SAC Bombing Unit Locates Here

Five U.S. Planes Downed by Cong

SAIGON (UPI) — Five American planes were shot down on missions over Communist North Viet Nam Monday and today and seven of their crewmen were believed killed, a U.S. military spokesman disclosed.

It was the second worst aircraft loss for a 24-hour period of the war.

It was revealed at the same time that U.S. planes again bombed the Uong Bi power plant on the outskirts of the key North Vietnamese port of Haiphong. One of the U.S. planes, a two-man Navy RASC reconnaissance bomber, was

Tax Increase For 1966 Not Certain

EDITORS NOTE: The rising cost of the war in Viet Nam has brought predictions of a possible tax increase next year. In this dispatch, UPI correspondent John Pierson examines the situation.

By JOHN PIERSON
WASHINGTON (UPI) — Next year's budget figures hold the key to whether the Johnson Administration will ask Congress for a tax increase in 1966.

Despite reports to the contrary, administration officials haven't decided yet whether to ask for higher taxes next year to pay for the war in Viet Nam and to prevent inflation. And they won't decide until the budget figures are in.

Officials are not ruling out a possible tax hike. But they note that firm spending and revenue estimates for the coming fiscal year won't be available until early January. The President

Short Circuit in Christmas Tree Lights Cause \$8,000 Fire

Daily News Staff Photo

GRIEF STRICKEN — Mrs. Bill Stevens, 1800 N. Zimmers, is helped from her home by a neighbor after viewing the inside of the residence following an \$8,000 fire Monday night. Fire Chief Ernest Winborne, right, said a short circuit in a string of Christmas tree lights probably caused the fire.

Daily News Staff Photo

BOMB SCORING TRAIN — This 18-car Air Force train will be stationed 13 miles east of Pampa for the next six months to score mock bombing raids on eight targets in the area. The operations will start after Christmas with the 70-man crew to track the Strategic Air Command jet bombers by radar and score "hits."

Federal Agents Seize \$100 Million in Heroin

COLUMBUS, Ga. (UPI) — Federal agents seized \$100 million worth of pure heroin in the trailer home of a U.S. Army warrant officer Monday night to climax an international investigation involving one-third of all the agents in the U.S. Bureau of Narcotics.

Arrested in what was described as the "largest single seizure (of narcotics) in the United States" was Chief Warrant Officer Herman Conder, 35. He was charged with smuggling the heroin here from France in a deep freezer.

Six other persons were arrested in the case—five in New York and one in Miami Beach. The New York group, all foreigners, were charged as conspirators.

Wilson to Brief Parliament On Visit to United States

LONDON (UPI) — Prime Minister Harold Wilson was confronted today with growing opposition in Parliament to the Labor government's Rhodesian policy. A major protest was expected after Wilson reports on his meetings last week with President Johnson.

The first order of business when Parliament convenes this afternoon was the Prime Minister's report on his Washington trip, and speech to the United Nations and his brief meeting Sunday with Canadian Prime Minister Lester Pearson.

At the same time a vote by the Conservative opposition concerning Rhodesia could come tonight or early Wednesday, when the House of Commons takes up a procedural matter.

ALL LED DIFFERENT LIVES 17 Die, 13 Children in Fires Across US

By United Press International
In Yonkers, N.Y., just north of New York City, dozens of youngsters were practicing, with varying degrees of skill and enthusiasm, on musical instruments.

In Lowell, Mass., people were going to sleep in a row of wooden tenements.

In the Long Island suburb of Elmont, N.Y., a 2-year-old infant was strapped into his bed with a baby harness.

In a shopping center of Wheat Ridge, a suburb of Denver, the stores were jammed with Christmas shoppers.

To all these people in all these places, the horror of fire

Air Force Crew To Remain for 6 Months

By RAY RODGERS, JR.
For the next six months, Pampa will have a small self-contained air force base stationed near here.

A Strategic Air Command (SAC) bomb scoring train quietly passed through Pampa yesterday and stopped 13 miles east of here near Heaton Switch.

The 18-car train with 70 men aboard will remain at the location for approximately six months.

Purpose of the visit is to score "hits" of simulated bomb attacks by SAC jet bombers at eight targets over the area.

The train detachment is headquartered at Carswell Air Force Base in Ft. Worth.

The actual simulated bombing runs will not begin until about Dec. 27 when the men return from Christmas.

Then each day for the next six months B-52 Stratofortress bombers from points all over the world will be making low-level flights at altitudes of 500 to 1,200 feet over the eight target areas. Air Force officials said that any actual flights over Pampa will be made at approximately 35,000 feet.

The jets will make a mock bombing run and then "hits" will be scored electronically by radar.

The idea of having trains sent into the hinterlands to score bombers in unfamiliar terrain was originated nearly five years ago.

Three such trains are now in operation over the country.

The big bombers will make nearly 1,000 runs per month at the target sites and the runs continue at different periods throughout 20 hours each day.

Officials said, however, that Pampa residents would probably not even be aware that the planes were in the area other than maybe sighting them high in the sky.

Most of the bomb runs are low-level from 500 to 3,700 feet off the ground. The bombers zip into the area on a specified route and as they approach one of several targets they open their bomb bays. When this happens a "bomb" tone sounds in the train.

The crew at the train tracks the plane with radar operated scopes, charts and a periscope. The signal for the simulated bomb drop is when the bomb tone ceases. When this happens, the ink needle on the complicated chart lifts, showing the precise spot and time at which the "bomb" was released. From

Satellites Shot Into Orbit by Powerful Titan 3C

CAPE KENNEDY (UPI) — An Air Force Titan 3C superrocket shot four piggy-back satellites—three space talkers and a sun watcher—into orbit today on the start of one of the toughest unmanned missions tried by the United States.

The triple-barrelled space machine, most powerful yet launched by U.S. rockets, rumbled aloft precisely on time (at 8 a.m. CST) in a thunderous finale to America's most spectacular year in space.

It raced into a low orbit ranging from 99 to 105 miles above the earth with ease and began an hour-long coast before performing the second act in its six-hour string of orbital acrobatics.

Perched in its nose were two experimental communications satellites, a "do-it-yourself" amateur radio moonlet that says "hi" and a scientific satellite designed to tell man more about the sun and its dangers.

They were headed toward a hard-to-reach-almost-stationary orbit higher over the equator.

The 127-foot Titan 3C, making its third of 12 test flights is a king-size version of the Titan 2 that orbited five pairs of Gemini astronauts this year.

It gets its extra push from two huge solid boosters strapped to the sides of a three-stage liquid fueled rocket.

The awesome solid-fueled rockets, each generating 1.2 million pounds of fiery thrust at lift-off, performed with perfection today. They hurled the Titan and its four satellites to the edge of space in less than two minutes leaving a geyser-like column of smoke in their wake.

This Thief Is Really Lit Up

Theft of 37 colored light bulbs from an outdoor Christmas tree was reported to police today by Mrs. Jack Hilton, 1076 Prairie Dr.

The bulbs were stolen sometime between 10:30 p.m. yesterday and 7 a.m. today. Mrs. Hilton said the lights were valued at \$7.40.

Shoplifter Turns Out To Be 14-Year-Old

A 14-year-old shoplifter was caught in the act at 4:15 p.m. yesterday in the M. E. Moses variety store, 105 N. Cuyler.

The store manager told police the youth was apprehended with a \$4.98 box game in his possession.

The stolen game was returned and the youth was released in custody of his parents, police stated.

military contract in Viet Nam. Their Vietnamese driver, Chung Can Xuong, also was freed, but the fourth man kidnapped by the Viet Cong Monday was killed. He was Otto Scholton, 58, a Dutchman who lived in Vancouver, B.C.

Captors Uninformed
The four were kidnapped about five miles south of Bien Hoa, about 15 miles from Saigon, while inspecting a quarry site. Their captors were not in uniform "but they were carrying side arms and one of them had a submachine gun," Hudson said today.

Military Building Program Facing McNamara Cut

WASHINGTON (UPI) — A \$620 million military construction program will fall by the wayside as part of Defense Secretary Robert S. McNamara's plan to put the U.S. military machine in top fighting trim. McNamara indicated more cuts were to come.

In a program to streamline spending "without eating into the muscle" of the U.S. effort in Viet Nam, McNamara planned to release today a list of the projects which have been put on the shelf indefinitely.

The cuts will knock military construction spending almost in half.

Included among the deferred items was a military housing program which would have provided 8,500 dwelling units, new barracks, building additions and modernization projects. From 85 to 90 per cent of the deferred construction is in the United States. None affects weapons.

McNamara's cuts were in construction projects for which funds have already been appropriated in the 1966 fiscal budget, running until July 1.

The defense chief told a news conference Monday his move was "symptomatic of our approach" to the fiscal 1967 budget, which will be submitted to Congress shortly after the first of the year.

Sources have estimated that the Defense Department's spending requests would be close to \$60 billion next year. This would be a peacetime high.

McNamara announced the construction cuts as part of an over-all drive to eliminate every possible expense to aid the war effort. Toward the same end he plans to try again to get Congress to approve his plan to merge the Army

Pampa Youth Escapes Injury With Truck

Eight-year-old Billy Harris, 309 E. Browning, escaped injury yesterday when he turned into the side of a truck while riding his bike south on Frost St.

According to police, young Harris dropped a package and turned to go back for it when the accident happened.

The truck was driven by Quincy C. Merrifield of Sayre, Okla., who reimbursed the youth for the \$5 damages to the bicycle.

Three Separate Train Crashes Claim 52 Lives

LISBON, Portugal (UPI) — Portuguese and Spanish authorities began an investigation today of three train crashes within 60 hours that claimed 52 lives and injured 109 other persons.

Thirteen of the injured had been traveling aboard a special train taking them home from an earlier accident.

Most of the dead and injured in the two train collisions in Portugal Monday and another in Spain last Saturday were Portuguese. No Americans were reported among the victims.

In the first Portuguese accident Monday night a commuter special outward bound from Lisbon slammed head-on into a freight train at Sintra, 20 miles west of the capital, killing 20 persons and injuring 17.

