50 Communist Guerrillas Are Killed

Spacemen to End Eight-Day Journey

BULLETIN
SPACE CENTER, Houston (UPI)—The Gemini 5 astronauts Saturday were ordered to splashdown Sunday after 129 orbits—one short of their goal because of tropical storm "Betsy."

SPACE CENTER, Houston (UPI)—Champion spacemen Gordon Cooper and Charles Conrad will splash down in the Atlantic Sunday one orbit short of their 121-orbit goal, because of "adverse weather," officials announced Saturday.

They now are to return to earth with their long string of space records at 6:55 a.m., CST Sunday.

The prime recovery ship Lake Champlain was speeding north at 25 knots to make the recovery area by splashdown time.

Tropical storm Betsy was pushing bad weather conditions toward the prime recovery area about 150 miles from Grand Turk Island in the Bahamas. Officials said "a long range forecast will place the weather in a much worsening position" in that splash area.

In the meantime, two more steering rockets had failed aboard Gemini 5. But this did not deter officials from giving the "go" for a Sunday landing.

In their 112th orbit over the Pacific, command pilot Cooper reported that in an effort to bring back to life some rockets that had failed earlier, "we discovered that we don't have a couple more thrusters."

"So we're getting down with just a very few thrusters," he added.

Earlier Saturday, while the astronauts were flashing over Texas, officials gave them the green light to go ahead until this morning, leaving it open which of the last two orbits would be used for re-entry. Then came the weather trouble.

Then 11:20 a.m., CST, the bearded, grimy astronauts streaked past the three-million mile mark of their journey which has put America ahead in manned spaceflight for the first time and boosted hopes of landing men on the moon in the Apollo program by 1969.

The Gemini 5 entered its 112th orbit at 4:28 p.m., CST. Meantime, the spacecraft had settled down and no longer was tumbling through space as it had since it was given its head because of fuel and surplus water problems aboard.

The steering rockets control the spaceship's attitude—turning it left and right and nose up and nose down, and making it roll.

Control Ready For Splashdown

SPACE CENTER, Houston (UPI)—Mission control Saturday ran its final splashdown figures through computers and deployed its rescue forces for the splashdown of the Gemini 5

astronauts this morning. Goal was a landing in the West Atlantic, near the aircraft carrier Lake Champlain, about 150 miles north of Grand Turk Island in the Bahamas chain and 825 miles southeast of Cape Kennedy. This was recovery area No. 1.

The destroyer DuPont was cruising 620 miles east northeast of Cape Kennedy. This was recovery area No. 2.

The manned spacecraft center was shooting for 121 complete orbits and splashdown at the start of the 122nd, which would mean a recovery by the Champlain.

If it became necessary to cut the flight short by one orbit because of weather or more problems aboard the spacecraft, the DuPont would make the pickup some 500 miles north of the Champlain.

This was the timetable, subject to change, for the 121-orbit mission:

Retro-rockets fired over Hawaii at 8:02 a.m., CST.

Splashdown at 8:30:20 a.m., CST. Should the craft be brought down at the end of the 120th orbit, this would be the timetable:

Retro-rocket fire south of Hawaii at 8:26 a.m., EDT.

Splashdown at 8:55 a.m., EDT. Assuming the flight went the full distance to a 8:30 a.m., CST splashdown, it would pass over these cities on its plunge toward earth: San Diego, Cal.; Yuma, Ariz.; Deming, N.M.; Midland, Tex.; Lake Charles, La., and a point just south of Palm Beach, Fla.

Two fixed-wing aircraft with para-rescue personnel aboard were set to hover over the DuPont's area.

Helicopters from the Lake Champlain could move north to the DuPont area if the decision (See SPLASHDOWN, Page 3)

Hearing Set Next Tuesday

A public hearing on Pampa's 1965-66 budget is scheduled at the regular meeting of the City Commission at 8:30 a.m. Tuesday in City Hall.

The 1965-66 budget calls for approved disbursements of \$1,255,247 compared to \$1,696,983 estimated for the current fiscal year ending Sept. 30. Both figures include principal, interest and handling charge payments on bonded debt.

Approved operating budget expenditures for the coming fiscal year total \$1,477,975 compared to \$1,461,104 for the current year.

This year's budget includes a 5 per cent across the board salary increase for 200 city employees. The salary hike adds approximately \$38,000 to the annual payroll.

At its Tuesday meeting, the commission will canvass the returns of last Tuesday's election when voters approved all seven proposed changes in the city charter.

Commissioners also will be asked to okay the payment of \$283 to clerks and judges who conducted the election.

WINNER OF STATE CONTEST—Gail Donaldson, center, 16-year-old daughter of Dr. and Mrs. Joe Donaldson, was presented a \$25 savings bond by the Knights of Pythias for winning eighth place in the National Highway Poster campaign. She is pictured with J. C. Hopkins, left, 2124 Coffee, local chairman of the Highway Poster Contest, and Mrs. Floyd Sackett, right, 2216 N. Wells, art instructor at Pampa High School, as they look over the bond and the first place ribbon she received from the state. Her poster won first in the local contest in April and went on to the state and national contests.

Pampa School Enrollment Set Wednesday

Pampa public school enrollment for the 1965-66 school year is set for 8:30 a.m. Wednesday.

Superintendent of Schools Jack Edmondson said all students will enroll at 8:45 a.m. and attend classes until 11 a.m. The first full day of school will not be held until Thursday.

Edmondson said buses will run before school Wednesday and make the return trip after school is out at 11 a.m.

Buses will make the regular run Thursday.

The cafeterias will not be open Wednesday, Edmondson said, but will be open at regular times thereafter.

The first holiday will be observed Labor Day, Sept. 6.

Edmondson asked that all first grade students bring their summer-rod up cards and a copy of their birth certificates.

First grade students must be six years of age on or before Sept. 1. Edmondson said to be eligible to start to school.

Boundaries for the junior high schools are as follows: Beginning at the intersection of Kentucky Avenue and the city limits on the west; running east along Kentucky Avenue to Hobart Street; then south along Hobart Street to Coronado Drive; and eastward along Red Deer Creek to Starkweather Street; then south along Starkweather Street to Browning Avenue; and east along Browning Avenue to the city limits on the east.

All 7th, 8th, and 9th grade students living within the city limits and north of this line will attend Robert E. Lee Junior High School.

All 7th, 8th, and 9th grade students living within the city limits and south of the line will attend Pampa Junior High School with the following exceptions: all 8th and 9th grade students who live north of Alcock Street, west of Hobart Street and south of Kentucky Avenue, who had previously attended Robert E. Lee Junior High School may continue to attend Robert E. Lee.

Marine's Artillery Fires on Viet Cong

SAIGON (UPI)—South Vietnamese troops have killed 50 Communist guerrillas in heavy fighting swirling through flooded rice paddies and along canals in the Mekong Delta 100 miles southwest of Saigon, a U.S. military spokesman announced Saturday.

While several government battalions smashed the Communists in the South, U.S. Marines pounded the Viet Cong Communists in artillery and ground action around the big U.S. base at Da Nang, 385 miles northeast of Saigon.

U.S. Marine artillery opened up on a group of red guerrillas when they tried to flee 10 miles southwest of Da Nang. Three Viet Cong were believed killed and two others wounded.

The Leathernecks also killed five Communist guerrillas in action Friday night eight miles southeast of Hue. The Marines engaged the Viet Cong in two other fire fights. The U.S. forces were reported to have suffered light casualties.

U.S. Navy jets from the carrier Coral Sea, in support of the government troops in the Mekong Delta, smashed at a Viet Cong camp 20 miles southwest of the American base at Can Tho, killing 15 Communists.

Eight other planes from U.S. 7th Fleet carriers hit a Viet Cong concentration in Long An province just 15 miles southwest of Saigon.

U.S. Air Force and Navy jets bombed barracks, bridges and a radio station inside North Viet Nam, but the bulk of the day's raids were directed against Communist guerrilla installations inside South Viet Nam.

A U.S. military spokesman said the South Vietnamese troops suffered "moderate" casualties in the fighting against an unknown number of Communist guerrillas.

In addition to the 50 Viet Cong reported killed, a U.S. military spokesman said, four enemy weapons and four Communist suspects were seized.

A U.S. military spokesman disclosed that the destroyer USS Henderson fired more than 105 rounds of five-inch shells onto suspected Viet Cong positions 11 miles northwest of Da Nang Air Base Thursday.

The spokesman said the barrage hit with "highly successful effect."

In the Da Nang area, U.S. Marine Phantom and Skyhawk jets destroyed or damaged 28 Viet Cong structures.

In other air strikes in South Viet Nam, U.S. Air Force, Navy and South Vietnamese planes flew 281 sorties against Viet Cong targets. They dropped an estimated 245 tons of bombs, and destroyed or damaged 291 structures.

Experts Investigate Bomb Site

NATCHEZ, Miss. (UPI)—Two FBI bomb experts arrived here from Washington Saturday to go over the car of Negro leader George Metcalfe, injured Saturday when he turned on the ignition in his booby-trapped auto.

The two special investigators, who refused to give their names or otherwise comment, went directly to the blast scene, where state highway patrolmen stood guard.

Metcalfe's auto, taken to a commercial garage following the explosion, also was under guard.

Metcalfe was reported in good condition at a local hospital Saturday. He suffered a broken arm, a broken ankle and multiple cuts when a powerful blast tipped through his car outside the Armstrong Tire & Rubber Co. plant where he has worked for the past twenty years.

Authorities have refused comment on the amount of explosives contained in the bomb, but the blast was so powerful it blew parts of Metcalfe's car 200 feet, shattered all the windows in the vehicle and damaged four other autos parked nearby.

Metcalfe is head of the local chapter of the National Association for the Advancement of Colored People (NAACP) and has been in the forefront of virtually every integration drive in this river town—regarded as a Ku Klux Klan stronghold.

Negotiators Are Trying To Avert Steel Strike

PITTSBURGH (UPI)—"Both sides ought to give a little because of Viet Nam."

This was the advice of steelworkers Chester Tucek to the steel contract negotiators trying to avert a strike set for midnight Tuesday.

"I don't think President Johnson would permit a strike," Tucek said. "It would be unbelievable."

Tucek, 36, of McKeesport, Pa., is a millwright at U.S. Steel Corp.'s Irvin works. He has three children.

A co-worker echoed his views. "Johnson will make them come to a settlement," said John Piekut, 49, Glassport, Pa., who works the same shift as Tucek.

James Ruggiero, 54, a welder at U.S. Steel's giant Homestead,

Mediators Are Sent to Head Off Strike

JOHNSON CITY, Tex. (UPI)—President Johnson, deeply concerned by the threat of a nationwide steel strike Tuesday, sent two "special mediators" to Pittsburgh Saturday to try heading off a shutdown of that basic industry.

And the Texas White House said Johnson was "in constant contact" with officials in Washington about the stalemated steel negotiations.

Johnson's assignment of Sen. Wayne Morse, D-Ore., and Commerce Undersecretary Leroy Collins as mediators topped off a busy day in which the President also:

Signed into law a \$3 billion federal-aid highway bill, largest single-year authorization in history, which he said would "save time, save money and save the lives of motorists."

If it comes from a hardware store we have it. Lewis Hdwe. Adv.

Pa. works, agreed that the Vietnamese war could not be discounted.

"They (the union) should back down slightly to avoid a strike," Ruggiero said. "In a time like this, with the Viet Nam situation and all, I don't think there should be a steel strike for the matter of a few cents." But he added:

"A strike is like war. No one wants one, but sometimes it is (See STRIKE, Page 3)

Storm Betsy Is Viewed In The Caribbean Sea

SAN JUAN, P.R. (UPI)—Tropical storm Betsy, viewed from aloft by America's space twins, kicked up 45 mile per hour winds in the Caribbean Sea Saturday, but was not expected to interfere with Sunday's landing of the Gemini 5 spacecraft.

Astronauts Gordon Cooper and Charles Conrad observed the storm Saturday morning as they orbited earth and said it had a poorly defined eye.

Betsy, the first tropical disturbance to threaten the Western Hemisphere this season, hit the island of Martinique Saturday morning and moved into the Caribbean Sea.

Miami forecaster Arnold Sugg described the disturbance as "a weak storm with little chance of intensifying significantly."

At midday, Betsy was centered off the southern tip of Martinique Island near latitude 14.4 north, longitude 60.8 west. This was about 575 miles southeast of the Gemini 5 recovery carrier USS Lake Champlain, space officials said.

The storm was moving toward the west-northwest at 17 m.p.h. and was expected to continue on this course through the night.

Weathermen aboard the Lake Champlain said Betsy's top winds were 50 to 65 m.p.h., but at midday the San Juan Weather Bureau listed the highest winds at only 45 m.p.h.

Weathermen and space officials said if Betsy continues on its present course and speed, it would be from 400 to 460 miles from the area where as-

SCHOLARSHIP RECIPIENT—Terri Watson, left, is shown receiving a scholarship certificate from Jack C. Williams, president of the Evening Lions Club. She is one of the recipients of this year's scholarship given by the club. Miss Watson is the daughter of Mr. and Mrs. Wendell Watson, 1100 Terry. The freshman coed plans on attending Texas Tech this fall. The club raises money for the annual scholarship award through the sale of light bulbs. A scholarship also went to Ronnie Choate who is now a junior at West Texas majoring in journalism.

Gray County Agent

Arneal Scott, work unit conservationist, Soil Conservation Service, will be transferring to Abilene, Texas effective September 13, 1965. He will be serving as Work Unit Conservationist in that area which takes in all or parts of four counties.

The Soil Conservation board and certain guest recently made a tour of the County to observe newly installed conservation practices in the County. Farms visited include — The Elmer Balch farm, Mrs. Mary Boston, Stan Friend, R. W. Adams, James C'ett, Truitt Johnson, Milton Carpenter, Drew Word, Leslie Darsey, Johnson Ranch and the Curtis Schaffer farm.

Mrs. Charlotte Luedecke was recently employed as part-time secretary to the Soil Conservation Board.

Nothing definite but an unconfirmed report has it that a survey work party of engineers could arrive in the County about December 1, 1965 to begin surveying proposed earthen structure for some 10 large dams. Three of the lakes would be created above Lake McClellan and seven below the lake. One of the proposed lakes would be located in Carson County in the Groom vicinity. This proposed lake is being considered as a possible water supply source for the City of Groom. Another lake in the McLean vicinity is being considered for Municipal water supply for that city.

Election of a Soil District Supervisor has been scheduled for October 5th for sub division No. 2 Gray County Soil Conservation District.

This sub division takes in the McLean area of the County. The McLean Lions Club is to feature a farmer-rancher day in connection with their regular meeting. Election of a Supervisor will follow.

7.1 per cent of the total work force in the U.S. are engaged in farming. In Russia 36.3 per cent of their total work force is engaged in farming. On 230 million fewer acres in the U.S. the production of food looks like this.

195 million tons of the eight major feed grains are produced in the U.S. while only 91 million in Russia. 4,092 million bushel of corn in U.S. and 386 million in Russia. 699 million bushel of soybeans in U.S. and 10 million in Russia. 15,334 thousand bales of cotton in U.S. and 8,138 thousand in Russia.

Russia out produces the U.S. on wheat production. They produce 1,470 million CWT of potatoes while we produce only 275 million CWT.

Last week we weighed 17 bulls for Emmett Lefors that qualified under the Performance Registry International Weight for Age Program. Applications were mailed to the Denver, Colorado Headquarters. These bulls will be entered in feeding test at Pan Tech, Goodwill, Oklahoma and other locations. Raymond Darsey will also weigh bulls shortly and we will assist him in this project.

Now is an excellent time to get your fertilizer applied for your 1966 wheat crop. A soil test should be made. Most farmers apply from 100 to 150 pounds of nitrogen per acre. Few apply anything other than nitrogen. According to the Bushland Experiment Station this is the only element they have ever re-

ceived an economical response to. What about all the different sources of nitrogen? Or a long list of nitrogen fertilizers tested at Bushland there was no difference in the response per pound of nitrogen. This included dry pelleted fertilizers, liquids and anhydrous ammonia. There conclusion was that a 100 pounds of actual nitrogen was as good from ammonium sulphate (20.5 per cent nitrogen) as from 100 pounds of nitrogen from anhydrous ammonia (82 percent nitrogen). The moral to this story is choose that source of nitrogen that cost the least per pound of nitrogen. Yields were not increased by the addition of nitrogen to dryland according to a three years study at Bushland.

Gray County SCD News

By VAN MILLS
Conservationist

Wiley Reynolds has completed 60 acres of graded borders on his irrigated farm north of Pampa. Wiley is in the process of seeding these borders with Alfalfa Elmer Balch has about 20 acres of irrigated switchgrass he plans to harvest for seed. Harry Youngblood has 10 acres of irrigated sideoats grama he plans to harvest for seed. There is a good chance that grass seed will be a good price in 1966.

Surveys of the extent of invasion of Texas grasslands by brush made by the Soil Conservation service in 1948 and 1963 show that this problem is increasing. Over 82 percent of Texas' 107 million acres of grazingland has a significant brush problem. This means 77 million acres are infested with brush. Fifty-four million acres, or 50 percent, are so densely covered and the grass so suppressed that little improvement can be expected without reduction of the brush competition. In the 15 years between the two surveys, mesquite infestation increased by 1 1/4 million acres and cedars invaded on additional 3 1/2 million acres.

This increase in brush occurred in spite of the fact that some form of brush control was carried out in the 45 years on an estimated 35 million acres. Much of this work has been successful. A high percent of it is not now effective due to lack of maintenance or inadequate control methods. Adequate control methods are now available for many species and conditions. It will always be matter of controlling brush rather than eradicating it on most rangeland.

Cattle on Feed Are Increasing

Recent reports show that United States cattlemen have substantially increased numbers of cattle on feed.

Ed Uvacek, livestock marketing specialist and assistant professor in the Texas A&M University Agricultural Economics and Sociology Department, says the U. S. total on July 1 was 7,531,000 head and 354,000 head in Texas.

This is a 19 percent rise above year earlier levels in Texas. The north central states are up 5 percent, and the 32 cattle-state total is higher by 9 percent.

Conservation District News

By FELIX RYALS
District Manager

With the growing water shortage from underground sources held out before us constantly it is not surprising that Texans have faced up to the situation and started to look for other sources.

To people, who have lived for a great number of years in sight of the Mississippi River with its constant flowing water and the rainfall 60 to 70 inches, the problem becomes one of how to get rid of too much water.

Western Texas has a large number of rivers — mostly the dry kind — that are receiving increased attention.

Although rains are scarce in West Texas the Sanford Dam on the Canadian River has convinced most everyone that lakes can be filled behind dams. Lake Meredith which was formed by the dam has already grown into a huge lake.

There are periods of time when West Texas does get more rain than it needs. Normally dry stream beds become roaring torrents and the water is gone and the stream is again dry. A greatly expanded program of dams is in the making throughout the state.

The North Fork of the Red River, which starts southeast of Pampa in Gray County, is an example of a stream that could provide a very large water supply as well as recreational diversion for this area.

The Soil Conservation Districts have carried on, for a number of years, a very fine program assisting farmers in building small dams.

The State of Texas regulates the size of dams that may be built. Article 7520 makes it a misdemeanor subject to fine or imprisonment for any person to willfully take, divert, or appropriate any of the water of the State of Texas, or use such water for any purpose without first obtaining a permit from the Texas Water Commission to appropriate such water. There is an exception to his law which permits a person to construct on his own property a dam or reservoir impounding not more than 200 acre-feet of water, provided that such water is used only for domestic and livestock purposes. Anyone deciding to construct a dam on his land can receive some excellent help and advice from the local Soil Conservation District.

A local farmer desiring to build a dam should be sure that the dam will not be too large in order that the 200 acre foot law not be violated.

A neighbor's fuss on the San Marco River in Gonzales County was taken under study by the Texas Water Commission. One farmer claimed 15 acres of his land was flooded by a levee built on the river by one of his neighbors.

On September 1st, the Texas Water Commission officially becomes the Texas Water Rights Commission. The new Texas Water Rights Commission will be housed on the 7th floor and part of the 4th floor of the Sam Houston Building.

are for slightly later marketings from feedlots.

A time-on-feed breakdown shows considerable more lighter animals this quarter in the nation. This, Uvacek added, will probably result in increased marketings for the October-December quarter.

Marketing intentions in Texas from July 1 to Sept. 30 are reported to be 260,000 head, or about 25 percent more compared to the same period a year ago.

SCS Sets Watershed Program

The Golden Spread Chapter of the Soil Conservation Society of America plans to conduct a Program and Tour, September 3, 1965, at Miami, Texas. The Program will start at 10:00 a. m. in Ferg's Cafe.

The Program and Tour will feature organization and development of a Watershed Program. Curtis Schaffer, Gray County Soil Conservation District Supervisor, will discuss the local sponsor's responsibilities in securing land rights, and easements and their responsibilities in operating and maintaining the flood prevention structures after construction.

Lunch will be served at Ferg's Cafe. The Tour will begin at 1:00 p.m. through the Washita Watershed area. Three flood prevention structures will be visited to show different methods of vegetation establishment, and multiple use of watershed structures: on the French Arington; Mrs. Marion Robertson; and Milton Finsterwald farms and ranches. If time per-

mits the group will observe Shinnery Oak brush control and a drop structure as a part of the land treatment in a watershed area.

Farmers, ranchers, agency representatives and anyone interested in agriculture are invited to attend this Program and Tour.

The Soil Conservation Society of America is an organization of professional and practical conservationist devoted to the conservation of our natural resources. The Society needs new members and will welcome all people interested in agriculture.

The South American bellbird sings one repeated note which can be heard about a mile away.

Fertilizing School Scheduled

"Education to the proper safety procedures in application and handling of anhydrous, liquid, and dry fertilizer" is the subject to be covered in the first Texas Fertilizer Association effort to subdue unnecessary accidents. The Association will hold a meeting in Plainview, Texas, on August 25, at the Alcovoe Restaurant. The registration will begin at 8 a. m. and everyone who comes in contact with any type of fertilizer is urged to attend.

The program will include Zenas Beers, a speaker from the Anhydrous Ammonia Institute in Memphis, Tennessee. The school, however, will cover most areas of recommended safety precautions in the fertilizer industry. George Bragg, Jr., immediate past president of the Texas Fertilizer Association, will discuss both liquid and dry

dry fertilizer safety procedures. Bragg is a fertilizer dealer in Muleshoe, Texas.

The Safety School will begin at 9 a. m. and will include assorted slide illustrations, recorded tapes, general discussion, and live speakers. At noon, the program will adjourn for lunch, and will reconvene at 1 p. m. to continue the instruction. Specific questions will be answered concerning safe handling and application in the various phases of anhydrous, liquid, and dry fertilizer.

Registration fee for the Texas Fertilizer Association Safety School is \$4.00 per person, which includes the noon meal. Similar meetings held last winter in the states of Iowa and Illinois, were made compulsory to employees of some companies because it benefited the industry through fewer accidents.

Optimist Club to Hear Former Aide to Castro

Major Pedro Lanz, former head of the Cuban Air Force under Fidel Castro, is scheduled to address members of the Pampa Optimist Club tomorrow night during their regular weekly meeting.

Members of the club have invited the public to attend the meeting and hear the noted speaker on the subject of Communism.

The club will meet at 6:30 p.m. in Jim's Steak House.

Major Lanz resigned as commander-in-chief of the Cuban Air Force under Fidel Castro. He denounced Castro as a Communist.

PEDRO H. LANZ to speak here

LET'S KEEP PAMPA THE FRIENDLIEST CITY IN TEXAS

I vote for the following for the awards:

"Friendliest, Most Courteous" WOMAN EMPLOYEE — Name _____

Place of Business _____

"Friendliest, Most Courteous" MAN EMPLOYEE — Name _____

Place of Business _____

Clip out, fill in, and please mail the above to "Friendliest, Most Courteous" Employee Awards, at The Pampa Daily News, Pampa, Texas, or deposit in any one of the 4 ballot boxes located at Citizens Bank & Trust Co., First National Bank, Pampa Chamber of Commerce or The Pampa Daily News. Voting ends on Friday, September 17. Announcement will be made in The News late in September. Store owners or managers are not eligible. Vote as often as you wish; use only the award voting ballot which will be published daily in The News.

