## City Talk On Bonds Delayed

Discussion on a proposed bond issue for a new sanitation plant and replacing broken concrete sewer lines was postponed today by the city commission.

Officials stated that additional information was needed before a decision could be reached on the type of bonds to be floated.

R. A. Underwood of Dallas, the city's fiscal agent for the bond issue proposal, will report to the commission two weeks from today.

Underwood conferred with city officials and members of the commission late yesterday at a meeting in City Hall.

It was at this meeting that it was decided to postpone the public discussion and any further action until the fiscal agent could come up with additional facts and figures pertaining to the proposal.

City commissioners today awarded a contract in the amount of \$20,607.73 to Ray Boswell of Pampa for paving access thoroughfares in the Industrial Subdivision near the Form-O-Uth factory. Completed work on paving in the 1200 and 1300 blocks of W. Decatur and 1700 block of N. Sumner Sts. was accepted.

The commission also received a petition from property owners on Maple St. between Gray and Octavius Sts. asking that the street be paved.

Approval was given for setting up a \$250-fee for City Attorney Bob Gordon to defend the city in a civil suit, Shepard versus the City of Pampa, in which the plaintiff is seeking \$4,000 damages.

The commission approved payment of \$945.83 on a Continental Oil Co. discount invoice.

## First Check-in Set Tomorrow on Chamber Drive

The first check-in meeting of the Pampa Chamber of Commerce's annual membership drive is scheduled for tomorrow at 10 a.m. in the Chamber office.

The drive, to recruit new members and solicit old ones that have not renewed their memberships, kicked off yesterday with a noon luncheon in the Coronado Inn.

The 18 directors of the Chamber are each heading a team of four persons.

The drive is expected to be completed by the final check-in meeting on Friday at 5 p.m.

## Drive Threatens Laos' Two Capitals

**SAM THONG, Laos (UPI)** — Communist Pathet Lao artillery shelled neutralist commander Gen. Kong Le's command post today and Red troops were reported to have trapped three neutralist companies in a drive that threatened Laos' two capitals—Vientiane and Luang Prabang.

A major in the neutralist army said in this refugee center 12 miles southwest of the Plain of Jars that heavy fighting had erupted northeast of Muong Soui, Kong Le's last stronghold on strategic Route 7.

The officer said Kong Le's command post at Ban Na, where he set up his headquarters to regroup his troops after being driven from the plain by the Communists, was being shelled by Red artillery, with an attack on Muong Soui itself expected momentarily.

More than 6,000 refugees were streaming south from the Plain of Jars in the face of the Red onslaught.

Western military sources said the Communists had cut off neutralist government troops fighting a rearguard action at Muong Kheung, which fell to the Pathet Lao Sunday. Most of the government armored troops fled into the hills, the sources said.

# Minority Parties Hold Conventions at Midland

**By United Press International**

Two small political parties that appeal to the same group of supporters held conventions Monday, the Conservative Party of Texas meeting at Midland and the Constitution Party at College Station.

The Constitution Party was without the presence of Bard A. Logan of San Antonio, a former party leader and frequent candidate for public office. Logan was at Midland being chairman of the Conservative Party group, which split with the Constitution Party.

Logan said his convention had delegates from 22 counties, and will hold a state convention in Dallas June 16 to pick delegates to the National Conservative Party convention in Chicago July 23-26. The Midland meeting declined to endorse anyone for president, but said it would back "a constitutional conservative if either major party nominates one."

The Constitution Party chose a slate of candidates for state-wide races, including Houston men Jack Carswell for U.S. Senator and John Williams for governor.

The group passed resolutions calling for continued United States control of the Panama Canal Zone and Guantanamo Bay in Cuba—even if it means using troops—and election of U.S. Senators by the state legislatures instead of popular vote, repealing the 17th Amendment.

Resolutions passed at the Midland meeting asked Congress to investigate the State Department, called for defeat of the pending Civil Rights bill and demanding the withdrawal

of the U.S. from the United Nations.

The major political parties also got into the news, as candidates for the June 6 runoff issued statements.

Republican Jack Cox claimed "new support and new impetus" in his race for the senate nomination as a result of backing by former supporters—Dr. Milton Davis and Robert Morris, defeated senate hopefuls.

In Dallas, Morris again declared his neutrality in the Bush-Cox runoff.

"I have not authorized the use of any campaign material

nor do I associate myself with the efforts of any personnel formerly associated with my campaign, for either candidate," Morris said.

The former University of Dallas president said he would support the winner of the runoff but said it may be "difficult in view of some of the tactics of the runoff campaign."

George Bush kept his campaign against Cox going by blasting the man they both want to unseat, U.S. Sen. Ralph Yarborough, D-Tex. Bush accused Yarborough of telling cattlemen he wanted to cut beef imports and then failing to vote on a senate amendment to do so.

U.S. Rep. Joe Pool, D-Tex., predicted victory in his Democratic runoff race with Robert Baker for nomination as congressman-at-large.

## City Offices To Be Closed For Memorial

Pampa's City Hall offices will be closed from 2:30 p.m. to 5 p.m. tomorrow during memorial services for Lt. Joe Cooke, son of Mr. and Mrs. R. B. Cooke, 429 Pitts.

The City Hall flag will be lowered to halfmast during the actual memorial service which will start at 3 p.m. in the Duenkel - Carmichael Funeral Home.

The flag will remain at halfmast until the end of the service in honor of Lt. Cooke who died in the service of his country May 22 when his fighter plane crashed into the sea off the Philippines.

Chaplain N. C. Starnes, naval reserve chaplain from Amarillo, will officiate at the services.

The fighter pilot, son of Pampa's director of public works, was a 1957 graduate of Pampa High School and was graduated from Texas Tech at Lubbock in 1961.

## Course on Tourism Set At Library

A two-day adult education course on the selling and serving of tourists, sponsored by the Pampa Chamber of Commerce, will be held tomorrow and Thursday at Lovett Memorial Library.

George R. Jordan, manager of the tourist development committee of the West Texas Chamber of Commerce, will be the instructor.

The course will be divided into two separate three-hour sessions.

A morning session will be held beginning at 8 a.m. for persons who work during the evening hours. It will deal primarily with a study of tourism, what tourists expect from people and population forecasts and trends.

The second session will be held 7 until 11 p.m. for persons who work during the morning hours. Topics to be covered during this session are promoting tourism through local news media, customer relations, services of restaurants and service stations and a study of tourist promotions by organizations.

E. O. Wedgeworth, manager of the Pampa Chamber of Commerce, urged and invited anyone who has any contact whatsoever with the travelling public to attend the sessions.

Reservations may be made by contacting the Chamber.

Each person completing the six-hour course will receive a certificate making him a "Top O' Texas Ambassador."

## China Calls For Meeting On Laos War

**LONDON (UPI)**—Red China called today for a 14-nation foreign ministers' conference in Phnom Penh, Cambodia, to deal with the "increasingly grave" situation in Laos.

The Peking government's position in the Laos crisis was disclosed by the New China News Agency which distributed the text of a note sent by Foreign Minister Chen Yi to Britain and Russia as co-chairmen of the Geneva Conference.

The note said "the Chinese government considers that it has become imperative and urgent to convene a conference of the participants of the Geneva agreement."

It said that the conference should be held in Phnom Penh in June.

## Absentee Voting Starts Tomorrow

Absentee balloting for the June 6 runoff election begins tomorrow in the Gray County clerk's office in the court house.

Only one runoff race faces each party.

The Republicans will choose either Jack Cox or George Bush to face U.S. Senator Ralph Yarborough in the general election.

The Democratic runoff pits Bobby Baker and incumbent Joe Pool in a race for the nomination for congressman-at-large.

