## Myriad Events Highlight Year

# Parade of Progress in 1968

During 1968, many events took place in Muleshoe and Bailey County. It was a memorable year for many and elections during the entire year took the forefront in most instances. Below, reproduced briefly, is 1968 on Parade, a condensed report of the more important events during the year.

### JANUARY

Mrs. Harlan Reese, 43, was killed in the first fatal accident for 1968 in the area. She was fatally injured in the accident which occurred 12 miles southeast of Muleshoe on January 2.

When the Texas Driver's License Division of the Texas

Highway Patrol opened its doors after the New Year Holidays, a new innovation was put into operation.

It was the new color photo camera installed to put a photograph on all Texas Driver's Licenses. Mrs. Eugene Black was employed to operate the Drivers License office on a full time basis.

Deanna Carol Peel became the New Year's baby for 1968 after making her appearance at Green Memorial Hospital on January 3.

The baby's parents are Mr. and Mrs. Donald Peel, Route 4. Dr. Charles Lewis was named one of the most 'Out-

standing Young Texans' by the Jaycees for 1967.

On January 30, Muleshoe Locker Co. was damaged heavily in an explosion. No one was seriously injured in the explosion, which blew out the back of the locker plant. Two pickup trucks parked nearby were damaged by debris and flying beams.

Bailey County Tax Assessor-Collector Jean Lovelady reported that a total of 3,583 had registered to vote during January.

### FEBRUARY

Political races shaping up with contested races in county commissioners posts. Precinct One has four candi-

dates for county commissioner. They are W.L. (Lewis) Middlebrook, Sherman Inman, Wayne Williams and Matt Dudley.

L.E. (Bud) Warren, W.H. Eubanks and Wayland Altman are candidates for Precinct Three.

Roy Hayless is opposing incumbent Arthur Bolton for constable, and all other county posts are unopposed.

Dr. W.F. Birdsong, 67, died at West Plains Hospital at 7:50 p.m. Thursday, February 2, following a stroke earlier in the day at his home.

Morris McKillip threw his hat into the political ring by announcing his candidacy for county commissioner, Precinct One.

Many trophies and cash awards were presented at the finale of the 1968 Bailey County Junior Livestock Show.

The show was held at the school bus barn on February 15, 16 and 17.

## Flu Still With Us

Dr. B.O. McDaniel from West Plains Memorial Hospital says that although the recede influenza outbreak in the Muleshoe area has not reached epidemic proportions, it is increasing in the area.

He said that we will perhaps reach the peak in the outbreak in the month of January, only a few days away.

Dr. McDaniel further stated that several of the nurses from the hospital are out with the flu right now and more have been ill with it. Dr. B.E. Sanderlin presently has the flu and Dr. Purnill has been ill after coming down with the flu.

Thusfar, Dr. McDaniel has not been affected, even with all the patients he sees daily who are suffering from influenza. He laughed and said, "It has been all around me, but so far it hasn't hit me."

Almost every family in the area has had at least one member of their family in bed at some time or the other in recent weeks.

Although the Muleshoe Nursing Home has been closed to visitors within the past 10 days because of the dread illness, visitors still are allowed within the hospital, although doctors and nurses encourage people not to visit those confined in the hospital.

Dr. McDaniel warned of set-backs in influenza. Some of those already weakened by a bout with the flu find themselves re-exposed and the second time around, are extremely ill.

Muleshoe schools are out for the holidays and it is felt that by the time school recovers on January 6, the worst of the outbreak will have already past. At the time school was dismissed for the holidays on December 20, less than eight percent of the school was hit by illness.

## Postal Rates Increase

Postal rates for newspapers and magazines and other material mailed at the second-class rate will be increased January 1, Postmaster Beavers reminded second-class mailers today.

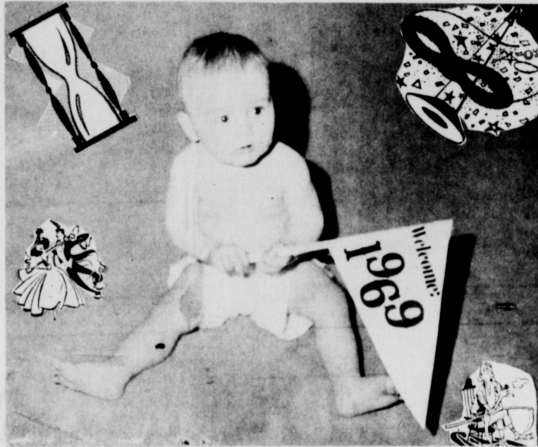

The increase results from the postage rate law enacted in December 1967, which raised most second-class rates in three annual steps, Postmaster Beavers pointed out. The January 1, 1968, hike is the second phase of the increase. The first phase took effect January 7, 1968, and the third step will go into effect January 1, 1970.

The second - class rate increase affects general interest, nonprofit and classroom publica-

tions. Rates also will go up January 1 for controlled-circulation publications. These are primarily trade, technical and industrial journals which generally do not charge a subscription fee and are not eligible for second-class rates. The 1967 postal rate law called for a three-step raise for controlled-circulation publications, to be effective the same dates as the second-class increases.

Except for home-county mailings, postal rates for newspapers and magazines mailed second-class are based on the

IS IT REALLY ALMOST 1969? -- Waiting in anticipation for the new year is 11-month old Craig Barber, son of Mr. and Mrs. Ronnie Barber. Although his 'Welcome - 1969' banner is beginning to drop somewhat, the young man patiently awaits the events of a brand new year. Pictured around him are some of the ways to celebrate 'Out With the Old and In With the New.' Father Time is slowly rocking out of the picture.

