## Chinese Reds Hit; Pull Back of Border

NEW DELHI (UPI) — A government spokesman said Saturday that Chinese Communist troops had probed into India at two points but returned across the border. The move heightened fears of a full-scale invasion as the deadline neared on a Peking border ultimatum to India.

Disclosure of the border crossing was made by Indian Prime Minister Lal Bahadur Shastri in a message to Indian Education Minister M. C. Chandra who heads the Indian delegation at the United Nations.

Shastri also informed India's U. N. delegation that Chinese Communist troops were massed along the Indian border at four points.

"Our apprehension is that the Chinese are poised to attack India at any time," an Indian spokesman said.

A UPI dispatch from Gangtok, capital of India's border protectorate of Sikkim, said Saturday Communist China had moved three companies of infantry within 500 feet of the border between Communist held Tibet and Sikkim.

The Indian general commanding the area said it was an attempt to provoke India. He said the Chinese troops which normally remain some 412 miles behind the frontier, had started moving up early Saturday toward the Nathu and Jelepala passes.

In New Delhi earlier, an Indian defense ministry spokesman announced that Communist China had started moving up troops on two sectors of the Himalayan frontier with Red China.

The disclosure touched off feverish U.S. and Soviet diplomatic consultations with Indian leaders in New Delhi.

The Indian Defense Ministry spokesman said Chinese Red troops "have moved to places nearer the border" in the Ladakh area in the northeast near Kashmir and in the sector opposite Sikkim, the mountainous Indian protectorate whose queen is a former American so-

cialist.

An official Peking press release Saturday said Red China's ultimatum to India would run out at 1 a.m. Chinese time (1 p.m. EDT Sunday). The Chinese ultimatum demanded that India remove its military bases from the Sikkim-Tibet border or face grave consequences.

At the same time the Chinese Communist press and radio launched new attacks charging that Indian border patrols had crossed nearly two miles into Red China's Sinkiang Province recently on two occasions. The charge was believed aimed at justifying a new Red Chinese thrust across the border.

### IN VIET NAM WAR

## U.S. Troops Wage Fiercest Fighting

SAIGON (UPI) — American troops of the 101st Airborne Division, backed by fighter-bombers and combat helicopters, battled strong Viet Cong forces through the day Saturday in the fiercest fighting ever involving U.S. units in the jungle central highlands of South Viet Nam.

A U.S. military spokesman

said the heavy battle was raging northeast of An Khe, about 260 miles northeast of Saigon. He said American casualties thus far were "light" Communist losses were not known.

The spokesman said infantry elements of the division's first brigade came under heavy mortar and small arms fire shortly after kicking off a two-pronged offensive at 8 a.m. in the Song Con Valley. Heavy fighting was reported continuing into the night.

He said the troops, moving in on foot and by helicopter, were meeting the largest Viet Cong force encountered by the "screaming eagles" during a month of anti-guerrilla operations along strategic Highway 19. Although the troops had been in almost daily fights with the Communists, they had never been opposed by anything bigger than a platoon, about 30 men.

## Panhandle 'Norther' Moves Out

Pampa's record breaking low temperatures were to be a thing of the past, at least for the next few days, as the weatherman promised a warming trend beginning today.

A record 39 degrees Friday morning, was expected to climb into the mid-80s today.

While Pampa and the Panhandle were again to be basking under warm sunshine, record cold continued in Idaho, Nevada sited on top of some 2 feet of snow and Utah and more light snow sited on top of some 2 feet already on the ground in Wyoming, Colorado and Nebraska.

Nine deaths were blamed on the storm, three each in Montana, Wyoming and Colorado. Winds dropped to five miles an hour and temperatures dipped five degrees below levels of Friday in Northern California, aiding the 5,000 firefighters seeking to control nine forest and brush fires which sent hundreds fleeing and destroyed dozens of homes, jeopardizing several towns.

Heavy rains fell in other areas of the West. Wichita, Kan., measured 1.61 inches of rain. Lubbock, Tex., had 1.36 inches. Flagstaff, Ariz., had 1.15 inches. Carlsbad, N.M., an inch and Abilene, Tex., 1.64 inches.

Highway crews managed to reopen most Wyoming roads Saturday for the first time in two days and thousands of stranded travelers resumed their journeys.

Rawlins, Wyo., collected another 3 inches of snow during Friday night to bring the total on the ground to 23 inches. Lander, Wyo., and Rock Springs, Wyo., each had more than 13 inches of snow.

Hundreds of more travelers were stranded amid 16 inches of snow in and around Craig, Colo. Chadron, Neb., had 3 inches of snow on the ground. The temperature dipped to 17 degrees at Ely, Nev., and 25 at Pocatello, Idaho, both the coldest ever this early in the season. Salt Lake City, Utah, had a low of 27, lowest ever reported in September. The low of 10 (See NORTHER, Page 3)

## Carr Eyes Seat Held By Tower

AMARILLO (UPI) — Texas Atty. Gen. Waggoner Carr announced Saturday to the State Democratic Executive Committee that he will be a candidate for Republican U. S. Sen. John Tower's seat in next year's general election.

Carr, who said a public opinion poll has him running ahead of Tower "two to one," made his announcement within hours of Gov. John Connally's decision to seek a third term.

"I have made this decision after long months of consideration and after discussing the matter with thousands of supporters from every part of Texas," Carr said.

He pointed out that he had served five terms in the Texas House of Representatives and served as speaker of the House for two consecutive terms.

"I have come to the inescapable conclusion that I can best utilize this experience by representing Texas in the U. S. Senate," Carr said.

Tower holds the seat vacated by President Johnson in 1961 when he won the vice-president post on President Kennedy's ticket.

In a special election, Texas voted Tower into office over Dallas oilman Bill Blakley. The U. S. Senate race is expected to be the top vote-getter in Texas next year.

Other possible candidates include U. S. Rep. Jim Wright of Fort Worth.

Secretary of State Crawford Martin and State Sen. Franklin Spears are likely candidates for Carr's post. If Martin chooses to run he will have Gov. Connally's support. Neither Martin nor Spears is (See CARR, Page 3)

## California Fires Rage Third Day

SAN FRANCISCO (UPI) — Thousands of firefighters battled for the third day Saturday to control California's worst siege of brush and timber blazes in four decades.

Ten fires that have scorched 35,000 acres of grasslands and trees — including pinegroves — the state.

Fire officials were cautiously hopeful that sharply dropping winds, and temperatures, plus higher humidity, would help ease the situation.

Altogether, 265 fires burned over 200,000 acres, destroying more than 600 homes and farm buildings and 700 head of livestock.

Some 17,000 acres of valuable timberland were blackened. Flames charred valuable watershed, posing serious erosion and silting problems for the arca when the winter rains come.

Nearly 180,000 acres of range and brush lands went up in flames, casting an eye-scorching yellow pall over much of the state.

The damage and cost of fire-fighting operations was estimated unofficially at \$5 to \$6 million. One firefighter was killed and scores of others suffered minor injuries.

Follow the crowds to the Pampa Baptist Temple. Wayland A. Murray, pastor. (Adv.)

## Statement Following Address Ends Long Party Speculation

Candidates Can Declare Intent For Other Posts

AMARILLO (UPI) — Gov. John B. Connally Saturday announced he will run for a third term next year. His announcement ended weeks of speculation and opened the way for candidates to declare for other offices.

Lt. Gov. Preston Smith, who said he would seek the Democratic gubernatorial nomination if Connally bowed out, said he also would run for a third term. Atty. Gen. Waggoner Carr called a news conference and was expected to declare himself a candidate for the U. S. Senate seat now held by Republican Sen. John G. Tower of Wichita Falls.

Connally revealed the best-kept political secret of the year at a meeting of the State Democratic Executive Committee.

"Tip-off" came this morning when Austin attorney Will D. Davis, a Connally protégé, was unanimously elected state party chairman.

Connally, after completing his prepared text, said: "Now we come to a completely different matter: My future political plans."

He admitted at the start that "I will talk much too long because I have too much to say."

Then he proceeded to give the standing room only crowd at the SDEC lunch a lengthy background explanation of how he had come to his decision to be a candidate for reelection.

Connally explained that this was perhaps the most difficult decision he had ever reached. He recalled that when he first ran for the high office, he said he felt any one man should not serve more than two terms as governor of Texas.

"In that respect, I could not have been any more wrong," Connally added. He said the years of experience in the governor's office had changed many of his political thoughts.

Wanted to Retire

"I had on one hand to consider the factor of my personal well being and that of my family," Connally said. "I feel that we should have some time to be together four or own peace and happiness and had a strong inclination for me to retire from politics."

"Yet I also considered many other factors. But let me say right here that I have no great desire for a protracted political career. In the final analysis I recalled that I had said to many others that they had a duty and an obligation to give their time and talent.

"We face many problems in our day — such problems as what position our communities and state must occupy in the future of a vastly expanding federal system. After considering all of these angles, talking to countless people and reading thousands of letters, I think the answer became clear."

Will File Later

"Therefore at the proper time, I want to tell you that I will file as a candidate for reelection as governor."

When Connally finished that speech, the room burst into applause and cheering.

### WEATHER

PAMPA AND VICINITY—Clear, ing somewhat through today. Thundershowers early today. Light warmer today. High today near 80s. Winds southerly 12-18 m.p.h.

GOV. CONNALLY ends suspense

## Striking Missilemen Defy Picket Order

CAPE KENNEDY (UPI) — Striking Boeing Co. missile mechanics picketed all five spaceport entrances Saturday and union leaders said strikers may appear at all gates Monday despite a government order limiting picketing to one entrance only.

The strike by 270 Boeing members of the International Association of Machinists (AFL-CIO) turned away about half of the Cape's construction workers Thursday and Friday crippling key moonport building projects.

Saturday's picketing had little effect on the center's operations since most construction workers do not work on weekends.

The federal space agency and the Air Force, attempting to clear the way for a return to work Monday by hundreds of building tradesmen, Friday issued a directive telling all Boeing personnel to use one gate to the space center. The union was told to picket at that entrance only.

Union officials Saturday said the order was not expected to be obeyed unless the government provided definite assurance that Boeing employees and the company's suppliers and subcontractors would use no other gates. They said this has not been done.

Nearly all Boeing's missile mechanics have been off the job since the strike was called early Thursday when contract negotiations failed at Boeing headquarters in Seattle. More than 25,000 workers are off the job at other Boeing plants across the nation.

The winners will be announced in the Pampa News later this month. Meanwhile, the election judges have a tremendous task in tabulating the thousands of votes cast in the campaign. "Campaign managers" really have been on the job lining up votes for their candidates for the "Friendliest, Most Courteous" honors in the final days of the balloting. Several "red-hot" races have developed. Here are the names of more nominees and the firms with whom they are associated: Ethel Arthur, Coronado Inn; June Anderson, Citizens Bank & Trust; Jewell Allan, Worley Hospital; Verla Alverson, C. R. Anthony. Nancy Barnes, Bentley's; Irma Beck, Dr. Greenlee; Freda Boyd, Dairy Queen No. 11; (See NOMINEES, Page 22)

### PARTY HEAD

## Demos Name Davis

AMARILLO (UPI) — Texas Democrats today named youthful Austin attorney Will D. Davis chairman of the state party to guide next year's important election campaign.

The choice of Davis, 35, to head the State Democratic Executive Committee (SDEC) left little doubt that Gov. John Connally will announce his candidacy for a third term early this afternoon.

Davis has been very close to Connally since the governor first announced late in 1961 that he would seek the state's highest political office.

Connally held out on his own formal announcement until after today's SDEC lunch where he was the main speaker. But few, if any, doubted the governor would run for a third term.

Davis succeeds Marvin Watson as the SDEC chairman. Watson resigned last spring to join President Johnson's White House staff in Washington. Mrs. Alfred Negley of San Antonio has been serving as acting chairman.

It was only a week ago today that the junior bar of Texas picked Davis as the outstanding young lawyer of Texas for 1964-65. He is former assistant attorney general and served two years as general counsel for the State Board of Insurance. He is a graduate of Austin Public Schools and received his law degree from Baylor University.

In his luncheon speech, Connally said Texas Republicans are "still well organized, well financed and extremely dedicated."

## Glenn Will Tour Europe

WASHINGTON (UPI) — John H. Glenn Jr., the first American to orbit the earth, will go on a three-week good will tour of Europe next month.

The retired Marine colonel will make the trip as the result of a large number of foreign invitations to U.S. astronauts.

The White House said Friday Glenn will travel in his capacity as a consultant to the National Aeronautics and Space Administration. He will be accompanied by his wife.

Glenn will visit Munich, Berlin, Bremen, London, The Hague, Geneva, Rome, Madrid and Lisbon.

Gemini 5 astronauts L. Gordon Cooper and Charles Conrad are in Greece on their first leg of a tour of six Mediterranean and African nations.

## Tower Will Address Farm-City Banquet

An overflow crowd is anticipated to hear U. S. Senator John Tower Wednesday at the annual Farm-City Week Banquet started at 8 p. m. in the Robert E. Lee Junior High School cafeteria.

Tower is expected to speak on current farm legislation in Congress.

The senator's Pampa appearance will be part of a Panhandle-wide speaking engagement Tuesday, Wednesday and Thursday. It will be Tower's first visit to this area in almost two years.

"We fell we are very fortunate to have Tower as our speaker for the event, since he has been a strong supporter of Farm Bureau policies," Marvin Webster, Gray County Farm Bureau president said. The Farm Bureau is sponsoring the Farm-City Week banquet.

Tickets for the banquet are on sale at \$1.50 per plate in Pampa Hi-Land Pharmacy, Richard Drug, The Production Credit Association office and Crossman Implement Co. They are available at the McLean News in McLean and at Miami Feed and Grain in Miami.

Webster said a capacity crowd is expected to attend the banquet.

Tower is the first Republican to be elected to the Senate from Texas since 1870. He is the only Republican Senator ever elected by popular vote from any of the former Confederate States.

Tower is assigned to two major Senate Committees—Armed Services and Banking and Currency. On the Armed Services Committee, he serves on the Subcommittee on National Sto-

## Hiatt Heads UF Campaign To Raise \$77- Thousand For Agencies

Mack Hiatt, Jr., local banker, will head this year's Pampa-Letors United Fund Campaign to raise \$77,000 to serve 12 participating agencies.

Hiatt served as vice - chairman of last year's successful drive.

This year's goal has been increased by \$7,000 while six agencies have been added to the list of participants.

"The kick - off for the drive is expected to be sometime in mid-October and we hope it will be one of the most successful," Hiatt said.

The theme of the 1965-66 drive is "One Gift Works Many Wonders."

Participating agencies are: Girl and Boy Scouts, Red Cross, Salvation Army, Welfare Index, Milk Fund, Medical Research Foundation, Gonzales War m Springs Foundation, Texas As-sociation for Mental Health, Na-

### Center Wrap-Up

George Smith, Director  
Pampa Youth and Community Center

The Center is now in the process of enrolling for the next swim lessons to be given Sept. 27 through Oct. 13.

Offered are polywogs from 4.5 p. m. and advanced beginners from 5-6 p. m. Center members may call in for enrollment on these particular lessons while non-members must come by and pay the \$3 enrollment fee.

Polywogs are children 4-6 years of age not in school who are at least 23 inches to the chin in height. This measurement allows them to be able to touch the bottom of the pool in the shallow end.

An advanced beginner is one who has passed the beginner swim course. Each class will be limited to the first 20 who enroll.

Lois Dittmeyer will conduct the classes.

Lessons you might be looking forward to in the future on Oct. 18 through Nov. 3 will be beginners and intermediates. This might be the time to purchase that family membership to enjoy all the swim lessons and other activities. A definite advantage for memberships is the fact that as many swim lessons as desired may be taken at no extra cost.

Family memberships are only \$20 per year and \$12 for six months while individual memberships are \$8 per year and \$5 for six months.

Come by the Center and in a matter of minutes membership cards are ready.

The volleyball season for the fall got off to a bang up start this week with at least one upset already made.

In the women's division the favored Independents beat the Pampa Spikers 15-0 and 15-0. The Independents are reigning champions for the past two years. In other action Hopkins

took Jackson Realty of White Deer 15-0 and 15-5 while Cock O Walk bumped First National in a close battle 15-11 and 15-11.

In men's action a major upset came about in the form of the defeat of the defending champions Dairy Queen.

The Pampa Rejects sneaked in on them and upset the cards 14-16, 15-7 and 16-14. The summer league champs picked up where they ended and Skelly Oilers nicked Pampa Warehouse 15-8, 7-15 and 15-3 while the Senior Citizens took the Doozers 15-0 and 15-6.

The women's league plays on Monday nights and the men on Thursday nights. The public is invited to watch.

Some people have already been asking about the Basketball season. It is tentatively slated to start the week of Nov. 20, Dec. 4. The first eight teams in both men and women's divisions will be accepted this year.

The entry fee will be \$30 plus referees fees which will be determined by the team managers. Those persons interested should start lining up their sponsors for the season.

Attention Adults: If you are interested in an adult beginners swim class either from 4-5 p. m. or 5-6 p. m. in the afternoons, contact the Center. If enough persons are interested, a class will be offered in Nov.

Some other activities of interest are Judo lessons which meet on Sundays at 2 p. m. Fencing on Thursday nights at 7:00 p. m.

### Texas Bar Group Sets Discussions

AUSTIN (UPI)—The "war on poverty" discipline of lawyers and public relations are among topics to be discussed by about 75 state bar association grievance committee members Sept. 25. The Bar Association announced Saturday.

A bar spokesman said the lawyers will discuss the legal profession's role in solving problems created by the federal office of economic opportunity and public relations problems in discipline cases.

J. Cameron Hall of Detroit, general counsel of the State Bar of Michigan, is to deliver a luncheon address.

The annual grievance session will be held at the State Bar headquarters.

### Lady Bird Surprised By Executive Buss

WASHINGTON (UPI)—President Johnson surprised the first lady with a kiss before a thousand guests on the south lawn of the White House Friday.

"Hi, darlin'," said Lady Bird with a big smile of surprise after the President had sneaked up behind her.

She was hostess at a two-hour reception for delegates from 90 nations attending the 200th anniversary celebration of the birth of the founder of the Smithsonian Institution, James Smithson.

## Red Cross News

By LIBBY SHOTWELL  
Executive Secretary ARC

The Red Cross Board met the 14th of September for the 13th meeting of the fall with 17 members present with 8 guests.

The program was on Water Safety directed by Terry Cully, Ed George Smith for the use of Youth Center Pool and presented him with an Appreciation Plaque from the Red Cross. He also gave Morgan Edwards, manager of the City Pool a similar plaque for the use of the City Pool.

Mrs. E. A. McLennan, was recognized for her work with the program for working as an aide for the past 10 years.

Danny Laramore, Ann Donagan and Mrs. Ken Womack were recognized for being the three new WS Instructors for Gray Co.

Wes Langham, chapter chairman, asked for reports from the standing committees. Mrs. Jack Foster, Services to Military chairman, reported on the number of cases during the summer months. She said "If you were a parent and needed your boy home on an emergency, you would turn to the Red Cross to verify that need."

Dr. Key Julian told of the UF allocation of \$14,980 for the Red Cross during the coming Fund Drive and urged all of the board members to work for the success of the drive.

Margaret Dial, Nursing chairman invited all of the members to mark the Nurses Conference on Disaster on their calendars and attend the meeting. Mrs. Don George resigned as WS chairman and was given a plaque in appreciation of her 10 years of service to RC.

Mrs. Louise Sewell, Gray Lady chairman and Mrs. Shotwell, executive secretary will attend a meeting in Amarillo the 17th to meet Elmer Wood from Midwestern Area. Mr. Wood is the assistant manager for West Texas and will speak of plans for the Combined Service Territory for the Panhandle of Texas.

Glenna Brown, president of the High School Red Cross called a planning meeting with her officers and Mr. Howard Graham, teacher-sponsor for High School. Plans for the year were discussed. The first meeting of the High School Council will be Sept. 24th in Mr. Graham's Home Room, at 8 a. m.

One wire was sent by Gray County Chapter to Baton Rouge, La during the disaster and we are thankful the family was alright. The Red Cross Disaster Headquarters were prompt in answering our request. Most of the work is done by volunteers and we are very proud of the work they have been doing this year.

A fire victim on S Gray came to the Red Cross this week and we were able to help through the Welfare Index. Clothing for the family, furniture and household articles were given the family. We are always glad to cooperate with our community agencies.

Mrs. Jack Foster and Mrs. Lynn Boyd, Gray Ladies, have been doing something different this past week. Two young men who haven't been able to pass their drivers test have been given instruction in drivers examination questions. Our Gray Ladies are always ready to assist those who have a problem. We believe this service will long be remembered by these two young men.

With increasing buildup of military forces in Southeast Asia, Red Cross needs qualified men in service to the military installations and young women in ser-

### EARLIER, LONGER-LASTING

## Gray County Is Marriage-Minded Community

Gray County is a marriage-minded community. The records show that local residents marry early and stay married longer than people in most parts of the country.

By the same token, the proportion of divorced men and women in the local population is below average.

According to the latest Department of Commerce figures, approximately 76 percent of the Gray County residents over age 14 are married and living together in normal husband-wife relationships.

By way of comparison, 66 percent in other sections of the United States are in husband-wife households and 68 per cent in Texas.

Why is it that marriage is on a sounder, longer-lasting foundation with some couples than with others? One explanation has to do with money. A University of

Michigan study, covering some 900 families, reveals that financial problems affect more marriages than any other category of disagreement.

This is so, it appears, even though financial security is not the most sought-after aspect of marriage.

A most-valued one, from the wives' standpoint, is companionship in leisure-time activities. They rate it above standard of living and most other benefits.

Although family breakdown is termed the number one social trouble in the United States by the Family Service Association of America, it is somewhat less so in Gray County.

Locally, there are fewer divorced people, in proportion to population, than in most communities.

The figures show that 36 out of every 1,000 local residents above age 14 are divorced or separated. This does not include those who remarried after having been divorced.

The rate is a better one than in the rest of the United States, where it amounts to 42 per 1,000. In Texas it is 46 per 1,000.

The net result of marital breakups in the United States, whether caused by divorce, death or separation, is that 4.9 million families, or 1 out of every 10, are now husband-less and are headed by women.

Half of these women are widows. Another one-third are separated or divorced.

PREPARE OPEN HOUSE — National Guardsmen of the Pampa unit huddle over plans that will open the local Armory to the public today and demonstrate some of the equipment and activities of the guard. From the left: PFC John Goes; S/Sgt. David Armstrong and Lt. Melvin Anisman.

# Pampa Guard Unit Stages Open House

Public demonstrations of fire-power and a tour of the building and facilities will highlight an Open House at the Pampa National Guard Armory scheduled between 2 and 5 p. m. today. David Crossman, company commander, said the day's activities will begin with demonstrations of the 81 mm mortar, firing dummy cartridges. The 105 recoilless rifle and the .50 caliber machine gun will also be demonstrated, he added. Following the weapons demonstrations, a tour of the guard and facilities will be made, he pointed out.

Crossman stated that each piece of equipment will be demonstrated and explained. "We are also going to price items to show the public just how much money is invested out there." "Many residents are not familiar with the National Guard or how it functions in Pampa, so we designed this Open House to give the public a first-hand account of the Pampa National Guard and its operations.

