

WASHINGTON CORRESPONDENT REPORTS:

# Goldwater IN--And Republican Moderates Can Blame Themselves

By BRUCE BLOSSAT  
Washington Correspondent  
WASHINGTON (NEA) — Republican moderates might as well face it — they've lost the battle.  
Gov. William Scranton of Pennsylvania now has little prospect of doing more in the Republican convention than give his party's moderate cause a "respectable presence" in the face of an overwhelming Barry Goldwater tide.  
This reporter has just completed a recheck of 20 states with sufficient delegate fluidity to have offered Scranton some hope of a breakthrough. There

is no breakthrough.  
Senator Goldwater's California primary victory June 2 was the great divide. Once that result was in, the still stout resistance to his candidacy crumbled in many crucial quarters.  
With each passing day Goldwater's delegate position seems more impregnable. Barring some tremendous emotional explosion that could shake the whole delegate structure, Goldwater will win going away at San Francisco.  
This means that for his one busy month of campaigning Scranton may be honored

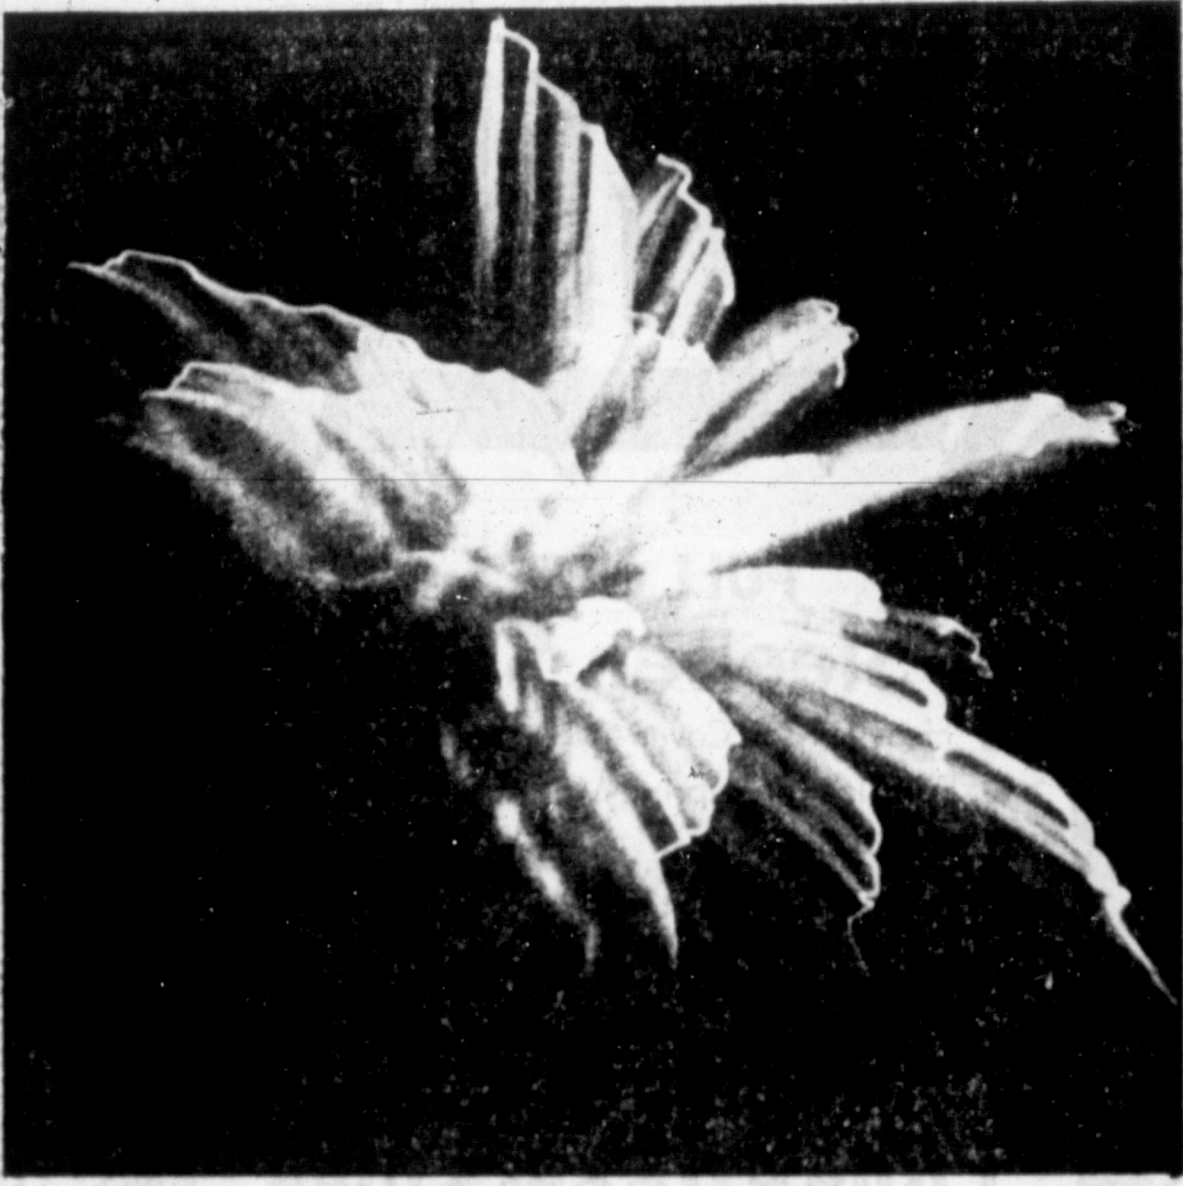

only for conducting a caretaker operation for the Republican moderates. He may roll up a presentable 400 to 450 votes in the convention, just enough to permit the moderates to persuade themselves Goldwater did not win by default.  
But the blunt fact is, without taking anything away from Goldwater and his hard-working delegate rustlers, that the moderates in 1964 did default.  
Scranton's late entry into the battle does not absolve them of this charge. More than a few observers believe that his entry is explained in considerable part by his wish to escape the per-

sonal damage done him by the indecision he exhibited at the Cleveland Governors Conference.  
But the portrait of indecision which embraced not just Scranton but all the moderate leaders at Cleveland was merely the dramatic exposure of a condition with deep and distant roots.  
As leaders, the moderates do not necessarily constitute a majority in the Republican party. Yet they think of themselves as leading a clear majority of the party faithful.  
This is how they "led":  
After John F. Kennedy's as-

sassination they failed to take Goldwater's conservative candidacy seriously. A quick glance, however, would have shown them he still stood to capture at least 250 Old South delegates, the bulk of the mountain area's 108, at least a third of the Midwest's whopping 324.  
Knowing full well they had no rival horse, these moderate chieftains rarely if ever talked among themselves, never coordinated their ideas, never planned, never realistically appraised possible alternative candidates.  
They dream'd fancifully of

lucking it through. They counted on Goldwater to beat himself or fall before New York's Gov. Nelson Rockefeller, whom they all demeaned. They spoke of nomination for Scranton or Richard Nixon with a certainty which bore no relation to reality.  
At nearly all times, they were ill-informed. Much of the time they behaved and thought unprofessionally. Some kept excusing their rudderless, desultory performance on the ground a GOP nomination in 1964 "would not be worth much" against a soaring President Johnson.

No true professional in a major party thinks—at least not on company time — of giving away the presidency. But this year the GOP moderates have acted, except for this last frantic dash by Scranton, as if both the presidency and their own cause were worthless.  
Barry Goldwater may not be to their taste. Nevertheless, his backers have played the game as if it were worth winning. If the moderates are to be more than a "presence" at San Francisco, they have no one but themselves to blame.

'AND THE BOMBS BURSTING IN AIR'—Pampans were reminded Saturday night of the sight which inspired Francis Scott Key to write the "Star Spangled Banner." Thousands of persons gathered at Recreation Park to witness the sixth annual Fourth of July celebration which included a giant fireworks display. The 30-minute show preceded a patriotic program which consisted of the Pledge of Allegiance, band concert and an address by Congressman Walter Rogers.

## Thousands Jam Park For Fireworks Show

Thousand of persons from the Top O' Texas area thrilled last night at Pampa's annual fireworks display in Recreation Park.  
The spectators came from Pampa and towns-and communities of the surrounding area to watch the pyrotechnic display which got under way as darkness fell shortly after 8:30 p.m.  
Before the fireworks exhibition, which ran for half an hour, they had listened to an address by Rep. Walter Rogers of Pampa who came back home for the special Independence Day celebration.  
The aerial Fourth of July show was sponsored by the Pampa Chamber of Commerce. City, county and state officers handled the heavy traffic flow from the time spectators first moved into the park around 6:30 p.m. until the final fiery "goodnight" flashed about 9:30 p.m.  
The early comers had refreshments served by the Pampa Shrine Club and members of the Junior Chamber of Commerce.  
Jerald Sims was master of ceremonies for the brief program and introduced the speaker.  
The Rev. A. Bruns, pastor of the Lutheran Church, gave the invocation and the pledge of allegiance was led by Jim Shelhamer, president of the Pampa High School Key Club.  
The rodeo grandstand at the park was filled with some 6,000 spectators and thousands more watched the fireworks show from cars parked in the area.  
Independence Day in Pampa was marked quietly with most stores and business places closed.  
City Hall workers will observe the day tomorrow when all offices will be closed. County offices will be open tomorrow as usual. They closed all day Saturday.  
State and federal offices were closed Saturday and all will resume regular hours tomorrow. Banks closed Saturday on the legal holiday.

## Council Will Get Labeling Measure

First reading of an ordinance requiring the labeling of imported meats is scheduled for Tuesday's regular meeting of the city commission.  
The bill was introduced last week by Robert Price, representing Gray County cattlemen.  
Price told the commissioners he thought housewives should be given a choice between domestic and imported meats and that they should know what meat is imported and what is domestic production.  
The commission also will hear second reading of an ordinance calling for the annexation of Coronado Shopping Center.

## Americans Will Meet Challenge Of Communism

Rep. Walter Rogers of Pampa, addressing thousands of persons at the city's annual July Fourth celebration in Recreation Park last night, called on Americans to answer the challenge of Communism.  
Rogers declared that Americans will give the same answer that patriots of the American Revolution gave when they rose up against an older form of tyranny posed by George III just 188 years ago.  
"That answer," he said, "is we shall prevail."  
The speaker pointed out that the American Revolution was begun before the Declaration of Independence was forged to put its purpose in words.  
"The triumph of the Revolution," he said, "was the creation of a government strong enough to achieve the national purpose when right, and weak enough to be defied by its humblest citizen when wrong."  
Rogers went on to say, in part:  
"We enjoy tonight a show, a celebration—just as in the days following the signing of the Declaration the Thirteen colonies. Many towns had Liberty Trees or Liberty Poles at which ceremonies were conducted. We all know of the Liberty Bell, which summoned the citizens of Philadelphia to the first independence celebration on July 8, 1776. That month in Huntington, Long Island, the people made an effigy of George III, lined it with sun powder, wrapped it in the now-repudiated British flag, hung it on the Liberty Pole, ignited it and howled with glee when George exploded with a bang.  
"The fireworks we witness here tonight are not directed in contempt at George III, but they do symbolize our respect for old traditions and our boundless determination — as boundless as in Revolutionary days — to find our way in freedom past all known.

## Searchers Hunt Missing Airplane

COLORADO SPRINGS, Colo. (UPI)—Two hundred searchers gave up their July Fourth holiday Saturday to search the Colorado Eastern Plains for four persons missing since taking off from Aspen, Colo., last Sunday in a private plane.  
The Colorado Civil Air Patrol said two dozen planes and 12 ground units were searching from nearby Palmer Lake south into Southeastern Colorado. The patrol said 50 men were engaged in the aerial search and some 150 others were attached to ground units.  
Missing was a Cessna 310 piloted by William Evans, 38, MeAllen, Tex. He did not file a flight plan before taking off from the Colorado mountain resort town. Because of this, the plane's destination was unknown.

## Rep. Rogers Says: Americans Will Meet Challenge Of Communism

Rep. Walter Rogers of Pampa, addressing thousands of persons at the city's annual July Fourth celebration in Recreation Park last night, called on Americans to answer the challenge of Communism.  
Rogers declared that Americans will give the same answer that patriots of the American Revolution gave when they rose up against an older form of tyranny posed by George III just 188 years ago.  
"That answer," he said, "is we shall prevail."

## LBJ Works to Put More Teeth in Law

By DONALD H. MAY  
United Press International  
JOHNSON CITY, Tex. (UPI)—President Johnson spent independence day working on plans to ask Congress for special funds to put more teeth in the civil rights law.  
The President at his LBJ Ranch conferred by telephone with Washington officials on the financial aspects of the civil rights bill he signed into law Thursday night at the White House. The amount the President would seek was not disclosed.  
Press Secretary George Reedy said a presidential message requesting funds to implement the civil rights law in a supplemental appropriation would be ready by July 20, when the House reconvenes.  
In his statement after signing the historic measure, Johnson said he would ask Congress for "immediate action" to supply funds to implement the law.  
Reedy said at the Texas White House he could not estimate how much would be needed.

## Pampa's National Guard Gets Ready for Annual Maneuvers

Pampa's 89 guardsmen of the famed 36th Infantry Division leave one week from today for their annual two-week stint of summer maneuvers at North Fort Hood.  
The local contingent will join the remainder of the division troops at the Central Texas military reservation to begin their 17th annual summer training exercises since World War II.  
For many of the guardsmen, it's not an unfamiliar trip. Only twice since 1951 has the unit trained elsewhere and in both instances the men traveled to Fort Polk, La. This was in 1951 and in 1962.  
The main order on the initial day at the rugged training site is setting up individual sections and becoming operational.  
A many-pronged training program lies ahead while undergoing summer training, according to division commander, Major Gen. Selden Simpson of Amarillo.  
Local guard commander, Sgt. Wesley Langham, said that an advanced unit of several men will leave Friday, but the majority of Pampa's guardsmen will hit the road Sunday morning.  
The Pampa T-Patchers represent only one of 65 different Texas cities from which men will travel to North Fort Hood.

## Searchers Hunt Missing Airplane

COLORADO SPRINGS, Colo. (UPI)—Two hundred searchers gave up their July Fourth holiday Saturday to search the Colorado Eastern Plains for four persons missing since taking off from Aspen, Colo., last Sunday in a private plane.  
The Colorado Civil Air Patrol said two dozen planes and 12 ground units were searching from nearby Palmer Lake south into Southeastern Colorado. The patrol said 50 men were engaged in the aerial search and some 150 others were attached to ground units.  
Missing was a Cessna 310 piloted by William Evans, 38, MeAllen, Tex. He did not file a flight plan before taking off from the Colorado mountain resort town. Because of this, the plane's destination was unknown.

## Texas Celebrates July Fourth in Typical Fashion

By United Press International  
Texas celebrated the Fourth of July Saturday with the ringing of the bell of the historic Alamo, with parades, beauty contests, a 50-gun salute and the traditional family picnics and outings.  
One of the biggest observances was in Dallas.  
A parade through downtown Dallas sponsored by the Greater Dallas Citizens Committee and a concert and fireworks display closed it.  
The 188th anniversary of the signing of the Declaration of Independence was commemorated in San Antonio by the ringing of the bell of the Alamo at noon.  
Thousands of visitors were in Laredo and its across-the-border neighbor city, Nuevo Laredo, for the holiday. A charro, or Mexican-style rodeo was the highlight of the Tamaulipas state convention of Charro associations.  
Two bullfights also were scheduled. The second performance of a bloodless bullfight was held in Fort Worth.  
A ban on alcoholic beverage sales in Nuevo Laredo put a slight crimp in the celebrations. That was because the Mexican national elections coincided with the holiday.

## KKK Members Sworn to Secrecy

JACKSONVILLE, Fla. (UPI)—One of five Ku Klux Klansmen on trial in the bombing of a Negro home testified Saturday that even if he knew the others were guilty he was sworn to secrecy by the Klan.  
But Barton G. Griffin, exalted cyclops of the Robert E. Lee Klavern of the KKK here, denied he personally had anything to do with the bombing or with the theft of dynamite allegedly used in the blast.  
Griffin's testimony came after the government rested its case without calling a witness and the defense got ready to wind up its parade of witnesses.  
The five Klansmen are on trial for conspiracy in the bombing of the home of six-year-old Donald Godfrey last Feb. 16. The boy had integrated the previously all-white Lackawanna Elementary School.  
Defense attorney Matt H. Murphy hammered home the point that the FBI allegedly threatened the defendants and forced a confession from William Sterling Rosecrans, currently serving seven years in a federal prison for planting the bomb.

