U.S. Embassy in Wreckage After Cambodia Attack

PHNOM PENH, Cambodia (UPI)—The U.S. Embassy today was a mass of wreckage with virtually every window broken as a result of anti-American demonstrations by Cambodians Wednesday. The British Embassy suffered similar damage as throngs of young demonstrators attacked the buildings. No injuries were reported in the disturbances. U.S. Embassy officials listed the destruction: —The medical dispensary and laboratory were destroyed. —The 10,000-book library, the post office and the cafeteria were wrecked. —Furniture in the switchboard room, several offices and various corridors were smashed. —Nearly every window in the embassy and the adjacent information service building was shattered by stones. —The British Embassy's ground floor and several upstairs offices were sacked. Furniture, office equipment and files were thrown into the courtyard and burned. —Four cars were demolished at the U.S. Embassy and 10 cars were damaged at the British Embassy.

Chief of State Prince Norodom Sihanouk deplored the violence, but said he could hardly blame the demonstrators for their anger against the United States late last year of aiding States and Britain. He apologized for the "excesses." Anti-American feeling has been high in Phnom Penh since Sihanouk accused the United States and Britain. He apologized for the "excesses" and renounced the \$30 million annual U.S. aid at the time.

School Board Accepts Bids On Uniforms

By GLENN McCASLAND
Bids on 120 new band uniforms were accepted today by Pampa Independent School board with the second low bid getting the contract. The Oswald Band Uniform Co. represented by Murray Sealey of Pampa was awarded the contract with a bid of \$7,170. This was some \$30 higher than the low bid of \$7,138.80 by McDowell Bros.

Viet Nam Tour by McNamara Comes to End

SAIGON, South Viet Nam (UPI)—Defense Secretary Robert S. McNamara today wound up his inspection tour of the Vietnamese guerrilla war and prepared a report to give President Johnson on his return to Washington. Before his departure, he held another meeting with a Chairman Maj. Gen. Nguyen Khanh, whom he has promised full support for the fight against the Communist.

McNamara's mission has been overshadowed by the execution carried out here by Ambassador Henry Cabot Lodge's Hampshire presidential primary victory. Lodge said Wednesday he was honored by results but had no plans to sign or return to the United States in the near future. Attention returned to the guerrilla war today. A military spokesman reported a new outbreak of Communist attacks at a cost the government \$29 million.

The worst setback for the government came Monday in a Viet Cong raid in Bauyen Province south of Saigon. Twenty-one government troops were killed. The total wounded from all attacks was 48 and another government soldier was missing. In addition, the guerrillas captured 21 carbines, submachine guns, and an automatic rifle.

Attacks Add School Woes

NEW YORK (UPI)—School officials grappling with almost insoluble integration problems, today faced a day-by-day increase of student attacks on teachers. Six more attacks on school teachers occurred Wednesday. A total of 23 teachers have had fights off assaulting pupils since the past seven school days. School officials noted that most of the classroom violence occurred in normally "difficult" schools. Wednesday's attacks on teachers involved one girl and five under the age of 15. Teachers in Brooklyn, Harlem and the Bronx fought off the age assailants. Serious charges were pressed against the five male students, of whom threatened the teachers with knives. No charge was lodged against the 13-year-old girl who hit a teacher on the arm when the male instructor demanded that she surrender razor blades.

Pampa Lawmaker Due Tomorrow

U.S. Rep. Walter Rogers of Pampa will fly into Amarillo from Washington tonight and will arrive in Pampa about 10 a.m. tomorrow, his Pampa office reported today. He will remain in the Pampa area until after riding in the annual St. Patrick's Day parade in Shamrock. He plans to be in Pampa Friday and Saturday and in Amarillo Monday and Tuesday.

TAKING A "LION'S" SHOT — Kenny Organ, one of the youngest performers in the Pampa Noon Lions Club Minstrel Show, shows his form with a slingshot during rehearsal for the show, scheduled to take place at Pampa Junior High tonight and Friday. The youngster is part of the chorus which keeps the show moving throughout. Only trouble Kenny has with the affair, is staying awake. He was asleep shortly after this picture was made.

HOFFA RECEIVES 8 YEARS PRISON IN JURY BRIBE

Sharp Rebuke Given

By ALLEN GREEN
CHATTANOOGA, Tenn. (UPI)—Teamsters President James R. Hoffa today was sentenced to 8 years in federal prison for trying to bribe a jury that heard conspiracy charges against him.

He also was fined \$10,000. Federal District Judge Frank Wilson handed down the sentence in the small oak-paneled courtroom where the 51-year-old labor leader and three others were found guilty last week following a marathon seven-week trial.

Hoffa stood before Wilson with his hands resting on the speaker's lectern in front of the bench.

States Innocent

Wilson delivered a sharp rebuke to Hoffa seconds after the Teamsters' boss had told the judge: "I stand here today and state I am innocent." "You stand here convicted of tampering with the very soul of this nation... the very foundation... the very basis of civilization itself," Wilson said. "Everything we call civilization depends on the proper administration of justice."

Wilson Sentenced Hoffa to Four Years on Each Count

Wilson sentenced Hoffa to four years on each count—the sentences to run consecutively—and fined \$5,000 on each count. Hoffa, typically chipper when he walked into the courtroom, was the first man off the elevator near Wilson's courtroom. He was dressed in a dark gray suit.

Homeless List Hits 47,000 After Floods

By United Press International
The worst floods since World War II spread devastation from Pennsylvania to Illinois today and the list of homeless topped the 47,000 mark.

Find Plane Wreckage

Calhoun county sheriff D. B. Halliburton said the Coast Guard found the wreckage of the Cessna 210 rented by Hagler Wednesday about one-half mile from shore in Matagorda Bay. The plane was hired by Hagler in Corpus Christi Tuesday. He and Mrs. Loretta Anderson, 48, then took off. The wreckage was found about 60 miles away from the airport.

Nixon and Scranton Off Ballot

AUSTIN (UPI)—Former Vice President Richard Nixon and Gov. William Scranton of Pennsylvania do not want to be in the May Texas Republican presidential preference primary. Scranton and Nixon, two of four unannounced candidates who were given an opportunity to withdraw, did so Wednesday. The others, Gov. George Romney of Michigan and Ambassador Henry Cabot Lodge, have until midnight tonight to indicate if they want to be removed from the ballot.

Funeral Planned For John Forman

Funeral services for John Forman, 49, who was found dead of a gunshot wound at his home at 1023 E. Fisher street yesterday will be held at 10 a.m. Friday in the Duenkel-Carmichael funeral home.

City police said Forman's body was discovered at 6:30 p.m. lying on the floor. A .32-caliber French pistol was found beside the body. The victim had a bullet wound in his right ear.

Investigation of the death had not been completed at noon today and Coroner Nat Lunsford said he was withholding his verdict probably until late today or tomorrow.

Police said only one shot had been fired from the pistol. Neighbors said they last saw Forman alive Monday afternoon.

Forman was born in Lake-on-June 19, 1914 and lived most of his life in Gray County after graduating from high school in Oklahoma City.

He had farming interests in Roberts and Castro Counties and served with the 36th Division in World War II.

He is survived by one brother, William of Pampa; two sisters, Mrs. C. E. Leasure of Hereford, and Mrs. Ray Frazier of Pampa.

Rev. Jack Riley of St. Paul Methodist Church will officiate at the funeral rites tomorrow and burial will be in Fairview Cemetery.

Pallbearers will be Jay Hollingsworth, Tom Kitchens, Hart Warren, Scott Hall, Jack Foster, Melvin Watkins, Johnny Austin and C. F. McGinnis.

