NEW "DEPUTY" — Arnold K. Brown of London, Eng., banking executive and nephew of Pampa pioneer M. K. Brown, became a Gray County deputy sheriff in ceremonies held yesterday in the court house. Arnold was presented with a certificate and a badge by Sheriff Rufe Jordan. It was an honorary title bestowed on Arnold who last visited Pampa some 35 years ago. The London Brown, center, takes the oath, administered by Jordan, while the Pampa Brown looks on.

McNamara Sees Long War in Viet

Soldiers Break Up Race Clash

By United Press International
A civil rights demonstration erupted into a bottle-throwing clash between 200 whites and Negroes Wednesday night in racially tense Cambridge, Md. National Guardsmen, enforcing limited martial law in the Maryland fishing town, filed down the center of the street—wearing gas masks and flashing bared bayonets. The crowds dispersed. Guardsmen earlier in the day had broken up a march by 150 demonstrators. The soldiers Monday night had been forced to fire tear gas to quell an unruly demonstration. The Cambridge Non-Violent Action Committee charged in a statement Wednesday that the gas seeped into a Negro home and caused the death of two-month-old Rudolph Perry Jr. An autopsy was to be performed on the infant today by Maryland's chief medical examiner.

Prairie Dogs to Be Frankfurters, But Sans Mustard

FRANKFURT, Germany (UPI) — Nineteen Texas prairie dogs become Frankfurters Friday. They aren't going from the prairie into the pot. They're coming to Frankfurt, Germany from Lubbock. On their arrival here, they'll be put in the Zoologischer Garten, one of the world's oldest zoos. They were captured at "prairie dog town," a honeycomb of warrens at MacKenzie State Park near Lubbock, and started their trip by air Wednesday. It was the second such shipment. A group of prairie dogs was sent to the King of Morocco five years ago.

Secretary Welcomes Congress' Questions

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara, predicting a long, hard war in Viet Nam, said today that he would "be very happy" to brief Congress on the progress of that anti-Communist struggle. On his return from a 30-hour visit in Saigon, McNamara was asked whether he thought renewed congressional inquiry into the war would serve a useful purpose. The House armed service committee plans to call McNamara to testify, particularly concerning the quality of U.S. aircraft and other equipment in use in South Viet Nam.

MOVES UP — Rep. George H. Mahon (D-Tex.) climaxed a 20-year career in Congress by becoming head of the powerful house appropriations committee. Mahon, a 63-year-old veteran committee member, moved up to chairman because of the death of chairman Clarence Cannon (D-Mo.), whose funeral was scheduled today.

GOP Lawmakers Find Poverty on LBJ Farm

WASHINGTON (UPI) — Two Republican congressmen said today they found shocking squalor on Alabama farm land owned by Mrs. Lyndon B. Johnson. "If the President is sincere in his poverty program, he should have demonstrated his sincerity a long time ago by assisting these people who are living in such deplorable conditions on the Johnson land in Alabama," Rep. Dave Martin, R - Neb., told a news conference. "We saw people living in deplorable poverty with little evidence of concern by their millionaire landlords," Rep. M. G. Snyder, R-Ky., said. "We saw nothing here that could not easily be corrected by the Johnsons themselves without a nickel of federal funds or a single federal program, if of course, they really cared."

tee now considering the President's \$962 million "war on poverty" bill, displayed photographs taken by a GOP campaign committee photographer. But they said they could not make available tape-recordings of their interviews with the tenant farmers. Martin explained that the microphone used for the recordings had been inside his briefcase and the tenants did not know the interviews were being taped. "The recordings aren't very good," he said. "We're amate-

teurs at this sort of thing." Martin, a lumber dealer, claimed the Johnsons could repair leaky roofs, cracked flooring and generally deteriorated conditions of the five houses they visited for about \$150 each. "It seems to me that the Johnson family should follow the Christian admonition, 'Put your own house in order' before trying to preach this gospel to the tune of a \$1 billion a year program," he said. Snyder said if he owned the land, he would repair the houses himself.

Brazil Breaks Off Relations With Cuba

RIO DE JANEIRO (UPI) — Brazil has broken off diplomatic relations with Cuba, increasing the likelihood of effective inter-American action against Fidel Castro's Communist regime. Only four of the 20 Latin American nations still are officially on good terms with the Castro regime — Bolivia, Chile, Mexico and Uruguay.

The foreign ministry, announcing the break with Castroism Wednesday, said this country can no longer tolerate Cuba's "interference in the internal affairs of Brazil." "Castro's government has been using relations with Brazil — particularly in recent months — to cover the propaganda activity of its agents..." a foreign ministry communique said.

300 Expected For Banquet Of PHS Band

Some 250 to 300 persons are expected to attend the annual Band Boosters banquet honoring Pampa High School's Harvester Band at 7 p.m. Friday in the Starlight Room of Coronado Inn. Highlight of the program will be the presentation of awards to winners in competition at the Canyon and Enid band contests during the year and presentation of the John Phillip Sousa Award to the outstanding senior class band member.

The regular dialogue through diplomatic channels was being replaced by an inadmissible understanding with minority groups... incompatible with the traditional Christian and democratic convictions of our people." The break had been expected ever since anti-Communist generals and governors joined forces to oust leftist President Joao Goulart early last month. The diplomatic break by Latin America's largest nation represented an important shift in the inter-American line up against Castro. Under Goulart and his predecessor, Janio Quadros, Brazil's "hands off" policy often prevented firm inter-American action against Castroite subversion.

City Post to Host District VFW Meeting

Between 250 and 300 veterans and their wives are expected to begin arriving in Pampa Saturday morning for the District 9 VFW convention to be held here this weekend. The two-day affair will get under way at 3:30 Saturday afternoon with registration in the VFW hall and conclude at 1 p.m. Sunday with a banquet in the high school cafeteria. Business sessions will begin Sunday at 10 a.m. with election of officers for both the Post and Auxiliary. The Post will hold their meetings in the VFW Hall and the auxiliary will meet in Lovett Memorial Library. Billy Dorris, adjutant general from the state headquarters in Austin, will deliver the principal speech at the Sunday afternoon banquet. District 9 of the VFW encompasses the northern part of the Texas Panhandle. Ronald Beard is current commander of the Pampa post.

SENATE LEADERS REVISE CIVIL RIGHTS MEASURE

WASHINGTON (UPI) — Senate leaders, armed with a revised civil rights bill, moved today toward an over-all rather than a step-by-step gag on southern debate. Leaders of both parties reached agreement with Atty. Gen. Robert F. Kennedy on a package of amendments which they said safeguarded the objectives of the House-passed bill and strengthened its chances for Senate passage. The revisions will be submitted to Democratic and Republican conferences Tuesday.

Directors Get Challenge

New Plan Given on UF Drive

Directors of the Pampa-Lefors United Fund campaign were challenged yesterday by a representative of the National Boy Scout council to completely revamp the 1964 campaign drive. Otis Fuller, who spoke before a directors' meeting in the city commission room, said that he was in Pampa in the role of a community man rather than a representative of the Boy Scouts. Fuller began by explaining the importance of a United Fund campaign within a community and emphasized the necessity of it reaching the necessary goal to serve the participating agencies. The system explained by Fuller operates on a strict timetable. It recruits a and trains volunteer workers, educates the public on the need of the drive, gets the public and workers genuinely interested in it, then finishes with a "blitz" campaign. Fuller urged the local campaign to join the United Fund Council of America which, he said, would supply invaluable information, material, and ideas on insuring the drive's success. If adopted, the plan calls for almost immediate selection of volunteer workers and a series of meeting or contacts to be held each week until the campaign's completion on October 23. The vice chairman would move into the general drive chairman's position and a

US Tightens Embargo on Cuba Exports

WASHINGTON (UPI) — The United States today tightened its embargo on exports to Cuba, removing food and medicine from general license authority. The action by the Commerce Department did not mean that food and medicine may not be shipped to Cuba — only that from now on the department will pass on each shipment individually. A department spokesman said it "wishes to be informed of all intended trade with Cuba" in the future so as to be in a position "to act according to the national interest of the United States."

The spokesman said decisions would be made on individual shipments "in the light of all relevant circumstances." Gift parcels still will be permitted under general license so as not to interrupt such relief and humanitarian acts on the part of individuals, the department said. Exports to Cuba — except non-subsidized foodstuffs, medicines and medical supplies — were banned on Oct. 19, 1960. During the 1950's, American exports to Cuba averaged about \$500 million a year. Following the ban, the exports dropped off to less than \$14 million in 1961. At the end of 1962 and through the first half of 1963, special relief shipments were sent to Cuba in exchange for the release of prisoners captured during the abortive Bay of Pigs attack. These shipments swelled the export total by \$13 million in 1962 and \$36 million in 1963.

DEATHLESS DAYS**

Industry Drive Investments Reach Total of \$254,645

Subscriptions to the Pampa Industrial Foundation have reached a total of \$254,645, it was announced at a membership meeting of the group this morning in the Coronado Inn. Drive Chairman Fred Neslage, who made the announcement, said that thus far cash payments have totaled \$129,662.50. A total of 391 subscribers have invested in the Foundation. Foundation Vice President Aubrey Steele said that 26 persons have been nominated for 15 permanent directors' posts. The general membership will vote on these nominees within the next few days. Those receiving the five largest number of votes will be appointed to three-year terms, the next five to two-year terms and the remaining five to a one-year term. A nominating committee made up of Paul Crossman, A. A. Schuneman and Gordon Lyons proposed the following persons,

Teachers, Subjects OK'd for Summer

The 1964 summer school schedule, including a list of subjects to be taught and names of teachers, was approved today by the Pampa school board. The summer classes will run from Monday, June 1, through Friday, July 24 with one holiday on July Fourth. Courses to be offered include English I, II, III and IV, American History, World History, Texas History, Government, Algebra I, Algebra II (2), Plane Geometry, Business Arithmetic (2), General Math (2) Typing I (1) (Personal Typing, Summer Homemaking and Driver Education. The faculty will include the following: English, Ancel Joyner and Ruth Holladay; History, Howard Graham and Eural Ramsey; Mathematics, J. L. Spencer and H. D. Yarbrough; Typing, Evelyn Pritchard, Homemaking, Edith Kral and Esther Colville, and Driver Education, Aubra Noncaster, Otis Holladay, Terry Culliey, Roy Kieval, Harold Moore and Ray Howard. Tuition will be \$12 per course and \$25 for the Driver Education course. Class periods will be from 7 a.m. to 8:40 a.m., 8:45 a.m. to 10:25 a.m. and 10:40 a.m. to 12:20 a.m. Maximum load for a student to carry will be 1½ units. Driver education will include 30 hours of classroom instruction, six hours observation and six hours behind the wheel. Approximately 200 students are expected to be enrolled in the Driver Education course, according to Supt. Jack Edmondson. In other business: The board, on motion of Dr. R. M. Hampton, voted to commend Pampa school principals for handling of student accounts. This was an outgrowth of discussion at last month's meeting over the withholding of report cards when students were behind in payment of cafeteria bills or other school accounts. Board member John Gikas abstained from voting on the motion saying that he was not in accord with the way it was worded. Gikas said he thought the motion was unnecessary and served no other purpose than to continue a public controversy. Discussion back and forth among Gikas, Hampton and Superintendent Edmondson produced the information that no children were going hungry at schools. Those in favor of the motion held that it was for the purpose of giving approval to the school principals' handling of student accounts and okaying the practice that has been used in the past. It was stated that withholding report cards was the best method to get parent contact when situations arising at school. Gikas said it was embarrassing to a pupil when his or her name was called in open class as being one who owed money. Several minor policy changes were approved by the board. One included that notice of special meetings would be given to news media. Another was that "executive sessions" would be confined to personnel matters when individual privacy was concerned and that the rule would be adhered to strictly. The board also approved a suggestion by Gikas that a more detailed agenda be mailed to school board members two days before the scheduled meeting. Another policy change, suggested by Member E. E. Shelhamer, had to do with the board meeting agenda and asked that "there be no deviation from the approved agenda" and that any board member who may have an item of business to bring up, submit it to the superintendent prior to the time the agenda is mailed out to board members. At the suggestion of Member Gikas, the board agreed to have the school business manager submit a monthly report on school finances. A contract for furnishing automobiles for the summer driver education classes was awarded to McAndrew Pontiac Co. on the basis of \$225 per month per car plus 5 cents a mile over 3,000 miles. Six cars will be used and school officials said in past years they have been averaging between 3,000 and 6,000 miles for the eight-week course from June 15 to Aug. 15. The school will furnish gasoline and wash jobs and the contractor will provide all other services on the cars. Bills and invoices totaling \$2,240.55 were approved and the firm of Nienstiel & Doggett of Pampa was required to audit records for the 1963-64 school year.

those aircraft were well chosen" for the type of war being waged. The secretary also told newsmen at an airport news conference after stepping off his plane from Saigon: "There will be a step-up in American training of both ground and air units of the South Vietnamese forces. In the months ahead, he said, the number of Vietnamese air force pilots will be doubled—reportedly to about 800. "The path to victory will be long" in South Viet Nam, with "courage and imagination" needed to succeed in defeating the Communist guerrilla forces. It will be a "long war, a hard war," he said. But he said there was no question in his mind that "persistent execution" of plans made by the South Vietnamese and their American advisers would lead to success. "I couldn't estimate the time" it will take to achieve victory. He said a Saigon report attributed to him that the war there might last five to 10 years was a "complete error." If more Americans are needed there for training purposes, they will be sent. And as certain training programs are completed, some Americans may be brought home but "it may be necessary for others to be sent out."

