Panamanians Say U.S. Must Yield

Reds Recognize Zanzibar Rebels; Reporters Barred

Revolt Leader Attacks Western Powers as 'Hypocrites, Liars'

ZANZIBAR (UPI) — The six-day-old revolutionary government proclaimed itself Saturday the peoples republic of Zanzibar. The Soviet Union joined other Communist nations in granting it diplomatic recognition.

Communist nations which have granted recognition include China, Cuba, North Korea, East Germany, North Korea and Yugoslavia. Recognition also has come from Ghana, Kenya and Ethiopia.

Insurgent leader "field marshal" John Okello, in a broadcast heard in Nairobi, Kenya, delivered a savage attack on the United States and Britain which have withheld recognition.

Former Mau Mau (Okello, once a member of the Mau Mau terrorist group in Kenya, said "if the Americans interfere, we will fight even with lumps of soil." He said, "as from this moment British and American press representatives are completely banned. These are hypocrites and liars."

(The Zanzibar rebel leader who Friday denied he had taken over as president, said, "Zanzibar is an African country and I don't see why America and Britain should interfere with us."

(Apparently referring to a British Broadcast Corporation report, Okello said "I have just heard the infidel, savage people who live lies like their father Satan.")

(In Dar-es-Salaam, Tanganyika, Saturday a police officer who commanded the last police station to fall in the weekend Zanzibar revolt said the death toll could rise as high as 3,000. President Sheikh Abdur Karume said it Friday at 500.)

The new regime announced

Fireman Brings Druggist News On Firm's Fire

LEFORS (Spl) — Jim Trout got a surprise Saturday.

A Lefors fireman knocked on the door of Trout's Corner Drug Store and informed him in grim tones "your building's on fire."

Trout dashed out and looked. Flames were coming from the roof of the firm, which houses a drug store, liquor concern and the Optimist Boys Club.

Firemen controlled the blaze with quick action that brought praise from Trout. Damage was listed at some \$500 and the cause attributed to an old wooden stove with a defective flue.

Shortly after Trout got the firm mopped up from the water which damaged much of the building, he was back in business as usual.

Doctors Hear Talk By Rogers

AUSTIN (UPI) — An unworkable Federal medical aid plan could do "damage, if not violence, to the medical profession, Rep. Walter Rogers said Saturday night.

"This we must avoid at all costs," Rogers told 500 physicians attending the Texas Medical Association convention.

There is no better qualified group than the medical profession to provide the needed answers to the issue of the federal government's role in providing medical care to citizens.

Rogers, of Pampa, said recent "blanket indictments of the 87th Congress as a do-nothing Congress may be well-taken."

He said it behooves not only Congress but the rest of the nation to face up to "major threats to our nation."

He said a few of the threats he had in mind were:

—Cuba, "the Red thorn in the side of the Western Hemisphere."

—Latin America's high birth rate and constantly stalking poverty."

—The European Common Market with its many new trade and economic problems to the United States.

—Political pressure in Italy by forces bent on destroying the official position of the country in its full support of NATO."

—Berlin, which "remains the Cold War tinderbox along with the division of Germany."

—New and variant threats of Russian threats of subversion in emerging African countries."

"The list of problems this nation faces could go on and on, indefinitely," Rogers said.

MEASURED DONATIONS — Even the hostess, Mrs. Lynn Thames, was required to pay one cent per inch of her waist measurement during a Jaycee-Ette March of Dimes benefit coffee in her home yesterday. This contribution by attending members was added to donations for coffee and funds collected during a door-to-door campaign conducted by Jaycee-Ettes for the March of Dimes.

Pampa Plays Host To Visiting Firemen

Pampa played host to some 150 visiting firemen from the Top O' Texas area Saturday night.

The occasion was a zone meeting of the Panhandle Firemen's Association which covers 17 Pampa area communities.

The firemen dined at the Pampa Hotel and then went into a business meeting designed to renew interest in the association throughout the area.

City Manager Harold Schmitzer gave the welcoming address to the firemen after the meeting was opened by Hereford Fire Chief Reeves.

Association officers present at the affair included vice president W. B. Sanders of Dumas, J. V. Pirkle, second vice-president, of Pampa; and H. L. Dent, third vice-president from Hale Center.

Pampa Fire Chief J. E. Winborne served as host to the group which included firemen from Borger, Stinnett, Spearman, Perryton, Booker, Darrouzett, Higgins, Canadian, Wheeler, Shamrock, McLean, Lefors, Groom, Panhandle, White Deer, Memphis and Dumas.

If it comes from a hardware store we have it. Lewis Hdwe. (Adv.)

Committee Supports Chiari's Tough Stand

By MATTHEW T. KENNY

PANAMA CITY (UPI) — A committee of Panamanian businessmen warned the United States Saturday it must yield to Panamanian demands on the Canal Zone because Panama is not going to back down.

The committee said not only must current demands be negotiated but the United States must prepare for eventual withdrawal from the waterway, leaving it entirely under Panama's control.

The views were spelled out for U.S. and other foreign newsmen here by a committee of top Panama business, professional and industrial figures who formed what they called "the national committee for reaffirmation."

Their news conference support for President Robert Chiari's tough stand on the issue came as evacuated U. S. Embassy personnel waited in the zone for instructions from Washington on their next move in the deadlocked Panama crisis.

Study Situation

U. S. officials indicated that no personnel of embassy-connected agencies such as AID and Peace Corps members would go back into Panama at the moment even though they are technically welcome to do so as far as the Panama government is concerned.

Embassy officials were reported studying the situation and keeping in touch with Washington by telephone.

There was no indication that the embassy staff, ousted from Panama Friday in the wake of the diplomatic break and collapse of mediation efforts, would be ordered back to the United States immediately.

A wait and see attitude appeared to be setting in.

Acting as the three main spokesmen Saturday for the "affirmation committee" were Dr. Octavio Fabrega, a former foreign minister, and industrialists Jaquin J. Vallarino and Bev Mario Arosemena.

Behind Government

The committee said it is 100 per cent behind the government and announced it will send a delegation to Washington within the next few days to tell

GIs Killed In Viet Nam Copter Crash

KIEN HOA, South Viet Nam (UPI) — Two U. S. soldiers, a visiting British Royal Air Force officer and a Vietnamese observer were killed Saturday when their helicopter plunged into the sea, apparently shot down by the Communist Viet Cong.

The deaths of the two Americans brought to seven the number killed in two days of the largest — and so far not to successful — helicopter-borne attack on Communist guerrillas in this red stronghold area 65 miles southwest of Saigon in the Mekong River Delta.

The death toll, highest inflicted on American forces in any two days of the war, brought the total of Americans killed in action to 139 since large-scale U. S. aid began in 1961. Another

Wheeler Oil Action Causing Lease Boom

WHEELER — Residents of this Panhandle town have their eyes fixed on an oil-gas rig near Mobetie and with good reason.

Drilling efforts by Phillips Petroleum are expected to begin sometime this week on what could be the second well in a production show that has the earmarks of a million dollar boom.

The action is on part of a nine section area located on the Carlewite ranch that has produced what many oil men call "one of the better gas wells" in the Panhandle.

The first well, Phillips No. 1 Carlewite, in section 99, block A-5 of the H&GN survey, broke drilling depth records and tested shows of production in the Hunton lime, the first time in the Panhandle.

As a result, real estate agents in Wheeler have been swamped with calls for leases and mineral purchases.

Don Earney, a Wheeler realtor and former newspaper publisher, said that another well would be begun within a few weeks on the southwest quarter of Section 81 on the same area. Both the well about to be drilled and a proposed third effort would be 17,500 feet depths.

Earney, who like many Wheeler residents, is all smiles over the oil action that has brought

Finley Will Sue American League

NEW YORK (UPI)—Charles O. Finley, the embattled owner of the Kansas City Athletics, announced Saturday night he has hired famed attorney Louis Nizer to represent him in his prospective suit against the American League.

"I have retained Louis Nizer of New York City to represent me and my company and protect our interests in the pending dispute with the American League," Finley said.

It's Gray, Steel and Barred

Teen Offender in New Home

By GLENN McCASLAND

Steven Michael Caldwell, 16, moved into a new home Saturday.

It lacks a television set or telephone, private sleeping quarters and other such conveniences.

Instead the youth's new home is gray, steel and barred.

It is a cell in the Gray County Jail.

Young Caldwell will spend the next two to three weeks in that tiny residence while California and Texas officers work to untangle legal problem surrounding him and his companion, Billy Wayne Morris, 15, of Los Angeles.

Caldwell was moved from the Pampa city jail to the county jail Saturday morning by Patrolman George Wallace.

The slightly built Caldwell took the short ride around the block calmly. It was his third visit to a Pampa jail this week. The trip was nothing new.

Caldwell is being held along with Morris on auto theft charges from California and for violation of parole for burglary and auto theft in California.

Morris is being housed in a Pampa hospital under 24-hour police guard after he was shot by city policeman during a 30-minute chase Thursday morning after the two had broken from city jail about 3 a.m. Thursday.

Police Chief Jim Conner said doctors told him Morris would be unable to leave the hospital for at least 10 to 14 days. He is recovering from a wound in the hip and has been under sedation most of the time since the shooting took place.

The decision to move Caldwell was made Friday night by Conner after talking with California officials again by telephone.

"It may take several weeks for them to decide just what, if any, charges they will bring against the boys. Meanwhile, the county jail is bigger and they can be better cared for there than in our little juvenile cell here," Conner explained.

Juvenile Officer Bill Leonard said he would discuss possible local action with County Judge Bill Craig sometime the early part of this week.

"It takes California longer to make a decision on sending after these boys than it might us because of the number of people involved in a juvenile case here," he explained.

Gray County authorities could, if they wanted to do so, file burglary charges against both youths for the entry of Reed's Service Station at 2307 Alcock. Items taken from the station were found inside an automobile they were driving when finally captured following the jail break.

Pampa police could file auto theft charges against the boys for the alleged theft of a Welex Company car after their break for freedom. City police have filed minor in possession charges after two bottles of whiskey were found in the first car in which the boys were arrested.

Meanwhile, as California and Texas ponder just what will be done, if anything, in the youths' case, Morris rests in a hospital bed and Caldwell adjusts to life in the Gray County jail.

—Daily News Staff Photo

QUESTIONED IN BURGLARY — Deputy Sheriff Jimmy Bowers questions Steven Michael Caldwell, 16-year-old Durango Palms, Calif., youth about the Thursday burglary of a Pampa service station shortly before Caldwell was placed in the Gray County jail where he is being held for California juvenile authorities. Caldwell was one of two teen-agers who broke from the city jail after their arrest Wednesday in a stolen automobile. The second youth, Billy Wayne Morris, 15, Los Angeles, was shot during a wild chase by police.

100 Expected in City For Red Cross Parley

One hundred representatives of Texas Red Cross chapters are expected to arrive in Pampa Wednesday morning to attend a three-day executive secretaries conference, according to Mrs. Libby Shotwell, executive secretary of the Gray County Chapter, and member of conference planning committee.

Red Cross board members, staff aids, Gray Ladies, volunteers, Volunteers and service chairmen will make up the group attending this bi-annual conference.

The program:

Wednesday

10-11:30 a.m. — Registration, Coronado Inn, Mrs. Jack Foster, chairman of volunteers, in charge.

1:30 p.m. — Welcome, E. B. Pemberton, chapter chairman, Gray County Chapter.

1:35 p.m. — Current Situations in Red Cross, Ray J. Conley, assistant regional manager, Midwestern Area, St. Louis, presiding.

3 p.m. — Coffee Break, Borger Gray Ladies, hostesses.

6 p.m. — Hospitality Hour, Coronado Inn, Gray County Board, hosts.

7 p.m. — Banquet, Pampa Hotel, guest speaker, Bob Nash, Lubbock County Chapter, Entertainment, Hutchinson County Chapter.

Thursday

8:45 a.m. — Red Cross and Civil Defense; Art Jackson, regional director, Civil Defense, Denton. Introduced by H. N. Nicholl, Panhandle, Civil Defense and Red Cross chairman.

10:30 a.m. — Coffee Break, Hereford Gray Ladies, hostesses.

10:45 a.m. — Home Service, Jim Kurtz, assistant director, Midwestern Area, St. Louis, directing.

1:30 p.m. — Nursing Service, Miss Donna Sims, nursing representative, Oklahoma City.

Workshops: Fitness for the Future; Care of the Sick and Injured; Mother and Baby Care.

3 p.m. — Coffee Break, Higgins Gray Ladies, hostesses.

3:15 p.m. — Chairman of Volunteers, Mrs. Leoti Deaton, volunteer field consultant, Wichita Falls, in charge of program.

6 p.m. — Buffet Supper

7 p.m. — Entertainment Hour, door prizes.

8 p.m. — Conference Period with Area Personnel.

Friday

8 p.m. — Business Session.

8:45 a.m. — Education Relations, Mrs. Mae Mills, assistant director for educational relations, Midwestern Area, St. Louis.

10:30 a.m. — Coffee Break.

10:45 a.m. — Personnel Practices, Joe Robinson, assistant director of personnel, Midwestern Area, St. Louis.

11:45 a.m. — Closing Meditation, Rev. Jack Parker, assistant pastor of First Baptist Church.

Arrangements of the conference have been made and directed by a committee headed by A. W. Voight, Lubbock, Red Cross field director; Don Byers, chapter manager, Potter County Chapter; Charlene Sullivan, executive secretary, Borger; Libby Shotwell, executive secretary, Pampa; Rev. Jack Parker, public information chairman, Pampa; Wes Langham, vice-chairman, Pampa, and E. B. Pemberton, chapter chairman, Pampa.

ENGINEER OFFICERS—New slate for 1964 of the Panhandle Section of AIME, Society of Petroleum Engineers was elected last week in Borger. Standing, left to right, are E. P. Fitzgerald, Curtis O'Rear, Harry L. Williams and Roy J. Keene. Seated is Harold B. Lawley.

Engineers Elect Officers' Slate

Harold B. Lawley, district engineer with Kewanee Oil Co. in Pampa, was elected chairman of the Panhandle Section, AIME, Society of Petroleum Engineers, at the section's monthly meeting in Borger Tuesday.

Another Pampan, Harry L. Williams, district engineer with Cities Service, was elected secretary, and James C. Hamilton, district engineer with Wilcox Oil Co. and also from Pampa, was named to the section's board.

Other officers are E. P. Fitzgerald of Amarillo, first vice chairman; R. J. Keene of Amarillo, second vice chairman and Curtis O'Rear of Amarillo, Treasurer.

Completing the board of directors are James E. Curzon of Borger and Willard E. Bauman of Amarillo.

Institute Scheduled on Oil and Gas Laws

The fifteenth annual institute on oil and gas law and taxation, presented by the International Oil and Gas Educational Center at the Southwestern Legal Foundation in Dallas, has been scheduled for Feb. 12-14, 1964 according to Boyd Taylor, Pampa, attorney.

Taylor, foundation resident representative, said attorneys from Canada, District of Columbia, California, Oklahoma, Texas and New York will lecture at the meeting.

Subjects to be reviewed are: Present status of federal and state jurisdiction in connection with regulation of, exploration

for and conservation, production and sale of oil and gas; exercise of executive rights in connection with non-participating royalty and non-executive mineral interests; oil and gas insolvencies; the dry hole creditor; and the legal consequences of the commingling of crude oil.

Also, termination of oil and gas leases — the failure or drafting solutions; compulsory pooling and unitization; federal power commission; regulatory evolution at the ten-year mark; current issues affecting the oil industry; investment credit, depreciation guidelines,

and section 1245 restorations; shields and swords of the revenue; tax aspects of tidelands operations.

Canadian income tax law as it affects non-resident interests in the oil and gas industry in Canada; oil and gas tax law — 1964 critique; family arrangements for oil and gas investments and operations and recent federal income tax developments relating to oil and gas.

Corrosion Engineers to Hear Talk in Borger

W. E. Graber will speak at the regular meeting of the Panhandle Section of the National Association of Corrosion Engineers Monday, Jan. 27, in Borger.

Graber will discuss and give a demonstration of the common causes of pipeline corrosion. The meeting will be at Stephen's Barbecue with a social hour at 6:30 p.m. and dinner at 7 p.m.

FRENCH CREDIT CARD

NEW YORK (UPI) — American Express will offer a French franc credit card to the public in France on Jan. 20. It was announced Thursday. The new card is the company's third foreign currency credit card to be offered.

Producers Ask Revise Of Allowable Code

AUSTIN (UPI) — The Texas Independent Producers and Royalty Owners Association (TIPO) said this week the Texas Railroad Commission should revise its procedures to make sure Texas oil allowances are based on accurate data.

In a statement by TIPO president E. Bruce Street of Graham, the organization said there is a "virtual absence" of information that would show whether major companies are making accurate purchase nominations.

"Some companies apparently nominate for more oil than they intend to take, others do the opposite," Street said. He said while 87 companies purchase crude oil in the state, only about 13 regularly appear before the commission to recommend proration factors.

Some of the "non-participating" companies buy as much oil as some of the companies that appear regularly at the proration hearings, he said.

Street said TIPO would make specified recommendations for changes after consulting with the Railroad Commission staff.

TO SHIP FACTORY
NEW DELHI (UPI) — A complete ordnance factory will be shipped here this summer from the United States to begin production by the end of the year, according to a government announcement.

The plant was promised a year ago as part of American military aid to India.

The announcement said the government contemplates the erection of five more munitions plants, including one whose equipment will be supplied by Britain late in 1964.

PER STATION — Leon Holmes Texaco Station is all set for its grand opening at Friday and Saturday. The new, modern station boasts air conditioning throughout and a ladies' dressing room. Gifts for everyone and free coffee and cokes will be served during the grand opening.

Police Studying Burglary Cases, Broken Windows

Two burglaries and two possible burglaries were being investigated Saturday by Pampa police.

Mrs. Marjorie Claunch told officers that someone entered her home at 1112 E. Browning Friday night and ransacked her belongings, but took nothing. The burglary was reported at 10:30 p.m.

Police discovered the High Hat Club at 824 S. Collins broken into at 2:52 a.m. during routine patrol.

Police Chief Jim Conner said some \$5.60 from the cash register and a case of Coors beer was taken. Attempts to enter the juke box and cigarette machine were made, but nothing was taken.

