## Tax Stamp Counterfeiters Nabbed

### Two Indicted in Sale of Drug to Cancer Victims

Charge Accuses Brothers of Conspiracy to Dodge Food Law

CHICAGO (UPI)—Dr. Stevan Durovic, the refugee physician who developed the controversial drug Krebiozen, was free on \$500,000 bond today under indictment charging conspiracy to violate the Pure Food and Drug Act.

His attorney brother, Marko Durovic, was also indicted.

The indictment, returned by a special federal grand jury, was

### Band Sweetheart To Be Crowned At Game Tonight

Halftime ceremonies at tonight's Harvester - Lubbock Westerner football game will feature the crowning of the 1964-65 band sweetheart.

Members of the Harvester Band voted last week by secret ballot for one of three nominees. The results of the vote will be revealed tonight.

Sweetheart nominees are Donna Conner, 17, daughter of Mr. and Mrs. Frank Conner; Twilio Preuss, 17, daughter of Mr. and Mrs. Otto Preuss; and P. A. Lambright, 17, daughter of Mr. and Mrs. B. J. Lambright, all of Pampa.

Band Director Fred Stockdale said, "The three nominees are senior girls who have displayed superior ability as band members and have worked to make the organization the pride of Pampa."

The sweetheart will be presented a floral arrangement by Band President Marshall Gardner and each attendant will be presented gold bracelet.

Also, during halftime ceremonies tonight, Randy Matson, Pampa track - star and Olympic silver medal winner, will be introduced.

### UF Continues Steady Rise

Pampa - Lefors United Fund campaign total continued to grow as the new figure reached \$44,299.76 following a report meeting of volunteer workers yesterday afternoon.

The new figure is an increase of \$2,038.50 over the last previous total released on Wednesday.

Another report meeting is scheduled for this afternoon in the United Fund office.

General gifts division chairman Hugh Peoples said that most of the workers are doing a fine job in working their prospect cards. However, he noted that there are a great many individuals and firms who wish to contribute, but who have not yet been contacted. He stressed that all prospects should be seen as soon as possible.

The United Fund's campaign goal is \$70,000 to support six member - agencies.

### Rest Home Blaze Takes Lives of 7

COLUSA, Calif. (UPI)—Seven elderly residents of a rest home here were burned to death early today when flames destroyed the ranch-style building.

The Colusa County coroner's office said the blaze broke out about midnight in the home a mile north of Colusa. Seven residents of the home and its supervisor escaped.

Cause of the blaze had not been determined.

kept suppressed until Thursday. It charged that Krebiozen had been introduced into interstate commerce "with intent to defraud commercially, not for a bona fide investigation to determine amounts of money" out of the country.

The Durovics and former University of Illinois scientist Dr. Andrew C. Ivy have staked their reputations on claims that Krebiozen is effective in the treatment of cancer. Organized medicine opposes them.

Ivy, who has accused the Food and Drug Administration (FDA) of spending \$1 million "trying to block a fair trial" of Krebiozen, was not named in the indictment.

The Durovics, who came to the United States from Argentina after fleeing Communist rule in Yugoslavia, were freed when they signed \$500,000 personal bonds. They were not required to post security but were to surrender their U. S. passports to the court by this afternoon.

Federal Judge Joseph Sarah Perry said the government could seize the Durovics' assets if the brothers disappeared. "There is no question but that these defendants have sent huge amounts of money out of the United States—tremendously large amounts of money," Perry said.

### Sit-in Continues On Drug Arrests

WASHINGTON (UPI)—A group of cancer victims continued their sit-in vigil today outside the office of Health, Education and Welfare Secretary Anthony J. Celebrezze today to protest indictments against the originators of Krebiozen.

About 26 of the demonstrators, suffering from varying degrees of the disease, began the sit-in Thursday after Dr. Stephen Durovic and others were indicted for conspiracy to place the controversial drug in illegal interstate commerce.

Officials said about 17 of the demonstrators spent the night in front of the office. They said there would be no attempts to remove the group, which included men, women and one five-year-old boy suffering from cancer.

The demonstrators said in a statement they feared the indictments would shut off their supply of the drug, which is made in laboratories in Illinois. They claim the drug is their "life-line" which keeps cancer from spreading and becoming fatal.

The federal government has taken the position, based on a study by 24 independent clinical experts, that there is nothing to indicate Krebiozen is of any benefit in the treatment of cancer.

TOWER STOPS IN PAMPA — Sen. John Tower of Texas is shown grasping the hand of Bob Price, right, congressional candidate, and wishing him victory at the polls Tuesday as Mrs. Price looks on. At left is Clayton Husted, Gray County GOP executive committee chairman.

### Beauty Charged After Suicide Try In Coast Motel

LOS ANGELES (UPI)—Leona Gage, Miss U.S.A. for one day in 1957, was reported in critical condition today in the prison ward of County General Hospital, following a suicide attempt.

The 26-year-old former Miss Universe contestant was booked Thursday night for possession of marijuana after she was found unconscious in a Sunset Boulevard motel in Hollywood.

Police said a note found at the scene read:

"As strange as I know this must sound I feel in my heart to make my exit at this point in my life would be the wisest thing to do. I would like to believe that there are a few who will understand. Good luck to everyone. God bless you all."

It was signed Mary Leona Gage.

Miss Gage, who has had frequent marital and career problems, was clad in a white sweater, checkered leotards and high boots when discovered in the motel. Police said her left boot contained a half-ounce of marijuana.

In 1957, Miss Gage won the Miss U.S.A. title in the Miss Universe beauty pageant at nearby Long Beach. She was disqualified when judges found out she was married and had two children.

Shortly after the contest she worked as a Las Vegas showgirl. In February of 1958, she was divorced from Air Force Sgt. Gene Ennis. A previous marriage, when she was 14, had been annulled. In 1958 she married her third husband, Nick Covacevich.

### Gypsies Mourn Death Of Young Lover

AUSTIN, Tex. (UPI)—Hundreds of weeping Gypsies—swarthy mustachioed men, and women in colorful skirts—pitched their tents around a funeral home today, mourning the death of a 15-year-old "Gypsy prince" who shot himself for love.

Some 200 Gypsies were camped around the Hyttin-Manor funeral home this morning, and their leaders said another 300-400 members of the tribe were on the road and would arrive today and tomorrow.

They were mourning prince Miller Evans, who shot himself with a .22-caliber pistol

### Pollsters' Predictions Rejected by Tower

The decision American voters make at the ballot box next Tuesday will be the most important in a generation, Sen. John Tower told a breakfast audience of 150 persons in Colorado Inn this morning.

The Republican senator from Texas joined at the breakfast with Bob Price of Pampa, 18th District congressional candidate, in espousing the cause of Barry Goldwater for President and George Bush for senator from Texas.

Senator Tower rejected views of the pollsters who predict a Democratic landslide on Tuesday.

"I don't care what the pollsters say," Tower said. "I have been all over the United States in this campaign. I believe the people will elect Goldwater because they know him to be a man with a cause."

"Thinking people are for him because his goal is to return government to the people and because he believes that we must stay strong militarily in order to keep the peace."

"They know that Goldwater wants a victory over Communism and that the only way this can be achieved is to keep our American defenses up-to-date. You cannot achieve peace through weakness."

Tower charged that today's biggest threat to the United States and the world is Communist imperialism.

"If we are to survive that threat," the senator said, "we must elect Barry Goldwater on Tuesday."

The senator from Texas urged the election of Bob Price to Con-

gress because he said the "Congress needs dedicated men who will help restore government to the people and oppose the current trend of Congress being ruled and dictated to from the White House."

He charged that under President Johnson the Congress has felt more and more encroachment on its powers from the executive branch.

"He wants only power and he doesn't care how he gets it," Tower said.

The senator rapped the American for Democratic Action (ADA) of which Vice Presidential candidate Hubert Humphrey is one of the founders.

"The ADA advocates the nationalization and socialization of industry," Tower said.

"The nation, he stated, has been going down the road to socialism fast under the Democratic regimes."

"More and more the states have been losing their rights and responsibilities," he added. Again predicting a Republican victory on Tuesday, Tower said:

"The American people want to hold onto their individual liberty and freedom of choice and therefore are turning to Barry Goldwater. You do want a man in that high office who believes power belongs to the people and who will return that power to them."

Tower flew into Pampa early today from Roswell, N. M., where he spoke at a Republican rally last night.

From Pampa, the senator went on to Perryton and was due for stops in Borger, Dumas and Amarillo.

### Civilian Premier Takes Over in South Viet Nam

SAIGON, Viet Nam (UPI)—Mayor Tran Huong of Saigon was appointed today as the first civilian premier in nearly a year of war-torn, dissension-ridden South Viet Nam.

On the anti-Communist war front, two U.S. Air Force pilots were killed Thursday in a fighter-bomber crash 12 miles northeast of Saigon. A U.S. spokesman said the pilots were on a training flight and the crash was "not believed the result of hostile fire."

Their deaths raised the number of Americans killed in four years of warfare in Viet Nam to 314, including 217 killed in combat against the Communist Viet Cong guerrillas 97 killed in accidents.

Mayor Huong, 60, was asked by the new civilian chief of state, Phan Khanh Suu, to head the new civil government which is supposed to succeed that of Maj. Gen. Nguyen Khanh.

Huong's appointment was subject to approval by the 17-member High National Council. The council's disagreements over the choice of a premier had already delayed the transfer to civil rule by three days past the Oct. 27 deadline promised by Khanh.

Though Khanh was stepping down as premier he was expected to retain control of the army and thus the direction of the anti-Communist war.

Embattled South Viet Nam has been under military rule since the overthrow of President Ngo Dinh Diem's regime one year ago this coming Sunday.

### Loss to State May Go Into Millions

HOUSTON (UPI)—State authorities smashed a huge ring Thursday night they said turned out thousands — perhaps millions — of dollars worth of counterfeit cigarette stamps, and hunted for a prominent Houston businessman today as the ringleader.

State authorities said they expected Mair G. Schepps, a wealthy candy and cigarette merchant who was himself the target of a brutal torture-robbery earlier this year, to surrender some time today. They said he faces four separate charges.

Six other men were arrested in three raids by 40 law officers. One raid was on a home where four of them were caught in the act of printing the counterfeit stamps, officers said.

The state comptroller's department estimated the ring had evaded \$50,000 worth of state cigarette taxes a month.