Anyone wishing to vote absentee should come to the clerk's office between the hours of 8:30 a.m. and 5 p.m. Monday through Friday and 8:30 until noon Saturday. The office is closed between 12 and 1 p.m.

Absentee voting will end June 2.

## House Panel OKs Debt Hike

**WASHINGTON (UPI)** — The House Ways & Means Committee today swiftly approved a \$9 billion increase in the nation's temporary debt limit to a record \$324 billion for fiscal 1965.

## Document, Comedy Capture Top Emmys

**HOLLYWOOD (UPI)**—A poignant documentary honoring the late President Kennedy and a lighthearted comedy show dominated the Emmy awards today while the bitter network boycott of the annual television presentations was submerged in a sea of quips.

The "Making of a President" (ABC) won four Emmys, including the best single television show of the year and the most outstanding documentary. It was based on Theodore H. White's Pulitzer Prize book on a study of the late President's election.

In contrast, the frothy, lighthearted "Dick Van Dyke Show" (CBS) won five golden statuettes—Van Dyke and Mary Tyler Moore, the all-American husband and wife television team, were named best actor and actress in a series. The show was termed the best comedy series of the year and also cited for writing and directing achievement in comedy.

Ironically both ABC and CBS

denied the Emmy awards recognition. But the Hollywood Paladium and the Texas Pavilion at the New York World's Fair were packed with recipients, including stars of the boycotting networks.

There were frequent references about CBS and ABC snubbing the awards in a dispute over categories and voting methods. But all were in a humorous vein and enthusiasm of Hollywood and New York audiences overshadowed the seething controversy.

In the final count CBS won 13 Emmys, NBC captured 9 and (See Van Dyke on Page 4)

## Envoy Looks For Reds to Exploit Rift

**UNITED NATIONS, N.Y. (UPI)**—Diplomats looked today for the Russians to try to exploit the deepening Western rift accentuated by France in the Security Council debate on the Southeast Asia situation.

The 11-nation council scheduled an afternoon session to continue discussion of Cambodia's charge of aggression against South Viet Nam and the United States.

The Russians were expected to spell out in detail their position on the strife in Southeast Asia, but Soviet Ambassador Nikolai T. Fedorenko did not inscribe himself on the tentative speakers' list for this afternoon. It was believed he was waiting for Moscow to assess the situation thoroughly before making a policy statement.

After an opening statement against Viet Nam, Fedorenko has contented himself by ridiculing the declaration of policy made last Thursday by U. S. Ambassador Adlai E. Stevenson.

Stevenson rejected suggestions for a new Geneva conference on Cambodia and proposed a U.N. force to patrol the border between Viet Nam and Cambodia, the ill-marked frontier to be properly delineated with assistance from the world organization.

France has repeated its support for a new Cambodia conference, as suggested by Russia and Communist China.

## Warning Out On '63 Taxes

City taxpayers who have not yet paid their 1963 real estate or personal property taxes were warned today by Tax Collector Aubrey Jones that they have until 5 p.m. Friday to make the payments without penalty and interest.

The tax collector said the balance of unpaid taxes was \$42,559.10 from a total levy of \$652,613.10 for 1963.

Up until this forenoon a total of \$610,054 had been collected for the 1963 tax year.

Jones stated this represents a collection of 93.479 per cent. Payments from now until the 5 p.m. Friday deadline are expected to boost the collections to around 94 per cent.

Penalty for failure to pay by the deadline is a flat 8 per cent of the tax bill. Interest on the tax, if it becomes delinquent, accumulates at the rate of 6 per cent.

"Taxpayers can save themselves some money by meeting the Friday deadline," Jones said.

## Zuckert Says Controversial Planes Safer

**WASHINGTON (UPI)** — Air Force Secretary Eugene M. Zuckert told Congress today the allegedly "obsolete and outmoded" planes used in South Viet Nam have a better safety record than modern jet fighters being flown in the United States.

"Our B26 and T28 aircraft in South Viet Nam have more than lived up to expectations," Zuckert said in a prepared statement at a closed-door session of the House Armed Services Committee.

"Even in hindsight — indeed, particularly in hindsight — (choice of these planes) was the right decision," he said.

Zuckert went before the committee to answer charges by Rep. Charles S. Gubser, R-Calif. and other members that U. S. fliers in South Viet Nam were losing their lives because of inadequate, unsafe equipment.

Gubser reiterated that charge in advance of today's committee meeting. He also questioned whether the A1E dive bomber now being converted to replace the T28 is not also a potential "death-trap."

# Van Dyke Show Hogs Emmy Awards

Dick Van Dyke

Mary Tyler Moore

Danny Kaye

Jack Klugman

Shelley Winters

(Continued From Page 1) ABC won 5, four of which were for the "Making of a President."

The Danny Kaye Show (CBS) tied the "President" for Emmys. He was one of the few name entertainers to introduce a successful new show in the 1963 season. It was recognized as the outstanding variety

show of the year and Kaye won an Emmy for giving the outstanding single variety performance. The other two awards were for directing and electronic photography in the variety field.

The award for best individual acting performance went to Jack Klugman, a seasoned

Broadway actor, for his part in "Black List" on "The Defenders." Klugman, who accepted in Hollywood, portrayed an actor who was unable to find work because of past connections with Communist front organizations.

Shelley Winters' acting in "Two is the Number" on the "Bob Hope Chrysler Theater"

was voted the finest single performance by an actress. She accepted her award in New York.

Honored as best supporting actress and actor were Ruth White ("Little Moon of Alban," Hallmark - (NBC) and Albert Paulsen ("One Day in the Life of Ivan Denisovich," Bob Hope-NBC).

"The Defenders" was named

the finest dramatic program on the air for the third successive year.

## Navigation Plan To Be Voted on In Port Arthur

PORT ARTHUR (UPI)—An election is set for June 13 to decide whether to establish a municipally-run navigation district in Port Arthur.

There are 37 candidates for membership on the five-man commission to run the navigation district on the same ballot. In the past oil companies have operated and maintained their own docks, and the city has no docks or loading facilities of its own.

### INTRODUCES TV LINE

CHICAGO (UPI)—Admiral Corp. Monday introduced its 1965 line of color television sets, which includes 20 models—the biggest line ever shown by the company.

Prices on the new sets range from \$399.95 for an all-channel contemporary lowboy console with legs to \$995 for a 60-watt solid state color television stereo theater.

## 6,500 Demonstrate In Korean Cities

SEOUL, Korea (UPI)—About 6,500 students demonstrated in four South Korean cities Monday, demanding immediate release of students arrested in earlier demonstrations.

Students from universities in Seoul, Pusan, Chunchon and Taegu staged rallies despite police efforts to nip the demonstrations in the bud.

At least 180 students were arrested today.

The students demanded the release of 37 students and citizens still under arrest because of anti-government and anti-Japanese demonstrations a week ago.

### Church Finds Results Of TV Spots 'Good'

OKLAHOMA CITY (UPI) — The Columbia Broadcasting System spent more to televise the professional football game of the week in 1963 than the United Presbyterian Church spent on its general mission program for the entire year, the church reported this week.

However, the church's division of radio and television said the picture for Presbyterian broadcasting is one of "unlimited prospects and limited resources."

The division, in a report to commissioners to the 176th General Assembly of the church, pointed to its experimental broadcasting of "three" radio messages for our times.

The experiment involved the commissioning of Stan Freberg to prepare a series of spot announcements.

Four radio stations in St. Louis carried the spots over a six-week period.

"The results are amazing; stations accept them; young adults listen and remember what they heard," the report added.

The spots are being released nationally.

The division also has placed a director of radio and television in the southern Appa-

lachian Mountains to develop a broadcasting ministry to that poverty-stricken area.