## 5 Congressmen Lead Burst of Opposition

Negro Leader Says Goldwater 'Bit Optimistic' in Hope on Racial Issue  
By HALE MONTGOMERY  
United Press International  
WASHINGTON (UPI)—Five Republican members of Congress led an independence day burst of opposition to Sen. Barry Goldwater Saturday as party liberals strove to block the Arizona's drive to the GOP presidential nomination.  
The five, all from Eastern industrial-states, drew support from the Ripon Society, a young GOP research group, which charged that Goldwater "by his action in Congress, had disqualified himself to be the leader of the party of Lincoln."  
Negro leader Roy Wilkins said meanwhile that he thought Goldwater was a "little optimistic" in hoping the racial issue won't be part of the presidential campaign. The NAACP chief said Goldwater had "thrown the Negro question overboard" and invited criticism when he voted against the civil rights bill signed into law by President Johnson Thursday.  
The anti-Goldwater statements came as the two principal GOP White House candidates—Goldwater and underdog Gov. William W. Scranton of Pennsylvania — each rested on his home grounds before final pre-convention campaign sorties.  
Scranton conferred with political advisors at his home in Indiantown Gap, Pa., while front-runner Goldwater donned Western garb to participate as grand marshal in a rodeo at Prescott, Ariz.

## Americans Celebrate July 4 With Bell Tolling and Death

By United Press International  
Americans celebrated their 188th birthday Saturday with parades, speeches, fireworks displays, outings and a nationwide round of "let freedom ring" bell tolling.  
Among the chimes which rang in honor of the nation's independence was the 134-year-old bell at the First Presbyterian Church at Vandalia, Ill., which awakened Abraham Lincoln when he served in the state legislature at that one-time capital.  
Former President Truman delivered an Independence Day oration from the steps of the Truman Library at Independence, Mo., and was picketed by eight Negro members of the Congress of Racial Equality (CORE).  
Former Gov. Ross Barnett of Mississippi and Gov. George C. Wallace of Alabama were speakers at an "American patriots' state's rights rally in Atlanta, Ga., at which whites beat Negroes who booted.  
Each of the 4,000 campsites at Ohio's East Harbor State Park, on Lake Erie, was filled. Tens of thousands lined Milwaukee, Wis., streets to watch

Topless Bathing Suit

Texans Have Never Said So Much About So Little

United Press International  
 Never in the history of woman's clothing have as many Texans had so much to say about nothing at all.  
 But it's where the nothing is placed—atop the south half of a woman's swimming suit—that has made it the No. 1 topic in the Southwest for:  
 —The man in the street:  
 —His wife over the back fence:  
 —The district attorney in his troubled office:  
 —The minister in the pulpit:  
 —And storeowners, bartenders, communists and even a congressman from all parts of Texas.  
 Appearance of the new topless swimming suits on the fashion pages and store window mannequins caused shock waves all over the Southwest.  
 A young woman bared her bosom on a beach at Freeport in a topless bathing suit last week. Photographers were there to record the scene for posterity, but the beach was nearly deserted of bathers.  
 Drivers of autos that went by generally did a double take as the woman tripped through the surf for around an hour.  
 The suits have popped up (or down) in several fashion stores in Houston, but the Freeport frolic was the first known Texas public appearance of a maid in the nearby altogether during the current topless craze.  
 Girls have shown up wearing them on both the east and west coasts and the day may not be far off when numbers of Texas maidens make like September morn in lederhosen beside public pools, lakes or in the Gulf of Mexico.  
 The odds are—according to a check of Texas police chiefs and district attorneys they will be promptly arrested.  
 But what happens to them in court is the subject of speculation by district attorneys, judges and other legal experts.  
 The suit is being sold in Texas. What happens next is up to the nerve of the Lone Star Ladies.  
 Police in Fort Worth, Dallas, Houston, El Paso, Amarillo and Corpus Christi have said they will clap any topless damsels into the cooler faster than you can say 36-24-36.  
 But upon being asked, officials of the state prison system indicated they wouldn't allow them THERE either.  
 Ever along the deserted stretches of beach on Mustang and Padre Islands, there'll be no legal uncovering. Sam Jones, area district attorney,

"If I do see any, I hope she's young and pretty. But any girl who wears one would be picked up and investigated. I don't know what the specific ordinance is, but I know we have laws against being undressed in public."

Housewives Sex Ring 'Queen Bee' Pleads Guilty

MINEOLA, N.Y. (UPI)—Connie McAllister, alleged "queen bee" of a thriving housewives prostitution ring on Long Island, pleaded guilty Wednesday to organizing the \$200,000-a-year operation.  
 Mrs. McAllister admitted 19 charges, including organizing the suburban sex ring, grand larceny for fraudulently accepting welfare payments, and other offenses relating to the prostitution activities of the stable of call girls she managed.  
 Some of the girls were housewives who supplemented the family income by prostitution. In at least two cases, the girls' husbands knew what they were doing and acted as baby sitters while they entertained the men.  
 The prostitution centered around Roosevelt Raceway and some of Long Island's plush lounges, bars and motels situated near the trotting track. The district attorney contends customers of the girls were steered to them from the indicted establishments.  
 Authorities say hundreds of men paid from \$25 to \$100 for favors from the bevy of women supervised by Mrs. McAllister, a divorcee.  
 Nassau County Dist. Atty. William Cahn announced Wednesday that Mrs. McAllister agreed to testify for the prosecution in future trials.  
 Cahn said Mrs. McAllister also agreed to make a full restitution for \$6,253 she received in welfare payments while managing the prostitution ring which allegedly netted her \$30,000 a year.

Authorities say hundreds of men paid from \$25 to \$100 for favors from the bevy of women supervised by Mrs. McAllister, a divorcee.

Havajava Factory to Hold Open House Sunday, July 12

WHITE DEER (Sp) — The Havajava Manufacturing Co., a new industry in Carson County, will hold open house Sunday July 12, from 2 until 6 p.m. The factory, at 3rd and Paul St. in White Deer, is managed by Marvin Urbanczyk.  
 Already in production a limited basis, the factory is manufacturing four models of the coin-operated coffee making machines that are capable of making 110 cups of coffee per pound. Sales and distribution of the units will be made from the St. Louis, Mo., headquarters, managed by Delmer Urbanczyk.  
 The Havajava machines are practical in that they will brew a fresh cup of coffee in 12 seconds and may be used in the home or office.  
 The units are to be manufactured exclusively in White Deer for world distribution.

With Marvin Urbanczyk as general manager, and Arnold Urbanczyk in charge of production, Sweden already is scheduled to receive a shipment of the machines from the White Deer plant.  
 With the exception of a few small plastic parts, the entire mechanism and cabinets are produced in the local plant. The number of employees will be increased as key personnel are trained and as soon as schedules will permit, Urbanczyk said.  
 The Havajava Manufacturing Co. open house is expected to draw visitors from near and far.  
 A Havajava "Coffee Butler," which is a flush wall-mounted unit, will be given as a door prize.

EXPRESSES BASIC BELIEF  
 What do we mean when we say that in the United States we have a "government of law" and not a "government of men"? Basically we mean that we have certain individual rights, guaranteed by our federal and state constitutions and laws, which may not be denied by any governing body.  
 The early American colonists had their fill of government by men, and the Declaration of Independence, signed 188 years ago, set out their complaints against that type of government and revealed their belief in a principle which we now accept as basic to our American way of life.

The indictments set out in the document against King George III of Great Britain charged him with numerous violations of that principle. Among the complaints enumerated are the following:  
 "He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people."  
 "He has obstructed the administration of justice, by refusing his assent for laws for establishing judiciary powers."  
 "He has made judges dependent upon his will alone, for the tenure of their offices, and the amount and payment of their salaries."  
 "He has refused his assent to laws, the most wholesome and necessary for the public good."  
 "He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged to our laws; giving his assent to their acts of pretended legislation: . . . For depriving us, in many cases, of the benefits of trial by jury; For transporting us beyond seas to be tried for pretended offences; . . . For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our governments; . . . For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever."  
 Our forefathers who subscribed to the principles of the Declaration of Independence were willing to fight for their beliefs. The Revolutionary War followed, dragging through weary years of suffering and suspense. Each of us takes pride in their eventual triumph over gigantic obstacles.

Ever along the deserted stretches of beach on Mustang and Padre Islands, there'll be no legal uncovering. Sam Jones, area district attorney,

Truck Operators Attend GMC Engine Demonstration

Approximately 80 trucking operators from all over the Panhandle attended a special demonstration here Thursday to acquaint them with GMC's new Toro-Flow diesel truck line.  
 The luncheon and demonstration at the Coronado Inn was sponsored by the Tex Evans Buick-Rambler Co.  
 Clinton Evans, president of the local company, presided at the luncheon and introduced M. S. Maddox, GMC zone manager, who was among divisional executives taking part in the program.  
 Maddox briefly traced the developments of the new Toro-Flow engine and cited reasons why it has generated excitement and attention throughout the trucking industry.  
 "Previous to the development of the Toro-Flow," Maddox said, "diesel power was limited principally to heavy-duty trucks for reasons of economy. Now GMC's new diesel power plant has met all basic requirements for medium-tonnage trucks, including power in the 130 to 170 horsepower range; a low price; exceptional durability; low priced, readily available parts; and widespread servicing facilities."  
 In describing the Toro-Flow, Maddox emphasized that it is not a gas engine conversion.  
 "For the first time," he said, "these new engines bring to users of medium-tonnage trucks all of the advantages of diesel power. They open up possibilities for cost reductions in hauling that were only hoped for a few months back."  
 Elaborating on the Toro-Flow concept, Maddox introduced a 22-minute color film, entitled "The Breeding of a Champ."  
 Following the film, many of the operators took demonstration rides in a Toro-Flow truck.

LEOPOLDVILLE, The Congo (UPI)—A court martial Saturday condemned five Communist-backed terrorists to death in a trial observers said could torpedo reconciliation of the country's warring political factions.  
 The death sentences were delivered as former Katanga President Moise Tshombe made an official report to President Joseph Kasavubu on chances of forming a "government of national reconciliation."  
 Tshombe's report was not made public.

For depriving us, in many cases, of the benefits of trial by jury; For transporting us beyond seas to be tried for pretended offences; . . . For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our governments; . . . For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever."  
 Our forefathers who subscribed to the principles of the Declaration of Independence were willing to fight for their beliefs. The Revolutionary War followed, dragging through weary years of suffering and suspense. Each of us takes pride in their eventual triumph over gigantic obstacles.  
 In 1787, when the framers of our Constitution met at Independence Hall in Philadelphia, where the Declaration of Independence had been signed 11 years previously, they set to work to create a system of checks and balances in government which was to perpetuate the fundamental theory mentioned in the preamble of the earlier document:  
 "We hold these truths to be self-evident; That all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness.  
 That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; . . ."  
 Some five years later, the first ten amendments to our Constitution were adopted at one time, specifically detailing various basic civil rights stemming from the underlying theory of the Declaration of Independence.

### Center Wrap-Up

George Smith, Director  
Pampa Youth and Community Center

The Center has been swamped with children learning to swim this summer but even so there are still a few vacancies in the July 13-24 Red Cross session. Parents who did not get their children enrolled at the earlier date may do so now in the following classes. At 9 a.m. available is Advance Beginner and Intermediates while at 10 a.m. there is Advanced Beginner and Swimmers. You do not have to be a Center member on these lessons. Enrollment fee is \$1 per person for everyone.

The last two sessions of the summer swim program will be held on July 27-August 7 and August 10-21. These swim lessons will be for beginners only. Classes will be 9-10 a.m. and 10-11 a.m. Only 15 per hour will be accepted. Enrollment for Center members is free while non-members will pay a \$2 instructional fee. Enrollment for all these classes will be held on July 23 at 1 p.m. The first 60 to enroll will be the limit.

The Rod and Reel Casting area has been completed. This is a circle of tires spaced at a maximum distance of 58 feet from a line with a real difficult challenge in the middle of this circle. The challenge is a small lawn mower wheel placed in the middle of a regular size tire. Everyone is invited out to practice their casting abilities.

The Center is sponsoring a session of golf tips to teenagers at the northwest corner of the building. This will be on Tuesdays at 3:00 p.m. This Tuesday Weldon Trice, local golfer, will meet with the young people and try to help them with their game. Golfers should bring some plastic practice balls and their own clubs.

The Dolphin Swim Team has been working out diligently in preparation for upcoming meets. Any teenager interested in competitive swimming can still join the team. The Dolphins workout every morning from 7-9 a.m. Their meet schedule is as follows: Big Springs July 18, A. A. U. Olympics at Amarillo July 25-26, A. A. U. Invitational at Amarillo August 15 and Snyder August 22. These meets will be attended as a team. Several of the Dolphins will individually attend meets at Midland, Dallas, and Lubbock.

Memberships to the Center are still available to those interested. A membership entitles you to all the facilities the Center has to offer. The Center is periodically adding different features such as at the present a new sun deck. Membership rates are low and economical and are for individuals \$5 for six months and \$8 per year. While family memberships are \$12 and \$20 respectively. Come by and join today.

### New Books on Shelves At Public Library

"An America That Was": Albert Britt: the period from 1875 to 1900 lies in a twilight zone of history to Americans of today; old ways were changing then, but men still thought as their fathers had, and no one could guess the depth of the revolution that was upon them.

"Old Santa Fe"—Ralph Emerson Twitchell: the story of New Mexico's ancient capital told by the Director of the Historical Society of New Mexico.

"Secret Of Charm"—John Robert Powers: a charming personality can be yours, for there is no such thing as an unattractive woman, as a glance through this book will show you.

"The Weekenders"—Max Gunter: devoted to Americans in earnest pursuit of fun and leisure during the 64 hours between 5 p.m. on Friday and 9 a.m. the following Monday.

"Portrait Of An Arizonian, Barry Goldwater": Edwin McDowell: the nation's leading Conservative is portrayed from his birth in the sprawling Arizona Territory to his present position in the political spotlight.

"Mrs. LBJ"—Ruth Montgomery: an internationally syndicated newspaper columnist who has known the Johnson family for twenty years gives readers an intimate glimpse into the heart and household of our new President's wife.

"The Land Of Youth"—Richard Power: and island of the rocky western coast of Ireland is the setting of this novel of real people whose existence is dependent upon their fight against poverty, hunger and the roaring elements.

"Country Parson"—James Insight: a sequel to I Turned My Collar Round, this book takes the parson from town to country and plunges him into a controversy such as he has never dreamed could rise.

"Son Of The Star"—Carl Krueger: the fearless defense by the Israelis when the Arabs form their background of this story of modern and ancient Israel.

"Accident"—Elizabeth Jane-way: tells the story of three generations brought to the brink of destruction, but possible restored to more meaningful existence by a disaster that shocks all concerned into self-awareness and self-appraisal.

"The Wooden Horseshoe"—Leonard Sanders: a modern Texas city and the men who run it are portrayed in this novel that goes behind the scenes of government to reveal that, whether local or federal, it is the human beings both weak and strong, who make it or wreck it.

### Canadian Boys Plan Scout Jamboree Trip

CANADIAN (Spl) — Two Canadian boys, Jim Anderson and Kevin Rudy, will join more than 50,000 other Boy Scouts at the Boy Scout Jamboree at Valley Forge, Pa., July 17-23. Jim is 12 years old and Kevin is 13. Both are members of Scout Troop 71.

They will be camped where the troops of General George Washington camped during the winter of 1777-78.

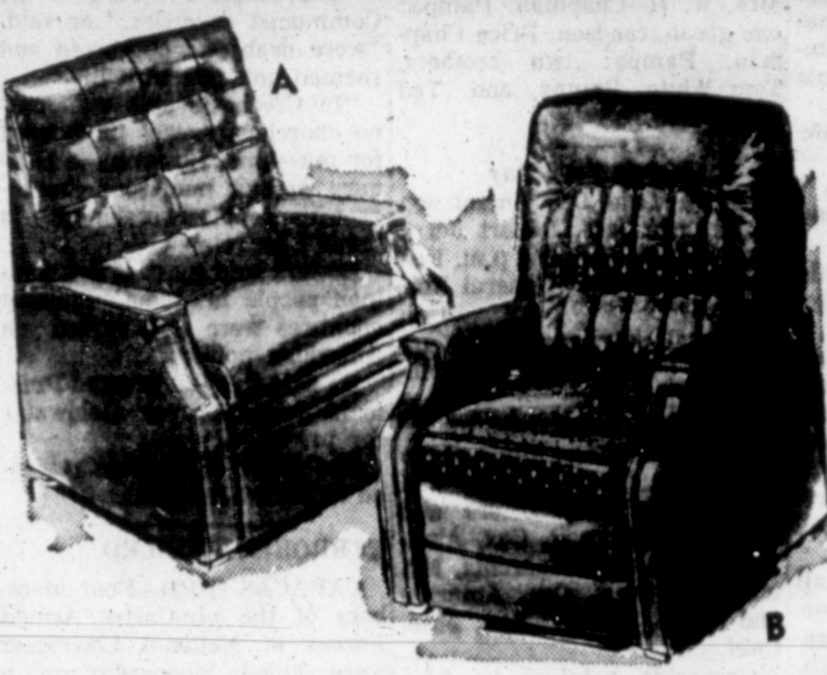

According to George Newberry, Jamboree Committee Chairman of Pampa, the boys will visit many historic points enroute to camp. They will visit Washington D. C., New York and Philadelphia, before returning home.