In reply to a question about criticism over use of World War II vintage U.S. Air Force planes in South Viet Nam, McNamara said he and Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, had discussed them with Air Force leaders in Saigon, and added that "there is no question that

McNamara Sees Long War in Viet

Secretary Welcomes Congress' Questions

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara, predicting a long, hard war in Viet Nam, said today that he would "be very happy" to brief Congress on the progress of that anti-Communist struggle.

On his return from a 30-hour visit in Saigon, McNamara was asked whether he thought renewed congressional inquiry into the war would serve a useful purpose. The House armed services committee plans to call McNamara to testify, particularly concerning the quality of U.S. aircraft and other equipment in use in South Viet Nam.

"It is very important to continue to inform Congress," McNamara said today. "I would be very happy to do that."

The secretary also told newsmen at an airport news conference after stepping off his plane from Saigon:

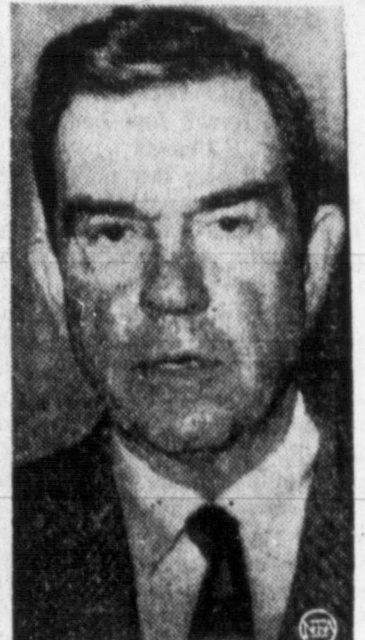

—There will be a step-up in American training of both ground and air units of the South Vietnamese forces. In the months ahead, he said, the number of Vietnamese air force pilots will be doubled—reportedly to about 800.

—The path to victory will be "long" in South Viet Nam, with "courage and imagination" needed to succeed in defeating the Communist guerrilla forces. It will be a "long war, a hard war," he said. But he said there was no question in his mind that "persistent execution" of plans made by the South Vietnamese and their American advisers would lead to success.

—He "couldn't estimate the time" it will take to achieve victory. He said a Saigon report attributed to him that the war there might last five to 10 years was a "complete error."

—If more Americans are needed there for training purposes, they will be sent. And as certain training programs are completed, some Americans may be brought home but "it may be necessary for others to be sent out."

In reply to a question about criticism over use of World War II vintage U.S. Air Force planes in South Viet Nam, McNamara said he and Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, had discussed them with Air Force leaders in Saigon, and added that "there is no question that

MOVES UP — Rep. George H. Mahon (D-Tex.) climaxed a 20-year career in Congress by becoming head of the powerful house appropriations committee. Mahon, a 63-year-old veteran committee member, moved up to chairman because of the death of chairman Clarence Cannon (D-Mo.), whose funeral was scheduled today.

Soldiers Break Up Race Clash

By United Press International
A civil rights demonstration erupted into a bottle-throwing clash between 200 whites and Negroes Wednesday night in racially tense Cambridge, Md. National Guardsmen, enforcing limited martial law in the Maryland fishing town, filled down the center of the street—wearing gas masks and flashing bared bayonets. The crowds dispersed. Guardsmen earlier in the day had broken up a march by 150 demonstrators.

The soldiers Monday night had been forced to fire tear gas to quell an unruly demonstration.

The Cambridge Non-Violent Action Committee charged in a statement Wednesday that the gas seeped into a Negro home and caused the death of two-month-old Rudolph Perry Jr. An autopsy was to be performed on the infant today by Maryland's chief medical examiner.

Civil rights demonstrations also continued Wednesday at Nashville, Tenn., where two Negro college students were arrested for knocking down a white waitress during a sit-in attempt at a segregated restaurant. Small bands of biracial pickets staged protests at a number of restaurants during the 17th day of the current desegregation campaign in the Tennessee capital.

Three Negroes and a white minister were arrested at Madison, N.J., Wednesday during a noisy demonstration at a segregated barber shop. They were charged with disorderly conduct.

At Charlotte, N.C., Wednesday, nine Negro ministers and two white men picketed the Central YMCA to back up demands that "every program, every facility" be integrated.

The regular dialogue through diplomatic channels was being replaced by an inadmissible understanding with minority groups... incompatible with the traditional Christian and democratic convictions of our people.

The break had been expected ever since anti-Communist generals and governors joined forces to oust leftist President Joao Goulart early last month.

The diplomatic break by Latin America's largest nation represented an important shift in the inter-American lineup against Castro. Under Goulart and his predecessor, Janio Quadros, Brazil's "hands off" policy often prevented firm inter-American action against Castroite subversion.

Prairie Dogs to Be Frankfurters, But Sans Mustard

FRANKFURT, Germany (UPI) — Nineteen Texas prairie dogs become Frankfurters Friday.

They aren't going from the prairie into the pot. They're coming to Frankfurt, Germany from Lubbock. On their arrival here, they'll be put in the Zoologischer Garten, one of the world's oldest zoos.

They were captured at "prairie dog town," a honeycomb of warrens at MacKenzie State Park near Lubbock, and started their trip by air Wednesday.

It was the second such shipment. A group of prairie dogs was sent to the King of Morocco five years ago.

US Tightens Embargo on Cuba Exports

WASHINGTON (UPI) — The United States today tightened its embargo on exports to Cuba, removing food and medicine from general license authority.

The action by the Commerce Department did not mean that food and medicine may not be shipped to Cuba—only that from now on the department will pass on each shipment individually.

A department spokesman said it "wishes to be informed of all intended trade with Cuba" in the future so as to be in a position "to act according to the national interest of the United States."

The spokesman said decisions would be made on individual shipments "in the light of all relevant circumstances."

Gift parcels still will be permitted under general license so as not to interrupt such relief and humanitarian acts on the part of individuals, the department said.

Exports to Cuba—except non-subsidized foodstuffs, medicines and medical supplies—were banned on Oct. 19, 1960. During the 1950's, American exports to Cuba averaged about \$500 million a year.

Following the ban, the exports dropped off to less than \$14 million in 1961.

GOP Lawmakers Find Poverty on LBJ Farm

WASHINGTON (UPI) — Two Republican congressmen said today they found shocking squalor on Alabama farm land owned by Mrs. Lyndon B. Johnson.

"If the President is sincere in his poverty program, he should have demonstrated his sincerity a long time ago by assisting these people who are living in such deplorable conditions on the Johnson land in Alabama," Rep. Dave Martin, R-Neb., told a news conference.

"We saw people living in deplorable poverty with little evidence of concern by their millionaire landlords," Rep. M. G. Snyder, R-Ky., said. "We saw nothing here that could not easily be corrected by the Johnsons themselves without a nickel of federal funds or a single federal program, if of course, they really cared."

The two GOP House members described themselves as "amateur poverty investigators."

Explains Arrangement
In advance of the GOP news conference, Mrs. Elizabeth Carpenter, press secretary to Mrs. Johnson, told reporters that the First Lady had permitted three families to live on her Alabama property instead of converting the land to timber for financial gain as neighboring land owners have done.

According to Mrs. Carpenter, the President's wife charges \$5 a month rent and provides the families with clothing. The tenants raise cotton and corn on the property, she said.

Martin said the trip by himself and Snyder to Autauga County, Alabama, last weekend was financed by the Republican Congressional Campaign Committee. He asserted that "the President's poverty campaign is nothing more than an election-year gimmick."

Show Photographs
The two GOP congressmen, members of the House committee

now considering the President's \$962 million "war on poverty" bill, displayed photographs taken by a GOP campaign committee photographer. But they said they could not make available tape-recordings of their interviews with the tenant farmers.

Martin explained that the microphone used for the recordings had been inside his briefcase and the tenants did not know the interviews were being taped.

"The recordings aren't very good," he said. "We're amateurs at this sort of thing."

Martin, a lumber dealer, claimed the Johnsons could repair leaky roofs, cracked flooring and generally deteriorated conditions of the five houses they visited for about \$150 each.

"It seems to me that the Johnson family should follow the Christian admonition 'Put your own house in order' before trying to preach this gospel to the tune of a \$1 billion a year program," he said.

Snyder said if he owned the land, he would repair the houses himself.

Civil rights demonstrations also continued Wednesday at Nashville, Tenn., where two Negro college students were arrested for knocking down a white waitress during a sit-in attempt at a segregated restaurant.

Small bands of biracial pickets staged protests at a number of restaurants during the 17th day of the current desegregation campaign in the Tennessee capital.

Three Negroes and a white minister were arrested at Madison, N.J., Wednesday during a noisy demonstration at a segregated barber shop. They were charged with disorderly conduct.

At Charlotte, N.C., Wednesday, nine Negro ministers and two white men picketed the Central YMCA to back up demands that "every program, every facility" be integrated.

The regular dialogue through diplomatic channels was being replaced by an inadmissible understanding with minority groups... incompatible with the traditional Christian and democratic convictions of our people.

Some 250 to 300 persons are expected to attend the annual Band Boosters banquet honoring Pampa High School's Harvester Band at 7 p.m. Friday in the Starlight Room of Coronado Inn.

Highlight of the program will be the presentation of awards to winners in competition at the Canyon and End band contests during the year and presentation of the John Phillip Sousa Award to the outstanding senior class band member.

Members of the band will be introduced by Fred Stockdale, director, who also will make the award presentations.

The winner of the Sousa Award will be a member of the senior class selected by Pampa's four school band directors.

E. L. Henderson, band booster club president, will be master of ceremonies. The invocation will be given by Rev. Donald Hauck of First Presbyterian Church.

Entertainment will be furnished by the Robert E. Lee Junior High School Girls' Octet and dinner music will be played by Jo Claire Wilkerson.

A dance will follow the banquet from 9:30 p.m. to 11:30 p.m. for band members and guests. Dance music will be played by the Coronados, high school musical group.

Mrs. J. W. Lemons, vice president of the Band Boosters Club, is in charge of arrangements for the banquet.

WEATHER

PAMPA AND VICINITY—Partly cloudy through Friday. Afternoon and evening thunderstorms. Low tonight in 60s, high Friday lower 90s.

If it comes from a hardware store we have it. Lewis Hdwe. Adv.

SENATE LEADERS REVISE CIVIL RIGHTS MEASURE

WASHINGTON (UPI)—Senate leaders, armed with a revised civil rights bill, moved today toward an over-all rather than a step-by-step gag on southern debate.

Leaders of both parties reached agreement with Atty. Gen. Robert F. Kennedy on a package of amendments which they said safeguarded the objectives of the House-passed bill and strengthened its chances for Senate passage.

The revisions will be submitted to Democratic and Republican conferences Tuesday.

Directors Get Challenge

Directors of the Pampa-Lefors United Fund campaign were challenged yesterday by a representative of the National Boy Scout council to completely revamp the 1964 campaign drive.