ORDERS AIRLINES

WASHINGTON (UPI)—Lufthansa Airlines of West Germany has ordered three American supersonic airliners, bringing to 75 the total number of assembly line reservations for the U.S. faster-than-sound craft.

Lufthansa gave the Federal Aviation Agency (FAA) a check for \$300,000 as a deposit. It brought the amount FAA has received for delivery positions to \$7.5 million, submitted by 14 airlines and an aircraft leasing firm.

Shoppers to Get Good Food Buys

WASHINGTON (UPI)—Shoppers will find good buys in meat, poultry, fish, eggs, and dairy products this weekend.

Meat shoppers will find most lamb cuts, primarily legs of lamb, the top feature at local markets this weekend. There'll also be fair offerings of beef, pork, and poultry. Veal and calf will not be as prominent as in the past weeks.

Best vegetable buys include beets, broccoli, Brussels sprouts, Texas carrots, chives, miscellaneous greens, endive, escarole, green onions, parsley, parsley root, radishes, spinach, potatoes, turnips, rutabagas, dandelions, and watercress.

Top fruit values will be rhubarb, honeydews, apples, Florida oranges, and grapefruit. Eggs and dairy products continue to be good buys.

Fish shoppers will find good supplies of clams, fillets, halibut, scallops, smelt and oysters.

DENOUNCES RUSSIA

ROME (UPI)—The Conference of European Rabbis has called on the Soviet government to halt "flagrant discrimination" against Jews.

The Rabbis, representing Jewish communities in eight European nations, delivered their message to the Soviet Embassy here at the end of a three-day conference. They listed 17 Soviet measures "that threaten the very survival of Jewish religious identity in the U.S.S.R." such as the closing of 354 synagogues.

Deadline Nears For Inspection

The time is almost here—April 15 is the deadline for having your 1964 motor vehicle inspection sticker displayed in the lower right hand corner of your windshield. Only 50 per cent of the 604,369 registered vehicles in Region 5 of the Texas Department of Public Safety have visited safety inspection stations and obtained 1964 safety inspection sticker, according to Capt. Alan Johnson, motor vehicle inspection service of the DPS.

"Residents of Gray County own 21,600 registered vehicles and 11,920 have not been inspected as yet," Johnson said.

"Under the law there can be no extension of the deadline, and motorists who fail to display the new sticker on and after April 16 are subject to arrest," he said. Authority for the enforcement of the provisions of the motor vehicle inspection act is vested in any sheriff or deputy sheriff and city policeman as well as the enforcement officers of the Texas Department of Public Safety.

According to Captain Johnson there are 16 state approved inspection stations in Gray County, and many motorists are going to find long lines awaiting them as the deadline rolls near.

One of the oldest settled sections of the U.S.A. is the Shandoah Valley.

Yarborough to Campaign Here

Yarborough will speak at the annual banquet of the Castro County Chamber of Commerce at 7:30 p.m. Friday in Dimmitt.

On Saturday he will be the guest of honor at a Panhandle-wide barbecue in Dumas starting at 6:30 p.m. in the County Barn.

Rocket Shot Falls Short Of Target

CAPE KENNEDY (UPI)—The Navy's mightiest missile, an advanced Polaris A-3, veered back and forth after about 75 seconds of flight and plunged into the Atlantic far short of its target.

The bullet-shaped rocket, designed to be fired from submerged submarines, roared from a land pad. Seconds after the first stage separated on schedule, the upper stage began to veer off course.

The missile had been expected to drop its instrumented nose cone in a target area less than 1,000 miles to the southeast.

The Navy said the "missile fell short of its intended range but most of its test objectives were achieved."

'64 CHEVROLET—THE GREAT HIGHWAY PERFORMER

Nothing feels steep in a Chevrolet Impala (including the price!)

A hill is just something to admire the view from when you're driving a '64 Chevrolet. With engines up to a 425-hp V8*, getting from one side to the other wouldn't be much easier if somebody had put a tunnel there.

And if Chevrolet can go over a whole mountain so you hardly feel it, you can imagine how it goes over plain old bumps. Jet-smooth, of course. We put a big coil spring at all four wheels (not to mention 700 or so sound and shock absorbers throughout the body and chassis) to soak them up as fast as they come.

As you'd expect, Chevrolet turns in its usual fine performance with everything inside that big beautiful Body

by Fisher, too. All kinds of stretch-out room and wide thick-cushioned seats that let you get in a full day's driving without fatigue. Yards of deep-twist carpeting and elegant fabric and vinyl upholstery that make you feel good just being there.

With all its looks and luxury, you can see how anyone might get the idea that this great highway performer is a high-priced car. Unless, of course, they happened to look first at its reasonable Chevrolet price.

And your Chevrolet dealer will be happy to show you that, wherever you drive, the price is probably what you'll feel least of all.

NO PRICE HIKE
NEW YORK (UPI) — Dow Chemical Co. said it would not raise its prices on calcium chloride to match \$1 to \$1.30 per ton increases on bagged material by Pittsburgh Plate Glass Co. late in February.
Dow said a price hike at this time runs counter to its long-term objective of broadening the market for the material.

White Deer Girl Receives Honors

PLAINVIEW (Sp) — Among collegians taking honors recently at the Texas Student Education Association convention in Houston was Miss Linda Bajen of White Deer, a student at Wayland Baptist College here.
She was judged first runner-up for the title of "Miss Secondary Teacher of Tomorrow."
Miss Baten is a sophomore English major and an officer in the TSEA chapter.

FAULTY METER
LONDON (UPI) — Animal welfare workers have been trying since Sunday to find a stray cat believed trapped under the kitchen floor in the apartment of Mr. and Mrs. Albert Perries.
Wednesday, they traced the mewing sounds which had kept the Perries awake for three nights. It was a faulty gas meter.

VISITS EGYPT
CAIRO (UPI) — King Hussein of Jordan arrived here Tuesday for a five-day official visit and was greeted by President Gamal Abdel Nasser at the airport.

TO REDEEM STOCK
PORTLAND, Ore. (UPI) — Jantzen Inc. will redeem its 10,500 shares of series A 5 percent preferred stock at \$105 plus accrued interest, it was announced.
The \$100 par value shares will be redeemed and cancelled from authorized capital. Dividends will be paid April 15 to all stock of record. In the meantime, the directors declared a dividend of 6 1/2 cents a share on the stock.

WRESTLES WASHER
RICHMOND, Va. (UPI) — The Virginia Supreme Court Monday ordered a new trial for a Chesapeake housewife who said she suffered injuries when she grabbed hold of a washing machine that acted like "a robot gone crazy."
Mrs. Anna Barnette lost her damages suit against an appliance firm. She sued on grounds her newly installed washing machine began to vibrate with unusual force and when she "grabbed hold of it" to stop it, she became hysterical and her breathing became heavy.

Apples Bring Zest to Meals

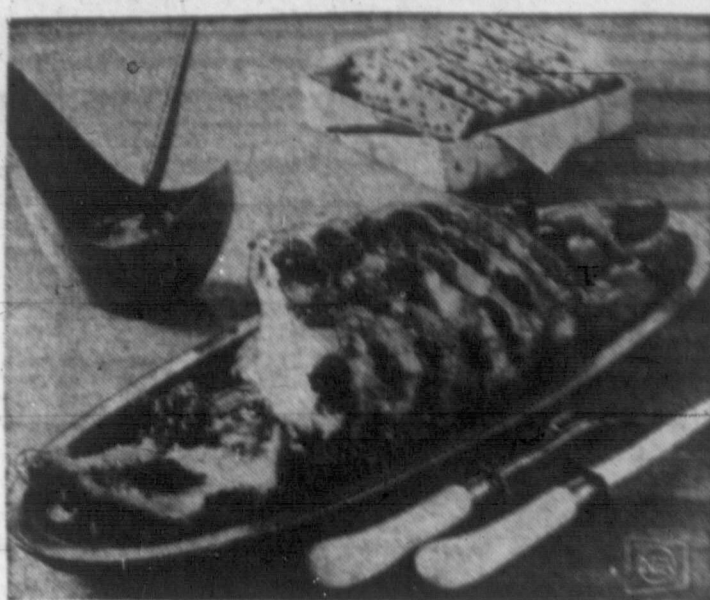

APPLES BRANDIED and with Chicken Livers Are Different.