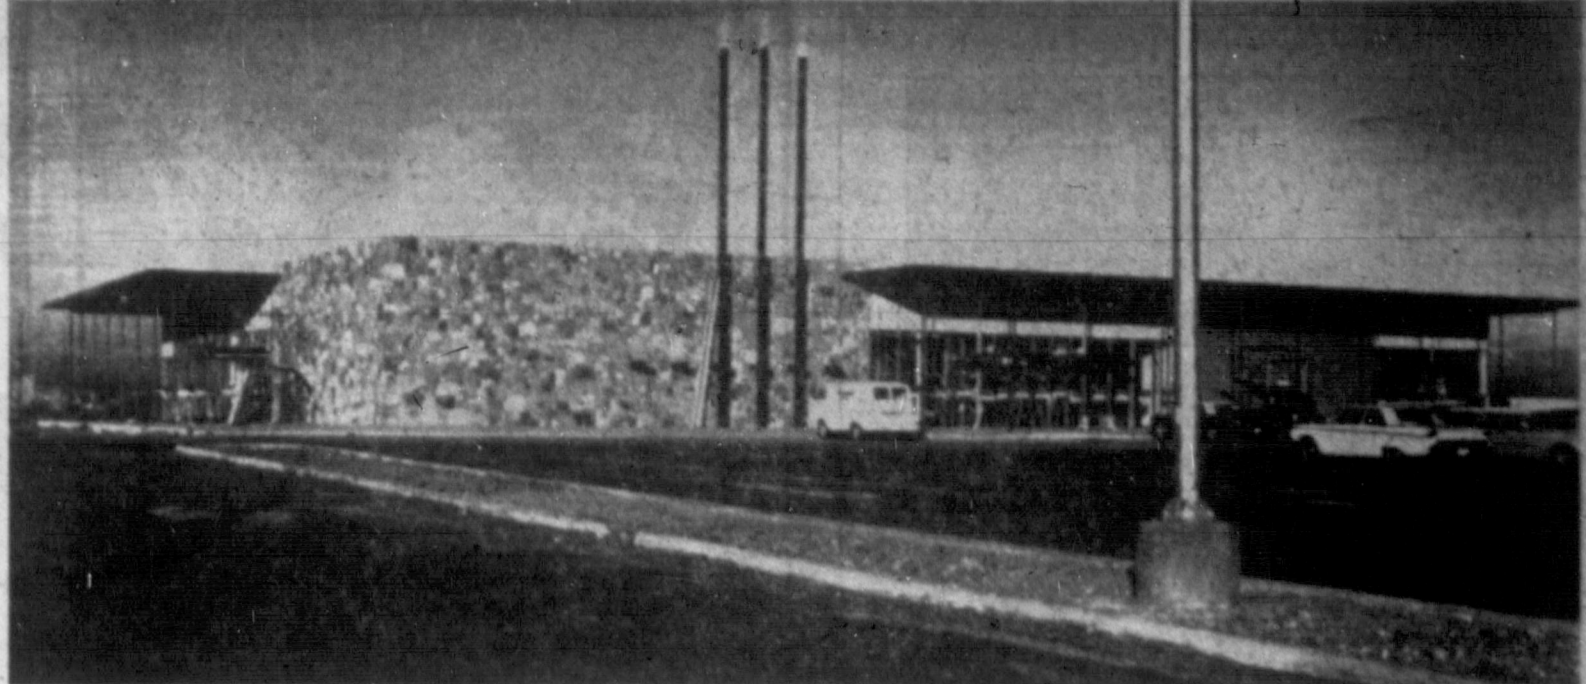

Conner said two firms were damaged by either vandals or burglars, but officers had been unable to decide which this morning.

A large plateglass window at the Mauldin Motor Company was found smashed at 11:27 p.m. but nothing was taken from the building.

Another glass window was broken at the Food Center building and was reported at 5:16 a.m. by Jessie Hardy, a newspaper distributor.

Police said it appeared that the bumper of a car shattered the two windows.

Conner said nothing was taken, but the classification of the two incidents would be left open for the time being.

Daily News Staff Photo

NEAR COMPLETION — Pictured is the \$350,000 Dunlap's Department Store which is nearing completion in Coronado Center. The store is scheduled to open Feb.

22 and will be managed by Lou Troja, manager of the present store on Cuyler. The store will add several new departments and expand their present stock.

Two Sentenced After Leading Guilty Here

Pampa men entered guilty pleas to felony theft and burglary charges Friday before Judge Lewis Goodrich.

Robert Johnson Jr., 29, pleaded guilty to the theft of three sewing machines from the Singer Sewing Machine Company on Nov. 4, 1963.

Judge Goodrich sentenced Johnson to serve two years on the charge after hearing the recommendation of District Attorney Bill Waters.

Johnson entered a second guilty plea to the Nov. 2, 1963, burglary of Olson's Jewelry Co. in which 13 watches were taken from a window display case.

Judge Goodrich sentenced him to serve two years in state prison on the burglary charge and ordered both terms to run concurrently.

Vernon L. Moore, 23, entered a plea of guilty to burglary and was sentenced to serve two years at Huntsville.

Moore was charged with the Dec. 4, 1963, roof burglary of Gibson's Discount Center in which some \$175 in cash was taken from a cash drawer. Moore was arrested Dec. 6 by Patrolman George Wallace and charged Dec. 9.

Wheeler

(Continued From Page 1) "something like \$300,000 in mineral purchases" to the community.

He has a feeling that it is just the beginning of a major oil boom for the area.

He bases his feeling on the following:

Over 95 per cent of Wheeler County, excluding the old field, is now under lease with every major oil company showing interest in the action on Carville No. 1.

All involved Mineral buyers have spent \$300,000 in Wheeler around the Carville well alone, plus another \$150,000 around Mobeetie with prices ranging from \$50 an acre to \$350 an acre.

A large number of other ventures are working in the Wheeler County area with every company studying possibilities of moving into the play.

All this began within the last six months after the Carville well went down. Phillips was the operator, holding the largest interest, with Northern Natural Gas, Sinclair, Ozark - Mahoning and Rip Underwood of Amarillo aiding the venture.

Shortly after the well tested at 17,500 feet, another group was formed by Pan American and Standard Oil of Texas in the Mobeetie area.

Taking the southwest quarter of section 36, block 85, the group sank a 7,400 - foot well called the Mat Sims No. 1.

Heavy Potential The result surprised all the people involved and spurred lease action in the area. The well came in with a potential of some 450 to 500 barrels a day.

The group is presently completing a well which would be an offset to the first. Earney said. It is located just west of the Mat Sims No. 1 some three-quarters of a mile south of new Mobeetie and a half mile north of old Mobeetie.

Earney said leases in the area had been granted to Phillips, Humble Oil, Northern Natural Gas, Atlantic Refining, Sinclair Oil, Kerr-McGee, Shell Oil, Cabot Corp., Gulf Oil, Standard of Texas, Pan American, J. M. Hubert Corp., Ozark - Mahoning, Skelly Oil and Sun Oil.

Earney said prices on oil and gas leases had been ranging from \$5 to \$50 an acre during the past two years, but the heaviest action in the last half year shot leases up as high as \$350.

Boom Is On "Until just recently, there hadn't been any conclusive test drilled in the north part of Wheeler.

We had a couple of deep wells around Kelton and one a few miles west of Wheeler, which had shows, but were finally called dry holes," he explained. "Then boom."

What does all this mean to Wheeler?

"It could mean a great deal. It already has had an effect on the area," Earney said. "I wouldn't be surprised if all this doesn't cause Wheeler to grow to be larger than Perryton within a short period of time."

Earney recalled that Perryton had grown largely because of oil finds in that area.

Meanwhile, all eyes in Wheeler County are fixed on the tall tower in the middle of the Carville ranch, waiting to bite into another oil find.

The early Spaniards called platinum "unripe" gold and valued it less than the pure yellow gold, using it to adulterate the latter.

Body of Ex-City Resident Found

Body of the son of a former Pampa resident was found Friday near Salisbury, Pa., the fifth victim of a B-52 jet bomber crash Monday in Maryland.

Air Force Technical Sgt. Melvin Wooten, 27, who was stationed at Rapid City, S.D., was the last of the five man crew to be found.

Wooten formerly lived in Pampa on N. Christy St. with his parents, Mr. and Mrs. J. D. Wooten, who is now with El Paso Natural Gas near Gallup, N.M.

College Plans To Be Discussed At Joint Parley

Discussion of the junior college program in Texas is scheduled by B. W. Musgraves of Austin at a Chamber of Commerce luncheon meeting Monday in Coronado Inn.

Musgraves is in charge of the Junior College Division of the Texas Education Agency.

A Chamber of Commerce committee recently completed a survey in which Pampans and Gray County civic club members indicated they were in favor of a junior college for Pampa.

Musgraves is expected to tell the luncheon audience what requirements are necessary for Pampa to enter into the junior college program.

Members of the Pampa Real Estate Board will meet jointly with the Chamber of Commerce at the Monday luncheon.

Wheeler Well Brought Fame 30 Years Ago

The old saying "history repeats itself" apparently is true.

Almost 30 years ago to the day, a story appearing on Page 1 of the Pampa Daily News reported a wildcat well in eastern Wheeler county that caused a flurry of leasing in the area.

The well was drilled by R. R. Osborne, former Pampa resident on the Floss and Edmore land eight miles east of Shamrock on U.S. 66. The well was good for more than 250 barrels a day and pay was from 2,200 feet in lime.

Today another wildcat in Wheeler county has brought heavy oil leasing activity in the area.

Wall Street In Review

NEW YORK (UPI) — "What's ahead for 1964?" asks Goodbody Co. "A much better year, we believe. The year began with some of the more speculative issues, free of the weight of tax sales, beginning to emerge from their two-year passage through the shadows. The upward drive in listed prices will percolate down to the lesser-known and secondary echelon of companies as buyers seek to find better values," Goodbody says.

"We would not let the record peaks in the Dow-Jones averages divert attention from fundamental investment goals," says Spear & Staff. "The high averages move, the more the temptation to speculate, but the lesson of 1962's sharp and swift drop should never be forgotten."

United Business Service says at "some of the leading textile mill stocks have been stellar market performers during the past year. Near term prospects for the industry are bright and there have been some fundamental long range changes for the better."

Clark, Dodge & Co. says "the outlook ahead looks clear, both for the rails and for their industrial cousins. Subject to normal corrections, the 'magic' 800 barrier in the Dow-Jones averages could be cracked before too long."

NEW YORK (UPI) — "It would be unreasonable to expect the recent steady rise in the averages to continue without interruption and it seems logical to expect some reaction in the foreseeable future," says Shearn, Hammill & Co.

"Will the latest government report on smoking and health have any lasting effects on the consumption of tobacco? Or will the effect be one of a temporary recession in the growth cigarette usage? Obviously," says Clark, Dodge & Co., there are no real answers, except in retrospect. It would seem that if there is any large scale diminution in demand for tobacco this could rebound to the advantage of substitutes or cutbacks. This would be favorable for chewing gum and Lifebuoy stocks."

Robert H. Stovall of E. F. Ston & Co. says that "this is a good feeling may be pervasive in terms of time, however, the longer it lasts, the more steep any correction might be. Based on the situation as it seems now, the stock market may reach its 1964 high during the first half of the year."

Thomson & McKinnon believes that "current market action and the state of business give little indication of any serious reversal in the upward trend."

Welch Paces McLean Victory Over Lefors

By JEFF COHANE
Pampa News Sports Editor

LEFORS — They replayed the McLean-Lefors football game Friday night.

In a foul-filled, fight filled, whistle-a-footin' extravaganza which saw seven starters foul out, McLean won the ball game, 39-23.

Giant Derrith Welch led the way as the Tigers took a giant step in the district 2-A cage race by winning their second straight loop game while the Pirates took their first loss in two outings.

Welch was tough on the boards, as he pulled down over 20 rebounds and scored 39 points while fighting off three big men, exploding for 14 points in the third quarter to bring McLean from behind for good.

Phil Woodring did a tremendous job defending the big boy in the first half, holding Deadly Derrith to 18 points and 10 rebounds, but the 6-3 Lefors center fouled out early in the third canto and from then on, it was all Welch, with key help from George Green.

Welch opened a 3-0 Tiger lead on one of his patented spin-around stuff shots and a free throw, but McLean literally threw the ball away, making five bad passes in the period, with Terry Bromlow and Squash McCool taking full advantage as they hawked the ball. Bromlow made five straight points for an 8-4 lead, but Bad News Welch kept bringing the Tigers back, making the last three points as the Bucs held a 10-9 quarter lead.

The game stayed close with Bromlow and Woodring hitting for Lefors and Eddie Window making free throws for Mc-

Lean, with the Pirates holding a 1-3 point lead until the final minutes, when Glen Swift made the first of a one-and-one and Welch dunked in the rebound for a 23-22 McLean lead. The 6-6 All-State made a pair of charity tosses, but McCool canned a shot from the corner with 20 seconds left to trail, 25-24 at the half.

Things started getting rough in the third quarter as players started heading for the bench and coaches Derral Davis and Dale Prescott for the officials. Woodring departed the game and Welch went wild, grabbing everything in sight and stuffing it into the basket to move the lead to eight points. Burly Bill McMinn began throwing his weight around against the lanky one, but Welch retaliated with a pair of knife-like elbows and his superior reach to keep going as Window also fouled out.

An unrehearsed demonstration of judo put a temporary halt to the proceedings as McCool, Bromlow and Ronnie Hunt of McLean got a notion that the ballcarrier and not the ball, was the objective. McCool won the free-throw duel, Squash cutting the edge to 38-34, but Welch stuffed in his own rebound with three seconds left for a 40-34 lead going into the final frame.

Bromlow fouled out in the opening minute of the last period and the game then became a parade from free throw line to free throw line. Minus his back-court partner, McCool maintained a one-man assault on the bucket, with help from Neil Cates, but seven points was the closest the Bucs could come as Greeff joined Welch in manning

the boards.

McMinn finally fouled out and Big Marvin Todd took a hand in the proceedings, using his massive frame to bash the Tiger tall boy about, but Welch again defended himself with his elbows while imperceptibly stuffing in his spin-around jump shots.

McMinn was followed to the bench by Green, Swift and Welch in the final moments, leaving McCool, Dave Roberts and Jim McCarty as the only survivors of the opening, whistle.

Welch finished up with 39 points, McCool had 28, Bromlow had 11 and Woodring 10 in their first-half efforts.

The girls game was no contest as McLean took a 53-26 win, opening 17-3, 32-10 and 47-15 quarter shots. Sharon Goldston had a season scoring high for the Tigresses with 29 points. Kathy Gatlin had nine for the Pirates.

Lefors plays at Clarendon while McLean hosts Memphis Tuesday night.

White Deer Drops Pair

By RICHARD ULRICH
News Sports Correspondent

HEREFORD — A easy-playing Hereford Whiteface basketball team grabbed a commanding lead and went on to down White Deer, 77-27, in the feature of two Saturday night tussles here.

In the opening game, the B-team from Hereford crumpled White Deer, 78-38.

Jim Hanes and Earl Jackson paced the Whitefaces attack with 21 and 20 points each as the Hereford crew hit 21 of 34 charity tosses and kept complete control of the game via rebounds.

White Deer hit only five of 23 free shot attempts and Monte Blawpe could muster only 20 points to pace the Bucks.

Hereford had a 34-12 halftime lead and 57-20 margin at the three-quarter mark.

Phil Hart paced the White Deer B-teamers with nine points, but could get nothing going in the opening game.

Bob Moore pushed home 22 points for the winners to take game scoring honors.

The varsity game loss gave the Bucks a 4-25 season record.

Wheeler Wallops Kelton In Double District Victory

By JERRY TUCKER
News Sports Correspondent

KELTON — Wheeler romped to a pair of one-sided district cage victories last night as the Mustangs rolled over the Lions, 65-48, while the Fillies smashed to a 61-38 victory over the Li-onesses.

The Horses hammered to their first loop victory in four outings in their best team effort of the season, with four starters in double figures, while the fifth, Neil Rogers, spent his time dominating the rebounding and the defensive play.

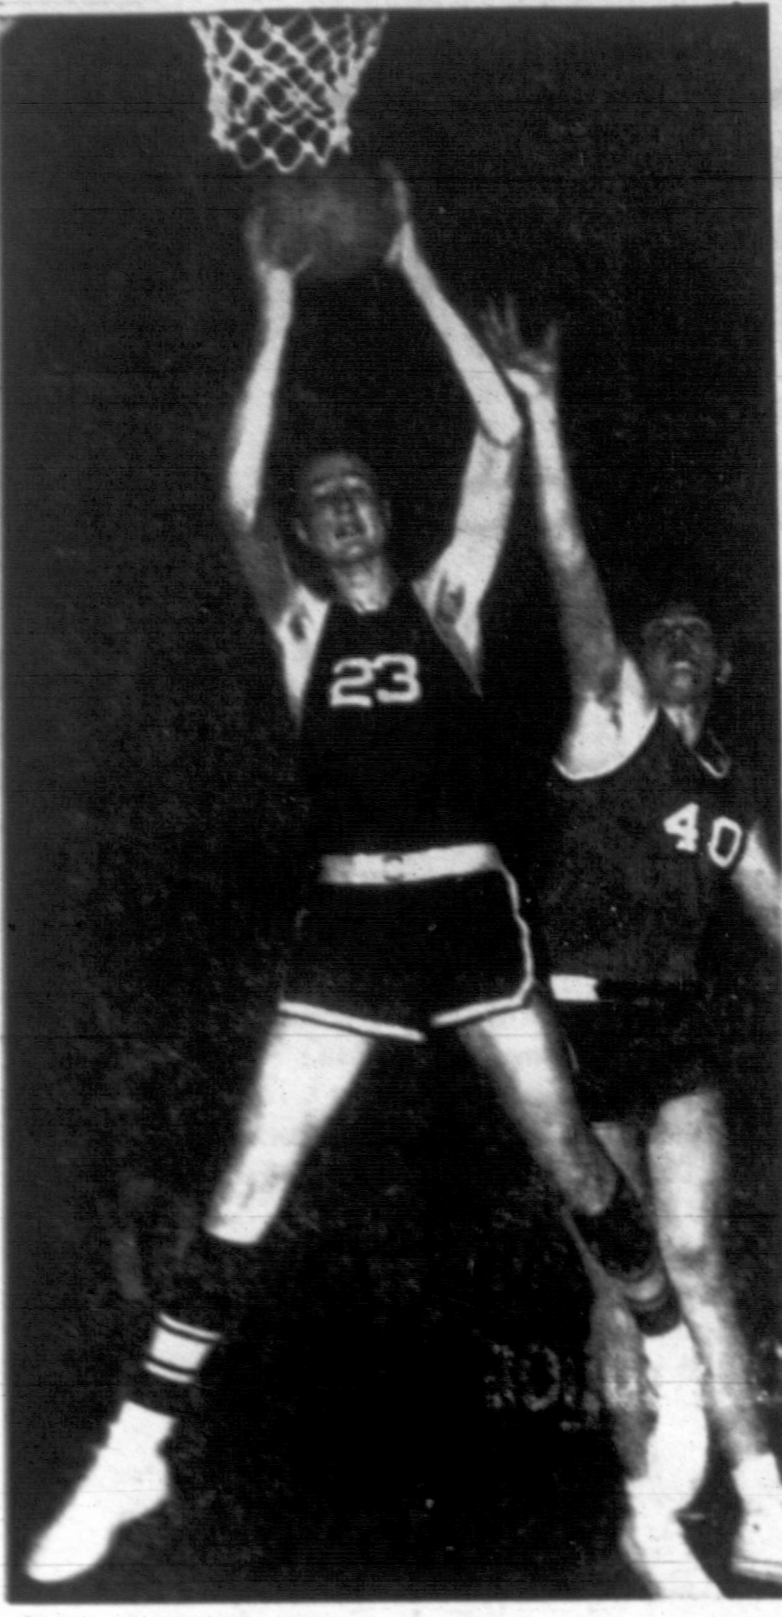

The first quarter was nip-and-tuck, with Richard Wallace hitting from outside to match the all-around shooting of 6-3 Clay Waiser, but Merrill Hunter joined Wallace in the scoring to pull the Mustangs into a 21-15 quarter lead.

