

7... South Optimist—II Easter Conception Changes With Time

(EDITOR'S NOTE: This is the second in a series of stories based on the meaning of Easter as written by Pampa High School students for the Pampa Daily News.)

By MARTHA BEARDEN

As I have become older the associations I make with Easter have changed.

My very first remembrances of Easter, as those of most young children, have to do with the annual visit of the Easter bunny and the surprise he'd leave for me, the chocolate egg or little rabbit and the bright-colored eggs he hid in the yard for me to find. Today, as I look back at all the fun on those egg hunts, I'm just a bit sorry I outgrew them.

I will always think of Easter as the dawning of spring time. It is on Easter morning that many of us first notice that the flowers and grass are beginning to peep out from under the ground which it seems that so short a time ago was snow-covered. Easter, too, seems to be the day when people make a debut in bright new spring clothes, straw hats, and white shoes.

But Easter has a much, much deeper meaning than any of these. Easter signifies the arising of Christ from His tomb three days after His crucifixion. His arising assures us that all Christians might receive redemption for their sins.

Bands of Negroes Rioting in Florida

JACKSONVILLE, Fla. (UPI) — Violence turned the Negro section of this "Gateway to Florida" into a dark jungle Monday night where whites passing through were beaten, slashed and shot. A Negro woman was killed by gunfire.

Much of the violence was done by gangs of Negro youths who threw firebombs at white-owned stores and rocks at passing cars. The youths apparently were angered by the arrests earlier in the day of 127 racial demonstrators in downtown Jacksonville.

State troopers sped to an expressway leading through the section and blocked all traffic from entering the area. Reinforced police patrols gradually restored order and city police Capt. Leslie Canderson said found 1:30 a.m. EST that "all quiet."

"We don't see any trend in this thing," Canderson said. "It's just one of those things that happen every so often."

Quiet Since 1960

It was the first such violence at the state's second largest city, near the Georgia border, since a 1960 racial flareup when organized bands of Negro youths staged hit-and-run violence strikes through the city.

The gangs Monday night attacked motorists and pedestrians—all white, with one apparent exception. Three sailors, including two Negroes were fired upon by a Negro man as they

Capt. Bill Arrington, left, accepts congratulations from Col. Boyce B. Phillips, battalion commander, for the personnel of Company B of the 142nd Infantry after the unit was honored for its work in the February airlift during the 16-inch snow storm which brought the Panhandle under emergency status. John Connally sent the unit his personal thanks for the execution of the airlift to cattle in this area.

HONORED BY GOVERNOR — Capt. Bill Arrington, left, accepts congratulations from Col. Boyce B. Phillips, battalion commander, for the personnel of Company B of the 142nd Infantry after the unit was honored for its work in the February airlift during the 16-inch snow storm which brought the Panhandle under emergency status. John Connally sent the unit his personal thanks for the execution of the airlift to cattle in this area.

Official commendation from Texas Gov. John Connally for execution of emergency duty was presented Monday night to 17 members of Company B, Second Battalion of the 142nd Infantry of the Texas National Guard.

The Pampa guard unit received the governor's commendation in special ceremonies at the National Guard Armory as Col. Boyce B. Phillips, commander of the group, honored the unit and its officers.

The commendation came from an airdrop of hay to cattle during the February snowstorm which caused the Panhandle to be declared in an emergency area.

Phillips read the letter from Connally along with messages from Bishop and Maj. Gen. Everett S. Simpson, commanding officer of the Texas National Guard.

Bishop's message said in part: "It is with great pride that I transmit this commendation by Governor Connally pertaining to the outstanding performance of emergency duty during Feb. 4-9. The exceptional speed and well-organized response of your unit and each individual Guardsman was in the highest traditions of the Texas Army National Guard."

Simpson added his congratulations and told the unit "such dedicated service and exemplary performance of duty is in keeping with the highest traditions of the 36th Division and you have my personal thanks for a job well done."

Besides the Governor's commendation, Phillips also presented the unit with a certificate of efficiency in training during the past summer encampment at Fort Hood. The unit was one of a very few to receive such an honor.

Phillips was joined by Mayor H. R. Thompson, Sheriff Rufe Jordan, County Judge Bill Craig and Civil Defense Director Bill Leonard in commending the unit for its work.

Those taking part in the airdrop were Bill Arrington, Donald Booth, David Crossman, Lilliborn Howell, Leaton Hawkins, Wes Langham, Curtis Prescott, Charles Lacy, James Lee, Bernard Enloe, John Radcliff, Orval Kirkham, William Broxton Jr., Robert Morris, Raymond Roberson, Michael Stilwell and Leland Knight.

Downtown Group Seeks City Help

Charter Change Among Requests

A delegation of downtown merchants and property owners called on the city commission today for a professional re-evaluation to equalize property taxes, adequate parking, redevelopment and beautification of downtown area and a program to improve streets and highways leading into the downtown business district.

The group also asked that a charter commission be formed to present to Pampa voters as soon as legally possible "needed charter changes" that would include a change giving the city power to annex adjacent property.

The delegation's spokesmen were Tom Rose, auto dealer, and Ray and Kirk Duncan, real estate brokers.

All three read prepared statements. Rose reported on action being taken in other cities including Dallas, Amarillo and Lubbock.

Ray Duncan stressed what he termed a need for equalization of land values and Kirk Duncan discussed a proposal to use parking meter revenue to provide off-street parking facilities and street improvements.

Rose said Dallas, Lubbock and Amarillo all have the same problems in their downtown areas that confront Pampa and added that all three cities are facing up to the situation by taking active steps to solve them.

He said the group appearing before the city commission today comprised representatives of the Downtown Merchants Association and certain downtown property owners.

Rose stated that a move is now under way to organize a downtown association of both property owners and merchants.

He pointed out that both Lubbock and Amarillo have asked their city and school governments for a reevaluation of downtown property. Dallas, he said, has taken similar action.

Rose went on to say: "Gentlemen, we have in Pampa serious downtown problems also. Property values are declining, meter receipts are declining, there are about 20 vacant buildings. Some have been vacant for as long as two or three years. Rents have had to be cut in many instances so that the tenant could stay in business and so the property could be rented.

"To alleviate the situation we have come to the city for immediate help in solving two problems — equalization of taxes and parking.

"Concerning taxation we recommend that the following steps be taken:

1. That immediate action be taken this year to equalize land values. Downtown appraised land values range from \$655 down to \$165 whereas on North Hobart, the value is \$150 per front foot.
2. That we are not suggesting or recommending that appraisals be raised on N. Hobart. Instead we believe that reductions in downtown values are clearly needed.
3. That reductions be made on property in cases of obvious over-assessment.
4. That action be taken as soon as possible for a complete professional reevaluation of commercial property by our tax department giving credence to actual market sales, earning capacity, and replacement using modern methods and materials along with the other factors such as are being considered in neighboring Amarillo.
5. That the City embark upon a positive program to convince certain property owners that are now outside the city limits, to voluntarily come into the corporate limits for the mutual advantage of both. These are properties adjacent to our city limits that are using city utilities and services and have no real reason for being outside the city limits. A case in point is the Coronado Shopping Center which is outside our corporate limits. This multi-million dollar property is using the facilities of the city but is not

GENERAL MACARTHUR
... old soldier

Gen. Mac's Condition 'Serious'

WASHINGTON (UPI)—Gen. Douglas MacArthur's doctors reported today the old soldier is "progressing as well as can be expected" from his second major operation in 18 days.

