Germany, Belgium And France Raided By 4,000 Planes

By GLADWIN HILL. LONDON, May 25 (AP)—Masses of planes estimated to total 5,500 bombed the Germans in north and south France, Belgium, northern Italy and the Reich today in great, coordinated assaults from Britain and Italy. Most invading planes were American.

Around 4,000 assaulted the west wall of Europe, with a spearhead of 1,000 U.S. heavy bombers plunging their explosives into rail yards and airfields of northern France and Belgium while Berlin and the west German transport center of Aachen still smoldered from pre-dawn attacks of 500 British heavy bombers.

Simultaneously, heavy bombers from Italy struck in south France at the naval base of Toulon, graveyard of the scuttled French fleet, and at Lyon on the Rhone river—a historic invasion path. Rail installations at both cities were targets.

Processions miles long of up to 1,000 Flying Fortresses and Liberators shepherded by at least 500 fighters, encountered suddenly increased resistance from the invasion-threatened ground, as they smote ruthlessly at enemy military targets close to this great invasion base.

The enemy did not care to risk his dwindling air force, but augmented the regular flak barrage with curtains of rocket fire, destroying several of the great four-engined craft in green and black explosions.

The strike of the Mediterranean Allied air forces from the south was the second time in two days that Hitler's roofless fortress had been under attack from two directions.

Liberators covered the Carnoules yards, 15 miles northeast of Toulon, with bombs. Fortresses joined other Liberators in attacks on the Lyon area, results of which were not immediately reported.

The German radio told of a big air attack in southern Germany from the west and the Swiss reported explosions from the Reich border city of Muhlhausen, indicating a simultaneous heavy blow at Germany itself.

Miles-long processions of American bombers filled the channel skies this morning on this seventh consecutive day of renewed, pre-invasion assault and it appeared possible that the record of yesterday, when 7,000 planes dumped 8,500 tons of bombs on the Germans, might be approached.

The British bombed targets in occupied territory as well as the major rail yards of Aachen, funneling traffic to the invasion coast, and Berlin last night. They lost 28 bombers.

By 5 p. m. it was estimated that 7,500 tons of bombs had been cast upon the Germans since midnight and the planes were still at work.

German defenses, split by co-ordinated attacks on Berlin, Vienna and the Paris environs yesterday and strained additionally by the massive RAF blow last night, consisted today of a gigantic artillery barrage thrown up in a vain effort to fend off the fresh invading American armada.

"Rockets from the ground were bursting all around us in green and black puffs," one Fortress gunner said.

The first bomber formations back reported encountering a few German fighters. These were driven off swiftly by an escorting fleet of 500-700 Mustangs, Thunderbolts and Lightnings from the Eighth and Ninth U. S. air forces fighter commands.

Scores of squadrons of lighter bombers and fighters shuttled back and forth across the channel in impressive swarms all day long. It appeared that the overall operations from Britain were fully on a scale with those of yesterday.

United States Marauder and Havoc bombers, convoyed by Thunderbolts and British Spitfires, attacked three rail bridges at noon at Liege in Belgium and struck three Luftwaffe bases at Denain and Monchy-Breton in France.

Thousands Of Tires Lost In Depot Fire

TEXARKANA, Ark. May 25 (AP)—A fire of undisclosed origin has destroyed one of the large vehicle storage warehouses of the Red River Ordnance depot, and unofficial figures on the damage, chiefly to rubber stocks, ranged from \$1,600,000 to \$2,000,000.

The fire which broke out early yesterday, had been brought under control several hours later, but the blaze continued last night.

Although no official information has been released on equipment destroyed by the fire, it was believed that the warehouse contained several thousand tires. An unofficial estimate ran to 82,000.

OWI Draws Pat On Back From Committee

By WILLIAM F. ARBOGAST. WASHINGTON, May 25 (AP)—The Office of War Information, one of Capitol Hill's pet targets, drew a pat on the back today from the usually hardbilled house appropriations committee.

Sending to the floor a \$1,033,358,367 bill to finance the activities of 18 home-front war agencies for the 12 months starting July 1, the committee commended OWI for "making a valuable contribution to the war effort x x x and in direct aid of the military operations."

Even OWI's domestic branch, which last year was assailed sharply by the committee and threatened with abolition, won praise for "fulfilling an important function as now organized and conducted."

The War Shipping Administration was given the largest allotment, \$330,350,000, to recruit seamen, train them and to operate a merchant fleet expected to total 4,200 vessels with an overall tonnage of 43,000,000 during the next year, an increase of 1,070 ships over the current active inventory of ships and a tonnage boost of 12,689,000.

To help the Office of War Information carry on its far-flung propaganda program ranging from the firing of safe-conduct passes to prospective German prisoners by long-range gun to the dropping of seeds by airplanes to Burmese headhunters, the committee recommended \$58,625,367, an increase of \$20,402,863 over current year funds and a reduction of \$5,764,633 from budget estimates.

Only \$2,200,000 of OWI's total fund was earmarked for the domestic branch.

D-Day Plans Are Made By The WPB

WASHINGTON, May 25 (AP)—The war production board has taken a major step toward planning for "D-Day"—the day when Germany capitulates—by forming a new inter-agency board to be called the production planning and adjustment committee.

Organization of the group, headed by executive vice chairman Charles E. Wilson, is not complete. Official sources said its aim is to handle the problem of arms production cutbacks by planning the military or civilian uses to which the freed plants, labor and materials can be devoted when war contracts are terminated.

The committee also will seek to obtain from the army, navy and maritime commission advance information on proposed arms curtailments. Working with this data, the group will advise those agencies on which plants could best suffer the contract cancellations from the standpoint of prompt reconversion to civilian goods or other military work, and the rapid absorption of the displaced workers.

Wilson has estimated that 35 per cent of the plant capacity now devoted to war goods will be freed for civilian output when either of the major enemies, Germany or Japan, collapses.

Corrigan Suspended

WASHINGTON, May 25 (AP)—Comdr. John D. Corrigan of the navy's bureau of ordnance has been suspended temporarily from duty pending investigation of a statement by Senator Truman (D-Mo) that many firms producing ordnance material retained Corrigan's engineering firm to study their production problems.

A navy spokesman, asked about the status of the case, said today: "The navy was informed of this situation by the Truman committee, and has itself begun an investigation."

Corrigan was a member of the firm of Corrigan, Osborne and Wells, New York city engineering and management consultants.

The president of the firm, Robert H. Wells, has asserted that Corrigan upon entering the navy in April 1942 severed all connections with the firm.

Fronts Merge For Rome Drive

Tanks Arrive On Beachhead—Tanks of an armored regiment roll onto the beach from the jaws of an LST in Anzio harbor, adding strength for Allied forces on the Italian beachhead where Lt. Gen. Mark W. Clark has established a Fifth Army advanced command post. (AP Wirephoto from Signal Corps).

Allied Troops Press Forward To Clear Out Japanese Forces

By J. B. KRUEGER. Associated Press War Editor. American ground troops in Burma and New Guinea pressed persistently forward today to clear Japanese from two important objectives, but on a third Allied front Chinese forces appeared desperately beset in LoYang.

A Tokyo broadcast said the north China city, gateway into central China, was encircled and its fall expected in a few days. The Chinese high command admitted the encirclement but said counterattacking Chinese had killed 1,000 of the enemy.

The Burma fighting continued its slow, bitter way, with Lt. Gen. Joseph Stilwell's men fighting street-by-street to clear Myitkyna of Japanese.

In New Guinea men of the Sixth U.S. Army crossed the Tor river and advanced against artillery and machinegun fire toward two airfields on Maffin Bay. These, with the field on captured Wadke Island nearby, would strengthen Gen. Douglas MacArthur's position for further advances toward the Philippines.

Elsewhere over the immense stretches of the Pacific the war was all in the air. The current scope of air operations was outlined by Navy Secretary Forrestal, who said 2,005 sorties were flown by navy-command planes last week alone.

No official source was willing to try to interpret the law, and the prospect was increasingly good that a court interpretation would be necessary to clarify the situation.

The most puzzled party in the entire muddle was the democratic voter himself, who still had no clear-cut idea of where he would stand.

As the situation stands, Texas has two sets of electors—one named at the Pro-Roosevelt session, the other at the unstructured session—and two sets of national delegates. What the Chicago convention will do, and what ultimate interpretation of the unique situation the courts might make, is open to wide speculation.

The pro-Roosevelt rump session flatly turned down a proposition that the group call itself anything but democrats.

Members from 16 states were present at the meeting here and elected Roscoe Dunjee, Oklahoma City, second vice president.

Dunjee, editor of "The Black Dispatch," said in an interview that the organization was non-partisan and sought only to "make a better citizen of the negro."

WOUNDED ARRIVE IN TRANSPORT FROM PACIFIC

TEMPLE, May 25 (AP)—Slingshot "The Eyes of Texas" as their big transport plane came down out of a stormy sky, 15 ill and wounded veterans of the Pacific war theater arrived at McCloskey General hospital here last night.

Most of the veterans who landed at the Temple army air field, where ambulances were waiting to take them to McCloskey, were Texans, and according to Flight Nurse Lt. Jill Duskey, "they don't let you forget it."

