RECEIVE RIGHTS BOOKLET — Students at Pampa High were presented with first copies of a booklet illustrating the U.S. Bill of Rights Monday by the Veterans of Foreign Wars and its auxiliary post members. Shown accepting the colorful booklets are Debbie Rogers, far left, Mrs. Sheila Chisholm, history teacher, Vernon Stuckey, quartermaster of the VFW, making the presentations, Paul Payne, principal, and Ronald Gordon, Miss Rogers and Gordon are students in the PJHS history class.

VFW Presents Books On Bill of Rights

Representatives of the Pampa Veterans of Foreign Wars and its Ladies Auxiliary presented 2,000 colored illustrated booklets to Pampa public schools describing the Bill of Rights and its meaning in American history.

Quartermaster Vernon Stuckey of Post 1657 made the presentations to the schools in central and eastern Pampa.

Discussion Set On Services Outside City

Early discussion of Pampa's tax problems and rates for city services to customers outside the city limits is scheduled here by the City Commission.

City Commissioner L. P. Fort said at today's commission meeting that the matter be placed on the agenda in the immediate future.

Fort told the commission that the matter of charges for city services to outside customers needs to be resolved before the city asks voters to approve a bond issue for a sewage treatment plant.

"We are facing an approximate \$850,000 bond issue in the near future," Fort said. "and we need to take steps to look after the interests of city taxpayers."

The commissioner said he had investigated and learned that many cities in the same population category with Pampa were charging customers outside the city limits enough for city services to make it equivalent to city taxes.

City Commissioner Jim Nation and Mayor H. R. Thompson suggested that the matter be further studied before any decisions could be reached.

In other business today the commission gave final passage to an ordinance annexing Block 1 of the Overton Heights Addition No. 2 and approved automatic salary changes for city employees since Jan. 31, 1964.

R. M. Samples, James Dailey and George Scott were reappointed as members of the city board of tax equalization to serve for one year.

Two bids from Malcolm Hinkle of Pampa and Riviera Homes & Pools of Amarillo for a heater in the municipal swimming pool were opened. The award is scheduled to be made at next week's meeting.

Policeman Injured in Cleveland Race Fight

Soviets Gain New Support in Red China Fight

Russians Denounce Peking Blast As 'Slander on People' of Nation

MOSCOW (UPI) — The Soviet Union today rallied more support for its ideological fight with Communist China and published new denunciations of Peking for "slander on the Soviet people."

The Communist party newspaper Pravda printed pledges of support from the Communist parties of Bulgaria, Poland, Czechoslovakia, West Germany, and from leaders of the Soviet party for the policies of Premier Nikita S. Khrushchev.

The Soviet press was keeping up the attacks on Peking at home while Khrushchev, touring Hungary, made anti-Chinese speeches abroad.

Pravda, following up a personal attack on Mao Tse-tung in Monday's Izvestia, said a meeting of the Uzbekistan Republic Central Committee denounced the "anti-Leninist platform and splitting activities of the Communist party of China."

One speaker, K. Murtazayev, said the Chinese Communists "are afraid that cooperation with the U.S.S.R. might bring to China the fresh cleansing wind of the ideas of the 20th and 22nd party congresses."

It was at these congresses that Khrushchev started and carried through his denunciation of Stalin. One of the charges Moscow brings against Peking is that it is a Stalinist regime.

Izvestia Monday made a rare personal attack on the leader of a foreign Communist party when it accused Mao of promoting a personality cult, the same charges made against Stalin.

The government newspaper said this of the Chinese: "They blow the fanfares for the whole world to hear about the major successes they have allegedly achieved without the aid of the socialist countries, about the grandeur and genius of the present day leadership of the Communist party of China and in particular Mao Tse-tung."

Transformed Into Idol — "He has been transformed into an idol, to bow before whom is in China the highest sign of devotion to communism."

'Never Give Up,' Says Ruby Lawyer

AUSTIN (UPI) — Dr. Hubert Winston Smith said Monday he will "never give up" the Jack Ruby case but will try to reach "an amicable arrangement" with the University of Texas, his employer.

Smith was granted an indefinite leave of absence by the Texas University board of regents last Friday so he could defend Ruby. He is the third chief defense lawyer since Ruby was convicted March 14 of the murder of accused presidential assassin Lee Harvey Oswald. Ruby was condemned to death in the electric chair.

"I'll never give up the Ruby case," Smith said. "I promised him that I will defend him and I will. But I hope to reach an amicable arrangement at the University."

Trouble Starts at Construction Site

By UNITED PRESS INTERNATIONAL
Racial violence in Cleveland, Ohio, at a school construction site in a Negro area has resulted in injury to two policemen and the arrest of 21 civil rights demonstrators.

The trouble broke out Monday during picketing at the school site on the city's East Side. Civil rights groups, contending new schools in the area will result in re-segregation, staged picketing demonstrations shortly after ground-breaking ceremonies.

One of the civil rights workers was identified as Mrs. Beth Robinson, 35, an expectant mother. She was taken to a hospital on a stretcher after she and others jumped into a four-foot deep ditch when a truck sought to enter the school site.

Mrs. Robinson and four others were lifted out of the ditch by police. The others were half dragged and carried to a police wagon.

The two policemen were injured when they helped remove eight demonstrators who tried to interfere with trucks coming and going to the construction site. They suffered a skinned knee, scratched cheek and injured arm.

Elsewhere: Albany, Ga.: Five Negro children registered to attend the first and second grades next fall in previously all white schools.

New Orleans: Anthony Celebrezze, secretary of Health, Education and Welfare, said Monday that an end to racial discrimination could solve many problems of the nation.

He spoke before the Louisiana AFL-CIO state convention. Washington: Sen. Frank Lausche of Ohio told the Senate Monday that civil rights supporters are reported to be forming "rifle clubs" to protect demonstrators in Cleveland and that such reports are "harming the cause of the Negro."

Memphis: Negro Athletics had the go-ahead Monday to try out for teams from the president of Memphis State University.

Detroit: A 10-point statement supporting the administration's civil rights bill was distributed Monday in Michigan Roman Catholic churches on orders of the Most Rev. John F. Darden, archbishop of Detroit. At the same time, about 400 men who identified themselves as Catholic laymen, distributed literature denouncing the bill as leading to the establishment of a "totalitarian police state."

Near-Record Vote Due in Wisconsin

MILWAUKEE, Wis. (UPI) — A near-record one million voters were expected to vote today in the nation's second presidential primary of the year with civil rights the central issue.

The key contestants were Wisconsin Gov. John Reynolds and Alabama Gov. George Wallace, a Southern segregationist whose entry into the Democratic race transformed a lackluster primary into what now is considered a significant referendum on civil rights.

Today's turnout was expected to approach the 1960 primary record, when the late President John F. Kennedy started on the road to the White House with a victory over Sen. Hubert Humphrey, D-Minn.

The weather forecast was for cloudy skies with occasional snow or flurries in the northwest and temperatures in the upper 30s and low 40s.

Differ on Percentage — Reynolds and Wallace differ in their opinions on what percentage of the vote the Alabama governor needs to claim a victory for the Southern voice against the civil rights bill.

Reynolds freely predicts Wallace could get 100,000 votes. He breaks the figure into 35,000 votes from the "fanatical right wing" with the rest coming from persons opposed to the bill and those personally opposed to him.

Wallace has said he would claim a triumph with as few as 25,000 votes. The Wallace-Reynolds battle (See WISCONSIN, Page 3)

Demonstrators Protest Strike Of Doctors

BRUSSELS (UPI) — Thousands of workers angrily demonstrated against the Belgian doctors' strike today while judicial authorities investigated the deaths of a baby and a school teacher which may have been linked to the week-old nationwide walk-out.

Labor leaders at an outdoor meeting of some 3,000 demonstrating workers in the town of Gilly pleaded with the striking doctors to resume house visits to ailing children and old age pensioners.

At a Socialist party meeting in Fontaine Leveque, Parliament member Emese Ginnee urged the government to draft all doctors who hold military reserve officer ranks.

The magistrate in the Flemish city of Turnhout today announced an order for the formal arrest of two doctors taken into custody and questioned Monday about the death of an 18-month-old boy. His parents called for medical aid last Saturday but it took more than nine hours to get a physician because their family doctor was on strike.

The mayor of Bray in south Belgium today ordered a judicial investigation into the death of teacher Raymond Donnez, 42, whose widow claimed she tried vainly for an hour to contact a doctor.

Despite rising protests, the doctors gave no sign of abandoning their strike.

Tornadoes Hit In Alabama

BIRMINGHAM, Ala. (UPI) — Tornadoes were reported to have struck at least two, possibly more, north Alabama communities today in quick succession.

The Highway Patrol said it had no reports of injuries. A tornado was reported to have hit the Longview community north of Cullman. There were unconfirmed reports of one at Crossville, north of Gadsden, and either a tornado or damaging winds at Arab.

Cuban Envoy Leaves Brazil

RIO DE JANEIRO (UPI) — The abrupt departure of Cuban Ambassador Raul Roa Jr., son of Fidel Castro's foreign minister, caused speculation today that an early break in relations between the Castro regime and Brazil's new anti-Communist government may be planned.

Cuban refugee spokesman Modesto Vazquez said in Mexico City Monday night the Castro regime poured \$10 million into Brazil on Roa's recommendation to try to buy military support for a Communist uprising planned for August.

A Cuban Embassy spokesman announced young Roa's departure.

LBj Reported In Golf Game

WASHINGTON (UPI) — The secret is out. President Johnson slipped away from the White House Sunday and went to the exclusive Burning Tree Club just outside Washington for a bit of golf.

It was a bright spring day and the President accepted the invitation of some friends to join them at the club. Burning Tree used to be former President Dwight D. Eisenhower's favorite golfing haven in this area.

Hardly anyone knew that the President had gone, but word inevitably leaked out after he was seen on the course.

Body Is Moved

MacArthur's body was moved a few blocks from a funeral chapel to the army at 4 a.m. EST. The flag-draped casket was transported in an eight-wheeled motorcade through nearly deserted Manhattan streets during a driving rainstorm. It was

MacArthur's Body in Public Repose

acpanied by eight military pallbearers, two color guards and 20 honor guards from the five armed services.

The body of the general, who died Sunday in Walter Reed Army Medical Center at the age of 84, is clad in a plain tropical worsted uniform, devoid of the many medals—including the Medal of Honor—which he won during a 61-year career as a soldier. Only the five stars of a general of the Army were pinned on his jacket.

The steel-gray GI-issue casket in which MacArthur lies was open at the top with an American flag draped across the lower portion.

At the funeral chapel where the body lay Monday for private viewing by the late general's family and a small circle of personal friends, a five-man honor guard, one from each of the services, stood at parade rest near the casket — three at the head, two at the foot.