Waiser was the only Lion able to get past Rogers, but Hunter, adding a turn-around jump shot from the top of the circle to his repertoire of shots pulled Wheeler into a 26-13 halftime lead.

Sims added a batch of points on rebounds and free throws while Hunter kept driving and Wheeler pulled away to a 43-23 third-quarter margin, with Dunk Porter leading the scoring parade as everybody hit in the final frame.

Hunter led the Horses with 20 points, Wallace had 21, Sims 14 and Porter 11. Waiser had 14 for Kelton.

The Wheeler Fillies stayed in the loop girls race as the Filling sisters led them to their third win against a single defeat, 5-10's Minnie completely dominated the defensive boards, and 5-10 Estelle the offensive rebounding, with Estelle, Bev Clark and Lydia Bailey scoring

ALL MINE — Deadpan Derrith Welch of McLean comes down unopposed with one of his 23 rebounds Friday night, despite the objections of Lefors' Bill McMinn. The 6-6 All-Stater led his team to a crucial 58-49 district victory.

Canadian Cracks Up Memphis' Cyclones

MEMPHIS (Spl) — The Canadian Wildcats put on their biggest scoring spurge of the season here Friday night to take their first district victory, a 64-49 decision over the Memphis Cyclones.

The hot-handed Cats led all the way, breaking open the game with 25 points in the second canto, their highest quarter total of the year.

Canadian took a one-point lead on Tony Steine's free throw, then fell behind, 5-1. Butcherby Eckles and Dead-eye Ken Willis tied the game up, and Eckles led the Cats to a 16-4 quarter lead on inside shots and rebound tips.

Eckles and Willis continued the scoring parade in the second frame as they dominated the backboards, with Willis scoring eight points on his deadly jump shot from the corner, and Eckles hitting four buckets both close-in and outside, adding six free throws as the Cyclones fouled him on the boards, and it was 41-15 at the half.

The Cyclones refused to lay down and die as Willis fouled out in the third quarter and Jumping Joe Schaeff got his fourth foul. With the Cat rebounders unable to fight too strongly for the boards, the action slowed down, Canadian holding a 50-28 edge going into the final frame.

Memphis, led by Larry Helms and James Odum, suddenly exploded in the fourth quarter as the Cats went scoreless for over five minutes. The Cyclones, using a full-court press, took advantage of hurried Canadian passes and closed to within 10 points.

Canadian took time out, settled down, and then wrapped up the game as Tony Steine came through with five points and Eckles and Schaeff four each for the clinchers.

Eckles had 26 points, Willis 17, Schaeff 10 and Steine eight. Helms had 14 and Odum 11 points for the hosts.

Bob Hext's crisp shot in the final minute gave the Canadian B team a wild 50-46 victory over the Memphis Whirlwinds in the preliminary game.

The Canucks blew a 17-point

Lema, Balding Deadlock Lead Of Crosby Golf

PEBBLE BEACH, Calif. (UPI) — Al Balding, staggering down the home stretch, and Tony Lema, charging from the rear, deadlocked for the lead at the end of 54 holes Saturday in the 800,000 Bing Crosby National Pro-Amateur Golf Tournament with scores of 208.

Lema, getting off to a fast start by going four under par on the first nine holes, gained five shots on the faltering Balding as he shot a two-under-par 70.

Balding took a three-over-par 75 to lose a piece of the lead he had held since the first round.

Bruce Devlin of Australia, with a 74, and Jay Hebert of the United States, with a 72, deadlocked for third place with 210.

But it was the 17th hole that stole the show Saturday at Pebble Beach. The treacherous, 218-yard par-three, which has pieces of the Pacific Ocean on three sides, claimed these victims:

—Arnold Palmer ruined a fine round by taking nine shots on the hole for a 76 and a 221 score.

—Lema, playing well ahead of Balding, hit a sand trap there with his tee shot, then three-putted for a double bogey.

—Balding had the same trouble for a double-bogey five.

Still level in contention at 211 came Jerry Steelsmith, Tommy Aaron and Geoffrey Hunt of England, while Bo Winger and former PGA champion Dow Finsterwald were close at 212.

The 213s included Al Bessellink, Dave Marr, Bobby Nichols, Roger Ginsberg, Paul Harney and Peter Butler of England.

Balding's putter, which has been the Canadian's big weapon all week, saved him again Saturday. After hitting a trap on the 16th and the rough on the 11th — both for bogies,

Harvester Defense Beats Phillips Hawks 61 to 58

By JEFF COHANE
News Sports Editor

PHILLIPS — Pampa Harvesters got sweet revenge Saturday night as they came from 12 points behind to a 61-58 victory over the Phillips Blackhawks.

The Harvesters, who lost a two-point decision in another non-district game with Phillips earlier in the season when they rallied from far behind only to have time run out, poured 14 straight points in the hoop in the third quarter to take the lead and never look behind again.

The fantastic outside shooting of little Danny Dawson and big Charley Robbins had apparently clinched the game for the Hawks as Dawson picked up 18 and Robbins 16 in the first half.

The second half saw the Pampa defense, led by Roper Roper, Charlie Price and Danny Heil, guarding the basket like a rattlesnake, as they allowed the pair only nine more points between them.

Heil led the Harvester scoring with 17 with Price, Roper and Stewary had 11 each. Robbins had 23 and Dawson 20 for the Blackhawks who lost their sixth

game against 18 wins.

Dawson hit for the first six points and Phillips had an 8-0 lead before David (Sugar) Cain broke the scoring ice with a set shot with three minutes gone. Cain led the Harvesters to within three points but Dawson and Robbins just couldn't miss and deadly Danny put Phillips ahead 23-15 just before the buzzer.

Dawson and Robbins started the second period the same way and moved the Blackhawks into 12-point lead. Price and Ronnie Curlee, playing in place of the absent Kenny Hebert, kept bringing Pampa back, but Robbins was racking up points at the free throw line.

Heil stuffed in a rebound with 20 seconds left in the half and Phillips led 39-32 at the buzzer. Robbins dunked a tip-in to open the third period, but that was the last basket the Blackhawks saw for a long time as the entire Pampa team taking turns hitting the nets with Roper and Heil leading the way.

With 3:27 left in the third period, Price tied the game 41-41 at the free throw line. Heil hit from the side with three

minutes to play to put Pampa ahead for the first and final time.

Curlee hit another basket and Stewart a charity toss before Lewis hit a free loss to break the string, but Roper threw two of his off-balance shots for a 50-42 lead going into the fourth period.

Pampa slowed it down in the final canto. Heil and Lane Lewis swapped scores as both sides heard the whistle loudly and often. Pampa kept six to nine point margin with Heil being set up on long passes through most of the quarter until Lewis and Hank Boyke started cutting the gap in the final seconds. Dawson sliced the lead to 61-58 on two free shots with 15 seconds left but it was his and Phillips last gasp. Harvesters took their tenth win against eight defeats.

The Pampa Shockers took their 19th straight victory in the opener 54-45. Max McWilliams was the man as he hit seven of eight free throws in the second half to clinch the win.

Pampa had a 15-12 quarter and 29-23 halftime lead on the shooting and rebounding of McWilliams, Mike Fraisher and Teddy Bird. With Bird and McWilliams on the boards, the Shockers moved to eight points but pressing Phillips cut it back several times forcing McWilliams to come through with free throws every time until the lead to 44-39 going to the final period.

McWilliams kept the lead in the foul line as the Shockers slowed it down and he speeded it up with "lifer" "Butch" Crossland leading the way on fast breaks.

McWilliams had 17 points, Crossland 14, Bird 10 and Fraisher nine.

Miami Wins Two Tilts at Mobeetie

MOBEETIE (Spl) — Miami set five firsts in taking a double district win from Mobeetie Friday night.

The Warriors won the boys game, 73-39, rolling up their highest team score of the season and their biggest winning margin. In the win, they held Hornet all-district Ray Corcoran to nine points, the first time he has been held under double figures this year.

The Warriorettes won the girls game, 64-25. It was the first time in 30 years that a Mobeetie team had been held to less than 30 points. The Warriorettes also held Hornette all-district Mary Helen Gudgeal to 16 points, her lowest total of the year.

The story of both games was too much Miami height. The tall Warriors and towering Warriorettes completely dominated both offensive and defensive backboards throughout the evening.

6-4 Ray Guerrero played one of his best games this season as he and 6-2 Jody Holland refused to allow the Hornets a smell of the backboards, aided by Wayne Daugherty, with little Lewis Holland's deadly outside shooting keeping Mobeetie honest.

With Guerrero hitting on his turn-around jump shots, Jody hitting on tip-ins and free throws and Daugherty sniping from the corner, Miami moved to a 23-10 quarter lead, built it to 38-23 at the half and sent in the reserves in the third quarter. Guerrero stayed with the

reserves and kept scoring as sophomore Harry Lister joined him in the rebounding department, and the Warriors moved it up to 54-29 going into the final frame.

Guerrero had 16 points, Jody and Wayne 11 each and Lewis nine. Billy Whitten headed the Hornets with 17.

The girls game was the same story as 5-9 Marilyn Murphy grabbed the offensive boards and 5-11 Martha Paris the defensive nets. Miami shot into a 19-5 lead at the quarter, 30-16 at the half and 48-24 at the three-quarter mark, with reserves taking over the second half as 5-8 Beverly Weiss sparked them.

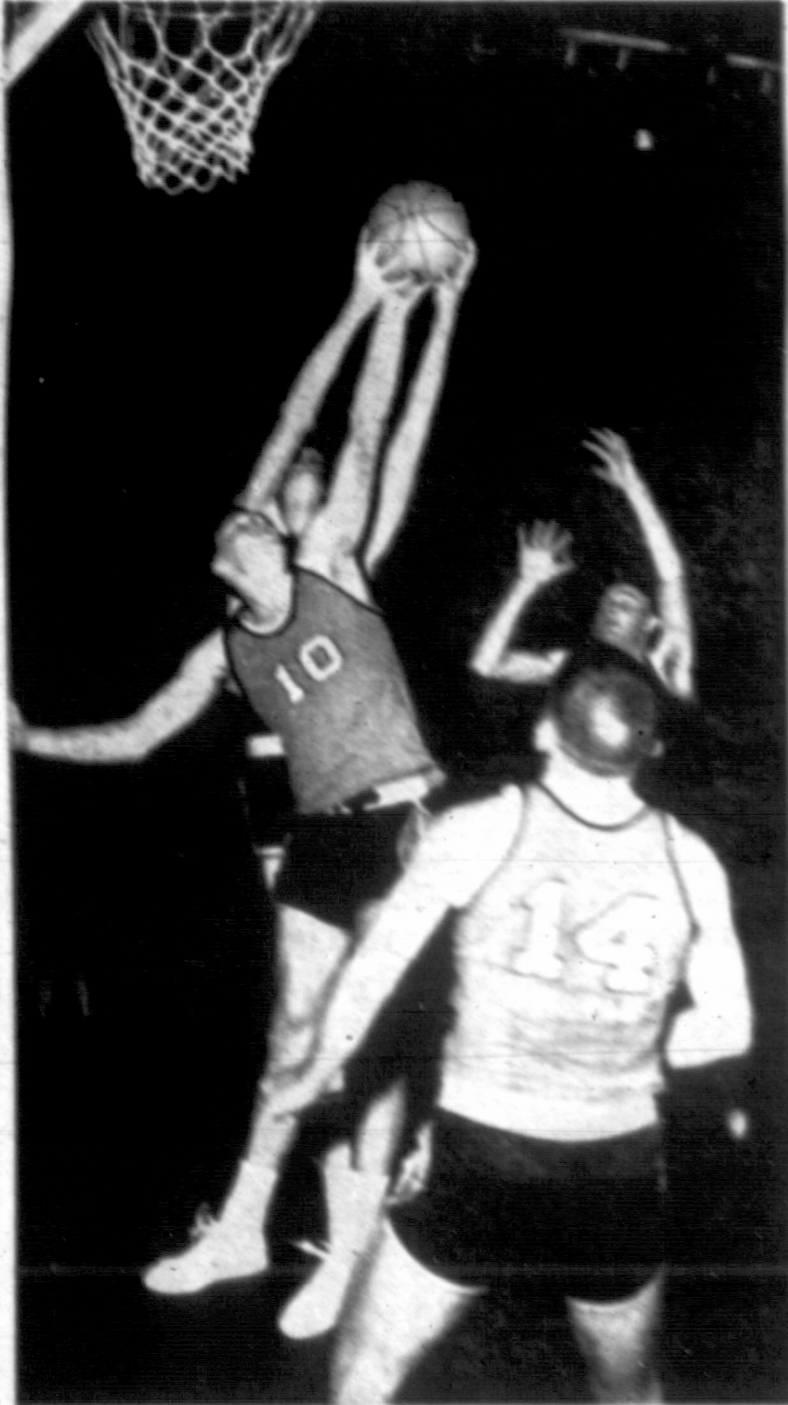

Marilyn had 22 points, Connie Dodson 15, Cheryl Gill 11 and Beverly 10. Jody Rowell aided Mary Helen with nine points for Mobeetie.

Miami is at Allison Tuesday, Mobeetie visits Wheeler. With the first half of district play over, the Warriors are 3-1, the Warriorettes 4-0 and the Hornets 1-3 and Hornets 0-4.

Turner Invitational Dates are Announced

BURNEYVILLE, Okla. (UPI) — The fourth annual Waco Turner Open golf tournament will be played April 30-May 3 with more than 125 top touring professionals and amateurs gunning for a purse of \$20,000 and possibly that much more in bonus money.

Announcement of the date was made by Turner, a retired Oklahoma oilman, and in Florida by Warren Cantrell, president of the Professional Golfers' Association.

BOARD BATTLE — Phil Woodring (10) of Lefors gets one hand on the ball, but giant Derrith Welch of McLean gets two as Welch's teammate Eddie Window comes charging in to help and Squash McCool (14) of Lefors hopes his buddy takes possession.

WANTED MEN-WOMEN

from ages 18 to 32. Prepare now for U.S. Civil Service job openings in this area during the next 12 months.

Government positions pay as high as \$14,000 a month to start. They provide such greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized training or experience.

But to get one of these jobs, you must pass a test. The competition is keen and in some cases only one out of five pass.

Lincoln Service has thousands prepared for these tests every year. It is one of the largest and most efficient owner schools of its kind and is not connected with the Government.

The FREE information on Government jobs, including list of positions and salaries, will cost nothing and mail at once. — TODAY. You will get full details on how you can prepare yourself for these tests.

Don't Delay — ACT NOW!

LINCOLN SERVICE, Dept. 156
Pekin, Illinois

I am very much interested. Please send me absolutely FREE (1) A list of U.S. Government positions and salaries; (2) Information on how to qualify for a U.S. Government Job.

Bud Resigns AD Position

NORMAN, Okla. (UPI) — Bud Wilkinson resigned Saturday as athletic director at the University of Oklahoma and said he hoped the regents would name associate director Gomer Jones on Sunday to succeed him in that position and as head football coach.

He said "political maneuvering" on the part of some regents had delayed the naming of a new football coach and his severing of all athletic ties with the university would help ease that situation.

Wilkinson's resignation as athletic director increased speculation that he would enter politics, but he said he still had made up his mind whether to run for the U.S. Senate. He retained his full professorship at Oklahoma.

Heil's Aggressiveness Culley's Happy Surprise

By GLENN McCASLAND
An aggressive basketball player who rebounds well is always a pleasant surprise for any coach. And Pampa Harvester Coach Terry Culley has been pleasantly surprised by one of his senior athletes this season.

Danny "Rock" Heil, 6-2 1/2 senior, has turned into one of the more aggressive rebounders and point-producers for the Harvesters this year.

The 165-pounder is grabbing off as many as 8 to 10 rebounds per game and hitting close to 10 points on the average each game.

Heil has been the deciding factor in several Harvester games this season with either a tremendous display of rebounding work or hitting a heavy number of points from the floor.

This is fine with Coach Culley. It gives him a four-man senior crew that, when hot, are hard to beat with Charlie Price, Ricky Stewart and Kenny Hebert aiding Heil.

Heil is almost bashful about his sudden leap into aggressiveness this year. The shy youth credits constant pushing by Culley to "get tough on the boards" as the chief reason for his change.

"I learned I had to use my legs and size to advantage. If I was to get my share of rebounds and tip-ins," Heil admitted recently.

Heil was a squadman last year with the District 3AAAA championship quint that swept everything before them for a 14-0 loop mark.

"I didn't get to play much, but I learned plenty from watching and working as hard as I could in practice," the youth said. "This year I got my chance and I've tried to do my best."