"I'm from Wisconsin, but I know all these Texas songs now," she said with a smile. "The men sang a lot on the flight, and mentioned every now and then how happy they were to be coming to Texas."

Pfc. Jesus Molina of Fort Stockton, from the Seventh Infantry division, was another battle casualty. After fighting in the Aleutians and the Marshalls, a Jap rifle bullet struck him in the left hand on Kwajalein.

"Things are all under control in the Marshalls," he grinned. Pvt. J. M. Shoemaker of Rockwall, son of Mrs. Ethel Shoemaker, a bugler in the 112th cavalry, was sent home because of high blood pressure after 21 months overseas.

Split Demos Puzzle Over Election Laws

By DAVE CHEAVENS. AUSTIN, May 25 (AP)—Leaders of both factions of Texas' sharply split democratic party today were looking into the state election laws in an effort to determine where they stand, but both sides were reluctant to comment.

Gov. Coke R. Stevenson, titular head of the party organization which was in the saddle at the convention that voted to send an unstructured delegation to Chicago, and which named presidential electors left free to vote for any democrat who holds views in accord with that convention if the national convention failed to meet certain qualifications, referred questioners to the law.

The law provides: 1. That the chairmen of the state democratic executive committee and the committee's secretary shall on Oct. 1 certify to the secretary of state the names of the electors. He in turn certifies them for printing on the November election ballot.

2. That "there shall be elected by the voters of the state, as many electors for president and vice-president x x x as the state of Texas may at that time be entitled to x x x."

3. That "a vote for the candidates of any political party for both president and vice-president of the United States shall be conclusively deemed to be a vote for candidates of the same party for such electors as the state shall be so counted and recorded for such electors as the state shall be empowered to elect."

Assuming that the Chicago meeting failed to meet the conditions imposed by resolutions passed at the unstructured convention, leaving the electors named by the Texas unstructured convention free to vote for "democrats holding views in accord with those here expressed," these electors would not be obligated to vote for President Roosevelt if he is renominated, if his views and his did not coincide.

No official source was willing to try to interpret the law, and the prospect was increasingly good that a court interpretation would be necessary to clarify the situation.

The most puzzled party in the entire muddle was the democratic voter himself, who still had no clear-cut idea of where he would stand.

Yanks Establish Patrol Contacts From Beachhead

By EDWARD KENNEDY. ALLIED HEADQUARTERS, Naples, May 25 (AP)—The Fifth Army merged its two fronts—the Anzio beachhead and the main force above Terracina—today for a unified push on Rome.

Americans from the main front established contact with U.S. patrols from the beachhead, Allied headquarters announced, as the climax of a lightning march which burst through 60 miles of German defenses in a 14-day offensive and in its last stages saw the enemy beating a hasty retreat from the entire coastal belt below Anzio.

One of the first objectives of Gen. Sir Harold Alexander's offensive, the reaching of the beachhead, thus was attained after two weeks of the hardest fighting.

Another objective—the drawing of more and more German troops into battle as "D" day approaches for Allied troops in England—appeared in the making. Allied airmen said a stream of enemy reinforcements was pouring southward from northern Italy.

The swift bulging of a continuous Allied line to within 20 miles of Rome apparently had spurred the Germans into massing fresh concentrations of men and material above the former beachhead position to make the fight for the Italian capital.

German prisoners taken since the start of the offensive have mounted to 10,000, headquarters said.

Following up yesterday's dawn to dusk air assaults on long columns of German convoys when more than 600 vehicles were destroyed or damaged, Allied air forces again raised havoc with enemy transport and by late afternoon reported the destruction of 233 cars.

Warhaws caught two streams of vehicles fleeing northward bumper to bumper in the area of Arlena, three miles south of Valmontone and left 100 of them in flames.

A special headquarters communique announced the contact by patrols a few miles southeast of the bridgehead on the coastal highway between Terracina and Anzio.

NEW YORK, May 25 (AP)—The first two Fifth Army men to shake hands at the junction with the Anzio beachhead were Lt. Francis Buckley of Philadelphia who came from the south and Capt. Ben Zimmerman of Honolulu, a SBC broadcast from Italy said today.

Zimmerman said Buckley walking up the road about five miles south of the Mussolini canal and said, "Where the hell do you think you are going?" the broadcast narrated.

"I came up here to make contact with the Anzio forces" Buckley replied.

"Well you made it," commented Zimmerman.

"The battle proceeds and it should not be long before the two fronts are firmly established as one when the fifth army will then develop even greater strength," official spokesman said.

Already the beachhead 30 miles below Rome was breaking out to the east with Cisterna attacked deeply on both sides and attacked at the outskirts in a frontal assault.

The German communique hinted at a new threat above the beachhead, declaring Allied troops had landed behind the German lines on the western wing of the beachhead but had been annihilated. There was no Allied confirmation.

German troops who fought to hold Terracina, 22 miles below the beachhead, were reported fleeing northward through Priverno in the direction of Valmontone.

An official spokesman added that the beachhead, established by surprise landings Jan. 22, had played an important role in the current offensive, as its threat to the German rear had prevented the Germans from massing full strength against the drive forward through Cassino and Formia.

While the Americans on the beachhead plunged across the Apennian way on both sides of Cisterna, the main enemy stronghold which had ringed the beachhead base, the Germans were reported rushing reinforcements from the north of Italy to the northern and eastern sides of the perimeter for new counterattacks to stay the push on Rome.

In the Liri valley on the inland flank of the main front, Canadian troops occupied Pontecorvo, one of the final points of the original Hitler line, after its evacuation by the enemy.

Gibb Gilchrist Named President Of Texas A&M

COLLEGE STATION, May 25 (AP)—Dean Gibb Gilchrist of the Texas A. and M. school of engineering today was elected president of Texas' greatest agricultural and mechanical college at a meeting of the board of directors.

The 57-year-old native Texan and former state highway engineer thus became the 15th administrative head of the College Station institution. He succeeds Dean F. C. Bolton, who has been acting president since the discharge by the board of directors last fall of Dr. T. O. Walton.

Gilchrist was graduated from the University of Texas engineering school. He came to A. and M. as engineering dean in 1937, after having served as state highway engineer for nine years.

Gilchrist's election is intended to end a controversy which has been raging at A. and M. over the presidency of the school since last March and which has resulted in an investigation of the school's administrative affairs by a special state senate committee.

In March, Dr. Walton threatened legal action against the board of directors which dismissed him after 18 years' service, because the growing school, the board declared, had "outtraced and outgrown him."

Dr. Walton, in his March statement, said he had resigned the presidency last fall only after the board had failed to re-elect him and had then offered him the position of president emeritus without college duties to perform at a salary of \$12,000 the first year and half that amount the second.

The attorney general ruled last February 1 that the board had exceeded its authority in authorizing such payments, which had been stopped in November, 1943, by the board prior to the request for a ruling.

"Attacking with rocket projectiles developed by the United States navy and backing this new-style onslaught with older weapons," the department said, "the American aircraft apparently destroyed the enemy without damage to themselves." No date was given.

Use Of Rockets Is Announced By Navy

WASHINGTON, May 25 (AP)—Use of rockets by navy bombing planes in the destruction of a German U-boat was disclosed today by the navy.

It was the first attack with the new type projectile developed by the navy, and the announcement indicated that rocket-firing planes have been operating several months.

Two planes—Gruman Avengers—located the Nazi submarine on the surface.

Final Safety Meet Is Slated Tonight

Final session of the basic safety engineering course, sponsored by the Big Spring Safety Council and offered through the Texas Tech extension service, is to be held at 7:30 p. m. today on the Settles mezzanine.

Otto Peters, Sr., instructor for the course, is to be in charge. A special program has been arranged for the final session and the public is invited to participate. The course covered 96 hours of intensive work and offers college credit for those who completed it.

Ruth Thomas Honored At Crystal And China Shower

Six Hostesses Entertain In Lamun Home

A crystal and china shower honoring Ruth Thomas, bride-elect of Howard Salisbury, was given in the home of Mrs. Bernard Lamun Tuesday evening when six hostesses entertained.

Hostesses were Mrs. Hayes Stripling, Mrs. Martelle McDonald, Mrs. A. J. Haines, Mrs. T. J. Walker, Leta Frances Walker and Mrs. Bernard Lamun.

Miss Thomas is the daughter of Mr. and Mrs. Clyde Thomas and will be married June 7.

Greeting guests at the door were Mrs. Thomas, the bride-elect's mother, Miss Thomas and Mrs. Martelle McDonald. Miss Walker presided at the guest book and Mrs. Stripling poured. Mrs. Haines and Mrs. Walker were at the refreshment table.

The serving table laid with a lace hand-made cloth was centered with white stalk and blue larkspur.

Guest list included approximately 100 persons.

Class To Meet

A business and social meeting will be held in the home of Mrs. Joe Barnett for the Dorcas class of the First Baptist church Friday at 3 o'clock.

All members are invited to attend.

TETTER (Recently Cured)

Ease itching, burning eruptions with anti-itching, soothing Black and White Ointment. Use only as directed. Cleanse with mild Black and White Soap.

