

'Old Man of the Sea' Among Cuban Refugees

By United Press International
KEY WEST, Fla. (UPI) — A grizzled Cuban fisherman, claiming to be the figure who inspired Ernest Hemingway's novel "The Old Man and the Sea," arrived here today with a vanguard of refugees from Communist Cuba.

mo Hernandez, a Havana cigar in one hand and Panama hat clutched in the other. "We would drink good, black Cuban coffee together."

el. Hernandez was among 44 refugees and 12 crewmen who came here on four boats this morning as the refugee shuttle got into full swing again after a holdup of two full days.

land's north coast in the past 24 hours. The new arrivals brought more than 700 the number of Cubans who have fled the island since Communist Premier Fidel Castro declared his open door policy more than two weeks ago.

ren who came in on the 36-foot Franklin Junior. With him were a grandson and three great grandchildren, all girls, aged 13, 8 and 4 years.

pants and an old brown shirt. "Yes, I'm happy to be here," he said. "You can't live with hunger and the terror imposed there by the Communists — especially at my age."

the north coast of Cuba and that more might set out today. More than 100 boats, several of them large enough to carry as many as 100 passengers each, were reported waiting at Camarioca, the embarkation port designated by Fidel Castro for the "open door" exodus of exiles from his regime.

"A great society is a society in which its men of business think greatly of their functions."
—Dr. Alfred N. Whitehead

Americans Get Nobel Physics Prize

NOT TALKING — Imperial Wizard Robert M. Shelton huddles with attorney Lester V. Chalmers of Raleigh, N. C., at the House Un-American Activities Committee hearings on the Ku Klux Klan. Shelton, of Tuscaloosa, Ala., repeatedly invoked constitutional amendments in declining to answer questions, including the meaning of the button reading "Never" on his lapel.

Investigators Believe Klan More Involved

WASHINGTON (UPI) — Convicted that Ku Klux Klan bed-sheets hide more than racism, House investigators today pressed a grand dragon to tell where Klansmen's dues go.

The House Committee on Un-American Activities recalled James Robertson Jones, head of the North Carolina chapter of the United Klans of America. They sought details of a complicated financial system built on receipts from sheet sales.

Council To Get Street Report At Tuesday Meet

A final report from the mayor's committee studying Pampa's street and thoroughfare improvement needs is expected to be filed with the City Commission next Tuesday.

City Manager Jim White said today the committee, headed by Clinton Evans, has completed its recommendations.

Chairman Evans and Ray Duncan, committee member, were named to draw up the report at a Monday night meeting in which unanimous agreement was reached.

Their report will be submitted to the 11-man committee of the whole at a meeting set for 5 p.m. Monday in City Hall.

Chairman Evans will file the committee-approved report at the city commission's regular Tuesday morning meeting.

The Street and Thoroughfare committee will be the third committee to submit recommendations. Reports already have been filed by the Water and Highway Committees.

Eleven Citizens Advisory Committees were named last June by Mayor Jim Nation to assist city commissioners in seeking solutions to Pampa's major problems.

Fugitive Might Give Up

WICHITA FALLS, Tex. (UPI) — A Wichita Falls lawyer today planned to meet with the family of Delbert Harmon Garmon, kidnaper of 19 persons, to try to arrange for the surrender of the 26-year-old fugitive.

The lawyer, Philip S. Louri, said Garmon contacted "a member of his family" to request that they "obtain a lawyer for him."

Kouri quoted the family as saying Garmon wants to surrender to someone "other than a rookie policeman, who he fears might take a shot at him."

But Mr. and Mrs. Delbert H. Garmon Sr., said they had not talked to their son. Sources in Wichita Falls, however, said he was believed to have telephoned his sister, with whom he was "very close."

"We don't want Delbert to give himself up until we can get something figured out so he can surrender without getting killed," the fugitive's mother said.

"These policemen are going to shoot him down the minute they see him, because he has said he wasn't giving up," she said.

"Otherwise, they are not going to give him a chance. "The boy isn't as mean as what they make out he is," she said. "He's not going to hurt anybody. The boy has died a thousand deaths already."

Garmon, a former salesman and two-time convict, has kidnaped 19 persons in a two-week flight through Texas and Oklahoma.

He was believed to be in Dallas after two weeks of terrorizing farm communities of Southern Oklahoma.

Elbert Dugan, a Frederick, Okla., farmer told Oklahoma police Wednesday that Garmon forced him to drive to Dallas earlier in the day. Dugan said Garmon came to his home.

"He gave me the choice of giving him my car or of driving him to Dallas," Dugan told police. Dugan said he let Garmon out of his truck near downtown Dallas then drove all the way back to Davidson, Okla. before notifying authorities.

"I think he would like to give himself up," Dugan said. "But he's afraid of the electric chair."

Garmon's flight started Oct. 5 when his wife, Nina, fled to a service station, saying her husband tried to kill her.

Securities Permits Issued to 55 Firms

AUSTIN (UPI) — State Securities Commissioner William M. King said today 55 companies were given permission to sell \$24.1 million worth of securities in Texas last month.

In September, 1964, authorizations totaled \$19.9 million, he said.

If it comes from a hardware store we have it. Lewis Hdw. (Adv.)

U.S. Scientist Gets Award for Chemistry

STOCKHOLM (UPI) — Two American scientists and a Japanese whose research is contributing to the development of electronic computers today won the Nobel Prize for Physics.

Another American won the prize for chemistry. The physics winners were Prof. Julian Schwinger of Harvard University, Richard P. M. Feynman of the California Institute of Technology in Pasadena, Calif., and Prof. Sin-Itiro Tomonaga of Tokyo.

Prof. Robert Burns Woodward, also of Harvard, won the chemistry prize for his "meritorious contribution to the art of organic synthesis."

Schwinger, 49, Feynman, 49, and Tomonaga, 59, split the physics award for transforming the so-called "exchange play" between elementary particles into hard mathematical facts.

Their ground work was laid down more than two decades ago when the United States and Japan were still fighting World War II. They reached their conclusions independently, without cooperation.

The three will share the \$56,400 prize money. The Swedish Academy of Sciences, which makes the awards, said Woodward, 48, "has carried out a number of difficult syntheses of complicated organic compounds within the last two decades."

It said his "peak achievement" came in 1961 "when he succeeded in bringing about the complete synthesis of the green coloring matter in leaves of plants, chlorophyll."

In announcing the physics award, Prof. Erik Rudberg of the Academy said the work of the two American and Japanese scientists would probably affect the development of electronic computers and other electronic equipment.

He said the research will "mean a revolution in the thoughts and pictures of solid state physics." He said it was extremely important for the physics of elementary particles.

Schwinger and Feynman were both born in New York. Woodward was born in Boston, Mass.

'The Body' Is Dead; Found by Husband

HIDDEN HILLS, Calif. (UPI) — Actress Marie (The Body) McDonald, 42, was found dead today by her husband in their home and the coroner's office said her death was a "possible suicide."

Detectives said the Malibu Sheriff's substation received a telephone call at 5:30 a.m. PDT from film producer Donald Taylor that his wife, Marie, was dead.

No further details were immediately available.

There was no immediate indication as to the cause of death.

The actress' career in recent years has been plagued with troubles, among them treatment in Las Vegas in 1958 for reportedly accidental overdose of sleeping pills; treatment at Sydney, Australia, in 1963 in a psychiatric clinic and conviction later in the same year on charges of forging two prescriptions to obtain the pain-killing drug percodan.

The blonde Miss McDonald, one-time vocalist with the orchestra of Tommy Dorsey, has been involved in legal controversy during her years in Hollywood.

She once claimed she was kidnaped and raped by two men in 1957 and released in the desert more than 100 miles from Hollywood. Law authorities investigated the case but her alleged kidnapers were never apprehended.

PAMPA TO ACCEPT FEDERAL AID

School Board Decides Trial Run Under PESO

The Pampa School Board today reached a decision to join the proposed Panhandle Educational Service Organization (PESO) on a participating membership trial basis for one year.

Jack Edmondson, school superintendent, said H. Creel Grady Jr., board president, notified him this morning that a final poll of the five board members resulted in unanimous agreement on the trial run.

A participating membership in PESO would mean that the Pampa Independent School District would go along with other Panhandle school districts and accept federal aid money under Title I of the Elementary and Secondary Education Act of 1965 which provides federal financial aid for so-called "educationally deprived" children of low income families.

It has been established through survey that there are 508 such children in the Pampa school district.

Pampa is qualified to receive a \$99,000 annual grant under the federal legislation. Edmondson stated he did not know yet what proportion of the grant the Pampa district would receive, since the first year of its operation already is under way.

The formation of PESO is not expected to be completed before mid-term of the current school year, Edmondson said.

PESO would have its central headquarters at West Texas State University in Canyon. It is expected to embrace about 60 school districts in the Texas Panhandle. The area would be broken up into units. The Pampa district will be included in a three-county unit involving Gray, Roberts and Ochiltree Counties.

Dr. Emmitt J. Smith, director of program research and development at WTSU, will head PESO and serve as coordinator for the various units.

Dr. Smith was in Pampa several weeks ago and outlined the plan for the Pampa school board.

Superintendent Edmondson said Dr. Smith would be notified of PESO headquarters today of Pampa's decision to become a participating member of PESO.

Grain Harvest Faces Rail Car Shortage

AUSTIN (UPI) — There is a critical shortage of rail cars needed for West Texas harvest.

State Agriculture Commissioner John White said special hopper cars are being delivered to railroads but the "transportation shortage is still critical."

The railroads promised to give priority to cars needed for grain, White said. He said there is a national shortage of cars for movement of farm harvests from temporary storage areas to major shipping points.

Accidents—435
Injuries—120
Deaths—0

THIS IS THE PLACE — President Johnson shows off the incision from his gall bladder operation after getting the good word on his release from Bethesda Naval Hospital. The President will stay at the White House for a short time before going to his Texas ranch for a period of convalescence.