BRANDIED APPLE SLICES ITALIENNE
4 Golden Delicious apples
¼ cup butter
½ cup pine nuts (cashews or macadamia nuts may be substituted)
2 tablespoons confectioners sugar
1 pint heavy cream
¼ cup confectioners sugar
2 tablespoons brandy or water
Wash apples, core, quarter

and slice into ¼-inch slices. (Do not peel.) Melt butter in chafing dish pan over direct flame. Sauté apples and nuts in butter until apples are tender. Sprinkle with the 2 tablespoons confectioners sugar. Whip cream, beat in ¼ cup confectioners sugar and fold in brandy. Serve apples topped with whipped cream.

APPLES AND CHICKEN LIVERS
(Serves 4)

12 chicken livers
2 large Winesap apples, peeled, cored and sliced in thin rings
2 tablespoons butter
2 tablespoons sugar
¼ cup butter
3 tablespoons flour
Salt and pepper to taste
1 tablespoon grated onion
Coat chicken livers with mixture of salt, pepper and flour and set aside. Adjust burner to low flame and melt 2 tablespoons butter in the water pan of Roman Kitchen. Add apple rings, sprinkle with sugar, cover and cook gently until golden and lightly brown, turning once during the process. Remove and keep on heated platter. Add ¼ cup butter to pan, raise flame slightly and sauté chicken livers, turning them with a spoon so they brown evenly. When they are half done, add grated onion and continue cooking until evenly browned. Return apple rings to pan, adjust seasoning and serve. This is an excellent dish for a buffet brunch.

SOMETHING NEW is Swedish Pork Loin, Prune Gravy.

Prunes and Pork: A Swedish Delight

By GAYNOR MADDOX
You need not be Swedish to enjoy this prune-studded roast loin of pork. All you need is a good appetite, and a willingness to try dishes that have a European accent. The recipe for Pineapple Pepper Steak has a South Pacific slant. Try it for kicks.

SWEDISH LOIN OF PORK WITH PRUNE GRAVY
(4-6 servings)

(6 Servings)
Bright green pepper and pineapple tidbits accent the richly browned flank steak.
2 pounds flank steak
Salt, pepper and dry mustard
2 tablespoons fat for browning
3 tablespoons soy sauce
1 medium-sized green pepper
1 (8½-ounce) can pineapple tidbits
Score flank steak on both sides and slash around edges to prevent curling. Season with salt, pepper and pinch of mustard. Brown in hot fat about 2 minutes on each side. Sprinkle with soy sauce. Slice green pepper in thin rings and spread over meat. Pour undrained pineapple tidbits evenly over and around meat and pepper. Cover and cook over medium heat, according to degree of doneness desired. Remove meat to hot platter. Bring sauce in pan to boil, scraping pan well to loosen drippings. Pour over meat. Garnish meat platter with border of noodles, if desired.

3-4 pound pork loin
15-20 prunes
1½ teaspoons salt
1½ teaspoons ginger
Dash pepper
¼ cup chopped prunes for each cup of gravy
Trim excess fat from meat. Rinse prunes; cut in half and remove pits. Cut pockets in meat and insert prunes. This should be done at regular intervals, so a design will be formed when meat is sliced. Rub surface of meat with salt, ginger and pepper. Tie chops together if necessary with piece of string. Place in roasting pan. Roast uncovered in a slow oven (325 degrees) for 2 to 2½ hours. Remove roast and make gravy of pan drippings. To each cup of gravy add ¼ cup chopped prunes.

Do Vegetables Have Same Value?

Q—Do all vegetables have the same amount of vitamins in them?
A—No. Some vegetables are much better sources of vitamins than others, particularly of Vitamin A and Vitamin C, both needed regularly for growth and healthy body tissues.
To get the most vitamins for your vegetable dollar, remember these tips from food economist of Agriculture:
You get much more Vitamin A value from bright orange, mature carrots than from pale-colored, young ones. But young carrots are a good source of Vitamin A.
Deep orange varieties of sweet potatoes have highest Vitamin A value.

The dark green leaves of leafy vegetables are richer in nutrients, particularly Vitamins A and C, than light green leaves.
Peppers are high in Vitamins A and C.
Beet tops are rich in Vitamin A.
Turnip greens, kale and collards are good sources of riboflavin as well as Vitamins A and C. Lima beans, peas and young cowpeas (including black-eyed peas) contribute appreciable amounts of thiamine and protein.
Tomatoes that ripen on the vine out-of-doors in summer sunlight are twice as rich in Vitamin C as those grown in greenhouses in winter.

Here Are Some Tips for Buying Quality Pork

By GAYNOR MADDOX
Q How can I tell high quality pork at my butchers?
A—Home economists at USDA's Agricultural Marketing Service give a few pointers to help judge and maintain pork quality.
For high-quality pork, look for firm, fine textured lean meat that is grayish-pink in

color; firm, white fat on the outside of the cut, and some fat well distributed through the lean.
Store fresh pork in the refrigerator, loosely wrapped, and plan on using it within a few days. Ground pork and the variety cuts are highly perishable and should be used promptly. You can store un-

cooked cured pork longer than fresh cuts, but the fat will become rancid if the meat is held too long.
Bacon and the ready-to-eat and tender-cured hams require refrigeration. Bacon should be eaten within a week for best quality. Quick-cured hams should be used within five days.

Foreign News Commentary

By PHIL NEWSOM
UPI Foreign News Analyst

When the United States, the Viet Union and Britain inked the partial nuclear test treaty in Moscow last July they still were a long way from the general and complete disarmament which all three declared to be their goal.

As a matter of fact, it left intact the huge nuclear arsenals built up both by the United States and the Soviet Union, and, if it had significance it primarily was one of hope.

Generates Hope

"For 18 years," Secretary of State Dean Rusk told the Senate, "we have held the Communist drive in check largely by the deterrent force of our military strength."

"... But if the promise of a treaty can be realized, if we can now take even this one step along a new course, then all and fearful mankind may find another step and another path of confidence replaces terror and hope takes over from despair."

The hope generated by the Moscow agreement in a world red of cold war persisted last week when the 17-nation disarmament conference resumed deliberations in Geneva.

United Nations Secretary General Thant has declared that both U.S. and Soviet policy is shaped by "an obsession with the past" — the United States by Pearl Harbor, and the Soviet Union by 1919 when the western Allies attacked the new Bolshevik state.

And in Geneva existing differences between the two nations quickly reasserted themselves.

