Hilda Shrieks Inland Over Path of Death

Congress Ends Active Session, Eyes Campaign

Major Battles on Top Issues Loom When Lawmakers Return

WASHINGTON (UPI) — The Democratic 88th Congress which talked longer and got more done than any since World War II, adjourned for the year Saturday.

Ahead lay a vigorous election campaign and, when the new Congress returns Jan. 4, there loom almost certain battles over health care for the aged and other major issues.

Behind stood a rarely matched record of legislation much of it inspired by the late President John F. Kennedy and pushed to completion by President Johnson.

The Senate shouted approval of a motion to adjourn finally at 1:41 p.m., EDT. The House followed suit at 3:16 p.m., thus bringing the curtain down on a Congress that had worked almost continuously for exactly 21 months — a postwar record.

President Relieved

Senate Republican Leader Everett M. Dirksen, Ill., said the President "seemed to be somewhat relieved" when he and Senate Democratic Leader Mike Mansfield advised him by telephone that Congress had finished its work.

Many presidents have been "rattled" with the adjournment message in the middle of the night, Dirksen said. But it was midday Saturday, "the sound of creaking cobbles" from the nation's Saturday football games, he said.

The 88th blazed legislative trails in civil rights, education, mental health and conservation. It approved the biggest tax cut in U.S. history, and ratified a historic nuclear test ban treaty and it gave Johnson virtually everything he had asked. Only two big presidential requests — the so-called health care bill and aid to economically depressed Appalachia, died in the Congress.

Rogers will address the Dimmitt Lions Club at noon Tuesday. At 4 p.m. Wednesday, he will meet with business leaders in Paducah and on Thursday he will address a Democratic rally in Dumas.

The congressman will then return to his office in Pampa.

Rogers is expected to open his campaign against Republican Bob Price within the next few days.

Noon Lions Club To Start Annual Sale of Brooms

The annual door-to-door broom sale by the Pampa Lions Club will be conducted Monday through Wednesday.

Members of the club will attempt to canvass each home in Pampa selling brooms, mops, dusters and brushes.

The proceeds from the sale will go to the Lions' scholarship fund and to provide glasses for underprivileged children.

The house-to-house campaign will be held between 5:30 and 8 p.m. each of the three days.

Trucks loaded with brooms will be at the following stores: Wiggly and Ideal Food Stores 1, 2 and 3 on Wednesday.

23 Die as Twisters Precede Hurricane

By I. J. VIDACOVICH

NEW ORLEANS (UPI) — Hurricane Hilda smashed full force onto the South Louisiana Cajun country with 120-mile-an-hour fury tonight and shrieked inland on a path of death and destruction. Killer tornadoes heralded its coming.

At least 23 persons were dead, 18 of them in tornadoes that wrecked the town of Larose. People were trapped in the town hall at Erath when a huge water tower toppled on it in the violent winds.

Three tornado victims were endangered wider areas. Hundreds were injured, 162 of them in tornadoes that battered the coast southwest of New Orleans.

Lights went out in towns and streets. More people fled to public shelters. The rest found private havens.

At Erath, some 70 miles southwest of Baton Rouge, a water tower smashed down on the town hall where 30 people were sheltered. Police reported some still trapped inside.

Police were trying to round up equipment in the wreckage.

Larose, 30 miles south of New Orleans was devastated by a string of three tornadoes that ripped from ink-black skies and cut a 200-yard path down a mile-long row of homes.

Rescue workers had to flee before they could search all the rubble because of onrushing Hilda, one of the biggest storms ever to cross the Gulf coast shore.

The terrifying center of Hilda crashed ashore and 120-mile-an-hour winds shredded almost-deserted Franklin. The same winds hit Cyrenment on Vermilion Bay where a courageous fisherman, Leo Olander, sat in a truck and radioed details from an isolated peninsula.

A westward shift by Hilda

FBI Arrests Sheriff, Others in Mississippi

MERIDIAN, Miss. (UPI) — The FBI arrested five Mississippians, including a sheriff and a former sheriff, Saturday on charges of depriving Negroes of their rights while acting in the name of the law.

Those arrested were Neshoba (Philadelphia) County Sheriff Lawrence Rainey, 41; his deputy Cecil Price, 26; a former Neshoba County Sheriff, Ethel Glen Barnett, 42; and two Philadelphia policemen — Richard Andrew Willis, 40, and Neal Otha Burke, 71.

The indictments under which the five were taken in custody were returned by a grand jury that investigated the slaying of three civil rights workers, but his case was not mentioned in the charges.

Charges against the officials were contained in two indictments that contended the officers had deprived James Earl Ray, 35, of his rights. Ray, a Negro, was arrested on charges of robbing a store and beaten with leather whips by Stanley, Burke, Barnett and Willis.

Ray, 35, a lumberyard worker in Philadelphia, was arrested for robbing a store on Oct. 2, 1962, by Rainey and Price. The 31-year-old allegedly was struck on the head with a blackjack and retained in a hospital for five weeks.

Agents said Cleo Jack Nichols, Harvey Nichols, Tisdale and Kirkland also were arrested for robbing Ray and Willis in October, 1962. They allegedly were taken to city hall at Philadelphia, stripped of the waist and beaten with whips by Rainey, Barnett, Willis and Price. Barnett, no relation to former Gov. Ross Barnett, was the sheriff of Neshoba County before Rainey.

The arrests were made in Philadelphia and the defendants were brought to Meridian for an appearance before U. S.

Trucks Warn on Demonstration By Viet Students

SAIGON (UPI) — Government sound trucks rolled through the streets of Saigon Saturday warning that the army will be called in to break up labor demonstrations scheduled for Sunday.

If the government carries out its threat, it will be the first time it has forcefully intervened in demonstrations before they degenerated into riots.

Such a policy would be in line with Premier Maj. Gen. Nguyen Khanh's warning Friday that "security and order will be protected, by force, if necessary."

Khanh ordered troops into the town of Qui Nhon and the surrounding region 270 miles north of Saigon last week after demonstrations led to three deaths.

Khanh ordered troops into the town of Qui Nhon and the surrounding region 270 miles north of Saigon last week after demonstrations led to three deaths.

Rogers to Stop For Speeches On Way Home

Congressman Walter Rogers of Pampa will address meetings in Dimmitt, Paducah and Dumas this week on his return to the Panhandle following adjournment of the 88th Congress.

Rogers will address the Dimmitt Lions Club at noon Tuesday. At 4 p.m. Wednesday, he will meet with business leaders in Paducah and on Thursday he will address a Democratic rally in Dumas.

The congressman will then return to his office in Pampa.

Rogers is expected to open his campaign against Republican Bob Price within the next few days.

Yarborough to Spend Night Here, Talk at Breakfast

Pampa Democratic Headquarters announced Saturday that Sen. Ralph Yarborough would arrive at Perry Lefors Field in Pampa about 11 p.m. Tuesday and remain here overnight.

Yarborough will speak at a 7:30 a.m. breakfast Wednesday in the Starlight Room at Coronado Inn. The public is invited.

From Pampa, Yarborough will go to Borger and on to Dumas for a luncheon, then make stops at Dalhart and Hereford before attending a 7 p.m. dinner in Amarillo at Holiday Inn West.

Accompanying Yarborough will be his wife, members of his staff and his pilot.

If it comes from a hardware store we have it. Lewis Hardware.

FIRE PREVENTION WEEK — Pampa firemen L. V. Bruce, left, and Bob Hulsey are shown putting up one of the many fire prevention posters that were placed over the city to remind residents of Fire Prevention Week today through Saturday. Fire Prevention demonstrations, open house at Pampa's three fire stations and many other activities will be carried out during the week, designed to make persons conscious of fire prevention throughout the year. The fire prevention committee of the Chamber of Commerce and the Pampa Fire Department are spearheading the local observance and activities.

Red Cross Covers Wide Welfare Range

(Editor's note: This is the fourth in a series of articles about participating agencies of the Pampa-Lefors United Fund. The articles are written by the head or director of the agency and will appear every other day in the News.)

By LIBBY SHOTWELL
Executive Secretary

No other organization covers so wide an expanse of human welfare or serves so many fronts as the American National Red Cross.

From American servicemen stationed at our country's far-flung military outposts to people within our own borders who are driven from their homes by disaster, the Red Cross extends a helping hand in emergencies. From the youngsters making their first approach to the joys of water sports to the new families eager to learn the time-saving and energy-saving techniques and guidance in the mother and baby care courses, the Red Cross offers to all without charge the benefits of instruction and guidance through its safety and home nursing programs.

Through its program of international activities, the organization works together with all men of all races, or political belief, in a common service to people in need of help. There are 102 Red Cross societies working directly with one another (See RED CROSS, Page 26).

Fire Prevention Week Proclaimed By Pampa Mayor

This week has been proclaimed Fire Prevention Week in Pampa by Mayor H. R. Thompson in connection with the national observance, Oct. 4-10.

Thompson signed a proclamation which read in part, "I call upon all departments and agencies of the city government to participate actively in a campaign for improved fire safety. The Fire Department and the schools of our city can provide leadership in the activities of Fire Prevention Week, and I urge them to work with the Chamber of Commerce and other community organizations to build full citizen support for effective fire safety actions."

James Gallemore, chairman of the fire prevention committee of the Chamber of Commerce, said a well-coordinated series of activities, including service club programs, home inspection blanks distributed throughout the school system, open house at the fire station and public education would stress the importance of fire prevention.

Gallemore also pointed out that fire insurance rates are determined annually by a city's fire record, which simply means that the better a city's fire record, the lower insurance rates.

Rescuers Report All Dead in Plane

TREVELEZ, Spain (UPI) — A French airliner which disappeared on a trans-Mediterranean flight Friday crashed high on the slopes of Spain's highest peak, killing all 80 persons aboard, rescue teams reported Saturday.

The government had mounted an intense air-sea search 45 miles off the southeast coast of Spain following false reports that wreckage and bodies had been spotted. But the DC6 was found on 11,411-foot Mt. Mulhacen in the Sierra Nevada, 20 miles southeast of Grenada.

The plane had left Paris Thursday night for Nouakchott, in Mauritania, with several intermediate stops. It took off from Palma de Majorca before dawn Friday and vanished shortly after radioing its position off the coast to a Spanish airbase.

Woman Held in Reporter's Death

DALLAS (UPI) — Mrs. Genoma Lee, 48, was jailed Saturday, the second person to be charged in the strangulation slaying of James Koethe, 30, a reporter for the Dallas Times Herald.

Police filed charges of accessory to murder against Mrs. Lee Friday.

She is a cousin of Larry Earl Reno, 23, an ex-convict charged with murder earlier this week.

Reno lived in Mrs. Lee's home for two weeks before Reno's arrest. Police said they were investigating the possibility that property stolen from Koethe's east side apartment was in Reno's home.

Reno was free in bond on burglary charges at the time of Koethe's slaying.

Capt. Will Fritz of the police homicide division declined to say why the charge was filed against Mrs. Lee or to say what connection she has with the slaying.

Monthly News

OCTOBER, 1964

YOU WILL WALK 65,000 MILES.

It is estimated the average person walks that far during a lifetime. Of course it is done in short trips across a room, a walk around the block or in stores while shopping.

THEN, WHY TORTURE YOUR FEET?

Most people buy shoes that are stylish at the expense of comfort. Too high heels throw the body off balance. A wise precaution is to select a dependable shoe store and follow its fitter's advice about size and shape. Often you can get both comfort and style.

NEVER IGNORE FOOT SORES OR INFECTIONS.

If immediate application of antiseptics or healing ointments do not give quick relief, consult a physician or podiatrist. Never cut corns or callouses yourself. Your own bath room surgery can lead to an infection. Diabetics should not use corn removers. Trim your toe nails regularly and straight across to keep them from growing into the skin.

BATHE YOUR FEET DAILY.

And, if you use luke warm water and afterward a little colder water followed by a brisk massage, carefully drying between the toes, your feet will soon feel like new.

WE STOCK MANY FOOT-AIDS.

Whatever your physician or podiatrist may specify — we have it. For continuous and protective foot comfort follow this plan. Get from us an antiseptic foot soap, an anti-fungi foot powder and a jar of soothing cream to help prevent the dryness which leads to corns and callouses. The cost is low and we will help you select a dependable quality.

OVER-GRAZED — Shown here is a result of overgrazed rangeland. Over-grazed causes moisture to run off into low lying areas, instead of seeping into the ground. The year this picture was snapped was an unusually wet year.

Agriculturally Speaking

By FOSTER WHALEY
Gray County Agent

Most farmers have completed drilling their wheat and now have it up. A good rain is badly needed at the present in order to assure fair wheat pasture. The calf market would get a tremendous shot in the arm. There are probably more unsold calves still in the country at this time of year than there have been in years. With the finished market 2 to 4 cents per lb. above good stocker calves this is a little hard for me to understand. Emmett Lefors, one of our old timers in the cow business said he hadn't seen a situation like this in years. If you need stocker calves, this would be an excellent time to pick them up.

Seed Barley
A new variety of barley named Will was developed about two years ago in Oklahoma. It is an improvement over Rogers which was developed several years ago. Will produced 110 bu. per acre under irrigation at the Bushland Experiment Station this past spring. It was the highest of all varieties tested. Rogers was second, producing 96 bu per acre. Both varieties were named for Oklahoma's late Will Rodgers. A limited quantity of foundation seed can be obtained through our Foundation Seed Division of the Texas Agricultural Experiment Station. If you are interested, I will assist you in obtaining seed. The cost is \$5.00 per bu. FOB. Hereford, Texas.

Bangs Testing on Oct. 26th

Bangs testing of all Gray County breeding cattle will begin Oct. 26th according to Raymond Maddox, chairman of a group of cattlemen that petitioned Gray County for brucellosis testing earlier this year.

Dr. R. D. Eaton, district veterinarian, USDA and Mack Tiner, Texas animal health committee met with a group of Gray County ranchers last week to work out details of the testing program which will begin Oct. 26 and will be completed by Nov. 30, 1964.

Testing is required when at least 75 per cent of the cattle-men in a county representing 51 per cent of the cattle, petition to the Texas Animal Health (See AGRICULTURE, Page 6)

County SCD News

By VAN MILLS
A ranch pond was completed on Leslie Darsey ranch north of Alanreed. Row direction for irrigation was staked out for W. F. Ollinger on his farm east of Groom. An irrigation ditch was staked for Loyd Barrett on his place southwest of Pampa. Many farmers and ranchers are reducing their cow herd because of the drought. It will take a lot of money and feed to carry a cow from now till next May. Grass crowns can be severely damaged by excess trampling during the winter when the grass is short. By reducing their cow herds now they can save money and protect the grass at the same time.

Drouths and dry years are just as normal as wet years. In many cases our pastures are stocked on the basis of the wet years. When drouths or dry years set in there is a tendency to hold on to the cows too long, and this results in the grass being damaged. A ranchman is actually in the "grass business", and the livestock is the salable byproduct. A well-bred animal soon looks like a scrub on scant pasture. Grass is the cheapest feed that can be grown.

Downtown Group Has Parking Report Ready

The directors of the Downtown Business Association of Pampa approved Friday a recommendation to be presented to the Pampa City Commission concerning downtown parking meters.

The recommendation, which will be presented to the commission at their Friday meeting, asks for the temporary reclassification of all parking meters except those in the 200 and 300 block of W. Foster, 200 block of E. Kingsmill and 100 block of E. Browning.

It then asks for the conversion of all remaining meters in two-hour meters which will provide one-hour parking for one nickel or two hours for one dime. However, the recommendation also asks that several sections of the downtown area be provided with five-hour meters at the rate of one nickel per hour.

Kirk Duncan, chairman of the parking meter committee of the association, said, "Our primary concern is to provide ample parking for customers. We have tried deactivation meters but find that downtown people preempt the spaces. We have considered removing all meters and going back to the old system of free parking and marking times; however, most merchants feel that this system would be unworkable. With any system,

of free parking, we are convinced that the customer would be frozen out of prime parking areas."

Duncan said the association will also ask the city to continue with its policy of courtesy tickets for out-of-town shoppers and that net profits the city derives from meter receipts be used to purchase or lease off-street parking lots.

Duncan also said, "We do not believe people in general object to paying a nickel for a prime parking space. The real objection is the parking ticket, and our chief of police believes that Pampa gives more tickets per meter than any city. By eliminating one penny parking for all but 12-minute meters, we can stop the biggest cause for tickets."

The recommendation will be presented to the commission at the Friday meeting. The commission is meeting Friday this week due to several city officials attending the Texas Municipal League meeting at Houston.