**Intensive Inquiry**

The raids climaxed 18 months of intensive investigation. Capt. Eddie Oliver of the Texas Rangers said he thought the ring had been in operation since the disappearance of a stamping machine as it was being moved from Galveston to Austin.

By the comptroller department's estimate, the ring could have evaded a million dollars worth of cigarette taxes in 20 months, and Oliver said the stamping machine disappeared seven years ago.

Police seized more than 1,000 cartons of illegally stamped cigarettes, and 2,000 cartons of cigarettes with no state tax stamp at all. The comptroller's office estimated the unpaid tax on these cigarettes alone at \$2,460.

**Warehouse Watched**

DPS agents said a candy and tobacco warehouse owned by Schepps had been kept under surveillance. Agents followed a truck that shuttled cigarettes

from the downtown warehouse to the home of Oranza Terry, 47, agents said.

Terry's house was one of those raided. It was there that agents said they found Terry preparing cigarette cartons and three others in the act of preparing cigarette cartons with illegal stamps.

The other three were identified as Warren Fuslier, 48, John Vitello, 40, and Casimiro Reyes, 30, all of Houston.

J. W. Court, 48, was arrested in a downtown Houston tobacco shop. J. M. Eyster, 26, was arrested in a raid on his home.

### Rebellious Mobs Fight With Troops

LA PAZ, Bolivia (UPI)—Rebellious mobs stormed and burned the Health Ministry here and battled troops and police in two other cities Thursday, increasing the toll of a week of bloodshed to at least 32 dead.

The Bolivian government charged that the riots were whipped up by the embassy of Communist Czechoslovakia. It announced that it is breaking diplomatic relations with Czechoslovakia.

Bolivia's embattled cities were uneasily quiet through the night, with sporadic gunfire crackling through the streets. New violence appeared likely today.

La Paz's rioters were barricaded in San Andres University, here as elsewhere in Latin America a "privileged sanctuary" for the government's foes.

### Absentee Voting Indicates Record Election Turnout

Pampa voters had set a new high for absentee votes at noon today, five hours before the deadline.

If the absentee votes serve as any indication, there also should be a record number of voters in Tuesday's general election.

The Gray County Clerk's office said that 847 persons had voted absentee at noon and a large number are expected to vote this afternoon.

In the 1960 presidential election, 702 absentee ballots were cast.

Polls will open Tuesday at 8 a.m. and close at 7 p.m. at the 13 polling places over the county.

A sample ballot and list of the polling places will be published in Sunday's edition of the News.

If it comes from a hardware store we have it. Lewis Hdwe. Adv.

### Pampa Students Cast Votes Today For Top Offices

Students at Pampa High School and history and government students at Pampa and Robert E. Lee Junior high schools went to the polls today in a mock election for local, state, and federal candidates.

The election at the high school resembled a regular election in almost every detail including poll tax requirements and voting booths in which to ballot.

The students were required to purchase a 5 cent poll tax before they were eligible to vote. Precincts were divided off according to student classification with precincts judges and election officials appointed through government classes.

Superintendent of Schools Jack Edmondson said the mock elections were being held to impress upon the students the importance of voting and to instruct them in the mechanics of voting procedures.

The results of the election will not be announced until Wednesday.

### Ford Dealers To Rent Cars

NEW YORK (UPI)—Ford Motor Co. Thursday announced plans to establish a rent-a-car operation on a country-wide basis under its own name.

The company said the operation will be handled by its dealers, 500 of whom already have agreed to participate. An additional 1,500 or more dealers eventually may take part, the company said.

The new division will offer for rent on a daily basis Falcons, Mustangs, Fairlanes and Thunderbirds in addition to station wagons, pickup trucks and special vehicles. Ford already has a leasing division.

Airport rental offices now control 60 per cent of the car rental business, and Ford will compete for a share in the remaining 40 per cent, according to the announcement.

John B. Costello, formerly the region manager for the Great Lakes area of the leasing division, will be manager of the new operation.

## SEVEN REASONS FOR BIBLE STUDY

The Bible is the best book in the world, yet we do not read it. We want our children to have the very best in life, and we spend many dollars on their secular education and on physical considerations, but criminally neglect the spiritual.

### WHY STUDY THE WORD OF GOD?

I. To Show Ourselves approved unto God. 2 Tim. 2:15. We ought to desire the approval of God above everything else in this world. It may be that we will not receive the world's applause for good looks, riches, position or some brand of talent, but we can receive God's approval by diligently applying ourselves to the study of his word.

II. For Spiritual Growth. Eph. 4:11-13. Growth is normal and wonderful. We become alarmed if children do not grow. In fact, failure to grow is tragic. The story is told that a nurse in St. Mark's Park in London was pushing a beautiful baby carriage along the lake side. Some man sitting on the bench was so attracted that he felt a compulsion to see the child in that lovely carriage. But when he looked, it almost terrified him, for he was staring into the face of a man forty years of age. Physically and mentally he had never developed. This arrested growth was a nightmare. So are those who never study God's word to become and be mature Christians.

