PEP RALLY

Every man, woman and child in Big Spring is invited to have a good, neighborly time beginning at 7:30 p. m. Thursday on the high school campus lawn, when the first football pep rally will be opened.

Coach Obie Bristow, fairly radiating interest and a deep desire to see the entire community display active support of the high school Slers, voiced the hope that the largest crowd ever to gather for such a session here would be present.

The rally will precede the first football game of the season here Friday afternoon, with Lamesa as the opponent.

How about opening the football season right by staging a 'shut down' of the business district from 2:45 to 4:15 p. m. Friday during the Big Spring-Lamesa football game. We understand this custom once was generally practiced here but that in recent years when the town witnessed a general loss of interest in football, it was abandoned.

It would be a great encouragement to the players and coaches. It would give the whole town a good opportunity of getting a start at the latest edition of Steers.

Think it over.

We believe the legislature will adopt a measure designed to cure economic ills caused by the cotton market collapse. It will very likely not be the Long plan. A 50 per cent reduction, followed by one-third reduction in 1933 and thereafter appears to be the plan most widely favored.

Let us hope whatever is done will do the work—raise the price.

We have a situation in cotton similar to that in the oil industry the past four years. The big idea is to legislate under cover of preventing actual waste in order to bring about a prevention of economic waste, or, at least, to cure economic ills.

It is our opinion a south-wide acreage restriction would more effectively hike the price than was the case when southwestern oil fields were prorated.

It was a pity that the oil men did not get together throughout the midcontinent on a voluntary curtailment plan. It is also a pity that the farmers have not been able to organize and solve their troubles themselves without necessity of legislation.

Let us hope for the best.

August Reports Presented To Birdie Baileys

Social Service Chairman Tells of Plans For Winter

The Birdie Bailey Missionary Society of the First Methodist Church held its regular monthly business session at the church Monday afternoon.

Mrs. Herbert Keaton had charge of the devotionals. The society studied the life of Moses, the first lesson in a series of "Great Souls at Prayer."

The officers made their reports. Mrs. C. C. Carter, social service chairman, reported that during the month of August, 116 calls had been made, 9 bouquets given away, 27 trays distributed, and \$18 worth of food and clothing given to the needy. The committee is making plans to outfit needy school children with clothing and food supplies for this winter.

On the transportation committee, the following were appointed, A. Schnitzer, Herbert Keaton, C. T. Watson.

It was announced that at the request of Mrs. Clyde E. Smith, of Stanton, zone president, a zone meeting would be held sometime this month; also that a lemon tea would be given at the home of Mrs. C. T. Watson on Sept. 28.

Mrs. L. E. Maddux was received as a new member. In addition to those mentioned, the following were also present: Misses W. H. Remick, R. L. Bull, L. A. Talley, V. W. Latson, E. W. Potter.

A Suggestion For Autumn Wear

With a touch of autumn in the air Mildred is looking to her fall wardrobe—and to woollen frocks because they play no small part in this fall's style scheme. White pique accents set off this black woolen street frock worn by Peggy Shannon. White buttons and gloves give contrast.

Bridge Club Has Unique Card Drawing

Miss Bonnie Kirby To Be Substitute For Mrs. Hammond

Mrs. W. A. Shaw entertained the 31 Bridge Club Tuesday with a two course luncheon. A white and green color scheme was successfully carried out in the bridge accessories and refreshments. Tiny evergreen pencils were given as favors.

Mrs. Ripps made a high score and Mrs. Moss second. Mrs. Moss was awarded a prize for a grand slam. Cards were drawn and Mrs. Phillips was given a small set for drawing the card corresponding with the one held by the hostess.

Miss Bonnie Kirby was named as substitute member for Mrs. Hammond while she is in Mineral Wells. Those enjoying this level party were Misses A. M. Ripps, E. Burke, R. S. McDonald, Jess Phillips, Frank Moss, J. E. Hammond and Opal Greene.

Mrs. McDonald will be the next hostess. The Lucille Reagan Circle did not meet Tuesday, due to the Workers' Conference of the Baptist Association, held at the East Fourth Street Baptist Church.

BILLIE JEANNE YOUNGER

This young lady is named for her father. If you want to know what solemn thought is behind the expression in those big, blue eyes, one guess is as good as another. But most likely Billie Jeanne is trying to decide which is her favorite toy, a doll or a ball. According to her father, she hasn't made up her mind about it.