SWITCH RECOGNITION

TOKYO (UPI) — The Central African Republic has switched its diplomatic recognition from Nationalist to Communist China, the New China News Agency (NCNA) announced Friday.

(Daily News Staff Photo)

FATAL WRECK — One person died and three were injured, one seriously, in this two pickup truck collision Friday night near White Deer. Killed instantly was Damaso T. Noyola, of Slayton 56, the driver of the pickup on the right.

Slayton Man Killed in Collision Of Pickups on U.S. Highway 60

One person was killed instantly and three others injured Friday night when two pickup trucks slammed together 3 miles east of White Deer on U. S. 60.

Killed was Damaso T. Noyola, 56, of Slayton, the driver of one pickup.

Injured were two passengers in his vehicle, Helario R. Ramirez, 28, also of Slayton and Fernando R. Ramirez, 33, of Canadian and the driver of the

other pickup, Herman D. Meadows, 58, of Perryton. A passenger in the vehicle with Meadows was not injured.

Highway Patrolmen said the accident occurred when the truck driven by Noyola went into a skid and veered broadside into the path of the oncoming truck.

Patrolman Paul Little of Panhandle said both trucks were totally demolished.

Helario Ramirez was brought to Highland General Hospital by Duenkel Carmichael ambulance and transferred to Northwest Texas Hospital in Amarillo Saturday morning. He is listed in critical condition with multiple head injuries.

Fernando Ramirez was not seriously injured and didn't require hospitalization. Meadows was listed in good condition Saturday afternoon.

Band Members Given Surprise At Tascosa Party

Pampa High School Band members got a special unannounced treat Friday night after the Tascosa football game when they were guests of the Tascosa band for a combo session at the Amarillo school's cafeteria.

After a few numbers, the combo swung into a current up-comer, "Sugar Waltz." The strains of the tune were familiar to the young musicians — and the plinking of the guitar also sounded familiar.

It turned out the man responsible was the popular recording artist, Jimmy Gilmer, who was in the Tascosa combo as a "ringer." Gilmer, who has a number of popular records to his credit, was persuaded to entertain by members of the Tascosa band during a brief visit to Amarillo.

The government of Ghana had the first all-African elected legislature with an all-African cabinet.

Absentee Voting To End Tuesday

Absentee balloting in the Oct. 10 "wet-dry" election in Precinct 3 of Gray County will end at 5 p.m. Tuesday in the County Clerk's office.

Charlie Thut, county clerk, said that as of 5 p.m. Friday a total of seven absentee ballots had been cast in the election. The election asks for the legalized sale of all alcoholic beverages in Precinct 3 for off-premises consumption.

The area does not include any towns. However, it does take in the McClellan Lake area, several farms and ranches and small businesses.

Now You Know By United Press International Colonies of honeybees contain as many as 50,000 individual bees, according to the Encyclopedia Britannica.

Foreign News Commentary

By WILLIAM J. FOX
United Press International
Notes from the foreign news cables:

Philippine President:
The Philippine presidential election is still a year away. But incumbent Diosdado Macapagal already is looking to his political fences. At present rated no better than an even bet to be re-elected, Macapagal hopes to improve his chances at home during his forthcoming visit to the United States. His top aides are going to great pains to make sure the presidential state visit Oct. 5-6 will have maximum impact. They expect the Johnson administration in this campaign year will give an especially hearty welcome to a loyal, non-Communist Asian leader. Macapagal's closest adviser—Philippine Finance Secretary Rufino Hechanova—already has spent more than two weeks in the United States preparing for the state visit. He is being assisted in his task by top public relations experts. The desired end result of their effort is an improved image of Macapagal at home. It is felt in Manila that acceptance of Macapagal's policies in the United States — for which the Philippine people retain great respect—could improve his chances at the polls next year.

European Unity:
European unity talks have been stalled for at least two and a half years. But French officials in Paris expect new proposals from the West German government in the next two or three weeks to get them started again. The word in Paris is that the Bonn government may include in its move some of the ideas put forth recently by Belgian Foreign Minister Paul-Henri Spaak. But a major Spaak proposal calling for the creation of a group of "three wise men" to carry forward the project received little support in Paris in the past. And it is expected to provoke an equal lack of enthusiasm this time.

German Politics:
The belief in Bonn is that the topsy-turvy West German political scene will become more peaceful and orderly during the next few months. Chancellor Ludwig Erhard has asked a 11 parties to maintain a truce and to demonstrate national solidarity during the period of the impending visit of Soviet Premier Nikita Khrushchev. And, while there is strong resentment in West Germany over Soviet refusal to acknowledge any responsibility for a recent terrorist attack on a Bonn official in Russia, that planned visit will take place. Despite some popular pressure to call it off, Erhard will not withdraw the invitation — even though Khrushchev will get a cool reception in Bonn.

TRUCE FATALITIES
NEW DELHI, India (UPI) — Seventy-two Pakistanis and 37 Indian soldiers were killed in 163 armed clashes along the Kashmir truce line this month, Defense Minister Y. B. Chavan told Parliament Monday.

Russia Will Continue Importing U.S. Grain

By PHIL NEWSOM
UPI Foreign News Analyst
Whatever the outcome of the current crop year, the indications are that both the Soviet Union and Communist China will be importing western grain for years to come.

While both are striving desperately to increase yields, the reasons for their inability to feed their own peoples are much the same—bad management, bad transportation, bad weather and lack of incentive among the peasant producers. A group of Canadian businessmen who visited the Soviet Union last year was led to believe the Soviets were interested in regular annual purchases of at least 500,000 tons of Canadian wheat.

There were possibilities that 1964 purchases of \$500 million would be increased to \$1 billion in the spring of 1965. Red China's purchases of western grains hit a record of \$5 million metric tons in 1961. Purchases fell to 5.4 million tons in 1963.

The uses to which the Soviets and Red Chinese have put their foreign grain purchases follow a similar pattern.

The Chinese have allocated

Gray County ASC Farm Newsletter

Under the 1964 wheat and feed grain program diverted acres could not be grazed between May 1 and Nov. 1. We have been advised that diverted acres for 1964 have been released for grazing beginning on Oct. 1.

You may graze diverted acres on Oct. 1 without any loss of payment. This early release date is effective in the drought approved counties and Gray County is one of these.

If you wish to make hay on diverted acres, you must still sign up on it and refund some payment. It is still necessary to sign up and take a reduced payment for grazing or haying on soil bank land.

1965 Wheat Program
Under the 1964 program some producers could not receive payment on an eligible farm on wheat or feed grain because they exceeded their allotment or base on another farm.

We want to advise that this same rule applies in 1965. A producer cannot receive wheat payment on any farm if the wheat allotment is exceeded on any other farm in which he owns, operates or shares. Under the 1965 feed grain program, the base must not be exceeded on any other farm. This applies to any farm anywhere in any other county or any other state. Please be sure that your other farms are in compliance so you can receive your payment on the eligible farms.

This is true in all cases except where you have substituted wheat and feed grain and are within the program and on 150 per cent farms. These farms are participating in the program and are not considered to have exceeded the allotment or base.

This is very important and we urge you to discuss it with us if you have any other farms that might not be within the allotment or base.

ACP Program
Producers are encouraged to return your approval for ACP practices as soon as performance of the practice is completed. If you have applied the chemical to your bindweed, please be sure to report it to us.

most of their foreign purchases to coastal cities, thus easing the pressure on inland peasants and on their transportation facilities.

The Russians have indicated that even in bumper crop years they would be interested in Canadian shipments to eastern Soviet ports. Costs would be less than shipping wheat from European Russia to Siberia and the maritime provinces over transportation facilities which like those of the Red Chinese, are overburdened.

All of this is of interest to the West not only as evidence of Communist failures but also for the fact that both Communist giants are being forced to make purchases with cash which otherwise would be going into armaments or heavy industry.

Agricultural
(Continued From Page 2)
Commission for a testing program. It was estimated that over 95 per cent of the Gray County ranchers signed the petition.

According to Dr. Eaton, for a county to qualify after testing for a modified brucellosis free status not more than one per cent of the cattle in 5 per cent of the herds can be infected. All herds must be tested. In herds having 50 cows or less, all will be tested. In larger herds only 20 per cent or 50 head, whichever is greater will be tested. All female cattle over 12 months come under the test unless they have been officially calfhood vaccinated. In this case they are exempted from testing if under 30 months of age.

Calves between 6 - 10 months are vaccinated free on request at time of testing only.

In case a reactor is found in the herd all cattle in this herd will be tested. All the cattle in a herd regardless of the number will be tested if the rancher so desires.

At the recent meeting several line up men were selected that will assist in coordinating the mammoth testing program. They are W. R. Combs, Le-fors; Wilson Boyd, McLean; Raymond Maddox, Grandview; Roland Dauer, Pampa; Elmer McLaughlin, Laketon; Charles Wedd, South of Laketon; and Leslie Darsey, Alanreed. It will be the responsibility of these line up men to report to the central laboratory when certain herds are to be tested. I will assist by coordinating the testing of four "bleeders" that will be working out of the Pampa headquarters each day. The Laboratory is to be tied into the utilities on the east side of the Court House Annex, just South of the Rodeo Grounds on the Miami highway.

We would be happy to attempt to answer any questions you might have on the testing program.

Ex-Official Says Repeal of Laws On Gambling Wise

LITTLE ROCK, Ark. (UPI)—Former Atty. Gen. Tom Gentry said last week Arkansas would be wise to pass the legalized gambling amendment for Garland County (Hot Springs) because no governor can permanently stop it as long as the people of the county want it.

Illegal gambling flourished in the Hot Springs area for many years and became an important factor in the area's economy until Gov. Orval Faubus cracked down last March. The proposed amendment would allow the now-shuttered casinos to reopen legally, but would not legalize gambling elsewhere in the state.

Gentry said his own experience and a study of the Garland County legal wagering amendment led him to this conclusion.

"In 1956, as attorney general of Arkansas, I secured several warrants to permit raids on gambling establishments at Hot Springs," he said. But after the gambling equipment was confiscated and the casinos closed, they were back in operation in a short time with new equipment, Gentry said.

He said the next time he tried to remove the gambling equipment for the county he was blocked by an injunction from the Garland circuit judge.

NOSE HIS WORK—A grain handler in Montreal harbor has to wear a protective mask as he goes about his work. Because Montreal is a major world seaport—even though it is 1,000 miles from the Atlantic Ocean—he keeps busy unloading freighters.

U.S. Officer Defied Death in Viet Revolt

SAIGON, Viet Nam (UPI)—The American officer credited with negotiating peaceful settlement of last week's tribal revolt said the revolt fell apart when he handed his weapon to one of the leaders and dared the tribesman to kill him.

Army Col. John Freund, Scarsdale, N.Y., said the most critical point in the rebellion came when it was decided that the rebels had to release the 60 Vietnamese military and civilian hostages they were holding in the Bon Sar Pa Special Forces camp.

"I thrust my weapon into his hand and said 'You be the first to fire,'" Freund told a Saigon news conference. Freund explained that before challenging the rebel leader he told the assembled Rhade mountain tribesmen at the camp: "I don't want any of you to take the responsibility for shooting an American officer. I want one of your leaders to do it."

When the rebel leader, whom Freund could not identify, refused to take the weapon, Freund walked to the camp's gate and began cutting the barbed wire barricades. Freund is the deputy senior adviser to the Vietnamese army's II Corps. He was held hostage by the leaders of the abortive rebellion, which ended Monday.

The greying, 46-year-old professional officer appeared before a press conference after flying here to receive an award from the U.S. military headquarters. Freund explained that the continued detention of Vietnamese hostages by the tribesmen had jeopardized negotiations with Vietnamese government authorities.

Once the Vietnamese prisoners had been freed, the last remaining hurdle was getting the American Special Forces personnel out of the camp and getting the Vietnamese military back in control. Freund explained that the continued detention of Vietnamese hostages by the tribesmen had jeopardized negotiations with Vietnamese government authorities.

Young Goldwater, who arrived from Salt Lake City spent the day at GOP rallies in Greeley, Fort Collins and Berthoud before returning to Denver where he took a flight to Phoenix, Ariz.

In his speech to 800 students at Colorado State University in Fort Collins, Goldwater pledged his father "would try to reduce the power that the president has at his disposal." He accused the Johnson administration of attempting to grab even more power for the executive branch.

FOOD FOR THOUGHT
IRVING, Tex. (UPI) — The topless bathing suit has gone underground. It went in a time capsule, buried during dedication of the new First Federal Savings and Loan building here. Those in charge figured it reflected part of life in 1964, hopefully to jog some memories when the capsule is opened in 10 years. But as one observer remarked: "If this is all that's left of the suit now, I wonder what the fashion will be in 1974?"

Tascosa Demolishes Harvesters, 34-0

Ross Leads Rebels To Lopsided Win

By JEFF COHANE
News Sports Editor

AMARILLO — The Tascosa Rebels proved their right to a statewide rating Friday night as they calmly and methodically demolished the Pampa Harvesters, 34-0, in Dick Bivins Stadium.

It was the second straight district loss and the second straight shutout suffered by the Harvesters, and their most lopsided defeat since 1961. Pampa was never in the game as they constantly lost chances and set up Rebel chances by fumbling throughout the game. In the first half the Harvesters failed to make a first down or cross the midfield stripe until the final minutes of the second period.

Only bright spot for Pampa was the inspired defensive play of Big Red Griffith and Little Joey Roden. Frustrated by the mammoth Rebel line on offense, the pair took it out in turn on Tascosa ballcarriers, Griffith being in on 10 tackles and Lad five, with the 140-pounder Lad fighting off a blocker almost twice his size to get to the ball-carrier. Plenty of help was provided the duo by San Williams with eight tackles, Jerry Garrison with seven, Terry Criss and James Williamson.

But the Harvesters never had a chance as the Rebels went about their task like butchers in a slaughterhouse, scoring three touchdowns behind Richard Ross in the first half and running the second and third-unit backfields most of the second half.

Ross, 170 pounds of unstoppable dynamite, went around, through and over the Harvesters, getting gaping holes opened by end Doug Valeis, and then bouncing off three and four men before being stopped, rolling up 106 yards in 12 carries in the first half alone and then six more yards in his only appearance in the second period. The mammoth and surprisingly speedy Tascosa defensive line was bulwarked by tackle Van Elliott and end Perry Williamson. The Harvesters gained only 32 yards rushing in the first half.

Joe Dempsey broke loose with the opening kickoff and went 37 yards to his 47 before Garrison made a last-ditch tackle. Ross smashed off four men to the Pampa 34, and then off three more to the 19. Pampa held three tries to six yards, but it was Ross again, smashing right to the six. The Harvesters held Tommy Gergeni to three yards. That was the end of the scoring, although each team threatened twice more. Tascosa reperiod. Billy Hobbs toed the conversion.

As the first quarter ended, Tascosa drove down to a first down behind Ross on the Pam-

pa 20. Griffith and Garrison led the struggle that took the ball on downs by inches on the 10. Pampa failed to gain, kicked out and Dempsey took the punt from his 48 to the Harvester 41. Ross and Jimmy Bennett alternated five plays to the Harvester five and Gergeni went around the right side with 4:46 left in the half. Ross tried to run the conversion but was stopped by Roden.

Two plays after the kickoff, a Larry Daniels pass was intercepted by Chris Simmons on the Pampa 30, with Simmons running all over the field to the 15. A rollout pass was incomplete, and it was that man Ross again, as he followed Valois around the right corner with 3:19 left. Hobbs kicked the conversion.

The fumbling Harvesters bobbed the ball twice following the second half kickoff, with Bill Doane of the Rebs recovering the second miscue on the Pampa 18. Ross followed an unbalanced line to the right again and smashed off two men to the 12. Gergeni went to the right and Johnny Johnson threw a solid block to spring Bennett for the TD with 9:17 left in the third quarter. Bennett tried to run the two-pointer, but was ganged by Smith, Williams and Griffith.

Roden took the punt on his 10 and fled straight up the middle and into the clear, being caught from behind on the Tascosa 31. Tascosa tightened and took the ball on downs on their 28. On the first play, Simmons went over left guard, cut right and outran everyone for a touchdown with 7:57 left in the period. Johnson ran the conversion.

That was the end of the scoring, although each team threatened twice more. Tascosa reperiod. Billy Hobbs toed the conversion.

(Photo by Bill Trellegen)

HOLD IT, FELLA! — Joey Roden (33) and Red Griffith (44), who did yeman defensive work for Pampa all night come in to hit Tascosa's great Richard Ross, who led the

Rebels to a 34-0 victory Friday. Tascosa continually put up a wall of blockers, such as guard Danny Abbott (28) and quarterback Ted Pospisil (13).

