

# Coronation Program Planned at Canadian

CANADIAN (Sp) — Miss Anita Lopez will be crowned Queen of the Fiesta, Saturday at the annual Sacred Heart Church Fiesta Program.

The Coronation Program at the City Auditorium starts at 8 p.m. and is free to the public. The "Fiesta" itself starts at noon Saturday when the Mexican Legion Hall. Mexican dinners will be served continuously, starting at noon through 7 p.m. The Market Place will offer fancy work, dolls, grab boxes, raffle, and games, and a games Mrs. Tom Snow of Pampa will be in the silhouette booth to make striking silhouettes of children or grown-ups. A special feature for the children will be a "PINATA" at 3 p.m. at the Legion Hall.

A public dance, featuring music by David Alarid's orchestra from Amarillo, will be held at the City Auditorium following the coronation program. He will play popular modern dance music as well as Mexican pieces. Admission for the dance will be \$1.50 per person.

The Coronation Program will feature Spanish dancing and singing as a prelude to the Crowning of the Queen by Mayor Glenn Riley. Featured performers will be Miss Glennette Dewkins of Pampa, dancing "Granada" and "Mambo Jumbo", accompanied by Mrs. Jack Edwards at the piano; The Hi-Steppers of Canadian will dance two squares, "Fiesta" and "Mexican Hat Dance Twist"; Miss Rosana Ramirez of Waynoka, Oklahoma dancing "Cielo Andalu"; Joe Mark Ybarra of Shattuck and Francis Lopez of Canadian, will dance "La Cucaracha" and "El Jirabe"; David Alarid of Amarillo will sing "Ojos Verdes"; George Morey of Childress will emcee the coronation program.

The crown bearer will be Kathy Lopez; the Queen's pages will be Charles Ray Ortega and Mike Smith of Canadian; the Queen's attendants will be Misses Mary Ann Ortega, No-rene Carr, Margaret Van Der Goes (exchange student from Holland), Dora Mae Hext and

Dolores Gutierrez of Canadian; Julie Meredith of White Deer; Beth Hefley of Briscoe and Cristina Parra of Amarillo.

Escorting the Queen and her attendants will be Mike McCormick, Kenneth Harrell, Bill Owens, Don Walker, Leslie Riley, Dee Alvin Heines, Curtis Crosier and Donald Gutierrez of Canadian and Raymond Guerrero of Miami.

## Safety Conference Conducted at WT

A Red Cross water safety conference was held Thursday at West Texas University gym pool with H. W. Gilliam directing the activities. Mrs. Don George, water safety chairman, Mrs. Tommy Sells, WSI, Jack Chisum, WSI, and James Head attended from Pampa.

Plans for the summer water safety program was discussed and Gilliam reminded the 50 persons present that this summer would be the 50th anniversary for the water safety program in Red Cross. He urged each chapter to develop a WS program for the community.

Mrs. George reports that the Pampa Water Safety program will begin June 15 and run for 3 two weeks sessions. Registration for the city pool will be held May 15 at the Legion Hall from 1 to 4 p.m. and registration for the Youth Center Pool will be at the Center on May 18.

## Chicken Consumption Limited for Cubans

HAVANA (UPI) — Chicken consumption, already rationed to one fowl per adult per month will be limited in Havana to children under 7 and persons over 65 beginning May 1, it was announced Saturday.

Children will receive two fowls per month and elderly persons one. There will be no chicken available for other Havana residents unless they are under a doctor-ordered diet requiring poultry, the official radio said Saturday.

## Leaflets Threaten Basutoland Whites

MASERU, Basutoland (UPI) — Anti-white leaflets threatening Basutoland's 3,000 whites with "hellfire" unless they quit the country were found Saturday on the doorsteps of all white homes and government offices in Maseru.

The distribution of anti-white leaflets came as a Basuto delegation gathered in London for constitutional talks with the British government which are expected to result in a lengthy struggle between the two sides.

Basutoland, a small British enclave about the size of Belgium, is entirely surrounded by South Africa.

The leaflets distributed Saturday called the territory's 3,000 whites "bloodsuckers, capitalists, imperialists and betrayers." It warned them to quit the country by Monday or "face the hellfire."

## Red Cross Group To Meet in Pampa

The Panhandle Association of Red Cross Chapters will meet in Pampa with the Gray County Chapter hostess at the Coronado Inn at 10 a.m. Tuesday.

The Pampa Gray Ladies will serve coffee to the group and a business session will make up the morning session. Terry Thomas, president of the association of Amarillo, will preside at the meeting and report will be heard from the VA Hospital in Amarillo and the Amarillo Air Force Base.

The field director for the air base, Lyles Heide, will recognize the chapters which have given parties for the Re-Training Center at the Air Base during the year.

During the business session, an election of officers will be held.

Two films will be shown "Discovery" and "Down to Earth." Miss Marilyn Williams, physical activities director of Amarillo YWCA will talk on Water Safety. Any interested person in Pampa is invited to attend the meeting of the Association of Chapters.

## Two Ailing Actors Show Improvement

HOLLYWOOD (UPI) — Doctors estimated Saturday that English comedian Peter Sellers would have to remain hospitalized for several weeks despite his progress.

Sellers, 38, suffered a nearly fatal heart attack April 6. He has been making steady progress since passing a crisis.

## GOLD TO FRANCE

PARIS (UPI) — Two Russian aircraft carrying 13 tons of Soviet gold worth more than \$15 million arrived here from Moscow Monday for sale through the Bank of France. It was the second major gold consignment to Paris within a week. The same amount arrived Wednesday and other shipments were made earlier this year.

## HOLLYWOOD (UPI) — Milton Berle, 55, is under treatment at Cedars of Lebanon hospital for bleeding ulcers.

# Laos Summit Parley Apparently Collapses

PLAIN OF JARS, Laos (UPI) — The summit meeting between the leaders of Laos' three political factions apparently collapsed Saturday, and neutralist Premier Prince Souvanna Phouma said he would ask the king to accept his resignation.

The attempts to maintain the shaky coalition government headed by Souvanna failed over rightwing leader Gen. Phoumi Nosavan's refusal to accept a proposal calling for neutralization of the royal capital of Luang Prabang.

The meeting between Souvanna, Phoumi and Communist Pathet Lao leader Prince Souphanouvong began Friday under elaborate security arrangements on the Plain of Jars.

The opening day session was described as "very friendly and cordial."

But after Saturday's three-hour meeting, Souvanna told newsmen, "I will report to his majesty the impossibility of solving my duties as president of the council (prime minister)."

The talks apparently broke down because of Phoumi's refusal to accept the Pathet Lao demands for neutralization of Luang Prabang despite Souvanna's threat of resignation if there was no agreement.

Souphanouvong, who is Souvanna's half brother, said he hoped the three parties would meet again to settle Laos' problems because "one party cannot solve them alone."

Phoumi refused to comment on Saturday's talks.

The rightwing forces and the Pathet Lao have engaged in sporadic fighting in the Plain of Jars region ever since the Geneva accord was signed in 1962 to guarantee neutrality of Laos.

TOWN DUE LOAN — rent homes, 12 of which will be designed for elderly persons.

WASHINGTON (UPI) — The Public Housing Administration has announced it will lend Newton, Tex., \$364,194 to finance construction of 30 low

(Continued From Page 1)  
... on an entirely voluntary basis in the next decade.  
"It is clear that at the present time the obligation for military service is essential for meeting our military strengthening requirements," the President said.  
But he added that "the present law has been in effect for more than 15 years and a very comprehensive study of the system is now indicated."

**Plans Major Address**  
Johnson made these other points in a 32-minute session that ranged over a broad spectrum of international and domestic matters:  
—He plans to make a major foreign policy address in New York Monday which will deal with Soviet-American relations as well as involve U.S. policies in Cuba, Communist China, and Southeast Asia.  
—He described as "totally inaccurate" a published report that he would announce in the London speech a 45 per cent cutback in U. S. production of material for nuclear warheads.

—Announced appointment of Eugene Patterson, editor of the Atlanta Constitution, as a member of the U.S. Civil Rights Commission.  
—Said that railroad management and union negotiators meeting with the mediators he signed for a strike truce which ends April 25, had conducted "a very productive few days" of talks. He again expressed confidence they would solve the four-year-old work stoppage through collective bargaining. But he refused to speculate what would happen if they failed.

—Declined to hint at when he will formally announce his candidacy for the 1964 presidential election.  
—Said he had received no reports which would confirm dispatches from Saigon Saturday morning that another coup was threatened in South Vietnam and that visiting Secretary of State Dean Rusk might be in danger.

**Mexican Chief Gives Reprieve On Closing Law**

CIUDAD VICTORIA, Mexico (UPI)—Tamaulipas Gov. Praxides Balboa Saturday gave businessmen in Mexican cities a 15-day reprieve from a dry Sunday law.

Balboa pulled a surprise last week when he ordered all liquor sales stopped from midnight Saturday to midnight Sunday in his state. A heavy dip in revenue was reported from Texas tourists who keep the night spots busy each week-end from Nuevo Laredo to Matamoros.

Amado Trevino, press aide to Governor Balboa, told UPI that the governor will let the mayors decide for 15 days whether to allow liquor sales. Balboa will then hand down a decision on a 25-year-old law banning liquor sales that has been ignored.

Most officials in the border cities planned to open bars Sunday.

Delegations of civic and business leaders from several towns petitioned the governor.

**Mounts**

(Continued From Page 1)  
Although an official police statement said there was no general alert and that law and order was being maintained. But two policemen were stabbed in Harare Township and two African were hit with shotgun pellets when police opened fire on the mobs.  
Scores of Africans have been arrested in the outbreaks of violence which began Thursday with Nkomo's banishment to a remote corner of the territory. Blacks outnumber whites in Southern Rhodesia by a ratio of 10 to 1. The government is now run by a group of white extremists who are reported considering a declaration of independence from Britain—the first such unilateral action since the American action in 1776.

The department store attack was the first such incident in Salisbury. Authorities said a gang of about 20 youths, apparently well organized and answering to commands from a whistle-blowing leader, attacked white shoppers and salesgirls.

The attack, in the O. K. Bazaar department store, came at the height of the Saturday shopping rush. Shoppers and salesgirls fought back, aided by male employees. Nine Africans were arrested after the attack, in which two young women were hurt.

**Dog Control on Council Agenda**

Discussion of dog control in Pampa will take up some of the time of city commissioners when they meet Tuesday.

With advent of warm weather the annual complaints have begun to build up from residents in many areas of the city where the pooches of all sizes, breed and description are again running at large.

City officials say present ordinances governing dogs are inadequate and in some instances not enforceable.

Other business on the Tuesday agenda includes:

Further consideration of acquiring right of way for opening Ford St., first reading of an ordinance to close Mason St., and awarding contracts for the purchase of a tandem roller and a maintenance-asphalt distributor for the street department.

**Obituaries**

**Mrs. Mary E. Abbott**  
Funeral services for Mrs. Mary Elizabeth Abbott, 83, are pending with Tulsa - Whisenhunt Funeral Home in Tulsa. Mrs. Abbott died at 11:32 Friday night in Worley Hospital. She had been a resident of Pampa for seven years and was a member of St. Vincent dePaul Catholic Church.

She is survived by two sons, M. L. of Pampa and Charles J. of Tulsa; two daughters, Mrs. Thelma Buffington, Los Angeles, and Mrs. Loretta Grant, Pampa; one sister, Mrs. Gertrude Wilson, Fresno, Calif.; four grandchildren, and 12 grandchildren.

**A. J. (Doc) Ikard**  
Word of the death of A. J. (Doc) Ikard, 59, has been received in Pampa. Mr. Ikard, a longtime paint contractor here, moved to Newton, N. C., two years ago. He was a member of the Local 868 Painters and Decorators Union here.

Survivors include his wife, Grace and one son, Cecil Ikard, both of Newton.

**Marina to Sue For Accounting Of Donations**

DALLAS (UPI)—Mrs. Lee Harvey Oswald, the Russian-born widow of the accused presidential assassin, has gone to court to try to get an accounting of the \$66,000 sympathetic Americans sent her.

She said she has not seen a dime of the money.

Mrs. Oswald filed a petition in district court Friday asking an accounting of the money and asking nullification of contracts she signed with two men hired as financial advisors.

Judge Owen Giles said he signed the show cause petition in the absence of Judge Dee Brown Walker. He ordered the two financial advisors, both lawyers, to appear in Walker's court April 30 at 2 p.m.

Mrs. Oswald said she had been trying to fire John M. Thorne and James M. Martin. She said she sent both registered letters of dismissal Feb. 14.

Martin insists he intends to enforce his 10-year contract as her personal manager. He said it entitles him to 15 per cent of her earnings.

Thorne's contract entitles

**Party**

the oil and gas business in this area.

A number of state representatives and state senators will also attend the day-long program in Pampa which is expected to draw a heavy crowd of on-lookers.

The new offices for the commission were remodeled on the third floor of City Hall at a cost of some \$5,000 and cover almost the entire floor.

Tours through the new office area will be made with refreshments to be served by the Desk and Derrick Club in the Palm Room of the building.

him to 10 per cent of Mrs. Oswald's earnings. He will fight dismissal.

Mrs. Oswald could not understand the contracts when she signed them because they are in English. She reads only Russian.

Both men have ignored her attempts to dismiss them, she said, as well as requests for an accounting of money sent her.

Mrs. Oswald, 21, and her daughters, Rachel Marina, five months and June Lee, 4, now live in Richardson, Tex., a Dallas suburb. They were in protective custody of the Secret Service from the day after the assassination until about two months ago.

**Weather Delays Yarborough Trip**

Weather caused cancellation Saturday of a visit to Pampa by Senator Ralph Yarborough.