Miss Guthrie Is Awarded

Ruth Anne Guthrie, 1340 Christine, has been awarded a Christian Service Grant-in-Aid at Texas Christian University for the 1958-59 academic year.

Announcement of the award was made by Logan Ware, director of scholarships and student financial aid.

Scholarships, grants and awards, made on the basis of financial need and academic excellence of the student, vary in amount from \$100 to full tuition.

Ruth Anne, a 1962 graduate of Pampa High School, is the daughter of Mr. and Mrs. Paul Guthrie.

Dr. C. R. Newberry Completes Course

Dr. (Captain) Charles R. Newberry, son of Mr. and Mrs. George H. Newberry, 1312 Terrace, has completed the orientation course for officers of the U.S. Air Force Medical Service at Gunter AFB, Ala.

Captain Newberry is being assigned to the professional staff at Maxwell AFB, Ala.

A graduate of Pampa High School, Newberry attended the University of Texas Dental Branch in Houston.

Power Failure Affects Pampans

Residents in the east section of Pampa were without power for about one hour early Saturday morning, but not many knew it.

A power failure at 12:20 a.m. knocked out all electricity until about 1:20 a.m.

Many persons who had electric alarm clocks found it an hour later than they thought when they awoke this morning.

Southwestern Public Service Company officials said the power failure was caused by a circuit breaker.

Organizational Meet Set for Cubs

Cub Scout Pack 4 sponsored by the First Christian Church will hold their first meeting of the year on Thursday, Sept. 2, at 7:30 p.m. in the First Christian Church basement. This will be an organizational meeting to "kick off" the fall program.

All boys ages 8 to 11 are eligible to join the Cub program. All interested boys and parents are invited to attend.

Obituaries

Earnest Prentiss Jones

Funeral services for Earnest Prentiss Jones, 71, of Groom, will be held at 10:30 a.m. Monday in the Groom Church of Christ with Bill Blackstone, minister officiating. Burial, under the direction of Carmichael-Whitely Funeral Directors, will be at 2 p.m. in Butler, Okla. Cemetery by the side of his wife, Mrs. Mamie Jones, who preceded him in death in 1961.

Mr. Jones was born April 2, 1894, in Grandbury. He died early Friday morning at his home in Groom.

Mr. Jones had been a resident of Groom for 12 years, moving there from Butler, Okla. He was a member of the Groom Church of Christ and was a retired carpenter.

Survivors include two sons, Robert R. Jones of Pampa and Charles M. Jones of Fort Worth; four daughters, Mrs. Dorothy Tunell of San Gabriel, Calif., Mrs. Evelyn Wofford of Tucson, Ariz., Mrs. C. E. Sweeney of Fort Worth and Miss Arleta Jones of the home; one step-son, Lewis Childress of Burbank, Calif.; two step-daughters, Mrs. G. O. Doughty of Purcell, Okla., and Mrs. Hank Potts of Burbank, Calif.; two sisters, Mrs. J. D. McDonald of Butler, Okla., and Mrs. Ella Cooper of Shawnee, Okla.; one brother, Howell Jones of Stockton, Calif.; 15 grandchildren and several great-grandchildren.

Pallbearers will be Kenneth Black, Raphael Britten, Joe Blakney, Max Wade, John Reed, Ernest Jones, Billy Jones and Ben Mahaney.

Honorary pallbearers will be Kenneth Hunt, Roy Clark, R. B. Thornton, H. A. Neal, O. P. Blackwell, G. E. Lingo and Henry Merrick.

Mrs. Joe Bunch
Funeral arrangements are pending for Mrs. Joe Bunch, 81, who died at her home at 609 N. Cuyler, Friday night.

Born in Knox City, she moved to Lefors from Amarillo in 1934. She moved to Pampa in 1941. Her husband preceded her in death in 1947.

Mrs. Bunch was a member of the Central Church of Christ.

Survivors include one son, George T. Bunch of Pampa; three daughters, Mrs. Vivian Brissette of Detroit, Mich., Mrs. May Vincent of San Diego, Calif., and Mrs. Stella Shelton of Stinnett; three grandchildren and six great grandchildren.

Splashdown

(Continued From Page 1)
for an earlier splashdown were made in time.

Officials stressed that the DuPont, while not as well fitted out as a carrier, had medical personnel aboard for the astronauts.

The Champlain makes about 20 knots (23 miles per hour) under ordinary conditions. It can speed up to 25 knots (29 mph).

Tropical storm Betsy was to the southeast, Sunday, the splashdown area where the Champlain was stationed.

It was about 1,000 miles south of where the DuPont was stationed.

In the primary recovery area where the Champlain waited, winds of between 16 and 20 miles per hour were forecast. Waves would be from 4 to 6 feet high.

GIRL SHOTS FATHER
FORT WORTH (UPI)—Rufino Rodriguez, 37, was shot to death Wednesday night by his 19-year-old daughter, Judy, who told police her father was choking her mother. The girl said: "I thought he was really going to kill her. There was nobody to run to... nobody to help."

SALE ENDS SATURDAY HURRY

Reports Said Not Authentic

WASHINGTON (UPI) — The White House said today it knew of no "authenticity" for reports President Johnson might erase restrictions that are preventing U.S. wheat sales to Russia and other Communist nations.

Congressional sources said Thursday night the President was expected to lift the restrictions that require half of all U.S. wheat sold to Communist nations to be shipped in American-flag vessels. Since this doubles the price, Russia isn't buying U.S. wheat.

White House Press Secretary Bill D. Moyers was asked today about authenticity to those reports.

Moyers said, however, "This has been a matter of continuing review."

Rep. Paul Findley, R-Ill., who has led a House fight to block wheat sales to the Communist bloc, also sent Johnson a telegram protesting any reversal of policy.

"For the sake of American boys fighting and dying in South Viet Nam I implore you to block the sale of U.S. wheat to Russia or any other Communist

Red Cross News

By BOB REGAN

The much requested and very popular "Mother and Baby Care" course will begin in the Red Cross office on Sept. 13th. Mrs. Forrest Hills, our instructor, combines both practical experience and her professional training as a Registered Nurse to make this one of the finest classes of its kind in our area.

There is no charge for this training and all young couples anxiously awaiting their first blessed event should plan to attend. If interested, call Mrs. Shotwell at the Red Cross office and check on the exact time while registering.

Under the capable monitoring of Don Klepper, Red Dennis has completed his 50-mile swim. Not an easy feat: congratulations, Reid. As many of you know, the Dennises are moving to Midland. Now that you have completed your Junior Red Cross life saving course under Pete Erwin at the Youth Center, we sincerely hope that you continue

government," Findley told Johnson.

to advance in the Red Cross swim program, Reid.

Allen Doucette, son of Mr. and Mrs. Albert Doucette, was by our office last week Allen is working on his God and Country Award for Boy Scouts. To work with our young boys and girls in the Scouting program is a very gratifying experience.

Soaking of Scouting, Troop 54 of the Girl Scouts, with Mrs. Raymond Laycock as their leader, has offered to help make the much needed ditty bags for the servicemen in Vietnam.

Your local Red Cross office furnished the material, and this fine group of young ladies furnished the labor.

Other groups are needed to assist this office in making these much-needed ditty bags.

A revised 14-minute 16 MM color motion picture "Operation Cue" is now available for public showing.

The 1964 revisions comprise: (1) A change of title, from FCD-A to OCD; (2) A new music score; and (3) A new opening sequence, which emphasizes the vast difference between today's thermonuclear weapons and the low-held atomic devices used in the 1955 Nevada tests.

The film then continues as a documentary report on the "Operation Cue" exercise of 1955, as told by a newspaperwoman who was present as an observer, and who followed the test from the preparatory stages through the day following the shot. The picture features unusual slow-motion photography showing the effects of blast and fire on houses, radio towers, etc.

Prints are available on loan from the Army Audio-Visual Communication Centers. Refer to title and number - DOD CD 20-232, when ordering.

RUSSIAN DEBUT
YONKERS, N.Y. (UPI)—Women drivers are a familiar sight on American roads—but not on America's harness racing circuit.

Nevertheless, a 30-year-old Soviet woman harness race driver, Maria Alexandrova Burdova, will make her American debut at Yonkers Raceway in the 1 1/2 mile, \$100,000 United Nations Trot, Sept. 16. She will drive American-bred Apex Hanover.

Population Explosion Will Be Curbed

GENEVA (UPI)—The world's population explosion will probably be curbed within the next 20 years, a leading birth control expert said Friday.

Dr. Frank W. Notestein, president of the Population Council, predicted a population growth rate of 1 to 1.5 per cent annually in developing countries which now have rates of as high as 4 per cent.

Notestein summed up the first international conference on family planning programs which ended a five-day meeting Friday. The conference was attended by 200 leading doctors, social scientists and public health officials.

"Within two decades the major problems of overriding population growth may well be on the way to solution," Notestein said.

He said the growing use of birth control methods to attack the population explosion results from the problems of planning schools and cities and from "mothers whose health has been impaired by excessive child-bearing or whose lives are jeopardized by crude abortions."

Communists Claim Victory

TOKYO (UPI) — Communist North Viet Nam claimed today guerrilla forces scored a "big victory" over U.S. Marines last week in the battle near Chu Lai.

The report differed sharply with the official account issued by American spokesman who said 599 guerrillas were killed in what was described as the most successful American operation of the war.

Today's Communist account was broadcast by the Communist Chinese New China News Agency, quoting Nhan Dan, the official North Vietnamese government newspaper.

The broadcast said guerrillas "put out of action four U. S. Marine companies composed of more than 510 men, destroyed 22 tanks and armored amphibious cars and shot down 13 U.S. aircraft."

Graduate Sets Ideas to Work

By RAY RODGERS Jr.

Through the work of a 17-year-old Pampa High School graduate, Pampa as a community is taking its first step toward combatting juvenile delinquency.

Pat Ludeman recently attended the third annual Attorney General's Youth Conference as the delegate from Pampa.

Upon returning to the city, last week, she promptly set into motion ideas and suggestions she learned at the conference.

Pat was one of 1,700 delegates from over Texas who attended the three-day conference in Austin.

Started three-years ago by Waggoner Carr, the conference has drawn national attention. Its purpose is to serve as a clearing house of ideas from each of the delegates for combatting the juvenile crime rate in Texas.

Pat has already begun plans for putting at least two suggestions at work in Pampa.

The first is establishment of a teenage traffic court in Pampa. Pat said she learned of this system from several of the delegates who attended the conference, from Houston.

In one city where the program had been tried, Pat said, automobile accidents and violations among youth dropped 40 per cent.

A public meeting has been called for 7:30 p.m. Tuesday in the First Presbyterian Church for the purpose of organizing the teenage traffic court. Pat, who has the backing of Corporation Court Judge John Warner, said several clubs and organizations have been invited to attend the meeting.

"If we get a favorable reaction we intend to initiate the court," Pat said.

The second idea concerns the establishing of study centers at churches or suitable buildings in Pampa.

These centers would be open for students to come to during the evening and study or receive advice or help in work.

Teachers would volunteer to work at the centers and help students.

"They could well prevent some drop-outs," Pat said, "because so many dropouts are caused by kids losing interest or getting behind in school."

Pampa could not have had a finer delegate to the conference than Pat Ludeman.

While many delegates would return home with ideas that are never put to practice, Pat returned with plans to put hers to work.

During her senior year at Pampa High School, Pat served as editor of the school newspaper, Little Harvester. While editor, the newspaper was chosen by the Texas High School Press Association as the best in the state.

In 1964-65, she was listed in the top ten students scholastically; a member of the National Honor Society, Quill and Scroll, and was a delegate to Girls State.

She was chosen "Miss Howdy" and "Miss FTA" and the recipient of the Daughters of the American Revolution award. She was also a member of the Thespians and president of the Texas High School Press Association.

This fall she plans to enroll in the University of Texas.

Trousseau
Our word "Trousseau" originated from the word "trussee," which referred to all the worldly goods a bride brought to her husband as a dowry or gift.

IS YOUR DIETING TOO FAST TO BE SAFE?

Losing weight too quickly can be harmful. It can lead to ulceration of the stomach and development of gall stones within a short time. There are other possible complications, particularly if you do not exercise while dieting.

If you are overweight you will be healthier if you reduce. But, you would be wise to consult your physician at least once before dieting to get his professional protective advice.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Oil News

58TH YEAR THE PAMPA DAILY NEWS SUNDAY, AUGUST 29, 1965

\$45.5 Million In Oil And Gas Is Marketed

Gray County's producers and royalty owners are marketing some \$45.5 million in crude oil and natural gas a year, according to statistics released by Texas Mid-Continent Oil & Gas Association this week.

Ranking 23rd among Texas' oil and gas producing counties, Gray County in 1963 received some \$34.9 million from well head sales of oil and an estimated \$10.6 million from natural gas, 84.8 billion cubic feet. Farmers, ranchers and other mineral owners share in a \$5.7 million distribution of oil and gas royalty payments annually. The Association based its annual study of this county's oil and gas output on statistics compiled by the U. S. Bureau of Mines for 1963. Production data for 1964 would be approximately the same. Statewide, Texas oil and gas wells produced an estimated \$3.6 billion in income: \$2.9 billion from oil, \$730 million from gas. Data from the Texas Employment Commission indicate direct employment in oil and gas industry jobs from more than 2,210 Gray County citizens with a payroll of approximately \$14.7 million a year. Because oil operations require such a large number of service contractors

and supply firms, which are not included in this figure, direct employment figures are only part of the story of local economic impact. An important indicator of activity is the amount expended on drilling of wildcat wells seeking new fields and those wells drilled to develop fields already located. The Association estimates that in 1964 approximately \$4.3 million was risked by Texas oil and gas operators on drilling ventures in Gray County. About 9 per cent of this expenditure, or \$383,000, went into dry holes. A tabulation by the Oil and Gas Journal shows 115 wells were drilled in the county in 1964: 101 oil, 4 gas and 10 dry holes. A total of 346,000 feet of hole were drilled - all for development wells.

In addition to local school and county property taxes by oil and gas operators, taxes on production from Gray County flowed into the State Treasury at the rate of about \$2.3 million a year. An upgrading of the county's gross economic output is contributed by the operation of 6 plants which can process some 266 million cubic feet of natural gas a day to remove liquids such as butane and propane.

Changes in Key Personnel Are Announced by Texaco

J. H. Markley, division manager of Texaco's Midland Division, has announced a number of changes in assignments affecting key personnel in that company's Midland Division. T. P. (Red) Drew has been placed on a special assignment in the division office, effective August 1, 1965. Drew has been district superintendent of Texaco's Midland District since March 1, 1948, and he is now completing his forty-fifth year of service with Texaco. Drew will remain in Midland while carrying out his divisional special assignment. Effective, Aug. 1, 1965, W. B. (Bill) Hubbard, former District Superintendent, Hobbs District, has been transferred as district superintendent of Texaco's Midland District, replacing Drew. Hubbard, a petroleum engineering graduate of Texas A & M, entered Texaco service as a rotary rig helper in Pierce, in 1939. After various assignments, he was transferred to Columbia, South America, as a petroleum engineer. By Jan. 1, 1952, he had advanced to the position of Assistant Manager of Operations in Columbia. On Feb. 1, 1965, he returned to the Domestic Producing Department and was assigned to the Midland District. On May 1, 1961, he was promoted to district superintendent of the Hobbs District, which position he has held until his current transfer to district superintendent of the Midland District. Hubbard will be replaced as district superintendent by Mr. H. D. Raymond, who has been serving as Hubbard's assistant since Jan. 1963. Raymond entered Texaco service in February, 1949, in its Petroleum Engineering Department, Oklahoma Division. He is a graduate of the University of Kansas, having a Petroleum Engineering degree. On Dec. 1, 1953, he was promoted to production foreman and served in that capacity on various assignments in Texaco's Oklahoma and Kansas areas. He was later promoted to Field Foreman on Jan. 1, 1960. He was promoted and transferred to Hobbs as an assistant district superintendent Jan. 1, 1963, and has remained in that position until his promotion to district superintendent, effective August 1, 1965. J. C. Josefy, formerly district petroleum engineer, Texaco's Midland District, has been promoted to assistant district superintendent, Midland District, effective Aug. 1, 1965. Josefy, a petroleum engineering graduate of the University of Oklahoma, entered Texaco service as a roustabout in the Jal Area on April 1, 1945. He served in various capacities in the Petroleum Engineering Department of the Midland Division until July 1, 1963, at which time he was promoted to district petroleum engineer, Midland District. Jack M. Dennis, district petroleum engineer of Texaco's Pampa District, has been promoted to district petroleum engineer, Midland District. Dennis is a 1952 graduate of Louisiana State University with a Petroleum Engineering degree. He entered Texaco service March 13, 1965. His first assignment was in Gainesville as a junior petroleum engineer. He advanced in several assignments until Oct. 1, 1963, when he was named district petroleum engineer of the Pampa District. His promotion and transfer to the Midland District Petroleum Engineering assignment is effective Sept. 1, 1965. Charles R. Killens has been named to succeed Mr. Dennis as District Petroleum Engineer, Pampa. Killens graduated from the University of Oklahoma in 1950 as a petroleum engineer. He entered company service in February, 1954, at Odessa, as a junior field engineer. He received subsequent promotions, and on Aug. 1, 1958, he was transferred to Midland, and promoted to division reservoir engineer, effective July 1, 1961. His promotion and transfer to Pampa as district petroleum engineer becomes effective Sept. 1, 1965.

Pipeline Learns That Construction Okayed

Natural Gas Pipeline Company of America has received Federal Power Commission approval to begin construction on additional 1965 system expansion - part of the second largest program in the Company's history. G. P. Garver, president of the gas transmission firm, said that the Aug. 24 order gives NGPL permission to increase its daily sales volume by an additional 105 million cubic feet of natural gas. This program along with another expansion - approved Aug. 13 for 244 million cubic feet daily - raises the Company's peak day deliverability to 3 billion 317 million cubic feet of gas for the 1965-66 heating season. Plans for the latest project include construction of 115 miles of 30-inch and 35 miles of 24-inch pipeline partially looping segments of the Company's existing facilities in Illinois, Arkansas, and Texas, and addition of 23,300 compressor horsepower at existing stations in Illinois, Missouri, Arkansas, and Texas. As part of the project approved Aug. 13, NGPL will construct 206 miles of pipeline, add 51,000 compressor horsepower and increase its underground storage facilities. Construction on portions of this project are underway. Both programs are expected to be completed by December in time to meet the additional market demands of the Company's distributor-customers. Cost of the two projects is estimated at about \$61 million.

Gas Industry to Spend Billions For Construction in Next 4 Years

The nation's gas industry will spend a record \$7.5 billion on construction in the next four years, according to an announcement by Guy W. Wadsworth, Jr., president of the American Gas Association. "Just in this year of 1965, gas utilities and pipeline companies throughout the United States expect to spend a new high of \$1.9 billion," he said in announcing the results of a survey conducted by A. G. A.'s Bureau of Statistics. "This accelerated gas industry construction program is needed," Mr. Wadsworth declared, "not only to expand existing facilities to better serve the country's 36 million gas customers, but to meet the continually growing energy requirements of the nation." The A. G. A. president, who also is president of Southern Counties Gas Co. of Los Angeles, said that a substantial part of the large outlays will be spent in extending mains to new areas, permitting previously unserved consumers to avail themselves of natural gas service for the first time. The survey showed that total plant value of the nation's sixth largest industry climbed to \$27.4 billion in 1964, when construction expenditures reached \$1,701 million. The new total plant value compares to \$25.9 billion at the end of 1963. According to the survey, the companies expect to obtain 50.3 per cent of the funds for the four-year building program from internal sources and 44.4 per cent will be obtained from the sale of bonds and debentures. The additional 5.3 per cent will come from common and preferred stock. The proportions may change, depending upon prevailing market conditions. It is expected that the industry will spend \$1,979,000,000 next year (1966), \$1,847,000,000 in 1967 and \$1,801,000,000 in 1968 with the total four year expenditure reaching \$7,540,000,000. From 1961 to 1964, the gas industry spent \$6.6 billion on construction. Distribution companies which directly supply the consumer, plan to spend a record \$809,000,000 this year, and a total of \$3.2 billion during the four year period. The latter figure is 10 per cent higher than the amount spent from 1961 to 1964. Expenditures for new transmission facilities, which carry natural gas through a network of pipelines from production sources to gas distribution systems, will total \$688,000,000 this year. During the next four years outlays will total \$2.9 billion, which is \$513,000,000 more than was spent during the 1961-1964 period. A large part of the new expenditures will be invested in main line loop and parallel lines to enable pipeline companies to supply additional gas to existing markets. Construction spending on compressor stations and equipment, the pumps necessary to propel gas through thousands of miles of pipeline, will total \$136,000,000 this year. In the four-year period covered by the survey, the industry expects to spend \$537,000,000 to further increase the installed compressor horsepower needed to transport gas from the source to the marketplace. Outlays for underground storage of natural gas will reach \$121,000,000 this year, in the next four years they will total \$439,000,000 compared with \$298,000,000 in 1961-1964. Expenditures for production and local storage are expected to total \$191 million this year, with the four-year 1965-1968 outlays totaling \$648 million. This compares with expenditures of \$607 million in the 1961-1964 period.

Two Compressor Stations Set For Cities Service

OKLAHOMA CITY, Okla. - Cities Service Gas Company will begin immediate construction of two compressor stations and their facilities in northern Oklahoma at an estimated cost of \$2,330,000, to handle a large new supply of gas, it was announced today by Kirby E. Crenshaw, president of the company. The new facilities will enable the gas transmission company to purchase up to 100 million cubic feet of natural gas per day from Transwestern Pipeline Co., he said. "This project will provide substantial gas reserves for the company in a new area with the potential of a much greater future supply," Crenshaw said. "The quantity of gas involved in this contract will do much to alleviate the expected demand on the company's system in northern Oklahoma, central and eastern Kansas, and western Missouri, during the winter of 1965-66 and in the future. "This gas supply from Transwestern, together with the proposed purchase of similar quantities from Arkansas-Louisiana Gas Company which is still awaiting FPC approval, will enable the company to meet the rapidly increasing demand for natural gas from both residential consumers and industries in a five-state area," he said. "In order to make certain that our system can meet the peak demand for gas next winter, these facilities must be completed and deliveries begun by the end of this year. We expect to meet that schedule." Cities Service received temporary authorization for the construction from the Federal Power Commission today, and will award construction contracts

William Sims Will Retire

William Sims, who has completed 43 years of service with Texaco Inc., will retire from the Midland Division of the Domestic Producing Department (East) of Texaco at Lefors Area effective Sept. 1, it was announced by M. J. Kiheman, district superintendent. Sims was born in Oklahoma Indian Territory in what is now Delaware County, Okla. He first entered service with Texaco at Drumwright, Okla., in September of 1919 as a roustabout. He re-entered Texaco's service for two years in 1922 and again in June, 1928. Since that time he has served as a pumper in the Pampa District. Mr. and Mrs. Sims live at 1225 Farley St., but upon his retirement will make their home in Forsythe, Mo. They have four sons: Howard, William and Wayne of Pampa, and Harold of Lefors. Sims was honored by his fellow employees at a barbecue chicken dinner on Aug. 21. The party jointly honored J. W. Ellington, who elected early retirement after 32 years' service with Texaco.

beginning next week. One compressor station will be built near Buffalo, Okla., at a cost of \$1,163,000, and the other near Wicketta, Okla., at a cost of \$1,150,000. Each station will be equipped with two 2,000-horsepower compressor engines designed to move the additional volumes of natural gas through Cities Service's 26-inch pipeline eastward to Blackwell, Okla. Sites for the compressor stations have been selected and equipment is being ordered.

