Philippine Plane Hits Air Force Base

Explosion From Fire Is Averted

MANILA (UPI) — A Philippine Air Line DC3 with 38 Filipinos aboard lost power today on takeoff from Manila Airport and crashed into the barracks area of nearby Nichols Air Force Base. All aboard were rescued quickly but one passenger died later. Many passengers were badly injured; some were near death. Several hundred Philippine Air Force men were in the barracks area on a mid-morning coffee break when the plane plunged to the ground, but only five were injured. Two were in serious condition. The passengers included Jose Cruz, director of the Philippine Department of Public Works, and his assistant. The twin-engine plane ripped through several power poles and hit three barracks buildings. But the plane did not catch fire until five minutes after it came to rest, permitting Air Force men to rescue the 35 passengers and three crewmen. An explosion could have caused a disaster. Ammunition is stored in some of the barracks. "We all could have been blown to kingdom come," an Air Force officer said.

KLAN HEARING — Early witnesses at the House American Affairs Activities Committee hearings on the Ku Klux Klan opened in Washington were Robert Shelton and his wife, Shelton, of Tuscaloosa, Ala., is Imperial Wizard of the United Klans of America.

Klan Head Gives Probers No Aid

By DANIEL F. KELLY
WASHINGTON (UPI) — Congressional investigators plunged into the inner workings of the nation's biggest Ku Klux Klan today, but they got no help from Imperial Wizard Robert M. Shelton. The 36-year-old former tire salesman from Tuscaloosa, Ala., returned to the witness chair, before the House Committee on Un-American Activities with the same reply to questions as he gave 73 times Tuesday. He declined to answer on grounds that his replies might incriminate him. In less than an hour, Shelton had refused to answer 38 questions, including whether he would explain the meaning of the lapel button reading "Never" that he wore on his suit coat. Chief Committee Investigator Donald Appell was able to read into the record a number of items of evidence turned up in the 10-month investigation that preceded the public hearings. They included: —Shelton's Alabama rescue service, described as a "front" for United Klans of America, Inc., deposited \$18,036.95 in the First National bank of Tuscaloosa during 1964-65. —The Klan's income tax return for fiscal 1965 showed receipts of \$18,487.50. Appell asked Shelton if the \$450 difference was all the Klan had. Shelton declined to answer. —Shelton, William C. Perkins of Northport, Ala., Donald E. Luna of Birmingham, Ala., R. J. W. Kimball Jr. of Birmingham, Ala., and Calvin F. Craig of Atlanta, Ga., incorporated Heritage Enterprises Inc. —Shelton assembled the grand dragons — leaders of state klans — at two meetings called klonovocations, at the Dinkler-Tutwiler Hotel in Birmingham in February and September of 1964. Shelton refused to identify the participants or (See KLAN, Page 3)

Leaders Ask Drastic Cleanup

SANTO DOMINGO (UPI) — Military leaders were demanding a "drastic cleanup" of arms caches in downtown Santo Domingo, where at least five persons have been fatally wounded in four days, it was reported today. The chatter of submachinegun and automatic rifle fire echoed through the streets Tuesday as troops advanced into the downtown district where rebels were believed to have hidden scores of weapons.

Cold Front Spills Over N. Texas

By United Press International
A Rocky Mountain cold front spilled southeastward across North Texas today. Ahead of the front fog and light showers restricted visibility to less than a mile in East and South Texas. The city was quiet early today, but it appeared likely that new violence might erupt as the day advanced. Troops of the army's 4th Brigade, formerly commanded by exiled anti-Communist Brig. Gen. Elias Wessin Y Wessin, stood guard for several hours Tuesday night outside the official radio-TV Santo Domingo transmitter.

A radio-teletext planned Tuesday night by Provisional President Hector Garcia Godoy was cancelled without explanation. Garcia was believed to be holding out against military demands for a search of every square mile of downtown Santo Domingo held by rebels for months after the April revolt. Three persons are known to have been killed and five wounded in clashes Tuesday. The casualties included ABC-TV cameraman Robert Mitchell, who was shot in the shoulder while filming the military advance. Ellsworth Bunker, American head of the inter-American negotiating team which worked out the agreement creating Garcia's provisional government, arrived from Washington shortly before Tuesday midnight in the apparent hope of arranging a new settlement.

The U.S. Weather Bureau forecast cooler weather for North Texas as the cool, dry air spreads into that sector. A few showers should continue along the coast. The almost dead cold front on the coast brought springlike violent weather to virtually all portions of the state earlier in the week. A bright sun dried out a sodden West Texas Tuesday from the eight-inch soaking it received in some parts Monday.

The rains along the coastal areas dropped 2.40 inches on Victoria Tuesday, 1.41 inches on Houston and 1.06 inches on Galveston. Highest temperature in the state Tuesday was 87 at Presidio, with Amarillo recording the lowest maximum, 68. Light rains fell across the United States today from the western Great Lakes to Florida. Duluth, Minn., measured 1 inch of rain and sections of southern Florida got up to half an inch during Tuesday night. Some light rain also fell across Colorado and southern Wyoming, where it dropped temperatures to the 40s. Temperatures in the East remained mostly in the 60s with warmer readings along the Gulf.

Comet Is Visible in Sky 2 Days

NEW YORK (UPI) — The comet Ikeya-Seki will sweep across North American skies today and Thursday in what astronomers predict will be the greatest show in the heavens of this century. Kenneth Franklin of the Hayden Planetarium said the comet will appear as a bright light near the sun during the daylight hours but the precise hour cannot be determined. "Comets are notoriously unpredictable," Franklin said. "And with this one, it's like trying to watch a horse race from a merry-go-round." He said it should appear again sometime near midnight Thursday, moving eastward in the northern sky. Ikeya-Seki will become visible as it nears the sun, reflects the sun's light and generates light of its own. As the comet approaches perihelion, the closest point to the sun, which should be between 100,000 and 300,000 miles, the million-mile-long tail will grow brighter. Astronomers warn against use of binoculars by those watching the comet's celestial journey to possible destruction. The light from the comet is of high intensity and magnifying lenses could cause serious eye damage. The scientists say the best way to see Ikeya-Seki is to hold one hand against the sun, thereby avoiding its searing rays, and sight against the horizon where the comet will pass. Ikeya-Seki was named after the Japanese astronomer who discovered it Sept. 13. Since it is such an unusual occurrence, scientists will try to photograph the comet from airplanes.

Freedom Ferries From Red Cuba Stop Suddenly

KEY WEST, Fla. (UPI) — Anxious relatives stood on the public dock here today and stared across the calm Florida Straits, wondering what caused a sudden stoppage in the refugee "freedom ferries" from Cuba. The U.S. Coast Guard picket reported that no refugee boats were in sight, touching off fear among the hundreds of exiles who gather on the dock daily that Fidel Castro may have temporarily stopped the exodus from the Cuban embarkation port of Camarioca. The last refugees to arrive in Florida were picked up early Tuesday by the cutter Cape Shoalwater from Cay Sal, where they were dumped Monday by a boat that returned to Cuba for another load. Cuban authorities hinted Tuesday they may stop the exodus of small boats as a safety precaution and permit only large boats to carry refugees across the sometimes treacherous Straits. Havana Radio reported Tuesday that 119 boats, ranging from small, rickety-appearing vessels to the 120-foot tugboat Cape Cod, were waiting at Camarioca and nearby Varadero to carry refugees to freedom. Cuban exile observers speculated Castro may have temporarily halted or slowed down the refugee exodus because he was taken aback at the clamor of Cubans wanting to leave the island.

Looks Like A Horse ... On Them!

CRAIG, Colo. (UPI) — To make sure they returned from their hunting trip Tuesday, Don Mallinson, a firearms safety instructor from Hutchinson, Minn., and his brother, John, wore bright jackets and fluorescent hats. To make doubly sure, they drove a bright red truck and planned to paint their horses yellow. But no sooner had they parked and unloaded the animals than a shot rang out. One horse fell dead. Then more shots and the second horse fell. The brothers ran for cover. Minutes later a dozen hunters came out of the trees in Colorado's White River Forest ready to argue for the kill. But when they saw what they had killed, none would admit firing his rifle, Mallinson said.

Bonham Man Is Fatally Hurt in Crash

SHERMAN (UPI) — Bill Kincaid, 51, of Bonham, was fatally injured Tuesday in a three-car collision on U.S. 75. Kincaid suffered a heart attack right after the smashup, but doctors could not say immediately whether the heart attack or injuries suffered in the wreck killed him. If it comes from a hardware store we have it. Lewis Hdw. (Adv.)

