LBJ Sees Hope of Lasting Rail Peace

4-Year Old Fight Brought to an End

By WILLIAM J. EATON
WASHINGTON (UPI) — President Johnson, buoyed by his triumph in averting a nationwide rail strike, held out hope today for lasting labor peace in the strife-torn railroad industry.

The President announced settlement of the 4½-year-old railroad work rules dispute in a radio-television appearance Wednesday night — little more than 48 hours before the scheduled shutdown of the nation's vast rail network was to begin.

The settlement came on the 13th day of the 15-day truce that the Chief Executive had arranged so he and a special team of federal mediators could try to get a negotiated agreement. The crisis had developed when a surprise strike against the Illinois Central Railroad threatened to spread into a national walkout.

Johnson forecast continued economic advances now that the threat of a national transportation tieup was removed by the rails agreement.

Must Be Ratified
Union sources said the settlement, which still must be ratified by rank-and-file members of the five operating brotherhoods, was a "pretty good deal." Observers said the railroads were not happy with the terms but felt they were the best they could get and avoid a crippling strike.

It was believed to be the first labor-management agreement worked out under such close White House scrutiny since

President Harry S. Truman's time.

Johnson declared it was "just and fair." He said it would allow modernization and still take account of human problems created by technological progress.

"But most of all this agreement prevents — we hope for all time — a most crippling and disastrous strike in the railroad industry," the President said.

"Our robust economy can continue its healthy and encouraging forward movement," he said. "Business and labor can take new encouragement. All of us can remain optimistic."

Speaks For Unions

Roy E. Davidson, grand chief engineer of the Brotherhood of Locomotive Engineers, was spokesman for the five unions and their 200,000 members who were involved in the dispute.

"The groundwork for collective bargaining in the railroad industry has been re-established," Davidson said. The railroad spokesman, J.E. (Doc) Wolfe, anticipated a "rebirth of cooperation" between management and union leaders.

"The settlement we have made, at President Johnson's request, means a brighter future for America's railroads in (See LBJ, Page 3)

Lawmaker Hits High Court on Prayer Issue

Congressman Shows Petition Supporting Proposed Change

WASHINGTON (UPI)—A New Hampshire congressman said today the Supreme Court apparently believed Americans are getting so big for their britches that they don't need God in their public institutions.

Rep. Louis C. Wyman, R-H., sharply attacked high court decisions outlawing prayer and Bible-reading as part of regular public school programs and called on Congress to reverse their effect.

Appearing before the House Judiciary Committee at the second day of hearings on 147

prayer measures, Wyman urged support of a proposed Constitutional amendment that would establish the right of all persons to either participate or decline to take part in prayers and Bible reading in schools or other public places.

The New Hampshire congressman brought to the committee petitions bearing the names of 16,000 persons from Ohio and Kentucky in support of his legislation. He said the 1962 and 1963 court decisions on prayers "as in several decisions relating to investigation of communism" have "tortured out of all proper proportion and perspective the simple English meaning of the Constitution."

Wyman said belief in God was the "signal difference" between communism and "the Christian-Judaic tenets of our system," and Congress should see to it that the difference was maintained.

"To leave prayer exercises solely in the home or in the church is to mean that for many children there will be no prayers at all and no exposure to prayer, but unfortunately too many parents are too busy, too disinterested or outright disinclined," he said.

"It is important in this world that we in the United States be on God's side. The Supreme Court prayer decisions do not help in this objective."

The committee returned to work with some members still smarting over what they took to be implications in Wednesday's testimony that they might be "anti-God."

Larger Crowd Expected at Fair Today

NEW YORK (UPI) — Encouraged by improving weather and the likelihood of diminishing civil rights protests, visitors in greater numbers were expected today at the 1964-65 World's Fair.

Only scattered demonstrations were anticipated today, and the prospect was for a warming, clear weather over the Flushing Meadows fair-ground where President Johnson's appearance highlighted opening day festivities Wednesday.

A total of 92,646 persons passed through the turnstiles before the gates were locked for the night at 2 a.m. EST. But that was far fewer than the quarter-million expected at the opening. The probability is that day- and night-long rain and the largely unfulfilled threat of civil rights disorders were responsible for the smaller crowd.

The heralded "stall-in" blockade of access highways was a failure and harassment of public transportation was minimal. Most of the demonstrating was done inside the fair proper.

At least 299 persons were arrested in the disorders which included a bloody subway incident and chants of "freedom now... freedom now..." Backgrounder President Johnson's speech at the dedication. Police forcibly removed about 20 demonstrators holding up a fair-ground subway train and some were clubbed.

Final Check Set Tomorrow For Concert

Final check-in meeting for workers in Pampa's Community Concert Association membership drive will be held at 4 p.m. Friday at Southwestern Public Service Co.

A large turnout for a morning check-in today was reported by Concert Association officials. However, it was reported that many good seats are available to prospective members.

Workers were urged to redouble their efforts in contacting prospective members in Canadian, Perryton, Clarendon, Miami, Wheeler, Spearman, White Deer and Panhandle as well as Pampa.

The Concert Association board will meet at 7:30 p.m. Friday to make final selections of artists and receive reports on the membership campaign.

Workers can make requests for additional artists or changes if they wish at the board meeting.

REGISTERING FOR OPEN HOUSE — Jack Miller, left, district engineer for the Texas Railroad Commission, watches Theresa Self, one of his aides, register Nate Turnbo, division superintendent of Kewanee Oil Co., for the formal open house and luncheon to honor the Texas Railroad Commission and its officials on completion of the new district offices for the Railroad Commission in Pampa's City Hall. The open house will be held Saturday and the public is invited to attend ribbon-cutting ceremonies at 10:30 a.m.

Ribbon-Cutting Set In Commission Office

A ribbon-cutting ceremony will highlight public open house for new offices of the District 10 Oil and Gas Division of the Texas Railroad Commission Saturday morning.

Mayor H. R. Thompson will join Railroad Commissioners Jim Langdon and Ben Ramsey in slicing the ribbon at 10:30 a.m. Saturday that will open

the doors to the new offices in the City Hall Building. Jack Miller, district engineer for the Texas Railroad Commission, will be on hand to direct Pampans on a tour of the new offices, which have been enlarged and remodeled over the past several months at a cost of some \$11,000.

Anyone wishing to visit the offices and learn just what is done in the Panhandle by the district office of the Railroad Commission may do so during the day Saturday. Coffee and donuts will be served by members of the Desk and Derrick Club in the Palm Room of City Hall.

Thompson will lead the list of persons who will meet with the two railroad commissioners for the opening of the new offices. He will be joined by the entire city council, City Manager Harold Schmitzer, County Judge Bill Craig, State Representatives Grainger McIlhenny of Wheeler and Fritz Thompson of Borger along with State Senator Grady Hazelwood.

Following brief remarks by Mayor Thompson, the two commissioners will make brief dedication speeches and then retire to the Palm Room after having toured the offices with the city council and county officials.

The commissioners will meet the public during the coffee hour at the Palm Room before going to a specially prepared luncheon at Coronado Inn where they will address some 300 oil and gas officials from the Top O' Texas area.

The luncheon is under sponsorship of the City of Pampa, the oil and gas committee of the Pampa Chamber of Commerce, the Panhandle Producers and Royalty Owners Association and the Panhandle Chapter of the American Petroleum Institute.

"If we give them five more years," Morris said, "it will give them the opportunity to complete their plans."

"The American voters must take these men from positions they now hold — positions where they control our destiny," Morris described the United Nations plan for world government and the UN handling of all international affairs with a world court having the final say on what is international and what is domestic.

mal open house and luncheon to honor the Texas Railroad Commission and its officials on completion of the new district offices for the Railroad Commission in Pampa's City Hall. The open house will be held Saturday and the public is invited to attend ribbon-cutting ceremonies at 10:30 a.m.

Liz, Burton Face \$50 Million Suit By Film Studios

NEW YORK (UPI) — Richard Burton and Elizabeth Taylor today faced a \$50 million lawsuit because their conduct during their much-publicized romance in Rome last year allegedly alienated moviegoers.

Twentieth Century-Fox and 20th Century-Fox Productions Ltd. filed a damage suit in federal court here Wednesday charging that the stars' behavior off the set while filming "Cleopatra" ruined the appeal of the film to the public.

The suit said the activities of Burton and Taylor, recently married, were "offensive to good taste and morals and destroyed the commercial value of the production."

The couple could not be reached for comment.

March Planned on Alabama Courthouse

By United Press International
A small contingent of civil rights demonstrators promised to return to the New York World's Fair today and Negroes vowed to march on the courthouse at Tuscaloosa, Ala.

At least 265 demonstrators were arrested at the World's Fair Wednesday during a series of incidents aimed at dramatizing the civil rights issue. Several persons were hurt resisting arrest and four policemen were injured in clashes with the demonstrators. A proposed "stall-in" on roads leading to the fairgrounds was a flop. Some demonstrators promised to return today to picket inside the fair grounds.

Negro leaders at Tuscaloosa said the march today was in protest against discriminatory signs at the county courthouse.

Candidate Points To 'Year of Crisis'

(Picture on Page 3.)

Robert Morris, Republican candidate for U.S. senator, told audiences in Pampa today that 1964 is "a year of crisis" for American voters.

He said the outcome of the 1964 elections will bring the decision that determines the nation's destiny for the next five years.

Morris charged that the present administration in Washington has already reached its decision to proceed with a merger of the United States and the Soviet Union under the United Nations plan for a world government.

"If we give them five more years," Morris said, "it will give them the opportunity to complete their plans."

"The American voters must take these men from positions they now hold — positions where they control our destiny," Morris described the United Nations plan for world government and the UN handling of all international affairs with a world court having the final say on what is international and what is domestic.

"Under our present disarmament program nations will be allowed only weapons for internal policing. The UN will handle international policing."

"The tempo is increasing tremendously toward world government and they are working on it at an accelerated pace."

"If we don't do something about it in this year of 1964 they may well succeed."

Morris declared that one billion people in the world already are under the bondage of communism.

He pointed out that the United States has lost control in the United Nations and that it now is dominated by Russia and nations leaning to communism or completely under Communist control.

"We are making concession after concession to the Communists and are using foreign aid to implement communist ideals," Morris said.

The candidate listed incidents of our government's appeasement (See CANDIDATE, Page 3)

If it comes from a hardware store we have it. Lewis Hdwe. (Adv.)

TERMS OF STRIKE SETTLEMENT LISTED

WASHINGTON (UPI) — Here are terms of the strike-averting settlement of the railroad rules dispute:

—Holidays: Virtually all of the 200,000 hourly-wage rail operating employees will receive seven paid holidays.

—Expenses: Rail workers kept away from home on a lay-over will receive suitable lodging and a \$1.50 meal allowance after four hours.

—Manning of self-propelled machines: A new rule was established to reduce the number of operating employees, such as engineers and conductors, assigned to self-propelled equipment used for construction and other purposes.

—Pay structure: The present dual system of pay, on an hourly or mileage basis, will be retained without change. But any wage increase received by workers paid under this system until 1968 will increase only basic rates and not apply to mileage rates. This was designed to reduce a pay disparity between workers paid on a mileage basis and those on an hourly basis.

—High pay: About 100,000 yard employees will receive an "inequity adjustment" that will raise their pay about 4 per cent.

—Overtime and night differentials: These union demands were withdrawn.

—Interdivisional runs: The carriers' request for broader authority to set up longer train runs without changing crews are referred to a committee consisting of the two private mediators, Dr. George W. Taylor and Theodore W. Kheel.

—Combining road and yard service: The carriers won a limited right to use road crews for some types of yard work, especially in cases where this would permit elimination of a lone yard crew in a terminal.

—Employee protection: Workers displaced by changes made under the road-and-yard rule and the self-propelled equipment rule will receive protection in the form of 60 per cent of their pay for four years.

MORRIS IN PAMPA — Robert Morris of Dallas, Republican candidate for the United States Senate, spoke twice in Pampa today. He appeared at a 7 a.m. breakfast in Coronado Inn and at a mid-morning coffee in the Citizen's

Bank Hospitality Room. Shown here at the coffee are from left, Hobart Fatheree, Pampa rancher; Mrs. Jim Hobbs, Morris, and Mrs. David Fatheree. Mrs. Hobbs and Mrs. Fatheree are wives of the co-chairmen for Morris' Gray County campaign.