Otis Fuller, who spoke before a directors' meeting in the city commission room, said that he was in Pampa in the role of a community man rather than a representative of the Boy Scouts.

Teachers, Subjects OK'd for Summer

The 1964 summer school schedule, including a list of subjects to be taught and names of teachers, was approved today by the Pampa school board.

The summer classes will run from Monday, June 1, through Friday, July 24 with one holiday on July Fourth.

Courses to be offered include English I, II, III and IV, American History, World History, Texas History, Government, Algebra I, Algebra II (2), Plane Geometry, Business Arithmetic (2), General Math (2), Typing I (4), Personal Typing, Summer Homemaking and Driver Education.

The faculty will include the following: English, Ansel Joyner and Ruth Holladay; History, Howard Graham and Eural Ramsey; Mathematics, J. L. Spencer and H. D. Yarbrough; Typing, Evelyn Pritchard, Homemaking, Edith Kral and Esther Colville, and Driver Education, Aubra Noncaster, Otis Holladay, Terry Culliey, Roy Kieval, Harold Moore and Ray Howard.

Tuition will be \$12 per course and \$25 for the Driver Education course.

Class periods will be from 7 a.m. to 8:40 a.m., 8:45 a.m. to 10:25 a.m. and 10:40 a.m. to 12:20 a.m.

July Draft Call Set at 8,000 Men

WASHINGTON (UPI) — The Defense Department asked Selective Service Wednesday to induct 8,000 men into the Army during July.
 The quota was above the 6,000-man draft previously set for June, but well below the 12,000-man quotas for April and May.
 The department said the number of recruits needed in June and July is the same—19,000 in each month—but 2,000 fewer volunteers are expected in July.
 The number of draftees since September, 1950, now is approaching 3 million. The latest quota will bring the total to 2,972,450.

Houston May Drill for Oil in Park

HOUSTON (UPI)—Any lovers who want to gaze at the moon from a Houston park may soon have to do it through the beams of an oil drilling rig and shout sweet nothings over the clanking of a drill.
 There just may be, it seems, oil beneath the 1,479 acre memorial park, and the city is considering going after it, Mayor Louie Welch declined to discuss the details, but he did say Wednesday the wells would be located off the site and work down to the oil by an indirect route to leave the beauty of the park undisturbed.
 The city made about \$100,000 in the 1950s when oil was found beneath a garbage dump. The pool ran dry in less than a year.

The Appalachian Mountain system extends from New Brunswick, in Canada, southward to central Alabama.

57TH YEAR THE PAMPA DAILY NEWS THURSDAY, MAY 14, 1964 3
 The water flea is not an insect, but a tiny freshwater shellfish about one-tenth of an inch long.
 Synthetic rubber accounted for 60.9 per cent of the total rubber used by U. S. manufacturers in 1956.

NUDE AD

LONDON (UPI) — The following classified ad appeared on the front page of this morning's London Times:
 "Sir Gerald Kelly wishes to trace a painting of a life-size nude girl by the late Sir George Clausen called 'Primavera.' It was exhibited in the Royal Academy in 1914 and once belonged to J. Lumb."

Amarillo Journalist Receives Scholarship

AMARILLO (Spl) — James D. Pratt, news director of KPDA-TV here, has been chosen to receive a CBS Foundation News Fellowship, which will entitle him to a year of study at Columbia University in New York.
 Pratt was one of eight journalists from over the nation to be so honored. The grants cover all university expenses plus a stipend designed to take care of living expenses during the year.

French Cut Off Aid to Tunisia As Retaliation

PARIS (UPI)—The French cabinet, meeting under President Charles de Gaulle, Wednesday cut off economic aid to Tunisia in retaliation against the expropriation of foreign-owned lands in the North African republic.
 The decision will cost Tunisia about \$20 million annually.
 France charged the expropriation measure, signed into law Tuesday by President Habib Bourguiba, was a unilateral breach of a French-Tunisian agreement. Most of the 750,000 acres involved was French-owned.
 (Bourguiba said the move was a matter of economic life or death for the nation.)
 It was announced that French Ambassador Jean Sauvagnargues had been recalled to Paris for consultations.
 Information Minister Alain Peyrefitte said the Tunisian action jeopardized the entire co-operation program between France and its former protectorate, which won independence in 1956.
 Peyrefitte recalled to newsmen that the agreement between the two countries permitted Tunisia to regain lands, but gradually and with compensation acceptable to the French owners.
 The Tunisian action followed similar seizures of French-owned lands in Algeria.

Obituaries

Herman R. Allen
 Funeral services for Herman R. Allen, former resident of Pampa, will be conducted Saturday at 10 a.m. in Duenkel-Carmichael Funeral Chapel. Dr. E. Douglas Carver, pastor of First Baptist, will officiate. Burial will be in Fairview Cemetery.
 Survivors include his wife, Laura, one daughter, Kimberly Rae, Amarillo; his mother, Mrs. H. R. Allen, 117 N. Warren; one sister, Mrs. C. R. Beech, Phillips.

Rabbit Jumps Dog in Switch

WICHITA FALLS (UPI) — A jackrabbit attacked a fierce sentry dog at the Strategic Air Command installation on Sheppard Air Force Base, officials reported today.
 The sentry dog's master on duty with him shot the jackrabbit. The dog suffered no injury, except possibly to his ego. The jackrabbit was not rabid.

SIP OF BEER

DALLAS (UPI) — A woman hauled in for brawling with her husband on a city street early today sobbingly told police the trouble all started "because I had just a little sip of his beer."
 Police said the wife was 16 years old and the husband 17.

Bloodshed Wracks Cypriot Village

NICOSIA, Cyprus (UPI) — Shooting and bloodshed wracked a Turkish Cypriot village southwest of Nicosia today despite efforts by British troops to keep the peace.
 A United Nations spokesman said at least one Turkish Cypriot was wounded in the firing at Louroujina, despite the presence of British soldiers. The village has been a persistent trouble spot in recent weeks.
 A Greek Cypriot spokesman claimed that a Greek Cypriot was killed today by Turkish Cypriot gunmen near the Greek Cypriot village of Analiondas, 12 miles south of Nicosia. U.N. officials were unable to confirm the claim.

City of Pampa Faces Civil Suit

A civil suit asking for \$4,000 in damages was filed against the City of Pampa today in 31st District Court.
 The suit was filed by Enid Shepherd of 1403 S. Barnes.
 In the action Shepherd alleges that the City of Pampa entered onto a vacant lot owned by him and excavated dirt for a ditch without his consent.
 The suit alleges the incident occurred around April 6.

McNamara Predicts Long Viet Nam War

SAIGON, South Viet Nam (UPI) — Secretary of Defense Robert S. McNamara wound up two days of "intensive talks" on the progress of the anti-Communist campaign in South Viet Nam today, predicting that "this is going to be a long war" which might last 5 to 10 years.

He did not elaborate on this point.

McNamara and Gen. Maxwell D. Taylor, chairman of the U.S. Joint Chiefs of Staff, took off at 7 p.m. (7 a.m. EDT) for Honolulu on their way home. It was officially described as a "routine visit."

They had held conferences with U.S. and Vietnamese officials on the spot amid Communist charges that the secretary's visit was prompted by an unfavorable turn in the guerrilla war for the United States.

McNamara said he had noted an improvement in the quality of the South Vietnamese government fighting forces, and he praised the training program for civil administrators who are to carry out the government's "pacification" program.

He added that "progress has been excellent" in the present military build-up.

He cited the introduction of additional propeller-driven fighter bombers for the Vietnamese air force as an example of the progress being made. He said jet fighters would not be needed.

"No," he said in reply to a question, "we did not discuss bringing B57 aircraft or any other jets into this country. We have no plans to introduce jet aircraft into South Viet Nam." The question apparently was prompted by a political ruckus developing in Washington over

VOLCANO SPEWS LAND

CANTANIA, Sicily (UPI) — A stream of lava snaked down Saturday from the central crater of volcanic Mt. Etna, but scientists said the eruption was no threat to life or property.

the question of U.S. airmen in South Viet Nam using obsolete planes and other equipment.

The House Armed Services Committee is looking into the charges, and McNamara is expected to be summoned to testify when he returns.

Professor and Baptists Argue on Sex Views

HOUSTON (UPI)—The professor and the Baptists are quarreling over sex standards. A Baptist pastor said the professor's views do not reflect "any recognizable Christian ethic." The professor replied that the Baptists are "sexual fascists."

The charge came from Dr. James L. McCary, professor of psychology at the University of Houston Tuesday. He was defending a recent speech, in which he advocated what he called "sexual democracy." He had urged that rational adults should be allowed to set their own sexual standards, as long as they do not infringe on other people.

Rev. John Click, pastor of the Richmond Plaza Baptist Church, told the Houston Baptist Pastors Conference Monday that McCary was wrong, that sexual standards are unchanging and "derived from the

clear teaching of God's word." McCary replied Tuesday that it appears the Baptists are trying to control the thinking of other people and are afraid to listen to another aspect of the argument.

McCary said no Baptist minister had attended his talk, and if they had, they would have found he bases his views on the golden rule.

"When I talked about sexual freedom, I meant that a person has a right to make his own decisions about such things as birth control.

"The Catholics object to birth control, but the Baptists have no objection to it, I understand. I believe each person should make up his own mind. That is what I call sexual democracy."

Create New Taste With Ham, Spinach and Cheese

By GAYNOR MADDOX
Looking for a particularly appetizing dinner that is not the same old thing? Then try this glazed ham steak with balls of spinach and cheese. You'll like it and so will the family.

- SPINACH-CHEESE BALLS**
1 package (10 ounces) frozen chopped spinach
1 container (15 ounces) ricotta cheese
1/4 cup grated Parmesan cheese
1 teaspoon salt
1/4 teaspoon black pepper
1/4 teaspoon garlic powder
2 eggs, well-beaten
1/2 cup flour
2 quarts water

Defrost spinach by leaving unopened carton in refrigerator for 6 hours or at room temperature for 2 hours. Open package and squeeze spinach until almost dry. In bowl, mix spinach with all other ingredients except water. Mix together thoroughly. Shape mixture into 2-inch balls. In large pan, bring water to a gentle simmer. Roll spinach balls in additional flour and place in simmering water. After balls rise to the surface, let simmer gently for 15 minutes. Remove with slotted spoon and serve hot. Yield: About 18 2-inch balls.

- PUNCH GLAZED HAM STEAK**
1 smoked ham steak, about 2 pounds
Whole cloves
1 can frozen concentrated strawberry-lemon punch
1-3 cup sugar
Score fat on sides of steak and stud with cloves. Place undiluted frozen punch in small saucepan; add sugar

SPINACH CHEESE BALLS are fine with ham steak.

and heat gently, stirring, until sugar is dissolved and punch is hot. Place ham steak in well-greased baking pan and spoon glaze over top.

Does Gelatin Help Brittle Nails

By GAYNOR MADDOX
Q — My fingernails are very brittle. I read an advertisement that says taking gelatin will correct brittle fingernails. Is that true? I certainly hope so.
A — Here's one medical answer to your question. Dr. Albert M. Kligman, a Philadelphia dermatologist, writes in the Journal of the American Medical Association: "I find it personally difficult to believe that two or more grams of gelatin per day can correct brittle fingernails. No one has the empirical (depending on experience or observation alone) data to refute the gelatin claim. Theoretically, it doesn't make any sense at all. Gelatin, of course, is not absorbed as such but is hydrolyzed into its constituent amino acids in the digestion process.

Family Dinners Fete The Bride-to-Be

By GAYNOR MADDOX
Family dinners to honor the bride-to-be are now in season. We asked Theresa Morse, author of "Never In The Kitchen When Company Arrives," to select two of her favorite recipes from her popular book for such special occasions.

- DILLED GREEN BEANS**
3 packages frozen.
Frenched string beans
3/4 cup chicken stock
1 1/2 teaspoons minced onion
1 1/2 tablespoons butter
Salt

- SAUCE**
3 tablespoons butter
3 tablespoons fresh-chopped (or 1 1/2 teaspoons dried) dill
3/4 cup sour cream
Salt and fresh-ground pepper

Partially thaw beans before cooking. Bring stock, onion and butter to a boil, add salt and beans. Cover, bring liquid back to boil and cook for 3 minutes. Pour into a strainer and rinse with cold water. Place beans in ovenproof serving dish. Prepare sauce by melting butter and adding sour cream, dill, and seasonings. Pour sauce over beans, cover with foil, and bake in preheated 375 degree oven for 35 to 45 minutes.

