LABOR WINS WAGE AND HOUR DEMANDS IN STEEL INDUSTRY

40-Hr. Week Accepted By Some Mills

Wage Concessions Estimated To Reach 125 Million A Year

By the Associated Press One half million steel workers celebrated a "bloodless" victory in wage negotiations today while unionists on strike sectors of the nation pushed drives for better working conditions and pay.

Six large steel mills agreed to the 40-hour week with time and a half overtime and a minimum wage of \$5 a day for common labor effective March 16.

Wage concessions granted John L. Lewis' Committee for Industrial Organization were estimated to exceed \$125,000,000 annually.

The Carnegie-Illinois Steel corporation, largest producer in the field, was the first to announce recognition of the Lewis group.

The wage parleys between Phillip Murray, director of an intensive eight months' organization drive for Lewis, and Benjamin F. Fairless, president of Carnegie-Illinois Steel corporation, began yesterday.

Murray submitted his proposals for an agreement covering the union members among the corporation's 120,000 employees.

The union and company leaders were to meet again late today.

Not since the historic Homestead strike of 1892 has "big steel" sat down with organized labor to discuss a contract and apparently no hint of such a development leaked out to the industry until after the sessions here.

Before the conference broke up, however, news began breaking of a general wage increase by independent producers which would amount to approximately \$110,000,000 a year if adopted by the industry for its 650,000 workers.

On last Nov. 15 operators had brought their annual payroll to \$388,600,000 by granting an increase of approximately 10 per cent.

Steel orders and operations have staged an almost continuous advance for the past year. The mills are working virtually at capacity for the workable machinery and are nearing the all-time peak production mark of 198,000 tons a day set during 1929.

Hayden, publisher of the News; Spence; Joe Galbraith, publisher of The Herald; Dever; G. C. Dunham and W. T. Strange, Jr., the latter two representing the chamber of commerce.

League Meet Slated Here March 20-27

Annual School Contests Arranged At Executive Committee Session

County interscholastic league meet will be held here March 20-27, Norman C. Malechek, director general, announced today.

The dates were agreed upon by the executive committee of the county interscholastic league. Site of the meet is to be Big Spring high school.

Ribbons will be awarded to first, second and third place winners. Other rulings by the executive committee were: Director of choral singing was instructed to send a standard set of rules for his contest to the schools which are entered; choruses may wear uniforms in the choral singing contest if so desired; entries in the individual events may enter without paying entry fees; teachers are instructed to send lists of eligible entries to the director general at least 10 days before the contests are to be held.

Wharton Delivers Address At Program Staged By Legislature

AUSTIN, Mar. 2 (AP)—The legislature passed today in its business of enacting laws to observe the 101st birthday of Texas' independence from Mexico.

Clarence Wharton, Houston attorney and historian, was the principal speaker at a joint session.

"In the heat of the revolution and the years that followed," Wharton said, "it was fashionable to heap odium on the Mexicans. The truth is that the early Texas colonists were in the main well treated by officials and residents of Mexico. The Texas settlers had no quarrel with the people of Mexico but only with General Santa Anna, who wanted to overthrow the Mexican constitution."

All In Readiness For Exposition Opening Here This Evening

Parade Of Progress Exhibits Set Up On West 3rd; Officials Of Caravan Welcomed

The showground on West Third street was the proverbial beehive of activity this afternoon, as scores of workmen applied the finishing touches in erection of the General Motors Parade of Progress exposition—and exhibits were about in readiness for the signal to open the gates of the "mobile world's fair" at 8 o'clock this evening. The free exposition plays here through Wednesday.

The Parade caravan, including the mammoth buses which house the exhibits, reached here Monday afternoon from San Angelo. A party of local officials was at the edge of the city to greet exposition officials and escort them into town. Plans for a gala parade were abandoned as the exposition's tribute to the late Ben R. Carter, local Chevrolet dealer who, until his death Friday, had a part in arrangements for the show. After filing down Third street, the buses were driven immediately to the showgrounds which had been staked out in advance. There, Chief Engineer Fred Huddle started giving orders over a public address system to direct the huge trucks into their proper places.

Report On NRA Advantages, Evils Offered As Basis Of Future Economic Legislation

WASHINGTON, Mar. 2 (AP)—President Roosevelt told congress today it could find a key to many industrial problems in the successes and failures of the defunct National Recovery Administration.

Sending to the national legislature a 240-page report of his committee on industrial analysis, appointed April 1, 1936, the president said that "in my opinion, it will point the way to the solution of many vexing problems of legislation and administration in one of the most vital subjects of national concern."

The committee made an analysis of the aims, organization and accomplishments of the National Recovery Administration which was invalidated by a supreme court ruling in the spring of 1935.

Praise and blame of NRA activities were mixed in the review signed by Prof. J. M. Clark of Columbia university; William H. Davis, New York attorney; George M. Harrison, president of the Brotherhood of Railway Clerks, and George H. Mead, Dayton, Ohio, manufacturer.

No recommendations as to specific legislation were made but in its conclusions, the group said: "Both for legal and for economic reasons, any program similar to that of NRA needs more definite standards than NRA possessed. Then the committee discussed possible standards for hours, wages, fair practices and anti-trust laws in industry.

"The long-run normal standard as to hours should be one representing the most effective balancing of the workers' time between producing more goods and enjoying more leisure," the report said. "This means that, whenever more goods would be worth more to the worker than more leisure, hours should not be shortened," it added. "The necessity of shortening time below this standard, in order to spread work, is a confession of failure in the economic system.

"As to wages," said the committee, "we accept the tentative findings of the National Recovery Board that a minimum wage can be socially beneficial not only as a safeguard to the worker but also as a wage-floor for the operations of the competitive system. But in this field, close experience developed or implied the need of well-considered standards, which would be even more necessary to a long-run policy."

