# Ruby to Appeal Death Sentence

## Auxiliary Staff Planned For Highland Hospital

By TEX DEWEESE  
First steps to organize an auxiliary staff at Highland General Hospital will be taken here Thursday.

Initiated by the Junior Service League of Pampa, a meeting of representatives from some 54 women's clubs and organizations has been called for 9:30 a.m. Thursday in the Hospitality Room of the Citizens Bank.

Purpose of the meeting, according to Mrs. Homer Johnson, chairman of the Junior Service League's hospital committee, is to form a steering committee and outline objectives of the proposed auxiliary.

Mrs. Johnson said letters have gone out to the 54 women's groups urging them to send representatives to the Thursday meeting.

The plans have been set in motion by the Junior Service League. Mrs. Johnson stated, following a request from R. W. Robertson, Highland General Hospital administrator, in which he asked the League to launch the auxiliary movement and assist in organization and planning.

League members have been serving in volunteer service at the hospital since last May. Each member has been required to serve four hours a week at the hospital.

Following Robertson's request to expand the service into a community-wide project, Mrs. Jack Osborne, League president, named Mrs. Johnson as chairman of the committee to follow through on the proposal. Other members of the League committee are Mrs. John Chisholm, Mrs. Joe Reid, Mrs. Buz Tarpley, Mrs. L. L. Garren and Mrs. A. J. Carubbi Jr. Mrs. Osborne and Mrs. Tom Braly, president-elect, are serving in an advisory capacity.

Membership in the hospital auxiliary will be made up of women who have a desire to help others, according to Mrs. Johnson. Each member will take a short orientation course which will not be as extensive as a nurses' aid course. It will be designed to acquaint members with methods and procedures at the hospital. There will be several types of memberships including active, sustaining and honorary. There will be no age limit.

Hospital auxiliary volunteers will work in the admitting office, information desk, prepare patients' meals, help to serve patients' trays, transport patients to X-ray and perform countless services, both personal and professional, for hospital patients.

Mrs. Johnson stressed that this is not just a Junior Service League project. The League she said, has agreed to assist (See STAFF, Page 3)

## More Workers Added to List On Fund Drive

Industrial Campaign Now Has \$28,150 on Goal of \$200,000

Armed with \$28,150 of the \$200,000 goal, the Pampa Industrial Foundation campaign leaders added 100 more workers to their growing number to open phase two of their fund drive.

General Chairman Fred Neslage said the 100 new workers would open the general investment campaign at noon Monday at a luncheon set for the Coronado Inn.

This step would put the foundation drive into full gear since the advance investments drive opened Wednesday and reported.

"We are making fine progress and everything is moving like clockwork so far," Neslage said. "The first report meeting was a tremendous boon to the (See FUND DRIVE, Page 3)

## Lawmaker Seeks Opinion of Voters On Major Issues

Rep. Walter Rogers is asking his constituents in the 18th Congressional District how they feel about 20 major issues pending before the Congress.

The Pampa News published the questionnaire in last Monday's paper. The congressman asked that readers check the list and mail it to him at his Washington or Pampa offices.

So much interest was shown in the questionnaire that the News is publishing the list again today. It will be found on Page 24.

Daily News Photos by Bill Treloggen  
**SWINGING IRISH ROSE.**—Pretty Miss Paula Sealey, 17-year-old Pampa High junior and daughter of Mr. and Mrs. Murray Sealey, shows her form at swinging while seeking the 1964 "Miss Rose" title at Shamrock's 18th annual St. Patrick's Day observance Tuesday in that Wheeler County city. She will be one of 21 Top O' Texas colleens seeking the crown.

## Shamrock Set for Wearing Of the Green on Tuesday

SHAMROCK — This Top O' Texas city will mark its 18th annual "Wearing of the Green" Tuesday when some 25,000 persons help residents observe St. Patrick's Day.

The little bit of Ireland which comes to the Texas Panhandle every year will be sprinkled with a large helping of rodeo contests, square dancing and western fun, but Irishmen from all over this area will be the honored guests.

The 25,000 visitors will be handled by some 40 Texas Highway Patrolmen and Texas Rangers who are beginning to arrive in the city. Pampa DPS Sgt. J. W. Wilson said he would take charge of the police problems at 4:30 p.m. Monday when he meets with DPS supervisors in city hall.

Besides Rogers and Price, Texas Railroad Commissioner Jim Langdon will join State Senator Grady Hazelwood and Oklahoma Insurance Commissioner (See SHAMROCK, Page 3)

## Millions See Event On Nationwide TV

By PRESTON MCGRAW  
DALLAS (UPI) — Jack Ruby, the self-appointed executioner of President Kennedy's accused assassin, Saturday was convicted and sentenced to death in the electric chair.

Millions of Americans witnessed the swift verdict, televised from the courtroom, just as they had watched in shock when Ruby shot Lee Harvey Oswald in the city jail basement Nov. 24.

The street brawler turned striptease entrepreneur was impassive as Judge Joe B. Brown read the verdict and sentence of the eight-man, four-woman jury.

His lawyers blazed in wrath. "Appeal! Appeal!" screamed chief defense attorney Melvin Belli. "Today!" In later calm, defense attorneys said they would file a motion next week for a new trial, court aides reported.

Reads Decision  
In deathly stillness, Judge Brown fidgeted briefly, then read the brief decision at 1:23 p.m. EST. The court exploded in noise and confusion.

The jury deliberated only 2 hours and 24 minutes.

"Now we see the shame of Dallas in all its glory!" Belli shouted.

He charged that one juror— he named him—had a preconceived notion of guilt before he ever got on the jury. In confusion, Belli named a different juror from the one he meant.

There was not a word from Ruby. He will be 33 March 23. Bailiffs hustled him to his upper-floor maximum security cell in the courthouse. Belli visited him there and reported him "calm and collected," in contrast to the nervous twitches and jitters he displayed during the 22 days of trial.

Cameras Anger Judge  
Judge Brown was bitter about the television cameras he allowed in court, because they kept running after he read the verdict.

But he forgave "you boys" for the professional zeal.

Belli said he had 30 points of reversible error as basis for appeal.

Dist. Atty. Henry Wade said the verdict and sentence by the jury was justified. Ruby, he

## Viets Strike Reds on Land Sea, in Air

HONG NHU, South Viet Nam (UPI) — American-supported Vietnamese forces attacked Communist guerrilla positions along the Cambodian border by land, sea and air Saturday. Two U.S. Army soldiers were wounded in the large-scale, sweeping operation.

One of the American casualties was an enlisted man assigned to a U.S. Army Special Forces team accompanying a Vietnamese strike force. He was wounded in the leg when a Vietnamese soldier accidentally triggered a Communist booby trap.

The other was believed to have been hit by gunfire aboard a U.S. Army helicopter providing air support for the assault.

Neither was identified, pending notification of their relatives.

A third American, identified as an Army pilot, was reported to have been wounded Friday in a separate operation in the Communist-infested Mekong River delta south of Saigon.

The Cambodian border attack, under the command of Vietnamese Third Army Corps Brig. Gen. Lam Van Phat, began shortly after daybreak at this village 90 miles west of Saigon. It continued through the day and into the night.

By nightfall, government forces claimed to have killed three Viet Cong guerrillas, captured 19 others and seized 26 suspected Communist rebels. Four Vietnamese troops were wounded.

If it comes from a hardware store we have it. Lewis Howe. (Adv.)

## Jet Sent to Help Bomber Shot Down

WASHINGTON (UPI) — One or more U.S. fighter planes were sent up in a vain effort to recall the RB66 reconnaissance bomber just before it entered East Germany and was shot down, officials reported Saturday.

It also was reported that the ill-fated RB66 was seen on U.S. radar flying a zig-zag course while over East Germany, apparently trying to get its bearings.

The plane has just turned from a westerly heading to the south when it disappeared from Allied radar, presumably the moment at which it was shot down.

At about that time, radar operators on the Western side of the border saw another "blip" on their screen, probably the Soviet interceptor which downed the RB66.

The three-man crew bailed out and were captured. Russian authorities have refused to release them to American officials on grounds they were on an espionage mission. The State Department vigorously denied this and is still pressing for the trio's release.

## PAMPA'S WALTER ROGERS VISITS IN CITY

# Lawmaker Calls Congress Bulwark of Freedom

By GLENN McCASLAND  
Congress is the bulwark of freedom that stands between the U.S. system of government and that of other nations of the world, Congressman Walter Rogers declared Saturday.

The Panhandle district's representative to Congress made this declaration among others during an interview with the Pampa Daily News while visiting in Pampa this week.

"It would be easy for persons in power to destroy Congress and create a dictatorship if the people fail to remember that if Congress is the only place they can go with their troubles," Rogers declared.

The jovial representative, who is seeking re-election to the office he has held for some 15 years, was dead serious when he talked about "the continued downgrading of Congress by other governmental agencies."

proves, discussed the farm measure, talked about President Johnson's success with the press and the recent tax cut during the interview.

"I was against the pay raise measure because the raise did not go to Congressmen, in fact less than one per cent of it would have," he said. "A Congressman must either do a good job or face being kicked out of office in two years. This is not so with appointments or other government jobs."

Rogers said he felt the pay raise bill came too soon following the tax cut measure and pointed out the fact that government salaries "most certainly do have a bearing on national pay scales" despite reports to the contrary.

"If we can make this tax cut work, then a lot of people will get a pay raise that will mean something," he said.

ROGERS, WHO will head for Shamrock Tuesday for the annual St. Patrick's Day program, said he had been "trying to get to the Panhandle for several weeks" and expressed hope he could return soon.

"We have been busy," he laughed.

Asked about the redistricting problem in Texas, Rogers said he felt that the state government should be allowed to handle the redistricting.

"And they should, as they have in the past, accept it with a deep sense of responsibility," he said.

Rogers went on to say that he felt this area was "about right."

"We have some 290,000 people in the district which is under the tolerance figure used in these things, and even with Hale County added, we would be in good shape," he declared. "Of course, I'm not saying we should have any more people added to this (See LAWMAKER, Page 3)

Injuries—26  
Accidents—143  
715 CONSECUTIVE DEATHLESS DAYS

### New Books on Shelves At Public Library

**FICTION**  
**Maneuver Hall** — by Jane Aiken Hodge; a beautiful young girl, with no memory of her past and no idea of what lies ahead of her, becomes entangled in a web of bizarre and dangerous circumstances.  
**Amber Princess** — by Henry Trece; retells the tortured history of the House of Atreus, the battle between matriarchy and patriarchy, the old earth-mother and the upstart Zeus, which sent its lightning zigzagging murderously through the Royal House of Mycenae.  
**The War of Camp Mingo** — by Burt Blechman; starts as a game of war in a boy's summer camp, and the strife that it generates among its young victims is at first no more than the invention of the camp's director and his counselors, a normal part of the summer program.  
**Tortoise by Candlelight** — by Nina Bayden; the Bean family stands on its own, character for character, and their story simply will not turn the reader loose.  
**MYSTERY**  
**Silence in Crete** — by Elisabeth Ayrton; archeology is the background of this novel about a young Cretan deafened by a wartime explosion who struggles to overcome his bitterness.  
**The Limbo Line** — by Victor Canning; Irina was a pretty, dark-haired dancer who had defected to the West. Now she was about to be sent back and

used as a tool for anti-Western propaganda. Richard Manston approached his assignment with loathing for he was in-love with her.  
**Case of the Daring Divorcee** — by Earle Stanley Gardner; vicarious romance is the rule of the day — made to the annoyance of Lt. Tragg when he later tries to piece together what happened.  
**NON-FICTION**  
**Constructive Aspects of Anxiety** — by Sewart Hiltner and Karl Menninger; this book attempts a contemporary understanding of anxiety in psychology, theology, and other related fields; while probing into the various aspects of the problem, the contributors are primarily concerned with the positive significance of anxiety to personality.  
**Africa, Eyewitness History** — by Rhoda Hoff; from the new Africa — the Africa of the last half of the twentieth century — come the voices of some of its leaders: Nasser of Egypt, and Nkrumah of Ghana, and finally a Zulu chief, Albert Luthuli, recipient of the Nobel Peace Prize and prisoner in his own country of South Africa.  
**Goodbye to a River** — by John Graves; a re-examination of childhood home things through eyes sharpened by years and long absence from the Southwest in places as diverse as New York, Spain, Mexico, Paris and the Canary Islands.

### 2 Pampa Teachers Given High Honors

Miss Elizabeth Hurley and Mrs. Elaine Ledbetter, both Pampa High School teachers, were honored this weekend by nationally known organizations.  
 Miss Hurley, who is the adviser of the Little Harvester, high school newspaper, was presented with a Gold Key Award by the Columbia Scholastic Press Association in New York.  
 Mrs. Ledbetter was notified that her biography will appear in the forthcoming edition of "Who's Who of American Women," published by Marquis-Who's Who, Inc., of Chicago.  
 Miss Hurley was present for the ceremonies in New York at a luncheon of the association's 40th annual convention at the Waldorf-Astoria. Miss Hurley was presented with the award for outstanding devotion to the cause of school press, encouragement of the student editors in several endeavors and service above the call of duty.  
 She was the only Texas school press adviser to be so honored, according to Dr. Joseph M. Murphy, director of the program.  
 There were 40 persons awarded the Gold Key and certificate that goes with the award.  
 Mrs. Ledbetter's selection to be placed in the Who's Who

publication is an honor which comes to only 15 out of every 10,000 women.  
 Mrs. Ledbetter is considered an outstanding leader in science education and began the Pampa Science Fair in 1958, which has since become one of the biggest features of the spring school term in this area.  
 Both Mrs. Ledbetter and Miss Hurley are working on books currently for publication. Mrs. Ledbetter all ready has one on the market entitled "Triumphant Moment," which is poetry and photographs. Miss Hurley is working on an autobiography while Mrs. Ledbetter is co-writing a textbook in general science which is being used on a trial basis in Pampa and other schools.

**COLD FEET**  
 FARMINGTON, Conn. (UPI) — The Farmington Recreation Association has an opening for a secretary whose feet can take it.  
 Association Director Ray Berte said Thursday that his last secretary quit because she got cold feet.  
 He said she took the job a month ago and almost immediately began complaining she could not keep her feet warm.  
 Berte had a rug placed under her desk. She still complained. He told her to wear heavy stockings. She still complained. But her feet would not respond, he said, and she gave him her notice.

