Epic Ship Rescue Saves Hundreds

900 Picked Up; 100 Bodies Seen in Sea

GIBRALTER (UPI) — An epic rescue operation led by four small ships in the Atlantic saved hundreds of persons from flames and the sea today after explosions ripped the Greek cruise liner Lakonia with 1,036 persons aboard.

The coastal radio station at Santa Cruz de Tenerife in the Canary Islands reported this afternoon that about 900 survivors had been picked up and that rescue operations were "practically at an end."

A U.S. Air Force spokesman said in Ramstein, Germany, that rescue planes flying over the disaster scene reported all survivors apparently had been picked up by ships.

"About 100 bodies had been spotted floating in lifejackets in the disaster area, he said.

Nine Rescued Off Coast of Texas

PORT MANSFIELD, Tex. (UPI) — Nine crew members of the snapper boat Sea Rider were rescued today after the boat was beached on Padre Island Sunday night.

A U.S. Coast Guard spokesman said rough winds and a high seas broke up the 85-foot boat and it was beached as a total loss.

Navy helicopters performed rescue operations through the night, bringing the nine men to Port Mansfield.

Warehouse Explosion Likened to A-Bomb

HAMMOND, Ind. (UPI) — An explosion described as "something like an atomic bomb" roared through a huge burning warehouse storing anti-freeze early today. One fireman was killed and 19 persons were injured.

For a time it was feared several firemen might have been caught in the flaming debris but all were accounted for.

The firemen were pouring water on the Illiana Transit Warehouse when the pre-dawn explosion blasted the building and collapsed a section of it. The explosion was heard for miles.

"The impact was something like an atomic bomb," policeman George Magunary said. "It mushroomed out and was followed by a suction."

One fireman was knocked about 20 feet. A newsman, Gene Langle of station WJOB, said he was knocked to the ground, and when he came to his senses he ran to a police car and shouted in the radio, "there's been a terrible explosion here. Send all the help you can."

The injured were taken to St. Margaret Hospital. All were firemen except one, Richard

Bright Sun Starts Thaw Over Area

Old Sol took over from King Winter today as Pampa's weather picture began to change from ice-laden trees and snow-slippery streets to a warming trend and general thaw.

In contrast to Sunday's high of 21 in Pampa, this afternoon's high was expected to reach into the high 30s.

This morning's low was 14 degrees. Sunday morning's minimum was 5 above zero.

The weatherman said this noon the warming trend will continue through Tuesday.

The official forecast is for continued fair with rising temperatures this afternoon, tonight and Tuesday. Low temperature tonight is expected to be in the upper teens and the high Tuesday in the upper 40s.

The forecast put a damper on hopes for a real white Christmas. Tuesday's warmer temperatures are expected to finish off much of the snow that started to melt away today.

Pampa had slightly more than an inch of snow Saturday night and Sunday morning. Not too much of it is expected to be left by Christmas Day, the weatherman said.

32 Traffic Deaths Top Holiday Toll

By United Press International

The pre-Christmas holiday traffic toll, heightened by the hazards of icy roads, zoomed to tragic proportions by midnight Sunday in Texas.

A United Press International survey for the period starting at 6 p.m. Friday showed 40 violent deaths, including 32 highway fatalities.

The worst road accident killed three persons but was not caused by the weather.

It occurred Saturday at the city limits of the South Texas town of Zapata. The dead were Mrs. Maria Luisa Ferrara, 36; Mrs. Orlanda Espinosa, 32 and Mrs. Amelia Espinosa, all of Monterrey, Mexico. Seven other persons were injured.

If it comes from a hardware store we have it. Lewis Hdw. (Adv.)

Ship Still Afloat

U.S. Air Force pilots reported the burning cruise liner was still afloat as of 9 a.m. EST.

The Canary Islands broadcast said the last person to leave the Lakonia was the Greek skipper of the luxury vessels, M. Zarbis. The ship was ablaze 500 miles off the coast of Morocco.

Many of the survivors were believed injured or suffering from exposure after hours spent in a mercifully calm sea awaiting rescue.

There was no confirmation from the British admiralty or the ship's owners of the Tenerife radio rescue report.

The 20,314-ton luxury liner was carrying 651 passengers and 385 crew members on a Christmas holiday cruise from England to the Portuguese island of Madeira when fire broke out shortly before midnight (7 p.m. EST Sunday). The flames spread so quickly that all but a relative handful of those aboard abandoned ship quickly, either by lifeboat or leaping into the water with life jackets.

Reach Survivors

Four small vessels, one of them an American freighter, were the first to reach the scene and plucked hundreds of survivors from the water.

Early reports said the rescue ships probably would head for Casablanca, on the Moroccan Atlantic Coast. But the Argentine ship Salta, reported to have 300 survivors aboard, reported it was headed for Funchal, Madeira, 16 hours sailing time away, and it was believed others might steam for the same port.

The Funchal Radio said hospital beds and other accommodations were being prepared for the survivors at that port.

Three Americans Aboard Hundreds of Those Aboard

18 SEAMEN SAFE AFTER 30 HOURS ADRIFF

PORT AUX BASQUES, Nfld. (UPI) — Eighteen seamen from the storm-swamped French freighter Douala were rescued from two lifeboats Sunday after surviving 30 hours adrift in the icy Atlantic.

Eleven other seamen died after the Adouala flooded and sank Saturday when high winds and waves up to 75 feet caved in its hatches.

Pistol Found On Stripper at Ruby's Hearing

Red-Haired Dancer Called as Witness Stripped of Weapon

DALLAS (UPI) — Police today took a gun from the purse of a red-haired stripper who was called as a witness in the bail hearing for self-appointed executioner Jack Ruby.

A sheriff's matron, assigned to search women visitors to the courtroom as part of a massive security operation, found the

LAST MINUTE SHOPPER — Kenneth Chisum, son of Mr. and Mrs. Claude Stanton, of Lefors, is shown doing a bit of last minute shopping or wishing as Santa's visit gets closer and closer.

Lawmakers Hustle Back On Aid Bill

WASHINGTON (UPI) — Democratic House members were hustling back to Washington by the plane load today for a political showdown on the foreign aid bill that involved the prestige of President Johnson as well as the adjournment of Congress.

A key Democratic leader, Assistant House Leader Hale Boggs of Louisiana, confidently claimed enough strength to win the fight which snarled up adjournment plans over the weekend.

He said that nine of the ten Democrats on the rules committee would be on hand to clear the \$3 billion aid bill to the floor—the first step required for action. The committee—unable to meet Saturday because of Democratic absenteeism and a Republican boycott—was scheduled to meet at 10:30 a.m. EST.

Boggs said the only Democrat unable to make it for the rules session was Rep. Richard Bolling of Missouri.

Boggs also indicated that enough Democrats had poured back into town to reverse a severe setback Johnson sustained on the bill early Saturday morning when the House rejected a compromise Soviet wheat sale amendment.

The amendment would frown on but not ban government underwriting of credit for the sale of wheat and surplus commodities to Russia and other Communist countries.

There were reports that some groups of congressmen were chartering planes for the flying trip to Washington. Boggs emphasized however that none of the travel was government-paid.

The earliest that the "slow motion" adjournment of Congress can be completed is sometime Tuesday because the Senate is in recess until then.

The aid battle stirred up animosity between Democratic and Republican leaders in the House forced Johnson to delay his departure for Texas to spend the holidays and upset plans for Congress to quit last week.

The President's prestige was clearly on the line and he was in the forefront of the fight. He spent the weekend in White House conferences and on the telephone lining up support for the bill.

Photographer Called

Bob Jackson, photographer for the Dallas Times Herald who took a dramatic photo of Ruby shooting Oswald on the morning of Nov. 24, was called as a witness.

Outside the door, a matron stopped Karen Lynn Bennett, a striptease performer at Ruby's Carousel Club who works under the name of "Little Lynn."

She was called to appear as a witness for the defense.

City police homicide Capt. Will Fritz was called to testify about the transfer of Oswald from city to county jail, when Ruby had burst from a crowd of newsmen and shot him.

Reporters Searched

A sawhorse and a dozen police blocked the corridor and courtroom. Even reporters wearing special identification badges were searched.

Photographers were cleared from the room before the hearing started, in accordance with Brown's ban on photo and television - radio coverage of the hearing.

Six defense attorneys, including the flamboyant Melvin Belli, sought a writ of habeas corpus to release Ruby pending a murder trial Feb. 3. They said he needed psychiatric treatment.

