

Fiery Owner Shuts Cafe, Blames Government, Reds

By NICHOLAS C. CHRISS
ATLANTA (UPI) — Segregationist Lester Maddox, who lost the first court test of the new civil rights law, Thursday shut down a restaurant he spent about one third of his life building up rather than open its doors to Negro customers.

Maddox said in a tearful farewell speech to a crowd in front of the Pickrick restaurant. Under federal court order to desegregate the Pickrick, which Maddox said he and his wife started with \$4 and built into a \$450,000 business by working 17 years without a vacation, the fiery restaurateur closed "for good" when two Negro students sought service.

"You no good dirty devil. You've just put 66 persons out of a job. You dirty Communists," Maddox yelled at the Negroes. Forty-four of the Pickrick employees are Negroes. "The President and the government and the Communists closed the Pickrick, not me," Maddox said. "They've ruined everything we've worked for all our lives."

Maddox's wife cried, throwing her arms around her husband. The Negroes, Gary Thomas Robinson, 18, and Calvin Jones, 20, walked away and got back into their car. A crowd of whites surged forward and began beating on the top of the vehicle with their hands. Police moved in and cleared a path for the car to leave.

Maddox has been ordered to appear in federal court Thursday to show cause why he should not be held in civil contempt for allegedly violating the desegregation order. Five Negroes were turned away from the Pickrick, which specialized in fried chicken, Tuesday by Maddox and his employees. A crowd of about 500 whites, many carrying pick ax

handles, which Maddox sells for \$2 each as "Pickrick drumsticks," milled around. Maddox's attorneys filed a response to the show cause order Thursday, asking for its dismissal on the ground the restaurateur had not violated the desegregation order. Maddox contended he did not keep the five Negroes out of the Pickrick, but they left on their

own accord when they learned Maddox would close if they entered and throw 44 Negroes out of work. The contempt hearing may have been made moot by the closure of the Pickrick since civil contempt proceedings generally are aimed at gaining compliance with a court order rather than at meeting out punishment for failure to comply.

FREE TICKET — GOP Congressional candidate Bob Price is shown presenting Mrs. Lyda Gilchrist, 105 S. Wynne, a free ticket to tonight's Republican banquet in Coronado Inn. Principal speaker for the affair is Mrs. Gilchrist's brother, Gov. Henry Bellmon of Oklahoma. The \$10-a-plate dinner is a fund raising affair for Price's campaign. Also attending the dinner will be Jack Crichton, GOP candidate for governor of Texas.

UN Has Promise Of Hold-Fire in Part of Cyprus

Tense Capital of Nicosia Still Cut by 'Green Line' Neutral Zone

NICOSIA, Cyprus (UPI)—The United Nations has won a promise of no more fighting in the Kokkina area but said today it has not been able to gain control in the tense capital of Nicosia.

Gen. T.S. Thimayya, the U.N. commander, reported these developments to a news conference following a tour of northwestern Cyprus and the Kokkina region which was the scene of battling last week.

Thimayya said he had received "assurances from both sides" that there would be no firing at Kokkina, where Greek Cypriots ring a Turkish Cypriot village on the coast.

But he added he was "not happy about the situation in Nicosia, where I have been unable to get control of the situation despite all my efforts."

A so-called "green line" neutral zone dividing the warring Greek and Turkish Cypriots bisects Nicosia and is patrolled by U.N. forces to keep them apart.

Earlier, Greek Cypriots halted a patrol of Swedish U.N. troops at a roadblock in an incident that created friction on this tense island.

United Nations sources said the U.N. troops encountered the roadblock east of Kokkina, scene of the fighting that earlier this week brought Greece and Turkey close to war.

The sources said it was the first time the Greek Cypriots had infringed on freedom of movement of U.N. forces since a cease-fire brought a shaky peace to the island.

The renewed Greek Cypriot interference with U.N. patrols was expected to bring strong reaction from the United Nations forces, and U.N. Cyprus Commander Gen. Kodendera Thimayya went by helicopter to Kokkina to negotiate a cease-fire line in the area.

Thimayya toured Greek Cypriot positions Thursday with Gen. George Grivas, hero of the Cyprus guerrilla war against the British who has taken control of the Greek Cypriot national guard. Greek Cypriot Interior Minister Polycarpus Georgiadis also attended the meeting.

The elevation of Grivas to a high military post raised new questions about the United Nations position on Cyprus since he is reported to regard the U.N. force as a nuisance.

An official spokesman for the Greek Cypriot government of President Makarios said Grivas had assumed operational control of the guard following the resignation of Gen. Michel Karoyannis, though the resignation had not been formally accepted.

Makarios wants continued independence for Cyprus. Grivas wants "enosis," or union with Greece. And the commander of the United Nations peace-keeping force on Cyprus has indicated that Grivas, not Makarios, ordered the attacks last week on Turkish Cypriot villages.

The attacks were followed by Turkish air raids on Greek Cypriot positions, creating a crisis between Greece and Turkey.

John Birch Chief Says Group Won't Act in Campaign

MANITOU SPRINGS, Colo. (UPI)—Robert Welch, founder of the John Birch Society, said Thursday night his organization would take no official part in partisan politics during the 1964 election campaign.

Welch spoke to 200 persons at the Christian Crusade Anti-Communist Youth University here.

He made no mention of Sen. Barry Goldwater, the Republican presidential candidate who has the support of most members of the society.

He said it was important for citizens to take part in politics and that members of the society would be taking a "very active part" individually.

LBJ Signs Pay Hike For Federal Employees

WASHINGTON (UPI)—President Johnson signed in law today a \$558 million pay raise for federal civilian employees, describing the measure as ranking "near the top of the list in importance to the entire country."

He said the average 5.5 percent pay boosts will "reward and retain excellence in our federal service" and constitute "one of the most profound advances in the last 30 years or longer."

"This is more than just a pay bill," Johnson declared before putting his name to the legislation in a ceremony attended by government officials and members of Congress in the White House Rose Garden.

Johnson said the bill "is, as the title says, a reform measure."

The legislation will increase the salaries of House and Senate members by \$7500 each starting next year and advances the pay immediately of every other civilian federal employee except the President himself. Congressional pay will go up to \$30,000. Johnson said the raises will help make pay scales in government "reasonably comparable with those of private life."

At the same time, he said taxpayers have a right to expect high productivity from government workers and "a full dollar's value for every dollar spent."

This was the second pay bill signed by the President this week. He placed his signature Wednesday on a measure hiking pay of military men by \$207 million.

Johnson said the new increase, when averaged out with years there were no pay boosts, places the federal scales "within the range of the wage guide post suggested for private industry" as being non-inflationary.

The bill authorizes pay increases for some 1.7 million employees, high ranking executive collar workers, postal employees, high ranking executives and members of the judicial and legislative branches of government.

For almost everyone, the pay hikes will be retroactive to early July. For congressmen and congressional employees making more than \$22,000 annually, the increases won't take effect until January, 1965.

This provision was added as a sweetener to a secondary bill. Sensitive to the charge

Civil Rightists Plan to Picket Demo's Parley

NEW YORK (UPI)—Civil rights forces plan to picket the Democratic National Convention in an attempt to get "Freedom Democratic Party" representatives seated.

James Farmer, national director of the Congress of Racial Equality (CORE), in announcing the plan, said that a "strategy office" would be set up in Atlantic City, site of the convention.

"Terroristic and other unconstitutional" methods had been used to bar Negroes from the Democratic party delegation to the convention from Mississippi, Farmer said.

James Foreman, director of the Student Non-Violent Coordinating Committee, said delegations from New York, Connecticut, Illinois, Michigan, Wisconsin, California and Minnesota had voted to have the "Freedom Democratic Party" representatives seated.

The District of Columbia had approved taking similar action and a Massachusetts group also was expected to, he said.

Reapportionment Issue May Delay Congress Adjourning

By WARREN DUFFEE
WASHINGTON (UPI)—Senate liberals threw up a barrage of amendments today to aid their talkathon against a proposal which would stall the Supreme Court's "one man, one vote" ruling on apportionment of state legislatures.

Reapportionment outweighed all other business in both Senate and House. Congress still hopefully aiming for an Aug. 22 adjournment — found itself caught in a snowballing issue that pitted city vs. rural lawmakers as no other has in years.

The squabble, which the Democrats especially would like to avoid in this election year, presented the biggest threat to adjournment before the party's national convention at Atlantic City, N.J., which begins Aug. 24. The battle shaped up this way:

In the House, the powerful, southern-led Rules Committee voted 10 to 4 Thursday to bypass the Judiciary Committee and send to the floor a bill by Rep. William M. Tucker, D-Va., which would forbid federal courts to rule on the apportionment of state legislatures.

MORE VIOLENCE EXPECTED FOR 2 JERSEY CITIES

Civil Rightists Plan to Picket Demo's Parley

Top Officials Plan New Moves in Riots

NEW YORK (UPI)—Civil rights forces plan to picket the Democratic National Convention in an attempt to get "Freedom Democratic Party" representatives seated.

