Viet Neutralists Seek Soviet Help

Jack Cox Speaks at Breakfast

Jack Cox, candidate for the Republican nomination for the U.S. Senate, appeared in Pampa this morning for a come-and-go continental breakfast at Coronado Inn.

Cox faces George Bush in the June 6 runoff election. The winner will face Senator Ralph Yarborough in the general election in November.

Today's was the first trip to Pampa by Cox since entering the senate race. He had visited Pampa on several occasions while running for governor of Texas against John Connally.

This morning Cox told supporters that Yarborough must be beaten in November. He said "If Yarborough wins re-election he will be in office for the rest of his life. If we are going to oust him we must do it this year."

Cox called himself a constitutional conservative. He said he was opposed to the civil rights bill, the medicare bill and federal aid to education. He attacked the administration's war on poverty by calling it a political gimmick and said, "What I would like to see is war on socialism."

Cox left Pampa for Amarillo where he is scheduled to meet with supporters. He plans to depart for Dallas this afternoon.

Underwriters' Banquet Set For Tonight

The Top O' Texas Life Underwriters Association will hold its annual installation banquet at 7:30 tonight at Pampa Country Club. The Daily News yesterday erroneously reported the event was to be held Wednesday.

James V. Story of Wichita Falls, immediate past president of the Texas Life Underwriters Association, will install the new slate. Principal speaker will be Lewis Timberlake of Austin, vice president and agency director of Western Republic Life Insurance Co. Myron Marx Jr. of Pampa is incoming president, replacing John P. McCausland of Pampa.

Other officers to be installed include Frank Smith of Borger as vice president and W. B. Johnson of Pampa, secretary.

The association's Life Underwriter of the Year also will be named at the banquet.

Apollo Model Goes in Orbit Around Earth

CAPE KENNEDY (UPI)—A Saturn-1 super booster, billed as the world's mightiest rocket, today hurled a pioneer model of America's Apollo moonship into orbit on its first practice flight around the earth.

With one mighty thrust of slightly more than 10 minutes, the giant space machine shot a spacecraft from Cape Kennedy to an orbit more than 100 miles up.

The Federal space agency announced at 12:21 p.m. EST, that "our information from Goddard Space Flight Center (in Greenbelt, Md.) tell us that we have a satellite in orbit." The Saturn-1 worked flawlessly from start to finish.

The success was the sixth straight without a failure for the Saturn-1, and measured a major stride forward in the drive to land two astronauts on the moon in late 1969.

The Saturn-1, generating more power than 31,000 family automobiles combined, rose from its launching pad with a ground-shaking roar at 12:08 p.m. EST.

CONTINENTAL BREAKFAST — Jack Cox, center, GOP candidate for the nomination in the U.S. Senate race, visited with local Republicans this morning at a come-and-go breakfast held at the Coronado Inn. Cox faces George Bush in the June 6 runoff election. Visiting with Cox is Forrest Hills, left, and Price Dosier Jr.

CREMATED IN CEREMONIAL PYRE

Millions Mourn Death of Nehru

NEW DELHI (UPI)—Jawahar Lal Nehru, a single red rose pinned as usual to his long white coat and a garland of jasmine around his neck, was cremated today in a ceremonial funeral pyre.

Millions of Indians mourned the death of the man who had been the first and only prime minister of independent India.

Nehru's 15-year-old grandson, Sanjoy, ignited the funeral pyre after relatives and dignitaries smothered the body with sticks of fragrant sandalwood and flowers.

"Hundreds of thousands gathered along the banks of the sacred Jamnu River to watch the ceremony after an hours-long funeral procession through the streets.

Nearly a million sorrowing Indians watched with tears in their eyes as the body was borne from the prime minister's official residence to the river bank on a flag-covered gun carriage in 100-degree heat.

Cortege Moves Slowly

The funeral cortege moved slowly through the highways and byways of this capital city and its environs on the six-mile journey to the cremation site

at Rajghat, 400 yards north of the tomb of Mahatma Gandhi—Nehru's mentor and father of Indian independence.

As the Jeep-towed gun carriage neared Gandhi's tomb, the huge crowd could no longer contain itself and many rushed forward to get closer to the cremation site.

As the funeral cortege reached the end of the journey, the chief of the pall bearers, the chiefs of the three military services and senior army officers lifted the body from the gun carriage and carried it to the funeral pyre.

Leading the last journey was young Sanjoy—son of Nehru's only daughter, Mrs. Indira Gandhi—his head straight and high, holding his grandfather's feet in an embrace.

Crowd Stampedes

As the flames shot up from the funeral pyre there was a stampede among the huge throng to get closer to the pyre. Tens of thousands rushed forward, but police with batons formed a barrier to hold them back.

Secretary of State Dean Rusk and the American delegation—which arrived here from Washington an hour after the funeral procession started—rested briefly at the U.S. Embassy, then returned to the airport and were flown to the funeral site aboard a Soviet-built Mil helicopter to avoid the crowds.

Prime Minister Sir Alec Douglas-Home and Lord Mountbatten, last viceroy of India, represented Queen Elizabeth and Britain, the nation which imprisoned Nehru nine times in his long fight for independence.

But the irony of this situation seemingly was lost on the sorrowing millions as they wept for the man who had led their country as its first and only prime minister for 17 years, and whose death leaves a gaping hole in the nation's leadership that could provoke division and chaos.

In the swirling throng at the river were thousands of the

"untouchables", the low-caste Hindus whose segregation status Nehru had sought to remove by law in the independent India he had headed since 1947.

Many fainted in the crowds that lined the route of the procession through its capital city and who gathered at the riverside for the last ceremonies.

The wreckage still smoldered hours after the blaze was brought under control. Firemen remained at the scene wetting down the rubble.

Battalion Chief Vernon Nation said there were no indications of foul play.

"Somebody probably just dropped a cigarette in the

Johnson Prepares For Trip to Texas

WASHINGTON (UPI)—President Johnson flies to New York today for a round of Democratic party fund-raising activities before heading for Texas and a long holiday weekend at his ranch.

The Chief Executive and Mrs. Johnson and their eldest daughter, Lynda Bird, planned to

leave for New York after attending a reception in their honor given by Irish President Ramon de Valera.

Prior to the De Valera reception the President scheduled a joint meeting of the cabinet and the National Security Council for 10:30 a.m. He planned to read a tribute to the late President John F. Kennedy at the White House session. Johnson will not be in Washington Friday for the observance of Kennedy's 47th birthday.

The President was to leave the White House shortly before 3 p.m. for the flight to New York. He was scheduled to arrive at Kennedy International Airport at 3:50 and proceed by helicopter to his quarters at the Carlyle Hotel.

The Johnsons were expected to leave New York for Bergstrom Air Force Base, Austin, Tex., at about midnight after attending another showing of the star-studded fund-raising gala, "Salute to President Johnson," at Madison Square Garden. The President and First Lady attended the show in Washington Wednesday night. It raised an estimated \$1.5 million for the party's coffers.

The Johnsons were scheduled to attend two fund-raising dinners before the show. At 6 p.m. they were expected at a \$1,000-a-plate "President's Club" dinner at the Hilton Hotel, and at 8 p.m. at a \$100-a-plate dinner given by the Young Democrats at the Americana Hotel.

The two then go into a series of undulations, at times alternating position so the woman is in the rear.

TLCB district director Charles A. Talley said the crackdown was authorized under the licensing act that prohibits "entertainment... or acts that are vulgar or lewd."

Talley said the "dog" and "twist" are acts, not dances.

The TLCB takes the view that both dances are lewd, crude and vulgar, Talley said, and will take away the license of places which allow them.

The dog is a dance craze which has almost rivaled the now-dwindling twist in popularity in Texas. The two dances are very similar with the main difference being that in the dog, the man does not face his partner but rather steps behind her.

The dog is a dance craze which has almost rivaled the now-dwindling twist in popularity in Texas. The two dances are very similar with the main difference being that in the dog, the man does not face his partner but rather steps behind her.

Most Pampa Stores To Close Saturday

Most Pampa retail stores will be closed on Saturday in observance of Memorial Day, according to Duggan Smith, chairman of the Merchants Activities Committee of the Chamber of Commerce.

Smith said that the committee met last January to discuss holidays for the current year and at that time voted the Memorial Day closing.

Some stores and places of business will remain open as usual, including most grocery stores.

Fresh Communist Gains Disclosed

By MARTIN STUART-FOX

VIENTIANE, Laos (UPI)—Neutralist Premier Prince Souvanna Phouma has asked the Soviet Union for military assistance to fight the Communist Pathet Lao, the government announced today.

Fresh Communist gains were disclosed today in a neutralist report of fighting around the Plaine des Jarres. The Pathet Lao drove the neutralists from a hill called Phou Kout about 10 miles northeast of the plain Wednesday and forced them to withdraw two and one-half miles. Heavy Communist artillery fire was reported in progress against the new neutralist positions at Bane Pao.

In Warsaw, Communist Poland, a member of the International Control Commission for Laos, joined the Soviet Union in calling for an international conference to solve the Laotian crisis.

Hanging fire was Russia's demand for a statement by U.S. Ambassador Adlai E. Stevenson

on whether remarks of Sen. Barry Goldwater, R-Ariz., on the possible use of atomic weapons in Viet Nam constituted official Washington policy.

Stevenson told Soviet Ambassador Nikolai Fedorenko on Tuesday that neither "Sen. Goldwater nor any other senator" makes U. S. policy. This was seen as a possible allusion to former Sen. Henry Cabot Lodge, now ambassador to South Viet Nam.

Stevenson raised eyebrows later by saying the United States will help the Southeast Asian countries to remain free "by whatever means are necessary."

Fedorenko said Stevenson's reply was inadequate and asked the U.S. representative to study the question and reply more fully.

The government made public a letter from Souvanna to the Russian ambassador in Vientiane saying neutralist troops have run out of ammunition for their Russian weapons because of "numerous battles that have taken place recently between neutralist forces and the Pathet Lao."

In the letter, sent Wednesday, Souvanna detailed the need for ammunition for 85 millimeter artillery pieces "in sufficient quantities to face the situation." He also asked the Russians to help repair the six Soviet IL22 planes they gave the neutralists in 1961.

The neutralists are out of spare parts and only one of the planes is flying.

Fighting in central Laos was reduced to light skirmishing today but informed American sources said reconnaissance flights over the area by U.S. planes will continue.

The skirmishing was going on in the low hills southwest of the town of Muong Kheung at the edge of the Plaine des Jarres 125 miles north of Vientiane. Neutralist troops loyal to Premier Souvanna Phouma were attempting to hold Muong Kheung and maintain a line of retreat to the southwest against encircling movements by Communist Pathet Lao forces.

The Communist threat to the important Mekong River town of Pak Sane, 70 miles northeast of Vientiane, appeared to have ended. Pathet Lao troops moved to within 20 miles of the town before withdrawing Wednesday, apparently on orders from the Pathet Lao leader. (See DISCLOSED, Page 5)

The property is owned by the Pennsylvania Railroad. The stockyards are no longer used and the piers are used only to load freight on barges. Railroad engineers spent the night removing freight cars and engines from the scene.

Officials compared the blaze with the 1949 waterfront fire which caused \$5 million worth of damage.

The fires started in an abandoned stock pen about two blocks from the riverfront and spread, through heavy brush, to the piers.

The property is owned by the Pennsylvania Railroad. The stockyards are no longer used and the piers are used only to load freight on barges. Railroad engineers spent the night removing freight cars and engines from the scene.

Barry Fights Back As Primary Looms

LOS ANGELES (UPI)—Sen. Barry Goldwater fought back today at the Rockefeller-Lodge coalition in California's crucial go-for-broke presidential primary—through former Vice President Richard Nixon and Pennsylvania Gov. William Scranton.

But New York Gov. Nelson Rockefeller, paying little heed to statements of neutrality by Nixon and Scranton, continued his free-ranging attacks on the Arizona conservative's record.

Goldwater hastily scheduled a news conference to call attention to the Nixon and Scranton statements and counteract support for Rockefeller from backers of Henry Cabot Lodge, U.S. Ambassador to South Viet Nam. He obviously was pleased with their pledges.

Nixon issued a statement in New York saying he was "not supporting or opposing" either Goldwater or Rockefeller in their bids for California's 86 GOP convention votes in next Tuesday's primary.

Scranton said his overriding interest was in party unity and added: "Consequently, I have refused to join the 'stop Goldwater,' 'stop Rockefeller,' or 'stop anybody' movements."

An aide said Goldwater had wired both Nixon and Scranton asking for their position in the campaign—and was pleased with their answers.

The Scranton statement, however, seemed to conflict with the position taken by Sen. Hugh Scott, R-Pa., a top supporter of the Pennsylvania governor for the GOP presidential nomination.