In another report prepared for delivery today, the United Presbyterian Foundation said that during 1963 gifts, bequests and trust interests from individuals were the highest in the history of the foundation, totaling \$2,134,361.

### 6-Foot Baby Some Surprise

SAN ANTONIO, Tex (UPI)—Startled officials at the San Antonio Zoo decided Monday to name a baby giraffe "Surprise" because that's what its birth name was.

Rosie, the mother, and her 6-foot 100-pound offspring born Sunday were doing nicely. The arrival, not expected until July, marked the first birth of a giraffe in captivity in the history of the San Antonio zoo.

John the Papa Giraffe was holding his head higher than ever, and that's pretty high when you are a giraffe.

Zoo Director Fred Starcke planned to check the sex of the baby today. The name "Surprise" is appropriate either way.

### 10-Year-Old Saved From Big Sand Pile

HEREFORD, Tex. (UPI)—Ten-year-old Gregory Black had quite a story to tell classmates Monday, all about being at the bottom of a giant sandpile.

The youngster was buried by thousands of pounds of sand when he fell into a giant sand hopper at a ready-mix cement plant Saturday. The son of Mr. and Mrs. Herschel Black of Amarillo was pinned in the bottom of the chute, and a worker below heard him call for help.

The man, Felipe Gonzales, could reach up the spout of the hopper and touch Black, but couldn't move him.

It took more than an hour for rescue workers to free Gregg. He was scratched, bruised and needed a good bath, but none the worse for wear.

### Judge Postpones Meeting on Ruby

DALLAS (UPI)—Judge Joe B. Brown Monday postponed a meeting to discuss a sanity hearing for condemned killer Jack Ruby.

A court clerk said the meeting was to be held next Monday. The judge had called a meeting with defense attorneys and Dist. Atty. Henry Wade to discuss a sanity hearing by a jury for the slayer of accused assassin Lee Harvey Oswald.

Brown did not come to his office this morning. He scheduled an appointment with his personal physician this afternoon, a court clerk said.

Psychiatrists believe Ruby has deteriorated mentally since the trial, but there may be a difference of opinion among doctors on whether he is legally sane. Dr. Robert Stubblefield, who examined Ruby at the request of the judge, recommended mental treatment but pointed out that does not necessarily mean the killer is legally insane.

The District attorney is willing to allow Ruby to go to nearby city-county Parkland Hospital for mental treatment. But the defense attorneys, still appealing the murder conviction on a number of grounds, want Ruby committed to an institution.

### Plutonium Loss Worries Officials

WASHINGTON (UPI)—U.S. officials are worried that loss of 2.2 pounds of radioactive plutonium on the edge of space over the African coast may cause protests from African nations.

The plutonium-238, worth about \$1 million, was lost last month when a Navy navigation satellite launched from Vandenberg Air Force Base, Calif., failed to go into orbit. The Defense Department confirmed Sunday the mishap was caused by "failure of a technician in the control center to throw a switch."

The plutonium was fuel for a SNAP 9-A generator designed to provide fuel for the satellite. The Atomic Energy Commission said it was convinced the metal was vaporized by heat of re-entry into the atmosphere and posed "no health hazard to the world's population."

### 10 Medallions Go To 'Hello, Dolly'

NEW YORK (UPI) — The theme song at the annual Tony awards dinner-dance Sunday night was "Hello, Dolly!"

The musical of that name ran off with exactly half of the 20 silver medallions which go to distinguished contributors to a Broadway theater season by vote of members of the American Theater Wing. These were the 18th annual awards.

"Hello, Dolly!" won the award in the musical play category, as a starter, and picked up nine more, including one for its leading lady, Carol Channing.

John Osborne's "Luther" won the honors in the dramatic play competition.

The award to a male dramatic star went to Sir Alec Guinness for his acting in the title role of Sidney Michael's "Dylan."

Sandy Dennis won the Tony in the dramatic actress category for her performance in "Any Wednesday."

### Doctor Blasts Quack Medicine

OKLAHOMA CITY (UPI)—Quack cures are giving false hopes to half the estimated 31,000 arthritics in Oklahoma City, a Texas physician said Sunday.

Dr. Russell Holt of El Paso, an orthopedic surgeon, said quack medicines do nothing but force arthritics victims to wait until too late to get to a doctor for proper medication.

"If physicians can discover arthritis in its incipency, we can do a lot for the patient," Dr. Holt said.

"About 5 per cent of the people who have arthritis are bedridden. These are the people you never see or hear about, because of the wasted years they spend chained to their beds...they can't get out and tell you how awful it is," he said.

"We don't know the cause and cure for all the diseases which are called arthritis, but we are working to find out," Dr. Holt said.

He addressed the Oklahoma chapter of the Arthritis and Rheumatism Foundation.

### Foreign News Commentary

By PHIL NEWSOM  
UPI Foreign News Commentary  
On June 30, the last of the United Nations peace-keeping forces will have left the Republic of the Congo and that former Belgian colony will be left to its own uncertain future. It will be exactly four years later to the day since the Congo achieved its independence, and yelling tribesmen began running through the streets of Leopoldville in the firm belief that freedom was something that could be collected in a bucket and that the wives of hapless white colonials were up for grabs by the new masters. When the last U.N. soldier quits the Congo it will be with a sigh of relief that the military aspects of a long and thankless job are at an end. For, whatever may be the future of the Congo now, there is no inclination to extend the life of the peace-keeping force. The U.N. forces want out and the government of Premier Cyrille Adoula wants them out.

**Situation Improved**  
Although the Congo will be the subject of outside assistance for years to come, things at least are better now. The secession movement of Moise Tshombe in Katanga Province is at an end and probably cannot be revived. Tshombe himself is in exile in Europe.

The country has its first balanced budget and the benefits of last November's devaluation of the currency gradually are trickling down to the people.

New Congolese doctors trained by the World Health Organization are returning home to provide urgently needed services. The U. N. Education, Scientific and Cultural Organization has recruited hundreds of new teachers, and Congolese trainees gradually are moving in to take postal and other civil service jobs.

**Heavy U.S. Contribution**  
Into its faith in the future of the Congo the United States has poured around \$250 million, most of it through the United Nations, in financial and technical aid.

U.N. troops in the Congo already are down to fewer than 4,000, a token force which certainly would be unable to quell any large-scale new insurrection. And behind them they will leave bush revolts in Kivu and Kwilu provinces which the Congolese army has not been able to put down. A Communist-backed committee for national liberation plots against the government just across the river in Brazzaville.

But the Congolese are tired of the United Nations and tired of U.N. advice, and want to go it alone. The United Nation is more than willing to give them the chance.

**SOME ENERGY**  
CAPE KENNEDY, Fla (UPI)—Scientists at Republic Aviation, which designed and built the Project Fire vehicle, recently launched here, figure that re-entry at 25,000 mph speed produces enough heat which converted to energy could lift the Empire State Building 25 feet off the ground. Or, to put it another way, it's the amount of energy that would be produced by 1,000 five-ton trucks smashing into a steel wall at a hundred miles per hour.

# 'Enemy Within' to Be Crusade Subject

"The Enemy Within—The Far Left" will be the subject of his address when Billy James Hargis, founder-director of Christian Crusade, brings his Texas Tour to Pampa. He will speak at the Robert E. Lee Junior High School at 7:30 p.m. Thursday.

Accompanying Hargis on the tour and speaking on the future of Cuba under Castro, will be Carlos Bringuiet, refugee from Cuba under Castro. Bringuiet is a Cuban attorney, the son of a Havana judge, who fled first to Argentina in 1960. He came to the United States in 1961 and became editor of the Spanish newspaper "El Grupo" in New Orleans.