Crossman estimated that about 70 guardsmen will be on hand for the open house. The Pampa Guard unit is currently in the midst of a recruiting drive to enlist 40 new members by the latter part of November.

The guard already has 17 new members and it is felt that there would be no trouble in recruiting 23 more men needed to meet the goal. A recent federal order allows persons drafted into the service

# Law Officers Will Attend Fifth Seminar

Approximately ten to fifteen law enforcement officers from Pampa and Gray County are expected to attend the fifth of 14 regional seminars on the new Texas Code of Criminal Procedure to be held in Amarillo Oct. 1. Police Chief Jim Conner said expects to send about five officers from his department and Sheriff Rufe Jordan said probably three or four deputies from his department will attend. Also constables, justices of the peace and other law enforcement officers from Pampa in addition to news media are expected to be in attendance.

Purpose of the seminar, held in cooperation with Potter County Dist. Atty. Dee D. Miller, is to better acquaint law enforcement officers with the new Texas Code and with recent United States Supreme Court decisions. The 59th Legislature, in passing Senate Bill 107, made more than 200 changes in the Code directly effecting the trial procedures of criminal cases in Texas. The changes will become effective Jan. 1, 1966.

Carr and Miller said that all law enforcement officers, justices of the peace, prosecutors, judges of courts of criminal jurisdiction, and news media of the following counties have been invited to the Amarillo meeting: Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Parmer, Castro, Swisher, Briscoe, Hall and Childress.

The seminar will be held at the Coronada Inn in Amarillo and will begin at 9:30 a.m. and conclude at 5 p.m. Zwiener will discuss historical background and recent U. S. Supreme Court decisions. Fender will speak on arrests, searches, seizures, and confession. Kelley will discuss post-arrests and pre-trial stages and will explain new trial and appellate procedures. "It is vital to good law enforcement that local and State authorities understand these new requirements and standards, and we hope that these meetings will be helpful in accomplishing these aims," Carr said.

The group will be welcomed by the Attorney General and by District Attorney Miller, host for the meeting.

September 1, 1965, marked the beginning of the new motor-vehicle inspection period for all Texas motorists. "With the hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked for the winter months ahead," the Sergeant said.

The patrol supervisor called attention to the fact that since the beginning of the inspection program, vehicles having a defect that was a causative factor in fatal accidents decreased from 13 per cent to 3 per cent. "The purpose of the Motor Vehicle Inspection Program is to discover any mal-adjustment which might become a link in a cycle of events leading to an accident, and by removing the link, prevent the accident," he pointed out.

# Oldsters May Qualify For S.S. Benefits

Gray County residents 72 years of age or older, who have had some work under social security but not enough to qualify for retirement payments under the old requirements, should recheck with the Social Security Administration, according to Hal Geldon, district manager of social security in Amarillo. A change included in the 1965 Amendments may now make such persons eligible for monthly benefits, he said.

Before this change, the minimum requirement was about 1 1/2 years of work under social security. Under the new law some workers can qualify at age 72 with as little as about nine months of social security work, Geldon stated.

A man who was born January 1, 1890, or earlier will need only about nine months of covered work; the same requirement applies to a woman worker who was born on January 1, 1893, or earlier.

A man born between January 2, 1890, and January 1, 1892, will need about 12 or 15 months, depending upon his exact birthdate. This work requirement applies to women born between January 2, 1893, and January 1, 1895.

Under these special provisions payments cannot begin until you are 72. The monthly amount is \$35, Geldon said.

# Obituaries

Alvis T. White  
Funeral services for Alvis T. White of Coolidge, Ariz., who died Monday in his home, were conducted Thursday morning in Coolidge.

Survivors include a sister, Mrs. George Kilcrease Sr., and two brothers, J. D. White and G. O. Staten, all of Pampa.

Clarence Mickey Dunivin  
Funeral services for Clarence Mickey Dunivin, 60, of Skellytown, will be held at 10 a. m. tomorrow in Skellytown First Baptist Church with Rev. Eugene Brand of Lubbock officiating, assisted by Rev. Mervin Hall of Artesia, N. M. Burial will be in Memory Gardens under direction of Duenkel Funeral Home.

Mr. Dunivin suffered a heart attack and died at Skellytown First Baptist Church at 11:30 a. m. Friday. He was born April 3, 1905, in Somerville, Mo.

Mr. Dunivin was retired from Mobil Oil Co. last July following 29 years service. He had been a resident of Skellytown for 13 years, moving there from Pampa. He was a member of Skellytown First Baptist Church.

Survivors include his wife, Mrs. Edna Dunivin of the home; one son, Jack Dunivin, student at West Texas State University, Canyon; two daughters, Mrs. Wilma Jones of Marshall and Mrs. Kay Hinton of Miami; one brother, Forest L. Dunivin of Mountain Home, Ark.; one sister, Mrs. Agnes Randel of Houston, Mo., and three grandchildren.

Pallbearers will be Cletus Collins, Bill Houghton, Clyde Horn, J. W. Alexander, Leroy Allen, Gene Grandstaff, Ed Kleibrink and Howard Moore.

Mrs. Lee Cady  
Funeral service for Mrs. Lee Cady, 93, who died at 4:15 a. m. yesterday in Thurman Rest Home, Amarillo, will be held at 2 p. m. tomorrow in First Presbyterian Church with Rev. Donald Hauck officiating. Burial under direction of Duenkel Funeral Home, will be in Fairview Cemetery by the side of her husband who preceded her in death in Jan. 1954.

Mrs. Cady was born March 4, 1872, in Middlepoint, Ohio. She moved to Pampa in 1925 from Tulsa, Okla., and was a member of First Presbyterian Church.

Airman Apprentice William T. Vance, USN, son of Mr. and Mrs. Given W. Vance of 310 E. Browning, Pampa, reported for duty to Naval Air Technical Training Center, Memphis, Tenn.

# Freedom Papers Win Tax Battle

WASHINGTON (UPI) — Freedom Newspapers, Inc., the nation's 10th largest newspaper chain, was justified in retaining almost \$2 in earnings in 1959-60 instead of handing it out as stockholders dividends, the U.S. tax court said Friday. The Internal Revenue Service charged the chain kept the money to keep from paying income taxes, which would have amounted to \$715,508.77. The company is headed by R. C. Hoiles.

Freedom Newspapers, Inc., said it needed the money because it was negotiating to buy two more newspapers at the time and also because it was facing a \$7 million to \$8 million anti-trust suit in Lima, Ohio, where one of the chain's newspapers is located.

The court agreed with the company on both points. The court said it was satisfied the newspaper chain acted "with good reason" in retaining the earnings to carry out expansion plans and provide a cushion against possible anti-trust action.

The ruling said the money accumulated "was not beyond the reasonable needs of its business."

# Law Officials To Attend Meet

District Attorney Bill Waters, County Attorney Don Cain and Sheriff Rufe Jordan will represent Pampa at the 15th annual Attorney General's Law Enforcement Conference Sept. 23, 24 and 25 in Pampa.

Waters is president of the Texas District and County Attorneys' Association.

The three-day conference, to be held in the Driskill Hotel in Austin, will attract district and county attorneys, sheriffs and prosecutors from over the state.

Waters will preside at the opening business session Friday and at a 9:30 a. m. business session Saturday.

Expected to be the main topic of discussion at the conference is the revision of the Code of Criminal Procedure, which goes into effect Jan. 1.

# Viet Nam Fighting Kills 16

WASHINGTON (UPI) — Sixteen U. S. servicemen were killed in action in Viet Nam this week, including a well-known Air Force hero.

Lt. Col. Robinson Risner, 40, one-time Oklahoma rodeo rider and hero of both the Korean and Vietnamese conflicts, was reported missing in action. This brought the current American missing total to 50, with another 30 believed to have been captured.

The dead, including eight from the Marine Corps, five from the Army, and three from the Navy, brought the four-year toll of American combat deaths in Viet Nam to 667. A total of 296 Americans also have died in Viet Nam from causes not due to hostile action, an increase of nine during the week.

The list of those wounded in the Viet Nam action meanwhile, increased by 118 to 2,601. Because his name was well known, Risner could be identified on the casualty list even though his hometown and relatives were not given. Two other missing pilots—Navy Lt. Cmdr. Wendell B. Rivers and Navy Cmdr. James D. Stockdale—were listed only by name.

The Defense Department believes that home towns and family information might be of use to the Communists in brain washing procedures if the missing men have been captured.

The combat deaths were:

**SIGN OF THE TIMES**—This assembly line in a Chicago plant is turning out "steel pots"—the familiar GI helmets of World War II and still in style after nearly 25 years. Production has been ordered by the government for the first time since 1958.

Navy—Lt. Cmdr. James Thomas Kearns, Nas Lemoore, Ca.

## NULLED NUPTIALS

LOS ANGELES (UPI)—Vocalist Helen O'Connell, 43, has asked that her Mexican marriage to musician Robert Pares be voided.

Miss O'Connell, who achieved prominence with the Jimmy Dorsey Orchestra in the 1940's, filed a petition in superior court Friday claiming the ceremony last Dec. 14 did not comply with Mexican law.

Her husband, Lt. J. G. Joe Russell Mossman, Broomall, Pa., a two-time Marine originally on the combat death list, was later reported as dead from causes not due to hostile action. One was Charles M. Iopa, Hilo, Hawaii.

# Single Rocket Sends Five Red Satellites Up

MOSCOW (UPI) — Soviet scientists launched five satellites—including one powered by radio activity—from a single rocket Saturday in the second such space venture this month.

All five satellites are "functioning normally," Tass, the Soviet news agency, said.

The five Sputniks were part of the "cosmos" series—a three-year program believed by American officials to include some "spy in the sky" satellites.

It was the Soviet Union's second five-in-one Cosmos shot this month, and brought the number of satellites up to 90. The Americans still hold the record with eight satellites launched by one rocket last May.

## Three Persons Die In Old Bomber

SCOTTSDUFF, Neb. (UPI) — Three persons were killed Friday night when a B26 bomber converted for civilian use crashed northeast of the Scottsbluff Airport.

Dead were Doug Jones, about 50, Gering, Neb., his wife, and pilot Everet Haxby, Scottsbluff. The Jones were owners of the Banner Oil Co., Scottsbluff.

Authorities said Haxby radioed for landing instructions and then the plane disappeared from the radar scope on its final pass. The wreckage was

Ferdinand Hassler, a Swiss engineer, made the first coast and harbor survey for the United States in 1816.

nics also included one that carried a radioactive isotope to power the equipment aboard.

Scientists said the isotope decays as it spins through orbit and emits radioactivity which powers the equipment.

As it did earlier this month, Tass Saturday stressed that "measures have been taken to exclude any possibility of the isotope spreading in the atmosphere or on the earth's surface."

Saturday's firing heightened speculation here of a manned space spectacular—possibly including history's first actual rendezvous in space—before the end of this year.

The Russians have launched 39 satellites this year, the most since the series began in March, 1962.

Russian sources have described the Sputniks as fact-finders sent up to gather the data that Soviet spacemen will need in orbit.

# President Johnson To Meet With Pope

WASHINGTON (UPI)—President Johnson and Pope Paul VI, both ardent advocates of world peace, will meet during the Pontiff's historic visit to New York City Oct. 4, the White House announced Saturday.

It will be the fourth meeting between a president and a Pope but the first ever to be held in the United States.

The White House said details of the get-together were still

## Freighter Sinking Off Honolulu

HONOLULU (UPI) — The Coast Guard said Saturday the Liberian freighter Loudias was sinking about 350 miles east of here after developing a leak in its number one hold.

Only the ship's captain and a radioman remained on board the 600-foot vessel after the captain gave the order to abandon ship.

A number of lifeboats were launched, the Coast Guard said, but the number of crewmen was not known.

The Coast Guard cutter Matagorda was rushing to the area.

Details of the ship's cargo, destination and crew were not known, the Coast Guard reported.

the University of Texas, it was announced Saturday.

The Johnsons made the first contribution toward the purchase of "Paisano," the small hill country spread sprinkled with scrub oak and cactus that was Dobie's favorite haunt.

Frank H. Wardlaw, director of University of Texas Press, said about one-third of the \$76,000 sought to purchase the ranch has been raised, with additional funds being sought.

The gift from the first family was made through the Johnson Foundation administered by A. W. Moursund of Johnson City, a close friend and business advisor to the President.

Ralph Johnson of Houston, a friend of Dobie's, contributed

10 per cent of the purchase price and offered to finance all legal fees for the transaction.

Dobie, famed Texas writer, scholar and historian, died Sept. 18, 1964 at the age of 75. The ranch is situated on Barton Creek southwest of Austin. The steering committee seeking to give it to the university envisioned it as a nature sanctuary.

Public contributions should be mailed to the Dobie-Paisano Project, Box 7819, University Station, Austin, Wardlaw said surplus donations would go into a Dobie Fellowship at the University of Texas.

The steering committee is composed of 22 Texans, most of them recognized in literary and journalistic fields.

**All Medicines**

**Must Be Potently Fresh**

You know what happens to a delicious custard if you permit it to be exposed for some time in a warm place. It can turn into a dangerous killer. Therefore you refrigerate custards to prevent this. Many medicines must be protected against a similar change or they too can be harmful.

Pharmacists are taught at college how to store all medicines and to date those which lose potency after a certain time. Some of them must be kept away from heat or light. Others we keep refrigerated till ready for use. When dispensing such medicines which are subject to change we will always inform you if there are any precautions you must observe.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

## Income Tax Questions, Answers

**EDITOR'S NOTE** — This column of questions and answers on federal tax matters is provided by the office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

**Q**—I'm still being charged interest on last year's tax bill. I thought that when I agreed to the audit adjustments and I signed the waiver agreement that interest charges would be stopped. Isn't that right?

**A**—Not quite. After the waiver is signed, the Revenue Service has 30 days in which to issue a bill. If it does not act within that time, interest is suspended on the additional tax due from a date 30 days after the waiver is filed until the date the bill is issued. After the bill is issued, the taxpayer has ten days within which to make payment without the further accrual of interest. If payment is not made within the ten day period, additional interest accrues from the date of the bill to the date of payment.

**Q**—I run a small truck farm. Do I have to pay the highway use tax on my trucks?

**A**—You will have to pay the tax on any truck required to be registered for highway use and coming within one of the taxable categories which you use to take produce to market, carry seed and fertilizer, or otherwise operate on the public roads. Farm tractors and other equipment which do not normally operate on the roads are not subject to tax.

**Q**—I couldn't find a copy of the Form 1040-ES, "Declaration of Estimated Income Tax," at the local post office where I usually get tax forms. How can I get a copy?

**A**—Copies of this form along with the 1965 tax rates and tables are available at any local Internal Revenue Service office. Ask for Publication No. 465.

**Q**—I am organizing a corporate business and will use a fiscal year rather than a calendar year. What are my due dates for excise and withholding tax returns and the like?

**A**—A taxpayer using a fiscal year must observe the same due dates as the calendar year taxpayer for all returns except income tax returns and estimated income tax returns. Excise returns, Social Security and withholding tax deposits and returns all must be made by the deadlines established for calendar year taxpayers.

The "Tax Calendar and Check List for 1965," Document No. 5046, lists the due dates for returns filed by fiscal and calendar year taxpayers. This publication is free from the District Director's office.

### Senate to Investigate Medicare Swindlers

WASHINGTON (UPI)—A Senate committee will conduct a preliminary investigation into the fleecing of the aged by con artists selling bogus federal medicare benefits.

Sen. George Smathers, D-Fla., said Friday the preliminary study would determine whether the senate special committee on aging will undertake a full-scale inquiry. The racket has been reported in New York, Texas, California, Colorado, Pennsylvania, Maryland, Florida and Alabama.

## Changes Seen By Diplomats

LONDON (UPI)—High Communist diplomatic sources Saturday said there will be changes in the Soviet government and possibly the Communist Party as a result of internal and foreign problems. But they said no major top-level shakeup in the Kremlin is expected yet.

The sources said the changes will be made during the meeting of the Soviet party's powerful central committee in Moscow next month.

They said they will affect various ministerial and possibly party posts with some new governmental posts being created.

Some of the leaders may move up to more prominent posts in the Kremlin hierarchy, the sources said.

They said the accent in the moves will be on domestic issues, particularly agriculture and the ailing economy, and on the sharpening feud with Communist China.

The sources did not anticipate any shakeup in the present Kremlin leadership right now. They said there was no apparent need for any such changes now. But changes in the not too distant future apparently are not ruled out.

Apart from the Sino-Soviet conflict, the chief worry in Moscow presently is about agriculture.

The Central Committee meeting will deal with the crisis extensively, the sources said. New measures apparently are contemplated including the introduction of greater incentives to prompt accelerated efforts on the part of the farmers.

### 'Goof Ball' Ring Smashed by Raid

WICHITA FALLS, Tex. (UPI)—Police today sought a sixth Wichita Falls man in connection with a "goof ball" ring in the city, broken up by a raid at three truck stops Thursday night.

Free in \$1,000 bond on charges of possessing dangerous drugs were Bill Folmar, Lonnie Moore, Norman Musick, Roy Criswell, and Troy Lamb, all of Wichita Falls.

Federal agents in Oklahoma City arrested Francis Ray Robinson, 26, of Tulsa, Okla., and charged him with selling 100,000 of the amphetamine pills to a state crime bureau agent.

### Seven Texas Counties Declared Emergencies

John Tower, R-Tex., Saturday announced seven Texas counties have been declared eligible for federal emergency loans to farmers and ranchers because of adverse weather conditions.

The counties are Calhoun, Cochran, Colorado, Fayette, Refugio, Victoria and Fannin. Loan requests will be administered by local offices of the farmers home administration.

**NEW WRINKLE**—A dashboard indicator showing necessary braking distance in relation to a car's speed is a new feature introduced by the French auto manufacturer, Citroen. As shown here on Citroen's DS-19, the stopping distance in meters is indicated on a line above the speed gauge, measured in kilometers.

### Webb Reappointed To Commerce Post

WASHINGTON (UPI)—President Johnson has reappointed Charles A. Webb, a Republican, to a seven-year term on the Interstate Commerce Commission.

Webb, chairman of the Commission this year, has served on the agency since 1958. He is a native Virginian and lives at Great Falls, Va. His reappointment was announced Friday.

The sun travels through space in a spiral path with other members of the Milky Way system.

### Citrus Tree Planting Up In Texas Valley

AUSTIN (UPI)—Citrus tree plantings in the lower Rio Grande Valley during the past year were the highest since 1953, the U.S. Department of Agriculture reported Saturday.

The USDA said licensed citrus nurserymen reported 600,000 trees moved from nurseries to groves from July 1, 1964, to June 30, 1965. This was an increase of 10 per cent from the previous year.

Orange and grapefruit trees accounted for most of the plantings, the USDA said.

## Greek Premier Aims to Solve Critical Ills

ATHENS, Greece (UPI)—New Premier Stephen Stephanopoulos aimed Saturday for a constitutional majority to solve the "critical social, economic and political problems" which have gripped Greece for more than two months.

Stephanopoulos and his 19-man cabinet, described as a "national coalition government," were sworn in Friday night before King Constantine.

On Wednesday, the new premier will attempt to consolidate his appointment by seeking a parliamentary confidence vote, an action which so far has eluded the grasp of two previous premiers given mandates by the king.

Both George Athanasiadis Novas and Elias Tsirimokos, who failed in their bids to win confidence votes, were made deputy premiers in the new cabinet. Tsirimokos was also given the acting foreign minister portfolio.

As things stand now, Stephanopoulos, deputy premier under Papandreou, has a bare majority of one for the 151 votes he needs to guide greece constitu-

### Texas Republicans Slate Tower Speech

AUSTIN (UPI)—The Texas Republican party Saturday announced Sen. John Tower will speak at a meeting of the state GOP executive committee in El Paso Oct. 15-16.

State committeewoman Mrs. J. T. Moorhead of El Paso will be over-all chairman for the meeting. It will be the executive committee's final session for 1965.

### West Texas Project In Recommendations

WASHINGTON (UPI)—The Army's Engineers Board for rivers and harbors has recommended authorization of 12 new civil works projects including the \$84 million Edwards underground reservoir in West Texas.

It would include construction of three reservoirs from which water would be absorbed into underlying porous rock. This would form an underground reservoir to provide water for 17 cities in the area.

He hoped to increase his majority to five votes next week with the addition to his camp of more pro-Papandreou deputies who until now had rallied behind the wily 77-year-old politician.

### Agriculturally Speaking

By FOSTER WHALEY  
Gray County Agent

Senator John Tower will be the guest speaker at the Annual Farm - City Banquet in Pampa on Wednesday, September 22. The event, sponsored by the Gray County Farm Bureau, will begin at 8:00 p.m. in the Robert E. Lee School Cafeteria and is open to the public.

Marvin Webster, president of the Gray County Farm Bureau, is expecting a sell out crowd.

Tickets for the banquet are now on sale at \$1.50 per plate in Pampa at Hi-Land Pharmacy, Richard Drug, The Production Credit Association office, and the McLean News in McLean.

It is our understanding that Senator Tower's talk will center around the new Farm Bill which is expected to be passed at this writing.

According to Marvin Webster, Senator Tower has been a strong supporter of Farm Bureau's National policies. This makes the fourth Annual Farm-City Week Banquet for Gray County that has been sponsored by the Gray County Farm Bureau in observance of National Farm-City week. In the past Farm Bureau members, farmers and ranchers have purchased tickets and hosted their city cousins. This year it has been opened to the public. Anyone can purchase a ticket while they last. However, many farmers and ranchers are still purchasing extra tickets for their city guest.

National Farm-City Week was originated by Kiwanis International in an effort to promote a better understanding and relation between rural and urban people. When people understand each other's problems, the result is always improved relations.

I finally learned why cowboys wear their hatsturned up so extremely on the sides. Raymond Darsey says they do this so three of them can ride in the same pickup cab.

Eben, Warner and Blake Lamore have a very interesting and successful project in progress on a farm and ranch operation they have west of Lefors. They are doing what some people would call the impossible. For two months they have been grazing and 85 acre field of sprinkler - irrigated Sudex II with 482 head of cattle. The field is cross fenced to permit alternate grazing and irrigating. When I looked at the project last week, they were about to switch the cattle back to a

different field. Eben remarked, "We have much more growth on this field now than when we turned in on it the first time." Wheat is to be sown and fertilizer applied on the field they have just finished grazing down. The wheat will be watered up. After frost kills the sudex, winter grazing will be provided by the wheat.

Sudex II is a sudan sorghum hybrid - cross similar to that sold by several commercial seed companies. These hybrid cross, grazing - type sorghum will produce considerable more grazing than sudan. They have many advantages over some of the much talked about permanent grasses. Usually very little grazing is obtained the first or second year a permanent grass has been established. Even after the second year, few permanent grasses will come close to producing as much grazing as the hybrid sudans.

