Foreign News Commentary

By PHIL NEWSOM **UPI** Foreign News Analyst Interesting was the fact that even before Indonesian Presicent Sukarno met with U.S. Atty. Gen. Robert F. Kennedy to seek a peaceful solution to the Malaysian problem, Sukarno aiready had been scheduled as principal speaker at an anti-Malaysia rally in Jakarta. The rally scheduled to last the rest of the week amid anti-Malaysia and anti-imperialist slogans, is in the Sukarno Sports Palace. Final resolutions are expected to endorse the fight against Malaysia, to attack the U.S. 7th Fleet and to criticize U.S. "imperialism" in Korea, Cambodia, Viet Nam, Laos and Panama. The rally also is expected to advocate the takeover of British and American properties in Indonesia. Sukarno has vowed to crush the new state of Malaysia which he contends is an example of British neocolonialism.

Southeast Asia Summit:

The Cambodian capital of Phnom Penh now appears the likely site of a summit meeting between Malaysian Premier Tengku Abdul Rahman and Philippine President Diosdado Macapagal. The Philippines also oppose Malaysia because of traditional claims on North Borneo. However, the Philippines. opposition is less violent than that shown by Indonesia, and Macapagal seems to have been seeking some sort of compromise. Macapagal would prefer the meeting to be held in Manila but does not object to Phnom Penh where he also might have a chance to work the dispute between the United States and Cambodia.

British Committed:

In the dispute between Indonesia and Malaysia, the British are firmly committed to Malaysia's protection. One reason is that the British investment in Malaysian tin, lumber, rubber and other resources is reported even greater than British holdings in India which is geograp ically 10 times the size of Malaysia. The British had hoped that establishment of the new state of Malaysia would insure instant stability, enabling them to cut down on their military commitment in the area. The obbosite has been true, Indonesian opposition and guerrilla raids into Borneo are forcingthem to reinforce, instead.

Seniors may obtain test-center information and registration forms from their high school counselor or principal. The February test date is one of four during the school year a student may choose.

The ACT battery is used in admission by 75 colleges in Texas, by 83 per cent of those in this region and by 820 colleges in the U.S.

Results are used by colleges in admission, placement, counseling, granting of scholarships, class sectioning and for other purposes.

ACT compiles scores, high school grades and other predictive data, providing a basis for the student to select a college suited to his educational goals. The non-profit agency reports this and other research information to colleges without charge. Scores are also reported to students and to high schools.

Drama, Literature Discussed 5 During Varietas Club Meeting

A program of drama and literature was given by Mrs. C. L. McKinney and Mrs. Otis Nace during a meeting of the Varietas Study Club conducted recently in the home of Mrs. S. C. Evans, 1800 Mason by Degrees! Charles.

Mrs. McKinney discussed modern literature. In introducing her topic she stated that there are few arts chosen by the people than drama: that it is a form of expression which depends largely upon communication from the playwright to the audience. through the medium of actors. Drama usually takes the form of a theater performance; but, can be easily transferred to the motion picture screen, television in the home. and the printed page. The drama has mirrored the life. customs and habits of people since its dim beginning six thousand years ago on the banks of the Nile. Since its beginning, it has had an important social function and influence though its purpose is to entertain and instruct. Shakespeare is considered the greatest playwright of all time: but, Lupe de Vega Caipro, a British dramatist, was probably the most prolific. She listed outstanding twentieth century dramatists as being George Bernard Shaw, Oscar Wilde, Henry Arthur Jones, Eugene O'Neill, Moss Hart and Edna Ferber. She suggested that perhaps one of the greated dramas of our time was acted out live on television when our president

leged killer murdered. One of our chief concerns. she added should be in determining what is good drama and the separation of that which is helpful from that which is detrimental. She encouraged family reading of good plays to bring talive characters and stories. Support of amateur theater groups was urged as they offer a unique brand of excitement to both actors and audiences and

was assassinated and the al-

In defining literature, Mrs. Nace said that it is writing which is kept alive by beauty, style and thought. The opinions of individual members as

good literature was checked against reference notebooks of 100 basic books which were compiled by literary critics of the New York Times. Literature is divided into several general categories such as books for adults and juveniles, poems, essays and the wide ranges of magazine materials. She commended the publications of good literature new available in paper back

one type of writing which had its start in America is the detective story which originated with Edgar Allen Poe. E. Stanley Gardner and Jack Webb were named as masters of the detective story. She concluded that writers must start at the bottom to produce literature, that most work for success, and that all hope to write deathless

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Quotes From The News

By United Press International COLUMBUS, Ohio - John A. Wiethe, Democratic party leader in Cincinnati on astronaut John H. Glenn's bid for the senatorial nomination:

"You have a great national hero and it isn't easy to turn him down. You can draw your own conclusions on the effect it has on the people."

WASHINGTON - President Johnson, in his reply to Premier Nikita Khrushchev's message in which the Soviet leader urged signing of a declaration renouncing use of force in territorial disputes:

"I believe this exchange of letters offers real hope for that kind of progress-and that hope is shared by all peace-loving men in every land."

WASHINGTON - A statement proposed by the Federal Trade Commission for use during every spot radio or television commercial on cigarettes: "Caution: Cigarette smoking

is dangerous to health. It may

cause death from cancer and

other diseases." BATON ROUGE, La.-Mimi Finegold, a white worker for Left untouched was \$23,000 the Congress of Racial Equalcash in a smaller safe within ity, asking for an FBI probe of the vault and \$2,500 in a steel Ku Klux Klan cross-burnings:

"We feel the local authorities wouldn't do anything. They Many horsecar lines in the would just look the other way.'