### Little Britches Rodeo Draws Crowd at Canadian

CANADIAN (Spl) — The Little Britches Rodeo, held here Wednesday afternoon and evening, drew a large crowd and more than 200 contestants. The night show lasted until 2 a.m. Mickey Parsons and Billie Snyder, both of Canadian, won the saddles awarded to the all-around cowboy and cowgirl in the 5 to 10 year age group. Dotma Kotara and Phillip Savage, both of Pampa, won the saddles awarded to the all-

around cowgirl and cowboy in the 11 to 16 year age group. First, second and third place winners in the various events were:  
**Boys, ages 14-16 years**  
 Calf Roping — Bill Hest, Canadian; Phillip Savage, Pampa; Lynn Bussard, Spearman.  
 Bull Riding — Bobbo Stowers, Sayre, Oklahoma; Phillip Savage, Pampa; Teddy Larson, Dumas.  
 Boy and Girl Team Ribbon Roping — Phillip Savage, Pampa; Bobby Adcock, Canadian; Mike Howard, Woodward.  
**Girls, ages 14-16 years**  
 Barrel Race — Glenda Light, Amarillo, Pampa; Butler, Woodward, Oklahoma; Mary Ann Stockhill, Pampa.  
 Saddle Steer — Lynn Pouch, Hereford; Jody Kygar, Vici, Oklahoma; and Geneva Bray, Amarillo.  
 Pole Bending — Dorcas Kotara, Pampa; Diana Wilson, Canadian; Kay Huddleston, Ulysses, Kan.  
**Boys, ages 11-13 years**  
 Calf Roping — Jack Long, Laverne, Okla.; Freddie Oka, Canadian; Bill Hest, Cheyenne, Okla.  
 Bull Riding — Larry Martin, Canadian; Freddie Oka, Canadian; Matt Mills, Kingmill.  
 Boy and Girl Team Ribbon Roping — Jack Long, Laverne, Vici; Rodwell, Miami; Lindsay Freeman, Cheyenne, Okla.  
**Girls, ages 11-13 years**  
 Barrel Race — Nancy Eshelmer, Pampa; Lucille Snyder, Canadian; Kathleen Hayes, Channing.  
 Saddle Steer — Ricki Sue Adcock, Canadian; Candy Pouch, Hereford; Kathleen Hayes, Channing.  
 Pole Bending — Fance Trayweck, Hereford; Jojoetta Kay Miller, Group; Candy Pouch, Hereford.  
**Boys, ages 8-10 years**  
 Bull Riding — Tom Cribb, Jimmy Crotcher, Lefors; Doug Baggett, Canadian.  
 Pole Bending — Kim Carr, Canadian; Ponce Tippett, Tell; Johnny Davis, Canadian.  
**Girls, ages 8-10 years**  
 Pony Express — Julia Newsum, Moberly; Loretta Douglas, Carter, Oklahoma; Polly Snyder, Canadian; Brenda Kay Winters, Kingmill; Linda Wilson, Canadian; Denis Ann Beach, Pampa.  
**Boys, ages 5-7 years**  
 Barrel Race — Mickey Parsons, Canadian; Randy Hale, Vici, Oklahoma; Billy Huddleston, Ulysses, Kansas.  
 Pony Express — Micky Parsons, Canadian; Randy Hale, Vici; Billy Huddleston, Ulysses.  
 Pole Bending — Billy Huddleston, Ulysses; Baxter, Canadian; Randy Hale, Vici.  
**Girls, ages 5-7 years**  
 Barrel Race — Shari Smith, Tell; Terry Wynn Lipscomb, Kim Walton, Bushland.  
 Pony Express — Shari Smith, Tell; Terry Wynn Lipscomb; Debra Stringer, Hereford.  
 Pole Bending — Cheryl Wilson, Canadian; Terry Wynn Lipscomb; Debra Stringer, Hereford.  
 Open Jacket, ages 5 through 18 — Bill Hest, Canadian; Glenda Light, Amarillo; Kathleen Hayes, Channing.  
 Pop Race — James Eiler, Canadian; Kane Lamkin, Bushland; Roddy Adcock, Canadian; James Eiler, Canadian.

**Agriculturally Speaking**

**By FOSTER WHALEY**  
Gray County Agent

We have had a number of calls on how to control the tomato horn worm. I've noticed them on the highways. They are in the middle stage of an annual cycle.

They are bad on tomatoes but will also devour many other garden crops.

Best bet is to spray your grass and other vegetation in and around your garden with dieldrin. This gives a long residual effect. Don't spray eatable portions of garden plants with dieldrin.

Spray your garden with Malathion. Use one tablespoon per gallon of water. It will be necessary to spray every other day until the worms run their course. We have a good guide for controlling all types of insects on vegetables, MP - 675.

**Green Scum in Tanks**

Fred Haiduk was asking about how to control green scum from stock watering tanks. We gave him a leaflet No. 55 that gives instructions. If you have this trouble, get some bluestone and the leaflet.

A. C. Wilkerson is thinking about putting down an irrigation well. Roy Tinsley burned some feed with dry pelleted fertilizer. A good stand of native buffalo grass was obtained around the Pioneer Cottage (Starkweather and Yeager). Clyde Organ furnished his own personal tractor and time in seeding this to grass. Miller Seed Company, Hereford, donated the specially treated buffalo grass seed. Someone better donate some Amino weed spray and spray the goat heads and other weeds or otherwise they will kill the grass out. This should have been done yesterday. Lynn Futch, manager, Production Credit Association, Elmer Mc-

**4-H Club Holds Riding Practice**

The horse and pony project of the Top O' Texas 4-H Club met at 7:30 Saturday night at Recreation Park to practice for the western pleasure competition. Bill Johnson and John Winters supervised the practice. Each group chose two members and demonstrated the figure eight portion of the western pleasure competition. Following this, all mounted members practiced the western pleasure by having their horses walk, trot, and lope.

Present were: Cynthia Hogsett, Allan Tidwell, Cara Tidwell, Tommy Teague, Dale Teague, Debra Roach, Dennis Roach, Tibby Rogers, Teddy Atwood, Phyllis Atwood, Janell Johnson, Lynn Taylor, Trena Frost, Gary Hyatt, Dennis Taylor, Earl Taylor, Georganna Jackson, Kerry Barefoot, Gordon Taylor.

**Wheat Harvest About Complete**

The 1964 Texas wheat harvest is practically complete, only a few irrigated fields in the Panhandle and South Plains remain to be combined.

The following reflects the latest reports on area conditions received by the Texas Employment Commission.

Littlefield, Muleshoe, Dimmitt, Farwell and Hereford: Harvest is being rapidly completed. Irrigated acreage is producing normal yields.

Plainview, Tulla, Lockney, Floydada and Silverton: Harvest completed last week. Yields from irrigated acreage above normal.

Amarillo, Canyon, Vega, Panhandle and Claude: Harvest almost complete, only a few scattered fields remain to be harvested. Yields from irrigated wheat were better than expected.

**Farm Income Dips To New June Low**

AUSTIN (UPI)—The index of prices received by Texas farmers and ranchers last month dipped to its lowest June level since 1960, the U. S. Department of Agriculture reported today.

Farmers and ranchers got 3 per cent less for their products last month than in June 1963, the USDA said.

First wheat prices were \$1.47 per bushel, down 47 cents from May, corn was down 1 cent, barley 8, oats 7, grain sorghum 3 cents per cwt. and hay \$1.30 per ton.

**SCD News**

**By ARNEAL SCOTT**

R. L. Pugh is developing a conservation plan on his ranch south of Pampa. He plans to construct several dams to control livestock grazing. Pugh will also defer pastures regularly to improve range condition and native grass vigor. Next year he plans to control sagebrush to reduce competition so the grass will have a chance to grow.

**Irrigation**

Rex McAnelly plans to do approx. 70 acres of land leveling on Moody Farms east of Pampa. Joe Gordan plans to do 60 acres of land leveling on his farm south of Pampa. Eakin brothers are installing 920 ft. of irrigation pipeline on their farm south-west of Pampa. Irrigation pipeline will conserve water by reducing evaporation and seepage. Pipelines in conjunction with land leveling will also distribute irrigation water more effectively.

**Terraces**

Standard terraces and diversion terraces are beneficial in conserving moisture and reducing water erosion. Landowners and operators have two alternatives to use in controlling water erosion. Terraces can be installed to utilize rainfall and protect eroded areas or can be seeded to native grass. Cost-share assistance is available for this type of work. Contact your local Soil Conservation Service Office for further information.

**Plans for SCD Film Discussed**

The Golden Spread Chapter of the Soil Conservation Society of America recently held a meeting at Sutphen's Restaurant in Borger. Those who attended were: W. B. Brooks and Eli Baker of Wheeler; Duane Bartee, Arneal Scott, Jack Williams and Van Mills of Pampa; Mr. and Mrs. Bright Newhouse of Clarendon and Henry Williamson of Dalhart.

The purpose of the meeting was to make plans for the development of a Soil and Water Conservation Film of The Texas Panhandle Area. Bartee reported that the film committee had made progress in determining financial needs and obtaining sponsors.

The date for the next Golden Spread Chapter's Tour was scheduled for August 7, 1964 at Canadian, Texas. Each Chapter member is requested to bring a guest. Highlights of the tour will consist of a range management program conducted by range experts from the Bushland, Seymour and Sonora Experiment Stations. There will also be a tour of the Canadian Wildlife Management Area conducted by representatives of the Fish and Wildlife Service.

**HIGH YIELDS** — S. D. Winegeart is shown in his irrigated wheat field eight miles west of Pampa. Winegeart said this is his first year to irrigate and he termed it highly successful. He figured his average yield at about 35 bushels per acre. Several farmers in the area bought his wheat to use as seed.

**Area Meeting Slated On Cattle Problem**

WACO (Spl) — Problems plaguing the livestock industry will be discussed at a series of eight area-wide meetings July 8-17, according to Texas Farm Bureau President C. H. DeVaney.

Livestock producers in all sections of the state are urged to attend these Farm Bureau-sponsored sessions, DeVaney said. He emphasized that the main purpose of the meetings is to "evaluate the livestock situation from all angles," and to give producers an opportunity to voice their opinions and ideas on how best to solve the basic problems of the industry. This subject is expected to assume major importance during Farm Bureau's policy development process this summer and fall, DeVaney added.

**Course on Swine Management Set**

A one-day short course on swine management will be held Thursday at Texas Tech in Lubbock.

Instructor will be Bob Green of Ainsworth, Iowa, widely known authority on seed stock and commercial swine.

The program will also feature a producer's panel of outstanding swine producers. Slides will be shown and management practices will be discussed.

**PLAN NEW HARBOR**  
CAIRO, U.A.R. (UPI) — The United Arab Republic will build a new \$115 million harbor at Damietta on the Mediterranean to help relieve the pressure on Alexandria and Port Said, it was announced Wednesday. Construction is expected to take two years.

**Cotton Watered In Early Stages Can Lead to Multiple Troubles**

Don't start irrigating cotton too soon! County Agent Foster Whaley says, "Cotton that received a good pre-plant irrigation or has benefitted from recent rains should have enough moisture in the ground to last until the first white blooms appear. Cotton at this stage of growth should be about 60 days of age."

Watering cotton prior to this time can lead to troubles, says Whaley.

- 1) If watered too early (before white blooms appear) cotton tends to keep growing in a vegetative manner and doesn't start fruiting early.
- 2) Early irrigation can lower soil temperatures in the root zone of cotton plants. This encourages blights, wilts and seedling diseases. Above all, Whaley cautions, irrigation shouldn't be practiced when fields of young cotton are disease-ridden, as this tends to compound the problem.
- 3) Watering too early can also keep roots from penetrating deep in the soil. If roots haven't penetrated deep in the soil, the normally hot, dry weather of August will cause plants to become moisture-stressed. An inadequate root system means farmers won't be able to irrigate their cotton fields often enough at this time to keep plants adequately supplied with water, says Whaley.

If irrigation water is short, it might be necessary to start watering before the first white blooms appear. Whaley cautions, however, that irrigation should be timed as closely as possible to appearance of the first white blooms.

Highest water requirement of cotton plants occurs at peak bloom stage. At this stage, cotton will use one-fourth to four-tenths inches per day. This compares to less than one-tenth inch per day for cotton plants from emergence to squaring stages. From white bloom to peak blooming stage, cotton plants will utilize one-tenth to one-fourth acre-inches water daily.

The first crop is usually harvested around July 15 in the Angleton area. If damaged by hail, the crop, shredded in the bloom stage, will require another 30 to 60 days before reaching this stage again, says Spears. Although occurrence of the midge in damaging numbers cannot be predicted, it may be serious if soil moisture is adequate for host plants such as Johnsongrass or Sudangrass.

Spears warns that precautions should be taken to detect the midge and that promises of a good yield may warrant the use of an insecticide as a control measure. Among the approved insecticides are Sevin, Endrin, Trithion, diazinon, toxaphene and parathion. Recommended instructions should be followed in their application and all restrictions should be carefully observed.

**Grain Sorghum Damaged By Hail Can Be Saved**

COLLEGE STATION (Spl) — Hail damage to grain sorghum can be very devastating but it is sometimes possible to produce a crop from the regrowth if the damaged stalks are shredded, says Ben R. Spears, Extension agronomist, Texas A&M University.

Success of this regrowth crop in the central and south central portion of the state, says the agronomist, depends primarily on these factors: insect damage, temperature and soil moisture, and disease.

Insect damage results primarily from the sorghum midge. The larva or maggot of this destructive fly feeds on the internal content of the seed, causing the grain heads to appear "blighted" or "blasted."

The first crop is usually harvested around July 15 in the Angleton area. If damaged by hail, the crop, shredded in the bloom stage, will require another 30 to 60 days before reaching this stage again, says Spears. Although occurrence of the midge in damaging numbers cannot be predicted, it may be serious if soil moisture is adequate for host plants such as Johnsongrass or Sudangrass.

Spears warns that precautions should be taken to detect the midge and that promises of a good yield may warrant the use of an insecticide as a control measure. Among the approved insecticides are Sevin, Endrin, Trithion, diazinon, toxaphene and parathion. Recommended instructions should be followed in their application and all restrictions should be carefully observed.

Ed McKay, TFB assistant legislative director, and W. C. (Bill) Wedemeyer, TFB research and education director, both of Waco, will discuss background information on the current problems affecting livestockmen. District directors will be in charge of the meetings in their respective districts.

# The Weekly Message Of Inspiration

Attend The Church Of Your Choice

REV. GLYN B. ADSIT  
FIRST CHRISTIAN CHURCH

## CARING ENOUGH TO CRY

Reading recently in the "Pulpit Digest", a magazine for ministers, I ran across this interesting subject: "Caring Enough to Cry". I want to share a few of the thoughts I found there: Toward the end of his life, Ring Lardner was in a hospital dying of tuberculosis. From time to time, his nephew and son called at the hospital to see the great writer. One day, when they were visiting, Lardner referred to Dickens as having learned to write in a city. His nephew remarked rather pompously that, in his opinion, Dickens was sentimental. When Ring Lardner spoke some good words about him, the nephew said: "He was awfully sloppy." And then Ring Lardner said after a moment of quiet: "How can you write if you can't cry?"

We need to announce this to the world. The Church must stand unashamedly for sympathy toward all who have been rejected. Is it possible that the homeless children of the world do not strike a deep pain into our hearts? Can we imagine men of different colored skins being humiliated year after year as they seek to establish decent homes for their children? Has the world grown so hard that it can only think of getting what it wants at any cost? This is a great day to ring the changes on the theme that you can't live unless you can cry. God made it that way and we need to remind ourselves of the tragedy of men who fear anything emotional. Usually God finds us by softening our hard hearts.

How long has it been since you have been so deeply moved by some experience or the plight of some person that you have cried? Does the dryness of the eye indicate the dryness of the soul? We know that Jesus cared enough about men, women, and children, that he wept. I do not believe that it is a sign of weakness for a man to cry. I believe it indicates that he has been able to achieve a most difficult transition of getting out of himself and into the shoes of another person. Someone has said that there is enough misery, and tragedy, on any block in any city, to break the human heart. If this is true we need to help bear each others burdens. We need to care enough to cry.

# Bowling

By GIL BURGUND

Due to technical difficulties last week, lack of space in fact, the winners of the Fathers and Son Tournament were deleted, so take a belated bow Joe Achord and son Alvin who bested Bob Brandon and son Chris by a narrow margin.

The great, great thrill for a new league bowler is picking up a big wide split, ask Betty Worley who picked the 4-10. Other thrills are such feats as Anne Stone who last week rolled her first 500 and this week rolled her first 200, a nice 211, Mary Ray posting the seasons second highest series, a 589 and also a couple other big 500's.