**ALL THIS FOR THE OLYMPICS**—To put their city in shape for the 1964 Olympic games in October, residents of Tokyo are ripping it apart. And, in a city of more than 10 million people, this flurry of repairing and construction is causing some problems. Traffic congestion in normal times is a problem, but when streets and sidewalks are torn up, residents are confused. To accommodate Olympic throngs, the Japanese are building a subway and more highways. In the above photos, even making a telephone call is hard. These girls have to walk a plank to reach a booth.

**Center  
Wrap-Up**

George Smith, Director  
Pampa Youth and Community Center

The center is having its First Annual Top O' Texas Independent Basketball Tournament. Teams from the Texas Panhandle area are invited. The tournament will run through the week of March 23-27 according to how many teams enter. Games will be played at night and teams coming from long distances will be given consideration for late games.

Entry fee will be \$12 per team which is due with your entry. Entry deadline is Thursday noon. Each team is limited to a maximum of 12 players. Rosters should be turned in when you come to play your first game. All games will be played under the 1963-64 NCAA basketball rules with eight-minute quarters, one minute rests between halves and five minutes between quarters and five minutes between halves. There will be first and second place trophies as well as a third-place trophy. Losers in the semi-final round will play for third place. Teams must furnish own balls and jerseys with numbers on front and back.

Volleyball season is approaching and the league play will start during the week of March 30 to April 3. Teams interested in entering should contact George Smith at the center. Entry fee will be \$12 per team which is due with your entry. This fee will be reduced down by \$1 for each player that is already a member of the center. Entry deadline is noon March 26. Each team is limited to a maximum of 12 players. Rosters should be turned in when you play your first game. No part of the \$12 entry fee will be returned after the deadline. Team rosters may be changed by paying a \$1 player fee for each change.

All games will be played under the 1963-64 NCAA volleyball rules. A best two of three matches determines a winner. The center will furnish court, net, officials and ball. Teams do not have to have uniforms.

The junior and senior life saving class started Monday, instructed by Martha Jackson. Those enrolled were Brenda Thompson, Ann Donaldson, Jim Cole, Scott George and Scott Rader. This class will teach proper techniques for persons interested in life guarding as well as being able to save drowning people. It is a course which every person should take.

The center is sponsoring a stamp club through the work of Mrs. Thelma Bray. An organizational meeting will be held at 2:30 p.m. Sunday. All people who are interested in stamp collecting as a hobby should come to the center for this meeting.

The center finished up their first Grade School Basketball Tournament last Saturday and the consensus was that it was a tremendous success. Austin won first place followed by St. Johns of Borger, Wilson and St. Vincent.

**Record Pleasing**  
INDIANAPOLIS — A coed, sobbing as she was led off to jail after a police raid on a hotel where a fraternity convention was in progress said: "That's what I always wanted, a criminal police record. A good thing to tell your kids—I spent the night in the pokey, picked up on trumped-up sex charges. That slays me."

# Foundation Drive, Purposes Explained by Leaders

**(EDITOR'S NOTE — In an effort to answer questions pertaining to the Pampa Industrial Development program, a little booklet entitled "Facts Everyone Should Know" has been prepared. Here, in brief, is the information about the program which might be useful to Pampans discussing the foundation drive.)**

**By GLENN McCASLAND**

What is Pampa's Industrial Foundation and what is to be done with the \$200,000 which its sponsors are attempting to raise?

These are just two of the many questions being asked by Pampa businessmen and residents this week as the Pampa Industrial Foundation drive for funds gets into full swing.

Foundation officials, seeking a simple way of explaining these questions and answering the hundreds of other ones which could crop up, have prepared a book which is jammed full of information about the Pampa foundation as well as other such drives across Texas.

This reporter went to Fred Neslage, chairman of the foundation's drive, with basically the same questions as found in this booklet.

Here are the answers in brief with the questions asked of the Foundation leaders.

**Non-Profit Unit**

Q — What is the Pampa Industrial Foundation, Inc.?

A — It is a non-profit corporation formed by interested business citizens of Pampa who are determined to launch an all-out industrial development program to stabilize the economy and enhance the future business opportunities and growth potential of the Pampa area.

Q — What is to be done with the \$200,000?

A — Tentative plans call for this money to be used to develop the Pampa area industrially and to assist local industrial firms needing to expand, and to provide equity financing to desirable, deserving

manufacturing concerns who desire to occupy buildings on long-term lease or lease purchase arrangements.

Q — Is it wise to spend a lot of money developing industrial districts?

A — The vast majority of industries seeking a new location in recent years have been attracted to communities having well-planned, attractive, restricted industrial districts. In fact, the only cities in the Southwest that have made any noticeable industrial progress in the past 10 years are those that have developed, planned districts. An industrial district planned, developed and controlled by an organization such as Pampa Industrial Foundation, Inc., offers a number of attractions and inducements such as 1. a proposition can be made to prospective firms without delay and at a specific price.

**Special Streets**

2. Reasonable restrictions give assurance that the firm will have pleasant surroundings and that the value of the plant will increase rather than decrease as the area develops.

3. It takes a special type of streets, utility services and drainage conditions to properly serve most industrial plants, and the only way a city can reasonably afford these types of installations is to concentrate manufacturing plants in an area comprising several acres of land so as to accommodate more than one firm.

Q — Why do you think the location of the Mobil Oil Company site is good for industry?

A — It is located some six to eight blocks from downtown Pampa, which is ideal for industry serving the Pampa market. It is located some five miles from the Pampa airport, which makes it ideal for those firms utilizing air service and for companies owning their own planes. It is located near Highways 60, 70 and 273 and only 24 miles from U.S. 66. It is located next to the Santa Fe Railroad and has its own spur which makes rail service available.

The land is level and lends itself well to development.

**Availability Explained**

Q — On what basis will the land be available to industry?

A — It is hoped that Pampa Industrial Foundation Inc., will be in a position and be adequately financed to the extent that they can make land available to an industry on what ever basis is necessary to be competitive with other communities and on the basis of what is best for Pampa.

Q — Why do we need money to help finance buildings?

A — A substantial number of firms establishing new buildings, including some of the big names in American industry, are locating in states and cities offering a 100 per cent financing program. This has been brought about by the fact that 100 per cent financing is available in all of our adjoining states and in many of our competing cities. In order to be competitive, we must have equity capital available to provide the remaining money necessary on a long-term, low-cost basis. It is not anticipated that the money will be used to finance buildings for high-risk promotional ventures.

**Expenditures**

Q — Who will control the expenditure of the money and the granting of loans?

A — Every person contributing \$100 or more to the \$200,000 fund of Pampa Industrial Foundation, Inc., will have a vote in the selection of the Board of Directors of some 15 men who will direct the activities of the corporation. It is proposed that one vote be allowed for each \$10,000 contribution. It is also proposed that there will be an advisory board of 45 members who will give counsel and advice to the board of directors and a finance committee to include men with expert knowledge in the field of business financing who will help guide the board in the expenditure of all funds.

Q — Is a non-profit organization preferable over a profit

corporation that would return dividends to the investors?

A — This question was given serious and long-term consideration. In order for the corporation itself to be exempt from federal income taxes, it must be a non-profit corporation. Also, it is felt that as the program is successful, it will be necessary to acquire and maintain a revolving fund to provide for a promotional program and equity financing. It being a non-profit corporation, those who subscribe to the fund and who will benefit indirectly from the program as the town grows, will be allowed to deduct their subscriptions as a legitimate business expense for income tax purposes.

**Future Bright**

Q — What makes you think you can raise \$200,000.

A — We think it can be raised because people realize that it must be done if Pampa and its citizens are to share in the future growth of the South.

(See FOUNDATION, Page 11)

## Pampa Labor Force Has Steady Gain Over Years

**(EDITOR'S NOTE: — This is the seventh of a series of articles based on the Industrial Development Fact Book as prepared by engineers at Texas A&M University. This story is taken from the section on Labor.)**

**By GLENN McCASLAND**

The labor force in Gray County has grown at a steady pace in the past several years. During this growth, new and expanding industries have speeded its rate.

Manufacturing has provided the stimulus for general employment increases. Strong gains have occurred in the manufacture of machinery, heavy metal products, and petrochemical products in the past 10 years.

Most of the manufacturing gain from 1950 to 1960 was the result of permanent industrial growth.

Total manufacturing in Gray County, as of April 1, 1963, is estimated to employ 1,700 workers, an increase of 819 since 1950.

Non-manufacturing employment reflected a decided increase in 1963 over 1950. Agricultural employment shows a decrease which reflects a nationwide trend, while all other industries show a marked increase.

The 42 industrial firms in Pampa had a total payroll in 1963 of \$2,549,915.11 with 1,594 persons employed. There are 13,450 persons working at present in Pampa with 72 per cent of this figure men and 28 per

cent women. Of this number, 1,155 are technical workers.

The unemployment estimate of 500 persons as of April 1963 includes only those persons seeking work in Gray County on an active basis. If job opportunities in suitable occupations existed a sizeable additional labor supply would become available.

Outside Gray County, but within a reasonable 35-mile commuting distance of Pampa, resides an additional supply of workers, estimated at 800, who could be depended upon to take jobs in Gray County should work become available.

The greatest untapped source of labor in Gray County consists of women not now in the labor market, but who would be available for work if suitable jobs existed.

Most of these women are without work experience, although some have worked as sales clerk, office clerks, or other jobs held before marriage, and others have quit light manufacturing jobs in other towns in order to move to Pampa where their husbands had higher employment chances. Although unskilled, the group could, with some training, be employed in light manufacturing and assembling in industries such as electronic

component, plastic products, or garment manufacturing.

(This report was made prior to the announcement of Form-O-Uth's plans for a plant in Pampa.)

In addition to workers not currently in the Gray County labor market, there exists a potential supply of skilled and semi-skilled workers estimated at 200 presently working in jobs below their highest skill. If more appropriate job opportunities were available to these workers, they could be replaced with unskilled and semi-skilled workers currently unemployed.

Pampa and the county is in a fortunate position with commuting facilities available. Good highways, including federal, state and many farm-to-market roads radiate in six directions from Pampa.

This system of hard-surface, all weather roads makes it possible for a commuter to drive 40 miles to work faster and easier than a worker can drive across town in a large city.

With this excellent highway system, no problem of commuting to and from employment opportunities in Pampa is foreseen.

(NEXT WEEK: Raw materials.)

**Agriculturally Speaking**

By FOSTER WHALEY  
Co. Agricultural Agent

62CS058, Standmaster, W A C 670, NK 227.

5. Martin, a standard variety yielded only 2453 lbs. per acre in this test while the high yielding Hybrid produced 3804. This is 1350 more lbs. of milo worth \$24.00 it cost about 15 cents more per acre in seed cost, to get this extra \$24.00.

Did you know one fellow told me last year he seeded Martin because it cost only \$6.00 per 100 lbs. while a Hybrid cost \$12.00 per 100 lbs.

6. Seeding rate should be no more than 3 lbs. per acre. 2.5 is enough if you have good equipment for getting a stand. At \$12.00 per hundred for seed it would cost only 30 cents per acre. One doesn't have to be an economist to see the insignificance of seed cost in this case.

For the benefit of irrigation farmers here are the top yielders under irrigation at Bushland, Bonanza 8885 lbs., NK 310 - 8765; 62CS044 - 8486; Pioneer 820 - 8432; WM GS 65 - 8421; TE88 - 8405; Standking - 8377; WAC 700 - 8287; DEKalb F63 - 8289; Pag' 515 - 8251; Scott 500 - 8201; Surgro Y98 - 8105; WAC 700 - 8070 and Pag 665 - 8051.

I have a complete list of all the varieties tested at Bushland under both irrigated and dryland conditions. Drop by the office or call MO 4-3441 and we will mail you a copy of this report.

Ferry Carpenter, a Colorado rancher and former Chief, Bureau of Land Management, made a rousing talk on the meat import situation at the Fourteenth Annual Texas Tech Research Farm Field Day Thursday.

He challenged the beef cattle man to find ways as industry has in competing with foreign merchandise. Carpenter said, "We ship \$425 million dollars worth of manufactured goods to Australia and receive about \$300 million dollars worth of beef from them".

Carpenter warned of the affect on people working in the industries that were shipping these goods to Australia. However, he urged some protection by tariff to the American cattleman. He challenged the cattleman to find better ways to merchandise their products and to get more done in research.

**Shamrocks Hit U.S. Just Right For St. Pat's**

COLLEGE STATION (SpI)— If some of your folks came from Ireland and if you'll be wearing a green shamrock on St. Patrick's Day — March 17 — here's a wee bit o' information especially for you.

Shipments of shamrocks from Ireland and the United Kingdom are beginning to arrive in the United States, and are expected to continue until mid - March. About a quarter of a million small packages of shamrocks generally arrive each March for Americans who will observe the annual tradition of "wearing of the green."

As each shipment arrives, it must be examined by a plant quarantine inspector of the U.S. Department of Agriculture to make sure that it contains no destructive plant pests. The plants are inspected, fumigated when necessary, then put back into the mail as quickly as possible.

Shamrocks that are visibly rootless, washed, and free of soil move the fastest, USDA inspectors report. In plants with bits of soil attached, inspectors frequently find the golden nematode, a highly destructive pest of potato and tomato crops.

So, as you pin a green shamrock on your lapel this St. Patrick's Day, consider the USDA plant inspectors who have helped speed it to you.

**State Farm Picture One of Contrasts**

COLLEGE STATION (UPI)— The Texas farm picture was one of contrasts the past week — too wet or too dry.

The Texas Agricultural Extension Service said in its mid-week report that low temperatures were unfavorable generally for good plant growth and planting.

Coastal, Eastern, Central and northeastern sectors got most of the moisture while western, northwestern parts of the southern district reported the need for general rains.

Over the South Plains, moisture conditions ranged from short to very short and pre-plant irrigation had started. Livestock feeding continued general over the state but was beginning to decline in the south central and other areas where temperatures have favored growing conditions.

A period of warmer weather would materially boost spring grazing prospects. Though surface moisture is now adequate in northeast Texas, stock tanks are still low.

Cotton and grain sorghum planting in South Texas are still behind last year's pace. Some wind damage to young stands of these crops was

noted. Flax is blooming and prospects continue to look good. Corn and grain sorghum planting in Central Texas is awaiting the drying of fields and more favorable soil temperatures.