James Farmer, national director of the Congress of Racial Equality (CORE), in announcing the plan, said that a "strategy office" would be set up in Atlantic City, site of the convention.

"Terroristic and other unconstitutional" methods had been used to bar Negroes from the Democratic party delegation to the convention from Mississippi, Farmer said.

James Foreman, director of the Student Non-Violent Coordinating Committee, said delegations from New York, Connecticut, Illinois, Michigan, Wisconsin, California and Minnesota had voted to have the "Freedom Democratic Party" representatives seated.

The District of Columbia had approved taking similar action and a Massachusetts group also was expected to, he said.

By MICHAEL MUKASEY
PATERSON, N. J. (UPI)—Law enforcement officials prepared today for a weekend of racial violence following the third straight night of fighting between Negroes and police in two northern New Jersey cities.

Mayor Frank X. Graves Jr. was expected to meet later in the day with the chief of police and top city aides to discuss any new moves against the Negro rioters who have become the night-time rulers of the city's slums.

Graves has ordered 200 uniformed policemen on weekend standby duty and police officials said more men would be available if needed.

In addition to the police, Graves has ordered several fire companies on standby alert with fire hoses in case they are needed to help quell any violence.

Twenty miles south in Elizabeth, where racial violence also continued for the third night, police said they were ready "for any eventuality." They would not speculate on what might happen during the weekend, but said police would continue to be on alert.

Graves placed a ban on all public gatherings Thursday and said the order would stand until further notice. Most Negroes remained in their homes Thursday night during the violence.

Twenty-eight Negroes were arrested and four persons, three of them policemen were injured here. In Elizabeth, seven Negro youths were jailed. No one was reported injured in the Elizabeth rioting Thursday night.

Shots were fired by police in two incidents — one in Paterson and one in Elizabeth — but trouble was scattered and sporadic in both cities.

In Paterson, Graves supervised 200 helmeted police, some armed with shotguns, as he sped from trouble spot to trouble spot, driving a car with flashing red lights and a wailing siren.

"Peace and order will be maintained in Paterson at all costs," Graves said. "We will keep extra police on duty as long as necessary — this weekend for sure."

Scores of windows were broken in Paterson and four Molotov cocktails were thrown, one landing at the feet of ABC-TV newsmen Piers Anderton. Another smashed against the door of Rubin's Tavern on Paterson Avenue. Anderton was not injured and little damage was done to the tavern.

Shots were fired in Elizabeth when a Negro youth tossed a barrage of bottles at a patrol car from a roof. Police ran to the rear of the building, fired into the air and arrested the culprit.

The only other Elizabeth arrests came when police caught five Negro youths driving toward the Pioneer Homes Negro housing development in a car loaded with Molotov cocktails. Paterson police arrested Ne-

WEATHER
PAMPA AND VICINITY—Partly cloudy and hot through Saturday. Chance for a few thundershowers today and tomorrow. Low tonight upper 60s, high tomorrow 180. Winds southerly 15-20 m.p.h. diminishing by nighttime.

Oklahoma Governor Due Here for Talk

Henry Bellmon, Republican governor of Oklahoma, is expected to arrive in Pampa at 5:30 p.m. today to address a fundraising dinner for congressional candidate Bob Price.

Bellmon, Oklahoma's first Republican governor since statehood, is expected to arrive aboard a state plane at Perry LeFors Field. He will address the \$10-a-plate dinner at 8 p.m. tonight in Coronado Inn.

Jack Crichton, Republican candidate for governor of Texas, will also attend the dinner and is scheduled to introduce Bellmon.

A reception for Crichton is scheduled for 7 p.m. in Coronado Inn.

Accompanying Bellmon on the trip will be Bud Johnston, secretary of the Oklahoma Board of Affairs.

Bellmon entered politics seriously in 1960 when he was elected state chairman for the Republican party. He was serving his second term in this office when he resigned to run for governor. He was elected Nov. 6, 1962, defeating his Democratic opponent by a margin of 77,000 votes.

During the 1963 legislative session, Bellmon, working with a predominantly Democratic legislature, fulfilled a campaign promise and held the line on taxes.

Bellmon's term will expire January 1967.

U.S. Expects Big Rocket Shot by Reds

HOUSTON (UPI)—As many as three or four Soviet cosmonauts are believed to be training for a rocket spectacular that could give Russia a one-and-one-half-year lead over America in manned conquest of space.

The feat, which may break most existing space flight time and distance records in the process, is expected within the next few days — possibly as early as this weekend.

If the estimates of a number of U.S. sources hold true, at least two improved rocket boosters carrying heavier Vostok spaceships manned by one or two cosmonauts each will thunder from launching pads at Baikonur, near the Aral Sea in the Soviet province of Kazakhstan.

Cashier Abducted; Airline Held Up

NEW YORK (UPI)—Four neatly dressed armed men driving a white automobile forced an American Airlines cashier to open a safe at Kennedy International Airport this morning and made off with \$63,000 in cash and \$20,000 in checks, police reported.

The cashier, John Young, told police he was on his way to work at 6 a.m. EDT when he was approached a block away from his home by a white car. He said the car pulled to the curb, two men jumped out, and he was forced into the back seat at gun point.

Young said the car sped to the American Airlines hangar at the airport, where the four men forced him to open the ground floor office and unlock the safe. They took the payroll, which had been brought to the hangar Thursday by armored car, and escaped, Young said.

POLLY'S POINTERS

Men, Hold Napkin in Place With Tie Clasp

By POLLY CRAMER

By POLLY CRAMER, Newspaper Enterprise Assn. DEAR POLLY — My tip is for male readers to use when dining out or at home. To keep that pesky napkin in its place, tack it down with your tie clasp.

—JACK DEAR POLLY — A yard trash burner can be very ugly. I made one that I would be proud to place anywhere in the yard. Lay bricks in a circle about two feet in diameter, three inches between each brick. Next lay another row on top, putting the bricks over the open spaces below. Continue alternating rows in this way until 15 or 18 inches high. The air spaces provide good ventilation and trash burns perfectly. Twice a year I remove some front brick, clean out the ashes, replace the brick and it is ready for another six months' use.

—MRS. T. W. DEAR POLLY — I have saved

the life of many a girl by mending it with nylon baby yarn. Keep it in the mending basket for mending hose, etc., where an especially strong but soft, elastic yarn is needed. I use it in different colors for sewing buttons. This also is a real money saver. Odds and ends left over from knitting also come in handy for these mending jobs.

—EDITH GIRLS — If you have ever tried to break nylon yarn when knitting, you know how strong it is. I have cut my fingers trying to break it.

—POLLY DEAR POLLY — I read the Pointer for using lemon juice for rust stains. Instead of spreading the garment in the sun after using the lemon juice, hold the spotted area over the spout of a steaming tea kettle. The spots fade like magic. The most delicate colors are not harmed as they might be in the sun.

Dear Abby...

Son's Thoughtless — But He'll Turn Up

By ABIGAIL VAN BUREN

DEAR ABBY: Our son never was very good about writing, so when he went into the service we didn't expect too much in the way of mail from him. After we didn't get one line from him in over six months we got in touch with the American Red Cross, and they sent word to us that our son had been discharged three months ago. Isn't the Army supposed to send a boy home after he's been discharged? I am sure they are. So why didn't they send ours home? We are worried.

has, the more he wants. Instead of its filling a vacuum, it makes one." (Ben Franklin)

Problems? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to Abby, Box 69700, Los Angeles, Calif., for Abby's booklet, "How To Write Letters For All Occasions."

A MOTHER

DEAR MOTHER: When a serviceman is discharged his transportation home is paid, but nobody "takes" him there. The Army is not responsible for a man once he is discharged. Don't worry. A son who doesn't write home once in six months is probably in good health somewhere, enjoying himself. He'll turn up.

DEAR ABBY: Should the man who CATCHES the fish have to clean them before bringing them home? Or should his wife clean them?

LOVES TO FISH

DEAR LOVES: If the man fishes for sport, he should be a good sport and clean them himself. But no fisherman will clean fish if he's caught a sucker.

DEAR ABBY: My daughter and her fiance made an appointment to have a talk with our clergyman about plans for their forthcoming marriage. When they came back, they were both disgusted. The first thing the clergyman asked my daughter was, "Are you pregnant?" She most certainly was not, but even if she had been, I don't think it would have been any of his business. I thought clergymen were supposed to discuss the teachings of the Bible, and the proper execution of the sacraments. If this is something new, maybe we should have doctors of medicine in the pulpit. I would like your comments.

ALSO DISGUSTED

DEAR ALSO: Clergymen are even as you and I. There are some bad apples in the liturgical barrel just as there are in other barrels, so don't judge all clergymen by yours. He should be reported to his immediate superior.