Visit Chapel — MacArthur's widow, Jean, accompanied by eight military pallbearers, two color guards and 20 honor guards from the five armed services.

Foreign Commentary

By PHIL NEWSOM
UPI Foreign News Analyst
VIENNA, Austria — In its new mood of relaxation, Communist Hungary makes much of freedom of religion.
The official public line is that how a man worships is a matter of his own conscience.
It is pointed out that Easter Sunday and Monday continue to be legal national holidays and that Hungarian bishops attended the Ecumenical Congress in Rome.
As the regime of party leader and Prime Minister Janos Kadar has worked to present a new image to the Hungarian people and the West, the church then has repeated some subsidiary benefit. But it does not mean that the government has abandoned communism's atheistic code.

The teaching of atheism in the schools has cut into church attendance by young people and Cardinal Mindszenty in his exile apartment on the top floor of the United States Legation building remains the Iron Curtain's most celebrated religious prisoner.

Never Mention Name
The Hungarian people have not seen nor heard of the cardinal since his brief period of freedom during the 1956 revolt and in Budapest he is a forgotten man, his name never mentioned by press or radio.

"It is probable," said an American in Budapest, "that 85 per cent of the Hungarian people could not tell you where he is or what became of him."
Questions to the U.S. legation about the chances of the cardinal's release are met by a terse "no comment" though it is known that negotiations have been going on for months.

Among a few hardy peasants and a few merchants there still exists opposition to the state cooperatives and the state stores, but it also must be said that the Kadar regime has achieved a success scarcely to be imagined in the dark days of 1956 when he invited Russian tanks in to crush the revolt.

Then he easily could qualify as the most hated man in Hungary.

That place now has been taken over by the disgraced former dictator Matyas Rakosi. He was not even a Hungarian and besides he lives in Russia and has a Russian wife.

Kadar Is Popular
And of Kadar, said one Hungarian. "I am not a Communist but Kadar is one of the most popular men in Budapest... and, referring to centuries of Turkish, Austro-Hungarian empire and Soviet rule." He is the first Hungarian to govern Hungary in 500 years. He understands Hungarians.

Austria, virtually surrounded by Iron Curtain satellites, first began to feel the thaw about a year ago.

Then the gates were opened to Czech and Hungarian border cities for Austrians to visit relatives.

Today, though barbed wire and machineguns still guard the borders, the bars to Western visitors practically are down. This correspondent received his Hungarian visa within 24 hours of application.
And the Czechs and Hungarians are not the only Communist nations bidding for the hard cash of Western tourists. Yugoslavia already has a successful tourist industry. Romania and Bulgaria also are competing. Either will set up for Western visitors a two-week tour including board and room and roundtrip airplane fare from Vienna for a little over \$80.

CLARA DODGE DIES

LOUISVILLE, Ky. (UPI) — Mrs. Clara Dodge, 43, one of the former wives of the late millionaire auto scion Horace Dodge, died at Veterans Hospital here Saturday after a long illness.

Mrs. Dodge met her late husband while she was serving as an Army nurse in World War II.

Oil Producers Seek Help in Price Increase

OKLAHOMA CITY (UPI)—Independent oil producers from Oklahoma, Kansas and Texas asked for congressional help today in their campaign to boost crude prices.

The producers, meeting in Oklahoma City, passed a resolution Monday asking Congress to direct enforcement of oil import limitations, according to provisions of the depressed amendment to the trade act.

They also sought an investigation by the Secretary of Interior into the nation's oil import policy.

The oilmen represented the Kansas Independent Oil Producers, the Oklahoma Independent Petroleum Association and the Texas Independent Producers & Royalty Owner's Association.

RELEASES PRISONERS
CAIRO (UPI)—United Arab Republic Prime Minister Aly Sabry announced Monday that all political prisoners in the country have been released.

He also said in a policy speech to congress that the Aswan Highdam will be completed in 1967, instead of 1968, the scheduled target date.

How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not stain. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

AH, SO, DISNEYLAND—True to its tradition of creating excellent imitations, Japan has almost out-Disneyed Disneyland. Only the Japanese call it "Yomiuriland." An addition to the amusement park is a three-car monorail train. Here, the train passes the observation tower (background) behind the giant ski jump and artificial ski run.

Wisconsin

(Continued From Page 1) has drawn the attention of party leaders all the way up to President Johnson, who along with Atty. Gen. Robert F. Kennedy threw his support to Reynolds.

Rocky Comments
(New York Gov. Nelson A. Rockefeller said in Detroit Monday night that the "radical right" can claim a victory in Wisconsin if Wallace polls more than 10 per cent of the vote.

Such a result, Rockefeller said, "will show the radical right is not only in the Republican party. It would mean it is also in the Democratic party and that's something we've got to watch out for."

The 6th Congressional District and Milwaukee's South Side are regarded as the key voting areas.

SEEKS ROUTE OK

GLASGOW, Scotland (UPI)—Scottish-owned Caledonian Airways said Monday night it hopes to become the first British private enterprise airline to operate cut-rate scheduled flights between Scotland and New York.

The company said it has asked the Air Transport Licensing Board for permission to fly two round trips weekly between Prestwick and New York.

FLEES TO WEST

BERLIN (UPI)—An East German soldier reached West Berlin under cover of darkness early Monday.

The 24-year-old soldier crept through Communist barricades in full uniform and carrying his submachine gun, West Berlin police said.

Wall Street In Review

NEW YORK (UPI)—Aaron B. Feigen of Bergmann Cummings & Co. believes the present market correction should, be relatively short-lived and shallow.

However, he says, there is the possibility that subsequent market action may be a sideways consolidation which could last several weeks, rather than a resumption of the uptrend which has held sway for the past few months.

Graham Loving Jr. of Equity Research Associates feels that if investors need additional incentive, they will find it in "the realities of the inflationary spiral which is now in its early stages." Loving feels the case for buying common stocks remains strong despite what many consider their high prices.

Edward F. Underwood of Mitchum, Jones & Templeton says he expects an acceleration of the upswing in the immediate future which should carry the Dow-Jones industrial average to the 840-850 level.

NEW YORK (UPI)—Harris, Upham, & Co. advises investors to be alert for opportunities in lower priced, more speculative stocks which have been generally neglected for the past several years. "Bull markets seldom end until the lower priced shares have had their day in the sun."

James Dines & Co. says that the broad bulk of stocks still looks strong but some issues which have displayed weakness recently should be avoided. It advises the downgrading of portfolios and the concentration on "cyclical" and heavy industry issues. The best looking groups, it says, are metals, mining, machinery and savings and loan.

The Alexander Hamilton Institute says that firming of interest rates and anticipation of an increase in the discount rate are reflected in declining prices for long-term bonds and preferred stocks. It concludes that this is a period of market consolidation and adjustment in which the holding on of good quality stocks is "fully justified."

CUTS OFF GOODS
WASHINGTON (UPI)—A British company has been forbidden to buy any more American goods until it stops selling U.S.-built tractors to Communist Cuba.

The Commerce Department's Bureau of International Commerce said Monday it has suspended temporarily the export privileges of Peak Products Co. and one of its directors, L. Canner of London.

The bureau said it had evidence that Canner and Peak products have been buying tractors from the United States and re-exporting them to Cuba in violation of the U.S. Export Control Act.

Victim of Accident Near Miami Dies

A 62-year-old Panhandle man, who was injured in a one-vehicle automobile accident Thursday near Miami, became the first traffic death in two years in Roberts County when he died from the injuries about 4 p.m. Monday.

Merle Lewellen died at a Pampa hospital where he had been listed in critical condition since the accident some 5.4 miles northwest of Miami in Roberts County Thursday night. He was riding in a pick-up truck which went out of control and overturned twice, Highway Patrolman Vernon Cawthon reported.

Lewellen's death brought the number of traffic victims in this area to five for the year.

The body was taken to Panhandle for funeral services. Lewellen was an employee of the Santa Fe railroad in Panhandle.

Warren Terrell Dies in Arkansas

HOT SPRINGS, Ark. (Spl)—Warren W. Terrell, a former Pampa resident, died Monday in a Hot Springs hospital after a short illness.

He is survived by his wife of Hot Springs, a son, Wayne of Los Angeles, three sisters, two of them from Pampa, Mrs. Dorothy McConnell and Mrs. Marie Jones, and a brother, James D. Terrell, also of Pampa.

Funeral services are pending in Hot Springs.

POLICE SEEK THIEVES

MIDDLETOWN, Conn. (UPI)—Thieves made off with \$100 from the coat check cash box at a weekend dance here. One reason the culprit is being sought so urgently is that the dance was the annual Policeman's Ball.

Fire, Safety Unit To Plan Clean-up

A 10 a.m. meeting of the Pampa fire and safety committee of the Chamber of Commerce will be held at the chamber office Wednesday under direction of James Gallemore, chairman.

The meeting will be with top city officials to discuss plans for the annual spring paint-out, fix-up and clean-up campaign throughout the community.

Assassination Still Mystery in India

NEW DELHI, India (UPI)—Authorities were mystified today by the assassination of Prime Minister Jawahar Lal Nehru's son, the popular prime minister of the remote Himalayan kingdom of Bhutan. More than 18 hours after the prince's murder Sunday night, there still was no trace of the assassin. Officials could cite no specific reason for the killing. Droji, 45, was hit by a bullet fired through a window of a government house at Phuntsholing, an isolated Bhutan town on the foothills bordering India. He died two hours later before medical experts could reach him. The premier, whose brother-in-law is the king of Bhutan, was a popular premier with no known rivals wanting to replace him.

RED CHINA

TOKYO (UPI)—Lao's "neutralist" Premier Souvanna Phouma arrived in Red China Saturday to seek help in pacifying his coalition-ruled kingdom. The Peking Radio said Souvanna was greeted by an official party headed by Premier Zhou En-lai and "several thousand Peking residents" when he flew in from Communist North Viet Nam.

REALLY LIT—Brightest skyscraper in New York and brighter than Broadway is the General Electric building's boast in Manhattan. The top of the building is lighted to 45 foot-candles and the whole top half of the building is illuminated to 20 foot-candles. Broadway, New York's brightest street, can claim only 5 foot-candles.

Dear Abby....

Globe Trotter Should Come Home Before You File

By ARIGAIL VAN BUREN

DEAR ABBY: My husband announced last November that he needed a rest, so he went to New York to visit his sister. After being gone two months, he sent me a post card from Paris saying he got the "urge" to go abroad. I have been getting his post cards from all over Europe with no word of how to contact him. What if I, or one of the children, should become seriously ill, or die? Our children are away at boarding school, thank heavens, so they are spared the humiliation. I feel like a fool when people ask me where my husband is. He obviously cares nothing for me or he never could have done such a thing. I am well provided for, but money isn't everything. We've been married 19 years and I am seriously considering asking my lawyer to file for a divorce. What would you do in my place?