READY FOR 1965 — These three members of the Wheeler Mustangs are ready for the 1965 football season. Wheeler has been picked to win District 5-B for the second year in a row. Hoping to help the Mustangs are left to right, Tom Smith, a 140-pound half-back who started part-time last year; quarterback Mike Goad, a three-year letterman and John McLaughlin, a senior, who will be playing his first time at Wheeler.

4 TOT ENTRANTS JOIN PROS, WALKER CUP

Top Amateur to Play In Top O' Texas Tourney

Four players have withdrawn and two new names have been added to the list of entrants in the 28th Annual Top O' Texas Golf Tournament.

Texas Amateur champ Randy Petri and Rives McBee of Garland have both turned professional, thus eliminating the two.

Two others, Oklahoma State hotshot, Dave Eichleberger, considered one of the top contenders for the title and Mark Hopkins, the Trans-Miss. champ in 1964, have been named to the Walker Cup team.

But one of the hottest amateur golfers in the country today, George Boutell of Tucson, Ariz., will play in the tournament, along with Jerry Potter, who finished third in the eastern amateur. Potter is from Miami, Fla.

Boutell won the eastern Trans-Miss. this year and finished second in the western.

The tournament, scheduled Sept. 4-5-6, will feature 72 holes of medal play for championship flight contestants with other flights, 10 of 'em, playing match play until the final round, which will be medal play for the four finalists.

All contestants who birdie a hole will be given a golf ball and a ham is in store for any golfer who eagles No. 18.

Any golfer lucky enough to shot a hole-in-one on No. 7 has a new car waiting.

For \$5 anyone will be given a badge entitling that person to all privileges at the country club, this includes dancing and drawing on a vacation, just to name a few.

Two former medalists are expected back for this year's affair.

Jim Chew of Kansas, the 1964 medalist, with a 66 and Amarillo's John Farouhar, an ex-TOT champ and 1963 medalist with a 65, are tournament entrants.

A practice round has been scheduled on Sept. 3. Tee off time each day has been set at 7 a. m.

Olympic Committee May Get Track Feud

WASHINGTON (UPI)—There were strong indications today the long-fought dispute between the Amateur Athletic Union (AAU) and the National Collegiate Athletic Association (NCAA) would be dumped in the lap of the U. S. Olympic Committee.

The feuding groups have agreed to make one last attempt to work out their differences without the aid of the Senate Commerce Committee, which Friday ended a series of hearings into the quarrel.

But spokesmen for both organizations were pessimistic that the about chances of a settlement before the committee meets the next Wednesday to draft its recommendation for a solution.

Although committee Chairman Warren G. Magnuson, D-Wash., won from both groups on the opening day of the hearings an agreement in principle to a moratorium, the agreement was shaky even as the hearings ended.

At one point it appeared the two groups had agreed to jointly sanction a track meet sponsored by the Junior Chamber of Commerce in Santa Monica, Calif.

But Magnuson read a telegram at the hearings Friday in which it was revealed that the AAU refused to sanction before the committee meets the next Wednesday to draft its recommendation for a solution.

Grid Rallies Set for PHS Footballers

Two football rallies, one Sept. 8 and the other, Sept. 15, are planned to honor the Pampa Harvesters, their coaches, cheerleaders and the Pep Band.

The Pampa Jaycees are planning the rallies, starting at 8 p. m. and lasting until 10 p. m. each date.

All players, coaches, cheerleaders and the band, will be introduced from 8-9 p. m. and a teen dance will be held from 9-10 p. m.

The first rally will be held in Coronado Center and the second in downtown Pampa on Cuyler street.

Plans are also being made to charter a bus for the Harvesters opening game with Perryton, Sept. 10.

Dr. Joe Donaldson will be master of ceremonies at both events and the Jaycees and Jayceettes will chaperon both rallies.

STAR ROOKIE

NEW YORK (UPI)—Rookie guard Howie Komives of the New York Knickerbockers was the only first-year player in the National Basketball Association to finish among the top 10 in the free throw category during the 1964-1965 season. Komives was third with an .835 percentage.

GREAT GROZA

Cleveland (UPI)—Lou Groza of the Cleveland Browns is the all-time leading scorer in the National Football League with 1,102 points on 502 extra points, 198 field goals and one touchdown in 14 seasons.

Eight Starters Missing From '64 Mustang Championship Club

By RON CROSS News Sports Editor

WHEELER (Sp.) — Wheeler will be pushed to duplicate their feat of 1964 when they ran roughshod over 12 foes, allowing only one touchdown in six district games.

The Mustangs are blessed with 17 returning lettermen, but have only three starters and one part-time starter returning to the fold.

Also looming as a key factor is how fast coach J. T. Hill can recover from an emergency operation, that occurred a few days after the Mustangs opened practice.

But coach Hill has more than able assistants and the Mustangs have been working hard in practice.

Hill lost eight starters and 10 players in all from a team that compiled a two-year record of 22-1.

The Mustangs will be 20 pounds lighter in the line this year and about 15-pounds lighter in the backfield.

Hill has two backfield and two linemen among his returnees.

In the backfield Hill has Tom Smith, a part-time starter from last year. Smith is a 140-pound senior halfback with two letters. Bobby Vanpool, a 135-pound junior halfback with three letters is the other veteran among the backfield corps.

The two linemen back are three-year letterman Danny Dorman, a 190-pound tackle and Villard Hunter, a 165-pound junior end.

Hill will fill some shoes with 12 lettermen, four of whom have lettered three years, six with two letters and three one-year lettermen.

Wheeler Picked To Top 5-B Loop

By RON CROSS News Sports Editor

WHEELER (Sp.) — There are two times each year when coaches make other coaches mad.

One is when they beat 'em, the other when they pick 'em to be the best in the conference.

Most coaches don't like the idea of being the team to beat. That way they can pull off some surprises and be genius.

Wheeler coach J. T. Hill isn't getting any sympathy from coaches in District 5-B, despite the fact he has just been released from the hospital, following an operation.

Hill may not have been ready to get out.

In a poll of 5-B coaches the Mustangs rank as the favorites in the district being picked to repeat their act of 1964 when they were regional champions, sacking up a 12-0 record.

Follett (much to a lot of folks surprise) Groom is expected to give Wheeler its toughest competition.

The Mustangs, with only four starters back from their 1964 team, catch Follett at home but play Groom on the Tigers home field.

Hill wonders how his Mustangs can be expected to repeat their last years performance with 10 boys gone by graduation and a line 20 pounds lighter and a 15-pound lighter backfield than the one he had in '64.

Follett returns a veteran ball club with seven starters back plus eight other lettermen. They are big, mean and tough.

At Groom, first year man Ronnie Mills, like Hill, can't quite see a district title for his Tigers.

Last year Groom had only a 3-7 record and were beaten by scores of 64-0, 46-0, etc.

But Mills gets six starters and six other lettermen from Jack York, who has moved to Lefors.

Mills also has one of the best passers in the area in experienced Terry Cornett, a 155-pound senior.

Also back is the Panhandles top pass receiver Jerry Roberts, at 195, a good bet for all-state honors this year.

Depth seems to be the Tigers main problem and should injuries start cropping up Groom may be in trouble.

Jack York, starting his first year at Lefors finds nine starters back from last year plus

Sens 5, Birds 4

WASHINGTON (UPI)—Pinch-hitter Jim King's bases-loaded single in the ninth scored two runs to give the Washington Senators a 5-4 victory over the Baltimore Orioles Saturday.

Willie Kirkland started the Senators' rally in the ninth with a double, scoring on Woodie Held's single moments later. After an error and a bunt single, Harvey Haddix replaced Dick Hall on the mound for Baltimore. King was the first batter Haddix faced.

Washington shortstop Ed Brinkman's error on what looked like the game-ending ground ball in the top of the ninth opened the door for a three-run Oriole uprising that wiped out a 2-1 lead Don Lock had given Washington with his 13th home run in the second inning.

Chisox 5, Bosox 3

CHICAGO (UPI)—Southpaw Juan Pizarro continued his sensational pitching since being restored to the active list by hurling the Chicago White Sox to a 5-3 victory Saturday over the Boston Red Sox.

Pizarro gave up his first earned run in 30 innings when Boston scored its only earned run in the second inning. Pizarro now has given up three runs in 37 innings pitched. His season's record is 4-2.

Floyd Robinson singled in a Chicago run in the first inning and broke a 1-1 deadlock in the fifth when he tripled with two teammates on base.

RICHARD GAINES Wheeler assistant

Groom and Follett are expected to give the Mustangs their toughest competition. Wheeler catches Follett at home, Oct. 3 but plays the dangerous Groom squad at Groom on Oct. 29.

The Mustangs have depth and experience with all of the returning lettermen seeing plenty of action last year.

Lettermen back are: Dorman, Smith, Ken Daughtry, a 160-pound senior halfback; Mike Goad, a 156-pound senior quarterback with three letters; David Jamison, a 150-pound junior, also a quarterback; Tom Wiley, a 146-pound junior center; Gary Hardcastle, a 153-pound junior end; Johnny Hutchinson, a 160-pound junior guard; Rickey DeArment, a 160-pound junior tackle; Vanpool, Hunter; Richard Schriest, a 144-pound sophomore guard; and Fred Goad, a 162-pound sophomore fullback.

Hill's biggest problem will be finding someone to replace all-state fullback Dunk Porter and second team all-star, guard Gene Watson.

Rambling With Red

RON CROSS

If everything goes as expected the sun should shine all winter over Amarillo and Lubbock, with the exception of October 1.

This is the date the two clubs that are expected to battle for the 3-4A championship meet at Lubbock.

Rebels Have It Tough

Looking at 3-4A and last years champions first — the Rebels, losers to Garland in the state playoffs last year, appear to not have enough horses to give a repeat of their 1964, 12-1 record.

Gone are 26 lettermen, but back is a lot of tradition and the fact that in seven years the school has compiled a 56-18-2 record.

Pat Patterson is the type of coach that can make tradition talk.

Two of the three Lubbock teams have new coaches, but Lubbock Monterey doesn't.

James Odom, in his second year as head of the Plainsmen, will welcome back 17 lettermen that posted a 6-4 record in 1964.

Monterey is primarily a senior outfit with 28 of 38 players seeing their last year at MHS.

When spring training ended the Monterey coaching staff was sure they had filled the holes left open by graduation.

But two new openings have cropped up. Mark Livesay, a 195-pounder, who was slated to be the starting center will attend a military school. Royce Mathis, a 185-pounder, who would have been a defensive tackle decided to get married.

Sandies Have Talent

Warren Harper inherited much talent when Burl Bartlett left Amarillo High to join the Texas Tech staff.

Amarillo High will return 14 lettermen from a team that finished 7-3 a year ago. The Sandies downed Monterey, 27-0.

The Amarillo backfield is as solid as any in the conference with such talent as 165-pound senior halfback Mike Brewer, Ricky Belcher, another 165-pound halfback and Malcolm Laing, a junior, who at 175-pounds may well be the best fullback in the league.

About all Harper has to do is solve a few problems in the line and the Sandies would be well set.

Inexperience will put a stall in the Borger Bulldogs tank.

Last year the Bulldogs upset Amarillo, 13-7 but the word from Borger is that nothing like that will happen this year.

Last year the 'Dogs were third in the league in total offense. They rushed for 1,811 yards, second in the league, passed for 261 for a total of 2,072 yards or average of 899 yards came on rushing and 495 in passing.

The Bulldogs were first in total defense. The stingy Borgans gave up but an average of 174.3 yards per game, 899 yards came on rushing and 495 in passing.

Caprock In Third

The Caprock Longhorns are in their third year in 3-4A. They finished only 3-7 last year but were more impressive than their record might indicate.

The Longhorns held three tough district foes to single touchdown victories.

Coach John McGurie returns 17 lettermen but none are three-year lettermen and only two have two-letters.

Gone is Gary King last years 3-4A touchdown king. The speedster scored eight touchdowns and six PAT's and one field goal for 57 points.

The Longhorns are inexperienced and may have to wait till next year.

Clues are scarce on Lubbock Westerners and the Plainview Bulldogs.

Neither has been picked higher than fifth, with Lubbock expected to be green but capable of surprising a few folk.

Plainview will be hard-pressed to stay out the cellar. John Reddell is starting his 11th season at Palo Duro. He is the Dons first and only coach.

In that time his teams have compiled a record of 54-38-2.

But the Dons are young and almost as inexperienced as Caprock.

Reddell returns 13 lettermen but only four have two full season of experience.

The Dons have two experienced guards and one experienced tackle returning from a team that posted a 4-6 record last year.

Its rebuilding time and Reddell has to do it around these boys.

Harvesters Win

Eural Ramsey, in his first year at the helm of the Pampa Harvesters finds things a little thin.

Ramsey has 16 lettermen returning, all of them with only one year of varsity experience. When the Harvesters put on pads Friday 35 young men showed up for practice.

Lettermen back to try it another year include: Teddy Bird, a 159-pound senior; Larry Daniels, a 163-pound senior; Larry Eckroat, a senior at 180-pounds; Roy Harper, another senior at 165-pounds; Gary Jarrard, a senior and 197-pounder; another senior, 190-pound Woddie Leonard; James Matney, who lettered and also spent time with the Shockers last year at 170-pounds; Lewis Meers, a 163-pound senior and Jim Moore, a senior at 160-pounds.

The Harvesters have 21 seniors and 16 juniors. Sophomores will play with the Shockers unless one or two do exceptionally well and then may be brought up to the varsity.

Six other youngsters who were expected to play will not be back for various reasons.

Ramsey is hoping his boys will pick up lots of savvy in their first few games and end the season strong.

The following opinion is ours and ours alone and we take full responsibility for it.

1. Monterey; 2. Amarillo High; 3. Tascosa; 4. Palo Duro; 5. Pampa; 6. Borger; 7. Lubbock; 8. Plainview; 9. Caprock.

The difference between Amarillo and Lubbock Monterey lies in the fact the game is being played in Lubbock.

The Plainsmen will be fired up and out to avenge last years licking.

CAREER PITCHING
EAST LANSING, Mich. (UPI) — Ron Ferranoski of the Los Angeles Dodgers holds four Michigan State career pitching marks — most wins (21), most strikeouts (22) and most walks (15).

IN TOP 10
PHILADELPHIA (UPI) — Kicking specialist Sam Baker of the Philadelphia Eagles entered the top 10 list of all-time scores in the National Football League in 1964. He is eighth with 586 points.

FRIDAY'S MAJOR LEAGUE ROUNDUP

Willie is Only Sure Thing in NL

By United Press International

There is one sure thing in the often whacky, always unpredictable National League pennant race—Willie Mays.

While the contenders continued to struggle against second division opposition Friday night, Willie's spectacular home run pace reached record proportions.

The San Francisco wonder belted his 40th home run of the season and his 16th this month — tying the National League mark for most roundtrippers in one month set by Ralph Kiner of Pittsburgh in 1949.

The blow also deadlocked Mays for fifth place with the late Lou Gehrig on the all-time home run list at 493. Willie has a good chance to surpass his personal high of 51 circuit clouts in a single season set in 1955 and is within striking distance of Hack Wilson's league mark of 56.

The Giants clouted five four-baggers Friday to break their four game losing skein with a 9-2 thumping of the New York Mets and the league-leading Dodgers snapped their three-game losing skid, staggering to a 9-8 decision over Philadelphia.

Fairly Poorly
But the other NL contenders weren't so lucky. Chicago handed skidding Milwaukee its fourth consecutive loss and sixth in the last seven games 5-3. St. Louis took five hours and 14 innings to upset Cincinnati 6-5 and Pittsburgh had to rally for six runs in the ninth to catch Houston, winning in the 11th inning, 10-9.

The results left San Francisco, Cincinnati and Milwaukee in a virtual dead heat for second place, 1 1/2 games behind Los Angeles.

Mays home run in the eighth broke open a tight 3-2 contest

and provided 44-year-old Warren Spahn with his sixth victory of the season and 362nd of his career. Spahn lasted 6 2-3 innings against his former teammates before being removed after Charlie Smith's two-run pinch homer.

Willie McCovey hit his 31st and 32nd homers. Jim Ray Hart slugged a three-run blast and Len Gabrielson also connected for the Giants before a record Shea Stadium crowd of 56,167.

Breaks Jinx
Don Drysdale won his first game against the Phillies since 1962 and broke a nine-game losing streak against the Phils although he was ripped for nine hits and six runs, including four in the first inning. Lou Johnson, Willie Davis and John Roseboro each had three hits for the Dodgers with Johnson driving in three runs and Roseboro two tallies. Johnny Callison and Tony Gonzalez homered for Philadelphia.

A grand slam home run by Billy Williams in the fifth inning was the undoing of Ken Johnson (14-8). The Braves rallied for three runs in the eighth on home runs by Felipe Alou and Mack Jones before Ted Abernathy replaced winner Bob Buhl (13-9) to quiet the uprising. Milwaukee's third largest crowd of the season, 20,723, attended.

Ken Boyer's 14th-inning double decided the longest game of the season in point of time. Boyer's hit came after Cincinnati's relief ace Billy McCool had walked Lou Brock and Curt Flood. Hal Woodeshick pitched 3 1-3 innings to gain the victory before being replaced by Bob Gibson who recorded the final out.

A single by Andre Rodgers scored Al McBean with the

winning run in the 11th for Pittsburgh. McBean, the winning pitcher, had reached first on a force play, and moved to second on a wild pitch. Roberto Clemente was intentionally walked before Dodgers' connected against Roger Cuelar (1-4).

In the American League, Jim Grant became the first American Leaguer to win 17 games Friday night, blanking his ex-Cleveland mates on two hits, 7-0, and driving in four runs himself. The victory rocketed the Twins to a nine-game lead that is approaching runaway proportions.

Boston whipped second-place Chicago 6-1 in the nightcap of a doubleheader after the White Sox had taken the opener 3-2.

Washington edged Baltimore 2-1 in 10 innings. Kansas City whitewashed New York 1-0 and Los Angeles trimmed Detroit 3-2.

The only hits off Grant were singles by Pedro Gonzalez in the fourth inning and Fred Whitfield in the seventh. Grant singled to drive home the first two runs off loser Sam McWell (13-10) in the fourth inning and plated two more with a single in the eighth.

Grant had a 66-64 won-lost worksheet with the Indians and the most victories he had accumulated in one season was 15 in 1961. The shutout was his fourth this year and marked his 10th complete game.

Dennis Bennett pitched his first complete game of the year,

allowing only six hits and blanking the White Sox until the eighth inning of the nightcap when two walks and Bill Skowron's single ruined his shutout attempt. John Buzhardt (10-5) was the loser. Ken Berry's eighth-inning double scored Ron Hansen with the winning run in the opener for Chicago. Boston's Lee Thomas homered in each game.

Green Singles
Dick Green singled off Whitey Ford with the bases loaded in the ninth inning to drive home the winning run for Kansas City. Ford had allowed only two hits until the ninth when Wayne Causey and Jose Tartabull singled and Jim Landis was walked intentionally after a sacrifice. John O'Donoghue (7-17)

earned his first shutout, scattering four singles.

Rickey Named To Colonial
FORT WORTH (UPI) — Cliff Rickey, the fiery-tempered teen-ager who ranks No. 11 nationally, Saturday was added to the field for the fourth annual Colonial National Invitation Tennis Tournament.

The Dallas youngster became the 13th entry in the 24-player field that already includes the world's Nos. 1 and 2 players, Roy Emerson and Fred Stolle of Australia, and the American and Mexican Davis Cup squads.

The tournament is scheduled Sept. 15-19.

Packers May Kick Way to NFL Title

GREEN BAY, Wis. (UPI) — "If we had had two kickers last year, we'd have won it," said Vince Lombardi.

The Green Bay Packers' head coach now has three kickers — Paul Hornung, Jerry Kramer and Don Chandler — so there's no reason for him to feel his team won't win it this year.

In fact, the Packers' fiery leader, in an unusual show of optimism, went so far as to say Green Bay would win the National Football League's Western Division title in 1965—and not finish second as it has the past two years.

"There's only one place to finish in this league, and that's first," Lombardi told his players when he started pre-season drills. "We've finished second two years in a row. It won't happen again."

Lombardi, who coached the Packers to Western Division titles in 1960, 1961 and 1962 and to NFL crowns in '61 and '62, promised the players their toughest training. They've had it and even they admit they are in the best physical condition ever.

That could help the Packers in regaining the top spot, for injuries and illness hurt more than anything else the past two years. Lombardi feels the conditioning, together with added versatility on the part of his linemen, will guard against getting hurt by 1965 losses.

To guard against a repeat of last year, when Green Bay lost three of its first seven games by margins of two extra points and a field goal, Lombardi acquired kicking specialist Chandler from the New York Giants.

MEN OF SERVICE — Shown here are some of the members of the Pampa Shrine Club who help to raise the money that pays the bills for surgery and treatment of Pampa area crippled children whose families are unable to finance the needs. The club is equipped to provide barbecue meals to large crowds and serves thousands of persons within a 200-mile radius of Pampa every year. In the background is the Shrine Club bus that transports the men and equipment. Every penny of profit goes into the Shrine Club's Crippled Children's Fund.

Pampa Shrine Club' No.1 Project is Help for Local Area Crippled Children

By DALLAS DEWEESE
It may not be generally known, but there is no need for Pampa area children who suffer from bone deformities to go without aid and treatment. Through philanthropic and humanitarian work being done by the Pampa Shrine Club, treatment now is available to families who seek help because they are not financially able to send a child to the hospital. The assistance is available to children from birth to age 15 years and provides treatment of any deformed condition of bones of the body, even to supplying artificial limbs.

New Books on Shelves At Public Library

News books on the shelves of Lovett Memorial Library this week are:

"How Not To Kill Your Wife" — Kenneth C. Hutchin, M. D., a clever and commonsensical approach to wife-preserving. This book covers every topic concerning women's health.

"You Can Be An Executive Secretary" — Lucy Graves Mayo; covers the attitudes and procedures that make the executive secretary in this guide to job hunting, office procedures, etiquette, discretion and protocol.

"How To Be a Successful Mother" — Eve Featheringill; from labor - saving pointers to a whole new liberating perspective — this is a book which will help any harassed mother "feel at home" in her job. It emphasizes the special problems of taking care of more than one child at a time.

"Always Ask A Man" — Arlen Dahl; this key to making the most of natural assets, and the secrets of the international set on beauty care also includes contributions by male celebrities on what men consider the most beautiful and charming assets a woman can possess.

"The Jealous One" — Celia Fremlin; while sick with the flu, Rosamund dreams that she kills Lindy, the attractive neighbor who has disrupted her marriage, then she discovers that Lindy has inexplicably disappeared.

"The Diamond Bubble" — Robert L. Fish; when a murder occurs after an American senator buys a diamond necklace, it puts Ze Da Silva and Wilson of the American embassy in Buenos Aires on to something bigger than a black market operation.

"Mrs. Arris Goes to Parliament" — Paul Gallico; the delightful Mrs. Arris, whose basic sincerity in her platform of "Live and Let Live", foils the unscrupulous Sir Wilnot Corriam and his political cronies and with the help of her old friend Bayswater wins a seat in Parliament.

"Ramage" — Dudley Pope; set during the Napoleonic wars, the saga of a young navy lieutenant who survives a naval engagement in which his captain is killed and who must, with a handful of men, continue a secret mission to the Italian mainland.

"The Hill" — Ray Rigby; the setting for this swift, compelling novel is a British prison camp for army defaulters in North Africa in the last war. The story of these soldiers is in the tradition of the best writing about men at war and ranks with the few truly good war novels written the last twenty years.

"The Ring in Meiji" — William Butler; a novel of nineteenth-century Japan that chronicles the reign of the Emperor Meiji during the years in which the culture and customs of Western civilization began to come into strong, and sometimes bloody, conflict with Japan's tradition of feudalism and national isolation.