Dist. Atty. Henry Wade said he would vigorously oppose bond on the ground that Ruby was charged with a capital punishment crime—murder with malice.

The pudgy, 52-year-old strip-tease club owner is charged with the Nov. 24 slaying of Lee Harvey Oswald, suspected assassin of President Kennedy. He dashed before national television cameras and fired a single shot into the manacled man's body.

Two psychiatrists, arriving with defense lawyers, visited Ruby's cell seven hours over the weekend. They were Dr. Walter Bromberg of New York and Dr. Manfred S. Guttmacher, co-author of the book "Psychiatry and Law."

Defense lawyers indicated they would plead innocent by reason of insanity.

Bromberg and Guttmacher both said they would not attend today's hearing. The defense subpoenaed another psychiatrist who examined Ruby shortly after the widely witnessed slaying.

All hearings before Brown were open only to pencil and paper newsmen. An elaborate newsroom was improvised in a probate court adjoining Brown's chambers. Television, radio and photographers were banned from the hearing room.

Johnson's Speech at Memorial Ends Kennedy Mourning Period

WASHINGTON (UPI) — "Let us here on this Christmas night determine that John Kennedy did not live or die in vain, that this nation under God shall have a new birth of freedom, and that we may achieve in our time and for all time the ancient vision of peace on earth, good will toward all men."

With these words, spoken from the steps of the Lincoln Memorial at dusk Sunday, President Johnson ended the nation's month of mourning for President Kennedy.

Flags all over the nation fly at full staff today for the first time since Kennedy was shot down in Dallas Nov. 22. The black banners that darkened the door of the White House are gone.

Thousands of candles, lighted in memory of the late Chief Executive, flickered in the winter wind as Johnson evoked memories of Kennedy and of the martyred Abraham Lincoln and the Gettysburg Address.

Lights Candle

Standing bare-headed in the cold, Johnson lighted a candle from fire carried from the eternal flame that burns over the slain President's grave across the Potomac in Arlington National Cemetery.

The flame was carried from across the river to the memorial where Johnson and a crowd of about 15,000 persons waited in freezing temperatures.

Johnson cupped his hand around the tiny flame and gazed at it intently, his deeply lined face somber. Twice a whipping wind extinguished the flame until Methodist Bishop John Wesley Lord, co-chairman of the Inter-Religious Committee on Race Relations which sponsored the ceremony, shielded it with a sheet of paper.

Talk Was Brief

The President handed his candle to an aide as thousands of other lights began to dot the twilight before the huge memorial.

Johnson's talk was brief and rang with the phrases sounded at Gettysburg 100 years and one month ago.

"We have been bent in sorrow but not in purpose," he said. "We buried Abraham Lincoln and John Kennedy, but we did not bury their dreams or visions."

"Thirty days and a few hours ago, John F. Kennedy, 35th President of the United States, died a martyr's death. The world will not forget what he did here. He will live on in our hearts which will be his shrine," the President said.

Rock-Tossing Vandals Hit Cars and Buildings

A rash of automobile windshield smashings over the weekend were climaxed this morning when Pampa police received report of the breaking of windows at a Salvation Army booth on Cuyler St.

A total of four automobiles parked in front of Pampa residences were targets for the rock, brick and concrete throwing vandals, officers said.

The window smashers also broke out a large window at the U. S. Army Recruiting Office at 112 E. Foster and hit the Salvation Army Christmas booth at the corner of Cuyler and Foster Sts.

The window - smashing at the Salvation Army booth was the last of the incidents to be reported this morning.

Envoy H. C. Seago said all of the windows to the booth were smashed, apparently with rocks, either Saturday night or Sunday night.

Seago said he was "very unhappy that someone would do this" and commented that the breakage might be the work of "someone we have helped."

Sgt. Billy Blackburn, 1213 E. Kingsmill, told officers that a rock had broken the display glass window of the Army recruiting office sometime Saturday night.

Gerald Vaughn, 508 Lowry, reported a portion of concrete was heaved through the windshield of his late model pickup while it was parked at the street at his home Saturday night.

St. Matthew's Gives Plans For Events Over Yule Holiday

A midnight choral holy communion will be celebrated at 11 p.m. on Christmas Eve at St. Matthew's Episcopal Church. The service is so timed that the holy communion will be given at the stroke of midnight.

The choir under the direction of Miss Rosemary Lawlor will sing "O Holy Night" with James Dailey as soloist for the anthem. The Junior Choir will sing "Once in Royal David's City." Traditional hymns and carols will be sung before and after the service.

Members of the school youth groups have decorated the church and have made "luminaries" to line the sidewalk approaches to the church.

Rev. William E. West has a chosen as title for the sermon, "What Christmas Really Is."

On Christmas Day there will be a service of holy communion at 11 a.m.

Other coming events will be the annual "Burning of the Greens" on the Feast of the Epiphany, Jan. 6. This is a community event sponsored by the Episcopal Church where Christmas trees and greens are brought to a central place (the high school) and burned. Everyone is asked to save Christmas greens and to share in the bonfire. Following the bonfire a worship service is held at the church and then hot chocolate and cookies will be served at the Twelfth Night Party in the Parish House. Mr. and Mrs. Lance Kenner are in charge of the "Burning of the Greens."

Burglaries and Theft Reported to Police

Two pay telephones were ripped from walls at separate Pampa laundries Sunday night, police reported today, and an undetermined amount of change taken from other machines in the buildings.

Investigating officers said the telephones were taken from the Maytag 24-Hour laundry at 708 E. Frederic, and the Day and Night laundry at 916 W. Wilkes.

Officers said this was the third such pay telephone theft in Pampa in recent weeks. The officers said the theft on Frederic occurred between noon and 11:30 p.m. Sunday when it was discovered.

The intruders also broke into a soft drink machine, taking a small amount of change.

The theft at the Wilkes street laundry included entry into a soft drink machine with the intruders taking money box and its contents, entry into a soap dispensing machine with some \$5 in change taken and unsuccessful attempts to open a candy machine and dryer.

Police said it appeared that a fire tool of some type was used to enter the machines as well as to rip the telephones from the wall. Investigators were also checking the theft of a rifle and shotgun from the front seat of an unlocked pick-up truck early today.

Odia Calcoate, 1937 N. Wells,

Bright Sun

(Continued From Page 1)
there has been no trouble in supply needs of Pampa and other Panhandle towns, both for industrial and domestic consumers.

In other sections of the state, Lone Star Gas Co., declaring no shortage but hoping to prevent one if the cold hangs on, ordered a 25 to 50 per cent reduction in natural gas supplied to industrial users.

Southwestern Public Service Co. officials said today the ice-laden power lines had caused no major problems. Several minor difficulties arose, they said, but service was not interrupted anywhere in the Pampa area.

The entire state was hit by the week end cold spell. At 7 a.m. today Brownsville was the only reporting spot in Texas above freezing and the weather bureau said the 33-degree reading there would be replaced by lower marks before the mercury started back up. It was 9 degrees at Tyler early today and 20 degrees at Houston.

Some temperature readings around the Panhandle early today included 3 degrees at Dalhart, 10 at Lubbock, 13 at Amarillo and 12 at Borger.

It was 12 at Wichita Falls, 18 at Midland and Beaumont - Port Arthur, 19 at Presidio, 20 at Del Rio, 25 at Victoria and San Antonio, 26 at Corpus Christi, and 29 at Laredo.

Elsewhere in the nation, some of the worst winter weather of the century pounded the country's mid-section with snows up to 14 inches deep and a hard freeze that penetrated as far south as Florida.

Heavy snow warnings were out today from eastern Tennessee and Kentucky northeastward over Pennsylvania, West Virginia, southern Ohio and Indiana. Snow-amounts in these areas were expected to total more than 4 inches.

There was a two-inch snowfall in the Dallas-Fort Worth area Sunday with temperatures in the 20s.

The white oak is the most valuable of the Texas oaks.

Epic

(Continued From Page 1)
cruise ship were women and there were at least 32 children under 12 years old. Three Americans were among the passengers, most of whom were British.

The disaster threatened to be the worst in a fire at sea since 1934 when the liner Morro Castle burned off Asbury Park, N. J., taking 123 lives. It also threatened to result in greater loss of life than the collision between the liner Andrea Doria and the liner Stockholm off Nantucket July 25, 1956. That collision took 51 lives and caused the Andrea Doria to sink.

Shortly after noon, the U. S. Air Force, which had four C-54 rescue planes from the Azores flying over the blazing ship, reported scores of persons still struggling in the sea, apparently buoyed by lifejackets.

