Commission Advertises for Bids on County Hospital

Final Plans for Structure Approved

The County Commissioners Court yesterday afternoon put its final approval on plans for the 100-bed general hospital to be erected here, and today was advertising for bids.

The Court ordered that a copy of the plans and specifications as made by Kaufman & Kauman, architects, and approved by the commissioners, be filed in the permanent records of the county.

Military Front Breaks Anew On Air Force

WASHINGTON—(AP)—The thinly patched crack in the military's not-so-solid front gave way anew today, leaving the question of 66 or 70 air groups wider open than ever.

At the same time, House leaders insisted that any effort to combine universal military training and a draft revival will torpedo both projects.

Secretary for Air Symington spent the first few minutes of his appearance before the Senate Appropriations Committee yesterday saying he supports the 66-group compromise worked out by his cabinet boss, Secretary of Defense Forrestal.

Then Symington spent the next two hours backing up—with the assistance of his chief of staff, Gen. Carl Spaatz—the original 70-group plan already pushed through the House.

A number of senators told newsmen privately after the session that they are bewildered.

Spaatz flew at one point when Senator O'Mahoney (D-Wyo.) stepped into a brisk question-and-answer exchange between Senator Cordon (R-Ore.) on one hand and Symington and Spaatz on the other.

Noting that a representative of Tass, the Russian news agency, was among the many reporters present, O'Mahoney said "I think it's a disgraceful performance" to put embarrassing questions to defense leaders.

Cordon retorted that his intent was not embarrassment but to "get the facts."

Symington began his testimony by reading brief formal statement in which he backed the 66-group compromise and asserted the Air Force was not trying to undercut the needs of either the Army or Navy.

But under questioning by Committee Chairman Bridges (R-N.H.), Symington conceded that Russia now has better jet fighters than this country and some good long-range bombers which "we have photographed from the air."

Symington said if the United States does not begin now building a modern Air Force it never will have it "by the time the Russians have the atom bomb."

The air secretary said the added funds would provide 4,056 new planes, of which 84 would be jet fighters and 17 jet bombers.

Bridges, who has declared his all-out support of the larger Air Force, sought to summarize the day's testimony by asking Spaatz if Congress would "be gambling with the future and safety of the country if it failed to provide the \$22,000,000 to start a 70 group Air Force."

Spaatz said yes.

Wartime Promise Being Kept Today

MANILA—(AP)—The luxury liner President Cleveland, on leaving the Philippines today will pass briefly off the jungles of Bataan. Then Henry A. Wilson of New York will keep his wartime promise to a twin brother.

Wilson and his brother, Maj. Charles N. Wilson, pledged that they would celebrate the end of the war with a bottle of champagne saved especially for the purpose. The officer was captured by Japanese, interned at Davao—and died when a prison ship sank off Bataan.

Today after traveling 10,000 miles Henry will keep his promise.

The Rev. Stephen S. Barron, retired chaplain, will say brief services for the lost major and his companions. The ship's bugler will sound taps, Wilson then will offer the final salute—he will toss the bottle of champagne into the ocean at the spot where the prison ship went down.

Milan, Italy's largest industrial city, was threatened by a general strike after this riot.

Truman Passes Halfway Mark In Votes for Demo Nomination

WASHINGTON—(AP)—President Truman passed the halfway mark today in the number of delegates needed to give him the Democratic presidential nomination.

With the hefty Pennsylvania and Massachusetts vote behind him, the President apparently is in a position to shrug off—if he chooses—internal party moves to cast him aside.

There is no such clear sailing ahead for any Republican presidential aspirant at this point. But Harold E. Stassen's surprise showing in Pennsylvania's write-in contest yesterday provided a new demonstration of his voter appeal.

The former Minnesota governor, who ran last in a seven-man field four years ago, was leading New York's Gov. Thomas E. Dewey, the easy 1944 winner.

The outcome, however, will not be binding on the state's 73-man delegation. It is expected to give favorite son support to Senator Edward Martin.