But his doctors disclosed that in addition to a six-hour operation Monday to halt severe internal bleeding, it became necessary early today to perform a tracheostomy on the 84-year-old war hero. This entails insertion of a tube through an incision in the throat to aid breathing.

A team of doctors headed by the Army's surgeon general examined MacArthur this morning and issued a brief statement saying only that he was progressing as well as could be expected.

But other hospital sources said the general's heart beat and blood pressure were normal — encouraging signs — after anesthesia wore off.

Issue Statement

MacArthur's doctors issued this statement at about 8:45 a.m. EST after examining him: "General MacArthur is reacting to his surroundings and progressing as well as can be expected following the surgery he went through yesterday.

"A tracheostomy was performed late last night to assist his breathing."

It was reported that the tracheostomy — which differs slightly by medical definition from a tracheotomy operation — was performed after midnight although the medical statement mentioned the time as late Monday night.

Before the general's earlier operation this month when his gall bladder was removed along with a quantity of gallstones, doctors at the hospital observed that any major operation on a person of his age must be considered serious.

Further illustrating the seriousness of the hemorrhaging experienced by MacArthur was the fact that he received blood transfusions amounting to a full two gallons — 16 pints — during the operation. And his spleen was removed.

In a medical bulletin issued shortly before midnight Lt. Gen. Leonard D. Heaton, the Army's surgeon general and the man who headed the surgical team, said:

"Considering the seriousness of the operative procedure, Gen. MacArthur continues to react satisfactorily. The vital signs, which include pulse and blood pressure, are holding up well."

Hours after the operation MacArthur was in the hospital recovery room, still unconscious from the effects of anesthesia. Sources warned that his condition might worsen once he regained consciousness.

The spleen, which is located in the upper gastrointestinal area, is not necessary to life and can become a threat to life if diseased or damaged. It acts as a blood reservoir for the body and also is believed to play some part in the body's disease defenses.

US Envoy Stabbed By Jap Teen-ager

TOKYO (UPI)—U.S. Ambassador Edwin O. Reischauer was stabbed in the leg today by a 19-year-old Japanese who police said was mentally retarded. Embassy officials said the four-inch wound was serious but not critical.

Reischauer, 53-year-old former Harvard professor, underwent surgery for more than two and one-half hours to probe and stitch the wound in his right thigh. He was given a transfusion because of "considerable" loss of blood.

Reischauer was saved from possible further injury by two Americans who wrestled with his assailant, Kowa Shiotani, and held him until police arrived, then gave first aid to the ambassador.

Police said Shiotani had been a mental patient in his home city of Numazu, 100 miles from Tokyo. They said he appeared to have several grievances against the United States for its postwar occupation policy in Japan.

The government expressed regret for the incident, the latest in a series of political stabbings. Reischauer, who was born in Japan of American missionary parents and speaks fluent Japanese, is a popular and effective ambassador.

Police said Shiotani told them he also had poured gasoline on a rug inside a U.S. Embassy house in January. They said he had been arrested on suspicion of arson but released.

Today, Shiotani climbed a wall and entered the embassy compound. He approached Reischauer as the ambassador was walking out of the building on his way to lunch.

John Jerchak of Fairfax, Va., one of the Americans who seized the youth, described the scene that followed:

Plans Shaping For Action on Sewage Plant

City Manager Harold Schmitzer told city commissioners today that Pampa's consulting engineers and fiscal agent have been appraised of the city's proposal to take preliminary steps for a bond election calling for a new sewage treatment plant and the replacement of nine miles of concrete sewer lines.

The engineers, Forrest & Cotton of Dallas, and the fiscal agent, R. A. Underwood & Co., also of Dallas, have been asked to begin their part of the planning.

Wayland Merriman, local consulting engineer, said the first step involves securing land on which the plant would be built.

"We plan to make a survey within the next few days," Merriman said, "and will present the commission with a description of the property needed."

It was estimated that the combined project of the treatment plant and the sewer line replacements will total approximately \$800,000.

"We will finalize our estimates on the treatment plant itself just as soon as possible," Merriman said.

In other business:

The commission gave first reading to an ordinance annexing several homes on Aspen St. between 23rd and 25th Aves.

Accepted work on the remodeling of the Railroad Commission offices in City Hall and authorized payment of \$10,145 for the work to Bud Hogan Construction Co.

Authorized a city payment of \$1,193.10 to the Canadian River Municipal Water Authority.

Authorized transfer of \$19,279 from the general fund to the library fund.

'Fine Prize' Offered in Fund Drive

Something new has been added in the Pampa Industrial Foundation drive program.

A "very fine prize" will be presented at 10 a.m. Wednesday to the team captain with the greatest percentage of workers present in the campaign's final coffee report meeting before the Easter holidays.

The prize, which is being kept secret by campaign officials, is part of an effort to sustain current interest in the \$200,000 investment campaign which will go to attract new industries to Pampa.

Fred Neslage, general chairman for the drive, urged every campaign captain to "call" all workers and get them to show up for the coffee hour Wednesday.

The foundation drive officials hope to be able to have 100 per cent attendance for the morning session. The campaign passed the \$125,000 mark Monday at the drive's last meeting.

This figure does not include a \$20,000 challenge pledge by Cabot Corporation which was made by Gene Green, Southwest division general manager. Last week, Green told the workers that if Pampa invested \$180,000 in the foundation, Cabot would put the remaining \$20,000 into the fund.

The campaign will resume work Tuesday following the Easter holiday break.

Ruby's Family Still Looking for Lawyer

DALLAS (UPI)—The family of convicted killer Jack Ruby, two high-powered lawyers already behind them, today looked for a new one who might save their brother from the electric chair.

Percy Foreman of Houston, the best-known criminal lawyer in Texas, resigned from the case Monday in a dispute with the family.

He was hired last week when Ruby personally fired Melvin Bell of San Francisco because of Bell's tirade against Dallas and the court that convicted him.

"You can call it a clash of personalities; a difference of opinion," Foreman said. "My idea is that when a lawyer accepts responsibility for a man's life, he ought not to have to share that responsibility with a civil lawyer or with a number of unlicensed relatives," he added.

Bell declined comment on Foreman's quitting.

Foreman's friendly three-page letter of resignation was delivered to Ruby in his cell at the Dallas County Jail by Sheriff Bill Decker. It was Ruby's 53rd birthday.

Foreman was hired by Ruby's brothers, Sam, Earl and Hyman, and sister Mrs. Eva Grant of Dallas and Mrs. Eileen Kaminsky of Chicago.

Sam Ruby said he was sorry the family could not reach an agreement with Foreman. He said the family was not informed by Foreman that he was quitting, but had read it in the newspapers.

Governor Praises Pampa Guard Unit

Official commendation from Texas Gov. John Connally for execution of emergency duty was presented Monday night to 17 members of Company B, Second Battalion of the 142nd Infantry of the Texas National Guard.

The Pampa guard unit received the governor's commendation in special ceremonies at the National Guard Armory as Col. Boyce B. Phillips, commander of the group, honored the unit and its officers.

The commendation came from an airdrop of hay to cattle during the February snowstorm which caused the Panhandle to be declared in an emergency area.

Phillips read the letter from Connally along with messages from Bishop and Maj. Gen. Everett S. Simpson, commanding officer of the Texas National Guard.