Culley is mighty pleased with the best.

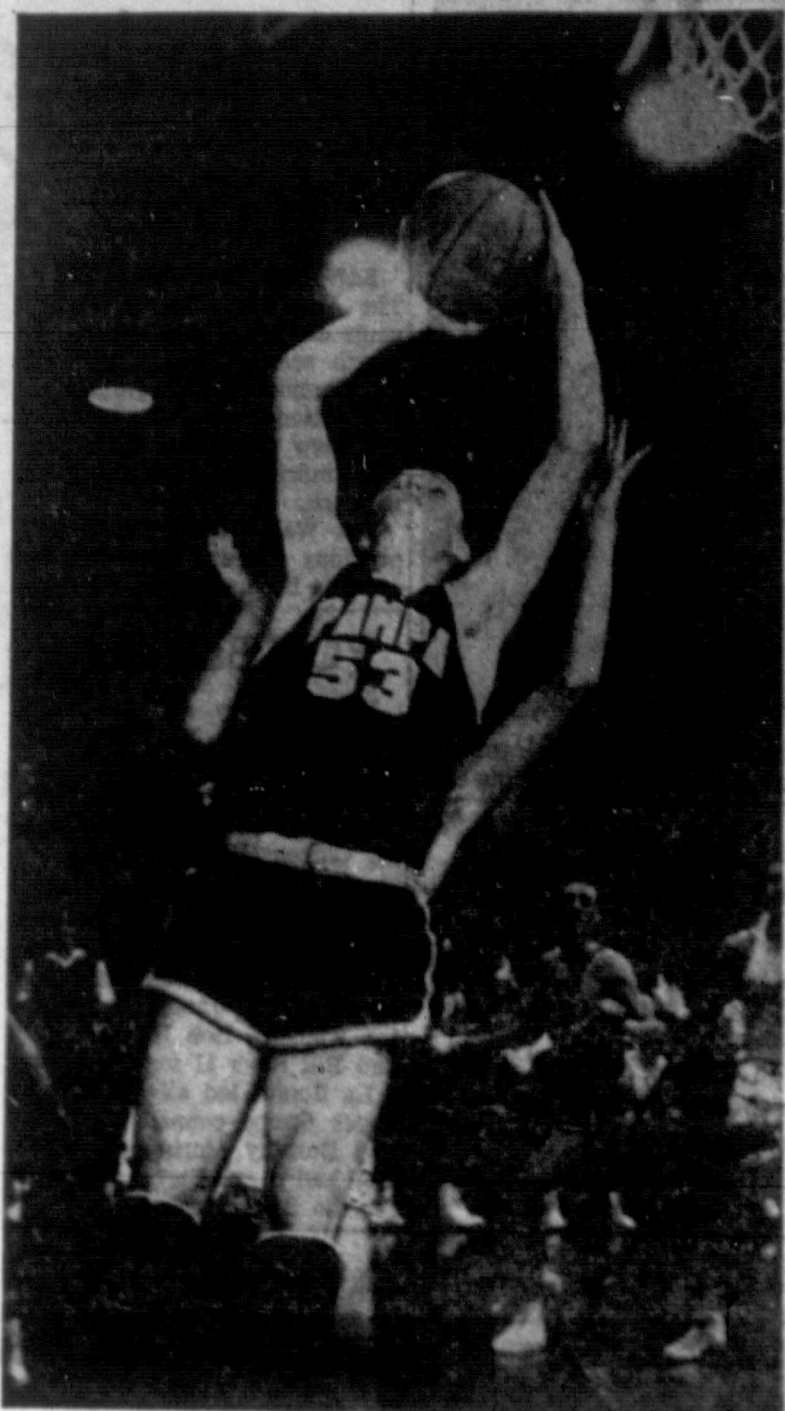

Heil is 18 and the son of Mr. and Mrs. Willie Heil of 1408 E. Francis. He finds social studies his favorite school subject and holds average grades at PHS.

The youth has no plans as to college, but would like to attend school, playing basketball if possible, somewhere.

The youth is active in Church of Christ activities in Pampa as well as a member of clubs at the high school.

But right now he's the most aggressive and biggest surprise of the year for Coach Terry Culley.

And that makes Harvester fans happy.

—Daily News Photo by Jeff Cobane

HOT-HANDED HEIL — Danny "Rock" Heil demonstrates his ability to work his way in past the defense and get in position for the basket.

Randy to Be Honored By Panhandle Sports

AMARILLO (UPI)—Former West Texas State basketball coach W. A. (Gus) Miller will be installed Feb. 2 as the sixth member of the Texas Panhandle Sports Hall of Fame.

This will be the second sports Hall of Fame for Miller. He was named in 1954 as a member of the National Association of Interscholastic Athletics Hall of Fame. He is also a past president of NAIA.

During 15 seasons at West Texas, Miller's teams compiled a 176-128 record. The Buffaloes played in such showplaces as Madison Square Garden, Chicago Stadium, Miami's Orange Bowl, San Francisco's Cow Palace and Philadelphia Convention Hall.

West Texas Graduate
After graduation from West Texas in 1927, Miller went into high school coaching and had successful stints at Slaton, Tex. and Trinidad, Colo.

For five years Gus guided the basketball fortunes of the Texas Wesleyan Rams. His teams there compiled a 106-19 record, including 56 consecutive conference victories.

Miller's 1940-41 club lost in the NAIA tournament quarterfinals to San Diego State, the

ND's Four Horsemen Couldn't Play Today

By OSCAR FRALEY
UPI Sports Writer
MIAMI (UPI)—The immortal Four Horsemen of Notre Dame gridiron glory couldn't even play in the National Football League of this era, Frank Gifford of the New York Giants asserted today.

"They'd be much, much too small to stand the gaff," said the handsome flanker back who was knocked out of action himself for one year. "The size and ferocity of those defensive teams is unbelievable."

"Consider Jimmy Brown," he points out with vast admiration of the Cleveland Browns, first ball carrier to gain more than a mile of yardage in one season. "He is 10 years ahead of the game."

"But," adds Gifford, "in 10 years we'll have a lot of Jimmy Browns, fellows who are not only big and seemingly indestructible but also move with tremendous speed and maneuverability. You might say that because of multiple vitamins we'll have multiple Jimmy Browns."

See Great Advances
It's Gifford's opinion that at the end of another 10-year span a 300-pound lineman will be "just average" and that "every one of them will be able to move like sprinters."

The six-foot, one-inch 190-pounder from the University of Southern California was out of action in 1961. He suffered a bad concussion when he was hit by Chuck Bednarik of the Philadelphia Eagles.

"I didn't know what happened," said Gifford. "It was like being run over by a truck and I was out cold. A lot of people said I ought to quit before I started walking around on my heels."

Gifford spent the 1961 season scouting for the Giants and concentrating on building up a planned radio and television career. He still is going ahead with this and, as a commentator for CBS, worked the pro Playoff Bowl game Sunday. But in 1962 he couldn't withstand the urge to get back into action and rejoined the Giants.

Bucks Beat Stinnett In District

By RICHARD ULRICH
News Sports Correspondent
WHITE DEER — Monty Hawpe blocked a shot with less than five seconds to go to give White Deer a hairbreadth 25-26 victory over Spearman in a district game Friday night, while the Spearman Lynxettes practically clinched a repeat district title with a 42-30 victory over the White Deer Does.

Three key free throws in the final quarter by Cal Johnson and Hawpe's shot-blocking acrobatics gave the Bucks a 1-1 district record in one of the lowest-scoring games in their history.

Spearman played a rugged defense, but produced little offensive punch, despite the rooting of a capacity crowd of Lynx fans who accompanied them until the final quarter. White Deer won the game on the boards, outrebounding the Lynx 31-24, although 6-4 Pat Pattison of Spearman took individual honors with nine board grabs. Dan Simmons hauled in eight for the Bucks, Johnson had six, as did Billy Gann, playing on part-time, and Hawpe had five.

Spearman took a 1-0 lead, but Johnson's bucket put WD ahead, 2-1 and the Bucks moved the margin to 7-4 at the quarter as both teams were cold from the floor.

WD held the pace in the second frame, although Pattison worked under the bucket for five points and it was 13-11 White Deer at the half.

With Hawpe hitting on close-in shots, the Bucks built it up to 22-15 going into the final frame, which Gann opened with a bucket to give the Bucks a nine-point margin.

WD held the pace in the second frame, although Pattison worked under the bucket for five points and it was 13-11 White Deer at the half.

With Hawpe hitting on close-in shots, the Bucks built it up to 22-15 going into the final frame, which Gann opened with a bucket to give the Bucks a nine-point margin.

Pattison and Larry Butts started hitting and cut it to four points with two minutes left to go. Spearman went into a full-court press and WD missed chances to wrap it up by failing on three straight one-and-one chances.

With 15 seconds to go, WD had a one-point margin, which Johnson increased to two with his third free throw of the period. With five seconds left, Pattison missed a jump shot, Bob Phillips grabbed the bounce and tried a jumper from 19 feet out, which Hawpe knocked loose to end the threat.

Johnson and Hawpe had eight points each for the Bucks, Pattison had 13 for the Lynx.

The great Phyllis Patterson lived up to her reputation in full as she slammed home 30 points to personally lead the Lynx to a victory over the team considered their only district rival.

The state's fifth-ranked team completely dominated the rebounds, with 5-10 Cathy Patterson grabbing them up front and 6-2 Vicki Wilde snaring them in the backcourt.

White Deer, which hit 55 per cent from the floor, although able to get off relatively few shots, came back on the shooting of Cindy Hubbard and Linda Hawpe, but Phyllis, who had scored 16 points on baskets in the first period, hit through the second half at the free throw line to lead the Lynxettes to a 32-18 three-quarter margin.

Phyllis finished with 30 points, Cindy 17 and Linda 12.

The two teams also split a pair of B team games. White Deer won the boys game, 59-36, as Ronald Sisco scored 21 points, Larry Bates 12 and George Phillips 11; but lost the girls game on a come-from-behind bucket in the last two seconds, 22-21. Linda Stump had 19 of WD's points.

Groom Edges Claude, 46-39

CIAUDE (Spl) — The Groom Tigers came from behind to take their first district win Friday night, 46-39.

The sharpshooting Mustangs opened a lead in the first quarter, but 6-4 sophomore Jerry Roberts led the Tigers back to a one-point halftime lead and build up the edge through the second half.

With Jack Morrison hitting from outside, Claude opened a 12-7 quarter lead. Roberts, dominating the boards with Big Jerry Quirk, brought the Tigers into the lead just before the half-time buzzer, 21-20.

With Driving Dan Craig hitting and Roberts stuffing in the rebounds, Groom moved to a 35-29 lead after three quarters and slowed down the ball game for the win.

Roberts had 16 points for Groom, Morrison—12 for the losers.

Claude's girls smashed to a 24-3 quarter lead and went on from there to a 60-41 victory. Mary Bentley had 26 points for the winners, Carla Barker headed the losers with 12.

Groom plays at Quail Tuesday night.

Sooner Coach Selection Set

NORMAN, Okla. (UPI) — Oklahoma regents, faced with an onrushing player recruiting deadline, may name a new Sooner football coach late Sunday — and it probably will be Gomer Jones.

Jones, Bud Wilkinson's top aide and line coach for 17 years, is definitely the "man to beat." He has strong backing from such welcome sources as the football team, the school president, the alumni association and from Wilkinson, himself.

And, insiders say the regents are beginning to agree.

The regents meet Sunday to interview prospective candidates. But, one close observer, referring to candidates other than Jones, said "I'll be surprised if anyone shows up."

A long and impressive list of prospective successors dwindled rapidly this week.

All-Stars Plan Trick Plays Against Buie

A wary and somewhat creaky band of Pampa All-Stars will try to keep one eye on the basketball and the other on the magical tricks of the opponents tomorrow night when the Buie-led Harlem Stars invade Harvester Fieldhouse.

"They're tricky, believe me," warned Pampa Shocker coach Roy Kieval, who has had long experience playing against Buie and the Harlem Globetrotters while a professional player, and competing in his third all-star game for the locals.

"They're real good basketball players when they want to be, but man, they love to clown," was Kieval's observation. "You can try to keep up with their tricks, but they're constantly adding new ones to their repertoire. I don't know how much of a game it will be, but it'll be fun to watch, I'll guarantee that."

Roly - poly George Smith, the portly Youth Center director, and Jeff Cohane, the rotund Ol' Swami of the Pampa News, are planning some trick plays of their own to stop the Stars.

"They love to drive," said Smith, "and we're going to stop them with the belly play. Jeff and I are going to stand side by side on the baseline. . . with our patios, nobody is going to drive between us!"

Pampa's head cage coach, Terry Culley, shudders as he remembers last year's contest. "Don't let anybody tell you those Harlem boys can't play basketball! Last year I went driving in for the basket, and one big old 6-7 boy crammed the ball down my throat while a big ol' 6-9 boy almost crammed me in the basket! I'm going to be real careful about doing any driving this game, I think I'll use George or Jeff as a blocking back first!"

After prolonged consideration, the All-Stars have admitted that eight of them, several candidates for Social Security and Old-Age pensions, would not have the stamina to go up and down the court all day against the youthful Harlemites. "We might if we could play all eight at once," thoughtfully pointed out former All-State Gary Griffin.

In order to combat the visitors' speed and resilience, the All-Stars are planning to add several cagers to their roster, including Roy "Gunner" Pool and Gene Williams of the YC Basketball League. Former cage great Derral Davis of Pampa, now coach at McLean, may also join the ranks against the one-armed magician and his crew.

HARLEM STARS — The court sharpshooters and magicians will be visiting Pampa tomorrow night at 8 p.m. to take on the Pampa All-Stars at Harvester Fieldhouse.

Finley Confers With Attorneys Over Split Against League Ball

NEW YORK (UPI) — Charles O. Finley conferred with attorneys again Saturday about his prospective suit against the American League and made plans to leave for his Laporte, Ind., home to catch up on some sorely needed rest.

Wearily from lack of sleep the past three days but more determined than ever to go through with his suit, the red-eyed but still energetic owner of the Kansas City Athletics met with his attorneys for the second time within 12 hours.

"I'd rather not comment on what we discussed," said Finley, whose bid to move the Athletics to Louisville, Ky., was summarily rejected by American League officials last Thursday.

"As soon as a date is fixed for filing the suit it will be made public," Finley added. "Right now though, I think the less I say about it, the better."

He said he definitely will visit Kansas City early next week in another effort to work out some kind of Municipal Stadium lease with the city council. Finley was told he has until Feb. 1 to negotiate a lease or else face expulsion from the American League.

Without going into detail Finley said he had instructed his attorneys "to start court action immediately."

He added the action "probably will be under the anti-trust laws" and said his attorneys would have more say on that subject later.

Finley received help from an unexpected quarter when Rep. Emanuel Celler (D - N.Y.), sent telegrams to baseball Commissioner Ford Frick and American League President Joe Cronin Friday night protesting the American League's rejection of Finley's request to move.

"They have acted in a high-handed and arbitrary manner," Celler said. "Congress never has and never will give anyone the right to force a man to stay in a business in which he is losing money. This is what they are doing here and I sincerely hope Mr. Finley will bring anti-trust action against them."

Grateful To Celler

Grateful for Celler's support, Finley said he blamed Cronin for most of his troubles.

"He's running for office you know — the office of baseball commissioner," Finley said.

"He's the root of a lot of my troubles and is largely responsible for the poor image that the baseball world and the insurance business, which has made me wealthy, have of me today."

Finley explained Cronin actually helped him explore the

American Football Loop Closes Gridiron Season

SAN DIEGO, Calif. (UPI) — The American Football League rings down the curtain on its fourth season Sunday with the third annual all-star game.

A national television audience will view the extravaganza via the American Broadcasting Co. network.

The West, which won both previous games, looms as the favorite because of the presence

of such offensive standouts as quarterback Tobin Rote, halfbacks Keith Lincoln and Paul Lowe and flanker Lance Alworth, all of the San Diego Chargers, and fullback Clemon Daniels and end Art Powell of Oakland.

The West players from Denver and Oakland operated this season under an offensive system similar to the all-star tactics being taught by West Coach Sid Gillman of San Diego. Denver's coach, Jack Faulkner, and Jim Norton, Fred Glick and Tony Banfield, have played together with the Houston Oilers for years.

The East attack cannot be overlooked either. Backs Cookie Gilchrist, Larry Garron and Bill Mathis all run with power and are dangerous on swing passes.

Deep receivers Charlie Hennigan and Bake Turner are fast and hard to cover and loom as major threats with quarterback Jack Kemp throwing the bombs.

The East also has the apparent place kicking advantage. Coach Mike Holovak named his league-leading scorer, Gino Cappelletti, to handle the field goals. Gillman selected Denver line-backer Jim Fraser, who did not attempt a field goal all season.

YCC Basketball

Motor Supply and La Bonita took wins in the YCC Basketball League Friday night, the Motor-men downing S. W. Public Service, 60-40 and the Bonitas downing Citizens Bank, 47-30.

The men's game was tied at halftime, 23-23, but MS put on a press in the second half and pulled away. Jim Crinklaw had 18 points and James Lee 14 for the winners, Bob Henderson 12 and Bill Rash 11 for the losers. La Bonita led all the way as Joyce Swope canned 21 points and Dorothy Moring 12. Alicia Heil had 17 and Carol Jelinek 14 for the Bankers.

BOAT OWNERS

Bowling

By JIM ADKINS

I think both city associations should congratulate Milton Wright for his outstanding game of Wednesday night. Bowling on a 150 average, Milton started with nine strikes and ended up with a 277 game. This is the city's high game of the season and merits a Century Club Patch from ABC. Again, congratulations Milton.

Dot Osborne had the high game and series for the ladies this week. She had a 234 game and a 597 series in one league and a 207 game and a 575 series in another league. Irma Beck had a 214 game and a 555 series this week. Joyce Murphy had a 207 game and a 547 series.

Some other 200 games were rolled by Billie Thut, 224, Barbara Moore, 215, Jo Revall, 212, Barbara Walling, 208, Paulette Gilbert, 207, and Bernita Nidifer, 203, and Dot Vaughn, 201.

