**US** Court Says Cuba WASHINGTON (UPI)

Week Days 56 Sundays 156

(8 PAGES TODAY)

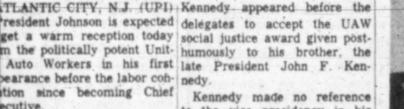

The Supreme Court ruled today that U.S. courts must treat as valid Fidel Castro's nationalization of American property in Cuba.

As a result, Cuba can legally collect \$175,000 realized from the sale of some sugar belonging to a seized American company. The case will have a bearing on many others with millions of dollars at stake.

Since Congress has frozen all Cuban funds in this country, however, the Castro regime cannot get its hands on the money. The 8 to 1 decision will have a bearing on numerous other court challenges .here to Cuban nationalizations. The government reported 37 cases in New York alone

JACKSONVILLE, Tex. (UPI) -The body of Craig Dean Hanks, 2, was recovered Sun-' day night from Lake Jacksonville by skin divers, about three hours after he wandered away from a family outing.

The child, son of Mr. and Mrs. Edgar Hanks of Jacksonville, apparently fell from a fishing pier.

A search party made up of sheriff's officers and 250 volunteers combed the wooded area on the north shore of the lake before the body was found.

The female canary will give out with an occasional chirp, but only the male canary will burst forth into song. If it will make you feel better. Abby, the female of the feathered family is more beautiful. But let's be honest, she contributes nothing and is strictly ornamenta!

KNOWS HIS BIRDS DEAR KNOWS: Is that so? The rooster does the crowing, but it's the hen which lays the eggs.

DEAR ABBY: I recently visited a young dentist who was recommended to me by a friend. When I got into the chair, rock and roll music started playing right in my ear. I am a matron, 58, and I never listen to that kind of music at home as it is nerveracking. I enjoy soft, semiclassical music, however. I debated whether I should ask the dentist to shut it off, but decided not to say anything. Then the dentist started HUM-MING along with the music! I didn't want to upset him while he was working on my teeth, so I kept silent. I wish there were some way to let him know why I never went back to him, although he was a good dentist.

# Pampa Faces Big Joe Robinson Here Tuesday

The Pampa Harvesters face a rough one this early in the season when they host mighty Borger tomorrow at 4 p.m. in Optimist Park.

Borger was picked as district 3-AAAA co-favorite chiefly on the tremendous pitching of Big Joe Robinson, the one-man hurling staff who threw the Bulldogs to second place in the loop last year.

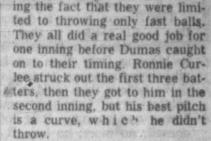

In three games this season, the Bulldogs have apparently uncovered a nother standout pitcher, Mike Hyatt, who has hurled two shutouts and given up only four hits. Coupled with Robinson's one-hit, one-run, 17strikeout performance in his debut, the Bulldogs seem to have the loop locked up.

Skeptical P a m p a, however, will see how well the starting 'Dog hurler, probably Robinson, will do against the heavy-hitting Harvester crew led by Kenny Hebert, Rick Stewart, Steve Molberg and Bandit Madrid.

Coach Ray Howard will again substitute liberally both pitch

ers and fielders in an effort to find the right combo for district dous job in relief, striking out play. Howard, reporting on Sa- seven of eight batters. "Carl Harnsberger will start tomorrow's game, with Bud Hammons, Harper and Daniels also slated to throw. We need to see which of the three will make the best pitchers, and also how the others will do in the field. ... both Harper and Daniels looked good behind the plate also."

Howard reported that he expected the fielding to be below par, with only four days of workouts before the game, but was pleasantly surprised with the hitting in the second game.

"We were real pleased with Ricky Goodwin's power hitting in the first game, 'he really came through. Kenny Hebert, as expected, was tremendous at the bat. Rick Stewart came through with the hits under pressure and that's what counts. Steve Molberg hit well and so

The Pampa News is dedicated to furnishing ir lormation to our readers so that they can better pronote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.