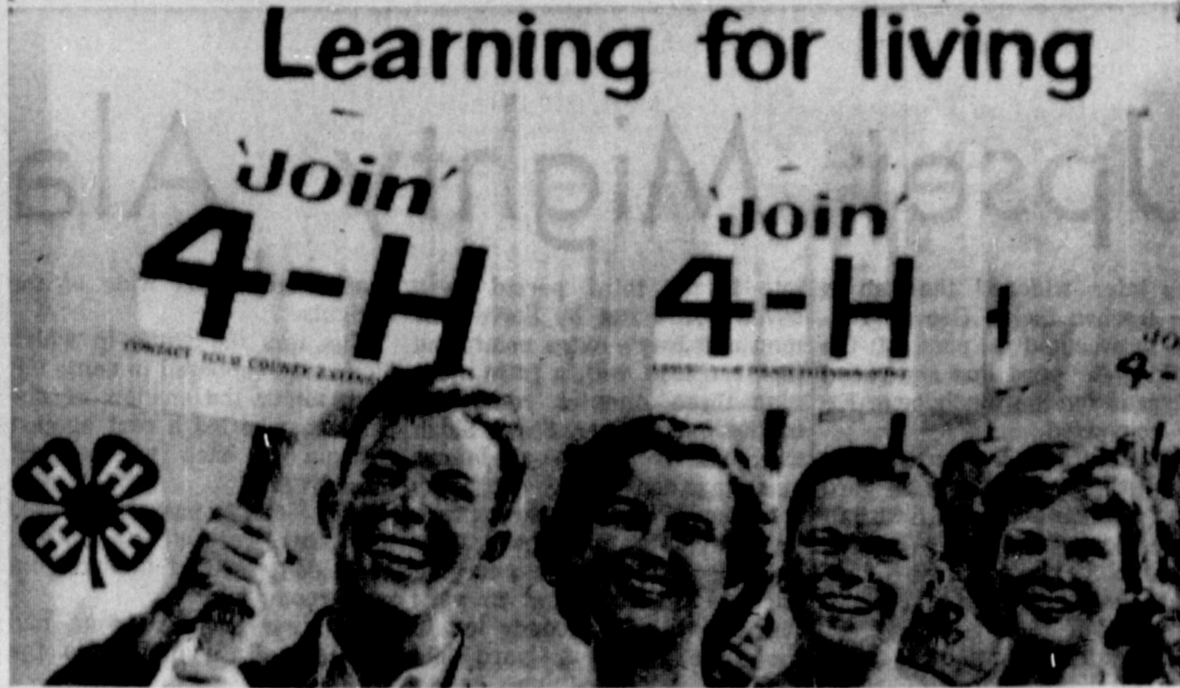

Some farmers spend up to \$50 per acre to get a permanent grass established, wait two years on it before grazing and then find the permanent grass disappointing. Renovation is needed occasionally on permanent grasses. We suggest that each rancher take a close look before going all out on such permanent grasses as Midland Bermuda. For each big success story there are five failures.

**Sportsmen Aided By Bill Clearing Farmers' Liability**

The most recent piece of Texas legislation that applies to outdoor recreation is house Bill 73. It became effective on September 1, 1965, says County Agent Foster Whaley.

The Act limits the liability of any owner, lessee or occupant of real property who gives permission to another person to enter his "premises" for purposes of hunting, fishing and/or camping. The word "premises" in this case means lands, waters, water courses and private ways including all buildings, structures, machinery and equipment.

House Bill 73, says Whaley is designed to encourage land uses for hunting, fishing and/or camping that are non-commercial. It does not limit or change in any way the liability that applies to commercial recreation enterprises that operate for a profit.

## Learning for living

### National 4-H Club Week Set For Sept. 25-Oct. 2

Texas' 87,000 4-H Club members will join other 4-H'ers throughout the nation in the observance of National 4-H Week, Sept. 25 - Oct. 2, reports R. L. Hunt, Jr., assistant state 4-H leader, Texas A&M University.

Hunt notes that some 2,250,000 boys and girls in the 50 states and Puerto Rico are 4-H members; that they range in age from 10 to 19 years of age; that they live in both rural and urban areas and that each conducts one or more projects involving personal responsibilities and "learning to do by doing."

**Conservation District News**  
By FELIX W. Ryals

I was in Austin on Monday of the past week to appear before the Texas Water Rights Commission on behalf of several Gray County land owners. When the boundaries of the underground water reservoir for this area were delineated in 1954 and 1955 the Texas Board of Water Engineers laid it out on the basis of the best information available at that time. Since that time considerable new information concerning the location of the boundaries of the underground water reservoir, known as the Ogallala Formation, has been secured. On request the Texas Water Rights Commission formerly known as the Texas Water Commission and Texas Board of Water Engineers, will hold a public hearing and if the factual information supporting the request is valid, the Texas Water Rights Commission will then redelineate the boundaries of the subdivision to include the land in the petition.

The next application was that of Dave Reidland who was seeking a permit authorizing the direct diversion of 5000 acre-feet water per year from Luce Bayou, San Jacinto River Watershed, Liberty County, for storage in a 2,506 acre - foot reservoir located near the channel. The Reidland rice farming interests would then divert 5000 acre - feet from this reservoir to irrigate 2500 acres of a 4940 acre tract of land. This application was strongly contested by the City of Houston, which had a prior permit for a certain portion of the water from the Luce Bayou, San Jacinto River Watershed. The permit held by the City of Houston was for water up to the level of the spillway. The water running over the spillway in times of excessive rainfall was yet uncommitted by the Texas Water Rights Commission. I had harbored the impression that when a President or Governor retired from office that they just retired and lived on the laurels ever after. The legal attorney for the Reidland interests was former Governor Price Daniel. Having served as Governor of Texas had not slowed him up at all. Listening to him present the case for the applicant indicated that he was exceptionally well versed on the water laws of the State of Texas.

The last hearing for the day concerned an application by Lake Wood Recreational Center, Inc. The Lake Wood Recreational Center, Inc. was seeking a permit to divert and use a total of 60 acre - feet of water from an existing reservoir with a 150 acre - foot capacity which was located on an unnamed stream, a tributary of Pecan Bayou of the Colorado River Watershed. The diverted water would be used to irrigate 40 acres of a golf course. The applicant was also seeking authorization to use the impounded water for other recreational purposes.

When speaking of water the term acre - feet or acre-foot is used to describe the amount of water. An acre foot of water is actually an acre of water one foot deep.

## County SCD News Tower To Speak At Farm Bureau Annual Banquet

By VAN C. MILLS

Graded borders were checked for completion on the Duncan farm operated by Charlie West. They plan to establish these borders to alfalfa.

Wayne Shaw who farms northeast of Groom has done an outstanding job of conservation farming. He has an excellent stand of grass in a waterway he constructed. He has a good stand of grass he established on undesirable cropland. He is farming on the contour with the diversion and terraces he constructed. Red Easton is in the process of completing an erosion control dam on the W. H. Taylor Ranch that he operates.

Burning of Wheat Straw Destructive and Wasteful

The practice of burning straw is a poor one. The reason that people continue to do so is that it is the most expedient way of handling the straw.

The destruction of surface residue causes deterioration of the soil structure as the organic matter is decreased. This decrease in organic matter reduces the infiltration rate of the water.

If it now takes 24 hours to water a set of rows, it might eventually take 35 hours or longer to apply the same amount of water where the residues have been continuously burned. The destruction of organic matter increases the runoff from irrigation and rainfall, and increases wind and water erosion.

Burning of the straw will result in a complete loss of nitrogen and sulfur. Losses would also occur in calcium, potash, and other elements if it blew or came a heavy rain following burning. Therefore, burning a good irrigated straw crop would result in losing approximately 30 to 40 pounds of nitrogen and 3 to 4 pounds of sulfur, besides the organic matter. Organic matter serves as food for certain bacteria. These bacteria release nutrients such as nitrogen to our soil.

Senator John Tower will be guest speaker at the annual Farm-City Banquet in Pampa on Wednesday, September 22. The event, sponsored by the Gray County Farm Bureau, will begin at 8 p.m. in Robert E. Lee School Cafeteria, and is open to the public.

"We feel that we are very fortunate to have Senator Tower as our speaker for this event, since he has been a strong supporter of Farm Bureau policies," Marvin C. Webster, Gray County Farm Bureau president said today.

# Georgia Bulldogs Upset Mighty Alabama, 18-17

ATHENS, Ga. (UPI) — Halfback Bob Taylor scored on the end of a 76-yard pass-lateral-run play Saturday to give the Georgia Bulldogs a shocking 18-17 victory over defending National Champion Alabama.

A lateral from end Pat Hodgson on the Georgia 37-yard line and outran the entire Alabama defense the remaining 67 yards to close the gap to 17-16 with 2 minutes, 8 seconds left on the clock.

Georgia, which hadn't beaten Alabama in the past five games and which will not meet the Crimson Tide again in the immediate future, was unwilling to settle for a tie and went instead for a two-point play.

Sophomore quarterback Kirby Moore, who had passed to Hodgson before the lateral to Taylor, hit Hodgson in the end zone for the two points and the victory before a crowd of approximately 45,000.

## Texas Ground Game Grinds Out Victory

MIAMI (UPI) — Southern Methodist University took advantage of a third period fumble recovery and played razor-sharp defense Saturday night to upset Miami's Hurricanes 7-3 and equal its total victory record of 1964.

LUBBOCK, Tex. (UPI) — Quarterback Tom Wilson and halfback Donny Anderson clicked on two touchdown passes Saturday night to lead Texas Tech to a 26-7 victory over Kansas in an intercollegiate football game that was halted because of heavy rain and a tornado warning.

NEW YORK (UPI) — Norm Cash, who had singled in the tying run in the eighth, knocked in the winning run in the 10th Saturday to give the Detroit Tigers a 4-3 victory over the New York Yankees on Mickey Mantle Day.

AUSTIN, Tex. (UPI) — Texas used ball control and a bruising ground game to crush Tulane 31-0 Saturday night in an intercollegiate season opener moved from New Orleans to Austin because of Hurricane Betsy.

AUBURN, Ala. (UPI) — Baylor's Terry Southall put on a sensational passing show Saturday to riddle Auburn's young secondary for 205 yards and a 14-8 victory.

LINCOLN, Neb. (UPI) — Highly touted Nebraska ran roughshod over undermanned Texas Christian University Saturday to open the Cornhusker bid for a national football championship in convincing 34-14 fashion.

NEW YORK (UPI) — Norm Cash, who had singled in the tying run in the eighth, knocked in the winning run in the 10th Saturday to give the Detroit Tigers a 4-3 victory over the New York Yankees on Mickey Mantle Day.

PHILADELPHIA (UPI) — Philadelphia Phillies announced Friday that they had entered into a working agreement with San Diego of the Triple A Pacific Coast League.

ST. LOUIS (UPI) — Sandy Koufax withstood a ninth-inning rally and scattered four hits Saturday for his 23rd victory of the season, a 1-0 Los Angeles Dodgers triumph over the St. Louis Cardinals.

CHICAGO (UPI) — A three-run homer by Billy Williams, his 33rd of the season, Saturday enabled pitcher Larry Jackson to extend his mastery over the New York Mets with a 4-3 victory for the Chicago Cubs.

LOS ANGELES (UPI) — A cloudburst struck the Chavez Ravine home stadium of the California Angels Saturday, forcing postponement of the afternoon game with the Baltimore Orioles.

MINNEAPOLIS (UPI) — The Minnesota Twins battled the weather and a regiment of Washington Senators but came out with a 4-2 victory which left them only four wins away from clinching the American League pennant.

# Indiana Takes K-State

BLOOMINGTON, Ind. (UPI)—Indiana celebrated the coaching debut of Johnny Pont with a 19-7 triumph over intercollegiate rival Kansas State in 85-degree heat Saturday before a regional television audience and nearly 23,000 fans in the stands. The Hoosiers scored in every

period and John Heaton, playing his first collegiate game, tied a school record by booting a pair of field goals. Indiana appeared assured of a shutout until the final period when Victor Castillo, Kansas State's pasing wizard, rallied the Wildcats in an 80-yard

drive, who set a school record of 46 receptions last year, took three more Saturday for 57 yards, including a 35-yard scoring play from quarterback Frank Stavroff for the Hoosiers' final touchdown in the fourth period. Castillo was virtually the entire show for the Wildcats, completing 19 of 42 passes for 227 yards and a touchdown. But he also had four throws intercepted and the first miscue set up Indiana's initial touchdown. Newcomer John Durkott picked off the pass on the Kansas State 27 and Jim Smith plunged over for the score in nine plays. Then Heaton booted a pair of field goals in the second and third periods, the first good for 29 yards, the second for 34 yards.

Indiana 8 3 3 6-19  
Kansas State 0 0 0 7-7

Scoring:  
Ind.—Smith 1 plunge (Heaton kick)  
Ind.—FG Heaton 29  
Ind.—FG Heaton 34  
Kan.—Strozler 3 (Pass from Castillo (Cook kick)  
Ind.—Malinchak 35 pass from Stavroff (Kick failed)

# Oregon Squeeks By Pitt, 17-15

PITTSBURGH (UPI)—Reserve quarterback Tom Trovato piloted Oregon to a pair of third period touchdowns Saturday on the way to a 17-15 victory over Pitt. The Webfoots stymied a Pitt threat in the last three minutes.

MORE YARDAGE FOR BUD — Wichita Fall's Bud Deerinwater (43) picks up eight yards as Pampa's Roy Harper (12) comes up to make the stop.

## FRIDAY'S MAJOR LEAGUE ROUNDUP

# Giants Winning Streak is Broken

By United Press International  
The Milwaukee Braves rallied behind two home runs by Hank Aaron and brilliant relief pitching by Billy O'Dell Friday night to snap the San Francisco Giants' winning streak at 14 with a 9-1 victory.

O'Dell picked up his 15th save of the year when he came on in the sixth inning with the bases loaded and nobody out and retired the next three batters on two strikeouts and pop fly.

Don Drysdale, with an assist from Ron Perranoski, won his 20th game of the season as the Dodgers beat the Cincinnati Reds two to one in the third on Jim Gilliam's triple and Willie Davis' sacrifice fly.

Sammy Ellis, with a helping hand from Billy McCool, notched his 20th victory of the season as the Cincinnati Reds beat the Houston Astros 4-2. John Edwards' sacrifice fly scored pinch runner Marty Keough from third base to break a 1-1 tie in the seventh inning and the Reds added two insurance runs in the eighth on singles by Tommy Harper and Vada Pinson plus a double by Frank Robinson.

The Pampa Daily News

58TH YEAR SUNDAY, SEPTEMBER 19, 1965 9

# Boston College Rips Buffalo by, 18-6

BOSTON (UPI)—Favored Boston College nursed an early game passing-attack and a second quarter fumble recovery into an 18-6 victory over die-hard Buffalo Saturday.

Buffalo quarterback Dick Wells, a free wheeling sophomore, scored the one Bull touchdown on a 10-yard run after linebacker Joe Holly had blocked an Eagle punt with 5:20 remaining in the game.

Chicago and New York were not scheduled.

# Twins Pennant Express Slowed By Senators

By United Press International  
The Washington Senators slowed Minnesota's pennant progress Friday night with a 2-1 victory over the Twins in 10 innings.

# Oregon State Upsets Illinois

CHAMPAIGN, Ill. (UPI)—Paul Brothers threw a desperation fourth down, fourth quarter pass to Clayton Calhoun in the end zone Saturday to bring Oregon State from behind to a 12-10 upset over favored Illinois.

# Syracuse Runs By Slow Middies, 14-6

ANNAPOLIS, Md. (UPI)—Quarterback Ted Holman scored two touchdowns on short runs Saturday to lead heavily favored Syracuse to a 14-6 victory over Navy and ruin Bill Elias' debut as head coach of the Middies.

The versatile kicker scooped up a short flare pass at the Navy 13 and returned to the 10. On the next play, Holman bobbled the ball from center but then broke away around right end for a touchdown.

# Gators Shuttle By Northwestern

CHICAGO (UPI)—The Florida Gators shuffled four full teams into service in steamy, 84 degree temperature Saturday to post a convincing 24-14 triumph over Northwestern.

# Rider Stalls Off Pampa, 20-6

By RON CROSS  
News Sports Editor

Pampa's rejuvenated Harvesters thrust a mighty challenge at Wichita Falls Riders highly rated Friday night and the Raiders rose to the challenge and escaped with a 20-6 victory.

The Raiders started off as if they would nail the Harvesters' noses to the stadium, scoring the first two times they had the ball.

But, not so, as coach Eural Ramsey's fighting 11 got their lander up and on the running of Lewis Meers, Ted Heiskell and Joey Roden and the keen field generalship of Larry Daniels and Roy Harper fought the Raiders on even terms from the second period on.

Penalties hurt both sides but a mere five-yarder in the fourth quarter seemed to take the starch out of the Harvesters.

Pampa took the opening kick-off from their own 29 to the Raider 18, moving smoothly on the ground, but a 15-yard penal-

ty set them back to the 30 and the threat died.

The Raiders showed then why they were so highly thought of in the state.

Taking over on their own 26, it took but nine plays for a

	Pampa	WF
First Downs	15	16

Fumbles Lost	0	0
Pass. and Com.	1-6-11	0-2
Pass. Int.	1	0

touchdown with highly touted tailback Bud Deerinwater scampering the final 11 yards for the point after failed and with 5:43 left in the first period the Raiders led 6-0.

It's only fair to say that the Harvesters' defense stiffened in this drive but a 15-yard penalty on third down 10 at the Har-

vesters-32 gave the Raiders all the break they needed.

The next time the Raiders got the ball they churned 71 yards in nine plays with Deerinwater and halfback Don Dudley picking up all the yardage with the exception of Ken Hudson who skirted left end for the final 25 yards and a touchdown. Dudley ran over the extra points and the Raiders led 14-0 at the close of the first period.

Again in this drive a penalty hurt the Harvesters' defense. Wichita Falls had a second down and 13 yards for a first and the Harvesters were assessed a 15-yarder.

Neither team managed a threat until near the end of the

half when the Harvesters capitalized on a break.

Forced to punt, James Matney booted to the Raider 42, but the Raiders were assessed a 15-yard penalty of their own for holding and Papa had new life on their own 39.

This time the Harvesters were not to be stopped. With Roden, Meers and Heiskell running the ends and trap plays like veterans, Pampa traveled the 61 yards in 11 plays, all on the ground. Once the Harvesters needed yardage badly, faced with a third down and four at the Raiders eight-yard line. They called on their meal ticket, Heiskell and he responded by churning to the one.

One play later, Daniels, who played creditable all night, rolled in for the score. Pampa attempted to run the points after but a penalty sent the ball back to the seven and another run failed.

The half ended with the Raiders on top 14-6.

The Raiders came back in the second half and again looked like world beaters, driving from their own 32 to the Pampa 10, but the Harvesters' defense stiffened and held.

The third period ended with Pampa taking over on their own three-yard line.

The Harvesters, needing a touchdown badly, did their best, driving to the Raider 23 where a fourth and 12 situation lost three yards and the ball game.

Again Heiskell, who picked up 46 yards on 17 carries for the night, Meers, who had 59 strides in 12 carries and Roden who added 58 on 13 carries, sparked this drive, hurt by the five-yard penalty.

The Raiders added the clincher, taking over on the 26 and covering the 74 yards in 12 plays with Dudley and Deerinwater accounting for 70 of the yards and Dudley the final six for the touchdown.

The kick for the extra point failed and with 28 seconds left the Raiders breathed a sigh of relief with their 20-6 bulge.

The Harvesters open conference play next week when they journey to Amarillo to tackle Palo Duro.

ON THE WAY — Wichita Falls Rider's Bud Deerinwater (43) is on the way to a first period touchdown that helped carry the Raiders to hard-fought 20-6 victory over Pampa Friday night.

## Mustangs Tumble Sooner Team, 55-0

ERICK, Okla. — Bobby Vanpool, John Hutchinson and Tom Smith scored twice each and Dan Dorman kicked a five-yard field goal to put icing on the cake as Wheeler rolled to their second straight victory, 55-0 over Erick.

Vanpool, Smith and Hutchinson powered the Mustangs to a 28-0 first quarter lead.

Vanpool gave Wheeler his first score on a 55-yard run and Smith ran over the conversion.

Vanpool scored again minutes later from four yards out and Smith again ran over the conversion.

Smith then scored the Mustangs third tally of the period, rambling 21 yards. He then failed on a run try for the conversion.

Hutchinson scored the fourth touchdown of the quarter when he scooted 25 yards at the end of the period.

Smith scored Wheeler's only

second period touchdown, this one on a 18-yard pass from quarterback Mike Goad. Smith then ran over the conversion for a 36-0 halftime lead.

Hutchinson scored the Mustangs only third quarter touchdown, going 13 yards. Bobby Robinson ran over the conversion for a 44-0 third period lead.

Donald Rives scored on a 15-yard run in the final quarter for the last Mustang touchdown and Hutchinson ran over the points after.

Dorman kicked his field goal to end the scoring.

The Mustangs led by a large margin in all statistical departments, 18.5 in first downs; 314.88 in yards rushing; and 113 to 17 in yards passing.

Happy actually ran the count to 35-0 before Lefors Tony Pittman rambled 60 yards in the third period for the Pirates only score. The run try for the points after failed.

Randy Johnson and the Culp brothers, Gary and Wicky, scored all the Happy touchdowns but

## Rambling With Red

RON CROSS

Here 'n there.....

Chris Short, the star lefthander of the Phillies, is a philatelist, with a stamp collection he assesses at \$10,000.

His father has one worth 100 grand. Chris needs only seven more stamps to complete his specialty, the Russian collection.

## Casey's Farewell

In his good-bye to New York, Casey Stengel didn't bother to say goodby. At least in so many words.

Case thinks of his transfer to California as more of a temporary absence from the Big City and refused to utter his au revoir.....

Twins third base coach Billy Martin, gets Brooks Robinson's nod as the best thing that's happened to Minnesota this year.

"I believe," he said of the third baseman of the Baltimore Orioles, "he's been the big difference. He pepped a fellow said to Gary Player, heading for the World Series of Golf, "I see you have five children at the age of 29. How do you do it?"

Replied Player.... "We don't have television in South Africa."

## Dennis Ralson, at the age of 22 is already looking forward to retirement.....

Dennis Ralson, at the age of 22 is already looking forward to retirement..... "So," says Ralson, "I don't have to pick up a paper or magazine and read all those stories about myself and my temper. I got an image early in my career and have done everything I could to get rid of it, but I guess I haven't."

## Holub Likes Fans

Linebacker E. J. Holub is one Kansas City Chief who doesn't knock the home fans, lukewarm in their support of the transplanted Dallas Texans. "These people come out in below zero weather. They've got to be great fans or drunk."

Joe Lapchick has served his ties with basketball completely. He goes to work publicizing a national shoe chain.

The Baltimore Colts go into the season in good shape, and so does Carroll Rosenbloom, their ailke. Just recovering from a six-week siege with an overactive thyroid.

Look-alikes; second baseman Ron Hunt of the Mets and outfielder Jimmy Hall of the Twins.....

Where it says "Sam Mele" in the Baseball Register, there's a picture instead of Gene Mauch, the Phillies' skipper.

The failure of the Phillies to squeeze into the tight National League race is no surprise to close followers of that clique ridden club.....

## Happy Rolls By Lefors, 35-6

HAPPY (Spl.) — The Cowboys from Happy piled up a 21-0 halftime lead and rolled over Lefors, 35-6.

Happy actually ran the count to 35-0 before Lefors Tony Pittman rambled 60 yards in the third period for the Pirates only score. The run try for the points after failed.