'TAKE IT A LITTLE EASY'

President Planning To Leave Hospital

WASHINGTON (UPI) — President Johnson, under doctors' orders to "take it a little easy" for the next four to six weeks, planned to leave Bethesda Naval Hospital today and return to the White House.

The 57-year-old Chief Executive entered the hospital just two weeks ago to undergo surgery for removal of his gall bladder and a kidney stone. He was told by his doctors Wednesday he could return to the executive mansion, but on a greatly reduced schedule of activities.

The President was expected to remain at the White House briefly—a matter of days—before continuing on to some still unselected spot for four to six weeks of convalescence. The chances were that Johnson and his wife will go to their Texas ranch.

Johnson was given an excellent prognosis for continued recovery from the strength-sapping effects of surgery. But he also was advised by his physicians to moderate his workload even after convalescence.

"I think he had worked too hard this last year," said Dr. James C. Cain, the Mayo Clinic internist who has been the President's personal physician for years. "It has not done him any great harm, but now we are seeing results of the fatigue... and we hope things can moderate a bit."

Church Sponsors Race Car, Driver

WICHITA FALLS, Tex. (UPI) — Larry Huber, 28, perhaps feels a little safer than other race drivers as he maneuvers stock car No. 39 on Red River Speedway.

His sponsor is St. Andrew's Episcopal Mission Church and he has a cross painted on the door.

Patrolman Shot; Hauler Charged

SULPHUR SPRINGS, Texas (UPI)—A 43-year-old Sulphur Springs cattle hauler charged with shooting a patrolman in the head with his own gun has waived an examining trial and posted \$3,000 bond on assault to murder charges.

Patrolman Donald Lee Anderson, 31, of Sulphur Springs, underwent surgery Tuesday for removal of a .38-caliber bullet lodged above his left eye. He was in critical condition but doctors said they believed he would survive.

Free on bond in connection with the shooting was George Adair. He was brought before a justice of the peace Tuesday but refused to make a statement.

Anderson was shot Monday night shortly before midnight.

Texans Attend Fund Dinner

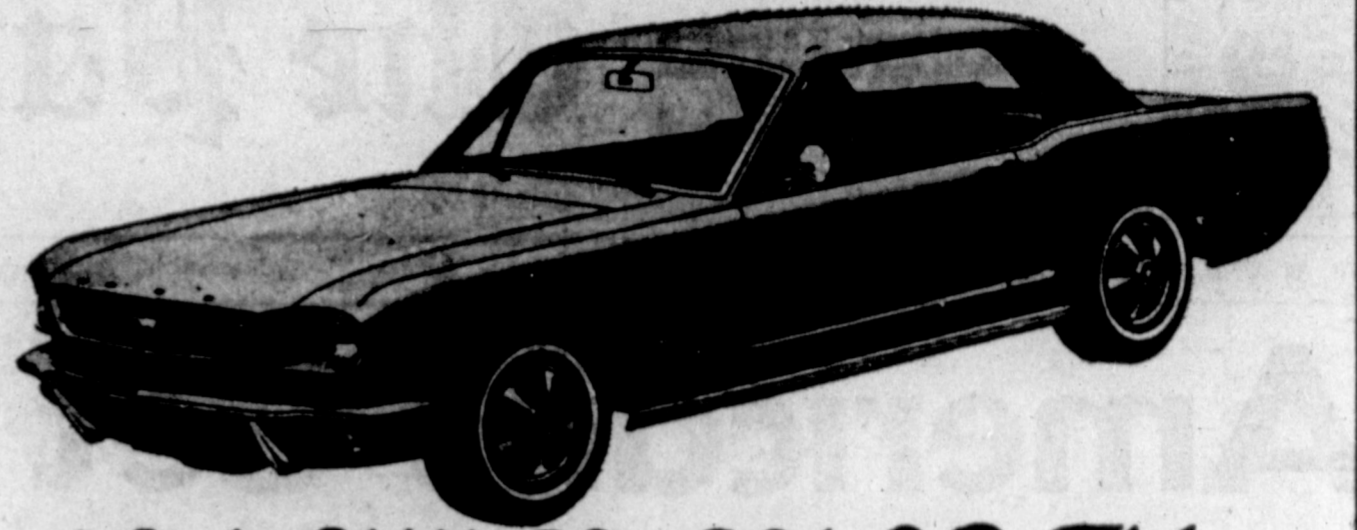

OKLAHOMA CITY (UPI)—Two Texas congressmen and an assistant secretary of treasury will be among guests paying tribute to house majority leader Carl Albert at a Democratic fund raising dinner in his honor Tuesday night.

State Democratic Chairman Smith Hester said Texas Reps. Jim Wright of Fort Worth and Graham Purcell of Wichita falls and possibly one or two more Texans will attend.

Also attending will be Robert A. Wallace, a native Oklahoman who is now assistant secretary of the treasury in Washington.

Turkish Visit Films Shown By Jane Hiatt

Jane Hiatt showed color slides and gave a running commentary of her last summer's visit to Istanbul, Turkey, at the Pampa Rotary Club's luncheon meeting yesterday in the Coronado Inn.

The speaker said the Turkish people who lived in the cities were very western in their ideas, while the rural people still clung to old world views.

When asked about the Turkish educational system, Jane who is a Pampa High School student, said that schools in that country were more difficult than our own.

Jane visited Turkey as a foreign exchange student under the auspices of the American Field Service. She is the daughter of Mr. and Mrs. Mack Hiatt, Jr.

Mrs. Tommie Scott and daughters of Amarillo visited recently with friends in Canadian.

Mr. and Mrs. Herb Duncan have returned to California after visiting in the Canadian home of Mr. and Mrs. Cyros Schaefer and other relatives.

Giant Garage sale. Corner of 18th and Chestnut. Open 8 a.m. Saturday, after Church Sunday.

Pampa Is Named On Committee to Back Amendment

Pampa attorney J. E. Thompson has been named a member of a special statewide committee of lawyers, judges and laymen organized to support the adoption of a Texas constitutional amendment dealing with involuntary retirement and removal of judges.

Headed by Clint C. Small Jr. of Austin, president of the State Bar of Texas, the committee is made up of approximately 300 members from throughout the state.

The committee will work for adoption of Amendment No. 8 in the special election of Nov. 2 in which Texans will vote on 10 proposed Constitutional amendments.

Amendment No. 8 provides for the automatic retirement of district and appellate judges at age 75, or earlier if the legislature chooses.

It also creates an unsalaried State Judicial Qualifications Commission and empowers the Supreme Court — acting upon recommendation of the commission — to remove district and appellate judges for misconduct or to retire them in cases of permanent disability.

Only the Supreme Court will have the power of actual retirement or removal. Amendment No. 8 is not involved with the election or appointment of judges.

Rivers and Harbors Bill Goes to President Today

DALLAS (UPI)— The Omnibus Rivers and Harbors bill, containing authorization Trinity River canalization, went to the President today. Leaders of the struggle to get federal funds for the huge project were jubilant.

The House approved the House-Senate Conference report by a vote of 221-139 Wednesday.

The Congressional authorization does not mean an immediate start on the \$911 million project. Congress, through its authorization, merely recognized the feasibility of the project and showed a willingness to pay for the rest of it.

Air Force Test Is Set for Frank Phillips

Air Force ROTC officials from Texas Technological College will administer the Air Force Officer Qualifying Test on the Frank Phillips College campus, Oct. 26 at 2 - 6 p.m. in Room 29 of the Fine Arts Building.

The test is in conjunction with the Air Forces new two year ROTC commissioning program, now being offered at some 186 colleges and universities across the nation.

This new program affords young men who transfer from Junior Colleges to four year institutions the opportunity to compete for Air Force commissions on an equal footing with other students who have taken the first two years of the traditional four year program.

Further information regarding this program may be obtained by contacting Dean R. E. Darnell, Frank Phillips College.

Obituaries

Adolph Pinkert

Funeral services for Adolph Pinkert, 63, of 853 E. Kingsmill, who died at 10:15 a.m. yesterday in a Amarillo hospital, will be at 2 p.m. tomorrow in First Assembly of God Church with Rev. J. S. McMullen officiating.

Mr. Pinkert was born Feb. 4, 1902, in Bartlett. A retired farmer, he moved here four months ago from Delta, Colo. He was a member of First Assembly of God Church.

Survivors include his wife, Mrs. Adelheid Pinkert of the home; one son, Eugene Pinkert of Pampa; three daughters, Rillo, Mrs. Paarl Watkins of Aztec, N.M., and Mrs. Mernel Birch of Tucuman, N.M., and 13 grandchildren.

Nobel

(Continued from Page 1) phone in Pasadena and told of the award, said: "I know about it and I have nothing to say."

Schwinger was "terribly pleased and excited" when informed he shared the prize for physics but then rolled over and went back to sleep, his wife said. The Schwingers live in Belmont, Mass.

In Tokyo, Tomonaga's son said his father was "very much surprised" to hear of his selection as a winner in physics.

Rudberg said Woodward's organic synthesis work has resulted in "several" antibiotics and anesthetics now used in hospitals throughout the world.

He said Woodward's work is connected with the research on cholesterol and fatty acid metabolism which won the Nobel prize for medicine last year for Cambridge Prof. Konrad Bloch and German Prof. Feodor Lynen of Munich's Max Planck Institute.

Today's award boosted the total of American Nobel prize winners for chemistry to 14. Germany heads the list with 21 prize winners followed by Britain with 15.

The history of the physics prize, dating back to 1901 when it was first awarded, is studded with the names of 23 Americans, more than any other nationality.

Pampans Attend Lubbock Christian

LUBBOCK (Spl)— Robert DeWeese, Shirley Davies, John Hines and Clovis Shipp, all of Pampa, are presently attending Lubbock Christian College.

DeWeese, son of Mr. and Mrs. D. F. DeWeese, 2400 Christine, is the only freshman of the four. He graduated this year from Pampa High School, where he was active in band, the Key Club, the Spanish Club and the school play. He is majoring in retail management.