Bishop's message said in part: "It is with great pride that I transmit this commendation by Governor Connally pertaining to the outstanding performance of emergency duty during Feb. 4-9. The exceptional speed and well-organized response of your unit and each individual Guardsman was in the highest traditions of the Texas Army National Guard."

Simpson added his congratulations and told the unit "such dedicated service and exemplary performance of duty is in keeping with the highest traditions of the 36th Division and you have my personal thanks for a job well done."

Besides the Governor's commendation, Phillips also presented the unit with a certificate of efficiency in training during the past summer encampment at Fort Hood. The unit was one of a very few to receive such an honor.

Phillips was joined by Mayor H. R. Thompson, Sheriff Rufe Jordan, County Judge Bill Craig and Civil Defense Director Bill Leonard in commending the unit for its work.

Those taking part in the airdrop were Bill Arrington, Donald Booth, David Crossman, Lilliborn Howell, Leaton Hawkins, Wes Langham, Curtis Prescott, Charles Lacy, James Lee, Bernard Enloe, John Radcliff, Orval Kirkham, William Broxton Jr., Robert Morris, Raymond Roberson, Michael Stilwell and Leland Knight.

Cypriots Mum On Role of K

NICOSIA, Cyprus (UPI)—Greek Cypriot sources today refused to comment on an unconfirmed report that Soviet Premier Nikita S. Khrushchev has promised military action against Turkey in case of Turkish intervention in Cyprus.

The report came as hopes for early political negotiations toward a Cyprus settlement rose with the agreement on former Finnish Premier Sakari Tuomioja as United Nations mediator here. U.N. Secretary General Thant said in Geneva he wants Tuomioja to go to Cyprus "as soon as possible."

If it comes from a hardware store we have it. Lewis Hdw. (Adv.)

Quiz Set on Profiteering

WASHINGTON (UPI)—A double-barreled investigation into alleged profiteering in the marketing of meat and poultry today appeared imminent.

The House Agriculture Committee plans to look into charges that retail stores have not been passing along to consumers the benefits of the lowest wholesale beef prices since 1957.

Rep. Alec G. Olson, D-Minn., said investigators already had found evidence of apparent profiteering in a study of Washington's retail meat prices.

'Old Man' Wins Battle Over Sea

DAYTONA BEACH, Fla. (UPI)—A local fisherman was recuperating today from a two-day ordeal of bailing his sinking boat and gradually growing weaker.

Ralph Wetherell, 56, was spotted by a Coast Guard patrol craft early Monday shortly after his fishing boat went down 25 miles off the coast.

A Navy helicopter attempted to pick him up, but he apparently was too weak to grasp a sling and a Cape Kennedy patrol boat made the rescue.

Wetherell said he left here early Saturday for some "drift fishing" and his boat struck an unidentified object and started leaking.

He told officials he had been bailing with a 10-gallon can up until the time the boat went down Monday.

WEATHER PAMPA AND VICINITY — Fair and cool this morning. Considerable cloudiness and colder tonight and Wednesday with a chance of occasional light snow late tonight and Wednesday. High today in low 50s with low tonight in mid 20s and high Wednesday in the upper 30s.

Officials Learn Hard Way on Election Rule

By TEXAS SANFORD
Texas Press Association

AUSTIN (Sp1)—District, county, city and precinct officials learned the hard way from the Texas Supreme Court that the constitution and laws mean what they say.

Since 1876, the constitution has provided that a federal or state official is not eligible to serve in the Texas Legislature during the term to which he was elected to his previous office.

Even resignation before filing will not cure the ineligibility, the high court held in ruling former Bexar County Commissioner Sam Jorrie off the ballot as a House candidate and in refusing to order ex-Fort Worth City Councilman Doyle Willis certified as a Senate candidate.

Jorrie had resigned February 1, and his successor has been named. Willis' place was automatically vacated when he filed for the Senate. His successor, too, has been named.

The decisions also will apply to a Port Arthur city councilman, Bob Wyde, and to a Fort Worth constable, O. L. Watson Jr., both of whom had filed in the Democratic primary for legislative seats.

In a Travis County case, the Court held that Justice of the Peace Curtis Lac could not run for re-election because he had

moved out of the precinct, and did not meet the law's standard which is: You must have lived in the precinct, county or district you seek to represent for at least six months before the primary or general election at which you seek to be elected.

Supreme Court also kept in force an earlier decision that slant-hole oil wells can be redrilled or straightened. A Railroad Commission motion for rehearing was refused.

In a San Antonio case, the Court agreed with a Court of Civil Appeals ruling that income from a Texas trust could not be spent for establishing a non-medical "clinic" hospital in California which would be illegal in Texas.

Attorneys for two big discount stores challenged Sunday closing laws. Shoppers World Inc. of Corpus Christi claimed any type of article may be sold on Sunday if customers sign a certificate that their purchase is necessary to their welfare, health or safety. Spartan stores' attorney attacked the 1961 blue law's constitutionality.

In the Third Court of Civil Appeals, a 1960 ordinance by which LaPorte annexed 12 square miles of territory in Harris County won approval in a decision reversing the trial court.

ELECTION TIME — Student Council leaders gather around the ballot box at Lefors High School as they get ready to stage spring elections for new school governmental officers. They are from left, Dave Roberts, Bill Nichols, Phil Woodring and Don McCool.

Assembly Will Honor Area Exchange Pupils

Pampa High School will hold its annual American Field Service assembly at 9:45 a.m. Wednesday at the Field House. Foreign exchange students from all over the Panhandle area have been invited to participate in a panel discussion which will center around their culture at home, and give their impressions of the same things in America. Larry Gregory, Senior Class president, will moderate the panel.

The assembly is being held in conjunction with International Week at Pampa High School. Each homeroom will decorate its door in a manner typical of a foreign country carrying out a world friendship theme throughout the school. Following the assembly program the visiting students will visit various classes until noon when they will be guests of the school for lunch.

Student Council President, Don Rexroad, will preside at the assembly and welcome special guests, including all members of the local American Field Service Chapter and parents of Pampa High School's AFS students, Dr. and Mrs. Joe R. Donaldson and Mr. and Mrs. Robert Johnson.

Juhani Karmakoski, AFS Students from Finland, is general chairman of the Assembly. The public is cordially invited to attend.

Four countries border on the Black Sea: Bulgaria, Romania, Soviet Union and Turkey.

Old Money May Be Worth Fortune

LAMESA, Tex. (UPI) — Don Etheredge, 14, of the community of Dawson has found \$88 in a rusty metal box, but the money may be worth much more than its face value. The currency consisted of five Republic of Texas banknotes in \$50, \$20, \$10, \$5 and \$1 denominations. They ranged in date from 1837 to 1841 and some of them bore the signature of Sam Houston, first president of the republic.

Smallest School Sets High Ideals for Self-Government

LEFORS — Two weeks from now the smallest high school in Gray County will hold an election to determine the leaders of its student government for next year.

When this occurs it will set into motion a form of democratic government that few adults realize exists.

Lefors High School's preamble to the student council constitution sets forth a number of high ideals for students in government.

"In order to obtain a greater knowledge of and a keen insight into the way of life in a democracy, to gain experience

in civic affairs, to aid in clarifying student-teacher problems and to become better acquainted. . . ."

That's the opening of the constitution at Lefors High School and it has served well over the past several years.

