(14 PAGES TODAY)

Week Days 8c
Sundays 15c

SPEAKER ARRIVES — Texas' Republican Senator John Tower's plane lands in Pampa on one leg of a Texas speaking tour. Greeting the visitor is Pampa rancher Bob Price. Interviewed upon his arrival regarding Waggoner Carr's announced intentions, Tower stated that he intended to disregard them all and conduct the business of his office as usual.

SEN. JOHN TOWER
farm-city speaker

Banquet Group Hears Tower

By RAY BAXTER
...There is nothing wrong with agriculture that a little less government would not remedy!
Texas' Republican Senator John Tower stated his stand early in the address delivered to a capacity crowd attending the annual Farm-City Banquet in Pampa last night.
Tower pointed out that there are many problems inherent in U. S. Agriculture and would continue to be regardless of the party in power but emphasized that the nation's farm program is further complicated by "massive intrusion by federal government into free farm markets."

Texan Rides Failing Jet From School

SANFORD, Fla. (UPI)—A Dalhart, Tex., pilot was credited Wednesday with staying with his failing twin-engine jet and guiding it away from a high school and residential area.
Cmdr. Charles R. Smith Jr., 39, ordered his bombardier-navigator to eject after an engine failed and the plane dipped to tree-top level. Smith nursed the jet attack bomber away from the school and moments later the operating engine picked up power, enabling Smith to reach the Sanford Naval Air Station, three miles east of the school.
"I do not totally agree with the Farm Bill as it was passed but I voted for it because I felt it was the best that could be obtained at the time and under the circumstances."
He noted some of the differences observing that cotton failed rather well while wheat and feed grains did not.
In the course of his speech the senator related the current attempt to repeal 14b of the Taft-Hartley Law to the future of agriculture as it would affect farm (See TOWER, Page 3)

IN GRAY COUNTY

Proclamation Sets Official 4-H Week

An official proclamation was signed by County Judge Bill Craig today designating Sept. 25-Oct. 2 as 4-H Week in Gray County.
In the proclamation, Craig stated, "Since 4-H program was inaugurated by the United States government in 1914, the 4-H movement has spread across our nation and to 76 foreign countries.
"More than 18,000 voluntary adult leaders work with club members in Texas and contribute to the success of 4-H. Parents and friends of 4-H give support and encouragement to club members. The 4-H club program is directed by the staff of Agricultural Extension Service of Texas A&M University.
The opportunities offered to 4-H club members to grow in citizenship, leadership and practical skills are especially valuable to them, the state and nation."
Craig went on to say, "The 4-H program stresses the four fold development of youth: their head, heart, hands and health."
WEATHER
PAMPA AND VICINITY—Partly cloudy and mild through tomorrow. Low tonight mid-40s, high tomorrow low-70s. Winds north, easterly 10-20 m.p.h.
If it comes from a hardware store we have it. Lewis Hdw. Adv.

New Mexico Considered As New Land Moonport

Board Hears Federal Aid School Plan

Pampa Independent District school board members will be studying for the next three weeks the knotty problem of whether to accept federal financial assistance for the education of children in low income families under Title I of the recently enacted Elementary and Secondary Education Act of 1965.
At the conclusion of a two and one-half hour explanatory session this forenoon with Dr. Emmitt Smith, director of program development and research at West Texas State University, H. Creel Grady, local school board president, said the decision would be reached and announced at the next regular board meeting Oct. 14.
Dr. Smith, who was accompanied to Pampa by Dr. Kenneth Laycock, professor of educational administration at WTSU, presented a detailed explanation of the operation of Title I of the new public education law.
He announced the proposed formation of what would be known as the Panhandle Educational Service Organization (PESO). It would have Central Staff headquarters at WTSU and embrace approximately 60 school districts in the Texas Panhandle.
The main object of PESO would be to serve educationally deprived children of the Panhandle.
The Panhandle would be divided into nine districts, Pampa would be one in District 3 which would include Perryton, McLean and Lefors with a probable total allocation of \$120,000 annually from federal funds. Pampa would get nearly \$90,000 yearly of the total amount.
PESO figures indicate Pampa has 684 deprived children, mostly in the Carver and Baker schools, Dr. Smith stated. Perryton has 180, McLean, 61 and Lefors, 20.
Dr. Smith explained that a few schools already had signed to join the PESO group and if Pampa joined, its participation would mainly be in Project Head Start which affects preschool children in the 4 and 5-year-old age bracket.
Dr. Smith also stated local school boards could control the funds. A local Educational Agency would be set up.
Central Staff of PESO would be at WTSU with Dr. Smith as director and Dr. Laycock as assistant. The Central Staff would coordinate all programs and activities with the local school superintendents and local unit members.
Dr. Smith said it was hoped to decide on the final establishment of PESO by Nov. 1. If a decision is reached to participate in the program, it would be hoped to get it under way by the 1966 Spring semester.

India, Pakistan Battle Right Up to Last Minute

By United Press International
Both India and Pakistan battled right up to the last minute to gain as much ground as possible before a cease-fire silenced the guns today, dispatches from New Delhi and Rawalpindi reported. Pakistan reported a last minute naval battle.
The cease-fire imposed by the United Nations Security Council freezes both armies at the positions they now hold. Long and difficult negotiations are expected before Indian troops leave Pakistan and Pakistani troops leave India.
The question of Kashmir remained unsolved with Moslem Pakistan demanding a plebiscite by its predominantly Mos-

lem population and India contending Kashmir is an integral part of India and that no plebiscite will be allowed. Rivalry was so great the issue could flare up again at any time.
In the Pakistani capital of Rawalpindi an official spokesman said intermittent artillery fire continued until the cease-fire deadline but said the last Indian air attack came Wednesday when Indian planes bombed Pakistan concentrations and gun positions on the Lahore front.
The spokesman said just prior to the cease-fire Pakistani forces captured an additional ground in the Rajasthan sector (Sind desert) 600 miles south of Lahore after the Indians at-

tempted to advance with more than a battalion and "were repulsed with heavy casualties." He said 97 Indians were captured and two tanks destroyed.
In the Khem Karan sector between Lahore and the big Pakistani military base of Sialkot the spokesman said the Indians attacked Wednesday night in an effort to gain more ground inside Pakistan but had to withdraw with heavy losses.
India made similar charges against Pakistan.
Indian Defense Minister Y. B. Chavan said Pakistan bombed the sacred city of Amritsar three hours after the cease-fire was announced Wednesday and called the action "barbarous and inhuman."

He said three Pakistani B47s and three F86 Sabrejets were driven from military targets by Indian anti-aircraft guns and dropped their 12 one thousand pound bombs on Amritsar, killing 50 persons.
Pakistani naval headquarters at Karachi reported that Indian vessels attacked Pakistani warships on the high seas hours before the cease-fire went into effect. A brief announcement said the Pakistani ships counter-attacked and sank an Indian frigate.
Artillery shelling with some casualties on both sides was reported along the border between India and Pakistan before the cease-fire.

Technique Being Tested

ALBUQUERQUE (UPI)—New Mexico may be home to a moonport if the National Aeronautics and Space Administration adopts a land descent technique for space capsules, according to Sen. Clinton Anderson, D-N.M.
NASA is conducting tests on ground landings at Edwards Air Force Base, Calif., and Ft. Hood, Tex., Anderson said, and various types of landing devices are being tested.
A device resembling a huge bat wing is undergoing tests at Edwards. It is called a para-glider. Ft. Hood is experimenting on a parasail which uses a large parachute and retention rockets for landings.
Anderson said Wednesday "I do think there is an opportunity for the state to become a moonport site if a land descent technique is adopted by the space agency."
NASA has informed New Mexico officials, the state would be considered if a change is made from water touchdowns to ground landings.
State officials for years have tried to interest the agency in the Alkali Flats area near White Sands National Monument as an inland astronaut landing site.

IN VIET NAM WAR

Largest Arms Cache Uncovered

SAIGON (UPI)—American and allied forces sweeping a Viet Cong area 40 miles north of Saigon Wednesday killed 20 Communist guerrillas and uncovered the largest cache of enemy arms and ammunition to date, a military spokesman said today.
American, Australian, New Zealand and South Vietnamese troops combined to launch the massive search and destroy operation 12 days ago.
The new action brought to 44 the number of Viet Cong guer-

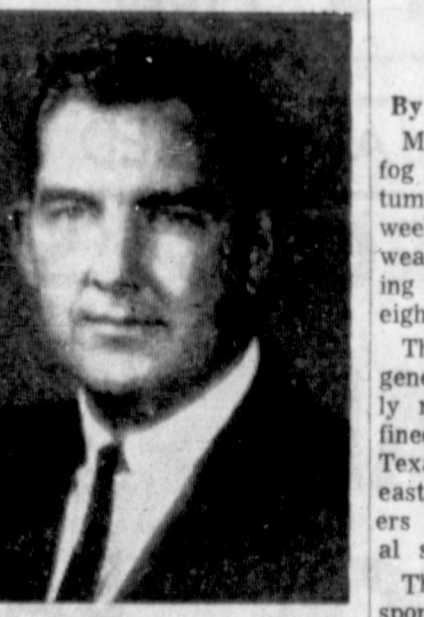

illas killed so far in the sweep. The spokesman described allied casualties as light.
At Da Nang, site of the big American air base, South Vietnamese military authorities questioned the lone male survivor of five Vietnamese convicted of participating in a demonstration calling for a halt to American air raids in South Viet Nam.
A South Vietnamese firing squad executed three male demonstrators on a darkened soc-

cer field Wednesday night in a grim warning to the Viet Cong and neutralist sympathizers.
The fifth demonstrator, a woman, was sentenced to life in prison although the demonstration last Monday had been so small that few were even aware of it.
The arms cache was discovered by troops of the 173rd U.S. Airborne Brigade. They were credited with 12 Viet Cong kills and the capture of another guerrilla.