Stratford Slaughters Lefors Bucs by 55-0

By KEITH GEISLER
News Sports Correspondent

STRATFORD — Lefors suffered one of the worst defeats in its football history Friday night as Johnny Brannan and his Stratford Elks ran wild for a 55-0 victory.

The fighting, but outmanned Pirates were never in the ball game as the speedy Brannan ran for three touchdowns. The Elks pulled the first unit out of the game early in the second half, but the second-unit, using the rifle arm of second-string quarterback Jim Hudson, was just as effective as Hudson ran for one TD and passed for another.

Three plays after the kickoff, Lefors went to the air and Boyd Spurlock intercepted on the Stratford 22. Fourteen passes later, Brannan went 15 yards around right end with 6:00 left on the clock. A conversion pass was incomplete.

On the second play following the kick, the Pirates fumbled on their 16. They held the Elks cold for three downs, but on the

fourth, quarterback Charles Plunk passed to Orland Lasley for the touchdown. Spurlock ran the conversion with 2:33 left in the period. Stratford took a punt at midfield as the second quarter opened, and on the second play, Brannan broke loose for 50 yards with 41 seconds gone. Plunk passed to Hudson for the two points.

With 2:50 to go in the half, Plunk passed 18 yards to Lasley for another touchdown, and to Keith White for the conversion, making the score 30-0. Three plays in the third quarter, Brannan broke loose from his 46 up the middle, through the line and bouncing off four tacklers, all the way to the goal. His kick for extra point was no good.

The second unit came in and Hudson went to the air, completing three of his first six aerials down to the Buc 40. Trapped on another attempt, he turned and ran all the way for a touchdown with 4:04 left in the third canto. Brannan teed the extra point.

An exchange of boots and Hudson passed 24 yards to Lasley in the end zone with 2:56 left. Marvin Finney, a defensive stand-out for Lefors all night, blocked the kick.

Lefors quarterback Bill Nichols returned the kick to midfield as the fourth quarter opened, and the Pirates started to march as Nichols started hitting end Dickie Archer with passes, Archer performing acrobatics on several of the catches. The Pirates moved to the Stratford six, and the Elks' first team came back in a hurry, with Brannan intercepting a pass in the end zone.

In the final minutes, Spurlock intercepted a pass on his 10 as Lefors threatened again, running it all the way to the Lefors seven before Nichols caught him. On the next play Spurlock went over with 2:11 left in the game. The kick was no good.

Wheeler Whips McLean, 26-8

MCLEAN — In a bruising, smashing, hard-hitting battle, the Wheeler Mustangs reared over the McLean Tigers here Friday night, 26-8. It was the fourth victory without a loss for the Class B powerhouse, and the second defeat in four outings for the Class A Bengals.

Wheeler, winning for the second straight year, again gained the unofficial Top O' Texas championship.

It was Dunk Porter and Little Bobby Vanpool vs. Dangerous Dickie Crockett in the backfield, but it was Wheeler's inspired line play that made the difference. Only crunching Crockett could gain consistently, racking up 147 yards in 20 carries, while his backfield mates ended up with a total of minus 13 yards against the defense led by Porter, Villard Hunter, Billy Overcast and Danny Dorman.

McLean contained Porter and Vanpool around the ends, but couldn't stop either of the speed-boys off tackle as big holes were opened in the line by Jimmy Jamieson, Terry McCasland, Overcast and Gene Watson. The Dunker totaled 123 yards in 20 carries. Little Bob racked up 90 yards in 12 trips.

Watson set up the first touch-down late in the first quarter when he intercepted a Johnny Fuller pass on his 35 and galloped back to the McLean five before being caught by Crockett. Two plays later quarterback Richard Wallace kept the final three yards behind Watson and McCasland with 38 seconds left. Vanpool tried to run the conversion and was ganged by Ronnie Hunt, Harlan Pool and Crockett.

Wheeler marched with the opening kickoff down to the McLean 20 where the drive stalled. On fourth down, Sleepy Adams went back to kick a field goal, which was blocked by Freddie Jay Windom and Crockett. Action slowed down to a bruising standstill in the middle periods, with the only scoring coming in the third quarter when Porter sliced 10 yards off left guard behind Billy Overcast. Vanpool scooted around right end for the conversion.

Action got hot in the fourth quarter as Vanpool opened the ball with a 36 yard touchdown burst through a hole at right tackle opened by Jamieson. A conversion pass was incomplete. McLean broke the scoring ice on a tricky bit of fakey by Fuller on his 44, as he pulled the defense in, then hit Robert McCabe with a pass, all alone on the Wheeler 35. McCabe romped in home free. Crockett went around left end for the two-pointer.

Wheeler then capped the tussle on a 31-yard scoring burst by Porter, escorted by Jamieson and Hunter. Adams' kick failed.

White Deer Celebrates Homecoming With Win

By RONNIE RODES
News Sports Correspondent
WHITE DEER — The White Deer Bucks crowned Reva Gail Barnett their Football Queen, and then went out and celebrated a successful Homecoming Friday night with a 33-6 stomping of traditional rival Panhandle.

The Bucks combined a tremendous defense, spearheaded by Vernon Marlar and the Smith boys, Gary and Charles; with the punt returns of fleet-footed Donnie Powell and a tricky lateral play worked by quarterback Calvin Luman and fullback Eddie Kleibrink to lead all the way in a smashing, battering, hard-hitting game.

Panhandle took the opening kickoff and marched down to the Buck 20, but WD stiffened there and took the ball on downs.

After an exchange of punts, White Deer got the ball on the Panther 45 and Kleibrink took on the workhorse load as the second quarter opened, bulging over for the score from the one-foot line. Troyce Phillips kicked the extra point.

Again in the second quarter the Bucks scored, as they unveiled their new play. Luman handed off to Kleibrink on his 46 and followed him downfield as they big boy went 10 more

yards, then flipped back to Luman, with Calvin hustling 44 more yards for the TD. The conversion kick was blocked.

The pair ran the same play again in the frame for another 35 yards, only to have it nullified by a penalty.

After an exchange of kicks in the third quarter, Powell, who rolled up over 150 yards in punt returns, gathered in the boot on his 11 and raced 55 yards to the Panhandle 34. Luman and Kleibrink promptly collaborated on their lateral play and Calvin went across for the touchdown again. The kick was wide.

Panhandle got a break late in the third quarter when a short punt and a pair of penalties gave them the ball on the Buck five-yard line. Bob Bulla went over for the score. A conversion pass was incomplete.

In the fourth quarter, Little Randy Elliott found a tremendous hole up the middle waiting for him on the Panhandle 48, opened by Don Williams, Larry Simmons and Gary Smith, and waited through and across the goal line. Powell ran the conversion.

After another exchange of punts, White Deer started on its 25, with sophomore Marlar doing the bulk of the leather-lugging, going over from five yards out.

END OF THE LINE — Tascosa quarterback Ted Pospisil gets rushed, but good, in the first quarter of the Pampa game at Dick Bivins Stadium. Pospisil slides by Larry Daniels (14), but is brought to a screeching halt by Phil Klearner (65).

Bowling

With disasters of all types striking everywhere it is hard to believe the greatest of all struck in Pampa last Wednesday night. Billy Brannum started with a spare and then had eight strikes in a row, then disaster, a wide open split in the tenth frame and a possible 290 game became a 255. Billie Thut with four in a row splitting the tenth and Pauline Stone with five in a row leaving 4 pins on her last ball and losing out on a nice 200. These are disasters in the bowling world.

Wallace Jouett will be putting gas and oil in your car at the new Conoco station instead of slaving at the bowling lanes. Good luck Wallace!

Red Herring, one of our top bowlers, is still in traction at the hospital, due to a bad back. Hope he didn't do it bowling—(he never bends his back anyway). It's fun to watch some of these women come out to practice. (I think they talk more than they bowl. One bowler who takes her bowling serious is Jennie Deaton, and what a smooth bowler she is getting to be. Geraldine Rodgers just couldn't do anything right all morning, and I'm sure if you ask her score, she won't talk. Jean Patton did right well, except one game, and had a nice 530 series. Billie Thut with a 538, is really building an average. Yvonne Thomas with a 108-106-107 — Just missed that exclusive triplicate. Bryant Nail boosted his average again with a nice 231 - 606, all this happening while Wilborn Nail hit his average exactly - 549 on a 183 average. We just have to mention Jack Moseley's 223-but Dorothy will have to do better than 106 to get her name in print. I imagine Otis Nace is going to take out insurance against his having another 74 game, and Hershall Wilks does not want any of the Celanese boys to know he bowls in the 180's in the Civic League. Pat Wilhelm was headed in the right direction with 67-107-153, had she bowled another three games, she might have hit 250, at that rate of progress. Bowler of the week HDPC, George Railsback 698 - Lela Swain, 699.

There isn't room for all these good scores so we will catch some more next time and good bowling.

Read The News Classified Ads

Wyoming Upsets Kansas, 17-14

LAWRENCE, Kan. (UPI) — The passing of quarterback Tom Wilkinson and a 47-yard punt return by sophomore Rick Egloff sparked Wyoming to its third straight victory and a 47-yard punt return by sophomore Rick Egloff sparked Wyoming to its third straight victory and a come-from-behind 17-14 upset over Kansas Saturday before 36,000.

A rugged Cowboy defense contained the Jayhawkers, who did not complete a pass until third string quarterback Bob Skahan connected late in the final period. Skahan passed to Bob Robben from the eight-yard line on the last play of the game for the final Kansas score.

Illini Triumph

EVANSTON, Ill. (UPI) — Quarterback Fred Custardo bounced back from a first half blitzing and outpassed big ten rival Tommy Myers in leading Illinois to a 17-6 victory over Northwestern.

Tascosa

(Continued From Page 18) moved to the Reb 27, only to lose the ball on downs. Tascosa drove back in turn, only to have the Harvesters hold on their 27. Pampa then marched to inside the Reb 40 in the final minute, only to fumble once more.

Morse Hit Hard By Mobettie

MOBETTIE — Eddie Ray Hodges scored three second-half touchdowns to bring the Mobettie Hornets from behind here Friday night, to a 38-26 victory over Morse in the district 4-B opener.

The first half of the wild-scoring fracas saw the lead swap hands three times as the Mustangs rolled up 157 yards rushing to Mobettie's 70. A new Hornet club came out for the second half however, and held the visitors to a total of minus eight yards as Eddie Vowell put on the rush. Hodges and Little Joe Kelley handled the corners and Bradley Trout smothered the passes. Meanwhile Hodges, who amassed 160 yards in 18 carries at quarterback, put the Hornets ahead to stay in the fourth quarter.

Mobettie held on downs to open the game and drove to the Morse 20, where they committed the first of four fumbles in the opening half. Morse drove right back, with Allen McCloy scoring from two yards out. The conversion run was piled up.

Mobettie came back 60 yards with the kickoff, Kelley slithering the last 25 around right end, with Eddie Vowell clearing a path. Hodges ran the go-ahead conversion.

Morse took the lead as Alva Henderson ran 25 yards. A conversion run was piled up.

Kelley then put the Hornets back in the lead, still in the first quarter, as he took the kick on his five, cut to the right sidelines and all the way behind team blocking. Hodges ran the conversion for a 16-12 edge.

McCloy put the Mustangs back ahead in the second period when he went over from one yard out, and brother Bill ran the conversion. McCloy then passed 12 yards to Eddie Popay to make the score 26-16, Morse, at the half.

Hodges sliced the margin in the third quarter as he went 35 yards to score on a reverse, then passing to Vowell for the two-point.

Mobettie went ahead to stay in the fourth period as Hodges barreled seven yards, Kelley running the conversion.

Trout led the last drive, picking up 38 yards in three carries to set up Hodges from one yard out. A conversion pass was incomplete but Morse never threatened again.

Clarendon Slips By Groom, 18-16

GROOM — The Groom Tigers and the Clarendon Broncos amassed a fantastic total of 806 offensive yards, but only scored a total of five touchdowns as Groom's line and Clarendon's pass defense kept the final score to 18-16 favor of the Broncos Friday night.

The rifle arm of Tiger quarterback Terry Cornett completed 10 passes good for 180 yards, but David Moring's key interceptions and pass blocking kept the aerials from gaining consistently, while fullback Archie Smith hit the Groom line solidly and often.

Groom again opened the game with a score the first time they got their hands on the ball. Taking a short kick at midfield, the Tigers moved on the running of Larry Lamberson and Keith Black down to the 20, where Cornett fired a pass into the end zone. Bill Culver stood on his head between two defenders and hauled it in for the touchdown and Lamberson then ran the conversion for an 8-0 lead.

Clarendon drove back 60 yards straight up the middle with Smith doing the bulk of the carrying, and John Grady went over from three yards out. Grady attempted to run the conversion and Kerry Jones and Black smeared him in the attempt.

The second quarter saw Clarendon following the identical pattern in marching down and scoring, again Grady going over from three yards out. He stubbornly tried to run the conversion in the same place and again was stopped by Black and Jones.

Clarendon drove 45 yards in

the third quarter for their final score, George Gardner going across from 10 yards out. Once more it was Grady trying the conversion and once more Black and Jones persuaded him to change his mind.

Groom came right back as Lamberson led a 55-yard drive, scoring from two yards out. Larry took a two-point pass from Cornett.

Groom threatened twice on passes in the fourth quarter, but both times Moring intercepted to run the Broncos out of danger.

Syracuse Racks Up Holy Cross

WORCESTER, Mass. (UPI) — Heavily-favored Syracuse, its ground game stalled for three quarters by a determined defense, roared from behind with five second half touchdowns Saturday for a 34-8 regionally televised victory over Holy Cross.

The Crusaders of U.S. coaching dean Dr. Eddie Anderson managed to keep sophomore Syracuse speed merchant Floyd Little in check through most of the game and held him scoreless after his five touchdown spree of last week.

Why Hyde Park?

- ✓ Because of its custom fit.
- ✓ We have the latest styles and fabrics.

WANTED MEN-WOMEN

from ages 18 to 52. Prepare now for U.S. Civil Service Job openings in this area during the next 12 months.

Government positions pay as high as \$46.00 a month to start. They provide such greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized educational experience.

But to get one of these jobs, you must pass a test. The competition is keen and in some cases only one out of five pass.

Lincoln Service helps thousands prepare for these tests every year. It is one of the largest and oldest privately owned schools of its kind and is well-connected with the Government.

For FREE information on Government jobs, including list of positions and salaries, fill out coupon and mail at once - TODAY. You will get full details on how you can prepare yourself for these tests.

Don't Delay - ACT NOW

LINCOLN SERVICE, Dept. 68 D

SAVES
LIVES**FIRE PREVENTION WEEK****OCTOBER 4th-10th**MAKE
SAFETY
A
HABIT**FIRE**

FIRE can ruin your business!

FIRE can leave you homeless!

FIRE can kill your loved ones!

Fire is a menace . . . a menace to the lives of those you hold dear . . . a menace to your home and to your business. Fire lurks in litter and rubbish, in oily painted rags, in unchecked electrical systems, in dirty cracked chimneys, in overheated furnaces, wherever there is carelessness, fire threatens. Fighting fire starts with fire prevention . . . and that's your job. This week and every week do your part to prevent fires. Remember a little care can save a lot of damage.

OPEN HOUSE AT ALL THREE FIRE STATIONS

EVERYDAY FOR ONE WEEK

FIRE STATION NO. 1 At 321 East 17th

FIRE STATION NO. 2 At 1010 S. Barnes

CENTRAL FIRE STATION At 203 W. Foster

FIRE PREVENTION SHOULD BEGIN AT HOME!

- Check your home and business for fire hazards
- Be careful when handling fire in any form
- Check electrical wiring, cords, and appliances
- Check stoves, heating system, water heaters
- Check roofs and chimneys for fire safety
- Keep dry grass and other combustible material cleaned-up
- Never leave matches near children
- Don't smoke in bed
- Don't store combustibles in your cellar and attic
- Cooperate with your local fire authorities!
- Call the fire station for FREE, NO OBLIGATION, Inspection.

**YOUR FIRE STATION NUMBER
IS MO 4-3366**

**MESSAGE FROM
FIRE CHIEF
WINBORNE**

Fire means total destruction and you can not salvage what fire burns. There have been 711 lives burned to death in the past ten years in Texas. Two thirds of these lives were children under the ages of 14. It is the parents responsibility to defend the lives of their children.