Fruit trees are blooming in southern and eastern areas. Some bud damage from frost had been reported in Northeast Texas but it was still too early to determine the full extent. Oranges and grapefruit are in heavy bloom in the lower Rio Grande Valley and the South Texas vegetable harvest is continuing at a rapid rate.

Wheat in the Panhandle is beginning to grow but in many counties more moisture is needed. Cattle are being moved from wheat fields which are to be harvested for grain. Oats in Central Texas are providing an increased amount of grazing. Goat shearing is continuing in the major producing areas.

NEW YORK — A 14-year old girl screaming at her public school teacher after attacking her with her fists and giving the teacher a black eye and bloody nose:

"I hate you, I hate you."

**Top Swine Aide Sought in Texas**

The search is on for the Texan who during the past year has made outstanding contributions to the state's swine industry; has proven ability as an efficient producer and has contributed to the development of swine programs for youth.

The Master Pork Producer Award is sponsored by the Texas Swine Breeders Association and will recognize each year an outstanding member of the sponsoring organization, explained T. D. Tanksley, animal husbandman for the Texas Agricultural Extension Service. The specialist has worked closely with the sponsoring group in developing the guidelines for the new award.

Tanksley said the award would be presented for the first time in April during the annual Texas A&M Swine Short Course. He added that nominations must be sent to Billy Richardson, secretary-treasurer, Texas Swine Breeders Association, Reagan, Texas, by March 15. This doesn't leave much time, Tanksley said, but nomination forms have been mailed to all Texas county agents, teachers of vocational agriculture and Association members along with rules and regulations and this should speed up the process.

**Meeting Set On Chemicals**

Next Tuesday at 7:30 pm., another meeting on farm chemicals and spray rigs will be held at the Grandview School.

This meeting is being held in response to numerous requests since our January meeting in Pampa on the same subject. Over ninety people attended this meeting.

Several people from the Pampa, Laketon and Grandview vicinity missed the January meeting and have encouraged us to give a repeat performance. The meeting will cover the same topics that were discussed before. They are:

- (1) Tips on selecting a spray rig
- (2) How to determine amount of water the rig puts out per acre
- (3) Care of a spray rig
- (4) Adjustments

**Screwworm Dead In Most Parts Of Texas Area**

The longest period in the recorded history of the Southwest with no screwworm infestations has prompted screwworm eradication officials to issue a statement that a basic objective — elimination of screwworms from Texas and other states in the eradication area — has been attained.

The feasibility of maintaining an artificial barrier of live, sterile flies along the Mexico-United States border to guard against reinfestation of areas freed of the pest is also believed to have been established, but determination of the most effective dimensions of the barrier zone requires further study.

The statement was released by the U.S. Department of Agriculture, Southwest Animal Health Research Foundation and Texas Animal Health Commission. These three organizations have jointly supervised production, sexual sterilization and aerial release of screwworm flies since the program began in February 1962. Sterile males mate with fertile female flies, preventing production of offspring.

Continuous release of sterile flies in screwworm-infested areas of the Southwest has resulted in no screwworm cases having been reported in more than two months.

The joint statement implied that farmers and ranchers cannot afford to relax their efforts, as some screwworm infestations are expected to occur within the eradication area in the months ahead.

**Terrace Set At Laketon Farm Place**

A diversion terrace was staked for Mary Helen Boston on her place east of Laketon. She is also in the process of completing about 12,000 feet of standard terraces. Mary Helen has a good stand of grass on a 50 acre field that she has seeded back to grass.

A farm pond was staked for Harvey Taylor on his ranch south of Alanreed. Harvey has completed an irrigation well and plans to irrigate grasses for grazing. D. W. Swain has completed another irrigation well on his farm south of Kingsmill. He plans to use this well for irrigating grasses.

Jack Bailey who farms northeast of McLean plans to seed some more of his cropland back to native grasses, construct a farm pond, and build a cross fence. Jack is doing this work under the Great Plains Conservation Program.

Rex McNelly plans to level about 70 acres of land on the Moody Farms. This will help to conserve irrigation water by allowing for better distribution and penetration of irrigation water. Robert and Artie Sailor plan to put in some underground plastic pipe. This will help to conserve irrigation water by cutting down on evaporation and seepage.

**REMODELING?**

wouldn't it be wonderful to install electric heat?

**Electromode**  
FLAMELESS ELECTRIC HEAT

Electromode electric heat is the perfect answer. No ducts or pipes, simply run wires to the new area and install an Electromode electric heater, it's the modern, safe, clean heat for that added bedroom, bathroom, recreation room or enclosed porch.

# Gold Uses Defense to Win Spring Clash

## Garrison Top Notch in 6-0 Tilt

By JEFF COHANE  
Pampa News Sports Editor  
A scanty crowd of a few hundred watched a tremendous defensive battle yesterday afternoon as the Gold edged the White, 6-0, in the annual spring training windup game for Pampa football.

Daily News Photo by Bill Trellogan

The Green scored late in the last period and made the rally look all the way with a goal-stand in the fourth quarter. Stop the White's only penetration inside the 20-yard line. Downie's Bandits, spearheaded by quarterback Larry Danie's, and the breakaway running of Gary Garrison, threatened to score twice more, only to have Wayne Hill's Rasicals in turn, take the lead away.

Garrison played probably the best game of his career, as, in addition to his tremendous timing and fine blocking, he was all over the field on defense, being in on 13 tackles. Arthur backed him up as a rugged center was in on 10 tackles, and Carl Johnson and Garrison in harassing the quarterback. Other defensive standouts were Bill Camgren, Red Griffith, Myron Ribner, Larry Watson and Steve Vann. Defensive leader for White Warriors was Big Billy Quarles with eight tackles, backed by Wayne Hill, Phil Garner, Phil Smith, Glenn Davis and San Williams.

Offensively for the Golden Warriors, Garrison was backed by Daniels, a consistent ground runner in key situations and the ever running of Red Griffith. The White quarterback Phil Griffith's keepers were the most consistent weapon, James Wilson and San Williams hit good yardage, but the thrill of the day was 137-pound Roden. The little sophomore literally slithered through a burly Gold line like a greasypig at a county fair, threatening several times to break the line all the way. Fumbles and sides broke-up steady drives by both teams throughout the game.

White made only one first down following the kickoff and led 10-0 at the Gold-38. The Gold took 12 plays to score on the key yardage picked up on an 11-yard scam by Garrick, a 14-yard smash by Griffith and a 15-yard flat pass from Daniels to Garrison. "Chinky" in the last seven yards with pitchout around left end behind a block by Johnson. Garrison was pined in a try for a point conversion. White came right back and almost scored before the period ended as San Williams broke the three straight times for yards, only a shoestring tackle by Billy Stokes saving a touchdown on one of the runs. Johnson stopped a fourth try with a red-dog rush and Johnson recovered a fumble on the 44 on the next play. Early in the second quarter, (See CLASH, Page 11)

**GOING, GOING, GRABBED** — Keith "Red" Griffith is all alone (upper left) heading into a pile of White football players in the White-Gold spring training football game. Recognizable among those coming in to greet him are Wayne Hill (78), Phil Kleerner behind Hill, Joey Roden (31) and Big Billy Quarles behind Roden. At upper right, Griffith gets literally lifted off his feet by the smashing tackle of Trigger Evans (kneeling) and Quarles underneath, with Big Bill also trying to knock the ball out of Griff's hands. Roden leaps in to complete the tackle, also with a hand reaching for the ball, and Kleerner pounces from behind.

## Westbrook Runs 4:32.5 Mile, Finishes Second

ODESSA (SpI) — The Pampa Harvesters tied for 16th in a field of 32 in the large high school division of the West Texas Relays yesterday, with Odessa Permian winning easily. The Panthers, winning three relay events, racked up 44 points, while their nearest competitor, Abilene, picked up 34 as the points were widely divided. Kermit was third with 29 points and Odessa a distant fourth with 19.

The Harvesters, although setting one new school record and threatening another, could score only four points on Mark Westbrook's second place in the mile run. The fleet-footed junior, who already holds the school half-mile record, ran the mile for the first time in his life Friday, setting the fastest preliminary time in 4:39.8. Yesterday Westbrook ran a blazing 4:32.5, the fifth fastest time recorded in the state this year, but was beaten by Randy Loughert of Roswell, N. Mex., who flew to victory in 4:29.3. Westbrook's time was the second fastest in Pampa history, trailing only the oldest school record in the books, a 4:30.8 run by Johnny Campbell in 1945.

The sprint medley relay team of Jesse Washington, Davy McDaniel, Jimmy Jamieson and Westbrook set a school mark with a 3:41.2 clocking. The

mark, however, was only the ninth best time recorded, and the top eight only qualified for finals. The only other Pampa finalist was Little Butch Crossland, who broadjumped 20'11½" for a sixth place tie. Waylon Bullard and Randy Johnston qualified the opening day in the high hurdles and Johnston in the lows as well, but both were eliminated in the semifinals. Former Pampa great Randy Matson, now a Texas A&M freshman, was not allowed to compete in the university division under meet rules, but put the shot 62'2½" in an exhibition. Matson did not throw the discus.

## Steers Sweep Field At West Texas Relays

ODESSA (UPI) — The University of Texas won a surprise victory in the University Division of the West Texas Relays Saturday, but Southern Methodist University stole some glory with two record performances.

Houston was leading going into the mile relay, the final event, but the Cougars finished out of the money and the Longhorns took second which gave them 60½ points to 56 for Houston.

Billy Foster sparked the Mustangs as they shattered division records in the 880-yard relay and the 440-yard relay. SMU posted a 1:24.8 in the 440-yard race, knocking two-thirds of a second off the record set in 1960 by Southern California in the 440. SMU ran a 40.8.

NEW YORK (UPI) — Towering Joe Strawder, returning to the game after being sidelined with four fouls, plunked in a field goal with eight seconds left Saturday night to give second-seeded Bradley an 83-81 victory over St. Joseph's and a berth in the semifinals of the National Invitation Basketball Tournament. The game followed an afternoon first-round doubleheader in which Army defeated St. Bonaventure, 64-62, and Drake beat Pittsburg, 87-82.

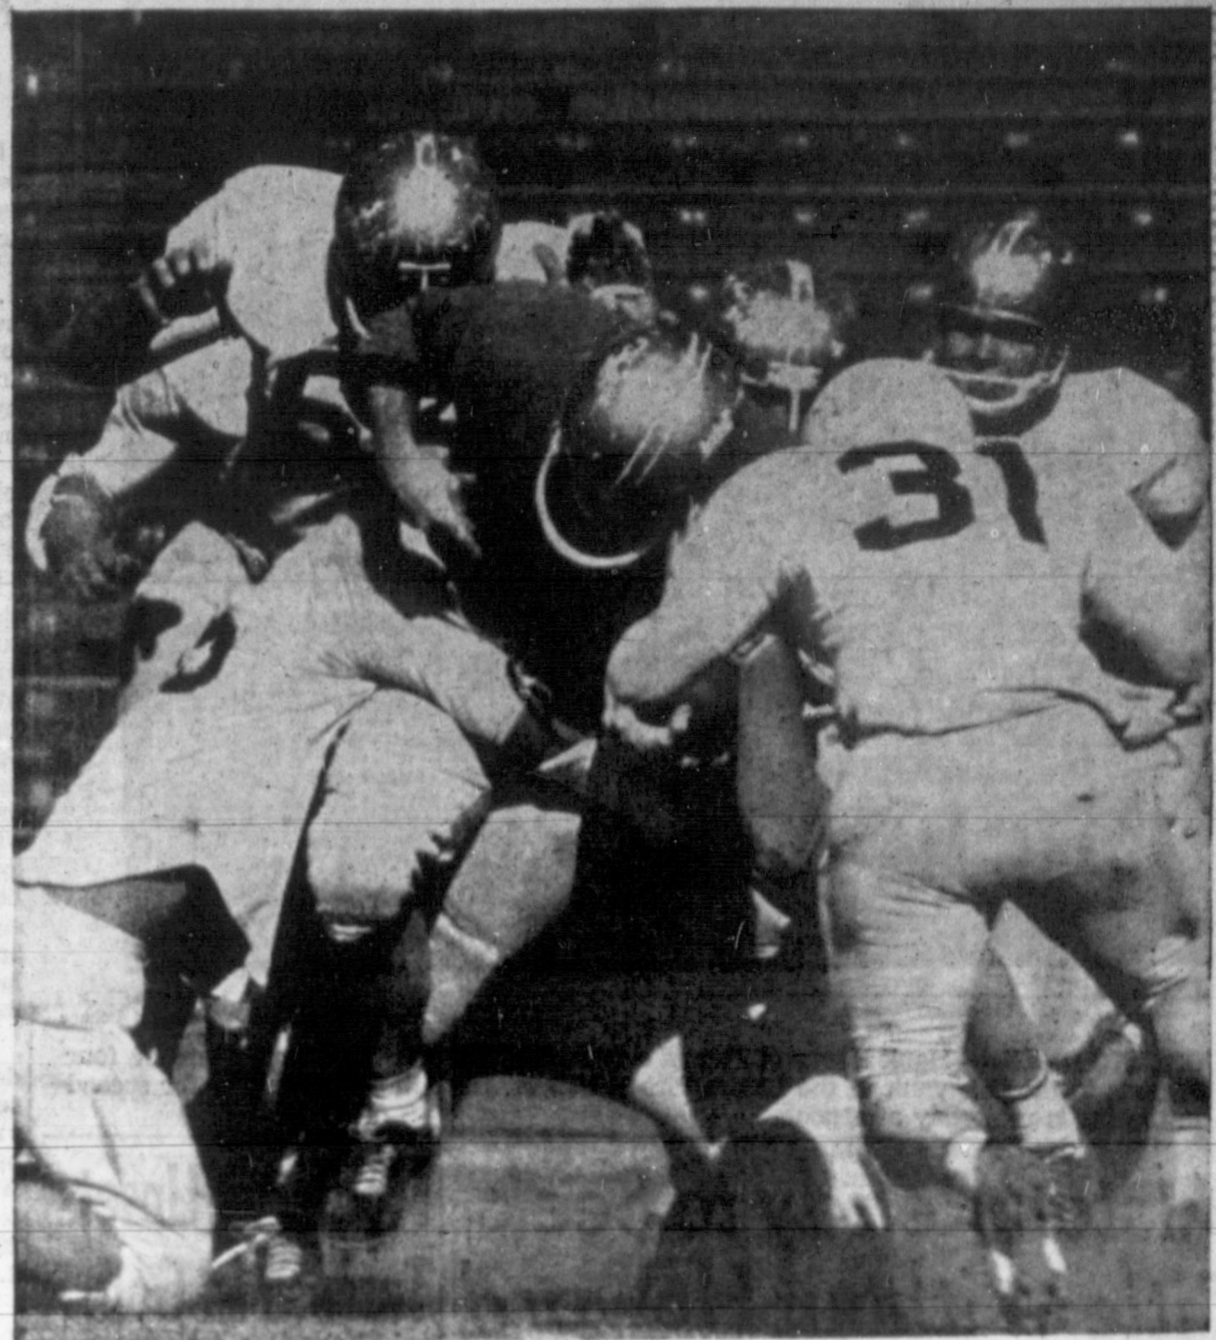

Strawder, who drew his fourth personal foul at 4:34 of the second half, came back in the closing moments to tally a free throw that gave Bradley an 80-79 lead and then reached up to his full stretch of 6-foot-9 to score from close range to give the Braves an 82-81 margin. A free throw by Lavern Tart with four seconds left added Bradley's extra point.