Nazi Slayer Escapes From German Jail

BRAUNSCHWEIG, Germany (UPI) — Nazi mass murderer Hans Walter Zech-Nenntwich has escaped from a maximum security jail, police said today. Prosecutor Heinrich Kintzi said Zech-Nenntwich broke out of the local jail "apparently with the aid of an accomplice." The 47-year-old former Nazi SS officer, convicted Monday of helping in the slaughter of 5,200 Jews in wartime Russia, left a rolled blanket dummy in his cot when he fled his cell "some time during the night," the prosecutor said. Kintzi said guards spotted Zech-Nenntwich at his cell door at 8 o'clock Wednesday night and ordered him "to get back away from the door and get to bed." The 9 p.m. check showed "all was well." But only the dummy was in the cot in the empty cell at the 6 a.m. get-up check today, the prosecutor said. Zech-Nenntwich, who had predicted his acquittal, was appealing his conviction of four years at hard labor. The prosecution also was appealing, seeking a life term for the former Nazi.

FALLS ON CUE
VENTURA, Calif. (UPI)—The script in a school play called for 16-year-old Mary Moore to fall and "get bruised." She fell down on cue this week in the St. Catherine's Academy production of "Nine Girls" — and broke her leg.

Returning Thief Puzzle to Police

A returning thief has Pampa police puzzled and a motor company just a little shaken today. Police Chief Jim Conner said in the past four nights or so someone has taken three chrome air cleaners from a late model automobile at McAndrew Motors. To make matters worse, the thief returned Tuesday night or Wednesday morning and removed a four-barrel carburetor and air cleaner from another automobile of an entirely different make. Officers are wondering if they should check to see who is building an automobile from scratch while checking the incidents.

Electric Guitar Stolen From Church

An electric guitar that won't play without a speaker was reported stolen from the Immanuel Temple Church at 801 Campbell between 10 p.m. Tuesday and Wednesday afternoon. Police Chief Jim Conner said intruders went through an unlocked office window of the church and took the guitar and case. However, the speaker system was left where it stood. The guitar was valued at \$180, but police said it would not work without the speaker.

Candidate

(Continued From Page 1)
ment of communism. He said in this respect. "In 1962 we were told we could no longer have prayer and Bible reading in our schools. It is established now that we are neutral between religion and atheism." He charged that the current civil rights bill now being debated in the Senate "is a police power bill—taking police power from our states and giving it to the federal government." Morris slapped the federal aid to education movements on the part of government agencies. "Federal aid to education means nothing more nor less than federal control over education," he stated. "We have only nine days left before the primary election," Morris said, "and I have been touring Texas trying to get people to understand the gravity of the situation facing us today." Morris complained that GOP voters were being lured away from the party by conservative Democrats. Morris said that in his many tours over the state he has found many "strong Republicans" who have indicated they will vote in the Democratic primary May 2. Another factor, said Morris, is that many Republicans are supporting conservative Democrat Gordon McLendon in his contest against U.S. Senator Ralph Yarborough, a liberal, for that party's nomination. "They are doing this," declared Morris, "because they are supporting President Johnson and want a chance to take two swipes at Senator Yarborough this year." Morris and three other Republicans, George Bush and Jack Cox of Houston and Dr. Milton Davis of Dallas, are in the race to pick the party nominee that will oppose the winner of the McLendon-Yarborough Democratic campaign.

Girl, 4, Hurt In Car Mishap

A 4-year old girl became Pampa's 39th traffic injury about 8 p.m. Wednesday when she darted into the side of a moving automobile. Cheryl Mores of 623 E. Browning was taken to Highland General Hospital for treatment of injuries suffered when she ran into the car in the 600 block of E. Browning. Police Chief Jim Conner said the girl struck the side of the car driven by Bob Edward Parker of 618 Lowry St., who was proceeding west on E. Browning. The girl was cut above the right eye and complained of back injuries.

Police Warning Given on Guns

When spring arrives a young man's fancy turns — to pellet and B-B guns. And with the arrival of fair weather and longer day light hours, Pampa police reminded parents that city ordinances controlling use of such weapons would be enforced. Parents are asked to instruct their children not to fire B-B guns inside the city limits and to take special care with the weapons when they are in use, even outside of town, because of possible damage or injury to someone.

One incident of pellet gun or B-B gun shooting was reported to police Wednesday when a woman and baby were barely missed by glass at home following the shooting out of a window in the kitchen.

The incident brought the warning to residents regarding the weapons. Continental population of Asia increases by about 32 million per year.

Obituaries

J. Hayward Romines
Funeral services for James Hayward Romines are pending with Duenkel-Carmichael Funeral Home. Mr. Romines died at 2:30 a.m. today in Dumas Memorial Hospital. He was born March 26, 1931 in Pampa and served with the United States Navy from 1950 until 1954. He is survived by his wife, Virginia Martin Romines; four children, James K., Penny Ann, Charles K. and Candis Lynn, all of the home in Cactus and his mother, Mrs. Halle Romines, Cactus.

Nonfat Milk Is Right For Diet-Watchers

By GAYNOR MADDOX
Cynics like to say that marriage makes you fat. This can be true unless the young bride decides regularly to plan meals that are moderately low in calories but at the same time adequate in proteins, minerals, vitamins and carbohydrates. Otherwise she and her once slender young husband may soon be putting on weight that is neither needed nor becoming.

Many figure-conscious young couples today use nonfat milk both in cooking and as a beverage. It contains considerably fewer calories, but all the proteins, B vitamins, phosphorus and calcium of whole milk. Nutritionists recommend its use to weight and health-conscious young people.

Here is a pleasant well-balanced meal moderately low in calories for modern young marrieds. Nonfat milk is used in the sauce and as a beverage.

- Clear Beef Bouillon
- Celery and Carrot Sticks
- Ground Lean Beef Patties with Cheddar Cheese Sauce
- Melba Toast
- Fresh Fruit

Hailbut Marengo Is A Gourmet's Delight

By GAYNOR MADDOX
Do you enjoy delicious food? Would you like to put more variety in your family menus? If the answer is "yes," then why not do as the French and other gastronomically gifted European chefs do — serve fish and seafood, gently cooked and interestingly seasoned, more frequently.

Take a look at this recipe for Hailbut Marengo. It is really delicious. Tender, white halibut is combined with mushrooms, white wine, tomatoes and herbs. The result is fragrant and delightful — a gourmet dish any cook can prepare easily.

Hailbut Marengo (4 servings)

For four servings, plan on 1½ lbs. halibut steaks, fresh or frozen. If halibut is frozen, let partially thaw (for about 30 minutes) on refrigerator shelf or at room temperature. Melt ¼ cup butter or margarine in large skillet. Sauté 1 lb. mushrooms (sliced) or 1 (4 oz.) can sliced mushrooms and 1 medium onion (sliced) over low heat until lightly and evenly browned. Sprinkle 2 tablespoons flour over mixture in skillet and stir to make smooth paste. Add ½ cup dry white wine. Add 1 (No. 2) can tomatoes and ¼ teaspoon each oregano and thyme, ½ teaspoon salt, and ¼ teaspoon pepper. Cook over low heat, stirring constantly until thickened. Place halibut steaks in tomato mixture in skillet, cover and simmer 15 minutes.

NONFAT MILK boon to weight-conscious.

Nonfat Milk, Coffee or Tea
CHEDDAR CHEESE SAUCE
(Makes about 1½ cups)
2 T. butter
2 T. flour
1-3 c. instant nonfat dry milk crystals
1 c. water
½ t. salt
½ t. instant minced onion
Dash pepper and Worcestershire
¾ c. grated Cheddar cheese
Melt butter in saucepan; blend in flour and seasonings. Stir instant crystals into wa-

ter; stir into flour mixture. Cook and stir over low heat until thickened. Add cheese; stir until cheese is melted and sauce is smooth. Garnish with paprika, if desired.

Rhubarb Is Back! So Try It Soon

By GAYNOR MADDOX
Fresh Rhubarb Lattice Pie. There's no more delicious sign that spring is here and summer not too far off.

Did you know that rhubarb thrives naturally only where winters are cold enough to freeze the ground to a depth of at least 3 or 4 inches? It was originally a native of southern Siberia. In the United States we eat about 56 million pounds a year. Much of it is hothouse grown, contrary to what you may have thought.

Rhubarb of good quality is fresh, firm, crisp, tender and either red or pink. Stalks — the only part to be used — should be fairly thick, although the younger stems on which the leaves are not fully grown are usually the most tender and delicate in flavor.

LAITICE CRUST FRESH RHUBARB PIE
(6 servings)

Pastry for 2-crust, 9-inch pie
5 cups (1½ pounds) diced fresh rhubarb
1½ cups sugar
¼ teaspoon salt
3 tablespoons quick-

Gravy Mix Enriches Casserole

BROWN GRAVY MIX used in meat casserole.

cooking tapioca
2 tablespoons butter or margarine
1 teaspoon grated lemon peel
Line a 9-inch pie plate with pastry rolled to ¼-inch thickness. Combine remaining ingredients. Turn into the pastry-lined pie plate. Roll remaining pastry ¼-inch thick. Cut into strips ½-inch wide

and arrange over top of pie in lattice fashion. Trim, turn under and flute edge. Bake in a pre-heated very hot oven (450 degrees) 15 minutes. Reduce heat to moderate (350 degrees) and bake 30 minutes or until rhubarb is tender and the crust is brown.

Read the News Classified Ads

HEARTY MEAT CASSEROLE
3 small cooked onions or 1 small onion, cut into quarters
2 tablespoons butter
2 cups cubed cooked meat
1 package brown-gravy mix
1 cup water
1 cup cooked carrots and peas
2½ cups leftover cooked potatoes, sliced, cubed or mashed
1 tablespoon butter
Sauté onions in two tablespoons butter until slightly browned. Add meat and brown. Blend in gravy mix. Add water and vegetables. Cook and stir over medium heat until mixture comes to a boil. Pour into a 1-quart casserole. Top with potatoes.

WINNER — Miss Carol Peeples and her mother, Mrs. H. E. Peeples, admire the water-color and ink-pen sketch which won Carol a first place award in the High School Art Exhibit sponsored here by the American Red Cross and National Art Education Association. Carol's paint-

ing along with 10 others, including that of Juhani Karmoski, American Field Service student, will be sent to the national competition. Winners from around the world will be judged before an international high school art exchange is conducted. Mrs. Floyd Sackett is Pampa High School art instructor.

Cost Rises For Dam On U.S.-Mexico Line

WASHINGTON (UPI) — The head of the U.S.-Mexican boundary and water commission has told the house appropriations committee the American cost of Amistad Dam on the Rio Grande has increased from an estimated \$55,289,000 to \$169,792,000.

Commissioner Joseph Friedkin gave the figures in closed door testimony to the committee Feb. 7. The committee released them Thursday.

Friedkin testified that a major part of the increase was because geological investigations showed that a clay seam underlays the dam site at a depth of about 30 feet.

"Our board of consultants and geological advisers advised us that this should be removed,

and back-filled with concrete in order to assure the dam would be safe," Friedkin said.

The commissioner was appearing before the committee to testify on the state department request for \$17,371,000 to run the commission during the fiscal year starting July 1. He said by far the bulk of the money — \$14.1 million — will be used for construction of Amistad Dam.

The dam is located near Del Rio, Tex. It is the second largest dam to be built under a 1944 treaty with Mexico.

Friedkin also said the money request included \$200,000 for acquisition of lands in anticipation that they will eventually be used for recreational purposes. He said the park service had surveyed the area and estimated basic facilities for three of the eight sites included in total 2,280 acres would cost \$2,462,000. Rep. John Rooney, D-N.Y., chairman of the subcommittee taking the testimony, advised Friedkin not to spend any money to buy recreational land.

Rooney later suggested to Friedkin that when displaying maps of the Mexican border "showing a good part of Texas, you show Johnson City and Stonewall, Tex. You do not even show the Pedernales River, do you?"

President Johnson's ranch is near the two towns, and on the Pedernales River.

NOW YOU KNOW

By United Press International

The federal government owns about one-third of all land in U. S., and nearly a half-million more acres are acquired yearly from private owners, according to American Forest Products Industries, Inc.

Carson Election Judges Conduct School Session

PANHANDLE (Spl) — Election judges and clerks responsible for holding Republican primaries, May 2, in each precinct attended a training school in Panhandle last week.

Election judges and location of polls are:

Precinct 1 — Mrs. Marie Bonifield — Panhandle School Administration Office.

Precinct 2 — Oran Emberton — Emberton's home.

Precinct 3 — Mrs. Len Gray — Gray's home.

Precinct 4 — Paul Buchanan — White Deer Grade School Music Room.