Reserve with the National Guard.

Pampa-Lefors UF Drive Near \$60,000 Mark

Pampa-Lefors United Fund drive neared the \$60,000 mark today, but the total is still far short of the campaign goal of \$77,000 needed to support twelve participating agencies.

Some \$59,679 had been turned in to the United Fund Office through this morning.

"One Gift Works Many Wonders" has been the theme of the 1965-66 campaign which began in October. Last year the fund was successful in reaching its goal of \$72,000.

With the Christmas season upon us, drive officials expressed the hope that local residents would dig a little deeper into their pocketbooks and increase their contributions in support of the various agencies.

It was pointed out that United Fund donations are tax deductible and that more than 96 cents of every dollar collected goes to help the agencies and people you want to help.

Prospective donors who would like to make their initial pledge or an additional donation may do so by mailing a check to the United Fund, P. O. Box 2076, Pampa, or by phoning MO 9-9522 and a volunteer worker will pick up the contribution.

Agencies that are assisted by the United Fund include the Boy Scouts, Girl Scouts, Milk Fund, Pampa Welfare Fund, Gonzales Warm Springs Foundation, Red Cross, Texas Assn. for Mental Health, United Service Organization, Salvation Army, Medical, Research Foundation of Texas, National Travelers Aid and United Community Fund.

The sun travels through space at a speed of 170 miles a second.

Short Session On Tap for City Council

City Manager Jim White today predicted a short session of the city commission on Tuesday Dec. 28, the final meeting of 1965.

"The decks have been fairly well cleared for this year," White said, "and it looks like the agenda for the year-end meeting will be very brief, coming as it does in the middle of the holiday season."

The city manager added that the first meeting of 1966 probably would carry an unusually heavy agenda.

Obituaries

Mrs. H. S. Wilbur Sr.
Funeral arrangements are incomplete with Stickley Funeral Home, Canadian, for Mrs. H. S. Wilbur Sr., about 77, wife of the president of the First National Bank in Canadian. Mrs. Wilbur died Monday night in Hemphill County Hospital.

Born in Wichita, Kan., Mrs. Wilbur came to Canadian in 1920 with her husband who started the Southwestern National Bank. The bank later merged with the First National Bank.

Mrs. Wilbur was a member of the First Baptist Church, the Order of Eastern Star and the Canadian Women's Club.

Other than her husband survivors include two sons, Harry Wilbur Jr. of Canadian and Earl Wilbur of Dalhart; one daughter, Mrs. Russell Carver of Hereford, several grandchildren and great-grandchildren.

Johnson to Invite West Germany On Space Efforts

WASHINGTON (UPI) — President Johnson, in an attempt to forge even stronger bonds between the United States and its NATO allies, is going to invite West Germany and other European nations to join America's space effort.

Johnson announced the forthcoming invitation Monday night at a White House dinner honoring West German Chancellor Ludwig Erhard, who is in Washington for two days of talks on a wide range of world problems. The talks continue today.

The President said that early next year he would send a top-level U.S. delegation, headed by space agency Chief James E. Webb, to consult with Erhard and other European leaders about an "ambitious plan to permit us to do together what we cannot do so well alone."

Johnson specifically cited two "very demanding and complex" projects high on the space agenda—probes to the sun and to the planet Jupiter. He did not say just what form the participation would take, or whether it would include the current Gemini Program, or the forthcoming Apollo Moon Project.

The President's dramatic offer overshadowed somewhat the principal topic of his talks with Erhard—West Germany's plans for a greater share in Europe's nuclear defenses.

The principal aim of the Erhard mission was understood

to be his hope of selling the United States on a refurbished plan for some sort of Multi-Lateral Nuclear Force (MLF) for NATO, affording West Germany a larger role in control of nuclear weaponry.

Erhard's plan—similar to one discussed by Johnson and his previous foreign visitor, British Prime Minister Harold Wilson—would involve a small fleet of Polaris missile-firing nuclear

Cong

(Continued From Page 1) today the known toll of Viet Cong dead has risen to 83.

A multi-battalion force of government troops killed 28 Viet Cong Monday in fighting near Quang Tri City in the central highlands. Ground action was relatively light today, however.

But in one of the war's most dramatic incidents, U.S. 1st Infantry Division troops ambushed a Viet Cong kidnap squad near Saigon and rescued three of the four U.S. construction company employees who had been taken prisoner by the Communist hours earlier.

A fourth man was killed by a burst of Communist machine gun fire. The Americans rescued by the infantrymen were Henry M. (Hank) Hudson, 52, of Menlo Park, Calif., and Edwin W. (Speed) Jones, 48, of El Centro, Calif. Both are construction supervisors for the Morrison-Knudsen Co., Inc., working on

submarines. The United States and Britain would supply the subs; Germany and the other allies a share of the money to operate them. A committee of allies would control the vessels and their weapons with decisions subject to a U. S. veto.

Happy Holiday Idea:

Bright as a holiday songfest, warm and wonderful as a crackling fire. It's Hot Dr Pepper—a festive way to welcome friends and guests. Just heat Dr Pepper or (if you're a calorie counter) Diet Dr Pepper in a saucepan until steaming hot. Then pour over thin slices of lemon in your favorite cups. It's the happiest holiday idea yet.

New Television Show Helps Promote Greed

By RICK DU BROW
HOLLYWOOD (UPI)—Open letter to the producers of ABC-TV's two new daytime shows, "Supermarket Sweep" and "The Dating Game," which had their debuts Monday:

Dear Sirs:
How could you do this to us? We—all of us out here in video land—we never did anything to you, did we? At least, not that bad.

It was awful enough that a worthwhile discussion show, "The Young Set," was replaced by these two new half-hour horrors which have such a greasy tone that one feels uncomfortably slippery merely from watching them. But to premiere the values offered by these shoddy works in Christmas week, of all times, was a zenith of bad taste.

"The show that gives you a chance to run wild through your supermarket," the announcer of "Supermarket Sweep" began, as he introduced this program in which people run up and down market aisles seeing who can accumulate the goods worth the most money in a given time.

"The show that gives you a chance to run wild through your supermarket," the announcer of "Supermarket Sweep" began, as he introduced this program in which people run up and down market aisles seeing who can accumulate the goods worth the most money in a given time.

There is a Fred Astaire way to live, and there is a "Supermarket Sweep" — and bowling way to live, and it was nice of you to have reminded us anew of this difference. Particularly helpful along these lines were the idiotic cheers by some of the not-to-be-believed members of the audience who were on hand to encourage the participants in the ghastly atmosphere of a Paramus, N.J., market.

There should be a kind word for your host, who seemed a nice enough fellow and who, at one point, while having to fiddle around with a toy doll, said frankly, "I fell like a fool." No fool, he.

As for "The Dating Game," someone with style and wit might have made something out of your notion of a young lady questioning three unseen men about their tastes before deciding which one to date.

Peace Corps Becomes Involved in New Problem

By DICK WEST
United Press International
WASHINGTON (UPI) — A volume of testimony recently released by a House Foreign Affairs subcommittee discloses that the Peace Corps has become involved in a new controversy. Charges were made at the

hearing that a corps volunteer in Brazil had lifted a pig the wrong way. The attack on the Corps' pig-lifting technique came during the testimony of Frank Mankiewicz, regional director for Latin America, who was explaining some of the programs in his area.

Rep. H. R. Gross, an Iowa Republican and erstwhile farm boy, pointed to a photograph showing a corpsman, later identified as Ronald Trostle of Nickerson, Kan., holding a pig. Trostle's arms were under the pig's belly. The pig didn't seem to mind but Gross bristled when he saw it.

"I do not know any farmer that would pick up a 50-or-75-pound pig in that fashion," Gross replied. "I am not a farmer. I thought he did pretty good," said Mankiewicz. To this Gross replied: "He must have had this pig anesthetized, or he would rip

the pants right off this guy and, moreover, if there wasn't something docile about the pig, he would have him wet down and dry. You just don't pick up pigs of that size that way." Editors of the corps' monthly magazine got in touch with Trostle to obtain his side of the

story. The publication quotes him as saying the pig he lifted was fully awake and that he kept his trousers both intact and dry. Well, sir, I don't believe in letting disputes like this remain unresolved. It leaves a cloud hanging over both Congress and the Peace Corps.

Therefore, I have appointed myself to head an independent fact-finding mission to settle

the issue once and for all. A full report on the philosophy and practice of pig-lifting will be forthcoming soon. space agency officials said Saturday. "Merry Christmas and happy New Year to all of them," an agency spokesman said.

FISH TALE
NEW YORK (UPI)—Outgoing Mayor Robert F. Wagner said Sunday the problem of becoming a little fish in a big pond might deter him from accepting a position in the Johnson Administration if one were offered. Wagner has been mentioned as a possible candidate for secretary of the newly created Department of Urban Affairs.

Wagner said in a radio interview (WCBS), that in Washington "it's a little different... you're no longer the head man and it's a hard adjustment, and I don't know whether I'd be willing to make any such adjustment."

National Window

By LYLE WILSON
United Press International

A platoon of Democratic congressmen probably could be fined and sent to jail after next year's election if the Federal Corrupt Practices Act were honestly enforced.

Honest enforcement is not even remotely likely. This is a reflection on the political morality of the executive branch of government from the White House right down through the Justice Department to U.S. attorneys in the field. More precisely, this is a reflection of the political morality of the American people.

American citizens have become accustomed to election shenanigans. A shenanigan is a devious trick used especially to divert attention from an underhand purpose. That describes exactly a devious fund raising gimmick now being made available to Democratic congressional candidates.

The gimmick is a 176-page slick paper magazine which candidates are invited to sell or give away at fund raising affairs. More than 50 corporations bought full page advertisements in this magazine at \$15,000 a page, which revenue has been received by the Democratic party under cover of voter education.

Corporations may contribute to voter education but they may not contribute or expand a dime in connection with a federal election. The Corrupt Practices Act is firm on that. It is equally unlawful for any person to accept a prohibited contribution. Insofar as a candidate for federal office knowingly accepts the proceeds of the Democratic slick paper magazine, that candidate would seem to be violating the act and that would be a felony.