## Mules Take First Win in Tournney

The Muleshoe Mules, sparked by the fired-up shooting of Jim Putman, took their first game in the Muleshoe basketball tournament Friday night, beating Abernathy 51-50.

John Freeman Elliott put the frosting on the cake in a three minute overtime by stealing the roundball and dribbling back

down the court to make a lay-up after missing two lay ups in a row only seconds before.

The Abernathy Antelopes led in the opening stanza with a comfortable 16-7; at halftime, they maintained an eight point lead with 27-19; and led going into the third where the Mules pulled out into the lead with 22

seconds left in the third by a score of 35-34.

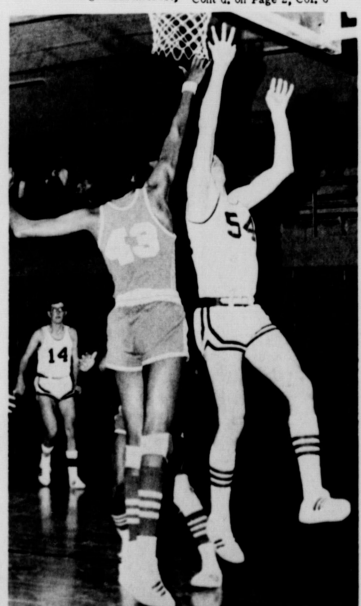

Going into the final section of play the Mules led until 6:24 was shown on the scoreboard clock and after that time the score was either tied up or switched back and forth. With 2:10 on the clock, it was all tied up, 43-43 and was broken until 33 seconds before the clock ran out. Riding on a 45-45 tie at the end of regular play, a three minute overtime started, during which play the lead again switched back and forth until Elliott stole the ball and rolled back for a 2 point lead. A foul call added one more point for the Antelopes, but it wasn't enough to offset the Mules' lead. With four seconds on the clock in the overtime, an Antelope missed a lay up just as the final buzzer sounded.

Johnny Lutrick, Abernathy Antelope, made several long shots that looked quite professional as he shot from mid-court or corner shots which plopped through the basket without even touching the rim.

Jim Putman had his best game of the season, hitting 56 percent of his shots for a long 23 points. At halftime he had only hit five points, but got fired-up in the second half and hit . . . and hit . . . and hit. Lionel Patterson had eight points; Ricky Botkin, seven; Dennis Boone, five; and John Elliott and Steve Woodard each had four points.

In the first game of the evening, played at 6:30 p.m. Friday, Lubbock Estacado downed Tulia 76-65. Estacado also came from behind to take a win, as Tulia maintained a one-point lead at halftime with the score sitting on 34-33.

Estacado came into the game Cont'd. on Page 2, Col. 5

THE LONG STRETCH--Lee Jones, No. 43, an Estacado roundballer, puts the long stretch to work in their '76-65 victory over the Tulia Hornets in opening play at the Muleshoe tournament Friday night.

A WIRED BALLET--Jesse Clemmons, No. 30, and Johnny Lutrick, No. 11, seem to be in a sort of a wired ballet in tournament play Friday night. The Mules took the game in a three minute overtime, 51-50.

From The Chief's Desk

A roundup staged by city officers on the main street of Muleshoe brings to mind a problem that has been plaguing motorists and officers during recent weeks.

On Christmas day, two horses were reported as being on the curve of Highway 214 south standing in the middle of the highway. When a city officer arrived he found the two horses "straddling" the white line. He drove the horses on into town as they were on the south end of main street at the time and penned them temporarily to attempt to find the owners.

Now, officers can and have made roundups of horses and cows before, but the livestock owner should be reminded that livestock on the highways and

streets present a definite danger to motorists.

Recently within the county and nearby area, several accidents, at the rate of at least one a week, have happened when cows or horses were out on the highway. When motorists run upon livestock on the highway suddenly, there usually isn't time to stop in case they try to run across in front of a vehicle. Consequently, another dead horse or cow and another wrecked vehicle. Fortunately, most of the time, drivers and passengers receive only minor injuries.

This is not open range country, so try to make a definite effort to keep our livestock behind fences.

**NOTICE AND INSTRUCTIONS TO BIDDERS**

December 9, 1968

Sealed bids will be received by the Commissioners Court, Bailey County, Texas, hereinafter referred to as the "Owner", for performing the work as set forth in the Plans and Specifications entitled Bailey County Jail and Law Enforcement Center, Muleshoe, Texas, on or before 10:00 o'clock, January 9, 1969, in the Commissioners Court, Bailey County Court House, Muleshoe, Texas, at which time said bids will be publicly opened and read.

All bids must be made on the blank form of proposal furnished in the specifications.

Each bid must be accompanied by a certified check or the bidder's bond payable to the Owner for five per cent of the amount of the bid. As on as the bid prices have been compared, the Owner will return the check or bond of the successful bidder within five business days. When the contract is awarded, the checks or bonds of the two remaining unsuccessful bidders will be returned. The check or bond of the successful bidder will be retained until the contract and retty bond have been executed and approved, after which it will be returned.