CONFIDENTIAL TO WALLY IN HUNTSVILLE: You place too much emphasis on money. "Money never made a man happy yet, nor will it. There is nothing in its nature to produce happiness. The more a man

ABWA Honors

Barbara Dwight

American Business Women's Association met Aug. 11, in the home of Maxine Nabors for a business meeting and salad supper with 21 members present.

Speaker for the evening was Mrs. Vernon Hall, who demonstrated millinery designing. Mrs. Billy Wright presided at the meeting. Vocational talks were given by Mrs. Loyd Laramore of Dr. Phyl's Doll Hospital and Mrs. Alta Mae McElrath of Radcliff Supply.

Guests attending were Barbara Louise Dwight, ABWA's 1964 scholarship recipient, and her mother, Mrs. Clyde Dwight. A loan from the Stephen Bufton Memorial Educational Fund was also presented to Miss Dwight.

Next meeting will be Sept. 8 at 7 p.m. at Harvester Pit Bar-B-Que.

SUMMER FRIEND

Wigs and wiglets are a girl's best friend during summer. Humidity or surf notwithstanding, you can turn up dressed for the evening as smartly coiffed as though you had just come from the beauty salon.

Manners Make Friends

Men should think about their figures, too, when selecting sportswear.

Panhandle Scout Camp Announced

PANHANDLE (Spl) — Mrs. Charles Smith, camp chairman for the annual Girl Scout Day Camp, has announced that the camp will be held at Paul Park, Aug. 17-21 from 8 a.m. to 12:15 p.m.

All Brownies and Girl Scouts are urged to attend, Mrs. Smith stated.

Co-directors of the camp will be Miss Mary Ewing and Miss Marjorie Ewing.

Nature study, campcraft, arts and crafts, dramatics, flag etiquette, folk dancing, singing and cooking will be taught at the camp.

Plans for Rodeo Near Completion

Last-minute details in preparation for the third annual Top O' Texas Professional Rodeo will be finalized during a directors meeting at 8:30 p.m. Monday.

The rodeo is scheduled four days, Aug. 26-29, with the Kid Pony Show Aug. 25.

Tickets will go on sale in Rodeo offices, located in the Pampa Chamber of Commerce, Aug. 21.

Registration for the Kid Pony Show will open at 8:30 a.m. Monday.

Entry blanks may be obtained in the rodeo offices.

Kid Pony Show practices are scheduled for Aug. 18, 20 and 22, in Recreation Park.

Lamb County in the Texas Panhandle is almost square, measuring 30 miles from east to west and 34 miles from north to south.

Course in Mother, Baby Care Ended

Miss Donna Sims, Red Cross nurse representative for the Panhandles of Texas and Oklahoma, completed teaching a class in "Mother and Baby Care" Wednesday afternoon.

Registered nurses from seven communities were in Pampa for the three-day course and will teach the nursing course this fall and winter in their own communities.

They were: Mrs. Cathryn Brown of Panhandle, Mrs. Marsha Houser of Phillips, Mrs. Virginia Kock of Darrouzette, Mrs. Esther Springer of Hereford, Mrs. Anna Stend of Hereford and Mrs. W. L. Veale of Pampa.

Home economics teachers were: Mrs. Irene Harris of Follett, Mrs. Naomi Mounsey of Booker and Mrs. Louise Chase of Follett.

Mrs. Walter Noel took a refresher course Tuesday evening in "Care of the Sick and Injured." Mrs. Noel will teach community classes in Pampa for the Red Cross.

Grand Jury in Lubbock Indicts Terry Sheriff

LUBBOCK (UPI) — Terry County Sheriff James Fulford, 32, of Brownfield has been indicted by a grand jury in Lubbock on charges of robbing a Negro cafe owner of \$317 the man won in a dice game.

Miles Neil of Lubbock said Fulford took the money July 10 after a dice game they both allegedly participated in at another Lubbock cafe.

Neil's written statement said Fulford called him outside, said he was cheated and asked for his money back. Neil said he kept the \$100 he started with and gave \$317 in winnings to Fulford.

Fulford, who was defeated by Homer Parker in a May election, will continue as sheriff until Jan. 1. His case is expected to reach trial in September.

Quotes From The News

By United Press International WASHINGTON — President Johnson, contending that a new and resolute morality is developing in the world which lessens the danger of a major war: "This new morality of mankind is nowhere more manifest than in the growing respect for the peace-keeping and peace-making purposes of the United States."

MOSCOW — Tass, the Soviet news agency, disclosing that the Soviet Union has accused U.S. Air Force planes of harassing Russian passenger and cargo ships in international waters around the world: "The Soviet government has lodged a protest against the dangerous and provocative actions of the American air force which impermissibly buzzes Soviet passenger and cargo ships in the international waters of different areas of the world."

WELL, I SWAN! — Feather in anyone's cap would be the job held by John Turk, above, the queen's Swan Keeper, in London. Chief duty: an annual expedition, called "swan-upping," on the Thames River to separate Queen Elizabeth's swans from those of lesser moment. Royal swans are unmarked, privately owned swans are marked on the peak.

LIMIT BABY ASPIRIN — Sen. George S. McGovern, D-S. D., wants the Food and Drug Administration to limit "baby aspirin" to no more than 25 tablets per bottle.

McGovern said such a limitation would save the lives of many youngsters. He said more than 150 children under 5 die each year from self-administered over-doses of the flavored aspirin.

The standard bottle of baby aspirin contains 50 pills, more than a lethal amount for a young child, McGovern said. If the standard bottle were to contain 25 tablets instead of 50, he said, a child would get sick but he would survive.

Train Hits Auto Stalled on Track

Early this morning a Pampa resident's automobile stalled on the Sante Fe tracks and while he was gone for help a west bound Sante Fe Freight train completely demolished it.

The accident occurred about 1:50 a.m. on a dirt road approximately one mile east of Pampa.

The auto was owned by Roland Kenyon of 928 E. Francis. Highway Patrolman Vernon Cawthon said the car's engine died just as Kenyon drove upon the tracks.

Pampan Injured In Auto Accident

A one-car turnover eight miles west of Pampa last night injured a 37-year-old Pampa man.

Leon Pinley of 601 E. Foster was admitted to Highland General Hospital last night following injuries received when his late model Thunderbird overturned on the Skelly-Schaffer Gasoline Plant road.

Pinley, who was alone in the auto, was traveling west when he failed to negotiate a curve, crashed into an embankment and overturned.

He was brought to the hospital by a passerby. Hospital attendants list Pinley in good condition.

Three Complete ARC Swim Course

Three youngsters have completed their 50-mile swim in the Red Cross Stay Fit program this summer. They have worked during the summer months on the swim team at the Pampa Youth and Community Center, and at Boy Scout Camp.

They are: Dana Martin, daughter of Mr. and Mrs. Fred Martin, 800 Bradley Dr.; Chris Kenney, son of Mr. and Mrs. Lonnie Kenney, 701 Bradley Drive; and Rickey Low, son of Mr. and Mrs. Ray W. Low, 1029 S. Farley.

Firemen Extinguish Fire in Automobile

Pampa firemen extinguished a car fire last night in the only activity reported during the past 24 hours.

The small blaze occurred at 9:22 at the intersection of Hobart and Kentucky in the engine of an automobile owned by Richard Dismuke.

Firemen said a short in the wiring system was blamed for the fire.

THE WORLD'S FINEST USED CARS ARE BUILT BY CADILLAC.

To prove our point, we offer as evidence the three Cadillacs shown above.

From top to bottom in our illustration are a 1960 Sedan de Ville, a 1962 Coupe de Ville and a 1963 Sixty Special. Each is unmistakably Cadillac. Each, regardless of vintage, will have special appeal to the man who desires the comfort, convenience and pride of ownership that only Cadillac can offer.

That's why thousands of wise car buyers favor a previously owned Cadillac over new cars of other makes. First of all, they realize that Cadillac engineering is so far advanced that "newness" becomes a relative term. In fact, there are features found on late model

Cadillacs that are only now being offered on other cars. This is a major reason why a Cadillac retains its value through the years, from buyer to buyer.

Another thing to consider. Cadillac owners lavish the most meticulous care on the cars they are so proud to own. The "car of cars" almost always receives regular maintenance and servicing by highly skilled and carefully trained mechanics.

Your authorized Cadillac dealer's selection of one-owner models has never before been so appealing. And he can probably match one of these fine cars to your budget. Who knows? Your used Cadillac could possibly be the "newest" car you've ever owned!