Sincerely

FIRECHIEF J. E. WINBORNE

**THIS MESSAGE SPONSORED AS A PUBLIC SERVICE

is your Job**

14 Civil Cases Slated for Trial Tomorrow

A total of 14 civil cases have been slated for trial Monday morning in 31st District Court. The first case on the docket is W. M. Sargent vs. Worle Hospital.

Other cases are Peter Katchen vs. Herbert L. Cox; Richard Allan Craigs vs. Herbert L. Cox; E. J. Moxley vs. United State Fire Insurance Co.; Charles and Margrite Crawford vs. Herbert L. Cox; Benny Benne vs. Johnny Claunch; J. S. Worley vs. Clayton Husted Co.; J. Kendall Ewert Ray Duncan vs. William G. McComas; Nelson I. Gerald Foster vs. J. W. Price; R. O. Fleming vs. Gene Benson; James E. Hignight vs. James B. Storms; J. W. Davis vs. W. W. Coyle and Freddie Coand Harold D. Williams vs. Texas General Indemnity Co.

A total of 60 residents from Clay County have been summoned for jury duty. They are: Mrs. Beverly Kenipa, Mrs. V. Hebbis, Aline Ogden, Ray L. Ansley, Fred Hutchens, J. T. Carter C. Pharis, John L. Scott, and Warren D. Finney.

Ernest M. Christie, Mrs. Rebecca Wilson, James C. Mitchell, Vickery, Mrs. Lewis K. Davis.

Toastmasters to Install Officer Slate at Meeting

Harry Mitchell will be installed as president of the Pampa Toastmasters Club Monday at a dinner meeting at the Coronado Inn, starting at 6:30 p.m.

John Anderson, area governor of Toastmasters International from Borger, will be installing officer.

Other officers to be installed include Phil Turek, educational vice president; Calvin Hill, administrative vice president; Paul Murphy, secretary; Ray Johnson, treasurer, and Bob Lee, sergeant-at-arms.

Monday night also will be a ladies night for the club, and all members are invited to bring their wives or women guests. Members are also urged to bring other guest couples who are interested in learning about Toastmasters.

Quirks In The News

By United Press International
LEARN A LESSON
DES MOINES, Iowa (UPI)—Gov. Harold E. Hughes of Iowa learned a valuable political lesson from his daughter—be careful about making rash promises.

Hughes told a testimonial dinner Wednesday night that he felt guilty that he was unable to spend much time with his daughter, Phyllis, during the Democratic National Convention. So he promised to set aside a weekend to do anything she wanted. She wanted to be taken to hear the Beatles. "All I'm saying friends," Hughes said, "is that you can press your luck too far."

PROUD PAPA
ST. LOUIS, Mo. (UPI)—There are signs that telephone installer William R. Farmer, 46, is the proudest papa in town.

Farmer erected a sign with flashing lights in his driveway to inform the world of the birth of his second son. And to make sure everyone got the message, he raised an "it's a boy" banner to the top of his 15-foot flagpole.

NO MAYO AT MAYO
MINNEAPOLIS, Minn. (UPI)—The famed Mayo Clinic will be without a Mayo beginning Jan. 1.

Dr. Charles H. Mayo II, 33, grandson of the clinic's co-founder and the only Mayo left on the staff will leave to become an advanced surgery trainee at the University of Minnesota.

Fathers and Sons Team Up in Pampa Businesses

Sons following in their fathers' footsteps has resulted in many of Pampa's business firms being operated by members of the same family.

The father-son teams featured in today's Pampa Daily News are only a few of the many combinations found in the area. The father-son combinations can be seen in their offices of business conducting their daily business affairs.

AUTO PARTS — Crawford Atkinson, left, and his son Bill, top left photo, head Motor Inn Auto Supply which has its main offices in Pampa. The elder Atkinson founded the firm in Dalhart then moved to Pampa in 1933 where he operated on N. Cuyler until the mid 1940's when the firm was moved to its present location. Bill

joined the firm in 1961 after graduating from the University of Texas. Today the father-son team also operates the Western Warehouse of Pampa which sells to jobbers and Motor Inns in eight towns.

BANKING — Three Imels can be found today in Pampa's Citizen Bank and Trust Company offices. Floyd Imel, seated in the left center picture, is surrounded by his two sons. Robert (Gene) is left and Jack is right. The senior Imel joined the Bank in 1940 and has served as president for nearly 20 years. Jack attended North Texas and joined the firm in 1958. Robert graduated from Oklahoma University and entered the banking business in 1956.

GROCERY — Mitchell Calvin Hill, left, and his son James operate the Mitchell Grocery pictured in the lower left picture. The senior Hill started in the grocery business in Pampa during August of 1937. His first store was located only a block north of the present store on S. Cuyler St. His son joined the firm in 1959 after graduating from Texas Christian University.

SHOES — Frank Smith, right, in the upper right picture and his son Duggan operate the Smith Quality Shoe Store on N. Cuyler. The store was founded in 1939 by Frank Smith and has operated since that time at its present location. Duggan helped at the store during his

school years and returned to Pampa in 1961 to join the firm.

FOODS — A father and two sons have teamed up to operate the S & J Mart of Pampa. Carl Jones, right, and his son Carroll A. are shown at the cash register of the Mart in the lower right picture. The other son and partner in the operation, Mike, was not able to be present for the team picture. The Mart was originally started by Carl's father, C. M. Jones, in 1940. The senior Jones and Carl operated the store together for about 10 years. Three years ago Carl returned to Pampa and again became an owner in the business. Michael joined the firm two years ago while Carl has been in the store a year.

Sunday Passing Show

By PEGGY JO ORMSON

PAMPA HAS MANY things of which to be proud, but Pampa's Pride, the senior high school's Harvester Marching Band, is something that makes many residents and football fans burst buttons. The band received another well-earned honor last night when it staged the half-time show at the Texas Western-West Texas State football game at Buffalo Stadium in Canyon. Marching between the halves at last week's game here at home, the band gave a professional performance in rhythm and precision. Directed by Fred Stockdale, the Harvester band's performance is always a highlight of the football games. Friendly Joe Cree and pretty wife, Joy, were seen at the game. Marguerite and Crisel Grody were also seen sitting with their special family. Speaking of football games, among the many Pampans attending the UT-Texas Tech game at Lubbock last week were the C. R. Hoovers, Buck Burdettes, James Evans and Frank Stallings. Reports were that even standing-room-only space was sold. The Stallings made a long weekend of it. They returned after the Methodist Conference there on Tuesday. Wonder how long it took football fans to dry out after the game played in a downpour.

MANY FRIENDS of the Dr. Phillip Gates family are just learning they have moved to Austin. They will be missed in Pampa, but congratulations on Dr. Phil's new venture with the Texas State Health Dept. The Chester Thompsons attended the Eufaula Dam dedication Friday the 25th near Eufaula, Okla. Some 50,000 heard President Johnson make the dedication. Mrs. Thompson also visited her father and brothers in Muskogee and Oklahoma City. Mrs. B. E. Finley enjoyed a visit from daughter Flora Dean Martin of Oklahoma City. Some in Pampa can remember Flora Dean as the girl with the beautiful long black curls. Friends of the A. A. Schunemans are happy to have them home after a visit to Temple. Alieth and Bob Curry spent last weekend in Las Vegas. Harlene and Tom Rose are vacationing in Colorado this week.

MRS. MacFIELD (Connie) McDaniel is going to be a busy person the next two months. Connie, western regional vice president of the Texas State Medical Society Auxiliary, attended the Panhandle District Medical Society Auxiliary meeting yesterday in Amarillo, where she was an honored guest at the luncheon. Mrs. W. D. Nicholson of Lake Jackson, state president of the Auxiliary, was guest speaker at the luncheon and also an honored guest. Mrs. McDaniel will go to other district meetings in El Paso, Coleman and Midland, traveling this week with the state president. Others attending the Saturday meeting from Pampa were Dr. and Mrs. Julian Key, Dr. and Mrs. Joe Donaldson, Dr. and Mrs. R. M. Hampton and Dr. and Mrs. Felix Vendrell. Mrs. Vendrell is the local Auxiliary president.

MRS. JOHN Robertson, wife of the White Deer Presbyterian minister, surprised those attending the United Church Women's program by revealing that she came to America five years ago as a missionary to the migrants in Texas from the United Churches of Christ of the Philippines. We always think of America as only sending out missionaries. Mrs. Robertson, who attended Phillips University at Enid, Okla., toured the United States in a quartet which included three sisters a few years ago. Mrs. R. E. (Hattie) Dauer, Mrs. Roy (Flora) Williams and Mrs. Ola McAfee not only attended the Christian Women's Retreat at Ceta Glen week end before last, but doubled as cooks the entire weekend. Other women from the local Christian churches attending were Miss Pearl Spough, Mrs. Frank (Sylvia) Grantham and Mrs. B. G. (Micki) Gordon.

MRS. CARLTON NANCE is an unusual person. Not only was she hostess to El Progresso Club in her home, but presented a most interesting program on architecture. Met Pampa's new librarian, Mary Lee Cooper, at Altrusa meeting Monday night. Mary Lee is a charming person. Mrs. Cameron (Lucky) Murchison and Mrs. John (Mary) Brewer are the best of friends. Our town is fortunate to have both these talented girls. Attractive Mrs. Murray (Sally) Castleberry is commuting to West Texas State University three days a week. John Brewer and Jay Leath are busy these days rounding out Scouting activities for the coming year. Overheard Mrs. Charles (Maedell) Lanehart saying the P-TA City Council Study course week before last was one of the best meetings she ever attended. Area women will be interested in the Tustin Tea sponsored by the Amarillo Republican Women's Club to be held in Federated Clubhouse Rooms, 2001 Civic Circle, Amarillo, on Oct. 12 from 1:30 to 3:30 p.m. More than 80 different and delicious recipes will be available for tasting at the tea.

THE DOUG BOYDS are building a new home out on Beech and speaking of new homes, the one of the Joe Reids on Charles certainly looks interesting. Some say it is Arcadian and others Normandy in style. The new home of Lois and Cameron Marsh on Evergreen is pictured as a red house atop a hill. Lois is teaching for the first time this year at Sam Houston. Mrs. Walt (Betty) Bailey is helping develop the artistic talents of Pampa's future citizens by giving art instructions to schoolage children. Bishop Eugene Slater of San Antonio was a houseguest of the Rev. Harry Vanderpool and family Wednesday. Bishop Slater spoke at a teachers meeting in First Methodist Church.

THE GRAY LADIES are a busy and dedicated group. Mrs. Clarence Lutes even wore her uniform to a recent church meeting because she had a call for service immediately following the meeting. Friends dropped in on Mrs. C. A. Burton Saturday to help celebrate her birthday, but perhaps the best part was a visit from two sisters from Oklahoma City which made the day complete. Mrs. Burton is an invalid but retains an avid interest in everything in the community as well as gardening and knitting. No one gets more pleasure from a yard than Mrs. Elmer (Louise) Fisher. Louise has the yard arranged to provide continual blooming from early spring until the late fall. just about time for it to be a riot of mums in every color and variety. Ray and Harriet Hamon hosted a slumber party for son Moss, Chuck Lanehart, John Dugan, Sherwin Cox, Bruce Murchison and Randy Marsh. Before "retiring" for the night, the boys attended the Pnlo Duro-Harvester game. Randy, son of the Cameron Marshes is sporting a new Stingray bicycle. Birthdays are such fun.

A GROUP OF Pampa High School classmates met last Sunday evening at the Hobart Fathers to renew friendships with another former classmate, Kelvin Neal, who is a nuclear physicist living in California. Mrs. Neal is a native Californian and an ichthyologist by profession. Several Robert E. Lee Junior High ninth grade girls have arrived at school wearing the new dark shade of hose quite a switch from bobby socks. The girls aren't the only ones, for many adults have followed the fashion trend. Mrs. Gene (Nancy) Imel found the dark hose added interest to a fall costume. The new Mrs. Jim (Margaret) Gardner, a beautiful girl, was honored with a coffee in Pampa Club to meet Pampa friends. Mrs. Ed Williams, Mrs. Frances Noblitt and Mrs. Ralph McKinney were hostesses and Jim's mother, Mrs. Gardner from Roswell and grandmother, Mrs. E. L. Carroll from Blooming Grove and Margaret's mother, Mrs. A. A. Lewis from Amarillo were here to help make the event a success. Margaret, an Amarillo girl, will find Pampa truly a friendly city.

Kathleen St. Clair Becomes Bride Of Jack McNeil in Double-Ring Rites

(Photo, Kenneth Butler)

Mrs. Jack W. McNeil, nee Kathleen Gayle St. Clair

Double-ring vows repeated and Mrs. Homer E. McNeil, 401 Roberts. Dr. E. Douglas Carver solemnized the ceremony before a background of candelabra flanked by baskets of pink gladioli. Traditional wedding selections were provided by Miss Eloise

Fashion Parade Program Presented At Central Baptist WMS Meeting

Members of Central Baptist WMS day and night circles met recently for mission study in Fellowship Hall. The meeting was started with the prayer calendar by Mrs. Madelyn Hood.

A fashion show from 1964 to 1888 was presented. Mrs. 1964 was represented by Mrs. Stanley Stein. Going back to 1888 were Mmes. Richard Johnson, George Wing, Bill Fulcher, Charles Terrel, Paul Howard, John Lyons, Ralph Prock, J. B. Hilburn and Linden Sanders. Following the fashion parade, Mrs. Billy Joe Chance gave a report on the "Good Old Days" taken from the WMU scrap book. Annie Armstrong's old fashion living room was the scene of a discussion with Mmes. T. O. Upshaw, Terrell, Chance, Clinton Forber, and Dale Gallaher participating.

Act three was a feud between Fannie Heck, first WMU president, portrayed by Mrs. R. C. Brown and Annie Armstrong as portrayed by Mrs. Dale Gallaher.

A break was used for the viewing of display tables and

Lane on the organ who also accompanied Mrs. George Mitten as she sang "Because" preceding the reciting of vows.

BRIDE

Attired in a two-piece suit of white satin brocade, the bride was given in marriage by her father with the "her mother and I avowal." Her sheath dress was topped by a waist-length jacket designed with Peter-pan collar and wrist-length sleeves. A matching satin brocade crown secured the bride's shoulder-length veil of illusion. She carried a white Bible topped with white roses.

ATTENDANTS

Attending as maid of honor was Miss Carole Enloe. Wearing a pink wool two-piece suit with matching accessories, Miss Enloe carried a cascade bouquet of pink gladioli.

Jack Lee McNeil of Amarillo served as best man to the bridegroom.

Mrs. St. Clair wore a beige three-piece knit suit complemented by brown alligator accessories for her daughter's wedding. A corsage of pink orchids completed her ensemble. Mrs. McNeil, bridegroom's mother, was attired in a beige silk suit accented by gold accessories and a corsage of white orchids.

RECEPTION

Parents of the bride honored the bridal party with a reception in their home following the ceremony. Covered with a white lace cloth over pink, the bride's table was centered with an arrangement of pink mums flanked by pink tapers. A three-tiered wedding cake appointed the table. Presiding at the punch bowl was Miss Marcia Rist of Borger and Mrs. J. B. Brown, bridegroom's sister, served the wedding cake while the bride's sister, Miss Karen St. Clair attended the guest register.

Traveling to Amarillo for a wedding trip, the bride donned a two-piece suit fashioned of coral Rajah cloth complemented by black accessories. Her corsage was lifted from her bridal bouquet. Upon their return, the couple will make their home at 805 Locust.

The new Mrs. McNeil is a 1964 graduate of Pampa High School. The bridegroom, a 1964 graduate of Pampa High School, is employed by his father.

Deafness no Handicap to Blonde Pilot

SANTA FE, N. M. (UPI) — The remarkable thing about Alie Joiner, a 28-year-old honey blonde from Santa Fe, is that she is deaf.

Miss Joiner's job as a fifth grade teacher wasn't enough. She took up hiking, camping, volleyball, bowling and basketball. Then, in her spare time, she began a new hobby—flying. It was impossible for a deaf person. She learned to fly.

In an interview using a deaf sign language interpreter, Miss Joiner said her hardest job in learning to fly was trying to do three things at once. But she said her lessons from Bob Lee, a Santa Fe commercial pilot, were snag free.

She soloed her plane after only 12 hours of instruction in the air.

Lee said, "From the beginning, I tried to discourage her. I told her she wouldn't be able to get a private pilot's license because of her deafness. She has a persistence that might be called stubborn."

Miss Joiner, who stands barely more than five feet tall, has been deaf since infancy. Her parents, who live in Corpus Christi, Tex., sent her to Galudet College, Washington, D.C., the only college for the deaf in the country. Today, she teaches the fifth grade at the New Mexico school for the deaf.

