BRICK FOR FREEDOM — Larry Wingert, left, director of Americanism and Government Affairs for the Pampa Jaycees, is shown here as he made the first sale in the Pampa area of a "Freedom Brick." Mayor Jim Nation was the first local buyer. The bricks are being sold for construction of the American Freedom Center at Valley Forge for study, research and training in the American way of life.

Local Jaycees Push Freedom Brick Sale

This afternoon Mayor Jim Nation bought the first "Freedom Brick" to kick off the U.S. Air Force jet planes were shot down in raids over Communist North Viet Nam Tuesday and that all four fliers were missing.

The sale of the first brick was made in the mayor's office by Larry Wingert, director of Americanism and Governmental Affairs for the Pampa Jaycees. The American Freedom Center was established to provide a national source of information and inspiration for teachers, students, educators, community leaders and others seeking to interpret the American Way of Life and a center for research and training in the fundamental values of our constitutional republic.

Four US Pilots Missing in Viet

SAIGON (UPI)—An American military spokesman announced tonight that three U.S. Air Force jet planes were shot down in raids over Communist North Viet Nam Tuesday and that all four fliers were missing.

The Jaycees' purpose in this project is based on their belief that "Unless all the people of our nation understand the economic, political and spiritual principles of our republic we shall forfeit our birthright and lose our freedoms by default."

Pressure Put On Sukarno

There was no confirmation of a claim by Peking that the Red Air Force had shot down an American plane over Kwangsi Province which borders North Viet Nam. Peking said one plane was shot down and three others chased away.

JAKARTA (UPI)—President Sukarno, appearing in good health and spirits, met today with his cabinet to discuss last Thursday's attempted coup. He was reported under pressure to dissolve Indonesia's powerful Communist Party.

The spokesman said the three planes shot down — one F4C Phantom and two F105 Thunderchiefs — all went down in the same general area about 40 to 45 miles northeast of the North Vietnamese capital of Hanoi. He said an extensive search mission failed to find the pilots.

Radio Jakarta reports said two military commanders at the cabinet meeting denounced the leftist rebels who killed six army generals in the abortive bid to take over the country. There were widespread anti-Communist demonstrations in Jakarta.

Despite the loss, heavy American air action continued over North and South Viet Nam and B52 strategic bombers from Guam attacked a Communist stronghold 10 miles from the Cambodian border. The region is 75 miles northwest of Saigon and is the suspected hideout of Viet Cong military leaders.

Today's cabinet meeting took place in Sukarno's palace in Bogor, about 40 miles south of Jakarta. Before going there he met with his ministers at the Merdeka (freedom) Palace. He engaged in informal banter with newsmen and photographers but refused to answer questions.

In ground action a platoon of more than 30 U.S. paratroopers was pinned down for more than two hours and not far from the spot where every member of an infantry squad was killed or wounded Tuesday — the first time "heavy casualties" had been used to describe American losses.

In Jakarta he sat with First Deputy Premier Subandrio, the foreign minister, on one side and Second Deputy Premier Dr. Johannes Leimena on the other. The rebels had claimed Subandrio backed them but his appearance today with Sukarno belied the report.

If it comes from a hardware store we have it. Lewis Hdwe. (Adv.)

Ohio Youth Saved After Being Trapped in Cave

President Works Against Thursday Surgery Date

WASHINGTON (UPI)—President Johnson worked today against a Thursday deadline when he must leave the White House for about two weeks to undergo major abdominal surgery. The Chief Executive, a bit stern-faced but showing no evidence of discomfort, gave the news to the nation himself late Tuesday. After suffering stomach pains which began at his Texas ranch Sept. 7, he must have his gall bladder removed. He will enter Bethesda Naval Hospital, just outside Washington, late Thursday and be operated on Friday morning.

Vice President Hubert H. Humphrey will take over temporarily if the need arises while the President is undergoing surgery. Johnson said his doctors expected there would be only a minimal time during which I will not be conducting business as usual.

Rescuers Have to Wait To Bring Boy Out

MEDINA, Ohio (UPI) — Fifteen-year-old Morris Baetzold was freed today, 24 1/2 hours after he slipped into a narrow rock hole inside a cave.

The boy was pulled free of the sandstone grasp, but rescuers said because of boulders and other obstacles, it would be about an hour before he could be brought outside.

An ambulance stood by about a quarter-mile from the base of the cliff, waiting to take the weary youngster to Southwest Community Hospital. Law enforcement officers ordered all highways leading to the hospital cleared for a high-speed trip. Earlier attempts to pull the youth to safety failed.

Akron Nurse Evelyn Pettit, who is about 5-foot-2 inches tall and weighs 85 pounds, tried unsuccessfully to place a 10-inch expansion bar over the boy's body so a rope could be fixed to his waist.

A second attempt, by Jerry Ulrich, 12 of North Royalton, also failed. Jerry squeezed into the crevice, but was unable to get the rope around the victim. Jerry said Morris cried softly and asked him, "Is there anything I can do to help you? Oh please, is there anything I can do?"

Doctors were concerned about the brief periods of unconsciousness Morris began to experience about 6 a.m. CST. They feared the youth would lapse into involuntary sleep or

Soviet's Luna 7 Due to Reach Moon Thursday

MOSCOW (UPI)—The Russians announced today their space station Luna-7 is on course and is due to reach the moon at 4 p.m. CST Thursday. There has been speculation it would attempt a soft landing.

The automatic station Luna-7, launched on Oct. 4, continues its flight toward the moon and is to meet the moon on Oct. 5 at about one o'clock at night Moscow time. The official Tass news agency said. The Tass report broke 48 hours of virtual silence on the launch of what Western experts expected would be man's first attempted soft landing on the moon.

Tass said today the sixth regular radio communications session was held with the station Tuesday night during which its trajectory was corrected. Tass said Luna-7 was oriented on the sun and moon before the correcting engine was switched on "which ensured a change of the flight trajectory in the pre-set direction."

A progress report issued shortly after the launch said the instrument-packed probe was 41,726 miles from earth. The distance to the moon is about 250,000 miles. Previous Soviet moon probes have not been completely successful. Luna-6, launched in June, missed the moon by 100,000 miles. Luna-1, launched in May, hit the moon but failed to make a soft landing.

Ecumenical Council Calls for End to Nuclear Warfare

VATICAN CITY (UPI)—British Ecumenical Council prelates called today for total and condemnation of nuclear stockpiling and modern warfare. The view opposed the contention of American prelates the nuclear deterrent must be kept for defense.

The assembly also voted 2,167 to 14 in favor of a decree strengthening the powers of bishops and outlining reforms of the Roman Curia. The vote cleared the way for promulgation at the end of the month of the decree titled "On the Pastoral Duties of Bishops."

WEATHER

PAMPA AND VICINITY—Fair and warm through tomorrow. Low tonight mid-40s, high tomorrow mid-70s. Winds northerly 15-20 m.p.h.

Johnson Picked Good Time to Enter Hospital

WASHINGTON (UPI)—President Johnson's illness sends him to the hospital at a time when Congress has all but completed work on his 1965 legislative program. And, in terms of his 1966 campaign, the Chief Executive's incapacitation could not have come at a better time. Next year's program is only now in the making, and the crucial time of decision on next year's budget and the state of the union message will not come until late November and December.

The President today and Thursday was expected to handle a relatively normal office schedule; perhaps a bit heavier than usual. Humphrey was going to the opening game (See PRESIDENT, Page 3)

Should the Chinese Communists or anyone else try to take advantage of the President's illness to initiate some surprise move in world affairs, Vice President Humphrey could take over as acting president. Chairman J. William Fulbright, D-Ark., of the Senate Foreign Relations Committee said he hoped the world would realize that the Chief Executive's sidelining "would mean no change in U.S. policies."

Edward W. Kuhn proposed creation of bar - press liaison committees in every state and many cities to discuss ways to reconcile the constitutional guarantees of a free press and a fair trial.

Participants also heard editor Herbert G. Klein of the San Diego Union propose establishment of a commission to write ground rules for presidential news conferences. He said these meetings were too important to be left to the "whim" of any chief executive, and criticized President Johnson for "talkathon" performances.

Speaking at a session devoted to "coverage in court," Kuhn said the ABA did not want to take advantage of the press or impose a gag on crime reporting. "In fact we readily concede that much of what we lawyers criticize as 'trial by newspaper' is brought about by a tendency of some prosecutors and some defense lawyers to indulge in

While the major portions of the President's legislative program have been completed by Congress, there still are some sticky odds and ends hanging which could cause serious trouble. Among these are nullification of state laws banning the union shop, strongly endorsed by the President, and a measure to eliminate billboard and junkyard eyesores from the nation's major federal highways.

He said the ABA was taking steps to impose greater discipline upon lawyers and formulating guidelines for courts and police to preserve fairness in criminal proceedings. But Kuhn said they would only be partially successful without full cooperation from the news media.

Astronauts to Speak

Astronauts Edward H. White and James A. McDivitt, the crew members of Gemini-4, were scheduled to speak at the conference's fourth working session this afternoon.