Weather conditions between Brownwood, where he appeared Saturday morning, and the Texas Panhandle made flying too hazardous to risk.

The senator planned to bypass Pampa for Saturday and drive to Borger for his scheduled appearance Saturday night. An appearance in Pampa will be arranged later, local Yarborough workers indicated.

Sausalito, Calif. Clearly, no food goes to waste around here. Alfred Hitchcock once did a movie about California birds, but his creatures were more interested in people than scraps of food.

### Dakotas Put Restriction On Cattle

PIERRE, S.D. (UPI) — South Dakota ordered new restrictions this week on Texas cattle because cattle scab has been found in Texas.

State veterinarian M. D. Mitchell said ranchers must get a permit from the Livestock Sanitary Board before importing cattle from Texas.

He said the imported cattle must be dipped or "box-sprayed" against the scabies under the supervision of state or federal veterinarians not more than 10 days before they are brought into South Dakota.

He said cattle imported for immediate slaughter need not be dipped.

He said the new regulations will stay in effect for one year after the last recorded case of scabies in Texas.

**SHOPPING CENTER**  
NEW YORK (UPI) — Brown, Harris, Stevens, Inc. Thursday announced the acquisition of South Flint Shopping Plaza in Flint, Mich.

The property, which includes an interstate department store, was purchased for cash over a mortgage of \$2.7 million, the company said.

### Wall Street Chatter

NEW YORK (UPI) — Bache & Co. notes that low-price speculative issues which have gained favor temporarily have been quick to "fizzle."

The brokerage house advises investors to continue to concentrate on selected issues in the assumption that "well chosen investments will fare well in a market which points higher."

Thomson & McKinnon says that despite bouts of profit-taking which have depressed some stocks mildly the market "still seems to be on pretty solid footing" and should be further buttressed by a continuing bright business outlook for at least the rest of the year.

It notes that the stronger groups include vending machines, savings and loans, and tobaccos.

Stanley Heller & Co. says that a "generally favorable investment climate" still prevails even in the face of a nationwide rail strike and the prospect of tighter credit conditions later this year. Until the present trend of rising stock prices is broken, by a decline in the popular averages below 814, "we must continue to be-

lieve that the path of least resistance still points upward."

Harris, Upham & Co. says the stock market likely will continue on an indecisive course until the rail crisis has been resolved. Certain stocks may react to isolated business developments, it suggests, but an overall pattern of caution probably will continue for the present.

P. W. Brooks & Co. says the growing stream of "excellent" first-quarter corporate earnings reports could spark another market rise. In addition, the company adds, the entry of the odd-lot dealers into the market as net buyers, rather than sellers, could add impetus to the advancing market.

### Students of Pampa To Make Band Trip

Susan Quible and John Wagoner of Pampa, members of the McMurry College Indian Band in Abilene, will be with the group on a 10-day tour, May 1-10, when they take a 2,500 mile trip to Mexico where they will perform in Monterrey, Ciudad Valles, Mexico City, San Luis Potosi and Saltillo.

Miss Quible, daughter of Mr. and Mrs. George M. Quible, 1918 N. Russell, is a sophomore business education major on the McMurry College campus. She is a member of Theta Chi Lambda social club and SEA. The 1962 Pampa graduate was a

member of the Pampa Harvester Band.

Wagoner, son of Mr. and Mrs. W. A. Wagoner, 1308 N. Russell, is a senior student. Wagoner is a history major and English minor. He was graduated from Pampa High School in 1960.

The Indian band is under the direction of Dr. Raymond T. Bynum, well-known West Texas musician and bandmaster listed in "Who's Who in the Southwest".

### Foreign News Commentary

By PHIL NEWSOM  
UPI Foreign News Analyst

A guessing game already popular in world capitals and likely to spread is the name of the man who will succeed Nikita Khrushchev.

Giving it current impetus have been two events.

One is the fact that today the bouncy Khrushchev observes his 70th birthday, not generally recognized as retirement age for world leaders but a reminder that Khrushchev no longer is young.

The other was the false report a few days earlier of Khrushchev's death. The report swept around the world within minutes, carrying with it a general feeling of apprehension, a natural accompaniment to an abrupt change of leadership in any major nation but particularly so in the Soviet Union.

For Khrushchev, although a dedicated Communist determined to spread the Red emblem around the world, also has shown himself capable of restraint.

One student of Soviet affairs once remarked that there is no such thing as a Soviet expert, only varying degrees of ignorance.

The same comment must be made now in any attempt to name the man who finally will emerge after Khrushchev, and after surviving the dog-eat-dog politics of the Kremlin hierarchy.

**No Ascent Provision**

Within the Soviet political structure there is no provision for an orderly ascent to the power which Khrushchev now holds and which Stalin and Lenin held before him.

After Stalin's death in 1953, it took Khrushchev four more years to consolidate his present position wherein he is at the same time first secretary of the Communist party and premier, placing him at the top of both the government and party apparatus and a member of the party Presidium, the small select group which makes basic Soviet policy decisions.

By careful selection of his lieutenants there are few today who can successfully oppose him.

Almost certainly the new man also will represent something new in top Soviet leadership. That is, he will not be one who played an important role in the Bolshevik Revolution.

Wyacheslav Molotov, who might have played such a role, is in disgrace as one of the anti-party men who sought to remove Khrushchev and seemingly is out of the party picture.

**Mikoyan Not Well**

Anastas Mikoyan, who might also qualify, has not been well and his relationship with Khrushchev also is said to have cooled.

Frol R. Kozlov, one-time heir apparent, also is ill and Mikhail A. Suslov, seems to have eliminated himself by opposing certain of Khrushchev's internal policies.

Nowhere on the horizon does there appear to be any man with either Khrushchev's color or his ability.

By a process of elimination most of the experts seem to have centered on Leonid I. Brezhnev, who occupies a post which might be called the presidency of the Soviet Union and also is a member of the Presidium.

He is respected within the party and also is popular among the experts and technicians who do not think in ideological terms but who occupy an increasingly important role in Soviet decisions. He also is regarded as one most likely to continue the so-called liberal approach favored by Khrushchev.

# Native Grass Target For Seeding by King

Harris King recently seeded 60 acres of native grass on his ranch near McLean. He has established 300 acres of grass in the past, and has gotten some excellent stands. After establishing the grass, cross fences and wells have been installed for proper distribution of grazing. He plans to seed 145 additional acres to grass within the next two years.

Harvey Taylor completed two dams on his stock farm northeast of Alanreed. He is in the process of constructing a cross fence and seeding 71 acres of pasture grasses. Approximately 64 acres of the grass will be irrigated. Proper fertilization, irrigation and livestock rotation will increase carrying capacity of his rangeland.

Fayette Seitz is constructing a on the Frank Rapstien Farm diversion and standard terraces east of Laketon. Fayette realizes the importance of terraces to control water erosion and for moisture conservation. He is al-

so drilling a well for livestock water. Many landowners and operators have started applying conservation practices this year due to limited rainfall. Efforts are being made to conserve as much moisture as possible. Those interested in doing conservation work should contact their SCD Supervisor: Milton Carpenter, Curtis Schaffer, Stan Friend, James Clett and W. Epperson or the Soil Conservation Service.

President Lyndon B. Johnson has accepted the honorary chairmanship of the National 4-H Service Committee, and has consented to the presentation of silver trays in his name to six top ranking 4-H Club members next December at the 43rd National 4-H Club Congress.

—Daily News Staff Photo

**READYING FOR DISTRICT** — These are the two 4-H Rifle teams to compete in District 4-H elimination contests scheduled in Canyon Saturday. The senior team is composed of Dan Hogsett, Keith McCann and Bob Ward. Junior team members are David Webster, Jim Reeves and Leonard Taylor. Coaches are Bob McCann and Tom Veale.

## Red Cedar Trees Found in Gray

The Gray County Soil Conservation District has Red Cedar and Ponderosa Pine trees available for farmstead and feedlot windbreaks. The trees can be picked up at Bruce Nursery north of Alanreed. They are potted for delivery and should not be planted later than April 15th.

John Harnly plans to drill an irrigation well on his farm south of Kingsmill. The Gray Co. SCD assisted him in laying out the irrigation system. Sailor Bros. installed 1560 ft. of irrigation pipeline on their farm south of Pampa. Bill Stockstill installed 1300 ft. of pipeline on his farm east of Pampa. Morley Doss installed 1500 ft. of pipeline on his farm south of Kingsmill. Irrigation pipeline and land leveling aid in better distribution of irrigation water.

## Agriculturally Speaking

By FOSTER WHALEY County Agricultural Agent We have had a number of calls from farmers asking questions about the new wheat cotton program as passed in Congress recently. To date we have not received any printed material on the program. However, we have heard one brief explanation by James Murphrey, Farm Management Specialist, Extension Service, District Office, Amarillo.

Early next week there is to be an educational meeting for A.S.C. office managers in Pampa for this District. I have visited with Evelyn Mason, local Manager of A.S.C. and we hope to have some educational meetings the last of this week. You will be informed soon as to when these educational meetings will be held in the county.

**Final Dates** According to A.S.C. office you should keep these dates in mind if you plan to stay within your wheat allotment — May 1 — to dispose of excess wheat acreage.

If you are a cooperater in the feed grain, program and need to reduce barley acreage you must do so by May 1st.

### New Irrigation Wells

Abe Lewis, who farms 4 miles East of Pampa just completed a test hole and the results look very good for irrigation. Alvin Reeves has one completed but hasn't put it on pump. The development of irrigation in this county would have a tremendous affect on the economy of the county.

**4-H Team Demonstrations** Jerry Harland, Assistant County Agent and adult leaders, Bob McCann, Tom Veale and H. B. Taylor Jr., will have four teams of 4-H Club members at the District One Elimination Contest for 4-H Club members on Saturday, April 25th. The contest will be held to determine the teams that will represent District One at the State 4-H Roundup at Texas A&M in early June.

The rifle teams will be announced later.

A Field Crops Team will be composed of Bill Skaggs and Stephen Maddox. A Beef Cattle Team will be composed of Jim Craig and Lee Pulse. All the boys are members of the Top O' Texas 4-H Club, Pampa.

The rifle teams are coached by Bob McCann. There will be a Senior Team composed of four members and a Junior Team composed of four members. H. B. Taylor Jr., and Tom Veale are right hand assistants to McCann. The Gray County 4-H Club members have won the District One Rifle Contest every year since 1955 with the exception of 1959 and 1960. District One is composed of 22 Panhandle counties.

### Beef Cattle Meeting

About 45 beef cattlemen attended our meeting held last Thursday evening.

Keen interest was shown in the meeting. One of the speakers—Mr. James Murphrey, Farm Management Specialist, Amarillo told the group that half of the present number of beef cattlemen and farmers would not be on farms 10-15 years from now. He said the less efficient would be the first to leave. A fellow that can produce cattle for 16 cents per lb. will stay when the fellow is gone that has a 22 cent cost per lb. of gain. Dr. Dixon Hubbard, Beef Cattle Specialist, Lubbock, made some very thought provoking statements. Not all of the Beef Cattlemen agreed with Hubbard. All did agree that he did bring some excellent research information to them.

Hubbard discussed a research project now being carried out at Spur where a cow calf operation is being carried out under feed lot conditions.

When asked why such a test is being run, he challenged the group with this problem. With rangeland costing \$80 per acre and 20 acres required per cow this makes a total investment for a home for one cow — \$1600. If the cow cost \$175, this would make a total investment of \$1,775.00 per animal unit. At 6 percent interest alone on this project would be \$106.50 per year. Hubbard said there is no way possible to make this unit pay out if a fellow was doing it on borrowed money. This is why research is trying to find a cheaper way.

## White Deer Girl In 4-H Meeting On National Level

Vivian Warminski of White Deer is one of four young Texans representing the state at the week-long National 4-H Club Conference which opened yesterday and will run through Friday in Washington.

The other three delegates are Patty Porter of Terrell, Dick Plank of Hereford and Joe Townsend of MacAllen.

Miss Warminski is the daughter of Mr. and Mrs. Charles Warminski of White Deer. She is a junior student at Oklahoma State University, has been a 4-H Club member for 11 years and during that time has been named state winner in six programs and a national winner in one.

In addition to participating in conference activities, the four Texas winners, along with delegates from other states, will acquaint themselves with the various operations of federal government, with points of interest in the Washington area, and with members of Congress and other government officials.

## Tests Show Top Item To Halt Cattle Grub

In recent tests conducted by research and Extension entomologists at Texas A&M University, use of the systemic insecticide, ronnel, proved more effective in the control of cattle grubs than did the use of other systems which were applied to the backs of animals.

In the experiments, a salt and mineral mixture containing 5.5 percent ronnel was fed to range cattle on a free choice basis in either block or granular form. Results from the tests showed that use of ronnel resulted in a 92 per cent control of the grub. For best results, the mixture should be fed at least 75 consecutive days between May 1 and September 1, the specialists said.

By feeding the systemic, better control of flies was also noted. Residual effects of the insecticide in manure reduced fly populations in the pasture to a considerable extent, they said.

The importance of livestock grub control is emphasized in Texas by the fact that meat packers pay 1 to 2 cents a pound less for cattle infested with grubs. Damage caused by the grub is primarily to the hide

and flesh of the back. The life cycle of the cattle grub begins during the first warm days of spring. During this time, heflies appear and begin laying their eggs in neat rows along hairs on the lower parts of the leg. In three or four days the eggs hatch and the larvae burrow into the skin.

Attractive gardens do not occur by chance.

## Relaxing Censorship Trend Around World

EDITORS — National report: Harry Ferguson has made a survey of news censorship conditions current today. Here is his report.

By HARRY FERGUSON  
WASHINGTON (UPI)—There is a trend around the world to relax censorship and give the American foreign correspondent more freedom in what he writes. But in many nations he must walk warily lest he steps to a hidden booby trap that will blow him clear out of the country.