Learning to fly when you can't hear the instructor required some advanced planning, she said. Most instructions were given on the ground before taking off. Lee, meanwhile, stuffed his pockets with paper to write out instructions in flight.

Radio contact with airports became an early problem. But it was licked with flight plans and a kind of code tapped out on the radio button.

When she flies to other fields, Miss Joiner flies a flight plan giving her expected time. The control tower at her destination anticipates her code on the radio and when she flies into view, they signal her instructions with colored lights.

Her flying has some restrictions, but they involve only night flying and landing in bad weather. "I am more aware of other planes in the sky," she said. "Other pilots can be told of planes but I have to rely on my eyesight."

Miss Joiner hesitated to give advice to other deaf persons who might want to fly in her quick and fleeting sign language, she said any kind of accomplishment depends on the individual.

"Some would take flying as a challenge, as I did. A person can do anything she wants," she said.

Candlelight Ceremony Unites Carolyn Turner, Thomas Reeves

Miss Carolyn Key Turner, daughter of Mr. and Mrs. Floyd Turner of Gruver, and Thomas H. Reeves, son of Mr. and Mrs. Roy Reeves, 1001 E. Kingsmill, were united in marriage Sept. 18 at 7 p.m. in the First Baptist Church of Gruver.

Rev. Herbert Hughes performed the double-ring, candlelight ceremony amidst a floral arrangement of gladioli.

Given in marriage by her father with the "her mother and I" avowal, the bride wore an off-white, two-piece wool suit with a mink collar and deep blue accessories. She carried a bouquet of white carnations atop a white Bible and wore a pearl necklace, a gift of the bridegroom.

Mrs. Tommy Corcoran served her sister as matron of honor, wearing a royal blue three-piece suit with matching accessories. She carried a bouquet of white carnations trimmed in blue.

The bride's niece, Miss Connie Turner was flower girl. She was dressed in white and carried a basket of white carnations trimmed in blue.

David Turner, brother of the bride from Gruver, served as best man.

Vocalist, Mrs. Leslie Barkley sang "Always" and "Because," accompanied on the organ by Mrs. Ann Dorman.

Mrs. Turner, mother of the bride, was attired in a royal blue dress with a pleated skirt, matching hat and dark accessories. Mrs. Reeves, the bridegroom's mother, chose a royal blue two-piece suit, also with matching hat and dark accessories. Both mothers wore white carnation corsages.

A wedding reception followed in Fellowship Hall of the church. Covered with a white satin cloth, the table was decorated with two single white candles set in sterling silver holders, which matched the sterling silver punch service. Mrs. Chuck Cudd of Waka served the three-tiered wedding cake while punch was served by Mrs. Bert Queen. Miss Mary Alice Trexler, bride's cousin from Dumas, registered the guests.

Mr. and Mrs. Thomas H. Reeves ... nee Carolyn Kay Turner

Hostesses were Mrs. True Leatherman, Mrs. Jim Eddleman, Mrs. Dwayne Fulfer and Mrs. Andy Burleon, all of Gruver.

For a brief wedding trip, the bride wore an orchid corsage with her wedding ensemble.

Mrs. Reeves attended Gruver High School and is presently enrolled in the Pampa College of Hairdressing. The bridegroom attended Pampa High School and is employed by John Deere Implement Company. The couple is at home at 1301 1/2 Garland.

Gardens Toured By Rose Society

Pampa Rose Society members toured the rose gardens of Mr. and Mrs. H. H. Boynton, Mrs. Theima Bray, Mr. and Mrs. Milo Carlson and the greenhouse of Mr. and Mrs. W. L. Campbell when the group met Tuesday.

Completing the trip was a tour of the garden of Mr. and Mrs. Ray Darsey, who hosted the club.

Refreshments of pie, ice cream and coffee were served by the hosts assisted by Mr. and Mrs. A. B. Carruth.

Velasquez-Culberson Vows Exchanged in Church Rites

At 6 p.m. Sept. 5 Phyllis Carol Velasquez became the bride of Robert Stephen Culberson. Dr. E. Douglas Carver read the double-ring vows in First Baptist Church.

Mr. and Mrs. Warren Finney, 2130 N. Faulkner, are the parents of the bride. The bridegroom is the son of Mr. and Mrs. E. M. Culberson, 828 Malone.

Baskets of white gladioli and palm leaves, flanked by seven-branched candelabra, formed the background for the wedding rites.

Mrs. E. Douglas Carver provided traditional nuptial selections on the piano.

BRIDE

The bride was given in marriage by her father with the

Mr. and Mrs. Robert Stephen Culberson ... nee Phyllis Carol Velasquez

"her mother and I avowal." Attired in a two-piece suit fashioned of winter white wool, the bride carried out the tradition of something old, new, borrowed and blue and wore a six-pence in her shoe, a gift of the bridegroom's mother. Her wedding suit was designed with rounded neckline trimmed with a white chiffon scarf, three-quarter-length sleeves, and straight, street-length skirt. She wore a white satin cof with face veil and matching accessories and carried a cascade bouquet of white roses and feathered mums atop a white Bi-

ATTENDANTS

Maid of honor was Miss Lynda Lou Culberson, sister of the bridegroom, who wore a silk knit two-piece suit in pale yellow with matching accessories and carried a bouquet of white carnations.

Serving the bridegroom as best man was Wilfred Rapstine and ushers were the bride's brothers, Ronald and Alan Finney.

For her daughter's wedding, Mrs. Finney chose a dress of powder blue silk with white Schiffli embroidery trim and matching accessories. A white carnation corsage complemented her attire. Mrs. Culberson was attired in a dress of brown printed silk accented by pink and brown accessories, and wore a pink carnation corsage.

RECEPTION

A reception was held in the home of the bride's parents following the ceremony. The bride's table, covered with a white lace cloth over yellow, was centered with an arrangement of yellow roses flanked by white tapers. Baskets of white gladioli and palm leaves decorated the receiving rooms. Mrs. Nettie Givnes of Wheeler presided at the punch bowl and Mrs. Karmon Stewart served the two-tiered wedding cake which was decorated with yellow roses and topped with a miniature bride and groom. Guests were registered by Miss Sheila Givnes of Wheeler.

For a wedding trio to Quartz Mountain State Park in Oklahoma, the bride traveled in her wedding costume and lifted her corsage from the bridal bouquet. The newlyweds are making their home at 1140 S. Hobart.

The bride, a graduate of Pampa High School, attended Frank Phillips Jr. College in Borger and is presently employed at Highland General Hospital. The bridegroom attended Pampa High School and is now employed by Tex Evans Buick Co.

PRE-NUPITAL EVENTS

Honoring the bride was a pre-nuptial shower given in the home of Mrs. Pauline Prather, 1034 Fisher on Sept. 3. Hostesses for the event were Mrs. Pauline Prather, Mrs. Stella Probeck, Mrs. Helen Grimes, Mrs. Vardine Searl and Mrs. Nellie Norman.

PEACHY

WASHINGTON (UPI) — Fill up your freezer now — with peaches packed in either syrup or sugar, the U.S. Department of Agriculture suggests.

If you choose a syrup pack, make up the syrup ahead of time so it will be ready and cold when you need it. Peaches are best packed in a syrup made of 3 cups of sugar to 4 cups of water. This will make enough for 8 pints of frozen peaches. Select mature peaches that are firm and ripe. Figure 1 to 1½ pounds fresh peaches for each pint frozen.

Officers Elected by 4-H Riding Club

Members of Pampa 4-H Riding Club met recently in the Court House Annex, east of the city.

During the business meeting, officers were elected as follows: president, Jim Reeves; vice president, Bill Skaggs; secretary, Gordon Taylor, and reporter, Trina Frost.

Sponsors for the organization are Mrs. Alvin Reeves, Mrs. Jean Winters and Bill Johnson.

Members attending the meeting were Janell Johnson, Denise Roach, Debra Roach, Trina Frost, Nancy Elsheimer, Tibby Rodgers, Ted Reeves, Jim Reeves, Alan Tidwell, Dennis Taylor, Bill Skaggs, Allen Stone, Kenny Stone, Matt Hampton, Benny Neal Ormson, Cara Tidwell, Georgana Jackson, Gordon Taylor, Mary Price, Janice Price, Brenda Winters, Lee Waters, and Steven Waters and Moss Hampton.

Fourteen guests were also present.

Use the stick of an old broom in the handle of your dustpan.

Fashion
(Continued From Page 16)

world. The family tree was presented in a flower pot with the G. A.'s starting in 1913. The R. A.'s, for boys was begun in 1908. The Young Women Auxiliary started in 1907. The Sun Beams began in 1896. The WMU had a place on the tree and began in 1888. One interest center was a table that contained Bibles, dishes, books and clothes used in the 1800's.

As the group continued the program, the following took parts: prayer, Mrs. R. E. Warren Sr.; stewardship, Mrs. T. O. Upshaw; G. A. history, Mrs. J. P. Adams; mission study, Mrs. Dale Gall-

her, and community missions, Mrs. Nolan Cole.

Mrs. Dan Ray dismissed the 43 members present with prayer. Pictures were made following the program.

Delta Kappa Gamma Society Will Hold Regional Meeting in Amarillo

Mrs. Quentin Williams, president, and Mrs. Roy Sullivan, state first vice president, will lead a delegation of about 25 members of Beta Delta Chapter to Amarillo Oct. 10 to attend the regional meeting of Delta Kappa Gamma Society.

"How We Succeeded in Delta Kappa Gamma" will be the theme when the regional delegates of the international organization of women teachers convene at Tascosa High School.

Pampa members will discuss "How We Succeeded in Stimulating Delta Kappa Gamma Committee Work," Mrs. Sullivan, chairman of the committee on personal growth and development, and Miss Mildred Hulsey of Tulla, former state first vice president, will report on the Aug. 10-15 international convention in San Francisco.

Mrs. Ruby Gunn will be accompanist for a mid-morning sing-song led by Mrs. Sullivan. Luncheon speaker will be Mrs. Nell B. McMains of Texas City, Southwest regional director of an 11-state area. Mrs. McMains is a past state president and has served on many state and international committees. Mrs. McMains and Mrs. Velma R. Weaver of Clarendon, state director of chapter activities, are co-directors of the regional session.

Mrs. Williams will attend a dinner and workshop Friday

night, when Mrs. McMains and Mrs. Weaver will meet with chapter presidents and vice presidents from Canyon, Pampa, Borger, Plainview, Clarendon, Dumas, Dimmitt, Spearman and Amarillo.

Zeta Zeta Chapter, with Mrs. Phyllis Hall of Amarillo as president, will be hostess chapter at the regional meeting, one of 18 being conducted throughout Texas in October and November. Mayor F. V. Wallace of Amarillo will welcome delegates at the general session beginning at 9:30 a.m. in the Tascosa auditorium.

Reservation deadline for the regional meeting is Oct. 7. Reservations should be mailed to Mrs. Betty Patton, 1310 Van Buren, Amarillo.

Stencilling is one of the newest fur treatments, especially on calfskin. The flat hair of calf is a perfect foil for the addition of tiger, giraffe or zebra stripes. The result: wild or tame, depending on the attitude of the wearer and how well she carries them off. The marked calfskin coats are recommended for campus wear.

White Circle Meets With Mrs. Looper

Winnie White Circle of Calvary Baptist Church met in the home of Mrs. Myrel Looper at 9:30 a.m. Wednesday for a social and organizational meeting.

Mrs. Charles McGahn gave the call to prayer followed by the election of officers.

Officers elected were circle chairman, Mrs. Myrel Looper; publication and publicity, Mrs. Jack H. Roberson; treasurer, Mrs. Bill Cole; mission study, Mrs. James Jennings; prayer chairman, Mrs. Joe Hawn; Bible study, Mrs. Charles McGahn; and social chairman, Mrs. Bill Grayson.

Sunshine gifts were exchanged. The meeting was closed with

White Elephant Party Enjoyed by Local TOPS Club

TOPS Club, Pampa Pound Pirates, met for regular meeting recently with a weight loss of 19 pounds and a gain of four pounds.

Mrs. Ralph Patterson led the group in playing a white elephant game. Each member brought a white elephant to be used in the game.

The mystery box, a styrofoam doll, was won by Mrs. Ray Re-

meys. The ten members present closed the meeting by singing the theme song.

Next week's meeting will be a regular business meeting and crowning of the monthly queen.

When anything "measures up" then you know it's good. And, it's that way with electric cooking. It, too, measures up. Millions of homemakers have found this out for themselves and that's why you'll see electric cooking included in almost every new home. Women insist on it. They like its cleanliness... its ease of cooking... its everytime accurate results. Best of all they like the way the family's taste buds smile when electric cooking is the measure for every meal.

Beta Sigma Phi Schedules 'Red Stocking Revue'

The second annual "Red Stocking Revue," sponsored by the Beta Sigma Phi Sorority, will be held Feb. 19-20 in Pampa High School auditorium. Proceeds will be used for a scholarship.

City Council of Beta Sigma Phi met in the home of Mrs. Dwaine Blakemore, president, to make plans for the Revue. Mrs. Blakemore will serve as general chairman with Mrs. Roy Anderson as co-chairman. Committee chairmen will be named this week.

The five chapters of Beta Sigma Phi will be hostesses to an Area Convention to be held at the Coronado Inn Oct. 17-18. Coordinators for this event are Mrs. Jack Vaughn and Mrs. Cletus Mitchell.

Mrs. Smith Hosts Joy Russell Circle

Joy Russell Circle of Hobart Baptist Church W.M.U. met at 9:30 a.m. Wednesday in the home of Mrs. Carroll Smith, 1140 Terrace.

Mrs. Bill Simpson, circle chairman, led the opening prayer and Mrs. Merl Smith read the prayer calendar.

Mrs. Tommy Richardson gave the secretary and treasurer reports.

Teaching the last two chapters of "History of Woman's Missionary Union" was Mrs. Carroll Smith.

Mrs. Fred Bridges was welcomed as a new member and Mrs. David Cooper attended the circle meeting as a guest.

Members present were Mmes. Darrell Hinkle, Merl Smith, Carl McAnally, Tommy Richardson, Bill Simpson and Carroll Smith.

Impressive Rites Read in Louisiana Unites Former Pampans in Marriage

Mrs. Howard Joseph Conciene Jr., nee Betty Mozell Rasco

The First Methodist Church of Franklin, La. was the setting for the impressive candlelight ceremony Saturday evening at eight o'clock uniting Miss Betty Mozell Rasco and Howard Joseph Conciene Jr. in holy matrimony. The Reverend James E. Christie, pastor of the church officiated at the double ring ceremony.

A myriad of candles lighted the church. In the sanctuary were tall wrought iron candelabra decorated with garlands of English ivy and white caladium leaves. Down the center aisle of the church single candelabras holding a lighted candle decorated with ivy and caladium leaves were placed at every fourth pew.

Tall standing baskets of white gladioli, snowdrift chrysanthemums, white and green caladium leaves combined with trailing fern enhanced the sanctuary. A large fan shaped arrangement of the chosen flowers adorned the altar. Similar arrangements were placed on the organ and on the altar rail. The family pews were marked with white satin roses tied with large ribbon bows.

Michael McGraw, organist played the "Trumpet Tune" by Purcell for the processional and the "Recessional Marche" by Rossini and accompanied Miss Mary Frances McDowell, soloist singing prior to the ceremony "The Song of Ruth."

Following the ceremony Miss McDowell sang the "Lord's Prayer."

The bride is the daughter of Mr. and Mrs. James Boyce Rasco, formerly of Pampa, presently residing in Franklin, La. The bridegroom is the son of Mr. and Mrs. H. J. Conciene Sr., of Centerville, La.

BRIDE

The bride entered the church with her father, who gave her in marriage. Her bridal gown of veiled white silk organza was trimmed with appliques of chantilly lace and designed with a moulded bodice having elbow length sleeves covered with lace appliques. The wide bateau neckline at the front tapered into a deep V at the back of the bodice. The applied lace of the bodice extended midway down the belled skirt at the front. The skirt gathered in back swept into a full chapel train. A waist bow of silk organza topped the train giving a bustle effect to the gown.

A Juliette cap of silk organza

Salad Supper to Be Sponsored by First Presbyterian Women

Women of First Presbyterian Church are sponsoring a salad luncheon in Fellowship Hall at 12 noon Wednesday.

Newcomers to the church will be special guests at the luncheon. All women of the church are invited to bring a salad and participate in the activities.

Mrs. Otis Nace will present the program following the luncheon.

