew only "one or two ships" would visit the Indian Ocean, "just to know the waters."

The exercises also demonstrated the necessity for integrating U.S. and Indian radar techniques. The Indians soon will be working with sophisticated radar equipment to be given them by the United States for their border defenses.

A look at the map suggests that the waters of chief interest to the U.S. forces would be the Bay of Bengal and the defense of India's Assam state which is regarded as an area of great threat in the northeast.

In exercises over the Calcutta industrial region a majority of "enemy" bombers broke through Indian and British defenses.

Significantly, other reports have suggested that the "one or two ships" mentioned by Nehru would include an aircraft carrier nesting 100 military aircraft.

The Americans report with the more prosaic code word "Judy."

Despite the fact that winter now has just about ruled out any new imminent attack across India's border, Taylor's visit was both an indication of continuing U.S. interest in the buildup of Indian defenses and Nehru's own involuntary de-

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Hatred Gains Nothing

Hate is not a desirable human quality nor a constructive emotion.

But there has been a lot of hate expressed recently and the mood of the nation has been, on occasion, dark with passion and ugly with implication.

Communists and socialists hate capitalists.

Right-wingers hate communists.

Left-wingers hate right-wingers.

Some people hate the "hate-mongers."

Hate, like war, breeds more of itself. And this whole vicious circle seems to stem originally from the hatred of capitalism, of private ownership of property, of profits, and of the obvious fact that in the world in which we live some people have more of the good things of life than others.

In this sense, hatred arises, not from what people do or what they believe in, but it arises from the nature of things as they are.

There can be no sadder comment on human affairs than to observe that some people are angry at the world and the way things are ordained by nature or by nature's God.

As we see it, most of the hatred in this world stems from ignorance.

It happens that the food, clothing, shelter and comforts we must have in order to survive, are the product of men's energies in the market place. The fact is that all men are different and value all things at different levels. Because of this attribute of nature, men will always possess things in differing amounts if they are free. Only slaves are reduced to identical possessions.

Clearly, there is no reason for hating persons who have either more or less things than we have. If we are free, then we are in a position to exert ourselves so that this disparity can be overcome and in the end we may have more of something than another, too. Freedom not

only makes this adjustment possible, freedom means that a constant shift in values and in wealth will always occur.

Government, as such, are often little more than the instruments of hatred invoked by some in an effort to redistribute the wealth of others. Many men claim the principal virtue of government is that it can tax some people and then hand the money around to others who have not earned it.

Those taxed are often referred to disparagingly as "profiteers," "economic royalists," "money grubbers," "selfish reactionaries" and other similar terms which adorn the vocabularies of those who hate the producers and creators of wealth.

Hate is a cancer of the soul. And hatred of a natural system, not devised by men, but simply coming into existence because of the way the world exists, is the most virulent and oppressive type of hatred. Capitalism is that natural system. Yet this, it seems to us, is the very core and center of all the layers of hatred added since.

Hatred, sired by ignorance, and justifying its existence by hatred observed in others, lets loose a chain of events which often ends in murder, rapine, theft and war. Those of us who believe in freedom cannot permit ourselves to be drawn into these turbulent swirls of human thought and feeling.

And we should remember that man, though he has a capacity for hatred, has a redemption in the character of love. Men can and do love one another. Our survival in this world depends upon the ability of men, not to hate wisely but to love overpoweringly. In a total sense, hate is never wise.

Though we may despise evil and feel righteously indignant at the harm inflicted by evildoers, we should nonetheless encourage compassion in our hearts. More compassion is made by love and progress than by nurtured grievances and fat and bloated antagonisms.

Out of Key

A short time ago a special election was held in Oregon on a measure, passed by the Legislature, which would have substantially increased taxes. It was endorsed by all manner of groups — educational, business, labor, agricultural, civic. And the result was that the voters slaughtered it, by better than a three-to-one "No" majority.

There is no reason to believe that the voters and taxpayers of Oregon are any different than those in the other states. There is every reason to believe, on the other hand, that the people are thoroughly fed up with endless increases in the cost of government, at whatever level, and that when they have the chance to make their feelings known, the outcome will be similar to what happened in the Oregon election.

At the moment, a bill is in Congress to provide big pay in-

creases for legislative, executive and judicial officials. It apparently has a good chance of passage. The people, of course, will have no chance to accept or reject it. But it is dollars to doughnuts that, if the bill does pass, and these officials are given salaries of a size beyond the dreams of most of us, there will be a nationwide wave of public resentment.

And there should be. No one is forced to run for public office, or enter the civilian government service. But people clamor for the jobs and the pay, and the perquisites which would be affected by this bill. If this Congress approves non-essential increases in spending of any kind, big or little, it will be saying, in effect, that it is completely out of key with the mood and wants of the people who must pay the bills.

"No, wise guy... Lady Bird can't come to the phone!"

TRUTH FORUM

with ED DELANEY

By ED DELANEY
One of our State Department spokesmen is credited with what must be regarded as the bubble-headed statement of the year. After the Soviet halted three of our convoys into Berlin and one of the British, all within a period of about three weeks, this unidentified State Department official made the wholly fatuous comment that the Russians "are doing this deliberately, and if it goes on it could be quite serious." Reads like something that might have been culled from a story by the British humorist, P. G. Wodehouse. Done deliberately! Bless my soul! It could be serious. Matter to think about. Person can't explain it any other way — now can he? Deliberately! Must tell the President. Odd people the Russians, don-cha-know!

