CANDIDATE HERE FOR BREAKFAST—George Bush, GOP U. S. senatorial candidate, started a busy week of campaigning at an informal breakfast in Pampa this morning. He is shown here, left, talking with Mrs. Myron Marx and Dr. S. B. Sybert of Pampa. Voters will decide between Bush and his opponent Jack Cox, at the June 6 runoff election. The winner faces Sen. Ralph Yarborough, Democrat, in November.

Bush Moves Drive Into Top O' Texas

George Bush, GOP candidate for U.S. senator from Texas in the June 6 runoff election, pushed a fast-moving campaign into the Panhandle today with his first stop at an informal breakfast in Coronado Inn here this morning.

The candidate engaged in a question-and-answer period at the public breakfast in which he touched upon some dozen issues.

Most of these had to do with what he will use in his campaign against Sen. Ralph Yarborough, Democrat, if Bush is successful against his opponent, Jack Cox, in June.

For one thing, Bush reaffirmed that he will press for a full revelation of the facts in the Yarborough-Billie Sol Estes case in which Yarborough was accused by his first primary opponent of accepting a \$50,000 cash gift from Estes during an election campaign.

According to Bush, a Justice Department official said the witness had recalled on the story he told. Bush said this witness has been missing ever since.

"The people of Texas are entitled to the full facts," Bush said. "There must be no whitewash."

Bush said his views on agriculture and the problems of ranchers and farmers are tied

into the old basic law of supply and demand.

"Our agricultural programs must be allowed to operate on a free market economy," he said in answer to one questioner.

Bush maintained that the U.S. State Department has been "dawdling" in Viet Nam.

"Our American boys over there are fighting a war they feel they aren't being permitted to win," Bush stated, "and it is a double disgrace that this great nation has supplied them with such poor equipment to fight with."

Bush greeted and shook hands with many persons during the hour and a half come and go breakfast and left shortly after 9:30 a.m. for Miami where he attended a 10 a.m. coffee session.

He spoke at a luncheon in Perryton at noon, was in Spearman at 2 p.m. and was due to arrive in Gruver at 3:15 p.m. Tonight Bush was to be in Borger for a 6:30 p.m. cocktail hour and a rally at 8 p.m. He will attend a breakfast in Amarillo Tuesday morning, make a mid-forenoon appearance in Dumas and return to Amarillo to speak on "Oil and Politics" at a noonday luncheon of the Petroleum Landmen and Engineers at the Amarillo Country Club.

10 Persons Missing in Ship Blaze

LONG BEACH, Calif. (UPI)—A fire raged out of control today on the Norwegian freighter Sandanger off the Mexico coast and the Coast Guard said 10 persons were unaccounted for and that one body had been recovered.

The Sandanger carried a crew of 45 and 11 passengers. The fire started early today on the 450-foot freighter that included citrus and wood pulp. The Sandanger left Los Angeles Saturday night en route to Le Havre, France, and is 22 miles off Baja, California and 450 miles south of here.

A Coast Guard amphibian plane reported from the scene that 45 survivors were accounted for on the West German motorship Bodenstein. A Japanese freighter, the Boston Maru, reported it had taken aboard an unidentified body.

The Coast Guard said it was unable to determine if the missing persons, including the master and a stewardess, still were aboard the ship or had abandoned her.

Strickland attended Pampa High School in 1949 and worked for the Triangle and Windsor Well Servicing Companies while in Pampa.

Strickland, 31, had been shot in the left temple. His wife, Janice, 28, had been shot in the face, slightly below the left eye. A .45 caliber pistol was used.

The bodies were found by a De Soto resident, Troy Earls, who accidentally came upon the bodies while looking for a picnic spot.

Her nude body was found in the weeds near the couple's 1957 model automobile. An empty ammunition hull was found near her body.

Strickland's fully clothed body was found about five feet from the auto.

Dallas police theorized that Strickland was murdered before the car was taken to the

out-of-the-way place and his wife was murdered after they arrived.

Justice of the Peace David Johnston said a preliminary autopsy did not indicate if Mrs. Strickland was raped, however there was a strong possibility she was before being shot.

Johnston said the bodies were found about 11 a.m. Sunday morning. However his investigation revealed they were probably

Dallas Official Rules Death Is Homicide Case

Former Pampa Residents Found Dead on Dirt Trail Near Lake

A Dallas justice of the peace returned a verdict of homicide in the death of a former Pampa couple found shot to death on a dirt trail near Mountain Creek Lake in far West Dallas.

Police identified the couple as Mr. and Mrs. Lenferd I. and Strickland of Duncanville.

The Stricklands were former residents of Pampa, having moved from here to Duncanville in 1960. His parents, Mr. and Mrs. Lee Strickland, owned and operated a grocery store here at 504 E. Frederic for about 10 years. They moved to Irving in 1962.

Strickland attended Pampa High School in 1949 and worked for the Triangle and Windsor Well Servicing Companies while in Pampa.

Strickland, 31, had been shot in the left temple. His wife, Janice, 28, had been shot in the face, slightly below the left eye. A .45 caliber pistol was used.

Negro Students Protest School Segregation Law

MILWAUKEE, Wis. (UPI)—Negro students boycotted Milwaukee public schools today in what was billed as the biggest and most emphatic civil rights demonstration yet in this city.

Negro leaders said they were protesting alleged de facto segregation of schools in the city's "inner core" area where a majority of Milwaukee's Negro population lives.

There was no immediate count as to how many of the nearly 24,000 non-white students took part. Picketing was to have taken place at 12 of the 25 schools with predominantly Negro enrollments.

Eleven protesters, led by a Negro minister, marched in front of the school administration building.

His ability to live off the land, so to speak, proved the blond seventh grader's enterprising nature. He ate well, slept comfortably and managed to come up with enough spending money to occupy his waking hours.

Still Has Money

In fact, he may prove to be one of the few fairgoers who left the grounds with as much money as he had when he arrived.

Dominick's springtime odyssey ended Sunday when a concessionaire who had seen his picture in a newspaper noticed him in the flesh at one of the pavilions and alerted police.

They telephoned his parents, Mr. and Mrs. Benito Tucci. The boy's much relieved mother said he is "adventuresome, but not a bad boy."

Dominick set out for the fair from his home in Port Washington, in suburban Long Island, on May 6 after his parents told him they would not visit the fair until next fall. He used the last of his money for train fare.

How did Dominick live during the 11 days and 10 nights he spent on the fairgrounds? For money, he spent the pre-dawn hours each day retrieving the coins people had thrown into wishing-well fountains at the Bell Telephone Co. exhibit and other pavilions.

At Hamburgers

"Sometimes I got as much as five dollars," he said. "I ate hamburgers and had sodas. Except last Friday I had chow mein."

Seventh Grader Hides At Fair for 11 Days

NEW YORK (UPI)—In what may be one of the gross understatements of the year, Dominick Tucci's mother describes him as "adventuresome."