Scott said Wednesday night that Scranton probably would "discuss his availability in more detail" after the California primary but that a vote for Rockefeller here would "keep the door open for Scranton."

Goldwater headed north to Santa Barbara, still in vote-heavy Southern California, for a lunch address. He plans to stay in the southern part of the state through election day.

But Rockefeller moved to northern California for speeches at the Monterey County Fairgrounds, in Santa Cruz and at the Santa Clara County Fairgrounds. All are near the San Francisco Bay area.

Secretary Hodges On Visit to Fair

FRANKFURT, Germany, (UPI)—U. S. Secretary of Commerce Luther H. Hodges flew into Frankfurt Wednesday night to visit the U. S. trade center and the American exhibition at the Interstoff Textile Fair.

In all 338 firms from 16 countries have displays at the fair.

PAMPA POOLS TO OPEN SATURDAY

Pampa's two public swimming pools will open at 1 p.m. Saturday, Memorial day.

The City Pool, located at Sloan and Kentucky Sts., will have an added feature this year—heated water. A heating system was installed last fall and will be in operation for the first time Saturday.

Final Check-In To Climax Week Of Chamber Drive

A final check-in meeting scheduled for 5 p.m. Friday will climax a week long membership drive of the Pampa Chamber of Commerce.

The 19 teams, composed of four workers and a team captain, have been conducting the annual campaign.

A fishing and hunting wagon will be given to the individual bringing in the highest number of subscriptions.

Jerald Sims, finance director of the Chamber, is heading the drive.

If it comes from a hardware store we have it. Lewis Hdwe. Adv.

News Offers Plan For Subscribers Going on Vacation

For subscribers who plan to be out of town on vacation this summer, the Pampa Daily News offers a unique service.

There's no need to cancel your subscription. The News circulation department has a special Vac-Pac (vacation pack) for your carrier can use to save for you the copies you missed while gone.

That way you don't miss a day of news from the Top O' Texas and Pampa.

Just call MO 4-2325, or tell your carrier before you leave.

Celanese Corporation Announces Plans to Build Plants Patterned After Pampa's

Celanese Corporation of America today announced plans to build new vinyl acetate facilities with initial capacity of 100,000,000 pounds per year. The expansion will make Celanese one of the world's largest producers of this organic chemical, which is used in the manufacture of paints, coatings, textiles, plastics, paper and numerous other products.

ICI is building a similar plant at Wilton, England. Process improvements and plant design innovations developed at the Celanese Chemical research laboratories will be incorporated in both projects.

Celanese began production of vinyl acetate monomer in 1953 at its Pampa plant, using a process based on acetaldehyde and acetic acid. Other U.S. vinyl acetate producers use acetylene and acetic acid as the raw materials.

Construction of the vinyl acetate unit at Bay City will begin this year, with initial commercial production expected by mid-1965. The Bay City plant, which came on stream in 1962, currently produces a wide range of ac-

etylene and acetic acid. Other U.S. vinyl acetate producers use acetylene and acetic acid as the raw materials.

Bay City's product line will be broadened in 1965 with the completion of new facilities, now under construction, for the manufacture of hexamethylene diamine and adipic acid, the intermediate chemicals used in the production of nylon 66 fibers. These chemicals also will be produced under a technical ex-

change agreement between Celanese and ICI. Total current Celanese production of basic chemicals from petroleum resources is approaching two billion pounds per year. In addition to acetyl chemicals, the company also produces formaldehyde, methanol and many of their derivatives. Its four chemical plants, located at Bishop, Pampa and Bay City, and Point Pleasant, West Virginia, produce more than 70 individual organic chemical products for use in a wide range of industries, including automotive, aircraft, rubber, pharmaceutical, textile, plastics, paint, petroleum, paper and packaging.

BRITISH HONOR JFK—This is the John F. Kennedy Centre in London's West Ham section. Built as a memorial to the late president, the \$450,000 building will be used for the training and education of mentally handicapped children.

'Vigilantes' Patrol Streets of New York

NEW YORK (UPI)—An Orthodox old World Jewish sect has organized a vigilante-style motor patrol in a Brooklyn neighborhood to protect its people from street violence.

From sundown to sunup, volunteers patrol the streets in four radio-equipped cars, hoping to prevent violence but ready to intervene if it happens. The volunteers, numbering more than 100, are mostly young men who travel six to a car. They are unarmed but "strong," a leader said.

The citizens patrol, organized by the Hasidic Jewish sect, is known as the "Maccabees," a name adopted from the Jewish family which led Hebrew warriors against Syrians who attempted to force idol worship on them in the second century B.C.

A number of non-Jews, including some Negroes, also take part in the patrols, especially on Friday night when Jews observe the Sabbath.

The patrol activity is centered in the Crown Heights section of Brooklyn, an old predominantly Jewish neighborhood which has been plagued recently by roving gangs of street hoodlums from nearby slum areas. The Hasidic sect, whose men wear black broad-brimmed hats and beards in the Old World tradition, have been especially bothered by muggers.

On April 21, a rabbi and 16 children who attended a Yeshiva in Crown Heights were injured in an attack by a band of Negro youths.

The decision to take action was made, however, after a man dragged a rabbi's wife into the basement of her apartment building and attempted to rape her two weeks ago. The woman was beaten and stabbed.

The patrol force came into being following a subsequent meeting of community religious and civic leaders. Police, who have assigned extra men in the troubled neighborhood, do not like the idea of a citizen's vigilante force but they said it is perfectly legal as long as its members do not carry arms.

AGREEMENT SIGNED

CAIRO (UPI)—U.A.R. President Gamal Abdel Nasser and Iraqi President Abdul Salam Aref signed an agreement Tuesday they said was a first step toward union of their two nations.

The agreement set up a joint presidential council and a joint military command.

Lynda's Friend Leaves for Home

WASHINGTON (UPI) — A San Antonio belle will be missed by the White House when she leaves her second home today.

She is Warrie Lynn Smith, the beautiful 19-year-old roommate of Lynda Byrd Johnson who spent four months in the White House, soaking up history and having a ball at the same time.

Warrie is going back home to re-enroll in the University of Texas next fall. "I'm carrying so many hearts with me," sighed blonde Warrie, whose brown eyes glistened sentimentally. "I fell in love with everyone."

And it was mutual. President Johnson keeps telling her that she's not going home. "They think you're going," the President teases her, "but I know you're not."

Warrie accompanied 20-year-old Lynda to Washington last February when the President's daughter transferred from the University of Texas to sophomore year classes at George Washington University here.

The blonde Texan called Mrs. Johnson "my special mother" and said that "she was always there."

"When I needed someone to talk to," she added, "I'd just flop on her bed."

As for the White House, Warrie said "it's been four months of wonderment and excitement. I'm sure some of the true wisdom of my experience will come to me when I go home."

HOPPED-UP CROP
PERRIS, Calif. (UPI)—William Miller has raised poppies for many years, carefully cultivating the colorful flowers around his home.

He was advised by sheriff's deputies Wednesday that his current crop of about 3,000 consists of the type of poppies used to make opium. No charges were filed.

LUNCH BREAK IN CYPRUS—Greek Cypriot women—secretaries, factory workers, salesgirls—get military training during lunch hours and after work. Those now training may become the nucleus of a "women's army" in the Greek community on the embattled island.

(Continued From Page 1)

American diplomatic sources in Vientiane said a large-scale continuation of the Pathet Lao offensive appeared unlikely, on the basis of U. S. aerial reconnaissance which shows no major buildup of Communist forces in central Laos.

The Pathet Lao pushed neutralist forces under Gen. Kong Le off the Plaine de Jarres last week and now control more than 60 per cent of the country.

The U. S. sources said the Pathet Lao objective appeared to be occupation of the plain and other neutralist positions before the imminent start of the rainy season. The Pathet Lao troops are supported by Communist North Viet Nam with supplies and reportedly with a cadre of well-trained North Vietnamese soldiers.

The sources said Pathet Lao leaders apparently calculated how far they could advance at this time without provoking open American intervention in Laos.

"They have in their minds a limit past which they don't go," said one American official. "However, they could always change their minds and push on."

Lovett Memorial Library will have "free" week during the last week of May. All overdue books may be returned without charge.

We will be closed Saturday and Sunday. Open on Monday. Town House Cafe, 306 N. Cuyler.

Mrs. George Young and Mrs. E. Jay McIlvain, daughters of Mr. and Mrs. Lloyd R. Harvey, east of Pampa, will receive bachelor of art degrees in business and education at the University of Houston commencement tomorrow. Mr. and Mrs. Harvey and Teddy McIlvain will attend the ceremony.

Mrs. Young and Mrs. McIlvain are graduates of Pampa High School.

Six Pampans including Miss Carmelita Hogan, 2007 Willis-ton; Mr. and Mrs. Tom Parker, 508 S. Barnes; Miss Julie Hoff-ess, 1108 Charles; Mrs. Florence Esmond, 521 Montague and Mrs. Augusta Yealy, 2233 Aspen, left Amarillo by jet today for a month-long tour of 11 European countries.

All VFW and Auxiliary members, World 1 Barracks and Auxiliary members, all American Legion and Auxiliary members will meet at Fairview Cemetery at 5:30 a.m. Saturday to place flags on veterans' graves. A short service will be conducted by auxiliary members, under direction of Mrs. O. F. Kreimeyer, district chaplain of District Nine of VFW Auxiliary.

Elmer Graves Bynum, 1309 E. Frederic, failure to yield right of way, nolo contendere, fined \$20.

John Raymond Cross, 735 E. Malone, intoxication, guilty, fined \$25.

Rotarians Name Successor to President-elect

Gordon Lyons has been named to succeed Art Smalley as president elect of the Pampa Rotary Club, it was announced yesterday at the club's weekly luncheon meeting in the Coronado Inn. Lyons will take office at the annual installation banquet June 16.

Smalley has been transferred to the Netherlands by the Celanese Corporation.

An informative program was presented by Fred Carothers, owner and manager of the Western Motel in Pampa, who discussed his collection of antique guns.

New members installed into the club by president Cameron Marsh were Tommy Clark and Stanley Brantlam.

3-Year-Old Hurt In Odd Accident

A 3-year-old Pampa youngster was admitted to Highland Gen-eral Hospital this morning after she caught her right toe in a bicycle chain.

Pampan to Appear With Tech Choir

Jerry Wilson, son of Mr. and Mrs. R. C. Wilson, 1221 Willis-ton, is traveling by jet with the Texas Tech Choir to appear in a concert in Washington and New York.

A concert before congressmen and President Johnson is scheduled for tonight as a part of the Texas Day Celebration.

The group will leave for New York tomorrow and will sing at the World Fair and in Town Hall on Monday, returning Tuesday to Lubbock.

Wilson is a 1961 graduate of Pampa High School and senior accounting major at Tech.

er al Hospital this morning after she caught her right toe in a bicycle chain.

Katrina Deatherage, daughter of Mr. and Mrs. L. B. Deatherage of 1111 1/2 S. Hobart, was riding the bicycle in the driveway of her home about 9:55 a.m. when her toe became caught between the chain and sprocket.

The fire department was called and aided in freeing her toe.

Katrina was rushed to the hospital where she was admitted after emergency treatment.

SEVENTY-YEAR ANNIVERSARY—In 1894, the General Electric Co. built the first electric locomotive for road freight service for the Cayadutta Electric Railroad, Gloversville, N.Y. The big machine (left), called the "Black Maria," is still in service at Ponemah Mills, Taftville, Conn. Electric locomotives are still being built. They're considerably bigger and sleeker. This one (right), which generates 5,000 horsepower, is owned by the Union Pacific Railroad.

Washington Window

By LYLE C. WILSON
United Press International
The Daughters of the Confederacy in their devotion to a lost cause will have no reason to complain against President Johnson's conception of Civil War history and its heroes as he stated it last week at Lexington, Va.

The President spoke at dedication ceremonies for the George C. Marshall Research Library at the Virginia Military Institute. About four years ago Johnson, with his eye on the White House, was projecting a Western image.

The 1960 presidential nomination eluded LBJ. As John F. Kennedy's running mate, Johnson resumed being a Southerner, assigned to hold Dixie JFK.

Jackson, Robert E. Lee, Douglas MacArthur, George Marshall, Dwight David Eisenhower.

Robert E. Lee! hmmm. Lee certainly belonged in that select list. But would a Northern statesman include him if he were speaking to a G.A.R. picnic. He would not of course.

There was more. The President said it was appropriate that the research library be located among the VMI cadets, explaining that:

"Before the Battle of Chancellorsville, Stonewall Jackson said: 'The men of Virginia Military Institute (serving in the Confederate ranks) will be heard from today.'"