Marilyn Erickson combined a 200 game and a 545 series and she had a few compadres in the 500 group. Barbara Moore had a 544 series. Barbara Walling had a 535 series and Billie Thut had a 523. LaVerne Henson had a couple of nice series, hers were 512 and 126. Gwen Carter had a 512. Agnes Robbins had a 504 and Paulette Gilbert had a 502.

Helen Lain had games of 179, 123, and 96 on a 147 average. Marian Ragain, 128 average, had games of 167, 98, and 130. Barbara Johnson, 117 average had games of 70, 107, and 130. Pat Lee had games of 83, 88, and 105 on a 115 average.

Ladies seem to like to bowl for awards such as a triplicate patch. Helen Taylor had games of 70, 70, and 71. Allene Coker had games of 120, 120, and 129. Donnie Southard had a triplicate of 96 on a 107 average.

The Parker Welding team erased a few league scores Thursday night as they had a team game of 1016 and a series of 2835.

Monday night Lonnie Harmon had games of 216, 201 and 216 for a 633 series, but he was not content with his series of Monday night so Wednesday night he rolled a 850 series with games of 228, 196, 229. His wife, Tiny, said he went home cussing because he rolled the highest series he had ever rolled and still got beat. Jim Adkins had a 664 series with games of 196, 201 and 367.

Bob Baker had a 630 series this week as well as a 266 game. Dale Haynes had a 634 series with a 225 game and Ted Erickson had a 614 series with a 212. Bill Richardson had a 233 game and a 604 series. Pate Blanda had a 243 game and a 589 series while Bill Abernathy had only a 206 game and a 592 series. Travis Johnston had a 242 game, Richard Johnson had a

231 game and Rudy Taylor had a 228. Fern Berry had a 219 game and Wilbur Waggoner had a 211 game and a 588 series. Al Stroker had a 594 series.

Perhaps I should say that B. V. Hinkle had games of 199, 170, and 222 for a 581 series on a 158 average. Gerid Vaughn average 160, had games of 162, 201, and 178 for a 541 series. Herhall Wilks, average 156, had a 546 series.

How's this for consistency? Travis Beck had games of 199, 190, and 199 for a 588 series. Duane Snyder, average 133, 144, 148, and 148. Ronnie Havens 202, 211 and 125.

Randy Randall has an average of 151 and had a 396 series. John Gill had a 394 series on a 153 average. John Moore had a game of 123 on a 177. Ray Shults had a 96 game on a 162 average. Johnny Mitchell had a few problems as he got six splits and a foul in the first nine frames for a 103 game.

Johnny Snuggs Jr., had a 480 on a 132 average. Cecil Lewis had a 447 series on a 122 average.

Fellows, lets see some real participation in the doubles special. Last week Johnny Carson and Jerry Hale won with a score of 2554. They had been practicing and will try to win again so let's beat them.

**Center
Wrap-Up**

George Smith, Director
Pampa Youth and Community Center

Members and non-members of the Center may take swim lessons. Lessons to non-members are placed on an instructional fee basis. This fee is very small and is only a fraction of the cost of private lessons. Members receive lessons free of charge except during the summer Red Cross program during the summer months. A \$1 fee is charged everyone for those lessons.

Monday new swim lessons in polywog and beginners class will commence. Polywogs will meet at 4 p.m. and beginners at 5 p.m. Classes will meet for a three week period on Monday, Wednesday, Thursday and Friday's.

Polywogs are pre - beginners from age 4-6 not in school and beginners are age 6-12 being in school. Enrollment is now being held and children will be accepted until Wednesday. Center members are given lessons free of charge while a special rate of \$1 will be charged non-members.

Also on Monday at 3 p.m. the Center will hold a meeting for ladies interested in a beginners swim class. If there are enough women interested this class will be formed. Meeting date and time will be decided during the meeting. All ladies interested in learning to swim should come to the meeting or contact the Center Director, George Smith.

The swim team parents committee held its monthly meeting at the center last week. Swimming instructor Harold Thrasher brought out several training points to the parents. Mrs. W. D. Jordan was elected new vice president and a committee was appointed for the bake sale Friday at the Hughes Building. Plans for a bridge tournament and card party were discussed.

Results of the swim meet held at Amarillo YMCA: 200 Yd. Freestyle, Scott Rader-2nd; 40 Yd. Freestyle, Paul Newton-4th; Andy Stephens-3rd; Butch Wilkerson-3rd; Barry George - 2nd.

**L. J. FLAHERTY
ANNOUNCES
FOR SHERIFF**

I am announcing my candidacy for Sheriff of Gray County subject to the action of the Democratic Primary. I do so with full knowledge of responsibilities of this important office with my eight years experience as a police officer for the City of Pampa and special officer for the Santa Fe Railroad Company. I feel that I have a full understanding of what is expected of a Sheriff of the County.

I have been a resident of Gray County for forty-two years, raised on a farm southeast of Pampa, attended Pampa schools and now reside at 508 South Hobart in Pampa. Married for twenty-eight years, Mrs. Flaherty, formerly Mary Haiduk of White Deer, and I are the parents of two children, Larry Dale a graduate of Texas A&M University, who now resides in Valentine, Nebraska and is working for the Interior Department, and Aleyon, now Mrs. Charles E. Crutchfield of Amarillo, who is employed by the Metropolitan Life Insurance Company. I am proud of my past record as an officer and believe it inspires confidence in my future.

I am not obligated to any one person, organization, or group, and if chosen as your Democratic nominee and elected at the general election, I will do my best to serve faithfully, honorably, and with dignity in the office and to the people who so honor me. I shall make every effort to contact the voters personally, if time will permit me to do so. I take this means of requesting your close study of my qualifications, your vote, and support in the May Democratic Primary.

Backstroke, Gaylene Winborne-4th; Butch Wilkerson - 1st; Ricky Lowe-3rd; 100 Yd. Backstroke, Don Rader-4th; Ted Bird-3rd; 40 Yd. Breast, Gaylene Winborne - 4th; Jackie Stephens-2nd; Dean Martin-2nd; Butch Wilkerson - 2nd; Richard Dennis - 4th; Barry George-2nd; Steve Sloan - 4th; Charles Jordan-3rd; M. Jackson 4th; Bill Nidiffer - 1st; 100 Yd. Breast Stroke, Terry Marlar-2nd; 100 Yd. Indv. Medley, Don Rader-4th and Scott Rader-3rd.

The basketball games scheduled for Monday night have been changed to today. The games were changed to allow members of the league to participate in the Optimist charity game against the Harlem Stars. La Bonita will play Malcolm-Hinkle, Inc. at 2:15 and Wards fights Colanese for the league cellar at 3:30.

In the basketball loops the individual scoring leaders not counting Friday nights games are:

Rho Eta Chapter Aids With Project

Beta Sigma Phi Chapters are participating in a state-wide project to construct a chapel for retarded children in Denton. Members of Rho Eta Chapter in Pampa contributed to this fund during a meeting held Tuesday in the Hospitality Room of Citizens Bank.

Hostesses for the meeting were Mrs. LeRoy England, Bob Rogers, Riece Field and Doyle Beckham.

Mrs. Cletus Mitchell conducted the business meeting during which the Valentine Dance, slated for Feb. 8 in the Starlight Room of Coronado Inn was announced.

The Feb. 11 meeting has been set aside to make Valentine favors for residents at Twilight Acres. Members are asked to come in casual dress to this meeting.

The program, a discussion of being aware of blessings, was given by Mrs. Doyle Beckham and Mrs. Riece Field.

Rev. and Mrs. William E. West will present a travel program at a meeting scheduled for Jan. 28, 8 p.m. in the Hospitality Room.

Members attending were Mes. Sam Anderson, Doyle Beckham, Bob Bruner, Jack Chisum, Jerry Davis, Eddie Duenkel, LeRoy England, Riece Field, Richie Gardner, T. L. Garner, Jack Gillpatrick, Hunky Greene, David (See RHO ETA, Page 16)

Shower Honors Mrs. L. Holmes

Mrs. Larry Holmes was honored recently with a wedding shower in the home of Mrs. Leon Holmes. Miss Callie Jean Palmer was co-hostess.

Mrs. R. E. Mayer registered guests and the hostesses presented the honoree a corsage of kitchen gadgets.

A color scheme of blue and white was carried out in the decorations of the serving table. A cloth of white damask was set off with blue candles in milk glass holders. Cake, coffee and mints were served guests.

Approximately 65 persons attended or sent gifts.

Nuptial Promises Exchanged

Miss Carroll Lu Wooley, daughter of Mr. and Mrs. C. F. Wooley, 1807 Chestnut, became the bride of Jerry N. Kerr, son of Mr. and Mrs. John Kerr, Jr., Amarillo, in a ceremony performed December 27 in the First Baptist Church of Amarillo.

Dr. A. B. Moore read the double ring rite before a white colonial pedestal trimmed in gold and holding a Grecian urn of white princess gladioli and snowball mums.

Miss Louise Richardson presented traditional wedding marches from the organ.

BRIDE

The bride, given in marriage by her father, wore a gown of white silk organza fashioned with a basque bodice featuring a sabrina neckline outlined with iridescent sequins and seed pearls. The long sleeves and bodice were made of chantilly lace and the bouffant skirt, fashioned with pointed tiers overlaid with lace pyramids formed a floating silhouette back effect. Her veil fell shoulder length from a pearl tiara.

She carried a cascade bouquet of white frenched carnations.

ATTENDANTS

Sue Wooley, attended as bridesmaid. She wore a pink velveteen dress with gold accessories. Her bouquet was fashioned of snowball mums tied with satin streamers.

Butch Acker attended the bridegroom as best man.

The mother of the bride chose a dark blue wool dress with white accessories, and a corsage of pink orchids. The bridegroom's mother wore a dark brown silk dress with beige accessories and chose a green orchid corsage.

RECEPTION

A reception in honor of the couple took place following

Mrs. Jerry Kerr

the ceremony. Miss Charlotte Allen registered the guests and Mrs. Butch Aker presided at the punch bowl.

Miss Louise Richardson served cake.

For a short wedding trip the bride wore an ice green two-piece dress with beige accessories. Her corsage was white carnations.

Mrs. Kerr is a 1962 graduate of Pampa High School and attended Amarillo Junior College. She is presently employed in the business office at North West Texas Hospital in Amarillo.

The bridegroom attended Amarillo Schools and is employed with Mark-Davis Carpet Co. in Amarillo where the couple is at home at 85 Mississippi, Apt. B.

Wedding Vows Are Repeated

Miss Sharon Virden and Cecil Ray Collum exchanged wedding vows December 28 in the First Baptist Church of Pampa.

Dr. E. Douglas Carver read the double ring service. Baskets of white mums and candelabra holding red tapers formed an archway against a background of greenery and poinsettias. Centering the arrangement was a lone candle which was lighted by the couple, closing the ceremony in a symbol of unity. The honor pews were noted by red and white bells.

Parents of the couple are Mr. and Mrs. I. M. Virden, Amarillo; and Mr. and Mrs. Cecil Collum, 1938 N. Sumner.

Miss Sue King, Pampa, presented organ selections and accompanied Mrs. Linda Martin, Amarillo, soloist, who sang, "Whither Thou Goest" and "The Lord's Prayer."

ATTENDANTS

Mrs. W. E. Price, sister of the bride, attended as matron of honor with Miss Charlene Wisdom, Stratford, acting as bridesmaid. They wore identical dresses of red nylon organza over red satin with matching slippers and pillbox hats encrusted with nose pins. Each carried a long-tempered white rose.

Cecil Collum served his son as best man and groomsmen as Bob Burns of Dalhart, Carroll Husted, brother-in-law of the bridegroom and Bill Rice, brother-in-law of the bride acted as ushers.

For her daughter's wedding, Mrs. Virden chose a gold wool suit with brown accessories. Mrs. Collum was attired in an olive green sheath and wore matching accessories, although mothers chose orchid corsages.

BRIDE

Given in marriage by her father, the bride wore a floor-length gown of white Chantilly lace and tulle over taffeta designed with a sabrina neckline edged in seed pearls and sequins. The long tapered sleeves ended in petal points at the wrist. The bouffant skirt was scalloped around the hemline. Back interest was created by deep tulle ruffles and scalloped lace emanating in a chapeau sweep. Her veil was scalloped around the edges and accented

with lace medallions. It was secured by a headpiece of iridescent sequins and seed pearls. She carried an arrangement of split carnations centered with a white orchid.

A reception followed the ceremony.

Members of the house party were Mrs. Carroll Husted, sister of the bridegroom, registering guests; Miss Donna Wheeler, Plainview; Miss Sue Fillman and Miss Stormy Collins, who presided at the serving table.

For a short wedding trip, the bride traveled in a two-piece box-jacket suit of blue and gray wool tweed with matching accessories. She wore the orchid from her bridal bouquet.

The bride is a graduate of Amarillo High School and is presently a student at Amarillo College of Hair Dressing. The bridegroom graduated from Pampa High School and attended Hardin-Simmons University and Texas Tech. He is serving with the National Guard at Fort Polk, La.

Mrs. K. Geisler Shower Honoree

LEFORS (Spl) — Mrs. Keith Geisler was honored recently with a pink and blue shower in the home of Mrs. Harry Garrison.

The honoree was presented a corsage made of multicolor baby socks.

The serving table followed a color theme of blue and white. A blue tree fashioned from baby socks centered the lace cloth. Favors of tiny diapers filled with mints and blue napkins decorated the crystal serving plates.

The cake, made by Mrs. Tony Bivens, was decorated in white centered with an image of a baby.

Hostesses were Mes. Paul Walden, Howard Archer, Dunny Goode, Dale Prescott, Bill Kindle and Bill McBe.

Mrs. R. A. Gislser, Borger; Mes. W. A. Greene, Tony Bivens, Herndon Sloan, Edythe Watson, Ed Vincent, Hunky Greene, Harley Lewis, Fred Kindle, Ed Bryant, M. F. Tibbets, Bud Cumberland, Jack Thacker, Viola Ogden and Miss Mickey Sue Johnson attended the event.

Mrs. Cecil Ray Collum (Edward's Studio)

Garden Club Plans Spring Projects

Plans for work on spring projects and bird feeders were discussed during a recent meeting of the Top O' Texas Garden Club. Mrs. Kirby Hyman, 2107 N. Sumner, was hostess for the meeting and Mrs. Thelma Bray, National Flower Show judge, presented the program, "Landscape Design". Giving basic rules to follow in planning formal or informal landscaping, she explained how to choose plants for different types of homes and the areas surrounding them. She added, "Man's touch should enhance, not mar."

Members present were Mes. Tom Patton, O. M. Prigmore, Joe Rutledge, W. L. Gabelman, A. H. Kouri, Fred Hinkley, and a guest

Mrs. Kingham Feted With Farewell Coffee

LEFORS (Spl) — A farewell coffee in honor of Mrs. Walter Kingham was held recently in the home of Mrs. M. J. Moxon. Mrs. Troy Shipman was co-hostess.

Friends presented gifts to the honoree who will soon move with her family to Spearman where her husband is an employee of Northern Natural Gas Co.

Those attending were Mes. Bill Kieth, Chester Ferguson, Troy Shipman, Eddie Clements, Charles Williams, and Marvin Moxon.

Mrs. Walter Stein, Mrs. Fred Hinkley, vice-president, conducted the business session.

Pampa Girls in Recital Today, Slated for Symphony Auditions

Piano students of Mrs. Fidelia Yoder will present two recitals this afternoon in the Educational Building of the First Presbyterian Church. The first program is scheduled for 2:30 with the second to commence at 4.

Included in the program will be three students who are scheduled to play in the Amarillo Symphony Auditions next Saturday; Gail Wilson, Brenda Terry and Sylvia Graham. The contest is sponsored each year by Amarillo Symphony to select student soloists for a March concert with the group.

Gail, daughter of Mr. and Mrs. Michael Wilson, 2214 Aspen; and Brenda, daughter of Mr. and Mrs. Jimmy Terry, 2107 N. Faulkner, are entering the 11 years and under age group. The contest number for this group is the Hayden Concerto in C Major, first movement. Brenda is scheduled to play this number this afternoon at 2:30, with Gail to perform at 4 p.m.

Sylvia, daughter of Mr. and Mrs. Jack Graham, 1031 E. Browning, is a student in Pampa Junior High and will participate in the 12-14 years age group. The contest selection is Williams Concerto in F and will be presented at 4 this afternoon. Sylvia has earned superior ratings in previous Symphony Auditions and received a first rating in the Piano Festival sponsored by West Texas University in 1963.

All of these students have earned National Certificates for preparing 10-piece programs in the National Piano Auditions in recent years.

Meeting Held By Sharp Group

The Sharp Group of First Christian Church held a recent meeting in the Youth Building with Mrs. Lloyd Laramore as hostess.

The meeting was opened with a prayer by Mrs. V. L. Savage, leader of the group. A business meeting was held and studies were outlined and discussed. Mrs. Jim Cunningham presented the program, "Attitudes Are Contagious."

Mrs. Chester Klein will be hostess for the next meeting which will be held at 7:30 p.m. on Feb. 6, in the Youth Building Annex.

Refreshments of banana nut bread, nuts, candy, and coffee were served to the following members: Mes. Given W. Vance, Lloyd Laramore, V. L. Savage, Dale Pinson, Jim Cunningham, and Chester Klein.

Billie Vida Brown, John C. McClellan Exchange Wedding Promises in Wheeler

Miss Billie Vida Brown became the bride of John Clay McClellan during a double ring candlelight ceremony read by Rev. Bob Ely in the Wheeler Methodist Church on December 31.

Parents of the couple are Mrs. R. William Brown of Wheeler; and Mr. and Mrs. Jack McClellan of McLean. Vows were exchanged before a background formed of a large basket of gladioli flanked by candelabra. Greenery entwined the altar rail, interspersed with white votive candles.

Richard Parks, Wheeler, presented pre-nuptial selections, the processional and recessional at the organ. Pianist, Mrs. Harold Fabian accompanied Mrs. Richard Brown who sang the prayer song, "O Perfect Love."

BRIDE

Given in marriage by her brother, Richard S. Brown of Wheeler, the bride wore a dress of white lace fashioned with a scalloped neckline, long sleeves that ended in points at the wrist and a tiered skirt of lace panels. Rembrided applique, encrusted with tiny stones cut to a dew drop effect, was used as special trim on the gown which fell to ballerina length. She wore a white lace mantilla as a veil and carried a Bible centered with white gardenias and an heirloom handkerchief which was carried by a paternal aunt and great-aunt at their weddings.

