## Hilda's Fringe Brings Threat Of Dixie Flood

### Hurricane Death Toll Hits 38, Damage Reaches Into Millions

BATON ROUGE, La. (UPI) — Heavy rain from killer Hurricane Hilda, still a deadly storm, hit widespread areas of Dixie today bringing new threats of floods.

Tornadoes stretched from Louisiana, the worst damaged area, all the way through Mississippi and Alabama to Cherry, N. C. on the Atlantic Coast.

The death toll reached 38, with 200 injured, thousands homeless and damage in the many millions. Most victims were in Louisiana, where three twisters devastated lowlands around Larose accounting for at least 20 deaths.

Dangers for rescue workers were illustrated by the electrocution Sunday night of Donald Satcher, 22, of Ruston, La. who was killed while repairing power lines felled by high winds in a New Orleans suburb. Other power crews worked during the night to restore electrical service to Morgan City, and officials hoped all wires knocked down would be back up today.

Among the frightening tales of Hilda's victims was that of a 57-year-old crewman of a Mobile, Ala., fishing boat, the "Bonnie Fortune," who fell overboard in waves 8 to 10 feet high. A helicopter rescued him 20 miles out in the Gulf of Mexico today, barely conscious.

Hilda, once a 150-mile-an-hour monster, now was barely a storm with top winds of 40-50 miles an hour. But as Hilda progressed toward the East Coast she set off new tornadoes and rains up to 14 inches, which caused floods and landslides — and new deaths.

Seven states affected — Louisiana, Mississippi, Alabama, Georgia, Florida, North Carolina and South Carolina — have felt winds, hurricane-generated tornadoes or heavy rains since Saturday.

## Sadecki, Ford to Take Mound in Series Opener

ST. LOUIS (UPI) — Happy Manager John Keane's star looked bright today, a pennant in his pocket, a contract renewal expected with a "substantial increase" and most of all, a crack at the American League pennant winner New York Yankees.

Keane quickly said that 23-year-old Ray Sadecki, a 20-game winner would start the opening game of the World Series in St. Louis Wednesday against the veteran Whitey Ford in a duel of lefthanders.

Ford has participated in 11 World Series to give him the big edge in experience and to establish the Yankees as favorites in the opener.

FIRE TRUCK RIDE — More than 20 students from the Lollipop Pre-school, 1821 Hamilton, toured the Pampa North Fire Station this morning in connection with the National Fire Prevention Week being observed here. After the tour the students were taken back to their school on a fire department truck. Fireman Dean Jolly is shown standing on the rear of the truck holding Joey Reid, son of Mr. and Mrs. Joseph H. Reid, 2334 Mary Ellen.

## Auto Workers, GM Agree on Contract

DETROIT (UPI) — The United Auto Workers and General Motors Corp. today reached agreement on a national contract. But the union will continue its strike against the company until new contracts have been written at 130 locals around the nation.

The new contract, covering nearly 350,000 GM workers, follows a pattern established at Ford and Chrysler earlier and included the same \$25 to \$100 Christmas bonus the UAW won from Ford. The Chrysler and Ford settlements were valued at 54-cents an hour-per-worker over the next three years.

Announcement of the tentative settlement came about 9 a.m. EST today following an all-night bargaining session.

## UF Fund Drive Nears Quarter Mark at \$16,331

The Pampa - Lefors United Fund campaign edged near the one-quarter mark today following the results of a report meeting of the Advanced Gifts and Special-Gifts workers Friday afternoon in the United Fund office.

A total of \$16,331.60 in cash and pledges has been raised thus far toward the goal of \$70,000 to support six member agencies. Some \$5,177.40 was turned in at Friday's meeting.

Advanced Gifts Chairman E. L. Green Jr. and Special Gifts Leader Dr. Joe Donaldson expressed their pleasure with the results to date, but again reminded their workers to complete their calls as soon as possible.

Donors are being asked to contribute one hour's pay per month as their "fair share" to assure the successful completion of this year's drive.

## Guard Killed As Refugees Escape

BERLIN (UPI) — West Berlin officials announced today that 57 East Germans had escaped to West Berlin through a tunnel under the Communist wall. The Communists said a Red border guard was shot and killed when the tunnel was discovered early today.

West Berlin city officials said the refugees fled over a three day period.

When the Communists discovered the tunnel this morning, Eastern border guards fired round after round into it, but no refugees were hit.

The East German Defense Department announced later that a border guard was shot fatally by one of the Western "bandits."

The refugees numbered 23 men, 31 women and three children. They burrowed under the wall to the French sector Wednesday in the district of West Berlin in small groups beginning Saturday.

The mass escape ended at 12:30 a.m. when four Communist border guards and three secret policemen discovered the tunnel. They opened fire with machine pistols.