At 12:30 p.m. (7:30 a.m. EST) a U. S. Air Force spokesman at Air Rescue Headquarters, Wiesbaden, Germany told newsmen:

"To the best of our knowledge the Lakonia is still afloat. But many survivors are still in the water."

"They thought they had the fire under control earlier this morning, but then the explosions spread the fire all over the ship again."

Many passengers apparently leaped into the water but late reports said about 100 were huddled at the stern of the ship the only section clear of flames.

The blaze started amidships and spread later when the explosions rocked the 33-year-old liner that had been refitted and reconditioned recently for use in the cruise trade.

The Air Force reported at least four ships in the immediate area were plucking survivors from a sea which had turned mercifully calm under cloudy skies.

RAF Plane Reports
An RAF reconnaissance plane circling the area reported:

"Many survivors. Lifeboats are being picked up by ships. There are approximately 100 left on board the 'Lakonia.'"

U.S. Air Force pilots flew over the area in air-sea rescue planes like those used for standby duty in U.S. space shots. They dropped three 20-man lifeboats but reported no para-rescue team members were parachuted to the water because "sufficient surface aid was available."

The British freighter Montcalm and the Air Force both reported explosions and spreading fire aboard the Lakonia.

The captain was reported to be M. Warbis, a Greek.

The Montcalm, a 3,000-ton freighter, and the Argentine ship Salta were the only vessels taking part in the rescue that could be identified by Air Force pilots.

Sea Are High
Winds of more than 20 miles per hour and high seas made rescue work difficult, the Montcalm reported.

Distress signals the unidentified radio man sent from the burning ship alerted the Montcalm and other rescue vessels.

Obituaries

Marshal Davenport
Marshal Davenport, 89, died Sunday at Twilight Acres. He had been a resident of Pampa for the past five years.

Davenport was born in 1874 at Athens, Ga., and was a retired Sinclair Oil Company employe.

Davenport was married to the late Lily Mae Hodges and was a member of the Church of Christ at County Line, Okla.

He is survived by a daughter, Mrs. Monta McLaughlin of Indiana; two sons, Vance W. Davenport of Boise, Idaho, and James A. Davenport of Pampa; a niece, Mrs. Harry Last of Leon, Kans.; three sisters, Mrs. T. O. Midkiff of Midland; Mrs. Clyde Frazer and Miss Mary Davenport, both of Ardmore, Okla.; 12 grandchildren and 8 great grandchildren.

The body will be sent to Vaughn Funeral Home for services and burial at Elmory City, Okla.

James G. Roberson
James G. Roberson, 64, died Sunday in a Pampa hospital after a short illness. He lived south of the city limits.

A resident of Pampa for 36 years, Roberson came to the city from Electra in 1927. He was a retired pumper for Cities Service, having worked for them 35 years.

He was a member of the Fellowship Baptist Church. He was born in Hamilton, Tex., in 1899.

Survivors include three sons, Raymond E., Jack H., and Bill C. Roberson, all of Pampa. Six sisters, Mrs. Adele McGrew of Dallas; Mrs. Velma Simpson and Mrs. Beth Williams, both of Hamilton; Mrs. Vera Cook of Fallurrias; Mrs. Hattie Pointer of Lubbock and Mrs. Elzie Bennette of Tyler; two brothers, N. A. Roberson of Fort Worth and

Asthma Formula Prescribed Most By Doctors - Available Now Without Prescription

Stops Attacks in Minutes... Relief Lasts for Hours!
New York, N. Y. (Special)—The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription. Medical tests proved this formula stops asthma attacks in minutes and gives hours of freedom from recurrence of painful asthma spasms. This formula is so effective that it is the physician's leading asthma prescription—so safe when used as directed that now it can be sold without prescription in most states.

Dear Abby....

Remind Him That Time For Decision Is Short

By ABIGAIL VAN BUREN

DEAR ABBY: A few months ago I wrote to you about my husband seeing another woman. I talked it over with him like you said I should. He denied it at first, but it all came out in the open a few weeks later. So here is my problem: He says he loves this other woman too much to break off with her. (She is also married and has children.) He doesn't want a divorce or separation from me because he says he still loves me and he loves our children. I love him too much to kick him out. What do I do now?

UNDECIDED DEAR UNDECIDED: You'll do your husband a favor if you show him the open door. Tell him to send liberal support money by mail. If and when he decides to resume the role of full-time husband and "adoring" father, tell him you'll think it over. But remind him that his time for decision is short.

DEAR ABBY: A school dance is coming up and it's a girl-ask-boy. The boy I would really like to ask has never asked me to anything, so my mother is making me invite a real creep who has taken me to a couple of school things. Isn't there some way I could get this real cool guy to ask me to something right away so I could take him to the dance instead of the other one? The creep doesn't know how to dance and I get so tired walking backwards all night.

EIGHTH GRADER DEAR EIGHTH GRADER: Ask the boy who has asked you out. And if you have any spare

time, invite him over first for a few dancing lessons.

DEAR ABBY: My daughter, 23, is being married soon. She is a college graduate and has always been the most wonderful daughter a father could wish for. Her mother and I were divorced when she was 10. (Her mother was unfaithful to me, but I acted the "gentleman" and let HER sue me for divorce.) Our daughter has since divided her time between her mother and me. (Mostly with her mother.) I never remarried. My daughter wants me to give her away at her wedding, and I want to. But I cannot bring myself to stand beside my former wife at the wedding, sit with her, dine with her, and share congratulations in the receiving line with her. Only God knows how I hate that woman! I cannot shake that hatred. What should I do?

PROUD FATHER DEAR FATHER: You CAN shake that hatred if you try. I say try hard, and replace your bitterness with compassion. And go to your daughter's wedding.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Oyster-Chicken Stew for Eve Of Christmas

By GAYNOR MADDOX Newspaper Enterprise Assn. In most American homes, Christmas Eve supper is simple but well-flavored with anticipation of the next day. In our mother's home, we often had either a creamy oyster stew or this oyster and chicken, stew before decorating the tree. There were always children and neighbors and visiting relatives (we had scads of them) to enjoy it and no one ever complained of being hungry afterward.

This oyster-chicken stew uses frozen chicken breasts. Diced leftover turkey may be used in place of the chicken if you prefer.

OYSTER-CHICKEN STEW 1 1/2 lbs. chicken breasts or 2 packages (10 oz. each) frozen chicken breasts, thawed 1 pint chicken broth 1 can (6 oz.) chopped broiled mushrooms 1 teaspoon salt 1/2 teaspoon celery salt 2 tablespoons cornstarch 3 tablespoons water 1 pint oysters or 2 packages (8 oz. each) frozen oysters, thawed 1 quart rich milk or half-and-half Butter or margarine

Cut chicken breasts into bite-sized pieces and place in 1-quart saucepan. Add chicken broth, mushrooms, including broth and seasonings. Bring to a boil and simmer, covered, until chicken is tender, about 10 minutes. Stir in cornstarch and water which have been blended together and cook until liquid thickens. Add oyster liquid and oysters, which have been carefully picked over to remove any bits of shells. Bring to a boil and simmer 1 minute. Heat milk and stir into chicken-oyster broth. Serve as promptly as possible in soup bowls with 1/2 teaspoon butter on top of each serving.

Scouting Scoops

This is the perfect time of the year to put into practice the eighth Girl Scout Law, a Girl Scout is cheerful. So many times we look upon the Christmas season as a time of working endless hours in the kitchen and having to buy what seems like hundreds of gifts, that we forget the true meaning of Christmas. We forget that this is a time of rejoicing and being thankful. Let us remember our Girl Scout Laws and see if it doesn't make this year's Christmas a happier one. Remember a smile is catching!

Thursday afternoon the girls of Troop 20 carried out the meaning of Christmas by visiting the folks at Twilight Acres. Angel centerpieces were made in the troop meeting and were used for decoration at the home. Each of the girls took cookies for refreshments. An entertainment the girls returned to Mrs. Claude Ferrel's home for refreshments. The girls who attended were Patsy Neslage, Marsha Ellis, Mary Powell, Debbie Prichard, and Debbie Ferrel.

International Friendship—what do those two words mean? Do you think of travel and faraway places? Do you think of venture and excitement? Do you think of folk dances and songs, of works of art, of interesting customs, and different languages? Many people do. But international friendship is much greater than the sum total of all those things. It stands for friendship among people of many nations. It is based on understanding and love. It begins within your own heart and in your own home. It spreads from home to home, community to community, and country to country. As it spreads it grows stronger. It brings with it peace among all the people of one nation and all the peoples of the world. It is an exciting

adventure in getting to know yourself and your neighbors, whether they live next door or thousands of miles away.