A performance and payment bond in the amount of 100 per cent of the contract price will be required from the bidder. The Owner and Architect will be required to furnish the performance of the contract, and a bidder shall state in the proposal the name and address of a surety or sureties who will guarantee the performance of the contract. A maintenance guarantee for the repair of all damage due to improper materials or workmanship for a period of one year after the acceptance of the work by the Owner will also be required.

The party to whom the contract is awarded will be required to execute the contract and a performance and payment bond within ten calendar days from the date when the written notice of the award of the contract is mailed to the bidder at the address given by him. In case of failure to do so, the Owner may at his option consider that the bidder has abandoned the contract, in which case the certified check or bidder's bond accompanying the proposal shall become the property of the Owner.

The Owner reserves the right to reject any and all bids or to accept any bid. Contractors' proposals shall hold firm for thirty days. Mutually agreed upon extensions of time may be made, if necessary.

Before the award of the contract, any bidder may be required to furnish evidence satisfactory to the Owner and to the Architect of the necessary facilities, ability, and pecuniary resources to fulfill the conditions of the said contract.

Prior to signing the contract, the contractor shall submit on a form acceptable to the Owner and Architect, an overall construction schedule for the project. This construction schedule shall start with the proposed date of signing the contract, and the completion date shall be the date specified in the contract.

Bidders must satisfy themselves by personal examination of the location of the proposed work, by examination of the Plans and Specifications and requirements of the work.

Should a bidder find discrepancies in or omissions from the plans, specifications, or other documents, or should he be in doubt as to their meaning, he should at once notify the Architect and obtain clarification prior to submitting any bid.

Contracts to be let will consist of:

A. Turnkey Building Contract Except Jail Equipment, B. Jail Equipment.

The Construction Contract and the Detailed Specifications contain the provisions required for the construction of the project. No information obtained from any officer, agent, or employee of the Owner on any such matters shall in any way affect the risk or obligation assumed by the Contractor or relieve him from fulfilling any of the conditions of the contract.

11. Proposals which are incomplete, unbalanced, conditional or obscure or which contain additions not called for, erasures, alterations or irregularities of any kind or which do not comply with the Notice and Instructions to Bidders may be rejected at the option of the Owner.

12. A bidder may withdraw any proposal he has submitted at any time prior to the hour set for the closing of the bids provided the request for withdrawal is signed in a manner identical with the proposal being withdrawn. No withdrawal or modification will be permitted after the hour designated for closing the bids.

13. Computation of quantities that will be the basis for payment estimates, both monthly and final, will be made by the Architect.

14. The Owner will be responsible for payment in accordance with the terms of the Contract. The word "Contractor" means the person, firm or corporation to whom the award is made. Subcontractors as such will not be recognized.

The word "Architect" refers to Bill W. Cantrell, Architects & Land Planners, designated by the Owner as its representative during the course of construction to make appropriate inspections and computations of payments.

15. Plans and Specifications may be obtained from Bill W. Cantrell, Architects, Land Planners. A deposit of \$50.00 will be required for the Plans and Specifications. \$50.00 will be returned to those returning them in good condition within ten days after the date of the bid opening.

Pictures of the children of class members were displayed on a bulletin board and letters were read from members not able to be present. Records of songs popular during 1958 were played throughout the evening. Games were played, interspersed with a lot of conversation.

Class members present were: Glen Border, Ginger Roberts lrv, BBI Harmon Frank Wuerflein, Clyde McMahon, Buddy Peeler, Terrell Hodges, Mary Janice Puckett Brantley, James Roy Jones, Lonelle Wimberly, Ralph Tunnell, Donna Atkinson Roming, Nan Allison Pool, Tom Bratcher, Ken Angley, Dick Johnson, Doyce Turner, Jeanne Ward Jones, Leon Atchison, Doris Childers Mardis, Ronnie Larson, James Williams, Bill Black, Mary Jo Holt Black, Jack Dunham, Bobby King Dunham, Royce Turner, Sandy Briscoe, Turner, Joe Gross, Eugene Howard and others not registered.

The group plan to have the next reunion in about five years.

## Huff, Henexson Vows Exchanged

Miss Geneva Frances Huff exchanged wedding vows with Leonard Garland Henexson in a double-ring ceremony performed December 22 at three o'clock in Three Way Baptist Church. The Rev. Hugh Jack Norwood, pastor of the church, was officiating minister.

Parents of the couple are Mr. and Mrs. H.O. Huff, Jr. of Baileyboro, and Mrs. Clyde Knight and Bill Henexson, both of Muleshoe.

The church was decorated with a large candelabra holding white tapers, flanked by two smaller candelabra, all adorned with greenery and red velvet bows.

Given in marriage by her father, the bride wore a formal A-line gown of white satin, the Empire waist defined by a band of white fur, with long tapered sleeves, the chapel train falling from the shoulder. The floor-length veil of illusion was four-tiered and attached to a large peau soie rose and a band of fur, lace and crystal beads, all entwined. The bridal bouquet was white cymbidium orchids and Frenched carnations, atop a white Bible.

Miss Anne Robertson, of West Camp, was maid of honor. Miss Vicki Henexson, sister of the groom, of Muleshoe, and Miss Sharyn Wittner, of Canyon, were bridesmaids. They wore identical gowns of red velvet, fashioned with long tapered sleeves, empire waistline, and bows in the back. White fur muffs, with red and white velvet streamers completed their costumes.

Flower girls were Danni Lynn Price, cousin of the groom, from Lamesa, and Connie Wall, cousin of the bride, from Artesia, N.M. Connie carried a candle and Danni Lynn carried a basket filled with holy.