After the first of these petty annoyances by the Soviet, Dean Rusk expressed the explanation that there had been a "misunderstanding." A trifle difficult to brush that off after the fourth "misunderstanding." It was no misunderstanding on the part of the Soviet. They were testing the mettle of the United States and found it weak. After the fourth violation of our right to free use of the autobahn into Berlin, even the gargantuan minds of the State Department sages were able to detect that it was deliberate intention on the part of the Soviet to convey to their satellite colonies the assurance that the weak, capitalist nations of the free world, will never force an issue.

There can be no peace for mankind as long as we, the most powerful nation in the world, together with our western allies, sullenly submit to violations of our right of access into Berlin. The timid ones urge that we never call the bluff of the Soviet. They conjure up the spectre of a global nuclear war if we insist upon our rights.

The British Gen. Richard Hillton accepted as somewhat an authority on East-West affairs, has stated that the Kremlin rulers are cold-blooded planners with a clear idea of what they want. That never forgotten goal is a communist world dominated by Russia. They do not want a world burned to a cinder by nuclear war and they have no intention of making it so. The "nuclear neurosis" or unreasoning terror of nuclear war, which inflicts the minds of most westerners is being used by the Kremlin as a mighty psychological weapon. The Moscow moguls hope that "nuclear neurosis" will keep the people in the western nations so petrified with nuclear dread that their governments also will be petrified. Under the shadow of this great bogey, the hydrogen bomb, the plotters of Russia advance have made one advance after another toward world domination, and they are continuing to do so. "Russians immense armament," says Gen. Hillton, "has more than repaid its cost. Its mere existence is winning for Russia, point after point, in the game of world conquest. There will be no need ever to use a bomb while all goes, as now, in accordance with the Kremlin's plans."

Let us examine this from the Kremlin's point of view. Their planners want world conquest, but they must have it without world destruction. A large part of their own far-flung empire would be laid waste, no matter how devastating might be their attack on the free world. Red China, with immense population and disregard for human life or human rights, might some day initiate a nuclear war in reality and not as a bluff. Therefore communist China, although it does not now have nuclear weapons, may spoil the Soviet plan for world conquest. That is a fear of the Kremlin far more than it constitutes a threat to the western world.

The constant irritants by the Soviet, such as the stopping of our convoys to Berlin, is for some concession and gaining a little more without relinquishing any of the ground they have grabbed. They bluffed when the Berlin Wall was built and they won. They bluffed in Cuba and that island is still their satellite. They are winning the cold war. Our ventures in that field have been successful failures.

A thought for the day—it is written in the New Testament according to the Gospel of Matthew: "Ask, and it shall be given unto you; seek, and ye shall find; knock, and it shall be opened unto you."

Two key highlights of this "realistic view" are: —"The U.S. will refrain from encouraging or supporting uprisings or strikes that exert

Allen-Scott Report

'Realistic View' Toward Communist Satellites Put Forth in Latest State Dept. Position Paper

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — That blank check President Johnson gave Secretary Rusk to determine the course of foreign policy is going to be used to the hilt — if he doesn't watch out!

The State Department high command, making the most of this exceptional opportunity, is busily preparing a series of speeches and pronouncements designed, in effect, to commit the new President to far-reaching policies in virtually every key trouble spot in the world.

These pretentious policies include highly explosive portions of the late President Kennedy's "grand design" in foreign policy — which have never been spelled out in public. There have been guarded references to them, but that's all.

Last week's profoundly significant address by Roger Hillsman, Jr., Assistant Secretary for Far Eastern Affairs, enunciating a so-called "open door" attitude toward Red China if it discards "venomous hatreds" against the U.S., was the first move in this eventful State Department plan.

Along the same line as Hillsman's revealing declaration, other top State Department officials will proclaim equally important stands regarding Russia, its Eastern European satellites, Asia, the Middle East, Africa and France.

The next of these tentatively slated momentous speeches will be made by Undersecretary Averell Harriman on a crucial shift in policy toward the Soviet bloc.

The new course Harriman will launch will be summed up as follows: "The ultimate (U.S.) aim is to see that these nations of Eastern Europe eventually become members of the free community of nations by a process of peaceful evolution."

Harriman has become Rusk's closest adviser on European affairs. The principal progenitor of the above dynamite — loaded concept, in which Harriman heartily concurs, is Dr. Walt Rostow, head of the State Department Policy Planning Council and author of a series of "position papers" approved by the National Security Council in the Kennedy administration.

These closely-guarded foreign policy "blue-prints" continue unchanged and in full force in the new Johnson administration.

SPELLING IT OUT — Like Assistant Secretary Hillsman's "open door" statement regarding Red China, Undersecretary Harriman's address next month on policy toward the Iron Curtain satellites will vigorously advocate a "realistic view."

Presumably such a "view" will include East Germany — which the U.S. does not recognize.