"Keep cool with dairy foods, summer's hottest values" is the theme of the 1964 June Dairy Month observance, industry leaders have announced.

Americans spend only 19 per cent of their take-home dollar on food. Compare this to 30 per cent by the British, 50 per cent by Russians, and up to 90 per cent in some underdeveloped countries. Research on more efficient production and marketing, and better ways to control insects and diseases have helped keep food costs down.

Wall Street Chatter

NEW YORK (UPI)—Bache & Co. says that there appears to be no major stumbling block in the path of the stock market. It cites higher corporate profits, a favorable money market and "all indications pointing to a continuation of the present trend in the economy."

Stanley Heller & Co. says that until activity broadens the market's short term performance may resemble more of a consolidation stage than the beginning of a major advance. In order to reinforce the present uptrend, the brokerage house says, we would like to see many more secondary stocks follow the leadership of the "blue chips."

Shearson, Hammill & Co. states that it looks for a "reasonably" firm stock market in the foreseeable future. The brokerage house adds that it feels a substantial number of issues offer excellent capital gains potentials. Among these

Roberts GOPs to Support Goldwater

MIAMI (Sp) — During a 3 1/2 hour meeting in the Miami City Hall Saturday night the Roberts County Republican Convention

adopted resolutions in support of Senator Goldwater for President, and in favor of Mrs. Catherine McDaniel of Berger as representative to the platform committee of the 1964 National Republican Convention.

Contrary to radio reports Sunday morning, county GOP officials stated, the Convention did not "denounce the Democrats," but passed further resolutions calling for balanced budgets, limiting of beef imports, sup-

port of prayer in school, urging a strong and sovereign United States, urging the United Nations to require all members to pay up their dues and assessments, and expressing concern that U.S. soldiers are being exposed to death in South Vietnam in an affair that has no apparent plan for victory.

The Convention Resolved to be for incentive and opportunity, against government competition, for freedom of the individual, against extension of social security and servitude, for reassertion of the Monroe Doctrine, against the confiscation or forced registration of privately owned firearms, and for effective state and local governments, against Socialism-Communism. It deplored the present Civil Rights bill as an "infringement upon the rights of all the people."

Elected delegate to the Texas State Republican convention June 16 in Dallas was John Chambers. Alternates are Fred Dunn, Don Morrison, Doyle Smith and Ramon Cowan.

Chairman for the convention was Don Morrison. Secretary was Mrs. Marilyn Cowan. Keynote speaker was Dr. S. B. Sybert of Pampa.

Astronaut Due To Undergo Rigid Tests

HOUSTON (UPI)—Astronaut M. Scott Carpenter will become the first human to experience the two most hostile environments known to man—space and deep in the ocean—when he joins a Navy sea laboratory project near Bermuda this summer, the National Space Agency said Wednesday.

The National Aeronautics and Space Administration (NASA) and the Navy announced jointly today that Carpenter will participate in the Navy's "Project Sea Lab I" off Bermuda. The astronaut, America's second man to orbit the earth, volunteered for the undersea project.

Carpenter will join a four-man team of Navy divers in a 40-foot undersea laboratory for one week, 192 feet below the surface of the ocean.

The laboratory will be submerged July 6, the announcement said, and Carpenter and the Navy divers will be lowered to it for the last week of a three-week experiment.

The NASA announcement said the Navy wants technical assistance from NASA on the project.

ARTS ASSISTANT WASHINGTON (UPI)—New York theatrical producer Roger L. Stevens was sworn in Wednesday at the White House as President Johnson's special assistant for the arts.

Slain Officer's Wife Asks Control Of Gift Funds

AMARILLO, Tex. (UPI)—The widow of an Amarillo policeman who was murdered New Year's Day today sought control this week of more than \$20,000 contributed to her and her children. Sharon Cawthon alleged in a suit against the American National Bank and Police Chief Wiley Alexander that the bank was wrongfully holding the money.

Alexander opposed release of the funds without provision of a trust fund for Mrs. Cawthon's three small children.

Her husband, Jerry Wayne Cawthon, 24, was shot to death while making an arrest at a New Year's party. Paul Arredondo last month was found guilty of the murder and sentenced to 10 years in prison.

Alexander is the only person authorized to release the money, contributed by Amarillo citizens in response to a campaign for the widow. "I feel I am more capable of knowing the children's needs than the chief is," Mrs. Cawthon said.

PIRATE RADIO SHIPS LONDON (UPI)—The British government has given up plans to suppress pirate radio ships Caroline and Atlanta, which were operating as commercial radio stations in competition against the British Broadcasting Corporation, it was disclosed today.

Postmaster General Reginald Bevis has advised Conservative members of Parliament he will merely keep an eye on the ships to see that they do not interfere with assigned international wavelengths. He has shelved a bill to make it illegal for Britons to advertise on pirate stations.

ON THE WAY UP — Kay Stevens, best known for her singing and clowning in night clubs across the nation, is attracting more and more offers of movie roles. She will be seen in "The New Interns," starring Michael Callan, and "The Man from the Diners' Club."

11 Cubans Resting After Daring Escape

MOBILE, Ala. (UPI)—Eleven members of the Cuban underground movement were resting here today after a daring escape from the Communist island.

The seven men and four women fled Premier Fidel Castro's land in a small fishing boat. They were picked up off the Cuban coast by a Liberian freighter, which brought them here.

They said an earlier attempt failed when they tried to signal a U. S. warship. They said they received no response from the vessel, which they identified as a destroyer carrying the number 152 on its bow.

The refugees, ranging in age from 22 to 47, said six other persons were in their original group, but were apparently jailed or shot by Cuban soldiers who were waiting for them to return to land after the first attempt.

Officials refused newsmen permission to identify or photograph the refugees, for fear of reprisals against their families still on the island.

The weary escapees said they spent the past year in hiding because of their activities against Castro's regime. They predicted

a revolution would soon topple Castro, and they would return then.

An attractive 22-year-old woman said, "If Castro's med knew I was here they would kill my husband and my babies." She said the government had given her husband life imprisonment and their children aged 2 and 3, were with relatives.

Harry Stuhldreher, Don Miller, James Crowley and Elmer Layden were Notre Dame's celebrated "Four Horsemen" of football.

We've always said that "a bag of Morton's Potato Chips was a Picnic in itself" and this FREE Offer makes it even more true. Look for the specially-marked "Twin-Paks" on the Morton Fun Foods snack rack in your store!

UPI to Use Computers For Count in Election

NEW YORK (UPI) — Two computers capable of handling more than half a million additions per minute will be used by United Press International for counting votes in the November general election.

UPI announced that it had signed an agreement with RCA for the use of two RCA 501 computers to produce fast, accurate totals in the presidential, Senate House and gubernatorial races.

Julius Frandsen, UPI Washington manager and general supervisor of election coverage, said the agreement with RCA Service Company involves an expense of more than \$50,000 for the use of the computers.

Frandsen emphasized that the system would not be used to project the outcome of races on the basis of fragmentary or partial returns. It is designed to give UPI subscribers actual vote results more frequently and rapidly than ever before.

Frandsen said all of the election returns fed into the computers would be collected by UPI bureaus in the 50 states, and that the tabulations produced on the basis of these returns would be available only to UPI.

He described as "wholly incorrect" a report in a trade publication implying that UPI said the two RCA computers would be sharing information with another organization. He said the two RCA computers would be programmed exclusively for UPI.

UPI will set up special wires terminating at the computer site, tying together its bureaus across the country for unhindered delivery of vote totals from each state. Each computer is capable of digesting the vote totals of all 50 states in less than one minute.

At regular, closely spaced intervals the computers will produce the total vote cast for each presidential candidate. They will indicate the percentage distribution of votes and show in what states the candidates are leading and the indicated electoral vote for each.

Each report will show the number of Democratic and Republican senators and congressmen elected or leading. The system also will produce in tape tables listing all states, total precincts in each, precinct reporting and vote totals.

Compilations produced by the computers will flow to regular and special UPI wires going to newspaper and broadcast subscribers.

UPI will set up special wires terminating at the computer site, tying together its bureaus across the country for unhindered delivery of vote totals from each state. Each computer is capable of digesting the vote totals of all 50 states in less than one minute.

Soviets Reporting Seeking Jap Goods

TOKYO (UPI) — Soviet First Deputy Premier Anastas Mikoyan, who arrives today for a two-week visit, is believed to be seeking to buy a billion dollars' worth of Japanese machinery and chemical plants, business sources said.

Japanese authorities put 30,000 policemen on special security duty for the Mikoyan visit, giving the Mikoyan party the same protection as that of a visiting head of state.

Mikoyan, Premier Nikita S. Khrushchev's trouble-shooter and trade expert, was believed to have been sent here to counter the influence of Communist China, which has been moving toward better business relations with Japan in recent months.

By placing large orders with Japanese firms, he could accomplish two things at once: Improve Russia's trade ties here and get equipment for Khrushchev's industrial development plans, including the seven-year crash program to increase the production of chemical fertilizer.

But Japanese business leaders believe Mikoyan will make any equipment purchase deal contingent on the sale of Soviet oil to this country.

Pair Appointed As Co-chairmen For Horse Sale

STAMFORD (Sp) — Charlie Morris, chairman of the Cattlemen's Round-up for Crippled Children, announced the appointment of Ed Heller of Dundee and Ralph Morrison and John Carlile as co-chairman of the horse division of the round-up.

Heller, rancher and Quarter Horse breeder from Dundee, has served the Cattlemen's Round-up for three years. Morrison and Carlile, well-known sales firm, will hold the sale of the horses free of charge.

The sale will be held in conjunction with the Texas Cowboy Reunion in Stamford on July 2. The horses will sell at 1 p.m. at the Quarter Horse Arena. The partnership of the world's largest amateur rodeo and the horse sale of the Cattlemen's Round-up for Crippled Children is quite natural due to the fact that many of the same working cowboys and cattlemen are staunch supporters of both affairs.

EXPANDS TEXAS PLANT LONGVIEW, Tex. (UPI) — Texas Eastman Co., a division of Eastman Kodak, announced it will build two additions to its plant in Harrison County near here.

San Antonio Man Held by Police On Dope Charge

LAREDO (UPI) — Ramundo Saucedo, 35, of San Antonio was held in lieu of \$15,000 bond Wednesday on federal charges of possession of heroin.

His wife, Eliida, and their 14-year-old daughter were free on \$5,000 personal recognizance bond.

Customs agents stopped the family's car outside Laredo Tuesday night and seized 33 grams of heroin.

U.S. Commissioner Jacob B. Hornberger set a final hearing Monday. At an informal hearing today, Saucedo requested to be represented by counsel.

William Kline, assistant U.S. customs agent in charge, said the heroin might bring as much as \$5,000 on the market.

Stamp Design Revealed for Anniversary

Design of the New Jersey commemorative postage stamp was announced this week by Postmaster General John A. Gronouski, according to O. K. Gaylor, Pampa postmaster.

The stamp marks the 300th anniversary of English colonization of New Jersey. It will be first issued June 15 with ceremonies in Elizabeth, the oldest city in the state and the first capital.

Douglas Allen, of Metuchen, N. J., designed the blue on white vertical 5-cent stamp that shows Philip Carteret, pioneer colonist, walking ashore with his men at Elizabethtown in 1664. His design was chosen from the top 25 designs submitted by under competition sponsored by

the New Jersey Tercentenary Commission.

Victor S. McCloskey Jr. modeled the stamp. Arthur W. Dintaman engraved the vignette; lettering and numerals are by Kenneth C. Wiram.

Rotary Club's 17 Rural Mishaps Listed in April

The Pampa Rotary Club's annual college scholarship award was presented to high school senior Ricky Stewart yesterday at the club's luncheon meeting at the Coronado Inn.

Young Stewart, who served as junior Rotarian during the month of December, received the honor from club President Cameron Marsh. He may use the scholarship at the college or university of his choice.