For at Pirate Land, the students have an ambitious student council that has conducted one of the more active programs in this area since its founding.

The program begins each spring with the election of the next year's officers and progresses with plans for the coming fall term. This year the Lefors student council handled the

elections of cheerleaders and their tryouts.

Then the student council began work on Christmas parties, sponsored the annual Christmas present exchange and conducted visitations to an orphanage where students presented the youngsters with Christmas gifts.

Student Body President Phil Woodring, an outstanding athlete, finds the Christmas program gave student council members "the biggest lift of the year."

Woodring explained that the council attempts to work as a service organization as much as possible as well as serving in a voice capacity for the entire student body in various actions.

"We try to sift out the things that the school would benefit from and conduct a program of interest to everyone on whatever the council takes action on," Woodring said. "Thus far we've done all right, or at least we feel that we have."

There are certain qualifications that students must have to become members of the council. No student may have lower than a 78 average in grades, no citizenship grade below a B and must be a qualified student voter.

The student government at Lefors High School is founded on a pattern similar to the Texas constitution and state government. The students who set up the government felt this would give later student governments a chance to learn the methods used in conducting Texas state business on a smaller scale.

The one thing the student government refuses to do, is to enter into the election of officers.

"That's what we have ballot boxes for and the students use them correctly," Woodring says.

"They will get a chance to use the ballot box again in 10 days while a student council, founded on the basic ideals of democracy, watches.

200 Indians Die In Week's Fight

NEW DELHI (UPI) — Two hundred Hindus and Moslems have been killed in a week of rioting in three Indian states, Parliament was told Monday, but 44 Americans were flown to safety from one of the danger areas.

Home Minister Gulzarilal Nanda told the lower house the situation is now under control after police fired into the rioting crowds 18 times in the steel mill cities of Rourkela and Jamshedpur in eastern India.

All American technicians employed at the Rourkela steel mill have been flown out of the city at their request. The U.S. Embassy here said the group totaled 44, including dependents.

Several British technicians also left Rourkela but the Germans who make the main force of experts at the plant were staying in the city, although confined to their housing area.

Nanda said the communal fighting, the worst since late last year, was "linked with the passage of trains carrying refugees from East Pakistan." He said these Hindu refugees told stories of suffering which "roused feeling which misguided, ill-intentioned elements utilized to work up communal passions."

Kreis Finds Basketball Stardom Depends on Success in Classes

GLENN McCASLAND came to college for in the first place," Kreis declared today. The youth holds a good average at the classroom that almost equals his record on the hardwood floor. The son of Mr. and Mrs. Les Kreis of Pampa racked up a 23-point average as a freshman on the basketball court in 12 games, made All-Southwest Conference on the freshman team and is being boomed as a starter for the Froggies next winter.

"All that is fine, but you can't play basketball without keeping your grades high," he commented. "I found that out quick. Trying to make it without studying isn't easy."

Kreis said he, for one, was happy to learn of the plan to

form a junior college district in Gray County and hoped the drive to bring petitions in with enough signatures to assure such a school would be successful.

"Lots of kids I know could afford to attend a junior college at home where they couldn't go away to school because of money problems. I think it's a good thing and more power to the folks backing the junior college."

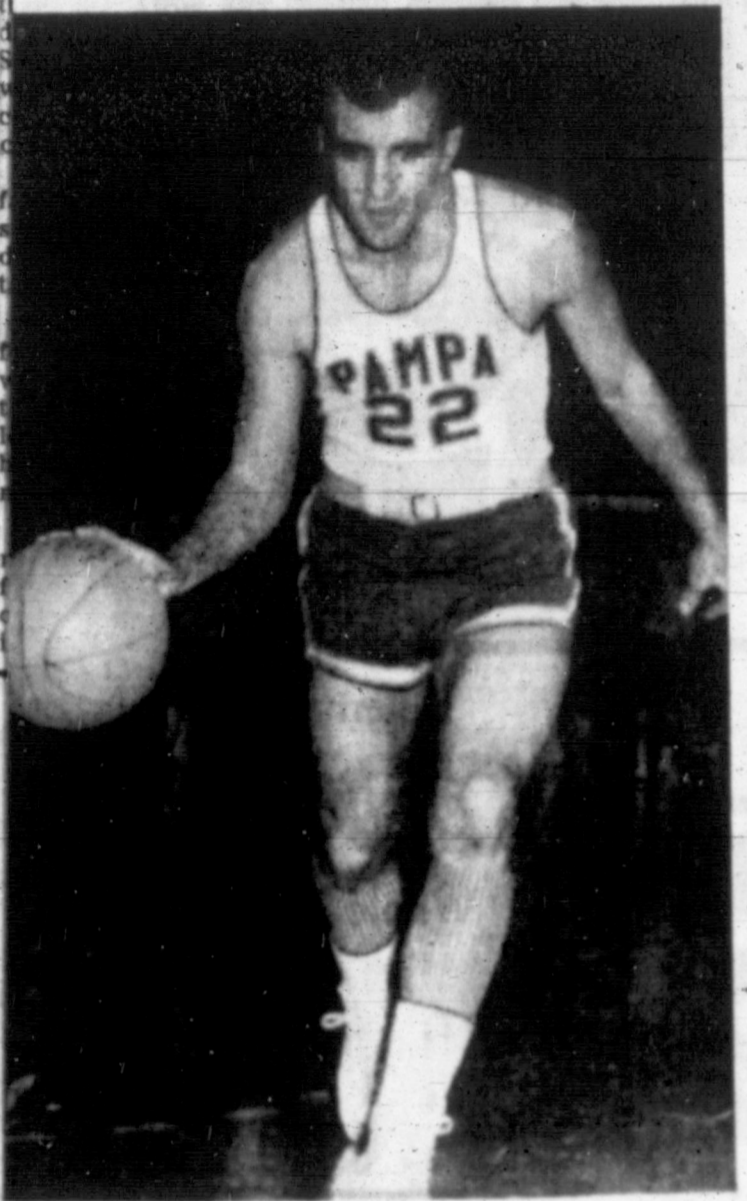

Kreis says he finds Fort Worth one of the "nicest cities in Texas and TCU one of the finest schools anywhere." The former Harvester star declared that it didn't take long to become acquainted with people at the school or in the city after entering TCU.

"But I had one strike against me, that was my attitude about lots of things," he reflected. "I have worked on that until I feel its changed a lot."

Apparently Coach Buster Brannon feels the same way because of his plans to make Kreis a key in the fortunes of TCU basketball next season.

Kreis admits that the Frogs must go up ("we can't go any further down") on the hardwoods, but he figures that he'll be doing his annual double battle with the basketball and books come next fall anyway.

Kreis is visiting his parents and friends in Pampa during the current Easter break in the holidays. He plans to head for TCU on Monday.

Daily News Staff Photo

EDUCATION HELPS — Wayne Kreis, shown here in a more likely pose to Pampans, has found that his basketball stardom would come less easily if he flunked his courses at college. Kreis, attending Texas Christian University, urges support of the Pampa Junior College program.

Brendan Behan Buried in Erin

DUBLIN (UPI)—Ireland laid Brendan Behan to rest in its national cemetery today. Ministers of state stood side by side with the roistering playwright's drinking companions in paying him final tribute.