Corporations and labor unions alike are forbidden by the corrupt practices act to contribute or to expand in connection with any federal election. The courts shot the act full of holes with decisions that the unions

and corporations can spend at will for voter education. Inventive minds came up with the magazine shenanigan, a devious trick to divert attention from what would appear to be a violation of a federal law, more more more.

The magazine gimmick is an oldie. But it smells no sweeter than it did many years ago when the habit began to form of ignoring the Corrupt Practices Act. These strictures apply so far only to Democrats because the Republicans have not yet issued a campaign magazine. That may come in time, in which case it would be a good idea to crowd some Republican congressmen into the paddy wagon with the Democrats. These law violations are no pipe dream. Read from a New York Times

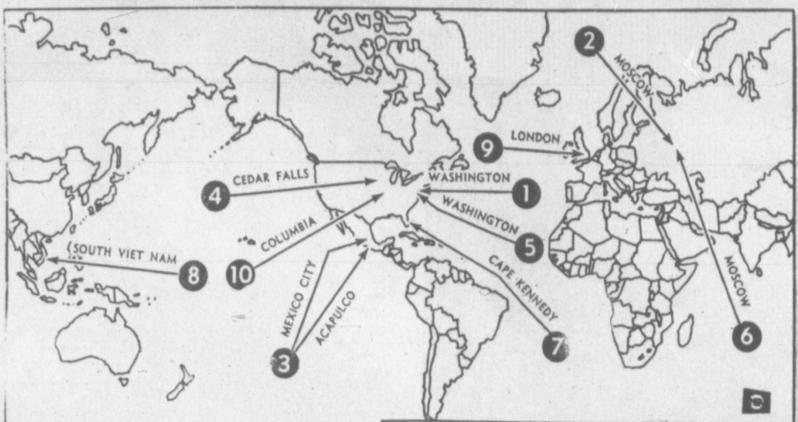

"The Johnson administration is presently collaborating in a devious money-raising scheme for next year's congressional election that circumvents the federal corrupt practices act, effectively conceals the purpose for which the money is to be spent, and taps corporations for money although they are legally forbidden to contribute. In short, a lucrative but ethically questionable maneuver which the Republicans threaten to duplicate."

Rep. Charles L. Weltner, D-Ga., has reject this gimmick proposed to him by the Democratic National Committee. Weltner said the magazine plainly was a campaign fund raiser and not a means of voter education.

Good citizens should blow the whistle on congressional candidates who violate the Corrupt Practices Act. Blow the whistle loud enough and the U.S. attorney might be shamed in to proceeding against offending politicians. Blow it some more and somebody might go to jail. One jail sentence against a big-shot congressman would do more to clear up American politics than a whole book of sermons on ethics.

HOW'S YOUR NOSE FOR NEWS?

A big news story broke recently in each of the spots marked on the map below. As a reader or student, check your memory and your knowledge by identifying the news events. The clues given in the box below will help.

What occurred where? Study the map and match the numbers with the events listed in the box at right. Score yourself 10 points for each correct answer.

A score of 50—you're fairly hep. A score of 70—you're pretty sharp. A score of 90 or more—congratulations to a real news hawk!

Seafood Newburg Top Food Fare

SEAFOOD NEWBURG lights up special late supper parties.

By GAYNOR MADDOX
 Newspaper Enterprise Assn.
 For a late supper after the
 card party, concert, movies,
 or PTA meeting, this Seafood
 Newburg in toast cups is a de-
 licious and easy to manage
 dish. Or for the announce-

ment buffet, or a party to hon-
 or a house guest, it seems a
 perfect choice.
SEAFOOD NEWBURG
 (Makes 6 to 8 Servings)
 ¼ cup margarine
 2 tablespoons corn starch

1 teaspoon salt
 1 teaspoon paprika
 Dash cayenne
 2 cups light cream
 ½ cup dry sherry
 2 egg yolks, slightly beaten
 2 cups cut-up cooked lobster

meat or crab meat or clean-
 ed cooked shrimp
 Melt margarine in saucepan.
 Blend in corn starch, salt, pap-
 rika and cayenne. Remove
 from heat. Gradually blend in
 cream. Cook over medium heat,
 stirring constantly, until mix-
 ture comes to boil and boils 1
 minute. Reduce heat. Gradually
 stir in sherry. Blend a little hot
 mixture into eggs, then stir all
 into remaining hot mixture in
 saucepan. Add selected sea-
 food. Heat, but do not boil.
 serve in Toast Cups.

Toast Cups: Trim crusts from
 8 slices fresh bread. Brush slic-
 es on 1 side with corn oil or
 melted margarine. Fit, oiled
 side up, into medium muffin
 cups, pressing down to form cup
 shape. Bake in 450 - degree
 (very hot) oven until edges are
 well browned, about 9 minutes.
 Fill with Seafood Newburg.
 Serves 8.

Cranberry Special for Holiday Menus

**CRANBERRY STEAMED
 PUDDING**
 (Serves 10 to 12)
 1½ cups sifted regular all-
 purpose flour
 2 teaspoons baking powder
 1 teaspoon salt
 ½ cup butter, softened
 ½ cup sugar
 1 teaspoon grated orange
 rind
 2 eggs
 2-3 cup evaporated milk
 1 cup canned whole
 cranberry sauce

Sift flour with baking powder
 and salt. Cream butter, sugar,
 and orange rind. Beat in eggs,
 one at a time. Add evaporated
 milk to creamed mixture alter-
 nately with dry ingredients, be-
 ginning and ending with the
 dry. Stir in cranberry sauce.
 Turn batter into a well-buttered
 1½-quart mold. Cover with the
 buttered lid or with a cover of
 tightly fitting aluminum foil.
 Place on a rack in a kettle with
 a well - fitting cover. Pour
 enough water into kettle to

come halfway up the sides of
 mold. Bring water to a boil,
 cover pan and reduce heat to
 simmer. Slowly steam pudding
 at simmer for 2 hours, allow-
 ing a little extra time if mold
 has no tube in center. Unmold
 and serve warm with orange
 sauce.

ORANGE SAUCE
 (Makes 2 cups)
 1-3 cup butter
 1 cup sugar
 ¼ cup light corn syrup
 ¼ teaspoon salt
 3 cup evaporated milk
 ½ cup orange juice
 1 teaspoon grated orange
 rind

Melt butter in a medium-sized
 saucepan. Add - sugar, corn
 syrup and salt. Cook over low
 heat, stirring constantly, for
 3 to 4 minutes. Remove from
 heat and gradually stir in evap-
 orated milk. Add orange juice
 and rind. Beat vigorously to
 blend. Serve hot over cranber-
 ry steamed pudding.

Hot Cheesy Casserole Made From Leftover Holiday Turkey

Buying an extra large turkey
 for the holidays provides a bon-
 us for today's homemaker. Such
 planning pays off in plenty of
 leftovers for next - day recipes
 like hot cheesy Turkey Cheddar
 Casserole. Made of lots of ten-
 der, juicy pieces of turkey com-
 bined with cooked noodles,
 mushrooms, cheese soup, and
 topped with crumbled cheese
 crackers, this casserole is sure
 to please the whole family.

Of course the secret to an ex-
 cellent turkey casserole is in the
 original turkey itself. When
 selecting your turkey, always
 look for the one bearing the la-
 bel, "tender as its name." This
 famous bird is available in two
 styles, ready-to-stuff and alrea-
 dy - stuffed with a moist, old
 fashioned bread stuffing.

This year the stuffed bird is
 even easier to spot because it
 sports a new gold mesh bag
 with a handy handle at the top.
 This sure grip handle means
 no more cold fingers and easy

lifting. Look for this famous
 bird in your grocer's freezer
 case.

Along with the hot Turkey
 Cheddar Casserole, add a cold
 salad of cottage cheese and
 mixed fruit and a basket of hot
 rolls.

TURKEY CHEDDAR CASSEROLE

Yield: 2 quart casserole
 2½ cups diced cooked turkey
 4 ounces broad noodles,
 cooked
 4½ ounce jar whole mush-
 rooms, drained
 1 tablespoon instant minced
 onion
 1 cup milk
 11 ounce can condensed
 cheese soup
 1 cup finely crushed cheese
 crackers
 3 tablespoons butter, melted

Into a 2 quart casserole (rub-
 bed with butter), place cooked
 noodles. Combine mushrooms
 with turkey and arrange on top
 of noodles. Blend together on-

ion, milk, and soup. Pour over
 the turkey. Combine cracker
 crumbs and butter. Sprinkle
 over casserole. Bake in a mod-
 erate oven (350 degrees) for 35
 minutes.

Foods have less flavor when
 they are cold which is some-
 thing to keep in mind when
 serving canned fruits. The fruit
 will seem more flavorful if the
 can is opened and the fruit is
 allowed to come to room tem-
 perature.

To prevent stocking snags
 created by worn or cracked
 shoe linings, smooth a plastic
 bandaid over the worn lining.

Cake batter can be frozen for
 later use. Just remember to let
 it thaw only long enough to
 pour. Long thawing makes for
 a heavier cake.

Wall Street In Review

NEW YORK (UPI)—Investors Research Co. believes that last week saw one of the greatest periods of advance in the bull market to date, with blue chips and market leaders showing amazing strength.

The company feels that the expanding volume and the higher prices indicate a significant advance in the offing.

Lake Superior is the world's largest freshwater lake.

The Week in Review

By H. J. HELLER
United Press International
Two American space vehicles played a cosmic game of tag this week and achieved mankind's first rendezvous in space.

Gemini 7 had been aloft 11 days, surpassing all previous space endurance records when Gemini 6 shot from its launching pad in planned pursuit.

Using an orbit-shifting technique and controlled bursts of the craft's thruster rockets, Gemini 6 pilots Walter Schirra and Thomas Stafford gained rapidly on their quarry which at blast-off time was some 1,400 miles in front of them.

By the fourth orbit, Gemini 6 had come within several miles of Gemini 7 and then closed in gradually until the two capsules were within from 6 to 10 feet of each other.