As for Mr. Truman, Senator Hatch (D-N.M.) told a reporter he thinks it's all over but the shouting.

"I don't believe anybody can stop the President from getting the nomination unless he, himself, should decide that he doesn't want it," the New Mexico senator said. He added that he doesn't look for any such decision.

However, Senator Pepper (D-Fla.) who earlier had said he had considered Mr. Truman's nomination almost certain, caused some eyebrow raising with a statement that he is "glad to see so many delegate candidates in Florida backing Gen. Dwight D. Eisenhower."

The 110 convention votes Pennsylvania and Massachusetts gave Mr. Truman in delegate-picking primaries yesterday brought to 340 the number backing him out of 470 chosen thus far. It takes 618 to nominate.

Politicians looked for the Massachusetts slate officially uncommitted to line up behind the President.

Friends of Mr. Truman pointed to his delegate total as the best answer to such attacks as the one leveled by Emil Rieve, head of the CIO textile workers.

Rieve told his union's meeting in Atlantic City yesterday that the President "has failed as a leader of the liberal forces and should eliminate himself as a candidate."

The union leader suggested that if Eisenhower won't yield to a draft the Democrats should look elsewhere. He mentioned Justice William O. Douglas as a possibility.

However, Gael Sullivan, Democratic National Committee director, said recently that Douglas may prefer to remain on the Supreme Court.

Sullivan denied yesterday that he has resigned. But he wouldn't comment on rumors that he will leave the committee soon to enter private business.

British Air Force Strikes in Palestine

JERUSALEM—(AP)—A Palestine government spokesman said British Royal Air Force planes struck today at Jewish positions in the Bath Yam resort section adjoining Arab Jaffa on the south.

The spokesman said Jewish forces attacking Jaffa had been operating from the Bath Yam sector. It was presumed one squadron of rocket-firing Spitfires had gone into action.

It had been reported earlier that three Spitfire squadrons had been flown into Egypt in case any air intervention was regarded necessary in the Arab-Jewish strife.

King Abdullah of Trans-Jordan said today scout troops of his Arab Legion have occupied Jericho, less than 20 miles northeast of Jerusalem.

A company of the Arab Legion was found by an Associated Press reporter to be in control of Jericho. The officers and men, however, insisted they are there to protect the British evacuation and know nothing of their King's claim they are there to fight the Jews.

Jewish sources in Haifa said Arab legionnaires shelled a Jewish settlement near Naharaim, on the Trans-Jordan frontier. Ten Jews were reported killed.

Other reports to Haifa said the Jewish militia Haganah captured two police fortresses near the Trans-Jordan frontier in the night. The Jews fought with Arabs, they said, after British forces abandoned the fortresses as part of the general British withdrawal incident to ending of the mandate May 15.

The fortresses are at the all-Arab town of Samakh and at Jar El Majmaie. The Jewish underground, Irgun Zvai Leumi, said it had captured the entire Manshieh quarter of the all-Arab port of Jaffa adjoining Tel Aviv.

The battle for Jaffa rose to new heights, Irgun and Haganah fighters, newly allied, fought side by side in four key suburbs of the city. The Jews won control of Haifa last week.

It was officially announced in Jerusalem that British Army units had gone into action this morning "to break up the attack by Jews on Jaffa."

Dispatches from the scene did not immediately state how any such British intervention was developing.

Jericho, destroyed and cursed by the Prophet Joshua in Biblical times, lies 20 miles west of Amman, Trans-Jordan capital. Abdullah has said he will personally lead armies of Trans-Jordan, Syria, Iraq and Lebanon into Palestine this week to fight Zionism.

He told The Associated Press in his capital in Amman that the force which occupied Jericho, less than 20 miles northeast of Jerusalem, was made up of "scout troops which always precede the regular army."

His remark was a contradiction of denials by the British Army, which said yesterday that members of the British-trained Arab Legion in Jericho consisted of one company under British officers assigned to secure Amman.

Warning on Meters Given

Persons are asked not to put extra money in a parking meter with the expectation that the police officer to the meter will turn the meter handle when the time on the dial expires, Olin E. Thomas, corporation court clerk in charge of traffic violations, said today.