Senior Troop 5, in trying to carry out the idea of international friendship, had a progressive dinner using this as their theme. The plans were made in the troop meetings and they decided that they would have a four course meal and each course would be served at a different home. Also each house was to represent a different country where the decorations and food would be typical of that country. The first course, which consisted of the appetizers was served at the home of Nancy and Barbara Holt. Holland was used as the theme. The serving table was decorated with tulips and wooden shoes flanked on each side by candles. Ginger ale with cheese and crackers were served. The salad course was served at the home of Mary Nell Graham. Here the theme was Hawaiian. The table was decorated with pineapples, bananas, and flowers with a fish net as a background. Hawaiian music was played as the girls were being served. Tropical salad was served from an authentic salad bowl and sea shell set. The main course was served at the home of Becky and Ann Brewer. Here the girls visited Japan. The house was decorated with lanterns, candles, fans, and pictures. Chow mein was served by Mr. and Mrs. Brewer wearing Japanese kimonos. The girls were required to eat with chop sticks. Hot tea and hot rolls were also served. The last course was served at the home of Linda Moore. France was used as the theme. The home was decorated like a side walk cafe with candles on the tables and menus to order from. Parfaits of red and green jello with whipped cream were served.

Wield A Wicked Griddle

STRAWBERRY pancakes are spectacularly delicious

By GAYNOR MADDOX STRAWBERRY SPECTACULARS (Makes 4 servings)

Strawberry Sauce: 1 1-lb. pkg. frozen strawberries, thawed 1/2 teaspoon salt 1/2 teaspoon lemon juice 2 tablespoons cornstarch Pancakes: 1 cup milk 1 egg 1 tablespoon melted or liquid shortening 1 cup pancake mix

For sauce, place strawberries, salt and lemon juice in medium-sized saucepan. Combine cornstarch and water; add to strawberries, stirring until blended. Bring to a boil; cook over low heat until thickened and clear, stirring frequently.

For pancakes, place milk, egg and shortening in shaker or bowl. (If melted shortening is used, add after pancake mix). Add pancake mix. Shake vigorously 10 times or stir lightly with wire whisk or spoon until batter is fairly smooth. Some-

what lumpy batter makes light pancakes.

For each pancake, pour about 1/4 cup batter onto hot, lightly greased griddle. Bake to a golden brown, turning only once. For each serving, stack 3 pancakes with warm sauce between; garnish with sweetened whipped cream and a sprinkling of chopped nuts.

Quotes In The News

By United Press International

LAS VEGAS, Nev. — Actress Elizabeth Taylor's fourth husband, singer Eddie Fisher, looking ahead to his divorce so she could be free to marry actor Richard Burton:

"I'm sure it will be over very soon and everybody will be very happy."

Baby Michael Ball, 1008 E. Scott
Glenn Nichols, 2320 Christine
Mrs. Genevieve Smith, Panhandle
Mrs. Nancy White, 1035 S. Barnes

FORT WORTH—Russell Wece McLarry, 21, charged with threatening to kill President Kennedy the night before the assassination:

"If I can be tried for a joke and found guilty then that is

the extent of it."

BERLIN—West Berliner Mrs. Ruth Schumacher, 29, returning from a pre-Christmas visit to her parents in East Berlin who saw their 20-month old grandson for the first time:

"A lot of tears were flowing."

STATELINE, Nev. — Frank Sinatra Jr., resuming his singing engagement at a Lake Tahoe gambling casino from where he was kidnaped 10 days ago:

"To think, I complained before that one and one-half hours was too much between shows."

Gifts of the Magi

The chain in her hand seemed to flash with a reflection of her ardent spirit. "Isn't it a dandy, Jim? You'll have to look at the time a hundred times a day now. Give me your watch. I want to see how it looks on it."

Instead of obeying, Jim tumbled down in the couch. "Dell, let's put our Christmas presents away and keep 'em a while. They're too nice to use just at present."

"I sold the watch to get the money to buy your combs, Dell," Jim said. "And now suppose you put the combs on."

Culley Terms Tourney Chances Good for Five

The Pampa Harvesters must defend their own Top O' Texas Basketball Tournament championship for the eighth straight time this Friday and Saturday nights, and coach Terry Culley feels the Harvesters have a good chance.

Dumas will open the tourney at 7 p.m. Friday night against Lawton, Okla., with the Harvesters meeting Wichita Falls at 8:30. Saturday night, the battle for third place will take place at 7 and the championship game at 8.

Natural rivalries are spilling all over the place, points out Culley, as most of the teams have a long football or basketball antagonism or both.

Dumas and Lawton, both football champions, have a bitter rivalry going, as well as a cage enmity stemming from this tourney, in which both make their fourth appearance.

Lawton also has both a football and basketball rivalry with Wichita Falls, having played

COACH TERRY CULLEY ... has high hopes

the Coyotes twice in basketball already this season, while Pampa and Wichita Falls are fast building up a natural rivalry based on their football game earlier this season and a one-point win by WF in Pampa's first basketball game this month.

Wichita Falls is the only newcomer to the tourney, replacing Fort Worth-Arlington Heights, which lost to Pampa in the tourney finals last year, 51-45. Pampa had beaten Lawton in the opening round, 65-46, while Arlington Heights took Dumas, 50-32. Dumas then took the third place honors as they stopped Lawton, 57-48.

As recently as two years ago basketball was of minor importance on the UM campus in respect to football and the team did little to enhance its appeal.

The situation is changing rapidly, however, and Michigan can solidify its position as one of the nation's top basketball powers when it takes on some more of the best in the Los Angeles Classic starting Dec. 26. The Wolverines' first-round opponent will be seventh-ranked UCLA.

Michigan, rated No. 2 in the last ratings of the United Press International board of coaches, gave itself a big boost by overpowering fourth-ranked Duke 83-67 at Ann Arbor last Saturday. It was the sixth straight success without defeat for the sophomore dominated Wolverines.

"Dumas is a good team, and should get much stronger now that their football season is over and all their players out," said Culley. "They have two good 6-5 boys. They like to beat Palo Duro AT Palo Duro recently, and anyone who can do that is strong."

"I don't know too much about Lawton, they were mostly seniors last year, but they always have a strong team."

"Wichita Falls? I feel like we can beat them. They beat us on a free throw after the game was actually over, in our first game of the season. If we can play any kind of a good ball game, I think we can win it. Of course, they're pretty good - sized, but if we play up to capacity, we can beat 'em, and keep that trophy for the eighth straight year."

Quarterbacks Steal Bowl Tilts Spotlight

By JOE GERGEN
UPI Sports Writer

George Mira of Miami (Fla.) walked off with a "hometown" decision over Boston College's Jack Concannon, but a rematch has been arranged for a neutral site next year.

Mira and Concannon, two of

Saturday in Miami's North-South All-Star Game. Mira was declared the unofficial winner on the basis of the South's 23-14 victory—but the two are due for another meeting in the Senior Bowl at Mobile, Ala., on Jan. 4.

Don Trull, statistically the top passer in the nation for the past two seasons, also staged a spectacular aerial display to lead Baylor to a 14-7 victory over Louisiana State in the Bluebonnet Bowl at Houston.

But the only passing done at Philadelphia's frigid Liberty Bowl was by the fans, who passed up Mississippi State's 16-12 victory over North Carolina State in record numbers.

Both Have Signed

Both Mira and Concannon, who already have signed with the San Francisco Forty Niners and the Philadelphia Eagles of the National Football League, respectively, turned in thorough professional performances in the North-South contest.

Mira, playing before a hometown crowd of 19,120 at the Orange Bowl, connected on 27 of 42 passes for 339 yards and two touchdowns to steer the South from a 14-0 deficit. The 14 Northern points were the work of Concannon, who scored one TD and passed for the other while accumulating a total of 327 yards.

All the North's scoring was crammed into the first period. Concannon drove the Yankees 72 yards to the Rebels' eight late in the opening session. Coach Bump Elliott replaced Concannon with George Bork of Northern Illinois, and the threat died.

Trull shredded the LSU pass defense for 26 completions during the day, but the Bears didn't reach the end zone until the fourth quarter. Trull passed seven yards to end Jim Ingram to tie the game at 7-7, then hit Ingram with another TD pass for 13 yards and the victory.