Miss Davis, daughter of Mr. and Mrs. W. D. Davis, 416 N. Nelson, is beginning her second year at LCC. She is a member of Alpha Epsilon Chi social club and a home economics major.

Hines is a transfer student from Louisiana State University. He is the son of Mr. and Mrs. Johnny E. Hines, 1821 Charles St. Shipp, an education major, is the son of H. L. Shipp, 1057 Prairie. He attended LCC last year also.

Lubbock Christian College is enjoying a record enrollment this fall of 848 students. There are 20 states and 16 foreign countries represented in the student body.

West Texas State Queen Crowned

Lamoyne Clark, Pampa sophomore at West Texas State University, was one of five candidates for Homecoming Queen this week.

The queen, Shirley Oles of Claude, was crowned during ceremonies this morning.

Other candidates were Kelly Morris of Perryton; Sharyn Hunt of Fort Worth and Edith Rowell of Hale Center.

Klan

(Continued from Page 1) back for further questions Nov. 15. His United Klans is the largest of more than a dozen Klan groups the committee has been investigating over the past six months.

Sen. Anderson's Birthday Marked By Pilgrimage

LAS CRUCES, N.M. (UPI)— Hundreds of New Mexicans are expected to make a pilgrimage to Las Cruces Saturday honoring Sen. Clinton P. Anderson, D-N.M., on his 70th birthday.

Some 1000 persons are expected at dedicatory ceremonies Saturday afternoon of the new Clinton P. Anderson physical science laboratory at New Mexico State University.

A gigantic evening banquet will be limited to 700 persons.

Saturday night, as guest of honor at the huge birthday party, Anderson is due to reveal whether he will remain in the Senate or retire because of continuing health problems.

In recent weeks, Anderson has received a flood of mail urging him to remain in the post. Many close friends, including other members of New Mexico's Congressional delegation, feel he will not resign.

Featured speakers at dedicatory ceremonies in the afternoon in which Anderson will participate and the evening banquet include James Webb, chief of the National Aeronautics and Space Administration and Frederick Kappel, chairman of the board of American Telephone and Telegraph Co.

Both Webb and Kappel are close friends of Anderson. The Senator is chairman of the Committee on Aeronautics and Space Sciences.

Course Plan Meeting Set By Optimists

An organizational meeting for a course in family physical fitness is scheduled at 7 p.m. tomorrow in the Pampa Optimists Boys Club building.

The course, sponsored by the Pampa Optimists, will feature a course in judo for the entire family taught by Alvin Brewer.

According to Buddy Thornton, publicity chairman, the cost of taking the course will be 50 cents per person per month or \$1 per family per month.

He stated that an outline of the course, required equipment, will be made at the meeting. "Probably," he said, "the judo lessons will run once each week between 7 and 9 p.m. Friday."

However, this time may change depending on those attending the organizational meeting, he said.

Thornton said the program will begin with the judo lessons and within a few weeks branch over into a complete physical fitness.

"Everyone of all ages is invited," he stated, "particularly families."

White Deer Youth Fraternity Pledge

CANYON (Spl)—Wes Schultz, White Deer sophomore, has been named a pledge of Alpha Psi Omega, national honorary dramatic fraternity, at West Texas State University.

Schultz, a speech major, is the son of Mr. and Mrs. Ray Schultz of White Deer.

"Pledge candidates earn points by working in college dramatic productions," reported Erin Wertenburger, sponsor of the fraternity. "Attitude, participation, and over-all ability are also taken into consideration."

Fire Damages Automobile

A model automobile owned by Drew Killough, 700 E. Scott, was slightly damaged by fire yesterday afternoon.

The car caught fire from an unknown cause about 1:14 p.m. and it was quickly extinguished by Pampa firemen.

Kansas Man Changes Plea Bobby G. Ivy, Liberal, Kans. changed plea from not guilty to guilty in Gray County Court yesterday on charges of aggravated assault.

Ivy was sentenced to 30 days in jail.

Grape-Plum Treats Are Seasonal Fare

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Grapes are tumbling all over the market stalls these days. That's an invitation to fruit cup as a start for Sunday dinner.

Those purple plums that helped keep summer sweet and colorful are still around but won't be much longer. So make fresh plum pandowdy to mark the end of the season.

GREEN GRAPE FRUIT CUP (With Pineapple Sherbet)

- 1 cup fresh orange sections
- 1 cup Thompson seedless grapes
- 1 cup fresh grapefruit sections
- 1 tablespoon fresh lemon juice
- 1 tablespoon sugar
- 6 small scoops fresh pineapple sherbet
- Fresh mint

Place first 5 ingredients in a mixing bowl. Toss lightly. Cover and chill at least 1 hour before serving. Spoon into sherbet glasses. Top each with a scoop of pineapple sherbet. Garnish with fresh mint. Serves 6.

FRESH PLUM PANDOWDY (Serves 6)

- 7 cups sliced fresh plums (about 2½ pounds)
- ½ cup sugar
- 2 tablespoons quick cooking tapioca
- ½ teaspoon ground cinnamon
- 2 tablespoons butter or margarine

Autumn Casserole

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Pork, apples and sweet potatoes get along famously together. Each seems to bring out the best in the others. With this happy thought in mind, how about a casserole of center cut pork chops, firm ripe apples and sweet potatoes?

PORK CHOP, APPLE AND SWEET POTATO CASSEROLE (Serves 4)

- 1½ lbs. raw sliced sweet potatoes
- 1 tablespoon butter or margarine
- 1 teaspoon salt
- ¼ teaspoon ground black pepper
- ¼ lb. (about 2 medium-sized) fresh raw apples
- 2 tablespoons brown sugar
- ¼ teaspoon ground cinnamon
- ½ teaspoon grated lemon peel
- 2 teaspoons fresh lemon juice
- 2 tablespoons hot water
- 4 center cut pork chops

Peel and slice sweet potatoes ¼-inch thick. Place in a buttered, shallow, 8-inch, round or square baking dish. Dot with butter or margarine and sprinkle with ½-teaspoon of the salt and ground black pepper. Peel, slice and core apples. Arrange over sweet potatoes. Combine brown sugar cinnamon and lemon peel and scatter over apples. Add lemon juice and water. Top with pork chops. Cover. Bake in a preheated moderate oven (350 degrees) 1½ hours or until pork chops are tender. Remove cover the last 30 minutes to brown both sides, if desired.

Food Buying Guide

The following guide to the nation's food shopping buys for this weekend was prepared by the U.S. Departments of Agriculture and Interim for United Press International.

WASHINGTON (UPI)—Weekend shoppers generally will find fair supplies of newly harvested vegetables.

Careful shoppers, checking specials and promotions, should be able to find some good buys in the poultry and meat counters.

Choices in meats still go with broiler-fryers and turkeys. In some areas prices are edging upward, but they still remain the best buy for the money. But check the beef section for shopping buys in roasts and steaks. Pork buys are chops and roasts, and buys in lamb are chops and legs.

Vegetables which are plentiful and attractively priced are green beans, brussels sprouts, broccoli, cabbage, carrots, celery, corn, cucumbers, lettuce, onions, potatoes, squash, sweet potatoes, and tomatoes.

Fruit bargains include apples, bananas, grapefruit, grapes, oranges, and pears.

Two Recipes For Sunday Dinner

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Sunday dinner should be a particular feast. Either one of these two special recipes will give your dinner extra interest.

POTATO - CHEESE CHARLOTTE (6 servings)

- ½ cup chopped fresh onion
- 2 tablespoons butter or margarine
- 3 cups grated raw potatoes
- 2 large eggs, beaten
- 1½ teaspoons salt
- 1 teaspoon paprika
- ¼ teaspoon ground black pepper
- 1 cup grated sharp Cheddar cheese
- 2 slices bread

Saute onion in butter or margarine 2 to 3 minutes or until limp. Mix with potatoes, eggs, salt, paprika, black pepper, and cheese. Soak bread until soft in enough water to cover. Squeeze dry and add to the potato mixture. Mix well. Turn into a buttered 1-quart casserole. Bake in a preheated moderate oven (350 degrees) 1 hour or until browned over the top.

TOASTED TOMATOES

- 6 large tomatoes
- Salt
- Oregano or Italian seasoning
- Flour
- Butter
- 1 cup dairy sour cream

Big Halloween Cookie Treat

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Here's a generous, wholesome and particularly good answer to "trick or treat" on Halloween.

From the little masked visitors to the "cool" teen-agers, all will nibble happily on these big cookies with peanut butter, wheat germ and butterscotch bits in them for unusual flavor and nutrition.

WHEAT GERM PEANUT BUTTER BUTTERSCOTCH COOKIES

- 2 cups unsifted flour
- ¼ cup wheat germ, regular or sugared honey
- 1 teaspoon soda
- ½ teaspoon salt
- ½ cup creamy style peanut butter
- 1 cup butter or margarine
- 1 cup firmly packed brown sugar
- ¼ cup granulated sugar
- 2 eggs
- 1 teaspoon vanilla
- 3 tablespoons milk
- 1 package (6 ounce) butterscotch bits

Combine flour, wheat germ, soda and salt; stir. Cream together peanut butter and but-

BIG COOKIE TREATS tempt teeners, gobins.

ter or margarine. Gradually add sugars and cream well. And eggs and vanilla; beat until smooth and creamy. Add dry ingredients alternately with milk, blending to make smooth dough. Stir in butterscotch bits. Drop by heaping tablespoons onto greased baking sheet. Bake in moderate oven (350 degrees) until lightly browned, 12 to 15 minutes. Makes about 2½ dozen cookies, about 3-inch diameter.

Your Child And School

By DAVID NYDICK
United Press Education Specialist

Parents and teachers have the responsibility to prepare children for accident free lives. Training in this area is important since statistics show that accidents are a leading cause of death and disability. Industry has recognized the large economic loss caused by accidents and therefore spends extensive sums of money for accident prevention.