HEARTBROKEN DEAR HEARTBROKEN: I'd get in touch with my lawyer immediately and attempt to locate my globe-trotting husband. He could be sick — or just sick of you. In any case, it's time he got home. Do nothing about a divorce at this distance.

DEAR ABBY: I believe that my mother-in-law is one in a million. Judging from most of your letters about mothers-in-law, I am lucky. We get along wonderful and even think and do things alike. When I wanted to dry out a cowhide, she helped me take it up and nail it to my garage roof, salt it down and trim it off. Now I ask you, how many mothers-in-law would go through that for a daughter-in-law? Sincerely,

MRS. C. G. NORTH FORT MYERS, FLORIDA DEAR MRS. C. G.: Not very dangd many!

DEAR ABBY: I am 15 and my problem is my parents. I met a very nice boy who is 17. He is a sharp kid and a real neat dresser. My parents met him and decided they didn't like him because his pants were too tight. Now they won't let me go out with him for that reason. He keeps calling and asking to see me, and I keep making up excuses. I can't tell him my parents are square, can I?

HIGHLAND PARK DEAR HIGHLAND: Tell the boy that your parents want you to see more of more boys and less of just one. Tight pants won't be the vogue forever.

CONFIDENTIAL TO "LOVED AND LOST": The phrase, "It's better to have loved and lost than never to have loved at all" is not always true. Many would have chosen never to have loved at all if only they could get back what they lost.

Get it off your chest. For a personal, unpublished reply,

write to ABBY, Box 3365, Beverly Hills, Calif. Enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS."

The Mature Parent

Relax Mother, He's No Tyrant... He's Hopeless!

By MRS. MURIEL LAWRENCE

Dear Mrs. Lawrence: My boy, 7, is a tyrant. He makes me get up at 5:30 because he is afraid of being late for school. At night he stretches bedtime, wants me to lie down with him, read to him or do something else that will postpone sleep. If he misplaces a toy, I have to run to help him find it or there are tears. He is so unhappy and different from his outgoing little sister that I feel it must be my fault.

ANSWER: He wants desperately to please you. And does not know how to do it.

He gets you up early to avoid any possibility of school tardiness that might displease you. He insists that you rush to help him find a lost toy because he knows that responsibility toward toys pleases you. He can't fall peacefully to sleep because sleep ends the day's struggle to produce some behavior that will please you. He is not a tyrant. He is a hopeless child.

As he doesn't know how to please you, you'd better start showing him. You'd better stop running resentfully to help him find lost toys. Instead, stand still, turn around and say, "Stop pushing me. I don't like to be pushed to

Missionary Groups of First Christian Meet

The Missionary Groups of the First Christian Church recently conducted March meetings of the organization. The Meers Group met in the home of Mrs. Lloyd Kountz. Hostesses were Mrs. Rolla Sailor and Mrs. Oscar Shearer. Mrs. L. L. Allam gave the devotional. The program, "Caught in a Web," was led by Mrs. Frank Skidmore. She was assisted by Mrs. Frank Hogsett, Mrs. W. G. Kinzer, Mrs. Cecil Deist and Mrs. George Ingram. A short business meeting followed the program. Nine members attend-

ed. Mrs. Aaron Sturgeon was hostess for the Ross Group. Mrs. Don Patchin gave the program. She was assisted in the presentation of the play-lette, "Caught in a Web" by Mrs. Murray Castleberry, Mrs. Carl Barber, Mrs. Paul Reimer and Mrs. Walter Bailey. Mrs. Castleberry, president, presided during the business meeting.

There were 11 members and one guest present. The Hobgood and Musgrave Groups had a joint meeting at the church. Mrs. R. E. Dauer and Mrs. John Zuerker were hostesses. Mrs. Vernon Hall gave the devotional. The lesson was given by five members of the Meers Group, Mmes. Frank Skidmore, Frank Hogsett, W. G. Kinzer, Cecil Deist and George Ingram. Each Group held a business meeting following the program. Thirty-one members attended.

The Hill Group had an all-day meeting at the church. They began the day by cleaning the kitchen. A luncheon was served and the afternoon was devoted to a program and business session. The hostess for the meeting was Mrs. Homer Lindsey. Mrs. Homer Kessinger was program leader and was assisted by Mmes. Lloyd Wells, Home Lindsey, Ralph Paxon and George Benham in the lesson, "Caught in a Web." Eleven members were present.

The Sharp Group met in the Youth Building with Mrs. Jim Cunningham as hostess. The devotional and program, "Know Yourself" was given by Mrs. Cunningham. A short business meeting followed the program. Seven members were present.

The B. and P. W. Group met in the home of Mrs. Lyda Gilchrist. The program, "Metropolitan Area," was presented by Mrs. Teresa Humphries. The devotional and prayer were given by Mrs. W. G. Chapman. Nineteen members attended.

Mrs. Don Meador was hostess for the Rambo Group. The devotional was given by Mrs. James Washington. Mrs. Jim Goff, study chairman, was in charge of the program, a playlette, "Caught in a Web." Mmes. Gene Masey, George Crossman, Don Meador, James Washington and Clyde Carruth participated in the program. Mrs. Morris Enloe, president, presided at the business meeting.

There were 12 members present.

The Top O' Texas 4-H Club met recently with Jim Reeves, vice president, in charge of business procedure and Phyllis Atwood as secretary. Cynthia Hogsett led the 4-H Pledge followed by reports of chairmen. Alan Tidwell gave the Riding Club report and Bill Skaggs reported on the livestock. Rifle Club reports were given by Cara Tidwell.

Members of the Favorite Food project, Cynthia Hogsett, Judy Cox, Mignon Nickel, Willa Friend, Phyllis Atwood, Winona Chisum and Teddy Atwood, exhibited tables with favorite foods.

Cynthia Hogsett and Bill Skaggs led the recreation.

Members attending the meeting were Danny Hogsett, Cynthia Hogsett, Jim Reeves, Ted Reeves, Bill Skaggs, Kathy Taylor, Lynn Taylor, Willa Friend, Phyllis Atwood, Teddy Atwood, Winona Chisum, Suzan Hunt, Cathy Wilkie, Alan Tidwell, Cara Tidwell, Marilyn Sailor, Honey Jo Rond, Mignon Nickel, Greg Snell, Brad Snell, Jan Snell, Nicki Hunt, Gordon Taylor, Dennis Taylor, Jerry La mbright, Mike Trimble, Barry Trimble, J. T. Rogers and Lisa Friend.

The Mature Parent

Relax Mother, He's No Tyrant... He's Hopeless!

By MRS. MURIEL LAWRENCE

help you look for things. I want to be happy when I help you look for them." As it has before, his hopelessness will then explode itself in tears and screams. It is then the time to go to him, take him in your arms and say, "Darling, you want to please me more than anything else in all the world. You don't know how to do it. So I am going to start to show you how. Leave it to me. It will be all right."

I don't know whether you can do this out of your heart. My feeling is that you are so absorbed in shame over your sense of failure with this child that his sense of failure can't exist for you. I hope that my feeling is wrong. For it is at such moments of childish despair — such helpless outbursts of tears as you describe that children say, "I am alone with my despair of pleasing you. I don't know how to do it — and nobody will show me how."

Such moments, such tears and breakdowns into hopelessness are our priceless opportunities to see the pain resulting from so many mistaken efforts to please us and to reach out to it and say, "I know about this. Now I will show you how to please me."

Spaghetti Dishes Need Touch-Ups

Modern super markets offer literally hundreds of convenience foods that make this kind of meal-making possible. The trick is to vary these prepared foods with extra ingredients or dress them up with your own individual touches of seasoning.

These little extra touches make your packaged spaghetti dinner deliciously different. Dressing up a convenience food like this takes it out of the ordinary and often makes more servings. Serve your modern spaghetti dinner with a tossed green salad and tall glasses of milk for a thrifty, taste-pleasing family meal.

Modern Spaghetti Dinner Tossed Salad
Milk
Modern Spaghetti Dinner 4-5 servings
Skillet, 10-inch
1 package (8 oz.) spaghetti dinner with sauce mix

Dual Program Heard by City Council of Women's Clubs

The Pampa Council of Women's Clubs met Thursday morning in City Club Room for a dual program. Ed Myatt, representing the Pampa Industrial Foundation outlined the projects and purpose of the foundation for the group. He told members that the Industrial Foundation, "... is needed in order that we may go forward with plans to make Pampa a greater city". This industrial foundation is a thing we have to do and we, as citizens, in a growing community, should take pleasure in doing the job well". He explained the construction of the Form-O-Uth Plant at the east end of Foster Street Pan-Text Corp. is in charge of the construction. The building will include some 18,000 square feet and will be fully air-conditioned and will be designed to make working facilities a model of contemporary comfort. The firm is expected to employ some 300 persons by 1965.

E. O. Wedgeworth explained the training operations and said that when they are moved to the new building, operations would be accelerated. He expressed hope that increase employment would be needed each month.

A film on cancer made up the second phase of the program. Dr. Royce Laycock was in charge of the question and answer portion and Mrs. Jack Foster distributed material naming danger signs and symptoms of cancer. She told club members that the house-to-house drive would be conducted April 20. She urged members to volunteer for the drive which will be held from 6 p.m. - 9 p.m.

A nominating committee to elect new officers was appointed. They were: president of Altrusa; president of A. B. W. A.; president of B and P. W.; president of A.A.U.W. and president of the American Legion Auxiliary.

Twenty-seven council delegates attended the meeting.

Store blankets in seldom used luggage if short on storage space.

Gas Merger Outlawed by US Supreme Court

WASHINGTON (UPI)—The Supreme Court today struck down as an antitrust violation Monday the merger of El Paso Natural Gas Co. and Pacific Northwest Pipeline Co.

Justice William O. Douglas wrote today's opinion, which was read for him in his absence by Justice Tom C. Clark.

The Justice Department had challenged the acquisition of Pacific by El Paso under the Clayton Act, which bars acquisitions "where in any line of commerce in any section of the country, the effect of such acquisition may be substantially to lessen competition, or to tend to create a monopoly."

Douglas said "if El Paso can absorb Pacific Northwest without violating Section 7 of the Clayton Act, that section has no meaning in the natural gas field."

"For normally there is no competition—once the lines are built and the long-term contracts negotiated—except as respects the incremental needs," he said.

He ordered the federal district court in Salt Lake City to "order divestiture without delay."

The opinion noted that the companies "have been on notice of the antitrust charge from almost the beginning—included before El Paso sought (Federal power) commission approval of the merger."