The West Berlin city government said the tunnel was discovered just before the end of the rescue action. It said no refugees were in the area at the time.

But the Communist East German Defense Minister said Cpl. Egon Schultz was killed by shots fired by men who had entered East Berlin through the tunnel. The ministry announcement was carried by the official East German news service, ADN.

It made no mention of the 57 refugees. It charged the tunnel had been built by Western espionage organizations.

The tunnel was dug from West to East from the cellar of a six story apartment house on the Western side of Bernauer Strasse. The house, No. 97, is 20 feet from the East Berlin border.

The latest blast occurred before dawn Sunday at a Negro church building in Vicksburg. Fourteen persons were inside the structure at the time, but only two were slightly injured.

The building had been used as a "freedom school" by Negro civil rights workers participating in a drive to register Negro voters.

A kitchen, two baths, three bedrooms and a library containing 9,000 books were heavily damaged.

Vicksburg Mayor John D. Holland promised a thorough investigation into the incident.

"The persons responsible will be prosecuted," he said.

It was about the 40th such incident in Mississippi since a paign began in early summer.

The four white men are charged with dynamiting the home of Mrs. Aylene Quin, a Negro cafe operator who had been active in civil rights work, in McComb on Sept. 20.

The four—Billy Earl Wilson, 22, Paul D. Wilson, 25, Jimmy Prinston Wilson, 38, and Ernest F. Zeck, 25, are charged with unlawful use of explosives — a charge which could bring the death penalty upon conviction.

Other developments: Philadelphia, Miss.: Three law enforcement officers and two ex-officers awaited trial on charges of violating the rights of six Negroes held in their custody. The men were charged by a federal grand jury with beating six Negroes they arrested between 1961 and 1964. The grand jury which returned the indictments had been investigating the slayings of three civil rights workers near Philadelphia, but there was no mention of this case in the charges against the six.

Meridian, Miss.: Two shotgun blasts were fired into a Negro home where several civil rights workers were staying Sunday but nobody was injured.

## Top Candidates Plan Trips to California

WASHINGTON (UPI) — With the election only a month away, both President Johnson and Sen. Barry M. Goldwater prepared today for speaking tours that will take them to the West Coast by the end of the week.

Neither contender for the presidency had any political activity scheduled today. GOP vice presidential nominee William E. Miller also was resting up in Washington but his democratic rival, Sen. Hubert H. Humphrey, was campaigning in California.

Tuesday Johnson plans to go to nearby Alexandria, Va., to see his wife off on a four-day whistlestop tour of the South.

Johnson received an encouraging report over the weekend. A White House assessment based on the latest public opinion polls showed him leading in all but three states — Alabama, Mississippi, and Louisiana.

Sources close to the President said Johnson's nationwide margin over the GOP candidate was roughly 60 to 30, with 10 per cent to pick up three or four percentage points, but no more.

Johnson's aides said he was not overconfident however, and planned "a big push" during the final month of the campaign. This week's schedule bore out their statement.

## Searchers Hunt For Missing Boy

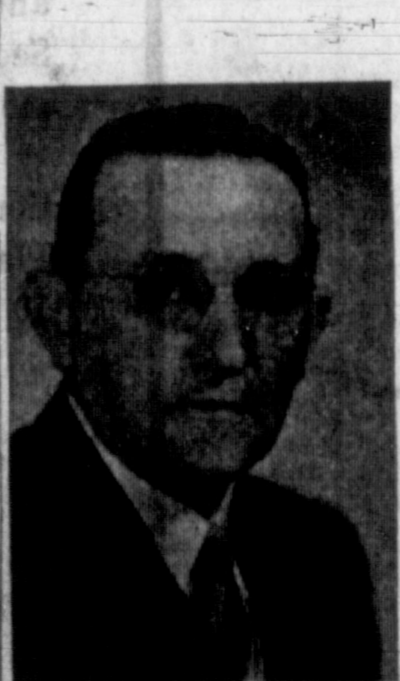

LONGVIEW (UPI) — Hundreds of searchers hunted Sunday night and today for a 22-month-old boy who police feared may have been kidnapped from his mother's car.

Police said the boy, Ricky Dale Crowder, either got out of the car himself Sunday and walked away, or was kidnapped. His mother, Mrs. Martha Crowder, said the boy could walk but was unable to open the car door by himself. She said she found the car doors closed when she returned after stopping in a drug store for "a couple of minutes."

There were doubts the toddler would have closed the car door again if he had gotten away by himself.

## POLLY'S POINTERS

By POLLY CRAMER

### Pack Outgrown Clothing Of Wee One by Size

Newspaper Enterprise Assn.