"The Mouthpiece of Zitu" — J. U. Gleay; we find Jason Croft, who has learned the technique of astral projection, felt

Importance Of Proper Will Is Stressed

Government confiscation of your property is possible through neglect of proper estate planning and failure to have a properly-drawn will.

This was the message left with Pampa Kiwanians at their Friday luncheon by L. Raeburn Hamner Jr., vice president and trust officer of the Amarillo National Bank.

"Don't try to write your own will," Hamner said. "The cost of hiring an attorney or an accountant to draw a will is nothing compared to what it can cost your estate under an improperly drawn will."

Hamner urged his listeners to be vigilant against a bill now in committee in Congress which he stated could further increase property confiscation through taxation of inherited property.

Hamner's subject was "Fiduciary Trusts" and he stressed the importance of proper planning.

"I am not trying to drum up business for lawyers," Hamner said, "but, not to consult one when drawing a will can cost you and your family a lot of money."

Such failure, he stated, can result ultimately in complete confiscation of property by government tax bureaus.

The speaker was introduced by Mack Hiatt, program chairman for the month.

First Vice President Jack Nichols, presiding in the absence of President Tom Beard, announced a meeting of the board of directors at 6:30 p.m. Thursday in Lovett Memorial Library.

Thelma Shultz, Hi-Land Young Fashions; Mrs. Willie Smith, B & B Toyland; Al Schneider, Quentin Williams, Realtor; Charles N. Sinclair, Montgomery Ward; Dugan Smith, Smith Shoes; Sam Smith, Nichols Enco Service; Roy Sparkman, Security Federal Savings & Loan.

Mrs. Billy Don Tomlin, Ideal No. 2; Mrs. Pat Terry, Zale's Coronado Center; Elizabeth Tillery, Mitchell Grocery; Ima Tarrant, Bruce & Son; Dora Tomason, Dunlap's; Joe Tompson, Dunlap's.

Mr. Ouida White, Dunlap's; Billie Williams, Ideal No. 1; Ada Warner, J. C. Penney Co.; John Whitmarsh, Leland's Grocery; Floyd Watson, First National Bank.

CAPTAIN KILLED
SAN ANTONIO (UPI)— A Missouri-Kansas-Texas (Katy) freight train smashed into an automobile Tuesday, killing an Army captain, his wife and daughter. Two other daughters were in critical condition. Capt. Robert D. Browning, 31; his wife, Barbara, 27; and their daughter, Carolyn, 9, were killed. Patricia, 6 and Teresa, 3, were injured.

LANDING FORCED
MEXICO CITY (UPI)— A dispatch from Veracruz said that a plane carrying a Houston, Tex. couple had made a forced landing near there Friday. Robert Thomas and Eva Julia Thomas, were reported unhurt.

On the Record

Highland General Hospital does not have a house physician. All patients, except severe accident victims, are requested to call their family physician before going to the hospital for treatment.

Viet Nam Novice Has To Learn a New Lingo

(EDITOR'S NOTE — Freedom Newspapers Staff Writer Sam Stinson is in Viet Nam to report first hand on the war. Stinson is a 28-year veteran of the U.S. Marine Corps who served in WW II in battle in Guadalcanal, Saipan and Iwo Jima. His dispatches are sent by mail from Viet Nam.)

By SAM STINSON
DA NANG, Viet Nam — A newcomer to Viet Nam has to learn a whole new vocabulary to get along here. And I don't mean the Vietnamese language. I mean a lingo spoken throughout

the country daily by Americans. Many of the words derive from the new and peculiar type of war that's being fought here. Words such as Arvins, PF's, Tigers, VC's, Sweeps, and Hueys. Arvins refers to members of the Army of the Republic of Viet Nam, and comes from their official military abbreviation, ARVN. PF's are members of the Popular Forces, troops who are inactive militia in each sector who are used to ward off Viet Cong in their own villages or strategic hamlets. Tigers are also Vietnamese troops of their special forces or-

ganizations, and are so-called because they wear tiger-striped uniforms. VC are the Viet Cong.

Since no regular battle lines are defined in this country, few pitched battles occur. If the VC strikes your area, he "makes a hit." If your forces discover his assembling area you make a "strike," that is you swiftly and secretly attack him. If you suspect an area is populated with VC, you call for a "sweep." This means you airlift troops into all avenues of escape, then "sweep" the area with patrols to round up the enemy.

Hueys are a new type, heavily armed helicopter that carried rockets, grenade launchers and machine - cannon.

An attack on an enemy position by the Hueys is called chopper raid. If the enemy shoots you — you are "zapped." "Zapped" also applies to victims of mines, hidden bombs and murders.

One popular, and somewhat humorous saying that has caught on is "Sorry Bout That." It is a corruption of a Vietnamese way of apologizing. Now, anytime anything goes wrong, or some misfortune occurs, or a person has had luck, someone in the crowd is bound to say "Sorry Bout That." One tailor shop in Saigon even manufactures kimonos, jackets, shirts, tablecloths, handkerchiefs and other items with those words embroidered on them.

An Air Force squadron at Pleiku even has the words printed on all their bombers; apparently for the edification of the enemy who gets bombed by them!

Other common words here, but alien to the newcomer, is P's, Greens, and Economy. P's is merely short for the local currency, Piastres. Greens are American currency, and Economy is anything bought from Vietnamese, or with Vietnamese money. To say one eats on the economy means one dines at civilian restaurants, rather than

SPACE TIDBITS — Solid foods being consumed by Gemini-5 astronauts Gordon Cooper and Charles Conrad Jr. are put up in bite-size form in transparent plastic packs. Meal packs also include towel, tooth brush and chewing gum, for dental hygiene.

Clerk Turns Down Bribes

WEATHERFORD, Tex. (UPI) — Parker County Clerk B. J. Tipton said Friday he turned down bribes to back date marriage licenses and received more than 100 long distance calls from couples wanting to get married before midnight Thursday.

One couple, in Longview, called about 10:30 p.m. and would have flown to Weatherford for the marriage, if Tipton had not turned them down.

Tipton sold licenses to only 15 couples, who were then married in time to allow the bridegrooms to become exempt from the draft.

A three-day waiting period is required in Texas for minors before their marriage, and Tipton explained to most young

man offering money to Tipton gally wed before last midnight, for a license with an earlier date. He received one call at 40 minutes after midnight from a clerk.

Formal Ceremony Unites Miami Couple

(Smith's Studio)

Mrs. Wiley Neil Bailey
... nee Miss Barbara Faye Holland

The formal marriage of Miss Barbara Faye Holland, daughter of Mr. and Mrs. W. R. Holland of Miami, and Wiley Neil Bailey, son of Mr. and Mrs. Grady Bailey of Miami, took place at 4:30 p. m., Aug. 22 in the sanctuary of the First Methodist Church of Miami. Dr. J. E. Shewbert, Plainview District Superintendent, officiated for the double-ring ceremony.

Vows were pronounced before the communion table appointed with an arrangement of a bronze cross, two single candles, and with the family Bible centering the table at the base of the cross. It was opened to the Book of Ruth and a single red rose lay across the pages of the open Bible. Cathedral candles, held in branched candelabra entwined with lemon leaves decorated the pulpit area and grouped lemon leaves were placed on the altar and choir rail. Honor pews were marked with white satin ribbon bows entwined with lemon leaves.

Mrs. Charles Clark, organist, played a prelude of religious music and accompanied Miss Donna Byrum who read the verse from the Book of Ruth, "Whiter Thou Goest." She also accompanied Ed Daugherty who sang "O Perfect Love" and "The Lord's Prayer."

Given in marriage by her father the bride wore a pure silk organza floor-length gown fashioned with scalloped sabrina neckline outlined in chantilly lace, long pointed sleeves and midriff bodice which was trimmed with tiny seed pearls. Lace adorned the front of the bell sheath skirt with bustle back enriched with twin lace petite roses at the back waist line. Her silk illusion veil fell gracefully from a small silk organza pillbox hat trimmed with appliques of chantilly lace and seed pearls. She carried a cascade of white mums held on a white Bible. For something old, the bride carried the wedding ring of Mrs. H. S. Bailey, grandmother of the bridegroom. Something new was the bride's wedding dress and veil. For something borrowed she wore her mother's gold cross WSCS Life-Membership pin, and for something blue, she wore a blue garter made and given to her by Mrs. Jose Guerrero. For good luck she wore a penny in her shoe.

Miss Polly Hackler from Odesa was the maid of honor. Mrs. Dick Clemmer from Lawn and Mrs. Russell Byard from Panhandle, a cousin of the bride,

were bridesmaids. They wore sleeveless gowns of autumn red crystalline silk styled with rounded necklines, empire waistlines and slightly full skirts with a matching bow at the center back waistline. Their headpieces were four tiers of red silk illusion fastened to autumn red stand up bows. They also wore matching shoes and mitts and carried small white Bibles topped with feathered white mums.

Miss Betty Patton from Panhandle, cousin of the bride, was flower girl. She wore a white floor-length dress and carried a lace basket of flower petals. Miss Ruth Ann Cunningham registered the guests.

Charlie Christopher served as best man. Groomsmen were Andy Fish from Matador and Lewis Holland, brother of the bride. Ushers were Lewis Rogers from Pampa, Russell Byard from Panhandle and William Clark.

The bride's mother selected an aqua silk shantung dress trimmed with matching lace and accented with matching accessories. A pink cymbidium orchid corsage completed her ensemble. The bridegroom's mother chose a gold silk dress with jacket. She wore bone accessories and a yellow cymbidium orchid to complete her costume.

The home of the bride's parents was the scene of the wedding reception for relatives and the wedding party. The bride's table, covered with a white lace cloth over white taffeta draped with white taffeta roses, was appointed with an arrangement of red carnations and white candles in a silver candelabra, a crystal punch bowl and a three-tiered wedding cake, topped with a miniature bride and bridegroom. The wedding cake was made by Mrs. J. O. Duniven. Serving at the table and in the house party were Mrs. Lyle Hamilton of Kress, Miss Donna Byrum, Miss Ruth Ann Cunningham, Mrs. O. C. Branum and Mrs. Don Patton.

For traveling, Mrs. Bailey changed to a beige suit with tangerine and beige accessories and the corsage from her bridal bouquet.

The bride is a graduate of Miami High School and was graduated from McMurry College this summer with a B.S. Degree in Business Education and Secretarial Science. At McMurry she was a member of Delta Beta Epsilon social club, Student Education Association, Alpha Chi Honor Fraternity, Kappa Delta Pi, Wah Waitaysee

Service Organization, and the Methodist Student movement. She was chosen favorite of her Senior Class and is listed among those who were selected to "Who's Who in American Colleges and Universities." She is employed to teach business in the Mobeetie School this fall.

Mr. Bailey is a graduate of Miami High School and graduate of West Texas State University where he received a B.S. Degree in Mathematics. He has taken courses at Texas Technological University and at McMurry College for graduate and additional education work. He is employed as the High School principal and math teacher of the Mobeetie Independent School System.

The couple will make their home in Mobeetie.

Wallace-Amrine Rites Solemnized

CANADIAN (Sp) — Miss Shirley Ann Wallace, daughter of Mrs. Margaret Wallace of Canadian, was married the evening of Aug. 21 to Charles Wayne Amrine, son of Mr. and Mrs. Lloyd Sword of Perryton. The ceremony was performed in the Assembly of God Church with Rev. Sanford Cole, cousin of the bridegroom, officiating.

A satin covered arch entwined with greenery formed the nuptial setting. The arch was flanked on either side by tall baskets of white gladioli.

The bridegroom's aunt, Mrs. Arvid Sword, organist, played traditional wedding marches.

The bride, given in marriage by her brother, Mr. Larkie Wallace of Coolidge, Kan. chose a street-length dress of blue peau de soie. Her shoulder-length veil fell from a tiara of seed pearls. She carried a bridal bouquet of white carnations with white satin streamers.

Miss Debbie Porter, bridesmaid, wore a blue brocade suit and a corsage of white carnations. James Brumley served the bridegroom as best man. The bridegroom's cousin, Teresa Ann Sword, was flower girl, wearing a blue satin dress fashioned like the bride's and carrying a nosegay of carnations. Bruce Thompson, cousin of the bridegroom, was ringbearer.

A reception followed the ceremony. The serving table was centered with a tiered wedding cake decorated in the bride's chosen colors of blue and white and topped with a miniature

Broday - Swanson Vows Are Pledged

First Presbyterian Church of Wichita Falls was the scene for the wedding last evening of Miss Nancy Jo Broday and Keith Robert Swanson.

The bride is the daughter of Mr. and Mrs. Clinton Louis Broday Sr. of Wichita Falls and the bridegroom is the son of Mr. and Mrs. Kenneth Swanson of San Antonio, former Pampans.

Rev. Francis Fowler of Midland solemnized the double-ring vows at 8 o'clock before an altar graced with groupings of candle trees holding ivory cathedral tapers and filled with branches formed by yellow gladioli and pom poms. Swags of the chosen foliage extended from the altar space to the outer edges of the lower altar and a white satin prie dieu with garlands of smilax completed the altar decorations. The wedding party entered the sanctuary down aisles swagged with salal garlands and interspersed with yellow pom poms. Panels of salal foliage were caught together with clusters of pom poms and soft yellow ribbon on the pews. A sunburst arrangement of yellow gladioli, chrysanthemums and pom poms, complimented with cascades of jade foliage was placed high in the choir loft as a center for glowing candle arrangements. Triangular clusters of cathedral tapers outlined with swags of salal and huckleberry foliage outlined the choir rail and candelabra with garlands of foliage marked the outside aisles of the sanctuary. Brass urns filled with the chosen yellow flowers stood in the foyer.

Mrs. John Julison, organist, provided appropriate nuptial selections and accompanied Leslie Pierce, vocalist.

Mr. Broday gave his daughter in marriage. She was gowned in a cathedral-length gown fashioned of ivory peau de soie, featuring a molded bodice with elongated back, a deep overlay of alencon lace re-embroidered with French net, a scalloped portrait neckline and long lace sleeves tapering to points over

the hands. A wide scalloped band of the chosen lace was applied at the hemline of the slim silhouette skirt. The charming effect of an overskirt, controlled by unpressed pleats, was enhanced by a carriage back falling gracefully into a cathedral train. The bride's cathedral-length veil of matching re-embroidered alencon lace fell from a small coil of peau de soie. She carried a white prayer book topped by three white orchids, phalanopsis and stephanotis.

The bride's attendants were Miss Hallie Lee Broday, her sister, maid of honor; Mrs. Clinton Broday Jr., bride's sister-in-law, bridesmatron; Miss Haila Haruey and Miss Andy Title, bride's cousin, bridesmaids, and Miss Mary Margaret Broday, bride's sister, and Miss Janet Swanson, bridegroom's sister, junior bridesmaids. They were dressed in floor-length gowns of gold antique satin with empire bodices, scooped necklines cut high in the front and low in the back, and elbow-length sleeves. A band of the satin, embroidered in gold crystal beads circled the high waistlines. The gracefully controlled A line skirts cascaded into a flare of pleats in the center back. Satin circlelets of the gold embellished with crystal beads were repeated in the head pieces. They wore matching elbow-length gloves and carried bouquets of gold cymbidium orchids placed in deep green ivy.

Donald Swanson served his nephew as best man while groomsmen were Barry Weaver of Fort Worth, Raymon Nance, John Holloway, Barry Peterson, Steve Swanson, brother of the bridegroom, Jack and Clinton Broday Jr., brothers of the bride, and Byron Brown of Houston. Seating the wedding guests were Billy Smith and Broday Goodrich of Dallas, ushers.

Miss Anna Kay Ward, flower girl, carried a sheppard's crook enhanced by smilax and yellow (See BRODAY, Page 18)

Mobeetie Church Is Scene for Wedding

Mrs. Garland Lancaster
... nee Miss Anna Mae Gudel

Greecian urns of white gladioli, tiered candelabra bearing lighted cathedral tapers and an altar covered with greenery appointed Mobeetie First Methodist Church last evening for double-ring wedding rites uniting Miss Anna Mae Gudel and

Garland Lancaster. Parents of the couple are Mr. and Mrs. Eugene Gudel and Mr. and Mrs. Curtis Lancaster, all of Mobeetie.

Rev. Charles Uzzle pronounced the vows at 7 o'clock. Mrs. Judy Uzzle of Amarillo provided appropriate wedding selections and accompanied Miss Marilyn Bradley, vocalist, as she sang "Bless This House," "Oh Promise Me" and "The Wedding Prayer."

Attired in a chapel-length gown of chantilly lace over tulle and silk taffeta, the bride was escorted to the altar and given in marriage by her father. The gown was designed with a fitted bodice featuring a V neckline embellished with seed pearls and petal point sleeves fastened with miniature buttons. Inserts of pleated tulle formed the front of the bridal gown and the overskirt of chantilly lace swept into a chapel train. The bride's shoulder length veil of silk illusion was enhanced by a band of the chosen lace and fell from a satin pill box coil encrusted with lace appliques and seed pearls. She carried a bridal bouquet of daisy mums.

Bridal attendants, dressed in street-length gowns of gold satin brocade matching shoes and gold satin brocade bow headpieces with brief illusion veils, were Mrs. Doyle Binnion, bride's sister, matron of honor, and Miss Mary Gudel of Amarillo, bride's sister, Miss Mary Ann Robinson of Silverton and Carol Blair of Silverton, bridesmaids. They each carried a colonial nosegay of bronze pom pom.

Serving the bridegroom as bestman was Sammy Johnston of Quitaque. Groomsmen were James Hukill, Robert Phelps and Ray Corcoran, all of Amarillo, while ushers were Gerald Gudel and Nathan Lancaster of Pampa.

Engagement Announced

Mr. and Mrs. George W. Burris of Amarillo announce the engagement and approaching marriage of their daughter, Sherry Roselle, to Jerry Glen Jones, son of Mr. and Mrs. George W. D. Jones, 412 Rider St.

Miss Burris attended West Texas State University. Mr. Jones attended Texas Technological University and West Texas State University and plans to continue his education at University of Texas.

Mrs. Gudel chose a pink silk suit complimented by black patent accessories for her daughter's wedding. Mrs. Lancaster selected a navy blue suit accented by matching accessories. Both mothers wore corsages of white feathered carnations.

Fellowship Hall of Mobeetie Methodist Church was the scene for the reception held following the wedding ceremony. The bride's table was covered with a white lace cloth and floral arrangements. Presiding at the punch bowl was Mrs. Elaine Langley. Mrs. Arica Lancaster of Amarillo served the wedding cake and Mrs. Sharon Hukill of Amarillo attended the guest registrar.

Following a wedding trip the newlyweds will make their home at 1144 Carolina, Amarillo. For traveling the bride wore a rose crepe suit accented by white and black patent accessories. She lifted the corsage from her bridal bouquet.

Mrs. Lancaster, a graduate of Mobeetie High School, attended West Texas State University for two years where she was a member of Mary E. Hudspeth Honorary Society. She is presently employed by South Western Investment Co. Mr. Lancaster, a graduate of Mobeetie High School, attended Clarendon Junior College two years. He is presently employed by Phillips Petroleum Company and plans to enter West Texas State University next month as a senior.

BARRETT-COLEMAN — Mr. and Mrs. Foy Barrett of 516 Hazel St. announce the engagement and approaching marriage of their daughter, Carolyn Sue, to Pvt. Charley C. Coleman, son of Mr. and Mrs. Clifford Coleman of Skellytown. An October wedding is planned.

Mrs. Keith Robert Swanson
... nee Miss Nancy Jo Broday

Couple Marries in Candlelight Service

Sunday Passing Show

By PEGGY JO ORMSON

MANY NEWCOMERS add much to Pampa and other residents are missed when they move away. Members of one family that will be missed are Dan and Mary Kathryn Cotten and children, Larry, Danny and Lisa, who have been transferred by Mobil Oil Co. to Burkburnett. The Cottens have been honored at several parties recently showing how much they were appreciated here. A luncheon was given by Mrs. John (Madge) Zuerker in the Zuerker home honoring Mrs. Cotten. Attending the luncheon were Mrs. John (Lacy) Ayres, Mrs. Rex (Mabel) Ellison, Mrs. J. R. (Zelma) Poston, Mrs. W. R. (Betty) Tucker, Mrs. Roy (Elsie) Floyd, Mrs. Boyd (Joy) Maule and Mrs. Herbert (Allene) Coker. Mrs. Ayres feted Mrs. Cotten at a neighborhood party with Mrs. A. B. (Lillian) Whitten, Mrs. Rex (Mabel) Ellison, Mrs. Pete (Inez) Summer, Mrs. Malcolm (Ona Mae) Meeks, Mrs. Eunice Hunt, Mrs. Grace Boston and Mrs. Minnie Boggy, neighbors of the Cottens, bidding the honoree goodbye. Mrs. Cotten was also the honoree at a coffee given by Mrs. W. R. (Betty) Tucker. Attending the coffee, held in the Tucker home, were Mrs. Jim (Anne) Holcomb, Mrs. Bill (Kay) Kennedy, Mrs. Marvin (Floyd) Dees, Mrs. R. A. (Martha) Newton, Mrs. Bill (Virgie) Matejowsky, Mrs. Malcolm (Joan) McClelland and Mrs. Denver (Crystal) Tucker. A bridge party, given in the home of Mrs. W. C. (Joyce) Newlin, was included in the parties given in honor of Mrs. Cotten. Enjoying the party were Mrs. Tommy (Helen) Burns, Mrs. Jim (Anne) Holcomb, Mrs. Herbert (Allene) Coker, Mrs. L. C. (Helen) Davis, Mrs. Bill (Kay) Kennedy and Mrs. Roland (Jo) Darce. Jim and Anne Holcomb and Gene and Norma Hollar hosted a farewell party in honor of the Cottens in the Holcomb home. Friends bidding the honoree farewell were Boyd and Joy Maule, Bill and Betty Tucker, Bobby Jack and Shirley Lockett, Danny and Joy Brister, Herman and Gladys Jarrard, Marvin and Floyd Dees, Jim and Sandy Allen, Earl and Anita Mattes, Roy and Elsie Floyd, Ocie and Jean Stewart and Dan Malcolm. The last event given in honor of the Cottens was an ice cream social in the home of Mabel and Rex Ellison with neighbors of the departing couple attending.

MEMBERS OF the Creative Art Club have been active this summer, going places and seeing things to tell other members about when they return. Calvin Hill, president of the group, has an interesting report to give the group on his recent trip to Puerto Rico and Mrs. Don (Lois) Minnick, the club's business manager, spent two weeks in North Fork, Va., and has much to tell members concerning the historical sites visited there. Sydney Shaw, Pampa High School sophomore and daughter of Norman and Wynona Shaw, has sold a pastel oil painting, "Ballet Dancer," to Mrs. Clyde (Bobbie) Organ, an abstract painting to W. J. and Bonnie Chambliss and a portrait of DeLynn Satterwhite of White Deer to Mrs. M. G. (Alva) Satterwhite. Miss Diane Graham, daughter of the Jack Grahams, has sold an oil portrait done in red and blue with a Chicago flavor to Mrs. Satterwhite. Mike and C. C. Mendoza decorated their apartment in the Spanish motif and purchased three paintings from Mrs. Satterwhite to complete the decor. These paintings were a blue, green and gold landscape, a blue still life of fruit and a blue, green and orchid landscape. The Creative Art Club sponsors an art class for students. Members of the class are Sylvia Graham, Rainelle Kempa, Sydney Shaw, Betty Supina, Dean Graham, DeLynn Satterwhite, Jerry Franklin, Beverly Bentley, Nancy Evers and Jan Felter. Donald Curry, son of Bob and Alleith Curry, received a Bachelor of Science Degree from West Texas State University in commencement exercises Thursday evening. Mr. Curry plans to enter the University of Texas School of Law in September. His wife, Susan, will also enter the University. John Lee and Margaret Whitton, former Pampans now living in Jefferson City, Tenn., are the parents of a son, Richard Lee. The new arrival was also welcomed by a sister, five-year-old Sherry Ann, and Pampa grandparents, Mrs. N. L. (Lizzie) Welton and Joe and Anita Carlton.