Children are asked to bring a sack lunch to be eaten in the church nursery.

Read The News Classified Ads

plete with headdress and veil and carried a small white basket trimmed with white satin ribbon and filled with white blossoms.

Franklin D. Mendoza served as the groom's bestman. The groomsmen and ushers were Gary Rasco and Burl Rasco, brothers of the bride and Donald Verret of Lake Charles.

RECEPTION

Immediately following the ceremony the bride's parents were host at a reception in the church parlors which were decorated with tall baskets of white gladioli, snowdrift, chrysanthemums, white and green caladium leaves combined with fern. Other arrangements of the chosen flowers were placed at vantage points throughout the reception rooms.

Mrs. Rasco chose for her daughters wedding a champagne colored linen lace dress over polished cotton the same color styled on slim lines. She wore a small flower covered hat accented with the green foliage. Her accessories were a blending shade of biege kid.

Mrs. Conciene, mother of the bridegroom, wore a biege lace dress with a matching jacket. A small flower covered hat in shades of brown and biege, brown kid gloves, and purse and shoes of biege kid, completed her costume. Both mothers wore a lavender orchid corsage.

The brides table, covered with a white linen and lace embroidered banquet cloth trimmed with a band of lace around the hemline, was centered by a tiered wedding cake. The cake was topped with a miniature bride and groom standing under an arch of small white flowers. Silver candelabra holding candles and a garland of ivy and snowdrift chrysanthemums adorned the table. The two punch tables were arranged in keeping with the bride's cake table. The crystal punch bowl centered the table.

Upon return from a wedding trip the couple will make their home in Franklin. For traveling the bride chose a linen sheath style dress on a forest green background with white polka dots worn with a solid green sleeveless walking coat. She wore white accessories, and a white glabella corsage complimented her ensemble.

Mr. and Mrs. Rasco and Mr. and Mrs. Conciene were hosts at a buffet rehearsal supper Friday evening.

The Rasco home was the scene of the affair. The buffet table was covered with a white linen embroidered table cloth. An arrangement of snowdrift chrysanthemums and white caladium leaves combined with fern in a silver bowl graced the table. Silver candelabra holding lighted candles flanked the arrangement.

Council of Clubs Has Regular Meeting

Council of Clubs held a regular monthly meeting at 9:30 a.m. Thursday in City Club Room. Mrs. James Quarry presided in absence of Mrs. R. A. Mack, president.

Norman Henry and Hugh Peoples, working together on the Pampa Lefors United Fund, presented the program. They explained how the drive is being conducted this year, the need for workers and the slogan used in the plea to meet the needs in the United Fund this year is, "Your Fair Share."

The Council welcomed two new member clubs into the council, the Beta Sigma Phi Rho Eta Chapter and the Sub Deb Club. Representatives attending were: Mmes. Libby Shotwell, Altrusa; James Quarry and Ed Wylie, American Business Women's Association; L. K. Stout and J. M. Turner, American Legion Auxiliary; O. J.

The most popular lengths in pearl necklaces are the single 22-inch matinee length, double matinee length, 30-inch opera length, and the single or double choker. The Jewelry Industry Council reports these are all styled to accent the fashions of this season's clothes.

Kreimeyer, Gray Lady; Jim Osborne, Jaycee Ettes; Fidelia Yoker and W. M. Cooper, Pampa Music Teachers Association; C. L. Farmer, Rho Eta Chapter Beta Sigma Phi; and Kenneth Butler, Sub Debs.

Ecuador has an area of 104,506 square miles.

Skellytown P-TA Opens New Year

SKELLYTOWN (Spl) — Skellytown P-TA met recently in the grade school cafeteria for their first meeting of this school term. Edd McCreary, principal of Skellytown School was the main speaker for the evening with the topic, "Math's New Path."

Eighth grade mothers were hostesses. Monty McCreary entertained children with a movie cartoon.

New officers are president, Mrs. Charles McCloud; vice president, Mrs. G. E. Huckins; secretary, Mrs. Forrest Lilly; treasurer, John Banks; historian, Mrs. Kirk Phillips; parliamentarian, Mrs. Leroy Snodgrass; membership, Mrs. Melvin Beigle; finance, John Banks; hospitality, Mrs. Ralph Fox; room representative, Mrs. Bill Campbell; year books, Mrs. Gene Harlan; program chairman, Mr. and Mrs. H. L. Biggers.

Pre-Nuptial Event Fetes Miss Preston

Miss Annette Preston, daughter of Mr. and Mrs. F. M. Preston, 1133 S. Dwight, was honored with a pre-nuptial shower recently in the home of Rev. and Mrs. O. D. Snyder.

Hostesses for the event were members of the Women's Auxiliary of First Pentecostal Holiness Church.

Miss Preston is the bride-elect of Ronnie Barton.

Decorations were carried out in red and white. The table, covered with a white lace cloth over red was centered with an arrangement of red and white roses in a crystal vase. Red punch held in a crystal punch bowl and a heart-shaped cake inscribed with "Annette and Ronnie" was served.

A corsage fashioned from red and white kitchen gadgets, was presented the honoree.

Approximately 75 persons attended the event.

(Photo, Kenneth Butler)

SUB DEB OFFICERS — New officers, recently elected by Sub Deb Club members, are pictured, front row left to right, Ann Jamieson, telephone committee chairman; Linda Steger, telephone committee; Jessica Dugan, treasurer; Frances Holt, president; Kitty Butler, reporter; and Sally McNight, vice president. Shown back row, left to right, are Kathy Dailey, parliamentarian; Barbara Hopkins, parliamentarian; Peggy Ragsdale, historian; Ann Gage, telephone committee; Barbara Zimmerman, secretary; Marieka Lang, co-vice president, and Patsy Glover, chaplain.

Take a good look at your knees. If you don't like what you see, work on them. Dresses that bare the knees are "in" for the fall. Many of the shorter skirts are full, giving a swirling effect when one walks.

Room Mothers of Horace Mann Set 'Fun Night' Plans

Horace Mann room mothers met at 1 p.m. Tuesday in the school conference room to discuss Fun Night which will be Oct. 16.

Sam Begert, principal, thanked the mothers for being room mothers, and stated what an honor it would be. Begert also reminded the room mothers to check with teacher's for what is to be done Fun Night.

Slated events for Fun Night are a rummage sale, popcorn and candied apple room, grab bag, play by the choir, and a supper in the cafeteria.

Parties for the year were also discussed. All rooms will have a Christmas, Valentine, and end of school picnic. The first grade will have an Easter egg hunt too.

Mrs. Southard closed with this thought; "We must indeed all hang together or assuredly we shall all hang separately."

Those attending were Mmes. R. R. Watson, Forrest Cloyd, F. E. Webb, V. K. Osborn, Archie Maness, Walter Davis, O. C. Cox, R. B. Hedrick, James Kyle, Cleo Hoyer, Warren Thomas, James Bryan, Foster Whaley, Neal Webb, Billy Cummings, C. O. Estes, W. O. Terry, C. E. Blount, O. L. Johnson, C. P. Derrick and Southard and Begert.

Dear Abby....

Daughter Realizes To Err Is Human

By ABIGAIL VAN BUREN

DEAR ABBY: I was born six months and two days after my parents were married. When I first figured this out I was 16. I mentioned it to my mother and she became flustered and close to tears, so I never mentioned it again. Mother is from a good family and she and my father have been completely faithful to each other. They are tops as parents to me and my

three brothers. I want to tell her that I don't care if she DID have to get married, I love her just the same. Abby, you could help a lot of people who had to get married if you would tell them how to handle it when their children bring it up. Should they take refuge in silence? Should they lie about the date of their marriage? Or should they insist that the first baby was premature? What's the best answer?

UNENLIGHTENED
DEAR UNENLIGHTENED: The truth, while sometimes embarrassing, is always the best answer. But no couple HAS to get married. The man can deny paternity. He can also run off and leave the girl to face the problem alone. The girl can foolishly submit to an illegal operation and do away with the baby. Or she can have the child and either give it up for adoption or keep it and defy society. The couple who marries when a baby is on the way — and makes a success of that marriage (and there are many) deserves the respect of all.

DEAR ABBY: For goodness sakes, don't print my name or say where this is from — just give me an answer before I go out of my mind. Is it possible for a woman who is 56 years of age to have a baby? I would ask my doctor but I am afraid he would laugh at me.

FOOLISH
DEAR FOOLISH: Yes, it is possible. But see your doctor. I promise you he will not even crack a smile.

DEAR ABBY: Can I sue a woman who is trying desperately to break up my home? A year ago she called me and told me in detail about the affair she had with my husband. I talked to him about it and he said it was all over and done with. Then she accused him of fathering her child. She took him to court and won, so now he has to give her support money for the baby. She told someone that the baby wasn't even his, she just wanted him to get stuck for support money so his wife (me) and his family would have less. She swore that she was going to make me suffer in every way possible for not giving him a divorce so he could marry her. My husband tells me that he is through with her and I believe him. Have I grounds to sue?

HURT BADLY
DEAR HURT: If this woman actually "stuck" your husband for child support money for a child he did not father, you should see a lawyer. She sounds like the lowest kind of human being. Be careful. He who gets into a wrestling match with a skunk rarely comes out smelling like a rose.

The Pampa Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Humphrey Puts Ada in Spotlight

AMERICANS FOR DEMOCRATIC Action (ADA) is accustomed to attacks from the right, but this year, the Vice Presidential candidacy of ADA founder and member Hubert H. Humphrey has brought the ADA the new status of being a hot campaign issue. Republican candidates Barry Goldwater and William E. Miller have called the ADA "extremists to the left" and a group teaching "foreign socialist totalitarianism." What is the ADA? The liberals who formed the ADA in January, 1947, had two purposes: they wanted a pressure group which would push for a continuation of the New Deal in the postwar era, and they sought a liberal political action group which would be "free of Communist influence." Republicans have attacked the ADA for having an untoward influence on the government. Yet the organization's size, offices and budget are quite modest when compared to other Washington lobbies. It has about 50,000 members, an annual budget of \$150,000, and a staff of 12.

Among the group which gathered in the Willard Hotel in Washington to found the ADA in 1947 were James Loeb now ambassador to Guinea; Reinhold Niebuhr now professor emeritus at Union Theological Seminary in New York; Joseph L. Rauh Jr., a Washington attorney; James Wechsler, an editor of the New York Post; Arthur M. Schlesinger Jr., the Harvard historian; Mrs. Franklin D. Roosevelt and Franklin D. Roosevelt Jr.; Sens. Herbert Lehman (D N.Y., 1949 - 57) and Paul H. Douglas (D Ill.); J. Kenneth Galbraith, currently a Harvard economist and former ambassador to India; the current ambassador to India, Chester Bowles, and Humphrey. Also attending the founding meeting were a number of labor leaders, clergymen and editors and journalists.

THE ADA itself claims to have an influence "far out of proportion to its numbers," because its ranks are articulate, largely professionals, who are politically active. Many ADA spokesmen held jobs in the Kennedy administration.

The controversy about ADA is largely over their "advanced" ideas, and what it supports, or is alleged to support. Following are excerpts from the ADA's 1964 platform on issues which have become controversial:

SOUTHEAST ASIA — "ADA calls upon the Administration to oppose widening the area of combat operations into North Viet-Nam and the making of further substantial commitments of arms and forces in South Viet Nam."

COMMUNIST CHINA — "ADA urges immediate initiation to gether with our allies of negotiations toward diplomatic recognition of the Peking government."

NIKITA KHRUSHCHEV'S But, we'll have to admit our newspaper Pravda contends that Russia will not be "frightened" into paying its assessments for United Nations "peace keeping" operations. It seems that some of those in the U.N. have the quaint old-fashioned 17th century idea that the nations which do not pay up their dues and assessments should not have a vote in the organization.

Article 19 of the U.N. Charter says General Assembly voting privileges may be suspended when any nation is two or more years behind in their payments. That means Red Russia and some others.

The New York Daily News wonders "What's wrong or frightening about insisting that any club's members live up to the club's rules?" And while were not at all enamored of the United Nations and its purported "peacekeeping," we believe the Daily News has a pretty good point.

WASHINGTON:

A New View Of the High School Set

By RAY CROMLEY
Washington Correspondent
WASHINGTON (NEA) — Today's high school students are often pictured as a giddy, fast-moving crowd, abandoning old standards, doing few chores at home, studying little and looking for job security above all after graduation.

Now the U. S. Office of Education has financed a study of 450,000 students in 1,357 high schools across the country. The survey is run by the University of Pittsburgh.

This study seems to show that in many ways the average high school student is conservative and hard-working.

More than 56 per cent are "active" in church, religious or charitable groups.

Almost 44 per cent of the senior boys and 30 per cent of the girls earn 70 to 100 per cent of their spending money.

One-third of the senior boys and girls "save a definite amount" and only spend what "remains."

After they have started to earn a living, 77 per cent of the senior boys and 79 per cent of the girls expect always to pay cash "for everything" they buy, or at least to pay cash for everything except large purchases such as a house and car.

Only 2 per cent of the boys and 1 per cent of the girls expect to buy "almost everything" on the installment plan. By the tenth year after graduation, half the senior boys plan to have savings equivalent to six months to a year or more of their annual salaries.

More than 43 per cent of the senior boys and 35 per cent of the girls said that college is the most important thing toward which they are now saving. Marriage came third and fourth. Clothes came third and fourth.

Almost 46 per cent of the senior boys and 58 per cent of the girls said that marriage or family was the one most important thing for which they expected to save after completing their education. A house or furniture came second. "Investments" and a car ran neck and neck for third among the boys.

In describing the occupations they desired, 80 per cent of the young men said they preferred to "work for myself." Half would "like very much" to own their own business. A fourth would "like very much" to be president of the United States.

Both senior boys and girls felt it more important to choose "work that seems important to me" than to pick a job for good income, advancement or job security.

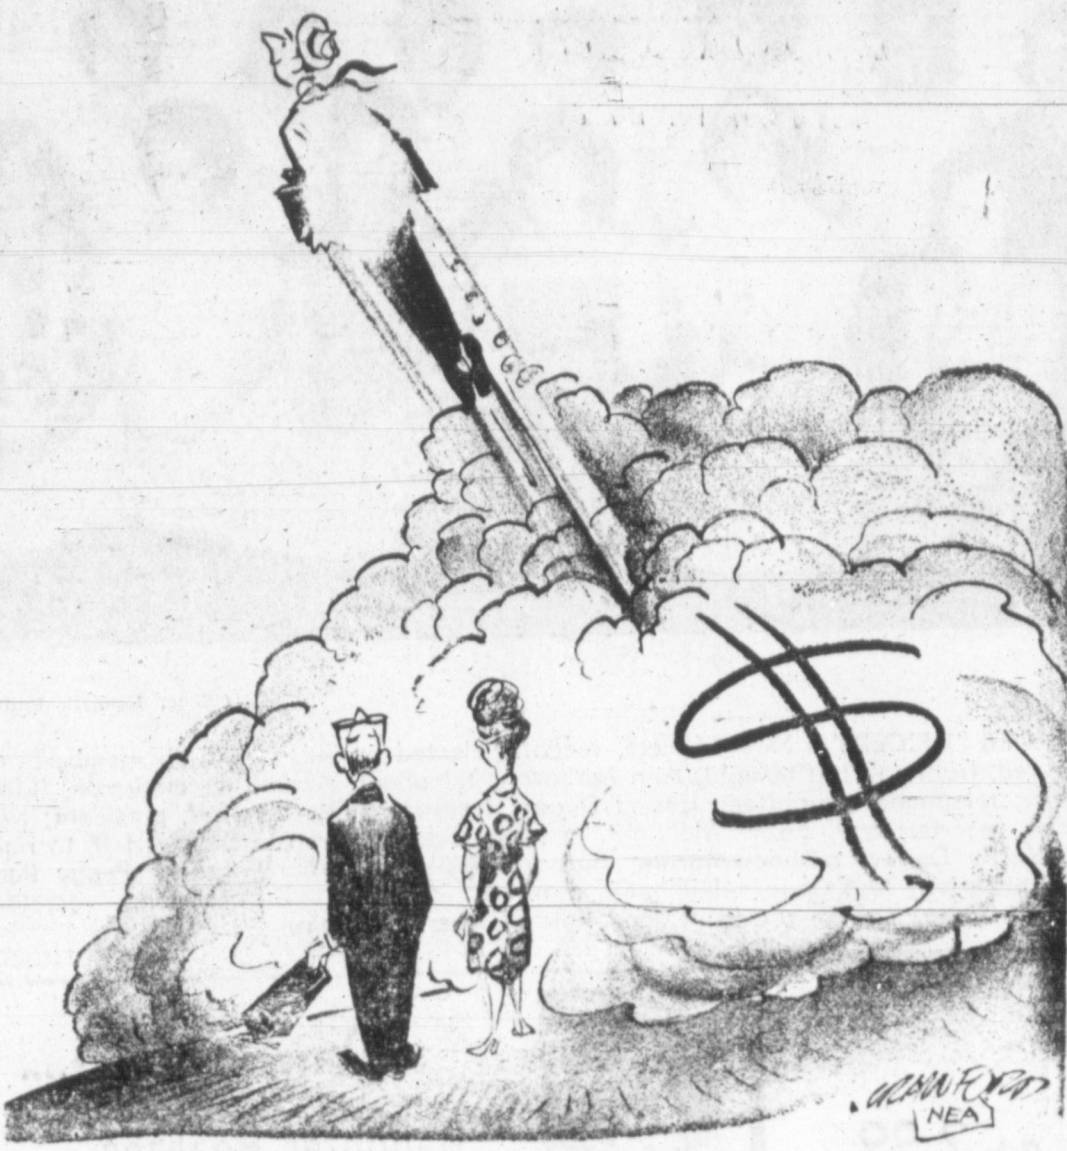

Despite all the talk of "going steady," 40 per cent of the senior boys and 32 per cent of the girls said they had not "gone steady" even once in the past three years. An additional third said they had "gone steady" only once in the past three years. By contrast, 5 per cent of the boys and girls had "gone steady" five or more times in the three years.