The most effective approach to accident prevention is through the development of individuals who act safely under all circumstances. Schools have programs which directly teach safety precautions. Teachers emphasize safety throughout the program. They constantly show students how to perform activities properly so as to avoid hazards. The shop teacher is always demanding care in the use of tools. The classroom teacher tells students to keep their feet out of the aisle or not to tilt their chairs back. In addition, teachers are aware of safety factors in every class activity.

Safety is actually being taught whenever a child learns a skill. Skillful and knowledgeable performances result in safety. An obvious example is the proper use of a hammer, saw, or knife as versus careless handling of these same tools. Students should be taught to consider the dangers of an activity. If they are taught to be aware of hazards as youngsters, they will continue to do the same as adults.

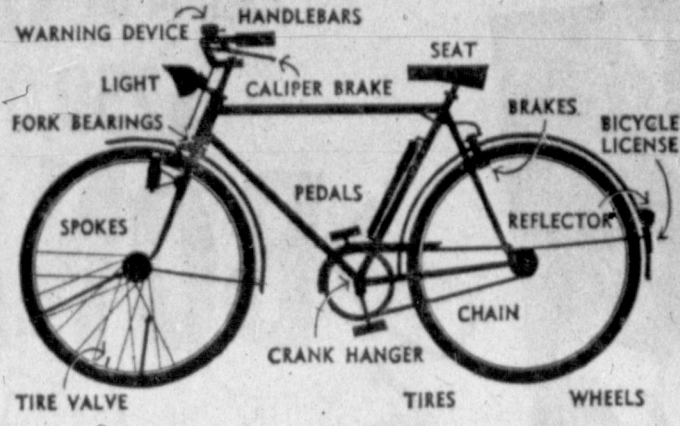

This brings us to the area of safety habits. Habits tend to be unconscious actions. The individual who closes a match book before he strikes the match doesn't stop to think of the dangers of leaving it open. He has performed this activity so many times that he doesn't think about it any more. The time to teach him safety was when he first began lighting matches.

Other factors which seem to prevent accidents are neatness, politeness, respect for others, careful workmanship, etc. There are also physical factors which affect safety. Poor vision or hearing, fatigue, generally poor physical condition, and poor coordination are contributing causes of many accidents. These should be considered before entering into any activity. Corrective measures should be initiated as soon as possible. It is more effective to provide safe methods than to criticize dangerous ones. A child who is told not to hold a hammer in a particular way because it is not safe has learned very little unless he is shown the proper way.

Parents and teachers should teach safety in two ways. The first is through direct instruction such as a film on bicycle safety or a discussion concerned with running on stairs. The second approach is through living safety in daily activities. This would involve putting toys away, watching a

POINTS FOR A BICYCLE INSPECTION

TEACHERS' AID FOR SAFETY—School Safety, left, is a new quarterly publication of the National Safety Council for school teachers, to help them teach safety lessons in the classroom. A typical lesson is an illustrated (center) article on how the youngsters can keep their bikes in top-notch mechanical shape. There are similar features, including stories, games, songs (right) and building projects, all aimed at training pupils to be safety-conscious.

Astronauts Set To Drill Tracking Station Network

By AL ROSSITER Jr.
CAPE KENNEDY (UPI)—Astronauts Walter Schirra and Thomas Stafford, their spaceships and rocket set for launch Monday, today turned to a drill designed to make sure their global network of tracking stations is ready for the Gemini 6 space chase.

The 23 electronic outposts stretched around the world were being put through a day-long series of exercises simulating various portions of the complicated space rendezvous mission. Schirra and Stafford, in either case, will land in the Atlantic Ocean 600 miles southwest of Bermuda.

SCIENCE SKETCHES

AN EXPERIMENT which may take 2,000 years to complete has been started by Alexander Wilcox, South African authority on primitive art. He has had a rhinoceros carved out of stone and placed in his garden to determine the time it took weather to obliterate primitive engravings. Wilcox does not expect to live to see the results.

OIL, say big thinkers at the World Petroleum Congress, may reclaim the deserts that take up 15 per cent of the earth's surface. In Libya dunes were planted with acacia seedlings, then sprayed with oil. A year later the plants were healthy six-footers capable of breaking the wind and taking over the stabilization job themselves.

OVERHEAD supply units for hospital operating and delivery rooms have been developed by National Cylinder Gas, Chicago. The units carry all supply lines (water, electricity, gases, intercom), eliminating the usual tangle of cables from the floor.

One School Dropout Who Made Good

BEVERLY HILLS, Calif. (UPI)—Comedian Groucho Marx is one school dropout whose personal papers are destined for inclusion in the U.S. Library of Congress. Marx, saying he was "astounded and flattered," confirmed last night that the congressional library had asked him to donate his papers, including letters and manuscripts.

Student Group Vows Nothing Will Stop Its Policy Opposition

CHICAGO (UPI)—A radical student group vowed Tuesday that investigation and even prosecution by the federal government would not stop its "unqualified opposition" to the war in Viet Nam or its beat-the-draft program.

"The attacks... by the President and other public officials sadden us, but it is a comparatively small price to pay for our continued refusal to support this war," Richard Rothstein,

national staff member of Students for a Democratic Society (SDS), said. The SDS beat-the-draft program, revealed during last weekend's anti-Viet Nam demonstrations, includes efforts to encourage draft eligible young men to become conscientious objectors, enlistment of high school students in the organization, and possibly campus strikes.

The Chicago-based organization is currently polling its estimated 10,000 members on the beat-the-draft policy, Rothstein said. Results are expected in about four days, and if the vote is favorable the program will become "official" SDS policy.

"Investigation and prosecution by President Johnson, the attorney general and the district attorney and even by J. Edgar Hoover will not deter SDS from continuing its unqualified opposition to participation in the war in Viet Nam," Rothstein told a news conference. Atty. Gen. Nicholas DeB. Katzenbach told a Sunday news conference in Chicago that the Justice Department is investigating the entire beat-the-draft movement. He said the SDS program was only part of the movement.

CARD BURNER—David J. Miller, 22, of Syracuse, N.Y., publicly burned his draft card at a New York rally protesting U.S. policy in Viet Nam. Following his arrest by the FBI he was released on bond.

The Lighter Side

By DICK WEST
 United Press International
 WASHINGTON (UPI)—As an honorary member of the Man-Will-Never-Fly Society (motto: "Birds fly; men drink"), I once swore an oath to defend the law of gravity for as long as I live. Or at least until the bar closes.

This explains what I was doing at the Washington Monument Monday morning.

I had seen an item in the paper which said that a man would fly across the monument grounds to demonstrate an experimental "rocket belt."

Protect Interest
 The timing of the demonstration was what convinced me the M-W-N-F Society should have a representative on hand to protect its interests.

For one thing, it was scheduled less than two months before the date when the society usually holds its annual meeting at Kitty Hawk, N.C.

It also was scheduled at 10:45 a.m., which is about two hours before society members usually regain their normal eyesight.

While this may have been only a coincidence, I could not prudently ignore the possibility that the whole thing was a conspiracy to undermine the society and all that it stands for.

(The society was formed to honor the memory of those farsighted people who told the Wright Brothers, "it can't be done.")

Anyway, when I arrived at the monument a sizable crowd had gathered around a chap wearing a white space helmet and suit and a pair of calf-length tennis shoes. On his back were two cylinders reported to contain some kind of rocket fuel.

Troop Mobility
 A spokesman said the rocket belt was developed by Bell Aerodynamics for the U.S. Army, which was evaluating it as a potential means of providing troop mobility.

He suggested that it also be evaluated as a means of solving the commuting problem, but I gather he was being facetious about that.

At the appointed hour, which arrived without benefit of countdown, the propulsion unit began making a loud whooshing noise and the man in the space suit, one Robert Carter, zoomed skyward.

MORE VIOLENCE — The funeral procession for assassinated political leader Angelo Severo Cabral moves past a burning jeep in Santo Domingo as violence sputters anew in the Dominican capital.

Foreign Commentary

By PHIL NEWSOM
 UPI Foreign News Analyst
 CAN THO, South Viet Nam (UPI) — Here in South Viet Nam's rice bowl in the heart of the Mekong River Delta, the South Vietnamese and their American advisors fight a two-front war.

In Lt. Col. Homer Owsley Jr.'s office in the military advisory compound, the colonel and his aides ponder the significance of reports trickling in of a Communist Viet Cong attack of the night before.

In the village of Nhon Nghia at the juncture of the Can Tho River and the Xano Canal, the VC had overrun a government outpost, tied the village administrator to a flag pole and shot him, and then looted the village market.

Owsley, from Festus, Mo., and his men seek the significance of the attack in the overall picture of Viet Cong strategy.

This is IV Corps, the only one of the four military corps in South Viet Nam where American combat troops are not in action. It is entirely a South Vietnamese show, except for the U.S. advisors.

And this is one front of the two-front war.

Second Front Explained
 In a restaurant whose French menu reflects the long years of French colonial rule, Bob Lasher of the U.S. Information Service explains the war's second front and shortly afterward prepares a demonstration.

Some 20 kilometers outside of Can Tho a mud-covered van chugs to a stop outside what had been the yellow stucco French regional office. Today it is being used by U.S. Sgt. IC Joseph E. Sellers of St. Cloud, Fla., as a training headquarters for 132 young Vietnamese who shortly will join the regional and popular defense forces.

The sides of the van drop, and it becomes a stage for a traveling minstrel show.

Thirteen entertainers, make up the cast of guitarists, singers and dancers.

The show is heavily weighted with propaganda but that does not dim the enthusiasm of its audience.

Especially well received are such numbers as "Nothing Is So Precious As a Soldier," and the "Melancholy Winter."

Twist Stops Show
 The show stopper is the "Hot Sweet Potato Twist," whose vigor is unimpaired by the advanced pregnancy of one of its performers.

Eventually, 26 of these minstrel teams will tour the country, carrying the message against the Viet Cong.