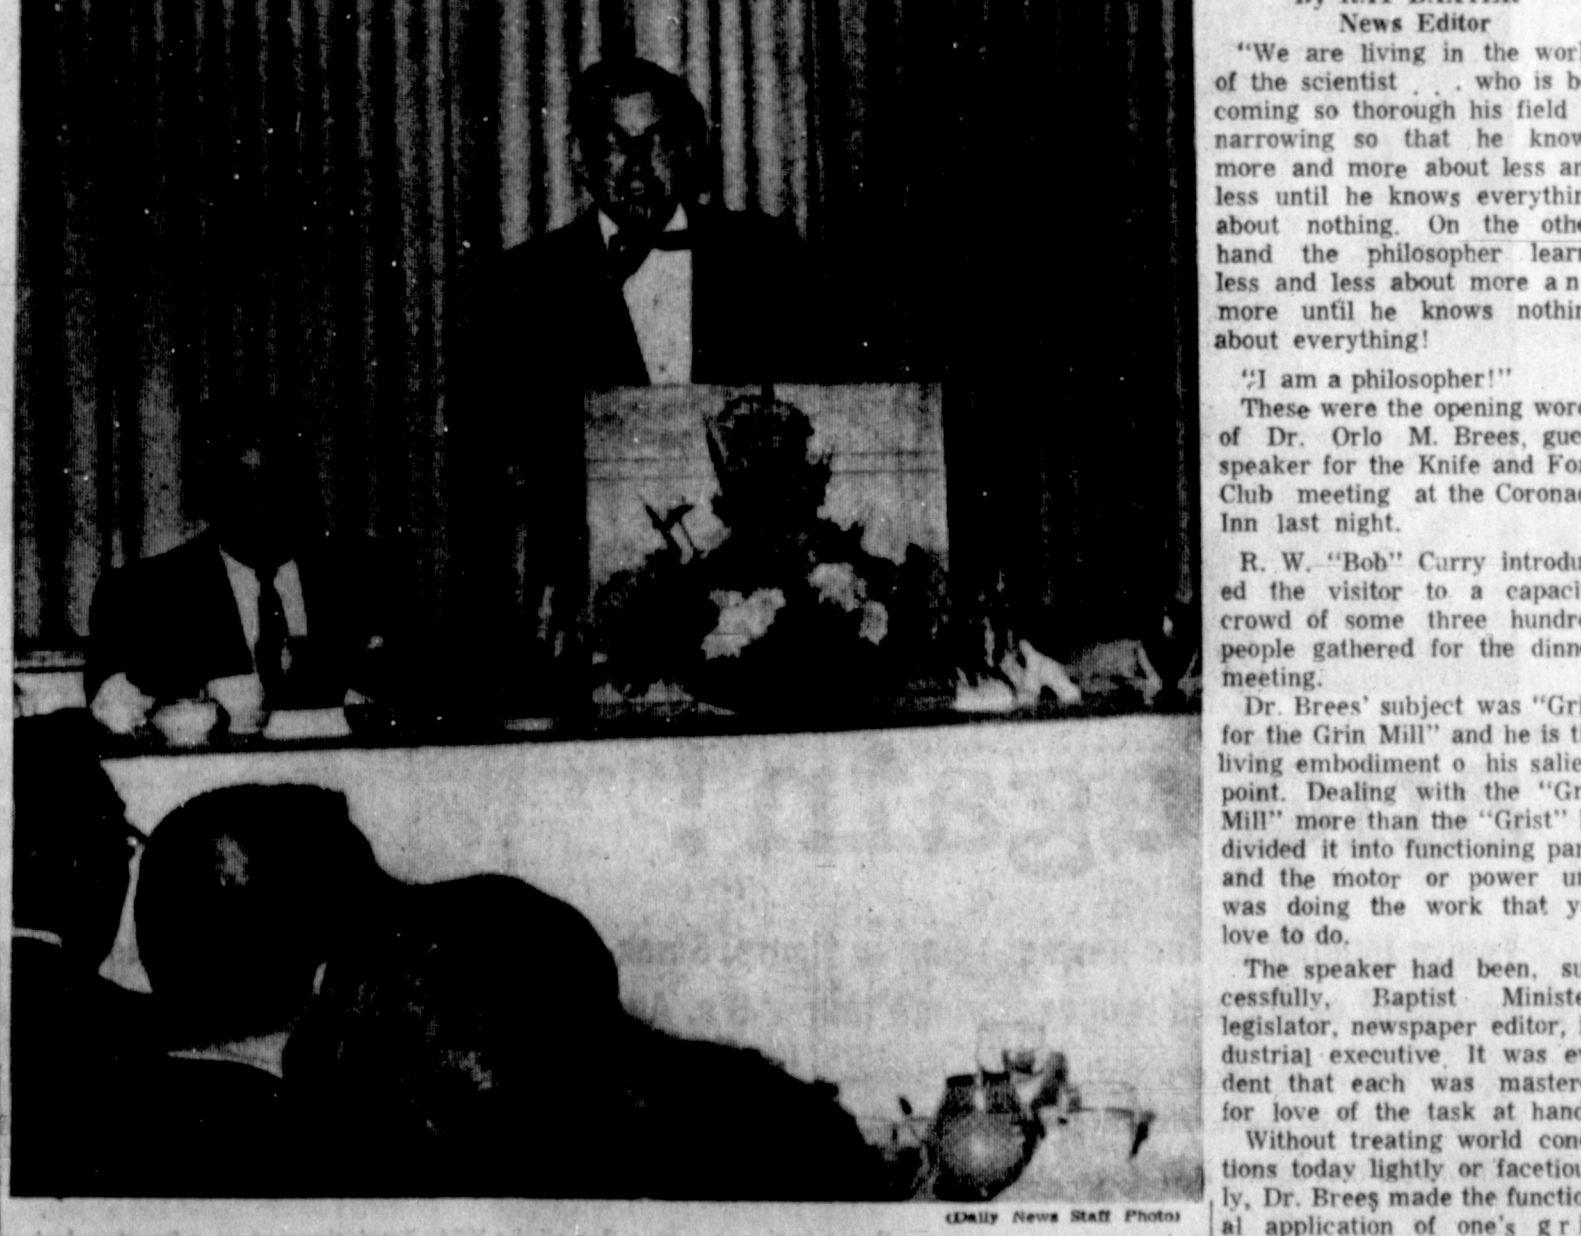

As for the international outlook, no time is convenient for the United States to be without a chief executive. But Johnson and his No. 2 man, Vice President Hubert H. Humphrey, have made arrangements to cover even the four or five hours the President will be under the effects of anesthesia. Humphrey will be able to act in

the event of any extraordinary international crisis. The finding of reasonable solutions as a common problem," Kuhn said in an address prepared for the second day's session of the annual conference of United Press International Editors and Publishers.

Knave and Fork Club Hears Philosopher

By RAY BAXTER
News Editor

"We are living in the world of the scientist . . . who is becoming so thorough his field is narrowing so that he knows more and more about less and less until he knows everything about nothing. On the other hand the philosopher learns less and less about more and more until he knows nothing about everything!"

GRIN MILL SPEAKER — Three hundred persons laughed and grew serious alternately last night as philosopher Dr. Orlo M. Brees addressed members of the Pampa Knife and Fork Club in the Starlight Room of Coronado Inn. Seated on the left in the photo is Dist. Atty. Bill Waters, Knife and Fork Club president.

These were the opening words of Dr. Orlo M. Brees, guest speaker for the Knife and Fork Club meeting at the Coronado Inn last night.

R. W. "Bob" Curry introduced the visitor to a capacity crowd of some three hundred people gathered for the dinner meeting. Dr. Brees' subject was "Grist for the Grin Mill" and he is the living embodiment of his salient point. Dealing with the "Grin Mill" more than the "Grist" he divided it into functioning parts and the motor or power unit was doing the work that you love to do.

The speaker had been, successfully, Baptist Minister, legislator, newspaper editor, industrial executive. It was evident that each was mastered for love of the task at hand. Without treating world conditions today lightly or facetiously, Dr. Brees made the functional application of one's grin mill the power of balance rather than a balance of power in dealing with, or at least, living (See PHILOSOPHER, Page 3)

Negro Youngsters Attempt To Board Segregated Buses

CRAWFORDVILLE, Ga. (UPI)—About 20 Negro youngsters bolted through a police line from two directions today and attempted to board segregated buses carrying white students to nearby counties in the ninth consecutive day of racial trouble here.

Negro leaders said they were encouraged by word Tuesday that Dr. Martin Luther King Jr. would come to Crawfordville Monday. The dispute in this rural community centers around the closing of Taliaferro (Crawfordville) county's only white high school and the busing of white pupils to out-of-county schools, an effort to leave school segregation intact in Taliaferro.

Some of the fleet-footed Negroes made it as far as the bus door before they were nabbed by pursuing state troopers. The Negro pupils also attempted to block the buses by forming a line across the street, but again the move was thwarted by State Police.

Television in Review

By RICK DU BROW
United Press International
HOLLYWOOD (UPI) — Not too many years ago, CBS-TV had its Moscow news bureau closed for a while because the Russians were offended by a network drama about Stalin's death.

Also in recent years, NBC-TV had its Moscow news bureau shuttered for a while because the Russians were offended by a couple of documentaries about the death of Stalin and the rise of Khrushchev.

And now, the third of this nation's major networks, ABC-TV, finds itself with its Moscow correspondent ordered expelled by the Soviets, apparently because of a Washington report reflecting on Russian leadership.

Thus, though there are a number of documentaries filmed in the U.S.S.R. scheduled for American network showing this season—and the video relationship had outwardly seemed more lenient—television executives have not failed to note the common step that has made them feel Kremlin wrath.

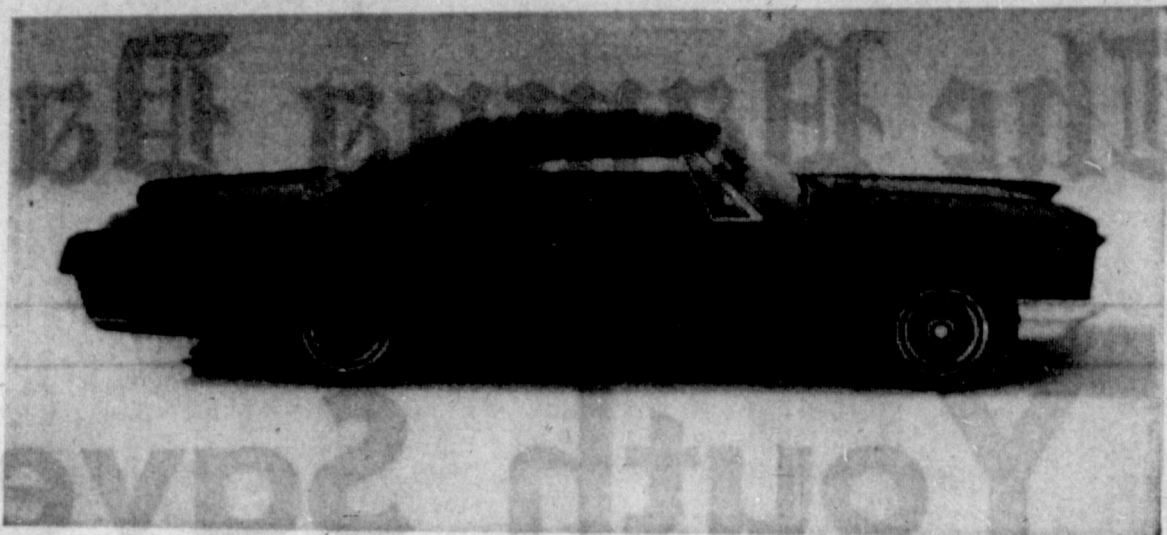

In all three cases involving the reaction against their Moscow news bureaus, the networks had been dealing with the subject of Soviet leaders. The CBS-TV drama was not

flattering in its treatment of the power struggle to be Stalin's successor. The NBC-TV documentaries also concerned that struggle. And the ABC Washington report—apparently referred to by the Soviets as suggested a power struggle was raging in the Kremlin that could result in a shakeup of the leadership.