Same Differences

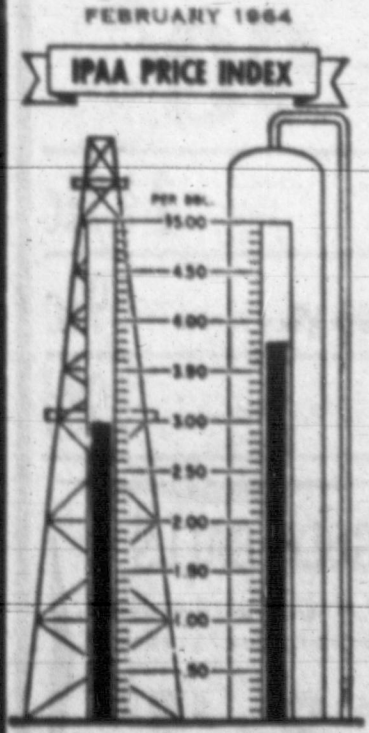

They were the same differences which through 18 years had millions of words of talk and prevented real agreement. On the one hand was U.S. insistence on inspection and control of step-by-step disarmament and on the other Soviet charges that the West simply sought to spy on Soviet secrets. Even so, U.S. disarmament chief William C. Foster returned to Washington in optimistic mood. He believed substantial progress would be made this year on slowing the arms race.

He believed the U.S. and the S.S.R. could agree to a halt in the manufacture of fissionable materials for nuclear weapons and to a freeze on nuclear weapons. Rusk has suggested the possibility of agreement on measures to prevent surprise attack.

JOINT PROJECT

TRENTON, N.J. (UPI)—Lenox Inc. and Purex Corp. (Ltd.) have announced a joint project under which both companies will make, distribute and market a new detergent for automatic dishwashers.

The new detergent will be marketed through Purex's regular channels of distribution after test marketing under the Lenox brand name. Lenox is a leading maker of China dishes, giftware and plastic dinnerware. Purex, of Lakewood, Calif., is a major manufacturer of household cleaning products.

Crude petroleum is weighted average well price for 8 principal areas and is not applicable to the average price of all grades in the U. S.

Refined products is weighted average refinery price of gasoline, kerosene, light and heavy fuel oils for a principal area calculated from low quotations reported weekly by the National Petroleum News.

Guest Speakers Address 4-H'ers

Special guest speakers for the recent meeting of the Pampa 4-H Club were Mrs. Jay Channel and Jerry Harland. They presented a discussion and demonstration on the topic, "How to Keep A Record Book".

Mrs. W. H. Self gave a talk on proper parliamentary procedure.

"How to Give A Report" was taught by Ann Washington.

Certificates for completion of Unit I, Cooking, were presented to Ann and Mary Washington, Robin Henry, Dianna Benefiel, Yvonne Shirley and Cookie Newton.

Mrs. Jack Williams presented a talk, "Your Manners Are Showing" and reports were given by each subject matter group.

Judy Tarrant, Patty Lash and Mary Washington gave reports for their groups.

Gary Nickel gave a report

Dads Take Over Leadership During Annual Mann P-TA Father's Night

Horace Mann P-TA conducted the annual Father's Night meeting of the unit Thursday. Earl O'Neal presided during the meeting and Rev. Jack Riley led the opening prayer.

Cub Scout Pack 22, Den 5, led the Pledge of Allegiance and presented the flag ceremony.

Foster Whaley introduced Sam Bergert who gave the devotional, "The Man Who Came to Dinner", taken from the Gospel of Luke.

Gene Snell read the minutes of the last meeting and Canara Carruth gave the treasury report.

Bergert also gave the report on the Fat Stock Show and Dianna Benefiel gave a demonstration of sewing tools.

The next meeting was scheduled for April 7. All members are urged to attend.

of the nominating committee. Listed on the slate of officers were: president, Mrs. Edwin Southard; vice-president, Mrs. Gene Snell; secretary, Mrs. H. L. Meers; treasurer, Mrs. Paul Turner; corresponding secretary, Mrs. Ralph Collinsworth; and parliamentarian, Mrs. Earl O'Neal. City Council representative selections were Mrs. Earl O'Neal and Mrs. Foster Whaley.

The officers were accepted by acclamation. Guy Caskey, minister of Mary Ellen-Harvester Church of Christ, gave the program, a discussion of personal experiences as a missionary. The family spent several years as missionaries in Africa, serving in southern, eastern and central portions of the country.

The door prize, a cake baked by Mrs. H. N. Haynes, was won by Mrs. D. L. Sanders. Refreshments were served by Mr. and Mrs. Orval Johnson, hosts, following the meeting.

Dear Abby.... You Can't Get Love And Attention by Demand

By ABIGAIL VAN BUREN

DEAR ABBY: What does a mother do when a son she loves almost forgets she exists? His wife writes all the letters from both of them, and they all go like this: "Hi" (no "Dear Mother" — nothing, just "hi"): We are fine. How are you? It is raining out. Just had coffee with a friend. (No name) Bye now. I have to get supper."

Signature of both by wife. How can young people forget all their mothers did for them? Where is their appreciation? It hurts to be treated this way. Is there a solution?

ACHING HEART
DEAR ACHING HEART: Although the letters are rather meaningless, an effort is being made to communicate with you. You can't get love, attention, respect or anything else from an offspring who doesn't wish to give it. There is no solution, but the less you dwell upon it the less your heart will ache.

DEAR ABBY: I have been considering giving my daughter dancing lessons. She likes ballet and toe-dancing. My sister recommends the dancing school she has sent her daughter to for 12 years. She says the teacher says her daughter is a marvel.

Every year this dancing school holds a recital and all the students canvass the town selling tickets for it. If a dancing student wants to do a solo, she has to put up \$25 extra, besides paying for lessons all year. I am wondering why a girl would have to pay \$25 to dance alone on a stage if she is such a marvel. If you were in my place, would you send your daughter to such a school?

MRS. A.
DEAR MRS. A.: It sounds like a very costly way to keep a girl on her toes. Find a dancing school without gimmicks.

DEAR ABBY: I have a girl friend who has a boy friend who lives on my street. This girl friend writes notes to this boy every day and sends them to him by me. I don't know

what these notes say, but he doesn't seem too glad to get them and he never sends any back to her. I am tired of running these notes, and want to know how I can get out of it without getting her mad at me.

MESSENGER GIRL
DEAR GIRL: That's easy. Tell your friend you think she is being too forward. (She is.) That the boy doesn't appear to appreciate her notes. (He doesn't.) And you are tired of running notes. (You are.) And if she "gets mad," she's not much of a friend.

CONFIDENTIAL TO REVE:
Your friend appears to have two hats. One to wear and the other to talk through. Hand him the first one!

Teacher Tells Of Russia Trip

Gilbert Mize discussed "Education Under Communism" before the Pampa Rotary Club at a luncheon meeting yesterday in the Coronado Inn.

Mize, superintendent of Perryton schools, visited Russia and other European countries last fall. He traveled with 30 other educators from throughout the United States.

The speaker noted that education in Russia had progressed further and was more comprehensive than many European countries. Most students receive eight years of schooling and about 50 per cent continue on through high school.

Russia realizes the need to educate the working people, he added. However, they place most of their emphasis on work with their hands.

By American standards, Mize concluded, Russia's educational program is still far behind. Construction of their buildings is poor and they are lacking in qualified teachers as well as money to finance their educational program.

Jack Edmondson introduced the program. A new member, W. B. Johnson, was installed by president Cameron Marsh.

It was announced that Rotary International's district convention will be held in Sweetwater April 9-11.

VIVIAN WARMINSKI ... to take trip

4-H Girl Due Capital Visit

COLLEGE STATION (Sp1) — Vivian Warminski, well known Carson County 4-H Club girl, has been named a delegate to the 1964 National 4-H Conference. In his announcement, Floyd Lynch, state 4-H Club leader, said three other young Texans would accompany Vivian to Washington, where the conference will be held, April 18-24.

Other members of the Texas delegation are Joe Townsend, Hidalgo County; Dick Plank, Deaf Smith County and Billie Pat Porter, Kaufman County.