Pampa High School students who served as Junior Rotarians during the school year, selected the winner. They are: Donnie Rexroad, Sept.; Hank Henry, Oct.; Larry Johnson, Nov.; Stewart, Dec.; Yuhani Karmakosi, Jan.; Ricky Goodwin, Feb.; Myron Aftergut, March; Charlie Price, April, and Larry Gregory, May.

All, except Johnson who was out with the measles, presented yesterday's program. They told the members of their future plans and thanked the club for honoring them during the year.

The Highway Patrol investigated 17 rural accidents in Gray County during the month of April according to Sergeant J. W. Wilson, patrol supervisor of this area.

These wrecks accounted for 16 persons injured and an estimated property damage of \$11,755.

The rural accident summary for Gray County from January through April of 1964 shows a total of 56 crashes resulting in two persons killed, 42 persons injured, and an estimated property damage of \$38,315.00.

Schools will soon be out and children will be popping out in all directions. They will be running from behind parked cars, trees, or shrubs. Watch for children coasting down sloping driveways and streets. Another dangerous spot is around bridges along highways where children may have been playing, swimming, or fishing underneath the bridge, Wilson warned.

This means that motorists must be constantly on the alert at all times during the summer months for children popping out from unexpected places. Remember, children are unpredictable. The sergeant stated, "Let every child be a living warning sign."

On The Record

HOSPITAL NOTES

Highland General Hospital does not have a house physician. All patients, except severe accident victims, are requested to call their family physician before going to the hospital for treatment.

Please help us to help our patients by observing visiting hours.

FIGHTS RED CONTROL
TOKYO (UPI) — Japan's Sohyo labor federation announced Wednesday it plans an all-out fight to wrest control of the country's largest ban-the-bomb organization from Communists.

Leaders of the labor federation mapped plans to oust the Japan Communist party from its dominant role in the Japan Council Against Atomic and Hydrogen Bombs (Gensuikyoo).

Contract Awarded At Sanford Dam

A \$139,986 contract for construction of public use facilities at Sanford reservoir has been awarded to Kansas Earth Movers, Inc., of Hugoton, Kan., according to an announcement from Congressman Walter Rogers of Pampa.

The contract, let by the U.S. Department of Interior, calls for construction of asphalt and concrete boat launching ramps and parking areas near the dam, gravel surfacing of overlook points, and bituminous surfacing of other roads and parking areas at the dam site.

PROTEST SLAYINGS
UNITED NATIONS (UPI) — Greece and Cyprus protested Wednesday to the Security Council about the murder of two Greek army officers in Cyprus.

In separate letters to Council President Roger Seydoux of France, Greek Ambassador Dimitri Bitsios and Cypriot Ambassador Zenon Rossides said the two Greeks were murdered May 11 by "Turkish rebels."

One Killed, Two Hurt in Blast

ALEXANDER, Kan. (UPI) — One man was killed and two injured Wednesday when a gas meter exploded in a galvanized iron shed at the edge of this western Rush County town.

The meter was on a feeder line for the town of Alexander, branching from a main pipeline of the Kansas-Nebraska Pipeline Co.

The names of the victims were not learned immediately.

Sheriff Jack Mendenhall of Rush County said the explosion peeled the walls of the shed away like opened edges of a can. The explosion happened in mid-morning.

One of the injured was taken to a hospital in Ness City. The other was taken to the Rush County Hospital at La Crosse.

The meter shed was about one block north of the Alexander High School.

SAILORS ON LEAVE IN NEW YORK — A part of the Beaux Arts Dance Studio recital, "Show Time on Broadway and the Artist," will be "Sailors on Leave in New York." Left to right are Cynthia Wilt, Berger; Dee Ann Mathis, Pampa; Carol Gates, Pampa; and Roxanne Bartush, Berger. Also a part of the ensemble is Sheila Blokemore. The production will be staged May 26 at 7:30 p.m. in the Pampa Junior High Auditorium.

Hawaiian Art Discussed At Civic Culture Meeting

Mrs. A. C. Houchin gave an account of her recent trip to Hawaii during a meeting of the Civic Culture Club recently at the home of Mrs. W. J. Morris.

Her general topic was art and the natural beauty of the islands.

"There are many forces influencing Hawaii's art to-

day", Mrs. Houchin said. "One of the strongest stems from so many nationalities. Throughout the years groups formed along racial lines, participating in various forms of expression of drama, dance and music.

"Today the artist of Hawaii has at his fingertips a cultural reservoir containing material of infinite variety. In fact, the very richness and abundance of material is in itself a hazard tending to confuse the artist to use material without understanding the origins and meanings.

"This accounts in part for the vast amount of 'Hawaiian Art'. However, the artist in Hawaii today has emerged from isolation and often singular view point in favor of a broader concept based on closer contact with life and the world of which he is a vital part.

"Improved transportation and communication have brought the islands within a few hours of all great art centers of both East and the

West," Mrs. Houchin concluded.

Mrs. K. A. Sorenson, president, conducted the business meeting, leading the Pledge of Allegiance and the Club Collect.

Members attending were Mes. R. E. Dauer, F. R. Grantham, A. D. Hills, Houchin, W. J. Morris, George Neef, Emmet Osborne, C. F. Pennington, W. C. Scott, K. A. Sorenson, Louise Sewell, J. B. Townsend, Katie Vincent, H. W. Waters, Emmett Gee and Chester Williams.

Recital Follows Japanese Theme

Mrs. Joe R. Foster, 412 Magnolia, presented piano students in recital Tuesday evening in the auditorium of Central Baptist Church.

The background setting followed a Japanese theme with multicolored umbrellas and scrolls of music and Characters Candles and greenery formed the foreground setting.

Girls taking part in the recital wore multi-colored formal and boys wore white jacketed costumes.

Presenting appropriate selections were Marcell Brooks, Rocky Nichols, Jane Sexton, Gale Hollar, Toni McLennan, Delia Thornburg, Karen McKendree, Judy Leonard, Charles LaFever, Debbie McKendree, Kathy Gallman, Joy Earnest, Linda Harris, Kay Hicks, Connie Pairsh and Judy Utzman.

Dear Abby... One Mother's Heartache Can Be Another's Lesson

By ABIGAIL VAN BUREN

DEAR ABBY: Please print this. Maybe it will spare some other mother the heartbreak I suffered. I am the mother of a retarded son. When he was very young, my family and my doctor tried to get me to put the boy in an institution, but I loved him so dearly I could not bear the thought of putting him away. I thought I could give him the care he needed, so I kept him at home. I didn't know how wrong it was. As the years passed, he developed normally physically, and he began to take notice of the girls. One day he grabbed a little 11-year-old neighbor girl and tried to rape her. The outcome was so terrible for our family. My boy is now in an institution, branded as a "rapist." If I had only listened to my family, this would not have happened. Please advise mothers of retarded children to learn all they can about their problem.

move. You can also find a beauty shop where the operator doesn't feast on the domestic scraps of others.

CONFIDENTIAL TO F. G. B.: Your letter was a dandy, but too long to print. I agree with you. To sum it up: "What we don't spend on education today we will spend on penal institutions tomorrow!"

Get it off your chest. For a personal, unpublished reply, write to Abby, Box 3365, Beverly Hills, Calif. 90212. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif. 90212.

Goodwill Club Conducts Meet

Mrs. Marvyn Rowan, 1045 S. Wells, was hostess for a recent meeting of the Goodwill Home Demonstration Club.

Mrs. Noland Cole conducted the business session during which Mrs. A. P. Coombs made a report of Council activity. The group approved purchase of a gift for Angela Richardson, Abilene, and the president appointed Mrs. S. Coombs and Mrs. K. L. Elshemer to take recreation training in the school. Handmade gift items for showers, graduation etc., were displayed.

The county-wide meeting set for May 21 was discussed. Miss Murrell Bridge, Amarillo, Southwestern Public Service representative will be guest speaker and luncheon guest.

Mrs. Marvyn Rowan won the white elephant prize. Refreshments were served to Mes. A. P. Coombs, Noland Cole, K. L. Elshemer, Vernon Walls, Roy Frazier, Conner-Hicks, Don Duggan, Lawrence Ebencamp and Van Mills. Mrs. Aaron Gill was guest.

NON-GLAZED TILE Unglazed ceramic tile is naturally resistant to slipping even when wet. The Tile Council of America reports that domestic manufacturers of ceramic tile are making their product even more slip-proof in some cases by imbedding abrasive particles on the surface or scoring it with grooves and patterns.

Government Planning Egg 'Stealing' Deal

WASHINGTON (UPI)—The Department of the Interior and its Canadian counterpart are going into the rare egg stealing business—whoooping crane eggs, that is.

Behind it all is concern for the vanishing whooping cranes. Only 32 of the wild whoopers were left at last count. They spend their summers in Canada and fly for the winter to the Aransas National Wildlife Refuge on the Texas Gulf coast.

So, the Interior Department announced Tuesday it has come up with a plan to join with Canadian wildlife officials in stealing new-laid eggs from whooper nests.

They hope to hatch the eggs themselves, and spare the chick the dangers of life in the wild. The captive whoopers would be used to build up a productive crop of young cranes, which could then be released to replenish the wild stock.

The department was encouraged in the new plan by the recently successful hatching of a whooping crane egg by a chicken.

The Audubon Park zoo in New Orleans, which has seven captive birds, also has had eggs hatched.

PRINCETON, N.J. (UPI)—Princeton University announced Saturday that elder statesman Bernard M. Baruch is presenting his papers to the school for permanent preservation in the university library.

The papers are a record of Baruch's career as public servant and private counsellor to presidents and statesmen.

Foreign Commentary

By PHIL NEWSOM
UPI Foreign News Analyst

A key area of potential conflict between the Soviet Union and Red China is the border which divides the U.S.S.R.'s Kazakhstan Republic and Sinkiang, the huge province which is the Wild West of China.

Clashes between frontier guards have been frequent. Latest reports from Moscow say that Moslem tribesmen are fleeing Sinkiang into Kazakhstan at the rate of 1,200 a month.

The Chinese have accused the Russians virtually of kidnapping

thousands of Turkic-speaking Uigur, Kazakh and Kirghiz tribesmen from across the Sinkiang border. On their side, the Russians have accused the Chinese of systematically persecuting minority populations.

Subject of Speculation

Two reasons make the area a favorite subject of speculation among those who see the possibility of future armed conflict between the two Communist giants.

One is that a huge segment of the Kazakhstan Republic is shown on present-day Chinese maps as properly belonging to China.

The Russians got it in 1864 through the Treaty of Chuguchak, one of those "unjust" treaties by which the Red Chinese accuse Western powers of carving up imperialist China.

A second is that the nomadic Moslem tribesmen inhabit both sides of the border, traditionally flowing back and forth depending on pressures from either the Russians or the Chinese.

Stalin Makes Deal

Languages are identical and related to that of Turkey. Fifteen years ago when the Red Chinese took over the China mainland, Russia easily could have seized Sinkiang Province, a vast area of more than 700,000 square miles composed of desert, towering mountains, howling winds, forests, occasional right valleys and important minerals.

Instead, the late Josef Stalin made a deal in which the Russians were to share in exploitation of Sinkiang's resources, which include both uranium and oil.

In return, the Chinese agreed to allow the Uigurs, Kazakhs and others in China to use the Russian script employed by their kinsmen just over the boundary in the Soviet Union.

Things Change

But by 1958 things were changing. The Chinese halted construction of a trans-Sinkiang highway which would have given the Russians greater access to the province.

Russian consulates were closed. The tribesmen were told they would have to learn to write all over again, this time in the Latin alphabet.

Recent Chinese broadcasts have hinted that large units of the Red Chinese army have been moved into the province.

Modern farms run by a r m y personnel were credited with boosting the province's grain output by 20 per cent in 1963 over 1962.

The broadcasts reported the reclamation of 100,000 acres of wasteland and irrigation facilities extended to another 150,000 acres. Consumer goods produced in Sinkiang also were reported on the upswing.

Sinkiang also is the center of a vast resettlement program. The Chinese population there is reported to have jumped from 300,000 to more than 2,000,000 since the Communists took over.

Sinkiang's future is more promising than its present. Meanwhile, the Chinese are taking out insurance.

PLANS U.A.R. VISIT

CAIRO (UPI) — Soviet Premier Nikita Khrushchev will arrive here Saturday for a visit to the United Arab Republic lasting 16 days, an official source said Tuesday.