**DEAR POLLY** — When my second baby arrived I spent quite a bit of time sorting through old baby clothes trying to determine sizes on items that had long since lost their size tags. Now that the second one has started to outgrow things, I am packing everything away in bags and carefully labeling them "Birth to 12 lbs.", "13 to 16 lbs." and so on. This includes sweaters, socks, caps, kimonos, booties and everything that has a size. Hope to save myself some time when I need them again and, in the meantime, may save some other new mothers' time. —MRS. J.R.E.

**GIRLS** — This will not only save your time but save that wee one a lot of trying on of misfits as well. —POLLY

**DEAR POLLY** — To reinforce the frayed seams in my little girl's school dresses and blouses, I sew a white shoe lace between the seams at the arm-hole. I stitch through the shoe lace and the dress material. It really works. —MRS. R.C.

**DEAR POLLY** — To always be sure you are sewing on the right side of solid-colored fabric, remove the pattern from the material and put a piece of transparent tape on the wrong side of each piece. The tape can be easily removed and does not leave marks. If your hands are chapped and stick to material as you sew, rub some vinegar into your hands. I always keep some by my sewing machine. —MRS. T.C.W.

**DEAR POLLY** — I found an effective way to clean my dust mop. After I mop the floors and shake out the dust, lint still clings to the mop. Instead of picking it off by hand, I scrape the mop along the edge of an outside-brick corner of our house. It is amazing how the rough bricks pull off the lint. —E. Q.

**DEAR POLLY** — When you go shopping, put the sales slips for your purchases in your purse. Then if you mislay a package and a clerk or someone else finds it, you have proof that it is yours. —PENNY

**DEAR POLLY** — When making a dress, I found I did not have a zipper to match. I got

a can of spray paint the proper color and sprayed a lighter-colored zipper to match the dress material. Later I also sprayed a black one and it worked beautifully. —MRS. L. L.

**GIRLS** — This is a good way to use those old zippers that I am sure many of you remove from worn clothes before they go in the rag bag. —POLLY

**DEAR POLLY** — Several months ago I was lucky enough to receive a "Polly Dollar." It was so bright and shiny in its attractive holder and there was a reprint of my letter as it was to appear in the paper. This was so attractive that I sent it to my young granddaughter for a birthday present — dollar, holder and letter. She was delighted. I thought other readers (grandmothers) might like to use this suggestion. —A FRIEND

## Dear Abby...

### Indignant Letters Answer 'Boiling Over'

By ABIGAIL VAN BUREN

**DEAR ABBY:** Some woman signed "BOILING OVER" complained because she, a blood relative, rode in the fifth car behind the hearse at her mother's funeral while "relatives - by marriage" rode in cars ahead of her. You said, in your opinion, husbands and wives belonged together at funerals in order to console and comfort each other. I am with you, Abby. My husband was only a son-in-law, but my mother couldn't have loved him more if he had been her own son. In fact, he treated my mother better during her lifetime than her own sons did. We didn't even think about how far back we were in the procession of cars at her funeral. And anyone who did, couldn't have been mourning very much for the one they had come to love to rest.

**DEAR ABBY:** "BOILING OVER" infuriated me! I am one of 16 children, and I was always accused of being my mother's favorite. At her funeral I rode in the LAST car of relatives and I couldn't have cared less if I had been in the last car of the whole procession. I knew in my heart that I was the closest to my mother. Why? Because all the rest of them waited until the last week of her lingering illness to rush to her side. I was there the moment I learned she was ill. And I was there every day for as long as she needed me.

"THE LAST CAR"

**DEAR ABBY:** Your opinion on funeral protocol was correct. The spouse of the deceased always rides in the first family car behind the hearse. Should there be a large number of children, the proper sequence is as follows: The eldest daughter, her husband and their children ride in the first car. The other married daughters and their families follow, giving priority to age. Next come the unmarried daughters. Then the eldest married son and his wife and family followed by the other married sons and their families. Then the unmarried sons. Variations occur, but this is generally the accepted order.

Very truly yours,  
TAMPA FUNERAL DIRECTOR

**DEAR ABBY:** Someone signed "BOILING OVER" tipped her hand when she complained in a letter to you that she should have been closer to the front in the line-up of cars at the funeral procession.

As a funeral director, I have had the opportunity to observe and study objectively the behavior of people at literally thousands of funerals over the last 25 years. I have concluded the

following: (1) Those who cry the loudest and make the most dramatic displays of emotion are the ones who did the least for the deceased during his lifetime. (2) Those who are sincerely, deeply grieved are not concerned with where they sit or where they ride on the way to the cemetery. (3) Those who criticize the dress or conduct of others attending a funeral have come to the funeral out of curiosity and with the same attitude with which they would attend a social gathering.