The 12-year-old who hid out at the World's Fair for 11 days proved to his parents and security police that he not only is adventuresome but elusive and enterprising as well.

Dominick, who sneaked out the fairgrounds May 6, established his elusiveness beyond a

doubt by remaining there day and night until Sunday—defying the best efforts of his parents and police to find him. They knew he was there.

His ability to live off the land, so to speak, proved the blond seventh grader's enterprising nature. He ate well, slept comfortably and managed to come up with enough spending money to occupy his waking hours.

Still Has Money

Special Message Goes to Congress

WASHINGTON (UPI)—President Johnson asked Congress today for an additional \$125 million in economic and military aid to advance the anti-Communist war in Viet Nam.

"The Viet Cong guerrillas, under orders from their Communist masters in the north, have intensified terrorist actions against the peaceful people of South Viet Nam," Johnson said in a special message to Congress.

"This increased terrorism requires increased response," he said.

Of the new funds, \$70 million would be for economic and \$55 million for military uses in Viet Nam.

Johnson said this was one of "two major changes" which prompted his request to add the \$125 million for Viet Nam to the \$3.4 billion foreign aid program he already had submitted to Congress for the 1965 fiscal year, starting July 1.

Cites Other Change

The other change, he said, was that "a new government under Prime Minister Khanh has come to power, bringing new energy and leadership and new hope for effective action."

I share with Ambassador (Henry Cabot) Lodge the conviction that this new government can mount a successful campaign against the Communists," the President declared.

"We cannot respond to the new situation in Viet Nam within the limits of the original budget proposal without unacceptable danger to our other basic security interests," the President said.

Johnson noted that in March Khanh "declared his intention to mobilize his nation" and enlarge his domestic budget by 40 per cent to provide for this.

"We must share the increased costs of the greatly intensified Vietnamese effort," Johnson said.

Follows Conference

His decision on a \$125 million increase followed three days of conferences with Defense Secretary Robert S. McNamara, who returned from an inspection trip to Viet Nam with proposals for increasing U.S. aid. Secretary of State Dean Rusk and other top advisers also took part in mapping the expanded program.

Race Fights Break Out In Nashville

By United Press International

Racial violence broke out again in Nashville, Tenn., Sunday but civil rights advocates in 200 other cities observed "freedom Sunday" by peacefully protesting segregation with rallies and demonstrations.

City officials geared for a massive demonstration today at Milwaukee, where Negroes planned to boycott the public schools and set up picket lines.

The rallies and demonstrations throughout the nation Sunday marked the 10th anniversary of the U. S. Supreme Court's school desegregation decree.

At Cambridge, Md., one of the nation's hottest trouble spots, Negro leaders announced Sunday night they were calling off demonstrations until after Maryland's primary Tuesday.

Angry whites at Nashville rained beer bottles on a band of Negroes Sunday when they began singing "Freedom songs" at Old Hickory Lake, an integrated recreation area. About 30 policemen rushed to the scene and broke up the melee.

One Negro was treated at a hospital for injuries received when one of the bottles struck his head.

"It was a serious situation that could have gotten worse," said police inspector Joe Casey, who ordered his officers to move the whites further down the beach area.

"But I could tell the situation was not going to get any better so I ordered the beach closed," Casey said. He said the Negroes asked for and received a police escort from the area.

Casey said the flareup apparently began when a group of about 25-30 Negroes and a white girl began singing "freedom songs." The Negroes denied they were singing.

Casey said the whites surrounded the group and the bottles began flying just as the first contingent of officers arrived.

Strike Fails; Schools Go

SALT LAKE CITY, (UPI)—The majority of Utah's public schools opened on schedule today despite a two-day strike by most of the state's 11,000 teachers in a long-standing, heated dispute over the condition of the state's education system.

All but three of the state's 40 school districts swung their doors open to greet the children.

The strike, labeled by the Utah Education Association as a "two day recess," was one of two staged in the nation by teachers today. The other took place at East St. Louis, Ill., where the dispute centered around higher wages.

The UEA called the strike in protest against Gov. George D. Clyde's refusal to call the legislature into special session to appropriate \$6 million in emergency funds for the next school year.

"Volunteer" teachers and willing parents were pressed into use to take up some of the slack caused by the absence of teachers.

Commies Hit In Viet Move

SAIGON, South Viet Nam (UPI)—A series of hit-and-run attacks on government forces indicated today that the Communist Viet Cong has started a rainy season offensive.

The South Viet Nam government announced that Communist guerrillas attacked five government outposts and sank a landing craft in weekend action near the Cambodian border, leaving as many as 46 Vietnamese soldiers dead or missing.

The synchronized attacks followed Thursday's Communist ambush near Saigon in which 54 government troops were killed.

There were no reports of Viet Cong losses in the weekend attacks, or casualties among the more than 15,000 U.S. advisers aiding the Vietnamese in the guerrilla war.

Escapeses of Jail Sought at Wheeler

WHEELER (Sp) — Law enforcement officers were combing the brush country nine miles east and seven miles north of here this noon for four escaped prisoners who broke from the Wheeler County jail Sunday night.

The posse was headed by Sheriff Bus Dorman of Wheeler County and included two of his deputies, Doyle Ramsey and John Topper, Constable Luke Henley, the State Highway Patrol unit from McLean and Texas Ranger Bill Baten.

The hunt was centered in the area east and north of Wheeler late this forenoon when an Allison man called the sheriff's office in Wheeler and said he had spotted a white automobile off the road in a shelter belt. It turned out to be Sheriff

Dorman's car which had been stolen by the escaped prisoners, three white men and a Negro, for their getaway last night.

The prisoners broke out of the Wheeler County jail by knocking a hole in the wall above the jail door and getting the keys. They opened the doors of all the cells and fled the car owned by Mrs. Dorman.

All prisoners left except Lenard Bonner of Shamrock, who was being held for drunkenness. The four escapees were identified as Edward Lee Jackson, 20, of Shamrock, Charles Ray Breeden, 44, both of Springfield, Mo. and William Eugene Guess, 33, of Ohio.

All four were being held on charges of burglary or theft.

Pampa Clean Up Still Continues

Clean up trucks and crews were working in Ward 3 today and will wind up there tomorrow.

R. B. Cooke, public works director, said today 145 loads had been hauled away up until last Friday night.

On Wednesday the trucks will move into Ward 4, south of Rham and W. Foster and east of S. Cuyler and S. Barnes.

WOMAN OF THE YEAR PRESENTATION — Mrs. Louise Fletcher, left, outgoing president of the Beta Sigma Phi City Council, presents Mrs. D. V. Burton, 1964 Woman of the Year with a bouquet of roses during a tea

in Mrs. Burton's honor conducted yesterday at the First Baptist Church. Mr. Burton and the couple's daughter, Mrs. Doc Day, shared the honor with the First Lady of Pampa along with two sons, Bill and John.

VFW Ladies Auxiliary Installation of Officers Ends Year's Activity

New officers of the Ladies Auxiliary to Pampa Post 1657, Veterans of Foreign Wars, were installed Monday night by Mrs. O. F. Kreimeyer.