It has further been noted in dispatches that this was the fourth time since 1963 that the Russians had closed a news bureau in Moscow because of reports reflecting on the Kremlin leadership.

All three American networks have scheduled, for this season, programs shot in the Soviet Union. CBS-TV has an hour tour of the Volga River. NBC-TV has an hour broadcast about a Siberian city, and has planned on a show about Russian athletes. And ABC-TV, in fact, had announced plans for its children's series, "Discovery," to originate from Moscow, as it has in the past.

ABC-TV officials are working through the usual U.S. and Russian government channels to try to smooth things out. The network's Moscow correspondent, Sam Jaffe, said it wasn't clear whether the Soviets had ordered the bureau closed down, but that his expulsion would in effect result in this.

IMPRESSIVE DESIGN — This 1966 Bonneville hardtop coupe again represents the styling and engineering leadership offered by Pontiac. Other Bonneville models available are the convertible, four-door hardtop and station wagon. Bonneville styling thins and lengthens the entire side appearance. The elegant Brougham is also available as a Bonneville option. All models offer the famous Pontiac V-8 engine as standard equipment.

Campbell Kitchens To Be Dedicated Thursday in Paris

PARIS, Tex. (Spl) — The Campbell Soup Co. will officially dedicate its new and modern kitchen plant here tomorrow. The new Campbell Soup home will cover an area as big as 31 football fields and will employ 900 persons making 45 different food products for the Southwest market that centers in Texas.

Company officials stated to keep the new kitchens going at capacity, in excess of \$20 million annually will be spent for ingredients, supplies and containers.

Rapid sales growth of convenience foods in the Southwest was one of the main factors in the company's decision to locate in North Texas, according to W. B. Murphy, Campbell president.

Joseph F. Rex, formerly assistant manager of the company's Chicago plant, is the manager of the Paris plant. He has been with the company since 1940.

BONNEVILLE CONVERTIBLE

The tiger scores again!

It's dramatically fresh and new, but still very, very Pontiac. That's written all over it, from the no-doubt-about-it new front end to the trimly tailored rear. (Did you think we'd leave out the unique Pontiac styling character you like so well? Never!)

Another nice thing about the '66 Pontiacs is that there are more of them—3 new super-sumptuous Broughams and 4 Venturas. And, of course, for other Pontiac lovers we've got a bright new Grand Prix, new Catalinas, new Star Chief Executives—all with new Wide-Track ride and improved cat-

quick handling. But you'll discover those things when you slip behind the wheel and turn a new '66 tiger loose. **Wide-Track Pontiac/'66**

GTO CONVERTIBLE

and again!

You're looking at the newest thing in tigers. Sleek, lean-muscled new style. New power that starts with a revolutionary new kind of six and ranges through four V-8's. And the sports coupe sports a new kind of smartly recessed rear window.

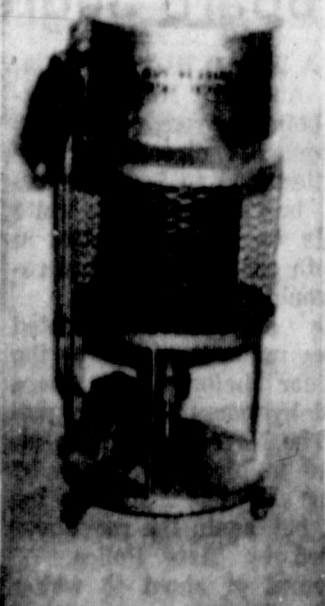

Pontiac's revolutionary overhead cam six acts more like a V-8, looks like no six you ever saw, and still remembers that saving is what six buyers buy sixes for. Delivers 165 hp (or you can specify the sports package which includes the 207-hp version). And it's standard on all Tempests, Tempest Customs and Le Mans. V-8's? Up to 360 hp in the GTO. See all the '66 tigers in tiger country. Get a tiger by the tail today. **Wide-Track Pontiac/'66**

Come to tiger country. See all the Wide-Track tigers at your Pontiac dealer.

President

(Continued From Page 1) of the World Series in Minneapolis, but planned to be back in Washington Thursday.

Clearing his calendar of as many engagements as possible, the President scheduled two ceremonies in his office today—signing a bill dealing with treatment of cancer, heart disease and paralytic strokes, and accepting a certification of appreciation for his Appalachia program from a delegation of east Tennessee town officials.

There were other appointments on his schedule today, including his regular weekly meeting with Secretary of State Dean Rusk, Defense Secretary Robert S. McNamara, special assistant McGeorge Bundy and Press Secretary Bill D. Moyers.

A presidential hospital stay of about two weeks was bound to produce numerous dislocations and rearranged schedules. The White House staff was busy with preparations to set up temporary shop at the hospital while Johnson is there. The First Lady will be quartered at the hospital part of the time, certainly during the early stages of his stay.

A large staff of specialists was assembled to care for the Chief Executive. In addition to Hallenbeck, the chief surgeon, there was the President's doctor at the White House, Vice Adm. George C. Burkley; his family physician for many years, Dr. James C. Cain of the Mayo Clinic; the President's chief cardiologist, Dr. J. Willis

Chicago Rights Group Reviews Agreement

CHICAGO (UPI)—Leaders of Chicago's largest civil rights group today reviewed terms of an agreement in which the federal government reversed its controversial withholding of \$30 million to the public school system.

The federal funds were ordered withheld last week because of "probable non-compliance" with the 1964 Civil Rights Act. After a full day meeting with local officials Tuesday, the U.S. Office of Education agreed to release the money.

School Board President Frank Whiston told newsmen he had heard that Mayor Richard J. Daley "contacted the President" in an attempt to get the funds restored. "I don't know definitely," Whiston said.

A spokesman for the Coordinating Council of Community Organizations (CCCO), an amalgamation of civil rights and religious groups, said the sudden turn of events "demands more analysis."

The CCCO is the group which originally filed the complaint of school segregation with the Office of Education which apparently resulted in the funds

being withheld. The spokesman said the group would issue its reaction to Tuesday's developments at a news conference later today.

Obituaries

C. P. Coutts

Funeral services for C. P. Coutts, 80, who resided 10 miles south of Pampa, will be held at 3:30 p.m. tomorrow in First Baptist Church with Rev. Woody Northcutt, pastor of South Prong Baptist Church of Waxahachie officiating, assisted by Rev. J. R. Manning, associate pastor of First Baptist Church. Burial will be in Memory Gardens under direction of Carmichael-Whately Funeral Directors.

Mr. Coutts was born June 5, 1885, in Missouri. He died Tuesday morning in a local hospital. Mr. Coutts married Miss Eva Davis in 1907 in Hutchinson, Kan., and the couple moved to the farm 10 miles south of Pampa in 1916.

Pallbearers will be Reuben Baggerman, Johnny Mackie, Fred Vanderburg, Emil Urbanczyk, Bruce Ginn and Jim McCracken.

Mrs. Myrtis Wilkinson

Funeral arrangements are incomplete with Carmichael-Whately Funeral Directors for Mrs. Myrtis Wilkinson, 63, of 2012 Alcock St., who died enroute to a local doctor's clinic about 10 a.m. today.

Mrs. Wilkinson was born April 11, 1902, in Clarendon. She was married to Jack W. Wilkinson on July 2, 1921, in Canyon. Mrs. Wilkinson had been a resident of Pampa for 35 years. She was a member of Lamar Christian Church.

Survivors include her husband, Jack W. Wilkinson of the home; a daughter, Mrs. Mary Scott of Pampa; one brother, William Sparks of Amarillo; one sister, Mrs. Roberta Britt of Benton, Ark., and two grandchildren.

Country Singer Free on Bond

EL PASO, Tex. (UPI)—Western Singer Johnny Cash was free in \$1,500 bond today on charges of importing and concealing hundreds of barbiturate pep pills and tranquilizers. U.S. Customs officials said most of the pills were hidden in his guitar.

Cash was arrested at El Paso International Airport Monday night as he was getting on a plane to Los Angeles. He listed his address as Casitas, Calif.

The tall, dark-haired singer was taken to El Paso County jail where he was kept until a bondsman put up bail. Cash retained former El Paso County Judge Woodrow Wilson Bean as his attorney, then caught a plane for Casitas, where he has a wife and four daughters.

Cash, 33, appeared before U.S. Commissioner Colbert Caldwell wearing black patent-leather Beate boots and a black silk suit trimmed with black velvet collar and cuffs. He looked worn and tired.

LBJ Nominates Groom Postmaster

GROOM (Sp) — Mrs. Russell Steindricher has been nominated to be local postmaster. Her name was submitted Friday by President Johnson to the U.S. Senate for confirmation.

Mrs. Steinkirchner, a clerk for 15 years in the Jennertown, Pa. post office has been acting postmaster since August 2.

She is the former Clarice Knight, daughter of Mr. and Mrs. Nell Knight of Groom.

ABA

(Continued From Page 1) "trial by publicity" through public statements about pending cases that are prejudicial to fair trial," he said.

Kuhn said Supreme Court decisions made it clear that judges will continue to concern themselves with prejudicial publicity even if there is no scientific proof that news stories do influence jurors.

"It is clear...that the bar and news media are both responsible for receiving the problem and that stricter self-discipline within each of our professions can substantially reduce the peril to fair trial," Kuhn added.

He stressed that he was expressing his own views and not speaking for the ABA in recommending joint committees to discuss problems as they arise in hopes of reaching agreement on solutions.

INSTALLATION SPEAKER

Rex Jennings, executive vice president of the Wichita Falls Chamber of Commerce, will be the installing officer for new officers and directors of the Chamber of Commerce Tuesday, Oct. 19. Tickets for the installation banquet are on sale in the Chamber of Commerce offices.

Attorneys Begin Final Summations In Damage Suit

Jurors in 31st District Court began hearing the final summation by attorneys this morning in the \$100,000 damage suit filed against Thomas Braly, 16, of 521 Somerville.

The suit was filed by Glen D. Gallaher of 400 Lowry. The suit is in connection with an automobile accident Jan. 25. Gallaher is accusing Braly of negligence.

Testimony yesterday revealed that Mrs. Gallaher and her daughter were not admitted to a hospital immediately following the accident.

When Mrs. Gallaher entered Worley Hospital, she remained about a week with head injuries. She wore a neck brace for some time after the accident. Her daughter remained at Worley Hospital for about two days after entering. She had a broken baby tooth and had facial lacerations, testimony revealed.

Attorney for the plaintiff is Bob Sanders of Amarillo and attorney for Braly is Richard Stokes of the law firm of Simpson, Adkins, Fullingim and Hankins of Amarillo.

