

Texas Collision Ground for Top Candidates Today

Barry at Amarillo; McNamara in Dallas

By United Press International
Texas was the collision ground today for Barry Goldwater and the administration he is campaigning to unseat.
Goldwater scheduled stops in Amarillo and Odessa today, after challenging President Johnson to debate him in a fiery Tulsa speech.

Secretary of Defense Robert McNamara was to deliver the keynote address to the national convention of the American Legion in Dallas. Goldwater, who has often clashed with McNamara over defense policy, will give a convention speech Wednesday.

McNamara was to be introduced by Gov. John Connally. The defense secretary was a substitute for President Johnson, who turned down an invitation.

Both Texas senators, Democrat Ralph Yarborough and Republican John Tower, also planned to be on hand.

Tower Monday charged that a vote for the Democratic Johnson-Humphrey ticket "is a vote for the suicide of the oil industry."

The junior Texas senator told a Republican men's club luncheon at Wichita Falls that the price of oil has eroded throughout the country while labor and material prices have increased.

He said that Sen. Hubert Humphrey, the Democratic vice presidential candidate, "has a solid record of opposition to the domestic oil industry."

The governor's office said Connally will be in El Paso on Friday when Johnson and Mexican President Lopez Mateos formalize the Chamizal treaty. On Saturday Connally will dedicate the new Lubbock Industries plant at Lubbock.

Connally's opponent, Jack Crichton of Dallas, campaigned Monday in Longview.

GOP senatorial candidate George Bush campaigned in the Brownsville, San Benito and Harlingen areas.

Yarborough headquarters, meanwhile, announced the ap-

City Sells \$950,000 in Sewer Bonds

Pampa's \$950,000 sewer improvement bonds were sold this forenoon to the First National Bank of Memphis, Tenn., and the Continental National Bank of Fort Worth.

The combined bid of the two firms was lowest among 12 bids in which 32 bonding companies were represented.

The lowest bid carried an interest rate of 3.1369 per cent and net interest cost of \$314,322.50.

R. A. Underwood of Dallas, the city's financial agent, said the bid compared favorably on general obligation bonds with recent bond sales in other Texas cities.

Underwood pointed out that the Dow-Jones average had just risen from 3.30 to 3.34.

"I think we got a very good deal," Mayor H. R. Thompson said at the close of the city commission's bond sale meeting.

Immediately following the announcement of the low bidders, the commission approved on first-reading an ordinance authorizing issuance of the bonds in denominations of \$5,000 and the levying of a tax for their payment.

The ordinance could not be passed on an emergency basis today due to the absence of Commissioners L. P. Fort and Leon Holmes.

Dancer, Bar Owner Held on Charges Over Marijuana

LAREDO, Tex. (UPI)—A bar owner and girl dancer from New Orleans were ordered held in lieu of \$15,000 bond Monday on narcotics charges.

Customs agents said Mark Lee Leminger, 23, and Victoria Richetti, 19, had two ounces of marijuana in the car they were riding in when they crossed the border from Mexico last Saturday. They were arraigned before U.S. Commissioner Jacob Hornberger.

pointment of Sterling C. Evans of Houston and Ed Clark of Austin to head a state-wide "businessmen for Yarborough committee."

Miller Attacks Democrats Over 'Sleazy Smears'

FORT WAYNE, Ind. (UPI)—Rep. William E. Miller took off on an 11-state campaign swing today attacking "sleazy, unsubstantiated smears" that he was guilty of possible conflict of interest as a congressman.

The Republican vice presidential nominee, in a statement issued at Washington and again in a speech at Fort Wayne, reported to a demand by Democratic National Chairman John M. Bailey that the charges be investigated.

Bailey had called for an investigation of "possible conflict of interest" involving Miller's alleged connection with the Lockport (N.Y.) Felt Co.

In his statement, Miller said the charges "echo the political desperation of the Johnson administration." At Fort Wayne, he accused the administration of using "Gestapo" tactics in connection with the charge. He said his only interest as a congressman in working in behalf of Lockport companies was to bring jobs to his constituents.

Miller was due to speak to crowds in 11 states during four days. Fort Wayne was his first stop and he was scheduled later today in Sioux City, Iowa, Mitchell, S. D., Rapid City, S. D., and Billings, Mont.

In the statement issued before he left Washington Miller referred to a demand by Democratic National Chairman John M. Bailey for an investigation of "possible conflict of interest" involving his connection with the Lockport (N.Y.) Felt Co.

Bailey quoted an article in the New York Herald-Tribune as saying that Miller on at least three occasions had interceded in Congress on behalf of the felt company. The article said Miller had reported he "has long received \$7,500 annually from Lockport Felt," of which he was appointed an assistant secretary and director before going to Washington.

Miller commenting on the allegations, said:

"Apparently, this administration has placed at the disposal of certain favored columnists and the Democratic National Committee all of the facilities and records of the Internal Revenue Bureau, the Department of the Army, and other agencies of government and combined they cannot come up with any evidence which reflects upon my integrity and character."

"I will not, for the rest of this campaign, be diverted into a waste of the time required to answer sleazy, unsubstantiated smears."

Miller said that as a congressman he had "consistently served the interest of job-producing industries in my district, including the Niagara Mohawk Power Co., the Wurlitzer Co., the Lockport Felt Co., Bell Aircraft and many other companies; and I would have been derelict in my duties if I had not done so."

He said he had never been a stockholder in Lockport Felt, Wurlitzer, Niagara Mohawk Power or Bell Aircraft. The Herald-Tribune article said Miller's financial statement showed he owned \$27,500 worth of stock in Lockport Holdings, Ltd., which was identified as a wholly owned Canadian subsidiary of Lockport Felt.

ANNUAL MEETING — American Cancer Society workers in Texas Division's third district held their annual meeting today at the Coronado Inn with the Gray county unit serving as host. Looking over the day's program this morning from left are Mrs. Morris Spicer of Amarillo, Mrs. Kermit Lawson, president of the Gray county chapter and Irving R. Rimer of New York, assistant vice president for public education and information of the American Cancer Society. Rimer was the main speaker of the meeting and spoke on "Cancer Research."

Johnson Reveals Plans to Cut Consumer Excise Tax

ATLANTIC CITY (UPI) — President Johnson said today his administration is planning to cut consumer excise taxes as the first step in a six-point program to preserve record-high prosperity.

Excise taxes, first imposed in wartime to deter buying of so-called luxury goods, are now collected on cosmetics, luggage, perfume, jewelry and other

received the Democratic presidential nomination Aug. 27.

Johnson outlined his proposals to head off recessions and spread the benefits of prosperity in a speech prepared for the convention of the United Steelworkers Union.

The nation's third largest union is expected to endorse Johnson for election to a four year term in November during its meeting in the city where he

Excise taxes, first imposed in wartime to deter buying of so-called luxury goods, are now collected on cosmetics, luggage, perfume, jewelry and other

He gave no details on the planned reduction in his text. The President's statement supported the views held by many economists that tax rates now are so high they act as a "brake" on the economy by piling up cash in government hands instead of allowing it to be spent in the private economy.

Johnson said the nation has made many gains in the past 30 years that must be retained by economic cooperation rather than economic conflict.

"The fact is that wages are higher, employment is higher, profits are higher and the economy is stronger than at any time in our history with more gains to come," Johnson said.

But he warned that a recession like those in the 1950s would cause losses of \$20 billion a year in production and 1.5 million jobs.

"America cannot afford a recession," he declared.

Outlines Program
He outlined the following program to "ensure continued prosperity" in the future:

—Expansionary tax policy and planned excise tax cuts in 1965.

—Cooperation—not coercion—to help business and organized labor keep stable prices that Johnson said were the key to

RESCUERS WORK AROUND CLOCK TO SAVE FOUR

Plea for Evening Budget Hearing Fails in Council

No Action Taken on Motion to Hold Nighttime Public Meeting

A motion by City Commissioner Leon Holmes to have the public hearing on Pampa's 1964-65 budget held over until a night time hour failed to get a second at today's open budget meeting in City Hall.

Holmes said he thought working people should be given an opportunity to attend the hearing.

"They can't get away at the 8:30 a.m. hour without losing a day's work," Holmes said.

Mayor H. R. Thompson stated the budget had been given plenty of advance publicity and anyone who thought there should be changes could have made their wishes known.

When the motion failed to receive a second, Mayor Thompson declared the public hearing closed.

Commissioner L. P. Fort was absent from today's meeting because of illness.

The hearing today was attended by 10 or 12 city department heads and one private citizen.

A protest letter from former Mayor E. C. Sidwell was read by Mayor Thompson. Sidwell's letter stated:

"Your statements to the news media and an examination of the proposed Budget for the year 1964-65 recommends that you increase the tax rate per \$100 from \$1.45 to \$1.47. You will recall that three years back this tax rate was reduced from \$1.50 to \$1.45 without any appreciable increase in property valuation. At the same time it was highly recommended that at least \$150,000 a year be set aside or approximately 10 per cent of our revenue for increased costs in the water and sewer department. This recommendation fell on deaf ears."

"Your 1964-65 budget as submitted by the city manager reveals on page three that disbursements will increase approximately \$137,000 over the actual expenditures for 1962-63. It is therefore eye-wash to state that we will have a reduction in expenditures for the coming year."

"With sound management your 1964-65 budget can be reduced by 10 per cent and services improved without an increase in our tax rate."

"We should immediately discontinue this merry-go-round of fiscal irresponsibility."

There were no questions from the spectators' section of the meeting room.

The budget up for hearing today carried a proposed total of \$1,493,776. It will require a tax rate increase from \$1.45 to \$1.47 per \$100 property valuation.

Details of the budget were published recently in The Pampa News.

Final adoption of the budget and legislation setting the new

tax rate are scheduled for next Tuesday.

In other business today: The commission approved a motion that the city take over payment of an annual insurance premium of \$545.66 on an \$80,000 fire and extended coverage insurance policy on city-owned buildings and improvements at

Charges Filed on Three Youths in Liquor Burglary

Charges of burglary with intent to commit theft were filed yesterday against three men in connection with the Sunday morning break-in of Owl Liquor Store, 104 E. Craven.