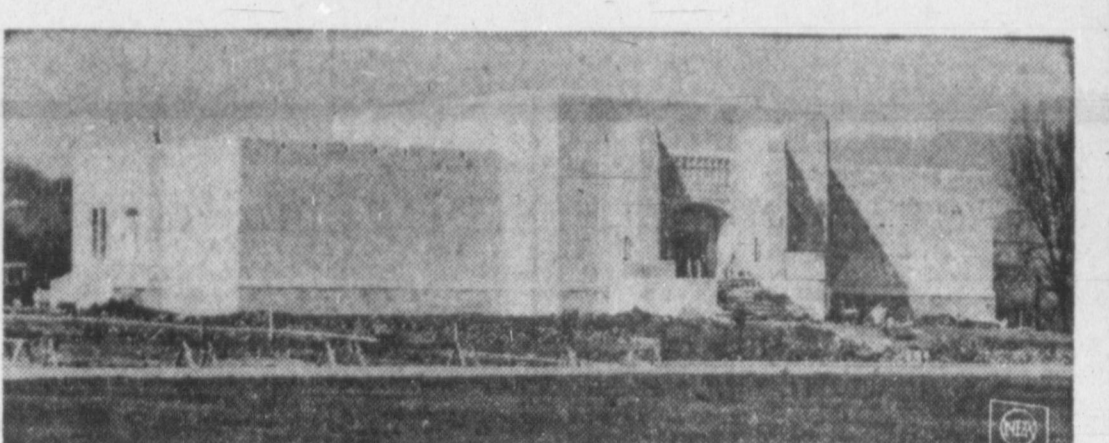

Precinct 5 — Roy Davis — Robinson Grain Co.

Precinct 6 — Billy J. Burgin — Groom Community Center.

Precinct 7 — Charles Sandifer — Sandifer's home, Pantex.

Precinct 8 — Mrs. Joe Dawson — Skellytown City Hall.

Precinct 9 — Mrs. Frank Robinson — Lark Grain Co.

A FORT FOR GENERAL MARSHALL—The George C. Marshall Research Library, a stylized version of an old Army fort, nears completion in Lexington, Va. The building, which will house a library for General Marshall's private and official papers, will be dedicated on May 23 in a ceremony attended by President Johnson and former Presidents Truman and Eisenhower.

Study Group Ready On Redistricting

AUSTIN (Spl) — Texans will have ample opportunity to give their views on how the state should be divided into 23 congressional districts of equal population.

A seven-member study group of Texas Legislative Council (research arm of the Legislature) plans to begin extensive hearings over the state soon after the May 2 primaries.

Paul Floyd of Houston, Tommy Shaon of Fort Worth, Wayne Gibbons of Breckenridge, Richard C. Slack of Pecos and G. F. Mutscher of Brenham.

Gov. John Connally praised Atty. Gen. Waggoner Carr for his representation of the state during the redistricting case. He said work of Carr and his assistants made it possible for the state to hold our 1964 congressional elections without the requirement of a special session or at-large (statewide congressional) races.

AGING — Governor Connally

revealed that 1,400 of the 3,500 senile patients in state mental hospitals have been moved to private nursing homes in the last year.

He told his Committee on Aging that this is one method being used to better the lot of older, ill persons. Many have been sent to mental hospitals because there was no place else for them to go. But under the new Federal-state program of paying nursing home costs of the ailing aged, those not really mentally ill can be taken out of the state hospitals.

House Fall Inch Short, Must Be Made Over

LOW SPARKENSHILL, England (UPI)—For want of an inch, a building inspector said "No!"

So, nail by nail, part of a brand new \$8,400 house here must be torn down and rebuilt.

The town council ordered the revision in the caretaker's house at a new Roman Catholic school here.

Building inspector Edward English said Tuesday, "I know an inch may seem petty, but we cannot issue a habitation certificate if the house does not conform with building by-laws. All rooms must be a minimum of 7 feet 6 inches high."

Congressmen and party officers already have been invited to make suggestions as to how districts should be drawn with approximately 416,000 population each.

U.S. Supreme Court has supported a Houston-federal court ruling that the districts must be formed to provide "equal representation for equal numbers of people" as nearly as possible.

The Houston court on April 1 agreed that the Legislature should have a chance to do the job in regular session of 1965.

Sen. George Moffett of Chillicothe, senior member of the legislature in point of service heads the study committee which will conduct the hearings. Other members are Sen. Abraham Kazen Jr. of Loredó and Reps.

COURT REFORMS — U.S. Supreme Court Justice Tom Clark came to Austin for the Texas Conference on Judicial Selection, Tenure and Administration, sponsored by the State Bar of Texas.

Two hundred and fifty lawyers, judges and laymen talked about how to improve the Texas judicial system.

Court organization and administration, and judicial selection, tenure, retirement, discipline and removal were discussed. Lawyers and judges from a dozen other states where court reforms have been enacted participated.

MAIL ORDERS FILLED. FAT OVERWEIGHT

Available to you without a doctor's prescription, our drug called ODRINEX. You must lose only fat in 3 days or your money back. No strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers or cookies or chewing gum. ODRINEX is a tiny tablet and easily swallowed. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions, because ODRINEX depresses your appetite and decreases your desire for food. Your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX costs \$1.50 and is sold on this GUARANTEE: if not satisfied for any reason just return the package to your druggist and get your full money back. No questions asked. ODRINEX is sold with this guarantee by:

Malaysia Accuses Indonesia of Plot

KUALA LUMPUR, Malaysia (UPI) — Malaysia Wednesday accused Indonesia of plotting the assassination of Prime Minister Tengku Abdul Rahman and other high-ranking officials as part of a program of terror aimed at territorial expansion.

The charges were contained in a 64-page document released by the government information office. It charged that Indonesia opposed the formation of the federation of Malaysia because it is pursuing an expansionist policy in Southeast Asia and hopes eventually to absorb Singapore and the Malay Peninsula into a "greater Indonesia."

The document alleged that Indonesian policy was to attack from the outside and also to "create actively subversive, violent, communal clandestine organizations within Malaysia."

It said two such organizations were set up with the aim of armed insurrection last August, two weeks before the federation was formed of Malaysia, Singapore, and the British territories of Sarawak and Sabah (North Borneo) in Borneo.

Indonesia, which holds about two-thirds of Borneo, protested the formation of the federation and charged it was a "neo-colonialist" plot by Britain to retain influence in the area. The federation is a member of the British Commonwealth.

There have been guerrilla clashes along the Borneo frontiers and isolated terrorist attacks in the cities.

Court Order Blocks Electric Co-operative

AUSTIN (UPI) — An East Texas rural electric cooperative was blocked by court order Wednesday from building a generating plant in an area served by a private company.

Dist. Judge Jack Roberts ruled late Tuesday that Upshur Rural Electric Cooperative at Ore City, Tex., does not have authority under Texas law to build the proposed 19 million generating and transmitting plant.

The suit was instigated by Southwestern Electric Power Co. of Shreveport, La., which now furnishes power to Upshur Electric Cooperative. Attorneys for the cooperative said they would appeal.

The suit, handled through Atty. Gen. Waggoner Carr's office, contended the cooperative proposed to build the plant in an area already being served by Southwestern.

This, the state contended, is in violation of state laws passed when electric cooperatives were established under federal laws some 30 years ago.

A spokesman for Southwestern said the suit was pressed to establish if cooperatives have the right to displace established electric service by private companies.

A spokesman for Texas Electric Cooperatives Inc. contended the suit was an effort to assure monopoly to Southwestern.

Prison Sentence Upheld by Court

AUSTIN (UPI) — A 15-year prison sentence given Donnie Tew of Lubbock in the fatal shooting of James Shobert was upheld today by the Court of Criminal Appeals.

Evidence showed Shobert was shot June 20, 1963, following a poker game at Tew's home. The criminal appeals court said evidence was sufficient to support the conviction and affirmed the judgment.

High Priced Back

LONDON (UPI) — Fullback Don Howe of West Bromwich Albion has been purchased by the Arsenal club for 45,000 pounds (\$126,000) — a record price for fullbacks in the British Soccer League. Howe, 28, is rated as one of the finest defensive players in the world.

'Lobbyists' Hope to Halt Bagpipe Tariff

By DICK WEST

WASHINGTON (UPI) — A crusading editorialist for one of the local papers has brought to light a situation of vital concern to everyone who values his peace of mind.

He reported that "the powerful bagpipe lobby" in this country has undertaken a campaign to persuade Congress to amend the tariff laws so that bagpipes can be imported duty free.

"Make no mistake," he warned, "once they are imported, they'll be played — if that's the word."

Rather than eliminate the tariff, he added, Congress would do better to double it.

"The purpose of tariffs is protection and this is a field in which we feel we all need protection, the more the better," he wrote.

As you might imagine, the reaction of the bagpipe lobby to this attack was immediate and heated. One spokesman said it had "aroused the ire of all true Scots from the rock-bound lochs of Maine to the heathered glens of Sunny California."

Another declared that "the grand music of the pipes in stills in ilka brierst an abidin love for freedom, justice and brother man."

Still another asserted that "the heavenly music of the Scottish pipes" is "the sound

dearest to the hearts of Scots save only the sound of their mother's singing."

Informed sources revealed that the bagpipe lobby is composed of 17 members of the Washington Scottish Pipe band. And it was further disclosed that the band holds weekly practice sessions on the campus of Gallaudet College, a school for the deaf.

An investigation is now underway to determine whether the Gallaudet students were deaf before the band started practicing there.

There is an old Chinese proverb to the effect that nobody can be neutral about bagpipes. Each citizen, therefore, must decide for himself how he stands on this issue.

I would not like to appear to be trying to influence anyone's opinion, but, frankly, I was amazed to learn that bagpipers practice at all. One of the nice things about playing bagpipes is that you can hit the wrong notes without anybody knowing it.

Regardless of what tune you play on bagpipes, it sounds like the second chorus of "Who Threw The Kilts In Mrs. MacTavish's Haggis?"

On the other hand, I would like to leave you this parting thought — no country that produces Scotch whisky can be all bad.

Industry Growth Lags For Soviet Russia

MOSCOW (UPI) — New government figures showed today that Russia's current industrial growth rate is the lowest since the start of the seven-year economic plan.

Some Western economic experts here attributed the drop to vast new investments in a drive to boost the production of chemicals.

The figures also showed a decrease in labor productivity, although most of the items in the industrial sector exceeded the state quotas.

The economic trends were contained in a report from the Soviet Union's Central Statistical Board covering the first quarter of 1964.

"The massive drive for more chemicals was announced last year by Premier Nikita Khrushchev. The chemicals will be used for certain consumer goods and extensively for fertilizer to bolster the country's lagging agriculture."

The report disclosed that the Soviet industrial growth rate is "about 8 per cent." This compares with the 8.2 per cent figure for a like period published last April. In April, 1962, the rate was listed at "more than 9 per cent."

Even so, the Soviets claim that the nation's economy is outstripping the United States. Mineral fertilizers were up 20 per cent over last year. But animal fats slumped about 12 per cent in comparison with last year's first quarter — apparently because of the lack of fodder with which to feed cattle.

Last year's poor harvest, caused in part by inclement weather, forced the Soviet Un-

ion to contract abroad for about 10 million tons of grain, much of it from Western countries, to feed the nation.

Labor productivity was listed as growing only 4 per cent. Last year's equivalent figure was 5.4 per cent.

Quotes From The News

By United Press International

AGANA, Guam—Long Beach, Calif., housewife Joan Merriam, on landing here after completing the toughest leg of her solo flight around the world: "I feel fine and had a good trip."

NEW YORK — Isiah Brunson, chairman of the Brooklyn chapter of the Congress of Racial Equality, on the "stall-in" at the opening of the New York World's Fair: "The city and state have seen fit to spend millions and millions to build the World's Fair but have not seen fit to eliminate the problems of Negroes and Puerto Ricans in New York City."

HOUSTON — A John Birch Society official denying Richard Cardinal Cushing's claim that two members of the organization called the late John F. Kennedy a Communist: "We do not believe he was a Communist. He was merely a victim of his advisers and was suffering from intellectual vertigo."

HIGH RIDER—When rain puddles splattered him, Gary Hohe, 14, and his brother, Marc, invented this bike on stilts in St. Petersburg, Fla., to keep dry. They turned a standard two-wheeler upside down and added metal tubes for seat and steering gear.

Flying Housewife Lands in Guam

AGANA, Guam (UPI)—Flying housewife Joan Merriam, escorted by three Navy patrol planes which made her little plane "look like a bumblebee," landed at Guam Wednesday after a 1,500 mile solo flight from Lae, New Guinea.

A Navy band and a crowd of 500 persons were at the naval air station to greet the 27-year-old wife of Navy Lt. Cmdr. Marvin G. Smith.

The Long Beach, Calif., aviatrix, who flies under her maiden name, is attempting to complete a solo flight around the world in her twin-engine plane, nearly duplicating the route laid out by Amelia Earhart 27 years ago.

