

TEXAS RANGERS ORDERED TO BORGER

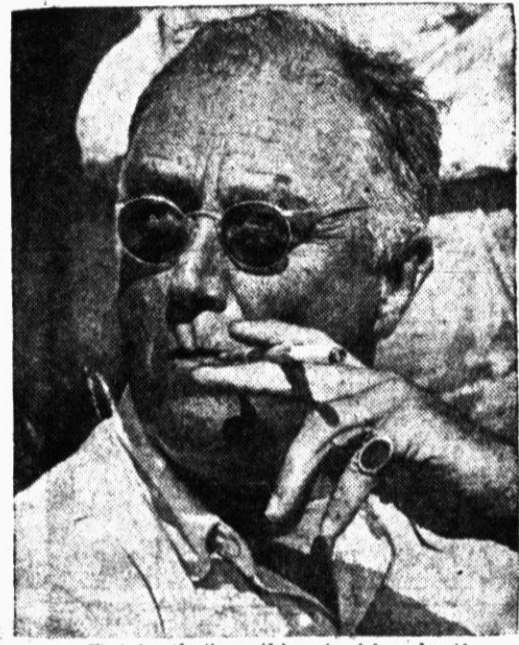

New Camera Angles on Angler President

Feeling puffed up? Well, a 77-pound tarpon—

What? Congress is still kicking over the traces?

Certain that's nothing to joke about!

But the tarpon'll make 'em rub their eyes

His vacation brought to the happiest possible conclusion by hooking a 77-pound tarpon, largest catch of any in the party. President Roosevelt appeared in fine fettle and high humor when pictured aboard a fish launch off the Texas coast.

At first exultant over his angling prowess, his mood kaledoscopically turned to the serious when he was questioned about the critical developments in Congress relating to appropriations and the Supreme Court.

Pampa Chosen As Sheriffs' Meeting Place

4,500 CARS CHECKED HERE

A few more than 4,500 cars were run through safety lanes in 2 1-2 days here when state highway officers made their annual visit to Pampa. Safety talks and plays also featured the week, sponsored by the Pampa Kiwanis club.

Cars which passed the rigid tests were "given" a blue sticker. Cars with faulty brakes, lights, horns, windshield wiper or muffler "received" a pink sticker.

I Heard . . .

Mrs. Del Love, out at the Pampa County club, looking for help this morning when she found not less than 1,000,000 baby grasshoppers taking over her flower beds.

A four-man delegation from Gray county took the bull by the horns at Hollis, Okla., yesterday won for Pampa the next semi-annual convention of the North Texas and Southern Oklahoma Peace Officers' Assn., and brought to Pampa first honors in the pistol shoot. No. 1 feature of the two-day convention.

ALL JAYCEES CALLED TO MEET FRIDAY NIGHT

A call for a special meeting of all Junior Chamber of Commerce members in the city hall at 8 o'clock Friday night was issued today by W. B. Weathered, general chairman of the Top O' Texas Fiesta advisory committee of five.

27,000 MEN QUIT AS TWO PLANTS CLOSE

NEW YORK, May 13 (AP)—A burst of selling today knocked down stock market leaders \$1 to more than \$4 a share, many to new lows for the year or longer.

ALL JAYCEES CALLED TO MEET FRIDAY NIGHT

A call for a special meeting of all Junior Chamber of Commerce members in the city hall at 8 o'clock Friday night was issued today by W. B. Weathered, general chairman of the Top O' Texas Fiesta advisory committee of five.

\$3,000 FOR C-C BUDGET PLEDGED

5TH OF GOAL REACHED FIRST DAY OF DRIVE

FINANCE COMMITTEE PLEASUED WITH RESULTS

Approximately \$3,000 in membership pledges to the Pampa chamber of commerce was turned in by workers from the merchants and professional men's group yesterday, leaving much work ahead for fund solicitors.

\$50 Offered To Jaycee Who'll Try Riding Steer

First rodeo performance at Pampa's Top O' Texas Fiesta, June 3 and 4, will open with a bang—and perhaps a few bumps and bruises.

HINES SEEKS ROAD PICTURES FOR DISPLAY

Maps and photographs of the Pampa-Borger highway area, displayed by the Pampa Chamber of Commerce at a convention meeting of highway commissioners and county judges in Lubbock last month, today were sought by Harry Hines, member of the state highway commission, as an information exhibit to be displayed in the state commission rooms at Austin.

Young Convict Chops off His Foot With Ax

HOUSTON, May 13 (AP)—Captain A. N. Owen of Harlem prison farm reported to police here early today that a young convict from Dallas county had mutilated himself by having his right foot chopped off with an ax.

STATE POLICE REQUESTED BY MAJ. SIMPSON

HUTCHINSON SHERIFF SAYS RANGERS NOT NEEDED

AUSTIN, May 13 (AP)—H. H. Carmichael, director of the Department of Public Safety, said today he had instructed Rangers to go to Borger to investigate conditions there.

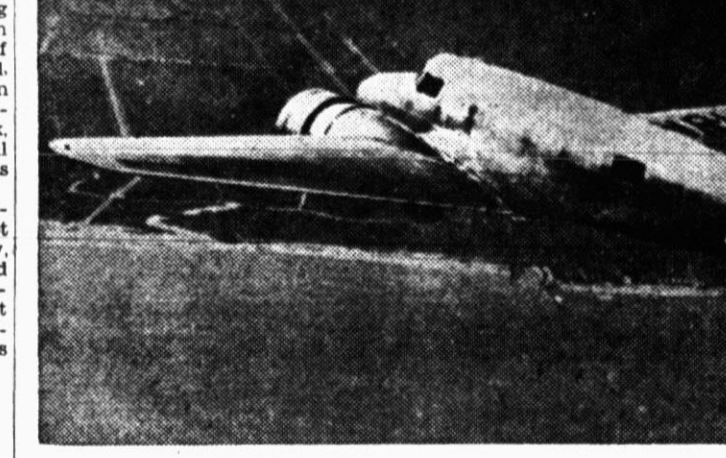

SALARIES OF TEACHERS IN PAMPA UPPED

Teachers salary budget of the Pampa Independent school district was increased seven per cent by the board at its last meeting. It will be distributed on the basis of qualification and tenure.