Doctors Give Permission For LBJ to Leave Hospital

WASHINGTON (UPI) — President Johnson's doctors gave him permission today to be discharged from Bethesda Naval Hospital any time after tonight. Their approval followed a medical examination Tuesday night and this morning. White House Press Secretary Bill D. Moyers said the doctors had checked the President thoroughly and found that "everything is in very good order." Dr. George A. Hallenbeck, the Mayo Clinic surgeon who operated on Johnson for gall bladder and kidney stone removal Oct. 8, told the President this morning that from the standpoint of surgical convalescence it would be permissible for him to leave the hospital "at any time after tonight." With this clearance from his doctors, the chief executive is expected to leave the hospital sometime Thursday or no later than Friday. He probably will spend a short time at the White House and then go to his Texas ranch for several weeks of convalescence. Johnson donned a dark suit, with pastel blue shirt and a dark, striped tie to sign an

pollution control bill at a desk in his room before the largest group of visitors yet allowed to see him. They included congressional leaders. The President was in good spirits and his face did not indicate as much fatigue as it has shown the past few days. He joked with some of the visitors, including his postmaster general — designate, Lawrence F. O'Brien. A top aide said he expects Johnson will remain briefly in the executive mansion before heading south to his Texas ranch for a longer period of convalescence. In any case, Press Secretary Bill D. Moyers said, he thinks the President will reduce his workload to the minimum for the next four to six weeks at least. Moyers said in an interview that the Chief Executive probably will leave his Bethesda Hospital suite sometime this week. Johnson entered the hospital Oct. 7 for gall bladder and kidney stone surgery the following morning. His doctors said at the time they expected a convalescence of about six weeks.

INSTALLATION DINNER — The three new officers of the Pampa Chamber of Commerce for the coming year are shown here as they headed the line at last night's installation dinner in Coronado Inn. Left to right are Gene Imel, finance director; Norman Henry, president, and E. E. Shelhamer, vice president. The trio, along with ten new directors, will take office officially at the chamber's annual membership banquet Nov. 2.

Officers, Directors Of CofC Installed

Leaders of a community need to be problem preventers instead of problem solvers, Rex Jennings, executive vice president of the Wichita Falls Chamber of Commerce, told officers and directors of the Pampa chamber at their annual installation dinner last night in Coronado Inn. Stating that less than two per cent of the people of a community take part in leadership activities, Jennings urged the incoming chamber officials to "take aim and look into the future."

Outpost Besieged By Reds

SAIGON (UPI) — Hundreds of Communist troops today laid siege to a U.S. Special Forces camp at Plei Me in the heavily forested mountains of the central highlands. Reports from the battlefield indicated the Viet Cong had been unable to penetrate the outpost's defenses. A twin-jet U.S. B57 Canberra bomber was shot down while trying to aid the defenders, an Air Force spokesman reported. Both crewmen aboard parachuted safely behind U.S. lines. It was believed the first time that one of the B57s had been shot down in Viet Nam and raised still further the toll in U.S. planes lost this week. The fighting began Tuesday night in a region about 200 miles north of Saigon. Plei Me itself is 25 miles south of strategic Pleiku. "At last report, the Viet Cong still had not penetrated the camp," a U.S. military spokesman said. He said the Communists, about two companies in number, had mounted a furious attack at the defensive perimeter of the camp with .50 caliber machine guns. U.S. planes were sent aloft from Pleiku and other bases to counter-attack the Viet Cong forces. It was the second major encounter (See REDS, Page 3)

Engineers Check Out Spacecraft's Trouble

CAPE KENNEDY (UPI) — Engineers raced today through a crucial series of tests on the Gemini 6 spacecraft and its powerful rocket, both scheduled for launching Monday, without a sign of Tuesday's troubles. The exercise, a series of three make-believe flights, put the entire Gemini system through a full electronic check that must be passed before the historic space rendezvous mission proceeds. "So far, there are no known problems," a space agency spokesman reported. The test got under way at 4 a.m. EST (5 a.m. EDT). An hour later Astronauts Walter M. Schirra and Thomas P. Stafford were sitting in their capsule participating in the drill. An attempt to run the test Tuesday was called off shortly after it started when a trouble light flashed on in the Gemini spacecraft. The blinking light indicated a possible failure in the computer that will play a key role in an attempt by Schirra and Stafford to perform the world's first rendezvous and linking with another satellite. Technicians ran a day-long series of tests on the computer (See ENGINEERS, Page 3)

Highlights and Sidelights From the State Capitol

By VERN SANFORD
Texas Press Association

Gov. John Connally's sudden cancellation of plans to go to Japan and Viet Nam this week added a note of tension to the Austin scene.

Connally's statement indicates that he sees the possibility of a special session of the Legislature on congressional legislative redistricting or voter registration.

"We are awaiting federal court decisions on the poll tax, congressional redistricting and House redistricting, any one of which could cause action on my part within the next few weeks," Connally stated.

If federal judges throw out either congressional or house re-apportionment acts of the 59th Legislature — without specifically allowing additional time for redrawing lines in regular session — Connally may have to call a hurry-up session before the early 1966 filing deadline.

Should the federal courts invalidate the poll tax as a voting requirement, Texas could be left without a voter registration procedure. This, too, could make a special session necessary on short notice.

Hearing on the attorney general's suit attacking the poll tax is not until mid-November. Judges already have heard arguments on redistricting challenges, however, and rulings could come at any time.

Connally also made clear he fears defeat of key constitutional amendment proposals in the Nov. 2 election and plans an all-out personal campaign on behalf of four-year terms for state-wide officials.

ENROLLMENTS UP — More students than ever before have enrolled in Texas colleges, and most institutions are bulging at the seams.

Average enrollment increase among the 22 state-supported colleges and universities in the state is 13.8 per cent. Stephen F. Austin College in Nacogdoches had the largest increase at 34.9 per cent. Arlington State

College's 2.9 per cent was the smallest.

University of Texas' population increased 2,229 this year, representing a percentage increase of only 9.3. This is 4.3 per cent below the state average.

Average increase among the 3 public junior colleges reached 26.9 per cent. Cisco Junior College's 59.8 per cent increase leads all others. Smallest increase was the 2.1 per cent recorded by Laredo Junior College.

Largest recorded increase among independent senior colleges and universities was the 30.9 per cent at Bishop College, Dallas. Sherman's Austin College enrollment fell off 2.5 per cent.

AG OPINIONS — Atty. Gen. Waggoner Carr has ruled the Civil Rights Act of 1964 isn't applicable to rules and regulations of Texas A&M University regarding discrimination by sex.

Also, Carr said the Board of Directors of the school has the right to issue rules and regulations making the University either an all male school or co-educational.

Carr said the present policy of the Board to exclude women because the applicants aren't staff members, is discriminatory and constitutes unreasonable class distinction.

Rulings were in response to a request by H. C. Heldenfels, president of the Board of the Texas A&M University system.

In another opinion, Carr ruled that the issuance of a state warrant for the payment of an honorarium to a United States employe delivering a commencement address at the University of Houston would violate the state constitution.

OIL PRODUCTION INCREASED — Texas Railroad Commission has cranked the November oil production allowable up to 30 per cent of potential. It's a high mark for the year.

Commission, recognizing recommendations of 10 out of 13 oil purchasers, set production for next month at 2,976,361 barrels daily. This compares with 2,944,109 barrels for October under 28.8 per cent formula and 2,884,856 for November, 1964, under 28.4 per cent factor.

COURTS SPEAK — State Supreme Court heard rival arguments as to whether Rice University alumni have a right to appeal the lower courts' decision that permitted Rice to admit Negro students and charge tuition.

Rice trustees filed action to allow integration and eliminate tuition restrictions. This despite trust fund restrictions imposed by founder William Marsh Rice in 1891. Trustees now maintain that Atty. Gen. Waggoner Carr is the only one who could have appealed the decision favoring their action. Carr left the appeal up to the alumni group.

High court held in a Waco case that cities are liable for damages where property owners are denied reasonable access to their property by highway construction.

In a companion case, however, court denied damages to another firm because it had access to its property by another street.

HOUSE COMMITTEE APPOINTMENTS — House Speaker Ben Barnes has appointed Rep. Vernon Stewart of Wichita Falls chairman of the House Interim Committee on Juvenile Crime.