Miss Earhart and her navigator, Fred J. Noonan, disappeared on their flight from New Guinea to Howland Island in 1937 and their fate never has been determined.

Miss Merriam's flight from Lae, which she had called the "most important leg of the trip," took nine hours and 56 minutes. She landed at Guam at 4:38 p.m. (1:38 a.m. EST).

She described the end of her flight as "just absolutely fabulous... one of the most exciting parts of the trip." She left Oakland, Calif., March 17.

Ruby Lawyers Request Tests

DALLAS (UPI)—Jack Ruby's lawyers asked a judge Wednesday to order Ruby to a hospital for further psychiatric tests including "studies under hypnosis and sodium pentathol (truth serum)."

Before the condemned Ruby was tried, Dist. Judge Joe B. Brown had him tested for two days in a Dallas psychiatric clinic. One doctor involved in the tests said brain wave studies showed Ruby had organic brain damage but two other doctors could find nothing wrong with him.

Ruby was tried on a charge of murdering Lee Harvey Oswald, accused assassin of President Kennedy. He was found guilty by a jury in Judge Brown's court March 14 and ordered electrocuted in the state prison.

Dr. Hubert Winston Smith, Ruby's new head lawyer, said in a motion filed in Judge Brown's court today, that the pre-trial tests were not sufficient.

First Man at '39 Fair Buys No. 1 Ticket This Year

NEW YORK (UPI)—George E. Horn, a New York subway employe, who says he was the first person in line to buy a ticket to the 1939 World's Fair, arose before dawn early Tuesday to repeat his achievement for the fair opening Wednesday.

"I'm at the Willets Point entrance and the first in line at the World's Fair," he said. "I was first in 1939 and I'm first again. I'm 46 years old now but I'm still interested in history."

Horn took up his position at the gate at 3:33 a.m.

"This is the kind of thing that happens once in a lifetime," he

Pampa Youth Gets Scholarship

Mark L. Craddock, 17, son of Mr. and Mrs. Harold D. Craddock, 1500 Coffee St., has won a 1964-Celanese scholarship. Harold Craddock is maintenance foreman at the Pampa plant, Celanese Chemical Company.

Celanese awards four-year college scholarships to employees' sons and daughters who qualify and are selected by the National Merit Scholarship Corporation in its annual competition.

A senior at Pampa High School, Mark intends to major in political science at Hardin-Simmons University.

He is a member of the Junior Classic League (Latin club), Student Council and the National Honor Society. He also belongs to the high school male choir and is president of the First Baptist Church choir in Pampa. Mark's chief extracurricular activities are restoring vintage cars, hunting, fishing and water skiing. Upon graduation from college he intends to serve four years as an ROTC officer in the Army.

MARK CRADDUCK gets honors

NAM Has Plan On Poverty

WASHINGTON (UPI) — The National Association of Manufacturers (NAM) unveiled its own program to help eliminate poverty as an alternative to President Johnson's proposed anti-poverty legislation.

In a statement filed with the House Education and Labor Committee considering the Johnson bill the NAM urged further tax reduction, a tight rein on government spending, "maintenance of the value of the dollar," reduction of "the special powers and exemptions granted to labor unions by the government," public aid "where necessary" financed and administered by state and local government.

Kremlin Lashes Out At Mao on Hypocrisy

MOSCOW (UPI)—The Kremlin charged Wednesday that Chinese Communist leader Mao Tze-tung deliberately tried to "mislead the Soviet and world public" by sending a hypocritical birthday telegram to Premier Nikita S. Khrushchev.

The charge was made by Communist Party Central Committee Secretary Yuri Andropov shortly after the Soviet party mocked Mao in a special publication and accused him of trying to set himself up as a "living Buddha" in China.

Khrushchev sat nearby, nodding his approval, while Mao was derided for his birthday congratulatory message last week which stated Sino-Soviet differences were only temporary.

"Anybody could read the telegram to Khrushchev and see that it was not sincere," Andropov told a Kremlin rally saluting the 94th anniversary of Lenin's birth.

"On the same day that Chinese leaders sent the greetings, the Chinese press published more anti-Soviet material," he said.

Andropov declared Communist China's "left-wing opportunism and nationalism... have created a real threat of a split" between the world's two Communist giants.

The speech was the latest to attack Mao by name. Khrushchev started the practice last Wednesday. Previously, Mao had been lumped with other Chinese leaders for criticism.

NEW YORK (UPI) — Shortstop Tony Kubek will rejoin the New York Yankees this weekend after being released from Lenox Hill Hospital Tuesday night.

Kubek, who was admitted to the hospital for internal tests after complaining of back and respiratory trouble, has received clearance to work out with the Yankees Friday.

Felons Petition To Retain Warden

SEAGOVILLE, Tex. (UPI) — It's not that the prisoners at the federal correctional institution are rabble rousers, it's just that they like their warden.

For this reason they were circulating petitions today to keep the warden, L. P. Gollaher, who has been ordered to either transfer from the prison or retire.

James V. Bennett, director of the Bureau of Prisons, said it is standard policy to shift senior officers periodically. Under the transfer, Gollaher would change places with Warden Raymond Meir of the Sandstone, Minn., prison.

Gollaher said he doubted if the petitions would help. "The Bureau of Prisons hasn't been known to change its mind," he said.

PRICE HIKE MADE

Jet-smooth Luxury Chevrolet makes roads feel as smooth as the maps they're printed on

Run your finger over a map and find yourself a place to go. That's a preview of how it feels to get there in a Chevrolet. We've put what we think is the best suspension system in its class under this great highway performer. A big husky coil spring at each wheel and double-action shock absorbers to soak up bumps. Over 700 sound deadeners throughout the chassis and that spacious Body by Fisher to blot out noise from road and wind.

Wide seats with foam-cushioning front and rear. Luxurious wall-to-wall deep-twist carpeting (this year it comes with even the lowest priced Biscaynes). A choice of seven great engines, all precision-balanced for smoother running, with four smooth-shifting transmissions to match. Everything that makes Chevrolet the great highway performer it is.

So get out those road maps. And wherever you go, get off to a good start—during Trade 'N' Travel Time at your Chevrolet dealer's.

Two-fold Task of Newspapers Noted

NEW YORK (UPI)—Exciters are ahead for the American newspaper. They will be faced with a two-fold task: To enlighten and inform the public through the medium of mass communications can perform their task consistently and fully, that was the message of the American Newspaper Publishers Association today at the opening of the annual meeting.

Foreign News Commentary

By PHIL NEWSOM
 UPI Foreign News Analyst
 In a little more than six years, Syria has gone from a Western free enterprise to socialism of U.A.R. President Nasser, back to free enterprise and then once more to socialism.

Reports trickling through the censorship tell of shoppers' strikes in the bazaars of Damascus and Hama against the government's nationalization program.

Feuds With Nasser
 Added to this brew is the long feud between Nasser and Syria's ruling Baathist party, both of whom call themselves socialists, and the propaganda war being carried on between Damascus and the Iraqi Baghdad regime of Abdel Samir Arif.

In a manner typical of the violence of Arab propaganda, Arif has denounced the Syrian Baathists as imperialist agents supported by Israel. Damascus scribes Arif as a reactionary successor to Nuri Es-Said, the Iraqi premier killed in the overthrow of the Iraqi monarchy in 1958.

Wall Street In Review

NEW YORK (UPI)—Reynolds & Co. says it is encouraged by the large short interest positions of traders on the New York Stock Exchange at such an advanced stage of a bull market. As a result, Reynolds states, any market top should be bolstered by a "good amount" of short covering.

J. W. Sparks & Co. says it expects the market to scale new heights after pausing to catch its breath during the period from mid-March to mid-April. "On the basis of new record peaks posted by the railroad industrials, our technical projection suggests the possibility of a near term move to 840 the industrial index."

Thomson & McKinnon comments that the "vogue" that seems to be developing for non-ferrous chips is typical of a bull market that is in, or entering, an advanced stage. "When the investor sees fit to compromise with quality as he sometimes must to conform with the changing character of the market," the brokerage house adds, "he should exercise the utmost care in the selection of medium and low-priced stocks to be bought."

Plymouth, Mass., 37 miles southeast of Boston on Plymouth Bay, is site of the first permanent settlement by Europeans in New England.

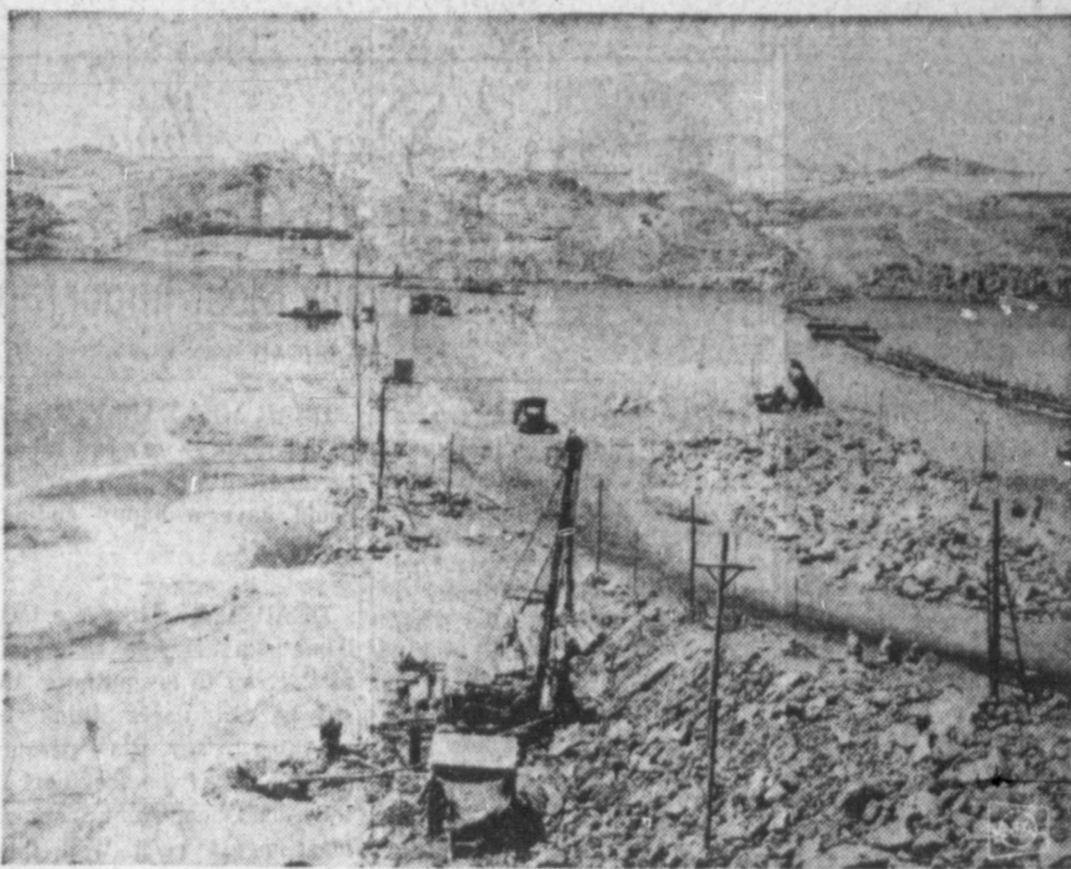

Doctor's Sentence Upheld by Court

AUSTIN (UPI)—The Court of Criminal Appeals today upheld a 21-months jail sentence and \$3,000 fine given a Lubbock osteopath for illegally dispensing narcotics.

Dr. Stuart G. McKenzie was convicted of selling narcotic drugs to Kenneth Decker, a Department of Public Safety undercover agent, on Nov. 15, 1962.

Decker testified he went to McKenzie's office in Lubbock and purchased the drugs. He said he and McKenzie did not discuss his physical condition, nor did McKenzie examine him.

Another DPS agent recorded conversation between Decker and McKenzie on a tape recorder outside the office. Decker concealed a recording machine on his person during his contacts with the doctor.

BIGGER THAN THE PYRAMIDS—After four years of dumping stones into Egypt's Nile River, the first section of the Aswan High Dam, largest earthen structure in the world, rises above the water line. More than 17 times as much stone is being used in the vast project as was used in the Great Pyramids of Cheops. When completed in 1968, the dam will create a lake 300 miles long in the desert and irrigate some two million acres.

SOVIET ARTIST DIES

MOSCOW (UPI)—Sergei Gerasimov, 78, former head of the Soviet Artists' Union and one of the nation's best known

painters, has died in Moscow, the Tass news agency said Monday.

At least 28 per cent of the world's land area was covered by ice at height of the glacial age, according to Encyclopaedia Britannica.

THREE MORE FLEE

BERLIN (UPI)—A young border guard of the Communist East German Army led two East German girls into freedom before dawn Monday, West Berlin police reported.