4 Vehicles Damaged; Woman Hurt

A Pampa motorist yesterday evening proved that he had brakes on his car with the result: a pile-up of a truck and three cars behind him.

Ready for Return Flight Over Atlantic

FRANCO'S REBEL HORDE SWEEPS BASQUE LINES

GUERNICA, Spain, May 13 (AP)—General Francisco Franco's northern insurgent army rolled government lines nearer to the Basque capital of Bilbao today in a general engagement along a 15-mile battle front which reached at some points within five miles of the beleaguered city.

18 Cars of Dumas People Announce Rodeo May 22-23

Pampans learned yesterday noon that Dumas will stage a big rodeo on May 22 and 23. Eighteen cars of Dumas residents visited in the city and had lunch here.

Mrs. R. F. Dirksen, Mrs. E. A. Shackleton, Mrs. Glenn Pool denying they were "working out lines" this morning at the city hall where they, wearing gloves and work clothes, were planting flowers. It is a part of their voluntary campaign to beautify Pampa.

Girl Pianist Is Ranked High at National Meet

Highest honors in the National Piano tournament at Wichita Falls were given Ernestine Holmes, 10-year-old daughter of Mr. and Mrs. E. L. Holmes and pupil of Mrs. May Foreman Carr, this week. Contests were held the first three days of the week.

Ernestine competed in the national contests, intermediate division, although her repertoire entitled her to compete in the collegiate division. She played ten solos, including works of Bach, Paderewski, Schubert, and Mozart, and also passed a test in technique. She has a metronome facility of 108 on her scales.

Charles Hambriel, teacher and composer, now of the University of New York and president of the Composers League of America, was judge. He pronounced Ernestine's playing of the best, emphasizing her passage work and pedaling which he graded highest. He also commented on her tone production and musical intelligence. As a test he had her play one of his own compositions at sight.

A snapshot of Ernestine, Mrs. Carr, and Mr. Hambriel is to appear in the Music Courier soon, and her name will be listed with national honor pupils from all parts of the nation. Last year there were about 400 of these pupils. Wichita Falls was the nearest to Pampa of the 15 national contest units in the United States.

A concert is planned soon for Ernestine, to play for her friends here.

She has for the past three years won highest honors in the Panhandle Music Festival at Amarillo and the state festival at Fort Worth. She began the study of music when she was six years old, and plays as a soloist or accompanist. She also plays the clarinet, on which she received a rating of superior in the recent North Texas band contests here, and the accordion.

Labor-Savers in Home Suggested To Merten Club

Labor saving devices have added 11 years to the life of the average man, 12 years to the life of the average woman, Mrs. Julia E. Kelley told Merten Home Demonstration club women Wednesday afternoon at the home of Mrs. J. L. Burba. She was quoting Dr. C. E. Turner of the health department of Massachusetts Tech.

Simplest labor saving devices are often the most effective in the home, said Mrs. Kelley, county home demonstration agent. She cited proper height of working surfaces, broom and mop handles as a simple means of saving the housewife's energy. She also warned against devices that save labor in one way, only to cost more at last.

Mrs. Alva Phillips presided for a business session. Fifteen members answered roll call by naming kitchen tasks that can be done while seated. Visitors were Miss Ava Nell Kelly and Mrs. B. W. Bettles. Delicious refreshments were served.

A community party was planned for Friday evening, at the home of Mrs. E. M. Hope.

Party Given for Joan Stroup on Fifth Birthday

Honoring Joan Stroup on her fifth birthday, Brent Fisher was host to a party of young Pampans at the home of his parents, Mr. and Mrs. R. B. Fisher, yesterday afternoon.

Games on the lawn were enjoyed, and Mrs. Fisher took pictures of the group. The dining room was decorated in pink and white. Birthday cake and pink ice cream were served, and balloons were given as favors. Gifts were presented from the young guests, and Mrs. C. T. Hunkapillar gave both the host and the honoree a pretty gift.

Mrs. Jim Stroup, mother of Joan, assisted Mrs. Fisher in entertaining. The guest list included the honoree and Mary Lou Neath, Andy Gerhart, Barbara Winters, Dan Stallings, Joe Marie Cross, Jerry Woodall, Betty Fern Wilson, Jimmy Campbell, Edwina Lee Emerson, Jimmy Lyons, Nancy Joyce Graham, Charles Turner, Colleen and Mary Jo Cockerill, Richard Franks, Joyce Harrah, Oma Claire Morris, Betty Gene Brazell, Peggy Jean Yeargan, Frankie Powell, and Dana Sue Sackett.

State Officers Honored in OES

Honoring state and district officers, the Canadian and Miami chapters of the Eastern Star met together at Canadian last evening for a social program attended by a group of Pampans.

Mrs. Florence Reed of Coahoma, worthy grand matron for the state of Texas, was chief honoree. Mrs. Lillian Bernard of Lubbock, grand examiner; Mrs. Robble Dyer of Amarillo, district deputy grand matron; Mrs. Inis Walker of Mobetie, deputy grand matron, and Mrs. Riva Burnett of Miami, past grand matron, were other special guests.

Mrs. Reed spoke of the international Eastern Star temple recently completed at Washington, D. C. From Pampa went Mmes. Katie Vincent, Madge Murphy, W. C. DeCordova, Roy Sewell, T. D. Moss, and Mr. O. M. Anderson.