MORE TEMPTING THAN EVER—AND JUST WAIT TIL YOU DRIVE IT—SEE YOUR AUTHORIZED CADILLAC DEALER

Pope Paul VI Proves Hard to Characterize

By LOUIS CASSELS
United Press International
Pope Paul VI is proving to be very hard to characterize. Is he a progressive or a conservative? Is he committed to reform and reunion, like Pope John XXIII? Or is he preoccupied with the problems of Italian politics and international diplomacy, like Pope Pius XII? When Paul VI ascended the papal throne last June, he was regarded as the chosen heir of John XXIII. In fact, it was widely predicted that he would be even more progressive, and even more devoted to the cause of Christian unity, than his predecessor. This prediction seemed to be amply justified by his record. As Cardinal Montini, he had been a leader of the progres-

sive forces in the first session of the Vatican Ecumenical Council. The first widespread questions about the new Pope's course arose during the council's second session last fall. Pope Paul declined to support the progressives in their attempt to get an immediate vote on a declaration in favor of religious liberty and a statement excoriating the Jewish people of the crucifixion of Christ. Council progressives also were disappointed by what they regarded as the Pope's failure to throw his full weight behind a document spelling out the so-called "Doctrine of Collegiality," which holds that all bishops share with the Pope in the exercise of supreme authority in the church. Reports sped through the

council that conservative leaders of the Roman Curia had succeeded in persuading the Pope that Italy was on the brink of going Communist, and that he could avert this disaster only by de-emphasizing the idea that the Catholic Church needed reforming. These reports have never been confirmed, and many Vatican observers have always felt that they were gross exaggerations, at best. But they are likely to be revived by Pope Paul's first encyclical, which was issued this week. A large portion of the 12,000-word encyclical was devoted to a blistering denunciation of Communism. It was clearly intended to strengthen anti-Communist parties in Italy, and to close the "opening to the left" attributed to John XXIII.

The encyclical also laid heavy stress on papal supremacy as an essential concept which the Catholic Church can never compromise for the sake of Christian unity. By adding fact to rumor, and mixing in a dash of speculation, it would be quite possible to arrive at the conclusion that Pope Paul has gone over to the conservative side and is no longer bent on carrying out the program of John XXIII. But this conclusion would not necessarily be true. For there are other facts which need to be considered. One is the agenda for the third session of the Vatican Council beginning Sept. 14. It is headed by the "collegiality" document—and those who have read it, in the form it will be voted upon, say that it is as forthright as any progressive could desire. Close behind it on the agenda are declarations on religious liberty and the Jews.

DR. GORDON BAYLESS
... revival leader

Baptist Church To Hold Revival August 16 to 23

Two evangelists, formerly of Pampa, will begin a revival meeting at the First Baptist church Sunday, Aug. 16-23 in and close Aug. 23 and close Aug. 30. Gibson will lead the music and fellowship for various ages following the evening services. Youth week starts Sunday at the Central Baptist church with local youths of the church leading in all phases of the worship. The youth week will be followed by a revival led by Rev. Gene Garrison of Altus, Okla., and with these general officers 60 to 70 other youths will serve as officers in their fields. The revival services to follow will start Aug. 23 and close Aug. 30. Gibson will lead the music and fellowship for various ages following the evening services.

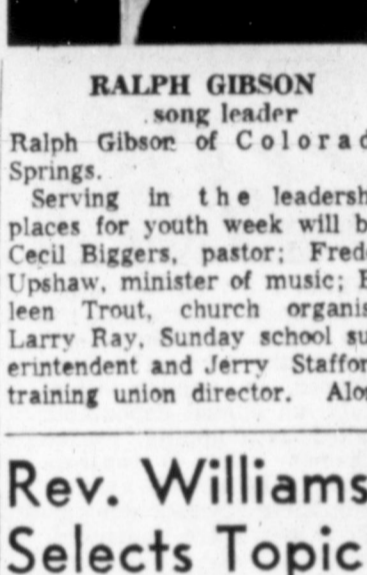

Church Page

Youth Week, Revival Set at First Baptist

Youth week starts Sunday at the Central Baptist church with local youths of the church leading in all phases of the worship. The youth week will be followed by a revival led by Rev. Gene Garrison of Altus, Okla., and with these general officers 60 to 70 other youths will serve as officers in their fields. The revival services to follow will start Aug. 23 and close Aug. 30. Gibson will lead the music and fellowship for various ages following the evening services.

Revival Week Set to Start in Skellytown

Evangelist Winferd Mack of Seminole will conduct nightly revival services Aug. 16-23 in the Skellytown Assembly of God Church and Larry Ford of Levelland will be the featured soloist and song leader. Rev. Dwayne Harper, pastor,

RALPH GIBSON
song leader

Ralph Gibson of Colorado Springs. Serving in the leadership places for youth week will be: Cecil Biggers, pastor; Freddy Upshaw, minister of music; Eileen Trout, church organist; Larry Ray, Sunday school superintendent and Jerry Stafford, training union director. Along with these general officers 60 to 70 other youths will serve as officers in their fields. The revival services to follow will start Aug. 23 and close Aug. 30. Gibson will lead the music and fellowship for various ages following the evening services.

WINFERD MACK
... evangelist

Larry Ford leads songs said Evangelist Mack will speak at services which will start at 7:30 p.m. each day except Saturday. "Evangelist Mack has recently completed crusades in the south sea islands and Canada," Rev. Harper said. He is considered one of the leading youth evangelists of America. Ford who is 17 years old is rated as one of the best religious singers in the southwest.

District Meeting Cancels Sermon

Rev. Russell G. West will not give a sermon during the Sunday services Sunday at the Church of the Brethren, 600 N. Frost, due to a district conference which is now in session. Sunday school will be held at 9:45 a.m. for those who can't attend the conference being held at the Spring Lake Church camp near Cordell, Okla. The church is celebrating the 20th anniversary of the camp in a special program Sunday afternoon and Rev. West will preach the anniversary sermon entitled "Holy Ground".

Revival to Start

Evangelist Billy Watson of Athens will conduct revival services at 7:30 p.m. in the West Side Baptist Church, 326 N. Naida, Aug. 17-23. Rev. O. T. Johnson, local pastor, said Watson will bring a special message each night of the revival and will lead the congregation in special singing.

Rev. Smith to Fill Pulpit at Highland

Rev. M. B. Smith, former Pampa pastor, will fill the pulpit for both morning and evening services Sunday at the Highland Baptist church. Special music for the morning service will be sung by Mrs. H. E. Winegeart and Mrs. M. W. Be lott.

THE THREE R'S OF CHRISTIANITY

Psalms 90:1a "Lord thou hast been our dwelling"

In many homes across America today, The Three R's of Christianity are forgotten. Our country was built on Reverence to God, respect for others. Responsibility to one's self. It is my thinking, in the day we live in, this is our only hope.

Reverence for God is forgotten most of all. Today it is much easier to leave God alone and completely out of the picture. The faith and fear of God our forefathers had, sustained them thru hardships seemingly too hard to bear. The reverence they had for God is what prompted these men to live acceptable before God. On every hand, we find people in a spiritual upset. This can be straightened up in every individual life. To reverence, God means to live a life free from sin and Satan. If each person would reverence God, they would have a greater conception of God's goodness.

Respect for others — To respect someone else is perhaps the greatest task you and I could ever have. To respect a neighbor, a friend — whoever it may be. The bible tells us "To Love Thy Neighbor As Thy Self" Love commands respect for another. We must respect others if they are to respect us.

Responsibility to one's self — Each and every one of us have responsibilities. It may be that responsibility does not appeal to us, but this is one that we cannot forget. It is the responsibility of our souls. Salvation. If Christ should return for his children today, would you be ready? The destination of your Soul lies with you. This responsibility is ever present. This does not leave by trying to forget. Accept this challenge — carry your responsibility by your self... respect others and reverence our great and wonderful God.

57TH YEAR FRIDAY, AUGUST 14, 1964 7

Yankees Whack White Sox 5-2

By United Press International
Sounds like the Yankees of old.
Elston Howard wasn't trying to hit a home run—but did, and lefty Al Downing wasn't sharp—but won.
Howard came to bat with two out, two on and the score knotted at 2-2 in the eighth inning Thursday night and drilled a Gary-Peters curve ball 410 feet into the left-center field bullpen at Yankee Stadium to give the Yankees a 5-2 victory over the White Sox.

"You don't go for a homer in that situation," the American League's most valuable player of 1963 said afterward. "I just wanted a base hit to win it but I knew it was gone when I hit it."

Pitches Complete Game
Downing went all the way, as Peters did, and was reached for 10 hits, the most he has allowed in any game this season.

"I've had better stuff. I wasn't as sharp as I've been in some other games," the 24-year-old southpaw explained while making it clear he was pleased with the victory. "I didn't have my good fast ball and I couldn't get the ball where I wanted it at times."