Adds Own Note
President Johnson then added on his own:

"Throughout our history—when the day was in doubt—and freedom seemed to falter—the voice of VMI has helped lead the nation to victory."

Now that is a new version altogether of the Battle of Chancellorsville and the part played in that bloody engagement by the VMI cadets who fought under the Confederate flag. If the nation to which the President was referring was the United

States, the Lexington speech record should be corrected to show that at Chancellorsville on May 2-4, 1863, the VMI cadets and other Confederates under Lee and Jackson disastrously defeated Gen. Joe Hooker and his Army of the Potomac.

It is no reflection on their courage to recall that when freedom faltered at Chancellorsville, the VMI cadets were fighting to lead the nation not to victory but to defeat.

More Reasons Listed For Owning Insurance

In recent years a score of reasons for owning life insurance have been added to the list, but the basic purpose of "support for dependents" still tops them all. Pampa's John P. McCausland, president of the Top O' Texas Underwriters Association, pointed out this week as the local joined insurance men over the nation in observation of National Life Insurance Week.

A survey made by the Institute of Life Insurance on life insurance ownership asked those interviewed what they regarded as the chief reason for owning such protection. The "support for dependents" reason was given by 85 per cent.

Next in importance was the use of life insurance to pay outstanding bills and debts. And following in rank of importance were "retirement income," "saving," "education of children," and "mortgage repayment."

Of course, even the broad category of "support for dependents" actually breaks itself into a number of more closely defined reasons.

Even the big part of the total, "family income" can be divided into such specifics as readjustment income, to carry over a period of family readjustment to the new program, income until the children are through school and lifetime income.

Then, for the millions of businessmen, whether owners, partners or stockholders, there is the matter of providing for both the payment of the value of the business to the family and provision for the continuity of the business. Life insurance has come to be widely used for these purposes, many billions of it now assuring immediate payment to families of the owner's equity and providing the firm with means of tidying over its readjustment in ownership, without sale of property of ownership interest.

Closely linked with this, is a large block of business insurance called "keyman insurance," which pays to the business the full policy proceeds in the event of the death of a key man in the business. This prevents the firm from incurring what might be a catastrophic loss in the event of the death of someone around whom much of the firm's business turns.

While "educational insurance" is usually thought of as the large block of protection set up to assure funds to carry children through college in case the father does not live to accomplish that himself, there is a wide range of additional insurance meeting educational needs in other ways. Some policies cover a student loan.

Some actually provide the cash values for a student loan. Even some "family income" policies become educational plans indirectly, by giving the family a base income which permits the youngster to continue with his studies financed by other sources.

Mortgage protection has become an increasingly important reason for life insurance purchase in recent years, as home ownership has widened and the long-term, amortizing mortgage has increased in popularity. Many families now own policies for the specific purpose of paying off the mortgage in the event of the death of the home owner. This prevents what might become an excessive burden to the family endeavoring to maintain the mortgage payments.

Retirement planning is another ownership reason that has widened in recent years. Many families now have policies which give protection during the years prior to retirement and then a monthly income for life thereafter. Also, many companies are using the cash values in family protection policies after the need for this protection has passed, to provide retirement income, having had this secondary use in mind when they purchased the insurance.

President Theodore Roosevelt established the first U.S. bird refuge in 1903 at Pelican Island, in the Indian River section of Florida.

PASTORALE BY MOONLIGHT—"Shepherd of Manali," first-prize photo in fifth annual contest sponsored by Pacific Area Travel Assn., was taken in Manali, a sheep-raising area at the extreme northern tip of India, in the foothills of the Himalayas. T. Kasi Nath, of New Delhi, is the photographer.

Combined weight of the earthworms under a pasture may equal or exceed the weight of the sheep which the field supports.

Paper Says Test Proved Flight Of Death Shots

DALLAS (UPI)—A re-enactment of President Kennedy's assassination proved the bullets could have been fired only from the Texas School Book Depository Building, the Dallas Times Herald said Wednesday.

The newspaper said it was informed by reliable sources that the Warren Commission's sole purpose for the re-enactment last Sunday was to prove this point.

It said the re-enactment was prompted by continuing stories that the bullets last Nov. 22 came from either the Triple Underpass near Elm and Houston streets or from a grassy knoll near the site of the assassination.

Switzerland issued the first coin made of pure nickel in 1881.

RECORD SALES
NEW YORK (UPI)—General Instrument Corp. Monday reported record sales and a turnaround to earnings of 46 cents a share in the year ended Feb. 29 compared with a loss the previous year.

The sales gain was 15 per cent to \$95.65 million. Chairman M. H. Benedek said in his annual report. Net income after taxes was \$1.17 million compared with a loss of \$2.7 million the previous year.

Court Throws Out Proration Orders

AUSTIN (UPI)—The Texas Supreme Court today threw out the Railroad Commission's so-called 50-50 proration order because it permits small tract owners to get more than their share from proven oil reserves.

But the court at the same time upheld a similar order in a different suit involving both oil and gas allowances because it said that order, in the Appleton field in Calhoun and Jackson counties, had been in effect more than four years without prior objection.

The 50-50 proration order which the high court said was invalid involved a suit brought by Shell Oil Co., Amerada Petroleum Corp. and Sun Oil Co.

The oil firms contended a Railroad Commission order prorating production in four separate oil reservoirs on the Quitman structure in Wood County deprived them of their fair share of oil in the structures.

The commission granted C. A. Green a 50 per cent proration order on one well he owned on a one-acre tract. A similar order was granted R. J. McMurrey on a well on 2.03 acres.

A district court had stricken down the 50-50 order involving the two wells and this action was upheld by the Court of Civil Appeals. The Railroad Commission had appealed to the Supreme Court.

The high court in effect upheld the district court ruling that such an order was arbitrary, unreasonable, capricious and confiscatory.

The women, wives of workers affected by new nationwide work rules, protested the rules and said they worked hardships on their husbands. They carried signs and battled and jostled police who tried to drag them off the tracks.

Two women were arrested and fined \$10. But Grandville, Mich., Justice Henry Alkema suspended the fines against Mrs. Donald Rice, 32, of Wyoming, Mich., and Mrs. Rolling Urban, 32, Cedar Springs, Mich., after seven other pickets came to his office and offered to plead guilty to the charges of obstructing an officer.

Alkema described the women as "very refined ladies" and said they promised not to take part in such a demonstration again.

About 40 women were involved in the demonstrations, all wives of C&O engineers, brakemen and firemen. They blocked a Chicago-bound train for 23 minutes and a Detroit-bound train for 30 minutes. Two incoming trains also were delayed about a half-hour until police could clear the tracks.

The wives said the railroad had ordered their husbands re-assigned and that the action was unfair. The company said the assignments were in line with the recent national arbitration decision involving work rules.

Railroad Wives Protest, Take Stand on Track

GRAND RAPIDS, Mich. (UPI)—Irate railroad wives, described by the presiding judge as "very refined ladies," Tuesday halted four Chesapeake & Ohio trains by standing on the tracks at two crossings.

The women, wives of workers affected by new nationwide work rules, protested the rules and said they worked hardships on their husbands. They carried signs and battled and jostled police who tried to drag them off the tracks.

Two women were arrested and fined \$10. But Grandville, Mich., Justice Henry Alkema suspended the fines against Mrs. Donald Rice, 32, of Wyoming, Mich., and Mrs. Rolling Urban, 32, Cedar Springs, Mich., after seven other pickets came to his office and offered to plead guilty to the charges of obstructing an officer.

Alkema described the women as "very refined ladies" and said they promised not to take part in such a demonstration again.

About 40 women were involved in the demonstrations, all wives of C&O engineers, brakemen and firemen. They blocked a Chicago-bound train for 23 minutes and a Detroit-bound train for 30 minutes. Two incoming trains also were delayed about a half-hour until police could clear the tracks.

The wives said the railroad had ordered their husbands re-assigned and that the action was unfair. The company said the assignments were in line with the recent national arbitration decision involving work rules.

WELL, WHAT NEXT?—Hollywood produces some odd costumes and this patent leather gown attached to Shirley MacLaine with liquid cement is no exception. Designed by Edith Head, the gown is worn by Shirley in the film, "What a Way to Go." The color is Chinese red.

— Quotes In The News —

By United Press International
VIENTIANE, Laos — Neutralist Gen. Kong Le, whose beleaguered troops have been forced to retreat in the face of Communist advances:

"I am the only military leader with nothing to do with politics. But if I had the power to do anything I liked, I would ask for military assistance from SEATO (the Southeast Asia Treaty Organization)."

VIENTIANE, Laos — Neutralist Premier Souvanna Phouma, announcing he is asking aid of many nations for his embattled country:

"I have not asked for aid from the Russians, but the Soviet ambassador called on me this morning and I told him we are short of army supplies. I shall send him a letter (requesting military aid) this afternoon."

NEW YORK — The Rev. Canon Albert J. Du Bois, executive director of the Episcopal Church's American Church union, complaining that President Johnson had violated church law by taking communion while not a member of the church:

"The trouble lies in the past with priests and bishops who took the law into their own hands and now undoubtedly create a situation for clergy in Washington and elsewhere who wish to maintain the church's law and discipline but who do not wish to make an issue of this at their altar rails."

LOS ANGELES — Presidential hopeful Barry Goldwater, charging that some Republicans have made the word "conservative" a dirty one:

"It used to be handled ex-

clusively by the left wing of the Democratic party. Now we find Republicans who are engaged in besmirching Republicanism in the face of cans."

NEW YORK — Mrs. Lyndon B. Johnson re-dedicating the Museum of Modern Art to "the war against the poverties of man's spirit":

"We Americans are so often pictured as a society entirely devoted to technological advance that it is good to have this abundant proof to the contrary."

NEW YORK — Mrs. John F. Kennedy expressing the hope that the late President's papers and memorabilia will inspire America's young people to be more like him:

"Those are the kind of men who can save the world."

CHICAGO — James E. Russell, secretary of the Educational Policies Commission, addressing the Congress of Parents and Teachers (PTA) on future educational needs:

"In the foreseeable future a person will be helpless who has not had education at a higher level than is offered in the American high school."

LONDON — Winston Churchill praising British publisher Lord Beaverbrook on his 85th birthday:

"I was glad to be able sometimes to lean on him... his force and genius, combined with so much persuasion and contrivance, swept aside many obstacles."

The Swedish scientist Axel Fredrick Cronstedt discovered the element nickel in 1751.

SHE'D WALK A MILE ON A CAMEL—Frenchmen are accustomed to unusual things at the Cannes movie festival. The gal is Clara Marlier and she hired a camel to arrive at a reception, just to catch the eyes of movie producers.

Senator Displeased With Baker Quizzing

WASHINGTON (UPI)— Sen. John J. Williams, R-Del., charged Wednesday that Senate investigators failed to find out why a union lobbyist charged Bobby Baker only \$4,600 for stock which was worth \$31,600 on the market.

In a Senate speech, Williams said he also wanted to know whether Baker or the lobbyist, Maywood Boggs, of the Brotherhood of Boilermakers, Iron Shipbuilders, Forgers and Helpers paid federal taxes on the \$27,000 difference.

"What service was Mr. Baker expected to render or what service had he rendered for the organizations represented by Mr. Boggs in return for this \$27,000," Williams asked.

Williams said that in testimony before the Senate Rules Committee Boggs said he invested \$2,300 in Mortgage Guaranty Insurance Corp., in 1959 on Baker's recommendation and sold it to the former Senate aide in November, 1960 for \$4,600.

The senator said the stock was purchased from Baker and that the investment represented 128 shares of MGIC stock and 32 shares of subsidiary.

Williams claimed the committee failed to develop that on Sept. 1, 1960, the MGIC stock was split 10 for one and for each share of the subsidiary, the holder was given six more shares of MGIC. Williams said this meant Boggs owned a total of 1,472 shares.

HEADY AGREEMENT
PUEBLO, Colo (UPI) — Nurses at Parkview Episcopal Hospital finally reached an agreement suitable to Jack Ware, 75, a retired cattle rancher from Boone, Colo.

Ware agreed to be hospitalized for a minor operation if he could keep his Stetson — he, in turn, agreed not to wear his boots.

"I feel naked without the hat," Ware said.

Hunting Warning Given by Sheriff

The Gray County Sheriffs Office issued a warning and reminder today that hunting from a road or on pasture land without the owners permission is a violation of the law.

In issuing the warning, Deputy Sheriff D. L. Day said, "Several cattle have been killed by hunters in recent weeks and we intend to step up our

watch, along with other law enforcement agencies, to stop the violators."

The law forbids the firing of any type of gun from any roadway or highway and trespassing on private property.