Schirra and Stafford were able to observe their astronaut colleagues, Frank Borman and James Lovell, and exchanged jubilant wisecracks.

The successful conclusion of the experiment meant that space vehicles moving at better than 17,000 miles an hour could make contact and almost certainly could link up—a necessary step toward landing a man on the moon.

It also meant the United States had surpassed the Soviet Union in every phase of space flight except in the power of its rocket thrust.

The triumph was especially exhilarating for Schirra and Stafford because of the frustration of two previous failures to leave the launching site.

The two spacemen topped off their dream flight with a perfect splashdown in the Atlantic the next day within 15 miles of the aircraft carrier Wasp.

Gemini 7, meanwhile, went on toward the Saturday conclusion of its 14-day space mission despite fuel cell problems.

Saigon: U.S. jets knocked out a vital power plant only 14 miles from the Port of Haiphong in North Viet NAM

and 60 miles from Hanoi. Some observers considered it a major escalation of the war.

Paris: U.S. Defense Secretary McNamara warned America's NATO allies that Communist China will be able to hit the U.S. or Europe with long-range nuclear missiles within 10 years. Secretary of State Rusk asked the NATO nations to forgo a cooperation in the Viet Nam struggle.

United Nations: Visiting British Prime Minister Harold Wilson urged the world organization to "contribute to peaceful negotiations" in Viet Nam. Wilson's speech to the U.N. was marred by the walkout of 25 members of the African bloc in protest over Britain's refusal to use force to topple the rebel regime of Rhodesian Premier Ian Smith.

Washington: President Mohammad Ayub Khan of Pakistan visited with President Johnson at the White House and the two leaders agreed that India and Pakistan should settle their differences peacefully.

Dacca, East Pakistan: A 140-mile-an-hour cyclone and tidal wave devastated large area of East Pakistan and nearby islands in the Bay of Bengal, killing upwards of 15,000 persons in the 6,000-square-mile area.

Santo Domingo: Communist led mobs seized control of a 40-block area in downtown Santo Domingo. U.S. paratroopers and Dominican police cordoned off the area but made no immediate move to clear the streets.

Nice, France: English writer W. Somerset Maugham died at the age of 91. He was the author of numerous works including the classic novel "Of Human Bondage."

Earliest method of plating gold on a base metal was by using an amalgam of gold and mercury.

First practical motion picture projector was made in France by the Lumiere Brothers.

SAFETY LEADERS on the campus of Oklahoma State Tech, Okmulgee, are officers of the Student Safety Council, who perform various functions in instigating safety programs and traffic control for special occasions. Left to right are: Jon Maul, Pampa, vice president; Raymond Logan, sponsor; Sherry Bryant, Okmulgee, secretary; and Don Maul, Pampa, president.

Oceans cover almost three-fourths of the world.

Yellowstone Park is the world's first national park.

Carpenter ant queens may live 15 years.

Letters To Santa Claus

I want a tape recorder and a new bike. And a watch that really works and a train. Your friend,
Stephanie
2507 Mary Ellen

DEAR SANTA: I want a Times watch. I want a Baby First Step doll. I have been a good girl. I like what you got me last year. I saw you down town. Love,
Debbie
P.S. I live on 1706 Duncan.

DEAR SANTA: We have tried to be good boys. My name is John and I am 8 years old. Bobby is 5 1/2 years old and Jimmy is 1 1/2 years. I would like a "Give-a-Share Projector." Bobby would like a "B.I. Joe" Jim, my would like a play horse. Love,
John Thorton
324 1/2 Gray St.

P.S. Please remember Anna too. She is our little cousin 1 year old.

DEAR SANTA: For Christmas I would like a Secret Sam and a real ring with the letter J on it and a real watch with a stretch band and just tells the date with a second hand and a some blaster. And leave a little something for those who don't have anything. I will be in Vernon, Texas so come by there, but come by Pampa Texas also. Tell Mrs. Claus hello for me please. Have a nice Christmas.
John Hollis

P.S. My home address is 1101 Crane Rd.

DEAR SANTA: My name is Stephanie Robin. I am nearly ten years old. Just bring me anything you think I would like for Christmas. Love,
Stephanie

DEAR SANTA: My name is Cindy. I want to tell you how much I like you. I would like to have a blue stuffed poodle dog for Christmas. Love,
Cindy

DEAR SANTA CLAUS: My name is Mickey Adkins. I am 6 years old. I would like a G.I. Joe, Rockman and soccer and a punching bag. We have cookies and a cake for you. Love,
Mickey Adkins
1824 N. Nelson

DEAR SANTA CLAUS: My name is Cynthia Adkins. I am 9 years old. I would like a Baby First Step doll, a stuffed snake, two please water, puppet and Barbie's color and curl. I will have cookies and cake for you. Love,
Cynthia Adkins
1824 N. Nelson

DEAR SANTA: I have been a good girl. I wish you would bring me a Tressy Doll and a bike. If you want to you can bring me something else. I love you. We'll leave you something cooked. Love,
Terry Williams
1827 N. Barnea

DEAR SANTA: I would like to have a slot car. I have been a good boy. Love,
Darryl McGuire
1820 N. Simmons

Teen Girls 'Sent' By Scent for Men

NEW YORK — When teens choose fragrance, "his" is his and "hers" is hers.

According to a new survey from "Seventeen Magazine," America's teen girls like scent for men, but object to wearing men's fragrance. Almost nine out of 10 (87.2 per cent) of the girls thing fragrance is "wonderful on all men" or "fine for most men." But almost half (47.0 per cent) say it's "not fine" or "terrible" for a girl to wear the same scent as her beau.

A study, based on 1,318 responses to a questionnaire sent by the teen publication to its Consumer Panel, also shows that girls generally give after-shave lotion to Father, Brother, Boyfriend at Christmas; cologne for Christmas and birthdays. But fragrance-giving isn't limited by seasons. Some 9.5 million teen-age girls (eight out of 10 of the nation's teen girls) have given either after-shave lotion or cologne at one time or another and more than a third have given both. Seven out of 10 girls

Fit for a King

To make the king of your house (and all the princes, too) feel even more regal this Christmas, a new fragrance that is all prestige, called Royal Regiment, has been created. The totally masculine, sophisticated new scent is stimulating, long-lasting and is specially memorable to women.

Royal Regiment embodies subtly-blended woody undertones of deep forests mingled with the motivating top note of crisp, fresh English fern. Subtle leather notes enriched by spicy accents also are combined in the unique and opulent blend.

Grate a little extra cheese when grating cheese for a recipe. The extra can be kept in the freezer to use when you're in a hurry.

Girls buy their fragrance gifts, like their own fragrance, most often in department stores, next often in drug stores. And two-thirds of the teens have recommended a particular scent to a man.

Lamar Choir Gives Program for P-TA

Lamar P-TA met in the school auditorium Thursday for a general meeting. The business meeting was conducted by Mrs. Lawrence Paranto, president. Mrs. Martin gave a report of the State Convention.

Mrs. Wayne Jones introduced Mrs. Harry Vanderpool who gave an excerpt from "The Cross and the Crown" by Frank Slaughter.

The Lamar Choir presented a Christmas program. The first group of numbers the choir sang were "Little Lord Jesus," "Angels Song," "Never So Lovely," and "Silent Night." The girls trio consisting of Windy Lewis, Kay Duck, and Susan Parrish sang "Joy to the World." Susie Miles played two accordian numbers. "God Rest Ye Merry Gentlemen" and "O Come All Ye Faithful." The boys quartet composed of Randy Townsend, Monty Joiner, Stan Franke and John Warden sang, "Go Tell It on the Mountain." The choir concluded the program with "Alleluia," "Angels We Have Heard on High," "Little Drummer Boy" and "We Wish You a Merry Christmas."

Garments with a durable press finish need to be bought with care. Because the stitching line will always show if seams or hems have to be let out, they should be bought in the correct size.

GIFTS FOR SINGLE PERSONS — Gifts for the entertaining habits of the young bachelor or career woman can be moderately priced. Suitable for male or female (left) is the heavyweight silverplate Park Lane chafing dish. Two-quart capacity and separate tray add to versatility. Homeowner moving into more sophisticated serving finds inexpensive set (top right) of "pro" glasses to his taste. For more formal occasions (bottom right) a simple band of platinum decorates pitcher and four tempo-shaped glasses. Long-handled stirring spoon completes chic, inexpensive set suitable for cocktails or juices, depending upon individual preferences.

'Rudolph' Became a Hit in 1949

By PATRICIA McCORMACK
United Press International
NEW YORK (UPI) — Johnny Marks studied piano for two years when he was pint-sized.

His teacher, vexed at the way he mangled Bach and Beethoven, told him he'd never amount to anything in music. She refused to have him as a pupil.

With a ho-ho-ho, Marks recalled in an interview, he went on to make his living writing songs—including "Rudolph the Red-Nosed Reindeer," which made him a millionaire. "I didn't really 'mangle' the classics," he said. "The teacher was just angry that I kept making my own arrangements."

More than 43 million records of "Rudolph" have been sold in America and 20 million more abroad.

Marks first wrote a version of the song in 1947, but he didn't like it.

He threw it out, but toyed around with the tune and lyrics off and on for two years, coming up with the hit rendition in 1949.

"People ask me how long it took to write 'Rudolph' and I tell them three weeks—plus 25

years of learning to write songs," Marks said.

"I didn't write it to make money. I just wanted to write great song. That's the way I've always operated. I always write great songs. I have a bin of rejected manuscripts. I think each and every one is a great song."

When "Rudolph" first swept the nation, Marks appeared on television. One son, then nursery-school age, saw him and asked:

"How did Daddy get in that box?"

A school-age son, in a new school the second year of "Rudolph's" reign, came home one day and said:

"We're practicing that song again for Christmas. I want you to know I've now made your song famous in two schools."

Recently, on a television panel show, one of the panelists told Marks—"Why, I thought you were dead."

Marks, 55, was amused. He was not yet 40 when he wrote "Rudolph" and can't understand why some figure an "old man" created the red-nosed reindeer.