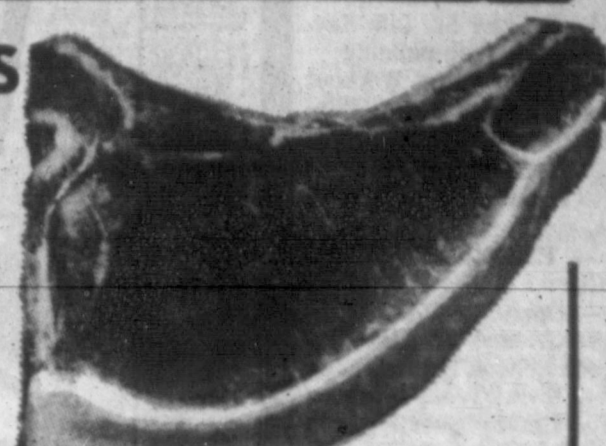

At the graveside in National Glasnevin Cemetery, an unidentified trench-coated member of the outlawed Irish Republican Army (IRA) praised Behan's service to the rebel cause—service which earned the writer many years in Irish and British jails.

"Behan was a freedom fighter—a man who loved liberty and was not afraid to fight for it whether with bomb or gun," the IRA mourner said. "He never turned his back on the cause."

Dallas Firemen Fail to Reach Apartment Fire

DALLAS (UPI)—Fire broke out in an old west side apartment house early Monday just a half block from a fire station, but there were no firemen there.

They were already fighting another fire at the Pilgrim Rest Baptist Church. Units got to the scene quickly, however, and the fire was put out less than 40 minutes after it erupted.

The two-alarm apartment house fire did an estimated \$13,000 in damage and injured two elderly persons when they jumped from a second floor window of the building. A young woman jumped from another second floor window in the nude.

Injured were Bill Bowling, 62, and his wife Bertha, 68. Mrs. Bowling struck an air conditioner in her leap to safety.

Trial of Deputy Delayed in Starr

AUSTIN (UPI)—The vote fraud trial of a former Starr County deputy sheriff has been rescheduled for June 1 in Travis County court-at-law.

The trial of Filberto Salinas was to begin today, but Judge Travis Blakeslee granted a continuance to attorney J. G. Hornberger of Laredo, who said he needed more time to prepare a defense.

Salinas is charged with illegally securing absentee ballots in the 1962 general election. Alonso Hinojosa, indicted with Salinas, has been convicted on one of nine counts.

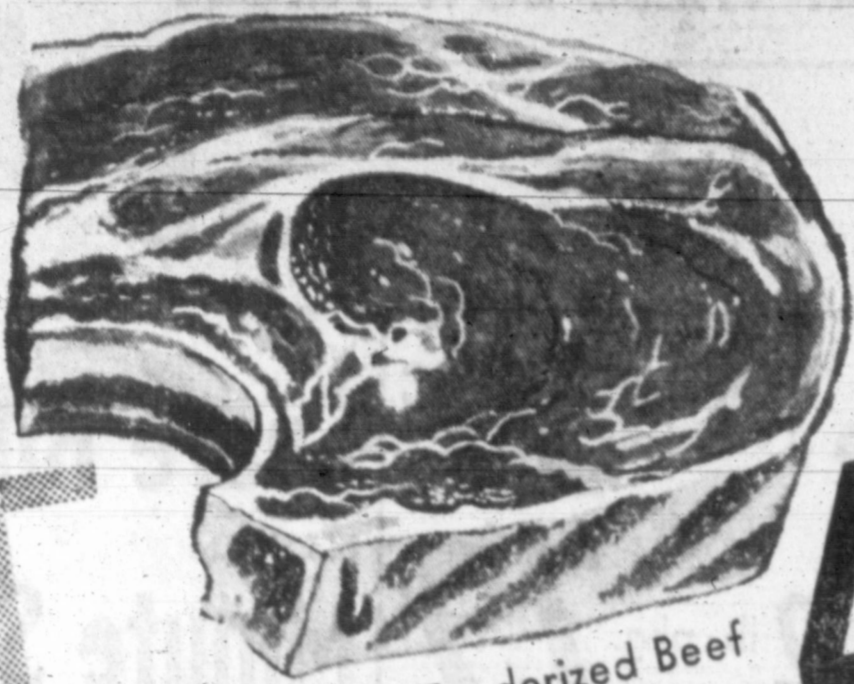

SOUR PROPOSITION—Keith Harmon, 6, of Batesville, Ark., can make lemonade for all his friends with these two large lemons. One weighs 1 pound, 12 ounces and the other, 1 pound. They were grown by Keith's mother.

Remember While Spring Shopping That Coats Are 'In' For Early Easter

By HELEN HENNESSY
NEW YORK (NEA)—Since the March winds may usher in a brisk Easter, coats should dominate the scene.

A spring coat is a good investment. Americans are a noble people and a light-weight coat is ideal for vacationing, driving, or just brisk walking—especially the new multipocketed reefer.

The look for Easter, however, is not one of sporty action, even in the regimental or reefer-type coat. There are fashion subtleties that give it elegance, such as high-rising lines, gilt buttons, back belts, velvet collars and careful seaming.

With silhouettes soft and simple, fabrics are top fashion news. Flatter in surface than heretofore, they take dramatic new directions in Shetlands, covets, cord weaves and twill. Ottomans, crepe yarns, airy tweeds and checks will also be favorites. Capes, too, are high on the fashion list. So are little, short overcoats, with shoulders set in with trim, military effect.

Try one of the new colors for compliments: the bleached whites, pale beige or celery, the bright colors such as yellow or gold; the blues from baby blue through patriotic navy—not forgetting aqua.

There are pinks of many moods—candy, shrimp and, favored again, many versions of shocking. Greens are acid in tone, beginning with pista-

Coats will be a popular fashion item on this early Easter morning. Gilt-buttoned coat (left) is influenced by the military in its dashing spirit, but it's ever so feminine in its soft pastels. Two of the pockets are "pretend," and two authentic. Anglo's monotone nubby wool tweed is used in

this design. The elegant reefer returns (center) with a velvet collar. Coat is in flat-surfaced wool twill. Both coats are by Henry Friedrichs. Perfect for the Easter parade is this tie-belted coat (right) with dramatic cape effect. This Zelinka-Matlick design is sleeveless.

tachio and going through jade and on to a soft sagewood.

You might consider a red coat with your navy dress or do an about-face and wear a navy coat with a red dress. Easter '64 provides exciting coverage for all of us!

Dear Abby....

Find A Job with Shorter Hours and Longer Skirts

By ABIGAIL VAN BUREN

DEAR ABBY: I wait on tables in a cocktail lounge from three in the afternoon until one o'clock in the morning. I have to wear a very skimpy costume on this job. The hours are rough and so are some of the customers, but the pay is better than I could get anywhere else. Some of the men customers think that just because a girl is wearing a revealing costume she isn't respectable and anything goes. I try hard not to be too chummy with the men, but a sourpuss waitress doesn't make much in tips. What can I do? Don't tell me to quit working because I am a divorcee with two children, and I need the dough.

DEAR CAROL: If you must work, find a job with shorter hours and longer skirts.

DEAR ABBY: Nate and I have been married for 14 years. We have four children and are very happy. Sunday night he got a long-distance call from Binghamton, New York. We don't know anybody there, so naturally it shook me up. Nate was on the phone for

half-an hour and all he said was, "Uh uh, that's nice," and "Hu uh." When he hung up, he said it was some dizzy dame he knew slightly before we were married. She called him up to tell him she was a free woman now and she wondered if he was STILL married. I am terribly upset. How did she know his number? Should I worry? Would a girl a man knew only "slightly" call him up out of the blue after 14 years?

