69 Johnson Due to Fly Home Today

WEATHER PAMPA AND VICINITY — Fair had warmer this afternoon, to night and Friday. High this afternoon near 60. Low tonight in low 30s. High Friday in low 70s. Southwesterly winds increasing tonight and Friday, 20 to 30 Friday.

outh's Opinon—IV

Easter Compared to Christmastime

EDITOR'S NOTE — This is the fourth in a series of stories based on the meaning of Easter as prepared for the Pampa Daily News by six Pampa High School students. By RICHARD FATHEREE. Easter is the time of year observed on the first Sunday after the full moon that occurs on March 21, or any of the 28 days following that time. Easter is like the Christmas season in many ways but there is a different feeling about Easter in many people's minds. To me, Easter wouldn't be the same without the Easter parade, beautiful bonnets, Easter bunnies and, most of all, an Easter egg hunt. However, many people are declaring that Easter, like

Christmas, is over commercialized, and that people are not observing the real meaning behind Easter. To some extent, this may be true, but it seems that people are not expressing their thoughts and ideas about Easter as they should. They are keeping these ideas within their minds. I am inclined never to speak of Easter at all sometimes, and yet within my thoughts, I remember what Easter is and what its meaning to each person is today. Despite its commercial aspect today, I just don't believe the true Easter has left the world. Each person still observes, no matter how silently, the resurrection of Christ and what it means to the world.

Week Days 66 Sundays 106

HOORAY FOR HOLIDAYS! — With big smiles, Steven Lea, son of Mr. and Mrs. Donald Lea, 1137 Candelaria, and Carla Combs, daughter of Mr. and Mrs. Joel R. Combs, 1108 Crane Rd., leave their second grade classes at Travis Elementary School for a four-day Easter holiday. Classes will resume at 8:30 a.m. Tuesday.

Deadline Tuesday On Absentee Vote in School Race

Deadline for casting absentee ballots for the April 4 Pampa Independent School District election will fall at 4:30 p.m. next Tuesday. The school business manager's office said 23 absentee ballots had been cast up until noon today. There are approximately 9,000 eligible voters in the Pampa Independent School District which extends east and west to the Gray County line, north to the Canadian River and south to Bowers City. There were only 855 votes cast in the 1963 school board election here although nearly 9,000 persons were eligible to vote. Anyone living in the district who has a valid poll tax receipt or poll tax exemption is eligible to vote in the April 4 school election. It was pointed out that voters need only be residents of the area. They do not have to be property owners or taxpayers. The property owner-taxpayer requirement applies only in bond elections. There will be only one polling place in the school district for the April 4 balloting. It is in the Pampa Junior High School gymnasium at N. Ballard and Browning Sts. There are five candidates in the school board race. They are Jack Hood, E. E. Shelhamer, Bill McDonald, John Gikas and Joe Reid. Gikas is seeking re-election.

Grand Jury Indicts 10 in Wheeler WHEELER — Seven criminal indictments against 10 persons were wanted for impersonating an FBI agent during the theft of an automobile, were returned Wednesday by the Wheeler County Grand Jury. District Attorney Bill Waters said the final indictment was returned about 8 p.m. and the jury dismissed shortly afterwards bringing to a close its busiest day in the past four months. The indictments range from burglary to cattle theft. William T. Harper, who has been sought throughout the southwest for the impersonation of a federal agent, auto theft and passing bad checks, was indicted on a charge of forgery and passing of a check to the Flowers Mobil Station in Shamrock. Harper is in custody of FBI agents in Oklahoma City where he was arrested on a federal warrant charging him with the impersonation of an agent. Harper is wanted for a theft in Oklahoma and Sheriff Dorman said two other forged checks at Shamrock are believed to be part of a large number Harper is alleged to have passed while in this area. Harper was arrested March 17 on an Oklahoma City street. Waters said four Oklahoma youths, arrested by Sheriff Bus Dorman inside Wheeler High School on Feb. 3, were indicted for burglary and a hearing for Thursday in District Court before Judge Lewis Goodrich has been slated for the youths. Named in the joint complaint were Darrell Troyce Scruggs, 17, Ralph Lee Castoe, 18, Monty Clyde Hughes, 18, and Robert M. Osborne, 18. A man sought since the burglary of an automobile operated by Clayton, N. M., Sheriff Donald Daves Feb. 22, was indicted for burglary of a motor vehicle. James Gary Cook, who is being held in Lakin, Kan., for Oklahoma police, was named in the complaint, which charges that Cook was staying at the (See WHEELER, Page 3)

Search Resumes for Boat Wreck Victim

BOYNTON BEACH, Fla. (UPI) — The Coast Guard resumes a search today for a possible fifth victim of an ill-fated tourist fishing party that was flung into the treacherous waters of Boynton Inlet from a capsized boat. "I tried to beat it in, throttling the whole way. It was just too close. It kept sucking the boat... it caught us on the bottom and rolled us right over on the port side," said Capt. James (Bill) Stevens from his hospital bed. "There was nothing I could do. Nature had its way." The dead were Harry Williams, about 65 of Lyndhurst, Ohio; Ernest Jeffries, about 70, of Boynton Beach; a retired Cleveland, Ohio, burial vault manufacturer; Mrs. Ernest (Mary Agnes) Whitman, about 70, of East Boston, Mass.; and Louis Paletta, 79, of rural Medford, N.J. Three others of the 15 survivors were hospitalized with Stevens, 46, a skipper in Florida waters for 25 years. His two crewmen aboard the drift fishing vessel, Don Lashchuk, 19, and Jim Scarborough, 20, both of Boynton Beach, survived. The mishap occurred just offshore from the inlet, where the water often is the roughest. Scarborough said the first giant wave which overran the Two Georges as it headed into the inlet to get to the intracoastal waterway cast the craft broadside. "The next swell capsized us," said the mate.

Peace Force Starts Cyprus Duty Friday

NICOSIA (UPI) — The United Nations peace force will take up its duties on Cyprus at 5 a.m. Friday (10 p.m. Thursday, EST), the United Nations announced today. The announcement said Indian Gen. Prem S. Gyani will assume formal command of the U.N. force and take over peace-keeping operations on the island at that hour. At the outset, Gyani's command will consist of about 6,500 British troops and 1,000 Canadians. The British force will be reduced to about 3,500 men as troops arrive from Sweden, Finland and Ireland. Taken detachments from those three countries are due here Friday, but it will probably take about two weeks before the 2,100 troops they have promised to send are in Cyprus. The people of Nicosia, wearied by the intermittent fighting since Christmas, were almost exuberant over the anticipated arrivals of the U. N. troops and the scheduled political negotiations.

Ruby Lawyer Pins Hopes on Medicine

DALLAS (UPI) — Some time within the next 16 days, Jack Ruby's scholarly new lawyer plans to ask for a new trial, pinning his hopes on more medical tests for Ruby and the sup-

Teachers, Pupils Take Four Days For Easter Rest

Pampa public schools close their doors for the Easter Holidays today with classes scheduled to resume at 8:30 a.m. Tuesday. The four-day break will be used by teachers to catch up on their classwork while students take a rest. One Easter program was scheduled before closing of school for the weekend. The Pampa High School choir sang at an Easter program for the Pampa Noon Lions Club.

Union Man Charged in Bomb Attempt

MIAMI (UPI) — A railroad union official and 10-year employe of the Florida East Coast Railway was arrested Wednesday and charged with setting a 50-pound dynamite bomb trap on a track south of Vero Beach March 12. Three other men were arrested within hours after the dynamite bomb was rigged under the noses of FBI agents who had staked out the tracks on a tip from an informer. But a fourth man escaped, a agent's said. John Katsikos, 40, recording secretary for Local 555 of the Brotherhood of Railroad Car Men at Miami, was apparently the fourth man. Katsikos was charged both with conspiracy to set the dynamite trap and with actually placing the bomb on the railroad trestle spanning a canal south of Vero Beach. After FBI agents watched the bomb being set from their hiding places near the trestle, they said they followed Joseph Leo Vetter of Miami and John Wesley into Fort Pierce and arrested them. The next day, Hugh Winn of Miami was arrested. All three were former FEC employes and members of operating railroad unions. They are awaiting trial on federal train wreck charges under \$50,000 bond each. Agents said Katsikos, a native of Cleveland, Ohio, was formerly employed by the sabotage-plagued FEC for 10 years as a car inspector.

DA To Oppose

Asst. Dist. Atty. A. D. (Jim) Bowie said the prosecution will oppose the tests. "We know of no such procedure in the law (for tests) after conviction," Bowie said. The request for a new trial would be filed with Criminal Dist. Judge Joe Brown, who presided over the tumultuous Ruby trial. Judge Brown was once a student under Dr. Smith. Judge Brown is expected to set a hearing on the trial request for some time in late April. Smith said he doesn't believe the jury that convicted Ruby fully understood the medical testimony at the trial. Even if Ruby does not have the rare epilepsy condition, he said, "it is still a matter of a mental problem. There is a lot of evidence in this case locked up in Ruby's head." Wade Surprised Dist. Atty. Henry Wade said he was "rather surprised to hear" that Dean W. Page Keeton of the University of Texas Law School has no objections to Smith's taking up the Ruby case. However, he said, this "brought him out in the open." He said Smith had been helping the Ruby defense from the beginning.

Senate Votes To Take Up Rights Issue

Lawmakers Move Into Second Test on Sending Bill to Committee

WASHINGTON (UPI) — The Senate, after almost three weeks of Southern opposition, voted to take up the House-passed civil rights bill. It then moved into a second test over sending it to committee. The vote to take up the bill was, as expected, one-sided—67 to 17. Senate leaders were confident they could defeat Sen. Wayne Morse's motion to send the measure to the Judiciary Committee for 10 days. But the Oregon Democrat, backed by Senate GOP Leader Everett Dirksen, III, argued strongly that the Senate—and the courts—are entitled to full committee consideration of the bill. The Senate wasted no time voting on the long-pending motion to take up the bill. It started voting 21 minutes after it opened a 9 a.m. session. Senators were racing to get away for a three-day Easter weekend. Foregone Conclusion Adoption of the first motion had been a foregone conclusion. Southern senators led by Sen. Richard B. Russell, D-Ga., did not even make any closing arguments after 16 days of talk on Democratic Leader Mike Mansfield's move to formally consider the legislation. Neither did Mansfield. Dirksen, who has drafted major amendments to two sections of the bill, suggested changes of some degree to virtually the entire bill. In a speech prepared to support Morse's committee referral motion, Dirksen spelled out in detail his proposed revisions to the bill's section on banning job discrimination against Negroes or other minority groups. He skipped his proposed amendment to the public accommodations section. He plans to spell out these details later. Morse Speaks Clature Morse, in his own prepared speech, argued that judiciary committee hearings were vital to increase support for cloture.

Part of Drive To Moon

By AL ROSSITER JR. CAPE KENNEDY (UPI) — The United States plans a triple-header April 6-8 with three shots that have a role in America's drive to the moon, it was learned today. The launches, to follow four straight space setbacks here, include the first flight in the nation's second man-in-space venture. Here is the schedule as it stands today: —April 6: The first project (Fire Shot) that will drive a spacecraft into the earth's atmosphere at speeds up to 25,000 miles per hour to study the heat that returning moonships will encounter; —April 7: An unmanned orbital shot in the Gemini manned space flight program; —April 8: The third orbital firing of the experimental Centaur space rocket that is to hurl a surveyor "softlanding" moon exploration craft to the moon next year.

Cancer Scare Seems to Be Wearing Off

By United Press International Jittery cigarette smokers may be puffing pipes in public and chewing more gum lately, but the great cancer scare appears to be wearing off. Cigarette sales, which dropped as much as 30 per cent after the surgeon general's committee drew a link between cigarettes and cancer last Jan. 11, are starting to come back. United Press International checked state-tax officials and major tobacco wholesalers and retailers throughout the nation to determine what happened to cigarettes in the two and a half months since the government report threw a scare into the country's smokers. Sales are still down in many areas. But authoritative sources in at least 12 states reported that cigarettes were starting to come back in March. In some big cities, retailers said cigarette sales were just like old times. And there were indications in other states that the drop in sales had reached the bottom and an upswing was in the making. McNamara Insists Fund Still Short

MacArthur Developing Complication

WASHINGTON (UPI) — Gen. Douglas MacArthur has shown signs of developing moderate pneumonitis in his right lung, Walter Reed Army Medical Center said today. Hospital officials described pneumonitis as "a condition of localized acute inflammation of the lung." They termed it a benign form of pneumonia. A medical bulletin issued in mid-morning said that the general is "progressing satisfactorily" from his major operation on Monday. But it added that "His condition is still regarded as serious. Since the last bulletin he has shown signs of a moderate pneumonitis at the base of his right lung. Appropriate antibiotics have been instituted."

Structural Test The Gemini capsule, to fill a void in the man-in-space program created with the end of the Mercury program last May, will be a structural test of the modified Titan-2 booster and its 7,000-pound two-man Gemini spacecraft. The Gemini shot, to fill a void in the man-in-space program created with the end of the Mercury program last May, will be a structural test of the modified Titan-2 booster and its 7,000-pound two-man Gemini spacecraft. The Gemini capsule, a basic production model stripped of its life support gear, carries only enough equipment to take temperature, pressure and vibration measurements on its climb into orbit. No attempt will be made to recover the craft. If all goes well, a second unmanned launch is expected in August and the first manned shot could come in December or early next year. The Gemini program is designed to keep two men in orbit for up to two weeks to develop rendezvous techniques for lunar missions. Study Air Friction An Atlas rocket will be used in the Project Fire Shot. It will boost a spacecraft weighing about 185 pounds several hundred miles into space. The instrumented re-entry vehicle is expected to nose over and a small solid fueled rocket will drive it back into the earth's atmosphere. With the test, scientists hope to study the heat caused by air friction and its effects on spacecraft entering the atmosphere at high speeds. Also of interest is the communications blackout during re-entry. The Centaur launch will be the third in an eight-shot program to perfect a powerful hydrogen-fueled upper stage for Atlas boosters. The first Centaur attempt failed but the second shot, last November, was a success and its burned out rocket casing is still in orbit.