The committee said that "if controls of the NRA type are to be tried again, the experience indicates that the attempt should be limited to a few important industries in order that proper standards of investigation and adequate supervision may be maintained, and should be guided from the start by more definite principles and policies such as NRA experience indicates that are being likely to stand the test of application."

Opponents Of Court Change Form Combine

United Front To Be Presented Against Roosevelt Proposal

RETIREMENT STATUTE SIGNED BY PRESIDENT

Foes Organize To Seek Recruits From Non-committal Solons

WASHINGTON, March 2 (AP)—Congressmen opposed to the administration's court program, who have been only loosely united, switched their tactics today and decided to set up formal campaign organizations.

Steering Committee A group of house democrats arranged to appoint a steering committee to seek recruits among the many noncommittal members.

In the senate recognized leaders are to be chosen, it was learned in the place of a half dozen men here who have been outlining the attack informally.

Other developments in the court battle: 1. Harry L. Hopkins, WPA administrator, declared "two or three elderly judges" could block social legislation unless the supreme court's complexion is changed.

2. Senator Clark (D-Mo) denied the 1936 election gave President Roosevelt a mandate for his court program.

3. The president signed into law the Sumners bill authorizing voluntary retirement of supreme court justices at 70 on full pay.

4. Senator Vandenberg of Michigan, one of the republican leaders who have been holding their fire, will deliver a radio address tonight.

The approach of senate committee hearings next week was ascribed by some opponents as one reason for a more closely knit organization.

Democratic representatives fighting the president's program met last night to discuss strategy. Some declared at least 90 democrats were lined up but that only about half that number attended the meeting.

Senator Robinson's presentation to the senate yesterday of a letter enclosing colored slips worded "Hands Off the Supreme Court" brought a reply from the author, Gerald B. Winrod, in Brownsville, Tex.

Winrod, a Kansas evangelist, said the letter was mailed only to a select group of friends. Such communications, he declared were a "spontaneous expression from patriotic lovers of democratic government."

Tremors Felt In Five States

Buildings Shake And Furniture Moves; No Serious Damage

COLUMBUS, Ohio, Mar. 2 (AP)—Earth tremors were felt in Ohio, Kentucky, West Virginia, Indiana and Michigan between 9:45 and 9:50 a. m. (EST) today but reports indicated there was no damage.

Accompanied by a slight rumbling in some districts, the quiver shook buildings and caused the movement of desks and chairs. Dishes in homes were knocked to the floor.

The tremor was felt through the west, central and northern portions of Ohio. There were no reports from the hilly, southeastern section. Shocks lasted about two minutes.

School children at Zanesfield in Logan county were dazed.

"These things are common," said Wilbur Stout, geologist at Ohio State university. "They are just a readjustment of the outer layers of rock."

"There is tension in the upper crust and when this tension is relieved a tremor occurs. There is nothing serious about it; just a natural reaction."

Business men in Washington court house said buildings rocked several minutes.

Occupants of offices in Springfield said desks were moved several inches. Reports of the tremor also came from Cincinnati, Dayton, Toledo, Akron, Lima, Lorain, Bellefontaine, Findlay and Canton.

WOKER ESCAPES AS GAS PLANT EXPLODES

OILTON, Okla., Mar. 2 (AP)—J. T. Cooper, an oil field worker, escaped unhurt when an explosion and fire destroyed a 550,000-gallon gas plant near here today.

Cooper had just entered the plant, he told reporters, when "I noticed the accumulator gauge was bouncing around. I dived for the door and landed outside just as the explosion occurred."

The blast shook windows in Oilton and was heard for several miles. It followed immediately. Company employes and neighbors joined in putting the blaze under control.

back, said today he was launching a movement to bring the pure-blooded Indian back to football prominence.

"The Indian is disappearing from football just like he disappeared from the forests," said Gus, who

coached for many years at Randolph-Macon college and recently was named head coach at American university.

In search for an All-American to-be, Gus says he is going to visit the two "fiercest" tribes of the old

west.

"I'm going to visit the Sioux reservation first and look over their crop of babies. If they don't have anything to my liking, I'm going to pay the Cheyennes a call.

Joe Venuti Faces Charges In Scrap With Two Women On Dallas Street

DALLAS, Mar. 2 (AP)—Fiddling Joe Venuti, noted dance band leader, was arrested here today on charges alleging aggravated assault upon two women who rapped the maestro's head with slipper heels in a before-dawn disturbance here last week.

First believed to be in Houston, where he had filled a one-night stand, Venuti was located at an apartment hotel here and arrested by deputy sheriffs.

Two women who Venuti claims accosted him as he walked along the street with his wife and friends early last Thursday, Pauline Newman and Elsie Morris, were named as the victims of Venuti's alleged attack. Radio Patrolman G. W. Newman, one of the arresting officers, signed the complaint.

Assistant District Attorney Paul Fenwick said he had refused to accept charges when the two women called at his office a few days ago but did so after one of the arresting officers, Newman, signed the complaint.

The 32-year-old orchestra leader,

in his version of the affair, said two women in a car whistled at him as he left a night club with his wife. He said he warned them not to speak to him again, and slapped at one of them when they again whistled at him as he was crossing a street. He said they immediately jumped from the car and attacked him.

Two patrolmen arrested Venuti, but he was later released on his own recognizance.

WPA MAN HERE
Vernon Goodall, personal representative of H. P. Drought, state WPA administrator, was a visitor in the district No. 18 WPA headquarters here Tuesday.

MEETING POSTPONED
Regular meeting of the Big Spring Independent school district board of trustees has been postponed from today to March 9 to avoid first of the month conflicts.