The spokesman said other units of the 173rd today uncovered a second Communist surgical station, a Viet Cong training camp and five tons of rice.
The American forces engaged in the sweep Wednesday discovered an abandoned Communist hospital unit capable of caring for 200 patients.
In air action, a U. S. Army helicopter and a Vietnamese Skyraider crashed into the sea off South Viet Nam Wednesday (See VIET NAM, Page 3)

UF Advanced Gifts Division Headed By Joe Reid for 1965 Campaign

Heading the advanced gifts division of the Pampa Lefors United Fund this year will be Joe Reid, manager of the exploration and production department for the oil and gas division of Cabot.
Reid who resides at 2131 Charles is a member of the Pampa School Board, and a member of the board of directors of the Pampa Country Club and Pampa Youth Center.
The advanced drive is scheduled to kick-off within the next few days.
The theme of the 1965 drive is "One Gift Works Many Wonders."
The drive will seek a goal of \$77,000 to serve 12 participating agencies. They are Red Cross, Salvation Army, Girl and Boy Scouts, Milk Fund, Welfare Index, United Community Fund, United Service Organization, National Travelers Aid, Texas Association for Mental Health,

JOE REID
UF chairman
Gonzales Warm Spring Foundation and Medical Research Foundation of Texas.

TEXAS WEATHER

Sun Is Promised Following Floods

By United Press International
Mild temperatures, sunshine, fog and more rain ushered autumn-into Texas today after a week-long siege of violent weather and flash-flood spawning rains of up to more than eight inches.
The mild temperatures were general over the state, the early morning sunshine was confined to west and northwest Texas, the fog to northern and eastern sections and the showers to the southeast and coastal sector.
The cold front which was responsible for the rash of weather stalled again today along a 500-mile line from Texarkana to Corpus Christi to Laredo.
Another frontal system, packing only a fraction of the punch of the first, moved into the

Panhandle, but it wasn't expected to move very deep into the state or touch off much precipitation.
Overnight low temperatures ranged from 44 degrees at Dalhart to 75 at Laredo with Amarillo reporting 46 degrees, El Paso and Alpine 52, Lubbock 54, Midland 56 and Wichita Falls 59. Most other readings were in the 60s across the northern half of the state.
The Weather Bureau said showers were expected to continue over about the southeast third of the state today and in the coastal area Friday.
The Amarillo Weather Bureau said today the new front was not expected to move too much farther south. It extended from Central Colorado to east of Amarillo today, but the Panhandle had reported no rain.
A tornado rolled along the ground six miles north of Longview early Wednesday in East Texas, causing about \$50,000 damage to oil field equipment and uprooting 100-year-old pine trees. There were no injuries.
Montgomery Ward is open till 9 p.m. every night this week for their second birthday sale. Free \$700 in diamonds and gifts. (Adv.)

Oil Industry Employees Fewer in Gray County

Texas Employment figures for the first three months of 1965 reveal there are fewer people employed in the oil industry in Gray County today than in 1956, but the personal payroll is up.
Figures for January, February and March show there are 1,520 persons employed in the oil industry in Gray County with a quarterly payroll of approximately \$2,307,791. This compares with some 1,837 persons employed in the industry in 1956, but with a quarterly payroll of only \$2,322,915.
Local employment office man-

ager Bill Ragsdale pointed out that even though there are approximately 300 less people working in the oil industry today than in 1956, the comparable payroll is up about \$15,000.
Ragsdale stated that automation, consolidation of offices, early retirement and the closing of several camps and plants in the county accounted for the drop in the number of persons employed.
"These figures do not present a decline in the oil industry," he said, "in fact the oil industry is very progressive."

"But they do show the impact automation has made on the today's worker he said.
The figures are based on tax returns for the first quarter of 1965, Ragsdale said.
He said they are compiled only from tax returns from industries with four or more employees.
The quarterly figures show that there are more persons employed in oil, manufacturing, wholesale and retail and contract construction in Gray than in any other occupation.
In addition to the oil figures, there are 1,670 persons employ-

ed in manufacturing with a quarterly payroll of \$2,738,702; 1,541 persons employed in wholesale and retail with a quarterly payroll of \$1,534,887 and 746 persons employed in contract construction with a payroll of \$1,022,393.
The quarterly figures show there are 6,767 persons employed in Gray County by companies with four or more employees. This represents a quarterly payroll of \$9,067,332.33.
Total employment in Gray County is 13,350 persons. Of this figure there are 525 persons working in agriculture.

Attorneys Seize Quirk In New Law

AUSTIN (UPI)—Lawyers for accused coed slayer James C. Cross Jr. said Wednesday they will argue that the death penalty has been abolished in Texas.
The state has said it will seek the death penalty against Cross for the strangling of University of Texas students Susan Rigby and Shirley Ann Stark, both of Dallas, July 18 at Cross' apartment in Austin.
Dist. Atty. Tom Blackwell said the defense argument was "ridiculous."
Perry Jones, chief defense counsel, said he will contend the new code of criminal procedure failed to specify a method for trying a case in which prosecutors are seeking the death penalty.

Rain Too Late For Agriculture

From the agricultural standpoint, last week's 1.93 hundredths inches of rain in Gray County was actually too late for the maize and a little too early for the wheat.
Assistant Agricultural Agent Jerry Harland said, however, that the moisture was of some benefit to wheat already on a good stand.
"Some wheat was washed out by the rain," he said, "but most farmers who already had wheat up were thankful for the moisture."

Industrialists Get Lone Star State Pitch

LOS ANGELES (UPI)—Seventy members of the East Texas Chamber of Commerce were in Los Angeles today citing the wonders of the Lone Star State. They were to get down to business today after touring Disneyland Wednesday. Earlier in the week they spent two days in the San Francisco area. The group is acquainting industrialists and manufacturers with the advantages of expanding to Texas.

Californians surprised at the lack of cowboy regalia, were reminded by the Texans, "We're here strictly on business."

"We just want to explain what facilities we have in case any firms are considering expanding," a spokesman for the East Texas group said.

Youth Faces Prison Term

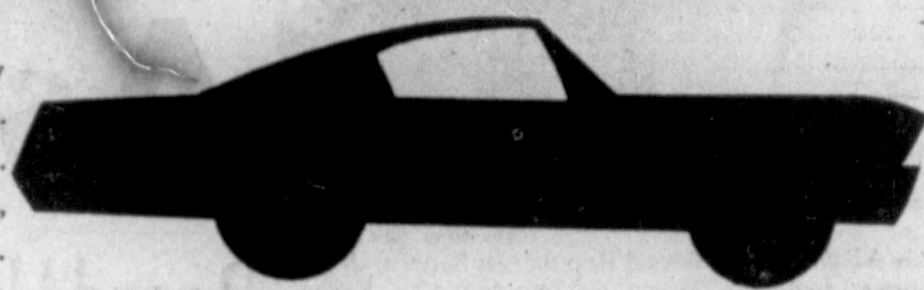

BROWNSVILLE (UPI)—A 19-year-old youth faced 10 years in prison today for writing a Harlingen banker he would blow up the school his daughter was attending unless he gave him \$10,000.

Dist. Judge H. A. Garcia sentenced Ralph Avalos after the teen-ager admitted writing and delivering a letter with the threat to E. C. Breedlove, president of the Harlingen First National Bank.

The note said the school would be blown up with 25 pounds of dynamite. The message was written in January 1964, while Breedlove's daughter was attending Harlingen High School.

Draftees May Join Reserves

Prospective Army draftees who have received induction orders are eligible to enlist in the Army Reserve under provisions of a new Army regulation which was recently gone into effect, according to Capt. Billy C. Cooper, Commanding Officer of Battery "A" 3rd How Bn 78th Arty, Pampa.

"Young men who can provide sufficient reason and supporting evidence may apply to the State Director of Selective Service for cancellation of their induction orders," explained Capt. Cooper.

"If approved, the pre-inductor may then enlist in this unit under provisions of this new policy," he added.

The 90th Infantry Division, Texas' only Army Reserve division, has 89 units in 39 Texas cities and is organized similar to a regular Army division.

Young men—or any individual, including prior-service personnel—who are interested in enlisting in the 90th Infantry Division may call MO 5-5923 or MO 4-4-61 for further information and an interview appointment.

Rotarians Hear Water Program

Cliff Everhart and Paul Buchanan provided the program at the Pampa Rotary Club's meeting yesterday noon in the Coronado Inn.

Everhart, who is a club member, gave a classification talk and told of the formation of an industrial water treating company and merging it with Midwest Chemical & Processing Co. Midwest specializes in paraffin solvents and corrosion inhibitors for down hole oilwell treating.