### Nine Japanese in Texas on Mission

HOUSTON (UPI) — A delegation of nine Japanese business leaders and advisors toured the industrially rich Texas Gulf coast Wednesday on an economic mission to the United States. The group, headed by Yoshizane Iwasa, chairman of the board of Fuji bank, was scheduled to leave Houston in the afternoon for Memphis, Tenn. The tour included the Humble Oil and Refining Co. refinery at nearby Baytown and lunch at the World Trade Center. Iwasa called the stabbing Monday of Ambassador Edwin C. Reischauer by a mentally deranged youth "a very deplorable thing—especially unfortunate for us... just when we had started a month-long visit to the United States." Iwasa said the group hoped the incident "will not affect the present friendly relationship between the United States and Japan." In a new conference after the group's arrival Tuesday afternoon, Keiichiro Komai, Japanese electrical equipment executive, discussed tariffs on trade between this country and Japan. Houston mayor Louie Welch gave Iwasa the key to the city and Iwasa responded by presenting Welch a scroll describing a legendary stone lantern that will be sent to Houston from Japan in May.

### Candidate Hopes For Hypnotic Aid

GLoucester, England, (UPI) — Henry Blythe, an independent Conservative candidate in the borough elections in May, said he is going to hypnotize people into voting for him. "I am touring the ward with a van with huge photographs of myself with staring eyes," Blythe said. "I tell people to look intently at the eyes in the picture. I am quite serious and I think I shall be successful." The 65-year-old candidate has practiced hypnotism for the past 11 years.

### Lady Bird Plans Trip to Festival

WASHINGTON (UPI) — Mrs. Lyndon B. Johnson will attend the Shenandoah Apple Blossom Festival on May 1 at Winchester, Va., the White House announced. The Johnsons' 16-year-old daughter Luci will be festival queen and will attend all of the festival ceremonies from April 29 through May 2.

# Crewman Dead After Explosion on Tanker

By CHARLES FLINNER  
NORFOLK, Va. (UPI)—An explosion split the mid-section of the 523-foot tanker San Jacinto 40 miles at sea early today. One crewman was reported dead and several others are injured.

Thirty-seven crewmen elected to ride the stern section of the vessel, which apparently was all hanging loosely to the forward section by pipes, wiring and structural beams.

Thirty-nine crewmen were assigned to the tanker, enroute from Portland, Maine, to Houston, Tex. Its tanks were in ballast for the trip to Texas.

Shortly after 9 a.m. EST, the Coast Guard reported that all 37 men had been aboard the tanker.

Two crewmen abandoned the battered tanker and were picked up by the merchant ship mobile Pegasus. It was one of the men who was pronounced dead by a Navy doctor. A radio message to shore said the man, identified only as a steward aboard the tanker, apparently died of natural causes during the transfer to the merchant ship.

This left 37 crewmen riding the stern section.

### Seas Running High

Seas were running as high as 10 feet when the first word of the explosion was flashed to Coast Guard headquarters at nearby Portsmouth at 12:30 p.m. EST.

Shortly after daylight, the vessel dropped to three feet and the two sections of the tanker were riding smoothly, despite a 4-foot break in the mid-section.

Lt. Cmdr. Earl Baker, a Coast Guard pilot, was one of the first rescuers to reach the stricken tanker. Upon his return to the Coast Guard air station

at Elizabeth City, N.C., he said he found the ship wallowing about 40 miles off the Virginia coast.

Searchlights from the tanker helped guide Baker's plane.

"On arriving we saw two ships on our radar," said Baker. "We could then see that the aft part of the vessel was lighted and that there was an approximately 20-foot break in the hull between the pilothouse and engineering deckhouse. We could see waves breaking in the space," Baker said.

His plane dropped seven flares to determine the actual extent of damage and positively identify the ships.

### Sections Riding Level

Baker said the two halves appeared to be held together by piping, wiring and remaining structural "members." He said his altitude, 1,000 feet, was too high to permit the sighting of crewmembers but could see lights in the stern.

The pilot said both sections appeared to be riding level and in no apparent danger of sinking at that time. Later reports confirmed that condition.

Baker, of Akron, Ohio, said it appeared to him that the sections could be towed to port.

Eleven rescue ships were on the scene but the crewmen on the stern elected to ride it out. Two helicopters were sent to lift them to safety but the attempt was abandoned and the helicopters returned to land.

A Navy medical officer from one of the rescue ships, the USS Raleigh, reported that the steward apparently died of natural causes, possibly of a heart attack.

Hours were longer in summer than in winter as measured by primitive sun-clocks.

# Claude Fivecoats Dies Here at 61

A long-time merchant policeman in Pampa died this morning while officers from the Pampa police department desperately worked to save his life.

Claude E. Fivecoats, 61, was pronounced dead on arrival at Highland General Hospital at 1:20 a.m.

Fivecoats, a merchant patrolman, in Pampa for many years, was stricken at his residence at 605 N. Gray about 1 a.m. His landlady summoned police who attempted artificial respiration while awaiting an ambulance. Police Chief Jim Conner said Fivecoats responded momentarily but died enroute to the hospital. He had been in failing health for several months. Conner said there had been no ruling in the death.

Survivors include one son, C. V. Andrews; and one daughter, Mrs. Maudine Howerton, Carlsbad, N. M.

### Obituaries

#### Eugene J. (Gene) Folsom

Funeral services for Eugene J. (Gene) Folsom, 63, will be conducted tomorrow at 10 a.m. in the Duenkel-Carmichael Funeral Chapel, Rev. Glyn B. Adair, First Christian Church pastor, will officiate. Burial will be in Fairview Cemetery, beside his son, Sgt. Kenneth M. Folsom who was killed in Holland in 1945.

Mr. Folsom died at 2 p.m. yesterday in a Stigler, Okla., hospital. His home was at 422 S. Finley. A retired carpenter, he moved to Pampa in 1945.

Among his survivors are his wife, Cora; one son, E. J. Jr., of Tyler; one brother, Dave of Tahleah, Okla.; two brothers-in-law, Frank Addington and Ray Dudley, both of Pampa and two nieces, Mrs. Doty Warner and Mrs. Sam Anderson of Pampa.

### Only two more days to register for Fabric Gift Certificate. Hurry on down to Singer Sewing and Fabric Center.

# Holy Week Services Set at St. Matthews

As part of the Holy Week observances sponsored by the Pampa Ministerial Alliance, a service on Good Friday will be held at St. Matthews Episcopal Church.

Services will begin at noon and continue until 3 p.m. The services are designed so that the congregation may come and go at 30-minute intervals.

Rev. William E. West will lead the services and will have seven meditations on the "Seven Last Words of Jesus from the Cross." Hymns, prayers, reading of the Bible and periods of silence for personal meditation and prayer will constitute the order of service.

Traditionally, the three hours from noon until 3 p.m. are the hours our Lord was on the cross. The talks by Rev. Mr. West will concern the comments or "sayings" as Jesus Christ died on the Cross. The service is open to the public.

# Amarillo Leads State In Rate of Growth

AUSTIN (UPI)—All areas of Texas but the lower Rio Grande Valley and Odessa gained in population from 1960 to 1963, with Amarillo growing the fastest.

Right behind Amarillo's 3.6 per cent, estimated by the University of Texas Bureau of Business Research Wednesday, were Austin and Dallas at 3.3 per cent, and Lubbock at 3 per cent.

The bureau estimated the 1963 population for the state at 10,110,566, which it said represents an average annual growth rate for the three years of 1.8 per cent.

### Complex Formula Used

The estimates were made by the population research center of the university, and are based on a complex formula using primarily the school census.

The center also made estimates based on auto registrations and birth and death rates, but said the estimates based on schoolistics are generally more reliable. In some cases the three methods of estimation

# Search Extended For Robber of Chicago Market

CHICAGO (UPI)—Authorities today expanded their hunt for a supermarket bandit who slipped away from a police ambush Wednesday in which three other robbers were shot to death.

A house-by-house search by 200 officers Wednesday night turned up no trace of the desperado, identified as Chris Panteas, 28, alias Michael Palasti.

Police said Panteas may have been wounded in the exchange of gunfire which killed his three companions.

Nine detectives — some of them staked out in taxi cabs — met the bandits when they dashed from a National Tea Co. food store with an estimated \$10,000 shortly after an armored car delivered several bags of money to the supermarket.

The bandits reached their car, sped down the street but turned into an alley which police had sealed off.

Two of the robbers smashed out the car's rear window with their gun butts and fired at police. All four then abandoned the car and scurried for cover behind the homes in the neighborhood.

Police opened fire. Two bandits fell dead in a gangway between bungalows and a third died on a front lawn.

The slain bandits were identified as Neil McCauley, 49; Michael Parille, 37; and Russell Bredon, 40, all of Chicago. Police said all had robbery records.

Waco 153,109, 0.7; Wichita Falls 140,840, 2.8.

All of the areas listed above included at least the county in which the city is located, and some included more than one county.

# Pampa Bands Receive First Place Ratings

Pampa High School's Harvester band walked off with a first place rating at the three-day Berger High School Invitational concert and sight-reading contest this week.

Fred Stockdale, band director, said the band took a first in concert and first in sight-reading during the event, which attracted some 20 area high school bands and a like number of junior high bands.

Stockdale said Robert E. Lee Junior High's band also won first ratings in concert and sight-reading in the junior bracket of the contest, which is held yearly before the University Interscholastic League contest at Canyon.

Pampa Junior High took a second in concert and sight-reading in the same division as the Lee band, Stockdale said.

The Harvester band will play concert and do sight-reading for the state UIL on April 9 at Canyon, he said.

### Wheeler

(Continued From Page 1)

same motel as Daves in, Shamrock on the night of the theft.

FBI agents in Amarillo said Cook was arrested for auto theft in Kansas after stealing two cars in Oklahoma while driving into Kansas. He has been charged in Oklahoma on the theft complaint and is still in custody.

John Henry Jones of Wheeler was indicted on one count of burglary and one count of theft, four days after Waters dismissed a charge of rape against the man.

Jones is being held in the Wheeler County jail awaiting a hearing on the two charges.

Paul Allen Benton and Kenneth McNeil of McLean were indicted for forgery and passing in the cashing of a check at Lewis' Gift Shop in Shamrock last month. Benton is being held in the Wheeler jail while McNeil was taken into custody today by Sheriff Rufe Jordan of Pampa on a warrant from Wheeler.

M. J. Rogers, who is being held in jail at Amarillo where he faces charges of cattle theft, was indicted for the theft of seven head of cattle from the W. E. Brashears sale ring at Shamrock on Feb. 5. Rogers has been accused of heading a cattle-theft ring in West Texas and is wanted in some nine counties, according to Waters and Dorman.

### Lefors Lions Set Easter Egg Hunt

LEFORS (Sp) — The Lefors Lions Club will sponsor their annual Easter egg hunt Sunday afternoon at 2 at the Lions Club Trap Shoot.

The groups will be divided by ages and all children will get a chance to find eggs.

The Lions Club will prepare 4,400 eggs for the annual hunt. Several prizes will be awarded.

**PIONEER COTTAGE** — Four of the people responsible for the landscaping project at the park located east of Starkweather, south of Red Deer Creek, discuss how the Pampa Genealogical and Historical Society's Pioneer Cottage is progressing. They are, from left, City Engineer Harold Foreman, R. B. (Jiggs) Cook, director of public works; Arneal Scott, Soil Conservationist for Gray County; and Lou Ella Patterson, landscape chairman for the project.

—Daily News Staff Photo

## Co-operation Marks Community Project

A fine example of community co-operation may be seen in the work being done on the park located east of Starkweather just south of Red Deer Creek, according to Lou Ella Patterson, landscape chairman and Historical Society's Pioneer Cottage project.

The landscape plan was made by Gene Hollar, architect, who is also serving as consultant in plant selection. Necessary dirt for filling in around the cottage and building benches was hauled in by Clyde Organ, commissioner for County Precinct 2; Harold Foreman, city engineer, and Arneal Scott, Soil Conservation Service, worked together

surveying the benches and supervising their construction. The benches are shored up with discarded telephone poles. R. B. (Jiggs) Cook, Pampa director of public works, provided the grader to move the dirt, and furnished the poles from the ones donated to the city by Optimists Boys Club.

The lawns will be sprigged with Buffalo grass in early summer to make a good sod this year.

Planting of shrubs, trees, bulbs etc. will be begun this season.

Trans-Con Elevators at Heaton are providing fertilizer for the park.

**FLYING PANCAKE**—That flat, circular object atop the new E2A Hawkeye, built by Grumman Aircraft for the Navy, does look something like a pancake, but it's actually a radar dome which houses the plane's electronic equipment. The aircraft is designed to detect and identify anything in the air and is capable of flying at 30,000 feet for seven hours with a cruising speed of 345 knots.

## Washington Window

By LYLE C. WILSON  
United Press International

"The Treatment" is the description given by President Johnson's friends and foes to the political therapy by which LBJ persuades reluctant citizens to vote for or otherwise to endorse the administration's projects.

"The Treatment" varies from the gentle laying on of hands to muscular arm twisting calculated to wrest that member from its socket. The gentle laying on of hands includes such as a White House lunch or a birthday telephone call.

Lunch at the White House may be accompanied by a dip in the presidential pool. If no birthday or other fete offers, the treatment may be via telephone call expressing the President's flattering desire for advice, help and counsel.