END OF ERA-Indiana's State Department of Education is closing all one-room schools

by the end of the 1964 school year. Vincennes University, Vincennes, Ind., has erected this one-roomer on its campus for future generations of Hoosiers to visit. This ancient

log cabin was enclosed within a barn for many years so its poplar logs are in a near perfect state of preservation. The interior will be restored to the style of the early century.

IT'S ALL CREE TO THEM-When Cree Indians along the shores of James Bay in northern Ontario got their first telephones, the Bell Telephone Co. of Canada had a little problem-explaining to them just how the things worked. Thanks to the Rt. Rev. H. E. Hives, Bishop of Kenora, a company letter was translated into the Cree language. Part of it is reproduced above. The letter begins: "This is to explain what a telephone is and how it works. A telephone is shown in the picture. A long time ago a man named Alexander Graham Bell discovered. . . .

Aerialist Found Dead In Wreckage of Craft

Mrs. Barbara Keith, 42-year- Catalina Island. old Hartford, Conn., widow and grandmother of 10, was found

of her brightly colored hot-air balloon. She had started out Saturday from Santa Catalina Island as the only woman entry in a balloon race to the Southern Cali-

dead Monday in the wreckage

fornia mainland. Only one of the entries in the mainland. Five others had to be rescued from the sea and another crashed before leaving

A widespread air and sea search for Mrs. Keith began after she disappeared in the illfated race:

Investigators theorized she ers in attempts to attract the attention of rescuers, but the giant search party failed to find her until it was too late. Drowning was listed as the

SHORT CAREER

LONDON (UPI) - Angus Ogilvy, wealthy husband of Princess Alexandra, Queen Elizabeth's first cousin, divulged a stage a further advance prior to long-kept secret Tuesday when he said he had once worked as a waiter during a strike - but for only two days.

"My career of promise came to a sticky end," he said, "when I desposited an omelette at the feet of a customer."

SPEEDING FINE

LONDON (UPI) -Viscount Curzon, the magistrate who has gone on record saying he will not convict motorists caught in radar speed traps, was fined \$11.20 Tuesday for speeding.

In Review

H. Stovall of E. F. Hutton & Co. says the froth of speculative fervor is more and more visible on top of a general market which seems predisposed to move higher in time.

Stovall feels that one can read vestiges of the 1961 bull market into the concentrated had used flares and dye mark- activity in the wide - moving specialties and is disturbed by it. He feels that, with the industrial averages at an all-time high, it is time for the thoughtful investor to try to be astute rather than lucky.

Thomas P. Doherty of Harris, Upham & Co. says it seems the market is not yet ready to stage a further advance prior to further corrective action.

Purcell, Graham & Co. feels that although the public's appetite for glamor issues has increased substantially in recent weeks, new commitments at this stage should be based on sound fundamentals.

NEW YORK (UPI)-Investigraph Stock Survey editor Walt McKibben says a high market is certainly the time to get out of your disappointments.

He advises investors to refrain from holding a stock until it recovers, if the recovery is still two years away. "Don't hold chronically sick stocks just because the economy is strong and may bail you out," Mc-Kibben says.

The International Statistical Bureau believes now highs will be scored in the coming months and that any nearby reaction will be temporary. The firm feels the internal structure of the market continues favorable and advises maintaining liberal

Shell Oil Lists Record Income

HOUSTON (UPI) - Shell Oil Co. announced Tuesday its 1963 net income was a record high of \$179.9 million, up 14 per cent from the 1962 total.

Shell President Monroe E. Spaght said preliminary reports show total income, operating revenue, production of crude oil and natural gas, refinery output and sales of refined products and chemicals reached all time highs

Net income represented \$2.87 per share, compared with \$2.60

What's Your Guess? **How Many Miles** On A Tank Of Gas In the 1964

126A

ENTER

TEX EVANS

Rambler Mileage Sweepstakes (Deadline Jan. 31)

SOMETHING TO CONSIDER This is a local project at Tex Evans. One of our employees will drive the car, not a professional driver. We will do our best to go as far as possible on a tank of reg-

ular gas, driving 60 to 65 miles per hour toward Dallas. A Rambler American won last gear's Mobilgas Economy Run averacing 28.6 miles per gal. This car was driven by one of the finest drivers in the land and we certainly do not believe one of our crew can do that good. We have: averaged better than 22 miles per gallon on a hard drive where we were not trying for gas mileage.

Best thing to do is to come to Tex Evans - Look the car over - Drive it - Get all the information - Then make

You'll have a better chance winning \$250 because only people in our area that come to Tex Evans will be entered.

DEADLINE JAN. 31

A Good Guess Has A Good Chance

We are out to prove that we are the BIGGEST little store in town, and you will supply the proof.

We have 200 pounds of beef, bought from Blakes Food Mkt., Grain fed, and we will have it cut and wrapped to order.

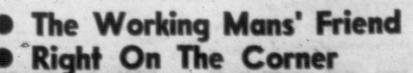

THIS BEEF WILL BE GIVEN TO THE PERSON WHO COMES CLOSEST TO GUESSING

"HOW MANY DIFFERENT ITEMS DOES SURPLUS CITY OFFER THE BUYING PUBLIC" 2000, 5,501, 10,002 or how many???

Your gwess is as good as the next persons. Stop by Surplus City, look around and take a guess, as many as you want. No obligation, nothing to buy, and you do NOT have to be present to win. The Winner will be announced Saturday, Feb. 1st. 10 a.m.

In the event we have more than one person with the correct answer, the two earliest will receive 200 lbs. of beef.