SIGN SOAP PACT

CINCINNATI (UPI)—Andrew Jergens Co. announced it has agreed to purchase a line of cold water soap products from Calusa Chemical Co. of Los Angeles.

TASTING BEE COMMITTEE — Members of the Opti-Mrs. Tasting Bee committee try out a new recipe for sample in the club sponsored Tasting Bee scheduled for tomorrow. Left to right are Mrs. W. C. Epperson, Mrs. Bob Johnson and Mrs. Wayne Sims, members of the committee in charge of arrangements.

After washing a lamp shade in detergent suds, blot with a terry towel. Replace it on its lamp base and turn on the light. Slight heat generated by the bulb helps to dry the damp fabric quickly.

Tasting Bee Set For Tomorrow

A Tasting Bee will be conducted by Pampa Opti - Mrs. tomorrow from 5 p.m. until 7 p.m. in the Hospitality Room of Citizens Bank to aid the Girls Softball Program this summer.

Tickets may be purchased from members of the Opti-Mrs. Club for \$1 for adults and 50 cents for children. This endeavor is one in a series of fund-raising projects to be conducted by Opti-Mrs. and Optimists Clubs in Pampa to help support an extended summer program for the youth of the community including the softball and flag and tag football during the summer holidays.

A variety of dishes will be on the menu and recipes of these may be purchased for 10 cents each.

The public is invited to attend the event and offer assistance in the planned recreation scheduled for the youth of the community.

Dear Abby....
What's Under the Hairdo Is Really Most Important

By ABIGAIL VAN BUREN

DEAR ABBY: I am twelve years old. My bangs touch the end of my eyebrows and that's the way I like them. The kids at school like them that way, too, but my Mom and Dad want them cut. I think I should be able to have my hair the way I like it at my age. What do you think?

DEAR LORRAINE: Even more important than how you wear your hair is obeying the wishes of your parents. BUT, I wish more parents would worry less about how their children wore their hair (as long as it was clean and neat) and worried more about what was UNDER the scalp.

DEAR ABBY: The day after I was married my husband told me that he had paid \$500 to have a thorough investigation made of my background because he knew I wasn't telling him "everything" I had done in my life before we met. He was right. I didn't lie. When he asked me, I told him I had made some mistakes, but they didn't concern him. (I had no illegitimate children or previous marriages to hide.) We have been married five months and a day has not gone by that he doesn't throw something of my past in my face. His greatest pleasure is taunting me about this. I cannot stand the torture any longer. He knew all this a month before we were married, but he kept it quiet until afterwards. I think my marriage was a mistake. We were married in the church. What can I do, short of suicide?

TWENTY-TWO AND MISERABLE

DEAR MISERABLE: Run—do not walk—to your minister and tell him your story. It could have a happy ending. Good luck.

DEAR ABBY: I have a husband who hates to write letters. Even to his parents. He says he can never think of anything to say. His parents are the type who feel hurt if they don't hear from Sonny at least once a week. Well, they get that letter from "Sonny"—but guess who writes it? I do! But they don't know that because I use a typewriter and Sonny signs it. Don't use my name or I'll be in trouble.
SONNY'S WIFE

CONFIDENTIAL TO MICHAEL: No father really objects to having his son follow in his footsteps—if only the son would wait until his father got out of them.

Get it off your chest. For a personal, unpublished reply, write to ABBY, Box 3365, Beverly Hills, Calif. 90212. Enclose a stamped, self-addressed envelope.

Hat to write letters? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif. 90212, for Abby's new booklet, "How To Write Letters For All Occasions."

Ready-to-serve cereals in multipacks of small boxes can cost two or three times more per ounce than the same cereal in a larger box, the U.S. Department of Agriculture reports.

Plentiful Potatoes Invite New Ideas

By GAYNOR MADDOX
Potato storage bins are bulging. Furthermore, the new crop is about to be harvested, according to the U. S. Department of Agriculture.

On the department's list of abundant foods are high quality beef, broiler - fryer chickens and eggs, as well as potatoes.

Also on the plentiful list are canned corn, apples, rice, canned ripe olives and peanuts and peanut products.

- POTATOES AND ONIONS.
PARMESAN
(6 Servings)
6 medium potatoes
6 medium onions
1 t. salt
1-inch boiling water in pan
2 T. butter or margarine
1/4 t. ground black pepper
2 T. grated Parmesan cheese
Parsley, chopped for garnish
Pare potatoes and peel onions. Cook in a saucepan with salt and 1-inch boiling water until tender. Drain. Arrange in a serving dish. Dot with butter - or margarine. Sprinkle with black pepper and Parmesan cheese. Garnish, if desired, with chopped parsley.

Alaska comprises almost one sixth the entire area of the U.S.

HOW'S THIS FOR A LONG HAUL?—Looking like a giant torpedo, this object is a pressure tower strapped to cars on the Illinois Central Railroad. The tower was shipped from Tennessee to Kentucky for delivery to a chemical company.

ASLEEP ON THE JOB

LERIDA, Spain (UPI)—Pedro Fernandez was found fast asleep in a restaurant which he had broken into. His arms were wrapped tight around a cash register. Fernandez told police he had taken money from the cash register, then decided to have one drink on the house. He had another... then another... and before he knew it he had fallen into a drunken sleep with his arms clutching the empty till.

NIFTY EAR THINGS—As skirts get shorter, earrings get longer, or so it seems. Isabelle Farrell selected this choker and earring set from a collection crafted by Mary and Howard Kanovitz in New York City.

PUREX BUYS FIRM PHILADELPHIA (UPI)—David C. Melincoff, president of Fels & Co., announced sale of the Philadelphia firm to the Purex Corp. of Lakewood, Cal. Melincoff said the 98-year-old soap manufacturing plant, which now employs 400 persons, will stay here.

NEW PLANT DUE

NEW YORK (UPI)—Arkla Chemical Corp. announced Tuesday it will build a \$33 million chemical fertilizer facility near Helena, Ark. Arkla, a subsidiary of Arkansas Louisiana Gas Co., said the plant will be financed by city revenue bonds and rented by itself.

GETS APOLLO WORK

NEW YORK (UPI)—Textron Inc. announced Tuesday that its Bell Aerosystems Co. Division has received a \$3.5 million contract for delivery of propulsion tanks to be used in the Apollo moon project. The contract was awarded by Grumman Aircraft Engineering Corp.

High Court Ruling May Make Servicemen Eligible to Vote

By DAVID ANDERSON
 AUSTIN (UPI)—Chief Justice Robert W. Calvert of the Texas Supreme Court said today the court will probably rule within a week on a law that could allow thousands of servicemen to vote in Texas elections.

Army Sgt. Herbert N. Carrington of El Paso brought the suit, contending that a 1954 amendment to the Texas Constitution discriminates against servicemen.

A portion of the amendment, as interpreted by Atty. Gen. Faggoner Carr, says that servicemen can vote only in the county they lived in before entering the service.

Carrington joined the Army in 1946 when he was 18 years old and lived in Alabama. He contends that since he does not meet Alabama residence requirements, he cannot vote anywhere in the United States unless he is allowed to vote in El Paso.

Attorney Explains Point
 Carrington's attorney, Wayne Windle of El Paso, told the court today the amendment would not have been intended to apply to servicemen who entered the service from some other state because if it did such servicemen would be completely disenfranchised.

Windle also said if Carr's interpretation of the amendment is valid, the provision violates the equal protection clause of the U.S. Constitution.

Assistant Atty. Gen. Mary K. Wall argued that Carrington voluntarily gave up his right to vote by establishing his permanent residence at El Paso in-

stead of leaving it in Alabama. Mrs. Wall said she "would hate to have to defend the policy" of depriving servicemen of the right to vote, but said the court did not have a right to question the wisdom of the legislature and voters in passing the amendment.

The arguments today made it clear that a decision in favor of Carrington could revolutionize the local politics of such areas as Killeen, San Antonio and El Paso, which have large numbers of servicemen not now allowed to vote.

Justice Joe Greenhill asked Windle "take Killeen—should the people on the base be allowed to control the town?"

Could Dominate

"If the military has a majority of the voters, they would be able to exercise complete dominion and control over the local politics," Windle replied. "The civilians wouldn't like it, but a minority anywhere doesn't like to lose its control."

Mrs. Wall said "Killeen, for example, is an unnatural community because 40,000 people are forced to live there in the performance of their military duties. I don't think it's discriminatory for the state to protect the community from domination (by servicemen)."

She said the interests and ages of the service community often differ from those of the civilian population, and added the servicemen might not have as much interest in "long-term, civic projects."

Asks More Research

Calvert asked both Mrs. Wall and Windle to do more research on the U.S. constitutional question involved. He said "I am very concerned with the disqualification of persons from Alabama or Texas or any other state just because they happen to be in the military service."

Carrington named as defendants El Paso County Republican chairman Allan V. Rash and election Judge Margaret Hockenberry, who refused to let him vote in the May 2 GOP primary.

The suit seeks court order to allow him to vote.

Although a court ruling favorable to Carrington would ultimately result in a big increase in servicemen's voting strength, the effect on this year's elections probably would not be great because most of those who would be made eligible would not have paid poll taxes this year.

Dieppe Raid Recalled As Bloodiest Disaster

By TOM A. CULLEN
LONDON (NEA) — The Dieppe raid, in which 3,372 Canadian commandos were either killed, wounded or taken prisoner, was one of the bloodiest Allied disasters of World War II.

The failure of the Dieppe invasion of August, 1942, usually is put down to a combination of bad planning and bad luck. But now it appears that Hitler may have been warned of the raid in advance.

Not only had the Germans broken the British naval code before the Dieppe raid, but they also may have received inside information concerning the raid from an Allied source.

Such is the view of David Irving, a young British historian, who has been examining captured German war documents. In fact, Irving, who is the author of a best-seller on the bombing of Dresden, has kicked up quite a controversy with his findings.

Among others, Capt. Stephen Roskill, the official British naval historian, denies the possibility that Hitler was tipped off in advance. It was the German victories against Russia which caused Hitler to anticipate an Allied attack on the French coast, according to Ros-

kill. The dictator correctly estimated that the Allies would attack in order to relieve Nazi pressure in the east, he claims. This, and not a security leak, explains the German high state of readiness in Normandy, says Capt. Roskill.

Certainly the Germans were waiting for the 5,000 men of the 2nd Canadian Division when they waded ashore at Dieppe at dawn on August 19, 1942. Some of them never reached the beach. Others died in the sand dunes where British honeymooners had once picnicked.

Those who made the shore met with only limited success. They occupied the casino, blasted snipers out of boarded-up hotels, destroyed gun emplacements. Many Canadians were shot down in Dieppe's narrow streets, or staggered, wounded back to the beach.

Nine hours after it started, the show was all over. The survivors backed off the flaming beach, leaving behind 593 dead commandos, 1,901 Canadians who were taken prisoner. Another 287 men were reported missing, while 591 wounded managed to get back to England.

Admiral Mountbatten, who had planned the raid, tried to

WHERE HONEYMOONERS ONCE STROLLED: British dead lie on the strand of Dieppe in the aftermath of tragic retreat.

make a victory out of it. "It is impossible to overestimate the value of the Dieppe raid," he cried. "Many vital lessons were learned. . . I have no doubt that the Battle of Normandy was won on the beaches of Dieppe."

Mountbatten also denied that the Germans were tipped off to the raid in advance. "So little were the Germans suspecting an actual raid on this day, that they had given unusually late leave to the fighter pilots stationed in the vicinity."

But Irving claims that Hitler not only knew that the assault would take place on Dieppe, but he knew the approximate date.

According to the historian, Hitler, in a top secret dispatch, warned his commander-in-chief of the impending raid just five weeks before it happened. Hitler said that an Allied landing was indicated by "a flood of reports from agents in Britain and other intelligence sources." He also spoke of a "strong concentration of assault craft in southern England."

The Fuehrer concluded: "This is most urgent — the Channel coast area Dieppe-LeHavre-Nor-

mandy is held to be in particular danger, as this sector can be easily reached by the enemy air force with fighter cover."

Then on August 17, two days before the Dieppe raid, Luftwaffe squadron and wing commanders were summoned to a conference by Lieut. Gen. Kessler, director of Atlantic operations.

They were told that the Allies were planning to launch a five-pronged attack. Dieppe was to be the center of the attack, while sideshow attacks were to be launched in order to cut the town off from the flank and the rear.

As it happened, this was exactly the strategy which the Canadians, under command of Maj. Gen. John Hamilton Roberts, pursued. The result has sometimes been described as being as wasteful and as futile as the charge of the Light Brigade.