It was the first specific information given on the date of arrival and duration of the trip, the first by a Soviet premier to the continent of Africa.

COLLECTION DAY, TODAY

ASWAN, U.A.R. (UPI)—Thousands of cheering Egyptian laborers mobbed visiting Soviet Premier Nikita S. Khrushchev Wednesday when he symbolically completed the first stage of the Aswan Dam by dropping a stone into the River Nile.

"Stay back—he's an old man" Russian security men shouted as the workers poured across Khrushchev's path. The surge of dust-covered workers snapped police cordons and engulfed the premier's motorcade near the site of the Russian-financed dam—the Kremlin's biggest foreign aid project.

Khrushchev appeared unruffled, and he seemed to be enjoying the pandemonium despite the uproar and temperatures that hit 108 degrees at noon.

The Soviet leader and President Gamal Abdel Nasser of the United Arab Republic flew in from Cairo aboard a jet airliner for three days of ceremonies at the billion-dollar dam.

They were surrounded by a strong guard, but the security measures fell to pieces when streams of Egyptian workers poured down from granite cliffs.

Khrushchev looked proud and pleased as he dropped his stone into the river. The hydroelectric and irrigation project is the biggest single item in the Soviet foreign aid program—an undertaking the Kremlin accepted after the United States backed out.

WITHOUT Removing The Old Finish

Anything that can be painted can be changed to take on the appearance of rich wood grain, of aged antique or beautiful marble. The process is so simple a child could do it. Yet the realism you can achieve with Old Masters will amaze and delight you. The great part about achieving these effects is that you don't have to remove the old finish. This means no scraping, no bleaching, no staining, and no special tools are required to obtain any of these effects. Any piece of furniture that doesn't fit its surroundings or woodwork that doesn't fit the decor can be easily changed to complement its setting. The oddest assortment of furniture and finishes can be made to look as though they belonged to each other. Regardless of how dark or light the item is, Old Masters can completely change its appearance without removing the old finish. See how. See it demonstrated. And see how little it costs to make these amazing changes.

And without removing the old finish!

SPORTS

BABE RUTH LEAGUE

A single game was played in Babe Ruth League action last night, with Ideal topping Kist in a pitchers' duel, 4-1.

Ideal got two runs in the first inning off losing pitcher James Matney and held the lead all the way as Johnny Marsh pitched a two-hitter, walking five and striking out seven.

Stroud led the attack with 3-for-four and Williams added a d d d two hits. Keyser homered down the left field foul line in the third inning for Ideal, the first four-bagger of the season in Optimist BR play.

Cree vs. Fannon and Bank against Ideal are tonight's twin bill.

JOINS EAST SQUAD

UPI Sports Writer
NEW YORK (UPI) — Who'll win 20?

Juan Marichal of the San Francisco Giants, for one. And maybe Larry Jackson of the

Chicago Cubs or Jim Kaat of the Minnesota Twins.

A few others have a dandy shot at it as a result of early spring performances but the 1964 list in what we like to call the "magic circle" is likely to be slimmer than a year ago when five pitchers in each league came through with 20 or more victories.

Of last year's 10, only Marichal is really winging.

Juan not only is pitching in the superb form that put him at 25-8 last season, but his fellow employees form a highly-cooperative group that provides a comfortable assortment of runs whenever he needs them.

Stinnett Strikes When Coach Fired

STINNETT, Tex. (UPI) — Trying to fire a winning football coach is a touchy political proposition, as the Stinnett School Board could reflect today. Its attempt brought on a crisis complete with sitdown strike and the threat of pickets.

The hassle began at a school board meeting Tuesday night when the board split 3-3 on renewing coach Don McDonald's contract.

The effect was to fire McDonald since the motion had to pass. McDonald took over as head coach last fall after seven years as an assistant. Working with virtually the same team that lost nine games out of 10 the year before, he won nine games out of 10.

Wednesday the school's students staged a 200-body sitdown strike in the school corridors for 20 minutes, went home to prepare picket signs for an all-out demonstration today.

Meanwhile, their parents, 150 of them, showed up at a school board meeting Wednesday night, and protested loudly, some of them calling for impeachments.

The board members refused to give any reasons for opposing the coach, but board member L. T. Dozier called for a revote—to be held when the board's seventh member, Robert Cooper, gets out of the hospital. Cooper is believed to be for retaining the coach and is expected to provide the tie-breaking vote.

The parents went home satisfied, and told their children to call off the strike.

Austin Wins, Lee Second in Golf

PERRYTON (SpI) — Borger Austin won the district junior high golf title here yesterday, with a 1349 total for 72 holes. In second place was Lee of Pampa with 1433, followed by Houston 1444, Perryton 1534 and Pampa Junior High 1591.

Low scorer for Lee yesterday was Tommy Rose with an 84. Bobby Everson led PJH with 88.

TENNIS CHAMP SEEDED PARIS (UPI) — Roy Emerson of Australia, the defending champion, has been seeded No. 1 in the French tennis championships starting Sunday. No American was seeded in the men's division, but Nancy Richey of Dallas was No. 4 in women's singles.

Hard-Luck Johnson Wins the Hard Way

By United Press International
Ken Johnson must figure he's on candid camera because he keeps right on smiling even though everyone has him pegged as the unluckiest pitcher in baseball.

The Houston knuckleballer, who pitched a no-hitter against Cincinnati on April 23 but lost the game, 1-0, pitched perfect ball against San Francisco until the seventh inning Wednesday night and was gone from the game in the eighth.

"I'm not complaining one bit, though," grinned the 30-year-old right-hander. "We won the game, and that's the only thing that counts."

The Colts beat the Giants, 2-1, and although Johnson was credited with the victory, his third against as many losses, Hal Woodeshick had to rescue him when the Giants rallied in the eighth.

Breaks Up Bid
Jesus Alou broke up Johnson's bid for a perfect game and a second no-hitter when he doubled to lead off the seventh.

Johnson retired Willie Mays three straight times, striking him out once and getting him twice on grounders before the San Francisco centerfielder stretched his hitting streak to

20 consecutive games with a single off Woodeshick in the ninth for the last of the Giants' five hits. Mays' one hit in four trips dropped his average 10 points to .468.

The Colts pushed across what proved to be the winning run in the bottom of the seventh on singles by Bob Aspromonte and Staub and a wild pitch by reliever Ron Herbel.

The Giants kayoed Johnson in the eighth when Duke Snider's pinch double and a single by Jesus Alou accounted for their only run.

Mets Down Braves
The Mets defeated the Braves, 5-2, in the only other National League game played Wednesday. Rain washed out games between the Cubs and Dodgers, the Cardinals and Phillies, and the Reds and Pirates.

In the American League, the White Sox topped the Twins, 5-1, with the help of Dave Nicholson's three-run homer. The Indians shut out the Red Sox, 3-0, in a game limited to six innings by rain, which also washed out the Orioles-Senators contest and halted the Yankees-Tigers game after six innings with the score tied at 1-1. Barry Latman hurled the Angels to a 9-0 win over the A's in the seventh. The Yanks put together a two-hitter but three singles for their only

Kansas City evened matters with a 2-0 victory in the nightcap.

Jack Fisher won his first game for the Mets although he needed help from Larry Bearnarth when the Braves rallied for two runs in the eighth. Fisher drove in two runs with a sacrifice fly and a double while Jesse Gonder contributed a bases-empty homer off loser Tony Cloninger (2-2).

Juan Pizarro won his third straight for the White Sox with a four-hitter over the Twins. He struck out seven, snapped rookie Tony Oliva's 11-game hitting streak and had a shut-out until Bob Allison socked his eighth homer in the ninth.

Nicholson belted his sixth homer with two on in the eighth off loser Dick Stigman, now 0-3.

Dick Donovan and rookie Sonny Siebert collaborated in a two-hitter over the Red Sox, with Siebert recording his first major league win for the Indians. Donovan had to leave in the fourth when hit on the right wrist with a pitch thrown by loser Dave Morehead (1-3).

Ford, Aguirre Deadlocked
Whitey Ford of the Yankees and Hank Aguirre of the Tigers were deadlocked at 1-1 all when rain forced a halt in the seventh. The Yanks put together

run in the first inning, while Ford held the Tigers to three hits but wild pitched home a run in the fifth.

Back-to-back homers by Jim Fregosi and Lee Thomas sparked a seven-run second inning rally that kayoed Kansas City rookie Aurelio Monteagudo and gave the Angels their victory in the opener. Latman limited the A's to seven hits for his second victory.

Orlando Pena gained his fourth victory for the A's in the nightcap, striking out eight and yielding three hits until the ninth when John Wyatt took over and gave up one more hit. Doc Edwards doubled home KC's first run off loser Bo Belinsky (1-2) in the second inning and Ed Charles singled home the second run in the fifth.

BAILEY'S Boat Storage

Cappelletti Cops AFL Scoring Title

NEW YORK (UPI) —Gino Cappelletti of the Boston Patriots won the American Football League scoring championship for the second time in 1963 official statistics confirmed today.

However, whereas Cappelletti set the all-time league record with 147 points in capturing the 1961 title, he won last season with a new AFL low of 113 points.

Cappelletti, a place-kicking specialist who also stars as a split end, totaled his 113 points on two touchdowns, 35 point-after conversion and 22 field goals. In 1961 he only kicked 17 field goals, but then he also scored eight touchdowns on 45 pass receptions.

Art Powell of the Oakland Raiders was second in scoring with 96 points on 16 touchdowns and George Blair, the placement kicker for the San Diego Chargers, was third with 84 points.

Hoak, Geiger Gone

Veterans Cut Off Rosters

By United Press International
The laundry can be sent out, and many can joke about it now, but for some it meant another trip to the minors while still others are left facing the realization that their major league baseball careers may be over.

Midnight Wednesday was the deadline for all major league clubs to be down to the 25-player limit.

The Philadelphia Phillies decided to go with youngsters and asked waivers on veteran third baseman Don Hoak, sold pitcher Ryne Duren, to the Cincinnati Reds, and sent pitcher John Bozzer to Little Rock on 24-hour recall.

Cleveland shipped pitcher Jerry Walker to its Jacksonville affiliate in the International League on 24-hour option, thereby reaching the 25-player figure.

Richert Goes
The world champion Dodgers optioned southpaw Pete Richert to Spokane.

The Minnesota Twins optioned third baseman Jay Ward to Tacoma and sold pitcher Ted Sadowski outright to the same club.

The Red Sox sold lefthander Wilbur Wood to Seattle of the Pacific Coast League and also announced that outfielder Gary Geiger has been placed on the voluntary retired list. Geiger underwent two stomach operations last fall and felt he has not recovered sufficiently to play regularly. He cannot return to the active list for two months.

The New York Mets sent outfielders Ed Kranepool and Larry Elliot and infielder Al Morán to Buffalo on 24-hour recall. Kranepool, 19, received an estimated \$85,000 bonus for signing two years ago and club officials want him to play on a regular basis.

Yanks Option Bright
Utilityman Harry Bright was optioned to the Yankees' Richmond farm team and veteran outfielder Gino Cimoli was handed his unconditional release by the Kansas City Athletics. The 34-year-old Cimoli had been used in only eight

games this season because of a knee injury.

The Reds, after acquiring Duren from the Phillies, shipped pitchers Jim Dickson and Allan Worthington to San Diego.

Mike McCormick, who lost his only two starting assignments for the Orioles this season, was optioned to Rochester. The Orioles also cut rookie outfielder Lou Jackson to reach the 25-player limit.

Burleson Ready To Meet O'Hara

EUGENE, Ore. (UPI)—Dyrol Burleson, with an "easy" 3:57.5 mile behind him, today was looking forward to his first race of the year against Tom O'Hara.

Burleson, the defending AAU mile champion and former collegiate champion at Oregon, ran the spring's first sub-4 minute mile Wednesday in a special three-event meet set up to give him a strenuous workout and at the same time collect some money for the U. S. Olympic fund.

"This was a training session; I wanted to run something easy under 4 minutes before I started my racing schedule," the tall 24-year-old insurance salesman said.

"It was faster than I thought because it was so easy."

Paced by four other runners, Burleson turned in the first lap in 61 seconds, the half-mile in 1:39.5 and reached the three-quarter mark at 2:59.6. His time for the Olympic distance of 1,500 meters was 3:42.1.