Many persons leave coin in the meter when they expect to be gone from their cars for a longer time than the indicator allows, Thomas said, and they expect the officer on the beat to turn the handle for them. Police officers are instructed not to turn the handles before they write a ticket. There are, however, who expect to be away from their car longer than an hour, will have to arrange for time to put more money in the meter, or for someone to do it for him.

When the new two-hour meters are delivered, they will be installed on the side streets off the main business section, and will thus give factors' patients and clients of professional men ample parking time.

Mediation Board Will Try Again

CHICAGO—(AP)—A nationwide railroad strike was set today for May 11, a union spokesman announced, and the National (railway) Mediation Board began a last-ditch effort to avert it.

The strike date of 6 a. m. May 11 for 150,000 locomotive engineers, firemen and engineers and switchmen was made public in Cleveland by a spokesman for the Brotherhood of Locomotive Firemen and Enginemen.

In Chicago representatives of this union and of the engineers and switchmen withheld any immediate statement although one had been promised for 9:30 a. m. (CST).

A spokesman for this group, which had been conferring on wages with management through last night, declined to say whether the statement was being withheld because of the premature announcement in Cleveland or because of last-minute action by the National Mediation Board.

The mediation board called a meeting for tomorrow in Chicago. Both management and labor were asked to attend.

"This is the last thing we can do as a board," Frank Douglass, chairman, said.

The May 11 date was given out while union representatives were meeting in Chicago to draft details of the walkout. A letter keeping newsmen waiting nearly an hour, a spokesman for the union committee said the group would make no statement "at this time." He declined to answer any questions.

The spokesman gave no reason for the delay. There is, however, strong rivalry between the three unions, although they are acting in concert in the present wage dispute. In a previous dispute conflicting dates for the start of a strike were announced by the unions involved because one brotherhood, which gave out a date individually instead of waiting for a joint announcement.

The Cleveland announcement said the statement to be issued here would contain details of how the strike would be put into effect.

The strike would paralyze the country's transportation system piling locomotive engineers, firemen and engineers and switchmen off the jobs. Two years ago a strike cut off rail service for two days until President Truman intervened.

What legal steps might be undertaken to head off the crippling walkout remained a question. The wage dispute between the unions and the nation's class one railroads has passed through all steps of machinery set up under the National Railway Labor Act.

Railroad workers are excluded from coverage by the Taft-Hartley Law. Hence the government cannot ask for an anti-strike injunction as it did recently against John L. Lewis, coal miners.

There was no immediate word from the White House whether Truman might step into the dispute as he did in May, 1946.

The unions last Oct. 7 had asked a 30 percent pay hike with a minimum raise of \$3 a day and (See RAIL STRIKE, Page 8)

Baker Pupils To Take Trip

About 75 pupils of the Third Grade, Baker School, tomorrow will make an educational trip from Pampa to Amarillo in the chair car section of Santa Fe's Grand Canyon.

J. E. Langley, traveling freight and passenger agent, Amarillo, will accompany the children on the journey, which was arranged by Mrs. Audrey Jones, Third Grade teacher. She will also be on the train. Langley, it was said, will be on hand to answer inquiries and distribute literature which the railroad has prepared for school children.

The small passengers will also be given Junior Trainman and Conductor-Nurse buttons by the train personnel as mementos of what, for many of them, will be their first train ride.

The children will return to Pampa by bus after a short stay in Amarillo.

Harvesters Fall Prey To Lubbock Hurlers

Four Lubbock pitchers held the Pampa Harvesters to four hits, fanned 16, to give the Westerners an 8 to 0 victory in a District 1-AA conference clash at Oiler Park yesterday afternoon.

This was the Harvesters first loss in two starts. Although the Westerners suffered a 7 to 6, 13 inning loss to the Amarillo Sandies last week, it was announced yesterday that the Sandies had forfeited this game because of an ineligible player, thus giving the Westerners two victories in their only two starts.