Placed under a \$2,000 bond on the charges were Gayle D. Young, 24, of Perryton; Charles R. Spain, 22, of Pampa and Robert J. Asch, 21, of Perryton.

According to police, Young was driving the getaway car, while Asch and Spain were attempting to burglarize Pampa Glass and Paint, 1431 N. Hobart.

Patrolman Jay Bryant drove upon the car and Young sped away leaving Spain and Asch inside.

While Bryant was chasing the vehicle, Spain and Asch escaped on foot. They were arrested however, about mid-afternoon yesterday.

They were charged with the burglary of the Owl Liquor Store where they allegedly stole several bottles of whiskey and beer earlier Sunday morning. The stolen liquor was in the car when Young was apprehended.

Police Chief Jim Conner said the trio also was believed to have broken into Pampa High School Sunday morning, but nothing was reported taken.

Atlas Soars to Successful Hit

VANDENBERG AFB, Calif. (UPI)—An Atlas intercontinental ballistic missile roared from its launch pad today toward a preselected target down the Pacific missile range.

The launch, said to be a routine firing by a Strategic Air Command missile crew, was successful according to preliminary data, and the huge ICBM was on target.

WEATHER

Intermittent cloudiness today, mostly cloudy tonight through Wednesday. Widely scattered thundershowers Thursday night, High Thursday in mid-70s. Winds southerly 5-15 mph.

Workers Tombed Third Day

By ROBERT W. FLICK — NEVADA TEST SITE, NEV. (UPI) — Rescuers worked around the clock today to free four men trapped nearly a third of a mile underground for three days.

A crew of 35 employees of the Atomic Energy Commission (AEC) hoped to lift the four men to safety sometime today from their underground prison.

The victims, employees of an AEC support contractor, were trapped in a cavern 1,800 feet beneath the surface Saturday night when a cable snapped. One other man was killed and three were injured in the mishap.

The AEC said none of the entombed men was in danger because they were in a cavern — "a room bigger than a house" — and rescuers Monday lowered food, water and clothing to them through a ventilation shaft.

The cave is similar to other test openings at this atomic test site, and is off to one side of the elevator shaft. The elevator is used to take materials to the top of the steel-lined shaft.

"We're not worried," said George R. Cooper Sr., of Tucson, Ariz., one of the victims, Monday.

"We know there are people up there to get us out. We slept late this (Monday) morning and enjoyed a late breakfast."

Gustin Heading Lefors Campaign

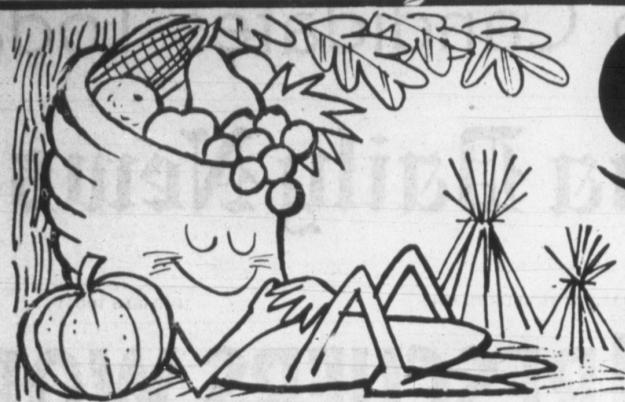

Leading the Lefors section of the 1964-65 Pampa-Lefors United Fund Campaign to raise \$70,000 is C. H. (Tad) Gustin, Gustin, who has been a Lefors

Accidents Increase, But Injuries Down

While the total number of accidents are on the upswing, the number of resultant injuries are down. This was revealed today in a National Safety Council report, released by Police Chief Jim Conner.

For the month of August this year, there were 70 accidents on Pampa's streets, injuring 18 persons. During the month of August 1963, there were only 59 accidents, however, 19 persons were injured in these accidents.

So far this year, there have been 410 automobile accidents in Pampa, injuring 92 persons.

For the comparable period last year, there were 332 accidents, injuring 111 persons.

Conner said the August report showed that most accidents oc-

The Board of Education of the LeFlore Independent School District, LeFlore, Texas, is asking for sealed bids on the following:

1 - 1964 model Chevrolet bus, six-passenger, in poor condition. Sealed bids are to be submitted not later than 7:00 p.m. October 8, 1964. The board reserves the right to accept or reject any or all bids.

2 - 1963 Bryant, President LeFlore Board of Education LeFlore Independent School District, LeFlore, Texas. Sept. 21-22-23, 1964.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Council

Recreation Park. City Manager Harold Schmitzer said the Top O' Texas Rodeo Association has been paying this premium since 1957.

The association will continue to pay premiums on liability and accident insurance at the rodeo grounds.

Commissioners voted to accept the paving in the 800-block of Deane Dr. and pay Contractor Ray Boswell \$6,230.87 for the paving job.

Details Will Be Discussed for Fire Prevention

Two Theft Cases Reported to Police

Two separate instances of theft were being investigated today by Pampa police.

Rubin Hilton told police yesterday that someone took approximately 1,100 rounds of .22 caliber ammunition.

Hilton said it was taken from a truck while it was parked at Lee Way Motor Freight, 425 E. Brown.

Peggy Job, 625 N. Faulkner, told police that while she was at Garden Lanes Bowling Alley, 2112 N. Hobart, yesterday someone stole her purse and billfold containing \$40 in cash.

Mrs. Job said she missed her purse between 3 and 4 p.m. It was later found in the men's rest room minus the money.

Crossman Named U.N. Chairman

Mayor H. R. Thompson announced at today's city commission meeting that he had named Paul Crossman chairman of Pampa's Community United Nations Day observance.

The appointment was made at the request of President Johnson and Robert S. Benjamin, national U.N. Day chairman.

Crossman said he planned to announce at a later date plans for the local observance.

Road Opened to New Catholic Doctrine

VATICAN CITY (UPI)—Ecumenical Council bishops today opened the road to a new Catholic doctrine by overwhelmingly voting themselves as "collegial" partners of the Pope in running the church.

Pope Paul VI himself supported the "collegiality of bishops" idea, saying that this

Price Labels Opponent as Contradictory

SILVERTON (SpI) — Bob Price, Republican candidate for Congress, at his Briscoe County Kick-off Rally in Silverton Monday night, called his opponent "contradictory."

"You know, it's just like having three entirely different men representing us," is the way Bob Price launched an attack on his opponents record. Price accused the incumbent Congressman of "many disguises."

"When he makes one of his rare visits to the District, our Congressman is 'our kind of man.' He loves freedom, wants a balanced budget, cries out against collapse of our monetary system. When he is in Washington, he plays the game with his Party colleagues, votes to increase spending as if money were going out of style — which it may well do — and he seeks to curry favor with Party bosses and votes much of the welfare line.

"And, when he meets with his handful of Panhandle puppeteers that actually pull his strings, they sit down in the Amarillo Club and he gets his instructions. HE is all things to all people. Our Congressman is a contradiction. He lives in Maryland, works in Washington, votes in Texas and dodges the issues everywhere. Never in our history have we in this District been so MISREPRESENTED by a Representative. I sometimes feel that Walter Rogers wakes up every morning to a bright new, and strange world."

alone would make this Ecumenical Council remembered in future ages.

The crucial proposal states that "by the order of the Lord" just as St. Peter and the other apostles formed one apostolic body or college around Christ "in the same way the Roman pontiff, the successor of Peter, and the bishops, the successors of the apostles, are mutually united."

Majority Easily Reached

The necessary two-thirds majority was easily reached in the vote, which was 1,984 - 322.

Before the collegiality takes effect it must be incorporated into the main body of the document "De Ecclesia" (On the Church), given final approval as a whole, and then approved by the pontiff.

But when it is promulgated it will be the first major advance

in doctrine about the church since the first Vatican Ecumenical Council proclaimed papal infallibility in 1870.

Partners Of Pope

In effect, it makes the bishops partners of the Pope in governing the universal church. Other points in the third chapter of "De Ecclesia" will be voted on to define just how this is so.

In another ballot, the bishops voted to invest themselves with new sacramental dignity and status before the altar.

Passed by a vote of 2,198-50, it does not create a new sacrament, but states that the office of bishop is a real and distinct part of the sacrament of Holy Orders and its fulfillment.

Before, bishops were considered sacramentally equal to priests, having only fuller jurisdictional powers.

Obituaries

Albert Lee Taylor
Funeral arrangements are incomplete at Duengel - Carmichael Funeral Home for Albert Lee Taylor, 56, 1229 S. Sumner.

Mr. Taylor died early this morning in Bristol Hospital, Dallas.

Mr. Taylor had been a Pampa resident for 35 years. He was a member of the Central Baptist Church where he was a deacon. He had been employed by Phillips Petroleum Co. for 35 years.

Surviving are his wife, Mrs. Lula Mae Taylor of the home; three daughters, Mrs. Doris Johnston of Pampa, Mrs. Wanda Spelce of Borger and Mrs. Vickie Willis of Denton; one son, Travis Taylor of Pampa; four sisters, Mrs. J. H. Jackson of Pampa; Mrs. Maude Jenett of Fort Worth, Mrs. Mary Thomas of Texarkana and Mrs. Susie Steel of Wichita Falls, and one brother, Edwin Taylor of Missouri.

Minor Simms
PANHANDLE (SpI) — Funeral services for Minor Simms, 64, of Panhandle will be held at 2 p.m. Wednesday in Panhandle First Methodist Church with Rev. J. Alvis Cooley officiating. Burial will be in Panhandle Cemetery under direction of Poston Funeral Home.

Mr. Simms died Monday in St. Anne's Home at Panhandle. He had been a Panhandle resident since 1903.

Mr. Simms was a farmer and rancher. He was a member of First Methodist Church, where he served on the board of stewards and building committee; a member of Carson County Lodge No. 1167 AF&AM, and served on the Panhandle school board for eight years.

