

Two City Firms Merge to Form New Organization

The industrial and economic climate of Pampa and the Top O' Texas area continued to improve with the announcement this week of the merger of Atlas Tank Company and Pam-Tex Corp. into a new organization to be known as General Associated Industries, Inc.

In calling the public's attention to the consolidation, Warren E. Jackson, chairman of the board of Atlas Tank and Ed Myatt, board chairman of Pam-Tex, stated that their faith in the future industrial and economic development of this area prompted the merger.

Spokesmen for the merging companies said "Additional capital for expansion has been provided, and plans are already being put into action. It is the firm belief of the directors and officers that the economies and efficiency made possible by this consolidation will enable us to render a much larger volume of the superior products and services that our customers deserve."

Assets of General Associated Industries, Inc. will exceed \$500,000.

Plans call for the construction of a 25,000 square foot building on land already purchased just west of the present Pam-Tex Corp. plant on the Borger highway to house the two operations. The new building will be constructed of rigid frame steel. Construction will begin in early spring and be completed by April 1, 1965. Cost of the land and improvements will run in the neighborhood of \$100,000.

At present, 71 persons are employed by the two operations and by late 1965, the number is expected to grow to 200. For the first year, the new corporation will have an annual payroll in excess of \$500,000 with total sales predicted to run between one and a half and two million dollars.

The Atlas Tank Co. is a long established corporation having been started here in 1929 by H. W. Waddell. The firm manufactures oil field storage and treating equipment, tanks for the chemical industry, water tanks, high pressure gas well equipment, metering equipment and related products with distribution throughout the south-west and midwest states.

The Pam-Tex Corp. one of Pampa's newest industries, started operations here during the first part of 1963. Since that period, more than 300 steel buildings have been fabricated and constructed over a seven state area, according to company officials.

Officers in charge of the new corporation will be Warren Jackson, president and general manager; Waidon E. Moore, vice president, engineering; Harold Malone, vice president, field operations; Lloyd Willson, vice president, manufacturing; Irvin Hungerford, vice president and administrative assistant; John Schofield, comptroller; Roy Sullivan, general purchasing agent and Doyle Beckham, sales manager.

Until the new building is available, the corporation will operate in the present Pam-Tex plant, and at the present Atlas plant on Cuyler.

Products manufactured and distributed by both Atlas Tank and Pam-Tex will continue under their present board names.

Teller Slips Out To Alert Police On Bank Robbery

SAN ANTONIO (UPI)—Because teller Kay Arnett, 44, noticed the pistol early in the proceedings, a \$29,200 bank robbery promptly went awry Thursday.

Three men, one of them armed, took the money Thursday at North Hill National Bank. But before the holdup had really gotten under way, the teller slipped out a back door and into the car of a customer at a drive-in window. They fetched police.

Five men were arrested and charged with armed robbery. All of the stolen money was recovered.

Charged were James Brown, 20, Tom Brown, 17, Thomas Norman Briggs, 26, Jerry Stewart, 34, all of Dallas and Bill Pickett, 29, of Saltillo, Tex.

Police said the bandits had three getaway cars, but one of them was found blazing in a nearby parking lot. One of the accused was caught sneaking away from the burning car, which, police said, had been soaked with gasoline.

Briggs tried to leap a fence as police gave chase. He injured his right leg and was taken to Robert B. Green Hospital, where he was listed in satisfactory condition.

Two of the men were arrested at a nearby bowling alley and the fifth was captured at a house that police called the gang's hideout. Police said they found a little arsenal at the house.

Biggest Merger Triples Mileage Of Rail Company

ROANOKE, Va. (UPI)—The Norfolk and Western Railway Co. (N&W) tripled its mileage today in the largest rail merger in history.

The new 7,800 mile system threatened to overtake the Southern Pacific as the biggest money maker in rails.

A car buyer in Dixie, a poultry raiser in the East, and housewives in the Midwest and India are expected to gain.

"This merger will benefit the consumer," said the Norfolk and Western officials here.

Jenkins Once Urged Tightening Security

WASHINGTON (UPI)—Walter W. Jenkins, the presidential aide who resigned after disclosure of his arrest on a morals charge, advised top government officials last month to tighten up federal pre-employment security clearance procedures.

Jenkins, who was President Johnson's special assistant, sent a memorandum to the heads of federal departments and agencies recommending that they have the FBI check prospective appointees before the prospects were told they were being considered for federal positions.

United Press International obtained a copy of Jenkins' memorandum today.

The memorandum said it would be "unfortunate if undesirable individuals were put on the federal payroll simply because sufficient precautions were not taken prior to their appointment."

Jenkins called upon administrators to make security "name checks" the first order of business in consideration of new employees. He said such checks should be made before the individuals were seriously considered for appointment "and most certainly before a firm commitment is made to the interested party or parties."

"These procedures can prevent considerable embarrassment both to the government and to the potential employee himself," the memorandum said.

Jenkins began the memorandum by saying "we have been somewhat concerned about our procedures in requesting security name checks." He ended it by saying "it would be desirable for all departments to examine their procedures in the above regard."

Wilson was appointed by the Queen only minutes after Sir Alec Douglas-Home handed the Labor party won the parliamentary elections today and party chief Harold Wilson was named prime minister by Queen Elizabeth.

The Labor party thus returned to power after 13 years of Conservative rule.

But its final margin, when all 530 results are in, was expected to be so desperately slim that speculation already was mounting Wilson might be forced to hold new elections within a year.

Wilson drove to the palace from Labor party headquarters where he had awaited the summons from the Queen. With him were his wife and his 81-year-old father. They waited downstairs while Wilson was (See WILSON, Page 3)

Wilson Named Prime Minister; New Balloting May Be Forced

LONDON (UPI)—Britain's Labor party won the parliamentary elections today and party chief Harold Wilson was named prime minister by Queen Elizabeth.

The Labor party thus returned to power after 13 years of Conservative rule.

But its final margin, when all 530 results are in, was expected to be so desperately slim that speculation already was mounting Wilson might be forced to hold new elections within a year.

Wilson drove to the palace from Labor party headquarters where he had awaited the summons from the Queen. With him were his wife and his 81-year-old father. They waited downstairs while Wilson was (See WILSON, Page 3)

JACK SPRINGER
to install slate

WTCC Leader to Install Slate in Pampa Chamber

Jack Springer, executive vice president of the West Texas Chamber of Commerce, will install new officers and directors of the Pampa Chamber of Commerce at 7 p.m. Monday in the Coronado Inn.

E. L. Green, Jr., will be installed as new president of the chamber with Tom Snow as new vice president and Norman Henry as finance director.

Also eight recently elected directors will be installed and officially assume their position on the chamber board.

Now Ask Nuclear Ban Talk

TOKYO (UPI)—Red China set off its first atomic bomb today. It then immediately proposed a world conference to ban the use of nuclear weapons.

The official New China News Agency (NCNA) said the blast was set off at 3 p.m. Peking time (3 a.m. EDT).

It said the bomb was exploded in the "western region of China," but did not pinpoint the location.

However, observers believed it probably was detonated somewhere in the remote regions of Sinkiang Province or Mongolia, both of which border in the Soviet Union.

(A spokesman for Fordham University in New York City said the seismograph there registered what appeared to be a "very strong quake" at 3:13 a.m. EDT between Mongolia and the Kurile Islands north of Japan.)

In a statement issued by the Red Chinese government, Peking pledged that it never would be the first to use nuclear weapons in warfare.

Then it called for a world summit to ban the use of nuclear weapons and their ultimate elimination by timeous weapon delects.

Through its successful test, elimination by destruction.

Through its successful test, Red China joined the United States, the Soviet Union, Great Britain and France as the world's atomic powers.

Pickup 6th pgh; It came

It came 17 days after Secretary of State Dean Rusk said Red China would explode a nuclear device "at any time." But Rusk pointed out that it would be a long time between such a test explosion and Red China's possible possession of a stockpile of such weapons with a modern delivery system.

The historic explosion came less than 24 hours after the announced ouster of Nikita S. Khrushchev as premier and Communist party leader in the Soviet Union. Khrushchev had led the Russian dispute with Communist China over the best way to pursue communism—and drawing Soviet support from (See CHINESE, Page 3)

JOHNSON CANCELS VISIT TO TEXAS

WASHINGTON (UPI)—President Johnson today canceled his scheduled weekend visit to Texas because of the rash of international developments.

Newspaperboys Honored

Today is "National Newspaper Day" in Texas as proclaimed by Gov. John Connally in observance of National Newspaper Week, Oct. 11-17.

A proclamation issued by Connally, designating newspaper day reads in part, "In tribute to the thousands of loyal, efficient American youths who serve the public early and late in the day delivering newspapers upon which all of us depend.

"The experience gained in serving customers on newspaper routes is beneficial to the boys of America who have the privilege of engaging in this work.

"It was while serving in these honorable roles that thousands of our business, civic, professional and religious leaders received their first training in our American principles of free enterprise.

The proclamation went on to say, "It is fitting that the citizens of Texas express their deep appreciation of the day-by-day service rendered by their friendly newspaper carrier salesmen and for training these boys are receiving."

Cole Porter Dies in Coast Hospital

BULLETIN
HOLLYWOOD (UPI)—Cole Porter, an Indiana farm boy who rose to the top of America's musical theater by writing such songs as "I Love Paris," "Night and Day" and "Begin the Beguine," died Thursday night. He was 71.

Death came at 11:05 p.m. PDT (2:05 a.m. EDT) at St. John's Hospital in nearby Santa Monica, where he underwent surgery last Tuesday night for removal of a kidney stone. He had been a patient there since Sept. 22.

Birch Group Adopts Communists' Tactics

By MYRON FEINSILBER
United Press International
Robert H. W. Welch Jr., the founder and leader of the John Birch Society, believes the best way to fight the Communists is to adopt their tactics.

And he believes one of their cleverest tactics has been to coin catchy slogans and repeat them in public often enough that everybody is saying and repeating them.

He cites some examples: "I like Taft, but can he win"; Welch said, was a Communist slogan, useful in depriving the late Sen. Robert A. Taft of the Republican presidential nomination in 1952. That election was a turning point, Welch believes. Taft, as president, could have stopped Communist subversion, he said. Now, acting outside of government, private citizens must save the country, he said. He believes that even the Central Intelligence Agency is Communist-controlled.

Other Slogans
Another Communist-inspired slogan, Welch believes, was "I can't stand Roosevelt but we must support him because of his foreign policy." He believes this slogan helped Franklin D. Roosevelt win a third term as President.

The Communists, Welch says, were responsible for spreading this slogan against Sen. Joseph R. McCarthy: "I agree with every he's doing but I don't like his methods."

And, back in 1919, the Communists may have inspired President Woodrow Wilson to use the slogan: "make the world safe for democracy."

Welch says the phrase "has been seized on by the left ever since."

Communists, he says, have been active in influencing America's policies since 1912 and may have inspired Wilson to press for adoption of the graduated income tax, the direct election of senators and the creation of the Federal Reserve System.

The trouble with "making the world safe for democracy," Welch says, is that it promotes the idea that America is a democracy. Actually, he says, it is a republic — representative form of government.

Promote Own Slogan
To counter this, the John Birch Society promotes a slogan of its own: "This is a republic, not a democracy. Let's keep it that way."

The slogan has appeared on millions of pieces of Birch-Society mail. The society is reported to have spent \$33,000 on postage for sending out its publications in 1962.

Another Birch Slogan — and the major Birch Society's political slogan — is "Promote the Birch Society's political slogan."

Registration Set For Visiting High School Delegates

Registration will begin at 9 a.m. tomorrow for the District 6 Vocational Industrial convention to be held Saturday at Pampa High School.

Approximately 300 students and teachers from over District 6 are expected to attend the one-day meeting.

District 6 takes in the entire Panhandle of Texas and includes Lubbock and Wichita Falls.

The election of new officers for the coming year and the crowning of the Vocational Industrial Club sweetheart will highlight afternoon business sessions.

The convention will end at 4 p.m.