State Officials Start Submitting Estimates

AUSTIN (Sp) — State officials have begun the long parade before Gov. John Connally's budget staff and the legislative budget board. From now until summer's end, more than 150 State agencies will give estimates on how much they will need to operate in the 1966-1967 biennium.

These hearings will produce budget recommendations to the next Legislature by Governor Connally and by the legislative budget board.

All estimates must be set out in dollars and cents. But the summer budget-hearing period actually is the guessing season.

since agency heads have to guess how many file clerks, how many stationary and how many pencils they will need in August, 1966.

A few items seem certain: The Board for State Hospitals and Special Schools expects a 37 per cent increase in the population of its schools for mentally retarded and will need an estimated \$28,000,000 more than its current \$100,000,000 budget. Department of Corrections will request \$5,000,000 for pay raises for prison guards.

Budget raises not determined this summer are expected to be requested when the Legislature gets proposals for improving the state's higher education system; giving public school teachers a pay raise; building new schools for the mentally retarded; and building a state osteopathic college.

MAN IN THE MIDDLE—Lt. Gen. Prem Singh Gyani, of India, commander of the U.N. peace-keeping force on Cyprus, speaks with Turkish Cypriot women who say their men are held as hostages by Greek Cypriots. Another hour—another time—and it will be Gyani's job to deal with Greek Cypriots in attempts to keep a semblance of peace.

Churchmen Elect Negro President

DALLAS (UPI)—Rev. Zan Wesley Holmes Jr., pastor of the Hamilton Park Methodist Church, Wednesday was the first Negro president in the history of the Dallas Pastors' Association.

There are about 20 Negro ministers in the group of more than 100 pastors which in the past has been mostly a white Protestant group. Also chosen as an official was the Rev. Joseph W. Drew of Richardson, pastor of St. Paul the Apostle Church, the first Roman Catholic to become a member of the board of the association.

The Rev. Holmes, 29, has a 650-member all-Negro congregation. He is a theology graduate of Southern Methodist University.

PULL-TAB CANS
NEW YORK (UPI)—Continental Can Co. announced Monday it will put a pull-tab on its canned soft drinks similar to that used on beer cans.

The company said it expected that canned soft drinks will garner 10 per cent of the total market by 1965, compared with 6.5 per cent presently.

TEXAS BOATING

By WILLIAM HAMILTON
UPI Outdoors Writer

Texas shrimp producers look for a record take of brown shrimp from the Gulf of Mexico this year and a delay in the statutory 45-day closed season is expected to help rather than hinder.

The State Parks and Wildlife Commission voted unanimously to delay the closed season on recommendation from a state biologist.

Coastal fisheries coordinator Terry Leary said the delay will result in bigger, healthier fish for the Texas market. The Texas Shrimpers Association supported the delay, notifying the commission by telegram the day of its meeting May 19.

Forty-Five Day Layoff
State law requires that shrimping cease for 45 days each summer. It customarily ends June 1 and reopens July 15, but the commission has the authority to move ahead or set back the closing date 15 days.

Reason for the closed season, according to Leary, is the shrimp's breeding habits. "The shrimp is a one-year animal—they hatch out in the Gulf during the spring and move into the bay, growing very rapidly," he said. During early summer they begin moving back out to sea, but are still a little small. "If you wait the 45 days, he's bigger and a better catch," Leary explained. The closed season, then, is a growth spurt period for brown shrimp—which is the most common kind of shrimp in Texas markets.

Long Winter
"This winter was not colder than usual, but it lasted longer," Leary said, hence the water was cold for a longer period than usual. Shrimp grow faster in warm water and the extended cold spell put them about 30 days behind schedule.

"By setting the close back, we more closely aligned it with the shrimp's life cycle for this season," said Leary.

He said the delay will have no effect on next year's crop. "It's strictly seasonal—the quantity of shrimp produced each year doesn't seem to be dependent on the previous year," he said.

Officials Allow Bird Bath to Stay

EDINBURG (UPI)—Bird lovers can relax, the bird bath with its statue of St. Francis of Assisi on the Hidalgo County Courthouse lawn will stay put.

County Judge Milton Richardson said there have been complaints about the figure of a Roman Catholic priest on public property. The judge said, however, that St. Francis was best known for his love of nature, especially birds, and anyway the statue was donated by a Methodist.

"I don't want any petitions brought in," the judge told county commissioners.

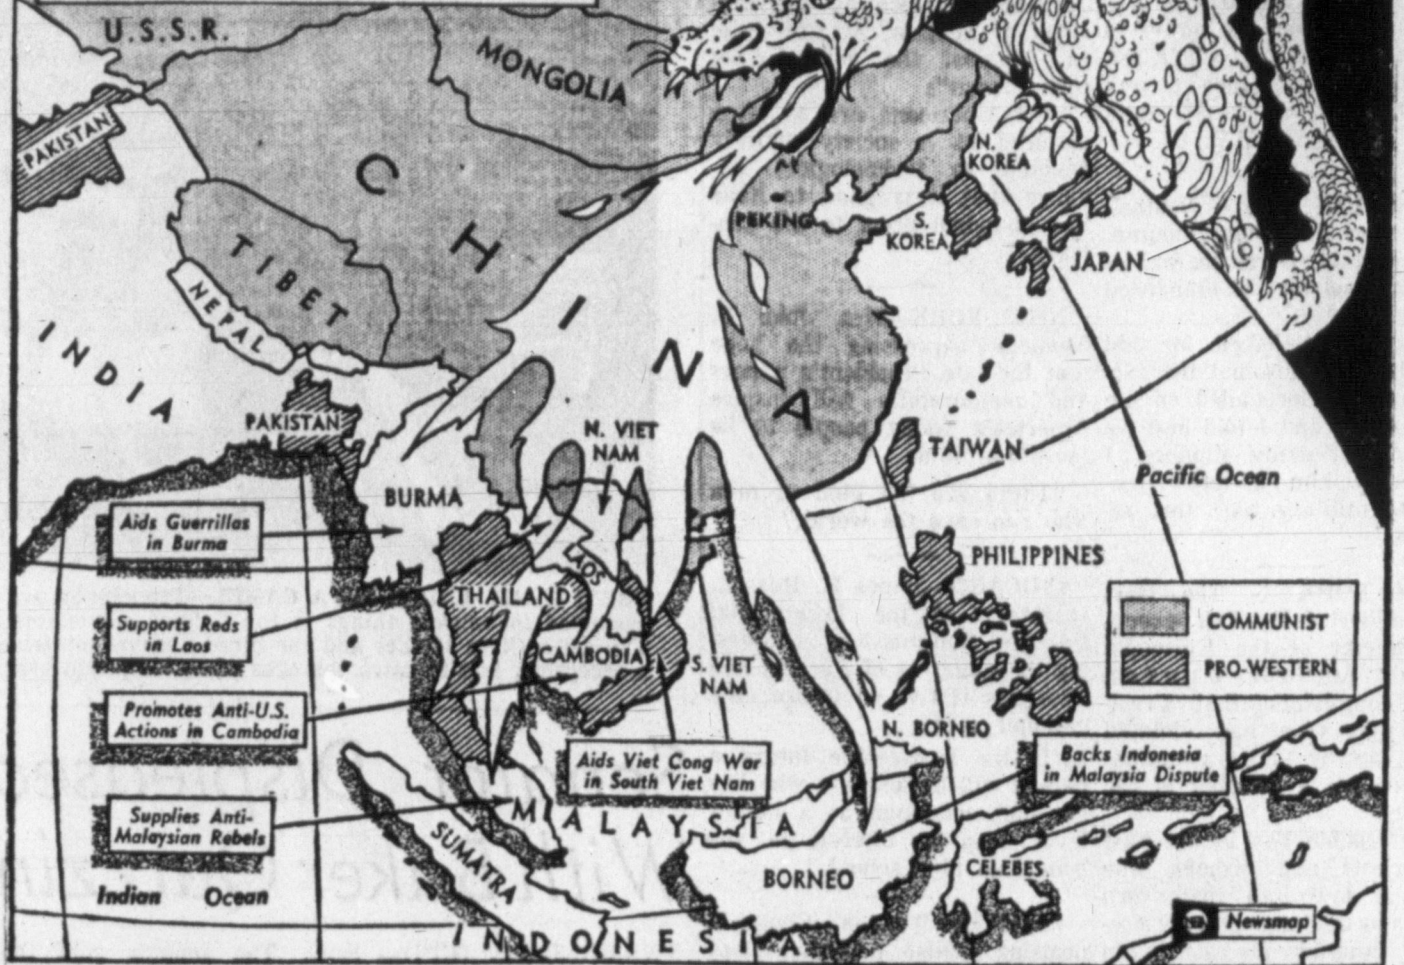

The elaborate bird bath and fountain is a project of the Edinburg Garden Club. It is nearing completion after a year's work.

TO INSTALL COMPUTER
NEW YORK (UPI)—Radio Corp. of America will install one of its RCA 301 computers in the general offices of Southern Airways Inc. in Atlanta, Ga. the airline announced.

Applications of the new computer will be divided into two phases. First it will be used to process routine financial reports, flight performance and traffic data and later for scheduling aircraft maintenance, automating inventory controls and preparing charts for aircraft loading requirements.

The Raging Chinese Dragon

The influence of Communist China has crept throughout Southeast Asia. China is extending its support to pro-Communist elements in countries actively engaged in internal dispute and with those who have anti-U.S. groups. The Newsmag spots Red Chinese activities in the area.

COLLECTION TIME

Our little merchants are really self-employed businessmen. He is learning that personal enterprise is a challenging education in itself. By learning to serve you well, he serves his own future as a better citizen.

If for some reason you put him off at collection time, or ask him to come back or forget to pay him entirely then he suffers the loss. Loss of time in coming back, (and he is such a busy fellow anyway). And he suffers loss of money, because he pays for all papers delivered.

If this little businessman comes knocking on your door and asks for payment, please remember he really appreciates your courtesy and promptness.

Kin of Actor Get Broken Legs in Wreck

BURBANK, Calif. (UPI)—Actor John Wayne's eldest son and brother were reported in satisfactory condition today at St. Joseph's Hospital, both of them with broken legs suffered in a traffic accident. Four others hurt in the accident Tuesday night also were listed in satisfactory condition. Investigators said a car driven by Renn Bruce Kyle, 20, Burbank, hit the car being driven by Michael Wayne, 30. The impact reversed the direction of both vehicles. In the car with Wayne were his uncle, Robert Morrison, 51, Jeanne Seech, 24, Burbank, and Sonia Crani, 28, North Hollywood, both of whom were treated for internal injuries. Kyle and his passenger, Wayne Robinson, 19, Glendale, suffered minor injuries.

Knights of Pythias Speaker Wins Third

Jim Shelhamer, a Pampa High School student who represented Pampa Lodge 480 Knights of Pythias at the Regional One public speaking contest at Abilene Saturday, placed third. He was one of 10 Pampa High School students who participated in the local public speaking contest at Pampa Lodge hall April 28. He was an alternate for Richard Fatheree who became ill just before the regional meet. Other lodges represented at the Abilene contest were those from Amarillo, Odessa, Lubbock, Weatherford and Abilene. Shelhamer is the son of Mr. and Mrs. E. E. Shelhamer, 2101 N. Charles St. He was accompanied to Abilene by B. B. Altman Jr., chairman of Region 1 youth welfare committee. J. C. Hopkins, a member of the Pampa Lodge was chairman of the local contest.

Consular Agreement Not to Affect Travel Restrictions

WASHINGTON (UPI)—The new U.S.-Soviet consular agreement will have no effect on travel restrictions that the United States and Russia now impose on each other's citizens, officials said today. President Johnson announced Wednesday that the United States and the Soviet Union had agreed on a treaty providing for an exchange of consulates. The treaty will be signed in Moscow next Monday. It is subject to ratification by the U. S. Senate. The treaty would afford greater protection to Americans traveling in Russia and would assist U. S. businessmen who have interests there. It would require Soviet notification to a U. S. consul within three days after the arrest of any American.

Twenty-Wagon Mule Train Is Off to Graham

WINDHORST, Tex. (UPI)—A 20-wagon mule train broke camp today and clippity-clopped toward Graham, Tex. today on a 300 mile jaunt to prove that modern day pioneers are just as hardy as those of the late 19th Century. The only real difference was this mule train traveled the dusty prairie on an asphalt highway. The 20 wagons, 40 mules and 70 people—called the Rolling Plains Mule Train Association—camped last night in Windhorst on a supermarket parking lot. Plans were to get to Graham by June 11 for a rodeo, with a stop in Jacksboro Friday for a frontier celebration at old Ft. Richardson. Most of the wagoners were retired persons but there were some children along. About 25 miles out of Spearman, a twister cut right through the train, upsetting one wagon. There were no injuries.