Named to serve with him are representatives W. T. Dungan of McKinney, John Ray Harrison of Pasadena, Alonzo W. Jamison Dr. of Denton and Geo. H. Richards of Huntsville.

Committee is charged with the

responsibility of studying the growing juvenile crime problem in the state with particular emphasis on developing a program for its prevention.

Group will make recommendations to the next Legislature on legislation needed to combat the problem and implement the program.

NURSING COMMITTEE AT WORK — A five-member Senate committee has held the first in a series of hearings to determine why Texas faces an

acute shortage of nurses and what can be done about it.

Committee heard witnesses testify that Texas ranks 46th among the 50 states in the number of nurses per 100,000 population. Also, that enrollment in Texas nursing schools has declined drastically, and that at least 10,000 professional nurses aren't working at their profession.

Second session is scheduled for October 29 in Lufkin and a third in Houston on Dec. 34.

TIRE TESTING BIG BUSINESS — More than 1,000 persons are employed in a growing tire-testing industry which contributes \$5,000,000 a year to the economies of Texas communities.

University of Texas Bureau

of Business Research reports that there are large testing installations near Laredo, San Angelo, Uvalde, Pecos and Fort Stockton. Also in El Paso, Kerrville, Devine, Tyler and San Antonio.

Firestone, Goodyear, B. F. Goodrich, General Tire and Rubber and U. S. Rubber operate testing units.

TOURIST DRIVE UNDERSCORED — Texas communities should devise their own tourist programs to cut themselves in for a slice of the \$30,000,000 a year national travel industry, Gov. Connally advises.

Connally, addressing the First Governor's Tourist Development Conference, said Texas is "lavishly endowed with attractions the traveler seeks." He recommended communities back up the state's advertising program by beautification projects, conditioning citizens to be friendly and knowledgeable hosts, and by publishing up-to-date information about their areas. Need for coordinated state, local and regional efforts was emphasized.

Texas, Connally said, drew 14,200,000 visitors last year, making the state's share of the national travel market \$600,000,000. Tourism, he predicted, will rank with space-related industries as one of the most lucrative sources of future income.

On The Record

Highland General Hospital does not have a house physician. All patients, except severe accident victims, are requested to call their family physician before going to the hospital for treatment.

Please help us to help our patients by observing visiting hours.

Smugglers Arraignment Scheduled

EAGLE PASS, Tex. (UPI)—Reuben Mejia, 31, of La Habra, Calif., and Mike Archibald of Topeka, Kan. are scheduled to go before a U.S. commissioner Saturday for arraignment on charges they tried to smuggle 525 pounds of marijuana across the Mexican border.

Mejia and Archibald were held in a total of \$150,000 bond. Mejia's bond was \$100,000 and Archibald's was \$50,000.

Police said the two crossed the border at Eagle Pass Saturday. When a customs inspector found marijuana in the glove compartment of their station wagon, they slugged him and sped away, police said.

They later smashed through a roadblock and escaped despite police gunfire.

The gunfire damaged the car's engine and Archibald abandoned the station wagon and surrendered. Mejia was captured Tuesday near Crystal City.

Acre Average Runs \$26.81 For Oil, Gas

SANTA FE, N.M. (UPI)—The New Mexico Land Office Tuesday received an average price of \$26.81 per acre on 19,735 acres of oil and gas leases sold in New Mexico.

The monthly sale brought in a total of \$529,187 for the state. Pan-American Petroleum Corporation of Ft. Worth submitted the highest sealed bid of \$36,753.20 for 440 acres in Chaves County about seven miles southwest of Milnesand.

The Sinclair Oil and Gas Co. of Midland, Tex., offered the highest sealed bid per acre of \$175.18 per acre for 80 acres in Lea County about 10 miles north of Pean.

Ralph Lowe of Midland submitted the highest oral bid of \$45,000 for 320 acres in Lea County about 13 miles west of Eunice. This was also the highest oral bid per acre.

ALTON L. MILLER
pays official visit

Texas Realtors' Head Here Today

Alton L. Miller of Dallas, president of the Texas Real Estate Association, and Ervin Luedtke of Austin, executive vice president of the state realtors' group, were guests of the Pampa Real Estate Board at a luncheon in Coronado Inn this noon.

Miller addressed the board on the topic, "Stewardship of Participation" stating that a realtor has a political obligation and civic obligation to his own association and to his community.

The state president was introduced by Quentin William, local realtor, in the absence of John Lee Bell, president of the Pampa board, who is out of the city.

Luedtke said the Pampa visit today winds up a statewide tour in which he and Miller had paid official visitations to 101 real estate boards in Texas.

Flag

(Continued From Page 1) of San Jacinto. The Texans spared his life and he wrote the letter. It said, in part: "My friends—I consider you brave on the field of battle and generous after it. You can always count on my friendship and you may never regret the consideration you have shown me on returning me to the country of my birth. Through your kindness, please accept this sincere farewell from you (signed)—Santa Anna. William A. Philpott Jr., a retired Dallas banker, gave the note to Loewenstern, Philpott, a collector of books and documents, got the note when he bought a private library.

Three Attend Highway Meet

Three Pampans were in Amarillo today attending a board of directors meeting of the U. S. Highway 60 Association.

Harold Hillmer, national secretary of the organization, from Riverside, Calif., presided at the meeting. Primary business at hand was the planning of the national convention which will be held in Pampa April 29 and 30, 1966.

Attending the meeting were Harold Barrett, Howard Buckingham Jr., and E. O. Wedgeworth.

Reds

(Continued From Page 1) counter in as many days for the Special Forces troops, distinguished by their green berets.

A U.S. military source revealed that Special Forces advisers led two companies of Chinese Nungs—in the fabled Asian mercenaries—in a sweep Tuesday of the Ho Bo Woods area 35 miles northwest of Saigon.

The Nungs, Cantonese-speaking Vietnamese citizens of Chinese ancestry, were popularized in the comic strip "Terry and the Pirates."

The mercenaries—trained and paid by the Special Forces—were airlifted into the Ho Bo Woods after a devastating raid by Strategic Air Command (SAC) B52 bombers, Air Force F105 jets and Navy Skyraiders, propeller-driven bombers.

Klan

(Continued From Page 1) confirm the committee's understanding that the first meeting was held to elect Klan officers.

Shelton's invocation of the 14th Amendment was laden with irony. The 14th Amendment is one of the bulwarks of the Negro civil rights movement, the basis of this year's voting rights law and the landmark 1954 Supreme Court desegregation decision.

Mrs. Betty Lou Shelton, the wizard's wife, and Mrs. Carol Long, identified as a Shelton employe, also declined to answer any committee questions Tuesday; Mrs. Shelton six times, Mrs. Long seven times.

RETRIAL OPENS—Eugene Thomas, left, and William Eaton arrive at the Hayneville, Ala., courthouse for the second trial of fellow Ku Klux Klansman Collie Leroy Wilkins for the fatal shooting of Detroit civil rights worker Mrs. Viola Liuzzo. Thomas and Eaton, allegedly with Wilkins in a car at the time of the shooting, also face charges.

Jury Selection Goes To State High Court

MONTGOMERY, Ala. (UPI)—The Alabama Supreme Court hears the state's attorney general ask today that 11 white supremacists be disqualified from a jury that will try a Ku Klux Klansman in the night-trial slaying of a white civil rights worker.

Atty. Gen. Richmond Flowers brought the issue to Alabama's highest court from Hayneville where he is seeking to send Collie Leroy Wilkins to the electric chair or to a lifetime in prison for the March 25 killing of Mrs. Viola Liuzzo of Detroit. Chief Justice J. Ed Livingston agreed in a late afternoon conference Tuesday to hear the case. He will be joined by three other justices, a majority of the seven-member court.

Flowers asked the high court to order Circuit Judge T. Worth Tiagard to halt the Wilkins trial until the jury selection issue is settled and to direct Tiagard to show cause why he should not allow the prosecution to challenge 11 prospective jurors who admitted openly they believe in white supremacy.

Pampans Trains At Fork Polk

Pvt. Gary M. Carter, son of Mr. and Mrs. E. B. Carter, 2221 N. Christie, is taking his basic army training at Fort Polk, La.

Carter entered military service Sept. 16.

Prior to his induction, he worked in the composing room of the Pampa Daily News as a linotype operator.

Cash Stolen In Tuesday Burglary

Some \$67.87 in cash was reported missing following a break-in Tuesday night at Seymour Bearing, 641 S. Cuyler.

Jim Scroggins, manager, told police today that the money was taken from a cash box in the office.