The arm twisting is reserved mostly for members of Congress whose votes are required. There is, in fact, not much difference between Johnson's bare knuckle handling of a recalcitrant congressman and the bully-boy methods which were employed by the late President John F. Kennedy. A major difference, of course, is that Johnson's methods get results.

**Chuckie Over Treatment**  
For the non-member of Congress the Johnson treatment is likely to be all sweetness and light; no arm twisting whatever or, at least, none that the patient immediately can detect. Thus it is that the politically minded in Washington are chuckling over the reported affect of the Johnson treatment on Joseph L. Rauh, Jr., the Washington, D.C., spokesman for ADA. ADA is Americans for Democratic Action, a left-wing sodality denounced by its enemies as a menace to the republic but conceded by all to be an effective political force with style.

The right-wing National Review noted Rauh's treatment in a recent issue as follows: "The whirlwind courtship of ADA—panjandrum Joseph L. Rauh Jr. by Lyndon Johnson has started to pay big dividends. Johnson offered Rauh a seat on the presidential airplane to New York for Herbert Lehman's funeral just a few days after his inauguration. Since then he has asked Rauh repeatedly to the White House and listened to him and his conferees on civil rights. Result: The ADA which four years ago pointedly endorsed only the top half of the Kennedy-Johnson ticket is now telling the boys it's okay to go all the way with LBJ."

**Switch In Tactics**  
That would be a switch. On June 30, 1960, when LBJ was seeking the Democratic presidential nomination, ADA said of him: "He (LBJ) is a conservative, anti-civil rights, gas-and-oil senator. He has supported all of the major anti-labor legislation enacted during the past two decades and bragged about it."

As late as February, last year, Rauh said: "Vice President Lyndon Johnson has demonstrated once again that his first loyalty is to the southern racists."  
Whether Rauh has forgiven LBJ and has persuaded ADA to do likewise perhaps remains to be proven, but it is a fact that ADA's anti-Johnson barrage has been silenced. It is a fact, also, that many persons were astonished by Johnson's vigorous endorsement of civil rights and his demand for House action. That could be the secret of Rauh's conversion. But still warranted is a chuckle on the chance that old-pro-Rauh may have been snared by the Texas treatment.

Lamb County in the Texas Panhandle is almost square, measuring 30 miles from east to west and 34 miles from north to south.

**BEAUTY BOOSTS' GOLDS**—Roxanne Hooper, 17, of Springerville, Ariz., makes a fetching case for American marigolds as candidate for a national flower, at the International Flower Show in New York.

## Wall Street Chatter

NEW YORK (UPI) — Clark Dodge & Co. asks, "what group of securities has the combination of growth and glamor which could conceivably capture the imagination of the same type of individual who was attracted to the electronic stocks of a bull market?"

"The obvious answer is the airlines. To be sure, there are many differences between the two groups, but there are considerable similarities too. The growth rate in airline traffic appears to be accelerating again following a few years of hesitation. Whether or not this industry will actually enjoy a prolonged period of rising earnings is open to question. Given another highly successful year in 1964, which we expect, Wall Street could well begin to extend its hopes for the airline industry further into the future."

Moody's Stock Survey points out that if government estimates for a 10 per cent rise in capital spending this year are fully realized, this would mean a 34 per cent increase through 1964 from the low point in 1961. This compares with a total rise of 23 per cent in 1961. This compares with a total rise of 23 per cent in the 1958-60. business upturn and 47 per cent in 1955-57 when capital spending assumed boom proportions. Moody's adds, however, that the over-all impact of greater business spending may be moderated by the fact that the pace of the current rise is slower than before.

NEW YORK (UPI) — Standard & Poor's believes that most stocks are not unreasonably valued in relation to prospective earnings and dividends.

Leslie M. Polack says that short term corrections are inevitable but the long term upward trend is still intact and a policy of building up favored positions still seems advisable.

International Statistical Bu-

## Service Schedule Set by Catholics

The schedule of services for the remainder of Holy Week at St. Vincent de Paul Catholic Church are as follows:

**Holy Thursday:** Liturgical Services commemorating the institution of the Holy Eucharist at 7 p.m. followed by Adoration of the Blessed Sacrament until midnight, and from 8:30 Friday morning to 12 noon.

**Good Friday:** Stations of the Cross at noon, followed by Liturgical Services. Holy Communion about 2 p.m. Stations of the Cross at 7:30 p.m.

**Holy Saturday:** The Solemn Easter Vigil Service at 11 p.m. consisting of the Blessing of the Paschal Candle, The Exultet, Reading of the Prophecies, Chanting of the Litany of the Saints, Blessing of the Baptismal Water, and Renewal of the Baptismal Vows.

At midnight the Mass of the Resurrection of Jesus Christ from the dead will begin with the pastor, Rev. Edward C. Ashman, C. M., as celebrant, assisted by Rev. Charles J. Welter, C. M.

The musical setting of the service will be "Mass In Honor of The Holy Innocents" (William J. Marsh) sung by the St. Vincent's Adult Chorists under the direction of Tracy D. Cary, choirmaster - organist. The offertory motet will be "Regina Coeli" (Lotti) accompanied by Mrs. Jack D. Edwards, co-organist. Climaxing the mass will be the chanting of Psalm 150 by the choir and cantors.

**Confessions:** Before the daily masses, Thursday at 6:30 p.m., Friday at 11:30 a.m. and 4 to 5:30 p.m., Saturday, 4 to 5:30 p.m. and from 7 to 9 p.m. No confessions after 9 p.m. Saturday.

**Easter Sunday:** Masses at 6, 8, 9:30, and 11 a.m. (Low).

William Huddle painted most of the portraits of the early Texas presidents and governors seen in the Capitol.

# Attorney Running For Railroad Post

Attorney Jesse Owens of Vernon, Texas, has been elected to the office for many of his 68 years. Again he is seeking to be a public servant, this time as a candidate for Railroad Commissioner on the Democratic ticket.

JESSE OWENS

Owens was born in Clinton, Kentucky, on Oct. 28, 1896. He completed his public school education in Foard County, Texas, then prepared for the teaching profession by attending the Texas State University in Denton. He taught school six years before being elected to his first public office in 1922. That was when he became County Judge of Foard County. Owens served four years as county judge and during that time he studied law under the direction of the late Judge Robert Cole. He took the State Bar examination at Austin in 1927 and was admitted to the bar in January of that year. He has been actively practicing law from that time to the present. Many of his clients have been land owners and small independent oil operators. While on the bench he tried many lawsuits involving oil and gas matters. Since the time of his first public office, as Foard County

... seeks rail post  
The candidate for Railroad Commissioner has served as District Attorney, District Judge and Assistant Attorney General. In 1915 he married the former Irma Ura Traweck of Eastland County. Mr. and Mrs. Owens are members of the First Baptist Church in Vernon. They have two sons, both of whom are married and have families. Louis, the older, is County Judge of Hockley County, and Ned teaches science in the Garland school system.

# Texas Firm Buys New Mexico Airline

ROSWELL, N. M. (UPI) — Bison Airlines officials said Wednesday the new owner of the firm is R. C. Long Corp. of San Antonio, Tex.

Robert H. Hopkins, chairman of the board of Bison, announced Tuesday the firm had been sold but did not identify the purchaser at that time.

Hopkins and Robert Cunningham, Bison president, said today uninterrupted service would continue over Bison's present routes and indicated service will be extended into Texas in the near future.

In a statement the two officers of the company said: "Bison will continue uninterrupted service on present routes and headquarters will remain in Roswell for the present until such time as routes are extended into Texas." Hopkins said Tuesday the headquarters would eventually be moved from Roswell to a "major Texas city."

COMPUTER'S ON THE CURRICULUM—Almost up to their knees in data ground out by a high speed computer's printer, high school students Judi Kupiec and Jean Lesko begin some 1,000 hours of training in computer operation at Steel Valley Technical and Trade School, West Mifflin Borough, Pa. The school also hopes to start a course for unemployed adults.

# Baptists Elect Arkansas Pastor

OKLAHOMA CITY (UPI)—Rev. Richard Walters of Magnolia, Ark., has been elected president of the North American Baptist Association.

Walters was elected Tuesday at the opening session of the association's 15th annual meeting, attended by more than 4,000 persons. Dr. E. Harold Henderson of Lubbock, Tex., and Rev. C. P. Strong of Conway, Ark., were elected vice presidents. Elected president of the national Women's Missionary Auxiliary was Mrs. D. C. Jensen of Grand Prairie, Tex.

Hot Dr. Pepper! Easy to prepare — simply heat Dr. Pepper in a saucepan until it steams and pour into a glass or cup over a slice of lemon. Perfect for the family or when friends drop in —

# Bobby Baker Inquiry Approaches Near-End

WASHINGTON (UPI) — The 10-month-old investigation into the financial transactions of former Senate Aide Robert G. Bobby Baker today was all but officially ended.

Only one more possible witness, columnist Jack Anderson, still was under consideration. It was considered highly unlikely that he would be summoned to testify.

Special counsel Lennox P. McLendon, who has guided the Senate Rules Committee investigation, said that Anderson could be interviewed again today by staff aides. There was no indication when the committee would meet to decide if Anderson should be called.

Suggested By Republicans  
Anderson was suggested as a witness by the committee Republicans. He is a director of Middle Airlines which billed Baker for charter flight to a fund-raising function in Nevada. McLendon said the staff was ready writing a report on the investigation. He said he hoped the investigation was concluded. Without revealing what recommendations for rules of conduct for Senate employees that the committee will propose, McLendon said it was "highly probable" that legislative hearings could be held.

At a public hearing Wednesday, a staff accountant-investigator, Edward T. Högler, testified that he had found only minor errors in Baker's tax returns since 1959.

He said the returns did not show "any substantial amount of error in either income or deductions." McLendon called the mistakes "unsubstantial errors"

and said it was highly unlikely any fraud was involved.

Mysterious \$40,000 Fee  
The committee was told of a mysterious, \$40,000 "fee" listed on Baker's 1962 income tax return. Accountant Milton L. Hauff testified that Baker had instructed him, without elaboration, to include the "fee" in income listed on the return.

Högler said neither he nor the Internal Revenue Service (IRS) had been able to trace the \$40,000.

Hauff said in reply to questions that he had no idea whether Baker received the \$40,000 from the late Sen. Robert S. Kerr, D-Okla., or a Kerr enterprise.

Responding to a query by Sen. Hugh Scott, R-Pa., the accountant said he knew only what he read in newspapers about reported efforts by Baker, before he resigned last October, to get a statement from Robert S. Kerr Jr. or Kerr's business associate, Dean McGee, describing such a sum as a loan or gift.

RUSK VISITS FORMOSA  
WASHINGTON (UPI) — Secretary of State Dean Rusk will visit Formosa April 16-17 to discuss "matters of mutual interest including the maintenance of peace and security in the Far East."

Before stopping in Formosa, Rusk will attend a southeast Asia Treaty Organization conference in Manila April 13-15. The State Department announced Wednesday.

At least 23 Texas streams are known as Indian Creek.

# Try This Egg-cellent Treat for Eastertide

By GAYNOR MADDOX  
What would Easter be without eggs in various shapes and colors? The small fry love them. Although they may be pagan in origin, Easter eggs have been a traditional part of the great Christian event for centuries.

Then this novel egg-shaped confection is decorated with frosting from a pressurized can. To serve, arrange on a platter and garnish with small candy Easter eggs. Serve each slice with ice cream. You'll admit that this is something different in Easter egg desserts. Enjoy it.

1 cup light corn syrup  
1 cup sugar  
1/4 teaspoon salt  
1/2 cup chunky peanut butter  
1 square unsweetened chocolate

Butter a 1 1/2 quart melon mold well. Pop popcorn in its own oil fry pan according to directions on lid.

Mix corn syrup, sugar, salt, peanut butter and chocolate together in a 3-quart saucepan. Place over medium heat, stirring constantly, until sugar dissolves and chocolate melts. Add popped corn and stir until all corn is coated. Continue cooking, stirring constantly, until popcorn kernels begin to stick together. Press into buttered mold. Let stand until cold.

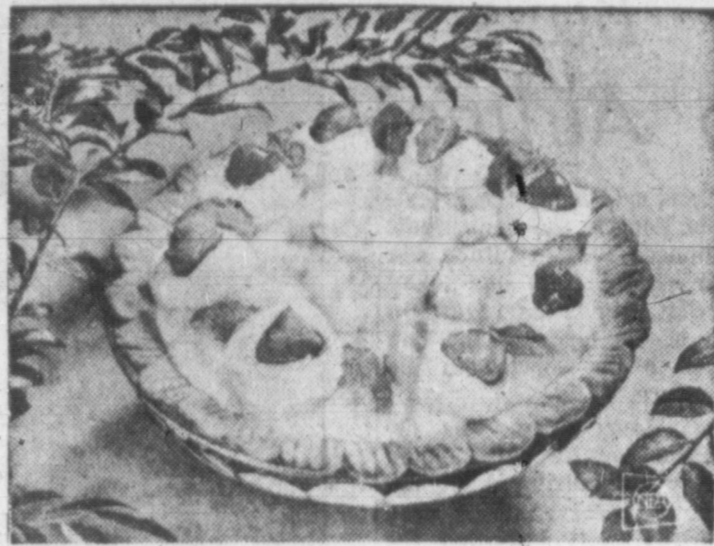

Unmold. Decorate as Easter egg with pressurized cake frosting decorator. Slice and serve with ice cream.

To insure maximum yield, rice must be harvested within 24 hours after it ripens.

POPCORN PEANUT Egg Served With Ice Cream.

FRESH STRAWBERRY Ice Cream Pie an Easter Dessert.