Randy Johnson and the Culp brothers, Gary and Wicky, scored all the Happy touchdowns but

## Bucks Rumble By S-Fritch

WHITE DEER (Spl.) — White Deer built up an easy 27-0 halftime lead and coasted to a 47-0 whitewashing over Sanford-Fritch Friday night.

Vernon Marlar and Randy Elliott sparked the Bucks offensive efforts, with Marlar tallying three times and Elliott twice.

Elliott scored first for the Bucks, on a five-yard run and Johnny Mooney added the point after for a quick 7-0 lead.

Jerry Smith made it 13-0 when he scooted 28-yards around left end. The quarter ended that way.

Elliott made it 19-0 with a 34-yard run and Mooney booted the point after for a 20-0 lead.

Marlar ran the first of his three scores just before halftime, going six yards and Mooney booted the point and it was 27-0 at halftime.

Burl Pipes scored just after intermission for White Deer, when he recovered a Fritch fumble in the end zone. Mooney again kicked the point after.

Marlar started rolling again in the final period, scoring both Buck touchdowns, the first one on a 53-yard run. Mooney kicked and then Marlar went 32-yards the next time he got his hands on the ball.

The Bucks now are 3-0 for the season.

## Sunray Tumbles Canadian, 27-0

CANADIAN (Spl.) — Sunray recovered four Canadian fumbles and turned three of them into touchdowns for a 27-6 victory Friday night.

Canadian fumbled twice on its own one-yard line with Sunray recovering both of them.

Quarterback Johnny Walker, who was hurt in the third period scored Canadian's lone marker in the first period on a 47-yard run.

Sunray scored next on a fumble recovery with Larry Smith going over from the one.

Sunray went in from 14.6 at halftime when Sammy Manning scored on a 14-yard pass from Smith and Don Harris ran over the conversion.

Manning scored again in the third period on five-yard pass from Smith and Harris scored on a 1-yard run after recovering a Canadian fumble.

## Sunray Tumbles Canadian, 27-0

CANADIAN (Spl.) — Sunray recovered four Canadian fumbles and turned three of them into touchdowns for a 27-6 victory Friday night.

Canadian fumbled twice on its own one-yard line with Sunray recovering both of them.

Quarterback Johnny Walker, who was hurt in the third period scored Canadian's lone marker in the first period on a 47-yard run.

Sunray scored next on a fumble recovery with Larry Smith going over from the one.

Sunray went in from 14.6 at halftime when Sammy Manning scored on a 14-yard pass from Smith and Don Harris ran over the conversion.

Manning scored again in the third period on five-yard pass from Smith and Harris scored on a 1-yard run after recovering a Canadian fumble.

## Sophomore Carries Duke to 21-7 Win

CHARLOTTESVILLE, VA. (UPI)—Sophomore Jake Devonschir rambled 57 yards through the middle of the line for a tie-breaking fourth period touchdown to spark Duke to a 21-7 victory over Virginia Saturday.

The scoring jaunt by the 205-pound halfback early in the final period came only minutes after reserve quarterback Tom Hodges directed Virginia on an 85-yard drive and took the ball in to knot the score at 7-7.

The Blue Devils, with poised Scotty Glacken at the helm, drove 70 yards the first time they got possession for a 7-0 halftime lead. Ken Chatham took a pitch-out from Glacken and went 15 yards for the tally.

Glacken, who set a new career passing record for Duke, got out around left end three plays after Duke's Chuck Stavins recovered a Virginia fumble to score the Blue Devils' final touchdown.

Mark Caldwell made good on all his extra point opportunities for Duke. Braxton Hill added Virginia's lone bonus marker.

Glacken, boomed for Atlantic Coast Conference and national honors, erased Billy Cox's individual passing yardage school record of 2,455 yards set in the late 1940s. The senior quarter-

## Groom Plays To Deadlock Friday

CLAUDE (Spl.) — Groom barley stopped a Claude bid for a touchdown in the fourth period Friday night and earned a 0-0 tie.

Halfback Keith Clayton intercepted a Groom pass on his own 3-yard-line and raced 77 yards before being brought down.

The game was played in fog and rain and both teams had fumbled five times and recovered them all and Claude fumbled five times also and recovered four.

Groom is now 1-0-1 for the season.

## RACING

NEW YORK (UPI)—Racing fans poured more than \$700 million into the mutuel windows in 1964, more than \$50 million greater than the 1963 total.

## Oil News

THE PAMPA DAILY NEWS  
 SUNDAY, SEPTEMBER 19, 1965

### Men In Oil...

**JOHN M. HAIVALA** has been appointed manager of mining and milling operations by Kerr-McGee Oil Industries, Inc. He will assist A. T. F. Seale, vice president of operations, in the management of the company's minerals division.

He formerly was general manager of the Bunker Hill Company at Kellogg, Idaho. Prior to that he was general superintendent of the Chino Mines division of Kennecott Copper Corp. Other experience includes 16 years with Cleveland Cliffs Iron Company, which operates various iron ore properties. In 1943 he was graduated from Michigan Technological University with a B.S. in mining engineering.

He completed the Alfred P. Sloan senior executive training program at Massachusetts Institute of Technology in 1961.

He is a member of the American Institute of Mining Engineers.

**MILTON H. WARD**, minerals division mine engineer, was transferred recently to the Oklahoma City office from the Kerr-McGee uranium operations at Grants, New Mexico.

He will furnish technical assistance in mining operations. Prior to being transferred, he was general superintendent of mines at the Grants uranium operations.

**WILEY C. HILL** of Bartlesville has been named assistant superintendent of the Cities Service Oil Co. Land Department. He succeeds Mark Payton who has been promoted to land superintendent of the company. He graduated from National

**35 YEARS OF SERVICE** — R. J. "Bob" Bunch recently observed his 35th anniversary with the Gulf Oil Corp. During this period he has worked in Oklahoma, Kansas, Michigan, New Mexico, Texas and Canada as roustabout, pipeline, connection man, roughneck, driller and, for the past 14 years, drilling foreman. For the past 5 years Bunch and wife, Eva, have made their home at 1105 Seneca Lane in Pampa.

**Cities Services Gets Defense Supply Bid**

**TULSA, Okla.** — The Defense Petroleum Supply Agency has awarded Cities Service Oil Company a contract for 1,595,000 barrels of JP-4 jet fuel, it was announced here recently.

Of the fuel total — worth \$5.5 million — 1,000,000 barrels will be supplied from CITGO's Lake Charles, La., refinery, 360,000

# FPC Urged to Reopen Permian Producers

WASHINGTON (Sp1) — The Federal Power Commission was urged at weekend to reopen the Permian Basin gas producers on grounds that the commission chairman and vice chairman prejudged the key issue of whether competition exists in natural gas production.

In an application for rehearing which charged that FPC's decision was illegal and based on numerous errors, the Independent Petroleum Association of America disputed the Commission's finding that lack of competition requires cost-based regulation of thousands of gas producers.

The IPAA charged that the hearing record, longest in FPC history, contained "much evidence that adequate competition does exist in the Permian Basin, and none . . . that adequate competition does not exist."

It said a re-determination of the key competition issue should be made "on the record," not on "preconceived concepts," and declared this would justify rejection of the FPC's cost-based pricing formula in favor of a "market value" standard based on contract provisions negotiated at arm's length in free competition.

Citing statements by the FPC chairman, Joseph Swidler, and its vice chairman, David S. Black, made in 1964 while the case was still pending, in which both commissioners argued that from Ponca City, and 235,000 from East Chicago, Ind.

competition among gas producers is inadequate, the IPAA rehearing applications declared: "The issue of whether or not there is competition among producers of natural gas is a most crucial one and the commission should decide it on the basis of the record and certainly not upon the basis of presumption or preconceived concepts."

"The burden upon the commission is unusual," said IPAA, "because of the previously expressed views by the chairman and vice chairman which suggest that they entered into the decision making process with preconceived views concerning the specific issue of competition among producers."

The importance of this issue is such, said IPAA, that the Commission should reconsider its finding of inadequate competition, and "should look once more at the record and conclude that this highly competitive industry will make the 'market value' regulatory concept work in the best interest of the consuming public. . . ."

Aside from the disputed question as to the effectiveness of competition, at this stage not proven but "a matter of judgment, at best," IPAA attacked the decision on a number of other counts, including:

1. The Commission erred in establishing two different prices (16.5 cents per Mcf for "new gas-well gas" and 14.5 cents for all other gas) for natural gas with comparable energy value and equal value to consumers.

2. The Commission failed to set forth how the Permian decision will affect producers financially, the extent of refunds, how much will be denied producers by reducing contracted prices, or what the financial effect will be of FPC's 2 1/2 year "moratorium" on Permian gas prices.

"In other words," said the Association, "the Commission made no finding nor appraisal as to adverse impact this decision will have on the dollar and cents needed by the Permian producers to carry on the continuing exploration and development which the Commission admits is necessary in the public interest."

3. The "moratorium" on rate increases for 2 1/2 years is illegal since section 4 of the Natural Gas Act provides for filing for contractually permitted rate increases. "It would appear that the Commission, in order to make its area rate system work, is willing to and does ignore the plain wording of the Natural Gas Act."

4. The minimum rate of 9 cents per Mcf which the Commission set for gas sold under contracts "below the revenue standards," is arbitrary and too low. "Fairness and equity require the Commission to adjust upward these subnormal con-

tracts so that, in total, the producers' financial requirements will be met."

First practical motion picture projector was made in France by the Lumiere Brothers.

TEXAS CONGRESSMEN

# Roll Call Voting Record

WASHINGTON (UPI)— Here is the way Texas congressmen voted the past week on roll-calls:

**SENATE**  
 Adopted 45-45 with Vice President Humphrey breaking the tie. Bass amendment to farm bill leaving control of braceros in Labor Department: Yarborough yes, Tower no; confirmed the vote on procedural tabling motion 45-44, Yarborough yes, Tower no.

Adopted 57-27 Proxmire dairy title to farm bill, Yarborough yes, Tower not voting.  
 Rejected 33-56 Brewster \$25,000 per year limitation on price support loans or payments, Tower and Yarborough no.

Rejected 42-49 Williams amendment to bar payments or loans in excess of \$50,000, Tower and Yarborough no.

Rejected 42-50 Williams amendment to bar such payments in excess of \$100,000, Tower and Yarborough no.

Finally passed farm bill 72-22, Tower and Yarborough yes.

Adopted 85-0 resolution of ratification of Vienna convention on diplomatic relations, Tower and Yarborough yes.

Rejected 33-48 Cotton amendment requiring findings by secretary of commerce that high-

way signs are consistent with purpose of section of bill controlling them as a condition of their use on interstate system and new construction on primary system, Tower yes, Yarborough no.

Adopted 44-40 Randolph amendment allowing erection of signs when their size, lighting and spacing has been determined by agreement between secretary of commerce and the several states, Yarborough yes, Tower no.

Rejected Cooper amendment to maintain strict standards applicable to interstate system outdoor advertising under state laws, Yarborough yes, Tower not voting.

Passed highway beautification bill 63-14, Tower and Yarborough not voting.

**HOUSE**

Adopted 259-212 procedural rule permitting consideration of bill to more effectively prohibit discrimination in employment because of race, color, religion, sex or national origin, yes, Brooks, De la Garza, Gonzalez, Patman, White; not voting Casey, Poage, Thomas, Thompson, Wright, Young.

Adopted 201-171 procedural rule permitting consideration of bank holding company

amendments concerning Dupont holdings in Florida, yes Beckworth, Brooks, Del la Garza, Gonzalez, Patman, White; not voting Poage, Thomas, Thompson, Wright, Young, rest yes.

Adopted 260-114 procedural rule permitting consideration of a bill establishing national foundation on the arts and humanities, yes Beckworth, Brooks, Gonzalez, Mahon, Patman, Pickle, Purcell, Teague; not voting Casey, Poage, Thomas, Thompson, Wright, Young, rest no.

Adopted 288-84 procedural rule permitting consideration of federal pay raise bill, no Burleson, Dowdy, Fisher, Mahon, Rogers, Teague; not voting Casey, Poage, Thomas, Thompson, Wright; rest yes.

## Crash Pilot Misjudged In Weather

ST. JOHN'S, Antigua (UPI)— The U. S. airliner crash that killed 30 persons on Montserrat Island Friday apparently occurred because the pilot, flying through thick weather, mistook Montserrat for Antigua, it was reported Saturday.

Pilot H. S. Henderson's last words to the airfield control tower in Antigua, which was to have been his next stop, were "at 4,000 feet. Landing in five minutes."

Moments later, the Pan American World Airways jetliner he was flying slammed into the mountains that tower to an altitude of nearly 3,000 feet over Montserrat. The highest point on Antigua is only a little over 1,300 feet.

Search parties were hacking their way through dense forest Saturday to reach the scene of the crash, in weather so bad that visibility was virtually nil.

## Baylor U. Plans New Library Site

WACO (UPI)— Baylor University will build a \$2.8 million library in a new development area east of the campus in Waco.

The library building committee headed by Joe L. Albritton of Houston recommended the site and it was confirmed this week.

The library will be built at the end of a new mall from the center of the campus to land purchased by the Baylor Waco Foundation.

Construction is to begin in September, 1966, the university said.

## Divorce Plans End In Murder-Suicide

HOUSTON (UPI)— A man and wife in the process of getting a divorce were shot to death Saturday and two others were seriously wounded in what sheriff's deputies said appeared to be a murder-suicide.

The victims were William Blackwell, 47, who lived just north of the city limits, and his wife, Mattie L. Blackwell, around 44.

Their two friends, Jerry Baty, 17 and his sister, Patsy Ruth Wksnoski, 32, were wounded.

Sheriff's deputies said all four appeared to have been shot with a .25 caliber automatic pistol that Blackwell owned.

## Cotton Defoliation Programs Improved

IMPROVE COTTON DEFOLIATION PROGRAMS — Cotton producers who use mechanical harvesters often receive lower harvesters often receive lower than normal grades on their cotton due to a poor defoliation program. Extension Service cotton specialists encourage farmers to improve cotton defoliation programs by choosing proper chemicals, applying thoroughly at recommended rates, being sure that equipment is in good working condition and properly calibrated, and keeping abreast of latest weather conditions and predictions.

## SILVER CASTE

SACRAMENTO, Calif. (UPI)— Former U. S. Treasurer Ivy Baker Priest tried to throw a silver dollar across the 200-foot wide Sacramento River Friday. The coin went 20 feet and splashed into the water.

"I did this to show that a dollar doesn't go as far as it used to," remarked Mrs. Priest.

## National Window

BY LYLE WILSON

United Press International  
 Rep. H.R. Gross (R-Iowa) was known to me as Charley Gross when we and others 45 years ago were making up in summer school at the University of Missouri for time lost in the Army during World War I. Charley Gross was an opinionated, slightly built, hard nosed fellow then, and he hasn't changed much since he came to Congress in 1948 except that slight is not the word any more for his physical architecture.

The heroes of World War I are by now a bit paunchy, Charley Gross is no exception. He has acquired a small pot and his hair has receded. But it should be stated for the record that the fat accumulated in his advanced middle age did not go to Charley's head, Gross and the state's two U.S. senators, Bourke B. Hickenlooper and Jack Miller, comprise the republican troops in Iowa's congressional delegation. Neither senator had to buck the Democratic tide in the 1964 election, but Gross bucked it and won, the only Iowa Republican elected to the U.S. House of representatives last year.

I am reminded of my undergraduate friendship with Charley Gross by reason of having examined in the Congressional Record the recent House proceedings in which about \$4 billion was appropriated for foreign aid in the 1966 fiscal year. For nearly 20 years, Congress has been appropriating and the executive department has been distributing foreign aid. This has served a useful purpose, no doubt. But a citizen might be forgiven for believing that after nearly 20 years and a record of extraordinary goofs as well as solid successes, the time may have come to take a longer, closer and more challenging look at the foreign aid spenders.

It was remarked during the House discussion that the command of foreign aid spending had shifted from director to director over the years with astonishing frequency. A member said there had been as many directors of foreign aid as Tommy Manville had wives. That would be a dozen, give or take a couple.

Charley Gross gets into this picture because he always does what he can to persuade his colleagues to take a longer, closer and more challenging look at the spendthrift habits of presidents and Congress.

Charley Gross does his home work so that he may zero in on the simpler items, the little things that make the point he consistently tries to make: that a great deal of government spending and much other government activity is mostly nonsense and low grade nonsense at that.

During the aid appropriation debate, Gross kept reminding the House of what appears to have been a real clincher. He said: "As I mentioned a little while ago, the handout artists gave \$15 million to the government of Ecuador because of their budget deficit, when Ecuador had credit to borrow money from the International Monetary fund."

A mere \$15 million even if misspent, is not much about which to become excited in Washington. Charley's statement was not even challenged nor was any effort at all made to explain the transaction with Ecuador. You might think that the Republican leadership of the house would be examining carefully all foreign aid appropriations and be seeking to protect the taxpayers in those areas where protection is needed.

And perhaps the Republican House leadership was alert and doing its job. That must be so because the Republican leadership of the House found the aid appropriation to be all right. Forty House Republicans, including the Republican leaders, voted for the appropriation. Eighty-one Republicans opposed. The Democrats split 199 for to 62 against.

Charley Gross voted "No." He believes the Ecuadoreans should make good their own deficits if their credit will stand it.

## Pre-School Poems

HELSINKI, Finland (UPI)— Kati Kirstina's first book comes off the press this fall. A combination of poetry and prose, it will be dedicated to her mother.

Mrs. Kirstina is especially proud, since Kati is only 3 years old.

Wonderful fall colors in wool and Orlon blends. Solid colors and novelty weaves. 54 and 60 inch widths.

By PEGGY JO ORMSON

THE SCHOOL year is well underway and to show appreciation for Pampa's staff of teachers the Top O' Texans Club of the Chamber of Commerce honored them with a watermelon reception Tuesday evening in Central Park with some 300 persons attending. Especially honored were the new teachers in the public schools. They were Mrs. Gien (Ruth) Baker, Miss Bernice Beuselink, Miss Patricia Beuselink, Mrs. Winfred (Janis) Cates, David Heath, Mrs. B. G. (Barbara) Iverson, R. W. Jones, Miss La Ruth Kendrick, Mrs. Cameron (Mary) Murchison, Bobby Stephens, Mrs. Jeff (Bette) Truly and Mrs. Michael (Helen) Wilson from Pampa High School; Bohn Barham, Curtis Didway, Mrs. S. R. (Beth) Manning, Phillip Parker, Rossie Simpson and Larry Welch from Robert E. Lee Junior High School; George W. Blythe, Paul Boswell, Miss Carol Ann Durrett, Donald Hufstader, Jerry Neely, Mrs. A. R. (Sylvia) Rober, James Thomas and Miss LaDonna Watkins from Pampa Junior High School; Mrs. Harrison G. (Peggy) Beall, Mrs. Farron J. (Maurine) Hill and Mrs. Darrell L. (Manta Ruth) Hinkle from Lamar Elementary School; Mrs. Paul (Patricia) Boswell and Mrs. W. H. (Edna) Wilson from Horace Mann School; Mrs. Fred (Mamie) Cavil and Mrs. George (Edith) Weaver from Carver Elementary School; Mrs. Earl (Sylvia) Deaver and Mrs. Bill (Carol) Maxey from William B. Travis; Mrs. Jim (Mary) Gardner from Stephen F. Austin; Mrs. Larry (Margaret) Krejci from Baker; Mrs. Lloyd (Barbara) Crostwait from Sam Houston, and Mrs. Charles A. (Judy) Ellis and Mrs. J. M. (Mary) McGeath, who are serving as speech therapists for all the schools. Proving that Pampa teachers have a big job to do, 6,071 is the total enrollment of pupils in the public school system. . . . Beta Sigma Phi Sorority's five chapters started the new year with a luncheon last week in Starlight Room of Coronado Inn. Carrying out the sorority's theme for the coming year, "Crown Every Moment," tables were decorated with white styrofoam clocks with the sorority's flower, a yellow rose, attached to the back of each clock. Place cards were miniature crowns and each program was held by a like crown. Mrs. Sam (Glenda) Anderson, Beta Sigma Phi City Council president, was her usual charming self as she welcomed guests, sponsors and members. A large bouquet of yellow roses appointed the head table at which were seated Mrs. Frank (Marion) Heare, president of Xi Theta Iota Chapter; Mrs. Warren (Betty) Jackson, president of Upsilon Chapter; Mrs. Jim (Lucille) Meredith, president of Xi Beta Chi Chapter; Mrs. Charles (Carolyn) Thompson, president of Phi Epsilon Beta Chapter; Mrs. Jerry (Del) Davis, president of Rho Eta Chapter; Mrs. Jewel Castelberry, sponsor of Upsilon Chapter; Mrs. D. V. Burton, and Mrs. R. A. Mack, Beta Sigma Phi Women of the year, and Mrs. Anderson. The program, "Using Art in the Home," was presented by Mrs. Melba Schimpf, representing the Palette Rouge Art Store in Amarillo and by Mrs. Leona Turner, Amarillo artist, who painted a still life for the group.

Lovely Evening Ceremony Unites Couple

Mrs. James Emmett Gotcher . . . nee Miss Patricia Anne Sims

Basket arrangements of tall-man gladioli, candelabra and emerald palms appointed First Baptist Church last evening for the wedding of Miss Patricia Anne Sims, daughter of Mr. and Mrs. Howard Sims of 708 Bradley Dr., and James Emmett Gotcher of 610 N. Frost, son of the late Mr. and Mrs. James K. Gotcher of Lefors. Rev. E. Douglas Carver pronounced the double-ring ceremony at 7:30 o'clock. Miss Eloise Lane, organist, presented a program of traditional nuptial selections and accompanied Mrs. Lonnie Richardson as she sang "Because" and "The Lord's Prayer." Escorted to the altar and given in marriage by her father with the "her mother and I vow," the bride was lovely in a formal-length gown fashioned of white brocade. The scooped neckline and long traditional pointed sleeves framed the fitted bodice. The straight skirt of the gown was enhanced by a chapel train which was attached at the back waistline by a Dior bow and fell into a semi-circular train sweeping to the front and billowing out on each side of the gown. Her finger-tips of imported French tulle fell from a crown of seed pearls and crystals. The bride carried an heirloom Bible topped by a cascade arrangement of white roses. Attired in formal street-length gowns of gold peau de soie with matching lace jackets, bridal attendants were Mrs. Larry Brown, matron of honor, and Miss Virginia Leigh Sims, Miss Sharon Hittson and Miss Jeanie Matheny, bridesmaids. They each wore matching halo coils with attached veils and carried bouquets of feathered bronze mums. Serving the bridegroom as best man was Charles Parr

while groomsmen were Artie Rohde, Sharing ushers duties were Norman McElrath and Larry Leonard. Lighting the cathedral tapers were the bride's cousins, Miss Cheryl Denise Sims and Miss Carol Louise Pierce. The Misses Sims and Pierce were gowned in frocks fashioned of gold brocade with matching jackets. Miss Margo Gregory, cousin of the bridegroom, "flower girl," wore a dress of natural brocade with matching jacket. For her daughter's wedding, Mrs. Sims chose a three-piece suit of beige silk accented by bone accessories. A white carnation corsage completed her costume. First Baptist Church Parlor was the scene of a reception held following the wedding rites. The bride's table was covered with a white net floor-length cloth, appliqued with white satin wedding bells embellished with seed pearls and sequins and long, white satin ribbon streamers, placed over white satin. An arrangement of bronze gladioli centered the table which held crystal appointments. Mrs. Bill Sims presided at the punch service while Mrs. E. N. Pierce served the wedding cake. Mrs. Ernest Fletcher attended the guest register and Mrs. W. H. Fuller presented background piano selections throughout the receiving hours. Other members of the house party were Mrs. Denver Allen, Mrs. Harold Sims and Mrs. Wayne Sims. The new Mrs. Gotcher donned a three-piece suit-fashioned of avant knit with convertible suede jacket prior to departing on a wedding trip to points of interest in Colorado. Black accessories and the rose corsage lifted from the bridal bouquet completed her traveling ensemble. Upon their return the newlyweds will make their home at 610 N. Frost. The bride, a 1965 graduate of Pampa High School, is presently employed by the Pampa Clinic. Mr. Gotcher, a graduate of Lefors High School, attended North Texas State University. He is now employed by Cabot Corp.