Police said entry was gained through a rear window which had been shattered.

TO'T Kiwanis Name Club 'Sweetheart'

Dianna Phillips is the new "sweetheart" of the Top O' Texas Kiwanis Club.

Miss Phillips, Pampa High School senior, was elected sweetheart and pianist at the club's meeting Monday night in Coronado Inn.

Club members were entertained with a film of the Indianapolis 500 Memorial Day Race.

Engineers

(Continued From Page 1) but were unable to get the malfunction light to flash again. They finally decided that the trouble was a freak caused by a stray signal that somehow got into the computer system.

Had the trouble light flashed during a real launch attempt, the shot probably would have been delayed while the problem was traced.

But a spokesman for the National Aeronautics and Space Administration (NASA) said Tuesday that project officials were satisfied that the problem was no fault of the computer.

NASA said Tuesday that the history making Gemini 6 mission will be the most difficult manned spaceflight yet undertaken by the United States.

Its success will be vitally important to America's plans to send three Apollo astronauts to the moon in 1969. Rendezvous and hook up maneuvers must be perfected before the Apollo flight can be made.

Since the Gemini 6 flight is so formidable, the mission is being planned as a two day, 29-orbit voyage although NASA said "if all objectives are accomplished by the end of one day, the flight will be ended then."

Officers

(Continued From Page 1) G. McComas, Wiley Reynolds, Jim Sanders, E. L. Green Jr., Charles B. Cook, Lee Fraser, Don Lane, Luke McClelland, A. A. Schuneman, E. E. Shelhamer, Jack Vaughn and Eddie Polnac.

The new officers and directors officially will take office at the annual membership banquet of the chamber to be held Nov. 2 in Robert E. Lee Junior High Cafeteria.

Outgoing President Green presided last night and presented service award certificates to Bill Duncan, George Newberry, J. C. Roberts, Tom Snow, Harvey Nienstiel and Aubrey Steele.

Special tribute was paid by President Green to E. O. Wedgeworth, long-time manager of the Pampa chamber, for carrying out wishes of officers and directors and for his dedicated work on community and chamber projects through the years.

Following his installation, incoming President Henry spoke briefly and urged continuance of the work of the retiring administration.

Dinner music was furnished by Jerry Whitten at the organ.

Area Scouts Demonstrators Set Camporee Sing in Jail

Approximately 200 scouts from Pampa, Miami, Lefors, Panhandle, White Deer and Canadian will attend the bi-annual District Boy Scout Camporee Friday, Saturday and Sunday at the Billy Davis Ranch near Lefors.

The scouts will depart from their respective towns after school Friday and return Sunday morning.

Friday evening and Saturday the scouts will compete and practice the basic boy scout skills.

Awards to winners will be presented at a Saturday evening campfire. Parents of the scouts attending are invited to the campfire, according to Jay Leith, scout executive.

Trailer House Struck by Fire

Fire almost totally destroyed a metal trailer house located at 610 Talley early this morning.

Firemen said the blaze, which started from an unknown cause, quickly spread through the trailer house and destroyed most of the contents.

Firemen received the call at 12:30 a.m. today from the owner Jim Roberts.

Top O' Texas 4-H Club Has Meeting

Top O' Texas 4-H Club met recently in the Courthouse Annex for its monthly meeting. Phyllis Atwood, president, presided over the meeting. Cathy Wilkie, secretary, called the roll and read the minutes.

New officers were installed by Mrs. Jaunita Channel, Gray County assistant home demonstration agent, who used the tree theme for the installation, and compared the officers to parts of the tree. Installed were: Phyllis Atwood, president; Cathy Wilkie, secretary; treasurer: Jim Reeves and Cara Tidwell, co-vic-presidents; Alan Tidwell, parliamentarian; and Billy Skaggs, county council delegate.

A demonstration on money management was given by Cynthia Hogsett and Winona Chisum.

Subject matter reports were given by Cara Thomas on clothing; Cynthia Hogsett on Foods Two and Clothing Two and Three; Winona Chisum on Money Management I.

Progress reports were given by Terry Arnold and Cynthia Hogsett on beef cattle, plant

identification by Suzan Hunt, swine by Terry Arnold and Brenda Winters; food by Brenda Winters and Laura Mitchell and Hores and Pony by Brenda Winters.

Cynthia Hogsett announced that the 1966 Better Bake Show products would be better yeast rolls and two crust pies.

The club had exhibits during National 4-H Club week in the windows at Sands Fabrics, Caldwell Appliances and the old Dunlap's building.

The club voted to make available projects pins to all its members that turn in complete records. The committee appointed to compose the rules for this project were Cynthia Hogsett, David Webster, Winona Chisum, Cara Thomas and Cathy Wilkie.

Recreation was led by the chairman, Winona Chisum.

Present were Vanessa Chisum, Doug Laramore, Suzan Hunt, Phyllis Atwood, Cathie Wilkie, Billy Skaggs, Cynthia Hogsett, Jim Reeves, David Webster, Allan Tidwell, Cara Tidwell, Winona Chisum, Mignon Nickel, Jackie Nickel, Laura Mitchell, Brenda Winters, Guy Turner, Cara Thomas, Terry Arnold, Frankie Mitchell, Stan Friend, Willie Friend, and Deanna Benefield.

Hat shapes are more flattering and not so bulky now that they don't have to compete with teased big-dome hair styles. Bowlers, swaggers, snap brims, high rounded turbans and little tailored hats all rate in the popularity parade.

Open every day except Sat. 6 a.m. till 10 p.m.

Do try us once.

Alice Is Back From Wonderland

By ALICIA HART
Beauty Editor
Newspaper Enterprise Assn.
The shaggy Beatle look proves "uncamp" as well as unkempt to myriad little girls. For this parents give a sigh of relief.

In its place is the Alice in Wonderland look—a curtain of long, straight hair that hangs loosely. A version of this is a young hairdo blunt cut to between the chinline and shoulder. Whatever the length, the style poses problems for the youngster with stick-straight hair that is exceptionally fine. However, the young ones needn't fret if they want to wear Alice's hairdo. Their mothers can give them a home permanent formulated for children's hair to give it body and manageability. This makes thin hair appear thicker and fuller and helps corral straggling wisps.

If the hair is set so the crown and sides are brushed smooth and the ends turned either slightly under or flipped forward, it will be easier for a young girl to brush and comb her own. For best results, follow instructions closely and use the jumbo-sized curlers that come with the home permanent.

ALICE IN WONDERLAND LOOK—Little girls cling to an Alice in Wonderland look with long straight hair. Those with exceptionally fine hair find a children's home permanent adds body and manageability to their hair. The hair is set (left) on jumbo-sized curlers. These are wound firmly and evenly but not too tightly. Too tight setting can damage the roots. While her permanent takes (center), our young miss waits happily. The brush-out reveals a hairdo (right) that is soft with a hint of smooth curves, no straggling wisps.

Amarillo To Be Scene of Flower Show Saturday

The Paramount Terrace Garden Club and South Amarillo Garden Club of Amarillo will participate in the Art Festival by having a Strolling Flower Show.

The theme is "Autumn Parade" which will be held Saturday in the Mall of Sunset Center, during the hours of 12:30 p.m. to 5:30 p.m. There will be no admission fee.

There will be 14 classes in Artistic Arrangement with titles such as "Autumn Bounty," "Father Has His Day," "Needle, Thread and Flowers." There will be a Novice Class for beginners entitled, "Put Your Best Foot Forward" and a class for men called "Sportman's Holiday."

In the Horticulture Division there will be many interesting classifications such as annuals, chrysanthemums, roses and house plants. Another interesting feature will be hanging baskets. The Educational Division will be an "Exhibit of Bonsai" which is open to growers in Amarillo and surrounding areas.

The president of Paramount Terrace Garden Club is Mrs. A. Edwin E. Russell Jr., and South Amarillo Garden Club president is Mrs. W. R. Campbell.

This autumn, fashion dictates the rugged look for males dressed for casual occasions. What's in: sports jackets with suede gun patches, bulky and often turtle-necked sweaters. Even some sports shirts have elbow patches.

HD Clubs Honor County Officials

Gray County Home Demonstration Clubs gave a luncheon recently with members of the Gray County Commissioners Court as special guests. All clubs had a part on the program—showing "Christmas Ideas" which was the theme of the day. Each club president told of all the ideas her club had brought. Clubs participating were Alameda Club, Goodwill Club, Hi Plains Club, Lefors Club, Merton Club, Steadfast Club and Worthwhile Club.