Dance Scheduled For Enlisted Men

Enlisted men of the Big Spring Bombarrier School and their wives and dates are having a dance Saturday at 9 p. m. in the post gymnasium.

Dress will be optional, and transportation will be furnished for dates from the Settles hotel at 8:45.

The post orchestra, under the direction of T-Sgt. Winslow Chamberlain, will play, featuring the singing of George Jay.

Arrangements for the entertainment were made by Cpl. Phil Tucker and Cpl. Bill Mavromatis of the special service section.

Barbecue Given For H.D. Group

Mr. and Mrs. W. L. Yardley and Mr. and Mrs. I. H. Severance entertained members of the dramatic group of the Coahoma Home Demonstration club and their guests recently with a chicken and steak barbecue at their adjoining homes at Foster camp in Mitchell county.

Those present were Major and Mrs. Horace Borden, Capt. and Mrs. Harold Runyan, Capt. and Mrs. Charles Kinsey, Capt. and Mrs. John Sharp, Lt. and Mrs. Walter Kozel, Cpl. Cecil Peurifoy, Mr. and Mrs. E. T. O'Daniel, Mr. and Mrs. O. D. O'Daniel, Mr. and Mrs. J. L. Adams.

Mr. and Mrs. D. S. Phillips, Mr. and Mrs. Fred Beckham, Mr. and Mrs. K. G. Blalock, Mr. and Mrs. W. D. Winstead, Mrs. Ray Swann, R. L. Yardley, Mary Margaret Borden, Doris Mae Blalock, Shirley Ann Wheat, Janey Echols, Willie Jo and Theresia Winstead, Gay Nell Yardley, and Jimmy and Wayne Winstead.

USO Hostesses Visit Hospital At AAFBS

Flowers, candy cookies, magazines and books were distributed in the hospital wards Wednesday when USO hostesses visited the station hospital at the Big Spring Bombarrier school.

Hostesses from the USO were Helen Duley, Nita Chapman, Melba Ray Chapman and Lillian Jordan.

Picnic Supper Given In Woods Home For AAUW Members

A picnic supper was entertainment at the final meeting of the year when the American Association of University Women met in the home of Mrs. G. H. Woods Tuesday evening.

Those present were Reta Debenport, Nell Brown, Mrs. J. B. Mull, Mrs. Charles Watson, Mrs. Gene McAllen, Mrs. Bill Wright, Mrs. H. A. Stegner, Mrs. K. H. McGibbon and the hostess, Mrs. G. H. Wood.

Beth Mansur Presented Gift By J. U. G. Club

A gift was presented to Beth Mansur, charter member of the J. U. G. club when the group met Tuesday in Miss Mansur's home. She is moving to Oklahoma City this week to make her home with her family.

Refreshments were served and those present were Winnie Rogers, Sarah Kelley, Doris Stuteville, Betty Ray Nail, Evelyn Arnold, Alyene Brownrigg, Gene Campbell, Betty Ray Nail will be next hostess.

STUDY DIRECTED BY MRS. HUTCHINS

Mrs. L. E. Hutchins acted as counselor and directed the study in the hospital wards Wednesday when members of the Junior Girl's Auxiliary of the First Baptist church met in the home of Mrs. A. A. Watson.

Refreshments were served to Ann Matthews, Gloria Hart, Nita Bell Watson, Susan Houser, Mrs. Hutchins and Mrs. Watson.

Grads Honored At Herald Route Party

Six students graduating into high school were honored by the Herald Carriers Club Wednesday evening following the graduation exercise.

Graduates who were entertained at the Club Cafe were Billy Jack Rose, Dale Pritchett, Bobby Hohertz, Louis Posey, Sonny Crocker, Joy Barnaby.

Others attending were Harold Hardy, Norma Lou Rose, J. C. Horn, Cleone Russel, Holly Bird, John Warren Masters, Charles Rose, Sue Haynes, sponsor.

Flowers Used In Party Decorations

Mixed spring flowers and carnations were decoration in the home of Mrs. Ted Phillips when the Dos Por Ocho club met there Wednesday to sew.

A salad plate was served and those attending were Mrs. Junior Hubbard, Mrs. M. S. Beale, Mrs. C. Y. Clinkscale, Mrs. Herbert Johnson, Mrs. Garner McAdams, Mrs. R. F. Bluhm, Mrs. Otto J. Mathes, Mrs. R. L. Pritchett, Mrs. H. B. Crocker, Mrs. Ted Phillips, Mrs. Lewis Murdock.

Mrs. M. C. Weaver will be the next hostess.

Auxiliary Meets For Regular Study

"Land of the Golden Man" was the subject of study of members of the Girl's Auxiliary when they met in the First Baptist church Tuesday with Mrs. A. A. Watson.

Refreshments were served, and those attending were Wanda Watson, Martha Hobbs, Maxine Mays, Martha Evans, and Mrs. Watson.

Pattern 9129 comes in sizes: 1, 2, 3, 4, 5, and 6. Size 6, sundress, 1 yd. 33-in.; bonnet 5-8 yd. Ruffles on under and bonnet optional.

This pattern, together with a needlework pattern of useful and decorative motifs for linens and garments, TWENTY CENTS.

Send TWENTY CENTS in coins for these patterns to Big Spring Herald, Pattern Dept., 232 West 18th, St., New York 11, N. Y. Write plainly SIZE, NAME, ADDRESS, STYLE NUMBER. TEN CENTS more brings our 1944 Marian Martin Spring Pattern Book: New, easy-to-make styles. Free Pattern printed in book.

The highest altitude in North America is Mount McKinley, Alaska, which is 20,300 feet.

Mrs. Chas. Watson Named President

Mrs. Charles Watson was elected president of the Child Study Club when the group met for a covered dish luncheon in the home of Mrs. K. H. McGibbon Wednesday with Mrs. John Dibrell as co-hostess.

Other officers elected were Mrs. W. E. Wright, vice-president; Mrs. Escot Compton, secretary and reporter; Mrs. George French, treasurer; Mrs. J. B. Mull, program chairman.

Those present were Mrs. J. E. Brigham, Mrs. W. P. Cecil, Mrs. G. K. Chadd, Mrs. John Coffee, Mrs. Escot Compton, Mrs. Alfred Collins, Mrs. J. F. Collins, Mrs. John Dibrell, Mrs. George French, Mrs. Iva Huneycutt, Mrs. J. B. Mull, Mrs. C. O. Nalley, Mrs. Jack Smith, Mrs. Charles Watson, Mrs. W. E. Wright, and Mrs. K. H. McGibbon.

Marriage Announced

Mrs. J. E. Monteith has announced the marriage of her daughter, Jewell Monteith, to Cox J. L. Reinhart of Chicago.

Rites were held in the First Baptist parsonage at Corpus Christi, where Reinhart is stationed. The Rev. Cawker officiated.

Miss Monteith graduated from the local high school in 1939, and had been a member of the WAVES for 13 months before being given an honorable discharge.

Social Calendar Of Events For Week

FRIDAY
WOODMEN CIRCLE convenes in the WOW hall at 8 p. m.
MODERN WOMEN'S FORUM will meet in the home of Mrs. R. L. Warren on the Lamesa Highway.
DORCAS CLASS of the First Baptist church will meet with Mrs. Joe Barnett, 410 Nolan at 3 o'clock for business and social meeting.

Last Of Oklahoma's Famed Quads To Be Married June 9 At Camp Hood

OKLAHOMA CITY, May 25 (AP)—The last of Oklahoma's famous and long-celebrated quadruplet sisters, Mary Keys, will march to the altar on June 9 to climax a romance that began a year ago at Camp Hood, Tex., shortly after she became an army hostess.

She will be married to Sgt. Jack P. Anderson of Plano, Tex., former Baylor University and New York Giants football player. Announcement of their engagement was made here by Miss Keys' parents, Mr. and Mrs. Flake M. Keys.

Miss Keys and Sgt. Anderson, both Baylor graduates, for a time attended the university simultaneously but did not meet until they reached Camp Hood.

The marriage ceremony will be performed at the camp. Miss Keys will be wed in the same gown her sisters used and the ceremony will duplicate that of the previous weddings—one sister, Mrs. Robert T. Hall, will be matron of honor and the other two, Mrs. Robert Fowler and Mrs. Roland Torn, will be bridesmaids.

The bride-to-be will follow the footsteps of Mrs. Hall, also a hostess at Camp Hood, who was married to a master sergeant of the camp last October.

Mrs. Fowler, the former Mona Keys, was the first of the quads to wed and the first to become a mother. She was married in 1940 and a daughter, Gloria, was born in 1942. Second to take the vows was Roberts, who became Mrs. Torn in 1941.

The quads, long described as Oklahoma's "bunch of Keys," were acclaimed the first in medical history to attain maturity. They were born on June 4, 1915, at Hollis, Okla., where their parents lived until the girls were graduated from Baylor. Until the first was married, the quads were inseparable companions. Sgt. Anderson, the son of Mr. and Mrs. Ira Anderson of Plano, was employed by an oil company in Texas before entering service two years ago. Officiating at the ceremony will be Chaplain John F. Neal, formerly of Wellington, Tex., close friend of the Keys family.