Sincerely yours,  
PHOENIX FUNERAL DIRECTOR

### Fitz Discusses Pop Art Meaning

Artist Dord Fitz discussed Pop Art, its adherents and its implications at the second meeting of the Southwest Art Association, held Sept. 25. Fitz traced the trends in approaches to art from the "cool" or emotional expressions of the Abstract Expressionists of the 1950's to the intellectual "pure art" currently emerging. "Although art by its very nature is constantly growing and changing, the true artist," Fitz said, "doesn't become too involved with trends but rises above the flux of popular attitudes to discover his own individuality."

The lecture was followed by a demonstration of the visual rendering of an object from its gesture and geometric analysis to the final fusing of abstract shapes to obtain visual volume.

Mrs. Bill Chambliss, president, presided over the business meeting preceding the lecture and workshop. During the meeting details of the Pampa Chapter of the Southwestern Art Association were discussed. Attending were Mmes. Bill Chambliss, Walton Bailey, John Sweeney, M. G. Satterwhite, Edward Parsons, Bill Waters, Joe Gordon, George Hofess, Homer Johnson, John Treloggen and Miss Ruth Huff of Pampa; Mmes. Myrtle Jones, Mildred Haney of Allison Mmes. Betty Tepe, Sara Ramp and Irma Wood of Canadian.

## Clothes Poll

By HELEN HENNESSY

The hat took one incredulous look at the bouffant hairdo and said, "You'll be the death of me!" The hat was right. Who could perch a chapeau atop a bird cage?

But this year the tables were turned, the dirge was played for the bouffant and hats are news again — romantic, flattering frames for the current soft hairstyles.

To many young girls this turn of events opens up a whole new world of fashion. For until now, a hat, to them, was something mother used to wear. To older women it marks the return of the most glamorous item in a feminine wardrobe.

Sally Victor in her new millinery collection for spring has brought up - to - date the hats that glamorized the movie stars of the '30s, that undisputed period of fashion elegance.

She gives us 1964 versions of a snug cap with flared drape worn by Constance Bennett, the close - to - the - face backswep style favored by Carole Lombard and the beautifully draped turban worn by Ina Claire in "The Last of Mrs. Cheney."

There are other hats, too, reminiscent of this decade, done in linen straw and white or pastel kidskin — all flattering, feminine and new.

A second surprise was in store. The State Department and ladies' hats may seem strange bedfellows, but Mrs. Victor thought they might make a fine team. She enlisted the willing aid of our government to enable her to order special straw from Ecuador and has brought back the Panama hat after years of absence. And what charmers her new Panamas are, trimmed with cut-out pop art or shiny cotton in bright Ecuadorian colors.

The making of this special straw has re-established a nearly lost art and has given employment to many people in that small South American coun-

The new spring hats are brimming over with good neighbor policy as well as beauty. Chic Chat

Q — "My future husband and I plan to take our wedding trip to Mexico City in late March. I have never been there, but assume I should take the same kind of clothes that I would take on a Caribbean vacation. Is this correct?"

—Joanne L.  
Dear Joanne L.—Mexico City is very different from the island resorts. It's far more cosmopolitan and a wardrobe of gay, casual togs would be the wrong thing to take.

This is a dressy place. Wear the same kind of clothes you would wear in any big city. Black is a favorite color of the women in Mexico City. Don't wear shorts or slacks in public places, and take along a medium-weight topcoat, for nights are cool. You won't need formal wear for the night spots. A cocktail dress and a stole will do the trick.

When you leave home for a short holiday and don't have a friendly neighbor handy to "plant sit" for you, the Society of American Florists suggests this method: Place the potted plants on thoroughly-soaked bath towels in the kitchen sink, bath or laundry tub, out of direct sunlight. Set the water tap so that one drop of water falls on the towel every few seconds. The towel will conduct the moisture to the plant soil. The pots, of course, must have draining holes in the bottom.

Make top and bottom hems of draperies identical to reduce the possibility of sun-streaking. Every few weeks reverse the hanging, putting the bottom side up.

# Cardinals Win NL Flag

By GEORGE C. LANGFORD  
UPI Sports Writer

The St. Louis Cardinals began one of the most fantastic stretch drives in major league history Aug. 24 when they were 11 games out of first place. But the turning point of the season for the new National League champions, according to Manager Johnny Keane, was June 15, the day the Cardinals acquired Lou Brock.

"When we got Brock, we realized we had a great ballplayer," Keane said, "and his presence and play picked up the entire team."

When Brock arrived from Chicago as part of a six-player trade that sent pitcher Ernie Broglio to the Cubs, he had only a .251 batting average with 10 stolen bases and two home runs. And the Cardinals were in eighth place, seven games behind the leading Philadelphia Phillies.