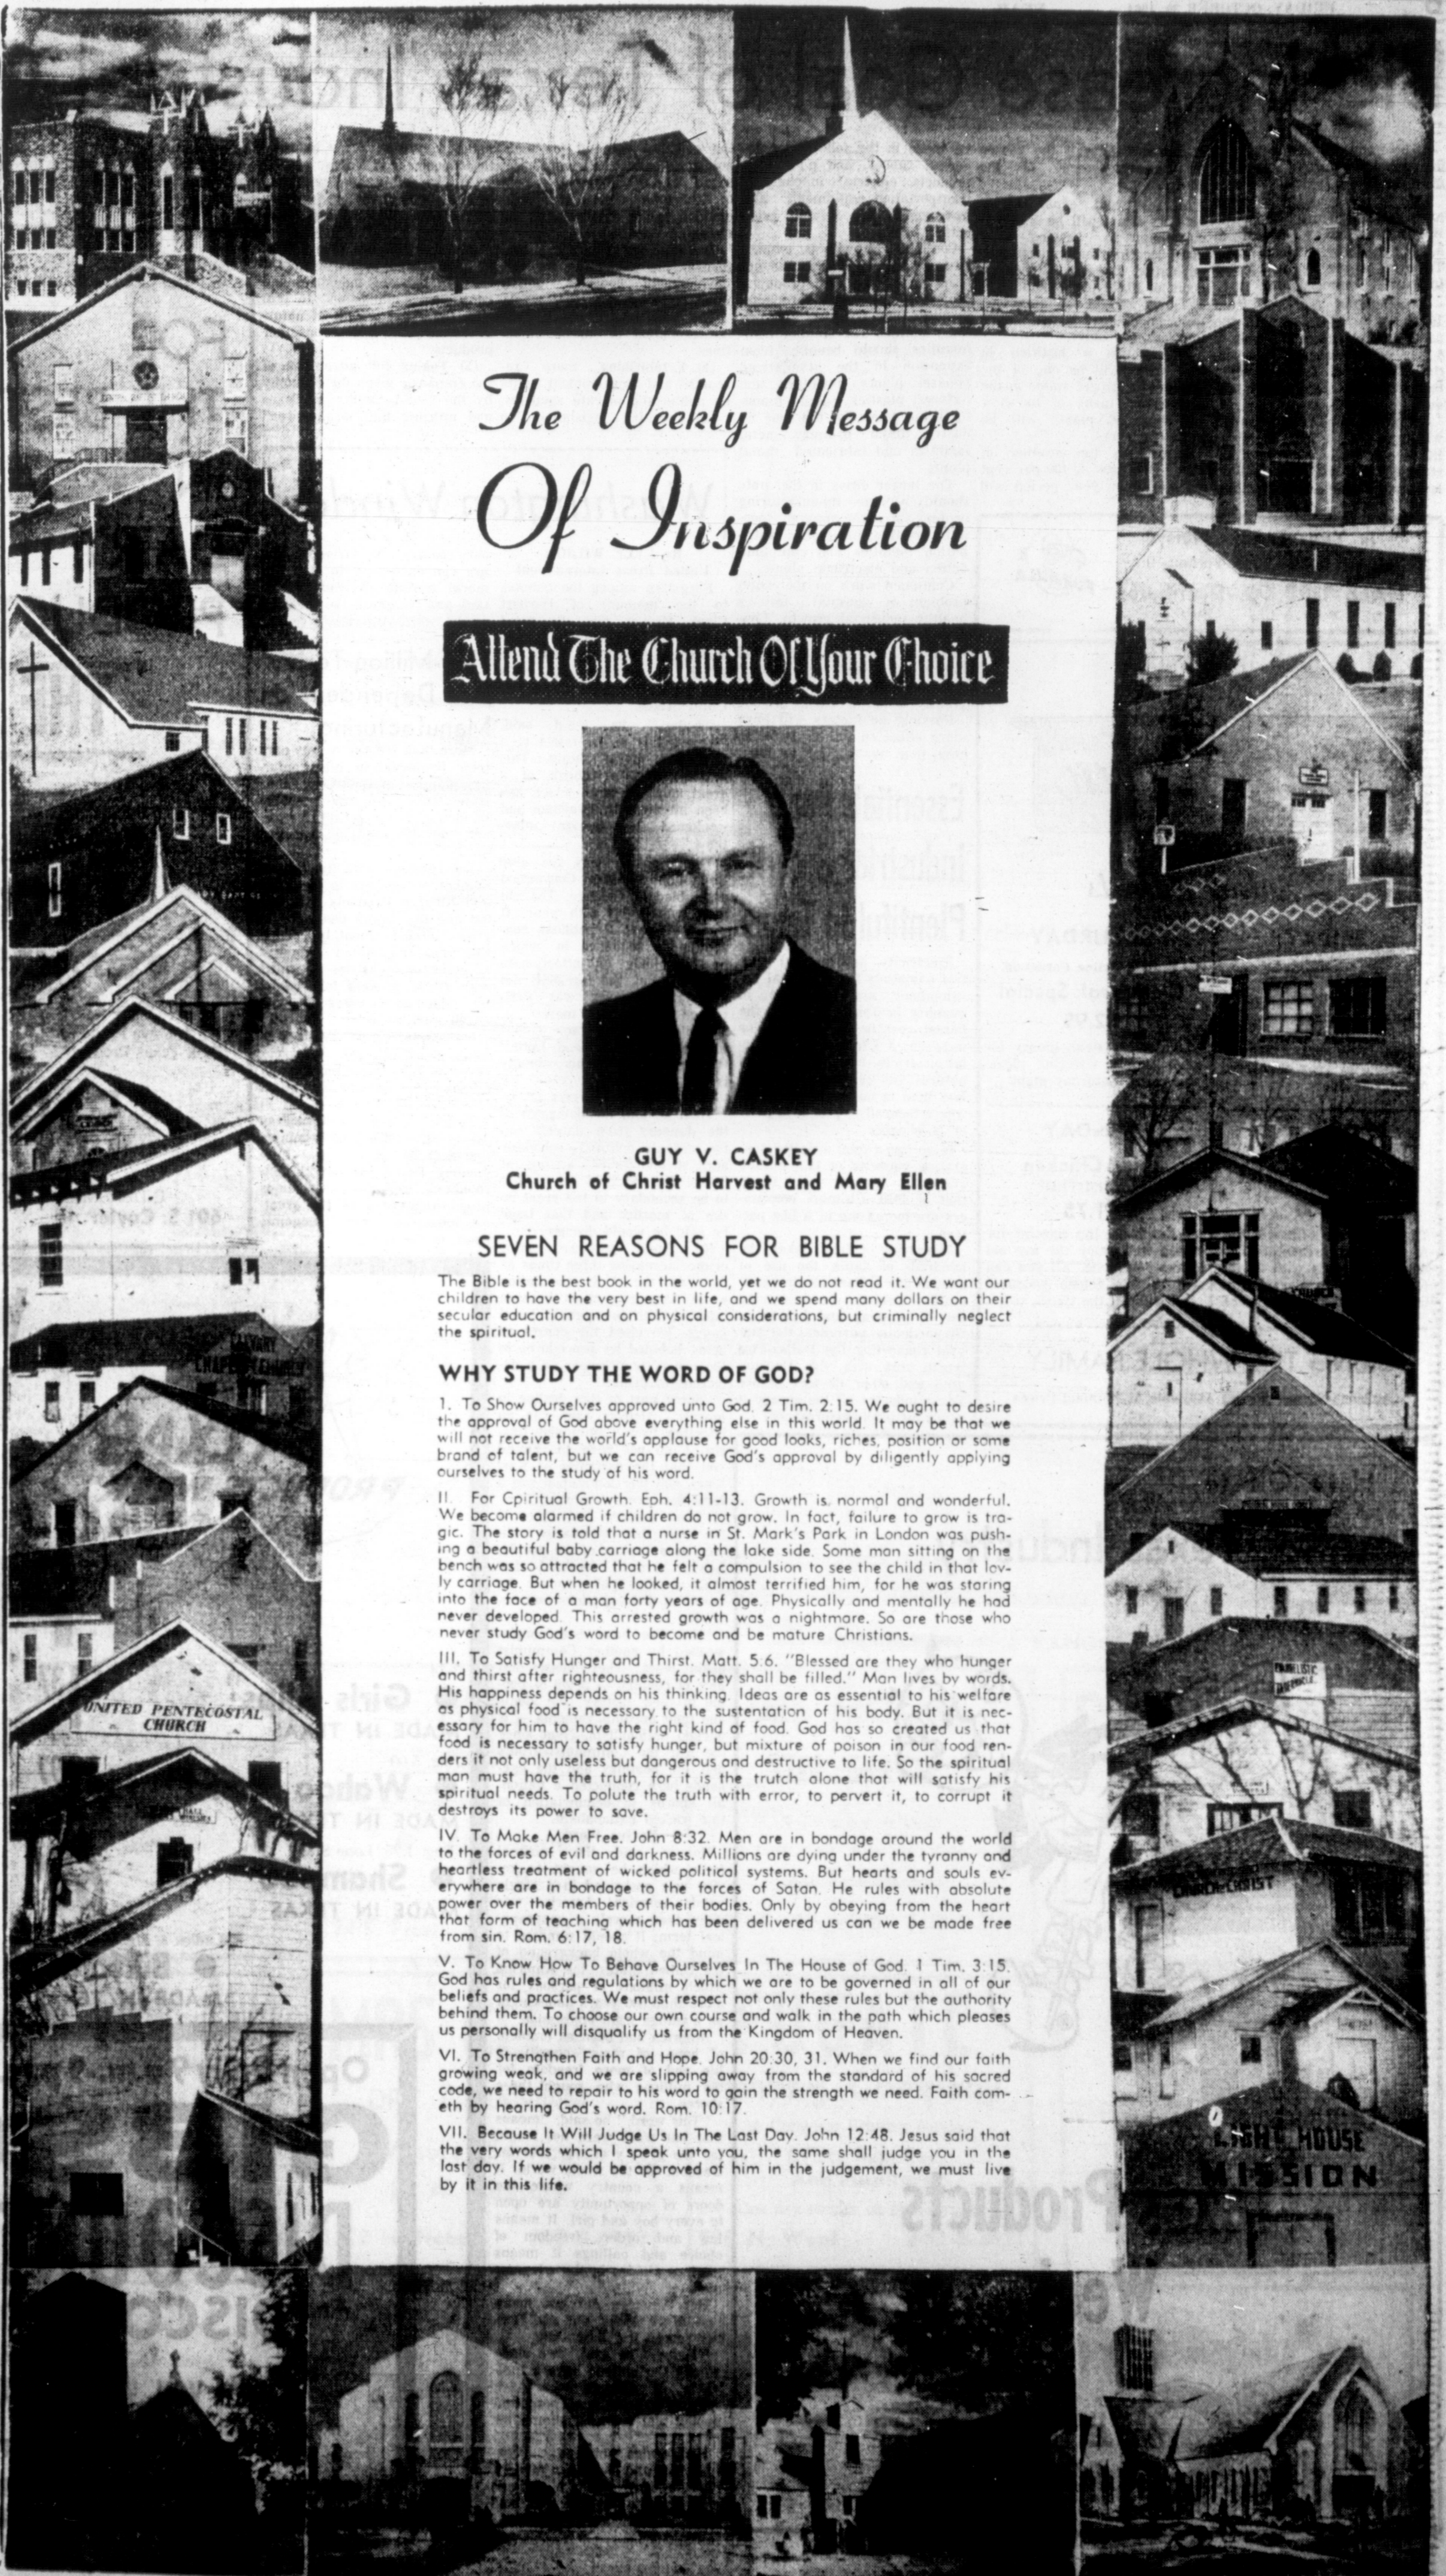

III. To Satisfy Hunger and Thirst. Matt. 5:6. "Blessed are they who hunger and thirst after righteousness, for they shall be filled." Man lives by words. His happiness depends on his thinking. Ideas are as essential to his welfare as physical food is necessary to the sustentation of his body. But it is necessary for him to have the right kind of food. God has so created us that food is necessary to satisfy hunger, but mixture of poison in our food renders it not only useless but dangerous and destructive to life. So the spiritual man must have the truth, for it is the truth alone that will satisfy his spiritual needs. To pollute the truth with error, to pervert it, to corrupt it destroys its power to save.

IV. To Make Men Free. John 8:32. Men are in bondage around the world to the forces of evil and darkness. Millions are dying under the tyranny and heartless treatment of wicked political systems. But hearts and souls everywhere are in bondage to the forces of Satan. He rules with absolute power over the members of their bodies. Only by obeying from the heart that form of teaching which has been delivered us can we be made free from sin. Rom. 6:17, 18.

V. To Know How To Behave Ourselves In The House of God. 1 Tim. 3:15. God has rules and regulations by which we are to be governed in all of our beliefs and practices. We must respect not only these rules but the authority behind them. To choose our own course and walk in the path which pleases us personally will disqualify us from the Kingdom of Heaven.

VI. To Strengthen Faith and Hope. John 20:30, 31. When we find our faith growing weak, and we are slipping away from the standard of his sacred code, we need to repair to his word to gain the strength we need. Faith cometh by hearing God's word. Rom. 10:17.

VII. Because It Will Judge Us In The Last Day. John 12:48. Jesus said that the very words which I speak unto you, the same shall judge you in the last day. If we would be approved of him in the judgement, we must live by it in this life.

# Big Increase Goal of Texas Industrial Commission

A booming 61 per cent net increase in industrial employment in 15 years!

This is the goal that Texans have set for themselves in the 1962-1977 period as outlined in a 24-page study, "Goals for Texas," issued by the Texas Industrial Commission.

A population increase from 10,000,000 to 14,000,000 in the same period represents only a 4 per cent increase; however, the economy of Texas justified the projected accelerated industrial growth.

Automation and mechanization will have their effect; however, the rich natural resources of the state coupled with the dynamic leadership which is a tradition

in Texas can spell the reason for the achievement of the goals.

Mergers and expansion of existing firms will be a major contributor to keeping new plant locations in proportion to population increase. From a count of 10,581 plants in 1962 to 14,750 in 1977 is the ambitious program outlined in the "Goals for Texas" study.

This growth is justified in that Texas will be one of the dynamic industrial states in the nation, and many of the new and expanded plants will be large employers.

Increase in the number of plants in excess of 100 per cent for the fifteen year period will

be made in the following categories: rubber, and plastic products; electric machinery; transportation equipment; and instruments and related products.

Continued growth is expected to be experienced in the apparel and related products, chemical and allied products, furniture and fixtures, and primary metals. The smaller communities should benefit from expansion in the standardized apparel plants, furniture and fixtures, plastics, supply manufacturing points for the shoe industry, major primary metal facilities and fabricated metal plants.

The larger cities in the state should become manufacturing centers for style apparel, specialty printing, basic shoe distribution facilities and communication and electronic plants.

Continued work on the water problem is essential for a healthy industrial growth. Low-cost transportation is another need for goods movement, and improvement and development of marketing techniques will greatly aid all industrial growth.

Possibly no factors will have more effect on the Texas economy than the ability to meet

the constant demand for technological change through research and development. A pool of skilled technicians and workers can be the best asset in the changing economy.

The State of Texas should furnish the leadership for this development however, action must come at the local level.

The goals can be obtained by the execution of these objectives:

(1) Establishing more research and development units by public and private agencies.

(2) Enacting legislation to make it attractive for industry to do business in Texas.

(3) Correcting the problems of the transportation industry and encouraging low-cost transportation to facilitate the movement of goods to markets.

(4) Securing industries to fill the gap between industrial and consumer demands and to process the great wealth of natural resources into consumer products.

(5) Taking full advantage of the emphasis given the economy by the NASA facility in Texas and utilizing the "brainpower" in the state.

(6) Making the up-grading of the educational system an integral part of the progress to upgrade the standard of living in the state through leadership and guidance supplied by the Texas Industrial Commission.