## Strawberry Pie Is Essence of Spring

STRAWBERRY ICE CREAM PIE (6 servings)

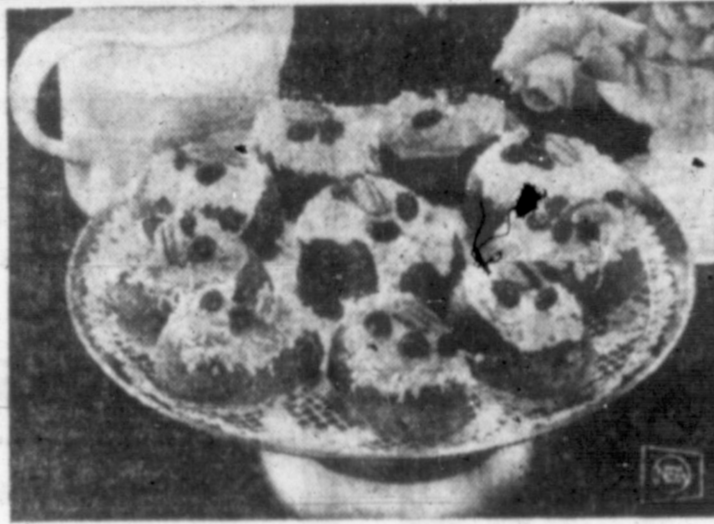

1 package (3 oz.) lemon flavored gelatin  
1 1/4 cups boiling strawberry juice plus water  
1 pint vanilla ice cream  
1 cup drained strawberry halves  
1 baked 8-inch pie shell, cooled

Garnish of prepared whipped topping or whipped cream, strawberries and mint leaves

Dissolve gelatin in boiling liquid. Add ice cream by spoonfuls, stirring until melted. Then chill until very thick — 15 to 25 minutes. Fold in strawberries. Pour into pie shell. Chill until firm — 20 to 30 minutes. Garnish.

2 cups crushed unpeeled fresh plums  
1 cup sugar or sugar to taste  
1/4 cup fresh orange juice  
1/2 teaspoon pure vanilla extract  
Vanilla ice cream  
Chopped nuts, optional

Combine plums, sugar and orange juice in a saucepan. Mix well. Bring to a rapid boil and simmer, uncovered, 12 to 15 minutes or until sauce has thickened. Cool and stir in pure vanilla extract. Arrange alternate layers of vanilla ice cream and the plum sauce in parfait glasses, beginning with ice cream, and ending with sauce. If desired, top with a few chopped nuts. Or serve the sauce over squares of plain cake or gingerbread.

EASTER EGG CAKES are delightful and delicious.

### Easter Egg Cakes Are Delightful And Delicious for Holiday Brunch

RAISIN-EASTER COFFEE CAKES  
1 cup dark seedless raisins  
1 cup pecans  
1/2 cup shortening  
1/4 cup sugar  
1 teaspoon cinnamon  
1/2 teaspoon nutmeg  
2 tablespoons light molasses  
1 egg  
2 cups sifted flour  
2 1/2 teaspoons baking powder  
1 teaspoon salt  
3/4 cup milk  
Powdered Sugar Frosting  
Chop raisins and pecans. Blend together shortening, sugar and spices until light and fluffy. Beat in molasses and egg. Resist flour with baking powder and salt. Add to sugar mixture alternately with milk. Stir in raisins and pecans. Spoon into 12 greased egg-shaped pans or gelatin

molds. Bake in moderate oven (350 degrees) 25 to 30 minutes, or just until cakes test done. Remove from pans to wire racks.  
While still warm, spread tops with Powdered Sugar Frosting and decorate with raisins, pecans and coconut. Serve plain or with butter. Makes 1 dozen individual coffee cakes.  
Batter may also be baked in a greased 1 1/2 quart ring mold. Bake in moderate oven (350 degrees) 35 to 40 minutes.  
POWDERED SUGAR FROSTING  
Mix 1 cup powdered sugar with 2 tablespoons hot water to make glaze consistency. Tint with pastel colors as desired.

### Baby and Spring Lamb Are About The Same Grade

By GAYNOR MADDOX  
Q — I am confused about the different names butchers give to lamb — my family's traditional Easter roast. Just what is the difference between "spring and "baby" lamb?

Q — I am confused about the different names butchers give to lamb — my family's traditional Easter roast. Just what is the difference between "spring and "baby" lamb?

A — The enticing term "spring lamb" needs some explanation. Lamb experts classify it generally as more a merchandising phrase than a definition. For all practical purposes, "spring lamb" means that the animal is from six to 12 months old and therefore tender. In various parts of the country, the meaning of the term varies to some degree.

With further accent on youth, there is "hot house" or "baby" lamb. Some de luxe restaurants, clubs and a few

butchers carry it. There very little on the market. These "hot house" or baby lambs are actually milk-fed baby lambs that weigh only from 20 to 30 pounds, a compared to the 45 to 60-pound lambs usually sold in your market.

**CREATURE FROM THE BLACK LAGOON?**—The French might call it trompe-l'œil—an eye-fooler—and the Scottish might call it an American version of the Loch Ness monster. But residents of Cincinnati, Ohio, know exactly what it is: the half-submerged roller coaster at a nearby amusement park. The scene was created by the swollen Ohio River, which crested at about 66 feet.

**ENGLISH AIDS SOVIETS**  
MOSCOW (UPI)—A Moscow professor says he can stop stammering of Russians — by teaching them English.

A Prof. Kozodoyev, writing in the newspaper Tikhookeanskaya Zvezda, said he stuttered until he was 30 and had trouble pronouncing "the combination of 't' and 'r', as in 'trud'" (labor).

But, he said, he stopped stuttering while learning English. Later he visited a medical institute and found that a woman there had cured 11 stammerers by teaching them English.

### Nuclear Power Reactors in the United States

**A PEACEFUL USE OF NUCLEAR POWER**—Residents of 14 areas in the United States are now using power created by nuclear methods. Twelve more nuclear power reactors—to serve 12 additional areas—will be operational by 1970, according to the Atomic Energy Commission. Today, the nuclear reactors have a capacity of more than 1 million kilowatts; by 1970, about 4 million additional kilowatts will be available. In the newsmag above, locations of the plants in operation and the proposed plants are pinpointed. The United States recently announced it will permit international inspection of the Yankee reactor at Rowe, Mass., and challenged the Soviet Union to reciprocate. Russia called it a western scheme to get a close-up look at its nuclear plants.

### Full-Size Model Of Moon Vehicle Goes on Display

BETHPAGE, N.Y. (UPI)—A full-sized model of the "weird-looking space vehicle" in which the first Americans will land on the moon goes on public display today.

The occasion was a conference of astronauts, scientists and space program officials at the Grumman Aircraft Engineering Corp. plant here where principle design work on the Lunar Excursion Module (LEM) has been undertaken.

The purpose was to agree on a "design freeze" for the interior shape.

The exterior might appear to the layman as a good approximation of a plumber's nightmare. But a Grumman spokesman said, "what is shown here will, by and large, be the ultimate hardware version."

What astronaut Scott Carpenter, LEM project Manager William Rector, 30 astronauts in training and other National Aeronautics and Space Administration (NASA) officials saw defies simple description.

However, it is 20 feet tall; 10 feet in diameter, has four legs and Halloween pumpkin-like windows. The lower half will be left on the moon and act as a launch platform for the return of the upper half and the two astronauts in it to the mother ship—the Apollo command module.

### Rotarians Hear Talk On Texas' King Ranch

The history of the Fabulous King Ranch was traced by C. Goodwyn in a talk before the Pampa Rotary Club yesterday at the Coronado Inn.

Goodwyn, who is a production supervisor at Celanese, was born on the famous South Texas ranch and lived there 20 years.

The ranch was established in 1853 by Richard King, who was born in New York and who operated a fleet of trading ships. He was later joined by Robert Kleberg, a young attorney, who took over operation of the ranch at King's death in 1885. Kleberg later married one of King's daughters.

At the time of King's death the ranch consisted of about 600,000 acres. When King's wife died in 1925, the ranch had grown to almost 1,250,000 acres.

The King Ranch is noted throughout the world for its breeding of cattle. Quarter-horses and thoroughbreds. The Santa Gertrudis developed on the ranch is the only true breed of cattle to be originated in the United States. The ranch has also bred and produced two Kentucky Derby winners.

Corkwood trees in the Lower Brazos Valley furnish the lightest native wood in the United States.

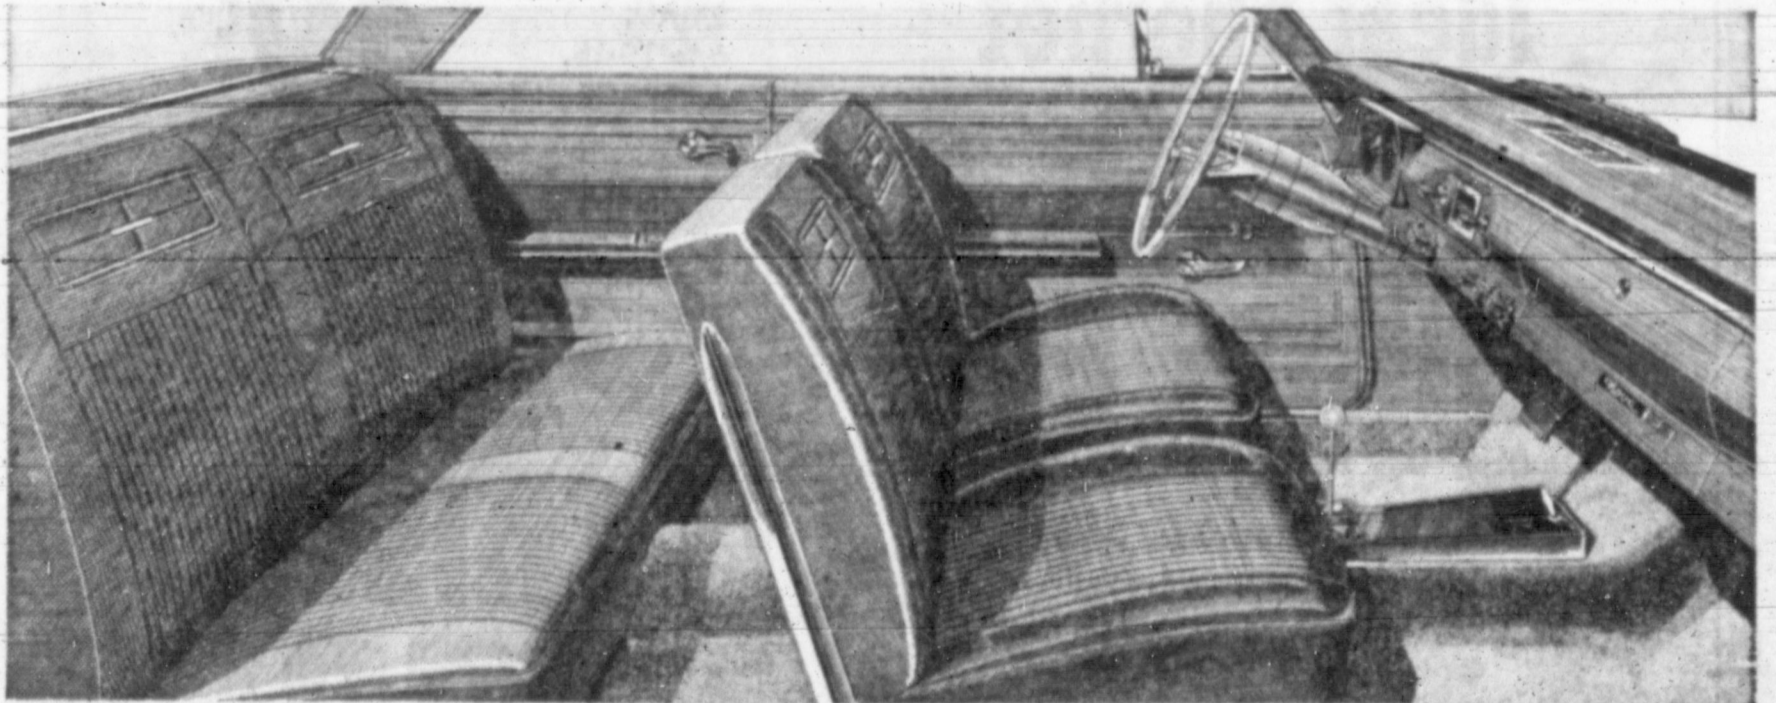

**LBJ GETS AWARD**  
WASHINGTON (UPI)—President Johnson Wednesday was presented the "Big Brother of the Year" award for 1963 by the "Big Brothers" of the United States and Canada.

"I don't know of any award that encourages me more to help a boy find his way and give his life meaning," Johnson said in accepting the citation at a White House ceremony.

### '64 Chevy II Super Sport with V8 power

...and just the place to enjoy it

Find out for yourself what this Chevy II can really do. If there are hills nearby, let it give them a good going-over. Then see how quickly it gives slow-moving trucks the run-around. With its new extra-cost V8 all you ever have to do is give the accelerator an inch, and this Chevy II Super Sport Coupe will take a mile.

And this great highway performer looks the part it plays so well. A glance at its all-vinyl interior will tell you that. Those inviting bucket seats are made of ultra-soft foam cushioning. The door-to-door carpeting is so thick you can feel it through your shoes. There's your choice of either the floor-mounted Powerglide or Four-Speed Synchro-Mesh transmission.

Both are optional at extra cost, along with a Positraction rear axle, simulated wire wheel covers, AM-FM radio and a host of other accessories. And for all its new power, Chevy II rides so softly it seems to glide along the highway. That's because it has high-mounted independent coil springs in the front and Mono-Plate single-leaf springs in the rear. Its unitized well-insulated Body by Fisher shuts vibrations out and keeps road noise down to a whisper.

With everything Chevy II Super Sport has going for it, it's no surprise your Chevrolet dealer is anxious to show you its price tag. Because that's the only thing about it that isn't super.