MRS. INEZ CARTER, Pampa philanthropist and one of our town's best supporters, marked her 78th birthday this week. Mrs. Carter was named Sweetheart of the Top O' Texas Hereford Breeders Association, commemorating her birthday anniversary, at the group's annual banquet Tuesday evening. Mrs. Carter was presented a bouquet of red roses by E. O. Wedgeworth at the event held in Coronado Inn. Mrs. Carter was also honored by members of Pampa Altrusa Club at the club's Monday evening meeting held in the home of Mrs. Irl (Irene) Smith. Those attending the meeting not only helped the honoree mark the occasion but heard Miss Trina Frost and Miss Pat Ludeman give reports on Bluebonnet Girls' State. Miss Frost attended Girls' State as the local delegate and Miss Ludeman, last year's delegate, attended as a junior counselor. Miss Premilia Vyas Altrusa Grants-in-Aid Girl from Bombay, India, will speak tomorrow at 7:30 p.m. in Lovett Memorial Library. Altrusa Club of Pampa is sponsoring the tri-city event and women from Pampa, Borger and Amarillo interested in hearing Miss Vyas are invited to attend. The Altrusans stress that women wishing to attend need not be a member of that organization. Think many women of the tri-city area will enjoy the colorful speaker who speaks fluent English and appears dressed in colorful Indian attire. Miss Terri Myers observed her 11th birthday last Saturday by entertaining a group of friends at a skating party with the help of her mother, Mrs. Alfred (Elaine) Myers. Helping Terri celebrate the day were Debbie Chafin, Suzanne Walters, Betty Felter, Dawn Myers, Juli Myers, Debbie Puryear, Anne McArthur, Martha Colville, Pam Jones, Carla Craig, Robyn Henry, Paulette Howard, Deborah Bray, Rebecca Robinson, Glenda Holladay, Janice Tarpley, Karen Jordan and Janet Jordan.

SEPTEMBER IS not only "Back to School Month" but is "Back to Club Month" for many of the groups that took summer club vacations. Twentieth Century Culture Club got a head start by holding a special called meeting Tuesday morning in the home of Mrs. Doyle (Irene) Osborne. Members who discussed future club plans and heard a letter of appreciation read from Carolyn Tucker, this year's recipient of the club's scholarship were Mrs. Ross (Dorothy) Buzzard, Mrs. Well-don (Elizabeth) Carter, Mrs. G. L. (Jessie) Craddock, Mrs. E. E. (Barbara) Dobbin, Mrs. J. R. (Johny) Donaldson, Mrs. E. L. (Betty) Henderson, Mrs. V. L. (Lena Pearl) Hobbs, Mrs. Rufe (Viola) Jordan, Mrs. E. E. (Lois) Shelhamer, Mrs. N. D. (Katherine) Steele, Mrs. A. L. (Pauline) Wagner and Mrs. J. L. (Dorothy) Chase. Mark Howard Giles, native Pampans and son of Mrs. Jerome (Etna) Richardson of Amarillo, received a Bachelor of Science Degree in recent summer commencement exercises at Texas Tech. Mr. Giles and wife Pat will make their home in Austin where he will enter the University of Texas School of Law. Pampa's Mrs. Tom (Wanda) Dunham is Mr. Giles' sister.

In a candlelight service read at 7:30 o'clock yesterday evening Miss Marion Evelyn Gray, daughter of Mr. and Mrs. George S. Gray of 1040 Neel Rd., became the bride of Joe Ray Gamertsfelder, son of Mr. and Mrs. L. R. Gamertsfelder of Morse.

Rev. Olin Butler of White Deer solemnized the double-ring vows in First Methodist Church Chapel before an altar appointed with two seven-branched candelabra bearing lighted tapers and a white satin kneeling bench flanked by basket arrangements of white gladioli tied with white satin ribbon. White aisle candelabra, tied with white and green satin bows, marked each pew with the honor pews marked with white mums and green fern.

The bride was gowned in a floor-length gown of white peau de soie featuring a molded bodice with scoop neckline, long tapering sleeves terminating in petal points and a softly pleated skirt. A white flat peau de soie bow held her veil of silk illusion. She carried a cascade arrangement of white rosebuds trimmed with blue leaves and blue satin streamers. A cummerbund with a large back bow and floor-length back ties, encircled the waistline of the gown. The bride carried out the tradition of something old, new, borrowed and blue and had a six pence in her shoe. She was given in marriage by her father, Mrs. Larry T. Larsen, bride's sister, wearing a waltz-length gown of turquoise alfalfa linen, matching shoes and matching flat bow headpiece with silk illusion veil, attended as matron of honor. She carried a nosegay of yellow mums.

Best man to the bridegroom was Don Sargent of Stinnett and ushers were Butch Turner of Borger and Dickie Gerjes of Fawcett. For her daughter's wedding, Mrs. Gray chose a dress of mauve linen with a matching jacket accented by matching accessories and a corsage of split-orchid spider mums. Mrs. Gamertsfelder selected a dress fashioned of blue crepe with matching accessories and a corsage of split yellow spider mums.

The bride's table, covered with a white linen cloth trimmed in blue, was centered with a milk glass vase holding an arrangement of white gladioli and blue mums, flanked by milk glass candelabra bearing blue tapers. For the reception held following the pledging of vows in First Methodist Church Parlor. Presiding at the punch bowl was Miss Linda Belmont while Miss Kaye Hubbard served the three-tiered wedding cake which was topped with blue wedding bells, and Mrs. Bobby Helm attended the guest registrar. Other members of the houseparty included Mrs. Homer Snider, Mrs. Don Snider and Mrs. Kenneth Ralston.

Prior to departing on a wedding trip to Red River and Raton, N.M., the bride changed into a two-piece suit of powder blue linen accented by black accessories and the white rosebud corsage lifted from the bridal bouquet.

The newlyweds will make their home in Canyon where both will be seniors at West Texas State University. The bride is a member of WTSU Zelta Tau Alpha.

Mrs. Joe Ray Gamertsfelder and Miss Marion Evelyn Gray

social sorority, and the bridegroom is a member of Kappa Alpha Order, social fraternity. Out-of-town wedding guests included the bride's aunt, Mrs. B. D. Alexander of Woodruff, S.C., and the bridegroom's aunt, Mrs. Beulah Scott of Kansas City, Mo.

PRE-NUP-TIAL EVENTS Pre-nuptial courtesies extended the bride included a bridal shower given on Aug. 6 in the Stinnett ranch home of Mrs. Edgar Britain with Mmes. Harold Dalton, Jim Claybrook, Henry Turner, Tince Burns, Bob Sims, all of Stinnett; Mmes. Frank Heiner, Wayne Miller, Raymond Keith, of Borger; Mmes. Jack Taber, Tommy Joe

Groom WSCS Holds Meeting

GROOM (Spl) - Woman's Society of Christian Service met in First Methodist Church Parlor for a regular meeting, recently. Mrs. Manuel Ruthardt, president was in charge of the program given by Mrs. Max Ray Faulkner and Mrs. Walter Garmon. Mrs. George Latta gave the devotional. Refreshments were served by Mrs. Manuel Ruthardt and Mrs. C. J. Roberts, hostesses, to one visitor, Mrs. Jimmy Helm and members. Mmes. Curtis Schaffer, Crim Goodlett, Cleo Schaffer, Glenn D. Harrell, Blanche Harris, C. A. Morrow, E. R. Hess, Van Earl Steed, Walter Garmon, Max Ray Faulkner, M. W. Reynolds, Roy Ritter, Phil Farley, George Latta, O. R. Major and O. P. Blackwell.

Next time kitchen or pantry cupboards are being cleaned line them with adhesive-back plastic or plastic-coated shelf paper. These surfaces clean easily with a sudsy sponge and dry quickly.

Torchbearers Class Names New Officers

GROOM (Spl) - Members of Torchbearers Class met recently for a get-together in Fellowship Hall of First Methodist Church. During the business session the class president, Arletus Ruthardt, read names of the new class officers. They are J. L. Cranmer, president; Mrs. Louis Ruthardt, vice president; Mrs. W. M. Garmon, secretary-treasurer and Mrs. Glenn D. Harrell, class reporter.

Games of 42 were played and refreshments were served to the Rev. and Mrs. M. W. Reynolds, Messrs and Mmes. Glenn D. Harrell, W. M. Garmon, W. D. McGee, Louis Ruthardt, Martin Bailey, Arletus Ruthardt and Curtis Schaffer.

To clean an aluminum pot, the U.S. Department of Agriculture suggests boiling it in a solution of one to two teaspoons cream of tartar to each quart water. The amount of cream of tartar depends on how dark the pot is.

Premilia Vyas of Bombay, India to Give Lecture in Library Tomorrow Evening

Altrusa Clubs of Pampa, Amarillo and Borger will be hostess to a lecture reception in Lovett Memorial Library on tomorrow evening, August 30 at 7:30 o'clock honoring Premilia Vyas of Bombay, India.

Miss Vyas, an education major studying at the University of Houston on a grants-in-aid scholarship, will give the lecture. Upon the completion of her graduate work, she will return to India as a teacher.

Dressed in a colorful sarong, the speaker is a charming representative of her native India. Miss Vyas will arrive in Amarillo Sunday morning and will be entertained by the Altrusa Club of Amarillo Sunday. Monday she will be in Borger as the guest of the Altrusa Club of Borger. Tuesday she will remain in Pampa as the guest of the Altrusa Club of Pampa.

Any person interested in meeting Miss Vyas and hearing her lecture is invited to come to the lecture. Grants-in-aid, an international project of Altrusa, in operation since 1945, makes available to women from Latin American, Asian, Near Eastern, African, Australian, and New Zealand countries \$250 to \$1,000 gift grants, enabling women to complete graduate work in schools in North America and other countries where there are Altrusa Clubs. An International committee administers the grants through the recommendations of grants made by the local clubs.

A total of \$37,000 was given to 92 women from 19 different countries during 1964-65 to complete their graduate schooling in colleges and universities all over America and many other countries.

Bell bottomed trousers are moving up in fashion's ranks. Glen, of Michigan, designs blue denim pants that bell at the bottom and button at the side. The pants perch on the hips and have a v-neck front that hugs the tummy. A matching Alpine jacket completes the outfit.

Wallace (Continued From Page 15) brial couple, flanked on either side by crystal candelabra bearing blue tapers. The couple will make their home at 110 N.E. 13th Street, Amarillo, where Mr. Amrine is employed by C. E. Henderson Construction Company.

H. Barnett Family Enjoys Reunion

GROOM (Spl) - The Barnett family enjoyed a reunion and picnic at Lake McClellan on Aug. 15 with all of the children of Mr. and Mrs. Harris Barnett present.

Attending were Mr. and Mrs. Jack Barnett and family and Mr. and Mrs. Joe Davis of Groom; Mrs. Richard Reynolds of Lubbock; Mr. and Mrs. J. B. Elliot and son of Amarillo; Mr. and Mrs. Buddy Weller and sons of Fort Belvoir, Va., and friends of the family, Mr. and Mrs. Doc Sibley and daughter of Amarillo.

Keep awning fibers and colors fresh by a suds-and-water scrubbing with a long-handled brush. Then rinse by aiming spray over and under them.

POLLY'S POINTERS

Another Use For Empty Bleach Bottle

By POLLY CRAMER

NewsPaper Enterprise Assn. DEAR POLLY — When I ironed the clothes it used to be a problem keeping the spray bottle from falling off the ironing board. We made a holder for it out of a one-quart plastic bleach bottle. Cut it off at the top to leave a container about 8 inches deep but while doing this leave a flap at one side that is about 1 1/2 by 2 inches in height. Fasten this flap to the end of the ironing board and have no more problems or broken spray bottles.

KATHY

DEAR POLLY — Mrs. C. W. C. asked how she could remove red crayon marks from her

sheets and other White things. I am a registered nurse and once I left a lipstick in the pocket of my uniform when I washed it. Nothing would remove it until my husband suggested that I try packaged color remover and it worked like a charm.

—E. L. R. GIRLS — I have had very good luck using color remover but always remember there is an uncertainty with most any spot removal suggestions due to the length of time the spots have been in the fabric, past treatments and the content of the fabric.

—POLLY

DEAR POLLY — I work for one of the major cross country bus lines and would like to pass on some traveling tips for those who anticipate traveling by bus or other means of public transportation. Always put your name and permanent address on the inside as well as the outside of your luggage; even the pieces you are not going to check. Most ticket offices will have such tags available to you. It is not advisable to check small bags and never check jewelry, medicine, cosmetics and valuable papers.

—JEAN

DEAR POLLY — I have improved a way to dry small items easily. I use an "opened" shopping cart as it is rustproof, ventilated, takes up little space and can be easily moved. I even tied a throw rug, laid across the top, on mine, socks, hankies, baby shirts and even stockings can be laid across the bars all the way down as there is nothing to snag them.

—MARY

There are nine informative chapters on such topics as laundry, cleaning and cooking in Polly Cramer's helpful booklet. MEMOS FROM YOUR STYLIST

by Jackie and Edna

Let's take a quick look at a hair style which is practical and becoming all around the calendar — the brush cut.

This cut requires no setting. It is merely shaped with a hairbrush. It is thinned and tapered, light and airy and particularly good for the hair which stubbornly refuses to hold a curl. Styling it is an easy matter, you simply lift and flip it into place with a brush when wet. Happily, this style is versatile enough to allow a few becoming variations for daytime or evening wear.

Happily, also, women locally have no problem locating a source for perfect handling of this or any other popular hair style. That hardly source is BOB-ETTE BEAUTY SALON, 2110 Perryton Parkway Pampa, Phone MO 5-3591. Full beauty service. Six Operators. Plenty of parking space.

THIS WEEK'S HELPFUL HINT: We hear of a few women who set their hair with cologne for body and a delightful fragrance.

Bob-ette BEAUTY SALON 2110 Perryton Parkway MO 5-3591

Pampan Weds in Tyler Church Ceremony

At 8 o'clock the evening of Aug. 7 in Central Baptist Church of Tyler, Miss Sheila Kay Messer became the bride of Charles Robert Massie.

The bride is the daughter of Mr. and Mrs. D. L. Messer of Tyler. She was graduated from John Tyler High School and attended Tyler Junior College.

Parents of the bridegroom are Mr. and Mrs. George Massie of 1816 N. Christy. He is a graduate of West Texas State University and a member of Lambda Chi Alpha Fraternity.

Rev. Duane Pringle performed the double-ring ceremony before a white arch entwined with greenery. Baskets of white gladioli and pom pom chrysanthemums and candelabra holding white tapers flanked the arch. Music was provided by Mrs. Glenda Walker, organist, and Melvin Sigman, soloist.

Given in marriage by her father, the bride wore a gown of silk organza and chantilly lace over taffeta. The lace bodice was designed with sabrina neckline outlined in iridescents and pearls. The full skirt featured an overskirt edged with ruffled lace that extended to border the chapel-length train. Her fingertip veil was attached to a crown of pearls and sequins. She carried a bouquet of feathered carnations centered with a white orchid atop a white Bible.

The bride's sister, Miss Sharon Messer, was maid of honor. Bridesmaids were Mrs. Pam Ferguson of Dallas and Miss Judy Welk. They wore blue pue de sole dresses styled with fitted bodices, brief sleeves, scooped necklines and gathered skirts. Their headresses were pearl crowns holding scalloped veils. They carried blue feathered carnation nosegays.

Miss Jessie Ott was flower girl and Jack Morris was ring bearer.

Phil Massie, brother of the bridegroom, was best man. Ronnie Vaughn and Lynn Phillips were groomsmen. Ushers were Jim Conally and Kindie Smith.

Mrs. Messer chose a pink lace dress with white accessories for her daughters wedding. Mrs. Massie selected a gold silk dress with green accessories.

A reception followed in Fellowship Hall. The table was covered with a white satin cloth overlaid with net caught at the corners with white organza roses. White gladioli, fuji mums and gardenias in a crystal compote, flanked by crystal candelabra holding white candles, centered the table. Serving in the house party were Misses Diana Deatherage, Francene Heard, Juanita Heard and Barbara Reedy and Mrs. Don Cook of Tyler, and Miss Linda Boles of

Mrs. Charles Robert Massie ... nee Miss Sheila Kay Messer

Houston, cousin of the bride.

Following a short wedding trip, the couple will be at home in Tyler. For travel the bride wore a blue linen suit, black patent accessories, a white hat and a white orchid corsage.

The bridegroom's parents, Mr.

and Mrs. George Massie honored the wedding party with a rehearsal dinner. The event, held the evening preceding the exchange of vows, was held in the Terrace Room of the Carlton Hotel.

Astrological Forecast

By CARROLL RIGHTER

GENERAL TENDENCIES: This is a wonderful day for you to wind up all arrangements, agreements and meetings with others, be they personal, business or any other sort of partnership relationship. Be sure to let others see you are willing to go half-way and they will, to come the rest of the distance for right results.

ARIES (Mar. 21 to Apr. 19) — Get an early start meeting people, exchanging ideas, having happy camaraderie. Forget those individuals who have been quite full of themselves for some time. Find new inspiration, your whole so charming in a m. that you later can entertain perfect hobbies with personal ease and savour faire. Cooperate with coworkers. Get everything done in the time.

TAURUS (Apr. 20 to May 20) — Making your whole so charming in a m. that you later can entertain perfect hobbies with personal ease and savour faire. Cooperate with coworkers. Get everything done in the time.

LEO (July 23 to Aug. 23) — Early shopping and making calls that are necessary will see you way ahead of others today. Get right results. Then off to fun places with congenial and forget petty worries.

LIBRA (Sept. 23 to Oct. 23) — You are feeling exceptionally well today and can make excellent impression on others today. Find some new and interesting outlet. Grow in after personal aims and succeed.

SCORPIO (Oct. 23 to Nov. 21) — Your activities today will reveal what your true position is with those who are important in your life. Have an interesting happy day. Join friends tonight socially too.

SAGITTARIUS (Nov. 22 to Dec. 21) — Some sociability is good for you now, provided you are with true friends, confident. Express your true devotion. Your strong personality sometimes leaves others wondering.

CAPRICORN (Dec. 22 to Jan. 20) — Your presence in public life on this free day and enthusiasm on your part for work to be done improves image greatly. Get credit improved. Plan to have a fatter bank account.

AGNI (Jan. 21 to Feb. 19) — Step out of that comfortable rut and go out to make new contacts, look into new projects, etc. You may find just the right interest you have been looking for. Expand.

PISCES (Feb. 20 to Mar. 20) — You can rely on your hunches now and use the proper psychology that will help you get along much better with others. Plan future intelligently, precisely.

School And You

By SUSAN LIGHT

NewsPaper Enterprise Assn. DEAR MRS. LIGHT: I am a mother with three children in school. My problem may be different from the kind you usually get. The kids, bless them, are doing fine. The trouble is, they make me feel inferior, especially when they get into a technical discussion with their dad. The four of them usually leave me dang'ing.

I was married at 18 and have not had the time or money to continue my education — until recently. My husband is a college graduate climbing the executive ladder, and I know I should make some effort to keep up with him before it's too late. Already my brain feels as though it had a few dozen layers of rust on it.

There is no adult education program in our community. Do you know of any correspondence courses I might take?

—RUSTY

ANSWER: Congratulations on your desire to better yourself and become a more interesting woman. Scientific tests indicate that most women use only one-tenth of their abilities, and you undoubtedly have talents that can be organized and developed. The important thing is to get started.

Is there any reason why you can't move to a more educationally-minded community that offers an adult education program or college extension courses? Nothing quite takes the place of a face-to-face teacher-pupil relationship and the stimulation of fellow students interested in the same field.

If moving is impractical, correspondence courses may well be your answer. A number of colleges, such as Ohio University at Athens, Ohio, offer them. Just recently International Correspondence Schools opened a home study school exclusively for women. Called the Women Institute for Continuing Study, it offers over 200 home study programs in business, professions, technical subject, personal development, and hobbies. The only requirement for enrollment is the completion of at least six years of formal schooling or demonstrated competence in reading and writing.

According to the promotional pieces, the courses are planned to give students personalized instruction and individualized constructive criticism. The texts used are specifically for at-home study, with emphasis on the feminine viewpoint. You can get a catalogue giving complete information by writing to the school at Scranton, Pa. 15515.

Please send your school problems to Susan Light in care of this paper. While she cannot answer each letter personally, letters of general interest will be answered in this column.

An easy and sure way to preserve the quality of bread, sponge and angel food cakes: store them in plastic bags. When well packaged, bread will keep in the freezer for nine to 12 months, and cake will keep about four months.

What Well-Dressed College Males Will Wear on Campus Come Fall Semester

By WALTER LOGAN

United Press International NEW YORK (UPI) — One way for a young man to prepare his college wardrobe is to bone up on a lot of men's style magazines. Another way would be to check with the men's wear buyer at the local store since he spends a lot of his time reading those and trade magazines.

Perhaps the best way would be simply to check with the man who is an upper classman at the same college he plans to attend. But he should also rely on his own sense of taste, keeping in mind that college men are the last bastion of ultra-conservatism.

Starting on the campus, tan, oyster or navy raincoat will get you through most seasons until it gets cold, when you should have a zip-up lining. When it really gets cold there might be a camel's hair loden coat with brass buckles.

And if you want to assert a little individuality try a fly-front raincoat in small checks such as the fabric Galey & (See WELL-DRESSED, Page 19)

Couple Weds in Barrett Baptist Church

Dear Abby....

Never Give Massages With a Beer Chaser

DEAR ABBY: This problem is not mine, it's my sister's. She lives in a housing project where all the neighbors are very friendly. One day a neighbor knocked on her door and said his wife was out of town and he needed someone to help massage his back. He had one of those portable electric massagers. My sister said she'd be glad to help him, so she invited him in and gave him a bottle of beer as it was hot out.

He took off his shirt and she started massaging his back when they heard her husband coming. The neighbor got panicky and hid in the closet, leaving his shirt behind. When my brother-in-law saw the shirt and beer bottle, he went into a rage and started searching the house. When he found the man in the closet, he roughed him up and threw my sister out of the house. Like a fool she went back to him the next day. He is still mad at her and hasn't been a husband to her in over six months. She keeps asking me for advice. I can't help her. Can you?

OLDER SISTER
DEAR SISTER: First explain to your sister that she shouldn't give neighbors massages (with a beer chaser, yet). Then tell her that she can't blame her husband for thinking the worst because the man hid. Then advise her to be on her extra-god behavior. A little coquetry and a lot of patience will win back her sulking husband eventually.

DEAR ABBY: I married a divorced man with three children for whom he pays child support. Recently he set up a college fund for them. There wasn't much money left after taxes, so I went to work. I persuaded my husband to try to get his child support payments reduced, but the judge raised them instead because I was working.

My husband has property and

Broday
(Continued From Page 16)
pom poms and Kyle Adams, bride's cousin, ring bearer, carried the rings on a white satin pillow.

For her daughter's wedding, Mrs. Broday was attired in a floor-length gown of gold brocade with sheath styling. Mrs. Swanson chose a floor-length gown of kelly green chiffon with empire lines. Both mothers carried bouquets of talisman orchids.

Guests were greeted in the entrance of Woman's Forum, Wichita Falls, for the reception held following the exchange of vows. The entrance hall was marked with topiary trees featuring clusters of yellow blossoms, planter boxes filled with yellow chrysanthemums and the registration table, which was covered with a beige faille cloth and appointed with brass candelabra and garlands of smilax and tuberous begonias. The fireplace in the reception suite was enhanced by two French brass candelabra filled with yellow blossoms and smilax swags. The background for the bride's table, covered with a beige faille cloth and appointed with tiered brass epergnes filled with yellow roses and smilax with glowing candle arrangements, was formed by a complete wall of southern wild smilax. The punch tables held swags of smilax interspersed with gold tuberous begonias and green grapes. The bridegroom's table, covered with a beige faille cloth, held a tall brass epergne featuring vibrant shades of fall fruits and garlands of begonias and polished green foliage. Lustrous white pedestals with arrangements of yellow blossoms flanked the doors where the guests departed.