Took Early Lead

Louisiana State had taken an early 7-0 lead in the opening period on Buddy Soefker's eighty-yard scoring dash, but the crowd of 50,000 saw Trull easily erase the Bluebonnet passing records in the process of erasing the Tigers' lead.

Texas, Rice Lick Wounds Of SW Losses

By United Press International

Top-ranking Texas and Rice lily lick the wounds of defeat this Christmas week, but all other Southwest Conference teams will be in action at least once.

Rice won't return to the courts until the start of conference play Jan. 4 at Fort Worth against Texas Christian, but Texas will compete in a Holiday Tournament at Charlotte, N. C. Dec. 30-31.

Texas suffered its first setback of the season last week when the Longhorns bowed to Wichita 76-57 and to Oklahoma State 69-53, while Rice dropped its second and third games against six victories — 89-78 to Brigham Young and 79-72 to Utah.

All four losses came while the teams were away from their own floor.

Southern Methodist is the only team to stay at home this week, the Methodists hosting Stanford Saturday night in Dallas. Texas Tech goes to Bartlesville, Okla. to meet the Phillips Oilers the same night.

Four other league teams will compete in tournaments, starting Thursday when the Texas Aggies play in the All-College at Oklahoma City. Friday, Arkansas launches play in the Gulf States Classic at Shreveport, La., and Texas Christian in the Poinsettia Tournament in Greenville, S. C. Saturday, Baylor plays in the Sun Bowl Tournament, which winds up the following Monday, in El Paso.

Michigan Cagers Turn Cage Sport Into Big Event

By MARTIN LADER
UPI Sports Writer

Basketball is no longer a sometime thing at the University of Michigan and may even become the only thing if the Wolverines make a successful invasion of the West Coast later this week.

As recently as two years ago basketball was of minor importance on the UM campus in respect to football and the team did little to enhance its appeal.

The situation is changing rapidly, however, and Michigan can solidify its position as one of the nation's top basketball powers when it takes on some more of the best in the Los Angeles Classic starting Dec. 26. The Wolverines' first-round opponent will be seventh-ranked UCLA.

Michigan, rated No. 2 in the last ratings of the United Press International board of coaches, gave itself a big boost by overpowering fourth-ranked Duke 83-67 at Ann Arbor last Saturday. It was the sixth straight success without defeat for the sophomore dominated Wolverines.

Kentucky Wins Sixth

Kentucky is another school with a lot to be grateful for at this time of year. The third-ranked Wildcats, coming off their worst season in the 33-year reign of Coach Adolph Rupp, also boosted their record to 6-0 Saturday by trouncing Wake Forest 96-75 in the final round of the University of Kentucky Invitational.

Kentucky, paced by the 28 points of Cotton Nash, now has captured its own tournament three straight years.

UCLA warmed up for the Los Angeles Classic by routing previously unbeaten Creighton 95-79, despite an outstanding performance by the losers' Paul Silas, who grabbed 33 rebounds in addition to scoring 20 points. The Bruins, now 6-0, were led by Walt Hazzard's 26 points.

Butler Drops Toledo

Toledo, tied for 10th place with Davidson and Oregon State, was upended by Butler 82-61 last Saturday. Eighth-ranked Texas was a 69-53 victim to Oklahoma State and Davidson walloped East Carolina, 105-77. Vanderbilt was a 91-82 victor over Louisville, and Oregon State nipped Indiana 56-52.

Michigan, displaying unusual poise for a team which starts three sophomores and two juniors, easily solved a Duke zone defense to take a 38-30 halftime lead. Sophomore Cazzie Russell paced the Wolverines with 21 points, all but three of them coming in the second half. Jeff Mullins led Duke with 22.

In the consolation game of the Kentucky invitational, Princeton edged Wisconsin 90-87 in overtime as Tiger star Bill Bradley tallied 47 points for a two-game total of 77. Both marks broke tournament scoring records held by Jerry West, former West Virginia star now playing with the Los Angeles Lakers.

Matson Eyes West Coast Event

By GLENN McCASLAND

Randy Matson, Pampa's outstanding shotput artist, came home this weekend from Texas A&M University for the Christmas holidays, but it won't be much of a vacation for the 230-pounder.

Matson, along with Donnie Ayers, returned to visit his parents, Mr. and Mrs. C. W. Matson, and Pampa friends during the Yule vacation. He arrived early Saturday.

Today he plans to end the vacation when he pays a visit to Pampa high school where he intends to set up training for a forthcoming track and field meet in Los Angeles.

"I plan to lift weights and get down to hard work on my style for the shot-put," the youth said Sunday night. "Texas A&M has us on a tough training schedule and I felt like I should keep it up while visiting in Pampa."

Matson finds A&M "hard classroom-wise" but reports he has posted "good grades in

LAST GAME BEFORE TOURNAY Pampa Meets Perryton Tonight

By ROCKY RANDALL
(News Sports Reporter)

"We don't know too much about them, except that they will be tough." That's the way Harvester Coach Terry Culley summarizes the Perryton Rangers, Pampa's nondistrict opponent tonight. Game time is 8 at the Harvester Field House with the "B" team encounter scheduled to get under way at 6.

"We beat them 80-61 in our first game at Perryton," Culley

declared, "but don't let that fool you. They had lost to Borger by four or five points the night before we caught them, and we may have surprised them," the chief basketball mentor said.

Perryton will be Pampa's last contest prior to the opening of the Top O' Texas Tournament here Friday. Pampa will be defending their tourney championship against Wichita Falls, Dumas and Lawton.

Coach Roy Kieval's Shockers will be going after their 11th win of the year against no defeats when they kickoff the action at 6 p.m. The Shockers will be closing play before they re-open in the Borger "B" Basketball Tournament on Thursday.

The Harvesters will be shooting for their fourth win of the year tonight against Perryton. Pampa stands at one win and two losses in district warfare, while posting a two-win, five-

loss record in nondistrict play.

The Rangers won't be the tallest team to face the Harvesters this year, but they do have good height. Coach Culley said, "I remember one player in particular, a boy named Drake. He did most of their scoring against us."

"If the fans want to see an exciting basketball game, Culley concluded, "then they want to be sure to be on hand tonight."

San Diego Stands in Wings As Buffalo, Boston Tangle

By NORMAN MILLER
UPI Sports Writer

It figures to be a mighty cold day Saturday when the Boston Patriots and Buffalo Bills meet in the American Football League's Eastern Division playoff but the winner can expect a warm reception one week later in San Diego.

The San Diego weather should be sunny and the San Diego Chargers hot.

The Chargers clinched the Western Division crown Sunday with a 58-20 rout against the Denver Broncos and now have a two-week stretch in sun-soaked California to prepare for the AFL's title playoff against the Eastern Division winner at San Diego, Jan. 5.

The Bills and the Patriots, who ended their regular season last weekend with 7-6-1 records, clash next Saturday afternoon at Buffalo in a temperature that undoubtedly will be freezing.

Coach Sid Gillman and his Chargers will be waiting to thaw out the winner.

Mike Mercer of Oakland kicked a 39-yard field goal with 4:37 remaining to beat the Oilers. At least four records were set in the game. In addition to the 101-point total, Clem Daniels set an AFL season rushing record of 1,098 yards and Art Powell caught four touchdown passes. Daniels gained 158 yards Sunday, giving him two more yards than the record set last year by Buffalo's Cookie Gilchrist.

Tom Flores completed six touchdown passes, one less than

the AFL record; George Blanda who holds that mark, threw five TD tosses. Oakland gained 407 yards by passing and 181 by rushing for a 588-yard total offense that also was a single-game mark.

The Raiders, who won only one game in 1962, closed out the '63 season with eight straight wins and a total of 10.

Len Dawson completed four touchdown passes and defensive tackle Jerry Mays ran 58 yards to score with a recovered fumble as the Chiefs drubbed the Jets in nine-degree weather.

Fletcher Wins Liberal Bout

LIBERAL (Spl) — Lightning struck for the second time as Ronnie Fletcher of Pampa won a unanimous decision Saturday night over highly rated Dennis Kirk of Liberal in a return bout at Liberal. Fletcher had decided Kirk in an earlier match in Pampa.

The Pampa Optimist boxers won nine out of their 12 fights. George Sanchez of Pampa won a unanimous decision over Glenn Seymour of Liberal in one of the more exciting fights of the night.

The fight weights ranged from 60 to 155 pounds.

Jessie Velasquez won a return open match from Jerry Cordova. Cordova defeated Velasquez at Pampa last Thursday.