He has been designated delegate of the Cuban Student Directorate. In August 1963 Lee Harvey Oswald, accused assassin of President Kennedy, attempted to infiltrate the Delegation in New Orleans and, at that time, Bringuiet engaged Oswald in a debate that brought to the surface the pro-Marxist admission of Oswald and his feelings on the Fair Play for Cuba Committee. This debate has been recorded and just released in record album form by Christian Crusade and Key Records of Los Angeles.

**BILLY JAMES HARGIS**  
... crusader

**CARLOS BRINGUIET**  
... Cuba refugee

In his long tenure as a leader in the conservative movement in this country, Hargis has spoken to and written for

millions both here and in foreign countries. Christian Crusade is in its seventeenth year of operation and has its headquarters in Tulsa, Okla.

In the 1950's, Hargis was chairman of the historic Bible Balloon campaign that sent hundreds of thousands of portions of the Bible into the Iron Curtain countries by means of hydrogen-filled balloons. The Bible portions were printed in Polish, Czech, Russian, Slovak and German. Christian Crusade has been prominently featured in many of the popular magazines and newspapers across the nation, including the St. Louis Post-Dispatch, Saturday Evening Post, Look, Life and many others.

Today Hargis' Christian Crusade broadcasts are heard from coast to coast and the newest addition to the schedule of stations carrying the broadcasts in the Intermountain Network featuring 53 stations in Colorado, Idaho, Montana, Wyoming, New Mexico, South Dakota, North Dakota, Nebraska and Utah.

Other cities included in this tour include: San Angelo, Brownwood, Cleburne, Lufkin, Port Arthur, Houston, Garland, Dallas-Cockrell Hill, Dallas-Oak Cliff, Midland, Clovis and Plainview.

The meeting is open to the public and admission is free.

# Countdown Goes On Apollo Shot

CAPE KENNEDY (UPI) — The countdown began Monday for a planned attempt Friday to launch an unmanned version of America's Apollo moonship on its flight into orbit around earth.

A 19-story Saturn-I rocket, forerunner of giant boosters that are expected to hurl three men toward the moon within six years, was locked into the metallic embrace of a towering gantry for final checkouts that should be completed early Tuesday.

If all goes as scheduled, the super booster will hurl an 80-foot satellite—similar in shape to a long tin can with a cone-shaped end and weighing 37,300 pounds—into an orbit more than 110 miles above earth.

The orbiting portion is similar in size and shape to the Apollo moonship. However, it contains none of the life support equipment and other vital gear necessary to keep astronauts alive on the 240,000 mile voyage to the moon.

# MISSOURI-SYNOD LUTHERANS GAIN

ST. LOUIS (UPI) — Total membership of The Lutheran Church - Missouri Synod in North America now is 2,683,876. The Missouri Synod added 72,181 baptized members during 1963 as a result of accessions from other Lutheran Synods.

Included in the accessions are 12,436 baptized and 7,737 communicant members from 53 congregations of the National Evangelical Lutheran Church, which has merged with The Lutheran Church—Missouri Synod. As a result of accessions from other Lutheran synods, numerical gains were highest last year in the upper north central states.

# Nikita Home From Visit To Arab States

MOSCOW (UPI) — Premier Nikita S. Khrushchev returned Monday from a 16-day visit to the United Arab Republic, where he promised another loan of \$277 million and warned the United States its flights over Cuba could have "the most fatal consequences."

Khrushchev flew back to Moscow with full backing from U.A.R. President Gamal Abdel Nasser for the Soviet "anti-imperialist" line. In turn, he promised support for Arab causes in their joint communiqué.

Diplomatic observers in Cairo agreed that the Soviet leader picked up much personal popularity during his 16-day visit, but considered it far from certain that he sold many Egyptians on communism.

The 70-year-old Soviet leader appeared fatigued at times during his tour in the 100-degree heat of south Egypt, but when he left his Soviet jetliner at Moscow's Vnukovo Airport today, he seemed to be in his normal good spirits.

He shook hands with government leaders and got a hug from one of his grandsons.

# Coast Primary Fight Goes Into Last Week

SAN FRANCISCO (UPI) — The bitter California primary campaigns of Gov. Nelson Rockefeller and Sen. Barry Goldwater moved into the final week Monday with Goldwater charging he was the target of a "gang up" by supporters of his rivals for the Republican presidential nomination.

Both the New York governor and the Arizona senator are running scared. They are the only two entries in California's June 2 GOP presidential primary contest for 86 national convention votes.

Goldwater has been heavily favored to win the crucial test before Rockefeller's upset victory in the Oregon Primary May 15. From the momentum gained in Oregon, Rockefeller may have closed the gap or gone ahead.

A United Press International poll of members of the California legislature showed 90 predicting a Rockefeller victory and 22 picking Goldwater. Among Republicans alone, 24

thought Rockefeller would win and 15 forecast a Goldwater victory.

"I won't gang up with other candidates to swap your votes back and forth," Goldwater said in a speech prepared for delivery today at Shasta Junior College in Redding.

His statement referred to a coalition forming in California among anti-Goldwater Republicans behind Rockefeller's candidacy, particularly the announcement by supporters of Ambassador Henry Cabot Lodge last week that they would support the New York governor in next week's primary balloting. Rockefeller, campaigning in Southern California, aimed his attack at the Johnson administration's policies in Southeast Asia during a San Diego speech. He said Atty. Gen. Robert Kennedy's "peace-keeping" mission to Indonesia earlier this year was "ill-conceived" and accomplished nothing.

# More Votes Termed Likely for Barry

WASHINGTON (UPI) — Sen. Barry Goldwater appears likely to pick up this week another big block of delegate votes to the Republican National Convention.

The Arizona senator, who already has 310 first-ballot votes according to a United Press International survey, could get 34 more in Florida's primary today and 13 from Mississippi at a state GOP convention Saturday.

By getting 18 or more delegates, Goldwater would have more than half of the 655 votes needed to win the GOP nomination at the San Francisco convention opening July 13.

Goldwater is far ahead of any Republican in delegate strength. Gov. William W. Seranion of Pennsylvania is second with 82 pledged delegates — 61 of them "favorite son" votes from his own state. Over the weekend Goldwater

picked up seven more delegates in Illinois among 10 chosen Saturday. The other three were uncommitted. Goldwater now has 38 of the total of 58 Illinois delegates.

New York Gov. Nelson A. Rockefeller gained new support in Alaska Sunday. At their state convention in Juneau, Alaskan Republicans selected a slate of 12 delegates, including six for Rockefeller, two for Henry Cabot Lodge, two for

Richard M. Nixon and two uncommitted.

Rockefeller pushed his total to 34 first-ballot votes after what was described as a bitter election of delegates in Alaska. However, Rockefeller, who won the Oregon presidential primary, still trails Lodge, who has 46 convention pledges.

Mrs. John Bruce Dodd, of Spokane, Wash., originated the observance of "Father's Day" in 1910.

# CITIES WITH MOST CATHOLICS

NEW YORK (UPI) — Seven U.S. cities have Archdioceses with Roman Catholic populations of more than 1 million, according to the Official Catholic Directory for 1964. The cities are Chicago, with 2,317,700 Catholics; New York, 1,782,630; Boston, 1,767,274; Los Angeles, 1,532,411; Newark, N.J., 1,528,798; Detroit, 1,461,567; and Philadelphia, 1,309,308.

Brooklyn, N.Y., is the largest Diocese, with a Catholic population of 1,576,073.