Federal Dist. Judge Willis W. Ritter had thrown out the government's suit on Nov. 20, 1962. Ritter found no evidence that El Paso had any anti-competitive purpose in acquiring Pacific Northwest.

The merger took effect on Dec. 31, 1959.

Nuclear Ship Gets Beauty Treatment

GALVESTON, Tex. (UPI)—The nuclear ship Savannah was to begin getting a beauty treatment this week in preparation for her trip to Europe.

The Savannah was to be put in drydock to have barnacles removed. The barnacles accumulated during a year's idleness, brought about when labor troubles reduced her crew.

A new crew was trained. They have been giving the ship shakedown cruises in the Gulf of Mexico. The Savannah will leave for Houston May 5, and sail for Europe June 8.

New Violence Breaks Out in Cyprus Villages

NICOSIA, Cyprus (UPI)—New violence was reported in several Cypriot villages today in an atmosphere of tension caused by growing friction between the Cyprus government and Turkey.

Turkish warships were reported moving to a base near Cyprus for possible support of Turkish troops which Cypriot President Makarios wants off the island.

The naval maneuver followed Turkey's rejection Sunday night of Makarios' unilateral cancellation of the 1960 treaty of alliance between Cyprus and Turkey, Greece and Britain.

Two Greek Cypriots were reported killed this morning in separate incidents in northwestern Cyprus and in Nicosia's truce zone.

A government spokesman said a Greek Cypriot was killed in fighting at Pakhyamos, just west of the weekend trouble spot of Kokkina. The spokesman said Turkish Cypriots were trying to isolate Pakhyamos and "exterminate its Greek inhabitants."

A U.N. spokesman said an armed Greek Cypriot policeman was killed in Nicosia when he approached a Turkish Cypriot barrier. His bullet-riddled body was found in a car in an area facing the Turkish post.

The United Nations received reports that Greek Cypriots were surrounding the Turkish Cypriot mountain village of Alevga in northwestern Cyprus.

—Daily News Staff Photo

PLANNING CAMPAIGN

These six Pampa women will be serving as co-chairmen for the 1964 Cancer Crusade, which is getting ready for its house-to-house drive April 20. They are, from left sitting, Mrs. G. J. Meador Jr., Mrs. H. W. Paul and Mrs. Gene P. Barber. Standing, from left, are Mrs. R. A. Mack, Mrs. L. C. Isom and Mrs. W. L. Rowntree.

Burton and Liz Stay in Gotham

NEW YORK (UPI)—Richard Burton and Elizabeth Taylor will call New York home for the duration of the Broadway run of "Hamlet" in which the Welsh actor has the lead role.

The newlywed actor and actress arrived by train from Boston Sunday night and took up residency at the posh Regency Hotel in Park Avenue.

The modernized version of Hamlet in which Burton stars opens Thursday. It had pre-Broadway runs in Toronto and Boston.

Cancer Campaign Set for April 20

The house-to-house campaign for the April Cancer Crusade will be held Monday, April 20, according to Mrs. Maynard Johnson, general chairman of the campaign. The announcement came at a workers' training meeting last week in the home of Mrs. Kermit Lawson, district Crusade trainer.

"The backbone of the April Crusade is the house-to-house canvass," reported Don Lane, county Crusade chairman, in his brief remarks to the group.

"One of the most important phases of the independent Crusade is in the education of the public on the Seven Danger Signals of Cancer. Of every six persons who get cancer today, two will be saved and four will die. Numbers 1 and 2 will be saved. Number 3 will die but might have been saved had proper treatment been received in time. Numbers 4, 5 and 6 will die of cancers which can not yet be controlled. Tell your workers that they are working for Number 3 to get him to his doctor in time, and for Numbers 4, 5 and 6 from the funds collected to carry on the expensive research need to learn how to control cancer," Lane further stated.

Following a discussion of the organizational plans by Mrs. Johnson, a review of the material and proper method of making each house solicitation was made by Mrs. Lawson.

Those present at the meeting were: Mrs. Jim Terry, Mrs. Gene Barber, Mrs. M. B. Warden, Mrs. Joe L. Wells, Mrs. H. B. Taylor, Mrs. H. W. Paul, Mrs. W. L. Rowntree, Mrs. E. B. Smith, Mrs. L. C. Isom, Mrs. S. J. Meador, Mrs. Maynard Johnson and Mrs. R. A. Mack.

WRITER'S WIDOW DIES

LAMPASAS, Tex. (UPI)—Mrs. Ruth Howell Walker, widow of writer Stanley Walker, died early Saturday in Rollins-Brook Hospital.

She suffered a stroke last Tuesday. Funeral services were pending at Briggs-Ganel Funeral Home.

Action Urged On Farm Bill

AUSTIN, Tex. (UPI)—The wheat-cotton bill before Congress is of great importance to Texas, said state agriculture commissioner John White Sunday, and should be acted on quickly.

"Wheat and cotton are two of the biggest crops in the state," he said, "and under normal conditions, will generate three to seven times as much business in the community and state as the amount of their farm value."

"This bill is also a step toward moving the crops into markets instead of piling them into warehouses," White said in a telegram to C. B. Ray, chairman of the National Cotton Producers legislative committee in Washington.

"Our growers need the assurance and stability which the wheat-cotton bill is designed to provide," said White.

JET CRASH KILLS FOUR — Rescue workers search for victims in the wreckage of a house in Machida City, Japan, which was demolished when a U.S. Navy FSU jet fighter crashed into it. Nine other houses in the Tokyo suburb were damaged. Pilot of the jet, Capt. R. I. Brown of Seattle, Wash., bailed out before the crash and is in good condition. Police said four persons were killed and 22 injured.

Seller's Illness May Slow Production

HOLLYWOOD (UPI) — English actor Peter Sellers was under treatment today for a "moderate" heart attack that could force him out of a major movie role here.

The 36-year-old actor suffered the attack at his home Monday. His wife, Swedish actress Britt Ekland, 21, accompanied him to Cedars of Lebanon Hospital and remained at his bedside.

"It's a moderate coronary attack," said Dr. Rexford Kennamer, a cardiologist who treated Sellers. "But indications are that he will be in the hospital for several weeks."

Sellers came to Hollywood for a costarring role with Kim Novak, Felicia Farr and Dean Martin in the movie "Kiss Me, Stupid."

The Mirisch Corp., producers of the film, shut down production on the film Monday after learning of the attack.

"We are awaiting further medical developments before deciding whether Sellers will be replaced in his role," the spokesman said.

Sellers' wife arrived in Hollywood from England recently to join him, leaving a starring role in the 20th Century Fox picture "Guns of Batasi" which was being filmed in London.

Sellers and Miss Ekland were married in a civil ceremony in Guildford, England, Feb. 19, four weeks after they met. Sellers left for Hollywood shortly afterwards.

Officers Study Gun In Arizona Slaying

DENVER (UPI) — Two Arizona officers were trying to find a link between a gun seized here and the rape-slaying of a Texas coed near Phoenix, Ariz., last year.

The gun, a .357-caliber Magnum revolver, is capable of firing a .38-caliber bullet, similar to the one that killed Miss Jane Langdon, 21, of Fort Worth.

Maricopa County sheriff's officers, Sgts. Dan Golding and Jack Nelson, refused to discuss the revolver but said the weapon was found during their investigation of Ervin Faye Stewart, 37, a Denver laborer.

Golding and Nelson have been in Denver investigating the slaying of Miss Langdon for more than a week.

The two said they planned to return Stewart to Phoenix on a warrant charging him with grand theft. Golding and Nelson said the warrant was obtained in Phoenix after Stewart allegedly admitted the theft of some jewelry from a relative living in the Arizona city.

Stewart has denied slaying Miss Langdon, daughter of Texas Court of Appeals Judge Jack Langdon, and has taken two lie detector tests in connection with the murder. Both were called "inconclusive."

Authorities said Stewart had admitted leaving Phoenix shortly after Miss Langdon's body was found in an abandoned mine shaft near Phoenix March 23, 1963.

SEA FOOD GUESTS

LONDON (UPI) — When a sea food restaurant opened in London Sunday, the management fished a bunch of names out of the telephone book and invited them to lunch. Among the guests were various Londoners named Haddock, Sole, Sturgeon, Halibut, Herring, Carp, Cod and Mullet.

"A little confusing," said Harold Young, chief catering executive for Lyon's Restaurant chain. "But only one person has tried to order his meal from the guest list."

TIPRO Demands Import Control Remain on Fuel

AUSTIN (UPI) — The Texas Independent Producers and Royalty Owners Association (TIPRO) said today removal of import controls on residual fuel oil would damage both domestic independent producers and countries that export fuel oil to the U.S.

TIPRO accused Standard Oil Co. of New Jersey of "selfish interests" in recommending that the controls be eliminated.

Thornton C. Huddle, chairman of the TIPRO imports committee, said in a letter to Jersey Standard executive vice president Myron A. Wright that the company's proposal was designed to "further Jersey Standard's competitive position."

Huddle said Jersey Standard suggested removal of the import controls as an "ideal concession" for the United States to make at the forthcoming Geneva tariff negotiations.

He suggested that Jersey Standard "reconsider whether Jersey's position is consistent with its reputation of rising above selfish interests during crucial times for our industry."

Quotes From The News

By United Press International

WASHINGTON — Rep. John E. Moss, D-Calif., chairman of a House Information subcommittee, discussing the reason for an investigation of the government's use of lie detectors on persons ranging from job applicants to suspected wrongdoers:

"Serious questions have been raised by responsible persons as to whether the polygraph is indeed an instrument which should be used for any purpose."

JACKSON, Miss. — Dist. Atty. William Walker, testing the racial feelings of prospective jurors at the retrial of Byron De La Beckwith, charged with killing Negro integrationist Medgar Evers:

"You understand that Medgar Evers' activities were repugnant and disagreeable... would you still give the state a fair trial?"

DETROIT — New York Gov. Nelson A. Rockefeller commenting on Alabama Gov. George Wallace's candidacy in the Wisconsin Democratic presidential primary:

"If the radical right captures control of either party, we'd be in very sad, sad shape."

BUDAPEST, Hungary — Soviet Premier Nikita S. Khrushchev speaking of the Sino-Soviet ideological dispute to a crowd in Hungary where he is touring:

"The Chinese say to us Russians: 'You are afraid of war.' I reply: 'Only a child or an idiot does not fear war.'"

"ART AND INSANITY"

MILAN, Italy (UPI) — About 500 drawings, paintings and sculpture works made by inmates of insane asylums in Italy, France, Belgium and Switzerland will go on show here April 15 in an exhibition on "Art and Insanity."

School Events

TUESDAY

Six weeks tests.