The median number of hours spent doing chores around the house was 4.6 hours per week for senior boys and seven hours a week for girls. A fifth of the boys and a third of the girls spent 10 hours or more a week at chores.

The median number of hours spent studying outside of class was eight hours a week for senior boys and 10 hours a week for girls. A sixth of the young men and a quarter of the young women study 15 to 20 hours a week or more outside of class.

The best way to forget all your troubles is to wear tight shoes.

Backstage Washington

Thurmond Received, and Turned Down, an Invitation to Join Mrs. Johnson's Train — 3 Days Before His Bolt

PAUL SCOTT

WASHINGTON — Democratic campaign managers are going to great lengths to fanfare Mrs. Lady Bird Johnson's impending whistle-stop swing through eight Southern states, but they are carefully saying nothing about one setback in their elaborate plans.

This was the First Lady's failure to persuade a redoubtable Dixie leader to join her entourage on the special electioneering train.

Senator Strom Thurmond, S.C., who recently made political history by bolting to the GOP, politely but explicitly rebuffed Mrs. Johnson when she invited him in a personal telephone call.

In addition to being turned down, the First Lady also got a hint to Thurmond's subsequent bolt to Senator Goldwater. This possibility seemed to disturb Mrs. Johnson far more than the declination. She repeatedly urged Thurmond to "do nothing rash."

Following are highlights of this interesting backstage episode: "Senator, I am planning a campaign swing through the South for Lyndon," began Mrs. Johnson, "and I want you to accompany the girls and me. We are going by train, and a number of your friends will be along. Both Lyndon and I are most anxious that you come, too."

"Thank you very much," replied Thurmond with his customary courtliness. "It's very gracious of you to invite me. But I'm afraid I am compelled to decline. There is nothing personal in that, of course. As you know, I have always been very fond of you and your charming daughters."

"But I can't go along with certain of your husband's policies, especially in foreign affairs. Very frankly, in my opinion these policies are working to the disadvantage of our country all over the world."

After a long pause, Mrs. Johnson exclaimed, "Now, Senator, you aren't thinking of doing something rash, are you?"

"I am reviewing my whole position," said Thurmond, "and giving it the most earnest thought I cannot go against my conscience. I never have. Vital and basic principles are at stake in the election and must be faced squarely and honorably."

"Please don't do anything rash until my husband can talk to you," pleaded Mrs. Johnson. "He is a friend of yours; you know that. Please don't do anything you may later regret."

That was the last Thurmond heard from either the First Lady or the President. The latter didn't call, as she had indicated he would.

Three days later Thurmond made his dramatic jump to Goldwater.

WATCH YOUR TV IMAGE — While electioneering via television is now universal, it's not as simple as many candidates seem to think it is, to their

chagrin. It takes a lot of careful planning, rehearsing, the right attire, make-up and minute attention to numerous other details and preparations to get the desired results in conveying an effective "image."

These often overlooked requirements are explicitly spelled out in a brochure being distributed by the House Democratic Study Group to its campaigning members and other Democratic candidates seeking this kind of guidance. Prepared by Lillian Brown, CBS-TV network consultant, the instructions are titled, "How to Make the Most of Your Television Appearance."

The advice ranges from the type of clothes to be worn to the proper gestures and other techniques.

Above all, the brochure stresses that "Television appearance is an individual matter. You will have to experiment and practice to achieve the effect you desire. Once you have mastered the techniques necessary to project YOU, you should be able to go on the air and forget everything except the message you want to deliver. There is no substitute for an articulate person with a message he believes in."

To assist in projecting this YOU, the following tips are given: "Eyeglasses: Wear them if you wear them in person. Tip your chin slightly upward to avoid the 'kick' reflection. Opticians can obtain special non-reflective lenses if you need them."

"Make-up: Murine is good to give eyes more expression. Max Factor Sheer Genius will eliminate beard, under-eye wrinkles or critical color deviations. Max Factor Creme Puff cake powder, one shade darker than the skin, can be used to eliminate all shiny areas, particularly the ears, above and below the eyes, below chin, and down throat to collar line. Press the powder in, rather than spreading it around. The tiniest bit of vaseline on the eyebrows and lips give emphasis to eyes and mouth. Avoid hair oil if possible."

"Background: Should be minimal and neutral. Remember the television camera eye is not selective. It will seem to magnify non-essential detail and detract from YOU."

"Notes & Teleprompter: With teleprompter guard against unnatural movement of the eye as if watching a tennis game. Without the teleprompter use large 5" x 7" cards, triple-spaced in capital letters. These are easily visible and will not rattle into the mike. Mark emphasis points in red pencil and number the cards in inch-high digits."

"Voice Levels: A low register is best for all microphones. If you feel tension before you go on camera, and imagine your first words will be a squeaky treble, try this: Swallow hard,

Wit and Whimsy

Jones — I hear you have a boy in college. Is he going to become a doctor, an engineer, or a lawyer?

The slow, quizzical answer was: Smith — That I do not know. Right now the big question is: Is he going to become a sophomore?

Lawyer (for shoplifter) — Medical witnesses would testify in this court that my unfortunate client is suffering from kleptomania. Your Honor, you know what that is.

Judge — Yes, it's a disease the people pay me to cure.

push your lower jaw forward and yawn without opening the lips. This relaxes your throat and your first word comes out properly placed in the rib cage. A section of lemon is your best friend, in case of laryngitis."

"Manner: Be pleasant. A serious manner tends to seem negative and threatening. Do not be afraid to smile. You may feel that your smile is unnatural, but this will never be apparent to your audience."

The brochure does not deal with what a candidate should tell his TV audience — if anything.

CALIFORNIA POLITICALS — Senator Pierre Salinger is worried about his campaign. The chunky one-time White House press secretary is bombarding national Democratic campaign managers with urgent pleas for help. This is a big change, as several months ago he was being quoted by friends as saying Johnson would run on his coat-tails. Now it's the other way around, with Salinger strenuously clinging to the President's coat-tails. Salinger and his lieutenants anxiously want Johnson to spend more time in California to give his lagging electioneering a shot in the arm. Representative James Roosevelt, D-Calif., is definitely eyeing the next Los Angeles mayoralty race as a stepping stone to another try for governor. "Jimmy now has considerable seniority in the House, but intimates indicate he is looking for 'greener pastures'."

Despite former San Francisco Mayor George Christopher's disclaimers, he is planning to seek the Republican gubernatorial nomination in 1966.

He is making no secret of that to close friends and political backers. The way Governor "Pat" Brown is talking privately, he may not run for a third term. He can retire after his present term with a sizable state pension, and is apparently seriously considering doing just that. From his personal comments, he now appears to be fed up with the persistent feuding among California Democrats. Also, he was severely jolted by State Controller Alan Cranston's upset for the Senate nomination won by Salinger — who jumped into the race at the last moment at the instigation of former Attorney General Robert Kennedy and Assembly Speaker Jesse Uruib, who has strong gubernatorial ambitions, joined "Burr" Kennedy in "rocketing Salinger into the race.

Question Box

QUESTION — "Today we Americans are living under increasing regulations, restriction, and compulsion. The bureaucrats claim, 'it is for your own good.' Isn't such strangulation by government similar to an over-indulgent parent who shackles his infant son so the child can only creep? 'He may fall and hurt himself, if he tries to walk,' the rather claims. 'Also, aren't we at fault to accept these shackles?'"
Mrs. K. M. S.

ANSWER — We believe the comparison of government restrictions to over-protection by

some parents is apt. However, we have difficulty believing many parents would take the attitude that a child should be so protected.

Just the other day we observed a loving mother, whose year-old-daughter was standing, but who refused to take a step. That mother patiently removed her helping hand and stood a few feet from the child, while she soothingly urged the child to step out on her own. When she fell, she reminded her that it didn't hurt and urged her to try again.

She wanted that child to be self-reliant, self-responsible in this important occasion, so she gradually withdrew the helping hand, let the child take a small fall to learn it didn't hurt.

Government programs, however, are just the opposite. The bureaucrats seem to believe they need to build their bureaus larger, and they seem to want people to believe they cannot do for themselves. "Do it yourself" seems to have a bad name with the bureaucrats who may not be able to increase their power if people are self-reliant.

In answer to the second question, anyone who seeks to expand the power of government by asking for government aid is inviting shackles and is at fault.

Clearing House

Articles for this column are preferred to be 300 words or less in length. However, longer articles may be printed. All letters must be signed.

Editor:

Have we forgotten our Founding Fathers, in allowing the courts to outlaw God in the schools and in our National life? They founded our Republic through faith in the Bible and we should follow the precedent set by brave men who saw a vision for America and followed it. They built an empire from a wilderness on faith and they left us this blueprint for maintaining it!

At Valley Forge, when Washington's men were ready to despair and give up — when they were freezing and their feet left bloody footprints in the snow, the Father of our Country prayed. Long into the night, he knelt alone in a thicket taking his problem to God. Fresh courage seemed to spread among the men immediately — his prayer was heard, and his weary, tattered soldiers won our freedom! When we were faced with defeat at Dunkirk, America and Britain PRAYED and a heavy, black cloud grounded enemy planes — rescue craft crossed the Channel with confidence, for the turbulent waters became as smooth as a sea of glass!

Shall we not approach the coming elections with the same reverence? Let us ask for Divine guidance to help in preserving the freedom and prosperity of our nation. For, oftentimes one vote has decided an issue, one vote has turned the tide, one vote has determined the destiny of our people. These are perilous times and no man or woman should approach this grave responsibility to our Republic, without trust in the Creator of the Universe. He has a plan for us, but we have to measure up to it to attain it. "For, without faith, it is impossible to please Him." In Isaiah 9:6-7, we read these words: "For unto us a child is born, unto us a son is given; and the government shall be upon his shoulder; and his name shall be called Wonderful, Counsellor, The mighty God, The everlasting Father, The Prince of Peace. . . . Fellow citizens, on your knees for the good of our Country — pledge allegiance once more to your Divine Heritage."

Maisie Turner Waters, 2408 Ethel Avenue, Waco, Texas.

Editor:

"Jefferson and Goldwater are cut off the same material." This is a quote from a Pampa News editorial Thursday, October 1. We nominate this as the most ridiculous statement yet made editorially in the Pampa News.

Thomas Jefferson was a statesman and an intellectual. Goldwater is neither; he has not even been a good politician. His only success politically has been in getting elected senator from Arizona, and one wonders how this phenomena happened after hearing his bids for the presidency.

In political theory Jefferson was above all a Democrat; indeed, belief in the people was almost a religion with him. Goldwater apparently has difficulty deciding in what he believes. It seems he prefers to speak of that in which he does not believe.

So please, slant the news if you wish; write the imaginary glories of Goldwater daily in your editorials if you like; but for the sake of the respect for the memory of Thomas Jefferson do not compare Goldwater to him.

Ramona Smith, 1396 North Russell

EDITOR'S NOTE — A "dedicated" Democrat's dim view of Thursday's editorial is understandable. We still believe the Democratic Party of Jefferson's Day and the Democratic Party of 1964 are as different as night is from day.

The Nation's Press

LONG SECOND LOOK (Industrial News Review) Imitation, as we all know, is supposed to be the sincerest form of flattery.

If that is the case, some members of the Soviet hierarchy are now flattering their old ideological enemy—capitalism.

A short time ago, a leading Soviet economist said that his country's economic system should be replaced by something new and better. And what he advocated was something akin to the capitalist profit motive.

A few days later a top figure in the Soviet automobile industry, writing in Pravda, the voice of the party, said much the same thing. His industry, he frankly admitted, is in trouble. Production is slow, the cars are obsolete, workers are disinterested. So, he thinks, it is time some capitalist means of creating incentive — profit and competition among them — were adopted.

Not so many years ago the expression of such ideas as these within Russia would have been considered close to treason. But, apparently, the present bosses in the Kremlin are becoming interested in learning from mistakes. The basic communist credo is — or was — that each should produce according to his ability and be rewarded according to his need, and that was the worst mistake of all. This eliminated profit, competition, and all the other proven human and organizational incentives, and the result was not only inadequate production, but the production of inferior goods.

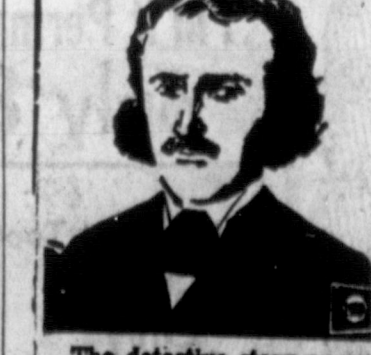

It must be galling for Soviet leaders to find anything good in capitalism. But sheer necessity is forcing a long second look.

HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

- (FEDERAL) Rep. Walter Rogers, House Office Bldg., Washington 25, D. C. Sen. Ralph Yarborough, Senate Bldg., Washington 25, D. C. Sen. John Tower, Senate Office Bldg., Washington 25, D. C. (STATE) Rep. Grainger McIlhenny, House Bldg., Austin, Texas. Sen. Grady Hestwood, Senate Bldg., Austin, Texas.

Matter of Fact

The detective story as we know it was born in the pages of Graham's Magazine, a Philadelphia journal, in April 1841, with the publication of a short story, "The Murders in the Rue Morgue," by Edgar Allan Poe. Poe followed this with two more detective stories: "The Mystery of Marie Roget," and "The Hound of the Baskinets."

Center Wrap-Up

George Smith, Director
Pampa Youth and Community Center

The center will offer new swim lessons for advanced beginners and intermediates starting Oct. 19. Advanced beginners will be offered at 4 p.m. and intermediates at 5 p.m. Classes will be from Oct. 19 to Nov. 4. Those who have passed the advanced beginners class while those who passed the advanced beginners course may take intermediates. Enrollment will be at 4 p.m. Friday. Center members are enrolled free of charge while non-members are charged a small instructional fee of \$2.

Center memberships are still available and parents are urged to take advantage of the low rates. They should weigh the difference in paying individual fees for all activities while they may purchase a membership for the whole family and it will include all activities. Individual memberships are \$5 for six months and \$8 per year while family memberships are \$12 and \$20 respectively. Persons need only make an application to join.

Adults are reminded of the

The center is trying to organize. There is a need for five more adults to enroll before the class may be taught. Call or come by the center to enroll.

Two new activities will resume their yearly schedule starting Monday and last through the school year. The center swim team, the Dolphins, will start workouts from 6-7 p.m. weekdays and 7-9 p.m. Saturdays. The swim team is open for membership and is a wonderful way to improve skill in swimming. Bobby Bybee, coach of the Dolphins, will hold tryouts as needed. An appointment may be made by calling the center or by coming to one of the workouts.

The other activity is the Boy Scout swim-hold on Monday nights from 7-8:30 p.m. All Scout troops who are interested in using the pool should contact the Scout office. This is a supervised swim period for scouts to learn to swim and earn their merit badges.

Although it is rather early, the center would like to start making comments on their basketball leagues for the year. A men's and a women's basketball league will be offered again this year. Entry fee at this time has not been determined but teams should be lining up a sponsor and getting their team personnel together.