Surviving are his wife, Mrs. Beatrice Simms of the home;

one son, Frank Simms of Panhandle; one granddaughter, Glenna Diane Simms and one grandson, Stanley Simms, both of Panhandle.

Mrs. Lucille Stark
Funeral services will be held at 3 p.m. tomorrow in First Methodist Church for Mrs. Lucille Stark, 46, 2214 N. Russell, who died Sunday in a local hospital.

Rev. Harry Vanderpool, pastor, will officiate and burial will be in Fairview Cemetery under direction of Duengel - Carmichael Funeral Home.

Mrs. Stark had been a Pampa resident since 1929, except for a few years while she lived in Amarillo. She was a graduate of Pampa High School and a member of First Methodist Church.

Mrs. Stark was the widow of W. L. Stark who preceded her in death Feb. 4, 1964.

Surviving are her mother, Mrs. Ethel Bell of Pampa, and two sisters, Mrs. Bettie Worten of Premont and Mrs. Robert Hamilton of Anchorage, Alaska.

Johnson

(Continued From Page 1)
raising buying power at home and expanding markets abroad.

Tax incentives and greater research to encourage expansion and modernization of American industry.

Stepped up manpower program to provide workers with education and training so they can fill higher skilled jobs.

Provision of medical care under Social Security, improved jobless benefits and minimum wages, and equal opportunity guarantees to aid the "poor, helpless and oppressed."

A program to meet America's public needs by relieving classroom crowding and helping cities and rural areas:

Three-Fold Task

Johnson said these policies would lead to a doubling of average family income and a \$2.4 trillion economy by the year 2000. That would be four-fold expansion of the present \$500 billion economy.

He asserted that he and organized labor were not satisfied even with present prosperity, adding:

"If there are any who think we have hit our peak—that we can stand pat or keep cool—that we have reached the promised land—they better get out of the way. Because they'll be run over by a marching America."

The President said the nation has a three-fold task — to achieve full employment and eradicate poverty, avoid recession and use the forces of technology to improve the life of the American people.

The 12th convention of the steelworkers opened Monday with a speech by President David J. McDonald. He told the 3,500 delegates that Johnson's campaign for re-election is "our fight" with "peace and paychecks at stake."

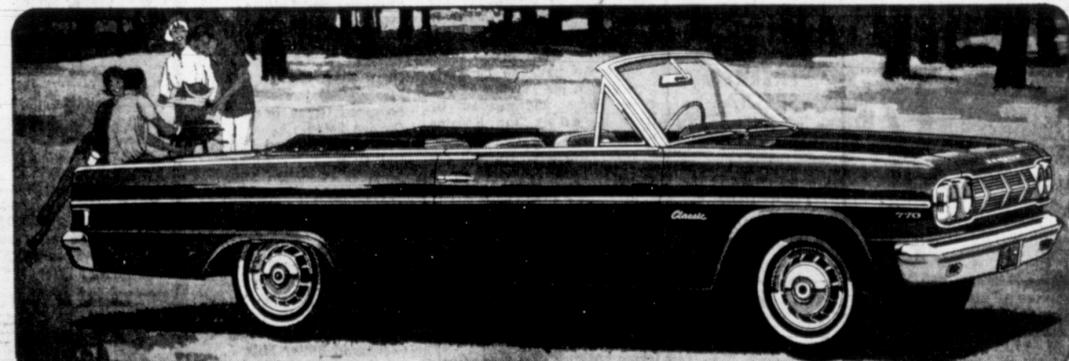

65's Most Sweeping Changes—RAMBLER ANNOUNCES THE SENSIBLE SPECTACULARS

New! 3 Different Sizes. New! 3 Different Wheelbases. New! 7 Spectacular Engines.

Don E. North, 1220 E. Francis, speeding, guilty, fined \$16.

Kay M. Evans, 1044 Cinderella, running stop sign, guilty, fined \$20.

Kenneth M. Meyers, 1321 Duncan, running stop sign, guilty, fined \$10.

Ronald L. Gideon, Fort Worth, defective muffler, guilty, fined \$25.

Iva P. Riddle, 729 Lefors, unsafe backing, guilty, fined \$8.

Richard D. Shay, Pampa, defective brakes, guilty, fined \$8.

Robert W. Rapstine, Pampa, following too closely, no contender, fined \$14.

John P. Sampster, Okla. City, speeding, guilty, fined \$10.

Rosalee H. Henley, 501 Powell, running stop sign, guilty, fined \$15.

Tommie W. Williams, 521 Davis, running red light, guilty, fined \$10.

Bennie B. Owens, 514 S. Ballard, disturbing peace, guilty, fined \$5.

Elmer L. Sanford, Stinnett, intoxication, guilty, fined \$25.

President-elect Lincoln wrote Gov. Craft of his inaugural speech in Springfield, Ill., before starting for Washington.

DISTRICT P-TA BOARD — District 19 Parent-Teachers Assn. board members met Tuesday in Citizens' Bank Hospitality Room to make final plans for the fall workshop to be held in Wheeler Oct. 15. Pictured, left to right, are board members L. J. Edmundson, Pampa school superintendent, district chairman of educational relations; Mrs. E. C. Pulse of Pampa, district vice president; Mrs. John Toombs of Irving, state vice president and Mrs. L. A. Pundt of Canadian, district vice president.

New Pledges Are Welcomed by KA Chapter of ESA

Mrs. Howard Cruise welcomed new pledges, Mrs. Robert Yost, Mrs. Glenn Stafford and Mrs. Joy Bruce at Kappa Alpha Chapter, Epsilon Sigma Alpha Sorority, when the group met at 7:30 p.m. Wednesday in Southwestern Public Service Building. Two pledges were unable to attend.

During a short business meeting, the chapter members were told of being selected to host the District 10 Convention of ESA in October. A district queen will be selected at the convention to represent this area at the State Convention. Members set Oct. 2 as the date for a rummage sale, the proceeds of which will go toward a scholarship fund.

Small lunch boxes, depicting the "Back to School" theme, filled with refreshments, were served by hostesses Mrs. Charles Beard and Mrs. Frank Maher.

Next meeting for the chapter, which will be a model meeting, will be held at 8 p.m. Oct. 1 in First National Bank Coffee Room.

Whole eggs act as a binder in croquettes and meat loaves. They also thicken liquids as in pie fillings, custards, gravies, soups and sauces.

5TH
YEAR

Senior Center Corner

By MRS. O. A. WAGNER

Was good to see Mr. and Mrs. A. N. Burgin back with us this week. They said they had just been too busy this summer to come.

Mrs. Jessie VanHuss attended the wedding of her grandson in Houston recently. Norris Weir and Miss Barbara Hearn of Houston were married there.

Mrs. Margaret Connelly attended the golden wedding anniversary of her sister, Mr. and Mrs. W. H. Burnette at Panhandle on Labor day. All their children were able to be present. Their granddaughter, Miss Sandra Bush of Borger, was also present.

Mr. and Mrs. J. M. Forrest spent last week in Spearman with his brother, H. W. Forrest and family.

Mrs. Lona Webster spent last week with her sister, Mrs. Carrie McBride in Amarillo and Mrs. Webster is expecting her

sister over this weekend. Dinner guests of Mrs. Mollie Hethcock Thursday were her cousin, Mrs. Myrtle Ball of Allenreed, and nephew, Roy Bell of Perryton.

The beautiful centerpiece of bronze mums, that graced the serving table, furnished by Mrs. Roy Kay, were sent to L. J. Sutton, who is very ill.

Mrs. Irma Tubbs and some friends spent Monday fishing over in Oklahoma. They report fishing was not good that day. Mrs. Tubbs did report catching one fair sized bass. Anyway, it was a good outing.

Your reporter had a nice surprise Wednesday when my granddaughter, Miss Jennifer Wagner from Whitecourt, Alberta Canada (near Edmonton), stopped over for a short visit on her way to Austin, to re-enter the University of Texas. We spent some time at the Center. While I visited around and gathered news, Miss Jennifer enjoyed a game of canasta. We then drove to Amarillo where she caught the evening flight on to Austin, with the promise of returning to spend Thanksgiving, with a half promise from yours truly to accompany her to Canada to spend Christmas with her parents, my son, Errol Wagner and his wife.

Sorry we have no complete report from the Turners as yet. P. G. Turner and wife left by train Monday for Houston where he was to enter the Clinic Tuesday morning. We will not be able to get the result before Saturday or first of the week.

The Altrusa Club was hostess, this being the eighth anniversary of the Senior Center of which they are the sponsor. Serving were Mmes. Marie Fitzgerald, chairman, Emily Coston, president, Mabel Hukill, J. Flannigan, Louise Sewell, Lena Pearl Hobbs, Lou Ella Patterson, Marion Jameson, Thelma Bray, John Collarman of KPDM came over to broadcast a short program of the anniversary.

Gray Ladies serving with transportation were Mmes. Jess Hatcher, George Benham, O. F. Kreimeyer, A. D. Hills and Chris Byerly.

Mrs. Coston fashioned the applesauce cake decorated with autumn leaf favors, served with sandwiches and coffee during the refreshment hour.

Corsages were awarded to Mrs. Mary Harris, being the eldest lady present, and to Mrs. George Higgins, the youngest. To the men boutonnières. The eldest, H. C. Wilkie (over 90) and the youngest, C. L. Sublet. See you next week. Love, Mrs. Wagner

VARIATION-ON-THEME
This lunch main dish is a variation of the chipped beef in cream sauce recipe standard in many a household. Combine 2 cans (11 oz.) of condensed cheddar cheese soup and 2 cups of milk in a medium-sized saucepan. Cook over low heat to the boiling point, stirring frequently. Stir in two packages (3 1/2 oz. each) of dried beef, shredded. Serve as topping for 12 buttered and toasted shredded wheat biscuits. Yield, 6 servings.

