LIVING FOR OTHERS

One of the greatest thoughts ever expressed came from the lips of a dying man. William Boothe when asked for a message to send around the world it was OTHERS. This one word summed up his great life. Let us say: Lord help me to live from day to day, in such a self forgetful way, that even when I kneel to pray my prayer be for others.

Whenever one discovers that there are others in this, he has taken a long step towards living right. There are others with rights, convictions, others to be taught, others to be trained, others to be healed, others to be reached

There are others who are greatly influenced by what we do. There are others whose hearts are broken by our sin and mistakes. Others who rejoice in our success. Others whose very lives will be made or marred by what

This makes life a most serious and solemn responsibility. No man will be satisfied to go to heaven alone. When Andrew found the Lord he went after his brother. Always there are those who will follow us. Just so, no man can go to hell alone. The terrible tragedy of sin is that it takes the joy out of

Cross. Forget your responsibility. Cain forgot that he was his brothers keeper and became the first murderer. The brothers of Joseph forgot their old father and sold their bother into slavery. Forget others is the philosophy of the deadbeat, the crook, the tramp. It is the philosophy of the Devil.

The Devils plea is to forget others and save yourself. Come down from the

Let me ask-what are you doing? Forgetting others or remembering others. Are you a stumbling block or a stepping stone. Are you a weight or wings?

LIVING FOR OTHERS IS THE LAW OF SACRIFICE

from darkness cannot save itself. The law of sacrifice demands that we give to others the best we have. Not self seekers but self givers have lifted the world closer to God. "The foxes have holes and Etc." The more like a beast man becomes the less like Jesus he is. The more like Jesus we become the more homeless we become. Christ

This law of sacrifice is found in all nature. The candle that saves others

made Himself homeless that He might make a home in His fathers house for every homeless soul. His death was for OTHERS. Blessings always cost. We cannot impart to others with out a loss to ourselves. Every blessing that Jesus bestowed exacted from Him Strength and energy. There is a law in this world as deep as life — that is we save ourselves we cannot save others. The Doctor who saves himself cannot save his patients from disease and illness. If the mother

saves her home from going to pieces, she cannot save herself. Influence that endures, that blesses, that lift to heights comes from those who seek to minister to others instead of trying to save themselves. "The Son of Man came not to be ministered unto, but to minister, and to give His

life a ransom for many. THE LAW OF SACRIFICE DEMANDS VOLUNTEER SERVICE

The sacrifice Jesus made on the Cross he made as willing as if He had nailed Himself there. It was love that held Him to the cross. It was all volun-