MARRIAGE ANNOUNCED -- Mr. and Mrs. R. R. Cable of Lefors announce the marriage of their daughter, Shirees, to Gene Shipman, son of Mr. and Mrs. T. H. Shipman of Lefors. Vows were solemnized Sept. 11 at 5:15 p.m. in Lefors First Baptist Church with Rev. Ed Spivey officiating.

Dinner Meeting Is Enjoyed By ABWA Chapter

Pampa Charter Chapter of American Business Women's Association met for its monthly dinner meeting at 6:30 p.m., Tuesday, at Jackson's Cafeteria with Mrs. Earl Sutton, president, presiding.

The invocation was given by Maxine Nabors.

The guest speaker, Miss Jane Hiatt, daughter of Mr. and Mrs. Mack Hiatt, told of her experiences as an exchange student to Istanbul, Turkey for seven weeks this summer. Miss Hiatt showed film to support her colorful details of the family and the city where she spent her time learning the customs of the Turkish people. Miss Hiatt's family in Istanbul were of the upper class and of the Moslem religion. The father was the head surgeon of a hospital and well known in that city. The American Field Service program is dedicated to a better understanding between the people of the world and therefore promotes world peace.

A vocational talk was given by Mrs. Billy Wright, teacher of Spanish at Pampa Senior High School. Reading of the minutes was by Mrs. C. P. Redd. The treasurer's report was read by Mrs. Eunice Maddox. Mrs. C. P. Redd was reinstated as recording secretary and Miss Maxine Nabors filled the office of corresponding secretary to replace Mrs. Given Vance.

Mrs. Billy Wright, tea chairman, reminded members to invite guests to the Hand of Friendship Tea sponsored by the chapter to be held Sept. 19 from 2 to 4 p. m. in City Club Room.

Mrs. Francis Bradley presented name plaques to all members of the chapter. Mrs. Ed Wylie discussed the ways and means project on hand. Door prize was won by Frankie Charleston. Mrs. Eunice Maddox gave the benediction.

Members attending were Mrs. Mmes. Earl Sutton, C. P. Redd, Lloyd Summers, Bernice Watson, Ted Mastin, Arville Hayes, John Killian, O. G. Smith, Frankie Charleston, Charles Hollaway, Eunice Maddox, Roy McJone, Billy Wright, C. A. Herd, Vernon Graham, Ed Wylie, Francis Bradley, Eugene Franklin, James Quay, Maxine Bennett, and Misses Novis Parker and Maxine Nabors.

Guests attending were Misses Jane Hiatt and Glenda Hollaway.

Varietas Study Club Starts Year With Fall Coffee

A coffee given in the home of Mrs. W. A. Waggoner Tuesday morning opened the fall meetings for members of Varietas Study Club. Refreshments of coffee cake, cheese puffs and melon balls were served from a table centered with an arrangement of pyracantha.

The meeting was opened with a prayer by Mrs. Waggoner. Mrs. J. E. Kirchman, president, was in charge of the yearly Federation meeting of the club. She spoke on the meaning of Federation and the duties and obligations, both national and international of these clubs. Mrs. Kirchman said that federated clubs are working clubs and perform a great service throughout the world in bringing about industry, progress and beauty to communities.

Mrs. Kirchman introduced Mrs. F. A. Cary, club parliamentarian, whose topic was "Oops, Your Slip Is Showing." The subject was based on club ethics and etiquette. Mrs. Cary read the club constitution and by-laws, listing the "Do's and Don'ts" to be practiced by each member.

Mrs. J. R. Spearman presented year books to each member and commented briefly on the subject "World Affairs" which is the program theme for the coming year.

The meeting was adjourned by Mrs. Kirchman.

A double reward, says the Society of American Florists, is a gift of flowers for mother and the newborn baby. A large "brandy snifter" container together with a small one, both filled with dainty flowers, will make a lovely twosome present.

Gold wedding bands with white ribbon bows were given guests as favors. Miss Virginia Sims, honoree's sister, registered guests.

Mrs. Julian Key Gives Program For DKG Beta Delta Chapter Members

"A creative individual must be a courageous person who is not afraid of change and who realizes that everything starts with an idea," Mrs. Julian Key told members of Beta Delta Chapter of Delta Kappa Gamma Saturday.

"The finest gift a man can give to his age and time is the gift of a constructive and creative life," Mrs. Key said in opening her talk on "Discipline and Discovery" at the first fall meeting at Lovett Memorial Library. The speaker was introduced by Mrs. Ruby Gunn, program chairman.

Tracing the current interest in creativity, Mrs. Key pointed out that, "although the creative process is not new, the concentrated scientific effort to understand and predict creative ability in human beings is very new." The speaker said it began in 1950, when the internationally known psychologist, Dr. J. P. Guilford, addressed the American Psychological Association.

"It is the wanting to know 'why' that provides the fertile soil for the creative spirit," Mrs. Key said. "A certain eagerness, a restless search, a determined drive—all seem to be part of the creative person. He seems to see everything as if he were seeing it for the first time and he might never see it again."

Pointing out that young and old alike are capable of creative activity, Mrs. Key contrasted the creative person and the conforming individual, based on a study made by Richard Crutchfield of the University of California.

Professor Crutchfield's study showed that the creative individual "is highly original and intelligent, possesses a lot of energy and ego strength, and has drive and effectiveness in whatever he tackles."

"He is natural and free from pretense, arrogance, snobbery, and affectation. If he had to choose between security and the risks necessary for growth and development, he would pick the latter," she explained.

"On the other hand," she continued, "the noncreative — or conforming — person is rigid and has externally oriented attitudes. He is also overly anxious for clarity and certainty, is incapable of coping effectively under stress, and clings to conventional values. He expresses guilt-laden and distrustful attitudes toward others. He is less able to accept responsibility, has less self-insight, is less spontaneous and productively original, has more prejudices and authoritarian attitudes, and places greater stress on external

success. A corsage will enhance a classic suit, a simple dress, or a royal ball gown. The corsage should be worn flower heads high, stems down, the Society of American Florists says.

VOWS EXCHANGED -- Miss Linda Ousley, daughter of Mr. and Mrs. E. H. Ousley Jr. of 2228 N. Russell, and Ralph Neuburger of Colorado Springs, Colo., exchanged double-ring wedding vows at 4 p.m., July 20 in Las Vegas, Nev. The bridegroom is the son of T. D. Neuburger of Cleveland, Ohio, and Mrs. A. Loewy of Beverly Hills, Calif.

MUSIC LOVERS will be interested in three major works to be presented by the Amarillo Symphony Chorus this season. On Dec. 14 the chorus and orchestra, conducted by Dr. Thomas Hogstad, will present Kodaly's "Te Deum," a monumental work written by the dean of European composers. In tribute to the Lenten season Dr. Hogstad will present Bach's Cantata No. 4, "Christ lag in Todesbanden." Also scheduled for the spring concert is the popular and challenging final chorus from Bizet's "Carmen." Those desiring further information concerning the chorus or orchestra should contact Gloria Denko, manager of Amarillo Symphony Chorus, P. O. Box 2552, Amarillo. . . . Mrs. W. D. (Eloise) Waters has returned from a circle tour of the East. After spending two weeks visiting a sister and other relatives in Nashville, Tenn., Mrs. Waters spent some time in Washington, D.C. and New York City, where she visited the World's Fair and attended the stage production of "Hello Dolly" starring Ginger Rogers and "Funny Face" starring Barbra Streisand. Mrs. Waters visited a niece and nephew, Dr. and Mrs. Larry K. Wilson in Boston, Mass., and visited a step-son and family, Mr. and Mrs. William T. Waters in Cleveland, Ohio. Returning home by Niagara Falls, Mrs. Waters was entertained by friends in Franklin, Tenn., Ashville, N. C., Silver Spring, Md., Arlington and Alexandria, Va., Bordentown, N. J. and Louisville and Franklin, Ky. Highlighting Mrs. Water's trip was the Tennessee Walking Horse Celebration and class reunion in her home town near Nashville. Sherrin, David and Patricia Tubbs, children of Mr. and Mrs. David O. Tubbs of Bakersfield, Calif., have returned home following a month's stay in Pampa where they visited in the homes of their grandmothers, Mrs. Loretta Killingsworth and Mrs. Erma Tubbs, and other relatives including Mrs. Irene Chisum, Mr. and Mrs. Grover Heiskell, Mr. and Mrs. Tommy Atkins and Mr. and Mrs. Vernon Hutsell. The Tubbs are both natives of Pampa and graduates of Pampa High School. Mr. Tubbs is an agent and instructor for Farmers Insurance Agency in Bakersfield and Mrs. Tubbs, the former Guinette Killingsworth, is district president of Associated Women for Pepperdine in Bakersfield, an organization of approximately 2,000 women dedicated to the furtherance of Christian education in general and specifically as it is provided through Pepperdine College. Three Pampans pledged fraternities and sororities at the University of Oklahoma as rush week activities ended last week. Richard Fatheree, son of Gene Fatheree, pledged Beta Theta Pi and John T. Pickett, son of A. D. and Louise Pickett, pledged Lambda Chi Alpha. Miss Donna June Seawright, daughter of Mrs. Jack (Betty) Seawright, pledged Alpha Gamma Delta.

## 'Summons' Is Issued to College Women

A "summons" is being issued to Pampa college women to attend the guest day reception of American Association of University Women, according to Mrs. N. G. Kadingo, president.

The reception is slated for 7:30 p.m. Tuesday in Lovett Memorial Library. The "summons" is in keeping with the branch's theme for the year, "The Law and The Citizen."

The study will be introduced by Mrs. John A. Brewer who will review the book, "My Life in Court" by Louis Nizer.

Hostesses for the event will be Mrs. Lonnie Kenny, chairman, and Mrs. A. E. Berry and Mrs. John S. Hatcher.

The Pampa Branch of AAUW offers an opportunity for individual usefulness as well as stimulus and congenial association, according to Mrs. Leroy Thornburg, membership vice president. Each member contributes to a program which gives focus to the influence of college women, locally, nationally and internationally. Membership is open to women with a four year degree from an approved college or university.

Officers of the local AAUW Branch are Mrs. N. G. Kadingo, president; Mrs. H. C. Wilks, program vice president; Mrs. Leroy Thornburg, membership vice president; Mrs. Lois Morrison, secretary, and Mrs. Lalar Wilkerson, treasurer. Committee chairmen include Mrs. Quentin Williams, legislative; Miss Inez Clubb, world prob-

## District Conference of Business And Professional Women To Be in Lubbock

The 37th annual conference of District nine, Texas Federation of Business and Professional Women's Clubs, will be held at the Holiday Inn, 2600 Parkway Drive, Lubbock, Sept. 25-26.

Lubbock's two B&PW Clubs, Lubbock and Caprock, together with the Brownfield B&PW Club, will host the event. Miss Jewel Hodges of the Lubbock Club is conference chairman. Co-chairmen are Mrs. Barbara Crowell of the Lubbock Caprock Club, Mrs. Ann Duggar of the Brownfield Club and Mrs. Betty Moran of the Downtown Lubbock Club.

The conference schedule for Saturday is registration, Holiday Inn lobby, 1 p. m. to 7 p. m.; meeting for presidents of district clubs, 3 p. m. to 4:30 p. m.; reception honoring the state district B&PW representatives and district club presidents, 6 p. m. to 7:30 p. m.; banquet, 7:30 p. m. Mrs. Thelma H. Jarrott of Marshall, guest speaker. A "Fun Frolic," featuring the "Red Hots," unique musical group from the Plainview B&PW Club, will begin shortly after the conclusion of the banquet.

The conference schedule for Sunday is registration, 7 a. m. to 7:30 a. m.; Holiday Inn lobby; breakfast, 7:30 a. m. with devotional service led by Miss Merita Bumpers of Shamrock, and memorial service, conducted by Miss Shirley Ann Dobbs of Amarillo. Immediately following breakfast, co-ordinated workshops will be conducted, followed by a business session during which district officers for 1966 will be elected and a site for next year's District nine conference will be chosen.

The conference will be concluded at 12 noon. Mrs. Jarrot, guest speaker at the Saturday evening banquet, is president-elect of the Texas Federation of Business and Professional Women's Clubs, Inc. Topic of her address will be "Women In A Changing World."

Mrs. Jarrot, who owns and operates a fire insurance agency in Marshall, has been a member of the Business and Professional Women's Club since 1935. She has held every office in her local organization having served two terms as president. In the state federation she has served as District four director, secretary, third vice president, second vice president, and is currently serving as chairman of District B&PW Directors and Expansion. A native of East Texas, Mrs. Jarrot is well known throughout the country as a successful business woman and an active participant in civic affairs.

Director of B&PW District nine is Mrs. Katie Glascock of Shamrock. Mrs. Glascock will preside at various conference meetings. A teacher in the Shamrock Public School system, Mrs. Glascock has been a member of B&PW since 1952. She has served as president and in other capacities of her local organization and has represented the Shamrock B&PW Club at a number of state and national B&PW conventions.

All persons planning to attend the conference may pre-register from now until noon on Friday, September 24 by contacting Miss Fannie Pillow, Chairman of Registrations, 3615 30th Street, Lubbock, SW9-5226. Those wishing to cancel pre-registrations must do so with Miss Pillow no later than Thursday evening, September 23. Registration fees cannot be returned after this date.

Area persons planning to attend the conference are asked by Miss Hodges, Conference Chairman, to make motel and hotel reservations immediately. Members of the local club planning to attend this Conference are: Mmes: Maxine Ethridge, President, and who will serve on the Credentials Committee, Virginia McDonald, Faye Eaton, Marguerite Nash, Flossie Anderson, Legislation representative, Jewel Dean Lewis, Helen Knox, Hazel Robertson, Mabel Ford and Janice Myers. The Pampa club will serve in conjunction with the Herford Club.

## Dear Abby.... Who Needs 'That Kind' Of A Boy For a Son-in-Law?

DEAR ABBY: You offered to help that young girl in trouble find a home for unwed mothers. I sure don't agree with you. That boy should be made to marry the girl and give the baby a name. If he doesn't marry her willingly, the girl's father should get a shotgun and prod him into it. Why should he go free? If he is that kind of a boy he would probably get some other girls in trouble.

A MAN'S OPINION DEAR MAN: If he is "that kind" of boy, who needs him for a son-in-law? And when "that kind" of boy marries, it doesn't prevent him from getting other girls in trouble.

DEAR ABBY: With regard to "Living a Nightmare". The mother of the 15-year-old girl, who got into trouble with a young boy, wrote "he was from such a nice family, we never dreamed our daughter was in danger with him." What about the boy? Our 16-year-old son went with a 15-year-old girl for a few months. One day he came home and told us that he wanted to marry her because he "got her in trouble." We went to the girl's parents and decided against the marriage. It turned out that the girl was far more experienced than our son, so perhaps it was our son who was "in danger." He was from—

### "ANOTHER NICE FAMILY"

DEAR ABBY: I read in your column about the mother living a nightmare because her teenage daughter was unmarried and pregnant. The mother wanted to hide the girl's shame by sending her somewhere to have the baby and give it away.

I lived the same kind of nightmare when my daughter was 15. Only we didn't ship her off anywhere. We made her pay for her sin by staying right at home to face the shame and wagging tongues. It taught her a good lesson. The baby died, which I suppose was the Lord's way of saying that it didn't have a rightful place in the world, anyway. You can bet our daughter never got into any more trouble like that again. She's in her forties and teaches school far away from here. She never married, but she's probably better off.

NOTHING TO HIDE DEAR NOTHING: In my opinion, your "sin" was greater than hers.

DEAR ABBY: I am appalled at the naive of parents. The mother whose 15-year-old daughter was in trouble wrote she was "living a nightmare." What did she expect when she let her daughter go steady at 14? She said she never dreamed her daughter was in danger with such a nice boy. It probably never occurred to her that the boy could have been the one who was "in danger." If she's anything like the little sex pots I've seen running around, little girls nowadays go in training at the age of three to become sex sirens. They are allowed to dress and act sex. Even their dolls are adult and sexy now. When they reach 13 or 14, who can blame them for practicing what they've been trained for? Then they come home pregnant and mother cries, "I never dreamed this could happen to us." When are parents going to wake up?

MRS. M. E. IN L. A.

DEAR ABBY: I am glad you didn't recommend forcing a marriage between the two young people who found themselves in trouble. I happen to know that that would be the worst possible solution.

The boy will never let the girl forget that she "hooked" him, and he will hold it against her for the rest of her life that he was "tied down" to a family and was made to miss the best years of his life. In his angrier moments he will accuse her of allowing other men privileges she allowed him before she had a right to. I know, because I am speaking.

## District Director Speaks to Local B&PW Members

Pampa Business and Professional Women's Club held its regular business meeting Tuesday evening at 7:30 in the City Club Room with Mrs. Maxine Ethridge, president, presiding.

Mrs. Jessie Rance, pianist, presented the "American Overture" and the group sang "America," led by Mrs. Laura B. Cornelius.

Mrs. Hazel Robertson introduced the club's "Girl of the Month" for September, Miss Charisse Gustin, a senior in Pampa High School.

Minutes of the last meeting were read by Mrs. Faye Eaton, recording secretary. The treasurer's report was given by Mrs. Elsie Gee.

Mrs. Virginia McDonald introduced Mrs. Katie Glascock of Shamrock B&PW District 9 Director, who gave an orientation of B&PW clubs explaining the "Ten Commandments of a Club Woman."

Mrs. Ruby Crocker, parliamentarian, explained the basic principals of parliamentary laws, procedure and courtesy.

Mrs. Faye Eaton gave a brief history of the local B&PW Club, reviewing the achievements and projects in the past.

Sandwiches, cookies and coffee were served by hostesses, Mmes. Ola McAfee, chairman, Allie Morgan and Janice Myers. Twenty-three members and two guests were present.

## Garden Club Has First Fall Meeting

The Pampa Garden Club started off its fall meeting with much activity. The "Favorite Recipes Cook Book" was received with such favor that the vote was to order more so all people wanting one could obtain it. The "Meat Recipes Cook Book" was ordered also because several of the members expressed a desire to have a copy.

The schedule for the flower show to be held in Lovett Memorial Library on Oct. 16 was passed out, and the committees announced. The public is invited to participate in this flower show. In addition to this announcement was made about the flower show to be held in Amarillo, Oct. 5, 6 and 7. Registration blanks are available for those wishing to enter. The members wished to have the Flower Arrangement Calendars again, this year and a showing of hands told how many to order.

The Northern Zone Meeting was announced for the date of Nov. 16. Pampa Garden Clubs are to be the hostesses. The Council of Garden Clubs of Pampa is holding a picnic on Sept. 23, and members are planning to bring their families.

Before the program three guests, Mrs. John Shannon, Mrs. Wayne Pitner, and Mrs. Raymond Darsey, were introduced. The program "Around the World in Your Garden," was given by Mrs. Harry Vanderpool. With the aid of folk songs, some of which used plants and trees to tell their tale, those present traveled around the world and learned about the vital part plants have played in history and the development of the world.

The meeting was adjourned after enjoying coffee and blueberry coffee cake served by the hostesses for the day, Mrs. W.R. Campbell and Mrs. W. L. Waggoner. Twentieth-nine members were in attendance.

## Sundown Opti-Mrs. Slate Social Event

Sundown Opti-Mrs. Club met in the home of Mrs. Jack Imel, 1535 N. Russell, Monday at 7 p.m. Mrs. Curtis Griffin was the presiding officer for the regular business meeting.

Invocation was given by Mrs. Jerry Coley. Minutes and treasurer's report were given by Mrs. Vincent Simon, secretary-treasurer. A report was given on the rummage sale held recently. Mrs. T. L. Garner reported on the September social for husbands and guests, this to be held Sept. 25 in the Garner's home at 1808 N. Dwight.

Mrs. Jerry Martin and Mrs. Eugene Tollison were welcomed as guests.

Next meeting will be held in the home of Mrs. C. C. Griffin in October.

Refreshments were served to ten members and guests by Mrs. Jack Imel assisted by Mrs. Vincent Simon.

### Gray County 4-H Council Has Meet

Gray County 4-H Club Council met recently at the Court House Annex. The chairman, Andy Cole, called the meeting to order. The inspiration was given by Cynthia Hogsett, who gave the flannelgraph story of the "Pin Family". Each member from the rolling pin to the safety pin represented some type of club member, with the moral being that a club is better if each member does his best to attain the common goals.

Jonny Carpenter secretary, called the roll and read the minutes. There were five of the seven clubs represented with six members and three leaders and visitors present.

Mrs. Jay Channell, assistant home demonstration agent, discussed National 4-H Club Week, Sept. 27-Oct. 7. Each club was given posters to display that week and Awards are to be given those who enroll the most new 4-H Club members.

Assistant county agriculture agent, Jerry Harland, announced that the Gold Star banquet would be Nov. 14 for the county winners in District I, to be held in Amarillo.

Each club was asked to consider the possibility of having county 4-H Club yearbooks.

New officers were elected to take office in January. Only one representative from each club may hold an elected office.

Elected were Andy Cole from the Top O' Texas Club, chairman; Joyce Saunders from the McLean Club, first vice chairman; Susan Higginbotham from the Lucky Star Club, second vice chairman; Mary Price from the Sandowner Club, secretary, and Clayton Meadows from the Lucky Star Club, treasurer. Appointed to the office of reporter was Cynthia Hogsett.

Each council delegate was asked to discuss with his club the type of county awards program they wanted to have and the date.

Present for this meeting were Andy Cole and Cynthia Hogsett from the Top O' Texas Club; Mary Price from Sandowners Club; Mary Brazzil from Golden Spread Club; Clayton Meadows from the Lucky Star Club, and Johnny Carpenter from the McLean Club.

Light bleaches the color of foods canned in glass containers so it's best to store the goods in dark places.

St. Marks Methodist Church will host the United Church Women's meeting Sept. 24. Rev. John Robertson of White Deer will speak.

Rev. Harry Vanderpool, minister of First Methodist, spoke briefly to the executive board and a redecoration project was planned for the near future. Rev. Vanderpool dismissed the group with prayer.

