EVER STRIVING FOR THE TOP O' TEXAS

TO BE AN EVEN BEFTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

NEW YORK (NEA) - We re ported here last week that life being so short and all, we were turning over a new leaf and would henceforth restrict our conversation to important topics

Some subjects, we explained at the time, are more important than others. As we pointed out, there are actually eight or nine grades of topic importance. which we enumerated as follows: 1, 2, 3, 4, 5, 6 7 8 or 9.

So, for the past several days we have made certain to talk about nothing less than East-West tensions, the race for space, education, the gold flow, emerging African nationalism, the virus and Southeast Asia.