Investiture ceremony for 25 Girl Scouts of troop four and their captain was conducted yesterday, when the troop and a number of guests met at the Little House.

Mrs. S. C. McFarlane, acting as troop chairman, presented Mrs. L. J. McCarty, who was invested as captain by Mrs. J. M. Turner, leader of troop six. Girls who have fulfilled requirements were then invested to membership in the new troop.

The following girls met the requirements: Louise Almond, Mildred Austin, Julia Marie Bell, Marjorie Lou Blanton, Lorene Canfield, Dorace Jean Caldwell, Betty Ann Drake, Clarence Palk, Evelyn Kidwell, Imogene McFarlane, Tessie Mae Killian, Florence Mae Dillman, Gene Pickering, Bobbie Lou Posey, Sarah Ann Russell, Katherine Robinson, Mary Dean Wilkerson, Louise Shaddox, Peggy Murphy, Jeanne Mullen, Billie Maxine Williamson.

Games followed the investiture. Iced lemonade and cookies were served by the troop committee.

Mullen Speaks to Skelly Mens Club

SKELLYTOWN, May 13—John S. Mullen of Pampa, who is holding a revival meeting at the Community church here, gave a very interesting talk at the meeting of the Skellytown luncheon club Tuesday.

Those present were H. P. Wright, Joe Miller, J. B. Speer, Rev. W. P. McMicken, Hugh Ellsworth, Bob Clements, Bill Harlan, Rhome Johnson, Roy Lilly, Marion Weddington, and Ike Hughes.

CHATTERBOX CLUB. Mrs. O. G. Smith was hostess to

Summer Band To Be Organized by Close of School

Enrollment for ward school summer band membership should be made this week or next. C. O. Croson, director, announces. He asks that enrollment blanks which have been sent to parents of band members, be filled and returned to him by May 21 if possible.

Girls and boys now playing in ward school bands, or who wish to play next year, are invited to take the summer band training, which is designed to prepare them for band membership next year or to keep them in practice through the summer.

Mr. Croson was recently chosen to direct the vacation band. He is leader of the Sam Houston Blue and Gold band this year. Ward school musicians have had opportunity for vacation classes the past two years, a program that has improved the caliber of school bands as well as formed a part of the summer recreation program of the city.

Guests registering were Mmes. J. V. Kidwell, O. Russell, R. W. Drake, F. T. Shaddox, Jack Goldston, John Mullen, C. L. Austin, W. A. Breiling, Annie Daniels, John E. Killian, W. B. Murphy, Rupert Orr, Jack King, the troop committee members, and Elizabeth Lafferty, Marjorie Mullen, Dorothy Jean King, and Nita Rose McCarty.

Chatterbox Sewing Club last Thursday with a covered dish luncheon and a shower for Mrs. A. C. Houchen.

Mmes. Forrest Clifford and Chester Williams were new members present. Mmes. Henry Holtzman and Fred Parks special guests.

MEDICAL HEAD NAMED. FORT WORTH, May 13 (P)—Dr. W. E. Bertner, Houston, was named president-elect of the state medical association of Texas at its closing session today. Galveston was selected as the 1938 convention city. Dr. Bertner will take office in 1938. Dr. Calvin R. Hannah, Dallas, who was named president-elect last year, will become the 1937 president this afternoon. Dr. H. R. Dudgeon, Waco, is the retiring president.

As Kentucky Derby Started Before Record Crowd

Spectacular scene was this as the famed Kentucky Derby got officially under way at Churchill Downs, Louisville, with the start of the first race on the program. Packed the stands may be seen the greatest crowd in the derby's history.

As War Admiral Dashed To Victory In Kentucky Derby

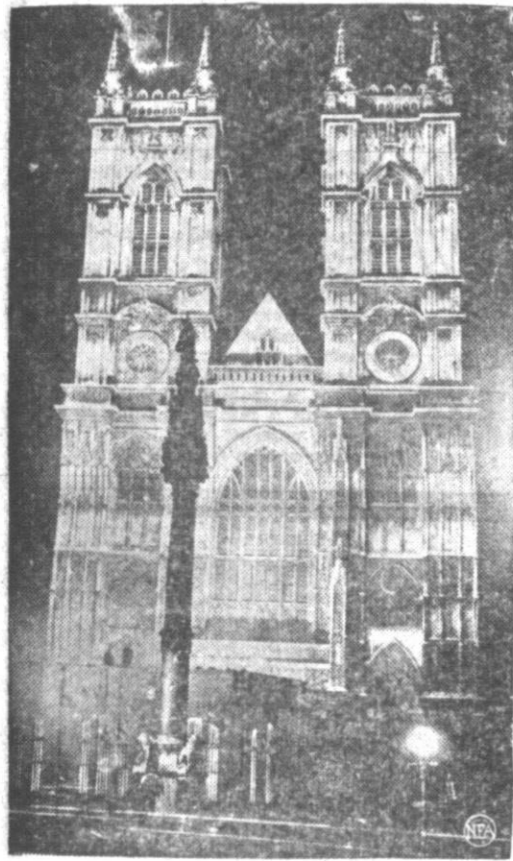

Pounding down the home stretch at Churchill Downs, Louisville, War Admiral, from Samuel Riddle's Philadelphia-owned stables, is shown here as he raced to victory in the Kentucky Derby by, trailing War Admiral to place second is Pompoon, War Admiral led the race from the go, before the greatest crowd in the derby's history.