Field Of 100 Bowlers Expected At Annual Open Single Sweepstakes

A field of 100 bowlers is anticipated for the Cosden's first annual open single sweepstakes which starts Saturday evening at the West Texas Bowling center.

All entrants' fees will go back into the pot for distribution and Jack Y. Smith, tournament manager, expected this might approximate \$1,000. The sponsoring firm is posting a watch as second prize. The first prize and individual awards on the various shifts will be in cash.

Bowlers are expected from a radius of 300 miles and entries already have been received from San Angelo, Abilene, Odessa, Midland, Lubbock, Amarillo, Wichita Falls and Brownwood as well as from Big Spring. Service entrants from the Poyote Field and the Big Spring Bombardier School are on tap.

Martin-Howard Soil Conservation District News

Ed Carpenter, rancher and district cooper of the Vincent community, made a timely remark Monday. He said, "I believe the country will be greatly benefited if we can hold on to the land all the rain that falls. We can go a long way toward getting this done by maintaining a good cover of grasses the year around and by building tanks where needed. By doing this we will save not only moisture but also the soil."

Many ranchers and farmers are expecting to get stock tanks built this year. This week tank sites were staked for construction on the following ranches: R. L. Powell, Snyder, Leroy Echols and Louie Hutto.

Mowing experiments are to be carried out on several ranches. Mowing of Tobosa grass has been done on Ben Whitaker's ranch to determine if by such treatment more efficient use can be obtained from Tobosa grass. Mowing of needle grass on land which has been retired from cultivation is to be done on the Wilson Brock ranch of the Gay Hill community to determine if this practice will increase the recovery of the better native grasses. Also, mowing of Tobosa grass will be tried.

Thick stands of turpentine weeds will be mowed on the Wilkinson ranch west of Big Spring. The objective is to find out whether possibly two mowings a year will sufficiently retard the growth of turpentine weeds to permit native grass to come in and recover the area.

Nova, Marshall To Fight In Tulsa

TULSA, Okla., May 25 (AP)—Lou Nova, who squeezed out a split decision over Jack Marshall in a ten-round battle here a week ago, has agreed to meet the Texas heavyweight champion again in a 12-round at the Coliseum June 7.

Marshall, only opponent to stay the limit with Nova in the Californian's current comeback tour, said he had cancelled a fight with Jimmy Webb scheduled for May 30 in Galveston to prepare for the return bout with Nova.

Softball Loop In 3-Way Tie

Section B won and the Bombers dropped a game in the Big Spring Bombardier School enlisted men's softball league Wednesday evening to go into a tie for loop leadership with section A.

The boys from Section B pinned a 6-5 decision on the Wildcats while the Station Guards took a 2-1 affair off the Bombers.

Bilcha of the B outfit connected for a double for the only extra base blow in his game. Reich, the Section B twirler, had four strikeouts while Spinosa for the Wildcats could only whiff two.

Johnson paced the Guards to their victory with a homer and Hamilton, a leading hitter in last year's chase, had a double. Harrell struck out five bombers.

Score by innings:
R H E
Section B 113 000 1-6 10 2
Wildcats .020 021 0-5 7 1
and Bristow.

Reich and Smeltzer; Spinosa
Bombers 000 001 0-1 4 1
Guards 200 401 3-4 1
Jones and Hudson; Harrell and Jonsson.

League Standings
Team W. L. Pct.
Bombers 3 1 .750
Section A 3 1 .750
Section B 3 1 .750
Guards 2 1 .666

Medics 1 2 .333
Wildcats 1 3 .250
Ordnance 0 3 .000

Camps For Boy Scouts Slated

Big Spring Boy Scouts who plan on participating in the council camp at Lake Sweetwater June 5-10, inclusive, are being urged to get in their applications this week.

H. D. Norris, field executive, said that applications filled later could not be assured of favorable action. First local scout to pay his \$5 fee for the camp is Charles Moody of troop No. 1.

Program for the camp has been mapped and all activities, including swimming and boating, will be under close adult supervision. Deadline for filing applications for the council camp to be held at Philmont scout ranch in Northern New Mexico from July 3-15 has been set for June 22, according to the executive. Fee for this camp is \$15, which includes transportation.

Scouts 15 years and older will have a different program which includes the first 24 hours at headquarters ranch and the balance of the camping period on mountain trails behind pack animals. Younger scouts will have a less rugged schedule and will be billeted in improved quarters a greater part of the time.

In view of the Sweetwater camp opening early in June, Norris announced that the regular monthly camp for the Big Spring district would be abandoned for May.

Ernest Hemingway Injured In Wreck

LONDON, May 25 (AP)—Ernest Hemingway, widely-known American writer, suffered head injuries in an automobile accident here last night but after a minor operation hospital authorities said today he was in no apparent danger.

A surgeon found that there was no fracture and that outside of head injuries Hemingway was unhurt.

Hemingway, who arrived in London about a week ago as a correspondent for Collier's magazine, was hurt when the car in which he was riding with a British physician struck a static water tank.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a Youngster—Now her Backache is better.

Many suffer relief from backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 2 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, big pains, loss of pep and energy, getting up nights, swelling, stiffness under the eyes, headache and dizziness. Frequent or scanty urination with stinging and burning sensations shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give heavy relief and will help the 15 miles of kidney tubes flush out poisons and waste from your blood. Get Doan's Pills.

Blissard Wears 3 Sets Of Wings

FORT LOGAN, Colo., May 25 (AP)—Lt. Grover C. Blissard of Big Spring, Texas, convalescing at Fort Logan, wears not one but three sets of wings—his own and two pairs given him after a vicious air fight with Germans over Italy in which he lost a leg.

Blissard was co-pilot on one of seven fortresses sent to bomb a railroad marshalling yard in Italy. The formation was jumped by more than 100 ME 109's but fought on to its objective.

An enemy shell severely injured Blissard in the legs, and his fortress after dropping its bombs headed for Sardinia, not occupied then by the Allies but the nearest spot that offered emergency treatment. He was given first aid by Italian doctors.

There, an Italian general unpinned his gold wings and pinned them on the Texas' fliers torn shirt. Back at his African base, Blissard's group commander took the wings off his own blouse and added them to the pair already worn.

Blissard is also holder of the Distinguished Service Cross, Purple Heart, Air Medal, and three campaign bars.

CAMERON'S ARE DOING SOMETHING ABOUT THE "CACKLE FRONT"

Yes, and for 75 years Wm. Cameron & Co. has been catering to the needs of the food and livestock producers of the Southwest. For dependable information and building suggestions Cameron's is considered headquarters.

The Big Spring Daily Herald

Page Four Thursday, May 25, 1944

Lt. Dick Bradbeer Tosses No-Hitter As Bombardier Officers Drub Cadets

Coming out of a four-game batting slump the Officers of the

Bombardier school Tuesday night backed Lt. R. M. "Dick" Bradbeer in the first no-hit, no-run game of the season against the Cadets of class 44-10 to the tune of 4 to 0. Behind the hard working former Florida fireballer the Officers bunched eight hits to shove two runs across the plate in the first inning and two more in the sixth.

Tuesday's game under the lights of the city park marked the fourth in preparation for the forthcoming tilt between the local Officers and a visiting aggregation of Goodfellow Field Officers from San Angelo. The date for the game has been set for next Monday, May 29 at 8:30 p. m.

With army restrictions on travel for athletic teams, the Big Spring Officers have tentative games with teams from Lubbock, Midland, Waco, Randolph and San Angelo. Against the Cadets third sacker Lt. Harry Bryant was the defensive life saver of Bradbeer's no-hitter by sensational fielding of sizlers down the base line. Using his former semi-pro experience as a background Bryant teamed with Lt. Paul Powell at shortstop to protect the left side of the infield.

Bryant also did his bit of stick welding to double in the first frame and score Powell who had singled to get on and scored later on a passed ball. In the sixth frame Lt. Ned Humphreys with two out and the bases loaded, singled to score Downs and Powell ahead of him but was thrown out at second when he tried to stretch his hit. Batteries for the Cadets of 44-10 were Rutan twirling with Tuttle receiving. For the Officers Bradbeer pitching and Humphreys catching.

Thunder never has been heard unmistakably more than 20 miles from the flash.

Now Many Wear FALSE TEETH
With More Comfort
FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, goopy, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug store. (adv.)

By JACK HAND
Associated Press Sports Writer
Connie Mack still rates as the diamond's No. 1 "David Harum" today on the performance of Frankie Hayes, who was tabbed "all washed up" when he hit only .188 for the St. Louis Browns in 1943.

Hayes' second bases-loaded homer of the season was the telling wallop as the Philadelphia A's took over fourth place yesterday with an 8-4 decision over Detroit. It was the sixth circuit clout for the veteran catcher, who is tied for the American league lead with Cleveland's Pat Seery.

Mack brought Hayes back to Philadelphia in January after an absence of a year and a half by shifting pitcher Sam Zoladak, outfielder Barney Luis and a "small amount of cash" to the Browns.