## Dear Abby....

### Mother Says Uncle Sam Is Not the Reason for Change

By ABIGAIL VAN BUREN

DEAR ABBY: The letter from "ONE BOY'S MOTHER" has been on my mind ever since I read it. Four years ago my boy went into the Navy. He was a good Christian boy then. My neighbor told me he wouldn't be "good" long. Abby, he is a better Christian today than he was when he went in. He neither drinks nor smokes. The Navy doesn't make our boys do anything they wouldn't do if they were home. Don't blame Uncle Sam. He had him for only a few months. His mother had him for 17 years. The Good Book says, "Train up a child in the way he should go; and when he is old he will not depart from it." (Proverbs 22:6)

DEAR ABBY: If "LOOKING" and others like him do not wish to do a hitch in one of the armed services, there is an alternative — the Peace Corps.

Respectfully,  
A QUAKER

## Salad Supper, Installation Ends Wesleyan Study Year

A salad supper marked the last meeting of the year for the Wesleyan Service Guild. Mrs. Irl Smith, assisted by Mrs. O. G. Smith, was hostess.

Mr. and Mrs. Aubrey Jones used slides to illustrate their interesting program on "Things the Methodist Church Is Doing as a Church." Mrs. Jones stated, "A Christian dedicates some of his life to others," ending with the poem, "Others, Lord, Yes Others."

### MATURE PARENT

By MURIEL LAWRENCE  
Dear Mrs. Lawrence:

You recently told about a mother whose child had got worse after a spanking. My boy, 4, has behaved so contrary lately that I have been wondering if he is paying me back for a whipping I gave him a month ago. He does just the opposite of what I tell him to do. Though I know he is hungry at lunchtime, he will try to hide when I go out to the yard to get him.

ANSWER: Tell me something. How did your mother behave when she was denied what she wanted? Could she ever listen to the other person's reason for denying it to her? Or did she just more angrily demand her child's instant obedience to her wish?

If she was a I-Want-What-I-Want-Right - Now person, then she, not your child, is your problem. As your example of trusted motherhood, she has made your ability to get instant obedience from your child your measure of effective parenthood. There's nothing anyone can do to help you with the trouble her standards are causing you until you are willing to judge them as tyrannical and selfish. And are willing to reject them for yourself.

You are not, I think, as disturbed by your little boy's defiance as you think. Always, when we are struggling with a youngster's disobedience, we are really disturbed by our own incompetence and weakness. We are, of course, irritated by the inconvenience caused by our 4-year-old's refusal to eat when his meal is ready. But what hits us where we live is not the inconvenience but the self-condemnation his defiance arouses in us.

Remove stubborn grease stains from wallpaper by applying liquid starch to the spots and let dry. Brush off. A couple of applications may be necessary.

Migrant workers and their plight were discussed by Lalar Wilkerson, after which a contribution was made for the "The Bishop Call for Alaskan Disaster" as the result of the completed study, "The City Challenges the Church."

Miss Ila Pool brought the devotional of the evening. Her theme was "Who Lives in You?" ending with the quotation, "Happy is the man who can say Christ liveth in me."

Mrs. Katie Glasscock, district secretary, and Mrs. Marita Bumpers, district chairman of Spiritual Life, both of Shamrock, installed officers for the coming year. Mrs. Glasscock used the theme, "I am the bread of life, I am the missionary for Methodist women; I ignite, I instruct and I inspire."

Each of the incoming officers was handed a lighted candle and floral corsage to designate her office and duties. The elected officers are Mrs. Irl Smith, president; Miss Alma Wilson, vice president; Mrs. Maggie S. Smith, recording secretary; Mrs. Laura Penick, secretary of promotion; Mrs. Ivo Denson, treasurer; Lalar Wilkerson, Christian Social Relations. As the elected officers knelt, repeating vows, Mrs. Denson, accompanied by Mrs. Wilkerson, sang, "My Task."

Mrs. Irl Smith accepted the presidency and named committees including; Spiritual Life, Miss Lillian Mullinax; missionary education, Mrs. Lillie Mae Fowler; membership, Diama Woods; supply work, Mrs. Ethel Stilwell; publicity, Mrs. Gladys Turn-

er; literature and publications, Mrs. Frankie White; finance, Mrs. Ivo Denson.

The theme for the next year of study will be, "Look for the Beautiful" and the hymn, "Look for the Beautiful" was sung before the meeting was adjourned with prayer.

Those attending this meeting were Mmes. Aubrey Jones, Irl Smith, Lee Harrah, Gladys Turner, Lalar Wilkerson, Lillie Mae Fowler, Frankie White, Laura Penick, Emma Ogden, Maggie Smith, Ivo Denson, Ethel Stilwell and Diama Wood.

Misses Ila Pool, Alma Wilson, Margaret Wilkerson, Lillian Mullinax and three visitors, Aubrey Jones, Mrs. Katie Glasscock and Mrs. Marita Bumpers, Shamrock.

Moreland Qualifies For National Open

AMARILLO (Sp) — John Farquhar led the field of two amateurs and three professionals who qualified Monday at Amarillo Country Club for the sectional qualifying of the National Open Golf Tournament. The Amarillo amateur shot rounds of 69 and 71 for an even par total of 140. Other qualifiers were Richard Yates, Corpus Christi amateur; Bill Garrett, Amarillo pro; Gus Moreland, Pampa pro; and Fred Atkins, Carlsbad, N.M. pro. Yates, Garrett and Moreland tied with 73-73-146 totals. Atkins, who carded 73-74-147, won a playoff for the fifth position over Lorenzo's Eddie Jones and Amarillo's Ben Lane Jr. Jones, a professional, made the day's top comeback to earn the playoff position. After a morning round of 78, he came back with a one-under-par 69. Lane carded 75-72-147. On the first extra hole, Atkins and Jones had par fours, while Lane, an amateur, three-putted for a bogey. Atkins knocked out Jones on the second extra hole with a par three. Yates is a member of the Texas Tech golf squad. Garrett and Moreland are new to the professional ranks. Bill is presently golf coach at Wichita Falls Rider High School, but recently turned pro and will play out of Amarillo's Tascosa Country Club. If Bill is able to qualify for the National Open with his play in Fort Worth either June 8 or 9, that will be his first pro tourney. He plans to join the professional tour this summer. Moreland was an outstanding amateur golfer during the early 1950's. He was a member of two Walker Cup teams, won the Trans-Mississippi tourney twice and once won the Western Amateur. For years, Gus was a business man and weekend golfer in Dallas. Two months ago he turned professional and is an assistant at Pampa Country

NEW FACES

Sports Parade

By OSCAR FRALEY  
UPI Sports Writer  
NEW YORK (UPI)—The recollections of that four-game Los Angeles Dodger sweep of the New York Yankees in the last World Series still are being heard throughout this land of ours today. Like from Gabe Paul, the dynamic president of the Cleveland Indians. Gabe is a solidly-constructed young feller, or was a few years back, anyhow, who even found things among the Cincinnati Reds to laud. Of course, at that time he was general manager of the Reds and he was undaunted as far back as when Bill McKechnie was manager. Despite the fact that McKechnie sat morosely in the spring training camp of the Reds at Tampa, Fla., one year with his cap down over his eyes and the world's most woe-begone expression on his face. Somebody walked up and asked Bill what was the matter. "Did you ever," Bill demanded without correcting his inspired slump, "see such a terrible bunch of outfielders?"