Back in Colonel Owsley's office, the colonel says he believes that militarily things are looking a little better. An up-to-date population control map shows that within heavily populated Phong Dinh province

203,000 persons now live in government-secured areas. Under VC control are 140,000. Control of the remaining 75,000 persons in the province still is being contested.

The colonel believes that in this area, the VC are as strong numerically as ever but that their quality has declined.

And he believes that such terror attacks as the one on Nhon Nghia and the looting of the market places are turning the people against the Viet Cong.

BARBECUERS WARNED
 TUNBRIDGE WELLS, England (UPI) — A Kent county health inspector warned Wednesday that the backyard barbecue could be lethal. Robert Spalding said a homeowner preparing a good-sized steak over coals could inhale as much benzophrene—a hydrocarbon suspected of causing cancer—as he would by smoking 700 cigarettes.

Wall Street Chatter

NEW YORK (UPI) — Thomson & McKinnon says that the stock market is now going through a normal digestive period following its major upside breakthrough.

The company feels the market is in a mixed position but technically sound. It says the lack of quality leadership, fading demand for recent volatile issues and the seeming tendency of the Dow-Jones rail component to bail out the industrial average in tight spots do not necessarily signal a continued broad upswing at the present time and it recommends a middle of the road policy in selecting issues during this period of uncertainty.

Spear & Staff Incorporated believes the market remains on a fundamentally upward path but the Dow-Jones Industrial Average is somewhat erratic and inconclusive despite its recent record highs. The company feels that the expected in-

flux of dividend increases and the numerous lifting forces already present in the market should stimulate a strong general advance.

ISLAND ILLNESS
 MANILA (UPI) — Twenty-four persons, most of them infants, have died of respiratory and intestinal ailments in Cebu City, in the southern Philippines, within the last week, the Philippines news service said today.

WHAT EVERY GIRL WANTS

Star Has Everything ... But A Husband

By VERNON SCOTT
 HOLLYWOOD (UPI) — What more could an 18-year-old girl desire than an Academy Award and her own television series? Answer: A husband.

Patty Duke is 18. She has an Oscar. She can be seen every Wednesday night on "The Patty Duke Show." And soon she'll

bounce down the aisle to become Mrs. Harry Falk.

He is a television director with whom Patty has been in love for two years; until recently Falk, 32, dismissed Patty's schoolgirl crush with a pat on the head.

Instant Crush
 "When I first saw Harry on the set it was instant crush," Patty recalled the other day. "He hardly paid any attention to me."

But Patty was persistent and grew up as quickly as she could. And she's done a spectacular job of it. Gone is the chubby childhood cuteness. In its place is a svelte, sophisticated young lady.

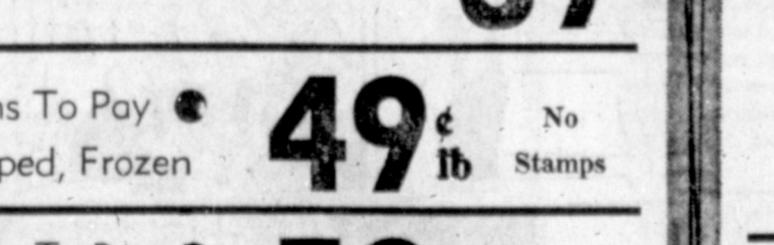

"I had to overcome everyone's image of me as a little girl," said Patty. "After all, Harry watched me grow up. He left the show for awhile to direct another series, 'The Reporter.' But when he came back to our show his attitude was different."

No sooner had Patty and her beau settled down to steady dating than she was given the news that her series was being moved to Hollywood from New York. This was especially awkward because Harry decided to remain in Manhattan.

Wins Proposals
 What's a girl to do when she's trying to get her guy to propose from a distance of 3,000 miles?

"I wrote to him every day and spent hours on the telephone," said Patty, unabashed by her pursuit of marital life. "Then last month I was operated on for appendicitis and Harry flew out here to see me."

NO VIOLATION—A London version of Indian summer, a late warm period unusual for the cool British capital, turned a busy street into the setting for the showing of a new line of swim suits. Model Sally Noel takes an easy stance with a parking meter as a prop to show off a creation in nylon lace.

ENEMY CAPITAL

Hanoi shows two faces in these glimpses of Communist North Viet Nam's capital today. One is of a slow-paced Oriental city, its people going their tranquil ways as always. The other is of a city at war, the threat still distant but ever-present.

One of Hanoi's main streets, almost devoid of traffic, presents a quiet scene. The Communist government claims the war has not seriously disrupted the city's routine.

A citizen takes his ease in the evening, admiring Hanoi's scenic beauty.

But there are reminders of war, such as this camouflaged truck. Many vehicles carry protective covering.

Once a children's play area, a garden is being made into an air raid shelter under the ever-present threat that U.S. bombing missions may be extended to the capital.

U.S. VIET NAM POLICY

Cookie Baking to Stand Americans Support Blood

By United Press International Campaigns ranging from baking cookies to donating blood continued across the nation today in support of the U.S. role in the Viet Nam war. They were designed to counter the effect of last weekend's protest demonstrations.

Where anti-Viet Nam picketing continued, supporters of U.S. policy staged counter picket lines. At Kalamazoo, Mich., about a dozen students carried signs reading "Stop the War." Counter pickets carried signs reading "Bomb Hanoi."

Vaccination Objector Will Enroll Children

MENA, Ark. (UPI)— Archie Cude, who fought vainly against forced vaccination of his three children on religious grounds, planned to enroll them in school today. He said he was still against vaccination. "I have received assurances my fight against compulsory vaccine will be continued," he told United Press International. "It is for that reason I am enrolling them in school. My fight is not against education but against compulsory vaccine."

Cude for failing to send one child to school. "Our agreement was when I got what I was after (the assurances) I would enroll them and charges would be dropped," Cude said. The children are Wayne, 14, Della Marie, 12 and Linda May, 10. They were vaccinated and enrolled by court order a year ago but were expelled shortly afterward for disciplinary reasons.

Never Studied Cude said Wayne had attended school two years and the girls six weeks last year "but they never studied."

Withheld Children Cude kept some of the children out of school up to four years rather than let them be vaccinated. Cude would not disclose the sources of the "assurances" or how the protest would be continued. "I will still be involved in the fight but it won't be in the courts," he said. Polk County Prosecuting Attorney Joe Hardegree said he would drop charges against

Let them prove themselves as Good Samaritans by crossing the road to lift up their brothers, to tend the sick, to feed the hungry, to clothe the naked, to shelter the homeless," Greene said.

Students for a Democratic Society, one of the groups which participated in last weekend's protests, asked President Johnson Wednesday to let young men serve in the Peace Corps or Job Corps rather than in the army. The group said they were prepared "to work and die for liberty as our generation has done in Mississippi and Alabama, but we are not prepared to decimate other peoples' societies."

In Chicago, a spokesman for the Agency for International Development trying to recruit civilian workers for U.S. aid programs in South Viet Nam said the response "has been far beyond our expectations."

He said they hoped to find 20 nurses for service in Viet Nam, and instead found 49 qualified young women willing to go.

NEW HIGH-PRIORITY BRIGADE

Friona Man Heads 36th Infantry Unit

AUSTIN — Brigadier General Ross B. Ayers of Friona will command the new high priority 36th Infantry Brigade of the Texas Army National Guard.

Gen. Ayers' appointment was announced Sunday at 36th Infantry Division headquarters in Austin by Major General Selden Simpson of Amarillo.

The 55-year-old West Texas farmer was promoted only last week to the grade of brigadier general after serving two years as a colonel commanding the 36th Division Artillery.

Gen. Simpson also announced that Colonel Armin F. Puck of San Antonio would be Gen. Ayers' deputy commander in the new "peaked up" brigade.

Col. Puck presently commands a brigade in San Antonio. Gen. Simpson made the announcement of Ayers' appointment at a Camp Mabry conference for commanders of all 36th Division units which will be included in the new brigade.

He also announced that Lieutenant Colonel Robert E. Allen, a Luling grocer, will replace Ayers as Division Artillery commander.

His new headquarters will be in San Antonio. State Representative John Traeger of Seguin will succeed Allen as commander of the 4th Battalion, 133d Artillery. His new headquarters will be Gonzales. He holds the grade of major.

The 36th high-priority brigade is part of a nation-wide Select Reserve Force of 145,000 National Guardsmen announced by the Pentagon last month. The Texas Brigade, using nearly 5,000 men, will begin intensive training almost immediately to be ready for mobilization on seven days' notice.

The rest of the division will not be affected.

Gen. Ayers, a native Texan,

has been in the Texas National Guard 34 years.

After six years as an enlisted man, he was commissioned and served as battalion motor officer with the old Second Battalion of the 131st Field Artillery Regiment.

His unit was federalized in 1940 and he saw action during World War II in the campaign of Naples, Foggia, Anzio, Rome-Arno, South France, Rhineland, Ardennes-Alsace and Central Europe.

During his service he won the Silver Star, Bronze Star, French Croix de Guerre with five overseas bars. He has a host of additional awards.

He is a graduate of the Command and General Staff College at Fort Leavenworth, Kans., completing the course in 1960. He earned a Bachelor's Degree in 1934 from Texas Tech and a Master's Degree from the University of Texas in 1946, following his war-time service.

His deputy, Col. Puck, an administrative assistant for the San Antonio city government, has commanded the First Brigade since 1959. He is a veteran of 33 years' service with the 36th Infantry Division. During World War II he earned the Legion of Merit, Purple Heart and seven campaign ribbons.

Gen. Ayers' career has closely followed the military steps of Brigadier General Max. H. Specht, who retired this week from the position of assistant division commander.

Gen. Specht, a New Braunfels insurance man, retired from the Texas National Guard after 28 years' service. Like Ayers, Specht was division artillery commander prior to his appointment as assistant division commander in 1961.