Buchanan, who is associated with Everhart, compared tests made from Canadian River water with Pampa's city well water. He said that the river water had 54 per cent less hardness. Overall, he added, the river water appeared to be better.

Earl Mattox issued an appeal on behalf of the Muscular Dystrophy campaign which will be climaxed with a drive next week in Pampa.

Area Masons Set Workshop Meeting

Officers of Masonic lodges in Miami, McLean, Shamrock, Moebie, Wheeler and Pampa will attend a workshop session at 7:30 p.m. Thursday, Sept. 30, at Top O' Texas Lodge 1381 in Pampa.

The workshop will be conducted by J. R. Hefley of Twitty, chairman of Masonic Workshop Area E-2.

The Pampa meeting will be part of a statewide semi-annual program authorized by J. Carroll Tinsley, grand master of Masons in Texas, and conducted for nearly 1,000 Masonic lodges in Texas with a membership of 250,000 men.

4-H Week

Members of 4-H clubs learn by conducting projects and participating in 4-H activities. By putting into action what they learn, club members improve their homes and communities.

In 1959, President Eisenhower and Soviet Premier Khrushchev met at Camp David, Maryland.

Police Investigate Two Burglaries

Two separate house burglaries were under investigation today by Pampa police.

Vertye Rose, 317 N. Christy reported six bottles of ale and 12 cans of beer missing following a break-in late yesterday.

Police said the house was entered sometime between 7 and 9 p.m. by breaking a rear window pane and unlocking the window.

In the other burglary, Kenneth Hutson, 211 N. Ward, reported two cartons of cigarettes stolen following a break-in at his home. Hutson told police his house was entered sometime between 8 a.m. and 2 p.m. yesterday while no one was home.

Tower

(Continued From Page 1)

labor. He credited his audience with a knowledge of soil conservation equal to anything he could impart but spent some time on the equal importance of water conservation to the future of agriculture.

Beyond immediate measures under practice or consideration, Tower urged those present to think on the long-range vision of utilizing moisture from Arctic and Canadian sources presently lost.

Tower was introduced to the group by Bob Price, local rancher, who also served as Pampa's official greeter at the airport when the senator landed yesterday afternoon.

The Farm-City Banquet is annually sponsored by the Gray County Farm Bureau. It was a "sell-out" affair last night.

Billie D. Davis acted as master of ceremonies while J. D. Skaggs introduced special guests and explained farm bureau membership, its importance and eligibility.

Local organizer Jerry Whitten provided the dinner music preceding the main address.

The invocation was given by Rev. J. W. Duke, pastor of the First Christian Church.

Marvin Webster is president of the Gray County Farm Bureau.

Texas Asks Extradition

AUSTIN (UPI)— Gov. John Connally has asked Hawaii to extradite a 47-year-old Fort Worth man missing since his plane crashed into the Gulf of Mexico last year.

Secretary of State Crawford Martin administered the request for David Fred Hagler Jr., wanted by Dallas police on a charge of forging a signature on a credit card to get \$4.92 worth of gasoline.

A woman passenger in the plane said Hagler tried to drown her after the crash. He has denied both that charge and another that he crashed the plane intentionally.

Hagler, once acquitted of a torch murder in Oklahoma, changed his name and went to Seattle, Wash., and Honolulu after the crash. In January he went to Australia.

He was arrested in Australia on the Dallas charge, deported to Hawaii and re-arrested Sept. 9 in Honolulu.

Shepherds, Flocks Move After Snow

CASPER, Wyo. (UPI)—Some 30,000 sheep and 25 shepherds and camp tenders began moving out of the summer range in the Big Horn Mountains northwest of Casper Wednesday after being trapped last week by 10-foot snowdrifts.

Work crews succeeded Wednesday in clearing a path on a road leading to the area about 100 miles northwest of this Central Wyoming City.

Natrona County work crews used three snow plows for 36 hours before opening a road to allow the herders to bring their animals down to the winter range. There were no livestock losses, and none of the herders was injured.

Normally, herders are able to keep their sheep on the summer mountain range until October.

The sheep are owned by about a dozen sheep companies.

In 1959, the worst typhoon in Japanese history killed 4,464 persons and injured 9,000.

Clarence Scarberry, 817 S. Barnes, drunkenness, guilty, fined \$35.

Avage A. Rovie, 943 S. Murphy, drunkenness, guilty, fined \$35.

Viet Nam

(Continued From Page 1) in separate incidents but all aboard were rescued.

A total of 105 air missions against the Viet Cong were reported during the 24 hour period ending at 6 a.m. EDT today.

Other North Viet Nam, American and Vietnamese planes hit Communist bridges, roads, railroad boxcars and other targets of opportunity.

The Viet Cong attacked a Special Forces camp 50 miles west of Saigon before dawn today but were driven off by artillery fire.

Obituaries

Jim Edgar Jones Jr. Funeral services for Jim Edgar Jones Jr., infant son of Mr. and Mrs. Jim Edgar Jones Sr. of 441 Hughes, will be held at 10 a.m. tomorrow in Pampa Baptist Temple with Rev. Wayland Murray officiating. Burial will be in Fairview Cemetery Baby Gardens under direction of Duenkel Funeral Home.

The infant was born last July 12 in Pampa. He died early Tuesday morning.

Man Returned To Face Charge

R. W. McNeil was placed under a \$1,500 bond yesterday by Justice of the Peace G. L. (Nat) Lunford on charges of forgery.

McNeil was brought to Pampa from Muleshoe. According to Sheriff Rufe Jordan he was a former resident of Pampa.

McNeil was charged with forging a \$31.45 check in the name of "Neil" and then cashing it at Mitchell's Grocery on Sept. 17.

VFW Commander Awarded Plaque

Jerry Coley, commander of Post 1657 of the Veterans of Foreign Wars, was presented an award plaque for having the most officers present at the last District Nine Convention held in February in Borger.

Coley was presented the plaque at a meeting of the post and Ladies Auxiliary in VFW Hall.

Vernon Stuckey, quartermaster, explained a raise in the 1966 dues and the accident insurance program.

4 THE PAMPA DAILY NEWS THURSDAY, SEPTEMBER 23, 1965 58TH YEAR

Give an English Accent to Fall Fare

STEAK AND KIDNEY PIE brighten menus.

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Summer is over and most Americans travel back from England and the Continent. But they still talk of dishes enjoyed abroad. Beef and kidney pie is high on the list of happier gastronomic memories, of course.

But our recipe comes not from London, but from the super-liner Queen Elizabeth whose chef makes a beef and kidney pie even better than any we have ever eaten in the British Isles.

CUNARD'S STEAK AND KIDNEY PIE

1/2 pound beef suet

1 large onion, coarsely chopped
2 pounds top round, cut 1-inch thick
1 pound lamb kidneys, quartered
1 teaspoon salt
2 tablespoons water
Few grains pepper and cayenne
1 1/2 teaspoons Worcestershire sauce
1 1/2 cups beef bouillon
Pastry for 1-crust pie
1 egg yolk
Cook suet until golden brown. Remove from pan. Fry onion in drippings until soft and brown; remove from pan. Cut beef in 1-inch cubes; add with kidneys; cook in drippings until well browned. Return onions to pan; add seasonings and beef bouillon.
Stir well; cover; simmer 2 hours, adding more bouillon if necessary. Thicken gravy if desired. Transfer to baking dish. Cool. Meanwhile roll out pastry 1/2-inch thick; place over meat mixture. Trim, crimp edges with floured fork. Cut slits in center of pastry. Beat egg yolk slightly; add water; brush over pastry.
Bake at 425 degrees for 10 minutes; lower heat to 350 degrees; bake 20 minutes longer, or until pastry is deep golden brown. Makes 6 servings.

Make Lamb Lively

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Did you ever try curried pineapple with roast leg of lamb? It's a great taste combination. You'll enjoy it for Sunday's special dinner. Different, delicious and something new to talk about.

Use canned pineapple tidbits or cut canned slices into small wedges. Drain thoroughly. Heat butter in skillet and add the pineapple. Sprinkle curry powder to taste, and a little brown sugar over them. Saute gently, turning occasionally. Serve hot in separate bowl.

TANGY SOUR CREAM SAUCE FOR ROAST LAMB
2 tablespoons butter or margarine
2 tablespoons chopped onion
1/4 cup shredded carrot
1/2 cup sliced fresh mushrooms
1 cup dairy sour cream
1/4 teaspoon salt
1/4 teaspoon leaf marjoram
1/2 teaspoon leaf thyme

Melt butter in a skillet. Saute onion, carrot and mushrooms for about 5 minutes. Blend in sour cream and seasoning. Cook over low heat, stirring occasionally, until sauce is heated and flavors are blended. Serve hot with roast leg of lamb.

The leg is easy to prepare. Most people enjoy it with a suspicion of garlic. With a sharp knife make a deep cut in thickest part of the leg. Then insert a very small sliver of garlic into the cut. Next, season the leg with salt and pepper. The French use a pinch of nutmeg, too. You may like it.