Iwo Jima means "Sulphur Island" in Japanese and there is a sulphur pit on the west side of the island.

Former Judge Found Guilty, Gets 10 Years

AUSTIN (UPI) — A nine-man, three-woman jury deliberated nearly four hours Wednesday before finding former Houston probate Judge Clem McClelland guilty of taking money illegally from an estate in his trust. He was sentenced to 10 years imprisonment.

McClelland now has received two 10-year sentences. The first, on a similar charge involving a different estate, was reversed by the Court of Criminal Appeals.

Defense attorneys indicated they would appeal this verdict, too.

Dist. Atty. Frank Briscoe of Houston told the jury just before it retired: "If you do not find this man guilty, you will be abusing your oath as jurors as much as he abused his oath as a public judge."

UNUSUAL LETTER

LITTLE ROCK, Ark. (UPI) — The state land office received an unusual letter Wednesday from Jerry Smith of Wynne, Ark., containing a \$21 check. The check was all right, but the stamp on the letter was a trading stamp.

Fifty-One TOT Trackmen Into Regional

Region One Action Kicks Off Tomorrow

Fifty-one Top O' Texas trackmen and two tennis players head for Lubbock and the Class AA-A-B regionals today.

Wheeler, sending 13 to regional in Class B, is the best local bet to upset defending state champions Booker and Knox City, although both teams sent a slew of boys into regionals themselves, and share most of the outstanding Class B times and distances.

Lefors, sending nine contenders, does not appear to have the depth to threaten defending champion Merkel in Class A, although Farwell, Seagraves, Petersburg, Idalou, Eldorado and Fabens threaten to make a dog fight out of it.

White Deer, in its final year of Class AA competition, is far off its powerhouse squads of the past, sending two outstanding freshmen and one senior to regional, with no one appearing to have much chance to unseat defending tittist Denver City.

The two Buck contenders are Little Randy Elliott, with a 21.0 in the low hurdles and 11'3" in the pole vault as his best marks, and Otto Wheeler, with a 15.7 in the high hurdles, as well as 440 man Larry Elliott. Although tremendous marks were for freshmen, Pat Hubbard of Denver City has a 19.3 in the lows, and a 14.3 in the highs. Hubbard, the all-around Mustang star, also has 12-6 in the pole vault, as has Gerald Penny of Crane.

In Class A, Don "Squash" McCool of Lefors has an outside chance to make it to state in the shot put. Although Howard Van Loon, the Rotan Giant, has a toss of 62-11 1/2, the next best throw is a 51-2 by Jerry McDonald of Rankin. McCool

having tossed it 48-8.

Teammate Terry Bromlow, the versatile Pirate, has a chance in the broad jump, having leaped 21'2", only 3/4 inches below the second best mark in the region. Bromlow's 15.25 in the hurdles is the second best time in the region.

Wheeler, however, has a fair chunk of the Class B marks in Region One, and some times that can threaten as well. Their sprint relay time of 44.8 is second only to Booker and the Mustangs and Kiewas, barring mishap, should represent the area at the state meet.

Henry Lewis of Wheeler ran a blazing 10.1 to win district in the 100-yard dash, the fastest B time posted this year, and second-place Ray Corcoran of Mobeetie's time is the next best, leading a 10.3 shared by five runners.

Corcoran's 23.5 in the 220 is the third best time to a 22.0 by Bill Hughes of Booker. Roy Bean of Miami has high jumped 5-9 1/2; this season, a fraction below second-placer Mickey Smith of Ropesville.

The lone area tennis contenders are Cal Johnson and Dan Simmons of White Deer, two-time district 1-AA champions. The Bucks meet Jay Carter and Joe Cannon of Dublin in their first round match at 2:15 p.m. tomorrow.

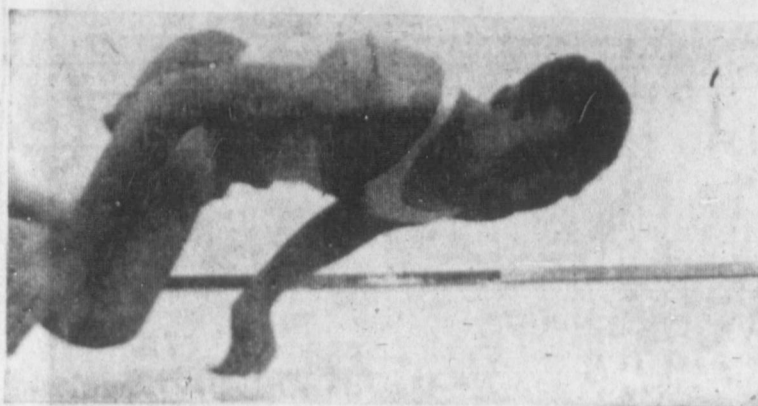

Track prelims and finals in the field events for Class B will begin at 9:30 a.m. tomorrow. A and AA field prelims will start at 10:30, with all running events kicking off at 1 p.m. Field events finals for A and AA will start at 9:30 a.m. Saturday, all conference running events finals begin at 1 p.m.

Wilt Clips Big Bill

SAN FRANCISCO (UPI) — Now that they know they can beat the Boston Celtics once, the San Francisco Warriors today were wondering if they couldn't do it three more times.

The Warriors belted Boston with a 40-point first quarter and went on to a 115-91 triumph over the defending champions Wednesday night before 10,981 fans at the Cow Palace. That left Boston ahead in the best-of-seven series, 2-1.

The Celtics won the first two contests at Boston in the same lop-sided manner that San Francisco showed Wednesday night. They meet here again Thursday night and Sunday in Boston in a fifth meeting.

Every Warrior starter turned in a good game Wednesday night. Wilt Chamberlain scored 35 and outplayed Boston's Bill Russell for the first time in the playoffs although the bearded Boston great still outbounded Wilt, 32-25. But Chamberlain tossed in 35 points.

Tom Meschery hooped 17 in that hot first quarter and ended up with 21 for the night. Nate Thurmond, who played poorly in the first two playoff games, rolled in 14 points while holding Boston's Tom Heinsohn to just eight.

Only John Havlicek and Willie Naulls brought their shooting eyes out West as they netted 22 and 18. Russell had 16.

SPORTS

18 THURSDAY, APRIL 23, 1964 5TH YEAR

National Football League Announces 1964 Schedule

NEW YORK (UPI)—The National Football League today announced the schedule for its 1964 season, the one where it starts cashing in that rich television contract, and it included several new ideas.

While hoping for a season "similarly competitive" to 1963 when both division titles were settled on the last day, NFL Commissioner Pete Rozelle disclosed a schedule which includes: A night game opener in the Cotton Bowl, Sept. 12, between Dallas and St. Louis. Three nationally televised games, including a Chicago Bears-Detroit Lions pairing on Thanksgiving Day that shatters the old Detroit vs. Green Bay turkey day tradition. First in History And such items as New York's first home-night game in 26 years, St. Louis' first home night game in history, and a couple of Monday night games. Come what may, of course, the whole league will be reaping revenue at a record rate, for this is the first year of the

two-year NFL contract with Columbia Broadcasting System under which CBS pays \$14.1 million per season for the league television rights.

The three games to be nationally telecast are considered by the schedule-makers among the top attractions of the season, the first is the Chicago-Detroit Thanksgiving Day clash.

Green Bay at Chicago is the second nationwide telecast on the next-to-last Saturday of the season. The Packers were runner-up to the world champion Bears last season in the Western Division race.

The final Saturday of the season will match Cleveland, the 1963 Eastern runner-up, and first-place New York at Yankee Stadium.

Those three national telecasts on CBS-TV will be in addition to the regular weekly Sunday coverage of all NFL games under the two-year contract signed in January.

The championship game will be played Dec. 27 in the home of the Eastern Division champion.

Richest Texas Open Up For Grabs Today

SAN ANTONIO, Tex. (UPI)—Even lower scores may come The richest Texas Open golf tournament in years was up for grabs today in a wide-open race at Oak Hills Country Club, featuring 72 of the top touring professionals.

The purse is up \$10,000 for a total of \$40,000 from last year when Phil Rogers ended Arnold Palmer's three-year reign as Texas Open champion with a 72-hole total of 273.

April Rains Wet Majors

NEW YORK (UPI)—April showers bring May flowers—and headaches for Warren Giles and Joe Cronin.

Giles and Cronin, the presidents of the National and American Leagues, respectively, delayed the starting date of the major league baseball season five days this year in an attempt to avoid as much inclement April weather as possible.

American Girls Cage Underdogs

LIMA, Peru (UPI)—The final round of the Women's World Basketball Championships opens Friday with the United States rated a distinct underdog on the basis of its performance in the qualifying round.

The American girls, most of them from the Flying Queens of Wayland College, Plainview, Tex., were beaten by Bulgaria, 52-39, Wednesday in the last of the elimination games.

Both teams, however, already had qualified for the finals, and will compete in the round-robin along with Russia, Brazil, Yugoslavia, Czechoslovakia and Peru.

The United States trailed 7-0 before play even started Wednesday since the game was a continuation of Tuesday night's struggle, which was cut short early in the first half by a heavy rain. A crowd of 8,000 at the outdoor court saw the Bulgarian girls easily enlarge their advantage to 28-15 at halftime.

Whitey Wins 200th With 3-Hit Shutout

United Press International Whitey Ford's memory may be rusty but there's no tarnish around his left arm.

The doughy little Yankee southpaw used it Wednesday night to record the 200th victory of his major league career with a neat six-hit 3-0 triumph over the Chicago White Sox, against whom he also achieved his first win 14 years ago.

Ford remembered that first victory against them in July of 1950 but said, "I don't know the score — I think it was 2-1 or 3-1 or something like that."

Actually, it was 4-3, and the 35-year-old Ford, who was only 21 at the time, needed help from Tom Ferrick in the eighth inning.

Whitey didn't need any Wednesday night and he even admitted that he eased up a little after Cleve Boyer broke a scoreless tie with a fifth inning homer off loser Gary Peters. Boyer's blow was the Yankees' first homer of the season.

Never in Trouble Elston Howard scored New York's second run on a wild pitch by Peters in the seventh and then singled home Bobby Richardson in the eighth.

Ford, never in any serious trouble, walked only one batter and struck out two in pitching the 35th shutout of his big league career.

The Los Angeles Angels came from behind to nip the Detroit Tigers, 2-2, and the Minnesota Twins defeated the Washington Senators, 7-6, in other American League action. Rain washed out the Boston-Baltimore game and the Cleveland-Kansas City contest.

Willie McCovey supplied the big noise in the National League by blasting three homers in San Francisco's 8-6 win over Milwaukee. The Cardinals handed the world champion Dodgers their seventh straight loss, 7-6, and Houston blanked Cincinnati, 2-0. The Cubs and Mets were washed out along with the Pirates and Phillies.

Jim Fregosi's ninth inning double tied the score for the Angels and Lee Thomas' single won the game after Detroit starter Hank Aguirre had limited Los Angeles to one run and three hits through eight innings. Bo Belinsky started for the Angels and blanked the Tigers until the eighth when they untied the score at 1-all.

Lee, Pampa 7th Host District Track Meet

Lee and Pampa Junior High 7th grade track teams host the district meet tomorrow at the high school field, with Perryton favored to take the loop marbles.

The Baby Rangers, paced by a pair of the fabulous Pshigoda brothers, racked up 147 points in the 7th grade division of a meet at Perryton last week, with district foe Houston of Borger a distant third with 68 points, the Lee Johnny Rebs fourth with 22 points and PJH fifth with 12 points. Also in the meet are Austin of Borger, Dumas and Phillips.

The Lee Rebels and Pampa Reapers see action Saturday at Amarillo, the eighth grade teams are off this week. The 8th and 9th will have their district meet the following weekend at Borger.

The Amarillo meet Saturday will feature virtually the same field as at the Dumas meet, all Amarillo and district schools. Amarillo Carver, posting times equal to that of senior high schools, literally ran off with the meet.

Ninth grade local coaches reported their rosters virtually the same for the meet, as did Lee coach Tex Nolan for his district action. Pampa 7th skipper Frank Craig gave his entry list as Matt Braly, Wayne DeWitt and Johnny Carter in the 50-yard dash; DeWitt, Billy Thomas and Tommy Ivy in the 75-

yard dash; Ken Noel, John Karr and Joe Roth in the 100; Bobby Burns, Carter and Ivy in the 70-yard hurdles.

Braly, Roth, Noel and Phillip Long will make up the 440-relay team, Braly, Karr, Noel and Long the 800 relay. Long, Karr and Jerry Fife will enter the broad jump. Long, Burns and Phillip Cudone of West Caldwell, N. J.

Mrs. Wilson pulled off the tournament's biggest upset Wednesday, defeating co-favorite Barbara Fay White, daughter of a Shreveport, La. golf pro, 3 and 1.