Groom Schools Set Homecoming

GROOM (Sp) — Friday, October 8, 1963, is the date set for homecoming activities for Groom Public School ex-students. The program for this year includes:

Registration and visiting, 5 p.m.
Barbecue or Fish supper, 5:30 p.m. to 7:30 p.m.
Football game, Booker, 7:30 p.m.

Business meeting with refreshments and visiting immediately following the game.

Tickets are on sale now for the supper. Tickets may be purchased from C. L. Culver, Jr., Arletus Ruthardt, Mrs. E. N. (Bud) Babcock, Groom Pharmacy, Blakeney Grocery & Dry-goods and Motor Inn Auto Supply. Reservations must be in by Wednesday, October 6.

The Ex-Students Association extends a cordial welcome to ALL ex-students and friends to attend another Groom School Homecoming.

Philosopher

(Continued From Page 1) with the world problems today. Humor spiced the philosophy and original poetry lighted many of the speaker's lines of thought. Anecdotes touched graphically every field represented by the cross section of Pampans present: lawyer, banker, businessman.

During the meal preceding Dr. Brees' presentation, Sue Hligdon provided dinner music at the console of the organ.

W. R. Steger delivered the invocation. Knife and Fork Club President Bill Waters directed the course of the evening's program.

Pampa Will Host Credit Conference

Pampa has been named as host city for a regional credit conference to be held in the Coronado Inn Oct. 16 and 17.

The conference will draw credit bureau and collection managers and personnel from 43 towns, and the two-day program will include more than 10 hours of instruction.

Sponsoring the conference are the Associated Credit Bureaus of Texas, Consumer Credit Association of Texas and the Lone Star Council of Credit Women. Mrs. Helen Givens of Quanah, is regional president of the Associated Credit Bureaus of Texas which includes the Panhandle and South Plains area.

Mrs. Givens said the program will take the form of a "short course" in all types of credit and collection work plus the presentation of new methods and material for both types of work.

Principal speaker for the conference will be B. Watkins, general manager of the Dunlap Stores in Lubbock. He will address the meeting at 2 p.m. Saturday on "Keeping Yourself Current."

Other activities during the two-day meeting will include individual business sessions and panel discussions on topics relating to consumer credit.

Registration will begin at 8:30 a.m. Saturday, Oct. 16, in the Coronado Inn.

Wynn Veale, manager of the Pampa Retail Credit Association, said some 120 persons are expected to register for the conference.

Hundreds Hear A Cappella Choir In 'Pajama Game'

Several hundred persons turned out at Pampa High School Auditorium last night for the opening night of the Pampa A Cappella Choir's production of "The Pajama Game."

Performances will be given again at 8 p.m. on Friday and Saturday.

General admission tickets are available from choir members and will be sold at the door. Jo Ann Craig and Kenneth McWilliams will play the lead roles of Baby Williams and Sid Sorokin. Babe, who is a worker in the Sleep 'Tite Pajama Factory and an active member of the Pajama Workers Union, falls in love with Sid, the superintendent.

Burglars Loot Pampa Store, Carry off Cabinet

Burglars apparently looking for the safe, carried away a combination locking filing cabinet from Miller's Grocery, 2000 Alcock, last night.

Police said the three foot high metal cabinet was dragged from the building and apparently loaded in a car.

The cabinet was found early this morning south of Pampa by police officers.

Police said the thieves apparently discarded the cabinet when they found there was no money inside.

Pampa Woman Hurt in Wreck

A two car collision shortly after noon yesterday slightly injured a 40-year-old Pampa woman.

Treated and released at a local doctor's clinic was Mrs. Lyle Gage of 2241 Mary Ellen.

Mrs. Gage was a passenger in a 1964 model automobile driven by her husband, Lyle. Driver of the other car was Larry D. McWilliam, 17, of 617 Sloan. He was not injured.

The accident occurred at 12:35 p.m. at Russell and Deatur.

"USING" POPE MOSCOW (UPI)—The Soviet government newspaper Izvestia said Tuesday night President Johnson and "some people" in the United States tried to exploit the visit of Pope Paul VI. "President Johnson quite noticeably tried to use his meeting with the Pope as a means of enhancing the prestige of Washington," Izvestia said.

KEEP BUILDING FORCES KUCHING, Sarawak (UPI)—Deputy Prime Minister Tun Abdul Razak of Malaysia said Tuesday his country will continue to build military forces despite what happens in Indonesia. President Sukarno of Indonesia views Malaysia as a British plan to perpetuate "neo-colonialism," and has vowed to "crush" it.

**Wall Street
In Review**

NEW YORK (UPI) — Leslie M. Pollack of Reynolds & Co., says the frenzied activity of the market in the past month indicates that we are in the final stage of the bull market which began after World War II.

He believes that the resistance met at the 930-40 level in the Dow-Jones industrial average will be resolved by a retreat to the 900-10 area and that subsequently there will be a surge to record high ground. He believes that this final stage should extend at least six months and provide many opportunities for profitable trading.

Robert T. Allen of Shearson, Hammill & Co. feels that if the Dow-Jones industrial average slips further in contracted trading and the recent high-flying issue run into further setbacks, the market would benefit in the long run, in such a situation reasonably priced issues with strong fundamentals would reassume leadership of the market.

Spear and Staff Inc. feels that the possibility of widespread increases in dividends and continued rises in earnings during October should add fuel to the bull market. The company believes that the primary trend of the market is still upward.

The Alexander Hamilton Institute advises investors to await market reactions and exercise extreme care in making new purchases.

A QUALITY RETREAD WITH NEW-CAR TIRE TREAD WIDTH AND DEPTH!

The Riverside X.L.T. is a startling new concept in retreads. Each casing must pass a strenuous series of inspections before certification. All tire bodies which show pinhole punctures, ply separation or tire wall weakness are rejected. Premium quality RIV-SYN tread is then bonded to the tire using the most advanced bonding methods. Finally, Parnelli Jones track-tested the X.L.T.—proved it a premium quality new tread. Guaranteed 24 months against tread wear and road hazards.

Wards Riverside 4-SQUARE GUARANTEE
Wards Riverside Assures the...
For the quality of material and workmanship for the life of the original tread. Adjustments will be made on the tread wear based on the price when returned.
Against road hazards (except repairable punctures) for the period specified. Adjustments will be provided on months used and based on sale price when returned.
For tread wear for the period specified. Adjustments will be based on same size and type, showing the correct exchange price* less a specific dollar allowance. (Tread wear allowance not applicable to snow tires or tires used commercially.)
*Exchange price is regular retail price plus federal excise tax less trade-in at time of return.

Foreign Commentary

By K. C. THALER
United Press International.
LONDON (UPI) — The planned Communist party congress scheduled for this spring probably will be held in March. Reliable sources also say the party's 23rd congress in Moscow will deal with the ideological state of the Communist world in the post-Khrushchev era. It also will take up the economic and political structure of the Soviet Union as well as Soviet leadership and the state of the world Communist movement, the sources say.

The Sino-Soviet conflict, it was reported, will figure prominently in the discussions, along with the future of the concept of peaceful co-existence with the West.

A decision in principle to call a new full-dress Soviet party congress was taken by the party's Central Committee which just ended a three-day meeting in Moscow with decisions on major industrial reforms.

Their key target is to provide industry with great incentives to cater for real consumer and investment needs, instead of aiming at the mere fulfillment of fictitious quotas, laid down by central authorities and often divorced from reality.

The Supreme Soviet is to meet Friday to approve the Central Committee's plans.

But the major ideology decisions have been reserved for the projected party congress which may involve also problems of the Kremlin political and party leadership, the sources said.

The great issue to be tackled is the rift in the Communist camp and the relationship with China which has been going from bad to worse and has been virtually paralyzing the Kremlin's freedom of action.

Peking has made considerable inroads into Moscow's influence in the Communist world and in the battle for leadership of the unaligned nations in Africa, Asia and Latin America, though not as much as is claimed by the Mao Tse-Tung regime.

Efforts to find some accommodation with Peking by the successors of ousted Premier Nikita Khrushchev have failed. Peking has lately been attacking them savagely for following an imperialist course in collusion with alleged United States aggression.

Lately there have been suggestions from among the pro-Soviet Communists that the time can no longer be put off when a clear-cut decision must be taken for Moscow and Peking to part publicly because the continued feud is seriously undermining the entire international Communist movement.

Another important issue to be tackled is the future relationship within the Soviet bloc where the growing trend toward greater independence is necessitating a reorganization of the Warsaw Pact alignment.

The party congress it was hinted also may provide the occasion for possible shifts within the Soviet leadership which have not taken place during the current Central Committee meeting.

The Lighter Side

By DICK WEST
United Press International.
WASHINGTON (UPI) — The Pacific Stars and Stripes, a swinging newspaper published for the U.S. armed forces in the Far East, is celebrating its 20th anniversary this week.

By coincidence, it also was 20 years ago this week that I was mustered out of the armed forces as probably the highest ranking technician-fifth grade (T-5) in the U.S. Army.

I suppose that many of the present readers of Stars and Stripes never even heard of that rank. The Army, in a typical humane gesture, dropped it sometime after World War II.

I'm not sure why the rating isn't used any more, but I like to think the Army retired it in my honor. Anyone who remained a T-5 for three years certainly deserves some kind of recognition.

We T-5's ranked somewhere between a PFC and a Corporal. That may sound impossible, but it's true.

Viewing Bold Career

It may have been my distinguished military career that prompted the editors of Pacific S&S to invite me to contribute something to their special anniversary edition.

Unfortunately, the request arrived while I was on vacation and I did not return in time to meet the deadline. However, I would like to offer congratulations and to say that, apart from the disappearance of T-5's, the armed forces apparently haven't changed very much in the past 20 years.

I have before me now a recent Air Force directive that somehow seems hauntingly familiar. According to a publication in which it appears, some of the key points are as follows:

- Airmen must stop designing their own name tags. Tags of "various sizes, shapes, colors and embellishments such as title, grades, initials and crests" definitely are not regulation.
- No "Ivy League" style trends.
- Airmen must cease tapering the legs of uniform trousers "to conform to current civilian style trends."
- No chevrons on raincoats. It makes them leak. The Air Force "has determined that the need to identify an enlisted man's grade when he is wearing a raincoat is not as important as keeping the raincoat waterproof."
- After Oct. 15, the top button and buttonhole on shade 1505 shirt will be eliminated.
- These decisions, it says, "reflect the collective judgement of a number of senior Air Force officers supplemented by technical assistance from specialized agencies and industry, if appropriate."
- Buttonhole elimination has always been a senior officer prerogative. But any military historian can tell you that technicians-fifth grade won the war.