Two key highlights of this "realistic view" are: —"The U.S. will refrain from encouraging or supporting uprisings or strikes that exert

pressure against Communist regimes."

—"Widening of diplomatic, cultural and trade relations and contacts with Eastern European countries."

The controlling backstage "position paper" on which the forthcoming speech will be based lays down a cautious policy for coping with the sensitive problem of possible eruptions behind the Iron Curtain. The proposed course is very similar to that followed by the Eisenhower administration during the Hungarian revolt.

"If revolts break out in East Germany or any other satellite," states the "position paper," "we should bear in mind that our grand design is to build a community of free nations which will expand by their inner strength and attractive power when combined with the assertion of increasingly nationalistic trends within the Communist bloc. We do not wish to jeopardize this design by allowing Eastern Europe to become a battleground between ourselves and the U.S.S.R., unless we are attacked."

"Accordingly: If turbulence erupts in the area, we should maintain this posture, and urge our allies to do the same, meanwhile exerting all the influence we can muster during such crises to yield less repressive and more nationalistic regimes as the outcome."

"We should refrain from encouraging or supporting armed uprisings, or strikes that exert pressure against Communist regimes. Should a national Communist regime be established in any of these countries, we should make a maximum effort short of military activity to permit its survival."

Concerning widening ties and contacts of every kind with the Soviet bloc, the "position paper" declares:

"Such contacts will bring home in some way, however muted, the message that history does not inevitably decree that Moscow will forever dominate their lives. That message may encourage these peoples to press their governments, insofar as they safely can, for gradual internal liberation and for steps toward greater national independence."

"While we cannot be expected to publicly endorse or applaud these Communist governments, there may be occasions when it will be in our long-run interest to mute our criticism and to refrain from official attacks. This balance-of-interest is a delicate one, but it must be made."

"We should encourage and assist Western European nations to exploit tendencies toward closer relations with the West as they appear among the Eastern Europeans, and should, so far as practicable, endeavor to develop mutually supporting programs of increasing diplomatic, cultural and trade relations with these Communist

Question Box

(We invite questions on economic and the proper functions of government which will not injure anyone.)

Question: "What is the meaning of equality of opportunity that we hear so much about?"

Answer: Undoubtedly, there are many different interpretations of the meaning of equality of opportunity.

It certainly cannot mean that each person has an equal right to a job because every person is different and has different qualifications for different jobs. It is of the utmost importance that a man get into the job that he can perform better than anyone else. Emerson contends that every individual can do some particular thing better than any other person can do it.

A friend remarked that equal opportunity meant that a one-legged man had an equal opportunity to try to win a race as a man with two legs. It certainly doesn't mean that people have the equal opportunity to win, or equal ability to accomplish things. About all it really can mean is that they have equal opportunity to use moral action to try to develop their own physical and mental faculties. It doesn't mean that they have a right to have anything given to them or get a job when an employer would rather have someone else. Or that they have a right to keep a job when the employer believes he could better serve his customers by having a different employee. Since the entrepreneur, or the enterpriser as he is commonly known, has to stand all the loss and the employees, as long as there is enough to pay their salary, stand no loss, it would seem that the employer should have the final right to make the decisions. He is the one who is taking the risks and he is the one who suffers the loss first. If, of course, there is no loss, he should have the gain as a payment for his efficiency. Profits are nothing but a reward for efficiency.

Probably the logical conclusion is that everyone has an equal right to try to advance, but they have no right to demand special privileges.

The "position paper" not only flatly advises expanded trade and other relations between West and East Germany, but also between the U.S. and East Germany, as follows: —"We should encourage the West Germans to take a more forthcoming and confident view of such relationships between the U.S. and East Germany and to expand rather than contract their own contacts with East Germany."

"We should be prepared to encourage the moralizing of trade between the Eastern European countries and the free community as part of the process of national involvement of Communist nations in the life of the free community."

"The present and foreseeable proportions of bloc to non-bloc trade and aid within the free community suggests that overall this policy offers no significant danger and some potentially significant advantages."

Between the Bookends

OTEPKA CASE LATEST OF 'WASHINGTON COVER-UPS'
The strange case of Otto Otepka is only the latest chapter in a decade-old struggle between the State Department vs. the Congress and the people. Mr. Otepka, a State Department security official, was fired for revealing important information to a Senate committee. The evidence he gave revealed that the State Department was hiring employees for sensitive posts without proper security checks.

Assumed Power
The administration's "right" to withhold vital information from Congress and the people has been sugar-coated under the label of "executive privilege" whenever such a controversy comes up. This strange doctrine has been touted frequently in recent years.

It began in earnest during the Truman administration when Congressional investigations into the State Department's poor security were underway. The President simply padlocked the security files and told his subordinates they could not testify without his explicit permission. The policy was subsequently expanded during both the Eisenhower and Kennedy administrations. It finally drew public attention under the label "managed news."

In 1962, Washington newspaper correspondent Clark R. Mollenhoff wrote a revealing account of this bureaucratic secrecy. Under the title "Washington Cover-Up" the book has now undergone three printings, and has just been released as a paperback edition. (Hardcover available from Doubleday, 575 Madison Ave., New York 22, N.Y. \$4.50; paperback from Popular Library, 355 Lexington Ave., New York 17, N.Y.; 50c.)