Nikita Disgraced or in Bad Health; Aides Fired

By HENRY SHAPIRO
MOSCOW (UPI)—Former Premier Nikita S. Khrushchev was reported today to be in total political disgrace or in completely broken health. Informed sources said some of his top aides were being fired.

While the world's best known Communist faded into political obscurity overnight his successors promised to continue his policies including peaceful co-existence with the West, a better life for the Russians and a hard line toward Peking.

But in the meantime his aides were being dismissed one by one, the sources said. There was no official confirmation.

The sources supported a growing belief that something was wrong in the state of the Kremlin by reporting the dismissals of such men as Alexei Adzhubei, his son-in-law and editor of the government newspaper Izvestia.

Protégés Bounced
The sources said long-time Khrushchev protégé Mikhail Kharlamov was bounced from his post as chairman of the state television committee and editor Pavel Satyukov from the Communist party newspaper Pravda.

By continuing in Khrushchev's path Communist party leader Leonid I. Brezhnev and Premier Alexei N. Kosygin

would be committed to non-deviation in a policy of peaceful co-existence with the West, de-Stalinization at home and a tough line with Communist China.

Veteran diplomatic observers tended to take this stride at face value and said they expected no basic changes in Khrushchev's domestic and foreign policies even though failure in them could have led to his downfall.

The world was stunned at first by the unexpected Kremlin announcement Khrushchev, 70, had been retired at his own request because of "advanced age and deteriorating health." Then it expressed anxiety over the future.

Washington and the Western capitals foresaw no early change in the peaceful co-existence policy but were prepared for a change in the Soviet troubles at home and abroad continue to mount.

Diplomats at the United Nations took the same viewpoint but there was cautious apprehension, especially among Asian diplomats. In Saigon the South Vietnamese were shocked and frightened.

President Johnson, speaking Thursday night in New York, said only the Khrushchev retirement "may or may not be a sign of deeper turmoil or may be a sign of changes to come." He said the United

States would keep "steady on our goal"—a goal of peace.

Brezhnev, 57, and Kosygin, 60, divided Khrushchev's supreme power in the Kremlin.

There had been none of the advance whispering that usually heralds dramatic events in the Kremlin weeks ahead. Only Thursday did the first rumors sweep Moscow. Then at midnight the governing Central Committee of the party announced tersely Khrushchev had been relieved.

Disgrace Speculated
There was no evidence to disprove the claim that Khrushchev was ill. But there was mounting speculation Khrushchev was

removed in disgrace, either for such domestic woes as last year's disastrous harvest and economic and industrial troubles or for such foreign affairs as the Sino-Soviet feud which has sundered world communism.

The Russian people for the most part did not learn of it until they read their morning papers. With the announcement was a pledge in the Communist newspapers Pravda that Brezhnev and Kosygin would carry out the Khrushchev program as laid down in the 20th and 22nd party congresses in 1956 and 1961.

Skepticism and mystery mounted in diplomatic circles

about the announced reasons for the removal from power of a man whose authority and prestige outwardly were at their peak — and unchallenged.

Whether he was relieved at his own request or booted out of office in a behind-the-scenes power struggle, the Kremlin succession was bloodless. It was apparently the smoothest change of power in Soviet history.

Quick, Quiet Passing
His career had been lusty, dynamic and well-traveled. His passing from the scene was quiet and abrupt. About the only outward sign were the disappearance of his many photographs and portraits from pub-

lic view, one by one, and overnight.

Moscow was calm as on any normal Friday morning. There were no tanks and no troop movements in evidence as in previous crises. Russians came and went freely into the Kremlin which was open for tourists.

But there was a feeling of shock — it was difficult to accept the fact that Khrushchev whose dazzling personality had so dominated the Soviet scene could vanish overnight. But such are the ways of the Kremlin.

Most Russians went to bed thinking Khrushchev was still their leader. The midnight announcement (See NIKITA, Page 2)

Birch Society Copied Communist Tactics

(Continued From Page 1) cal goal — is "impeach Earl Warren." In 1961, Bryton Barron, a field representative of the society, said impeachment of the chief justice had become the society's No. 1 project because Warren had "voted 92 per cent of the time in favor of Communists and subversives."

The next year, Welch reported the society had erected more than 100 "impeach Earl Warren" billboards.

Last month, in his monthly bulletin to members, Welch reported on the drive.

Seek Impeachment

"We seek to have the chief justice impeached because of the huge ragged holes that the Supreme Court under his leadership has punched in the Constitution in violation of his oath to uphold it," he wrote. "We believe that the Warren court is gradually destroying all of the safeguards which made this a republic instead of a mobocracy."

Besides calling for Warren's removal, the society has asked its members to oppose: New York Gov. Nelson Rockefeller, United Nations Ambassador Adlai E. Stevenson ("apostle of appeasement"); civil rights leader Martin Luther King Jr., newspaper columnist Walter Lippman, union leader Walter Reuther, former ambassador to Viet Nam Henry Cabot Lodge, foreign aid, flouridation of water, the civil rights Act of 1964 ("This bill... has all the mechanics and powers needed for, and will mark the beginning of, this police state will be, and is

planned to be, run by the Communists), UNICEF, the income tax, the North Atlantic Treaty Organization (NATO), and the United Nations ("GET US out of the U.N. and the U.N. out of the U.S." is another society slogan).

Society Is Isolated

Perhaps one reason the society has not noticeably managed to influence national policies is its isolation from more orthodox conservative movements. Sen. Barry M. Goldwater has declined to reject the support of the society on the grounds that it, like he, is opposed to communism, but he has said that Welch has "said stupid things."

Former Vice President Richard M. Nixon has called on fellow Republicans to withdraw from the society "because of its totalitarian make-up." He characterized Welch's statements as those of "a would-be dictator."

And the National Review, a leading conservative magazine edited by William Buckley Jr., said in an editorial:

"Mr. Welch, for all his good intentions, threatens to divert militant conservative action to irrelevance and ineffectuality... Mr. Welch has revived in many men the spirit of patriotism, and that same spirit now calls for the rejecting, out of love of truth and country, his false counsels."

Of all of Welch's published statements, none is better known than his characterization of President Eisenhower as "a dedicated, conscious agent of the Communist conspiracy."

Entire Quotation

(The whole quotation is: "But my firm belief that Dwight El-

Khrushchev Disgraced?

(Continued From Page 1) nouncement was distributed only to the foreign clients of the news agency Tass. The first radio announcement came when the nation had already gone to bed.

Observers Skeptical

Diplomatic observers were openly skeptical about the claim Khrushchev had asked to be relieved of his duties. They pointed out there was not a single word of tribute for the man who held Soviet power for 11 years after the death of Josef Stalin.

A possible parallel was seen in the brusque retirement of Soviet President Mikhail Kalinin in 1946 despite the reverence millions of Russians had for him.

The chief speculation centered on two points. Had the man whose perpetual suntan and lively bounce that made him seem far younger than 70 actually suffered a sudden breakdown? Or had he been railroaded in disgrace.

A major indication of disgrace came from the fact he was removed from the party Presidium — a severe slap. It was noted that Khrushchev's one-time heir-apparent, Frol Kozlov, still retains his presidium title although he suffered a stroke.

Whereabouts Unknown

Khrushchev's immediate whereabouts were not known. He was said to have last been seen driving into the Kremlin in his Chaika limousine Thursday. It was generally assumed he would be given a liberal pension.

The Soviet's new premier, who moves up from the post of deputy premier, is a former

JOINT OIL PROJECT

CARACAS (UPI)—Seven U.S. oil companies are backing an oil-exploration project involving about 3 million acres in the Gulf of Venezuela north of Lake Maracaibo, the Oil Ministry announced Tuesday.

Geophysical Services, Inc., has been retained to make a geological survey of the area, beginning Dec. 1. The companies backing the project are Mobil, Phillips, Sinclair, Varco, Texaco, Creole and Mena Grande.

The ways were greased for Brezhnev's rise to top party power last July when the largely ceremonial title of Soviet president was handed over to Anastas I. Mikoyan who had been high in the hierarchy.

If tradition is any guide, Brezhnev is clearly the new premier's superior as head of the party organization — the key post of Soviet power since the Bolshevik revolution.

CHRISTMAS WARNING

LONDON (UPI) — Scotland Yard has issued a warning that hijackers are expected to begin stocking their Christmas larders early this year.

senhower is a dedicated, conscious agent of the Communist conspiracy is based on an accumulation of detailed evidence so extensive and so palpable that it seems to me to put this conviction beyond any reasonable doubt."

The statement was cited time after time at the Republican convention during the debate on condemning the society.

Welch has not denied writing it, but he protests it is "unethical journalism and a brazen violation of my property rights" to quote it. He argues it was in a private manuscript sent to a number of his friends and suggested corrections. The quote was softened when the book was published under the title, "The Politician."

Welch also wrote, in that manuscript: "In my opinion the chances are very strong that Milton Eisenhower is actually Dwight Eisenhower's superior and boss within the Communist party."

In the public edition, the phrase was changed to read: "...and boss within the whole left wing establishment."

Organizational Meet Scheduled By Scout Unit

The Santa Fe District Committee and Commissioners will hold an organizational meeting Monday night at 7 p.m. in the Scout Service Center, 815 N. Sumner, for committees from prospective institutions, to hear the importance of Scout sponsorship for the institution, and also the steps necessary to charter a Cub Scout pack, Boy Scout troop, or Explorer post.

Institutions that do not sponsor Scouting are invited to send a committee of four to the meeting. Also invited are committees from institutions that sponsor one or two phases of Scouting in regard to making the whole Scout family available to the boys of their institution and neighborhood.

Victory Flagpole Donated at School

A victory flagpole was presented to Pampa High School this afternoon by the PHS Student Council.

The new flagpole, decorated with the Harvester sheaf of wheat on the top, is located at the rear of the school, facing the football field. The flagpole was made in the school machine shop and purchased by this year's Student Council to fly the victory flag purchased by the two previous Councils.

Although the flag is currently honoring Pampa's football victory over Caprock, it will be flown when any PHS group or individual wins interscholastic honors.

The pole was formally presented by Richard Fatheree, president of the Council, and accepted on behalf of the school by principal Cameron Marsh. Following the dedication ceremonies, the Pampa football team paraded past the pole on their way to tonight's game at Lubbock Monterey.

Barry to Appear On TV Spectacular

A 90-minute television spectacular, "A Captive Nation's Rally," will be telecast over Channel 4 from 2:30 p.m. until 4 p.m. Sunday. Stars of the program are Ronald Reagan, well-known TV and movie personality, and Raymond Masey, co-star of the "Dr. Kildare" series. Sen. Barry Goldwater will appear on the Sunday spectacular. He will also speak on a special NBC morning telecast, "Coffee with Barry," Oct. 23, from 10:30 until 11 a.m.

Chinese

(Continued From Page 1)
The Chinese nuclear program about five years ago. NCNA boasted that the successful nuclear test was "a major achievement for the Chinese people." It said the test strengthened Red China's national defense and safeguarded its motherland. It added that it also was a "major contribution... to the cause of world peace."

It said the success, which makes Red China the world's fifth nuclear power, was due to the hard work of Chinese engineers, workers and technical personnel.

Probably Primitive Device
The announcement of the nuclear test did not say so, but observers felt it was most probably a primitive nuclear device exploded in Sinkiang Province—which borders on the Soviet Union.

The nuclear test announcement was followed by a government statement saying that Red China had been forced to build a nuclear bomb because of a "nuclear threat posed by the United States."

At about the time of the blast as reported by the New China News Agency the seismograph at Fordham University in New York City recorded a "very strong quake" between Mongolia and the Kurile Islands. A spokesman for the university said the initial shock occurred at 3:13 a.m. EDT.

The government statement, which also was broadcast by NCNA, said Red China had developed its bomb to increase its "national defense capability and oppose the U.S. imperialist policy of nuclear blackmail and nuclear threats."

An "Inalienable Right"
"To defend oneself is the inalienable right of every sovereign state," it said.

"China cannot remain idle and do nothing in the face of the ever-increasing nuclear threat posed by the United States."