### Former Pampans Are Wed in Amarillo

Mrs. Joe Rutherford  
...nee Miss Anna Kinard

Miss Anna Kinard became the bride of Joe Rutherford at 7:30 o'clock the evening of Sept. 4 in Original Chapel of First Baptist Church, Amarillo.

The bride is the daughter of Mr. and Mrs. Ray S. Kinard and the bridegroom is the son of Mr. and Mrs. J. N. Rutherford, all former Pampans now residing in Amarillo.

Dr. W. Winfred Moore solemnized the double-ring vows before an altar appointed with spiral candelabra flanked by arrangements of white chrysanthemums and white gladioli.

Given in marriage by her father, the bride chose a white street-length dress of lined lace and wore a shoulder-length veil of illusion. She carried a cascade of pink carnations.

Miss Judy Going of McLean attended the bride as maid-of-honor, Bill Smith, student at Texas Technological University, served as best man.

Registering the guests at the wedding and the reception was Miss Pat Vineyard of McLean. Immediately following the ceremony, a reception was held in the home of Mr. and Mrs. Charles Hawley, 1512 N. Hill St. Mr. and Mrs. Bednorz are at home at 829 Virginia, Amarillo.

tendants for their sister. They were attired in waltz-length formal gowns fashioned of shocking pink taffeta and carried cascade bouquets of pink chrysanthemums.

Lawrence Hurdle of Pampa served his brother as best man while ushers were Bob Williams and Pat Trish.

Guests were greeted in First Baptist Church Parlor at the reception held following the exchange of vows.

Mr. and Mrs. Rutherford are now at home at 801 Lindewood, Topeka, Kan., following a wedding trip to points of interest in Oklahoma.

The bride, a graduate of Tascosa High School, Amarillo, attended Amarillo College. Mr. Rutherford, a graduate of Palo Duro High School, Amarillo, is now employed by Santa Fe Railway Co. in Topeka, Kan.

Out-of-town wedding guests included Mr. and Mrs. G. H. Alton, Mr. and Mrs. Cecil Collum, Miss Patty White and Sam Abston, all of Pampa; Joe Prince of Corpus Christi and Mrs. Lee Malcolm and Viki of Chama, N.M.

### Gibson-Bednorz Vows Repeated

McLEAN (Sp) — Miss Mary Gibson, daughter of Mr. and Mrs. P. M. Gibson of McLean, became the bride of Don Bednorz of Amarillo, son of Mr. and Mrs. Julius Bednorz of Panhandle, recently in the St. Lawrence Catholic Church of Amarillo.

Given in marriage by her father, the bride chose a white street-length dress of lined lace and wore a shoulder-length veil of illusion. She carried a cascade of pink carnations.

Miss Judy Going of McLean attended the bride as maid-of-honor, Bill Smith, student at Texas Technological University, served as best man.

Registering the guests at the wedding and the reception was Miss Pat Vineyard of McLean. Immediately following the ceremony, a reception was held in the home of Mr. and Mrs. Charles Hawley, 1512 N. Hill St. Mr. and Mrs. Bednorz are at home at 829 Virginia, Amarillo.

### P-TA District 19 Holds Fall Board Meeting Here, Elects New Officers

The fall board meeting of the 19th District of the Texas Congress of Parents and Teachers was held Wednesday in the Hospitality Room of the Citizens' Bank and Trust Company. Mrs. Kenneth Royce, as president of the Pampa P.T.A. City Council, was in charge of hospitality arrangements.

Mrs. Angus McDonald, who is from Austin and is a state vice president, was a special guest and a speaker at this meeting.

R. C. Marshall, District 19 President from Borger, presided over the business session. He presented the following list of appointees who were elected by the board: Mrs. E. A. McLennan of Pampa, vice president for Gray, Donley, Carson and Armstrong Counties; Mrs. Sam Carmack of Childress, vice president for Briscoe, Childress and Hall Counties; Mrs. Paul Howard of Pampa, historian; E. A. Sanders of Childress, exceptional child and mental health chairman; Mrs. E. P. Parkhurst of Borger, pre-school and summer round-up chairman; Allen Alford of Spearman, program chairman; Mrs. O. A. Busch of Perryton, audio-visual services, and Mrs. W. T. Fain of Pampa, youth protection chairman.

Mrs. J. B. McCray of Panhandle, who will serve as chairman of the Fall Workshop at Phillips High School on Tuesday, Oct. 12, gave a brief summary of the program for that day. Two Pampa residents, George Smith, director of the Pampa Youth and Community Center, and E. L. Albritton, distributive education teacher at Pampa High School, will serve on the panels for the Workshop.

Board members present from Pampa were Mmes. McLennan, Howard, Royce, J. R. Fraxier and Fain. Following the meeting a luncheon was held at Lewis Buffeteria.

Shaggy chrysanthemums combined with eucalyptus foliage provide colorful and dramatic fall arrangements, the Society of American Florists says.

### YOUR PHARMACIST SPEAKS

By Joe Tooley and Tom Beard

If you wonder why doctors are chest thumpers, the reason is that this is a sure method to determine if there is fluid in the patient's chest cavity.

The percussion method of chest examination was discovered by Leopold Auenbrugger of Austria, who recalled that his father, a wine maker, used to tap a cask of wine to determine the fluid level.

Auenbrugger tried the same tapping procedure on patients and a new step in medicine was taken.

Forgetting Auenbrugger's chest tapping we might remind you that foot-tapping of impatient customers is a rarity at our pharmacy.

Friendly, courteous service is our main stock in trade. For all of your drug needs, call on us.

Tom Beard and Richard Drug

THIS WEEK'S HOUSEHOLD HINT: Fasten a first-aid chart and list of poison antidotes on the inside of your medicine chest door for use in an emergency.

RICHARD DRUG  
Joe Tooley—Pampa's Synonym for Drugs  
111 N. Cuyler MO 5-5747

ADDISON-NEWBERRY — The engagement and approaching marriage of Miss Elizabeth Lynn Addison to Dr. Charles Richard Newberry is being announced by the parents of the bride-elect, Mr. and Mrs. Jeff Morris Addison of New Boston. The prospective bridegroom is the son of Mr. and Mrs. George Harrell Newberry of 1312 Terrace. The wedding will take place at Tapp Memorial Methodist Church in New Boston on Oct. 2.

FINNEY-ELLIOTT—Mr. and Mrs. A. A. Finney of 1119 S. Dwight announce the engagement and approaching marriage of their daughter, Carolyn Lucille, to Ken. W. Elliott, son of Mr. and Mrs. W. C. Elliott of Broken Arrow, Okla. Vows will be exchanged Oct. 9 in First Assembly of God Church.

Always Wax Lightly  
Two thin coats are better than one heavy coat of wax in polishing your floor, advise Kentile flooring engineers.

### First Methodist WSCS Executive Board Meets, Hears Various Reports

The executive board of the Women's Society of Christian Service of First Methodist Church met recently in the Friendship Classroom of the church.

A devotional was given by Mrs. Melvin Stephens on "Be Still and Know That I Am God". Mrs. David McGahey, president, presided during the business session.

A report was read by secretary, Mrs. W. C. Puryear, on the Methodist Mission Home Auxiliary. Mrs. Puryear told of the need for trading stamps to be used in buying many necessary articles for the home.

The vice president, Mrs. J. E. Thompson, urged circle chairman to remind WSCS members of the September general meeting.

Mrs. H. Raeburn Thompson, treasurer, reported a contribution has been made for the WSCS sponsored Crusade Scholarship by an individual member of the Society. Following discussion of the budget, Mrs. McGahey told the board she recently read that on the over-all average, the American family contributes only seven cents per week to the church.

The First Methodist Church points with pride to the 80 college students on its roll this year, according to Mrs. Bob E.

Echols, secretary of campus ministry. All Wesley Centers in the college towns have been contacted about these students. The Wesley Centers furnish counseling and a quiet place to study as well as food, TV and good fellowship.

Mrs. Thelma Bray reported on christian social relations and Mrs. Duggan Smith on Membership cultivation. Mrs. Elmer Radcliff told of plans for missionary education and service.

Mrs. Mary Weaver encouraged members to read the Society's official magazines, "Methodist Woman" and "World Outlook" in order to give two or three minute reports at the circle meetings. She also urged them to read the entire book of Acts in their Bibles in preparation for the study "Acts—Then and Now."

Mrs. Stephens, spiritual life cultivation secretary, announced that the "Week of Prayer" will be the last week of October. Local church activities secretary, Mrs. W. R. Campbell, reported on the dinners served in homes of bereaved families of the church.

St. Marks Methodist Church will host the United Church Women's meeting Sept. 24. Rev. John Robertson of White Deer will speak.

Rev. Harry Vanderpool, minister of First Methodist, spoke briefly to the executive board and a redecoration project was planned for the near future. Rev. Vanderpool dismissed the group with prayer.

Seek root of trouble to avoid ganging up on an innocent neighbor.

### The Doctor Says

By WAYNE G. BRANDSTADT  
Newspaper Enterprise Assn.

Q—For the past 7 months I have been taking Tretex for acne which I have had since my teens. I am now 40. This drug clears my skin in about 2 weeks but after a week I break out again. Is there any hope of a permanent cure?

A—Although stubborn cases of acne do occur they can usually be cured by observing a few rules. If by this time you have found that certain foods such as chocolate, greasy dishes or nuts aggravate your acne, avoid them. Use a soap that contains hexachlorophene. Shampoo your head 2 to 3 times a week. Avoid squeezing the pimples.

If a vitamin A deficiency is present you should eat two servings of green and yellow vegetables daily. The drug treatment should be varied. Stop the tetracycline (Tetrex) capsules for a while. Perhaps your doctor would consider treating you with a combination of progestin and estrogen. This will reduce the oiliness of the skin. A new lotion (Neomedrol Acne Lotion) applied every second day has helped some persons. Another new preparation, also available only on a doctor's prescription is hexanicolinyl in capsules.

Q—Can anything be done to remove scars caused by acne?

A—Surgical planing or dermal abrasion performed with a wire brush that rotates at a great speed offers the best results when done by a doctor skilled in this technique.

Q—What causes enlarged liver? What, if any thing, can be done for it?

A—There are many causes of liver enlargement but sometimes a normal liver that is displaced downward is wrongly thought to be enlarged. Common causes of true liver enlargement include a leaky heart valve (mitral heart disease), Banti's disease of splenic anemia, bronze diabetes, chronic hepatitis, liver tumors (Malignant and benign) and fatty changes in the liver. In each case the cause must be determined before any treatment can be offered.

Q—What causes nummular eczema? Is it contagious? Can it be cured?

A—The cause of nummular or coin-shaped eczema is unknown. Some form of allergy or a focus of infection are possibilities. It is not contagious. The treatment varies with the stage (Acute or chronic) of the disease but most cases will respond to skillful treatment by a skin specialist.

### La Cultura Club Members Hear Program Given on 'Parliamentary Procedure'

La Cultura Club opened its club year with a salad luncheon held at 12 noon Tuesday, in St. Paul Methodist Fellowship Hall. Mmes. William Chafin, Malcolm McClelland, Coy Don Mitchell, and Max Patton, members of the social committee, served as hostesses.

The luncheon tables were decorated with bouquets of red and white zinnias to carry out the club colors. Beside each bouquet was a pair of figures representing boys and girls of the Buster Brown school days era. They supported notebooks reading, "There's good studying ahead in the La Cultura Club."

Following the luncheon, each member was presented with a copy of the club yearbook. Mrs. Max Patton then introduced Mrs. Kenneth Royse, president of the Pampa City Council of P-TA and a member of Twentieth Century Cotillion, who spoke on "Parliamentary Procedure."

She also discussed the proper ways to make motions, to nominate officers, to vote in different situations, and to revise and amend by-laws.

"Parliamentary law," Mrs. Royse continued, "is the accepted usage for conducting meetings and requires justice and a respect for the majority in order to maintain order and to expedite business. Organizational ethics are the relationships that officers form with members of the club in their work with each other." She then explained the proper ways to conduct a business meeting. She also explained the different types of committees and their relationship to each other. "Keep your business concise, simple, and orderly but balanced between a set of expected rules and a measure of common sense and courtesy that applies to the individual," she concluded.

Those attending the meeting Mmes. Thomas Auwen, William Chafin, John Ellis, Jimmie Hayes, Douglas Lendecke, Malcolm McClelland, Coy Don Mitchell, Max Patton, Dennis Stafford, Paul Studebaker and Arnold Wesely.

### Upsilon Chapter Fetes Mrs. Bray

Upsilon Chapter of Beta Sigma Phi met in the home of Mrs. James Schaffer, 2206 N. Dwight, Monday at 8 p.m.

A regular business meeting was conducted with Mrs. Warren Jackson, president, presiding. It was announced that Upsilon Chapter will travel to White Deer on Sept. 21 as hostesses for a friendly venture of Beta Sigma Phi. Fifty-four invitations have been mailed to prospective members of that city and adjoining areas. The "get acquainted" party will be held in the Hospitality Room of the White Deer Bank.

Upsilon's sponsor, Mrs. Thelma Bray, was surprised with a belated birthday party. The chapter presented a "Yellow Rose" cup and saucer to Mrs. Bray in recognition of her many contributions to the chapter.

Mrs. Kenneth Sanders was elected Upsilon's Valentine queen for 1966. Secret pal gifts were exchanged and the new year books were presented to each member.

Hostesses for the evening were Mrs. Johnny Costner and Mrs. Charles Reeves, using a birthday theme. Oct. 24 is the date for Upsilon's Fall Preferential Tea.

Members attending were Mmes. Jack Stafford, Robert Shelton, Charles Potter, Gene Williams, Clois Lyon, Lloyd Wilson, Kenneth Sanders, Richard Cooke, Thelma Bray, Charles Reeves, James Schaffer, Johnny Costner, Don Carpenter, Jack Byrd, Kenneth Freeman, Ed Parsons, Jim Reddell, Warren Jackson and Don Taylor.

### Bland-Taylor Vows Said in Home Rites

Mr. and Mrs. James David Taylor  
... nee Miss Ethel Maye Bland

In a double-ring ceremony performed at 7:30 p.m. Sept. 3, Miss Ethel Maye Bland became the bride of James David Taylor. Rev. Ed Spivey of Lefors performed the ceremony in the home of the bride's parents, Mr. and Mrs. Henry Bland, east of the city. The bridegroom is the son of Mr. and Mrs. C. D. Taylor of Duncan, Okla.

An arrangement of white gladioli appointed the mantle for the wedding scene with the bride's cousin, Preston Doyle Glazner, lighting the candles. Miss Norma Jean Balch sang "Because"

and "I Pledge My Love." Given in marriage by her father with the "her mother and I avowal," the bride was attired in a white eyelet embroidery street-length dress over taffeta with a fitted bodice featuring a boat-neck front and opened in a V-shape in the back. Her illusion veil of white net fell from a white velvet ribbon. She carried a white Bible topped with split crysanthemums and baby red rosebuds. She also carried the tradition of "something old, new, borrowed and blue" and had a penny in her

shoe. Miss Peggy Kiedricks, wearing a street-length two-piece blue suit with white accessories and a corsage of pink carnations, served as bridesmaid. Richard Chambers served as best man to the bridegroom.

For her daughter's wedding, Mrs. Bland chose a beige brocade dress with bone accessories and Mrs. Taylor wore a blue silk two-piece suit with white accessories. Both mothers wore corsages of pink carnations.

Immediately following the exchange of wedding vows a reception was held in the home of the bride. A center-piece of white mums and baby red rosebuds was used in the center of the table which was covered with a white linen cloth edged in hand-crocheted lace. A three-tiered cake topped by a miniature bride and bridegroom and rosebuds was served to guests by Mrs. Jimmie Williams and Mrs. Meleta Jordan served a Hawaiian fruit punch. Misses Jackie and Judy Bland, sisters of the bride, attended the guest register.

Prior to departing on a wedding trip, the bride changed into a two-piece dress of a blue and white linen jersey top with a white linen skirt and a hip-length jacket. She lifted the baby rosebuds from her bridal bouquet and used them as her corsage and used white accessories with her traveling suit.

Upon their return the couple will make their home in Pampa. The bride is a 1964 Pampa High School graduate and has attended and graduated from the Oklahoma School of Banking. Mr. Taylor is also a graduate of the Oklahoma School of Banking and is presently employed by Moody Farms.

### Evelyn Arellano Umana of Guatemala Speaks at Altrusa Club of Pampa Meet

Members of Altrusa Club of Pampa met in Starlight Room of Coronado Inn at 12 noon Monday for the regular luncheon and business meeting.

Invocation was given in unison and Mrs. Libby Shotwell, president, welcomed those present. Mrs. Thelma Bray led the group in the Pledge of Allegiance to the Flag and Mrs. Mary McDaniel led the group in singing "The Star Spangled Banner" in observance of the 100th birthday of the song.

A letter of resignation from Mrs. Leah Behrman as treasurer was read and accepted with regret. Mrs. Marion Jamison was elected to serve the rest of the year.

The reading of the minutes of the last meeting were read by

the corresponding secretary, Mrs. Lora Dunn. A letter to Mrs. Inez Carter from Mrs. Premiella Vyas, recipient of the grants-in-aid scholarship and education major from Bombay, India, who is studying at the University of Houston, and who gave a lecture in Pampa on Aug. 30, was read.

Delegates were elected to the District Conference in Austin Oct. 13-17. Elected were Mrs. Libby Shotwell, president, and Mrs. Irene Smith, vice president. Alternates were Mrs. Mildred Prince and Mrs. Georgia Mack.

Forty members and guests were in attendance. Altrusans had the opportunity to meet Miss Evelyn Arellano (See EVELYN, Page 17)

**CAPRICORN (Dec. 22 to Jan. 20):** Show that you are appreciative of your excellent associates and directors. How to expand in the days to come. Cement better relations with others, too. Tell them you like them.

**AQUARIUS (Jan. 21 to Feb. 19):** You can find some wonderful new ideas in your newspaper other periodicals today, so study them well. Talk them over with co-workers. Plan to be in operation soon.

**PISCES (Feb. 20 to Mar. 20):** Show the right attitude toward family and close friends will bring devotion surely. Be helpful-drive them to some nice place. Have dinner, etc. Get into sports that are good for you.

### Gap in Law Bars One Female Vote

By ROBERT E. HUBER  
United Press International  
SANTA FE, N.M. (UPI) — Mother, if you like to vote in school elections stay away from New Mexico.

In New Mexico you may not vote in school elections unless father says okay. What's more the PTA is powerless to complain.

You may vote for the president, for congressmen, state, county and city officials. But when you walk into that polling place to cast your ballot for local school board members, the men have to authorize permission.

This is all because of an archaic bit of language written into New Mexico's state constitution, plus the fact that the 19th Amendment to the Constitution doesn't concern itself with school elections.

The New Mexico constitution says that men may elect to allow women the right to vote for school board members. They may elect the reverse also. Nothing has ever reversed the provision.

It's doubtful that New Mexico's mothers are planning a march from Albuquerque to Santa Fe in protest, but the state's women always have had a tough time voting. This state was one of the last to ratify

the 19th Amendment which gave women the right to vote 45 years ago.

Unlike other western states which tended to offer women the best opportunity to win access to ballot boxes, New Mexico was one of the last states to ratify the so-called Susan B. Anthony Amendment. When a vote came in a five-day special session of the new Mexico Legislature Feb. 19, 1920, it was by no means overwhelming — 17-5 in the New Mexico senate and 36-10 in the house.

Attempts to secure suffrage for women consistently were defeated during the territorial period of 1846 - 1912. Even the state's constitutional convention of 1910 excluded women from the polls. The only allowance in the basic document was that women might vote in school elections if the men approved.

Much of the opposition sprung naturally from the Spanish traditions that said women should not take an active part in "men's affairs."

But the state's newspapers waged a relentless battle in behalf of the women. One Albuquerque society writer in 1919 wrote, "The feminine contingent is at hand, and gleaming white, uncorruptible vote will mingle with the numerous masculine ballots of all shades."

### Hand of Friendship Tea Being Given By Pampa's ABWA Chapter Today

"If You Work For a Man, in Heaven's Name, Work For Him." The implications of this quotation which is embodied in the creed of the American Business Women's Association, by Elbert Hubbard, will be enlarged upon when this education association crests its membership drive at a hand of Friendship Tea this afternoon, in City Club Room. Pampa Chapter Chapter, which was established May 10, 1959, joins with over 560 chapters of the association throughout the nation in this event.

The purpose of the association is to advance women in business, improve employer-employee relations, and to provide congenial social and cultural opportunities for its members. Believing that education is the keynote to advancement in business, at dinner meetings chapters feature outstanding speakers and professional speakers. An annual Boss Night Dinner honors the employers and gives management an opportunity to see ABWA in action.

Further development is advanced by local sponsorship of training courses for women in nursing and teaching profes-

sions, and in commercial occupations. A National Educational Fund, known as the Stephen Bufton Memorial Educational Fund, was established in 1953. Chapters are privileged to make application for scholarships for carefully selected candidates, and loans and grants - in - aid are available from this National Fund.

Recognition of outstanding achievement of individual members is given each year at the national convention, at which time the name of the "American Business Woman of the Year" is announced. Each chapter is eligible to recommend a candidate for this honor.

ABWA represents a wide field of business ability and opportunity. The first chapter of the association was established in 1949 in Kansas City, Mo., location of its national headquarters. The progressive history of ABWA is told by its national and chapter achievements. Total membership is now over 33,000.

Each of the six districts throughout the United States holds a district meeting in the Spring. A national convention is (See HAND, Page 17)

### Timely Beauty Hints

For the most beautiful and flawless make-up application results, your face should be flooded with light, when you use each of the various makeup items.

A leading beauty authority points out that unless you can clearly see what you are doing, and distinguish all the make-up colors in their true shades, the fashionable look and beauty you are trying to create may fall short of perfection.

Especially is this true when you are applying such important make-up accents as hi-fi fluid eye liner, brushon mascara wand, eyebrow pencil and pencil and lipstick. Day-time make-up should be applied in true daylight. If this is not possible, choose a well-lighted dressing table and check the application results at an outside window.

Evening make-up should be applied under bright lights, and the amounts of make-up and colors determined by the type of lighting you will be exposed to during the greater part of the evening hours. After you are completely dressed, and your coiffure is becomingly arranged, re-examine your make-up artist's work and make any necessary corrections.

LOCAL ARTIST — Mrs. Don George is pictured at work on the lifesize carving of St. Andrew, which will hang in St. Matthew's Episcopal Church. This has been commissioned by the Vestry of St. Matthew's and will be the companion piece to the carving of St. Matthew, which already hangs in the church. It will be on display at the Tri-State Fair in Amarillo.

### P-TA City Council Has Regular Meet

Pampa P-TA City Council met Tuesday morning at Stephen F. Austin Elementary School with Mrs. Kenneth L. Royse presiding. A poem entitled "First Day" was read by Mrs. E. A. McLennan. A letter from Mrs. W. J. Danforth, president of the Texas Congress of Parents and Teachers, stating that P-TA officers and members should not use the P-TA name in advertising or endorsing commercial products, was read.

Mrs. H. V. Wilks gave a report on the recent meeting held for discussion on organizing a Teenage Jury. The budget for the 1965-1966 school year was presented by Joe Page and approved by the group. Mrs. Royse recommended that members study their unit by laws so that necessary revisions may be made after installation of the new state president in November.