Installed in the official positions were Mrs. Tony Smith, president; Mrs. C. R. Durickson, senior vice president; Mrs. Earl Eckroat, junior vice president; Mrs. Jess Beard, treasurer; Mrs. Vernon Stuckey, conductress; Mrs. Leslie Henderson, chaplain; Mrs. Jess Hatcher, guard; Mrs. A. L. Walling, Mrs. Joe Slater and Mrs. O. F. Kreimeyer, trustees; Mrs. Mrs. Ben Ward, secretary; Mrs. Carl M. Wright, patri-

ot instructor; Mrs. Emmett Gee, flag bearer; Mrs. Lloyd Laramore, banner bearer; Mrs. K. O. Butler, Mrs. E. Savage, Mrs. A. L. Walling and Mrs. Jesse Rodgers, color bearers and Mrs. Chester Williams, historian.

Three new members were given the obligation of membership. Two received the obligation by card in the presence of the president and application of membership was read and approved on by Mrs. Della D. Laramore. A letter of appreciation from Eunice Beard, Department of Texas president, was read for the contribution to the president's project at Amarillo Veterans Hospital.

The Convention of Veterans

of Foreign Wars and Auxiliaries scheduled to take place in Pampa on May 16 and May 17 was discussed.

A rummage sale was set for May 18 and May 19.

Members attending the meeting included Mmes. Ethel M. Austin, Jess Beard, George Benham, Earl Eckroat, C. R. Durickson, Carl Foust, Emmett Gee, Jess Hatcher, Leslie Henderson, Nora Houston, O. F. Kreimeyer, Lloyd Laramore, Jesse Rodgers, Tony Smith, Vernon Stuckey, Mack Taylor, Ben Ward, A. L. Walling and Carl M. Wright.

The next meeting is scheduled for May 19 at 7:30 p.m. in the VFW Hall.

Thin People Are Not Relaxed, Calm

By GAYNOR MADDOX
Q — Isn't it true that underweight people are usually more energetic and ambitious than people of normal weight?

A — No. Dr. Ruth M. Leverton, noted American nutritionist, states in her book, "Food Becomes You": The energy and ambition of underweight people usually comes from nervousness and are short-lived. Such people tire more easily and are likely to have less stamina than people of normal weight. Extreme thinness makes them jumpy, jittery and tense instead of relaxed and poised.

Q — I'm thin but don't seem to want to eat more. Can you tell me why I don't eat more?

A — Quoting again from Dr. Leverton's "Food Becomes You," here is a sound answer to your question: This is probably a matter of habit. You think you "get full" with very little food. Your stomach is not in the habit of holding as much food as you need because you have let it get out of the practice. Every time you sit down to a meal or to a snack try to eat three more bites than you think you want. These will not make you uncomfortable but will gradually get you into the habit of eating more.

Low cost food items that are rich in vitamins A and C include fresh cabbage, carrots, potatoes, canned tomatoes and frozen citrus juices.

Recital Plans Announced

RECITAL PLANNED — Students of Mrs. Fidelia Yoder, left to right, Linda Chase, Jean Fischer, Diane Graham and Sharon Bruce, will be participants in recitals planned for Thursday and Friday nights.

Piano students of Mrs. Fidelia Yoder will be presented in recital Thursday and Friday in the First Presbyterian Church. Programs will begin at 8 p.m.

Students of all ages will be included in each recital, and

the music will be a variation of solo and ensemble selections.

Certificates and pins will be presented to the 26 participants in the National Piano Auditions judged by Mrs. Opal Cotton, Wichita, Kans.

A quartette, "Happy Dancers" will be presented during Thursday's recital by Jean Fischer, Sharon Bruce, Diane Graham and Paula Hoepfner. As piano duos, "Pineapple Polka" will be played by Rickie Land and Daniel Bond, and a "Medley of American Tunes" will be played by Steve McDaniel and Randy Land.

Soloists Thursday will be Pamela McCabe, Suzanne Bond, Lisa Laycock, Randy Land, Gail Duncan, Derima Smith, Cathy Altman, Linda Adams, Jean Fischer, Diane Graham, Kay Upshaw, Brenda Terry, Daniel Bond, Rickie Land, Sylvia Graham and Terrie Watson.

Ensemble numbers Friday will include a duo, "March of the Wee Folk" by Susan Bond and Lisa Laycock. A quartette number, theme from "Rondo Capriccio" will be played by Sylvia Graham, Joyce Fischer, Janie Murphy, and Paula Hoepfner. Also presenting an eight hand selection will be Gail Wilson, Mackie Hudgins, Brenda Terry and Kay Upshaw, playing "Cornish May Dance".

Presenting solos on the program will be Wayne Bruce, Connie McBroom, Anita Williams, Glenn Hudgins, Phoebe Skelly, Steve Higdon, Sharon Bruce, Gayla Cockburn, Steve McDaniel, Linda Chase, Mackie Hudgins, Gail Wilson, Joyce Fischer, Paula Hoepfner, Mary Porter and Janie Murphy.

The public is cordially invited to attend these recitals.

Lawyer Answers Widow's Questions

By PATRICIA MCCORMACK
NEW YORK (UPI) — Herdic W. King gets questions from wives — about widowhood and wills.

He gets questions from husbands about the same subjects. About 37 years of queries about these seemingly morbid subjects, King, a banker and lawyer, figures that what the typical husband and wife don't know about wills, trusts, and estate handling would fill a shelf full of books.

The ostrich posture about wills, in particular, makes the least sense of all to King, vice president and head of the trust department at Lafayette National Bank in Brooklyn, N.Y. "If you desire to pass along as much of the nest egg as possible to your survivors, see an attorney soon and get a will drawn up," King said in an interview.

King also is editor of "Forethought," a bank publication that discusses, cracker-barrel fashion, the touchy subjects of widowhood, wills, estate taxes, trusts.

The banker has handled estates and trusts ranging from \$5,000 to several million. The \$5,000 was a trust fund for a dog. His biggest transaction for a dog in a will: Executing a wish of the deceased to have a \$60,000 monument placed on a grave in an animal cemetery. "Having a will drawn properly embraces a complete knowl-

edge of you and your family, their strengths and weaknesses, their capabilities and capacities, and in particular, their emotional make-up," King said. "Second, a person should know the nature of the assets, whether they are divisible, whether they are acceptable to recipients, whether the recipients are of an age compatible with legal ownership."

Dear Abby....
Readers Strongly Protest Law Forbidding Animal Aid
By ABIGAIL VAN BUREN

DEAR ABBY: When I read all those letters from readers stating that you were wrong to say that the bus driver should have stopped and tried to help the dog he hit, I couldn't believe my eyes. Then we find out there is a LAW in Indiana which prohibits a school bus driver from stopping on the highway even if he hits an animal. What if he hits a child? He would have to stop then, wouldn't he? Or would he just go right on, and report the incident only after having delivered his bus load

of children to their destinations? No wonder there is so much inhumanity today! I don't care what the LAW says, Abby, don't you back down one inch. You were right, and the whole State of Indiana is wrong to let a law like that stay on its books.