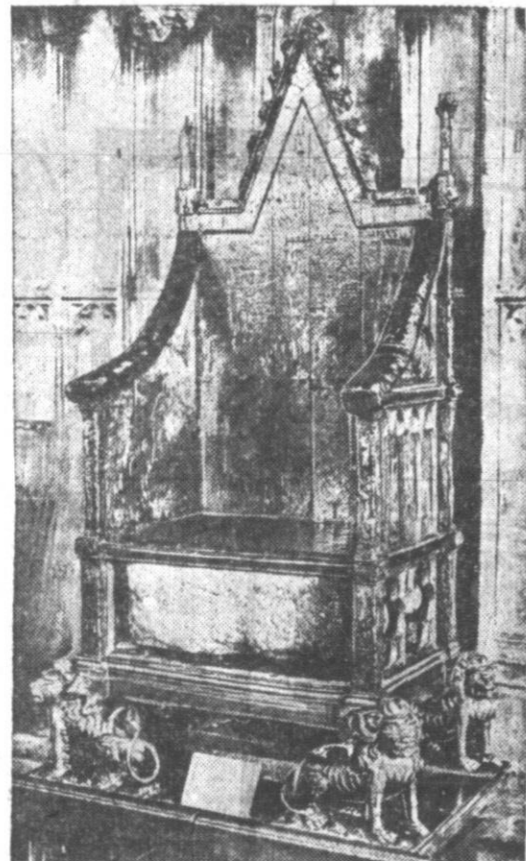

Spotlighted by Coronation

Reserved for King George

King Crowner

Spotlighted as the scene of the coronation ceremonies, historic Westminster Abbey shines brightly under the shafts of floodlights that illuminate it for night-time sightseers in London.

Known as "King Edward's Throne," this knicked and initialed old chair will be used again by King George VI. Under the seat is the Stone of Scone, which gives him dominion over Scotland.

Jeweled ecclesiastic grandeur decks out the Archbishop of Canterbury as he wore the robes in which he will crown George VI "King of Great Britain, Ireland, and the British Dominions beyond the Seas, Defender of the Faith, and Emperor of India."

BALDWIN WILL CALL EMPIRE PARLEY FRIDAY

(By The Associated Press.) LONDON, May 13.—Empire statesmen faced today the task of the medieval symbolism of the coronation of George VI, king-emperor of Britain, to the modern realities of the commonwealth's most pressing problems.

Prime ministers and representatives of the dominions and of India, having paid their tributes to their monarch and his queen, Elizabeth, awaited the call of Prime Minister Stanley Baldwin that will open the imperial conference.

HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 million tiny tubes which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passages with aching and burning shows there may be something wrong with your kidneys or bladder.

open structure and rearing competitively. Dominion prime ministers, now standing equally with officials of the United Kingdom, will ask for a clear statement of British policy at home and abroad.

They will want to know the empire's stand on the League of Nations, on European affairs, on empire trade and on defense of Britain's "life-line" communications should war engulf it or any of its components.

For the first time on equal footing, they will state their own views. There have been some notable changes in the membership of the conference. Newfoundland, her dominion constitution suspended, will not have direct representation. Burma, separated from the Indian empire, will have an observer for the first time.

Seven years of sweeping change have passed since the empire met last in formal conference in 1930. Attention has turned from internal problems of imperial relations and economics to concern for foreign affairs and defense of the empire. Britain confronts a world obstructed by trade barriers damming the commerce which sustains the empire, alarmed by threats to its

curred in yesterday's long celebration. Street cleaners worked to clear the litter from the route of the coronation parade to Westminster Abbey where George and Elizabeth were anointed and crowned. About 2,000,000 persons that formed surging, cheering lanes along the six and one-half mile route to the Abbey left their mark. About 10,000 persons collapsed in the crush and were cared for by first aid units. Police made only a dozen arrests and those were mostly the consequence of revelry that lasted until daybreak today.

UNCONTESTED BILLS PASSED

AUSTIN, May 13 (AP)—Seventeen newly-approved uncontested bills stacked up on Governor James V. Allred's desk today for his signature or veto. Working on half-pay for the first time this year last night, the legislators made short work of minor proposals in the face of looming adjournment. The double-action session saw the House finally approve 11 Senate bills and the Senate six House proposals. Many others were passed from one house to the other and a number engrossed.

Among Senate-approved House measures were bills to: Create the San Jacinto River conservation and reclamation district; require the branding of tubercular cattle; give cleaners and pressers a lien on clothing serviced; making theft of wool, mohair and edible meat a felony, and prohibiting hiring, by drug stores, persons with communicable diseases. Included in Senate proposals passed by the House were bills to create a board to lease National Guard Camp Hulen for oil development; appropriate \$45,000 for a Texas national guard armory board; permit jurors to be summoned by registered mail; prohibit the sale of children by founding homes, and permit guardians, with court approval, to purchase life insurance for their wards. The Senate passed a House bill

War Admiral's Coronation As Victor

To the cheers of the immense crowd at Churchill Downs, War Admiral received the wreath signifying victory in the 63rd running of the Kentucky Derby. Sharing in the triumph was Jockey Kurtzinger, who brought

the Iberian peninsula, were reported today to have been driven from front line trenches just south of the city. Government columns were said to be steadily advancing in the major offensive to recapture Toledo, an important base for insurgent operations on the Madrid or central Spanish front.

siege of the Alcazar military school was broken last October, were reported by the government to have been freshly reinforced by Moorish and German troops. (Insurgent reports from Toledo, picturing the battle as one of the bloodiest of the civil war, carried estimates of the number of government dead at 3,000, and said the government land offensive had been shattered against an eight mile front south of the Tajar river skirting the southern edge of the city.)

EDWARD BEGS QUEEN TO LET HIM BE HAPPY

MONTS, France, May 13 (AP)—The Duke of Windsor demanded today that the British government leave him free to make his own wedding plans and respect Wallis Warfield, his bride-to-be so, as he told his mother, "we can all be happy once more."

member of the royal family except as a private person. The government may even demand a religious service if the duke persists in his demand for a public wedding. This, one source said, would necessitate finding an Anglican minister to officiate despite the church of England's opposition to Edward's marriage to the former Mrs. Simpson.