Dear Abby.... 'Bread-and-Butter' Letter Is Still a Necessity

By ABIGAIL VAN BUREN

DEAR ABBY: My name is Dickie and I am ten years old. I went to Montana to visit my aunt and uncle for two weeks this summer and I had a very good time. They own a ranch and they let me ride a horse. They don't have any kids of their own and they let me do just about anything I wanted to do. When I go home, my mother said I had to write them a bread-and-butter letter. This is a letter saying thanks for the good time. Well, I started about 100 of these bread-and-butter letters and they all ended up sounding so stupid I tore them up and called them long distance on the telephone and told them thanks again for the next time. The call came to \$6.70. I didn't think it would cost that much but that is what it came to on the telephone bill. I want to draw \$6.70 out of my savings account but my mother won't let me. She says that was no bread-and-butter letter and I have to write one anyway. Do you think this is fair?

DICKIE

DEAR DICKIE: Your mother is trying to teach you something that everyone should know. It is necessary to write a bread-and-butter letter after you've been a guest. Your short-cut showed refreshing (if extravagant) ingenuity, but it did not do the job of a "bread and butter" letter. Mind your mother, Dickie.

DEAR ABBY: My husband and I just had the biggest fight of the year. We have two children, one and two, and I am expecting again. My husband wants to move to the country to a two-room house. It isn't even a modern house and you have to carry water a full block. The closest neighbor is 15 miles away and the store is 35 miles away. We have only one car, which he takes to work. There is no phone in the house and he says he isn't putting one in. (What if one of the children

Rebekah Lodge Has Regular Meeting

Mrs. F. E. Matheny presided over the meeting of Pampa Rebekah Lodge No. 355 when the organization met at 8 p.m. Thursday in IOOF Hall. Mrs. Eunice Maddox was vice grand. During the business meeting, reports were made of six members. Announcements were made concerning the Senior Citizens' Center meeting on Sept. 24, which the lodge will host; New meeting time for the lodge will be at 8 p.m. Oct. 1; Esther Club will meet at 7:30 p.m. Sept. 28; Mrs. Roy Kretzmeier was in charge of the funeral service practice held Sept. 10 and the degree team initiated Mrs. Ola Pearl Burney at formal initiation services Sept. 17.

Cake and coffee were served by the October committee to the 40 members attending. Next meeting for the lodge will be at 8 p.m. Sept. 24 in IOOF Hall.

FLUTTERY
NEW YORK (UPI) — The newest flutter in the false eyelash field comes from a London manufacturer's new design. The maker (Eylurel) has introduced ready-trimmed, pre-shaped lashes tailored for left and right eyes.

Mrs. Mason Feted At Farewell Tea

CANADIAN (Spl) — Mrs. J. C. Mason, Canadian resident since 1908, was honored with a tea recently in the home of Mrs. J. J. Caudle. Mrs. F. D. Teas assisted with hostess duties for the event. Mrs. Mason will move to Amarillo in October to make her home with her son-in-law and daughter, Mr. and Mrs. Lewis Merry.

The serving table was covered with a white lace cloth over yellow and centered with a floral arrangement of blue, yellow, pink and white. Sandwiches, nuts, mints, tea and coffee were served.

Attending were Mmes. W. A. Merrell, C. J. Hoobler, Emma Matticks, Ed Little, Charlie Teas, Davie Hall, John Q. Davidson, F. A. Blue, G. F. Hoover, C. H. Vaughn, A. R. King, Vera Moorehead and the Rev. and Mrs. Lee Crouch.

A few drops of lemon juice sprinkled on freshly cut fruit keeps the fruit from turning dark. The juice is a mild bleaching agent — it's also effective in keeping white vegetables white.

IDEAL URGES YOU TO START THE DAY RIGHT...

Foreign News Commentary

By WILLIAM J. FOX
United Press International
Notes from the foreign news cables:

British Politics:
The political fighting is growing in intensity not only in the United States, but in Britain as well. Britain's Conservative party strategy is expected to center more and more on the theme that opposition Labor Party leader Harold Wilson is a "man-band."

The Tories plan to exploit the angle by shifting the heavy guns of their attack from Wilson to his colleagues. The idea is to try to show that he really is the Labor party — a strong man leading a lot of inexperienced nonentities. This will be based on a number of factors: Wilson's firm control of the party; his insistence on making all major decisions; the personal campaign the party conducted for him after he became its leader early last year, and the fact that after 13 years out of office he is the only leading Labor member of Parliament with ministerial experience. Wilson will counter this strategy with one of his own calling for increased exposure on the stump and on television for the men who would hold office in a Labor government.

De Gaulle Waits:
France's President Charles de Gaulle will wait until after the U.S. presidential election before making any new move to call a conference aimed at neutralization of Southeast Asia. But French officials in Paris say the constant political upheavals in South Viet Nam have convinced De Gaulle more than ever that neutralization is the only answer to the troubles in that part of the world.

Khrushchev Visit:
It is considered virtually certain that Soviet Premier Nikita Khrushchev will visit East Berlin for Oct. 7 ceremonies marking the 15th anniversary of the East German state. But Khrushchev's scheduled visit to the West German capital of Bonn next year is the one observers are viewing with the most interest. This trip is increasing in importance as a result of the Moscow-Peking feud. Red China's Mao Tse-tung has been indirectly wooing the Bonn republic through statements made to a touring delegation of Japanese socialists who recently visited Peking.

These overtures have found a reaction in Bonn, particularly from the powerful lobby representing Germans expelled from their lands through Soviet power after World War II. The group noted in its press service that Mao has suddenly started blaming Khrushchev for driving the displaced Germans from their homes by annexing all German territories east of the Oder-Neisse frontier. The expelled group said Moscow interprets this to mean that Mao is looking for a "wealthy business partner and potential ally among the capitalist countries." Mao's attitude, they feel, strengthens the West German position in dealing with Khrushchev. When the Soviet premier visits Bonn, they think this may enable Chancellor Ludwig Erhard to get some realistic discussions of such topics as Berlin and the reunification of Germany.

Indonesia Outlook:
Indonesia's President Sukarno is expected to step up his pressure on Malaysia now that he feels assured of Soviet backing in the United Nations Security Council. He will seek assistance pledges from the United Arab Republic and other uncommitted nations during the forthcoming conference of non-aligned leaders in Cairo. However, it is uncertain just how far Sukarno can go, for observers say Indonesia's economy is in bad shape and getting worse—a situation which could scuttle his warlike plans.

Britain Turns Government Over To Malta Premier

VALLETTA, Malta (UPI)—Prince Philip of Britain Monday officially turned over the instruments of government to the prime minister of Malta, the world's newest independent nation.

Britain's 164 years of rule over the Mediterranean Island ended at midnight when the Union Jack was run down and the new Maltese flag was hoisted.

A police inspector suffered a knife wound and 13 persons were arrested Sunday during anti-independence demonstrations by supporters of Dom Mintoff, Labor Party leader.

Prince Philip, husband of Queen Elizabeth, turned over the government to Prime Minister Dr. Borg Olivier Monday in a ceremony before thousands in the heat of Independence Arena. He called the island a fortress combating aggression.

"Malta threatens no one except lawbreakers and evil-doers, and will continue to be a bastion for peace and democracy," he said.

Pro-labor newspapers called independence "a sad day for Malta." Mintoff objected to independence because the constitution did not contain curbs on the influence of the Roman Catholic Church. He also objected to a British military base on the island.

MAKES BIG IMPRESSION EASTBOURNE, ENGLAND

(UPI) — David John Epps was in jail here for making too deep an impression. The 22-year-old Epps is charged with trying to strangle a female acquaintance. Said Epps in his defense: "I only gripped her round the throat. I did it to impress her because she would not go out with me."

Floods Take Toll in Areas Over State

By United Press International
Texans along the southern Rio Grande and in the heavily-populated Dallas-Fort Worth area waited for the beginning of the end today of the worst floods in years.

Some creeks and rivers began receding during the night, and others were expected to crest early this morning. The Weather Bureau said more heavy rains, such as the 12-17 inch downpours that caused the floods, appeared unlikely, but light drizzle and occasional showers would continue in many areas.

Watery Dallas

Water gurgled through the streets of northern Dallas County and Fort Worth suburbs Monday, driving at least 80 families from their homes and sweeping cars off the road.

A night watchman, James L. Richardson, 73, was drowned when a wave of water knocked his car off a far north Dallas road. He was found dead in the submerged auto.

To complicate matters, a small tornado skipped across the Fort Worth area Monday, apparently doing no damage. It touched down twice in open areas of the suburb of Lake Worth, and twice in open areas of nearby Carswell Air Force Base.

Ranchers reported heavy livestock losses and flood-area residents were warned against snakes, who were driven from their dens and headed in groups for higher ground.

Del Rio was "hard hit." The Weather Bureau at Brownsville said early this morning it had lost contact with its Del Rio office. The international bridge across the Rio Grande to Ciudad Acuna, Mexico, was closed as water swept across it. The high water shut down two hydroelectric generator plants of the Central Power and Light Co.

The Rio Grande was 7 feet above flood stage there and rising. Del Rio got almost five inches of rain in six hours Monday night and early today, almost a quarter of the amount of rain it usually gets all year. But forecasters expected the rain to end soon.

Flowing over Dam

In the little town of San Felipe Creek, about 10 miles east of Del Rio, 73 families were reported forced out of their homes by the waters of the Devil's River.

The Devil's Lake dam reported a water depth of 50 feet at midnight, with water flowing six feet deep over the top of the dam.

The Rio Grande began to recede downstream as rains tapered off Monday. But the runoff from the Del Rio area hit Eagle Pass early this morning and sent the river level back up to 25 feet—10 feet over flood stage—flooding the eastern part of the city.

The surge from the Del Rio runoff was expected to reach Laredo today.

Forecasters said the heavy rain was caused by a 150-mile stationary cold front stretching from Sherman, near the Oklahoma border, southward through Fort Worth to Del Rio. The front formed a pipeline for cold air streaming down from the north, which triggered showers, as it collided with warm, moist air from the Gulf.

Weathermen said a new cold front headed southeastward from the Rocky Mountains would probably catch up with the "rain belt" today and push it south and east out of the state.

Trinity Floods

The Trinity River in Dallas reached 34 feet early this morning, four feet over flood stage, and was expected to crest at 36 feet shortly after daybreak.