The song writer credits Gene Autry's wife with an "Angel" role in the first "Rudolph" recording by Autry—which sold six million copies.

"Gene told me he liked the song but didn't think it was his kind of song," Marks said. "But he kept it around in a stack of manuscripts to consider. His wife urged him to put it on the 'other side' of a recording that was Autry's style because she loved it."

Marks' first song was written when he was 12—music for Joyce Kilmer's "Trees." He sent it off to a publisher. It was rejected. But he kept at it.

"You must have faith in yourself," he said.

Other songs subsequent to "Rudolph" have gone on to establish Marks as Santa's most melodious helper. They include "I Heard the Bells on Christmas Day," "Rockin' Around the Christmas Tree," "A Holly Jolly Christmas," "When Santa Gets Your Letter."

NO. 16 IN A SERIES OF OPEN LETTERS —

NEW SYMBOL FOR AN OLD TRADITION

CITIES SERVICE GAS COMPANY
FIRST NATIONAL BUILDING
OKLAHOMA CITY, OKLAHOMA

K. E. CRENSHAW
PRESIDENT

December 21, 1965

Dear Friends:

On behalf of the employees of Cities Service Gas Company it is my pleasure to extend to you and yours the best wishes of the season. In so doing, I would like to point out that there is a new decoration on top of our Christmas tree this year—our new Company emblem.

Of course it is a happy coincidence that the new emblem embodies two familiar Christmas colors, blue and green. Both the clean blue flame of natural gas and the well-known green Cities Service triangle signify dependability, service and progress and—in this case—the traditional spirit of Christmas as well.

The joy and love of Christmas have brought happiness to the hearts of mankind for centuries. The people of Cities Service Gas Company are proud to contribute to your festivities, comfort and convenience at home, by providing a dependable supply of natural gas to distributing companies serving a five-state area.

May the spirit and blessings of this happy season endure for you throughout the coming year.

Sincerely,

K. E. Crenshaw

Young Victorian Look of 1965

PARTY DRESSES FOR YOUNG SET — The old-fashioned girl has returned as high fashion in holiday party dresses for the young set. Cone Mills' burgundy velvetreen is combined (left) with tating lace in a Victorian mid-century dress by Little Star. From Alyssa's 1965 holiday collection (right) party dress of ruffled lace and brown organza could have been grandmother's favorite when she was a girl. The waist is sashed with burgundy velvet.

By HELEN HENNESSY
Women's Editor
Newspaper Enterprise Assn.
NEW YORK (NEA) — The old-fashioned girl is big on the scene this season. The teen-aged youngsters have taken to the Granny dress and their younger sisters will go to holiday parties in the Victorian look.

Easy-to-care - for velvetreen lends itself to tating-lace trim that looks as though it came straight from grandma's sewing basket. And filmy organza in deep tones is complemented

by fine white lace. Both these fabrics will be worn by young Christmas belles.

There are mid-century styles that will make any little girl look as though she had stepped from a 19th century portrait.

And sashed waists will give last season's A-lines lots of competition at holiday galas for the young set.

Demure ruffles appear at necklines, wrists, hemlines and in some styles cover the entire bodice.

It's a whole new look for little girls — not the fussy, frilly

look of a few years ago, nor the tailored look of last year. It's a perfect setting for the return of the Alice In Wonderland hairdo — another newcomer for the season.

In these days of rock 'n' roll and frenetic dancing it's refreshing to see the small fry, at least, bring back a glimpse of a more elegant, leisurely era.

Astrological Forecast

By CARROLL RIGHTER

FOR WEDNESDAY, DEC. 21
GENERAL TENDENCIES: On this New Moon you have a good chance to think out just how you would like to organize your life in the days ahead so that it can be productive of much better and more practical benefits and results than heretofore. Avoid a tendency to want to break with some past condition and go along with fine allies.

ARIES (Mar. 21 to Apr. 19) — You have the power now to make the right impression in the business world and get what you want. Be sure to complete any civic work you may have pending. Don't procrastinate any longer.

TARIUS (Apr. 20 to May 20) — Be alert to new situations around you and you get good will of interesting new personalities. Those who can help to further your career. Fine new systems give you a new start. Be enthusiastic.

GEMINI (May 21 to June 21) — Use your intuition where finishing up on old ideas, work, etc. is concerned, but the day is not good for anything new and untried. Find out what is expected of you. You get immediate reply to the point.

MOON CHILDREN (June 22 to July 31) — Think out how to increase harmony with associates so that profits are increased instead of being difficult. Be more receptive to things in the outside world. Get better results with them.

LEO (July 22 to Aug. 21) — All that labor ahead of you for some time to come can be done with greater efficiency if you just analyze and arrange it properly. Confer with co-workers, too. If you should be improved during this dark day of the Moon period.

VIRGO (Aug. 22 to Sept. 22) — If you are more altruistic, you can easily have better rapport with charming friends and new acquaintances. Get into the sort of recreation that is not expensive. Wholesome boys great dividends.

LIBRA (Sept. 23 to Oct. 23) — Be sure you understand what it is your kin expect of you, otherwise it will take a long time to clear up problems that exist. Use those ingenious ideas wisely. This applies to any business, too.

SCORPIO (Oct. 24 to Nov. 21) — Making out detailed reports in A.M. is best, but be precise. Show that you have conscience in dealing with others. If you have not completed your shopping, do it today, also.

SAGITTARIUS (Nov. 22 to Dec. 21) — Make sure you complete payments on whatever is still pending, and also get your other practical affairs better organized. Listen to expert in business. This is your best bet.

CAPRICORN (Dec. 22 to Jan. 20) — Your personal desires can now be reached, provided you bury the past, raise your level of consciousness, go after the worthwhile. Get charm improved. Be ready for the religious holidays ahead.

AQUARIUS (Jan. 21 to Feb. 19) — Without upsetting anyone around you get rid of those odious tasks that have been accumulating for some time. Be patient. Close ties requires kindness. Give it.

PISCES (Feb. 20 to Mar. 20) — That loyal and affiant friend stands by loyally now, but you must be careful to get all of your affairs in order, including the social. Avoid that argumentative individual you don't really like.

Play beautiful music in a few minutes...

ON THE HAMMOND CHORD ORGAN

Here's How!

No lessons to take! In a few minutes you'll play a complete selection on the Hammond Chord Organ, even if you know nothing about music. Thousands have done it. And a few weeks later you'll be playing songs of all kinds—even classics. Imagine the good times your whole family can have with the Hammond Chord Organ. And the best part: everyone can play it.

Hearing is Believing

Why not visit our store soon and let the way you play be the judge of what we say.

Dear Abby...

Permission Granted To Name Filly After Abby

DEAR ABBY: May I have your consent to name my lovely thoroughbred filly "Dear Abby"? I plan to show her as a conformation hunter. Sincerely, AN ABBY FAN

DEAR FAN: Be my guest, I have had children, dogs, cats, birds, skunks, turtles and even a queen bee named after me, so why not a filly? I warn you, I am pushing 48, so don't expect too much of me on the jumps.

DEAR ABBY: We live at the air crossroads of the world, and hardly a week passes without a call from someone who's at the airport with "regards" from a mutual friend or a relative. These travelers have anywhere from a few hours to an entire evening to kill. This means we must drive out to the airport and entertain them. If it's around dinner time (and it usually is) I either have to ask them to my home for dinner, a courtesy I am not always prepared to extend on a moment's notice, or we must take them out. We aren't poor, but we do not enjoy winning and dining the cousins, uncles and grandmothers of some casual acquaintance we haven't seen in years and may never see again. Some guests do offer to pick up the check, but how are we to know if we can better afford to treat them than they us? Just what is our obligation to these people?

DEAR ABBY: I am a 17-year-old senior girl with a question. I have always heard that no girl is so popular that she can refuse a boy when he asks her to dance. There is this boy at school who has asked me out, but I have never accepted because I don't care for him, but whenever he sees me at a dance he always asks me to dance. Abby, I am not stuck-up, but I can't stand this boy. I hate to hurt his feelings, but I can't seem to get rid of him. How can I get out of dancing with him? If I say I have a sore foot or something and he sees

me dancing with somebody else later, he'll know I lied. Help! CANT STAND HIM

DEAR CANT: Sorry, honey, but one of the penalties of popularity is attention from those who like you more than you like them. What's one dance more or less? You can't turn anyone down without getting the reputation of being a snob.

CONFIDENTIAL TO WILLIE OUT WEST: Be careful with whom you "kill time" — or you will be doing some. The girl is under age, and the "entertainment" is out of bounds.

Problems? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to Abby, Box 69700, Los Angeles, Calif., for Abby's booklet, "How To Write Letters For All Occasions."

The Doctor Says

By WAYNE G. BRANDSTADT
Myasthenia gravis is a disease in which the body's supply of acetylcholine, a chemical needed to stimulate muscles to contract, is deficient. As a result, the muscles tire quickly. Recent studies indicate that in some but not all victims emotional stress may aggravate or precipitate an attack.

In some victims the muscles chiefly affected are those of the eyelids which tend to droop as the day progresses. In others the effort of chewing and swallowing is so fatiguing the victim cannot finish a meal. Talking exhausts others but, when the weakness affects the diaphragm, breathing becomes an effort and the condition may threaten life.

A large number of persons with this disease, especially women, have a tumor of the thymus. When this is the case, X-ray of the thymus usually brings about prompt improvement. Women under 40 who are not helped immediately by such treatment should have their thymus removed.

Medical treatment will usually control the disease, but does not effect a permanent cure. Neostigmine and pyridostigmine are the drugs most widely used.

BIG SPLASH—Jim Lefebvre, the Dodger second baseman, has reason aplenty to live it up. He is the 1965 National League Rookie of the Year. Lefebvre was one of the big guns—by Dodger standards—who led Los Angeles to victory in the World Series.

UCLA FALLS FROM RATINGS

Duke Retains Top Spot

NEW YORK (UPI)—The Duke Blue Devils increased their first-place lead over runnerup St. Joseph's (Pa.) in the weekly United Press International board of coaches basketball ratings today while defending NCAA champion UCLA tumbled out of the top 10 for the first time in two years.