The other men in the race were Oregon freshmen Mike Curtis and Wade Bell, Brian Clark of the Emerald Empire Athletic Association and former Brigham Young runner Ron Ebern, now a graduate student at Oregon. It was Ebern who pushed Burleson the last two laps after jogging through the early part of the race.

Skies Clear For 500 Run

INDIANAPOLIS, Ind. (UPI)—A forecast of clear skies and cool temperatures today meant perfect driving weather for speedsters testing their cars in preparation for the 500-mile race time trials.

The time trials start Saturday, and as of the close of Wednesday's runs Bobby Marshman of Pottstown, Pa., continued to set the pace on the Indianapolis Speedway.

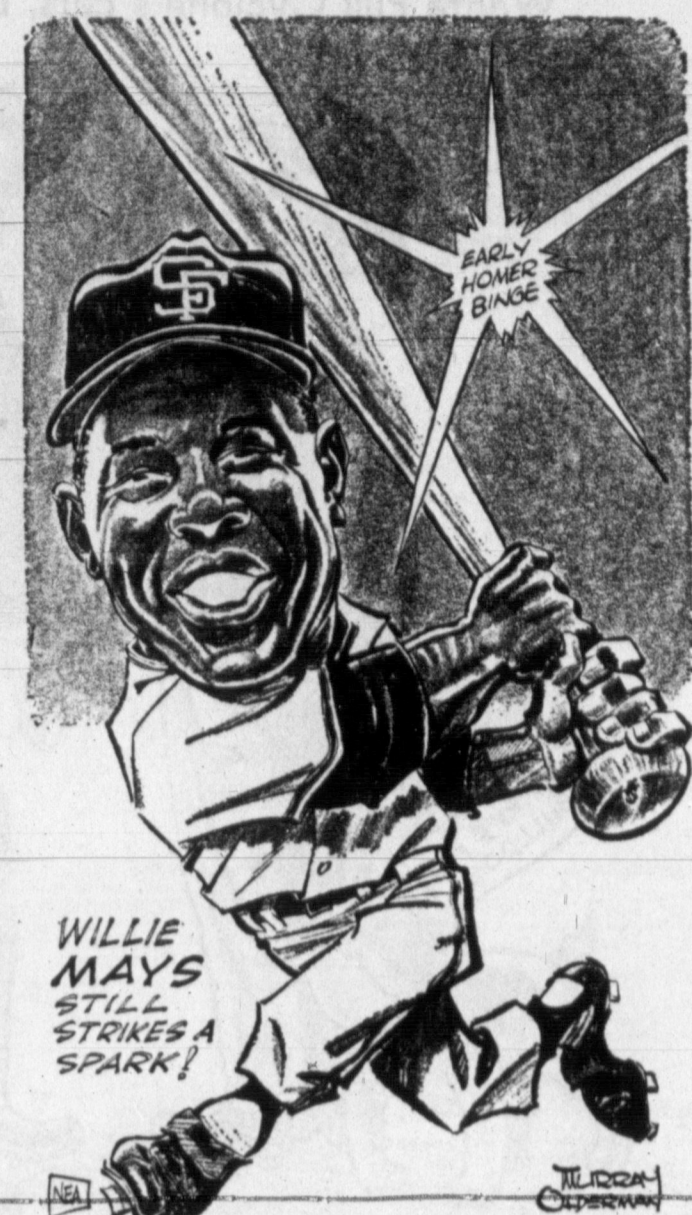

Marshman, who set a new unofficial Speedway record of 157.178 miles an hour Tuesday in his rear engine Lotus-Ford, had consecutive laps of 156.549 m.p.h. and 156.794 Wednesday.

The unofficial speeds were clocked on the Speedway's electric eye timer but members of Marshman's crew clocked him on stop watches at an even better 157.2 m.p.h.

Chill winds and the threat of rain held down the action. The oval was closed for more than two hours when engines blew on cars driven by 1962 winner Roger Ward and 1963 winner Parnelli Jones.

BEARS SIGN TULLIS

CHICAGO (UPI)—The Chicago Bears have signed Jim Tullis of Florida A&M, their 11th draft choice in 1962. Tullis will be used as a defensive back or flanker with the Bears.

SPORTS

57TH YEAR THURSDAY, MAY 14, 1964 17

Sports Parade

By OSCAR FRALEY
UPI Sports Writer

NEW YORK (UPI)—The first 20 years didn't count for Joe Louis and, at 50, he insisted today that he wouldn't like the last 30 over, either.

The immortal Brown Bomber of the ring said in his slow, sotto voce manner that birth days were nice but he hoped there would be another 50.

Yet there is no happiness in the big man about those early years after he was born in a cabin in an Alabama cotton patch. And, as for the later years in which he won the heavyweight championship of the world, retired undefeated and tried a comeback unsuccessfully, he shrugs them off, too.

Joe is deeply in hock to Uncle Sam for income taxes. The figure isn't known but it's more than \$1 million.

"Imagine," he said softly, "if I had been fighting in these days of closed circuit television. Imagine how much I might owe the man."

Willing To Talk
So Joe shuffles down the years with his usual bland manner.

But he's willing to talk, in his quiet manner, and his observations are of keen interest. They include his feelings that: —Sonny Liston is the best fighter in the world.

—Cassius Clay, who beat Liston for the heavyweight title, is "by no comparison" as good a fighter as Billy Conn.

—That Liston will win back the title "if he gets a chance."

—There "definitely" should be a federal boxing commissioner.

—And that boxing isn't really in as bad a shape as most people believe.

Louis, looking fit at 235 compared with the 214 he weighed when Rocky Marciano ended his comeback in October of 1951, rubbed his thin black

moustache as he pondered his answers.

"Clay is a good enough fighter," he said, "but it's unfortunate that he's a member of the Black Muslims. A champion should represent all sects, not just one."

He personally, never has been approached by the Black Muslim sect, Louis averred with an amused look.

Not Doing Much
Joe, who is a five handicap golfer and lives in Los Angeles, said that he wasn't doing "nothing much now" since helping Liston get in shape for the Clay fight.

"I think he was in shape but he got whipped when his left arm was hurt," Joe insisted. "No matter, he's still the best fighter in the world today and I definitely think he'll win back the title if he gets a chance."

The only thing wrong with boxing, said Louis, is that it needs a "few more" Jack Dempseys, Gene Tunneys, Ray Robinsons and Rocky Marcianos.

On hand at his party were such as New York Giant football ace Frank Gifford, former middleweight champion turned actor Rocky Graziano and boxers Skeeter McClure, Emile Griffith and Jose Torres.

"You recognize me standing up?" Graziano quipped.

Louis grinned and then put on a pair of gloves which had been painted gold, with a "5" painted on one and a "0" on the other. He posed, stuck a finger in the icing of a big cake and licked it appreciatively, blew out the candles, yawned and finally trudged out.

It was a very quiet party.

Spahn Ejected, Back for Mets

NEW YORK (UPI)—Warren Spahn was kicked out, but unfortunately for the Mets, he'll be back today.

The Milwaukee southpaw was ejected from a game Wednesday for the second time in his 19 years in the majors. Umpire Ed Vargo thumbed Spahn off the bench for hollering over a call in the fourth inning.

Spahn, however, will pitch against the Mets today.

Hill Rise Again Favored Despite Dancer Running

PIMLICO, Md. (UPI)—Northern Dancer and Hill Rise, first and second in the Kentucky Derby, along with the three horses which chased them home and one interloper, were expected to be entered today for Saturday's 88th running of the \$150,000 - added Preakness Stakes.

Hill Rise loomed as favorite for the second of the triple crown classics, just as he was two weeks ago at Churchill Downs in the first, even though Northern Dancer beat him by a neck in the rose run.

Rounding out the field of six were Rex Ellsworth's The Scoundrel, Harbor View Farm's Roman Brother and Rokeby

Stable's Quadrangle — the Kentucky Derby horses which finished in that order behind Northern Dancer and Hill Rise — and Mrs. Harriet N. Ball's Big Pete, a newcomer to the classics.

Hill Rise, owned by the El Peco Ranch of George A. Pope, was listed at 8-to-5 by the track handicapper and Willie Shoemaker was again listed as his rider. Northern Dancer, the Canadian-bred colt, owned by the Windfields farm of Edward P. Taylor was 2-to-1. Bill Hartack, who has yet to win the Preakness with any of his three previous Kentucky Derby winners, rides the little but muscular colt.

The Scoundrel, which has impressed local horsemen with the way he has been training for the Preakness, was 4-to-1 with Hank Moreno replacing Manny Ycaza as his jockey. Quadrangle, with Braulio Baeza up instead of Bobby Ussery, and Roman Brother, with jockey Wayne Chambers again in the saddle each were 8-to-1.

Have you seen this man on TV?

"With Skelly Keotane, I did improve my mileage from 1 to 3 miles on a gallon," reported Mr. Eugene Gunnerson. "And the power was stepped up considerably." Skelly cannot guarantee you the same results. But you can get the same additive, Keotane, in Skelly Keotane Gasoline. Try 3 tankfuls in your car and prove to yourself that, today, the best additives do make the best gasolines. Remember—only Skelly has Keotane.

The Pampa Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human relations Commandments, the Golden Rule and the Declaration of Independence.

New Honor for Teacher

Pampans are proud of the Gold Key Award from Columbia University's Scholastic Press Association for her work as a high school journalism teacher. Miss Hurley, formerly a professional newspaper woman, has been at Pampa High School for 11 years during which time she has spurred members of the Little Harvester staff into producing a school publication that has won many top awards and one that ranks among the best high school newspapers published anywhere in the nation. This kind of recognition comes only to a dedicated teacher.

Small Business Decline

There is a matter which should be getting a great deal more attention than it is. This is the decline in the number of small businesses in this nation. In 1948 there were nearly 70 independent businessmen for every 1,000 or population. In 1963 there are only 50. The steepness of this decline is caused by the inclusion in these figures of farm proprietors. Independent small farms are being reduced in numbers. Nor is this reduction necessarily a bad thing. Many small farms simply cannot afford to purchase the modern tools that can be and should be used if efficient food production is to occur. Thus, the tendency has been in two directions: a growth of large farms into even larger units; a reduction in the number of small farms. Curiously, in the midst of this shift, farmers, large and small, have not obtained much in the way of an improved position. While food costs have continued to climb, most of the increase paid by housewives has gone into the hands of food processors, wholesalers, jobbers and retailers. Thus, the small farmer has been placed in the position of standing astride a growing gap between production costs and the portion of the retail dollar that filters down to him. The result is seen in the reduction in the number of small farm proprietors. In not quite such startling percentages, the decline in small non-farm businesses has been occurring in this same period. Business and professional proprietors (small businessmen, doctors, dentists, lawyers) have experienced a reduction in numbers per thousand from about 39.5 in 1948 to 36.4 in 1962. This is an approximate drop of 9 percent. In the past, non-farm independent operators have seemed to follow cyclical patterns. In recessions, the total number shrank. But with expansion, new men started their independent operations and increased the total. Since the beginning of the early 1961 recovery, however, the drop has continued, in spite of what appears to be a generally favorable climate. Meanwhile the consumer, when he buys a TV set, must support the FCC's dream. FM radio, which is now out of the doldrums, got no help and managed to make the grade. All radio, and the consumer's pocket book, would have suffered if the FCC had decreed that every set sold must receive both AM and FM programs. Many people have bought 84-channel sets voluntarily. Many are pleased that they did. But isn't the Government going too far when, in addition to taxing you to support everything from aid to Egypt to subsidies for well-heeled helicopter travelers, begins to tell you how you must spend any money they have let you keep? Zek — That fellow is too slick for me. Sold me a lot that was two feet under water. I went around and demanded my money back. Zeb — Did you get it? Zek — Get nothing. He sold me a motor-boat.