A boxing rule in Kansas states that any boy with over six fights is classified as open.

OPEN

132—Jessie Velasquez, Pampa over Jerry Cordova, Liberal.

140—George Sanchez, Pampa over Glen Seymour, Liberal.

135—Henry Cordova, Liberal over Mike Slattery, Amarillo.

135—Mike McMurry, Liberal over Don Clements, Amarillo.

155—Ronnie Fletcher, Pampa over Dennis Kirk, Liberal.

HIGH SCHOOL

105—Dean LaRue, Pampa over Ira Burris, Amarillo.

150—Ronnie Shannon, Amarillo over Archie Green, Pampa.

135—Larry Austin, Amarillo over Waldo Green, Pampa.

147—Jim Hopper, Pampa over Tommie Miller, Liberal.

129—Gary Jones, Pampa over Larry Ratzcliff, Liberal.

HW—Charles King, Pampa over Dwayne Trotter, Liberal.

114—George Pechico, Liberal over Robert Cameron, Amarillo.

PEE-WEE

60—Bruce Thomas, Amarillo over Jessie Nich, Liberal.

70—Weldon Bennett, Pampa over Norman Romero, Liberal.

70—Joe Manzanarez, Pampa over Mike Clement, Amarillo.

75—Johnie Cameron, Amarillo over Alf Valasquez, Liberal.

90—Jimmy Wilson, Liberal over Hoard Clement, Amarillo.

Petersburg Takes Class A Grid Title

LUBBOCK (Spl) — Petersburg's Buffaloes downed the George West Longhorns Saturday night in 22-degree weather here to win the Class A football state crown, becoming the only West Texas team to make it into the schoolboy throne room.

Petersburg used eight George West fumbles to keep the Longhorns in the soup and posted 296 yards total yards gained in the battle.

George West fullback Steve Lane was outstanding for the losers with 174 yards on 13 carries. He scored twice on runs of 56 and 62 yards for the South Texas crew.

In other championship games, Garland downed Corpus Christi Miller, 17-0, for the Class 4A title. Corsicana beat Pharr-San Juan - Alamo, 7-0, in the 3A race and Rockwall overcame John Foster Dulles, 7-6, in the 2A title go.

NEW YORK (UPI) — Paul Flatley of the Minnesota Vikings, who was only the 44th collegian selected in the National Football League draft one year ago, has been named the 1963 NFL rookie-of-the-year by United Press International.

The springy-legged, 22-year-old former Northwestern star, who swiftly learned all the tricks of pro pass-catching, won the honor by a one-sided majority in the annual UPI poll of 42 writers who covered the NFL regularly (three from each city).

Flatley received 25 votes, compared to 5 for Dun Brumm, the St. Louis Cardinals' defensive end who was runnerup in the voting. John Mackey, Baltimore Colts tight end, and Lionel Aldridge, Green Bay Packers defensive end, each received two votes.

Holidays No Vacation for Pampa's Randy

By GLENN McCASLAND

MATSON REPORTED he would make his first effort as an A&M representative Jan. 18 at the Los Angeles Invitational Indoor Track and Field meet.

"We have several meets scheduled after that one, but this is the first for the year," he explained. "I want to get my form down pat before I get back to school Jan. 6."

Matson has been working with weights three times a week, concentrating on shot and discus throwing every other day. He reported his best shot toss thus far was a 58-foot throw.

"I HAVEN'T BEEN throwing for distance yet. There have been several other measurements at the 57 to 58-foot mark, however," he explained. "I'll start distance tossing after school resumes."

Matson finds A&M "hard classroom-wise" but reports he has posted "good grades in all my work" and hopes to continue to improve in his studies.

The youth, who tipped the scales at 220 when he entered the school, said he dropped to 212 pounds in mid-fall, but since that time had regained the eight-pounds plus 10 for a 230-pound weight.

"It hasn't hurt me any," he laughed. "They feed all the students well at A&M. And I eat my share."

Matson said he would train with an indoor shot he brought home from Aggie land. He will follow much the same program as he does at A&M.

BETWEEN WORKOUTS and meals, Randy hopes to visit with as many of his Pampa friends as possible.

Ayers, who is visiting his parents, Mr. and Mrs. H. S. Ayers, has been working with the javelin at A&M and shows promise of becoming a freshman standout for the Aggies. Ayers played football and basketball for the Harvesters and tried out for track on his own at A&M. He will not participate in meets until the regular "frosh" schedule begins this spring.

The only other Aggie freshman expected to make the Los Angeles trip with Matson is James White, Dallas Sunset sprinter. He will join Matson after taking part in the Sugar Bowl Invitational at the end of the holiday period.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is, thus, consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Honeymoon Will End

The easy expectation is that President Johnson, the veteran master manager of the Senate, will command support from the nation's lawmakers for his legislative program that the late President Kennedy could not have matched.

Yet there are important reasons why this expectation might not be fulfilled, whether Johnson should have one year and two months in office, or one or two full terms beyond that.

The first of these is the elemental fact that, whatever his long background in the Congress and his mastery of its processes, Johnson is now a man apart. Many lawmakers hold him in fond memory and cherish his friendship even now. But he is no longer one of them.

His view of the nation's problems will hereafter be different from theirs. His proposals for solutions will inevitably differ from those he would promote as a leader in Congress. They seem almost sure to be stoutly resisted on these grounds alone: they are the product of an outsider, of a competing source of governmental power.

To those who doubt this likelihood the lessons of history may prove impressive. From the very outset of our history under the present Constitution, the President and the Congress have warred continuously. No chief executive has been free of this conflict altogether, even in the moments of great national unity.

Barbarians at Gates

A lot of people do not like any effort to find parallels between the decline of the Roman Empire and the troubles of Western civilization today. But some long viewers keep trying. They single out the period from about 200 A.D. on, long before the empire really had crumbled and the barbarian invaders were at Rome's gates.

It was a time of prosperity for city and empire. Living wore a high gloss. The second of the two great classical civilizations offered a bright facade. Yet behind it, moral decay already was far advanced. Corruption was a common place. Standards of conduct had sunk perilously low. Most of those who governed lacked either the will or the capacity to impose more than superficial order.

The seeds of destruction had germinated and were growing. Rome's greatness had lost its power and vigor even as its surface added sheen. When the invaders struck, they crushed an empty shell.

The Americans and Western Europe are not Rome. The West's power is immense and still growing. It too has a bright facade — new buildings, new products of industry, new leaps into space and other unknowns by science.

But this also is something of a false front, though to a lesser degree than was true in third-century Rome. We live in an era where, increasingly, crime and corruption not only exist but are widely tolerated. While we comfort ourselves with the "only a minority does it" excuse, the absolute number of transgressors multiplies enormously.

Often guilt in high public places is either not acknowledged or not understood by the guilty. Some men, admitting guilt, seem to think a proper response is to say they will cease misbehaving when others do. Lines between acceptable behavior and misconduct are fuzzily drawn. A suburbanite can see no difference between pushing a friend into a swimming pool at a party and thousands of dollars worth of vicious vandalism done to an expensive home.

Morality weakens at all economic levels, in all parts of this land. Knowing the burden will fall on insurance firms, and be widely spread in higher premiums for all, juries award fan-

Run through the solidly researched biographies of our presidents and you find the documentary evidence of this unending struggle overwhelming. Secondly, neither Congress nor the President himself may regard as fitting and suitable the use by a man in the White House of the maneuvers Johnson employed so effectively as Senate majority leader.

Even if such maneuvers were not perhaps viewed as unbecoming for a President to rely upon, the question must arise whether—as a practical matter—they could be used as well. For they depend at least in substantial part on some continuing degree of physical proximity. This is impossible for a busy President working two miles from Capitol Hill. The telephone is no substitute for personal contact.

For a third thing, at least in 1964, partisan politics can become a serious obstacle. President Johnson, with just a few months at his disposal, will be out to make a record he can run on in the fall elections. The Republicans will be out to see that he makes no record — or a poor one they can easily attack.

None of this is to predict that Johnson will be totally hamstrung by Congress as he undertakes to make a legislative showing. It is simply to indicate that, for all his talents with lawmakers, Johnson may find he will have the same difficulties with Congress that presidents have had since George Washington's day.

tastic sums to the injured in automobile accidents. But a survey in one city shows juries seldom impose stiff penalty on persons who have killed others in such accidents.

Manners sag along with morals. Much public behavior today finds the individual moving as if in a magic capsule indifferent to all about him. A civilization, in its biggest acts and its smallest, is made and maintained by men who care. Relatively, they are a diminishing number in our life today.