Place leg on a rack in an open pan and insert a roast meat thermometer to show when the roast is rare, medium or well-done, using a slow oven of 325 degrees. Allow about 3 1/2 hours for a well-done leg of lamb weighing 6 pounds. Serve with a sour cream sauce.

Although nuts are heavy in calories, they are a very nutritious food. But for a man on a reducing diet they make unwise snacks.

Q — Are there as many calories in sour cream as in mayonnaise or salad oil?

A — A tablespoon of sour cream has about 30 calories, but a tablespoon of mayonnaise has 90 and a tablespoon of salad oil 120 calories.

Avoid Nuts When Losing Weight
By GAYNOR MADDOX
Newspaper Enterprise Assn.
Q — My husband wants to lose weight but he won't stop eating nuts. I tell him nuts are loaded with calories but he says I'm "nuts" and goes right on nibbling them. Am I right?

A — Yes. Show this table of nutritive value of nuts (shell-ed) from the Department of Agriculture's "Composition of Foods."

Nuts	Calories
Almonds	1-5 cup 169
Brazil nuts	1-5 cup 181
Cashews	1-5 cup 164
Peanuts	1-5 cup 160
Pecans	1-5 cup 150
Walnuts (Eng.)	1-5 cup 130

Q — Are there as many calories in sour cream as in mayonnaise or salad oil?

A — A tablespoon of sour cream has about 30 calories, but a tablespoon of mayonnaise has 90 and a tablespoon of salad oil 120 calories.

Food Buying Guide
WASHINGTON (UPI)—Week-end shoppers will generally find good supplies and good selection of seasonal fruits and vegetables, with plentiful quantities of poultry and special cuts of meats at their shopping market.

In the meat section, shoppers should find the best buys in roasts, and steaks. Pork buys are ham and roast, and lamb buys are chops.
Broiler-fryers and turkeys continue to be plentiful and good main dish selections for budget-minded consumers.

Green beans, beets, cabbage, carrots, celery, corn, cucumbers are first on the list for buys in most vegetable centers. But onions, lettuce, peppers, potatoes, squash, sweet potatoes and tomatoes continue to be in good supply and favorably priced.

When shopping in the fruit area, check for apples, bananas, lemons, oranges, plums and watermelons. All are in good supply and usually, they are the best buys in most areas of the country.

Nationally fish sticks and portions are the most favorably priced.

Try This Spanish Lamb Specialty for Fall Menus

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Tourists are flocking to Spain more and more every year. They are fascinated by the countryside, customs, warmth of the people and the many festivals.

CALDERETA DE CORDERO AL JEREZ is a Spanish treat. Our friend Betty Wason, noted expert on Spanish food, gave us this lamb stew recipe from Galicia, in northwest Spain. It is taken from her book "The Art of Spanish Cookery." She says Galicia is Celtic, the bagpipe is the native instrument and their native dances are much like the Highland Fling.

CALDERETA DE CORDERO AL JEREZ
(Lamb Stew, Jerez Style)
2 1/2 pounds lamb for stew
1/2 cup vinegar
1/2 cup water

1 or 2 garlic cloves
3 tablespoons olive oil
1 1/2 teaspoons salt
1 tablespoon flour
1/4 teaspoon freshly ground black pepper
1/4 teaspoon powdered cloves
2 medium onions, sliced
1 cup boiling water
2 tablespoons fresh mint, chopped fine, or 1 teaspoon dry mint

Marinate meat about one hour in equal parts vinegar and cold water, turning once or twice, drain, pat dry. Place peeled garlic clove in the olive oil, heat until garlic is lightly browned, then remove. Rub the meat in mixture of salt, pepper, cloves and flour; brown in the hot oil until crisp, then push to one side of pan.

Cook onions over moderate heat until soft; replace meat; add boiling water, stir until smooth. Cover, cook gently until tender, 2 to 3 hours, adding sherry during last half hour. Crush fresh mint to a paste with

mortar and pestle, blend with a little meat gravy, add to remaining gravy. Or rub dried mint between fingers, add direct to gravy. Do not add mint until last 5 minutes! Depending on amount of bone and fat, makes 4 to 6 servings.

Highlights and Sidelights

By VERN SANFORD
Texas Press Association
AUSTIN, Tex. — Texas' master water plan now is being developed.

It embodies concepts far more advanced than those of any other state, says Harvey O. Banks, San Francisco consulting engineer.

Banks, who sold California on kicking in \$2,000,000,000 in state funds for a water supply for its mushrooming population growth, is a special advisor to the Texas Water Development Board.

Speaking to members of the Municipal Panel of the Texas Water Conservation Association, representing more than two-thirds of the Texas population, Banks warned West Texas to develop new pricing techniques by recognizing water is worth the price paid for it.

Banks was among several notable speakers in forming city officials of the state's water planning efforts.

"Unless Texas is willing to put up a stack of cash, the state will not have any control over water policy decisions," he said.

Joe G. Moore Jr., new executive director of the Water Development Board and Frank Booth, new executive director of the Texas Water Rights Commission, said Texas projects call for moving surplus water areas where it is needed.

Moore's group will formulate plans for meeting water needs to the year 2020. Hearings will be held by the six-member board next summer in all river basin areas.

OIL PRODUCTION UP — For the first time in 10 years the Texas Railroad Commission hiked the October oil production allowable over September.

Commission ordered October production at 28.8 per cent of potential. That fixes allowable at 2,944,109 barrels a day.

September allowable was 2,364,660 barrels daily or 28 per cent of potential formula.

Last year's formula for October was 27.9 per cent.

EMPLOYMENT GROWING — As summer ends decreasing unemployment insurance claims reflect a growing economy.

August claims reported by the Texas Employment Commission totaled 197,142 compared with 218,942 for the same month a year ago — a 10 per cent decrease.

TEC said the total amount paid dropped by \$480,388.

Job placements (non-farm) increased from 45,054 to 50,399 during the month. Job orders placed by employers increased from 55,109 in August of 1954 to 62,585 last month. Applications jumped from 56,182 to 64,337.

Farm job openings filled increased from 63,673 to 71,095 despite expanding mechanization of farm work. However, much of the increase was due to demands in other states.

ILLITERATE PROGRAM — Governor Connally reports a total of 12,732 students enrolled in the state's adult education program for illiterates in 30 Texas communities.

Texas initiated its program before the Economic Opportunity Act was passed by congress. But nearly 90 per cent of funds now are provided by the Office of Economic Opportunity.

Cost of the approved programs is \$784,447. Of this sum \$690,364 represents federal money.

Texas has more functional illiterates than any state except one.

Adult education programs for grownups now are functioning in El Paso, Beaumont, Corpus Christi, Vidor, Donna, Rio Hondo, Ben Bolt, Greenville, Gregory, Brownsville, Santa Rosa, Ysleta, Premont, McAllen, Alice, Eagle Pass, Edcouch, Huntsville, San Benito, Mercedes, Mission, Taft, Edinburg, Los Fresnos, La Feria, La Joya,

Goliad, San Saba and La Villa.

APPOINTMENTS — In a surprise move Gov. John Connally appointed himself Commissioner General of HemisFair in an attempt to certify the project as an international exposition.

Connally said if the job interferes with other official duties, he will relinquish the post and appoint someone else.

He said he wants to help insure the success of the fair scheduled for 1968 in San Antonio.

STRINGS ATTACHED — Recreation income has been excluded from that dedicated to repayment of the Green Belt Municipal and Industrial Water Authority's \$10,000,000 loan from the Water Development Board.

But there is a small string attached.

Green Belt must submit an annual budget. Then Board will decide how much will be applied to the note, and how much for the maintenance and construction of recreational facilities.

This authority is building a dam near Goliad.

ATTORNEY GENERAL RULES — County Clerks and their deputies do not automatically have to increase their

bonds during their present term of office in order to meet the new minimum requirements set by the last legislature Atty. Gen. Waggoner Carr says.

In another opinion arising out of the same act of the 59th Legislature, Carr held it is unnecessary for clerks to obtain an "errors and omissions" insurance policy. Also it's unconstitutional for the county to pay for it.

Carr, in other recent opinions, ruled that:

Presence of a sheriff or court reporter in grand jury room during interrogation of witnesses, but not during deliberations of jurors, does not invalidate indictments returned.

No employee of school under jurisdiction of Board of Regents of State Teachers Colleges can be an officer or controlling stockholder in a depository bank selected by the board — unless the employee does not transact any business in his official capacity with the depository bank.

Comptroller must furnish attorney general copies of special rules and regulations (drawn by comptroller).

Sheriffs or constables should serve administrative subpoenas for witnesses called before the

Texas Employment Commission. Punishment provided for failure to appear is constitutional.

There is no conflict in acts which make thallium subject to sale by prescription and which prohibit sale of mixtures containing more than one per cent thallium in containers suitable for household use.

Dallas County must pay court reporters the salary fixed by judges (\$6,000-\$11,500).

MORE THAN 12,000 ILLITERATES ENROLLED — Classes in 30 Texas cities now are being held for 12,732 illiterates with the cost of the program totalling \$784,447. Of this sum \$690,364 are from Federal aid.

Programs were initiated to educate adults classified as functional illiterates. Texas has more illiterates over 25 than all other states but one.

YOUTH CORPS PROJECTS APPROVED — Governor Connally approved Neighborhood Youth Corps projects sponsored by the San Diego Independent School District and Southwest Texas State College in San Marcos.