Tri High-Y club to Boys Ranch for day's visit.

Pampa Harvesters versus Lubbock Monterey at Lubbock, district game. Harvester golf match scheduled also.

Tri-Sci (Science club) field trip, site unlisted.

Former Residents Report on Quake

The Pampa News today received a letter from two former residents of Pampa, T-Sgt. and Mrs. Albert H. Pomrenke Jr., who were in Anchorage, Alaska, at the time of Good Friday earthquake.

Mrs. Pomrenke wrote to report that the couple were unharmed by the disaster and that they were now living at 1522 Atkinson St., Nunoka Valley in Anchorage. Sergeant Pomrenke formerly handled Air Force Reserve records in Pampa and his wife worked at Fleetwood's Restaurant.

Mentalist to Appear At Club Here Tonight

DeMille, the foremost mentalist in the field according to Ed Sullivan and other noted connoisseurs of entertainment talent will be the guest of the Knife & Fork club when it meets at 7:30 p.m. today at Robert E. Lee Jr. High School.

It was announced today by Jimmie Thompson, president of the club.

The nation's press has widely acclaimed the strange and unexplainable feats of DeMille. One of the nation's foremost papers, the Chicago Daily News, featured DeMille's remarkable achievement in an eight column front page headline after DeMille had forecast on a Monday what the headlines of the paper would read on the following Thursday.

He was exactly right, even predicting that a cab driver would save three children from a fire. Fate really struck a weird coincidence as this very same driver had his own children saved from a fire exactly one year before by another passing driver.

Equally weird predictions have been made about other events, which has led many in the entertainment field to name DeMille the "Most Mystifying Man in America."

Ed Sullivan, who ought to know talent when he sees it, said, "DeMille is the foremost mentalist in the field." Rise Stevens of the Metropolitan Opera said of DeMille, "He is fantastic." To this exclamatory praise was added that of Victor Borge, another discerning artist, who said, "DeMille is fabulous, extra-ordinary and good too!"

Communism Favored, Khrushchev Asserts

KAZINBARCIKA, Hungary (UPI) — Soviet Premier Nikita S. Khrushchev said today that for the first time in the history of mankind "the balance of forces" favors Communism rather than capitalism.

The touring Soviet leader also lashed out anew at Communism China and praised President Johnson and other U.S. leaders for displaying "common sense" appraising Russia's strength.

Khrushchev accused the Chinese Communists of courting war and said the war-like statements of the Peking leaders stem "not from an excess of brains" but from an absence of them.

While Khrushchev took his anti-Peking campaign on a grass roots tour, a Soviet official in Moscow charged that Red China is trying to "rally the black and yellow people against the white races."

Bobodzhan Gafurov, head of the Asia Institute in Moscow, said the Soviet Union would fight this Peking action, which he compared with Nazi racism.

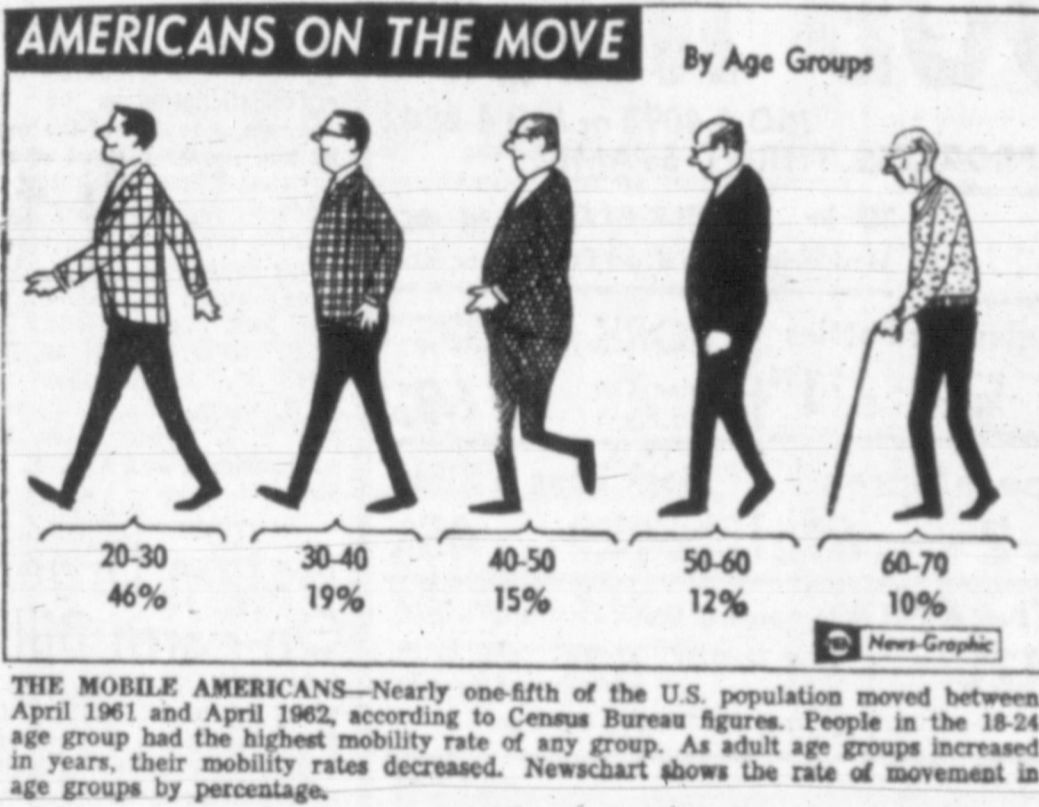

In his Kazinbarcikka speech, Khrushchev praised the policy of the late President Kennedy and said U.S. leaders are "not deprived of common sense."

He said the American leaders show "recognition of the fact that we exist, are developing, and have immense strength."

"The United States is boasting: With our atomic bomb, we can destroy Russia several times over. And then, in a lower voice, they agree: Russia can also annihilate us," Khrushchev said.

"Even this shows that they have some common sense."

The Soviet leader strongly defended his own policy of peaceful coexistence.

SPEECH CONTEST WINNERS — Presidents of Pampa's two Optimist clubs present trophies to the two youths named as first place honor-bearers in Monday night's annual Optimist Speech contest. Terry Scoggin accepts his trophy from Evening Club president Gib Gipson, on the left, while Doc Cornutt takes his prize from Morning Club president Curtis Griffin. The youths will compete in the zone contest in two weeks in Pampa.

Scoggin, Cornutt Take Top Honors at Optimist Contest

Pampa high school student Robert E. Lee Junior won top honors at annual Optimist Interclub contest prior to entering zone meeting in two weeks. Terry Scoggin and Doc Cornutt took the gold trophies for presentation of the subject: "Formula for Freedom." The youths will compete April 19 at Lovett Memorial Library at 3 p.m. against other area cities for the right to go to district competition in Dallas.

Judges for the contest were Mrs. Per Stubbe of Robert E. Lee Junior High, Dub Morgan and Joe Cree. Timer was Bill Jenkins. Awards were presented to the winners by Gib Gipson and Curtis Griffin, presidents of the two Pampa clubs. Cornutt's speech used the theme that "the world is full of the best and Optimism should

be put to work to make it better." He listed two basic needs to make the free world a longer lasting place in "we must live closer to God and we must put Optimism to work with faith, courage, intelligence and good will to produce this better world and secure our freedom." Scoggin pointed out that the people must bear the responsibility of keeping the world free. "We must continue to push back the skies and grow in stature as a free nation," he declared. Each boy prepared his own material for the speech. The contest was hosted by the Evening Optimist Club with the morning club as guests.

Highway Carnage on Increase As Highway Patrol Asks Help

KKD962 to 5221 or 5226. "Go ahead, Pampa." OK, 5221, have signal 82 east of Pampa on 152. Two blocking road, possible fault. Repeating. That is a radio message that the Texas Highway Patrol officers in this district and any other district chills this year. It is a report of a possible traffic death in an accident which has a possible traffic fatality.

There is good reason for this concern. Department of Public Safety figures through March show a 14 per cent increase traffic deaths across the state. The DPS in Austin fears that if the trend continues the percentage will jump to 17 per cent over that of 1963. A total of 198 persons had died in statewide accidents that include 23,172 mishaps ranging from pedestrian through collision crack-ups. This was February alone. The first two months showed 9 deaths in the state as compared with 358 the same period 1963, an increase of 49 deaths or 14 per cent.

on a series of deaths in this area. "People who receive tickets for traffic violations fail to realize that we are not after their money in fines, but trying to jar them hard enough to slow them down or make them more aware of the responsibility that goes with automobiles." One highway patrolman recently remarked. "We can only do so much," Wilson declared recently. "The rest is up to the motorists. We need their help!" Meanwhile, the death figure continues to rise in Texas.

Mount Etna Rocked By Violent Blasts

CATANIA, Sicily (UPI) — A series of violent explosions rocked the Etna volcano today, sending a thick column of white and black smoke thousands of feet into the sky. The blasts and smoke touched off panic in mountain-side communities on this Mediterranean island off the foot of Italy. There was no immediate indication of a flow of lava accompanying the explosions. The smoke rose an estimated one mile into the sky and obscured the sun over many villages. The columns could be seen for many miles. The explosions started at 9:15 a.m. (3:15 a.m. EST) in the area of the volcano's central crater.

There was no immediate indication of a flow of lava accompanying the explosions. The smoke rose an estimated one mile into the sky and obscured the sun over many villages. The columns could be seen for many miles. The explosions started at 9:15 a.m. (3:15 a.m. EST) in the area of the volcano's central crater.

Traffic fatalities come in spurts and cycles, according to veteran officers. The death in Roberts County could easily bring

Shattuck Shattered 11-0 As Chink Has One-Hitter

By JEF COHANE
Pampa News Sports Editor

Recipe for a Harvester victory stew: Shake lineup well, add a sprinkling of supposedly sick and injured players to the roster, spice with a wind just made for a curve - balling left-hander, garnish with the inspired fielding of Kenny Hebert and Steve Moiberg and mix a sauce out of the power hitting of Hebert and Jim Arthur.

Result: A shattering 11-0 victory over the Shattuck Indians yesterday at Optimist Park.

Garrison, with fine fielding support, hurled a near-flawless game as he pitched a one-hitter. Harold Imke, second batter of the game, spoiled Garrison's no-hit bid with a bloop single to the wrong field, but The Chink stopped the Indian hitters cold after that, with the only threats his own wildness in the late innings, saved by fine fielding in every case.

John Stuart, who hurled a three-hitter against Pampa last week, found things slightly different as he and two relievers were belted for 10 hits. Shattuck fielders were completely bewildered by the shifting winds, which turned popups into long fly balls and held up potential home runs to doubles and triples.