DEFENDERS OF TOLEDO REPORTED DRIVEN BACK

MADRID, May 13 (AP)—Insurgent defenders of Toledo, once capital of the ancient Moorish kingdom in A S young man the late Dr. R. V. Pierce practiced medicine in Pa. After moving to Buffalo, N. Y., he gave to the drug trade nearly 70 years ago) Dr. Pierce's Favorite Prescription. Women who suffer from "nervous" irritability and discomforts associated with functional disturbances should try this tonic. It stimulates the appetite and this in turn increases the intake of food, helping to rebuild the body. Buy now! Tab. 50c, liquid \$1.00 and \$1.50.

BAPTIST CONVENTION OPENS AT NEW ORLEANS

NEW ORLEANS, May 13 (AP)—Several thousand pastors and laymen assembled here today for the opening session of the Southern Baptist convention. Ringing in their ears was an appeal by a lay leader, Judge John W. McCall of Memphis, to formulate some definite program of interest to men in church work as in lodge, club and chamber of commerce activities.

Fight Over Sugar Proves Lobbyists Not Better—Just More Numerous Now

BY RODNEY DUTCHER,
Pampa Daily News Washington Correspondent.

WASHINGTON, May 13.—The New Deal school for lobbyists may not be graduating more effective practitioners than any previous administration, but it has matriculated them more rapidly and in considerably greater numbers.

For proof, look among the swarm of lawyers, lobbyists, producers, refiners and hangers-on who have assembled here to influence the sugar quota legislation which will replace the Jones-Costigan act at the end of the year.

Sugar in the raw cost American consumers \$490,000,000 last year, and of that amount the cost of protection through the quota system and the tariff was \$354,000,000. No one proposes seriously to save consumers any of the \$354,000,000. The big fight centers on the question of how various sugar interests are going to divide the swag.

Possibly in time the Sugar Section of the AAA will put up a commemorative tablet to the flower of its youth which marched away to fight on all sides in this war. Upon it you would find the name of Jack Dalton, former head of the section, now generally known here for the U. S. Cane Sugar Refiners' Association's lobby. And James Dickey, former assistant chief, now representing Puerto Rican interests with the aid of Dudley Smith, another erstwhile AAA expert.

Chauncey Wightman, another former Sugar Section official, is battling for the Hawaiians against proposed discrimination based on their insularity. Dudley Brown and Meyer Marynaki, respectively the section's former administrative assistant and economist, are working for the American refiners under Dalton and the three occupy a mansion in the embassy district, where entertainment is said to be scaled lavishly as befits an expensive lobby.

All these boys had their training in sugar and met their present bosses at governmental expense.

Prew Savoy, brilliant former head of the processing tax unit in the AAA legal division, now represents Florida and Louisiana cane growers among other clients. He had no part to do with writing the Jones-Costigan act. So did Charles F. Boots, who was with the Senate's legislative counsel and is now with the American Sugar Refining Company.

Elisha Lee Jr. left the Sugar Section to join the National Sugar Refining Company.

'Hero' of Sugar Picture.

And, of course, former Undersecretary of Agriculture Rex Tugwell is now an official of the American Molasses Co., which is very much interested in sugar legislation. But neither Tugwell nor his boss, Char-

STORIES IN STAMPS

By I. S. Klein

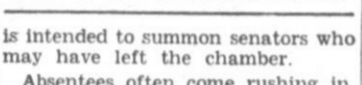

FOUNDER OF A WORLD LANGUAGE

FOR 15 years Dr. Lazarus Ludwig Zamenhof, Polish eye specialist, worked over an idea he had for the creation of a language that could be used and understood throughout the world. In 1887, he presented this language of Dr. Esperanto—"one who hopes," and since then Esperanto has become an international language for thousands of enthusiasts.

More than 150 other "world languages" have been tried before and since 1887, but Zamenhof's ideas have prevailed. As a result, some 45 countries have Esperanto organizations, world Esperanto congresses have met annually, children in European schools are learning it, and even the League of Nations has adopted it partially.

By the time Zamenhof died, in 1917, at the age of 58, his creation had spread throughout the world, greatly improved. Russia honors him by a stamp issued in 1927, for it was in Russian that Zamenhof described his idea.

ACCIDENTS IN TEXAS FATAL TO 4 PERSONS

(By The Associated Press.)

Accidents took four lives in Texas and injured six other persons yesterday.

In a Dallas collision which demolished the cars in which they were riding Leon Pepperberg, of Richardson, and Mrs. Birdie McMeans of Garland were fatally injured.

Rolf Stanley, Houston coin machine operator, died after his car turned over on a curve between Sinton and Odem. Three-year-old Donald Clark was shot fatally in the head when he and a playmate toyed with a loaded pistol. A verdict of accidental death was returned. The shooting occurred at the child's home in New Braunfels.

In his seventh crash John F. Barnes, Waco lumberman, was injured in the 75-foot fall of his plane as it took off from the Austin municipal airport. He was injured seriously. Barnes was a licensed pilot.

Near Dalhart five persons were injured, none seriously, when a tire blow-out caused a car to overturn.

MILD FORMS OF EPILEPSY ARE WIDESPREAD BUT NOT NOTICED

PITTSBURGH, May 13 (AP)—Discovery of widespread forms of mild and heretofore unrecognized forms of epilepsy, detected by a brain "stethoscope," the instrument which records the electrical pulses that flows from the mind, was reported to the American Psychiatric association here today.

The momentary pause in which a person believes that he is stopping to think may be a symptom of this kind of epilepsy. Stubbornness, impulsiveness and irritability are sometimes other signs.