She is the fifteen-month-old daughter of Mr. and Mrs. William B. Younger.

Misses Annie Mae and Dorothy Kress returned to their home in Austin Tuesday.

Baptists In Associational All-Day Meet

More Than 200 Attend Services At E. 4th Church

The Workers' Conference of the Baptist Association met at the East Fourth Street Baptist Church with more than 200 present for the morning and afternoon sessions and lunch.

The program was carried out as announced except for the part of Mrs. C. B. Ligon, of Midland. Due to the wreck at Midland she did not attend Mrs. Beckett, associational president, related stories from friends in China.

During the morning session the Rev. Messrs. W. R. Ferr, Scott Cotton and R. E. Dyer, divided the time among themselves.

In the afternoon the program was given over to the women's work, commencing with a devotion led by Mrs. I. A. Fuller.

The subject of the program was "Farets for Missionary Fires." The G. A. S. of the two local Baptist churches presented the march of the nations under the direction of Mrs. R. L. Gomillion.

Mrs. Beckett told of the work in China. Mrs. Cotton of the work among the Mexicans and Mrs. Patterson of the work in Africa, all of it done by missionaries sent out from this association.

Advance Fall Fashions

PARIS—Suit it! seems to be the smartest slogan for autumn styles. Suits are seen everywhere in all the new winter collections coming out, continuing the popularity of the summer jackets, made warm and cozy by interlinings and fur trim.

They come in all colors in the new soft hairy woollens, jerseys and velvets. The skirts are tight-fitting to the knees, flaring at the bottom, very often of the divided variety. The jackets are usually hip-length and snug.

Angelo is showing a cozy winter suit in deep velvet linaige, a color by the way, which is very much featured for winter. It is relieved by white at the neck with a bunch of white flowers.

A fuzzy wool suit in green has gloves that are long and full, the tops of them being of the same green wool.

Roman Stripes
London Trades lines its suit jackets for winter with a warm kind of jersey in Roman stripes, sometimes leaving it outside for collar and revers.

A brown and beige tweed suit has a collar of pony-skin and suit in bottle-green wool has the jacket embroidered and banded with astrakhan at the collar and bottom in Russian fashion. Another in green diagonal has the lining and shoulder-cape of brown caracul.

Francis is showing some elegant suits for afternoon wear in breitschwanz with fox. Velvet in all shades makes a number of dressy suits, nearly always with fur trimming.

Woolens Won't Scratch
New winter woollens won't scratch, for they're as soft and feathery as swan's down and still keep their shape and wear like iron.

One of the very newest is wool lace which is smart for afternoon and dinner wear. Black open lace comes over a white crepe foundation and a navy-blue in fine pattern has an openwork collar, jabot and cuffs of even more delicate lace wool. Another winter wool is roma de laine, suitable for coatsuits in elaborate design with fine pin-tucks and triple box-pleats to add fullness about the bottom.

Dogs' Hairs
"Dogalish" is well-named for it actually has long white dogs' hairs scattered over its surface. It is a soft sports wool, "Dirachank" is another which is double and has a rolled thread in openwork basket weave.

"Printilla" is a light open-weave wool for featherweight warm frocks and "Moharlah" has mohair in it with a fine diagonal stripe. "Cotelah" belongs to the duvetine family and has a new self-striped effect. Another wool novelty somewhat resembles old-fashioned chinchilla and is much lighter and softer.

Yeb is showing an original coat-dress-pyjama. The dress is in mixed blue wool with bands on the diagonal of two shades of blue and

soft green. The pyjamas are of green silk crepe like the blouse and are laid in box-pleats from a center panel all around with narrow piping bands of the two tones of blue.

Girlish Styles
The ladies are certainly going to be girls this winter, judging from the very girlish fashions that are coming from the big dress-making houses. The boyish styles that were so popular a few years back are very very far from the style horizon now.

First, there are those attractive "fraz jeans" sweaters of lacy open knit, just reaching to the normal waistline and possessing pretty little puffs for sleeves, not to mention the baby neckline. If they aren't young and girlish, then we don't know what is!

Then there are the little girlish jackets which came out early last spring and have been going strong ever since, getting smaller and younger every day, often dwindling to nothing more than an Eton jacket, an open bolero in the daytime, and a little ruffled cape for evening. Redfern is showing charming, girlish caplets in changeable taffeta, with fat, short ties in front, into which one tucks a little bouquet of field flowers.

