The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

WASHINGTON (NEA) - The Kennedy brothers are likely to run up their first really big independent political score in 1966 when they go beyond their own states of New York and Massachusetts to stump hard for fellow Democrats who need a boost.

What makes it justifiable for their wives, parents and children to have to endure the agony of their deaths? What makes such death sentences legal and respectable?

Is is said that we are "containing communism" by preventing a Viet Cong takeover of South Vietnam.