Don Black was coasting to his third victory on the strength of Hayes' clout yesterday but the Tigers knocked him out and scored four runs in the ninth to ruin his shutout. He had allowed only two hits until the ninth but Joe Berry had to finish.

Jack Kramer climbed into the six-win class as the St. Louis Browns trimmed Boston, 7-3, and moved into second place in a night game. Bellefer Emmett O'Neil helped the Browns along with a wild spell during which he passed four men in a row and wild pitched two home with a heave that landed in the grandstand.

Superb control and effective clutch hurling by Dutch Leonard helped Washington level Cleveland, 5-4, with an 11-hit attack on three Tribe hurlers.

Pittsburgh's Rip Sewell pounded out two doubles and drove in three runs while taming Boston with six hits for an 8-1 decision. Jim Tobin was the victim, the first time the no-hit hurler has been beaten by his old mates since Sept. 27, 1942.

Paul Erickson made his first start a neat five-hit shutout as Chicago blanked the Phillies, 2-0, last night.

The Cincinnati-New York and St. Louis-Brooklyn games in the National and New York at Chicago tilt in the American were postponed on account of rain.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW YORK, May 25 (AP)—Walter St. Denis, dean of Mike Jacobs' drum-beating staff, argues that the next heavyweight champion won't come out of the armed forces but will be a four-efter like Joe Bakal or Freddie Schott. . . . Maybe it's just a coincidence that Bakal and Schott are on Friday's Garden card, but Walter has a logical argument that fighters who are active in the ring have better chances of reaching the top than guys whose energies have been devoted to another kind of fighting.

Odeorous Comparisons
Latest handout from the all-American girls professional ball league reports that, after completing their personality course, the players "will be recognized for the poised way they walk down the street, the charm they radiate in conversation and the good-taste in clothes they wear." . . . In other words, they'll combine the virtues of Shufflin' Phil Douglas, Leo Durocher and Lefty (Green Suit) O'Doul.

A Rookie A Day
Fernia (Mike) Guerra, Senators' catcher: Rated just one line and no record in the Red Book this spring. . . . He's a Mexican who played in the Cuban winter league. . . . Signed as a possible understudy to Rick Ferrell. Mike got his chance when Ferrell ripped a thumb trying to handle those butterfly pitches. Now Rick is the understudy, as Guerra has been handling the pitchers expertly, hitting in the 300 class and showing something that most catchers haven't—speed afoot.

Shorts and Shells
After the Giants blew that game for him Tuesday night, Bill Voiselle was no mad he threw down his glove and gave it a couple of lusty kicks. . . . Whereupon a kid broke out of the crowd, tucked the glove under his shirt and raced for an exit. . . . Tom O'Reilly, who received his nautical training on Jacobs Beach, has written a book, "Purser's Progress," in which he takes liberties with his voyage on a Liberty ship. It should be the season's best seller. . . . Harry Markson reports hearing a fight manager explain that Henry Armstrong is "the kind of fighter who swamps all over you."

Cornell, Princeton To Hold Track Meet

ITHACA, N. Y., May 25 (AP)—Cornell and Princeton will hold an "English system" dual track meet here Saturday. Instead of the usual big teams, each school is limited to two entries in each of 12 events and only first places will count. In event of a 6-6 tie, second place will determine the winner.

One-Armed Player Leads—Pete Gray, one-armed outfielder, with the Memphis Chicks, stirs up a cloud of dust as he takes a practice slide. Gray is leading the Southern Association in stolen bases, with 15. He's hitting above .300 at present. (AP Wirephoto).

OUT OF 22 GOBS AT CENTER 17 PLAYED BIG LEAGUE BALL

GREAT LAKES, Ill., May 25 (AP)—There's no room for another major league baseball team and naval rules forbid, but many experts and fans are of the opinion that a 17th big time squad is operating this season—at the Great Lakes Naval Training Center.

Most of the 22 young sailors at the world's biggest naval station on the bluejacket roster wouldn't be strangers in major league uniforms — for 17 of them were playing in the National and American league last season. The remaining five were on top minor league clubs in 1943.

For the third successive year, Lt. Mickey Cochrane has fielded an entirely new team. Many baseball experts agree this season's squad isn't going to be pushed

around by any opposition, including big league clubs. The Bluejackets have won their first six games, including victories over the Philadelphia Phillies and the Boston Red Sox.

Cochrane has an infield composed of former national leaguers — Johnny McCarthy, Boston, first; Billy Herman, Brooklyn, second; Merrill May, Phillies, third, and Al Giosop, Dodgers, shortstop. Outfielders are Gene Wooding, Cleveland; Dick West, Cincinnati, and Mizell Platt, Chicago Cubs, with Schoolboy Rowe, who pitched in both big leagues, available for outfield as well as pitching assignments. Other major league hurlers are Virgil Trucks, Detroit; Junior Thompson, Cincinnati; Bill Brandt and Bob Klinger, Pittsburgh; St. Johnson, Phillies, and Ed Welland, Chicago White Sox.

Catchers from the big time are Clyde McCullough, Cubs; Bill Baker Pirates and Joe Glenn, New York Yankees.

Sporting Dad Has College Spirit

NEW YORK, (AP)—Sherman Tomasino feels that you can't censure a man for trying. Sherman is 34 and the father of four children. But that didn't stop him from seeking a place on the New York University baseball team.

Tomasino, who is a magazine salesman by day and a student at the NYU School of Commerce by

SHERMAN TOMASINO Turns Out for NYU Nine

night, reported as an outfielder to Bill McCarthy, now in his 22nd year as Violet coach.

Tomasino was ruled ineligible when it was learned he was not a degree candidate though he was taking enough credits to be classed as a regular student. However, McCarthy carries him on the squad as an informal assistant, batting fungoes to the outfielders and giving pointers to the younger players.

Gold and scarlet are the official colors of the U. S. Marine Corps.

Six Basketball Tournaments Slated

DALLAS, May 25 (AP)—Six games were scheduled today in the state high school baseball championship tournament, two of them postponements from last night and one playoff.

The Crozier Tech (Dallas)-New Braunfels and Hondo - Highland Park games, both rained out last night, led today's schedule. Other games set were St. Thomas (Houston) vs. Hearne; Adamson (Dallas) vs. Lawn; and Austin vs. Nocona.

The winner of the Tech-New Braunfels game was to meet the winner of the Highland Park-Hondo game at 9 p. m. tonight.

Flowery Speech

WICHITA, Kas. (AP)—"I can't say I think much of your new brand of breakfast cereal," said Ted Braley, test pilot, pushing away his empty dish. That's how Mrs. Braley learned what happened to her bowl of nasturtium seed.

Congratulations

To the **GRADUATES OF '44**

-Big Spring High School

So much depends on you—the youth of our nation! For your educational advantages will better fit you to take part in making the better world that is to follow the war. Just as a sound educational background will better equip you to help fight this war, if you are going forth from classroom to combat duty!

The gate has opened—on the path of a phase of life which will find you definitely "on your own." Whether you are going into the business world—into the armed forces—or to become the best of homemakers, the people of this community are proud of you and your achievement thus far. You have terribly important responsibilities right from the start. The need is great for help to preserve and carry on the American way of life. May the future... in whatever you do... spell success to you.

Graduates 1944

War Board News

A weekly column contributed by members of the Howard County War Board.

Freezer Locker Plants Jump From Two To More Than 200 Within Five Years

COLLEGE STATION, May 25—Before 1939 there were only two freezer locker storage plants in Texas. There now are 201 in the state, and an additional 121 new plants are under consideration,

according to a survey just completed by the Texas A. and M. college extension service.

These 301 locker plants are located in 120 counties. Dallas county leads the state with six, while Tarrant has five. Lynn, Lamb, Hidalgo and Bexar counties have four each, county extension agents reported. The average plant has 330 boxes. Total boxes for the state number 66,381 which serve 65,262 families.

During 1943, approximately 35 million pounds of food, or an average of 373 pounds per family, were stored in these boxes, the report showed. Tremendous popularity of locker service is evidenced by the 121 new plants under consideration and by plans of 58 plants for enlarging their operations. Extension Director J. D. Prewitt points out. This should add about 13,000 boxes to those already available.

Because of this interest the extension service is increasing its efforts to help farm people with their frozen food problems, he says.

Increase in Texas home freezer units also was indicated by the survey, and agents said there now are 2,000 in the state. During the year these have held nearly a million pounds of frozen food, or an average of about 433 pounds per home.

Hidalgo county has the most outstanding record in this respect, reporting 503 units with a capacity of from 200 to 500 pounds of frozen food each.

Garden-Fresh Spring Vegetables Are Alluring Settings For Buffet Dinners

Garden - fresh spring vegetables, now available at your favorite grocery store, lend themselves so easily to a variety of uses that, to busy housewives, they are "as welcome as the robins."

Crisp baby onions, snappy red radishes, tender young lettuce,

carrots and tomatoes combine to make the familiar and tasty individual salad bowl, these days. Buffet style, they're not only tempting but with practically no effort they can be made into an adornment of which any hostess may well be proud.