DEAR NERVOUS: Yes, a girl a man knew only slightly could conceivably call him up out of the blue after 14 (or 24) years. She could have gotten his number from a mutual friend or relative, if you aren't in the book. And don't worry. There are plenty of nuts around.

DEAR ABBY: I don't have a very big wardrobe, so my sister and I trade and wear each other's clothes. When I am complimented on something I am wearing, and it isn't mine, what should I say?

DEAR HONEST: Say, "Thank you." It's not necessary to mention the owner unless you are asked.

CONFIDENTIAL TO ROBERT IN SILVER SPRINGS: In the words of Goethe, "Nothing is worth more than this day." You will never relive yesterday, and tomorrow is still beyond your reach.

what's a telephone supposed to look like?

How it looks depends upon the way it serves you. It might look like this new Panel phone that's built into the wall. Or perhaps your needs call for:

The dainty Princess® with light-up dial... or a phone that hangs on the wall... a key set phone... the excitement of decorator color... perhaps a phone with speakers and amplifiers that let a group take part in a conversation.

New telephone designs give you an ever wider choice of styles for convenience, efficiency and beauty. They're another way of improving service to increase the personal value of your phone.

SOUTHWESTERN BELL

Making telephone service better to serve you better.

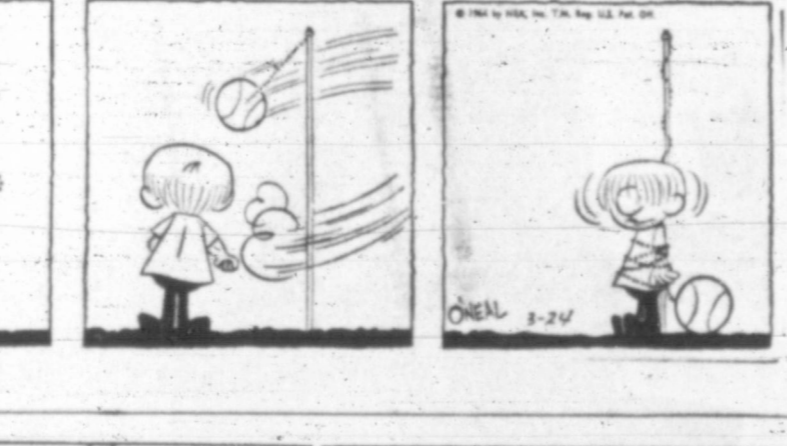

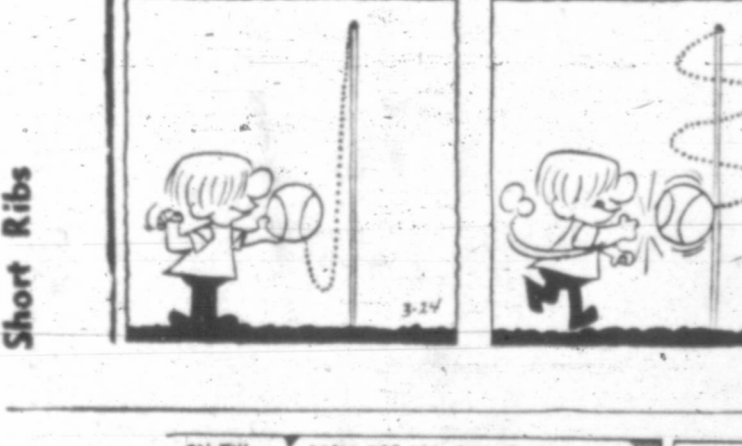

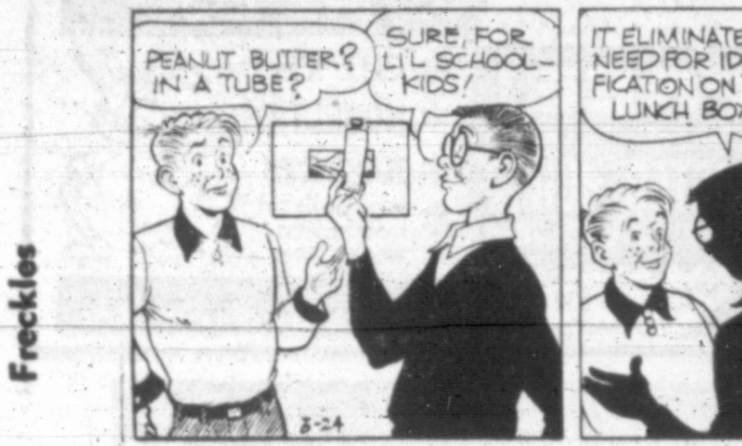

This is the new Buick Skylark Sports Wagon. It has a raised roof so you can sit tall, and a new kind of shaded glass so you can look up and out and a forward-facing third seat. Need we say now?

Where can you see the new Skylark Sports Wagon? Right here. Right now.

See your Quality Buick Dealer for Double Check Trade-In... a better buy for you.

Senate Hearing To Bear on Clay

HAGERSTOWN, Ind. (UPI)— testimony at this week's box- ing hearings in Washington, is practically certain to side whether the World Box- ing Association (WBA) will withdraw recognition of Cassius Clay's heavyweight title, Arch- hindman disclosed today.

Hindman of Hagerstown is ex- ecutive secretary of the WBA and the hub of all its activities. "In my opinion these Senate sub- committee hearings, starting today, will be the most im- portant in the history of box- ing," Hindman said, "not mere- ly because they will dig into the fight contract before last month's Clay - Sonny Liston match, but because they may finally bring about federal control of the sport."

Despite widespread criticism Clay's crusading for the black Muslim organization, Hindman said, the make-or-

Professional Boxing Object of Distrust

WASHINGTON (UPI) — Sen. Philip A. Hart, D-Mich., said today that professional boxing is the "object of general public distrust and distrust."

"Time is running out for the boxing business unless some- thing is done," he declared.

Hart, chairman of the Senate subcommittee on monopoly, anti-trust and monopoly subcom- mittee, said there was "a grow- ing suspicion that the sport is controlled by hidden manipu- lators and that the men who go to the ring and take the punches are the ones who profit most from the gate receipts."

The senator made the re- marks in a statement prepared for the opening of three days of public hearings on circumstan- ces surrounding the Miami beach match last month in which Sonny Liston lost his heavyweight crown to Cassius Clay.

Sporting Sidelines

IT WAS WITH GREAT per- sonal regret that the Ol' Swami reported that coach Bill Hines of Miami was leaving to take a head coaching job at Silverton next fall. As a close personal friend, I am sincerely glad that the Roly-Poly One is moving up in the business, but I cannot help regret the departure of one of the nicest and friendliest guys I know from the Top-O' Texas area. Bill's good natured humor and friendly smile will be sorely missed, as well as wife Betty's cooking. Between her skill- et ability and that of basket- ball coach Lawrence Overcast's lovely spouse, also a Betty, the Swami put on many of his sur- plus pounds on visits to Warrior- land.

Superintendent of Schools Weldon Snodgrass, who feels the same way about Bill leaving, with mixed emotions, re- ports that no decisions on a new coach will be made nor any applications taken until a meet- ing with the School Board.