The general conception of a censor is that he is a man with a thick blue pencil who takes a reporter's copy and strikes out words, sentences and paragraphs. But there are other factors that impede the free flow of news into the United States:—The threat to punish a reporter after the fact. He is allowed to send a story and then the axe falls. There has been censorship in Russia since 1917—except on news pictures, news films and tape recordings, but seven correspondents either have been expelled or denied re-entry after leaving the country.

The confusion that results when a large number of reporters try to file their stories on a limited communications system. That is what is happening in Cyprus today. There is no censorship, but the local cable and telegraph personnel cannot cope efficiently with the thousands of words they are asked to transmit daily.

—A revolution or any abrupt national upheaval frequently causes censorship to be imposed on where none existed previously. Soon after President Joao Goulart of Brazil was overthrown three army captains walked into the Rio de Janeiro bureau of United Press International and announced they had come to "collaborate" and to prevent the sending of any "suspect military news or alarming reports." Four of them have been working in shifts ever since, but so far they have cut nothing out of the file of copy.

The United States has a blueprint drawn for instantaneous censorship in event of war. Even though there is no peacetime censorship, the Pentagon takes a fling occasionally at deciding what reporters shall write and not write. The most recent case was when Fidel Castro cut off the water supply at the Guantanamo naval base. Washington reporters were flown to Guantanamo and then told that their copy would have to be reviewed for security reasons. It was a one-sided controversy because the only way a reporter could get his story back to the United States was to file it over Navy communications. Naturally, the Navy won.

Average lifetime of a U. S. one-dollar bill is about one month.

SWEEP INTO SPRING—Judy Lewis, taking a cue from her mother, Loretta Young, washes through a door in a floor-length, chiffon gown done in a brilliant red and pink floral pattern. Designer Philip Huitler completes the costume with a long, flowing stole to match. It was shown in New York.

## Boy, 11, Carried 2 Miles Hanging From Balloon

MILL VALLEY, Calif. (UPI)—An 11-year-old boy dangling by a rope from a manned balloon was carried two miles at altitudes of 200 to 300 feet Saturday before returning safely to the ground, sheriff's officers reported.

The boy, Danny Nowell of Mill Valley, suffered shock and an injured wrist but was otherwise in satisfactory condition, hospital attendants said.

Danny and several friends had been helping in the takeoff of the balloon, manned by skydiver William Berry, Concord, Calif. The flight was to publicize a balloon race to be sponsored next month by a San Francisco night club.

The boys had been clinging to ropes hanging from the balloon control box as it prepared to ascend from a valley near this community across the Golden Gate from San Francisco.

But instead of just hanging onto the rope, Danny tied or wrapped it around his wrist, Marin County deputies said. On signal, the others let go and the balloon rose — carrying the terrified boy.

Deputy Sheriff Jim Cain, who witnessed the incident, radioed for an ambulance and set out in his patrol car in pursuit of the balloon and Danny.

They headed west, over a ridge, rising to 200-300 feet for two miles before Berry managed to bring the balloon to the ground by manipulating its gas heating device.

The boy was taken to Marin General Hospital in San Rafael and then transferred to Letterman Army Hospital in San Francisco. His father, Tom E. Nowell, a Mill Valley real estate man, is a retired lieutenant colonel.

**MERGE FACILITIES**  
HOLLYWOOD (UPI)—Metro-Goldwyn-Mayer, 20th Century-Fox and Columbia Pictures have announced plans to go ahead with constructing a mammoth studio in the Malibu area as film making facilities for all three production companies.

## De Gaulle Walks, Takes Solid Food

PARIS (UPI)—President Charles de Gaulle, continuing to make "very satisfactory" progress, Saturday walked a few steps and took solid food 24 hours after undergoing a prostate operation.

But arrangements to hand over temporarily some of De Gaulle's powers to Premier Georges Pompidou including the "hot line" telephone controlling France's embryo nuclear striking force indicated it may be up to a month or six weeks before he is fully back on the job.

All De Gaulle's engagements for at least the next two weeks were cancelled. These included a scheduled lunch with United Nations Secretary General Thant April 27. The French government also was asking the king of Laos, Savang Vathana, to postpone a three-day state visit scheduled April 28-30.

Officials said De Gaulle will stay at least 10 days at the Cochin Hospital in Paris, where he underwent surgery Friday. Then he will convalesce for a while at his country home at Colombey-les-deux-Eglises in eastern France.

Strict security precautions surrounded De Gaulle in his second floor suite of the Cochin Hospital.

His own room has bullet-proof window glass, installed soon after an abortive assassination attempt in August, 1962. The room had been held in readiness for a possible similar emergency in the future.

Two of De Gaulle's bodyguards and two police inspectors stood duty outside his suite. Madame Yvonne de Gaulle occupied a room adjoining the general's.

Uniformed and plain clothes police patrolled outside the hospital gates and in the courtyard and barred all unauthorized vehicles from entering.

However, there were no barricades and no crowds gathered outside.

Officials said Pompidou will pay his first visit to De Gaulle Tuesday to discuss government business. De Gaulle also is expected to sign an order then authorizing Pompidou to preside over full cabinet meetings in the president's absence.

The cabinet is expected to hold its first meeting without De Gaulle Wednesday at Pompidou's Hotel Matignon office.

Under article 21 of the Fifth Republic's constitution De Gaulle can hand over limited powers to the prime minister, over full cabinet meetings.

## 'Brooklyn Dodgers' Beat Palo Duro, 3-1

By JEFF COHANE  
Pampa News Sports Editor

Despite an exhibition of wild base-running as has seldom been seen since the heyday of the Brooklyn Dodgers, the Pampa Harvesters pulled out a 3-1 victory over the Palo Duro Dons in Optimist Park Friday.

Jim Arthur had his stuff and hurled a two-hitter, walking two and striking out five. Two Don pitchers combined to allow the Harvesters only a pair of singles but pitcher Phil Walker and catcher Terry Simpson combined to literally throw the ball game away in a three-run fourth inning which produced only one Pampa hit.

Tremendous fielding, especially by third baseman Claude Middleton and stretching first-sacker Steve Molberg, backed Arthur throughout the game, while catcher Shotgun Gregory gave it both barrels as he picked several runners off the bags.

Walker was backed by two double plays, both due to whacky base-running, before the

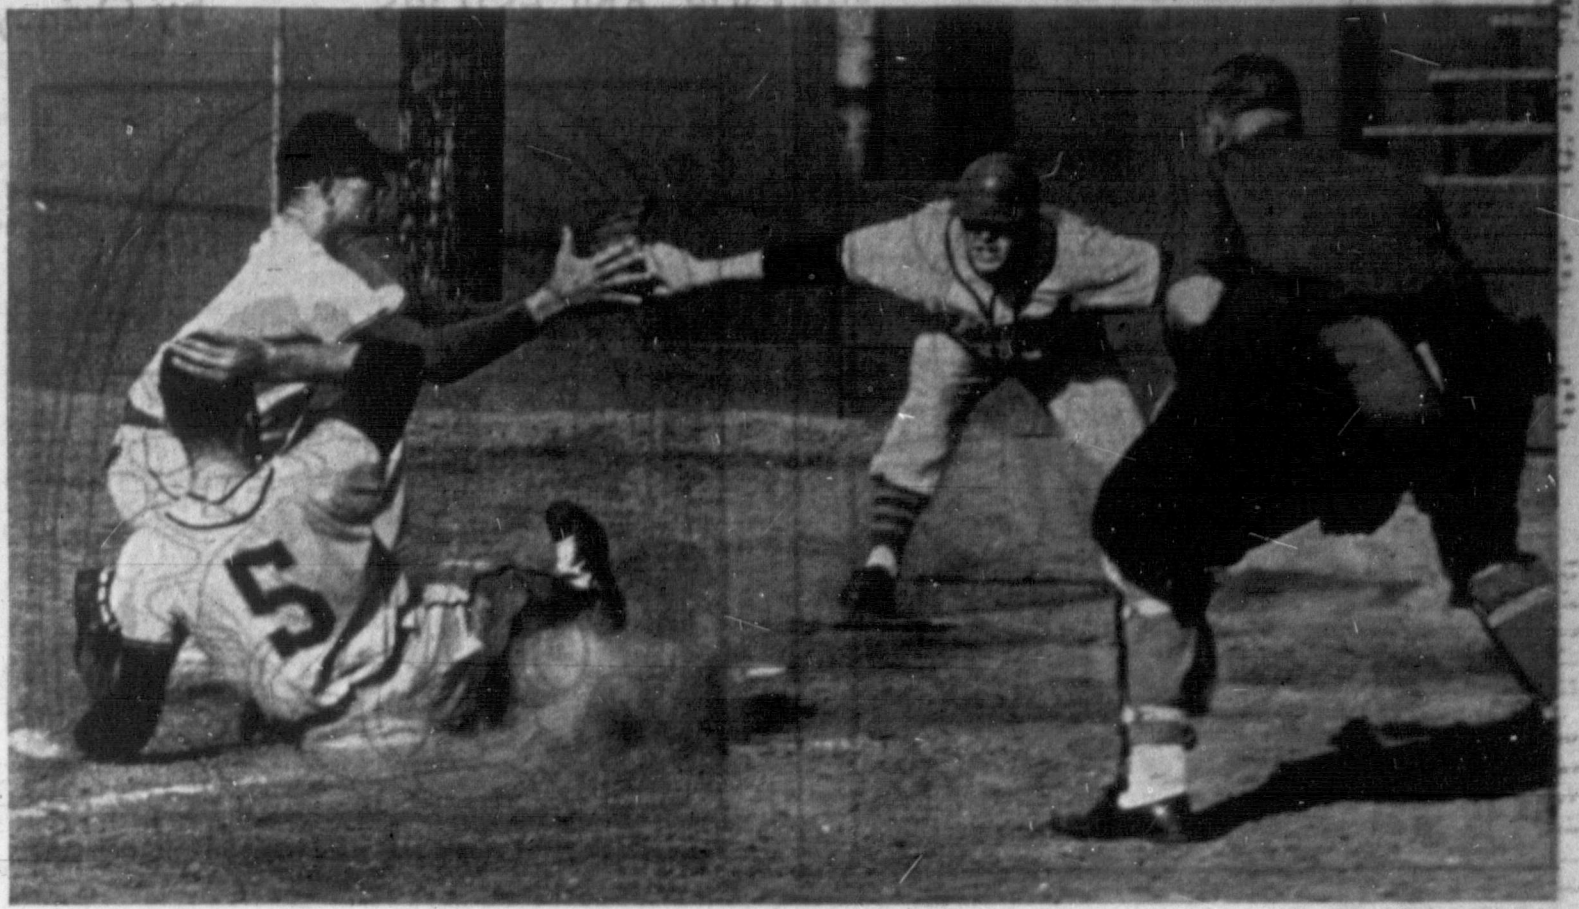

## Hebert's Homer Beats Big Joe

BORGER (Spl) — Kenny Hebert's home run in the sixth inning gave Jerry Garrison and the Pampa Harvesters a 2-1 victory over Big Joe Robinson and the Borger Bulldogs yesterday afternoon.

The Harvesters gained their first victory over Robinson in more than two years as they bent him almost double with bunts, his infield bent him even lower with four errors, and Hebert then straightened him out with the KO punch for Pampa's third district win in five starts.

Garrison and Robinson matched each other in allowing base hits, Big Joe striking out 12 and walking two, Garrison King eight and walking five, but Robinson was in hot water throughout the game as a slipshod infield allowed Pampa runners on in every inning but the second, when Big Joe struck out the side.

Each team threatened in the first; Pampa when Rick Stewart was safe on an error and

SLIDE, KENNY, SLIDE! — Cries teammate Jim Arthur as Kenny Hebert comes across the plate on a passed ball in the fourth inning to put Pampa ahead to stay, as Palo Duro pitcher Phil Walker waits for the throw and umpire George Smith watches the play.

### WANTED MEN-WOMEN

from ages 18 to 52. Prepare now for U.S. Civil Service job openings in this area during the next 13 months.

Government positions pay as high as \$44,000 a month to start. They provide much greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized educational or experience.

But to get one of these jobs, you must pass a test. The competition is keen and in some cases only one out of five pass.

Don't Delay — ACT NOW!

LINCOLN SERVICE, Dept. 301  
Pekin, Illinois

I am very much interested. Please send me absolutely FREE (1) A list of U.S. Government positions and salaries; (2) Information on how to qualify for a U.S. Government Job.

ously from the other side. Simpson stood stunned for a second, then circled around the third baseman to tag everybody in sight. As he headed for Maynard, Gregory jumped up and took off for home, with Simpson finally throwing him out at the plate.

Arthur then retired the next six batters in a row to make the Harvesters 2-2 in district play.

Arthur and Gregory; Walker, Ledford (4) and Simpson. Wild pitch-Walker. Passed balls-Simpson 3.

Two-base hits-Phillips, Sadler. Stolen bases-Sadler, Vann, Maynard. Earned runs-Pampa 2, Palo Duro 0.

### FISHIN' REPORT

By RAY KEELIN

Spring has sprung, and so we'll have enough spring rains to fill 'em back up to the boat launching ramp.

Let's take a look around the area and see what's bitin'... Oklahoma lakes... Foss... Clinton... good reports on crappie, some ranging up to two and 1/2 lbs. crappie fishing has been good in Foss for several months, most are caught on minnows. Bass fishing has picked up the last couple weeks, minnows and some of the deep running lures have been effective, the yellow Bushwacker—and the yellow shyster or Abu reflex have taken some bass from Foss as well as several other lakes around the country. If you're not familiar with the fishing around this area come by and ask for Ray. I have some maps and stuff covering Texas, Oklahoma, New Mexico, and Colorado.