For years the medical profession has believed in the existence of mild, unrecognized forms of epilepsy. The "stethoscope" confirms the belief and extends it to unexpected mental states.

The case of a football player who suffered a blow on the head was described by A. Gibbs, M. D., E. L. Gibbs, and W. G. Lennox, M. D., of Boston City hospital and Harvard medical school. Four years after the injury, at the age of 26, he developed ordinary epileptic convulsions.

But the stethoscope showed small mental disturbances that looked like epilepsy and that happened about once every minute. They lasted only five to ten seconds. There was no convulsion with them, nothing to indicate the young man was not in perfect health.

With the aid of the stethoscope the physicians found that he could remember anything that was said to him during the five and ten second periods. But during those brief intervals he was unable to do arithmetic problems or to write a sentence necessitating thought.

He simply stopped and seemed to pause as if in thought during those intervals. He himself believed he was thinking and did not realize there was anything wrong.

The electrical pulse that reveals this epileptic condition is a sort of "dash-dot-dash," instead of the "dash-dash-dash" of a brain in good health.

As a result of the electrical studies of epilepsy, said Herbert H. Jasper, M. D., of Providence, R. I., former conceptions of the brain must be revised. It can no longer be considered "as only an intricate network of pathways and switches by which an impulse which starts at a sense organ is finally conducted to its destination."

Instead the human brain is a sort of pool into which the nerves drop their messages. In that pool, Dr. Jasper said, the messages may or may not make an impression.

The Carnegie Foundation for the Advancement of Teaching had research of \$26,794,272 on June 30, 1936.

Field work in child nutrition is offered to seniors in household science at Oklahoma A. and M. college.

is intended to summon senators who may have left the chamber.

Absentees often come rushing in, hastily inquire how someone with whose views their own coincide is voting and cast their vote without knowing details of what has been going on.

A similar arrangement operates in the House from the rostrum of the speaker.

A bill providing for payment of \$5 was passed by the Senate to pay a mimeograph operator of the Railroad commission for working on Sunday to make copies of a committee report. The regular facilities of the Senate were overloaded and quick action on the report was needed.

One of the smallest tie votes was recorded in the Senate, a vote of 1 to 1.

A bill involving the method of taking the school census was up and most of the Senators were paying no attention.

Senator Olan Van Zandt of Iowa, sponsoring the bill, was offering a number of committee amendments which were going through without difficulty. Van Zandt was voting "aye" in a loud voice after moving adoption of each amendment.

Suddenly, however, Senator A. M. Aiken, Jr., of Paris voted "no," and the secretary solemnly recorded, "one aye" and "one no."

Aiken wanted more information. After obtaining it, he withdrew his objection, and the amendment was adopted.

OUCH!

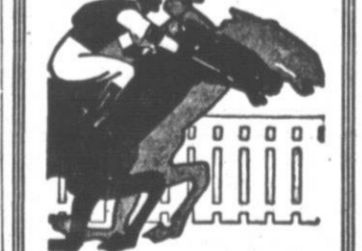

ALBUQUERQUE, N. M.—Ed Grabb grabbed. He thought he was grabbing an opossum darting across the mountain road.

Ed let go with a yell and started picking porcupine quills out of his arms and legs.

The New Army Game—Bombing

When 11 big army planes landed on the sand of Murdock Dry Lake, Mojave Desert, Calif., they carried everything from bombs to pup tents for extensive war games. Below is shown a stack of the deadly "eggs." In the upper picture two army mechanics load the bombs, complete with detonator, into rack of one of the planes.

On Capitol Hill

By HARRELL LEE
AUSTIN, May 12 (AP)—T. J. Holbrook of Galveston, Dean of the Senate, played the unusual role of defender of President Roosevelt during floor argument on a resolution requesting congress not to increase the gold content of the dollar.
He often has spoken in opposition to policies advocated by the President. When the resolution came up, however, he said President Roosevelt would not appreciate its adoption.
"President Roosevelt is trying to throw on the brakes to stop inflation," Holbrook said, "and he may come to the conclusion that the dollar's value should be raised. The President said a few days ago in warning against bills to fix prices that prices had increased in some instances until the average person was finding it difficult to purchase necessities."
Senator L. J. Sulak of LaGrange replied that the move to increase the dollar's value was not being fostered by the President but by the Republican minority in the national congress, backed by the Senator from Galveston.

While debate on the matter was in progress, Sen. Joe L. Hill of Henderson asked the presiding officer if there was some way of limiting it. Sulak asserted Hill was in no position to request such limitation because he, Hill, had consumed much of the Senate's time through floor speeches. The Henderson Senator reported that he was talking about something in which the Texas legislature was interested whereas Sulak was discussing congress' business.

When Rep. Louis Lankford of Commerce arose towards the end of the long regular session to make a few remarks on a bill, Speaker Robert W. Calvert decided the occasion was so unusual he should appoint a committee to escort Lankford to the front of the chamber.
The white-haired teacher from Commerce is one of many representatives who rarely makes a speech. The point of his talk was like that he had made earlier in the session through questioning of speakers—that government should be kept as close to the people as possible.

The University of Texas Bureau of Business Research continues to give out encouraging reports at regular intervals. One of the latest was that postal receipts in 35 representative Texas cities during the first quarter of 1937 were 10.4 per cent larger than those for the corresponding quarter of 1936, with cities.