Although taller and faster, Bradley had to overcome a sensational long-range, one-handed shooting performance by St. Joseph's Steve Courtin, who led both teams with 31 points. The 6-1 Courtin and 5-10 Billy Oakes kept the pressure on Bradley with 12 points each in the first half, and Courtin had the Garden crowd cheering with his long-range, eye-popping one-handers that brought him 19 points in the second half. St. Joseph's never led in the first half and twice trailed by seven points, but the constant pressure of its long-range shooting gave Bradley a mild case of Garden jitters early in the second half.

**Lon Morris Eyes JC Cage Crown** — JACKSONVILLE, Tex. (UPI) — A small, but quick Lon Morris College basketball team will be seeking the "fourth-time" charm next week when it goes after the national junior college title in Kansas.

The Bearcats from the little Methodist school here could not quite get the third-time charm to work for their two years ago when they scrapped their way to the finals of the tourney at Hutchinson only to bow to Coffeyville, Kan., Junior College. They didn't fare even that well in their two earlier appearances in the National JUCO tourney in 1953 and 1954, but figure if they can keep the pace they have shown the past two weeks this might be their year.

Although they will carry a 29-4 season record into their opening game at 2:45 p.m. next Wednesday against Walker JC of Jasper, Ala., the Bearcats failed to win their own conference championship. They had a 10-2 Texas Eastern Conference record to finish runnerup to Kilgore JC.

Daily News Photo by Bill Trellogan

## Devlin Leads at St. Pete

ST. PETERSBURG, Fla. (UPI) — Australian ace Bruce Devlin took a commanding five-stroke lead Saturday in the \$25,000 St. Petersburg Open with a three-under-par 69 for a third round total of 202.

Devlin, a six-foot-three licensed plumber from Canberra, turned the first nine in 34 strokes and carded a 35 on the back leg. His third round 202 equals the lowest 54-hole score in PGA competition this year.

The 60 golfers who survived the second round cut were hampered by a stiff wind that whipped the Lakewood Country Club course with gusts up to 35 miles an hour.

Rex Baxter, who was in a five-way tie for fifth place Friday, moved into second. Baxter, of Amarillo, Tex., carded a four-under 68 Saturday for a 207 total.

Masters champion Jack Nicklaus, unaffected by the high winds, carded a 66 and moved from back in the field into a three-way tie for third with a 208.

Tied with Nicklaus, of Columbus, Ohio, was Dan Sikes, who fired a 68, and Don Fairfield, who had a 70.

Devlin, a 26-year-old French Open champion who has won \$7,000 on the PGA circuit so far this year, played one of the finest iron games seen in the tournament in several years. The Australian admits he is not a particularly good putter, "but I make up for it by placing my approach shots within easy range." This is Devlin's debut in the St. Petersburg Open.

Two golfers scored hole-in-ones, the third and fourth on the PGA circuit this year. Even more unusual was the fact both were scored on the same hole, the 190-yard seventh.

Joe Campbell of Knoxville, Tenn., scored his hole-in-one and Dick Howell of White Plains, N. Y., made his with a six iron.

Hogan enters Colonial Meet FORT WORTH (UPI) — Ben Hogan, who hasn't played a competitive round of golf since the Thunderbird Open last June, will include the \$75,000 Colonial National Invitation in one of his rare tournament appearances this year.

Hogan has notified Colonial officials he will compete in their May 7-10 tournament, which he has won five times, after having earlier.

Although Hogan had received one of the first two automatic invitations to this year's tournament (Byron Nelson got the other one), Colonial officials had feared that he might pass up the event on his home course due to lack of activity.

# Bowling

By JIM ADKINS

High game of the week goes to R. O. Johnson. He had a 267 game. He also added games of 24 and 180 for a 671 series. This is the city's high series for the season. Sue Reddell got the high

game for the ladies. She rolled a 230 game, but not until her husband, Jim, rolled a 210. She was not to be out-done. She had a 517 series to Jim's 501.

Other high games and series this week were rolled by guys like Buck Donnell. He rolled a 255 game and a 639 series. Doyle Haynes rolled a 242 game and a 627 series. Ken Gowdy rolled a 246 game and a 585 series. Gerald Vaughn hit the 236 mark and Bill Abernathy had a 232 game and 624 series. Jessie Smartt had a 623 series with games of 202, 222 and 199. John Snuggs had a couple of good games. He had a 225 and a 233. Ken Weaver rolled a 232 game. Stan Brake put three 200 games together for a 613 series, his highs were 215, 201 and 202. Jimmy Weatherly rolled a 216 game and a 620 series. Bob Taylor had a 615 series. Henry Smith pulled out with a nice series after a 127 game. He had a 201 and a 202 for a 530 series. George Railsback had a 214 game as did Hershall Wilks. Gil Burgund had a 222 game and a 573 series. Joe Achord had a 213 game and Dennis Huntley and Ben Hamilton had 212's. John Pierce rolled a 210 game. He had to get a 500 series. Ray Shults and Jim Butcher had 208 games.

## Pampa, White Deer Cop Medals

## Phillips Wins Tennis Tournney

**BORGER (Spl) - Pampa** won four medals and White Deer two as host Phillips won the Phillips-Borger Invitational Tennis Tournament yesterday. Phillip, which had won a boys doubles and dominated girls play, finally won the honors as little All-State cager Larry Lewis was worn down Ronnie Whittington of Borger, 2-6, 6-4, 6-1, 5-7, 6-4.

**Pampa's A boys singlist, Gene Eads,** won consolation honors by defeating Richard Ulrich of White Deer, 6-2, 6-1. Eads had opened by losing to Whittington, 2-6, 1-6, then defeated Spruill of Memphis in the first consolation round. Ulrich had dropped his opener to Lewis, 2-6, 2-6 and then defeated Williamson of Spearman, 6-2, 6-2.

**Pampa's A boys doubles team,** Joe Fischer and Tim Eller, dropped their opener to ancient foes Pounds and Tate of Memphis, 1-6, 0-6, then lost their consolation round to Cal Johnson and Dan Simmons of White Deer, 4-6, 5-7. The Buck pair had dropped a tough opener to Spearman, 5-7, 7-5, 3-6, and then, after downing Pampa, lost to Romas and Robinson of Dumas, 4-6, 3-6.

**A girls singlist Evelyn Roberts** dropped her opener to finalist Ann Howell of Borger, 6-4, 3-6, 6-8, then downed Cindy Hubbard of White Deer, 6-2, 6-2.

**Larry Leonard** returned the favor by recovering a Gold fumble on his 40. Roden slipped and slobbered for 17 yards, and Smith, faking beautifully, unlimbered his passing arm on shorties to Roden and James Williams, despite being red-dogged by Garrison and Johnson. Rushed by Johnson on fourth down, Smith eluded the big Swede and scooted to the Gold 25-, but lost the ball on downs.

## Foundation

**(Continued From Page 6)**  
The economists predict the country is to experience another round of industrial expansion during the next three to five years with national expenditures for new plans and equipment to reach forty billion dollars a year.

The governor of Texas and the new Texas Industrial Commission are pledged to an all-out program to get a full share of the national industrial growth and to attract 4,000 new industries and create 300,000 new industrial jobs within the next 15 years. We must act now if Pampa is to benefit from this program.

**Pampa is in a better position** than it has been in years to occupy a leading position in the progress parade. Pampa has the resources from the standpoint of wealth and leadership to "get the job done."

**Q. - Have other cities been successful** in the kind of industrial program being undertaken here?  
**A. - Through the years** a number of Texas cities have faced similar economics problems to those being faced in Pampa today. Here are some examples of what was done.

**Tyler Cited**  
A study of the Tyler economic situation and a report from the Tyler Chamber of Commerce reveals that prior to 1950 the economy of the city was based on agriculture and oil. Tyler raised \$350,000 for an all-out industrial program and since then has secured 26 new manufacturing plants with some 3,358 persons being employed at present. This is almost double what the manufacturing employment was at the time the program began. Tyler was the same size as Pampa at the time the program began.

**Prior to World War II,** the economy of Longview was dependent mostly on oil and farming. During the war, Longview had a large military base which was closed at the end of the struggle. Soon after, the citizens of Longview raised some \$475,000 for the development of industrial districts and promotional purposes.

**Since then three industrial districts** have been formed and 20 new firms attracted employing 2,791 persons. In the past seven years, since this program began, effective buying income and retail sales in Longview has almost doubled. The city was about Pampa's size at the beginning of the drive.

## Drake Defeats Pitt, Army Beats Bonnies

**NEW YORK (UPI) - Gene West** scored 21 of his 27 points in the second half Saturday in leading Drake to an 87-82 victory over Pittsburgh in the last opening round game of the National Invitation Tournament.

**In the opening game Saturday,** Joe Kosciusko's tip-in at the buzzer gave Army a 64-62 victory over St. Bonaventure. Drake and Army now move into the quarterfinals Tuesday night against fourth-seeded New Mexico and third-seeded Duquesne, respectively.

**West was particularly effective** from the foul line, hitting 13 of 13 in the second half at crucial times when Pitt kept threatening to tie the score or go ahead.

**It was an extremely close,** well-played game which produced 21 ties. It was not until the last five minutes that Drake took command.

**Gene Bogash hit a jump shot** with 5:35 remaining to put Drake in front, 72-70, and the Bulldogs of the Missouri Valley Conference never trailed after that.

**Fred Crawford, who fouled out** with 8:51 left, and Miles Aiken, who had 30 points, were responsible for bringing the Bonnies back into the game. A 15-point spurt by Crawford and Aiken put St. Bonaventure ahead, 50-43, but Army, playing a deliberate game, refused to give up.

**Paris, Waco, Odessa and Wichita Falls** are among other cities having similar success stories.

**Q. - Can we expect the kind of success that has been experienced in these other cities?**  
**A. - It is up to the citizens of Pampa.** Cities are built by men with a dedicated purpose and a determined mind. Surely we have enough faith to believe that we can do what people like us have done in their towns. At the same time, surely we have enough judgment to know that we cannot do the job with any less effort, an less work, or any less sacrifice than that experienced in these other cities.

**ALL ALONE** - Little Bobby Vanpool of Wheeler breaks the tape in the 100-yard dash preliminary in 10.5, far ahead of his nearest competitor, Scott of Sanford-Fritch, far left. The freshman sensation went on to win the finals in 10.4 at the Lefors Pirate Relays.

# Boat-Ski Show Opens Saturday

The Pampa Boat & Ski Club will hold its Annual Boat Show March 21st and 22nd at the National Guard Armory on the Miami Highway. The show will be open from 10 a.m. to 10 p.m. Saturday, the 21st, and from noon until 6:30 p.m., Sunday, the 22nd. A \$15 gift certificate from Dunlap's will be given as a door prize.

The Club will give away a camping outfit for first prize which includes a 7' x 7' umbrella tent donated by Montgomery Ward, a gas light donated by Pampa Tent & Awning, a first aid kit donated by Highland Pharmacy, a rod and reel donated by White's Auto, a tackle box donated by Surplus City, \$10 worth of fishing tackle donated by Gibson's Discount Center, one case of outboard motor oil donated by M & L Oil Company, and a flashlight donated by Engine Parts & Supply; second prize will be a Coleman lantern donated by Richie Gardner, Inc., a Coleman stove donated by Ogden & Son, and an ice chest donated by Firestone Stores; third prize will be a pair of water skis donated by Western Auto Associate Stores and a case of outboard motor oil donated by the Top O' Texas Conoco Station.

Boat dealers having displays at the show will be Richie Gardner, Inc. featuring Hydro-swift, Starcraft, and Newman boats, 3.9 to 100 horsepower Mercury motors, and a custom built cruiser; Ogden & Son featuring Glastron, Lone Star, & Power Cat boats, including an inboard-outboard model, three to 90 horsepower Evinrude motors, and various makes and models of water skis; and Western Auto Associate Stores.

Style shows will be held twice daily both Saturday and Sunday with the latest in bathing suits and sports wear from Bentley's Ladies Store, Gilbert's, and Dunlap's Department Store. The models will wear the latest in hair fashion, also, by Coronado Beauty Salon and Hughes Building Beauty Salon. There will be no additional charge for the style shows which will be held at 2:00 and 7:00 p.m. Saturday and at 2 and 4 p.m. Sunday. A queen will be selected from the models.

The Club is affiliated with the national organization of water ski clubs, the American Water Ski Association, and forms for joining AWSA as well as joining the Pampa Boat & Ski Club will be available at the Show. Membership is open to the public and anyone wishing more information can contact Melva Downs, Membership Chairman, at 1024 Varnon, MO. 9-9412.