"China is forced to conduct nuclear tests and develop nuclear weapons."

The Red Chinese government statement said that its purpose in creating a nuclear bomb was strictly a defensive one. It added that Peking would never be "the first to use nuclear weapons."

"The Chinese government hereby solemnly declares that China will never at any time and under any circumstances be the first to use nuclear weapons," it said.

"The development of nuclear weapons by China is for defense and for protecting the Chinese people from the danger of the United States launching a nuclear war."

ANGRY CUSTOMER

LONDON (UPI)—Police racing to answer a robbery call at a shop here found an angry snuff customer who had been over-charged two pence.

THEODOR UPPMAN
in Sunday concert

Met Baritone To Appear in City Concert

Theodor Uppman, Metropolitan Opera baritone, who will be in Pampa for a concert Sunday, is due to arrive in the city Saturday afternoon.

Uppman is scheduled as the second attraction in the Pampa Community Concert Association's 1964-65 series. He will appear at 3 p.m. Sunday in the Pampa Junior High School auditorium.

Admission to Sunday's concert is by membership card only and there will be no box office seat sale.

Uppman, in addition to being a luminary of the opera, is a star of recital, radio and television. Uppman's "operatic" summers have included several seasons with Colorado's Central City Opera Festival, and two summers with the top-notch Santa Fe Opera Company where during 1962 he sang "Salome" in German, "Traviata" in English and, in celebration of the composer's 80th birthday, gala performances of Stravinsky's "Oedipus Rex" in Latin. The preceding summer with the same company he sang Escamillo in "Carmen" and then went on to premiere the Paul Hindemith opera "News of the Day" under the baton of the composer.

SHORT CHANGED

MAASBRACHT, Holland (UPI)—There is such a shortage of small change in this southern Dutch town that bank director J. Janssen regularly visits churches to exchange banknotes for coins from offertory boxes.

Trial Closes on Accused Slayer Of Ex-Residents

DALLAS (UPI)—The state winds up its double murder case today against Kenneth Bruce Martin, a doughnut maker, with the testimony of a chemist and a ballistics expert. The chemist is Louise Anderson who works for the city-county laboratory. The ballistics expert is Fred Rhymer of the Department of Public Safety, said to be one of the foremost experts in the state on firearms.

Martin, 29, is being tried on a charge of murdering Mr. and Mrs. Lenfer I. Strickland of Ducanville, Tex., formerly of Pampa, May 17 on the shore of Mountain Creek Lake. The Stricklands, out for an evening, gave Martin a lift after his car broke down.

Prosecutors opened their largely circumstantial case Thursday against Martin. The evidence included a chrome-plated pistol, Martin's fingerprints, lifted from the pistol, the Stricklands' automobile and witnesses who said they saw Martin in blood-stained clothing.

Foreign News Commentary

By PHIL NEWSOM
UPI Foreign News Analyst.
LONDON — Slowly but surely changes are coming in the centuries-old social structure of Britain.

They are occurring under the impact of a post-war population explosion and the demands of expanding industry for more and better trained employees.

The problem is not alone Britain's and the steady expansion of British educational facilities is not unique.

More unique is the system already far advanced by which Britain is moving both its people and industry out of crowded urban areas back to the land.

Limited By Tradition
To one fresh from the United States where higher education is a fetish if not always an economic necessity, the expansion of educational facilities seems to follow a pattern still limited by tradition and to be inadequate to meet the need.

But what might well be emulated is the system of new towns, planned from the laying of the first brick to the last lease granted to a merchant in the shopping center.

The expansion of British education has seen since 1945 the construction of more than 6,000 new secondary schools. Legislation in 1958-59 provided for seven new universities to be added to Britain's existing 25, including Oxford and Cambridge.

But compared to the vast educational plants springing up across the United States, the expansion remains limited. Enrollment in each of the new universities is to be limited to a planned 8,000 and some will be smaller.

"11 Plus" Examination
Subject of heated debate in Britain's current general election campaign also is the system of secondary schools which early in life dictate whether a child shall or shall not have an opportunity for higher education.

This is based on what is called the "11 plus" examination. It determines whether at the age of about 11 a child shall be allowed to proceed to so-called grammar school with higher educational standards or whether he goes to secondary modern. Grammar school means that he will have a chance at higher education. Secondary modern almost automatically means that he will not, thus at the age of 11 limiting both his place in society and in industry.

And, while there can be little argument about the high standards of British higher learning, the eliminating process of the "11 plus" examination actually means that in a population of about 45 million, less than one per cent actually will receive it.

ESCAPE TO WEST
GOETTINGEN, Germany (UPI)—Nineteen East Germans escaped to the West last week across the Communist border "death strip," customs officials said Monday. One of the refugees was an 11-year-old boy who fled because his mother spanked him.

Cub Scout Leader Training Planned

The Santa Fe District Training Committee will conduct the training experience for den mothers, cubmasters, and pack committee members in three sessions, the first session to be Monday in the Fellowship Hall of First Methodist Church, at 7:30 p.m.

The other two sessions will be at the same location Tuesday and Thursday, at 7:30 p.m. Cub leaders training has been revised so all den mothers and leaders are urged to attend, regardless of their tenure. Interested parents of boys Cub Scout age 8-11, are invited to attend also.

Wilson

(Continued From Page 1)
received by the Queen and, under the age-old British ceremonial "kissed hands" on his appointment as prime minister. Wilson spent 22 minutes at the palace and then drove directly to the prime minister's official residence at 10 Downing St.

It was Labor's first return to power in 13 years. Wilson plans no basic changes in British foreign policy, which will continue to be based on friendship with the United States and adherence to the North Atlantic Treaty Organization and the United Nations.

He plans however to junk Britain's independent supply of nuclear weapons. He will ask for more NATO say-so in U.S. nuclear strategy.

The new House of Commons will convene Nov. 3. But Labor's margin was so thin that it was questionable how long Wilson could remain in power before being forced to call another election.

Wilson had said earlier today it would be his "duty" to govern, no matter how small his majority.

He was simply citing a long-standing precedent in British parliamentary custom. When Sir Winston Churchill, a Conservative, won by a 17-seat margin in 1951, he said "a majority of even one seat is enough."

INFLATION - MAYBE?

TIVERTON, England (UPI)—School authorities wonder whether inflation hasn't affected the annual and ancient scramble - for - pennies in this Devon town. Only 20, instead of the usual 300 children, turned up for the recent event.

NO TAKERS
SWANSEA, England (UPI)—Pubkeeper Fred Hartree had no takers from the local clergy when he offered the use of the pub for a thanksgiving service.

Cabot to Introduce New Oil Equipment

Pampa's Cabot Corporation Machinery Division will introduce several new oilfield equipment designs at the Permian Basin Oil Show, which opens Wednesday in Odessa.

Featured at the Cabot Exhibit OS-100 will be a twin-engine Franks Explorer 11 Rocket, de-

City Legionnaires To Attend Parley

American Legionnaires from Pampa will be represented at the fall convention of the 18th District American Legion in Amarillo Saturday and Sunday. The meeting will be in the Herling Hotel.

Past Department Commander John McKelvy will head the list of outstanding speakers.

A tour of the Strategic Air Command facilities and a dance at Amarillo Air Force Base will be included in the two-day program.

BUS OVERTURNS

HUANCAYO, Peru (UPI)—A bus traveling at high speed overturned near here early Monday, plunged into a ravine more than 200 feet deep and burned, killing 19 persons and injuring 23.

signed for use on deep high-pressure wells. The rig is powered by two 235 hp diesel engines and has a 108-ft., 250,000 lb. capacity telescoping derrick.

Also featured at the Cabot exhibit will be a production model of the new TL Series of Cabot pumping units. The TL Series is a new design of the conventional-type oilwell pumping unit, which operates with reduced torque, power demand, and prime mover size.

The pumping unit display will also introduce Cabot's new portable pumping unit base, which eliminates the need for extensive well site foundation preparations, and lowers installation costs.

Additional Cabot well servicing and pumping equipment will be on display at the Cabot exhibit at the show grounds and at the Cabot building at 42nd and County Road in Odessa.

The main office and manufacturing facilities of Cabot's Machinery Division are located in Pampa.

A SPECIAL YEAR... EVEN FOR CADILLAC OWNERS!

No one knows better than an experienced Cadillac owner how each year sees Cadillac excel in all the qualities that make a motor car desirable. But in 1965, marvelous new smoothness and quiet have been added to Cadillac performance. There's even more brilliant response from an improved Turbo Hydra-Matic transmission. New luxury now graces the world's most luxurious interiors... and Cadillac's famous ride and handling have both been noticeably improved. Cadillac for 1965, for its long-time as well as its first-time owners, promises a driving reward that is truly out of the ordinary.

So new! So right! So obviously Cadillac

Dear Abby...

Honor Student Not Shifty Just Because He's Shy

By ABIGAIL VAN BUREN

DEAR ABBY: I am not the kind of girl who goes against her parents' wishes, but in this case I think I have a right to. I am 16 and this boy I like a lot is 17. He has come over to my house a couple of times, and the very first time my father laid eyes on Jeff, he took a dislike to him, and here is the reason: Jeff is a shy boy and he doesn't look at you when you talk to him. I understand this and it doesn't bother me, but my father says there is something wrong with a person who can't look you in the eye. It is a sign that he is dishonest. This is not true. Jeff is a swell kid. He's an honor student, very polite and has never been in any trouble. Can you help me, Abby?

not see anything wrong with it. She said her daughter was a good girl who had made a mistake. The daughter plans to keep the baby, so why not have a shower? Have you ever had any inquiries about showers for unwed mothers? Is it proper, and should I go?

UNDECIDED
DEAR UNDECIDED: Those who attend such a shower indicate by their presence that they see nothing wrong with it. Since you were obviously shocked at the invitation, you would be a hypocrite to go.

Troubled? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

LIKES JEFF

DEAR LIKES: What your father says is generally true—but not always. Many a cheat can outstare an honest person any day of the week if there is something to be gained by it. Ask your father to get to know Jeff better and then make his judgments. You can't always believe your eyes.

DEAR ABBY: A friend of mine wants to know why her husband always comes home drunk. Her husband wants to know why his wife doesn't clean up her house. Maybe if each one knew what was bugging the other, their problems would be solved. They both read your column. Can you help them?

FRIEND TO BOTH

DEAR FRIEND: It's a good bet that the husband has complained to his wife about her sloppy housekeeping long before he complained to his friends. And the same goes for her and her husband's drinking. It's an oversimplification to say that maybe if she swept up, he'd sober up.

DEAR ABBY: I have just received an invitation that knocked me for a loop. I've had lots of invitations to different things in my life, but I have never had an invitation to a baby shower for an unwed mother before.

The mother of this girl is a good friend of mine and when I asked her why she would present such a shower under the circumstances, she said she did

Groom Club Meets With Mrs. Culver

GROOM (Sp) — Friendship Needle Club met recently in the home of Mrs. C. L. Culver with Mrs. Willie Ragsdale as co-hostess.

The group enjoyed a picnic supper. Those present were Mmes. Les Driskill, Jodie Helm, Roy Ritter, Jim Wall, Corrine Wheeler, Alice Ward, Eulice Monroe, Margy Emery, Minard Henderson, Jeff Gray and one visitor, Rae Lynn Davis of Amarillo.

Rebekah Lodge District Deputy Canadian Guest

CANADIAN (Sp) — Mrs. Jess Molton of Perryton, district deputy of the Rebekah lodge, held a school of instruction here Thursday night.

Attending were Mmes. Jack Nix, Marie Smith, J. W. Sutton, F. D. Teas, Carrie Moreland, Pauline Rivers, Flo Johnson, Ruth Marie Conyers, Belle Hughes, Troy Moon, Iva Lee Morgan, June Wilson, Martha Newton, Aubra Bentley, Clara Blue, Ben Jordan, Joe Hopkins, W. R. Hines, Azzie Evans, Annabelle Hoover, Charlie Alford, Jean Mee, Agnes Adams and Mr. and Mrs. Jess Molton of Perryton.

Following the school, those present enjoyed a covered dish supper.