Began To Hit  
Then overnight he began to hit with authority. Brock was

told by Keane to steal anytime he thought he could make it. Brock contributed two hits in the Cards' pennant-clinching 11-5 victory over the New York Mets Sunday. He finished the season hitting .348 for St. Louis (.315 overall), stealing 43 bases, slugging 14 homers, 29 doubles and 11 triples.

The Mets, the only team to beat the Cardinals over the final two weeks of the season, could have produced a three-way tie for first place by beating St. Louis in the finale. They opened a 3-2 lead in the top of the fifth inning, but the Cards put together three-run bursts in the bottom of the fifth, the sixth and the eighth frames to wrap up their first flag in 18 years.

Brock wasn't the only hero in this wildest finish to a National League season. Tim McCarver collected three hits and three RBIs, while Bill White and Dal Maxvill had two hits and two RBIs each.

Richie Allen slugged a double and two homers for the Phillies, who prevented the Cincinnati Reds from tying the Cardinals for the top spot with a 10-0 rout.

The Reds, who entered the final game of the season tied

with the Cardinals, had to settle for a second-place deadlock with the Phillies, one game behind St. Louis.

Bunning Wins 19th  
Jim Bunning stopped the Reds with six hits to notch his 19th victory against eight losses. He permitted only two runners to reach second. Allen contributed four of the 12 hits the Phils pounded off loser John Taitouris and six Cincinnati relievers.

Al Dark was fired as manager of the San Francisco Giants after the Giants finished their season with a 9-2 loss to the Chicago Cubs. Larry Jackson, the biggest winner among major league pitchers during the season, won his 24th, going the distance on the 19th time.

Jackson allowed nine hits, one a home run by Willie Mays, his 47th of the season which gave him the league crown in that department. Mays finished with a batting average of .296.

In other games, the Los Angeles Dodgers finished in a tie for sixth place with the Pittsburgh Pirates, beating the Houston Colts 11-1 behind the pitching of rookie John Purdin while the Pirates were losing to the Milwaukee Braves 6-0 behind Bob Sadowski.

SAN THE MAN — San Williams was a standout in defeat for the Harvesters this weekend.

## Pampans Outsized Says Otis

Pampa football coach Otis Holladay had little to say after Friday night's 34-0 defeat at the hands of Tascosa. "There isn't much you can say," explained the Harvesters' mentor, "I usually review the good points Monday, and there can't be too many good points after a game like that. . . we were simply outrun. They were too big and too fast."

"The main good point from our standpoint is the fact that our kids never quit, no matter how tough the going got. Keith Griffith and Joey Roden played well on defense and offense, very well, and San Williams did well. Jerry Goodwin was the line standout."

"I still don't think Tascosa is as good a team as Palo Duro. That Richard Ross is the finest back we've seen and probably will see this year, but I'd have to give the nod to the Dons in their game because of their quickness in the line and a more versatile backfield."

"Frankly, I'm glad those two games are over with. . . now we can play teams our own size. Caprock is tough, but at least we won't be outweighed 20 pounds a man, we'll have an even chance."

"Despite the loss, we came out in good shape physically and in good shape mentally, and that's what counts."

## More Shockers In NFL Games

By TIM MORIARTY  
UPI Sports Writer

The first month of the National Football League season produced more shockers than an Ian Fleming novel.

The Chicago Bears and the New York Giants, combatants in last year's championship playoff, each won only one of their first four games, and the

once mighty Green Bay Packers dropped a pair of one-point decisions on missed conversions by Paul Hornung.

The Baltimore Colts, taking advantage of the early season miseries of the Bears and the Packers, grabbed the Western Division lead with a 3-1 record while the Cleveland Browns and the St. Louis Cardinals topped the Eastern sector with three victories and one tie.

Two upsets punctuated Sunday's seven-game slate, which drew a record 367,467 paying customers. The San Francisco Forty-Niners whipped the Bears, 31-21, and the Minnesota Vikings edged the Packers, 24-23.

The Detroit Lions also raised a few eyebrows with the easy manner they cuffed the Giants, 26-3.

The form held up in the other four games as the Colts ripped the previously unbeaten Los Angeles Rams, 35-20, the Browns over-powered the Dallas Cowboys, 27-6, the Cardinals turned back the Washington Redskins, 23-17 and the Philadelphia Eagles trimmed the Pittsburgh Steelers, 21-7.

The Forty-Niners ignited their upset over the Bears by breezing to a 17-0 lead in the first 17 minutes on a 53-yard field goal by Tommy Davis and a pair of touchdown passes by John Brodie. The Bears, still a little shook over their 32-0 shellacking at Baltimore, got untracked in the second half when Billy Wade pitched two scoring passes.