A different type of thrill was experienced by Cletis Butcher, Doris Beem, Mary Ray, Inez Snider, Jo Burgund, Frances Grove, Pauline Stone, Nelda Womack and Carol Robinson, who graciously offered their help in keeping score for the huge class of bantams on their last day of learning to bowl. Thanks, girls, for keeping the scores that ranged from 20 to 110.

Pauline Stone and Anne Crawford apparently gave up all hope of appearing on Championship Bowling on TV so decided to try counting money instead. You looked very nice, ladies.

How many of you do watch the bowling programs on TV? It is a wonderful way to improve your own bowling. How many of you have noticed the new angle the pros are all trying? They are starting way left of the center and going into the

pocket almost dead center. Some switch.

Haven't seen much of Curtis Johnston lately. Rumor has it that he is now married to a lovely girl, Linda Burnett. Congratulations.

When it comes to mentioning the high games and series, the same names continue to head the pack and they certainly give others some marks to shoot at. In the Juniors and Bantams Roger Flowers a 225 and 209 and a 533 series. Bruce Murchison 162, 414.

The tables were turned this week as Kerry Parsley beat Dad Larry by 35 pins on series and most all the Juniors beating their Dads, Mike Schale, a junior of a year ago, bowling 207 and 549 his first nite bowling.

Doc Rutledge howled his highest series in a long, long time, 555, and close behind was Dennis Dueterhaus, 551, his highest. At this time I am trying to find out which one of our best women bowlers came up with a 396 series. Ralph Chisum is right at the heels of Charles Sinclair in the singles classic.

Oran Skinner can do the darnedest things — a 412 and a 572 the same night. By the way, Mildred Payne — better hurry out of the hospital so Red Payne can bowl better. He needs your moral support. Ted Givans is steadily improving. I see some one has the word "SKUNKED" written across his score sheet. Yep, Lonnie lost all three games.

Last night at the Grand Bowl in Amarillo Bob Hertzog, an airman at the Air Base bowled a 300 game and a 702 series in the Happy Times League. I'll bet it was! He can join with Sid Parsley of Pampa as one of the very few bowlers in the Panhandle ever to turn the trick.

Humorously, I wonder of the cattle truck driver who over turned his truck and dumped ninety head of cattle on the highway near Amarillo could have been listening to the radio, and got that excited at the news? It was just about that time, 'cause we came through the mess a little later. Just our luck, the we can't hit a single pin, so we didn't hit a single cow.

As a word of caution, don't go through the fifth on the Fourth.

### Phils in First

SAN FRANCISCO (UPI) —

The Philadelphia Phillies, with Wes Covington hitting a two-run homer, scored three times in the 11th inning Saturday to defeat the San Francisco Giants 5-2 and regain the National League lead by a half game.

Covington's blast, his eighth of the season, came after rookie Richie Allen tripled across John Herrnstein from first base for the go-ahead run. Herrnstein had opened the frame by singling off loser Gaylor Perry (6-4) after going hitless his last 14 times at bat.

Jim Bunning achieved his fourth straight victory and ninth of the year against two defeats while going 10 frames. He struck out nine during the stint and held the Giants to six hits.

### BABE RUTH LEAGUE

Fannon pulled into a tie for the National League title with the help of American League champ Kist Friday night and will meet First National Bank in a sudden-death playoff tomorrow at 8.

Kist bumped off First National 13-2 in the first game and Fannon took advantage of its good fortune by rapping Enco 20-4.

Steve Summers shut out the Bankers until the sixth inning when they scored two runs. By that time Kist had six runs of its own, however, and added seven more in the bottom of the sixth to end the game on the ten-run rule.

Doug Kidwell gave up 14 hits and took the loss.

Williams and Foster each had two hits for the winners. Kidwell, Doc Cornutt and Jim Cornutt each had one hit for First National, accounting for all the losers' hits.

Enco took a 4-0 lead, saw it matched, then went two runs in front again before Fannon exploded for 16 runs in the last two innings to destroy hopes of an upset.

Bill Scribner picked up Enco's only hit off Turcotte, who was hurt by the eight bases on balls he issued.

Brawley was the losing pitcher.

Larry Stephens got the game's longest hit, a triple.

Enco cut off one Fannon threat with an Albus to Winters to Rowden double play.

**Harvard's Blues**  
CAMBRIDGE, Mass. (NEA)—Harvard has a brand new, \$250,000 indoor tennis arena, but there is one big problem.

The arena, which houses three tennis courts, has a polyvinyl plastic roof which is sky blue in color.

At Harvard, however, "Blue" is associated only with Yale. So the only way to beat the problem was to describe the roof as "Cambridge Blue."

MARIA BUENO  
**Maria Es Muy Bueno**

WIMBLEDON, England (UPI)—Maria Bueno of Brazil wove 89 minutes of tennis magic on center court Saturday to beat heavily-favored Margaret Smith of Australia, 6-4, 7-9, 6-3.

For the Wimbledon women's singles championship and smash Miss Smith's "grand slam" hopes.

With the final drop shot at match point, the 24-year-old Brazilian star made good the comeback she had hoped and worked for since a serious illness struck her down in 1961 after she had won the championship here in 1959 and 1960.

And with the same shot she blocked Miss Smith's ambition to become the first player since America's Maureen (Little Mo) Connolly in 1953 to score the grand slam of Australia, French, Wimbledon, and U.S. women's titles in the same year.

With the Australian, French and also Italian titles already in hand, Miss Smith also would have been the first ever to take five major titles in the same year, if she could have won here and in the U.S. championships.

Miss Smith's defeat also prevented Australia from scoring a clean sweep of all four major titles here. Aussie Roy Emerson won the men's singles crown Friday and Saturday the "down under" delegation took both doubles championships, with Miss Smith and Lesley Turner winning in women's play and Fred Stolle and Bob Hewitt in men's.

The U.S. failed to come up with any major title, reaching the final round only in women's doubles where Saturday Billie Jean Moffitt of Long Beach, Calif., and Karen Hantze Susman of San Antonio, lost to Misses Smith and Turner in straight sets, 7-5, 6-2.

As consolation, the Yanks had two minor title victories — Peaches Bartkowicz of Hamtramck, Mich., beating Miss E. Subirats of Mexico for the girls' championship, 6-3, 6-1, and Billy Talbot of New York teaming Friday with Bernard Destremau of France for the veterans doubles title.

The women's singles final was brilliantly played. Miss Bueno, second-seeded, was superb on the attack and Miss Smith admitted later, "I was going for the grand slam and all that and maybe there was too much pressure."

### Dryol Burleson Beats O'Hara

NEW YORK (UPI) — Daryl Burleson of Portland, Ore., whipped young Tom O'Hara for the seventh time in eight tries Saturday and regained his role as America's chief hope for a 1,500 meter victory in the 1964 Olympic games.

Other winners Saturday were pole vaulter John Pannel, two-time Olympic discus champion Al Oerter, 800-meter ace Jerry Siebert, triple jumper Ira Davis, 110-meter hurdler Hayes Jones, steeplechaser Jeff Fishbach, 200-meter sprinter Henry Carr, and 400-meter runner Olan Cassell.

O'Hara, who complained of chest congestion because of "too many air conditioned rooms," shot into the lead right at the start but couldn't hold off Burleson's tremendous kick in the stretch in the Olympic track and field trials.

Burleson won by a yard-and-a-half in 3:45.4, with O'Hara, who had beaten the 24-year-old insurance man in last week's AAU championships with an American record of 3:38.1, losing ground in second place. O'Hara was clocked in 3:45.6.

Veteran Jim Grelle of Los Angeles, eighth in the 1,500 meters at Rome in 1960, finished third in 3:46.1, with 17-year-old Jim Ryun of Wichita fourth also in 3:46.1.

### Industrial Softball

Weathered Humble kept its Industrial Softball League lead with a 9-6 win over Miami Thursday night.

Miami never led but tied the game at 5-5 in the third. Humble gradually pulled away after that.

There were no strikeouts in the game.

Delbert Daniels got the win, Larry Rider the loss.

Jerry Wright was three for five to top the game's hitters.

**STANDINGS**

**EASY CATCH** — Jackie Brandt had no trouble catching this one. It was a balloon tossed to him by a playful fan. The Baltimore Oriole left felder completed the play by spiking the balloon.

### LITTLE LEAGUE

Celanese edged Windsor 5-2 and Dixie bumped Duncan 7-2 in Friday night games. Etal beat Cabot 3-1 Thursday night.

Windsor scored single runs in the fourth and fifth innings of an Eastern League game but Celanese rallied for all its runs in the sixth to squeak by.

Jimmie Clark gave up four hits and struck out seven to get credit for the win. Gary Haynes struck out five, walked none and allowed three hits but was the loser.

Dixie scored in threes in the third and fourth innings to put its game out of reach of a late rally by Duncan.

Johnston allowed two hits and struck out five to pick up the victory. Foster was the loser.

Clifford Gage continued his outstanding pitching as he fanned 15 and gave up just one hit. He was in trouble in the fourth inning but pulled off a double play, pitcher to shortstop to first, to get out of it with just one run across.

Etal rallied for three in the fifth to win the game.

Billy Cowles pitched a fine game also, but lost it. He walked one, struck out three and gave up four hits.

### Long Day

CHICAGO (NEA) — The longest All-Star game in history was in 1950 when Red Schoendienst' 14th inning home run gave the National League a 4-3 victory in Comiskey Park.

**STARTING YOUNG** — Randy and Mike Lamberson, sons of Mr. and Mrs. Buddy Lamberson, 1124 N. Starkweather, caught these two trout at Red River, N.M., last month. One of them is 17 inches long and weighs 1 3-4 pounds.

The tennis ball that never goes dead!

Bancroft-Trotter tennis balls stay fresh, playable indefinitely. Patented inner core eliminates need for compression. Accepted as the longest wearing ball—even on hard surfaced courts.

### Indians Blanked

CHICAGO (UPI) — Southpaw Gary Peters chalked up his ninth victory of the season for the Chicago White Sox Saturday by blanking the Cleveland Indians on just three singles, 4-0.

The Sox, aided by 11 bases on balls and one hit batsman, broke the game open in the eighth inning when they scored three times.

Cleveland starter Sam McDowell struck out 12 White Sox batters before his wildness sent him to the showers in the last of the eighth. Until that time the only Chicago run, scored in the only Chicago run.

**FOOTLOOSE AND FANCY-FREE**—The spirit was willing, but the feet were tired of toting their owner's shoes across acres and acres of New York World's Fair grounds. The air-cooled seats are examples of rest-while-balm provided by various exhibitors at the fair.

### Texas Business Hike Expected to Continue

AUSTIN (UPI)—The present months indicates a change in the underlying trend of consumer spending, Stockton said. "It is important to watch this series in coming months, for there seems to be some weakness in this sector of the Texas economy," Stockton concluded. He said there is no indication that the tax cut "has stimulated any substantial amount of consumer spending."

Construction activity in May was up 29 per cent, Stockton said. Value of residential building permits was down 6 per cent, and non-residential down 25 per cent. The largest increase in business activity from May 1963 to May 1964 was in Amarillo, up 29 per cent.

Other increases: Abilene, 2 per cent; Beaumont, 4; Dallas, 3; El Paso, 3; Houston, 6; Lubbock, 9; San Angelo, 2; Waco, 5; and Wichita Falls, 7 per cent.

### Washington Window

By LYLE C. WILSON, United Press International  
In the mail for all Republican National Convention delegates are graphs and statistics to support the conservative complaint that the Dewey-Eisenhower-Lodge Republican leadership is responsible for the party's second string status.

This mailing was done by Newman Marsilius, Goldwater committee chairman in Connecticut. The book of graphs is accompanied by a covering letter from Marsilius. It challenges the idea that Sen. Barry Goldwater's nomination would jeopardize local Republican candidates.

"Can victory be ours," Marsilius asks, "by following policies which, for over 25 years with one exception, have led to defeat?"

"The accompanying booklet, which is entirely independent and non-partisan, is factual proof that the liberal Republican view has continually caused a loss in party strength, particularly in the number of votes for governors, senators and representatives."

The accompanying booklet is the Dunn Survey Report compiled by Rogers C. Dunn, McLean, Va. The survey reports through graphs on the rise and fall of Republican vote totals from 1936 to 1962. There are national and state graphs.

In 1936 the Republican party almost sank out of sight. That was the year Franklin D. Roosevelt lost only Maine and Vermont. After that election there remained in office: eight Republican governors, 17 Republican senators and 89 Republican members of the House.

After the 1946 election with hard boiled congressional conservatives running the party, the Republicans had 25 governors, 51 senators, 246 representatives. Conservative Republicans regarded Thomas E. Dewey, the 1948 Republican presidential nominee, as a me-too liberal candidate. The election was a disaster. After 1948 the Republicans had: 18 governors, 42 senators, 171 representatives.

Congressional conservatives maneuvered the party to a better position and after the Eisenhower election of 1952 the Republicans could count: 30 governors, 48 senators, 221 representatives.

After eight years of moderate or Eisenhower Republicanism, the 1960 election disclosed another disastrous Republican slump to: 16 governors, 33 senators, 175 representatives. After 1962 the score was 16, 33 and 176 respectively.

The Dunn report says: "Losses in Republican party strength have been associated particularly with the periods when the party's image and policies were dominated by its national (moderate) organization. During these same times the voter appeal of the Democratic candidates for president was declining, except in 1960."

"The number of Democratic votes for President declined in the 20 years from 1936 through 1956, and never regained that number of 1936. The first gain over 1936 was in 1960, after eight years of the modern (Eisenhower) administration."

The mid-Atlantic states are: Delaware, Maryland, New Jersey, New York, Pennsylvania and West Virginia. Republican

**Headmaster Fined For Spanking Girl**

TRURO, England (UPI) — A 60-year-old headmaster was fined \$140 Thursday for spanking two 18-year-old girl students with a clothes brush.

The headmaster was John Lindsay Guise of Helston School in Cornwall.

The students were coeds Gilliam Mary Wells and Mary Angela Hale.

Guise and Mrs. Marjorie Smith, 58, senior headmistress at the school, pleaded guilty to assaulting the two girls by spanking them last April 27.

Mrs. Smith was fined \$84 and ordered to pay \$29.40 in court costs. Guise also had to pay \$44.10 in court costs.

Prosecutor J. Woods told the court the trouble started after the two girls and three boys rehearsed scenes from a Shakespeare play.

The girls paired off with two of the boys and spent half an hour kissing and cuddling. The boy who was left out snatched to the headmaster.

Tana apparently can maintain speeds of nine miles per hour indefinitely.

### Long Lost Parole Violator Permitted to Remain Free

BAY CITY, Tex. (UPI)—The FBI caught up with a long-lost parole violator Thursday, but since the 61-year-old man had "gone straight" for so long, law enforcement officials agreed to let him remain at his Texas home a free man.

Aaron R. Hutson, alias Theo Robert Allen, was granted parole on a life sentence for murder in Indiana in 1924. He left ten years later, violating his parole.

Hutson came to Texas in 1949, changed his name, married, and settled in Boling, Tex. His wife never knew.

But Indiana officials caught up with Hutson after his fingerprints were relayed to the FBI following a recent arrest for drunken driving.

It was not until then that his wife, Nell, found out that her husband was wanted for parole violation on a murder conviction.

Indiana Corrections Commissioner Arthur Campbell said if Hutson has adjusted well, and if Texas would assume parole responsibility for him, "We will not try to extradite him."

Police in Bay City and Hutson's friends went to bat for him, signing a petition against extradition, and requesting state officials to transfer the

# Twenty Candidates Try for Queen Title

The race for the Top O' Texas Community Fair Queen title got off to a flying start Friday night at the first check-in of votes by the 20 candidates who are being sponsored by local civic organizations in the contest that will climax the five-day fair.

Pam Johnson, sponsored by the Pampa Desk and Derrick club, grabbed the lead in the race for the crown, Jake Webb, Junior Chamber of Commerce queen contest chairman, said Saturday. Two more weeks of ticket sales remain before the final check-in and the crowning of the Community Fair Queen.

The local civic clubs sponsoring queen candidates boost their girl by selling tickets which serve as votes and admission to the fair's gate. The tickets are being sold for

10-cents each and represent a 15-cent saving over the normal gate price.

The first annual community fair is being sponsored by the Pampa Jaycees and will be held at the corner of Gwendolyn and Hobart Sts., July 22-26.

Area civic clubs will also operate the concession booths on the fair's midway and will share the profits from the five-day event. Eighteen rides and a two-ring circus will be located on the giant midway along with a big top for commercial exhibitors.

Pictures show groups of the candidates in Central Park.

**FLOWERS** — Standing near blooming flowers in Central Park, top left photo, from left are Linda Cox, Pampa Key

Club; Vickie Cox, Business and Professional Women and Caroline Marak, Knights of Pythisis.

**Family Holds 23rd Reunion**

PANHANDLE (Spl) — The Slater-Metcalf reunion was held Sunday in Thompson Park, Amarillo. This was the twenty-third annual reunion. A basket lunch was spread at noon, followed by a short business session. Elected as president was Curtis Metcalf, Pannandle; vice-president, Floyd Detten, Panhandle, and secretary-treasurer, Mrs. Harold Lindley, Clarendon.