Gen. Specht, during World War II, participated in three assault landings and served in campaigns in North Africa, Tunisia, Sicily, Northern France, Ardennes, Central Germany and the Rhineland. He was awarded the Legion of Merit.

Besides Simpson and Ayers, the 36th Division's general staff includes Brig. Gen. Ralph M. Krieger, an Abilene businessman, who has been an assistant division commander since 1962.

WRONG TARGET

PUEBLO, Colo. (UPI)—Mrs. Ora Fagan, 52, of Pueblo, complained when she was fined \$50 in Municipal Court for throwing a brick through a tavern window.

Mrs. Fagan said she was trying to hit her husband, Leroy.

Walker Testimony Expected In Libel Suit Against Press

SHREVEPORT, La. (UPI)—Former Maj. Gen. Edwin A. Walker was expected to testify today in the trial of his \$3 million libel suit against the Associated Press and the New Orleans Times-Picayune.

Walker was due to testify Wednesday. But testimony bogged down over the reading of a 222-page deposition of former AP newsman Van Savell, who wrote the story Walker contends is libelous.

Savell wrote that Walker led a mass charge of students on federal marshals Sept. 30, 1962 at the University of Mississippi. Rioting broke out when Negro

James Meredith arrived to register.

Following Savell's deposition, Walker's attorneys put Ned Touchstone of Bossier City, La., on the stand. Touchstone, who publishes the Councilor, a conservative newspaper, said he was an expert in the field of reporting.

He said the AP stories concerning Walker were prejudiced and were examples of what he called slanted reporting. He also said the Times-Picayune newspaper had a policy of playing up civil rights leaders and spurning such persons as Walker.

Touchstone avoided answering if he was an expert on the newspaper's policy under cross

examination by the paper's attorney. He said he knew the policy because he could read what it had been doing.

Defense attorneys began to take Touchstone to task for his claims of being an expert and Walker's attorneys began voicing objections. At one point, Dist. Judge William F. Woods had to silence all attorneys.

'Persecute' Plea Made By Lawyer

SAN ANTONIO, Tex. (UPI)—The state of Maryland has no case against atheist Madalyn Murray O'Hair but "just wants to haul her back up there and keep her in court all the time," her lawyer said Wednesday.

Attorney Arthur Mitchell said he was "astounded" that Maryland officials dropped assault and contempt charges against Mrs. O'Hair's 19-year-old son William Murray Tuesday but failed to drop a similar charge against his client.

Mitchell said legal errors made during her son's arrest, arraignment and sentencing that led to his release were also made in Mrs. O'Hair's case.

The youth had served less than 30 days on a six-month jail sentence for contempt when he was released. The major defense contention was that he had been sentenced while he was out of the country.

Mrs. O'Hair, whose suit led to the U.S. Supreme Court ban against mandatory prayers in public schools, is now in Austin with her husband of three days, bald retired artist Richard O'Hair, 52. For Mrs. O'Hair, 46, it was her second marriage. She is fighting extradition to Maryland on the charges, although Texas Gov. John Connally has already approved the extradition request.

SAFE CAT

LONDON (UPI)—The staff at a north London film theater spent two hours searching for the theater's black cat. They found it in the office safe.

Starting today, you can rent a car from the Ford Dealer right in Pampa!

We call this new service Ford Rent-A-Car. It's inexpensive. It's quick and convenient. It's operated by a Ford Dealer in your area. Being close to where you live, close to where you work, means we can put you in the Ford car of your choice faster than anyone else around. Just stop in and see us.

How does Ford Rent-A-Car work? Like a charm. All you need is a telephone, a driver's license and the desire to go somewhere. To get a Ford Rent-A-Car, just stop in to see us or give us a call. Tell us what kind of Ford you want and when you want to pick it up. We'll do all the rest.

Who can use Ford Rent-A-Car? Ford Rent-A-Car is for everybody. It's for wives whose husbands take the family car out of town on business. It's for families who have to be in two places at the same time. It's for the businessman who needs a car right away. It's for you whenever you need an extra car—for an hour, a day, or a week.

any model you want—convertible, hardtop, sedan or wagon.

How much for Ford Rent-A-Car? Naturally, prices vary somewhat from model to model. (For instance, you'll pay less for a Falcon than a Thunderbird.) But all of them are surprisingly low. What's more, you can rent a car for as little or as long as you need it. Need a car for just an hour or two? You can have one for practically pennies!

How about insurance? It's all taken care of. The rental price you pay includes complete insurance coverage—collision, liability, fire, theft, and more. You drive our cars without a worry in the world.

Can you use a car today? Stop in, pick out a factory-fresh Ford and step on the gas. It'll be in top condition—serviced by the men who know Fords best.

Can you charge? Sure thing. If you already have an account with us, you can come in, rent one of our cars, and say "charge it." If you don't have an account, it's a simple matter to open one up. Drop in any time and we'll be happy to take care of it.

Sleep, Sleep... It's Wonderful!

By BILL McCORMICK
Newspaper Enterprise Assn.
NEW YORK (NEA) — Americans aren't so wide awake. A lot of them walk around all day half-asleep. And millions of them move around as if they're awake when they are really asleep, according to Dr. Joost A.M. Meerloo.

made a deep study of sleep—and has come up with some interesting conclusions.

"Many primitive people sleep standing up," he says. "They do not trust themselves to lie

keep myself reminded of this when I slept on a concrete floor in one of my wartime sojourns in jail," recalls Meerloo.

The author of 30 books and more than 40 scientific papers,

help reclaim his country.

Meerloo is an authority on brainwashing, as well as sleep. He relates the two subjects in one of his books. "Depriving victims of sleep plays an im-

"There is a distinct clinical difference between the feeling of not sleeping and actually not sleeping," he says. "You can never rely on a person's estimate and account of sleeping

rest for periods sitting down with their eyes wide open. They are carrying to the limit the business of actually being asleep while apparently awake.

What we call deep sleep usually is pretty shallow, according to Meerloo. "As a matter of fact, nobody really sleeps like a log," he says. "Even in normal sleep there is a continual moving about. Statistically, the average person makes 35 to 45 movements a night."

Even the most wide-awake person cannot be expected to remain that way for long periods.

"Thanks to experiments, we now realize that men on sentry duty cannot be expected to stay alert for more than three or four hours at a time," Meerloo says. "It is also a warning to drivers of cars that the monotony of driving induces sleep."

"There exists no sharp division between being asleep or awake," says the Holland-born psychiatrist. "Many who call themselves awake live automatically without awareness and wakefulness. As Shakespeare put it: 'The eyes are open but their sense is shut.'"

"The clinical estimate is that there are four million sleepwalkers in the United States. Actually, we are all sleepwalkers and walking dreamers."

The associate professor of psychiatry at the New York School of Psychiatry and lecturer in political psychology, New School for Social Research, has

down because they feel they have to be continually on the alert for enemies. Other primitives squat, some crawl under leaky lean-tos, while others prefer sleeping bags in the open. "The ancient Romans slept on stone benches. I had to

Meerloo was a member of the Dutch army when the Nazis invaded Holland. When the lowlands were taken, Meerloo joined the underground. He was captured by the Nazis, escaped to England and came back to

portant part in softening them up to have their minds conditioned," he says. Although he realizes the importance of sleep, Meerloo does not worry about "insomniacs" who actually spend more time asleep than they know.

hours. Many who complain of not sleeping well spend hours and hours in a sleeping state.

Meerloo says there are rare individuals who never sleep at all—at least not the way we know slumber. They don't close their eyes or even lie down but

COMMON BIRTHDAY

TOKYO (UPI)—Crown Princess Michiko, commoner wife of Prince Akihito, today observed her 31st birthday, the seventh since joining the Japanese royal family.

She was receiving family and government visitors at the Togu Palace.

OLDEST RESIDENT

BEERSHEBA, Israel (UPI)—Beersheba's oldest resident, Faraji Tabibi Haim, has died at the age of 120, it was reported Wednesday. He smoked and drank up to the end. He was survived by his fourth wife, 65, seven sons, six daughters, 83 grandchildren and 30 great grandchildren.

SAVING CHILDREN'S LIVES—An empty refrigerator appeals to the natural urge of young children to explore and conceal themselves. Last year 43 children died of suffocation in such secret caves. If you have a refrigerator that's not in use, follow these four steps to assure that your children don't meet a similar fate. Best idea, as shown in sketch at left, is to remove refrigerator door from hinges. Refrigerator can be turned with door against the wall, as shown in second sketch. Wrap a chain around the unit and padlock the chain. If latch can be removed, fix a wooden block in its place. This will prevent door from closing. Or, you can attach a C clamp to the top of the door, as shown in sketch at far right. This is practical only if the top will be out of reach of youngsters.

Tod Sloan was the "Yankee Doodle Dandy" George M. Cohan wrote about in his famous song. The National Baseball Hall of Fame is located at Cooperstown, N. Y., where the game is said to have originated.

First Air Cavalry Copters Give Charlie Black Bad Day

AN KHE, Viet Nam (UPI)—Ole Charlie Black had a helluva day with the helicopters of his beloved 1st Air Cavalry Division recently.

Charlie, a thin rugged countryboy correspondent for the Columbus (Ga.) Enquirer, was trying to cover the massive U.A.-Vietnamese push through Soui La Tinh Valley 25 miles northeast of here.

Charlie decided to make a run with the speedy HU-1B Huey helicopter gunships skimming over the valley silencing snipers.

He figured it would make a good story but his luck wasn't so good that day. The chopper he was riding was hit by Viet Cong ground fire and made a forced landing.

Miraculously no one aboard was hurt except for a general shaking up of the crew and Charlie.

They radioed for assistance and a medical evacuation chopper buzzed in to pick them up.

Charlie breathed a sigh of relief as they flew out of the area and headed back to the command post.

Now! New Chevelle SUPER SPORT 396

New Chevelle SS 396 Sport Coupe— with clean-sculpted all-new Body by Fisher.

by Chevrolet

Two new Super Sport beauties for '66— a hardtop and convertible—propelled by nothing less than the new Turbo-Jet 396 V8.