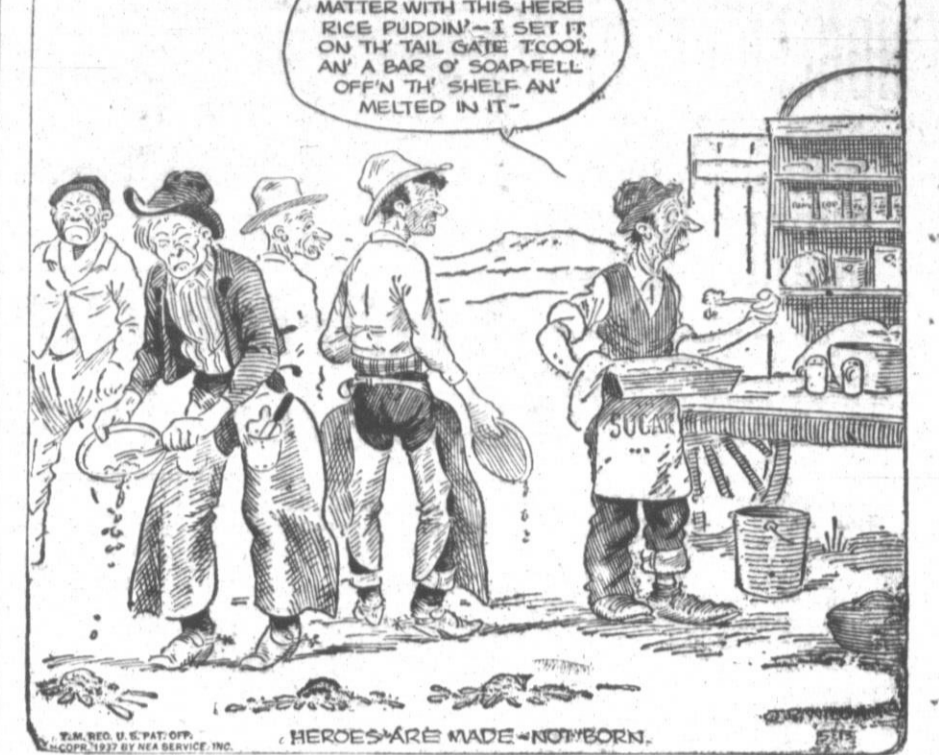

New York, Ohio, Minnesota, Indiana and California have initiated or are contemplating illuminated highways.

Treatment, Time Lost Send Cost Of Syphilis To Huge Yearly Total

This is the third of six articles presented by NEA—The National Educational Association Daily News in the nation-wide drive to so-called "venereal" disease. These articles present an authentic picture of what syphilis is, how it affects the body and what can be done to stamp it out.

By MORIS FISHER, M. D. Editor, Journal of the American Medical Association

It is commonly estimated that from 8 to 10 per cent of the American people have syphilis. That means that from 10,000,000 to 12,000,000 are infected.

It has been estimated that 21,000,000 working days are lost by infected men. Allowing for this at the rate of \$4 per day, there is an immediate loss of \$84,000,000. This does not take into account time lost by women. It has been estimated that the annual bill for treatment of syphilis in New York state is more than \$23,000,000.

The amount of infection seems to vary according to the status of society and the occupations of those who are concerned. Women of the "red light" districts are said to be infected invariably sooner or later. Among criminals in penitentiaries, as many as 20 to 40 per cent have been found infected. Among men of better families, the amount of infection seems to vary from 2 to 10 per cent.

Active Death Cause
The number of people who die from syphilis is not definitely known, because there is a disinclination to report syphilis as the main cause of death, and also because it is covered up by other more important causes.

If it is remembered, however, that syphilis is the real cause of death in all cases of general paralysis and locomotor ataxia, in many cases of epilepsy, and in a considerable number of other diseases the importance of the condition as a cause of death is more easily estimated.

Life insurance companies are not likely to be willing to insure people who have syphilis. The sickness and death rates of those who have had the disease are likely to be higher than those for other people in the community.

If insurance companies do accept for insurance those who have had syphilis, they are likely to want a higher rate. Some companies will, however, insure people who have had a thorough course of treatment and who have been without symptoms for some three to five years.

Marriage Precautions
In many states syphilis is a bar to marriage. Twenty-two states demand a physician's certificate or a statement of affidavits from one or both candidates that they are free from venereal disease.

In Michigan and Oklahoma, marriage by a person with venereal disease is illegal.

Next: How syphilis spreads, and some of the things it does NOT do.

TIME TO DETROIT.

ELKO, Neb.—Three automobiles, all from California, overturned at the same spot in a highway 45 miles south during the past three weeks. Blowouts on the same wheel caused the accidents. All occurred at the same hour. All three cars were insured by the same company.

RAIN—NO STRIKE.
ROSELLE N. J.—The 89 employees of the Ravina Leather Products Co., finding the weather warm and pleasant, went on a sit-down strike on the lawn under the shade trees.

They warned they would repeat the action daily until they receive their wage-and-hour-demands—unless it rains.

TEXAS WOMEN TO BE WHITE HOUSE GUESTS

ABOARD ROOSEVELT TRAIN EN ROUTE TO WASHINGTON, May 13 (AP)—President Roosevelt was speeding through the heart of the continent today toward home, surrounded by members of his family and eager to get back into official harness after a restful fishing vacation off the coast.

His special train, after running through an electrical storm in Texas and Oklahoma last night, was rolling through Missouri on a route that included St. Louis, Indianapolis and Pittsburgh.

It was due in Washington tomorrow morning.

The President was accompanied by his sons, James and Elliott, the latter's wife and their little daughter, Ruth Chandler Roosevelt. Also in the party was Mrs. Eloise Polk Fort Worth, former school chum of Mrs. Elliott Roosevelt. They are to be guests at the White House for several days.

A press conference was tentatively scheduled on board today to take the place of the usual White House interview tomorrow.