Incidentally, Bill is appar- ently training another high jumper to follow Jimmy Flowers. Roy Bean's 5'9 1/2" winning high jump at Panhandle last week, turned out to be, after a check of the records, the outstanding Class B jump of the year. Jimmy, of course, set a state Class B mark last year with 6'3". Jump- ing in his first meet for How- ard County JC last weekend, Jimmy racked up a 5-10. If the Swami can get Bean to join Flowers and Bill Martin of Pampa and OU in jumping for the Pampa Track Club this summer, the locals should rack up that event in any meet they enter.

BILL POWER, one of our bosses and an ardent Univer- sity of New Mexico alumni, has been giving the sports depart- ment a blow-by-blow account of how the Lobos did in every game of the NIT. Saturday, Bill was among those missing, Mon- day morning he came up with some of the best excuses heard outside of Ricky Maynard's al- lhis for failing to show up for American Legion baseball prac- tices.

Bowling

The final week for the Pam- pa Women's City Tournament ended Sunday night — Peggy Kastein taking all events scratch with a 1548, Elnora Haynes handicap all events 1889.

Class C Singles — Louise Young, 640; Pauline Stone, 630; Nell Rankin, 627; Mary McNeil, 615.

Class A Doubles — Mary Mor- gan - Nadine Fletcher, 1281; Marge Fry - Marie Harris, 1220; Billie Gray - Mary Ray, 1198; Eudell Burnett - Elaine Rid- dle, 1196; Eloise Sharp - Bar- bara Walling 1196.

Class B Doubles — Biddle Taylor - Ailene Self, 1277; Beth Ramsey - Evelyn Trice, 1244; Gene Berry - Carolyn Hughes, 1223; June Kreis - Pauline Gill, 1186; Eloise Woldt - Penny Tim- ms, 1183.

Class C Doubles — Devy Stracner - Freda Vann, 1245; Jodi Hudson - Louise Young, 1239; Edith Smith - Iva Wells, 1212.

TEAM WINNERS — B & B Snack Bar won the team events in the Women's City Bowling Tournament. From left: Connie Weems, team captain Mary Bryan, Connie Williams, Agnes Cox, Carlene Sexton.

PEG KASTEIN ... All-Events champ

Pro Basketball

By United Press International
The Cincinnati Royals bring the National Basketball Association's most valuable player and rookie of the year plus a 1-0 playoff record into Philadel- phia's Convention Hall tonight, where they hope to take one more step toward an Eastern Division showdown meeting with the Boston Celtics.

The Royals meet the 76ers in the second game of a best-of-five series which will determine who is to meet Boston for the Eastern title and a berth in the NBA final playoffs versus the Western Division champion.

Cincinnati, whose backcourt star Oscar Robertson was named Sunday as the league's MVP to earn the club's second individual award after forward Jerry Lucas had captured rookie honors, is the only club in the NBA this year to hold a se- ries edge over Boston.

Adrian Smith, one of the Royals' main outside shooting threats, will be sidelined to- night with a sprained ankle, but is expected to see action Wednesday night when the two clubs resume their series in Cincinnati.

The St. Louis Hawks can wrap up their division playoffs Wednesday when they journey to Los Angeles for a game with the Lakers. The winner of this series opposes the San Fran- cisco Warriors for the Western title.

Funeral Held For Honeycutt

MEEKER, Okla. (UPI) — Services were conducted Mon- day for former St. Louis Car- dinal infielder Ray Honeycutt, 49. He was accidentally shot Saturday.

Honeycutt was regarded as one of the top shortstops in the International League in the late 1930s, along with such standouts as Lou Boudreau and Marty Marion who later played with the Cleveland Indians and the Cardinals, respectively.

Honeycutt's career with the Cardinals was hampered by a wrist injury he sustained while playing basketball in the off- season.

He later managed teams at Henderson, Tex., and Chick- sha, Okla.

GIVEN TOP WEIGHT
LAUREL, Md. (UPI)—Jaclyn Stable's Ahoy, has been as- signed top weight of 130 pounds for the Capitol Handicap at Laurel Race Track next Sat- urday. Fred W. Hooper's Admi- ral's Voyage was given 123 pounds.

Major League Roundup

By FRED DOWN
UPI Sports Writer
Say "Frank Howard" and the Los Angeles Dodgers cringe; say "Bill Skowron" and they're likely to cry out in horror.

Howard is the 250 - pound right - handed slugger who may quit baseball and leave the Dodgers painfully shy of long - range hitting power. Skowron is exactly the type right - handed slugger the Dodgers need to protect against that possibility.

The catch is that the Dodgers sold Skowron to the Wash- ington Senators last winter for a mere \$25,000 — about half of what they willingly give to a good high school prospect.

The Dodgers were made painfully aware of the curious spot they've contrived for themselves Monday when Skowron hit a pair of two - run homers to lead the Senators to a 7-3 victory over them. It was the second straight game in which Skowron's hitting was the difference. On Sunday his big two - run homer was the big blow in a victory over the Min- nesota Twins.

Deron Johnson, Mel Queen and Hal Smith homered to lead the Cincinnati Reds to an 11-3 win over the Kansas City Ath- letics. Chet Nichols went the first four innings to pick up the win for the Reds. Nichols shut out the Athletics for three in- nings and then yielded all three runs in the fourth.

Jack Fisher became the first New York Met pitcher to go six innings and yielded four runs in a 7-6 triumph over the Twins. Bob Allison hit a two- run homer for the Twins, who suffered their sixth straight exhibition game defeat.

Three Pirates Homer
Willie Stargel, Donn Clendenon and Bill Mazeroski each homered off Roland Sheldon as the Pittsburgh Pirates downed the Yankees, 9-2. Vern Law, making a strong comeback effort, yielded two runs in five innings. The Pirates now have hit 18 homers in eight games while Elston Howard's homer Monday was only the third of the spring by the Yan- kees.

Borger Bulldogs Belt Pampa, 12-1

By JEFF COHANE
Pampa News Sports Editor
Big Joe Robinson warmed up while his mates took batting practice as the Borger Bulldogs humiliated the Pampa Harves- ters yesterday, 12-1, in Optimist Park.

In one of the most lopsided defeats ever suffered by a Pampa baseball team, the Dogs teed off for 15 hits, including two home runs and three dou- bles, while Big Joe ran up 16 strikeouts.

Robinson, growing stronger as the game went on, whiffed every Harvester starter at least once, striking out the side in the second, fourth and seventh innings. Wilder than usual, the pro prize walked three and al- lowed three hits, one of the scratch variety. The Harvesters lifted only one ball out of the infield and never hit one of the big right-handers' blazers to the left side of second base.

Meanwhile, every member of the starting Bulldog nine got at least one hit, with Willie Jackson and Joe Coffer rap- ping three apiece.

Only bright spots for the Har- vesters were the all - a - round play of Claude Middleton, who made some out-of-this - world stops, the heads-up hustle of catcher Shotgun Gregory and several circus catches by left- fielder Bandit Madrid.

Borger wrapped it up in a hurry as they teed off on Jerry Garrison in the opening frame for four hits and five runs, the big blows being a double by Jackson and a three-run homer over the centerfield fence by Terry Brewer.

The Dogs continued the as- sault in the second inning against Jim Arthur, picking up three more tallies on four hits, including a four-bagger by Pres- lion Wilson. Borger got another run in the third on three hits, and then wrapped up the scor- ing with a three-run outburst in the fourth.