Candles were lighted by Steve and Paul Huff, brothers of the bride. Ringbearer was Jason Huff, also a brother of the bride.

Gary Shipman, of Muleshoe, served as best man. Grooms-men were Dusty Thomas of Muleshoe, and Don Boydston of Halls.

Ushers were Chester Huff of Baileyboro, brother of the bride, and Randy Williams of Muleshoe, cousin of the groom.

Miss Kathy Hicks served as pianist and accompanied herself and Miss Jann Sue Land as they sang "The Lord's Prayer", "The Twelfth of Never", and "Love is a Many Splendored Thing."

After the bride and groom walked down the aisle, they lighted a memory candle in the favor of the church.

Immediately following the ceremony a reception was held at the Three Way Cafeteria.

The bride's table was laid with

## Gainesville Buffet Fetes Miss Phelps

Miss Ann Phelps and her fiancé, Jay Campbell of Gainesville, were honored Sunday evening, December 22 with a buffet dinner in the home of Dr. and Mrs. William F. Powell, Gainesville. Co-hosts were Mr. and Mrs. Floyd Webb, of Gainesville and Dr. and Mrs. Jay Murphy of Dallas. Approximately 150 guests attended.

Greenery, balls, lights and a Della Robbie wreath decorated the entrance to the home.

Greeting the guests were Mrs. Powell, Mrs. Bernard Phelps, mother of Miss Phelps, the honorees, Mr. and Mrs. Tim Campbell and Mrs. Murphy,

Cranberry punch was served in the living room from a small round table covered with floor length cloth. Guests then were served a molded hot turkey salad and ham dinner from a large table covered with a white Christmas cloth. A tiered arrangement holding red votive candles centered the table.

The dessert table in the den was centered with greenery and Christmas balls. A variety of cakes, cookies and tarts was served with coffee.

A large decorated tree highlighted the den, along with greenery and lights entwining a staircase. A tiny lighted tree

stood at the top of the stairs. Assisting in the houseparty were Mrs. Norman McArchie, Mrs. William T. Bonner, Mrs. Robert L. McLeroy, Mrs. R.L. Kennedy, Mrs. Homer Koon, Mrs. Robert Claxton, Mrs. W.O. Echols, Mrs. H.M. Powell, Mrs. Milton Dickson, Mrs. Jerry Dickson, Mrs. T.M. Dickson Sr., Misses Ruth Young, Virginia Lauderdale of Wichita Falls, Diane Jeter and Rebecca Phelps, sister of the bride-to-be, and Dick Powell. The Phelps wedding will be celebrated January 11 in United Methodist Church, Muleshoe.

### KINDNESS DURING LIFE

I would rather have one little rose

From the garden of a friend, Than have the choicest flowers When my stay on earth must end.

I would rather have the kindest words

Spoken day by day to me, Than flattery when my heart is still, And this life has ceased to be.

I would rather have a loving smile

From friends I know are true, Than tears shed around my casket When this world I've bid adieu.

Bring me all the flowers today, Whether pink, or white, or red, I'd rather have one blossom now, Than a truckload when I'm dead.

# U.S. Leads Eleven Nations in Churchgoing

Even with churchgoing in the United States showing a slight decline in 1968, the proportion of adults who attend church is greater in the U.S. than in 10 other nations of the Western world according to surveys. Some 43 percent of all adults in the U.S. attend church in a typical week or some 50 million persons are in church during the week. This is the finding of the latest poll made by George Gallup, Director of the American Institute of Public Opinion.

More than one-third of the adult population attended church before the beginning of the Second World War in 1940. Each 37 out of 100 people had gone to church in a typical week.

In 1955, a peak had been reached with attendance climbing to 49 percent and it was the same in 1958. After 1958 the trend was downward and it was 45 percent in 1967 and dropped to the 43 percent mark in 1968.

Most of the change in the

churchgoing attendance has been among the nation's young adults, those in their twenties, according to a Gallup Poll. Overall, the percentage of decline in attendance has been six percent but young adults attendance fell off an average of 14 percentage points.

Over the last decade, the Roman Catholics have been more pronounced in the dropage in percentage points with nine percentage points, which is four percentage points more than Protestant's five percentage points.

Austria and the Netherlands are the only two nations covered by the Gallup Poll in which the people attend church regularly on almost the same basis as those in the United States.

Finland, Sweden and Norway were found in the international poll to have the poorest attendance record.

According to the poll, the percentage of 11 nations attending church on Sunday in a typical week is as follows:

U.S.A.	43
Netherlands	42
Austria	38
Switzerland	30
Greece (Athens)	28
West Germany	27
France	25
Uruguay (cities)	24
Norway	14
Sweden	9
Finland	5

Since the peak year for church attendance, 1958, the trend is shown: 1958, 49; 1959, 47; 1960, 47; 1961, 47; 1962, 46; 1963, 46; 1964, 45; 1965, 44; 1966, 44; 1967, 45 and 1968, 43.

In the 1969 record of church attendance Lutherans and Baptists are shown with the best attendance record among the Protestants, and persons who have attended a college are among the most faithful of the church goers.

Persons without responsibility are usually anxious to solve tremendous problems.

## Aquaculture New Field For Extension

COLLEGE STATION, --The Texas Agricultural Extension Service is getting into the relatively new field of aquaculture.