NOT FROM INDIANA
DEAR ABBY: I have never before written to a newspaper columnist, but I cannot sleep unless I write this letter. How could anyone answer to his own conscience if he hits a poor defenseless dog and doesn't stop to see if the dog is dead or alive, or to give him some aid? An injured dog on the highway would surely be struck again and again by oncoming vehicles if not removed. Dogs feel pain just as humans do. If this is the law, perhaps we can look forward to future laws which will not only disregard the feelings of animals, but people. Phooey on progress!

DISGUSTED WITH PEOPLE
DEAR ABBY: I checked and you were right. It is against the law in Indiana for a school bus driver to stop on the highway if he hits an animal. The laws of various states are often confusing. For example, I was driving through a section posted "RANGE AREA — WATCH FOR LIVESTOCK" and a cow wandered out in front of me. I hit her broadside. My car was badly damaged and I was lucky I wasn't killed. I saw a lawyer, expecting to recover damages for my car. After all, I was on the highway where I was supposed

ed to be, and the cow had no business there. I found out that I not only couldn't collect a dime, but I was being sued by the farmer for the loss of his cow.

CLAUDE IN WENATCHEE, WASH.

DEAR ABBY: It's hard to believe that there are people in the world as cruel and cold-blooded as those who wrote to say that the bus driver should not have stopped, but gone right on after having hit a dog. What harm could come to the children if he pulled off the highway onto the shoulder of the road? I am sure if he put several of the older children in charge of the younger ones and told them all to stay inside the bus, not one of them would have disobeyed. Children have a greater compassion and love for animals than most adults.

GRANDMOTHER OF NINE
DEAR ABBY: To the person who said it was "dangerous" to stop and give aid to an injured animal, may I say that I once carried a dog, whose back had been broken, from the middle of the road, while others stood on the sidelines and did nothing? The injured dog licked my hand in gratitude, and the expression in his eyes will remain with me until I die.

E. L. J. FROM LA JOLLA
DEAR ABBY: Regarding the incident involving a school bus driver in Kokomo, Indiana, who failed to stop after hitting a dog: Please be advised that in California this constitutes a hit-run offense and is liable to prosecution under the Hit-Run Law.

Obituaries

Mrs. Mary F. Holmes
Funeral services for Mrs. Mary Francis Holmes of White Deer will be conducted in the White Deer Church of Christ tomorrow at 10 a.m. Guy Caskey, minister of the Mary Ellen Harvester Church of Christ, will officiate. Burial will be in White Deer under direction of Poston Funeral Home.

Mrs. Holmes died in St. Anne's Rest Home in Panhandle yesterday at 12:30 p.m. She was born Oct. 9, 1876 in Madisonville, Miss., and married John Holmes in 1897. She was a member of the White Deer Church of Christ.

Survivors include her husband of St. Anne's Home; three daughters, Mrs. Gladys Pipes, Amarillo; Mrs. Lois Eller, Pampa; and Mrs. Neita Woodcock, Pasadena, Tex.; four sons, John E., Dee, Harris and B. J., all of Amarillo; 15 grandchildren; 24 great-grandchildren and four great-great-grandchildren.

GOP Candidate Blasts Subsidies

Bob Price of Pampa, Republican candidate for Congress from the 18th district, charged in a statement released today that the "increasing pattern of federal subsidies to farmers and ranchers who grow products for domestic and world markets is threatening to enter the beef cattle industry."

Price will face Rep. Walter Rogers, Democrat, in the November general election.

"Most producers, and all our associations, have been proud of the beef cattle growers record of operating without federal aid," Price said. "The penalty for decades of a deliberate government policy of a managed economy is the eventual authority of the federal establishment over every segment of our economy."

"Price drops in the beef cattle market have been steady over the last 12 months. Cattlemen lay major blame to imports from foreign countries. The Secretary of Agriculture, the Secretary of State and the President are all reported opposed to any official lowering of volume in beef sales to American consumers by other nations. Domestic growers are insisting on tighter controls on imports."

Rancher Price calls the Administration's position a "squeeze-play, transparently designed to force American cattlemen to accept federal handouts or lose everything they have built through the years."

Price quoted George E. Light, Jr., a Cotulla, Texas, rancher whose family has been raising cattle for 146 years. Light, after liquidating his half interest in a 10,000 head beef herd, jointly owned with his son, said "If you want to stay in agriculture, you'd better go to some other country to raise cattle, or else grow something here you can get a subsidy on."

Quotes From The News

By United Press International
CAIRO — Soviet Premier Nikita S. Khrushchev apparently implying to United Arab Republic President Gamal Abdel Nasser that more foreign aid may depend on Egypt's political course:

"I don't hesitate to tell you we prefer to aid countries that are marching to socialism."

KINGS POINT, N. Y. — Sen. Hubert Humphrey, D-Minn., Senate floor manager for the civil rights bill, discussing the outspoken opposition to the bill of Alabama Gov. George C. Wallace:

"He has been reckless, irresponsible, malicious and perverse."

NEW YORK — Twelve-year-old Dominick Tucci, when asked if he was afraid at any time during the 11 days he hid in the World's Fair by free-loading and sleeping nights in pavilions:

"There's nothing to be afraid of. The fair is crawling with cops."

LOS ANGELES — Sen. Barry M. Goldwater in a speech criticizing the United Nations:

"So long as we treat the U.N. as a sacred cow, immutable and untouchable, it will continue to fall short of its goal."

SAIGON — Defense Secretary Robert S. McNamara discussing the anti-Communist guerrilla war in South Viet Nam:

"This is going to be a long war. I don't think we should delude ourselves into thinking anything other than that."

MCMINNVILLE, Ore. — New York Gov. Nelson A. Rockefeller urging government encouragement of small business:

"Small business is the seed corn of American enterprise and American free enterprise is the backbone of a free society."

COSTLY VANDALISM
BOSTON (UPI) — School vandalism has cost Boston around \$1 million during the past eight years. Last year it cost the city \$100,000 just to replace broken windows in schools. Other damage to school buildings cost \$60,000 or more.

Boston School Supt. William H. Ohrenberger figures the loss from vandalism during the last eight years would have paid for a completely equipped 19-room school or for 400,000 books.

THE MAN AMPLIFIER—Why not figure out a way to increase man's physical capabilities by attaching little motors to him and let them provide the muscle power? Good idea, said scientists at the Cornell Aeronautical Laboratory in Buffalo, N.Y. So they devised an external "skeleton" which can make a superman out of a mere mortal. The motors strapped to the man in the above photo amplify his normal muscular actions so that he can lift and move objects too heavy for circus strong men. These motors aren't powered yet. The scientists are working on it.

Young Republicans Set Meet at Bank

The Gray County Young Republicans Club will hold their regular monthly meeting tomorrow night at 7:30 in the Hospitality Room of Citizens Bank and Trust Company.