Prior to departing on a wedding trip to New Orleans, La., the new Mrs. Swanson donned a beige silk suit with brown calf accessories. A white orchid corsage completed her ensemble. Upon their return the newlyweds will make their home at 3404 Milby, Wichita Falls, where both will attend Midwestern University.

Out-of-town guests included Mr. and Mrs. J. C. Daniels and Marilyn, Mr. and Mrs. Raymond Nance, Mr. and Mrs. J. R. Holloway and Patsy Lou, and Mr. and Mrs. Joe Cree, all of Pampa; Mrs. H. C. Williams of Houston, bridegroom's grandmother, and Mr. and Mrs. C. R. Goodrich and Mr. and Mrs. Albert Thompson of Dallas.

other assets in his name only. He says I have no right to share in them as he had them before we were married. I told my husband that I would like to quit work and have a child of our own while I am still young enough. He says he has enough fatherhood right now and he prefers that I keep right on working and enjoy HIS children when they visit us week-ends and holidays. My love for him is dying fast. Tell me the truth, Abby, am I . . .

A SILLY FOOL
DEAR FOOL: Only if you think you are.

DEAR ABBY: Parents are always asking their teen-agers to bring their friends home. We would like to, but here are the main reasons why we don't. They are not my own reasons. I have talked to many teen-agers and we all agree that these are the reasons in a nutshell:

(1) Parents encourage their teen-agers to invite their friends over, then stand around with warnings such as there is to be no smoking, close dancing, necking, lights turned off, screaming, or climbing on the furniture. This was all understood before the kids were invited over, so why go over it again and embarrass everybody?

(2) After the rules are recited, the parents run in every few minutes to be sure their rules are being obeyed. Nobody wants to feel that they are not trusted and it will be a long time before kids will go back to a place where they are watched like they just came out of reform school or were headed there.

(3) Parents will pick this time to recite a list of wrongdoings by their teen-ager, and ask the others what their parents would do if they did anything like that.

(4) Parents will let younger brothers and sisters make hash out of a teen-ager's party. And if the teen-ager objects, he is told it is just as much the younger one's home as it is theirs.

Thanks, Abby, for letting us say this. Maybe it will explain to some parents why their teen-agers prefer to meet their friends on street corners, or go to anybody else's home but their own.

SOME CHICAGO TEEN-AGERS

Miss Phyllis Jean Powell, daughter of Mr. and Mrs. R. L. Powell of 236 Miami St., and Roy Lynn Sparks, son of Mr. and Mrs. A. L. Sparks of Floydada, pledged double-ring wedding vows at 7:30 p. m. Aug. 20. Rev. John Ferguson officiated the ceremony in Barrett Baptist Church before an altar decorated with arrangements of lilac and white gladioli and fern, flanked by tree candelabra.

Miss Asenewth Castro of Wayland, pianist, provided traditional wedding selections and accompanied Miss Dianne Phillips as she sang "For You Alone," "Because" and "The Wedding Prayer."

Mr. Powell gave his daughter in marriage. The bride was gown in a floor-length gown of chantilly lace and tulle. The molded chantilly lace bodice featured a scalloped neckline and long tapering sleeves terminating in petal points over the hands. The bouffant skirt was designed with three tiers edged in the chosen lace in front and a panel of the lace embellished the skirt back. Her shoulder-length veil of illusion was secured by a seed pearl tiara. She carried a cascade bouquet of white roses.

Bridal attendants were Mrs. Patsy Havenhill, matron of honor; Mrs. Berinda Walters, bridesmatron, Miss Judy Gully of Claude, bridesmaid, and Becky Scribner and Barbara Murray, bride's cousins, junior bridesmaids.

They were dressed identically in waltz-length gowns of lilac satin with bell skirts and carried nosegays of lilac mums.

Serving the bridegroom as best man was Donald Plumlee of Weatherford while groomsmen were Ronald Plumlee of Weatherford and Gary Gilbert of Hobbs, N. M. Seating the wedding guests were the bride's cousins, Myron and Bill Scribner.

Lighting the cathedral tapers were Miss Debra Murray and Jimmy Moyer, cousins of the bride. Miss Renee Jennings and Miss Brenda Moyer, bride's cousins, attended as flower girls and were dressed identical to

own.

CONFIDENTIAL TO EMIL
IN NORFOLK: Don't get so worked up over the possibility that eventually machines will replace people. There must always be somebody around to kick the machine when it does not work.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

Mrs. Roy Lynn Sparks
... nee Miss Phyllis Jean Powell

the bridal attendants. Ringbearer was Michael Dancy, bride's cousin.

For her daughter's wedding Mrs. Powell was attired in a yellow sheath dress. Mrs. Sparks chose a blue ribbonette dress. Corsages for both mothers were of white carnations.

Guests were greeted in Barrett Baptist Church Fellowship Hall at the reception held following the wedding rites. The bride's table, covered with a white and lilac cloth, was centered with an arrangement of orchid and white lilies. Alternating at the punch bowl were Mrs. L. M. Scribner, Mrs. Shell Gully and Mrs. L. J. Powell and serving the wedding cake

were Mrs. B. M. Moyer and Mrs. T. C. Tosh, all aunts of the bride.

The newlyweds departed for Estes Park, Colo., on a wedding trip following the reception. For traveling the bride chose a three-piece suit of lilac and white locked lace and lifted the corsage from her bridal bouquet.

Mrs. Sparks, a graduate of Pampa High School, is a sophomore major in elementary education at Wayland College, Plainview. Mr. Sparks, a graduate of Floydada High School, is a senior working toward a masters degree in chemistry at Wayland College. The couple will make their home at 1611 W. 9th, Plainview.

Skim and Nonfat Dry Milk Is Safe

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Q — Is skim or nonfat dry milk O.K. to give my family? We are all a little overweight.

A — Skim and nonfat dry milk are actually forms of whole milk with most of the fat removed. One cup of skim milk contains only about 90 calories. Both cost less than whole fluid milk. Skim milk can be bought in containers just as the fluid product. It should be kept in the refrigerator in order for it to retain its freshness.

Nonfat dry milk is the powdered form of skim milk. It can be safely stored on the pantry shelf. Your dry milk product contains all the protein, calcium, phosphorus and B vitamins of the original whole fluid milk to insure needed bone and muscle building nourishment.

Q — Should I refrigerate honey?

A — If it is extracted or comb honey, no. Liquid honey or honeycombs keep best in covered containers at room temperature. The cover is necessary to keep in the aroma and flavor, and to keep out moisture and other odors. But if the honey has been diluted with water or other liquid, then put a cover on the jar and store in the refrigerator. Like other thin syrups, it may ferment or mold if not kept cold.

Creamed honey may be stored at room temperature or in the refrigerator. Keep in the refrigerator if the room is very warm. The honey may partially liquefy if stored at too high a temperature.

Population of New York City was 33,000 at the time of the first inauguration of George Washington as president in 1789.

Fading Suntan

NEW YORK (UPI) — A fading suntan — like a summer romance — is best ended as quickly as possible.

To speed up the process so that the new baby soft skin will emerge in time to complement new fall clothes, beauty experts suggest you try this ritual for a week: before going to bed each night, apply a mixture of lemon juice and baby oil to your face. This is supposed to lighten the skin gradually without drying it.

Londoners Like Hems Longer
London, where the short-short look is said to be going strong, has its problems with the new hemlines. Designers report that although they show their clothes four inches above the knee their customers order them cut longer.

YOUR PHARMACIST SPEAKS

By Joe Tooley and Tom Beard

It was over 200 years ago that Benjamin Franklin, who relied on two pair of spectacles, took half a lens from each, glued them together in a common frame, and came up with the world's first bifocals.

Since Franklin's day, medicine has made great strides in combating serious diseases of the eye, as intricate an organ as the body has to offer.

Cataracts once a dread disease, can now be treated surgically so that over 95% of the patients can expect to regain nearly normal vision.

Not 95%, but 100% of our customers can expect personal attention to their needs. Prescriptions are a specialty, not a sideline at RICHARD DRUGS, 111 North Cuyler Street, Phone MO 5-5747 . . .

Surprise! Teens to Show Faces

TEEN FALL HAIRSTYLES—Hairstyles for fall and winter may, at times, be bizarre to match some of the Paris-influenced styles. Most young women will wear flattering, simple hairdos that comb easily, swing naturally. Hairpieces or postiches (center and right) add touch of sophistication to basic styling. Note long bangs, check curls and chin-length hair give freedom for experimentation to match many moods.

By ALICIA HART
Beauty Editor
Newspaper Enterprise Assn.

This may be the season for the face to show. A famous hairstylist recently spotted a handsome sheepdog and sadly shook his head (the stylist, not the dog). He explained his quick, sad, resigned response to the sight: "If the teen-ager girls with similar shaggy dog hairdos would only look in a mirror. I like to see the fresh, young face. So do other men. What are these young women trying to hide?" His mood brightened as he happily discussed the prospect of the stringy, ironed hair style ruining its course this fall and winter. In its place, he predicts, will be simple hairdos that flatter the young woman. The chic

teen-ager will come out from behind her shaggy "do," he prophesies.

Utter simplicity, based upon a good haircut will be the key. Chin-length cuts, soft bangs but not too long over the brow will be important. This style is set easily with the bangs combed smoothly over the forehead after shampooing. The rest of the hair is set on large rollers to create buoyancy when the hair is dry. Brush the hair and comb in place.

You may want a more sophisticated look. For this pull the hair back behind the ears. Part your bangs and coax them away from the eyebrows on a slight bias with a rattail comb. Pin a simple hairpiece to the crown of

your head for height and to complete the dressy touch for school parties or a dance.

Big TV Bakers

CHICAGO (UPI) — Strange as it may seem, baking is a vital quality control process in making color television tubes. At Admiral Corporation's new color tube plant under construction here, three huge baking ovens 200 feet long and 20 feet wide are being installed.

One gas-fired oven will be used for sealing the front panel to the glass bulb of the 25-inch picture tubes, while an electric oven will be used to exhaust the air from the tubes and a second electric oven will bake out the panel.

Well-Dressed

(Continued From Page 17)
Lord makes for Gleneagles. If you expect to be where it is wet and cold a ski parka is a must. A good bet and fast gaining in popularity is a quilted, hip-length zipper-front parka with a vinyl-coated Mooreville fabric which achieves the "wet lock." It should be big enough to wear over a sports coat or bulky sweater. Sheepskin-lined car coats also are great, often worth the added expense.

Wait and See

One thing to remember: Don't buy everything before you go to school. Wait and see what others are wearing and pick up what you need at the campus shop.

There should be at least one cold weather suit in the wardrobe, and first choice is a navy or dark grey or olive worsted or flannel. The almost universal choice is the three-button "Ivy" cut. A second suit could be a glen plaid, herringbone or tweed.

A novel combination for the budget-conscious college man is a four-piece combination suit of Burlington fabric with reversible vest and an extra pair of contrasting color trousers to mix-and-match. One such combination by H. I. S. is a regular three-piece suit but has reversible vest and contrasting trousers in the same fabric.

A college man needs at least

one sports jacket, possibly two since suits are usually worn only for weekend dates. A good first choice would be a husky tweed followed by a blazer in navy, camel or green. Burgundy-black is a current choice. An individual touch would be to a more "English look" in a jacket with two deep side vents and slanted pockets.

In the sweater department two are an absolute minimum. First choice would be a V-neck pullover Shetland followed by a cardigan. The basic colors are gray, navy, camel and burgundy. New cross-dyed mohair-Orion knits will add a little individuality.

The standard uniform on many college campuses is wheat jeans worn with a variety of shirts, sweaters and sports shirts and jackets. But for each sport coat there should be at least two pair of dress slacks and you should begin with medium-gray flannels. Again: Ivy cut — Belt loops, cuffs, about a 17-inch taper and no pleats. For daily wear consider the new permanent pressed chinos and corduroys and wheat jeans of Erwin stretch denim. If you like a western look Contact Slacks teams wide-wale corduroy, cotton suede, stretch denim with "Eastern" button-down shirts in gingham checks, madras plaids etc.

Altrusa Club of Pampa Enjoys Dinner Meet and Hears Girls' State Reports

BIRTHDAY HONOREE — Mrs. Inez Carter is pictured blowing out the candles on a birthday cake presented her by Altrusa Club of Pampa when the group met Monday evening in the home of Mrs. Irene Smith at 1008 N. Somerville.

Members of Altrusa Club of Pampa were entertained at a dinner meeting Monday evening in the home of Mrs. Irene Smith, 1008 N. Somerville. Twenty-two members and eight guests were present. Invocation was given in unison and Mrs. Libby Shotwell, president welcomed those present and introduced Mrs. Gladys Harkins of Amarillo, Mrs. Wilmetta Alexander and Mrs. Lucille Diez of Borger and Mrs. Viva Burgess and Mrs. A. N. Rogers, guests. Mrs. Inez Carter was feted by the group on her birthday and was presented a birthday cake and gifts. Those present led by Miss Rosemary Lawlor, sang "Happy Birthday" to the honoree and wished her many more happy birthdays. The international relations committee under the direction of Mrs. Ruth Sewell, chairman, has been cooperating with the Altrusa Club of Guatemala to make arrangements for a teen-

Ice Cubes Handy For First Aid

NEW YORK (UPI) — Instant first aid in the home is as near as the refrigerator, according to Dr. Carroll L. Witten, President-Elect of the American Academy of General Practice.

Ice has long been regarded by the medical profession as a domestic remedy which eases pain, controls bleeding and keeps infection from spreading. For the homemaker, often called upon to handle minor burns, insect stings, cuts, splinter removals, sprains or bruises, a knowledgeable use of the ice cube as instant first aid is extremely valuable.

One of its greatest assets, as any mother will testify, is its appeal. Children love ice. Therefore, its use as a soothing balm for youngsters' minor injuries makes mother's job of attending to these everyday emergencies easier. Fortunately, with the efficient ice-making methods of today's refrigerator-freezers — some ice trays even fill themselves automatically — mothers can always be assured to an abundance of ice cubes.

Some Pointers

Here are some "ice-First Aid" pointers recommended by Dr. Witten:

— To relieve the painful sensation that usually accompanies the removal of a splinter, first rub over the area with an ice cube until it becomes numb.

— For mild hand burns, where skin is unbroken and no blisters appear, place hand into bowl of cold water to which ice cubes have been added. For a finger or other small areas, place an ice cube directly over the burned area until it no longer hurts when the cube is removed. As a result, there will usually be very little swelling.

— To relieve the pain of a bee stung, place an ice cube over the sting. (See ICE CUBES, Page 21)

— A white satin kneeling bench, backed by jade palms and flanked by candelabra and arrangements of white gladioli appointed the altar. Mrs. Bonita Reimer, organist, provided nuptial selections and accompanied John Schmidt, vocalist, as he sang "O Perfect Love" and "The Lord's Prayer." The bride, given in marriage by her father, chose a floor-length gown of chantilly lace. The fitted bodice featured a scooped neckline and petal point sleeves. The full gathered skirt fell into a chapel train and ir-

Mrs. William J. Baglio Jr. ... nee Miss Cheryl Renee Wheeler

Double-ring vows uniting Miss Cheryl Renee Wheeler and William J. Baglio Jr. were read by Rev. Bryce Hubbard in the Church of the Brethren at 8 p.m. Aug. 12.

The bride is the daughter of Mrs. Betty Wheeler of 1137 S. Wells and Elmer D. Wheeler Jr. of Dumas. The bridegroom is the son of Mr. and Mrs. William J. Baglio Sr. of Alexandria, La.

A white satin kneeling bench, backed by jade palms and flanked by candelabra and arrangements of white gladioli appointed the altar.

Ruth Millett

New Plot Twists For Real-Life Soap Opera
Newspaper Enterprise Assn.

Newspaper Enterprise Assn. When Elizabeth Taylor and husband, Richard Burton, on a recent train trip to California switched from train to limousine 30 miles outside Hollywood, Burton explained candidly to newspapermen and photographers that they were attempting to "avoid you people."

Well, it's perfectly all right with me (and I assume with a lot of other newspaper and magazine readers) if the Burtons are allowed to sneak on and off planes and in and out of hotels in complete privacy.

As a couple, both before and after marriage, they have had such complete news coverage, that there isn't much the reading public doesn't know about them, their views on each other, and, for whatever they are worth, their views on just about everything else.

As Burton said, on the occasion mentioned above, when asked about his well-publicized marriage: "It seems to be working out all right—at least from my half."

So why don't we accept that, call it a happy ending, close the story and go on to a subplot in this most famous of all real-life soap operas?

As a subplot we might turn to the story of the previous Mrs. Burton who has recently taken unto herself a young, young husband.

Will the ex-Mrs. Burton find happiness with a man so many years younger? When May marries December are the problems greater if the young partner happens to be the husband?

Executive Board of Horace Mann P-TA Plans Year's Work

Executive board members of Horace Mann Elementary School P-TA met Thursday morning in the home of Mrs. Roger Hedrick, 725 N. Wells, to hear Mrs. Gene Snell, president, explain the duties of each board member. Plans for the unit's activities for the up-coming school year were discussed and the treasurer's report was given by Mrs. Paul Turner.

Board members attending were Mmes. Hedrick, Turner, Snell, Doyle Keeton, F. E. Webb, Earl Kyle, C. O. Estes, Warren Thomas, Edwin South-

Bert Queen attended the bridegroom as bestman and Buddy Scott served as groomsmen. Ushers were Richie Patrick and Tommy Beesley.

Mrs. Wheeler selected a beige lace suit and white carnation corsage for her daughter's wedding. Miss Susie Saum presided at the punch bowl and Miss Denise Wheeler served the wedding cake at the reception held following the ceremony in the Church of the Brethren Fellowship Hall. Guests were registered by Miss Kitty Butler.

For traveling to Alexandria, La., on a wedding trip Mrs. Baglio donned an arnel jersey suit in royal blue and lifted the yellow rose corsage from her bridal bouquet. Upon their return the couple will be at home at 618 N. Gray.

The bride, a 1965 graduate of Pampa High School, is now employed by First National Bank. Mr. Baglio, a graduate of Bolton High School, Alexandria, La., is presently associated with Field's Men and Boy's Wear.

Executive Board of Hobart Baptist WMU Holds Study Meeting

Woman's Missionary Union of the Hobart Baptist Church met Wednesday at 9:30 a.m. for mission study. The last portion of the mission book, "Go Home and Tell" was presented by Mrs. Charles Glasscock and Mrs. Glen Watson. Mrs. Glasscock closed the study with prayer.

Following the study a short business meeting was held with Ms. Jimmie Clark, president in charge. Refreshments were served to 13 members and one visitor.

While You Relax And Watch TV

Sam McCallum, a former Royal Air Force Physical Training Instructor, is a living example of what the figuremagic Electronic Stimulator will do to make middle age spread disappear. "I lost 23 pounds and 6 inches from my waist in 60 days," Mr. McCallum stated in a recent interview. "I used the machine just before bedtime while I watched TV. It even helped me sleep better and it makes me feel wonderful. I recommend the machine to anyone who wants to lose weight without going on a crash diet."

This stimulator, invented by Electronics Engineers, causes muscle contraction and increases the metabolism to use up stored fat calories.

The stimulation rate is 115 impulses per second and the tension developed can be 4 1/2 times that of regular exercise muscle contractions. The intensity of the stimulus is easily controlled and makes the machine easy to use by everyone regardless of their present physical condition. It can be used while you rest, read, relax, watch TV or even while driving your car.

Where muscles are flabby, the machine initially will take 1/4 to 1 inch off the hips or thighs and 1/2 to 1-pound of weight in an hour, depending on an individual's problem and how high he can turn the dial.

You can continue to use it to control your weight indefinitely.

These new machines are available for rental or purchase from Figure Magic. Free demonstrations are given in your homes or in the studio, 3318 Western, Suite 105, Amarillo, Texas.

Hours are 10 a.m. to 7 p.m. Monday through Friday; 10 a.m. to 3 p.m. Saturday. Phone Figure Magic FL 5-7401, area code 806, or send coupon to:

Newlyweds Making Home in Amarillo

Mr. and Mrs. William G. Dupree
...nee Miss Suzanne Bates

At 12:30 p.m. on Aug. 15 Miss Suzanne Bates became the bride of William G. Dupree. The bride is the daughter of Mr. and Mrs. H. T. Bates of White Deer and the bridegroom is the son of Mr. and Mrs. A. G. Dupree of Kingman, Kan.

Rev. Darvin Scott read the double-ring vows in White Deer First Baptist Church. Mrs. R. A. Ramming presented tradi-

tional nuptial selections on the organ and accompanied Winfred Walker of Sunray as he sang "Whither Thou Goest" and "The Lord's Prayer."

With the "her mother and I avowal" the bride was given in marriage by her father. She was attired in a street-length two-piece suit of white and a ring feather hat with brief veil, and carried a cascade bouquet of

cymbidium orchids and stephanotis atop a white Bible. As the bride approached the altar she presented her mother with a kiss and a single long-stemmed pink rose.

Miss Nina J. Underwood, dressed in a pink silk suit and wearing an orchid corsage, attended as maid of honor. Best man to the bridegroom was Jerry Cronister of Amarillo and ushers were Robert Sherrard of Amarillo and Tommy Dittberner of Panhandle.

For her daughter's wedding, Mrs. Bates chose a beige linen dress with beige accessories and a corsage of pink sweetheart roses.

Following the wedding ceremony a wedding dinner was served in the church dining room by friends of the family. Out-of-town guests included Mr. and Mrs. Jesse Blakeway of Amarillo; Mr. and Mrs. Henry Fuller, Mr. and Mrs. Ray Roles and Miss Claudia Everly of Pampa; Mrs. Richard Fancher and Cindy and Timmie of Spearman, and the bride's uncle and aunt, Mr. and Mrs. H. T. Magers of Abilene.

The newlyweds are making their home at 2802B Duncan, Amarillo, where the bride is employed as secretary to Highland Homes and the bridegroom is principal of South Georgia Elementary School.

Ice Cubes

(Continued From Page 20)

Ice also offers first aid for the rough and tumble of children's games. When a shin is kicked, a sprain occurs, or an eye bruised, applying ice cubes instantly over the injured area will help constrict blood vessels and thus control bleeding.

—If someone in the family has a backache that's due to simple muscular strain, an application of ice can often relieve it. For such large areas, place cracked cubes in a fluffy towel (or ice bag).

—If a stray mosquito zeroes in on one of the brood, reach for a cube. Many skin irritations can be relieved by an ice cube, including the itching of insect stings.

—For nosebleed, hold the affected nostril closed with one finger, tilt the head to the opposite side and apply an ice pack on the neck just below the cheek on the side that's bleeding. Continue with intermittent application. The ice pack can be transferred to the temple to prevent discomfort for the patient. Continue with application at either location until the bleeding is checked.

Dump the children's sandbox toys into a pail of sudsy water and swish them around to loosen sand and dirt. After rinsing, load them into a perforated plastic bag to dry so they will be together for the next day's play.

REPEAT VOWS -- Sharylon Kay Robinson and Pvt. 2nd Class Tommy Clinton repeated double-ring vows at 6 p.m., July 24 in Amarillo Air Force Base Chapel. The bride is the daughter of Mr. and Mrs. C. L. Trussell of Amarillo, former Pampan, and the bridegroom is the son of Mr. and Mrs. L. T. Clinton of LaPort. Attending the couple were Mrs. Teddy Malone of Pampa, matron of honor, and Pvt. John Mouton of Amarillo Air Force Base. Mrs. Clinton will make her home in LaPort while her husband serves with the U.S. Air Force in Viet Nam.