While in Washington, the Texans will meet 4-H Club members from the other 49 states, Puerto Rico and Canada. The 4-H members will focus their attention on the theme, "Our Heritage — Foundation for the Future." They will study important national issues and problems facing the American people and will participate in activities to increase their own knowledge of democratic procedures and their citizenship responsibilities.

Vivian is the daughter of Mr. and Mrs. Charles Warminski of White Deer. She is a graduate of White Deer High School and is now a junior at Oklahoma State University.

Teen Stamp Club To Be Organized

An organizational meeting for a teen-agers stamp club will be conducted Sunday at 2:30 p.m. at the Youth Center. Walter Stein, Mrs. Thelma Bray and Warren Hasse will act as adult advisers.

The purpose of the proposed organization is to encourage young stamp collectors, and interest other young people in the hobby, according to Mrs. Bray.

VISITS PARLIAMENT

LONDON (UPI) — Sir Winston Churchill, who will be 90 in November, Wednesday visited his "favorite club," the House of Commons, where he took his usual seat. He has been showing up regularly at Parliament since he announced last year that this session would be his last. General elections will be called before Nov. 1.

CAL JOHNSON CINDY HUBBARD

3 Does and a Buck On All-District 1-AA

WHITE DEER (Sp) — One White Deer Buck and three WD Does were named to the All-District 1-AA basketball teams, reported coach Roy Simmons. Cal Johnson, versatile shooter and rebounder for the Bucks made the 10-player honor squad, along with Bobby Bain, Bobby Dodd and Ron Seiler of champion Stinnett; Pat Patterson of Spearman, Ray Cunningham and Dwight Clifton of Daihart, Alan Reeves and Charles Littlejohn of Boys Ranch, and Dickie Reeves of Shamrock.

placed three girls on the honor squad. Little Cindy Hubbard, the 5'4" sharpshooter of the Does again made all-district forward, and Colleen Crawford repeated at guard, along with 5-10 freshman sensation Linda Hawpe. Other forwards were Phyllis Patterson and Vicki Wilde of Spearman, Diane Gragg of Shamrock, Peggy Dean of Stinnett and Susie Holt of Perryton. Guards included Kay Anderson of Stinnett, JoAnn Hailey of Spearman, Cheryl Hendrick of Shamrock and Debbie Hudson of Perryton.

White-Gold Tilt Set for Saturday

The culmination of "the best spring training practice I've ever had," according to Pampa High head football coach Otis Holladay, winds up with the annual Green-Gold intrasquad game at 2 p.m. Saturday.

Two changes, both slight, have been made in the annual program however. Instead of Green vs. Gold, it will be White vs. Gold as the new white uniforms will be worn by "Brownie's Bandits" for the annual dogfight. The other change will be depriving Brown Smith of a chance of revenge on coach Eural Ramsey. Eural will be unable to be at the mast for Ramsey's Raiders, as he will be with the golf team in the opening district meet Saturday. Instead, the Golden Warriors have been taken over by Ray Howard and will be tabbed "Ray's Rascals."

Smith, as usual, is unhappily crying that he has been cheated of help. Aiding him are Norm Phillips, Don Myers and Tex Nolan, helping the Rascals are Ramsey, Harold Moore and Roy Hunter. Brown's complaint is that Phillips and Myers both will be at the West Texas Relays, leaving him only one aide to Howard's two. Holladay's comment? "I'm going to sit in the middle and root for a tie."

"Seriously," added Happy Holladay, "this has been a fine practice and I'd like to invite every football fan in the area out to see us Saturday. You ought to see the way they hit! The line looks very promising—overall it's bigger and faster than any I've had here. The backfield is light except for 180-pound James Williamson, averaging 155, but overall we have more depth and more speed." "The lineups for the two teams, with probable starters listed are:

Pan American Up In NAIA Quarters

KANSAS CITY, Mo. (UPI) — Top-seeded Pan American (Tex.) and second-seeded High Point (N.C.) were expected to see stiffer competition tonight in the quarterfinal round of the National Association of Intercollegiate Athletics (NAIA) basketball tournament.

Pan American goes against eighth-seeded Mansfield (Pa.) state at 7 p.m. CST tonight and High Point faces a rolling sixth-seeded Emporia State (Kan.) squad at 8:45 p.m. CST.

The only one of the top six seeded teams knocked out of the tournament so far is Grambling, La.

St. Mary's of Texas, making its first appearance at an NAIA national tournament, upset third-seeded Grambling 72-66 Wednesday.

In other second-round games Wednesday Pan American clipped St. Cloud (Minn.) State 81-76; Mansfield defeated Georgetown, Ky., 97-89 in overtime.

Name Coaches For All-Stars
FORT WORTH (UPI) — All-star coaches for this summer's Fort Worth coaching school were announced today. North football coach will be Charles Qualls of McKinney High School. South coach for the all star game Aug. 6 will be Jim Acree of Corsicana High. For the all-star basketball game Aug. 5 North coach will be Fabian Lemley of McAdoo High. South all-star coach will be Foster Martin of Jeff Davis High School, Houston. Voting for the coaches occurred at regional meetings during February. The coaching school will be held in Fort Worth Aug. 2-6.

Pro Basketball

By United Press International
With the National Basketball Association season in its final stages, some of the lower-ranked teams are showing their fangs.

The Philadelphia 76ers rolled over the St. Louis Hawks Wednesday night 124-111, after building up a 14-point lead in the first quarter. The Hawks, one and a half games behind the San Francisco Warriors in the Western Division, managed to fight back and tie the score at halftime, 56-56, but the 76ers had little trouble building up a lead again.

The Los Angeles Lakers, an early season power in the Western Division but now firmly implanted in third place, won their second game in a row Wednesday night by beating Baltimore 115-109. This does not seem like much of a feat until you realize that it is only the second time since Jan. 24 the Lakers have won two games in a row.

Hal Greer scored 42 points to lead Philadelphia over the Hawks in a game in which the Hawks' owner, Ben Kerner, was chased from his front row seat by the referee.

Kerner objected to one of the official's calls and arose from his seat standing inches from the playing floor. Referee Earl Strom approached him and the two men stood face to face for about 15 seconds, until Kerner left his seat.

Captain Elgin Baylor led the Laker win, scoring 25 points. It was a game of scoring binges, as the lead changed hands several times.

Early in the second quarter the Bullets led 39-37, but four minutes later Los Angeles had built up a 53-41 lead. By intermission, Baltimore was again in the lead 58-55.

In the third period, the Lakers came from an 82-77 deficit to a 90-82 lead in three minutes. This gave them the lead for good although the Bullets came close several times. Baltimore's Walt Bellamy was high man in the game with 31 points.

QUEENS IN SEMIS
ST. JOSEPH, Mo. (UPI) — Wayland College of Plainview, Tex., and Iowa Wesleyan College clash tonight in the semifinals of the National Women's AAU basketball tournament.

Nashville (Tenn.) business college and the Topeka Boosters meet in the other semi-final game.

A 17-point shooting exhibition by Cindy Wiginton featured Wayland's 69-34 rout of Omaha Commercial Extension in Wednesday's night's quarterfinals. The Texans moved in front early and increased their lead steadily throughout the contest.

NEVER ANY AXLE OR TRANSMISSION TROUBLE!!!!