In "Washington Cover-Up" Mollenhoff states: "Nothing speeds the growth of corruption more than policies that foster arbitrary secrecy. Secrecy allows little scandals to become major scandals, costly to the taxpayers, devastating to our position of defense readiness and to our national morale." The author focuses particular attention on the way that executive secrecy has encouraged lax security against communism within the State Department. The problem exploded when President Truman and congressional committees squared off over the Congress' right to investigate and oversee the security of the administrative branch.

Action Necessary
What has been too often glossed over or overlooked, is the fact that committees investigating communism in the State Department never finished their work! They were brought to a stop because they were denied access to the files and information that made investigation possible. We have absolutely no assurance that men like Alger Hiss and Harry Dexter White aren't still firmly entrenched in Washington.

For what reason do we continue negotiating with the U.S.S.R. when 50 out of 53 agreements reached with that country since World War II have been broken? What good would it do to make another agreement? We have it from Khrushchev's own mouth that the only purpose of a Conference is to win something. Khrushchev engages in cold war because he believes it is a better medium of gaining his ends than hot war. It is war all the same and he believes it to be more successful than a shooting war. He has agreed to a limitation on nuclear testing only because he believes it will be advantageous to the Soviet Union. It is all a part of his endeavor to destroy us. He will observe the agreement, or not, solely on the basis of whether he thinks it advances the U.S.S.R. toward its goal of destroying our free civilization.

Being chummy with such men is an evidence of weakness and altogether beneath the dignity of anyone representing the land of the free and the home of the brave.

HOW TO ADDRESS CHRISTMAS CARDS

WASHINGTON (UPI)—President and Mrs. Lyndon B. Johnson will send red and white Christmas cards embossed with the presidential seal to world leaders around the world.

The cards extend greetings for a "Blessed Christmas and a Happy New Year."

The lettering is black on a white background with a red band at the bottom.

OUR LAW MAKERS

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses: (FEDERAL)

Rep. Walter Rogers, House Office Bldg., Washington 25, D. C.
Sen. Ralph Yarborough, Senate Bldg., Washington 25, D. C.
Sen. John Tower, Senate Office Bldg., Washington 25, D. C.

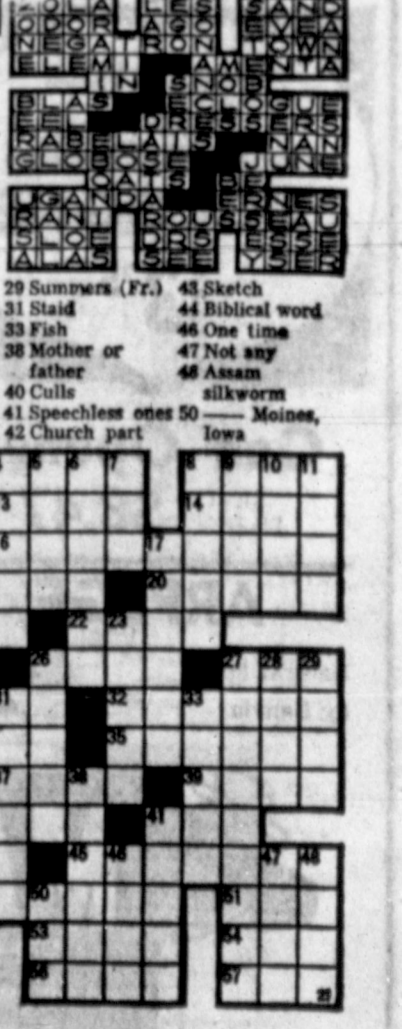

(STATE)

Rep. Grainger McIlhenny, House of Representatives, Austin, Texas.
Sen. Grady Hatfield, State Senate Bldg., Austin, Texas.

GLAMOR—IN FIVE LANGUAGES—The name is Elke Sommer, a German sex kitten along the lines of Marilyn Monroe—only a bit more robust. Elke is the busiest actress on two continents. The reason why lies not alone in these photographic studies of her but also in that she's a fine

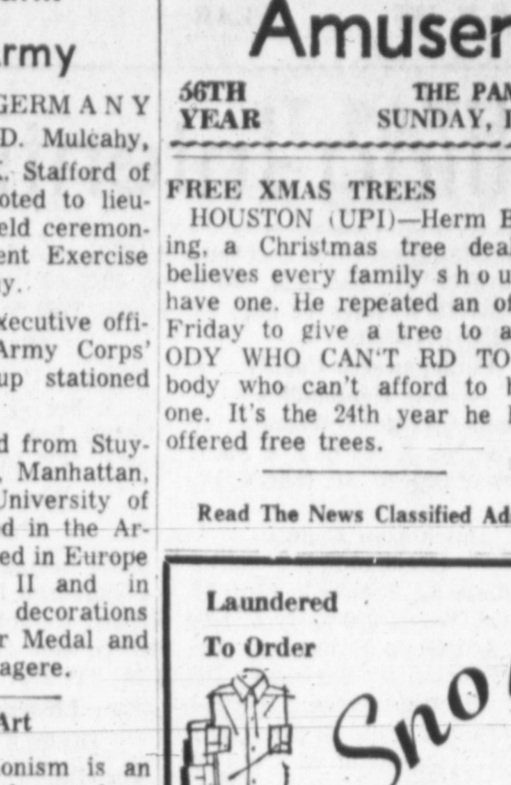

actress who can bring realism to any role through the five languages she speaks fluently. Her latest picture is "The Prize." Currently, Elke is costarring with Peter Sellers in "A Shot in the Dark," on location in London. She can truly lay claim to the status of international star.