Coming the greatest distance to the reunion were Mr. and Mrs. Bernard Koetting and children of Lubbock. They are former Groom residents. The afternoon was spent in visiting and recalling events of the past.

This reunion was started by the children of the late Mr. and Mrs. W. C. Metcalf and Mr. and Mrs. W. C. Slater, who came to Carson County in 1908. There were 107 people in attendance.

They were Mr. and Mrs. Luther Mann and Mr. and Mrs. Harold Lindley and son, Clarendon; Mr. and Mrs. Donald Detten and family, Claude; Mr. and Mrs. Milton Mann and daughter and the Bernard Koettings, Lubbock, Mr. and

Mrs. Paul Metcalf, Vega; Mrs. and Mrs. Jack Metcalf and daughter; Mr. and Mrs. Ray Metcalf and children; Mr. and Mrs. Joe Rice; Canyon; Miss Catherine Metcalf, Mr. and Mrs. W. C. Metcalf, Jr., Mr. and Mrs. Ashby Lewis and Rosemary, Mr. and Mrs. Harold Sutton and family; Mr. and Mrs. Rillman Barkley and son, Amarillo. Also Miss Martha Metcalf, Mr. and Mrs. Ralph Metcalf and sons, Mr. and Mrs. Archie Looten and family; Mr. and Mrs. Harry G. Vance and family; Mr. and Mrs. Leo Detten, Paul and Floyd; Mr. and Mrs. Frank Metcalf; Mr. and Mrs. Jim Gabel and children, Mr. and Mrs. Rannie Heare and daughter; Mr. and Mrs. Carl Metcalf and Carol; Mr. and Mrs. Curtis Metcalf and Eddie, all of Panhandle, and Mr. and Mrs. Robert Kuehler and daughters of Groom.

Guests were Mrs. J. E. Enlow, Mohammad Fagiri, Iran, Mike Gilkerson, Johnnie Adams and Valerie McDonald.

57TH  
YEAR

**DRESS REVUE WINNERS** — Winners of the Gray County 4-H Club Dress Revue were named Friday at Lovett Memorial Library. From left, Jen Snell, junior winner; Phyllis Atwood senior winner, and alternate, Cathy Wilkie and Willa Friend model garments made for the competition.

**Phyllis Atwood Is Blue Ribbon Winner in Senior Dress Revue**

Phyllis Atwood, daughter of Mr. and Mrs. Ted Atwood of Pampa was the top-scoring individual in senior division, at the Gray County 4-H dress revue Friday in Lovett Memorial Library. Phyllis will represent Gray County as a contestant at the District Dress Revue in Amarillo July 23.

Jen Snell, daughter of Mr. and Mrs. Gene Snell of Pampa was winner in the junior girl division. She will be invited to model her dress at the district revue. Junior level models are not judged in this revue.

To be eligible for district competition, a girl must be 14 years of age by January 1 and an active 4-H Club member for 3 years. Those entering the dress revue eligible for district competition were Cynthia Hogsett, Phyllis Atwood and Cathy Wilkie. Clothing construction and record judging was done Friday morning by Mrs. Mona Hildreth, agent in Potter County and Miss Frederica Ellis, agent in Sherman County. In the afternoon the girls modeled their garments for judges to do the final scoring. While the judges were tabulating scores, Miss Lou Ella Patterson directed the girls in judging girls in their group. Ribbons will be given later to one picking first place in their divisions.

Following the judging, 4-H

Club girls presented a style show for parents and friends. Mrs. Marvin Holman, home-making teacher of Miami, served as narrator for the dress revue.

The Gray County Home Demonstration Council honored the girls with a tea, with Mrs. Jack Howard extending the invitation.

The tea table was decorated with a center piece of 4-H clovers surrounded with honeysuckle, national colors.

Mrs. Jay Channell, assistant County home demonstration agent, presented ribbons to the following girls: Jen Snell, Kathy Taylor, Jan Crossman, Mary Washington, Pam Sealy, Melissa Derrington, Debby Bray, Sarah Hawley, Judy Saunders, Lana Barnett, Robin Cates, Barbara Cates, Susan Higginbotham, Marva Rowan, Delia Holman, Doris Carlton.

Also Joyce Carlton, Martha Carlton, Sandra Cain, Susan Cain, Robyn Henry, Lisa Friend, Sue Hill, Mignon Nickel, Becky Cole, Susan Hunt, Becky Grand, Regina Hunter, Willa-Friend, Donna Molberg, Cara Tidwell, Laura Washington, Deanna Benefield, Patsy Sanders, Patsy Nestige, Debra McClellan, Toni Willoughby, Jan Osborn, Winona Chisum, Marsha Hunt, Nicki Jo Hunt, Phyllis Cole, Cathy Wilkie, Phyllis Atwood and Cynthia Hogsett.

**Women Who Sing Prove Happier**

By GAY PAULEY  
NEW YORK (UPI)—"Singing is good for a woman, good for the home." Women who sing "have lighter hearts, happier viewpoints."

Those are the words of Mrs. W. Earl Spafford, a widow, a grandmother of nine and the president of an organization whose singing mothers would make a chorus of more than 41,000 voices if all could be assembled in some vast concert hall.

Belle S. Spafford for 20 years has been president of the Relief Society of the Mormon Church. The society is, at 122 years, the oldest national women's organization in the United States.

The singing mothers are part of the society's wide international program of education and welfare and they grew out of the words of the prophet Joseph Smith, Mrs. Spafford said. She quoted the Mormon prophet, "a song of righteousness is a prayer unto me and it shall be answered with a blessing on their heads."

FIRST SUCH CONCERT  
It was in 1940, she said, that the Relief Society inaugurated

the plan of having the singing mothers from many chapters brought together as one large chorus—their first such concert, to provide the music for the society's annual conference at its Salt Lake City headquarters.

This week, a 300-member chorus drawn from the Washington, Philadelphia, Boston, New York, New Jersey and northern Virginia (Potomac) chapters of the society were in New York to perform at the World's Fair Pavilion opposite the Mormon Pavilion at the World's Fair. It was the first appearance of a combined chorus in the East.

Mrs. Spafford said the women are selected from local choruses by audition. For the World's Fair concerts, Mrs. Maurice (Ellen Neilson) Barnes, of Washington, D.C., had travelled since March from city to city rehearsing locally. She directed the performances of the combined choruses.

TOURED GREAT BRITAIN  
Mrs. Spafford said the singing mothers set another first in 1961 when groups from Utah, England, Scotland, Ireland, and Wales made a concert tour of Great Britain.

# Candlelight Ceremony Unites Glenda Butler, Carson Dibble

sleeves and a bell skirt extending into a chapel train trimmed with a small bow in back. Her elbow length veil of bridal illusion was complemented by a circle face veil extending from a pill box hat of pea de soi accented by alencon lace and seed pearls. She wore a single strand of pearls, gift of the bridegroom and carried a bouquet of stephanotis centered with a white orchid atop a white Bible, gift of her parents, with white satin streamers tied in love knots. The bride carried out the tradition of something old, new, borrowed, blue and wore a six-pence from England in her shoe, a gift from M. K. Brown. For something old she wore the traditional "Franklin" garter which has been worn by eight other grandchildren of B. A. Franklin of Groom. She carried a crocheted linen handkerchief, gift of Mrs. Carl Lovell of Oklahoma City, Oklahoma, for something new and wore a blue garter.

### ATTENDANTS

Mrs. Don Adams, Lubbock, matron of honor, was attired in a blue street-length dress with a bell skirt of dacron shantung fashioned after the bridal gown. The elbow length sleeves were complemented by short white gloves and her pill box hat was accented with tulle veiling. She carried a crescent shaped bouquet of blue carnations. Miss Sharon Dibble, niece of the bride, attended as bridesmaid. She was dressed identically to the matron of honor in pink and carried a crescent shaped bouquet of pink carnations. Flower girl, Miss Patricia Young, Rockford, Ill., wore a pink full skirt dress with embroidered trim and small pearls.

Traditional wedding music was played by Kim Wheelley, who also accompanied vocalist Ray Purgason, Lubbock, cousin of the bride as he sang "I Love You Truly," "Whither Thou Goest," and "The Wedding Prayer."

### BRIDE

With the "her mother and I avowal," the bride was given in marriage by her father. For her wedding she chose a gown of white pea de soi with scooped neckline accented by a swath traced with seed pearls, pointed wrist-length

Mr. and Mrs. Russell L. Davis

## Nuptials Performed In Church Rites

Temple Baptist Church was the scene of the wedding of Miss Iva Joyce Stanley and Russell Lynn Davis at 8 p.m., June 19. The double ring service, officiated by Rev. F. M. Riley, was read beneath an archway entwined with lemon leaves. Seven-branch candelabra, baskets of gladioli and a kneeling bench with white aisle carpet, completed the church decorations.

Miss Joan Fulks and Mrs. Janet Powell, vocalists, sang "Whither Thou Goest" and "The Wedding Prayer" as the couple knelt. They were accompanied by Miss Carolyn Woodward, Skellytown, organist, who also played traditional wedding selections.

Mr. and Mrs. W. N. Stanley, 945 S. Dwight, are the parents of the bride and the bridegroom's parents are Mr. and Mrs. James Dougless, 1108 S. Dwight.

### BRIDE

A white lace gown trimmed with iridescent sequins with square neckline, long sleeves ending in bridal points and a five-tiered skirt of scalloped lace ending in a chapel train, was worn by the bride. Her finger tip veil of illusion fell from a crown of pearls and aurora borealis. She wore a diamond and pearl necklace, gift of the bridegroom, and a blue garter and carried a handkerchief belonging to her aunt, Mrs. Vada Toland of Quanah. Given in marriage by

her father with the "her mother and I avowal" the bride carried a bouquet of white roses with satin bows and white satin streamers.

### ATTENDANTS

Matron of honor, Mrs. Kay Hampton, Hobbs, New Mexico, was attired in a mile green taffeta dress with net overskirt, small green hat with veil, green gloves and green satin pumps. She carried a single white rose with green and white streamers. Mrs. Hazel Stanley, sister of the bride, and Mrs. Sharon Stanley, Yuma, Arizona, sister-in-law of the bride, served as bridesmaids. They were dressed identically to the matron of honor.

An uncle of the bridegroom, B. P. Kenner, was best man. Ushers were Barney Baker and Jim Stanley, Yuma, Arizona, brother of the bride. Lee Berry, Stinnett, cousin of the bride, and Kirk Dougless, brother of the bridegroom served as groomsmen.

For her daughter's wedding, Mrs. Stanley chose a shirt-waist turquoise dress with lace overskirt accented by turquoise and white accessories. Mrs. Dougless wore a cocoa brown lace dress with brown accessories. Both wore white rose corsages.

### RECEPTION

Following the ceremony, a reception was held in the hall of the church. The table, covered with white cloth, was

Wedding vows were solemnized amid a rainbow candlelight ceremony by Miss Glenda Eileen Butler of White Deer and Carson L. Dibble of New Albany, Pennsylvania. The double-ring nuptials were officiated by Rev. Woody Northcutt, Fort Worth, cousin of the bride at 7 o'clock last night in the First Methodist Church, White Deer.

FALL WEDDING PLANNED

(Call's Studio Photo)

Miss Madonna Ann Jordan LEFORS (Spl)—Mr. and Mrs. Roy L. Jordan, Lefors, announce the engagement and approaching marriage of their daughter, Madonna Ann, to Frank Bridwell, son of Mr. and Mrs. Pete Bridwell, Miami. Vows will be exchanged July 10 in the Assembly of God Church of Lefors.

(Qual's Photo)

Miss Gerlie Eslick Mr. and Mrs. Lee E. Eslick, 217 Tignor, announce the engagement and approaching marriage of their daughter, Gerlie, to Gary Jeter, son of Mr. and Mrs. E. L. Jeter of Lubbock. The wedding will take place September 5 in the Central Baptist Church.

BETROTHAL ANNOUNCED

Mrs. Pierson Hosts Legion Auxiliary

American Legion Auxiliary met recently in the home of Mrs. Luther Pierson, 1818 Christine.

Mmes. Shotwell, Stout and Shelton were appointed by the president to nominate new officers to be elected at the next meeting. In other business, Mrs. Martin reported that twenty-four grave markers had been ordered.

Miss Pat Ludeman, delegate to Girls State, gave an interesting report of her trip. She stated there were 402 girls there, two of them from Mexico. Miss Ludeman was

elected party vice-chairman, chosen one of seven outstanding citizens and given a medal. She was also elected second alternate to Girls Nation which will meet in Washington, D. C., July 26 to August 1.

Other guests attending were Mmes. M. F. Ludeman, Sherman White and R. W. Lane, members of the Varietas Club; Mmes. Shotwell and Martin represented the Altrusa Club.

Next meeting will be at 7:30 p.m., August 6, in the home of Mrs. F. W. Shotwell.

Dorris - Russ Vows Exchanged

PANHANDLE (Spl) — Wedding vows for Miss Gaylynn Dorris and Robert Perry Russ were read Friday evening in the First Baptist Church with the Rev. Keith McCormick, minister of the church, performing the double ring ceremony.

The bride is the daughter of Mr. and Mrs. W. E. Dorris, and the bridegroom is the son of Mrs. Calvin Kiser and the late Robert Russ.

The twilight ceremony was performed before an arch of greenery, flanked by cathedral baskets of white gladioli.

Mrs. Douglas Smith, organist, played traditional wedding selections as a prelude to the ceremony and accompanied Mrs. J. T. Broadway as she sang "Whether Thou Goest." Mr. Dorris, bride's father, concluded the ceremony with "The Lord's Prayer." Traditional wedding processional and recessional were played by Mrs. Smith.

Serving the bride as maid of honor was Miss Maragaret Powell. Miss Susan Dorris was her sister's bridesmaid. They wore dresses of blue lace, fashioned in sheath style with round necklines and sleeveless. Each wore a single strand of pearls, white organdy has, white gloves and shoes and carried colonial bouquets of white carnations.

Raymond Stephenson, uncle of the bridegroom, was best man, and Kenneth Jay, Amarillo, was groomsmen.

Ushers were Charles Russ, cousin of the groom and Charles Ray Milam.

Cora Sue Kiser and Kenneth Lee Kiser, sister and brother of the bridegroom, were flower girl and ring bearer.

The bride, given in marriage by her father, wore a gown of tulle over satin styled with a fitted bodice covered with lace, with sweetheart neckline, outlined with iridescent sequins. The long sleeves came to a point at the hands, with tiny covered buttons at the wrist. The front of the bodice was inlaid with rose point lace. The full skirt was fashioned with four large tiered ruffles in the back, finished with rose point lace, which fell into a semi-train. The back was finished with tiny covered buttons.

Her fingertip veil of French illusion was appliqued with rose point lace. It fell from a crown of pearls and rhinestones. She wore a single strand of pearls and carried a white Bible topped with a white orchid with knotted streamers of stephanotis and white satin ribbon.

Following the ceremony a reception was held in the church parlor. The brides table was laid with blue net over taffeta. The blue and white carnation centerpiece was flanked by white tapers in crystal holders. Other appointments were of crystal and silver.

The three tiered wedding cake, topped by a miniature bride and groom, was served by Mrs. D. M. Dorris, Berger, aunt of the bride. Mrs. Raymond D. Stephenson, aunt of the bridegroom, served the punch. Miss Maxine Stephenson, Perryton, cousin of the bride, presided at the guest book.

For traveling the bride chose a white linen sheath with white accessories and the white orchid from her wedding bouquet.

Mr. and Mrs. Russ are graduates of Panhandle High School and he attended West Texas State University, Canyon. They will live in Weatherford, Okla., where Russ has the news agency for the Daily Oklahoman.

and Mrs. Dellis Russ, his aunts.

A pre-nuptial shower was given in the home of Mrs. C. L. Edwards with Mmes. Gene Wagner, Arthur Stovall, C. H. Bell, Clyde Poston, Bob Sims, Jack Powell, A. J. Atkins, Warren Geis and Bill McLeod as hostesses. They were assisted by Misses Margaret Powell and Beverly Harp.

Butter will keep for at least six months in the freezer at zero degrees or below if it is unopened.