With Garrison only allowing two baserunners in the first four innings, the Harvesters started chipping away at Stuart in a hurry. Rick Stewart opened the home half of the first with a walk, stole second and continued to third on the catcher's throwing error. Stuart got the next two batters but Steve Moiberg sliced a curving single into left field to drive in the run.

In the third, Shotgun Gregory

JERRY GARRISON

was safe as the shortstop bobbled his hard-hit drive, stole second and again went to third as the catcher overthrew the bag. Hebert then hit a fly which the second baseman went out for, and then the pair watched drop between them as the Flying Frenchman sped to second for an RBI double. Arthur plated Hebert with a line drive to center field, being thrown out as he tried to take second.

Pampa then broke the game open in the fourth. Bandit Madrid singled up the middle and Garrison topped a little nubber down the first base line, beating it out for a hit as the Indians did an Alphonse-and-Gaston act. Claude Middleton laid down a perfect bunt toward third base

and beat it out to load the bases.

Stewart then sent two runs home as he sliced one into left center. Gregory's grounder got Middleton out at third, but Hebert then lashed a high, hard drive which seemed headed for "Gonesville" until the wind slowed it down, holding it to a triple off the base of the right field wall.

Garrison ran into a wild streak in the fifth and walked two batters, but Hebert grabbed a hopper, tagged the runner going to third and fired to Moiberg for the twin killing to retire the side. Again in the sixth, Chinky loaded the bases, only to have Stewart grab a hot grounder for the third out.

Rex Boudreau, who had relieved in the fifth, lost his control and walked a run home in the sixth. Butch Schoenhals took the mound, got two out, and then Arthur lashed another one high and far into left center, bouncing it off the wall to score three runs.

Garrison finished up with eight strikeouts and four walks issued.

Pampa makes a third try at breaking the Borger winning streak when they match their 5-5 record against the Bulldogs' 6-0 at Optimist Park this afternoon, with Arthur or Blazin' Bobby Price the probable mound foe of Big Joe Robinson.

Pampa 1 0 2 4 0 4 x-11 10

Garrison and Gregory; Stuart, Boudreau (5), Schoenhals (6) and Cohlmia. Winning pitcher-Garrison. Losing pitcher-Stuart. Two-base hit-Hebert. Three-base hits-Hebert, Arthur. Stolen bases-Stewart, Gregory. Earned runs-Pampa 8. Double play-Hebert to Moiberg (5).

GROOM VETERANS — Returning district point-producers from the Groom track team, flanked by coach Jack York, are (left to right) top row: James Koetting, Glenn Britten, Keith Black, Bud Fields, Alton Vaug hn. Sitting: Larry Lamberson, Jerry Roberts, Big Jerry Quirk, Dan Craig, Terry Cornett.

Celtics Start To Count Up York Sobs As Groom Prepares for District

CINCINNATI, Ohio (UPI)—The Boston Celtics won't admit it but they are already counting the loot they will earn—about \$30,000—by winning the Eastern Division playoffs in the National Basketball Association (NBA).

The Celtics meet the Royals tonight in the fourth game of the series and need a single victory to ruin Cincinnati's best season.

The Royals, runners-up to Boston in the regular season, won the season play 7-5. Some experts thought with the addition of rookie Jerry Lucas, a former Ohio State All-American, to the Cincinnati club and Boston's loss of Bob Cousy could mean the Royals could go all the way.

However the old pros — Boston has won seven consecutive division titles—appeared headed for another crown. Last year they needed seven games to defeat Cincinnati. This year four may be enough. The last time any team swept four straight was in 1959, when Boston trounced Minneapolis in the championships.

At this stage the Celtics are probably more worried about St. Louis than Cincinnati. The Hawks lead San Francisco in the Western Division playoffs, 2-1, with action resuming Wednesday night in St. Louis.

Everyone, however, is not ready to admit Boston will meet the Western Division champs for the NBA title after an easy four games with the Royals.

"Don't count the Royals out yet...they're still a great team," said Celtics Coach Red Auerbach in talking about the Cincinnati club that had defeated his team five straight times at Cincinnati Gardens.

Auerbach admits his team has got "a pretty good chance," but he refused to claim victory.

GROOM — The Groom Tigers prepare for Saturday's district track meet this afternoon at 4 p.m. with a triangular meet at Shamrock. The Tigers have seen limited action this season, with a dual meet at White Deer their only previous outing.

Coach Sobbin' Jack York, surveying the eight - team district the Bengals must compete in at Turkey beginning at 8 a.m. Saturday, gives the nod to Claude and sees little chance for the Tigers.

Last year the Tigers, Claude and Hedley were the only three teams in their district to engage in track competition and Claude won overwhelmingly. Although Quittaque, Matador, Turkey, Estelline and Quail have joined in for one big district, the times posted by the Mustangs this year and their returning starters from last year make them the odds-on favorite.

Don Mitchell returns for Claude, second in regional last year in the 180-yard low hurdles in a clocking of 21.3. Three of the four members of the mile relay team which placed sixth in regional last year, Kenneth Burton, Denton Fox and Jimmy McGowan, also return. The trio

made up three - fourths of the sprint relay team as well, which ran a 47.6 in district. Mitchell also won the low hurdles and Fox the 440-yard dash.

Despite York's plaints, the Tigers only lost a handful of trackmen through graduation, including Bill Ruthardt, third in regional in the 880, but return 10 lettermen off last year's second - place team.

Big Jerry Quirk and Driving Dan Craig are again figured to be Groom's leading point-getters. Last year Quirk was high-point man as he won the shot put, high jump and pole vault and was second in the high hurdles and third in the 440; Craig placed in the low hurdles, 220 and broad jump.

Alton Vaughn, Glenn Britten, Jerry Roberts and Keith Black are back from the second-place sprint relay team, which also returns Bud Fields and Larry Lamberson.

Vaughn also placed in the broad jump, Terry Cornett in the shot put, Roberts and James Koetting in the discus, Britten in the mile, Lamberson in the 440, Fields in the 100 and Roberts in the high hurdles.

Despite York's sobs, 10 point-getters back gives the Tigers a potent threat for district honors and a number of prime candidates for regional competition once more.

BABE RUTH TRYOUTS
Babe Ruth League tryouts will be held Wednesday through Friday at Optimist Park from 5 p.m. to 7 p.m. All boys 13 to 15 years of age who have not previously played on a team must register and make at least two of the tryouts to be considered. Boys who played last year do not need to attend the tryouts, but are to report to their regular teams after the rosters and practice times are announced in the News.

DRIVERS ENTER 500
INDIANAPOLIS, Ind. (UPI)—Three drivers, Jim Hurtubise and Bud Tingelsta, both veterans, and rookies Johnny White have joined the ranks of entrants for the 500-mile Speedway auto race.

THE DEPENDABLES: SUCCESS CARS OF '64

We have designs to get you in our power

Our engineers are a wily group of guys who spend most of their time dreaming up ways to win your approval. Take the Dodge Polara 500. You'd be hard-pressed to find a car that's got more going for you. Deeply-padded, contour-formed bucket seats. All-vinyl upholstery. Silt-to-silt carpeting. Padded dash. Center console. And lots of other trimmings. But that's only the half of it.

Perhaps our approach to power will further illustrate the point.

With the Polara 500 you aren't baked in on a certain engine. You can choose from a standard 318 cu. in. V8 up to a street-version of our wallowing, all-out 426 cu. in. Ramcharger V8. Compromise? Nope. We just feel that a freedom of choice is the surest road to your approval.

That's our way of doing business—giving you lots of car and lots of satisfaction at a price that's hard to quarrel with.

Your Dodge Dealer will be glad to demonstrate the point.

Sporting Sidelines

by JEFF COHANE

THIS DEPARTMENT was rather smug recently when comparing the sportsmanship of Pampa to Borger athletes. A little too smug, unfortunately, because it seems that the attitude of some Pampa fans is nowhere in keeping with the department of the athletes.

Possibly I have been blinded by the even poorer sportsmanship shown in Borger and in some Amarillo schools, possibly by the fact that I played ball down in the Rio Grande Valley, where the aftermath of a ball game was often a riot.

HOWEVER, after comparing the attitude of some of the fans at yesterday's baseball game with Shattuck, Okla., and comparing it with that of the Shattuck fans, I find ours a very poor second.

Not all the fans, I might hasten to add, just a small clique, mostly athletes, who sit directly behind the plate and embarrass, harass and annoy not only the opponents, the umpires, the coaches and everyone in sight, but their own players.

LAST WEEK, Walter Hebert, Bill Oler and his Mrs. and I hit the trail to Shattuck to watch the ball game. All of us were tremendously impressed by the courtesy and good sportsmanship of the players, and more than that, of the fans, who came to root on their team, but generously applauded good playing by either side. Shattuck youngsters, instead of heckling the handful of Pampa fans, were friendly, helpful and as hospitable as could be. The Harvesters commented on the friendliness of their opponents as well, and coach Bob Ward (although he did try to recruit some of our players for his American Legion team) seemed a gentleman.

FOLLOWING yesterday's ball game, I took it upon myself to apologize in behalf of Pampa for the poor sportsmanship shown by a handful. Again the Shattuck players, a fine group of youngsters, took it in good part, but admitted that some of the cracks dug deep. Pampa players themselves commented on how embarrassed they were by the comparative treatment, and pointed out that the loudmouths were just as quick to give them the treatment as they were the opponents.

THIS SORT OF THING was probably par for the course at Ebbets Field or the Polo Grounds, and it is true that the boys in question paid their way in and supposedly have a right to holler. Nor is there much protest that can be made when the opponent, like Borger

Jack Choice In Masters

AUGUSTA, Ga. (UPI)—Defending champion Jack Nicklaus had his favorite's role for the Masters golf tournament enhanced today after heavy rain turned the Augusta National into a natural course for the long-ball hitter.

It was the general consensus that Nicklaus, already figured a pretty good bet to become the first to ever win two Masters back-to-back, had the most to gain from the soggy fairways and greens.

Cary Middlecoff, the dentist who won here in 1955, explained that the National has always favored the power hitter and the added handicap of weather would make it that much more difficult for others to catch the burly muscle man from Columbus, Ohio.

Nicklaus liked his own chances. "I'm playing better now than I was going into last year's Masters," the blond, 24-year-old belter said.

"I've been playing pretty good the past five tournaments and I really feel I have a chance to repeat here."

The man most think has the best chance of battling Nicklaus is three-time champion Arnold Palmer.

Gary Player, 1961 champion and rated a solid contender himself, said Palmer has actually played much better than most people realize. "Arnie hasn't won a tournament this year, that's true, but he's been pretty high up the list each time.

"I've got a feeling about Arnie. This is his type of course and he's about due to break loose."