More fishin', Jim's Lake (Jim's Trout Farm) between Pampa and Borger has been turning loose some good-bass man from Borger caught three nice channel cat Saturday night, a six, four and three pounder, using blood bait. If you're wondering about blood bait, ask Pete Bond out on the Lefors Hiway.

Haven't heard much from New Mexico fishing, little early yet, if any you people been out, give me a call (5-4433) I'd be glad to hear.

Lake McClellan... some good bass have been caught last week, Shyster with yellow body and black spots.

Lake Texoma... crappie and sand bass fishing has been terrific. Texoma is low on water, there are two places where you can not launch a boat, West Burns Run ramp slopes gently Cove... all the other ramps are useable. Some of the existing ramps have been extended... others have a hard sandy beach area that will serve. West area that will serve. West Burns Run ramps slopes gently and the lake is so low that it is a quarter mile from the ramp to the water. Burns Run and Flowing Wells as well as Mill Creek adjoin the two "out of commission" ramps, so you can still fish the area.

This is the first of this summer's fishin' reports, we'll try to have one every Sunday, appreciate all information I can get. Need to know anything, call me, I'll try to find out for you. One other thing — if you gig bullfrogs, you better have a hunting license.

Call or stop by—  
Ray Keelin... MO 5-4433  
Surplus City 403 S. Cuyler

### The Quality Approach To SUMMER PLEASURE

Try us first or last... but try us for the most in the finest selections available. No pleat slacks, sizes from 28 to 38 Regular and longs. **THE LONGEST ROAD**—When the Trans-Canada Highway opened in 1962, it was the first time Canadians could drive completely across their country. At about 5,000 miles, it is one of the longest paved roads in the world. Aside from connecting the country's coasts, it offers Canadians—and Americans, too—pleasant sight-seeking journeys. It is a major access to several of Canada's most beautiful Rocky Mountain parks, and it runs through wilderness areas in Ontario.

## 200-250 Expected for Spearman P-TA Meet

An estimated 200-250 delegates and visitors are expected to be in Spearman Monday and Tuesday when the local unit entertains the 19th District of Texas Congress of Parents and Teachers according to Mrs. E. J. Calloway, general chairman of the conference with Mrs. D. E. Spoonemore, chairman of county council as co-chairman, and Jimmy Linn, local unit president.

The conference theme "We the P-TA Co-operate in the Family Story." Registration will begin at 1 p.m. Monday in the City Hall where district board members will hold a meeting from 3 to 5. The local association is sponsoring a banquet scheduled at 7 p.m. Monday night in the junior high school cafeteria with Dr. John McFarland, Superintendent of Houston

Public Schools, bringing the address on "Co-Operating — The School and the P-TA." The banquet is open to the public with advance ticket sales.

The conference general session will begin at 8 a.m. Tuesday with Dr. Firman Haynie, president of District 19 presiding. Mrs. Cary Snyder, vice president of Texas Congress of Parents and Teachers, will bring the president's message.

Following the luncheon, in the school cafeteria, delegates will attend workshops under the direction of Mister Bill Harter of Borger. Following this, the final session will be taken up with the presentation of awards, evaluation of the conference and invitations for 1965 conference.

### County Democrats to Meet Tuesday Night

It was announced by Jim Osborne, president, that the Democratic Club of Gray County will meet at 7:30 p.m. Tuesday in the Cibola Room at Coronado Inn.

Jimmy Thompson, Gray County Democratic chairman, will speak to the group regarding precinct, county and state democratic conventions. The public is invited.

### DEVELOP NEW ALLOY

NEW YORK (UPI) — Aluminum Ltd. announced it has developed a new alloy which permits the production of extruded shapes that can be porcelain enamelled.

The alloy, Alcan C74S, is adaptable for use in the architectural field, particularly for such items as doors and door frames, window sashes and frames, mullions, louvers, and partitions.

## Deadline Extended On Scout Camp-out

Troop encampment registration deadline has been extended to Friday according to Mrs. B. L. Tubbs, director of the camp which will be held Aug. 9-15 at Camp Kiowa.

Troop encampment is a camp composed of troops, each troop coming to camp as a fully equipped unit. The encampment will be primitive camp, each troop bringing its own shelter, food (with the exception of perish-

ables which will be delivered to the camp each day), and equipment for a week of camping.

Troops may attend who are composed of girls who are active members of a Girl Scout troop; have completed the fourth grade in school; have had several backyard troop overnights, primitive style, in tents; and who have planned and worked together before coming to troop encampment.

The evening meal will be served all girls and established campers at the dining hall. The cost of this meal is included in your camp fee. Camp uniform of white blouse and green shorts will be worn for the evening meal and special occasion events.

Leaders are urged to turn in their registrations as soon as possible in order that the camp workers may make their plans according and make this one of the most successful troop encampments to be held.

## McLean Student Honored at TCU

Sharon Elizabeth Boston, senior in Texas Christian University's Harris College of Nursing, was named "Texas Nursing Student of the Year" at the annual convention of the Texas Nursing Students Association in Corpus Christi last weekend.

She is the daughter of Mrs. Bessie Boston of McLean.

Miss Boston, due to receive her B.S. in nursing degree from TCU May 27, was selected for the statewide honor on the basis of scholarship, leadership, service, personality, poise, appearance and a paper entitled "Today We Follow—Tomorrow We Lead."

She has made an outstanding record at TCU. Her 4.0 (straight A) grade-point average last fall made the Dean's List. She was named to "Who's Who Among U.S. Students" for 1963-64.

As a freshman and sophomore, Miss Boston was named "TCU Student Nurse of the Year." She served as an officer of the Harris College Nursing Club, Texas Nursing Student Association, Student Congress publications committee, the Dormitory Council, the Disciples Student Fellowship, and Amper-sand, the organization of women campus leaders.

## Pampa Student On Dean's List

FORT WORTH (Spl) — Harold K. Gregory of 2401 Mary Ellen, Pampa, has been named to the fall semester, 1963 Dean's Honor List from the AddRan College of Arts and Sciences at Texas Christian University.

The list is comprised by students who were enrolled for at least twelve semester hours and ranked in the upper 5 percent of the majors in their school.

A total of 224 students were named to the five lists. Fifty-three of these were from the School of Education, 11 from Harris College of Nursing, 18 from the School of Fine Arts, 43 from the School of Business and 99 from AddRan College of Arts and Sciences.

# GOP Senate Hopeful Greeted by Pampans Lie Detector Chiefs Approve Investigation

**CANDIDATE GREETED** — Hostesses for the Pampa Davis-for-Senate committee greet Milton V. Davis and his wife at Coronado Inn Saturday when the candidate arrived in Pampa for a coffee in his honor. Left to right are Mrs. Joe Donaldson, Mrs. Royce Laycock, Mrs. Bob Sybert, Dr. Davis, Mrs. Davis, Mrs. R. W. Laycock and Mrs. Felix Vendrell.

## 500 Attend Meeting Of Farm Credit Unit

CANADIAN (Sp) — More than 500 persons from a six-county area of the Texas Panhandle attended the 30th annual stockholders meeting of the Canadian Production Credit Association held Saturday at Canadian High School Auditorium.

The meeting highlighted 30th anniversary activities of the agricultural financing institution. At the business meeting addresses were heard by Ace Reid of Kerrville, and W. N. Stokes of Houston. Reid, famous cowboy-cartoonist, presented a humorous address and sketched several original western cartoons.

Stokes is president of the Federal Intermediate Credit Bank of Houston, discount and supervisory agency for all 36 Texas associations.

He discussed current trends in agricultural credit.

Re-elected to three-year terms on the board of directors, were H. H. Keahy of White Deer and Hugh Parsell of Canadian. Keahy also was elected president and Wallace Hamker of Booker was re-elected vice president. E. L. Crowell of Canadian is general manager and secretary-treasurer.

The Canadian Production Credit Association is owned and operated in its entirety by farmer

Dr. Milton V. Davis, Republican candidate for the U. S. Senate was presented to the people of Pampa at a coffee in his honor at the Pampa Club, Saturday morning.

Mrs. Felix J. Vendrell introduced Dr. Davis as a dedicated physician with a call to public service who has "know how" experience from the ground level. He has served as a Republican precinct worker since 1956; Republican convention delegate, county and state, '58, '62; state chairman "Drs. for Tower", '60-61; and has vast legislative experience.

Dr. Davis prefaced his remarks by diagnosing, "There's a lot of sickness in our government, and I can do more for the health of the nation as one of 100 Senators than I can do as one of 200,000 physicians." In outlining his position on key issues in American Government today, Dr. Davis established that he was the first to recognize what imports were doing to both the beef and oil industries, and to oppose arming a Cuban government in exile.

"Our beef cattle industry has been hurt by a prolonged drought, by increasing price supports in feed grains, and at the same time the heads of our Government departments have approved an increasingly greater import quota of beef, mostly from Australia and New Zealand," pointed out Dr. Davis.

"Excessive imports of foreign oil represent the straw that has broken the camel's back of our sick oil industry. We should curtail the imports of foreign oil at least enough to allow for four or five more days of Texas crude production to supplement the 27 per cent capacity being permitted at the present," stated Dr. Davis.

Dr. Davis said two of his opponents continue to advocate the arming and subsidy by the U.S.A. of a Cuban government in exile. "This would be folly," Dr. Davis observed, "because there are at least 12 groups, each of which says it should be the designated government in exile. Also, many of Castro's original supporters are now refugees."

"I would remind you," Dr. Davis continued, "that Communism is nothing more than a vehicle for subversion and revolution to attain Socialism." Davis favors a positive action to

DALLAS (UPI)—Leaders of the Texas Association of Polygraph (lie detector) Examiners said Saturday that they welcome congressional investigation that is fair and is done by men who know something about their business.

"We welcome it. We are trying to improve our own ethics and standards," Leo Hatcher of Houston said. Hatcher, president of the association, is polygraph examiner for the Houston police department.

"Certainly there is no good reason to object as long as it is done actively by people who know something about the field and as long as it is not a grapher examiner for the Dallas police department, said. "We have nothing to hide."

Hatcher, Bentley and Joe Low of Dallas, among the six founders of the Texas association in 1960, spoke Saturday at the state convention. About 50 of the association's 65 members attended.

Hatcher, Bentley and Low all in an interview acknowledged the increasing criticism the polygraph has come under, including congressional notice. There have been widespread charges that the polygraph is being used indiscriminately. Low, who operates the polygraph for a grocery chain,

# Celanese Expansion Aids Pampa Industry Growth

## The Pampa Daily News

Serving The Top O' Texas 56 Years

DL 57 - NO. 12

THE PAMPA DAILY NEWS, SUNDAY, APRIL 19, 1964

PAGE 13

### Construction May Employ 200 Workers

Pampa's industrial outlook has taken another step forward in a strong, silent manner. Foundations for additions to present units at the Pampa Celanese plant have been poured and continued engineering on other phases of current expansion plans are getting in full swing.

The several-phased operation will really start making progress next week when shutdowns of various units with tying-in of new power lines scheduled.

The construction, which will see some 200 workers involved by mid-July, will be completed near the last quarter of the year and will increase the Pampa plant's acetyl capacity to 100 million pounds per year.

This will make the Pampa plant the world's largest single producer of the multi-purpose chemical. The construction here is part of a plan to boost the acetyl capacity of the three Texas plants to 850 million pounds yearly.

The acid is used in paints, fibers, dyes, plastics, adhesives, drugs, cosmetics, soaps and lubricants, just to mention a few of the many products in which it may be found.

Herschel V. Wilks, general manager of the Pampa plant, said the expansion consists mostly of alterations and extension of present facilities, but when it is completed some 25 additional full-time employees will be required.

"We are aware of the fact that Pampans are greatly interested in this program because of the economic impact it will have on the town during the peak of the construction and after employment of these extra people," Wilks said. "Celanese is attempting to aid Pampa with progress within it-

self." The cost of the construction is an undisclosed amount, but runs into the millions of dollars, officials said. A Houston engineering firm is working day and night with a team of company engineers on the expansion, seeking to speed the program along, Wilks explained.

Celanese, which is a company that guards its products with as much security as the federal government guards some phases of its nuclear development work, hopes to be able to show some real progress in the construction by mid-week.

Plans for the construction were announced in January and actual foundation work began three weeks ago. Wilks said progress reports were delayed until there "was something to show for the public's eye."

