

PREPARATIONS - Activity at the Top O' Texas Rodeo arena picked up this morning as members of the Rodeo Association began working on the arena with a grader to level the ground for the Tuesday opening. A steady stream of horse trailers began pulling onto the rodeo grounds and contestants began exercising their horses for the annual event. Most of the horses being worked out this morning were owned by area youths who will participate in the Kid Pony Show which will be held Tuesday.

Party Set To Name Johnson

By RAYMOND LAHR

ATLANTIC CITY (UPI) Democrats tried today to resolve a national convention fight over the Alabama and Mississippi delegations and avert a party split which could only help the Republicans in

The party was all set to nominate Lyndon B. Johnson for President and his still unannounced choice for running mate, whoever he may be. That will come on Wednesday night, the eve of Johnson's 56th birthday anniversary.

But the controversy over seating the two Southern delegations was a blow to party harmony, and officials hoped it could be settled before the opening gavel falls at 8:30 p.m. EDT in Atlantic City's mammoth Convention Hall.

As party leaders wrestled with the problem, various compromise suggestions were advanced and debated.

Abby, if those magazines were nothing but "trash" and "unsuitable for decent people," what were they doing in his store in the first place? GOOD QUESTION

DEAR ABBY: I was surprised at your answer disagreeing with the young couple "WILL-ING TO WAIT," who preferred buying their furniture as they could afford it, instead of using a lot of cast-off junk from their relatives' attics. They should have been commended for their attitude in this day when young couples buy everything on cred-

them. We want to ask you,

DEAR GOOD: The question is

better than "good." It's excel-

lent. Why don't you go back and

ask him?

When my husband and I were married, we moved into an empty apartment with two suitcases. We slept on the floor until we could afford a bed. When socalled well - meaning relatives offered us odd pieces of old furniture, we politely refused. We enjoy our love nest all the more because we built it stick by stick together. Yours truly, GLAD WE WAITED

DEAR GLAD: I don't know how long you and your husband slept on the floor, but if you were offered a bed and turned it down, it's nothing to brag about. I agree, young marrieds shouldn't go into debt in order to have everything immediately. But to refuse furniture because it is "old" is snobbish and impractical. Some "old pieces" and cast-off "junk" have been transformed into handsome and useful furniture with a bit of sandpaper, paint and ingenuity.

DEAR ABBY: I laughed to myself when I read about the bride who said she would rather buy one "good" piece of furniture, as they could afford it, than to set up housekeeping with a lot of "junk" from her relatives' attics. When my husband and I were married five years ago, we furnished our home with discards from our relatives' attics, but I'm glad we did. Now we have three healthy, lively youngsters, all under four years of age. We don't have to worry about any of them getting jelly on our \$500 living room sofa because we don't have one.