Mrs. Trainor won a berth in the semifinals by beating North Carolina's only surviving entry, Louise Fike of Wilson, 3 and 1.

Yank Cagers Hit With 3rd Defeat

MOSCOW (UPI)—The United States domination of Olympic basketball will be seriously challenged in October at Tokyo if the current tour of the American All-Stars is any indication.

The U.S. team suffered its third defeat in four games Wednesday night, dropping a 79-60 decision to Russia's national squad before 14,000 wildly enthusiastic fans at the Leningrad Sports Stadium.

The U.S. team split two games with a Polish national team in Warsaw earlier this week and lost to the Russians, 82-65, Tuesday night.

The Russian squad has been playing together as a team for about four or five years and will represent the Soviet Union at the Olympics this fall. However, the team they beat is not the same one that the United States will send to Tokyo.

Only five members of the present squad will be on the Olympic team for the United States, but the Russian superiority in the last two games has been so evident that it is felt they could handle an even stronger opponent.

U.S. Coach John McLendon thought his club would improve after playing together awhile longer.

The Americans have two games in Leningrad and then continue the tour in Kiev and Tbilisi.

Aussies Rest On Victories

DALLAS (UPI)—Aussies Roy Emerson and Ken Fletcher rested on opening round victories today while the remainder of the Dallas Invitational Tennis Tournament Field played catch-up.

Not Much of A Much

There are areas in the Administration's proposed 1965 budget where as much as \$8 billion can be cut from appropriations and \$4 billion from expenditures.

Right Way and Wrong Way

An administration-sponsored bill to require double payment for overtime in selected industries is now in Congress.

Don't Wire, Just Write

The experience of Rep. H. R. Gross (R - Iowa) would indicate that Postmaster General Gronouski may have some doubts as to the efficiency of the U. S. mails.

Where There's Smoking ...

There is one angle to the smoking - health controversy that is not open to dispute. Careless smoking can kill, whether or not in a cigarette, cigar or pipe.

from tax reduction against their erosion by inflation. And the tax reductions we are soon to receive will be a snare and a delusion, and worse, unless that erosion is prevented.

obsolescence of certain facilities and thereby cause a further reduction in production worker employment.

Going on, work patterns in the drilling industry make application of the double overtime provision impractical and unwise.

partment's data processing facilities as an economy move. "I'm all for the move, but if Gronouski is really economy-minded, why a 163-word telegram to advise members of Congress about consolidations which will not be completed until June 30, 1965?"

Percentages were similar for apartments, dormitories, homes and hospitals. An earlier survey by the Public Health Service showed that 21 out of every 100 deaths in fires were caused by smoking.

Pull Up A Chair

By Frank J. Markey

The first man to recognize Florida's potential as a vacation spot was Henry Morrison Flagler, original partner of John D. Rockefeller.

Today's smile: A horrified fellow read an account of his own death in the paper and called his boss to tell him it wasn't so.

It's going to cost twice as much to send junior to college by 1970, according to the National Research Bureau.

Thoughts while shaving: The latest piece of luggage for the American woman is the wig.

ominously illustrative of the powerful opposition which Fulbright's "gimmick" faces in the House are the following instances being cited to the President:

Representative Thomas Morgan, D-Pa., chairman of the House Foreign Affairs Committee, is dead set against Fulbright's scheme and says his committee has no intention of considering it.

Country Editor speaking: "If you try your hand at something and it fails, then try using your head."

It Won't Help Your Cause—

TO TURN THAT GIANT AGAINST YOU!

Allen-Scott Report

Fulbright Warned: Shelve Separate Bill 'Gimmick' On Foreign Aid Program Faces Serious Stalemate

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — President Johnson is getting more doleful news on his already troubled-plagued \$3.4 billion foreign aid program.

Democratic congressional leaders are warning the President that the House and Senate are certain to lock horns in a damaging stalemate if Senator J. William Fulbright, D-Ark., chairman of the Foreign Relations Committee, persists with his strategem to split the aid measure into eight separate bills.

The leaders want the President to bluntly tell his old Senate friend Fulbright to shelve his "legislative gimmick", as they caustically refer to it, or foreign aid may be in even hotter water than it already is — which is plenty!

Ominously illustrative of the powerful opposition which Fulbright's "gimmick" faces in the House are the following instances being cited to the President:

Representative Thomas Morgan, D-Pa., chairman of the House Foreign Affairs Committee, is dead set against Fulbright's scheme and says his committee has no intention of considering it.

Country Editor speaking: "If you try your hand at something and it fails, then try using your head."

Yet both sides basically have the same reason for opposing Fulbright — they consider his plan a serious menace to their cause.

As the President's backers see it, Fulbright's eight separate bills would open the way for the opposition to rip the aid program to bits piecemeal.

To Morse, Fulbright's separate bills are a "trick" to circumvent a steep foreign aid cut, while the President's supporters are convinced the piecemeal "gimmick" would facilitate heavy ax wielding.

THE PRESIDENT'S DILEMMA — So far, the President has warily skirted this thorny hassle. He hasn't said no and he hasn't said yes.

As chairman of the Senate Foreign Relations Committee — which among other functions passes on all treaties — Fulbright is in a strategic position to be helpful or hostile in this all-important field.

Also, he is an old congressional friend of the President and as such can't be pushed around. Strongly as his position may be disliked, the utmost circumspection has to be exercised in relations with him.

This touchy dilemma was graphically demonstrated by Foreign Aid Administrator David Bell at a meeting of the Foreign Relations Committee.

Against this high-powered array of vehement dissent, Fulbright's eight-bill "gimmick" hasn't a ghost of a chance in the House.

Even in the Arkansas's own committee it's stirring up stormy discord.

Every attempt Fulbright has made to maneuver his bills through the committee (by means of proxy votes) has been thwarted by Senator Wayne Morse, D-Ore., aggressive leader or the drive to drastically slash the multi-billion dollar foreign aid budget.

Greatly aiding Morse in this backstage fight is the prolonged Senate debate over the civil rights bill which severely limits committee meetings. No committee sessions can be held while the Senate is sitting, and as it convenes early and continues late into the night, committee proceedings are cut to a bare minimum.

CURIOUS ALLIES — In spearheading the inner committee challenge of Fulbright's "legislative gimmick", Morse finds himself in unexpected company.

we can't get together on a common method of handling the bill?

"We regard the passage of the legislation as essentially a matter for Congress," Bell persisted. "We would obviously be deeply concerned if there were a long delay resulting from any cause."

"I share that concern," declared Morse. "But I want to suggest that you are headed for another unnecessary stalemate because of the different approach procedurally that is being followed by the two chambers."

But with Fulbright listening intently to this exchange, Bell firmly declined to express an opinion. Clearly he was not risking incurring Fulbright's ire.

STILL MORE FOREIGN AID — Under vigorous White House prodding, House Democratic leaders reluctantly are going to make another effort to enact the bill under which the U.S. would contribute another \$312 million to the International Development Association (I.D.A.) — a "soft loan" agency of the World Bank.

The new attempt will be made in a couple of weeks — provided the leaders can round up some 206 votes.

Several months ago, the House voted down the measure 208 to 188 after it had been narrowly passed by the Senate. The legislation went back to the House Banking Committee, where Representative Wright Patman, D-Tex., chairman, was able to wangle a favorable report for another try in the House.

But its fate there remains uncertain. So far administration leaders have not closed the adverse 206-vote gap. Whether they can is the moot question.

The opposition, led by Representative Otto Passman D-La., long time ardent foe of large-scale foreign aid, is leaving no stone unturned to hold his forces against the \$312 million I.D.A. measure. He is assailing it as "back-door" foreign aid, and to prove that is circulating a highly revealing report.

This study shows that last year virtually the same countries that obtained low-interest loans from I.D.A. also got billions of dollars in economic and military aid from the U.S.

Total of such aid in 1963 was \$5.47 billion. In addition, they got another half billion in I.D.A. loans — most of which are interest-free for the first ten years and then pay 3/4 of one percent interest.

The I.D.A. was established in 1960 with a \$1 billion fund, of which the U.S. put up \$320 million. So far, I.D.A. has disbursed \$554 million — most of it (\$300 million) to India. The new money is to increase I.D.A.'s funds by \$750 million, with the U.S. putting up \$312 million and other nations \$438 million.

The American Way

NEW YORK WORLD'S FAIR A MUST By Raymond C. Baker American Way Features Correspondent

To most people American free enterprise is a nebulous thing because so few know what it is, how it operates or the vast contributions it makes to their own small world of luxury living.

During the next two years some 70 to 80 million people will learn for the first time how our profit-and-loss business system really works and why it is responsible for advancing the United States to the greatest nation on earth, with the highest standard of living known to man.

The opportunity to understand why Americans have more money in their jeans and enjoy more

of the finer things of life is afforded everyone at the greatest show ever — the New York World's Fair. On a staggered square mile of showmanly private industry has out even its former self in bringing to the world the story of its greatness, the fabu contributions it has made to better life and the many things it has in store for the future.

Unisphere Dominates Fair Dominated by the 40-foot high Unisphere, donated as the Fair's symbol, are separate pavilions, structures, domes, pylons and other startling fantasies of architectural boldness. Many, too, are exhibits of American enterprise, not only express the nation's industrial foresight on outside, but on the inside tell sound, visuals, color and design the story of its progress such never before.

There's the dramatic Electric Light and Power exhibit, with its staggered prisms and 100 foot towers; the rounded dome Eastman Kodak pavilion, the International Business Machine's "egg".

General Motors, which literally stole the 1939-40 World's Fair is back again with another Fordurama, the largest and most elaborate exhibit ever constructed by one company or nation which again promises to be "show stopper."

Story of Free Enterprise Then there are the Ford Motor Company pavilion, with its towering pylons and great glass rotunda; the familiar red umbrella of Travelers Insurance Company, which appears to float on a fountain of water; the split-level Bell Telephone Company solid base pavilion, with its Fiberglass wing that seems to rest on air; the Festival of General Electric's 200-foot wide dome crowned with 1,000 lights that make it appear to spin in space and many, many others.

If the visitor's eyes become exhausted from looking, his hearing dulled by listening, or if his feet just plain give out, there is the Hall of Free Enterprise. Its sponsors, the American Economic Foundation and others, say "it is designed to give a clearer, better coordinated 'total' conception of economic life under the free enterprise system than is gained from a four-year college course."

More than \$1 billion have been poured into the Fair to create a true-to-life picture of the past, present and future. Here on a 646-acre tract in Flushing Meadows, every American can learn what free enterprise means to him and his country.

15 per cent of the junior high girls and 50 per cent of the junior high boys were.)

When asked to list the courses they liked best, the junior high dropout boys mentioned physical education and mathematics most frequently. Junior high girls listed chorus and physical education most frequently, English and mathematics next.

Senior high girls mentioned typing and English most often; senior high boys favored shop, physical education and history.

Half of the high school dropout girls said they were leaving school to get married or because they were already married. (School officials are concerned about the growing number of 14-year-olds getting married.)

The dropouts, as a rule, were not involved in school activities. A very high proportion had repeated one or more grades. Few had automobiles.

Seek Cause Of School Dropouts

By RAY CROMLEY WASHINGTON (NEA) — A survey of junior high and high school dropouts made in Arlington County, Virginia, deserves national attention.

Arlington is not a deprived area nor a slum, though it does, of course, have some poor families. It has been listed among the top 12 counties in the United States in median family income and has schools ranked among the top in the country.

This particular study was made of 348 students with normal mental ability who dropped out of junior and senior high school in 1962 and 1963.

Few of the dropouts came from families "with socio-economic or family cultural problems different from the bulk of the student body."

The educational level of the parents proved hard to determine. Even with incomplete data, a sizable number of the dropouts were identified as coming from homes where the parents had at least a high school education. Many of these had gone to college.

"A marked proportion" of the dropouts came from home conditions which displayed "varying levels of family breakdown."

Almost a third of the junior high school dropouts had no father at home. A fourth reported "conflict" between their parents. A third reported their parents were indifferent toward the importance of schools.

A sizable number reported potential "alcoholism" and "parental over-indulgence."

Half of the junior high-boys suffered "inconsistent" parental discipline (one parent lenient, the other strict).

Most of the boys who dropped out of school had what the counselors called a "poor self image," that is, they didn't think much of themselves and their abilities. Forty per cent of the dropout girls had the same problem. Yet their tests had shown they had normal ability.

Almost two-thirds of the dropout boys in both junior and senior high were judged to be emotionally unstable, to have questionable emotional stability. With the girls, this problem ranged from 25 per cent in junior high to 50 per cent in senior high school.