Girlish lace evening gowns are nearly all full and flounced and have flowing angel sleeves. One in lemon yellow has three ruffles just below the waist and lace flowers outline the neck.

Words can mean lots of things—but you can always trust your taste. If a cigarette tastes right, if it satisfies you right down to the ground, then it is right. There are all kinds of tobaccos—some good, some not so good. And there's the Chesterfield kind—the best Turkish and the best Domestic that grows. Full-ripe, sun-cured, aged in Nature's thoroughgoing way—and as mild and smooth and sweet as sun-ripened fruit. Chesterfields taste right —because they are right. And something you can't taste—that's important too! The finest cigarette paper—so pure it burns without taste or odor! And behind this unchanging good taste, all the resources of a great organization—men, money, science, experience. It takes them all to make a great cigarette, and they're all behind Chesterfield. Your taste is dead right. Chesterfields do satisfy.

SPORT SLANTS

By Alan Gould

"Now that the football training table is being prepared for this fall, it might be a good idea for coaches to lay plans and see that their star athletes don't imitate Clarence Herschberger, that great Chicago back and punter of the late nineties, who ate Chicago out of a football championship back in '97," writes a contributor to the Chicago-Chicago-to-honor-Old-Man-Stagg campaign.

"It was during a recent reunion with some of his Yale friends, gathered to discuss the details of the coming Yale-Chicago football game in Chicago, October 17, that A. A. Stagg and his cronies delved into the past and retold Herschberger's feat.

"Herschberger, one of the outstanding kickers of all time, was the first great backfield player developed at Chicago. He was a triple-threat to his team mates as to opposing eleven.

DINING ROOM GLADIATORS

"Football history records it that he entered in '94 and that in '97 he was a member of the squad which entered the year previous. The '96 group won fame as the squad which brought Chicago its football championship in '96.

"That gag, incidentally, Stagg declares, was the widest lot he ever shipped. Mealtimes to practice was just another period of coaching the forward pass, and in lieu of the oval, steaming baked potatoes, beans, butter or anything solid was used.

"Previous to one of these meal-time scrimmages, Herschberger and his good friend, Captain Walter Kennedy, became involved in an argument as to who could put on the most weight at one sitting.

"The argument threatened to end in a tie score, until one of the

Spuds Nose Out Sports As Buffs Defeat Galveston Corsairs

DALLAS, Sept. 8.—Dick McCabe bested George "Parhed" Murray in a brilliant hurling duel here as the Port Worth Panthers defeated their arch enemies, the Dallas Steers, 2 to 0.

Murray went to the hill in quest of his 21st pitching triumph of the season. McCabe grabbed off his 22nd victory and went into the lead in the league for pitchers working complete games as he ran his total to 27.

SPUDS 5, SPORTS 4 WICHITA FALLS, Sept. 9.—The Spudders opened their last home stand of the season here when they won the series opened from Shreveport 5 to 4, in 11 innings.

BUFFS 8, GALVESTON 4 GALVESTON, Sept. 9.—Houston defeated Galveston 8 to 4 in a swatfest here. The Buffs made 13 hits while the Buccaneers made 11.

Thurman was relieved by Jim Ryan, young Buc right hander, who made his debut in the Texas league. Ryan pitched good ball. Myers hit a homer in the second with two men on base. Hanson went the route for the Buffs.

Tigers Beat Coahoma 3-2

Playing a completely different brand of ball from that manifested on the preceding day, the Mexican Tigers Monday defeated the Coahoma diamondmen 3-2 in an eight-inning game. Whether by agreement or mistake, the teams ceased the contest abruptly in the eighth and declared the affair at an official end.

The game, one of the best of the season, was played on the T&P field east of the shops. Subia, twirling for the Hombres, was well nigh invincible and allowed only six safe blows. His comrades, contrary to their usual custom, gave him fairly good support and fielded well in the pinches. Cramer, Coahoma chucker, was less atty with his hits and gave up nine while his teammates bobbled once more than the Tigers.

Coahoma sprung into a brief lead as they pounded the offerings of Subia freely to two scores in the first. However after that the best the visitors could do was to threaten. They made their final gesture in the eighth when they advanced a man to third with two away. The next man obligingly rolled out.