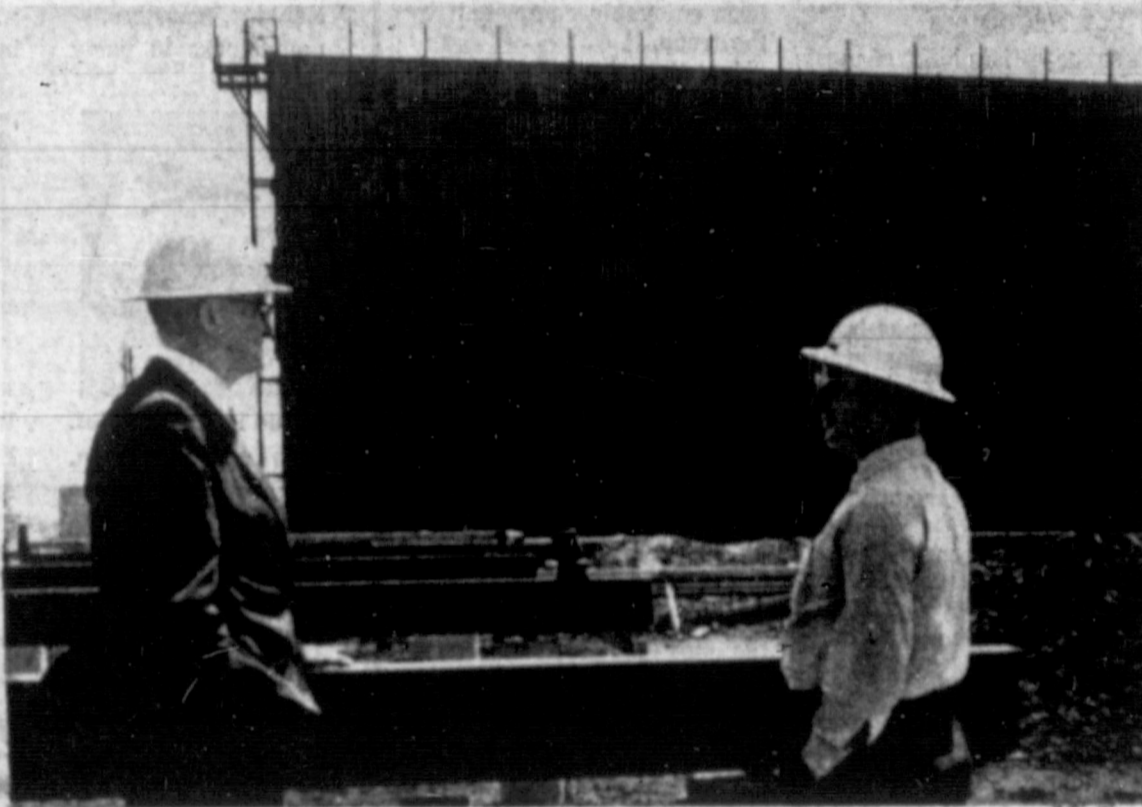

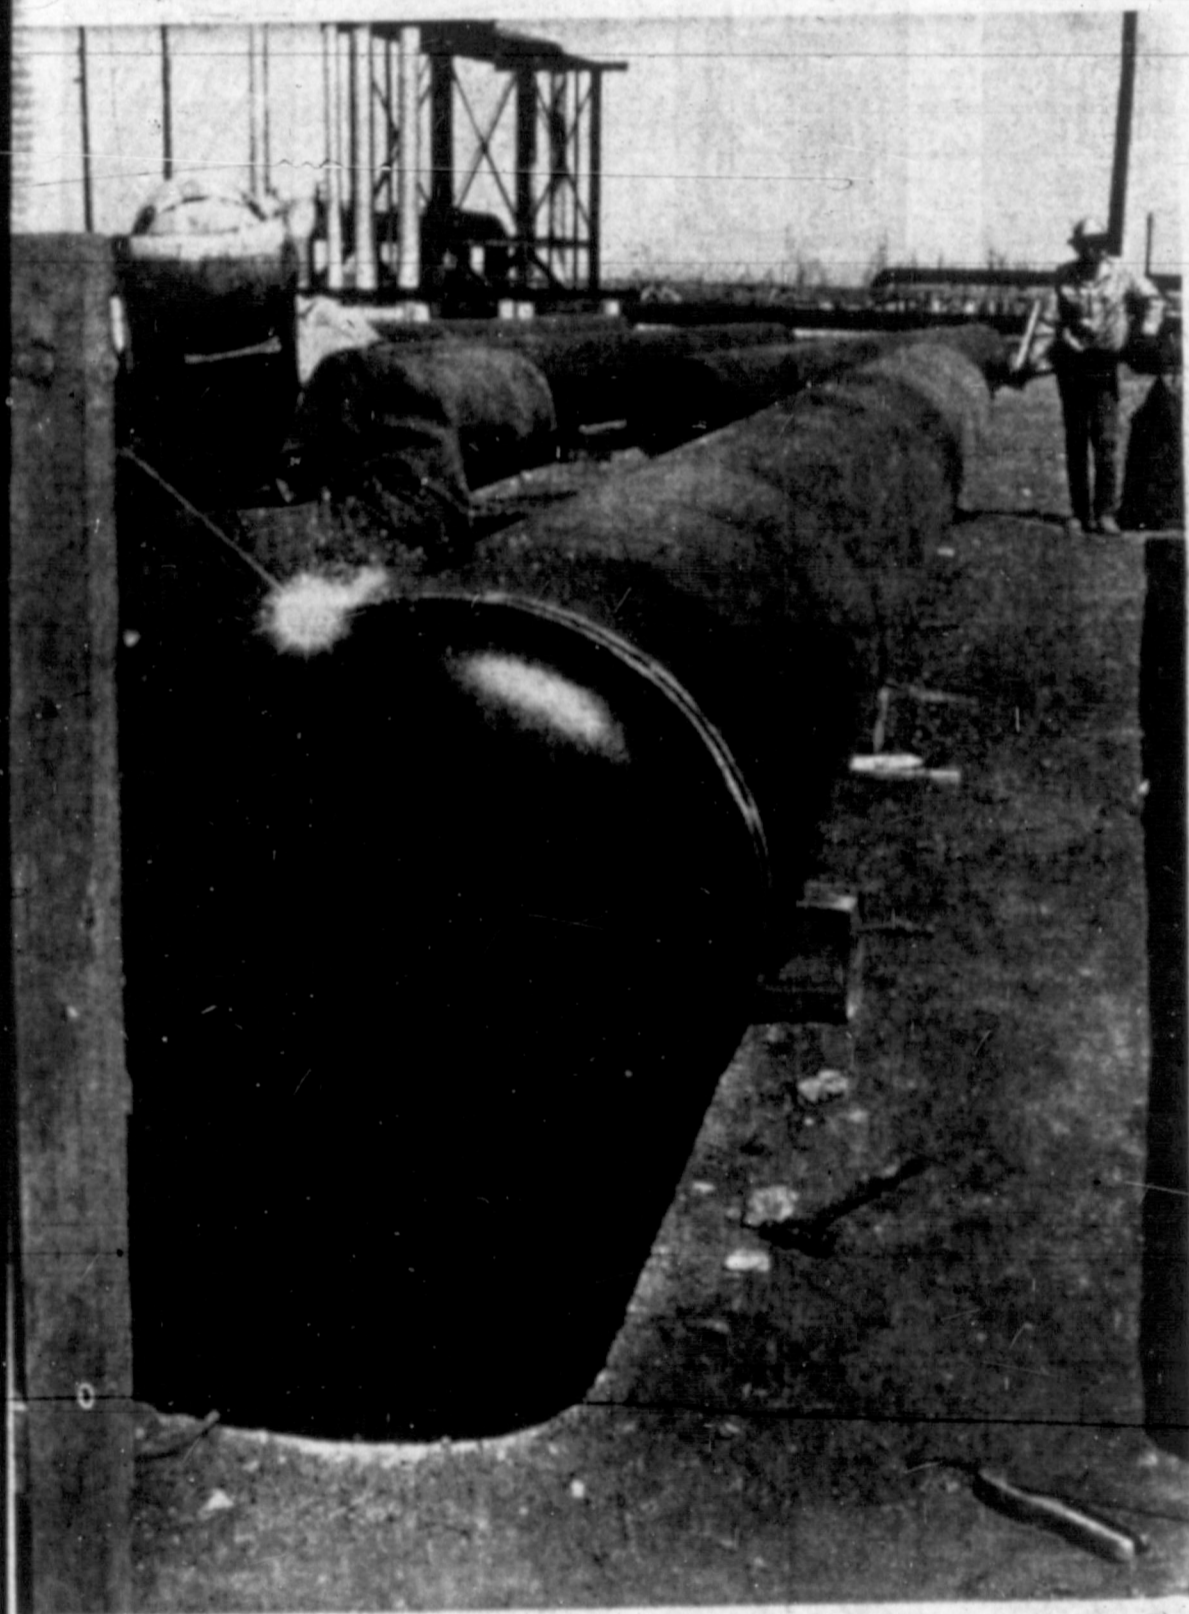

The product which is being made at the Pampa plant will be shipped from the Top O' Texas area by one of the largest chemical fleets in the world via the railroads. Giant tank cars will move the acid out the area to shipping points, where it will be sent into the international market.

Wilks said the expansion was being done a little at a time to insure a correctly completed structure. He said that much of the work would not change the plant nor enlarge the area the plant covers.

"As this work continues, we will make a number of progress reports and release information about the program," Wilks declared.

"We at Celanese are most certainly happy that this expansion is being done in Pampa. It shows that we are continuing with the growth that we've shown since production began here in 1961," he said.