Big Fossil Creek, which forced 80 families out of their homes in three northeastern Fort Worth suburbs, was back in its banks today and receding.

Police in Haltom City said 10 families forced out by the creek's waters Monday had returned today. In Richland Hills and North Richland Hills, police said the 60 or so families who fled were waiting to see whether the heavy rains were over before returning. But the creek was back within its banks there too.

Heavy rains have caused the creek to flood the same group of houses several times in the past.

POISONING KILLS 25

HYDERABAD, India (UPI)—Food poisoning killed 25 schoolboys between four and ten years old Monday at Maddikare village in Andhra State, a government spokesman announced.

Another 150 children were hospitalized after the midday meal.

WOULD TRAVEL HEAVILY

WASHINGTON (UPI)—President Johnson is expected to do considerable traveling abroad if he is elected in November.

Authoritative sources gave no details of which countries Johnson may be considering for visits if he is returned to the White House. There have been reports he is weighing the possibilities of trips to Latin America and Asia.

A rancher near Dallas, Ernest E. Dunn, said he lost 50 head of cattle in flood waters along the Trinity River. A Brackettville rancher, in South Texas near the Rio Grande, told the Department of Public Safety that a wall of water from a flash flood destroyed his home and wiped out 90 percent of his herd.

The Rio Grande started to rise Sunday after 17-inch rains. Carrollton, just northwest of Dallas had more than 11 inches, and McKinney more than a foot. The official rainfall total in Dallas was over 5 inches, and the unofficial total nearly 12 inches, the heaviest Dallas rains in nine years.

DOUBLE ROBBERY

ST. JULIENNE, Que. (UPI)—Five bandits armed with sub-machine guns staged a unique "double robbery" Monday and escaped from this small community with \$9,000.

Two of them held up the local Caisse Populaire on one side of the main street and got away with about \$6,000. At the same time, two companions struck at the Banque Canadienne Nationale on the other side of the streets and emerged with \$3,000.

All four then speed off in a car driven by a fifth gang member and sped out of town.

Hippopotamus ivory is denser and whiter than elephant ivory. In 1900 there were 30,000 electric trolley cars in the U.S.

FREE CIRCUS AT 1964 STATE FAIR OF TEXAS

LIONS, TIGERS AND ELEPHANTS, acrobats, aerialists and clowns—all the fun and flavor of the old-fashioned sawdust circus under the big top will be present in the Colossal Free Circus, a daily attraction at the 1964 State Fair of Texas October 10 through 25 in Dallas. Sponsored by Dr. Pepper and Frito-Lay, Inc., several free hour-long performances will be presented daily in the bright big tent on the Outdoor Exhibit Terrace adjacent to the Agriculture Building.

NATO Forces Open Atlantic Maneuvers

LONDON (UPI)—United States and Allied NATO naval forces Monday opened massive maneuvers in the Atlantic under radio blackout and other realistic wartime conditions of secrecy designed to shroud operations against Soviet spy ships.

A spokesman said the war games were "kept classified until today to give any foreign powers the minimum of time to get into position" for close observation. He made clear his reference was to the Soviet Union.

Participating were warships from the United States, Britain, France, Belgium, Denmark, Norway and the Netherlands.

The spokesman said the exercises will include mine laying, mine sweeping, and anti-submarine warfare in addition to simulated nuclear and conventional attack-support operations.

About 160 ships, 170 planes and 30,000 men participated in Operation Teamwork which will continue through Oct. 2. It will include simulated nuclear and conventional attacks by NATO warships in support of Allied forces in Northern and Central Europe.

Included in the exercise was a convoy of 20 merchant ships which warships and planes will protect against simulated attack.

"At no time since World War II has there been an armada of this nature assembled until today," said the spokesman, Cmdr. Bob Garrick of Los Angeles.

Soviet trawlers equipped with numerous electronic devices frequently have shown up during Allied naval exercises in the Atlantic and Pacific oceans.

The Allied operation stretched over a vast expanse from Iceland to the English Channel and the Bay of Biscay.

CAN'T CONTINUE

WASHINGTON (UPI)—The National Planning Association says the United States cannot expect continued heavy sales of surplus farm produce to the Soviet bloc.

The NPA, a non-partisan research organization, said Sunday night in its September report that "most of our sales efforts must be directed at the free world."

The report said that Soviet wheat acreage is up and the United States cannot count again on record export sales of grain made to Russia in the 1963-64 marketing year.

SOLE STAR—Republican presidential nominee Sen. Barry Goldwater plays the star—and only—role as he sits in a Los Angeles commercial television studio to record taped television spots for his campaign.

— Quotes In The News —

By United Press International
MORGANTOWN, W. Va.— President Johnson defending his anti-poverty campaign in economically depressed West Virginia:
"We are going to strike away the conditions which damage a man's dignity and self respect, and capacity for fulfillment. We are going to give every man the chance to build his own place in this abundant land of ours. And by doing this we are going to strengthen the initiative of the individual, the freedom of the nation and the prosperity of all."

WASHINGTON — Sen. Barry Goldwater criticizing the administration's handling of the latest Gulf of Tonkin incident:
"Was something being covered up or, almost as shocking, was there such a confusion of communications that the administration actually didn't know what was happening?"

WASHINGTON — Rep. Gerald Ford, R-Mich., commenting

on the Warren Commission report on President Kennedy's assassination:
"To the very best of our ability we have investigated every charge and traced down every rumor. I trust that the report will explain as best as it is humanly possible to do so, all factors involved in the assassination."

MCCOMB, Miss. — Police Chief George Guy on the dynamite bombings of two buildings that resulted in thousands of Negroes turning out into the streets:
"By the time we got up there the whole Negro section was out. The woman who owned the house requested that we pull our men out of there until things quieted down a bit. It's an explosive situation."

SEAT IS MOVED
WASHINGTON (UPI) — Sen. Strom Thurmond's seat was moved Thursday from the Democratic to the Republican side of the Senate chamber.

Quirks In The News

By United Press International
BROKEN MARRIAGE
SILEBY, England (UPI) — Janet Clare married Anthony Smith Saturday three days after their motorcycle crashed. Miss Clare arrived for the ceremony with one leg in a cast while Smith showed up with his broken arm in a sling.

TOO FRIENDLY
EDINBURGH, Scotland (UPI) — A friendly seal named Magnus flopped over the five-foot wall of his zoo compound into the neighboring pool of two polar bears and was promptly eaten, zoo officials said Sunday night.

PLAN MILITARY TEST
MOSCOW (UPI)—Soviet, Romanian and Bulgarian armed forces held military maneuvers in Bulgaria Sept. 15 to 20, Pravda said Monday.

The Communist organ said these Warsaw Pact maneuvers were designed to test coordination of action and tactical readiness of the different forces.

Republicans Have Plan to Check 'Tombstone' Vote

By RAYMOND LAHR
WASHINGTON (UPI) — Republicans are planning to use the post office to make sure that no ballots are cast in behalf of "tombstone voters" in 14 big cities.

Republican campaign literature will go by first class mail to all registered voters in the cities. The envelopes presumably will go back to the sender through the postal service if any voters do not live at the addresses given on the registration lists.

This procedure is part of a "ballot security program" to be used by the Republican National Committee in an effort to improve the GOP showing in the big cities in the Nov. 3 election.

The Republican leadership blamed poor performance in the big cities for Richard M. Nixon's defeat in the 1960 presidential election. In a number of populous states, Democratic majorities in the cities outweighed Republican majorities outside the cities.

Charge Vote Frauds
There was also a Republican outcry charging the Democratic machines in big cities, particularly Chicago, with vote frauds which allegedly helped to tip the scales against Nixon.

Since 1960, GOP national headquarters has tried to strengthen the party organization in the cities and to develop ways for preventing vote frauds.

The new big city project — part of a campaign to put Sen. Barry M. Goldwater in the White House — is headed by Sherman Unger, 36. He is a Cincinnati attorney who served on Nixon's personal campaign

staff in 1960. Under deals with the party organization in 14 cities, his job is like that of GOP regional campaign directors who deal with groups of states. They supervise programs to identify Republican voters in all precincts, to turn out the vote Nov. 3 and to make sure the GOP

gets an honest count. Local Directors Each city will have a local director for each of the three programs. The big city project covers both the cities and the suburbs in these 14 metropolitan areas: Atlanta, Baltimore, Boston, Chicago, Detroit, Kansas City, Milwaukee, Los Angeles, New York, Newark, Philadelphia, Pittsburgh, St. Louis and San Francisco.

The late President John F. Kennedy carried all 14 of those cities over Nixon in 1960 and cut down on the normally Republican margin in most of their suburbs. Republican post mortems on the 1960 election gave respectful attention to Democratic strength and GOP weakness in the Negro wards of the large cities. With Goldwater, who voted against the civil rights bill, now heading the ticket, the GOP may find itself even weaker this year in those wards.

However, Goldwater would stand to gain in the suburbs and in white working class districts of the cities from any white backlash against the Democrats on the racial issue.

Mason Ritual Exams Set for Pampa Lodge

An examination for proficiency in Masonic ritual has been set for 6:30 p.m. Monday, in Top O' Texas Lodge 1381 in Pampa. A second examination has been scheduled at the Lodge at 6:30 p.m. the following evening.

The examinations will be conducted by Bob G. Andis, a Pampa rancher and a member of the Texas Masonic Grand Lodge committee on work.

Masons in this area who qualify in the examinations will be granted certificates of proficiency in the Masonic ritual at the Annual Communication of the Masonic Grand Lodge of Texas in Waco, Dec. 2.

UNVEILS DEFENSE BUDGET

PARIS (UPI) — The government has disclosed that France will spend about \$1 billion on its independent nuclear deterrent in 1965—about one fourth of the defense budget.

Finance Minister Valery Giscard d'Estaing said another \$1 billion would be spent to equip French armed forces with the most modern conventional weapons.

CRASH KILLS NINE

ROCHA, Uruguay (UPI) — Nine persons were killed and 26 others injured Sunday when a bus went off a highway here and plunged into a ravine.