The Westerners gained two runs in the first after two were out. Alderson was safe on an error by Harvesters pitcher Gambin. Galey walked and Guy doubled, scoring Alderson and Galey.

The Westerners gained one in the third on a single by Griffin and an error by Left Fielder Jimmy Hyatt.

The visitors gained four in the eighth on doubles by Jones and Wylie, a single by Griffin, four walks and an error.

A triple by Bill Wylie, Lubbock catcher, accounted for the Westerners' final tally.

The Harvesters scored one in the second and one in the ninth. Their hits came one each in the second, third, fourth, and ninth innings.

Davidson struck out five in three innings, and James Wilson struck three in one inning, for the Harvesters.

Gambin started for the Harvesters and was relieved in the eighth by Howard Wells.

Bobby Griffin, Lubbock third baseman, led the stick attack of yesterday's game connecting four for four, three singles and a double.

ALBUQUERQUE—(Special)—A large rhubarb, in which Grover Seitz and two of his players were banished by Umpires Bob Smith and James Welch, highlighted the Dukes' 12-4 victory over Pampa in the home opener here last night.

Seitz, Mike Feduniak and Earl Harriman drew their walking papers and perhaps some other penalties in the last half of the sixth inning when Manager Hersehl Martin fanned for what should have been the third out but proceeded to round the bases and score because Feduniak had neglected to hold the ball after the third strike.

Seitz, Mike Feduniak and Earl Harriman were eventually summoned to remove Grover from the field, but he eluded his captor and bounced back at intervals.

The Dukes claimed Foster White for 30 of their tallies and got the other two off Candy Mendosa, who took over in the seventh.

Dick Dawson of the Dukes and Rice of Pampa hit homeruns inside the park. Dawson's drove in another runner, but Rice's, in the seventh inning, came with bases empty. Lee Zamora held the Oilers well in check for Albuquerque.

Baylor Downs Aggies 9 to 4

The Texas Aggies had a chance yesterday to drive into a first place position in the Southwest Conference baseball race, but they muffed it.

The Longhorns are out in front with seven wins and one loss. The Aggies, until yesterday, were a quarter game behind with six wins and one loss. Then came the Baylor Bears. The Bears thumped the Aggies 9-4. The win set the Bears in third place. They had been tied for show position with Southern Methodist with four wins and three losses each. The Baylor-A & M game was the only conference contest yesterday.

"Well, then," yelled Shaughnessy, never at a loss for an answer, "take him out. He needs a rest."

Wales carried this unusual notice on its door for some years: "Twenty miles from a neighbor, 40 miles from a post office, 50 miles from a railway, 50 miles from a pub, 30 miles from wood and water, 1000 miles from a city. Whoever finds this farm can have it. We hope they will settle down and help pioneer the west. We would do it ourselves only the missus wants to see life. She has left for the city. So have I."

Baby Goes in For New Look Styles

By EPIE KINARD
NEA Fashion Editor
NEW YORK —(NEA)— Like her Mom's, baby's new look for spring owes its fuller yardage and more elegant touches to the fashion influence of the Rue de la Paix.
Imported organdy dresses for the basset set invite the exquisite handwork and lace touches which the French think is never too extravagant for baby. Her new-look dress comes in a choice of two lengths: 18 inches or 21 inches.
Sacques and bonnets for this tiny promenader embody French ideas of sugaring white crepe with sheaths of white net. This finery is frosted at every lace-inviting spot with bands and ruffles of imported Val.
Imported organdy so flawlessly transparent that Pop could read his paper through it comes in dresses of new midgie frocks. This midgie category is a baby size to see the infant through her transition from Mom's arms to the toddling stage. One new-look fashion specialized for this age group, sports skirtfulness, a prodigal use of shirring, tucking, and fine French lace and a whopping bow-tied sash.
Even the older babe who wears dress sizes up to three comes in for her sturdier share of new-look finery. Earmarked for her are fine-combed chambrays in water-color tints which feature skirt fullness, pleats, and wider hems, all of which can be let out to accommodate beanstalk growth. Extra added attractions are dainty white batiste collars, smoked yokes and other details which distinguish the new fashions of Yolande, the designer who caters to best-dressed babies.