The luncheon menu consisted of baked ham, candied sweet potatoes, green beans, rolls, butter, coffee, tea and a large variety of salads and vegetables and pies brought by club members. The recreation committee was in charge of the luncheon and headed by Mrs. V. Smith.

Attending were Mmes. L. M. Bryant, L. D. Reynolds, Boyd Brown, Jim Johnston, Catherine Osborn, W. G. Gooding, J. E. Langford, J. Don Huffaker, Jim Cantrell, Betty Noblitt, Bill Waggoner, W. L. Norton, N. R. Lowe, L. E. McMahan, W. H. Davis, Cecil Carter, Nellie Tyree, Robt. Bruce, Edwin Favor, Robert H. Roland, George D. Smith, Frank Crisp, N. L. Welton, Max Louvier, Frank Higgins, J. C. Payne, N. B. Cude, J. B. Hogan, O. O. Bishop, B. J. Diehl, Lee Jackson, Gene Cain, Evelyn Cain, A. P. Coombes, Nolan Cole, V. Smith, T. G. Groves.

Also Jack Howard, Buddy Cockrell, Delmer Barefoot, A. M. Nash, J. L. Carlton, Ray Robertson, J. Lloyd Laramore, Irene Humberston, D. P. Williams, C. B. Hicks, Ray Frazier, Vernon Cawthon, Melba Gas-

Gardening News

The Pampa Council of Garden Clubs staged a beautiful fall flower show in Lovett Memorial Library Saturday with Mmes. Ed Parson and Myron Dorman serving as chairmen. A great amount of time and work goes on in preparation of flower shows with the efforts involved in trying to grow exhibition material as well as the practise in learning how to use the plant material to create attractive arrangements for the shows.

The men always assist with the backstage work which is greatly appreciated, but they are now beginning to take an active part in entering flower arrangements which thrills us all. Ira Carlton entered an arrangement in every class making a total of 15 arrangements. He does fine work and there is no doubt about his enjoying it.

Mr. Carlton has other talents as well. He built a greenhouse beside their home as well as does other structural work for their garden and helps his wife, Maybelle, to have a beautiful garden. He has also served as president of the Mr. and Mrs. Garden Club. Maybelle, his wife, is presently serving as

HD Clubs Honor County Officials

way, Marvin Rowan, Bertha Johnson, Jay Channell, O. G. Smith, Joe Massengale, Misses Lou Ella Patterson, Yvonne Reynolds, and Messrs. Clyde Organ, Foster Whaley, R. A. Robertson and Wm. J. Craig.

J. L. Honaker Feted on Birthday

J. L. Honaker was honored recently at a birthday dinner given by his wife in the Honaker home at 1144 S. Farley. The occasion also marked the couple's wedding anniversary Mr. and Mrs. Honaker were married 44 years on Oct. 8.

Helping mark the occasion were Mr. and Mrs. Bill Fracer and Jim Rusk of Oklahoma City, Okla.; Messrs. and Mmes. L. C. Butler and children and Jessie Honaker and son of Berger; Mr. and Mrs. Ira Honaker and children of Fritch; Mr. and Mrs. Art Halberg and children of Dumas; Mr. and Mrs. Don Sinclair and son of Skellytown; Messrs. and Mmes. Kenneth Honaker and children, W. D. Ford and children, Jimmie Honaker and children, Jess Bliss and children and Mrs. Skippy Summers, all of Pampa.

Dear Abby.... Serviceman's Wife Gives Helpful Hint

DEAR ABBY: Our servicemen are now on what is called the "honor system." They no longer make out allotments for their families. They are issued full pay, and put on their "honor" to see that their families are taken care of. Well, I am very sorry to say that some of our servicemen don't have much honor. Mine included.

Abby, it took me seven months before I was able to get money out of my husband to feed my family. I finally found out how to go about it, and I hope you

will publish my letter because there are a lot of other wives with the same problem.

Write to the Adjutant General, T.A.G., U.S. Army (or whatever branch of service your husband is in), Washington, D.C. Tell him what your problem is, give him your husband's full name, rank and serial number. Make four copies of that letter. Keep one yourself, send one to your husband and one to your husband's Commanding Officer. They will remind the serviceman that his family back home must eat. I got results!

Astrological Forecast

By CARROLL RIGHTER
For Thursday, Oct. 21

GENERAL TENDENCIES: A day and evening when your judgment is apt to be very off center. Only by being quiet for a little while when any obstacle arises and allowing your intuition to come to the surface, are you apt to find the right answer and to use it to your advantage. Avoid bombastic, self-opinionated boasts.

ARIES (Mar. 21 to Apr. 19) — Regular tasks may seem quite annoying now, but if you labor patiently through them, you get them done and do notirk others. Get health and charm improved later. Be happy.

TAURUS (Apr. 20 to May 20) — While your desire is to enjoy amusements, it is wiser to get your work done properly. Your duties are numerous. Use that Venus charm and be happy with those who are around you.

GEMINI (May 21 to June 21) — If you are calm you can stave off any arguments. The what would tend to disrupt the harmony of your home. You are spiritual; be armed to accomplish a great deal. Also, do so.

MOON CHILDREN (June 22 to July 21) — This is not a very good day for trips or having important talks with others. Avoid a more propitious day. Carry on with work, but be most careful with machinery, driving, etc.

LEO (July 22 to Aug. 21) — Generosity is a very important part of your nature, but take care you are not extravagant today. Build up reserves. Get busy regarding values that are rare and are easy to lose. Be determined to get your own way, but mean the loss of some good friend, you will improve yourself, your appearance, etc.

LIBRA (Sept. 22 to Oct. 21) — Why bother selling your troubles to others since they have enough of their own, and you can easily solve yours by thinking objectively? Do so. They labor steadily.

SCORPIO (Oct. 22 to Nov. 21) — Don't permit a distrustful friend to disrupt your plans for the day—there is little you can do for him or her. Show perseverance at least. This may be an important day.

SAGITTARIUS (Nov. 22 to Dec. 21) — Show that you are precise and conscientious in allday tasks, or you lose prestige. Income. Do notirk irate bigwig. Realize that pressures are heavy now.

CAPRICORN (Dec. 22 to Jan. 20) — Many new outlets beckon that seem enticing, but would disappoint you if you act. It's all right to take any action now, but don't take any action now.

AQUARIUS (Jan. 21 to Feb. 19) — With all the duties that face you, both personal and business, it would be best to schedule your time wisely. Avoid confusion. Avoid that newcomer who could mean trouble.

PISCES (Feb. 20 to Mar. 20) — Do every thing possible to avoid arguing with an associate or those could be repercussions later of a serious nature. Follow through on expectations. Labor with vim.

SKIP MY NAME

DEAR SKIP: Thank you for your willingness to share some valuable information with other wives who might need it. If you had written to your Congressman, you could have accomplished the same results. And possibly sooner.

DEAR ABBY: I am an 18-year-old girl with a problem—my father. He's really a doll, and I don't have any of the problems my girl friends seem to have with their fathers about make-up, hair styles, curfews and the kind of boys they date. But the one thing that bothers me is my father's staying up and waiting for me to come home from a date. If he'd only sit in the dark somewhere in the house, I wouldn't mind so much. But the minute the car pulls up, the front door pops open, and there's Daddy. Of course this kills my chances for a good night kiss. How can I let my father know I'm not a baby any more?

NO KISSES

DEAR NO: He knows. That's why he's waiting up for you.

DEAR ABBY: I am planning to marry a man who has been married before. We are both Unitarian. He has four children by his first wife. Abby, I have never been married before, and I've always dreamed of announcing my engagement in the paper, having a large church wedding and wearing a beautiful white gown and veil. But someone told me that I will have to forego that dream because the man I am going to marry has already been through that. Is that so?

BRIDE-TO-BE

DEAR BRIDE: Na, it doesn't matter how many times your fiance has been married or how many children he has. If this is your first trip to the altar, you may realize your dream.

CONFIDENTIAL TO LILY, WHO'S DEPRESSED: If a man is forever looking behind doors, it's a good bet that he has stood behind a few himself.

Problems? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

JUDGE RETIRES
WASHINGTON (UPI)—Associate Justice Charles Evans Whitaker of Kansas City, Mo., who retired from the Supreme Court for health reasons in 1962, has resigned his commission.

Chief Justice Earl Warren announced Monday that Whitaker had informed President Johnson that he has recovered his health and wished now to be free of occupational restrictions.