Labor Issues Reflected In Legislation

Various States Consider Proposals Involving Workers' Rights

CHICAGO, Mar. 2 (AP)—Many measures reflecting the main and side issues of current labor disputes awaited consideration today by the nation's legislatures.

Labor organization pushed legislation deemed necessary to protect the workers' interests. Support likewise was given bills considered essential for the protection of employers.

The Vermont senate passed a bill outlawing sit-down strikes in that state. A similar bill was pending in Maryland and another was approved by the Alabama senate, but was ruled out as not germane to the special session call.

The Connecticut federation of labor sponsored a bill prohibiting issuance of strike injunctions and the manufacturers association one to outlaw sympathetic and general strikes and provide penalties for intimidation by employees, employers or labor organizers.

Proposals to limit the length of the working day or the days worked each week were pending in nine states, a survey showed. At least 30 states had labor legislation of some form on legislative calendars, much of it engendered by current strikes.

Arbitration of labor disputes was being considered by many legislatures, as were various phases of strike and picket injunctions.

Illinois, North Carolina and Nebraska bills would limit women's working hours to eight daily.

The South Carolina house advanced a bill to establish a 40-hour, five-day week regardless of the action taken by Georgia and North Carolina. In Georgia a house committee tied up a bill for a 40-hour week for industrial workers.

Wisconsin and Colorado legislators were considering "little Wagner" acts which would create arbitration boards for disputes, prohibit unfair practices by employers, provide collective bargaining and compel conciliation.

Minnesota's house passed a bill providing a 44-hour week for all women.

EROSION CONTROL Need Emphasized

WASHINGTON, Mar. 2 (AP)—H. Bennett, soil conservation service director, forecast the "decline of this great nation" unless it takes steps to prevent soil erosion by wind and water.

He held a meeting of dust bowl senators and representatives last night in the United States in recent years had wasted his land "more than any other nation on earth—civilized or barbaric."

"Everything about erosion is costly," he said, "but it forecasts the decline of this great nation which only about ten years ago had the most and best land anywhere. Why are we having greater dust storms and higher floods; because we are wasting our land."

Rep. Marvin Jones of Amarillo, Tex., chairman of the house agriculture committee told the same group, assembled by the Amarillo chamber of commerce, he believed a new agency, such as a great plains authority or committee, should be created to attack properly the dust problem in Kansas, Oklahoma, Texas, Colorado and New Mexico.

Sen. Josh Lee of Oklahoma suggested that wind erosion, particularly, could not be properly fought with the present high rate of tenant farming.

Speakers included John McCarty of the Amarillo Globe-News.

Two Slain At San Antonio

Third Wounded As Result Of Two Mysterious Shootings

SAN ANTONIO, Mar. 2 (AP)—Two persons were dead and one was believed dying today after two mysterious shootings here during the night.

The dead: Albert Dever McKenzie, 36-year-old cripple.

Mrs. Nellie Mae Walker, 34-year-old mother of two children.

They were found shot to death in an automobile parked in front of McKenzie's home.

Leslie Bellah, 23, bar tender, was the victim of a second shooting. The critically wounded man was picked up by a taxicab at a downtown bar and rushed to a hospital. Detective F. P. Littlepage said he had been unable to locate anyone who knew anything about the shooting.

The bodies of the man and woman were found by Mrs. Alice McKenzie, mother of the slain man, this morning.

Justice of the Peace Raymond Gerhardt was conducting an inquest. McKenzie was chief engineer for the United Gas Company of Beville.

Mrs. Walker was a Works Progress Administration worker who recently moved here from Beville.

NINE CONVICTED IN DEATH CONSPIRACY

Plotted to Shoot Kingsley in 1935 Because of His Political Opposition to Markland, who then was Mayor.

DETROIT, Mar. 2 (AP)—Recorders Judge John V. Brennan today convicted nine men, alleged to be Black Legion members, on charges of conspiring to kill Arthur L. Kingsley, newspaper publisher of suburban Highland Park.

Convicted were N. Ray Markland, former mayor of Highland Park; Arthur F. Lupp, Sr., named by investigators as commander of the secret society in Michigan; Alvin Clark, Willard Foster, Matthias Gunn, Roy Hepper, Frank Howard, Hubert James and Rudyard K. Wellman.

The prosecution charged the men plotted to shoot Kingsley in 1935 because of his political opposition to Markland, who then was mayor. Judge Brennan acquitted seven men.

Judge Brennan announced the nine convicted men would be sentenced by him next Tuesday.

The prosecution's principal witness in the trial was Dayton Dean, confessed Black Legion "executioner."

STRUCK BY AUTO. CHILD IS KILLED

CORPUS CHRISTI, Mar. 2 (AP)—A game of hide-and-seek ended fatally yesterday for three-year-old Dan Kizsar, son of Mr. and Mrs. Hood Kizsar.

The child ran in front of a car driven by Mrs. Ed Brennan, according to four witnesses. The accident was termed unavoidable. The body was sent to Wichita Falls for burial.

It was the second Kizsar child run over and killed. A brother lost his life in a similar manner at Wichita Falls last year. The family formerly resided at San Angelo and Wichita Falls before moving here.

HOSPITAL BUILDING DESTROYED BY FIRE

VILLE PLATTE, La., Mar. 2 (AP)—Fire early today destroyed the Ardoin sanitarium and caused painful burns to one patient who was temporarily trapped in the burning building.

Dr. Yves Ardoin, owner of the hospital, a one-story frame building covering about one acre of ground, said the building was valued at approximately \$100,000 and that immediate plans would be made for rebuilding.

There were a score of patients in the sanitarium, but all were removed to safety except a patient whose surname is Letke, of Kolin, La. He suffered from smoke and burns.

The fire started in the ceiling of the drug room, apparently from defective wiring, and quickly spread throughout the rambling building.