IKEDA'S THROAT WORSE

TOKYO (UPI) — Doctors said Monday that Japanese Prime Minister Jayato Ikeda has suffered a worsening of a throat inflammation condition brought on by a cold he caught last weekend. Ikeda, 64, was hospitalized in the National Cancer Center Sept. 9 with a case of laryngitis. Physician said examinations showed he did not have cancer.

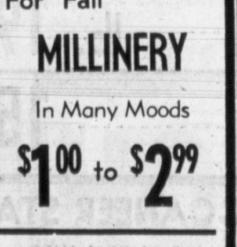

POLARIS SUCCESSFUL

CAPE KENNEDY (UPI) — America's 23rd missile-firing submarine, the Ulysses S. Grant, shot a Polaris A3 rocket more than 2,000 miles to an Atlantic target area Monday.

The submarine fired the 32-foot missile while cruising submerged about 30 miles off the Florida coast. It was the 13th success in 14 submerged shots for the A3.

LONG, LUXURIOUS

The Rambler Ambassador is the longest and most luxurious of three distinctively different lines of American Motors cars for 1965. Over-all length has been increased 10 inches, and a convertible has been added to the Ambassador line for the first time. Ambassador styling is all-new with a bold horizontal grille separated by vertical dividing strips, dual vertical headlights and full-height vertical tail lights. Shown is the Ambassador 990 four-door sedan. A wide choice of engines includes a high-performance Torque Command six at 155-horsepower as standard on the Ambassador and two optional V-8's at 198 and 270-horsepower.

It's The Law In Texas

DRAMA IN THE COURTROOM — We've all seen a great many courtroom dramas in the movies, on the stage or on television. Too many, some may say, but there's no denying the drama to be found in the courtroom.

A theater seat or a comfortable chair in front of the TV screen is the closest many of us ever get to a courtroom. It's from such a vantage point that most of our ideas come today about court procedures and how a trial is carried on.

Stage and screen trials normally present only the highlights and take many shortcuts in the interest of brevity and audience appeal. Often an attorney is pictured making objection after objection to the questions and answers as witnesses testify. He makes these objections vehemently, pompously, or sarcastically — and often in a voice louder than necessary — according to the demands of his role, and depending upon whether he's on the side of the villain or the hero. The judge then raps for order, and booms out, "sustained," or "overruled," and those of us in the audience usually are at a loss over why he made his decision.

In a real courtroom it's true that attorneys protest against what's being done or said, as a means of assuring a fair trial, and the judge must allow or dis-

allow each objection. The principals in the real courtroom are just practicing common sense when they follow the "rules of evidence" in placing facts before the judge and jury. If there's to be a fair trial and a just verdict, there must be true facts.

Evidence in the courtroom may take several forms, but two are most common. Answers to questions from a witness under oath are the best-known type of evidence. Exhibits — written records, letters, "the murder weapon," and other physical objects having to do with the case — are the next most common — "Depositions," or written statements, from a witness who for some reason is unable to appear personally in court, are sometimes admitted as evidence in certain cases.

Perhaps you've heard: "A trial is not a contest of learning, skill, or tact between lawyers, but a proceeding to find out the truth according to the evidence received and the law as explained by the judge."

That's about the size of it, and that's the way each of us wants it to be if ever we are placed on trial or taken to court for even so much as a speeding ticket.

when you call Grandmother

...YOU DON'T EXPECT TO REACH TIMBUKTU

Naturally, when you call Grandmother's phone, that's the one you expect to get, and you do. But that's not as easy as it sounds.

Your call must work its way through all sorts of interconnections, wires, cables, switches and so forth until, finally, it picks the right phone out of some 83 million in the U.S.

Yet, out of all the possible chances for mistakes, your call goes where you sent it... in town or out-of-town, to Grandmother, wherever she is. This sort of reliability is the result of service improvements that keep increasing the convenience and personal value of your telephone.

Game Warden Says Area Has Variety

By Ray Rodgers

The first state game warden ever to be stationed in Pampa said today that the Panhandle of Texas is one of the best hunting spots in the state in that it has the largest variety of game to be found in Texas.

Roland (Buck) Williams, 31 has been in Pampa for approximately one month, having been recently assigned Gray and Roberts county as his territory. Williams is married, has two children and makes his home at 1112 E. Kingsmill.

Williams said that even though many areas of the state have a more abundant supply of any one particular type of game, in no section is there found the variety of game that is in the Panhandle area.

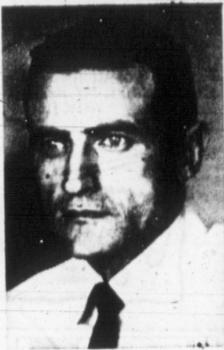

"One reason the Panhandle is not as popular with many hunters as other areas," he said, "is the lack of public lands available to hunters."

"In the Panhandle area," he said, "there are only two areas of public land available to hunters. One section of the Canadian River running about 50 miles in length and parts of the Panhandle Natural Grasslands near Dalhart."

"But as far as variety of game, the Panhandle offers hunters an excellent choice." For instance, within 50 miles of Pampa you can hunt deer, antelope, quail, dove, turkey, ducks, pheasant, geese and squirrel.

Williams graduated from the State Game Warden School in May and was stationed for a while in Amarillo before being assigned Gray and Roberts County.

Williams said the most frequent violation of Texas Game and Fish laws is failure to se-

BUCK WILLIAMS
... new game warden

cur a license, particularly a fishing license. He said that fishing seems to be a "spur of the moment" thing and therefore it's easier to forget to purchase the license.

Fishing licenses in Texas are \$2.15 and hunting licenses are \$3.15. They are valid from now until Aug. 31, 1965.

Deer season, one of the most popular among Panhandle hunters, officially opens Nov. 14 and closes Nov. 29. Limit this year is one buck or antlerless deer. However, antlerless deer is by permit only.

Williams said that several mule deer were stocked in the Canadian River area last year.

Williams urged everyone to observe the hunting laws and regulations. He said they are established not to hinder hunters, but instead to help them and insure good hunting for everyone.

Television in Review

Star in New Series Moving Toward Top

By RICK DUBROW
HOLLYWOOD (UPI) — If you are interested in budding television moguls, mark well the name of Richard Crenna, who bowed in Monday night as star of a new CBS series, "Slattery's People," about a state legislator.

Like the late Dick Powell, Crenna is moving toward the top of his business the unorthodox way, which is to say, by working at it and learning every aspect of it. Perhaps you remember him as Dick Crenna, the soueaky-voiced boy in Eve Arden's "Our Miss Brooks" series. Or maybe you remember him in Walter Brennan's "The Real McCoys." He directed some "McCoys" episodes, and when a director was needed for the premieres of two new ABC-TV series, "Wendy and Me" and "No Time for Sergeants," he was tapped. His firm owns a piece of "Slattery's People," along with Bing Crosby Productions. He is moving. So much for background.

I can't vouch for the authenticity of the legislative atmosphere in "Slattery's People," and the premiere had some probably necessary bravado and melodrama to establish the stature of its central figure; but allowing for dramatic license, the one-hour program has the makings of a fine series, and Crenna's title role has the substance for an altogether admirable weekly hero. The series was created by James Moser, who finds his new entry in direct competition with another of his shows, ABC-TV's "Ben Casey."

As Slattery, House minority leader of a state legislature, Crenna's first video chore was to investigate charges of improper conduct against an old friend (James Whitmore), with all the personal and professional pressures one might expect. Those in the know about such political matters might or might not have their reservations about various aspects of the handling; but in terms of a popular program, the new Crenna blossomed as an attractively rough, tough, direct and maturely handsome star, believable in his integrity and promising a welcome vein of adult humor.

The techniques and fine print aspects of legislative and local matters provide a dramatic trap in that they often appear outwardly impersonal, dull and rambling, but "Slattery's People" found the right tack in its opener by shifts to human sequences — a scene in a bar, a restaurant, a romantic interlude in a car, an outdoor excursion to dig up evidence.

Needless to say, Slattery triumphed. That's the way things are going lately; the Hollywood publicists' union recently adopted a code of ethics.

Lucille Ball's season premiere Monday night contained a near-classic sequence in which the grand comedienne danced with a number of men while wearing roller skates she couldn't get off. But there was nothing near-classic about the half-hour that followed her show, a new CBS-TV situation comedy entitled "Many Happy Returns," which stars the excellent character actor John McGiver as the soft-hearted manager of a department store complaint division. In the premiere, he turned cupid to prevent a refund on a trousseau. The show was insufferably cute when not plain stupid.

The Channel Swim: Phil Silvers guests with CBS-TV's Danny Kaye Sept. 30. Oscar Levant appears on same network's Joey Bishop show Oct. 11. Bing Crosby headlines NBC-TV's "Telephone Hour" Oct. 6. Bea Lillie visits CBS-TV's "The Entertainers" Oct. 30.

Warren Report Expected to Bring Changes

WASHINGTON (UPI) — The Warren Commission's report on the assassination of President John F. Kennedy is expected to recommend changes in security measures to protect the U.S. chief executive.

One source familiar with the commission's work indicated that the report, which will be made public this weekend, also might slap the wrists of the Dallas police, the Secret Service and the FBI.

The White House announced Monday that the report, estimated to be "somewhat over a quarter of million words," would be given to President Johnson at 11 a.m. EDT Thursday.

Presidential Press Secretary George E. Reedy planned to meet with newsmen today to discuss arrangements for the public release of the commission's findings.

The commission, headed by Chief Justice Earl Warren, was formed by Johnson shortly after Kennedy was shot in Dallas last Nov. 22. The report discussed all events surrounding the assassination and the subsequent killing of Lee Harvey Oswald, the alleged assassin by night club owner Jack Ruby.

Palo Duro Reported Big, Fast, Tough

The chips will be down this Friday night when the undefeated Pampa Harvesters open district 3-AAAA play by hosting the Palo Duro Dons, still featuring many of last year's starting team which took a 27-6 victory over the Harvesters in Amarillo.