Player isn't too sure about his own chances. He is bothered by a throat infection and plans to have his tonsils out as soon as the tournament ends.

Cronin Realistic, 'Yankees Strong'

BOSTON (UPI)—While he still would prefer a 10-team pennant race, realistic President Joe Cronin figures only four teams have good chances to take the 1964 American League flag away from the New York Yankees.

Cronin returned home Monday from his annual tour of the spring training camps of the spring training camps to the Minnesota Twins, Chicago White Sox, Detroit Tigers and Baltimore Orioles appear to be the most improved teams this season.

The order of listing was his but he warned newsmen to attach no significance to it and repeated his statement that the Yankees "look very strong" again this season.

Cronin said that new Yankee Manager Yogi Berra was not worried about his regular lineup but was concerned about his pitching staff. Cronin added that the Yankee defenses looked "as good as ever" in Florida spring training games but noted that slugger Mickey Mantle wasn't "stepping into" practice game pitching while he was present.

Cronin said he was relying on reports from other American League officials on the three teams, Boston, Los Angeles and Cleveland, who had been training in the West and added that his brief views of both the Kansas City and Washington teams in Florida showed both to be somewhat stronger than they were a year ago.

Major League Roundup

By FRED DOWN
UPI Sports Writer

Sandy Koufax is back in the winning column and Willie Mays is batting .411 so that National League pennant race can start any time now as far as the Los Angeles Dodgers and San Francisco Giants are concerned.

With the two "big men" in fine form, the Dodgers have evened their spring series with the New York Yankees and the Giants have raised their exhibition record to 21-7.

Koufax broke a four-game losing streak with six strong innings on the mound as the Dodgers beat the Yankees, 5-1, at Fort Lauderdale, Fla., Monday night while Mays hit a triple and two doubles in the Giants' 9-7 victory over the Chicago Cubs at Phoenix, Ariz.

Koufax allowed four hits and yielded only one run in his next-to-last outing before next Tuesday's opener against the St. Louis Cardinals. The Dodgers scored two runs in the fifth and three in the seventh against rookie left-hander Bob Meyer. A record 7,656 turned out to see the renewal of the 1963 World Series rivalry.

Rally to Win

The Giants closed the Arizona phase of their training schedule on a victorious note with a three-run rally in the eighth after the Cubs tied the score in the seventh. Billy Williams hit his third home of the spring for the Cubs, who had beaten the Giants in five of their previous seven meetings.

Bo Belinsky pitched a no-hitter for 4 1-3 innings and allowed only three hits in six innings as the Los Angeles Indians defeated the Cleveland Indians, 7-1. Bobby Knoop and Billy Moran each had a double and a single to lead the Angels' nine-hit attack.

John Tsitouris yielded seven

Tiger Top A's

The Detroit Tigers rallied for three runs in the ninth inning to top the Kansas City Athletics, 8-7. Dick McAuliffe and Purnal Goldy knocked in three runs each for the Tigers while rookie Dick Green had two hits, including a homer, for the Athletics.

Successive singles by Joe Torre, Gene Oliver, Frank Bolling and Roy McMillan produced two runs in the second inning and sent the Milwaukee Braves on their way to a 2-1 decision over the Houston Colts. Denny Lemaster and rookies Dick Kelley and Phil Niekro limited the Colts to six hits. The win was the Braves' 17th in 22 games.

Manny Mota hit a grand slam homer and Gene Alley drove in four runs as the Pittsburgh Pirates wumped the Minnesota Twins, 12-4. Willie Stargell and Bob Bailey had three hits each in the Pirates' 15-hit attack. Don Schwall went seven innings for the Pirates.

Komives Is Top Scorer

NEW YORK (UPI)—Howard Komives, one of a record seven 30-points-per-game scorers this season, today was crowned the 1963-64 major college basketball scoring champion.

Detroit scored Miami (Fla.) for team scoring honors with a record 96.1 per game and Davidson captured the team field goal accuracy award, hitting .544 of its shots.

Komives registered the third highest single-season mark ever, 36.7 points per game, according to statistics released today by the National Collegiate Athletic Association Service Bureau. He was one of seven point-makers to eclipse the 30-point average mark. The most to make it in any previous campaign was five in 1962.

Other 1964-season individual champions were Davidson's Terry Holland, whose 631 field goal accuracy paced his team's record performance; Rick Parks of Tulsa, with only 13 misses of 134 chances at the foul line and Ohio Xavier's Bob Pelkington, who shaded two-time defending champion Paul Silas of Creighton for rebounding honors with a 21.81 average.

San Jose State won the team defense crown, allowing its opponents an average of only 54.5 points per game despite a 14-10 record.

BOWLING SCORES

HUNTER NAMED MVP
CHICAGO (UPI)—Les Hunter, Loyola University's 6-foot-7 center, was named the Harvesters' most valuable player for the 1963-64 season at the team's annual spring banquet Monday night.

Jerry Glover Key In Badger Triumph

AMARILLO (SpI)—Jerry Glover batted in two runs and set up another to lead the Amarillo College-Badgers to a 5-2 victory over Sayre, Okla., in the first game yesterday, with Sayre rallying for a 3-2 win in the nightcap.

The former Pampa High great played third base and went 2-for-6 at the plate, with both his hits coming in the first game to set up scores. Jerry drove home both Amarillo's runs in the first inning with a single and combined with Jerry Rice and Dean Reding for three more hits and another run in the third.

Glover, with two straight shutouts to his credit, will pitch the opening Western Junior College Conference game at Odessa Friday.

Army Fights For Olympics

FT. HOOD, Tex. (UPI)—The road to the Olympics for U.S. Army boxing hopefuls begins at Ft. Hood Friday in the all-Army boxing tournament.

Winners of the tournament, ending May 4, will represent the Army in the Interservice Championships May 5-6 at Camp Lejeune, N.C.

Winners of the Interservice tourney will compete in the Olympic trials May 18-20 in New York City.

ANNOUNCE CO-CAPTAINS

RALEIGH, N.C. (UPI)—Two linemen will serve as co-captains of the 1964 North Carolina State football team, Coach Earle Edwards announced Monday.

The men chosen by the team were guard Bennett Williams, Ahoskie, N.C., and center Lou DeAngelis of Reading, Pa.

The Pampa Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

The Political Forum

This is open season for open forums, an art form held in high esteem where such other cultural spectacles as the ballet, opera, book review, road show and even tent revival are in short supply.

The political forum consists of a publicly-issued invitation to all candidates who are bidden to state their unique qualifications for high office and, once these dull preliminaries are over, to dig, elbow, knee and rabbit punch one another for the edification of the spectators.

Failure to heed the summons to a political forum is tantamount to an admission of guilt. It suggests that the candidate's defects are so apparent as to prohibit him from a public appearance where he may be inspected at close range.

Once committed to combat at an open forum, the candidate's problem is to insure himself a reliable audience. The audience at a political forum is at least as important as the candidate himself and in some instances, more so. The candidate with a "good" audience can be assured of a few shills who will ask him the proper questions in the Q and A period which follows the preliminaries. A select audience will shuffle feet when the other fellow is speaking, snigger when he tries to make a point, come down with violent seizures of coughing during his rebuttal.

When the coughers, sneezers, foot-shufflers and sniggers are on your side, you refer to the fine, representative and eminently fair cross-section of the citizenry out there. When the other fellow packs the house, you decry the low cunning of your opponent who would corrupt the free practice of the democratic process by packing the audience with goons, aliens, jailbirds and folks who don't even speak the tongue.

The master of ceremonies or "moderator" of these forums

Beyond Einstein

An interesting sidelight can be cast on the proposal to raise congressional salaries from \$22,500 to \$32,500, which was temporarily shelved for obvious political reasons, this being a political year.

A new House office building, not yet finished, has been under construction for some six years. It has been branded as an architectural monstrosity. That aside, the cost will run—according to estimates, which are almost invariably low—to \$122 million, and it will provide office space for only about 170 Representatives.

This comes to \$720,000 per member. And now it is urged that still another such building should be started to take care of, presumably, the hundreds of

is not getting referee's wages to arbitrate arguments when feelings run high. He does not hanker to lay down his life at the feet of Justice. Often he allows candidates to ramble at length, almost invariably avoiding a direct and unequivocal answer to a touchy question.

One candidate or another usually grumbles that the moderator deliberately recognized questions from members of the audience known to be in the employ of the opposition.

Almost all of them consider the whole exercise a crashing waste of time, although they can scarcely afford to admit it. And the tragedy is that there is not one but several of these events scheduled, as if one were not enough.

Perhaps that would be the answer—one, huge, torchlit political rally; one glorious chance for all to hear the stupefying oratory, pica the candidates, shuffle feet, boo, sneeze, cough, snigger, catcall and ask questions.

An all-night affair, we'd suggest, some weekend when there weren't any good shows playing, no holidays, no big weddings, receptions or dances.

Maybe start things off about 10 p.m. after a torchlight parade down the main street. Two hours of speeches; an hour of rebuttals; two more hours of questions.

Then, hoarse, tired, fatigued and inexpressibly cluttered with wisdom, the whole crowd marches around the block—to church where special services are scheduled by all creeds.

We should like to nominate for the Text, a passage from Ezekiel (45:9):

"Thus saith the Lord God: let it suffice you, O princes of Israel; remove violence and spoil and execute judgment and justice, take away your extractions from my people, saith the Lord God."

The Newspaper and the Retailer

From the Boonville, Indiana, Standard: "It is a pity retailers so often have to learn the same lesson over and over again through cost and hardship.

"This observation was made by Edward R. Engle, official of the National Retail Merchants Association. Mr. Engle was referring to the importance of newspaper advertising to retail trade."

His findings were based on a study of the results of the New York newspaper strike. It was found that there is no substitute for newspaper advertising, and that without advertising, retailing would be in a chaotic state, as stock needs and turnover would be impossible to predict. It is also stressed that when the advertising of big stores is absent the entire shopping complex—including the little stores—feel the ill effects.

The Standard sums up in these words: "The ultimate loser from inadequate advertising, then, is the consumer who pays for losses due to slow turnover, waste and high per item selling costs."

The basic principle here is

Representatives who won't have space in the new building.

Well, we are to have a so-called war on poverty. We have an economy drive which, so far, seems to consist of such-pica-ny matters as turning off unneeded lights in government offices. And we have an office building costing \$720,000 for each and every Representative who will occupy it, and another such in prospect.

Einstein himself couldn't add up to the political spending proposals, projects and schemes and make the slightest sense out of them. Such a waste of tax money is no recommendation for increased salaries for the public officials who are responsible for them.

A thimble protects the finger and facilitates sewing. It should be worn on the middle finger of the sewing hand. A thimble should fit comfortably, be made of plastic or metal that is not bulky and have indentations deep enough to hold the needle in place while being pushed.