**Foreign News  
Commentary**

**K. C. THALER**  
GENEVA (UPI)—Allied leaders on this side of the Atlantic are increasingly worried over the future of NATO, the West's principal defense alignment against Russia.  
Their immediate fears have been triggered by the serious clash between Greece and Turkey over their conflicting interests in Cyprus.  
Both are members of NATO and constitute the alliance's chief pivot on NATO's sensitive southern flank in Europe which guards the strategic Mediterranean.  
Greek-Turkish tension is likely to linger, even if the immediate danger of a head-on clash over Cyprus is averted.  
But this is only one of the troubling aspects which cast a shadow over the NATO alliance.  
De Gaulle Weakens Alliance—Already NATO has been weakened by French President Charles de Gaulle's go-it-alone policies that have reduced France to a member in name only of the Western defense alliance.  
More recently De Gaulle has been reported to be seeking a sweeping reorganization of NATO which would reduce American leadership and alter the Atlantic character of the alignment.  
But this is not all.  
West Germany, too, is dissatisfied with the way NATO is run. She feels she should be given a bigger say and representation in NATO's highest strategy councils, equal to that of the United States, Britain and France.  
Britain, in turn is chary of keeping 55,000 troops in West Germany under NATO arrangements while scrapping the barrel of her strategic reserve at home to meet emergency requirements, such as the recent flare-up in Cyprus.  
Britain Also Cool  
Britain also is cool to American suggestions that, along with other European nations, she should make a larger contribution to NATO's conventional forces.  
The smaller NATO nations also show decreasing enthusiasm for keeping up their contributions to NATO. They often are under pressure from opposition parties at home which cite lessened international tension as a reason for cutting the arms bill.  
These developments tend to have an increasingly paralyzing effect on both immediate and long term defense planning, and European diplomats frankly fear the handicaps might get worse.

**LBJ Ranch  
Awaits Boss**  
JOHNSON CITY, Tex. (UPI)—It was all spit and polish at the LBJ ranch Wednesday. Its top hand, President Johnson, was due home for an Easter weekend.  
The White House has not announced an official schedule for the President's visit, his first since Feb. 7-9, but it was learned Mrs. Johnson was scheduled to fly home from Washington Wednesday and the president on Thursday.  
Mrs. Johnson was scheduled to receive an honorary degree from Texas Women's University at Denton next Tuesday and was expected to remain in the state several days.

# New Ruby Lawyer Expert in Law, Medicine and Teaching

By United Press International  
Sedate, scholarly, and with a speaking style shaped by years spent lecturing in the classroom instead of spellbinding juries, Dr. Hubert Winston Smith breaks the pattern of Jack Ruby's flamboyant defense lawyers.

He does until he gets on his pet subject—the relationship of science and the law. That was one of Melvin Belli's strong cards, too.

Smith comes uniquely equipped to deal with the maze of psycho-legal testimony that featured Ruby's trial for the killing of Lee Harvey Oswald.

He holds degrees in law and medicine at the University of Edinburg, Scotland.

His desk drawers are filled with awards and honors from legal, medical and scholastic groups. Chief among them, in his eyes, is his position as life chancellor of the Law Science Academy of America.

The academy sponsors a summer school for young doctors and lawyers at Crested Butte, Colo., with lessons in art and drama on the side.

Born in 1907 in the tiny West Texas village of Romney, Smith was raised by his mother, a schoolteacher, after his father died while he was a baby.

They moved to Dallas, where Smith went to grade and high school, before getting a degree in economics from the University of Texas. He said he man-

aged to earn a letter in basketball while holding down a full-time job, and finished in three years.

He worked his way through Harvard Law school as an accountant for a Boston firm, graduating in 1930. The depression was in full swing, and the young lawyer worked for several months as a ditchdigger "to get to see the way a working man looks at things."

Scot School Tough  
While practicing law on his return to Dallas, he met his wife, portrait artist Catherine Hall McKinney. They were married in 1936, leaving the next day for medical school in Scotland.

He described academic com-

petition there as "a bloodbath," and said he prizes being made an anatomy demonstrator there as "the greatest honor I ever won."

When the war began, he returned to the United States and graduated from Harvard medical school in 1941.

As a Navy lieutenant in World War II, he headed the Navy Legal Medical Branch in Washington.

He called "a triumph of modern medicine" his fight for 32 Marines, sentenced to the firing squad for deserting during combat on Saipan. Smith said he re-examined the case and convinced higher-ups the men were mentally unsettled by combat and not responsible for

their actions. The Marines were freed.

"July Fourth-Oratory"  
He taught medicine and law

'Help' Call Fails To Shake Official  
EDINBURG, Tex. (UPI)—Anyone else might have been alarmed at finding the following note stuck between his new auto license plates:

"Help! I'm being held prisoner in a license factory." It was signed "T. Smith."

But John Snedeker, assistant district attorney for Hidalgo County, knows license plates are made at the state penitentiary at Huntsville.

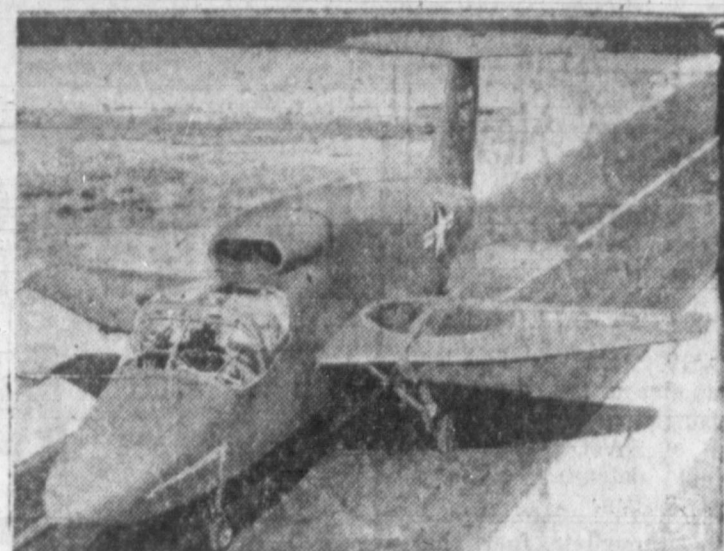

at the University of Illinois, where he was named a "distinguished professor" at the age of 39, and Tulane University.

He came to the University of Texas in 1952. Three of his four sons are students there.

"Only science can explain human behavior," he says, "and only law can regulate it. We must infuse the body of the law with scientific thinking... and get away from the fourth of July oratory in the law."

He said he would like to see Jack Ruby interviewed while hypnotized, or under the influence of truth serum.

UP AND AWAY—At last it has happened: the Army has an airplane they think combines the good points of both a helicopter and a jet plane. It is called the XV-5A lift-fan jet V/STOL (vertical and short take-off and landing) and is shown here at Edwards Air Force Base. The butterfly-type doors mounted on the upper wing surfaces cover fans. These fans provide the vertical lift. They are powered by the exhaust from the jet engines. The plane is capable of taking off from an area no larger than a tennis court and cruise at high speed.

**CHANGING PLAYTIME**—Sharp design has entered the field of children's playhouses. From the popular type, left, has grown the modernized version, right. A scaled-down model of an A-frame vacation cabin, the up-to-the-minute playhouse was built by its owner in Seattle, Wash., for about \$200.

## Second Warrant Out for Hagler

DALLAS (UPI)—A second bench warrant was out Wednesday for the arrest of David Fred Hagler, missing more than two weeks since the crash of his light plane in Matagorda Bay near Corpus Christi.

Criminal Dist. Judge J. Frank Wilson issued the warrant Tuesday and ordered \$1,000 bond forfeited when Hagler failed to appear to face the second of four forgery charges against him.

Similar action was taken March 11, the first time Hagler failed to show up to face charges.

Hagler's plane crashed in the bay March 10. A passenger, Mrs. Loretta Anderson of Euless, Tex., told Texas Rangers the plane and Hagler reached shore, but the Fort Worth man told her to say he had gone down with the plane.

They separated at Port Lavaca, Tex., and Hagler has been missing since.

## Ground-Water Topic Of Study in Area

Additional development of groundwater from the Ogallala formation in a part of the Texas Panhandle is described in a newly released publication. The study in Gray and Carson Counties, in the midsection of the Panhandle, reveals continued development of groundwater resources in that area during 1960-62.

The study was conducted by the U.S. Geological Survey in cooperation with the Texas Water Commission and the Ground Water Conservation District No. 3, South of the Canadian River. Published by the commission as Bulletin 6402, the report presents data on fluctuations of the water table and the chemical quality of the water as well as ground-water development.

The report states that, during the 1960-62 period, 60 irrigation, industrial, and municipal wells were drilled. By January 1963, there were 431 such wells either in use or available for use. Approximately 293,000 acre-feet of groundwater was pumped from these wells over the 2 years, constituting a withdrawal from the underground reservoir of about 1 percent of its estimated total water in storage.

Two-thirds of all the water withdrawn in these counties was used for irrigation, an integral part of the Panhandle's economy, the report points out. This use of ground water resulted in lowering the water table by a maximum of 11.4 feet in the heavily irrigated part of Carson County during the period 1960-62. In Gray County, where irrigation pumpage is relatively small, the water level declined only 2.7 feet during this same period.

Fluctuations of water levels in selected wells in the counties also are presented in the paper, as is information on municipal and industrial use of ground water.

Attention also is given to the chemical quality of the water. The mineral content in the water is uniformly low, it was found, except in one northeastward trending belt wherein the ground water has a high sulfate and chloride content. This belt of more saline water is of natural occurrence, the report indicates, although salt-water disposal pits, sometimes used for oil-field brine, have contributed to the salinity of ground water in some areas.

Bulletin 6402, entitled "Geology and Ground-Water Resources of Carson County and Part of Gray County, Texas, Progress Report No. 2," is available free of charge from the Texas Water Commission, P.O. Box 12311, Austin, Texas, 78711.

McCloskey General Hospital at Temple, Texas, was named for the first U.S. Army doctor to lose his life in World War II, Major James A. McCloskey, killed on Bataan, March 26, 1942.

## Mobile Display To-Visit Pampa

Tremendous advances in machining techniques are shown by means of a new Mobile Demonstration Unit of The DoALL Company which will be in Pampa tomorrow. It is sponsored by the local DoALL sales-service store in this area — Grayco Machines, Inc.

Greater advances have been made in the past decade than in any comparable period; but due to the costly and cumbersome nature of machine tools, it is difficult for the manufacturers to keep their customers informed.

The mobile demonstration unit is housed in a tractor-pulled, 35-foot long, heated and air-conditioned van. It is equipped for 16mm sound movies, and has four machines actually installed and operating, as well as fixed displays. The two specialists who accompany the van, assisted by the local sales-engineers, conduct the program which lasts approximately one hour. It is sufficiently flexible to fit into most plant schedules however, and to emphasize those matters of greatest interest to each group. While the van is set up at specific plants who sponsor the program, it is possible for personnel from other plants in the area to attend.

Persons interested in the mobile demonstration unit should call Grayco, who will advise them of its schedule and make every effort to arrange the visit.

## Partners Refuse To Split Up Over Project

ALPINE, Tex. (UPI)—A scientific trash barrel that may have won its builders a college scholarship sat in a garage Wednesday, testimony to two teenagers' loyalty to each other and strict sense of honesty.

As a school science project, Larry Johnson and Benny Wright, both 17, pooled their \$10 savings and built a complicated high temperature plasma jet from the barrel.

The jet so impressed their science teacher, Mrs. Guy Woodruff, that they entered it in the Trans-Pecos Regional science fair in El Paso, Tex.

There it won first place in a field of 500 and was chosen as one of two exhibits to be entered in the National Science Fair in Baltimore.

Then the boys learned there is a rule against group entries. The judges said it could still qualify if either boy would take credit alone. They wouldn't. "We both did the work," they said. "It wouldn't be right."

Prizes at the national fair are a college scholarship, a trip to the New York World's fair, medals and savings bonds.

JOHN TOWER ... to visit city

## Tower Due for Pampa Luncheon

Senator John Tower will be honored by the Gray County Republicans at a luncheon Wednesday, April 1, at 12:30 p.m. in Coronado Inn.

The Republican senator will be on a speaking tour of the Panhandle. Before visiting Pampa, he will be in Dalhart for a breakfast and Hereford for a coffee. After the luncheon here he will make appearances in other towns in West Texas.

Tower is presently serving on the Senate banking and currency and labor and public welfare committees.

Tickets for the luncheon are \$25 and may be purchased through Mrs. Warren Fatheree, MO 5-5949, or Clayton Husted, MO 4-3235.

## Quotes From The News

By United Press International BETHPAGE, N.Y.—A spokesman for Grumman Aircraft Corp., commenting on a full-sized model of a space vehicle in which the first Americans may land on the moon:

"What is shown here will, by and large, be the ultimate hardware version."

WASHINGTON — President Johnson, pleased about receiving the "Big Brother-of-the-Year" award for 1963:

"I don't know of any award that encourages me more to help a boy find his way and give his life meaning."

WASHINGTON — AFL-CIO President George Meany, declining to say what was discussed during a White House meeting with President Johnson:

"We talked about a lot of things, nothing very important."

WASHINGTON — Rep. Arnold Olsen, D-Mont., confident despite a defeat in the House that the Senate would pass a bill providing for the minting of more silver dollars:

"I believe we will win in the end."

### HAPPY FOURSOME

HOUSTON, Tex. (UPI)—Mrs. Betty Keeton dropped in for a visit with her daughter Mrs. Karla Pyland, 16, to help the young housewife pass the time of day while awaiting the birth of her child.

Then Mrs. Keeton went into labor too. Mother, new son, daughter and grandson all were reported doing well in the same hospital room today.

