The Pampa News is dedicated to furnishing ir?ormation to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

hours would result in jobs for more workers. This is very doubtful. About 15 million wage and salary workers who now have only one job are working overtime. Others are moonlighting, that is, working at a second job.

The most important effect of shorter working hours might very well be more overtime for present employed workers rather than new jobs for unem-