Down South

By THURMAN SENSING

On the very day that Sen. J. William Fulbright (D-Ark) rose in the Senate to say that communism does not threaten the United States, American soldiers and airmen were under communist fire in South Viet Nam. The blood shed by U.S. servicemen, in defense of their country's national interests, is a measure of the sacrifice Americans are making, while the counsel of appeasement is given by the chairman of the Senate Foreign Relations Committee.

One wonders what American soldiers on the battlefield, under fire from the Communist Viet Cong, must think when they read news reports of Sen. Fulbright's speech. The sky cavalry in the armored helicopters over the rice paddies, receiving communist bullets through their aerial craft, must utter angry words when they learn that a U.S. Senator has declared: "It is not communism as a doctrine, or communism as it is practiced within the Soviet Union or within any other country, that threatens us."

And the U.S. military adviser, in an isolated strategic hamlet surrounded by communist Viet Cong troops, that are the satellite forces of Red China, must be furious when he learns that Sen. Fulbright talks about hoping for "competitive coexistence" with the Peking communists. The soldier in the field would only be human if he expressed the hope that Sen. Fulbright had a taste of the mortar shells fired by communists.

And what must the American soldiers who faced the communist-inspired and directed mob in Panama think of Sen. Fulbright's demand that the United States renegotiate the Panama Canal Treaty? Why, these soldiers may justly ask, does a U.S. senator assume the role of a Panama-firer?

Whatever the reaction of the men actually fighting the communists, the reaction of sound-thinking people at home must be one of shock and indignation.

In sharp contrast, Rusk and Harriman are supporting a policy whereby the U.S. provides navigational help and vital weather information to Soviet jet transports flying strategic cargo and arms to Cuba non-stop from Russia.

The unannounced State Department boycott against South Africa is in addition to the announced policy of the Johnson administration barring arms shipments to the all-white regime.

Authority for this boycott is spelled out in a highly classified National Security Council policy paper on South Africa, which is being circulated at the highest government level on a "need to know" basis.

Drafted by the State Department's Policy Planning Council, the new NSC paper is the first major policy on Africa approved by President Johnson since he took over last November following President Kennedy's assassination.

White House insiders report that the policy paper was rushed through the Security Council at "lightning speed" at the urging of Secretaries Rusk and Harriman on the ground that U.S. diplomats needed guidelines to deal with possible new explosive events in Africa.

Harriman, a presidential trouble-shooter, is now touring Africa briefing U.S. diplomats and foreign governments on the new policy, despite the fact that it has never been publicized in the U.S.

One key State Department official, after reading the top-secret document, reported the policy as so anti-South Africa that it puts the U.S. on the side of the African nations, Russia and Communist China in their efforts to topple that government.

KEEPING HANDS OFF—The NSC paper also advocates a "hands off" policy on Zanzibar, the first nation to fall into the Soviet orbit since President Johnson took office.

It bars the use of U.S. military force to recover the valuable space tracking equipment on the island or to keep Soviet military technicians from making the island a military base similar to Cuba.

Defense Intelligence Agency warnings reveal that the Kremlin is planning to install SA-2 anti-aircraft missiles similar to those given Castro.

While the new "African policy paper" stresses that the recent Soviet arms agreement with Somalia has dangerously altered the strategic balance in

Middle of the Road

ROBERT ALLEN

WASHINGTON — The State Department is spending more time and energy discouraging U.S. and foreign shippers from exporting goods to South Africa than to Cuba.

Authorities led by Secretary of State Rusk and Undersecretary Averell Harriman are privately passing the word to airlines and shipping firms to abide by the economic sanctions being imposed by African countries against the Johannesburg government.

One State Department expert, vigorously opposed to the new policy, warns that it will pave the way for the eventual takeover of all Africa by Russia and the Chinese Communists.

Already, the policy has blocked U.S. efforts to keep the new regime in Zanzibar from ousting all the moderates in that government. To accomplish this, the pro-Reds exiled their opponents, while U.S. officials sat on the sidelines because of the new policy.

BREAKING POLITICAL TIES—Former President Dwight Eisenhower has made a final break with former Agriculture Secretary Ezra Taft Benson.

In a series of letters to members of Congress, Eisenhower has thanked them for denouncing former political associates of his, including Benson, who are members of the John Birch Society.

"I am grateful for your letter," Eisenhower wrote Representative Ralph Harding, D-Ill., "and for the speech that you made in Congress concerning the support and encouragement that the former Secretary of Agriculture, Ezra Taft Benson, has been giving to a Mr. Welch, said to be the founder and leader of the John Birch Society."

Eisenhower warmly praised Harding for his political courage in making the speech, stating:

"Your honest and unselfish efforts to set the record straight warm my heart. Frankly, because I rarely read such trash as I understand 'The Politician' (to be), I had never before read the specific accusations made against me by Robert Welch. But it is good that when they were brought to your attention you disregarded all partisan influence to express your honest convictions about the matter."

"It is indeed difficult to understand how a man who professes himself to be an anti-Communist can so brazenly accuse another—whose entire life's record has been one of refutation of Communist theory, practice and purpose—of Communist tendencies or leanings."

In a second letter to another legislator, Eisenhower indicated that he would not have anything more to do with Benson politically.

Benson currently is in West Germany doing missionary work.

PAUL SCOTT

Today is Tuesday, April 7, the 96th day of 1964 with 268 to follow.

The moon is approaching its new phase.

The morning star is Saturn. The evening stars are Venus and Mercury.

In 1947, telephone workers in 39 states started a 33-day strike.

In 1953, Dag Hammarskjold was elected Secretary general of the United Nations.

A thought for the day: Norwegian author Henrik Ibsen once said: "There can be no freedom or beauty about a home life that depends upon borrowing or debt."

The moon is approaching its new phase.

The morning star is Saturn. The evening stars are Venus and Mercury.

In 1947, telephone workers in 39 states started a 33-day strike.

In 1953, Dag Hammarskjold was elected Secretary general of the United Nations.

A thought for the day: Norwegian author Henrik Ibsen once said: "There can be no freedom or beauty about a home life that depends upon borrowing or debt."

Guest (sympathetically at the wedding feast) — It's hard to lose a beautiful daughter. Older Man — It's a blame sight harder to lose the homely ones.

However brilliant an action may be, it ought not to pass for great when it is the result of a great design.

If a woman wants to hold a man she has only to appeal to what is worst in him.

The Supreme Court Is Wrong

(Christian Economics)
By HOWARD LYDICK

Attorney, Admitted to Practice Before the U.S. Supreme Court

Criticism of the Supreme Court has largely revolved around its unwillingness to follow the principles of "stare decisis" and its vast expansion of meaning given to words in the United States Constitution.

Stare decisis is the keystone of our judicial system. It is the principle that once a decision has been made regarding the law as applied to a certain set of facts, or a decision has been made as to the meaning of a word or phrase in a statute or constitution, state or federal, that this decision will be followed in all subsequent cases. Under stare decisis, decisions may be properly ignored only when the policy making body (city council, state legislature, the Congress) has made a change in the wording of the statute or the Constitution. When a court refuses to do this it has taken unto itself the authority to make policy. This is a legislative function, not a judicial one. It is stare decisis that gives permanence equally to all persons. In essence to our law so that it appears, the persons before the Court are at the mercy of the Court and no man knows what the law is until the Court has spoken in his case.

As important violations of stare decisis, making great changes in the substantive meaning of the law, consider the following:

In 1944 the Supreme Court decided that insurance was "commerce and therefore insurance companies could be regulated" by the Congress by virtue of the interstate commerce clause of the U.S. Constitution. In doing so it reversed a long line of decisions that began as far back as 1829.

In 1962 the United States Supreme Court claimed for itself and all other federal courts the right to apportion the seats in state legislatures. In doing so the court reversed a line of cases starting in 1946. As recently as 1957 the Supreme Court, by a unanimous decision, had refused to do this even though the plaintiffs used the same arguments presented in the latter case.

In his dissent, Justice Frankfurter referred to the Court's opinion as "massive repudiation of the experience of our whole past" and claimed that the Court was asserting a "novel judicial power." As apportionment of seats in a state legislature has always rested solely with each individual state, this decision represents a fundamental change in the power structure of our federal system of government.

Permanence and equal application of the law also require that the meaning of words remain the same and not be expanded (changed). Judge Thom-

criticism of the Court is quite widespread. It has come not only from individual lawyers but also from very distinguished judges, the American Bar Association, and even from the Conference of State Chief Justices. In 1958 this latter body adopted a resolution in which the following appears: "It has long been an American boast that we have a government of laws and not of men. We believe that any study of recent decisions of the Supreme Court will raise at least considerable doubt as to the validity of that boast."

That resolution shook the bar and was the subject of discussion for months. U.S. News and World Report took a poll of all the federal judges to see if they (having adequate professional knowledge) agreed or disagreed with the conclusions reached in the above resolution. Not only did a majority, nationwide, agree with the conclusions of the resolution but when the poll was broken down by areas it was found that in Washington, D.C. where the judges have more opportunity and reason to observe the United States Supreme Court, 80 per cent of the judges agreed with the resolution!

The logical conclusion to follow from a serious study of the decisions of the United States Supreme Court and the criticisms of the Court by responsible lawyers is that our entire system of Anglo-Saxon jurisprudence is in danger of being destroyed! That is the essence of the statement by the Conference of State Chief Justices. That this opinion of the United States Supreme Court is a bipartisan one is shown not only by the fact that the Conference is composed of men of both parties but also by the strong approval of it by the federal judiciary.

HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

- (FEDERAL) Rep. Walter Rogers, House Office Bldg., Washington, D. C. Sen. Ralph Yarborough, Senate Bldg., Washington, D. C. Sen. John Tower, Senate Office Office Bldg., Washington, D. C.
- (STATE) Rep. Granger McWhany, House Bldg., Austin, Texas. Sen. Grady Hazewood, Senate Bldg., Austin, Texas.

NEW GIBSON'S MAGIC NUMBER CONTEST

Gibson's shopping carts will be numbered. There will be a corresponding number on a piece of merchandise. If a customer matches the number on the shopping cart with the number on the merchandise the item will be free. The customer must be using the shopping cart to be eligible to win. You must be over 18 to participate.

PLUS

Every hour on the hour (All Day) Wednesday, 5:00 p.m. to 10:00 p.m. on Thursday, and 2:00 p.m. to 9:00 p.m. on Saturday, there will be a shopping cart number called over the P.A. system. Any merchandise in the basket at the time the number is called will be free. The person with the shopping cart at that time must inform an employee within 10 seconds after the number is called. You must answer within the time limit to win.