YOUNG GIBBONS TO FIGHT UNDER FIVE YEAR PLAN

DETROIT, Mar. 2 (AP)—Mike (the former Phantom) Gibbons outlined the principles of a "five-year plan" today along which his light-weight son, Jack, yet to get his "full growth," will seek the heavyweight title.

Young Jack, 23, now a light-weight and still growing, is getting out on the second stage of a ring career begun among the middle-weights and patterned in advance to build him up as a fast and clever heavyweight.

Tonight Jack, a skillful boxer, resumes his newly adopted light heavy campaign in a 10-round bout here against Mickey Misko of Saginaw, Mich.

In two years, says Mike, a wizard with his own fist when known as the "St. Paul Phantom," Young Jack will be weighty enough to take his chances with the biggest fellows.

BECCALI TO BID FOR SUPREMACY IN INDOOR MILE

NEWARK, N. J., Mar. 2 (AP)—Italy's Luigi Beccali, improving fast, seems about ready to challenge the crowned heads of mile racing in the United States in the final drive for indoor supremacy.

The trim little invader gave one warning when he finished second to Archie San Romani of Kansas in the national A.A.U. 1000-meter championship Saturday. He sounded another last night in a brilliant mile and a half race which topped the annual Seton Hall college games.

He lost again, this time to Hoosier Don Lash, but gave further hope he rapidly is becoming acclimated to this country and indoor competition.

He gave Lash a terrific fight, losing by only a few feet.

Lash's time was 6 minutes 47.9 seconds.

SEEKS HARMONY IN AVIATION WORLD

WASHINGTON, Mar. 2 (AP)—Fred D. Fager, Jr., quiet spoken new director of the air commerce bureau, set today "to try to bring about a little harmony" between the federal regulatory agency and the air transport industry.

Fager, a Northwestern University law professor, was appointed by Secretary Roper yesterday to succeed Eugene Vidal as bureau chief after several air crashes had developed differences between the agency and transport spokesmen over adequacy of federal safety aids.

Vidal resigned Sunday to take a position in private aviation, but will remain with the bureau for a month or so in an advisory capacity.

WRITER'S WIDOW TO BE QUIZZED FURTHER

RIVERSIDE, Calif., Mar. 2 (AP)—Dissatisfied with the theory that Humphrey Pearson was accidentally shot to death in his desert home near Palm Springs last Wednesday night, District Attorney Earl Redwine said he planned to question the film writer's wife further today.

"Mrs. Pearson's story doesn't jibe with testimony given at the inquest," Redwine declared but did not outline the asserted discrepancies.

Sheriff Carl Rayburn, however, pointed to inquest testimony given that Pearson, when intoxicated, would get his pistol and threaten to take his life and Mrs. Pearson would wrest the gun from him.

COLORADO TO BORROW MONEY FOR RELIEF

DENVER, Mar. 2 (AP)—Gov. Tellor Ammons announced today the state would borrow half a million dollars to resume relief payments, in the wake of a shooting outbreak at the Denver public welfare bureau during which a negro, denied relief, killed three workers and critically wounded a fourth.

Relief payments in Colorado were suspended last month when funds became exhausted as sources from which they had been derived were turned to \$45 monthly old age pensions under a constitutional amendment.

Legislative action to appropriate new funds brought a deadlock between house and senate.

District Attorney John E. Carroll said he was preparing murder charges against the negro, Frank Bailey, 39, formerly of Omaha.

SUSPECT CONFESSES ARGENTINE SLAYING

MAR DEL PLATA, Argentina, Mar. 2 (AP)—Authorities planned today to speed re-enactment of the "impulse" slaying of two-year-old Eugenio Pereyra Iraola, son of a wealthy Argentine family.

Judge Horacio Areco, who said Jose Gancedo Gonzalez confessed kidnapping and strangling the boy to a detective disguised as a fellow prisoner, expressed belief the prisoner was mentally deficient.

The judge said Gonzalez, 44-year-old hobo, would be taken to the scene tomorrow.

New Pinwheel Motif

By RUTH ORR
Pattern No. 436

Have you been accustomed to hinging your nice dining room table under a heavy cloth? Then you have a wonderful surprise in store for yourself, if you crochet an attractive cloth from this motif. Your room won't look like the same place when the table is decked out in a lace cover. Besides that, you can make matching pieces for the buffet and serving table, for the motif is adaptable to a piece of almost any size and shape. If you want to renew the appearance of a bedroom, on the other hand, the motif will make a lovely bedspread and runner for the bureau. When

Week Of Prayer Is Observed By Baptist Women

Women of the Baptist churches of the city Monday gathered to hold the first services of the week of prayer for home missions at their respective churches.

First Baptist union members gathered in the forenoon and heard programs given by members of the Christine Coffey, Mary Willis and Lucille Reagan circles. Leaders were Mrs. C. W. Norman, Mrs. Theo Andrews and Mrs. Vernon Logan. Following the luncheon the group resumed the session and Mrs. Libby Lane conducted the Florence Day program while Mrs. H. C. Burris, central circle chairman, led her group in the final program of the day.

East Fourth
Members of the Lane Simpson circle, a junior group of the East Fourth Street Baptist church, conducted the initial week of prayer services at the meeting.

Mrs. Caldwell led the services that pertained to the missionary work in the Southern Baptist district among the foreigners.

Ten attended the session.

Personally Speaking

Mr. and Mrs. Lewis Fahrnkamp of El Paso, relatives of E. E. and William Fahrnkamp of this city, passed through Big Spring Monday aboard the American Airlines plane en route to New York City where they will spend several weeks on vacation.

Mr. and Mrs. Hudson Henley have returned here from Rankin where they have been visiting their home. Mr. Henley is employed by the O. H. McAllister Trucking company here.