Daily News Photos  
By Bill Treloggen

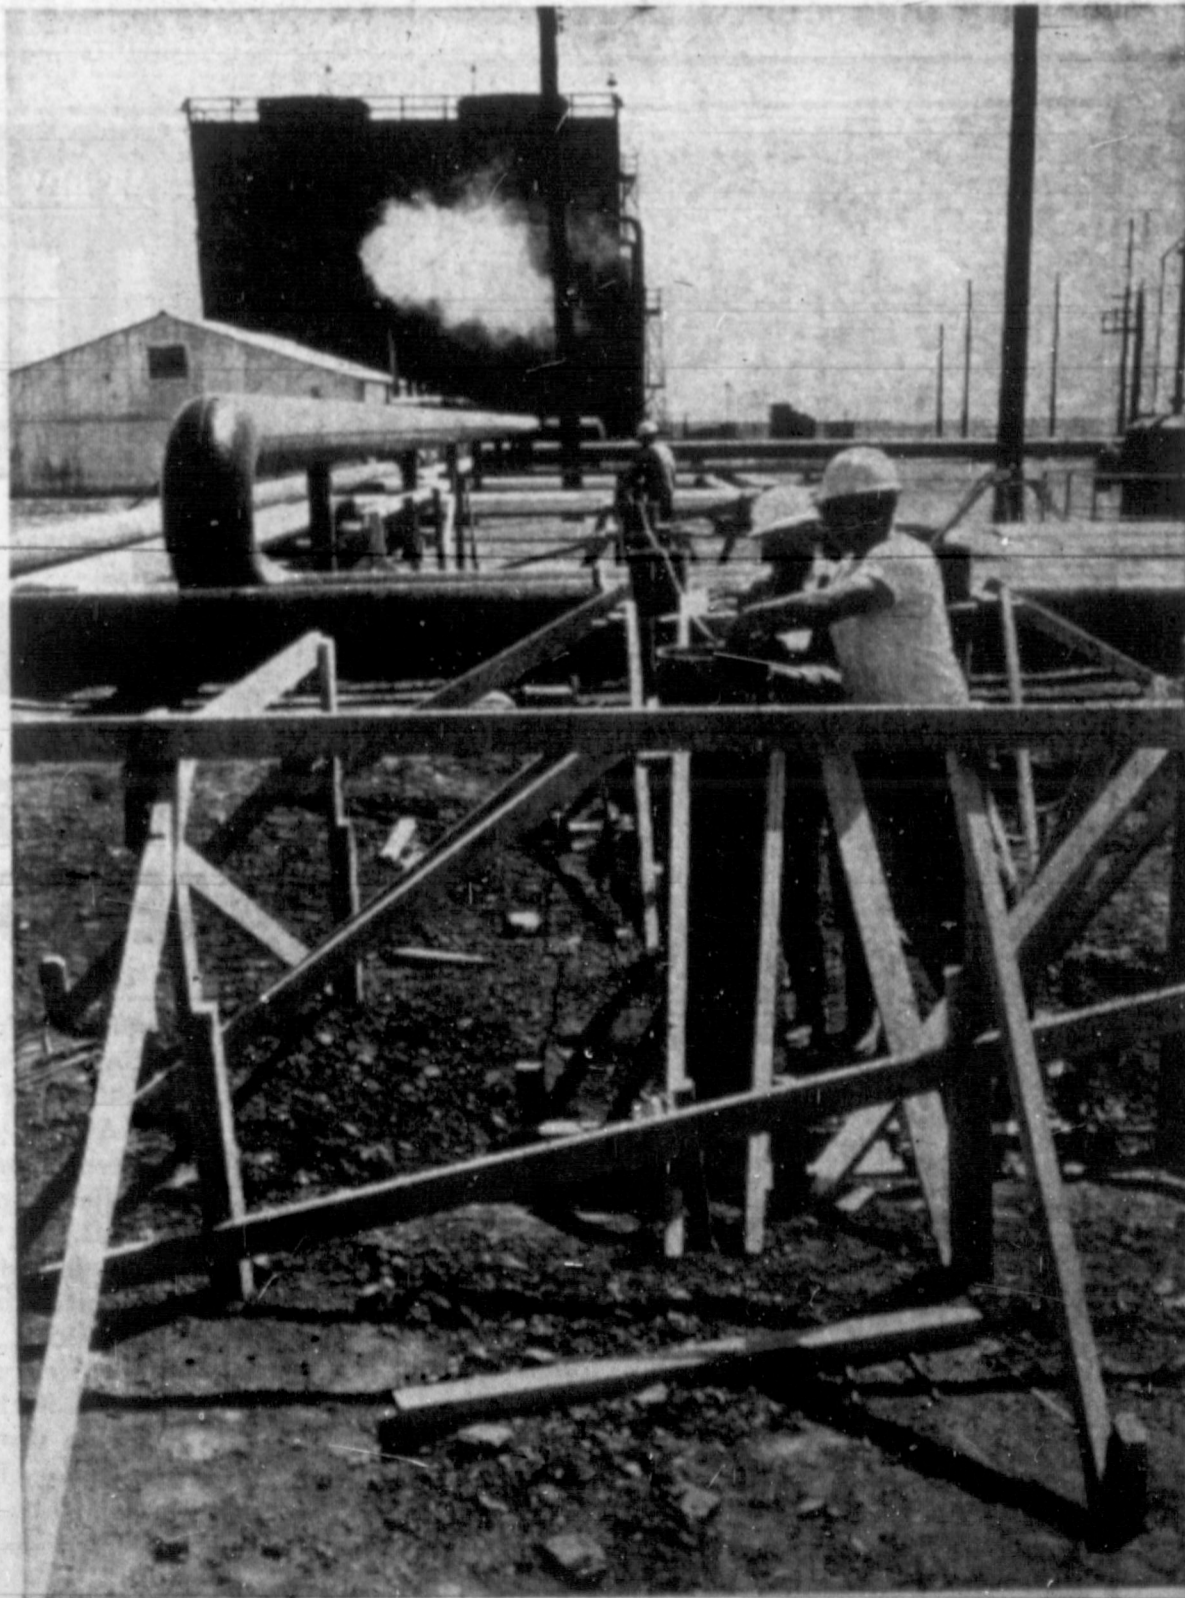

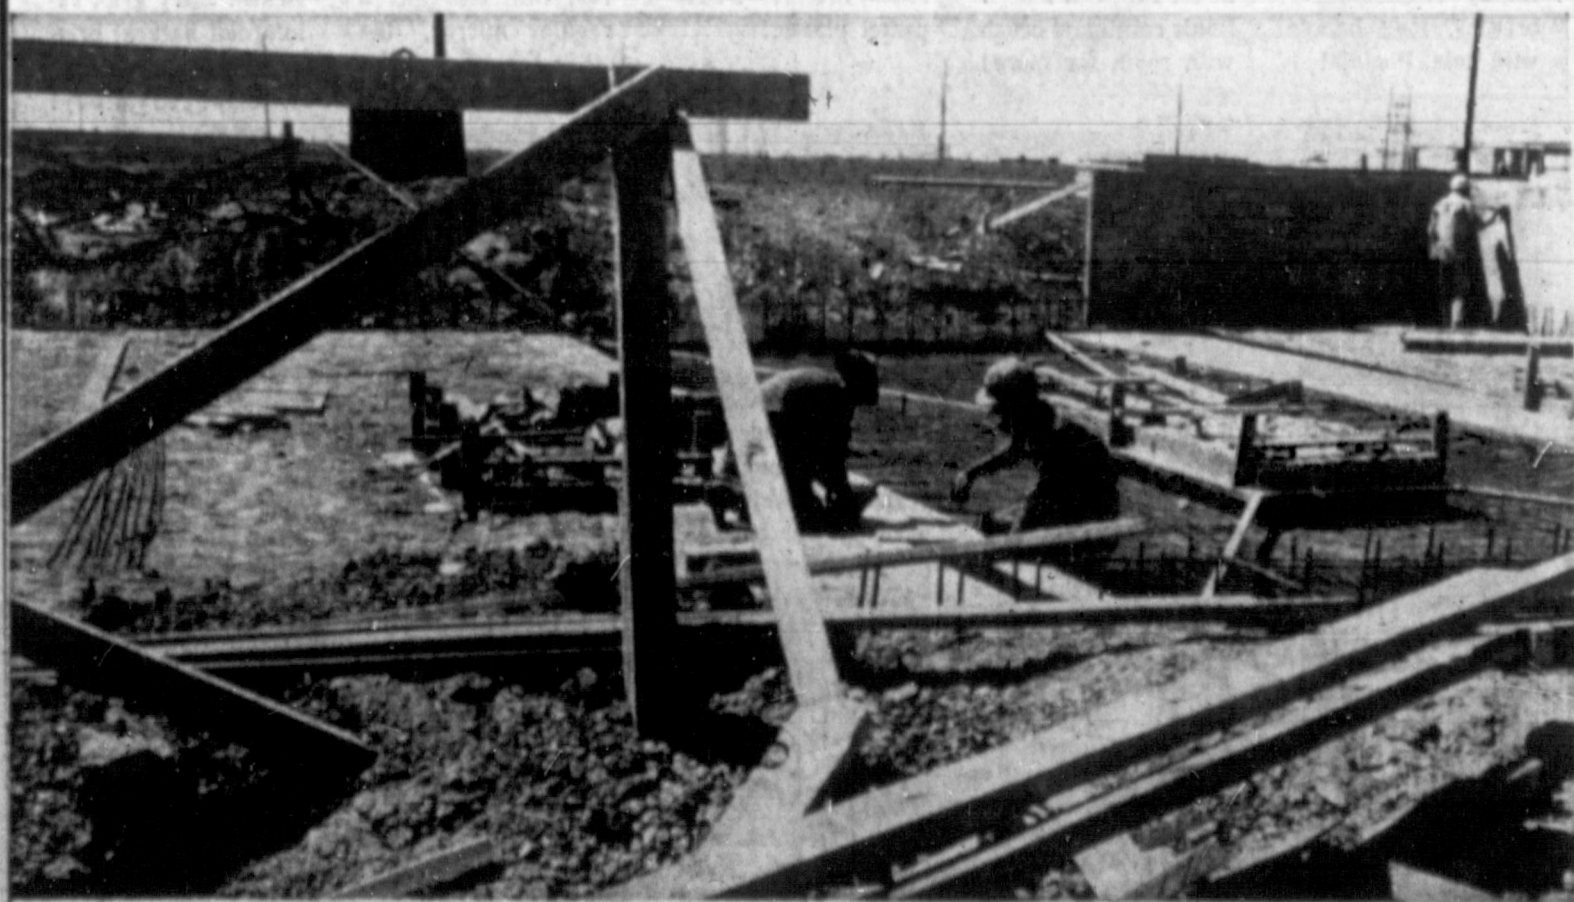

**NEW STORAGE TANK**—A grader levels the foundation area where another giant storage tank like those shown in the background of the very top picture will be erected in part of the present Celanese expansion program which is expected to employ some 200 persons at its peak in July.

**WELDING PROGRESSES** — Welding operations on the pipes that will carry the flow of acid throughout the giant Celanese plant when they are installed moves along at a rapid pace as construction at the Pampa plant gets into high gear. The big pipes must be properly installed to handle the same 100 million pounds of acid that will be produced by the chemical company. (Center left photo)

**FOUNDATION WORK** — Construction workers pound away on part of the framework for a new building which will be erected as Celanese facilitates its Pampa plant. The expansion began three weeks ago and is expected to continue until mid-fall or early winter. (Lower left photo)

**HIGH LEVEL TALKS** — Herschel Wilks, left, general manager of the Pampa Celanese plant, and A.L. Smalley Jr., plant official, take time out to discuss progress of the expansion of Pampa's giant Celanese plant. In the background is a new cooling tower which has recently been installed at the plant. (Center photo)

**PIPE DECK RISES** — Workers continue installing parts of a pipe deck which will carry products of the Celanese plant above ground to storage tanks when current expansion efforts conclude this winter. Plant officials hope to employ 25 persons full-time after the 200-man construction crew completes its work. (Lower right photo)

# Federation of Women's Clubs History Outlined During 20th Century Meeting

Mrs. H. R. Thompson, program leader, presented a panel with the subject of the History of Federation which was

entitled, "Service and Power through Federation", during a recent meeting of the Twentieth Century Club.

Panel members: Mrs. Thompson, Mrs. K. E. McKernan, Mrs. James O'Connor and Mrs. R. H. Sanford presented the program matter.

Mrs. O'Connor interestingly traced the history of the Federation, stating that it all began with a woman's irritation at being barred from attending a dinner given by the New York Press Club in honor of Charles Dickens in 1888. Jennie June Croly, a well-known newspaper woman was aroused by the discrimination and the obvious need for a club for women only

that should manage its own affairs, represent as far as possible the active interests of women and create a bond of fellowship between them. And so with 12 other women she organized the club called Sorosis, a Greek word defined as an aggregation, a sweet flavor of many fruits, as in a pineapple. Hence the pineapple became the symbol for Sorosis. After 21 years of active service, the club sent invitations to other clubs to celebrate the anniversary of the club and lay plans for the

organization of the Federation. Women came from all areas and reported club activities. In a speech of welcome, Mrs. Ella Dietz Clyner used a phrase, "unity and diversity", and this became the motto of G.F.W.C. A committee to draft a constitution and plan an organization to be ratified the next year was chosen. The G.F.W.C. was granted a charter by the U.S. Government March 3, 1901. The work of the General Federation is carried on through departments. (See FEDERATION, Page 16)

## 'Freedom of Speech' Is 20th Century Culture Topic

Members of the Twentieth Century Culture Club, meeting last Tuesday in the home of Mrs. Michael Wilson, 2214 Aspen, voted to make a contribution to the Pampa High School Student Loan Fund, urged participation in the Highland General Hospital Auxiliary and heard a talk on "Freedom of Speech."

Mrs. E. E. Shelhamer was assistant hostess for the afternoon.

Mrs. Dallas F. DeWeese spoke on "Freedom of Speech."

The subject, she pointed

out, is as old as the Greek city - states. The speaker quoted Socrates, 399 B.C. as saying: "The sun could as easily be spared from the universe as free speech from society. Life that is not tested by discussion is not worth living."

"During the Dark Ages free speech was lost, and was redeveloped during the Middle Ages," Mrs. DeWeese said. "The signing of the Magna Carta in 1215 opened the door for the English Parliament, although the King of England held the power to punish members for what they said

in Parliament. William and Mary came to the English throne in 1688, and the Bill of Rights established the right of Englishmen to Freedom of Speech in Parliament. Outside Parliament it was the "struggle for religious freedom" that led to the practice of freedom of speech.

"The New World quickened the cause of Free Speech. To encourage settlement of America, the English kings granted many royal charters which specified this right. In the Massachusetts Body of Liberties, in 1641, the right of every inhabitant or foreigner, free or not free to speak out in town meetings was guaranteed. As state constitutions were written, this right was included. It was fostered by the attitude of men like Jefferson, Madison, and Franklin, who thought of government as the result of social contracts in which the people yielded only some of their natural rights to the state, carefully reserving others as the definite rights of each individual. Most important of these rights was freedom of speech, as they felt that only if we had freedom of speech could we preserve all other personal liberties from alteration and abridgement by tyrannically-inclined officials.

"To assure these ideas, the first amendment to the Constitution stated simply Congress shall make no law abridging the freedom of speech. This idea spread throughout the world. Even the Soviet constitution states that citizens of the U.S.S.R. are guaranteed freedom of speech. Experience in the Iron Curtain countries, however testifies that such guarantees are not worth the paper they are written on unless men are willing to struggle to preserve them.

"Today the limitations on freedom of speech are very few. Of course, if one should utter obscenities in public, he might be charged with disorderly conduct. If you slander someone, he might sue you. If your words invoke what is termed "a clear and present danger of inciting a breach of peace or overthrow of the government by force or urge immediate mob violence," the police have the right to step in and halt you.

"On the other hand, the courts have ruled that public halls must be open to rival parties, that no one need take out a permit to hold a meeting or speak in a private place, that parks and streets can be used for speechmaking.

"Perhaps most common today is the wish of some to censor books. Often public and school libraries are plagued by groups that wish to censor books. This becomes thought-control. The speaker pointed out that the late President Kennedy had stated that "Libraries should be open to all-except the censor. We must know all the facts and hear all the alternatives and listen to all the criticism."

In conclusion, Mrs. DeWeese stated that it is only after the loss of a possession that we realize how valuable it is. "Let us always do our part to preserve freedom of speech - it is our heritage," she said.

Members attending were the president, Mrs. Rufe Jordan; Mesdames Leslie Hart, J. R. Donaldson, Fred Stockdale, Jeff Bearden, Otto Specht, L. J. Zachry, Weldon Carter, D. W. Bond, Ross Buzzard, Warren Hasse, R. E. Dobbin, Irene Osborne, V. L. Hobbs, and E. L. Henderson.

### Day Circles Study Biblical Publication

Continuing the study of Paul's Letter to the Colossians, based on the book "Be What You Are" by George L. Hunt, day circles of the First Presbyterian Church met Wednesday.

Circle I met in the home of Mrs. Louis F. Files to hear a program presented by Mrs. Warren Hasse. Twelve members and a guest, Mrs. George Broughton, were present.

Eight members of Circle II met in the home of Mrs. John Nutting. The study hour was led by Mrs. Bill Cooper.

Afternoon Circles met at 2 p.m. Mrs. K. A. Sorenson was hostess to Circle III. Fifteen members were present and joined in study and discussion led by Mrs. Howard Alexander.

Meeting in the home of Mrs. J. B. McCreery, president of the Women's Association, Circle IV heard a program presented by Mrs. J. C. Richey. Seven members and a guest, Mrs. Dean Heckman, were present.

### BE SCARF WISE

Scarves have become important fashion accessories, but only for those who know how to tie them so that they flatter a costume. If you can't master the art, skip the scarf. It will detract from rather than enhance your appearance. Be sure, too, that your scarves are immaculate and pressed. Otherwise they can make your entire ensemble look tacky.

## STRETCH STRAPS ARE ONLY THE START!

### NEW sarong ALLSTRETCH\* BRA

Certainly the straps are important. That's why Sarong takes special care to make them just right —

- Adjustable for personalized fit.
- Ideal combination of stretch and tension provides long-lasting support.
- Specially woven and plush lined to prevent rolling, curling or digging.

But there's more to a Sarong Allstretch bra than the straps —

- Exclusive Criss-Cross action — cups move separately... you move naturally, with natural comfort, natural support.
- Elastic sides and back adjust to every movement.
- The entire bra — straps, Criss-Cross front, sides and back — moves with you as one unit for complete, natural freedom.
- Light, airy SPANDEX Elastic. Machine-washable, too.

The Sarong Allstretch bra starts where more stretch-strap bras stop. Get one today.

# Alpha Iota Conclave Installs New Officers

New officers of Alpha Iota Conclave of Kappa Kappa Iota were installed recently by Miss Judy Neslage during a meeting conducted in her home, 2005 Charies.