Convention chairman, Dan Johnson, reported that bus fare to the State Convention in Corpus Christi will be approximately \$25 to \$35 per delegate. A report from the radio committee was given by Mrs. B. J. Stephens who stated that the first radio program of the year will be given at 9:15 a.m. Friday by Woodrow Wilson Unit. The dates for the P-TA study course were listed by Mrs. Forrest Hills, study course chairman, who stated that the first session will be held Oct. 7 at Sam Houston Elementary School with the Horace Mann Unit as co-host. The theme that day will be "Let's Expose Our Children to Good Manners." A nursery will be provided and there will be a coffee break.

A total of 40 members from nine units attended the Tuesday meeting. Mrs. S. Gene Hall was host president and D. V. Biggers was host principal. Coffee and cookies were served by Mrs. Don Thompson, hospitality chairman, and Mrs. George D. Crossman.

influence of women, including the most recent one in Texas of Making Padre Island a National Park.

Those attending were Meses. D. V. Burton, Jess Clay, J. F. Curtis, V. J. Drew, Elmer Fishers, John Gill, Verl Hageman, H. B. Hamilton, Mack Hiatt, Charles Lanehart, Kermit Lawson, Bob McCoy, J. G. Morrison, Carlton Nance, Tom Perkins, Lonnie Richardson, Bruce Riehart, W. R. Ewing and Mrs. George Walstead.

Oven's too small to take four pie tins? You can still bake four pies in a small oven by using a metal cup or tin can to elevate the fourth pie so that it overlaps the others.

### POLLY'S POINTERS Apartment Dweller Does Several Jobs at Once

By POLLY CRAMER

Newspaper Enterprise Assn. DEAR POLLY — We live in an apartment building with the laundry in the basement. I have to carry things down two flights of stairs and then around the building. During the week as the soiled clothes accumulate, I carry them down to my locker where they are safely put away. Then on wash day I carry down my manicure equipment, shampoo and rollers, hair dryer, a good book or some hand sewing. I am then accomplishing several little jobs while doing one big one. I save wear and tear on my legs and give myself needed beauty care. Since we are allotted a certain time to do our laundry, I can lock the door and do as I please.

—MRS. C. F. J. DEAR POLLY — When going on a picnic I cut the children's sandwiches in different shapes so I can tell quickly and easily which sandwiches are for which child.

—MARGARET DEAR POLLY — Whenever I receive a letter (especially one where the name and address are typed), I cut the entire name and address from it before discarding the envelope. I keep them conveniently clipped together in a kitchen cabinet or desk drawer. They are useful and ready to tape on the bottom or side of a dish that I am using to take food to a covered dish meal or sending to a friend.

—POLLY W. DEAR POLLY — When re-

moving the skin from chicken breasts before cooking, use a paper towel and it will give you a good grip on otherwise slippery skin.

—MRS. W. G. E. DEAR POLLY — Finding a gift to take to a hospitalized child is often very difficult. Get a package of small balloons and a bundle of thin dowel sticks at the hardware store. Blow up the balloons and tie them to the ends of the sticks cut to any desired length. Place the ends of the sticks in a piece of modeling clay which is hidden inside a container. This might be a cut-off plastic bottle, a tall juice can covered with foil or an ordinary flower pot.

—ELSIE DEAR POLLY — I grew just plain tired of having basement dirt and sawdust tracked on my new kitchen floor by my husband and two sons (to say nothing of their do-it-yourself friends). I tacked a piece of carpeting on the bottom and top steps of the basement stairs so they could wipe their sizes 9½, 6½ and 12 on it. Hooray! No more dirt!

—JUNE

### El Progreso Club Opens New Year At Luncheon in Pampa Country Club

El Progreso Club opened the new club year with a luncheon held at Pampa Country Club with the social committee, Meses. Charles Lanehart, Mack Hiatt, V. J. Drew and Glenn Radcliff, as hostesses.

The theme of study for this year, "The Gift of Understanding," with sub topics of "New Vision - New Purpose" was presented by Mrs. Kermit Lawson, who then presented the study and had as her topic "Know First Ladies of Federation."

"In 1868 the New York Press Club was honoring Charles Dickens," Mrs. Lawson said "It was an important event and a writer, Jennie June Croly sought admission. She was refused solely because she was a woman. Mrs. Croly conceived the idea that if one woman could not succeed that perhaps a group of women banded together could achieve due recognition and acceptance. This idea spurred her on to the organization of the first "Women's Club". In the meantime other clubs were being formed throughout the states and in 1890 63 delegates from 17 states gathered together for federation. 1965 marks the Diamond Jubilee of this event. In seventy-five years it has grown from this tiny seed sown by the desire of

one woman to be recognized for what womanhood contributed to daily living to 15,500 clubs in forty-nine states, the District of Columbia, and Puerto Rico and to 154 clubs and federations representing fifty-five countries and territories around the world with a total membership of eleven million women still continuing the motto of the 1st anniversary meeting Unity in Diversity.

Mrs. William H. Hasebroock, West Point, Nebraska is First Lady of General Federation. She is an outstanding Club woman and has recently been chosen by President Johnson to serve on the National Advisory Committee on Highway Beautification. The First Lady of Texas Federation is Mrs. J. L. Ginnings, Pilot Point.

Mrs. Lawson continued by recognizing Mrs. George Walstead, a charter member of El Progreso as a "First Lady." Mrs. Walstead is a living example of those really great, mature women who remain stable and united through diversity. Mrs. Verl Hageman, president of El Progreso was then recognized as the reigning First Lady. Mrs. Lawson continued by enumerating a number of laws and acts brought about solely by the

## Pointing Toward Fall, Flattery, Fashion.....

**Socialites.** **COBBIES.** **Red Cross Shoes.**

This collection fits as though each shoe were made for your foot alone. That's the unseen beauty, the fabulous difference in the smart mid and low heel pumps. There is such a feeling of instant comfort, you can hardly believe it until you try them on. Come... choose the style for you from Dunlap's collection of Red Cross, Cobbies, and Socialites and see for yourself what comfort really is.

(A) Another Cobbie, Tangier... right in the spirit of today's fashion with its tailored look. Brief stacked heel. Tangier has famous ease that makes every cushioned step you take more carefree than the last. Black Textra, Old Brass Textra, and Black Patent ..... 13.00

(B) The Rogue... high spirits on a little low heel. Our clever little Cobbies combine the young and knowing fashion looks you like with the easy going feeling your feet demand. Soft Black or Brown leather on a brisk stacked heel ..... 13.00

(C) Parade... Completely contemporary on a poised stacked heel. But beneath the smart high-rise tailoring of its fine textured leather is an old-fashioned feeling of ease that will make your modern days a real joy! Try its light, supple, cushioned "instant comfort" soon! Brown Textra and Black Textra ..... 15.00

(D) Expresso... Great fashion, great feeling! Socialites sums up perfection in this celebrated young mid-heel pump! Very contemporary silhouette... elegant and versatile in soft luxury leather. With Socialites' fabulous ease to complete its extraordinary talents! Start enjoying it soon. Black calf and turtle green Textra ..... 15.00

(E) Jet Set... from oval toe to little heel the smooth and supple luxury in calfskin has cushion ease that makes a Socialite so very special. Jet Set is yours in Black leather, and Red leather ..... 15.00

This product has no connection whatsoever with the American Red Cross.

out hang you. part 1, or

### Here's What's New

**United Press International**  
The day when clothes stay cleaner, last longer and won't wrinkle is closer, thanks to a new chemical, liquid polypropylene. Developers of the chemical say it is applied in a microscopic film to fiber surfaces without changing their appearance or feel, but at the same time giving them a tough, transparent, anti-abrasive coating. This prevents such places as elbows, knees, heels and seats of trousers from wearing thin. A new resin from the same company is used to give permanent press to fabrics.

A girl can wear only two false eyelashes at a time, but sometimes the third lash is handy — in case one of a pair gets lost. A manufacturer is making the lashes in triPLICATE, from hypo-allergenic Vulcan, a new eyelash material. They're washable and have permanent curl.

**PROBLEM PERSPIRATION**

SOLVED even for those who perspire heavily

A new anti-perspirant that really works! Solves underarm problems for many who had despaired of effective help. Mitchum Anti-Perspirant keeps underarms absolutely dry for thousands of grateful users. Positive action coupled with complete gentleness to normal skin and clothing is made possible by new type of formula produced by a trustworthy 50-year-old laboratory. Satisfaction guaranteed. Don't give in to perspiration worries; try Mitchum Anti-Perspirant today. 50-day supply \$3.00

Now—Also Cream Formula! Same price—same positive action.

PRESENTS PROGRAM — Mrs. Leona Turner, Amarillo artist, is pictured painting a still life in oils at the recent Beta Sigma Phi Sorority Kickoff Luncheon held in Starlight Room of Coronado Inn, Mrs. Turner, mother of four, operates her own studio from her home at 116 N. LaSalle, Amarillo. The five local chapters of Beta Sigma Sorority began the fall season at the luncheon which carried out the organization's theme for the coming year, "Crown Every Moment."

### Layette Buying Brings Problems

Newspaper Enterprise Assn. Shopping for the new baby throws many parents and dotting relatives into a tizzy. Baby, whether of the small, medium or large variety, presents a pound - for - pound problem at layette - buying time.

First - timers must rely completely upon advice from friends or that of a clerk.

Major confusion stems from the fact that there is relatively little standardization of size in infants' clothes. Some manufacturers do provide weight charts with their garments as more accurate guides.

When buying garments for an infant, select those that won't restrict the child but do provide free - body - movement. Fine combed cotton knits offer softness and "clean" seams help avoid irritating a child's skin.

Circular knits have no seams or there are flat lock seams where the fabric overlaps for smoothness with no ridges on the inside.

Carlene Upchurch, an executive with a large children's wear firm (William Carter), says the best way to purchase infants' wear to fit properly is by weight and not by age of the child.

Buying baby clothes that are too large is just as bad as buying those that are too small, she says.

Entry of stretch knits into infants' wear now allows such garments to grow up to three sizes. These usually are cotton on the inside for comfort and nylon stretch on the outside. Look for special growth features such as tabs for straps in these.

A major item is the little shirt infants wear 98 per cent of the

time their first year to keep body temperature even at night. It is wise and economical to get the best quality in these you can afford. In these, look for a sleeve that won't bind and a stretch neckline that slips easily over the head. Shirts with grippers are practical and are attached to or worn over water-proof pants rather than tucked in.

In infants' gowns, Miss Upchurch suggests selecting a style with a flip - close hand cup to keep the child from scratching his face. For greater comfort, the nylon content should not be too high. Also check labels for heat resistant elastic for longer service. Miss Upchurch also recommends metal fasteners, especially if you do not have an automatic washer.

### Fall Can Be Time For Insects Too

"Now where did they come from?" Every fall this is the lament from housewives when they see little bugs crawling around their homes.

The truth is that many of these are actually outdoor garden pests that have sneaked into the house to enjoy the warmth of your hearth for the Winter. Most of these invading pests are just bothersome to look at and do no harm. But there are others that can attack your indoor plants, your pets — even you!

Some of the nuisance pests you can look for in the Fall are earwigs, clover mites, chiggers, brown dog ticks and cockroaches. According to entomologists at Geigy Chemical Corporation, these insects usually hide around window and door frames, under sinks, behind baseboards, in basements, in the dog's bedding and in the damp areas of bathrooms and laundry areas.

Best control of household pests is achieved when a pressurized spray is applied directly to these hiding places. Inspect the likely hide-out spots closely. You will find that these

insects have favorite paths or "runs" they always follow, generally near baseboards. When you discover the run, use a pressurized spray that remains potent on the sprayed areas for some time — an insecticide with DZN is an example. This will control the bugs as they trek along their way.

The chemical DZN was designed specifically for use against crawling nuisances in the home.

For flying pests — especially flies that can overwinter in your home — a pressurized spray containing pyrethrins has been found effective and safe. This same pressurized spray containing pyrethrins can also be used to control most pests on your house plants.

When using push-button pressurized sprays on house plants, keep the can at least eighteen inches from the foliage. It goes without saying that when used indoors, all sprays should be directed away from food, pets and children.

To bring out the flavor of fresh peaches, add a dash of almond extract.

### Miss Anna Kramer Accepts Teaching Position in Alaska

Miss Anna Kramer, daughter of Mr. and Mrs. John J. Kramer of Skellytown, who visited her parents several weeks this summer, has accepted a position as a first grade school teacher in Seward, Alaska.

Miss Kramer is a graduate of White Deer High Schools and of South West College at Hobbs, N. M. She spent 18 months at Cordova, Alaska, as a missionary helper before accepting the position in Seward.

# Baker P-TA Slates Membership Drive

BAKER P-TA OFFICERS — Shown making plans for B. M. Baker P-TA's membership drive are officers of the unit. Pictured seated, left to right, are Mrs. Shelby Cogdell, secretary; Mrs. Harold Engle, president, and

Mrs. Benny Zelle, vice president. Standing left to right are Mrs. Charles Ingram, treasurer; Mrs. Troy Bennett, historian, and Mrs. Freida Ross, parliamentarian.

B. M. Baker P-TA executive board met Tuesday afternoon with Mrs. H. L. Engle, president, presiding. Mrs. S. R. Cogdell, secretary, read the minutes and Mrs. Charles Ingram gave the treasurer's report. Carl Jones, principal, presented the 1965-66 budget, which was approved by the board.

Mrs. J. T. Lambricht reported that this year's membership drive would get under way with a room mother's meeting in the school cafeteria at 9 a. m. tomorrow.

Mrs. Howard Price reported that study courses would be held the first four Thursdays in

October and the first two Thursdays in November at the various schools with Baker hosting Oct. 28.

Those attending were Mmes. H. L. Engle, S. R. Cogdell, Charles Ingram, Troy Bennett, D. B. Mahaney, J. T. Lambricht, Benny Zelle, H. R. Greene, Gene Curtis, Howard Price, W. J. Cook and Mr. Carl Jones.

B. M. Baker P-TA general meeting was called to order Thursday afternoon by Mrs. H. L. Engle, president. The devotional was given by Mrs. Hal Boynton. Mrs. S. R. Cogdell read the minutes and Mrs.

Charles Ingram gave the treasurers' report. Mr. Jones introduced Mrs. Margaret Krejci, the new fourth grade teacher.

It was announced that Baker's annual project night and open house would be held Oct. 21. Additional information will be publicized at a later date.

Mrs. H. L. Engle introduced Jack Edmondson, guest speaker. The speaker spoke on "Living in a Time of Changes." The speaker said if everyone had the kindness of Lincoln, the devotion of Schiewetzer, and the vision of Franklin; then people could face the future more easily.

The room count was won by Mrs. Jarvis Johnson. The door prize, a cake baked by Mrs. S. R. Cogdell, was won by Mrs. Harold Moore. Following the

meeting's adjournment, refreshments of cookies and punch were served by the hospitality committee.

### Advice Busy Housewife Can Do Without

Newspaper Enterprise Assn.

In today's mail comes an advertisement for a "success program for women." If the ad with its long list of topics to be covered reached a busy housewife on a typically busy day I can well imagine how she might respond to it.

ONE. "Decorate with Accessories." (You mean those things I have on the mantle and on high shelves out of reach of junior?)

TWO. "Shop Wisely." (Who can say what is wise shopping? Is that dress I got at such a bargain and my husband does not like or the one I paid too much for that always rates a compliment and sometimes even a whistle?)

THREE. Plan a Vacation and Enjoy It." (If I'm allowed to plan it I'll enjoy it, all right.

But it looks like it is going to be another fishing trip.)

FOUR. "Make Extra Money in Your Spare Time." (WHAT spare time?)

FIVE. "Look and Feel Younger." (That's for me. How?)

SIX. "Be a More Interesting Person." (Then would Jim quit watching television every night?)

SEVEN. "Achieve Poise and Confidence." (That would be comforting.)

EIGHT. "Set and Care For Your Hair." (And give up that standing appointment at the beauty shop? Not on your life.)

Most food poisoning incidents caused by bacteria can be traced to non-tart or low acid foods. Illness-causing bacteria doesn't grow well in tart foods.

## Muscular Dystrophy Drive Is Project Of Metanet Quilting Club President

Metanet Quilting Club met recently in the home of Mrs. Earl O'Neal at 700 N. Nelson.

Mrs. George Hamlin, president, named the Muscular Dystrophy Drive as her project for the coming year and announced that a rummage sale would be held Wednesday to obtain funds for this project.

Following the business session a fried chicken dinner was enjoyed by the group.

Attending were Mmes. George Hamlin, Orval Johnson, Forrest Cloyd and J. C. Longon, members, and guests, Mmes. Melissa Sullivan of Shamrock, Dr. Suppes, Foster Whaley and Vincent Simons.

### MRS. KIDD'S RECIPE FOR BAKED APPLE DONUTS

- |                                 |                                  |
|---------------------------------|----------------------------------|
| 1½ cup sifted all purpose flour | ¼ cup milk                       |
| 1¾ tsp. baking powder           | 1 cup grated raw apple           |
| ½ tsp. salt                     | ½ cup melted butter or margarina |
| ½ tsp. ground nutmeg            | ½ cup sugar                      |
| ½ cup sugar                     | ½ cup sugar                      |
| ½ cup shortening                | 1 tsp. cinnamon                  |
| 1 egg, beaten                   |                                  |

Sift together flour, baking powder, salt, nutmeg and ½ cup sugar. Cut in shortening until mixture is fine. Mix together egg, milk and apple; add all at once to dry ingredients and mix quickly but thoroughly. Fill greased 2½ x 1¼ inch muffin tins ¾ full. Bake in 350 degree moderate oven 20 or 30 minutes or until golden brown. Remove from pans; immediately roll donuts in melted butter and then in cinnamon and sugar that have been mixed together. Serve warm.

# The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

## SUNDAY MORNING GRIST

### From the Editorial Mill

#### SCHOOL ADMINISTRATORS

were quick to point out there were no racial overtones in last Wednesday's stabbing incident at Pampa High School. In fact, school authorities say they are pleased at the orderly way in which complete integration of Pampa's schools has taken place. No one has to be reminded that something new has been added to the usual adjustments every school child must make — the challenge of adjusting to racial integration. This year, integration is for real. It is no longer a matter of personal choice or opinion. It's the law, period. It is being stepped up in schools all over the nation and in thousands of schools it is present for the first time.

#### PAMPA HAS

been fortunate in having two years of high school integration behind it. With full integration now, school children are being asked to get along with each other. They are being asked to ignore differences of race and color and to study, learn and play together in harmony. Chances are the children will do it — if adults give them a chance. It would seem the least any parent, or any adult, can do to help, not hinder, the social adjustment with a minimum of confusion or distress to anyone.

#### LITTLE GEMS

of wisdom we wish we had thought of. Folks who have been griping about summer heat waves are now warming up to gripe about winter's cold snaps. Life is like a supermarket. It offers a wide variety of attractions, but you always wind up at the check-out counter. First practical joke was the ribbing Adam took when Eve was created. Come to work pickled and you're likely to get canned. There's no fool like a young fool — who thinks he's old.

## THE GUEST PEN

### Haven for Politicians

By D. R. SEGAL  
Editor, Brownsville Herald

A fellow-Texan, Sen. Ralph Yarborough, writes me that he has been made "an Honorary Fellow by the Postgraduate Center for Mental Health in the heart of New York City."

Which brings to mind, somehow, the old joke: "My brother went to Harvard Medical school 10 years ago. He's still there — in his bottle."

Now, why did I ever think of that at a time like this?

Still, you must admit that the prospect of Ralph Yarborough running around a place given to the study of cuckoos and crazies can set a fellow to thinking.

#### Record of Service

Senator Yarborough may have escaped the notice of non-Texans, some of whom wouldn't believe it anyway. The senator's political position on the diamond is so far left, he is off the playing field and into the second row of seats behind the third base dugout.

As junior senator from Texas he did little odd jobs for his senior colleague, name of Lyndon, who used him for miscellaneous errands and state affairs, such as greeting Rose Queens and accepting the first box of straw berries grown in the Rio Grande Valley every winter. Stuff that was just a cut below the Really Big Things you might say.

It was widely advertised that Lyndon does not put great store by the abilities of his junior compadre, which rumors he has not denied. There are those claiming intimacy with LBJ who allege that the mere mention of Mr. Yarborough's name sends Mr. Johnson to the sideboard where the Cutty Sark responds for emergencies.

This strained relationship did not improve when Mr. Johnson received a promotion and Mr.

Yarborough ascended to the position of senior senator. The Vice President, complained Mr. Yarborough, continued to function as senior senator from Texas, keeping a tight and practiced hand on all the juiciest bits of patronage and treating Mr. Yarborough as if he were, somehow, the AFL-CIO had dragged in.

#### His Future

Mr. Yarborough's recent association with a mental health outfit might be entirely innocent. But this LBJ is not one to fool around. He has more smart in one finger than Mr. Yarborough packs in his entire beefy frame. And we can just hear him remark, off-hand, when the moment of truth arrives:

"Oh, yes, that fellow Yarborough, sure — he's the one got mixed up with that outfit that runs the big Funny House in New York City, isn't he?"

Just wait.

## Wit and Whimsy

It doesn't mean you're prosperous because you get enough credit to live beyond your means.

Said the proud father — Yes, son, I'm a self-made man.  
Junior — That's what I like about you, Dad. You take the blame for everything.

Doctor — Well, here I am, Mrs. White. What do you think may be the matter with your today?  
Patient — Doctor, I hardly know! What's new?

126,000 Americans a year are born mentally retarded.

Cannel At Bay By Ward Cannel

#### Giving the World's Fair An Appropriate Fairwell

NEW YORK (NEA) — In just about one month, the New York World's Fair will come to an end. And the city will finally have to face up to the question of what to do with it.

Now, this would not be a problem for New York under practically any other circumstance than the Fair.

If it were a park, say, it would be excavated at once and developed. If it were an historic landmark, it would be torn down and redeveloped. If it had the capability of middle class housing, it would be partitioned into cozy little \$600 - per - month apartments.

But there is something about other installations that baffles New Yorkers. So usually they simply pull it down and put up another one similar to it but a little less substantial and less attractive.

That kind of improvement, however, has already been made at the Fair. And so the problem must be solved in some other way.

Well, we have given this matter a great deal of thought, and would like to make a few suggestions. But we must explain at the outset that it is very hard to deal faithfully with the relics if you do not understand the gospel.

In that regard, the Fair has been a rather bewildering proposition. We have followed it quite closely from the beginning, and have visited it several times. Moreover, we listen each morning to the detailed praise of the day's events on the city-owned radio station which usually does not broadcast commercial messages of this sort.

But for all our effort, we still cannot say for sure what the Fair has been about. And consequently, we cannot recommend an entirely fitting disposal of the remains.

It certainly cannot be turned into an amusement park or recreation area as it has already failed at that endeavor. It cannot be turned into a public school as the kiddies would have to be bussed there.

It does not seem to be a profit-making enterprise, so it cannot be sold.

Nor can it be given to the needy, as it costs \$2.50 just to get in.

It is too big to be a summer palace for Sen. Kennedy and too small to be a college.