Their SS black grille sets them apart right off as a special breed of car. And their new Turbo-Jet 396 V8 is right behind it ready to second the motion.

This remarkably efficient power plant, with aircraft-type valves, deep-breathing ports and other design advances, develops 325 hp in the standard version. And you're welcome to order more—in a 360-hp version—if you're so inclined.

Both Chevelle SS 396 models ride on a special chassis

—with flat-cornering suspension and large-size (7.75x14) red stripe tires. A fully synchronized 3-speed transmission with floor-mounted stick shift is standard. Or you can order a 4-speed or Powerglide—also Strato-bucket front seats, center console and full SS instrumentation.

Impressive credentials, sure. But to really appreciate what Chevrolet's performance specialists have come up with here you've got to get into one of these Chevelle Super Sports and see for yourself.

And the place to do that, naturally—or to see and drive any of the ten other new Chevilles for '66—is your Chevrolet dealer's. He's a great believer in letting the customers handle the merchandise.

See the new '66 Chevrolet, Chevelle, Chevy II, Corvair and Corvette at your dealer's

58TH
YEAR

Dear Abby....

Ask Father Personal Questions Privately

DEAR ABBY: I am a 15-year-old girl who has read your column for years, but I never thought I'd be writing a "Dear Abby" letter. Well, here's what happened, and I can't ask anyone else.

While looking for a box of Halloween decorations, I came across a box of letters hidden away back on the storeroom shelf. The letters were written by my father and had been sent to my mother before they were married. I know it was wrong to read them, but I did anyway. Abby, I was knocked for a loop!

I found out my father was married and divorced before he married my mother. As near as I can figure it out, he must have been very young because he was 25 when he and mother were married. I would like to know if my father had any children from his first wife: because if I have a half-sister or brother somewhere, I think I ought to know. Also, I wonder why they got divorced, how long they were married, what his first wife was like and where she is living now, if she's still alive. I just have to know these things, Abby. I don't dare ask my mother or father or I'd be punished for reading the letters. Should I ask one of my relatives?

Shaggy Fun Furs For City, Campus Wear

NEW LOOK — The shaggy look in fun-furs is taking off this year in coats for campus and town wear. Sport-ownes wrap coat (left) in a new long-haired fabric, Borgoye, is of soft Orlon and modacrylic pile. It's worked in the round with notched collar, slash pockets and a leather string tie belt. Amusing for campus or country is the swinging, shaggy coat (right) by Russel Taylor's Young Suburbans. Borgola is the fabric. Belt is half-tie. Collar is wide and rounded.

bor who runs over here several times a day to have coffee with me as her husband travels and she is alone a lot. She tells me all the family gossip, and I am not in the least bit interested in the stuff she tells me because I don't even know the people. I suppose she has to talk to somebody, and if it does her good to get it off her chest, it won't hurt me to listen. Right?

She hates her daughter-in-law, and every day she has another long, drawn-out story to show what a terrible girl she is. (She sees her often, and acts friendly to her face!) I would rather not hear all these stories, but what can I do? She is wearing me out.

TIRED OF LISTENING
DEAR TIRED: First, see less of your neighbor and you'll hear less. And when she starts telling you things you don't want to hear, tell her in a nice way that you'd prefer not to know that which is none of your business. Then change the subject.

CONFIDENTIAL TO "SAID GOODBYE WITH NO REGRETS": Congratulations on having seen the light and ending the affair. Now destroy his letters. Carrying them in your purse for "safekeeping" is foolish. Should you be hit by a bus, if you live, you'll be a dead duck.

Problems? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to Abby, Box 69700, Los Angeles, Calif., for Abby's booklet, "How To Write Letters For All Occasions."

Astrological Forecast

By CARROLL RIGHTER

FOR FRIDAY, OCT. 21
GENERAL TENDENCIES: Suddenly some time today most everyone gets the urge to be more direct and to go after what they want in a combination of a cooperative and also a very energetic fashion. So, utilize this wonderful day and evening to get others to see what you have in mind that can benefit both them and you.

ARIES (Mar. 21 to Apr. 19) — Get together with associates you want to have better connections with in the future and talk over your ideas. Get their OK. Know what to do so that others do not oppose you. Be diplomatic.

TAUROS (Apr. 20 to May 20) — Get those duties done that require the assistance of co-workers and give rather than taking. Also be sure to do what is necessary to have better health. Make life more happy and productive.

GEMINI (May 21 to June 21) — Immerse you get into the recreation that will relieve tensions and also plan for more amusement in the future. Extend favors to a youngster. This can be very important in his or her life.

MOON CHILDREN (June 22 to July 21) — The situation at home can be arranged more to your liking, so get together with kin. Do what ever is necessary. Get basic structure improved. Begin a positive upward.

LEO (July 22 to Aug. 21) — A good day for getting in touch with kin, partners, friends and planning a more progressive course for the future. Your leisure hours need planning, too. Have more fun.

Pre-Nuptial Shower Honors Miss Barrett

SKELLYTOWN (Spl) — Miss Carolyn Sue Barrett of Pampa, bride-elect of Charley Coleman of Skellytown, was honored with a bridal shower recently in Fellowship Hall of Skellytown First Baptist Church. Miss Barrett, her mother Mrs. Foy Barrett, and the bridegroom's mother, Mrs. C. Coleman, received white carnation corsages on blue net.

Hostesses for the occasion were Mmes. Neal McBroom, Kenneth Stewart, Larry Brown, Ray Pershall, Irvin Brown, Clead Stewart, Dick Shipley, Edna Dunivin, W. Barnett, Ed Kleibrink, Bill Houghton, Lovell Hughes and Paul Matthews.

The serving table, covered with a floor-length white net cloth over blue, was centered with a double heart archway with wedding bells. In front of the archway stood a miniature bride and bridegroom standing in a cloud of blue angel hair. Double crystal candelabra flanked the centerpiece. A white cake with two sugar bells in the center with "Carolyn and Charley" inscribed in blue appointed the table. Mrs. Irvin Brown registered guests in the bride's book.

Some 90 persons participated in the event.

PORTABLE "BATH"
Tuck those pretreated washcloths in the car glove compartment, desk or purse, for quickie pick-ups away from home.

Get out socially in p.m. Meet charming people.

CAPRICORN (Dec. 22 to Jan. 20) — Talk confidentially with a higher-up and you then know how to have more and better credit, prestige, business acumen. Get improved system. Make daily work more efficient.

AQUARIUS (Jan. 21 to Feb. 19) — Advancement can come now if you get together with a clever chum who gives excellent ideas. Listen carefully to new ideas. Put them in operation wisely.

PISCES (Feb. 20 to Mar. 20) — Use your intuition in expressing yourself with high-up who has a blunt approach — recognize what desires are. Get outside matters in "long" shape — buy with taste — nice restaurant — buy a thoughtful gift.

Coffee and Shower Honors Mrs. Shaller

SKELLYTOWN (Spl) — Mrs. Ted Shaller of Skelly Schaefer Camp who just recently moved from McLean, was honored recently at a pink and blue shower and coffee in the home of Mrs. Leroy Allen.

Attending were Mmes. Elmer R. Nichols, Irvin Brown, P. E. Stephenson, Richard Mills, John Pierce, Ed Mosley and Alvin Adams.

In gloves, the new long-shortie rates high. It rises over the wristbone and takes a narrow border of contrasting fabric or animal skin—fake and real.

Rick Wheeler Is Birthday Honoree

CANADIAN (Spl) — Mrs. Dow Wheeler gave a birthday party recently in honor of her son, Rick, who was celebrating his tenth birthday.

Refreshments of birthday cake and ice cream were served. Guests were Jeff Cullender, Gary Thompson, David Wilson, Gary Tubb, Sam Isaacs and Tommy Massey.

Clothes come out of the dryer wrinkled? It could be because they have been over-dried. Set the control for a shorter period.

KERBEL SLEEPING BETTER

West Texas Sophomores Playing Like Seniors

CANYON — Three sophomores have played instrumental parts in the first five wins of the season by the West Texas State Buffaloes. Steve Haterius of Stamford, Jimmy Campbell of Odessa and Rick Barrett of Pasadena have started all five games this fall in the Unfriendly Society, the Buffs' defensive unit.

Haterius and Barrett are the safeties while Campbell is a 195-pound tackle. Each has made more than his share of outstanding plays to help the Buffaloes toward being the only undefeated major college team in Texas.

Barrett, a graduate of Pasadena High, ranks among the nation's leaders in pass interceptions. Through the first half of the season, he had five, one of which he returned 35 yards for a touchdown against Bowling Green. His most recent grab cut off a Colorado State University drive and started West Texas State on a 62-yard march for its first TD against the Rams. The Buffs scored with 1:31 remaining to win 15-12. Rick stopped Trinity marches twice with

pass interceptions and had one other against Bowling Green in addition to the TD run.

Despite being the only soph on the defensive line, Campbell has not been completely overshadowed by the three lettermen. His rampaging rush who was trying to recover a bad snap rattled the kicker so that he ran out of the end zone where Jimmy grabbed him to set up WTSU's second touchdown at the BG one.

Most recently, Campbell along with cornerback Tom Krempasky, threw the CSU quarterback for a big loss on a second-and-goal situation and eventually forced the Rams to go for a field goal. He and Marc Allen clobbered the CSU quarterback as he threw which aided Barrett's aforementioned interception.

The defensive line has limited West Texas State's first five opponents (Ohio University, Bowling Green, Arizona State, Trinity and Colorado State University) to a mere 62 yards per

game rushing. The Ohio game, Jimmy's first varsity tilt, was a classic. The Bobcats were held to a minus one yard rushing.