Reds Dream Up New Type Of Strategy

By RAY CROMLEY
WASHINGTON (NEA) — It is now possible to surmise how the Reds expect to win in South Viet Nam. Gen. Vo Nguyen Giap, commander of the Communist forces which defeated the French at Dien Bien Phu and now head of the North Viet Nam Red army, has outlined his military strategy in a series of papers being studied by U. S. Army strategists. In these papers Gen. Giap tells, in his own words, how the Reds won North Viet Nam. Here are selected excerpts: "The enemy wanted to concentrate their forces (to mop up the Red troops.) But by guerrilla action we compelled them to disperse. By successively launching strong offensives on the points they had left relatively unprotected, we obliged them to scatter their troops all over the place in order to ward off our blows. "The enemy divisions were split into regiments, then into battalions, companies and platoons, to be stationed at thousands of points and posts on the various battlefronts of the Indochina theater of operations. "The enemy found himself face to face with a contradiction: without scattering his forces it was impossible for him to occupy the invaded territory; in scattering his forces he put himself in difficulties. His scattered units would fall easy prey to our troops. "On the other hand, if he concentrated his forces to move from the defensive position and cope with us with more initiative, the occupation forces would be weakened and it would be difficult for him to hold the invaded territory. Now, if the enemy gives up occupied territory, the very aim of the war of re-conquest is defeated. "So "the enemy," says Giap, dispersed his forces to occupy many strong points. "As "the enemy's forces (became) more and more scattered, we then advocated the (wider) development of guerrilla warfare," Giap continues, "transforming the (enemy's) rear into our front line. Our units operated in small pockets, with (more) independent companies penetrating deeply into the enemy-controlled zone to launch guerrilla warfare (and) establish bases. . . . It was an extremely hard war. . . . in all domains: military, economic and political. . . . We gradually formed a network of guerrilla bases. "On the map showing the theater of operations. . . 'red zones' . . . began to appear right in the heart of the occupied areas. . . . The front was nowhere, it was everywhere. . . . The center of gravity of the front was gradually moving toward the enemy's rear. "The additional guerrilla pockets, says Giap, caused "the enemy" to scatter his units out even more and nailed them to these scattered outposts. "The essential thing," Giap continues, "was to destroy the enemy's manpower by constant nibbling away." The scattering of the enemy's units made it possible for Giap's admittedly inferior forces to do that "nibbling." "While Giap's "enemy" was scattering his forces and being nibbled, the Communists were "building" their forces. Giap says the Reds "went gradually from independent companies operating separately to mobile battalions, then from battalions to regiments and divisions." In this war, says Giap, "political activities were more important than military activities and fighting less important than propaganda. . . . (Thus) our army has always organized days of help for peasant in production work and in the struggle against flood and drought. . . . Land. . . was confiscated and shared out" to win the cooperation of the peasants in the war.

HOW TO ADDRESS OUR LAW MAKERS
You may wish to write your senators and representatives in Washington and Austin. Here are their addresses: (FEDERAL) Rep. Walter Rogers, House Office Bldg., Washington 25, D. C. Sen. Ralph Yarborough, Senate Bldg., Washington 25, D. C. Sen. John Tower, Senate Office Bldg., Washington 25, D. C. (STATE) Rep. Grainger Melhany, House Bldg., Austin, Texas. Sen. Grady Hazwood, Senate Bldg., Austin, Texas.

Wanta Pull Cyclone's Ears, Lyndon?

McNair Syndicate, Inc. REG-MANNING

Question Box

Question: "Why do you believe that the United States government should discontinue all foreign aid?" Answer: The government has no wealth to give away. It is unethical and unjust for the government to force anyone to pay taxes to send abroad. Or even to help anyone in the United States. No individual, it seems to us, has a moral right to force his neighbor to help support or give assistance to anyone the individual thinks should be helped. If he believes he can use his resources in a way that will give him more satisfaction and will do more good, he should certainly have that right. If the individual does not have the right to force his neighbor to support another person, he does not have the right to compel him to support people of another nation. In our view, only individuals have rights, and government does not have the right to do what an individual has no right to do. If a man can't spend what he earns the way that he feels will benefit himself and mankind the most, he is not inclined to put forth extra effort to create wealth. When all debts of the federal government are included it owes more than a trillion dollars. Dividing that by 180 million people it means that every man, woman and child is in debt, about \$5,500, or in round numbers about \$20,000 per every family. If anyone wants to give aid to foreign people he certainly has that right, but he doesn't have the right to force a single other person to give aid to those he wants to help. If he doesn't have that right as an individual then he cannot delegate that right to a third party — the government. To do so, is to put the government not as an agent or servant of the citizens, but as his master. It seems absurd for the government to be borrowing money, printing bonds, weakening the dollar, and making it a crime to own a real good dollar and then turn around and be so foolish as to tax ourselves, directly or indirectly, to send money all over the world. This is a violation of the moral principle that men must live by the sweat of their brow, and that "whatsoever a man sows, that shall he also reap." When the government takes a part of what a man reaps away from him against his will, it is plunder. It is injustice. It hurts everyone. The plunderer soon begins to believe that he is entitled to it. The best way to help the rest of the world is by example. Let our tariff and immigration walls down and let people come over here and exchange goods and services with us. If we would let more people enter the United States, we wouldn't have so much trouble with our surplus production. An individual can manage his own affairs much better than a politician can. This is proved by history. But we seem to be able to think only of the moment. We do not see the great harm that is result from this foolishness of sending wealth out of the country and getting nothing in return. It seems we must learn over and over again by hard experience and suffering.

Pull Up A Chair

By Frank J. Markey

One of the most amusing records we've heard in a long time is "The Funny Side of Rudy Vallee," which presents "the crooner of yesteryear as a top-flight comedian. The infectious Vallee personality which has been delighting audiences in almost every form of entertainment for so many years shines through some wonderful stories. The album was recorded "live" at a smart Bermuda supper club. Aside from the laughs it provides, the recording shows Vallee is one of the most versatile of all big-time entertainers. It's a gem! Today's smile: The traffic cop said to the woman driver: "Didn't you see me wave my hand?" "Of course I did," she said. "and I waved back at you. What did you want me to do — throw you a kiss?" American adults have been told for years that they're overweight, but now Madison Avenue is about to scold parents into doing something about their children's physical fitness. The ads, which will hit the papers this summer, state there is "no excuse for the overweight, out-of-shape youngster," and will urge parents to insist upon 15 minutes a day of "honest exercise." A good idea, but with a long, hot summer ahead, how are you going to keep Johnny and Susie from eating ice cream and drinking pop? . . . We have no idea why some persons want to see endurance records, but a guy in Council Bluffs, Iowa, claims the world title for riding on a roller coaster. Says he rode the bumps and dips 303 consecutive times in five hours. Our attitude on that one is, so what? Thoughts while shaving: Did you ever wonder how your voice sounds to other people? A simple test is to stand in a corner of a room about six inches from the wall. Cup your hands behind each ear and speak in your regular conversational tones. The voice you'll hear will be your own, the way others hear it. . . . The next time you "kowtow" to someone, remember you're following an old Chinese custom, which literally means "knock the head." It's customary for the Chinese to touch the ground with the forehead when worshipping or paying one's respects to an illustrious personage. . . . By the end of summer one of the world's great mysteries may be solved. Some British research students are going to try to locate the Loch Ness monster in Scotland by using underwater sounding equipment. . . . Contrary to popular notion, the white paint you see on early New England farmhouses and Cape Cod cottages was not typical. The early settlers made their own paint by mixing red lead and lampblack. It was cheaper and the deep red color lasted longer. . . . An American Airlines plane has traveled from Los Angeles to New York

Between the Bookends

NEW COHESIVE DOCUMENTARY
A few years ago a funny thing happened. Booksellers and wholesalers were calling one another frantically — "What and where is the Victor Publishing Company? Who wrote that book about a conservative?" The almost impossible had happened. Senator Goldwater's book became a national best seller without benefit of clergy, so to speak; a dark horse, it sold in the hundreds of thousands simply because it said what needed saying and people told one another about it. History is about to repeat itself. The Liberty Bell Press has published a book by former journalist and editor John A. Stormer, "None Dare Call It Treason," which is going into its third printing only two months after publication. Pattern Defined
This book offers little which is dramatically new to an observer of the current scene. But the author has pulled together seemingly unrelated strands of contemporary life into an unmistakable pattern which clearly shows how America became snared in the contemporary web of subversion. It is a study of our losing fight with Communism, sparking with items presented in a new light. The 12 pages of documentation which follow the text are invaluable for research-minded readers. Do you know the differences and the relationship between Soviet Socialism and National Socialism (Nazism and Fascism)? Do you feel that you must defend many accused communists because their beliefs are the same as yours? If so, you are not alone, and Mr. Stormer does a great deal to resolve the paradox of good Americans and subversive conspirators working together. He presents us with a far from cursory study of mutually exclusive elements in our basic institutions: in education, in religion, in mass communication, in mental health, in the field of Foundation funds used to indoctrinate Americans, and of our national interest in relation to "world opinion." Suggestions Presented
Most of the facts Stormer presents are yesterday's headlines which suggests what could be tomorrow's news. Mr. Stormer does not indict or make charges against anyone. As he says, "Most Americans. . . haven't done anything for which they can be criticized. They haven't done anything." When you have read his analysis you will understand why and perhaps you will be inspired to follow his suggestions of ways in which individual citizens can help save their country. "None Dare Call It Treason" will prove to be of interest to

Straight Talk

By Tom Anderson
WE COULD BECOME UNDONE

If you're unemployed, relax and enjoy it. Practically everybody is going to be jobless within five years, according to a group of fanatical theorists who claim machines will soon do most of the work now done by people. Are these cybernetic frenetics right? Can machines really do almost everything now done by and for man? Like turning off lights in the White House? And, if a machine could find out how to do this, could it tell the American people? The only solution, these "social scientists" claim, is for the government to divide up all the money equally and give every person an equal amount each payday, work or not. Now these cybernetic crackpots did not invent this panacea. It was invented way back in Uncle Tom days by a Negro named Rastus. Rastus was telling his boss why he was for Huey Long. "He gonna divide up all de money equal and make ever' man a king!" "But Rastus," the boss reminded, "don't you know that you'd get your nose in the jug on Saturday night, end up in a crap game and lose it all?" "Maybe so," replied Rastus, "but as I understands it, Mr. Huey gonna divide it up equal again ever' Monday mawnin'!" Equal on Monday
This anti-poverty plan is somewhat more honest than Mr. Johnson's, naturally. Instead of stealing an additional \$10 billion from the "haves" to give to the "have-nots," this anti-poverty program steals on every Monday basis. Instead of stealing from the rich to give to the poor, this plan would eliminate the rich, except for the corporate Socialists who would run everything. (The only place in our country where there will be no unemployment is in the government.) This plan, of course, would end the need for a federal personal income tax. A government which steals from everybody equally might as well steal from nobody.

Clearing House

Articles for this column are preferred to be 200 words or less in length. However, longer articles may be printed. All letters must be signed.

Dear Editor: The following is a copy of a letter to Congressman Walter Rogers. "Dear Mr. Rogers: You have been very kind about answering my correspondence on the Becker Amendment, but you have not yet stated in any way as to how you stand. "The pressure to kill the Becker Amendment is great from the atheists and "Free Thinkers." I am sure that you do not favor the abolition of the practice of voluntary Bible reading and prayer from our public school life in our nation. "Many say that the Supreme Court rulings have no effect on such in our schools, but there is proof that it already has. If men who claim to fear and reverence God will not stand and defend our precious freedoms then who will? "I believe that any member of Congress who fails to exercise his influence in behalf of such badly needed legislation as the Becker Amendment is in a way, failing to keep his oath of office. "Sir, it is time for you and many more to sign the discharge petition on the Becker Amendment. I hope that you will do so immediately. Thank you." Jack Boney, Jr. Rt. 1, Esteline, Texas

Unremembered

In keeping with "progressive" thinking, there are a number of refinements which should be made in this momentous proposal by Rastus and the "economists" who stole his idea. First, it has to be politically feasible. Has our State Department cleared it with Mr. Khrushchev and Mr. Tito and Mr. nessesmen who own the Johnson in-3 hrs., 36 minutes, which is almost the speed of sound. The record going the other way is 4 hrs., 19 minutes, a bit slower against the wind. . . . Reported in the Chicago (Ill.) TRIBUNE: "Congress is not any more New Frontier-minded than the last Congress." Or the next one either! . . . Sir Isaac Newton was also something of a punster. When some bore asked him how he discovered the law of gravity, Newton invented the story about being hit on the head by a falling apple. A legend was born, which prevails to this day. Country Editor speaking: "Always remember — the future only comes one day at a time."