### 56TH YEAR

THE PAMPA DAILY NEWS THURSDAY, MARCH 26, 1964

### DRAFTING DANNA

SANTA CLARA, Calif. (UPI)—A stint in the armed forces might turn a 90-pound weakling into a man, but in the case of Danna Jo Salmonson, even the big brass would probably want to leave well enough alone. Danna Jo is a pretty, 18-year-old, blonde blue-eyed senior at

Santa Clara High School who somehow got listed in the draft records as Dan Danna.

Danna Jo said she has been plagued by recruiting material ever since the mixup.

## Easter Story Is Program for Kappa Kaopa Iota Meet

The original Easter story was the program given by Mrs. M. E. Cooper, during a recent meeting of Kappa Kaopa Iota, Sorority in the Hospitality Room of Citizens Bank.

Hostesses for the meeting were Mrs. J. E. Tatum, Mrs. W. A. Rankin, Mrs. H. R. Branch and Mrs. Herbert Cokes.

The president, Mrs. Floyd Smith, was in charge of the business meeting and election of officers.

Newly named officers are president, Mrs. Houston Price; vice president, Mrs. J. A. Meek; secretary, Mrs. D. L. Mackie; treasurer, Mrs. Roy Sparkman; Lady of Bounty, Mrs. G. M. Walls; Lady of Faith, Mrs. J. R. Poston; Keeper of Seed Pods, Mrs. Willa McDaniel; Outer Guard, Mrs. Jo Stockdale; Chronicler, Miss Teresa Humphreys; and the executive board, Mrs. Floyd Smith and Mrs. Herbert Coker.

Plans were made to attend the State Convention scheduled for April.

Members attending the were Mmes. Jarvis Johnson Sr., Austin Ruddick, Willa McDaniel, B. R. Nuckols, W. L. Parker, Ben Ogden, Floyd Smith, Houston Price, Perry Gaut, B. G. Gordon, Teresa Humphreys, L. B. Penick, Roy Sparkman, Lois Morrison, D. L. Mackie, J. R. Poston, Mildred Hogland, G. M. Walls, Lee Heaton, Hugh Sanders, Dar Johnson, M. L. Carter, Truett Ross, Joe Page, M. L. Cooper and Alma Wilson.

Day Circles Hold Study Meetings

Continuing the study of the book, "Be What You Are", by George L. Hunt, members of day circles of the First Presbyterian Church met Wednesday.

Plans were made for assembling layettes for overseas distribution. Garments will be completed at a sewing meeting April 1, following a salad luncheon. It was announced that Spring Presbyterial will be held April 14 in Dalhart, with Rev. Floyd Grady as speaker.

Circle I met in the home of Mrs. John Brewer, who also presented the program. Twelve members and one guest, Mrs. George Broughton, were present.

Mrs. C. V. Wilkinson was hostess to eight members of Circle II with Mrs. Don Smith in charge of the program.

Mrs. K. A. Sorenson led the study in Circle III, which met with Mrs. H. T. Hampton. Fourteen members and a guest, Mrs. A. W. Brown, were present.

Fourteen members of Circle IV, and one new member, Mrs. Thomas C. Braff, met in the home of Mrs. Clyde Fatheree. Mrs. E. J. O'Brien presented the program.

Violet Society Sets Guest Tea

Plans for a Guest Day Tea were made by members of The African Violet Society as they met recently in the home of Mrs. Dan Glaxner, 701 N. Gray. The Tea, to take place May 12, will be held in the Lovett Memorial Library.

A film of African Violet arrangements, with accessories, was shown by Mrs. V. N. Osborne. Mrs. Holly Gray, program chairman, narrated and the mechanics of the arrangements were discussed by Mrs. Osborne.

Refreshments carried out a St. Patrick's Day theme. Members attending the meeting were Mmes. R. F. Dirksen, J. E. Carlson, Charles Glisson, Lee Moore, Holly Gray, Norman Walberg, Evan Jones, Willie Rheudasil, Osborne, Glaxner and C. C. Matheny and Miss Mary McKamy.

(Photo, Kenneth Butler)

FACULTY BANQUET — Faculty members of B. M. Baker Elementary School were honored Friday night with a banquet. Members of the P-TA unit were hostesses. Mrs. Troy Bennett, P-TA president is shown presenting a corsage to Carl Jones, school principal.

## Baker Faculty Feted By P-TA Unit Friday

Hostesses dressed in western costume, marking the theme of "Texas", welcomed faculty members to the Baker P-TA sponsored Faculty Appreciation Banquet conducted in the school cafeteria Friday evening.

A large painted western scene was used as background for the head table. A wooden rail fence, bales of hay, saddies and other riding gear were placed around the setting.

Mrs. O. C. Ferguson registered the guests and Mrs. Troy Bennett, P-TA president, presented yellow rose corsage to teacher who were not natives of Texas. Texans received blue bonnets.

Bud vases holding roses and blue bonnets were placed on tables. A yellow program decorated with a blue cut-out of Texas centered with a steer head, was at each place setting. Yellow put cups had blue felt western boots attached.

The invocation was given by Austin Ruddick, followed by the welcome which was made by Mrs. Bennett.

A program of music was presented by a quartet composed of Mrs. Charlie Pipes, Mrs. Floyd Steele, Mrs. J. C. Hyatt and Mrs. C. D. Anderson, sang "Let the Rest of the World Go

By" and "Beautiful Texas", and led the audience in singing, "Deep in the Heart of Texas".

Exchange Student Addresses Club

PANHANDLE (SpI) — Mohammad Faghri, exchange student from Iran, was guest speaker at the recent meeting of the Fine Arts Club when members met in the home of Mrs. Jim Weatherly.

He told of the geography, products, diet, recreation and government of his country and then answered questions of those attending.

During a business session, the incoming president, Mrs. W. C. Surratt appointed committees as follows: Civic, Mrs. Alfred Bell, Mrs. Don Peoples, Mrs. Weatherly and Mrs. Rachel Vance; social, Mrs. L. A. Sparks, Mrs. M. G. Weeth, Mrs. V. D. Biggs and Mrs. Frank Simms; flowers, Mrs. Ray Roland, Mrs. Charles Lemons, Mrs. Janie Smith and Mrs. Cliff Vincent; budget, Mrs. Eugene Phillips, Mrs. Ralph Randel, Mrs. C. E. McCray and Mrs. J. E. Southwood; telephone, Mrs. Roland, Mrs. T. M. Gleek and Mrs. Vance.

## Senior Center Corner

By MRS. O. A. WAGNER

Good for a smile: There was a collection letter that began: "We are surprised that we have not received anything from you." A few days later the letter came back, with a handwritten note across the bottom of the page. It read "There's no reason to be surprised I didn't send anything." Which reminds me; everyone was so busy playing games they were not interested in news.

Mrs. John Browning of Grove, Okla., formerly of Pampa, was in town the past two weeks visiting old friends and attending the dedication of the new addition to the Central Baptist church. Being a former member of the church Mrs. Browning enjoyed meeting old friends and seeing the growth in the church. While here she visited with the Bill Millers, Ethel Gower, the Coopers of Skellytown and your reporter, and other friends.

Saw several friends out at

the formal opening of Twilight Acres No. 2 Sunday afternoon. While there had a short visit with B. C. Rogers, former regular attendant at the Center; but, has been an invalid all winter, and was happy to see him much improved, and seemed glad to see me. Mrs. Hettie V. Seiber and Mrs. W. R. Ewing are making it their home for the present. A very nice home to spend one's declining years.

Mrs. Martha Carter is visiting relatives at Lefors this week.

Mr. and Mrs. Jay Evans spent last week end in Sentinel Okla., visiting Mr. Evans brother, Otis Evans and family.

Mrs. Elizabeth Taylor helped celebrate her daughter Maurita's birthday on St. Patrick's day in Hereford, with a 42 party. Cake, ice cream, iced tea and coffee was served to the twenty-four guests. Birthday cake was baked by Mrs. Taylor. Sounds like a jolly party.

Guests of Mr. and Mrs. P. G. Turner Monday night were Mr. Turner's son and wife, Mr. and Mrs. Douglas Turner of Clovis, New Mex. Mr. and Mrs. P. G. Turner attended a water man's convention in Spearman Thursday night. Once a year the wives are invited to attend.

The Pampa Art Club was hostess. Those serving were Mmes. Loyal Davies, A. C. Cox, C. P. Pursley, Fred Hart and A. D. Hills. Delicious home made pie, and coffee was served during the refreshment hour. Door prizes made by the Art Club went to Mmes. C. L. Adams, Elizabeth Taylor, Ollie Staton and Mr. Fred Cullum.

Love, Mrs. Wagner

## Informative Talk Presented During Credit Club Meet

The Pampa Credit Women's Club met Friday in City Club Room to hear a program on "Telephone Collecting and Skip Tracing" which was presented by Mrs. Vi Dunham.

A general business meeting was conducted by Mrs. Ruth McQueary, president. Mrs. Dunham was presented a gift for choosing the name "The Credit Line" for the club bulletin.

The door prize was won by Miss Pattie McQueary.

Members attending the meeting were Mmes. Bonnie Nickel, Virginia McDonald, Virgie Wesner, Lyda Gilchrist, Ruth McQueary, Bobbie Petty, Ruby Crocker, Vi Dunham, LaVerne Bayless and Misses Sharon Johns and Jerry Hodges. Two guests, Mrs. Juanita Owen and Miss Patty McQueary.

The next meeting will be conducted April 17 at 7:30 p.m. in the City Club Room.

### Dear Abby....

## The Boy Has Your Number So Forget His!

By ABIGAIL VAN BUREN

DEAR ABBY: I am in the eighth grade and I like a boy in my home room. I called him up last night and told him that a girl friend of mine wanted his picture, but she was so bashful to ask him for it, so I was asking for her. He said he was sorry but he didn't have any more. Then I called him back and told him that the picture really wasn't for a girl friend, it was for me, and maybe he could dig me up. He said he didn't have any more and he wouldn't know where to dig one up

from. Then I called him back again to ask him what page our history assignment started on, but this time his mother answered the phone and told me to quit bothering him. I feel terrible. Should I call him up and apologize for bothering him?

**FEELS TERRIBLE**  
DEAR FEELS: No! This boy has your number. Forget his!

DEAR ABBY: I am not mentioning any names and, if you print this, please don't use mine, but what do you think of a husband who is not man enough to speak his own mind? He and his wife have worked out "signals" between them. When they are at a party and HE wants to go home, he either mops his brow with a handkerchief or crosses his legs, and then SHE suggests that it is late and they should be heading for home.

**"ON TO THEM"**  
DEAR "ON": I think they are wonderful. I didn't know teamwork like that still existed.

DEAR ABBY: My problem is my daughter. She is 29 so I can't tell her what to do, but she is still my daughter and I worry about her. Abby, she is five feet five, and I will be the first to admit that she was overweight, but she is big-boned, like I am, and she never looked as heavy as she was. She weighed 235 last July. That's when she started going to this doctor who specializes in reducing people. She lost 60 pounds and she's still dieting. I have begged her to stop before she kills herself, but she doesn't listen to me. Abby, please, as one mother to another, help me save my daughter.

**TEARS IN MY EYES**  
DEAR TEARS: Unless my subtraction is wrong, your daughter still weighs 195 pounds! She has to lose another 40 before she's in the proper weight range for her height. Trust the doctor, and don't demoralize your daughter. Calories are tough enough to battle without the additional burden of an hysterical mother.

Get it off your chest. For a personal, unpublished reply, write to Abby, Box 3365, Beverly Hills, Calif. Enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to Abby, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "How To Write Letters For All Occasions."

### Dianthus Club Elects Officers

PANHANDLE (Spl) — Mrs. Cleve Cline was elected president of the Dianthus Club at a recent meeting in the home of Mrs. Marvin Sparks. Other officers elected were Mrs. Dale Roselius, vice-president; Mrs. Calvin Murray, recording secretary; Mrs. Wayne Cox, corresponding secretary; Mrs. Chester Wetsel, treasurer; Mrs. Don Patton, reporter; Mrs. Sparks, historian; and Mrs. W. C. Surratt, parliamentarian.

Mrs. Bobby Skidmore was welcomed as a new member. The club voted to bring linens and books of trading stamps to be given to the Garretson Senior Citizen's Center.

Password was the entertainment of the evening with Mrs. Cecil Williams as moderator. Winners were Mrs. Cline and Mrs. Murray.

Fifteen members attended. Before we passionately desire anything which another enjoys, we should examine as to the happiness of its possessor.

—Rocheffoucauld

### Manners Make Friends

Students may announce graduation with handwritten notes in black ink. Don't type.

## Meteorologist Addresses Carson County Women's Clubs Federation

PANHANDLE (Spl) — Dan True of Amarillo, television and radio meteorologist, told of the precautions to be taken by area residents during the tornado season, when members and guests of the Carson County Federation of Women's Clubs met recently in the War Memorial Building in Panhandle, with the Panhandle Home Demonstration Club in charge of the program.

He told of the type of clouds conducive to tornadoes and showed films and slides of various storms of the area.

He also told of a car tie-down, which he thought might be a safe place in a storm. He told where the materials could be purchased to make this and the cost of construction.

Mrs. Albert Wilson, Panhandle Home Demonstration Club president, gave the devotional on fear, closing with the Boy Scout motto: Don't be scared, be prepared. She had previously told of the many self-help courses available in the area.

### Ham at Easter: Must for Many

By GAYNOR MADDOX  
A lordly baked ham is traditionally one of the favorite Easter meats. When glazed with a spiced orange and honey glaze, it becomes particularly festive in both taste and appearance. We think you will really be delighted with this recipe.