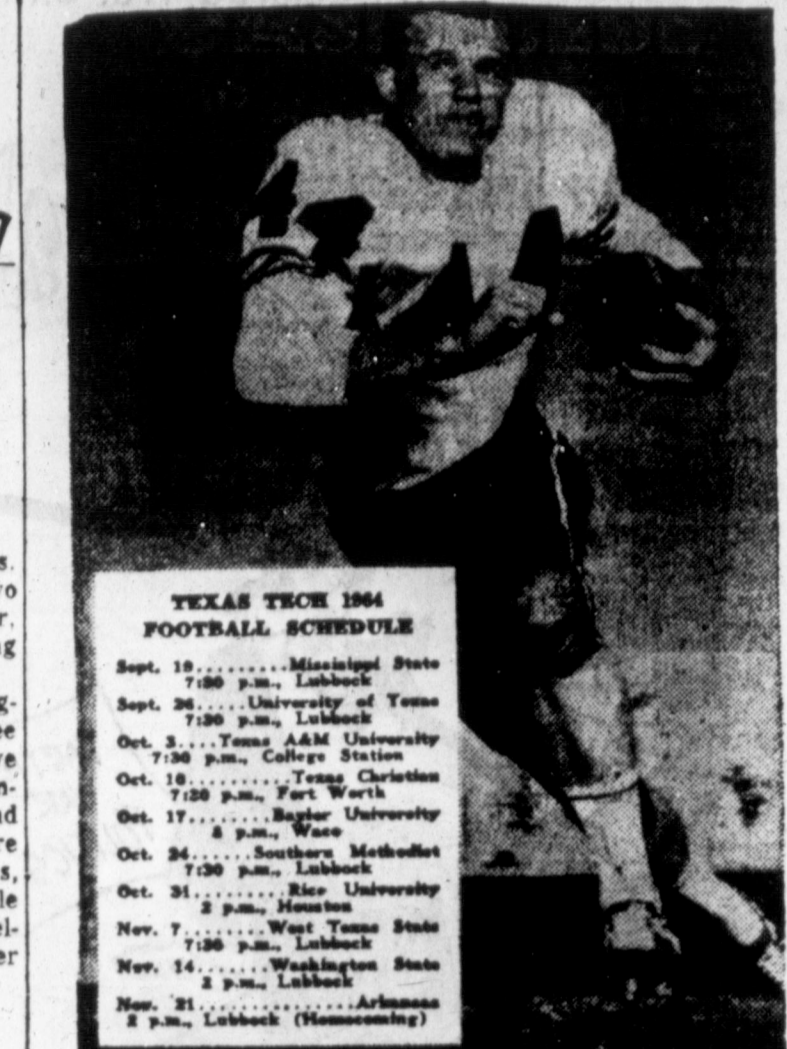

The defeat dropped the White Sox three games behind the pennant-hopeful Baltimore Orioles.
Baltimore crushed Boston 7-1, Minnesota defeated Detroit 6-3, and the National League leading Philadelphia Phillies suffered a 3-1 setback at the hands of the Chicago Cubs in Thursday's only other major league action.

Take Quick Lead
The Orioles jumped on Boston starter Bill Monbouquette for five runs in the first inning and then coasted to victory behind the combined five-hit pitching of Robin Roberts and Stu Miller. Brooks Robinson belted his 17th homer of the campaign to highlight the five-run uprising. The final two Baltimore runs scored in the fourth on an infield grounder with the bases loaded as the Red Sox were caught napping.
The Twins scored all their runs in the first two innings as Camilo Pascual picked up his

Buffalos Sign Ray Corcoran

MOREETIE—Ray Corcoran, Moretite's do-it-all athlete, has accepted a football scholarship to West Texas State University.
Corcoran lettered four years in football and basketball and made all-district twice in each sport. He was a regular in baseball for three years and went to Regional twice as a 220-yard dash man. He also went to Regional once in the 100-yard dash and once on the 440-yard relay team.
The 5-11, 166-pound back will play only football at West Texas.

Two weeks ago, playing both quarterback and halfback, he scored a touchdown and gained 77 yards in the 8-man all-star game in Ranger to help his West team to a 21-0 victory.
In his senior year at Moretite, Corcoran scored 124 points and was chosen all-district on both offense and defense for the second straight year.
He averaged 20 points in basketball as a junior and 23 as a senior.

ALL-SOUTHWEST CONFERENCE as a sophomore last season, halfback Donnie Anderson and his Texas Tech teammates face another rugged football schedule. The Red Raiders open at home against two bowl winners last year—Mississippi State (Liberty Bowl) and University of Texas (Cotton Bowl), nation's No. 1 team for 1963.

East Germany to Control Unified Team in Olympics

BONN, Germany (UPI)—The East Germans have won control of the unified East-West German team to the Olympic Games in Tokyo.
And the East German coach has said he will use this control to split the German contingent at future Olympic Games into separate teams.

West Germany has three times as many people as East Germany. But the Communist East German Gymnastic and Sport Association already has placed 88 men and women on the all-German team, compared to only 60 from the West German Sport Association.

Every indication is the ratio will be maintained during the remaining elimination contests to choose the other members of the 400 person team.

Headed By Communist
The Communist superiority meant the official head of the German team in Tokyo will be a Communist—Manfred Ewald, a 38-year-old "sports politician" who once was a Nazi but joined the Communist handwagon immediately after World War II.
Ewald and his West German opposite, Willie Daume, 51, a foundry owner from Dortmund who was on Germany's Olympic basketball squad in 1936, meet Sept. 2 to put together the final list of entries for Tokyo.

But the Communist technique already has paid off. Ewald says the next step, to be taken at Tokyo's meeting of the International Olympic Committee, is world recognition of two German states as far as sport is concerned.

The Communists' chances of attaining this goal are good. Forty other sport associations already treat Germany as two states.
The methods the Communists used in the Olympic struggle are the same they bring to politics.

Insisted On Parity
Although West Germany has a population of 52 million compared to 17 million in East Germany, the Communists insisted on parity in the Olympic elimination rounds.
Every time there was talk of any kind of all-German political or economic committee, the Communists made the same demand.

Politically, the West has rejected parity. But in sports, the West capitulated, with the result that the Communists have many more members on the one German team going to Tokyo than they deserve, because a number of deserving West Germans were eliminated in preliminary competition.

The East German athletes also appear to try harder than do their West German competitors, perhaps because the rewards are relatively greater. Membership on the East German "National" or Olympic teams means government subsidies, and trips to countries forbidden to other East Germans.

CBS Purchases Yanks

By United Press International
NEW YORK (UPI)—The Columbia Broadcasting System ended the question of whether baseball is a business or a sport today by purchasing the New York Yankees for an estimated \$10 million.

The deal, which was two years in the making, immediately was assailed by two American League owners who openly wondered at the motivating reasons behind it.

While neither CBS nor Yankee officials were commenting on the transaction yet because of certain legalities still to be ironed out, it was learned reliably that the purchase was made primarily to give CBS a foot in the door for the television rights to baseball's projected new game-of-the-week on Monday nights.

Others May Join
As one baseball man put it: "It wouldn't surprise me in the least to see the National Broadcasting Company go out now and buy a ball club of its own."

Under terms of the sale, CBS purchased 80 per cent of the Yankees while the former owners, Dan Topping and Del Webb, retained 20 per cent. CBS also has an option to buy the remaining 20 per cent within the next five years.

American League President Joe Cronin said in Boston the sale had been approved by three-quarters of the 10 league club owners. The two who attacked the deal openly were

Arthur Allyn of the Chicago White Sox and Charles O. Finley of the Kansas City Athletics. Allyn was upset by "the high-handed manner in which it was conducted."

"It's a hell of a way to run a league," said the White Sox president. "I don't like to be called at 11:45 about something and be asked to approve it in three hours."

Voted Against Sale
Allyn voted against the sale; Finley said he never had a chance to do so, but made it clear he would have.

Finley said this was "just another perfect example of the shenanigans of the American League President, Joe Cronin, and the New York Yankees. I can't understand the stupidity of some of the other owners in voting for this. It isn't right."

Topping and Webb apparently thought it was, for the sale enables them to more than double their original investment.

The two of them, along with Larry MacPhail, bought the Yankees in 1945 for \$2.8 million, and two years later Topping and Webb bought out MacPhail's one-third share for \$2 million.

Since then, the Yankees have won 14 pennants and 10 world championships but even they've been having their troubles the past two seasons.

Fans Prefer Mets
Overall, they showed a profit of less than \$300,000 last year when their attendance skidded to 1,308,920, the Yankees' lowest since World War II. To make matters worse, New York fans seemed to show a preference for the Mets, who drew 1,060,104 last season in the smaller and more antiquated Polo Grounds.

This year, the Mets are even outdrawing the Yankees at spanking new Shea Stadium right across from the World's Fair.

Quietly and without fanfare, the Yankees have been trying to cut expense and although they don't publicize the fact, they stand to lose money this year.

Topping and Webb will split the \$10-million right down the middle, 50-50.
For the purchase price, CBS not only obtains the franchise, but also the Yankee players' contracts; the lease on Yankee Stadium; the concession contracts; the Yankees' minor league holdings and the existing radio and television contracts.

Garren Records CC's Longest Ace

Twenty-year-old Duke Garren fired the longest hole-in-one ever recorded over the Pampa Country Club course yesterday, a 382-yarder on hole number nine.

Club pro Hart Warren said it may be the third or fourth longest ever holed in the United States.