San Diego project covers 200 students at a cost of \$109,990 in federal funds and \$28,660 in local support. It calls for \$1.25 an hour pay.

Southwest Texas State College project calls for employment of 577 youths in 11 cities and towns of Blanco, Caldwell, Comal,

Guadalupe and Hays Counties. Youths will be paid \$1.25 an hour. More than \$319,000 in federal funds goes into the SWTC project, with local support of \$47,230.

COLLEGE BOARD MEETS — The powerful new Coordinating Board of Texas Colleges and Universities has received its work orders from Governor Connally.

Board immediately named key study committees and reviewed applications for new junior colleges serving Scurry, Jefferson, Wood, Rains and Van Zandt Counties.

ALMANAC AND GUIDE HAS NEW LOOK — The 1965 edition of Texas Government almanac and Business Guide, published by the Texas Republican Finance Committee, this year will be characterized by fewer pages, more information and added

sparkle. Volume includes facts about the mechanics of government and Texas parties with carefully documented political and industrial statistics on the 254 counties.

Both the new and the old representative districts are included in the new volume, as are the contrasting senate and congressional districts as revised by the last legislative session.

HOSPITAL HEARING HELD — Applicants for an anticipated \$14,000,000 or more in federal Hill - Burton hospital building funds have completed their last formal pleas in special hearings before the State Board of Health.

Sixty-five applicants have been warned it will be impossible to get all the \$38,000,000 in help they re seeking.

Television in Review

By RICK DU BROW
 HOLLYWOOD (UPI) — The Ku Klux Klan opened its doors to "CBS Reports" for a one-hour television documentary about the organization that appeared Tuesday night.

A reporter on the program indicated this was part of the Klan's new policy—to present itself as being open to scrutiny, and as a fraternal order.

The documentary obviously was timed to precede congressional hearings about the Klan scheduled for next month.

Thus, though the views and history of the Klan — founded 100 years ago—are well known, the timeliness of the broadcast, because of the impending showdown, spurred added interest.

Mainly, however, there is no doubt that some of the "inside" film of an initiation and of Klan meetings had powerful impact, and made for remarkable viewing.

reference to the "dictator in the White House." In 1792, France was proclaimed a republic.

Alabama's Attorney General, Richmond Flowers, described the Klan, meanwhile, as "a gang primarily of thugs."

There was a film sequence of a woman at a Klan rally who recited a poem about a white woman who married a Negro. And "CBS Reports" also showed clips from the old, famous movie, "Birth Of A Nation," which deals with the Klan in a manner that angers Negro leaders.

Foreign Aid Bill Debate Resumed

WASHINGTON (UPI)—The Senate resumed debate on the \$3.19 billion foreign aid appropriation bill today, with Sen. George S. McGovern urging "an all-out war against hunger for the balance of the century."

The former director of the Food For Peace program, a South Dakota Democrat, said the United States should let the world know "we will bend every effort to see that no nation—friend or foe—starves while we permit land and surpluses to remain idle."

In a speech prepared for Senate delivery, McGovern said that "aside from the political and moral gains that would come from a broad-scale attack on world hunger, the economic benefits to the American economy would be great."

The aid money bill was the last major appropriation measure still to pass the Senate. The House voted \$4 billion for the same programs covered in the Senate bill and a compromise will probably have to be worked out.

Other congressional news: **IMMIGRATION:** A compromise on the immigration reform bill lay before a House-Senate Conference Committee today, and it looked as if the

administration would be the side to give in. A Senate-imposed limit on immigrants from Canada and Latin America, the nation's first, was the only hurdle to final congressional approval. The conference committee will have to negotiate a final version and there were indications the administration would have to accept the hemisphere ceiling.

WORKS: House Republicans promised today to continue their fight to delete from the catch-all rivers and harbors bill a \$300 million item they said was the result of a presidential campaign promise. The item—the Dickey-Lincoln School Public Housing Project in Maine—was left out of the House version of the \$1.7 billion measure. But it was in the Senate version and Republicans said they were determined to delete it in conference committee negotiations. Rep. William C. Cramer, R-Fla., said it was the result of a

campaign promise made by President Johnson in Maine.

THOSE HORRID AGE SPOTS*

FADE THEM OUT

*Weathered brown spots on the surface of your hands and face tell the world you're getting old—perhaps before you really are. Fade them away with new ESO-TERICA, that medicated cream that breaks up masses of pigment on the skin, helps make hands look white and young again. Equally effective on the face, neck and arms. Not a cover-up. Acts in the skin—not on it. Fragrant, greaseless base for softening, lubricating skin as it clears up those blemishes. At leading drug and toiletry counters. \$2 plus tax. If you have these age-revealing brown spots, blotches, or if you want clearer, lighter skin, use ESO-TERICA. At all Drug Stores.

ECUMENICAL COUNCIL

Free Discussions On Laymen Blocked

VATICAN CITY (UPI)—Ecumenical council officials, bent on speeding up the assembly's work, today blocked an appeal for free discussion on the role of the layman in the church.

The moratorium on discussion, considered a high-handed move by some bishops, came as the prelates in St. Peter's Basilica got over the first obstacle in their debate on "The Church in the Modern World."

This 30,000 word document touching on modern controversies ranging from nuclear weapons to the population explosion received an initial vote of endorsement.

Council Secretary General Archbishop Pericle Felici did not announce the results of the vote but suggested to the prelates that they move on to specific discussion, taking for granted the endorsement as a foregone conclusion. Before

hand, the secretary general told the council that a number of bishops had asked for discussion on a document on laymen which had been scheduled simply for voting.

This council item, which gives laymen a greater role in their church, was rejected by the council at its third session in 1964 and had since been drastically revised. Those interested claimed that the document was so new it deserved a re-opening of debate.

Archbishop Felici told the council, however, that they had already had the revised version in hand since July and council officials had decided against debating it anew.

This apparently was in line with the desire of Pope Paul VI that the council dispatch its work as speedily as possible in hopes of closing the assembly for good before Christmas.

Reminiscent of the 1930's — the revival of marabou. Jacques Heim of Paris used it in pale blue tones to form a tuxedo-type border on a long evening coat, worn over pale blue crepe dress.

Some of fall and winter's evening hats look as if the wearer carried her own antenna. Wire-like spirals in black, set on black bandeaus, showed with the evening clothes from Marucelli of Milan, Italy.

HD Club Hears Safety Program

Goodwill Home Demonstration Club met in the home of Mrs. Nolan Cole Tuesday morning. The minutes of the previous meeting and changes in the by-laws were read and approved. The nominating committee submitted these names for approval: president, Mrs. K. L. Elshimer; vice-president, Mrs. John Winters; treasurer, Mrs. Garlin Tivis; and council delegate, Mrs. Don Duggan. These officers were elected by acclamation.

The council report was given by Mrs. Nolan Cole. There will be a workshop held in October on "Yeastbreads and Pie Making."

The program was brought by Mrs. A. P. Coombes on "Safety in the Home." Songs on safety were sung and a skit, "Foolish Kates at the Pearly Gates," was presented. "To protect yourself and your family, learn and teach your family these rules. Never mix bleaching agents with any other cleaning components. Never mix with toilet bowl cleaners, ammonia, lye, rust remover, vinegar or other cleaner," the speaker said.

Mrs. Don Duggan won the white elephant. Attending were Meses, Lawrence Ebencamp, John Winters, Lee Jackson, Nolan Cole, Roy Kilgore, Marvin Rowan, Don Duggan, Ray Frazier, A. P. Coombes and a guest Mrs. Mary Bolding.

Next meeting will be Sept. 21 in the home of Mrs. Don Duggan, 1601 Hamilton.

Mr. Johnson Is P-TA Delegate

Girl Scout Troop 43 presents the colors ceremony to open William B. Travis P-TA general meeting and school visitation. Mrs. Forrest Pitts is the troop leader. Invocation was given by W. R. Chaffin.

Elected by executive board to fill vacancies left during the summer were Mrs. Forrest Pitts, historian, and Mrs. E. E. Willes and Mrs. E. L. Kindy, City Council Representatives.

Travis P-TA will send Dan Johnson, school principal, as a delegate to the State Convention in Corpus Christi.

The fund raising project for the coming year will be a family style dinner Oct. 29. Mr. Johnson, presented the budget to the unit. Mrs. Ray Laycock, membership chairman, reported Travis P-TA now has 241 members.

Door prize was received by Mrs. Gene Wyche, cake baked by Mrs. Tommy Allison.

Announcement was made that there will not be a film for school age children during P-TA meetings but a nursery will be provided for smaller children.

Mrs. Jack Øliver, president, announced a fall workshop to be held Oct. 12 in Phillips, and asked as many as possible to attend the City Council Study courses starting Oct. 7 at 9:30 a.m.

Next executive board meeting will be held in the home of Mrs. Weldon Rodgers at 1:30 p. m., Oct. 14.

Following the room visitation a tea was held honoring the school faculty. Hospitality chairman, Mrs. A. J. Smith assisted by Mrs. W. R. Brown and Mrs. H. Scrimshire, were tea hostesses.