Milk Fund Aid Goes Beyond Deliveries

By KIRK DUNCAN
MILK FUND PRESIDENT

If you were on the Milk Fund board, what would be your reaction to a request for milk for a family of deserted children? Your feelings would probably range from the emotional spectrum from disbelief to perplexity to outrage, as ours often have. Since the whereabouts of the father is usually not known, your attention, probably, would soon focus on the plight of the children.

Cooperating with other welfare agencies in Pampa, we would attempt to help this family get back on its feet. We could not possibly take the place of

TEA TROUBLE
STOURPORT, England (UPI) — Production at Europe's biggest chain-making factory was threatened here by an edict forbidding workers to make their own tea.

An estimated 500 employees stopped work during the week-end when management said workers had to get tea from automatic vending machines installed four months ago.

the missing father; however, by providing milk, groceries, clothing, housing, and medical attention, our local welfare agencies give other members of the family a chance to find employment or assistance from relatives. Our philosophy is that welfare should serve not as a permanent crutch but as a helping hand for emergencies.

AUSTRIAN AUTOBAHN
NEW YORK (UPI) — A new superhighway now makes it possible to drive across Austria from Vienna to Salzburg in just over four hours, says Pan American World Airways, which serves Vienna by Jet Clipper.

Service stations, restaurants and hotels are located at strategic points along the autobahn and access roads lead to the sightseeing highlights in Linz and the Danube region.

SNEAKY BEAR
REDDING, Calif. (UPI) — Fred Seaford may think twice before he goes hunting again.

The hunter was treated Monday for bites on an arm, hand

Dear Abby.... Corner Him and Ask For Help for Teacher

DEAR ABBY: Yesterday I ran into the husband of a woman who teaches school where my husband teaches. He asked me why I wasn't friendly with his wife any more, and told me how hurt and upset she was because I had been avoiding her. I made up some excuse, said I was rushing to an appointment, and ran.

Do I dare tell this man that his wife started coming to our home, uninvited, telling my husband and me how "starved" she was for affection and a taste of normal home life? That her husband was cruel, cold and jealous? She told us intimate tales of her marital life that we neither believed nor cared to hear. It got so bad we finally asked her not to come over any more. Then she started calling us on the phone until we had to have our number changed.

The last straw came when she asked my husband to drive her home from a school meeting one evening, and she tried to seduce him. (She wrote this in a letter to me, apologizing for her "inexcusable behavior," but wanting me to know what a marvelous husband I had because he had turned her down. Imagine!)

Can I tell her husband all this, Abby? I don't think I could or should. But if he corners me again, what then?

ON THE SPOT
DEAR ON: You corner him, and tell him you've been avoiding his wife because in your opinion she needs psychiatric treatment and you didn't know how to cope with her. To sweep the entire mess under the carpet may delay the treatment this poor woman so desperately needs. As a teacher she influences the lives of young people, so I urge you to act at once.

DEAR ABBY: I attended a dinner party recently given by a good friend of mine. Her boss was present, and all during the

meal this guest kept making insulting remarks about my sister, whom she knows quite well. I know my sister isn't perfect, but I didn't think it was in very good taste for this person to say these things in front of me. I didn't stand up for my sister because I didn't want to get my friend in bad with her boss. Was I wrong not to have said something?

"GUILTY CONSCIENCE OVER UNSPOKEN WORDS"
DEAR GUILTY: Your answer is your signature. Yes, you should have said something. It is possible to "stand up" for someone without becoming belligerent or rude. Your problem is familiar to all of us. It's 20-20 hindsight.

DEAR ABBY: A year or so after I graduated from high school I began to feel like an outsider. All my friends were getting married, raising families and entering a way of life of which I was envious. I dated, and even received a few proposals. (In fact, I was engaged once, but "chickened out" at the last minute.) Just when I was beginning to wonder if perhaps I was too "particular"—or even too "good"—along came "Mr. Right." He was a 33-year-old bachelor with all the qualifications I considered important in a husband.

Today I am the happiest 24-year-old bride of three months in the world. Abby, please tell girls to wait! And not to make the mistake of marrying just anyone for the sake of getting married. Most of my friends who married young are now divorced. Many have small children. Because both my husband and I have dated many others, and are more mature, we feel that our marriage has a better chance than the others.

HAPPIEST WIFE IN OHIO
Troubled? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

GA Auxiliary Of Lefors Honored At Enlistment Tea

LEFORS (Sp) — The Girls' Auxiliary of First Baptist Church Lefors were honored last Sunday afternoon with an enlistment tea in the Fellowship Hall of the church. Mothers and daughters of all girls becoming of age to belong to the organization were guests off he present members.

The Auxiliary colors were used as motif for the occasion. The serving table was covered with a white linen cloth, centered with a huge world globe, encircled with dolls of foreign countries, and captioned, "GA's around the world." The crystal punch appointments and cake inscribed with GA emblem occupied each end of the table, with green candles dividing the table.

Guests were registered at a table covered with white linen cloth with green and gold streamers with a world globe at the far end. Miss Connie Thacker registered the guests.

Past president, Miss Margie Chastain, welcomed the guests and new members, followed by an outline of the coming year's work. Incoming, intermediate president, Miss Sue Thacker, introduced the counselors.

Miss Sandra Cain sang inspirational music accompanied by Miss Margie Chastain. Miss Susan Cain played the background music for the afternoon. A short skirt, "Ain't Whimmin' Funny" was given by GA director, Mrs. H. L. Teel.

Twenty-four members and guests were present.

Astrological Forecast

By CARROLL RIGHTER

For THURSDAY, OCT. 7
GENERAL TENDENCIES: (You have many brilliant ideas this Thursday. Gaining the good will of others through an alertness you can easily bring to pass by a constant vigilance to observe their moods and their attitudes. When they come to you for suggestions or advice you will be able to give the right answers.)
ARIES (Mar. 21 to Apr. 19) — Thinking, planning far into the future is wise on this day, as well as setting a firm hand where needed. Look to some authority for the key to professional affairs. Be grateful.
TAURUS (Apr. 20 to May 20) — Excellent friends are desirous of doing you great favors, so stop hiding your light under a bushel and get going. Get out of that comfortable chair in p.m. Be a social lion.
GEMINI (May 21 to June 21) — Contacting the influential and stating your ideas, showing inventions, etc. is best way to make the most of this fine day. Be sure to get credit lettered. Show good will and all is fine.
CANCER (June 22 to July 22) — You have a different and better conception of what must be done now to gain the support and good will of others. Don't waste time. Be just as intelligent in your social life.
LEO (July 23 to Aug. 23) — Get busy handling all obligations and later show your true love that you are highly devoted very romantic. Listen to the voice of your intuition. You will be guided properly.
VIRGO (Aug. 24 to Sept. 23) — You can be very ingenious and make an excellent impression on your associates right now. Don't procrastinate. Many things occur to show just what your relative position is with others.
LIBRA (Sept. 24 to Oct. 23) — Tackle all those tasks before you and put them behind you quickly, using most efficient system. Turn labor into pleasure thereby. Be neat and precise and make this a habit.
SCORPIO (Oct. 24 to Nov. 22) — If you are adjusted properly to your planet this can be a happy day for you. Take time to realize that others need your help. Also, take them out for recreation.
SAGITTARIUS (Nov. 23 to Dec. 22) — Though it may not be quite to your liking, family expects you to do certain things in a certain way. Do them. Establish greater harmony. Then all works out to your benefit.
CAPRICORN (Dec. 23 to Jan. 20) — You require more data in order for your daily work to go more smoothly and this is fine day to go after it. Accomplish a great deal in short time. Evening recreation vital.
AQUARIUS (Jan. 21 to Feb. 19) — Studying new outlets that will bring you greater abundance is very wise now. Look after your own welfare now and make that of others secondary. Be yourself expanded.
PISCES (Feb. 20 to Mar. 20) — Make a few calls and see if social affairs are going on that you can attend. Otherwise find own outlets, since you need the company of others today. Dress well, be fascinating.

38TH YEAR
THE PAMPA DAILY NEWS
WEDNESDAY, OCTOBER 6, 1965

Gardening News

By THELMA BRAY

Here is a bit of interesting information from Guymon, Okla. "This year's cocklebur bloom crop was excellent", said the president of a laboratory which uses the blooms in medicine for treating allergies.

Cocklebur bloom pickers plucked 1,200 barrels of the crop in three days in the Oklahoma Panhandle, reported Tom R. Stemen of Oklahoma City.

The following is very timely information for anyone who is planning to enter roses in the Council of Garden Clubs Flower Show scheduled for October 16 in Lovett Memorial Library. The article is quoted from Alma Dixon, Michigan State Horticulture Chairman, on the "Storage of Cut Roses."

"File away for future use the following suggestion for 'Storing Cut Roses'. It really works!"

Roses kept in dry storage will keep in perfect condition for about ten days and go on to win blue ribbons (all things being equal), or to add glamour to a sumptuous banquet table.

1. Cut buds late in the afternoon, usually as two petals have unfurled, and wash off spray residue on leaves.

2. Next, spiral a strip of wax paper or soft tissue around stems to protect leaves from being damaged by thorns.

3. Lay each rose on a sheet of Saran Wrap about three inches longer than stem. Fold edges at sides, sealing them with a gentle pressure of the fingers. Fold and seal top with Scotch tape. Smooth air down and out of the bottom and seal bottom.

4. Now place a cushion of shredded newspaper on a shelf in the refrigerator, and place roses on it to protect them against cold burn. Place a pillow of paper at the neck of each bloom to prevent it from drooping. Reverse each layer, placing flowerheads in one direction in each layer and the opposite direction in the next. A tempera-

ture of 33 to 38 F. will give good results.

5. About six hours before a show or the night before, take roses out of the refrigerator. Cut the bottom of the sealed wrapper exposing only two inches of the stem. Now cut three-quarters of an inch off the stem and insert it in two inches of warm water (heated to 110 degrees F.). When 20 minutes have elapsed, take the rose out of the warm water and plunge stem in orchid tube filled with cold water.

For the serious exhibitor, there are the "Rose Keepers." These plastic tubes save time and space, but they are expensive—\$13.50 for ten!

If the roses are being stored for a show, a simple method of transportation is to use a heavy cardboard box lined with aluminum foil, placing newspapers over the foil. Crushed ice in plastic bags placed under and around the wrapped blooms will protect the roses until they are placed in vases on the show table.

Try this dry storage method as insurance against the rose gremlins who seem to delight in "doing battle", be it the day of the show or that special dinner party!