Has High Enthusiasm  
Well, as it turned out, he was right. But Gabe Paul even though they finished far down the National League list that season, always spoke with high enthusiasm. Like now. At this writing, Gabe is president of the Cleveland Indians, a team which almost annually contends with the Yankees for the American League pennant. Of course it has been a fat 10 years since the Indians got on the warpath long enough to snatch the bunting from the Yankees. That was a mistake too. For in the World Series they were creamed, four games to nothing, by the underdog Giants of Willie Mays and Co. But faint heart never won fair lady luck, so Gabe is popping off again about how the Yankee dynasty is at an end. It is, he contends, over for good. There is, in this corner's opinion, an October hangover in this bit of blarney. Something happened in baseball land when the brash young Dodgers up and flattened the Yankees four straight in last year's World Series. Better Than AL First, the National League seemed to get the sudden feeling that it was better than it was because three pitchers had four brilliant days. Second, this sudden affluence seemed to generate the feeling in the National League that the Yankees would have been lucky to finish in the senior league's first division. Third, it seemingly developed in the American League the thought that the Yankees had been winning with mirrors; that Whitey Ford and hurling company couldn't hit a cow's south end with a bull fiddle; that Mickey Mantle et al could not knock your hat off with a base viol, and that the Yankee defense was lucky to duck a flyweight's fist. The Yankees dead? If so, Rocky Marciano couldn't punch, Pete Fountain can't blow a lick, Gene Kelley can't dance

5th Anniversary Of Haddix' Gem  
PITTSBURGH (UPI) — Five years ago today Harvey Haddix entered the baseball record books as the man who pitched the greatest game in the majors—but lost. It was at County Stadium in Milwaukee. For 12 innings the little southpaw of the Pittsburgh Pirates pitched a perfect game. Thirty-six Milwaukee Brave batters were retired without reaching first. The 19,194 fans realized they were watching one of the greatest games in the history of baseball. Then came the 13th inning and the fans began cheering for a hit. Felix Mantilla led off with a routine grounder. Third baseman Don Hoak, anxious to preserve Haddix' streak, fielded the ball but threw low to Rocky Nelson at first base. The ball caromed off Nelson's foot for an error. Eddie Mathews sacrificed Mantilla to second. Then Harvey yielded his only walk of the evening. He intentionally passed Hank Aaron, an ever-dangerous hitter. Joe Adcock, who towered over Haddix, strode to the plate. In previous plate appearances that night he had struck out twice and grounded out twice. But this time he caught Haddix' second pitch and lofted it over the right center fence 375 feet away. The fans were electrified. Haddix walked off the field, a loser in an unparalleled pitching performance. But there was more excitement. Mantilla, dashed from second to home, Aaron rounded second and then ran across the mound for the Milwaukee dug-out. Adcock kept running when he saw the umpire's sign for a home run and passed Aaron between second and third base. Braves Manager Fred Haney and his coaches yelled at Aaron and Adcock. The runners began retracing their steps from third to second. But Adcock was out for passing Aaron. The home run was erased from Adcock's time at bat and he was credited instead with a two-run double. But the Braves won 2-0. After the game Haddix reflected: "It was just another loss, but it hurts a little more." Haddix' teammates were a picture of frustration because they couldn't score a run for a man who pitched 12 perfect innings. Now 38, Haddix is with the Baltimore Orioles as a relief pitcher.

Fords Are Cars To Beat in 500  
INDIANAPOLIS, Ind. (UPI) — They'll have to beat the Fords in the "500" on Memorial Day. That's the opinion of three-time winner Lou Meyer, co-builder of the famed Meyer-Drake 4-cylinder engine commonly known as the Offenhauser which has monopolized the Speedway race in the post-war era. But Meyer, one of the all-time greats in American automobile racing, is convinced his engine—or a similar one—can still get the job done. Basically, there has been no change in the Meyer-Drake engine in nearly 35 years, simply because you can't argue with success, Meyer said. The "four's" have won every race since 1947. They may have had their greatest success in the last dozen years or so in the low-slugging roadsters first made famous by Bill Vukovich, who blazed to victory in 1953 and 1954. Saturday will tell if the roadsters are through. Twelve rear-engine machines are in the field, and Meyer, along with other veteran experts, thinks they have an advantage over front-engine racers. "I would predict this is the last year here for the roadsters," said Meyer. "They're at a disadvantage in weight. It's practically impossible to build a roadster as light as a rear-engine car. I also predict we'll have rules within the next few years calling for cars weighing no more than 600 to 800 pounds." Roadsters weigh anywhere from 1,400 to 1,800 pounds now and some rear-engine machines are down to almost 1,000 pounds, giving them more maneuverability in the turns. Ford, which jumped into auto racing in a big way recently, spending millions of dollars for this project, furnished engines for nine cars entered in this year's "500." Seven qualified, including the three fastest among the 33 starters — pole-sitter Jimmy Clark, Bobby Marshman and Rodger Ward—the front row occupants.

TO USE FENWAY PARK  
AMHERST, Mass. (UPI) — The NCAA District 1 baseball playoff committee Monday accepted the Boston Red Sox' offer to use Fenway Park for the Maine-Northeastern best-of-three weekend series, which will determine the district representative to the college World Series in Omaha. COWBOYS SIGN TWO  
DALLAS, Tex. (UPI) — Free agents Lester Josephson of Augustana College and Gary Kenley of Arizona University were signed Monday by the Dallas Cowboys. Josephson is a 6-foot-1, 210-pound fullback and Kenley, who weighs 185, plays defensive back. OPEN TRAINING CAMP  
NEW YORK (UPI) — Dan Florio, Floyd Patterson's new manager, flew to Stockholm on Sunday night along with three sparmates of the ex-champion in order to open a training camp.

'Treatment' Fails To Bug Twins' Torrid Tony Oliva

By MILTON RICHMAN  
UPI Sports Writer  
Torrid Tony Oliva has been given "the treatment," and it's no use, fellas, it doesn't work. Ask any pitcher and he'll tell you the one sure-fire method of cooling off any red-hot slugger is to graze his whiskers or maybe even pink him with a high, hard one purely by accident, of course. Like anyone else with a .391 batting average, the 22-year-old Oliva was initiated into the club last Friday night when he was bearded by Baltimore's Steve Barber, who actually was merely trying to drive him back from the plate. Every pitcher in the American League was watching to see how the Minnesota rookie would react after a brief stay in a Baltimore hospital for precautionary X-rays. Short Wait  
They didn't have long to wait. Monday night he poled his 10th homer of the season and added a pair of singles to help the Twins lick the Los Angeles

Angels, 8-1. Oliva's two-run homer off loser Barry Latman in the first inning was all the cushion Camilo Pascual needed although Jimmie Hall chipped in with four singles and drove in three of the Twins' runs. Pascual's win was his sixth. The Chicago White Sox solidified their hold on first place with a 7-4 triumph over the Kansas City A's, the Detroit Tigers topped the Orioles, 5-3, and the Boston Red Sox edged the Washington Senators, 6-5, in the only other American League games scheduled. There were no games played in the National League. Homer Ties Score  
Jim Landis' pinch-hit homer off KC starter John O'Donoghue tied the score at 3-3 and Ron Hansen capped a seventh-inning rally with a two-run homer off Jack Aker, who relieved loser Joe Grezda. Pete Ward and J. C. Martin also homered to help Gary Peters post his fifth victory in seven decisions. Ed Rakow and Bill Freehan played the major roles in the Tigers' victory over the Orioles. Rakow took over for starter Hank Aguirre in the fourth inning and held Baltimore to two hits for his first victory after three straight losses while Freehan knocked in a pair of runs with his fourth homer and a double. Barber, who has yet to win this season, was charged with his second defeat. The Red Sox cashed in on

three unearned runs in the sixth inning against the Senators to extend their winning streak to four games. Dave Morehead was credited with his third win against the same number of defeats while Jim Duckworth suffered his first setback. John Kennedy hit his fourth homer in the eighth for the Senators.