The program will be given by Calvin Hill and Mrs. Charles Norton. They will speak on "How to Elect a President." Mrs. Norton will also discuss the 10 million switchers or voters that can change the election of the president since they have no party affiliation.

The public is invited to attend.

ASKS PEACE CORPS AID
WASHINGTON (UPI) — The Peace Corps said Saturday that Uganda has become the 48th country and the 18th in Africa to ask for U.S. volunteers.

Twenty-five secondary school teachers will go there early in 1965.

Teen-age Drivers Win Tulia Awards

Two Pampa teen-age drivers, Gerald Glover and Scott Rader, took top honors over the weekend in the regional Junior Chamber of Commerce Roadie held in Tulia.

Glover won the regional contest with 303 points of a possible 400 and will represent the district in state competition to be held in Dallas. Rader placed second in regional driving with 296 points.

Winner of the Pampa contest, J. T. Winters, also competed in the regional meet but failed to place. The three youths were taken to Tulia Saturday by a local Jaycee member and they completed the written part of the examination during the afternoon. The driving feature of the meet was held Sunday afternoon.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dynex)—discovery of a world-famous research institute.

This substance is now available in expository or ointment form under the name Preparation 119.

At all drug counters.

Phillies Discover NL Flag Short Cut

By United Press International — The Philadelphia Phillies have discovered a short cut to the National League pennant — and the path leads right through Houston.

The Phillies gave Chris Short his second start of the season Sunday night, and the lanky southpaw responded with a neat 2-0 dispatch of the Houston Colts in a quick two hours and 11 minutes.

Even in more of a hurry, however, was the Philadelphia infield, which in addition to producing two rather ordinary double plays completed the first triple play of the major league season.

The rare triple killing was as much the result of faulty Houston baserunning as defensive skill. With Rusty Staub on second and Walt Williams on first in the fifth inning, Colts' catcher Jerry Grote slashed a hard grounder to Phil's first baseman John Herrstein. Herrstein fired to shortstop Bobby Wine for one, and Wine relayed to Herrstein for No. 2.

Nipped at Home — Staub, meanwhile, was wheeling for home, but Herrstein alertly threw to catcher Gus Triandos to nip a run in the bud and provide Houston fans with their first encounter with a three-for-one special.

Short surrendered only five hits — all singles — and struck out nine in winning his first game of the year. Philadelphia, which collected only six hits off Houston starter Jim Owens and reliever Claude Raymond, got a run in the third on back-to-back doubles by John Callison and Wes Covington and another in the sixth on a walk, error and infield single by Tony Taylor.

The San Francisco Giants received successive shutouts from lefty Bob Hendley and righty Ron Herbel in posting a doubleheader sweep of the Mets, 6-0 and 1-0. In other National League action, Pittsburgh split with the Dodgers, winning the nightcap 6-3 after losing, 3-2; St. Louis roughed up Milwaukee, 7-3, before the Braves took the second game, 4-2; and the Cubs and Reds divided a pair, Chicago winning the opener, 5-4 and Cincinnati the nightcap, 7-1.

Hendley, whom the Giants acquired in a pre-season trade with Milwaukee, limited the Mets to three hits after retiring the first 13 New York batters. San Francisco pounded out three homers in the opener, with Orlando Cepeda socking a three-run smash for his first circuit since opening day. Willie McCovey and rookie Jim Rav Hart also homered.

Herbel, a rookie making his

ABBE RUTH LEAGUE

Enco came from behind over Kist, 14-10 and Lions edged Hardware, 3-2 in a Babe Ruth League doubleheader Saturday night. The two games made up the pair was held out Friday night.

Kist battled Larry Keyser out of the box as they grabbed an early lead, but John Braly came in to hold them off while his mates grabbed seven runs in the fifth and five in the sixth as losing pitcher Summers had control trouble. Dick Foster had a perfect night at the plate, hitting for the circuit with a single, double and triple in three trips to the plate, scoring three runs.

Al Gomez won a pitching duel from Rod Hall in the second game, scattering four hits, walking three and striking out 11. Hall K'd seven and walked four, but allowed seven hits for the margin of difference. Monk MacDonald got two hits to lead the batting.

Babe Ruth play will take a week off for final exams, resuming Monday, May 25.

LIVERPOOL WIN — CHICAGO (UPI) — The Liverpool Soccer Club of England defeated Monterrey of Mexico, 3-0, Sunday. Ian St. John scored all three goals for the English league champions.

Blinn of Brenham, Tex.—45 points; Victoria, Texas—35; Hutchinson, Kan.—24; North-eastern Colorado—22; Eastern Arizona—20; Pratt, Kan.—19.

Big George Little Lionel Lead Open

OKLAHOMA CITY (UPI) — Big George Bayer, a power hitter on a narrow course, and Little Lionel Hebert, the steady southerner whose long puts were dropping, carried a one-stroke lead into today's 36-hole finale of the \$40,000 Oklahoma City Open.

Bayer, who hasn't won a tournament in four years, and Hebert, whose last victory was in 1962, shot four-under-par 68 Sunday to go with their opening round 70s to go 5-under-par at the halfway point of the tournament with identical 138s.

A stroke back at 139 were Johnny Pott and Mike Souchak, with Bob Vervey and Jack McGowan another stroke back at 140.

Arnold Palmer, who pleaded his huge following with a 3-under-par 69 Sunday, shot into contention at 141 and was tied at that score with Bob Rosburg, Don Massengale and Terry Dill. Gene Littler, Tony Lema, Jay Hebert, Pete Fleming and Art Wall were deadlocked at 142.

The field was trimmed to 71 professionals after Sunday's round and it took a 143 or better to survive the cut.

Steve Owen Dies Sunday

ONEIDA, N. Y. (UPI) — Steve Owen, the boy from Oklahoma's Cherokee Indian strip who became a renowned defensive genius in professional football, died Sunday of a cerebral hemorrhage.

Owen had been in critical condition in an oxygen tent since being admitted to City Hospital May 9. He had turned 66 April 21.

"Stout Steve" Owen coached the National Football League New York Giants for 23 years. His first contract in 1931 with the Mara family, which controls the New York club, was a hand shake. His teams won eight division titles, a record still untouched, and two NFL crowns.

The funeral will be Tuesday with burial in St. Patrick's Cemetery here. Owen is survived by Miriam Sweeny Owen, his widow, and a brother, William, of Kinsley, Kan.

After leaving the Giants as a coach, Owen served temporarily as scouting director for New York. He left to become an assistant at Baylor and later with the Philadelphia Eagles. In 1959 he coached Toronto in the Canadian League and last year directed the Syracuse Stormers in the United League.

Bowling

Pampa is to be represented in the State Junior Bowling Tournament to be held at Dallas June 5th and 6th.

Carol Belmont and Don Rader both bowling in the Senior Division, won their matches at Amarillo, and became the district champions. They will represent this district which comprises all the Panhandle and will compete with nine other district winners for the state championship.