CONVENTION SPEAKER — Slated to be the main speaker for the area convention of Beta Sigma Phi this weekend at Coronado Inn is Mrs. Rufe Jordan, honored by the local chapters of Beta Sigma Phi as "Woman of the Year" and past sponsor and director of a local chapter. Registration for the conference is set for 2 p.m. Saturday in the lobby of the hotel with a reception for 8 p.m., followed by a program and hospitality hour. Other events for the convention, of which Mrs. Cletus Mitchell of Pampa's Rho Eta Chapter is general chairman and Mrs. Jack Vaughn of Xi Beta Chi Chapter is co-chairman, will be a coffee at 8 a.m. Sunday followed by three forums from 9 to 10 a.m. Highlight of the convention will be the 12:30 luncheon at which Mrs. Julian Key will serve as toastmistress and Mrs. Jordan will speak. A general session and tea will follow the luncheon to conclude the two-day meeting.

Pampa Music Teachers Honor Parents With Reception at Lovett Library

Pampa Music Teachers Association honored parents of students at a reception given Tuesday evening in the auditorium of Lovett Memorial Library.

Speaker for the evening was Hugh Sanders, high school choral director who spoke on "A Balanced Program of Music for the Student." Sanders pointed out the importance of piano study as a basis for any branch of music education. Sanders closed the program with a solo, "On the Road to Mandalay," accompanied by Mrs. Sanders. Mrs. Charles Parr presented two piano selections: Themes from Grieg's Concerto in A Minor, and from the Tchaikowski Concerto in B Flat, both arranged by Percy Grainger. The refreshment table was covered with a satin cloth and an arrangement of artificial flowers with matching candles provided the table decorations. Punch and cookies were served as the guests entered.

Mrs. W. H. Fuller, president of the local association, presided at the meeting and introduced the guests.

The following teachers and guests were present: Mr. and Mrs. Miles O'Loughlin of Miami, Mrs. Marguerite Cleghorn of Amarillo who teaches at the Hopkins school, Mrs. Leon Harris, Heidi Jo Kalb, Mr. and Mrs. Bobby L. Stout, Mrs. H. T. Hoepfner, Mrs. T. J. Adkins and girls, Mrs. B. J. Kennedy and Mary Kay, Mrs. J. O. Mc-

Highland Baptist Circle Meetings

Kezzia Mae Seright Circle met in the home of Mrs. Don Lea, 961 Terry Rd., for a general organizational meeting.

The prayer calendar was given by Mrs. James Bryan. The theme "Worship" was decided upon for the coming year. Places of responsibility were filled and fellowship was enjoyed by all.

Mrs. O. S. Epperson closed the meeting with prayer. The Circle of Mrs. J. D. Ellis met at the church for the purpose of organizing for the new year.

The prayer calendar was read by Mrs. Ellis and the prayer for missionaries was given by Mrs. Gib Morris.

The Circle program for October, "Worship and the Missionary Task" was presented by Mesdames Ellis, Morris, John A. Dawes and William T. Fain.

Closing prayer was given by Mrs. Ellis. There were six members present.

Whittens Honored By Choir Members

Mr. and Mrs. Joe Whitten were honored with a hamburger fry Sunday evening following church services.

The event, given at the home of Mr. and Mrs. Mack Hiatt, 2200 Dogwood, was hosted by members of the church choir.

The Whittens are moving to Fort Worth where Whitten will accept a position with Rosen Heights Baptist Church. Whitten has been music director of First Baptist Church for the past ten years.

Following invocation, given by E. Douglas Carver, refreshments of hamburgers, potato chips, baked beans, pie, cakes and coffee were served Messrs. and Mmes. Floyd Hatcher, Floyd Crow, Fred Slate, Walter Flynn, Clyde Martin, Paul Barrett, John Zinn, Lonnie Richardson, Mmes. Faye Mitten, Hester Branham, Anna Mosley, Wilson Hatcher, George Mitten Jr., and Ronald Merrill, Dr. and Mrs. E. Douglas Carver, Addie Fern Lick, John Mann, Dianne Phillips, Jim Johnson, Henry Gruben, Eric Edwards, Eloise Lane, the honorees and the host and hostess.

POLLY'S POINTERS

By POLLY CRAMER

Snack Tray Doubles for Drying Hand Washables

DEAR POLLY — I do hope no one beats me with this one. For drying hand washables and sweaters that should not be hung on hangers, remove the tray from a folding snack table and it will resemble a low slung camp stool. Fold a bath towel around the frame and pin or clip underneath with clothespins. Lay the article to be dried on the towel which will absorb all excess moisture. The larger the tray table frame is, the larger the article it will hold.

—DOROTHY
Congratulations and thanks, Dorothy. It always pays to try for you never know when you will be the winner.

—POLLY
DEAR POLLY — After sewing, I use an old hairbrush to pick up small ends of thread from my rugs. It is a time saver as I sew nearly every day. It also takes the lint off of clothes as I am ironing.

—MRS. J. J. JR.
DEAR POLLY — Save those birthday get well and Christmas cards to make needle case covers. Cut out card pictures of a suitable size, fold in the middle and stitch "leaves" of material through the center fold. Cut with pinking shears for a nice edge. These leaves hold the needles. They are fun to concoct and make nice gifts that cost nothing if you have scraps of material around the house.

—VERDA
DEAR POLLY — This tip has been a lifesaver to my furniture. My little boy likes to play with trucks and cars and would often run them into the furniture and nick it. Now I glue soft strips of sponge across the bumpers of his cars and trucks. This has really saved the furni-

ture and he still has fun. I let the recently glued pieces stand overnight so the glue has a chance to harden properly.

—JUANITA
DEAR POLLY — Have a needle and thread ready when you cut buttons off a man's or boy's shirt that is to be discarded. Slip the needle through the buttons onto the thread, remove the needle and tie the thread ends together. This makes it easy to find matching buttons or a full set when they are needed to replace lost ones.

—LOUISE
Share your favorite homemaking ideas... send them to Polly in care of The Pampa Daily News. You'll receive a bright, new silver dollar if Polly uses your idea in Polly's Pointers.

—NUTTY
WASHINGTON (UPI) — Did you know that India supplies virtually all of the cashew nuts imported into the United States?

Foreign marketing specialists in the U.S. Department of Agriculture say about two-thirds of India's cashew exports consist of re-exports of raw nuts imported from Africa. India buys the nuts, shells them by hand, and then ships them to America.

* IT'S NATIONAL NEWSPAPERBOY DAY

—an appropriate time to join us in expressing appreciation to your newspaperboy for the job he is doing.

This young businessman has a part time job, with full time rewards, that pays off now—and in adult life. He operates his own profitable business, the only one that makes him salesman as well as purchasing agent; delivery man and collector; that gives him a real insight into human nature.

Under the guidance of men who are interested in and trained to inspire boys, he is getting some of the most important training of his entire life.

Many of today's outstanding citizens were yesterday's newspaperboys. Who knows, maybe someday you might even say, (with just a tinge of name-dropping), "I knew him when..."

Crucial Game at McLean

Ingredients for the hottest football stew in the Panhandle this week: Take two teams who have long been traditional rivals and put them in the same district; make them both strong favorites for the district crown; add a pinch of flavoring in the shape of a coach who remembers being beaten out for the district crown in their last loop encounter and another coach who is faced with four straight defeats to the same club; they stir well with the fact that both fullbacks are potential nominees for all-state honors and you come up with a tasty dish in deed. . . the White Deer - McLean football game tonight!

The Bucks and the Tiges have produced one of the ruggedest, hardest - hitting rivalries seen annually, and a return to district competition after four years of separation merely sweetens the pot, especially when the pair, along with Wellington, have established themselves in pre-district play as the teams to beat for loop honors, making tonight's class even more important.

Dangerous Dickie Crockett, all - Top O' Texas fullback last season, is a strong candidate for all - state honors. The 185-pounder, from a long line of football greats at McLean, has averaged over three -fourths of the yardage gained by the Bengals this season. Tonight he will be facing mammoth Eddie Kleibrink, the 6'3", 215 - pounder converted from tackle last year, who has also put his name up for post - season honors as he has been the workhorse of the WD attack and a smashing defensive stand-out as well; bringing college scouts flocking to his door already.

Huffman, with a 4-1 record and a drastic defeat of hitherto-unbeaten Claude last week, is rightfully proud of his Bucks. "It was a fine team effort against Claude, we were able to contain their long runs, especially by Denton Fox, except once. I liked the way we came back after they closed the gap 10-12."

"We got some fine defensive play and offensive too. The Smith brothers, Charles and Gary, again stood out very high both ways on our sharps as did Eddie Kleibrink. Monte Hawpe and Randy Elliott did fine defensive jobs and Hawpe and James Wheeler in the offensive line."

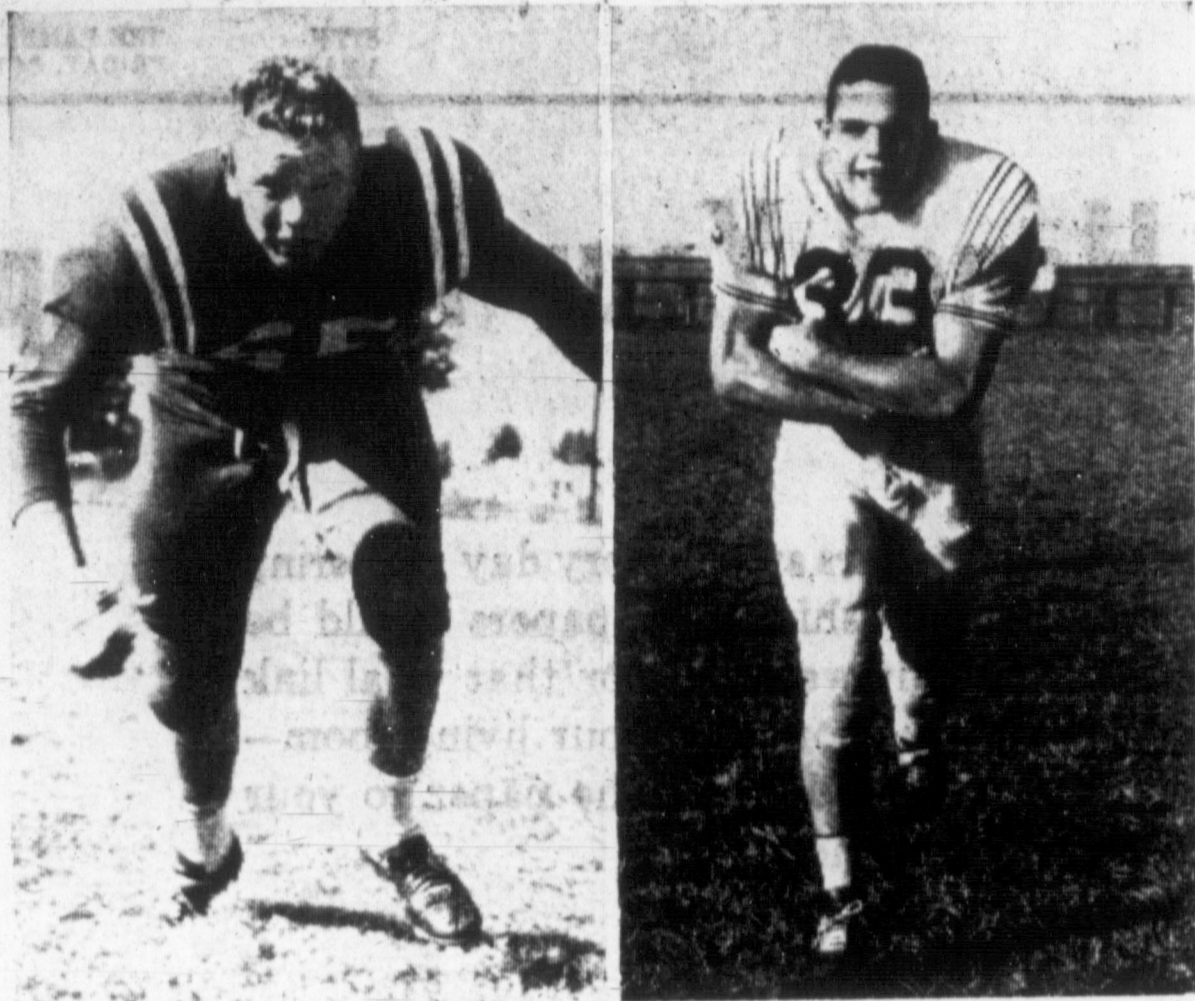

"We were also very pleased with Elliott's successful conversion kicks, that's the first time we've had that in a long time. The coaches have worked with him, especially Jackie Moss, but he's been staying late after practice to work on it. Real dedicated."