Fireball Still Rated Critical

CHARLOTTE, N. C. (UPI) — Glenn (Fireball) Roberts remained in critical condition early today with severe burns suffered when he was trapped in the blazing wreckage of his race car Sunday. Memorial Hospital officials said the 34-year-old veteran NASCAR circuit driver was conscious but still in critical condition. Roberts was hospitalized Sunday following a three-Ford crackup on the seventh lap of the \$12,000 World 600 stock car race. Ford drivers Junior Johnson and Ned Jarrett suffered minor burns and bruises. It was Jarrett who yanked Roberts from the flaming car and ripped off his burning clothing shortly after the wreck. It is estimated that Roberts was enveloped by flames for more than 90 seconds. He received burns over about 65 per cent of his body.

## Rebels to Host District Tourney

AMARILLO — The Pampa American Legion Rebels will host the district 18 baseball tournament in July, reported district chairman Cliff Roberts this morning.

With the pending approval of the host American Legion Kerley-Crossman post, the Rebels will host the district play-offs on July 16-17-18. The tournament will pit the top two teams in each zone in a double elimination playoff. The winner of the playoff will go on to meet the Lubbock area winner in Bi-district play, with the winner going on to the state tournament, being held in Amarillo this year.

Forrest Cloyd, president of the Babe Ruth League, reported that the Pampa Optimist Club would be happy to make Optimist Park available for the tournament. The park will be open July 16 and July 17. The Pampa Colts will play a night game at the park July 18, but Legion coach Jeff Cohane reported that the tournament could be worked around the game.

The tourney is double elimination and could be over in four games, but could go as long as seven. The tournament would probably be scheduled for two games Thursday, three Friday and if two more games would be necessary, they would be played Saturday afternoon, finishing before the Colts needed the park.

This is the first time Pampa has ever hosted the district tournament, although the Rebels have finished either first or second in district in the past eight years.

## UP AND COMING

## Today's Sportrait

Reg. U.S. Pat. Off.  
By STEVE SNIDER  
UPI Sports Writer

NEW YORK (UPI) — Many of last year's all-stars may be strictly also-rans in the balloting to pick the starting lineups for baseball's big mid-summer show at New York July 7.

The only sure-pop repeaters from 1963 seem to be Willie Mays of the San Francisco Giants, Ken Boyer of the St. Louis Cardinals and Mickey Mantle of the New York Yankees.

Mantle got the ballot endorsement of his fellow players last year even though they knew he couldn't play because of a broken bone in his foot. So the big Yankee obviously rates in a bad year — and this isn't exactly one of those bad ones. He could make it on merit as the American League's center-fielder.

There's also a fair chance that Nellie Fox of the Houston Colts, who made the American League lineup at second base as the long-time star of the Chicago White Sox, might make it at second for the Nationals this year.

But many another familiar face may be missing when they take positions for the first pitch at Shea Stadium.

### Batting Averages

The players who do the voting go pretty much by batting averages and some of last year's stars aren't hitting at the moment among the elite.

In the National League, veterans Bill White and Dick Groat of St. Louis, Bill Mazeroski of Pittsburgh, Tommy Davis of the Los Angeles Dodgers, Hank Aaron and Ed Bailey of Milwaukee are trailing their respective hitters at their respective positions.

In the American League, it could be a clean sweep for a crop of new faces with the probable exception of Mantle, who was only an honorary "starter" last year.

Brightest of the new stars are rookie outfielder Tony Oliva of the Minnesota Twins and sophomore catcher Bill Freehan of the Detroit Tigers.

Oliva has been rolling out in front of the American League batting leaders almost from the start and Freehan has been holding his own among Tony's leading rivals.

Bobby Richardson of the New York Yankees is a pretty fair bet to take over the second base slot vacated by Fox and Brooks Robinson of Baltimore is making a strong bid to regain third base from Boston's Frank Malzone.

### Leading Shortstops

Eddie Bressoud of Boston and Jim Fregosi of Los Angeles are leading the American League shortstops. Joe Pepitone of the Yankees, starting the week as a .275 hitter, was in danger of losing his All-Star assignment at first base.

Leon Wagner is producing runs for Cleveland and could be a left field repeater but Chuck Hinton of Washington is outdoing him in the averages.

Billy Williams of the Chicago Cubs and Roberto Clemente of the Pirates are leaders for National League outfield positions

won last year by Tommy Davis and Aaron.

Joe Torre of Milwaukee is a hot candidate for catcher — if he doesn't make it as a first baseman. Leo Cardenas of Cincinnati and Dennis Menke of Milwaukee are standout shortstops in the early going.

The scramble over the next few weeks will be terrific as the old timers get back in the groove and the newcomers possibly start to fade.

But it looks as if there are three guys you can count on to capture the starting jobs voted by the players — Mays, Mantle and Ken Boyer.

### ANGELS OPTION SIMPSON

LOS ANGELES (UPI)—Dick Simpson, considered to be the fastest man in baseball by some observers, was optioned on 24-hour recall Monday by the Los Angeles Angels to their Hawaii farm club in the Pacific Coast League.

General Manager Fred Haney said the tall outfielder, who was batting .140, was sent to the Hawaii team in order to play regularly.

## Double Dose Of Football For Miamians

MIAMI (UPI) — Those who travel to Miami for the annual Orange Bowl football classic next New Year's Eve night will get a double-dose of fancy football if they stick around for two days.

The Orange Bowl Committee announced Monday that the annual National Football League (NFL) Runnerup Bowl will be played in the Orange Bowl at 2 p.m. Sunday, Jan. 3.

The pro game, which pits the second place teams in the Eastern and Western divisions of the NFL, will thus be played less than 48 hours after the big Orange Bowl game. The college classic will be held on New Year's night next year for the first time in history.

The Jan. 3 game will be televised nationally by CBS under a new \$200,000 pact — a \$75,000 jump over last year. Each of the winning players will get \$800 next year instead of \$600 as they did this year. The losers will get \$500 each instead of \$400.

A record crowd of 54,921 saw the Green Bay Packers trounce the Cleveland Browns 40-23 in last year's Runnerup Bowl.

## Sports Briefs

HUNTSVILLE, Tex. (UPI)—The baseball playoffs for area 2 of the National Intercollegiate Athletic Association get underway Thursday between Sam Houston State College of Texas and Northeastern Oklahoma.

The winner of the regional elimination goes to the national tournament of the NAIA at St. Joseph, Mo. Sam Houston's Bearcats are defending champions, and take a 24-6 record into this three-game series. The Redmen have a 25-5 mark and will start southpaw Carroll Moore against Sam Houston's righthander Freddie Beene in the first game.

DALLAS (UPI) — Freddie Burris, 140-pound Dallas boxer, still has his sharpness after six months in the military service. Burris won a unanimous six-round decision Monday night over Pete Herrera, 147, of Georgetown, Tex.

In other bouts, Sonny Moore, 195, Dallas, won a 10-round decision over Scrap Iron Johnson,

205, Oklahoma City in a heavy-weight battle, and Jimmy Boyde, 173, Dallas, took a three-round technical knockout over Bill Marsh, 170, Little Rock, Ark. when Marsh suffered a cut eye.

PARIS (UPI)—Karen Hantze Susman, the San Antonio, Tex., housewife who is making a tennis comeback at the age of 21, today was the lone United States survivor in the singles of the French international championships.

Mrs. Susman reached the quarter-finals of the women's singles Monday by downing Annette Banzy of South Africa, 6-4, 7-5, while Nancy Richey of Dallas, Tex., was eliminated by Germany's Helga Schultze, 1-6, 6-3, 6-3.

The United States was left without a representative in the men's singles when Pierre Darnon, the veteran French Davis Cupper, whipped Gene Scott of St. James, N. Y., 6-2, 6-2, 6-0, to reach the semifinals.

## Ike, Palmer Golf Team

ARDMORE, Pa. (UPI)—Former President Dwight D. Eisenhower and Masters champion Arnold Palmer today will team against old pro Jimmy Demaret and dancer Ray Bolger in a benefit golf match for the Heart Association of Southeastern Pennsylvania.