A banquet, dance and tour of the city has been arranged for their pleasure by the State A.J.C.C. Bowling Council. Graduating seniors will also be eligible to win scholarships.

Four youngsters from here represented Pampa at Amarillo this weekend. Janet Morgan and Buddy Newton were bowling in the Junior Division and will alternate to the Dallas meet by virtue of both placing second. It was some mighty nice bowling and a great experience for these youngsters. We're very proud of them.

SURFBOARD CHAMPION — SYDNEY, Australia (UPI) — Bernard (Midget) Farrelly of Australia biked top American riders Mike Doyle and Joey Campbell to win the 1964 world surfboard riding championship at Manly Beach Sunday.

RALLIES FOR WIN — NEW YORK (UPI) — The German-American Soccer League All-Stars rallied from a halftime deficit to score a 2-1 victory over the Hamburg Sport Verein Club Sunday and spoil the American debut of the German team.

PRIZE CATCH — Charlie Wilkerson displays the high point of a productive fishing trip by him and Bob Caddell this weekend at Conchas Dam in New Mexico. These seven transplanted northern pike were caught on Lazy Ike plugs on the Canadian side of the dam Sunday night. The seven pike averaged about three pounds apiece, totalling 21 pounds, with the largest being 3 3/4 pounds. The pair also caught black bass, white bass and crappie.

Flying Scot, Lotus Lead Pack in 500

INDIANAPOLIS, Ind. (UPI) — The rear-engined machines, led by the Flying Scot Jimmy Clark, will be front and center at the start of the 500-mile race on Memorial Day.

The small revolutionary racers, grabbing the spotlight from the Offenhauser-powered roadsters, set the pace with identical Ford power plants in weekend qualifications which filled 21 of the 33 positions for the big auto racing classic.

And Clark, the Grand Prix world's champion from Duns, Scotland, showed them all he wants to finish just one position better than last year, when he chased Parnelli Jones to the finish for runnerup honors. Clark won the coveted pole position with a record-shattering performance.

He thus became the first foreigner in 45 years to lead the pack and his four-lap speed of 158.828 miles per hour, was more than Jones' 1963 record. Clark, driving a green Lotus, also set a single-lap record of 159.377 m.p.h. A short time later he left for Europe where he raced over the weekend.

Bobby Marshall, Pottstown, Pa., the top favorite for the pole and the first Speedway driver to hit 160 m.p.h. in practice, had to settle for runnerup honors. Also in a Lotus, Marshall logged a speed of 157.857

Dancer Won In 1st Quarter

BALTIMORE (UPI) — Northern Dancer won the Preakness Stakes in the first quarter mile, trainer Horatio Luro said today of the Kentucky Derby Derby winner who now needs to win the Belmont Stakes to become America's ninth Triple Crown winner.

"The run to the first turn was critical," Luro said. "Hartack (jockey Bill Hartack) and I knew the field would be closely bunched and felt that Hill Rise, who was closest to Northern Dancer in the Derby, was the horse to beat."

"Hill Rise was outside Northern Dancer in post position No. 6. The plan was never to lose our own position, to break fast and keep Hill Rise outside if we could. Northern Dancer outran that other horse and he can outrun him at any stage. We would run a match race against him from five-eighths of a mile to any distance," Luro said.

When Northern Dancer outran Hill Rise to the first turn the pattern of the race was set. When leaving the backstretch Willie Shoemaker tried to move up with Hill Rise, Hartack set Northern Dancer along with him, always staying a neck in front.

It was Hill Rise who cracked first and Northern Dancer streaked through the stretch alone to win by two and one-quarter lengths.

Then Rex C. Ellsworth's The Scoundrel caught Hill Rise in the last few strides to take the place by a head with Rokeby Stable's Quadrangle another half length back in fourth place. Roman Brother and Big Pete trailed.

Berra Sets Example, Yankees Win Double

By United Press International — Yogi Berra "retired" today again.

Berra, who insisted he was all through playing last November then hedged a bit recently, put his mask and mitt back on Sunday for the first time since being named Yankee manager.

It was only for pre-game batting practice but the Yankees promptly got the message. They went out and had their best day of the year by knocking over the Kansas City A's twice, 11-9 and 8-0, to climb within 10 percentage points of the first-place Chicago White Sox.

Mickey Mantle and Tom Tresh each homered in the opener, Mantle raising his average to a startling .577 against left-handers in the process, and Whitey Ford fashioned a four-hitter in the finale for his fourth victory in five decisions.

Joe Pepitone hammered a pair of homers and two single in the nightcap as well as a triple in the first game. He now has connected safely in 10 of his last 15 at bats to boost his average from .116 to .295.

Leftys Lead Tigers — Southpaws Hank Aguirre and Mickey Lolich of the Tigers knocked the Indians out of first place with 3-1 and 4-1 victories; Juan Pizarro posted his fourth straight win for the White Sox in a 3-2 triumph over the Senators; the Angels over-turned the Orioles, 9-4, and the Red Sox beat the Twins in their opener, 6-2, but lost the second game, 6-5.

Badgers Vs. Blinn for NJC Berth

BIG SPRING — Amarillo College, winner of the Western Junior College Athletic Conference baseball title, will battle Blinn JC of Brenham, Tex., in a best two-of-three series beginning Wednesday on the Abilene Christian College diamond.

The Buccaneers, winners of strong Region 14, own a 16-1 record to the 20-4 standard of the Badgers.

The two clubs will play a doubleheader, beginning at 1 p.m., both nine inning games, and the third game, if needed, will be waged the following day at 1 p.m.

The winner of this series gains one of the eight berths in the National Junior College Athletic Association baseball tournament in Grand Junction, Colo., on May 20-June 2. It is a double elimination tournament.

The Texas JC Athletic Conference winners are from a strong junior college baseball region and the Badgers will be hard pressed for victory.

But the Badgers have the pitching strength to pull off the victory and gain a berth in the nationals. Jerry Glover (9-1) and Mike Westbrook (7-0) will hurl for the chargers of Coach Bob Carter.

The playoff was arranged Saturday in Big Spring during the National Junior College track meet at Howard County Junior College.

Warriors Seek Assistant Coach

MIAMI (SpI) — Applications are being taken now for an assistant coach in high school football, basketball and track, announced Miami Superintendent of Schools Weldon Snodgrass today.

Head football and track coach Bill Hines resigned recently to take the head coaching job at Silverton. Lawrence Overcast, head basketball coach and assistant football coach, was moved up to head coach of all three sports in his place, leaving the assistantship open in all sports.

Snodgrass said that he could be contacted at school, or at his home in Miami after the school year was over, by anyone interested.

Aguirre stopped the Indians on seven hits in the opener to post his first victory of the season for the Tigers and Lolich also turned in a seven-hitter for his fourth triumph in the nightcap. Al Kaline's homer off rookie Tommy John was the decisive blow in the first game and teammate Dick McAuliffe, who was 4-for-6 on the day, homered in the second game.