For example, as shown at left in above photo (you can assemble in no time at all a plate of onions, sliced carrots and whole radishes, "crown" it with a stuffed tomato topped with grated egg and you have an appealing, easily-prepared dish.

Or, by way of satisfying contrasting appetites of your family and guests, flavored spring vegetables may be combined with a cottage cheese salad (pictured at top), garnished with sliced celery and halved cumpers into which have been dropped a dice of carrot and treasured with young lettuce. There you have both nutrition and eye-appeal.

And for full flavor of these plentiful spring vegetables, the familiar salt shakers are indispensable adjuncts.

Sanitary Poultry Houses Are Urged

COLLEGE STATION, May 25—A poultry house swept and visibly clean doesn't always mean that it is sanitary, says Dr. W. A. Boney, poultry veterinarian for the A. and M. college extension service. Many disease germs, worm eggs and external parasites may be present but not visible. A house is at its best after it has been scraped with hose and shovel, scrubbed with hot lye water, and then sprayed with a good creosote disinfectant after drying.

Regardless, high death rates sometimes occur in flocks cleanly housed. This may be due to attempting to fit too many birds in too little space having inadequate equipment.

Sanitation also involves other safeguards against disease, such as buying disease free chicks, blood testing flocks regularly for pullorum disease, removing daily all visibly sick birds, and quickly destroying all dead ones.

Good chicks deserve a chance, which means protecting them against disease from infancy. Old stock are the most likely carriers of disease and parasites. Dr. Boney suggests. Isolate the old hens from the chicks and disease hazards not only would be greatly reduced, but many poultry disease problems would disappear.

That's the only way roup and colds can be controlled. One other big role in sanitation is cleaning brooder houses twice weekly or oftener to prevent coccidiosis. This is the only fool-proof method, Dr. Boney says.

Mitchell Club Women Have Poultry Records

COLLEGE STATION, May 25—Most poultry raisers might well follow the example of two Mitchell county home demonstration club women. Mrs. Brock Foreman of the Landers club has 180 11-month-old hens producing an average of 150 eggs per day. And Mrs. L. J. Jones, president of the

same club, recently raised 300 baby chicks to seven weeks of age without losing any. Mrs. Mildred M. Odum, county home demonstration agent, reports Mrs. Jones raised the chicks with a home-made lamp brooder.

Private Breger Abroad By Dave Breger

"Protection for his glasses!"

possible breakdowns and deterioration, it would be much better if the debt were repaid in five or six years.

On the other hand, if equipment will increase or maintain production and will help pay for itself quickly, this use of credit is justifiable. Borrowing to reorganize or consolidate debts sometimes proves advisable, also.

If credit is needed to expand farm production and this can be done with profit to the operator, its use is as valuable and patriotic in war time as the use of machinery or labor on the farm.

Sudan Urged To Off Set Grass Shortage

By O. P. GRIFFIN
County Agent

Judging from the past eleven years there is not much hope for much growth of native grasses this summer. The farmer can remedy this situation, however, by planting an increased acreage of sudan to furnish summer grazing for his livestock.

Most of the farm pastures of Howard County are almost barren. While this is the case there are nearly as many cattle on these farms as last year, and far more than the average of the past 5 years. If these cattle are sold in poor flesh they will not bring much. However, if sudan pasture cannot be provided they will have to go on whatever market is available, because the price of feed will not permit feeding them thru the summer.

Admiration Coffee

Beverage of Good Cheer

Next time you're delayed by a checking counter "log-jam", glance about at the coffee brands in other customers' baskets. Admiration will be leading two-to-one. And with good reason too! For here is a blend that's unique among all other coffees; a blend specifically and superbly created for the Southwest. It is robust and invigorating without being bitter. It is fragrant and aromatic without being scented. It is rich and full hearted without being pungent. These and a dozen other qualities are jealously safeguarded—at blending time, at roasting time, and at packing time. Today's pound is identical with last week's—or next month's. Small wonder then that Admiration brightens every meal and occasion and pleases so many? Indeed not. A single pound will convince you. Why not drop off your regular brand this week and try Admiration? It will be a thrilling new experience.

By Lichty

"Must the children hear about men who are criminally insane, wanted as thieves, and who've got moronic tendencies? Turn off that political speech!"

Employees Charged With Espionage

STOCKHOLM, May 25 (UP)—Three employees of the SKF ball-bearing works at Goteborg have been arrested on charges of supplying information to a foreign power about the size of orders and destinations. Aftonbladet said Wednesday.

Two of the employees were Swedes and the other was described as a foreigner. All worked in the company's order department, and Aftonbladet quoted one as saying he furnished information to the unnamed foreign power for "ideological reasons."

The Allies have brought pressure to reduce Sweden's ball bearing exports to Germany, and are said to have proposed buying all of this country's output to shut off any supply to Germany. An American economic expert, Stanton Griffiths, currently is conferring directly with Swedish businessmen.

Flash Fire Kills Four, Injures 37

HAMILTON, Ont., May 25 (UP)—A flash fire swept through a crowded dance hall early Wednesday, killing four persons and injuring 37, nine critically.

Most of the 70 persons attending the dance in Moose Hall jumped or were crowded from second story windows.

"They came out all in flames, like torches," a witness said. They were attending a staff party of the Royal Oak Dairy.

Warning Issued On Dangers Of Canning Mishaps

CHICAGO, May 25—More than 80 per cent of home canning accidents in 1943 resulted from housewives using the oven canning method, the National Safety Council reported Wednesday.

The council has completed a national survey of violent home canning accidents, which were so numerous last year they attracted national attention.

About 15 per cent of the accidents occurred in the pressure canning method, usually a result of the failure of the canner to follow directions. The boiling water bath and open kettle methods were found to be safest.

Fresh beans were involved most frequently in canning accidents, with fresh fruits and tomatoes second and third.

If American housewives equal last year's canning records, they will put up more than four billion cans or jars of food, according to the U. S. department of agriculture. To save lives, injuries, property damage and the loss of food, the council makes the following recommendations:

1. Do not use the oven canning method. Dangerous even for experienced canners and under normal conditions.
2. Use standard glass containers free from flaws or chipped edges.
3. Follow latest (1944) directions from an authoritative source (such as U. S. department of agriculture) for processing procedure. Have pressure canner gauges checked for accuracy by competent authorities.
4. Sterilize glass lids and jars and keep hot until filled.
5. Use tongs (or similar gripping tool) to transfer hot jars and lids. When necessary to hold or grip a hot jar (as when tightening caps) cover it with a warm, dry cloth.
6. Pack jars according to directions—not too solidly—leaving head room of one-half inch or more for expansion of foods and liquids.
7. Place jars carefully on rack on bottom of canner, spacing them to permit circulation of steam or hot water around jars.
8. Keep jars from sudden chill. Steam should be completely dissipated before lifting canner cover. Use canner top as shield between body and canner when lifting top. Place hot jars on wood or linoleum surface out of drafts. Refrain from further handling except to tighten caps.

Coffee grounds and tea leaves will clean short-napped rugs if sprinkled by hand over the rug to be cleaned, allowed to remain for 15 minutes and brushed off with a stiff bristled brush.

Let The People Speak

Those who had the temerity to suggest a return to the convention by Texas democrats to escape the import of the recent supreme court decision which would permit negroes to vote in state primaries must be ready to haul in their weather-beaten banners after the storm just subsiding in Austin.

If the state convention (beg your pardon, state conventions) at the state capitol isn't refutation of arguments for return to this sort of method for selecting party nominees, then we dare not hope for proof. Discounting the fact that the Texas brand of democrat was never one to mince words with his brethren, the spectacle of two factions splitting so sharply that two conventions—a tremendous amount of confusion and possibly an equal amount of ill feeling—resulted is one to stir thinking partisans to concern.

It is true that such an occasion has not arisen in 50 years and only twice in Texas democratic history, but it ought not to ever arise. There ought to be a way whereby the rank and file of members can settle the issue so that there can be no question as to which faction really represents a majority of the participating partisans.

The precinct and county convention system of choosing delegates to the state convention might be called a farce if it were not so tragic. Neither delegation from Howard county, which went pledged for an instructed delegation, to the national convention, nor the delegation from Dallas county, which was pledged for the uninstructed group, had any real basis for authority. Eight people in Howard county could have determined the complexion of its delegation and a proportionate number could have done the same thing in Dallas county.

It is besides the point whether one is for President Roosevelt for a fourth term, or whether one is for an uninstructed delegation to the national convention, or whether one is dead set against Roosevelt. It is to the point whether the rank and file of Howard county democrats, Dallas county democrats and, indeed, Texas democrats have a direct voice in the selection of their presidential nominee.

Were our right to have a direct voice in the selection of our party nominees for governor, attorney general, state superintendent, etc. removed, the hue and cry could almost be heard on battlefields across the sea.

Why, then, should we submit to such spectacles as the double-barreled one just concluded in Austin when a selective presidential primary or some other similar device is open to us? Let the people of the party speak!

Food may be getting short in Germany, but there must be quite a stew in Brunswick.—Dallas News.

We wouldn't blame Montgomery Ward if they took Mr. Biddle's name off the free mail-order catalogue list.—Christian Science Monitor.