**Washington Window**

By LYLE WILSON  
United Press International

Forgotten among the tributes to the memory of Herbert Clark Hoover was the great man's final declaration of conservative political faith in which he lamented the evils and dangers which beset the United States.

"Today," he had said, "America is in the midst of a terrifying moral slump. This nation needs a rebirth of a great spiritual force which has been impaired by cynicism and weakened by foreign infections."

The occasion was the 1960 Republican National Convention assembled in Chicago. The old man was in his 86th year. It was the fourth Republican convention in sequence to which he had bade an affectionate farewell. But the farewells did not take. Hoover was summoned to task once more.

"Unless some miracle comes to me from the Good Lord," Hoover said, "This finally is it."

**Tells Of Dangers**

Then he told the delegates of the dangers from abroad and the difficult political, economic and social issues arising at home. But he held all of that to be secondary to the great issue of morality and that issue he said he would discuss.

He found postwar major crime increasing three times as fast as the U.S. population while American cities became infested with teen-age criminal gangs. He cited the courts as being hobbled by procedures in the use of punishment as a deterrent to crime.

"Some part of this decline in morals," Hoover said, "is an infection from Communist Russia. I do not need to remind you that the doctrines of Karl Marx and the Communist are a total destroyer of morals."

"They declare that there is no God; they stigmatize religion as an opiate of the people. Lenin, himself, declared that their foreign policy must be based on dodges, tricks and untruths."

"We also have been brainwashed by another Communist basic tenet. They insist that love of country — pride of people in their history, the ideals and their accomplishments — is wicked nationalism. Ever since the war the Communist fronts and the beatniks and the egg-heads here conducted a national chorus to denunciation of this wicked nationalism."

**Revive Word**

Hoover said the spiritual force which he sought to revive was enshrined in a single word: America! America was more than merely a geographical term. It should summon to mind the whole background of the United States, the America which millions of persons for more than 300 years had sought as a refuge from oppression.

America had been an emblem of hope, of more security in life and of more freedom for the millions who sought these shores.

"This word," he said, "means that our wars were not fought for the glory of war, but for freedom for the whole world. It means a country where the doors of opportunity are open to every boy and girl. It means law and order, freedom of choice and callings it means glorious strides in the advancement of civilization."

"But America did not mean that to all Americans and Hoover scored the dissenters."

"Today," he said, "we alone among the nations have a multitude of citizens who have sunk to a posture of perpetual apologetic and seeming shame for

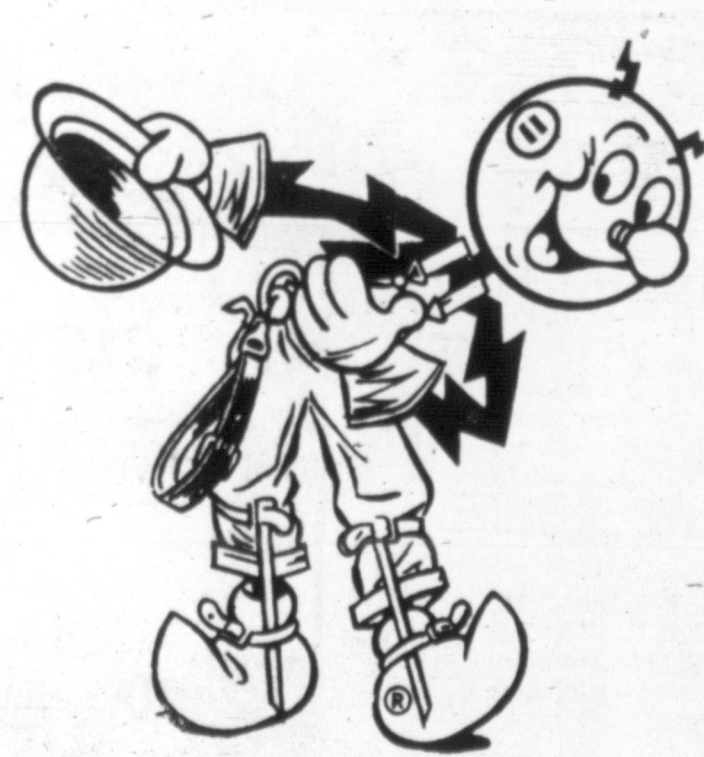

**Essentials For Industrial Growth Plentiful in Texas**

Electricity and natural gas, two essentials for industrial development, are available in quantity in Texas at about the lowest cost in the nation. For instance, a kilowatt of industrial electricity made from Texas natural gas can be bought for less than in other states except where federally produced power is cheaper.

Texas has a total installed generating capacity of 11.5 million kilowatts, almost four times that of 1950. Ultimate consumers are increasing in a like pattern.

The string of Texas lakes, the hundreds of dams, the use of natural gas to keep electric generators turning, the increasing use of propane and butane to fit particular purposes, the new grid connecting the Dallas-Fort Worth area with the Houston area and other devices assure Texas industry all the energy it needs for peak performance.

**Texas Industry**

**DURING**  
**Texas Products Week**

**The ELECTRIC Company**

**Half-Million Texans Are Dependent on Manufacturing**

More than 500,000 Texans earn their livelihood in manufacturing plants in the Lone Star state. They are almost evenly divided between the durable and non-durable goods manufacturers.

The category with the largest number of workers is the Food and Kindred Products with 80,000 and this group continues to grow almost monthly. The Chemical and Allied Products grouping of industries are next with 47,000 workers followed by the Machinery category with 42,000 workers.

Manufacturing in Texas employs about one out of every seven of the total number of employed persons in the state.

Twenty-one metropolitan areas. (By 1965, Texas population will be 16 million — expanding Texas' present 21 metropolitan areas to proportions prognosticated to be the greatest industrial and economic boom of the century.)

FUN NIGHT PARTICIPANTS — Appearing in the Fun Night program sponsored by VFW Ladies Auxiliary to be held Saturday night in VFW Hall for members and guests are, left to right, Mrs. Ben Ward, Mrs. Tony Smith and Mrs. Kenneth Butler.

### Mrs. Autry Hosts Charity Circle

Mrs. Kit Autry was hostess for Charity Circle of St. Paul Methodist Church WSCS Wednesday at 2:30 p.m.

Mrs. S. T. Holding, circle chairman, gave the opening prayer, and conducted a brief business meeting. Mrs. Bill Tucker, WSCS president, passed out booklets, "A Call to Prayer and Self-Denial."

Mrs. Tucker announced that workers were needed for a rummage sale, to be held Nov. 2 at 321 S. Cuyler.

Mrs. E. N. Franklin presented the program, "Christ and the Life Within," assisted by Mrs. Blanche Jordan. A group discussion followed the program.

Mrs. John Walton, 405 N. Dwight, will be hostess to the next meeting, which will be held Nov. 18 at 2 p.m.

Refreshments were served to two guests, Mrs. Vallie Brannon of Winters, and Mrs. Bill Tucker and members Mrs. Blanche Jordan, Art Heflin, G. C. Crocker, C. O. Fitzgerald, Jim Hopkins, E. B. Jones, John Walton, E. N. Franklin, S. T. Holding and Kit Autry.

### Pampa Gray Ladies Sponsor Halloween Party at St. Ann's

Pampa Gray Ladies sponsored a Halloween Party at St. Ann's Home in Panhandle Tuesday afternoon with Mrs. Hupp Clark, Mrs. Elizabeth Taylor and Mrs. Ola McAfee, Gray Ladies, in charge of the party. Mrs. Maude Shulkey went along with the group to play the piano and assist with entertainment.

Halloween cookies and hot apple juice were served at the refreshment hour.

Gray Ladies sponsor these parties at the home in Panhandle on the last Tuesday of each month.

### Dear Abby... Private School Shower Is an Age-Old Problem

By ABIGAIL VAN BUREN

DEAR ABBY: Do you think it is fair for a school to give a girl and "F" if she refuses to take a shower in the nude with eight other girls and the gym teacher standing there watching? I raised my daughter to be modest, and I don't think the school has any right to try to change her upbringing in this respect. Our schools have money for everything else. They didn't ask the taxpayers if they wanted lounges for the teachers, they just went ahead and built them. I think a few showers with curtains or doors should be provided for the child who has been taught at home to keep her body sacred. I would like some comment on this from you and other parents, please.

ONE MOTHER'S VOICE  
DEAR VOICE: This complaint has been voiced in my column before by parents and students. themselves. I agree with you. I realize that my opinion will win few friends on school boards, but it seems to me that some arrangements could be made for those children who desire privacy. Petition your local school mothers, and more power to you!

DEAR ABBY: I am 29, single and (I'm told) attractive. I have a little problem with my milkman. He has often left me more milk than I have asked for and he doesn't charge me for it. The other day he knocked on my door. When I answered he asked me if I was alone. I asked him why he wanted to know and he said he gets lonely when he delivers in this area because it is a rural route, and he wanted to know if he could eat his lunch with me on my porch. I have seen him eating his lunch in his truck while I eat mine in the kitchen. He can see me through the window. Would it be wrong for me to invite him to eat his lunch with me. He seems such a nice man.

DOUBTFUL IN PETALUMA  
DEAR DOUBTFUL: So far, all you know about him is that he is generous, lonesome and interested in you. Is he married? If so, don't let him get any chummier. If not, you could not order a better set-up.

DEAR ABBY: I have two problems. One, when I take my wife to work in the morning (she teaches school) she doesn't let me kiss her for fear someone she works with might see her. I say to heck with them. She is my wife and it is only a peck on the cheek. Second, we've been married almost a year and she still refuses to use my name. She goes by "Miss" as though she were single. I was born in New York and have lived here all my life. Many immigrant Puerto Ricans have the same name and I think that is what bothers her. She is putting me through graduate school, so naturally I don't want to upend anything by making any demands right now. Can you advise me?

WITHHOLD MY NAME  
DEAR WITHHOLD: You are saying that since your wife is putting you through college, you are in no position to make any demands right now. Your complaint is justified but your restraint is wise. Perhaps you can call the signals some day — but don't count on it.

CONFIDENTIAL TO SISSIE IN ITHACA: It has been said that before one can train a dog, one must know more than the dog.

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

### Hobart Baptists WMU Circles Meet at Church for Study

Day Circles of Hobart Baptist Church met Wednesday morning at the church for a short business meeting followed by the second session of the WMU leadership course.

Mrs. Jimmie Clark president, presided at the business meeting. The WMU will meet Monday at 9:30 a.m. for the observance of Baptist Women's Day of Prayer.