Best man was K. W. Hambricht of McLean; and Jack

IN RECITAL — Three advanced students of Mrs. Fidelia Yoder, left to right; Sylvia Graham, Gail Wilson and Brenda Terry, will present Amarillo Symphony Audition contest pieces in recital this afternoon. The students are scheduled to audition for solo parts in a March concert of the Amarillo Symphony Orchestra Saturday.

grams in the National Piano Auditions in recent years.

Other pupils to participate in the 2:30 recital are; Connie McBroom, Suzanne Bond, Lisa Laycock, Phoebe Skelly, Gail Duncan, Derima Smith, Linda Adams, Kay Upshaw, Cathy Altman, Jean Fischer, Daniel Bond, Rickie Land,

Katrina Spencer, Virgil Davis and Terrie Watson. Duets will be played by Steve Higdon and Steve McDaniel and Mackie Hudgins and Diane Graham.

Other students performing in the 4 p.m. recital are Wayne Bruce, Anita Williams, Glenna Hudgins, Randy Land,

Linda Chase, Steve McDaniel, Sharon Bruce, Steve Higdon, Mackie Hudgins, Diane Graham, Mary Porter, Joyce Fischer and Janie Murphy. Duets will be presented by Rickie and Randy Land and Jean and Joyce Fischer.

The public is cordially invited to attend this mid-year recital.

Twentieth Century Club Learns Panhandle Heritage

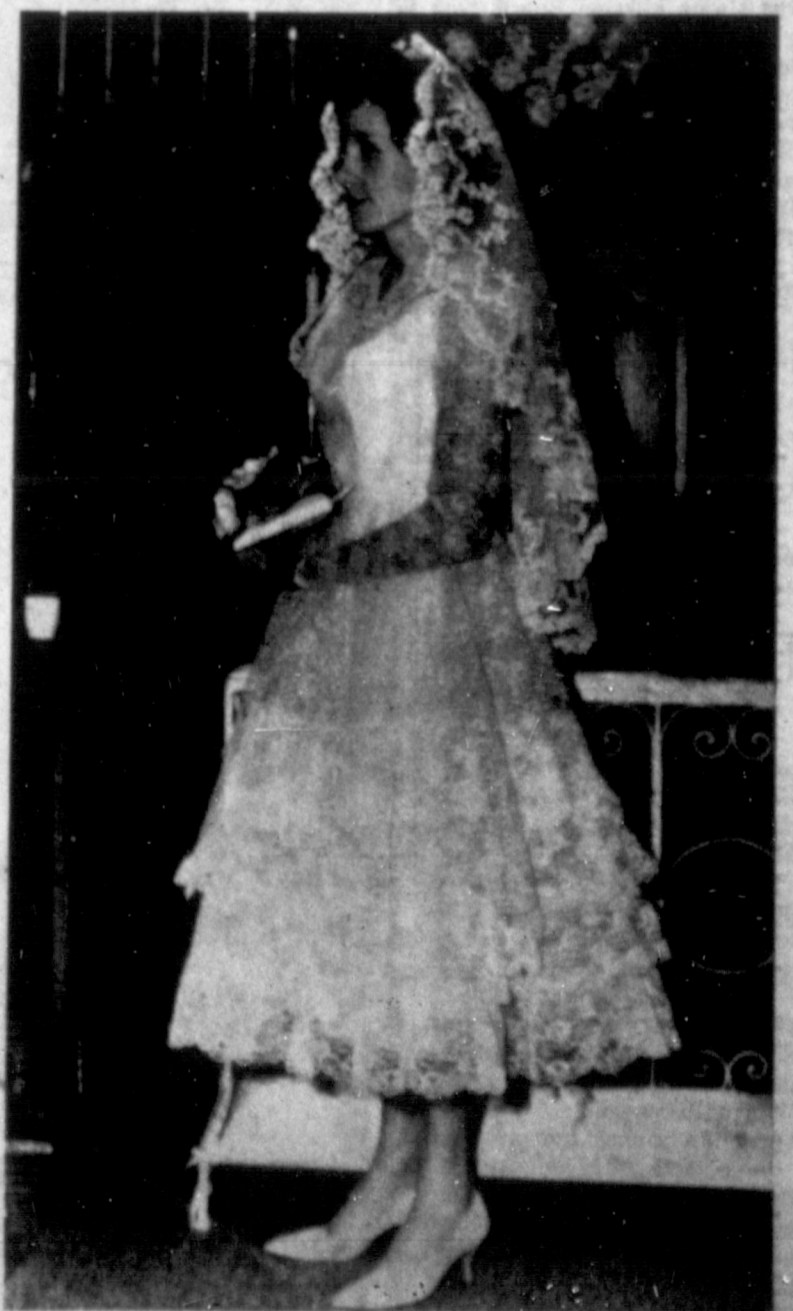

Members of the Twentieth Century Club provided a preface for the program of a recent meeting held in the home of Mrs. R. W. Stowers, by answering roll call with Texas heritage facts. Mrs. David Tucker introduced Tracy Cary who spoke on the subject, "Heritage of the Panhandle and Gray County."

He stated that he had been influenced by his father, an aunt, Miss Iva Cary, and the late teacher, Miss Josephine Thomas, to pursue these studies. Cary exhibited a piece of cement taken by his father while on a tour of duty, from the Great Wall of China, erected some 2,000 years ago, and stated that this prizo curio activated his interest in genealogy. He also stated that in his opinion, music, genealogy and history were triplets which could not be separated.

He stated that, "The degree of civilization of a family, state or nation has reached may be determined by the record it has maintained of its past history, and the care it takes in preserving its historical locations. We cannot honor the events of the past without honoring the men, women and children whose lives helped write what we call history or better, "His Story". It is interesting to note that "Columbus discover-

ed America in 1492," but, unfortunately, many Americans have never discovered it." Pictures and charts were used as aids in visualizing locales and early families in the area.

In developing his presentation, Cary traced the chronological development of the Panhandle, starting with the earliest inhabitants, the Basket Indians. In 1540 Coronado led his expedition from Mexico to the Palo Duro Canyon. Accompanying him was Father Juan de Padilla who returned to this area and was killed in 1544 by Indians. Gradually other explorers, (See CLUB, Page 14)

Mrs. John Clay McClellan

Joe Vanzandt, Austin; Mrs. Harold Nash, Miss Reba Wolford, Mrs. Glen Porter, Wheeler; and Mrs. Lee George of Canadian. For a short wedding trip the bride traveled in a cran-

berry wool suit and chose black accessories. Her corsage was a gardenia lifted from her bridal bouquet.

The couple is now at home at 940 W. Lovell in Kalamazoo, Mich.

Milk returns as a beauty aid—this time for the hair. Added to the waving powder of a permanent solution it provides manageability and softness. Some tips to follow for a home permanent: Section the hair (top left and right). Divide into front, sides, crown and neckline sections. Neatly pin each section out of the way and wind hair on curlers (bottom left) starting at the neckline. Wind on small curlers, turning under to the scalp and tuck in loose or stray ends. The soft end result is seen at bottom right.

If The Milkman Only Knew!

By ALICIA HART
Milk as a beauty aid again is making the rounds as often as the man who delivers it. The women of ancient Asia started it all with milk baths.

And, except for the murky light. Latest in revivals of milk as a beautifier is its use in a home permanent. Fresh milk is mixed with the waving powder of a wave solution for a soft, natural-looking permanent.

Here are some important steps to follow for a longer-lasting, more manageable hairdo:
Preparing the hair — The split ends and remains of a previous permanent must be trimmed off. Shampoo and rinse hair thoroughly. Hair should be only damp for permanenting if you have an irritated scalp.

Test curling — Your hair condition changes from month to month. Test curl, especially if your hair is color-treated.

Using the waving lotion — Careful attention to instructions are imperative for best results.

Winding the hair — Divide hair into front, back, sides and crown sections. Begin setting from the neckline section.

Wind curler smoothly and firmly under toward the scalp, even if you plan an upflip style. Don't pull your hair tight at the scalp. This makes it fuzzy.

Neutralizing — Follow instructions closely.

Twentieth Century Club Learns Panhandle Heritage at Meeting

(Cont'd. from Page 13)
Jose Morris and Ledeo Vial, followed in 1831 by Josia Gregg, a caravan merchant who brought one hundred wagons, two cannons, and merchandise amounting to \$200,000 to the Panhandle following the Canadian River, and traveling into New Mexico. In 1858, McClellan Creek was named by Marcy; in 1868, the Battle of Washita took place and Fort Elliott came into being. Alfred Rowe, in 1879, established a great ranch of 60,000 acres and gave land to be used as a townsite for McLean. Temple Houston arrived in Mobeetie in 1881 as the first district attorney.

Pampa was beginning to flourish at this time and boasted its first formal building that belonged to the White Deer Land Co. In the 1890s, this was leased to the Matador Land Co. and later became the landmark called the Holland Hotel. Alanreed was the first established town of this area in 1891. In 1902, Lefors was named as the Gray County Seat. Then, like popcorn, other towns over the area began developing; Hoover in 1908; Laketon, with a school in 1910; and Kingsmill in 1916. Cary terminated his program with two poems of pioneer essence.

Mrs. F. M. Culbertson served as hostess for this meeting. Mrs. Tom Rose, president conducted the business session during which the club collected and Pledge of Allegiance was read in unison. Mrs. Jack Stroup read the minutes

and Mrs. Bob Andis gave the treasury report. Reports from the standing committees were requested. Mrs. H. R. Thompson, Mrs. W. R. Campbell gave these reports. Mrs. Raymond Harrah, chairman of the nominating committee, presented the slate of officers for 1964; president, Mrs. Bill Roots; vice-president, Mrs. Jack Stroup; secretary, Mrs. David Tucker; treasurer, Mrs. H. R. Thompson; reporter, Mrs. Roy McKernan. The slate was accepted unanimously. Mrs. Stroup read a letter announcing the

Hallmark Contest and members voted to sponsor an entry.

Following the program, Mrs. Tucker, in behalf of the club, presented Cary with a check to be used on the restoration of the Pioneer Cottage, which is being sponsored by the Gray County Genealogical Society, of which he is president.

Members attending the meeting were Meses. Bob Andis, G. F. Branson, W. R. Campbell, F. M. Culbertson, J. W. Gordon, Paul Harbaugh,

Raymond Harrah, B. J. Jamieson, Albert Knox, R. E. McKernan, Bill Roots, Tom Ross, R. H. Sanford, R. W. Stowers, James O'Conner, H. R. Thompson, Jack Stroup and David Tucker.

CLUE IN THE DARK

For safety's sake, replace conventional light switches in danger areas such as at tops of stairs with the type that has built-in illumination. The glow is soft, the cost is low, the current used is minute and the safety factor of your home will be increased appreciably.

First Baptist Church Holds Royal Service

The Woman's Missionary Society of First Baptist Church met recently at the church for a Royal Service program. The meeting opened with Mrs. Lowell McBroom leading the group in singing, "America the Beautiful", accompanied by Mrs. E. D. Carver. The prayer calendar for missionaries was given by Mrs. Charles Miller followed by prayer by Mrs. E. S. Waters.

Feb. 8, were discussed. Following the meeting, a luncheon was served in the dining hall. Fifty-five members and guests attending the luncheon meeting.

The program, "Northwest and Midwest", was introduced by the program chairman, Mrs. C. F. Crowson, Jr. A report of the pioneer mission program of the Southern Baptist Home Mission Board, was given by Mrs. Bob Pettis. A letter from Egan Park Baptist Church in McCook, Neb., was read by Mrs. John Gikas. Reports from pioneer areas were given by Mrs. R. L. McDonald on Washington, Oregon; Mrs. Charles Miller, Utah; Idaho; Mrs. E. E. Brown, Colorado; Mrs. Van C. Miller, Nebraska; Mrs. Carroll Ray, Wyoming; Mrs. Lida Ramsay, South Dakota; Mrs. W. C. Erwin, Montana; and Mrs. L. V. Hopp, Iowa. Closing prayer was given by Mrs. Owen Johnson.

A short business session during which plans for the senior banquet to be held on

Take It From Kathy

By KATHY PETERSON
DEAR KATHY: My biggest problem is my hair. Every time I wash it, it gets fuzzy and hard to manage. Can you help me?
Experiment, experiment, experiment. The first few tries aren't enough to teach you to do anything expertly.
— Are you aiming for a style that's too elaborate? Something simple that stays put is much more attractive than a fussy coiffure that never quite makes the grade.
— A good cut is half the battle. Very thick or curly hair often needs thinning and shaping and this should be done professionally. A long, loose mane won't hold a line well, no matter how carefully it's set.
— Remember — the fatter the roller, the looser the wave. You may want to use large rollers at the top and small ones for stubborn, hard-to-curl ends at neckline. Run the comb through each strand in the direction you'd like it to take in the finished hairdo. (See KATHY, Page 18)

MARRIED

Mrs. Benjamin W. Nichols

Mr. and Mrs. Jack Foster announce the recent marriage of their daughter, Susan Carol, to S/A Benjamin W. Nichols, son of Mr. and Mrs. Jack Nichols of Pampa. The couple exchanged vows December 30 in Sayre, Okla.

Clemmons Family Honored by First Methodist Church

LEFORS (Sp) — Mrs. Bob Clemmons and children were honored with a farewell social preceding services Sunday night at First Methodist Church.

The Clemmons family is moving to Garden City, Kan. The church presented the family with a gift.

ENJOY IT

Don't save the perfume you got for Christmas for special occasions. Use it for your own pleasure and use it right away. Otherwise it may evaporate and you won't have it at all.

Here is a good example of the happy harmony of wood paneling joining a dining and kitchen area.

Mr. and Mrs. M. C. Burdine

McLEAN (Sp) Mr. and Mrs. M. C. Burdine were honored on their Golden Wedding Anniversary Sunday in their Alameed home. Cake and punch were served to the guests, including Rev. J. L. Crawford, Quail, who married the couple, Jan. 11, 1914. Mr. and Mrs. Burdine have resided in McLean since 1920.

Work Wonders With Wood

By KAY SHERWOOD

The woody nature of many contemporary interiors must be created with care. If you are planning for a dream home or a remodeled room the builders promise a handsome choice of wall surfaces. The wood-paneled room is still one of the most popular in certain areas of the country.

While wood finishes can be warm and glowing, they also can be raw and too glaring. It's important that the builder or decorator finish the panels and buff and wax them to a soft tone. They will deepen in color or bleach out as times goes on, depending on the light. And that is part of the beauty of wood.

Wood grain is pleasing if not too jumbled and if care is taken in choosing the grain. Where dining room and kitchen are closely tied by an open floor plan, wood-grained kitchen walls and cupboard surfaces reduce the contrast between the two areas.

In enthusiasm for wood, I know people who overdo it with paneled walls, inlaid floors and tiled ceilings. This often leads to too many patterns, confuses the eye, and creates a boxed-in feeling. However, where wood-paneled walls are combined with plank or beamed ceilings, there is more harmony.

But the best woody interiors I've seen are cut with color — sometimes strong, sometimes muted. White and wood is the favorite combination for many contemporary

interiors. I still like a strong dash of color if white is used. Otherwise, I find the definite but muted shades compatible with the changing faces of wood.

Plywood paneling, the mainstay of many builders, does come in varying grains.

Brave Beards Try Comeback

By JERRY SHEEHAN
NEW YORK (NEA)—Razor blade manufacturers, already reeling under the impact of popular demand for long-lasting stainless steel blades, may be facing a new challenge: beards.

The trend may be traced to the advent of the stainless. Many men across the country joined the flow - many shaves are you - getting - per blade club with satisfying results to the wallet. From this, it was an easy psychological step to accept the idea of a beard as the ultimate answer to a laborious morning chore and a means to "make one blade last a year."

Actors' growth: Leading impetus to the back-to-the-beard movement are Sebastian Cabot, Edward G. Robinson and Charlton Heston.

Therefore, the bastions of the beard were New York's Greenwich Village coffee houses and certain crannies along the Pacific Ocean. Now, however, beards - carrying commuters can be seen stepping off the office - bound trains sporting a wide assortment of face foliage.

Reinforcing what may be an embryonic hair-roots trend is the Hollywood movie colony. More than a handful of actors are now wearing beards - and not just because the script calls for it.

their beards to prevent their being seized by the enemy in battle.

smooth faces because, it is said, he couldn't grow anything more virile than peach fuzz himself.

certainly haven't helped to encourage a healthy attitude toward beards. But with a thaw in the cold war, who knows what the future of the beard may be? Pass the moustache wax, please.

Scouting Scoops

By SUSAN DAVIS
Senior Troop 38

With a sigh of relief we lay our books down and think how grateful we are that it is all over. Of course you all know what I mean; mid-term exams. Our happiness will be complete tomorrow night after we have our report cards and the trail of letting our parents see them is over. For some of us it will be a good time, when we are praised for our good work and perhaps rewarded, with nothing more than the satisfaction at having accomplished something good. For the rest of us, well, we'll get what we deserve (ugh!).

Think that it's cold outside? Well that doesn't daunt good Girl Scout. Troop 38 led by Mr. M. H. Taylor, is going to brave the weather and embarks on a camping trip to Mel Davis. Sound like fun?

When Mrs. E. A. McLean's Troop 14 decided to earn their Good Grooming Badge they meant business. Scheduled to give talks to the girls are: a beauty operator, (See SCOOPS, Page 18)

The Clothes Poll

By HELEN HENNESSY
Newspaper Enterprise Ass'n

Matrimonial advice is way out of my line. But since fall fashions are dropping in precious furs this year, I venture a suggestion to the fashion-conscious girl. Marry a trapper. He can keep you in style.

If his is a going business, a timber wolf jacket will put you right in the fashion limelight. If he's just starting out, leopard earrings are a status symbol, too.

Fashion has wrapped herself in fur - sportive and elegant, fake and real.

In the sportive group there are fake furs that look as bogus as they are and real call that has been "faked" to look like dalmatian. This is done by stenciling.

Bulky long-hair furs are riding a wave of popularity in all coat lengths. One fingertip-length spotted skunk has a tweed lining and is reversible. Jackets, hoodies and sweaters come in such imaginative breeds as Norwegian hair seal, hox and timber wool. There are suits of spotted calf and shifts in Persian-lamb and leopard.