Huffman, always worried about injuries, named off a list of boys who had been to the doctor this week, including Elliott, Vernon Marlar and Larry Simmons with ankle problems, but said the biggest question mark was center Don Williams with an infected toe.

At McLean, coach Fred Hedgecock was understandably disappointed at the Tigers' defeat at the hands of Gruver, explaining "that Gruver is just tough. A real fine ball club, they just did a good job on us. Quarterback Johnny Fuller and end-back Eddie Jay Windom both looked well in defeat and we were real pleased with Crockett's running. . . he was half sick, but he did us a job. Physically we're alright, in real good shape."

Asked his opinion of the game, Hedgecock answered slowly: "I don't know. . . I just know ole White Deer is real tough, they're hard to beat. That Kleibrink is tough, I'll guarantee you. . . so are the rest of them. Our kids realize what this game means. . . it's been five years since they beat White Deer and don't think they don't realize it. They would like to win."

At Buckland, Huffman, still remembering the 1959 game, when the Tigers, sparked by another of the Crocketts, upset WD for the district title, warned "Don't let those four straight wins fool you. . . this McLean

ALL-STATE CANDIDATES — Two contenders for Class A All-State honors will take each other's measure tonight when fullback Big Eddie Kleibrink (right) of White Deer and Dangerous Dickie Crockett of McLean seek to lead their teams to a key district win.

Gibson Hurls Cardinals To World Championship

ST. LOUIS (UPI) — The St. Louis Cardinals swept to their seventh world championship in 10 tries when they defeated the New York Yankees, 7-5, Thursday on the strength of a swash-buckling attack and Bob Gibson's strong right arm.

With a crowd of 30,346 cheering them on in Busch Stadium, the Cardinals ran up a 6-0 lead

and then saw the 28-year-old Gibson hold off the Yankees' despite homers by Mickey Mantle, Clete Boyer and Phil Linz. The World Series victory was the first for the Cardinals since

The nation's top-ranked Texas Longhorns and the 10th-ranked Arkansas Razorbacks collide at Austin Saturday night with the Southwest Conference football title probably hanging in the balance—and with both teams entering the game undefeated for the second time in three years.

Coach Darrell Royal's Longhorns, who have won six of their last seven tests against the Razorbacks, will be 13-point favorites to rack up their 16th

Dumas Drops Lee Rebels

The Lee 9th grade Rebels suddenly came to life after a lackadaisical first half, and played the Dumas 9th grade off their feet for the last two stanzas, but the effort came too late as Dumas held on to the first half margin for a 20-6 victory at Lee yesterday.

The visiting Gremlins piled up a 20-0 first-half lead as they made seven first downs and 188 yards rushing against a sloppy Lee defense, while a lack of blocking allowed the Rebels runners only 51 offensive yards.

In their finest effort of the season, the Rebels came back to compile 166 yards in the second half, allowing the visitors only 44 yards and a solitary first down, but Dumas put on a defensive stand of their own to hold on for the win.

Dick Bonner, a "chip off the old block," led the Gremlin offense as he scored in the first half on a sweep right for 40 yards. Dumas ran the conversion for an 8-0 lead.

The Gremlins drove 50 yards in the second quarter, climaxing the drive with a four-yard scam around the right side by Howard Johnson. Jim Cornutt (See DUMAS Page 9)

team has a different outlook. They've got all their kids back looking for revenge and we don't have any of ours."

Admitting that the Bucks' attitude was good. . . it was a game they knew they had to have, Huffman summed it up by warning "we have a great deal of respect for all of their ballplayers. . . particularly Mr. Crockett, Mr. Windom and Mr. Fuller. They are tough over there."

One offensive change and a couple of defensive question marks are listed by coach Otis Holladay as the Harvesters tangle with Lubbock Monterey tonight at Lubbock.

Larry Leonard has beaten out starter Myron Scribner for the right tackle berth this evening. "Larry has been looking better in workouts. . . executing his blocks more sharply," explained the PHS skipper. Leonard, at 180, will drop the line's average down slightly from Scribner's 195.

"Otherwise, we're in good shape physically. Dean Evans is back in good shape, so is Jim Brumley. We'll see how Dean is moving. . . if he's okay, he'll start again at defensive center, otherwise he'll alternate with Ricky Maynard.

Joey Roden was down with the flu the last few days and

missed workouts. If he can't start on defense, we'll use Billy Stokes in his place."

Mentally, the Harvesters are ready to play, reported Holladay. "We've got to do two things mainly," he pointed out, "stop their passing attack. . . and overcome the Monterey 'jinx.' If we can do these two things, we'll have another win."

Harvester coaches advised that the Plainsmen switch players quite often and that last week's Monterey lineup may undergo some changes for this evening's encounter.

Johnny Rebs, Dumas In Tie

DUMAS — Lee's Johnny Rebs had the only touchdown of the game called back on a penalty and then ran out of time on the Dumas four as the two 8th grade teams battled to a 0-0 tie here yesterday.

The first threat of the game came in mid - second quarter, when Len Mills went 36 yards on a quick opener for a touchdown. The score was called back because of a red flag, and the Johnnies penalized to the Dumas 25. Four downs later, the Gremlins held on their 17.

Dumas took the second-half kickoff on their 40 and slammed to the Lee five in 12 plays, but Philmore Merrill and Mills rose up to lead a defensive surge that took the ball on downs.

Early in the fourth quarter, Lee drove again, with Gary Parrish breaking for 15 yards to the Dumas 30. Again a penalty stopped the march.

With 52 seconds left, Lee took over on downs on the Dumas 35 as the hosts tried to stop the clock, and slammed to a third-and-goal on the four - yard line as time ran out.

Mills, Parrish and Donald Barnhill were offensive stand-outs. Hoppy Hopkins was a defensive terror, along with Mills and Merrill.

KEANE RESIGNS

ST. LOUIS (UPI)—World Series Manager John Keane resigned today as pilot of the St. Louis Cardinals.

Cardinal President August A. Busch Jr. announced at a news conference that the 52-year-old Irishman had decided to submit his resignation on Sept. 28 before the Cardinals had won the National League pennant.

Keane reiterated that he had not been contacted by the Pittsburgh Pirates to manage the club.

"Nobody has contacted me," Keane said.

1946 while the loss, following their defeat at the hands of the Los Angeles Dodgers in the 1963 classic, marked the first time the Yankees have lost two straight series since 1922.

Broke Open Game

Lou Brock and Ken Boyer hit homers in the 10-hit Cardinal attack but the game was really broken open when the Redbirds staged the first of their two three-run rallies in the fourth inning. Until then Gibson and rookie Mel Stottlemyre had matched shutout pitching and the big question seemed to be whether Gibson, working with two days of rest, could last.

Yank Olympians Rack Up Four More Medals

TOKYO (UPI)—The powerful United States Olympic team today with three world records in swimming and track triumphs by 400-meter hurdler Rex Cawley and girl sprinter Wyoming Tyus.

World records went to 15-year-old Sharon Stouder of Glenora, Calif., in her gold medal victory in the women's 100-meter butterfly, to Thompson Mann of Chesapeake, Va., for the 100-meter backstroke on the first leg in the 400-meter medley relay, and to the winning U.S. relay team.

Those four gold medals brought the American total to 19 for the games and a total of 42 gold, silver and bronze.

Miss Stouder churned through the butterfly event in 1:04.7, beating former record holder Ada Kok of the Netherlands who had gone 1:05.1 earlier this year. Kathy Ellis, 17, of Indianapolis won the bronze medal.

Mann swam the opening backstroke leg in the medley relay and splashed through in 59.6, first in history under the one-minute mark. Mann held the old record at one minute even.

Then came those other American relay men—breaststroke

Bill Craig of Glendale, Calif., butterfly ace Fred Schmidt of Northbrook, Ill., and finally free stylist Steve Clark of Los Altos, Calif.

Clark surged into the finish at 3:58.4 after the start and down went another world mark. The old record of 4:00.1 was set last year by another Yank group including Craig and Clark.

A German team won the silver medal and Australia was third.

The United States picked up one silver medal in track plus a silver and a bronze in rifle shooting.

The 19-year-old Miss Tyus blazed down the 100 meter straightaway at National Stadium in 11.4 seconds for a whopping four-yard victory over favored Tennessee stater Edith McGuire, who went into the starting blocks with high hopes of matching Wilma Rudolph's 100-200 double at Rome in 1960.

Miss Tyus, of Griffin, Ga., burst to the front shortly after the start and gradually lengthened her lead over Atlanta's Miss McGuire, who was clocked in 11.6 along with third place Ewa Klobukowska of Poland and fourth place Marilyn White of Los Angeles.

Sixth Straight Win

Cawley's 400 meter hurdle triumph was the sixth straight by a Yank but John Cooper of Great Britain and Salvatore Moreale of Italy both finished ahead of Jay Lucke of Watertown, Mass., in an event that produced 1-2-3 American sweeps in the last two Olympiads. Luck hurled.

Cawley was timed in 49.6, three-tenths off the Olympic record.

Snell had a romp in the 800, winning by five yards over Canada's Bill Crothers with Wilson Kiprugut of Kenya third and

the best Americans up the tracks.

The heavily favored New Zealander stayed with the pack for the first 400, then almost casually charged past Kiprugut and held off a final bid by the plucky Crothers. Snell was clocked in 1:45.1, breaking his own Olympic record of 1:46.3 but well off his world mark of 1:44.3.

Tom Farrell of Forest Hills, N.Y., the 20-year-old NCAA champ from St. John's was a fifth in 1:46.7 and 26-year-old Jerry Siebert of Willets, Calif., was sixth in 1:47.

Women's Javelin Winner

Mihaela Penes of Romania won the women's javelin with a final round throw of 198 feet, 7 1/2 inches. Antal Rudas of Hungary was second and Russia's Elena Gorchakova, who had a preliminary round world record toss of 204-8 1/2, wound up third.

Jozef Schmidt of Poland won the triple jump for the second straight time with a leap of 55 feet, 3 1/2 inches to beat a pair of Russians who settled for the silver and bronze medals.

Ira Davis of Philadelphia, fourth in 1960, wound up ninth with a 52-1 1/2 and Bill Sharpe, also of Philadelphia, was 11th at 51-10 1/4.

Two sharpshooting Americans made a terrific run at the gold medal in the small bore rifle prone event but were nudged out by Hungary's Laszlo Hammerl.

Lones Wigger, Jr., of Carter, Mont., actually tied Hammerl's world record score of 597 of a possible 600 in the 50-meter shoot and the judges had a hectic time deciding between them.

Tough Decision

It finally was determined the Hungarian was the winner because, on his final 10 shots of the nerve-testing event, he had a score of 100 to 99 for Wigger. Tommy Pool of Groom, Tex., was third with a 596 score.

In 5,000 meter trials, Bob Schul of Dayton, Ohio, and Bill Dellinger of Springfield, Ore., qualified easily for the final, though both ran second in their heats.

Schul, one of the top favorites, trailed Tunisia's Mohamed Gamoudi, who earlier this week finished second in the 10,000. Dellinger ran second to Britain's Michael Wiggs.

Michel Jazy of France, Bill Baillie of New Zealand and Ron Clarke of Australia were among the prominent qualifiers but 1960 winner Murray Halbert of New Zealand missed out.

Other casualties were Oscar Moore of New York and Bruce Kidd of Toronto.