However, San Francisco, the only team to beat the Bears last season, added a decisive touchdown in the final quarter on a one-yard plunge by Mike Lind. It was the Forty-Niners' second victory of the season, matching their total triumphs in 1963.

Block Kick Attempt

The Vikings gained their victory margin over Green Bay when Rip Hawkins blocked Hornung's attempted placement kick after the Packers' first touchdown in the second period. Two weeks back, the Colts nipped the Packers, 21-20, on a missed placement by the former Golden Boy.

## Axe Coach After Loss

By GARY KALE  
UPI Sports Writer

Gino Cappelletti is writing the greatest scoring story ever told in the American Football League.

Cappelletti's talented toe boosted his 1964 point total to 60 as he set an AFL mark of six field goals and kicked two extra points Sunday in Boston's 39-10 mauling of the winless Denver Broncos.

The Patriot booter skyrocketed his all-time scoring record to 509 points as he kicked field goals of 11, 30, 16, 47, 15 and 17 yards. The 47-yarder tied his personal mark for the distance.

The unbeaten Pats won their fourth straight to tie Buffalo, also with a perfect record in four outings, for the Eastern Division lead.

Kansas City, the AFL champion when it performed in Dallas during the 1962 season and won the title in a sudden death overtime against Houston, retained the Western Division lead by trouncing the Oilers, 28-7, on Len Dawson's three scoring passes.

Scored First 12

Cappelletti recorded the first 12 points scored in the Boston-Denver game with four field goals. Then, after Ron Burton slanted off tackle from one yard out to give Boston a 19-0 halftime lead, Cappelletti booted two more three-pointers.

Gene Mingo broke the Pat scoring spell with a 32-yard field goal for Denver's first points, but Burton took a seven-yard scoring pass from Babe Parilli to widen the gap again. J. D. Garrett, a rookie from Grambling, posted Boston's final TD when he raced 42 yards on a fourth and one situation.

A Mickey Slaughter to Lionel Taylor 13-yard pass play was Denver's final outburst as the Broncos lost their 11th straight game.

Coach Jack Faulkner was fired by Bronco management about seven hours after the game.

## Dark Fired, Franks Hired

SAN FRANCISCO (UPI) — Herman Franks, who took a brutal razzing in 1958 while coaching at third base for the San Francisco Giants, stuck his neck out further today by replacing Alvin Dark as their new manager.

Club President Horace Stoneham waited until the sixth inning of Sunday's 9-2 loss to the Chicago Cubs before personally going into the dressing room and telling Dark he was fired. Stoneham also fired the entire coaching staff. Franks, 47, had coached the Cubs since 1958. Stoneham said that some of the coaches might be rehired.

"I believe we can do a better job as far as the club's standing goes," Stoneham told a press conference 30 minutes after the Cubs had locked the Giants up in fourth place in the final National League standings. Franks was tendered a one-year contract for approximately \$35,000.

## Kentucky Is Challenger For National Rankings

By FRED McMANE  
UPI Sports Writer

The state of Kentucky has long been known for its raising of race horses and its abundance of fine basketball players, but the way things are going at the University of Kentucky, football is likely to become a serious challenger for national recognition.

The Wildcats were among the nation's elite last Saturday downing highly-rated Auburn 20-0, while national powers Texas, Illinois, Notre Dame, Michigan, Ohio State and Alabama continued their mastery with impressive victories. Second-ranked Southern California, however, joined Auburn on the list of the down-trodden by losing to Michigan State.

Kentucky's startling victory over Auburn marked the second straight week the Wildcats' upset a national power, having stopped Mississippi 27-21 the previous Saturday. Halfback Roger Bird scored two touchdowns against Auburn on a one yard run and a 95-yard pass interception.

Top-ranked Texas needed two last period touchdowns to defeat Army, 17-6. The Longhorns watched Cadet quarterback Rollie Stichweh guide his team to a first period touchdown after a fumble recovery and hold on to take a 6-3 halftime lead. Texas, however, came roaring back in the final 30 minutes of play behind the two touchdowns by Ernie Koy.

Quarterback Fred Custardo and halfback Sam Price teamed to give Illinois a 17-6 victory over Big Ten conference foe Northwestern.

Notre Dame came through with its second straight win over a Big Ten team, whipping Purdue 34-15, and marking the first time the Irish had beat the Boilermakers at South Bend in 13 years.

Defense was the key in Michigan's 21-0 win over Navy. The Wolverines kept Heisman Trophy winner Roger Staubach in check—in the key moments while sophomore halfbacks Jim Detwiler and Carl Ward and quarterback Bob Timberlake sparked a fine offensive effort.

Ohio State intercepted three passes to stop late Indiana drives and down the Hoosiers, 17-9, while quarterback Jomath's two touchdown passes led Alabama to a 24-0 victory over Vanderbilt in other games involving the top 10.