Uses Brains, Beauty Yvette Mimieux Cuts Teen Casting Traps

By JOSEPH FINNIGAN
UPI Hollywood Correspondent

HOLLYWOOD (UPI)—Blonde actress Yvette Mimieux has escaped the trap of teen-age casting that engulfs many of Hollywood's young performers.

Miss Mimieux, now 21 years old, has been acting since she was 16. She has managed to evade those Hollywood producers who would have cast her as a young ingenue with flopping eyelashes. Many actresses who started their careers as teen-agers never got out of high school in the dramatic sense.

One former star, now approaching 40, is still thought of as the girl next door by film fans. The lady doesn't like the description, but it goes back many years to her early success in films where she played such parts.

As a pretty 16-year-old it was only natural, by movie production standards, that Yvette should have been cast in a series of high school-type pictures. She wasn't.

"I played leading roles, even in my first pictures," she said. "I was opposite Rod Taylor. I didn't do teen-ager things."

Miss Mimieux has been under contract to Metro Goldwyn Mayer studio for four years. The pact runs out in a couple of years and Yvette will be free to work on her own. Until now she has been confined to motion pictures. But recently she appeared in a two-part "Dr. Kildare" show which airs Jan. 16 and 23.

"The young actress is a beautiful blonde but she has brains to go with her beauty. She has definite ideas about her career and is willing to fight for them. Under terms of her contract, she is obligated to make pictures for MGM. But on one occasion, she fought the studio brass, refusing to appear in a film. The studio suspended Yvette for six weeks.

"It wasn't so much the quantity," she said. "It's finding quality pictures. I wouldn't mind making three pictures a year but they're hard to find."

"It's incredible when you hear the good scripts that studios turn down. Then some independent company makes them and they win every award. It happens all the time."

When Yvette is no longer under contract to Metro she plans to make her own pictures.

"I'm already laying the groundwork for my own production company," she said. "That's so I can do the things I want to do. For instance, I look two things to the studio which they couldn't see. Both of them are being made now."

"I don't mean all platform 'say thing' kind of movies, but good films, including comedies. I'm finding it much more difficult to do good things. This year I've turned down eight pictures, Metro is very good about that, letting me refuse."

Now that she's finally gone into television, Yvette says she would like to do more video acting.

"I'd like to do television sparingly," she said. "I might do 'Ophelia' in 'Hamlet' on television."

English Theater Is Success in Vienna

VIENNA (UPI) — A spunky American actress and her stage director husband are responsible for the first English-speaking theater in Vienna—and it is a success.

New York born Ruth Brinkmann and her Viennese husband, Franz Schaftranek, founded the "English Speaking Theater of Vienna" and had intended originally to run their first production, Jerome Kilty's "Dear Liar", only through the summer tourist months.

The "short summer run" which began on July 29 in the Archduke Karl Palace finally closed the end of November after being virtually sold out every night. It closed, as Ruth Brinkmann explained, "not because of lack of interest, but so that I could take a rest and look for new material for our next production before making a guest appearance with 'Dear Liar' in London early next year."

"Dear Liar" is a two-person comedy adapted from the correspondence between George Bernard Shaw and the English actress, Stella Campbell.

Area Drilling Intentions

INTENTIONS TO DRILL

Lipscomb County (Kellin Tonkawa)
Pan American Petroleum Corp.—Bert Babitzke No. 1, 855 fr E & 660 fr S lines of Sec. 109 43, H&TC, PD 7800.
Phillips Petroleum Co.—Tubb "C" No. 1, 1320 fr N & 1320 fr W lines of Sec. 69, 43, H&TC, PD 7800.
(Mammoth Creek, North Cleveland)
Odessa Natural Gasoline Co.—Alt Miller No. 1, 1320 fr N & 1320 fr E lines of Sec. 952, 43, H&TC, PD 7700.
(Kellin Tonkawa Oil)
The Ballard & Cordell Corp.—Wayne Cleveland "A" No. 2, 67, 1320 fr S & 1320 fr E lines of Sec. 67, 43, H&TC, PD 7600.
Gray County (East Panhandle)
Sears — Courson — Bidwell No. 1, 1326 fr W & 1324 fr S lines of Sec. 21, 25, H&GN, PD 2500.
(Panhandle)
Skelly Oil Co. — Taylor "A" Unit No. 22, 1260 fr W & 493 fr N lines of Sec. 7, B2, H&GN, PD 3200.
Cree Oil, Inc. — W. E. Melton No. 2, 2310 fr N & 2910 fr W lines of Sec. 95, B2, H&GN, PD 3300.
Wheeler County (Panhandle)
Milton F. Schaffer — O. T. Nicholson No. 1, 990 fr N & 2310 fr W lines of Sec. 27, 13, H&GN, PD 2240.
Milton F. Schaffer — O. T. Nicholson No. 2, 330 fr W & 2310 fr N lines of Sec. 37, 13, H&GN, PD 2240.
Milton F. Schaffer, O. T. Nicholson No. 3, 330 fr W & 1650 fr N lines of Sec. 27, 13, H&GN, PD 2240.
Milton F. Schaffer — O. T. Nicholson "A" No. 4, 1650 fr W & 990 fr N lines of Sec. 27, 13, H&GN, PD 2240.
Moore County (Panhandle)
Socony Mobil Oil Company, Inc. — E. C. Britain No. 10, 1980 fr N & 660 fr E lines of Sec. 184, 3T, T&NO, PD 3600.
Socony Mobil Oil Co., Inc. — E. C. Britain No. 11, 660 fr E & 660 fr S lines of Sec. 184, 3T, T&NO, PD 3600.
Carson County (Panhandle)
Roy Ramsey, et al — Crutchfield No. 2, 330 fr N & 330 fr E lines of Sec. 29, 4, I&GN, PD 3500.
The Shamrock Oil & Gas Corp. — Burnett "A" — 330 fr W & 990 fr S lines of Sec. 33, 4, I&GN, PD 3500.