COMPETITION SMELLED OUT
SOUTH BEND, Ind. —(P)— Fisherman Michael Infalt has a favorite fishing hole in a Michigan lake and he doesn't like too much company when he is working it. Infalt has no monopoly on the hole but he has a system that serves the same purpose.
He goes to his favorite spot about dawn and usually finds a flotilla of other boats anchored at the hole. Then he pads up a gasoline burner on the boat seat and fries bacon and eggs. Other fishermen inhale the aroma, get so hungry they can't stand it, and paddle back to shore for breakfast.
More serious crimes in England are due to betting than to any other single cause.

Just go to your drugstore and ask for four ounces of Liquid Barconate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take just two tablespoonfuls twice a day. That's all there is to it.
If the very first bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.

WALL STREET NEW YORK, April 27 (AP)—Stocks tried to revive their spring rally in today's market, but with only scattered success.

Buying orders arrived after some early declines, and lifted favorite rails, motors, oils, steels and farm implements into higher ground. Many gains were reduced in the final minutes and closing prices were irregular.

Fair Enough... by Westbrook Pegler

Coming soon after the Petrillo case in the Federal Court in Chicago, the government's soft procedure of an unmitigated mockery was the Joe Fay thing in Newark, N. J. The Petrillo and CIO-Murray trials were sorry exhibitions, but, for all that can be proved to the contrary, the Department of Justice did its poor best.

In the Fay job, however, we do know that we are dealing with a honey because the very day after Joe Fay was acquitted on an income tax fraud, Tom Clark, the attorney general, admitted that the conduct of his department had been just too raw.

But Judge Walter F. La Buy said that the government has failed to show that the employer had notified Petrillo that it did not need the three additional librarians. It just never entered Petrillo's mind that these three would be unfriendly to him.

The aim of education is to make the pupil like and dislike what he ought... - Aristotle.

What is This Thing? Called Individualism? Since so many people have come to believe more and more in one form of collectivism or another and have discarded the belief in individual responsibility...

What is this thing called individualism? Mr. Webster calls it several things. It is the doctrine or practice which holds that the chief end of society is the promotion of individual welfare.

Professing to be an individualist is one thing. Being one, a practicing one, is something else again... and vastly tougher. For it is only a matter of time when the individualist will have stepped on practically everybody's toes.

Another month went by. The first winter was past and the first fresh green was showing in the hedgerows. "In the spring," said Paul blithely, "Oh, Patience, Patience, if you know how I feel about you!"

Patience felt hot color rush to her cheeks. Her knees shook. "What have you got to say for yourself?" said her aunt severely. "Patience made a little helpless gesture. 'I-I don't know.' 'You were seen two evenings ago in a lane...'

The Innocent Impostor

By Renee Shann... Patience felt hot color rush to her cheeks. Her knees shook. "What have you got to say for yourself?" said her aunt severely.

Patience made a little helpless gesture. "I-I don't know." "You were seen two evenings ago in a lane..."

Patience knew it she once gave it she'd have to keep it. Her aunt said she knew she should trust her word. Only now was she going to face a world in which there was no Paul!

Patience swung round to her. "But why? Aunt Alice, can't you see that it is asking too much of her? There's no harm in my seeing him. In our being friends. He-I-oh, Aunt Alice, I thought perhaps you might understand!"

Mis Alice felt her hands trembling in her lap. Heaven forgive her, she did understand. But it wasn't her. The child was too young. She needed protecting against herself. Later on it would be a different matter. When she was old enough to know her own mind...

Patience looked at her aunt, her eyes full of pleading. "Aunt Helen, please..." "I want no argument, Patience. I insist on your giving me your word that in future you will have nothing more to do with him. And I know I can trust your word. Now-I want that promise from you and then the matter will be closed. It will not be mentioned again by any of us."