If we do not find more of them, the trouble some "minority" may become a majority one day. Then the power and vigor and spirit of this great civilization would be gravely menaced.

Turning Back The Years

(From the files of the Pampa Daily News) 30 Years Ago Today Dec. 23, 1933

Christmas cheer will be uniformly satisfactory in the Pampa area this year because of wider spread employment, arrival of wheat checks and revival of business optimism.

Two women who live south of Pampa placed two packages of wearing apparel and a small Christmas tree in the wrong car last night and the mistake was not discovered until the other car had been driven away.

25 Years Ago Today Carson County officers investigated the death of a young Pampa woman found dead in a farm residence three miles northwest of White Deer.

County commissioners approved payment of checks totaling \$20 as bounties on coyotes killed by Gray county citizens.

10 Years Ago Today Pampa slated for more cold weather with a forecast of continued cold tonight, with temperatures ranging from 10 to 20 degrees. Low last night was 5 degrees.

Dear Santa, I want some funny books, a bicycle, a tool box and a real typewriter. I also want a picture of Baby Jesus and a picture of Mary.

Pull Up A Chair

By Frank J. Markey

The next time you're out in a rainstorm give a thought to Charles Macintosh, Scottish chemist, who invented the raincoat that bears his name. Like most useful inventions, Macintosh discovered his boon to mankind while searching for something else. In the early days of making coal gas for lighting he was engaged to find a way to use the waste products. Soaked by a rainstorm, the idea struck him to combine coal naphtha with India rubber to make a waterproof material. It worked and in 1823 he patented his invention. His work in chemistry is renowned among scientists, but because of his invention his name will always be associated with rain.

Memory Lane: Remember the operettas of Sigmund Romberg? The music of "My Maryland," "The Desert Song," "The Student Prince," "Maytime," and the others delighted millions through the years.

A Michigan researcher has worked out a quick way to determine if you're too fat: Measure your height in inches; subtract your waistline measurement. A difference of 36 is normal; 38 indicates leanness; and 33 or less means you've put it on and should start dieting. Men should try it with their shoes on; women with their shoes off, without girdles, and while exhaling. There's dough in antiques: A Louis XV inlaid bureau-brought \$26,000 at a recent New York auction. Londoners will suffer the frustration of American telephone users when the dial system for calling other parts of Europe goes into effect there next spring. Those digits and area codes baffle us.

Country Editor speaking: "Digging for truth can be more profitable than digging for gold, and is always more interesting."

Moonshining is still popular: The Feds destroyed 6200 stills last year and arrested 8500 di-harders who'd rather make it than buy it. Most of the 160 summer music schools were started in the last 10 years. Last summer they had an enrollment of 50,000, which proves there are plenty of aspiring Benny Goodmans and Van Cliburns. California is now helping prevent forest fires by sending planes equipped with loudspeakers over isolated areas warning house-holders to be careful with fire making materials.

Sunny California: A few days after the World Series the International Ski Show was put on in blazing temperatures at the Los Angeles Dodger's Stadium. The ski jump tower was 167 feet high, with the landing area 110 feet off the ground. Millions of pounds of crushed ice were used for "snow." What gives? First we sell the Soviets wheat to keep them well fed. Now the Russians are building a big flour mill in Ceylon. Success story: 30 years ago William Black invested \$250 in a nut business in New York City. It grew into the giant Chock Full o' Nuts Corp., which operates restaurants and packages food. Last year it grossed \$42,000,000. That \$250 must have been an acorn. Customs change: Friday night is America's new night out. None of the 40 TV shows are scheduled for that evening.

Today's smile: Our favorite teenager asked: "What do zebras have that no other animals have?" Naturally we didn't know, but learned: "Little zebras."

Reinstating him in some other job, Otepka is emphatically telling Senators Dodd and Eastland, would still not restore the urgently needed security evaluation program. Rusk continues to strongly oppose that, and Otepka holds this is the crux of the acid controversy.

In Otepka's adamant opinion what is vitally essential is requiring the resumption of security evaluation. He also feels that can only be effectively done under his direction.

That's why he is demanding his job back and why his Senate friends are stumped about breaking the impasse with Rusk. UNTOUCHED SECURITY RISKS — As devised by Otepka, his security evaluation program linked security and intelligence information to ferret out security risks.

As proof of his program's effectiveness, Otepka cites the fact that through it a number of security risks were weeded out of the State Department and others were prevented from getting in.

Prior to his ouster he had compiled a list of several hundred department employees who either had unfavorable information in their files or whose security investigations were incomplete. Otepka was working on special evaluations to deter-

Allen-Scott Report

Otepka Controversy Still Raging — President Trying His Hand as Mediator

ROBERT ALLEN

The Almanac

By United Press International Today is Monday, Dec. 23, the 357th day of 1963 with eight to follow.

The moon is at its first quarter.

The evening stars are Saturn, Jupiter and Venus.

On this day in history:

In 1783, George Washington resigned his army commission and returned to his estate at Mount Vernon.

In 1928, a permanent coast to coast radio network (NBC) was established.

In 1948, ex-Premier Tojo of Japan and six other war leaders were executed in Tokyo by an Allied War Crimes Commission.

In 1953, the former head of Russia's secret police, Lavrenti Beria was executed.

President, this record peace-time budget is approximately \$1 billion less than the \$102.5 billion tentatively drafted by his predecessor. By cutting defense and atomic spending, Johnson said he was able to bring the total under \$102 billion.

Members of the Joint Chiefs of Staff are telling members of the Senate Armed Services Preparedness Committee that Defense Secretary McNamara is continuing to disregard them on major decisions involving the closing of space and defense plants. The Joint Chiefs say they were not told about McNamara's decision to develop the manned space laboratory advocated by the Air Force.

The Joint Chiefs were completely surprised by this announcement, as well as by McNamara's list of military base closings.

SOCIALISM

Mustn't Use the Dirty Word

By GEORGE BOARDMAN, Ph. D.

Every time I refer to socialism as a confidence game, a few dedicated peddlers of the con game scream like stuck hogs. As a matter of fact, members of the socialist conglomerate work feverishly in childish attempts to avoid any use of the word socialism, which certainly adds plenty of emphasis to my contention. Confidence game men never advertise their calling, for obvious reasons. I have just finished reading an article about socialized medicine in Great Britain.

"The first thing to do in taking a good, honest look at the British medical program is to forget the term socialized medicine. It is loaded with a host of preconceived notions, most of them unfavorable." In other words, if we don't use the dirty word, the deed will no longer be dirty. The article writer goes on to say that Britishers do not call socialized medicine by its correct name any more than we refer to socialized schools or socialized fire protection or socialized postal delivery. Obviously, the author is not familiar with my column. He does, however, mention that Britishers refer to socialized medicine as "The Great Scheme" and I've never known a Britisher who didn't know the difference between the word scheme and an honest plan.

Looking further into the dubious quality of the "scheme," we find the advertised cost to each British family to be about \$30.28 per year. The advertised cost is by no means the actual cost of British socialized medicine and I call your attention to the fact that the government of Great Britain has been receiving vast sums of American tax dollars which were stolen from American investors and earners year after tiresome year. Consider the subject at a greater depth and you find that money stolen from Americans also has made it possible for the government in Great Britain to reduce income taxes a few times, while financing the great schemes of Fabian-Keynesian socialists who don't like the dirty word.

Logically, you may have decided by now that the article from which I have quoted was published in a socialist journal of one kind or another. I'm sorry to disillusion you. The article was published in a nationally circulated magazine, the July issue, of the editor and publisher has long been identified with publishing and manufacturing in the private enterprise tradition. Despite his obvious addition to socialized medicine schemes, he obviously prefers not to use the dirty word socialism when socialism is referred to in his publication.

The author of the article tells me that if an American breaks a leg while viewing Buckingham Palace, he can have it mended absolutely "free" courtesy of the National Health Service. The word "free" is obviously being used in the socialistic sense, since the author admits that Britains are charged about 39 cents a week for the socialized medicine schemes. I believe it goes without saying that the average Britisher realizes he or she has a stake in the life and health of the average American. Great Britain has been on the receiving end of wealth stolen from Americans for many years.

Whenever the government uses the word Great Britain have indicated a desire for self-responsible first-class citizenship or statehood. Whether the author or publishers like the term or not, when government or the state owns and controls the means of production of goods or services, the result is socialism and more and more Americans are becoming aware of the fact of being horribly mired down in the filthy slough of socialism. Unfortunately, too few realize they hold the key to their own survival in their own hands. To get rid of socialism, Americans need only to refuse to do business with and sanction socialism. Even the mature understanding that socialism is socialism will help.