Cemetery Owner To Hold Funds Until After Trial

TOPEKA, Kan. (UPI)—An El Paso cemetery promoter has agreed to hold disputed funds in trust until a controversy over the promoter's Kansas-owned cemeteries is settled in a trial starting June 24. Atty. Gen. William M. Ferguson filed suit earlier this month against Norman Anderson of El Paso. He owns cemeteries at Dodge City, El Dorado, Garden City, Great Bend, Newton, and Ottawa. The state charges that three Anderson companies were organized as non-profit in order to get around paying Kansas taxes. The suit would also force the Anderson firms to establish and maintain perpetual care trust funds as required by state law.

PLANE IS STOLEN

TONOPAH, Nev. (UPI)—Mustang Airlines Manager Rick Blackmore told police Tuesday that someone stole a small business airplane from Tonopah Field — and that no one was aware of it. Blackmore explained that Tonopah was a bomber base during World War II and has the third longest runways in the United States. He said the Cessna 172 could have been taxied down the runways as far as four miles and out of sight of the Federal Aviation Agency control tower before taking off.

Major's Widow Shows Letters on Viet Fight

SAN ANTONIO, Tex. (UPI)—The widow of an Air Force major killed in South Viet Nam made public Wednesday a series of letters from her husband that told "how fouled up everything is." The correspondence from Maj. Hughie Adams, 43, who was killed in a B26 crash Jan. 7, said the only thing the fighting men had plenty of was food. "My husband gave his life for absolutely nothing," Mrs. Lucille Adams told newsmen. She contended he was "wantonly murdered," and held the Department of Defense responsible. A letter from Adams on Oct. 14 said in part: "One very sad thing is that we have lost 12 American lives trying to bring out the body of one pilot. It has always been the tradition over here that everyone is brought back, alive or dead. Over here that is worth dying for. What is it worth to the civilians and politicians back home?" On Nov. 21 the major wrote home: "The main war over here is between Army and Air Force brass."

Military Leaders Halt Maneuvers

NEEDLES, Calif. (UPI)—Military leaders called an "administrative break" Wednesday in Exercise Desert Strike—but not before the giant mock war claimed its 11th fatality. Air Force pilot 1st Lt. Peter H. Grotogott, 24, Vancouver, Wash., stationed with the 522nd Tactical Fighter Squadron, Cannon Air Force Base, N.M., was killed when his F100 Super-sabre jet crashed in the desert. Grotogott was in a formation of four airplanes engaged in low-level flying on a simulated strafing mission when it cracked up four miles west of Vidal Junction near Parker Dam on the Colorado River. No reason was given for the "administrative break," which virtually halted the simulated war maneuvers. The massive two-week maneuver involving 100,000 U. S. troops is due to end this week-end.

US Announces Plane Shipment To Viet Nam

WASHINGTON (UPI)—The United States disclosed Wednesday that it has sent "several additional" light aircraft to the government of Laos in an effort to halt the Communist offensive there. The State Department described the planes as T28 aircraft, propeller-driven trainers capable of carrying light bombs and machine guns. It was the first announced shipment of U.S. military equipment in Laos since Laotian Premier Souvanna Phouma requested aid after the Communists launched an offensive in Laos May 16. The State Department reported today that Communist Pathet Lao forces were exerting military pressure against Gen. Kong Le's neutralist troops in an apparent effort to drive Kong Le "out of all defensible positions on low ground in the entire Plaine des Jarres area."

ASSEMBLIES EXPAND

SPRINGFIELD, Mo. (UPI)—The Assemblies of God recently allocated \$25,000 for the purchase of church property in three cities through "Sites for Souls," a program of the denomination's Home Missions Department. Designed to help establish congregations in growing city subdivisions and areas now without Assemblies of God churches, the department has allocated \$79,000 for 11 projects since the program was launched a year ago. The recent allocations, from funds contributed by churches and individuals in the organization, will go toward purchase of property in Rantoul, Ill., Southfield, Mich., and Springfield, Mo.

ELECTS PRESIDENT

SAN FRANCISCO (UPI)—Pacific Intermountain Express Co. Inc. announced Wednesday the election of C. G. Zwingle as president and chief executive officer. Zwingle, vice president in charge of freight operations since 1957, succeeds O. M. Collett, who resigned but continues as a member of the board of directors.

BREAKS TRADITION

OXFORD, England (UPI)—A 600-year-old tradition at Oxford's Oriel College is ending. Undergraduates voted Monday to allow women to dine with them twice a year at the college. But the female guests in the Oriel dining hall will have to abide by other still-standing college traditions, including drinking two and a half pints of beer in 20 seconds and refraining from dinner-table discussions of politics and women.

Lightning Hits Four Standing Under Tree

CORTZAR, Mexico (UPI)—Four farmhands who sought shelter under a tree during a thunderstorm were struck by lightning, it was reported today. Two were killed, a third blinded and the fourth struck dumb. The two survivors also suffered serious burns. Earl is a British title and rank of nobility conferring no official power or authority, according to Encyclopaedia Britannica.

CHEVELLE by Chevrolet

How to make your vacation fly by...and like it!

Settle back in foam-cushioned comfort. Surround yourself with yards of soft vinyls, plush fabrics, foam-cushioned seats and door-to-door carpeting. Pick your power from a wide choice of economy and high performance engines. Fill the trunk with 27 cu. ft.—vacation

size—of whatever you want to carry. Leave a note for the milkman, and get out of town in a brand-new Chevelle! It's Trade 'N' Travel Time now at your Chevrolet dealer's. Why don't you two get together and make some vacation plans. Then, hit the road!

CHECK THE T-N-T DEALS ON CHEVROLET • CHEVELLE • CHEVY II • CORVAIR AND CORVETTE NOW AT YOUR CHEVROLET DEALER'S

DRINKS ARE ON HIM—Surrealist artist Salvador Dali, in Paris, sports what may be the only genuine cocktail-time coat on earth. It is spangled with cocktail glasses of all persuasions. The microscope, for those not in the know, symbolizes Dali's three-dimensional approach to art.

CULBERSON CHEVROLET, INC.

Dear Abby....

There Is No Nice Way To State Your Feeling!

By ABIGAIL VAN BUREN

DEAR ABBY: Yesterday I received a telephone call from a girl asking me to her prom. I had not even seen this girl in FOUR years, and to tell you the truth, it is not long enough. I never liked her because she was loud and forward, and besides, she used to stare at me in eighth grade, which gave my friends plenty to kid me about. I told her I couldn't take her to the prom because I had to work that night, which was true. After I hung up my mother asked me who the girl was. I told her in a nice way that it was none of her business, which it wasn't. Do you see anything wrong with that?

DEAR GROUNDED: Yes. There is no "nice" way to tell one's mother that something is none of her business. Even if it isn't.

DEAR ABBY: I myself would not inform a teacher when others are cheating. Any teacher who cares about what goes on in her classroom can catch cheaters with little effort. Cheating in school is dishonest, of course, but it is not to be compared with robbery, assault or murder. When one witnesses harm or violence done to another, he has a moral obligation to report the offender immediately. When one cheats in an examination, he is only cheating himself and damaging his own character and reputation. If he attempts to cash in on his ill-gotten marks, he will only prove to others that his fine

record was not earned because he will not know his subject. Don't back down, Abby: I think you were right. FORTY ONE YEARS ON THE BENCH

DEAR ABBY: I do not believe that very young children should "tattle" on one another for the slightest little thing. But when a student sees another student cheating during an examination, I think it is his duty to inform the teacher. Today the classrooms are so crowded, especially in the colleges and universities, we are told that students may get away with cheating, unnoticed. How would you like to lie down on an operating table and entrust your life to a surgeon who had cheated his way through medical school? D. N. C. (A Baltimore M.D.)

CONFIDENTIAL TO CINDY: In the early 1700's the English poet Edward Young wrote: "The maid that loves goes out to sea upon a shattered plank, and puts her trust in miracles for safety." Times have not changed.

Troubled? Write to Abby, Box 69700, Los Angeles, Calif., 90069. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif., 90069.

XI BETA CHI OFFICERS—Newly elected officers of XBC Chapter of Beta Sigma Phi left to right are Mrs. Dot Francis, city council representative; Mrs. B. M. McMullan, president; Mrs. Jerry Grayson, secretary; Mrs. Jim Meredith, treasurer; and Mrs. Chick Chittenden, vice president.

Dial A Supermarket For Painless Shopping

By PATRICIA McCORMACK

NEW YORK (UPI) — Dream, Gould, a native of Chicago, is best known for making a pretty beer bottle, that holds brew and looks like a vase. The bottle won the institute of design's coveted medal in 1962.

Many women are using the bottles for planters. Gould's interest in supermarkets comes partly from frustrations he and his wife have while shopping. "You dump things in the carts," he said, "and then you tug to get them out at the check-out counter. Meanwhile, you get pushed and bumped by the carts while attempting to bring home the bacon and other victuals. It's uncivilized!"

Ease Shopping Pains Between the time of the video phone—and the day you shop by dialing in the kitchen—automation via electronic calculators can be expected to ease shopping pains, according to Gould. All systems aim to make the supermarket cart go the way of the buggy whip.

Sample: Only one item of a kind is displayed. In front of it is a card, pre-punched in a way to give directions to a robot. You go through the store, pick out the cards identifying which merchandise you select. You go to a check-out counter, the cards are put in a machine and

you wait a bit. The merchandise is automatically delivered for you.

The sit-down method, almost as convenient as ordering by video phone, would work this way: You draw up a chair at a counter and press buttons. Each button activates a picture of merchandise you have in mind. When you want to order you press another button.

The machine does the work, giving orders the electronic way to stock boys on the second floor of the supermarket. They send the foodstuffs down a chute onto a conveyor belt and the bill and packages the groceries. Gould figures all of these changes and more must come about because the market place is in need of a revolution.

"Since our lives—or perhaps more accurately our wives—are in orbit around this place, we have nothing to lose by improving it," he said.

The Doctor Says

By WAYNE BRANDSTADT

Man has had a long battle with disease germs. Some of these germs have been vanquished. Others have merely gone into hiding and will strike again whenever we let down our guard.

Meanwhile, our success over many killers has made it possible for an ever-increasing proportion of the population to reach an advanced age. With old age, many persons become afflicted with chronic diseases; as these diseases weaken them, they become more susceptible to infections.

One of the factors that can upset the equilibrium is the attempt to eradicate certain infectious diseases from the population. Except in a few instances, this is virtually impossible. When anti-biotics are used they kill the weaker strains of disease germs and leave a clear field for the growth of more resistant strains.

As these resistant strains spread throughout the population they cause infections against which the old antibiotics are powerless. Hence the continued search for new antibiotics.

A more rational approach is seen in the use of the Sabin oral poliomyelitis vaccine, now widely used and shown to be 100 per cent safe. Unlike the killed vaccine, the new vaccine confers a lasting immunity.

The live but harmless virus used has the happy faculty of overgrowing and crowding out the disease-producing virus and at the same time building up antibodies against the lat-

ter in the blood of those who take it.

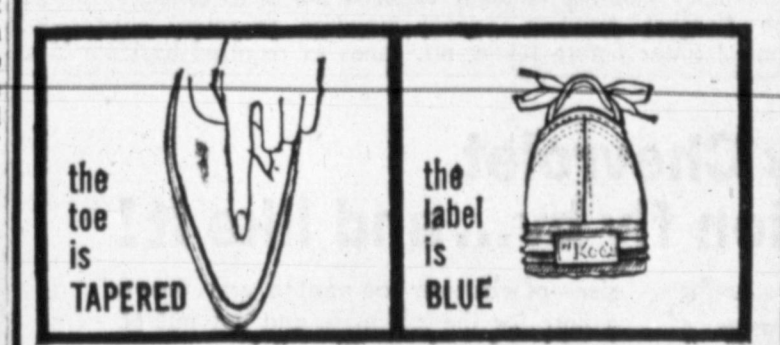

Instead of the eradication of poliomyelitis, this accomplishes a replacement of one virus strain by another one with which man can live in harmony.

In other words germs are here to stay. Man must learn to select and encourage the ones he can live with.

Q—What is a neuroblastoma? Is it a fast spreading tumor? How is it cured? Has anyone ever been cured?

A—Neuroblastoma is a malignant tumor that is seen in early childhood. It starts in the adrenal gland and spreads rapidly to other parts of the body. The cause is unknown. If it is recognized early and completely removed and if this is followed by deep X-ray treatment, about 25 per cent of these unfortunate children can be saved.