The big surprise among the leaders was Southern California's 17-7 loss at the hands of

Michigan State. The Trojans were victims of their own mistakes.

Other games saw UCLA with a three touchdown passing performance by Larry Zeno down Stanford, 27-20; Oregon stop Penn State, 22-14; Nebraska sink Iowa State, 14-7; Syracuse rip Holy Cross, 34-8; Minnesota beat California, 26-20; Pittsburgh beat William & Mary, 34-7; and Georgia Tech turn back Clemson, 14-7.

## SWC Roundup

By ED FITE  
UPI Sports Writer

The Arkansas Razorbacks this week try to set the stage for another of their late championship show-downs with national champion Texas for Southwest Conference supremacy.

Coach Frank Broyles' Razorbacks, boasting the only other untarnished record around the league besides the brilliant one sported by Texas, will try to make Baylor's humblesome Bears their fourth straight victim and their second within the league.

The Arkansas-Baylor nocturnal clash at neutral Little Rock must claim a share of this week's conference spotlight with the renewal of the annual Texas-Oklahoma grudge a few hours earlier in the Cotton Bowl at Dallas.

For, if both teams come through—as expected—it means that their Oct. 17 date in Austin will be the fifth time in the past six years that the two teams have met with the winner favored to go on to win or share the title. Both stand 1-0 in loop standings now.

There will be plenty of other action around the circuit, this week, including a conference game under the lights at Fort Worth between Texas Tech (1-1) and Texas Christian (0-1).

The Texas Aggies and Rice Owls journey to the west coast—the Aggies for a night game against defeated Southern California at Los Angeles and the Owls for an afternoon date with Stanford. SMU is idle.

While Texas was proving out its rights to the nation's No. 1 rank by smothering Army a touchdown and rallying to win a 17-6 decision last Saturday, Arkansas gave every indication it was finding the combination that could make it a trouble-some foe down the stretch.

The young Razorbacks held TCU to 11 yards rushing, nicked off six passes and used its defense to avery advantage for a 29-6 verdict.

The offense still needs quite a bit of polishing, but it looks smoother each time out. And, no other league team except Texas appears capable of fielding one any better.

## Sporting Sidelines

By JEFF COHANE

I TOLD YA SO! They laughed when I (no, not sat down at the piano) picked the Cardinals to win the NL pennant and said the Phillies would fold. Now, where is everyone that razzed me when I came back? Unfortunately, we now have to prognosticate the World Series, and it doesn't take a crystal ball to see that a well-rested Yankee team can beat a Card outfit that is worn out after a tremendous stretch drive. Tired or not, the Cards will make a battle of it, but the Ol' Swami sadly forecasts the Durn Yankees in six games.

SPEAKING of forecasts, the tables were completely turned on the Experts last weekend. Everyone did fairly well, with the worst margin being five wrong, but perennial cellar-dwellers Eural "Skinhead" Ramsey and Ray Howard came out smelling like sunshine with only three wrong apiece. . . . mainly because they were loyal to Texas Tech, for once. First time that pair has topped Otis, Brown or myself since about 1891!

Anyway, I finally got one piece of revenge. For years, Yours Truly has been losing steak dinners and milkshakes on sports wagers to Colie Huffman and Doc Bates of White

Deer. For once, the tables were turned as both, as well as Ronnie "Kid" Mills dropped a steak dinner wager apiece to the Swami on weekend football. With onions, please, Mrs. Huffman.

PICTURE adjoining this column is of a vaguely familiar character, now even bigger than ever, and sporting a new haircut, in the person of Don "Squash" McCool. Don, the old Leofors Pirate all-round athlete, now at Oklahoma State, came home for the weekend, and it looked like old times in the News office as he and Terry Bromlow disrupted the Saturday routine.

Don is now up to 196 pounds and still as fast as ever. The OS frosh haven't played a game yet, but are fixing to have a pair in the next month, one of which, a Monday date, the Swami figures to take in. Squash said that when the season started, they had 21 fullbacks and the competition was kind a rough. However, they ran 100-yard dashes and a large number of them suddenly developed into guards and tackles. McCool, a 10.2 runner in high school, is the fastest of the fullbacks, although he lists a number of halfbacks ahead of him.

Don says that Lonnie Richardson, the Allison All-state, rooms nearby and sends his regard to area fans. Ricky Goodwin of Pampa, now at OU, has written Don twice (more than he has us!) and reports that he is do-

ing well with the Sooner frosh. Several folks asked how Phil Woodring is doing at Houston. Although we don't get as many reports on linemen as backs, we understand that Phil is a defensive starter. Need to make a correction on one area boy, Big Jerry Quirk of Groom. Sobin' Jack York reports that Jerry went into the Army before going to West Texas State, leaving Ray Corcoran of Mobettie as the only Top O' Texas athlete at Buffland. As a matter of fact, that may be what's the matter with the Buffs. . . . their freshman roster lists more boys on it from Pennsylvania and area than it does from West Texas!