"We own six Dodge half-ton pickups, from two to eight years old, used in our plumbing business. There are seldom any developed roads where we do our work. So the Dodges have a constant battle with muddy, rocky conditions, often carrying as much as a ton. But regardless of their age, not one of them has ever had any kind of axle or transmission trouble. The fact is that our Dodge dealer almost never sees a truck again, once he's sold it to us. Except for routine maintenance, our Dodges have cost almost nothing for repairs. That's why we see no need to shop around when we buy new trucks!" Robert A. Bruno & Co., Inc., Washington, Pennsylvania. The Dodge truck line begins with half-ton pickups, ends with a giant tandem tilt-cab diesel carrying a GCW rating of 76,800 pounds. Trucks don't go much higher than that. And few, if any, trucks go lower than Dodge trucks when it comes to prices. Price is one way you can economize by putting a Dodge Job-Rated truck to work for you. Another could be by using your dependable Dodge dealer's liberal new finance plan. We think it's the best in the business. So will you, when you know all about it. And your dependable Dodge Truck dealer is right near by.

Tall Tiger Pessimistic On Chances

McLEAN — Although the McLean Tigers return six district place-winners from last year's squad, coach Derral Davis and assistant Don Schneider are a little on the pessimistic side, at least until district action. "First of all, several of the lettermen are on the sick list and won't be out for awhile," said the Tall Man of McLean, "secondly, those boys are returning from a squad which was last in district last year. We have the veterans, but we didn't have a winning squad and we'll have to work hard to change that season."

The Tigers picked up 16 points in their own McLean Relays last weekend, all in relay events, without an individual point-getter. Best chance for the Tigers in district will be the mile, in which they return John Bible, second last year, and Gene Bench, who was third. Bench, however, is sidelined with infected bronchial tubes, and is a question mark for the next few weeks, although expected out by district.

Harry Tate finished third in the 880 last year and is backed by Ronnie Hunt. Two other point-getters are also on the sick list for a while, Dickie Crockett, sixth in the 100-yard dash and Eddie Jay Windom, sixth in the high hurdles.

Altogether, 20 of the 31 Tigers out for track this year saw action last year. "We expect to keep the best 21 boys out," said Davis, "and hope they'll improve and the rest will get healthy by district action."

McLean will get a foretaste of loop and regional action this weekend at the Pirate Relays this weekend at Lefors, with the competitors consisting mainly of district 2-A and neighboring 1-A schools.

James Lee had 18 and Coyle Mitchell 12 for the Motormen, Ronnie Mills 12 and Bill Abbott 11 for WD.

Harvesters Take 13 to Odessa

The Pampa Harvesters are meeting rugged company Friday and Saturday when they enter one of the biggest fields in history in the West Texas Relays at Odessa.

Thirty-six teams will compete in the 4-A and 3-A class with Pampa, as some 1,000 athletes are entered in the four-day meet, for large high schools, small and colored high schools, colleges and universities.

Ranked favorites in the large-school division are Amarillo Tascosa, Kermit and Odessa Permian. Tascosa, defending state champs, opened impressively with a win at El Paso. Permian is rated on their win at Canyon Reef and Kermit on their win at Fort Stockton. Top threats are expected to come from Midland, Abilene Cooper, Lubbock, Abilene and Odessa.

The Harvesters will take 13 competitors to the meet, including a pair of Shockers moved up to the varsity after their wins at McLean last week, Jesse Washington and Jim "Gunner" Brown.

Brown and Teddy Bird will be in the high jump, Waylon Bulard and Randy Johnston in both high and low hurdles and Little Butch Crossland in the broad-jump. Crossland will also be in the 100-yard dash with Davy McDaniel and in the 880-yard relay with McDaniel, Danny Hill and Jimmy Jamieson.

Jamieson, McDaniel, Washington and Mark Westbrook will be in the sprint medley relay and Washington and possibly Westbrook in the mile. Coach Norman Phillips explained that there will be no 880-yard run for the Pampa record-holder to compete in, as well as no 220 or 440-yard dashes, so the slim speedboy may make a try at the mile.

Phillips scratched a mile relay team as he felt the best candidates for that event would be in too many other events. Former Pampa High champ Randy Matson, now a Texas

A&M freshman, will give an exhibition of shot putting and discus throwing. Another Olympic candidate, Bill Miller, ex-McMurry star, will give an exhibition of broad jumping.

Several records are threatened, in the eight-team university division and in the high school ranks. Matson's teammate, Danny Roberts, is figured to break the discus record of 171' 2" after his 171-7 in the Border Olympics last week. Richard Romo of Texas, who ran a 4:10.3 mile at Laredo, is

after the 4:18.6 record here. Kermit pole-vaulter Gary Hobson, who has jumped 13-5 1/2, is after the meet record of 13-10.

Preliminaries in the running events and finals in all field events of the high school division are scheduled Friday afternoon. Finals in both high school and college events will be Saturday afternoon.

What It Was, Was Basketball As Exes Edged Futures, 63-62

By JEFF COHANE
Pampa News Sports Editor

What it was... they called it basketball. What it was... 10 boys and a basketball got out on the Harvester fieldhouse court yesterday and settled some old grudges, including one against the basketball, which was almost up-kicked through a window.

Attached by the lenient eye of referee Roy Kieval, a referee from the tennis court; and referee Cousin George Smith, a farsighted import from the south center; last year's Harvesters, reserves and Shockers, led by a "long-count" scorekeeper, worked off some old grudges.

What it was, in between the picking, slicing, pushing and kicking, was Rick Stewart's 20-footer with six seconds to go to give the Exes a 63-62 victory over the Futures in their annual basketball game.

The game featured some outstanding ballplaying, both on the part of the Futures and the Exes, who despite their gray hairs and noticeable paunches, reverted to their old special-ty of ball-hawking and fast-breaking. Charlie Price, battling under the handicap of six points, hit from all over the court and fought the boards against Ropes Roper until fouling out; while the game was highlighted by the tremendous outside shooting of Stewart and Tony Hebert for the Exes and Ari Harnsberger and Charlie

Snuggs for the Futures. Gary Griffin turned traitor to former coach Terry Culley, as the All-Stater took over to mastermind the Exes, but to no avail at first. Bob Howard opened the scoring on a jump shot and the Futures led throughout the entire first quarter, Snuggs and Roper leading the way on defense as the Futures hit from the corners. Roper picked up his third foul and came out with the Futures leading by seven and in the space of a minute, the Exes came back eight points and went ahead until Howard hit again just before the buzzer for a 15-14 Future lead.

The Shockers opened the second quarter and the Exes quickly went ahead on the outside shooting of Price and the free throws of Hebert, moving to a nine-point margin. Harnsberger hit to keep the Futures in contention, but the Exes had a 36-29 halftime lead. With Roper and Snuggs back in and Harns continuing his sharp shooting, the Futures tied the score. Rock Hill and Price moved the lead back up to five, but Snuggs tied the game again. Hebert then leaped into the air just before the buzzer and fired a 40-foot one-handed swish into the basket for a 52-50 Exes edge.

With Hebert on the boards and leading the fast break, the Exes kept the edge despite Harns' gunnery. Price fouled out early in the period, but Stewart kept

the Exes ahead and Harnsberger returned the compliment by hearing his final buzzer. Snuggs kept belting the nets and with 1:10 to go, Roper stuffed one in for a 62-61 Futures lead.

The tired Exes worked carefully for the last shot, waited almost too long, and then Stewart suddenly leaped high and dropped the winning bucket in.

Price led the scoring with 24 points, Stewart had 16, Hebert 12. Snuggs topped the Futures with 14; Harns had 12 and Roper 10.

A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Who Can We Believe?

The report of the United Nations Fact-Finding Mission to South Vietnam has just been released. It reveals that once again the American people have been hoaxed.

Last year, the wire services and TV networks told us how the Diem government was persecuting Buddhists. In fact, the hate-Diem campaign was built so effectively that few people were upset when the CIA-aided revolt ended in Diem's assassination.