Miss Patterson Is Speaker for Club

Miss Lou Ella Patterson, Gray County home demonstration agent, presented a program on "Trees and Shrubs" to Mr. and Mrs. Garden Club members

when the group met recently in the home of Mr. and Mrs. John Kelly at 116 N. Russell.

The business session was led by Aubrey Ruff, president. Mrs. Dick Higginbotham reported on the Pampa Council of Garden Club meeting held recently in the home of Mrs. R. E. Darsey.

Following the program refreshments were served by the host and hostess.

Attending were Messrs. and Meses, Ira Carlton, B. B. Higginbotham, Walter Spoonmore, Aubrey Ruff, A. J. Mitchell, Walton Moore, Elmer Tinnen and new members, Mr. and Mrs. W. H. Morgan.

The club will meet next at 7:30 p. m., Oct. 5, at 113 N. Starkweather.

Astrological Forecast

By CARROLL RIGHTER

FOR FRIDAY, SEPT. 24
GENERAL TENDENCIES: The day time is not good for taking any chances for any risky ventures or undertakings and your health may need a little more care than usual. However, the evening finds some improvement taking place and you are able to get a chance to wind up some important matters that have been pending for some time.

ARIES (Mar. 21 to Apr. 19) — More modern equipment and systems are necessary now if you are to keep up with the competition. Have a more liberal, wide-awake attitude, too. Get ahead fast!

Taurus (Apr. 20 to May 20) — Re-use you plan some free time today, since you may get an unexpected invitation you will want to accept. Be more broad-minded. More opportunity for self-expression presents itself.

GEMINI (May 21 to June 21) — Try to use different methods in endeavoring to make family happy and establish more harmonious relations. Use new system in business also. Failures turn into success.

LEO (July 22 to Aug. 21) — Rather than go out and spend more than you can afford, do better work and you add to present funds quickly. Then concentrate on other sources of income as well. Study brochures, etc.

VIRGO (Aug. 22 to Sept. 22) — Permanent ventures should take up most of your attention now. Try not to take any chances where personal matters are concerned. The wrong move could put you in a very unfavorable light.

LIBRA (Sept. 23 to Oct. 23) — Don't step out of character and shirk your duties, even if they are boring. Evening becomes less difficult. Assist one in need who is very worthy of your effort.

SCORPIO (Oct. 24 to Nov. 21) — Try not to cover some good part into doing what you want to do or trouble will come of it. Keep rooted to own work and do it properly. Be tactful tonight at social affairs.

SAGITTARIUS (Nov. 22 to Dec. 21) — Endeavor not to argue with a bigwig who may be a lion and all will be fine for you. Handle small credit matters quickly. Keep calm and you benefit so.

CAPRICORN (Dec. 22 to Jan. 20) — You have to do more than your part if you want the date that is required or make new contacts of worth. Be more broad-minded. Then you turn into the road that leads to success.

AQUARIUS (Jan. 21 to Feb. 19) — Going off on a tangent because of a sense of ennui could certainly get you well on to that Primrose Path. Keep busy getting work done. Hills paid. Stay serene.

PISCES (Feb. 20 to Mar. 20) — Though an associate may change his or her attitude, don't let it throw you — it will be for the best. Greater harmony is reached ultimately. Be poised, calm.

Dear Abby.... Mother's Little Boy Has Become a Man

DEAR ABBY: My folks and I have always been close, but now that the draft call has been increased my mother is dead set against my going into the service. She keeps telling me all kinds of ways to fail my physical. I have wanted to enlist, but if I do it will break my mother's heart. I will be taking my physical soon and I know I can pass if I want to. Should I try to fail

by using some of my mother's tricks? I hate to disappoint my mother, but I really want to join the army and do my part. Please answer in your column as my mother opens all my mail and I wouldn't want to upset her any more than she already is.
FROM ILLINOIS

DEAR ILLINOIS: The examining team knows more tricks than your mother, so don't start off on the wrong foot by trying to fail your physical. Tell your mother that her little boy has become a man and, therefore, you must do the manly thing. Then do it.

DEAR ABBY: How can a young, foolish girl find out if she went too far with a boy before it's too late?

SCARED TO DEATH
DEAR SCARED: If she's "scared to death," she went too far. If she went too far, she should see a physician at once. He can tell her how late it is.

DEAR ABBY: My husband works in a garage and when he comes home he washes his hands and face, but he doesn't believe in taking baths. I'll bet he hasn't taken 6 in the 10 years we've been married. If you could see his bedding, you would faint. His pillow cases are so filthy from the grease and dirt in his head I could cry every time I look at them. I have made pillow cases from dark material but even that shows the dirt. He says I nag him but, Dear Abby, he should take a bath as soon as he comes home from work. I cannot keep his bed clean any more. I just end up tearing up his sheets for rags. Not only that, but I feel I just can't go to bed with him in that condition. He reads your column. Can you say something to him?

CAN'T GO ON
DEAR CAN'T: To "nag" is to carp on inconsequential matters, but your insistence that your husband bathe is hardly "nagging." Assuming the man has all his marbles, he should be given no peace until he bathes, and bathes regularly. Bribe him, threaten him, promise him anything—but don't give up.

CONFIDENTIAL TO "H" ON MICHIGAN BOULEVARD: Worry is the interest one must pay when he borrows trouble.

Troubled? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to A1, Box 69700, Los Angeles, Calif.

Heiskell May Be Lost for Don Battle Friday

By RON CROSS
News Sports Editor

Pampa's chances of breaking Palo Duro's nine-game winning streak against the Harvesters suffered a severe jolt when it was learned Wednesday that fullback Ted Heiskell may be out of the Friday night affair.

Pampa was rated a odds-on chance of downing the Dons for the first time since the two teams had their first battle in 1956.

But Heiskell, the Harvesters' hard-running fullback, received a bruised knee in the Pampa-Wichita Falls contest last Friday and the knee hasn't responded to the treatment.

Coach Eural Ramsey said Wednesday that Heiskell's status for the Don-Pampa game was still "uncertain."

Even if Heiskell should be given the okay to play he could do no better than run halfback.

The 200-pound senior fullback is the Harvesters' top ground gainer with 120 yards in the two games on 34 carries. Halfback Lewis Meers is second with 115 yards on only 19 carries.

Ramsey said that should Heiskell be unable to play Friday night 158-pound senior Jim Moore, who lettered at a halfback spot last year would be the replacement.

Moore carried three times for five yards in the Perryton game but saw no offensive action last week against Wichita Falls.

Another junior has been inserted into Ramsey's starting lineup, making three juniors named to starting posts in the last week.

James Matney, who also does the Harvester punting will start at an end position for senior Billy Stoxes.

Matney is a 175-pounder and one-year letterman. He will team with Ted Bird, the other Harvester end to do the receiving.

The Dons (0-2) have never lost to the Harvesters and in this conference game will be out to keep that streak alive. Pampa and Palo Duro first played in 1956.

Last year the Dons won going away 26-0.

But inexperience has shown in the Dons two losses and the absence of a scoring attack. For the two games Palo Duro has but one touchdown, that coming last week by returnee David May.

From end to end the Dons average 180 pounds per man and in the backfield are only a few pounds lighter at an average of 165 pounds per player.

May is the chief backfield threat of the Dons and is a 166-pound senior and two-year letterman.

Teamed with May are Philip Fajardo, a 175-pound senior with two letters, Mike Weeks at fullback a 168-pound junior with one letter and quarterbacks Stanton Moore, a 171-pound sen-

MAJOR LEAGUE ROUNDUP Twins Still Three Away From Pennant; SF 2-Up

By United Press International

The Minnesota Twins appear destined to clinch the American League pennant on the scene of their many past crimes.

With a magic number of three required to eliminate the Baltimore Orioles, the Twins start a three-game series Friday night in Washington, D.C.—the city from which they fled after the 1960 season.

Following the three-game series with the Senators, the Twins have three games with the Orioles in Baltimore, Sept. 28, 29 and 30, and then will close the season against the An-

gels in St. Paul-Minneapolis, Oct. 2 and 3.

Delays Clincher

The Orioles, who have to operate on the theory that they're going to win all their remaining games, delayed the Minnesota clinching Wednesday with a 5-2 victory. Jerry Adair drove in four runs with a homer and a double to pace the Orioles' nine-hit attack and Dave McNally pitched a five-hitter for his 10th win.

The Chicago White Sox still cling to the barest mathematical hope by defeating the Detroit Tigers 2-1. The White Sox

scored the winning run in the eighth inning on a hit batsman, a passed ball and wild pickoff throw and Gene Freese's sacrifice fly after homers by Ken Berry and Norm Cash had produced a 1-1 tie. Johnny Buzhardt went seven innings to win his 13th game for the White Sox.

The Cleveland Indians shaded the New York Yankees 4-3, the Senators downed the Kansas City Athletics 8-2 and the California Angels whipped the Boston Red Sox 10-1 and 2-0, in other AL action.

While Frank Robinson was roughing up the Giants, little Maury Wills picked their pocket and all of a sudden the National League has another alley fight for the pennant.

Wills literally stole a game from the Giants' lead and reduced their margin to two games over Los Angeles Wednesday night when he bunted safely in the 11th inning against Milwaukee, stole second for his third theft of the night and scored on Lou Johnson's single to give the Dodgers a 7-6 victory over the Braves.