Mrs. Tubb Hosts Amuse-You Club

CANADIAN (Sp) — Mrs. George Tubb was hostess to the Amuse-You Club in her home Friday afternoon.

Refreshments of Dutch Apple pie and coffee were served. The afternoon was spent playing "42".

Guests were Mrs. L. S. Hardage and Mrs. Marion McGinty. Members present were Mmes. Paul Bryant, A. J. Longhofer, H. S. Wilbur, P. D. Moseley, Percy Hill, Jess Lindley, Charles Teas, J. L. Lindley, L. P. Ward and J. J. Caudle.

Pampa Looks For 2nd Win

By RON CROSS
News Sports Editor

Pampa's 'last half' Harvesters hope to play four full quarters of football Thursday night when Caprock plays host in a 3-4A league contest.

Game time is 7:30 p.m.

Pampa, 1-3 for the season and 1-1 in league play is smarting from a 34-14 loss to Tascosa last week.

The Harvesters trailed 28-0 at the half last week, only to outscore the Rebels, 14-6 in the final two periods.

Caprock went down to defeat for the first time last week, losing to Lubbock, 18-15. The Horns are 2-1-1 for the season and 1-1 in league play.

The Longhorns tied Burgess of El Paso in their opening contest, then beat Lubbock Coronado and Borger, in that order, before the Friday night loss.

The Longhorns have an ex-

perienced and hard hitting football team with 17 lettermen on the squad. They have one of the better 3-4A defenses.

Caprock will count mostly on the running of fullback Tom Maxwell, a 175-pound senior with two years of competition and halfback Clarence Vaughn, converted from a fullback to the halfback slot.

The Horns are light but fast, with their backfield almost outweighing their line. In the line the Horns average 155 pounds per player and backfield wise the average weight per man is 163 pounds.

Pampa has never lost to Caprock in the two games the teams have played. Pampa won 14-7 in 1963 and won a high scoring affair, 30-25 last season.

It's no secret that the Harvesters have been a last half ball team, playing and most of the time out playing their opponents in the final two periods.

Pampa had to come from a 14 point deficit against Palo Duro in the final two periods to win and last week outplayed Tascosa in the last half, but lost. Save for four plays, a pass interception, a fumble and two long 'bombs' by the Rebels it could have been a different ball game.

The Harvesters are still hurt by the absence of fullback Ted Heiskell, out with a leg ailment until next week.

Pampa does have the 3-4A top scorer in quarterback Roy Harper and got a pleasant surprise Friday night by the running of sophomore Shelby Schaub, a fullback brought up from the Shockers. Schaub picked up 42 yards rushing on seven carries.

In other 3-4A action this Friday the Borger Bulldogs play at Amarillo; Lubbock hosts Palo Duro and Plainview hosts Littlefield in a non-league game. Saturday Tascosa hosts Monterey for what could be the league championship.

Shockers Host Lubbock Thursday

The Pampa Shockers look for their fourth victory of the season Thursday and third in a row when they host Lubbock for a game with the Westerners B team.

Game time is 3:30 p.m. Thursday.

The Shockers have downed Perryton, lost to Borger and beaten Lubbock Coronado and Amarillo Sandies B.

All Pampa and Lee Junior High teams play this week.

Lee ninth plays at Borger Austin while the Lee eighth hosts the Austin eighth, all on Thursday and Friday Lee seventh plays host to Dumas.

Pampa Junior High ninth hosts Dumas, the eighth grade plays at Dumas and Pampa seventh hosts Houston, all on Thursday.

DODGERS' DOERS — These Los Angeles Dodger stars helped make the season successful for manager Walter Alston, upper left. Jim Lefebvre, top right, was a brilliant rookie second baseman. The established order consisted of, bottom row, left to right, Maury Wills, Don Drysdale, John Roseboro and Sandy Koufax.

Grant, Drysdale Open Series

MINNEAPOLIS-ST. PAUL (UPI)—The Los Angeles Dodgers coming off a hot streak, and the Minnesota Twins, who coasted to the American League pennant, met in the

World Series opener today with their ace right handers on the pitching mound.

For the Dodgers, who won 15 of their last 16 games to beat out the San Francisco Giants for the National League pennant, it was big Don Drysdale, a side-wheeling specialist who never has lost a series game as the starter.

For the Twins it was Jim (Mudcat) Grant, with a season record of 21 victories against seven defeats, and who never has pitched in a series game.

With the forecast calling for sunny weather and the temperatures in the 60's, the Dodgers

Razorbacks to Seek 16th in Row Saturday

By United Press International

The Arkansas Razorbacks, going for their 16th straight victory against Baylor's Bears Saturday, are doing things in "jack-in-the-box" style. But who can complain when the scoreboard comes out right?

The Razorbacks' defensive team has had to change its style of play each week because the schedule had them playing a running team, passing team, running team and now again a passing team.

Jim MacKenzie, defensive coach, said his players were making progress weekly but had to overcome the difficulty in working in close one week and spreading out the next. MacKenzie said it causes players to lose "instant reaction."

The Razorbacks' defense has had to change its style of play each week because the schedule had them playing a running team, passing team, running team and now again a passing team.

Jim MacKenzie, defensive coach, said his players were making progress weekly but had to overcome the difficulty in working in close one week and spreading out the next. MacKenzie said it causes players to lose "instant reaction."

World Series Facts, Figures

MINNEAPOLIS-ST. PAUL (UPI)—Facts and figures on the 1965 World Series:

Participants — Los Angeles Dodgers (National League champions) vs. Minnesota Twins (American League champions).

Winner—First team to win four games.

Schedule—First and second games at Minnesota, Wednesday, Oct. 6, and Thursday, Oct. 7; third, fourth and fifth (if necessary) games at Los Angeles, Saturday, Oct. 9, Sunday, Oct. 10, and Monday, Oct. 11; sixth and seventh games (if necessary) at Minnesota, Wednesday, Oct. 13, and Thursday, Oct. 14.

Starting time — all games start at 1 p.m., (local times).

First game starting pitchers — Jim Grant (21-7) of the Twins vs. Don Drysdale (23-12) of the Dodgers.

Odds—First game, Dodgers favored, 11-10; Series, Dodgers, favored, 7-5.

Weather forecast for first game: Clear, temperatures in mid-60s.

Managers—Sam Mele of the Twins, Walter Alston of the Dodgers.

Radio-TV — Televised and broadcast nationally by NBC.

Fairly Scoffs At Weak Attack

MINNEAPOLIS-ST. PAUL (UPI)—The Los Angeles Dodgers' Ron Fairly scoffed at the scoffers today, those who proclaim his team won the National League championship with a pitty-pat attack.

"I wouldn't say we're weak with the bat," he said challengingly.

"Cincinnati has a smaller ball park than Minnesota, and look at how many runs we scored there. We scored well in St. Louis, and Philadelphia, and Milwaukee and Chicago, too.

"What makes people think we don't hit is that we play so many games in our own park, and it's bigger than any of the rest."

Scanning the outfield fences at Minnesota's Metropolitan Stadium, where Fairly will begin competition in his third World Series today, he pointed out the comparable distances in the Dodgers' Chavez Ravine run 10 to 15 feet more in every direction.

"Minnesota can go out and score a lot of runs," he said. "So can San Francisco. But I think San Francisco is the only team in our league that outscored us in our own park."

Fairly, one of 11 Dodgers with World Series experience, never has played on a losing team in the series as the Dodgers beat the Chicago White Sox in 1959, 4-2, and swept the series from the New York Yankees in 1963, 4-0.

WPGA Golf Set Thursday

The Ladies will take over Pampa Country Club golf course Thursday with the Women's Panhandle Golf Association tournament stated here.

A shotgun start will get underway at 9:30 a.m. with 100 golfers from throughout the Panhandle expected.

The course will be closed to all male players until about 2 p.m. when the tournament is expected to be over.

The ladies will play 18 holes of medal play. A dinner and prize presentation will be held at 2 p.m. at the club.

Mrs. Henry Frazer and Mrs. W. E. Ellis are the Pampa Panhandle representatives of the WPGA.

ROOKIES SIGN
LONDON (UPI)—Rookie center Gary Peters and right wing Lou Angliti Tuesday signed their 1965-66 contracts with the New York Rangers of the National Hockey League.

Miami Hosts 'Horn in Homecoming

It will be homecoming at Miami Friday night and the Warriors will hook up with one of the unbeaten in conference 5-B, Darruzett in a league game.

The Warriors have fashioned a 2-1 record while Darruzett is 2-0-1 and both teams were idle last week.

Two other conference attractions are on tap in 5-B with Wheeler putting its 16-game unbeaten streak on the line against once beaten but once tied Follett.

The Mustangs are 4-0 this season and Follett is 3-1-1.

In the other league affair unbeaten Groom (3-0-1) hosts Booker, 1-2 and Lefors (0-3) hosts Vega (2-1) in a non-league contest.

White Deer (4-0) puts its unbeaten streak on the line against Claude (3-1-1) at the Bucks home field.

Winless Canadian (0-4) hosts Panhandle and McLean (2-2) hosts Gruver, 2-2.

No Collusion, But Twins, LA are Friendly

By MILTON RICHMAN
MINNEAPOLIS (UPI)—This particular World Series could easily go down in the record books as the friendliest one of all time.

Now please don't go getting overheated, Mr. Commissioner, because there is absolutely no collusion involved between the contending clubs.

Strangely, neither is there the slightest sign of animosity between them.

For example:

The Twins know Don Drysdale throws a spitter and it doesn't bother them a bit. As

a matter of fact, he's so good, he doesn't even need it, they say.

Then you take a fellow like Maury Wills. No one believes in the Dodgers more than he does. But he doesn't believe they'll win four in a row.

"Why is everyone down-grading the Twins?" he asks. "They have a good ball club. I don't see us winning in four. I think they're good enough to win a couple of games from us."

Equitable Sam

Now you swing over to Sam Mele. Would he think of doctoring the infield to slow down

Wills? Not on your life. "We'll play it fair," he says. "That's the way we always do."

More than that, the front office officials of the Twins and the Dodgers have been warm personal friends for years. Not merely nodding acquaintances, but the kind who often go out to eat together, play jokes on one another and frequently communicate long distance.

Never in any World Series before have the scouting reports on both clubs been such an open secret.

Like Ron Fairly: average

runner... not much on the bases... does not use bleach on his red hair.

Or Bob Allison, who likes the ball out over the plate... can be fooled by off-speed pitches... but wears his trousers higher than anyone else on the club.

In keeping with this spirit, my personal prediction is the Dodgers in six nice friendly games.