Just for a moment Patience saw red. Hot temper surged within her. Overwhelmed her. A host of bitter words rose to her lips.

Don't be so scared! You've been expecting it at this corner for twenty years, haven't you?

Work Begins on Duncan Building

Work is expected to begin tomorrow on the foundation of a \$30,000 business building being built as rental property for Mrs.

Ouida Thomas and Ivy E. Duncan at 117 E. Kingsmill. Duncan said today.

The wall will be of brick and tile on the outside and of tile on the inside, and it will have a concrete floor. It will be a one-story building, 84 by 100 feet.

Waldon Moore of Pampa was the architect, Duncan said, but the contractor could not be named since all the contracts for completing the structure have not been let.

Speaking before Jaycees and Jaycee wives Senor de la Rosa brought to the group a message of good-will in the name of the Mexican people and the Mexican government.

The ambassador pointed out that he was one of 10 University of Mexico graduates now in this country with the purpose of fostering good-will between Mexico and the United States.

He concluded his program with the singing of Mexican folk songs and his interpretation of an American folk song.

Two films, "Flying Farmers," and a comedy skit, and a live talent stage show will be presented at the Sportatorium at 8 p.m. Friday, it was announced today by Hogue-Mills Equipment Co., Inc., cosponsors of the event with International Harvester.

The variety show will include such names as Tiny Grant, tagged as "the magical master of ceremonies and fun," and the comedy team Joe & Eddy Dayton, plus acrobatic dancer, Patty Ross, and accordion-dancer, Joyce Anderson.

International Harvester presents a feature similar to this one each year, in cooperation with the local dealer. The show is free.

Dancers Are Given Their Briefing

NEW ORLEANS—(AP)—Strip-tease dancers in this gay playground of the deep South were briefed on the absolute minimum in clothing this year during their performances.

Police officials Monday night called a mass meeting of night club operators and announced that stripteasers displaying their artistry must at all times cover themselves with (1) pants, (2) a fringe, and (3) a brassiere.

PALESTINE

(Continued from Page 1)

announced he personally had taken command of Trans-Jordan Syrian, Iraqi and Lebanese troops planning an early invasion of Palestine to fight Zionism.

He said today he had recalled to active service all retired legion officers.

Yesterday, he conferred at length with 100 leaders of Trans-Jordan Arab tribes and reported he was assured by them: "We are at war with the Jews."

Abdullah said he gratefully accepted their support and sent them back to their tribes "to prepare for war."

(In London official British sources declined to comment on Abdullah's statement.)

Gunfire shattered Jerusalem's early morning stillness. Bullets apparently coming from a nearby Jewish quarter struck the public information building. There were no casualties.

Eight trucks rolled out of Jerusalem at dawn, carrying British officials to Lydda airport for the trip home to England. Only a skeleton crew of 20 British officials remains in the Holy City, rear guard of those who enforced Britain's mandate, which is to be surrendered May 15.

Representatives of the United Nations Security Council in a commission conferred yesterday with Jewish Agency representatives in Jerusalem. A U. N. release said "a senior member of the Arab Higher Committee now present in Jerusalem regretted his inability to accept the invitation in view of the fact that he had no instructions from that body."

Tension was heightened by rumors from the north that Lebanese and Syrian armies are moving towards Palestine.

British officials acted to quiet the alarm fast spreading among both Jewish and Arab leaders in Palestine. One official said the British had heard of no declaration of war "and consider any such declaration extremely unlikely."

An invasion of Palestine before the British mandate expires could be considered an act of war. The British have promised to resist any Arab "incursions" made before then.

Couple Entertains On Anniversary

Mr. and Mrs. Frank Yealy entertained a few friends at dinner in the Schneider Hotel last night in celebration of their thirty-fifth wedding anniversary. After the dinner of filet mignon with all the trimmings from a table colorful with decorations of tulips the hosts took their guests, the Finnis (Stormy) Jordans, Cloud Drews, and Ray Martins, to their home on Yealy Lease where they played games.

The four couples did a little figuring and discovered that their combined years of married life totaled 105 years.