Ward Breaks Tie — Pete Ward broke up a 2-2 tie between the White Sox and Senators with an eighth inning single after Floyd Robinson belted a two-run homer in the sixth. Pizarro gave up seven hits in seven innings, after which Hoyt Wilhelm and Don Messer finished. Marshall

Dick (The Monster) Radatz checked the Twins in the opener to preserve a Red Sox victory but was tagged for a pinch two-run homer by Earl Battey in the ninth inning that gave Minnesota the nightcap. Dave Morehead (2-3) was the winner in the opener when the Red Sox kayoned loser Jim Kaat (4-2) during a six-run seventh inning rally. Harmon Killebrew had a homer in the first game and another homer, his ninth, with the bases full in the finale. Roman Mejias and Frank Malone connected for Boston.

"We Appreciate Your Business"

The Pampa Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human relations Commandments, the Golden Rule and the Declaration of Independence.

Russia and Communism

In this country at the present time there is still a marked difference and an appalling ignorance concerning the threat of communism. At the same time there is a marked concern as well as appalling ignorance about Russia and Russia's ebullient war lord Nikita Khrushchev. Possibly the greatest danger we face arises from the tendency of so many to confuse the two.

Serious students of the subject, of which there are all too few, know without question that the Union of Soviet Socialist Republics is not to be equaled with communism as a doctrine.

But what is not readily seen by those who come into only cursory examination of the problem is that the U. S. S. R. and communism pose two distinct and highly different threats to our mutual well-being. Further, that this dichotomy is such that excessive zeal in trying to thwart the Russian first minister and his political cronies could conceivably induce a home-grown communism in this country, far larger than it exists at present.

Let's try to spell out the differences between these two sources of trouble. First, take the Soviet Union.

This is a political and military state. It is organized along the lines of a federated representative republic. It has a constitution and a most potent political party.

The economic and social condition of the Soviet Union is rooted in what is identified as the "socialist system of economy." But the political and military actions of the Soviet Union are not one whit different from the political and military actions of any other nation.

The Soviet Union, per se, poses a political and military threat. How great it is and how immediate it is has the experts in a constant debate and has kept them there for years! But this same kind of political and military threat has been faced before in this country and from other directions.

Sound Public Policy

The wages paid for similar kinds of work have always varied in different parts of the country. This is natural and necessary. The cost of living, for instance, in a metropolis such as New York is much higher than it is in Pampa.

Menace to The Free Press

"A free press is free only so long as it is free from the interference of government."

The words are those of Stanford Smith, general manager of American Newspaper Publishers Association. He added, "Unfortunately, in these days of complex newspaper operations, government can interfere with a free press without the necessity of license. The newspaper business can be subjected to pressures not anticipated in the Constitution."

Pull Up A Chair

By Frank J. Markey

If you want to be a golf champ, start young. Arnold Palmer, first four-time winner of the Masters' tournament, got his first set of sawed-off golf clubs at the age of 3. At 7 he broke 55 for nine holes and at 12 he regularly broke 40 for the same. He won his first high school match at 14 with a neat 71. He's been winning ever since. Now, between golf and his interests in 27 different corporations, he averages around \$400,000 a year, which ain't hay.

Today's smile: A business executive said to his son: "I've been thinking of retiring and leaving the business to you." The offspring replied: "Don't do that, dad. You keep working for a few years and we can retire together."

Happy, well-adjusted persons have the healthiest teeth, according to a survey by a mid-west university, which also showed that worry, anxiety and emotional conflict induce physical processes which hasten tooth decay. The American public must have gigantic headaches. Last year nearly two-thirds of the total \$300 million analgesic market advertising budget was spent on four headache remedies, and this year's budget will top that.

As a matter of record, the First Internationale, established by the communists, anarchists and socialists of the 19th century, sought to convert the Franco-Prussian war from an international military dispute into an economic dispute between the classes in society as Marx defined them. They failed to accomplish their end and the failure resulted in the termination of the so-called "First Internationale." This failure did not stop the Franco-Prussian war, which was then free to carry on its traditional objectives in the traditional military fashion.

Communism, a doctrine relating to the central (governmental) control of the means of production and distribution, is an idea relating to central planning of the economy and the abolition of private ownership of the means of production and distribution.

The Soviet Union and communism are two very different things and must be faced with different methods and tools.

Who's being tagged? While the so-called "party faithful" (office holders, aspiring office holders and Democratic partisans of various kinds) constitute the "basic sales element," the biggest proportion of tickets are sold to non-party buyers, in many instances in sizable blocs.

Allen-Scott Report

\$3 to \$4 Million Total by End of May Is Democratic Aim, From Record Fund Raising Dinner-Galas To Be Staged

WASHINGTON — Democratic fund raisers are shooting for two record-setting goals by the end of this month.

One — to raise \$3 to \$4 million for the presidential campaign chest. This total is approximately one-third of the \$12 million Democratic National Committee strategists figure will be needed for the White House race.

Second goal is staging the first \$1 million fund-raising dinner by either party. This is to take place in New York on May 28.

This affair is the second of two that are to produce the \$3 to \$4 million in campaign funds. The first is to be in Washington on May 26, and the aim is to make it the biggest ever held there. Sidney Saloman, Missouri businessman, will preside in Washington. Arthur Krim, motion picture executive, in New York.

Both events will be combination \$1,000-a-plate dinners and \$100-a-ticket galas. Separate tickets have to be bought for the dinners and the galas; in other words, to attend both it will cost \$1,100 or \$2,200 for a couple.

President Johnson will be the main attraction at the dinners; well-known movie and TV personalities at the galas. Featuring the Washington show will be Brigitte Bardot and Gregory Peck. The performer contingent at the New York gala will be headed by Johnny Carson.

As an added lure to the \$1,000-a-plate dinners, ticket buyers are being promised an invitation to a formal White House party and choice seats at the Democratic convention in Atlantic City in late August.

LABOR UNIONS — AFL-CIO; United Auto Workers; Buildings & Construction Trades Dept.; AFL-CIO; Communications Workers; Electrical Workers; Government Employees; Ladies' Garment Workers; Longshoremen; Machinists; United Mine Workers; Postal Clerks; Steel Workers.

AGRICULTURE — American Farm Bureau Federation; National Grange; various other national and sectional farm organizations.

TRADE ASSOCIATIONS — American Bankers; American Medical Assn.; Aerospace Industries; Automobile Dealers; Bicycle Manufacturers; U.S. Brewers; American Cattleman; U.S. Chamber of Commerce; Cotton Manufacturers Institute; Distilled Spirits Institute; National Electrical Contractors; National Food Brokers; Grain & Feed Dealers; Investment Bankers; Meat Institute; National Assn. of Manufacturers; American Paper and Pulp; American Petroleum Institute; Pharmaceutical Manufacturers; Philippine Sugar; American Excelsior; American Railroad executives; Rivers & Harbors Congress; Savings & Loan League; National Shoe Manufacturers; American Trunkers; Wool Growers.