The leadership course is being taught by Mrs. Bill Simpson. The first portion of the session was on leadership training and responsibilities of leaders. Second portion was on the

necessities of planning. Demonstrations were given on different planning meetings. Demonstrating a community missions committee planning a meeting were Mmes. Glen Watson, Jimmie Clark, Frank Barnett and Paul Crossman. Demonstrating an executive board meeting were Mmes. Jimmie Clark, Glen Watson, Delmer Barefoot, Merl Smith and Carroll Smith. Last portion of this session was a question and answer period.

Mrs. Dale Butler read the prayer calendar and Mrs. Darrell Hinkle closed the meeting

with prayer. Fourteen members were present.

Raincoat designer Lawrence of London, keeper of fashion-dom's most famous velveteen zoo, has added another rain coat to his tiger and leopard print menagerie. This time it's civet-printed velveteen, brushed to resemble real fur. He showed it in a shaped-front coat with back swagger, and a double-breasted judo coat, styled with kimono sleeves and a mandarin collar.

### Mrs. Steele Gives Phi Sigma Alpha Chapter Program

Alpha Lambda Chapter of Phi Sigma Alpha held a regular meeting Tuesday in the home of Mrs. James Braxton, 1117 Darby.

Following a short business meeting conducted by Mrs. J. D. Woodington, Mrs. Dudley Steele was introduced by Mrs. Triet Wilborne, program chairman.

Mrs. Steele reviewed the book "Lady of Charm" by Marjorie Wilson in keeping with the club's program theme "Manners and Morals."

Refreshments of cookies and punch were served those present.

Foreign-Born Women Will Be Honored by Pampa Altrusa Club  
Altrusa Club of Pampa is sponsoring an International Tea honoring foreign-born women of Pampa and surrounding communities to be held from 3 to 5 p.m. Sunday in City Club Rooms.

An invitation is being extended to all foreign-born women in the area to attend the tea and hear a program of musical selections presented by members of Pampa High School A Capella Choir. Selections to be presented will be from the choir's upcoming production, "South Pacific."

The affair is one of the projects of the International Relations Committee of the club whose purpose is to promote international goodwill and friendship.

There's a vast difference between the casual and slob look, says Ron Postal, director of the National Council of Men's Fashions. But many teen-agers, according to the expert, mistakenly think the looks are synonymous.

### Tobacco, Alcohol Taxes Go Off List

Some of the taxes previously deductible on federal income tax returns will not be deductible by individuals under provisions of the 1964 law.

These are the state and local taxes on alcohol, cigarettes and tobacco, and certain auto license and driver fees and a few miscellaneous taxes.

Taxes that are still deductible are real estate and personal property taxes, general sales and certain use taxes, state and local income taxes and gasoline taxes.

According to Richard V. White, administrative officer in the Pampa office of Internal Revenue, the changes in tax deductibility should not have a major effect on local taxpayers. These non-deductible taxes accounted for only 12 per cent of tax deductions taken last year. He added that there is no change at all in the taxes that may be deducted on business returns.

White noted that although 47 states tax alcoholic beverages, in just 16 states are these taxes paid directly by the consumer and therefore deductible by him under previous law. Cigarette taxes had been deductible in 25 states (including Texas) of the 47 which have these taxes.

### CONGRATULATIONS

To Mr. and Mrs. James McNeely, 922 E. Campbell, on the birth of a baby girl at 4:58 p.m., weighing 4 lbs. 15 ozs.

To Mr. and Mrs. Floyd Huddleston, 415 Thut, on the birth of a baby girl at 7:46, weighing 8 lbs. 6 ozs.

### EXPLORING METHODS

WASHINGTON (UPI) — The State Department said Thursday it was "exploring every possible way" of assuring the safety and removal of 25 Americans from rebel-held Stanleyville in the Congo.

Department spokesman Robert McCloskey said the U.S. government has the "greatest concern" for the group of five U.S. diplomats and 20 missionaries. The department, he said, has been "exploring very possible way by which their security can be assured."

# Shocks Stop Shorthorns With 16-0 Shutout Win

By JEFF COHANE  
News Sports Editor

AMARILLO — The Pampa Shocks spotted the Caprock Shorthorns two tries at the goal line yesterday and then roared for a 16-0 shutout victory.

Breaking their losing streak and tying their season record at four-all, the Shocks again utilized a tremendous defense, but this time produced some offense to go with it, led by Bull Heiskell, Rowdy Rowden and Sherman Mitchell.

Once again however, it was a pulverizing defense, led by Heiskell with 10 tackles and Glen "Beate" Lewis with eight, getting plenty of help from Big Daddy Cary, Bobby Holt and Big James Matney, as well as Billy Scribner, while Skeeter Ginn and Monk McDonald headed up the defensive secondary.

Using the quick kicks of fullback Clarence Vaughn as a potent offensive weapon, the Shocks got the ball inside the Pampa 10 twice in the opening quarter, failed to score and then never penetrated again while the visitors threatened throughout the game.

The first drive, spearheaded by a 25-yard Vaughn run, moved the ball to the Shocker 35, but Holt, Cary and Gary Hyatt threw it back. Vaughn then quick-kicked out on the Pampa three-yard line. Two plays later the Shocks fumbled again and Caprock had the ball on a five. Ginn, Lewis, Heiskell, Da-vid Smith and McDonald held Heiskell went to the 16. Good-on the eight, but on their first let got a yard on a keeper as play Pampa fumbled, and the

Shorthorns recovered on the 10. Matney, Ginn, Lewis and Heiskell threw the Horns back three times and Vaughn attempted a field goal from the 10 which was wide to the left.

Early in the second quarter Pampa moved for the first time. A jump pass from Smisson Goodlett to Matney, a reverse by Rowden for Pampa's first first down, and the Shocks were in business. Sherman Lewis turned the right corner behind Heiskell for 14 yards to the 35. Goodlett kept for seven and Lewis again went right behind Cary to the 10. Rowden then followed Matney on a trap between left guard and center for the touchdown. Mitchell went right as Cary, Rowden and Heiskell escorted him over and it was 8-0.

A Caprock threat was killed by Hyatt's pass interception on his 35, a Pampa threat by an interception at the Horn 49.

The opening of the third quarter saw Caprock drive to a first down on the Shocker 38, but again it was Lewis and Heiskell and the Shocks took over on downs on their 35. Heiskell's steady slugging and a circus catch by Matney of a 23-yard pass took Pampa to the host 27, but a fumble killed the drive.

Minutes later, a Caprock quick-kick went short to the Horn 40 and Pampa moved yards in two carries behind a five. Ginn, Lewis, Heiskell, Da-vid Smith and McDonald held Heiskell went to the 16. Good-on the eight, but on their first let got a yard on a keeper as play Pampa fumbled, and the

A penalty gave Pampa a first down on the 12, but Caprock stiffened for two plays and then allowed Heiskell five yards. On fourth down, the Bull barreled to the two and a first down. On the next play, he followed Cary up the middle for the TD. Goodlett passed to Matney for the conversion.

Mike Tanner and Vaughn drove back to the Pampa 33, but Cary hit hard and Ginn recovered a fumble.

The second unit went in and PUNCHY Molberg started firing aerial strikes, but his receivers couldn't hold on to them.

In the final minutes, Holt recovered a fumble on the Horn 30 and Goodlett passed to Matney to the 15. A pair of penalties set the Shocks back to the 40 and killed the drive.

**HARVEST TIME** — The Pampa cheerleaders pile aboard as the Pampa Harvester football captains prepare to sow, reap and harvest the Lubbock Westerners tonight. From left: Linda Cox, Leslie Watkins, Paula Sealey, Carl Johnson, Jim Arthur, Jerry Goodwin and Dorothy Davis. (Tractor furnished courtesy International Harvester Sales and Service, Pampa.)

# Plan Surprises For Westerners

There may be some surprises in store for Lubbock High tonight, if injuries don't cancel them out, admitted Pampa Harvester coach Otis Holladay.

Holladay allowed that the Harvester coaches had a few tricks up their sleeve to pull on the Westerners tonight, but that a rash of practice injuries have put several starters on the doubtful list and may wreak havoc with the plans.

LUBBOCK		
LE	Ronnie Hagood	165
LT	Kenneth Medline	186
LG	Johnny Chapman	180
C	Tonky Murphy	183
RG	Alan Mattison	206
RT	Rufus Crow	210
RE	Don Burrell	160
QB	Mike Bowman	166
LH	Tommy Jenkins	145
RH	Roy Farmer	155
FB	Ronnie Webb	190

Biggest worry is Big Red Griffith, Pampa's fullback and defensive ace. Griff, with a pulled muscle, will be a definite question mark for tonight, with James Williamson standing by if the hard-hitting redhead can't start.

## Randy Guest At WT Game

Another on the doubtful list is guard Myron Scribner, with a bruised hip suffered in the Plainview game. Larry Leonard will start if Scribner can't go.

Jerry Garrison, with a sore knee, will be able to go and will do the punting, but will be slowed up at his wingback spot. A number of other Harvesters are "banged up," but the only one missing will be Lewis Meers, still out with an injury received in the Monterey game.

"No rest for the weary" seems to be the slogan as Olympic medalist Randy Matson of Pampa continues to be deluged with requests for personal appearances. Matson, who is to be guest of honor at tonight's Pampa - Lubbock football game, at a Chamber of Commerce function Monday night and a banquet Nov. 10, has accepted an invitation to be special guest at a Panhandle Appreciation Night tomorrow at Canyon at the West Texas State football game, Capt. Tommy Pool, Olympic medalist from Groom, was also invited tomorrow night, but had to decline because of military duties.

### Cubs Clip Wogs

WACO (UPI)— The Baylor Cubs capitalized on a fumble and a pass interception for a fourth-quarter comeback Thursday night and beat the Texas Christian Polywogs 13-6 in a Southwest Conference freshman football game.

TCU took the lead in the second quarter when Bob Bickley scored on a 13-yard pass from P. D. Shabay.

## SWC Roundup

By United Press International

Arkansas, Texas, Rice and Baylor will be in the favorites' roles this weekend with all four figuring to stay alive in the race for the Southwest Conference football championship.

Their margins run from a scant one point for Baylor over Texas Christian at Fort Worth to the bulky 17-point edge given Texas for its meeting with Southern Methodist at Austin.

Sandwiched in between, Arkansas will be a firm nine-point choice over the Texas Aggies and Rice is favored by six over Texas Tech at Houston.