A Touch Of Rancor

There was just a hint of acid before the series opened but it really didn't amount to

much. Jim (Mudcat) Grant, who started for the Twins today, was at a local luncheon and somehow the talk got around to Drysdale and how he has, on given occasions dumped enemy batsmen on their wheelbases with his side-arm deliveries.

"Well, if he goes that to our fellows, I can do the same thing to them," replied Grant. A minor - do was made over Grant's remark and apparently he had some second thoughts about it because when that same subject was

broached a couple of days later, he recanted. To a degree anyway.

"I just said that in jest," explained Grant. "I didn't say I was going out there with the idea of knocking any of them down. But of course, if it got to be that kind of game... Chances are it never will."

As Walt Alston said when someone asked him for his prediction:

"I never make any. I'm just glad to be here."

So are the Twins, who never had been before.

Oh yes, as to the reasons for my picking L.A. in six. I don't think the Twins will be able to stop Wills, nor do I think they have anyone on their pitching staff to match Drysdale and Sandy Koufax combined.

Minnesota has the power but that doesn't mean much. If it did, the Reds, Braves or Giants would have won in the N.L. If you look it up, you'll see the Dodgers did.

And I think they'll do it again. In a nice, friendly way, of course.

Baylor, Texas Frosh to Meet

WACO, Tex. (UPI)— Freshman teams from Texas and Baylor meet tomorrow night, with the Texas Yearlings trying to even the series.

The Baylor Cubs have conquered in 9 of the previous 13 meetings, with the Yearlings winning 8. There was one tie.

The teams have split in the past four years, with each winning two games.

Read the News Classified Ads

TOP TEN HAVE EDGE

Nebraska, Texas Loom As 17 Point Favorites

NEW YORK (UPI)—Nebraska and Texas are 17-point favorites to demolish their underdog opposition Saturday as they battle for the top spot in the national rankings.

Nebraska, rated No. 1 among the nation's major college teams, carries a 3-0 record into its game against Wisconsin, while Texas puts its second-place ranking and 3-0 record on the line against Oklahoma.

Oklahoma (0-2) is the only mutual opponent of the top two teams, and high scoring might provide an edge in an eventual showdown for the national championship. Although Texas received 19 first-place votes

compared to 12 for Nebraska, the Longhorns were shaded in the over-all point standings.

Other teams in the top 10 favored by lopsided margins were Notre Dame (6) 19 over Army, Alabama (9) 13 over Vanderbilt and Georgia (5) 13 over Clemson.

The only underdog among the top 10 is 10th-ranked Oregon, which is rated one point inferior to Stanford.

Third-ranked Arkansas is an eight-point pick to extend its 14-game winning streak against Baylor, which lost passing ace Terry Southall for the next several weeks.

and Mary, Harvard 17 over Columbia, Dartmouth 21 over Pennsylvania.

South: Mississippi 2 over Florida, North Carolina 5 over North Carolina State, Maryland 6 over Wake Forest, Georgia Tech 7 over Tulane, Duke 7 over Pittsburgh, Louisiana State 7 over Miami (Fla.), Kentucky 7 over Florida State, Tennessee 7 over South Carolina, Virginia 18 over VMI.

Midwest: Northwestern even against Oregon State, Ohio State 4 over Illinois, Kansas 6 over Iowa State, Minnesota 7 over Indiana, Missouri 26 over Kansas State.

Southwest: Texas Tech 6 over Texas Christian, Texas A&M 6 over Houston.

West: Colorado even against Oklahoma State, California 7 over Air Force, Syracuse 5 over UCLA.

Odds for professional games: American Football League: Oakland 5 over Boston, Buffalo even against San Diego, Kansas City 1 over Denver.

National Football League: Chicago 3 over Los Angeles, Cleveland 17 over Pittsburgh, Baltimore 9 over Detroit, Green Bay 9 over San Francisco, Dallas 10 over Philadelphia.

Michigan State, the fourth-rated team, is only one point over archival and defending Big Ten champion Michigan.

Purdue (7) is rated six points over Iowa; Southern California (8) is four over Washington and Mississippi State, tied for 10th with Oregon, is a prohibitive favorite against Southern Mississippi.

In other games, by sections:

East: Yale 3 points over Brown, Penn State 5 over Boston College, Princeton 5 over Cornell, Colgate 10 over Holy Cross, Navy 16 over William

Stevens Leading In Total Offense

NEW YORK (UPI)—It's not easy to lose 129 yards rushing in three games and still lead all major college players in total offense, but Texas Western's Billy Stevens is doing just that.

Stevens has more than made up for his deficiency as a runner by connecting on 55 of 111 passes for 1,106 yards and 10 touchdowns. So, despite his minus 129 yards on the ground he still holds a 286-yard advantage over Purdue's Bob Griese in total offense, 977 to 691.

Almost all of Griese's 691 yards have come on passes, but the No. 3 man in total offense, Vic Purvis of Southern Mississippi is a different breed of quarterback. Of his 683 yards, 476 have come on the ground, enough to give him the lead in the rushing department.

Southern California's Mike Garrett has gained 472 yards rushing in three games and dropped to the No. 2 spot in rushing. The only other man with more than 400 yards rushing is Garrett Ford of West Virginia who holds down the No. 3 spot with 418.

Tulsa's Bill Anderson tops all the major college passers with 66 completions in 116 tries, a 56.9 percentage. Stevens' 55 completions earned him second place in the passing department, although his 10 TDs and 1,106 yards are by far the best in the nation.

Olympic Part Of Congress Opens New Talks Today

MADRID (UPI)—The 63rd Congress of the International Olympic Committee (IOC) officially opens today with the groundwork already laid for a potentially explosive controversy.

The controversy centered on East Germany's petition for a separate Olympic team in 1968, a move opposed by many of the member nations of the IOC.

Heinz Schoebel, the president of the East German National Olympic Committee, appeared before the executive board of the IOC Tuesday. According to informed sources, he refused to agree on a compromise proposal to maintain a united German team through 1968.

The International Olympic Committee fears that a fully-fledged East German team would have trouble getting visas from the NATO travel office to compete at Grenoble, France, in the 1968 Winter Olympics.

Church Burton of Wisconsin holds down the third spot with 49 completions, 477 yards and two touchdowns. Despite a phenomenal 76.7 completion percentage, Griese's 46 completions, 622 yards and seven touchdowns are only good enough for fourth place.

ANNOUNCERS SET

NEW YORK (UPI)—Minnesota broadcaster Ray Scott and Los Angeles announcer Vince Scully will handle the television announcing for the World Series, it was announced Tuesday by baseball Commissioner Ford Frick and the National Broadcasting Company.

Byrum Saam (Philadelphia Phillies) and Joe Garagiola (New York Yankees) will handle the radio announcing.

TOUGH DAY — Navy coach Bill Elias (top) and Alabama's Bear Bryant (wiping brow, below) show that autumn Saturdays can be a lot tougher than most people think. Vince Dooley of Georgia, bottom right, takes it more calmly.

Oilers Coach Blasts Officials

HOUSTON (UPI)— Coach Hugh (Bones) Taylor of the Houston Oilers leveled a mild blast Tuesday at the officiating in his team's 14-14 loss to the San Diego Chargers last Sunday.

"I'm not trying to put the bite on them (the officials). I know they are trying to do their job," Taylor said yesterday. "But I just want to know what they were watching when this man has both his hands on Willie Frazier early in the second quarter. There are 10 eyes out there and nobody caught it."

TO DEFEND TITLE

LONDON (UPI)—Brian Curvis, British and Empire welterweight champion will defend his titles against Scotsman Sammy McSpadden at Cardiff Nov. 18 or 25, it was announced Tuesday.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Little Samples of Nature

Every 24 hours America loses over 3,000 acres of natural land to development. This amounts to about one million acres a year going into such things as urban expansion, housing subdivisions, shopping centers, highways and so on.

Fewer and fewer children today have the benefit of first-hand, intimate experience with the wonders and beauties of land in its natural and unspoiled state.

Even our many state and national parks are becoming over-taxed by a growing population with the leisure and money to travel whatever distances are required to reach these oases of nature.

Realizing that the problem of conservation in an urban nation depends in large part on reaching children, who will have charge of our natural resources in the future, the National Audubon Society in 1944 came up with the idea of educational nature centers.

These would be areas of undeveloped land near communities, modest patches of forest and meadow and stream, by means of which trained teacher-naturalists could lead children to personal experiences with nature. They would be outdoor laboratories — "green islands for learning" — to which school teachers could bring their classes, scout leaders their troops, parents their children.

Today there are some 200 nature centers in the United States and Canada, both publicly and privately administered. Some of the best ones have conservation demonstration areas, astronomical observatories, model farms and gardens, weather stations and scientific libraries and other educational aids. Others are simply a pleasant preserve where the typical flora and fauna of the locality can be seen.

But these centers make only a small dent in the needs of a population of 200 million. It is hoped there will be 1,000 of them by 1985 and twice that number by the year 2000.

Through its Nature Centers Division, the society is working throughout the nation to sell the concept of these "green islands" and to provide technical assistance to local groups and agencies wishing to establish one for their communities.

These would be areas of undeveloped land near communities, modest patches of forest and meadow and stream, by means of which trained teacher-naturalists could lead children to personal experiences with nature.

Hanoi Threat to Execute Captured U. S. Pilots Triggers New Consideration of a North Viet Nam Blockade

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — Hanoi's cold-blooded threat to put captured American pilots on trial as war criminals is giving new life to a U. S. military proposal for a naval blockade of North Vietnam.

Supported by a powerful group in Congress, the Joint Chiefs of Staff are urging President Johnson to use this powerful weapon as a countermeasure to meet this new Communist effort at blackmail.

In a series of backstage meetings at the White House, they are telling the President that a drum-tight blockade will strike at the source of this threat by cutting off the flow of Russian-made anti-aircraft guns, ammunition, and missiles into North Vietnam.

Without a steady supply of replacement parts and ammunition for these Soviet anti-aircraft guns and fuel to run the radar generators, these military advisers say, the North Vietnamese air defenses will begin to fall apart, greatly reducing the chances of U. S. pilots being shot down and captured.

In presenting their case for strong countermeasures, the Joint Chiefs of Staff are stressing that a naval blockade would put heavy economic pressure on the shaky Hanoi regime, since nearly 60 per cent of all North Vietnamese imports come by sea.

It is these military advisers' estimate that a six to eight months quarantine of North Viet Nam could bring Ho Chi Minh to terms or soften up his Red government sufficiently so it could later be toppled by saturation bombing of industrial, communication, and transportation centers near Hanoi and Haiphong.