Brownwood And Sweetwater Seen As Favorites To Take District Four Title In High School Football Race

BY FLINT DUPRE Dallas Journal Sports Editor DALLAS, Texas, Sept. 9 (UP)—With the battle for the state high school grid championship centered in six or seven districts, one of the hard-fought programs of schoolboy titles ever planned is on the season's menu for football fans this fall.

Re-districting the athletic map of Texas extended division play-offs over a longer period of time and added to the ordinary hand-caps of the yearly tussle.

The Tyler Lions, who won the state championship last year by defeating Amarillo in the finals, will go to the post as favorites again this fall, but competition is expected to be much keener with such strong clubs as Abilene, Vernon, Corsicana and others determined to go further in the state race than they did last year.

All of the high school teams have had a week of practice, and a survey of the various districts reveals teams which are at present stronger than their rivals and are favorites to win their respective races. They are judged from a standpoint of veteran material, previous records, and competition they have to compete against.

The following are favorites in the respective districts: No. 1 Amarillo, runner-up last year. No. 2 Vernon. No. 3 Abilene. No. 4 Sweetwater. No. 5 Central of Fort Worth. No. 6 Oak Cliff of Dallas. No. 7 Denton. No. 8 Marshall. No. 9 Corsicana (semi-finalists last year). No. 10 Tyler (state champions). No. 11 El Paso. No. 12 one of San Antonio high teams. No. 13 one of Houston teams. No. 14 Beaumont. No. 15 Corpus Christi. No. 16 Brownsville.

There will be a total of 90 or more high school teams competing in the state race. The increase of entries necessitated the re-districting of the league. Last year there were only eight districts.

In District No. 1 Amarillo is head and shoulders over the others. Coach Blair Cherry had 65 men on for his squad last week, including seven who are veterans of the squad which met Tyler last year. Coach W. C. Weir has 48 candidates at Vernon, with 12 lettermen on hand.

One of the strongest teams in the state race will be at Brownwood, with club rivals favorites in district No. 4. Coach Gene Taylor has 60 men out for his club, and he is expected to lead Big Spring Midland, San Angelo, Sweetwater and McComamy a merry chase.

Central of Fort Worth may expect trouble from North Side this fall, while Oak Cliff High, district champ last year, will probably find keen rivalry in North Dallas, Woodrow Wilson, Dallas Tech, Forest and other contenders, including Highland Park. District seven is weaker than last year, and Depton's material is mostly of an unknown variety, but the Broncs rule favorites nevertheless. Denton, McKinney, Gainesville and Sherman are among the contenders, with the latter town expecting a banner year.

The Corsicana Tigers expect to make a serious bid for the state championship. Cleburne, Hillsboro, Temple, Waco and Waxahachie are Corsicana's contenders in the ninth district. Waco, without Paul Tyson, may not be so strong.

Needless to say Tyler fans are already counting on their second straight championship. Coaches George Fultz and Rufus King have started work with their squad which is minus several stars of 1930, but the mentors are hopeful.

The victory gave them an even break in their 22 games for the season. Philadelphia won the first clash 3 to 1 as Phil Collins scored his second straight triumph over the Giants. New York took the second 4 to 3 to give Jim Mooney his sixth straight victory since joining the team. The Giants won the season's series, 14-8.

Lefty Grove Turns In His 28th Victory

Tribe Hands Sox Dual Pasting; Browns Beat Bengals

PHILADELPHIA, Sept. 9 (AP)—Lefty Grove turned in his 28th victory of the season in holding the Washington Senators to seven hits while his supporting cast of Athletics batted out a 19 to 1 triumph. As a contest, the game fell apart when the champions landed on Sad Sam Jones in the seventh inning and blasted eight runs across the platter.

Washington, 001 000 000-1 Philadelphia, 020 000 800-10 BROWNS 3, BENGLALS 2 DETROIT, Sept. 9.—A couple of home runs gave the St. Louis Browns a 3 to 2 victory over Detroit in a series final and moved the Browns to fifth in the American league, half a game ahead of Detroit.

Ferrell hit the first circuit blow, with none on in the third, and Kress contributed another in the eighth after Goslin had walked.

TRIBE 6-6, CHISOX 7-3 CLEVELAND, Sept. 9.—The Cleveland Indians won their seventh straight game and their third consecutive double header by handing the Chicago White Sox a second dual pasting in two days, 8 to 7, and 6 to 2.

Bobby Jones, when he plays exhibition golf matches, stipulates that 25 per cent of the receipts is to be sent to a relief agency in Atlanta.