HI-POCKETS ANNUAL WATER-MELON EATING DERBY! IT'S TIME TO... Your Name... COLLECTION DAY, TODAY

Thousands of Families Are Being Surprised With Home-Baked Bread

The wonderful aroma of home-baked bread—not to mention its delicious taste—is with us again. Housewives by the thousands are surprising their families with bread and rolls warm from the oven, golden, crusty and irresistible. It's bread like grandma used to make, only there's none of the long mixing and kneading and hoping things would turn out right—which often they didn't. That part of the bread-making process has been taken over, lock, stock and flour-sifting, by the Morton Frozen Food people.

The return to home-baked bread has been made possible by the introduction here of Morton's "Home-Bake" frozen dough. With it, the home-maker simply lets the dough thaw and rise, pops it into a pan, and bakes it for 35 minutes. Easy as pie? Actually, a lot easier than pie.

The wildfire success of "Home-Bake" bread has been one of the great success stories of the food industry and an unexpected one. As a matter of fact, the Morton people opened their campaign to sell frozen bread dough rather timidly. Wasn't homemade bread as forgotten as buggy whips? And what about the millions of kids who had never experienced the taste and perfume of a loaf fresh from the oven?

And so they gingerly tried it out in Denver. When Colorado housewives snapped it up as fast as it could be popped into the freezer, Morton tested it in Northern New York State and Ohio. Same happy result and same happy customers.

Now it is being marketed here, and in other cities around the country.

Morton's "Home-Bake" bread dough is packed in three one-pound loaves of dough which may be stored in the freezer. There is nothing tricky about baking the bread. The frozen dough is placed in a greased bread pan, the surface is brushed with butter or shortening, and the pan is covered lightly. Then the dough is encouraged to rise.

This can be done in any of three ways: Simplest is to put the pan in the refrigerator ov-

Couple Sets Wedding Date

Diane Cook, daughter of Mr. and Mrs. William H. Cook, El Paso, and Charles D. Warren, son of Mr. and Mrs. Robert E. Warren Jr., Pampa, will be married June 6 at 7:30 p.m. in the Central Baptist Church.

Friends of the couple are invited to attend. A reception will follow the ceremony.

Packaged lemonade mixes with sugar or sugar substitute make up in seconds to 1 quart of chilled beverage, by adding ice cubes and water. Both have vitamin C added. (Twist).

Christian Crusade Opens Here Tonight

The Christian Crusade, led by Dr. Billy James Hargis, opens in Pampa tonight at 7:30 in the Robert E. Lee Junior High School.

Hargis will speak on "The Enemy Within—The Far Left."

He will be accompanied by Carlos Bringuier, refugee from Cuba under Castro. Bringuier will speak on the future of Cuba and "Oswald, a Castro Agent in the United States."

Below are several excerpts from Hargis's speech prepared for delivery tonight:

"The time is at hand to strike a blow for Christ's Gospel and for freedom by breaking the back of so-called 'respectable' social-do-good organizations which are actually doing the bidding of the Kremlin, whether they actually know it or not—whether they take direct orders from U. S. Communists, knowingly, or whether they allow themselves to be brainwashed into thinking that anything is for the good of the Na-

tion, as long as it is not pro-American, nor conservatively fundamental.

It is time to take full measure of communist-fronters, socialists and of the theologically-apostate leaders of the would-be voice of Protestantism. The National Council of Churches, whose policies and pronouncements in no way represent the Christ of our Bible and who have announced their support of an invasion of the Southland this summer by one thousand trained agitators, bent on creating as much havoc as they can get away with and all under the guise of a campaign for civil rights.

Complementing this racial agitation will be what The Harvard Crimson—Harvard University's daily newspaper—has described as an invasion by militant young negroes of the NAACP and SNCC. In its issue of March 11, The Crimson attributes to Claude Weaver, SNCC worker and Harvard student recently released from jail in Jackson, a statement that "Negroes might start killing the white people in Mississippi pretty soon."

"Yes," Weaver is quoted as saying, "if we wanted to get a small Mau Mau going, it would not be difficult. . . . Might be a nice summer project."

Add to these revolutionary schemes of our leading Protestant leaders their current effort in Washington, D. C. to pass the obvious socialistic proposal called the Civil Rights Bill. Although they are defying the laws of the land that govern "tax exempt" church-related groups such as themselves, which clearly prohibit lobbying by such groups in the nation's capital, a small army of lobbyists representing the National Council is stalking the corridors on Capitol Hill button-holing Senators, coercing them to support the so-called Civil Rights Bill.

The meeting is open to the public and admission is free.

The system of Troy weights derives its name from the town of Troyes, France.

COLLEGE DAZE—The beauty crop this spring looks good. These coeds from Northern Illinois University in De Kalb are three finalists in the campus' annual Miss Northern contest. They are, from the left, Diane Check, Elizabeth Whitney and Dorothy Close.

Hot-Tempered Hood Goes on List of FBI

WASHINGTON (UPI)—The FBI today placed Edward Newton Nivens, a hot-tempered armed robber and pistol marksman, on its list of 10 most wanted criminals.

Nivens has been hunted by police since March 1, 1963, when he seized \$375 from a Toledo, Ohio, bar and shot down a customer who tried to pursue him. He later commandeered a passing auto at gunpoint and escaped.

The FBI described the 42-year-old fugitive as "a nervous, hot-headed loudmouth who has few friends." It said he must be "considered armed and extremely dangerous."

The Toledo holdup occurred less than two months after Nivens had been released from a federal penitentiary in Michigan where he had served a sentence for auto theft.

Prior to that, the wanted man had been imprisoned in Maryland for armed robbery.

and Mississippi for forgery. According to the FBI, Nivens is known as an expert pistol shot and claims to have been a firearms instructor during a hitch in the Army.

He is said to associate with sexual perverts of both sexes and to frequent establishments catering to such deviates. Nivens also is reported to be a heavy drinker and an avid gambler.

Unsubstantiated records list him as a native of York, S. C. He stands 5 feet, 10 1/2 inches tall, weighs between 155 and 165 pounds, has a medium build and complexion, blue eyes and black hair which is graying and balding.

Other identifying features are scars on his left eyebrow, right eyelid, under his chin and on his right thumb. He has worked in the past as a salesman and truck driver.

Foreign Commentary

By PHIL NEWSOM
UPI Foreign News Analyst

Since 1954 the United States has known what it wanted for Laos but not how to get it. In that same 10 years, the Communists and their Laotian arm, the Pathet Lao, also have known what they wanted and have pursued with success a line alternating between military pressures and the propaganda forum afforded by international conferences.

The United States is on record as saying that it will not stand by and see Laos, the strategic heart of Southeast Asia, turned over to the Communists.

But as time goes by, with two-thirds or more of Laos now in Communist hands, the choice seems to become more and more distressingly simple.

Two Choices Possible
Either the United States can admit that its policy in Laos has been a failure or it can send U. S. troops to Laos and thus risk the possibility of a head-on clash with Red China.

The United States dilemma becomes the more unpleasant in the light of the positions taken by the Soviet Union and France, both of whom have declared themselves in favor of a recall of the 14-nation Geneva conference which in 1962 established Laotian neutrality.

The United States opposes such a recall on the grounds that the mechanics for enforcement of Laos's neutrality already exist in the original Geneva accords.

But with two much talk and too little action, the United States also runs the danger of new application of the "paper tiger" tag used by the Red Chinese to ridicule U. S. military determination.

Show Of Force
A show of U. S. force which sent American troops into Thailand and the U. S. 7th Fleet into the Gulf of Siam in 1962 presumably influenced the Communists against a threat then to overrun the whole of Laos.

But there is considerable doubt that such a show would influence the Communists now.

particularly without any restraining force from the Soviet Union and if they really have made up their minds.

With Russian influence practically eliminated in Laos and with the Red Chinese running the show, the Communists' own immediate intentions also remain in doubt.

Not always clearly pointed out in news dispatches is the fact that whatever the final decision for Laos, the stake remains the whole of Southeast Asia.

County Wants Man To Cash Its Check

DALLAS (UPI)—Asst. Dist. Atty. Ted Robertson set out today to ask a property owner to please cash a county check issued 16 months ago for some condemned land to widen a street.

County records are getting fouled up because the payment is still outstanding. The check is for \$78,000.

Casting Under Way for Show

CANYON (Spl) — The call is out for men and women of the Panhandle to be used as extras in group shots and as horsemen and women in the Fandangle to be given in the Palo Duro State Park June 11-12-13.

Robert Nail, Fandangle's director, says the main singing and dancing parts will be filled by men and women of the original Albany company who have been rehearsing for many months.

However, much of the colorful spectacle will depend upon people who will wear the authentic western costumes of settlers, cowboys, ranchers and Indians walking and riding across the stage who will be recruited here.

"Rehearsal time is so limited," says Nail, "that all try-outs will be made by appointment." Write immediately to Fandangle, Box 268, Canyon, for an appointment to try out for this delightful musical show.

"Anyone accepted for the cast must expect to be available for afternoon and evening rehearsal from June 1 until the show goes on," he said.

JUST TESTING—Rita Goede, of Lima, Ohio, tests temperature of a local stream for early summer wading possibilities.

Broad Study Set on Drugs By Government

WASHINGTON (UPI)—The government announced Wednesday it will insist on a broad-scale review of drugs placed on the market from 1938 to mid-1963 to make sure they are safe and effective for human use.

The Food and Drug Administration (FDA), overruling objections from the drug industry, issued sweeping new regulations to enforce the tougher 1962 drug control law.

Before this law was passed, new drugs were cleared on the basis of safety alone. Now they must be shown to be effective for their intended purpose by sound medical evidence.

Today's regulations apply to all drugs for human use that were cleared under the 1938 Food, Drug and Cosmetic Act until new reporting and review procedures took effect last June 20.

57TH YEAR THURSDAY, MAY 23, 1964 17

Bo Belinsky Back, Stops Minnesota, 4-1

By United Press International
Bo Belinsky insists he's strictly business now and the Minnesota Twins and Bill (The Derrick) Rigney believe him. Rigney, the manager of the Los Angeles Angels who yanks his pitchers at the drop of a hat, was so impressed by Belinsky's performance Wednesday night against the Twins, that he allowed the errant lefthander to pitch the full nine innings. That might not sound like much of a reward, but from Rigney it is a supreme compliment. It was only the fourth time this season that an Angels starter has gone the distance—low mark in the majors. Belinsky allowed seven hits, fanned eight and did not walk a man while stopping the hard-hitting Twins, 4-1, in the first game of a doubleheader. Don Mincher's seventh home run in the 13th inning gave the Twins the nightcap victory, 4-3. The victory was the second for Belinsky against two defeats, and gave him his first complete game triumph since Sept. 19, 1963.

Stigman Gets Win
Dick Stigman, (1-3) the third Minnesota pitcher, won the nightcap, while Don Lee (2-1), who worked the last five innings, was the loser. Harmon Killebrew hit his 13th homer in the opener and Bob Allison connected for his 11th in the second game for Minnesota. Lee Thomas singled home what proved to be the winning run in the third inning of the first game after the Angels had scored in the second inning on a wild pitch by loser Lee Stange (1-4).

In other American League games, Detroit defeated Baltimore, 6-3; New York stopped Cleveland 7-2; Washington edged Boston in 11 innings, 9-8, and a doubleheader between the Chicago White Sox and the Athletics at Kansas City was a

Final Testing For 500 Up

INDIANAPOLIS (UPI)—Final testing of the 33 race cars which will run in Saturday's 500 mile race was slated today when the track will be open for two hours for the last workouts for both machines and men. Every one of the qualified cars was expected to get on the 2½ mile asphalt and brick surface for at least two runs of the oval, checking handling characteristics with full fuel loads as well as carburetor adjustments to get maximum speed and mileage. Mileage could be a more important factor than usual this year since almost every pilot figured to go the distance with no more than one pit stop for fuel and perhaps tires.

Gal Golfers In Zaharias Open

BEAUMONT, Tex. (UPI)—Thirty-five women professional golfers, including defending champion Mickey Wright, will tee off Friday in the \$8,500, 54-hole Babe Didrickson Zaharias Women's Open golf tournament at Beaumont Country Club. Miss Wright has won four titles on the current women's tour. She won the Zaharias Open last year with a record, 10-under-par 209. The main competition for Miss Wright is Betsy Rawls, champion at Dallas last week. Miss Rawls has won the Zaharias Open twice and has been co-champion once.

Rebels Open Play Tonight At Stinnett

The Pampa Rebels will make a determined bid this year for the state American Legion Championship that has eluded them for the past eight years by inches, with one of the strongest veteran crews they have ever assembled.