It would make a nice gift to a newly-independent nation, but it cannot be banked in Switzerland.

As a matter of fact, it would make an excellent newly-independent nation. And will indeed become one of it is allowed to stay open another year.

It could be given to Huntington Hartford for his Gallery of Modern Art as a typical artifact of the 20th Century.

Still better, it could be wrapped in wax paper along with the Hartford Gallery and buried as a time capsule — to be opened in a million years. But there is always the threat that natural erosion might expose it in five or ten thousand.

Well, there is no need to re-iterate any more impossibilities. The plain fact is that almost every alternative is either too expensive or a violation of the ban against capital punishment.

Under the circumstances, we have been able to come up with only two practical suggestions for disposing of the Fair.

The first is to give it to Robert Moses on the condition that he use it for a student workshop in city planning and public administration.

The other plan is one we like a lot better. As soon as the Fair is over, we would take a walk around the grounds to make sure all the lights were out and all the spigots turned off.

Then, we would go outside and close the doors and walk away from the place, happy in the knowledge that if 1964 ever came back we would not have to start from scratch.

As soon as Assistant Secretary of State William Bundy, head of the group favoring concessions to Peiping, got wind of her visit, he arranged to have Defense Secretary McNamara invite General Chiang Ching-Kuo, 56-year-old Moscow-trained son of President Chiang, to the U. S.

Although Ching-Kuo, one of the heirs to Chiang's position of power, is scheduled to tour U.S. military bases, the real purpose

#### Madame Chiang Mission — Quiet Lobbying to Oppose Disastrous Concessions to Peiping in Peace Talks

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — Madame Chiang Kai-shek's unofficial visit to Washington is turning out to be the most challenging of her long and stormy career.

The diplomatically shrewd wife of the aging Chinese Nationalist President is desperately trying to head off a settlement in Asia that would bring Red China into the United Nations and include massive U. S. economic aid to Peiping.

In backstage meetings with congressional supporters, Madame Chiang is saying her primary reason for coming to the U. S. is to convince President Johnson and his advisers that diplomatic and economic concessions to Peiping at this time would be disastrous not only for her country but the whole free world.

She revealed her mission was approved by President Chiang after his diplomatic and intelligence authorities reported accommodations with Red China were being considered by U. S. officials in a still-secret program for settling the Viet Nam fighting.

While fully supporting President Johnson's latest military build-up in Viet Nam, Madame Chiang warned it will be a tragic mistake if he leaves the door open for Peiping to become the chief negotiator in any Asian peace talks.

Madame Chiang also is making it very clear she is prepared to remain in the U. S. as long as necessary to get her message across to the President and his advisers.

To avoid a calamitous visit like Madame Nhu's — another Asian lady who tried to influence U. S. policy — Madame Chiang is doing her lobbying privately and making only non-controversial statements publicly.

By using the velvet glove approach in public, Madame Chiang hopes to avoid personal attacks by press and State Department officials who favor concessions to Peiping. She is convinced the public controversy stirred up by Madame Nhu made her ineffective in pleading her case for the late South Viet Nam President Diem, who was ousted and assassinated.

THE OTHER CHIANG—How long Madame Chiang and her State Department adversaries will be able to keep the lid on their private diplomatic sparring is one of the major guessing games among her Washington friends.

As soon as Assistant Secretary of State William Bundy, head of the group favoring concessions to Peiping, got wind of her visit, he arranged to have Defense Secretary McNamara invite General Chiang Ching-Kuo, 56-year-old Moscow-trained son of President Chiang, to the U. S.

Although Ching-Kuo, one of the heirs to Chiang's position of power, is scheduled to tour U.S. military bases, the real purpose

of his visit is to have him on hand to counter both publicly and privately any influence Madame Chiang might exert on U. S. policy.

The mysterious Chiang-Kuo is the product of Chiang's teen-age marriage to a parentally-selected peasant girl. He has never gotten along with Madame Chiang, who came into the Generalissimo's life after his divorce from Chiang-Kuo's mother for incompatibility.

Ching-Kuo joined the Communist youth corps while in Moscow in the late '20s and is regarded by U. S. military-intelligence experts as an opportunist who would switch to whichever side he believed was winning the cold war.

The chubby, soft-spoken Ching-Kuo admits his earlier Communist leanings, but claims to be strongly anti-Communist now. His wife is a Russian engineer whom he married in Moscow.

THE SHIFTING TIDES—Madame Chiang's congressional supporters are giving her all the private help they can, but believe she will have to take her case to the public if Red China's admission to the UN is to be successfully blocked.

These officials point out that Ralph Bunche, American aide to Secretary General U Thant, who is privately trying to negotiate an all-Asian settlement, is saying Red China will be admitted within two years.

That's the unpublished timetable President Johnson's policy-makers have set for working out an all-Asian settlement with Peiping and Moscow.

If Peiping refrains from overtly sending its armies into India and South Viet Nam, U Thant aides contend that with U. S. and Soviet help he can work out an Asian agreement by neutralizing the governments of South Viet Nam, Laos, Cambodia, Formosa and South Korea.

This is the settlement Madame Chiang is fighting a last-ditch battle against.

PRESIDENT IN ACTION — President Johnson played a key role in breaking the Senate Judiciary Committee deadlock that was blocking a Senate vote on the administration's immigration reform bill.

When his congressional leaders reported that Minority Leader Everett Dirksen, R-Ill., was holding up the immigration measure until his reappointment amendment was reported out by the committee, the President asked Majority Leader Mike Mansfield, Mont., to get Democratic members to clear both pieces of legislation.

"We need one more vote to clear Dirksen's amendment," said Mansfield. "There must be a switch of at least one Democratic vote."

"Call Senator Dodd, D-Conn., and tell him I want his vote changed," instructed the President. "He will agree. Tell him I'll help defeat Dirksen's reappointment measure when it

## Pull Up A Chair

By Frank Markey

Few people realize it but a good water supply means money in the bank. The National Water Institute points out that an adequate municipal water system can affect such diverse areas as fire insurance rates and bank accounts. The better the city's fire-fighting facilities, including high pressure hoses, the lower the insurance rates. A main attraction of new industry is a sufficient water supply and new industry means more jobs, more money and larger bank accounts. During the nation's current water shortage, these are sobering facts to remember.

Today's smile: "Meet me in the lobby of the Waldorf-Astoria at 10 o'clock," the college boy told his date. "Say," she said, "that's a ritzy spot. I'll be there." The college boy added: "Yeah, it's just a block from the hamburger place I'm taking you for dinner."

No doubt at some time or other you've heard that song "The Girl From Ipanema," and like the rest of us figured there was no such place. Well, it's a plush seaside resort near Rio de Janeiro, but we still think it sounds like the name of a toothpaste.

Nearly all the drugs, antibiotics and vaccines used today were not known a dozen years ago, according to a hospital bulletin. Some of that dough Uncle Sam sent abroad is trickling back now that foreigners have discovered the U.S. At any rate foreign travelers spent upwards of \$1 billion here last year "seeing America first class" no doubt. . . . an automobile association official told us recently that driving on interstate highways and toll roads saves as much as 25 per cent driving time on long trips.

Thoughts while shaving: It's amusing to learn that Clermont, N.Y., home town of Robert Fulton, who invented the steamboat to improve communications, doesn't have a post office. Maybe they should be thankful they're not bothered with zip codes. . . . If you don't eat a good breakfast, you might be interested to learn a health survey revealed those who do are more productive during the late morning hours, have quicker reactions and reflexes and don't tire as easily as those who rely on coffee alone. . . . Hawaii, now the 50th State was once known as the Sandwich Islands, named after John Montagu, fourth Earl of Sandwich, who first thought of putting a piece of meat between two slices of bread. . . . Having broken windows and bottles through the years we've always believed glass was a fragile substance, but a Vermont scientist says it is capable of withstanding the highest one-direction compression of a material known. He said tests showed it withstood half-a-million pounds of pressure per square inch, equal to the weight of 200 automobiles on a one-inch point. He suggests it be used as the hull material on the new deep-diving submarines. That would really make them glass-bottomed boats. . . . Memory Lane: Remember when "swing" music was introduced back in the 30's and took the country by storm, bringing with it such new dances as "The Dipsy Doodle" and jitterbugging?

Country Editor speaking: "The biggest problem in government is cutting the budget without cutting anyone off the payroll."

There are other issues that died in those hectic days when death was supposed to level the City, but strangely enough the City still lives.

Gentlemen, I believe it will be a lively election when you set a bond election for a filter plant. An improvement on Inter-City highway systems would make good sense.

There, you have at least a fragment of my minority report.

comes up for a Senate vote I want the immigration bill passed this year."

Senator Mansfield picked up a White House phone and called Senator Dodd, who agreed to switch, breaking the committee bottleneck. The President's immigration bill, abolishing the country-by-country quota system, already has passed the House.

Senator Dirksen's amendment is aimed at circumventing the Supreme Court's one-man, one-vote ruling by permitting one house of a state legislature to be apportioned on factors other than strictly population.

The Senate is expected to act on the Dirksen measure next year.

## Straight Talk

By TOM ANDERSON

#### A Few Facts to Ponder

Did you know that the "boozefund" of the State and Defense Departments has been costing us \$2 million a year? That Presidents get \$50,000 a year from us for "entertainment," much of which is for liquor? That we have spent 12 million dollars on Rama Road — a jungle road in Nicaragua?

Did you know that a Senator testified that the U. S. Navy paid \$21.10 each for lamp sockets which retail for 25 cents? That the U. S. Army bought wrench sets for \$29 which sell in hardware stores for \$3.98? That the U. S. Air Force paid \$9.65 each for drill bushings which should sell for not more than 50 cents?

#### COSTS

Did you know that our population has more than doubled since 1900? And that federal spending is more than 140 times what it was then? That it costs an average of \$171,000 per member to run Congress each year? Expressed in terms of "human values," is your congressman worth it?

Did you know that the only way we can end the Cold War is to win it? That the Russian definition of coexistence is slavery? That while Russia's twin astronauts were circling the world, union workers at our missile base at Huntsville, Alabama were out on strike?

Did you know that 26 illegal secondary boycotts have delayed construction at vital missile installations? And that labor unions are on a new drive to legalize "secondary boycott" picketing?

Did you know that our debt is larger than all of the nations of the world combined? But that we give foreign aid to three-fourths of the world's 104 nations? That we have more than 10,000 agreements, mostly secret with foreign countries? That our State Department wants the U. S. to channel all its foreign aid through the United Nations? The only thing we should give through the U. N. is our resignation.

Did you know that the plastic bag containing carrots costs as much as the farmer got for the carrots?

#### YOUR PART

Whether you knew all of the above or not, what do you plan to do about it? If America can be saved from Socialism, insolvency, and surrender it can be saved only by a grassroots revolution—the same way it was founded. What can you do? You can stand up and be counted else you'll soon be counted out. Remember, "It never troubles the wolf how many the sheep may be."

## The Almanac

Today is Sunday, Sept 19th the 262th day of 1965 with 103 to follow.

The moon is approaching its new phase.

The morning stars are Jupiter and Saturn.

The evening stars are Venus, Mars, and Saturn.

Hungarian statesman Louis Kossuth was born on this day in 1802.

On this day in history: In 1777, American soldiers won the first battle of Saratoga, N.Y. in the Revolutionary War.

der if this Voice really does speak for America. Especially during the last two years, the Voice of America has stressed repeatedly in its news broadcasts the very worst troubles our country has experienced, while slurring over or omitting altogether the facts and values which make America great. Hours of radio time are devoted to our tragic racial strife. Voice of America commentaries, like the Moscow broadcasts themselves, have criticized our government's policy in Vietnam and the Dominican Republic.

In the past, the Kremlin spent five times as much money as the Voice of America costs us to jam its broadcasts by static from 2500 transmitters. But now, all Russian jamming of the Voice of America has stopped. If its broadcasts are doing the cause of freedom any good and communism any harm behind the Iron Curtain, the Kremlin isn't aware of it.

Hunt for Truth

By H. L. HUNT

#### VOICE OF AMERICA?

For many years the two chief Red capitals, Moscow and Peking, have kept up and steadily expanded a flood tide of radio propaganda against the free world. Gigantic transmitters broadcast communist ideology and distortion of truth to every corner of the world in hundreds of languages. Cheap transistor radios receive these broadcasts from the highlands of the Andes in South America to the jungles of the Congo.

To counteract this immense radio campaign by our sworn enemies, we have the Voice of America, a much smaller and more limited undertaking which concentrates on broadcasting behind the Iron Curtain.

The Voice of America is the official name for these programs, but many thoughtful Americans have cause to won-

# Foreign Commentary

By HENRY SHAPIRO  
United Press International

MOSCOW (UPI) — Soviet relations with West Germany are worse than those with any other major western country. But West Germany dominates the current chemical exposition opened by Premier Alexei N. Kosygin at Sokolniki Park last week.

More than 150 major West German chemical firms led by the giant Krupp works occupy one quarter of the exposition area and dwarf the exhibits of East Germany, Italy, Japan, France and the United States. Only 10 American firms are participating.

The most impressive and dramatic single exhibit is the Krupp pavilion — a collapsible airfield plastic balloon which can be put up or folded within 15 minutes.

Is it just the temptation of getting a major slice of expected fabulous Soviet orders for chemical machinery that brings Carstens and the German industrialists here? Diplomatic observers wonder.

Two years ago former Premier Nikita S. Khrushchev launched a grandiose plan for "chemicalizing" Soviet industry calling for an investment of 42 billion rubles \$46.2 billions by 1970.

**Promises Modernization**  
"Chemistry is the mint that makes gold," the Soviet leader then said. He promised to modernize the lagging chemical industry and produce enough fertilizer to solve the country's chronic agricultural ills.

To fulfill that plan, which Khrushchev's successors have cut back slightly, would require imports running into several billion dollars, according to estimates of western economists.

And the Germans have also had a keen eye for restoring what they call their "traditional markets" with Russia

and Eastern Europe. The once considerable West German trade with Russia has shown signs of stagnation since Bonn has refused to go along with Paris, London and Tokyo in breaking the western embargo on long term credits to the Soviet Union.

The impressive West German chemical exhibits indicate, according to foreign observers, that industry as well as the government is having second thoughts about long term credits. The West German total investment of 80 million marks in the exposition may trigger a more flexible Bonn line on such credits to Russia.

It is not trade alone that interests both the Germans and the Russians.

**Political Overtones**  
To the realistic, hard-headed leaders of both nations trade may be a way of "waging politics by other means."

Bonn, a loyal ally of the United States, also is aware of changing attitudes in Washington on East European trade, attitudes which might have been more pronounced now were it not for the Viet Nam conflict.

Khrushchev's ouster served to postpone the Bonn — Moscow political dialogue which he was about to resume this year.

Kosygin is still non-committal, presumably awaiting the results of the German national elections.

It is understood that many of the German leaders, aware of the difficulties of a permanent German settlement, are now modestly aiming for a general improvement of the climate in their relations with Moscow.

This, it is argued, can be achieved by a substantial increase in trade and cultural relations while not immediately pressing for agreement on the now apparently unsolvable question of unifying the two Germanys.

**SIGNING UP**—Actress Ann-Margret is used to giving out autographs, but this time it's with a new twist. She's signing up on the car of her director, Ralph Nelson.

## RECONCILED

LOS ANGELES (UPI)—TV's Ben Casey, actor Vince Edwards, has reconciled with his wife, actress Kathy Kersh.

Kersh's attorney, Simon Taub, announced Friday that his client was withdrawing a divorce suit because she and the actor reconciled. She wed Edwards last June 13 and filed for divorce about two months later. She is expecting a child.

Lake Superior is the world's largest freshwater lake.

## MORE CONVENTIONAL

HOLLYWOOD (UPI) — In contrast to the recent outbreak of sex films, many movie fans are encouraged to learn that two new pictures featuring nun heroines are being filmed. "Mother Superior" and "The Singing Nun."

## LOCALE

HOLLYWOOD (UPI) — New York's Westchester suburbs have been chosen for location sites of Rock Hudson's new movie, "Seconds."

# 'Funny Girl' Premieres In Dallas on October 8

The premiere of the national "Funny Girl" is based on the life of the late Fanny Brice, Ziegfeld star and creator of the famous "Baby Snooks" radio character. With Julie Styne as music composer and Bob Merrill as lyricist, the musical centers around Miss Brice's early career, from her first success in a lower East Side music hall to stardom in the Ziegfeld Follies. It gives a warm portrait of Fanny herself, of her knowing mother, of the man she loved and lost, Nicky Arnstein, and of a great entertainer who never stopped being a "funny girl."

The national company is produced by Martin Tahse and directed by Lawrence Kasha, associate director for the Broadway by Barbra Streisand, way "Funny Girl," and stage singing discovery, Marilyn Michaels. The Dallas Summer Musicals in 1963

Lillian Roth, star of vaudeville, movies and Broadway; Anthony George, of TV's "Checkmate" series; and Marilyn Michaels, young TV and recording star, will play the roles of Fanny Brice's mother, Nicky Arnstein and Fanny Brice in the State Fair of Texas performances of the new Broadway hit, "Funny Girl," at the Music Hall in Dallas for 24 performances, Oct. 8 to 24.

President Plans To Attend Revival

WASHINGTON (UPI) President Johnson plans to attend a revival meeting conducted by the Rev. Billy Graham in Houston, Texas, starting Oct. 15, a North Carolina clergyman said Saturday.

Rev. Calvin Thielman, pastor of Montreat Presbyterian Church, who spent two nights at the White House, told reporters that Johnson had told Graham Friday that he planned to be in Texas during the revival Oct. 15-25, and would attend.

Graham is recuperating from a prostate operation at Mayo Clinic, Rochester, Minn. His wife is a Sunday school teacher in Thielman's church in Montreat.

Earliest method of plating gold on a base metal was by using an amalgam of gold and mercury.

Small nails were cut from sheet iron in the early 19th Century.

FOR UNEMPLOYED

# Benefits of \$100 Weekly Seen by 1971

WASHINGTON, D.C. — Unemployment benefits ranging within some states to more than \$100 weekly by 1971 are foreseen as a likely effect of passage of the Administration's pending unemployment compensation bill, according to an analysis released today by the American Enterprise Institute.

The maximums of "ceilings" of weekly unemployment benefit checks presently vary among states of the Nation from \$30 to \$65, the study shows. The proposed legislation under analysis contains a federal standard calling for the benefit maximum in each state to be raised by mid-1971 to two-thirds of the state-wide average weekly wage.

The Institute's analysis projects publicly for the first time the nationwide effects of this proposed standard. It shows that by 1971 the weekly unemployment benefit ceilings could be expected to range from an estimated \$59 to \$62 in South Carolina to \$120 to \$125 in Alaska, from \$120 to \$125 in Alaska, and to \$120 to \$125 in Alaska. They would likely be more than double their present levels in a number of states, the study reveals.

There is general agreement, the analysis states, that the proposed legislation "would in-

crease substantially the flow of public funds going to unemployed workers and, correspondingly, the cost impact of the unemployment compensation system."

Under present laws and the proposed bill, all but a small portion of the increased costs would be financed by employers through increased federal and state payroll taxes. The AEI projection of probable benefit maximums in 1971 assumes that wage levels will continue to rise. The two-thirds-of-wage standard is one of several proposed federal standards in the Administration bill relating to unemployment benefits payable to idle workers under state unemployment compensation programs. Subject to each state's benefit maximum, an unemployed individual's benefit would be required to be at least one-half of his own average weekly gross wage. The bill provides a tax penalty for states failing to conform to the prescribed standards, according to the analysis.

The AEI analysis focuses on the Administration bill (H. R. 8282 and S. 1991) on which hearings currently are being held by the House Committee on Ways and Means. This measure was introduced in the House by Representative Wilbur D. Mills (D., Ark.) and in the Senate by Senator Eugene J. McCarthy (D., Minn.) and 14 co-authors. The analysis also includes a digest of two identical bills—H.R. 7476, introduced by Representative Mills, and H.R. 7477, introduced by Representative John W. Byrnes (R., Wis.)—which would provide federal grants for supplemental unemployment benefits paid during recession periods.

Pointing out that the unemployment compensation system in the United States now functions within a framework of federal and state laws that leave most of the policy and operating details as responsibilities of state governments, the AEI analysis describes the pending Administration bill as primarily a broadening of the area of federal authority and responsibility.

The measure is summarized as one which would (1) establish federal standards relating to minimum levels of unemployment benefits and conditions of entitlement thereto; (2) create a new federal unemployment benefits to a year-length period; (3) institute a program of federal grants for states with high-

level benefit costs; (4) eliminate an experience rating requirement presently in federal law; (5) increase the taxable wage base and the federal unemployment tax and innovate a contribution out of general funds of the federal treasury for unemployment compensation financing purposes; and (6) broaden unemployment compensation coverage.

Proponents of the Administration bill claim that no major improvements have been made in the unemployment system in 30 years and that the system, in effect, has become obsolete. Opponents of the measure say the states have been liberalizing the system constantly. As evidence of this, they point to the fact that maximum weekly benefits payable by the states have, on the average, trebled between 1940 and 1965.

Adequacy of Benefits: Unemployment benefits are not large enough per week and do not last for enough weeks, according to supporters of the measure. The weekly benefit payments average to only about one-third of average weekly wages, they say, and federal standards are required to assure adequate benefits. Opponents cite statistics to show that the purchasing power of the average weekly benefit payment, after adjustments for the cost-of-living rise, has increased by more than 50 percent since 1940. The raising of benefit ceilings to the extent proposed, they contend, would be disruptive of incentives of the unemployed to find work and would endanger public support of the system.

Due to automation and other causes, advocates of the bill contend, periods of unemployment are lengthening and unemployed workers should be protected for longer than the half-year period that prevails, with some variations, in most states. The potential 26-week extension of the unemployment benefits is a proper federal function, they say.

Opponents contend that unemployment compensation is a "rights" program without a needs test and should not be expected to assume the welfare role of continued support of all persons who remain unemployed beyond a job-seeking period of reasonable length.

First transAtlantic cable of 1858 used iron wire to conduct the electrical impulses across the ocean.

FULBRIGHT CHARGES

# Administration Caught Off-Balance

WASHINGTON (UPI) — Sen. J. William Fulbright's barbed charge of diplomatic bungling in the Dominican crisis hit the Johnson administration just when it was making an effort to improve relations with the foreign relations chairman.

The White House campaign to keep the Arkansas Democrat and fellow senators more fully informed on foreign policy was highlighted by a Friday morning State Department breakfast with Secretary of State Dean Rusk, one of a weekly series started earlier this summer.

If Fulbright-Rusk relations were strained by the senator's Dominican blast of Wednesday, it didn't show at the breakfast. Neither the Fulbright speech nor the Dominican Republic was mentioned, according to participants.

The talk was about Red China's ultimatum that India immediately withdraw her China border forces or face grave consequences — a disturbing factor in the India-Pakistan conflict.

Senate Democrats already had split over Fulbright's charge that U.S. intervention in the Dominican revolt was a "grievous mistake," designed

primarily to head off a Communist takeover rather than to save American lives, as first stated.

Earlier this year it became apparent that Fulbright was getting a minimum of direct consultation from busy Rusk and other policy-makers. In an effort to correct the situation, Rusk began having the weekly bi-partisan breakfasts.