"They are one of the toughest defensive teams I've seen in a long time... and they are capable of moving that ball too," was the grim report of Pampa coach Otis Holladay upon scouting the Dons last Saturday night as they ran over a good Midland team, 28-0.

Palo Duro gave signs of being far stronger than anticipated in their opening game... in defeat. PD was just nipped by Dumas, 7-0, giving the mighty Demons all they wanted, after which Dumas went on to give Borger, ranked seventh in the state, a 41-15 shellacking.

Against the Midland Bulldogs, the possession-minded Dons allowed Midland only six first downs and 104 total yards offensively, while piling up 304 yards rushing, 72 passing and 24 first downs.

"Palo Duro dominated all phases of the game," reported

Holladay. "They are a ball control team, just like we are... but they are bigger and faster."

Heart of the PD offense is returning quarterback Mike Vachon and bruising 195-pound fullback Bill Walton. Vachon, 175, the Harvesters' nemesis last year, passed for two touchdowns, ran a third and kicked all the extra points, while Walton ran for 153 yards and one TD in 26 carries against Midland.

Right halfback David May, midget of the team at 155, and also the Don speedboy, is the pet passing target, having caught one touchdown aerial. Left half Phil Fajarde, 165, is primarily a blocking back.

The big and fast line ranges from 175 to 210 pounds. Stand-out blockers who open the big holes are All-District returnee Mike Sullivan, left tackle, and left guard Jerry Tatum, 190. Left end Steve Pickard, 175, helps make the left side of the line a trouble spot for foes.

Center Tommy Kile, 170, is a returnee. Right guard Don Thomas, 175, leads trap plays. Right tackle David Hall is fast, and another big boy at 205. Right end Ricky Hagood, 170, is very fast and a good pass receiver, having caught the other scoring pass against Midland.

Defensively, the Don forward wall lines up from the left with Walton, Mike Frances 175, Hall, Kile, Sullivan, Tatum and Vachon, with Sullivan rated the best defensive man also and Kile close behind him.

Pickard and Thomas are the linebackers and Hagood a defensive back. Phillips, 150, are the backs, Phillips also a speedboy.

"It will be ball control against ball control, and they have size and speed on us," concluded Holladay. "Our kids are really going to have to work for this one."

Thieves Threaten Philadelphia Flag

By United Press International
The high and mighty Philadelphia Phillies are in danger of having the National League pennant stolen from under them.

Chico Ruiz was the latest villain, stealing home in the sixth inning Monday night with the run that gave the Cincinnati Reds a 1-0 victory over the Phillies.

It was the second time in three days that Philadelphia has been beaten on a steal of home. Willie Davis of the Dodgers executed a similar swipe in the 16th inning of Saturday night's game to give Los Angeles a 4-3 decision.

The Phillies still hold a 5½-game lead over the second-place Reds with just 11 games to play. But four of those contests will be against Cincinnati, which has come on strong in the last week while Philadelphia was slumping.

Philis in Slump
Philadelphia has dropped three of its last four games and four of its last six while the Reds have taken five of their last six for a net pickup of three games.

Ruiz' steal of home came as a complete surprise to the Phils and to pitcher Art Mahaffey in particular. There were two outs at the time and slugger Frank Robinson was at bat when Ruiz, who had stolen 279 bases during his minor-league career, broke for the plate.

Mahaffey was so startled that he threw the ball past catcher Clay Dalrymple to the grandstand screen.

Ruiz had reached base on a one-out single and moved to third on Vada Pinson's single off Mahaffey's glove. Pinson was thrown out trying to stretch his hit into a double.

John Tsitouris stymied the Philadelphia batters on six hits for his most important victory of the season. He was in trouble in the ninth inning when Wes Covington opened with his second double, but Tsitouris worked his way out to record his first shutout of the year.

Tsitouris Wins Eighth
The triumph was Tsitouris' eighth against 11 defeats and Mahaffey suffered his ninth setback in 21 decisions.

In the only other game played in the major leagues Monday, the Houston Colts further dampened San Francisco's slim pennant hopes by whipping the Giants 3-1. The loss kept the fourth-place Giants seven games behind Philadelphia.

Red Auerbach Celtic GM
BOSTON (UPI) — The National Basketball Association's board of governors may be in for a very rough season with its newest delegate, Arnold (Red) Auerbach.
Auerbach Monday was named general manager of the Boston Celtics — the team he has directed to eight straight divisional titles and six successive playoff championships.

SWC Roundup

By United Press International
Southwest Conference football teams, some of them counting their faults and others counting their blessings, settled down to solid practice Monday with some solid game experience behind them.

Six teams played openers last weekend. Three won and three lost. Baylor and Rice play their openers this weekend.

The University of Arkansas was one of the victors but Coach Frank Broyles said the team made too many mistakes in its 14-10 shaving of Oklahoma State. He put them back to work on fundamentals.

Seven Razorbacks were hurt in the game, he said, and may not be able to go against Tulsa Saturday.

The Rice Owls, who play Louisiana State this weekend, were running short of quarterbacks but all were expected to be on hand for LSU. Their main fear was LSU quarterback Pat Screen.

The Texas Aggies came through their 9-6 loss to LSU with no serious injuries, but coach Hank Foldsberg said he was putting in new formations for their upcoming game with Houston.

Afternoon laboratory classes forced the Texas Tech workout to run until after dark Monday to make up lost time. The Raiders worked on kicking extra points because they failed to convert after any touchdown in their 21-7 upset of Mississippi State Saturday.

Baylor, which opens against Washington at Seattle, concentrated its workout on unit drills, kickoffs, kickoff returns and punting.

Texas Christian star quarterback Kent Nix had his hand X-rayed Monday and doctors said he would probably miss this week's game against Florida State.

The Horned Frogs also watched movies of their 7-3 loss to Kansas.

Coach Hayden Fry of Southern Methodist, who gives out red horse statues to players who do a good job during training, gave one to sophomore linebacker Jerry Griffin yesterday for outstanding play in the Mustangs' 24-8 loss to Florida last weekend.

Darrell Royal of the University of Texas looked around for a top quarterback in preparation for the Steer's conference opener against Texas Tech at Lubbock.

Royal, speaking at his regular Monday press conference, said he didn't know what kind of a team he had even though it beat Tulane 31-0 Saturday.

He said Texas Tech had some "talented athletes" and praised the team for its victory over Mississippi State last week.

Phillips Choice In AA Feature

By United Press International
The top-ranked Phillips Blackhaws catch another weak Class AAA foe this week, but many of the state's Class AA undefeated-untied teams will be barging into their rivals with untarnished records.

The University of Arkansas was one of the victors but Coach Frank Broyles said the team made too many mistakes in its 14-10 shaving of Oklahoma State. He put them back to work on fundamentals.

Seven Razorbacks were hurt in the game, he said, and may not be able to go against Tulsa Saturday.

He said Texas Tech had some "talented athletes" and praised the team for its victory over Mississippi State last week.

Denver City, gaining momentum after a slow start, meets once-tied AAA Levelland in another West Texas feature.

Other games of note involving Class AA leaders include Dalhart at Perryton, Iowa Park at Wichita Falls Hirsch, Anson vs. Cisco, Ballinger at Mason, Haskell at Munday, Crane at Pecos, Gladewater vs. New London, Palacios vs. Port Lavaca, Randolph Field vs. Poet, Hondo at Fredericksburg, Pearsall vs. Floresville, Goliad vs. Kenedy, Bishop vs. Ingleside and Los Fresnos vs. St. Joseph's of Brownsville.

The schedule by districts (all games Friday unless noted):
1—Surry at Boy Ranch; Dalhart at Perryton; Sanford-Fritch at Memphis; Phillipsburg at Canyon; Shamrock at Cleburne; Spearman at Stratford; Silbert at Grober.

2—Floydada at Childress; Iowa Park at Wichita Falls Hirsch; Bridgeport at Quayle; Quannah at Crowell; Bowie at Seymour.

3—Post at Abilene; Dimmitt at Tulsa; Lockney at Hall; Hise Center at Ottawa.

4—Levelland at Denver City; Morton at Portland; New Crockett at Slaton; Friendship at Sudan.

5—Cisco at Anson; Colorado City at Metel; Haskell at Munday; Stamford at Breckenridge; Winters at Albany.

6—Albion at Fort Stockton; Pecos at Crane; SATURDAY—McCOMB at Henryetta.

7—De Leon at Comanche; Eastland at Dublin; Rowell at Granbury.

8—Brady at Lampasas; Hondo at Fredericksburg; George at Llano; Ballinger at Mason; Hamilton at San Saba.

9—Decatur at Arlington; San Houston; Fritch at Jacksonville; Jocoona at Henryetta.

10—Burson at Alvarado; Lake Worth at Keller; Lewisville at Grapevine; Mansfield at Diamond Hill.

11—Wilmer-Mulholland at Lancaster; Plow at Bonham; Grand Saline at Rockwall; Van at Seagoville.

12—Crossett at Tsalague.

13—Clarksville at Jefferson; Pittsburg at Delcath; Idabel, Okla. at Hokes; Atisada at New Boston.

14—Pine Tree at Gilmer; New London at Gladewater; Linden-Kildare at White Oak.

15—Canton at Commerce; Mineola at Cooper; Mt. Vernon at Hughes Springs; Deingerfield at Willsboro.

16—Lindale at Judson; Chapel Hill at Brownboro.

17—Cameron at Belton; Crockett at Hearne; Waco-Recher at Rockdale.

18—Austin St. Edwards at Del Valle; Caldwell at Elgin; Burnet at Round Rock.

19—Giddings at Smithville; Taylor at La Grange; Ludlow at Bastrop.

20—Navasota at Bellville; Waller at Katy; Eagle Lake at Seguin; Green at Villa; Spring at Tomball.

21—Humble at Cleveland; Dayton at Livingston; Madisonville at Groesbeck; Bayville at Rock.

22—Bloss at West Groves; Orangeburg at Newton; Houston King at Little Cypress; Woodville at San Augustine.