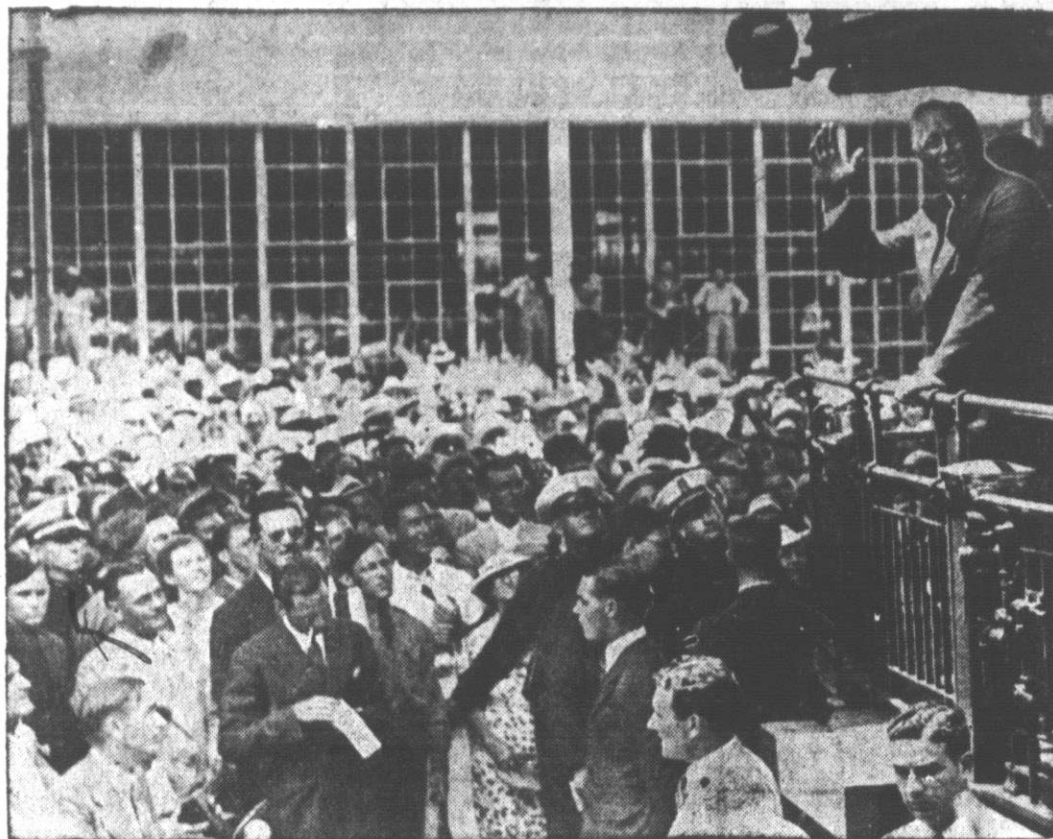

The President was given a rousing send-off at the depot last night in Fort Worth, where he paused 21 hours at Elliott's home on the outskirts on his way home from the gulf.

As if 11 days of gulf fishing were not enough, he stopped on the way to the train to visit Shady Oak, farm home of Amon Carter, Fort Worth publisher, and snagged a trout in a roadside stream while sitting in his open car.

Public Asked to Capture Ballons In Insect Survey

More than 4,000 yellow balloons about eight to nine inches in diameter, each carrying a numbered tag to be detached and dropped in the mail by the finder, are to be released in an interesting experiment to determine the effect of winds upon the spread of the cotton flea hopper, and other injurious insects. This experiment is being conducted cooperatively by the Texas Agricultural Experiment station and the Bureau of Entomology and Plant Quarantine, U. S. Department of Agriculture. Releases are to be made from South and Central Texas areas where cotton weeds or goatweeds are abundant, and during a period when the cotton flea hopper adults are migrating to cotton or about May 12 to June 1. It is already known that these insects are carried considerable distances on the winds, and it is hoped that additional information may be obtained regarding the direction of the air currents and the probable distances that the insects might drift. Persons finding the balloons are requested to fill out the tags with location where

President Flashes Famed Smile at Houston

The President flashes the famous Roosevelt smile on Houston, on the way from Galveston to College Station, where he reviewed the Texas Agricultural and Mechanical College Cadet Corps. (Copyright 1937 Acme Newspictures, Inc.)

Jealous Judy Prefers Gentlemen

Her owner, a Mr. Gay of London, says "Judy," small Brazilian monkey, is a "perfect lady" when the men are around, but when the ladies appear, Judy turns ragingly jealous. Here the camera-men snapped Judy just as she hurled a rock at Mrs. Gay, and Judy wasn't fooling. The monkey is seized by uncontrollable anger at the mere sight of a woman.

found, their own names and addresses, so that acknowledgment may be made with information regarding the experiment. No postage is required. It is desired that the balloons be allowed to settle to the ground or nearly so.

ATTACK KEEPS MORGAN FROM ABBEY CEREMONY

LONDON, May 13 (AP)—J. P. Morgan, the New York financier, was disclosed today to have suffered an attack of heart disease that kept him from attending the coronation ceremonies yesterday in Westminster Abbey.

Thomas W. Lamont, one of his New York partners, said Morgan was better and that he planned to return to the United States within two weeks.

"Mr. Morgan was prevented from attending the coronation as planned as his physician thought it more prudent for him to keep to the house following a slight recurrence of a heart difficulty he had a year ago," Lamont said.

"His condition is highly satisfactory."

BLOODTHIRSTY AZTEC DEITY

Amid the startling murals of the great Latin American Palace at the Greater Texas and Pan American Exposition appears this vividly colored portrait of the ancient Aztec god of war, Quetzacoatl. His altars ran rivers of blood during the time of the Montezumas. A sacrifice to this brutal deity constitutes the opening scene of the Cavalcade of the Americas for which tickets are now being sold at bargain prices. The International Fair opens in Dallas June 12.