Undeclared HS Gridders To Be Tested Tonight

By United Press International

Winning traditions will be at stake all through Texas schoolboy football's four state championship divisions this weekend, with most of the winners expected to stand the test.

The state's longest current winning streak is owned by Rockwall's Class AA champions, who have won 19 in a row and are favored to make Lewisville No. 20 tonight.

Garland Comfortable

Class AAAA champion Garland has won 17 in a row and doesn't expect to be extended very much against Carrollton.

Class A defending champion Petersburg, undefeated through its last 21 games, although it was held to a tie in last year's ninth game, should extend the streak against Idalou.

Class AAAA's eighth-ranked

Poodles Bite Reapers, 26-8

Houston 9th grade of Berger scored in every quarter to overcome a spotty Pampa Reaper offense and take a 26-8 victory at Harvester Stadium yesterday.

The Pampa 9th sputtered and stumbled, running well in spots and playing tough defensive ball in spots, but were unable to spark up a sustained effort until the last period.

Handicapped by the loss of their leading runner, Al Gomez, the Reapers put little (80 - odd pounds) Don Cauthorn in at full-back, and the mighty mite did an outstanding job despite his lack of size.

The Reapers broke the scoring ice late in the fourth quarter as Johnny Carlos unlimbered his passing arm from the Poodles' 40. Alvin Achord made a circus catch in midair and stumbled to the three. Three plays later, Danny Stokes went around left end for the touchdown. Carlos faked a run setup for the conversion and fired a two-point pass to left end Barney Beasley.

Allen Lindsey again was the defensive standout for the Reapers, with left tackle Larry Elledge showing steady improvement.

● Dumas

(Continued From Page 8)

and Mike Burnett stopped a conversion run.

On the last play of the half, Bonner connected for a 42-yard touchdown pass to Ed Kelley. Carl Lang stopped the conversion.

It took the aroused Rebs five plays to score in the second half. Taking the "kickoff on their 36, they marched 32 yards more and then Windell Watson went 35 yards to paydirt on a trap up the middle.

In the third quarter Les drove to the Dumas 19 before giving up the ball. In the fourth frame they went to the five before a fumble killed the threat.

Red Dog Aerial Artist Stops Pampa Shockers

PLAINVIEW — Pass-catching halfback Lane Womack got in the clear twice last night to break up a smashing defensive battle and give the Plainview Red Dogs a 22-8 victory over the Pampa Shockers.

Womack broke loose to catch four passes good for 18 points, while a Shocker fumble accounted for the other Plainview tally in the first half, and the two teams made goalline stands the rest of the way.

Pampa, handicapped by the loss of quarterback Larry Stevens, could complete only one of 10 pass attempts, having three intercepted, leaving almost the entire load to fullback Ted Heiskell.

The 195-pound "Bull" smashed for over 200 yards on the ground, roaming at will between the 30-yard lines, but the stubborn Red Dogs' gang tackling and stacked lines stopped him from paydirt.

Plainview took the opening kickoff on their 25, and on the first play from scrimmage, Womack broke loose to the Shock 40, where quarterback David Jackson hit him with the pass, Womack scoring with 15 seconds gone. The same pass play faked the Shocks out for the two-point conversion.

After an exchange of punts, the Shockers fumbled one on their five-yard line. They held

for three downs, but fullback Jerry Strrman went the last two yards on the fourth try. James Matney and Glen Lewis smashed up the conversion run.

Still in the first quarter, Rowdy Rowden took the kickoff on his 15. Sprung by key blocks by Heiskell and Lewis, Rowden fled straight up the middle for 85 yards and the Pampa score. Heiskell smashed over center for the conversion.

Late in the second quarter, with third down and 14 yards to go at midfield, Womack broke loose again and Jackson again dropped the bomb in his lap. Halfback Cary Whiaker took a piteous and proceeded to throw a left-handed pass to Womack for the final two points.

The second half was a bruising defensive battle as the Shockers penetrated inside the Dog 15 twice, only to be thrown back, while Pampa, in turn, held on their 10.

Defensive standouts for the Shocks were again Matney and Lewis, aided by Jack Williamson and David Smith. The

Shockers return home next Thursday to host Monterey.

MISS LOUISE DODD, Moline, Ill., a car owner who tried a sample of Skelly's additive, Koolane, reports: "I do mostly city driving, and noticed that I was getting 2 to 3 more miles per gallon with Koolane. I have yet to have the car fail to start for me." (from Koolane Report #4)

What can Koolane do in your car—in your kind of driving? Try just 3 tankfuls of Skelly Koolane Gasoline and find out for yourself!

Great new taste: pipe tobacco in a filter cigarette!

You get pleasing aroma — and a great new taste! The secret? It's packed with America's best-tasting pipe tobacco — famous Half and Half! Smoke new Half and Half Filter Cigarettes!

Dedication Service Set For Church Auditorium

In honor of its new auditorium, Barrett Baptist Church, located at 903 E. Beryl, will host dedicatory services at 2 p.m. Sunday with Open House from 3:30 to 4:30 p.m. The public is invited to attend.

Interim pastor M. B. Smith, who will preach the regular morning and evening services Sunday, will act as master of ceremonies for the Dedication Day program.

Dedicatory sermon will be brought by Rev. A. E. Burns, who was pastor of Barrett Baptist when its building program began. He will be coming from his home in Artesia, N. M., where he is pastor of the Immanuel Baptist Church.

Dr. Douglas E. Carver, pastor of the First Baptist Church, will give highlights of the church's history, beginning with its birth as a mission of the First Baptist on Easter of 1954.

The land, which includes five lots and, at that time, a three-story house, was donated by the late Mr. and Mrs. Elmer Barrett. The First Baptist Church named the mission Barrett Baptist Chapel.

The first pastor called to the mission was Rev. Leroy Harris, who came April 4, 1954. Rev. Harris is now residing in Belton. Rev. Jerry Speers, now of Jean, took the pastorate Jan. 29, 1956, and was followed by Rev. Lee Hillon, who came Aug. 3, 1958. Rev. Hillon now lives in Alaska.

In 1959 Rev. Gene Grace, now of Copper's Cove, was called as preacher. Rev. Burns was called to Barrett Baptist July 5, 1961.

Special music for the dedicatory service will be provided by the church choir.

The new auditorium has a seating capacity of 350 to 375. The old auditorium has been converted to a new Fellowship Hall.

Other Dedication Day activities include a noon meal to be served following the Sunday morning services in the Fellowship Hall for church members and guests. Each church family has been asked to bring a basket lunch.

'Sharing Concern' Is Sunday Topic At Baptist Church

Services at the Highland Baptist Church will continue the theme of "Sharing Christ's Concern for Persons" with the Adult Sunday school lesson entitled, "The Urgency of Our Task."

For special music in the morning worship service the choir will sing, "How Firm a Foundation," accompanied by the organ by Mrs. Edith Beigle. Rev. Bridges has chosen his scripture reading from Jeremiah 18:1-6 and entitled his message, "Remaking Broken Lives."

Training Union begins at 6:30 p.m. with emphasis placed upon how to improve visitation with the topic of the lesson, "What Makes a Visit Effective?" In the Evening Worship Service at 7:30 p.m. Rev. Bridges has given his message the title, "Don't Bother Me, Attitude" and for his scripture he will read Luke 11:1-13.

Next Sunday the evening worship service will begin at 5:30 p.m. with the Training Union hour to follow at 6:30 p.m.

Officers Installed At Sunday Meeting In Local Church

The Church of Jesus Christ of Latter-Day Saints, held a conference in Pampa Sunday to install officers with H. B. Pincard, president of the district presidency, in charge of the meeting.

Culma V. Ingram was installed as president of the Pampa Branch with Elder Lavon B. Voyles as first counselor. Frank Kent Downey was installed as second counselor. Gene M. Jennings was installed as assistant Branch Clerk and Charles L. Thompson was installed Branch Clerk.

Released with a vote of thanks for their good work in the Pampa Branch was Elder James Waldrop as first counselor, who will be doing home teaching and helping in the Sunday School; and Elder Luie S. Thyngerson as second counselor who has moved to Borger.

'Layman's Sunday' Observance Set

Lamar Christian Church will observe Laymen's Sunday this Sunday. The entire worship service will be led by dedicated laymen of the church.

The regular Sunday evening worship at Lamar Christian will yield to the Leadership Training School of District 1 of Texas Disciples of Christ. This school will meet each night from 7:30 to 9 o'clock Sunday through Thursday at the First Christian Church in Borger. Other Disciples known to be participating will be coming from Fritch, Dumas, Panhandle, Stinnett, Borger, and First Church Pampa.

Rev. Dale M. Harter, Associate Minister of First Church, Borger, will direct this school and he has enlisted many of the most capable leaders throughout the state to assist him.

Episcopalians Keep Mum About Bishop Candidate

ST. LOUIS (UPI)—A spokesman for the House of Bishops of the Protestant Episcopal Church said Wednesday "there's no advance information" on candidates for the new presiding bishop to succeed the resigned Rt. Rev. Arthur Lichtenberger.

"The bishops are sensitive to any such questions," the spokesman said.

The Rt. Rev. Frederick J. Warnecke, bishop of Bethlehem Pa., was mentioned by general convention delegates even before sessions got under way earlier this week.

The Rt. Rev. Charles G. Marmon of Kentucky was asked to comment on Bishop Warnecke. "I have no right to say what chances he has," Bishop Marmon said.

Rev. Upton to Lead Revival

Rev. Marvel G. Upton, pastor of the First Baptist Church of Sunray will be leading a revival meeting at the Calvary Baptist Church beginning Sunday through Saturday.

Rev. Upton is a graduate of Wayland Baptist College and has a Master of Theology from Southwestern Baptist Seminary, Fort Worth. He has held pastorates in Bushland, White Deer and Sunray. He has been pastor of the Sunray church for almost fifteen years.

During 1963, Rev. Upton participated in the Japanese New Life Movement, sponsored by Southern Baptist Convention. He led services in Misawa, Japan and in Hong Kong. He also participated in the Missouri-Australia Crusade this year and the Latin American New Life Movement.

Services for the revival meeting have been set for 10 a.m. and 7:30 p.m. at the Calvary Baptist Church, 824 S. Bernes.

First Baptist Hosts Guests for Sunday

The First Baptist Church will have two guests in the services Sunday. Dr. O. D. Martin of the Stewardship Department of the Baptist General Convention of Texas of Dallas, Texas, will be guest speaker and Alan Greer, outstanding soloist of Borger will be guest director for both services of worship.

Miss Eloise Lane, organist, has chosen "Cantilene" by Faulkes and "Pastorale" by Schuzter for the organ offertory numbers.

REV. MARCUS ADAIR conducts revival

Ten-Day Revival Opens Wednesday

Rev. Marcus Adair of Canyon will conduct 10 nights of Gospel Meetings at The Pampa Chapel of the Apostolic Faith in Pampa.

Rev. Adair will be assisted throughout the meetings by different students of West Texas State University. Dale Ditto, a Music Major from Ganado will conduct the song services. The "Adair Sisters of Song" will visit the meetings at different times and present the Gospel in song. Other special singers and musicians will be featured for the services.

Rev. Adair is the Pastor and Co-Ordinator of Faith Chapel and Student Center at West Texas State University at Canyon, Texas.

The services will begin October 21st and continue through October 30th, each evening at 7 p.m.

Rev. Adair has made two visits to the Holy Land and a missionary preaching tour of some of the Churches in Southern India. Two years ago he and his singing daughters had preaching, singing engagements in various churches in Alaska.

The temporary location of the Pampa Chapel of the Apostolic Faith is in the Seventh Day Adventist Church at Buckler and Ward.

Sunday Services Set

"Greater love hath no man than this, that a man lay down his life for his friends." This verse from John (15:13) will be the Golden Text for a Bible Lesson on "Doctrine of Atonement" to be read at all Christian Science church services this Sunday.

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include this statement: "Wisdom and Love may require many sacrifices of self to save us from sin" (p. 23).