For evening wear there are, of course, the small furs - pastel mink jackets and stoles in exquisite designs, small sable and fox capes. And designers, by unique placement of the skins, have enhanced the elegance of sable, mink and chinchilla in sweeping floor-length evening coats and such glamorous at-home wear as a sable jump suit and a mink bathrobe.

If you can't marry a trapper because you already have a spouse, take out a mortgage on the old homestead and you, too, can be a well-dressed hostess.

Or you can follow me to the little boutique for your fall fur fashions. There you will find earrings and bracelets in precious furs, fur-trimmed handbags, hats, gloves and boots at a price that won't close out your bank account.

Chic Chat

Q-I've been invited to my first formal dinner dance and I don't know what to do about wearing long white gloves during the evening. When should I take them off? Or should I leave them on? My girl friend says I should wear them for the dancing and just slip out of the hand part when dinner is served. But she has never been to a formal affair either, so I'm not sure she's right.-P. H.

Dear P. H. - It's up to you as far as the dancing goes. You can leave on your gloves or remove them, or just slip off the bottom and tuck the glove fingers under the wrist. But it is NEVER correct to leave gloves on the arm during dinner. They should be taken off completely. Better tell your girl friend. Her turn may be next.

Please send your fashion problems to Helen Hennessy in care of this paper. While she cannot answer each letter personally, letters of general interest will be answered in this column.

A Brand New Breed of Spring Knits

By HELEN HENNESSY
NEW YORK (NEA) — Before you buy an item of clothing, ask yourself, "Where will it take me?"

The wise shopper plans on buying the kind of clothes from which she will get the most mileage. And on that score, knits are unbeatable.

They are season spanners, ideal travel companions, smart for office wear, chic for an evening out and make handsomely tailored play togs that stay uncrumpled after a day of activity.

In cotton, Orion or wool, knits give you around-the-clock fashion security because of their beautiful colors, trim fit and wrinkle-proof qualities.

The new knits blend, mix and merge with other companionable separates to provide a steady stream of fresh costume ideas. Many are in the soft spring solid colors, others in stripes or floral prints.

Among the new cotton knit costumes is a sleeveless turtle-neck shell, teamed with a matching A-line skirt and topped with a cardigan that's booming with spring flowers.

Stripes, a spring fashion favorite, are featured in one line in a three-piece pin-stripe costume of double knit wool that has its own crepe blouse.

For active sports wear, there are striped rugby shirts with extra long shirt tails for comfort and a new view of the tennis sweater, updated with a single band of contrast trim which adds a filip to visual appeal.

Many knits show the new trend of "off-white" rather than stark white in combination and navy and red.

This spring's crop of knits covers every occasion, from lazy-day attire to city-smart dress.

MATURE PARENT

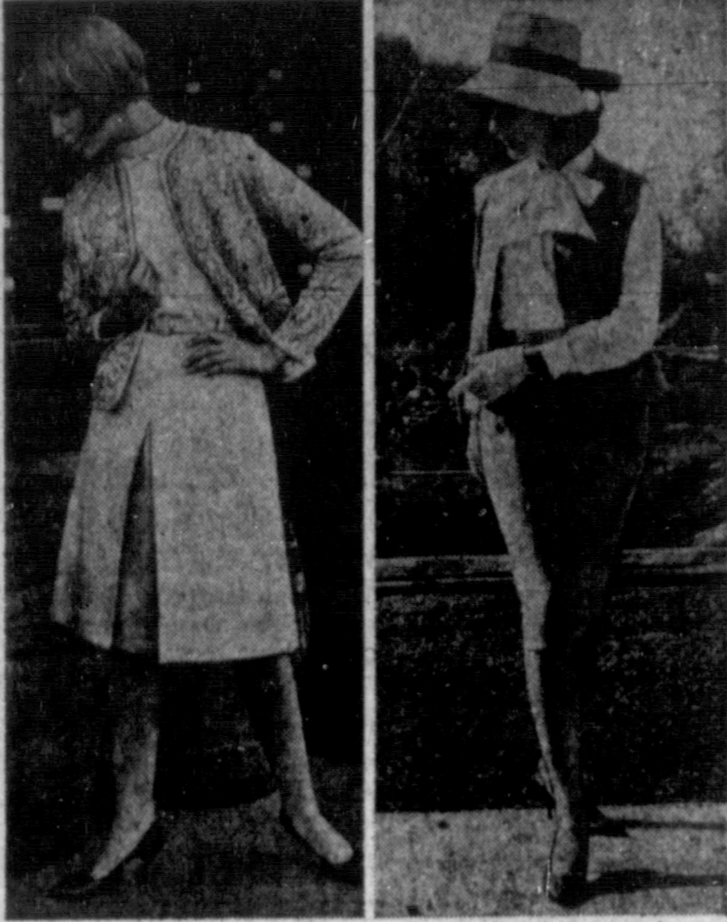

Often, after we have become a mother, we find very peculiar things happening to our old friendships. The unmarried roommate with whom we once shared an apartment comes to weekend with us — and we find our minds wandering away from conversation we used to find stimulating.

As she tells us about the men she's dating, the possibility that her firm will send her to Paris, her impressions of off-Broadway's latest hit, the interests of the "best" friend with whom we once had so much in common suddenly seem as remote from us as the moon.

We think, "My goodness, what foolish things Jane goes on about! Isn't that the baby crying? It's that tooth coming in."

I mention this common experience in response to a mother who writes:

"Our 11-year-old girl has formed a friendship with a new neighbor's child who at first seemed a quiet and well-mannered little girl. Now I don't trust her at all. She has gained influence over Betty who runs to the telephone to complain about me whenever we have any argument. There is no use in forbidding the calls as they see each other at school every day. My husband thinks that this child encourages Betty to exaggerate her troubles with me because she has problems at home of her own. I know that parents are not supposed to interfere with children's friendships, but this girl is not a friend. You know that, Betty does not. It's what she has to find out."

Knits are in full bloom for spring. Bright and bouncy are the floral-splashed cotton knit pants (left) stealing the scene here with a companion turtle-neck top. Flowered cardigan (center) is teamed with a sleeveless turtle-neck shell and matching A-line skirt in a solid shade. Both are Aileen designs. Stripes, too, are spring news. Double knit wool knit (right) by Mia is a three-piece pin-stripe costume of sleeveless striped jacket, companion slender skirt and its own soft, bow-necked crepe blouse.

Jaycee-Ettes Conduct Meeting

The January board meeting of Pampa Jaycee-Ettes was conducted in the home of Mrs. Howard Anderson, 2139 Dogwood, Tuesday.

Mrs. Richard Cooke presided. Correspondence was read by Mrs. Jim Hayes and the treasury report was given by Mrs. Gary Frasier. Mrs. Jim Osborne extended thanks to all members who helped construct the Christmas parade float sponsored by the club.

Mrs. Cooke announced that the group served coffee and doughnuts to Jaycees while they decorated Pampa for Christmas. The Jaycee Bosses Night Banquet was slated for Jan. 28. Mrs. Jake Webb reported that the Jaycee-Ettes would hold the annual box supper on Feb. 13 in Parish Hall. A coffee was held in the home of Mrs. Lynn Thames yesterday noting the March of Dimes. Each member attending contributed a penny for each inch of her waist measurement and made a donation for each cup of coffee. Following the coffee, members worked their section of

town for March of Dimes donations. Mrs. A. J. Carubbi, Jr. reported on the Five Outstanding Young Texans Banquet (See MEETING, Page 18)

POLLY'S POINTERS

If You Want Drums... Here's A Trick

By POLLY CRAMER

DEAR POLLY — I want to share a recent discovery. All sizes of plastic bottles or jugs can be used for making "bongo" drums for children. One needs two of the same size. Cut off the necks or tops and slide one inside the other. Place a rattle inside small ones for children still in playpens. Discarded neckties work fine as drum straps. Make a slit in each drum and slip a tie through. Knot it inside to hold it. — O. K.

GIRLS — Perhaps you have found, as I have, that children are often more enthusiastic over such homemade toys than with really expensive ones. — POLLY

DEAR POLLY — Good wind bonnets being the price they are, I decided to make my own out of an old net formal. Either use long pieces of net cut from the skirt or a stole. I took an old wind bonnet, ripped it apart and cut a pattern from it. Gather three sides and sew on ribbon for ties. I vary the styles and appearance by sewing on decorations. The bonnets are wonder-

ful for gifts. — MRS. D. M. H.
GIRLS — Perhaps some of you dislike the ties under the chin as much as I do. They make me nervous. I do like the veiling bonnet of Tinka, one of my daughters-in-law. Where string would be attached to the bonnet, that part of the veiling is tacked to the back of a big, flat, clip-on earring. — POLLY

DEAR POLLY — When a wedding is coming up, a thoughtful gesture by a member of the bride or bridegroom's family would be a calendar (one with big spaces for each date) with all family birthdays, anniversaries and other important dates marked in. Addresses of these people are listed on the back of the calendar. In this way the newlyweds can start out being thoughtful and be spared embarrassment of missing some significant date. — MRS. J. S.

Look Like A Fashion Plate

By MARY BROOKS PICKEN
Newspaper Enterprise Assn.

When you see a fashion in your newspaper, magazine or shop window, do you study it as it relates to you? Could you dress to look like a true fashion plate? That is not aiming too high, especially if what you see is in good taste and appropriate to you.

Thousands of dollars are spent in projecting current fashions for our acceptance. We should study pictures with a definite eye as to their suitability to us, our likes and purposes.

The dress shown here has the fuller skirt, the longer sleeve, the flattering contrasting neckline, and buttons—all favored fashion features.

Maybe you say, "but I don't want a contrasting collar." Then make the collar of self-fabric, or face the neck, and use pearls to achieve the fashion plate effect.

Maybe you say, "I like a wider belt." Well, just up and make one. You have the fabric and can cut belt on the straight, cross, or bias, and make it just the width most flattering to you. It seems every width of belt is shown, from string to cummerbund.

When making a skirt with pleats, make sure skirt length is not too long. The fullness makes it look longer. Fabrics today, are made to hold a pleat which makes having them in a skirt no problem. The skirt shown has a slight flare in addition to the pleats.

● Scoops

(Cont'd. from Page 14)

physical education teacher, a dental technician, a representative from one of our local dress shops, a cosmetic consultant, and finally, Mrs. McLennan herself. We should see a noticeable improvement.

It's getting near that time again. Time to sell Girl Scout Cookies. We did a great job last year, selling door-to-door, in the stores, and just about everywhere we turned. I hope we do as well this year. (BETTER!)

On the adult side, Jan. 30, a dinner for new counselors has been planned according to Whittie Whitley.

Have you noticed the difference in your troop since the Program Change. Watch for it, it's there.

F 52

A seam binding on the hem edge gives a nice finish as you can ease any surplus fullness on the binding. Ease your binding on; never allow it to stretch or be tight at any place.

This dress has underarm gussets, which make for greater comfort with the longer sleeve. Some consider gussets difficult to make. They really are not if you cut seam lines true, notch accurately and take the same depth of seam in bodice as in the gusset. Clip the seams so the gusset will blend into the dress. A gusset is for comfort and fit and should be as inconspicuous as possible. Use a zipper at the center back if you like and the but-

CORNER-CUTTER

Young couples can use cherry sheets for draperies and terry towels made into cafe curtains for the bath. As their budget allows, they can shop for more expensive fabrics. But until then the sheets and towels are fine substitutes. They can be tossed into the washer or taken to the laundromat for inexpensive laundering.

tens for ornament only. Or jet frogs or jeweled buttons would be ideal on a dress of this type. Jeweled buttons are so lovely that you could be inspired to make a dress just to use them.

The bias fold at the bottom of the sleeve adds a custom look, a refinement seen on better dresses. Folds take so little time and really help in getting us in the mood for the longer sleeve.

● Meeting

(Cont'd. from Page 17)

which was held in Austin recently. Mr. and Mrs. A. J. Carubbi, Jr., Dr. and Mrs. Jim Alexander attended from the Pampa group. Mrs. Cooke also appointed Mrs. Duggan Smith, Mrs. Lee Jackson and Mrs. Gene Hollar to serve on the nominating committee to select nominees for new officers.

Refreshments were served following the meeting to: Mrs. A. J. Carubbi, Jr., Jim Hayes, Lee Jackson, Richard Cooke, Lee Jackson, R. F. MacDonald, Gene Hollar, Jim Osborne, Duggan Smith, Howard Anderson, John Warner, John Davenport, Gary Frasher and Jake Webb.

Mrs. Earl Leith

Miss Sharron Mayfield

Mr. and Mrs. Jack W. Russell, 513 Powell, announce the marriage of their daughter, Brenda Kaye to Earl Leith, son of Mr. and Mrs. W. M. Leith, 603 N. Faulkner. The couple was married in a double ring ceremony read by Rev. Boyd Williams in the Church of Christ parsonage, Canadian, on November 2.

SKELLYTOWN (Sp) Mr. and Mrs. Herman Mayfield announce the engagement and approaching marriage of their daughter, Sharron, to Cpl. Jim Stanley, son of Mr. and Mrs. W. N. Stanley, 945 S. Dwight. The wedding is planned for Feb. 1, and will take place at 8 p.m. in the Skellytown Assembly of God Church. Friends of the couple are invited to attend.

The graceful chrome-plated lavatory is handsomely designed and provides a practical place for little mothers to bathe their dolls.

Bathroom Fixtures Get New Look As Designs, Furnishings Are Updated

By KAY SHERWOOD
Newspaper Enterprise Assn.
If there is one home furnishings industry that has shown little enthusiasm for dabbling in new design or materials, it's the bathroom fixture business.

We've been treated to some fanciful concepts in bathroom design — solariums, garden patios, wall-to-wall carpeting, unusual wall decorations. But the basic fixtures still look mighty familiar.

There are indications, however, that a change is coming. At a recent Midwest home builders show an industry leader introduced fixtures that were new in design and

material and looked it. The lavatory design in particular caught my eye.

It is the first electro-formed, chrome-plated nickel, counter-top lavatory. This didn't mean much to me except that this manufacturing method makes it possible to achieve a sweeping, sculptured design. A graceful slope rises in the back in a gentle arc, crowned at the top with small, pretty faucets. The broad rectangular lavatory base is ornamented with a raised dolphin motif.

Because I ascribe to the "handsome is as handsome does" school, I have a hunch the sloping, raised back would

By MARY BROOKS PICKEN

There is so much more sewing done in the first five months of the year. Somehow after the hectic winter holidays, women's thoughts turn to spring and Easter sewing, vacations and hoped-for leisure moments. Clothes buying and making are largely influenced by what we need — what we can "make do" with and what we must have new.

The New York World's Fair will be a great incentive to make clothes ready for a spring or early summer vacation. Millions will come to the fair. A fair is a "work-out." Really it is hard work. Comfortable, easy, good-looking clothes are a necessity.

Sloppy clothes will be seen, but people who wear them do not do themselves proud. We can make attractive clothes now that will pack nicely, take hard wear and still look presentable, even after several days of sightseeing.

Here are some fashion tips that should help you with your early sewing.

Color—Bright, clear pastels are favored above all else—and bright they are. Almost any pastel, if it has real color and is becoming to you, is a completely safe buy.

Norman Norell, one of our greatest designers, predicts a navy blue spring and summer. He uses it abundantly and with stark white.

● Kathy

(Cont'd. from Page 14)
just before rolling. Most important: make sure rollers are lined up evenly.

— Brush and test to see which way the hair wants to fall. You'll battle forever if you try to fight the natural tendency of the hair.

— A cream rinse does wonders to tame a new permanent or to smooth hair full of static electricity. Some girls use a little lemon juice or vinegar, as a substitute. This also cuts the soap, and assures a good rinse. Hair pomades or hair sprays can help, too.

be a dandy curb to splashing when youngsters wash their hands. The faucet assembly, while not new, deserves mention because it's guaranteed drip-proof for life.

Glass fiber fixtures are another interesting development. There is a one-piece five-foot bathtub and a one piece shower with floor and three integral side walls ready to install. At the moment these fixtures are sold in the West and Southwest but broader distribution is expected soon. The initial products were shown in white with gold flecks but other colors will be available.

Now Is Ideal Time to Sew

Fabrics — There are more plain than printed fabrics, yet there are many prints; a great deal of Schiffl all-over embroidery. Linens and imitation linens are in high favor. Lace is seen for sleeves, to trim the neckline, which is lower in many instances. Lace emphasizes femininity, which is perhaps fashion's most heralded feature for the new season.

There is definitely a softer look, much less trimming. The dress, suit or coat depends on color and fabric quality, simple cut to give it the true feminine elegance that 1964 acclaims.

Waistlines are finding their natural habitat, even on shift dresses.

Skirt Lengths — Some say a wee bit shorter. Norell says they just cover the knee, a length becoming to most.

Sleeves — Sleeves minus, sleeves short, sleeves just below the elbow, only a very few are longer.

Choose fabrics that will not soil quickly, choose those that will pack easily and require a minimum of pressing. Sew for fashion rightness. Sew several dresses. Make each one as perfect as you can, but each with a minimum of tedious detail.

Prepare for the good sewing months ahead now. Buy patterns, fabrics, matching thread and zippers, bindings, anything you need to complete a garment. Buy for several dresses. When the rainy bleak days come, get out your sewing. Make every stroke count; do your cutting, basting and fitting, stitching and pressing. Save the handwork for evenings when you are enjoying good music or the television.

You will be surprised how much sewing you can accomplish by planning ahead. Just as with any creative work, you must make time for it and become so interested that you will forget all else until your creation is finished.

ASTRONAUT LINE-UP — The first and only time thus far that all sixteen U.S. astronauts trained together was at a jungle survival exercise in the wild back country of Panama. This rare photograph, the first taken of the entire group informally, was shot at Panama City. From left: James A. McDivitt, Leroy G. Cooper, Walter M. Schirra, Alan B. Shepard, Elliot M. See, Virgil I. Gris-

som, Frank Borman, Malcom S. Carpenter, Thomas B. Stafford, Edward H. White, John H. Glenn Jr., James A. Lovell Jr., Charles Conrad Jr., Donald K. Slayton, Neil A. Armstrong and John W. Young. The sixteen astronauts are rarely photographed together (this is only the second occasion) because they spend an average of 237 days a year away from home on training missions, at-

tending scientific and technical meetings and visiting manufacturers. Glenn, for instance, spent 262 days away from home during the year following his orbital flight. (Copyright 1964, World Book Encyclopedia Science Service Inc.)