Continues Hot Pace

Robinson, who was almost booted out of Cincinnati in August, continued his torrid September pace with a three-run homer off loser Juan Marichal and sent the Giants reeling to 7-1 defeat. Robby has driven in 27 runs this month and is batting .367.

The victory boosted the third-place Reds within 3½ games of the top, indicating a typical NL finish might be in store. Two of the last three titles have been won by the margin of a single game.

Wednesday's Results

Philadelphia at Chicago, postponed, rain.

Pittsburgh 6 New York 2, night

Cincinnati 7 San Francisco 1, night

Los Angeles 7 Milwaukee 6 (11 innings, night)

St. Louis 4 Houston 1, night.

Thursday's Probable Pitchers

Philadelphia at Chicago, 2—Bunning (17-8) and Short (17-10) vs. Jackson (13-19) and Faul (5-5).

Wheeler, Canadian Game Tops in Area

Unbeaten Wheeler shoots for victory No. 3 Friday when the Mustangs host winless Canadian in the top area attraction on the Friday night card.

Another top attraction will pit unbeaten, but once tied Groom against Panhandle, who has lost but one.

A victory by the Tigers certainly would make them a contender against the Mustangs for the 5-B championship.

Lefors (0-1) travels to McLean (1-1) in another meeting of 2-A and 5-B teams in what should be a hard-fought game.

Miami (1-1) hosts another B team, Spearman, and the Warriors are looking for a bit more offense than they showed last week at Vega, when they fell, 26-0.

Miami opened the season with a 19-0 win over Canadian B.

White Deer (3-0) and showing mid-season form already rests this week before going back into battle next Friday against Panhandle.

Wheeler has featured a devastating offensive attack with 76 points in two games while giving up but 18, all of them to Mangum, Okla.

The Mustangs haven't been fully tested as yet with last week's foe, Erick, Okla. a poor class C team and Mangum only a fair class B Oklahoma school.

HALF AND HALF

Hoople Likes Texas Tech Over Steers; OU Over Pitt

By MAJOR AMOS B. HOOPLE
Upset Specialist

Egad, friends your generosity overwhelms me. Scarcely had the teletypes finished chattering out the sports bulletin heralding Georgia's amazing last-minute conquest of defending national champion Alabama on Saturday, when your congratulatory telegrams started rolling in.

Space limitations restrict me from reprinting all of your messages here — hak-kaff! Permit me to say to one and all, thank you!

However, I know you'd like to read what Clancy DeLancy, the sage of Flatbush, had to say. Clancy wired: "So help me, Hoople, if I hadn't read it on Friday I'd never have believed it. The Hoople System foresees a Georgia triumph over Alabama, you wrote. And S.M.U. to outpoint Miami. Oregon State to whip Illinois and Kentucky over Missouri. Hit all of 'em right on the head, you did! How do you do it? Was there ever another like you?" (Ed Note: We hope there are no more like him, but let Mr. Windbag answer for himself.)

Now, now, Clancy, you've been following the Hoople predictions long enough not to be surprised at the amazing upsets correctly forecast therein — Kaff-kaff! As to how I make my selections, that shall have to remain my secret. I long ago promised the Ancient and Benevolent Society of Bookmakers I'd never reveal my professional system of handicapping, and thus save it from bankruptcy — hak-kaff!

Never one to rest on my laurels, I'm prepared to give you not one—but two—Major upsets on this week's card. Ready? Here we go — heh-heh! Texas Tech, a team on the move, will move the Texas Longhorns

ior with one letter and Bob Peters a 150-pound junior.

In other 3-4A conference action Friday Borger hosts Caprock; Lubbock hosts Tascosa and Saturday Amarillo Sandies host Plainview. The Monterey Plainemen play Midland Saturday in the only non-league action.

down a couple of notches in the national standings. And Penn State, with my old friend Rip Engle doing the masterminding, will shock a very fine Michigan State eleven — har-rump!

Now we go on with the forecast.

The Pampa Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Voting Blocs, Vicious Circle

It would appear that the nature of political democracy demands that those aspiring to elective office appeal to the personal advantage of bloc voters. There is, for instance, the farm bloc, the union bloc, the small business bloc, etc., and in an attempt to appease the professionals who supposedly dictate the voting practices of these groups, endless promises of something for nothing are the order of the day.

William F. Buckley Jr., editor of the National Review and the Conservative Party candidate for mayor of New York City, recently addressed the National Press Club and illustrated how the appeal to bloc voters had corrupted New York City. Because he thinks the essence of Buckley's words apply to the state and national political picture, we are reproducing excerpts from his speech which illustrate the ultimate results of government intervention through the appeal to special interests:

Since it is more dangerous to dissatisfy organized blocs of voters than individual voters — even if they are members of a voting bloc — political candidates in New York address their appeals to the bloc rather than to the individual.

As far as New York politicians are concerned, a New Yorker is an Irishman, an Italian, or a Negro; he is a union member or a white collar worker; a welfare recipient or a city employee; a Catholic or a Protestant or a Jew; a taxi driver or a taxi owner; a merchant or a policeman.

The problem is to weigh the voting strength of all the categories and formulate a program that least dissatisfies the least crowded and powerful categories, while most greatly satisfying the most crowded and most powerful categories; and the victory is supposed to go to the most successful bloc — Benthamite in the race.

The race to satisfy the bloc finally ends in dissatisfying even the individual members of that same bloc.

If, for instance, you give taxi owners the right to limit the number of taxis available in the city, people who need taxis to get from where they are to where they want to go, can't find taxis when they most want them.

If you allow truck drivers to double park because it is convenient to them and to the

merchants whose goods they are unloading, traffic is snarled and taxi drivers can't move fast enough to make a decent living. When the traffic is snarled, people stay away from the city and the merchants lose money.

If the merchants lose money, they want to automate to save costs. But if the unions don't let them automate, they want to leave the city. When they leave the city, there are fewer people to pay taxes to city officials and to the unemployed.

The unemployed aren't allowed to drive taxis because the taxi companies have franchised monopolies. Taxes have to go up because there are fewer people to pay taxes. The unemployed grow restless, and breed children and crime. The children drop out of school because there isn't anyone at home to tell them to go to school. Some of the children who go to school make school life intolerable for other children in school, and they leave and go to private schools. The teachers are told they mustn't discipline the school children otherwise they will leave the schools and commit crime and unemployment.

The unions don't want the unemployed hired because they will work for less money, or because they are Negroes and Puerto Ricans and obviously can't lay bricks or wire buildings like white people can, so they are supposed to go off somewhere and just live, and stay out of the way.

But they can't live except in houses, and houses are built by plumbers and electricians who get eight, ten, twelve, dollars an hour, which means that they can't afford to buy houses, or rent apartments, at rates the city can afford to pay to its unemployed, so the federal government has to build housing projects.

But there aren't enough housing projects, so there is overcrowding, and family life disintegrates. Some people turn to crime, theft and others to ideology. You can't walk from one end of New York to another without being told that white people are bigoted. Negroes are shiftless, that free enterprise is the enemy of the working class, that Norman Thomas has betrayed socialism, and that the only thing that will save New York is for the whole of the United States to become like New York.

Behind this latest flip-flop are a number of factors, foremost among them: mounting bitter backstage criticism and opposition from responsible civil rights leaders, including some in his own organization, to directly linking their embattled domestic movement with highly explosive foreign issues.

The decades-old Logan Act, which expressly prohibits private individuals from meddling in foreign affairs — such as writing Hanoi's Communist ruler, Ho Chi Minh, as King announced he planned to do, King has been pointedly told this would violate the law and lay him open to prosecution.

Strong possibility of a congressional investigation — that would include King's personal as well as public activities. Certain congressional leaders have long had such a probe in mind. The charge that King was flouting the Logan Act could trigger this investigation.

That was the real significance behind Senator Thomas Dodd's short but blistering castigation of King last week. A member of the Internal Security Investigating Subcommittee, the Connecticut Democrat was serving notice on King to watch his step.

"I hope no one will be turned against the civil rights movement by Dr. King's ill-advised venture in the sphere of foreign affairs," said Dodd, also a member of the Foreign Relations Committee. "He has absolutely no competence to speak about complex matters of foreign policy. And it is nothing short of arrogance when he takes it upon himself to thus undermine the policies of the President, and to enter into personal negotiations with the heads of hostile governments."

MORE OF SAME — Congressional authorities have definitely established that 18 of those arrested last month for participating in the "march" on the Capitol to protest U. S. policies in Viet Nam are civil rights activists.