Aquaculture is only one of several names. Call it development of marine resources or even sea farming, but what the practice amounts to is commercial production of such delicacies as shrimp, crabs and oysters along the state's coastal areas.

The Extension Service will be administering an activity known as the Advisory Services. Heading the project is Dr. Daniel P. Pfannstiel, an assistant director of the Extension Service.

The Aquaculture advisory service is an outgrowth of a program recently authorized by Congress to push national development of marine resources. Overall organization of the plan is similar to that used to establish the land-grant institutions.

Texas A&M University is one of six institutions which has received a National Science Foundation grant to set up the "Sea-Grant" program. Under his project, A&M will conduct education, research and advisory services.

The National Science Foundation has granted \$475,000 to help the university develop a highly integrated program on marine resources.

Advisory Services administrative personnel in addition to Pfannstiel are Wallace Klussmann, program leader, and Jack Parker, marine advisory specialist. Klussmann is Extension wildlife specialist at Texas A&M.

During the first year of operation, the Advisory Services will focus on practical application of research data in the development of commercial production of shrimp and crabs, Klussmann said. Field demonstrations are being started.

Results of the demonstrations will be used to organize educational programs for individuals and groups interested in aquaculture.

Parker is the prime investigator and leader in getting the aquaculture project on the ground and underway. Klussmann pointed out. He has many years experience working with marine organisms in the bays and estuaries of Texas.

Klussmann said the aquaculture program will be conducted in an area of coastal marsh near Angleton. Protection of ponds and marshes will be emphasized.

"Conservation of these coastal waters is one of our biggest aims. Not only do we want to learn to use these places for commercial production of shellfish for food, but we also want to maintain the marsh and estuary areas for fish, birds and other wildlife. Call it a multi-

SEARCHING FOR FIRE--Firemen stand by while Fred Clements of Southwestern Public Service Company cuts electric wires at Valley Motel. A fire was reported to firemen just after 6 p.m. Thursday. It started, according to Fire Chief Earl Lusk, in the neon lighting. It burned a little hole in the eave and moved into the attic over the record and storage room of the motel. Minor damage resulted. Firemen were called out just after midnight Thursday to where a storage building was burning between East 5th and East 6th streets. The building was destroyed in the fire.

ple use approach," the wildlife specialist said.

The Angleton site was chosen because of marsh utilization research there by the Texas Agricultural Experiment Station. Cooperating with the station are the A&M Wildlife Science and Entomology Departments, the A&M University Agricultural Research Station at Angleton, the Brazoria County Mosquito Control District, Dow Chemical Company and the Texas Company (Texasco).

During the first year of operation, the Advisory Services will focus on practical application of research data in the development of commercial production of shrimp and crabs, Klussmann said. Field demonstrations are being started.

Results of the demonstrations will be used to organize educational programs for individuals and groups interested in aquaculture.

Parker is the prime investigator and leader in getting the aquaculture project on the ground and underway. Klussmann pointed out. He has many years experience working with marine organisms in the bays and estuaries of Texas.

Klussmann said the aquaculture program will be conducted in an area of coastal marsh near Angleton. Protection of ponds and marshes will be emphasized.

"Conservation of these coastal waters is one of our biggest aims. Not only do we want to learn to use these places for commercial production of shellfish for food, but we also want to maintain the marsh and estuary areas for fish, birds and other wildlife. Call it a multi-

### Editorial Nixon's Cabinet

The cabinet announced by President-elect Richard Nixon contained few surprises. It is composed of men who supported the Republican ticket, selectees who do not represent calculated political gestures to special groups; rather, they represent the mainstream of the national population. That is where Nixon got most of his votes.

There are no Negroes among the Cabinet, an argument against the practice of bloc voting. There are no Democrats, though Nixon has offered Democrats several high posts. There are no women—as a political sop to women voters.

It is too early for anyone to judge the merits of the Cabinet as a whole or pass on the coming performances of individuals. They must be given a chance and their actions then judged impartially. The key appointments are, of course, William Rogers as Secretary of State and Melvin Laird as Secretary of Defense.

Rogers, it is hoped, will be able to reorient U.S. foreign policy and improve the U.S. image. Laird faces a tremendous task in trying to control the industrial-military complex, which spends most of the nation's money, providing adequately for the national defense and also affecting economies where possible.

Attorney General John Mitchell also shoulders a heavy responsibility—in his efforts to attack crime and restore law and order to the streets and cities of America. HUD Secretary George Romney can do much for the nation if he begins to solve the housing and urban development dilemmas facing the nation and David Kennedy, new Secretary of the Treasury, has an awesome responsibility in money management and in attaining national financial stability.

The people of the country must necessarily wish the new team well, in a critical time for the nation both at home and abroad.

### The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm reviews the situation as a new year turns up.

Dear editor: The trouble with going into a new year is you have to drag a lot of the old one along with you, as I was reminded when I walked through a mud puddle in the back yard the other day just about dark and tracked not only mud into the house but a copy of a newspaper which stuck to my foot. I used my head though and cleaned my shoes with the society section and saved the rest to read.

There are some who would have reversed this, but women are entitled to read at whatever level they can swing. This doesn't apply to all women and I want to say in advance I wasn't talking about any who may take exception to this, and if they do, tell them you've lost my address.

One page of the paper was filled with a review of the past year and a prediction for the new one.