Slaughter Steers Set Steady Selling Pace

By United Press International
Reacting to last week's upsurge, slaughter steers generally sold steady to 50 cents this week, with Omaha and Sioux City selling 75 cents to \$1.00 over on weights over 1,150 pounds.
Exceptions were found at Kansas City, St. Joseph, Mo., and Chicago, where high good prime under 1,150 pounds were steady to 50 cents higher. The United States Department of Agriculture said slaughter steers were steady to 50 cents lower, except at Kansas City and St. Joseph, where prices were steady to 50 cents higher. Cows sold steady to \$1.00 lower, bulls steady to 50 cents lower, but yearlings were steady to 50 cents higher.
With receipts down from last week, slaughter steers and heifers sold lower under the bearish influence of a lower dressed

Pampa Girl Ends Training

FORT McCLELLAN, Ala. (Spl) — Pvt. Mary F. Roberts, whose parents Mr. and Mrs. Lebie N. Nail, live at 2610 Navajo Rd., Pampa, completed eight weeks of basic military training at The Women's Army Corps Center, Fort McClellan, Ala., in mid-December.
Private Roberts received instruction in such subjects as Army history and traditions, administrative procedures and first aid. She is a graduate of Pampa High School.

W. R. COMBS ... seeks re-election

Hot Line Trimmed by Prankster

HELSINKI, Finland (UPI)—A prankster or thief but not a saboteur, clipped in two the Moscow-Washington "hot line" set up last year to prevent an accidental atomic war between the world's nuclear giants, Finnish police said Saturday.
Police said someone cut a 20-foot chunk from the telegraph cable in the early hours of Jan. 9, west of Helsinki.

The cable, running above ground from Helsinki to a relay station at nearby Porkkala, carries the direct teletype or "hot line" channel between the White House and the Kremlin and 11 other communication channels.

After months of negotiation last year, the "hot line" was connected between the capitals of the world's two major powers to give America's President and Soviet Premier Nikita S. Khrushchev a means of instant communication to avoid the chance that some error or miscalculation might touch off a nuclear war.

Police said the cable carrying the "hot line" was cut about 5 a.m. Jan. 9 and was repaired by 9 a.m.

Pampan Based On Transport

USS NAVARRO (Spl) — Dallas G. Sargent, radioman third class, USN, son of Mr. and Mrs. Augusta Sargent of 421 North Doyle, Pampa, spent the holiday season in the Far East aboard the attack transport USS Navarro.

The Navarro, part of the 7th Fleet's amphibious force, spent Christmas in Pusan, Korea, and hosted more than 100 children from orphanages for a Christmas party.

The ship was in the British Crown Colony of Hong Kong for the New Year holiday.

The Navarro is an element of the Pacific Fleet Amphibious Force. She is designed to transport troops and equipment to invasion areas and land them ashore under combat conditions.

White Deer Girl Sent to Lackland

GUNTER AFB, Ala. (Spl) — Airman Third Class Barbara G. Casaus of White Deer, a member of the Women in the Air Force (WAF), is being reassigned to Lackland AFB, Tex., following her graduation from the technical training course for medical service specialists here.

Airman Casaus was trained to assist in the care and treatment of patients in Air Force medical wards, dispensaries and clinics. The airman, daughter of Mr. and Mrs. G. R. Haiduk of White Deer, is a graduate of White Deer High School.

Skellytown Youth Gets New Rank

USS HARRY E. HUBBARD (Spl) — Kent G. Grewell, electrician's mate second class, USN, son of Mr. and Mrs. C. A. Grewell of Skellytown, was promoted to his present rate Jan. 16 while serving aboard the destroyer USS Harry E. Hubbard, operating out of Long Beach, Calif.

A graduate of Skellytown High School, he entered the service in September 1961.

Department Store in Wheeler Sold

WHEELER (Spl) — Lewis Lancaster and wife, Inez, announced this week they have purchased the J - Lee Department Store which they have managed since July 1954. The change of ownership became effective Monday.

Combs Files For Constable

W. R. Combs, resident of Lefors for 35 years and active in civic affairs there, filed this week for re-election as constables of Pct. 1.

Combs is seeking his second term as constable. He authorized Bob Baker, secretary for the Democratic Executive Committee, to place his name on the May primary ballot.

Combs was justice of the peace at Lefors for two terms prior to becoming constable. He was mayor of Lefors for two terms and served on the Lefors City Council for two terms.

White Deer Youth Gains Promotion

U. S. FORCES, GERMANY (Spl) — Gary R. Doty, 23, son of Mr. and Mrs. Clifford O. Doty, White Deer, was promoted to private first class in mid-December in Germany, where he is serving with the 78th Engineer Battalion.

Doty, a construction specialist in the battalion's Company A near Karlsruhe, entered the Army in April 1963, completed basic training at Fort Polk, La., and arrived overseas last September.

Youth Promoted To Corps Sergeant

CHERRY POINT, N. C. (Spl) — Marine Staff Sgt. Ronald J. Robinson, son of Mrs. E. Ray Jones of 1004 Crane St., Pampa, was promoted to his present rank Dec. 18 while serving with Station Operations and Engineering Squadron at the Marine Corps Air Station, Cherry Point, N. C.

FIVE "HOOLIGANS" — A Russian peoples court has sentenced five "hooligan" amateur radio operators to prison for interrupting regular radio broadcasts with "very far out" music, the labor organ "Trud" reported Saturday.

Is Talk Scheduled On Lubrication

"Mist Lubrication" will be the topic of an address by T. M. Murphy at the monthly meeting of the Panhandle Section of the American Society of Mechanical Engineers. The meeting will be held at the Sands Motel in Borger Monday. A social hour at 6:30 p.m. will precede the dinner at 7:15 p.m.

Murphy is the manager of industrial design and marketing for the Alemite Division of the Stewart-Warner Corporation in Chicago.

He graduated from the University of Chicago in 1936 and took additional engineering courses at Armour Institute.

During World War II he served with the U.S. Navy as the commander of a minesweeper in the Aleutian Islands.

Joining Stewart-Warner in 1947 as a lubrication engineer, he became sales representative, and product sales manager before assuming his present post.

Pampa Youth in Scholarship Finals

Charles Yahn, son of Mr. and Mrs. E. N. Yahn, Pampa, is among 27 Texas Panhandle youths qualifying for final competition for scholarships from the Educational Fund for Children of Phillips Petroleum Company employees.

Another youth in the scholarship competition is James Rice, son of Mr. and Mrs. J. H. Rice of Gruver.

Pampan to Get Degree At Texas Law School

AUSTIN (Sp) — Eighty-four University of Texas students are candidates for the Bachelor of Laws degree Jan. 25 at the close of the Fall Semester. No public exercises will be held.

The list, made public by Law Dean Page Keeton, includes Ronald G. Woods, 1021, Christian, Pampa.

You, Your Child and School

By DAVID NYDICK
UPI Education Specialist

A comprehensive speech program is necessary for a student's total development. Adults find an increasing need to speak to individuals and groups. First impressions of an individual are often based upon his speech, whether it be at a job interview or a social gathering.

Children learn to speak by imitating sounds. They tend to speak with the same accents and errors as adults with whom they spend time. They also will imitate correct speech. This means adults should not use baby talk. Naturally, the child will have difficulty with pronunciation but he should have a correct standard to follow as his ability develops.

There are usually many sounds which children entering school cannot reproduce. School programs should supply experiences which help to improve speech. Well designed programs will be flexible in encouraging good speech but will not penalize slow progress. It is important that neither parents nor teachers insist upon perfection.

This would be frustrating to children who are unable to produce certain sounds.

Speech improvement during the beginning years of school should be a part of the regular classroom program. Students need many opportunities to speak and listen. They usually are not self-conscious in front of a group. The aim should be to maintain this freedom.

As students progress through school, experiences should be designed to maintain and improve their speaking confidence and ability. Choral speaking is an activity in which a group of students recite a poem or story together as in a singing chorus. Other activities which promote good speech are oral reading, reporting, debating, etc.

Why do some students show fear of speaking in front of groups as in class discussion? There are many reasons all of which are usually connected with a lack of confidence. This might result from continuous

pressure, correction, and criticism of an individual's speech. Speech therapy as opposed to speech improvement (normal growth) is the treatment of a problem. It takes the form of individual or small group instruction by a therapist. It should be started early but not before the child has the ability to correctly produce the sounds.

Speech is a complicated process involving many psychological and educational factors. Advice of a trained expert should be sought in handling problems. The normal development of speech depends upon good experiences and guidance.

CofC at Wheeler Sets Banquet

WHEELER (Sp) — The Annual Chamber of Commerce installation banquet will be held Tuesday, 7:30 p.m. in the High School Cafeteria. Admission is \$2.50.

Leon Moore will be installed as the new president and Arlington Cordell and Robert Denson will be installed as directors.

Sidney Woolridge, a bond attorney from Dallas, will be the guest speaker.

The Velasquez Brothers will furnish guitar music during the dinner. There will be a few other high school students on the program.

The Band Mothers will serve the dinner, the proceeds to go to the Mustang Band for new uniforms.

Tickets can be purchased from any of the Chamber of Commerce members or members of the band.

Vinton Record Still Top Favorite Disk

CHICAGO (UPI) — Bobby Vinton's recording of "There, I've Said It Again" this week was the No. 1 music choice among the nation's young record buyers for the third straight week.

But the United Press International listing of the nation's top 10 tunes showed three recordings in close pursuit of "There..."

The Rip Chords' "Hey Little Cobra" jumped from sixth a week ago to second. "You Don't Own Me," by Lesley Gore, soared from 16th to third; and the Murmaids' "Popsicles and Icicles," advanced four positions to fourth.

This week's top 10 tunes: 1. There, I've Said It Again. Bobby Vinton. Epic.

2. Hey Little Cobra. Rip Chords. Columbia.

3. You Don't Own Me. Lesley Gore. Mercury.

4. Popsicles and Icicles. Murmaids. Chattahoochee.

5. Louis, Louie. Kingmen. Wand.

6. Out of Limits. Marketta. Warner Brothers.

7. Forget Him Bobby Rydell. Cameo.

8. Surfin' Bird. Trashmen. Garrett.

9. Whispering. Nino Tempo and April Stevens. Atco.

10. Dominique. Singing Nun. Phillips.

Wheeler Youth Shows Champion

WHEELER (Sp) — The grand champion of the annual Junior Breeder's Show in Childress last week was shown by Mike Goad. His steer Stubby was declared champion. Also winning awards from Wheeler were Terry McCasland, heavyweight angus, first, and lightweight Hereford steers, fourth.

Irrigation Farmers Hear Report On Sugar Beet Production Here

Jack Mills, farmer from Dumas, and Troy McNeill, representative of a fertilizer company at Dumas, spoke informally to an audience of some 45 Gray and Roberts County irrigation farmers last Monday night at 7 p.m. in the Agricultural Building, Miami Highway, on the subject of sugar beet production for this area.

Mills discussed the progress of the North Plains Sugar Beet Association toward getting a 20 million dollar sugar beet

plant and a sugar beet allotment for that area.

The group is quite hopeful they will be able to announce the next sugar mill will be approved for the Dumas and Moore County area.

Much progress has been made by local citizens of the Dumas area in working out the financing problems which must be done on a local basis.

Mills pointed out the fact that a sugar mill in the 20 million dollar category must produce fifty thousand tons of sugar to be a feasible operation. It is estimated that 22,822 acres of sugar beets would be required to be grown in an area to justify a sugar mill of this size. This is based on an average yield figures of growers on the South Plains.

McNeill showed colored slides on cultural practices of sugar beets.

According to McNeill a 600 gallon per minute irrigation well would be capable of watering about 25 acres of sugar beets. A similar well would be capable of watering about 100 acres of milo.

Beets require from 7 to 11 irrigations according to a publication recently released by the Extension Service.

THE PAMPA DAILY NEWS
SUNDAY, JANUARY 18, 1964

24

36TH YEAR

Agriculturally Speaking

By FOSTER WHALEY
Gray County Agent
Tex DeWeese, Editor, Pampa News, didn't have to do a lot of arm twisting when I was approached to write a farm news column.

I appreciate the fact that importance of agriculture to the economy of this area is recognized. Agriculture is important to Gray County because it accounts for about 5 million dollars annual income by Gray County. It is important to Roberts County because it accounts for almost 3 million dollars annual income; Wheeler County, 5 million; Ochiltree County, 8.5 million and Lipscomb County, 6 million.

When you total up the agricultural income of the Pampa trade territory it will surprise most people to know that it will exceed \$52,900,000. This will approach if not exceed that of industry.

I believe the people responsible for the recent expansion and planned expansion of Pampa's new trading centers took a good look at the 1959 Census of Agriculture which had the above agricultural incomes listed.

We would appreciate your comments and suggestions on this news article.

IRRIGATION FARMING
D. W. Swain, who lives in Pampa and farms Southwest of Pampa, put down his first irrigation well in early 1963. He averaged 5700 lbs. of milo per acre. He had one field that made 6400 lbs. With milo averaging around \$1.75 per 100 lbs., this gave him a gross return of about \$100.00 per acre.

Dryland milo in this vicinity made less than 1500 lbs. in 1963 and in some cases, complete failures. Swain applied 80 lbs. of nitrogen fertilizer per acre.

He is so well pleased with the results of his first year of irrigation that he put down a second irrigation well. As one fellow put it, "400 acres of irrigated land is far more productive than 400 acres, a section, of dryland."

SOIL BOARD MEETING
The Soil Conservation District Board of Supervisors met in regular session last Friday night. Supervisors present included Milton Carpenter, Chairman of the Board, McLean, James Cllett, McLean and Curtis Schaffer, Pampa, Stan Friend, Pampa.

Others attended were secretary, Dolores Johnson, Arnel Scott, SCS and Foster Whaley, County Agent.

The McChellan Creek Watershed came in for considerable discussion. The Board is giving serious thought to the purchasing of a small dirt carryall. The carryall would be leased to farmers for the purpose of doing minor dirt work.

The Board is interested in whether there is a need for such a piece of equipment. Call any one of your local supervisors and let them know if you are interested in this project.

SECRET WORMS
For the second consecutive week, no screwworm cases were reported anywhere in the Southwest.

The last case recorded was on December 20, making this the longest screwworm-free period since the eradication program began. Program officials are pleased to note that the number of non-screwworm samples received has increased from previous weeks, indicating that producers haven't stopped looking for screwworms.

It is their hope that vigilance and reporting will be encouraged by county agricultural leaders. 130,200,250 sterile screwworm flies were released the week of Dec. 20-Jan. 4. Over \$2,200.00 was donated to this project by local Gray County residents.

John B. Rice, McLean, is chairman of the 23 man committee that raised the local funds.

Recently G. M. Walls was by the office seeking information on the new variety of soybeans named "Rinn". This variety was developed at the South Plains Research Foundation Experiment Station at Dalway.

Soybeans are not a top money crop for this area. Milo and cotton will give a much higher return. However, they do work well into a rotation and require only a moderate amount of water. The big pay off is the first year after planting when you have another crop growing.

Lawrence Kartz, Pampa, reports milo made 1000 lbs. more to the acre on land following soybeans than on land following milo. Kartz planted the "Rinn" variety.

PERFORMANCE TESTING BULLS
Emmett Leites and Raymond Nelson, both of Pampa and vicinity, have one pen each (4 bulls) at the Pan Tech Farms undergoing a Performance Test.

It has been proven in many tests over the nation that the ability of a bull to put on rapid gains can be transmitted to their offspring. Several years ago the high gaining bull at Pan Tech Farms was placed with 20 heifers and the low gaining bull of similar quality to those placed with the high gaining bull.

Under like environmental conditions the calves from the high gaining bull averaged 37 more lbs. the following fall than those from the low gaining bull. In the report from Pan Tech we noted the average daily gain of all pens of bulls was 2.98 per head daily on the 84 day report as of December 31, 1963. Nelson and Leites had about average pens.

However, Nelson had one bull that gained 3.18 lbs. daily and Leites had one that gained 3.20 lbs. daily. A similar test is being conducted at Goodwell, Okla., at Panhandle A&M College. Raymond Dursey, of Pampa, has a pen of bulls in this test.

SECRET WORMS
For the second consecutive week, no screwworm cases were reported anywhere in the Southwest.

The last case recorded was on December 20, making this the longest screwworm-free period since the eradication program began. Program officials are pleased to note that the number of non-screwworm samples received has increased from previous weeks, indicating that producers haven't stopped looking for screwworms.

It is their hope that vigilance and reporting will be encouraged by county agricultural leaders. 130,200,250 sterile screwworm flies were released the week of Dec. 20-Jan. 4. Over \$2,200.00 was donated to this project by local Gray County residents.

John B. Rice, McLean, is chairman of the 23 man committee that raised the local funds.

Late Ginnings at Lowest Quality

The classification of late ginnings during the week ending Friday, Jan. 18, showed the lowest quality of the season according to K. E. Voelkel of the USDA's cotton classing office in Memphis, Texas.

Based on the Agricultural Marketing Service's statistical estimates, 10 per cent of the cotton classed during the week was in the White grades. This was the same as the previous week. Sixty-five per cent was light spotted; 22 per cent was spotted; and three per cent was tinged and gray in color. The predominating quality for the week was the same as last week — Strict Low Middling Law Spotted, 15-16 and 33 per cent.

The amount of cotton reduced in grade because of Bark, Grass and Preparation was 8 per cent, which was the same as the week earlier.

The staple length ranged from 13-16 to 1 inch, with 15-16 staple length representing 79 per cent. Four per cent of the cotton classed during the week was designated as Wasty.

Micronaire readings were lower this week when compared to any previous week this season. Thirty-six per cent tested under 3.5. Other readings were: 3.5-3.9, 29 per cent; 4.0-4.4, 23 per cent; and 4.5-5.4, 12 per cent.

The moving of cotton into trade channels continued at an active pace. Cotton having a

micronaire reading in the 3.5 to 5.0 range brought the farmers the following prices: M1 Middling, 15-16 — 29.65; Strict Low Middling, 15-16 — 29.15; Light Spotted, 15-16 — 29.15; Spotted, 15-16 — 28.75; abd. Strict Low Middling Spotted, 15-16 — 29.15. These were average prices based on uncompressed, mixed lots, in warehouses.

The price of cottonseed farmed from \$53.00 to \$57.00 per ton at gin points.