Now, however, the UN report reveals that most of what we heard through the press cannot be substantiated. Even the suicide burnings by Buddhist monks were apparently "rigged." Many who burned themselves had been deceived as to actual conditions and expected to die anyway. One intended suicide testified to the UN committee that he was given prepared statements to sign and was promised drugs to resist the pain of fire.

Although the UN has not distinguished itself as the source of all truth and wisdom, the current report gains credence because it had been expected to hear further abuse on Diem.

So we can add the Vietnam hoax to the many others we've suffered at the hands of our opinion-molders. Remember how Mao Tse-Tung was an "agrarian reformer"? Remember Fidel Castro, the "George Washington of Cuba"? Even now, it appears that many of Barry Goldwater's campaign speeches are being deliberately quoted out of context to discredit him.

What does all this mean? Can we believe no one? Are we to distrust the wire services, networks, politicians? To whom can we turn for the truth?

We must look to ourselves. When we stand on principles that we honestly understand, we do not need to rely upon persons or groups for truth. For the ups and downs, the lefts and rights, of various news items will not concern us nearly so much.

With regard to Vietnam, for example, the Constitution forbids the use of American tax money and American lives to settle a purely foreign war. So what difference does it make whether Diem was a "good guy" or a "bad guy." If our government were to stick by the Constitution and end all foreign aid, it is doubtful the Communists would have enough strength to attack in Vietnam or anywhere else. So why wonder who's friend and who's foe?

If we believe in freedom and the Constitution, then we should demand that the U. S. Government quit trying to be the policeman, Santa Claus and big brother to the whole world.

On the domestic scene, if we compel government obedience to the Constitution — then we'll no longer have to worry about the good or bad intentions of men in office.

Who should we believe? We should believe our own principles, our own convictions that a free society provides the best opportunity and security for all. Working for that freedom should be our number one concern!

Square Pegs for Round Holes

Anyone who looks to Title VII of the Civil Rights Act — purporting to assure "equal employment opportunity" — for relief of national unemployment is deceiving himself. The Act will create no jobs — beyond the appointment of five Commissioners and swarms of Federal inspectors to implement the nationwide game of musical chairs business and industry will play while these minions call the tunes and supervise the substitution of one employee for another — of a different complexion, or religion or national origin.

No more people will be going to work — just different ones.

Under this Act, mere integration will not do. If a Federal inspector finds that a business is guilty of racial or religious discrimination, it can no longer employ or promote the workers it desires. Instead, it must employ and advance persons of those races and religions ordered by the inspector, and in the numbers specified.

Such Federal control of hiring and firing (which in most cases will counterbalance), promotion, demotion and payment of employees, means the end of the seniority systems of labor unions — and ultimately, it would seem, the end of the unions themselves. It also marks the end of an employee's rights within his company.

It should also be noted that the inspector's authority covers all job classifications — common laborers and the most highly skilled, secretaries, supervisors and vice-presidents. If the unions with whom the employer has contracts cannot furnish workers of the proper color or creed who have the needed skills, they must be hired outside of the union. If, even so, they are not available, the unskilled must be hired and trained — to replace those who are happy and competent in their jobs, perhaps with high union seniority!

Under such meddling — and the Act gives Federal administrators the powers of prosecutor, judge, jury and executioner — our vaunted free enterprise system would no longer be free — and not long a system. Our competitive economy would not long remain competitive as more and more businesses and industries found themselves unable to control either costs or operations. Since the Act does not empower the Federals to bring in the payroll money, the jobs existing at the start of this "reform" would diminish rapidly.

Congress, you might think, would NEVER pass such a law. But the House HAS, 290 to 130. And the Senate, under extreme pressure, is expected to do so — unless the prospective victims, who are all colors and creeds, rise up in force and demand of both their Senators that they vote down this bitter deception of all who want to work.

Pull Up A Chair

By Frank J. Markey

The plan to change our money from greenbacks to multi-colored currency was rejected by Treasury officials and Congressmen. The idea, suggested recently in a Sunday supplement feature article, brought an unusually heavy mail response, with most of the letter writers voicing disapproval. Treasury officials say it is not practical or feasible to change from the traditional green to a multi-colored denomination system. For example, the Secret Service, which has a fine record in coping with counterfeiters, says that changing the color would play into the hands of the phony money boys.

Today's smile: We like the one about the captive missionary who said to a cannibal: "Why do you stare at me like that?" The cannibal said: "Because I'm the food inspector."

There's a story going the rounds in Detroit that General Motors is "saving up" to buy the Federal government. The company, according to a recent report, has \$2.3 billions in cash and marketable securities, which is more than the assessed valuation of many states. For example, G. M. could buy Minnesota at its current assessed valuation of \$2,261,000,000; or settle for Utah (\$1,344,000,000), plus Nevada (\$875,000,000). Maybe the railroads could make a buck if they eliminated free loading. A recent survey in New Jersey showed 73 out of 80 state legislators and nearly 1300 other state officials in the Garden State ride on free passes.

WASHINGTON — The Secret Service and FBI are keeping under close scrutiny a "group of fanatics" credited with plotting the assassination of President Johnson and a number of others.

The other targets include Chief Justice Earl Warren, Martin Luther King, the controversial Negro leader, and an unnamed Catholic and Jewish leader.

The Catholic is believed to be Speaker John McCormack, Mass., next in line of succession for the presidency. Recently, the head of a government security agency told the veteran congressional leader that the Communists consider him their "No. 1 opponent" in the U. S.

The reputed murder plot against the President was the real reason for the extraordinary measures taken to protect him during his recent Florida trip.

Those published reports about a suspected "Cuban suicide pilot" were purposely leaked to the press as a stratagem to divert attention from the extensive precautions taken by the Secret Service and FBI. These included Secret Service Chief James Rowley personally accompanying the President.

As reported to the FBI and Secret Service, the alleged attempt on the President's life was to have been made in Florida.

There was no indication of the place and timing of the reputed murder attacks on Chief Justice Warren, Speaker McCormack, Reverend King and others. But the three were warned and extra safeguards instituted.

Warren has been the target of threats since becoming chairman of the special commission investigating the assassination of President Kennedy. These threats have come from both the extreme left and right. Several other members of the commission have received similar menacing letters.

HOW THEY LEARNED ABOUT IT — A mysterious telephone conversation between Florida and Washington put authorities on the trail of the assassination — talking "group of fanatics."

The Florida caller told his Washington listener that he had heard a newly-organized "group of fanatics" was planning to kill the President, Chief Justice Warren, Reverend King, and a notable Catholic and Jew. Also that the attempt against the President would be made when he visited Florida.

A telephone operator overheard part of this startling discussion and immediately informed the FBI.

The call was quickly traced and the two individuals interrogated.

It developed that neither was connected with the alleged assassination plot. But information was elicited that has enabled the security agencies to put a number of individuals in various parts of the country under constant scrutiny.

So far, no evidence has been uncovered warranting legal action. But the matter is far from closed.

Exactly ten years ago this month, three Puerto Rican nationalist extremists fired some 30 shots from a visitor's gallery in the House wounding five members on the floor below. As a result of this 1954 shooting, a special committee was named to formulate better security arrangements.

Plain-clothes guards in the House and Senate galleries at every session; prohibition against visitors carrying cameras or other packages, although women are permitted handbags; and the requirement that every visitor obtain an admission card from a senator or congressman.

On the few occasions the President addresses Congress, all these precautions are redoubled. Admittance to the galleries is limited to those known personally by individual legislators.