According to it, 1968 was a lousy year and 1969 will be worse. Man, it said, can't manage his affairs, all countries are in trouble and the world is going bust. There was some doubt we'd make it through 1969, and some question whether we should.

I don't agree. The world is no worse than it's ever been, it's just better televised. A hundred years ago, two countries could be at war and by the time the rest of the world heard about it a peace treaty already had been signed and both sides were working on ways to break it. Nowadays, one African tribesman can throw a spear at another one this morning and you can see it on television tonight, with an emergency meeting of the United Nations called tomorrow to do something about it.

A lot of people who're losing hope for man probably had too much hope to start with. They should have studied themselves better.

Personally, the world looks about as interesting as it ever did, and my reaction to 1969 is, let it rip.

Yours faithfully, J.A.

### NEWS REPORT FROM WASHINGTON

#### THE ELECTORAL COLLEGE-BAYH'S JANUARY EFFORT-DIRKSEN A KEY-NIXON'S INFLUENCE-

Washington, D.C.—Early in January a constitutional amendment which would eliminate the electoral college and make Presidential elections direct popular-vote choices off the top of the fifty states will be offered in the U.S. Senate by Senator Birch Bayh (D-Ind). Bayh feels his proposal, which must be passed by two-thirds margins in both houses of Congress and then ratified by three-fourths of the states (38), has the overwhelming endorsement of the American people. A recent Gallup Poll confirmed his view, indicating more than 80 per cent of the American people favor popular-

vote election of U.S. Presidents. One who will wield considerable power over the course of events is Illinois Senator Everett Dirksen, a member of the Senate Constitutional Amendments subcommittee, which will first consider the Bayh proposal and which must approve it if it goes on to the full committee and then the Senate for a vote.

President-elect Richard Nixon could exert a major influence on events but there is as yet no indication he will project himself into the congressional debate. President Lyndon Johnson never endorsed the popular-vote election system; he endorsed a change which would eliminate electoral votes but keep the system which gives the leader in a state all the state's electoral votes.

### The Boy-Men Of Vietnam

BY PAUL HARVEY

Tracey Sublett is the son of an Abilene, Tex., minister. Right now he's a long way from 52-5 Texas Ave., he's somewhere in Korea.

From there, through a letter home, this marine Pfc. has helped me to a better understanding of the beardless boy-men of Vietnam.

If there is such a thing as an "average GI," what's he like?

Well, in most cases he's unmarried. His only material possessions of value are an old car at home and a transistor radio over there. His world is filled with ugly smells and rock music, loud laughter and 105-mm. howitzers and sometimes sobbing.

He's just out of school, received so-so grades, played a little football, has a girl who promised to be true and writes—sometimes.

He has learned to swagger, swear and drink beer because it's cold and it's the thing for a boy-man to do.

He's a Pfc. with one year in and one to go. Or maybe three.

Back home he worked only when he had to, preferred waxing his own car to washing his dad's. He works now. From dawn to dark, every minute he's not fighting he's working. It beats thinking.

He can dig a foxhole, first-aid a wounded buddy, march until he is told to stop or stop when he is told to march.

He has stood among hills of bodies and has helped to build some of those hills.

And when the somebody he knew was among those who had died, he has cried. And cried.

The boy who littered his back-home room with soiled stuff for mom to pick up now has two pairs of fatigues, he wears one while he washed the other.

He sometimes forgets to clean his teeth but never his rifle.

He keeps his sox dry, his canteen full, he can cook his own meals, fix his own rips—material and mental. He will share his water with anybody thirsty, spit his rations with anybody hungry and throw you his ammo if you're fighting for your life.

He does the work of three civilians, draws the pay of one, yet funds ironic humor in it all.

He has learned to use his hands as a weapon and his weapon as his hands.

He's pink-cheeked, touze-haired, tight-muscled, 18 fighting to make 19, then he's 19 fighting to make 20.

He's scared.

He doesn't understand fighting no-win wars in unpronounceable places with less than our best weapons with fat targets off-limits. He doesn't understand killing Communists in Vietnam and tolerating them in Cuba.

Word from home is almost all about the home-front struggle among the Have Nots and the Do Nots and the Will Nots and the Wash Nots and the Work Nots and the Nut Nots.

So he grumbles sometimes.

But then he gets a night's sleep and a letter from home and returns from a petty patrol still forked-end down and figures he's lucky. And he closes his eyes and thanks God and says a prayer—for us.

# The True Meaning of Christmas!

As Written by Mrs. Smith's Third Grade at Mary DeShazo

On the night of Christmas we sleep and Santa Claus come from North Pole. Bring us presents and go back home. If you be bad Santa Claus know. When Christmas day is over you may go visit relative or celebrate at home. When you celebrates at home you may have six cake, ten pies, two boiler of dressing, two turkeys as much of banana pudding that you want. When dinner is over you will be so full that you couldn't stand up.

Barbra Medlock  
Christmas means we celebrate Christ's birth and when I was crewcifi. we get to ee our relatives and be thankful for our blessings and our friends.

Sheryl  
Christmas means sharing-together, making people happy, 'christmas is when people go laces to visit old relatives that can't get out, it means meeting new friends and old ones. 'christmas is a time of joy. 'people give presents just as the three Wise Men did to Jesus. 'christmas is when lonely and sad people become friends to merry. And let us not forget, but Jesus Christ was born on what is now Christmas.