Temporary insanity sounds like a good plea in defense of making an incorrect income tax report.

Presidential candidates will throw their hats into the ring and other folks will dust them off.

The black market man does honest workers instead of honest work.

Hollywood

Cowan Just Making Three Movies

By ROBBIN COONS HOLLYWOOD — I dropped in on Lester Cowan, the young producer, and found him with nothing much to do except make three movies, big ones. He was full of all three, but mainly of "G. I. Joe," which is in production. "Joe" is the film inspired by Ernie Pyle's "Here is Your War," but it's shaping up as a story of all war correspondents in the Mediterranean.

For his third he hadn't much to worry about — he already has Garbo. Cowan had done the first ground, "The Commandos Strike at Dawn," and this is to be about the Norwegian merchant marine, specifically about a woman captain—one he met at Vancouver. He was talking of it in Washington and the Norwegian ambassador sent a wire to Hollywood. The reply was that Garbo would be delighted. To get you windows bright and shining, wipe them with vinegar.

Grid for crossword puzzle with numbers 1-80.

The War Today

by DeWitt Mackenzie Associated Press War Analyst

It's mighty risky to assume that your enemy is beaten while he still has the will and the strength to offer resistance, and this is particularly true of the German soldier, but with this caution in mind we are justified in weighing the fact that Nazi Marshal Kesselring's armies in southern Italy are in grave danger of wholesale disaster.

Kesselring's position was grim yesterday, but fast moving events are crowding him into a corner. One of the most significant overnight developments is the Berlin announcement that the Germans have evacuated the coast between the erupting Allied Anzio beachhead and the main battleline in the south.

This withdrawal was made in an effort to escape being caught in the vise which has been created by the two Allied offensives. It's a further demonstration not only of the terrific striking power which is being brought to bear on the Hitlerites, but of superb Allied generalship. It speaks well for Allied prospects in the great invasions which are to come.

Three notable Allied gains were responsible—either by their actual achievement or by their imminence—for forcing Kesselring to pull his troops back from the coast into what the Germans describe as "new lines skirting the mountains northeast of the Apennin Way." These were:

1. Our Fifth army forces poured out of the Anzio beachhead and, getting astride the famous Apennin Way, battled up to the outskirts of Claterna which is one of the Nazi strongholds on this vital highway communication. Thus the Anzio arm of the vise which is reaching for Kesselring was extended menacingly, and created a special threat against his coastal forces.

2. American troops attacking the German right wing in the main line stormed and captured Terracina which was the coastal anchor of the powerful Adolf Hitler line. And they kept storming along the coast toward their brothers of the Anzio beachhead. The vise was beginning to work along the sea so well that by this morning a communique was able to announce that the two forces were actually in contact.

3. But this was far from the whole story of magnificent Allied tactics. Half way up the Anzio line the Canadians had torn through the German Liri valley defenses, which have been the most strongly held on the entire enemy front.

The brilliant work of the Canadians in the Liri valley and their American comrades at Terracina represented grand coordination.

The Germans are defending the Liri valley fiercely because here is level ground among the mountains, and they are terrified of Allied tanks getting into action against them.

There are in Italy 25 German divisions. Twelve of these are said to be holding the line between the Adriatic and the west coast, and five are at the Anzio beachhead—a total of 17. Six other divisions are reported to be in the far north, tied down by Italian partisans. The other two probably are guarding the Isthrian border opposite Trieste.

The 17 divisions upon which Kesselring's fate hangs normally might total some 250,000 men. However, at least seven of these divisions have had heavy losses, so that the armies probably are far below quota.

How To Torture Your Husband

Every Rumor Under Sun Can Be Heard

By JACK STINNETT WASHINGTON — If you keep your ear to the political ground you will hear, sooner or later, almost every rumor under the sun. It is only when those rumors are so logical or so persistent that they can't be ignored that they are worth examining at all.

Two that belong in this second group are (1) that the President's renomination for a fourth term will see the old dean of New York politicians, Alfred E. Smith, back in the fold, and (2) that James A. Farley's days of "non-cooperation" also will end if President Roosevelt is renominated.

The Smith-Roosevelt feud is almost the oldest in the President's national political career. In 1932, by spiking the big guns wheeled up for the convention by John J. Raskob and J. P. Morgan, Roosevelt effectively killed the drive to give Smith another shot at the presidency. That was a year, if you recall, when almost any Democrat might have beaten the Republican nominee. For Smith, that must have been the bitterest pill of all.

According to observers here now, however, the years have taken some of the bad taste from Smith's mouth, and the New York state political situation—especially if Gov. Thomas E. Dewey is the Republican nominee — will wipe it out altogether.

You'd Be Surprised— COLONEL - HEAD OF LITTLE COLUMN

By GEORGE STIMPSON According to the Bible, King David invented the musical instrument on which he played. Jewish tradition says that Hebrew was the original language of Adam and Eve and continued to be the only language of the human race until the confusion of tongues at Babel.

Animal sacrifice as a recognized institution existed in one form or another among virtually all races of mankind. An old Yiddish proverb says that God could not be everywhere, so he made mothers.

The following is a sentence in a letter dated Aug. 20, 1913, and written by William Jennings Bryan to Walker W. Vick, receiver-general of the Dominican Republic: "Can you to me know what positions you have at your disposal with which to reward deserving Democrats?"

The constitution adopted by Georgia in 1877 declared lobbying to be a crime. Thomas Jefferson was an accomplished violinist. It is said that the Dyak of Borneo still resort to head-hunting when times are dull and other amusements are wanting.

The word "Eskimo" is derived from an Indian word meaning "eater of raw flesh." Why is "colonel" pronounced "kurnel"? The "r" sound in "colonel" is a holdover from the 16th century when the word was spelled "coronel" and pronounced "kor-o-nel" and correspond with the spelling: "Coronel" is the form still used in Spanish. This pronunciation was later shortened to "kurn-el," which became established about 1800. "Colonel" is related to the Italian "colonnello," meaning "little column," and the English spelling was gradually changed during the 17th century to conform more

Bud Russell Retires After Moving 115,000 Persons To State Prison

By HAROLD V. RATLIFF BLUM, May 25 (AP)—Towering Bud Russell, a rugged individualist whose favorite expression to tough guys was "You're just 40 years too late," won't be seen again with his "one-way wagon" in which he traveled a distance more than 15 times around the world.

BUD RUSSELL

Uncle Bud, known to every peace officer—and most everybody else—in Texas, has retired to the life of a stock farmer after nearly 40 years of service with the state's prison system, three decades of which he spent as chief transfer agent.

"Thirty-nine years and nineteen days," he said a little sadly at his home here in formally announcing that he had handed in his resignation because "I haven't much time left, at best, and I want to spend the rest of my life with my family."

Russell and his one-way wagon traveled 3,900,000 miles. And from the county jails of Texas and other states he delivered 115,000 persons to the prison system.

Perhaps it should be 114,999 because Uncle Bud lost one man. A little apologetically he tells about it—about the little Mexican who hid a hackaway in the sole of his shoe, cut the chain that bound him and escaped when the one-way wagon stopped at Abilene. But Russell had the satisfaction of taking the Mexican to the penitentiary 32 days later after he was captured by the border patrol while trying to get back to his native land.

Russell never killed a man; shot only two. One was the little Mexican who escaped and the other was a prisoner he fired on at Temple to prevent his running away. "Just creased his temple," Uncle Bud recalled.

When he started work with the prison system he transported the convicts on trains and could take as high as 80 at a time. Then he switched to trucks, the capacity of which was from 26 to 28.

And did he watch those penitentiaries for the state? He spent an average of nine cents a meal for prisoners by buying wholesale and drove a truck 223,000 miles on two sets of tires. "Of course meals are a little higher right now," he said. "Run from ten to fifteen cents."

Russell has handled practically all the noted criminals of Texas—Clyde and Buck Barrow; Raymond Hamilton—just about everyone except Bonnie Parker. For some reason Bonnie never made Bud's one-way wagon.

But they were all the same to Bud Russell. They had to behave themselves while they were on his truck. Bud never really got mad at a prisoner until he mistreated a relative or annoyed the citizenship.

Bud attributes most crime to environment. "When you take discipline out of the home what

Uncle Bud took a vacation in March, then April 1 began a leave of absence with the understanding that he could return to his job any time he saw fit within six months. He didn't see fit and Major D. W. Stokes, general manager of the prison system, regretfully accepted his resignation.

Russell was born in Hill county, not far from his present home. He was a twin and they named him and his brother Bud and B. Bud. They inherited considerable property and took care of it. Today he retires to his stock farm of 805 acres, where he raises fine Hereford cattle, without worry as to his financial future.

He worked on the farm and was a cowboy on the famed Matador ranch for two years before becoming a peace officer. He was constable of Blum for five years, from 1905 to 1914, was assistant transfer agent of the prison system, then became the chief agent. He has worked under eleven governors—from Tom Campbell to Coke Stevenson—and five general managers.

He lauds penitentiary officials, sheriffs and peace officers of the state for their cooperation, and says he will be forever grateful.