10 THE PAMPA DAILY NEWS FRIDAY, OCTOBER 16, 1964 57th YEAR

Program Set for State Baptist Convention

DALLAS (Spl.) — The program of a state-wide convention for Baptist laymen in Corpus Christi, Nov. 2-3, has been finalized by the Texas Baptist Brotherhood Department.

Dr. Grady Wilson of the Billy Graham Evangelistic team and Graham music man Cliff Barrows will be featured on the program for the state Baptist Brotherhood Convention, which meets just prior to the annual Baptist General Convention of Texas in Corpus Christi.

The Brotherhood Convention, expected to attract more than 2,000 laymen from throughout the state, will spotlight Dr. Wilson of the Graham team for two messages, and will also feature two messages by Howard Butt Jr., of Corpus Christi, vice president of the H. E. B. Food Store chain.

Other major speakers for the two-day Brotherhood Convention include Dr. Kenneth L. Chafin, professor at Southwestern Baptist Theological Seminary, Fort Worth; Dr. Charles Bowles, pastor of the First Baptist Church, San Antonio; and Dr. W. R. White, president emeritus of Baylor University, Waco.

Barrows, music director and radio-television program director for the Billy Graham evangelistic team, will direct the convention music and speak briefly to the Baptist laymen.

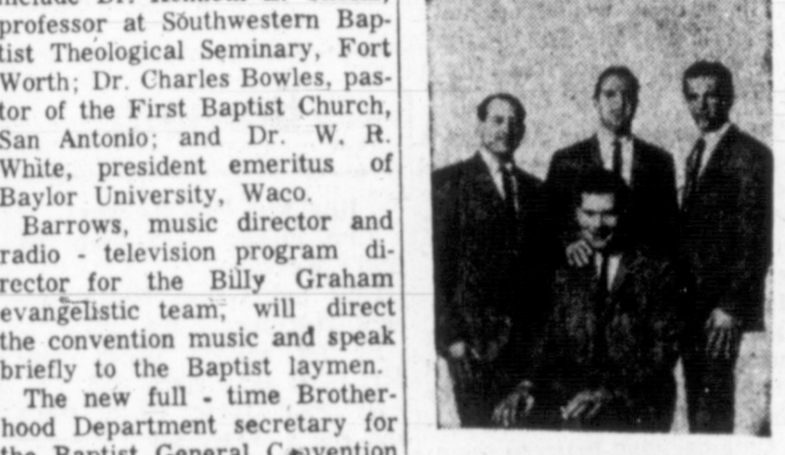

The new full-time Brotherhood Department secretary for the Baptist General Convention of Texas, W. L. Smith of Dallas, will be introduced to the convention. Smith, a former Baptist foreign missionary to

Olson Brothers Present Concert At Local Church

The Olson Brothers Quartet, popular recording artists from Salem will present a special concert at First Assembly of God Church, 500 S. Cuyler at 7 p.m. Sunday.

Besides their many appearances on radio and television, they have appeared before capacity crowds in the Seattle Opera House, the Queen Elizabeth in Vancouver, B. C., the Jubilee Auditoriums of Edmonton and Calgary, Alberta, and the Ellis Auditorium in Memphis, Tenn., where they sang to 8,000 people in one performance. This unusual foursome travels over 100,000 miles a year in concerts coast to coast and in Canada, and have recorded three LP's on the Hymnophonic label. The program will consist of gospel songs and spirituals.

Music will be provided for the Sunday morning worship service by the Singing Boat-riders, who are coming as assistant pastors to the First Assembly of God Church.

OLSON BROTHERS

Pope Will Go To India for Bombay Congress

VATICAN CITY (UPI)—Pope Paul VI will go to India for the Eucharistic Congress opening in Bombay next month in spite of objections from close aides, informed Vatican sources said Wednesday.

"The holy father has made his decision he will go," the sources said.

The Vatican press office had no comment.

The sources said the date for the visit had not been set but probably would be toward the end of the congress which will be in session from Nov. 28 to Dec. 6.

(Roman Catholic Church officials in New Delhi said the main speaker during the congress study sessions will be the most Rev. John J. Wright, bishop of Pittsburgh.)

Vatican sources said several close aides, including Vatican prefect of ceremonies Msgr. Enrico Dante, had been advising against the trip. One of the main reasons presented was that the pontiff's presence would overshadow the congress, a meeting of Catholic clergy and laity to honor the sacrament of the Eucharist. The last congress was held in Munich, Germany, in 1960.

The Weekly Message Of Inspiration

Attend The Church Of Your Choice

SELECTING LEADERS

Whenever an election time draws near, many thoughtful people are sincerely troubled. In spite of the excellent communication media of our times, there seems frequently to be such profusion of conflicting claims that the true facts may well be obscured. What recourse does anyone have to be able to cast his Ballot with the assurance that he has voted wisely?

The account of the prophet Samuel's choice of David to be anointed king of his people provides the answer. Though he had dedicated his entire life to the service of God, Samuel was so impressed by the outward appearance of David's brother Eliab that his first impulse was to accept him. This great prophet, however, was listening for God's direction and he was advised thus (1 Samuel 16:7): "Look not on his countenance, or on the height of his stature because I have refused him: for the Lord seeth not as man seeth; for man looketh on the outward appearance, but the Lord looketh on the heart."

Though seven would-be-candidates for the great honor passed before him, Samuel did not receive a divine leading to choose any of them. Not one of them was apparently worthy. Leaning on God as he did, Samuel was not tempted, we may be sure, merely to go ahead and choose one anyway, to try to pick the best of an unfit lot, or to flip a coin to make his decision. Though he had no reason to question whether Jesse had presented all his sons, Samuel was led to inquire, with the confidence born of spiritual direction, if there were not still more. The Bible relates that upon David's arrival God told Samuel to anoint David, for he was the right one.

Sometimes the voter has to choose from several candidates, none of whom seem completely satisfactory. Indeed, some electoral processes may often appear to allow the individual little, if any, choice in the matter of candidates he must vote for. Yet as each individual turns to divine Mind, God, the supreme intelligence, for his guidance and puts aside habit and tradition, emotions and prejudices, his choice will be rightly directed.

Let us remember that fundamentally God alone leads. In Isaiah we read (33:22), "The Lord is our judge, the Lord is our lawgiver, the Lord is our king." Whether we are voting for individuals to fill executive, legislative, or judicial positions, we may turn with certitude to the Almighty's loving direction. No issues can be too vague or too blurred by propaganda to obscure from us the right step to take.

What distinguished Christ Jesus perhaps more than all else was his humble following of the Father's will. He proved that it is possible for one to have continual divine guidance step by step, day by day, throughout his experience. As we, like the Master, acknowledge God's jurisdiction more and more in our daily lives, giving Him the obedience and respect due Him, we shall find that better men will become available as our human candidates and that we shall make wiser choices from among them.

Written for The Christian Science Monitor
FIRST CHURCH OF CHRIST, SCIENTIST

The Pampa Daily News

A Watchful Newspaper.

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Thoughts on Newspaper Week

Since this is National Newspaper Week, we comment further on the business in which we are engaged. It is no secret that The News and its sister newspapers in the Freedom Newspaper organization are not in complete agreement with a great many of the newspapers of the nation. The News believes too many newspapers have lost sight of the fact that their responsibility is to the individual, not to the political powers ruling their lives. We often have quoted Henry David Thoreau, who before the Civil War criticized the press which he said "is, almost without exception corrupt." Thoreau, an ardent foe of slavery, believed the press had a responsibility to oppose the politicians and their support of slavery. Today there is a new sort of slavery, in which the individual is lost in the conformity required by subservience to his political masters. And today the press, almost without exception, has adopted the idea that what the rulers say is good, and that he who criticizes his governors is "against government."

Close to the Welfare State

U. S. News & World Report has published a chart that every taxpayer should study. It shows the incredible growth of federal subsidies to the states and local government. In 1954 this spending totaled \$2.7 billion. The figure for the current year is \$10.2 billion. Next year, according to official estimates, it will reach \$10.6 billion. A very large part of this goes for a lengthy list of aid and welfare projects, along with such innovations as federally-financed slum clearance and housing developments. And, staggering as the dollar figures are, they can't tell the worst part of the story. That part lies in the steady erosion of state and local rights, obligations and responsibilities. At the rate we're going, it won't be long until nonfederal governments will be little more than meaningless names. We are closer to a Welfare State than the majority of people realize. Unless the trend is checked somehow, the ultimate effect on the American character, as well as the American pocketbook, will be disastrous.

Just Talk

Not long ago some presumably good news concerning federal spending and federal deficits flooded out of Washington. It was stressed, almost gleefully, that expenditures during the last fiscal year were more than a billion dollars less than the estimate and that the deficit was a hearty \$3.6 billion less. On first glance, this seems at least modestly cheering. But that first glance doesn't tell the story at all. The important thing isn't the estimates, which frequently are way off the mark. What counts is whether actual spending and actual deficits are going up or down. This is where the good news vanishes. Expenditures in fiscal 1964 were \$5.1 billion higher than in 1963, and the deficit was some \$2 billion more. The national debt rose again. To use estimates as yardsticks of performance is to beg the issue and to confuse the public. All the talk about government economy remains that—just talk. The probabilities are that federal spending will take another jump during fiscal 1965. And that will continue to be the case so long as a welfare state philosophy prevails.

BERRY'S WORLD

"Whaddya say we fight white mercenaries with yellow mercenaries?"

Clearing House

Articles for this column are preferred to be 200 words or less in length. However, longer articles may be printed. All letters must be signed.

Editor: Some people seem to be unsure as to what BARRY GOLDWATER means when he suggests that we should seek VICTORY over communism.

- If one reads carefully the proposals Mr. Goldwater has made, the pattern of what he would like to do is clear. He proposes that we: 1. recognize that communism is our enemy. 2. stop helping our enemy grow stronger. 3. help our friends who would like to oppose communism.

This is very simple, but it would mean a reversal of many of the things that happen because of our present foreign policy which often helps international communism. Mr. Goldwater knows that there are ways we can get the better of our enemy without war. He wants to use these. To help our friends and beat our enemies surely makes sense.

A great man said, "There is no substitute for victory." In my heart I know he and Mr. Goldwater are right. Will F. Graham, D.D.S. Pampa

Editor: I am among many readers of the Pampa News - and it seems to me that I have read in your paper freedom of speech.

But, all we ever read about is Goldwater - now I know your paper supports Goldwater, but since it is for every person to make up their mind it seems like your paper is trying awful hard to make peoples minds up for them. All I read in "Clearing House" is what Mr. Waldrop seems to think - not what every day citizens like myself think. We have our minds made up on who we want to vote for and we don't have to have sly remarks made against another party to try to change our mind. We like to read news, not campaign speeches all the time. But since this is a free world and freedom of speech, etc. How about just one little kind word about Johnson? After all a man can't be as bad as "Clearing House" always states it or he wouldn't be president today.

Donnie Burgin Skellytown

Editor: Our nation, our freedom, our very existence depends on election day - November 3, 1964. I trust Americans are aware of the danger we are in, due to the left wing liberal leaders in our government, who aid communist countries by supplying them with American dollars, food, jet planes, tons of wheat, medical supplies, etc. The "nice to the Communists" foreign policy of Kennedy and Johnson is a dismal failure. For proof we have only to look at Katanga, Berlin wall, Laos, Panama, Cuba, Viet Nam and many others. American soldiers are killed every day in Viet Nam in a war they aren't allowed to win. If the liberal leaders intended to win why would they supply our GI's with obsolete World War II weapons?

We must elect Barry Goldwater, Bill Hayes, Bob Price, George Bush, Jack Crichton, who dare to expose communist aggression and defend our precious liberty. Mrs. R. J. Ooley 200 Teague Borger, Texas

EDITOR'S NOTE - Mrs. Laura Byrd, 117 N. Faulkner, in a letter to the editor, requested publication of the following article from the First Methodist Church paper, "Church Week."