**GLAZED BAKED HAM**  
(10 to 12 Servings)  
6 to 8 pound precooked ham (ready-to-eat type)  
Whole cloves  
1 cup fresh orange juice  
1 stick whole cinnamon  
1 ginger root  
1/2 teaspoon whole allspice  
1/2 teaspoon whole cloves  
1/2 cup strained honey (approximately)

Wipe ham with damp cloth. Trim off excess fat, leaving a layer about 1/2-inch thick. Score fat. Insert a whole clove in the center of each square. Place ham in a baking pan. Combine orange juice with spices and boil for 5 minutes in a covered saucepan. Bake ham in a preheated slow oven (325 degrees) 15 to 18 minutes per pound, basting with spiced orange juice at 15 minute intervals until 40 minutes before cooking time is up. Drizzle 1/2 of the honey over ham. Bake 20 minutes longer and then drizzle remaining honey over ham. Bake 20 minutes longer or until ham is brown. Arrange on a serving platter and garnish with cooked whole tiny fresh carrots rolled in melted butter and chopped fresh parsley.

### 'Saucy' Vegetables Have Great Appeal

By GAYNOR MADDOX  
Fresh asparagus, broccoli, new potatoes and many other spring vegetables take on even greater appeal when served with special sauces. Here are a few:

**HOLLANDAISE SAUCE**  
(4 to 6 Servings)  
4 large eggs, beaten slightly  
2 tablespoons fresh lemon juice  
1/2 teaspoon salt  
Dash cayenne  
1/2 cup (1 stick) butter or margarine

In top part of double boiler, place eggs, lemon juice, salt and cayenne. Place over hot water (not boiling). Mix well. Stir and heat until the mixture is lukewarm. (DO NOT PERMIT TO BOIL). Divide butter into 4 parts. Add one piece at a time, beating constantly. Continue to beat and cook until the mixture thickens, 10 to 15 minutes, total cooking time. Remove from hot water and keep warm until ready to serve. Do not reheat. If mixture separates, add 2 tablespoons boiling water and beat with rotary beater. Serve over hot cooked fresh asparagus. Garnish with strips of pimiento.

**MUSTARD HOLLANDAISE SAUCE**  
Add 1 tablespoon powdered mustard to the above Hollandaise Sauce.

**TOMATO HOLLANDAISE SAUCE**  
Add 1 tablespoon tomato catsup to the above Hollandaise Sauce.

**FRESH DILL BUTTER**  
Melt 2 tablespoons butter or margarine. Add 1 tablespoon finely chopped fresh dill.

**CHILI BUTTER SAUCE**  
Melt 2 tablespoons butter or margarine. Add 1/4 teaspoon chili powder and 1/2 teaspoon ground black pepper.

## Gavels Given to New Federation Members in Convention at Borger

Mrs. Emmett Osborne, Pampa, third vice-president of the Top of Texas District of the Federation of Women's Clubs, presented gavels to four newly federated clubs in the afternoon session of the two-day open convention of Federated Clubs being conducted in Borger.

Two new junior clubs of Spearman, Kimberly Junior

Study Club and the Spearman Study Club; and two senior clubs, Woman's Forum and Modern Study Club, both of Amarillo, were welcomed into the federation. During the last

convention, three new clubs were recognized, making seven new members during this administration.

Some desire is necessary to keep life in motion; he whose real wants are supplied, must admit those of fancy.

—Samuel Johnson

Perfume Your Bath  
Concentrated bath perfumes provide a long-lasting fragrance. Use a small amount in your bath water and remember not to dab on another fragrance that might clash with the one you are wearing.

Mrs. Osborne is representing the Civic Culture Club of Pampa as delegate. Other members of Civic Culture attending the event are Mmes. K. A. Sorenson, president; A. C. Houchin, Roland Dauer, A. D. Hills, W. F. Morris, H. S. Alexander, George Neef, W. C. Scott and C. F. Pennington.

## World's Fair Stamp To Be Put on Sale

Designs for the New York World's Fair commemorative stamp and commemorative embossed envelope were unveiled by Postmaster General John A. Gronouski this month at the World's Fair Post Office, according to O. K. Gaylor, Postmaster in Pampa.

The stamp and the envelope will be placed on sale for the first time the day the fair opens, April 22.

The formal presentation of the stamp and 5-cent envelope was made during ceremonies dedicating the Post Office Department's combination exhibit and working post office.

The commemorative 5-cent stamp—a horizontal green on white—was designed by Robert J. Jones of the Bureau of Engraving and Printing. It shows the main mall of the fair, with the Unisphere to the left, Arthur W. Dintaman engraved vignette, lettering and numerals are by Howard F. Sharpless.

The 5-cent embossed envelope in maroon is a stylized representation of the Unisphere. It was designed by Paul D. Kennedy, International Paper Company artist.

Collectors desiring first day cancellations on the envelopes should send their name and address to the Postmaster, New York World's Fair, Flushing, New York 11380, enclosing 6-

## '63 Profits, Growth Listed by Celanese

NEW YORK (SpI) — Celanese Corporation of America has reported 1963 net earnings of \$32.6 million, up 18 per cent over those of 1962, on record sales of \$356.3 million. The 1963 sales were at an all-time high in each of the major domestic product areas—fibers, chemicals and plastics.

Net earnings last year were equal to \$3.26 a common share, based on the 8,679,506 shares outstanding at the end of 1963 and including 964,390 new shares issued during the year. Earnings for 1962 were \$2.75 million, or \$3 a share, on the 7,715,116 shares outstanding at the end of that year.

During 1963, Celanese invested a record total of \$64 million to broaden the corporate business base. Among the major developments undertaken during the year, Harold Blanche, president of the corporation, cited the following:

In the United States, Celanese completed plans to produce Nylon 66 fiber and chemical raw materials for it; entered the plastics pipe and fittings field with acquisition of Yardley Plastics Company; began construction of a new polyester film plant, and mapped expansions of polyester fiber and acetyl chemical production facilities to meet increased market demands for these products.

In other parts of the world, the corporation acquired Canadian Celanese Ltd., organizing it with Canadian Chemical Company Ltd. into a major, integrated producer of chemicals, fibers and textiles; started building a plant in eastern Belgium to manufacture Arnel triacetate fiber for major European markets; and undertook expansions in Latin America to produce cellophane in Colombia and Nylon 6 yard in Venezuela, with plans also for polyester fiber production in both countries.

At present, Celanese and affiliated companies operate 52 plants, with 30,000 employees, in the United States, Canada, Latin

**RESIGNS AS CHAIRMAN**  
 HICKSVILLE, N.Y. (UPI) — W. H. Carbade has resigned as chairman of Crescent Petroleum Corp. and has sold his holdings of 72,000 shares of common stock to a Crescent affiliate. M. R. Miles, Crescent president, said the shares were purchased at approximately the market price and that they would be used for acquisition purposes.

## Cancer Drive Chiefs To Plan for Campaign

Captains and co-captains of the Gray County Cancer Association will meet Tuesday at the home of Mrs. Kermit Lawson for an orientation program on the distribution of material before the house-to-house crusade April 20.

At this week's meeting of the association, the group heard a report by Tom Williams, field representative from Amarillo, on the national cancer meeting being held in Miami, Fla. Pres. Royce Laycock announced that Dr. John Jones, associate professor of surgery at Southwestern Medical School in Dallas, would be the speaker for the annual meeting in May.

Dr. Laycock also said that a cancer film on smoking is being lined up for showings in the schools.

These board members attended the meeting in Coronado Inn: Paul Keim, Jack Skelly, Sam Bérgert, D. V. Biggers, Joe Page, Dick Stowers, Bob Carmichael, Don Lane, Mrs. Roy McKernan, Mrs. Maynard Johnson, Mrs. Jack Foster, Mrs. James Maher and Mrs. R. A. Mack.

## Chains Threaten Cattle Industry, Says Lawmaker

WASHINGTON (UPI) — Sen. Gale W. McGee, D-Wyo., charged Wednesday that cattle industry spokesmen have been threatened with economic reprisals by big retail chain stores if they testify at Senate meat price hearings.

"Coercion and intimidation are ugly practices in any context," McGee declared. "When applied to thwart an investigation of Congress, they strike to the very heart of the democratic processes."

McGee made the angry charges in an opening statement as the Senate Commerce Committee resumed public hearings on whether chain grocers, through mass buying practices, control consumer meat prices in possible violation of anti-trust restraints.

**RECEIVE CAR ORDER**  
 BIRMINGHAM, Ala. (UPI) — Southern Railway System has received an order for 800 coal hopper cars from Pullman Inc. at a cost of about \$13 million. Deliveries will begin in mid-May and will be completed in August.

**AWARDED AF CONTRACTS**  
 WASHINGTON (UPI) — Radio Corp. of America has received a \$2,387,042 Air Force contract for production of spare parts for radar equipment. Martin Marietta Corp. received a \$2,250,000 supplemental Air Force contract for installation of modification kits in Titan I nuclear missiles.

**ATTACK ON ACCIDENTS**  
 WASHINGTON (UPI) — Commerce Secretary Luther H. Hodges has been assigned by President Johnson to head an accelerated attack on traffic accidents.

Johnson wrote Hodges Monday that the death of 43,400 Americans in traffic accidents last year was "a matter of serious national concern." He said there was "an obvious and urgent need" for a program to improve highway safety.

During the period of the Texas Republic notes signed by individuals promising to pay, a cow and a calf passed for \$10 bills.

## Pampa Takes 23 Boys Into Perryton Relays

"We're going to make an all-out effort to win this one," was coach Norman Phillips' promise as the Pampa Harvester track team prepared to leave early tomorrow for the one-day Perryton Relays.

The Harvesters are taking 23 boys to the first annual Perryton meet, which will have 23 teams entered, mostly in the small-school division. Entered with Pampa in the big school division so far are Caprock, Berger, Perryton, Hereford, Liberal and Guyton.

"I don't know what the Kansas and Oklahoma schools have," said Phillips, "but I feel we are as good as any of the Texas schools entered in our division."

The Pampa pipe-puffer has made several major changes in the lineup in preparation for the meet. Mark Westbrook, with one of the best mile times in the state and also a top 800 man, will concentrate on the mile tomorrow. Jesse Washington, ordinarily a miler, has been converted to the 220, the 880 and the mile relay team. "Jesse clocked a tremendous 220 time in a relay at Odessa," pointed out the Pampa pipe-puffer, "will strengthen the relay team and should also do well in the 880."

Another experiment is the moving of David McDaniel to the mile relay, in addition, to running the 100 and 220-yard dashes. "McDaniel has posted some real good times in 300 practices and he can strengthen our relays."

The two relay teams undergo their weekly change as Phillips and assistant Don Myers seek to find a pair of winning combinations.

**SET FIGHT DATE**  
TOKYO (UPI)—Former world flyweight champion Masahiko (Fighting) Harada will meet Jesus Pimentel of Mexico in a 10-round bout at Los Angeles, May 4. Harada's manager confirmed Wednesday night.

## Harvesters Snap Back With Pair At Hereford

Battered but unbowed, the Pampa Harvester baseball team will attempt to come back Friday when they play a double-header at Hereford, starting at 1 p.m.

Although the Harvesters suffered a 12-1 defeat at the hands of Berger last Monday, coach Ray Howard was quick to leap to the defense of his players.

"People have voiced some criticism of the loss to Berger," said Howard, "but it isn't fair to blame the boys. People tend to forget that we had only three workouts before that game, they've had three weeks. Our timing isn't smooth yet, our hitters are rusty, our pitchers haven't hit their stride yet. Berger has. What's more, that's the team picked to win district and we were facing probably the best pitcher in the Panhandle. Don't judge the kids too soon, take those things into consideration and give them a chance to get into shape."

Howard did point out several bright spots in the loss, notably the play of third baseman Claude Middleton and first sacker Steve Molberg. "Miss Claude" made several tremendous stops and stole several hits from Bulldog batters, while Molberg played a smooth, consistent game, with his agility and reach accounting for a number of putouts despite wild throws.

The twin bill will be the final experimental games, hoped Howard, with a fairly steady starting lineup and a roster of probable starting pitchers coming out of it.

"Bobby Price will start one game at Hereford, and probably

CLAUDE MIDDLETON — bright spot

Ronnie Curlee the other. Jim Arthur will follow. Price and Jerry Garrison will follow Arthur. If we need them, or if we have a chance to give them some work, I'd like to get another look at the sophomores, especially Roy Harper.

"We'll also do a lot of switching again in the infield. We've got several boys working out at a couple of the positions and some of the outfielders in the infield too. After this weekend, we hope to have a stable lineup. A lot will depend on Hereford though. They're a pretty good team, they have a 3-4 record so far and beat Palo Duro in their last game."

—Daily News Photo by Jeff Coburn

**FLYING LOW** — Kenny Smith of McLean crossed the finish line in the 100-yard dash in one of the area's top times yesterday, a 10.2. Don "Squash" McCool of Lefors (left) was second in 10.3 as fast times were set in the triangular practice meet at Lefors.

### Pro Basketball

By United Press International  
Frank Selvy is going to get his night after all.

Selvy, a veteran Los Angeles Laker guard who has announced that he would retire after the current National Basketball Association playoffs, will be honored Saturday night when the Lakers host the St. Louis Hawks in the fourth game of their playoff series.

The Lakers, who lost the first two games to the Hawks, finally found the range Wednesday night as they edged St. Louis 107-105.

It looked for a while as if the Hawks would sweep the Western Division series and there would be no Frank Selvy night.

But Elgin Baylor came through with one second to play with a 20-foot jump shot to give Los Angeles their must win.

In the Eastern Division, the Cincinnati Royals rolled over Philadelphia 101-89 to go into a 2-1 lead in their playoff series with the 76ers.

Oscar Robertson led the Royals, hitting 23 points, and Jack Tryman pulled in 21 rebounds and scored 25 points for Cincinnati.

The Royals lost Jerry Lucas in the first period when he aggravated a back injury which he suffered the night before, but Wayne Embry and Tom Hawkins made up for the loss with 19 and 16 rebounds respectively.