We're Not All Mods
The Mod look threatens to take over the country by storm. But watch it don't wear it, if you're over 20. It's a young look and belongs to teen-agers, not to adults, even those with junior petite figures.

Spearman Church Is Scene of Nuptials

FIVE GENERATIONS -- Pictured are five generations of the family of W. L. Crawford of St. Francis, Kan. Shown seated, left to right, are Mr. Crawford holding his great-great granddaughter, four-month-old Laureen Forestal of Austin, and his son, Everett Crawford of Skellytown. Standing are left, Mrs. Crawford's great-granddaughter, Mrs. Lawrence Forestal Jr. of Austin, and his grandson, Harold Crawford of Skellytown.

Before an archway covered with emeralds and springerl highlighted with white satin bows, Miss Vicki Lynn Wilde, daughter of Mr. and Mrs. John R. Wilde of Spearman, became the bride of Charles Ray Adkison, son of Mr. and Mrs. Arthur Adkison of Spearman. Vows were exchanged Aug. 14 at 3 p. m. in the sanctuary of Spearman First Baptist Church with the Rev. Luther Berry, pastor officiating.

Mrs. Marvin Jones, organist, played traditional wedding selections and accompanied Paul Barrett, Pampa, uncle of the bride, as he sang "Because" and at the close of the service, "The Wedding Prayer."

Escorted to the altar and given in marriage by her father, the bride wore a formal gown of white satin and lace designed with a fitted bodice of reem-broidered lace with a scalloped neckline which came to a point in back. Long tapered sleeves ended at petal points over the wrists and the four-tiered bouffant skirt was highlighted with a band of lace matching the bodice. Her elbow-length veil of silk illusion fell from a princess crown of pearls and sequins and she carried a bouquet of pastel carnations atop a white satin covered Bible. The bride presented a flower from her bouquet to her mother and the mother of the bridegroom as she approached the altar. Carrying out the tradition of something old, new, borrowed and blue, the bride wore the gold wedding band her grandmother, Mrs. Allie Barrett of Pampa, wore 57 years ago at her wedding.

Miss Barbara Wilde, sister of the bride, was maid of honor. She wore a sleeveless street-length dress of blue taffeta fashioned with a rounded neckline and bell shaped skirt. Bridesmaids were Misses Darla Adkison, sister of the groom, Helen Greever, and Martha and Cheryl Barrett of Pampa, cousins of the bride. Candlelighters were Glenda Adkison, sister of the bridegroom, and Ellen Barrett of Pampa, cousin of the bride. The attendants wore identical dresses in pastel shades of taffeta and small matching hats with circlet veils. Each attendant wore a single strand of pearls, white wrist length gloves and carried a long-stemmed carnation matching her dress.

Miss Eva Rena Lee of Odessa, niece of the bridegroom, was flower girl and Timmy Fancher was ring bearer. Keat Nickles served the bridegroom as best man and groomsmen and ushers were Harrel and Darrel Adkison, brothers of the bridegroom, and Gary and Ronald Gray. Mrs. Wilde chose for her daughter's wedding, a tailored blue two-piece suit trimmed in white with which she wore matching accessories. Mrs. Adkison, mother of the bridegroom, wore a navy and white polka dot dress with a navy sleeveless

Mr. and Mrs. Charles Ray Adkison
... nee Miss Vicki Lynn Wilde

coat and matching accessories. Wedding guests were registered by Misses Mae Bell Witcher and Bethany Donnell.

Reception guests were received in the Fellowship Hall of the church following the ceremony. The bride's table, covered with a pale green cloth, was appointed in silver and crystal. Misses Margot Kilgore and Karen Gibson presided at the punch service and Mrs. Ted Scroggs and Miss Robbie Owenby served the three-tiered wedding cake which was topped by a miniature wedding couple standing under an archway of white roses.

When the couple left on their wedding trip to Colorado, the bride wore a three-piece charcoal and white striped suit with white accessories and the corsage from her bouquet. Following their wedding trip, the couple will be at home at 205 James St., Spearman.

The bride is a 1965 graduate of Spearman High School and the bridegroom is a graduate of Shidler, Okla., High School. He is employed by North Plains Implement Co.

Out-of-town wedding guests included Messrs. and Mmes. Raymond Barrett and family, Jack Alexander, Park Brown, Paul Barrett and family, Floyd Barrett and family, M. H. Keyser, Maurice Newton and Mmes. Y. E. Turnbo, Betty Marak, Glenn Andrews and A. L. Poore, all of Pampa; Messrs. and Mmes. R. E. Lee and family of

A Good Night's Sleep Does More For Milady Than Best Cosmetics in World

By GAY PAULEY
UPI Women's Editor
NEW YORK (UPI) — "No makeup in the world can substitute for a good night's sleep."

That is rule number one in a new publication on cosmetics, hair, diet and dress—one that operates on the honesty's the best policy approach to such matters.

Take a close, hard look at the "unvarnished you," says the booklet.

"Don't expect a girle to cancel out weeks of over-eating any more than your cosmetics can camouflage the effects of several sleepless nights. Both should be thought of as beauty helpers, not magicians."

"Forget about bringing out your good points and minimizing your bad ones. Your best features speak for themselves. The trick is to turn problems into beauty potentials."

"There is no perfect facial shape. It's nice to be born with oval face, but most of the world's beauties have not been so blessed."

The booklet, "Mirror-Mate," is the joint effort of a foundation manufacturer (Gossard-Artemis) and a cosmetics expert. Svd Simons, of Chicago, and will be free in lingerie and foundation departments of stores across the country.

From its makeup section come other observations: "In selecting cosmetics and hair style, consider height, weight and activity. A bubble coil might be a smash at a dance, but it's less than cool behind college or career desk, and it's absolutely out if you are very short, very tall, very heavy..."

"Be scrupulously clean about all makeup aids. Keep powder puffs immaculate, wash comb and brush weekly, don't let your lipstick..."

"Never put new makeup over an old, tired layer. If you make up at midday away from home, carry the same shades

you picked in the morning. "Lipstick and eye shadow should be selected to complement your costume or a special accessory, not your own eye or skin color."

"If your skin is normal or dry always use a liquid makeup base that matches the shade of your skin. If you feel you must give your complexion a lighter or darker tone, never go more than one shade in either direction."

"When applying makeup base blend it in around the chin and jaw line on to the neck." Leave no tell-tale makeup line.

Save those waxed liners in cereal boxes. They are excellent for bringing crumpled or limp veils back to life. Wipe the liner clean, lay it out flat on top of the veil and press with a warm iron.

The "flip skirt" by Boe Jests of New York is two or more smart and sporty outfits in one. Without removing it, a female simply unties the skirt, flips extra panels around her and, presto, a whole new look. For fall, the skirt features gray flannel and rust paisley on its two sides. It also comes in camel flannel and red paisley. Matching paisley blouses have long sleeves, a rounded collar and button down the back.

Even if you can't afford to buy, take a look in the really expensive dress departments before starting your fall buying. A look at good materials, careful tailoring and couture styling will sharpen your eye for picking out the best inexpensive numbers on other floors.

The Doctor Says:

By WAYNE G. BRANDSTADT
Newspaper Enterprise Assn.

A mother writes that her 15-month-old daughter had meningitis at age 6 months and has been taking phenobarbital ever since. She has had no convulsions since she started taking this drug. This mother wants to know whether the drug is habit-forming and whether the disease causes permanent brain damage.

Because a severe attack of meningitis may be followed by convulsions resembling those of epilepsy, phenobarbital is frequently given. Although this drug is habit forming it is, in many ways, the best drug for the control of these convulsions in children. It is considered harmless in the prescribed dosage and the advantages outweigh the disadvantages.

After this child's seizures have been controlled for one year, it would be wise to have a brain wave test made to see whether or not it is necessary to continue with the drug.

The question of brain damage may be linked with another complication of meningitis—hydrocephalus or water on the brain. The child's doctor can determine whether this has occurred. If so, early operative treatment may prevent brain damage.

Another form of brain damage that sometimes follows meningitis results in behavior disorders. Only time will tell whether such disorders are present and even then meningitis would not necessarily be the cause.

Q—My son, 3, is allergic to strawberries. He breaks out in hives if he eats a piece of the size of a split pea. Last week he ate a piece of chocolate candy and got the same reaction. Is there any strawberry in chocolate?

A—Many persons have allergies to two or more foods. If your son ate nothing containing strawberries at the same time he ate the chocolate, he is probably allergic to both foods.

Q—Is there any truth in the rumor that feeding a baby carrots will cause him to have a dark complexion?

A—No. An excess of carrots in the diet may cause yellowing of the skin but this will disappear when the carrots are removed from the diet.

Q—My daughter has been taking thyroid pills daily for a long time. Recent tests showed a normal thyroid function. On this basis, couldn't she stop taking the thyroid pills? She is also taking water pills. Why?

A—Your daughter's thyroid is not normal. Her thyroid function is normal only because she is taking thyroid extract. A thyroid deficiency causes water to collect in the tissues. This is the reason for the water pills.

The newest thing in back-to-school shoes: the Ghillie-Tie Loop. This makes eyelets outdated, according to Herbert Posner, head of his own shoe firm. What else is new afoot for children: shoes of lustrous, though durable, nylon velvet. The most popular colors: red and black.

Buy Convertible Sofa for Both Design, Comfort

By AILEEN SNODDY
Newspaper Enterprise Assn.

The need for extra room in a house or apartment tests the individual who shops for a "sleep sofa" because the item in a sense is a "blind" product. Everything that is essential to the life of the unit is hidden—the sofa and bed frame and the filling of the mattress.

For this reason, an East Coast manufacturer suggests some approaches to buying these dual-purpose units. Style, comfort, attractiveness and ease of operation are equally important considerations when buying a convertible sofa. You may use the unit in a one-room apartment or as the "second bedroom" in the living room for guests. This means it must be comfortable for sitting and sleeping.

Manufacturer Bernard Castro started as an interior decorator and got into the manufacturing end of the business in the 1930s when his customers asked him to remodel their davenport. He says he saw the need for well-designed, yet comfortable, sleep units and built his company around this demand. Leaning upon his decorating back-

The Mature Parent Injustice Should Not Be Sugar Coated

By MRS. MURIEL LAWRENCE
Newspaper Enterprise Assn.

DEAR MRS. LAWRENCE: I want to register strong disapproval of what you said to the mother of the boy whose grandmother shows preference for the boy's younger brother. No parent should allow a child to be unjustly treated in his own home by anyone, no matter who it is. If I were the parent of a child whose grandmother could not treat him fairly, I would ask her to either change the treatment or stay at home.

ANSWER: So would I. Where did you get the idea that I advocate allowing grandmothers or anyone else to treat our children unjustly? I don't. But defending a child's right to justice is one thing. And insisting on his right to preference is another, quite a different thing. The law requires us to deal justly with all our neighbors. However, it has no jurisdiction over our preference for Mrs. Smith to Mrs. Jones. It can command our just treatment of Mrs. Jones but its power ends there. It cannot command us to feel the identical affection for her that we feel for Mrs. Smith. Neither can we command identical affection for our children from our relatives.

As nobody can always be the favorite child of everybody, children have to accustom themselves to living with this truth by learning to share the favorite child status with brothers and sisters occasionally. If they do not learn to take this truth in their stride, they experience great suffering as they discover that the world does not regard them as its favorite child. The point of the column to which you refer was the mother's denial of the grandmother's preference for the younger boy—a preference which was known to his brother. My view was that by denying it she made that preference seem a cruel and outrageous experience to him when it needed to be made what it was—ordinary, everyday experience. I am sorry that I gave the impression that I think it's fine to "indulge relatives' unjust treatment of children. However, we ourselves treat them unjustly when we lie to them about somebody's preference for a brother or sister of which they are aware. We disturb their trust of what their own senses tell them—a trust that is as essential to them as justice. If they're entitled to fairness, they are also entitled to the truth from us whenever we know it well enough to tell it to them.

Before applying a fresh coat of paint to a window sash, scrape away loose or peeling old paint. Then rub the wood with sandpaper. Finally, scrub both the sill and sash with thick soap or detergent suds to wash away surface dirt.

Garcia-Wariner Wedding Is Solemnized

Mr. and Mrs. Arnold Roy Wariner
... nee Amelia Galvan Garcia

Rev. Charles J. Welter, C.M., read double-ring rites at 7:30 p.m., Aug. 20 in St. Vincent de Paul Catholic Church uniting in marriage Miss Amelia Galvan Garcia, daughter of Mr. and Mrs. Jose W. Garcia of 304 W. Atchison, and Arnold Roy Wariner, son of Mr. and Mrs. Milburn J. Wariner of Lefors.

Attired in a floor-length gown of lace over taffeta, the bride was given in marriage by her father. The molded bodice of the gown featured a rounded neckline, long petal point sleeves fastened with miniature buttons, a bow at the center front waistline. The bodice came to a point at the back waistline and was fastened down the back with miniature buttons. The softly pleated skirt terminated in a chapel train. Her shoulder-length veil of illusion was edged in the chosen lace and fell from a leaf designed seed pearl tiara. She carried a cascade arrangement of white southern mums centered with gardenias.

Bridal attendants were Mrs. Ted R. Cole, of Dodge City, Kan., matron of honor, and Mrs. John R. Trout of Long Beach, Calif., bridesmatron, both sisters of the bride. They were dressed in gowns of orchid brocade with matching sleeveless jackets and carried bouquets of white feathered mums and orchid pom poms. James' D. Wariner of Guyton, Okla., served his brother as bestman while another brother, Johnny A. Wariner of Lefors served as groomsman. Ushers were Jerry Don Wariner of Lefors, bridegroom's brother, and Michael Wariner of Garden Grove, Calif., bridegroom's cousin.

The bride sang "On This Day Oh Beautiful Mother" as she placed a bouquet on the altar of the Virgin Mary.

The "Processional" and "Recessional" by Rosini was presented by Mrs. Jack D. Edwards, organist, who also accompanied Miss Frances Ann Clarke of Lefors as she sang "On This Day Oh Beautiful Mother" by Limbilotte and "The Lord's Prayer" by Allen Caron. For her daughter's wedding Mrs. Garcia chose a dress of

MILLS-NICHOLS -- The engagement and approaching marriage of Miss Ladella Gail Mills and Luther B. Nichols is announced by Mrs. Jackie Mills of 1352 Garland, mother of the bride-elect. The prospective bridegroom is the son of Mr. and Mrs. L. B. Nichols of 2710 Navajo Rd. The wedding will be solemnized in late September in Central Baptist Church.

The new Mrs. Wariner donned an orchid dress with long sleeves and full skirt, embellished with lace appliques, for traveling to Oklahoma City, Okla., on a wedding trip. She lifted the corsage from her bridal bouquet.

The bride, a 1958 graduate of Pampa High School, was employed as a cashier at Montgomery Ward prior to her marriage. Mr. Wariner, a 1958 graduate of Lefors High School, attended West Texas State University and Panhandle A&M. He has been serving with the U.S. Navy for five years. The couple will make their home at 1918 A. Dunbar St., Charleston, S.C.

PRE-NUPTIAL EVENTS
A shower was given on Aug. 9 in honor of the bride. The event, held in Citizen's Bank Hospitality Room, was hosted by Mrs. George Railsback, Mrs. John A. Thompson and Mrs. Carl Caldwell.

Although skirts will be short for fall, take into consideration your over-all appearance before you buy a dress that will make you look ridiculous. If your legs are less than perfect, better keep your skirt at least knee level.

If you plan to store cheese for a length of time, moisture can be retained by wrapping it in damp cloth. Use textured, nylon thread in sewing knits to give elasticity. Read the News Classified Ads

The Pampa Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

The Value of Freedom

It has often been remarked that men tend to ignore the importance of freedom until they are partially or totally enslaved. Then and then only do they grasp its importance and bend every effort to regain what they have lost. The old adage about never missing the water until the well runs dry, is apropos.

This apparently perverse development is both true and where men lack sufficient information, unavoidable. The fact is that all of us value things subjectively, and that which we have in plentiful supply and without effort is downgraded on our value scales. If, however, the item becomes scarce and difficult to stand in our path to attain it, then our valuation of it rises and we will make almost any amount of effort to get it.

This method of evaluation, predicated upon difficulties and scarcity, is common to all men. But the informed man can practice self-discipline, recognize that these factors are acting in him, and thus retain his sense of values to a larger degree than others less informed.

We might point out that a value scale is, to at least some degree, subject to individual control. And the men and women who place certain types of virtue or behavior at the top of their value scales and keep them there with some consistency, invariably become the most trustworthy, the most reliable, the most worthy.

This is particularly noticeable when it comes to handling money. Most people could be considerably better off financially than they are. But when their earnings are high, they tend to devalue the importance of money and spend it rapidly. Thus, if their earnings drop, they are caught short and suffer needless privation and hardship.

The man who has learned self-discipline in the handling of his money always manages to save a little, irrespective of his income size. He knows that even if he earns only a few dollars, his condition is better off with these few than if he had earned nothing. Therefore, he keeps in his mind the possibility of non-earnings and saves some of his meager supply just in case he can earn no more. If this same concept of value concerning money is held relatively steady, then this man is on his way to independence, wealth and possibly financial influence.

The men who have made remarkable success in finances have had this ability to retain a grasp of the importance of a single dollar, even when they had many dollars. But most persons who have been impoverished and who suddenly come into a more plentiful supply of money, will waste it.

We might point out that the preservation of a capitalistic system and the kind of life we believe to be the best life available for our species, within the framework of our present technology will depend, now and in the future, upon the development of enough men and women with a truly capitalistic outlook. And the capitalistic outlook understands the meaning and value of a dollar and retains a more or less steady appreciation of its potency.

Since it is obviously true that some people can come to appreciate the value of a dollar, it must also be true that some people can come to appreciate the value of freedom, even when freedom is an accepted way of life. And the ability of some to retain their appreciation and high value regard for freedom, will be the only guarantee we ever have that freedom can be retained for any period of time.

Looking at our present situation we can readily see what is happening, if we keep the foregoing in mind. The nation is now sharply divided along politico-economic lines. There are those who feel that our current practice in these areas is pretty good. Those who believe this way are those who are either obtaining some advantages through the curtailment of the freedom of others or, at least, have not experienced a personal curtailment of their own freedom without some kind of satisfactory compensation.

But those who are objecting to the present situation are those who find their own freedom curtailed. Hence, freedom is becoming more valuable to them, since they have lost some of it. And they constantly experience a sense of frustration when trying to communicate with those who are not suffering a loss of freedom, since the respective value judgments of the two groups are far afield.

The reason those who support freedom are becoming more and more vocal is that more and more persons are being injured by the loss of their freedom. The hope will have to exist that once freedom is regained, at least to some degree, those who obtain it will continue to value it highly even if it becomes a constant.

It's Up To You

By HOWARD KERSHNER

VOTING RIGHTS

Most Americans agree that the right to vote should not be restricted on account of race or color. Our Negro citizens have as much right to the franchise as the rest of us. The real questions are how to increase the capacity of all citizens to vote more intelligently and who, because of low intelligence, lack of preparation or character, shall be adjudged unworthy of the honor. Race and color are of no help in determining who shall be entrusted with the ballot.

One must master the contents of a manual and pass a rigorous test before receiving a license to drive a car. One must undergo rigorous, long continued training and pass a searching examination before being allowed to practice medicine, law, or engage in any of our leading professions.

Voting is the highest act of citizenship. If we require proof of competence and character before one participates in other aspects of American life, surely the requirements should be no less for discharging the highest responsibility of all — the right to vote. We have long believed that our free Republican form of government cannot permanently endure if the right to vote is to be exercised by every adult regardless of intelligence, character, and preparation. Like the others we have mentioned, this right should be earned. The fate of this Republic should not be entrusted to men and women who have failed to demonstrate their worth and competence as citizens, nor to those who are unwilling or unable to prepare themselves properly for the awesome responsibility.

In our opinion, no person, Negro or white, should be permitted to vote who cannot pass an examination on the history and civil government of our country, the Constitution upon which they were founded and the debates of the founding fathers concerning the institutions they were establishing. This would be fair and just to all, though it would rule out many people of all races. It would disqualify very few normal people who are willing to study hard either in our schools or by extracurricular reading, in order to qualify. Can we expect less of those who aspire to hold in their hands the fate of our Republic?

Should a criminal be permitted to exercise the franchise unless and until he has atoned for his mistakes and demonstrated his worth? Should those who have habitually lived on welfare hand-outs be permitted to determine, through the exercise of the right to vote, how much of the property of the self-supporting they may appropriate for their own use? Should one who habitually pays no taxes be permitted to decide how much the rest of us shall pay?

Let us all, white and black alike, join hands to devise means of preparing ourselves to discharge the heavy responsibility of the franchise. It will be difficult to devise tests that are impartial and adequate, but our survival as a nation of free people depends upon solving this problem.

HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senator and representatives in Washington and Austin. Here are their addresses:

(FEDERAL)
Rep. Walter Rogers, House Office Bldg., Washington 25, D. C.
Sen. Ralph Yarborough, Senate Bldg., Washington 25, D. C.
Sen. John Tower, Senate Office Bldg., Washington 25, D. C.

(STATE)
Sen. Grady Hazelwood, Amarillo, Texas.
Rep. Grainger McIlhenny, Wheeler, Texas.

GOP Finance Chairman
Lucius Clay Hopes to
Unify Party Fund
Raising

PAUL SCOTT

WASHINGTON, — Republican National Finance Chairman Lucius Clay has his work cut out for him "unifying" the party's fund-raising activities.

Privately, GOP congressional campaign leaders are decidedly cool to the plan announced by the retired general after the Finance Committee's meeting here last week, that all fund raising and disbursing be centered in the National Committee.

House leaders particularly averse. Senate chiefs, while skeptical, generally are prepared to wait and see what happens. Financially, their campaign committee is in pretty good shape with some \$300,000 derived from the \$500-a-plate dinner honoring Floor Leader Everett Dirksen, Ill., in April. It has been years since they've gotten any money from the national committee, but are willing for a while to give Clay a chance to produce.

The House leaders have no campaign funds. They will gratefully accept all his help. But they have no intention of relaxing and letting him take over their fund raising. Far from it. They propose to continue going their own way as they have so successfully under the forceful leadership of Representative Bob Wilson, Calif., chairman of both the eight-member House Campaign committee and the Boosters Club — whose finances are booming.

The Boosters Club, with a \$2 million goal for the drive to recapture House control, already has more than \$700,000 from 11,000 to 13,000 memberships. These funds are earmarked strictly for the 1966 campaign. And the campaign committee has more than half of the \$900,000 estimated for this year's operating costs — with more coming in steadily. Principal source is the committee's lively newsletter selling at \$25 a year. More than 35,000 subscriptions have been sold, and scores are coming in daily.

MAKE OR BREAK—General Clay's ambitious plan to put all Republican fund raising under the National Committee's roof faces a crucial test in October. The outcome of some fifty \$100-a-plate dinners throughout the country on Oct. 14, to celebrate the 75th birthday of former President Eisenhower, will largely determine Clay's prospects of making good his aim to raise \$5 million by early next spring.

Of this total, \$1.7 million is what he terms a "basic budget" to finance the National Committee; and \$3.3 million a "victory budget" devoted entirely to the 1966 congressional battle.

Clay believes he can turn the trick. But he frankly admits it's a toss-up. "If the National Committee can establish a sound financial base," he says, "then the fund-raising efforts of the congressional committees can be eliminated. But if we can't establish a good base, then the con-

gressional committees will doubtless continue their separate fund-raising activities."

As they have been doing that effectively for some years, it will be nothing new for them. They're already at it.