"Saddest news of the week was an AP report from Houston. Plans are underway for a teenage Birch Society. Chapters among public school students are planned at the junior and senior high levels. Membership is open to youths age 13 to 19. "Now, you don't need to wait until you are an adult. At 13, you can learn to be suspicious and extremist, accusing those who do not think as you do of being disloyal Americans. Your list can include the late President, John F. Kennedy and the former President Gen. Dwight Eisenhower.

"Surely in the name of patriotism, if not in the name of Christianity, school officials and churchmen must work diligently to keep Houston youth from being deluded into supporting the Birch Society. "Bigotry is bad at 30; it is tragic at 13."

Year-End Bargains

ROBERT ALLEN PAUL SCOTT

Backstage Washington

U.S. Aid Still Flowing to War-Mongering Indonesia Despite Red Ties - \$46 Million '64, Perhaps \$13 Million in '65

WASHINGTON - It's incredible, but a large amount of U.S. aid is still being dished out to Indonesia's war-mongering, Kremlin-trucking President Sukarno. That isn't all. In addition to getting an estimated \$46 million in economic and military aid this year, another \$13 million is tentatively budgeted for the woman-chasing, swashbuckling Soviet lackey in 1965. This astonishing policy is being pursued by President Johnson and Secretary Rusk notwithstanding Sukarno's recent taunting insult, "To hell with U. S. aid," his warring against Malaysia for the publicly avowed purpose of "crushing" that newly-independent nation, his covert threats to attack the Philippines, and his flagrant toadying to the Communists.

At last week's Cairo conference of so-called "non-aligned" countries, he truculently sponsored a Peking-inspired resolution denouncing "co-existence" with "Western Imperialist powers." One of the extraordinary facets of the administration's policy was the President's strong-arm intervention to block Congress from cutting off aid to Sukarno. During the stormy Senate battle over the President's demand for a \$3.5 billion foreign aid budget, an amendment was adopted by an overwhelming 62 to 28 majority barring aid to the strutting Indonesian dictator. Whereupon the President personally got busy and high-pressure members of the House - Senate conference committee to scuttle this provision. He got his way.

Protected by the secrecy of their closed-door deliberations, the small group of conferees ironing out differences between the House and Senate versions of the foreign aid budget, knuckled under to the President and axed the anti-Sukarno amendment. Senators Milward Simpson, R-Wyo., and Wayne Morse, D-Ore., denounced this backstage hatching, but were unable to reverse it. The Senate approved the conference report.

Whereupon Morse served notice this fight would be vigorously renewed next year. "We are determined to put an end to this disreputable aid program to Sukarno," he told the Senate. "The kind of aid we are furnishing him has nothing in the world to do with helping the people of Indonesia to live better, with raising their standard of living. It has got to stop."

WHAT IT'S COST US - Since 1949, the U.S. has poured more than \$618 million in economic and military aid into Indonesia. In addition, the Export-Import Bank has paid out some \$162 million in so-called "long-term" loans - for an over-all total of \$780 million. Of the aid, \$278.6 million was economic; \$58.8 million military; \$281 million in "Food for Peace" grants. These figures do not include the still-incomplete Indonesian aid expenditures this year, estimated at \$10.3 million economic, \$1.7 million military, \$34.3 million "Food for Peace," a projected \$13 million for 1965, and three expensive "good will" trips Sukarno made to the U.S. in 1956, 1960 and 1961. During these junkets he demanded and got a harem of "call girls" - with unofficial State Department assistance. As previously disclosed by this column, the Indonesian embassy, in advance of one of these trips, bluntly notified the department that the "success of Sukarno's mission would depend on the availability of women." According to an unpublished department report, uncovered by the Senate Internal Security Subcommittee, the Indonesian

NEWSPAPER WEEK

Some Historical Facts About U.S. Newspapers

... were left for me to decide whether we should have a government without newspapers, or newspapers without a government, I should not hesitate a moment to prefer the latter." Thomas Jefferson, in a letter to Colonel Edward Carrington, January 16, 1787. The first newspaper published in the American colonies was a Rublick Occurrences Both Foreign and Domestic in Boston in 1609. This three-page paper listed only one issue, being suppressed by the governor within four days. The Boston News-Letter, in 1704, became the first continuously published newspaper in America. It was published until the Revolution. A Tory paper, it suspended publication when the British evacuated Boston. The Boston Gazette was published in 1719. Its first printer was James Franklin. His younger brother, Benjamin, became his apprentice at 13. An influential paper, it stood for independence, survived the Revolution, but perished in 1788. The first American daily newspaper was the Pennsylvania Evening Post, published by Benjamin Towne in 1783. It lasted 17 months, during which time its publisher was indicted for treason. Formerly, it had been a weekly.

Francis Childs' New York Daily Advertiser, founded in 1785, was the first American newspaper to be founded as a daily. Dailies came into the picture mostly because publishers wished to compete with the coffee-shop bulletins in giving reports to merchants of the offerings of importers or such, as soon as the ships arrived in the harbors of New York and Philadelphia. In the beginning, most of the larger dailies charged six cents a copy. The first successful penny daily was the New York Sun, founded in 1833 by Benjamin H. Day. The penny papers initiated what may be called modern journalism by their emphasis on local news and timeliness. George W. Kendall, co-founder of the New Orleans Picayune, became the first important and regular reporter of military actions from the field when he reported the Mexican War for his newspaper. The first newspaper west of the Appalachians was the Pittsburgh Gazette, founded in 1786. The first Hawaiian newspaper was the weekly Sandwich Islands Gazette and Journal of Commerce in 1836. More than 150 special correspondents served northern newspapers in the field during the Civil War. After the U.S. entered World War II, 1,186 American correspondents and news officials representing all media were accredited by the War Department. Thirty-seven were killed and 112 wounded, not counting combat correspondents. Among the most famous were Ernie Pyle and Raymond Clapper of Scripps-Howard and Webb Miller.

There's nothing like being ready for emergencies! A Pittsburgh, Pa., bank, noting the wave of bank robberies there, prepared press releases with blanks that can quickly be filled in with pertinent facts if the need arises. A Swedish colorist, who made a study of automobile colors, says pink cars are less likely to be involved in accidents than black vehicles. Let's hope Detroit doesn't start turning out pink ones.

Today's smile: A college professor interrupted his lecture to ask a student who had just entered his classroom: "Why are you late?" The student replied: "Because class started before I got here."

A Fort Worth, Texas, dog salon provided an unusual customer convenience by having a TV camera trained on the clipping table so owners may watch their pooches being clipped on a waiting room screen. That's probably better than reading the dog-eared magazines you find in waiting rooms. Uncle Sam might well be the world's largest hand owner. The Dept. of the Interior has jurisdiction over 720-million-acres of public land in the U.S. and its possessions, and 7 million acres of water, including 22,900 miles of canals, streams, rivers and lakeshores. Here's something to ponder in an election year: Sen. Russell Long of Alabama predicted recently that in the not too distant future 50 per cent of an individual's income may go for direct taxation. He broke it down thusly: a 20 per cent social security tax; a 20 per cent federal income tax; and the rest in local and state taxes.

Thoughts while shaving: We've been hearing a lot about Medicare this past summer-but many persons don't realize that all three levels of government are already providing personal health care for the public. Last year the federal, state and local governments spent \$6.6 billion for that purpose. A prominent shoe manufacturer recently made a study of women's gripes about footwear and learned that most complained of discomfort. The second biggest lament was that shoes wear out too quickly. We doubt if either fault will be remedied because gals will wear anything if it's in fashion. A recent survey showed employment in state and local governments has skyrocketed since World War II. There are now more than 3 million persons working in state houses, county buildings and city halls across the nation compared with 1.5 million in 1947. This is a push button age. Just to make it easier for Junior to do his homework a firm invented a three-ring loose leaf notebook with two buttons between the rings. Push one to open the rings and push the other to close them. And to provide the ultimate in comfort a British firm manufactures a bed with a built-in heater that radiates warm air through the mattress. During hot weather the fan can be used without the heater to circulate cool air. During a recent trip to Colorado we stopped at many Holiday Inns. All were equipped with massage beds, which were activated by dropping a coin in a slot. They're just the thing to soothe and revive a tired motorist. The New Bern (N.C.) SUN - JOURNAL reported: "Khrushchev promised to buy America economically." There's no doubt he'd like to own it.

The Nation's Press

(N.Y. Daily News) HHH stands for Hubert Horatio Humphrey, Democratic candidate for Vice President. ADA stands for Americans for Democratic Action.

HHH was a co-founder of ADA back in 1947, and is still a member. He seems to be very vague these days, though, as to what manner of group ADA is. To hear HHH tell it in his campaign speech the ADA is a patriotic band disliked mainly by Communists, John Birchites and a few Republicans. Well, the ADA's 1964 platform called, among other things, for: Immediate start of negotiations toward U.S. recognition of Red China and its admission to the United Nations, without abandoning Formosa (neat trick if you can do it; both Nationalist China and Red China deny that there are two Chinas); Neutralization, in effect, of all Southeast Asia; General and complete disarmament, enforced by the UN; Defeat of proposals to reverse or modify the U.S. Supreme Court's ruling against public school prayers; Discontinuance of the House Committee on Un-American Activities.

We just thought Sen. Humphrey might like to have his memory refreshed as to what the ADA stands for. He seems to have forgotten - or at any rate to want the voters to forget. All of the ADA demands above listed are also pet demands of the U. S. Communist Party.

It Was Always Thus Each time we call our kids for school They'll pout, they'll plead, they'll yawn, But Saturday, without a peep, They're up at crack of dawn!

U.S. Bankers Seek Help of Piggy Banks

WASHINGTON (UPI) — The U.S. Mint and American Bankers appealed to the public Wednesday to shatter its piggy banks and empty its cookie jars to help relieve a serious coin shortage.

Treasury Secretary Douglas Dillon said the mint is stamping out 20 million coins a day, but the shortage will continue to be serious through the Christmas buying season. He said the shortage was temporary and "we can look forward to the end of the coin shortage next year."

He held a news conference there were several reasons for it, but the main one is that speculators are busy in the coin market.

Dillon called a news conference to help the American Bankers Association (ABA) open a nationwide campaign designed to ease the shortage this fall.

Mint Director Eva B. Adams said coin production reached \$50 million in September. The mint is shooting for well over 600 million coins in October and 700 million in November.

OPPORTUNITY

TOKYO (UPI) — A bar located near the Olympics Stadium has a sign in English outside stating it has pretty hostesses who speak English, French and Russian.

The sign says this is "an opportunity too good for a foreigner."

Eight political parties had candidates in the presidential campaign of 1908.

PRAYERS REMEMBERED

NEW YORK (UPI) — Mrs. Helena Rubinstein has given \$10,000 to a Catholic convent whose sisters remembered her in their prayers at the time she died two blond men, it was announced Wednesday.

The 92-year-old cosmetics manufacturer was so impressed by a letter she received from the Sisters of Christian Charity in Mendham, N.J., last May that she made the gift through the Helene Rubinstein Foundation. She earmarked the money for the education of future teachers in the order.

Mrs. Rubinstein forced two thugs to flee from her luxurious triplex penthouse on Park Avenue May 22 after refusing to open a safe at gunpoint.

BAN BEATNIKS

BOURNEMOUTH, England (UPI) — The town council here is considering a by-law to ban beatniks from sleeping on the beach and under the pier.

On The Record

Highland General Hospital does not have a house physician. All patients, except severe accident victims, are requested to call their family physician before going to the hospital for treatment.

Please help us to help our patients by observing visiting hours.

Home Sweet Home Insurance

(that really pays off)

A State Farm Homeowners policy pays off two ways. First, by protecting your home and belongings against almost every risk imaginable. (Even covers you in case of lawsuits.) And secondly, by paying big dividends.

Homeowners dividends are the same kind of good deal that's already saved Texas drivers more than \$45 million on auto insurance through State Farm Mutual. Care for more details? Call me today!

STATE FARM FIRE AND CASUALTY COMPANY
Home Office: Bloomington, Illinois

Harry V. Gordon
Your Top O' Texas Agent for 17 Years
1105 1/2 Alcock MO 4-8361

The State of Texas has approved a 10% dividend on State Farm Homeowners policies purchased on or after July 1, 1964.