FICTITIOUS SIT DOWN STRIKE GETS LAUGH FROM FIRST LADY

WASHINGTON, Mar. 2 (AP)—A fictitious "White House" sit down strike, demanding union hours for first ladies, brought laughs from Mrs. Franklin D. Roosevelt and other distinguished guests last night at the annual stunt party of Washington newspaper women.

The reporters, taking the part of the personages they write about, lampooned politics, social work and society.

The theme of Mrs. Roosevelt's "strike" ran through the entertainment, with dozens of women, led by the representatives of "The Amalgamated Society of Organizations Accustomed to Being Sponsored by First Ladies" and "The Society of Critics of Mrs. Roosevelt," pleading with the First Lady to give in.

The "strike" ended when Mrs. Roosevelt herself made an "off the record" speech to the guests.

"Moving Forward With God" Topic Of Council Meet

"Moving Forward With God" was the topic of discussion at the meeting of the Women's Council of the First Christian Church Monday when Mrs. Harry Lees and Mrs. J. T. Allen were hostesses at the church.

Mrs. Earl Read, Mrs. J. H. Gray and Mrs. Shelby Hall were speakers of the afternoon. Mrs. G. C. Schurman led the opening prayer and Mrs. H. E. Clay followed with the devotional. Musical numbers were given by the vocal trio composed of Mrs. R. E. Blount, Mrs. Willard Read and Miss Ruby Bell. Mrs. I. D. Eddins gave the hidden answers. At the refreshment hour the hostesses, using the St. Patrick's day theme, served dainty plates to Mrs. J. R. Parks, Mrs. J. J. Green, Mrs. Earl Read, Mrs. I. D. Eddins, Mrs. W. M. Taylor, Mrs. Glass Glenn, Mrs. Shelby Hall, Mrs. C. M. Shaw, Mrs. J. L. Miner, Mrs. G. C. Schurman, Mrs. H. Clay Read, Mrs. Frank Kennedy, Mrs. E. K. Rice, Mrs. J. H. PLUCKED EYEBROWS, BEE-STUNG LIPS — BUT LISTEN TO THIS!

CHICAGO, Mar. 2 (AP)—In prize fight parlance, getting one's ears "plucked" means only ignominious defeat, but on the word of Mel Berns, Hollywood make-up artist, it's just another victory for beauty science over nature's mistakes.

Gloss, not pins, however, was recommended today by Berns when interviewed at the 14th annual Midwest Beauty Show on the subject of protruding feminine ears.

Berns, head make-up man at a Hollywood studio (RKO) said the woman with right angled ears can wear a severe slicked back coiffure if she chooses.

"Take some liquid adhesive which comes in a tube, and put some of it behind the ears," he explained. "Then hold the ears close to the head with the palms of the hands. In a few minutes the adhesive will 'set.'"

Episcopal Auxiliary Prepares For Show; Holds Study Session

St. Mary's Episcopal Auxiliary members busied themselves with preparations for the style show at an early meeting that preceded the regular study session at the Parish House Monday afternoon.

The group made stage decorations and later, in the study heard Mrs. Horace Wooten and Mrs. George Garrette speak on Inter-Racial Relations.

Attending were Mrs. B. O. Jones, Mrs. H. W. Leeper, Mrs. M. H. Bennett, Mrs. J. D. Biles, Mrs. V. Van Gieson, Mrs. J. B. Young, Mrs. C. S. Blomfield, Mrs. S. M. New Linens For Spring And Summer Take Appearance Of Many Fabrics

By ALICE MAXWELL
PARIS (AP)—New linens, elected in Paris by fashionable vote for spring and summer uses, are eye-deceiving fabrics. Some of them look like alpaca. Others have the appearance of chiffon. And several pull the wool over the eyes by resembling serge, hopsacking and tweed.

Soft chiffon linens, printed in floral patterns, are among the new evening dress materials. Suiting fabrics include the "alpaca" linens in which crisp and shiny rayon yarns are mixed to give the feel and luster of real alpaca. And coat materials include those which fall into the "wool" category — linen tweeds that are striped, checked and plaided, serge-like suitings, and nubby sports weaves.

Among the more sensational of the new linens are those woven of air-shot yarn on the soap bubble principle and swells it up to make it soft and fluffy. Air-conditioned in this way the yarn makes up into a coarse, light-weight fabric that is good for lining beach wraps, since the fluffed-up yarn is very absorbent.

Air-Blown Wool Stripes
Several plain linen grounds are striped with air-blown yarns. The stripes in them stand out in fluffy ridges on the flat surface.

Chenille stripes also work their way through shantung linen grounds. One white linen which has a thick white chenille stripe every inch or so is destined to make a number of smart jackets and chic skirts this spring.

Woven line plaids that copy Scotch tartans "to the larri's taste" are being measured out for kilt-pleated skirts which will be topped with jackets of plain linen.

Tweed patterns of colored checks on natural linen grounds are also being collected in the interests of warm weather frocks and outfits.

Some of the white linens display broche or brocaded figures—blue stars, eye-shaped black spots, small red soldiers peering out of green sentry boxes.

Printed linens are legion. Pre-

Reading AND Writing

By John Selby

Perhaps there would have been less fuss in literary England had Lloyd George left the work of preparing his memoirs to another, as did the late Arthur James Balfour. Of course, the Lloyd George picturequeness might have been tempered somewhat. But then, fewer men would have been called stubborn because they disagreed with the author.

In any case, one of the best biographies dealing with a British political figure to have appeared since the war is "Arthur James Balfour," by his niece, who is Blanche E. C. Dugdale, granddaughter of the Duke of Argyll. The two volumes cover the great expanse of 82 years, concentrating, of course, on the half century that Balfour spent in political life. When Balfour was born Victoria was still a young queen. When he died, George V was nearing the end of his life. A settled social system had softened and reformed; thought, mechanics, art, politics and nearly everything else had undergone revolutionary changes.