Miss Sheila Chisholm was installed as president; Mrs. Joe De Cosimo, vice president; Mrs. Jerry Peurifoy, secretary; Miss Geraldine Rumpy, treasurer; Mrs. Hen-

ry Gruben, scrapbook chairman; Mrs. Jack Williams, flower chairman; Mrs. W. L. Veale, publicity chairman.

The gavel and president's pin were presented to Miss Chisholm following the ceremony. She in turn presented Miss Neslage with the past-president's pin.

Miss Peggy Turner was winner of the door prize.

A modern ballet depicting a bull fight was presented by Mrs. DiCosimo.

Refreshments of punch or coffee and cookies were served by the hostess, assisted by Mrs. Peurifoy, from a beautifully appointed table.

Others attending were Mmes. John Best, Paul Keim, Jack Parker, Bennie Shackelford, Brown Smith, and Misses Betty Boswell, Ann Colard, Rhetta Sue Durham, Stella Kiser and Letha Moore.

**NEW OFFICERS NAMED** — Alpha Iota Conclave of Kappa Kappa Iota installed newly elected officers during a meeting conducted in the home of Miss Judy Neslage, outgoing president, recently. New officers are, seated left to right, Mrs. Joe DiCosimo, vice president; Miss Sheila Chisholm, president; Mrs. Jerry Peurifoy, secretary. Standing, from left to right are Mrs. Henry Gruben, scrapbook chairman; Mrs. Jack Williams, flower chairman; Mrs. Geraldine Rumpy, treasurer and Mrs. W. J. Veale, publicity chairman.

## Stamp Collectors Organize Club

Pampa's Junior Stamp Collectors Club met recently in the Southwestern Public Service Co. Building for an organization session and election of officers. Roddy Bray was named president. Other officers are Al Garret, first vice president; Larry Veale, second vice president; Mike Malson, secretary; Johnny Carr, treasurer; Bill Campaigne, trade supervisor. Committees appointed include: membership; Al Garret, Larry Veale, Mike Malson; program; Larry Veale, Ronny Bray, Sherry White; trade supervisor; Bill Campaigne, Steve Maddox and Debra Malson.

Meetings will be conducted the first and third Sunday of each month at 2:30 p.m. in the Southwestern Public Service Co. meeting room. A meeting is scheduled for today.

## Federation History Discussed by Panel

(Continued From Page 15)

divisions and committees which have changed to meet the varying conditions.

Mrs. Thompson listed the various types of clubs and organizations and listed their purposes. She stated that Webster defines federations as "a uniting by league or covenant especially in forming a sovereign power so that each of the uniting powers retains local powers". One of the presidents of the General Federation defined it as a group of organized women in every community which can be depended upon to promote all movements leading to the betterment of life. She also coined a phrase, "The General Federation is You Made National".

Mrs. McKernan revealed the service of women's clubs in legislation and youth conservation. Some of the projects that have been sponsored by the Federation came through its early cooperation with the U.S. Bureau of Education in its effort to reduce a dull illiteracy. Libraries were made available to all people. Its interest in music and art manifested by the establishment of the Penny Art Fund, which was first established in New Jersey in 1917 by Mrs. Allen and adopted by the Federation in 1930. Miss Frankie Lee Coy McClendon was the first recipient of the Musical Penny scholarship awarded by the Top of Texas District and will graduate of West Texas State University in June. The General Federation helped to bring about important reforms including child labor laws, pure foods and drugs and the passage of the Federal Convict Labor Act in 1929.

Mrs. Robert Sanford spoke on Texas Federation of Women's Clubs which held its first meeting in 1897 in Waco. This was an outgrowth of an invitation of the Women's Literary Club of Waco to some 11 clubs and in 1897 the Texas Federation of Women's Literary Clubs came into being with a goal of "advancing and encouraging women in literary work." The first annual meeting was held in Tyler in 1898. A gavel made of 12 different woods was presented by 12 donors to the Federation at that meeting and it is still in use. As early as 1900 one of the aims was to keep Texas Heritage alive and Texas Day programs are a requisite. Texas Federation is now divided into 14 districts. In 1960 District Seven of which Pampa is a part, was divided and this area became the Top of Texas District. Mrs. Raymond Harrah, a charter member of Twentieth Century Club, was district president from 1945-1947, and encouraged the clubs to become concerned and interested in mental hygiene. One of Mrs. Harrah's favorite expressions, according to Mrs. Sanford, is still applicable today: "Do something for someone else every day and life will hold for you a sunburst of joy."

Mrs. Thompson concluded the program by explaining the function of the "Golden Book" kept at Austin in the headquarters building which was

## Austin P-TA Hears Dr. D. Vendrell Speak on Curatives and Preventives

Members of Stephen F. Austin were addressed by Dr. Doris Vendrell during a recently conducted meeting at the school. Spring Conference delegates, Mrs. Charles Lanehart and Mrs. D. W. Morrison, Mrs. Gene Hall, Mrs. J. E. Frazier, Mrs. A. Wise, Mrs. John McCausland, Mrs. S. B. Sybert and Mrs. Paul Howard were introduced.

Room count award went to the fourth grade class taught by Mrs. A. W. Skewes and the door prize, furnished by Mrs. David Tucker, was won by Mrs. Hyatt Rev. T. O. Upshaw presented the spiritual thought.

Mrs. Wynne Veale introduced the speaker who, quoting

Rene' Sand, M.D., said, "Half-way between hygiene and curative medicine comes preventive medicine which seeks to avert certain diseases by inoculation and watches over the state of the organism by means of routine inspection; this is the medicine of positive health as opposed to curative medicine, which aims at the diagnosis treatment of mental and physical illnesses which have already taken hold."

Dr. Vendrell then traced the history and development of vaccines from the late 1800's and citing the improvements on each as time progresses. She also suggested an immunization procedure for

## PEWS Elect Officers At Morning Meeting

Petroleum Engineers' Wives met at the Coronado Inn recently for a home service program and election of officers. Mrs. Russell Talley was hostess.

Members gathered for a coffee tour preceding the program presented by Mrs. H. S. Prince, home service representative for Southwestern Public Service Co. Mrs. Prince spoke on the topic, "Outdoor Lighting" and presented a slide demonstration of effective means of light-

ing. Mrs. J. E. Curzon, PEWS president, conducted a brief business meeting before the noon luncheon. Mrs. Ray Jordan was named president. Mrs. Billy Gillman will serve as first vice president and Mrs. Jack Dennis is the incoming second vice president. Mrs. H. M. Dees will be treasurer and Mrs. Ken Burke will serve as secretary. Mrs. Barrie Barrett was chairman of the nominating committee the slate of officers which

was approved unanimously. Announcement of the PEWS family picnic scheduled for 2 p.m. May 15 was made. Members are asked to bring a picnic lunch to Huber Park in Borger. Recreation will be arranged by the club. Mrs. R. W. Talley was guest of the luncheon. Places were marked with miniature oil derricks, each topped with a flower, depicting a gusher. The head table was centered with a larger derrick (See OFFICERS, Page 18)

## Jaycee-Ettes Aid Jaycees in Project

Jaycee-Ettes completed plans to assist Jaycees with the Teen-Age Road-go yesterday and today in a meeting conducted Thursday in the home of Mrs. Jim Osborne, president.

Mrs. John Warner, secretary read minutes and correspondence and Mrs. Howard Anderson reported organization of the Highland General Hospital Auxiliary and plans for member participation were discussed. Three Jaycee-Ettes will represent the organization at the May 4 meeting of the Auxiliary.

Four members are participating in the Community Concert Drive. Mrs. John Davenport submitted resignation from the

internal director office and Mrs. Jim Alexander was accepted to fill the vacancy. Mrs. Gate Robertson was appointed as corresponding secretary.

A letter of appreciation from the Altrusa Club was read, noting Jaycee-Ette service at the Senior Center.

Names of members and their husbands, Mr. and Mrs. A. J. Carrubi, Mr. and Mrs. Gene Hollar and Mr. and Mrs. Jim Osborne, were read.

Mrs. Davenport was presented with a farewell gift. Mrs. Anderson and Mrs. Paul Musgraves assisted the hostess during the social hour. Members present were Mrs. Jim Alexander, Ander-

### Dear Abby.... Next Time Don't Assume She Is In Your Debt!

By ABIGAIL VAN BUREN

DEAR ABBY: Over the past five years I have done so many favors for my neighbor I can't count them. I have kept her children weekends while she went on trips with her husband. I've been a free taxi service for her because she had no car. I've given her at least a dozen home permanent, and I have never asked her for one favor until yesterday. She sews well, so I asked her if she would help me make some kitchen curtains. I thought she would be glad at the chance to repay me for some of my favors. She said she would, for 300 TRADING STAMPS. I went right out and bought some curtains. What do you think of that?

FLABBERGASTED: DEAR FLABBERGASTED: I think it was appropriate "curtains" for your friendship. Next time you do a friend a favor, don't assume it puts her in your debt, and you won't be flabbergasted.

DEAR ABBY: For the past two weeks a man has been calling my home. As soon as he hears my voice, he starts with a string of filthy questions. I hang up on him. Now when my phone rings I can tell that someone is on the other end, but he never says anything. He just ties up my line. Should I report this to the police, or to the telephone company?

NOT LOOKING FOR TROUBLE: DEAR NOT LOOKING: The next time he calls, send someone quickly to the neighbors and have them report it to both the telephone company and the police. If this can be done while he is still on your line, the call can be traced.

DEAR ABBY: My problem is the obvious favoritism shown for our first-born by his paternal grandmother. We lived with my in-laws when he was born, and my husband's mother went completely overboard about the child. When our second baby came along, Grandma was so partial to the first that we had to be constantly on our guard, so the little one would not be

hurt. It's not my imagination, Abby, everybody notices it, and many have commented. She'll go all out for gifts for the big one, and gives the little one some cheap little trinket. I am mostly interested in having both children love their Grandma. Should I mention it to her? If so, how should I phrase it?

NAMELESS, NATURALLY: DEAR NAMELESS: Ask your husband to tell his mother what she is doing, perhaps unwittingly. YOU keep out of it. Eventually the children will make their own evaluation, on their own terms and in their own way.

DEAR ABBY: What makes a pastor think he can stand in the pulpit and insult a member of his parish week after week, and get away with it? I have sat there, fighting back the tears while he has aimed his remarks directly to me and to me alone. He has done everything except mention my name. I am getting tired of this. What do you suggest?

INSULTED: DEAR INSULTED: There is an old saying, "If the shoe fits—wear it." Too many shoes fit. Perhaps you should do a little "soul-searching."

Get it off your chest. For a personal unpublished reply, write to ABBY, Box 3365, Beverly Hills, Calif. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Officers: (Continued From Page 17) rick surrounded by yellow chrysanthemums.

Mrs. Jack Dennis was the door prize.

The May meeting will be held in the Borger Country Club with Mrs. Paul Davis as hostess. New officers will be installed and the program will be presented by the Borger Music Club.

Pledges of the Rho Eta Chapter of Beta Sigma Phi received their Ritual of the Jewel Degrees in a candlelight ceremony Tuesday. Mrs. Cletus Mitchell read the degree assisted by Mrs. Doug McBride and Mrs. Bobby Turnbo. Mrs. Bob Bruner and Mrs. Doyle Beckam pinned each pledge as she knelt on a black satin pillow before a table covered with a white Ritual cloth centered with an arrangement of yellow roses flanked by candles. Pledges receiving their degrees were Mrs. Allen Self, Mrs. Charlie Martin, Mrs. Buz Hoover, Mrs. Carol Stidham, Mrs. Jerry Hopkins, Mrs. Bud Crow, Mrs. Jim Whatley, Mrs. Don Stafford, Mrs. Dick Smith and Mrs. Richie Gardner presented each pledge with a yellow rose nosegay.

Refreshments were served by the hostesses, Mrs. Bob Rogers and Mrs. Richie Gardner, from a table covered in white and centered with a pink floral arrangement.

Plans for the Founder's Day dinner were made during the business meeting and announcement of the \$1000 Beta Sigma Phi college scholarship establishment was made. Winner of the scholarship will be named in a high school assembly May 4.

Speaker: (Continued From Page 17) children from birth and suggested charts be kept to keep parents aware of the time when their children are due to have additional immunization.

Dr. Vendrell then said "When the physiological needs of children are met they are on the road to good mental health. A child needs a sense of belonging in his family group. A degree of extraversion will help a child find satisfaction in the world around him rather than a dream."

"So in helping children, remember he needs to know he's loved, he needs discipline, he is a child—don't expect adult conduct or performance; don't make him always ashamed; encourage and praise him; remember he is a human being; expect him to hate you; he needs freedom; be glad that he wants to rebel and make his own decisions; and LISTEN!"

Quoting Waldo E. Nelson, Dr. Vendrell concluded "Every child is an actor in a play; each phrase or deed is understood only as a part of his total role, and that role is meaningless except as a part of the total drama."

"This role was pressed into his tiny hands long before he stepped upon the stage. Months before he was born, parents, relatives and neighbors 'hoped it would be a boy' or 'hoped it would be a girl'—lacking the courtesy to wait upon his arrival before deciding the part he must play. Indeed, his role goes further back to the dreams, the tragedies, the triumphs of the early years of his parents. Who of us has not mended the disappointments of youth and adulthood with the promise that his child 'will live it differently'?"

The role he is to play is often cast down to the last dotting of the 'i' or crossing of the 't'. Children as actors differ markedly in what they do with their roles. Many, in comfortable security, accept and play the role as given to them. Many are tragically unsuited for the part they are expected to play—of the wrong sex, too intelligent, too retarded, too individualistic, too dependent, to frail for the titanic struggle or too eagerly adventuresome for a part that calls for docility. Some children forever grope in confusion to find the meaning of their roles, whereas others in ritualistic manner grow, go to school, work, marry, have children, amass a fortune, die—without ever having had the slightest idea of what it is all about."