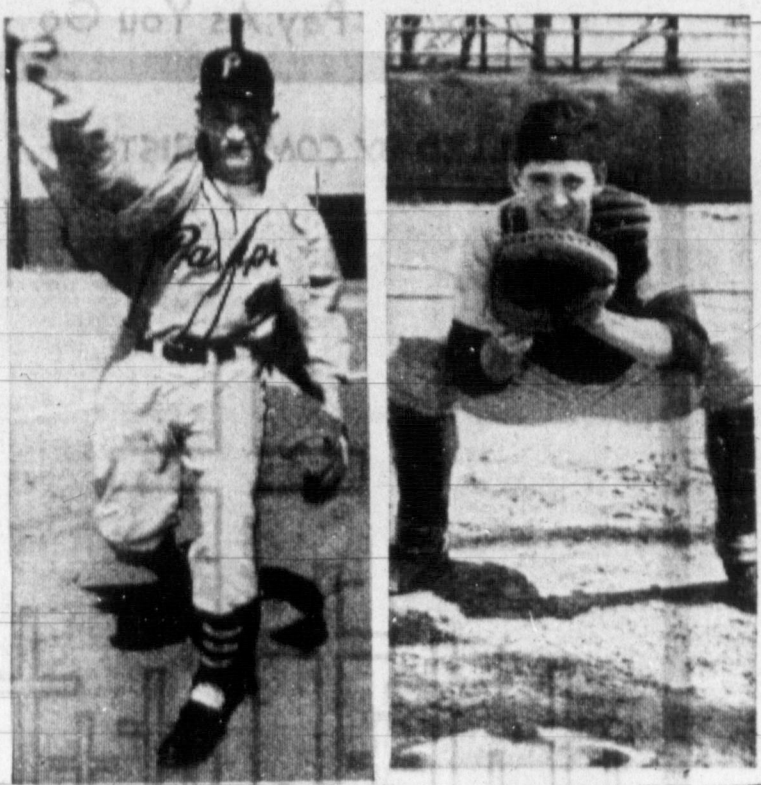

Coaches Harold Gregory and Jeff Cohane return, joined by coach Jess Middleton, who aided the Pampa Colts last season, as well as 12 of last year's squad which finished with an 18-3 season record, second to state finalist Tascosa in district 18 and winners of the Level-land Tournament.

The Rebels lose their strongest hitter in all-regional Kenny Hebert, who will either play with the Colts or in Houston this summer, as well as relief ace Blazin' Bobby Pries who also joins the Colts. Eugene "El Bandida" Madrid, left fielder last year, and benchman Doug Scaggs will also not return.

Coming back are four pitchers who compiled 17 wins between them, headed by Jerry Garrison, all-tournament with a 6-1 record, three of the wins in tourney play; Jim Arthur, 5-2 and also all-tournament; and Carl Harnsberger, 6-0 on the season; as well as righthanded relief ace Ronnie Curlee.

Also trying for a pitching berth are three promising sophomores who saw limited experience with the high school team. Ray Harper, Bud Hammons and Larry Daniels.

The catcher's berth will again be occupied by rifle-armed Lar-

ROY HARPER — LARRY DANIELS
... probable starting battery

ry "Shotgun" Gregory, all-tournament and all-district in high school. Seeking the number two catcher's post are Daniels, Harper and Lynn "Squirrel" Heller.

Steve Molberg, all-district first baseman will again occupy the initial sack, Rick Stewart will be on second, Kyle Vann at short and Phil Smith will be out for third base, with Hammons seeking relief first base and sophomores Jimmy Moore, Heller, Daniels, Phil Massie and Harper utility berths.

Two regular outfielders return, Ricky Maynard, who also doubles in brass at first base and catcher, and Ronnie Oler. Ricky Goodwin will be out from the high school team, as well as Jerry Simpson, utility man for the Rebels last year, Heller and big freshman James Matney.

The perennial contenders will be strong favorites for the north

zone title, playing Berger, Perryton, Dumas, Canyon and Vega, and will host the district 18 tournament here July 16-18. In addition to the 10 district games and playoffs, the Rebels have the heaviest schedule in their history, with 10 games with strong Oklahoma teams, pre-district tilts with Berger and Stinnett and several with old Amarillo foes, as well as the traditional game with the Colts.

The Rebels open the season Thursday night at Stinnett, in a game primarily for tryouts of the newcomers and veterans who need practice. Harper, Daniels and Hammons are the probable pitchers.

A doubleheader Sunday hosts the Amarillo Sandies, with Arthur and Harnsberger slated for pitching duties and Curlee standing by. The Rebels then host Woodward, Okla. Wednesday night, with Garrison the probable starter. District play will open at Optimist Park June 6, with Pampa hosting Canyon in the afternoon and Perryton at night, and Arthur and Harnsberger again the probable pitchers.

Sporting Sidelines

by JEFF COHANE

FROM THIS CORNER, it seems as if Pete Rozelle is missing a golden opportunity to knock off the opposition again.

Rozelle, the commissioner of the National Football League, has consistently turned down challenges by Joe Foss, his opposite number in the AFL, to play an inter-league game. Boasts, threats, innuendoes and offers to turn the proceeds over to charity have absolutely no effect on Rozelle, who apparently figures if he ignores the AFL long enough, it will go away. The trouble is, after four years, even Rozelle should admit that the AFL shows little likelihood of going away. More than that, by the NFL's refusal to play them, they gain stature.

There seems little doubt in professional observers' opinions that the AFL is here to stay. However, there seems little doubt that they are not yet in a class with the NFL as far as caliber and depth of players goes.

Eventually, the AFL may be just as good overall as the NFL, but right now they are not. Although they have gotten some of the finest players, depth-wise the NFL usually grabs off more good rookies. Then, the NFL had and still has the bulk of long-established and proven stars. While the AFL has some standouts of its own, such as Keith Lincoln of the San Diego Chargers, most of its top players are NFL cast-offs, those who flunked out, were cut, were over the hill, etc.

As long as a large proportion of its stars are former NFLers who could no longer make the grade, and as long as the AFL snaps up rookies cut by the NFL, they cannot be considered as strong. (We have yet to hear of the NFL picking up a player that has been dropped by the AFL.)

So...there appears little doubt that the NFL could clobber the AFL in a contest...the Americans just don't have the overall ability yet to cope with Brown, Taylor, Hornung, etc.

Thus we cannot understand why the NFL does not take up the challenge. A bad beating by them would ruin the AFL...a minor league with a long way to go before they achieve major status. This would seem a far better way for Rozelle to get rid of the annoyance than by burying his head in the sand and ignoring the whole thing.

Unless...perhaps the experts are wrong and the NFL is afraid its prestige would be lowered by the AFL beating it. In that case, it is going to happen sooner or later, why not join 'em rather than fight 'em? It would be a lot more profitable

that way.

PRELIMINARY REPORTS from the Pampa Optimist Club are that Pepper Martin, "the Wild Horse of the Osage," will be the guest star at the big baseball festivities scheduled June 8. Pepper was one of the truly great players of the 1930s and early '40s. One of the original St. Louis Cardinal "G-shouse Gang," Martin was supposed to be the only man with more screwball stunts up his sleeve than Dizzy Dean. In addition to that, the fiery third baseman-outfielder was one of the great clutch men who led the Cards to several World Series victories with his hitting and unforgettable belly-whopper slides. Pepper is reputed to talk the way he plays baseball, which should make for interesting Hot Stove talk for the old-timers and lessons for the youngsters.

Unknown Leads In Festival Open

INDIANAPOLIS, Ind. (UPI)—George Archer, an unheralded first-year pro from California, today led a tightly bunched field into the second round of the \$70,000 Festival Open golf tournament, with par taking its usual beating.

Sixty-six of the 159 entrants equalled or bettered par 71 over the inviting Speedway course Wednesday and the 24-year-old Archer, last year's Trans-Mississippi Amateur champion, paced them all with a sizzling seven under-par 64.

Hot on his heels were Joe Campbell, Peridod Bay, Fla., and Harold Kneese, a drawing South Carolinian, both with 65. Just one shot back of them were a trio of seasoned veterans — Doug Sanders, Kel Nagle and long-hitting George Bayer.

By this evening, only the low 90 and tied will be left to go Friday's third round of the four-day grind with \$12,000 going to the winner. Archer knocked in birdie putts of 6, 11 and 13 feet to start the back nine, curled in a 40-foot par on 15, hit an eight-iron to within 8 feet of the pin for another bird on 16, blasted a wedge to within 3 feet of the cup on 17 and canned an 18-foot putt for still another sub-par hole on 18.

His only flaw was on the third hole where he three-putted from 60 feet.

Jack Nicklaus, the tour's leading money winner, had to settle for a one-over-par 72 while defending champion Dew Finsterwald and South Africa's Gary Player started today's six strokes off the pace with 70s.

Joe Nuxhall Highlights Outstanding Hurling

By United Press International
Old warrior Joe Nuxhall keeps finding himself in the middle of unusual situations this season, but always comes out the winner.

The Cincinnati lefthander concluded a rare day for National League pitchers by blanking Sandy Koufax and the Los Angeles Dodgers, 1-0, Wednesday night for his third shutout of the season.

His victory marked the fifth complete-game triumph of the day for National League hurlers, and none of them allowed more than one run.

But the 35-year-old Nuxhall must have felt a little strange in the company of the other victors — all members of stripping, fastball set.

—Art Mahaffey, 26, shut out Pittsburgh on four hits, 2-0, to keep the Philadelphia Phillies in first place.

Fisher Blanks Colts

Holiday Pair To Open NFL

NEW YORK (UPI)—A Labor Day weekend doubleheader in Cleveland, featuring the Detroit Lions vs. the New York Giants and the Browns vs. the Green Bay Packers, heads a 35-game pre-season schedule announced Wednesday for the National Football League.

All but five of the games will be at night and all league cities except Baltimore, Pittsburgh and New York will host one game. Fifteen non-league cities also will have pre-season games.

The world champion Chicago Bears will open the schedule Friday night, Aug. 7, against the College All-Stars at Soldier Field in Chicago and six other games will follow that weekend.

Fight Results
By United Press International
MIAMI BEACH, Fla. (UPI)—Tony Alongi, 205, Hollywood, Fla., stopped Al Gonzalez, 210½, Mexico (3); Doug Vailant, 142½, Cuba, stopped Joe Murchinson, 140, Jacksonville, Fla. (6).

—Hank Fischer, 24, blanked as a result of a fourth-inning error by first baseman Rusty Staub. It was Brown's fifth loss and the Colts have given him only two runs in the five games.

—Juan Marichal, 27, pitched over the St. Louis Cardinals.

—Dick Ellsworth, 24, of the Chicago Cubs scattered seven singles to set down the New York Mets, 7-1.

"I'm always winning the odd-ball games," Nuxhall said. "We didn't get a hit when I beat Houston, (Ken Johnson's no-hitter), and a couple of weeks ago.

The guy who scores the winning run gets on base when a catcher drops a third strike. Then last night we only got three hits and beat Koufax on a blooper."

The blooper was hit by Vada Pinson in the first inning following a walk to Pete Rose and Tommy Harper's infield single. It drove home the only run of the game and evened Koufax's record at 4-4.

Outduels Brown
Fischer (5-2) outduelled Skiny Brown, who gave up just two hits in seven innings before being lifted for a pinchhitter. Milwaukee scored both its runs

Chuck Hiller and Duke Snider — the first two men to bat in the game — hit home runs for enough to hand the Cardinals' Bob Gibson (4-1) his first defeat. Ken Boyer reached Marichal (7-1) for his seventh homer in the second inning but the Giants righthander was in command the rest of the way, striking out 11.

Dick Schofield, who doubled twice, was the only batter to get past first base against Mahaffey (3-2). The Phillies did their scoring in the fourth off loser Bob Friend (4-4) on doubles by Clay Dalrymple and Cookie Rojas, and a single by rookie Richie Allen.

Ellsworth silenced the upstart Mets, who had pounded the Cubs for 23 hits and 19 runs Thursday, improving his record to 5-4. Billy Williams raised his league-leading batting average to .396 with a single in two trips to the plate. He walked three times.

Have you seen this woman on TV?

"I got about 2 more miles per gallon," reported Mrs. Viola Le Pard. "I continued using Keatone because mileage was increased, and the car ran smoother with it." Skelly cannot guarantee you the same results. But you can get the same additive, Keatone, in Skelly Keatone Gasoline. Try 3 tankfuls and see what Keatone can do in your car. Keatone the additive so different its use is patented by Skelly.

U.S. Dept. Job Good Fairy

By law, the federal government may not go into debt beyond \$275 billion. It's been a long time since the national debt was anywhere near that modest figure.

This year the Treasury expects the debt to amount to \$311 billion by June 30th, which is the last day of fiscal year 1964.

Now the Treasury wants a new ceiling (hopefully to cover the entire year) of at least \$320 billion — the extra \$9 billion to cover necessary borrowing requirements for the first half of fiscal 1965.