And yet Arthur James Balfour was essentially the same through the whole period, whether he was being cheered for his wartime service in America, or was being called by the London Times, 20 years back, "the most discredited politician in England."

There was a certain suppleness in Balfour. He could (and did) get along with such diverse personalities as Gladstone and Chamberlain and Lloyd George — not that everything was invariably smooth. He could watch Lloyd George fight to get him out of the Admiralty without knowing why, and then serve under Lloyd George faithfully and productively. He could stomach the storm of abuse which fell on him after his pessimistic report on the great naval engagement of May, 1916, and keep his head.

"Keep his head" is perhaps the historic animals browse among lotus flowers against pastel-colored settings. A beach fabric of the hopsacking type has ropes and starfish in navy blue scattered over its white background.

Evening linens, including volles, crepes and chiffons, are also much used in blouses. Fine weaves in delicate pastel colors vie with prints.

One chiffon linen is printed in rainbow-colored bands crossed with narrow stripes in contrasting colors. Green applique leaves are strewn over a light red handkerchief linen as casually as if they had just blown down from the trees.

Mrs. Arthur Woodall is confined to her bed with a severe cold.

Mrs. W. R. Ivey of El Paso is a guest of Mrs. E. D. Merrill.

Edmund Fahrnkamp, Jr., is improved after a week's illness at the home of his parents, Mr. and Mrs. E. E. Fahrnkamp.

Nam Stone, former resident of Big Spring, but now of San Antonio, is in the city for several days on business. Mr. and Mrs. Stone are staying in Dallas for several weeks on account of illness of Mrs. Stone's relatives.

Emma Jeanne Slaughter is ill of chicken pox at the home of her parents, Mr. and Mrs. Tom Slaughter.

Mr. and Mrs. J. C. Ridgeway and daughter, Shirley Elaine, returned to their home in Monahans late yesterday.

Mrs. John Clarke is slightly improved after a severe attack of influenza.

Mrs. Ted Moser and daughter are visiting her relatives in Lubbock.

Mr. and Mrs. Carl Lawson and daughter, Jeannine, were the recent guests of Mr. and Mrs. F. V. Gates and family.

George H. Hatch and his mother, Mrs. Dell Hatch, who have been guests of Mr. and Mrs. H. B. Robb and family in Pasadena, Calif., returned to Big Spring Tuesday morning. They have been gone for several weeks. Mrs. Robb is a daughter of Mrs. Hatch.

NEW TENNIS COURT

Construction of a new tennis court at the Big Spring hospital grounds was begun Tuesday morning.

Tom Bly, who is in charge of the work, said it would require several weeks to complete and condition the court, which will be of the hard clay variety.

key. Balfour exemplified as few have that eminently British quality, as Mrs. Dugdale's biography proves over and over. Thus he speaks of Lloyd George:

"He is impulsive; he had never given a thought before the war to military matters; he does not perhaps adequately gauge the depths of his own ignorance; and he has certain peculiarities which no doubt make him, now and then, difficult to work with. But I am clearly of opinion that military matters are much better managed now than they were in the time of his predecessor."

RECIPES TO END CONSTIPATION

Every woman can protect her family from common constipation by careful menu planning. Often the cause of illness from constipation is lack of "bulk" in the diet.

Kellogg's ALL-BRAN supplies this "bulk" in generous quantity. You can use ALL-BRAN in so many delightful ways. As a ready-to-eat cereal with milk or cream, fruits or honey added. Or make delicious bran muffins and breads—put it into griddle cakes, salads or soups, or over other cereals.

Just be sure each member of your family gets two tablespoonfuls every day—and forget the illness caused by constipation. Serve three times daily, in severe cases.

You can also forget pills and drugs that nobody likes to take—and that so often fail unless the dose is constantly increased.

Kellogg's ALL-BRAN also supplies vitamin B to help tone the intestines, and iron for the blood. Sold by all grocers. Made and guaranteed by Kellogg in Battle Creek.

LIQUOR CANNOT STAND THE LIGHT OF TRUTH

GAMBLING AND DRINKING

It is highly important that the Christian people of Texas take immediate action to make known their views to their representatives in the state legislature on two most vital matters now being considered by that body. One is the race track gambling repeal bill, which has been passed by the house. Efforts are being made by the friends of the gambling fraternity to have the race tracks of Texas given a four-year extension to enable them to close out their business without financial loss to themselves. The race track people have expended large sums of money, it is true, but since they are gamblers, they are accustomed to take large risks, and there is no valid reason why they should be allowed to rob the people of Texas for four more years. It would be equivalent to a rattle-snake asking permission to bite whomever came within his reach for four more summers before his head was chopped off. The race tracks of Texas have

U. of Kansas Searches For New Athletic Head

TOPEKA, Kan., Mar. 2 (AP)—A search began today for a new director of athletics at the University of Kansas to replace Dr. F. C. (Phog) Allen, who becomes head of the newly created coaching school June 1.

C. M. Harger, chairman of the board of regents, said the university athletic board had been instructed to recommend some candidates together with salaries for which they can be procured.

YES, MAMMA, I PURCHASED SOMETHING YESTERDAY THAT WILL ELIMINATE ANY CHANCE OF MY LOSING ANY BET I MAY MAKE ON THE HORSE RACES IN THE FUTURE!

DEAR ME! WHY IS IT?

A LUCKY GUY! WHENEVER I'M IN DOUBT AS TO WHETHER TO BET A HORSE I'VE ONLY TO TOSS THE COIN, SAY "HEADS I DO, TAILS I DON'T" AND ACT ACCORDINGLY!

AND—DOES IT WORK?