**Dear Abby...  
Fed Up Psychiatrist Thinks He Has All the Answers**  
By ABIGAIL VAN BUREN

DEAR ABBY: Even though this is the truth, you haven't the courage to print it because it might reflect badly on your own American-husband-dominated society. But let's face it. On the subject of sex, you American women, and your doctors, couldn't look sillier to the rest of the world. I refer to your suggesting that the 60-year-old man who winks and flirts with young waitresses needs a psychiatrist. Undoubtedly he is just another normal American male married to a typical American female who rations the physical side of love as though it represented the last irreplaceable gold in Fort Knox. As a psychiatrist, I finally took my own advice and here I am in Rio de Janeiro where women are content to let a man dominate, and be a man any way he sees fit. Any man who has lived here would never return to a nagging American female. Among Brazils 80 millions, we have less than one-tenth of one percent the number of inmates in mental hospitals as do our brothers to the north of us. Here is your

chance to send "sick" people where they can really get help. I guarantee you that few will need psychiatric treatment once they get here. C. V. H., M.D. DEAR DR. C. V. H.: Assuming your figures regarding the number of inmates in mental hospitals are correct, they are meaningless because you do not have anywhere near the number of psychiatrists or the facilities for the mentally ill (proportionately) as do your brothers to the north of you. Perhaps, due to this fact, you have developed a greater tolerance for mental illness than we have, and are better able to live with it. But if you are suggesting that mental illness can be cured by substituting the mattress for the couch, it isn't necessary to go to Brazil for the treatment.

DEAR ABBY: In an attempt to be "fair," my wife has gone overboard. She set a three-minute limit on all telephone calls at our house. This includes our three daughters, ages 11, 14 and 17. And our son, 18. It also includes my wife and ME! She says that we can't expect our children to obey rules that we cannot obey ourselves. I am in business, and there are times when I must be on the telephone five minutes, and even ten, and I don't think I should have to apologize to anyone if such is the case. I would like your opinion of this "rule," as we have gone around on this subject as much as I intend to.

CUT SHORT DEAR CUT: What is sauce for the goose, can be apple-sauce for the gander. Tell Mamma that if she wants to live by the rules she makes for her teen-age children, bully for her. But you have been out of your teens for many years, and you don't need a governor on your mouth. And while you are at it, tell her there are times when three minutes won't do for the teenagers, either, so she should quit running the house as a concentration camp and be more flexible.

Problems? Write to ABBY, Box 69700, Los Angeles, Calif., 90069. For a personal reply, enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to Abby, Box 69700, Los Angeles, Calif., 90069, for Abby's booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS."

Engagement Revealed

BETROTHED

Miss Alice Lea Rue Morgan, daughter of Mr. and Mrs. John H. Morgan, announces the engagement and approaching marriage of their daughter, Alice Lea Rue, to Billy Gene Wray, son of Mr. and Mrs. M. E. Wray, 1121 N. Russell. The wedding is planned for September 12 and will be held in the Baptist Temple in Victoria, Tex.

Miss Jan Blanton, daughter of Mrs. Mena Blanton, 2104 N. Wells, announces the engagement and approaching marriage of her daughter, Jan, to Richard Goodwin, son of Mr. and Mrs. Ross Goodwin; Mul-eshoe. A mid-summer wedding is planned by the couple.

WILL WED

Miss Adela Bichsel

Groom (Sp) — Mr. and Mrs. Wallace Bichsel announce the engagement and approaching marriage of their daughter, Adela to Samuel Wayne Kotara, son of Mr. and Mrs. Samuel S. Kotara. An August wedding is planned by the couple.

# Couple Says Wedding Vows In Early Evening Ceremony

Mr. and Mrs. Dwight D. Thompson

ed the bride as maid of honor. She was attired in a white taffeta ensemble featuring a deep violet chiffon skirt. She carried a white carnation bouquet.

Wearing white taffeta ensembles with pale orchid chiffon skirts and carrying white carnations were the bridesmaids, Miss Sharon Blades and Miss Barbara Little. The best man to the bridegroom was Dwight Chase. Groomsmen were Jerry Thompson and Ronnie Chase. Ushering duties were shared by George Thompson and Larry Pope.

The flower girls, Debbie and Donna Thompson, wore white taffeta dresses with violet ties at the waist. Judy Sue Thompson, the flower girl, was attired in a pink chiffon dress. Darrell Thompson carried the ring.

RECEPTION

Hosts for a reception in honor of the couple were the parents of the bridegroom. Decorations in their home were designed by Alta Jones of Hardesty.

Miss Cheryl Randles registered guests attending the reception. Presiding at the punch and coffee services were Jennifer Turner and Linda Cowan. Shirley Thompson and Nancy Chase served the wedding cake.

For travel the bride chose a beige summer suit accented with matching accessories and an orchid corsage.

The couple plans to be at home at 925 S. Hobart. Mr. Thompson attended Pampa High School and is presently associated with Western Auto Association as credit manager. The bride is a graduate of Hardesty High School and

will be associated with the Pampa College of Hairdressing.

For even more definition, outline your lips with a darker shade of lipstick first, then fill in with a lighter color.

Jack P. Foster, NSID  
Interior Designer  
1621 N. Hobart MO 4-6251

A natural wood salad bowl can be given a coat of clear shellac or colorless lacquer inside and out before using for first time.

Nuptials

(Continued From Page 15)

ered with a ruffled white net cloth over pale green was centered with white pompoms and long white tapers in crystal holders. Fouring punch was Miss Billie Douthit and Mrs.

Peggy North served the cake assisted by Camelia Garcia. Guest registrar was Mrs. Kitty Baker.

A shirtwaist dress of white sheer cotton with lace insert in the skirt, green hat, pumps and gloves, comprised the bride's traveling costume for a wedding trip to Red River, New Mexico. She wore a green double orchid corsage which was a gift of the bridegroom. Upon their return the couple will reside at 1012 S. Banks.

The bride, a graduate of Pampa High School and Pampa Modern School of Business, has been employed at Waters Insurance Agency. The bridegroom is a graduate of Pampa High School and is employed as a welder for Petroleum Specialty Company.

PRE-NUPRIAL COURTESIES

A bridal shower honoring Miss Stanley was given in the home of Mrs. Janet Turnbo, 1004 S. Banks. Other hostesses were Mrs. Helen Sullins, Lucie Cotton and Walter Noel.

The bride was presented a white split carnation corsage trimmed with green net and white carnation corsages were given Mrs. Stanley and Mrs. Dougless. The table, covered with a white lace cloth, was centered with a driftwood tree decorated with kitchen utensils.

Refreshments of white cake with "Joyce and Rusty" in-

Wedding nuptials were solemnized by Elaine Hope Wagner and Dwight Daniel Thompson June 27 in a double ring ceremony read at 8 o'clock in the evening by Rev. Ted Barber of Hardesty, Okla.

Vows were exchanged in the Highland Baptist Church. Miss Wilam Glidden, pianist, presented traditional wedding music and accompanied the vocalist, Miss Carolyn Quesenbury.

Parents of the couple are Mr. and Mrs. Dave Wagner of Hardesty, and Mr. and Mrs. G. H. Thompson, 944 S. Sumner.

BRIDE

Given in marriage by her father, the bride wore a white bridal satin gown with net and lace overlay. The neck-

line was scalloped with rhinestone trim adding interest. The fitted sleeves ended in points at the wrists. Layers of net and lace added back fullness to the floor-length skirt. She carried an arrangement of white carnations centered by an orchid and tied with violet ribbon.

Miss Sharon Hittson attend-

# Double Ring Vows Said By Dana Cantrell, F. L. Epperly

Amid altar scenes of gladioli, baskets of palms and candelabra, Miss Dana Cantrell and Freddie L. Epperly were united in marriage. The double ring vows were performed by Dr. E. Douglas Carver in the First Baptist Church on June 27 at 7 p.m. Miss Beryl Nash, organist, accompanied Miss Ann Bybee, vocalist, as she sang "Because" and also presented traditional wedding music.

Miss Cantrell is the daughter of Mr. and Mrs. E. S. Cantrell, 1613 Duncan and Mr. Epperly is the son of Mrs. Bernice Watson, 1009 E. Darby.

### BRIDE

Given in marriage by her father with the "her mother and I avowal," the bride chose a gown of white chantilly lace over bridal taffeta. The gown, with a rounded neckline trimmed with seed pearls and long petal point sleeves, featured a bouffant skirt with a back of five tiers of ruffles. She wore a crown of seed pearls with a white illusion veil with scalloped edge and carried a bouquet of gardenias and stephanotis.

### ATTENDANTS

Miss Nancy Nidiffer attended the bride as maid of honor with Miss Jan Pitts, niece of the bride, serving as bridesmaid. Miss Lee Ann Cantrell, niece of the bride, was flower girl. The female attendants were dressed identically in turquoise peau de soie with lace jackets. Their hats,

designed of peau de soie and lace, matched their dresses and they carried bouquets of white and turquoise carnations.

Johnny Costner served as best man to the bridegroom. Jere Pitts and Randy Cantrell, nephews of the bride, were candlelighters and Mickey Lowe served as ring-bearer. Groomsman was Larry Hunt with Jon Pitts and James Ownby serving as ushers.

Mrs. Cantrell chose for her daughter's wedding a dress of pink lace, accented by pink accessories and wore an orchid corsage. The bridegroom's mother was attired in a beige dress with lace top and full pleated skirt and beige accessories. She also wore an orchid corsage.

### RECEPTION

Following the ceremony, a reception was held in the church parlor. Draped with a cloth of white satin, the table was centered with a white bouquet in a silver compote. Mrs. Jerry Costner assisted at the punch bowl with Miss Diane Brooks serving the wedding cake. Miss Carol Brooks was at the guest register.

For the wedding trip to Colorado Springs, Colo., the bride wore a white jersey dress with gold accessories and lifted her corsage from her bridal bouquet. On their return the couple plans to make their home at 501 Perry St.

Mrs. Epperly is a graduate

Mrs. Freddie L. Epperly

## Vows Repeated in Home Ceremony

PANHANDLE (Sp)—A wedding at noon in the home of the bride's parents, united in marriage Miss Virginia Lee Gray, daughter of M-SGT. and Mrs. Claude F. Gray, and Ronald Heathington, son of Mr. and Mrs. M. W. Heathington of DeLeon.

The Rev. J. Alvis Cooley, minister of the First Methodist Church, read the double-ring ceremony before an improvised draped altar, on which was an open Bible flanked by white tapers in gold holders.

Mrs. James Allen of Rio Hondo, sister of the bride, was matron of honor. She wore an orchid street-length dress and a headpiece of orchid tulle

and roses. Her corsage was of pansies.

Richard Gray, brother of the bride, was bestman.

The bride, who was given in marriage by her father, wore her sister's wedding gown of white peau de soie satin and chantilly lace, made with fitted bodice, long sleeves, which came to points over her hands and a full skirt. She wore a necklace, which belonged to the bridegroom's mother and carried an orchid atop a white Bible, which belonged to the bridegroom's maternal grandmother. Her bouffant veil was attached to a headpiece of white satin roses.

Following the ceremony a reception dinner was held in the Gray home. A tiered wedding cake and a centerpiece of orchid and white carnations decorated the bride's table. Appointments were of silver and crystal.

The couple is at home in Denton, where the bride is a junior student at Texas Women's University. The bridegroom will receive his degree in August from North Texas State University.

of Pampa High School and attended Draughon's Business College. She is presently employed at Panhandle Insurance Agency. Mr. Epperly, a graduate of Pampa High School, attended Texas Technological College and has served three years in the U. S. Army. He is now employed with Southwestern Bell Telephone Company.

## WILL EXCHANGE VOWS

(Smith & Photo)

Miss Margaret Ann Grange

Mr. and Mrs. J. M. Grange of Skellytown announce the engagement and approaching marriage of their daughter, Margaret Ann, to Carl Lee McAdams, son of Mr. and Mrs. C. M. (Butch) McAdams of White Deer. The wedding will be held August 21 in the First Baptist Church in Skellytown.

# The Pampa Daily News

A Watchful Newspaper  
EVER STRIVING FOR THE TOP O' TEXAS  
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

## Puzzle in Meat Costs

There have been quite a few claims about exorbitant prices of food products, and particularly about the apparent great spread between the price the farmer is paid and the price the consumer is charged. Congress is about to investigate how the food industry buys and prices its products.

The publication Farm Journal figured the government probe "will drag on for months or years." So Farm Journal decided to do some investigation on its own. In its June issue, the magazine carried the results of a study on a specific steer, which was followed from the feed lot to a retail market. The article written by Ovid Bay of the magazine's western field staff, certainly makes interesting reading and should dispel many claims of huge profits by processors and marketers.

It is an interesting study of the free-enterprise system at work and should be required reading for all those who would adopt some sort of government intervention as a substitute for the independent judgment of people.

Mr. Bay followed a specific steer from the feed lot to the ultimate consumer. The particular steer he followed weighed 1,073 pounds and brought Nebraska feeder Ted Panning 20 1/2 cents a pound, less the cost of trucking and marketing, which resulted in his receiving \$215.31 for the animal. Farmer Panning had total costs on the animal of \$250.23, which meant he lost \$134.92.

Amour & Co., which bought the animal for \$219.96, had total labor and overhead in its Omaha plant of \$18.44, for a total cost of \$238.42. This 1,073-

## Need No Constitution Change

The legal department of the National Catholic Welfare Conference has admonished Roman Catholics not to be precipitous in embracing a proposed Constitutional amendment legalizing prayers in public schools.

There is a fine line between authorizing prayer and insisting upon it. Or, more accurately, what does the parent do when his child is forced to participate in a religious ceremony (prayer) in which he does not believe?

He can't very well turn to the courts for protection, if the Constitution has been changed to authorize prayer.

How about a "payer" that goes way out in left field, like one we heard locally not long ago? Who is to define "prayer" and limit its context? What if some preacher prays that Barry Goldwater meet with a plane crash? Or that a bond issue passes? What about a prayer that runs counter to the dogma of your own church? Would you want your children to be captives?

It beats us how all this furore got started. Politically, of

## Topless So What?

We have resolutely refrained from making the definitive remarks on the subject of Topless Bathing Suits for women. But it does seem to us that somebody is getting an awful lot of mileage out of the subject. What would promoters do if newspapers, reformers, preachers and Indignant Mothers didn't leap at every piece of

"I'll have to hang up now—daddy is invoking the 'clotura rule.'"

## National Outlook

By GEORGE HAGERDORN

**Instant Tax Reduction.**  
The process of making major adjustments in the national tax system is a time-consuming one. President Kennedy offered specific recommendations for tax changes, in the form of a draft bill, to Congress in January 1963. It was not until February 1964, thirteen months later, that the resulting legislation emerged from Congress and was signed by President Johnson.

There has recently been a revival of discussion of means whereby the procedure for changing tax rates and tax rules can be streamlined. The idea is that we may need to make tax revisions in a hurry, to meet economic emergencies.

The proposals take various forms. In one version it is suggested that Congress delegate to the President standby power to make across-the-board rate cuts when, in his judgment, the economic situation calls for them. Congress has, understandably, shown little enthusiasm for that idea. Less extreme proposals would introduce new procedures within Congress so as to make possible more rapid action on anti-recession tax cuts.

In appraising such devices it may be well to recall some recent history. In mid-1962 it appeared that there was a general slowing-down in the general economic uptrend and some observers feared a recession was in the offing. President Kennedy, in a trial-balloon remark, indicated he might consider asking for an immediate emergency income tax cut. Congress held hearings on the idea, and found a preponderance of opinion opposed to it. After some weeks the President announced that he had abandoned the thought of a quickie cut, and instead would suggest a systematic overhaul of the tax law at the beginning of the next year.

While this was going on, the anticipated economic downturn, which had brought all the talk about, failed to materialize. The economic rise took off again in the fall of 1962 after only a brief pause.

Then in January 1963 the President's Economic Report announced that he would shortly propose a major tax reduction. The Report predicted that if this were enacted promptly, gross national product would reach \$578 billion in 1963. The tax reduction was not enacted but gross product for the year turned out to be \$585 billion. In other words, we had a stronger economy without the tax cut, than the Administration had predicted we would have with the cut.

The tax reduction is now in effect, and it begins to look as though business is going to be better in 1964 than most experts had predicted. But we have no warrant for concluding that this is cause and effect. We have no way of knowing what economic conditions would be like right now if the tax reduction had not been enacted.