SATURDAY—Kountze at Warren; 23—Hull-Dawsett at Anahuac; Hamshire; Fannett at Hardin; Sour Lake at East Chambers.

24—Houston Lutheran at Santa Fe; Van derbilt at Boling; Houston East Central at Houston; Houston South; East Bernard at Needville.

25—Hallettsville at Garardo; Port Lavaca at Palacios; Columbus at Yoakum.

26—Refugio at Karnes City; Edna at Yoakum.

27—Carrizo Springs at San Antonio Southwest; Marble Falls at Boerne; Potter at Randolph Field; San Antonio East Central vs. San Antonio Holy Cross; San Antonio Deerebus at San Antonio Southwest.

28—Benavides at Cotulla; Del Rio vs. Felipe at Marfa; Pettus at Devine; Flovilla at Pearland; Smithville at Rockwall.

29—Kenedy at Goliad; George West vs. Sinton; Aransas Pass at Tarr.

30—Ingleside at Bishop; Odessa at T. S. Midway; Mathis at Gregory-Portillo; Rockport at Rockwall.

31—Freer at Rockwall; West Oso at Hebbronville; La Feria at Fremont; Figue Buff at San Diego.

32—Edroca-Eisa at Rio Hondo; La Jara at Laredo St. Joseph; Brownville St. Joseph at Los Fresnos; Lyford at Port Isabel.

TEXAS OUTDOORS

By Starkey Whitehorn
Rattlers on the Move
According to Bulletin No. 31, published by the Parks and Wildlife Department at Austin, Texas, more than half of all the poisonous kinds of snakes known in Texas are rattlesnakes, and records show that almost every county has at least one variety. There are ten varieties in the state.

Texas rattlesnakes range in size from the very small, 18-inch pigmy, which rarely ever causes death to humans, to the seven-foot western diamond back, known to be one of the most dangerous snakes in North America. All have comparatively stout bodies, facial pits characteristic of the family, and rattles.

In this area, the top part of the Panhandle, only two species or varieties are listed. They are the diamond back and the prairie rattler.

The reptiles are on the move now that the cool nights have arrived. Soon they will locate a cave, crevice or an area below the surface of the earth and go into semi-hibernation. The reason for semi-hibernation is that they will crawl out during a warm spell for a short distance from their winter home during the day.

Several years ago I mentioned to Jack Allen, prominent Hutchinson County rancher, about how tough and rugged some of the Panhandle rattlers were. In fact, a couple of Johnson Ranch cowboys were headed to town late one evening in the fall of the year when a huge rattler uncoiled and struck the front tire of the pickup truck. Quite naturally the tire flattened immediately and the cowpunchers got out to see about the flat.

When they alighted they noticed the cause. Then they noticed the rattler was blown up like a balloon. The fangs were still attached and the snake had absorbed all the air. They had no jack or tire tools and were somewhat at a loss as to how to continue their trip. After a few minutes deliberation, one of the cowboys caught the reptile by the tail, rolled it up like a tube of tooth paste, reinflated the tire, killed the snake, and they were on their way.

Recently, Jack Allen and I were on the Sanford side of Lake Meredith at the vista point, conversing with a rock hound who inquired if there were any petrified wood in the area. Mr. Allen pointed down below to the rocky cliffs on the banks and mentioned that there might be some down there. As the rock man looked down as if to investigate, Allen cautioned him to be alert for rattlers since we were in rattlesnake country.

Then the man asked what would happen when the lake filled. Would the snakes be a hazard to the people? Jack Allen leaned over to me quite con-

MR. MORRIS W. GARRETT, Rockford, Ill., a car owner who tried a sample of Skelly's additive, Kootane, reports: "I've had air locks every summer until this one. When I used Kootane, I had no air locks. The motor ran smoother and more evenly. I would say you get 10% more power with Kootane." (from Kootane Report #5)

Try 3 tanksful of Skelly Kootane Gasoline and find out for yourself what Kootane can do for your car—in your kind of driving. Try 3 tanks.

Paper Endorses Barry Goldwater

TULSA, Okla. (UPI)—The Tulsa World today endorsed Republican presidential candidate Barry Goldwater. The front page editorial endorsement was published only a few hours before Goldwater was due to arrive here to speak. "We do not consider Senator Goldwater the perfect candidate for president," the newspaper said. "But no perfect candidate is running." Describing President Johnson as "a man of tremendous political talent," the World said that "under a man with the tendencies and desires of Lyndon Johnson, the nation is moving perilously close to dictatorship." The World supported the Republican presidential ticket in 1960.

ATTORNEY APPOINTED
AUSTIN (UPI)—Gov. John Connally has named George Dowlen of Canyon, Tex., criminal district attorney for Randall County. Dowlen, a Canyon lawyer since 1960, succeeds the late Truett G. Hull Jr.

DANCE OF FLAME—A Hawaiian dancer cuts a figure eight with a flaming torch at the Hawaii Pavilion of the New York World's Fair. The show is drawing capacity audiences.

GM and Union Under Pressure On Negotiations

DETROIT (UPI)—General Motors and United Auto Workers negotiators, under pressure of a 10 a.m. EST Friday strike deadline, today took up a new economic proposal matching benefits the union won from Ford and Chrysler. General Motors personnel Vice President Louis G. Seaton said Monday the offer "is in line with the settlement established at Chrysler and puts General Motors' hourly rate employees on an economic par with respect to wages and benefits."

UAW President Walter P. Reuther agreed "in the broad essentials" it matches the Chrysler package in benefits. But there are a number of areas where he believes GM ought to provide initiative and do some pioneering.

The union president said he set the strike deadline because experience at Ford and Chrysler showed negotiators "didn't get down to brass tacks until the strike deadline was upon us. Therefore, we thought we would set the deadline and give the company advance notice."

Reuther also made sure he gave advance notice to local union leaders representing nearly 350,000 workers at the 130 GM plants across the country.

He notified them by telegram of the strike deadline, and added a warning against any wildcat strikes like the one which crippled the Ford Rouge complex during the crucial stage of the Ford negotiations last week.

Reuther said that without "sabotaged" the Ford talks, and he obviously didn't want the same thing to happen at GM where two Fisher body plants were shut by wildcat walkouts Sept. 9, the day of the Chrysler settlement.

The settlements the union won from Ford and Chrysler were the richest in auto industry history worth about 54 cents an hour for every worker during the three-year life of the pacts.

HUSH, HUSH, A SUBSTITUTION—After eight weeks of delay and some \$500,000 in costs, illness forced Joan Crawford to retire from her role in "Hush... Hush, Sweet Charlotte," in which she costarred with Bette Davis. Olivia DeHavilland was called in to take over the Crawford role. Here are Olivia, left, and Bette with the floral tributes they sent each other on the first day shooting resumed.

DeGaulle Flying to Columbia

CARACAS (UPI)—President Charles de Gaulle flies to Columbia today on the second day of a South American tour dedicated to the theme of independence for "us Latins" from both the United States and the Communists.

Reports from Bogota, next stop on De Gaulle's tour, said 50 persons have been arrested there as a "precautionary measure." Extraordinary security precautions are being taken all along De Gaulle's route to protect him from his foes on left and right.

The 73-year-old French leader, who pounded through a punishing schedule in tropical heat here Monday, spent a relatively relaxing day today. His program included only two speeches, a formal lunch and an open house before his departure for Bogota.

He and President Raul Leoni are expected to issue a joint communique summarizing their talks during De Gaulle's 30-hour stay here. The communique is expected to urge closer commercial and cultural ties

between their countries, with no hint of any kind of political alliance.

Drive Under Way For Medic Library
CHARLOTTEVILLE, Va. (UPI)—A three-year drive to raise \$1,250,000 for a new medical library for the University of Virginia has already netted \$275,000 in contributions.

The drive, launched in June by the Medical Alumni Association, was recommended by an advisory committee to the board of the association.

About \$100,000 was pledged in alumni contributions upon announcement of the drive. Also, Dr. Thomas H. Hunter, chancellor for medical affairs, has negotiated a \$150,000 grant from the John and Mary R. Markle Foundation, and Dr. Kenneth R. Crispell, dean of medicine, has negotiated a \$25,000 grant from the Kresge Foundation.

The new library will be built as a companion project with the new medical education building

De Gaulle himself says all he is offering South America is limited economic aid, with the possibility of "valuable technical aid" from France later.

French spokesmen deny that their President's purpose is to challenge U.S. leadership in Western Hemisphere affairs.

FILM HUNT STOPS
CAPE KENNEDY (UPI)—The federal space agency Monday gave up hope for recovery of eight film packages dropped into the hurricane-tossed Atlantic from the Saturn-1 rocket Friday.

The films were designed to show various phases of the operation of the super rocket's first stage. A space agency spokesman said their loss was not critical because similar film has been retrieved from two previous Saturn-1 flights.

which will house the basic science departments of the medical school. Dr. Carl M. Lang of Pampa is a member of the advisory committee.

O'BRIEN TO TOUR
WASHINGTON (UPI)—Lawrence F. O'Brien, director of campaign organization for the Democratic National Committee, will visit seven Great Lakes and Midwest cities in the next two weeks to discuss the party's "get out the vote" drive.

Co-ordination of the national campaign also will figure in O'Brien's visit to Cleveland, Detroit, Indianapolis, Chicago, St. Louis, Omaha and Denver. O'Brien will report to President Johnson on the status of the campaign effort in these areas.

MOST POWERFUL
Behind-the-Ear HEARING AID
Just Released!
Now people with a severe hearing loss can enjoy the new comfort and freedom of ear level hearing. Worn inconspicuously behind either ear, Power Hidden Ear provides clear and more powerful sound reproduction than ever was possible in such a tiny unit. Five transistors and one transformer give added power. Qualitone's exclusive contour design means more concealment and more comfortable wearing. If you're using a cord-type aid, now is the time to eliminate the wires and buttons and to get rid of bothersome clothing noise. Try Power Hidden Ear. Investigate today. No cost or obligation.

For free demonstration, come to our monthly hearing aid service at the Adams Hotel in Pampa on Wednesday, September, 23 from 11 a.m. to 5 p.m.