I TESTED IT YESTERDAY! I HAD INTENDED TO BET ON A HORSE AT A HUNDRED TO ONE, BUT AS ALL THE NEWSPAPER CHAPS SAID IT HADN'T A CHANCE TO WIN, I WAS A BIT DOUBTFUL! SO—

—I TOSSED THE COIN AND IT CAME TAILS, MEANING DON'T BET, SO I DIDN'T AND—DO YOU KNOW—THE HORSE RAN LAST!

HOW WONDERFUL!

and satisfied to continue a sit-down strike 400 feet beneath the earth's surface.

A score of other miners stolidly guarded the mine entrance after an all-night vigil while women folk and children milled about the scene awaiting word from husbands and fathers "on strike."

This populous bituminous coal district began to sense the drama of the self-imprisonment in the depths of the earth—America's first counterpart of the "sit down" strike which ended last week in Peas, Hungary.

The mine is known as the Jamison property of the South Union Coal company.

Weta the company and miners' representatives were vague on the exact cause of the strike, but both agreed that it involved the company's refusal to grant local No. 4237 of the United Mine Workers of America a check-off of union fines and assessments.

WOOLWORTH STRIKE

DETROIT, Mar. 2 (AP)—A union official said today that a national-wide sit-down strike might be called in the 2,000 five and ten cent stores of the F. W. Woolworth company unless the strikes in two of its Detroit branches are settled by Saturday.

"I will petition my national executive council," declared Louis Kosning, financial secretary of the Waiters and Waitresses' association, which called the strike, "to call a national sit down if the strike in Detroit is not settled within a week from the time the first one started."

Minister Is Death Victim

Rites Said For Rev. J. O. Heath, Former Pastor At Garden City

Services were conducted at 3 p. m. today in Garden City for Rev. J. O. Heath, 63, former pastor of the Baptist church in that city.

Rev. Heath, who was born in Missouri in 1873, succumbed in a local hospital Monday at 3:15 p. m. after a long illness. He had been a Baptist minister for 40 years, obtaining his education in Decatur Baptist college, and had served as pastor at Munday and Crosbyton. Until he retired a year ago as pastor of the church at Garden City due to ill health, he was active in denominational work. For several years he served as an official in the Big Spring association.

Surviving are his widow, Mrs. Minnie LaVern Heath; seven sons, J. E. Heath, F. L. Heath, Melvin Heath, and Rodney Heath, Garden City; and R. F. Heath, Dallas; R. E. Heath, Denton, and Oran Heath, Casper, Wyo.; and three daughters, Mrs. Edna Ruth Cox, Elizabeth Heath and Peggy Heath of Garden City.

Rev. Heath, pastor of the Garden City church, was in charge of the services. Rev. W. S. Garnett, pastor of the East Fourth Baptist church, and Ira Powell, first Baptist secretary, attended from here.

Sons of Rev. Heath served as pallbearers. Burial was in the Garden City cemetery.

SUSPECT JAILED

DALLAS, Mar. 2 (AP)—Two men were jailed here early today for investigation of an assault on John Vickers, 47, of Wichita Falls, who was clubbed on the head with an undetermined object shortly after midnight as he walked along the railroad tracks near the M-C restaurant. Vickers was taken to a hospital in serious condition.

sacrificing the civil state to the military if necessary, was to be financed the communiqué did not announce.

Besides the "integral militarization" of all active forces between the ages of 18 and 55 with periodical recalls of the mobilizable classes," the points embraced were:

1. An "adequate increase" in the armed forces.
2. Extension for five years of the general commission for war supplies.
3. Total sacrifice if necessary of civil necessities to military necessities for attainment of maximum self sufficiency regarding military needs.
4. An invitation to Italian science to collaborate in teaching self sufficiency.

YEAR'S RAINFALL IS UNDER THE AVERAGE

Overcast skies today gave hope to farmers and ranchers that this would be another wet March. However, there was little in the forecast to indicate that soaking rains were in prospect for the weatherman said partly cloudy Tuesday night and Wednesday.

Precipitation for the first two months of the year has been under the 36 year average. January hit the average exactly with 44 of an inch, but February lagged badly with only .09 of an inch as compared to the .76 of an inch average.

January of this year bettered the .16 of an inch last year and February was ahead of the .06 of an inch for the month in 1936. March 1936 had a total precipitation of 1.94 inches.

Maximum temperature for the year was 80 degrees on Feb. 7 while the low of 18 degrees occurred on Feb. 27 and 28. Fourteen of the 28 days in February saw freezing temperatures. This was much warmer than January which had a low of 10 degrees and freezing temperatures on 27 of the 31 days of the month.

TOO MANY CROONERS, BRITISHERS DECIDE

LONDON, Mar. 2 (AP)—The British Broadcasting company, convinced there has been too much crooning, took steps today to limit the number of throaty singers on English airwaves.

While declining to define the difference between crooning and straight singing, the company, effective next Monday, limited dance bands to one croon for every three numbers.

PASTOR'S MOTHER CLAIMED BY DEATH

Rev. William B. Waldrop, pastor of the Akerly Baptist church, has returned to his home after being called to Lubbock Saturday on the death of his mother, Mrs. M. L. Waldrop.

Mrs. Waldrop succumbed at her home in Lubbock Saturday after a several months illness. Rev. Waldrop delivered the funeral address, speaking of the "Saint's Life and Triumph." Mrs. Waldrop was survived by her husband, four sons and three daughters.

MR. DEEDS' CHOSEN AS BEST PICTURE

MINNEAPOLIS, Minn., Mar. 2 (AP)—The nation's movie critics, voted "Mr. Deeds Goes to Town" as the best motion picture of 1936, the newspaper announced today.

The poll also cited Paul Muni and Luise Rainer as the actor and actress giving the best individual performances during the year. The Muni award was for his role in "The Story of Louis Pasteur," and that to Miss Rainer for her performance in "The Great Ziegfeld."