Gene Bray  
S.S. And getting out of School  
It is a celebration of Jesus Christ. It was when Joseph and Mary went to Bethlehem. They went to an inn but it was too crowded so they had to sleep in the hay loft. Then it was when the Angel came down and Joseph and Mary was afraid but the Angel said don't be afraid. The Shepherds came down and there is where they found Joseph and Mary and the baby.

Kim Black  
Once there was three wise men. They were hunting for a king. When they saw a star to the north. They followed the star.

There was also three shepherds who thought there must be some meaning in the North star.

Joseph and Mary came to the town Bethlehem. Joseph and Mary were to have a child. At Bethlehem Joseph tried for hours to get a place to sleep. Finally he came to a inn in hope of finding a place to sleep. The innkeeper said the only place he had was a manger. Joseph did not like this, but Mary insisted on it for she was tired from the journey. Here they rested for two or three days. Mary gave birth to a child. Who was Jesus Christ, the three wisemen, and three shepherds were there and the manger animals. Anangel came also.

Eddy Mardis  
It means to get gifts from people. It makes you feel good that when people thank you for when you gave them something and they didn't give you anything back. But, it really means to thank Jesus for what he has given us. And to be kind, good and helpful to your fellowman. Why we give gifts is because the three wise men gave gifts to God, gold, merr and frankensce.

Ricky Grogan  
It is a celebration and sharing together. And when God was born. And we can't give God a gift because he is a spirit and we share our gift to one other. And he was nailed on the cross and died for our sins. And he gave use clothes and food and a house and a school and a mother and father and a teacher for the school. He gave use school to learn how to work. And gave use friends. And his mother name was Mary and his father name was Joseph. And Jesus layed on a pile of hay.

Richard Costorena  
We celebrate our Christmas Holiday. Christmas was when God was born. All the people like to celebrate the Christmas Holiday was his friend. Some people go other places to celebrate with their grand-mother and grand-father.

Marcos Toscano  
It reminds me when Christ was born. We have very fun on Christmas because we give gifts. You should be kind and good to everyone. My mother and father said that if you were not kind and good to everyone you would not get a present

for Christmas. When people gives you a present I think it means they like you. Santa Claus knows if you are good or bad.

Slen Killough  
Christmas is the day that people think Christ was born so they celebrated and give presents. December 25 is when Texas thinks that Christ was born. When December 25 is here no one works. Because they all respected Christ's Birthday. When we give gifts we are doing as the Christ was born everyone gave gifts to one another. Schools and work is let out for Christmas so that everyone can get things they want.

Larry Parker  
Christmas to me is celebrating Gods birthday and giving gift to my relatives. Seeing happy faces of the one who do not have any money to buy gift we get to see our family and friends.

Pam  
Christmas means to me in Celebrating Jesus birthday and giving gifts. And when he was a child. You always parpar before you eat and when you go to bed. It means love. You play and then you play games. And you open your own presents and thankful for blessings. That what Christmas means to me.

Elva  
Christmas means we get to open lots and lots of present. And we get to go to Santa Clauses workshop and set on his knee and tell him what you want for Christmas. And you get to send a letter to Santa at the north pole. And you get lots and lots of turkey and dressing. And it means we get out of school.

Debra Millsap  
Christmas is when Jesus was born in Bethlehem in a little stable. His mother and father was Mary and Joseph. We all celebrate Christmas because our Savior was born. When he was old enough he helped his mother and father. What Christmas means to me, it means to me a joyful and happy day because our Savior was born. We all celebrate Christmas on Dec. 25 but that really is not when Jesus was born, we just celebrate Christmas on Dec. 25. It was made by the law to celebrate Christmas on Dec. 25 and I think that is a good idea. I think that we all should be joyful and happy. What Christmas means to me is that we all get gifts and are happy and thats what Christmas means to me.

Doris Bartholf  
Christmas means to me. You give and receive gifts. You celebrate on Christmas Eve. You give thanks to God for things he have done for us. You have fun playing with your toys. A day of the year which is the exciting day of Christmas. Christmas mean to me a day you do not have to go to school. A wonderful day that you have on your on you do anything you want to. You play all day with your friend and tell what you have for Christmas.

Earna Keeley  
On December 25 we celebrate when God was born in Bethlehem on a piece of hay. Three man fram far away following the north star and they stop Bethlehem where God was lay. Jesus is the personal name of the Founder of the Christian religion believed by His followers to be the incarnate son of God Second person of the Trinity the Savior Jesus Christ the Lord's anointed.

Norberto Valdez  
It means to get gifts from our father and mother and from other relatives. It means to celebrate Gods birthday. It all happened when one day the Shepards saw a star so they followed it and when it stopped over a town they went in and went to a stall. There lay a baby they prayed so he would be a saviour. He kept wanting to be a saviour and when he was 12 years old he stel wanted to be a saviour. He went through town and saved everybody that was sick. Then he was killed so he could save others, and three days later he arose again.

Jack Barber  
Merry Christmas means to give thanks, to give presents, to celebrate, to go places, to give love, good, when Jesus was born, Prince of Peace, to get out of school, to do things, Peace on earth, when Christ

was born in a manger. Tino Rojas

When Christmas comes it was when Jesus was born and when Christmas comes I am going to celebrate Christmas. Because you are suppose to celebrate Christmas because that was when Jesus was born. And when Christmas comes I am going to get a present.

# Snow Shovelers Warned Of Possible Hazards

CHICAGO--As snow piles up, so do related problems. Among these every year is the collapse of a number of snow-shovelers.