Haterius' best game may have been the opener in Athens, Ohio, where he returned seven punts 123 yards and played sound defense. His interception of an Arizona State pass in the closing moments shut off a ny chance the Sun Devils had for a tie. He has two other interceptions and, for a time, was the nation's leader in punt returns. Steve has slipped in that department in recent weeks as more teams point for him. However, he has 227 yards on 19 runbacks, an average of 11.9 per return. His yardage total is just 41 short of the school record set last season by Tony Waters of Iowa Park. 268 yards.

Buff head coach Joe Kerbel is certain to be sleeping better these days with the knowledge that these three will be around two more years to be even better than they are now.

Tech Fans Have The Jones Stadium Jitters

DALLAS (UPI) — If you have a friend from Lubbock and he seems to twitch nervously, just give him until the end of the football season to recuperate. He's probably suffering from a case of the Jones Stadium Jitters.

The Texas Tech Red Raiders play in Jones Stadium and they do wild things whenever the clock shows three minutes to play. It's no place for those who swoon easily.

Last week the Red Raiders scored with only 93 seconds left to play to nick Oklahoma State 17-14; the week before Tech beat TCU 28-24 with only 67 seconds to play; and the week before that A&M fell 20-16 with 2:20 to go.

It's the trend in college football this season—at least in the Southwest Conference. Give your enemy the heady atmosphere of an early lead, then ambush him whilst he dreams of the victory dance.

At least 12 SWC games this year have been decided in the last quarter, including that heart stopper in Fayetteville, Ark., last Saturday which was witnessed by a national television audience.

Tech coach J. T. King, who must have the nervous system of an Armadillo to have withstood his team's Frank Merril ways, gave the credit for the close games to two-platoon football.

"Platoon football contributes to it," King said. "It's getting where a team hasn't a chance against another team unless it has super material. Players can specialize more and even things out."

King could give no particular reason why his ball club takes almost 60 minutes to catch fire. But he's glad it does.

"I've got to give credit to the man upstairs," said King. He then jokingly added: "I should be getting a kick back on life insurance sales in this town."

King will get no rest this weekend. Tech plays SMU which has overcome 14 point deficits in its last two games for a tie against Purdue and a win over Rice.

'65 Celtics Still Tough

By United Press International

The seven-time champion Boston Celtics are letting their National Basketball Association rivals know they're as tough as ever this year.

With Sam Jones leading the scoring and Bill Russell cleaning the backboards, the Celtics defeated the Los Angeles Lakers 100-96, Wednesday night for their second straight victory of the new season. The loss was the Laker's first in three games.

Jones scored 30 points, including 21 in the first half, while Russell grabbed 29 rebounds. Jerry West had 24 points and Elgin Baylor had 22 for the Lakers, who had a 55-46 lead at halftime.

The Detroit Pistons downed the New York Knickerbockers 116-103 and the Baltimore Bullets beat the St. Louis Hawks 119-99 in other games.

Joe Caldwell led the Pistons with 18 points and Jim Barnes had 21 for the Knicks. Don Ohl's 26 points were high for the Bullets, who won their first game after two losses.

58TH YEAR THURSDAY, OCTOBER 21, 1965 15

SOARING EAGLE—Philadelphia running back Timmy Brown, free of injuries, is one of the main offensive threats in the National Football League.

Musial Says Boyer's Trade To Mets Is Help to Cards

ST. LOUIS (UPI) — Ex-Cardinal great Stan Musial today looked on the Ken Boyer trade to the New York Mets for southpaw pitcher Al Jackson and third baseman Charley Smith as a "good deal" for the St. Louis Cardinals.

Musial, a Cardinal vice president, said that Jackson should help the club "where help was needed most" last season during a dismal campaign.

"Al's a good competitor, that guy can beat the tough clubs," Musial said.

Musial said he thought the trade would go good for both clubs.

"Sure, Kenny can come back and have a better year," Musial said.

Musial said he thought Smith had "a little more speed," and that his slugging percentage was .393 to Boyer's .374.

A Mets spokesman said "we think we made a good trade...we're looking for power and we feel we have it in Mr. Boyer."

Tech's Anderson Takes Job Of Being Captain Seriously

LUBBOCK, Tex. (UPI) — Donny Anderson, the fleet and powerful Texas Tech halfback and No. 1 draft choice last year of the Green Bay Packers is practicing as hard as he plays this season and it's paying off with fantastic results.

He said when he was selected co-captain his loping through practice sessions was over.

"I have more responsibility being a team captain," he said. "Last year and the year before, I was part of the team but there's a difference in being a leader."

"This year I didn't feel I could talk to the guys and tell them what they're doing wrong unless I was putting out during the week."

Leads Conference
Anderson is leading the Southwest Conference in pass receiving, scoring and kickoff returns. He's near the top in rushing and punting.

Last Saturday was a typical Anderson game. He grabbed

the opening kickoff against Oklahoma State and rolled 103 yards for a touchdown. With Tech trailing, he ran a punt back 37 yards and dashed 10 yards for a first down, setting up the eventual touchdown that won the game 17-14.

The 22-year-old Stinnett, Tex. physical education major, said "I've been playing football ever since I could remember."

"Dad was always having me do something with football," Anderson said. "I love it (football) very much."

His father, John W. (Jack) Anderson, made the all-district team at Shamrock, Tex., High School but did not play college ball.

Anderson, who ranks third among all-time rushers in SWC history, was chosen first by the Packers of the National Football League last season even though he had one more year of eligibility. The Houston Oilers of the American Football League took Anderson as a "future" choice.

Television in Review

By RICK DU BROW
 United Press International HOLLYWOOD (UPI) — "Secret Agent," the weekly one-hour British spy series that was so popular as a mid-season replacement on CBS-TV last season, will return to the network Dec. 4.
 The program, which stars Patrick McGouhan, will appear Saturdays, displacing the new Peter Falk series, "Trials of O'Brien," which will switch to Fridays.
 "Trials of O'Brien," dealing with a flamboyant New York lawyer, will move into the time slot being vacated by the canceled series "Slattery's People," which goes off at the end of November.
 Previously it had been announced that the "Slattery's People" slot would be filled by a show hosted by Art Linkletter, and similar to his "Hollywood Talent Scouts" summer series. CBS-TV said Monday the Linkletter program was being temporarily deferred.
 Theoretically, CBS-TV's notion is that "Trials of O'Brien"—which is getting killed in the ratings by Lawrence Welk and "Get Smart," a secret agent spoof — will do better moving to a later hour, for adults.
 However, the time period currently occupied by "Trials of O'Brien" is the same one that formerly offered "The Defenders," an adult show.
 Furthermore, the new Friday hour that "Trials of O'Brien" is moving to will put it directly opposite "The Man from U.N.C.L.E.," one of the hottest series on the air — and, in fact, the program that finished off "Slattery's People."
 In practical terms, one of the reasons for CBS-TV's desperation move to mount a prestige campaign for "Trials of O'Brien" is that, in terms of general quality and alleged overall ratings, the network's new and revised one-hour series represent very nearly a disaster area.
 They include "The Wild, Wild West," "Lost in Space," the Steve Lawrence Show, "Rawhide," "Slattery's People" and the equally struggling "Trials of O'Brien."
 In another major network move, meanwhile, ABC-TV has confirmed the long-expected cancellation of its late-hour "Nightlife" show with Les Crane, which simply died in the ratings against NBC-TV's "Tonight" program with Johnny Carson. The final air date for "Nightlife" will be Nov. 12, with reruns taking up the last two weeks.
 Monday night's national broadcast of CBS-TV's "I've Got a Secret" was canceled locally here because lawyers felt that the declared hope of the host, Steve Allen, to run for a Los Angeles congressional seat might leave the station open to equal time demands.
 Allen is awaiting a California Supreme Court ruling expected this week on his petition to be listed as a Democrat, thereby clearing him to run. He previously was listed as an independent. Monday night, another outing of "I've Got a Secret," with Henry Morgan as host, was run here.

CANCER TESTS

WASHINGTON (UPI) — The U.S. Public Health Service is preparing a nationwide campaign against cervical cancer, the first direct action program to result from recommendations of the President's Commission on Heart Disease, Cancer and Stroke.
 The service said Tuesday the first major goal of the multi-million-dollar program would be to institute cervical cancer tests for the more than 8 million American women over 25 who are admitted to hospitals each year for any reason.

matter of fact

John Singleton Mosby, the Confederate cavalry leader noted for his daring exploits as a ranger and a raider behind Union lines during the Civil War, went back to his law practice after the war. He alienated many of his friends in the South by entering politics as a Republican and supporting the candidacy of U. S. Grant for the presidency in 1872.
 Carl Linnaeus is considered the "father of modern botany." He was the first naturalist to classify the plants of the earth.

meet RED SATIN!

"Whisky created simply to please a man?"
 Monday night's national broadcast of CBS-TV's "I've Got a Secret" was canceled locally here because lawyers felt that the declared hope of the host, Steve Allen, to run for a Los Angeles congressional seat might leave the station open to equal time demands.
 Allen is awaiting a California Supreme Court ruling expected this week on his petition to be listed as a Democrat, thereby clearing him to run. He previously was listed as an independent. Monday night, another outing of "I've Got a Secret," with Henry Morgan as host, was run here.

CAB Asked To Designate Airport Status

WASHINGTON (UPI) — The city and chamber of commerce of McAllen, Tex., have asked the Civil Aeronautics Board (CAB) to designate Miller International Airport as the exclusive field used by Trans-Texas Airways in its Mexico service.
 The request was made as part of a CAB hearing on re-alignment of the airline's routes. The McAllen proposal would require Trans-Texas to operate its McAllen-Monterrey, Mexico, flights plus all flights between Harlingen, Tex., and the Mexican points of Tampico and Vera Cruz at the Miller Airport.
 CAB examiner Leslie Donahue took the McAllen proposal under consideration after a pre-hearing conference at which the scope of the proceeding and the issues to be decided were discussed. He will issue a report to the full CAB later specifying which issues will be considered.
 Trans-Texas, the city and chamber of commerce of Houston, Brownsville and Harlingen were represented at the conference in addition to the McAllen officials.