Garren's shot will not be submitted for national recognition, however, because of rules regarding such shots. In order to be officially recorded, an ace must be made while playing in a foursome on a regular, stipulated round of golf (9 or 18 holes).

Garren was playing in a threesome with his brother, John Garren, and Terry Denney, and the group played less than nine holes.
Duke starred in football for Pampa High School but did not play golf for the Harvesters. He took up the game only recently.

57TH YEAR FRIDAY, AUGUST 14, 1964 7

Yankees Whack White Sox 5-2

By United Press International
Sounds like the Yankees of old.

Elston Howard wasn't trying to hit a home run — but did, and lefty Al Downing was n't sharp — but won.

Howard came to bat with two out, two on and the score knotted at 2-2 in the eighth inning Thursday night and drilled a Gary Peters curve ball 410 feet into the left-center field bullpen at Yankee Stadium to give the Yankees a 5-2 victory over the White Sox.

"You don't go for a homer in that situation," the American League's most valuable player of 1963 said afterward. "I just wanted a base hit to win it but I knew it was gone when I hit it."

Pitches Complete Game
Downing went all the way, as Peters did, and was reached for 10 hits, the most he has allowed in any game this season.

"I've had better stuff. I wasn't as sharp as I've been in some other games," the 24-year-old southpaw explained while making it clear he was pleased with the victory. "I didn't have my good fast ball and I couldn't get the ball where I wanted it at times."

The defeat dropped the White Sox three games behind the pennant-hopeful Baltimore Orioles.

Baltimore crushed Boston 7-1. Minnesota defeated Detroit 6-3, and the National League's leading Philadelphia Phillies suffered a 3-1 setback at the hands of the Chicago Cubs in Thursday's only other major league action.

Take Quick Lead
The Orioles jumped on Boston starter Bill Monbouquette for five runs in the first inning and then coasted to victory behind the combined five-hit pitching of Robin Roberts and Stu Miller. Brooks Robinson belted his 17th homer of the campaign to highlight the five run uprising. The final two Baltimore runs scored in the fourth on an infield grounder with the bases loaded as the Red Sox were caught napping.

The Twins scored all their runs in the first two innings as Camilo Pascual picked up his

Buffalos Sign Ray Corcoran
MOREETIE — Ray Corcoran, Mobettie's do-it-all athlete, has accepted a football scholarship to West Texas State University.

Corcoran lettered four years in football and basketball and made all-district twice in each sport. He was a regular in baseball for three years and went to Regional twice as a 220-yard dash man. He also went to Regional once in the 100-yard dash and once on the 440-yard relay team.

The 5-11, 168-pound back will play only football at West Texas.

Two weeks ago, playing both quarterback and halfback, he scored a touchdown and gained 77 yards in the 8-man all-star game in Ranger to help his West team to a 21-0 victory.

In his senior year at Mobettie, Corcoran scored 124 points and was chosen all-district on both offense and defense for the second straight year.

He averaged 20 points in basketball as a junior and 23 as a senior.

McLean Names New Grid Coach
McLEAN (Sp)—Fred Hedgecock, first assistant football coach at Panhandle for the past two years, has been named head coach at McLean High School.

Supt. Jack Riley announced the hiring of Hedgecock recently, to replace Derral Davis, who has resigned to move to California.

Hedgecock was an outstanding end in high school at Stinnett and at West Texas State University.

He was on the 1966 state championship Stinnett team, which also was runner up for the title the year before.

After graduating from Stinnett High, Hedgecock entered West Texas State and received a bachelor's degree in the spring of 1961.

He was an assistant coach at Clarendon for two years before moving to Panhandle.

The new coach and his wife, Connie, and son, Rob, will soon move to McLean.

ALL-SOUTHWEST CONFERENCE as a sophomore last season, halfback Donnie Anderson and his Texas Tech teammates face another rugged football schedule. The Red Raiders open at home against two bowl winners of last year — Mississippi State (Liberty Bowl) and University of Texas (Cotton Bowl), nation's No. 1 team for 1964.

East Germany to Control Unified Team in Olympics

BONN, Germany (UPI)—The East Germans have won control of the unified East-West German team to the Olympic Games in Tokyo.

And the East German coach has said he will use this control to split the German contingent at future Olympic Games into separate teams.

Fred Hutchinson Misses Road Trip

CINCINNATI, Ohio (UPI)—It must be extremely galling to as highly competitive a man as Cincinnati Reds manager Fred Hutchinson to have to sit helplessly at home, as he is doing today, while his team makes a crucial road trip.

The 6-foot-2, 200-pound major league veteran obtained a leave of absence Thursday from the Reds until Aug. 25 when they return home.

Apparently the move is another in his fight to conquer chest cancer, which was discovered last December and treated in time for him to attend spring training with the team in Tampa, Fla., last February.

The stoic manager said in slow, measured tones that he had asked owner and general manager Bill DeWitt to allow him to stay home while the third-place team plays at Houston, San Francisco and Los Angeles.

Hutchinson said he had pain in the back, the same ailment which sent him to the hospital here in July for a week while the Reds were playing at Milwaukee and St. Louis.

Hutchinson does not plan to enter a hospital this time. He will remain at home with his wife and their four children.

Doug Jones Tries Unranked Daniels

NEW YORK (UPI)—Top heavyweight contender Doug Jones of New York risks his prestige tonight against a late substitute, Billy Daniels, who gave Doug an uncomfortably close fight 14 months ago.

They are slated for 10 nationally televised rounds at Madison Square Garden.

Daniels of New York, 27, is substituting for tall Tony Alonti of Hollywood, Fla., who had to withdraw early Thursday because of painful chips in his right elbow.

Unranked Daniels, who had been doing preliminary training for a Sept. 7th fight with contender Cleveland Williams at Houston, Tex., quickly accepted the return match with Jones, also 27.

CBS Purchases Yanks

By United Press International
NEW YORK (UPI)—The Columbia Broadcasting System ended the question of whether baseball is a business or a sport today by purchasing the New York Yankees for an estimated \$10 million.

The deal, which was two years in the making, immediately was assailed by two American League owners who openly wondered at the motivating reasons behind it.

While neither CBS nor Yankee officials were commenting on the transaction yet because of certain legalities still to be ironed out, it was learned reliably that the purchase was made primarily to give CBS a foot in the door for the television rights to baseball's projected new game-of-the-week on Monday nights.

Others May Join
As one baseball man put it: "It wouldn't surprise me in the least to see the National Broadcasting Company go out now and buy a ball club of its own."

Under terms of the sale, CBS purchased 80 per cent of the Yankees while the former owners, Dan Topping and Del Webb, retained 20 per cent. CBS also has an option to buy the remaining 20 per cent within the next five years.

American League President Joe Cronin said in Boston the sale had been approved by three-quarters of the 10 league club owners. The two who attacked the deal openly were

Deer Park Golfer Upsets Favorite

LEAVENWORTH, Kan. (UPI)—Lou Dill, a 16-year-old Texan from Deer Park, will take on Peggy Conley of Spokane, Wash., in the semifinal round today of the U.S. Junior Girls golf tournament.

Miss Dill, who entered her first major tournament here, pulled the biggest upset of the tournament when she defeated Janis Ferraris of San Francisco Thursday 1-up.

Laura MacIvor of Eglin AFB, Fla., will meet Linda Morris of Orlando, Fla., in the second match of the day.

Miss Dill evened up the match against Miss Ferraris on the 18th hole. She birdied the 17th to go 1-up, then held her opponent off on the final round.

Miss Conley, a medalist, gained the semi-final round by knocking off Jacqueline Fladoos of Dubuque, Iowa, 3 and 2.

Miss MacIvor upset Roberta Albers of Temple Terrace, Fla. 4 and 3 and Miss Morris defeated Jackie Evans of Topeka, Kan., 3 and 2.

Misses Conley, Fladoos, Ferraris and Albers all were semifinalists last year.

Garren Records CC's Longest Ace

Twenty-year-old Duke Garren fired the longest hole-in-one ever recorded over the Pampa Country Club course yesterday, a 382-yarder on hole number nine.

Club pro Hart Warren said it may be the third or fourth longest ever holed in the United States.

Garren's shot will not be submitted for national recognition, however, because of rules regarding such shots. In order to be officially recorded, an ace must be made while playing in a foursome on a regular, stipulated round of golf (9 or 18 holes).

Garren was playing in a threesome with his brother, John Garren, and Terry Denney, and the group played less than nine holes.

Duke starred in football for Pampa High School but did not play golf for the Harvesters. He took up the game only recently.

The Pampa Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP OF TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Government Creates Poverty

The government, under the Johnson administration, says it is making a war on poverty. The method proposed by the government is to redistribute the wealth.

The assumption, of course, is that by making this redistribution, the persons who have "too much" will lose some of what they have, and the people with "too little" will get some of it. This is calculated to cure the problem of poverty.