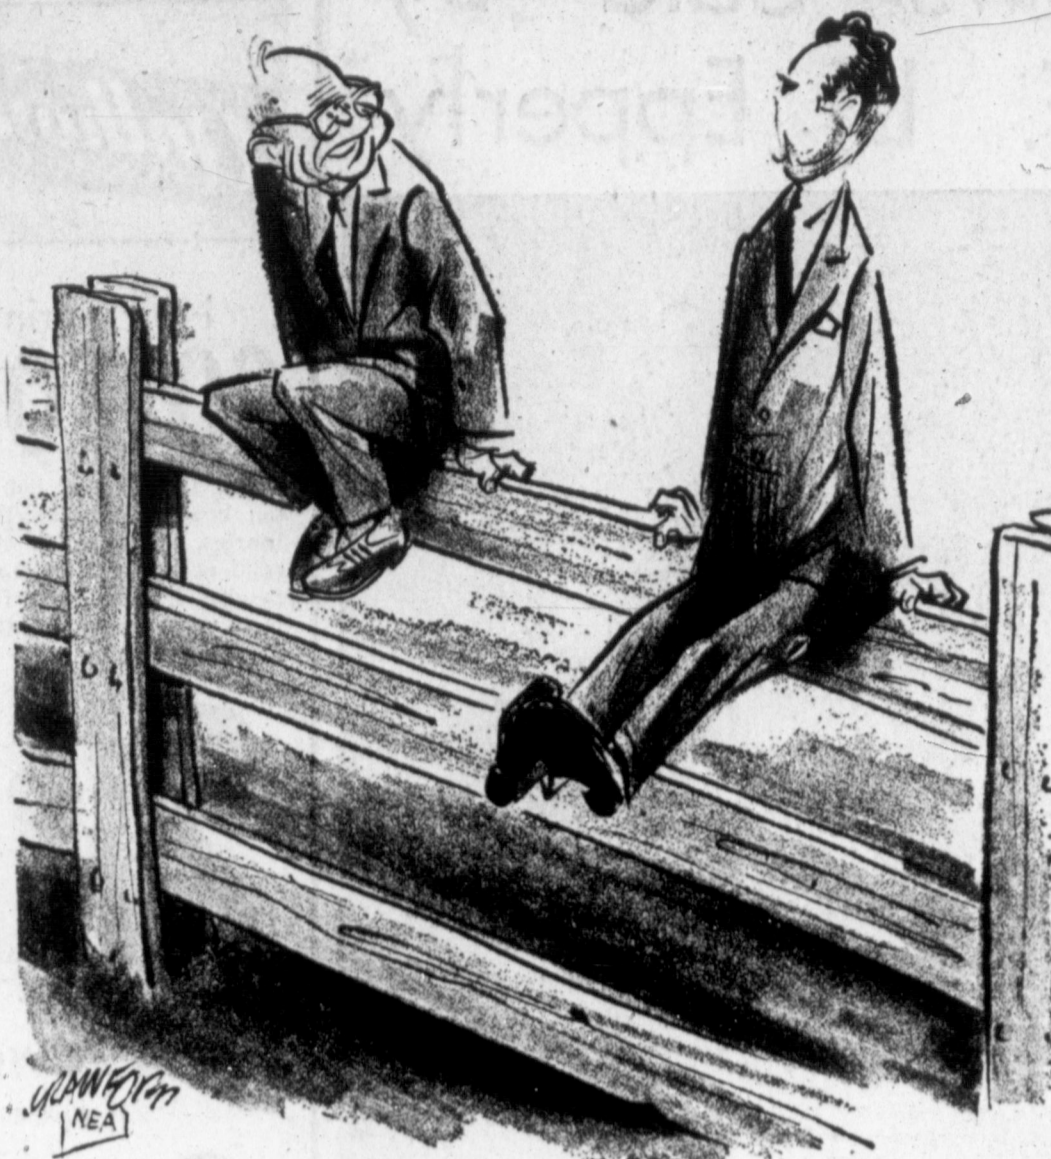

This is not to suggest that reducing the burden of federal taxes is not a desirable objective. But it should be carefully considered, and planned for in advance and oriented toward removing tax barriers to long-range economic growth. There seems to be little merit in schemes for short-order tax cuts to counteract short-term business swings.

## fact

The average depth of the Pacific ocean is 13,215 feet, exceeding that of the Atlantic by about 2,300 feet. At least four soundings have been made in the western Pacific which exceed 33,000 feet. The greatest accepted depth of the Pacific is at a point midway between Guam and Yap called the Challenger Depth, almost 36,000 feet down. Pressure at that depth averages more than 16,000 pounds per square inch.

Wisconsin Delegation Holds Key to Goldwater Victory — If Byrnes Releases His Delegates on First Ballot

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — Senator Barry Goldwater's chances for a first ballot victory hinge largely as of this writing on Wisconsin's 30-vote delegation. Key man to watch in this potentially history-making delegation is Representative John Byrnes, Wisconsin's "favorite son" candidate and ranking Republican on the powerful House Ways & Means Committee that originates all tax and other revenue legislation.

If Byrnes should release the delegation before the end of the first balloting, at last 20 of its 30 votes are set to swing to Goldwater — thus putting him over the top for the presidential nomination.

These 20 Wisconsin votes would give the Arizonaan the 655 he needs to win without either Ohio's 58 or Michigan's 48. In both these major delegations, Goldwater has significant support, but so far has been unable to definitely muster it on the first ballot.

Should Byrnes, who ministers credit with harboring "king-maker ambitions," hold his full delegation in line for his "favorite son" candidacy on the first ballot, he might force the tense battle into a second ballot.

What would happen then is anyone's guess. Currently, the crux of the strategy of the Scranton-Rockefeller-Lodge-etc. opposition to Goldwater is concentrated on blocking his winning on the first ballot and forcing a second or more counts — from their point of view, the more the better.

Similarly, averting that is the heart of Goldwater's strategy. In both camps the significant behind-the-scenes maneuvering, dickering and politicking is centered on these crucial conflicting objectives. Goldwater is fighting furiously to nail down the nomination on the first ballot, his opponents just as intently are striving to prolong the voting in the belief that will undo him.

THE POSSIBLE PRICE — In their effort to sway him, both sides are strenuously wooing Representative Byrnes. Important leaders are conferring with him.

So far none have made any headway. Byrnes is listening but remaining noncommittal. The Wisconsinite is credited with having vice presidential ambitions. But there is little likelihood of their being realized, because of the disclosure of his involvement in a stock deal in which former Senate Democratic secretary "Bobby" Baker made a killing.

Due to this obstacle, Byrnes is said to strongly favor the selection of his close friend, Representative Gerald Ford, Mich., a ranking member of the Appropriations Committee and also the special commission investigating the slaying of President Kennedy.

It is significant that both camps have publicly lauded Ford, and expressed willingness to accept him as running mate.

However, it can be stated positively that neither has gone beyond that.

Representatives of Governor Scranton have told Byrnes that if the Wisconsin delegation will vote for him as "favorite son" on the first ballot, they will talk "seriously" with him immediately thereafter — about the vice-presidency and anything else he may want to discuss.

Goldwater lieutenants reportedly have been advising that a concrete understanding be reached with Byrnes before the convention convenes. Nothing has been done on that as yet.

Representative Silvio Conte, Mass., and former Representative Walter Judd, Minn., inner circle Scranton-Rockefeller-Lodge advisers, have urged Byrnes to aid the strategy to bring the convention into two or more ballots. They have stressed the argument that "only in this way can a free and deliberate judgment be reached."

"If Goldwater really has the strength he claims," Byrnes was told, "then he can win on the second just as well as the first ballot. If he has to win with a blitz on the first round, then he obviously hasn't staying power and shouldn't get the nomination."

Goldwater insiders claim to have commitments from 681 delegates — 26 more than the minimum needed for the nomination. However, they concede there is a big catch to the 681 total.

Without Wisconsin's 30 votes Goldwater is certain of only between 635 and 640 on the first ballot. That's why the Wisconsin delegation is so vital, and why it is now playing such a tensely fateful role in the furiously hectic behind-the-scenes maneuvering.

For Goldwater there is very real danger that if the voting goes into a second ballot, he may lose votes in other delegations, such as Illinois with 58.

That's why the Arizonaan is publicly and privately stressing the urgent necessity of his lining up another 50 delegates "to be sure we have the 655 that we must have to win on the first ballot."

POLITICALS — Lieutenants of Governor Rockefeller are dropping hints that Representative William Miller, N. Y., chairman of the National Committee, would be "highly acceptable" as the vice presidential nominee. An important factor in Miller's favor is cited in Miller's favor is that he is Catholic. A platform adopted by the New Mexico Republican convention contains a provision opposing the federal or state control of the private ownership of fire arms. The New Mexico GOP will run on this platform, and will urge adoption of its provisions at the national convention in San Francisco. The fire arms provision is as follows: "No registration of fire arms. Absolute opposition to registration of fire arms by federal or state governments."

## Pull Up A Chair

By Frank J. Markey

The head of a secretarial school tells us one of the most important features of the course is to train a young lady to answer the telephone cordly. He claims it's the first step in public relations in a business office since the caller forms an unspoken opinion of the operation by the voice at the other end of the line. The course stresses that: telephones should be answered promptly; a pencil and pad must be handy for making notes; the person answering must speak clearly and plainly and identify herself and the firm immediately; they must be tactful and avoid abrupt answers; they mustn't transfer calls unless absolutely necessary and they must terminate the conversation gently. He says: "Pleasant telephone contacts make friends." How true!

Today's smile: A newspaper reporter interviewing a woman, who had given birth to her 12th child, asked: "Aren't you running out of names for your children?" She replied: "No, but I've run out of names to call my husband."

Garbage collectors in Milwaukee have petitioned the City Council there to change their classification so they will be known as Public Works Combustible Field Men. That's enough to confuse any taxpayers' organization and the general public. Haven't heard much since Henry Wallace was Vice President under FDR and used to engage in the Australian sport. Now it's beginning to catch on here and the smart sporting goods stores are offering the curved throwing sticks.

Thoughts while shaving: They're putting out records on everything these days. The latest is a course in boat handling and boating safety, which comes in an album of four long-playing discs, complete with printed materials. It's all designed to keep enthusiastic mariners on an even keel. To awaken the Russian people to the achievements of American industry, the U. S. Information Agency has scheduled a communications exhibit in three Soviet cities. Mr. K.'s disciples will never be happy again when they see how easy it is for the average American to pick up his own phone, dial a number and talk with friends and relatives miles away. How is it that no Washington columnist recalled while the Bobby Baker episode was hot the adventures of Peggy O'Neale, a Washington tavern keeper's daughter, during Andrew Jackson's administration. Back in those days Peggy had more "influence" than any other Washingtonian who has come along since, including the redoubtable Bobby Baker. . . . American flag merchant ships will soon be required to maintain sewage treatment units to prevent raw sewage discharge into U. S. rivers and harbors. The next step will be to require the same on ocean-going liners. There's a world-wide campaign against pollution and all public health officials and con-

## EVERYBODY'S BUSINESS

## Don't Razz the Planner; Sneak Up on Better Side

By SAM CAMPBELL

It's very easy to wax sarcastic about the planner. You might describe him as a fellow who didn't quite make the grade — not enough math to be an engineer, not enough art to be an architect, too inquisitive to be a draftsman, not enough salesmanship to be in real estate, etc.

The trouble with being humorous about a planner is that you're on the wrong end of the shotgun. It is he, not you, who has a finger on the trigger. He is in a position to do you damage, and there is no known case where mere words ever has fazed him.

## Try His Good Side

Under the circumstances, therefore, it seems the thing to do is to sneak up on his good side; in other words, try to get around on the pleasant side of that shotgun.

One suggestion for doing this is to begin to speak his language, to seem to join him, and to show through his own logic and lingo that there is a superior way to do the planning that a great city "requires." Such an approach might be written up in a scholarly paper and titled, "New Concept In The Determination of Urban Growth Pattern — The Breathing City."

Starting point of the New Concept is that few cities are planned from scratch. The usual case is a General Plan superimposed on an existing pattern.

Point number two is that it takes quite a lot of fitting and cutting in the map room to get the existing pattern to resemble anything like the General Plan, and when all is said and done the grand result looks a great deal more like the existing pattern than it does the envisioned General Plan.

Tentative Conclusion  
From those two points, you then draw a working conclusion that the decisions finally reflected in the makeup of a city are not arrived at in a single sitting, but rather over a period of time.

During this extended interval, the planning problem is complicated by the fact that the conventional decision apparatus itself is undergoing change. The strain of messing around in other people's business becomes too much for the stomachs of veteran staff aides; new cubby join the staff; commissioners quit; councilmen are beaten at the polls or are thrown in jail for charging too much per acre; somebody reads a new book, and so forth.

The point is that the "group method" of making decisions starts grinding out a different set of answers at the tail end of a given time interval.

## Now, The Thrust

So right here you suggest the "breathing city" idea. In this refreshing and bold new conservationists are working for its success. It costs a lot to be sick in this country. Last year insurance companies paid \$5 million a day to insured persons to help pay hospital bills and other costs. The Barmesboro (Pa.) STAR headlined: "Wild Mother Knows Best." Of course she does.

Country Editor speaking: "Sometimes it seems every housewife needs a husband just to move furniture."

cept, the decisions that finally are reflected in the makeup of an urban pattern are made segment by segment by the individual property owner himself.

To be sure, the chap will make mistakes and will exhibit selfishness and occasional stubbornness to the point of economic suicide. But explain how the land appraisers, hungry for profits, lurk around every corner, trying to find a higher and better use for rundown parcels.

Explain that the give-and-take of the property exchange and the upgrading of use resembles the inhaling and exhaling of the human body and that the ultimate metabolism of individual decisions inevitably will be reflected in the organic whole and given integrity by the unifying law of economics.

Above all, dwell on the fact that the "breathing city" is new, new, new! Let your planner have the thrill of discovery. As to what your planner will do for beans after you persuade him to lower that shotgun — well, like everything else, there is more opportunity in private land planning than in bureaucracy. Why should he be a slave to a system when he can live like a free man?

## Question Box

(We invite questions on economic and the proper functions of government, which will not injure anyone.)

QUESTION: "Exactly what do you mean by 'initiated force'?"

ANSWER: We mean that no one has a right to be first in starting a fight or interfering with other people, voluntarily exchanging goods and services and moving to any place they want to go, or receiving any man on his property that the man thinks will be beneficial to him and his property.

There cannot be two initiators anymore than there can be two firsts. There can only be one first and only one initiator. We will admit that it is sometimes difficult to tell who is the initiator, the aggressor. That is the reason that we have repeatedly said that people shouldn't use the word force without putting an adjective in front of it whether it is physical initiated force or physical defensive force, or threats of same.

Rational or civilized people, if there was disagreement as to who the initiator was, would be willing to leave it to arbitration. It seems to us that we don't have so much difficulty in telling who is initiating the force as individuals, but we seem to think that the state or the government, or subdivision of the government, has a right to initiate force to take from one against his will claiming it to be for the benefit of all. In reality it is mostly the vanity and exalted position of those who are using the initiated force by way of taxation, claiming it is for the general welfare.

Jane — Irma, why are you putting an egg beater in your hope chest?  
Irma — Well, I read in a book once that a wife must be a good mixer.

### Foreign News Commentary

By PHIL NEWSOM  
UPI Foreign News Analyst

Despite years of cold war, the popular acclaim accorded Atty. Gen. Robert F. Kennedy in Poland is evidence of a great reservoir of good will toward the United States existing not only in Poland but among others of the European Communist bloc as well.

American visitors have noted it especially in Czechoslovakia and Hungary and also, some what to their surprise, in the Soviet Union itself.

Officially the former President's brother was received with somewhat more restraint by a government which would have preferred less of a grassroots approach to the Polish people.

As for the attorney general's visit to Stefan Cardinal Wyszyński, the government would have preferred that it not take place at all.

The cardinal is regarded as the Communist regime's greatest political enemy.

**Good Will Mission**

Since it would be impossible for Kennedy to disassociate himself from his own official capacity in the United States government, his visit took on the expression of a "show the flag" mission in which the U.S. expressed its good will toward the Polish people and its support of the church in its battle for independence.

As a matter of U.S. policy it tied in with U.S. efforts to take advantage of the current relaxation among the satellites to loosen the bonds to Moscow and to re-establish old cultural and friendship ties.

Among the Polish people, Kennedy was on particularly solid ground.

In an impromptu address to one of the throngs which surged around his party, Kennedy asked how many had relatives in the United States.

About one in three raised a hand.

Kennedy took to the people a suggestion he also made to Poland's Foreign Minister Adam Rapacki. This was that Poland's relations with the Soviet Union and the close ties between the Polish and American people placed the Polish government in a unique position to further understanding between Moscow and Washington.

Economically, Poland is especially dependent upon the Soviet Union.

To take care of a swelling population and growing unemployment, the Poles must industrialize on a vast scale. For this help she remains primarily dependent upon the Soviets.

### Black Muslim Leader Does an 'About Face'

By BRYCE B. MILLER  
United Press International  
Copyright, 1964 By UPI

NEW YORK (UPI)—Until a few short months ago Malcolm X, known as the "angriest Black Muslim" of them all, went about the country preaching the cult's message of "hate-all-whites" and complete segregation — of a separate Black state somewhere in the United States.

For 12 years he was chief lieutenant for Elijah Muhammad, leader of the cult, and its chief spokesman. He whipped audiences of negroes to a fever pitch against "white devils" and the Christians he claimed gave him his light coffee color by rapping his grandmother.

"I rejoice when a white man dies," he would say, his face contorted with hate.

When an airplane crash in Paris two years ago killed 121 leading citizens of Atlanta, Ga., he exulted in public: "God really answered our prayers and dropped an airplane out of all sky with more than 120 white people on it. We call our God—he gets rid of 120 of them at one whop."

On President Kennedy's assassination he described himself as a farmboy "who had all whites believed in chickens coming home to roost."

It was shortly after that statement that Malcolm X was expelled from the Muslims, although he claims the real reason was a "moral crisis" that he could not live with.