Circulation Certified by ABC Audit

THE PAMPA DAILY NEWS, SUNDAY, MARCH 15, 1964

(Page 13)

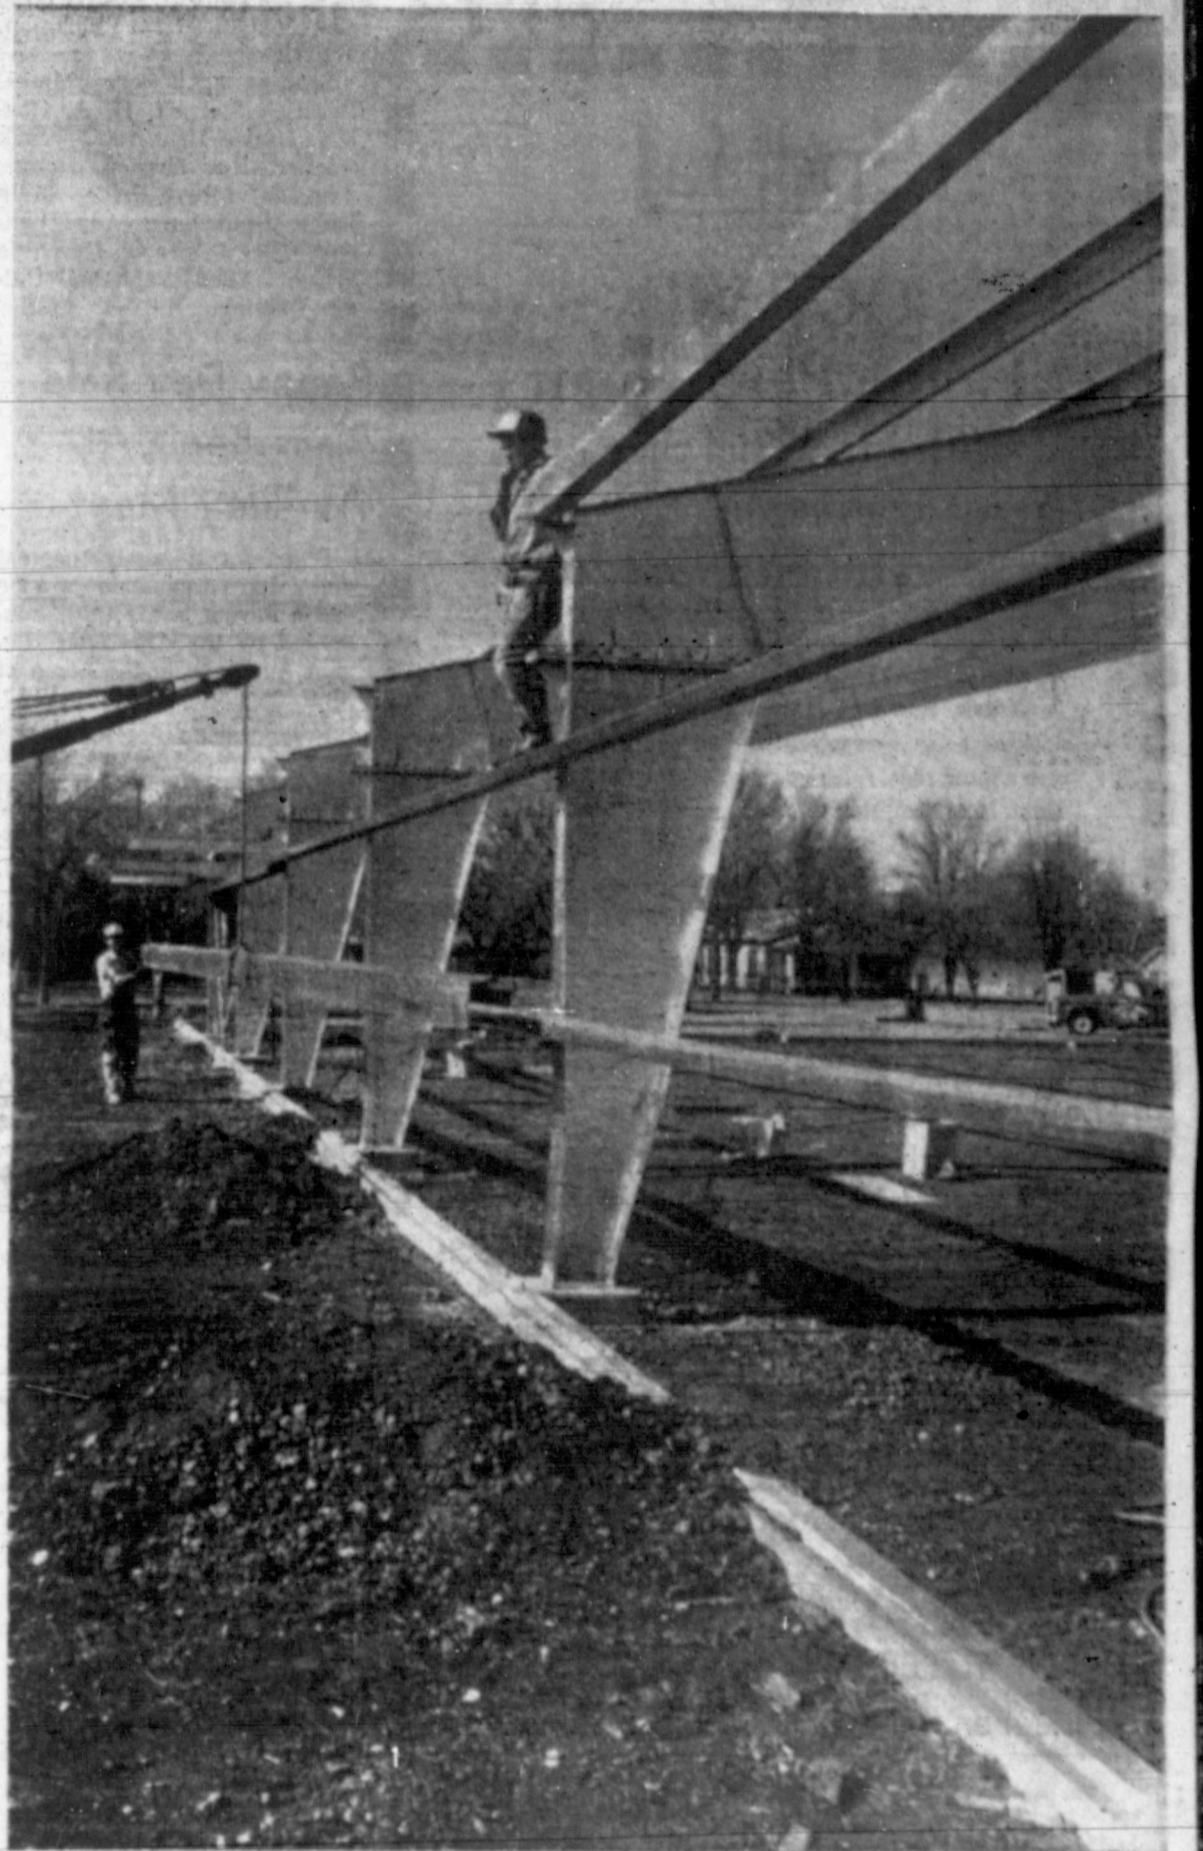

Week Days  
Sundays

**WHAT PAMPA IS PUSHING** — This sign, declaring the name of the 25-acre area of land near the east end of Kingsmill and Foster Sts., tells the Top O' Texas that Pampa's Industrial Foundation has begun an effort to expand its industrial potential. Near the sign is part of the steel skeleton for

the building which started the big pushoff — the Form-O-Uth garment factory. The industrial area was purchased and the signs shown above erected after the plant had been assured for Pampa. Since that time, Pampa has launched a drive to raise \$200,000 to further develop the area.

## Fast Pace Set During Week At Pampa Factory

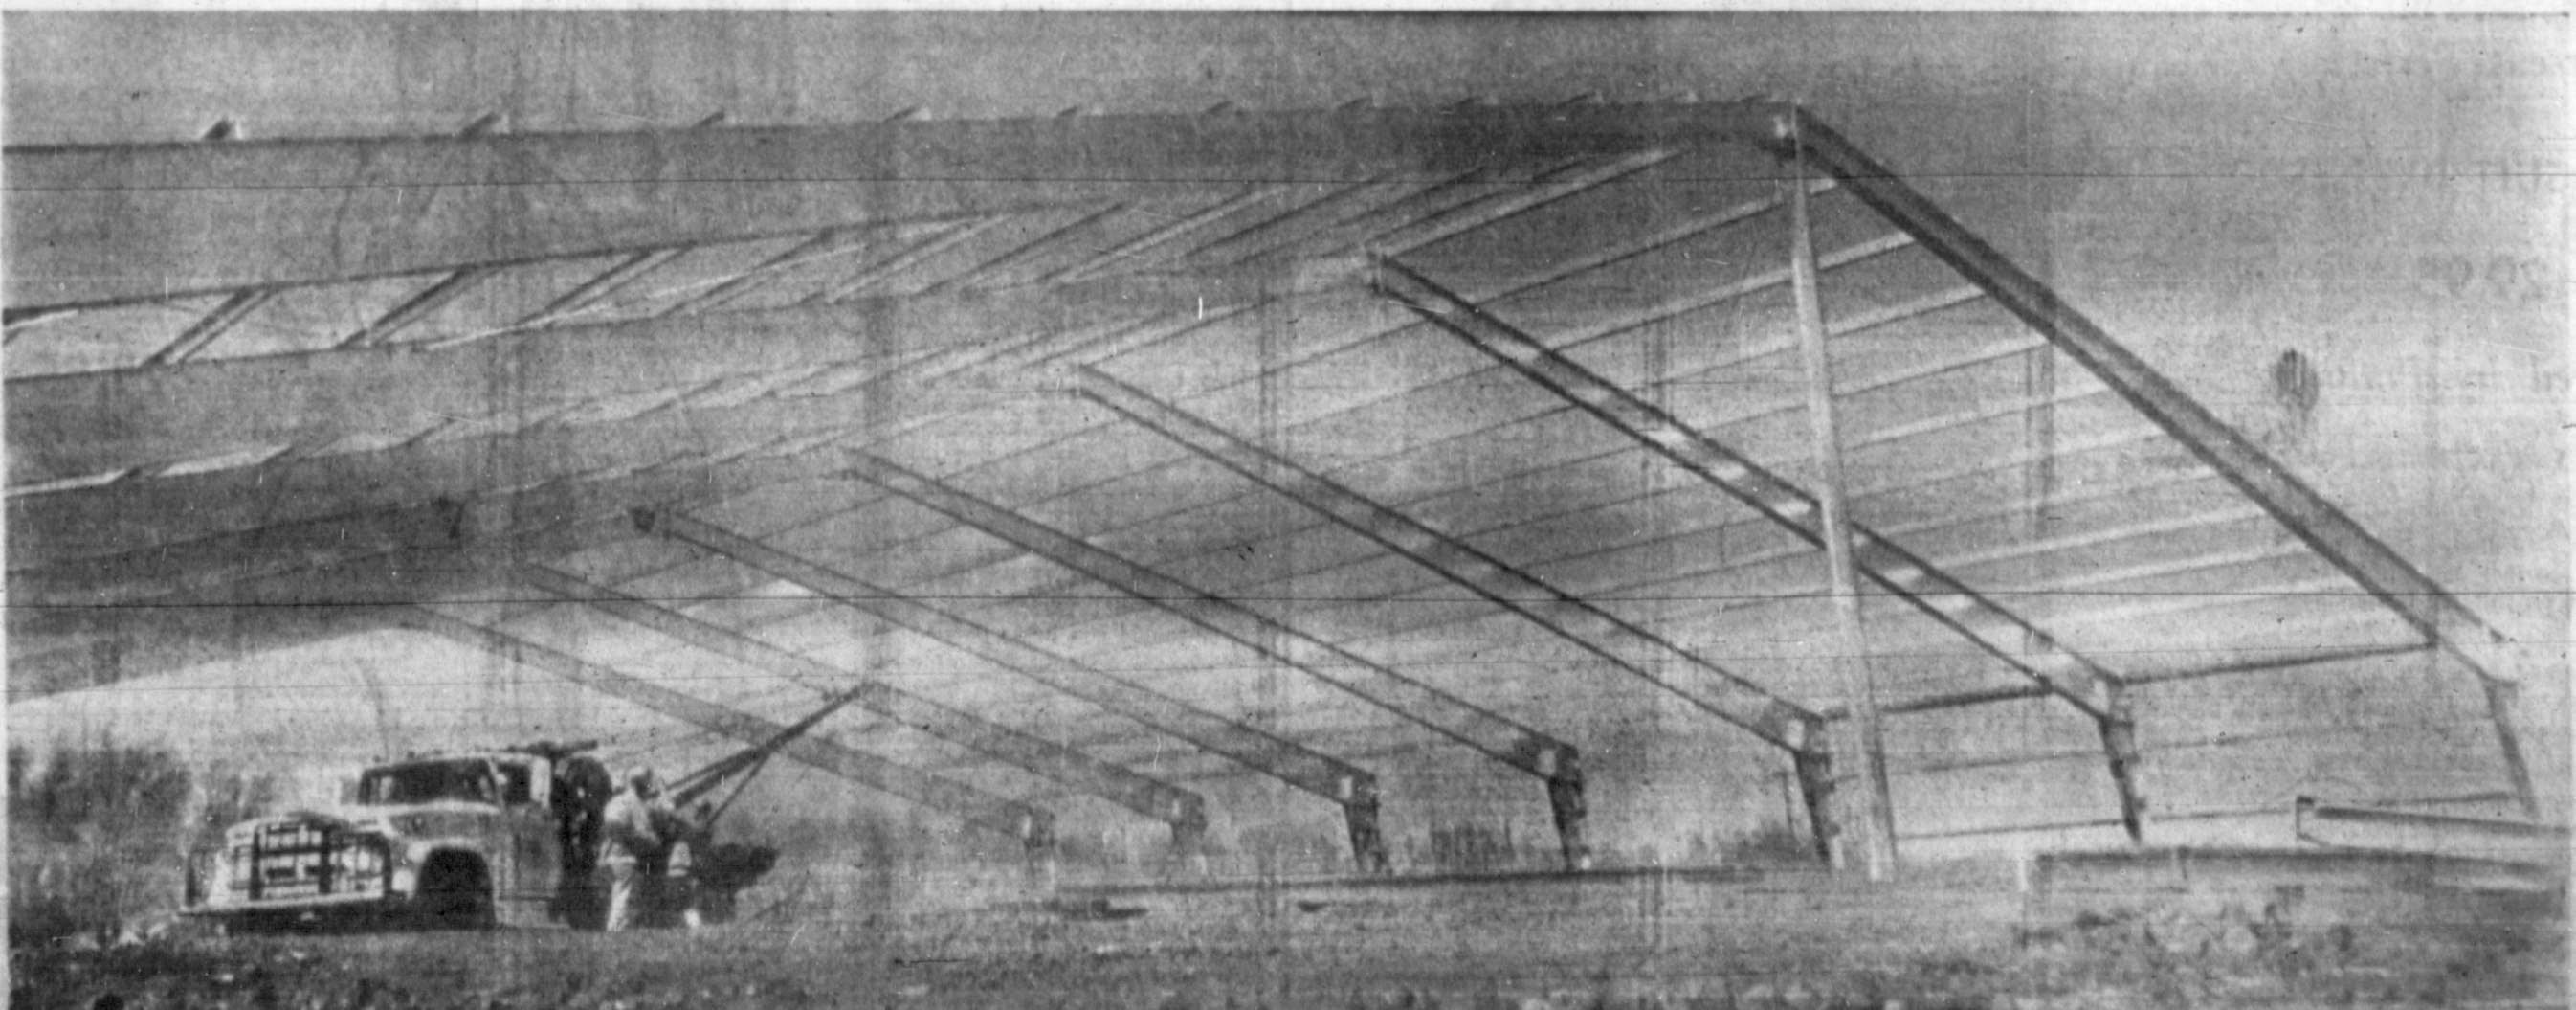

**SIDE BEAMS IN PLACE** — Heavy side beams, to which walls of the Form-O-Uth plant will be fastened, are moved into place by workmen during the first full week of construction at the plant site. The beams were expected to have walls attached some time in the next few days, according to Ed Myatt, Pam-Tex Corporation official, who is heading up the construction of the new plant. The progress is moving rapidly in good weather.