It will be the second all-league weekend of the season, with all eight clubs involved in home or warfare. But it will not be an all-daylight schedule since the Aggie-Arkansas clash at College Station will be played under the lights.

### A&M Revives

Arkansas, ranked fifth nationally and the league's only undefeated-untied team, will be packing a 3-0 league record into the contest against an Aggie team that may have found itself last week against Baylor — although it has yet to win in six starts. The Razorbacks, under Coach Frank Broyles, have won their last six games against A&M.

Texas, Rice and Baylor all have lost one league game and face the prospect of winning their remaining games or bowing out of title contention. Texas and Baylor are 2-1, Rice 1-1, Texas Tech 3-2, TCU 1-2, SMU 0-2 and A&M 0-3 in league standings.

Arkansas could afford to drop one game along the way and still emerge as the conference's Cotton Bowl representative—in case it finished in a tie for the title with Texas—since the Razorbacks defeated Texas. They have already beaten Baylor, too, but still have to meet Rice.

### Bowls

Texas, of course, can look forward to a potential post-season date in several different bowls if the Longhorns can win the rest of the way and finish with a 9-1 season as expected.

The Longhorns, however, have serious injury problems which might not cost them too much against impotent SMU, but could prove troublesome further down the schedule.

## San Jose St. Defense Is the Key In WT Tilt

There's no getting around the fact that defense has been the most important factor in San Jose State's grid season to date.

The Spartans, who meet West Texas State at Buffalo Bowl Saturday night, have been known over the years as one of college football's most potent offensive powers, but such is not the case this season.

The offense is there, mind you, but it has been the defense that has shown the most consistency during the first half of the year. The Spartans bring a 2-3 record into Saturday night's game, but were it not for a lack of offensive consistency and three missed field goals that record could just as easily be 5-0.

The Spartans lost to Idaho, currently enjoying its best season in a decade, 3-0; to traditional rival Stanford, 10-8, when they missed a 17-yard field goal and had a 50-yard touchdown pass called back because of a penalty, and to Washington State, 16-14, again when a 50-yard field goal attempt hit the top of the cross bar and bounced back into the end zone.

San Jose State's wins were over Montana State, 20-14, and arch-rival University of Pacific, 37-13. It was the defense in both cases which stood out. The Spartans' winning touchdowns against the Bobcats were scored on a pass interception return by Bob Bonds and after Dennis Parker had recovered a fumbled punt inside Montana's

20-yard line. Against Pacific, the Spartan defense held the Tigers to only one drive and the second UOP touchdown was scored when an alert lineman intercepted a Spartan pass.

Saturday night, the Spartans have been warned by Frosh coach John Webb, who scouted West Texas State last weekend, to expect to face the most potent running attack of the year. This is saying something since the Spartans have already had to deal this season with Stanford's Ray Handley, the nation's third leading runner, and Washington State's Clarence Williams voted by Pacific Coast writers as the outstanding back in the PAC-8 at the start of the year.

The key to San Jose State's defense is center Bob Kroll, a solid candidate for all-Pacific Coast honors and one of the greatest linemen to ever play for the Spartans. A 6-0, 206-pound senior from Oakland, Kroll is a linebacker and calls the squad's defensive signals.

In two years now, he has led the team in tackles nearly every game and is continually drawing praise from the coaching staff for his consistent play.

## Austin Racks Up Reapers

BORGER — The Pampa Reapers scored first and last, but Austin 9th grade scored heavily in between to take a 50-12 victory here yesterday.

Danny Stokes set up the opening tally in the first quarter with a 30-yard run. Johnny Carlos then threw a 15-yard touchdown pass to Tommy Winborne.

In the fourth quarter, Stokes went up the middle for 30 yards and a tally.

Coach Harold Moore praised the fine effort of his "little boys" as the reserves saw plenty of action.

The Reapers close the season next Thursday afternoon at Harvester Stadium against the Lee Rebels.

# Finney Is Lost For Kiowa Tilt

LEFORS — "I hope they're still stunned after last week's loss to Wheeler," commented Lefors coach Dean King hopefully as the Pirates got set to play Booker tonight.

"They might be still stunned or they might be fired up for revenge. Wheeler deflated them pretty bad with that 49-0 shellacking. However, they still have Hughes and Rutz and the rest of those boys.

"I guess we're beginning to be a second-half ball club. We outplayed Darrouzett in the second half, 7-6, but lost 24-7. Maybe we ought to scrimmage about two hours before the game, then we might be all warmed up to play two halves like we've played the second half against Follett and Darrouzett.

"We're going to be hurting this week though. Marvin Finney, possibly our best lineman, will be out with a cracked elbow.

"As far as Darrouzett goes, Dana Duke killed us personally, plus two or three fumbles on our part. We had good running. Bill Nichols averaged 5.7 yards per carry and James Todd 17, but we only had the ball 30 offensive plays.

"We just didn't have the ball enough. Penalties tore us up and fumbles, and a pass interception. We can't beat people giving them that type of advantage.

"Edgar Brown played up to

EDGAR BROWN best game

his potential for the first time, led the line until he was ejected from the game.

"As far as Booker, the kids just aren't saying very much. They know Rutz is tough and they know that we don't have the size to go with them or the speed to stop that backfield. But they aren't saying much. I haven't been able to figure out whether they're up or down. I hope they're up."

# Colts Sure Thing for NFL Top

By MARTIN LADER UPI Sports Writer

The Baltimore Colts have turned the Western Division of the National Football League so topsy-turvy that they'll even have their closest rivals out working for them this weekend.

That's quite a trick in the cold, brutal world of professional football, but not nearly as mystifying as the Colts themselves, who seethed headed for their first divisional title since 1959.

Baltimore has won six consecutive games since an opening loss and is favored by 17 points to whip the San Francisco Forty-Niners at home Sunday and set a club record for consecutive wins.

The Colts have scored 237 points this season, far more than any other NFL team, and have been just as strong on defense where they are a close second in fewest points yielded with 122.

While Baltimore goes through its paces with the Forty-Niners, the Detroit Lions will be hosting the Los Angeles Rams. Whatever happens here will work to Baltimore's advantage since the Lions and Rams are tied for second place with identical records of 4-2. The Colts routed Detroit 34-10 last week while Los Angeles upset the Green Bay Packers 27-17.

Detroit is favored by three points in this second meeting between the two clubs. They played to a 17-17 tie at Los Angeles early this season.

The pairings also favor the Eastern Division leader as the Cleveland Browns are picked by seven points over the Steelers at Pittsburgh while the runner-up St. Louis Cardinals must face the long-dormant Giants at New York.

Even though St. Louis is favored by five points, the Giants showed definite signs of snapping their disastrous slump when they outgained Cleveland in all offensive departments last week although losing 42-20. The Cardinals will be playing without veteran split end Sonny Randle, out for the season with a shoulder separation. He will be replaced by second-year man Billy Gambrell.

The Steelers handed the Browns their only loss of the campaign by a 23-7 count at Cleveland three weeks ago but Pittsburgh has only a 3-4 mark this season and was beaten by Philadelphia 34-10 last Sunday.

It should be a big day for Jimmy Brown of Cleveland, who needs only 14 more yards rushing to become the first player in league history to gain 10,000.

# SPORTS

57TH YEAR FRIDAY, OCTOBER 30, 1964

# Phillips Threatened By Strong Spearman

By United Press International

At least a dozen or more of Texas schoolboy football's 42 unbeaten teams are in danger of being upset this weekend.

Top-ranked Galena Park High of AAAA, Dumas of AAA and Hull-Daisetta of A are not on that list, but Class AA's No. 1 outfit, Phillips, could be in trouble against unbeaten but once-tied Spearman. Either way that one goes, the list must suffer some tarnish.

The same situation exists in a clash between Class AA's ninth-ranked Crane and once-tied Maria.

Galena Park, Dumas, Hull-Daisetta, Phillips and Crane are among the 32 perfect record teams left, while Marfa and Spearman are among 10 teams which have only ties marring their records.

Other unbeaten teams which face possible tough tests this weekend include:

AAAA — Amarillo Tascosa, which meets Amarillo Palo Duro, and Pasadena High, which plays Baytown.

AAA — John F. Dulles, which meets Wharton, and Lampasas, which plays Austin Lanier.

AA — Iowa Park, which plays Olney; Ballinger, which meets Stamford; West, which plays Marlin; Gladewater, which faces Linden-Kildare; Taylor, which meets Georgetown, and Sinton, which faces Goliah.

A — Wylie, which faces Frisco, and Rosebud, which meets Buffalo.

In addition, some of the

ranked teams which already have a blemish on their record also may have trouble.

Defending state champ Garland of AAAA, which was upset by Highland Park last week faces strong Denison; Spring Branch High, which meets South Houston and Borger, which plays Lubbock Monterey, are prime examples.

Palestine vs. Kilgore So are, Seagraves and Petersburg, who face Plains and Ralls, respectively, in Class A; and Palestine, which meets Kilgore in AAA.

Other games which figure to have important bearing on district races include:

Midland Lee at San Angelo, Wichita Falls Rider at Arlington High, Fort Worth Castleberry at Richland Hills, Nederland vs. Beaumont French, Austin McCallum vs. Austin High, Corsicana at Bryan in AAAA; Wichita Falls Hirschi vs. Breckenridge in AAA; Olton at Floydada and Bishop at West Osi in AA, and Stratford at Sunray, Idalou at Lorenzo, Big Lake vs. Menard, Albany vs. Baird, Hallsville at White Oak, San Augustine at Timpon, Elkhart at Grandland, Hubbard vs. Lorena, Schulenburg vs. Smithville, Ingleside vs. Agra Dulce and Rio Hondo at Sharyland in A.

Two teams could clinch playoff spots this week—Grapevine against Boswell in I-AA and Stratford in I-A. Two others — Taylor in AA and Big Lake in A—could assure themselves of no worse than a title tie.

# Perryton Nips Rebs By 20-14

PERRYTON — A fourth-quarter Lee Rebel touchdown was called back here yesterday, giving the Perryton 9th grade a 20-14 win.

Leading the huge Possemen was former Lee Junior High grid star Rodney Hale, who scored the opening touchdown to head the host victory.

The Rebs put forth a tremendous effort against the biggest team they played this year, gaining seven first downs and 164 offensive yards to Perryton's five and 180.

The Posse opened the ball in the second quarter as "turncoat" Hale dragged down a 23-yard scoring pass.

Lee promptly drove back 45 yards on the running of Mike Burnett, David Schaub and Jim Bonnell. Burnett scoring from one yard out with 16 seconds left in the half.