The gallery for the round at Merion Golf Club here has been limited to 700 persons who purchased tickets priced at \$100 and \$50 each. Demaret, best known for his flashy golfing attire and three Masters titles, will be the mainstay of his team because Bolger reportedly leaps with joy when he breaks 100.

Eisenhower's game has been variously reported as in the low 90's or high 80's.

The 200 purchases of \$100 tickets will attend a golf clinic by Palmer and Demaret and a luncheon with all of the participants before the match.

All proceeds will go to the heart association.

## Boom Boom Geoff Retires as Player

QUEBEC CITY (UPI) — The Montreal Canadiens will have to carry on next season without Bernie (Boom Boom) Geoffrion, the third highest goal-scorer in National Hockey League history.

Geoffrion Monday ended a 14-year playing career with the Montreal Canadiens by signing a one-year contract as non-playing coach of the Quebec City Aces of the American Hockey League.

Already an old man at 33-by-hockey standards, Geoffrion signed on for an undisclosed sum. His new duties will take effect on June 1.

"Words fail me," Geoffrion read in French from a prepared text as he told newsmen how hard it was to announce his retirement after having played 766 games with the Canadiens, scoring 371 goals in the process.

Geoffrion's goal total is topped only by Gordie Howe of the Detroit Red Wings, who has 566, and Maurice (Rocket) Richard, who had 544 when he retired from the Canadiens four years ago.

"Boom Boom," who got his nickname from his wicked slap shots, said he made up his

mind after the Aces "opened the door" by offering him the job as coach.

The Aces, coached by Floyd (Busher) Curry, another Canadian alumnus, climbed to the top of the nine-team league standings last season but blew four straight games in the finals for the Calder Cup against the Cleveland Barons. Curry resigned last week.

### REBEL PRACTICE

Regular practice for the Pampa American Legion Rebels will start today at 5 p.m. The Rebels will get off to an early start this year with a game scheduled at Stinnett Thursday night, a possible game against Palo Duro Saturday night at Optimist Park and either a doubleheader with Amarillo at Optimist Park Sunday afternoon or a single game against Tascosa at Potter County Stadium.

### BEGINS TRAINING

LAS VEGAS, Nev. (UPI) — Emile Griffith, the world welterweight champion, arrived Monday at Convention Center here to begin preparations for his title defense against Luis Rodriguez June 12.

# "BUILT LIKE A TRUCK SHOULD BE BUILT"

"I'm in the auto and truck repair business, so I know the value of matching machine to job. When I wanted a pickup to carry a camper body, I bought a Dodge D200 3/4-ton because it's built like a truck should be built. Had I chosen either of Dodge's two major competitors, it would have cost me much more just to bring it up to the standard of Dodge. My Dodge is consistently economical on gasoline. We drive it as much

as 300 miles a day and arrive as fresh as if we'd driven it by car!" Chet Nelson, North Hollywood, California. Dodge pickups come in two basic styles, four box lengths, and with two- or four-wheel-drive. They're all priced lower than most of the competition, right in line with the rest. Talk to your Dodge dealer. He'll show you in black and white that they're priced nose-to-nose with comparable Ford and Chevrolet models. And

with a Dodge D100 Sweptline pickup you get a 140-horsepower Slant Six engine, heavy-duty transmission, leaf springs all around, and about six cubic feet more load space. Talk to your dependable Dodge truck dealer. He has all kinds of interesting things to tell you. One is his liberal new finance plan. It could make buying a new Dodge Job-Rated truck still easier. Another is a very nice story of his low Dodge Truck prices.

Time To Put A Stop To It!

Court Says Shutdown  
Of Schools Illegal

WASHINGTON (UPI)—The Supreme Court declared Monday that the five-year shutdown of Prince Edward County, Va., public schools to avoid integration was unconstitutional and issued a ruling to reopen them on a desegregated basis, probably next September.

The court spelled out no specific date for the reopening but by a 7 to 2 vote empowered a lower court judge to do so. Because of the lateness of the current school year, the order is expected to set the reopening for next fall.

In another significant action, the court sent back to a federal court in Atlanta for rehearing a gradual "grade-a-year" desegregation program adopted for the schools there.

This means that the high court will hand down no opinion this year on the stairstep system adopted by Atlanta and other cities such as Savannah, Birmingham and Mobile.

The majority opinion in the Prince Edward case was delivered by Justice Hugo L. Black who urged "quick and effective" action to restore public schools in the tobacco-belt county.

He observed that the integration of the Prince Edward schools has been resisted at the state and county level since 1951 and the Negro children involved originally "have doubtless all passed high school age."

"There has been entirely too much deliberation and not enough speed in enforcing the constitutional rights which we held (in 1954) had been denied Prince Edward county Negro children," Black said.

The county closed its public schools in 1959 rather than permit racially mixed classes. Private schools were set up for the white children in the county but until last fall, there were no private school facilities for Negroes.

In the majority opinion, Justice Hugo L. Black declared: "The time for mere 'deliberate speed' has run out and that phrase can no longer justify

denying these Prince Edward County school children their constitutional rights to an education equal to that afforded by the public schools in other parts of Virginia."

The court also took a significant new legal step by sending back to a federal district court in Atlanta for more hearings Negro protests against the grade-a-year school desegregation plan in that city.

The action was viewed as a move to provide a major reassessment of progress made in school integration since the high court's historic 1954 decision.

The Prince Edward decision upheld a 1961 order by federal district Judge Oren R. Lewis and sent the case back to the lower court for action.

Children in Camp  
It's a good idea to give written consent for necessary medical care if your child leaves home for a visit or a camping trip, or if you plan to be away for any length of time.

For example, a summer camp nurse may bring a boy into a hospital with an acute case of appendicitis. But the doctor may well hesitate to go ahead and operate without the parents' consent.

Is the doctor arbitrary, and is such permission just a legal technicality? No, he is well within his rights, though he may give first aid — but only for emergency treatment where a child's health or life may be at stake. He is likely to put off follow-up care until he can reach the child's parents. A relative or baby sitter generally cannot grant consent for a child's treatment.

Even an adult must request treatment and grant consent to medical care on his own before a doctor can give it to him. Children cannot do this.

By going to your doctor you show your willingness and consent to accept his treatment. Your consent is assumed also when you ask for a house call by the doctor, or if as a result of an accident you come to a hospital for emergency treatment. If you are unconscious, the doctor may well give you emergency care, yet later he should get your consent to further treatment.

Minors cannot consent to medical treatment, and except in dire emergencies their parents or guardians must give it for them.

The consent should not be broadly or loosely phrased, but should be as specific as circumstances permit.

The principal reason for having the consent in writing is to avoid later misunderstandings. It is a protection both to the patient and physician.

JFK Slaying  
Re-enacted

DALLAS (UPI)—A Secret Service agent playing the role of the late President Kennedy rode in an open limousine Sunday down a hill on Elm Street toward the triple underpass.

As the 1959 black Cadillac convertible got to the spot where the first of two fatal slugs hit the President on Nov. 22, 1963, another agent in a sixth floor window of the Texas Schoolbook Depository Building tightened his finger on the trigger of the murder rifle.

But instead of firing a bullet from the 7.5 mm Carcano Italian rifle, that agent snapped a camera shutter to record the scene the way the assassin, presumably Lee Harvey Oswald, saw it six months before.

Time and again the assassination was re-enacted for investigators of the Warren Commission, preparing an official report on the death of the President. Still and motion picture photographs were taken from all angles, to prove without a doubt that the fatal bullets were fired from the window where Oswald was believed to be crouched behind some book cartons.