On other days, however, getting an admittance card is routine. In effect, all that has to be done is to go to a member's office and ask for one of the printed cards from a clerk. And while cameras are barred, women's handbags are permissible — which is how the Puerto Rican desperados brought their guns into the House.

Congress also created its own police force of 150. But it's dispersed throughout the huge Capitol and the five office buildings, and during the tourist season, from April to October, these uniformed guards amount to little more than traffic controllers of the hordes of sightseers.

When the House and Senate are in session, their members are still pretty much sitting ducks for anyone bent on murder.

Secret Service Chief Rowley warned the House Appropriations Committee of this when he appeared to discuss his budget. In this private conference, he told the committee that both chambers of Congress need additional protection. He pointed out this was out of his jurisdiction, but urged it be dealt with promptly.

"With the troubled world situation being what it is today," Rowley said, "conditions could arise which would lead to an attack from the visitors' galleries. They are wide open to that."

Some members favor closing the galleries to the public, but they don't say so out loud.

DULL AND FUTILE — "Bobby" Baker has a version all of his own of his headlined appearance before the Senate Rules Committee, when he took the Fifth and several other constitutional privileges to refuse to answer embarrassing questions.

The American Way

WHEN INDIVIDUALS PLAN By Harry T. Everingham President of "We, The People!" Why do some entire families look much neater, healthier, happier and better off than others? The answer's so simple it's almost unbelievable — they plan it that way.

There may be many Americans who would like to better themselves, but they don't know enough of the basic facts necessary to plan successful lives. Consequently, they miss many of the opportunities offered by our American Way of Life!

Life in America is a challenge to our individual effort and initiative. It's like any game where there are rules to follow, and skills to acquire: It is much easier to play when you practice and plan.

First, it's good to ask yourself, "What is the purpose of this game of life? — I want greater security. I want recognition. I want happiness. To get these, I must get a better return for my efforts. . . ."

Motive

Then we ask ourselves, "How can I get more of these things out of life? There must be some plan I can follow to get more happiness, security, recognition and satisfaction from what I do."

When we question the most successful people we know, we find that the following truths are the surest course to success in anyone's life:

- 1) You can change your life by changing yourself —
- 2) You benefit yourself by serving others —
- 3) Whoever serves others best, profits the most —
- 4) To succeed with people, you must like and respect people —
- 5) You win recognition by work —
- 6) No one can give you security — you have to earn it —
- 7) Living the golden rule pays off —
- 8) To be happy, you must think happy thoughts —
- 9) Whoever offers excuses has little else to offer —
- 10) To become a leader, you must first master yourself.

Method

But few people ever follow these secrets for success, because they are "too much bother." They call for great self-discipline. You might even say they are almost "against human nature," because they are so foreign to our inborn selfishness.

So that leaves plenty of room at the top for those who will make the effort. Try these secrets for success and see what happens! You may shock some people at first because no one expects to be treated so considerably, but their response will also pleasantly surprise you! Soon you find yourself associating with people like yourself — interesting people who have won the greatest recognition in their chosen fields — people who are winning ample rewards for their efforts. They are people with a plan!

Results

What would happen if everyone followed such a plan? Competition to get ahead would be so keen that everyone would try to offer a better product or a better service at a lower price! Everyone would be unselfish and thoughtful of others — living their religion in everyday life. . . . Talk about "heaven on earth!" . . . But we could never accomplish this by passing laws. Or by socialist planning! It can only be done by inspiring individuals to improve themselves — the American way!

America's frontiers today are

not in the west, or east, north or south — they are wherever a man can find a better way of serving his fellow man.

CAPITOL EYE:

Rocky Seen As Problem Boy by GOP

By BRUCE BLOSSAT

WASHINGTON (NEA)—Many Republican party leaders might be acutely embarrassed if New York Gov. Nelson Rockefeller were to surprise them and win some major victories on the presidential primary circuit.

Some of these men have been saying "anybody but Rockefeller" for nearly a year now. They are almost totally unprepared for the idea that he might somehow re-emerge as a serious prospect for the nomination.

Most of them seem to be betting that they will never have to suffer this embarrassment.

Yet some of these same politicians argue that Arizona Sen. Barry Goldwater could take a spill in the big primaries. And in California, most significant of all, a Goldwater defeat can only mean a Rockefeller triumph.

Obviously there is a strange gap here in many leaders' thinking. They talk increasingly of the chance Goldwater may fall in the late-season primary tests. They seldom discuss what may happen to Rockefeller should he prove the agent of Goldwater failure.

But if he were to capture California—and perhaps Oregon, the governor would largely erase fears that his remarriage is a grave political handicap. He would also destroy this issue as a cloak for other kinds of hostility toward him and his views.

Victory in the June 2 California primary would give Rockefeller 86 delegate votes. On that same day he will get all or most of his own state's 92 votes. His maximum pickup could be 178—of 655 needed to nominate—just 41 days before the opening convention gavel at San Francisco.

Should Oregon's 18 votes and a likely 12 from friendly Vermont be tossed into his bag, the governor then would have a bed-rock 208 — nearly one-third of a winning total. This assumes no pickup at all from any other quarter.

Four days after the California voting, four state conventions will choose delegates in convention. Again, politicians will be on the lookout for the main trend, in places like Connecticut, Minnesota, Washington.

The key signal from the western primaries will register also on hundreds of already chosen but largely uncommitted delegates in Massachusetts (34), New Jersey (40), Michigan (48), Ohio (58), and other states.

THE QUESTION IS SIMPLE—Could a Rockefeller fresh from victory in California and Oregon, strutting the Governors Conference stage in Cleveland, be ignored by Republican leaders in the decision-making days from June 2 to July 13?

Far from having ready answers, most of these men indicate — in telephone interviews drawn from across the country — that they have not even framed the question in their minds.

A Rockefeller success at the primary polls is the one eventuality they seem determined not to confront until and unless they must.

 Rep. Grainger McWharty, House Bldg., Austin, Texas.

marked, "I hear you looked wilted when they got through grilling you."

"Wilted," snorted Baker. "I wasn't wilted. I was just bored."

SKINNING DOWN — George Reedy, bulky long-time press assistant to President Johnson, is in a Washington hospital undergoing a tough reducing regime. He is doing that at the instance of an unusual specialist — his boss, the President.

Reedy entered the hospital for a physical check-up. Johnson visited him, and suggested it would be a good time for Reedy to cut down his considerable excess weight. Reedy's doctor enthusiastically seconded this suggestion, so he had no alternative but to agree. To keep him occupied, two telephones were installed in his room, and his secretary comes there daily. Thus he is keeping up his work and reducing at the same time. His goal is 25 lbs. . . . Washington book stores already have a flood of orders for the first new book on President Johnson. It's titled "Lyndon B. Johnson: A Biography" and the author is Harry Provench, long-time personal friend and prominent Texas editor. Provench worked on the biography for several years, and draws a vivid and revealing picture of Johnson, whom he portrays as a man neither easily known nor understood but always dynamic and forthright. The book goes on sale later this month, and appears a certain best seller.

The Almanac

By United Press International

Today is Thursday, March 12, the 72nd day of 1964 with 294 to follow.

The moon is approaching its new phase.

The evening stars are Venus and Jupiter.

On this day in history:

In 1912, Mrs. Juliette Gordon Low organized the first Girl Scouts of America troop at Savannah, Ga.

In 1933, President Roosevelt made the first of his many popular "fireside chats."

In 1938, Germany invaded Austria.

In 1963, the House voted to grant former British prime minister, Sir Winston Churchill, honorary citizenship in the United States.

A thought for the day—President Franklin D. Roosevelt once said: "It is an unfortunate human failing that a full pocketbook often grins more loudly than an empty stomach."