If you are sure that you're physically fit, go ahead with the snow-shoveling task, the American Medical Association says.

But if there is any doubt, AMA suggests: Get the job done some other way. Hire someone, or use power equipment. It is much less expensive to employ these alternatives than to risk health impairment or death, AMA emphasizes.

Even if you are physically fit, AMA notes, it is safer to use a small shovel, filling it only partly. If possible, it also is better to push the snow rather than lift it.

By thus lightening the load, it's explained, it is not necessary to tense the diaphragm and abdominal muscles. There consequently is no significant increase in pressure within the chest cavity or increase in circulatory demand within the heart walls.

Frequently, AMA says, the problem with snow-shoveling is

aggravation of an existing heart condition. When such a condition exists, breathing cold air while under physical strain may cause a spasm of small arteries serving the heart.

This usually can be avoided, AMA advises, by wearing a cold weather mask or covering the face with several layers of a knit scarf. This permits warming of inhaled air before it reaches the lungs.

Even for the physically fit, it's suggested, the motto should be: Easy does it. Especially when there is a lot of snow and

a large area to be cleared, do the job in stages, resting periodically.

Finally, AMA cautions, falls also are a hazard for the snow-shoveler. Footwear that is not likely to slip on icy surfaces, and making sure of firm footing

before moving snow are important.

WITH U.S. COMBAT AIR FORCES, Vietnam--Staff Sergeant Robert B. Vest (left), son of Mr. and Mrs. Preston Vest of Smyer, Tex., receives the U.S. Air Force Commendation Medal and the accompanying citation at Ent AFB, Colo. He was cited for his professional skill and initiative which aided immeasurably in identifying and solving numerous problems encountered in the accomplishment of his duties. He is now assigned at Bien Hoa as a member of the Pacific Air Forces. The sergeant was graduated from Smyer High School, Lieutenant Colonel Leroy C. ## A&M to Start Cattle Feeding Program

COLLEGE STATION, Texas A&M University's Animal Science Department will start a new program this spring which will prepare students for careers in the expanding cattle feeding industry.

It will be the first of its kind in the United States.

Dr. O.D. Butler, head of the A&M Animal Science Department, said the project will train graduates to manage large commercial feedlots, or service this growing industry as feed company representatives, consultants or in other roles.

"Texas is the fastest growing state in cattle feeding," Butler said. "Numbers of feedlots, or service of cheap grains, plus almost ideal feedlot conditions, assure the state of a leadership role in the feedlot business."

The new program will start with the 1969 semester. Students can begin at the sophomore or junior level, or return after graduation if they wish to take advanced training.

Students will receive at least 1 1/2 years intensive training beyond the B.S. level in nutrition, beef production, marketing, accounting and financial management, together with engineering courses to prepare them for mechanized feedlots. Also emphasized will be animal health, disease prevention, grain chemistry and environmental control.

Butler said a unique approach will be a "work study" requirement, with the student spending at least one semester working in commercial feedlots. Here, he will get the feel of management and the problems involved.

### AFTER THE PARTY IS OVER

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

© Coleman Adv. Ser.

Have you ever felt like this little girl after a big, exciting day at the Fair, or a party? You know how you feel -- excited, exhausted; but you feel good, too. Sometimes you just want to lie down and think about it. But like the little one in this picture you, also, are too tired to remove your party hat or your shoes.

Sometimes it is delightful just to lie down and think of something good and wonderful and happy. It is good just to be still and sort of day-dream about what has happened.

There are other times in our lives when we need to achieve a sense of quietness and think of God. The Psalmist says, "Commune with your own heart upon your bed and be still." Psalm 4:4. God says in Psalms 46:10 "Be still and know that I am God."

We invite you to attend church and sense the still, quiet holiness that is God's presence in the midst of the congregation.

## Tax Man Sam Sez:

SIGN THAT RETURN

Way back, "Since Buck was a Yearling," Internal Revenue has been telling taxpayers to SIGN those tax returns--both husband and wife if a joint return. In pointing out the more common errors made by taxpayers throughout the country, IRS says forgetting to sign was still a major problem last year. However, in the Dallas District very few taxpayers forgot to sign their returns. It appears that the Texas tax folks talk to Texas taxpayers a lot more about signing those returns.

We know Texans are often accused of talking more or too much. We're not sure whether that's true, but it's true that IRS--talk more than the average American, but Texas taxpayers' following IRS's advice does disprove the old saying-- "You can tell a Texan, but not very much." It appears that IRS told the Texans to sign, and they signed.

**LEGAL NOTICE**  
 Bill Jim St. Clair, Route 3, Muleshoe, Texas 79347, has applied to the Texas Water Quality Board for a permit relating to the control of a variable amount of runoff water containing wastes from its feedlot operation located approximately 2 1/2 miles east of the northeast corner of the Town of Muleshoe, Bailey County, Texas. There will be no discharge of waste materials or water from irrigation or rainfall unless some unforeseen circumstances of weather conditions creates a flood. A public hearing on this application will be held in Room 302-59th District Courtroom, Lubbock County Courthouse, Lubbock, Texas at 10:00 A.M. on January 23, 1969 to determine the conditions, if any, under which the permit may be granted. Additional data will be developed at the hearing, but further technical information concerning any specific aspect of the discharge, if available, can be obtained by writing the Texas Water Quality Board, 1108 Lavaca Street, Austin, Texas 78701. 52s-4tc