**REINFORCING FOUNDATIONS** — Workers roll square wire sections across floor level space for the foundation of the new plant as other construction

crew members adjust the beams which will hold both the sides and roof of the building together. The wire shown will reinforce the concrete floor.

**BOLTING DOWN** — Workmen gather around a winch truck in the center of the steel structure which will form

the foundation for Form-O-Uth's Pampa manufacturing plant. The workmen are getting ready to install final bolts

which hold the giant beams together at the industrial development site where the garment plant is being constructed.

## W.S.C.S. Hears Easter Program Shower Honors Mrs. J. Wright

The W. S. C. S. of St. Paul Methodist Church met recently to hear the Easter program, "The Cross and the Resurrection," presented by Mrs. Charles Norton and Mrs. W. C. Newlin.

Before a brief business meeting, conducted by Mrs. Norton, president, Mrs. Dan Cotten presented facts concerning the World Federation of Methodist Women. Officers for 1964-65 were elected, with Mrs. Bill Tucker to serve as president.

Mrs. Jim Holcomb, Mrs. H. H. Coe, and Mrs. Pete Erwin were recognized as guests. New members Mrs. Fred Whitt and Mrs. Fred Osbin were introduced.

A covered dish luncheon followed the meeting. Members present were Mmes. R. A. Newton, Wm. Sargent, S. T. Holding, N. C. Cotton, Jack Tabor, Jack Riley, Joe Aubry, Bill Matejowsky, Boyd Maul, Dan Cotten, James Hall, E. N. Franklin, Tucker, Newlin, Osbin, Whitt and Norton.

**CANADIAN (Spl)** — A bridal shower in honor of Mrs. Jackie Wright was held Saturday in the home of Mrs. Burton Horton, Glazier. Other hostesses were Mrs. Edward L. Howard, and Mrs. Earl Blackmore.

Refreshments of tea and coffee were served and games were played including a password game using words pertaining to homemaking.

Attending the social were Mmes. Max Morgan, Chester Harper, Max Jones, Franklin Henwood, Sterling Scarborough, Elmer Sparks, Hester Hostutler, Noveta Stephenson, I. E. Jackson, B. R. Detrixhe, Clint Wright, Hazel Peterman, and George Hand.

Sending gifts were Mmes. Beatrice Stewart, H. A. Hazlett, Louise Bussard, Frank Bucher, Roy Session, Homer Jamison, Albert Price, Stella Dake, Ruth Love, Ada Dickens, Riley Schwartz, Gertrude Wright, Allen Webb and Calvin Derrick.

**MUSIC TEACHERS AID FUND** — Left to right, Mrs. Fidelia Yoder, president of Pampa Music Teachers; Mrs. R. A. Mack, president of the City Council of Women's Clubs and Mrs. Lois Fagan, treasurer of PMTA, happily discuss the planned purchase of a new piano for the City Club Room. The Pampa Music Teachers Association, Tuesday, presented the Council with a check for \$100 to add to the fund. All clubs are invited to contribute to this community project.

It is the close observation of little things which is the secret of success in business, in art, in science, and in every pursuit in life. —Samuel Smiles

**Poppy Day Sale Plans Begin At Auxiliary Meet**

Plans for a poppy contest and Poppy Day sale were made during a meeting conducted by the American Legion Auxiliary in the home of Mrs. Joe Shelton, 2121 W. 11st, recently.

Delegates and alternates to the District Convention were selected. They include: Mmes. Cecil Miller, L. K. Stout, J. M. Turner, Joe Shelton, F. W. Shotwell and Mrs. Lee Harrah. Plans to entertain at Senior Center, April 23, were also made.

Plans for sponsoring a girl to Girls' State in June were also begun.

Refreshments were served by the hostesses, Mrs. Joe Shelton and Mrs. Lee Harrah. The next meeting is scheduled for April 2 and will be conducted in the home of Mrs. L. K. Stout, 719 Somerville, at 7:30 p.m.

Faith does nothing alone—nothing of itself, but everything under God, by God, through God. —John Stoughton

**Karen Moore Wed to Grant Meek In Formal Ceremony Read at Kelton**

**WHEELER (Spl)** — Miss Karen Moore, daughter of Mr. and Mrs. Raymond Moore of Kelton became the bride of Mr. Grant Meek, son of Mr. Clyde Meek of Wheeler February 14, in the Methodist Church of Kelton. Rev. Bruce Parks, pastor of the Lorenzo Methodist Church, officiated the double ring ceremony.

Mrs. Garland Moore Spade, sister-in-law of the bride, was matron of honor. Miss Sherry Murrell, Kelton, was maid of honor. The attendants wore identical pale blue dresses. The embroidered lace bodices were sleeveless and fashioned with scooped necklines. The full "whipped cream" dacron skirts were street-length. They carried cascade bouquets of frenched white carnations. Miss Brenda Horn, Briscoe, cousin of the bride, was the flower girl. Her dress was of pale blue lace and

## Fund for City Club Room Piano Growing Steadily

Pampa Music Teachers Association presented a check for \$100 to the Piano Fund at the regular business meeting of the Council of Women's Clubs conducted Thursday in City Club Room. Kappa Kappa Iota presented the Council with a check for \$20. The fund will be used to purchase a badly needed piano for City Club Room. The City Club

Room is available by reservation to all Pampa clubs. Special project of the council this year is to raise money for the new instrument.

Mrs. R. A. Mack, president, opened the meeting by leading the Lord's Prayer. Mrs. Jess Beard, secretary called the roll and read the minutes.

Each club gave an activity report for February and standing committees reported progress.

Mrs. Fidelia Yoder was in charge of the program, discussing music. Mrs. John Price presented two violin solos and Mrs. Paul Reimer presented a piano solo. Mrs. Lois Fagan accompanied Mrs. Jack Riley who presented a vocal solo.

Mrs. Libby Shotwell announced the Health class which is being conducted at the Red Cross office and urged members to attend.

Twenty-nine club representatives attended the meeting.

A film on cancer will be shown at the next meeting scheduled for April 2 at 9:30 a.m. in City Club Room.

"whipped cream" dacron. The bodice was fashioned with a scooped neckline. The waistline was complemented with a cummerbund which was tied with a bow in the back. The honor attendants and the flower girl wore headpieces of blue satin with short circles of tulle.

Garland Moore, Spade, brother of the bride, served the bridegroom as best man. Larry Finsterwald, Briscoe, served as groomsman. Ushers were Buck Holcomb and Charles Moore, Wheeler. Randy Craslin, Shamrock, cousin of the bride was the ring bearer. The bride's mother, Mrs. Moore wore a turquoise dress with black accessories. Mrs. Meek wore a beige dress with beige accessories. Their corsages were of white frenched carnations with gold.

The bride, escorted to the altar and given in marriage by her father, was attired in a formal gown fashioned with a clipped chantilly lace bodice with a slightly scooped neckline. The long sleeves tapered to petal points over the hands. The long modified bell skirt of organza was enhanced by lace applique which was daintily etched with clusters of seed pearls and frosted sequins. Her elbow-length veil was attached to a cluster of organza flowers with centers of rhinestones and seed pearls. She wore a diamond and pearl drop necklace which was a gift of the bridegroom and carried a cascade bouquet white orchids surrounded by frenched white carnations, lily of the valley and tulle.

Following the ceremony a reception was held. Mrs. Johnnie Burrell presided at the punch bowl and Mrs. George Davidson served the wedding cake which she had baked as a gift for the bride. Guests were registered by Miss Carol Motes of Lubbock.

The bride is a graduate of Kelton High School. She attended Draughon's Business College in Amarillo and Texas Tech in Lubbock. The bridegroom is a graduate of Briscoe High School and attended college at West Texas State University in Canyon.

For travel the bride donned a three-piece knit ensemble with black accessories. Her corsage was a white orchid which was lifted from the bridal bouquet.

Following a wedding trip to New Orleans, the couple will make their home near Briscoe.

Out-of-town guests who attended the wedding were Mr. and Mrs. Leo Moore and family of Dalhart; Mrs. Bess Cole of Lefors; Miss Cissy Newkirk of Galveston; Miss Judy Sanders of Hart; Mr. Doyle Warren of Lubbock; Mr. and Mrs. Alfred Ford of Irving, and Mr. and Mrs. Larry Anderson of Pampa.

# Frenchwoman Advises People To Get in There and Play!

By ALICIA HART  
Beauty Editor  
Newspaper Enterprise Assn.

An ardent sportswoman from France is a walking example of what exercise can do for the figure and mental attitude.

While growing up, Gigi Robin took to gymnastics required in school so well that she won several prizes. She feels it is unfortunate that American schoolgirls can skip

GIGI ROBIN: Sports are essential pick-me-ups for women.

She recently made a swing through the United States for a manufacturer of bowling equipment. While here she discussed the merits of athletics for women and also filled in on what European women were doing to make themselves beautiful.

"I find skiing and dancing relaxing," she says and then with a chuckle revealed her favorite method to combat fatigue and tension—yoga.

This she learned from a friend and if you are not familiar with yoga, perhaps you can try this simple position: Gigi says she sits with her arms and legs crossed for 20 minutes, doesn't think at all and stares straight ahead. "After a few minutes, you truly relax," she says.

For those of you who prefer something more active, try bowling. Gigi believes this is a good sport for women because it requires timing and co-ordination while it is nonstrenuous. Unfortunately, she finds that many women are difficult to instruct because they have no athletic background. This she uses as another argument for girls to begin sports early.

Gigi has been called an Elizabeth Taylor look-alike.

(Photo by Call)

Miss Rita Bryant and Mr. and Mrs. L. M. Bryant, south of city, announce the engagement and approaching marriage of their daughter, Rita, to Ronnie Lee Gaines, son of Mr. and Mrs. Orbilee Gaines, 1124 Sirocco. The wedding is planned for March 20 in the Barrett Baptist Church.

tumbling and working out on the flying rings and bars. "Such exercising is good for the young body," she says. "It helps develop co-ordination and is relaxing."

Gigi adds that gymnastics when done properly do not turn a young girl into a muscle-woman. At 22 she is proof of this with a svelte figure (37-23-38, 112 pounds) which perhaps accounts in part for her success with men students as a bowling instructor in Europe.

## Review Highlights 20th Century Forum Study Club Luncheon Meet

Twentieth Century Forum Study-Club guests and members were entertained with a book review and luncheon Tuesday at the Pampa Club. Meeting for coffee, guests and members were greeted by the hostesses, Mrs. Arthur Teed and Mrs. Joe Franklin. Mrs. Felix Vendrell, president, welcomed the guests and presented Mrs. William Ellis, who gave a review of the frank and witty, award winning book, "Washington Wife—Journal of Ellen Maury Slayden—From 1897-1919."

Mrs. Ellis said, "Since this is an election year, the picture of life in Washington, the campaigning, and official duties of a Congressman's wife as recorded in her diary, is timely—not because of her political observations—Ellen Slayden was anything but impartial in her opinions of pub-

lic figures—but because she has a delightful descriptive ability. She made entries about everything from personalities, fashions, social customs and menus, to women's groups. She was opinionated, critical, charming, human and full of feminine foibles. If I seem to dwell on her frivolous side rather than her charitable moments, it's because that is when I find her most intriguing."

In 1897 Ellen Maury Slayden accompanied her husband, a newly elected congressman from Texas, to Washington. James Luther Slayden served as a member of the House of Representatives for the next 22 years. His wife, an inveterate diarist, describes the drafty, inept receptions of the McKinleys; recreates official White House entertaining under four presidents; and intimate dinners with many famous people outside political circles. Ellen Slayden's interests were not limited to the social scene. There were trips back to Texas every year, sometimes for campaigning, which afforded a rich lore of Texas humor.