A Pampa fumble on their 30 in the third quarter set up the second Posse tally. In the same quarter, a wall of blockers escorted a 45-yard punt return to make it 20-6.

Lee took the kickoff as the fourth quarter opened and Steve Summers ran it back to the 37. Henley and Wendell Watson alternated five plays for a touchdown, Watson going the last 15 yards behind a block by Larry Turcotte. Henley swept end for the conversion.

The Rebels held on downs following the kick and took the ball on their 42. On the second play, Henley erupted all the way for a touchdown, only to have it nullified by holding.

Leading the Rebel line were Jim Cornutt and Joe Friz.

The Rebels close out their season next Thursday at 4 p.m. at Harvester Stadium against the Pampa Reapers.

# Wildcats Healthy For Cyclone Set

CANADIAN — Asked what his words of woe were for this week, coach Dwain Currie of the "jinxed" Canadian Wildcats replied "we quit crying."

The Cats played one of their best games of the season last Friday, only to lose to Wellington on a field goal, 9-6.

"I don't know what we're gonna do at Memphis now," said Currie. "Anyway, we're in better condition than we have been for the last three or four games, everybody will be at full speed. Memphis will be tough. McLean slipped up on 'em last week and they're gonna be fighting to stay in the running. Last year we fought to a 38-38 tie, but they have a lot better defense and we do too. . . . It should be a much lower scoring game, but probably just as tight.

"Everybody played a real good game last week, it's hard to single anyone out on defense. We were getting six and eight men on tackles. It was one of our better games of the year, if we keep playing that way we'll beat somebody yet."

Currie rated Keith Yarnold, the Cats' little all-state candidate, as the standout runner, with Butcherboy Bennie Eckles shining on both offense and defense. Don Gutierrez did some key blocking at guard and also did well on defense.

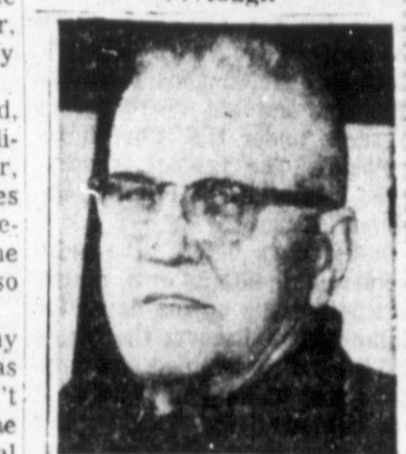

"We're gonna be giving away some size and they have as much speed as us. If we don't play, they'll run us out of the park, if we do, it will be a real close game."

REACTIVATE JOHNSTON

NEW YORK (UPI) — Rookie linebacker Garry Philbin was placed on the New York Jets' deferred injured list Thursday and veteran Mark Johnston was activated for the Jets' American Football League game against the Boston Patriots Saturday night.

DON GUTIERREZ tough

MR. ELMER SCHLUETER, Davenport, Iowa, a car owner who tried a sample of Skelly's additive, Keotane, reports: "I got about 3 miles more on a gallon of gas—on Keotane. Valves had seemed to be sticking and motor misfired. Since Keotane, that's all gone." (from Keotane Report #4)

What can Keotane do in your car—in your kind of driving? Try just 3 tankfuls of Skelly Keotane Gasoline. Find out for yourself!

# Mets Want Yogi

NEW YORK (UPI)—Imagine Yogi Berra coming off the bench and hitting a game-winning home run for the New York Mets in the ninth inning. Don't laugh, it could happen. George Weiss, general manager of the Mets, revealed Thursday he had talked with th unfrocked manager of the

# Perryton Jolts Johnnies, 44-14

Big and fast Perryton 8th grade completely dominated the first half to take a 44-14 win over the Lee Johnny Rebs here yesterday.

The Johnnies never could get started in the first half as both teams fumbled constantly, the visitors taking advantage of the bobbles for a 28-0 halftime lead.

The Johnnies opened the second half with a 65-yard drive behind Mike Cooper and Len Mills. Mills scoring from the one-yard line.

With two minutes left in the game, Lee took the ball on the Perryton 45 and Gary Parrish and Mike Stephens sparked the drive, Parrish scoring from 12 yards out with one second left on the clock. Billy Hubbard took a two-point conversion pass.

Philmore Merrill and Hoppy Hopkins led the blocking, and Jeff Morris topped the defense.

The Johnnies close the season next Wednesday at 4 p.m. with their traditional at Harvester Stadium against the crosstown Pampa 8th grade Reapers.

# Notre Dame Comes Back From Depths

By GARY KALE UPI Sports Writer

They've stopped cheering tradition and started cheering the players once more at old Notre Dame, and it looks as if this year's Irish football squad has finally brought an end to a dormant decade of gridiron achievement.

Not since 1953 when the Irish won their last national championship has the enthusiasm and desire to win been as strong at South Bend. Feelers are already out for an Irish Bowl appearance, which would mark Notre Dame's first post season game in 40 years. The Irish's last extra-curricular excursion was in 1925 when they beat Stanford, 27-10, in the Rose Bowl.

That also was the senior year of the famous "Four Horsemen" backfield that included Harry Stuhldreher, Jimmy Crowley, Don Miller and Elmer Layden.

Notre Dame this season has quarterback John Huarte to pitch "bombs" against Navy Saturday and make the Middies its sixth straight victim. The Irish, ranked second in the nation behind Ohio State, have a revenge motive, too, Navy clobbered them, 35-14, last year and has beaten Notre Dame in three of their last four meetings.

Ohio State, meanwhile, contends Iowa in a Big Ten conference game that could spell the difference in a Buckeye trip to Pasadena. Quarterback Don Unferferth and Willard Sander lead the Ohio State air-ground offense, but the Hawkeyes of Iowa have the best conference passer in Gary Snook, who has completed 62 of 128 tosses for 844 yards and five TD's.

Third-ranked Alabama, with injured quarterback Joe Namath a doubtful starter, places a 6-0 record on the line against Mississippi State Saturday night. Dave Ray's 21-yard field goal provided the Tide's 17-14 winning margin over Florida last week.

Nebraska and Arkansas, rated fourth and fifth, respectively, also take perfect 6-0 marks against conference opponents. The Cornhuskers of Nebraska pit their rugged defense lead against Missouri in a Big Eight tussle and the Razorbacks seek to secure a Southwest Conference edge in their meeting with Texas A&M.

Texas, the 1963 national champion, rebounded last week against Rice after an Oct. 17

loss to Arkansas. The sixth-ranked Longhorns should have it easy against Southern Methodist, which has lost four of its five games.

Seventh-ranked Georgia Tech has won six straight, but the Engineers may be in for rough times against unbeaten, but once-tied Duke.

# The Pampa Daily News

A Watchful Newspaper  
EVER STRIVING FOR THE TOP O' TEXAS  
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

## A Word About Halloween

Halloween today no longer brings the pranks of former years that frequently went beyond "tricks" to rugged vandalism. In Pampa, highlight of the Halloween observance tomorrow night will be the door-to-door canvass by the Pampa High School Key Club and boys and girls of junior high age and above for the Christian Rural Overseas Program (CROP). Money collected goes for rehabilitation and aid to churches overseas under U.S. Church supervision. The project is sponsored locally by the Pampa Ministerial Alliance.

In the days before the automobile came into its own, a family might wake up the day after Halloween to discover the buggy had been disassembled and carted to the stable roof, where it was reassembled. Picket gates were exchanged all over town. And, of course, no merchant missed the morning-after task of scraping a near-quarter-inch of soap from his show windows. Now it's largely a plaything for the smaller kids, who go out "trick - or - treating," and most of them are so innocent of the origin of the term that they don't know its meaning. But trick-or-treating can be dangerous and the American Medical Association has laid down some rules to make the holiday safer.

Here are some of the AMA-suggested precautions:  
—It's better if the child doesn't wear a mask. It may slide down over the eyes and block his vision. If the mask covers the entire head, here is danger of suffocation. Paint on a false face with eyebrow pencil, grease paint or burnt cork.  
—Fit costumes snugly so they don't catch on hedges, bushes, fences. Don't make them long enough to trip the child.  
—Lighted candles or torches are definitely ruled out. If a light is needed, make it a flashlight.

Homeowners can help make Halloween safe by removing hazards such as lawn furniture, garden tools, trash cans. Cover holes and excavations. Leave porch lights burning, front and back, until the spooks retire.  
—If you're out in your auto on Halloween, slow down and drive with extra caution and alertness. There will be more children on the streets than usual after dark. Remind your own children to be careful in crossing streets.  
—Keep pets inside, especially dogs. The strange costumes might frighten animals.  
And to that we add our own: Never never let a child go trick-or-treating alone. And better still, the group should be accompanied by an adult.

## United Fund Deserves Support

The United Fund Drive needs a helping hand from the community it serves. With time growing short to complete the campaign, the Fund is around \$25,000 short of its \$70,000 goal. The thing about the United Fund is this: it belongs to the community, and the community either supports it or abandons it. The alternative to a United Fund is a series of a half dozen individual fund-raising campaigns by the member organizations. The same good workers are called upon to hit the hustings six times for as many worthy causes. Relatively few persons contribute to all of them; thousands of persons who can afford to give don't give at all. If the United Fund fails, it could be abandoned. Then you can count on at least six separate campaigns. There won't be any budget committee to certify that the goals of these organizations are realistic. The tendency will be for everyone to ask for the world, and get a very small piece of assistance. So, if you haven't contributed to the Pampa-Lefors United Fund, call the United Fund office (MO 9-9522) and they'll be happy to have a volunteer worker pick up your contribution.

## Political Jokes Have Secret Network

Faster than the speed of light. Is it a plane? Is it a bird? Is it Superman? No, it's the inexplicable system of communications which transmits Walter Jenkins jokes simultaneously to the 50 states a few short days after the story breaks into print. How does it happen? Who controls the jungle drums that transmit these stories? Obviously they didn't come via Western Union, the U. S. mails or facsimile. How did that story about the Walter Jenkins automobile court-house? And that other one—the parody on All the Way with LBJ. By what hidden network was the story sent? We'd trade that system, whatever it is, for all of our wire service and never look back. Why, it takes the press associations half a day to get a story from Washington to Pampa, using the most sophisticated equipment but a spicy political story can make it from Capitol Hill to The Panhandle in 10 minutes with no visible carrier. It is one of the miracles that ought to be investigated — by the FBI, the NSA or the Society for Prevention of Cruelty to Animals, or maybe all three.