The Shamrock Oil & Gas Corp. — Burnett "B" No. 1, 88, 330 fr S & 330 fr W lines of Sec. 88, 5, I&GN, PD 3400.
Collingsworth County (East Panhandle)
James Colvin — Wendell H. Morgan No. 1, 345 fr E & 345 fr S lines of Sec. 67, 16, H&GN, PD 2050.
Hutchinson County (Panhandle)
William L. Brooks — J. M. Sanford No. 1, 990 fr N & 1650 fr E lines of Sec. 1, 1, Brooks & Burleson, PD 3300.
International Oil & Gas Corp. Neil R. Johnson et al No. 2, 330 fr S & 330 fr E lines of Sec. — Mrs. E. T. Tumlinson, PD 2750.

COMPLETIONS

Gray County (Panhandle)
Wilcox Oil Co. — Albert Comb "A" No. 3A, Sec. 58, 3, I&GN, Compl. 11-19-63, Pot. 70 BOPD, Gor. 790, Perfs. 2963 to 3104, TD 3363.
Phillips Pet. Co. — Wheat No. 8 Sec. 5, C2 CCSD & RGNG, Compl. 11-3-63, Pot. 62 BOPD, Gor. 317, Perfs. 2891 to 2898 TD 2990.
Phillips Pet. Co. — Clay No. 7 Sec. 17, B2 H&GN, Compl. 10-7-63 Pot. 60 BOPD, Gor. TSTM, Perfs. 3189 to 3237, TD 3244.
Phillips Pet. Co. — Williston No. 2, Compl. 11-18-63, Sec. 143, B2, H&GN, Pot. 78 BOPD, Gor. 213, Perfs. 2818 to 3085, TD 3114.
Phillips Pet. Co. — Lehman No. 3, Compl. 10-24-63, Sec. 185, B2, H&GN, Pot. 6 BOPD, Gor. TSTM, Perfs. 2967 to 3220, TD 3244.
Phillips Pet. Co. — Johnson "A" No. 6, Compl. 11-8-63, Sec. RCST, Pot. 2 BOPD, Gor. TSTM, TP 2782, TD 2924.
Phillips Pet. Co. — Osborne No. 4, Compl. 11-1-63, Sec. 101, 110, 111, B2 H&GN, Pot. 5 BOPD, Gor. TSTM, Perfs. 3024 to 3212, TD 3238.
Hutchinson County (Panhandle West Red Cave)
Colorado Interstate Gas Co. — Dunaway No. 1R Sec. 5, Y2, TTRR, Compl. 10-1-63, Pot. 4100 MCF/D, Perfs. 1596 to 1612, TD 1690.
(Panhandle)
K & H Operating Co. — McDowell No. 10, Compl. 11-22-63, Sec. 14, M16 AB&M, Pot. 31 BOPD, Gor. TSTM, Perfs. 3240 to 3298, TD 3391.
Carson County (West Panhandle Red Cave)
H. N. Burnett — Merritt No.

1.R.C.S ec. 12, Y2, TTRR Compl. 10-22-63, Pot. 1200 MCF/D, Perfs. 1760 to 1820, TD 1941.
(Panhandle)
Thomas C. Canan — Cooper No. 5, Sec. 3, 9, I&GN, Compl. 11-27-63, Pot. 54 BOPD, Gor. 100, Perfs. 3125 to 3208, TD 3271.
Wheeler County (Panhandle)
Sand Springs Home Dol. Div. — Nicholson No. 3, Sec. 27, 13, H&GN, Compl. 12-3-63, Pot. 30 BOPD, Gor. 250, Perfs. 2170 to 2174, TD 2221.
Lipscomb County (Kellin Tonkawa Oil)
The Ballard & Cordell Corp. — Wayne Cleveland "A" No. 1-67, Sec. 67, 43, H&TC, Pot. 259 BOPD, Gor. 725, Perfs. 7364 to 7381, TD 7450 Compl. 11-27-63.
The Ballard & Cordell Corp. — Ward No. 1, 106, Compl. 12-1-63 Sec. 108, 43, H&TC, Pot. 321 BOPD, Gor. 629, Perfs. 7423 to 7444, TD 7478.
Collingsworth County (Panhandle)
Mal-Cra Corp. — Bell No. 6, Compl. 11-19-63, Sec. 16-13, H&GN, Pot. 50 BOPD, Gor. 2080 TP 2076, TD 2157.