Better Connections To New York Offered By American Airways

Transcontinental passengers will be provided with approximately three hours more business time in New York as result of new schedules adopted for the Dallas-Fort Worth to Columbus-Cleveland line operated by American Airways, according to Jesse Maxwell, local representative. The new schedules were effective September 5th.

At the same time, changes will become effective in the schedules north-bound on the Memphis-Chicago line, connecting with the plane to Columbus and Cleveland, which afford arrival in Chicago more than two hours sooner than the present schedules.

Passengers originating in Los Angeles and cities between there and Dallas, can break the trip to New York with a night's layover in Dallas, arriving in New York at the beginning of the business day. Arrival in New York will be at 9:35 instead of 11:52 a. m., as under the present air-rail schedules of American Airways and the Pennsylvania railroad. San Angelo Man Drowns In Creek

SAN ANGELO, Sept. 8.—W. L. Walker, 37, former city commissioner and until three years ago owner of the Coca Cola Bottling works here, was found drowned in Dove Creek near Knickerbocker today.

Relatives believed Walker had gone to his ranch to start an irrigation pump and drowned when his car started rolling toward the creek and he attempted to stop it going into the water with the machine.

PROBE FIRES

GAINESVILLE, Texas, Sept. 9.—Aroused by the large number of serious fires which have occurred in Gainesville during the past six months, most of which were in unoccupied buildings during late night hours, the city council has appointed a secret fire board of five members.

CLUB GIRLS PICNIC

Club girls of Howard county enjoyed a picnic at the City Park today under the supervision of Mrs. Loucille Allgood, county home demonstration agent. Mrs. Allgood had previously held a similar program for the women club members. A short business meeting preceded the outing.

Duties of members of the board are to investigate the causes of fires of questionable origin and to gather evidence for prosecution in cases where incendiarism is suspected.

The modern kitchen can be as smart, colorful and convenient as any other part of the house, the economics authority maintains and rightly so since the housewife must spend much of her time there. The wisest housewife will not have her living room elaborately furnished, and keep the door shut on a kitchen which she would be ashamed for her guests to see. Mrs. Dougan declares.

The up-to-date kitchen is shining, convenient, abounding in the modern features that make it a spot of contentment and enjoyment for the housewife, rather than one of drudgery. And color has invaded the kitchen—a stove is no longer a black iron creature which sits in the corner and becomes rusted and ugly looking; nor yet is it only white; the range may take color along with other furnishings of the kitchen—the pots and pans, kitchen ware, curtains, linoleum, wall paper—everything these days may be made to harmonize in the kitchen the same as any other room in the house.

And why not, the cooking school lecturer asks? There is certainly a great deal more encouragement in the gaily decorated kitchen, with the utensils offering a downright lure to the housewife in light, cool colors, than in the old, dreary "run-down-at-the-heels" corner—a dread to any woman.

"Dress up the kitchen" is an urge which the lecturer will extend to her audiences here as a measure which will more than repay the housewife for her efforts and expenditures. She will also pass on to her hearers many ideas for "short-cuts" in the kitchen, convenient arrangements in routine and practical suggestions for facilitating the household system.

It's a great place, declares Mrs. Myra Oliver Dougan, who will tell local women all about it in her free cooking school lectures here this week of September 29 at the Settles hotel crystal ballroom. For so long, housewives have been urged to "come out of the kitchen" that the majority of the younger women, especially, Mrs. Dougan thinks, have come to regard the kitchen as the home's drudgery dungeon when it really isn't at all.

The "kingdom of the kitchen" belongs peculiarly to the housewife, Mrs. Dougan asserts. It is here that she reigns supreme, at liberty to wave her magic wand of cookery and, with a dash of onion juice, a sprinkling of paprika, mixing of mushrooms and spreading of frosting produce those magic edibles which crown her with one of the most enviable of American titles—a good cook. A man is pathetically out of place in this realm of the household—not for all his methods of efficiency, economy or far-sightedness in business, can he come into the kitchen without results, somehow approaching the disastrous.

The up-to-date kitchen is shining, convenient, abounding in the modern features that make it a spot of

"The Texas bluebonnet, Lupinus subcarneus, in one case had suspicion cast upon it as a plant poisonous to cattle and causing a more or less complete paralysis. To get some information on the point, a 600-pound steer was fed 100 pounds of finely ground bluebonnet seed during a period of 120 days. The animal showed no effects from it."