Sorry we can't report on all Pampa and area boys in college, but some of the schools (like Panhandle A&M) never write, some just write impersonally and some of the youngsters themselves are too lazy. We try to keep up with all of them, but it's just like junior high football games. . . . If they don't call us, we can't report it!

## PJH, Dumas Tie

Pampa Junior High's 7th grade and Dumas 7th battled to a 0-0 tie here Friday. Both teams were handicapped by excessive fumbling. Dumas drove inside the Reaper 10 twice, but lost the ball on downs. Pampa's only threat came on a 30-yard pass from Derral Worley to Don Willis.

A pair of critical district clashes between undefeated-untied Class AAA teams takes the Texas schoolboy spotlight away from the fortunes of the rated teams this week.

In one of them, fast-rising Beaumont Forest Park (4-0, 88-20) meets Liberty (4-0, 151-14) in a 9-AAA title game.

In the other, ninth-ranked San Marcos (4-0, 56-7) is at Gonzales (4-0, 64-6) in a game that could decide the 14-AAA crown.

Class AAA's top-ranked Dumas Demons (4-0, 121-42) are idle, but second-ranked McKinney (30, 64-6) faces one of its sterner tests in 6-AAA when it meets once-beaten Bonham. Third-ranked Brownwood also is idle.

In Class AAAA, the two top games also are involved in district title bids. Amarillo High (4-0, 57-7) plays at once-beaten Borger to see which one is to survive to challenge fifth-ranked Amarillo Tascosa (4-0, 82-25) for the 3-AAAA lead while Tascosa meets Lubbock Monterey.

In the other AAAA stand-out, seventh-ranked Nederland barges into twice-beaten but always rugged Port Arthur in a game to determine which is to scrap Port Neches for the flag.

AAAA's top-ranked Garland, safely past highly-touted Richardson 43-6, hosts Paris in a 7-AAAA feature.

Eight-ranked Victoria, which sprang the biggest surprise of last week with its 27-3 upset of second-ranked Spring Branch, travels to San Antonio Edison, and third-ranked Tyler High hits the road to meet Corpus Christi Ray.

# Bidding Sought For Building of Miami Postoffice

MIAMI (Sp) — The Post Office Department is seeking competitive bids to build and lease the new post office building at Miami, Texas. Postmaster General John A. Gronowski announced last week.

The purpose of competitive bidding, Gronowski said, is to encourage the most attractive and economical offer to the Government in line with President Johnson's economy program to achieve the best possible postal service at the least possible cost.

Under the Department's last Construction Program, the site selected at the northwest corner of the Main St. and Wichita St. intersection will be assigned to the successful bidder, who will purchase the property, construct the building according to departmental specifications and lease it to the Post Office Department for a basic period of ten years, with options to renew the lease for an additional 20 years.

The Department's capital investment will be limited substantially to postal equipment. The building will remain under private ownership with the owner paying local real estate taxes.

Bidding documents will be available this week and may be obtained from V. E. Bell, real estate officer, P. O. Box 1386, Lubbock, Texas 79406. Bell will supply bidding forms; building specifications, lease provisions and other information, and bids must be submitted to him not later than 2:30 p.m., Dec. 3.

## 100th Store to Be Opened in 1965 by Levines

The 100th Levine's store is scheduled to open in the Hurst-Bedford area in early spring 1965.

The lease was signed this week for a 9,000 square foot store in the Shady Oaks Shopping Center in Hurst, William Levine, chairman, announced. He said the new store is located to serve the Hurst-Bedford-Eules area between Dallas and Fort Worth.

In 43 years, the Levine's department store chain has grown from the original store opened by brothers William and Morris Levine in Iowa Park, near Wichita Falls.

The Levine brothers continued to open other stores, using the small store in Iowa Park as a base. When the great Depression of the 1930's came they had expanded until they were 13 stores in the chain.

During this period many department stores in the smaller towns were forced out of business. The Levine brothers, anticipating this economic situation, retrenched but stayed in business. They cut back the 13 store chain to four stores, keeping the original store in Iowa Park, one each in Pampa, Amarillo and Lubbock.

After World War II the chain began a period of rapid growth that has yet to stop.

There are Levine's stores throughout the Southwest in seven states; Texas, Oklahoma, Arkansas, Louisiana, New Mexico, Colorado and Kansas.

The company has just reported a record 12 per cent sales increase in the first six months business and paid it's 35th dividend.