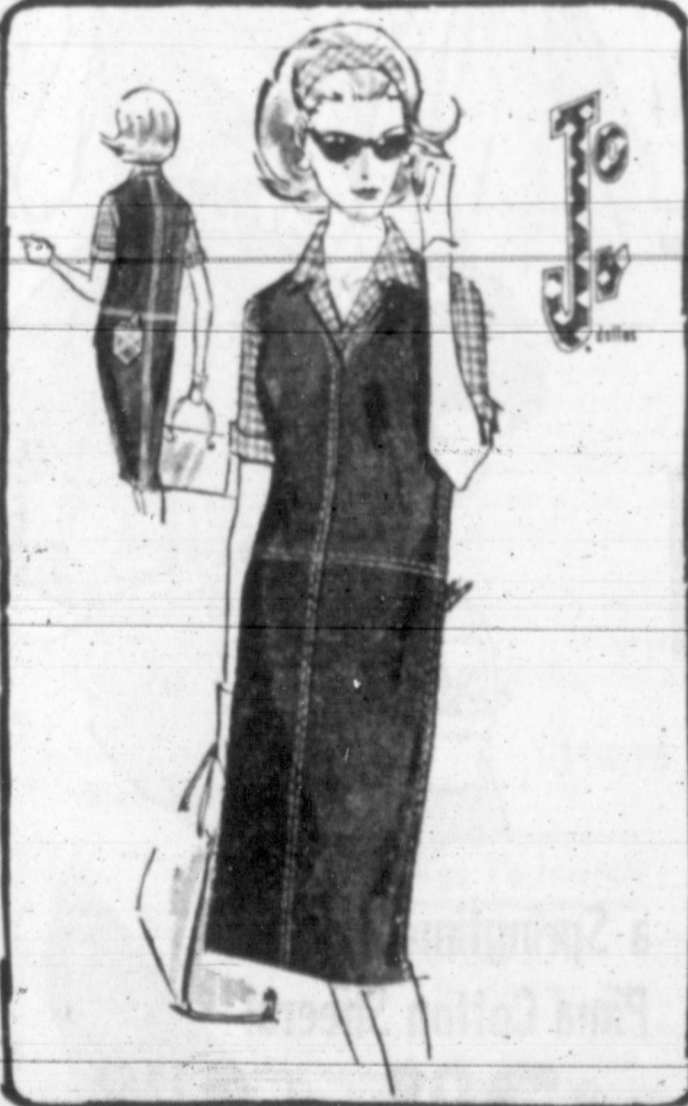

In his introduction, Walter Prescott Webb, the distinguished historian, says: "Washington-Wife" is among the best contemporaneous records of the period between the Spanish-American War—which announced that the United States was a world power and World War I—which defined the duties and fixed cost of holding first place."

Mr. Ellis closed the review with a letter from Mrs. Wal-

ter Rogers, Forum member in absentia, who wrote of some of her experiences as a Texas congressman's wife, viewing similar Washington scenes and events as Ellen Slayden had done but with amusing modern day variations.

Luncheon was served following the program to members and guests, including: Mmes. William Ellis, Eben Warner, Felix Vendrell, W. M. Hunt, Joe Franklin, Jim Leverich, McField McDaniel,

W. O. Matejowsky, Calvin Jones, James Hopkins, John McCrery, Bruce Pratt, Homer Johnson, William Fraser, Bob Curry, E. J. Dunigan, Fred Neslage, Arthur Teed, Arthur Holland, Russell Holloway, George Snell, James Harris, A. J. Organ, Holt Barber, Alvin Bell, Roy Bourland, Harold Barrett, John Swenney, Roy McKernan, Donald Hauck, J. W. Baldrige, Frank Kelley, Marvin Overton, Aubrey Steele and J. B. Veale.

### Dear Kathy

By KATHY PETERSON  
Dear Kathy: I'm faced with a triangle. Every time I go on a date with my special guy, he brings along his buddy. This has been going on for months. The other boy just won't leave us alone and he doesn't seem to think of getting a date for himself.

To make it worse, my date seems perfectly content with the situation. How can I get rid of Mr. Tag-along?—Surrounded.

Dear Surrounded: Hasn't your friend heard that two's a company and three's a crowd? In a way you should be flattered that both your date and his buddy like your company, but when men cling together, you have to wean them away subtly.

There are several tactics to employ to break up your triangle but first why not make it a quartet? You bring a girl friend along for several dates. Either your boy friend will tire of paying her way and suggest his buddy divvy up or the other chap might just get the message.

## Traveling Dinner Highlights Alpha Iota Group Meet

Alpha Iota Conclave of Kappa Kappa Iota Sorority met March 10. Judy Neslage, president, presided over the business meeting. New officers were elected for next year: Miss Sheila Chisholm, president; Mrs. Joe DiCosimo, vice-president; Mrs. Jerry Peurifoy, secretary; Miss Geraldine Rappy, treasurer; scrapbook, Mrs. Henry Gruben; publicity, Mrs. W. L. Veale. Plans were made to attend the Kappa Kappa Iota State Convention in April in Odessa. Miss Sheila Chisholm was chosen as the official delegate.

The members enjoyed a traveling dinner after the business meeting. The salad course was served by Mrs. Brown Smith in her home at 736 Hazel Street. The main course was enjoyed by all in the home of Mrs. Paul Keim at 808 N. Gray. The meal was climaxed by a dessert of strawberry shortcake served by Mrs. Jack Parker at 121 N. West. A program was presented by the "Rejects" Hank Henry, Larry Johnson and Phil Smith.

Other members attending were Mmes. John Best, Paul Boswell, Joe DiCosimo, Hen-

ry Gruben, Jerry Peurifoy, Bennie Shackelford, W. L. Veale, Jack Williams and Misses Betty Boswell, Sheila Chisholm, Ann Collard, Rheta Sue Durham, Stella Kiser, Letha Moore, Judy Neslage, Geraldine Rappy, Deanna Smith and Peggy Turner.

Watch diligently; never desert the post of spiritual observation and self-examination.

—Mary Baker Eddy

Faith is not a sense, nor sight, nor reason, but taking God at his word.

### Metanet Conducts All-Day Meeting

Mrs. Orval Johnson hosted a recent meeting of the Metanet Quilting Club.

Plans were made for members to travel to Borger for a dinner. Mrs. Earl O'Neal won the door prize, a solid quilt with a hand-drawn design. Mrs. Bill Booth attended as an all-day guest. Luncheon guests were George Hamlin, Forrest Cloyd, Gene Tollison, Earl O'Neal, Orval Johnson and Mrs. Margie Hausman.

Members attending included: Mmes. J. B. Jones, Gene Tollison, Earl O'Neal, Forrest Cloyd, J. T. Longah, Gib Moore, George Hamlin and Orval Johnson.

A luncheon of barbecued chicken, salads, vegetables and desserts was served at noon.

Mrs. Hausman, 212 N. Houston, will host the next meeting, March 17.

Ruffles, an important trend in dresses and blouses for spring, are a natural for gloves — so, of course, there they are. But, that's not all. Gloves are feminine in many other dainty ways as well — with buttons, bows, lace, smocking, flowers, embroidery. In fact, gloves are prettier than ever this season.

Mr. and Mrs. Jimmy Barnes

### Sue Phillips, Jimmy Barnes Wed In Double Ring Ceremony March 6

Miss Sue Phillips became the bride of Jimmy Barnes March 6. Rev. Joe Allison, pastor of Highland Baptist

Church read the double ring ceremony before a background of baskets of mums in the home of the bridegroom's parents.

Parents of the couple are Mr. and Mrs. Harold Phillips of Lefors and Mr. and Mrs. Carl Barnes, 1140 Neel Rd.

#### BRIDE

Given in marriage by her brother, Bill Phillips, the bride wore a chiffon over taffeta dress. The bodice featured a rounded neckline and short cap sleeves. The full skirt was gathered.

She chose for her bridal bouquet an arrangement of split carnations surrounding a white orchid, which was carried atop a white Bible.

#### ATTENDANTS

Miss Kay Phillips, sister of the bride, attended as maid of honor. She wore a pink nylon dotted Swiss dress with white accessories and chose a corsage of white carnations.

Brother of the bridegroom, Eddie Barnes, was best man. Mrs. Phillips chose a three-piece suit of olive green with matching accessories and a corsage of white carnations for her daughter's wedding.

Mrs. Barnes wore a three-piece navy blue suit with white accessories and a corsage of white carnations.

#### RECEPTION

A reception followed the ceremony with Mrs. Dale Vandever, sister of the bride, presiding at the guest book.

Mrs. Jimmy Woods, Sr. served the wedding cake and Miss Carole Enloe presided at the punch bowl. Other members of the house party were Miss Elizabeth Phillips and Miss Joan Barnes, sisters of the bride and bridegroom.

The couple is at home at 722 N. Gray.

Mrs. Barnes is a 1961 graduate of Lefors High School, and of the Pampa College of Hairdressing. She is employed with Violet's Beauty Salon. Mr. Barnes attended Pampa Schools and is employed with Windsor Servicing Co.

Out-of-town guests attending the wedding were: Mr. and Mrs. Dale Vandever and daughters of Dumas; Mr. and Mrs. Bill Phillips of Ulysses, Kan.; Mrs. Jimmy Woods, Sr. of Amarillo; Mr. and Mrs. Hank Julian of Canadian and Miss Linda Montgomery of Lefors.

#### Manners Make Friends

Absent-mindedness plays havoc with extension phones. When through talking, hang up.

### ABWA Slates Friendship Tea

TEN THOUSAND GUESTS! This is the goal of 26,000 members of the American Business Women's Association for their chapters' Hand-of-Friendship Teas and Enrollments Events this year. Today the Association's 475 chapters, located throughout the United States, will host approximately 10,000 guests. Twice each year, carefully planned Hand-of-Friendship Teas and Enrollment Parties are programmed and presented by the chapters to emphasize (1) the improvement of employee-employer relationships; (2) the advancement of business women by serving business more efficiently; and (3) the encouragement to business women through education. The progressive history of the American Business Women's Association is told by its national and chapter achievements. The Association's National Headquarters is located in Kansas City, Missouri, where it was chartered in 1949. The organization is designed to fill specific needs not met by other organizations. That it fulfills these needs of business women is verified by its rapid growth.

Education is essential in our society and the Association emphasizes the sponsorship of scholarships totalling over \$40,000.00. The Stephen B. Luff Memorial Educational Fund, the National Educational Fund of the Association, was established in 1953. Chapters are privileged to make application for scholarships for carefully-selected candidates. (See ABWA, Page 18)

### MARRIAGE ANNOUNCED

Mrs. Ellis Knight, announces the marriage of her daughter, Alma, to Ellis Knight, son of Mr. and Mrs. George Knight of Pampa. Vows were exchanged in Sayre, Okla., March 4. The couple is at home at 719 W. Francis. Mrs. Knight is employed with Waukesha Motors and the bridegroom is an employe of National Tanks.

### Blue Ridge School Holds Open House

CANADIAN (Sp) — Public School Week was observed at the Blue Ridge School Friday with an open house for parents and school patrons. Mrs. L. F. Etheredge is teacher for the school.

Decorations in the room followed a Mexican theme and set the trend for the Mexican dinner which was served by a committee headed by Mrs.

Mack Macias. Margaret Van der Goes, exchange student from Holland, was guest.

The page boy with bangs will be seen often where hairdos are shown this spring. Watch, too, for longer bobs with a straight, shaped look. Most styles will feature a rounded fullness of height that begins at the crown and curves softly down to the nape of the neck. It's all a part of fashion's theme of easy elegance and a softer, more feminine look.

Mrs. Kenneth Bowers, Mr. and Mrs. C. Davis, 1403 E. Frederic, announce the marriage of their daughter, Gwenn, to Kenneth Wayne Bowers, son of Si Bowers, 1402 S. Barnes, and Mrs. Jessie Albertson, 820 Reid. The ceremony was performed March 1 in Juarez, Mexico. The couple is at home at 820 S. Reid.

The reformer must be here at all points, and he must have conquered himself before he can conquer others. There is no such thing as reforming the mass without reforming the individuals who compose it. —Henry Ward Beecher

Shrubs and Foliage Discussed by Club

Shrubs and foliage were discussed by Mrs. Lee Moore and Mrs. John Sweeney, national flower show judge, during a meeting of the Pampa Garden Club Monday. Mrs. Floyd Watson, 2320 Aspen, was hostess. Assisting was Mrs. Lyle Gage. The spring plant sale was scheduled for May 1 at 1:30 p.m. and will be conducted in the home of Mrs. James McCune. Trees planted in Aspen Park for Arbor Day were listed. They include one green ash, one yucca and three catalpas. The table decorations followed the St. Patrick's Day motif. Mrs. Waldon Moore will host the next meeting at her home, 2000 Mary Ellen, April 6 at 9:30 a.m.

# Scouting Scoops

LINDA MOORE  
Senior Troop 5

I hope all of you Scouters are having as much luck selling your cookies as my sister and I have had. We had some real fine luck and were able to sell all of ours the first day. These did not all go to our parents either.

The Senior Planning Board met on Saturday, and made their last minute plans and changes. The Seniors attending the Conference went to the Lion's Club Minstrel on Friday night.

When you went down town one day this last week did you notice the window displays that the different troops had made to celebrate Girl Scout Week? I did, and you know, there were some very good exhibits. Brownie Troop 22 had their display at the Lovett Memorial Library. The girls presented a troop scrap book and a book showing all the Brownie uniforms worn in

the world today. Other troops who had displays were Troop 43, Troop 92, Troop 81, Troop 1, Troop 27, Troop 214, Troop 44, and Troop 20.

Senior Troop 5 started Girl Scout Week off the right way. Sunday they met at Mrs. John Holt's house for a brunch. The girls had link sausages, hot sweet rolls and mixed fruit. Afterward the troop attended services at The First Presbyterian Church. This Senior troop wasn't the only troop to attend church together, however.

Junior Troop 28, and their leader, Mrs. James Kennedy, attended the Central Baptist Church. Junior Troop 125 visited The First Methodist Church.

February 22 was Girl Scout Thinking Day. Troop 2 held a special Thinking Day program and Court of Awards. They opened their program with a choral reading entitled "The Wish That Came True." And then a Juliette Low Candle-lighting ceremony. Presentation of the troop's bank for the World Friendship Fund was made to Mrs. Jack Hunter, Neighborhood chairman. The Court of Awards followed a musical theme with a girl telling something about the badge and then the entire troop singing a song that pertained to the badge. Badges were pinned on the girls by the two leaders, Mrs. J. B. Maguire, Jr. and Mrs. J. Parks Brumley. At the end of the program, refreshments of punch and cookies were served to the parents and friends attending. Approximately fifty persons attended. The program, refreshments and decorations were made by the girls themselves. Door prizes of

(See SCOOPS, Page 19)

ANTIQUe SHOW PLANS COMPLETED — The Annual Spring Antique Show sponsored by the Twentieth Century Cotillion Club, will be conducted April 3-5 in the Starlight Room of Coronado Inn. Mrs. W. D. Price, Jr., left, chairman of the show, and Mrs. Jim Campbell, Cotillion presi-

dent check, to be sure the club sign is secured near the Hobart Street entrance to the Coronado Inn. Proceeds from ticket sales will aid the Opportunity Plan, Inc., West Texas State University.