State-owned and controlled schools, insurance agencies, the post office, police, fire departments, public libraries and hundreds of additional government-owned and controlled agencies provide adequate evidence of the involvement in the socialist confidence game. The facts are in, the dirty word is known, the rest is up to you. Good luck and good health to you, in Freedom.

The Doctor Says

Long Arm of U.S. Guards Against Food Impurities

By DR. WAYNE BRANDSTADT Fire and police protection we pretty much take for granted. There is another kind of protection few of us ever think about. This is the service rendered by the Food and Drug Administration (FDA).

Most of us don't realize how badly we need it. Here are some of the facts: In recent months over 55 tons of wheat was seized and destroyed because it contained a poisonous mercury compound added as a seed treatment. Some additives are permitted within certain limits but there is no permissible amount of mercury.

A shipment of caviar was seized because it contained boron for which there is also no allowable limit.

Six carloads of soybeans were destroyed because they contained a poisonous weed: A ton of caraway seeds was found to be contaminated with small aluminum shavings sharp enough to cut the gums or tongue if they had found their way into your loaf of rye bread.

Seven packages of boneless turkey roll were found to be infected with paratyphoid germs. This lot had already caused an outbreak of food poisoning that involved 129 persons.

Twelve shipments of wheat totaling over 1 million pounds were found to be contaminated by rats. And 100,000 pounds of flour was found to be infested with insects. A shipment of doughnuts had to be condemned because it was contaminated with rat poison.

Two shipments of ocean perch were seized because they contained parasites, and two shipments of shrimp because they showed contamination with sewage. Other shipments of food were condemned because spoilage had occurred.

The FDA not only protects your health, it also protects your pocketbook by requiring correct labeling of ingredients and measure. Many seizures are made because of short weight. Others are made because of substitution of a cheaper product for the one stated on the label; for failing to state that artificial color, flavor or preservatives have been added; for failure to remove scales from canned or packaged fish; or for adding water or foreign matter to increase the weight.

One of the most outlandish infractions of the law was perpetrated by the owner of a mink ranch. He purchased over 5,000 cans of insect-infected Argentine beef to feed his mink. It was really quite a bargain but then he got the bright idea that he could make more money by reselling the meat for human consumption. He didn't get away with it.

NOW YOU KNOW

By United Press International The National Academy of Sciences, a private non-profit organization of leading U.S. scientists, was established by an act of Congress on March 3, 1863, to further science and advise the federal government, according to the World Almanac.

ACME FELTING MACHINE — This is the felting machine that Acme Mattress and Spring Co., 817 W. Foster, uses to felt cotton into soft layers and clean it thoroughly, adding years of constant use to your mattress. Acme offers one day service on renovating and rebuilding old mattresses. Come in and inspect the modern plant and look over the array of mattress, bedsprings, rollaway and Hollywood beds. For free pickup service or a free estimate, just telephone MO 4-6621.

Mattress Firm Specializes in One-Day Service

To get more rest and relaxation from your sleep, have Acme Mattress and Spring Co. renovate, rebuild your mattress for half the cost of a new mattress. You can do all that in one day. Call MO 4-6621, in the morning, have your mattress picked up, renovated, rebuilt and returned to you in the afternoon. Acme features one-day service in its modern plant at 817 W. Foster. The cost is very low.

In Acme's complete plant they do custom work, exactly to please.

Products of the firm include: oversize mattress, box spring and inner spring mattresses, foam rubber and felted mattresses in any size quilting cotton. All products benefit from the years of experience of Acme employees.

The free pickup and delivery service operated throughout the Panhandle area.

Acme features the latest mattress cover patterns in a complete line of units.

For fast and accurate service call MO 4-6621, or stop by at 817 W. Foster.

Among the machines which are used at Acme Mattress Co. are the felting, rolledge, renovating, tape edge, sewing machines and sterilizer. These are used with other machines to produce the best in mattress making.

Come in and visit and inspect the Acme Mattress and Spring Co.

LONG STORY — VAN NUYS, Calif. (UPI) — John Steven Waldorf, 21, hoped for clemency Tuesday when he told a traffic judge he spent more than nine hours hitch-hiking 400 miles to answer a charge of speeding.

But it didn't do him any good. He was sentenced to three days in jail when he couldn't pay a \$25 fine for driving 85 miles an hour in a 65 mph zone.

BOND IS TOPS — LONDON (UPI) — The Daily Herald reported today that author Ian Fleming was seen at London Airport, carefully rearranging the bookstall display so his "James Bond" spy books would be on top.

"Every author does it," the Herald quoted Fleming as saying.

Letters to Santa Claus

Dear Santa Claus,
I have been a good girl all year. Some things I want are — Doll clothes, dishes, baking set, Play dough mold, cash register, Doctor kit. Also I would like a T.V. clubhouse, big teddy bear, Texas gun set cowboy hat and a cowboy shirt.
Lisa Dunsam

Dear Santa,
I have been a good boy. I am 9 years old. I want a road race game and some magnets that can lift things and some games that I can play with.
Dennis

Dear Santa,
I would like a good girl. I am 7 years old. I would like a talking doll and a nurse kit please. Please bring my brother Joe & Chris 2 a gun and big red wagon. And please bring my brother Timothy a small toy to play with. He is six months old. Thank you for everything.
Regena, Joe, Chris, Timothy

Dear Santa,
I am a little girl six years old. Please bring me a ballerina suit size 6 and a Barbie dream house, and pink Barbie evening gown with white fur stole.
Breasia Wallace
1312 Hamilton

Dear Santa,
Please bring me a Tom Thumb President typewriter and a sketch-graph and if you want me to have one I would like a Ben Casey Hospital Set.
Carolyn Wallace
1312 Hamilton

Dear Santa,
I am 4 years old and have been a good girl. Would you please leave me a Barbie doll and a kitchen set, when you come to see us. Also leave something good for Carry Lee, my brother who is 3 years old. We love you.

Dear Santa Claus,
I am a little boy 2 years old and have been pretty good this year. Please bring me a truck, guns, a talking puppet and a red sweater. I love you and will leave you a snack. Please be nice to the other boys and girls.
Gary Lee Kimbley
1317 Sandelwood

Dear Santa Claus,
I am a little girl 3 years old. I have tried real hard to be a good girl. Please bring me a Tammy Doll Chatty Cathy, an iron, Kitch-a-lecth and a Baby Doll.

I love you Santa very much. Please leave something nice for all the other boys and girls.
Love,
Terri Lynne Kimbley
1317 Sandelwood

Uncharmed Snakes
Natives of India do not really charm snakes since snakes are deaf and, when they are being "charmed," they are only holding themselves on guard and would do the same thing without

the music. They may sway in trying to follow the swaying of the player.

Culligan's Soft Water Produces Truly Cleaner, Fluffier Washes

Everyone knows the good feel and smell of clean clothes and linens. Culligan's soft water makes clothes and linens feel cleaner because they actually are cleaner.

Dishes, glassware, pots and pans come out cleaner, and will dry spotless and sparkling without wiping.

Also, with soft water, much less soap does a better cleaning job. With soft water your family really doesn't become neater overnight — but you may think they have when rings and sediment disappear from tubs and bowls. Bathtub rings won't form when soap curd is eliminated.

Appliances work more effi-

ciently and last longer with soft water. Soft water doesn't stop cleaning when it gives soap-free, dirt-free washes. It carries the dirt right on out of the washing compartment, out of pumps and washer piping.

Dishwashers do a better job with soft water, too. They leave your dishes spotless, and with less detergent.

A soft-water shave lets a man come as close as he's likely to get to enjoying cutting off whiskers. Water that makes soap the smooth, beard-softening razor lubricant it is supposed to be makes a big, big difference. And the rinse that takes the soap away — really away — is a fine start toward a good day all around. Clean skin is a feeling only soft water baths and showers can give. Free of tenacious, invisible soap film, skin comes alive. Of course, truly clean skin is healthier, softer, and looks it.

The crowning glory is the clean, soft, lustrous hair you get with soft water! Hard water soap curd clings to hair, gives it a dull, lifeless cast and a stiff or

gummy coating. The abundance of rich bubbly suds that comes naturally with soft water will put an end to stringy, sticky hair.

For more information about soft water and its many benefits call Culligan at MO 5-5729 or visit at 314 Starkweather. You'll never regret the visit.