All towns surrounding Pampa including Miami, Canadian, McLean, Clarendon, White Deer, Skellytown, Panhandle, Lefors, Wheeler and Mobeetie are invited to enter teams in either league. The center would like to know by a postcard, phone call or personal contact what teams are interested in fielding a team at this time. You will not be obligated by giving us this information.

Volleyball Scores: Men's League White Deer over W-B Pump 15-3, 15-7; Weco Spikers took Warren's Tipsters 15-8 and 15-8; Celanese swamped Pioneer Natural Gas 15-2 and 15-11. Mixed's League White Deer over Surplus City 15-5 and 15-11; La Bonta Beauty Salon over Pampa News 15-2 and 15-2; Hininger's Tipsters took Pampa Warehouse 15-4 and 15-11 while Pleetwood stopped Louise's Beauty Salon 15-12 and 15-10. Boy's League Coca-Cola No. 1 over Shelby Ruff Furniture 15-7 and 15-11 while St. Vincent took Shelby Ruff Furniture 15-8 and 15-5.

CAMPAIGNS FOR TUNNEY

SANTA MONICA, Calif. (UPI) — Mrs. Pat Lawford will campaign Monday for congressional candidate John Y. Tunney, son of former heavyweight boxing champion Gene Tunney.

Mrs. Lawford is the wife of actor Peter Lawford and sister of the late President Kennedy. Tunney, a Riverside attorney, attended Virginia Law School with Sen. Edward Kennedy, D-Mass.

57TH YEAR THE PAMPA DAILY NEWS SUNDAY, OCTOBER 4, 1964 25

Famous Choir to Be Heard on TV

SALT LAKE CITY, (Sp1)—The 375-voice Salt Lake Mormon Tabernacle Choir, famed for popular recordings and 35 years of national radio broadcasts, will appear on the telecast of the 134th semi-annual conference of the Church of Jesus Christ of Latter-day Saints today.

The program will be carried locally by KFPA, Channel 10, from 9-11 a.m. A special coast-to-coast network of more than 200 television and radio stations is airing the conference from historic Temple Square in Salt Lake City.

Directing the conference will be David O. McKay, 91-year-old president of the church, and worldwide spiritual leader of more than two million "Mormons." He will be assisted by his counselors in the First Presidency of the Church, Hugh B. Brown and N. Eldon Tanner.

Featured speakers will include the general authorities of the church. These are men of wide experience in government, business, education, and religious leadership. Their addresses have met with universal interest and response.

The conference is attended by thousands of Mormon leaders from around the globe. The sessions are transmitted via short-wave to Mexico, South America, and Caribbean, Africa and Europe.

Student from City Pledged at TCU

FORT WORTH (Sp1)—Robert David Meador of Pampa pledged Sigma Alpha Epsilon at Texas Christian University during Interfraternity fall rush.

The eight Greek-letter men's organizations announced names of 173 pledges after the formal issue of bids.

CASTRO AMERICAN

WASHINGTON (UPI)—Raul H. Castro, an Arizona judge, was confirmed by the Senate Friday as ambassador to El Salvador after senators were assured he is not related to the Castros of Cuba.

Sen. William E. Proxmire, D-Wis., asked for some word on the Arizonan's background when his name came up for Senate confirmation. Sen. Wayne L. Morse, D-Ore., chairman of the Latin American affairs subcommittee, said Castro "is not related in any degree whatsoever to the Castro in Cuba."

Pampan in Honor Plan at SHSTC

HUNTSVILLE (Sp1)—Russell Veal of Pampa is participating in the Sam Houston State Teachers College honors program, which has registered a 20 per cent increase in the number of students over the same period in 1963.

The Honors Program offers enriched courses for students with outstanding scholastic achievements.

Its aim is to attract and stimulate these students throughout college and finally award them a degree "with honors."

Dr. Lee E. Elm, chairman of the college honors committee, reported that 164 students will be involved in honors work this semester.

The program is open to freshmen who are in the top quarter of their graduating high school classes and who earn high scores on the American College Test or College Entrance Examination.

Advantages of participation in the program include: A highly selected faculty, preferred registration, honors on the college transcript, certain academic privileges and added prestige to the degree.

AMERICAN KILLED

ADDIS ABABA, Ethiopia (UPI)—One American was killed and two others injured Friday when an Intercean Airways Constellation carrying cargo from Ireland to Ethiopia crashed as it came in for a landing here.

The dead man was identified as First Officer James Connell. The injured Americans were a flight engineer, Kenneth Smith, and Leslie Lubash, a navigator.

TMA CONVENTION—Attending this weekend's Texas Moose convention in Pampa were some 500 delegates from over the state. Officials photographed at Friday night's meeting and initiation were, standing left to right, George A. Pelton from Batavia, Ill., national representative; Sam B. Goodan of Pampa, District No. 1 vice president, and Hugh Brinkley of Austin, state president; seated, left to right, Ray Landy of Fort Worth, president of TMA, and James Flowers, governor of the local lodge.

RALPH L. BALL promoted

Mid-America Has New Chief for Liberal District

TULSA (Sp) — Ralph L. Ball has been promoted from gauging supervisor in the Hobbs district to district superintendent at Liberal, Kan., for Mid-America Pipeline Company, according to Robert E. Thomas, Mid-America president.

He replaces H. M. McDonnald Jr., who has resigned.

Ball was born at Alameda. He attended West Texas State College at Canyon, and was chief chemist for Shamrock Oil and Gas at Sunray, Texas before joining Mid-America in 1960. Ball is a member of the NGPA and the API committee on product analysis.

Mr. and Mrs. Ball and their two children will make their home in Liberal, Kans.

Processing Plant Due Near Okeene, Okla.

OKLAHOMA CITY (Sp) — Announcement was made today that a gas processing plant will be built northeast of Okeene, Okla., to be operated by Pan American Petroleum Corporation. Construction will start in the near future and completion is expected in early 1965. The plant will be located on a 20-acre site two miles north and five miles east of Okeene.

The purpose of the plant is to extract a mixed liquid stream of propane, butane and gasoline from natural gas. The gas will come from Arkansas-Louisiana Gas Company's pipeline which gathers gas from the Star and Southwest Lacey gas fields, and casinghead gas from the Lacey oilfield. These fields are located in Oklahoma's Blaine and Kingfisher counties. After the products are extracted, the gas will be returned to Arkansas-Louisiana's transmission line for eventual delivery to the consumer.

The extracted liquid products will be transferred by pipeline to the Pan American-operated Okeene Plant for additional fractionation. Resulting propane and the butane-gasoline mixture will be shipped by rail truck and pipeline from the Okeene Plant. Additional storage facilities are being installed at the Okeene Plant.

Initial processing capacity of the Star-Lacey Plant has been established at approximately 20 million cubic feet of gas per day, with capacity included in the design to handle up to 35 million cubic feet daily during peak gas demand periods.

The plant is a joint interest venture of 46 owners and will be supervised by the operator's area foreman, J. B. Hunt of Woodward, Okla. E. C. Woodall of Pampa, is area superintendent and G. A. Younie of Oklahoma City is district superintendent of the area and district under whose jurisdiction the operation will fall. Pan American does not anticipate that operation of the facility will require additional employees.

Red Cross

(Continued From Page 1)

er or through the international committee of the Red Cross in Geneva, who have been very successful in re-uniting families whose members have been dispersed by war or disaster or caught in other circumstances beyond their control.

The Red Cross in partnership with all of the other agencies in the Pampa-Lefors United Fund has a goal of \$16,181.00 for their international, national and local needs. Some \$14,000 has been allowed from the United Fund so it is necessary for the United Fund to meet its goal or the Red Cross will be hurt further from the lack of means to carry on its work in the community.

Institute Planned On Oil Production

LIBERAL, Kan. (Sp) — Problems involved in the production of oil will be considered in a two-day institute Nov. 18-19 in Liberal National Guard Armory.

W. J. Devaney, district superintendent for the Cities Service Oil Company in Great Bend, Kan., will be coordinator for the program which has been organized by the University of Kansas.

Program topics include salt water disposal, automation of lease commingling and well testing operations by computer, sub-surface rod pumps, gas lift in oil wells, handling paraffin, oil treating and emulsion problems, field controls, electrification, pumping analysis, and public relations.

The U. S. Bureau of Mines will present a program and demonstration on "The Magic of Fire."

Professional authorities will lead the institute sessions. Several companies will display equipment.

More information can be obtained from O. D. Calhoun Sr., manager of the University of Kansas Southwest Kansas Center, Box 653, Garden City, Kan.

Cities Service Announces New Investor Chief

NEW YORK (Sp) — William K. Witmer has been appointed manager of investor relations of Cities Service Company reporting to Lyle L. Shepard, executive vice president. It was announced today by J. Ed. Warren, president.

Witmer, who was born in Bartlesville, Okla., joined Cities Service Oil Company there, as an accountant in 1949. He was named manager of the budget department of Cities Service Oil Company in 1956. In 1958, he was transferred to the parent Cities Service Company in New York and was appointed assistant manager of the budget department in 1961.

Russians May Regret Atom Bomb Tutoring

By HENRY SHAPIRO

MOSCOW (UPI) — The Russians, who tutored Communist China in nuclear research, undoubtedly regret it now.

In the early 1950s, the Russians led their Chinese comrades into the nuclear studies. They built China's first nuclear reactor. They welcomed Chinese students into Soviet universities to learn nuclear physics.

The Russians stopped short of sharing with Peking the actual process for making nuclear devices. According to Peking, the Russians reneged on a 1957 agreement to do so. It is one of the bitterest Chinese charges against the Russians.

Moscow never admitted any such promise publicly. But the Russians probably stopped giving Chinese nuclear know-how because they foresaw the eventual split and the rise of Communist China as a dangerous rival.

Fears Nuclear War
Further, the Kremlin feared Chinese possession of the bomb might have tempted the Peking regime to use it to grab Nationalist China — and thus pull the Soviet Union into a nuclear war with the United States.

Few here doubted Communist Chinese determination to have nuclear power. Moscow never had a chance to convince Peking it should join in the Anglo-American-Soviet agreement banning underwater, atmospheric and outer space nuclear arms testing.

How will Peking having nuclear punch affect the Sino-Soviet dispute?

Not too much, at least at first, according to diplomats in Moscow.

Explosion of the first nuclear device no doubt will increase Chinese arrogance. Eventually, it will enable them to use it to blackmail their neighbors.

Go It Alone
The Chinese have made it a point of pride to stress they can go it alone. They have advised other Communist countries to do the same — and, to Moscow's unhappiness, with some success.

The Russians and the West take some comfort in knowing that the successful explosion of a nuclear device is far different from possession of atomic arms.

Knowledgeable experts say it will be a long time before China can make an actual bomb and even longer before it can build a means of delivering it.

The Russians appear to feel they face no immediate danger of a Chinese attack, nuclear blast or not.

In the near future, a successful Chinese Communist nuclear blast undoubtedly would boost Peking's stock in Asia and among underdeveloped nations elsewhere. But Russian influence appears to be sinking fast in the Pacific anyhow.

Sure, Bolivia, is known as the "White City" because all its churches have white towers.

Kewanee Reveals Lease Purchase

BRYN MAWR, Pa. (Sp) — William Wikoff Smith, president of Kewanee Oil Company, Bryn Mawr, Pa., and Paul L. Davis, president of Limpia Royalties Inc. Midland, announce the purchase of Kewanee of all the producing and non-producing properties of the Limpia Royalties, Inc.

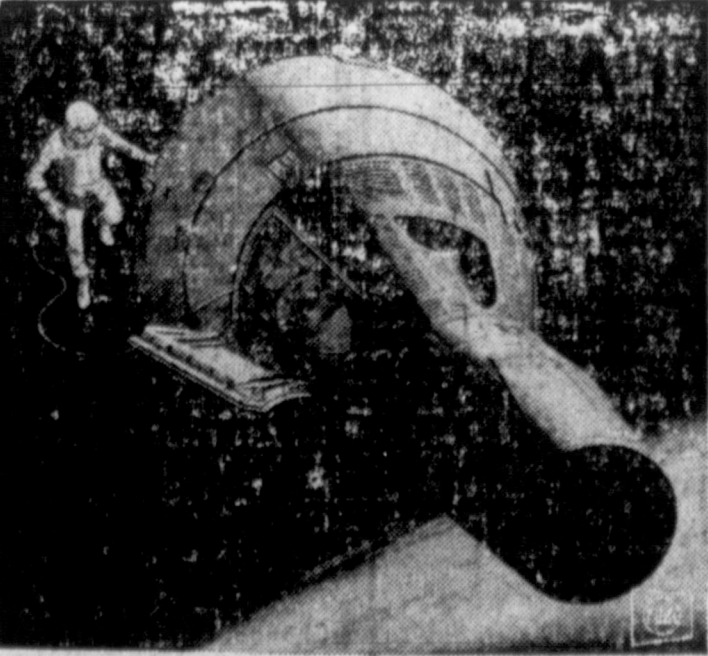

The sale was ratified by the stockholders of Limpia Royalties, Inc. at a meeting last week.

The principal mineral interests of Limpia Royalties, Inc. are located in the Means, North Cowden, Dullarville and Bedford fields of east Texas. Included in the purchase are some 450 net barrels of oil per day and approximately 80,000 net undeveloped mineral acres.

Limpia was formed in 1930 and will be dissolved with the consummation of the sale. The cash consideration was in excess of \$4 million and the effective date of the purchase was Thursday.

Thread of Life

For the U.S. astronaut who is first to step out of his spacecraft into the astral void, his only contact with life will be a special life support system. It consists of a unique connecting "umbilical" cord which acts as a tether line and carries oxygen for breathing, pressurization and ventilation, along with electrical cords for communication. Artist's conception shows system in action aboard a two-man Gemini. System was developed by Garrett-AirResearch of Los Angeles.

Washington Window

By LYLE WILSON
United Press International
There has been a commonly shared failure among U.S. presidents over the past 30 years which created the solid foundation of conservative American political purpose.

This common denominator of failure was in government finances. From Franklin D. Roosevelt to Lyndon B. Johnson.

It prevailed for example in a Roosevelt fiscal year (1934) in which revenue was a mere \$3 billion and FDR spent \$6.6 billion. It prevails now in LBJ's current (1965) fiscal year budget he plans this year, to collect \$93 billion and to spend about \$98 billion.

A monumental lapse in Barry M. Goldwater's Republican campaign has been his failure to make presidential fiscal performance a top issue. If anything would tend to bind the wounds of the Republican party and divert attention from divisive issues, it would be establishment of big government and big spending as a top issue of this presidential campaign.

LBJ Established Image
The Republican candidates have not accomplished that, even though they may have tried. Goldwater, William E. Miller and the others merely were observers while President Johnson skillfully established his public image as the great society's great economizer.

Johnson is a master politician. He's a better man at the game of persuading the public than are Goldwater and Miller combined. That is no great reflection on the Republican presidential ticket. Both Miller and Goldwater are smart political operators, but they are not as politically-smart as Lyndon Johnson.

President Johnson's actual status as an economizer rests on a fact plus a gimmick. The gimmick was his performance in turning out White House lights. Everybody heard and talked about that contrived conversation piece. LBJ's fact was a hard squeeze on the 1964 budget that was prepared for the late President John F. Kennedy. It also is a fact that LBJ undertook a crash program in November - December of last year to blast enough spending out of the new 1965 budget to hold the proposed total under \$100 billion.

Johnson knew the deadly propaganda Republican campaigners could make if he became the first president to present to Congress a \$100 billion budget. A magic figure! He told friends he wouldn't do it and he didn't. LBJ proposed to spend only \$97.9 billion in fiscal year 1965. Only!

Had Big Deficit
In the fiscal year 1964 which he inherited last November from Kennedy, Johnson applied the spending brakes as best he could but had a fat \$10 billion deficit. Every dollar squeezed out of the 1964 budget, of course, was a Kennedy dollar and would have been spent but for the Dallas tragedy of Nov., 22.

The simple record is this: The \$10 billion Kennedy-Johnson deficit in fiscal 1964 was the second largest in 18 years. It was exceeded only by the Eisenhower administration's eye-popping \$12.4 billion red ink score in fiscal '59. For the current, '65, fiscal year, LBJ plans a deficit of nearly \$5 billion. The public debt is up \$30 billion since 1960.

COINCIDENCE — Sam Schenck (left) of Glen Ridge, N.J., and Deloris Schenck of Hatfield, Pa., are graduates of the American Airlines Stewardess College, Fort Worth, Tex. The girls were born in the same year, are the same height, prefer horseback riding as a sport. Not related they met for the first time at the college.