LIE DETECTOR SHOWS HE'S LYING, SLAYER IS PUT TO DEATH

CHICAGO, Mar. 2 (AP)—Joseph Rappaport, 31, died in the electric chair early today soon after a lie detector test failed to support his denial that he killed Max Dent, a government informer.

As the hour for Rappaport to expiate his crime drew near, a lie detecting machine was used.

Each question drew a firm "no!" and simultaneously the indicator recorded blood pressure reaction.

When it was over, Rappaport's doom was sealed with the verdict: "Rappaport was lying."

Gov. Henry Horner had reviewed Rappaport five times.

Gandhi Back In Politics

Attends Meeting Of Party Demanding Independence Of India

BOMBAY, India, Mar. 2 (AP)—Mohandas K. Gandhi literally walked back onto India's political stage today in what was considered a crucial moment in the nation's relations with Great Britain.

The former "Mahatma"—he recently dropped that title, meaning "great-souled," on the ground he was unworthy of it—walked seven miles from his home at Wardha to attend a special meeting of the working committee of the congress party.

That party, which demands complete Indian independence from Britain and opposed the British plan for a federated government in India, now 715 of the 1,585 seats in the lower houses of India's provinces in the recent nationwide elections, latest returns showed. Only eight places remained undecided.

Gandhi led the congress party until October, 1934, when he retired from political affairs. His attendance at the meeting of the working committee, called to discuss formation of ministries in the provinces where the party gained control of the lower houses, was considered a significant move.

POPE WILL CONDUCT EASTER CEREMONY

VATICAN CITY, Mar. 2 (AP)—Pope Pius' improved condition today encouraged him to plan a revival of the custom of bestowing his Easter blessing from the balcony of St. Peter's.

The pontiff was persuaded last year because of his health to suspend the custom.

SIGHT IS RESTORED AFTER SIXTY YEARS

WICHITA, Kas., Mar. 2 (AP)—Blind for 60 of his 62 years, Joseph Backlund—his sight restored by an operation—looked today on a strange world in which he must learn to associate objects with names.

An expert mechanic, he has known a gasoline engine by touch for so long that sight of it leaves him a bit puzzled.

"I can't tell what it is until I touch it," he explained.

RADIO ENTERTAINERS APPEAR BEFORE CLUB

The Texas Wranglers, radio entertainers for Station KBST, were roundly applauded for their musical numbers before the Rotary club Tuesday noon.

A program in charge of Shine Philips. Extemporaneous speeches were made by Obie Bristow, Darrell Douglas, Ira Thurman and Byron Housewright. The talks were based on "What I Would Do If I Were—" using different members of the clubs as the subject.

Following the program, the club stood for a moment in silent prayer of respect to the memory of Benjamin R. Carter, Rotarian, who passed away Thursday of last week.

President Elmo Wasson announced that the Rotary charter had been delivered to the Lamesa club, several members of the local organization having gone to Lamesa Monday for that purpose.

DEPOSITORY BONDS APPROVED BY COURT

Depository bonds and pledges of the State National and First National banks were approved Monday afternoon by the county commissioners court.

State National bank, active depository for the county and depository for the schools, posted bond in the amount of \$45,000 and \$30,000. The First National bank pledged \$45,000 as its depository security.

Commissioners voted to replace W. D. Skelley, government trapper, with Earl Brownrig, resident trapper, effective April 1. His salary will be \$50 a month, paid out of the general fund. For the four months ending Jan. 31, Skelley had reported the capture of three bobcats and 55 coyotes.

STRIKE SITUATION CALLED NORMAL FOR A RECOVERY YEAR

WASHINGTON, Mar. 2 (AP)—Hugh B. Kerrin, veteran chief of the labor department conciliation service, said today he considers the strike situation "normal for a recovery year."

He joined Edward F. McGrady, assistant secretary of labor in expressing an opinion that current public interest in strikes was due to the new "sit down" technique. McGrady explained "sit downs" were new only in the United States.

He found the Los Angeles picket line last week were imitating the 16th century bakers of Lyon, France.

Kerrin produced figures to show that when industrial activity slows, strikes grow fewer. As business picks up, the number of strikes increases.

For instance, the number of strikes dropped from 921 in 1930 to 637 in 1933. As recovery started, the total increased from 841 in 1932 to 1,695 in 1933. Last year's incomplete figures show there were 2,125.

NEW NEIGHBORS

NORTH BAY, Ont., Mar. 2 (Canadian Press)—The five Dionne quintuplets have some new neighbors—the Brown triplets, all girls.

The triplets were born last night to Mrs. Jonathan Brown, a farm wife living 12 miles from Mrs. Dionne.

U. S. Senator Reynolds says: "Luckies are considerate of my throat"

"Two Southern traditions are oratory—and good tobacco. Lucky Strike shows me how to indulge in both. For this light smoke not only pleases my taste but leaves my throat in condition. Last fall in North Carolina—when I made over 100 speeches—I visited the Lucky Strike factory. I believe I discovered, in the Lucky Strike 'Toasting' process, the secret of what makes this cigarette so considerate of my throat. I have been more than ever an advocate of a light smoke since seeing the extra care and expense devoted to making Luckies easy on the throat."

Robt. R. Reynolds
HON. ROBERT R. REYNOLDS
U. S. SENATOR FROM NORTH CAROLINA

In a recent independent survey, an overwhelming majority of lawyers, doctors, lecturers, scientists, etc., who said they smoked cigarettes, expressed their personal preference for a light smoke.

Senator Reynolds' statement verifies the wisdom of this preference and so do leading artists of radio, stage, screen and opera, whose voices are their fortunes, and who choose Luckies, a light smoke. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on your throat.