GOP FLASHERS — Former Vice President Nixon is the leading fund raiser of the Republican Boosters club in its drive to raise \$2 million to regain control of the House. Representative Wilson, Club chairman, has designated 70 so-called target cities for special efforts to enroll 11,000 to 13,000 members. Nixon has expressed willingness to personally address meetings in these cities or to make appeals by telephone. So far he has made talks in some 20 of them. Nixon's vigorous support is winning him a lot of favor among GOP congressmen and local party leaders.

Mark Clark, son of General Mark Clark, U. S. commander in Italy in World War II, has a political patronage job on Capitol Hill as a part-time policeman.

The "Wednesday Club" comprising about a dozen GOP liberals, headed by Representative John Lindsay, New York mayoralty candidate, is preparing a hard-hitting report on U.S.-Canadian relations. The study will propose three measures: Formation of a free trade zone between the two countries; Canadian membership in the Organization of American States; joint U.S.-Canadian formulation of defense and foreign policies.

Says Representative Stanley Tupper, Me., spearheading this project, "No area will be tabu in our report. We are pulling no punches on anything." Other members working on the study are Representatives F. Bradford Morse, Mass., Robert Ellsworth, Kans., Ogden Reid and Frank Horton, N.Y., Charles Mathias, Md., . . . Senator Roman Hruska, Neb., is credited by insiders as having the best chance of succeeding Senator Everett Dirksen, Ill., as Republican leader, if poor health forces him to step down.

STILL MARKING TIME—The new Senate Committee on Standards and Conduct — popularly known as the "Ethics Committee" — finally had a meeting, but it didn't amount to much. Outside of some general discussion about the scope and functions of the committee, nothing was accomplished. Not even a chairman was chosen, owing to the absence because of illness of Senator Eugene McCarthy, D., Minn.

Senator John Stennis, Miss., senior Democrat, is the most likely choice. But formal action was laid over until the next meeting — whenever that is. No date was set. Only reason this first, unannounced meeting took place was the persistent prodding of Senator John Sherman Cooper, R., Ky., whose resolution created the committee as a direct consequence of the Bobby Baker scandal. As a member of the Rules committee, Cooper was

Pull Up A Chair

By Frank Markey

There was smoke but no fire at the national convention of the Cigar Smokers of America held at Newport, R. I., last week. Things were so harmonious President Bob Donaldson used a musical director's baton instead of the regular gavel. The only political tinge was unanimous adoption of a resolution to seek repeal of a 1672 Massachusetts Blue Law prohibiting tobacco smoking in any inn, tavern or public buildings and for which offenders would suffer a stiff fine. Gen. Israel Putnam, Revolutionary hero, was accorded posthumous membership for having introduced cigars in this country 200 years ago. And the delegates blew smoke rings in silent tribute to the late Sir Winston Churchill while puffing on his favorite brand of cheroots, shipped to the convention from Denmark. There were also two contests that resulted in two new national champs: one succeeded in getting the longest ash on his cigar and the other blew the biggest and best smoke rings.

Today's smile: A Boy Scout was asked if he had done his good deed for the day and he replied: "Yes. Me and four other Boy Scouts carried an old lady across the street." His questioner asked further: "Yes," said the Boy Scout, "she didn't want to go."

American gals might still be wearing pantaloons beneath their dresses if it wasn't for a reformer of women's clothing styles in the middle 1800's. Her name was Amelia Jenks Bloomer, and she contributed more than her name to American womanhood.

Thoughts while shaving: We hear so much about switchblades in the hands of young thugs today that it makes us wonder if anyone carries a penknife any more. Once the well-dressed man carried one in his vest pocket, not for assault or defense, but for other practical purposes, such as the reason it got its name. It was used to sharpen the points of quills used in writing. . . A North Carolina reader writes to ask if it is necessary to engage a lawyer to secure a patent on an invention. The law does not require it, but it might be a good idea for any embryonic inventor to engage a legalite who specializes in patent applications. The U. S. Patent Office will supply a register of such attorneys upon inquiry

one of the investigators. In the committee's general discussion, there was agreement on two points: That the group was not set up to act as a "gestapo"; that its function is to investigate after receiving complaints, and not to dig up cases of its own. So anyone who has a complaint against senatorial wrongdoing, the Committee is ready to look into it — presumably! Other committeemen are Senators Mike Monroney, D., Okla., Wallace Bennett, R., Utah, James Pearson, R., Kans.

EVERYBODY'S BUSINESS

Should a Man Own a Gun? What About the Christian?

By SAM CAMPBELL
Business Editor

Some men suppose that civilization relieves them of the necessity of self defense, and some think that God does.

The first hallucination was shattered by the Los Angeles insurrection in which a handful of incendiary - wielding guerrillas tied down one of the world's largest and finest police departments.

As to the second, preposterous theories once more are being pieced together to justify preposterous behavior. Among these is the notion that Christian parents discharge their duty to offspring and to one another by maintaining an air of piety and by ignoring ordinary precautions (such as owning a gun) during extraordinary peril. Reason and Scripture alike explode the myth.

Logical Conclusion

Carried to its logical conclusion, the theory that a man delegates to civic authority responsibility for his security means that he must rely on someone else to look both ways when he crosses a street. For if he takes upon himself the duty of self preservation in the humble actions of day - to - day life when danger is least, it may be reasoned that he does not abandon that instinctive function when danger is great.

As to the Christian, he hardly can expect to escape judgment because he employs others to do what he considers sinful. The police are but his agents; if he does not forbear to summon police when police are available, he ought not to hesitate to use the facilities that God conferred upon him when the police are NOT available. The rightness of the police to act for him is no greater than the rightness of him to act for himself.

Use Forbade

Christ volunteered to lay down His life, yet took with him armed men to watch when he went to Gethsemane (Luke 22:38, 39). True, when the appointed time arrived, he forbade the use of the weapons they carried for the reason that the record must show he gave up life willingly. He also admonished that "all they that take the sword shall perish with the sword."

You may ask what good it will do to possess a weapon if religious scruple forbids you to use it. My answer, in part, is that the enemy can see your weapon, he cannot see your scruple. The rest of the answer is that the rightful purpose of arms is to deter combat, not to engage in it.

The person who constrains himself to passivity when he sees his children put to the assassin's knife is less than the beast who by instinct fights to the death for its young. He has the form of fatherhood, but not the substance.

In the pre - revolutionary conditions in America today, the Communist plotters have demonstrated their ability to neutralize police protection. But when citizens possess the means to protect themselves, the very reason for neutralizing police power becomes obsolete, and the enemy's problem is greatly complicated.

He who would act to save his child in the moment of peril acts no less morally if he acts ahead of time to prevent peril. He who neglects to act invites the catastrophe that foresight would avert.

God wrote into creation the law of self preservation. If He had not, the universe would have committed suicide long ago. Self defense is everybody's business.

Hunt for Truth

By H. L. HUNT

JEFFERSON AND THE COLLECTIVIST STATE

The place of Thomas Jefferson, one of the great architects of American liberty, in the minds and memories of his countrymen has altered in strange ways through the years. When he died on July 4, 1826, the fiftieth anniversary of the signing of the Declaration of Independence which he wrote on the identical day as John Adams of Massachusetts, his great colleague in creating American liberty, they were revered by all. Later, when fundamentals became obscure in changing philosophies, Thomas Jefferson tended to be forgotten. Some claimed a greater admiration for a lesser man, Alexander Hamilton, advocate of a highly centralized government.

In the 1920s and 1930s Jefferson was honored anew as a champion of the people and their rights. His reputation and record were skillfully misused by many whose collectivist ideas and actions would have horrified Jefferson. America's greatest advocate of individualism, numerous books were written about him, and the beautiful Jefferson Memorial was dedicated in Washington in 1943.

Now the memory of Thomas Jefferson is fading again. We hear far less about him, and the one-time flood of Jefferson books is now a mere trickle. Those seeking to replace the Republic he helped create with a total collectivist state should ponder his words engraved on the Liberty Pole in Union Square, New York City: "How little my countrymen know what precious blessings they are in possession of and which no other people on earth enjoy."

There was never anything about Jefferson's nature which could have been tolerant of communism. Thomas Jefferson belongs to America and Freedom. Let us rededicate ourselves to the magnificent oath he took: "I have sworn upon the altar of God eternal hostility to every form of tyranny over the mind of man."

matter of fact

The grenadier was once employed as a special type of infantryman whose exceptional physique enabled him to hurl grenades great distances during sieges and in trench warfare. In the 17th century the grenadier wore a miter-shaped headdress of cloth or fur which facilitated the action of hurling a grenade. They were also armed with heavy hatchets to cleave their way through barricades and other obstructions.

Surprisingly Simple Scheme for Soapy Script

By JOAN CROSBY
 NEW YORK (NEA) — In an effort to keep readers informed on all aspects of television, several hours have been devoted to viewing soap operas with an eye towards developing a writing-own-soap-opera primer. The results can now be revealed, along with a practical application.

First, never have more than two characters in a scene.

Second, write only five minutes' worth of dialogue for a half-hour show. But be sure each character repeats the dialogue. Have the scene repeated with different characters until the time has been used up. Save one new line for the end. That's the one which will supply the variations for tomorrow's chapter.

It goes like this:

(NONIE AND TONY ARE IN EACH OTHER'S ARMS)

NONIE: Oh, Tony, Tony, I love you.

TONY: Oh, Nonie, Nonie, Nonie, I love you.

NONIE: But Tony, I must consider my marriage vows. I must talk to Harry, my husband. I don't take my vows lightly.

TONY: If you took your vows lightly, I wouldn't love you. I'll wait until you talk to Harry, your husband.

(CUT TO HARRY AND CARRIE IN EACH OTHER'S ARMS)

HARRY: Oh, Carrie, Carrie, Carrie, where is the future for us?

CARRIE: Oh, Harry, Harry, Harry, it's somewhere ahead of us.

HARRY: But I'm married, Carrie, you know that.

CARRIE: I know that, Harry, and I understand.

HARRY: But I must ask myself, do I want to break my marriage vows?

(CUT TO NONIE, ALONE IN HER APARTMENT)

CF Amues 3-48 surprisingly simp
 NONIE: I must ask myself, do I want to break my marriage vows?
 (HARRY ENTERS)
 HARRY: Nonie, we must talk.
 NONIE: Harry, there's something I want to tell you.
 HARRY: Where have we gone wrong?
 NONIE: Have we gone wrong?
 HARRY: Yes, on yes.
 NONIE: Yes, I see. You are right. You're usually right.
 HARRY: If you really thought I was right, I wouldn't have been driven into another woman's arms.
 NONIE: But I thought "It was you who thought I was wrong, and so I allowed myself to be driven into another man's arms."

HARRY: Oh, Nonie, what fools we have been.
 NONIE: We have been fools.
 HARRY: Oh, Nonie, Nonie, Nonie, I love you.
 NONIE: Oh, Harry, Harry, Harry, I love you.
 (THE TELEPHONE RINGS)
 HARRY: I'll get it, darling.
 (HE ANSWERS) Hello. WHAT? Oh, my God, no. NO. YES? (HE HANGS UP AND STANDS THERE SHOCKED)
 NONIE: Harry, you're so pale. What is it? Tell me. TELL ME. Whatever it is, dear friends, you can figure out tomorrow, when you write Chapter Two.

VISITING — Mme. Chiang Kai-shek is in the United States for her first visit in six years. Nationalist China's first lady flew into Travis Air Force Base, near San Francisco, after a brief stopover in Honolulu.

Amusement Page

58TH YEAR THE PAMPA DAILY NEWS SUNDAY, AUGUST 29, 1965 25

Television in Review

By RICK DU BROW
 United Press International
 HOLLYWOOD (UPI) — Notes to watch television by:

The Headliners: Bing Crosby appears on CBS-TV's "Hollywood Talent Scouts" Sept. 7. Sam Goldwyn is reported to have turned down \$1 million from a network that wanted to present two Christmas shows of his movie "Hans Christian Andersen." Frank Sinatra, Laurence Harvey and Janet Leigh star in the Sept. 16 premiere of CBS-TV's Thursday night movie, "The Manchurian Candidate," which deals with a scheme to take over America via some U. S. servicemen captured and brainwashed during the Korean War. Phyllis Kirk, who used to co-star with Peter Lawford in video's "The Thin Man" series, bows in with her own daily one-hour conversation show on ABC-TV, "The Young Set," the morning of Sept. 6.

Walter O'Malley, President of the Los Angeles Dodgers, will turn up as a doctor in an episode of NBC-TV's "Branded," which stars Chuck Connors, who used to play professional baseball — for the Dodgers — ABC-TV's "The King Family," which did smash business on tour at the Illinois State Fair, is set to play the Houston Astrodome next month — for a reported \$35,000 guarantee plus a hefty percentage of the gross. There have also been negotiations for Bob Hope to originate one of his NBC-TV comedy specials from the Astrodome. Bill Dana's anti-

PROTEST REPATRIATION
 LONDON (UPI) — Communist China has protested to Britain against the return to Formosa of four sailors who had been rescued and landed in Hong Kong the Foreign Office said Friday.

The sailors belonged to a Formosan vessel which was sunk by the Chinese Communists. They were picked up by a Norwegian ship and landed in Hong Kong from where they were repatriated to Formosa.

SEIZE VESSEL
 KUSHIRO, Japan (UPI) — A Russian patrol boat seized a Japanese fishing vessel in waters southeast of the Habomai Islands early Friday, according to the Japanese Maritime Safety Agency.

Ann-Margret Won't Pose in the Nude

By DICK KLEINER
 Hollywood Correspondent
 Newspaper Enterprise Assn.
 HOLLYWOOD (NEA) — FOOTLOOSE AND FANCY FREEWAY—

Ann-Margret turned down \$25,000 (a nice round figure) to display her own nice round figure in the pages of Playboy. Diane Basehart, Richard Basehart's wife, is trying to start a Shakespeare company in Hollywood. Herman's Hermits have been signed for another MGM film, after their brief bit in "When the Boys Meet the Girls." This time, they'll star as MGM thinks they can mean almost as much at the ticket window as The Beatles. Music director Lionel Newman's teen-age daughter visited the set of "The Oscar," and star Stephen Boyd touched her playfully on the tip of her teen-age nose — and she fainted.

Note to hay fever sufferers: There was a scene in "Lord Love a Duck" with Roddy McDowall and Tuesday Weld cav-

orting on a huge haystack. But Tuesday is hay-feverish, and began sneezing her nose off. So they stopped the production while they make the haystack sneezeless.

You might make a note of their recipe — they hosed the stack down with a solution of salt water and several bottles of a commercial antihistamine preparation.

Moon, a mongrel dog being featured in the new series, My Mother, the Car, has been insured for \$50,000 for the show. In closeups of men on horseback, they keep the horses quiet by rubbing the horses' ankles (or whatever you call a horse's ankles) where the camera can't see. Did you hear about the crazy actor who had madness in his Method? Jonathan Winters plays a corpse in "Oh Dad, Poor Dad," etc. In one take, he had to hold his breath for two minutes and began to turn blue. "Cut," yelled the director, all business. "Johnny, that's not the same shade of blue you turned last time. Watch on the next anti-sneezing machine."

Chris Robinson is now a regular in the 12 O'Clock High series. But he hasn't moved from Florida — he goes back home on weekends and whenever he can.

Why? "I like to get up in the morning," Chris says, "and see clear blue skies and pretty white clouds and breathe fresh air." We may ride him out of town which don't last forever.

Center Wrap-Up

George Smith, Director Pampa Youth and Community Center

The next series of lessons which will be offered to the public and our own Center members will be on Sept. 9-24 after school has started. These lessons will be in the form of beginners at both 4-5 and 5-6 p. m. classes.

With these lessons coming up and all the other activities planned for the school year, now is the time to purchase that membership to the Center. There is always plenty of time to enjoy a membership purchased at the Center for our memberships run for a full year from date of purchase.

Among these other activities coming up are the new judo classes, volleyball leagues, basketball leagues, swim lessons, ping-pong tournament, trampolining and other gym activities.

All you volleyball players notice that the deadline for entry into the fall league is almost here. Now is the time to secure that sponsor and get all lined out with your players.

At 8 p. m. on Aug. 31 there will be an organizational meeting for the leagues where schedules and nights to be played on or set. Leagues are scheduled to kick-off during the week of

Sept. 7-11. All teams interested in entering should bring their entry fee by the Center and sign up.

With school coming on fast we thought now to inform you that the Center's schedule changes when school does start. The Center will close for major repairs on Sept. 3-6 and reopen on Sept. 7. The schedule will be open at 4 p. m. on Monday, Wednesday, Thursday and Friday; Saturday open from 9-12 and 1-5. Sunday open from 2-5 and closed every Tuesday.

Have you seen the new sign of the Center's located North of Furr's on North Hobart St? A bulletin board will soon be erected there too.

College Aid Bill Gets Approval

WASHINGTON (UPI) — A five-year college aid bill costing \$5.5 billion was approved unanimously by the Senate education subcommittee Friday.

The action followed House passage Thursday night of a measure authorizing \$601 million for the first year of a five-year similar program, but setting no dollar amounts for the remaining four years.

Aid to higher education is among the remaining "must"

pieces of legislation on President Johnson's legislative list. It is designed to help the nation's colleges and universities absorb an ever-increasing flood of students.

A major feature of the Senate bill is a provision for student aid — scholarships, insured loans and an expanded work-study program. Also included are programs to help colleges build new facilities, improve libraries and modernize equipment.

Other congressional news: Feud; Douglas F. Roby, vice president of the U.S. Olympic Committee, told a Senate hearing the National Collegiate Athletic Association 'must dissolve one of its branches as the first step to end a feud with the Amateur Athletic Union. Roby told the Senate Commerce Committee this step toward peace between the warring amateur organizations was disbanding by the NCAA of the U.S. Track and Field Federation.

Net Income Per Share At New High

OKLAHOMA CITY—Consolidated net income of Kerr-McGee Oil Industries, Inc., and earnings per share for the fiscal year ended June 30, established new highs, D. A. McGee, president, announced today.

The company's net income for the twelve months ended June 30, amounted to \$23,516,399, which compares with income of \$20,679,162 for fiscal 1964.

Earnings per share were \$3.60 on 6,528,982 shares of common stock outstanding at June 30. This compares with earnings per common share of the previous fiscal year of \$3.24 on 6,375,637 shares.

Sales for the fiscal year ended June 30 amounted to \$300,399,770, as compared to sales of \$250,116,420 for the previous fiscal year.

The company's board of directors declared the regular quarterly dividend of 30 cents per share for the quarter ending Sept. 30, McGee said.

This dividend will be payable Oct. 1, to stockholders of record at the close of business Sept. 10.

Tax Collectors Are Defended

WASHINGTON (UPI)—Internal Revenue Commissioner Sheldon S. Cohen defended federal tax collectors Wednesday against recent wiretapping charges.

Cohen said that contrary to public belief, there had been no wholesale violations of constitutional rights and that no wiretaps had been used on "the average taxpayer."

The few cases of wiretapping cited by Senate investigators have been against criminals.

Cohen said in his speech prepared for the National Association of Internal Revenue Employees.

But he said that "as a student of law, I do not condone any excesses by law enforcement officers, regardless of the fact that these excesses may have occurred only in the racketeers' area."

Cohen said that the IRS had "acted vigorously" to prevent any further recurrence of what had been "a relatively few violations of our rules."

In another case, a large crowd jammed the entrance of a department store on the opening day of a sale. The management let only a few shoppers in at a time, allowing the rest to surge impatiently against the glass show windows. There were no guards, no barricades, no warnings of danger.

Finally the glass cracked, and a woman was badly cut. Here, too, a court held the store liable for failing to prevent an accident that it could reasonably have averted.

However, the mere presence of a crowd does not necessarily make the store liable for "misfeasance." Not only must there be negligence on the part of the management but also there must be a sufficient cause-and-effect connection between the crowding and the injury.

For example: A woman was seated at the hostess counter of a department store that was swarming with bargain hunters. Suddenly she was bumped off her chair by another shopper, going past in a hurry. The woman sued the store, but to no avail. The court noted that the injury was not really caused by the crowd at all, but by the recklessness of one particular individual.

Reserved Seats Still Available

Reserved box seats are still available for the 21st annual Boys Ranch Rodeo which will be held over the Labor Day weekend, Sunday, Sept. 5, and Monday, Sept. 6, in the arena at Cal Farley's Boys Ranch near Amarillo.

Tickets may be purchased at the arena or in advance from the Boys Ranch office, Box 1890, Amarillo. Box seats are \$2.50, general admission \$1.50, and children and servicemen's tickets are 75 cents.

Performances will begin at 2:30 both afternoons, and events will feature youngsters ranging in age from 4 to 18, riding professional rodeo stock in R. C. A. competition.

A special feature for visitors will be Texas-size barbecue beef sandwiches which will be prepared by the boys who are taking cooking as a vocation. Beef will come from the Ranch's own herd and a cold drink will be included for \$1, including tax. Visitors are invited to come early and picnic before the action starts.

The Rodeo is the only one of its kind in the nation and all 336 boys who are making their home at the Ranch will take part in the events. The Ranch is located 36 miles northwest of Amarillo on Ranch Road 1061.

Invincible Auto

EDINBURGH, Scotland (UPI) — The machine gun-equipped Aston-Martin sports car used by James Bond in the movie "Goldfinger" crashed into a safety barrier during military ceremonies. The car was being used during part of the ceremonies when its brakes locked.

FAMILY PROJECT IN EDUCATION — The earning of master's degrees by Mr. and Mrs. William Mackey of Pampa was obviously a family affair that required a lot of close scheduling and cooperation. Children are, left to right, Keith 5, Cindy 8, and Melissa 1. Mackey received the Master of Science degree in industrial arts and Mrs. Mackey the Master of Education in elementary education at commencement exercises last Tuesday night at North Texas State University. Mackey will teach industrial arts at Pampa Junior High and his wife will teach fourth grade at Travis Elementary in Pampa. Mrs. Mackey is the daughter of Mr. and Mrs. James A. McCune, 811 N. Frost, Pampa, and a 1953 graduate of Pampa High School.

Anti-American Feelings Are On Upsurge in Hong Kong

HONG KONG (UPI) — The anti-American feelings in the midst of one of the most uneasy political periods here in the past few years. The pressure is being brought to bear by the Chinese Communists.

It now centers around last Tuesday's crash of an American C130 transport in Hong Kong harbor which killed 58 of the 71 U.S. servicemen aboard. The two leading Communist newspapers here, which usually take their cue from Peking, published highly critical editorials concerning the crash. The papers — Ta Kung Pao and Wen Wei Po — charged that the air disaster highlighted the increased use of Hong Kong by the United States as an alleged "base of operations" to support the Viet Nam War.

TO ATTEND CONGRESS
VIENNA (UPI)—Twenty-five hundred physicians from 54 countries are scheduled to attend the neurological congress here from Sept. 4 through the 10th. The special theme for the congress will be brain damage due to automobile accidents.

Colorful Names
Ornithologists have devised many colorful bird names in their search for precise nomenclature, among them being the great racket-tailed drongo, yellow-bellied wax-bill, blue-faced booby, black-spotted bare-eye, red-whiskered bulbul and turquoise-browed motmot.

CROSSES IRON CURTAIN
GOETTINGEN, Germany (UPI)—A uniformed but unarmed Communist East German "people's army" sergeant crossed the Iron Curtain into the West Friday, West German border police said. A police spokesman said a 16-year-old East German boy also worked his way through Communist border fortifications unharmed.

CHARGE "GROUND-LESS"
BAY CITY, Mich. (UPI) — Judge John J. McDonough threw out the littering charge against William Rase, 22, who angrily crumpled up a traffic ticket and threw it back at two policemen who stopped him for speeding. Testimony showed the ticket landed inside the police car and never touched the ground.

DEMOLAYS ELECT SHARP group's 35th annual convention. FORT WORTH (UPI)— Bill Lennol Absher of Midland and Sharp of Dallas Friday was Jim Cole of Wichita Falls were elected state master councilor elected state representative of Texas DeMolays at the chairmen.