Duke, which twice drubbed the Bruins two weeks ago and has scored a pair of victories since to raise its record to 6-1, drew 15 first-place votes and 313 points from the 35-man board, both considerable gains over the previous week when the Blue Devils received eight votes for No. 1 and 277 points.

St. Joseph's, 6-0 after an impressive 82-65 triumph over Michigan State, also gained support with 13 nominations for the top spot and 287 points. The Hawks, however, trailed Duke by only three points in last week's ratings.

UCLA, a nearly unanimous choice to finish No. 1 in the pre-season ratings, faded to 13th after suffering an 82-76 upset at the hands of the Cincinnati Bearcats. It marked the first time that the Bruins, national champion two seasons ago, had failed to gain

a berth in the top 10 since Dec. 10, 1963.

Vanderbilt, undefeated in six games, held on to third place with 210 points but Kansas, ranked fourth a week ago, dropped to 12th after losing consecutive games to UCLA and Southern California over the weekend.

Two new teams—Kentucky and Iowa—replaced UCLA and Kansas in the top 10, finishing in a tie for ninth with 87 points apiece, only five astern of Brigham Young. The Cougars, ninth last week, moved up one notch to eighth.

Minnesota and Michigan, a pair of Big Ten power houses, claimed fourth and fifth places, respectively. Minnesota, sixth

last week, vaulted over Michigan, which remained fifth. Providence was pushed up one rung to sixth.

The ratings, however, could be altered tonight when both Duke and St. Joe's take on other members of the top 10 away from home. The Blue Devils visit Michigan and the Hawks take their pressing tactics to Provo, Utah, for a contest with Brigham Young.

Unbeaten Bradley was still 11th, but newcomer Syracuse, 7-0, zoomed up to 14th.

Ties between Cincinnati and Utah for 15th, Dayton and North Carolina State for 17th and Colorado State U. and San Francisco for 19th rounded out the top 20.

44-Point Effort Goes For Nothing for Detroit

By United Press International

Archie Clark filled the vacuum caused by a broken hand to Lou Hudson, Minnesota's high-scoring, All-America candidate guard and forward.

In their first outing without Hudson, the Golden Gophers were boosted by Clark's 34 points to a 92-88 victory over Detroit Monday night despite a 44-point effort by Titan center Dorie Murrey.

Hudson broke his hand driving for a layup against Creighton last Saturday, and Minnesota coach John Kundla said he doubted his Gophers would be a Big Ten contender without him. Monday's victory was the fifth without a defeat for the Minnesotans, who moved from sixth to fourth place today in the UPI coaches ratings.

Southern Illinois, the "third-ranked small college in the nation, topped Wichita, the seventh-ranked major college, 87-68. The Salukis, playing at home, played a tight defense to force the Shockers into errors, then launched an offensive onslaught just before the half,

outsourcing Wichita 29-3.

Providence, the sixth-ranked major college, found its trip to Houston upsetting. The Cougars mauled the Friars 102-89.

Only five men scored for Nebraska, but they poured in 71 points to edge Stanford, which scored 67. Sophomore Tom Baack netted 22 points to lead the Cornhuskers.

Clem Haskins' 18 points led Western Kentucky to a crushing 80-55 triumph over Morehead and Tennessee Tech took advantage of East Tennessee errors to post a 90-78 victory in the Ohio Valley Conference Tournament.

All the players on both teams took part in the Michigan State 80-61 humiliation of Tulane. Stan Washington scored 15 points to lead four Michigan State shooters in double figures. Ohio State's Ron Sepic scored 28 points to pace a balanced Buckeye attack to a 87-70 victory over Iowa State.

Wisconsin, behind Ken Gustafson's 24 points, beat ragged Montana 76-72. John Holliday, Montana's high-scoring ace, was limited to eight points.

Sports Briefs

STABLE VS. CURVIS
 LONDON (UPI)—Welterweight Jose Stable of New York has agreed to meet British and Empire champion Brian Curvis in a 10-round bout at the Royal Albert Hall on Jan. 11, it was announced Monday by promoter Mike Barrett.

YODICE TO METS
 NEW YORK (UPI)—Bob Yodice, a 17-year-old catcher from Brooklyn, N.Y., who was the first player selected in the American Legion draft last August, signed Monday with the New York Mets.

CHAIRMAN LODGE
 NEW YORK (UPI)—AAU President Clifford H. Buck announced Monday the appointment of Kilmer Lodge as chairman of the AAU's Track and Field Committee. Hilmer is the founder of the Mt. San Antonio relays.

58TH YEAR TUESDAY, DECEMBER 21, 1965 15

HAZARD-IOUS DUTY—It looks like it, but actually it's not professional wrestling. Instead, it's professional basketball. The combatants are Wayne Embry (15) of the Cincinnati Royals and Walt Hazzard, below, of the Los Angeles Lakers. Give Embry three points for a near-fall.

Texas in Finals Of Memphis Meet

By United Press International

Texas outraced Memphis State to gain the finals of the Memphis State Classic, Houston's Cougars whipped seventh-ranked Providence and Oklahoma City ripped North Texas state Monday night in an evening of interstate basketball.

The Longhorns used a fast break all night to down Memphis State's Tigers 80-72 and won the right to meet Northwestern in tonight's finals of the Memphis tournament. Northwestern beat Missouri 67-60 in Monday's opener.

Guards Dale Dotson and Noel Stout paced the Steers in hitting 13 of the first 16 field goals they shot after the half, in which they led Memphis, 39-38.

Stout hit 19 points for Texas and Dotson had 18.

Gary Gray sank 30 points in leading the Oklahoma City Chiefs over North Texas at Denton 96-90. Gray stole Eagle passes repeatedly and drove in for layups.

Willie Davis led the Eagles with 24 points and hauled down 26 rebounds.

Perhaps the most impressive victory was that of Houston, which whipped seventh-ranked Providence 102-89.

The visiting Friars jumped to an early lead and were ahead 55-50 at the half. But 6-9 Elvin Hayes got busy after the intermission and ended up with 33 points. The taller Cougars grabbed 52 rebounds to 23 for Providence.

Pan American evened its season record at 4-4 with a 79-60 victory over McMurry in which part of the Pan Am bench shined.

Otto Moore, a 6-11 sophomore, hit 21 points and pulled down 15 rebounds.

Tony de la Pena came off the bench to score 15 points and do a fine job of playmaking. Eatmon, a 6-7 guard, got 13 points before leaving the game in the last half.

Wayland of Plainview overcame a cold spell in the second half to win 84-80 over Ft. Lewis A&M of Colorado.

Chester Sample led Wayland with 25 and David Stearns got

25 for the Coloradoans.

Central Missouri State of Warrensburg roared ahead in the first three minutes and beat Sam Houston State 87-51. John Eblen scored 11 for the Bearkats, who never managed to come close.

Hardin-Simmons took advantage of a scoring drought by Pittsburg (Kan.) State to beat the visiting Gorillas, 81-70.

Pittsburg's Jim Chroust hit 23 points and Clarence McHenry had 21 for the Cowboys.

Cigaree Dunn slapped down an errant pass and drove in for a layup with three seconds left to give Western New Mexico a 106-100 victory over Sul Ross.

The Mustangs now have won six and lost none. Dunn had 31 points for Western New Mexico. Jack Fryman had 38 for the Sul Ross Lobos.

Al Derest turned in a 19 point second half performance for Trinity to give the Tigers a 75-63 victory over Texas A&I.

The Tigers, with a four-freshman, one-sophomore starting lineup, extended their record to 6-3. The Javelinas are 2-7.

Derst had 23 for the game and Gus Lemmrich hit 20 for A&I.

St. Mary's beat East Texas Baptist 76-68, East Texas State was edged by McNeese (La.) 54-53 and Grambling's Tigers whipped Bishop 94-84.

FILM SHOWS ERRORS

Devine Fears Passing Game

(EDITOR'S NOTE: This is the sixth of 12 dispatches sizing up the college bowl teams.)

By BILL OSTHOFF

COLUMBIA, Mo. (UPI)—Missouri football coach Dan Devine gazed out the window as Columbia shivered under its first snowfall, pulled the shades

and turned on the projector.

It was early morning and a still bearded Devine and five assistants were seated in the simulated classroom. Missing from the 40-odd chairs were Missouri's football players.

Subject of the film was the Tigers' Sugar Bowl opponent, the Florida Gators.

Devine concluded a two-week, post-season practice schedule last Saturday (Dec. 18) and sent his players home for an abbreviated Christmas vacation. The Tigers will assemble from four points Christmas Day and fly to New Orleans to resume practice at Tulane University.

Devine prolonged the film session by continuously rerunning sequences of the Florida-Auburn game, often at the request of his assistants. Then, he summed up his New Year's Day foe.

"We'll have to be a well-conditioned squad," Devine emphasized. "If the score is tied 14-14 in the last period we'll have to be a great pass-rush team."

Wichita Favored In All-College

OKLAHOMA CITY (UPI)—The 30th All-College basketball tournament, oldest college tournament in the land, jumps center Monday night with high-scoring Wichita State the favorite.

The Wheatsockers are top-seeded, and if the script is followed, should meet high-scoring Oklahoma City University in the finale Thursday night. Scripts, however, are rarely followed in tournament play.

In opening night action, fourth seeded Wyoming (4-1) meets Rhode Island State (6-1) and Bowling Green (1-5) tackles second-seeded Oklahoma City (5-1). On Tuesday night, third seeded Texas A&M (5-1) faces Virginia-Tech (5-1) and Xavier University (3-3) meets Wichita (4-0).

Wichita, which jumped into national prominence by knocking off Michigan and Colorado, has won this tournament twice, while Oklahoma City has triumphed three times and was runnerup on six occasions.

Bowling Green is the only former champion in the field. Depaul, winner in 1964, did not return.

Texas A&M has some top-flight material in the Aggies' second bid for the title. World's champion shot putter Randy Matson is on the team.

Wyoming is a high-scoring outfit also, similar to last season's unit that broke the 100-point mark five times. Xavier returns with scoring star Steve Thomas, who led the field last year with 101 points.