Since the start of U. S. raids on North Viet Nam, these strategic targets have been off-limits for U. S. bombers. HITTING THE ENEMY—Several of the lawmakers backing the blockade proposal of the Joint Chiefs of Staff are seeking even tougher action, including economic pressure directly on Moscow.

Senator Thomas Dodd, D-Conn., vice-chairman of the Senate Internal Security Subcommittee and a frequent visitor at the White House, wants the President to bar all trade and sales of U. S. farm commodities to Russia until the present Soviet leaders agree to end arms shipments to the North Vietnamese.

With backing from Speaker John McCormack, D-Mass., and Representative Michael Feighan, D-O., Senator Dodd is urging the President to use the same tactics on Russia that the State Department employed against India and Pakistan to force their cease-fire.

He points out that the decisive factor in bringing about a cease-fire between those two non-Communist nations was the threat of stopping economic assistance, including U. S. food,

stating: "There is no doubt that it was our economic pressure on Pakistan and India that brought at least a temporary end to their fighting. Why shouldn't we use similar tactics to make the Russians stop shipping arms to the North Vietnamese? We could cut off all trade and bar all sales of surplus wheat until the Soviets comply. Our trade and food should be used as peace weapons."

In reply to these congressional and military advisers, President Johnson is taking the position that their proposals must be thoroughly studied by Secretary of State Rusk and Presidential Assistant McGeorge Bundy before he can make a final decision.

Although he rejected similar proposals in the past on the advice of Rusk and Bundy, neither the Joint Chiefs of Staff nor the lawmakers are taking this latest presidential move as an indication that he will do so again.

They are encouraged by reports that the President now goes out of his way to tell White House callers of his deep concern for the fate of captured U. S. airmen. In one instance, he pounded his desk saying: "Something drastic must be done soon to bring those madmen in Hanoi to their senses."

BATTLEFRONT REPORT—A very recent "situation report" from General William C. Westmoreland, commander of all U. S. forces in Viet Nam, could influence the President's final decision if it reaches his desk.

Prepared for the Joint Chiefs of Staff, it recommends that a naval blockade be authorized to cut off the growing flow of Russian-made weapons into North Viet Nam by sea. Part of an over-all program to increase the security of U. S. forces in South Viet Nam, this report warns of the North Vietnamese growing capability to shoot down U. S. planes both at high and low levels.

The document makes vividly clear that each Soviet weapon that reaches North Viet Nam, regardless of whether it is an anti-aircraft gun or a sniper's rifle, will be used to kill U. S. or South Vietnamese soldiers.

The Westmoreland report carries a blunt reminder that the denial of these arms to the North Vietnamese at their port of entry will not only save American and South Vietnamese lives but might well turn the tide of battle.

The next move is up to President Johnson.

Wit and Whimsy

By the end of the evening some women are so tired they have trouble keeping their mouths open.

The common cold problem would be solved until it becomes uncommon.

Between the Bookends

THE THREE LITTLE PIGS A timeless classic in the literature of world affairs is George Orwell's "Animal Farm" — a fable of animals who take over the operations of a farm (published in paperback by Signet, 501 Madison Ave., New York 22, N. Y.; 60 cents).

This short, brilliantly conceived epic describes how the animals are incited to drive the human beings off the farm. In the "animalism" dialectic, the human beings are what the capitalists are in the communism dialectic. The pigs bring off the revolution by reminding the animals that humans are parasites who live off the labor of animals.

Since Orwell was not an economist, he did not point out that labor is relatively worthless without the so-called "parasite" around to arrange the exchange by which an individual can trade his labor for what he wants.

But Orwell was a philosopher of the first rank; and he makes the point very neatly that it makes no difference who your rulers are, they will rule you. Once having assumed control of the farm, the pigs begin to emulate the humans and adopt special privileges for themselves.

Every rule established at the beginning of the revolution is later qualified. The commandment "No animal shall kill any other animal" is amended to read "No animal shall kill any other animal without cause." And, of course, the rulers determine what is "cause."

Orwell, a socialist, was directing his fire at the communist. Yet, perhaps unwittingly, he was pointing up the absurdity of every form of collectivism. As his pigs make abundantly clear, the pretty speeches and high-sounding slogans are inevitably backed up by the vicious dogs who will enforce the rulers' will when patriotism no longer works.

In fact, "Animal Farm" is really nothing more than an elaboration of Lord Acton's famous observation: "Power corrupts; and absolute power corrupts absolutely." It matters little who holds the power — be he communist, socialist, fascist or welfare state.

Of George Orwell's many published works, "Animal Farm" ranks alongside of "1984" as one of his two best.

Highlights and Sidelights From the State Capitol

AUSTIN — A governors committee soon will embark on the most ambitious effort yet undertaken in Texas to find what is wrong with the public schools and to make them better.

Governor John Connally rapidly is completing appointments to his 15-member committee on public school education which was authorized by the 59th Legislature. It is expected to be in operation within the next month.

Activities, to a large extent, parallel those of the earlier Governor's Committee on Education Beyond the High School which probed needs of higher education. However, this new assignment necessarily is more massive.

A three-year study of the public school system and formulation of a long-range plan to make Texas "a national leader in educational aspiration, commitment and achievement" was directed by the Legislature. Connally insisted the study requirement be made a part of the school teacher pay act of 1965.

State financing to the tune of \$100,000 this year and \$150,000 next year is provided for — with additional funds expected from federal sources.

Every state agency and institution and all state and local school officials are directed by

the Legislature to cooperate with the committee in a "pervasive inquiry into every facet of Texas public elementary and secondary education."

Meanwhile, the Coordinating Board for Texas Colleges and Universities — a product of the earlier higher education study — has set Oct. 18 for its next meeting here. Session will be the powerful board's first real chance to get down to planning for higher education needs since its organizational meeting Sept. 20.

ATTORNEY GENERAL RULES — A person placed on probation for first-offense driving while intoxicated is not subject to automatic suspension of driver's license, Atty. Gen. Wagner Carr has ruled.

In an opinion requested by Fort Bend County Atty. R. A. Stallings of Richmond, Carr concluded that since a probated sentence is not a final conviction, there is no automatic license suspension. If probation is revoked and judgment becomes final, the license would be suspended at that time, Carr said.

Opinion settled widespread speculation on terms of the new Misdemeanor Probation Law. In separate opinion, Carr held school officials are directed by

deral laws and laws of other states.

SOLDIERING — Draft quotas have doubled and local boards no longer are as liberal in deferment policies for students.

Col. Morris S. Schwartz, state Selective Service director, still is recommending deferment of undergraduate students enrolled for 12 or more semester hours.

A student is recommended for deferment only if there is evidence to prove he is making progress toward his bachelor's degree in four years, or in five if the degree requires additional study, Schwartz said.

A student may take even less than a full load if he is able to complete his college training in four or five years.

Colonel Schwartz said draft headquarters would not recommend deferment of students taking less than nine hours.

Those who drop out of school, carry less than the full academic load, or are placed on scholastic probation, can expect termination of deferments.

About 450 Texas doctors have been ordered to take required physical examinations by Texas draft boards as part of anticipated calls for doctors, dentists and veterinarians to enter active armed forces duty in January.

At the present time, only those born in 1937 or later will be affected.

COMMUNICABLE DISEASE — As the state's population increases, the number of communicable disease cases increase. Gonorrhea accounts for more illness than any other disease plaguing the state's inhabitants, says the State Department of Health and this year's total tops last year's by almost 1,000.

Strep throat is second behind gonorrhea, in the number of cases each year. Only last week, 631 cases were reported, as compared with 759 cases of gonorrhea. Syphilis is third, with 140 cases noted last week.

BUSINESS BOOMING — Texas retail sales for August totaled nearly \$1,300,000,000. This is a record for August, seven per cent above Aug. of 1964. So states the UT Bureau of Business Research.

Bureau reported "general optimism" for a high sales level throughout 1965. Christmas shopping season volume is expected to top the 1964 record by five to 10 per cent. Automobiles, major items of household equipment, color television sets and other leisure goods are major contributors to the sales boom.

QUARANTINE REGULATIONS — Texas Highway Department has given notice in 11 Texas counties that soil and soil moving equipment operating in regulated areas is subject to plant quarantine regulations.

Regulations apply to cleaning soil from equipment before it is moved from regulated areas. These counties are Harris, Hardin, Jasper, Jefferson, Liberty, Newton, Orange, Tyler, Bexar, Montgomery and Dallas.

BIG GAME SEASON ON — Hunting season for big game opened — for bow and arrow hunters and antelope shooters — last weekend.

Regular season begins Nov. 13 for counties under regulatory responsibility of Parks and Wildlife Department and November 16 in those functioning under separate laws.

P&W Commission has held hearings and is setting seasons, bag limits and methods of taking wildlife resources in 35 counties newly placed under its responsibility.

Free hunts of wildlife management areas will accommodate 2,680 hunters this year. Hunters have until Oct. 25 to apply to P&W Department. A public drawing will determine participants.

AGRICULTURE MEET — Representatives of the Texas and U.S. Departments of Agriculture are planning a meeting with Mexican agricultural officials to discuss international pest control problems, mainly pink bollworm.

Mexican violations of the 12 year old international planting and plow-up agreements on cotton have caused serious problems in insect control.

JOE HAWKINS APPLIANCES

854 W. Foster MO 4-3207

Application proposes a reservoir of 66,670 acre-feet at normal spillway level, 164,350 acre-feet at service spillway crest. A slow release of flood waters is proposed.

RESERVOIR REFUSED — Texas Water Rights Commission denied application for \$4,750,000 reservoir on Village Creek near Kountze in Hardin County.

Commission acted after opponents testified the project would mean an added tax burden of \$308,992 a year for property owners in the southeast Texas area and that additional 33,000 acre feet of water which the dam would impound will not be needed for more than 30 years.

Advocates were advised they could reaply for creation of a district empowered only with making surveys to determine feasibility or to develop plans for a water supply program if desired.

APPOINTMENTS ANNOUNCED — Glenn Biggs, Abilene rector, now is executive administrative assistant to Speaker of House Ben F. Barnes.

Biggs' main responsibility will be management of activities involving interim legislative committees and implementing work of Texas Legislative Council, research arm of the Legislature.

Barnes also appointed five lawmakers to the important committee to study criminal law revision. They are Reps. Dudley Mann of El Paso, Walter Knapp of Amarillo, Rayford Price of Frankston, Joe Shannon of Fort Worth and Jack Woods of Waco. Group will study punishment, penalties, sentencing, probation and parole and definition of crimes. Also, it will review related fe-