Plainview, Like Pampa, Has Found Going Rough in 3-4A

By RON CROSS
News Sports Editor

Plainview, like Pampa, has found the going a bit rough in the football wars this season, but the Bulldogs have some good football players.

Among the best is halfback Stan Rigler, a 165-pound senior with one letter to his credit. Rigler, who is one of the fastest backs in the 3-4A conference, is the third leading pass receiver in the district.

The senior back has 12 catches to his credit for 179 yards in three league games. He is the favorite target of quarterback David Maggard.

Maggard himself is one of

the leading passers in the conference with 21 completions in 54 throws for 236 yards.

The Pampa pass defense, which was shelled by Monterey last week, would seem to be in for another stiff run Friday night. Maggard has had four passes intercepted.

The Friday night affair will be the 17th meeting between the two clubs, in a series dating back to 1944 and canceled from 1961-66.

The Harvesters have won 10 of the contests, there have been no ties, and lost six. They were beaten last year by the Bulldogs, 14-0, at Pampa.

Plainview started the season

like a house afire, winning their first two games. But they have lost three in a row, all three conference games.

Last Friday the Bulldogs led Palo Duro 12-0 only to lose, 28-13 in a Don rally in the final two periods of play.

Much the same tragedy struck Pampa. The Harvesters jumped to a quick 12-0 lead over 3-4A leader Monterey, only to fall, 40-12.

Pampa will have the edge weight-wise, both in the line and backfield. Up front Pampa weighs in at 181.3 pounds per man compared to 181.3 for Plainview. In the backfield de-

partment the Bulldogs average weight is 168 pounds per man while Pampa is just a bit heavier at 169.2 pounds per man.

In their six games Pampa has averaged only 10 points per contest while giving up 23.3.

Injuries have cost the Bulldogs dearly with two top flight players out of action the past three games.

Seniors Mike Buchanan and Raymon Barron have been hit hard by the injury bug.

Buchanan is sidelined with a broken arm and was a starting halfback with two football letters.

Barron, another halfback had a shoulder hurt, and quit football Monday. Barron is a 135-pounder with two varsity letters.

The Bulldogs run mostly out of the I formation, same as Monterey, but use several formations and do a lot of passing. They also have 11 lettermen,

only six of which start on offense.

Pampa coach Eural Ramsey has made but one switch in his lineup this week, moving center Jerry Wright to left tackle to back up Woody Leonard.

Reserve tackle Glen Lewis has a sprained ankle and will not play Friday night.

The Harvesters will go with their same backfield in Roy Harper, Ted Heiskell, Joey Roden and Lewis Meers.

Harper leads the Harvesters on total offense with 91 yards rushing and 168 passing while Heiskell is Pampa's leading ground gainer with 241 yards on 64 carries for an average of 3.7 yards a carry.

Joey Roden and Lewis Meers run second to Heiskell with Roden gaining 209 yards on 61 carries and Meers 171 yards on 47 carries. Roden averages 3.2 yards a carry and Meers, 3.6.

4 Eliminated by Owners For Ball Commissioner

CHICAGO (UPI) — Major league baseball owners will try to sift a new commissioner from "about 10" remaining candidates today, but most of them expect their session to run over through Thursday.

Eight candidates were eliminated, four by their own choice, Tuesday, after the owners attempted to prepare an "organizational chart" defining what they expect of the new man.

Today they will try to complete the chart and then, co-chairmen John Galbreath of the Pittsburgh pirates and John Fetzer of the Detroit Tigers said, they probably will try to further reduce the list of candidates.

They would accept the job, Fetzer and Galbreath said.

Thus, should some non-baseball man not attending the meeting be selected, he would not be identified until he has been contacted by baseball representatives and offered the job.

Fetzer declared he was "not a man in a hurry" to make the selection just to "get the job over."

"I'd like to have it over," he said, "but I want to use good judgment."

and possibly more," but he said he would have to operate under the major league agreement defining the powers of the commissioner. He will be a man in "his early 50's."

There was no discussion of a reported proposal for a trio of men to handle the office, and Fetzer said "there will be one man, as commissioner in complete charge."

Both Fetzer and Galbreath said they expected some "advisory votes" to be taken today on the remaining candidates to help in cutting down the list. However, neither would predict that any official ballots would be taken.

Continued Search

"We plan to continue the meeting until a new commissioner is chosen, or we have instructions as to the next step," Galbreath said.

"The way it looks now," he added, "sometime today we could finalize our organizational chart and possibly we could have a commissioner."

However, the 10 men still in the running include both baseball and non-baseball personalities, and none have been contacted to determine whether

they would accept the job, Fetzer and Galbreath said.

Both men said the organizational chart called for the commissioner to handle press relations, player-pension relations and minor leagues as major problems of baseball.

"I don't think there is any such man as we're looking for," Galbreath said. "He must have great integrity, the courage of his convictions."

"He must be a self-starter, who can lead, who can persuade," Fetzer added. "We're not looking for the czar type. We're looking for leadership, for persuasiveness."

The new commissioner, Fetzer said, would have "all the powers that (Ford) Frick had

and possibly more," but he said he would have to operate under the major league agreement defining the powers of the commissioner. He will be a man in "his early 50's."

There was no discussion of a reported proposal for a trio of men to handle the office, and Fetzer said "there will be one man, as commissioner in complete charge."

Both Fetzer and Galbreath said they expected some "advisory votes" to be taken today on the remaining candidates to help in cutting down the list. However, neither would predict that any official ballots would be taken.

Nicklaus Favored In Sahara Tourney

LAS VEGAS, Nev. (UPI)—In a town where you can get odds quoted on almost anything, Jack Nicklaus predictably emerged today as the favorite on the opening day of the \$100,000 Sahara Invitational golf tournament.

Nicklaus, the hefty former Ohio State star who already has won more official prize money in one year—\$135,000—than

any golfer, was quoted at 10-1 before the field of 124 started the first round this morning at Paradise Valley Country Club.

Nicklaus won the tournament in 1963, scrambling from 79th place on the first day.

Victory in this event would net a \$20,000 first prize and push Nicklaus' earnings over the \$150,000 mark.

Billy Casper, Peacock Gap, Calif., golfer with one of the game's great putting touches, is a 121 choice on the opening day of the tourney.

Other favorites include Doug Sanders, Al Geiberger and Bruce Crampton, all 20-1, and defending champ Dick Sikes, Tommy Aaron, Bobby Nichols, Gardner Dickinson and Julius Boros at 25-1.

By winning last year here, Sikes emerged as rookie of the year.

There were some big names among the missing. Arnold Palmer was unable to arrive in time to sign up, and both Gary Player and Tony Lama also were among those absent.

The eighth annual Sahara is the final event on the 1965 PGA tour and will be played on a fast 7,006-yard course, a par 36-35 layout.

Wheeler Back Leads Area Scorers; Bucks in Second

Bobby Vanpool, speedy Wheeler halfback retained his lead among area scorers with a 16 point effort last Friday while only one player was able to advance in the top 20 scorers.

Vanpool upped his lead to six points over White Deer's Ronnie Elliott, who was second last week.

Elliott scored 14 points in White Deer's conference opening victory and now has 82 points.

Vanpool's teammate, Tom Smith remained in third place by scoring eight points and now has a total of 54.

Still tied for fourth place is Groom's Larry Lamberson and White Deer's Vernon Marlar, both with 42 points. Neither scored last week, Groom was idle.

Making the jump from eighth to fifth place was the Buck's Jerry Smith who has five touchdowns to his credit for a total of 30 points.

Vanpool now has 10 touchdowns and four-two point conversions for the year while Elliott has 10 touchdowns and only one conversion.

Smith has seven touchdowns and six conversions and Lamberson has six scores and three-two point conversions with Marlar scoring seven touchdowns and no conversions.

The Buck's Johnny Mooney booted home three of five extra

point tries and now has 22 out of 28 attempts.

Friday night both the Bucks and Wheeler will be using their high-scoring machinery to the hilt when they meet tough conference foes.

In 5B three conference games are on tap with Wheeler (6-0) playing host to Booker (2-3); Darrouzett plays at Lefors while unbeaten Groom (4-0-1) tackles a tough Miami gang.

In district 2-A White Deer (6-0) plays at Clarendon (4-3); winless Canadian (0-6) plays at Wellington (5-0-1) and McLean (2-4) plays at Memphis 4-2.

Other favorites include Doug Sanders, Al Geiberger and Bruce Crampton, all 20-1, and defending champ Dick Sikes, Tommy Aaron, Bobby Nichols, Gardner Dickinson and Julius Boros at 25-1.