## BERRY'S WORLD

REG-MANNING

## WASHINGTON: Jenkins Case Pinpoints Lax Security

WASHINGTON (NEA) — Investigation of the Walter Jenkins case has brought to light a security loophole that has existed at the White House for years. To some extent, personnel security checks at the White House have depended on the individual initiative of whomever was president of the United States at the time, not on a rigidly enforced detailed set of impartial regulations. Some presidents have required a complete investigation of almost every new man taken on at the White House or transferred to the new president's immediate service, including all members of the White House staff, old cronies of the new president, and prominent citizens drawn in as personal consultants. A full field investigation sends agents out to interview present and past neighbors, friends, enemies, employers and other associates to determine if there is anything "degenerative" in the employee's past. These agents delve into a man's record and associates from the time he was born. For certain trusted aides, other presidents have depended on routine checks, relying on old investigations or their personal knowledge. Sometimes checks have been delayed for considerable periods. Men who have worked on this problem tell me that President Truman and President Eisenhower were very strict and had "almost everyone" put through full field investigations. President Kennedy, they report, was much more free-wheeling and depended more on his own evaluation of the men close around him. President Johnson has been "more strict than Kennedy."

In at least two of these four administrations, the head security officer himself was not given a new full field investigation on entering the White House. In at least one administration there was a certain laxness in checking out members of the vice president's staff. On April 27, 1953, to clear up a hodgepodge of security practices in the various departments and agencies, President Eisenhower issued Executive Order 10450, Security Requirements for Government Employment, the basic security document for the executive branch of the government. That document required that "the appointment of each civilian officer or employee in any department or agency of the government shall be made subject to investigation. . . . (In) no event shall the investigation include less than a national agency check (including a check of the fingerprint files of the Federal Bureau of Investigation), and written inquiries to appropriate local law enforcement agencies, former employers and supervisors, references and schools attended by the person under investigation. This order specifically stated that investigations of new ap-

## Around the World

By ROBERT MORRIS  
THE ISSUE OF 1964  
Very few people understand what is going on today in the name of "disarmament." To date, the political campaign is not teaching them. In 1959, Khrushchev demanded that the West disarm and dismantle its bases; basically, the West has been complying. This demand was obviously unilateral, because Khrushchev and now Brezhnev have been unabashedly and even boastfully building up their own armaments. It is hard to believe that the United States is disarming, because our leaders tell us that we are not and brand as "extremist" anyone who contends that we are. But what is overlooked is the fact that we are phasing out our bombers which are capable of carrying 40 or 50 megatons of destructive power each, and putting reliance on 1-megaton polaris and minuteman missiles. Nor are we producing operational anti-missile missiles. We are not striving toward high-yield weapons. Responsible leaders talk of minimal deterrence, and even stalemate deterrence, as adequate to avert the ghastly spectre of nuclear war. All of our premises seem to presume that the Soviets will not strike first.

Moreover, the fixed policy of the United States as reflected by the test ban treaty and State Department Document 7277, is "general and complete disarmament." The Soviet Union, on the other hand, is not disarming. It is not phasing out its manned bombers. It is making anti-missile operational and, in fact, is actually deploying them before it's cities. After the Communists tested high-yield weapons far beyond our capabilities and learned exclusive secrets, they lured us into a test ban treaty that keeps us from learning those same secrets. It is as certain as the fact that night follows day that they are translating these secrets into high-yield lethal weapons. Kremlinologists are speculating as to why Brezhnev and Kosygin, both Khrushchev men, replaced the Soviet strongman. I hope that they do not overlook the possibility that Khrushchev made a serious slip when he told the Japanese last month that he had seen a new "Monstrous" Soviet weapon. We noted in this column then how the Soviet dictator immediately retracted when his remarks made world headlines. Of course, the Communists want us to continue our disarming ways. Our official policy, set forth pointee to any agency or department of the government (including transfers from other agencies of the government) were to be checked on a variety of matters including "sexual perversion."

The Civil Service Commission was put in charge of seeing that this order was enforced throughout the civilian government—except in the White House. The FBI can make investigations of White House aides—but only on White House order.

## CAPITOL EYE: Barry Pins Hopes on Big Protest

By BRUCE BLOSSAT  
ON TOUR WITH GOLDWATER (NEA) — Sen Barry Goldwater evidently is putting nearly all hope of election in the capacity of the electorate to confound the many experts who are predicting victory for President Johnson. Goldwater's managers acknowledge that the presently visible signs do not encourage them to believe they can capture all of the five big states they themselves consider basic to victory — California, Texas, Illinois, Indiana and Ohio. The first three are very doubtful prospects, the latter two definitely shaky. The senator's aides no longer are trying seriously to read public opinion polls as turning significantly their way — whatever gains they may show, or shifts from Johnson into the undecided column. The hope today is simply to confound the pollsters totally. Many observers keep saying the polls have never been THAT wrong. As a matter of fact, certain privately employed pollsters have occasionally gone wildly astray. One taken in New Hampshire in 1962 forecast a 70-30 licking for John King, Democratic nominee for governor. He won. In this instance, however, a whole host of polls, public and private, agree on a Nov. 3 verdict against Goldwater. Goldwater's final week on the road appears to underscore this approach. He is not pounding the trail as if a late-hour frenzy of activity would somehow switch to his side a vital one, two or three per cent of the voters. In the semifinal week, his schedule was either blank or showed huge gaps on four days. At a comparable time in 1960, Richard Nixon and the late John Kennedy were in a veritable lather of vote-seeking effort. On his recent visit to Pennsylvania, Goldwater chose to closet himself in his Philadelphia hotel for some five hours at the height of the campaign day. The senator's schedule for the final week does show attention to critical Ohio, Illinois, California and Texas. But it also features stops at such secondary targets as East St. Louis, Ill., in State Department Document 7277, is directing us toward dismantling our national defense establishment in three stages, turning peacekeeping responsibilities over to the UN. It clearly says so. Planners even call this our "convergence policy" and make concession after concession to the Russians, foolishly hoping to make them go along. For almost four years, I have hoped and worked that this incredible posture of our great nation would be the overriding issue of the campaign this year. If it were, there would be no doubt of the outcome. The people want the United States as it is now constituted. They also want a strong military establishment to defend our land. Yet, I doubt if one voter in a thousand sees this as the issue of 1964.

## Question Box

(We invite questions on economic and the proper functions of government which will not injure anyone.)

Question: "I have heard that there are Soviet agents going around with bumper stickers on their cars proclaiming they are Americans and proud of it. My question is: Do you think it is possible that even an agent of the Soviet would be so unethical and immoral as to do a thing like that? To do so undermines our confidence in the printed word; that we are unable even to believe what we read on a bumper sticker?"  
Answer: Not having had any contact as far as we know with Soviet agents, we are not qualified to say what one of them would do or think. If there are Soviet agents—and there seems to be evidence that there are—we have no reason to think they would not use any subterfuge to conceal their activities. We hope none of our readers is so innocent as to believe the printed word is gospel, on bumper stickers, in books or newspapers and magazines. If one were to believe the printed word on all bumper stickers, or other reading material, he would indeed be confused between the conflicting statements. Each person should read widely the conflicting statements and should make his own decision based on what he believed to be true.

Oshkosh, Wis., London, Ky., Dover, Del.

This leisurely "stretch drive" fits Goldwater's notion that if this election is to be won, it will be through a still - unmeasured popular uprising by millions of Americans who are concerned not with a series of particular issues but with the entire course the nation is taking. By such reckoning, a single day's campaigning is not vital, one way or the other. If there is a basic ferment of unrest, the work of stirring it must be assumed to have been largely done by now. The senator, of course, is drumming furiously on the "morality in government" theme. But in his mind this appears to be less a specific issue than a keynote to the whole idea that fundamental change is needed, and desired.

When the Walter Jenkins morals case broke, some Goldwater aides figured it might be the big, specific lever which would turn the electorate around. But widely sampled voter reaction suggests it is far less than that. Goldwater leaders talk steadily of new surprises, and the campaign air is thick with rumor. Apparently the shocks would have to be monumental to affect crucially the visible aspects of this campaign. In the end, it is not the visible but the invisible ones upon which the senator from Arizona rests his chances.

### Hair 'Transplant' Looms in Future

DALLAS (UPI)—Bald-headed men will soon be able to get their heads "re-seeded" by putting fresh sod on well worn old lawns.

That was the word today from Paul B. Sparaco of Chicago, president of the Association of Master Barbers and Beauticians of America, currently holding their convention in Dallas.

He said hair can be transplanted from other parts of the body to the shiny parts of the nation's chrome-domes, where it will flourish and provide a thick new crop.

"It has been successfully tested," he said. "At present it's quite expensive and painful. But within 10 years, it should be within the reach of everyone."

### You, Your Child and School

By DAVID NYDICK  
UPI Education Specialist  
American Education Week (Nov. 8-14) is the nation's tribute to education. It is an excellent opportunity for the public to learn more about their schools. The theme this year is "Education Pays Dividends."

A great variety of programs is being planned by many school systems and professional organizations. There will be radio and television presentations, newspaper coverage, and programs within the schools and communities.

The educational system in a democracy is our most important institution. Education can mean financial and social success for an individual. Education provides the means by which an individual can improve himself. If he has the ability, he has the opportunity to carry on his education and become a professional or enter other desirable occupations.

Parents and other adults have a responsibility to all children. The schools must offer quality education designed to meet the needs of each child. Second rate schools are detrimental to the interests of students, adults and the nation. Any talent which is not developed is a

waste of our most important resource. People are the backbone of our society.

This week should not only be directed at parents but at all adults. Everyone should join in the programs to find out what is happening in the schools. Naturally, an individual could not possibly obtain all the necessary information in one week. This should be the beginning of a new interest. Consider this week as an opportunity to begin attending school programs.

There are several ways in which members of a community can help improve the schools. One way is to support the schools by attending school board meetings.

School board members serve without salary. They spend many hours working for the

### SINGER RECOVERING

ROME, Italy (UPI)—Boris Christoff, 45, Bulgarian-born opera basso, underwent brain surgery Wednesday. Doctors said the operation was successful and that Christoff will be able to resume singing shortly. Christoff has performed throughout Europe and the United States. His best-known part is the title role in Mousorgsky's "Boris Godunov."

The schools also have a responsibility. They should make every effort to keep the community informed on their operations and needs. Too often schools raise a wall between themselves and the public.