BUSINESS — American Can Co.; Anaconda Copper Co.; Chrysler Corp.; Columbia Gas; Consolidated Edison of New York; Continental Oil; Good-year Tire & Rubber; Gulf Oil; Humble Oil; New York Central Railroad; New York Stock Exchange; Pacific Gas & Electric Co.; Pennsylvania Railroad; Procter & Gamble; Radio Corporation of America; Shell Oil; Standard Oil of New Jersey; American Telephone & Telegraph; Tennessee—Transmission Gas; Trans World Airline; American Airlines; United Airlines.

The \$1,000-a-plate and \$100-a-ticket gala fund-raising combination was evolved under President Kennedy. Buyers of the \$1,000 dinner tickets become members of what is known as the "President's Club."

This device has been very successful. It paid off a large debt from the 1960 presidential campaign; raised a big campaign chest for the 1962 congressional elections; and this year already has produced \$190,000 each for the Senate and House Democratic Campaign Committees.

The American Way

BY HARRY BROWNE
Editor, Freedom Magazine

"But why me?" I pleaded. "Can't you find someone else to do this job for you?"

What a dream. There I was face-to-face with Uncle Sam himself — and he was trying his darndest to get me to do a job for him. And I was thinking of every possible objection — to get out of it.

"Harry," he said, "The time has come for action. America has slipped off the track. The progressive and uplifting ideals of the founding fathers have been cast aside — and replaced with the age-old governmental ideas that have kept the world in poverty for centuries."

"So what?" I countered. "All that may be true — but what has it to do with me? I've got more important problems of my own."

It's Your Life!

"Oh no you don't!" he shot back. "Because if you don't get America back on the track, your present-day problems will be small indeed compared to what's coming. And beside that, just getting America back on the groove will clear up much of what you're worrying about."

"Well," he said, "In the first place, you've allowed the government to stick its nose into every area of our national life. Its deadening hand has slowed down the business world, cut incentive, caused unemployment, high taxes and high prices."

The material well-being is always slowed down when the individuals believe that stealing can be beneficial whether done by an individual, a dictator, or the majority.

Every one who has done any study of it knows that the United States has increased what the government takes from about 5 to 10 per cent when the secret ballot was adopted, to 33 to 35 per cent at the present time.

Undoubtedly, the purpose of the secret ballot was to keep individuals from buying or intimidating people to vote the way they wanted them to vote.

But a man who doesn't have the courage of his convictions and wants to keep his ideas secret and vote to confiscate the property of others cannot promote the well-being of mankind. He takes away the tools of the man who has initiative and ideas, who furnishes jobs and reduces prices and the cost of living.

But those people who were buying votes did it with their own money and they spent very very little compared with the billions which the government is now spending in buying votes with all the people's money.

Yes, it is hard to see how the secret ballot has done anything but cause the deterioration of virtue and courage, frankness and sincerity. Frankness and sincerity are necessary for the progress of mankind.

As long as you let the government run your life, things are going to get worse and worse.

"But the day you do something about this, America will be on its way to a better life. We'll all be more prosperous — and we'll have greater freedom and opportunity. Employment will go up, and each of us will be able to buy more good things with our earnings. Isn't that worth working for?"

Impressed but not convinced, I replied: "Oh that sounds good, all right. But you see, Sam, I'm only one person — and not a very big one at that. What could I do?"

It's Your Job!

"Plenty! You can get busy right now learning the beauties of a free society and explaining those benefits to your friends and associates. Then you can get behind the drive to enact the Liberty Amendment — which will get the government out of our economic life and let our free enterprise system get on with the job of making America prosperous. You can be an instrument to change the world, if you'd only get busy."

"But why me?" I pleaded. "Can't you find someone else to do this job for you?"

"Well," he said, "In the first place, you've allowed the government to stick its nose into every area of our national life. Its deadening hand has slowed down the business world, cut incentive, caused unemployment, high taxes and high prices."

Editor:

I think downtown merchants have waited too long to shut the barn door. I am very fortunate, in that until some three years ago I lived or traded in towns where the merchants and employees made me feel as though they wanted me to keep coming back, but some merchants downtown seem to think otherwise in Pampa.

M. F. Williamson
1809 N. Wells

Office Cat

While visiting friends in Cleveland, a young Detroler was presented with a quart of rye whiskey. He decided to take it home with him.

As the steamer neared the dock he became more and more nervous. Finally, in desperation he confessed his fears to a fellow voyager. This kindly individual offered to trade suitcases and assume all responsibility.

The young man was vastly relieved and the change was made.

The luggage was not searched, and a few minutes later the two met on shore. The young man was exceedingly grateful.

Young Man (as they exchanged again) — By the way, you must have a lot of things in your suitcase; it's awfully heavy.

Stranger — Yes, I have twelve quarts in mine.

LIKE NEW - From small dents and scrapes to major body repairs, Ford's Body Shop at 111 N. Frost is the place to go. Here you get fast, dependable workmanship by the very finest body repairmen.

Ford Body Shop Offers Top Service

Most people are proud of their cars, as rightly they should be. Therefore they want the best when it comes to repairing their cars after a mishap, either a major or a minor one, or when they just want a repaint job to improve the looks of an older model. You can always depend on Ford's Body Shop for just the kind of service you want. When your car comes out of Ford's, you can point to it with pride.

Ford's has the room and equipment needed to perform a first class repair job on a new make or model of automobile. The shop's best advertisements are the "extra sharp" paint jobs that they put on older model cars and the total wrecks that are made to look like new.

For 24-hour wrecker service call MO 4-4619 during the day or MO 5-2494 during the night.

Designed to trim production costs on large-acreage tillage operations, the new Case 1200 with an eight-bottom plow will handle 40 to 65 acres a day, chisel plow 150 acres or 1-way 250 acres a day, according to Bob Dowd of Happy Implement Co.

Dowd states that the new Case 1200 puts big 8-plov power to full use with 4-wheel drive, 4-wheel flotation and uniform weight distribution. Says Dowd, "All the power in the world won't do you much good if you can't hold your footing. With all 4-wheels of equal size and all pulling an equal share of the load, wheel slippage is kept at a minimum. The advantage is particularly noticeable in loose soil, mud or slick soils."

To provide maximum maneuverability and precision control of implements, the new Case 1200 features "four-wheel steer" with independent hydrostatic power steering of both front and rear wheels. The engine is the same heavy-duty 451 cu. in. Case diesel that has been used for five years in the company's big industrial wheel loaders. Operator comfort and control is "next door to luxurious" according to the manufacturer.

Bob Dowd extends a cordial invitation to all interested farmers to attend the field demonstration on May 20th.

Miami Schools Hold Ceremonies

MIAMI (Sp) - The Miami High School baccalaureate service was held last night in the high school auditorium. Rev. Carl Hudson of First Methodist Church was speaker. The high school commencement program will be held Thursday night at 8 p.m. in the auditorium. Speaker will be D. E. Scott of Wellington, newspaper columnist, best-known for his widely-read "Crossroad Report" daily column.