Ochiltree County (Farnsworth Corner Des Moines)
Gulf Oil Corp. — L. R. Conner No. 5, Compl. 9-1-63, Sec. 2, JT, TWNG, Pot. 1 BOPD, Gor. TSTM, Perfs. 6714 to 6748, TD 6772.

SHE'S ONLY TEASING—Although she looks as if she were preparing for a horror film, actress Joan Eastman, above, is merely teasing her tresses to achieve a bouffant effect, below. The backstage business took place as Joan, who hails from St. Paul, Minn., was preparing to make her Broadway debut as the new leading lady of the popular musical "Stop the World—I Want to Get Off."

Wildcatters List 14 Oil, 29 Gas Findings

AUSTIN (UPI) — Wildcatters had 14 oil and 29 gas finds last week, the Texas Railroad Commission reported Saturday. The activity brings the yearly totals to 324 oil and 650 gas discoveries.

By this date last year, wildcatters had completed 358 oil and 973 gas wells.

Regular drillers had 178 oil and 72 gas completions last week, bringing the year's totals to 8,117 oil and 2,393 gas wells, compared with 9,963 oil and 3,330 gas completions in the same period last year.

Oil discoveries were five in the Corpus Christi district, two each in the Kilgore, Abilene and Midland districts and one each in the Refugio, Palestine and San Angelo districts.

Gas finds were 14 in the Corpus Christi district, five in the San Antonio district, two each in the Kilgore, San Angelo and Wichita Falls districts and one each in the Refugio, Houston, Abilene and Pampa districts.

Engineers Hear Pollution Talk

DALLAS (Spl) — Industry responsibilities in protecting Texas as fresh water supplies against pollution from oil operations were spelled out for petroleum engineers here Friday by James L. Sewell, president, Texas Mid-Continent Oil & Gas Association.

At a luncheon address to the Petroleum Engineers Club of Dallas Sewell said, "This industry must get on the ball like it never has before to protect our water supplies."

Sewell described the growth of regulatory efforts in recent months to deal with pollution problems in Texas and outlined efforts of the Association to reassure official agencies and water organizations that the industry will meet its responsibilities.

He invited all petroleum engineers to offer constructive ideas to the Association's Technical and Engineering subcommittee which is working on problems involving salt water disposal.

Sewell told the engineers the recent Attorney General's opinion which said the Railroad Commission had jurisdiction over drilling of disposal wells cleared the air from a jurisdictional point of view but salt water disposal projects would receive heavier scrutiny than they have ever had before.

Referring to the applications, now in Texas operators' hands, for Water Pollution Control Board permits to dispose of salt water on the surface, Sewell said, "Prudent operators are making every effort to comply (with Board instructions)."

Sinclair Pumper Retires From Firm

Jack Prather, pumper in the production department of Sinclair Oil & Gas Company in the Pampa district, has retired after 37 years with the company.

Prather joined The Prairie Oil & Gas Company in 1926 as a roustabout at Borger, transferring to Pampa in 1941 and to Lefors in 1961. He returned to Pampa in 1962.

Born at Claremore, Okla., Prather attended school at Oologah and Claremore.

Mr. and Mrs. Prather live at 1418 E. Francis. They have two children, Mrs. J. T. Crawford Jr. of Bay City and Jack W. Prather of Dallas.

Final Talks Open On Firm's Purchase

DALLAS (Spl) — The Chemical Division of Lone Star Producing Company, a wholly owned subsidiary of Lone Star Gas Company, has begun final negotiations for the purchase of Caprock Fertilizer Company properties in Littlefield, Texas; Deming, New Mexico, and Artesia, New Mexico, according to Roy E. Jury, Chemical Division vice president.

Jury said that actual purchase of the properties is subject to satisfactory finalizing of details. He pointed out that Arnold E. Neumann of Littlefield will continue to direct the activities of Caprock after the sale is completed.

Jury said that actual purchase of the properties is subject to satisfactory finalizing of details. He pointed out that Arnold E. Neumann of Littlefield will continue to direct the activities of Caprock after the sale is completed.

Oil Counsel Asks Quiz Withdrawal

WASHINGTON (Spl) — The Federal Power Commission was urged today to withdraw a "massive" questionnaire on the U.S. natural gas producing industry on grounds that it goes beyond FPC jurisdiction, will be obsolete before it is completed, and is burdensome "beyond reason" to independent gas producers.

In a letter to Chairman Joseph C. Swidler and other FPC members, L. Dan Jones, general counsel of the Independent Petroleum Association of America, declared the present "area pricing" method of regulating gas producers is filled with uncertainties that only Congress, through "remedial legislation," can correct.

In the absence of corrective gas legislation, Jones said, "it will take many years to resolve the area pricing approach and in the end, it may be rejected entirely."