The annual death rate for U. S. troops overseas in one in 2,000, as compared with the World War I rate of 15.6 per 1,000.

Russell retires at the age of 69, which he certainly doesn't look. He quits one of the toughest jobs of them all still with his humor intact and with ill will toward none—not even the prisoners who gave him trouble.

From where I sit... by Joe Marsh Light Words are 'Grave' Words There's a poster on the wall of Sam Abernathy's store that doesn't say much. It just shows a cross, with a Yankee helmet on it—and the caption: "Light words are 'grave' words." It isn't hard to figure out what that sign means. Loose talk has dug a lot of graves... and done a lot of harm here at home, too. And still you hear it. You hear, for instance, talk about our soldiers drinking and carousing around Army Camps. Of course, when you get the facts there's not an atom of truth in it. A U. S. Government survey found our soldiers were the soberest, the best behaved in history—with most of them drinking nothing stronger than a moderate glass of beer. From where I sit, that kind of "loose talk" can do just as much to undermine morale as any rumor that the Axis could invent. And it's up to every one of us to spike that kind of sabotage before it spreads. Joe Marsh

Blond And 'Thirtyish,' Jean Gets More Calls Than Most In London

By HAL BOYLE
LONDON, May 25 (AP)—Let's call her Jean. She is blonde, thirtyish and shapely, and probably gets as many telephone calls as any girl in London. The majority of those who phone her are Americans in uniform.
Jean isn't interested in romance. She's strictly a business woman. Her business is selling liquor on the wartime black market and business is distinctly on the upbeat.
"What can I do for you?" she says sweetly into the phone.
"I'm in a pinch, Jean," the caller replies. "Got to have some Scotch and gin for a party tonight. Some big shots coming and stuff has to be good. Can you help me out?"
Jean's unvarying sweetness is sometimes a little blood-curdling—especially when she quotes prices.
"I can get you two bottles of Scotch and two of gin—no more, no less. They're three quid a bottle."
That's \$12 a fifth—48 bucks for four bottles—but Jean knows you can't get it in retail stores, where

the price is fixed at 25 shillings, or \$5 a bottle. If you could get it there you wouldn't be calling her.
Unless an American has the telephone number of a bootlegger like Jean he will have to restrict his drinking to bars and pubs where the cost is even more prohibitive.
Easier to buy for home consumption are English beer and ale. They taste like American beer mixed either with warm rain-water and sugar, or warm rain-water and quinine, depending on whether you want mild or bitter. A small bottle costs about 25 cents. Soldiers complain the beer is so weak that after drinking it "you have to hit yourself over the head with the bottle to get any bang."
The British are slow to criticize Americans, but think we are getting only what we deserve because the black market in London is patronized almost wholly by Americans.
"Your boys are chiefly responsible for it," one old resident told me. "They'll pay anything for it—even up to six pounds a bottle." That's \$24.

Rep. Rogers Resigns
WASHINGTON, May 25 (AP)—Rep. Will Rogers, Jr. (D-Calif.), eldest son of the late humorist, resigned from congress today and left to resume active duty with the army.
He told a reporter he would "presumably be sent to a station overseas."

Brighten Same Foods With Sauces

By CHARLOTTE ADAMS
AP Food Editor

Wartime shortages and rationing force us to eat the same foods more often than we did in times of plenty. The same foods over and over can get awfully tiresome — if they're always cooked and served the same way. But the secret of defeating that monotony is to learn to make a variety of sauces. We Americans have never been great ones for sauces. We've always had such a tremendous variety of foods of the very best quality that we didn't have to bother with such "fancy touches." The invention of sauces abroad undoubtedly arose out of the need to disguise poor food. We're close to that necessity now. Let's make our own inventions.

Jiffy Mustard Chili Sauce
1 cup canned or fresh tomatoes
2 tablespoons minced onion
2 tablespoons minced green pepper
1-2 teaspoon salt
1-8 teaspoon ginger
1-4 teaspoon cloves
1-8 teaspoon allspice
1-4 cup vinegar
1-2 tablespoons sugar
2 teaspoons prepared mustard with horseradish
Chop tomatoes. Add onion, green pepper, seasonings, vinegar and sugar. Cook over low heat until thick, stirring occasionally to prevent burning. Add prepared mustard and mix well. Yield: approximately a half pint.

This chili sauce is particularly good for dressing up fish cakes, as illustrated. It makes a happy change from the more usual tomato sauce.

Here's a good sauce to add interest to a vegetable plate. It's especially tasty poured over broccoli.

Sweet-Sour Sauce
4 tablespoons real mayonnaise
1 tablespoon flour
1 cup stock
1-8 teaspoon paprika
1-2 tablespoon vinegar
1 tablespoon sugar
Mix mayonnaise and flour. Add stock gradually. Cook, stirring constantly until thickened. Add paprika, vinegar, sugar and mix well. Yield: 1-4 cups.

Next comes a sauce which lends flavor to the dulllest of cold meats and is also wonderful over cauliflower or asparagus.

Vinaigrette Sauce
6 tablespoons vitaminized margarine
2 teaspoons salt
1-2 teaspoon paprika
1-8 teaspoon pepper
2 tablespoons tarragon vinegar
4 tablespoons wine vinegar
2 tablespoons chopped green pepper
2 tablespoons chopped bread and butter pickles or cucumber
2 teaspoons chopped parsley
2 teaspoons chopped chives
Melt margarine and combine with seasonings and vinegars. Add green pepper, pickles, parsley and chives and mix well. Yield: approximately one cup.

Real mayonnaise is a great addition to many hot sauces. Even if you just stir it into a plain cream sauce, great changes take place. The other greatest type of sauce, in my opinion, is one made with egg yolks as the base. The most famous of all these is Hollandaise and a great deal of nonsense has been built up about how hard it is to make. Please believe me that if you pay exact attention to what you are doing and follow the recipe exactly you cannot go wrong. Sometimes the sauce will come out a little thicker or a little thinner than usual. That is because of differences in egg sizes. If the time ever comes when we can buy eggs by the pound we'll be able to be more accurate about our Hollandaise. We can do pretty well right now, this way.

Hollandaise Sauce
3-4 cup vitaminized margarine
1-2 tablespoons lemon juice or wine vinegar
3 egg yolks
1-4 teaspoon salt
Few grains cayenne
Divide margarine into three equal pieces. Place lemon juice or vinegar, egg yolks and one piece of butter in the top of a double boiler. The water in the bottom should be hot, but never boiling. Beat constantly with a wire whisk or a fork until all the margarine is absorbed, add the second piece, and when it is absorbed add the third. Never stop beating for one second. The minute the third piece is absorbed remove from stove

FISH CAKES with jiffy mustard chili sauce.

Four Parachute From Trainer

Membership in the Big Spring Bombardier school "caterpillar club" has increased to nine as the result of an officer and three cadets parachuting to safety from an AT-11 near Tahoka Monday night.

All men landed without injury, but the plane was declared to be "badly damaged."

Those who jumped to safety when mechanical difficulty developed were F/O Carl J. S. Udoul, Fort Smith, Ark.; Aviation Cadets Harold E. Stone, Falls Church, Va., Richard E. Polak, Berwyn, Ill., and Harold L. Schmidt, Flenham, N. Y. The cadets are members of class 44-8.

A board of officers has been named by Col. J. P. Kenny, commanding officer of the school, to investigate causes of the crash.

Control Measures To Be Discussed

MEXICO CITY, May 24 (AP)—Attempting to halt the illegal flow of farm workers to better jobs across the U. S. frontier, representatives of the Mexican and United States governments will meet here next week to discuss control measures.

Delegates from the immigration service and the state department will come here from the U. S. and Mexico will be represented by officials of the migration service, and the interior, labor and foreign ministries.

Mexico has approved the movement of farm workers who go to the U. S. under government-approved contracts, but there have been reports from northern military commanders that many are crossing the line illegally, particularly into Texas. No contracts for Mexicans to work in

Specialist:

Miss Gladys F. Tippett, specialist WAVES recruiter third class of San Angelo navy recruiting station and the Dallas office of Naval Officer Procurement, will be in Big Spring from 9-12 a. m. Thursday with her headquarters in the basement of the Post Office. She can give the aptitude test to enlisted candidates while here as well as take applications for both classes. Young women interested are urged to consult Miss Tippett in the post office for information concerning the WAVES.

Texas have been approved although some 70,000 have gone or will go to other states.

A good way to save time is to keep white sauce in your refrigerator. Make up a quantity of white sauce and have it all ready for use when you need it.

Elliott Roosevelt Is Awarded The CBE

LONDON, May 24, (AP) — Col. Elliott Roosevelt, commander of an Eighth air force photo reconnaissance wing, has been awarded

the British CBE (Commander of the British Empire Order), third highest recognition of merit for non-British subjects, for outstanding work in the north African campaign.

The decoration is ionawinnespdu. The decoration was planned on the son of the president of the United States by Air Chief Marshal Trafford L. Leigh-Mallory, Allied invasion air commander.

Roosevelt's unit, composed of fliers of many nations, took all the reconnaissance photographs preceding the invasion of Sicily — more than 5,500,000 photos in all.