In the Lakers' victory, St. Louis, down by as much as 16 points in the first period, finally tied the score 106-106 with 27 seconds left. Los Angeles took possession of the ball with 11

seconds to go and Baylor dribbled until the last possible moment before arching the game-winning shot.

Jerry West, who had been having shooting troubles during the last part of the season, led the Lakers with 39 points.

The Lakers and St. Louis play the fourth game Saturday and Cincinnati and Philadelphia also play their next game Saturday.

### Skellytown Wins Junior Running

LEFORS — Skellytown rolled up 53½ points to take first place in the Lefors Junior Track and Field Meet Tuesday, with Wheeler finishing second with 46 points, Lefors with 31 and McLean with 10½. Sargent of Skellytown took individual honors with 21½ points.

Five new records were set, Sargent running the 60-yard high hurdles in 9.1, Wheeler's 440-yard relay team of Rogers, Bradstreet, Sechrist and Miles finishing in 49.4, D. Keith of Lefors running the 440 in 58.8, T. Stanton of Lefors doing 27 pull-ups, Strickland of Skellytown throwing the discus 106 feet and the same Wheeler team repeating in the 880 relay in 1:46.0.

Other winners were Stone, Lefors in the 100 in 11.5; Sargent in the 100-yard low hurdles in 12.9; Bradstreet in the 50-yard dash in 6.2; Freeman of Skellytown highjumping 4'10" and putting the shot 37'6"; Sargent broadjumping 16'8" and pole vaulting 6'0".

Barber, the defending champion, won last year in a mad finish. His 274 was one stroke ahead of Doug Ford, Billy Maxwell, Jack Rule, Bruce Cramp-ton and Larry Beck.

Among those signed up to play this year are Tony Lema, Jimmy Clark, Mike Souchsk, John Barnum, Doug Ford, Bill Collins, Dave Ragan, Bob Duden, Tommy Jacobs, George Bayer, Lionel Hebert, George Knudson and Jack Rule.

### 'Big Three' Prep For Azalea Open

WILMINGTON, N. C. (UPI)—The "big three" aren't here, but the locals don't care. They have Jerry Barber.

When 150 pros and amateurs tee off today in the \$20,000 Azalea Open golf tournament, Barber will be trying for his fourth win in this 16th annual tournament.

The big three on the U. S. PGA tour — Arnold Palmer, Jack Nicklaus and Gary Player — will be absent. But Barber, the Wilmington crowd-pleaser, will be present, along with most of the other tour regulars, including Billy Casper, who won the \$50,000 Doral Invitational at Miami Sunday.

Since the tournament began in 1949, Barber has won it three times — more than any other golfer — in 1953, 1961 and 1963.

Barber, the defending champion, won last year in a mad finish. His 274 was one stroke ahead of Doug Ford, Billy Maxwell, Jack Rule, Bruce Cramp-ton and Larry Beck.

Among those signed up to play this year are Tony Lema, Jimmy Clark, Mike Souchsk, John Barnum, Doug Ford, Bill Collins, Dave Ragan, Bob Duden, Tommy Jacobs, George Bayer, Lionel Hebert, George Knudson and Jack Rule.

## Ever read the fine print at the bottom of a Plymouth ad?

It tells about our 5-year/50,000-mile warranty\*

\*Chrysler Corporation warrants for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

If you drive a car, there's no finer print available.

### Fast Clockings Set in Cold at Frostbite Meet

LEFORS — Despite a sudden up in temperatures, some extremely good times were turned in yesterday's "Frostbite" meet as Lefors, McLean and Shamrock tangled in a triangular practice meet.

With a 12-15 mile an hour willy wind at their backs, the pumped meet runners all aimed in a hurry to get back to their warmups as Kenny Smith of McLean ran a 19.2 100-yard dash. Terry Bromlow of Lefors did a 15.3 high hurdles and Harry Tate of McLean clocked a 2:12.9 880.

McLean goes to the Perryton meets tomorrow, Lefors is off for the holidays.

**Winners:**  
 440 - yard relay: Lefors (Neil Bates, Richard Bull, Don McNeil, Terry Bromlow), 46.8  
 580 - yard dash: Harry Tate, McLean, 2:12.9  
 120 - yard high hurdles: Bromlow, Lefors, 15.5  
 100 - yard dash: Kenny Smith, McLean, 19.2  
 180 - yard low hurdles: Neil Bates, Lefors, 23.0  
 220 - yard dash: Bromlow, Lefors and Clyde Edwards, Shamrock, 24.2  
 Mile run: John Bible, McLean, 13.0  
 Mile relay: Shamrock, 3:39.0  
 High jump: Bromlow, Lefors, 3'  
 Discus: McCool, Lefors, 127'

**ON HIS HIGH HORSE** — Terry Bromlow of Lefors gets over the high hurdles in a hurry ahead of Eddie Jay Windom of McLean in a triangular meet at Lefors yesterday. The speedy Pirate was clocked in 15.5 in the practice meet.

### Tex Winter May Take Iowa Post

DES MOINES, Iowa (UPI)—Iowa University's search for a successor to basketball coach Sharm Schuerman has shifted to Kansas for a "Big Name," according to a Des Moines Register report here.

The report said Coach Tex Winter of Kansas State had talked with Iowa Athletic Director Forest Evashevski and faculty representative Dr. Robert F. Ray, but told them he was "happy" with his present job.

It was also reported that Wichita's Ralph Miller was interested in the Iowa coaching post and would be interviewed in the near future by the Hawkeye committee working on a replacement for Schuerman.

Other coaches reported to be in line for interviews included Phil Woolpert of the University of San Diego, Norm Stewart of State College of Iowa, Ray Mears of Tennessee and Jim Skala, assistant coach at Michigan, according to the newspaper.

### YCC Basketball

The Richard Drug Synonyms topped Panhandle Packing, 59-47 and KPDN swamped the Spearman Jaycees, 74-42, last night to go into the finals of the YCC Basketball League Tournament.

The Packers jumped into an early lead and held a two-three point margin throughout the first half and most of the third quarter until Gunner Roy Pool fired in a jumper just before the third-period buzzer to give the Synonyms a 35-34 margin. Gene Brown put the Packers back ahead, but ancient Ronnie Mills, Arlen Kaiser and Pool broke the game wide open on fast breaks. Pool had 20 points, Mills 13 and James Lee 12. Brown had 12 for the losers.

With Gary Griffin gobbling the backboards and Terry Culley and Roy Kieval unlimbering their creaking frames to belt the bucket, Spearman was never in the ball game. Culley finished with 22 points, Kieval with 21, Charlie Price 13 and Griffin 12.

The Packers and Spearman will play for third place Friday at 7 p.m. with the championship game following.

### Finley Blames Yank Fences

CHICAGO (UPI) — The short foul lines in the New York Yankee Stadium give the perennial pennant winners an unfair advantage over the rest of the American League, Charles O. Finley charged today, and he requested league action to amend the situation.

Finley, owner of the Kansas City Athletics, pointed out that the Yankees, winners of 21 pennants in the last 28 years, have a .674 won - lost percentage at home over that period and only .575 on the road.

"The Yankee success at home is due to a great extent to having short foul lines," he wrote league president Joe Cronin. "I feel that this is grossly unfair to the other nine clubs to permit the Yankees to continuously maintain this advantage."

Finley fought at Madison Square Garden on March 13 last year.

### Major League Roundup

**By JOE GERGEN**  
 UPI Sports Writer

Don't look now, baseball fans, but the cream of the citrus crop has turned sour.

Both the world champion Los Angeles Dodgers and the New York Yankees, World Series opponents in 1963, have in their Grapefruit League contests this spring, and have settled to the bottom in their respective league standings.

The Dodgers took up position in the National League's Florida basement Wednesday by submitting to the Milwaukee Braves, 8-3, and the Yankees hovered only two notches above the cellar in the American League after dropping a 2-1 decision to the Cincinnati Reds.

What hurt Los Angeles most of all is that Sandy Koufax was mistreated for the second straight time. Koufax, the Dodgers' brilliant southpaw and hero of the World Series, was cuffed for three runs in three innings as the Braves handed Los Angeles its fifth defeat in nine games.

**Koufax Is Bombed**

Milwaukee laced Koufax for six of its 13 hits, and young Braves' left-handed hurler Dan Schneider pitched hitless ball for the first three innings. Willie Davis collected three of the Dodgers' seven hits, including a double, and stole a base.

The Yankees, who suddenly have developed into hitless wonders, finally scored, a run after 23 straight innings against the Reds but Hal Reniff, New York's pudgy relief ace, balked in the winning run with two out in the ninth inning.

Reniff made the balk on a 3-2 count to Reds' catcher Johnny Edwards with Cesar Tovar, a rookie infielder, dancing off third base. Jim O'Toole and Bob Purkey set the Bombers down on just four hits. O'Toole hurled the first seven, allowing only a single by rival pitcher Al Downing. New York is now 4-8 in the Sunshine state.

Lou Brock, Billy Williams, Ron Santo and Ernie Banks each collected three safeties as the Chicago Cubs clobbered the San Francisco Giants, 12-4. Orlando Cepeda led the Giant attack with a single, double and 420-foot home run.

**Colts Drop Tigers**

Mammoth Walter Bond, the apparent cure for light-hitting Houston, hammered a two-run homer in the seventh inning to lift the Colts over the Detroit Tigers, 4-3, in the first meeting ever of the two teams. The Tigers were heartened by the showing of veteran Frank Lary, who blanked Houston for five innings before surrendering two runs in the sixth and leaving the game.

Rookie outfielder Dick Simpson clouted a two-run circuit shot in the sixth inning and the Los Angeles pitching trio of Bob Belinsky, Bob Lee and Bill Kelson shut out the Cleveland Indians on five hits as the Angels scored a 2-0 win. Mudcat Grant was the victim of Simpson's smash.

Pittsburgh rallied behind sixth-inning home runs by Ron Brand and Gene Freese to edge the Baltimore Orioles, 5-4. Freese contributed four RBI's to the Pirate attack, lining a bases-loaded single off Milt Pappas in the fourth inning.

Rocky Colavito and Jim Gentile, the newest members of the Kansas City team, went two for three as the A's thrashed St. Louis, 10-3, and the Minnesota Twins piled up a 7-0 lead in the first five innings and coasted to a 7-5 triumph over the Chicago White Sox.

### Set Up Four Contenders For Cassius

NEW YORK (UPI)—The New York State Athletic Commission will attempt today the difficult task of pairing four heavyweight contenders in an "elimination" to produce a challenger for Cassius Clay.

This matching is a follow-up of Monday's announcement that the commission will continue to recognize Clay as champion, even if the World Boxing Association (WBA) strips Clay of this title for "conduct detrimental to boxing."

New York is not a member of the WBA.

Ex-champion Sonny Liston of Denver, Colo., is not one of the four designated contenders since he has no license to fight in New York State.

However, ex-champion Floyd Patterson of Yonkers, N.Y., was the first man named to the tourney by the commission, perhaps because of his expected drawing power, and despite his number seven ranking by the WBA.

The other three contenders and WBA ratings were: Doug Jones of New York, No. 1; Eddie Machen of Los Angeles, No. 4, and Cleveland Williams of Houston, Tex., No. 6.

Both Patterson and Jones are clamoring for an immediate shot at Clay. Patterson is so confident of beating Cassius that he offered to fight him for nothing. Jones is equally insistent upon a Clay fight because "the officials made a present of the decision to Clay when we

## Awards Given Tonight At All-Sports Banquet

Two of Pampa High School's outstanding athletes will receive the coveted "Hustling" and "Fighting" Harvester awards at 7:30 p.m. tonight at Harvester Field House.

The awards go to the outstanding football and basketball player for the past season and will be the highlight of the first annual All-Sports banquet which will do honors for all athletes in the Harvester program. Awards will be made to players in spring sports also.

The presentation of special awards to the athletes by Junior Goodwin, president of the Pampa Quarterback Club.

Malcolm Douglass will introduce the players and coaches and the Pampa High School stage band, under direction of Fred Stockdale, will present dinner music and special entertainment for the banquet.

Rev. Carson Snow, pastor of the Pampa Nazarene Church, will deliver the invocation to officially open the banquet.

Tickets for the affair, with

the meal served by the Pampa Shriners, will be available at the door for \$2.50 per person and formal dress is optional.

Donaldson announced late this morning that ticket sales were moving rapidly and the advanced sales indicated a packed house was in the making for the banquet proper.

**LOU WELLER HAULS HIS MILK CHEAP**

"By the end of 1963 I had driven a million miles in the six Dodge trucks I've owned. The Dodge I own now is a 1963 D500 with a Slant Six 225 Premium engine, 4-speed transmission, 2-speed axle, and power brakes. I bought it for the same reason I bought the other five Dodges—it gives me a lot of cheap miles. My business is picking up bulk milk and trucking it into St. Louis. The D500 carries a 14,000-pound load at 50 miles an hour on the road and gives me an over-all 11 miles to a gallon of gasoline. So far, it's gone over 45,000 miles and hasn't given me a bit of trouble!"

**Louis Weller, Jerseyville, Illinois.** We say Dodge trucks are priced lower than most of the competition, right in line with the rest. Here's proof! The base price of a Dodge D500 chassis-cab unit with a 133-inch wheelbase is \$2628.00. This is \$35 and \$80 less than similarly-equipped Ford and Chevrolet models, respectively, and up to \$247 less than some other makes.\* Plus that, your dependable Dodge truck dealer has some other big things in your favor. One is a liberal new finance plan that could make it still easier to put a Dodge Job-Rated truck to work for you. He isn't far away, so see him soon.

\*Based on Manufacturers' Suggested Retail as of February 1, 1964, not including provisions for federal excise taxes or state and local taxes, and destination charges. All prices and specifications are subject to change without notice.