By winning last year here, Sikes emerged as rookie of the year.

There were some big names among the missing. Arnold Palmer was unable to arrive in time to sign up, and both Gary Player and Tony Lama also were among those absent.

The eighth annual Sahara is the final event on the 1965 PGA tour and will be played on a fast 7,006-yard course, a par 36-35 layout.

In an \$11,111.11 ProAm that preceded the medals classic, most of the professionals didn't seem to have too much difficulty in beating par.

Dickinson, as of this week the hottest golfer on the tour, picked up \$1,000 for two days work for his low 36-hole score of 686-136. Jay Dolan, Leicester, Mass., turned in a creditable 67-70-137, and four men beat 67 with 138, or four under par.

Dickinson less than a week ago shared top money for the championship of the Haig & Haig Scotch Mixed tournament at La Costa, Calif.

Most of the previous winners of this tournament, which started in 1958, are present in this time.

Scoring Chart

Player	School	Td	Sp	Tp
B. Vanpool (W)		10	4	68
R. Elliott (WD)		10	1	62

Tech, SMU Battle Is Top SWC Attraction

By United Press International

The game of the week in the southwest Conference Saturday isn't as awe-inspiring as the Texas-Arkansas classic last week, but it may settle some heated debate about the team most likely to tumble Arkansas off its SWC championship-sound express.

Texas Tech and Southern Methodist meet in the Cotton Bowl in the most exciting match on this week's agenda. Both sport a come-from-behind record that might produce any number of unexpected results.

Tech's Red Raiders will be without starting halfback Johnny Agan against the Mustangs. Agan suffered a bruised back muscle and a hip pointer in the Oklahoma State game.

Tech went through a two-hour contact drill Tuesday in perfect weather and worked on a defense to contain Southern Methodist's wide-open offense. Coach J. T. King called the "Pony backs" "explosive" and the fastest in the conference. Another full-contact drill is scheduled today.

SMU worked until dark Tuesday on Red Raider offensive plays, and coach Hayden Fry said his squad was in prime physical condition. Fry said he planned to shuffle eight backs in and out of the Tech game.

but had not determined which four would start.

Also rating a lot of interest Saturday will be the Texas-Rice game, with the Longhorns trying to regain the momentum lost in the 27-24 defeat to Arkansas in other games. Baylor will be at Texas A&M, North Texas State will be at Arkansas and Texas Christian will visit Clemson.

The Texas Longhorns dashed through a workout Tuesday at full speed in preparation for Rice, and coach Darrell Royal said all his players were in top form except Linus Baer, a halfback who missed the workout. Baer separated his shoulder in the Oklahoma game and missed the Arkansas tilt.

Rice closed its gates for practice Tuesday. Offensive center Stan McDonald suffered a hair line fracture in his right leg and will miss the Texas game, and coach Jess Neely said Bill Walker would return to the starting center post.

Bears Get Report

The Baylor Bears heard a scouting report on Texas A&M, then hit the practice field to work on a defense to contain the Aggies' running and passing game headed by quarterback Harry Ledbetter. Kenner Stockdale and Mike Marshall alternated at quarterback in the Bear workout.

A 45-minute scrimmage highlighted the Texas Christian workout. Coach Abe Martin said he was pleased with the passing of veteran quarterback Kent Nix and the running of sophomore Ronnie Newman.

The Horned Frogs also heard a scouting report on Clemson, which TCU coaches called "a big, strong team that doesn't do anything fancy. They just run over you."

Giardello Rated Even With Tiger

NEW YORK (UPI) — The odds began to dance about like Joey Giardello at his best today indicating that New York State's prodigious boxing son may enter the ring at close to even money Thursday night when he defends his middleweight title against Dick Tiger.

A flood of "Giardello money" cut the 2-1 odds favoring Tiger to 8-5 Tuesday and if the trend continues the wagering may be 6-5 pick 'em by Thursday night's 8 p.m., CST, opening bell sounds in Madison Square Garden.

Supporting Joey

The late support for the 35-year-old champion apparently reflects a feeling that Tiger reached his peak a week ago when he hit 159 pounds. He was built back up to 162 and Tuesday hit 160 on the nose but some experts think he may have been weakened by the process.

Giardello, meanwhile, looks fit for a fight or a track meet. He's worked 170 rounds and done 150 miles of road work in preparation for the stolid, eager punching Nigerian who lost the middleweight crown to Joey on a disputed decision 22 months ago at Atlantic City, N.J.

Giardello completed his training camp by working out in the Garden Tuesday. It marked the first time in 11 years that he was inside the Garden because he had been declared persona non grata by the New York State Athletic Commission for the last 11 years.

Bufs Host Aggies In Homecoming

CANYON — The Old Grads will be on hand this Saturday afternoon to watch a West Texas State team that is looking for its sixth consecutive victory after staging a fourth-quarter rally to trip Colorado State University, 15-12.

Only five other teams in Buffalo history won their first five games. The 1936, 1941, 1950, 1956 and 1962 squads came into their sixth game with unblemished records. Only the 1956 aggregation failed to win its sixth contest, but the 1965 Buffs could fall into that category and it wouldn't be termed an upset.

New Mexico State, coached by the redoubtable Warren Woodson, will bring a veteran Aggie team to Canyon to try and spoil the Buffs' Homecoming celebration as he did while at Hardin-Simmons in 1942 and 1951. Woodson has won 221 games, more than any active coach in the major college ranks. His record against West Texas State is 12-5-2, but in the past five seasons under Joe Kerbel, the Buffaloes have managed a 2-2-1 split with Woodson's Aggies.

The Buffaloes shall surely be seeking revenge for the 40-0 licking the Aggies administered at Las Cruces in 1964 at the NMSU Homecoming festivities. Only three of Woodson's lettermen are gone from that squad and there are still plenty of Buffaloes around who also remember.

Both teams boast outstanding defenses against the rush. The Buffaloes have allowed a mere 62 yards per game on the ground, the Aggies have been moved only slightly more, 94.2 yards per outing. It's likely to be a duel between the Buffaloes' Unfriendly Society and the Aggies' Ugly Four.

The Ugly Four, the nickname given the New Mexico State defensive line, is composed of Will Hudgins (250), James Edgerly (240), Al Gonzales (220) and Roger Bird (230). Only Gonzales, a sophomore, did not letter last season. Their average weight is 235, easily the largest array of defensive beef yet faced by the West Texas Staters.

West Texas State's defensive wall was touched for 91 yards rushing by Colorado State, but this performance is excellent considering the Rams had been averaging nearly 200 yards on the ground prior to last Saturday's encounter.

New Mexico State's only loss of the 1965 campaign came at the hands of the Texas Western Miners, 21-6. Prior to that, the Aggies had downed Arlington State, 27-10, and edged Lamar Tech, 21-20. Since the defeat, they've nipped the University of the Pacific, 14-6, and last week tromped Wichita State, 45-20, in which Woodson revived his offense to the tune of 337 yards by rushing and passing.

Nebraska, Hogs Saturday Choices

NEW YORK (UPI)—Nebraska, the No. 1 team in the UPI board of coaches rankings, takes on big Eight cohort, Colorado Saturday and the oddsmakers figure the Cornhuskers are 19 points better than the Buffaloes.

Nebraska is averaging more than 38 points per game and has three shutouts in five victories. Colorado has three triumphs and two ties. The Buffs tied Iowa State, which Nebraska murdered 44-0.

Arkansas, the second-ranked team, is such a powerhouse that the oddsmakers couldn't bring themselves to rate the Razorbacks against little North Texas State.

Third-ranked Michigan State, with a five-game victory skein including three against the Big Ten opponents, was rated only a one and one-half point choice against Purdue, which is ranked fourth and has beaten seventh-ranked Notre Dame. This game could well decide the Big Ten representative to the Rose Bowl.

Southern California, tied with Purdue at fourth, was a seven and one-half point underdog against Notre Dame in a grudge match. Southern Cal spoiled a perfect season last year for the Fighting Irish in the last game.

Sixth-ranked Texas was a 25-point favorite to whip Rice and ninth-ranked Louisiana State University a 20-point choice over South Carolina.

Kentucky was considered a six and one-half point favorite over 10-ranked Georgia.

Other games:

The East: Syracuse 22 over Holy Cross, Rutgers 7 over Columbia, Princeton 23½ over Penn. Cornell 6½ over Yale, Dartmouth 4 over Harvard, Colgate 9 over Brown, Penn State 6½ over West Virginia.