Rhode Island State and Virginia Tech are making their first trips here. Rhode Island will be relying on a return to form of Steve Chubin, who sat out a season, and on a strong sophomore group. Tech lacks experience, too, and Howie Sherman, the new gopher coach, also is counting on newcomers.

Rambling With Red
 RON CROSS

Mighty Casey has struck out. White Deer, the mightiest of them all in the Panhandle has been beaten. They're down, but definitely not out. There are always tears and sorrow when you lose but the tears should be quickly wiped away when 1966 is thought of, for the Bucks can truthfully say, "wait till next year."

Bucks of Old

They lost but they weren't beaten, winning everything but the ball game and playing probably their best defensive ball game in the playoffs.

They looked like the Bucks who had stuffed it down 10 straight regular season foes, but Saturday the breaks went the other way.

The passes went to the wrong receivers and the fumbles to the wrong side in this battle of the giants, both unbeaten in 14 starts and both tougher than the proverbial nut on defense.

This time a senior laden team from Wills Point was tougher while the junior dominated Bucks saw their mistakes rise up and slap them in the face, costing them two touchdowns and a 14-0 licking in the finals of the BIG ONE the class A state football championship game.

A pass on fourth and one fell incomplete and the moans and cries of "a pass, he must be crazy," could be heard from the stands, but had it been completed you would have heard, "What a great call, took 'em completely by surprise, just what I would have done."

The Bucks the favorite? Don't make me laugh. How could this group of juniors, who played defense like it was supposed to be played, have been favored over a team that had given opponents even less points throughout the year? And too, Wills Point featured an all senior lineup, every boy in it a letterman of at least one year and many having two and three football letters to their credit.

This was no upset but it could have been had the passes been completed and the fumbles gone the other way.

But this is what football is, a game of breaks and mistakes.

Wait Till Next Year

And would the tide have turned had all-state possible Vernon Marlar, the Bucks most valuable been able to go the final three periods?

Who can say for sure. But it is very unlikely a shut-out would have been in the offing.

Marlar had 18 yards on six carries before being hurt near the end of the first period and never returned. But he will be back, next year.

Take nothing away from Ronnie Sargent who filled in magnificently for Marlar, churning for 30 yards on 11 carries. He'll be back next year also.

The Bucks will miss Phil Hart, who played it hard every game, never carried much, but used his head, played it like a real field general.

Gone too, is center Donald Williams, tackle Charles Smith, Danny Lane and the unbreakable toe of defensive ace Johnny Mooney, who wanted so badly to kick a few extra points in this one.

But things aren't bleak at all for the Bucks in 1966 for in coach Cole Huffman's Christmas stocking is a real scoring leader Randy Elliott, hard charging Gary Smith, Marlar, Sargent, fleet Ronnie Anderson, guard Burl Pipes, guard Gary Stewart, sophomores Monty Kreis at tackle and end Monte Hawpe, defensive geniuses Calvin Luman and Otto Wheeler.

What 'cha say over there Colie, Christmas won't be so bad will it?

When the clock strikes December—Old Charter strikes home. To wish the very best, give the very best. That's Old Charter. Seven years old. In the Celebration Decanter or the regular fifth. Both gift-wrapped at no extra cost.

Business Highlights

By United Press International
NEW YORK —Tiny increases in the finance charges on cars, refrigerators, color TV receivers and other big ticket items will be passed along to customers in some cases as a result of the raising of the Federal Reserve discount rate. However, the increase in dealer's wholesale credit cost for a \$3,000 car as a result of the rising interest costs so far is only about \$1.50.

WASHINGTON —Three key business indicators all rose in November, the Commerce Department reports. They are factory shipments of durable goods, housing starts and personal income. However, new orders for durable goods were down slightly from October.

NEW YORK —United Gas Corp. lost its appeal to a federal court for an injunction to block Pennzoil Co. from buying more than 10 per cent of United Gas's outstanding shares. Pennzoil has indicated it may buy 41 per cent of United Gas at \$41 a share.

WASHINGTON —Beatrice Foods Co. of Chicago has been ordered by the Federal Trade Commission to dispose to FTC-approved buyers four dairy companies bought since 1953. Beatrice also was ordered not to buy any other dairy companies for 10 years without prior FTC approval.

LUDWIG IN TOKYO
TOKYO (UPI) —Beethoven's Ninth Symphony — the famed choral work — will be performed on seven nights in Tokyo during the Christmas week, it was announced today. Three Japanese symphony orchestras and three choral groups will alternate in presenting the choral symphony for holiday audiences.

Highest clouds known are the noctilucent clouds at 55 miles altitude.

Notes From Wall Street

United Press International John C. Hammerslough, editor and publisher of the Hammer report, says that despite the number of bullish influences in the market, such as an upward trend in stocks used in the Dow-Jones averages, a high percentage of issues on the list seems to be overbought and that a computerized study of the issues shows a mixed trend.

The Alexander Hamilton Institute feels that the market is ready for advances until the end of the year and maybe extending into 1966, with some price correction in the market's glamour issues.

The Dines Letter says that the market picture will become much clearer in January after the usual year-end distortions are through. It feels that heavy speculation still exists in the market and would like to see a followup of the rally in steels, rubbers and aluminums which speculation still exists in, the came to life last week.

matter of fact

The brothers Grimm, famous collectors and editors of "Grimms' Fairy Tales," were equally well-known in academic circles. Both were professors and were noted in 19th century Europe for their scholarly works in the fields of grammar, philology and etymology. Their studies in these and other scientific fields led to the collection of their fairy tales, which were old German tales gathered from the people themselves.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Snickering at the UN

A newspaper can't whisper. When newsprint meets type, whispering ends and we begin to face up to reality. So, let's put a stop to the whispering and snickering behind cupped hands which has been going on at the United Nations and face the music.

To start with, you have to understand what the whole Rhodesia uproar is about. Rhodesia is about the same size as the State of California. For a decade it has been a self-governed Colony of the British Empire. It aspired to independence. The Socialist-Labor Government of Britain refused to grant independence until Rhodesia conformed to the one-man, one-vote concept. That concept would mean that Rhodesia's black population of four million would rule—could tax, expropriate, or otherwise seize the property, lands and holdings in which approximately 225,000 whites have invested millions and generations and know-how.

The Prime Minister of Rhodesia, an uncommon man with the common name of Smith, refused to accept this London directive, and declared Rhodesia independent. Extremists in London, Washington and the United Nations screamed. Rhodesia has been officially condemned; trade sanctions have been im-

posed; economic boycotts have been invoked; military invasion is threatened. All this, mind you, because Mr. Ian Smith refused to expose the property and land owners who have their life's savings invested in Rhodesia to the certain confiscation of one-man, one-vote rule by the black majority.

And why is there whispering and snickering at the United Nations? Because the Congress of the United States, less than six months ago, denied home rule to the District of Columbia, Washington, D. C., for the very same reason. The majority population of the District of Columbia is black. And the Congress feared that black agitators might induce the majority to use home rule to tax or expropriate both private and US Government property within the District.

In short, the United States is demonstrably guilty of precisely the same offense as Rhodesia. The United Nations, with the US delegation concurring, condemned Rhodesia. At any time it chooses, the United Nations may now condemn the United States. And a lot of delegates to the United Nations are whispering and snickering. They think that is pretty funny, indeed.

Bought and Paid For

A basic tenet of our form of government is that with taxation goes representation. Indeed, one reason we broke with England was the mother country's insistence that we pay taxes without having representation in Parliament. This principle now gives each and every one of us a say in what happens in every classroom in the United States. Formerly, when cities and towns paid their own way, with some help from the State, what they did locally was their own business. But that is no longer the case. Thanks to Federal aid to education, in one form or another, the Federal government has acquired a license to regulate what is done in all the schools that get the money that pours out of Washington.

Which means that everybody shares in that authority, with the politicians having a little extra leverage because they have the money in hand. Anyway, under this system the Brooklyn housewife with time on her hands can look beyond the confines of her neighborhood school and decide that maybe they aren't doing things to her liking in Georgia. She may even take a bus there with her neighbors to get things straightened out in the deep South. It has been done, and rightly, because it's her money that Uncle Sam is giving the schools there. And you have the same privilege. If you have strong opinions about the shortcomings of education in Dogpatch Hollow you have every right to mess around there because the Dogpatchers are being endowed with some of your money. This gives you something to say about such things as adult classes in marksmanship for the Hatfields and the McCoys, and the bussing of Jukes and Kallikaks.

It gives one a heady feeling to have all this power, permitting one to dictate what can be done in Mississippi, Iowa, Oregon or Hawaii. But that's the way Washington has ordained the picture is that this setup gives meddlers and snoopers the right to tell us how our schools ought to be run. What do they know about our local problems? Don't they have enough problems in their own bailiwicks without interfering in matters that are none of their business? If this is the way things have to be—and it assuredly is—what we ought to do is tell them to keep their Federal aid, get off our backs, and let us solve our own problems in our own way.

It Had to Happen

Speaking of "conspicuous consumption"—and what better season than this to speak of it?—there's a new item on the market for that well-known man who has everything. It's an electric fork, described as a gourmet's delight and a carver's catastrophe. Although designed to be a companion piece to the electric knife, the fork is guaranteed absolutely nonelectric. When you plug it in, nothing happens. Sounds like just the thing to have on hand in case of a power failure.

BERRY'S WORLD

The moon is approaching its full phase. The morning stars are Mercury and Jupiter. The evening stars are Venus, Mars, Saturn and Jupiter. Those born today are under the sign of Sagittarius. Joseph Stalin was born on this day in 1879.

On this day in history: In 1620, the Pilgrims set foot for the first time on American soil at Plymouth, Mass. In 1942, the U.S. Supreme Court upheld the validity of six-week divorces in the State of Nevada. In 1944, horse racing was banned in the U.S. for the duration of World War II. In 1953, ex-premier Mohammed Mossadegh of Iran was convicted of attempting to sequester and lead a revolt against the shah.