But it should require something less than a graduate in economics to show that such a procedure is foredoomed to fail of its declared objective - although, it is not too difficult to presume that the real objective is to win votes as a result of much ballyhoo about the alleged concern for all the impoverished folks in the nation.

If the total wealth of the nation is, let us suppose, \$500 billion and this sum is not increased but is simply shuffled around again so that the same sum constitutes the total, it would follow that no lasting change would have occurred.

True, some who were poor before, may now be less poor. But by the same token, some who were less poor before, are now more poor. The total is the same.

The shift will have interfered with freedom all the way around and the end result insofar as any real alleviation of poverty is concerned, is zero.

But there is a way some real progress could be made. That would be for the government to stop interfering with the pricing mechanism of an open market.

If government stopped its price-support programs entirely, prices would drop. If they did, more people could buy more goods, for the goods would cost less. This would serve as an incentive to businessmen to produce more and better goods at cheaper prices. This would stimulate the market, provide more jobs, make the cost of living less, expand our productive facilities.

Persons to be most benefited by an elimination of price supports would be those on small incomes of \$3,000 per year or less. At the present time, government price-support programs unnecessarily penalize the less productive worker, making him pay more for the necessities he must buy.

Let's take some specifics. Prices of flour enjoy a support program. This support is now being boosted by as much as one penny a pound. This will create an upward pressure on the price of bread. Persons in low-income groups are the largest consumers of bread and flour. Thus, new high prices for

Cannel At Bay
 By Ward Cannel

One of the biggest discouragements in science, we have found, is what to do with a major discovery if you cannot either bake bread with it or destroy a city. And so we are left holding what may be the breakthrough of the century, namely the Buddy Theory of the Human Mind.

Buddy is a Collie dog who has just been named America's Dog Hero of the year for his remarkable intelligence and bravery on the farm where he lives in Budd Lake, N.J.

In the dead of night while his master slept, Buddy found the maternity barn on fire. At the risk of his own life, he went in and drove 70 expectant goats to safety, thus saving the family's dairy business, and then awakened the household who came down and put out the fire.

Now, it is one thing for a dog to learn a few common courtesies and simple tasks such as shaking hands and fetching the paper. But it is quite a different matter when a dog understands the value of money and risks his life for it in the dead of night.

These two accomplishments, we feel, are not of the same nature and kind (as would be the case with certain people who are always in debt even though they know how to fetch the paper and shake hands).

In a dog, the difference between a set of learned tricks and the recognition of something beyond indicates to us an astounding leap from one world to another.

But for some reason we do not understand, when a person makes this leap into another world - where it is important to save old pancakes, say, or little pieces of string - he is generally given tranquilizers until he leaps back.

Consequently, we have taken our theory and questions from one scientific laboratory to another until at last we arrived at the Harvard Botanical Museum where, we were assured, they know all about this sort of thing.

But all we have got for our trouble is the advice that a person who makes the leap from world to world is commonly said to be having a hallucination, and there is very little to be learned from people's hallucinations because they are usually caused by imbalances in the body chemistry.

"Even people with real mystic experiences?" we asked one professor. "Like saints and seers."

"Certainly," he said. "You always read of mystic experiences coming on after a long fast or many days in the desert. What do you think that does to your body chemistry?"

"Well," we said, "what about all these drugs people are taking to bring on hallucinations?"

"Doesn't prove a thing," he said. "And it's very dangerous, too. We had one woman in an experiment who started to worship the thermostat on the wall. We had to give her an anti-dote and a sedative until it passed."

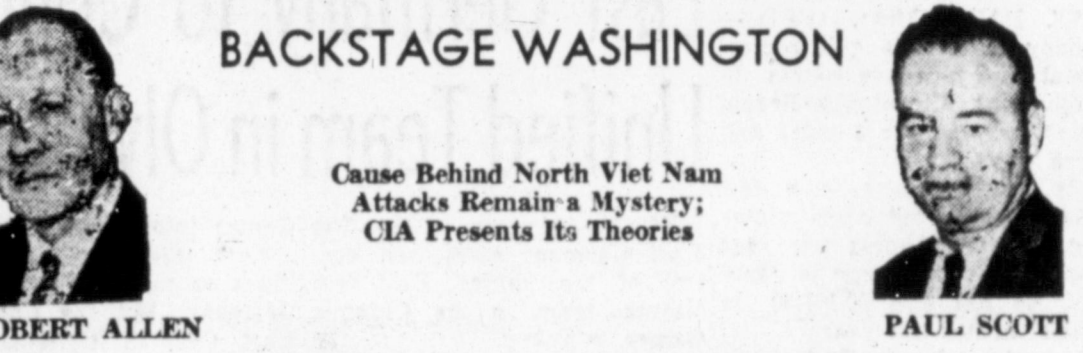

"Why?" we asked.

"Why?" he repeated. "Well, you can't have people worshipping thermostats."

And with that he shook our hand and said goodbye. But it was no answer to our theory, we thought. After all, people have worshipped stranger idols than thermostats in the past.

And besides, there doesn't seem to be much sense in bothering with a sun god in these days of central heating.

'Who Declared War on Me?'

BACKSTAGE WASHINGTON

Cause Behind North Viet Nam Attacks Remain a Mystery; CIA Presents Its Theories

ROBERT ALLEN

WASHINGTON - A carefully unpublicized sidetrack to the war - threatening crises in Cyprus and Southeast Asia is as incomprehensible as it is disarming.

Tallow is a principal ingredient in the production of ammunition. Yet despite steadily intensifying Communist subversion, turmoil, insurrection and armed conflict throughout the world, the U. S. is selling immense quantities of tallow to Russia and its satellites.

Since 1956, the Soviet Bloc has been allowed to purchase more than 1,108,000,000 pounds of U. S. tallow for a total of \$79,626,000.

The bulk of these shipments have been in the Kennedy and Johnson Administrations. Since 1961, they have allowed the Communists to obtain upwards of 700 million pounds of tallow for a total exceeding \$49 million.

These potentially sinister exports are continuing. So far this year, the Reds have bought 120,730,000 pounds for \$8,181,000.

Senator Milton Young, N. D., second ranking Republican on the powerful Appropriations Committee, in disclosing these startling figures, caustically noted that while there had been a great deal of controversy over the sale of wheat to Russia, the shipment of huge quantities of tallow has gone unchallenged - although this commodity is as strategically important as grain.

Official explanation for authorizing the export of tallow is that it is to be used in soap making, paper finishing and industrial lubricating oils.

But Agriculture and Commerce Department authorities admit they haven't the slightest idea what the tallow actually is used for as they have made no check and have no means of doing so. In fact, there is no provision for a check-up in the sales contracts.

None has been sought, and the Communists certainly aren't proposing it.

There is nothing in the world to prevent them from using the hundreds of millions of pounds of U. S. tallow in producing the munitions they are pouring out to the Viet Cong guerrillas in South Viet Nam, the Red-led rebels in the Congo and elsewhere in strife-torn Africa, Cuban dictator Fidel Castro, Egyptian ruler Gamal Nasser, warring President Sukarno, and many others like them in other troubled lands.

THE SORRY DETAILS - As compiled by Senator Young from official sources, following is a breakdown of tallow sales to the Soviet bloc since 1956:

Poland, 484,618,000 pounds, \$34,159,000;	Russia, 355,300,000 pounds, \$25,572,000;	Yugoslavia, 203,171,000 pounds, \$15,107,000;
Hungary 40,012,000 pounds, \$2,908,000;	Czechoslovakia, 13,394,000 pounds, \$989,000;	Latvia 8,551,000 pounds, \$619,000;
Bulgaria 2,205,000 pounds, \$154,000;	East Germany 594,000 pounds,	

WASHINGTON: U.S. Sees Khrushchev 'Behaving'

WASHINGTON (NEA) - Despite Khrushchev's recent chest thumping, U.S. government Soviet analysts have quietly assured the White House that the Soviet Union is not likely to take on any major adventures in the ticklish months between now and election day.

Says one expert privately, "We're convinced Khrushchev's even going to go easy on the Cuba situation until after November."

These men who specialize in predicting what Khrushchev will do next expect him to hedge and haw in Southeastern Asia, but end up doing nothing for now. Says one: "He'll keep telling the United States to get out of South Viet Nam. But we think he'd be somewhat embarrassed if he did get out. It would be too much of a gain for Red China. He wants things kept balanced in Laos with neither side winning."

Little action is expected in Berlin or the Middle East.

There are signs, State Department men claim, that Khrushchev is worried and that he would like to influence the U.S. presidential election. But he had his fingers burned back in 1952 when Adlai Stevenson ran against Gen. Dwight D. Eisenhower. Bulganin spoke out for Stevenson. The praise boomeranged, helped the Eisenhower campaign.

A Khrushchev-instigated, hotter cold war during the election campaign would bring demands from the U.S. public for a stronger policy against the Soviet Union. It would be impossible for either candidate to take any stand that appeared soft.