The status of the area pricing approach, from both legal and practical standpoints, is so uncertain that additional burdens such as the huge FPC questionnaire "should be withheld until basic standards are established and legal status of the area pricing approach is approved by the courts."

Jones urged that requirements for completing the questionnaire be "withdrawn or deferred until there is some assurance that the burdensome effort in providing such information will serve a definite and useful purpose."

Legal Publication

NOTICE
THE STATE OF TEXAS
COUNTY OF GRAY
NOTICE is hereby given that a hearing will be held on the 27th day of December, 1963, at 10:00 a.m. in the County Court at the County Courthouse of the above named County in Pampa, Texas on the application of the hereinafter named owner—for a license to sell beer at retail at a location not heretofore licensed. The substance of said application is as follows:

1. Type of license or permit Beer Retailer's On-Premises License
2. Exact location of business Combs-Worley Building, 120 W. Kingsmill, Pampa, Texas.
3. Name of Owners Frank Roach
4. Assumed or trade name Pampa Recreation Club.

Any person shall be permitted to contest the facts stated in said application and the applicant's right to secure said license or permit upon giving security for costs as provided by law.

WITNESS MY HAND this 20th day of December, 1963.

CHARLIE THUT
County Clerk Gray County, Texas
(Signed)
By Jerry Steger, Deputy Dec. 22-23

Roomful of Keen Teeners

Here are some of the faces of America's most promising high school science students. Their pictures were taken while 350 of these future scientists gathered in Chicago to attend the National Youth Conference on the Atom. The conference afforded them the opportunity to question some of America's foremost scientists on the latest developments in the technological fields. They also took field trips to the Dresden Nuclear Power Station, the nation's first full-scale, privately-financed atomic power plant, and the Atomic Energy Commission's Argonne National Laboratory.

Four Charged in Alabama Incident

TUSCALOOSA, Ala. (UPI) — Police arrested four National Guardsmen this week on charges of setting off explosives near the integrated University of Alabama last month while serving with a federalized task force protecting the campus.

Authorities said a fifth Guardsman would be taken into custody today (probably in the afternoon). He was not arrested Thursday because of illness in his family.

Officers across central Alabama picked up 2nd Lt. James T. Perkins of Holt, 1st Sgt. Norman R. Daniel of Fairfield and Sgt. James T. Maxwell of Tuscaloosa and William E. Roughen of Lantana to climax an "around-the-clock" investigation that began last Saturday.

Several hours before the arrests, Circuit Solicitor Fred Nicol had said "we think we have the case solved" and indicated the arrests would be "starting" because of the persons involved.

Deputy Sheriff Pleads Guilty In Bribery Count

WACO (UPI) — McLennan County deputy sheriff Wayne Moore unexpectedly pleaded guilty to bribery charges Wednesday and received a probation sentence.

Moore pleaded innocent Monday when his trial opened. Dist. Judge Sam Johnson sentenced Moore to three years in prison and fined him \$500, but probated sentence and fine.

Moore was one of three county officials who were charged with bribery after a prisoner escaped the McLennan County jail. A grand jury investigation into the jail's administration brought the indictments against Moore and the other officials.

St. Vincent de Paul Choir to Sing Midnight Mass on Christmas Eve

The 70 voices of the St. Vincent's Adult Chorists and the St. Vincent's Junior Chorists of St. Vincent de Paul Church, 2300 N. Hobart St., will sing the Midnight Mass-Christmas Eve with the pastor, Rev. Edward Cashman, celebrant, assisted by Rev. Charles Welter, C. M. The choir will be under the direction of Tracy D. Cary, choir-master-organist. Mrs. Jack D. Edwards will be co-organist.

Beginning at 11:15 p.m. the service of carols will be sung prior to the mass, including "The Snow Lay on the Ground," "Sowerby," "Lullaby of the Virgin," "The Birthday of the King" (Neidinger), "With Glory Lit the Midnight Air Revealed" (Dielman), "Gesu Bambino" (Yoni), and a musical setting of "O Little Town of Bethlehem," especially written for the combined choirs by Cary.

The solemn Christmas Novena as sung in churches of the Congregation of the Mission will continue nightly until Christmas and masses Christmas Day will be at 6, 8, 9 and 10 a.m. The music for the 8 a.m. mass will be provided by the 5th and 6th grade choir of St. Vincent's school under the direction of Sister Elaine, C. C. V. I., and the 7th, 8th, and 9th grade choir under the direction of Sister Luitgardis, C. C. V. I. will provide the carols for the 9:30 a.m. mass.

SINGERS — Shown are the singers for the Christmas Midnight Mass at St. Vincent de Paul Church Tuesday. Front row left to right are Mrs. Evelyn Thomas Price, Mrs. Jack Edwards, Mrs. Lynn Boyd and Tracy D. Cary. Back row left to right are Bill Gorman, Miss Sheila Chisholm, Jack D. Edwards, Miss Julia Neslage and Mrs. Theresa Self. (Photo by Smith Studio)

MERGER CALLED OFF

CALGARY, Alta (UPI) — Scurry - Rainbow Oil Ltd., said Thursday its proposed merger with Central-Del Rio Ltd. has been called off because of tax problems.