"That new member just came over from Cuba last week—had to leave everything behind."

Cannel At Bay

By Ward Cannel

A Great Fate for Freight NEW YORK (NEA) — Some time after the first of the year, the combined Erie-Lackawanna Railroad will start the legal proceedings necessary to abandon all of its commuter and suburban passenger service in New Jersey, and keep only its freight trains in operation.

According to a spokesman for the railroad, the heavy losses of running a passenger service could make it uneconomical even to continue carrying freight. Now, that ought to be clear enough to everybody.

But, of course, there are already signs that some of the railroad's 35,002 New Jersey commuters and suburban passengers are going to be unreasonable about this matter and fight it out to the bitter end.

We have seen this sort of thing happen quite a few times, and it is always the same emotional, irrational people trying to win out over hard, unyielding columns of freight profit and passenger loss.

We have often wondered why anybody bothers to argue the matter at all when it is so obviously a losing proposition. And that passengers do not really understand what the railroads are up against.

So, as a public service in the interest of saving everybody's time and energy, we would like to explain the problem of rail transportation, and show why it is basically a blow to the whole economy to fight it.

The heart of the matter, as we see it, lies in the essential difference between passenger service and freight service.

To begin with, freight does not require comfortable seats, light, ventilation, heat in the winter nor fans in the summer. Quite the contrary. Freight can be piled up, box upon box, to the roof of the car and never complain about it.

Moreover, freight does not mind if the train is an hour late in arriving, two hours late in departing, held up for an afternoon because of traffic ahead, rerouted by way of Hoboken.

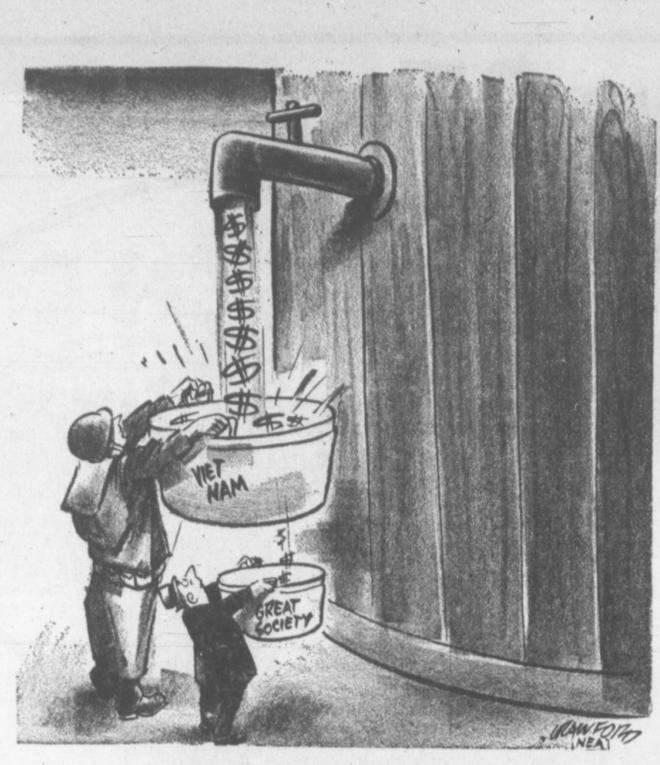

In addition, freight does not leave its umbrella on the overhead rack by mistake. Nor write angry letters if the service in the club car is poor. Nor sleep past its station.

Freight does not have to change trains in Springfield. Freight does not pull the emergency-stop cord by mistake. Freight does not forget its commutation ticket, have to buy a one-way trip from the conductor, and then pester the bookkeeper for a refund.

Freight does not litter the floor of the car with ashes, papers and other scraps. A freight train does not have to stop every quarter of a mile to accommodate ticket-holders, but can keep rolling day and night, thus reducing the per-mile cost of transportation.

Well, we could go on with this ledger for pages and pages. But there is no need. Suffice it to say that, looked at from every direction, freight is not only much more profitable than people, but much more convenient and expedient as well.

And the same holds true for the general economy, too. The country would be in a lot better shape all around if people would just stop getting in the way.

Backstage Washington

Johnson Inaugural Committee Nearly a Year Later — Still in the Red an Estimated \$100,000

WASHINGTON — There is little to be merry about this Christmas at the Johnson-Humphrey Inaugural Committee.

Eleven months after the elaborate and exuberant induction celebrations, the committee is still in the red. The exact amount is a closely-guarded secret; not even committee members know.

Some privately estimate the deficit at more than \$100,000. Chairman Dale Miller, Texas lobbyist and close friend of President Johnson, admits there is a debt and that it is "substantial." But he insists it will be paid off and there will even be a surplus — as a starting fund for the 1968 committee.

Miller is equally vague when a final report will be made. "We are making good progress," he claims. "But I can't say when we shall close the books. I haven't the slightest idea. We have no timetable for filing a report. There is no law requiring a public accounting from the Inaugural Committee. When we are finished, we'll send all our records to the National Archives, where they will be available to anyone who wants to examine them."

What recourse is contemplated to pay off the deficit is another tightly-held secret. One ambitious plan has fallen considerably short of the mark.

It's a 112-page profusely illustrated book titled "Inaugural 1965" selling at \$10. The 25,000 copies printed were expected not only to wipe out the committee's debt, but to provide a modest surplus.

Some 20,000 copies have so far been unloaded. The remainder are stacked in the committee's store room. Miller claims orders are coming in daily. "People are buying them for Christmas presents," he says. "Others are buying them to give to schools and libraries."

The hitch on these books as a deficit-eraser was their high cost. The original printing contract was \$3.25 a copy. The inclusion of additional material and photographs resulted in two increases. With promotion, distribution and other charges, the final production price was around \$5. That cut the profit to \$3 a book, for a total so far of \$100,000 — approximately one-half of the committee's reputed deficit.

COSTLY INAUGURAL — From a revealing clue dropped by Chairman Miller, it's apparent the Johnson-Humphrey inaugural cost at least \$500,000 more than the 1960 event.

The significant hint is Miller's boast that \$1.6 million put up in advance by "guarantors" — well-heeled party supporters, lawyer-lobbyists, defense and other contractors — has been paid in full.

With a \$200,000 or more deficit, that means the committee spent around \$1.8 million — a record high for an inaugural.

Pull Up A Chair

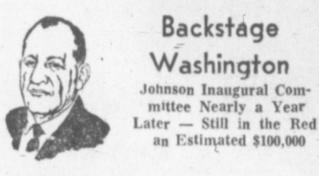

By Frank Markey

It never seems like Christmas in New York until the giant Rockefeller Center Christmas tree adorns its customary place. This year the 60-foot Norwegian spruce appears to have an added grandeur with its thousands of illuminated Christmas bells and traditional tree ornaments twinkling in the twilight of a winter afternoon. The splendor of the evergreen decorations in the Channel Gardens, dominated by twelve huge figures of strolling troubadours, symbolic of man's good fellowship, plus the continuous Christmas music emanating softly from loudspeakers, all combine to make an inspiring Christmas scene. Everyone walking through the area hums a Christmas carol and exchanges friendly greetings, inspired by their surroundings. Somehow this tree, set deep in a canyon of modern masonry and stone, annually creates an atmosphere that is not only festive, but clearly bespeaks the true message of Christmas to a busy world: "Peace On Earth, Good Will To Men."

Today's smile: A New York commuter, arriving at his office, called the railroad company and asked: "I left a bottle of Scotch on the 5:15 last night. Was it turned in at the lost and found department?" The person at the other end said: "No, but the fellow who found it was."

If you want your wife or sweetheart to purr this Christmas, give her fur. And we know a place on New York's 5th Avenue where you can get her something different. The offerings include: a chinchilla hammock, \$5500; a milk sleeping bag, \$2000; chinchilla rugs at \$4000; or a fur couch at \$9000. If she's handy with a needle and likes to sew, she'll love fur yard goods. The same furrier offers Empress Chinchilla at \$1400 a yard, mink for only \$900 per 36 inches, and a real bargain in Norwegian Blue Fox for \$500.

Thoughts while shaving: Did you know that upwards of 400 million pounds of pretzels were made here last year? Neither did we. . . One of the next things you'll find on the market is a new camera without lenses that will take color pictures. When snapped, the camera captures light wave on a photographic plate, recording not only the brightness at each point on the object photographed (as a regular photo does), but it also captures all other details that can be conveyed by light scattered and reflected from the object. It's a remarkable new departure in photography. . . The romance of cowboys herding longhorns is vanishing from the cattle-raising industry and some new-fangled ideas and innovations are replacing the old ones. At any rate some stockyards are now equipped with swimming pools and artificially perfumed air around livestock feed lots. The swimming pools provide relief for the cattle in warm wea-

Hunt for Truth

BY H. L. HUNT

COMMUNIST SPEAKERS ON CAMPUS

Those who scoff at the danger of allowing communists to influence students through campus lectures and mailed propaganda should look around and see the results of this attitude.

In June, 1963, by a vote of 15 to 2, the University of California Board of Regents ended an 11-year ban on communist speakers. President Clark Kerr said that the lifting of the ban would prevent the communists from becoming civil rights martyrs.

President Kerr's words are a classic example of wishful thinking, without cause. Given a free hand, the communists organized at Berkeley the most massive "civil rights" agitation force ever put together on an American campus. President Kerr and the Board of Regents of the University of California, through their ill-advised action, set the stage for the total disruption of university life at their institution. The communist agitators brought the operation of the nation's largest university to a halt, jamming its streets, halls and dormways.

For their permissive attitude, the president and the regents of the University of California were rewarded with derision and recalcitrance. Even then, these men who held the authority granted by the taxpayers submitted to degrading conferences with rebellious beatniks, and failed to bring the guilty to just punishment.

The effect of propaganda literature is illustrated by the case of a leader of the "student" committee which sent young people to Cuba the last two summers, in violation of U. S. law. This young man told reporters that his "political enlightenment" began at the age of 15, when someone gave him a Spanish edition of Castro's speech "History Will Absolve Me." As a Harvard freshman, his "enlightenment" was completed at "peace" rallies.