This puts Khrushchev on the spot for now.

Things may not heat up much after the election. U.S. analysts think Khrushchev must do something about Cuba because Castro's regime is becoming too much of an economic drain. The Soviet Union needs the goods and the funds it's spending on Cuba for higher-priority projects at home.

For international political reasons, the Soviet Union can't just walk out and leave Cuba. Khrushchev's problem is to find a solution that will embarrass the United States.

U.S. diplomats think Khrushchev has plans in mind for splitting President Charles de Gaulle of France and the United States farther apart.

They expect Khrushchev sooner or later to find some formula for meddling with greater vigor in South Viet Nam.

The analysts expect these Khrushchev plots to be troublesome. They don't expect them to lead to crises comparable to the Cuban missile showdown, the Berlin Wall build-up, the Berlin airlift or to the Korean War.

As they see it, Khrushchev is faced with greater shortages at home. Soviet productivity is increasing at a slower rate. Manufacturing and agriculture are not meeting their goals. Influential consumers of the privileged classes are demanding more.

The Russian military is protesting the cutbacks in military manpower. The Kremlin is in the midst of a quiet, strong power struggle in the ruling Presidium.

Russia is continuing to strengthen itself, but it's running into administrative problems. Khrushchev is finding hard to cope with.

As one U.S. official puts it: "Even without the election, it's unlikely Khrushchev would do anything now to stir up a crisis."

Question Box

(We invite questions on economic and the proper functions of government which will not injure anyone.)

QUESTION: "If one is not inclined to make the effort to try to understand what is morally right and will promote goodwill and prosperity, what ought one to do to judge who is worthy of his confidence?"

ANSWER: In the first place one ought to try to make an effort to know the difference between right and wrong. You have to use your judgment one way or another. Life is nothing but making decisions. But if you are interested in other things and think you do not have the time, then it would seem that one of the tests, the only test we can think of, as to whether a party is worthy of your confidence is whether he has convictions as to what the universal standard of right is, and is able to answer questions from anyone without contradiction or evasion.

If a man doesn't know enough about what he is advocating or talking about to answer questions without evasion or contradiction he certainly is not worthy of your confidence. He is not a man who is setting a good example. The man who has convictions is always glad to answer questions about them to try to throw light on and test his ideas to know whether he is right or not.

Of course the man who has convictions doesn't want to limit those who may ask him questions because if he selects his questioners, he can always be right. It must be unlimited as to who can ask him questions.

The man who can answer questions about what is right and wrong without evasion or concentration always wants to have his ideas tested by progression or regression. That is, he wants to enlarge them as well as decrease them in numbers. If he believes that certain things are right if it is done by enough people, then the way to test it is to reduce the number to two people and see whether it is right for either individual to do that against another man, and if it is not right for one man to do it against another man, then it is not right for 200 million to do it against 100 million.

Yes, the best guide in knowing whom to have confidence in is whether a man has convictions and is able to answer questions on them without evasion or contradiction. If he is not able to answer questions on these convictions then he is not worthy of your confidence and you should continue to look for someone who is able to do this.

If you do not want to study these political and economic questions (and all political and economic questions in the final analysis are reduced to ethics and what is morally right) you had better look for the man who knows enough about the subject that he is glad to answer your questions. Look for the man who always wants his ideas tested.

How Fares the Fair?

How is the World's Fair doing? What's there to see? Are we missing something? Should we go?

The most popular reaction seems to be it's a Fair well worth the trip. In fact, report many, the big industrial pavilions alone are worth \$2 spent at the gate. They're entertaining, they're educational, and, just as appealing, they're free.

There are, of course, some grumbles to be heard, but most Fairgoing veterans have spotted the antidotes. There is a hotel problem (so choose a moderate-priced one and reserve well in advance), the Fair's high price of meals (study guidebooks, be selective, bring your own picnic), and the crowds. (No beating that one; it's the price of a popular spectacle.)

What are the Things To See? The public's four-star ratings get pinned with striking regularity, it seems, on a nucleus of top-ranking pavilions. The formula to fun, it appears, is General Electric. Spain, the U. S. automakers, and Johnson's Wax.

The ingredients of these Fair hits vary widely. General Electric and the auto pavilions tempt visitors with peeks into the past and future. Johnson offers a delightful movie about the joys of being. Spats simply presents its dances, dances, and art areas.

ures in the most tasteful of pavilions. But, for all their diversity, there is a common denominator - they all have something to offer everybody.

At General Electric's Progressland, for instance, there's the treat of happy nostalgia for old folks watching Disney's incredibly real "audio-animatronics" recreate home life in the old days. Young homemakers are treated to the full elegance of today's all-electric living in a skit sparkling with fun and frolic. Youngsters - wherein lies the future of progress - squeal with delight at G. E.'s mighty bang of nuclear fusion, then leave richer for knowing that what they saw may become their own power source during their own lifetime. G. E. polls audiences continually, and reports a continuing 89 per cent rate the show "excellent," while another 10 per cent grant it a hearty "good."

So rolls on the Fair, accelerating from a slow start in a cold, damp spring to a steady summer pace of more than a million visitors a week.

And no doubt the countless millions now marking the day when they will be "going to the Fair" will say on the eve of departure (as Shakespeare once did): "The day shall not be so soon as I, to try the fair adventure of tomorrow."

Wit and Whimsy

Paul's father had been trying to inculcate in his young son a sense of chivalry toward his little sister, with the injunction: Father - Ladies first always, Paul.

Toward evening one day their mother sent the children on an errand to the cellar. The door, opening upon the dark, abyssal regions below, had its usual effect upon small children. But the boy was reluctant to admit his fear. Turning to his sister, and holding open the door, he said, suavely:

Paul - Ladies first, Louise!

Most of the fashionable pleasures are too miserable to bear thinking about. That is why intellect is so unpopular.

Old age appears hideous to us until we have to choose between it and death.

BenJack to Ask Brazil's Help

DALLAS (UPI) — The Dallas News said Thursday convicted embezzler BenJack Cage has asked the Brazilian Supreme Court to intervene and block his extradition to the United States.

The former insurance promoter contended his conviction in Dallas was influenced by politics and noted that the Brazilian constitution specified that no one shall be ousted from the country because of political crimes in other nations.

Dist. Atty. Henry Wade, who has prepared papers asking Brazil to send Cage back to serve his 10-year prison term, called Cage's attempt to avoid extradition "ridiculous."

"He was convicted because he violated the law by stealing — not because of politics," Wade said.

RECEIVES PEACE PRIZE

ALGIERS (UPI) — President Ahmed Ben Bella has received a Lenin Peace Prize in recognition of his "efforts for peace and liberty and his fight for national independence." A Soviet delegation arrived here Tuesday for the ceremony.

Amarillo Pastor To Give Sermon

Rev. Ford Ellis from Amarillo will be the Guest Minister at The First Christian Church for the Sunday Morning Worship Service.

Mrs. Malcolm McDaniel will be Guest Soloist. She will sing "Come Ye Blessed" by John P. Scott.

The Snack Supper is served at 5:45 followed by the Youth Group Meetings. The Sunday Evening Service begins at 7 p.m. It will be conducted by Rev. Loren Williams of Lamar Christian Church. These two churches are meeting together at First Church for the Evening Service during the month of August.

Pampa High School Names Coordinator

Elbert L. Albritton has been assigned as distribution education coordinator for Pampa High School for the coming school year. Albritton has a masters degree from Sam Houston State College at Huntsville and has been employed by the Pampa School system for the past nine years.

Distributive education relates to the training offered people engaged in retail, wholesale and service occupational fields. The program is open to juniors and seniors who are 16 years old and of average or above average scholastic standing.

The teacher-coordinator interviews and screens the students wishing to enroll in D. E. When a student is accepted, he is then referred to an employer who has agreed to furnish a training station for the type of training he wishes to enter. When accepted by the employer, the student goes to work on a part-time basis for the entire school year. The student goes to school in the mornings taking the required academic subjects along with a course in distributive education.

The teacher-coordinator coordinates the training given in

school with that received on the job, working with management in effecting a logical training pattern designed to give the student, within the two-year training period a comprehensive working knowledge of his chosen occupation.

Bible Series to Continue Sunday

Continuing a series of Bible Lessons on names which belong to God, the subject at Christian Science services on Sunday will be "Soul."

The Bible readings will include this verse from Psalms: "Give unto the Lord the glory due unto his name; worship the Lord in the beauty of holiness."

Related readings from the Christian Science textbook will include these lines: "Immortality, exempt from age or decay, has a glory of its own — the radiance of Soul. . . . Beauty is a thing of life, which dwells forever in the eternal Mind and reflects the charms of His goodness in expression, form, outline, and color." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 247.)

Potter's wheels used today in Iraq and western India are exactly like those used by prehistoric potters 4,000 years ago. Lightning kills more people in the U.S. than any other natural disaster, an average of 400 dead per year.