Big Brother Knows Best

Whether you like it or whether you don't, pretty soon the television set you buy must have 84 channels, by government edict.

As soon as inventories are cleared from dealers' shelves, there will be no more 13-channel television sets. All must have 84 channels.

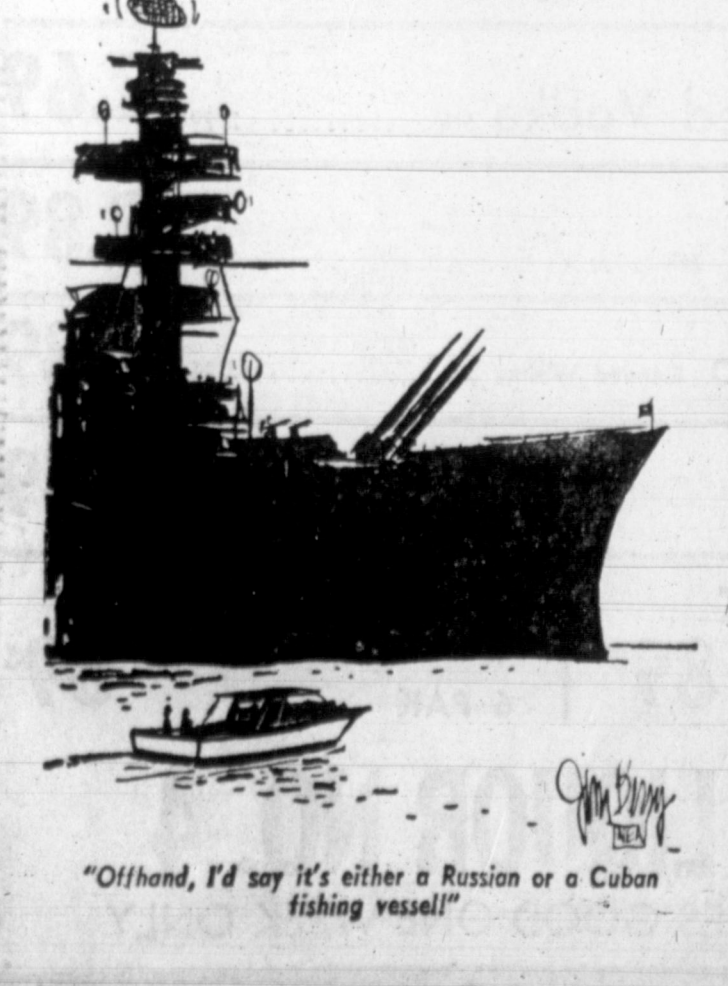

There are quite a few areas in the nation with no channels above 13. There are other areas which do have other channels, and some people are buying sets with all 84 channels.

But the preference of people and their need for the UHF channels will make no difference. The Federal Communications Commission has decreed that future sets must provide

Free Press in Action

Alex Washburn, publisher of the Hope, Arkansas, Star, opposes the construction of a \$500,000 federal building for a new post office in his town.

What concerns Mr. Washburn is that Hope, Arkansas, is just one of thousands of similar communities around the country which, though prosperous enough, have not experienced marked growth or material change in many years.

"Offhand, I'd say it's either a Russian or a Cuban fishing vessel!"

By THURMAN SENSING

STATUS FOR THE SLOTHFUL

Speaking in Chicago last year, an economist by the name of Robert Theobald advanced the extraordinary notion that people ought to receive an income whether or not they work.

But these days absurdities have no trouble finding a sponsor. In this case, something called "The Ad Hoc Committee For A Triple Revolution" dredged up the same theme in late March.

Not surprisingly, Mr. Theobald is a member of the committee. The public should familiarize itself, however, with some of the other members of the committee.

Or could it also be a feat of political prestidigitation — the congressmen hoping that their constituents will watch the frantically waving right hand of economy and not notice what the quiet left hand of spending is doing?

Even if the plan had a better type of sponsor, it would still be without a logical foundation.

"Rightwinger" — anyone to the right of Lyndon Johnson.

"Leftwinger" — anyone to the left of Nikita Khrushchev.

"Middle of the road" — anyone between LBJ and NK.

"Moderate" — someone who believes in giving the people some freedom, but not too much.

"Conservative" — a man who talks about freedom (generally a popular fellow).

"Ultra-conservative" — a man who talks about freedom, but then commits the unforgivable sin of practicing what he preaches.

"Reactionary" — a man who believes that people can run their own lives better than politicians can run them for them.

"Extremist" — a man who believes that the government should not do anything that isn't authorized in the Constitution.

"Freedom" — The right of people to do what the politician thinks they should.

"Ultra-ultra-conservative" — a man who talks about freedom, but then commits the unforgivable sin of practicing what he preaches.

"Ultra-ultra-conservative" — a man who talks about freedom, but then commits the unforgivable sin of practicing what he preaches.

The American Way Pull Up A Chair

By HARRY BROWNE A VOTER'S GUIDE TO POLITICAL DOUBLETALK

"Enlightened conservative" — a man who talks about freedom, but who always votes for more governmental power.

"Responsible statesman" — a politician who always votes to take away the people's money and spend it on projects he personally approves of.

"Man with a heart" — a politician who has no reluctance to spend all of the taxpayer's money.

"Promotion of the general welfare" — an increase in the politician's power.

"We will take from the 'haves'..." — (that's you)... and give to the 'have-nots'... (that's somebody else).

"Public works" — projects that have never previously been undertaken because everyone who would have had to spend money on them knew they were impractical.

"The real issue" — the politician's desire to get reelected.

"If after defining all of the candidate's words, you're still confused, then don't worry. After all, what difference does it make? These politically motivated men are unimportant. After all, they only control the \$2,000 or so that you pay yearly in federal taxes.

"Doesn't that make you feel secure?"

"HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

(FEDERAL) Rep. Walter Rogers, House Office Bldg., Washington 25, D. C. Sen. Ralph Yarborough, Senate Bldg., Washington 25, D. C. Sen. John Tower, Senate Office Bldg., Washington 25, D. C.

(STATE) Rep. Grainger Melhoy, House Bldg., Austin, Texas Sen. Grady Hazenwood, Senate Bldg., Austin, Texas.

This and That

Crossword puzzle grid with clues for Across and Down words.

Around the World

By Robert Morris CALIFORNIA AND 1964

Here in Los Angeles, the voters are bracing themselves for one of the liveliest political battles of 1964 — the June 2 primary between Senator Barry M. Goldwater and Governor Nelson A. Rockefeller.

By 1961, the resistance movement was spreading across the land, only to be doused by a well-coordinated campaign that fell by some of the leading communications media in the country.

But Los Angeles is bristling now. The lines have been drawn. Old antagonists are entering the fray.

There is little doubt that were the issue here solely between Senator Goldwater and Governor Rockefeller, then the Senator would win, because enthusiasm for the Governor is not strong, at least in the Southern sector of the State.

But other questions are involved now. The big one just raised is: can the supporters of Ambassador Lodge and former Governor Stassen be convinced that they should vote for Rockefeller in a large desperate effort to stop Goldwater. I see plenty of evidence that it is being tried, extensively.

At the same time, I see evidence that former Vice-President Richard M. Nixon is, correctly and strategically, disassociating himself from the Lodge-Stassen switch. Nixon is giving no encouragement to his supporters to vote for Governor Rockefeller, and without Nixon's numerous supporters the "stop-Goldwater" effort will be seriously hobbled.

The outside-of-the-state support for Ambassador Lodge seems very powerful. This is so even though the Ambassador has a long orientation toward the State Department in three successive administrations and hence could, only with the greatest difficulty, challenge the Stevenson-Rusk foreign policy which promises to be the best issue for the Republicans in 1964.

The outcome here in California promises to have great impact on the great political decision of 1964.

Now You Know By United Press International In 1705, Englishman Thomas Newcomen invented an engine which used steam to move a water pump piston and which was the basis for later improvements by James Watt, father of the "steam age," according to Reviewing World History.

A headline in the Miami (Fla.) Herald: "Being On Edge You Get Sharp — Up To A Point." Nothing dull about that one!

Country Editor speaking: "The average American father is a man who wears out a pair of shoes while his teen-age son wears out a set of tires."

Legal Publication

ORDINANCE NO. 607 AN ORDINANCE PROHIBITING DOGS FROM RUNNING AT LARGE ON PUBLIC OR PRIVATE PROPERTY...

SECTION I For the purpose of this ordinance the following words shall have the following meanings: "Dog" shall mean both the male and female.

SECTION II It shall be the duty of every owner of any dog to allow such dog to be "at large" within the corporate limits of the City of Pampa.

SECTION III It shall be the duty of the dog catcher or his designated deputies upon receiving any dog, to make a complete entry, entering the breed, color and sex of such dog and vaccination record and other information attached to the dog, if any, and place and time of taking into custody of the dog.

SECTION IV The owner of any dog impounded may redeem such dog at any time prior to sale or within three (3) days after posting such notice.

SECTION V No owner shall be liable for any dog over the age of six (6) months within the city limits unless the dog shall have been vaccinated by a licensed veterinarian with anti-rabies vaccine within the last twelve (12) months.

SECTION VI That within ten (10) days after any dog has been placed in the City Court, a notice describing said dog and the provisions of this ordinance shall be posted, near the entrance to the City Hall, a notice describing said dog and the provisions of this ordinance shall be posted, near the entrance to the City Hall, a notice describing said dog and the provisions of this ordinance shall be posted, near the entrance to the City Hall.

SECTION VII That at any time within thirty (30) days from the date of the sale of the dog, the owner shall have the right to redeem the same by paying to the purchaser thereof double the amount paid for the purchase of such dog, and his reasonable expenses incurred in keeping the same.

SECTION VIII That if any owner who shall violate any provision of this ordinance is declared guilty of a misdemeanor, then in addition to the fine and costs, and if it is the intention of the City Council in passing this ordinance that all other parts of this ordinance shall not be affected thereby shall remain in full force and effect.

SECTION IX That any owner who shall violate any provision of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not more than Two Hundred (\$200.00) Dollars, and each and every day of such violation shall be deemed a separate offense.

SECTION X That Ordinance Numbers 187, 147, 181, 235, 429, 431 and all parts of ordinance in conflict herewith are hereby repealed.

PASSED ON ITS first reading, this 24th day of April, 1964. PASSED ON ITS second reading, this 24th day of April, 1964. PASSED ON ITS third reading, this 12th day of May, 1964.

Legal Publication

MOTION STATES
IN THE UNITED STATES DISTRICT COURT
For the Northern District of Texas
No. 2184 Civil
United States of America vs. An article of hazardous substance consisting of 71 one-gallon cans and 6 five-gallon cans, more or less, an article labeled in part (leaf) "X-33 Water Repellent" Clear Formulated from Dupont Tylon Organic Filanate—Wilmington Chemical Corporation, Chicago 10, Illinois.

In obedience to a Warrant of Seizure directed, in the above-entitled cause, I have seized and taken into my possession the following-described merchandise to-wit: 71 one-gallon cans and 6 five-gallon cans and 285-gallon drums of an article labeled in part (leaf) "X-33 Water Repellent" Clear Formulated from Dupont Tylon Organic Filanate. For the causes set forth in the libel now pending in the U.S. District Court for the Northern District of Texas, at Amarillo, I hereby give notice to all persons claiming the said described merchandise, or knowing or having any right to say who the owner is, to appear before me and defend the same, and to make a claim for the same, and to make their allegations in that behalf.

Robert I. Nash, U.S. Marshal
Northern District of Texas
By Glen H. Beverly, Deputy
May 28, June 4-11-13

Notice is hereby given by the Parks and Wildlife Department that a public hearing will be held at 2:00 p.m. on June 19, 1964, at the County Courthouse at Pampa, Gray County, Texas, for the purpose of gathering information concerning proposed hunting, fishing and trapping regulations for the above mentioned county.
May 29

NOTICE
THE STATE OF TEXAS
COUNTY OF GRAY
NOTICE is hereby given that a hearing will be held on the 3rd day of June, 1964, at 10:00 a.m. in the County Court at the County Courthouse of the above named County in Pampa, Texas on the application of the hereinafter named owner—for a license to sell beer at retail at a location not heretofore licensed. The substance of said application is as follows:

1. Type of license or permit. Wine and Beer Retailers Permit.
2. Exact location of business 1100 E. Frederic, Pampa, Texas.
3. Name of Owners A. Floyd Strickland.
4. Assumed or trade name Black Gold Restaurant.

Any person shall be permitted to contest the facts stated in said application and the applicant's right to secure said license or permit upon giving security for costs as provided by law.

WITNESS MY HAND this 27th day of May, 1964.
CHARLIE THUT
County Clerk Gray County, Texas
(Signed) By Wanda Carter, Deputy
May 28-29.