Manners Make Friends:

Couples being married the same day in the same church may be able to split floral expenses.

### WEDDING PLANS TOLD

Miss Janet Diane Joyce

Mr. and Mrs. H. E. Joyce, 2505 Christine, announce the engagement and approaching marriage of their daughter, Janet Diane Joyce, to Glen Roy Henderson, son of Mr. and Mrs. Willard Henderson, 1925 Christy. The wedding is planned for June 12 and will be held in the First Baptist Church.

### The Doctor Says

By WAYNE BRANDSTADT  
Newspaper Enterprise Assn.

Q—For six months, I have had spells of what my doctor calls hyperventilation syndrome. What causes it and what can I do to get rid of it?

A—Your condition is much commoner than we doctors used to think. The person who hyperventilates gets spells of breathing too fast and too deeply. This is usually due to nervous tension and is more common in women than in men. When there is an emotional crisis the hyperventilation does not occur until the crisis has passed.

The breathing, which is sometimes so slightly increased in depth and frequency as not to be noticeable, washes out too much carbon dioxide out of the blood, thereby creating a condition known as alkalosis.

Hyperventilation is hard for a doctor to recognize because it may cause a wide variety of symptoms. In some persons it causes a severe chest pain that may be mistaken for a heart attack. In another, it may cause pains similar to those of gall bladder, colic or arthritis.

It may cause muscular twitching and fainting and be falsely labeled epilepsy or it may cause a victim to talk loudly and stagger as though drunk. The manifestations are often limited to one side of the body, usually the left side in right-handed persons.

No drug is required to relieve the attacks, but prompt relief can be had by breathing into a paper bag held tightly over the nose and mouth or by merely holding your breath as long as you can. You should train yourself to avoid yawning or sighing. Incidentally, fainting, when it occurs, automatically stops an attack.

Q—Is there any medication for waterlogging, especially in the ankles?

A—Your edema can be due to various causes. If a leaky heart valve has resulted in a decompensated heart, your doctor may want you to take one of the digitalis preparations. Whatever the cause, he may also want to give you one of the newer diuretics. These drugs help to draw fluid from the waterlogged tissues and excrete it through the kidneys.

### Piano Students Present Music During Workshop

Mrs. Z. L. Land and Mrs. C. W. Coffin served as hostesses to a group of students from the piano class of Mrs. Fidelia Yoder which met in her home, 1215 Williston, recently for a Piano Workshop party.

Mrs. Yoder made announcements and explanations concerning the National Guild Auditions which will be held here April 27—May 1 in the First Methodist Church. Adjudicator for the Auditions this year will be Mrs. Opal Cotton

of Wichita, Kan.

The following students played solos for the group: Randy Land, Suzanne Bond, Phoebe Skelly, Brenda Terry, Linda Adams, Derima Smith, Diane Graham, Anita Williams, Lisa Laycock, Gail Wilson, Mackie and Glenna Hudgins, Steve Higdon, Pamela McBride, Cathy Altman, Jean Fischer, and Steve McDaniel.

Parents attending included Mmes. D. W. Bond, John Skelly, John Adams, Dale

Smith, Jack Graham, Mae Williams, Royce Laycock, Michael Wilson, Elmo Hudgins, Jack McCabe, Joe Fischer, and Mr. Wallace Bruce and the hostesses, who served refreshments of cakes and cookies following the musical program.

The ring bearer gave Royal Worcester!

The world's most indestructible bone china didn't break when he dropped it. Not even when he stepped on it. The throw against the wall made England's whitest, purest bone china go to pieces. Wouldn't you? Silver Chantilly, \$19.75—the place setting. Are you the kind of girl they give Royal Worcester to? Yes  No . If yes, come into our china department, browse, pick your favorite Royal Worcester pattern. And register it.

# Summer Shifts Are Smart Fashion Choice this Year

By MARY BROOKS PICKEN  
This summer, shift dresses will make many of our slim American beauties look like long-stemmed roses. But almost anyone can wear a shift becomingly — if it isn't too tight or too short and care is taken to have the right foundation garments.  
A shift can be worn loose or belted. If loose, then the

fabric should have body so that it will not cling, but hang straight.

A softer fabric is desirable if a belt is worn. I prefer the soft tie belt 1/4-inch, 1/2-inch or even an inch wide, as shown here.

Smart accessories are necessary with a shift when it is worn for "dress up"—gloves, the right shoes, jewelry, the right hairdo and a smart hat.

Earrings seem as necessary as the dress itself. When simple dresses are worn, necklaces of big colored beads like marbles are interesting and favored, although the ever-popular pearl necklace will hold its own against every in-road—and why not? Pearls are flattering to most and give one the feeling of being really dressed up.

Many women are lining their dresses throughout and eliminating a slip. Some like to stitch the dress and lining separately, then with a long running stitch, sew the seams together on the inside so no raw edges show. Lining is used to finish neck and armholes.

Others like to lay lining over the fabric, cut dress and lining at one time, baste lining to the dress fabric, baste, fit and stitch, then stitch the seams on each side so lining and fabric will hold together. In such cases, a fitted facing is necessary for neck and armholes.

We will be seeing many true bias folds around necklines this spring and summer. They are flattering, give a desirable softness and can be made of the dress material or white fabric. Satin and organdie seem the two favored fabrics. Such a collar should have the raw edges stitched together, bound or overcast so collar can be removed for cleaning.

# Altrusa Club Names Girl of the Month

Miss Dana Taylor, March Altrusa Girl, introduced Miss Karen Moore, April Altrusa Girl, during the Monday noon meeting of the Altrusa Club of Pampa. Mrs. Rufe Jordan accompanied the girls to the meeting which was conducted in the Coronado Inn.

Miss Moore is the daughter of Mr. and Mrs. W. L. Moore and a member of the National Honor Society; treasurer of student council and member of Future Teachers Association of America. Mrs. Jordan presented Miss Moore with an Altrusa bracelet from the club.

An invitation to attend the Appreciation Dinner at Wichita Falls from the Altrusa Club of the city was read. The Berger Altrusa Club has scheduled a Recognition Dinner tomorrow at the Berger Hotel.

Mrs. M. McDaniels reported that meal payments were due and urged members to comply at the next meeting. Mrs. Libby Shotwell presented a report of the Pampa Council of Women's Club meeting, and Mrs. Thelma Bray was in charge of the Freedom Foundation program, stating that the Foundation in Valley Forge, Pa., has a historic background suited for the setting of this organization.

"Freedom Foundation," she said, "was created 15 years ago when Communism was at its height in our country. The Foundation was organized to educate people and to fight Communism."

Mrs. H. L. Thomas Jr.

# Hoobler-Thomas Vows Exchanged

Miss Joyce Hoobler became the bride of H. L. Thomas Jr., April 3, in the home of the bride's parents. The immediate families attended. The bride is the daughter of Mr. and Mrs. Arleigh Hoobler and the bridegroom is the son of Mr. and Mrs. Homer Thomas, all of Canadian.

The wedding vows were spoken before an arch of white satin entwined with red roses and greenery with the Rev. Myrl Powers, pastor of the First Christian church officiating. The bride chose for her wedding a white suit and had a corsage of red carnations. For something old she wore a cameo necklace which had belonged to her mother's grandmother and carried a white Bible belonging to her grandmother. Attendants were Miss Suzanne Morris and the bridegroom's father.

Center Wrap-Up

George Smith, Director Pampa Youth and Community Center

The open division ping pong tournament has entered the final championship round. The finalists are Kerry Roper and Ronny Bray. Ronny flew to the finals defeating Don Rader 21-14 and 21-9; Morris Johnson 21-12 and 21-9 and Steve Herring by a forfeit. Kerry swept to the finals defeating Robert DeWeese 21-19, 11-16; Lanny Lewis 21-13, 21-15 and Roddy Bray 21-16 and 21-18. Finals were Friday at 5:00 p.m. The Eight-Ball Pool Tournament starts Monday with the following boys participating: Scott Rader, Jerry Largin, Don Rader, Charles Anderson, Fred Willis, Russell Yeager, Phil Landegin, Allen Snapp, Steve Ferring, Donnie Snapp, Jim Robertson, Edwin East, Mike Riddle, James Matney, Terry Marlar, Mike Sanders, and DeWayne Trimble. A match will consist of the best two out of three games with a one hour time limit. The winner will receive a gold plated loving cup. The center will have their student board election on Friday and Saturday. Each student center member is eligible to vote.

McLendon Speaks At Wichita Falls

Gordon McLendon, candidate for the Democratic nomination for U. S. Senator, discussed "The Rights of the Majority" in a non-political address to the Wichita Falls Rotary Club Thursday. He said in part: "Minorities are on the march in America, and I am not thinking only of the civil rights controversy. I find no fault with members of any group who cry out against the denial of their rights — who seek justice in the courts, the legislative halls and in the public forum. But I have no sympathy with minorities which attempt to use general rights, the rights granted all of us by the Constitution, as bootstraps to lift themselves to a position of special privilege, power and immunity. We need to put some loosely used definitions of reason and see what they really mean."

"I would not, if I could, foreclose debate on the rights of minorities, but let me speak briefly about the rights of the majority. Democratic government cannot long exist except by the will of the majority, tempered by respect for the rights of minorities. The forms, and even the pale substance, of representative democracy may survive for a time, but there comes a day when the cloak is cast aside and the naked sword of tyranny unsheathed. It has happened in other once Democratic countries; it could happen in America, but God grant that we will not let it happen."

The center would like to call your attention to the family swim period. It is on Thursdays from 7:45-9:00 p.m. when only families are allowed in the pool. Children must be accompanied by at least one adult member of the family. This is the time when the whole family can get together on an outing without having the large crowds we had at all-ages swim time. The center again this summer will participate in the Red Cross swim lessons as last year. All persons no matter whether a

BBC LOSES VIEWERS LONDON (UPI) — The number of viewers watching British Broadcasting Corp. (BBC) television programs in the evening has dropped by 600,000 during the past 12 months, it was disclosed today. A report on television viewing in Britain said during the same period the number of viewers available to both the BBC and Independent Television (ITV) had increased by one million.

OUTVAMPING A VAMP?—Madcap Carol Burnett's back in New York for her first Broadway show since 1959 and, wouldn't you know it, she's happily staging Tina Louise, a member of her supporting cast. The musical is called "Fade Out" and was written by Betty Comden, Adolph Green and Julie Styne.

Beatles Lose Grip On Some Top Spots

CHICAGO (UPI) — The Beatles regained first place this week in the list of United Press International's top 20 tunes but the British mopheads began to lose their firm grip on the UPI billing, a nationwide tabulation showed today. "Can't Buy Me Love" topped the list, followed by Louis Armstrong's "Hello Dolly," which moved up from fifth place. Terry Stafford's "Suspicion" dropped from last week's number one spot to the third position, followed by the Beatles' "Do You Want to Know a Secret," which rocketed from 14th to fourth place. The Beatles' "Twist and Shout" dropped down two notches to fifth place and the Dave Clark five's "Glad All All Over" dropped a pair to sixth, while the Serendipity Singers' "Crooked Little Man" climbed up two rungs to seventh place.

"Dead Man's Curve" by Jan and Dean remained fixed in the eighth spot, Betty Everett's "Shoop Shoop Song" dropped from seventh to ninth place and Chuck Berry's "Nadine" jumped from number 17 to 20. The top 14 tunes with position last week, and number of weeks in survey in parentheses:

- 1. (2-4) Can't Buy Me Love, Beatles, Capitol.
- 2. (5-8) Hello Dolly, Louis Armstrong, Kapp.
- 3. (1-7) Suspicion, Terry Stafford, Crusader.
- 4. (14-2) Do You Want to Know a Secret, Beatles, Vee-Jay.
- 5. (3-6) Twist and Shout, Beatles, Vee-Jay.
- 6. (4-6) Glad All Over, Dave Clark Five, Epic.
- 7. (9-3) Crooked Little Man, Jan and Dean, Liberty.
- 8. (4-3) Dead Man's Curve, Jan and Dean, Liberty.
- 9. (7-5) Shoop Shoop Song, Betty Everett, Vee-Jay.
- 10. (17-2) Nadine, Chuck Berry, Chess.
- 11. (6-12) She Loves You, Beatles, Swan.
- 12. (0-1) My Guy, Mary Wells, Motown.
- 13. (16-3) Stay, Four Seasons, Vee-Jay.
- 14. (15-2) Biscuits and Pieces, Dave Clark Five, Epic.

Venezuela Envoy, Chilean Confer

SANTIAGO, Chile (UPI) — Venezuelan special envoy Marcos Falcon Briceno met with President Jorge Alessandri for 70 minutes Saturday to seek support for Venezuela's effort to get hemispheric action again Cuba in the Organization of American States (OAS). The hemispheric organization is examining a report by an OAS investigative commission which substantiated Venezuelan charges that Cuba introduced arms into Venezuela for Communist terrorist. The OAS is expected to convene a foreign ministers conference on the Venezuelan complaint, Falcon Briceno, former foreign minister, has been visiting every Latin American government seeking backing for collective sanctions against the Communist regime of Cuba. The U.S. National Park Service was established in 1916.

Pampa Auto Man At Dallas Parley

R. W. Stowers of Culberson Chevrolet, Inc., in Pampa will be a delegate to the 47th annual convention of the Texas Automobile Dealers Association Sunday, Monday and Tuesday in Dallas. Texas Attorney General Waggoner Carr and auto industry leaders from Detroit, Cleveland and Los Angeles will be featured on the program. Some 700 persons are expected to attend this year's meeting. TADA is composed of some 1,400 authorized new car dealers throughout the state. The Sheraton - Dallas Hotel will be headquarters for the convention.