But only a fifth of the senior high boy dropouts and 7 per cent of the senior high girls were behavior problems. (Some

Harvester Subs Start At Dumas

Ray Johnson will get a shot at managing a baseball team and a gang of Pampa players will get their first full-time action tomorrow when the Harvesters play a district baseball game at Dumas.

Each Ray Howard announced he would save all but a handful of starters who wanted to work for the crucial games Tuesday with Plainview and Tascosa.

Howard will accompany the team, it will be strictly a spectator, with hardworking manager Larry Johnson, the first base coach, running the club.

Howard's only starters, outside of the base coach, are centerfielder Steve Molberg, centerfielder Ricky May, second base Jimmy Moore and third base Kyle Van Natta.

PHIL SMITH versatile

at Caprock when his arm suddenly started to hurt badly in the second inning. "It seems to be a recurrence of an old injury that bothers him when he hasn't warmed up right," explained Howard. "We'll just have to be careful with it."

Jerry Garrison, staff bellwether with a 3-0 district mark, was bothered in his last outing by a blister on the middle finger of his pitching hand. If the pair are alright, Howard plans to go with Garrison against Plainview and Arthur at Tascosa.

"Every game is a must from here on in, with a 4-2 record and tied for second. If we have to, we'll use both of them against Plainview. If we can though, I prefer that rotation because Jerry beat Plainview twice last summer with the Pampa Rebels and Arthur beat Tascosa last year for the Harvesters, so they should be the best men to face them."

Howard warned that Plainview, although only 1-4, was a tough ball club, having lost their last three games in extra innings.

GALS GOLF HERE

The Panhandle Women's Golfers Association opens play today at Pampa Country Club. Teams entered are Tascosa Country Club, Amarillo Country Club, Ross Rogers Course of Amarillo, Amarillo Air Force Base, Pampa Country Club, Huber Course of Borger, North Plains Country Club of Dumas and Phillips Country Club.

SIGNS WITH BAYLOR
 FAYETTEVILLE, Ark. (UPI) — David Self, a 6-foot-5, 190-pound all state center from El Dorado, Ark., has signed a letter of intent to attend the University of Arkansas next season. The signing, announced Wednesday, makes him the first basketball recruit to sign with the Razorbacks this year.

AGGIES RUNNERS FAVORED
 WACO, Tex. (UPI) — Seven Texas schools will send part of their track teams to Waco Saturday for a meet for athletes not competing in this weekend's Drake Relays at Des Moines, Iowa. Texas A&M is favored.

BAYLOR GRID RECRUIT
 WACO, Tex. (UPI) — Baylor announced Wednesday that all-state fullback Charles Wilson, a 6-foot-1, 195-pounder from Port Arthur, had signed a letter of intent to attend Baylor next fall.

KOUFAX HAS AN ARM INJURY

Woebegone Dodgers Dead Last In NL

By United Press International — This is to confirm that the Dodgers are still in the National League — although just barely.

Off to their worst start in 41 years, the woebegone world champions are dead last. Yup, even behind Casey Stengel's mixed-up Mets.

The same Los Angeles club that swept the Yankees four straight in the World Series only seven months ago has now lost seven games in a row. Even worse, they may have lost their southpaw ace, Sandy Koufax, for an indefinite period.

Koufax, who pitched the Dodgers to their only victory thus far in the season opener nine days ago, was forced to leave with a slight muscle tear in his left forearm Wednesday night after working one inning.

Sandy gave up a three-run homer to Charley James in the first inning and the St. Louis Cardinals went on to beat the Dodgers, 7-6. It was the second setback of the season for Koufax, who lost only five games all last year while winning 25, but that wasn't the chief concern.

The big worry is Koufax' arm.

Cardinal physician Dr. I. C. Madleman, who examined it Wednesday night, found inflammation of the left elbow besides the muscle tear.

After Koufax left, Carl Warwick tagged reliever Phil Ortega for a two-run homer in their third inning and Bill White homered with the bases empty off Bob Miller in the seventh. What proved to be the successful clincher, Frank Howard and Willie Davis connected for the Dodgers.

Left-hander Curt Simmons reeled off his second straight victory although he needed help from Roger Craig in the seventh.

The Dodgers' sorry 1-7 getaway is their poorest since 1923 when they dropped nine of their first 12 and wound up sixth in an eight-team league.

Wiley McCovey belted three successive homers in leading San Francisco to an 8-6 triumph over Milwaukee while Houston blanked Cincinnati in

other NL games. Rain washed out the Cubs-Mets contest and the Pirates-Phillies contest.

In the American League, Whitey Ford posted his 20th major league victory by pitching the Yankees to a 3-0 win over the White Sox, the Twins beat the Senators, 7-6, and the Los Angeles Angels nipped the Detroit Tigers, 3-2. The Boston-Baltimore and Cleveland-Kansas City games were postponed by rain.

McCovey drove in four runs for the Giants with his three homers against the Braves and he didn't play any favorites. He socked his first one in the second inning off loser Denny Lemaster, his second off Tony Cloninger in the third frame and his third off rookie Phil Niekro in the fifth. Joe Torre hit a pair off ex-teammate Bob Hendley, the winning pitcher.

A crowd of 38,693, Milwaukee's largest since Aug. 11, 1961, watched the Braves drop their home opener.

Dallas Airport Decision Brings High Court Action

WASHINGTON (UPI) — The Supreme court pondered delicate relationship between state and federal courts in a new runway at the Dallas airport.

The case featured a lawyer who went to jail, but not his clients, reversing the usual order of affairs.

The lawyer, James P. Donovan of Dallas, asked the Supreme court Wednesday to let him continue his fight against a new jet runway at Love Field lower federal courts.

Opposing him before the high court was Dallas City Attorney P. Kucera.

Lost State Battle

Donovan represents 122 Dallas residents who object to the runway, but lost a legal battle in the state courts.

Donovan then filed another suit in federal district court. His persistence brought only a decree from the Texas Supreme court ordering him not proceed with the federal suit.

Eventually, the Texas Court of Civil Appeals found him and his clients in contempt of court or trying to fight the state court's judgment before a federal bench.

Donovan served 20 days in jail in May and June last year and his clients paid \$14,700 each in fines.

Both sides of the issue before the high court were neatly summarized by two of the nine presiding justices.

Justice Hugo L. Black: "Is not the issue whether a state court can put a man in jail for refusing to drop his case in a federal court?"

Justice John M. Harlan: "Isn't the question rather whether a state court, which has jurisdiction, has a right to stop the frustration of a state judgment?"

"Exactly," says Kucera. Kucera hastened to give an affirmative answer to Justice Harlan.

"That's exactly the point," he said. He said litigation would never end if lawsuits were not blocked at some point "because there would always be some dissident to file a suit." He called it delaying tactics.

Donovan said that if he can legally be stopped from taking his client's complaint before the federal courts, any civil rights action in the United States could be stopped that way.

The justices asked him whether any steps had been taken against him by the state bar association because of his stay in jail.

No, said Donovan, "I don't think I have done anything unethical."

"I grant you I'm a fiery attorney," he added in a rather calm, unfriendly manner. "I fight for my clients."

Donovan also asked the court to order the \$14,700 fines paid by his clients returned to them, which prompted Justice William Brennan to remark: "We can't give you your 20 days back."

Clemency Plea Fails for Youth

AUSTIN (UPI) — A Houston youth's argument that he should not have to die in the electric chair for rape because two others convicted of the same crime drew only prison terms was turned down Wednesday.

The Board of Pardons and Paroles rejected a plea by Lawrence O'Conner. The board ruled that O'Conner, a Negro, must die Sunday for his part in the rape of a 17-year-old white girl.

Four youths were convicted separately of holding the girl and her teen-age boyfriend at knifepoint after finding them in a parked car in Houston.

Two were sentenced to life in prison. O'Conner and James Andrew Echols were sentenced to die. Echols has appealed to federal court.

O'Conner's attorney, Charles Whitfield of Houston, asked the board to commute. O'Conner's sentence to life imprisonment to equalize the punishments.

ATTEMPT SHUTTLE

WASHINGTON (UPI) — A converted submarine chaser carrying a party of scientists, sailors and adventurers will attempt a round-trip shuttle of the fabled Northwest Passage this year.

The vessel "Northland Princess" will journey from Vancouver, British Columbia, east to Frobiher Bay on Baffin Island and back again.

If successful, the privately sponsored expedition will be the first voyage through the passage in both directions in one season, the National Geographic Society said Wednesday.

many faiths. It would be doubly tragic to appear to align the many levels of government against worship and service to God. While that is not, by any means, the desire of the Supreme Court, it would, nevertheless, be the inevitable result."

Price, teacher of a Baptist Sunday school class, stressed that he was speaking as a private citizen and not as a representative of any one denomination or faith. He concluded "Our youth have enough difficulty in trying to understand the doctrinal conflicts between the established churches of

Pampa Candidate OKs Amendment on Prayer

Bob Price of Pampa today spoke out in favor of the Becker Petition to permit voluntary prayer and Bible reading in public schools. In an exclusive statement to the Daily News, Price, Pampa rancher and candidate for the Republican Party's nomination to Congress, called for adoption of the amendment to the Constitution now before the House judiciary committee.

"One hundred and sixty-five members of the House of Representatives have offered bills that would specifically permit voluntary prayer and Bible reading in our public schools," Price said. "Frank Becker, representative from New York, has led in the plan to offer the amendment. His name is applied to the bill to which the 164 other authors have subscribed. It simply makes legal the long-established practice of using prayer and Bible reading in public school exercises."

Price, referring to the Supreme Court decisions holding that state and other government officials must refrain from writing "official" prayers and offering them for school use, said he had no quarrel with the specific findings of the court. "Separation of church and state is a basic American principle," he said. "We must avoid, at all costs, the establishment, by law or directive, of any church, denomination or faith, which would constitute a federal or state church. However, the specific cases brought to the Supreme Court were, in no way, attempts by the State to establish a religion, or Church. Records of the original drafts of the first amendment to the constitution clearly shows that the intent was to prevent State establishment of a Federal Religion or Church. These records include the words "denomination" and "faith." When it was finally adopted, the first amendment opens with: "Congress shall make no law respecting establishment of religion or prohibiting the free exercise thereof."

"The United States of America stands as the only nation in

history that was first begun as a social and governmental order dedicated to the principle that we believe in God as each man understands Him. This nation is a monument to God's plan. Those who conceived, organized and defended this nation, gave us a heritage that calls upon God's divine guidance in all that we do. Our national creators prayed often. They found prayer and the Bible vital to their deliberations. Our early schools taught religion. They taught Bible. Our greatest institutions acknowledge God. Our coins, pledge of allegiance to the flag, our Supreme Court sessions, our meetings of Congress, and our oaths of office recognize God as our great, common source of power and spiritual worth."

Engineers Start Two-Day Meeting

LUBBOCK, Tex. (UPI) — Petroleum engineers from the major producing areas in Texas, Oklahoma and New Mexico were to meet today at Texas Tech for the start of the two-day, 11th annual Southwestern Petroleum Short Course.

J. L. Sewell of Dallas, president of the Texas Mid-Continent Oil & Gas Association, was to be keynote speaker.

Petroleum consultant Joseph Zaba of Tulsa, Okla., will be present the J. C. Slonnegar

LAUNCHES CAMPAIGN

PARIS (UPI) — The French Communist party, faced with an apparent dues-paying membership decline, has launched a campaign to win support of the nation's 2.6 million foreign workers.

The party's politburo has salaries and social security benefits for foreign workers, and denounced alleged government business and government discrimination against them.

The award is given annually at the short course in recognition of an individual who made outstanding contributions in the previous year to petroleum technology.

One Killed in Crash of Plane

EDINBURG, Tex. (UPI) — A Cessna 180 light plane that had been making low passes at Mission and Edinburg plunged to earth and crashed Wednesday night, killing its lone occupant.

The victim was identified as Jack R. Nelson, 47, of McAllen, a prominent building contractor.

Witnesses said the plane had been flying very low over the area where it crashed just east of Edinburg about 10:30 p.m. They said the single-engine

craft suddenly went "straight up then came straight down." Police reported the plane had also been flying low over Mission about 30 minutes before the crash.

Guards were placed around the wreckage of the plane until Federal Aviation Agency inspectors from Fort Worth could arrive at the scene.

FORD MUSTANG
The Surprise Car of the Year!
This is the car you never expected . . . from Detroit. Its long sophisticated lines whisper of winters in Spain and summers in St. Tropez. But the new Ford Mustang is as American as its name — and as practical as its price. Significantly, it has already received a special Tiffany Award for outstanding achievement in modern design. One thing you can be sure of: this is a car that will stand out on any road — and never get lost in a parking lot.