Pampa's only offensive threat came in the bottom of the first inning when Garrison walked. Madrid bunted him to second and Goodwin beat out a drib- bler to the second baseman to score Garrison. An error and two walks loaded the bases in the second, but Robinson struck out the side and Pampa got only one other base-runner the rest of the game.

Pampa moves to Hereford for a doubleheader Friday, begin- ning at 1 p.m.

YCC Basketball

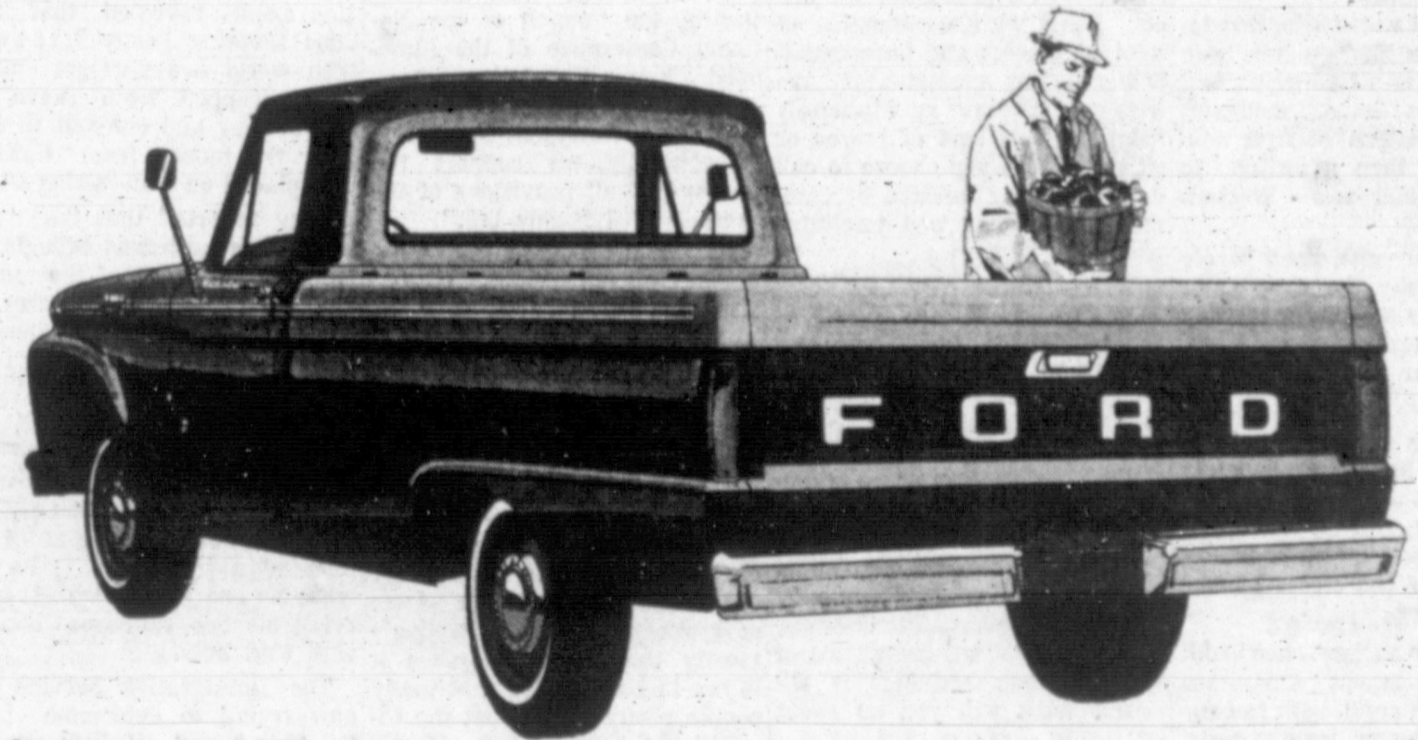

The Richard Drug Synonyms came from behind for a 68-58 victory over Perryton in the opening round of the YCC Bas- ketball Tournament last night, while Motor Supply forfeited the other first round game to the Spearman Jaycees.

Trailing 49-39 midway through the third quarter, the Synonyms pulled to within 51-49 at the end of the period. The lead swapped back and forth throughout the last period until the Syn- nouns pulled ahead at 59-58 and went into a stall to win the game.

Roy "Gunner" Pool led the winners with 23 points and Howard Anderson had 12.

Amarillo Office Supply plays KPDN and Borger meets the Panhandle Packers in tonight's games.

SKI BOOM
LAKE PLACID, N.Y. (UPI)— When the 1932 Winter Olympic games were held at Lake Placid, there were only about 4,500 skiers in the United States. The present estimate is around 4 million.

WHO brings you the BIG NEWS in pickups for '64?

BIG NEW DOUBLE-WALL BOX WITH EASY ONE-HAND TAILGATE

Rugged double-sidewall Styleside box... stronger inside, sleeker outside. New tailgate can support a ton!

NEW BIG SIX ENGINE

Now available... 262 Big Six for top power and economy! Eats up the miles, not the gas!

NOW IT'S THE LADYBUGS—Yep, the whole bit—goofy wigs and costumes, a la the Beatles—and the Ladybugs are spawned for an indeterminate life in the entertainment world. The "Bugs" are, left to right: Jeannine Riley, Pat Woodell and Linda Kaye of television's "Peticoat Junction" and Sheila James of the Dobie Gillis show.

Foreign Commentary

By **JOSEPH W. GRIGG**
United Press International
PARIS (UPI) — President Charles de Gaulle's tumultuous welcome in Mexico last week will make him more prickly to deal with than ever.

It will confirm again his rooted conviction that a policy of "independence" from Washington pays off.

Not that De Gaulle himself ever doubted the Mexican state visit would be still another glittering personal triumph for him.

But it was something of an experiment—a sort of dry run for other trips later.

Among these are a planned four-to-six-weeks grand tour of the rest of Latin America in October and November, and possible trips in 1965 to Africa, Russia, Pakistan, India and the Far East.

Everything points now to the fall tour of Latin America blossoming into a grand triumphal progress that will boost the crusty old general's own standing — not to mention French prestige — throughout the non-committed world.

So, though De Gaulle took care to avoid giving "anti-American" overtones to his Mexican visit and will do the same for his fall tour of Latin America, the implication is clear for all to see.

It is that he has something to offer the non-committed nations, including those in the United States' own backyard—a policy of "independence" from Washington along with economic and technical aid.

The Mexicans evidently liked what they heard from De Gaulle. Presumably other Latin Americans will, too.

So De Gaulle can be expected over the next two years — much longer if he runs for a second term in 1965 — to pursue with fresh gusto the "independent" line which has proved an increasing cause of headaches to Washington since he came to power.

One of these "independent" programs is neutralization of Southeast Asia—something that runs sharply against United States policies in South Vietnam.

Behind the scenes, he is readying a plan for top-to-bottom revamping of the North Atlantic Treaty Organization (NATO), when the treaty that created the alliance comes up for renewal in 1969.

He will demand a much bigger say for France and the other European members and much less American "domination" — as the price for continuing the alliance.

NOW YOU KNOW

By United Press International
Greater New York was formed on Jan. 1, 1898 when the adjacent counties were organized into the boroughs of Manhattan, Brooklyn, Queens and Richmond, each with its own president and with the mayor of New York as chief executive, according to the World Almanac.