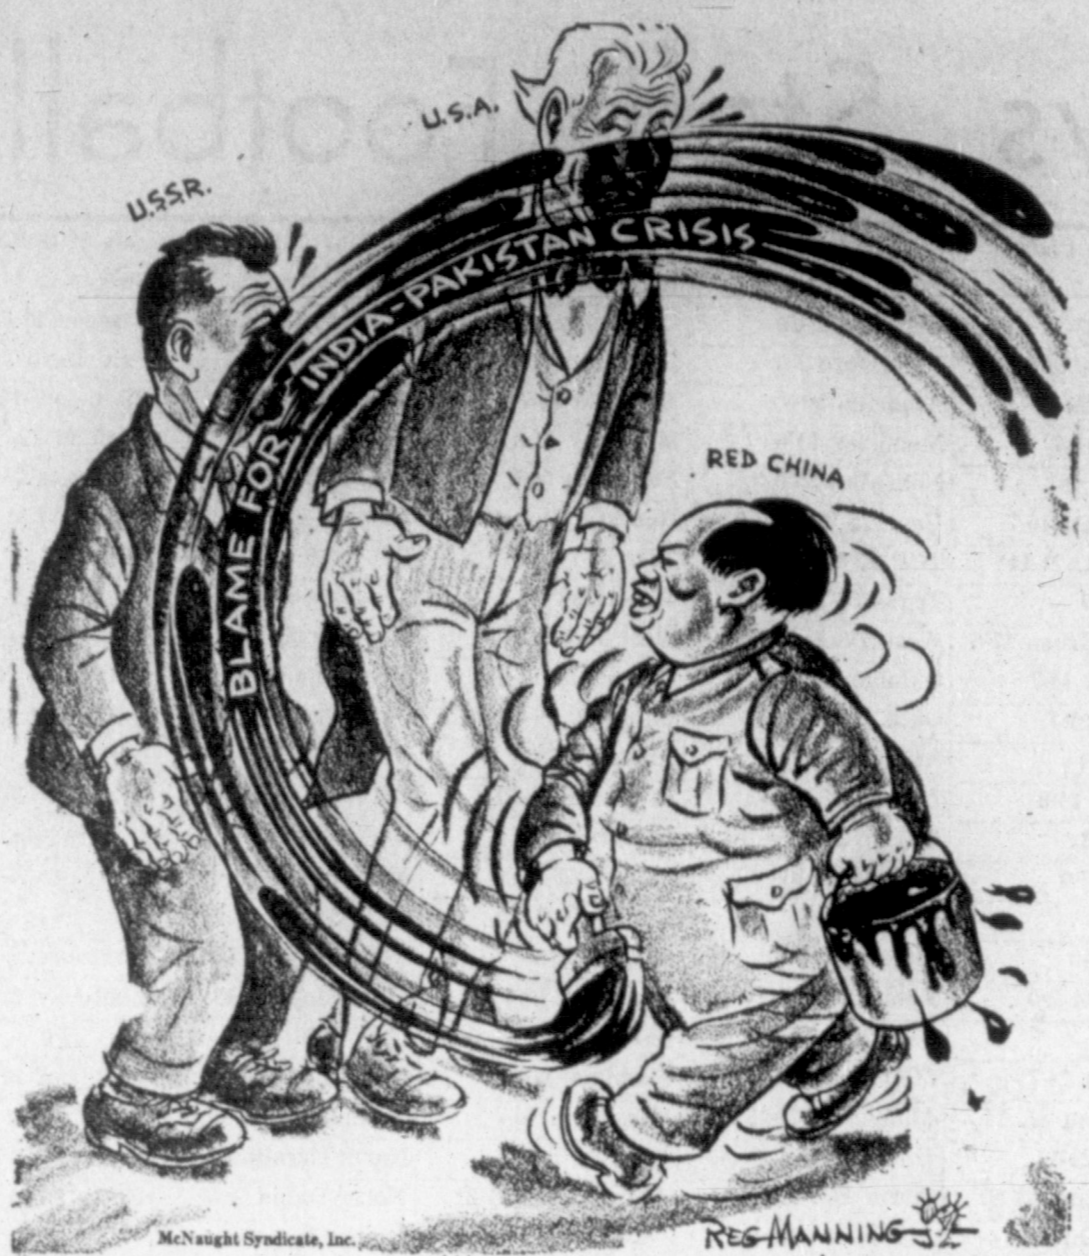

The 18 have been positively identified as taking part in Mississippi freedom rides, sit-ins of various kinds and negro registration drives.

Robert Fulen, best known for his development of the steamboat, began his career as an artist but turned to engineering. As early as 1797, living in France, he submitted plans for a submarine, suggesting to the French that British warships could be destroyed by submarines attaching underwater bombs and then escaping undetected. His "Nautilus" was launched in 1800 and performed creditably.

Robert Fulen, best known for his development of the steamboat, began his career as an artist but turned to engineering. As early as 1797, living in France, he submitted plans for a submarine, suggesting to the French that British warships could be destroyed by submarines attaching underwater bombs and then escaping undetected. Tarred With The Same Brush

Backstage Washington

Backstage Criticism and Hints of Broad Probe by Congress persuade King to Silence on Foreign Affairs plans.

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — Dr. Martin Luther King is having second thoughts about his loudly proclaimed crusade for Red China's admission to the United Nations and negotiations with the Viet Cong.

The turbulent civil rights leader is piping down on this as he did on his equally stentorously-hooped economic boycott of Alabama earlier this year. After garnering widespread headlines on that, King quietly stopped fulminating and nothing has been heard of it since.

The same thing is now happening on his fanfare campaign to bring Peiping into the UN, and to bring the U. S. and Viet Cong to the negotiating table.

Behind this latest flip-flop are a number of factors, foremost among them: mounting bitter backstage criticism and opposition from responsible civil rights leaders, including some in his own organization, to directly linking their embattled domestic movement with highly explosive foreign issues.

The decades-old Logan Act, which expressly prohibits private individuals from meddling in foreign affairs — such as writing Hanoi's Communist ruler, Ho Chi Minh, as King announced he planned to do, King has been pointedly told this would violate the law and lay him open to prosecution.

The Nation's Press

AS THE CAPTIVES SEE IT (Chicago Tribune)

The American Bulletin, published by the Czechoslovak National Council of America, says Czechoslovaks in Europe are "perplexed and disoriented" over proposals by Johnson administration officials and some members of Congress to sell wheat to Russia. The native Czechoslovaks in their conversations with American visitors and in letters to friends in this country are reported as saying:

"Ever since the Hungarian revolution we realize that the west will not come to our aid in any uprising against the Communists. Since we cannot hope for outside assistance to overthrow communist rule, it is clear to us that the communist system can only collapse internally through its colossal mistakes — provided the west does not rush in to put the regime back on its feet. Your friendly gestures toward communist regimes give us a feeling of terrible frustration because we can never hope to free ourselves of them if you side with them. We shall lose faith in final victory and will stop resisting communism."

That's how the people of the captive nations view our efforts to give aid and comfort to Communists by selling them food. No doubt the American boys who are fighting and dying in the rice paddies of South Viet Nam feel much the same way.

Only One True Gift

The only true gift one ever receives is the gift of life. All others from that point on have strings attached. Acceptance of them should be weighed against the willingness or unwillingness to be jerked by those particu-

lar strings. Re-naming a "gift" a "right" will not alleviate the jerk but set up reminding jerks until the string snarls and the recipient is hopelessly enmeshed in bondage.

BERRY'S WORLD

Hunt for Truth

BY H. L. HUNT

"PEACE?"
One hundred and ninety years ago Patrick Henry of Virginia faced the men of his time who called for appeasement of the foe even as armies of occupation were quartered upon America soil, and said to them: "The gentlemen cry 'peace, peace' when there is no peace!"

Patrick Henry had heard the news of Lexington and Concord. He knew it meant Americans would not tamely submit to military occupation. And he knew that in the long struggle which must inevitably follow their heroic resistance, no man could be neutral. To talk of peace in the face of this overwhelming reality was madness, for in truth there was no peace.

Still we have with us today those who cry "peace, peace" when there is no peace. They would have us negotiate with our sworn enemies, when no terms have been offered but our own abject surrender. They would have us conveniently forget the brutal terrorism of the communists in every nation they are striving to conquer, and call it mere "internal troubles."

They would have us make "peace" with the constant breakers of the peace while they are actually and bloodily breaking it.

There can be no peace with communism in Viet Nam when as a matter of policy innocent civilians, both Vietnamese and American, are gunned down in cold blood. There can be no peace with communism in Cuba while terrorism remains its chosen weapon to subvert and destroy every free nation in this hemisphere.

There can be no peace with communists, so long as they are communists.

Wit and Whimsy

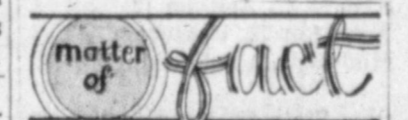

A thought for the day: Swedish statesman Axel Oxenstiern said: "Behold, my son, with how little wisdom the world is governed."

des, Chief of Staff of the Dominican Airforce, was also turned down by Rusk.

Representatives William Mallard, R-Calif., and H. R. Gross, R-Iowa, questioned the State Department's intentions after receiving details that the same CIA agents who tried to bribe General Wessin to leave the Dominican Republic also approached General de Los Santos.

Both generals indignantly rejected the attempts to buy them off, according to information furnished the GOP legislators.

General de Los Santos flatly told the two CIA agents he intended to remain in his post to insure against Communist seizure of power, and that no money could buy his patriotism.

Robert Fulen, best known for his development of the steamboat, began his career as an artist but turned to engineering. As early as 1797, living in France, he submitted plans for a submarine, suggesting to the French that British warships could be destroyed by submarines attaching underwater bombs and then escaping undetected. His "Nautilus" was launched in 1800 and performed creditably.