But what has gone generally unnoticed is that this forceful and eloquent man has done a complete about face on the question of separation of the races and is now preaching to his fellow Negroes a message of "brotherhood" with the whites.

It still is a militant and even violent message. But the hate-all-white doctrine that once marked his every word is no longer there.

In an exclusive interview with UPI he explained why he has rejected the teachings of Muhammad and is now preaching co-existence with whites to his followers.

"I have done a complete about face and I'm man enough to admit it... even if it makes me look ridiculous in the eyes of the world," Malcolm X said Thursday.

"The only reason some people might think my about face is ridiculous is my inability to bring to the eye of the public the main ingredient—it is of such a nature that it can't be brought into public before it is brought into court.

"There was a moral crisis involved.

"When I lost my confidence in Muhammad as a person, I began to re-examine his philosophy, perhaps objectively for the first time, and his doctrine — his entire organization and behavior pattern.

"He teaches hate and offers something that is unobtainable. I believe the black man needs something more. I try to show my followers how they can get something more.

"We don't believe in any of Muhammad's philosophy of separation. We believe the Afro-

### Television Actors Strike Could Cause TV Headache

By JOSEPH FINNIGAN  
UPI Hollywood Correspondent

HOLLYWOOD (UPI)—Television actors are grumbling backstage, threatening to walk out on strike and deprive video producers of cowboys, Indians, stars and starlets.

If that happens, "The Beverly Hillsbillies loses its hillbillies, "Gunsmoke" won't smoke and students will play hooky from "Mr. Novak's" classes.

The medical shows won't have any patients. "Ben Casey" and "Dr. Kildare" might be picketing outside their make-believe hospitals.

The screen actors guild, which represents approximately 15,000 performers in this country, has notified producers of television shows that it will strike July 9 if an agreement is not reached. A walkout would mean the loss of jobs not only for actors, but for thousands of other employees who work behind the cameras.

Actors working on television now get paid a minimum of \$100 a day or \$350 a week. Big stars and performers who work regularly in a series are almost always paid more than minimum scale.

A minimum salary of \$100 a day sounds good to the outsider. But thousands of actors don't often get such lucrative paydays. They must augment their acting income with money earned on other jobs, from gas station attendant to real estate salesman.

There is also a schedule for paying actors whose television shows are rerun, a common practice, especially during the summer months and when a show goes out of production and into syndication for repeats.

The United States is the world's largest exporter of farm products.

### Lost Children Are Found Safe

ASHEVILLE, N.C. (UPI)—Two children, ages 6 and 13, were found Saturday morning after being lost for a day in Pisgah National Forest.

Ricky Lunsford, 6-year-old Everton, Ga., youth, and 13-year-old Paul Byrd of Charleston, S.C., had been the object of a mammoth search through the forest since they disappeared Friday.

They were apparently unharmed.

NEW RECORD SET  
DETROIT (UPI) — Ward's Automotive Reports said Thursday a new record was reached in production of the 1964 model passenger cars.

Volume since last September soared ahead of the record for any year of 7,340,014 set by the 1963 models. Assemblies passed the 7,372,000 mark and were expected to reach 7,883,000 by the time the run ends at the close of this month.

Lester B. Pearson, Canadian prime minister, once served as ambassador to the United States.

**U.S. Oil Imports  
To Be Increased  
Next Six Months**

The administration's decision announced today that oil imports (excluding residual fuel oil) into the United States for the next six months are to be increased more than 100,000 barrels daily over the same period of last year and 70,000 barrels over the current level, is not only discouraging, but wholly unacceptable in view of the seriously depressed conditions of the domestic petroleum industry.

A strong and meritorious case for a substantial reduction in imports was presented to the Department of Interior on May 25 by a united group of independent producing associations. Since that time, the recommendations for a reduction have received widespread support from governors, members of Congress, and the Interstate Oil Compact Commission.

It is an established fact that the domestic oil producing industry is in a serious and deteriorating condition which is now recognized by the Interior Department. The situation can only worsen in the absence of government action to strengthen the import program.

In spite of this convincing evidence, the action to increase imports shows more concern for the possible effects of the import program on Venezuela and other foreign producing countries than on the 32 oil producing states of this nation.

The import program has one purpose and one only—to maintain a strong domestic oil industry in the interest of national security. It, therefore, is shocking to find that the apparent primary concern of our government is for the foreign producing countries which have enjoyed continued substantial increases in imports into the U.S.

Independent domestic oil producers with their backs to the wall will find the action by the administration today a bitter pill, difficult to comprehend.

It is all too clear that the program as now constituted is not serving its security objective. Although there is a large surplus producing capacity in the United States which is shut in for the lack of market, the program has operated to cause the entire western part of the United States to become increasingly dependent on imports. Ten years ago, imports on the West Coast were equal to less than six percent of local crude oil production; currently, they are equal to almost 50 percent and under the new program, will be almost 60 percent.

It is difficult to see how this trend of dependency can be justified.

Even though the mandatory import program has undoubtedly prevented the complete collapse of the domestic industry, exploration, drilling, development and employment have gone constantly down. Crude oil price erosion has been constant and is intensifying. These conditions are resulting in declining U.S. oil reserves.

While we are discouraged, we are not defeated. We will continue through every proper

**VISITING OILMEN** — These 22 future oilmen from the Kingdom of Kuwait recently visited the manufacturing facilities of the Cabot Corp., west of Pampa. The Kuwait students are spending two years in the United States learning about drilling and production methods and technology. They are sponsored by the Kuwait government and their planned course of study is supervised by the Petroleum Extension Service of the University of Texas.

**Railroads Want  
To Hire 35 More**

AUSTIN (UPI) — The State Railroad Commission says it takes in more money in fees from the oil business than it spends on office expenses, and wants some of the surplus to be spent to hire 35 more employees.

Administrative engineer George Singletary asked a joint budget board hearing Wednesday for an increase of nearly \$1 million in its two-year budget.

He said the office takes in \$3.7 million a year from the oil business, which it supervises, and spends only about \$2.6 million. He wants that upped to about \$3.1 million.

The 35 new employees would give the commission 435 workers. Singletary said the present nine inspectors in the liquefied gas division can handle only about three-fourths of their workload and five more inspectors are needed.

Means and every available forum to advocate the changes which we believe necessary to serve the national security. We have by our efforts gained some recognition. There is increased evidence of understanding of the problems and position of the domestic industry. Our further immediate efforts for corrective action will include:

- 1. A petition to the President of the United States to take whatever steps are necessary to provide an oil import program under which the domestic producing industry can perform its essential function of supplying adequate petroleum for an expanding economy and national security.
- 2. A petition to Secretary Udall for reconsideration of our recommendation for a substantial reduction in the level of imports for the last half of 1964, including the encouragement of the use of domestic oil in the West Coast states rather than increased imports.
- 3. A petition to Secretary of Defense McNamara urging that pending decisions from current discussions with Interior, actions be taken as follows:
  - (A) During the last half of this year the Defense Department forego the exercise of its import quota of 35,000 barrels daily of jet fuel and gasoline which are readily and abundantly available within the United States, and
  - (B) That the Department of Defense takes steps to divert as soon as feasible to domestic sources a minimum of 65,000 barrels daily of light petroleum products now being purchased from overseas sources.

**Independent Oil Producers  
Warn of Federal Price Regulation**

TULSA, Okla. (SpI) — The nation's thousands of natural gas producers must be liberated by Congress from federal utility control, or a precedent of peacetime price fixing will be established that will lead inevitably to scarcity and rationing of this fuel for tens of millions of consumers, the nation's independent petroleum producers warned today.

Ten years have passed since the Supreme Court, in the Phillips decision of June 1954, decreed that the Federal Power Commission must regulate the price of natural gas which flows in interstate commerce, the Independent Petroleum Association of America said in a special report on "Ten Years of Turmoil — 1954-1964."

"It has been a decade in which the FPC has struggled in vain to come up with a suitable system to control, for the first time in history, a great U.S. commodity in a peacetime economy," IPAA said.

"It has been a decade in which ill-starred, costly and experimental attempts at regulation of the thousands of natural gas producers have culminated in a virtual roll of the dice with one of the nation's prime energy sources."

"3) In the next 10 years, the total finding of new natural gas reserves should, in the public interest, total 292 trillion cubic feet. What makes this figure shocking is the fact that during the past 10 years, with an exploratory rate that hit a peak in 1956, only 184 trillion cubic feet of reserves were found."

"IPAA said the natural gas producing industry has found itself in the middle of an ideological battle between those who believe in 'a paternalistic government regulating the lives of its citizens through decrees and bureaus, and those who believe that the government is best which keeps regulation at a minimum and honors the individual's ability and right to pursue his own destiny.'

Although FPC says it is serving the public interest by keeping a depressed, artificial ceiling on prices, it is in fact using a 'penny-wise and pound-foolish philosophy which happens in the best of homes, in the best of businesses, and in the best of commissions,' IPAA said.

"The 10-year record of gas regulation, examined in the light of the public interest, reveals signs of impending scarcity and shortage for the nation's consumers," IPAA said. These signs are being ignored by the FPC:

- 1) The ratio of proved reserves of natural gas production—the reserves which have been discovered and which support the expanding needs of consumers — that ratio has declined sharply.
- 2) The drilling of exploratory wells — those wells that are put down in areas away from established production — has declined from an all-time record high of 13,034 in 1956 to 8,607 in 1963.

"This trend must be reversed, for at a time when consumers are demanding and using more gas, the wells being drilled to find it are declining," IPAA said.

"Producers under 10 years of FPC control have been trapped in a situation where the price they receive for their production has discouraged investment in exploration," IPAA said. "More and more money is in flight from the petroleum industry and into industries where there is a better rate of return, thus weakening one of our prime

**New Pipeline Will  
Supplement Lone  
Star Gas Supply**

DALLAS — Lone Star Gas Company late in June will be laying a 4-inch diameter natural gas gathering pipeline to a gas well in Lee County which, when completed, will supplement gas supply to the company's existing transmission system by about two million cubic feet daily.

The pipeline will connect Center Oil & Gas Company's Jim Johnson No. 1 well in the Tanglewood Field with an 8-inch diameter natural gas transmission pipeline. The 8-inch pipeline serves the town of Thordale and the Aluminum Company of America plant, both in Milam County.

Lone Star's pipeline construction crew will lay the new line which will be approximately 12 miles in length. Construction is expected to be completed within two weeks.

The pipeline will run in a northerly direction from the gas well to Lone Star's existing pipeline. It will traverse portions of Lee and Milam counties.

When finished the pipeline will become a part of Lone Star's vast inter-connected transmission and gathering pipeline system measuring more than 9,405 miles. The system supplies more than 920,000 natural gas customers in and around some 493 cities, towns and communities in Texas and Southern Oklahoma.

In an editorial prefacing the 24-page special report by IPAA, the association's president, H. A. True Jr., of Casper, Wyo., said:

"Ten years have passed since the commission (FPC) undertook this impossible task. Experience has proved it impractical, unworkable, burdensome beyond description, costly beyond all reason, and — at best — a futile exercise in how to waste public funds."

"Unless the predicament of the nation's thousands of gas producers is recognized by the public, and corrected by the Congress, the ultimate result could be a disastrous abandonment of the American economic system," True added.

"Regulation of gas producers has, thus far, been a 10-year experiment by FPC in groping for a method of regulation. Once the method is found and implemented, practical or not, the die has been cast for socialist regimentation of every commodity produced in America."

**Cities Service  
Band Plays at  
World's Fair**

NEW YORK — Cities Service World's Fair Band of America travels throughout the New York World's Fair on its unique bandwagon, playing as it rolls and performing at least six concerts daily.

Conducted by the renowned bandmaster, Paul Lavalle, the 50-piece band plays anything from jazz to the classics, from the twist to stirring marches.

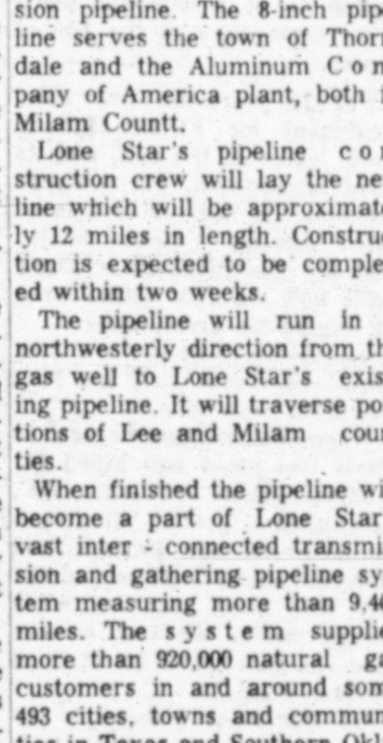

As a march king, Lavalle is John Philip Sousa's successor, according to some music critics. A noted composer, Mr. Lavalle has conducted Cities Service musical programs on radio and television since 1944.

As the official band of the New York World's Fair, the Cities Service World's Fair Band of America participates in dedications and other official functions at the Fair. Its closing concert each evening is performed before the Fountain of Planets in the Court of the Universe immediately preceding the lighted fountain display and fireworks.

**Exploration-Drilling  
Boom Gets Underway**

HOUSTON (SpI) — The biggest offshore exploration-drilling boom in the history of the North American Continent is underway.

The July issue of WORLD OIL reports that one reason for this multi-billion dollar effort is revealed in a recent study by a major offshore operator. The report concludes that, according to known economics, a sizable portion of the offshore oil and gas currently being produced is cheaper than Rocky Mountain shale oil and Canadian Athabasca tar sands. The latter energy sources, with more than 2 trillion barrels of reserves, are expected to be in commercial production before 1970.

Another reason is the need to find more than 100 billion barrels of economic petroleum reserves to meet rapidly increasing United States demand in the next 20 years. The WORLD OIL report describes current offshore activity in the following areas:

Louisiana — More than \$4 billion has been invested to find, develop and produce Gulf of Mexico oil and gas reserves to date. More than \$1 billion has been paid to the federal government for lease bonuses alone.

Lease acreage in the \$445 million 1962 federal sale is less than half evaluated, with only 2 1/2 years to go before the leases expire. Development drilling on 1962 lease acreage is just starting, with an average of 800 wells expected to be drilled in zones 2, 3 and 4 during each of the next five years, and the rate may reach 900.

Current spending averages nearly \$1.5 million per day in Louisiana offshore waters. But this investment rate is being rivaled by the rapid increase in pipeline construction to bring the oil and gas to shore, and the building of on-shore processing and handling facilities.

California — Deep water drilling is just beginning in an effort to prove up several hundred thousand acres of recently acquired federal offshore acreage. The volume of West Coast offshore activity does not yet even approach the Gulf Coast level, but the tempo is increasing.

WORLD OIL reports that if the impending lease sale off Washington and Oregon is included, there will be more than 2 million acres under lease off the West Coast.

Oregon-Washington — At least a dozen companies are expected to participate in the million-acre-plus federal lease sale to be held October 1. The offshore acre off Oregon and Washington has been the object of an extensive seismic program for the past two years.

Western Canada — For more than a year, Shell Canada has been conducting an extensive seismic survey off Vancouver Island's west coast and in the Hecate Straits. Three vessels are being used to evaluate about 13 million acres in the area.

Alaska — The recently discovered Middle Ground Shoal oil field in Alaska's Cook Inlet has resulted in a flurry of development activity. A spokesman for one of the companies involved estimates it will be 1966 before any of the Middle Ground Shoal oil will be moved to market — seven years and more than \$15 million after activity started in this one area of Cook Inlet.

Nova Scotia and Newfoundland — Last month, Shell Canada began a \$1 million exploration program in a 20 million-acre area off Nova Scotia's coast. Pan American Petroleum (Standard of Indiana) has just started a 26 million-acre aerial magnetic and marine seismic survey on the Grand Banks of Newfoundland. In all, offshore operators have 52 million acres under lease from the Canadian government in the north Atlantic.

East Coast — The WORLD OIL report shows that Tenneco and Gulf Oil have been conducting geophysical work off the coast of New Jersey. Socony Mobil recently started an extensive seismic program off North Carolina's coast and Pure Oil has been doing the same thing off Georgia's coast. Operators continue to explore Florida's offshore waters.

Texas — Shell Oil continues to evaluate its recently discovered oil and gas reserves in 60 feet of water, about 30 miles southeast of Galveston. Reports show that more than 14 wells have been drilled in the area since October 1963 — all tight holes (wells on which no information is given). Eight of the wells are on federal lease Block 296 and three on Block 28, where most of the oil and gas have been found to date.

Keweenaw Declares 10c Cash Dividend

BRYN MAWR, Pa. — The Board of Directors of Keweenaw Oil Company has declared a regular quarterly dividend of 10 cents per share. Mr. Wm. Wikoff Smith, President, announced. The dividend is payable July 31 to all Class A and Class B stockholders of record July 17.

As previously reported, Keweenaw Oil Company has also declared a 3 per cent stock dividend, payable in Block B to both Class A and Class B stockholders of record July 31. The 3 per cent stock dividend will be paid August 14.