The South: Virginia 4 over Virginia Tech, Tennessee 15 over Houston, Alabama 3 over Florida State, Georgia Tech 5½ over Navy, Clemson 3½ over Texas Christian, Maryland 8 over North Carolina State.

The Southeast: Texas A&M 4 over Baylor, Southern Methodist 1 over Texas Tech.

Walter Rogers Reports:

Close of a Session Is Always Hectic!

Congress will be well along toward adjournment as you read this. The closing days of a session of Congress are always among the most hectic of the year as legislation, often pushed along through committee procedures, comes to the floor in a wrangle of parliamentary decisions and quick votes. Members who, as I do, advocate an orderly, deliberate consideration of legislative proposals are sometimes dismayed to find many ill-advised measures slipping through to approval.

It is well that adjournment is coming. It is, I feel, important for the country to have a respite from the close attention it has been paying to legislative matters. Certainly the work of the Congress is so important every citizen should make it his business to be well informed and to study proposals that are advanced. But the pause between this First Session of the 89th Congress and the Second Session, beginning in January, will permit American citizens to review what has been done and to give attention to problems facing the country of another type. Primarily I refer to those involved in our international relations. The respite will permit Members of Congress to return to their homes, to be among the people, to review and discuss these very important matters.

It is unlikely that the Founding Fathers anticipated that the Nation's legislative business would require Congress to be in session almost year 'round. The almost continuous sessions that have become a part of accepted Congressional procedure were really not envisioned as little as 20 years ago. As I pointed out in another connection recently, the Legislative Reorganization Act of 1946 provided that "except in time of war or during a National emergency proclaimed by the President" the House and Senate are to be adjourned

not later than July 31 "unless otherwise provided by Congress." The legal situation is that we continue to be in the state of National emergency proclaimed by President Roosevelt on Sept. 8, 1939, and May 27, 1941. Even had the requirements of the law not been met by the continuing force of these edicts, it would have been necessary in most of the years since 1946 to enact measures providing for sessions past July 31. The business of the country has simply become so complex—and the Federal Government's role so strong—that the national legislature must sit in almost continuous session. For all the Members of the House and Senate, the end of the formal meetings in the chambers of the two Houses during adjournment will not end the responsibilities they face. Most will be required to attend to Committee business of one sort or another as the Committees, the workshops of the Congress, prepare legislation for consideration in the Second Session. All will find it necessary to "stay on top" of developments affecting the country at home and abroad, because at any moment the President of the United States could order the Congress reconvened to deal with a new crisis or emergency.

When Congress has handled its business in Washington with dispatch, the situation permits the Members to devote the proper amount of time studying problems confronting people in the Districts and States they represent. The Members of the House and Senate thus take up their duties in January again with fresh knowledge of the situation in their home areas and the feelings expressed to them by the citizens with whom they have talked. No amount of "public opinion research," as reflected in printed reports, can take the place of discussions with individual citizens holding informed and clearly thought-out opinions on issues of the day. This is the great opportunity of adjournment. Although the

House and Senate are not called into formal session each day, Congress remains at work as its Members prepare again to

reflect, as the representatives of the people, the hopes and aspirations of this great Nation's citizens.

National Window

By LYLE WILSON
United Press International
To understand what goes on in New York City, it will be necessary for Republicans in the vast Middle West and conservatives everywhere to realize that the Republican Party label no longer means much of anything in the great state of New York.

What goes on in New York City is a mayoralty election. This election could validate the Republican Party label. It might also offer conservative New Yorkers an escape from the political doghouse. All American citizens have a fat stake in next month's election and all should understand why. Left wingers of all parties should know that the conservative political movement may be born again next month in New York City. Left wingers will hate and fear the very thought of it.

Consider this: The Conservative Party, Inc. (CPI) has a candidate in a three-way contest for mayor of New York. CPI knows its man cannot win. But there is a good chance that the CPI candidate will siphon away from the so-called Republican candidate enough votes to obtain the election of the Democratic candidate. The Democrat is a pedestrian politician named Abraham Beame.

The CPI candidate is in the contest not to win but to damage the Republican candidate. He may do it, too. Polls indicate as much. The CPI candidate is William F. Buckley Jr., editor of the magazine National Review. It is important to know that Buckley is not a member of the John Birch Society and that he can prove it. That makes him safe against the

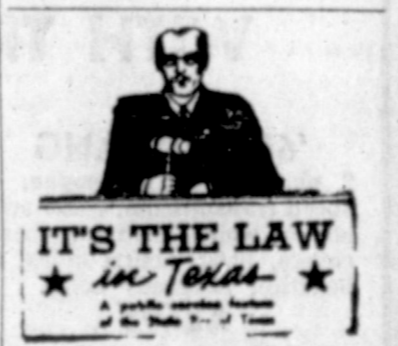

usual and deadly attack to be expected by all conservatives who now venture into politics. Buckley publicly has given up the Birchers for lost.

Buckley's perfect defense against the Birch accusation frustrates and confuses the soft-boiled or part-time Republicans of New York State. Such Republicans long have been accustomed to ignore their conservative brethren except when they were accusing the conservatives of high crimes against the public welfare. Buckley is in the contest to defeat Republican candidate John V. Lindsay whose claim to the Republican label is weak if not absolutely bogus.

Four times elected to the U.S. House of Representatives as a Republican, Lindsay too of publican, Lindsay too often votes the other way. New York City Republican leaders unanimously picked Lindsay for mayor on his record as a winner. He carried his congressional district last year by a fat margin when Barry Goldwater was losing it by thousands of votes.

After getting the Republican mayoralty nomination, Lindsay made a deal with the Liberal Party and got the Liberal nomination as well. The Liberal Party is a far left creature of the New York garment industry trades unions. Lindsay's effort to mix the political principles of the Liberal and Republican parties is as outrageously unnatural as a mix of oil and water. The Liberal Party usually supports Democratic candidates in New York elections provided that they are left wingers running on left-of-center programs.

The Conservative Party, Inc. was formed in 1962 to prevent the Republican Party in New York from following the Democrats and Liberals into left field. CPI explained: "The founders of CPI are Republicans who assert their purpose to compel Republican national and New York State conventions to consider conservative preference when nominating candidates for national and state tickets."

Duty to Get Well
Mrs. R. injured while crossing the street, had no trouble establishing a claim against the negligent motorist. However, he was willing to pay only for her original injury — not for the "permanent disability" she said she had.

In a court hearing, he explained that her disability could probably be cleared up if she would just submit to corrective surgery. But to Mrs. R, this was indeed adding insult to injury.

"Why should I risk my life in a major operation," she demanded, "just so he can pay me less damages? Not only is such an operation dangerous, but often it doesn't even do any good."

That made sense to the judge, who ordered the motorist to pay for her disability in addition to paying for her injury.

Yet, the motorist did have a point worth weighing. Is it the wrong-doer's fault if you, as the victim, don't make a reasonable effort to get well? In all fairness, the law has to draw a dividing line between harm truly caused by the wrongdoer and harm truly caused by your own neglect.

For example: A woman's foot was injured in a railroad accident, and her doctor ordered her to use crutches during the healing process. Nevertheless, because she found the crutches awkward, she often hobbled around without them. As a result, a court ruled later that she could not collect damages for being left with a permanent limp.

In another case, a man's failure to consult a doctor for almost three months — despite a serious back injury — barred him from collecting damages for the complications that developed.

Allowable Increase Best Break in Three Years

FORT WORTH (UPI)—The November increase in the state oil allowable is the best break in three years for the industry, president James Sewell of the Texas and Mid-Continent Oil & Gas Association said Monday. Sewell addressed the association's 46th annual convention. State railroad commissioner Byron Tunnell was scheduled to

speak on the topic. "Regulating for the Long Haul," Tunnell is a former Texas House speaker. Sewell, of Dallas, said a low allowable has been one of three factors that have kept the oil business from being as bright as it had been for independent operators. Other drawbacks, he said, are high costs of exploration and

lack of improvement in prices for crude oil. But the Railroad Commission last week ordered a November production factor of 30 per cent compared to a current 28.8 per cent. Sewell was scheduled to deliver a report to the convention today. Some 800 of the 4,000

members of the association were expected to attend portions of the three-day meeting. "The big profit picture is not as bright as it was," Sewell said. "It is not as attractive to the independent—small operators continue to sell out to larger operators or majors. But men still go into the oil business."