● ABWA (Continued from Page 16) dates, and loans and grants-in-aid are awarded from this National Fund. These grants and loans are normally limited to outstanding students who are already working toward their college degrees. The National Board of Directors of the Association serves as the trustee for this fund. Pampa Charter Chapter of A.B.W.A. will meet with guests at 2 p.m. today in the City Club Room for a Friendship Tea and program explaining the goals and functions of the local chapter. If you wish to know yourself observe how others act. If you wish to understand others look into your own heart. —Von Schiller

## P-TA City Council Completes Agenda

The regular meeting of the Pampa P-TA City Council was conducted Tuesday in the Sam Houston cafeteria. Mrs. Melvin Watkins, president, presided during the meeting following the invocation offered by L. C. Davis, principal of the host school.

Mrs. Dan Cotten, secretary, read the minutes of the last meeting and correspondence which included a letter from the District 19 president, emphasizing important dates. Today is the deadline for turning in memberships. April 1 is the final day for getting publicity record books to the district chairman. All Council committee chairmen must have their reports in the hands of their respective District chairmen by April 1.

The annual school of instruction will be held at Baker on April 7. District 19 Spring Conference will be held at Spearman on April 21. All P-TA members are urged to attend.

## Changing Cities and Churches Reviewed By Members of Wesleyan Service Guild

The study on "The Changing City Challenges the Church," was reviewed further during a meeting of the Wesleyan Service Guild in the parlor of the First Methodist Church recently.

Several members gave reports selected from the Methodist Woman and World Outlook on what causes the changes in the cities and the challenge of the church. Mrs. Rachel Jones, study leader, emphasized that the changing city is creative, imaginative and constitutes courage.

Mrs. Emma Ogden conducted an impressive pledge service. Those members not present will have another opportunity to pledge.

Mrs. Penick, president, announced that she was making final arrangements for those who plan to attend the north-west Texas Conference in Plainview. She announced the district meeting which will be conducted April-12.

Those attending were Mmes. Mildred Cook, Ivo Denson, Lillie Mae Fowler, Rachel Jones, Emma Ogden, Laura Penick, Irene Smith, Maggie Smith, Gladys Turner, Diamia Wood, Frank White, Laura Payne and Misses Lillian Mullinax, Ila Pool and Alma Wilson.

## Treble Clef Club Honors Patrons

The Patroness Tea, sponsored each year by the Treble Clef Club in recognition of patron members of the club, was conducted Tuesday at Lovett Memorial Library. Patron members including Mrs. Clifford Braly, Mrs. Julian Key, Mrs. Bob Curry, Mrs. W. R. Hardin, Mrs. Gladys Harvey, Mrs. D. V. Burton, Mrs. C. S. Boston and Mrs. F. W. Shotwell, were introduced.

Guests were Mrs. Bob McCoy, Mrs. R. L. Spears, Mrs. W. H. Fuller, Mrs. R. Scroggins, Borger; Mrs. Jim Scott, Borger; Music Club president; Mrs. Joe Gates, Mrs. R. A. Newton, Mrs. Roscoe Elmore, Mrs. Fred Neslage. Guests were introduced by Mrs. Bruce Riehart, president, who also introduced the program.

Mrs. Homer Kreuzer presented "F Major Ballade" by Chopin. Joe Whitten presented three vocal selections accompanied by his brother, Jerry Whitten, pianist. The selections included, "Bocce Doloroso" by Sibella; "Du bist willste blume" by Schumann; and "Climb Every Mountain."

During the social hour, hostesses; Mrs. John Gill, Mrs. Glenn McConnell, Mrs. Paul Reimer and Mrs. Lonnie Richardson, presided at the beautifully appointed table which was covered with a pink linen damask cloth. The Baroque silver tea service was enhanced by the pink centerpiece which depicted a fountain with pink flowers and pom-poms cascading to the base. Candleholders of pale pink accented the cranberry candles. Napkins were in a deep cranberry color. Refreshments of cake sandwiches, pineapple tidbits and cheese balls were served with coffee.

## Students Speak At Altrusa Luncheon

Pampa Altrusans met Monday for a luncheon which was highlighted by a panel evaluation and description of preparation for the Career Clinic sponsored by the Pampa Altrusa Club, Chamber of Commerce and Jaycees last

month. Donnie Rexroat, senior student and president of the PHS Council, acting as moderator. Larry Johnson gave account of pre-planning and preparation of the clinic, stating that for the chairman, Mrs. Marian Osborne, it was almost a year-long job. Eighty-five consultants were contacted and arranged for preceding the completion of the schedule. Lists had to be evaluated following student check-list preferences in previous clinics. He stated that this sixth Career Clinic, involved the whole student body. The first two clinics were conducted only for seniors. He stated that students felt that the opportunity to attend a clinic each year in high school offered a broader and more accurate advantage in choosing a career. Students decide which round table they prefer and were given an opportunity to obtain advice from a faculty member in making the decision. He stated that without the help of supporting organizations, faculty and student cooperation, the Clinic could not succeed.

Earl Scott outlined student activities in the preparation and execution of the programs. Schedules were made out and arrangements made in rooms for the round tables. The field house was arranged for the general assembly which launched the clinic agenda. Student chairmen, he added, escorted visiting consultants and arranged for seating students in work shops. He explained the evaluation which was made up from student views.

Kathy Larsen gave a resume of the schedule. Girls acted as hostesses during the morning coffee in honor of the visiting dignitaries. Work shops then convened with consultants explaining each career, offering pertinent facts such as salary, education requirements, etc.

Mary Hahn gave the stu-

dent's natural reaction to the clinic as a day away from real classes, and then the sudden realization that the clinic offered an opportunity that could shape the career of the student to one that he was truly suited by simply explaining facts.

Students then offered suggestions for changes in the clinic.

The seven guests attending the meeting included Miss Ann Qualls, February Altrusa Girl of the Month, who introduced Dana Taylor, March Girl of the Month. Miss Taylor is vice-president of Thespians and a member of the National Honor Society.

Business was conducted by the president and correspondence and standing committee reports read.

### 'Red Stockings' Have Invaded the Town, 'Revue' is Coming Up April 3

At 8 p.m. on April 3, the curtain will go up on Beta Sigma Phi's first "Red Stocking Revue." This benefit production, cast by Pampans and directed by a 'Yank' will be at the top-of-the-list on April 3 and 4 for persons who want to really see a "touch of Broadway!"

The show, sponsored by the local chapters of Beta Sigma Phi, was planned to raise funds for a scholarship for a Pampa High School Senior. A scholarship committee at Pampa High School will work with a committee of Beta Sigma Phi representatives to choose a deserving student wishing to further his education.

Mrs. Thelma Bray and Mrs. Julian Key are general chairmen for the event. Fred Stockdale will provide top-notch music for the variety show which will for the first time unveil the talents of Pampans in a "real gone" stage production, complete with choreography (Broadway style) and routines that will hold the attention of the audience from curtain time until encore.

Highlighting the show will be the revelation of Pampa's "Maharaja", who will be chosen by members of local civic clubs and elected by popular vote at a "penny a throw". His "Excellency" will perform a number following his recognition. Jerome H. Cargill, producing organization of New York City, will provide the costumes and most important of all, the director, Ted Hook, veteran of Broadway shows and noted dance instructor. Daily rehearsals will begin March 18.

### Pinochle Games Played at Nightin' Gals Club Meet

GROOM (Spl) - The Nightin' Gals Club met in the Community Club House Tuesday evening with Mrs. Ted Friemel and Mrs. John Krizan as hostesses. Games of pinochle were played with Miss Beulah Shockley winning high score and Mrs. Eldred James, low.

### Mrs. Mixon Named Queen for the Week By Mobeetie TOPS

Mrs. Mary Mixon was named Queen for the Week during a recent meeting of the Mobeetie TOPS Square Shooters. She recorded a five-pound loss. Roll call was answered with ideas for a better attitude toward losing weight. Mrs. Georgia Corse and Mrs. Mixon were hostesses for the meeting which was conducted by Mrs. Corse, vice-leader.

Those attending were Mmes. Corse, Mixon, Mae Helton, Melba Burch, Margaret Trout, Inez Erwin, Wylene Waters, Margie Meadows, Velma DeSpain, Eula Johnson, Wanda Childress, Thelma Harrison. Visiting the group were Mrs. Teresa Hensley and Mrs. Irene Lanely.

### Scoops

(Continued from Page 18) home baked "goodies" were given.

On Saturday, Troop 2 visited the Boy Scout Exposition to see Indian crafts that were exhibited there. The troop is working on an Indian Lore badge.

On Sunday, Troop 2 visited the Episcopal Church and Sunday School. After church services, they had dinner together at a hotel. Troop 2 has 14 members.

The Quivira Girl Scout office wishes to express their deep appreciation and thanks to Mrs. Cecil Deist, who helped them so very much on March 4th.

Well, I guess that just about winds up the news for this week, so be real good because Easter is coming and you may want something new.

Straighten a tangled fringe by running a fork through it. Keep sponges fresh after washing by soaking them in cold salt water.

'RED STOCKING' CHAIRMEN - Mrs. Julian Key and Mrs. Thelma Bray, chairman in charge of the Beta Sigma Phi 'Red Stocking Revue' set for April 3-4, are busy with the pencil, paper and telephone. Director, Ted Hook, noted Broadway director and musical producer, will arrive tomorrow to get rehearsals under way.

### Classroom Visitation Highlights Father's Night Meeting at Wilson

Classroom visitation preceded a Father's Night meeting of Woodrow Wilson P-TA Thursday. Dan True, weather meteorologist, Amarillo, was guest speaker. He gave an informative account of the coming tornado season. Mrs. Calvin Hogan, president, conducted the business meeting and Mrs. Bill Harris gave the secretary's report. Mrs. J. H. Gallman read the treasury report and Floyd Smith, principal, read a report of the nominating committee. Officers elected for next year included: president, Mrs. A. R. Pfeil; vice-president, Mrs. Jerry Davis; secretary, Mrs. Bill Harris; treasurer, Mrs. Jack Chisum; historian, Mrs. Bill Harris;

parliamentarian, Mrs. Calvin Hogan; delegates to City Council were Mrs. Kerksieck and Mrs. Dan Cotten. Recommendations were approved to discontinue the film room during P-TA meetings and to pay guest speakers' travel expenses. Mrs. Hogan appointed a bylaws committee, Mrs. Bill Stephens, Mrs. Jerry Davis and Mrs. E. L. Henderson, to draw up proposed amendments for presentation at the next meeting. HOUSEHOLD HINTS Plastic cement can be removed from clothing by the immediate application of lacquer thinner. To keep spattering to a minimum when broiling meat, add about 1/4-inch water to the bottom of the broiler pan.

for the young elite on Easter morn

Little girls like shoes that sparkle, shoes that make a big issue of style and color.

Little boys like most any shoes, just so they're new and look like dad's.

# Congressman Lists 20 Top Questions

Due to the many requests of subscribers, the Pampa Daily News is reprinting the questionnaire submitted last week by Congressman Walter Rogers.

Rogers is seeking the opinion of voters in his 18th Congressional District on 10 major national issues and 10 major foreign issues.

The congressman asks that the questionnaire be mailed to him at his office, 1330 New House Office Bldg., Washington, D. C., or to his office in Pampa, P. O. Box 1699, Pampa, Texas.

**Foreign Affairs**

- (Favor) (Oppose) (Have no opinion) the sale of U. S. wheat to Russia.
- (Favor) (Oppose) (Have no opinion) continuing our foreign aid program.
- (Favor) (Oppose) (Have no opinion) cutting off aid to nations trading with Cuba.
- (Favor) (Oppose) (Have no opinion) our continued membership in the United Nations.
- (Favor) (Oppose) (Have no opinion) military action to bring freedom to Cuba.
- (Favor) (Oppose) (Have no opinion) withdrawing U. S. troops from Europe.
- (Favor) (Oppose) (Have no opinion) a higher level of U.S. defense spending.
- (Favor) (Oppose) (Have no opinion) direct intervention in the Viet Nam war.
- (Favor) (Oppose) (Have no opinion) admission of Red China to the United Nations.
- (Favor) (Oppose) (Have no opinion) building a canal to replace the Panama Canal.

**Domestic Affairs**

- (Favor) (Oppose) (Have no opinion) repealing federal excise taxes.
- (Favor) (Oppose) (Have no opinion) so-called "medicare" proposals.
- (Favor) (Oppose) (Have no opinion) the U. S. man-to-the-moon program.
- (Favor) (Oppose) (Have no opinion) an accelerated public works program.
- (Favor) (Oppose) (Have no opinion) Federal participation in urban renewal.
- (Favor) (Oppose) (Have no opinion) changing the presidential succession act.
- (Favor) (Oppose) (Have no opinion) Federal development of new recreational facilities.
- (Favor) (Oppose) (Have no opinion) Federal aid to education.
- (Favor) (Oppose) (Have no opinion) speeding the program to build interstate highways.
- (Favor) (Oppose) (Have no opinion) Federal help to cities in mass transit development.

HARLEY SEUSER  
... realtor to speak

## National Realtor To Visit Pampa

Harley R. Seuser, regional representative of the National Association of Real Estate Boards, will spend next Friday in the Pampa area consulting with local realtors and other business leaders, Joe Fischer, president of the Pampa Board of Realtors, announced yesterday. Seuser travels from the headquarters office of the Association in Chicago.

During his visit, Seuser will meet with the officers of the Pampa Board of Realtors and address a meeting of the board at noon Friday in Coronado Inn.

Prior to his service with the Realtors' Association, Seuser conducted his own real estate office for fifteen years. He has served as a director and president of the Walworth County (Wisconsin) Board of Realtors, as president of his local chamber of commerce, and on the legislative committee of the National Association of Real Estate Boards.

## 18 Accidents on Gray County List

The Texas Highway Patrol investigated 18 accidents on rural highways in Gray county during February, according to Sgt. J. W. Wilson, Highway Patrol Supervisor of the Pampa area.

The wrecks accounted for two persons killed, 17 injured and an estimated property damage of \$19,105.

The rural traffic accident summary for Gray county for the first two months of 1964 shows a total of 32 accidents resulting in two persons killed, 24 injured and an estimated property damage of \$23,830.
